

XXI. Amendment

A. As of November 7, 2014, the DLA LESO implemented policy and procedural changes which place additional controls on certain excess DOD property with Demilitarization codes of Q (with an Integrity Code of 6) and that now require additional documentation that must accompany requests for specific controllable property. This amends the Law Enforcement Agencies (LEA) responsibilities within the existing State Plan of Operation (SPO) between the State of Texas and the LEA listed in the SPO. This Amendment is effective immediately.

The LEA will adhere to the following program changes.

1. With all requests for Tactical Vehicles, Aircraft and Weapons, the State and/or LEA must certify that they have a training plan which covers the use of the requested equipment. Requests without this supporting documentation will not be approved.
2. The Demilitarization Code of "Q" with Integrity Code of "6" has been considered to be Commerce Control List items (cannot be exported) and is considered controllable property by the Department of Defense and DLA. This replaces any language of the current SPO that refers to the property with a DEMIL code of Q6.

The aforementioned changes to the State Plan of Operation (SPO) are acknowledged and accepted by the following individuals:
