Good Afternoon Mr. Crain,  
As you know, the precinct is trying to partially abandon a section of Holmes Road which requires Commissioners Court action and approval. At this time, I respectfully request that you review the following attachments to ensure everything is okay before I place on agenda as it requires review by legal counsel.

The first attachment has to do with the portion the County of Hidalgo owns. Can you make sure the following is correct:

- 1) The Caption
- 2) The Order
- 3) The Exhibits
- 4) Approximate Project Limit

The second attachment has to with the portion regarding the Fike Family. Can you make sure the following is correct:

- 1) The Caption
- 2) The Order
- 3) The Exhibits
- 4) Approximate Project Limit

Please review and advise. If you have any questions or any additional information is needed, please do not hesitate to call

Thank You for your time and consideration regarding this matter.
