TO: Grantee Board Members (Commissioners' Court Members)

FROM: Teresa Flores, Executive Director *Teresa Flores*

SUBJECT: Community Representatives Appointments

DATE: September 2, 2015

In accordance with Head Start Performance Standards and the Hidalgo County Head Start Program Policy Council By-Laws, the Hidalgo County Commissioners' Court must nominate five (5) Community Representatives, one by each member to serve on the Hidalgo County Head Start Policy Council annually for limited terms of "no more than three (3) years" (By-Laws, Article 5, Section 6).

Your appointment for the 2015-2016 service year must be placed on Commissioners' Court Agenda for official action and approval. Your attention to this matter is greatly appreciated.

The current members on the Policy Council serving as Community Representatives nominated by the Grantee Board (Commissioners' Court) are as follows:

Commissioners' Court (Grantee Board Members)	Current Community Representatives	Years of Services

Source: Policy Council By-Laws

Article V, Section 1, B. "Five (5) of the members, who shall be known as the Community Representatives, shall be recommended by the Commissioners' Court (Grantee Board) and subject to approval by the Policy Council elected parents."

Article V, Section 6. "The terms of office for all Policy Council members shall be one (1) year, Mid-October to Mid-October, or until the new Policy Council member is formally installed, as per Article V, Section 3, Policy Council Members, Alternates and Community Representatives terms shall be limited to no more than three (3) years. Terms shall be limited to no more than three (3) years in any combination of service, whether Alternate, Parent Representative or Community Representative and terms need not be held in consecutive years."

Program Governance

Performance Standard 1304.50(b)(1) — (b)(7)

(b) Policy group composition and formation.

(1) Each grantee and delegate agency governing body operating an Early Head Start or Head Start program must (except where such authority is ceded to the Policy Council or Policy Committee) propose, within the framework of these regulations, the total size of their respective policy groups (based on the number of centers, classrooms, or other program option units, and the number of children served by their Early Head Start or Head Start program), the procedures for the election of parent members, and the procedure for the selection of community representatives. These proposals must be approved by the Policy Council or Policy Committee.

(2) Policy Councils and Policy Committees must be comprised of two types of representatives: parents of currently enrolled children and community representatives. At least 51 percent of the members of these policy groups must be the parents of currently enrolled children (see 45 CFR 1306.3(h) for a definition of a Head Start parent).

(continued, next page...)

Rationale: Established procedures for electing parent members and selecting community representatives ensure consistency and fairness in the selection of policy group members. It is essential that families receiving services play an active role in making decisions about such services, and that the Head Start program reflects the community as a whole. *This rationale serves 45 CFR 1304.50(b)(1)-(7).*

Guidance: The following are suggestions for the governing body and policy group review of procedures for parent elections:

- Inform all parents of their vital role in program governance;
- Ensure that there is a fair method of nomination, either by parents nominating themselves or by other parents nominating them; nominations should be placed only with the consent of the nominee;
- Provide proportionate representation to parents in all program options and settings. If agencies operate programs serving different geographical regions or ethnic groups, to adopt policies to ensure that all groups being served will have an equal opportunity to serve on policy groups; and
- Consider using Parent Committees to facilitate the process of nominating and electing parents to the Policy Council or Policy Committee.

Parents are involved in every step of the process for selecting community representatives. Parents may be involved, for example, in discussions of the issues of interest and the types of community representatives needed in the coming year, as well as in developing methods for soliciting and screening potential candidates.

When nominating parent members or selecting community representatives to policy groups, consider:

- The willingness and ability of the potential members to contribute time and effort to the program and to serve as mentors and role models, as well as resource persons;
- The diversity of the group of individuals nominated, with consideration being given to the programs or program options in which the children of nominees are enrolled;
- The agency's goals and the information generated by the Community Assessment; and
- The desirability of having representation from the governing body to the policy group, in order to improve communication between the two groups.

Program Governance

Performance Standard 1304.50(b)(1) — (b)(7)

(continued...)

(3) Community representatives must be drawn from the local community: businesses; public or private community, civic, and professional organizations; and others who are familiar with resources and services for low-income children and families, including, for example, the parents of formerly enrolled children.

(4) All parent members of Policy Councils or Policy Committees must stand for election or re-election annually. All community representatives also must be selected annually.

(5) Policy Councils and Policy Committees must limit the number of one-year terms any individual may serve on either body to a combined total of three terms.

(6) No grantee or delegate agency staff (or members of their immediate families) may serve on Policy Councils or Policy Committees except parents who occasionally substitute for regular Early Head Start or Head Start staff. In the case of Tribal grantees, this exclusion applies only to Tribal staff who work in areas directly related to or which directly impact upon any Early Head Start or Head Start administrative, fiscal or programmatic issues.

(continued, next page...)

Agencies and policy groups establish procedures for monitoring the three-year limit for both parents and community representatives. Agencies also develop volunteer opportunities that allow former policy group members to use their skills and experience to support program activities and operations. If agencies view and present the opportunity of serving on policy groups as a time to learn new skills and to gain self-confidence in a supportive environment, parents will understand the value of leaving a policy group after a few years, and of moving into other leadership roles in school organizations and in the larger community.

Personnel policies and bylaws address potential conflicts of interest between agency employment and membership on a Policy Council or Policy Committee. For example, agencies may consider developing policies that define "occasional substitute" and that determine at what point in the hiring process a candidate for a Head Start position must resign his or her membership from a policy group, that is, upon application or upon hiring.

Texas Local Government Code - Section 263.151. Definitions

§ 263.151. DEFINITIONS. In this subchapter:

(1) "Salvage property" means personal property, other than items routinely discarded as waste, that because of use, time, accident, or any other cause is so worn, damaged, or obsolete that it has no value for the purpose for which it was originally intended.

(2) "Surplus property" means personal property that:

(A) is not salvage property or items routinely

discarded as waste;

(B) is not currently needed by its owner;

(C) is not required for the owner's foreseeable needs; and

(D) possesses some usefulness for the purpose for which it was intended.

Texas Local Government Code 263.152 – Disposition

(a) The commissioners court of a county may:

- (1) periodically sell the county's surplus or salvage property by competitive bid or auction, except that competitive bidding or an auction is not necessary if the purchaser is another county or a political subdivision within the county that is selling the surplus or salvage property;
- (2) offer the property as a trade-in for new property of the same general type if the commissioners court considers that action to be in the best interests of the county;
- (3) order any of the property to be destroyed or otherwise disposed of as worthless if the commissioners court undertakes to sell that property under Subdivision (1) and is unable to do so because no bids are made;
- (4) dispose of the property by donating it to a civic or charitable organization located in the county if the commissioners court determines that:
 - (A) undertaking to sell the property under Subdivision (1) would likely result in no bids or a bid price that is less than the county's expenses required for the bid process;
 - (B) the donation serves a public purpose; and
 - (C) the organization will provide the county with adequate consideration, such as relieving the county of transportation or disposal expenses related to the property;
- (5) transfer gambling equipment in the possession of the county following its forfeiture to the state to the Texas Building and Procurement Commission for sale under Section 2175.904, Government Code; or
- (6) order any vehicle retired under a program designed to encourage the use of low-emission vehicles to be crushed and recycled, if practicable, without a competitive bid or auction.

(a-1) The commissioners court shall remit money received from the Texas Building and Procurement Commission from the sale of gambling equipment under Section 2175.904(c), Government Code, less administrative expenses incurred by the county in connection with the transfer and sale of the equipment, to the local law enforcement agency that originally seized the equipment.

(b) If the property is earth-moving, material-handling, road maintenance, or construction equipment, the commissioners court may exercise a repurchase option in a contract in disposing of property under Subsection (a)(1) or (a)(2). The repurchase price of equipment contained in a previously accepted purchase contract is considered a bid under Subsection (a)(1) or (a)(2).

(c) Repealed by Acts 2003, 78th Leg., ch. 43, Sec. 2; Acts 2003, 78th Leg., ch. 345, Sec. 3.

Texas Local Government Code - Section 263.151. Definitions

§ 263.151. DEFINITIONS. In this subchapter:

(1) "Salvage property" means personal property, other

than items routinely discarded as waste, that because of use, time,

accident, or any other cause is so worn, damaged, or obsolete that

it has no value for the purpose for which it was originally

intended.

(2) "Surplus property" means personal property that:

(A) is not salvage property or items routinely

discarded as waste;

(B) is not currently needed by its owner;

(C) is not required for the owner's foreseeable

needs; and

(D) possesses some usefulness for the purpose for

which it was intended.

Texas Local Government Code 263.152 – Disposition

(a) The commissioners court of a county may:

- (1) periodically sell the county's surplus or salvage property by competitive bid or auction, except that competitive bidding or an auction is not necessary if the purchaser is another county or a political subdivision within the county that is selling the surplus or salvage property;
- (2) offer the property as a trade-in for new property of the same general type if the commissioners court considers that action to be in the best interests of the county;
- (3) order any of the property to be destroyed or otherwise disposed of as worthless if the commissioners court undertakes to sell that property under Subdivision (1) and is unable to do so because no bids are made;
- (4) dispose of the property by donating it to a civic or charitable organization located in the county if the commissioners court determines that:
 - (A) undertaking to sell the property under Subdivision (1) would likely result in no bids or a bid price that is less than the county's expenses required for the bid process;
 - (B) the donation serves a public purpose; and
 - (C) the organization will provide the county with adequate consideration, such as relieving the county of transportation or disposal expenses related to the property;
- (5) transfer gambling equipment in the possession of the county following its forfeiture to the state to the Texas Building and Procurement Commission for sale under Section 2175.904, Government Code; or
- (6) order any vehicle retired under a program designed to encourage the use of low-emission vehicles to be crushed and recycled, if practicable, without a competitive bid or auction.

(a-1) The commissioners court shall remit money received from the Texas Building and Procurement Commission from the sale of gambling equipment under Section 2175.904(c), Government Code, less administrative expenses incurred by the county in connection with the transfer and sale of the equipment, to the local law enforcement agency that originally seized the equipment.

(b) If the property is earth-moving, material-handling, road maintenance, or construction equipment, the commissioners court may exercise a repurchase option in a contract in disposing of property under Subsection (a)(1) or (a)(2). The repurchase price of equipment contained in a previously accepted purchase contract is considered a bid under Subsection (a)(1) or (a)(2).

(c) Repealed by Acts 2003, 78th Leg., ch. 43, Sec. 2; Acts 2003, 78th Leg., ch. 345, Sec. 3.

SPECIFICATIONS

Notes for chart below:

- 1 When recommending container lengths, weight distribution, fender interference and overhang are factors.
- 2 Factory tested with recommended container length and water level load
- 3 Frame = top of truck chassis frame
- 4 This distance does not allow for a behind-the-cab oil reservoir, tarpier platform and room to add a tarpier. Must add distance for these items.
- 5 Using 22.5\" tires only. For larger tires, consult representative.

Please be advised that the County will proceed to award the bid based on the following:

- 1). Engineers Recommendation
- 2). Bidder meets all County requirements
- 3). Bid is the lowest of bids received
- 4). Cost Breakdown

LeFEVRE Engineering & Management Consulting, LLC., has reviewed bids and tabulations and is recommending 2GS, LLC of Penitas, Texas as the low bidder for the above-referenced project. The amount budgeted for roadwork/contingency is \$599,941.76 and the amount budgeted for drainage is \$97,300.00 for a total amount of \$697,241.76.

Based on the low bid amounts, roadwork and drainage cost will have overruns. There is an overrun amount for roadwork (\$37,095.24) and drainage amount (\$89,990.70) which will both be covered by Hidalgo County Precinct 1 funds. This additional amount will not exceed the \$500K/mile cap.

The award will be to the low bidder 2GS, LLC. with a low bid amount of \$824,327.70. The bids received were as follows:
