R E S O L U T I O N

WHEREAS, Kevin W. Oaks retired from the United States Border Patrol on June 25, 2015, concluding a distinguished career that spanned three decades with the agency; and

WHEREAS, Named chief patrol agent for the Rio Grande Valley Sector in 2014, Mr. Oaks oversaw more than 3,000 agents and 9 border patrol stations, as well as 3 traffic checkpoints and an intelligence office; he began his tenure during an unprecedented surge in border crossings, and his skill, experience, and good working relationships with community leaders and officials proved crucial in managing the humanitarian crisis that arose as tens of thousands of unaccompanied children and families from Central America crossed from Mexico into the Rio Grande Valley; and

WHEREAS, Mr. Oaks demonstrated a strong commitment to increasing manpower and resources and improving infrastructure in order to better target drug trafficking and other criminal activities; under his command, the sector was able to acquire five aerostat surveillance platforms to enhance situational awareness; moreover, he increased transparency, ensuring that local residents, media, and stakeholders had access to all available information regarding critical incidents involving the border patrol; and

WHEREAS, Before taking on the role of chief agent in the Rio Grande Valley, Mr. Oaks was the operations division chief in the Office of Border Patrol in Washington, D.C.; he previously served as chief patrol agent of the Buffalo Sector and as commander of the Border Patrol Tactical Unit, among other managerial and supervisory positions; in addition, he is a veteran of the U.S. Marine Corps; and

WHEREAS, Kevin Oaks greatly benefited his fellow Americans through his leadership, professionalism, and dedication to the vital mission of the border patrol, and he may indeed reflect with pride on his long record of professional accomplishments; now, therefore, be it

RESOLVED, That Kevin Oaks be congratulated on his retirement as chief patrol agent of the Rio Grande Valley Sector of the U.S. Border Patrol and that he be extended sincere best wishes for the future.

RESOLUTION IN HONOR OF RETIRED CBP RIO GRANDE VALLEY SECTOR CHIEF PATROL AGENT KEVIN OAKS

WHEREAS, in 2014, Kevin W. Oaks was named Chief Patrol Agent for the Rio Grande Valley Sector where he was in charge of nine border patrol stations, three traffic checkpoints and intelligence offices, and oversaw more than 3,000 agents; and

WHEREAS, Mr. Oaks appointment to the Rio Grande Valley Sector came out an opportune time, as he was instrumental in the management of the unprecedented border surge that impacted our community in June 2014. His expertise and knowledge proved crucial in dealing with the humanitarian crisis that saw tens of thousands of unaccompanied children and families from Central America crossing from Mexico into the U.S., and;

WHEREAS, during his 14 month tenure in the Rio Grande Valley, Mr. Oaks was instrumental in increasing staff and resources, securing five aerostat surveillance platforms and improving infrastructure in order to better target drug trafficking; and

WHEREAS, after more than 30 years of dedicated service to the United States Border Patrol and to the security of our great nation Mr. Oaks retired from the agency on June 25, 2015; and

WHEREAS, for the past three decades American citizens have benefitted from Kevin Oaks leadership, dedication and professionalism.

NOW, THEREFORE, BE IT RESOLVED that the Hidalgo County Commissioners Court does hereby honor and congratulate Kevin Oaks for his distinguished career with the United States Border Patrol.

Approved this 10th day of November 2015.

R E S O L U T I O N

WHEREAS, Since officially taking command on July 3, 2014, David P. Higgerson continues to serve with utmost distinction and integrity as the director of field operations for the Laredo Field Office of U.S. Customs and Border Protection; and

WHEREAS, Mr. Higgerson is a graduate of St. John Military Academy and a veteran of the U.S. Army, and in 1971, he began his career in government service when he joined Canal Zone Customs in the Panama Canal Zone; since then, his assignments have included port director for Hidalgo-Pharr, the fourth largest port of entry along the United States-Mexico border, and acting director of field operations (DFO) for Laredo; and

WHEREAS, From 2007 to 2012, Mr. Higgerson was the DFO in Tucson, Arizona, and he went on to serve in El Paso from 2012 to 2014, first as acting DFO and then as DFO; as the new director of field operations in Laredo, this outstanding public servant oversees the importation of nearly $143 billion in merchandise through eight ports of entry from Brownsville to Del Rio, thus safeguarding and promoting the growth of Texas commerce; and

WHEREAS, Mr. Higgerson has been recognized with numerous awards and commendations by a number of institutions, including the World Customs Organization; in all his endeavors, he has enjoyed the love and support of his wife, Maria Teresa Higgerson, and his five children; and

WHEREAS, Mr. Higgerson's tireless and continuous commitments to anti-terrorism efforts and the protection of commerce have greatly contributed to the effective defense of the Texas border and helped to ensure the security of our nation and the great state of Texas; now, therefore, be it

RESOLVED, That David P. Higgerson be commended for more than four decades of exemplary service to the federal government and that he be extended sincere best wishes for continued success with his important work.

PROCLAMATION DECLARING NOVEMBER 19, 2015 AS THE GREAT AMERICAN SMOKE-OUT DAY IN HIDALGO COUNTY

WHEREAS, cigarette smoking is the major single cause of cancer death in the United States; and

WHEREAS, one in five deaths are caused by cigarette smoking – more people die than HIV, illegal drugs, alcohol, motor vehicle injuries, and firearm-related incidents combined; and

WHEREAS, secondhand smoke is the third leading cause of preventable death in the United States, killing about 42,000 Americans each year. Secondhand smoke is a known cause of lung cancer, heart disease, chronic lung ailments, and other health problems; and

WHEREAS, quitting smoking lowers the risk of chronic illness and death. Within two- to five-years, the risk of stroke can fall to about the same as a nonsmoker, the risk for cancers of the mouth, throat, esophagus, and bladder drop by half within five years, and the risk of lung cancer drops by half after 10 years; and

WHEREAS, The Tobacco Prevention & Control Coalition of Hidalgo County, in conjunction with the American Heart Association and many other community partners support the American Cancer Society's Great American Smoke-out campaign to encourage Americans to quit smoking.

NOW, THEREFORE, BE IT RESOLVED that the Hidalgo County Commissioners Court hereby proclaims Thursday, November 19, 2015 as the Great American Smoke-out Day in Hidalgo County.

Approved this 10th day of November 2015.

PROCLAMATION DECLARING NOVEMBER 2015 AS NATIONAL HOSPICE AND PALLIATIVE CARE MONTH

WHEREAS, hospice and palliative care empower people facing a serious or life-limiting illness to live as fully as possible, surrounded and supported by family and loved ones; and

WHEREAS, hospice and palliative care professionals are dedicated to helping diverse communities access quality end-of-life care and are committed to removing barriers to accessing care; and

WHEREAS, hospice and palliative care brings patients and family caregivers the highest quality care delivered by an interdisciplinary team of skilled professionals that includes physicians, nurses, social workers, therapists, counselors, health aides, spiritual care providers and others who make the wishes of each patient and family a priority; and

WHEREAS, hospice and palliative care providers encourage all people to learn more about options of care and to share their wishes with family, loved ones, and their healthcare professionals.

NOW, THEREFORE, be it resolved that the Hidalgo County Commissioners Court hereby proclaims November 2015 as National Hospice and Palliative Care Month.

Statement of Grant Award (SOGA)

The Statement of Grant Award is your official notice of award from the Governor's Homeland Security Grants Division (HSGD). The approved budget is reflected in the Budget/Details tab for this record in eGrants. The grantee agrees to comply with any and all applicable federal and state statutes, regulations, policies, guidelines and requirements, including, but not limited to, 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Texas Government Code, Chapter 783, Uniform Grant and Contract Management; and the Texas Uniform Grant Management Standards (UGMS) that govern the application, acceptance and use of Federal and State funds for this project. In instances where multiple requirements apply to a subrecipient, the more restrictive requirement applies. By clicking on the 'Accept' button within the 'Accept Award' tab, the grantee accepts the responsibility for the grant project, agrees and certifies compliance with the requirements outlined in the Grantee Responsibilities Memo, the Comprehensive Certifications and Assurance Form, and agrees with the following conditions of grant funding. The grantee's funds will not be released until the grantee has satisfied the requirements of the following Condition(s) of Funding and Other Fund-Specific Requirement(s), if any, cited below:

Accept Decline

GOVERNOR GREG ABBOTT

Dear Grantee:

Congratulations on your award! To activate your agency's grant, the Authorized Official must log on to eGrants at https://eGrants.gov.texas.gov and go to the 'My Home' tab. In the 'Pending Applications' section, locate the application with a 'Current Status' of "Pending AO Acceptance of Award". Click on the grant number and proceed to the 'Accept Award' tab. From this tab, click on the 'Accept' button. Grants must be accepted within 45 calendar days of the date the award was issued.

Be sure to review the Subrecipient Responsibilities Memo for a quick overview of general items every grantee should be aware of. You can also find more detailed information on the eGrants website including helpful resources, links, and tools needed to properly administer HSGD grants. The Guide to Grants, also on the website, contains answers to questions frequently asked by grantees.

If you have any questions regarding this award, feel free to contact your grant manager, whose name is referenced in the Statement of Grant Award or you may always contact our office via the eGrants Help Desk at eGrants@gov.texas.gov.

We look forward to working with you to ensure the success of your program.

Aimee Snoddy
Director
Homeland Security Grants Division

COMPREHENSIVE CERTIFICATION AND ASSURANCES

The applicant must assure and certify compliance with any and all applicable federal and state statutes, regulations, policies, guidelines and requirements, including, but not limited to, 2 CFR 200; the Uniform Grant Management Standards (UGMS); and Title 1, Part 1, Chapter 3 of the Texas Administrative Code, that govern the application, acceptance and use of Federal and State funds for this project. In instances where multiple requirements apply to a subrecipient, the more restrictive requirement applies. ***By accepting the grant award in eGrants, the subrecipient certifies and assures that it complies and will continue to comply with the following:***

1. **LEGAL AUTHORITY** - It possesses legal authority to apply for the grant. A resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative, or their designee of the organization to act in connection with the application and to provide such additional information as may be required. State agencies are not required to adopt a resolution.
2. **DISPLACED PERSONS** - It will comply with requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions (42 USC §§ 4601 - 4655) which provide for fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs.
3. **POLITICAL ACTIVITY** – It will comply with provisions of Federal law which limit certain political activities of employees of State or local unit of government whose principal employment is in connection with an activity financed in whole or in part by Federal grants. (5 USC § 1501, et seq.)
4. **FAIR LABOR STANDARDS ACT** - It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act (29 USC §§ 201 - 219) if applicable.
5. **CONFLICT OF INTEREST** - It will establish safeguards to prohibit employees from using their positions for a purpose that is, or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties. It will comply with Texas Government Code, Section 572, Employment of Former State Officer or Employee of State Agency.
6. **COMPLIANCE REVIEW OR INVESTIGATIONS** – It will cooperate with any compliance review or complaint investigation conducted by the Federal sponsoring agency or the Office of the Governor.
7. **EXAMINATION OF RECORDS** - It will give the sponsoring agency, the Office of the Governor, the State Auditor's Office, or the Comptroller General, through any authorized representative, access to and the right to audit, examine and copy all records, books, papers, or documents related to the grant and permit access to facilities, personnel, and other individuals and information as may be necessary. Subrecipient shall ensure that this paragraph concerning the authority to audit funds received indirectly by subcontractors through subrecipient and the requirement to cooperate is included in any subcontract it awards related to this grant.
8. **REPORTING** – It will submit timely, complete, and accurate reports to the Federal sponsoring agency or Office of the Governor and maintain appropriate backup documentation to support the reports.
9. **COMPLIANCE WITH REQUIREMENTS** - It will comply with all requirements imposed by the Federal sponsoring agency, the Office of the Governor, or the Comptroller General, concerning special requirements of law, program requirements, special reporting, data collection, evaluation requirements, and other administrative requirements.
10. **EPA VIOLATING FACILITIES** - It will ensure that the facilities under its ownership, lease or supervision, which shall be utilized in the accomplishment of the project, are not listed in the Environmental Protection Agency's (EPAs) list of Violating Facilities, and that it will notify the Federal grantor agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.
11. **FLOOD INSURANCE** - It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act (50 USC § 4001), which states that, on or after March 2, 1975, communities must purchase flood insurance, where such insurance is available in those communities. This requirement is a condition for the receipt of any Federal financial assistance for construction or acquisition purposes for use in any area that had been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.
12. **HISTORIC PRESERVATION** - It will assist the federal grantor agency in its compliance with Section 106 of the National Historic Preservation Act of 1966 (16 USC § 470), Executive Order 11593 (identification and protection of historic properties), Archeological and Historical Preservation Act of 1974 (16 USC § 469a-1, et seq.), by (a) consulting with the State Historic Preservation Officer (SHPO) on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.
13. **NATIONAL ENVIRONMENTAL POLICY ACT** – It will assist the federal grantor agency in its compliance with the National Environmental Policy Act of 1969 (P.L. 91-190, 42 USC 4321-4347, January 1, 1970, 83 Stat. 852) as amended by P.L. 94-52, July 3, 1975, 89 Stat. 258, and P.L. 94-83, August 9, 1975, 89 Stat. 424), by (a) identifying if any of the following activities will be related to the use of grant funds: (1) new construction; (2) minor renovation or remodeling of a property either listed on or eligible for listing on the National Register of Historic Places or located within a 100-year flood plain; (3) a renovation, lease or any proposed use of a building or facility that will either result in a change in its basic prior use or significantly change its size; and (4) implementation of a new program involving the use of chemicals other than chemicals that are purchased as an incidental component of a funded activity and traditionally used, for example, in office, household, recreational, or education environments; and (b) by complying with the following conditions relating to

clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories: (1) provide medical screening of personnel assigned or to be assigned by the subrecipient to the seizure or closure of clandestine methamphetamine laboratories; (2) provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and all other personnel assigned to either the seizure or closure of clandestine methamphetamine laboratories; (3) as determined by their specified duties, equip the personnel with OSHA required protective wear and other required safety equipment; (4) assign properly trained personnel to prepare a comprehensive contamination report on each seized/closed laboratory; (5) utilize qualified disposal personnel to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized laboratory; (6) dispose of the chemicals, equipment, and contaminated materials and wastes at properly licensed disposal facilities or, when allowable, at properly licensed recycling facilities; (7) monitor the transport, disposal, and recycling components of subsections numbered (5) and (6), immediately above, in order to ensure proper compliance; (8) have in place and/or implement any required written agreements with the Texas Department of Protective and Regulatory Services regarding the safety of any minors located at the clandestine laboratory site, the Texas Commission for Environmental Quality, and other entities deemed necessary by the State Administrative Agency.

14. **NONDISCRIMINATION** –
    A. It will comply with all State and Federal statutes relating to nondiscrimination and ensure, in accordance with federal civil rights laws, that the subrecipient shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.
    B. It will comply, and all its contractors will comply, with the nondiscrimination requirements which may include the Civil Rights Act of 1964 (42 USC § 2000d); the Civil Rights Act of 1968 (42 USC § 3601 et seq.); the Rehabilitation Act of 1973 (29 USC § 794); the Americans With Disabilities Act (ADA) of 1990 (42 USC § 12131-34); the Education Amendments of 1972 (USC §§ 1681, 1683, 1685-86); Title IX of the Education Amendments of 1972 (Equal Employment in Education Act) (20 USC § 1681 et seq.); the Age Discrimination Act of 1975 (42 USC §§ 6101-07); Titles I, II and III of the Americans with Disabilities Act; the Drug Abuse and Treatment Act of 1972 (PL 92-255); the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (PL 91-616); Sections 523 and 527 of the Public Health Service Act of 1912 (42 USC §§ 290dd-3 and 290ee-3); and 28 CFR 38 (Equal Treatment for Faith-Based Organizations); see Ex. Order 13279 (equal protection of the laws for faith-based and community organizations) and Ex. Order 13559 (fundamental principles and policymaking criteria for partnerships with faith-based and neighborhood organizations).
    C. If, during the past three years, the subrecipient has been accused of discrimination on the grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status, the subrecipient must provide a list of all such proceedings, pending or completed, including outcome and copies of settlement agreements to the U.S. Department of Homeland Security (DHS) awarding office and the DHS Office of Civil Rights and Civil Liberties.
    D. In the event of any court or administrative agency makes a finding of discrimination on grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status against the subrecipient, or the subrecipient settles a case or matter alleging such discrimination, subrecipients must forward a copy of the complaint and findings to the DHS awarding office and the DHS Office of Civil Rights and Civil Liberties.
15. **LIMITED ENGLISH PROFICIENCY**- It will comply with the *Title VI of the Civil Rights Act of 1964* (Title VI) prohibition against discrimination on the basis of national origin, which requires that subrecipients of federal financial assistance take reasonable steps to provide meaningful access to persons with limited English proficiency (LEP) to their programs and services. Providing meaningful access for persons with LEP may entail providing language assistance services, including oral interpretation and written translation. In order to facilitate compliance with Title VI, subrecipients are encouraged to consider the need for language services for LEP persons served or encountered in developing program budgets. Executive Order 13166, *Improving Access to Services for Persons with Limited English Proficiency* (August 11, 2000), requires federal agencies to issue guidance to recipients, assisting such organizations and entities in understanding their language access obligations. DHS published the required recipient guidance in April 2011, *DHS Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*, 76 Fed. Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a subrecipient can determine the extent of its obligation to provide language services; selecting language services; and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited and additional resources on http://www.lep.gov.
16. **ACTIVITIES CONDUCTED ABROAD** – It will ensure that project activities carried on outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.
17. **PERSONALLY IDENTIFIABLE INFORMATION (PII)** – If subrecipient collects PII it will have a publically-available privacy policy that describes what PII it collects, how it uses the PII, whether it shares PII with third parties, and how individuals may have their PII corrected where appropriate.
18. **COPYRIGHT** – It will affix the applicable copyright notices of 17 USC § 401 or 402 and an acknowledgement of Government sponsorship (including award number) to any work first produced under Federal financial assistance awards, unless the work includes any information that is otherwise controlled by the Government (e.g. classified information or other information subject to national security or export control laws or regulations.)
19. **DEBARMENT AND SUSPENSION** – It will comply with Executive Orders 12549 and 12689 that requires "a contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM)", in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties

declared ineligible under statutory or regulatory authority other than Executive Order 12549. The subrecipient certifies it will verify each vendor's status to ensure the vendor is not debarred, suspended, otherwise excluded or declared ineligible by checking the SAM before doing/renewing business with that vendor.

20. **DUPLICATION OF BENEFITS** – It will comply with 2 CFR 200.405, which provides that any cost allocable to a particular Federal award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the subrecipient from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.
21. **ENERGY POLICY AND CONSERVATION ACT** – It will comply with the requirements of 42 USC § 6201 which contain policies relating to energy efficiency that are defined in the state energy conservation plan issued in compliance with this act.
22. **FALSE CLAIMS ACT AND PROGRAM FRAUD CIVIL REMEDIES** – It will comply with the requirements of 31 USC § 3729 which set forth that no subrecipient of federal payments shall submit a false claim for payment. See also 38 USC § 3801-3812 which details the administrative remedies for false claims and statements made.
23. **FEDERAL DEBT STATUS** – It is non-delinquent in its repayment of any Federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowances, and benefit overpayments. See OMB Circular A-129 and form SF-424B, item number 17 for additional information and guidance.
24. **FLY AMERICA ACT OF 1974** – It will comply with Preference for U.S. Flag Air Carriers: (air carriers holding certificates under 42 USC § 41102) for international air transportation of people and property to the extent that such service is available, in accordance with the *International Air Transportation Fair Competitive Practices Act of 1974* (49 USC § 40118) and the interpretative guidelines issued by the Comptroller General of the United States in the March 31, 1981 amendment to Comptroller General Decision B-138942.
25. **HOTEL AND MOTEL FIRE SAFETY ACT OF 1990** – In accordance with Section 6 of the *Hotel and Motel Fire Safety Act of 1990,* 15 USC § 2225a, it will ensure that all conference, meeting, convention, or training space funded in whole or in part with Federal funds complies with the fire prevention and control guidelines of the *Federal Fire Prevention and Control Act of 1974, as amended,* 15 USC §2225.
26. **PATENTS AND INTELLECTUAL PROPERTY RIGHTS** – Unless otherwise provided by law, subrecipients are subject to the Bayh-Dole Act, PL No 96-517, as amended, and codified in 35 USC § 200 et seq. It will comply with the specific requirements governing the development, reporting, and disposition of rights to inventions and patents resulting from financial assistance awards (37 CFR Part 401) and the standard patent rights clause in 37 CFR § 401.14.
27. **PROCUREMENT OF RECOVERED MATERIALS** – It will comply with Section 6002 of the Solid Waste Disposal acts amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the hi9ghest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
28. **SAFECOM** – If emergency communications equipment is provided under the grant, it will comply with the SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications.
29. **TERRORIST FINANCING E.O. 13224** – It will comply with U.S. Executive Order 13224 and U.S. law that prohibit transactions with, and the provisions of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of subrecipients to ensure compliance with the E.O. and laws.
30. **TRAFFICKING VICTIMS PROTECTION ACT OF 2000** – It will comply with the requirements of the government-wide award term which implements Section 106 (g) of the *Trafficking Victims Protection Act (TVPA) of 2000,* as amended (22 USC § 7104), located at 2 CFR Part 175. This is implemented in accordance with OMB Interim Final Guidance, *Federal Register,* Volume 72, No. 218, November 13, 2007. Full text of the award term is provided at 2 CFR § 175.15.
31. **UNIVERSAL IDENTIFIER AND SYSTEM FOR AWARD MANAGEMENT (SAM)** – It will maintain the currency of the information in the SAM until submission of the final financial report required under the award or receipt of final payment, whichever is later, as required by 2 CFR Part 25.
32. **USA PATRIOT ACT OF 2001** – It will comply with the requirements of the *Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act* (USA PATRIOT Act), which amends 18 USC §§ 175-175c. Among other things, the USA PATRIOT Act prescribes criminal penalties for possession of any biological agent, toxin, or delivery system of a type or in a quantity that is not reasonably justified by a prophylactic, protective, bona fide research, or other peaceful purpose.
33. **USE OF DHS SEAL, LOGO AND FLAGS** – It will obtain DHS's approval prior to using the DHS seal(s), logos, crests or reproductions of flags or likenesses of DHS agency officials, including use of the United States Coast Guard seal, logo, crests or reproductions of flags or likenesses of Coast Guard officials.
34. **WHISTLEBLOWER PROTECTION ACT** – It will comply with the statutory requirements for whistleblower protections (if applicable) at 10 USC 2409, 41 USC 4712, 10 USC 2324, and 41 USC 4304 and 4310.
35. **PROTECTION OF HUMAN SUBJECTS** – It will comply with the requirements of the Federal regulations at 45 CFR Part 46, which requires that subrecipients comply with applicable provisions/law for the protection of human subjects for purposes of research. It will comply with the requirements in DHS Management Directive 026-04, Protection of Human Subjects, prior to implementing any work with human subjects. For purposes of 45 CFR Part 46, research means a systematic investigation, including research, development, testing, and evaluation, designed to develop or contribute to general knowledge. Activities that meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program that is considered research for other purposes. The regulations specify additional protections for research involving human fetuses, pregnant women, and neonates (Subpart B); prisoners

(Subpart C); and children (Subpart D). The use of autopsy materials is governed by applicable State and local law and is not directly regulated by 45 CFR Part 46.

36. **COASTAL BARRIERS** - It will comply with the provisions of the Coastal Barrier Resources Act (16 USC § 3501, et seq.) which prohibits the expenditure of most new Federal funds within the units of the Coastal Barrier Resources System.
37. **SUPPLANTING PROHIBITION** - It will use funds to supplement existing funds for program activities and may not replace (supplant) non-Federal funds that have been appropriated for the same purpose. The applicant understands that potential supplanting will be the subject of monitoring and audit. Violations can result in a range of penalties, including suspension of future funds under this Program, suspension or debarment from Federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.
38. **TAXES** – It will comply with all State and Federal laws and are solely responsible for filing all required State and Federal tax forms.
39. **GRANT ADMINISTRATION** - It will maintain an appropriate grant administration system to ensure that all terms, conditions and specifications of the grant, including these standard assurances, are met.
40. **PUBLIC INFORMATION** - It will ensure that all information collected, assembled or maintained by the applicant relative to a project will be available to the public during normal business hours in compliance with Texas Government Code, Chapter 552, unless otherwise expressly prohibited by law.
41. **CHILD SUPPORT PAYMENTS** – It will comply with Section 231.006, Texas Family Code, which prohibits payments to a person who is in arrears on child support payments.
42. **SUSPECTED CHILD ABUSE** - It will comply with Section 261.101 of the Texas Family Code, which requires reporting of all suspected cases of child abuse to local law enforcement authorities and to the Texas Department of Child Protective and Regulatory Services. It will also ensure that all program personnel are properly trained and aware of this requirement.
43. **RELATIVES** - It will comply with Texas Government Code, Chapter 573, by ensuring that no officer, employee, or member of the applicant's governing body or of the applicant's contractor shall vote or confirm the employment of any person related within the second degree of affinity or the third degree of consanguinity to any member of the governing body, or to any other officer or employee authorized to employ or supervise such person. This prohibition shall not prohibit the employment of a person, who shall have been continuously employed for a period of two years, or such other period stipulated by local law, prior to the election or appointment of the officer, employee, or governing body member related to such person in the prohibited degree.
44. **OPEN MEETINGS** - If the applicant is a governmental entity, it will comply with Texas Government Code, Chapter 551, which requires all regular, special or called meeting of governmental bodies to be open to the public, except as otherwise provided by law or specifically excluded in the Texas Constitution.
45. **HEALTH, HUMAN SERVICES, PUBLIC SAFETY OR LAW ENFORCEMENT AGENCY** - If the applicant is a health and human services agency or public safety or law enforcement agency, it will not contract with or issue a license, certificate or permit to the owner, operator or administrator of a facility if the license, permit or certificate has been revoked by another health and human services agency or public safety or law enforcement agency.
46. **HIV/AIDS WORKPLACE GUIDELINES** – It will adopt and implement applicable provisions of the model HIV/AIDS work place guidelines of the Texas Department of Health as required by the Texas Health and Safety Code, Ann., Sec. 85.001, et seq.
47. **LAW ENFORCEMENT AGENCY** - If the applicant is a law enforcement agency regulated by Texas Occupations Code, Chapter 1701, it will not expend any grant funds for this grant unless it is in compliance with all rules adopted by the Texas Commission on Law Enforcement (TCOLE), or TCOLE certifies that it is in the process of achieving compliance with such rules.
48. **POLITICAL POLLING PROHIBITED** – It will not subgrant to any entity or expend funds for political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.
49. **LIMITATIONS ON GRANTS TO UNITS OF LOCAL GOVERNMENT** - Grant funds may not be expended by a unit of local government unless the following limitations and reporting requirements are satisfied:
    a. Texas General Appropriations Act, Art. IX, Parts 2 and 3, except there is no requirement for increased salaries for local government employees;
    b. Texas Government Code Sections 556.004, 556.005, and 556.006, which prohibits using any money or vehicle to support the candidacy of any person for office, influencing positively or negatively the payment, loan, or gift to a person or political organization for a political purpose, and using Grant funds to influence the passage or defeat of legislation including not assisting with the funding of a lobbyist, or using Grant funds to pay dues to an organization with a registered lobbyist;
    c. Texas Government Code Sections 2113.012 and 2113.101, which prohibits using Grant funds to compensate any employee who uses alcoholic beverages on active duty and subrecipient may not use Grant funds to purchase an alcoholic beverage and may not pay or reimburse any travel expense for an alcoholic beverage;
    d. Texas General Appropriations Act, Art. IX, Section 6.13, which requires subrecipient to make every effort to attain key performance target levels associated with this Grant, including performance milestones, milestone time frames, and related performance reporting requirements; and
    e. General Appropriations Act, Art. IX, Sections 7.01 and 7.02, and Texas Government Code §2102.0091, which requires that this Grant may only be expended if subrecipient timely completes and files its reports.
50. **EQUAL EMPLOYMENT OPPORTUNITY**- It will comply with the requirement that except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
51. **DAVIS-BACON ACT** – It will comply with the *Davis-Bacon Act*, as amended (40 U.S.C. 3141-3148) that states when required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by subrecipients

must include a provision for compliance with the *Davis-Bacon Act* (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The subrecipient must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The subrecipient must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the *Copeland "Anti-Kickback" Act* (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The subrecipient must report all suspected or reported violations to the Federal awarding agency.

52. **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT** - Where applicable, it will comply with the requirement that all contracts awarded by the subrecipient in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
53. **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT** - If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," it will comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
54. **CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT** – If subrecipient receives grants in excess of $150,000, it will comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
55. **TEXAS PUBLIC INFORMATION ACT; CONFIDENTIAL INFORMATION** - It acknowledges that the State, OOG, and this grant are subject to the Texas Public Information Act, Texas Government Code Chapter 552, (the "PIA"). Subrecipient acknowledges that the OOG will comply with the PIA, as interpreted by judicial opinions and opinions of the Attorney General of the State of Texas. The subrecipient acknowledges that information created or exchanged in connection with this grant is subject to the PIA, and subrecipient agrees that information not otherwise excepted from disclosure under the PIA, will be available in a format that is accessible by the public at no additional charge to the OOG or State. The subrecipient will cooperate with OOG in the production of documents or information responsive to a request for information. Information provided by or on behalf of subrecipient under, pursuant to, or in connection with this grant that the subrecipient considers proprietary, financial, or trade secret information (collectively "Confidential Information") shall be designated as such when it is provided to OOG or State or any other entity in accordance with this grant. OOG agrees to notify subrecipient in writing within a reasonable time from receipt of a request for information covering subrecipient's Confidential Information. OOG will make a determination whether to submit a Public Information Act request to the Attorney General. The subrecipient agrees to maintain the confidentiality of information received from the OOG or State during the performance of this grant, including information which discloses confidential personal information particularly, but not limited to, personally identifying information, personal financial information and social security numbers. Subrecipient will notify OOG within twenty-four (24) hours of receipt of any third party requests for information that was provided to the subrecipient by the OOG or the State.
56. **FUNDING LIMITATION** - It agrees that nothing in this grant will be interpreted to create an obligation or liability of the OOG in excess of the funds delineated in this grant. Subrecipient agrees that funding for this grant is subject to the actual receipt by the OOG of grant funds appropriated to the OOG. Subrecipient agrees that the grant funds, if any, received from the OOG may be limited by the term of each state biennium and by specific appropriation authority to and the spending authority of the OOG for the purpose of this grant. Subrecipient agrees that notwithstanding any other provision of this grant, if the OOG is not appropriated the funds or if the OOG does not receive the appropriated funds for this grant program, or if the funds appropriated to the OOG for this grant program are required to be reallocated to fund other federal or state programs or purposes, the OOG is not liable to pay the subrecipient any remaining balance on this grant.
57. **NO WAIVER OF SOVEREIGN IMMUNITY** - It agree that no provision of this grant is in any way intended to constitute a waiver by the OOG, its officers, employees, agents, or contractors or the State of Texas of any immunities from suit or from liability that the OOG or the State of Texas may have by operation of law.
58. **INDEPENDENT CONTRACTOR STATUS** - It agrees that it is an independent contractor and under no circumstances shall any owner, incorporator, officer, director, employee, or volunteer of subrecipient be considered a state employee, agent, servant, joint venturer, joint enterpriser or partner of the OOG or the State of Texas. Subrecipient is not a "governmental body" by virtue of receipt of grant funds under this Contract. Likewise, the persons identified by subrecipient as meeting the Created Job Target or Baseline are not state employees by virtue of this Contract. All persons furnished, used, retained, or hired by or on behalf of subrecipient or any of subrecipient's contractors shall be

considered to be solely the employees or agents of subrecipient or subrecipient's contractors. Subrecipient or subrecipient's contractors shall be responsible for ensuring that any and all appropriate payments are made, such as unemployment, workers compensation, social security, any benefit available to a state employee as a state employee, and other payroll taxes for such persons, including any related assessments or contributions required by law. Subrecipient agrees to take such steps as may be necessary to ensure that each contractor of subrecipient will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, joint enterpriser or partner of the OOG or the State of Texas. Subrecipient is responsible for all types of claims whatsoever due to actions or performance under this Contract, including, but not limited to, the use of automobiles or other transportation, taken by its owners, incorporators, officers, directors, employees, volunteers or any third parties.

59. **GOVERNING LAW; VENUE** –This Contract is made and entered into in the State of Texas. This Contract and all disputes arising out of or relating thereto shall be governed by the laws of the State of Texas, without regard to any otherwise applicable conflict of law rules or requirements. Except where state law establishes mandatory venue, subrecipient agrees that any action, suit, litigation or other proceeding (collectively "litigation") arising out of or in any way relating to this Contract shall be commenced exclusively in the Travis County District Court or the United States District Court in the Western District, Austin Division, and to the extent allowed by law, hereby irrevocably and unconditionally consents to the exclusive jurisdiction of those courts for the purpose of prosecuting and/or defending such litigation. Subrecipient hereby waives and agrees not to assert by way of motion, as a defense, or otherwise, in any suit, action or proceeding, any claim that subrecipient is not personally subject to the jurisdiction of the above-named courts; the suit, action or proceeding is brought in an inconvenient forum; and/or the venue is improper.
60. **COMPLIANCE WITH LICENSING, PERMITTING AND REGULATORY BODIES** - Subrecipient certifies that it has obtained all licenses, certifications, permits and authorizations necessary to perform its obligations under this Contract, without costs to the OOG. Subrecipient shall comply with any applicable federal, state, county, local and municipal laws, ordinances, resolutions, codes, decisions, orders, rules, and regulations, in connection with its obligations under this Contract. Subrecipient certifies that it currently is in good standing with all licensing, permitting or regulatory bodies that regulate any or all aspects of subrecipient's business or operations. Subrecipient agrees to comply with all applicable licenses, legal certifications, inspections, and any other applicable local ordinance or state or federal laws.
61. **CHAPTER 2260 OF THE TEXAS GOVERNMENT CODE** – Subrecipient agrees the dispute resolution process provided for in Chapter 2260 of the Texas Government Code shall be used, as further described herein, by the Parties to attempt to resolve any claim for breach of this Contract made by subrecipient. Subrecipient's claims for breach of this Contract that the Parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, Subchapter B, of the Government Code. To initiate the process, subrecipient shall submit written notice to the OOG's contact. Said notice shall specifically state that the provisions of Chapter 2260, Subchapter B, are being invoked. Compliance by subrecipient with Subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, Subchapter C, of the Government Code. The contested case process provided in Chapter 2260, Subchapter C, of the Texas Government Code is subrecipient's sole and exclusive process for seeking a remedy for any and all alleged breaches of this Contract by the OOG if the Parties are unable to otherwise informally resolve their disputes. Compliance with the contested case process provided in Chapter 2260, Subchapter C, of the Texas Government Code is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the Texas Civil Practices and Remedies Code. Neither the execution of this Contract by OOG nor any other conduct of any representative of OOG relating to this Contract shall be considered a waiver of sovereign immunity. The submission, processing, and resolution of subrecipient's claim is governed by the OOG's published rules, if any. If no OOG rules have been published, then Title 1, Chapter 155 of the Texas Administrative Code, shall govern.
62. **INDEMNITY AND HOLD HARMLESS -** SUBRECIPIENT AGREES TO INDEMNIFY AND HOLD HARMLESS THE OOG, THE STATE OF TEXAS AND ITS EMPLOYEES, AGENTS, OFFICERS, REPRESENTATIVES, CONTRACTORS, AND/OR DESIGNEES FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS OR SUITS WHATSOEVER, INCLUDING ANY LITIGATION COSTS, ATTORNEYS' FEES, AND EXPENSES, RELATING TO TAX LIABILITY, UNEMPLOYMENT INSURANCE AND/OR WORKERS' COMPENSATION IN SUBRECIPIENT'S PERFORMANCE UNDER THIS GRANT. SUBRECIPIENT SHALL BE LIABLE TO PAY ALL COSTS OF DEFENSE INCLUDING ATTORNEYS' FEES. THE DEFENSE SHALL BE COORDINATED BY SUBRECIPIENT WITH OOG AND THE OFFICE OF THE ATTORNEY GENERAL WHEN THE OOG, THE STATE OF TEXAS OR ITS EMPLOYEES, AGENTS, OFFICERS, REPRESENTATIVES, CONTRACTORS AND/OR DESIGNEES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND SUBRECIPIENT MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM OOG AND THE OFFICE OF THE ATTORNEY GENERAL. SUBRECIPIENT AND THE OOG AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIMS.
63. **DRUG-FREE WORKPLACE** – It will comply with drug-free workplace requirements in Subpart B of 2 CFR part 3001, which adopts the Government-wide implementation (2 CFR part 182) of sec. 5152-5158 of the *Drug-Free Workplace Act of 1988* (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701-707).
64. **LOBBYING** – The applicant certifies that:
    a. It will not use grant funds, either directly or indirectly, in support of the enactment, repeal, modification, or adoption of any law, regulation or policy, at any level of government, without the express prior approval of the Governor's Office.
    b. If any non-grant funds have been or will be used in support of the enactment, repeal, modification, or adoption of any law, regulation or policy, at any level of government, it will notify the Governor's Office to obtain the appropriate disclosure form.
    c. It will comply with 31 USC § 1352, as applicable, which provides that none of the funds provided under an award may be expended by the subrecipient to pay any person to influence, or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any Federal action concerning the award or renewal,
    d. It will include the language of paragraphs A., B. and C. of this Section in the award documents for all sub-awards at all tiers and will require all subrecipients to certify accordingly.

GOVERNOR GREG ABBOTT

To: HSGD Grant Recipient
From: Aimee Snoddy, Director Homeland Security Grants Division
Contact: (512) 463-1919
Reference: Subrecipient Responsibilities

Congratulations on your grant award from Governor Greg Abbott's Homeland Security Grants Division (HSGD). It is important to make you aware of a few things to consider as you implement strategies to successfully manage your program. For more information and resources, refer to the Grant Resources section of eGrants available online at https://eGrants.gov.texas.gov.

SECTION I: APPLICABLE TO ALL HSGD SUBRECIPIENTS

Requirements for Grants - Subrecipients shall comply with all applicable federal, state, and local laws and regulations applicable to this Grant including but not limited those noted as standard Comprehensive Certifications and Assurances (See Attachment A); 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Texas Government Code, Chapter 783, Uniform Grant and Contract Management; and the Texas Uniform Grants Management Standards (UGMS) available at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. HSGD reserves the right to add additional responsibilities and requirements, with or without advance notice to subrecipients.

Performance Standards – The subrecipient shall perform all activities entered into eGrants which are approved by HSGD. In the event the subrecipient fails to implement the activities approved by HSGD or comply with any provision of this Grant, the subrecipient may be liable to HSGD for an amount not to exceed the award amount and may be prohibited from applying for or receiving additional funds for other grant programs administered by the Governor's Office until repayment to HSGD is made and any other compliance or audit finding is satisfactorily resolved, in addition to any other remedy specified in this Grant.

Performance Period - The performance period for this Grant is listed on the Statement of Grant Award. All goods must be obligated and all services must be received within the performance period. HSGD will not be obligated to reimburse expenses incurred after the performance period.

Liquidation Period - The liquidation date is 90 calendar days after the grant end date, unless otherwise noted in the original grant award or a grant adjustment. Funds **not** obligated by the end of the grant period and **not** expended by the liquidation date will revert to HSGD.

Financial Reporting – Financial Status Reports must be submitted to HSGD via eGrants. Financial status reports may be submitted monthly but must be submitted at least quarterly. Financial Status Reports are due after each calendar quarter regardless of when the Grant was awarded. Due dates are:

April 22 (January-March quarter)
July 22 (April-June quarter)
October 22 (July-September quarter)
January 22 (October-December quarter)

The final Financial Status Report must be submitted to HSGD on or before the grant liquidation date or funds will lapse and HSGD will provide them as grants to others who need the funding.

Close Out – HSGD will close-out the grant award when it determines that all applicable administrative actions and all required work of the Grant have been completed by the subrecipient.

- The subrecipient must submit all financial, performance, and other reports as required by the terms and conditions of the grant award. Submission of the final Financial Status Report will initiate grant close out with HSGD.
- The subrecipient must promptly refund any balances of unobligated cash that the HSGD paid in advance or paid and that are not authorized to be retained by the subrecipient for use in other projects.

Payment Authorization – Payments will be generated based on expenditures reported in the Financial Status Reports or through Advance Payment Requests. Upon HSGD approval of the Financial Status Report or Advance Payment Request, a payment will be issued through direct deposit or electronic transfer.

Generated Program Income (GPI) – Any income generated as a direct result of the grant activities must be reported to HSGD through the Financial Status Report and grant adjustment processes. Program income must be used to offset project costs unless prior approval is granted allowing a supplement to project costs. Program income must be expended prior to seeking payments from HSGD and must be accounted and used for the purposes of the grant activities as awarded.

Grant Funded Personnel – Staff whose salaries are supported by this award must be made aware that continued funding is contingent upon the availability of appropriated funds as well as the outcome of the annual application review conducted by HSGD.

Project Changes – Subrecipients may submit a request for grant adjustment via eGrants for any proposed budgetary or programmatic changes, including updating contact information for grant officials.

Property Management and Inventory - Equipment purchased with grant funds must be used for the purpose of the Grant and as approved by HSGD. An inventory report must be kept on file

containing all equipment purchased with any grant funds during the grant period. This report must agree with the approved grant budget and the final Financial Status Report.

- At least every two (2) years, subrecipients must take a physical inventory and reconcile the results with property records.
- Subrecipients must maintain property/inventory records which, at minimum, include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, the cost of the property, the percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.
- Subrecipients must develop and implement a control system to prevent loss, damage or theft of property and investigate and document any loss, damage or theft of property funded under this Grant.
- The subrecipient must account for any real and personal property acquired with grant funds or received from the Federal Government in accordance with 2 C.F.R. 200.310 Insurance coverage through 200.316 Property trust relationship and 200.329 Reporting on real property. This documentation must be maintained by the subrecipient, according to the requirements listed herein, and provided to HSGD upon request, if applicable.
- When original or replacement equipment acquired under this award by the subrecipient is no longer needed for the original project or program or for other activities currently or previously supported by DHS/FEMA or HSGD, you must make proper disposition of the equipment pursuant to 2 C.F.R. 200.313 and/or the Uniform Grant Management Standards (UGMS), as applicable.

Fidelity Bond – Each nonprofit corporation receiving funds from HSGD must obtain and have on file a blanket fidelity bond that indemnifies HSGD against the loss or theft of the entire amount of grant funds, including matching funds. The fidelity bond should cover at least the HSGD grant period.

Required Notifications – Subrecipients must immediately notify HSGD in writing of any misappropriation of funds, fraud, theft, embezzlement, forgery, or any other serious irregularities indicating noncompliance with grant requirements. Subrecipients must notify the local prosecutor's office of any possible criminal violations. Subrecipients must immediately notify HSGD in writing if a project or project personnel become involved in any litigation, whether civil or criminal, and the subrecipient must immediately forward a copy of any demand notices, subpoenas, lawsuits, or indictments to HSGD. If a federal or state court or administrative agency renders a judgment or order finding discrimination by a subrecipient based on race, color, national origin, sex, age, or handicap, the subrecipient agrees to immediately forward a copy of the judgment or order to HSGD.

Project Effectiveness – Subrecipients should regularly evaluate the effectiveness of their projects. This includes a reassessment of project activities and services to determine whether they continue to be effective. Subrecipients must show that their activities and services effectively address and achieve the project's stated purpose.

Programmatic Reporting – Subrecipients must submit required reports regarding grant information, performance, and progress towards goals and objectives in accordance with the instructions provided by HSGD, or its designee. To remain eligible for funding, the subrecipient must be able to show the scope of services provided and the impact and quality of those services.

Monitoring – Subrecipients must readily make available to the Governor's Office or its agents all requested records. The Governor's Office may make unannounced monitoring visits at any time. The subrecipient must make every effort to resolve all issues, findings, or actions identified within the time frame specified by the Governor's Office.

For Fiscal Years Beginning Before December 26, 2014 Subrecipients expending over $500,000 in state or federal grant funds during the fiscal year are subject to the Single Audit requirements set forth in OMB Circular No. A 133 at http://www.whitehouse.gov/omb/circulars/index.html and the State Single Audit Circular issued under UGMS at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. Subrecipients must electronically submit to the Governor's Office copies of the results of any single audit conducted in accordance with OMB Circular No. A-133 or in accordance with the State Single Audit Circular issued under UGMS, within 30 calendar days after the subrecipient receives the audit results or nine months after the end of the audit period, whichever is earlier.

For Fiscal Years Beginning On or After December 26, 2014 Subrecipients expending over $750,000 in state or federal grant funds during the fiscal year are subject to 2 CFR, Part 200, Subpart F – Audit Requirements http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl and the State Single Audit Circular issued under UGMS at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. Subrecipients must electronically submit to the Governor's Office copies of the results of any single audit conducted in accordance with 2 CFR, Part 200, Subpart F – Audit Requirements or in accordance with the State Single Audit Circular issued under UGMS, within 30 calendar days after the Subrecipient receives the audit results or nine months after the end of the audit period, whichever is earlier

Supplanting – Awarded funds must be used to supplement existing funds for program activities and not replace (supplant) funds that have been appropriated for the same purpose. Grant monitors and auditors will look for potential supplanting during reviews. Violations may result in a range of penalties, including suspension of future funds, suspension or debarment from receiving federal or state grants, recoupment of monies provided under the Grant, and civil or criminal penalties. Refer to the Guide to Grants at https://eGrants.gov.texas.gov/updates.aspx for additional information on supplanting.

Conflict of Interest – Subrecipients should have in place established safeguards to prohibit employees from using their positions for a purpose that is, or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

Contracting and Procurement – Subrecipients must follow their established policy and best practices for procuring goods or services with grant funds. Contracts must be routinely monitored for delivery of services or goods.

- When contractual or equipment procurement is anticipated to be in excess of $150,000, subrecipients must submit a Procurement Questionnaire https://eGrants.gov.texas.gov/updates.aspx to HSGD for approval prior to procurement. Subrecipients must ensure these contracts address administrative, contractual, or legal remedies in instance where contractors violate or breach contract terms and provide for such sanctions and penalties as appropriate.
- When contractual or equipment procurement is anticipated to be in excess of $10,000, subrecipients must address termination for cause and for convenience by the subrecipient including the manner by which it will be effected and the basis for settlement.
- Prior to contracting with any vendor or subawardee using funds awarded under this Grant, subrecipients must determine whether the vendor/subawardee is debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any federal department and agency and shall confirm the vendor/subawardee does not have any active "Exclusions" by reviewing the vendor/subawardee entity information at https://www.sam.gov/portal/public/SAM/.

Travel – Subrecipients must follow their established policies and good fiscal stewardship related to travel expenses. If the subrecipient does not have established policies regarding in-state and out-of-state travel, the subrecipient must use the travel guidelines established for state employees.

Uniform Crime Reporting – Local units of governments receiving funds from HSGD must comply with all requirements for uniform crime reporting and must ensure that prompt reporting will remain current throughout the grant period.

Criminal History Reporting - Entities receiving funds from HSGD must comply with all requirements outlined in the Texas Code of Criminal Procedure, Ch. 60, related to maintaining and reporting criminal history records.

Limited English Proficiency – Subrecipients must take reasonable steps to ensure that persons with limited English proficiency have meaningful access to services. Meaningful access may entail providing language assistance services, including oral and written translation when necessary. Additional information on this requirement can be found at http://www.lep.gov.

Law Enforcement Programs – Law enforcement programs receiving funds from HSGD must be in compliance with all rules developed by the Texas Commission on Law Enforcement.

Automated License Plate Readers - Subrecipients requesting funds for Automated License Plate Readers (ALPR) must have a written policy regarding use of the ALPR and related data

retention. Subrecipients also must enter into a User Agreement with the Texas Department of Public Safety (DPS), Crime Records Division to gain access to the Texas Automated License Plate Reader (LPR) Database so that data may be shared among all participating local, state, and federal agencies. DPS Crime Records Division will provide written certification of your jurisdiction's participation upon request. Please provide HSGD with a copy of the certification received from DPS Crime Records Division.

28 C.F.R. Part 23 Guidance - Any information technology system funded or supported by these funds must comply with 28 C.F.R. Part 23, *Criminal Intelligence Systems Operating Policies.*

National Information Exchange Model (NIEM) – Subrecipients must use the latest NIEM specifications and guidelines regarding the use of Extensible Markup Language (XML) when using HSGP funds to develop, procure, or implement homeland security information exchanges including systems and databases. Further information about NIEM specifications and guidelines is available at http://www.niem.gov.

Programs Approved to Pay Overtime for Personnel - Overtime is allowable to the extent that it is included in the HSGD approved budget, the subrecipient agency has an overtime policy approved by its governing body, and both grant-paid and non-grant paid personnel are treated the same with regards to the application of overtime policy(ies). In addition, in no case is dual compensation allowable. That is, an employee of a subrecipient agency may not receive compensation for hours worked (including paid leave) from his/her agency AND from an award for a single period of time, even though such work may benefit both activities. Overtime payments issued outside of these guidelines are the responsibility of the subrecipient agency.

Cancellation for Awards - Subrecipients must take reasonable steps to commence project activities upon receiving notice of a grant award:

> **Commencement Within 60 Days.** If a project is not operational within 60 days of the original start date of the award period or grant award date as noted on this memorandum, whichever is later, the subrecipient must report by letter to HSGD the steps taken to initiate the project, the reasons for delay, and the expected revised start date.
>
> **Commencement Within 90 Days.** If a project is not operational within 90 days of the original start date of the award period or grant award date as noted on this memorandum, whichever is later, the subrecipient must submit a second statement to HSGD explaining the implementation delay. Upon receipt of the 90-day letter, HSGD may cancel the project and redistribute the funds to other project areas. HSGD may also, where extenuating circumstances warrant, extend the implementation date of the project past the 90-day period.

Public Information Requests - Subrecipients must immediately notify and provide a copy to HSGD of any Public Information Request received by the agency related to this Grant award.

Prohibited Acts of Agencies and Individuals - Grant funds may not be used in connection with the following acts by agencies or individuals employed by grant funds:

- Grant funds may not be used to finance or otherwise support the candidacy of a person for an elected local, state, or federal office. This prohibition extends to the direct or indirect employment of a person to perform an action described by this subsection. In addition, grant-funded or grant-leased motor vehicles may not be used for the purpose described above.
- Grant funds may not be used to influence the payment, loan, or gift to a person or political organization for a political purpose, or to influence the passage or defeat of legislation.
- Grant funds may not be used to employ, as a regular full-time or part-time or contract employee, a person who is required by Chapter 305 of the Government Code to register as a lobbyist. Furthermore, grant funds may not be used to pay, on behalf of the agency or an officer or employee of the agency, membership dues to an organization that pays part or all of the salary of a person who is required by Chapter 305 of the Government Code to register as a lobbyist.
- Grant funds may not be used to compensate an officer or employee who uses alcoholic beverages on active duty. In addition, grant funds may not be used to purchase an alcoholic beverage or to pay or reimburse a travel expense that was incurred for an alcoholic beverage.
- Subrecipients must comply with the federal Hatch Act (5 U.S.C. §§ 1501- 1508) which restricts the political activity of some state and local employees who work in connection with federally funded programs. Covered state and local employees may not: 1) be candidates for public office in a partisan election; 2) use official authority or influence to interfere with or affect the results of an election or nomination; or, 3) directly or indirectly coerce contributions from subordinates in support of a political party or candidate.

Retention and Accessibility of Records - Subrecipients must maintain fiscal records and supporting documentation for all expenditures of this Grant's funds pursuant 2 CFR 200.333, UGMS, and this Grant.

- Subrecipients must retain these records and any supporting documentation for a minimum of seven (7) years from the later of the completion of this project's public objective, submission of the final expenditure report, any litigation, dispute, or audit.
- Records related to real property and equipment acquired with grant funds shall be retained for seven (7) years after final disposition.
- DHS or HSGD may direct a subrecipient to retain documents for longer periods of time or to transfer certain records to DHS or HSGD custody when DHS or HSGD determines that the records possess long term retention value.
- Subrecipients must give the DHS, the Comptroller General of the United States, the Texas State Auditor's Office, HSGD, or any of their duly authorized representatives,

access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by subrecipient pertaining to this Grant including records concerning the past use of grant funds. Such rights to access shall continue as long as the records are maintained.

- Subrecipients must include the substance of this Section in all subcontracts.
- Subrecipients must complete, deliver to the appropriate source, and retain copies of all after-action reports and certificates of completion for all training and exercises paid for by this Grant.

SECTION II: APPLICABLE TO ALL FEDERALLY FUNDED SUBRECIPIENTS

Federal Notice of Funding Opportunity - All allocations and use of funds under this Grant shall be in accordance with the applicable federal Notice of Funding Opportunity (NOFO) for the Federal Grant Title specified on this Grant.

Acknowledgement of Federal Funding from DHS – All subrecipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing project programs funded in whole or in part with Federal funds from the U.S. Department of Homeland Security (DHS).

Emergency Management Plan - During the performance period of this Grant, subrecipients must maintain an Emergency Management Plan at the Intermediate Level of planning preparedness or as prescribed by the Texas Division of Emergency Management (TDEM). This may be accomplished by a jurisdiction maintaining its own emergency management plan or participating in an inter-jurisdictional emergency management program that meets the required standards. If TDEM identifies deficiencies in subrecipient's plan, the subrecipient shall correct deficiencies within 60 calendar days of receiving notice of such deficiencies from TDEM.

Mutual Aid Agreement – During the performance period of this Grant the subrecipient must participate in a legally-adopted county and/or regional mutual aid agreement.

National Incident Management System (NIMS) – During the performance period of this Grant, the subrecipient must implement the NIMS in a manner consistent with the NIMS Implementation Objectives outlined by FEMA at http://www.fema.gov/national-incident-management-system.

Texas Regional Response Network (TRRN) – Subrecipients must be registered users of the TRRN (or other response asset inventory management system specified by HSGD) and shall enter any deployable equipment with a cost of $5,000 or more, purchased with Homeland Security Grant funds into the TRRN (https://www.trrn.state.tx.us).

Environmental and Historical Review – Subrecipients must assess federally funded projects for potential impact to environmental resources and historic properties and submit any required screening form(s) as soon as possible within the deadlines established by HSGD. Timelines for the Environmental Planning and Historic Preservation (EHP) review process will vary based upon the complexity of the project and the potential for environmental or historical impact.

Subrecipients must include sufficient review time to comply with EHP requirements. Initiation of any activity prior to completion of FEMA's EHP review will result in a non-compliance finding and HSGD will not authorize or release grant funds for non-compliant projects.

- As soon as possible upon receiving this Grant, the subrecipient must provide information to HSGD to assist with the legally-required EHP review and to ensure compliance with applicable EHP laws and Executive Orders (EO) currently using the FEMA EHP Screening Form OMB Number 1660-0115/FEMA Form 024-0-01 and submitting it, with all supporting documentation, to HSGD for review. These EHP requirements include but are not limited to the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, EO 11988 – Floodplain Management, EO 11990 – Protection of Wetlands, and EO 12898 – Environmental Justice. Subrecipients must comply with all Federal, State, and local EHP requirements and obtain applicable permits and clearances. See FEMA Information Bulletin 329.
- Subrecipients shall not undertake any activity from the project that would result in ground disturbance, facility modification, or purchase and use of sonar equipment without the prior approval of FEMA. These include but are not limited to communications towers, physical security enhancements involving ground disturbance, new construction, and modifications to buildings. Subrecipients must comply with all mitigation or treatment measures required for the project as the result of FEMA's EHP review. Any changes to an approved project description will require re-evaluation for compliance with EHP requirements before the project can proceed. The subrecipient must ensure monitoring of ground disturbance and if any potential archeological resources are discovered the subrecipient must immediately cease construction in that area and notify FEMA and the appropriate State Historical Preservation Office.

Management and Administration - If this Grant includes funds for management and administration (M&A), the subrecipient must comply with all applicable requirements and limitations with respect to M&A. The subrecipient's M&A shall not exceed 5% of their total project(s).

Personnel Cap - Up to fifty percent (50%) of all federal Homeland Security Grant Program (HSGP) awards may be used for personnel and personnel-related activities as directed by the Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act (Public Law 110-412). In general, use of HSGP funding to pay for staff and/or contractor regular time or overtime/backfill, among other items, are considered personnel-related costs. Subrecipients may request a waiver to the 50% personnel cap by submitting a waiver request through its respective regional council or urban area working group to HSGD at eGrants@gov.texas.gov. Requests for waivers shall be submitted on official subrecipient letterhead and be signed by the subrecipient's authorized official. Waivers shall contain the information required on page 9 of the FEMA Information Bulletin 379.

SECTION III: APPLICABLE TO FEDERALLY FUNDED OPSG SUBRECIPIENTS:

Subrecipients receiving Operation Stonegarden (OPSG) funds are prohibited from obligating or expending OPSG funds provided through this Grant until each unique, specific, or modified county level, tribal or equivalent Operations Order or Fragmentary Order has been reviewed and

approved by official notification by FEMA and Customs and Border Protection/Border Patrol (CBP/BP). Each Operations Order will be transferred via the secure portal (CBP/BP) BPETS system from each respective AOR Sector HQ to CBP/BP HQ in Washington, D.C., for review and pre-approval for Operational continuity, then forwarded to FEMA GPD/OPSG Program Office for final review/approval. Official notification of approval will be sent by FEMA via email to HSGD and CBP/BP HQ in Washington, D.C.

- Subrecipients shall develop and submit required operational documents through the border area's Integrated Planning Team.
- Subrecipients shall maintain an approved Concept of Operations, consisting of a campaign plan and proposed budget which will articulate the intent of how OPSG funds will be used throughout the grant performance period.
- Subrecipients intending to spend more than 50 percent of their award on overtime over the course of the performance period, must submit an overtime waiver request through the Integrated Planning Team.
- Subrecipients shall develop and submit Operations Orders for Tactical operational periods to achieve the strategic objectives of the campaign plan.
- Subrecipients shall only initiate tactical operations after the specific Operations Order(s) are approved through the Border Patrol Headquarters and by FEMA, and HSGD has issued an Award or Grant Adjustment Notice (GAN) to the jurisdiction.

SECTION IV: REMEDIES FOR NON-COMPLIANCE

If any subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application, a notice of award, or elsewhere, HSGD may take one or more of the following actions, as appropriate in the circumstances:

- Temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action by HSGD;
- Disallow or deny use of funds for all or part of the cost of the activity or action not in compliance;
- Wholly or partially suspend or terminate this Grant;
- Withhold further awards; or
- Take other remedies that may be legally available.

Subrecipient costs resulting from obligations incurred during a suspension or after termination of this Grant are not allowable unless HSGD expressly authorizes them in the notice of suspension or termination or subsequently.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the Office of the Governor-Criminal Justice Division. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to stand. The employee is occasionally required to walk; sit; use hands to find, handle, or feel objects, tools or controls; reach with hands and arms; climb or balance; stoop and kneel.

The employee must occasionally lift and/or move over 25 pounds. Specific vision abilities required by this job include close vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

SAFETY REQUIREMENTS:

Maintain physical conditions appropriate to the performance of assigned duties and responsibilities which may include the following:

- sitting for extended periods of time
- operating assigned equipment

Maintain mental capacity which permits:

- making sound decisions and using good judgment
- demonstrating intellectual capabilities

Effectively handle a work environment and conditions which involve:

- working closely with others
- working in a multi-task environment

Maintain effective audio-visual discrimination and perception needed for:

- making observations
- reading and writing
- operating assigned equipment
- communication with others
- required to follow the Hidalgo County Accident Prevention Plan and department's safety regulations

GOVERNOR GREG ABBOTT

Dear Grantee:

Congratulations on your award! To activate your agency's grant, the Authorized Official must log on to eGrants at https://eGrants.gov.texas.gov and go to the 'My Home' tab. In the 'Pending Applications' section, locate the application with a 'Current Status' of "Pending AO Acceptance of Award". Click on the grant number and proceed to the 'Accept Award' tab. From this tab, click on the 'Accept' button. Grants must be accepted within 45 calendar days of the date the award was issued.

Be sure to review the Subrecipient Responsibilities Memo for a quick overview of general items every grantee should be aware of. You can also find more detailed information on the eGrants website including helpful resources, links, and tools needed to properly administer HSGD grants. The Guide to Grants, also on the website, contains answers to questions frequently asked by grantees.

If you have any questions regarding this award, feel free to contact your grant manager, whose name is referenced in the Statement of Grant Award or you may always contact our office via the eGrants Help Desk at eGrants@gov.texas.gov.

We look forward to working with you to ensure the success of your program.

Aimee Snoddy
Director
Homeland Security Grants Division

Statement of Grant Award (SOGA)

The Statement of Grant Award is your official notice of award from the Governor's Homeland Security Grants Division (HSGD). The approved budget is reflected in the Budget/Details tab for this record in eGrants. The grantee agrees to comply with any and all applicable federal and state statutes, regulations, policies, guidelines and requirements, including, but not limited to, 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Texas Government Code, Chapter 783, Uniform Grant and Contract Management; and the Texas Uniform Grant Management Standards (UGMS) that govern the application, acceptance and use of Federal and State funds for this project. In instances where multiple requirements apply to a subrecipient, the more restrictive requirement applies. By clicking on the 'Accept' button within the 'Accept Award' tab, the grantee accepts the responsibility for the grant project, agrees and certifies compliance with the requirements outlined in the Grantee Responsibilities Memo, the Comprehensive Certifications and Assurance Form, and agrees with the following conditions of grant funding. The grantee's funds will not be released until the grantee has satisfied the requirements of the following Condition(s) of Funding and Other Fund-Specific Requirement(s), if any, cited below:

Grant Number:	2537805	**Award Amount:**	$355,000.00
Date Awarded:	PREVIEW - AWARD NOT ACTIVE	**Grantee Cash Match:**	$0.00
Grant Period:	09/01/2015 - 08/31/2016	**Grantee In Kind Match:**	$0.00
Liquidation Date:	11/29/2016	**Total Project Cost:**	$355,000.00
Program Fund:	BP-Border Prosecution Unit		
Grantee Name:	Hidalgo County		
Project Title:	Border Prosecution Unit		
Grant Manager:	Debbie Jacaman		
DUNS Number:	103110834

Accept Decline

COMPREHENSIVE CERTIFICATION AND ASSURANCES

The applicant must assure and certify compliance with any and all applicable federal and state statutes, regulations, policies, guidelines and requirements, including, but not limited to, 2 CFR 200; the Uniform Grant Management Standards (UGMS); and Title 1, Part 1, Chapter 3 of the Texas Administrative Code, that govern the application, acceptance and use of Federal and State funds for this project. In instances where multiple requirements apply to a subrecipient, the more restrictive requirement applies. ***By accepting the grant award in eGrants, the subrecipient certifies and assures that it complies and will continue to comply with the following:***

1. **LEGAL AUTHORITY** - It possesses legal authority to apply for the grant. A resolution, motion or similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative, or their designee of the organization to act in connection with the application and to provide such additional information as may be required. State agencies are not required to adopt a resolution.
2. **DISPLACED PERSONS** - It will comply with requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions (42 USC §§ 4601 - 4655) which provide for fair and equitable treatment of persons displaced as a result of Federal and federally assisted programs.
3. **POLITICAL ACTIVITY** – It will comply with provisions of Federal law which limit certain political activities of employees of State or local unit of government whose principal employment is in connection with an activity financed in whole or in part by Federal grants. (5 USC § 1501, et seq.)
4. **FAIR LABOR STANDARDS ACT** - It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act (29 USC §§ 201 - 219) if applicable.
5. **CONFLICT OF INTEREST** - It will establish safeguards to prohibit employees from using their positions for a purpose that is, or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties. It will comply with Texas Government Code, Section 572, Employment of Former State Officer or Employee of State Agency.
6. **COMPLIANCE REVIEW OR INVESTIGATIONS** – It will cooperate with any compliance review or complaint investigation conducted by the Federal sponsoring agency or the Office of the Governor.
7. **EXAMINATION OF RECORDS** - It will give the sponsoring agency, the Office of the Governor, the State Auditor's Office, or the Comptroller General, through any authorized representative, access to and the right to audit, examine and copy all records, books, papers, or documents related to the grant and permit access to facilities, personnel, and other individuals and information as may be necessary. Subrecipient shall ensure that this paragraph concerning the authority to audit funds received indirectly by subcontractors through subrecipient and the requirement to cooperate is included in any subcontract it awards related to this grant.
8. **REPORTING** – It will submit timely, complete, and accurate reports to the Federal sponsoring agency or Office of the Governor and maintain appropriate backup documentation to support the reports.
9. **COMPLIANCE WITH REQUIREMENTS** - It will comply with all requirements imposed by the Federal sponsoring agency, the Office of the Governor, or the Comptroller General, concerning special requirements of law, program requirements, special reporting, data collection, evaluation requirements, and other administrative requirements.
10. **EPA VIOLATING FACILITIES** - It will ensure that the facilities under its ownership, lease or supervision, which shall be utilized in the accomplishment of the project, are not listed in the Environmental Protection Agency's (EPAs) list of Violating Facilities, and that it will notify the Federal grantor agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA.
11. **FLOOD INSURANCE** - It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act (50 USC § 4001), which states that, on or after March 2, 1975, communities must purchase flood insurance, where such insurance is available in those communities. This requirement is a condition for the receipt of any Federal financial assistance for construction or acquisition purposes for use in any area that had been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.
12. **HISTORIC PRESERVATION** - It will assist the federal grantor agency in its compliance with Section 106 of the National Historic Preservation Act of 1966 (16 USC § 470), Executive Order 11593 (identification and protection of historic properties), Archeological and Historical Preservation Act of 1974 (16 USC § 469a-1, et seq.), by (a) consulting with the State Historic Preservation Officer (SHPO) on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.
13. **NATIONAL ENVIRONMENTAL POLICY ACT** – It will assist the federal grantor agency in its compliance with the National Environmental Policy Act of 1969 (P.L. 91-190, 42 USC 4321-4347, January 1, 1970, 83 Stat. 852) as amended by P.L. 94-52, July 3, 1975, 89 Stat. 258, and P.L. 94-83, August 9, 1975, 89 Stat. 424), by (a) identifying if any of the following activities will be related to the use of grant funds: (1) new construction; (2) minor renovation or remodeling of a property either listed on or eligible for listing on the National Register of Historic Places or located within a 100-year flood plain; (3) a renovation, lease or any proposed use of a building or facility that will either result in a change in its basic prior use or significantly change its size; and (4) implementation of a new program involving the use of chemicals other than chemicals that are purchased as an incidental component of a funded activity and traditionally used, for example, in office, household, recreational, or education environments; and (b) by complying with the following conditions relating to

clandestine methamphetamine laboratory operations, including the identification, seizure, or closure of clandestine methamphetamine laboratories: (1) provide medical screening of personnel assigned or to be assigned by the subrecipient to the seizure or closure of clandestine methamphetamine laboratories; (2) provide Occupational Safety and Health Administration (OSHA) required initial and refresher training for law enforcement officials and all other personnel assigned to either the seizure or closure of clandestine methamphetamine laboratories; (3) as determined by their specified duties, equip the personnel with OSHA required protective wear and other required safety equipment; (4) assign properly trained personnel to prepare a comprehensive contamination report on each seized/closed laboratory; (5) utilize qualified disposal personnel to remove all chemicals and associated glassware, equipment, and contaminated materials and wastes from the site(s) of each seized laboratory; (6) dispose of the chemicals, equipment, and contaminated materials and wastes at properly licensed disposal facilities or, when allowable, at properly licensed recycling facilities; (7) monitor the transport, disposal, and recycling components of subsections numbered (5) and (6), immediately above, in order to ensure proper compliance; (8) have in place and/or implement any required written agreements with the Texas Department of Protective and Regulatory Services regarding the safety of any minors located at the clandestine laboratory site, the Texas Commission for Environmental Quality, and other entities deemed necessary by the State Administrative Agency.

14. **NONDISCRIMINATION** –
    A. It will comply with all State and Federal statutes relating to nondiscrimination and ensure, in accordance with federal civil rights laws, that the subrecipient shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.
    B. It will comply, and all its contractors will comply, with the nondiscrimination requirements which may include the Civil Rights Act of 1964 (42 USC § 2000d); the Civil Rights Act of 1968 (42 USC § 3601 et seq.); the Rehabilitation Act of 1973 (29 USC § 794); the Americans With Disabilities Act (ADA) of 1990 (42 USC § 12131-34); the Education Amendments of 1972 (USC §§ 1681, 1683, 1685-86); Title IX of the Education Amendments of 1972 (Equal Employment in Education Act) (20 USC § 1681 et seq.); the Age Discrimination Act of 1975 (42 USC §§ 6101-07); Titles I, II and III of the Americans with Disabilities Act; the Drug Abuse and Treatment Act of 1972 (PL 92-255); the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (PL 91-616); Sections 523 and 527 of the Public Health Service Act of 1912 (42 USC §§ 290dd-3 and 290ee-3); and 28 CFR 38 (Equal Treatment for Faith-Based Organizations); see Ex. Order 13279 (equal protection of the laws for faith-based and community organizations) and Ex. Order 13559 (fundamental principles and policymaking criteria for partnerships with faith-based and neighborhood organizations).
    C. If, during the past three years, the subrecipient has been accused of discrimination on the grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status, the subrecipient must provide a list of all such proceedings, pending or completed, including outcome and copies of settlement agreements to the U.S. Department of Homeland Security (DHS) awarding office and the DHS Office of Civil Rights and Civil Liberties.
    D. In the event of any court or administrative agency makes a finding of discrimination on grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status against the subrecipient, or the subrecipient settles a case or matter alleging such discrimination, subrecipients must forward a copy of the complaint and findings to the DHS awarding office and the DHS Office of Civil Rights and Civil Liberties.
15. **LIMITED ENGLISH PROFICIENCY**- It will comply with the *Title VI of the Civil Rights Act of 1964* (Title VI) prohibition against discrimination on the basis of national origin, which requires that subrecipients of federal financial assistance take reasonable steps to provide meaningful access to persons with limited English proficiency (LEP) to their programs and services. Providing meaningful access for persons with LEP may entail providing language assistance services, including oral interpretation and written translation. In order to facilitate compliance with Title VI, subrecipients are encouraged to consider the need for language services for LEP persons served or encountered in developing program budgets. Executive Order 13166, *Improving Access to Services for Persons with Limited English Proficiency* (August 11, 2000), requires federal agencies to issue guidance to recipients, assisting such organizations and entities in understanding their language access obligations. DHS published the required recipient guidance in April 2011, *DHS Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons*, 76 Fed. Reg. 21755-21768, (April 18, 2011). The Guidance provides helpful information such as how a subrecipient can determine the extent of its obligation to provide language services; selecting language services; and elements of an effective plan on language assistance for LEP persons. For additional assistance and information regarding language access obligations, please refer to the DHS Recipient Guidance https://www.dhs.gov/guidance-published-help-department-supported-organizations-provide-meaningful-access-people-limited and additional resources on http://www.lep.gov.
16. **ACTIVITIES CONDUCTED ABROAD** – It will ensure that project activities carried on outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.
17. **PERSONALLY IDENTIFIABLE INFORMATION (PII)** – If subrecipient collects PII it will have a publically-available privacy policy that describes what PII it collects, how it uses the PII, whether it shares PII with third parties, and how individuals may have their PII corrected where appropriate.
18. **COPYRIGHT** – It will affix the applicable copyright notices of 17 USC § 401 or 402 and an acknowledgement of Government sponsorship (including award number) to any work first produced under Federal financial assistance awards, unless the work includes any information that is otherwise controlled by the Government (e.g. classified information or other information subject to national security or export control laws or regulations.)
19. **DEBARMENT AND SUSPENSION** – It will comply with Executive Orders 12549 and 12689 that requires "a contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM)", in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties

declared ineligible under statutory or regulatory authority other than Executive Order 12549. The subrecipient certifies it will verify each vendor's status to ensure the vendor is not debarred, suspended, otherwise excluded or declared ineligible by checking the SAM before doing/renewing business with that vendor.

20. **DUPLICATION OF BENEFITS** – It will comply with 2 CFR 200.405, which provides that any cost allocable to a particular Federal award provided for in 2 C.F.R. Part 200, Subpart E may not be charged to other Federal awards to overcome fund deficiencies, to avoid restrictions imposed by Federal statutes, regulations, or terms and conditions of the Federal awards, or for other reasons. However, this prohibition would not preclude the subrecipient from shifting costs that are allowable under two or more Federal awards in accordance with existing Federal statutes, regulations, or the terms and conditions of the Federal awards.
21. **ENERGY POLICY AND CONSERVATION ACT** – It will comply with the requirements of 42 USC § 6201 which contain policies relating to energy efficiency that are defined in the state energy conservation plan issued in compliance with this act.
22. **FALSE CLAIMS ACT AND PROGRAM FRAUD CIVIL REMEDIES** – It will comply with the requirements of 31 USC § 3729 which set forth that no subrecipient of federal payments shall submit a false claim for payment. See also 38 USC § 3801-3812 which details the administrative remedies for false claims and statements made.
23. **FEDERAL DEBT STATUS** – It is non-delinquent in its repayment of any Federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowances, and benefit overpayments. See OMB Circular A-129 and form SF-424B, item number 17 for additional information and guidance.
24. **FLY AMERICA ACT OF 1974** – It will comply with Preference for U.S. Flag Air Carriers: (air carriers holding certificates under 42 USC § 41102) for international air transportation of people and property to the extent that such service is available, in accordance with the *International Air Transportation Fair Competitive Practices Act of 1974* (49 USC § 40118) and the interpretative guidelines issued by the Comptroller General of the United States in the March 31, 1981 amendment to Comptroller General Decision B-138942.
25. **HOTEL AND MOTEL FIRE SAFETY ACT OF 1990** – In accordance with Section 6 of the *Hotel and Motel Fire Safety Act of 1990,* 15 USC § 2225a, it will ensure that all conference, meeting, convention, or training space funded in whole or in part with Federal funds complies with the fire prevention and control guidelines of the *Federal Fire Prevention and Control Act of 1974, as amended,* 15 USC §2225.
26. **PATENTS AND INTELLECTUAL PROPERTY RIGHTS** – Unless otherwise provided by law, subrecipients are subject to the Bayh-Dole Act, PL No 96-517, as amended, and codified in 35 USC § 200 et seq. It will comply with the specific requirements governing the development, reporting, and disposition of rights to inventions and patents resulting from financial assistance awards (37 CFR Part 401) and the standard patent rights clause in 37 CFR § 401.14.
27. **PROCUREMENT OF RECOVERED MATERIALS** – It will comply with Section 6002 of the Solid Waste Disposal acts amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the hi9ghest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired by the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
28. **SAFECOM** – If emergency communications equipment is provided under the grant, it will comply with the SAFECOM Guidance for Emergency Communication Grants, including provisions on technical standards that ensure and enhance interoperable communications.
29. **TERRORIST FINANCING E.O. 13224** – It will comply with U.S. Executive Order 13224 and U.S. law that prohibit transactions with, and the provisions of resources and support to, individuals and organizations associated with terrorism. It is the legal responsibility of subrecipients to ensure compliance with the E.O. and laws.
30. **TRAFFICKING VICTIMS PROTECTION ACT OF 2000** – It will comply with the requirements of the government-wide award term which implements Section 106 (g) of the *Trafficking Victims Protection Act (TVPA) of 2000,* as amended (22 USC § 7104), located at 2 CFR Part 175. This is implemented in accordance with OMB Interim Final Guidance, *Federal Register,* Volume 72, No. 218, November 13, 2007. Full text of the award term is provided at 2 CFR § 175.15.
31. **UNIVERSAL IDENTIFIER AND SYSTEM FOR AWARD MANAGEMENT (SAM)** – It will maintain the currency of the information in the SAM until submission of the final financial report required under the award or receipt of final payment, whichever is later, as required by 2 CFR Part 25.
32. **USA PATRIOT ACT OF 2001** – It will comply with the requirements of the *Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act* (USA PATRIOT Act), which amends 18 USC §§ 175-175c. Among other things, the USA PATRIOT Act prescribes criminal penalties for possession of any biological agent, toxin, or delivery system of a type or in a quantity that is not reasonably justified by a prophylactic, protective, bona fide research, or other peaceful purpose.
33. **USE OF DHS SEAL, LOGO AND FLAGS** – It will obtain DHS's approval prior to using the DHS seal(s), logos, crests or reproductions of flags or likenesses of DHS agency officials, including use of the United States Coast Guard seal, logo, crests or reproductions of flags or likenesses of Coast Guard officials.
34. **WHISTLEBLOWER PROTECTION ACT** – It will comply with the statutory requirements for whistleblower protections (if applicable) at 10 USC 2409, 41 USC 4712, 10 USC 2324, and 41 USC 4304 and 4310.
35. **PROTECTION OF HUMAN SUBJECTS** – It will comply with the requirements of the Federal regulations at 45 CFR Part 46, which requires that subrecipients comply with applicable provisions/law for the protection of human subjects for purposes of research. It will comply with the requirements in DHS Management Directive 026-04, Protection of Human Subjects, prior to implementing any work with human subjects. For purposes of 45 CFR Part 46, research means a systematic investigation, including research, development, testing, and evaluation, designed to develop or contribute to general knowledge. Activities that meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program that is considered research for other purposes. The regulations specify additional protections for research involving human fetuses, pregnant women, and neonates (Subpart B); prisoners

(Subpart C); and children (Subpart D). The use of autopsy materials is governed by applicable State and local law and is not directly regulated by 45 CFR Part 46.

36. **COASTAL BARRIERS** - It will comply with the provisions of the Coastal Barrier Resources Act (16 USC § 3501, et seq.) which prohibits the expenditure of most new Federal funds within the units of the Coastal Barrier Resources System.
37. **SUPPLANTING PROHIBITION** - It will use funds to supplement existing funds for program activities and may not replace (supplant) non-Federal funds that have been appropriated for the same purpose. The applicant understands that potential supplanting will be the subject of monitoring and audit. Violations can result in a range of penalties, including suspension of future funds under this Program, suspension or debarment from Federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.
38. **TAXES** – It will comply with all State and Federal laws and are solely responsible for filing all required State and Federal tax forms.
39. **GRANT ADMINISTRATION** - It will maintain an appropriate grant administration system to ensure that all terms, conditions and specifications of the grant, including these standard assurances, are met.
40. **PUBLIC INFORMATION** - It will ensure that all information collected, assembled or maintained by the applicant relative to a project will be available to the public during normal business hours in compliance with Texas Government Code, Chapter 552, unless otherwise expressly prohibited by law.
41. **CHILD SUPPORT PAYMENTS** – It will comply with Section 231.006, Texas Family Code, which prohibits payments to a person who is in arrears on child support payments.
42. **SUSPECTED CHILD ABUSE** - It will comply with Section 261.101 of the Texas Family Code, which requires reporting of all suspected cases of child abuse to local law enforcement authorities and to the Texas Department of Child Protective and Regulatory Services. It will also ensure that all program personnel are properly trained and aware of this requirement.
43. **RELATIVES** - It will comply with Texas Government Code, Chapter 573, by ensuring that no officer, employee, or member of the applicant's governing body or of the applicant's contractor shall vote or confirm the employment of any person related within the second degree of affinity or the third degree of consanguinity to any member of the governing body, or to any other officer or employee authorized to employ or supervise such person. This prohibition shall not prohibit the employment of a person, who shall have been continuously employed for a period of two years, or such other period stipulated by local law, prior to the election or appointment of the officer, employee, or governing body member related to such person in the prohibited degree.
44. **OPEN MEETINGS** - If the applicant is a governmental entity, it will comply with Texas Government Code, Chapter 551, which requires all regular, special or called meeting of governmental bodies to be open to the public, except as otherwise provided by law or specifically excluded in the Texas Constitution.
45. **HEALTH, HUMAN SERVICES, PUBLIC SAFETY OR LAW ENFORCEMENT AGENCY** - If the applicant is a health and human services agency or public safety or law enforcement agency, it will not contract with or issue a license, certificate or permit to the owner, operator or administrator of a facility if the license, permit or certificate has been revoked by another health and human services agency or public safety or law enforcement agency.
46. **HIV/AIDS WORKPLACE GUIDELINES** – It will adopt and implement applicable provisions of the model HIV/AIDS work place guidelines of the Texas Department of Health as required by the Texas Health and Safety Code, Ann., Sec. 85.001, et seq.
47. **LAW ENFORCEMENT AGENCY** - If the applicant is a law enforcement agency regulated by Texas Occupations Code, Chapter 1701, it will not expend any grant funds for this grant unless it is in compliance with all rules adopted by the Texas Commission on Law Enforcement (TCOLE), or TCOLE certifies that it is in the process of achieving compliance with such rules.
48. **POLITICAL POLLING PROHIBITED** – It will not subgrant to any entity or expend funds for political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.
49. **LIMITATIONS ON GRANTS TO UNITS OF LOCAL GOVERNMENT** - Grant funds may not be expended by a unit of local government unless the following limitations and reporting requirements are satisfied:
    a. Texas General Appropriations Act, Art. IX, Parts 2 and 3, except there is no requirement for increased salaries for local government employees;
    b. Texas Government Code Sections 556.004, 556.005, and 556.006, which prohibits using any money or vehicle to support the candidacy of any person for office, influencing positively or negatively the payment, loan, or gift to a person or political organization for a political purpose, and using Grant funds to influence the passage or defeat of legislation including not assisting with the funding of a lobbyist, or using Grant funds to pay dues to an organization with a registered lobbyist;
    c. Texas Government Code Sections 2113.012 and 2113.101, which prohibits using Grant funds to compensate any employee who uses alcoholic beverages on active duty and subrecipient may not use Grant funds to purchase an alcoholic beverage and may not pay or reimburse any travel expense for an alcoholic beverage;
    d. Texas General Appropriations Act, Art. IX, Section 6.13, which requires subrecipient to make every effort to attain key performance target levels associated with this Grant, including performance milestones, milestone time frames, and related performance reporting requirements; and
    e. General Appropriations Act, Art. IX, Sections 7.01 and 7.02, and Texas Government Code §2102.0091, which requires that this Grant may only be expended if subrecipient timely completes and files its reports.
50. **EQUAL EMPLOYMENT OPPORTUNITY**- It will comply with the requirement that except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
51. **DAVIS-BACON ACT** – It will comply with the *Davis-Bacon Act*, as amended (40 U.S.C. 3141-3148) that states when required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by subrecipients

must include a provision for compliance with the *Davis-Bacon Act* (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The subrecipient must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The subrecipient must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the *Copeland "Anti-Kickback" Act* (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The subrecipient must report all suspected or reported violations to the Federal awarding agency.

52. **CONTRACT WORK HOURS AND SAFETY STANDARDS ACT** - Where applicable, it will comply with the requirement that all contracts awarded by the subrecipient in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
53. **RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT** - If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," it will comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
54. **CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT** – If subrecipient receives grants in excess of $150,000, it will comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
55. **TEXAS PUBLIC INFORMATION ACT; CONFIDENTIAL INFORMATION** - It acknowledges that the State, OOG, and this grant are subject to the Texas Public Information Act, Texas Government Code Chapter 552, (the "PIA"). Subrecipient acknowledges that the OOG will comply with the PIA, as interpreted by judicial opinions and opinions of the Attorney General of the State of Texas. The subrecipient acknowledges that information created or exchanged in connection with this grant is subject to the PIA, and subrecipient agrees that information not otherwise excepted from disclosure under the PIA, will be available in a format that is accessible by the public at no additional charge to the OOG or State. The subrecipient will cooperate with OOG in the production of documents or information responsive to a request for information. Information provided by or on behalf of subrecipient under, pursuant to, or in connection with this grant that the subrecipient considers proprietary, financial, or trade secret information (collectively "Confidential Information") shall be designated as such when it is provided to OOG or State or any other entity in accordance with this grant. OOG agrees to notify subrecipient in writing within a reasonable time from receipt of a request for information covering subrecipient's Confidential Information. OOG will make a determination whether to submit a Public Information Act request to the Attorney General. The subrecipient agrees to maintain the confidentiality of information received from the OOG or State during the performance of this grant, including information which discloses confidential personal information particularly, but not limited to, personally identifying information, personal financial information and social security numbers. Subrecipient will notify OOG within twenty-four (24) hours of receipt of any third party requests for information that was provided to the subrecipient by the OOG or the State.
56. **FUNDING LIMITATION** - It agrees that nothing in this grant will be interpreted to create an obligation or liability of the OOG in excess of the funds delineated in this grant. Subrecipient agrees that funding for this grant is subject to the actual receipt by the OOG of grant funds appropriated to the OOG. Subrecipient agrees that the grant funds, if any, received from the OOG may be limited by the term of each state biennium and by specific appropriation authority to and the spending authority of the OOG for the purpose of this grant. Subrecipient agrees that notwithstanding any other provision of this grant, if the OOG is not appropriated the funds or if the OOG does not receive the appropriated funds for this grant program, or if the funds appropriated to the OOG for this grant program are required to be reallocated to fund other federal or state programs or purposes, the OOG is not liable to pay the subrecipient any remaining balance on this grant.
57. **NO WAIVER OF SOVEREIGN IMMUNITY** - It agree that no provision of this grant is in any way intended to constitute a waiver by the OOG, its officers, employees, agents, or contractors or the State of Texas of any immunities from suit or from liability that the OOG or the State of Texas may have by operation of law.
58. **INDEPENDENT CONTRACTOR STATUS** - It agrees that it is an independent contractor and under no circumstances shall any owner, incorporator, officer, director, employee, or volunteer of subrecipient be considered a state employee, agent, servant, joint venturer, joint enterpriser or partner of the OOG or the State of Texas. Subrecipient is not a "governmental body" by virtue of receipt of grant funds under this Contract. Likewise, the persons identified by subrecipient as meeting the Created Job Target or Baseline are not state employees by virtue of this Contract. All persons furnished, used, retained, or hired by or on behalf of subrecipient or any of subrecipient's contractors shall be

considered to be solely the employees or agents of subrecipient or subrecipient's contractors. Subrecipient or subrecipient's contractors shall be responsible for ensuring that any and all appropriate payments are made, such as unemployment, workers compensation, social security, any benefit available to a state employee as a state employee, and other payroll taxes for such persons, including any related assessments or contributions required by law. Subrecipient agrees to take such steps as may be necessary to ensure that each contractor of subrecipient will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venturer, joint enterpriser or partner of the OOG or the State of Texas. Subrecipient is responsible for all types of claims whatsoever due to actions or performance under this Contract, including, but not limited to, the use of automobiles or other transportation, taken by its owners, incorporators, officers, directors, employees, volunteers or any third parties.

59. **GOVERNING LAW; VENUE** –This Contract is made and entered into in the State of Texas. This Contract and all disputes arising out of or relating thereto shall be governed by the laws of the State of Texas, without regard to any otherwise applicable conflict of law rules or requirements. Except where state law establishes mandatory venue, subrecipient agrees that any action, suit, litigation or other proceeding (collectively "litigation") arising out of or in any way relating to this Contract shall be commenced exclusively in the Travis County District Court or the United States District Court in the Western District, Austin Division, and to the extent allowed by law, hereby irrevocably and unconditionally consents to the exclusive jurisdiction of those courts for the purpose of prosecuting and/or defending such litigation. Subrecipient hereby waives and agrees not to assert by way of motion, as a defense, or otherwise, in any suit, action or proceeding, any claim that subrecipient is not personally subject to the jurisdiction of the above-named courts; the suit, action or proceeding is brought in an inconvenient forum; and/or the venue is improper.
60. **COMPLIANCE WITH LICENSING, PERMITTING AND REGULATORY BODIES** - Subrecipient certifies that it has obtained all licenses, certifications, permits and authorizations necessary to perform its obligations under this Contract, without costs to the OOG. Subrecipient shall comply with any applicable federal, state, county, local and municipal laws, ordinances, resolutions, codes, decisions, orders, rules, and regulations, in connection with its obligations under this Contract. Subrecipient certifies that it currently is in good standing with all licensing, permitting or regulatory bodies that regulate any or all aspects of subrecipient's business or operations. Subrecipient agrees to comply with all applicable licenses, legal certifications, inspections, and any other applicable local ordinance or state or federal laws.
61. **CHAPTER 2260 OF THE TEXAS GOVERNMENT CODE** – Subrecipient agrees the dispute resolution process provided for in Chapter 2260 of the Texas Government Code shall be used, as further described herein, by the Parties to attempt to resolve any claim for breach of this Contract made by subrecipient. Subrecipient's claims for breach of this Contract that the Parties cannot resolve in the ordinary course of business shall be submitted to the negotiation process provided in Chapter 2260, Subchapter B, of the Government Code. To initiate the process, subrecipient shall submit written notice to the OOG's contact. Said notice shall specifically state that the provisions of Chapter 2260, Subchapter B, are being invoked. Compliance by subrecipient with Subchapter B is a condition precedent to the filing of a contested case proceeding under Chapter 2260, Subchapter C, of the Government Code. The contested case process provided in Chapter 2260, Subchapter C, of the Texas Government Code is subrecipient's sole and exclusive process for seeking a remedy for any and all alleged breaches of this Contract by the OOG if the Parties are unable to otherwise informally resolve their disputes. Compliance with the contested case process provided in Chapter 2260, Subchapter C, of the Texas Government Code is a condition precedent to seeking consent to sue from the Legislature under Chapter 107 of the Texas Civil Practices and Remedies Code. Neither the execution of this Contract by OOG nor any other conduct of any representative of OOG relating to this Contract shall be considered a waiver of sovereign immunity. The submission, processing, and resolution of subrecipient's claim is governed by the OOG's published rules, if any. If no OOG rules have been published, then Title 1, Chapter 155 of the Texas Administrative Code, shall govern.
62. **INDEMNITY AND HOLD HARMLESS** - SUBRECIPIENT AGREES TO INDEMNIFY AND HOLD HARMLESS THE OOG, THE STATE OF TEXAS AND ITS EMPLOYEES, AGENTS, OFFICERS, REPRESENTATIVES, CONTRACTORS, AND/OR DESIGNEES FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS OR SUITS WHATSOEVER, INCLUDING ANY LITIGATION COSTS, ATTORNEYS' FEES, AND EXPENSES, RELATING TO TAX LIABILITY, UNEMPLOYMENT INSURANCE AND/OR WORKERS' COMPENSATION IN SUBRECIPIENT'S PERFORMANCE UNDER THIS GRANT. SUBRECIPIENT SHALL BE LIABLE TO PAY ALL COSTS OF DEFENSE INCLUDING ATTORNEYS' FEES. THE DEFENSE SHALL BE COORDINATED BY SUBRECIPIENT WITH OOG AND THE OFFICE OF THE ATTORNEY GENERAL WHEN THE OOG, THE STATE OF TEXAS OR ITS EMPLOYEES, AGENTS, OFFICERS, REPRESENTATIVES, CONTRACTORS AND/OR DESIGNEES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND SUBRECIPIENT MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM OOG AND THE OFFICE OF THE ATTORNEY GENERAL. SUBRECIPIENT AND THE OOG AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIMS.
63. **DRUG-FREE WORKPLACE** – It will comply with drug-free workplace requirements in Subpart B of 2 CFR part 3001, which adopts the Government-wide implementation (2 CFR part 182) of sec. 5152-5158 of the *Drug-Free Workplace Act of 1988* (Pub. L. 100-690, Title V, Subtitle D; 41 U.S.C. 701-707).
64. **LOBBYING** – The applicant certifies that:
    a. It will not use grant funds, either directly or indirectly, in support of the enactment, repeal, modification, or adoption of any law, regulation or policy, at any level of government, without the express prior approval of the Governor's Office.
    b. If any non-grant funds have been or will be used in support of the enactment, repeal, modification, or adoption of any law, regulation or policy, at any level of government, it will notify the Governor's Office to obtain the appropriate disclosure form.
    c. It will comply with 31 USC § 1352, as applicable, which provides that none of the funds provided under an award may be expended by the subrecipient to pay any person to influence, or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any Federal action concerning the award or renewal,
    d. It will include the language of paragraphs A., B. and C. of this Section in the award documents for all sub-awards at all tiers and will require all subrecipients to certify accordingly.

GOVERNOR GREG ABBOTT

To: HSGD Grant Recipient
From: Aimee Snoddy, Director Homeland Security Grants Division
Contact: (512) 463-1919
Reference: Subrecipient Responsibilities

Congratulations on your grant award from Governor Greg Abbott's Homeland Security Grants Division (HSGD). It is important to make you aware of a few things to consider as you implement strategies to successfully manage your program. For more information and resources, refer to the Grant Resources section of eGrants available online at https://eGrants.gov.texas.gov.

SECTION I: APPLICABLE TO ALL HSGD SUBRECIPIENTS

Requirements for Grants - Subrecipients shall comply with all applicable federal, state, and local laws and regulations applicable to this Grant including but not limited those noted as standard Comprehensive Certifications and Assurances (See Attachment A); 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Texas Government Code, Chapter 783, Uniform Grant and Contract Management; and the Texas Uniform Grants Management Standards (UGMS) available at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. HSGD reserves the right to add additional responsibilities and requirements, with or without advance notice to subrecipients.

Performance Standards – The subrecipient shall perform all activities entered into eGrants which are approved by HSGD. In the event the subrecipient fails to implement the activities approved by HSGD or comply with any provision of this Grant, the subrecipient may be liable to HSGD for an amount not to exceed the award amount and may be prohibited from applying for or receiving additional funds for other grant programs administered by the Governor's Office until repayment to HSGD is made and any other compliance or audit finding is satisfactorily resolved, in addition to any other remedy specified in this Grant.

Performance Period - The performance period for this Grant is listed on the Statement of Grant Award. All goods must be obligated and all services must be received within the performance period. HSGD will not be obligated to reimburse expenses incurred after the performance period.

Liquidation Period - The liquidation date is 90 calendar days after the grant end date, unless otherwise noted in the original grant award or a grant adjustment. Funds **not** obligated by the end of the grant period and **not** expended by the liquidation date will revert to HSGD.

Financial Reporting – Financial Status Reports must be submitted to HSGD via eGrants. Financial status reports may be submitted monthly but must be submitted at least quarterly. Financial Status Reports are due after each calendar quarter regardless of when the Grant was awarded. Due dates are:

April 22 (January-March quarter)
July 22 (April-June quarter)
October 22 (July-September quarter)
January 22 (October-December quarter)

The final Financial Status Report must be submitted to HSGD on or before the grant liquidation date or funds will lapse and HSGD will provide them as grants to others who need the funding.

Close Out – HSGD will close-out the grant award when it determines that all applicable administrative actions and all required work of the Grant have been completed by the subrecipient.

- The subrecipient must submit all financial, performance, and other reports as required by the terms and conditions of the grant award. Submission of the final Financial Status Report will initiate grant close out with HSGD.
- The subrecipient must promptly refund any balances of unobligated cash that the HSGD paid in advance or paid and that are not authorized to be retained by the subrecipient for use in other projects.

Payment Authorization – Payments will be generated based on expenditures reported in the Financial Status Reports or through Advance Payment Requests. Upon HSGD approval of the Financial Status Report or Advance Payment Request, a payment will be issued through direct deposit or electronic transfer.

Generated Program Income (GPI) – Any income generated as a direct result of the grant activities must be reported to HSGD through the Financial Status Report and grant adjustment processes. Program income must be used to offset project costs unless prior approval is granted allowing a supplement to project costs. Program income must be expended prior to seeking payments from HSGD and must be accounted and used for the purposes of the grant activities as awarded.

Grant Funded Personnel – Staff whose salaries are supported by this award must be made aware that continued funding is contingent upon the availability of appropriated funds as well as the outcome of the annual application review conducted by HSGD.

Project Changes – Subrecipients may submit a request for grant adjustment via eGrants for any proposed budgetary or programmatic changes, including updating contact information for grant officials.

Property Management and Inventory - Equipment purchased with grant funds must be used for the purpose of the Grant and as approved by HSGD. An inventory report must be kept on file

containing all equipment purchased with any grant funds during the grant period. This report must agree with the approved grant budget and the final Financial Status Report.

- At least every two (2) years, subrecipients must take a physical inventory and reconcile the results with property records.
- Subrecipients must maintain property/inventory records which, at minimum, include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, the cost of the property, the percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.
- Subrecipients must develop and implement a control system to prevent loss, damage or theft of property and investigate and document any loss, damage or theft of property funded under this Grant.
- The subrecipient must account for any real and personal property acquired with grant funds or received from the Federal Government in accordance with 2 C.F.R. 200.310 Insurance coverage through 200.316 Property trust relationship and 200.329 Reporting on real property. This documentation must be maintained by the subrecipient, according to the requirements listed herein, and provided to HSGD upon request, if applicable.
- When original or replacement equipment acquired under this award by the subrecipient is no longer needed for the original project or program or for other activities currently or previously supported by DHS/FEMA or HSGD, you must make proper disposition of the equipment pursuant to 2 C.F.R. 200.313 and/or the Uniform Grant Management Standards (UGMS), as applicable.

Fidelity Bond – Each nonprofit corporation receiving funds from HSGD must obtain and have on file a blanket fidelity bond that indemnifies HSGD against the loss or theft of the entire amount of grant funds, including matching funds. The fidelity bond should cover at least the HSGD grant period.

Required Notifications – Subrecipients must immediately notify HSGD in writing of any misappropriation of funds, fraud, theft, embezzlement, forgery, or any other serious irregularities indicating noncompliance with grant requirements. Subrecipients must notify the local prosecutor's office of any possible criminal violations. Subrecipients must immediately notify HSGD in writing if a project or project personnel become involved in any litigation, whether civil or criminal, and the subrecipient must immediately forward a copy of any demand notices, subpoenas, lawsuits, or indictments to HSGD. If a federal or state court or administrative agency renders a judgment or order finding discrimination by a subrecipient based on race, color, national origin, sex, age, or handicap, the subrecipient agrees to immediately forward a copy of the judgment or order to HSGD.

Project Effectiveness – Subrecipients should regularly evaluate the effectiveness of their projects. This includes a reassessment of project activities and services to determine whether they continue to be effective. Subrecipients must show that their activities and services effectively address and achieve the project's stated purpose.

Programmatic Reporting – Subrecipients must submit required reports regarding grant information, performance, and progress towards goals and objectives in accordance with the instructions provided by HSGD, or its designee. To remain eligible for funding, the subrecipient must be able to show the scope of services provided and the impact and quality of those services.

Monitoring – Subrecipients must readily make available to the Governor's Office or its agents all requested records. The Governor's Office may make unannounced monitoring visits at any time. The subrecipient must make every effort to resolve all issues, findings, or actions identified within the time frame specified by the Governor's Office.

For Fiscal Years Beginning Before December 26, 2014 Subrecipients expending over $500,000 in state or federal grant funds during the fiscal year are subject to the Single Audit requirements set forth in OMB Circular No. A 133 at http://www.whitehouse.gov/omb/circulars/index.html and the State Single Audit Circular issued under UGMS at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. Subrecipients must electronically submit to the Governor's Office copies of the results of any single audit conducted in accordance with OMB Circular No. A-133 or in accordance with the State Single Audit Circular issued under UGMS, within 30 calendar days after the subrecipient receives the audit results or nine months after the end of the audit period, whichever is earlier.

For Fiscal Years Beginning On or After December 26, 2014 Subrecipients expending over $750,000 in state or federal grant funds during the fiscal year are subject to 2 CFR, Part 200, Subpart F – Audit Requirements http://www.ecfr.gov/cgi-bin/text-idx?tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl and the State Single Audit Circular issued under UGMS at http://www.window.state.tx.us/procurement/catrad/ugms.pdf. Subrecipients must electronically submit to the Governor's Office copies of the results of any single audit conducted in accordance with 2 CFR, Part 200, Subpart F – Audit Requirements or in accordance with the State Single Audit Circular issued under UGMS, within 30 calendar days after the Subrecipient receives the audit results or nine months after the end of the audit period, whichever is earlier

Supplanting – Awarded funds must be used to supplement existing funds for program activities and not replace (supplant) funds that have been appropriated for the same purpose. Grant monitors and auditors will look for potential supplanting during reviews. Violations may result in a range of penalties, including suspension of future funds, suspension or debarment from receiving federal or state grants, recoupment of monies provided under the Grant, and civil or criminal penalties. Refer to the Guide to Grants at https://eGrants.gov.texas.gov/updates.aspx for additional information on supplanting.

Conflict of Interest – Subrecipients should have in place established safeguards to prohibit employees from using their positions for a purpose that is, or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

Contracting and Procurement – Subrecipients must follow their established policy and best practices for procuring goods or services with grant funds. Contracts must be routinely monitored for delivery of services or goods.

- When contractual or equipment procurement is anticipated to be in excess of $150,000, subrecipients must submit a Procurement Questionnaire https://eGrants.gov.texas.gov/updates.aspx to HSGD for approval prior to procurement. Subrecipients must ensure these contracts address administrative, contractual, or legal remedies in instance where contractors violate or breach contract terms and provide for such sanctions and penalties as appropriate.
- When contractual or equipment procurement is anticipated to be in excess of $10,000, subrecipients must address termination for cause and for convenience by the subrecipient including the manner by which it will be effected and the basis for settlement.
- Prior to contracting with any vendor or subawardee using funds awarded under this Grant, subrecipients must determine whether the vendor/subawardee is debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any federal department and agency and shall confirm the vendor/subawardee does not have any active "Exclusions" by reviewing the vendor/subawardee entity information at https://www.sam.gov/portal/public/SAM/.

Travel – Subrecipients must follow their established policies and good fiscal stewardship related to travel expenses. If the subrecipient does not have established policies regarding in-state and out-of-state travel, the subrecipient must use the travel guidelines established for state employees.

Uniform Crime Reporting – Local units of governments receiving funds from HSGD must comply with all requirements for uniform crime reporting and must ensure that prompt reporting will remain current throughout the grant period.

Criminal History Reporting - Entities receiving funds from HSGD must comply with all requirements outlined in the Texas Code of Criminal Procedure, Ch. 60, related to maintaining and reporting criminal history records.

Limited English Proficiency – Subrecipients must take reasonable steps to ensure that persons with limited English proficiency have meaningful access to services. Meaningful access may entail providing language assistance services, including oral and written translation when necessary. Additional information on this requirement can be found at http://www.lep.gov.

Law Enforcement Programs – Law enforcement programs receiving funds from HSGD must be in compliance with all rules developed by the Texas Commission on Law Enforcement.

Automated License Plate Readers - Subrecipients requesting funds for Automated License Plate Readers (ALPR) must have a written policy regarding use of the ALPR and related data

retention. Subrecipients also must enter into a User Agreement with the Texas Department of Public Safety (DPS), Crime Records Division to gain access to the Texas Automated License Plate Reader (LPR) Database so that data may be shared among all participating local, state, and federal agencies. DPS Crime Records Division will provide written certification of your jurisdiction's participation upon request. Please provide HSGD with a copy of the certification received from DPS Crime Records Division.

28 C.F.R. Part 23 Guidance - Any information technology system funded or supported by these funds must comply with 28 C.F.R. Part 23, *Criminal Intelligence Systems Operating Policies.*

National Information Exchange Model (NIEM) – Subrecipients must use the latest NIEM specifications and guidelines regarding the use of Extensible Markup Language (XML) when using HSGP funds to develop, procure, or implement homeland security information exchanges including systems and databases. Further information about NIEM specifications and guidelines is available at http://www.niem.gov.

Programs Approved to Pay Overtime for Personnel - Overtime is allowable to the extent that it is included in the HSGD approved budget, the subrecipient agency has an overtime policy approved by its governing body, and both grant-paid and non-grant paid personnel are treated the same with regards to the application of overtime policy(ies). In addition, in no case is dual compensation allowable. That is, an employee of a subrecipient agency may not receive compensation for hours worked (including paid leave) from his/her agency AND from an award for a single period of time, even though such work may benefit both activities. Overtime payments issued outside of these guidelines are the responsibility of the subrecipient agency.

Cancellation for Awards - Subrecipients must take reasonable steps to commence project activities upon receiving notice of a grant award:

> **Commencement Within 60 Days.** If a project is not operational within 60 days of the original start date of the award period or grant award date as noted on this memorandum, whichever is later, the subrecipient must report by letter to HSGD the steps taken to initiate the project, the reasons for delay, and the expected revised start date.
>
> **Commencement Within 90 Days.** If a project is not operational within 90 days of the original start date of the award period or grant award date as noted on this memorandum, whichever is later, the subrecipient must submit a second statement to HSGD explaining the implementation delay. Upon receipt of the 90-day letter, HSGD may cancel the project and redistribute the funds to other project areas. HSGD may also, where extenuating circumstances warrant, extend the implementation date of the project past the 90-day period.

Public Information Requests - Subrecipients must immediately notify and provide a copy to HSGD of any Public Information Request received by the agency related to this Grant award.

Prohibited Acts of Agencies and Individuals - Grant funds may not be used in connection with the following acts by agencies or individuals employed by grant funds:

- Grant funds may not be used to finance or otherwise support the candidacy of a person for an elected local, state, or federal office. This prohibition extends to the direct or indirect employment of a person to perform an action described by this subsection. In addition, grant-funded or grant-leased motor vehicles may not be used for the purpose described above.
- Grant funds may not be used to influence the payment, loan, or gift to a person or political organization for a political purpose, or to influence the passage or defeat of legislation.
- Grant funds may not be used to employ, as a regular full-time or part-time or contract employee, a person who is required by Chapter 305 of the Government Code to register as a lobbyist. Furthermore, grant funds may not be used to pay, on behalf of the agency or an officer or employee of the agency, membership dues to an organization that pays part or all of the salary of a person who is required by Chapter 305 of the Government Code to register as a lobbyist.
- Grant funds may not be used to compensate an officer or employee who uses alcoholic beverages on active duty. In addition, grant funds may not be used to purchase an alcoholic beverage or to pay or reimburse a travel expense that was incurred for an alcoholic beverage.
- Subrecipients must comply with the federal Hatch Act (5 U.S.C. §§ 1501- 1508) which restricts the political activity of some state and local employees who work in connection with federally funded programs. Covered state and local employees may not: 1) be candidates for public office in a partisan election; 2) use official authority or influence to interfere with or affect the results of an election or nomination; or, 3) directly or indirectly coerce contributions from subordinates in support of a political party or candidate.

Retention and Accessibility of Records - Subrecipients must maintain fiscal records and supporting documentation for all expenditures of this Grant's funds pursuant 2 CFR 200.333, UGMS, and this Grant.

- Subrecipients must retain these records and any supporting documentation for a minimum of seven (7) years from the later of the completion of this project's public objective, submission of the final expenditure report, any litigation, dispute, or audit.
- Records related to real property and equipment acquired with grant funds shall be retained for seven (7) years after final disposition.
- DHS or HSGD may direct a subrecipient to retain documents for longer periods of time or to transfer certain records to DHS or HSGD custody when DHS or HSGD determines that the records possess long term retention value.
- Subrecipients must give the DHS, the Comptroller General of the United States, the Texas State Auditor's Office, HSGD, or any of their duly authorized representatives,

access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by subrecipient pertaining to this Grant including records concerning the past use of grant funds. Such rights to access shall continue as long as the records are maintained.

- Subrecipients must include the substance of this Section in all subcontracts.
- Subrecipients must complete, deliver to the appropriate source, and retain copies of all after-action reports and certificates of completion for all training and exercises paid for by this Grant.

SECTION II: APPLICABLE TO ALL FEDERALLY FUNDED SUBRECIPIENTS

Federal Notice of Funding Opportunity - All allocations and use of funds under this Grant shall be in accordance with the applicable federal Notice of Funding Opportunity (NOFO) for the Federal Grant Title specified on this Grant.

Acknowledgement of Federal Funding from DHS – All subrecipients must acknowledge their use of federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing project programs funded in whole or in part with Federal funds from the U.S. Department of Homeland Security (DHS).

Emergency Management Plan - During the performance period of this Grant, subrecipients must maintain an Emergency Management Plan at the Intermediate Level of planning preparedness or as prescribed by the Texas Division of Emergency Management (TDEM). This may be accomplished by a jurisdiction maintaining its own emergency management plan or participating in an inter-jurisdictional emergency management program that meets the required standards. If TDEM identifies deficiencies in subrecipient's plan, the subrecipient shall correct deficiencies within 60 calendar days of receiving notice of such deficiencies from TDEM.

Mutual Aid Agreement – During the performance period of this Grant the subrecipient must participate in a legally-adopted county and/or regional mutual aid agreement.

National Incident Management System (NIMS) – During the performance period of this Grant, the subrecipient must implement the NIMS in a manner consistent with the NIMS Implementation Objectives outlined by FEMA at http://www.fema.gov/national-incident-management-system.

Texas Regional Response Network (TRRN) – Subrecipients must be registered users of the TRRN (or other response asset inventory management system specified by HSGD) and shall enter any deployable equipment with a cost of $5,000 or more, purchased with Homeland Security Grant funds into the TRRN (https://www.trrn.state.tx.us).

Environmental and Historical Review – Subrecipients must assess federally funded projects for potential impact to environmental resources and historic properties and submit any required screening form(s) as soon as possible within the deadlines established by HSGD. Timelines for the Environmental Planning and Historic Preservation (EHP) review process will vary based upon the complexity of the project and the potential for environmental or historical impact.

Subrecipients must include sufficient review time to comply with EHP requirements. Initiation of any activity prior to completion of FEMA's EHP review will result in a non-compliance finding and HSGD will not authorize or release grant funds for non-compliant projects.

- As soon as possible upon receiving this Grant, the subrecipient must provide information to HSGD to assist with the legally-required EHP review and to ensure compliance with applicable EHP laws and Executive Orders (EO) currently using the FEMA EHP Screening Form OMB Number 1660-0115/FEMA Form 024-0-01 and submitting it, with all supporting documentation, to HSGD for review. These EHP requirements include but are not limited to the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, EO 11988 – Floodplain Management, EO 11990 – Protection of Wetlands, and EO 12898 – Environmental Justice. Subrecipients must comply with all Federal, State, and local EHP requirements and obtain applicable permits and clearances. See FEMA Information Bulletin 329.
- Subrecipients shall not undertake any activity from the project that would result in ground disturbance, facility modification, or purchase and use of sonar equipment without the prior approval of FEMA. These include but are not limited to communications towers, physical security enhancements involving ground disturbance, new construction, and modifications to buildings. Subrecipients must comply with all mitigation or treatment measures required for the project as the result of FEMA's EHP review. Any changes to an approved project description will require re-evaluation for compliance with EHP requirements before the project can proceed. The subrecipient must ensure monitoring of ground disturbance and if any potential archeological resources are discovered the subrecipient must immediately cease construction in that area and notify FEMA and the appropriate State Historical Preservation Office.

Management and Administration - If this Grant includes funds for management and administration (M&A), the subrecipient must comply with all applicable requirements and limitations with respect to M&A. The subrecipient's M&A shall not exceed 5% of their total project(s).

Personnel Cap - Up to fifty percent (50%) of all federal Homeland Security Grant Program (HSGP) awards may be used for personnel and personnel-related activities as directed by the Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act (Public Law 110-412). In general, use of HSGP funding to pay for staff and/or contractor regular time or overtime/backfill, among other items, are considered personnel-related costs. Subrecipients may request a waiver to the 50% personnel cap by submitting a waiver request through its respective regional council or urban area working group to HSGD at eGrants@gov.texas.gov. Requests for waivers shall be submitted on official subrecipient letterhead and be signed by the subrecipient's authorized official. Waivers shall contain the information required on page 9 of the FEMA Information Bulletin 379.

SECTION III: APPLICABLE TO FEDERALLY FUNDED OPSG SUBRECIPIENTS:

Subrecipients receiving Operation Stonegarden (OPSG) funds are prohibited from obligating or expending OPSG funds provided through this Grant until each unique, specific, or modified county level, tribal or equivalent Operations Order or Fragmentary Order has been reviewed and

approved by official notification by FEMA and Customs and Border Protection/Border Patrol (CBP/BP). Each Operations Order will be transferred via the secure portal (CBP/BP) BPETS system from each respective AOR Sector HQ to CBP/BP HQ in Washington, D.C., for review and pre-approval for Operational continuity, then forwarded to FEMA GPD/OPSG Program Office for final review/approval. Official notification of approval will be sent by FEMA via email to HSGD and CBP/BP HQ in Washington, D.C.

- Subrecipients shall develop and submit required operational documents through the border area's Integrated Planning Team.
- Subrecipients shall maintain an approved Concept of Operations, consisting of a campaign plan and proposed budget which will articulate the intent of how OPSG funds will be used throughout the grant performance period.
- Subrecipients intending to spend more than 50 percent of their award on overtime over the course of the performance period, must submit an overtime waiver request through the Integrated Planning Team.
- Subrecipients shall develop and submit Operations Orders for Tactical operational periods to achieve the strategic objectives of the campaign plan.
- Subrecipients shall only initiate tactical operations after the specific Operations Order(s) are approved through the Border Patrol Headquarters and by FEMA, and HSGD has issued an Award or Grant Adjustment Notice (GAN) to the jurisdiction.

SECTION IV: REMEDIES FOR NON-COMPLIANCE

If any subrecipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application, a notice of award, or elsewhere, HSGD may take one or more of the following actions, as appropriate in the circumstances:

- Temporarily withhold cash payments pending correction of the deficiency or more severe enforcement action by HSGD;
- Disallow or deny use of funds for all or part of the cost of the activity or action not in compliance;
- Wholly or partially suspend or terminate this Grant;
- Withhold further awards; or
- Take other remedies that may be legally available.

Subrecipient costs resulting from obligations incurred during a suspension or after termination of this Grant are not allowable unless HSGD expressly authorizes them in the notice of suspension or termination or subsequently.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the U.S Immigration and Customs Enforcement (ICE), Special Agent in Charge (SAIC), San Antonio, Texas. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN IMMIGRATION AND CUSTOMS ENFORCEMENT AND LOCAL, COUNTY, OR STATE LAW ENFORCEMENT AGENCY FOR THE REIMBURSEMENT OF JOINT OPERATIONS EXPENSES FROM THE TREASURY FORFEITURE FUND

This Agreement is entered into by the Hidalgo County Sherriff Office, (NCIC CODE # TX 1080000) and Immigration and Customs Enforcement (ICE), Special Agent in Charge (SAIC), San Antonio, Texas for the purpose of the reimbursement of costs incurred by the Hidalgo County Sherriff Office in providing resources to joint operations/task forces.

Payments may be made to the extent they are included in the ICE Fiscal Year Plan, and the money is available within the Treasury Forfeiture Fund to satisfy the request(s) for the reimbursement of overtime expenses and other law enforcement expenses related to joint operations.

I. LIFE OF THIS AGREEMENT

This Agreement becomes effective on the date it is signed by both parties. It remains in force unless explicitly terminated, in writing, by either party.

II. AUTHORITY

This Agreement is established pursuant to the provisions of 31 USC 9703, the Treasury Forfeiture Fund Act of 1992, which provides for the reimbursement of certain expenses incurred by local, county, and state law enforcement agencies as participants of joint operations/task forces with a federal agency participating in the Treasury Forfeiture Fund.

III. PURPOSE OF THIS AGREEMENT

This Agreement establishes the responsibilities of both parties and the procedures for the reimbursement of certain overtime expenses and other law enforcement expenses pursuant to 31 USC 9703.

IV. APPLICABILITY OF THIS AGREEMENT

This agreement is valid for all joint investigations led by ICE SAC, San Antonio, Texas, with the participation of the Hidalgo County Sherriff Office, and until terminated, in writing, by either party.

V. TERMS, CONDITIONS, AND PROCEDURES

Office must submit to ICE SAC San Antonio, Texas the TEOAF Form "Local, County, and State Law Enforcement Agency Request for Reimbursement of Joint Operations Expenses (Invoice)", signed by an authorized representative of that agency and accompanied by supporting documents such as copies of time sheets and receipts.

4. The Hidalgo County Sherriff Office remains fully responsible, as the employer of the officer(s) assigned to the investigation, for the payment of overtime salaries and related benefits such as tax withholdings, insurance coverage, and all other requirements under the law, regulation, ordinance, or contract, regardless of the reimbursable overtime charges incurred. Treasury Forfeiture Fund reimburses overtime salaries. Benefits are not reimbursable.

5. The maximum reimbursement entitlement for overtime worked on behalf of the joint investigation is set at $15,000 per officer per year.

6. The Hidalgo County Sherriff Office will submit all requests for the reimbursement of joint operations' expenses to ICE Acting Assistant Special Agent in Charge, Mario H. Campbell at the following address: 5901 S. International Parkway, McAllen, Texas 78503, Attn. Cristina Torres, Mission Support Specialist, Ph. (956) 984-6918.

VI. PROGRAM AUDIT

This Agreement and its provisions are subject to audit by ICE, the Department of the Treasury Office of Inspector General, the General Accounting Office, and other government designated auditors. The Hidalgo County Sherriff Office agrees to permit such audits and agrees to maintain all records relating to these transactions for a period not less than three years; and in the event of an on-going audit, until the audit is completed.

These audits may include reviews of any and all records, documents, reports, accounts, invoices, receipts of expenditures related to this agreement, as well as interviews of any and all personnel involved in these transactions.

VII. REVISIONS

The terms of this Agreement may be amended upon the written approval by both parties. The revision becomes effective on the date of approval.

VIII. NO PRIVATE RIGHT CREATED

This is an internal government agreement between ICE SAC San Antonio, Texas and the Hidalgo County Sherriff Office, and is not intended to confer any right or benefit to any private person or party.

Executive Summary

The Sheriff's Office maintains a collaborative working relationship with all local, state, and/or federal authorities. The Hidalgo County Sheriff's Office (HCSO), as a participating entity with Operation Stonegarden (OPSG) 2014, with the assistance of the seventeen (17) participating law enforcement agencies will increase enforcement efforts along identified routes of ingress and egress to include (but not limited to) U.S. Highways, 107, 281, Interstates 69, 2, Expressway 83, FM 186, FM 490, and FM 681. Intelligence information, to include prior statistical data, indicates that these are the primary routes utilized by the criminal element to further their illegal entry and smuggling activities to locations within the United States. The Hidalgo County Sheriff's Office with the assistance of local law enforcement agencies as well as state and federal agencies if needed may participate in additional required operations. Operations may be coordinated with state, federal and local border security surge operations over an extended period of time. Agencies participating in the operation will deploy available ground, air, and maritime assets to conduct fixed and mobile patrols of access points to known trafficking corridors in the immediate vicinity of the Rio Grande River and surrounding areas. The participation of these agencies, made possible by funding through OPSG, will significantly impact the ability of criminal organizations to operate within the Rio Grande Valley Sector Area of Responsibility (AOR). The enhanced enforcement posture will strengthen border security by providing a stronger defense in depth mechanism.

I. SITUATION

A. General Situation:

Hidalgo County is located within the AOR of the Rio Grande Valley Sector, Weslaco and McAllen Border Patrol Stations. Hidalgo County is the eighth largest county in the State of Texas and consist of 1,571 square miles and shares approximately 75 miles of international border with Mexico jurisdiction including a number of ingress/egress routes that lead to and from the immediate southern international boundaries of the Rio Grande River border area. Additionally, the County's jurisdiction includes a number of Ports of Entries which include Progreso, Donna, Pharr, Hidalgo, Los Ebanos (manual ferry/barge crossing) and Mission. There are also numerous major thoroughfares such as U.S. Expressway 83 which runs parallel east and west along the Rio Grande River, U.S. 281 which

leads in and out of the County in a north and south direction plus numerous highly traveled arteries. Hidalgo County is located between Cameron County and Starr County and bordered by Brooks County and Willacy County to the North. Hidalgo County's population according to the 2010 U.S. Census was 797,810; rural population consists of over 237,000.
Hidalgo County Sheriff's Office consists of two major divisions, detention and law enforcement. The detention facility which houses 1,200 inmates is staffed by 360 certified detention officers, law enforcement division consist of 293 certified law enforcement personnel, combined total of 653. In addition, HCSO has a civilian support staff which consists of 155 personnel. Hidalgo County is unique in comparison with other counties within Texas. Hidalgo County consists of twenty local municipalities each having its own law enforcement agencies, plus four (precincts) Constables Offices. Hidalgo County Sheriff's Office currently has sixteen (16) LEAs participating in Operation Stonegarden 2013.

B. Terrain/Weather:

Hidalgo County is comprised of 1,571 square miles of the Rio Grande delta. The northern part of the county has sandy and light loam soils over deep reddish or mottled, clayey sub soils, in some areas limestone lies within forty inches from the surface. The southern part of the county has moderately deep loamy surfaces over clayey sub soils.

Hidalgo County is in the south Texas plains vegetation area, which features; grasses, mesquite, live oaks, and chaparral. The climate is subtropical and sub-humid. Temperatures ranging from an average low of 47 °F/8 °C in January to an average high of 96°F/36°C in July; the average annual temperature is 73°F/23°C. Rainfall averages 23 inches (580 mm) a year, while the growing season lasts for 320 days of the year.

C. Criminal Element:

Organized Criminal elements both in Mexico and in United States use identified routes of ingress and egress through Hidalgo County to include U.S. Highways 107, 281, and Expressway 83, to further their criminal enterprise. Intelligence information, to include prior statistical data, indicates that these are the primary routes utilized by the criminal element to further their illegal entry and smuggling activities to locations throughout the United States.

D. Friendly Forces:

- Alamo Police Department
- Donna Police Department
- Edinburg Police Department
- Hidalgo Police Department
- La Joya Police Department
- Mercedes Police Department
- Mission Police Department
- Palmview Police Department
- Peñitas Police Department
- Pharr Police Department
- San Juan Police Department
- Sullivan City Police Department
- Weslaco Police Department

II. MISSION

The mission of the Hidalgo County Sheriff's Office along with seventeen participating law enforcement agencies will be to provide an enhanced law enforcement visibility and capability within each LEA jurisdictional. This will substantially increase the probability of identification and/or apprehension of criminal elements operating within each LEA jurisdiction. The Sheriff's Office and seventeen participating LEA will accomplish this mission by working with identified agencies that include the U.S. Border Patrol, the Texas Department of Public Safety, and any other State or Federal law enforcement entities.

Funding obtained through OPSG 2014 will be utilized to accomplish a high visibility enforcement presence that will detect, deter and/or interdict criminal and terrorist activity occurring in and/around Hidalgo County. This will be accomplished through utilization of overtime as a force multiplier, operational cost such as fuel or mileage, and acquisition of specialized equipment and vehicles for this purpose.

III. EXECUTION

A. Management/Supervisor Intent:

Hidalgo County and the participating local agencies will enforce local/state laws within their jurisdiction and will not enforce immigration laws on behalf of CBP/Border Patrol. Each participating agency will conduct enforcement activities that have a nexus and contribute to border security.

Through collaboration with participating agencies, targeted areas of the county will increase the capability to prevent, protect against, and respond to border hazards. The collective collaboration of the participating agencies will provide an opportunity for intelligence based operations and further refinement of deployment strategies.

B. General Concept:

Through OPSG 2014 approved funding, participating agencies will enhance their current deployment capabilities through expenditure of overtime and equipment acquisition. Deployment strategies will be adjusted based on intelligence information and historical data that supports the need for increased operations within certain areas of the county. Intelligence liaisons between the U.S. Border Patrol, Weslaco and McAllen Station and the participating agencies, will facilitate the exchange of information to ensure resource deployments are consistent with current and developing intelligence information. The Operation will center its efforts around the prevention, detection and interdiction of crimes and criminals who have a border security nexus. OSG does not authorize extension of Federal authority to State or local law enforcement agencies to enforce Federal immigration laws. When Federal immigration violations are encountered, state and local agencies may refer those violations to the Border Patrol for appropriate action.

C. Specific Responsibilities:

1. Hidalgo County Sheriff's Office (HCSO):

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 HCSO will provide eleven (11) uniformed deputies in marked vehicles to actively patrol US Expressway 83, Highway 281, Military Highway 1016, FM 492, Loop 374, FM 886, FM 2221, State Highway 107, FM 1925 and corridors between the Border Patrol checkpoints and border egress routes including, FM 907, FM 2812, FM 681, FM 1015, FM 491, FM 88, FM 493, FM 186, FM 1017, and FM 490.

HCSO will have the eleven (11) uniformed deputies to enforce state law and local ordinances against violators in the target areas to help reduce criminal activity associated with drugs, humans, weapons and U.S. Currency smuggling and any and all criminal activity that places U.S. citizens and all persons within Hidalgo County at risk of endangerment.
In order support the deputies on the field, HCSO will have one (1) Communications officer to assist in dispatching field deputies in regards to Stonegarden operations.

HCSO will have one accountant and two administrative assistants which will assist in the management and administration of Stonegarden grant. One accountant at the Hidalgo County Auditors' Office will be assigned to work on the management and administration of the Stonegarden grant.

2. Hidalgo County Constable Precinct 1:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, FM 1015, FM 491 and Military Highway 281). During OPSG 14 Hidalgo County Precinct 1 Constable's Office will provide eight (8) uniformed deputies in marked vehicles to actively patrol the Precinct 1 area and will assist the Hidalgo County Sheriff's Office to patrol the 75 miles of US/ Mexico Border on an as needed basis.

3. Hidalgo County Constable Precinct 2:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 Hidalgo County Precinct 2 Constable's Office will provide ten (10) uniformed deputies in marked vehicles to actively patrol the Precinct 2 area and will assist the Hidalgo County Sheriff's Office to patrol the US/Mexico Border.

4. Hidalgo County Constable Precinct 3:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 Hidalgo County Precinct 3 Constable's Office will provide twelve (12) uniformed deputies in marked vehicles to actively patrol the Precinct 3 area and will assist the Hidalgo County Sheriff's Office to patrol the US/ Mexico Border that is in the Precinct 3 area.

5. Hidalgo County Constable Precinct 4:

Hidalgo County Constable Precinct 4 will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. During OPSG 14 Hidalgo County Precinct 4 Constable's Office will provide nine (9) uniformed deputies in marked vehicles to actively patrol the Precinct 4 area and assist the Hidalgo County Sheriff's Office in their efforts to meet the goals of OPSG 14.

6. Alamo Police Department:

The Alamo Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Alamo Police Department will have one (1) officer working four days a week which will aggressively patrol its area of responsibility focusing on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Alamo Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

7. Donna Police Department:

The Donna Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Donna P.D. on a weekly basis will have a total of four (4) officer's patrol the 12 miles of US/Mexico border. These officers will protect the citizens of the US and Hidalgo County against those who enter into the US with the sole purpose of engaging in criminal activities.

8. Edinburg Police Department:

The Edinburg Police Department will increase law enforcement in areas identified as alien smuggling and/or drug smuggling routes within the City of Edinburg. Edinburg Police Department will have a total of three (3) officers working six hours a day under this operational plan. Edinburg has over 14 miles of US Hwy 281 which has been identified as one of the major smuggling routes in the country, with illegal aliens and drugs going north and illicit monies and weapons coming south. OPSG 14 will be utilized by the Edinburg Police Department to disrupt criminal activities along, and surrounding the US Hwy 281 corridor. This is to include roads that feed US Hwy 281, such as Bus. Hwy 281 (Closner Blvd.), State Hwy 107 (University Dr), FM 1925 (Monte Cristo Rd), etc; ancillary roads such as Mon Mack Rd, McColl Rd, FM 3420 (Jackson Rd), FM 1426 (Raul Longoria Rd), etc. and any other locations that are identified through investigation as being used for smuggling activities. Officers will be enforcing state and local laws.

9. Hidalgo Police Department:

The Hidalgo Police Department will increase law enforcement presence/patrol activity in the area surrounding the Hidalgo POE and border egress routes within the city. Hidalgo Police Department will enforce state law and local ordinances against violators in the target area to help reduce criminal activity associated with alien and drug smuggling. Hidalgo Police Department will provide three (3) uniformed officers in marked vehicles (i.e. patrol units, all-terrain vehicles, bicycles, etc.) to actively patrol border egress routes in Spur 115, SH336, US Military 281, and McColl Road, Jackson Road.

10. La Joya Police Department:

The La Joya Police Department estimates that officers may work from a minimum of one officer to two officers per shift of overtime enforcement. All certified peace officers from the rank of Chief would be eligible to participate in Operation Stonegarden. This overtime would act as a force multiplier for the La Joya Police Department and would greatly increase border security. The La Joya Police Department will have a total of eleven (11) Officers set at different times which will patrol the city of La Joya during the participation of Operation Stonegarden. These units will be very visible and will address human and narcotic smuggling through the city and will provide assistance to any participating agency requesting assistance.

11. Mercedes Police Department:

Mercedes Police Dept. will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Mercedes P.D., on a weekly basis, will have a total of two (2) Mercedes Officers patrol corridors leading from the US/Mexico border and into town along with the 11.2 square miles of jurisdiction within the city limits of Mercedes. These officers will protect the citizens of the US, the city of Mercedes, and Hidalgo County against those who enter into the US with the sole purpose of engaging in criminal activities.

12. Mission Police Department:

Mission Police Department will curtail illegal activities in their community, especially along the eighteen (18) miles of jurisdiction bordering Texas/ Mexico border along the Rio Grande River, and their port of entry (Anzalduas International Bridge). One of the main purposes of this operation is to reduce the threat of border incursions, which include drug trafficking and human smuggling, among other increases in border violence. The Mission

Police Department estimates that six (6) officers will work this operational plan. Their efforts to obtain these objectives will be by increasing law enforcement presence and special operations on routes of border egress within the City of Mission and ultimately to deter crime in our community.

13. Palmview Police Department:

The Palmview Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Palmview Police Department will aggressively patrol its area of responsibility by placing twenty (20) officers focusing on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Palmview Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

14. Peñitas Police Department:

Peñitas Police Dept. will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Peñitas P.D., on a daily basis, will have a total of two (2) officers patrol the US/Mexico border that is within their jurisdiction. These officers will protect the citizens of Hidalgo County against those who enter into United States with the sole purpose of engaging in criminal activities.

15. Pharr Police Department:

Pharr Officers have seen an increase in border violence in the neighboring Mexico cities of Reynosa and Rio Bravo. Numerous sources indicate that there have been gun battles and casualties between various Drug Trafficking Organizations (DTO's). Because of the proximity and direct access to the U.S. via the Pharr Port of Entry (POE), the realization of a Mexican incursion is a possibility. The public areas surrounding the Pharr POE provide platforms, which may facilitate this type of incursion. The Pharr POD has become a nexus for DTO's for narcotic and human smuggling organizations, due to its vital commercial route that DTO's have tried to exploit and use to their advantage. The Pharr Police Department will be able to increase and provide law enforcement presence by placing twenty (20) officers throughout the duration of Operation Stonegarden. The overtime and specialized equipment will be utilized to serve and protect the citizens of the United States and the City of Pharr from those criminal minded illegal immigrants who enter the U.S. for the sole purpose of committing criminal acts.

16. San Juan Police Department:

The San Juan Police Department (SJPD) will reduce threat of border incursions and exercise risk management in relation to anti-smuggling efforts by increasing law enforcement presence and special operations on routes of border egress in the Weslaco Station AOR. San Juan Police Department will utilize Stonegarden funding for overtime and equipment in order to increase law enforcement presence/patrol activity in the area surrounding Weslaco Station' Critical Transit Nodes (Expressway 83, FM 1426). SJPD will not enforce Title 8 (US Immigration law). SJPD will enforce state law and local ordinances against violators in the target area to help reduce criminal activity associated with alien and drug smuggling. SJPD will provide four (4) uniformed officers in marked vehicles to actively patrol the Expressway 83, North and South FM 1426, South Stewart Road, Military Hwy 281, Cesar Chavez Road and "I" road. Officers and police vehicles assigned to this operation will concentrate in the above mentioned target areas with the goal of enforcing state laws such as, but not limited to, intercepting illegal drugs and other anti-smuggling efforts. The overtime would act as a force multiplier for the SJPD and would greatly increase border safety and security.

17. Sullivan City Police Department:

The Sullivan City Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Sullivan City Police Department will aggressively patrol its area of responsibility by placing nine (9) uniformed officers to focus on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Sullivan City Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

18. Weslaco Police Department:

The City of Weslaco Police Department will consistently participate in the daily operations, goals and objectives set forth within the operational plan for Operation Stonegarden. The City of Weslaco Police Department, on a scheduled daily basis, will contribute the deployment of two (2) Police Officers and one (1) Lieutenant-level Officer for a total of three (3) officers to patrol the 1,241 miles of the Texas / Mexico Border along the Rio Grande River and assist within the 1,600 square-mile jurisdiction within Hidalgo County, Texas if need be. These Officers will protect the citizens of the U.S. and Hidalgo County against those who enter into U.S. sovereign territory with the purpose of engaging in criminal activities. These Officers also will coordinate with other agencies, including the Hidalgo County Sheriff's Office, to effectively promote the safety and welfare of the citizens of the City of Weslaco and Hidalgo County, Texas.

D. Coordinating Instructions:

The Rio Grande Valley (RGV) Chief Patrol Agent will have operational oversight and in coordination/collaboration with OPSG stakeholders, will determine which areas will be the focus of operations. RGV and local participating agencies will be executing a quarterly OPSG operational plan for submission to Office of Border Patrol. RGV stations will be responsible for OPSG related enforcement activities and intelligence sharing within their respective AORs. An Incident Command System (ICS) may be utilized to facilitate sector-wide coordination and monitoring of OPSG activities as warranted during special operations. RGV stations along with State and local representatives will ensure daily OPSG activities within their respective AOR are monitored and reported accordingly. Border Patrol Stations will be responsible for reporting OPSG related intelligence to the RGV Sector Intelligence Unit (SIU) as appropriate.

Each participating OPSG agency will have a designated management representative as noted in the Command and Control section of this operational plan.

Activity Reporting-
At the conclusion of each shift/operation, OPSG state/local law enforcement officers will complete an Activity Report (AR). The AR will be submitted via email to RGV Headquarters and County Headquarters. RGV OPSG Group will be responsible for compiling daily activity reports and the Hidalgo County Auditor's Office will be responsible for tracking OPSG expenditures. Weekly Activity and After-Action Reports will be completed by RGV OPSG Group and submitted via email to OBP.

Information Sharing-
All source documents (e.g. arrest reports, citations, field interviews, etc.) will be sent to RGV-SIU for evaluation. Items of interest will be developed by the RGV-SIU and forwarded to station Border Patrol Agent-Intelligence (BPA-I), Participating Agencies, and the OPSG IPT for action.

Intelligence Products-
Intelligence products including mapping, trend analysis, community impact, and target files will be developed via a collaborative effort between RGV-SIU and the participating agencies.

Performance Metrics-
OPSG impact on border security and public safety will be gauged by several mechanisms:

• Statistically tracked events such as traffic stops, citations, misdemeanor/felony arrests, and contraband seizures in OPSG target areas

• Intelligence evaluation of OPSG effect on targeted criminal organizations and their activities
• Third party indicators ascertained via crime statistical analysis and community impact data developed by the participating agency.

IV. ADMINISTRATION/LOGISTICS

A. Cost Estimates/Funding Issues:

A.1 Cost Estimates/Funding Requests

1st Tactical Period (October 1, 2014 through March 31, 2015)

Hidalgo County Sheriff's Office

12,311.228 Operational overtime hours @ avg. OT rate $35.87/hr.

B. Travel:

Not Applicable

C. Lodging:

Not Applicable

D. Reception of Detailed Personnel:

Not Applicable

E. Uniform and Equipment:

Not Applicable

F. Special Equipment:

See Cost Estimates/Funding Issues

G. Alien Processing:

Individuals encountered during enforcement efforts that are determined to be undocumented aliens will be turned over to Border Patrol for processing and disposition, unless otherwise specified (e.g. those individuals wanted for state crimes). Custody of seized contraband will be the responsibility of the arresting agency and will be processed in accordance with existing federal, state, and local policies.

H. Medical:

Medical emergencies will be coordinated as per the County's safety protocol.

I. Detention/Transportation:

Alien detention and transportation will be coordinated with the Border Patrol.

J. Vehicles:

State and local law enforcement vehicles will be used in support of this operation. Fuel, mileage, and maintenance costs may be reimbursed in whole or in part for those vehicles utilized in OPSG related operations.

V. COMMAND/CONTROL/COMMUNICATION

A. Chain of Command:

Participating agencies will maintain their individual chains of command as dictated by internal policies and guidelines. Operations Orders for specific Stonegarden enforcement efforts will be approved by the Chief Patrol Agent, Rio Grande Valley Sector, followed by Office of Border Patrol and FEMA prior to funding.

C. Communication Details:

The Hidalgo County Sheriff Office along with the participating agencies will be in accordance with existing communications policies for each agency and station area of operations.

D. Map Coordinates:

Notes: Hidalgo County is located in the southern district of Texas and is bordered by Cameron County on the east, Brooks County on the North, Starr County on the West and Mexico to the south. Hidalgo County is the eighth (8th) largest county in Texas. Hidalgo County is 1,571 square miles, and shares 75 miles of international border with Mexico. Its elevation ranges from forty (40) to two hundred (200) feet. The center point of the county is as follows:

	Longitude	**Latitude**
Degrees : Minutes : Seconds	98 : 19 : 57	26 : 28 : 15
Decimal	-98.33246	26.47073

Location Zone: Hidalgo County

ANNEX

A. Administration Annex:

The RGV Stations will serve as the Hub for all apprehensions occurring in the Hidalgo County (Sheriff Office) and participating friendly forces/police department during Stonegarden Operations. We will coordinate all apprehensions of illegal aliens in partnership with the RGV, U.S. Customs and Border Protection as outlined in the National Border Patrol Strategy to achieve border security and border protection

enhancement efforts along the U.S./Mexico border. In all undocumented alien detentions and apprehensions as a result of smuggling and contraband cases we will coordinate in partnership with the RGV Border Patrol Station or DEA Office as to the disposition of the individuals for processing by the appropriate agency.

Frago #2

The Hidalgo County Sheriff s Office would like to include non-uniformed personnel utilizing unmarked vehicles in the FY 2014 Operational Plan. A greater focus will be placed on maintaining visible, sustainable presence centered on interdictions and arrests through the use of enhanced uniform and undercover patrols. The Hidalgo County Sheriff's Office will identify high-risk areas where non-uniformed officers will conduct intelligence operations. The information will be assessed and investigated in an effort to identify criminal organizations. The information will consist of the identifying of occupants of vehicles during traffic stops, suspicious persons in the area, and from citizen contacts made during their shift. All information obtained will be forwarded accordingly based on its nature. During this time, routine patrols will still be conducted by deputies in uniforms driving marked vehicles.

Frago #3

Hidalgo County is requesting release of 2nd Tactical Period funds to conduct operations within the Rio Grande City Border Patrol Station Area of Operations.
Tactical Period 2: September 01, 2015 through August 31, 2016

B. Execution Annex:

If funded the Hidalgo County Sheriff Office and 17 participating friendly forces/police department will execute a Memorandum of Understanding to ensure and document the commitment on the part of each agency to work in partnership with the U.S. Customs and Border Protection in implementing the following three major objectives:

1) To achieve greater capability in preventing, protecting against, and responding to border security issues,
2) To increase coordination and collaboration among Federal, State, and local law enforcement agencies in the Rio Grande Valley, and
3) To continue and support the operational mandate border security and border protection enhancement efforts along the U.S./Mexico border.

C. Communication Annex:

The Hidalgo County Sheriff Office and 17 participating friendly forces/police department have built partnerships with HSI, Drug Enforcement Administration, F.B.I., Texas Department of Public Safety and High Intensity Drug Trafficking Task Force. HCSO and local participating Friendly Forces/LEA., working together in a collaborative effort on preventing, controlling, and reducing violent and drug-related activities in the last 30 years. More importantly, we are vigorously involved with numerous organizations for community revitalization that has made a tremendous impact in the community by

leveraging and securing additional local, state, federal, private and public funds in the past.

Media Action Plan:

RGV has the lead on all Public Affairs activities. Each participating agency must coordinate all public affairs activities with the RGV Public Affairs Office. All Border Patrol inquiries will be directed to the RGV Public Affairs Office (956) 289-4990.

HIDALGO COUNTY SHERIFF'S OFFICE:
All Media events/questions will be referred to Hidalgo County Sheriff J.E. "Eddie" Guerra or his designee. Information will be released to the media only when prior approval has been obtained from Sheriff Guerra.

Legal Review:

All matters will be referred to the CBP Counsel.
HIDALGO COUNTY SHERIFF'S OFFICE:
All legal matters will be referred to the Hidalgo County District Attorney.

Risks:

No risks have been associated with this Op Order.

Re: 2014 Operation Stone Garden Program (OSGP) Overtime Waiver Request – Hidalgo County

Dear Mr. Walz:

The Hidalgo County Sheriff's Office requests a waiver by the Federal Emergency Management Agency Administrator of the 50 percent (50%) personnel cap overtime limit on the 2014 OPSG Grant. The intent of this request is to continue our coordinated efforts with Federal, State, and Local law enforcement agencies and make the greatest impact in the joint mission to secure the United States International southern boundaries. Due to increasing acts of violence within the US/Mexican border areas, the Texas Homeland Security State Administrative Agency (THSSAA) has allocated 2014 OPSG grant funds to the Hidalgo County Sheriff's Office and its sub-recipients to increase law enforcement presence within identified active areas and at Port of Entries.

The purpose of this letter is to request waiver of the 50 percent (50%) personnel cap and allow the Hidalgo County Sheriff's Office and its sub-recipients to expend up to 61% (rounded) ($2,850,735.03) of the total $4,674,438.00 2014 OPSG funds on law enforcement personnel overtime cost. A waiver of the overtime limit will provide the Hidalgo County Sheriff's Office and its sub-recipients with the flexibility to allocate resources to enhance collaboration between Federal, State and Local law enforcement agencies on the border and to increase our capabilities to prevent, protect and respond to border security threats and issues.

711 El Cibolo Road • P.O. Box 1228 • Edinburg, Texas 78540
Office: (956) 383-8114

Thank You in advance for your consideration to our request.

Sincerely,

J.E. "Eddie" Guerra
Hidalgo County Sheriff

FEMA

FY2014 OPSG Approval Texas – Hidalgo15-RGVRGV-11-001 V3

October 30, 2015

Arturo Mendez
Texas Homeland Security State Administrative Agency
PO Box 4087
Austin, TX 78773

Dear Mr. Mendez:

Please be advised that, based on the Department of Homeland Security, Federal Emergency Management Agency's (FEMA) Operation Stonegarden Grant Program (OPSG) guidelines and special conditions associated with this program, the below referenced Operations Order is approved:

Operations Order No: 15-RGVRGV-11-001 V3
Fiscal Year: 2014
Amount Approved: $1,567,593
Operations Order Dates: 10/1/2014 to 8/31/2016
Recipient: Hidalgo County, Texas

Expenditures from the Operations Order were reviewed and approved by FEMA and U.S. Customs and Border Protection/Border Patrol (CBP). These expenses will assist the County in conducting border centric, intelligence driven operations with the goal of reduction or elimination of threat, risk and vulnerability along our Nations' borders.

Please find the below special conditions associated with OPSG and retain this letter for your grant files. If you have any questions, please feel free to contact me at (202) 786-9668.

Sincerely,

Corey A. Walz
Program Analyst
U.S. Department of Homeland Security
Federal Emergency Management Agency
Grant Programs Directorate

Cc: U.S. Customs and Border Protection/ Border Patrol

The following Special Conditions are associated with this Operation Stonegarden award:

1. Construction and construction-type activities are prohibited.
2. Lethal or less than lethal forces including, but not limited to: weapons, firearms, ammunition and tasers are prohibited.
3. Per the *Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act* (Public Law 110-412), the sum of all personnel related expenses shall not exceed 50% of the recipient's allocation without first obtaining a waiver from the FEMA Administrator.
4. All participating agencies shall monitor, review and track expenditures of OPSG funds under individual Operations Orders issued. Participating agencies shall not obligate, and/or encumber OPSG grant funds beyond the total of their allocation issued by FEMA.
5. The Operations Order has been reviewed and approved under the Environmental and Historic Preservation Program (EHP) guidelines as being categorically excluded from further EHP review.
6. Recipients must submit a letter of justification for all proposed vehicles or equipment items in excess of $100,000. This justification will be reviewed by CBP and FEMA.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners' court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the U.S. Department of Homeland Security, Federal Emergency Management Agency (FEMA) passed through the Texas Department of Public Safety. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

FEMA

FY2014 OPSG Approval Texas – Hidalgo15-RGVRGV-11-001 V3

October 30, 2015

Arturo Mendez
Texas Homeland Security State Administrative Agency
PO Box 4087
Austin, TX 78773

Dear Mr. Mendez:

Please be advised that, based on the Department of Homeland Security, Federal Emergency Management Agency's (FEMA) Operation Stonegarden Grant Program (OPSG) guidelines and special conditions associated with this program, the below referenced Operations Order is approved:

Operations Order No: 15-RGVRGV-11-001 V3
Fiscal Year: 2014
Amount Approved: $1,567,593
Operations Order Dates: 10/1/2014 to 8/31/2016
Recipient: Hidalgo County, Texas

Expenditures from the Operations Order were reviewed and approved by FEMA and U.S. Customs and Border Protection/Border Patrol (CBP). These expenses will assist the County in conducting border centric, intelligence driven operations with the goal of reduction or elimination of threat, risk and vulnerability along our Nations' borders.

Please find the below special conditions associated with OPSG and retain this letter for your grant files. If you have any questions, please feel free to contact me at (202) 786-9668.

Sincerely,

Corey A. Walz
Program Analyst
U.S. Department of Homeland Security

Grant Programs Directorate

Cc: U.S. Customs and Border Protection/ Border Patrol

The following Special Conditions are associated with this Operation Stonegarden award:

1. Construction and construction-type activities are prohibited.
2. Lethal or less than lethal forces including, but not limited to: weapons, firearms, ammunition and tasers are prohibited.
3. Per the *Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act* (Public Law 110-412), the sum of all personnel related expenses shall not exceed 50% of the recipient's allocation without first obtaining a waiver from the FEMA Administrator.
4. All participating agencies shall monitor, review and track expenditures of OPSG funds under individual Operations Orders issued. Participating agencies shall not obligate, and/or encumber OPSG grant funds beyond the total of their allocation issued by FEMA.
5. The Operations Order has been reviewed and approved under the Environmental and Historic Preservation Program (EHP) guidelines as being categorically excluded from further EHP review.
6. Recipients must submit a letter of justification for all proposed vehicles or equipment items in excess of $100,000. This justification will be reviewed by CBP and FEMA.

Executive Summary

The Sheriff's Office maintains a collaborative working relationship with all local, state, and/or federal authorities. The Hidalgo County Sheriff's Office (HCSO), as a participating entity with Operation Stonegarden (OPSG) 2014, with the assistance of the seventeen (17) participating law enforcement agencies will increase enforcement efforts along identified routes of ingress and egress to include (but not limited to) U.S. Highways, 107, 281, Interstates 69, 2, Expressway 83, FM 186, FM 490, and FM 681. Intelligence information, to include prior statistical data, indicates that these are the primary routes utilized by the criminal element to further their illegal entry and smuggling activities to locations within the United States. The Hidalgo County Sheriff's Office with the assistance of local law enforcement agencies as well as state and federal agencies if needed may participate in additional required operations. Operations may be coordinated with state, federal and local border security surge operations over an extended period of time. Agencies participating in the operation will deploy available ground, air, and maritime assets to conduct fixed and mobile patrols of access points to known trafficking corridors in the immediate vicinity of the Rio Grande River and surrounding areas. The participation of these agencies, made possible by funding through OPSG, will significantly impact the ability of criminal organizations to operate within the Rio Grande Valley Sector Area of Responsibility (AOR). The enhanced enforcement posture will strengthen border security by providing a stronger defense in depth mechanism.

I. SITUATION

A. General Situation:

Hidalgo County is located within the AOR of the Rio Grande Valley Sector, Weslaco and McAllen Border Patrol Stations. Hidalgo County is the eighth largest county in the State of Texas and consist of 1,571 square miles and shares approximately 75 miles of international border with Mexico jurisdiction including a number of ingress/egress routes that lead to and from the immediate southern international boundaries of the Rio Grande River border area. Additionally, the County's jurisdiction includes a number of Ports of Entries which include Progreso, Donna, Pharr, Hidalgo, Los Ebanos (manual ferry/barge crossing) and Mission. There are also numerous major thoroughfares such as U.S. Expressway 83 which runs parallel east and west along the Rio Grande River, U.S. 281 which

leads in and out of the County in a north and south direction plus numerous highly traveled arteries. Hidalgo County is located between Cameron County and Starr County and bordered by Brooks County and Willacy County to the North. Hidalgo County's population according to the 2010 U.S. Census was 797,810; rural population consists of over 237,000.
Hidalgo County Sheriff's Office consists of two major divisions, detention and law enforcement. The detention facility which houses 1,200 inmates is staffed by 360 certified detention officers, law enforcement division consist of 293 certified law enforcement personnel, combined total of 653. In addition, HCSO has a civilian support staff which consists of 155 personnel. Hidalgo County is unique in comparison with other counties within Texas. Hidalgo County consists of twenty local municipalities each having its own law enforcement agencies, plus four (precincts) Constables Offices. Hidalgo County Sheriff's Office currently has sixteen (16) LEAs participating in Operation Stonegarden 2013.

B. Terrain/Weather:

Hidalgo County is comprised of 1,571 square miles of the Rio Grande delta. The northern part of the county has sandy and light loam soils over deep reddish or mottled, clayey sub soils, in some areas limestone lies within forty inches from the surface. The southern part of the county has moderately deep loamy surfaces over clayey sub soils.

Hidalgo County is in the south Texas plains vegetation area, which features; grasses, mesquite, live oaks, and chaparral. The climate is subtropical and sub-humid. Temperatures ranging from an average low of 47 °F/8 °C in January to an average high of 96°F/36°C in July; the average annual temperature is 73°F/23°C. Rainfall averages 23 inches (580 mm) a year, while the growing season lasts for 320 days of the year.

C. Criminal Element:

Organized Criminal elements both in Mexico and in United States use identified routes of ingress and egress through Hidalgo County to include U.S. Highways 107, 281, and Expressway 83, to further their criminal enterprise. Intelligence information, to include prior statistical data, indicates that these are the primary routes utilized by the criminal element to further their illegal entry and smuggling activities to locations throughout the United States.

- San Juan Police Department
- Sullivan City Police Department
- Weslaco Police Department

II. MISSION

The mission of the Hidalgo County Sheriff's Office along with seventeen participating law enforcement agencies will be to provide an enhanced law enforcement visibility and capability within each LEA jurisdictional. This will substantially increase the probability of identification and/or apprehension of criminal elements operating within each LEA jurisdiction. The Sheriff's Office and seventeen participating LEA will accomplish this mission by working with identified agencies that include the U.S. Border Patrol, the Texas Department of Public Safety, and any other State or Federal law enforcement entities.

Funding obtained through OPSG 2014 will be utilized to accomplish a high visibility enforcement presence that will detect, deter and/or interdict criminal and terrorist activity occurring in and/around Hidalgo County. This will be accomplished through utilization of overtime as a force multiplier, operational cost such as fuel or mileage, and acquisition of specialized equipment and vehicles for this purpose.

III. EXECUTION

A. Management/Supervisor Intent:

Hidalgo County and the participating local agencies will enforce local/state laws within their jurisdiction and will not enforce immigration laws on behalf of CBP/Border Patrol. Each participating agency will conduct enforcement activities that have a nexus and contribute to border security.

Through collaboration with participating agencies, targeted areas of the county will increase the capability to prevent, protect against, and respond to border hazards. The collective collaboration of the participating agencies will provide an opportunity for intelligence based operations and further refinement of deployment strategies.

B. General Concept:

Through OPSG 2014 approved funding, participating agencies will enhance their current deployment capabilities through expenditure of overtime and equipment acquisition. Deployment strategies will be adjusted based on intelligence information and historical data that supports the need for increased operations within certain areas of the county. Intelligence liaisons between the U.S. Border Patrol, Weslaco and McAllen Station and the participating agencies, will facilitate the exchange of information to ensure resource deployments are consistent with current and developing intelligence information. The Operation will center its efforts around the prevention, detection and interdiction of crimes and criminals who have a border security nexus. OSG does not authorize extension of Federal authority to State or local law enforcement agencies to enforce Federal immigration laws. When Federal immigration violations are encountered, state and local agencies may refer those violations to the Border Patrol for appropriate action.

C. Specific Responsibilities:

1. Hidalgo County Sheriff's Office (HCSO):

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 HCSO will provide eleven (11) uniformed deputies in marked vehicles to actively patrol US Expressway 83, Highway 281, Military Highway 1016, FM 492, Loop 374, FM 886, FM 2221, State Highway 107, FM 1925 and corridors between the Border Patrol checkpoints and border egress routes including, FM 907, FM 2812, FM 681, FM 1015, FM 491, FM 88, FM 493, FM 186, FM 1017, and FM 490.

HCSO will have the eleven (11) uniformed deputies to enforce state law and local ordinances against violators in the target areas to help reduce criminal activity associated with drugs, humans, weapons and U.S. Currency smuggling and any and all criminal activity that places U.S. citizens and all persons within Hidalgo County at risk of endangerment.
In order support the deputies on the field, HCSO will have one (1) Communications officer to assist in dispatching field deputies in regards to Stonegarden operations.

HCSO will have one accountant and two administrative assistants which will assist in the management and administration of Stonegarden grant. One accountant at the Hidalgo County Auditors' Office will be assigned to work on the management and administration of the Stonegarden grant.

2. Hidalgo County Constable Precinct 1:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, FM 1015, FM 491 and Military Highway 281). During OPSG 14 Hidalgo County Precinct 1 Constable's Office will provide eight (8) uniformed deputies in marked vehicles to actively patrol the Precinct 1 area and will assist the Hidalgo County Sheriff's Office to patrol the 75 miles of US/ Mexico Border on an as needed basis.

3. Hidalgo County Constable Precinct 2:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 Hidalgo County Precinct 2 Constable's Office will provide ten (10) uniformed deputies in marked vehicles to actively patrol the Precinct 2 area and will assist the Hidalgo County Sheriff's Office to patrol the US/Mexico Border.

4. Hidalgo County Constable Precinct 3:

Increase law enforcement presence/patrol activity in the area surrounding Weslaco and McAllen Border Patrol Stations' Critical Transit Nodes (Expressway 83, Highway 281, and Military Highway 281). During OPSG 14 Hidalgo County Precinct 3 Constable's Office will provide twelve (12) uniformed deputies in marked vehicles to actively patrol the Precinct 3 area and will assist the Hidalgo County Sheriff's Office to patrol the US/ Mexico Border that is in the Precinct 3 area.

5. Hidalgo County Constable Precinct 4:

Hidalgo County Constable Precinct 4 will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. During OPSG 14 Hidalgo County Precinct 4 Constable's Office will provide nine (9) uniformed deputies in marked vehicles to actively patrol the Precinct 4 area and assist the Hidalgo County Sheriff's Office in their efforts to meet the goals of OPSG 14.

6. Alamo Police Department:

The Alamo Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Alamo Police Department will have one (1) officer working four days a week which will aggressively patrol its area of responsibility focusing on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Alamo Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

7. Donna Police Department:

The Donna Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Donna P.D. on a weekly basis will have a total of four (4) officer's patrol the 12 miles of US/Mexico border. These officers will protect the citizens of the US and Hidalgo County against those who enter into the US with the sole purpose of engaging in criminal activities.

8. Edinburg Police Department:

The Edinburg Police Department will increase law enforcement in areas identified as alien smuggling and/or drug smuggling routes within the City of Edinburg. Edinburg Police Department will have a total of three (3) officers working six hours a day under this operational plan. Edinburg has over 14 miles of US Hwy 281 which has been identified as one of the major smuggling routes in the country, with illegal aliens and drugs going north and illicit monies and weapons coming south. OPSG 14 will be utilized by the Edinburg Police Department to disrupt criminal activities along, and surrounding the US Hwy 281 corridor. This is to include roads that feed US Hwy 281, such as Bus. Hwy 281 (Closner Blvd.), State Hwy 107 (University Dr), FM 1925 (Monte Cristo Rd), etc; ancillary roads such as Mon Mack Rd, McColl Rd, FM 3420 (Jackson Rd), FM 1426 (Raul Longoria Rd), etc. and any other locations that are identified through investigation as being used for smuggling activities. Officers will be enforcing state and local laws.

9. Hidalgo Police Department:

The Hidalgo Police Department will increase law enforcement presence/patrol activity in the area surrounding the Hidalgo POE and border egress routes within the city. Hidalgo Police Department will enforce state law and local ordinances against violators in the target area to help reduce criminal activity associated with alien and drug smuggling. Hidalgo Police Department will provide three (3) uniformed officers in marked vehicles (i.e. patrol units, all-terrain vehicles, bicycles, etc.) to actively patrol border egress routes in Spur 115, SH336, US Military 281, and McColl Road, Jackson Road.

10. La Joya Police Department:

The La Joya Police Department estimates that officers may work from a minimum of one officer to two officers per shift of overtime enforcement. All certified peace officers from the rank of Chief would be eligible to participate in Operation Stonegarden. This overtime would act as a force multiplier for the La Joya Police Department and would greatly increase border security. The La Joya Police Department will have a total of eleven (11) Officers set at different times which will patrol the city of La Joya during the participation of Operation Stonegarden. These units will be very visible and will address human and narcotic smuggling through the city and will provide assistance to any participating agency requesting assistance.

11. Mercedes Police Department:

Mercedes Police Dept. will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Mercedes P.D., on a weekly basis, will have a total of two (2) Mercedes Officers patrol corridors leading from the US/Mexico border and into town along with the 11.2 square miles of jurisdiction within the city limits of Mercedes. These officers will protect the citizens of the US, the city of Mercedes, and Hidalgo County against those who enter into the US with the sole purpose of engaging in criminal activities.

12. Mission Police Department:

Mission Police Department will curtail illegal activities in their community, especially along the eighteen (18) miles of jurisdiction bordering Texas/ Mexico border along the Rio Grande River, and their port of entry (Anzalduas International Bridge). One of the main purposes of this operation is to reduce the threat of border incursions, which include drug trafficking and human smuggling, among other increases in border violence. The Mission

Police Department estimates that six (6) officers will work this operational plan. Their efforts to obtain these objectives will be by increasing law enforcement presence and special operations on routes of border egress within the City of Mission and ultimately to deter crime in our community.

13. Palmview Police Department:

The Palmview Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Palmview Police Department will aggressively patrol its area of responsibility by placing twenty (20) officers focusing on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Palmview Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

14. Peñitas Police Department:

Peñitas Police Dept. will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. Peñitas P.D., on a daily basis, will have a total of two (2) officers patrol the US/Mexico border that is within their jurisdiction. These officers will protect the citizens of Hidalgo County against those who enter into United States with the sole purpose of engaging in criminal activities.

15. Pharr Police Department:

Pharr Officers have seen an increase in border violence in the neighboring Mexico cities of Reynosa and Rio Bravo. Numerous sources indicate that there have been gun battles and casualties between various Drug Trafficking Organizations (DTO's). Because of the proximity and direct access to the U.S. via the Pharr Port of Entry (POE), the realization of a Mexican incursion is a possibility. The public areas surrounding the Pharr POE provide platforms, which may facilitate this type of incursion. The Pharr POD has become a nexus for DTO's for narcotic and human smuggling organizations, due to its vital commercial route that DTO's have tried to exploit and use to their advantage. The Pharr Police Department will be able to increase and provide law enforcement presence by placing twenty (20) officers throughout the duration of Operation Stonegarden. The overtime and specialized equipment will be utilized to serve and protect the citizens of the United States and the City of Pharr from those criminal minded illegal immigrants who enter the U.S. for the sole purpose of committing criminal acts.

16. San Juan Police Department:

The San Juan Police Department (SJPD) will reduce threat of border incursions and exercise risk management in relation to anti-smuggling efforts by increasing law enforcement presence and special operations on routes of border egress in the Weslaco Station AOR. San Juan Police Department will utilize Stonegarden funding for overtime and equipment in order to increase law enforcement presence/patrol activity in the area surrounding Weslaco Station' Critical Transit Nodes (Expressway 83, FM 1426). SJPD will not enforce Title 8 (US Immigration law). SJPD will enforce state law and local ordinances against violators in the target area to help reduce criminal activity associated with alien and drug smuggling. SJPD will provide four (4) uniformed officers in marked vehicles to actively patrol the Expressway 83, North and South FM 1426, South Stewart Road, Military Hwy 281, Cesar Chavez Road and "I" road. Officers and police vehicles assigned to this operation will concentrate in the above mentioned target areas with the goal of enforcing state laws such as, but not limited to, intercepting illegal drugs and other anti-smuggling efforts. The overtime would act as a force multiplier for the SJPD and would greatly increase border safety and security.

17. Sullivan City Police Department:

The Sullivan City Police Department will participate in the daily operations, goals and objectives set forth within the operational plan of Operation Stonegarden. The Sullivan City Police Department will aggressively patrol its area of responsibility by placing nine (9) uniformed officers to focus on illegal immigrant smuggling and narcotics trafficking in efforts to curb and/or eliminate criminal activity. The Sullivan City Police Department will also cooperate with local, state and federal agencies and share criminal intelligence gathered throughout the operational period.

18. Weslaco Police Department:

The City of Weslaco Police Department will consistently participate in the daily operations, goals and objectives set forth within the operational plan for Operation Stonegarden. The City of Weslaco Police Department, on a scheduled daily basis, will contribute the deployment of two (2) Police Officers and one (1) Lieutenant-level Officer for a total of three (3) officers to patrol the 1,241 miles of the Texas / Mexico Border along the Rio Grande River and assist within the 1,600 square-mile jurisdiction within Hidalgo County, Texas if need be. These Officers will protect the citizens of the U.S. and Hidalgo County against those who enter into U.S. sovereign territory with the purpose of engaging in criminal activities. These Officers also will coordinate with other agencies, including the Hidalgo County Sheriff's Office, to effectively promote the safety and welfare of the citizens of the City of Weslaco and Hidalgo County, Texas.

D. Coordinating Instructions:

The Rio Grande Valley (RGV) Chief Patrol Agent will have operational oversight and in coordination/collaboration with OPSG stakeholders, will determine which areas will be the focus of operations. RGV and local participating agencies will be executing a quarterly OPSG operational plan for submission to Office of Border Patrol. RGV stations will be responsible for OPSG related enforcement activities and intelligence sharing within their respective AORs. An Incident Command System (ICS) may be utilized to facilitate sector-wide coordination and monitoring of OPSG activities as warranted during special operations. RGV stations along with State and local representatives will ensure daily OPSG activities within their respective AOR are monitored and reported accordingly. Border Patrol Stations will be responsible for reporting OPSG related intelligence to the RGV Sector Intelligence Unit (SIU) as appropriate.

Each participating OPSG agency will have a designated management representative as noted in the Command and Control section of this operational plan.

Activity Reporting-
At the conclusion of each shift/operation, OPSG state/local law enforcement officers will complete an Activity Report (AR). The AR will be submitted via email to RGV Headquarters and County Headquarters. RGV OPSG Group will be responsible for compiling daily activity reports and the Hidalgo County Auditor's Office will be responsible for tracking OPSG expenditures. Weekly Activity and After-Action Reports will be completed by RGV OPSG Group and submitted via email to OBP.

Information Sharing-
All source documents (e.g. arrest reports, citations, field interviews, etc.) will be sent to RGV-SIU for evaluation. Items of interest will be developed by the RGV-SIU and forwarded to station Border Patrol Agent-Intelligence (BPA-I), Participating Agencies, and the OPSG IPT for action.

Intelligence Products-
Intelligence products including mapping, trend analysis, community impact, and target files will be developed via a collaborative effort between RGV-SIU and the participating agencies.

Performance Metrics-
OPSG impact on border security and public safety will be gauged by several mechanisms:

• Statistically tracked events such as traffic stops, citations, misdemeanor/felony arrests, and contraband seizures in OPSG target areas

• Intelligence evaluation of OPSG effect on targeted criminal organizations and their activities
• Third party indicators ascertained via crime statistical analysis and community impact data developed by the participating agency.

IV. ADMINISTRATION/LOGISTICS

A. Cost Estimates/Funding Issues:

A.1 Cost Estimates/Funding Requests

B. Travel:

Not Applicable

C. Lodging:

Not Applicable

D. Reception of Detailed Personnel:

Not Applicable

E. Uniform and Equipment:

Not Applicable

F. Special Equipment:

See Cost Estimates/Funding Issues

G. Alien Processing:

Individuals encountered during enforcement efforts that are determined to be undocumented aliens will be turned over to Border Patrol for processing and disposition, unless otherwise specified (e.g. those individuals wanted for state crimes). Custody of seized contraband will be the responsibility of the arresting agency and will be processed in accordance with existing federal, state, and local policies.

H. Medical:

Medical emergencies will be coordinated as per the County's safety protocol.

I. Detention/Transportation:

Alien detention and transportation will be coordinated with the Border Patrol.

J. Vehicles:

State and local law enforcement vehicles will be used in support of this operation. Fuel, mileage, and maintenance costs may be reimbursed in whole or in part for those vehicles utilized in OPSG related operations.

V. COMMAND/CONTROL/COMMUNICATION

A. Chain of Command:

Participating agencies will maintain their individual chains of command as dictated by internal policies and guidelines. Operations Orders for specific Stonegarden enforcement efforts will be approved by the Chief Patrol Agent, Rio Grande Valley Sector, followed by Office of Border Patrol and FEMA prior to funding.

C. Communication Details:

The Hidalgo County Sheriff Office along with the participating agencies will be in accordance with existing communications policies for each agency and station area of operations.

D. Map Coordinates:

Notes: Hidalgo County is located in the southern district of Texas and is bordered by Cameron County on the east, Brooks County on the North, Starr County on the West and Mexico to the south. Hidalgo County is the eighth (8th) largest county in Texas. Hidalgo County is 1,571 square miles, and shares 75 miles of international border with Mexico. Its elevation ranges from forty (40) to two hundred (200) feet. The center point of the county is as follows:

	Longitude	Latitude
Degrees : Minutes : Seconds	98 : 19 : 57	26 : 28 : 15
Decimal	-98.33246	26.47073

Location Zone: Hidalgo County

ANNEX

A. Administration Annex:

The RGV Stations will serve as the Hub for all apprehensions occurring in the Hidalgo County (Sheriff Office) and participating friendly forces/police department during Stonegarden Operations. We will coordinate all apprehensions of illegal aliens in partnership with the RGV, U.S. Customs and Border Protection as outlined in the National Border Patrol Strategy to achieve border security and border protection

enhancement efforts along the U.S./Mexico border. In all undocumented alien detentions and apprehensions as a result of smuggling and contraband cases we will coordinate in partnership with the RGV Border Patrol Station or DEA Office as to the disposition of the individuals for processing by the appropriate agency.

Total Cost:	$3,106,844.73

Frago #2

The Hidalgo County Sheriff s Office would like to include non-uniformed personnel utilizing unmarked vehicles in the FY 2014 Operational Plan. A greater focus will be placed on maintaining visible, sustainable presence centered on interdictions and arrests through the use of enhanced uniform and undercover patrols. The Hidalgo County Sheriff's Office will identify high-risk areas where non-uniformed officers will conduct intelligence operations. The information will be assessed and investigated in an effort to identify criminal organizations. The information will consist of the identifying of occupants of vehicles during traffic stops, suspicious persons in the area, and from citizen contacts made during their shift. All information obtained will be forwarded accordingly based on its nature. During this time, routine patrols will still be conducted by deputies in uniforms driving marked vehicles.

Frago #3

Cost Estimates Phase 2:

General Cost: $ 142,225.79

OT Cost: $1,425,367.50

Total Cost: $1,567,593.29

B. Execution Annex:

If funded the Hidalgo County Sheriff Office and 17 participating friendly forces/police department will execute a Memorandum of Understanding to ensure and document the commitment on the part of each agency to work in partnership with the U.S. Customs and Border Protection in implementing the following three major objectives:

1) To achieve greater capability in preventing, protecting against, and responding to border security issues,
2) To increase coordination and collaboration among Federal, State, and local law enforcement agencies in the Rio Grande Valley, and
3) To continue and support the operational mandate border security and border protection enhancement efforts along the U.S./Mexico border.

C. Communication Annex:

The Hidalgo County Sheriff Office and 17 participating friendly forces/police department have built partnerships with HSI, Drug Enforcement Administration, F.B.I., Texas Department of Public Safety and High Intensity Drug Trafficking Task Force. HCSO and local participating Friendly Forces/LEA., working together in a collaborative effort on preventing, controlling, and reducing violent and drug-related activities in the last 30 years. More importantly, we are vigorously involved with numerous organizations for community revitalization that has made a tremendous impact in the community by

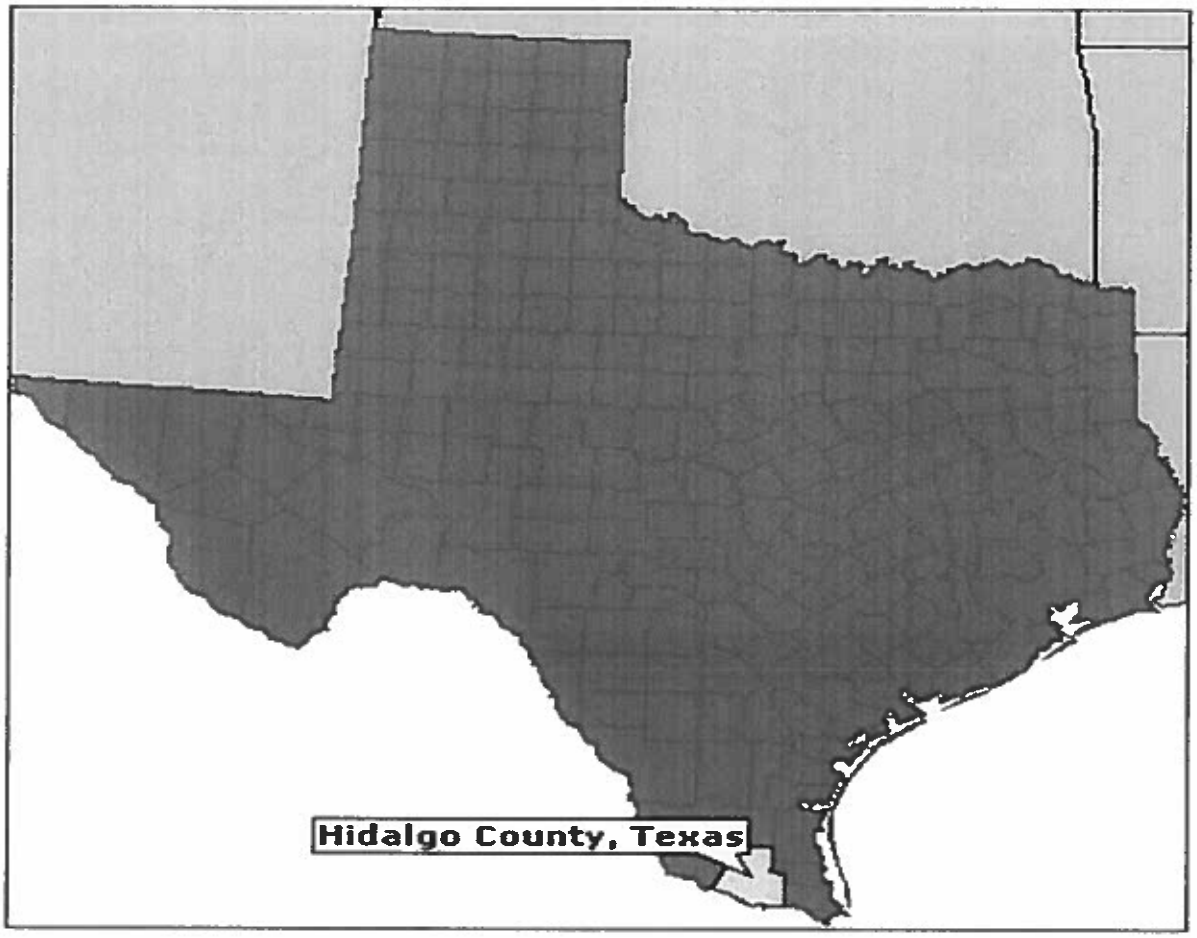
leveraging and securing additional local, state, federal, private and public funds in the past.

Media Action Plan:

RGV has the lead on all Public Affairs activities. Each participating agency must coordinate all public affairs activities with the RGV Public Affairs Office. All Border Patrol inquiries will be directed to the RGV Public Affairs Office (956) 289-4990.

HIDALGO COUNTY SHERIFF'S OFFICE:
All Media events/questions will be referred to Hidalgo County Sheriff J.E. "Eddie" Guerra or his designee. Information will be released to the media only when prior approval has been obtained from Sheriff Guerra.

Legal Review:



All matters will be referred to the CBP Counsel.
HIDALGO COUNTY SHERIFF'S OFFICE:
All legal matters will be referred to the Hidalgo County District Attorney.

Risks:

No risks have been associated with this Op Order.

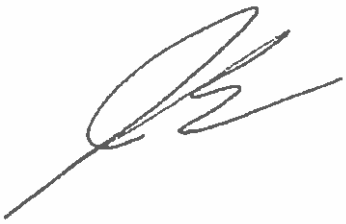
Washington, D.C. 20472-3615

Re: 2014 Operation Stone Garden Program (OSGP) Overtime Waiver Request – Hidalgo County

Dear Mr. Walz:



The Hidalgo County Sheriff's Office requests a waiver by the Federal Emergency Management Agency Administrator of the 50 percent (50%) personnel cap overtime limit on the 2014 OPSG Grant. The intent of this request is to continue our coordinated efforts with Federal, State, and Local law enforcement agencies and make the greatest impact in the joint mission to secure the United States International southern boundaries. Due to increasing acts of violence within the US/Mexican border areas, the Texas Homeland Security State Administrative Agency (THSSAA) has allocated 2014 OPSG grant funds to the Hidalgo County Sheriff's Office and its sub-recipients to increase law enforcement presence within identified active areas and at Port of Entries.

The purpose of this letter is to request waiver of the 50 percent (50%) personnel cap and allow the Hidalgo County Sheriff's Office and its sub-recipients to expend up to 61% (rounded) ($2,850,735.03) of the total $4,674,438.00 2014 OPSG funds on law enforcement personnel overtime cost. A waiver of the overtime limit will provide the Hidalgo County Sheriff's Office and its sub-recipients with the flexibility to allocate resources to enhance collaboration between Federal, State and Local law enforcement agencies on the border and to increase our capabilities to prevent, protect and respond to border security threats and issues.

711 El Cibolo Road • P.O. Box 1228 • Edinburg, Texas 78540
Office: (956) 383-8114

Thank You in advance for your consideration to our request.

Sincerely,

J.E. "Eddie" Guerra
Hidalgo County Sheriff

Brief explanation of services/goods provided and basis for determining costs:

Leased vehicle and fuel needed to facilitate operational interface of the Hidalgo County Sheriff's Office with the McAllen D.O. Strike Force. The vehicle cost was determined based on current lease agreement between the HCSO and Enterprise. Other costs were based on current government pricing quotes.

Please provide the name, telephone number, and e-mail address for the administrative or financial staff person at the state or local agency, who is directly responsible for the billings under this Reimbursement Agreement:

Name: Hector Sandoval, Grant Accountant
Telephone Number: (956) 318-2511
E-mail Address: hector.sandoval@auditor.co.hidalgo.tx
Fax Number: (956) 318-2577

This agreement is between the above named state or local agency and the Organized Crime Drug Enforcement Task Force (OCDETF) Program. This agreement shall be effective when signed by a state or local law enforcement agency official, who is authorized to approve the expenditure of funds in support of OCDETF investigations, the Strike Force leader or his/her designee (Strike Forces) or the AUSA OCDETF Coordinator (Strategic Initiatives) and the OCDETF Executive Office Budget Officer, or his/her designee.

1. This agreement is limited to the amount of funds stated on the cover page of the agreement and no reimbursements will be made in excess of this amount prior to written approval from the United States Attorney's Office and the OCDETF Executive Office. Any request for modification for the above funding amount or type equipment (if different or more than originally approved) must be justified in writing and approved prior to the expenditure of funds. Monitoring of overtime usage and the available authorized reimbursement balance is the responsibility of the sponsoring agency and the state and/or local party to the agreement.

2. It is agreed that the state or local agency named on this agreement will assist in OCDETF investigations, strategic initiatives, and/or prosecutions as set forth in the Organized Crime Drug Enforcement Task Force Strike Force/Strategic Initiative Programs and Policy and Procedures Manual, FY 2016.

3. An Agreement for the use of the OCDETF Strike Force/Strategic Initiative Programs ("Agreement") must be completed whenever state or local law enforcement agencies plan to seek reimbursement for permissible costs resulting from their participation in a Strike Force investigation/Strategic Initiative. Agreements are specific to a single OCDETF Strike Force investigation/Strategic Initiative. Each Agreement must be approved and signed by a state or local law enforcement agency official, who is authorized to approve the expenditure of funds in support of OCDETF investigations, the Strike Force leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives) and the OCDETF Executive Office. All required signatures must be obtained before the Agreement can be accepted and the funds obligated.

4. An agreement must fall within a fiscal year period (October 1 – September 30). State and local agencies must use an accurate "Beginning Date of Agreement" (Not always October 1). An agreement can never be dated before the investigation was approved as an OCDETF case.

5. If an Agreement does not have any activity during the last ninety (90) days from the last time a bill has been submitted or during the first ninety (90) days from the date the Agreement was signed, the funds shall be deobligated. Further, if a state or local agency determines that it is no longer performing work under a particular Agreement, a modification memorandum identifying the amount to be deobligated will be submitted by the Strike Force Leader or AUSA Coordinator to the OCDETF Executive Office as soon as possible.

6. A listing of costs that will be reimbursed by the Strike Force/Strategic Initiative Programs will be attached to each agreement. The total cost listed on the Cost Estimate Sheet should match the Amount Requested on the Agreement Cover Page. This must be a detailed listing of each expense expected to be purchased under the Agreement. For example, simply listing "Equipment" or "Surveillance Equipment" is not acceptable. In this example, all equipment should be listed separately such as binoculars, cameras, camera mounts, etc. Each expense listed on the cost estimate sheet must also have a price quote submitted with the Agreement to verify the accuracy of the cost estimates.

7. The Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiative) must ensure that the cumulative authorized expense commitments do not exceed the total Strike Force/Strategic Initiative fund allocation.

8. Reimbursement for any expenditure above the Agreement amount must be approved by both the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiative) and the OCDETF Executive Office.

9. All approving officials must agree to amendments or changes to the amount of the Agreement, the listing of eligible items to be reimbursed, and associated estimates that occur after an Agreement has been executed. These amendments or changes must be transmitted by a memorandum approved and signed by the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives), and forwarded to the OCDETF Executive Office. All changes made to the original agreement must be approved and initialed by the person making the revision and the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives).

10. This agreement may be terminated by any of the parties by written notice to the other parties ten (10) business days prior to termination. Billing for outstanding obligations shall be received by OCDETF within thirty (30) days of the notice of termination.

11. Costs incurred pursuant to an OCDETF investigation or due to participation in an OCDETF Strategic Initiative by a state and local program participant, including informant fees, purchase of evidence, travel, either by a state or local officer, witness or confidential source; rental of automobiles; cost of interpreters or translators; training in support of OCDETF; technical surveillance equipment; rental of office space for temporary use, such as an off-site location for electronic monitoring or off-site command post, may be reimbursed by OCDETF under certain circumstances.

12. Rental payments cannot be paid in advance and must be paid in arrears. Reimbursable Requests with rent included are due on the first workday of each month, and must be for the month that just ended rather than the month beginning. For example, reimbursement for rental space incurred in February cannot take place before March 1st. Any exceptions or additions to the approved reimbursable costs listed above must be detailed and attached in Addendum A of the Agreement.

13. Property and equipment purchased through the OCDETF Program must remain available to the Strike Force/Strategic Initiative for the duration of its existence. The reimbursement of these items must be permissible under the AFF statute, Section 524 (c)(1)(l) of Title 28, United States Code, and this guidance, and are subject to the availability of funds.

14. Subsequent to payment of invoices by the state and local agency to a third party vendor, the DOJ will reimburse the agency for approved investigation or initiative related equipment and service costs. Claims must be submitted monthly on the OCDETF Reimbursement Request Form.

15. State and local agencies must provide official procurement documents to support all reimbursable expenditures to the Strike Force leadership (Strike Forces) or AUSA Coordinator (Strategic Initiatives). If proper supporting documentation is not available, OCDETF will not make reimbursement payments. The cumulative amount of all reimbursements cannot exceed the agreement amount without proper modification.

16. Under no circumstances will the state or local agency charge any indirect costs for the administration or implementation of this agreement.

17. By the 25th day of the month the quarter ends (December, March, June and September), the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives) will provide to the Executive Office a status of funds report detailing expenditures for each reimbursable agreement.

18. The state or local agency shall permit examination and auditing by representatives of the OCDETF Program, the sponsoring Federal agencies, DOJ, the Comptroller General of the United States, and/or any of their duly-authorized agents and representatives, of all records, documents, accounts, invoices, receipts, or expenditures relating to this agreement. In addition, the state or local agency will maintain all such foregoing reports and records until all audits and examinations are completed and resolved, or for a period of six (6) years after termination of this Agreement, whichever is later. Failure to provide proper documentation will limit State or Local law enforcement agencies from receiving OCDETF funding in the future.

19. The state or local agency will comply with Title VI of the Civil Rights Act of 1964 and all requirements applicable to OCDETF agreements pursuant to the regulations of the Department of Justice (see, e.g., 28 C.F.R. Part 42, Subparts C and G; 28 C.F.R. 50.3 (1991)) relating to discrimination on the grounds of race, color, sex, age, national origin or handicap.

20. Electronic Funds Transfer Process

a) The Debt Collection Improvement Act of 1996 requires that most payments made by the Federal government, including vendor payments, must be made by electronic funds transfer (EFT). All participating State and Local agencies must complete and submit the attached ACH vendor enrollment form. The OCDETF Executive Office must receive one ACH form from each participating agency or police department prior to processing their reimbursement payments.

This agreement is not a contract or obligation to commit Federal funds in the maximum amounts projected. Funding allocations for the time period set forth, agreed to herein represent projections only, and are based upon consultation between the Strike Force or AUSA Coordinator and the state or local law enforcement agency. They are, therefore, subject to modification by OCDETF based upon the progress and needs of the OCDETF investigation. Additionally, resources are contingent upon the availability of funds per the approval and signature of the OCDETF Executive Office obligating authority. The OCDETF Executive Office will approve and certify that all the terms and conditions of the agreement have been met.

Please return with the Reimbursable Agreement

The Debt Collection Improvement Act of 1996 requires that most payments made by the Federal government, including vendor payments, must be made by electronic funds transfer (EFT). A benefit of receiving payments by EFT is that your funds are directly deposited to your account at a financial institution and are available to you on the date of payment.

If you have any question regarding the delivery of remittance information, please contact the financial institution (bank) where your account is held.

If you have any question on the completion of this form, please contact the OCDETF State and Local EFT Coordinator at 202-514-1860

THE STATE OF TEXAS §
§
COUNTY OF HIDALGO §

SERVICE CONTRACT
C-15-032-05-05

THIS CONTRACT is made and entered into this **5th** day of May, 2015 by and between the **County of Hidalgo, Texas** ("County") and **Enterprise Holdings, Inc.** ("**Company**").

WHEREAS, Company responded to notices for Request for Sealed Bids (RFB) for **"Lease/Rental of Vehicles" (on an as needed basis)** (the "Services"); and

WHEREAS, Company submitted a sealed quote to provide services in accordance with Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet attached hereto respectively, and incorporated herein for all purposes of (the "RFB"); and;

WHEREAS, in recognition of and in consideration of Company's agreement to perform the Services in accordance with Specifications within Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet, the Commissioners Court of County awarded the sealed quote to Company.

NOW, THEREFORE, in mutual consideration of the foregoing and the further consideration of the following, the parties hereto agree as follows:

1. County and Company hereby agrees that this Contract is entered into in order to provide the Services to **Hidalgo County**. This Contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise.

2. Company hereby promises and agrees to render and provide, during the term of this Contract, and shall be obligated to render and provide the services in accordance with the specifications contained in Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet within **Hidalgo County** following a request for Services by user Departments within **Hidalgo County**. Company agrees in performing the Services that it will use proper professional standards, comply with

with providing services under this Contract naming County as an additional insured (with the coverages and in the amounts described on Exhibit "C" attached hereto and incorporated herein at this point for all purposes), and shall furnish to County certificates of such insurance coverage.

8. Company shall provide a sufficient number of trucks, vehicles, personnel and equipment available to safely and efficiently provide the Services.

9. Company shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including attorney's fees for the defense of any action against County arising out of, resulting from, or connected with the provision of the Service by Company under this Contract. Said indemnity shall cover any act or failure to act by the Company, its agents or employees.

10. This Contract shall not be assignable in whole or in part by either party without prior written consent of the other party.

11. It is expressly agreed that this Contract and the performance by the parties hereunder does not create any agency relationship or master-servant relationship that County has no supervision of the performance of the Services provided by Company, and that Company is an independent contractor under this Contract.

12. Any notice required or permitted to be given hereunder shall be in writing and shall be delivered personally or sent by certified mail, postage prepaid, as set forth below:

If to County: County of Hidalgo
Attn: County Judge
302 West University Drive
Edinburg, Texas 78539

If to Company: Enterprise Holding, Inc.
Attn: Gliberto Gonzelez, Business Rental Sales Executive
615 S. Closner Road
Edinburg, Texas 78539

13. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

14. This Agreement may be terminated by County without cause upon thirty (30) days written notice.

15. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Hidalgo County.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of County under this Agreement, County may terminate this Agreement upon ninety (90) days written notice to Company. County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of County pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1996).

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the Organized Crime Drug Enforcement Task Force (OCDETF). These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

Fax Number: (956) 383-6179

Brief explanation of services/goods provided and basis for determining costs:

Leased vehicle and fuel needed to facilitate operational interface of the Hidalgo County Sheriff's Office with the McAllen D.O. Strike Force. The vehicle cost was determined based on current lease agreement between the HCSO and Enterprise. Other costs were based on current government pricing quotes.

Please provide the name, telephone number, and e-mail address for the administrative or financial staff person at the state or local agency, who is directly responsible for the billings under this Reimbursement Agreement:

Name: Hector Sandoval, Grant Accountant
Telephone Number: (956) 318-2511
E-mail Address: hector.sandoval@auditor.co.hidalgo.tx
Fax Number: (956) 318-2577

This agreement is between the above named state or local agency and the Organized Crime Drug Enforcement Task Force (OCDETF) Program. This agreement shall be effective when signed by a state or local law enforcement agency official, who is authorized to approve the expenditure of funds in support of OCDETF investigations, the Strike Force leader or his/her designee (Strike Forces) or the AUSA OCDETF Coordinator (Strategic Initiatives) and the OCDETF Executive Office Budget Officer, or his/her designee.

1. This agreement is limited to the amount of funds stated on the cover page of the agreement and no reimbursements will be made in excess of this amount prior to written approval from the United States Attorney's Office and the OCDETF Executive Office. Any request for modification for the above funding amount or type equipment (if different or more than originally approved) must be justified in writing and approved prior to the expenditure of funds. Monitoring of overtime usage and the available authorized reimbursement balance is the responsibility of the sponsoring agency and the state and/or local party to the agreement.

2. It is agreed that the state or local agency named on this agreement will assist in OCDETF investigations, strategic initiatives, and/or prosecutions as set forth in the Organized Crime Drug Enforcement Task Force Strike Force/Strategic Initiative Programs and Policy and Procedures Manual, FY 2016.

3. An Agreement for the use of the OCDETF Strike Force/Strategic Initiative Programs ("Agreement") must be completed whenever state or local law enforcement agencies plan to seek reimbursement for permissible costs resulting from their participation in a Strike Force investigation/Strategic Initiative. Agreements are specific to a single OCDETF Strike Force investigation/Strategic Initiative. Each Agreement must be approved and signed by a state or local law enforcement agency official, who is authorized to approve the expenditure of funds in support of OCDETF investigations, the Strike Force leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives) and the OCDETF Executive Office. All required signatures must be obtained before the Agreement can be accepted and the funds obligated.

4. An agreement must fall within a fiscal year period (October 1 – September 30). State and local agencies must use an accurate "Beginning Date of Agreement" (Not always October 1). An agreement can never be dated before the investigation was approved as an OCDETF case.

5. If an Agreement does not have any activity during the last ninety (90) days from the last time a bill has been submitted or during the first ninety (90) days from the date the Agreement was signed, the funds shall be deobligated. Further, if a state or local agency determines that it is no longer performing work under a particular Agreement, a modification memorandum identifying the amount to be deobligated will be submitted by the Strike Force Leader or AUSA Coordinator to the OCDETF Executive Office as soon as possible.

6. A listing of costs that will be reimbursed by the Strike Force/Strategic Initiative Programs will be attached to each agreement. The total cost listed on the Cost Estimate Sheet should match the Amount Requested on the Agreement Cover Page. This must be a detailed listing of each expense expected to be purchased under the Agreement. For example, simply listing "Equipment" or "Surveillance Equipment" is not acceptable. In this example, all equipment should be listed separately such as binoculars, cameras, camera mounts, etc. Each expense listed on the cost estimate sheet must also have a price quote submitted with the Agreement to verify the accuracy of the cost estimates.

7. The Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiative) must ensure that the cumulative authorized expense commitments do not exceed the total Strike Force/Strategic Initiative fund allocation.

8. Reimbursement for any expenditure above the Agreement amount must be approved by both the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiative) and the OCDETF Executive Office.

9. All approving officials must agree to amendments or changes to the amount of the Agreement, the listing of eligible items to be reimbursed, and associated estimates that occur after an Agreement has been executed. These amendments or changes must be transmitted by a memorandum approved and signed by the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives), and forwarded to the OCDETF Executive Office. All changes made to the original agreement must be approved and initialed by the person making the revision and the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives).

10. This agreement may be terminated by any of the parties by written notice to the other parties ten (10) business days prior to termination. Billing for outstanding obligations shall be received by OCDETF within thirty (30) days of the notice of termination.

11. Costs incurred pursuant to an OCDETF investigation or due to participation in an OCDETF Strategic Initiative by a state and local program participant, including informant fees, purchase of evidence, travel, either by a state or local officer, witness or confidential source; rental of automobiles; cost of interpreters or translators; training in support of OCDETF; technical surveillance equipment; rental of office space for temporary use, such as an off-site location for electronic monitoring or off-site command post, may be reimbursed by OCDETF under certain circumstances.

12. Rental payments cannot be paid in advance and must be paid in arrears. Reimbursable Requests with rent included are due on the first workday of each month, and must be for the month that just ended rather than the month beginning. For example, reimbursement for rental space incurred in February cannot take place before March 1st. Any exceptions or additions to the approved reimbursable costs listed above must be detailed and attached in Addendum A of the Agreement.

13. Property and equipment purchased through the OCDETF Program must remain available to the Strike Force/Strategic Initiative for the duration of its existence. The reimbursement of these items must be permissible under the AFF statute, Section 524 (c)(1)(I) of Title 28, United States Code, and this guidance, and are subject to the availability of funds.

14. Subsequent to payment of invoices by the state and local agency to a third party vendor, the DOJ will reimburse the agency for approved investigation or initiative related equipment and service costs. Claims must be submitted monthly on the OCDETF Reimbursement Request Form.

15. State and local agencies must provide official procurement documents to support all reimbursable expenditures to the Strike Force leadership (Strike Forces) or AUSA Coordinator (Strategic Initiatives). If proper supporting documentation is not available, OCDETF will not make reimbursement payments. The cumulative amount of all reimbursements cannot exceed the agreement amount without proper modification.

16. Under no circumstances will the state or local agency charge any indirect costs for the administration or implementation of this agreement.

17. By the 25th day of the month the quarter ends (December, March, June and September), the Strike Force Leader (Strike Forces) or AUSA Coordinator (Strategic Initiatives) will provide to the Executive Office a status of funds report detailing expenditures for each reimbursable agreement.

18. The state or local agency shall permit examination and auditing by representatives of the OCDETF Program, the sponsoring Federal agencies, DOJ, the Comptroller General of the United States, and/or any of their duly-authorized agents and representatives, of all records, documents, accounts, invoices, receipts, or expenditures relating to this agreement. In addition, the state or local agency will maintain all such foregoing reports and records until all audits and examinations are completed and resolved, or for a period of six (6) years after termination of this Agreement, whichever is later. Failure to provide proper documentation will limit State or Local law enforcement agencies from receiving OCDETF funding in the future.

19. The state or local agency will comply with Title VI of the Civil Rights Act of 1964 and all requirements applicable to OCDETF agreements pursuant to the regulations of the Department of Justice (see, e.g., 28 C.F.R. Part 42, Subparts C and G; 28 C.F.R. 50.3 (1991)) relating to discrimination on the grounds of race, color, sex, age, national origin or handicap.

20. Electronic Funds Transfer Process

a) The Debt Collection Improvement Act of 1996 requires that most payments made by the Federal government, including vendor payments, must be made by electronic funds transfer (EFT). All participating State and Local agencies must complete and submit the attached ACH vendor enrollment form. The OCDETF Executive Office must receive one ACH form from each participating agency or police department prior to processing their reimbursement payments.

This agreement is not a contract or obligation to commit Federal funds in the maximum amounts projected. Funding allocations for the time period set forth, agreed to herein represent projections only, and are based upon consultation between the Strike Force or AUSA Coordinator and the state or local law enforcement agency. They are, therefore, subject to modification by OCDETF based upon the progress and needs of the OCDETF investigation. Additionally, resources are contingent upon the availability of funds per the approval and signature of the OCDETF Executive Office obligating authority. The OCDETF Executive Office will approve and certify that all the terms and conditions of the agreement have been met.

Please return with the Reimbursable Agreement

The Debt Collection Improvement Act of 1996 requires that most payments made by the Federal government, including vendor payments, must be made by electronic funds transfer (EFT). A benefit of receiving payments by EFT is that your funds are directly deposited to your account at a financial institution and are available to you on the date of payment.

If you have any question regarding the delivery of remittance information, please contact the financial institution (bank) where your account is held.

If you have any question on the completion of this form, please contact the OCDETF State and Local EFT Coordinator at 202-514-1860

COUNTY OF HIDALGO §

SERVICE CONTRACT
C-15-032-05-05

THIS CONTRACT is made and entered into this **5th** day of May, 2015 by and between the **County of Hidalgo, Texas** ("County") and **Enterprise Holdings, Inc.** ("**Company**").

WHEREAS, Company responded to notices for Request for Sealed Bids (RFB) for **"Lease/Rental of Vehicles" (on an as needed basis)** (the "Services"); and

WHEREAS, Company submitted a sealed quote to provide services in accordance with Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet attached hereto respectively, and incorporated herein for all purposes of (the "RFB"); and;

WHEREAS, in recognition of and in consideration of Company's agreement to perform the Services in accordance with Specifications within Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet, the Commissioners Court of County awarded the sealed quote to Company.

NOW, THEREFORE, in mutual consideration of the foregoing and the further consideration of the following, the parties hereto agree as follows:

1. County and Company hereby agrees that this Contract is entered into in order to provide the Services to **Hidalgo County**. This Contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise.

2. Company hereby promises and agrees to render and provide, during the term of this Contract, and shall be obligated to render and provide the services in accordance with the specifications contained in Exhibit "A" Request for Sealed Bids (RFB) Procurement Packet within **Hidalgo County** following a request for Services by user Departments within **Hidalgo County**. Company agrees in performing the Services that it will use proper professional standards, comply with

with providing services under this Contract naming County as an additional insured (with the coverages and in the amounts described on Exhibit "C" attached hereto and incorporated herein at this point for all purposes), and shall furnish to County certificates of such insurance coverage.

8. Company shall provide a sufficient number of trucks, vehicles, personnel and equipment available to safely and efficiently provide the Services.

9. Company shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including attorney's fees for the defense of any action against County arising out of, resulting from, or connected with the provision of the Service by Company under this Contract. Said indemnity shall cover any act or failure to act by the Company, its agents or employees.

10. This Contract shall not be assignable in whole or in part by either party without prior written consent of the other party.

11. It is expressly agreed that this Contract and the performance by the parties hereunder does not create any agency relationship or master-servant relationship that County has no supervision of the performance of the Services provided by Company, and that Company is an independent contractor under this Contract.

12. Any notice required or permitted to be given hereunder shall be in writing and shall be delivered personally or sent by certified mail, postage prepaid, as set forth below:

If to County: County of Hidalgo
Attn: County Judge
302 West University Drive
Edinburg, Texas 78539

If to Company: Enterprise Holding, Inc.
Attn: Gilberto Gonzelez, Business Rental Sales Executive
615 S. Closner Road
Edinburg, Texas 78539

13. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

14. This Agreement may be terminated by County without cause upon thirty (30) days written notice.

15. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Hidalgo County.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of County under this Agreement, County may terminate this Agreement upon ninety (90) days written notice to Company. County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of County pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1996).

STATE OF TEXAS §

COUNTY OF HIDALGO §

MEMORANDUM OF UNDERSTANDING BETWEEN THE COUNTY OF HIDALGO, TEXAS BY AND THROUGH THE HIDALGO COUNTY SHERIFF'S OFFICE AND FEDERAL BUREAU of INVESTIGATION FOR SHOOTING RANGE USE/TRAINING

This Agreement is entered into, by and between the COUNTY OF HIDALGO, TEXAS (COUNTY) By and Through The HIDALGO COUNTY SHERIFF'S OFFICE (SHERIFF'S OFFICE) and the FEDERAL BUREAU of INVESTIGATION, hereinafter referred to as LAW ENFORCEMENT AGENCY, for the purposes of providing training, as more particularly described as follows:

WHEREAS, COUNTY and LAW ENFORCEMENT AGENCY have agreed to contract with each other for the performance of governmental functions and for the joint use of facilities or services for police protection and for the promotion and protection of the health and welfare of the inhabitants of this State and the mutual benefit of the parties;

WHEREAS, the COUNTY, for the purposes of performing functions of law enforcement through its SHERIFF'S OFFICE, has a shooting range/training facility (RANGE);

WHEREAS, the LAW ENFORCEMENT AGENCY has a need for use of the RANGE which will be utilized in the service of crime prevention and for law enforcement purposes, such as training.

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY are located in close proximity and have a common law enforcement and crime prevention initiative and close working relations; and

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY have heretofore entered into this Agreement providing for the facility sharing and use of the RANGE to the LAW ENFORCEMENT AGENCY for law enforcement purposes; and

NOW, THEREFORE, to enhance cooperation amongst federal, state and local law enforcement agencies and express their mutual commitment to the service of crime prevention and for law enforcement purposes, the SHERIFF'S OFFICE and the LAW ENFORCEMENT AGENCY hereby agree as follows:

1. FACILITY SHARING: the SHERIFF'S OFFICE will share and allow use of its RANGE to the LAW ENFORCEMENT AGENCY for use in training related to law enforcement purposes under the following terms and conditions outlined below.

2. IN CONSIDERATION OF THE FACILITY SHARING: LAW ENFORCEMENT AGENCY further agrees to the following:

    a. The LAW ENFORCEMENT AGENCY agrees to scheduling use of the RANGE at a mutually agreeable time and date.

    b. The LAW ENFORCEMENT AGENCY agrees to abide by the Firearms Range Safety Rules attached hereto and incorporated by reference as Exhibit "A".

    c. The LAW ENFORCEMENT AGENCY ACCEPTS the RANGE facility in "as-is" condition and acknowledges that the COUNTY and SHERIFF'S OFFICE make no warranty in any manner as to the fitness of the facility for any specific purpose.

    d. The RANGE is the property of the COUNTY and SHERIFF'S OFFICE and use of said RANGE is subject to the policies, rules and procedures established by the SHERIFF'S OFFICE.

    e. The LAW ENFORCEMENT AGENCY agrees that the RANGE shall be solely used in the service of crime prevention and for law enforcement purposes, such as training.

    f. The LAW ENFORCEMENT AGENCY shall be solely responsible for any injuries or damages to persons or property when the RANGE is used by their employees, and shall maintain liability insurance coverage for any such loss. Proof of same shall be provided to COUNTY/SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

    g. The LAW ENFORCEMENT AGENCY shall provide executed Waiver Agreements for Law Enforcement (attached as Exhibit "B") to the HIDALGO COUNTY SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

3. INDEMNITY: TO THE EXTENT PERMITTED BY THE TEXAS CONSTITUTION AND LAWS OF THE STATE OF TEXAS, LAW ENFORCEMENT AGENCY, ITS PREDECESSORS, SUCCESSORS, AND ASSIGNS HEREBY RELEASE, RELINQUISH, AND DISCHARGE THE

COUNTY OF HIDALGO, TEXAS, SHERIFF'S OFFICE, THEIR PREDECESSORS, ASSIGNS, LEGAL REPRESENTATIVES, AND FORMER, PRESENT AND FUTURE AGENTS, EMPLOYEES, DIRECTORS AND OFFICERS FROM ANY LIABILITY ARISING OUT OF THE USE OF THE RANGE (identified herein) FOR ANY INJURY, INCLUDING DEATH OR DAMAGE TO PERSONS OR TO PROPERTY WHERE SUCH DAMAGE IS SUSTAINED IN CONNECTION WITH OR ARISING OUT OF THE USE OF THE RANGE PROVIDED FOR UNDER THIS AGREEMENT.

4. LAW GOVERNING VENUE: This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, and, the obligations and undertakings of each of the parties to this Agreement shall be performable in Hidalgo County, Texas.

THE HIDALGO COUNTY SHERIFF'S OFFICE WILL RECEIVE NO COMPENSATION FROM THE LAW ENFORCEMENT AGENCY FOR ANY FACILITY SHARING PURSUANT TO THIS AGREEMENT. THIS AGREEMENT BECOMES EFFECTIVE ON THE DATE IT IS SIGNED BY BOTH PARTIES. THIS AGREEMENT CAN BE TERMINATED BY EITHER PARTY UPON THIRTY (30) DAYS WRITTEN NOTICE OF INTENT TO TERMINATE.

EXECUTED IN DUPLICATE COPIES, EACH OF WHICH SHALL HAVE THE FULL FORCE AND EFFECT OF AN ORIGINAL, TO BE EFFECTIVE AS STATED HEREIN, BUT MINISTERIALLY SIGNED ON THE DATES INDICATED BELOW.

FIREARMS RANGE SAFETY RULES

1. Treat all firearms as though they were loaded.
2. Always keep your finger off the trigger and outside the trigger guard until on target and ready to shoot.
3. Be certain of the target and what is beyond.
4. No one is allowed on the range that is taking any substance that could impair the ability to correctly respond to audible or visual commands. This includes, but is not limited to, alcohol or any prescribed or over the counter medications.
5. All firearms training must be properly and adequately supervised.
6. Strict discipline and bearing will be maintained.
7. Upon picking up a firearm, remove magazine, open the action mechanism, and visually and physically checking to see that it is unloaded.
8. Keep the firearm pointed down range at all times.
9. No tobacco products on the firing line.
10. Never permit the muzzle of a firearm to touch the ground.
11. Pay strict attention to the Rangemasters.
12. No one should be on the firing line except those firing.
13. Electronic devices (cell phones, pagers, ipods, etc.) that can distract shooters will not be permitted on the firing line, unless authorized by the Rangemaster as part of the training.
14. All outside agency firearm instructors must check in with HCSO Academy Staff prior to commencing training.
15. All incidents and injuries at the HCSO firing range must be reported immediately to Academy Staff.
16. These rules apply to all personnel regardless of rank or agency.

Justification for Extension: (Please be *project* specific)

Hidalgo County is requesting a no-cost extension on the 2014 Operation Stonegarden grant. The purpose of this extension is for the continuation and support of working collaboratively with the 17 participating agencies on achieving and sustaining the goals and objectives set forth within the Stonegarden mission statement. This extension will provide all participating agencies the ample time needed to exhaust their awarded funds, submit appropriate reimbursement document and execute their original spending plans by the scheduled deadline of May 31, 2016. This approval will allow the Hidalgo County Sheriff's Office and participating agencies to remain consistent with the overall strategic plan and objectives associated with Operation Stonegarden.

State Administrative Agency (SAA)
Extension Request Process and Form Instructions

All sub-recipients of the SAA must request performance period extensions using the following Extension Request Form. Any request outside of this process will not be considered. (See SAA IB #11-003)

Extension Requests will only be accepted in the last 6 months of the performance period and no later than 30 days before the end of the performance period. Exceptions will be considered on a case by case basis, and must be fully documented when submitted. Projects managed through a Council of Governments (COG) or Urban Area (UA) *must have* COG/UA Point of Contact approval and signature before the SAA will review the request. Extension requests must be submitted via **e-mail** to the SAA Lead Grant Coordinator assigned to your Region/UA. These assignments can be found at the link listed below.

The submitting sub-recipient will be notified of approvals/denials through an e-mail containing a copy of the original request with approval/denial indicated and notes. The SAA will attach a Grant Adjustment Notice (GAN) to the e-mail for all approved extensions. The GAN must be signed and returned to the SAA. *Please note, all invoices must be submitted to the SAA by the end of the performance period.*

FORM INSTRUCTIONS

Fill in all the blanks of the Extension Request Form as applicable using as much detail as possible.

Clarification of Request Information:

- **Region/UASI** = from the drop down list, select the name of the Council of Governments or Urban Area. If request is for a state agency, please select State Agency. If the request is for another type of entity, please select NA.
- **Award Amount** = provide the award amount from your most recent Sub-Recipient Agreement or Grant Adjustment Notice.
- **Amount Invoiced** = provide the amount of funding that has been *completed and invoiced* as of the request date. This information can be found on the SPARS website. (Except for State Agency projects funded with grants prior to 2010.)
- **Amount Uncommitted** = provide the amount of uncommitted funding as of the request date. This information can be found on the SPARS website. (Except for State Agency projects funded with grants prior to 2010.)
- **Current End Date** = provide the most current performance period end date on your most recent Sub-Recipient Agreement or Grant Adjustment Notice.
- **Requested End Date** = provide the date you are requesting to extend your performance period. *PLEASE NOTE* - All invoices must be received by the SAA before the end of the extended performance period.
- **Total # of projects sub-grantee is responsible for** = provide the number of projects the sub-grantee was funded and responsible for during the requested grant year.
- **Total # of projects completed** = provide the number of projects the sub-grantee has completed. These should be projects in which all invoices have been submitted in SPARS and to the SAA.
- **List projects included in the extension** = provide the titles of the projects that will continue in the extension period. Please use the same titles that are reflected in SPARS. If none of the projects are completed and all of your projects will remain open during this extension period, you may check the box. The SAA will review the progress on the projects in evaluating this extension request.
- **Justification for Extension** = provide a detailed and project specific justification explaining what has caused the delays, why the extension is needed, and how similar delays will be avoided in the future. Each extension decision will be based on this information. Attach additional pages as necessary.
- **Signature** = the form must be signed by the Director or Authorized Official or their designated signee.

How to:

Print - Click yellow print button in upper right corner of the form, select your printer from drop down and click OK.
Save - Click on yellow print button, check the "Print to File" box and click OK and follow the next steps to Save.

INDEPENDENT AUDITOR'S REPORT

Hidalgo County Emergency Services
District No. 1
P.O. Box 1010
Weslaco, Texas 78596

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and the aggregate remaining fund information of Hidalgo County Emergency Services District No. 1 as of and for the year ended December 31, 2014 with comparative totals for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise Hidalgo County Emergency Services District No. 1's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Hidalgo County Emergency Services District No. 1
Management's Discussion and Analysis

This discussion and analysis is intended to provide an overview of the Hidalgo County Emergency Services District No. 1 financial performance for the year ended December 31, 2014, and the related effect on the Hidalgo County Emergency Services District No. 1's financial condition. Please read it in conjunction with the financial statements which begin on page 1.

FINANCIAL HIGHLIGHTS

- The Hidalgo County Emergency Services District No. 1 Changes in Net Position – Governmental Type Activities – Total government-wide net position decreased $12,224 as a result of this year's operations.
- The Hidalgo County Emergency Services District No. 1 increased the tax rate from $0.0154 to $0.0165 for the current year, due to a decrease in market values and assessed values of the district's properties. Assessed taxes increased by $15,813 and current year collections increased by $6,182 over the prior year. Total revenues increased by $18,141 ($136,672 and $118,531 for 2014 and 2013, respectively) but expenditures for 2014 were $148,896, causing a $12,224 decrease in net position. Expenditures increased by $18,786, due to a service contract increase.
- At the close of the current year, the Hidalgo County Emergency Services District No. 1's governmental fund reported a decrease of $23,888, reducing the fund balance to $322,906, which is 216.87% (percent) of total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. Hidalgo County Emergency Services District No. 1 basic financial statements comprise three components: 1.) Government-wide financial statements, 2.) Fund financial statements, and 3.) Notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements - The government-wide financial statements are designed to provide readers with a broad overview of Hidalgo County Emergency Services District No. 1 finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of Hidalgo County Emergency Services District No. 1 assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Hidalgo County Emergency Services District No. 1 is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal period (e.g., uncollected taxes).

The government-wide financial statements distinguish functions of Hidalgo County Emergency Services District No. 1 that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of Hidalgo County Emergency Services District No. 1 include general government, and ambulance services provided through service contracts.

The Board sets expenditure caps over which Hidalgo County Emergency Services District No. 1 Commissioner's approval is required.

The government-wide financial statements can be found on pages 1-3 of this report.

Governmental funds - The focus of Hidalgo County Emergency Services District No. 1's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Hidalgo County Emergency Services District No. 1's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Hidalgo County Emergency Services District No. 1 governmental fund reported an ending fund balance of $322,906, which is available for spending at the government's discretion.

The general fund is the chief operating fund of Hidalgo County Emergency Services District No. 1. At the end of the current fiscal year, unreserved fund balance of the general fund was $322,906. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance to total fund expenditures. Unreserved fund balance represents 216.87% of total general fund expenditures.

The fund balance of Hidalgo County Emergency Services District No. 1's general fund decreased by $23,888 during the current fiscal year. Key factors in this change are as follows:

- The tax receipts, penalties and interest revenues increased by $9,453, in the current year, but expenditures increased by $18,786. Total revenues were $125,008, with total expenditures of $148,896, yielding a decrease of $23,888 in fund balance.

CAPITAL ASSETS

Capital Assets. Hidalgo County Emergency Services District No. 1's investment in capital assets for its governmental activities as of December 31, 2014, amounts to $-0-.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Hidalgo County Emergency Services District No. 1's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Hidalgo County Emergency Services District No. 1, P.O. Box 1010, Weslaco, Texas 78599.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. NATURE OF DISTRICT AND SIGNIFICANT ACCOUNTING POLICIES

The Hidalgo County Emergency Services District No. 1 is a political subdivision, established in April 1982 (under Chapter 794 of the Health and Safety Code to Emergency Service Districts) to provide ambulance service to the citizens of Rural Hidalgo County. As of September 1, 2003, Senate Bill 1021, which passed during the 78th Regular Legislative Session, converted all fire prevention districts to emergency service districts. Emergency Services Districts are now required to operate under Chapter 775 of the Health and Safety Code.

Article 111, Section 48e of the Texas Constitution authorizes the Commissioner's Courts of participating counties to levy a tax on the ad-volorem properties situated in their districts not to exceed .10 per one hundred valuations as approved by the qualified voters residing in the district. Such a district may provide emergency medical services, emergency ambulance services, and rural fire prevention and control services.

The geographical location is as follows:

- An area having the boundaries of the Rio Grande River on the south, Mile 7 West on the west, Mile 14 ½ North on the north, and Mile 2 West on the east, except for the area contained within the corporate boundaries of the City of Weslaco; all of which lie within Hidalgo County, Texas.

The District's books and records are maintained on the modified accrual basis of accounting.

(a). Basis of Presentation

The accounting policies of Hidalgo County Emergency Services District No. 1 conform to generally accepting accounting principles as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The district-wide financial statements (the statement of net position and the statement of changes in net position) report information on all of the activities of the District. District activities, are normally supported by taxes and intergovernmental revenues.

Government Accounting Standards Board has issued the following pronouncements, which are relevant to Hidalgo County Emergency Services District No. 1, which became effective the prior year and have been implemented:

GASB Statement No 60, *Accounting and Financial Reporting For Service Concession Arrangements*

GASB Statement No 61, *The Financial Reporting Entity: Omnibus* – an amendment of GASB Statements No. 14 and No 34.

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB AICPA Pronouncements.*

GASB Statement No. 63, *Financial Reporting of Deferred Outflows and Resources, Deferred Inflows of Resources and Net Position*

NOTE 1. NATURE OF DISTRICT AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The objective of this statement is to improve accounting and financial reporting by state and local governments that extend and receive non-exchange financial guarantees. The provisions of the statement are effective for reporting periods beginning after June 15, 2013. Earlier application is encouraged. Except for disclosures related to cumulative amounts paid or received in relation to a non-exchange financial guarantee, the provisions of this statement are required to be applied retroactively. Disclosures related to cumulative amounts paid or received in relation to a non-exchange financial guarantee may be applied prospectively.

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – An Amendment of GASB Statement No. 68.* The provisions of this statement are required to be applied simultaneously with the provisions of Statement 68.

Basis of Presentation

The District wide financial statements (the statement of net position and the statement of changes in net position) report information on all of the activities of the District. District activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities, demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include (1) taxes billed against the citizen of its geographical area (2), penalties and interest billed for the late payments of taxes that are restricted to meeting the operational or capital requirements of the ambulance service. Interest and other items not properly included among program revenues are reported as general revenues.

(b). Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured: basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The district-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in net total position. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

NOTE 1. NATURE OF DISTRICT AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(g). Reclassification
Certain items in the prior year report have been reclassified to conform, to current year reclassification. Such reclassification had no effect on previously reported net income.

(h). Statement of Cash Flows
For purposes of reporting cash flows, cash includes cash in banks and certificates of deposit, with maturity of three months or less to be cash equivalents.

(i). Income Taxes
The District is exempt from Federal income taxes and therefore no provision for the Federal income taxes has been made in the accompanying financial statements.

NOTE 2. CONCENTRATION OF CREDIT RISK

The District's policy limits the deposits in any one-bank institution to their extent of FDIC coverage and pledged securities.

The District maintained account balances in three banks, as follows:

Financial Institution	FDIC Coverage	Securities Pledged	Cash on Deposit	Excess (Deficiency) In Depository Security
Rio Bank	$ 250,000	$ -	$ 171,246	$ 78,754
Elsa State Bank	250,000	-	129,117	120,883
Greater State Bank	250,000	-	54,570	195,430
	$ 750,000	$ -	$ 354,933	$ 395,067

NOTE 3. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The estimated fair values of Hidalgo County Emergency Services District No. 1's financial instruments at December 31, 2014 and the methods and assumptions used to estimate such fair value are as follows:

Cash:

Fair value approximates the carrying amount because of the short maturity of the instruments.

Tax Assessment Receivable:

The fair value of the receivables approximates the carrying amount, as these balances are not considered available resources for the period ending December 31, 2014.

NOTE 5. DEFFERED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period (s) and so will not be recognized as an outflow of resources (expenses/expenditure) until then. The District does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period (s) and so will not be recognized as an inflow of resources (revenue) until that time. At the government fund level, revenues that have been billed but not yet collected or collected within the availability period are reported as unavailable revenues. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District has one category that qualified as deferred inflows or resources. The following table described the items and amounts:

Deferred Inflows of Resources	Amount
Property Taxes	$ 118,659

NOTE 6. COMMITMENTS

Service Contract with City of Weslaco and South Texas Emergency Care
The District has a service contract with the City of Weslaco, Texas effective through October 1, 2013 to September 30, 2015, requiring quarterly payments of $31,250 per quarter, plus premiums on ambulance operating insurance. In the current fiscal year, the District paid $125,000.

	City of Weslaco
2014	$ 125,000
2015	125,000
	$ 250,000

NOTE 7. RISK MANAGEMENT

The District is exposed to various uncertainties for losses related to intentional and unintentional torts; theft of, errors or omissions; catastrophes; and claims by patients or clients transported by ambulance units for which the District carries commercial insurance coverage. There have been no significant reductions in insurance coverage from the previous year. No negotiated settlements or jury awards have exceeded policy limits in any of the past three years.

The District's management is not aware of any pending or alleged claims that could exceed the policy limits of the present insurance coverage.

Subject: Emergency Services District No. 1
Financial Report for the Year Ended December 31, 2014

Dear Judge Garcia:

Pursuant to Health and Safety Code §775.082(b), an emergency services district shall prepare and file with the commissioners court of each county that contains any part of the district on or before June 1 of each year an audit report of the district's fiscal accounts and records.

Attached please find 5 copies of the audited financial report for Emergency Services District No. 1 for the Year Ended December 31, 2014 for the Commissioners Court. Please prepare an agenda item on the next available Commissioners Court meeting for presentation and acceptance of the financial report.

If you have questions, please do not hesitate to call me at 318-2511 ext. 4604.

Respectfully,

Raymundo Eufracio, CPA
Hidalgo County Auditor

Re: Emergency Services District No. 1 (ESD-1) - 2014 Audit

Dear Mr. Eufracio:

Enclosed please find five (5) copies the 2014 Audit for Emergency Services District No. 1 which was accepted by the Board of Commissioners at their monthly meeting on October 19, 2015. In the past, ESD-1 has forwarded its Audit directly to the Hidalgo County Judge's office, however, as per the prior request from your office, the 2014 Audit is being forwarded directly to your office with the anticipation that your office will provide a copy to the County Judge's Office for delivery to the Commissioner's Court.

Should you have any questions concerning this matter, please do not hesitate to contact me.

Very truly yours,

Richard S. Talbert

HURRICANE WORKSITE AGREEMENT

This work site agreement shall begin upon signing and end on October 1, 2011. C2GPS, Managed and Operated by C2 Global Professional Services, LLC (C2GPS) is hereinafter referred to as the Worksite, agree to the following terms of this Agreement to be funded from the USDOL Employment and Training Administration Workforce Investment Act (WIA) Title 1 National Emergency Grant (NEG) covered under Federal Disaster Declaration FEMA.

The primary purpose of this Agreement is to identify and establish temporary jobs to assist in the clean-up, restoration and humanitarian efforts that are necessary as a direct result of recovery efforts associated with the Hurricane disaster and to fill those jobs with eligible individuals that have temporarily or permanently lost their regular job as a result of the disaster or cannot find work as a result of the disruption to business activities caused by Hurricane.

C2GPS will contract with Unique HR to provide the direct services and be employer-of-record for participants for the National Emergency Grant.

1. Program Overview:
This NEG program shall consist of temporary work, wherein a participant referred is given job functions to perform under guidance and supervision in accordance with the job description attached hereto. It is understood that no legal employer-employee relationship is created or exists between the worksite and the participant. In agreeing to provide direction and supervision of the participant, it is understood that this does not make C2GPS or its designee liable to the Worksite or any third party by reason of any future act or failure to act by any participant on or off the job.

2. Limitations on participation
The Worksite understands and agrees that no participant shall begin work until this Agreement is executed by the Worksite and C2GPS. Eligible individual workers may not work in temporary jobs under this grant for more than 1040 hours or earn more than $12,000.00 in wages, whichever occurs first. These limitations apply to individuals and not specific jobs. Unique HR will track the participant's hours and wages.

3. Recruitment
Recruitment and eligibility determinations will be the responsibility of C2GPS. Individuals determined to be eligible for this program will be referred to the Worksite by C2GPS.

4. Responsibilities of Worksite
The following are responsibilities of the Worksite. The Worksite accepts and agrees that it shall:

A. direct and supervise participants work activities in accordance with their job description(s), which is hereby incorporated by reference and made a part of this Agreement.
B. assure that it will have supervisory personnel who will act as work site supervisors for each of the Worksite's work sites so as to provide for continuous on-site supervision of participants.
C. assign worthwhile and meaningful work to participants during the entire time they are at the worksite.
D. require participants' conformance with the Worksite's Personnel Rules of Conduct.
E. orient and train their work site Supervisory personnel including any alternate staff directly responsible for the supervision of participants as to the Worksite's responsibilities and obligations under this Agreement.
F. notify C2GPS immediately of any temporary and/or ongoing changes in the designation of personnel who will be supervising the participant(s).
G. be accountable for maintaining Unique HR participant time sheets by keeping accurate work time attendance rosters, supervising the proper completion and signing of time sheets by each participant, certifying and signing participant time sheets if all the prior requirements are met, and submitting these timesheets to C2GPS as instructed.
H. ensure that all sites where participants will be assigned are sanitary and safe environments in accordance with health and safety standards established by State and Federal law.
I. ensure that all required safety supplies and equipment are used in the proper manner for the intended use.
J. conform to normal routines and functions befitting a reasonable business establishment, including, but not limited to, appropriate supervision on the premises at all times, displaying positive work habits, maintaining safe working conditions, and appropriate attire.

K. have an inclement weather plan for any approved positions that are required to work out of doors to ensure that alternative tasks can be performed inside during inclement weather.

L. inform Unique HR and C2GPS immediately should an accident or injury occur at the job site affecting or involving a participant and require the participant to complete a first report of injury form.

M. notify C2GPS by telephone of any problem or concern regarding a participant's performance at a work site as soon as possible, but at least within 24 hours of when the problem is identified.

N. not discriminate against any participant or potential participant because of race, color, religion, sex, national origin or disability.

O. ensure that participants receive fair and impartial treatment and that participants shall not be subjected to harassment of any type or form.

P. ensure that the following general conditions for temporary jobs shall be complied with:
   1) participants shall receive comparable working conditions and non-payroll benefits such as rest breaks, etc. as other employees;
   2) there shall be no displacement of regular employees nor replacement of laid-off workers by the temporary job participant(s); and
   3) there shall be no infringement of promotional opportunities for regular employees.

Q. not subcontract, assign or transfer any rights or responsibilities under this agreement or any portion thereof without the prior written approval of C2GPS.

R. implement administrative controls to ensure that costs for wages and other costs that the C2GPS is responsible for paying are not being paid by other federal, state, or local programs to eliminate the possibility of a duplication of funding.

S. maintain all records and files pertaining to the operation of this Agreement and any amendment hereto for three (3) years following expiration of this Agreement. Records and files shall include, but not be limited to, time and attendance sheets, supervisor assignments, this Agreement, etc.

T. will immediately advise Workforce Solution in writing of any actions, suits, claims or grievances filed against the Worksite, C2GPS, State of Texas, federal officials or participants that in any way relates to this Agreement.

5. Responsibilities of C2GPS

C2GPS accepts and agrees that it shall

A. assist the job site supervisor in resolving any problems concerning the participants' performance on the job by responding to the Worksite's notice.

B. hear all grievances concerning program participant's performance at the job site.

C. provide counseling and supportive services to participants as the need is identified.

D. be responsible for distributing participant paychecks dependent on Worksite's timely submission of properly certified time sheets.

E. be responsible for contracting with a third party to act as employer of record. This employer of record shall employ the participants, pay participant wages for all actual hours worked, and provide Workers' Compensation coverage for all participants.

6. Worksite Monitoring and Reporting

Worksite must determine and ensure that all temporary workers at all worksites are only performing disaster-related work activities. The Worksite shall notify C2GPS of any changes to the required work hours, job description, and/or if the disaster recovery work has been completed and the job needs to be ended.

7. C2GPS Monitoring

The Worksite shall allow Workforce, the Governor of the State of Texas, or any of its agents and/or subcontractors, and the US Department of Labor (DOL) to visit the Worksite's work sites, monitor the program, report problems, require corrective action within specified time periods or remove participants from work sites without prior notice other than a written notification to be delivered to the Worksite at the time of the removal. This action may be taken when C2GPS, Workforce Solutions, the Governor of the State of Texas, or DOL finds serious or continual violations of rules or laws, where violations are not being remedied, or where C2GPS, Workforce Solutions, the Governor of the State of Texas or DOL find noncompliance on any of the terms or conditions under this Agreement.

8. Prohibited Activities

A. Sectarian Activities: The Worksite assures that participants will not be employed in building, operating, or maintaining any part of any building, which is used for religious instruction or worship.

B. Collective Bargaining And Union Activities: The Worksite assures that this agreement will not impair existing contracts for services or collective bargaining agreement between the Worksite and other parties, nor will this agreement assist, promote or deter union organization.

C. Lobbying And Political Activities: The Worksite assures that this agreement will not assist with political or lobbying activities or the cost of any salaries or expenses related to any activity designed to influence legislation or appropriation pending before the Congress of the United States.

D. Relocation: Neither the execution nor performance of the Agreement will assist in, support or otherwise contribute to the relocation of the Worksite Employer's business.

9. Hold Harmless

Without waiving its sovereign immunity, and if and to the extent allowed by law, each party shall indemnify and hold harmless each other, its officers, officials, and employees from and against all claims and liabilities of any nature or kind, including costs and expenses for or on account of any claims, damages, losses, or expenses of any character whatsoever resulting in whole or in part from the negligent performance or omission of either party's employees or representatives connected with the activities described herein.

10. Changes to the Agreement

There shall be no modification or amendment of this Agreement, except in writing, executed with the same formalities as this instrument.

Requests for interpretations of the Agreement provisions shall be directed to the Employer on Record and must be in writing. No interpretations shall be official or binding upon the Worksite Employer unless it is received in written form.

11. Termination

This Agreement may be terminated as follows:

A. C2GPS or the Worksite may terminate the Agreement for convenience upon ten (10) calendar day prior written notice to the other party.

B. C2GPS may terminate this Agreement in whole or in part at any time if it is determined that:

1) the Worksite has failed to comply with any of the provisions contained in this Agreement or any Amendment hereto;

2) the Worksite fails to perform in whole or in part under this Agreement or fails to take corrective action after receiving oral or written requests to do so within an appropriate time period as may be stipulated by C2GPS; or

3) the United States Department of Labor or State of Texas fails to provide adequate funds, reduces, eliminates or otherwise terminates the program under which this Agreement is written.

12. Notice

Other than as provided herein, notice shall be required to be given to C2GPS under this Agreement, and shall be sufficient when hand delivered or mailed to C2GPS at its office at 3101 W. Business 83, McAllen, Texas, 78501. All notices required to be given to the Worksite under this Agreement shall be sufficient when hand delivered or mailed to the Worksite at its office located at the address identified in paragraph one, page one of this Agreement.

13. Controlling Laws

This agreement and the provisions contained herein shall be construed, controlled and interpreted according to the laws of the State of Texas.

IN WITNESS THEREOF, the parties hereto having been duly authorized and representing that they have the power and authority to execute this Agreement and perform the responsibilities specified herein have made and executed this Agreement on the respective dates under each signature.

INTERLOCAL COOPERATION AGREEMENT BETWEEN THE COUNTY OF HIDALGO AND THE LOWER RIO GRANDE VALLEY WORKFORCE DEVELOPMENT BOARD

THIS Agreement is made on the ____ day of _____ 2015, by and between the **COUNTY OF HIDALGO**, hereinafter referred to as "**County of Hidalgo**", and the **LOWER RIO GRANDE VALLEY WORKFORCE DEVELOPMENT BOARD**, hereinafter referred to as "**Workforce Solutions**" as follows:

WITNESSETH:

WHEREAS, **County of Hidalgo** is a county in Texas;

WHEREAS, Workforce Solutions is a Local Workforce Development Board created under Tex. Gov't. Code Section 2308.253 and is a state agency as defined in Tex. Gov't. Code Section 771.002(1) (C);

WHEREAS, **County of Hidalgo** and **Workforce Solutions** desire to cooperate in the implementation of the **NATIONAL DISLOCATED WORKER DISASTER GRANT PROJECT** funded by the Department Of Labor through the Texas Workforce Commission under the Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker (NDW) Disaster to assist affected Local Workforce Development Areas (workforce areas) in providing services to individuals affected by severe storms in the affected Lower Rio Grande Valley Local Workforce Development Board area as provided in Federal Emergency Management Agency (FEMA) disaster declaration FEMA-4223-DR, as amended. The Grant shall provide temporary employment opportunities to assist with cleanup and recovery efforts in communities impacted by severe storms in the Board area. NDWs are WIOA dislocated worker discretionary funds awarded to states by the U.S. Secretary of Labor in response to a natural disaster or other circumstances. NDW funds supplement local recovery efforts through a Temporary Jobs program that places dislocated workers in subsidized employment opportunities assisting in their communities' recovery efforts.

WHEREAS, County of Hidalgo and **Workforce Solutions** are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Government Code Section 791.001, et seq and the Interagency Cooperation, Texas Government Code Section 771.001, et seq. respectively

NOW, THEREFORE, County of Hidalgo and **Workforce Solutions**, in consideration of the mutual covenants expressed hereinafter, agree as follows:

The parties agree to accept and adopt the Statement of Work attached hereto as Attachment A "Hidalgo County Recovery Efforts Plan" inclusive of Worksite Agreements for each Hidalgo County Precinct.

1. The term of this Agreement shall be from the _____ day of _____, 2015 through June 30, 2016.

2. **Workforce Solutions** through its Contractor for Management and Operations of its Workforce Solutions Centers, **C2 Global Professional Services, LLC** will refer eligible individuals to fill the temporary jobs based on the Hidalgo County Recovery Efforts Plan.

3. **C2 Global Professional Services, LLC** will:

- Determine eligibility of applicants according to the requirements of the NDW Grant
- Refer to Hidalgo County Precincts
- Provide necessary work/safety equipment to each worker
- Provide project orientations to each worker
- Provide and maintain timesheets for hours worked by each worker
- Issue payment for wages for hours work directly to each worker
- Provide designated Precinct staff with information related to workers
- Address personnel and/or job performance issues that may occur

4. **County Of Hidalgo** will:

- designate contact persons for each Precinct
- coordinate with Workforce Solutions and C2 Global Professional Services, LLC on establishment of an implementation plan and referral procedure
- provide orientations, supervision and necessary reports as requested
- maintain records on worker's work schedules
- assist in resolving personnel issues and/or job performance issues that may occur

- agree to cooperate with any monitoring of the project by Workforce Solutions or other designated entity
- authorize the execution of worksite agreements between precincts and C2 Global Professional Services, LLC.

5. **Conflict of Interest.** Conflict of Interest shall be avoided by both parties in compliance with 20 CFR Part 627.420(c) for all issues within this Agreement. No Director of the WFS Board shall cast a vote on, nor participate in any decision related to the provision of services by such Director (or any organization which that Director directly represents), nor on any matter which would provide direct financial benefit to that Director. No employee, member or subcontractor of the Board, and no person who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this Agreement, shall participate in any Board decision relating to this Agreement which may affect his/her personal pecuniary interest.

6. **Conflict of Applicable Law.** Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of this Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. **No Waiver.** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by **Workforce Solutions, COUNTY OF HIDALGO** and **Hidalgo County Community Services Agency** and not otherwise.

10. **TEXAS LAW TO APPLY.** THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATIONS OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

11. **Notice.** Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to Workforce Solutions:

3101 W. Business 83
McAllen, Texas 78501

If to County:

If to Hidalgo County

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

12. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

13. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

14. **Assignment.** This Agreement shall not be assignable.

15. **Headings.** The headings and captions contained in this Agreement are solely for convenient reference and shall not be deemed to affect the meaning or interpretation of any provision or paragraph hereof.

16. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

17. **Authority to Execute.** The execution and performance of this Agreement by the parties has been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of **Workforce Solutions**, the **County of Hidalgo** and the **Hidalgo County Community Services**

Agency in accordance with its terms.

18. **Governmental Purpose.** Each party hereto is entering into this Agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

19. **Commitment of Current Revenues Only.** In the event that during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

Fwd: Workforce Solutions Agreements for Tuesday's Agenda

From : Erika Reyna <erika.reyna@co.hidalgo.tx.us> Thu, Nov 05, 2015 11:00 AM
Subject : Fwd: Workforce Solutions Agreements for Tuesday's Agenda 2 attachments
To : Monica Badillo <monica.badillo@co.hidalgo.tx.us>
Cc : valde guerra <valde.guerra@co.hidalgo.tx.us>

Good morning Monica,

We met with Mr. Guerra yesterday on this item and discussed having them on the Agenda for this coming Tuesday. Would you be able to place the attached agreements on the Agenda under Executive Office? The interlocal should just be the regular approval of interlocal item. The Worksite Agreement, we need authorization from Commissioners Court for county representatives from the different worksites to sign these agreements (all 4 precincts).

Fyi, Workforce representatives will be at Court Tuesday for this item. Thanks,

Erika Reyna-Velazquez
Director of Special Projects

Ms. Reyna,

As per our discussion. Our office has reviewed the Interlocal Agreement and the Worksite Agreement between Hidalgo County and the Workforce Development Board. At this time our office approves as to the form of the Interlocal Agreement.

We have recommended changes as to the Worksite Agreement, and are requesting a format by which we include proposed changes.

Respectfully,

National Dislocated Worker Disaster Grant Project
WORKSITE AGREEMENT
Between the
WORKFORCE SOLUTIONS.
And

This work site agreement shall begin upon signing and end on June, 2016. **Workforce Solutions, managed by C2 Global Professional Services, LLC (C2GPS)**, and _____ whose address is _____ hereinafter referred to as the Agency, agree to the following terms of this Agreement to be funded from the USDOL Employment and Training Administration Workforce Innovation and Opportunity Act (WIOA) Title 1 National Emergency Grant (NEG) covered under Federal Disaster Declaration FEMA-4223-DR.

The primary purpose of this Agreement is to identify and establish temporary jobs to assist in the clean-up, restoration and humanitarian efforts that are necessary as a direct result of recovery efforts associated with the rain events that have led to a Disaster Declaration for Hidalgo County and to fill those jobs with eligible individuals that have temporarily or permanently lost their regular job as a result of the disaster or cannot find work as a result of the disruption to business activities caused by rain events.

Workforce Solutions will contract with Unique HR to provide the direct services and be employer-of-record for participants for the National Emergency Grant.

1. Program Overview:

This National Dislocation Worker Disaster Grant (NDW) program shall consist of temporary work, wherein a participant referred by Workforce Solutions to the Agency is given job functions to perform under the guidance and supervision of the Agency in accordance with the job description attached hereto. It is understood by Workforce Solutions and the Agency that no legal employer-employee relationship is created or exists between the Agency and the participant. In agreeing to provide direction and supervision of the participant, the Agency understands that this does not make Workforce Solutions or its designee liable to the Agency or any third party by reason of any future act or failure to act by any participant on or off the job.

2. Limitations on participation

The Agency understands and agrees that no participant shall begin work until this Agreement is executed by the Agency and Workforce Solutions. Eligible individual workers may not work in temporary jobs under this grant for more than 1386 hours or earn more than $19,320.84 in wages, whichever occurs first. These limitations apply to individuals and not specific jobs. Unique will track the participant's hours and wages.

3. Recruitment and Selection

Recruitment and eligibility determinations will be the responsibility of Workforce Solutions. Individuals determined to be eligible for this program will be referred to the Worksite by Workforce Solutions.

4. Responsibilities of Agency

The following are responsibilities of the Agency. The Agency accepts and agrees that it shall:

A. direct and supervise participants work activities in accordance with their job description(s), which is hereby incorporated by reference and made a part of this Agreement.
B. assure that it will have supervisory personnel who will act as work site supervisors for each of the Agency's work sites so as to provide for continuous on-site supervision of participants.
C. assign worthwhile and meaningful work to participants during the entire time they are at the worksite.
D. require participants' conformance with the Agency's Personnel Rules of Conduct.
E. orient and train their work site Supervisory personnel including any alternate staff directly responsible for the supervision of participants as to the Agency's responsibilities and obligations under this Agreement.
F. notify Workforce Solutions immediately of any temporary and/or ongoing changes in the designation of personnel who will be supervising the participant(s).
G. be accountable for maintaining Unique HR participant time sheets by keeping accurate work time attendance rosters, supervising the proper completion and signing of time sheets by each participant, certifying and signing

participant time sheets if all the prior requirements are met, and submitting these timesheets to Workforce Solutions as instructed.

H. ensure that all sites where participants will be assigned are sanitary and safe environments in accordance with health and safety standards established by State and Federal law.

I. ensure that all required safety supplies and equipment are used in the proper manner for the intended use.

J. conform to normal routines and functions befitting a reasonable business establishment, including, but not limited to, appropriate supervision on the premises at all times, displaying positive work habits, maintaining safe working conditions, and appropriate attire.

K. have an inclement weather plan for any approved positions that are required to work out of doors to ensure that alternative tasks can be performed inside during inclement weather.

L. inform Unique HR and Workforce Solutions immediately should an accident or injury occur at the job site affecting or involving a participant and require the participant to complete a first report of injury form.

M. notify Workforce Solutions by telephone of any problem or concern regarding a participant's performance at a work site as soon as possible, but at least within 24 hours of when the problem is identified.

N. not discriminate against any participant or potential participant because of race, color, religion, sex, national origin or disability.

O. ensure that participants receive fair and impartial treatment and that participants shall not be subjected to harassment of any type or form.

P. ensure that the following general conditions for temporary jobs shall be complied with:

1) participants shall receive comparable working conditions and non-payroll benefits such as rest breaks, etc. as other employees;
2) there shall be no displacement of regular employees nor replacement of laid-off workers by the temporary job participant(s); and
3) there shall be no infringement of promotional opportunities for regular employees.

Q. not subcontract, assign or transfer any rights or responsibilities under this agreement or any portion thereof without the prior written approval of Workforce Solutions.

R. implement administrative controls to ensure that costs for wages and other costs that the Workforce Solutions is responsible for paying are not being paid by other federal, state, or local programs to eliminate the possibility of a duplication of funding.

S. maintain all records and files pertaining to the operation of this Agreement and any amendment hereto for three (3) years following expiration of this Agreement. Records and files shall include, but not be limited to, time and attendance sheets, supervisor assignments, this Agreement, etc.

T. will immediately advise Workforce Solution in writing of any actions, suits, claims or grievances filed against the Agency, Workforce Solutions, State of Texas, federal officials or participants that in any way relates to this Agreement.

5. Responsibilities of Workforce Solutions

Workforce Solutions, or its designee C2GPS, accepts and agrees that it shall

A. assist the job site supervisor in resolving any problems concerning the participants' performance on the job by responding to the Agency's notice.
B. hear all grievances concerning program participant's performance at the job site.
C. provide counseling and supportive services to participants as the need is identified.
D. be responsible for distributing participant paychecks dependent on Agency's timely submission of properly certified time sheets.
E. be responsible for contracting with a third party to act as employer of record. This employer of record shall employ the participants, pay participant wages for all actual hours worked, and provide Workers' Compensation coverage for all participants.

6. Agency Monitoring and Reporting

Agency must determine and ensure that all temporary workers at all worksites are only performing disaster-related work activities. The Agency shall notify Workforce Solutions of any changes to the required work hours, job description, and/or if the disaster recovery work has been completed and the job needs to be ended.

7. Workforce Solutions Monitoring

The Agency shall allow Workforce, the Governor of the State of Texas, or any of its agents and/or subcontractors, and the US Department of Labor (DOL) to visit the Agency's work sites, monitor the program, report problems, require corrective action within specified time periods or remove participants from work sites without prior notice other than a written notification to be delivered to the Agency at the time of

the removal. This action may be taken when Workforce Solutions, the Governor of the State of Texas, or DOL finds serious or continual violations of rules or laws, where violations are not being remedied, or where Workforce Solutions, the Governor of the State of Texas or DOL find noncompliance on any of the terms or conditions under this Agreement.

8. Prohibited Activities

A. Sectarian Activities: The Agency assures that participants will not be employed in building, operating, or maintaining any part of any building, which is used for religious instruction or worship.

B. Collective Bargaining And Union Activities: The Agency assures that this agreement will not impair existing contracts for services or collective bargaining agreement between the Agency and other parties, nor will this agreement assist, promote or deter union organization.

C. Lobbying And Political Activities: The Agency assures that this agreement will not assist with political or lobbying activities or the cost of any salaries or expenses related to any activity designed to influence legislation or appropriation pending before the Congress of the United States.

D. Relocation: Neither the execution nor performance of the Agreement will assist in, support or otherwise contribute to the relocation of the Worksite Employer's business.

9. Hold Harmless

Without waiving its sovereign immunity, and if and to the extent allowed by law, each party shall indemnify and hold harmless each other, its officers, officials, and employees from and against all claims and liabilities of any nature or kind, including costs and expenses for or on account of any claims, damages, losses, or expenses of any character whatsoever resulting in whole or in part from the negligent performance or omission of either party's employees or representatives connected with the activities described herein.

10. Changes to the Agreement

There shall be no modification or amendment of this Agreement, except in writing, executed with the same formalities as this instrument.

Requests for interpretations of the Agreement provisions shall be directed to the Employer on Record and must be in writing. No interpretations shall be official or binding upon the Worksite Employer unless it is received in written form.

11. Termination

This Agreement may be terminated as follows:

A. Workforce Solutions or the Agency may terminate the Agreement for convenience upon thirty (30) calendar day prior written notice to the other party.

B. Workforce Solutions may terminate this Agreement in whole or in part at any time if it is determined that:

1) the Agency has failed to comply with any of the provisions contained in this Agreement or any Amendment hereto;

2) the Agency fails to perform in whole or in part under this Agreement or fails to take corrective action after receiving oral or written requests to do so within an appropriate time period as may be stipulated by Workforce Solutions; or

3) the United States Department of Labor or State of Texas fails to provide adequate funds, reduces, eliminates or otherwise terminates the program under which this Agreement is written.

12. Notice

Other than as provided herein, notice shall be required to be given to Workforce Solutions under this Agreement, and shall be sufficient when hand delivered or mailed to Workforce Solutions at its office at 3101 W. Business 83, McAllen, TX, 78501. All notices required to be given to the Agency under this Agreement shall be sufficient when hand delivered or mailed to the Agency at its office located at the address identified in paragraph one, page one of this Agreement.

13. Controlling Laws

This agreement and the provisions contained herein shall be construed, controlled and interpreted according to the laws of the State of Texas.

IN WITNESS THEREOF, the parties hereto having been duly authorized and representing that they have the power and authority to execute this Agreement and perform the responsibilities specified herein have made and executed this Agreement on the respective dates under each signature.

Re: Hidalgo County Request to Workforce Solutions for Recovery Efforts

Dear Mr. Almaraz:

Hidalgo County greatly appreciates Workforce Solutions' assistance for recovery and cleanup efforts following the recent rain events that have led to a Disaster Declaration for Hidalgo County. The assistance you and the United States Department of Labor have offered will help expedite the County's recovery efforts and provide relief to many of our families. If awarded temporary assistance, Hidalgo County would require positions to assist with the following: debris removal, road maintenance – pothole patching, road side ditch cleaning, excavation, culvert cleaning, reconstruction of roads, mowing, etc, and heavy equipment and truck drivers.

Attached please find the details of Hidalgo County's request. Should you have any questions please feel free to contact me at (956) 292-7655 or valde.guerra@co.hidalgo.tx.us.

NUMBER OF POSITIONS REQUESTED	TITLE	SQUARE MILES THAT WILL BE COVERED	DEPARTMENT FOR PLACEMENT	JOB DESCRIPTION	COUNTY SALARY RANGE
5	Truck Drivers	639	Precinct 4	Please see attached	$29,000 - $29,676 annually

STATE OF TEXAS '
'
COUNTY OF HIDALGO '

INTERLOCAL COOPERATION AGREEMENT BETWEEN THE COUNTY OF HIDALGO AND THE LOWER RIO GRANDE VALLEY WORKFORCE DEVELOPMENT BOARD

THIS Agreement is made on the ____ day of _____ 2015, by and between the **COUNTY OF HIDALGO**, hereinafter referred to as "**County of Hidalgo**", and the **LOWER RIO GRANDE VALLEY WORKFORCE DEVELOPMENT BOARD**, hereinafter referred to as "**Workforce Solutions**" as follows:

WITNESSETH:

WHEREAS, **County of Hidalgo** is a county in Texas;

WHEREAS, Workforce Solutions is a Local Workforce Development Board created under Tex. Gov't. Code Section 2308.253 and is a state agency as defined in Tex. Gov't. Code Section 771.002(1) (C);

WHEREAS, **County of Hidalgo** and **Workforce Solutions** desire to cooperate in the implementation of the **NATIONAL DISLOCATED WORKER DISASTER GRANT PROJECT** funded by the Department Of Labor through the Texas Workforce Commission under the Workforce Innovation and Opportunity Act (WIOA) National Dislocated Worker (NDW) Disaster to assist affected Local Workforce Development Areas (workforce areas) in providing services to individuals affected by severe storms in the affected Lower Rio Grande Valley Local Workforce Development Board area as provided in Federal Emergency Management Agency (FEMA) disaster declaration FEMA-4223-DR, as amended. The Grant shall provide temporary employment opportunities to assist with cleanup and recovery efforts in communities impacted by severe storms in the Board area. NDWs are WIOA dislocated worker discretionary funds awarded to states by the U.S. Secretary of Labor in response to a natural disaster or other circumstances. NDW funds supplement local recovery efforts through a Temporary Jobs program that places dislocated workers in subsidized employment opportunities assisting in their communities' recovery efforts.

WHEREAS, County of Hidalgo and **Workforce Solutions** are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Government Code Section 791.001, et seq and the Interagency Cooperation, Texas Government Code Section 771.001, et seq. respectively

NOW, THEREFORE, County of Hidalgo and **Workforce Solutions**, in consideration of the mutual covenants expressed hereinafter, agree as follows:

The parties agree to accept and adopt the Statement of Work attached hereto as Attachment A "Hidalgo County Recovery Efforts Plan" inclusive of Worksite Agreements for each Hidalgo County Precinct.

1. The term of this Agreement shall be from the _____ day of _____, 2015 through June 30, 2016.

2. **Workforce Solutions** through its Contractor for Management and Operations of its Workforce Solutions Centers, **C2 Global Professional Services, LLC** will refer eligible individuals to fill the temporary jobs based on the Hidalgo County Recovery Efforts Plan.

3. **C2 Global Professional Services, LLC** will:

- Determine eligibility of applicants according to the requirements of the NDW Grant
- Refer to Hidalgo County Precincts
- Provide necessary work/safety equipment to each worker
- Provide project orientations to each worker
- Provide and maintain timesheets for hours worked by each worker
- Issue payment for wages for hours work directly to each worker
- Provide designated Precinct staff with information related to workers
- Address personnel and/or job performance issues that may occur

4. **County Of Hidalgo** will:

- designate contact persons for each Precinct
- coordinate with Workforce Solutions and C2 Global Professional Services, LLC on establishment of an implementation plan and referral procedure
- provide orientations, supervision and necessary reports as requested
- maintain records on worker's work schedules
- assist in resolving personnel issues and/or job performance issues that may occur

- agree to cooperate with any monitoring of the project by Workforce Solutions or other designated entity
- authorize the execution of worksite agreements between precincts and C2 Global Professional Services, LLC.

5. **Conflict of Interest.** Conflict of Interest shall be avoided by both parties in compliance with 20 CFR Part 627.420(c) for all issues within this Agreement. No Director of the WFS Board shall cast a vote on, nor participate in any decision related to the provision of services by such Director (or any organization which that Director directly represents), nor on any matter which would provide direct financial benefit to that Director. No employee, member or subcontractor of the Board, and no person who exercises any functions or responsibilities in the review or approval of the undertaking or carrying out of this Agreement, shall participate in any Board decision relating to this Agreement which may affect his/her personal pecuniary interest.

6. **Conflict of Applicable Law.** Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of this Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. **No Waiver.** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by **Workforce Solutions, COUNTY OF HIDALGO** and **Hidalgo County Community Services Agency** and not otherwise.

10. **TEXAS LAW TO APPLY.** THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATIONS OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

11. **Notice.** Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to Workforce Solutions:

3101 W. Business 83
McAllen, Texas 78501

If to County:

If to Hidalgo County

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

12. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

13. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

14. **Assignment.** This Agreement shall not be assignable.

15. **Headings.** The headings and captions contained in this Agreement are solely for convenient reference and shall not be deemed to affect the meaning or interpretation of any provision or paragraph hereof.

16. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

17. **Authority to Execute.** The execution and performance of this Agreement by the parties has been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of **Workforce Solutions**, the **County of Hidalgo** and the **Hidalgo County Community Services**

Agency in accordance with its terms.

18. **Governmental Purpose.** Each party hereto is entering into this Agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

19. **Commitment of Current Revenues Only.** In the event that during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

Are your purchases exempt from sales tax? If yes, a copy of the Resale Tax Certificate must accompany this credit application.	◉ Yes	◯ No
Do you prefer a purchase order number on invoices/packing slips?	◉ Yes	◯ No
Do you prefer prices on bills of lading/packing slips?	◉ Yes	◯ No
Do you prefer multiple invoice copies? If yes, how many would you prefer? _____	◯ Yes	◉ No
Do you request the invoices emailed to your accounts payable office? If yes, please provide the email address. _____	◯ Yes	◉ No

You expressly agree and understand that regardless of your answers to the immediate four questions, CRAWFORD is not required under the terms of this application of credit to provide you with purchase orders, prices on bills of lading/packing slips, multiple invoice copies or invoices emailed, but that CRAWFORD will attempt to provide such merely as a courtesy. You further agree and understand that you are not excused from paying for material purchased from CRAWFORD in the event that CRAWFORD fails to extend this courtesy.

Terms and Conditions of Credit Sale on Back

Crawford Electric Supply Co., Inc.
Terms and Conditions of Credit Sale

The Purchaser hereby acknowledges that, in the event that Crawford Electric Supply Company, Inc. (CRAWFORD) in its sole discretion, grants credit to Purchaser, Purchaser intends to purchase merchandise from CRAWFORD and intends to continue to make intermittent purchases. The following terms and conditions will govern such purchases:

1. All orders are subject to acceptance by CRAWFORD in its sole discretion;
2. Prices are subject to change without notice, unless otherwise stated;
3. All payments on account must be made within the terms stated on each invoice;
4. Accounts immediately become past due if not paid within the term stated on the invoice;
5. CRAWFORD will charge a service charge of 1.5% per month (18.0% per annum), or the maximum legal rate, whichever is less. The service charge will be assessed on the past due portion of the account. In the event that outside collection efforts are necessary, the undersigned hereby agrees to pay all collection costs, disbursements, expenses, and attorney's fees incurred by CRAWFORD;
6. Purchaser agrees to pay all taxes unless a Resale Tax Certificate is supplied to CRAWFORD, and Purchaser acknowledges that the prices quoted do not include any taxes;
7. Purchaser acknowledges that all claims for shortages (other than those lost in transit) must be made in writing within five (5) days after receipt of shipment, or any claim for shortages is waived;
8. Purchaser agrees that Purchaser's receipt of any invoice setting forth the amount owed to CRAWFORD accurately represents Purchaser's account stated regarding said invoice unless, within thirty (30) days of receipt of the invoice, Purchaser objects to the invoice in writing and said written objection is delivered to CRAWFORD, or such claim will be waived;
9. CRAWFORD shall not be held responsible or held liable for damages resulting from causes beyond its control or caused by fire, flood, accidents, delay in transit, labor difficulty, inability of our normal sources of supply to ship, any law, act or regulation of any government body;
10. Products sold by CRAWFORD are warranted only to the extent of any applicable manufacturer's warranty;
11. CRAWFORD reserves the right to limit or deny the extension of credit to Purchaser at its sole discretion and without recourse to the Purchaser and without notice to the Purchaser;
12. Purchaser acknowledges that Purchaser may or may not issue signed purchase orders and authorizes CRAWFORD to take orders verbally, via telephone, by facsimile or computer transmission and to act upon such orders as if a signed P.O. was issued;
13. If Purchaser does not pay the balance when due or breaches any other terms of the Credit Application, CRAWFORD may demand the entire unpaid balance to be paid immediately and as provided by law, commence any legal action for collection of the balance due;
14. Purchaser shall indemnify and hold harmless CRAWFORD against all damage resulting from liabilities incurred to Purchaser or to any third party as a result of Purchaser's order of material from CRAWFORD;
15. Upon notice from CRAWFORD, in its sole discretion, Purchaser shall permit payments to CRAWFORD by way of joint check and Purchaser agrees to take all actions necessary to effectuate payment by joint check;
16. Purchaser's payment to CRAWFORD shall constitute a waiver of claims by the Purchaser, except those previously made in writing and identified by Purchaser as unsettled at the time of payment.

Terms or conditions of any purchase order or other form issued by the purchaser, which are in addition to, modify or are inconsistent with the CRAWFORD's Terms and Conditions will not be binding upon CRAWFORD unless agreed to in a separate writing executed by an officer of CRAWFORD.

Purchaser hereby authorizes the bank(s) and/or supplier(s) named on this Application to release any and all information to CRAWFORD with regard to the financial condition, credit history, account balances and the like to CRAWFORD. A copy of this Authorization shall be as valid as the original.

2016 Hidalgo County Resolution
Indigent Defense Grant Program

WHEREAS, under the provisions of the Texas Government Code Section 79.037 and Texas Administrative Code Chapter 173, counties are eligible to receive grants from the Texas Indigent Defense Commission to provide improvements in indigent defense services in the county; and

WHEREAS, this grant program will assist the county in the implementation and the improvement of the indigent criminal defense services in this county; and

WHEREAS, Hidalgo County Commissioners Court has agreed that in the event of loss or misuse of the funds, Hidalgo County Commissioners assures that the funds will be returned in full to the Texas Indigent Defense Commission.

NOW THEREFORE, BE IT RESOLVED and ordered that the County Judge of this county is designated as the Authorized Official to apply for, accept, decline, modify, or cancel the grant application for the Indigent Defense Formula Grant Program and all other necessary documents to accept said grant; and

BE IT FURTHER RESOLVED that the County Auditor is designated as the Financial Officer for this grant.

Adopted this _____day of_____, 2015.

Must be able to be insured by County Insurance carrier

Knowledge, Skills, and Abilities

Must have a firm understanding of the techniques of computer use

Ability to install computer hardware and software

Ability to train others in the use of software and hardware

Ability to use popular software (i.e., All Microsoft Office products, Windows, database applications, …)

Employee may be assigned other duties in addition to those listed; duties may change according to the changing needs of the County

Special Qualifications

Able to provide services in other areas as needed

Willingness to work irregular hours as needed

Accept 24 hour response team duties as necessary

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to stand. The employee is occasionally required to walk; sit; use hands to find, handle, or feel objects, tools or controls; reach with hands and arms; climb or balance; stoop and kneel.

The employee must occasionally lift and/or move over 25 pounds. Specific vision abilities required by this job include close vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

SAFETY REQUIREMENTS:

Maintain physical conditions appropriate to the performance of assigned duties and responsibilities which may include the following:

- sitting for extended periods of time
- operating assigned equipment

Maintain mental capacity which permits:

- making sound decisions and using good judgment
- demonstrating intellectual capabilities

Effectively handle a work environment and conditions which involve:

- working closely with others
- working in a multi-task environment

Maintain effective audio-visual discrimination and perception needed for:

- making observations
- reading and writing
- operating assigned equipment
- communication with others

- required to follow the Hidalgo County Accident Prevention Plan and department's safety regulations

HIDALGO COUNTY HEALTH & HUMAN SERVICES

DIRECTOR OF CLINICAL CARE SERVICES

GENERAL DESCRIPTION

The Director of Clinical Care Services functions under the direction of the Chief Administrative Officer and in collaboration with the Chief Physician. Functions as a public health program specialist by planning & directing multi-disciplinary systems of health care to ensure effective utilization of resources in the provision of comprehensive public health care services for Hidalgo County. Oversees eight (8) clinic sites, including personnel assignments, training and hiring which includes developing goals & resources for the Clinical Group. Is responsible for analyzing, developing, implementing and coordinating new and existing programs (Title V, MCH, TB, Immunization, Family Planning & Community Health- OPH). Maintains Quality Assurance, accountability & reporting of implemented programs, to County and Department of State Health Services. Establishes, maintains, supports the activities of public health education, promotion, disease prevention & control in the community. Develops and implements specialty community clinics; and supervises Central Office personnel associated with those clinics including but not limited to Family Planning, Prenatal, Child Health, TB, Immunizations and Communicable Diseases and the reporting of these clinics. Prepares & writes new and renewal grant applications in coordination with the Budget Manager, under the supervision of the Chief Administrative Officer.

EXAMPLES OF WORK PERFORMED

Coordinates the operations of the Clinical Group including the development, implementation, and evaluation of the group's philosophy, goals, clinical practice standards and policies. Develops and maintains acceptable methods of recording and reporting that provide proper service control, uniform accounting and measurement of program results (Quality Assurance).

Develops policies and procedures in accordance to DSHS program guidelines/standards. Responsible in coordinating clinical quality assurance programs. Responsible for staff development of the Clinical Groups. Devises tools and methods of assessment of knowledge and skill areas of the Nursing Groups. Responsible for recruitment of health programs personnel.

Responsible for the oversight of the HCHHSD Billing Division in collaboration with the Budget Manager. Responsible for the oversight of the Tuberculosis, Immunizations, Wellness Program, Maternal & Child Health, Family Planning & STD Programs.

Implements, monitors & evaluates the performance measures of these programs in accordance to DSHS & department policies & procedures;

Responsible for Credentialing Committee for Medicaid, Medicaid HMO's, Private Insurance, Council for Affordable Quality Healthcare (CAQH), credentialing application updating, re-attestation as needed. Maintains knowledge current on program HMO's, updates & changes.

Addresses grievances related to the Clinical Group; Responds to client and service provider complaints to the Health Department resolving complex problems.

Monitors the community health status to identify community health problems through routine review and collection of community health status data, population based needs assessment and epidemiological processes. Responsible to develop and initiate population-wide health promotion, prevention and risk reduction programs (which include OPH grant performance measures).

Assists and/or coordinates with diagnoses and investigates health problems and hazards in the community to include chronic disease prevention and detection; communicable disease detection and strategic intervention and follow up. Assists in emergency response planning.

Develops and advocates for public health policies and comprehensive systems of health care delivery, to include application & compliance to current managed health care systems.

Assists in mobilizing community partnerships and provides expertise to the community on community health status in order to identify, prioritize and solve health problems to the benefit of the citizens of Hidalgo County.

Participates with management team and with other groups directors in establishing direction and leadership in the organization; Assists in developing department polices, enforcing policies, and enhancing integration opportunities as member of the management staff, under the supervision of the Chief Administrative Officer.

Coordinates & evaluates effectiveness, accessibility and quality of personal and population based healthcare services; collects and maintains data to measure community interventions; identify underserved populations and implements changes in programs/systems to improve health outcomes.

Coordinates the Tuberculosis, Immunization, Title V MCH, OPH, Family Planning & Wellness Program, program budgets which includes; identifying budget needs and developing grant and program budgets in conjunction with the Budget Manager, under the supervision of the Chief Administrative Officer, compiling budget indicators for the

various programs; and reviewing and approving group budget purchases and expenditures.

Reviews local, state, and federal resources for potential program funding; identifies funding and project opportunities and provides direction to group staff, community agencies, coalitions, etc. on following up on these opportunities.

Prepares and writes new and annual submittal of multiple grant requests TB, Immunization, OPH & Title V in coordination with the Budget Manager for HCHHSD, under the supervision of the Chief Administrative Officer. Monitors grant progress to ensure grant requirements are being met; and submits required reporting monthly and annually to state and County as applicable.

Serves as a public health practice resource and community expert on the practice of public health nursing; as adjunct faculty for undergraduate nursing students; will coordinate with universities/colleges adjunct staff in assuring that student requirements are met within all state HIPPA and county requirements.

Collaborates with other service providers including institutes of higher learning to share resources to maximize delivery of care.

Reviews and revises medical orders in conjunction with the Chief Physician and Clinicians. Directs the on-going review, revision, implementation and training in public health and nursing practice standards.

Develops, implements, and evaluates workplace OSHA policies. Oversees the staff development of the Clinical Group in accordance to OSHA & State Board Rules (BON).

Responsible to maintain and update all Third Party Provider information, credentialing and renewal applications.

Performs related work as assigned.

GENERAL QUALIFICATION GUIDELINES

Experience and Education

Licensed to practice as an RN in Texas, plus

10 yrs or more experience as a Director of Nursing in public health or similar setting;

10 yrs or more experience in community health grant writing, i.e. DSHS, HHSC;

10 yrs or more experience as a practicing RN in a supervisory capacity in Public Health;

BSN/MSN may be substituted for 3 years of required experience.

Immunization/TB Screening Requirements:

Employees may be required to receive immunizations recommended by the ACIP, ACP, and TDH based on anticipated disease exposure (e.g. hepatitis B or rabies vaccines) TB skin testing may be required.

Certificates, Licenses, Registrations:

Employee must have proof of a current valid Texas Motor Vehicle Operator's License;

Must be able to be insured by County Insurance carrier.

Knowledge, Skills, and Abilities

Knowledge of professional nursing theory, nursing process, including cultural social and economic forces in family, community and group dynamics. Broad knowledge of principles and practices in management, supervision and intra disciplinary collaboration. Knowledge of organizational structure, administrative process, and projected program expectations. Ability to communicate in oral, written form. Ability to apply principles of leadership, education, long range planning and evaluation. Ability to perform essential job functions with or without reasonable accommodations.

Maybe be required to work other than normal or scheduled hours including weekends and holiday.

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job

While performing the duties of this job, the employee is required to sit and use hands to fingers, or feel objects, tools or controls. The employee is required to stand; walk; reach with hands and arms; and stoop, kneel

The employee must occasionally lift and/or move up to twenty-five (25) pounds. Specific vision abilities required by this job include close vision and the ability to adjust focus

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

AI-52131 **Emergency Management** **15. A.**

CC - REGULAR

Meeting Date: 11/10/2015

Submitted By: Sandra Deleon, COUNTY JUDGE

Department: COUNTY JUDGE

Information

CAPTION

1. Requesting authority for Hidalgo County to submit a letter to the Texas Department of Public Safety- Texas Division of Emergency Management for withdrawal from the TSSI Safe Room Project Hazard Mitigation Grant Program number DR-1791-331 which was approved for the La Joya Independent School District to construct a 20,000 sq. ft. community safe room on the campus of Palm View High School.

2. Request for approval for the County Judge to sign the required documentation.

BACKGROUND

Safe Shelter Grant DR-1791-331 9/14/2015 Received letter from La Joya ISD requesting withdrawal from the grant. Decision was based on the fact that the project was advertised twice and the proposals received exceeded the budgeted amount. The School Board voted to not to proceed with the project on 8/10/2015.

3/31/2015 Presentation, discussion and authorization to submit the Direct Deposit Authorization and Designation of Applicant's Agent forms for the Hazard Mitigation Grant-Safe Shelter Initiative DR-1791-331 and Plan Grant DR-1999-022 for the purpose of updating records for the Texas Division of Emergency Management with authority for the County Judge to sign the required documents.

10/14/2014 AI-46842 – Approval to submit request for an extension of the TSSI Grant #DR-1791-331 for an additional 12 months to complete the project.

1/28/2014 AI-42805-(1) Approval of Certification of Revenues as certified by the County of Auditor. AI-42805-(2) Approval of the 2013 appropriation of funds for the TSSI Grant.

7/9/2013 AI-39566-(A) Authorization for Hidalgo County to execute and sign the Project Officer Designation form for the Hazard Mitigation Grant.

AI-39566-(B) Authorization for Hidalgo County to execute and sign the Third Party Authorization form for the Hazard Mitigation Grant.

2/15/2013 AI-36629-(1) Approval to accept the Safe Shelter grand on behalf of La Joya Independent School District (ISD) in the amount of $2,400,000.00 with a 25% match of $600,000 to be provided by La Joya ISD.

AI-36629-(2) Approval to accept the Memorandum of Agreement (MOU) between Hidalgo County and La Joya ISD.

9/25/2012 AI-34204- Approval to apply and submit for the Hazard Mitigation Grant Program/Texas State Shelter Initiative on behalf of the La Joya Independent School District with the authority for the County Judge to sign the required documentation.

NOTICE OF MEETING
La Joya Independent School District
Board of Trustees
Special Called Meeting
Central Administration at Nellie Schunior
Staff Development Center
Monday, August 10, 2015
6:00 P.M.

At any time during the course of this meeting, the Board may retire to Executive Session under Texas Government Code, Section 551.071 (2) to confer with its legal counsel on any subject matter in this agenda in which the duty of the school district's attorney to the school district's Board of Trustees under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with Chapter 551 of the Texas Government Code. At any time during the course of this meeting, the Board of Trustees may retire to Executive Session to deliberate on any subject slated for discussion at this meeting, as may be permitted under one or more of the exceptions to the Open Meetings Act set forth in Title 5, Subtitle A, Chapter 551, Subchapter D of the Texas Government Code.

AT THIS MEETING THE BOARD OF TRUSTEES MAY DELIBERATE ON AND TAKE ANY ACTION DEEMED APPROPRIATE BY THE BOARD OF TRUSTEES ON THE FOLLOWING SUBJECTS:

I. Call Meeting to Order

Johnn Valente Alaniz, President of the Board of Trustees, called the meeting to order at 6:14 p.m.

COUNTY JUDGE

Honorable Judge Ramon Garcia
302 West University Drive
Edinburg, Texas 78539

Dear Honorable Judge Garcia,

The La Joya Independent School District is respectfully requesting withdrawal from the TSSI Dome Shelter Grant. The School Board of Trustees voted not to proceed with project at their regular scheduled meeting of August 10, 2015. The decision was based on the fact that this project was advertised twice and the proposals received exceeded the budgeted amount. Attached you will find copies of the meeting minutes detailing the outcome.

Thank you for your attention to this matter. If further information is required feel free to contact Daniel Garza, Facilities Department Director at (956) 323-2125.

Respectfully,

Alda Benavides

Dr. Alda T. Benavides
Superintendent of Schools

Veterans Day Proclamation

Whereas: Hidalgo County Veterans stepped forward when America needed them the most. In conflicts around the world, their sacrifice and resolve helped destroy the enemies of freedom and saved millions from oppression;

Whereas: the 11th of November 1918, marked the end of the 'war to end all wars' and the cessation of the most destructive, sanguinary, and far reaching war in human annals and the resumption by the people of the United States of peaceful relations with other nations, which we hope may never again be severed;

Whereas: on June 1, 1954 Congress declared that Armistice Day should be Veterans Day to honor all who had served in all wars to preserve world peace and on October 8, 1954 President Dwight D. Eisenhower issued the first Veterans Day Proclamation;

Whereas: thousands of Hidalgo County residents have proudly served in the Armed Forces, and by answering the call to duty, risked their lives in response to combat, peacekeeping missions, rescue operations, and humanitarian relief efforts;

Whereas: Hidalgo County supports Community Service Agency's Retired Senior Volunteer Program that serves veterans and military families;

Whereas: the Community Service Agency sponsors the Retired Senior Volunteer Program which honors and recognizes veterans doing volunteer work that improves lives and strengthens communities; and

Whereas: Veterans are continuously answering the call to duty in their respective community and doing volunteer work in our local schools, municipalities, hospitals, food pantries and disaster relief centers.

Now, Therefore, Be it Resolved that the Hidalgo County Commissioners' Court, does hereby proclaim November 11, 2015, as Veterans Day and urges all citizens of Hidalgo County to recognize the valor, sacrifice, service and volunteerism of our veterans through ceremonies and prayers.

Approved this ___day of November 2015.

RE: MONITORING REPORT
CEAP CONTRACTS #58150002108, #58140002229, #58140001799
CSBG CONTRACT #6115002185, #61140001850, #61130001583

Dear Mr. Longoria:

Enclosed is a report for the monitoring review conducted by Department Monitor Kevin Glienke on September 28 – 30, 2015, of the Comprehensive Energy Assistance Program ("CEAP") and Community Services Block Grant ("CSBG") contracts between Hidalgo County Community Services Agency ("HCCSA") and the Texas Department of Housing and Community Affairs ("Department"). The goal of the review was to provide reasonable but not absolute assurance regarding compliance with federal and state requirements and program objectives.

To achieve this goal, a sample of activities were randomly selected and tested. The attached monitoring report discloses five (5) findings, three (3) concerns, and one (1) observation. Please submit a response to this report by November 23, 2015 (the corrective action deadline). Failure to respond and complete the requirements of the report may lead to the referral of HCCSA to the Enforcement Committee. In addition, any uncorrected findings or findings that were not corrected during the corrective action period will be taken into consideration the next time HCCSA is considered for additional Department funds. Therefore, if you do not agree with finding in this letter or require additional time to correct the matter, please contact the Patricia Murphy, Chief of Compliance prior to the corrective action deadline.

The Department appreciates the cooperation and hospitality extended to the Compliance Monitoring staff. In the next 30 days, you will receive an email with a link to a survey. The Department welcomes and solicits your feedback on this monitoring process. Should you have a question or require assistance, please do not hesitate to contact me.

Sincerely,

EARNEST L HUNT

Director of Compliance Subrecipient Monitoring

cc: Julian Martinez
Judge Ramon Garcia
(100 East Cano St 78539)

Findings
Noted in the Review

Finding #1: Non-compliance with Board Requirements
Program: CSBG
A review of the board information provided during the monitoring review showed a lack of compliance with board requirements, as well as non-compliance with HCCSA Board Bylaws.

Finding #1A: Board Meeting Requirements
A review of compliance with Board Meeting Requirements identified training completion certificates not being maintained for eight (8) of the Board of Directors. Specifically, HCCSA did not have documentation reflecting completion of the Open Meeting Training and the Public Information Certificate for the Board Members identified in Table 1 below. The Texas Government Code and the Texas Administrative Code ("TAC") requires that Subrecipients maintain a copy of board training certificates issued to the Board member upon completion of all required trainings. **Reference: Texas Government Code, Title 5, §551.005; 10 TAC §5.217.**

Table 1

Board Member Name	Need Open Meetings Training Certificate?	Need Public Information Certificate?
San Juanita Sanchez	Yes	Yes
Baudelia Rojas	No	Yes
Thelma Garza	Yes	Yes
Harold Requenez	Yes	Yes
Armando Dominguez	Yes	Yes
Julian Martinez	Yes	Yes
Oralia Salinas	Yes	No
Marie Salazar	Yes	No

Finding #1A Action Required: HCCSA shall obtain and maintain training completion certificates, for all members of the Board of Directors. If any Board members have not completed the required trainings, HCCSA must facilitate the ability for the Board members to complete the training. As part of the response to this report, HCCSA must provide copies of the training completion certificates for the respective Board members.

Finding #1B: Tri-Partite Board Structure
A review of the current board roster showed that the current makeup of the HCCSA Board is: two (2) public sector representatives, three (3) private sector representatives, and four (4) low income sector representatives. The Texas Administrative Code ("TAC") requires that the Subrecipient Board structure be at least one-third elected public officials holding office on the date of the selection, or their representatives. **Reference: CSBG ACT Sec 676 (2) A-C; 10 TAC §5.213(a)(1); HCCSA Board Bylaws Section III(A)**

Finding #1C: Election Selection Process and Documentation
A review of the current board roster showed the current makeup of the HCCSA Board has four (4) low income sector representatives. During the monitoring trip, HCCSA was only able to provide election documentation for 3 of the 4 low income representatives, **Reference: 10 TAC §5.213**

Finding #1B & #1C Action Required: HCCSA must address the positions to ensure compliance with the tri-partite board structure as well as get up-to-date with the democratic selection procedures for the required

board positions, which at a minimum are representatives of the low-income sector. As part of the response to this report, HCCSA must submit a plan of action and corresponding timeline to have both of these issues addressed within the next six (6) months. Verification of compliance with the submitted plan of action will be checked in the next monitoring of HCCSA.

Note #1: The Department recognizes that HCCSA is in the process of editing and updating their board bylaws. Discussion with HCCSA staff indicated that they believed the adoption of the updated bylaws would be completed within the next couple months, by the end of November 2015 at the latest. The required actions for the above finding should all be taken into consideration with the drafted version of the new bylaws in mind. The Department recommends that HCCSA have the updated board bylaws be reviewed by an attorney, which is a requirement of the upcoming 2016 CSBG Organizational Standard 5.3.

Finding #2: Inaccurate Monthly Financial Reconciliations
Program: CSBG & CEAP

A review of the HCCSA general ledger, randomly selected months of expenditures from both the CEAP and CSBG programs, and monthly bank statements showed multiple areas where the general ledger totals did not accurately reconcile to the corresponding expenditure report or bank statement.

Finding #2A: Inaccurate Monthly Expenditure Report Reconciliation
Program: CEAP

A review of the general ledger revealed that two months: April 2015 Monthly Expenditure Report ("MER") and May 2015 MER do not reconcile to the general ledger. Those discrepancies are identified in Tables 2-3 below. The Texas Uniform and Grant Management Standards ("UGMS") requires current, accurate, and complete financial information be maintained. **Reference: UGMS Part III, Subpart C.**

Table 2
April 2015
#58150002108

	Admin	Crisis Component	UA Component	Program Services	Travel	TOTAL
MER Reported	$29,092.25	$11,884.72	$55,858.37	$16,542.11	$0.00	$113,377.45
General Ledger	$29,092.25	$11,884.72	$55,631.08	$16,542.11	$0.00	$113,150.16
Variance	$0.00	$0.00	$227.29	$0.00	$0.00	$227.29

Table 3
May 2015
#58140002229

	Admin	Crisis Component	UA Component	Program Services	Travel	TOTAL
MER Reported	$43,642.98	$17,036.32	$92,118.81	$41,094.27	$0.00	$193,892.38
General Ledger	$43,669.61	$17,036.32	$92,118.81	$41,094.27	$0.00	$193,949.01
Variance	$56.63	$0.00	$0.00	$0.00	$0.00	$56.63

Finding #2A Action Required: HCCSA must identify what caused the discrepancies on this monthly report and then make the proper adjustments on the next MER to ensure the financial reporting numbers accurately reconcile to their general ledger. As part of the response to this report, HCCSA must: (1) provide copies of this accounting adjustment process to ensure accurate reconciliation with the expenditures reported to the Department and (2) develop and implement a sufficient internal process to minimize this type of potential error again and provide of copy of this process.

Finding #2B: Inaccurate Cash Reconciliation
Program: CEAP & CSBG
A review of the July 2015 general ledger and bank balance statement revealed that cash amounts between the two reports did not reconcile accurately. According to the documentation provided during the monitoring visit, there is a $6,527.48 discrepancy between the bank balance and the general ledger; the discrepancy shows there is less money in the bank than is reflected in the general ledger through July 2015. The Texas Uniform and Grant Management tandards ("UGMS") requires current, accurate, and complete financial information be maintained. **Reference: UGMS Part III, Subpart C.**

Finding #2B Action Required: HCCSA must identify what caused that discrepancy between the general ledger and the bank balance statement. As part of the response to this report, HCCSA must: (1) provide copies of the documentation of what caused the discrepancy, (2) show that the September 2015 bank balance statement and general ledger reconcile properly, and (3) develop and implement a sufficient internal process to minimize this type of potential error again and provide of copy of this process.

Finding #3: Lack of Inventory Form Submissions
Program: CEAP & CSBG
A review of documents submitted to the Department revealed HCCSA has not submitted an inventory form for either the CEAP or CSBG program for at least the past two years. Per program contracts, HCCSA must submit a cumulative inventory form of all equipment acquired, in whole or in part, with applicable program funds under this or previous program contracts, with a unit acquisition cost of $5,000.00 and/or a useful life of more than one year, within forty-five (45) days of the end of the program contract term. **Reference: CEAP & CSBG Contracts Section 10**

Note #2: The Department recognizes that this was also a finding in HCCSA's most recent single audit for FYE 12/31/14. HCCSA responded to the audit on August 19, 2015, stating they would send a report to each grantor agency for the current fiscal year of inventory and equipment; as of October 6, 2015, nothing was received by the Department.

Action Required: Submission of updated inventory forms for both programs is a contract requirement. The process for inventory form submission is: (1) accurately complete the inventory form located on the Department website; (2) electronically submit the completed form(s) to Department Community Affairs Fiscal Staff within forty-five days of contract end date. An inventory form is required to be submitted, even if there is no inventory that meets the dollar threshold for the inventory form. HCCSA must submit an inventory form for PY14 for both the CEAP and CSBG programs to the appropriate Department staff, as well as provide a copy of those forms as part of the response to this report.

Finding #4: Inaccurate Monthly Performance Reporting
Program: CSBG

Through the August 2015 Monthly Performance Report (MPR), HCCSA has inaccurately reported the total number of people transitioned out of poverty (TOP) under the PY15 CSBG contract. A review of CSBG client files identified three (3) households that have been TOP'd, with a total of eleven (11) individuals that should be reported; the August MPR currently has fourteen (14) individuals reported as TOP'd. Discussion with HCCSA staff indicated the mistake was a simple human input error. In order to report a household as one that has been transitioned out of poverty, HCCSA must maintain 90 days of income documentation showing that the household's income is over 125% of poverty as a result of services provided by HCCSA. HCCSA must report accurate information as the Department relies on reports from our Subrecipients to ensure program goals and requirements are met. **Reference: 10 TAC §5.207(j)(3)(K); CSBG Monthly Performance Reporting Forms and Instructions Part XII**

Action Required: HCCSA must make the appropriate adjustment on the upcoming MPR to accurately report the total cumulative number of individuals that have been successfully TOP'd under the PY15 CSBG contract. As part of the response to this report, HCCSA must provide documentation of the adjustment being made in the contract reporting system.

Finding #5: Not Meeting Transition Out of Poverty (TOP) Goals
Program: CSBG

A review of prior program year Community Action Plans and Monthly Expenditure Reports reflects low TOP performance and slow expenditure levels in the last four (4) CSBG contract periods. Table 1 below reflects HCCSA's TOP goals, actual TOPs, and expenditure rates for each respective contract period. The Department reminds HCCSA that one of the goals of the CSBG program is to reduce poverty by empowering low-income families to become fully self-sufficient and transition them out of poverty. The goal for number of people HCCSA is expected to TOP is identified annually in the CAP Plan.

The Department also notes HCCSA's unacceptably slow expenditure rates in the CSBG program. Standard CSBG contract terms are 12 months; HCCSA has received contract extensions from the Department for each program year identified below to allow for full contract expenditure. During the monitoring visit, Department staff had a discussion with HCCSA staff about the consistent contract extensions from previous program years and the compounded effect on HCCSA's ability to fully expend the program funds within the allotted original contract period. The Department recommends that when a contract extension is granted, HCCSA modify the subsequent contract period's CAP plan and program budget to reflect 100% allowable expenditure of the program budget and the activities to be performed within the remaining term of the contract period. As of August 2015, HCCSA has expended 28.62% of the 2015 CSBG award with a 66% of the contract term expired. **Reference: 10 TAC §5.202; HCCSA Community Action Plans**

Program Year	Contract Number	Original Contract Term	TOP Goal	Expenditure at end of Original Contract term.	Contract Extension	Actual TOP	Time Needed to Expend Contract
PY12	61120001323	1/1/12 – 12/31/12	25	54.88 %	6/30/13	10	18 months (Budget was fully expended in June 2013)
PY13	61130001583	1/1/13- 12/31/13	69	46.35 %	5/30/14	0	17 months (Budget was fully expended in May 2014)
PY14	61140001850	1/1/14- 12/31/14	65	60.74 %	7/31/15	0	19 months (Budget was fully expended in July 2015)
PY15	61150002185	1/1/15- 12/31/15	65	N/A	N/A	14	Percentage of contract expended, as of August 2015, is 28.62%.

Action Required: HCCSA's 2016 Community Action Plan was submitted October 1, 2015. The Community Action Plan submitted is designed to address the needs identified in HCCSA's updated Community Needs Assessment and Strategic Plan. HCCSA must develop a plan to address how they will appropriately and fully expend the remaining 2015 funds as quickly as possible as well as how they expect to appropriately and fully expend their 2016 CSBG funds in the appropriate time frame; HCCSA must provide a copy of this plan as part of the response to this report.

Concerns Noted in the Review

Concern #1: High Administrative Expenditure Level
Program: CEAP
Through the August 2015 expenditure reports, HCCSA's CEAP Contract #58150002113 has an Administrative ratio of 8.65%; the maximum allowable ratio for CEAP is 6.25%. HCCSA is reminded that they must be at or below 6.25% by the end of the contract term, which is December 31, 2015; any amount in excess could be disallowed. **Reference: CEAP Contract Exhibit A.**

Note #3: Through the August 2015 expenditure report, HCCSA has spent 52.38% of the CEAP contract while 66% of the contract period has expired. Discussion with HCCSA staff indicated that they expect complete contract expenditure by the end of the contract period. The Department reminds HCCSA that CSBG funds are not allowed to be used to cover any CEAP Admin charges.

Action Required: By the end of the contract closeout period, HCCSA must have the Administrative ratio at or below the acceptable amount or will face disallowed costs for the overages. For the purposes of this report, there is no required action for this concern.

Concern #2: Need to Update Cost Allocation Plan Methodology
Program: CEAP & CSBG
During the monitoring process, multiple charges were reviewed that were accurately allocated amongst TDHCA grants according to the latest HCCSA Cost Allocation Plan, which was last updated in February 2015. The review of the methodology for the Cost Allocation Plan showed one over-arching methodology that determined allocation percentages, and was then applied to all the different indirect costs. Per federal requirements, "a cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received." **Reference: 2 CFR 200.400s, UGMS II Attachments A & C**

Action Required: During the monitoring, HCCSA staff revealed that the Cost Allocation Plan, including the methodology, are being updated. The Department recommends that HCCSA verify/update the Cost Allocation Plan annually, at a minimum. Verification of the updated Cost Allocation Plan will be checked in the next monitoring of HCCSA. For the purposes of this report, there is no required action for this concern.

Concern #3: Missing Procurement Contract Provisions
Programs: CEAP, CSBG
The Department reviewed the contract between HCCSA and Shah Software and noted that it is missing required contract clauses. The UGMS and TAC requires the contracts to include the terms, conditions, and specifications of the services provided and contract provisions listed in UGMS and the TAC. **Reference: UGMS III Sub Part C_.36 (b) (2) & (i), CEAP/CSBG Contracts Section 9 (C), 10 TAC §5.10.**

Action Required: HCCSA must execute a contract with Shah that contains all required contract terms. As part of the response to this report, HCCSA must provide a copy of the executed contract.

Note #4: The Department recognizes that HCCSA procured Shah Software NewGen as a sole source provider utilizing their county legal team and their county purchasing department for this process. The Department is aware that there are other client software providers available for procurement. The Department reminds HCCSA that for any and all applicable procurements relative to TDHCA grants, all applicable rules and regulations must be followed, including the requirement to allow for free and open competition.

Observations
Noted in the Review

Observation #1:
The Department is aware that HCCSA has had significant staff changes over the past six months as well as significant changes and adjustments to both CEAP and CSBG program processes and implementation. The Department has provided HCCSA with intensive on-site training to HCCSA in an effort to maximize the impact of these programs for the benefit of the community. As a result of this recent staffing and programmatic overhaul, the Department limited the scope of this monitoring review and did not review any PY15 CEAP or CSBG client files for compliance. Beginning with PY16, the Department expects HCCSA will be in complete compliance with all applicable rules and regulations as they are written.

Re: Pricing Updates to Sprint Wireless Contract #CW10-14 (#BSG1409-0689)

Dear Mr. Denzel,

Upon receipt of written approval from the Houston Galveston Area Council ("H-GAC"), Sprint Solutions, Inc. ("Sprint") is excited to make available to the H-GAC and the H-GAC End Users (collectively known as, "HGAC End User" or "Customer") the following price changes (reference #BSG1409-0689) under Contract No. CW10-14 ("Contract").

1. **Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Government Choice Value Plan" to Contract No. CW10-14 as provided below:**

1.1 Sprint Government Choice Value Plan

Sprint Government Choice Value Plan	
NET MRC	**$47.99 NET MRC; Service Pricing Discounts will not apply**
Anytime Minutes	400
Anytime Minutes Overage	$0.25/minute
Sprint Mobile-to-Mobile	Unlimited
Unlimited Nights & Weekends starting at 7 pm	Unlimited
Shared Minutes	Included [1]
Direct Connect® and Group Connect®	Unlimited
Nationwide Long Distance	Included
Caller ID &Voice Mail	Included
Unlimited internet browsing and e-mail	Included
Unlimited Messaging	Included
Data Roaming	$0.002/KB
Upgrade Term	24 Months
Premium Data Requirement	Included

[1] Corporate-Liable Active Units on the Sprint Government Choice Value Plan with SDC will share Anytime Minutes with only the Business Essentials family of plans.

1) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

2) Direct Connect and Group Connect are available on select devices. Additional Direct Connect features, including, but not limited to, TeamDC[SM], are available with certain devices and may be subject to an additional charge.

2. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Government Choice Economy Plan" to Contract No. CW10-14 as provided below:

2.1 Sprint Government Choice Economy Plan

Sprint Government Choice Economy Plan	
NET MRC	**$49.99 NET MRC; Service Pricing Discounts will not apply**
Anytime Minutes	400
Anytime Minutes Overage	$0.25/minute

Unlimited Nights & Weekends starting at 7 pm	Unlimited
Shared Minutes	Included [1]
Direct Connect® and Group Connect®	Unlimited
Nationwide Long Distance	Included
Caller ID &Voice Mail	Included
Unlimited internet browsing and e-mail	Included
Unlimited Messaging	Included
Upgrade Term	24 Months
Premium Data Requirement	Included
Data Roaming	Included*

* Data roaming is subject to the data roaming sections of the Wireless Services Product Annex.

[1] Corporate-Liable Active Units on the Sprint Government Choice Economy Plan with SDC will share Anytime Minutes with only the Business Essentials family of plans.

1) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

2) Direct Connect and Group Connect are available on select devices. Additional Direct Connect features, including, but not limited to, TeamDC[SM], are available with certain devices and may be subject to an additional charge.

3. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Custom 300 Smartphone Plan" to Contract No. CW10-14 as provided below:

3.1 Sprint Custom 300 Smartphone

	Custom 300 Smartphone Voice & Data
Net MRC Service Pricing Discounts will not apply	**$37.99 NET MRC**
Anytime Minutes	300
Anytime Minutes Overage	$0.40/minute
Sprint Mobile-to-Mobile	Included
Unlimited Direct Connect® and Group Connect®	Included
Unlimited Nights & Weekends starting at 9 pm	Unlimited
Pooled Anytime Minutes	Included

	Custom 300 Smartphone Voice & Data
Nationwide Long Distance	Included
Voice Roaming	Included
Caller ID &Voice Mail	Included
Unlimited Internet Browsing and Email	Included
Data Roaming	Included*
Domestic Messaging	Unlimited
Premium Data	Included
Device Availability[1]	LG Optimus F3 [1]

*Data roaming is subject to the data roaming sections of the Wireless Services Product Annex.

[1] Price plan is only applicable for select devices including LG Optimus F3, and other comparable devices to be agreed upon by the parties.

A. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

B. Direct Connect and Group Connect are available on select devices. Additional features, including, but not limited to, TeamDC, are available with certain devices and may be subject to an additional charge.

C. Corporate-Liable Active Units on the Sprint Custom 300 Smartphone will share Anytime Minutes with only the Business Essentials family of plans.

4. Effective immediately upon approval from HGAC, the parties agree to add the following new "Spireon FleetLocate Trailer Management Solution" to Contract No. CW10-14 as provided below:

4.1 SPIREON FLEETLOCATE TRAILER MANAGEMENT SOLUTION – OPTION A. The Spireon FleetLocate Trailer Management Solution – Option A ("FleetLocate Trailer Solution-A") includes a web-based trailer management Application from Spireon, Inc. ("Spireon") that provides real-time trailer location information ("Spireon Trailer Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL12 and Spireon FL22 wireless devices provided by Spireon ("Trailer Devices"). In addition to access to the Spireon Trailer Application, the MRC for the FleetLocate Trailer Solution-A includes access to the Nationwide Sprint Network, training, and standard ground shipping for the Trailer Devices. Trailer Devices, installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the Trailer Devices remains with Spireon; Customer is not purchasing the Trailer Devices under this Contract.

Charges

	FL12 Trailer Device	FL22 Trailer Device
MRC	**$12.95***	**$14.95***
Data Services in Megabytes ("MB")	5MB	5MB
Overage per KB	$0.003	$0.003
Spireon Web-Based Software	Included	Included
Device Activation Fee**	$27.95	$27.95
Trailer Device Fee**	$249	$300
Minimum Service Term	3 Years	5 Years

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee and the Trailer Device Fee are each one-time charges that will be applied for each Trailer Device activated with the FleetLocate Trailer Solution-A.

Activations of the FleetLocate Trailer Solution-A may not be eligible for service credits, wireless device discounts, or rebates. The FleetLocate Trailer Solution-A may not be purchased in conjunction with certain Sprint promotions or contests.

B. Customer's use of the Spireon Trailer Application and the Trailer Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Trailer Solution-A. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the Trailer Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. **Technical Support.** For technical support related to the FleetLocate Trailer Solution-A, Customer should call Spireon at 866-398-4087.

4.2 SPIREON FLEETLOCATE TRAILER MANAGEMENT SOLUTION – OPTION B. The Spireon FleetLocate Trailer Management Solution – Option B ("FleetLocate Trailer Solution-B") includes a web-based trailer management Application from Spireon, Inc. ("Spireon") that provides real-time trailer location information ("Spireon Trailer Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL12 and Spireon FL22 wireless devices provided by Spireon ("Trailer Devices"). In addition to access to the Spireon Trailer Application, the MRC for the FleetLocate Trailer Solution-B includes access to the Nationwide Sprint Network, use of the Trailer Device, training, and standard ground shipping for the Trailer Device. Installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the Trailer Devices remains with Spireon; Customer is not purchasing the Trailer Devices under this Contract.

A. Charges

	FL12 Trailer Device	**FL22 Trailer Device**
MRC	**$19.95***	**$20.95***
Data Services in Megabytes ("MB")	5MB	5MB
Overage per KB	$0.003	$0.003
Spireon Web-Based Software	Included	Included
Device Activation Fee**	$27.95	$27.95
Minimum Service Term	3 Years	5 Years

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee is a one-time charge that will be applied for each Trailer Device activated with the FleetLocate Trailer Solution-B.

(1) Activations of the FleetLocate Trailer Solution-B may not be eligible for service credits, wireless device discounts, or rebates. The FleetLocate Trailer Solution-B may not be purchased in conjunction with certain Sprint promotions or contests.

(2) Customer may not transfer Trailer Devices from the FleetLocate Trailer Solution-B to the Spireon FleetLocate Trailer Management Solution – Option A Business Plan prior to the expiration of the applicable Minimum Service Term.

B. Customer's use of the Spireon Trailer Application and the Trailer Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Trailer Solution-B. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the Trailer Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. **Technical Support.** For technical support related to the FleetLocate Fleet Solution, Customer should call Spireon at 866-398-4087.

5. Effective immediately upon approval from HGAC, the parties agree to add the following new "Spireon FleetLocate Asset Solution" to Contract No. CW10-14 as provided below:

5.1 SPIREON FLEETLOCATE ASSET SOLUTION – OPTION A. The Spireon FleetLocate Asset Solution – Option A ("FleetLocate Asset Solution-A") includes a web-based asset tracking Application from Spireon, Inc. ("Spireon") that provides one or two location pings each day to enable Customer to monitor its assets and inventory ("Spireon Asset Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL700 wireless device provided by Spireon ("FL700 Device"). In addition to access to the Spireon Asset Application, the MRC for the FleetLocate Asset Solution-A includes access to the Nationwide Sprint Network, training, and standard ground shipping for the FL700 Device. F700 Devices, installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the FL700 Devices remains with Spireon.

A. Charges

MRC	**$10.95***
Data Services in Megabytes ("MB")	1MB
Overage per KB	$0.003
Spireon Web-Based Software	Included
Device Activation Fee**	$27.95
FL700 Fee**	$249

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee and the FL700 Fee are each one-time charges that will be applied for each FL700 Device activated with the FleetLocate Asset Solution-A.

(1) Activations of the FleetLocate Asset Solution-A may not be eligible for service credits, wireless device discounts, or rebates. The FleetLocate Asset Solution-A may not be purchased in conjunction with certain Sprint promotions or contests.

(2) A three year Minimum Service Term is required for the FleetLocate Asset Solution-A.

B. Customer's use of the Spireon Asset Application and the FL700 Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Asset Solution-A. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the FL700 Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. Technical Support. For technical support related to the FleetLocate Asset Solution-A, Customer should call Spireon at 866-398-4087.

5.2 SPIREON FLEETLOCATE ASSET SOLUTION – OPTION B. The Spireon FleetLocate Asset Management Solution – Option B ("FleetLocate Asset Solution-B") includes a web-based asset tracking Application from Spireon, Inc. ("Spireon") that provides one or two location pings each day to enable Customer to monitor its assets and inventory ("Spireon Asset Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL700 wireless device provided by Spireon ("FL700 Device"). In addition to access to the Spireon Asset Application, the MRC for the FleetLocate Asset Solution-B includes access to the Nationwide Sprint Network, use of the FL700 Device, training, and standard ground shipping for the FL700 Device. Installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the FL700 Devices remains with Spireon.

The Spireon Terms are subject to change without prior notice to Customer.

C. Technical Support. For technical support related to the FleetLocate Asset Solution-B, Customer should call Spireon at 866-398-4087.

6. Effective immediately upon approval from HGAC, the parties agree to add the following new "Spireon FleetLocate Fleet Management Solution" to Contract No. CW10-14 as provided below:

6.1 SPIREON FLEETLOCATE FLEET MANAGEMENT SOLUTION. The Spireon FleetLocate Fleet Management Solution ("FleetLocate Fleet Solution") includes a web-based fleet management Application from Spireon, Inc. ("Spireon") that provides real-time vehicle location information ("Spireon Fleet Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL18 wireless device provided by Spireon ("FL18 Device"). In addition to access to the Spireon Fleet Application, the MRC for the FleetLocate Fleet Solution includes access to the Nationwide Sprint Network, use of the FL18 Device, basic installation, training, and standard ground shipping for the FL18 Device. Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the FL18 Devices remains with Spireon.

A. Charges

MRC	$29.95*
Data Services in Megabytes ("MB")	5MB
Overage per KB	$0.003
Spireon Web-Based Software	Included
Device Activation Fee**	$27.95
Garmin	$5.00*
Garmin Activation Fee	$24.00
Power Take-Off Tracking	$3.00

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee is a one-time charge that will be applied for each FL18 Device activated with the FleetLocate Fleet Solution.

(1) Activations of the FleetLocate Fleet Solution are not eligible for service credits, wireless device discounts, or rebates. The FleetLocate Fleet Solution may not be purchased in conjunction with certain Sprint promotions or contests.

(2) A three year Minimum Service Term is required for the FleetLocate Fleet Solution.

(3) Garmin is an optional feature that provides navigation and messaging for the FleetLocate Fleet Solution via fleet-ready personal navigation devices from Garmin Ltd. The MRC for the Garmin feature includes the Garmin FMI cable, installation, service and the messaging tab in the FleetLocate Fleet Solution user interface. The Garmin personal navigation device is not included. The Garmin Activation Fee is a one-time charge that will be applied for each Garmin feature activated with the FleetLocate Fleet Solution.

(4) Power Take-Off Tracking is an optional feature that tracks when a vehicle's Power Take-Off (PTO) feature is on or off. PTO information is available to Customer via alerting, reporting, and the Spireon portal. The MRC for the PTO Tracking feature includes standard installation, which requires a 12-volt connection inside the cab of the vehicle.

B. Customer's use of the Spireon Fleet Application and the FL18 Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Fleet Solution. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the FL18 Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. Technical Support. For technical support related to the FleetLocate Fleet Solution, Customer should call Spireon at 866-398-7906.

7. Effective immediately upon approval from HGAC, the parties agree to add the following new "Spireon FleetLocate Powered Equipment Management Solution" to Contract No. CW10-14 as provided below:

7.1 SPIREON FLEETLOCATE POWERED EQUIPMENT MANAGEMENT SOLUTION – OPTION A. The Spireon FleetLocate Powered Equipment Management Solution – Option A ("FleetLocate Powered Equipment Solution-A") includes a web-based fleet management Application from Spireon, Inc. ("Spireon") that provides real-time "Powered Equipment" location information ("Spireon Powered Equipment Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL12EQ wireless device provided by Spireon ("Powered Equipment Devices"). In addition to access to the Spireon Powered Equipment Application, the MRC for the FleetLocate Powered Equipment Solution-A includes access to the Nationwide Sprint Network, training, and standard ground shipping for the Powered Equipment Device. Powered Equipment Devices, installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the Powered Equipment Devices remains with Spireon; Customer is not purchasing the Powered Equipment Devices under this Contract.

A. Charges

	FL12EQ Powered Equipment Device

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee is a one-time charge that will be applied for each Powered Equipment Device activated with the FleetLocate Powered Equipment Solution-A.

(1) Activations of the FleetLocate Powered Equipment Solution-A may not be eligible for service credits, wireless device discounts, or rebates. The FleetLocate Powered Equipment Solution-A may not be purchased in conjunction with certain Sprint promotions or contests.

B. Customer's use of the Spireon Powered Equipment Application and the Powered Equipment Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer

upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Powered Equipment Solution-A. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the Powered Equipment Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. Technical Support. For technical support related to the FleetLocate Powered Equipment Solution-A, Customer should call Spireon at 866-398-7906.

7.2 SPIREON FLEETLOCATE POWERED EQUIPMENT MANAGEMENT SOLUTION – OPTION B. The Spireon FleetLocate Powered Equipment Management Solution – Option B ("FleetLocate Powered Equipment Solution-B") includes a web-based fleet management Application from Spireon, Inc. ("Spireon") that provides real-time "Powered Equipment" location information ("Spireon Powered Equipment Application"). The Business Plan set forth in this section is available only for activation on the Spireon FL12EQ wireless device provided by Spireon ("Powered Equipment Devices"). In addition to access to the Spireon Powered Equipment Application, the MRC for the FleetLocate Powered Equipment Solution-B includes access to the Nationwide Sprint Network, use of the Powered Equipment Device, training, and standard ground shipping for the Powered Equipment Device. Installation, Managed Network Services and maintenance support are not included. Customer may purchase these services from Sprint for an additional charge or from another provider acceptable to Sprint in Sprint's sole discretion. Title to the Powered Equipment Devices remains with Spireon; Customer is not purchasing the Powered Equipment Devices under this Contract.

A. Charges

	FL12EQ Trailer Device
MRC	**$19.95***
Data Services in Megabytes ("MB")	5MB
Overage per KB	$0.003
Spireon Web-Based Software	Included
Device Activation Fee**	$27.95
Minimum Service Term	3 Years

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

** The Device Activation Fee is a one-time charge that will be applied for each Powered Equipment Device activated with the FleetLocate Powered Equipment Solution-B.

(1) Activations of the FleetLocate Powered Equipment Solution-B may not be eligible for service credits, wireless device discounts, or rebates. The FleetLocate Powered Equipment Solution-B may not be purchased in conjunction with certain Sprint promotions or contests.

(2) Customer may not transfer Powered Equipment Devices from the FleetLocate Powered Equipment Solution-B to the Spireon FleetLocate Powered Equipment Management Solution – Option A Business Plan prior to the expiration of the applicable Minimum Service Term.

B. Customer's use of the Spireon Powered Equipment Application and the Powered Equipment Devices is subject to Customer's acceptance of the Spireon Tracking Solution Agreement presented to Customer upon first log-in to the Spireon portal ("Spireon Terms"). Customer must agree to the Spireon Terms before Spireon offers any services associated with the FleetLocate Powered Equipment Solution-B. Pursuant to the Spireon Terms, Customer agrees to pay any applicable charges to Spireon related to expedited shipping, installation, or repair, replacement and returns of the Powered Equipment Devices. The Spireon Terms are subject to change without prior notice to Customer.

C. Technical Support. For technical support related to the FleetLocate Powered Equipment Solution-B, Customer should call Spireon at 866-398-7906.

8. Effective immediately upon approval from HGAC, the parties agree to add the following new "Geotab GO6 Solution" to Contract No. CW10-14 as provided below:

8.1 Geotab GO6 Solution - General.

A. MyGeotab is a cloud-based fleet management Application from Geotab, Inc. ("Geotab"). The Business Plans set forth in this section are available only for activation on Geotab's GO6 devices utilizing the MyGeotab Application. Equipment, including GO6, Garmin or Android devices, accessories, installation,

professional services, Sprint Data Access Plans, and maintenance support are not included. Customer may purchase these products and services from Sprint or a Sprint-authorized provider for an additional charge. In Sprint's sole discretion, MyGeotab may not be purchased in conjunction with certain Sprint promotions or contests.

B. Customer's use of the MyGeotab Application is subject to acceptance of the Geotab End User Agreement Terms and Conditions presented to Customer upon first log-in to the MyGeotab Application ("Geotab Terms"). Customer may log-in to the MyGeotab Application at http://my.geotab.com. The Geotab Terms are subject to change without prior notice to Customer.

C. For technical support related to Customer's Geotab solution, including MyGeotab, Customer should call (800) 397-7102.

8.2 Charges

	Geotab Basic	**Geotab Professional**	**Geotab Professional + Hours of Service (HOS)**
MRC	$14.45*	$18.75*	$21.00*
MyGeotab	Included	Included	Included

* MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

A. A one year Minimum Service Term is required.

8.3 Features

A. Geotab Basic provides features that are GPS position and time-based, including: location, breadcrumb trail, geofencing, idling, speeding, stop/start times and time/location-based safety alerts, and maintenance reminders.

B. Geotab Professional provides the features of Geotab Basic plus accelerometer and engine data, such as: driver alerts for movement-based activity, swerving, harsh braking and acceleration, and engine diagnostic codes.

C. Geotab Professional + Hours of Service (HOS) provides the features of Geotab Professional plus integration with either Customer's Garmin Ltd. device or an Android tablet to provide fleet owners the ability to keep electronic driver logs.

D. Hours of Service and Driver Vehicle Inspection Reports (DVIRs) are accessible via select in-vehicle devices, such as an Android tablet. Customer may contact its Sprint Account Representative for information on compatible devices. An additional data Business Plan is required for tablets and other devices accessing DVIRs.

9. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Business Application Add-On" to Contract No. CW10-14 as provided below:

9.1 Sprint Business Applications. Sprint Business Applications are Sprint-billed third party location and mobility services. Except as otherwise provided, these solutions may be added to a Business Plan on a per-Corporate-Liable Active Unit basis for the listed additional MRC and NRC.

A. Sprint Business Applications Add-Ons

Application	**Monthly Recurring Charge**	**Non-Recurring Charge**
Canvas Forms	$20.00	$0

B. Certain applications require the purchase of a data Business Plan Depending upon Customer's device, a BlackBerry data plan may be required instead.

C. Service Pricing Discounts. Sprint Business Applications are not eligible for Service Pricing Discounts.

10. Effective immediately upon approval from HGAC, the parties agree to add the following new "Google Apps for Work" solution to Contract No. CW10-14 as provided below:

10.1 Google Apps for Work. Google Apps for Work ("Google Apps") is a suite of cloud-based business applications and value added services from Google, Inc., ("Google") that allow employees to connect and collaborate in real time and on the move by storing, sharing and editing documents in order to work more effectively.

A. Pricing. For each Google Apps Customer chooses, Sprint will charge Customer the applicable Monthly Recurring Charge(s) "MRC" or Annual- Recurring Charge(s) "ARC", as identified in the table below, unless otherwise noted.

	MRC	ARC
Google Apps for Work	**$5.00**	**$50.00**
Google Apps Unlimited	**$10.00**	**$120.00**
Domain Service	**N/A**	**$20.00**
UberConference for Business	**$10.00**	**N/A**
UberConference for Business	**$20.00**	**N/A**
Carefree Cloud Deployment and Support		
Group	**N/A**	**$500.00**
Professional	**N/A**	**$4,000.00**
Enterprise	**N/A**	**$7,500.00**
Carefree Cloud End User Support		
Online Training	**N/A**	**$10.00**
Live Call Support	**$4.00**	**$25.00**
Complete Support	**$5.00**	**$30.00**

B. Service Pricing Discounts. Google Apps are not eligible for Service Pricing Discounts.

C. Additional Terms. Customer must comply with the Sprint Productivity Marketplace Terms of Service which are incorporated into this Contract as posted to www.sprint.com/ratesandconditions.

D. The Google Apps pricing, terms and conditions are subject to change without prior notice to Customer.

E. In the event of a conflict between the terms and conditions of the Contract and the Sprint Productivity Marketplace Terms of Service, the Sprint Productivity Marketplace Terms of Service shall control for the purchase and use of all Sprint Software as a Service, including Google Apps for Work and any related value added services.

11. The parties agree that the following applies to Customers of Sprint Products and Services under Contract No. CW10-14 that purchase Services and Products that may be eligible for discounts or other benefits under the Federal Universal Service Fund Schools and Libraries Program ("E-Rate Program"):

A. Certain Customers of Sprint Products and Services under the Contract purchase Services and Products that may be eligible for discounts or other benefits under the Federal Universal Service Fund Schools and Libraries Program ("E-Rate Program") and administered by the Universal Service Administrative Company ("USAC") or other administrative body designated by the Federal Communications Commission ("FCC"), or under state or local corollaries to the E-Rate Program (collectively, "Support").

B. Effective July 1, 2015, E-Rate Support for certain services will be eliminated or reduced pursuant to FCC order, and cost allocation requirements for wireless carriers will change.

C. In order for Sprint to comply with the E-Rate Program, effective July 1, 2015: i) all Customers utilizing E-Rate Support will be required to purchase Corporate-Liable Active Units at Suggested Retail Price ("SRP") with no Minimum Service Term, when opting to upgrade, replace, or activate a new device; and ii) Sprint in its discretion may offer Business Plans exclusively for use by Customers utilizing E-Rate Support.

D. Wireless Device Pricing and Upgrade Terms for Customers utilizing E-Rate Support, effective July 1, 2015:

(i) Wireless Device Pricing. New Corporate-Liable Active Units shall be eligible to purchase a device at Suggested Retail Price ("SRP") for selected Business Plans with no Minimum Service Term.

(ii) Upgrade Terms. Existing Corporate-Liable Active Units may be upgraded or replaced at Suggested Retail Price for a device with no Minimum Service Term.

12. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint® Business Fusion Plans" to Contract No. CW10-14 as provided below:

12.1 Sprint® Business Fusion Plans

A. Sprint Business Fusion - Smartphone Plans

Smartphone Plans	MRC*	Overage charge for additional data services usage above plan limit in Megabytes ("MBs") and Gigabytes ("GBs")
Unlimited Talk and Text Plan	**$35**	**N/A**
Unlimited Data Plan	**$30**	**N/A**
2GB Pooled Data Plan	**$20**	**$0.015/MB ($15/GB)**
1GB Pooled Data Plan	**$15**	**$0.015/MB ($15/GB)**

* Service Discount is not applicable.

(1) Customer will receive a $20 monthly discount off the Unlimited Talk and Text Plan MRC for Smartphones purchased at Suggested Retail Price ("SRP") without a device Minimum Service Term. Discounts are applied within 2 bill cycles and discounts are not prorated.

(2) The Unlimited Talk and Text Plan includes unlimited Domestic voice, text, Direct Connect®, and Group Connect®; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services. Direct Connect and Group Connect are available only on select devices.

(3) Customer must purchase the Unlimited Talk and Text Plan and a Smartphone Data Plan for any Smartphone activated on a Sprint Business Fusion Plan.

(4) The data allowance for the Smartphone Data Plans includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices. Sprint Mobile Hotspot usage on the Unlimited Data Plan is limited to 3GBs of usage and does not pool. If Customer's Sprint Mobile Hotspot usage on the Unlimited Data Plan exceeds 3GBs, Customer will be liable for a $0.015 per MB ($15 per GB) overage charge.

(5) Roaming is limited to 100 MBs or a majority of kilobytes ("KBs") for all Smartphone Data Plans. This Roaming limitation includes Sprint Mobile Hotspot usage. Roaming is not available on the Sprint 4G Network at this time.

(6) Data usage will be pooled among Smartphones on the 1GB and 2GB Data Plans, and with data usage on devices in Pool Group Two described in Section 3.1.C(1) below, if such Smartphones and devices are under the same billing account number.

B. Sprint Business Fusion - Feature Phone Plans

Feature Phone Plans	MRC*
Unlimited Talk and Text Plan	**$30**
Unlimited Data Plan	**$5**

* Service Discount is not applicable.

(1) Customer will receive a $10 monthly discount off the Unlimited Talk and Text Plan MRC for feature phones purchased at SRP without a device Minimum Service Term. Discounts are applied within 2 bill cycles and discounts are not prorated.

(2) The Unlimited Talk and Text Plan includes unlimited Domestic voice, text, Direct Connect, and Group Connect; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services. Direct Connect and Group Connect are available only on select devices.

(3) Customer may add unlimited data to the Unlimited Talk and Text Plan for the MRC stated above. Data Roaming is limited to 100MBs or a majority of KBs for the Unlimited Data Plan. If Customer does not choose the Unlimited Data Plan, Sprint will block data for feature phones activated on a Sprint Business Fusion Feature Phone Plan.

C. Sprint Business Fusion - Pooled Data Plans

Pooled Data Plans								
Plan Size	**1MB**	**5MB**	**25MB**	**100MB**	**1GB**	**3GB**	**6GB**	**12GB**
MRC*	**$4.00**	**$6.00**	**$8.00**	**$10.00**	**$15.00**	**$35.00**	**$50.00**	**$80.00**
Overage charge for additional data usage	$1 per MB	$1 per MB	$1 per MB	$0.015/MB ($15 per GB)	$0.015/MB ($15 per GB)	$0.015/MB ($15 per GB)	$0.015/MB ($15 per GB)	$0.015/MB ($15 per GB)
Data Roaming limitation	Majority of KBs	Majority of KBs	Majority of KBs	25MBs	100MBs	100MBs	300MBs	300MBs
Overage charge for additional data Roaming usage	$0.25 per MB	$0.25 per MB	$0.25 per MB	$0.25 per MB	$0.25 per MB	$0.25 per MB	$0.25 per MB	$0.25 per MB
Data Pooling	Included	Included	Included	Included	Included	Included	Included	Included

*Service Discount does not apply.

(1) Data Pooling. Data usage will be pooled among devices in the same pooling group and with the same billing account number. The 3 pooling groups are: (a) 1MB to 25MB Pooled Data Plans ("Pool Group One"); (b) 100MB to 3GB Pooled Data Plans ("Pool Group Two"); and (c) 6GB and 12GB Pooled Data Plans ("Pool Group Three") (each a "Pooling Group"). Data usage on Smartphones activated on the 1GB or 2GB Pooled Data Plan set forth in Section 3.1.A above will pool with other devices in Pool Group Two. Data Roaming limitations are applied on a per device basis and Roaming data usage does not pool.

(2) Third party, non-Sprint branded M2M Devices that have been approved by Sprint ("Third Party M2M Devices") may be activated on any of the Pooled Data Plans set forth in the table above. Routers may be activated on a 100MB or greater Pooled Data Plan. Tablets may be activated on a 1GB or greater Pooled Data Plan. Mobile broadband devices may be activated on a 3GB or greater Pooled Data Plan.

(3) The data allowance for the Pooled Data Plans includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices. If Customer's data usage in a given month exceeds the Pooled Data Plan's Data Services limitation or Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the Pooled Data Plan's Data Services limitation and Data Roaming limitation.

(4) Roaming is not available on the Sprint 4G Network at this time.

(5) The data usage limitations and restrictions set forth in the Government Wireless Product Annex will apply.

13. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Data & Flat Rate E-Rate Standalone Voice Plan" to Contract No. CW10-14 as provided below:

13.1 Sprint Data & Flat Rate E-Rate Standalone Voice Plan

A. Sprint will charge Customer a Monthly Recurring Charge ("MRC") and a flat rate per-minute charge for each minute used on a Sprint Corporate-Liable Active Unit. There are no included plan minutes.

Monthly Recurring Charge ("MRC")	**NET $30.00**
Per-Minute Rate for All Voice Minutes Used, including Anytime Minutes, Nationwide Long Distance, Domestic Roaming, & Domestic Roaming Long Distance	$0.06
Direct Connect® and Group Connect	$0.06
Shared Minutes	Not Available
Caller ID & Voice Mail	Included

Unlimited email and web data	Included
Data Roaming limitation in Megabytes ("MB")	100 MB
Overage charges for additional data Roaming usage above plan limit	$0.25 per MB[1]
Unlimited Direct Connect® and Group Connect®	Included
Premium Data	Included
Device Limitation	Suggested Retail Price Only

[1] If Customer's data roaming usage in a given month exceeds the Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds the Data Services limitation and the Data Roaming limitation.

(1) The Sprint Data & Flat Rate E-Rate Standalone Voice Plan is only available on new activations for Customer's utilizing E-Rate Support with a device purchased from Sprint at the Suggested Retail Price.

B. Customer is eligible to add one of the below Text plans to units activated on the Sprint Data & Flat Rate E-Rate Standalone Voice Business Plan:

Messaging Plan	MRC	Additional Messages
300 Messages	**$1 NET OF ALL DISCOUNTS**	$0.20
1000 Messages	**$5 NET OF ALL DISCOUNTS**	$0.20
Unlimited Messages	**$7 NET OF ALL DISCOUNTS**	N/A

C. Sprint Data & Flat Rate Voice Business Plans may not be available on all devices.

14. Effective immediately upon approval from HGAC, the parties agree to add the following new "Sprint Flat Rate E-Rate Standalone Voice Plan" to Contract No. CW10-14 as provided below:

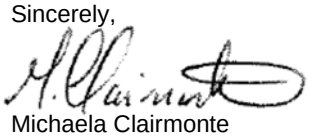
14.1 Sprint Flat Rate E-Rate Standalone Voice Plan

A. Sprint will charge Customer a Monthly Recurring Charge ("MRC") and a flat rate per-minute charge for each minute used on a Sprint Corporate-Liable Active Unit. There are no included plan minutes.

Monthly Recurring Charge ("MRC")	**$0 NET MRC; Government Service Pricing Discount will not apply**
Per Minute Rate for all voice minutes used including Anytime Minutes, Domestic Roaming, Domestic Roaming Long Distance, and Nationwide Long Distance.	$0.06
Shared Minutes	Not Available
Per Minute Rate for Direct Connect® and Group Connect	$0.06
Caller ID & Voice Mail	Included
Unlimited Mobile to Mobile	Included
Unlimited Nights and Weekends beginning at 9PM.	Included
Device Limitation	Suggested Retail Price Only

(1) The Sprint Flat Rate E-Rate Standalone Voice Plan is only available on new activations for Customer's utilizing E-Rate Support with a device purchased from Sprint at the Suggested Retail Price.

(2) Customer may add one of the below Text plan to units activated on the Sprint Flat Rate E-Rate Standalone Voice Plan.



Messaging Plan	MRC	Additional Messages
300 Messages	**$1 NET OF ALL DISCOUNTS**	$0.20
1000 Messages	**$5 NET OF ALL DISCOUNTS**	$0.20
Unlimited Messages	**$7 NET OF ALL DISCOUNTS**	N/A

All other terms and conditions of Contract #CW10-14 will remain in full force and effect. To signify H-GAC's acceptance of the pricing updates and changes outlined in this letter, please send an approval letter signed by an authorized HGAC representative and referencing Sprint pricing # BSG1409-0689 to Sprint at the following address:

END USER AGREEMENT
WIRELESS & VOIP TELECOMMUNICATIONS EQUIPMENT & SERVICES
H-GAC CONTRACT #CW10-14

This End User Agreement ("Agreement") is entered into between Sprint Solutions, Inc. ("Sprint") and County of Hidalgo, ("End User") under the Houston Galveston Area Council ("H-GAC") the Contract for Wireless & VOIP Telecommunications Equipment & Services No. CW10-14 dated October 1, 2014, as may have been amended ("H-GAC Contract") to provide commercially available national, digital wireless telecommunications equipment (the "Equipment") and services (the "Service(s)") to End Users who have entered into an Interlocal Contract with H-GAC.

Sprint and End User agree as follows:

1. **Relationship of Parties.** By signing below, the End User represents and warrants that it is eligible and authorized to purchase Equipment and Services through the H-GAC Contract. Upon execution of the Agreement by End User, End User will be eligible to submit orders for the Equipment and Services set forth in the H-GAC Contract.

2. **End User Terms and Conditions.** By signing this Agreement, End User agrees to be bound by the Sprint End User Standard Terms and Conditions for Communication Services ("End User Terms and Conditions") which are incorporated into this Agreement by this reference as posted to www.sprint.com/hgac. Sprint may change its End User Terms and Conditions from time-to-time without notice.

3. **Wireline Charges. (Do not complete this Section if purchasing wireless Services only under the H-GAC Contract).** If End User is purchasing Sprint wireline Services and Equipment through the H-GAC Contract, please complete the following information below:

   A. Sprint will provide the wireline Services and Equipment at the prices specified in Quote #_____ dated _____, as attached to this Agreement and incorporated by this reference. The terms and conditions of this Agreement will take precedence over any contrary statements in the Quote.

4. **Payment.** If End User is a Texas government agency, End User will comply with Chapter 2251, Texas Government Code, in making payments to Sprint. The statute states that payment for goods and services are due thirty (30) days after the goods are provided, the services completed or a correct invoice is received, whichever is later. Payment under the H-GAC Contract shall not foreclose the right to recover wrongful payments.

5. **End User Information**. The following is the relevant End User contact information:

Name:	County of Hidalgo
Billing Address:	P.O. Box 207
	Edinburg, TX 78540
Billing Contact:	Renan Ramirez
Phone Number:	956-292-7010
Email Address:	renan.ramirez@co.hidalgo.tx.us

6. In order to become effective this Agreement must be executed by a duly authorized representative of End User and delivered to Sprint no later than 30 days after signing. Upon End User's execution of this Agreement, it shall be deemed accepted by Sprint without counter-signature; provided that, End User does not make any modifications, addition, supplement and/or other change(s) ("Changes") to this Agreement or to the End User Terms and Conditions. Any Changes to this Agreement or the End User Terms and Conditions by End User shall render this Agreement null and void.

Information

CAPTION

1. Urban County Program, is requesting approval of Change Order No. 1 to a construction contract with Saenz Brothers Construction, LLC this contract was awarded using General Land Office (GLO) funds under Contract No. 12-406-000-6453/DRS210068) for a Pct. 1 Project known as Delta Area Connector/East Lateral Project. The Change Order will increase the construction contract amount by $406,130.00 for a total construction amount of $4,909,066.00 using GLO funds.

2. Consideration and approval to authorize the UCP Director to sign this Change Order.

BACKGROUND

The Change Order request is due to additional utility requirements as encountered in the field for the proposed improvements. Items including accommodation of an existing irrigation line crossing along the proposed drainage channel. Varying field conditions including existing utilities, embarked areas and drainage system tie ins resulted in additional excavation to complete proposed drainage channel.

Information

CAPTION

Acceptance and approval of the Interlocal Cooperation Agreement between Hidalgo County acting by and through its Hidalgo County Urban County Program, Precinct 4 and Hidalgo County Drainage District No.1 as it relates to the General Land Office (GLO) Contract No. 12-589-000-6887/DRS220068 for the project known as the Alberta Drain Project.

BACKGROUND

This Interlocal Agreement will ensure that Hidalgo County acting by and through the Hidalgo County Urban County Program agrees to perform through a third party construction contract, the installation of new drainage structures (inlets, manholes, junction boxes, and pipe network) for various developments north of Owassa Road along Tower Road. In addition, to the new drainage structures, a new drainage ditch will be excavated to detain and transport the storm water that is collected from the new drainage pipe network.

The Hidalgo County Drainage District No. 1 agrees to contribute materials with a value of $189,000.00 and the sum of $178,452.46 to Urban County Program for the award of the third party construction contract. Mr. Steve Crain prepared the interlocal agreement document and it will be approved by the Drainage District Board of Directors on November 10, 2015.

STATE OF TEXAS §
COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT BETWEEN THE COUNTY OF HIDALGO AND HIDALGO COUNTY DRAINAGE DISTRICT NO. 1

This Agreement is made on this the 10th day of November, 2015, by and between Hidalgo County acting by and through its Hidalgo County Urban County Program, hereinafter referred to as "Urban County", Precinct 4 of Hidalgo County hereinafter referred to as "Precinct 4" and Hidalgo County Drainage District No. 1, hereinafter referred to as "District" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WITNESSETH

WHEREAS, Urban County received a Texas Community Development Program Grant from the Texas General Land Office for non-housing assistance a portion of which will be utilized for the Alberta Drain project (the "Project") which will benefit drainage needs of Owassa Acres, Brenda Estates, Tejano Estates No. 1, El Charro No. 2, Rincon Del Valle No. 3 and Ricon del Valle No. 4 all being subdivisions in Hidalgo County, Texas (collectively the "Subdivisions");

WHEREAS, the Project will consist of installation of new drainage structures (inlets, manholes, junction boxes and pipe network) for the Subdivisions along with a new ditch to be excavated to detain and transport storm water that is collected from the drainage pipe network to be constructed as part of the Project along with utility adjustments and pavement repair in addition to a "stub out" to allow for a future connection of drainage improvements for Alberta Drain Phase II; and

WHEREAS, Urban County and District are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Gov't Code 791.001 et seq., which authorizes local governments to contract with one another to perform governmental functions and services under the terms of the Act.

NOW, THEREFORE, Urban County, Hidalgo County Precinct 4 and District, in consideration of the mutual covenants expressed hereinafter, agree as follows:

1. Urban County agrees to perform through a third party contractor construction of a drainage system consisting of inlets, manholes, junction boxes and pipe network benefiting the Subdivisions and a new drainage ditch to detain and transport storm water that is collected from such drainage pipe network in accordance with plans and specifications prepared by engineer Noe Saldivar, P.E.

2. District shall contribute materials with a value of $189,000.00 and the sum of One Hundred Seventy Eight Thousand Four Hundred Fifty Two and 46 one hundredths Dollars ($178,452.46) to Urban County.

3. Precinct 4 of Hidalgo County shall contribute labor and equipment to install certain pipe for the piping network as part of the Project.

4. Urban County will advertise for bids for construction of the Project and shall be responsible for the payment of the third party contractor for construction of the Project.

5. The District makes no warranties, express or implied, under this Agreement or otherwise in connection with the Project as described above.

6. Urban County agrees to conduct and perform, at its sole cost and expense, any and all other requirements of the Project and agrees to the extent allowed by law, to indemnify and hold District harmless from any claims, damages, losses and expenses, including attorney's fees, arising out of or resulting from such other requirements of the Project not specifically agreed to herein to be undertaken by District.

7. District agrees to conform to its own applicable purchasing laws, regulations, policies, and procedures with respect to performing this Agreement by District.

8. Following completion of the Project, Precinct 4 shall maintain the pipe network improvements. District shall maintain the open drainage ditch and those certain pipes connecting open drainage ditches.

9. **Conflict of Applicable Law.** Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between and provision of their Agreement and any present or future law, ordinance or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision or provision of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the times such conflict exists.

10. **No Waiver.** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

11. **Entire Agreement.** This Agreement contains the entire agreement between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein.

This Agreement may be modified or amended only by agreement in writing executed by Urban County and District, and not otherwise.

12. **TEXAS LAW TO APPLY.** THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

13. **Notice.** Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to District:	Hidalgo County Drainage District No. 1 Attention: Raul Sesin, Manager 902 N. Doolittle Road Edinburg, Texas 78542
If to County:	Hidalgo County Attention: Ramon Garcia, County Judge 100 E. Cano, 2nd Floor Edinburg, Texas 78539
With copy to:	Hidalgo County Urban County Program Attn: Diana R. Serna, Director 427 E. Duranta Avenue, Ste. 107 Alamo, Texas 78516

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

14. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

15. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective legal representatives, successors, and assigns where permitted by this Agreement.

16. **Assignment.** This Agreement shall not be assignable.

17. **Headings.** The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision or paragraph hereof.

18. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

19. **Authority to Execute.** The execution and performance of this Agreement by the District and County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of District and County in accordance with its terms.

20. **Governmental Purpose.** Each party hereto is entering into this Agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

21. **Commitment of Current Revenues Only.** In the event that during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

STATE OF TEXAS §
§
COUNTY OF HIDALGO §

Professional Services Agreement

This Agreement, entered into this 10th day of November, 2015 by and between **Urban County Program,** (hereinafter called the "Party") and **LeFevre Engineering & Management Consulting, LLC**, duly authorized Engineer, herein acting by **Wesley Richard LeFevre, P.E.** (hereinafter called the "Engineer").

WITNESSETH THAT:

WHEREAS, Hidalgo County has received CDBG funds from the U.S. Dept. of Housing and Urban Development to be used by Urban County Participants. It is understood and agreed that the Party's obligation under this Agreement is contingent upon the actual receipt of adequate federal funds to meet the liabilities under this Agreement; and

WHEREAS, the Party is interested in obtaining Engineering Services; and

WHEREAS, the Engineer, duly licensed and registered to practice engineer in the State of Texas, has the professional abilities to undertake the study, evaluation, analysis and recommendations in a manner which shall provide the necessary public service while preserving and enhancing to the greatest degree possible the natural and proposed environment in the Project (as hereinafter defined) area; and

WHEREAS, the Party desires to engage the Engineer to render certain services in connection therewith;

NOW, THEREFORE, the participants do mutually agree as follows:

SECTION I
EMPLOYMENT OF THE ENGINEER

The Party agrees to employ the Engineer to furnish and provide the engineering services as stated in the following sections and upon receipt of such satisfactory services, the Party agrees to pay the Engineer as
stated in the sections to follow.

SECTION II
BASIC SERVICES OF THE ENGINEER

The Engineer shall perform the following Basic Services in connection with the proposed **Hidalgo County Precinct No. 1 – Street Improvements (Old La Blanca Mile 10-12) project** Account(s) **5014-91-0311-5000-9100** *(the "Project') as more particularly described in Exhibit A attached hereto.*

2.1 Preliminary Phase

a. Attend preliminary conferences with the Party and, if requested, with the funding agency and other government agencies or interested parties regarding the project.

b. As may be required, comply and receive from the Party and the funding agencies approval on all work.

c. Prepare preliminary engineering plans on the Project in sufficient detail to indicate clearly the problems involved and solutions recommended with the cost estimates.

d. Obtain the Party's written approval of the work of this Preliminary Phase before proceeding with the next phase.

2.2 Design Phase

a. Attend the respective Party's meetings as requested for the purpose of explaining completed design work activities.

b. Advise the Party of any soil investigations or tests which, in the opinion of the Engineer, may be required for the proper execution of the Project.

c. Provide all field information and surveys required for the design of the Project.

d. Plot field data and other survey information for the design of the Project.

e. Prepare detailed plans, specifications and contract documents and drawings (reproducible tracings) for construction authorized by the Party.

f. Furnish, if requested, the engineering data necessary for the Party to obtain permits required by local, state, and federal authorities.

g. Prepare cost estimates of authorized construction, based on prices for work. If such estimated costs exceed the monies available, the Party shall be consulted so that revisions can be made to reduce the cost as required.

h. Prepare all documents required for the advertisement and bidding of the Project in cooperation with the Party's staff.

i. Preparation of property or easement descriptions.

2.3 Construction Phase

The Construction Phase will commence with the execution of the prime construction contract(s). The Party will issue a ten (10) day commence work notice which will signal the commencement of work under any
construction contracts and will terminate upon the Party's approval of the Engineer's written approval of final payment to the Contractor(s). During the Construction Phase, the Engineer will:

a. Assist the Party in opening and tabulating bids for the construction of the Project, and advise the Party in establishing the procedure for entering into construction phase.

b. Prepare the formal Contract Documents for the Contractor.

c. Make periodic visits to the site as required pursuant to the standards of Professional Engineers on projects of this nature, provide project construction supervision, to observe the progress and quality of the executed work and to determine if the work is proceeding in accordance with the contract documents.

d. Consult with and advise the Party and issue all instructions and Change Orders to the Contractor selected by the Party.

e. During the progress of actual construction, Engineer will keep continually the Owner informed with brief and concise information. A monthly progress report will be prepared and delivered to the Party including but limited to monies spent, construction time elapsed, percent of Project completed, a brief narrative of problems encountered and the anticipated completion date.

f. Review shop and working drawings furnished by Contractor(s) for general compliance with design concept and with information given in contract documents.

g. Review and provide a recommendation concerning samples, catalog data, schedules, shop drawings, laboratory, shape and mill tests of material and equipment and other data which the Contractor is required to submit, in compliance with the Contract Documents.

h. Prepare monthly and final estimates for payments to Contractor(s).

i. Engineer shall accompany the Party on the Final Inspection to assure that the total work has been completed in accordance with the Contract Documents.

j. Prior to the Party's dispersal of any retainage of funds, render a written opinion to the Party that the construction has been completed according to the Contract Documents and provide the Party with a certificate of completion and release of liens documents from subcontractors.

k. Provide the Party with sepia copies of as-built drawings of the constructed improvements, within sixty (60) days of issuance of certificate of completion.

l. The Engineer will be responsible for interim and final inspection.

m. Furnish to the Party six (6) sets of plans and six (6) sets of specifications and contract documents.

SECTION III
ADDITIONAL SERVICES OF THE ENGINEER

If authorized in writing by the Party, the Engineer will furnish or obtain from others Additional Services of the following types which are not considered normal or customary basic services; these will be paid for by
the Party as indicated in Section VI.

3.1 Services of a Resident Project Representative, and other field personnel as required, for on-the-site observations of construction, other than periodic visits covered in Section 2.3 herein.

3.2 Detailed mill, shop and/or laboratory inspection of materials or equipment.

3.3 Major revision of Contract drawings as distinguished from modifications due to change orders, modifications to reduce the cost of the project or modifications requested to meet federal, state, or local regulations.

SECTION IV
REIMBURSABLE EXPENSES

4.1 Travel and subsistence required for the Engineer and authorized by the Party to points other than within Hidalgo County and Project site.

4.2 Additional copies of reports and specifications over six (6) copies and additional prints of drawings over six (6) copies.

4.3 Reimbursable expenses as provided in Section IV herein shall be paid to the Engineer on the basis of 1.1 times the Engineers actual cost.

SECTION V
THE PARTY'S RESPONSIBILITIES

The Party will:

5.1 Provide full information as to requirements for the Project.

5.2 Assist the Engineer by providing all available information pertinent to the Project including reports and any other data relative to design and construction of the Project.

5.3 Furnish the services or data as required such as appropriate professional interpretations of all of the foregoing; property, boundary, easement, right-of-way, zoning, and deed restrictions; all of which the Engineer may rely upon in performing his services under this agreement.

5.4 Guarantee access to and make all provisions for the Engineer to enter upon public and private property as required for the Engineer to perform his services under this Agreement.

5.5 Examine all studies, reports, sketches, estimates, specifications, drawings, proposals, and other documents presented by the Engineer.

5.6 Pay for all costs incident to advertising and obtaining bids or proposals from Contractors.

5.7 Provide such legal and accounting services required to discharge the Party's responsibility under the terms of this Agreement and any Agreement with any governmental agency as may be required for the project, and such auditing services as the Party may require to ascertain how or for what purpose any Contractor has used the monies paid to him under the construction contract.

5.8 Give prompt written notice to the Engineer whenever the Party observes or otherwise becomes aware of any defect in the Project.

SECTION VI
PAYMENTS TO THE ENGINEER

The Party agrees to pay the Engineer for completed services as identified by the Party:

6.1 The Engineer shall be paid a total fixed amount of $136,330.00 for services rendered under this contract. Payment shall be based on request for reimbursements with documentation requested by the Party. The Engineer's fee shall be due and payable as outlined in Sections 6.2, 6.3, and 6.4 as follows.

6.2 At Engineer's completion and Party's approval of the Engineer's services under the Preliminary Phase, Section 2.1 of this Agreement, Party shall pay a maximum of 15% of the sum set forth in Section 6.1 above.

6.3 At Engineer's completion and Party's approval of the Engineer's services under the Design Phase, Section 2.2 of this Agreement, Party shall pay a maximum of 60% of the sum set forth in Section 6.1 above.

6.4 At Engineer's completion and Party's approval of the Engineer's services under the Construction Phase, Section 2.3 of this Agreement, Party shall pay a maximum of 25% of the sum set forth in Section 6.1 above. Such sum to be paid periodically proportionately to the percentage of construction completed by the Contractor as determined by Engineer's reports.

6.5 For Additional Services as provided in Section III herein the Engineer shall be paid a sum of 1.1 times the Engineer's actual cost for such services.

SECTION VII
OWNERSHIP OF DOCUMENTS

Original documents, plans, designs and survey notes developed in connection with services performed hereunder belong to, and remain the property of the Party, in consideration of which it is mutually agreed that the Party will use them solely in connection with the Project and as base material for possible future projects.

SECTION VIII
TERMINATION

The Party may terminate this Agreement without cause at any time by a 30-day notice in writing to the Engineer. Upon receipt of such notice, the Engineer shall, unless the notice directs otherwise immediately discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement. As soon as practical after receipt of notice of termination, the Engineer shall submit a statement showing in detail the actual services that were performed under this Agreement to date of termination, the date such services were performed and the length of time spent by each person or party engaged in performing such services on each day,

The Party shall pay the Engineer a sum of money equal to the reasonable value of the professional engineer services rendered by the Engineer to the Party in connection with the services performed under this Contract, less payments previously made by the Party to Engineer on work performed and expenses incurred by Engineer under the provisions of this Agreement. Copies of all completed or partially completed designs, plans, and specifications prepared under this Agreement shall be delivered to the Party when and if this Agreement is terminated, but subject to the restrictions as to their use, as set forth above.

Notwithstanding the above, the Engineer shall not be relieved of liability to the Party for damages sustained by the Party arising from Engineer's negligent acts, errors or omissions related to Engineer's obligations
created under this Agreement.

SECTION IX
COUNTY AND CITY OFFICIALS

Engineer agrees that no County or City official or Party employee shall be personally liable for any of the obligation created under this Agreement, or for any matter which may arise out of the Project, or any activities
related thereto and hereby holds the Party, its political bodies and its employees harmless from and indemnifies them from any liability from any matter arising from Engineer's negligent acts, errors or omissions related
to Engineer's obligations created under this Agreement.

SECTION X
SUCCESSORS AND ASSIGNS

Party and Engineer each binds themselves, their partners, successors, executors, administrators, and assigns to the other party of Agreement in respect to all covenants of this Agreement. Neither the Party nor Engineer shall assign or transfer any interest in this Agreement without the written consent of the other.

SECTION XI
TIME OF PERFORMANCE

The Engineer contracts and agrees to commence work within ten (10) days from the date of written authorization to proceed and will complete the preparation of the preliminary phase and estimates by 90 days and will proceed upon authorization with final drawings, specifications, and contracts documents and complete same within the earliest practical time from such notice to proceed.

SECTION XII
VENUE

Venue and jurisdiction of any suit, right or cause of action arising under or in connection with this Contract shall lie exclusively in Hidalgo County, Texas.

SECTION XIII
AMENDMENT

This Agreement may be amended only by a written document executed by the parties hereto.

SECTION XIV
COMPLIANCE WITH LOCAL LAWS

The Engineer shall comply with all applicable laws, ordinances, and codes of the State and local governments, and the Engineer shall save the Party harmless with respect to any damages arising from any negligence of the engineer
in performing any of the work embraced by this Contract.

SECTION XV
ASSIGNABILITY

The Engineer shall not assign any interest in this Contract, and shall not transfer any interest in the same (whether by assignment or novation) without the prior written consent of the Party thereof; provided however,
that claims for money due or to become due to the Engineer from the Party under this Contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Party.

SECTION XVI
GENERAL

16.1 Audit. The Party and/or any of its duly authorized representatives shall have access to any books, documents, papers, and records of the Engineer which are directly pertinent to the Project for the purpose of making the audit, examination, excerpts, and transcriptions.

16.2 The Engineer agrees to comply with the following Executive orders, Titles and Program Regulations, including any additional requirements that may be set forth by the Party.

a. Title VI of the Civil Rights Act - requires that no one may be denied access to benefits from projects which receive federal assistance.

b. Section 109 of the Housing and Community Development Act of 1974 - Nondiscrimination related to benefits from projects funded specifically under Title I of the Act.

c. Section 3 of the HUD Act of 1968 - requires that maximum effort be made to provide employment, training, and business opportunities to low income families and/or residents of the project area.

d. The Engineer shall give the United States Department of Housing and Urban Development, the Inspector General, the Comptroller General of the United States, the Auditor of the State of Texas, access to and the right to examine all books, accounts, records, reports, files, and other papers, things, or property belonging to or in use by Engineer pertaining to this Agreement. Such rights to access shall continue as long as the records are retained by Engineer. Engineer agrees to maintain such records in an accessible location for a period of three (3) years.

e. Executive Order 11246 (paragraph a-c for contracts under $10,000; paragraphs a-g for contracts over $10,000) - Equal Employment Opportunity.

Executive Order 11246. Executive Order 11246 and the regulations issued pursuant thereto (24 CFR Part 130) which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of federal or federally assisted contracts. Such consultants or subcontractors shall take affirmative action to ensure fair treatment in employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation and selection for training and apprenticeship.

Equal Employment Opportunity for Activities and Contracts not Subject to Executive Order 11246, as amended. In carrying out the program, the Consultant shall not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Engineer shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not limited to the following: Employment, upgrading, demotion, or transfer; recruitment or other forms of compensation; and selection for training, including apprenticeship. The Engineer shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Government setting forth the provisions of this paragraph in all of its contracts for program work and will require all of its consultants for such work to incorporate such requirements in all subcontracts for program.

16.3 Interest of Certain Federal Officials: No member of or Delegate to the Congress of the United States and no Resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit to arise from the same.

16.4 Interest of Members, Officers, or Employees of Public Body, Member of Local Governing Body, or other Public Officials: No member, officer, or employee of the County or City, or its designees or agents, no member of the governing body of the locality in which the program is situated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the program during his tenure or for one year thereafter, shall have any interest, direct or indirect, to be performed in connection with the program assisted under the Agreement. The Engineer shall incorporate or cause to be incorporated in all such documents in the paragraph in this Section.

SECTION XVII
INSURANCE

The Engineer shall obtain and keep in force during the term of its engagement on the Project, insurance as follows:

17.1 A comprehensive automobile liability policy covering liability exposure to bodily injury and property damages. The Engineer shall furnish Party Certificates of Insurance showing the comprehensive automobile liability insurance policies to be in effect, commencing when Engineers commence operations under this Agreement, in the sum of $300,000 for bodily injury and $100,000 for property damages.

17.2 Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

17.3 A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability Insurance Policy providing additional coverage to all underlying liabilities of County consistent with potential exposure of County under the Texas Tort Claims Act;

17.4 Workers Compensation Insurance in amount established by Texas law, unless the engineer is specifically exempted from the Texas Worker's Compensation Act, Texas Labor Code Chapter 401, et. seq.

17.5 All insurance policies must be written by an insurance company or companies acceptable to the Party.

SECTION XVIII
WARRANTY

18.1 Engineer represents and warrants to Owner all services rendered to Owner under this Agreement shall, at a minimum, comply with the Texas Engineering Practices Act (Tex. Civ. St. Ann., Article 3271) and rules of the Texas Board of Professional Engineers.

SECTION XIX
EFFECTIVE DATE

The effective date of this contract shall be **November 10, 2015**. Such date being the date the County Commissioners' Court approved entering into contract with Engineer.

This Agreement is hereby approved this _____ day of _____, 20_____.

Re: Best and Final Offer – Urban County Program – Precinct No. 1 – Street Improvement Project – Old La Blanca Road (Mile 10-12 N)

Ms. Serna:

As requested, please find the enclosed Best and Final Offer (BAFO) submitted by LeFevre Engineering & Management Consulting, LLC on the proposed rates submitted as set forth below in connection to the above referenced project.

Engineering Cost Proposal and Fee Breakdown by:		
LeFevre Engineering & Management Consulting, LLC		
Survey/Topography (PH 1 & 2) Task 1 - Design Topography		$15,780
(price does not include acquiring easements)		
Basic Engineering – Phase I		$ 41,000
Task 2 - Project Startup	$ 1,200	
Task 3 - Design	$ 32,500	
Task 4 - Preliminary Plans	$ 4,100	
Task 5 - Final Plans and Specifications	$ 3,200	
Construction Phase Engineering Phase I		
Task 6 - Bidding & Award	$1,200	
Task 7 - Construction	$5,000	
Task 8 - As-Builts	$1,500	
Total		$ 7,700
Basic Engineering – Phase II		$ 48,100
Task 2 - Project Startup	$ 1,200	
Task 3 - Design	$ 39,600	
Task 4 - Preliminary Plans	$ 4,100	
Task 5 - Final Plans and Specifications	$ 3,200	
Construction Phase Engineering Phase II		
Task 6 - Bidding & Award	$1,200	
Task 7 - Construction	$5,000	
Task 8 - As-Builts	$1,500	
Total		$ 7,700

Task 3 – Administration		$ 650
Inspection (PH 1 & 2)		$ 15,400
Total		$136,330

The above pricing it for two (2) phases of the project. Phase I consists of approximately 5,130 linear feet of road reconstruction and typical drainage design and Phase II consists of approximately 5,340 linear feet of road reconstruction and typical drainage design. Phase I is recommended to be constructed first as it coincides with construction that was just completed on a separate project. When Phase II is constructed, construction phase engineering and inspection will be recommended added to project however it is not included in this budget or agreement.

The above price does not include survey for acquisition of any and all easements required for construction of this project. The survey included in pricing is only to be used for engineering requirements and NOT for acquisition of properties, property disputes, etc. Any survey to be used for acquisition of properties, boundary searches, etc., that will need a registered land surveyor will need to be added as additional services or provided by others.

Please call me if you should have any questions at (956) 687-5362.

Respectfully yours,

Richard LeFevre, P.E.
President

Hidalgo County – Urban County Program
ATTN: Diana R. Serna, Director
3304 West Alberta
Edinburg, Texas 78539

Re: Old La Blanca Rd. from Mile 10N to Mile 12N

Dear Ms. Serna,

Based on the cost estimates prepared by the project engineer, the cost for design and construction of Old La Blanca Road from Mile 10N to Mile 12N is approximately $1,200,000. Precinct 1 has available $660,000 through its Urban County Program allocation. Please let this serve as a formal notice that Hidalgo County Precinct 1 will fund the remaining balance, which is estimated to be $680,000.

Should you have any questions or concerns, please do not hesitate to contact my office at 956-968-8733.

Sincerely,

Raul Lozano
Chief Administrator

AI-52160 **Urban County** **18. D.**

Department: URBAN COUNTY

Information

CAPTION

1. Requesting exemption from competitive bidding requirements under the Texas Local Government Code 262.024 (a)(4) for professional engineering services;

2. Presentation of the scoring grid for the purposes of ranking by CC of at least three (3) engineering firms from the County's approved "pool" as graded and evaluated by the City of San Juan, Urban County Program, and Hidalgo County Purchasing Department, in connection with and funded through Hidalgo County Urban County Program Year 27 (2014) San Juan Water/Sewer Improvement funds.

Professional Service Firm	Grade	Ranked
Cruz-Hogan Consultants, Inc.	95.66%	
Halff Associates, Inc.	85%	
Javier Hinojosa Engineers	82.33%	

3. Authority to negotiate a professional engineering service contract with the No. 1 ranked firm of _____ for the provision of engineering services for an Urban County Program Year 27 (2014) San Juan Water/Sewer Improvements project.

BACKGROUND

Project consists of the installation of an 8-inch sanitary sewer line including but not limited to professional engineering services, advertisement fees, material testing fees and all related appurtenances as they pertain to project completion. Location: alleyways between 3rd Street and Railroad Street and Alley between Kansas Avenue and Wyoming Avenue.

Funds Available: **$ 9,389.40- 2012 Water/Sewer Improvements**

$274,441.72- 2014 Water/Sewer Improvements
$283,831.12 TOTAL

Information

CAPTION

Requesting authorization to amend the Subrecipient agreement with the Boys & Girls Club of Mission Inc., under the Community Development Block Grant (CDBG) Program for PY 2015.

BACKGROUND

The Urban County Program needs to amend the Subrecipient contract agreement with the Boys & Girls Club of Mission Inc., under the Community Development Block Grant (CDBG) Program for PY 2015. This amendment will not change the existing current budget, but will modify **Exhibit A**, to show the eligible project service location as being Jessie Jenson Elementary School. The original agreement was approved as to form by Atlas, Hall and Rodriguez, LPP on 07-07-2015.

COUNTY OF HIDALGO §

AGREEMENT BETWEEN COUNTY OF HIDALGO AND BOYS & GIRLS CLUB OF MISSION, INC. FOR COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

THIS AGREEMENT entered this 7th day of **July, 2015** by and between the **COUNTY OF HIDALGO** (herein called the "Grantee") and **BOYS & GIRLS CLUB OF MISSION, INC.** (herein called "Subrecipient") (and collectively as the "Parties").

WHEREAS, the **GRANTEE** has applied for and received funds from the United States Government through its Department of Housing and Urban Development (HUD), to execute the Grantee's COMMUNITY DEVELOPMENT BLOCK GRANT ("CDBG") Program, under Title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 et seq.), as amended (hereinafter called the "Act"), Catalogue of Federal Domestic Assistance Number 1st.218, Public Law 93-383; and

WHEREAS, the **GRANTEE** wishes to engage the **SUBRECIPIENT** to assist the Grantee in utilizing such funds;

WHEREAS, pursuant to 24 CFR 200, 24 CFR 570.500(c) and 24 CFR 570.501(b), the **GRANTEE** may provide CDBG Funds to public or private nonprofit agencies, authorities or organizations, or for-profit entities authorized under 570.201(o) (referred to collectively and individually as "**SUBRECIPIENTS**") to be used by the subrecipients to provide certain eligible services in connection with the Grantee's desire to develop viable urban communities, through community development activities, as specified in 24 CFR 570.200 ("CDBG Program"); and

WHEREAS, **SUBRECIPIENT** desires to participate in the CDBG Program as a Subrecipient by providing necessary services to benefit residents in the Grantee's jurisdiction; and The **SUBRECIPIENT** agrees to cooperate with the **GRANTEE** in respect to the implementation of Community Development Block Grant CFDA No. 14.218 (CDBG) activities to be carried out by **SUBRECIPIENT**

WHEREAS, the **GRANTEE** has approved the provision of CDBG Program funds to be used by the **SUBRECIPIENT** to provide certain services as more

particularly described in the Statement of Work and Grant Budget attached hereto as **Exhibit A** and **Exhibit B** incorporated herein; and

WHEREAS, the **SUBRECIPIENT** represents and warrants to the **GRANTEE** that the Subrecipient is qualified to provide the Project Services by reason of experience, preparation, organization, staffing and facilities and that it shall provide the Project Services as set forth in **Exhibit A**; and

WHEREAS, the **SUBRECIPIENT** represents and warrants to the Grantee that it shall provide the Project Services in accordance with the Activity Budget as set forth in **Exhibit B.**

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS that for and in consideration of the mutual covenants and agreements herein set forth and other good and valuable consideration the receipt of which is hereby acknowledged, the **GRANTEE** and the **SUBRECIPIENT** do mutually agree as follows:

I. SCOPE OF SERVICE

A. ACTIVITIES

The **SUBRECIPIENT** shall perform all Project Services in accordance with this Contract, including the implementation of Community Development Block Grant CDFA with all Exhibits attached hereto and incorporated herein by reference, and all applicable local, state and federal laws, rules and regulations. Such program will include the following activities eligible under the Community Development Block Grant program:

PROGRAM DELIVERY

See **Exhibit A** for complete description of activity to be undertaken including what products or services are to be performed, where they are to be provided, for whom they are to be provided, and how they are to be provided.

B. NATIONAL OBJECTIVES

All activities funded with CDBG funds must meet one of the CDBG program's National Objectives: benefit low- and moderate-income persons; aid in the prevention or elimination of slums or blight; or meet community development needs having a particular urgency, as defined in 24 CFR 570.208.

The Subrecipient certifies that the activity (ies) carried out under this Agreement will meet the National Objective of Low- and Moderate-income persons, LMC- presume benefit in accordance with CFR 570.208 (A). The benefit low- and moderate-income persons National Objective will be met by the Subrecipient by providing the above activity. See **Exhibit A**

C. Levels of Accomplishment – Goals and Performance Measures

The levels of accomplishment may include such measures as units rehabbed; persons or households assisted, or meals served, and should also include time frames for performance.

The Subrecipient agrees to provide the following levels of program services view **Exhibit A, B and C.**

D. Staffing

The **GRANTEE** might include the following provision if it felt among the Subrecipient's staff only certain personnel had the requisite experience to implement the activity, or if the Subrecipient had a history of reassigning responsibilities that tended to create problems.

"Any changes in the Key Personnel assigned or their general responsibilities under this project are subject to the prior approval of the Grantee."

For detailed personnel information please view **Exhibit D-** Records and Reports/Staffing.

E. Performance Monitoring

The **GRANTEE** will monitor the performance of the **SUBRECIPIENT** against goals and performance standards as stated above. Substandard performance as determined by the Grantee will constitute noncompliance with this Agreement. If action to correct such substandard performance is not taken by the Subrecipient within a thirty day reporting period of time after being notified by the Grantee, contract suspension or termination procedures will be initiated.

II. BUDGET

For such performance of the Project Services, Grantee shall reimburse Subrecipient an amount not to exceed **TOTAL AWARD AMOUNT ($41,400.00)** ("Reimbursement Amount"), which shall constitute full and complete compensation hereunder for the Project Services. The Reimbursement Amount will only be paid if reimbursable from the federal government under the Act for the amounts indicated in the Activity Budget listed in **Exhibit "B"**, or from CDBG Program Income, as described in 24 CFR 570.500(a), and accumulated as a result of this Contract. The Reimbursement Amount shall constitute reimbursement only for allowable costs incurred as a result of the Project Services.

The Parties understand and agree that such reimbursement, if any, shall be conditioned upon the Grantee's receipt of CDBG Program funds from the federal government or accumulation of CDBG Program Income, as set forth in Section 38 and as a result of this Contract, and shall not be a charge on any other funds from the Grantee. In addition, the Grantee may require a more detailed budget breakdown than the one contained herein, and the Subrecipient shall provide such supplementary budget information in a timely fashion in the form and content prescribed by the Grantee.

Amendments to the budget are limited to two (2) and must be approved in writing by both the Grantee and Subrecipient.

III. PAYMENT REQUESTS

It is expressly agreed and understood that the total amount to be paid by the Grantee under this Agreement shall not exceed **$41,400.00**, unless otherwise an amendment is approved by the Grantee. Drawdowns for the payment of eligible expenses shall be made against the line item budgets specified in Paragraph III herein and in accordance with performance. Expenses for general administration shall also be paid against the line time budgets specified in Paragraph III and in accordance with performance.

All requests for reimbursement shall be submitted monthly, on a form acceptable to the Grantee, for costs incurred under this Contract, along with one (1) set of verifiable written supporting documentation of the expenditures by the Subrecipient for the Project Services ("Supporting Statements"), which shall be submitted to the Grantee in such form acceptable to the Grantee in its sole and absolute discretion. Such Supporting Statement shall include all checks utilized on reimbursement must clear the bank institution. With approval from UCP Director, any pending cancelled checks must be submitted within thirty (30) days from the date of the check.

Subrecipient shall submit final reimbursement request to the **Grantee** within fifteen (15) days (by June 15, 2016) of the Agreement termination date.

Payments may be contingent upon certification of the Subrecipient's financial management system in accordance with the standards specified in 24 CFR 84.21. Please reference **Exhibit E, F** and **G.**

IV. NOTICES

Notices required by this Agreement shall be in writing and delivered via mail (postage prepaid), commercial courier, or personal delivery or sent by facsimile or other electronic means. Any notice delivered or sent as aforesaid shall be effective on the date of delivery or sending. All notices and other written communications under this Agreement shall be addressed to the individuals in the capacities indicated below, unless otherwise modified by subsequent written notice.

Communications and details concerning this contract shall be directed to the following contract representative:

GRANTEE	SUBRECIPIENT

V. GENERAL CONDITIONS

A. General Compliance

This Agreement is subject to and incorporates the terms of the Act: Title 24 of the Code of Federal Regulations, Part 570 (the U.S. Housing and Urban Development regulations concerning COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) including subpart K of these regulations, 24 CFR 570.600 *et seq.*, except that (1) the Subrecipient does not assume the recipient's environmental responsibilities described in 24 CFR 570.604 and (2) the Subrecipient does not assume the responsibility for initiating the review process under the provisions of 24 CFR 52 U.S. Office of Management and Budget (OMB) superseded by 2 CFR Part 230 A and 24 CFR Part 84 for nonprofit community-based organizations; 24 CFR Part 85 for governmental entities.

Both Parties agrees to comply with all other applicable Federal, State and Local laws, regulations, and policies governing the funds provided under this contract. The Subrecipient further agrees to utilize funds available under this Agreement to supplement rather than supplant funds otherwise available.

B. "Independent Contractor"

Nothing contained in this Agreement is intended to, or shall be construed in any manner, as creating or establishing the relationship of employer/ employee between the parties. The Subrecipient shall at all times remain an "independent contractor" with respect to the services to be performed under this Agreement. Subrecipient shall bear the sole responsibility and liability for: 1) all wages, salaries, and other amounts due such personnel in connection with their performance of this Contract; 2) all reports and obligations respecting such personnel including, but not limited to, social security taxes, income tax, withholding, unemployment insurance, and workers' compensation insurance; and 3) furnishing workers' compensation benefits to any person for injuries arising from or connected with services performed on behalf of the Subrecipient pursuant to this Contract.

C. Hold Harmless

The Subrecipient shall hold harmless, defend and indemnify the Grantee from any and all claims, actions, suits, charges and judgments whatsoever that arise out of the subrecipient's performance or nonperformance of the services or subject matter called for in this Agreement.

SUBRECIPIENT agrees to hold **GRANTEE** harmless from, and indemnify **GRANTEE** from and defend **GRANTEE** against any and all claims brought against **GRANTEE** by employees or officers of **SUBRECIPIENT** or brought by any third person arising in any manner directly or indirectly from **SUBRECIPIENT** programs, activities or events conducted pursuant to this Agreement.

SUBRECIPIENT shall acquire, maintain and furnish to **GRANTEE** a Certificate of Insurance as proof that it has secured and paid for policies of public liability and automobile insurance to cover all operations and services under the contract agreement with limits of not less than $300,000.00 per occurrence, $300,000.00 aggregate, covering all risks incident to or in connection with the execution, performance, attempted performance or non-performance of this Agreement.

D. Worker's Compensation

The Subrecipient shall provide Workers' Compensation Insurance coverage for all of its employees involved in the performance of this Agreement.

E. Insurance & Bonding

The Subrecipient shall carry sufficient insurance coverage to protect contract assets from loss due to theft, fraud and/ or undue physical damage, and as a minimum shall purchase a blanket fidelity bond covering all employees in amount equal to cash advances from the Grantee.

The Subrecipient shall comply with the bonding and insurance requirements of 24 CFR 84.31 and 84.48, Bonding and Insurance.

F. Grantee Recognition

The Subrecipient shall insure recognition of the role of the Grantee in providing services through this Agreement. All activities, facilities and items utilized pursuant to this Agreement shall be prominently labeled as to funding source. In addition, the Subrecipient will include a reference to the support provided herein in all publications made possible with funds made available under this Agreement.

G. Amendments

The Grantee or Subrecipient may amend this Agreement no more than two (2) times, provided that such amendments make specific reference to this Agreement, and are executed in writing, signed by a duly authorized representative of each organization, and approved by the Grantee's governing body. Such amendments shall not invalidate this Agreement, nor relieve or release the Grantee or Subrecipient from its obligations under this Agreement.

The Grantee may, in its discretion, amend this Agreement to conform with Federal, State and/ or Local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments are approved by Grantee and result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by formal written amendment signed by both Grantee and Subrecipient.

H. Suspension or Termination

In accordance with 24 CFR 85.43, the Grantee may suspend or terminate this Agreement if the Subrecipient materially fails to comply with any terms of this Agreement, which include (but are not limited to), the following:

1. Failure to comply with any of the rules, regulations or provisions referred to herein, or such statutes, regulations, executive orders, and HUD guidelines, policies or directives as may become applicable at any time;
2. Failure, for any reason, of the Subrecipient to fulfill in a timely and proper manner its obligations under this Agreement;
3. Ineffective or improper use of funds provided under this Agreement; or
4. Submission by the Subrecipient to the Grantee reports that are incorrect or incomplete in any material respect.

In accordance with 24 CFR 85.44, this Agreement may also be terminated for convenience by either the Grantee or the Subrecipient, in whole or in part, by setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if in the case of a partial termination, the Grantee determines that the remaining portion of the award will not accomplish the purpose for which the award was made, the Grantee may terminate the award in its entirety.

VI. ADMINISTRATIVE REQUIREMENTS

A. Financial Management

1. Accounting Standards

All CDBG Program Funds received by the Subrecipient from the Grantee pursuant to this Contract shall be maintained separate and apart from any other funds of the Subrecipient or of any principal or member of the Subrecipient in an account in a federally insured banking or savings and loan institution. Additionally, the Subrecipient agrees to comply with 24 CFR 84.21-28 and agrees to adhere to the accounting principles and procedures required therein, utilize adequate internal controls, and maintain necessary source documentation for all costs incurred.

2. Cost Principles

The Subrecipient shall administer its program in conformance with OMB Circulars 2 CFR Part 230 (previously OMB Circular A-122), "Cost Principles for Non-Profit Organizations," or 2 CFR Part 220 (previously OMB Circular A-21), "Cost Principles for Educational Institutions," as applicable. These principles shall be applied for all costs incurred whether charged on a direct or indirect basis. (Please reference **Exhibit G).**

Subrecipient shall maintain complete and accurate records with respect to all costs and expenses incurred under this Contract. All such records shall be clearly identifiable. Subrecipient shall allow a representative of the Grantee during normal business hours to examine, audit and make transcripts or copies of such records and any other documents created pursuant to this Contract.

B. Documentation and Record Keeping

1. Records to be Maintained

The Subrecipient shall maintain all records required by the Grantee and Federal regulations, including but not limited to 24 CFR 570.506 that are pertinent to the activities to be funded under this Agreement. Such records shall include but not be limited to:

a. Records providing a full description of each activity undertaken;
b. Records demonstrating that each activity undertaken meets one of the National Objectives of the CDBG program;
c. Records required to determine the eligibility of activities;
d. Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG assistance;
e. Records documenting compliance with the fair housing and equal opportunity components of the CDBG program;
f. Financial records as required by 24 CFR 570.502, and 24 CFR 84.21-28; and
g. Other records necessary to document compliance with Subpart K of 24 CFR Part 570.
h. Please reference **Exhibit D.**

2. Retention

The Subrecipient shall retain and permit on-site inspections of all financial records, supporting documents, statistical records, and all other records pertinent to the Agreement for a period of six **(6)** years minimum. The retention period begins on the date of the submission of the Grantee's annual performance and evaluation report to HUD in which the activities assisted under the Agreement are reported on for the final time. Notwithstanding the above, if there is litigation, claims, audits, negotiations or other actions that involve any of the records cited and that have started before the expiration of the six-year period, then such records must be retained until completion of the actions and resolution of all issues, or the expiration of the six-year period, whichever occurs later.

3. Client Data

The Subrecipient shall maintain client data demonstrating client eligibility for series provided. Such data shall include (proof), but not be limited to, client name, address, income level or other basis for determining eligibility, and description of service provided. Such information shall be made available to Grantee monitors or their designees for review upon request.

4. Disclosure

The Subrecipient understands that client information collected under this contract is private and the use or disclosure of such information, when not directly connected with the administration of the Grantee's or Subrecipient's responsibilities with respect to services provided under this contract, is prohibited by the Federal Law unless written consent is obtained from such person receiving service and, in the case of a minor, that of responsible parent/ guardian.

5. Close-outs

The Subrecipient's obligations to the Grantee shall not end until all close-out requirements are completed. Activities during this close-out period shall include, but are not limited to: making final payments, disposing of program assets (including the return of all unused materials, equipment, unspent cash advances, program income balances, and accounts receivable to the Grantee), and determining the

custodianship of records. Notwithstanding the foregoing, the terms of this Agreement shall remain in effect during any period that the Subrecipient has control over CDBG funds, including program income.

6. Audits & Inspections

All Subrecipient records with respect to any matters covered by this Agreement shall be made available to the Grantee, grantor agency, and the Comptroller General of the United States or any of their authorized representatives, at any time during normal business hours. As often as deemed necessary, to audit, examine, and make excerpts or transcripts of all relevant data. Any deficiencies noted in audit reports must be fully cleared by the Subrecipient within 30 days after receipt by the Subrecipient. Failure of the Subrecipient to comply with the above audit requirements will constitute a violation of this contract and may result in the withholding of future payments. The Subrecipient hereby agrees to have an annual agency audit conducted in accordance with current Grantee policy concerning Subrecipient audits and Section C: Subpart F Audit Requirements in 2 CFR Part 200.

Should the audit confirm misappropriation or misapplication of funds, the Sub-Recipient shall reimburse the Grantee within thirty (30) days. In the event the Grantee uses the judicial system to recover the funds, the Sub-Recipient shall reimburse the Grantee its legal fees and court costs in addition to awards.

If the **SUBRECIPIENT** expends less than Seven Hundred Fifty Thousand Dollars ($750,000.00) a year in federal awards, then they are exempt from 2 CFR Part 200 Subpart F of the audit requirements for that year; however, records must be available for review or audit by appropriate officials of the federal agency, pass-through entity and the General Accounting Office

However, if **SUBRECIPIENT** expends Seven Hundred Fifty Thousand Dollars ($750,000.00) or more in federal funds, **SUBRECIPIENT** must, within nine (9) months from the end of its fiscal year, supply **ENTITY** with an audit of revenues and expenditures conducted by a certified public accountant. **Grant funds will automatically be forfeited to funding source(s) (city and/or precinct) if the SUBRECIPIENT fails to submit an audit within the allotted time.**

7. Monitoring and Evaluation.

The Grantee will monitor, evaluate and provide guidance to the Subrecipient in the performance of this Contract. Authorized representatives of the Grantee and HUD shall have the right of access to all activities and facilities operated by the Subrecipient under this Contract. Facilities include all files, records, and other documents related to the performance of this Contract. Activities include attendance at staff, board of directors, advisory committee and advisory board meetings, and observation of on-going program functions. The Subrecipient will ensure the cooperation of its staff and board members in such efforts. Grantee staff may conduct program progress reviews. These reviews will focus on the extent to which planned program has been implemented and measurable goals achieved, effectiveness of program management, and impact of the program.

C. Reporting and Payment Procedures

1. Program Income

The Subrecipient shall report monthly all program income (as defined at 24 CFR 570.500(a)) generated by activities carried out with CDBG funds made available under this contract. The use of program income by the Subrecipient shall comply with the requirements set forth at 24 CFR 570.504. By way of further limitations, the Subrecipient may use such income during the contract period for activities permitted under this contract and shall reduce requests for additional funds by the amount of any such program income

balance on hand. All unexpended program income shall be returned to the Grantee at the end of the contract period. Any interest earned on cash advances from the U.S. Treasury and from funds held in a revolving fund account is not program income and shall be remitted promptly to the Grantee.

2. Payment Procedures

The Grantee will pay to the Subrecipient funds available under this Agreement based upon information submitted by the Subrecipient and consistent with any approved budget and Grantee policy concerning payments. With the exception of certain advances, payments will be made for eligible expenses actually incurred by the Subrecipient, and not to exceed actual cash requirements. Payments will be adjusted by the Grantee in accordance with advance fund and program income balances available in Subrecipient accounts. In addition, the Grantee reserves the right to liquidate funds available under this contract for costs incurred by the Grantee on behalf of the Subrecipient. Please reference **Exhibit E.**

3. Progress Reports

The Subrecipient shall submit regular Progress Reports to the Grantee in the form, content and frequency as required by the Grantee.

D. Procurement

1. Compliance

The Subrecipient shall comply with current Grantee policy concerning the purchase of equipment shall maintain inventory records of all non-expended personnel property as defined by such policy as may be procured with funds provided herein. All program assets (unexpended program income, property, equipment, etc.) shall revert to the Grantee upon termination of this Agreement.

Procurement by the subrecipient must follow a written code of conduct and establish procurement procedures that provide open and free competition in accordance with 2 CFR Part 200 of the Procurement Standards.

2. OMB Standards

Unless specified otherwise within this agreement, the Subrecipient shall procure all materials, property, or services in accordance with the requirements of 24 CFR 84.40-48. Please reference **Exhibit F** and **Exhibit G.**

3. Travel

The Subrecipient shall obtain written approval from the Grantee for any travel outside the metropolitan area with funds provided under this Agreement.

4. Use of Funds for Entertainment, Meals or Gifts

Subrecipient represents and warrants that it will not use funds provided through this Contract to pay for entertainment, meals or gifts.

E. Use and Reversion of Assets

The use and disposition of real property and equipment under this Agreement shall be in compliance with the requirements of 24 CFR Part 84 and 24 CFR 570.503, and 570.504, as applicable, which include but are not limited to the following:

1. The Subrecipient shall transfer to the Grantee any CDBG funds on hand and any accounts receivable attributable to the use of funds under this Agreement at the time of expiration, cancellation or termination.

2. Real property under the Subrecipient's control that was acquired or improved, in whole or in part, with funds under this Agreement in excess of **$25,000.00** shall be used to meet one of the CDBG National Objectives pursuant to 24 CFR 570.208 until five (5) years after expiration of this Agreement [or such longer period of time as the Grantee deems appropriate]. If the Subrecipient fails to use CDBG-assisted real property in a manner that meets a CDBG National Objective for the prescribed period of time, the Subrecipient shall pay the Grantee an amount equal to the current fair market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for acquisition of, or improvement to, the property. Such payment shall constitute program income to the Grantee. The Subrecipient may retain real property acquired or improved under this Agreement after the expiration of the five (5)-year period [or such longer period of time as the Grantee deems appropriate].

3. In all cases which equipment acquired, in whole or in part, with funds under this Agreement is sold, the proceeds shall be program income (prorated to reflect the extent to that funds received under this Agreement were used to acquire the equipment). Equipment not needed by the Subrecipient for activities under this Agreement shall be (a) transferred to the Grantee for the CDBG program or (b) retained after compensating the Grantee [an amount equal to the current fair market value of the equipment less the percentage of non-CDBG funds used to acquire the equipment).

VII. RELOCATION, REAL PROPERTY ACQUISITION AND ONE-FOR-ONE HOUSING REPLACEMENT

The Subrecipient agrees to comply with (a) the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (URA), and implementing regulations at 49 CFR Part 24 and 24 CFR 570.606(b); (b) the requirements of 24 CFR 570.606(c) governing the Residential Anti-displacement and Relocation Assistance Plan under section 104(d) of the HCD Act; and (c) the requirements in 24 CFR 570.606(d) governing optional relocation policies. [The Grantee may preempt the optional policies.] The Subrecipient shall provide relocation assistance to displaced persons as defined by 24 CFR 570.606(b) (2) that are displaced as a direct result of acquisition, rehabilitation, demolition or conversion for a CDBG-assisted project. The Subrecipient also agrees to comply with applicable Grantee ordinances, resolutions and policies concerning the displacement of persons from their residences.

Subrecipient must adopt and make public a Residential Anti-displacement and Relocation Assistance Plan as part of its administrative requirements to HUD. Before Subrecipient enters into a contract committing it to provide funds for any activity that will directly result in the demolition, or conversion to another use, of low/moderate-income dwelling units, it must make public and submit to HUD the information as described in Section 24 CFR 570.606, et seq.

VIII. PERSONNEL & PARTICIPANT CONDITIONS

A. Civil Rights

1. Compliance

The Subrecipient agrees to comply with local and state civil rights ordinances and with Title VI of the Civil Rights Act of 1964 as amended, Title VIII of the Civil Rights Act of 1968 as amended, Section 10(b) and Section 109 of Title I of the Housing and Community Development Act of 1974 as amended, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Executive Order 11063, and Executive Order 11246 as amended by Executive Orders 11375, 11st78, 12107 and 12086.

2. Non-discrimination

The Subrecipient agrees to comply with the non-discrimination in employment and contracting opportunities laws, regulations, and executive orders referenced in 24 CFR 570.607, as revised by Executive Order 13279. The applicable non-discrimination provisions in Section 109 of the HCDA are still applicable.

3. Land Covenants

This contract is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and 24 CFR 570.601 and 570.602. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this contract, the Subrecipient shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that the Grantee and the United States are beneficiaries of and entitled to enforce such covenants. The Subrecipient, in undertaking its obligation to carry out the program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not it so discriminate.

4. Section 504

The Subrecipient agrees to comply with all Federal regulations issued pursuant to compliance with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination against the individuals with disabilities or handicaps in any Federally assisted program. The Grantee shall provide the Subrecipient with any guidelines necessary for compliance with that portion of the regulations in force during the term of this Agreement.

B. Affirmative Action

1. Approved Plan

The Subrecipient agrees that it shall be committed to carry out pursuant to the Grantee's specifications an Affirmative Action Program in keeping with the principles as provided in President's Executive Order 11246 of October 24, 1965. The Grantee shall provide Affirmative Action guidelines to the Subrecipient to assist in the formulation of such program. The Subrecipient shall submit a plan for an Affirmative Action Program for approval prior to the award of funds.

2. Women- and Minority-Owned Businesses (W/ MBE)

The Subrecipient will use its best efforts to afford small businesses, minority business enterprises, and women's business enterprises the maximum practicable opportunity to participate in the performance of this contract. As used in this cataract, the terms "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women's business enterprise" means a business at lease fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian-Americans and American Indians. The Subrecipient may rely on written representation by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

3. Access to Records

The Subrecipient shall furnish and cause each of its own subrecipients or subcontractors to furnish all information and reports required hereunder and will permit access to its books, records and accounts by the Grantee, HUD or its agent, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations and provisions stated herein.

4. Notifications

The Subrecipient will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting office, advising the labor union or worker's representative of the Subrecipient's commitments hereunder, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

5. Equal Employment Opportunity and Affirmative Action (EEO/ AA) Statement

The Subrecipient will, in all solicitations or advertisements for employees placed by or on behalf of the Subrecipient, state that it is an Equal Opportunity or Affirmative Action employer.

6. Subcontract Provisions

The Subrecipient will include the provisions of Paragraphs X. A, Civil Rights, and B, Affirmative Action, in every subcontract or purchase order, specifically or by reference, so that such provisions will be binding upon each of its own Subrecipients or Subcontractors.

C. Employment Restrictions

1. Prohibited Activity

The Subrecipient is prohibited from using funds provided herein or personnel employed in the administration of the program for: political activities; inherently religious activities; lobbying; political patronage; and nepotism activities.

2. Labor Standards

The Subrecipient agrees to comply with the requirements of the Secretary of Labor in accordance with the Davis-Bacon Act as amended, the provisions of Contract Work Hours and Safety Standards Act, the Copeland "Anti-Kickback" Act (40 U.S.C. 276, 327-333 *et.seq.*) and all other applicable Federal, State and

Local laws and regulations pertaining to labor standards insofar as those acts apply to the performance of this Agreement. The Subrecipient agrees to comply with the Copeland Anti-Kick Back Act (18 U.S.C. 874 *et. Seq.*) and its implementing regulations of the U.S. Department of Labor at 29 CFR Part 5. The Subrecipient shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the Grantee for review upon request.

The Subrecipient agrees that, except with respect to the rehabilitation or construction of residential property containing less than eight (8) units, all contractors engaged under contracts in excess of $2,000.00 for construction, renovation or repair work financed in whole or in part with assistance provided under this contract, shall comply with Federal requirements adopted by the Grantee pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided that, if wage rates higher than those required under the regulations are imposed by state or local law, nothing hereunder is intended to relieve the Subrecipients of its obligation, if any, to require payment of the higher wage. The Subrecipient shall cause or require to be inserted in full, in all such contracts subject to such regulations, provisions meeting the requirements of this paragraph.

3. "Section 3" Clause

a. Compliance

Compliant with the provisions of Section 3 of the HUD Act of 1968, as amended, and as implemented by the regulations set forth in 24 CFR 135, and all applicable rules and orders issued hereunder prior to the execution of this contract, shall be a condition of the Federal financial assistance provided under this contract and binding upon the Grantee, the Subrecipient and any of the Subrecipient's subrecipients and subcontractors. Failure to fulfill these requirements shall subject the Grantee, the Subrecipient and any of the Subrecipient's subrecipients and subcontractors, their successors and assigns, to those sanctions specified by the Agreement through which Federal assistance is provided. The Subrecipient certifies and agrees that no contractual or other disability exists that would prevent compliance with these requirements.

The Subrecipient further agrees to comply with these "Section 3" requirements and to include the following language in all subcontracts executed under this Agreement:

> "The work to be performed under this Agreement is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701). Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to low- and very low-income residents of the project areas, and that contracts for work in connection with the project area, and that contracts for work in connection with the project be awarded to business concerns that provide economic opportunity for low- and very low-income persons residing in the metropolitan area in which the project located."

The Subrecipient further agrees to ensure that opportunities for training and employment arising in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project are given to low- and very low-income persons residing within the metropolitan area in which the CDBG-funded project is located; where feasible, priority should be given to low- and very low-income persons within the service area of the project or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs; and award contracts for work undertaken in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project to business concerns that provide economic

opportunities for low- and very low-income persons residing within the metropolitan area in which the CDBG-funded project is located; where feasible, priority should be given to business concerns that provide economic opportunities to low- and very low-income residents within the service area or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs.

The Subrecipient certifies and agrees that no contractual or other legal incapacity exists that would prevent compliance with these requirements.

b. Notification

The Subrecipient agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

c. Subcontracts

The Subrecipient will include this Section 3 clause in every subcontract and will take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the grantor agency. The Subrecipient will not subcontract with any entity where it has notice or knowledge that the latter has been found in violation of regulations under 24 CFR Part 135 and will not let any subcontract unless has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

D. Conduct

1. Assignability

The Subrecipient shall not assign or transfer any interest in this Agreement without the prior written consent of the Grantee thereto; provided, however, that claims for money due or to become due to the Subrecipient from the Grantee under this contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Grantee.

2. Subcontract

a. Approvals

The Subrecipient shall not enter into any subcontracts with any agency or individual in the performance of this contract without the written consent of the Grantee prior to the execution of such agreement.

b. Monitoring

The Subrecipient will monitor all subcontracted services on a regular basis to assure contract compliance. Results of monitoring efforts shall be summarized in written reports and supported with documented evidence of follow-up actions taken to correct areas of noncompliance.

c. Content

The Subrecipient shall cause all of the provisions of this contract in its entirety to be included in and made a part of any subcontract executed in the performance of this Agreement.

d. Selection Process

The Subrecipient shall undertake to insure that all subcontracts let in the performance of this Agreement shall be awarded on a fair and open competition basis in accordance with applicable procurement requirements. Executed copies of all subcontracts shall be forwarded to the Grantee along with documentation concerning the selection process.

3. Hatch Act

The Subrecipient agrees that no funds provided, nor personnel employed under this Agreement, shall be in any way or to any extent engaged in the conduct of political activities in violation of Chapter 15 of Title V of the U.S.C.

4. Conflict of Interest

The Subrecipient agrees to abide by the provisions of 24 CFR 84.42 and 570.611, which include (but are not limited to) the following

a. The Subrecipient shall maintain a written code or standards of conduct that shall govern the performance of its officers, employees or agents engaged in the award and administration of contracts supported by Federal funds.
b. No employee, officer or agent of the Subrecipient shall participate in the selection, or in the award, or administration of, a contract supported by Federal funds if a conflict of interest, real or apparent, would involve.
c. No covered persons who exercise or have exercised any functions or responsibilities with respect to CDBG-assisted activities, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest in any contract, or have a financial interest in any contract, subcontract, or agreement with respect to the CDBG-assisted activity, or with respect to the proceeds from the CDBG-assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for a period of one (1) year thereafter. For purposes of this paragraph, a "covered person" includes any person who is an employee, agent, consultant, officer, or elected or appointed official of the Grantee, the Subrecipient, or any designated public agency.

5. Lobbying

The Subrecipient hereby certifies that:

a. No federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer of employee of any agency, a Member of Congress, an officer of employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer of employee of any agency, a Member of Congress,

and officer of employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

c. It will require that the language of paragraph (d) of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all Subrecipients shall certify and disclose accordingly:

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, Title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

6. Copyright

If this contract results in any copyrightable material or inventions, the Grantee and/ or grantor agency reserves the right to royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use and to authorize others to use, the work or materials for governmental purposes.

7. Religious Activities

The Subrecipient agrees that funds provided under this Agreement will not be utilized for inherently religious activities prohibited by 24 CFR 570.200 (j), such as worship, religious instruction, or proselytization.

8. Drug-Free Workplace.

Sub-Recipient agrees to provide a drug-free workplace by:

a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the Subrecipient's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
b. Establishing an ongoing drug-free awareness program to inform employees about -

(1) The dangers of drug abuse in the workplace;
(2) The Subrecipient's policy of maintaining a drug-free workplace;
(3) Any available drug counseling, rehabilitation, and employee assistance programs; and

(4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

c. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1 of this Section;
d. Notifying the employee in the statement required by paragraph 1 of this Section that, as a condition of employment under the grant, the employee will -

(1) Abide by the terms of the statement; and
(2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five (5) calendar days after such conviction;

e. Notifying the Grantee in writing, within ten (10) calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

f. Taking one of the following actions, within thirty (30) calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted -

(1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
(2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;

g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5, and 6.

9. Americans with Disabilities Act.

The Americans with Disabilities Act (42 U.S.C. 12131; 47 U.S.C. 155.201, 218 and 225) (ADA) provides comprehensive civil rights to individuals with disabilities in the areas of employment, public accommodations, State and local government services, and telecommunications. It further provides that discrimination includes a failure to design and construct facilities for first occupancy after January 26, 1993 that is readily accessible to and usable by individuals with disabilities. Further, the ADA requires the removal of architectural barriers and communication barriers that are structural in nature in existing facilities, where such removal is readily achievable--that is, easily accomplishable and able to be carried out without much difficulty or expense. The Subrecipient shall comply with the ADA.

IX. ENVIRONMENTAL CONDITIONS

A. Air and Water

The Subrecipient agrees to comply with the following requirements insofar s they apply to the performance of this Agreement:

- Clean Air Act, 42 U.S.C., 7401, *et. seq.;*
- Federal Water Pollution Control Act, as amended, 33 U.S.C., 1251, *et. seq.*, as amended, 1318 relating to inspection, monitoring, entry, reports, and information, as well as other requirements specified in said Section 11st and Section 308, and all regulations and guidelines issued hereunder;
- Environmental Protection Agency (EPA) regulations pursuant to 40 CFR Part 50, as amended.

B. Flood Disaster Protection

In accordance with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001), the Subrecipient shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, flood insurance under the National Flood Insurance Program is obtained and maintained as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).

C. Lead-Based Paint

The Subrecipient agrees that any construction or rehabilitation of residential structures with assistance provided under this Agreement shall be subject to HUD Lead-Based Paint Regulations at 24 CFR 570.608, and 24 CFR Part 35, Subpart B. Such regulations pertain to all CDBG-assisted housing and require that all owners, prospective owners, and tenants of properties constructed prior to 1978 be properly notified that such properties may include lead-based paint. Such notification shall point out the hazards of lead-based paint and explain the symptoms, treatment and precautions that should be taken when dealing with lead-based paint poisoning and the advisability and availability of blood lead level screening for children under seven. The notice should also point out that if lead-based paint is found on the property, abatement measures may be undertaken. The regulations further require that, depending on the amount of Federal funds applied to a property, paint testing, risk assessment, treatment and/ or abatement bay be conducted.

D. Historic Preservation

The Subrecipient agrees to comply with the Historic Preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C. 470) and the procedures set forth in 36 CFR Part 800, Advisory Council on Historic Preservation Procedures for Protection Historic Properties, insofar as they apply to the performance of this agreement.

In general, this requires concurrence from the State Historic Preservation Officer for all rehabilitation and demolition of historic properties that are fifty (50) years old or older or that are included on a Federal, State or local historic property list.

X. SEVERABILITY

If any provision of this Agreement is held invalid, the remainder of the Agreement shall not be affected thereby and all other parts of this Agreement shall nevertheless be in full force and effect.

XI. SECTION HEADINGS AND SUBHEADINGS

The section headings and subheadings contained in this Agreement are included for convenience only and shall not limit or otherwise affect the terms of this Agreement.

XII. WAIVER

The Grantee's failure to act with respect to a breach by the Subrecipient does not waive its right to act with respect to subsequent or similar breaches. The failure of the Grantee to exercise or enforce any right or provision shall not constitute a waiver of such right or provision.

XIII. ENTIRE AGREEMENT

This agreement constitutes the entire agreement between the Grantee and the Subrecipient for the use of funds received under this Agreement and it supersedes all prior or contemporaneous communications and proposals, whether electronic, oral, or written between the Grantee and the Subrecipient with respect to this Agreement.

XIV. EFFECTIVE DATE

The effective date of this agreement shall be the **7th day of July, 2015**. Such date being the date the HIDALGO COUNTY COMMISSIONER'S COURT approved entering into this Agreement with SUBRECIPIENT and shall terminate on the **31st** day of **May, 2016.**

[NOTE: For the above sections, if the Subrecipient is a governmental or quasi-governmental agency, the applicable sections of 2 CFR Part 200 "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," would apply.]

EXHIBIT A
STATEMENT OF WORK
Precinct No. 3

Section I In summary, describe the service(s) that will be provided by the agency as a result of the 2015 CDBG award.

Project expenditures include reimbursement of salaries and fringe benefits for staff such as but not limited to the program leaders who provide direct services to the youth 4-18 years of age within the Precinct No. 3 boundaries, including the purchase of equipment and supplies for programs being provided to the youth.

Section II State the CDBG amount awarded and name of awarding City / Precinct.

$ 41,400 Awarded By: **Precinct No. 3**

Section III Describe the proposed type of expenditure(s) utilizing CDBG funds.
Salaries for unit Supervisor and 5 program staff to properly coordinate national programs and equipment and supplies for the club members to use during the homework help hour, prevention programs, Arts & Crafts, and sports fitness & Recreation.

Section IV Describe what services will be provided as a result of the CDBG award, describe how the activity awarded CDBG funds will be performed, describe when services will be conducted (day, time, in school / afterschool, seasonal, etc.).

The Boys & Girls club of Mission will be providing youth services to club members at the Main Unit. Serving youth members in core program areas such as Character & Leadership development, Education & Career Development, Health & Life Skills, Sports Fitness & Recreation, the Arts and Family Support (Special Events). Monday – Thursday 3:00pm –7:00pm., Fridays 2:30pm – 6:30pm, throughout the school year.

Section V Describe how funds will provide an increase in services or provide a new service to extremely low and/or low to moderate income residents. (EX: **Additional** ESL classes will be offered; new sports program will be created for the youth, etc.)

Additional programs such as Healthy Habits, Kids in Control, Smart Moves and Sports Fitness & Recreation, (Organized Team League). Through these programs club members learn the importance of a healthy diet, how to handle emergency situations and have the opportunity to compete in organized sports. Being a part of a team, making youth members feel competent and able is what club members will gain.

Section VI Describe the program beneficiaries (age/gender), estimated number to be serviced within the boundaries of the service area, economic background and area of residency.
90% at risk Hispanics of which approximately 70% of them come from low income families. There are age's 5-12 male and females. We will be serving approximately 100 disadvantaged children at the Jessie Jensen Unit.

Section VII List all locations (physical address) where the funded service(s) will be provided.
Jessie Jensen Elementary School – 501 N.Glasscock Blvd. Alton, Tx 78573

Exhibit B-1
GRANT BUDGET
Precinct No. 3

Subrecipient agrees to follow the approved list of expenditures. If necessary and upon Urban County approval, the Subrecipient will be allowed up to two (2) amendments to the budgeted amounts. Proposed changes to the budgeted amounts must be submitted in writing to UCP prior to the preceding month of the change.

TYPE OF EXPENDITURES	BUDGETED AMOUNT
Personnel- 7 Part Time employees to work 20 hours per week for 9 months	$ 31,200
Fringe Benefits for 6 part time employees for FICA @ 7.65% (Social Security, Medicare, and Workers Comp)	$3,200
Technology, Sports Equipment and Supplies for the Boys & Girls Club program to provide services to its youth members	$7,000
TOTAL GRANT BUDGET:	**$ 41,400**

Exhibit B-2
PAYMENT SCHEDULE
Precinct No. 3

Subrecipient must submit a payment schedule to expend the CDBG award by completing the table below. Proposed changes to the payment schedule must be submitted in writing to UCP for review and approval **prior to the preceding month of the change**. Subrecipient will be allowed up to two (2) amendments to the payment schedule.

2015 - 2016 For the Months of...	Estimated Amount Of Expenditures	Type of Budgeted Expenditures
July		
August		
September	$3,822	Salary & Benefits
October	$3,823	Salary & Benefits
November	$3,823	Salary & Benefits
December	$3,822 $3,500	Salary & Benefits Equipment & Supplies
January	$3,822 $3,500	Salary & Benefits Equipment & Supplies
February	$3,822	Salary & Benefits
March	$3,822	Salary & Benefits
April	$3,822	Salary & Benefits
May	$3,822	Salary & Benefits
TOTAL:	**$41,400**	

Note: Monthly expenditures are considered proposed. Amendments to the payment schedule must be requested when the *actual* monthly expenditure **exceeds** the estimated amount by 50%. If the *actual* monthly expenditure is **less** than 50% of the estimated amount, an amendment must be requested to the Urban County Program for review and approval.

Exhibit C
SCHEDULE OF ACTIVITY
Precinct No. 3

Subrecipient hereby agrees to perform services as outlined in **Exhibit A**. A proposed monthly schedule of activity should be provided in the table below. The schedule should not exceed the agreement time frame of eleven months.

Proposed changes to the schedule of activity must be submitted in writing to UCP for review and approval **prior to the preceding month of the change**. The subrecipient will be allowed up to two (2) amendments for the term of the agreement.

2015 - 2016 For the months of....	Number of Unduplicated Beneficiaries to be Serviced	Services Provided
July		
August		
September	20	Youth Membership Services
October	20	↓
November	20	↓
December	20	↓
January	20	↓
February		
March		
April		
May		
Total for the Year:	100	

Note: The number of unduplicated (individual) beneficiaries to be served should be counted only **once** per year.

EXHIBIT D
RECORDS & REPORTS
Precinct No. 3

A. When requesting payment, attach a cover letter summarizing the expenditures with the following documents:
- Copies of Invoices
- Cancelled Checks
- Portion requesting from ESG Program
- Staff detail timesheets
- Other Supporting Documents

Payment requests must be submitted to Urban County by the 15th of each month.

- A Performance report must be submitted to the Urban County Program accompanying each request for payment. Each performance report must have the following items:
  a). Period covered by Performance Report
  b). Type of services provided
  c). Type of Equipment/Supplies Purchased
  d). Amount of fund Expended
  e). Number of Beneficiaries Served & Ethnicity Data
  _____ White, non Hispanic
  _____ Black, non Hispanic
  _____ Native American
  _____ Asian or Pacific Islander
  _____ Hispanic
  _____ Total

- How services provided benefit clientele
- Projection for next disbursement period
- Program Income Report/Blank Statement (when applicable)
- Other significant Information

B. Provide your financial report with every reimbursement request or as needed.

C. Provide a list of ALL staff members working on each reimbursement remitted to UCP.

SUBRECIPIENT must maintain a file of all records and reports submitted to the Urban County Program.

SUBRECIPIENT must maintain record of beneficiaries being served (i.e. application, membership, clientele profile, etc.).

SUBRECIPIENT must maintain files of all original contract agreements amendments, and correspondence.

SUBRECIPIENT must maintain proper financial records.

Exhibit E
REQUEST FOR PAYMENTS
Precinct No. 3

1. Subrecipient must submit **monthly** reimbursement requests as approved on the Schedule of Payment hereto attached as Exhibit B 2 (the "Schedule of Payment") **due on or before the 15th of each month.**

2. Subrecipient must inform Urban County in writing if the reimbursement request and/or monthly performance report will not be submitted by the due date.

3. Request for reimbursements that are submitted after the last working day of the month will be returned unpaid if the subrecipient did not comply with Request for Payments (2) hereto attached as Exhibit E (the "Request for Payments").

4. Urban County Program will return incorrect and/or incomplete reimbursement requests to the subrecipient as soon as possible in order for corrections to be made.

5. Subrecipient must submit the corrections and/or pending documentation no later than 10 days from notification by UCP. Should the subrecipient fail to submit the corrections within the allotted time, the RFP will be returned, and will NOT qualify for re-submission.

6. Subrecipient must submit **FINAL** reimbursement request and monthly performance report to the Urban County Program on or before **June 15TH.**

7. Subrecipient must submit all required documentation as stated on the UCP Reimbursement Checklist.

8. Should the Subrecipient fail to comply with timely submittals of monthly reimbursement requests and/or performance reports, the Urban County Program shall consider termination of the Subrecipient Agreement as per **Part VI Section H** "Suspension and Termination".

9. All reimbursement requests and reports submitted to Urban County must be originals signed with blue ink.

10. As per **Part VII Section 7** of this Agreement, the Urban County Program Monitoring Division will conduct on-site monitoring visits to ensure compliance with applicable Federal requirements and performance goals are being met.

11. Reimbursement requests are processed by Urban County on a first come first serve basis.

12. Payments to Subrecipients will only be mailed. Checks will not be allowed for pickup unless approved by UCP Director.

13. Checks are mailed eleven (11) days from the date the reimbursement request is submitted to the finance division, **only** after all documentation is reviewed, corrections are made, and all documentation is in order including ALL cancelled checks.

AI-52137 **Urban County** **18. F.**

CC - REGULAR

Meeting Date: 11/10/2015

Submitted For: Olga Lerma, URBAN COUNTY **Submitted By:** Olga Lerma, URBAN COUNTY

Department: URBAN COUNTY

Information

CAPTION

1. Requesting exemption from competitive bidding requirements under the Texas Local Government Code 262.024)a)(4) for professional engineering services;

2. Presentation of the scoring grid for the purposes of ranking by CC of at least three (3) engineering firms from the County's approved "pool" as graded and evaluated by the City of Peñitas, Urban County Program, and Hidalgo County Purchasing Department, in connection with and funded through Hidalgo County Urban County Program Year 27 & 28 (2014 & 2015) Peñitas Street Improvement funds.

Professional Service Firm	Grade	Ranked
South Texas Infrastructure Group	97.66%	
R. Gutierrez Engineering	93.66%	
Rio Delta Engineering	82%	

3. Authority to negotiate a professional engineering service contract with the No. 1 ranked firm of _____ for the provision of engineering services for an Urban County Program Year 27 & 28 (2014 & 2015) Peñitas Street Improvements project.

BACKGROUND

2014 Project consists of new construction of LA Joya Avenue and Pike Avenue (Second section) in El Rio Subdivision including surrounding and abutting streets. Project includes installation of drainage lines, inlets, sidewalks, water line replacement with hydrants, professional services, material testing fees, and advertisement fees as they pertain to project completion.

Fiscal Impact

EXHIBIT "B"

Selection Criteria	Points	Score
1. Professional Qualifications of Project Team (20 pts maximum)		
➢ Registered and licenses to practice in the State of Texas (i.e. certifications/registrations and other pertinent information that demonstrates their qualifications to perform the contract)	10	10
➢ Provides information on proposed professional Team qualifications to perform various types of contracts	5	5
➢ Team members identified in the organizational chart.	5	5
Comments/Rationale For Points:		TOTAL 20
2. Experience of Project Team/Ability to Commit Resources (25 pts maximum)		
➢ Designate engineering staff members in an appendix form	5	5
➢ Identifying the project composition, project leadership, reporting responsibilities	10	9
➢ Experience of engineering staff to completely and efficiently perform the work.	10	10
➢		
Comments/Rationale For Points:		TOTAL 24
3. Methodology/Experience/Availability of Project Manager (20 pts maximum)		
➢ Firm's approach to the methodology and management to the scope of services for the project(s).	5	5
➢ Must be a Professional Engineer registered in the State of Texas and must be included in Appendix	5	5
➢ Project Manager must have five (5) types of projects plus be 85-100 % involvement with technical development of project	10	10
Comments/Rationale For Points:		TOTAL 20
4. Understanding of Project/Similar Projects (25 pts maximum)		
➢ Demonstrate and understanding of the scope of services	5	5
➢ Address appropriate Federal/ State/ Local regulations and policies. Knowledge and experience of working with multiple entities, counties, cities, etc.	5	5
➢ Identify information to be gathered or obtained/proposed approach to complete the scope	5	5
➢ RFQ responsiveness. Response is clear, well organized, easy to evaluate, and appropriate to this RFQ.	5	5
➢ Reference Information including contact persons and telephone numbers.	5	5
Comments/Rationale For Points:		TOTAL 25
5. Familiarity with Applicable Rules and Regulations (10 pts maximum)		
➢ Indicate passed experience of the proposed Firm knowledge of governmental regulations, appropriate codes, guidelines, professional standards and policies	5	5
➢ Must contain a narrative that outlines applicable regulations, guideline, standards, and policies	5	4
Comments/Rationale For Points:		TOTAL 9
Total Score		98

Dear Ms. Serna;

We will be selecting the following three firms for the 2014 Street Improvements Project and are requesting the Statement of Qualifications and Rating Sheets for each:

1. South Texas Infrastructure Group LLC
2. R. Gutierrez Engineering Corp.
3. Rio Delta Engineering

If you have any questions or need any additional information from us, please let me know.

Respectfully,

A. Valdez for O. Romero.

ELIGIBILITY

Eligible Applicants:	Independent school districts Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education For profit organizations other than small businesses Public and State controlled institutions of higher education City or township governments Private institutions of higher education Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education State governments Public housing authorities/Indian housing authorities Native American tribal governments (Federally recognized) County governments Small businesses
Additional Information on Eligibility:	It is important to note that the eligibility requirements are different for Head Start and Early Head Start. More information is provided in the funding opportunity announcement. ENTITIES APPLYING FOR HEAD START ONLY - OR - BOTH HEAD START AND EARLY HEAD START: Eligible applicants are limited to local public or private non-profit agencies, including community-based and faith-based organizations, or local for-profit agencies, pursuant to Section 641(a)(1) of the Head Start Act, 42 U.S.C. § 9836(a)(1) in the service area, that can provide Head Start services to children and families residing in the service area. Applicants must demonstrate they meet the statutory requirement for designation as a Head Start and/or Early Head Start agency as defined in the Head Start Act. ENTITIES APPLYING FOR EARLY HEAD START ONLY: Eligible applicants are any public or private non-profit agency, including community-based and faith-based organizations, or for-profit agencies pursuant to Section 645A(d) of the Head Start Act, 42 U.S.C. § 9840A(d). Eligibility is limited to public or private non-profit organizations, including faith-based organizations or for-profit organizations in the service area that can provide Early Head Start services to children and families residing in the service area. Entities operating Head Start programs are eligible to operate Early Head Start programs. Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Faith-based organizations are encouraged to review the ACF Policy on Grants to Faith-Based Organizations at: http: //www.acf.hhs.gov/acf-policy-on-grants-to-faith-based-organizations. Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

ADDITIONAL INFORMATION

Agency Name:	Administration for Children and Families - OHS
Description:	Through this announcement, the Administration for Children and Families solicits applications from public or private non-profit organizations, including community-based and faith-based organizations, or for-profit organizations that seek to provide a high-quality, comprehensive birth-to-five program incorporating both Head Start and Early Head Start funding, or to provide for Head Start only or Early Head Start only, to children and families residing in Hidalgo County, Texas. Funds in the amount of $25,789,303 annually will be available to provide Head Start and/or Early Head Start program services to eligible children and their families. Interested applicants may email the OHS Operations Center at OHSTech@reviewops.org for additional information.

STATE OF TEXAS §
COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN HIDALGO COUNTY AND
CITY OF HIDALGO, TEXAS

THIS Agreement is made on this the ___ day of _____, 2015 by and between **HIDALGO COUNTY, TEXAS**, hereinafter referred to as "County", and **CITY OF HIDALGO** hereinafter referred to as "City", pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

W I T N E S S E T H:

WHEREAS, City is a municipality located in Hidalgo County, Texas;

WHEREAS, County is a county in the State of Texas;

WHEREAS, City and County, each pursuant to its statutory and constitutional authority, are responsible for maintenance and improvements of certain public roadways within their boundaries;

WHEREAS, Las Milpas Road from McColl Road to Jackson Road is an important and critical integral infrastructure within Hidalgo County (the "Road");

WHEREAS, City and County desire to reconstruct the Road;

WHEREAS, one thousand five hundred fifty linear feet (1,500 L.F.) of the Road is within the jurisdiction of the County and Fourteen Hundred Fifty linear feet (1450 L.F.) is within the corporate jurisdiction of the City;

WHEREAS, the Road serves as a connecting link of the County road system and such improvements to the Road are in the best interest of the County and City; and

WHEREAS, City and County are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Gov't. Code 791.001 et seq., which authorizes local governments to contract with each other to perform governmental functions and services under the terms of the Act, and pursuant to the County Road and Bridge Act which authorizes counties to improve roadways within the limits of a city with the city's consent.

NOW, THEREFORE, City and County, in consideration of the mutual covenants expressed hereinafter, agree as follows:

County through its own forces or a third party contractor will provide all labor, equipment and materials necessary for reconstruction of the Road in

accordance with County standards at County's sole expense. The approximate cost for improvement of the Road is $276,494.00.

2. The parties agree that City and County will each inspect and accept the Road prior to declaring the work completed.

3. The parties further agree that upon completion of the improvements, each party shall be responsible for the maintenance and operation of the Road within each party's respective jurisdiction.

4. Pursuant to Tex. Trans. Code 251.012, City authorizes County to perform the work and services described herein with its corporate city limits.

5. **Conflict with Applicable Law**. Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the times such conflict exists.

6. **No Waiver**. No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

7. **Entire Agreement**. This Agreement contains the entire contract between the parties hereto, and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by the City and County and not otherwise.

8. **Texas Law to Apply**. This Agreement shall be construed under and in accordance with the laws of the State of Texas, and all obligation of the parties created hereunder are performable in Hidalgo County, Texas. The parties hereby consent to personal jurisdiction in Hidalgo County, Texas.

9. **Notice**. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to City:	City of Hidalgo Martin Cepeda, Mayor 704 E. Texano Hidalgo, Texas 78557
If to County:	Hidalgo County Attn: Ramon Garcia, County Judge 100 E. Cano, 2nd Floor Hidalgo, Texas 78539
With copy to:	Hon. Eduardo "Eddie" Cantu, Commissioner, Pct. 2 300 West Hall Acres, Ste G Pharr, Texas 78577

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

10. **Additional Documents**. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

11. **Successors**. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors, and assigns where permitted by this Agreement.

12. **Assignment**. This Agreement shall not be assignable.

13. **Headings**. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

14. **Gender and Number**. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

15. **Authority to Execute**. The execution and performance of this Agreement by the City and the County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms.

16. **Governmental Purpose**. Each party hereto is entering into this Agreement for the purpose of providing for governmental services or functions and will

pay for such services out of current revenues available to the paying party as herein provided.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. Section 271.903.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT AMONG CITY OF EDINBURG, COUNTY OF HIDALGO AND HIDALGO COUNTY EMERGENCY SERVICE DISTRICT #3

This Agreement is made on this the ____ day of _____, 2015, by and among the **CITY OF EDINBURG, TEXAS,** hereinafter referred to as "CITY, **COUNTY OF HIDALGO,** hereinafter referred to as "COUNTY", and the **HIDALGO COUNTY EMERGENCY SERVICE DISTRICT #3,** hereinafter referred to as "ESD," pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WITNESSETH:

WHEREAS, the City of Edinburg is engaging in a project referred to as Edinburg Fire Substation #5; and

WHEREAS, CITY has determined that the residents of the CITY will receive benefit from the construction of Edinburg Fire Substation #5 and has agreed to assist COUNTY and ESD; and

WHEREAS, COUNTY has determined that COUNTY will receive benefit from the construction of Edinburg Fire Substation #5 to better serve its residents, and has agreed to assist the CITY and ESD; and

WHEREAS, ESD has determined that ESD will receive benefit from the construction of Edinburg Fire Substation #5 to better serve its residents, and has agreed to assist the CITY and COUNTY; and

WHEREAS, CITY, COUNTY and ESD have agreed to cooperate in the construction of Edinburg Fire Substation #5 as further herein described; and

WHEREAS, CITY, COUNTY and ESD are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Govt. Code §791.001 et seq., which authorizes local governments to contract with each other to perform governmental functions and services under the terms of the Act.

NOW, THEREFORE, CITY, COUNTY and ESD, in consideration of the mutual covenants expressed hereinafter, agree as follows:

1. The CITY agrees to participate in the construction of Edinburg Fire Substation #5 by providing $1,000,000 dollars.

2. COUNTY agrees to participate in the construction of Edinburg Fire Substation #5 by providing $1,000,000 dollars.

3. ESD agrees to participate in the construction of Edinburg fire Substation #5 by providing $500,000 dollars. Such $500,000.00 participation by ESD shall be made in payments of $100,000 dollars per year for five (5) years payable starting on _____, 2015 with the final payment due and payable on _____, 2019.

4. Each party agrees that the City of Edinburg will be responsible for the land acquisition, project management, development design, and project completion.

5. Each party agrees that as a part of the agreement and their financial contribution to the Edinburg Fire Substation #5 project, that:

The City of Edinburg shall have full rights of ownership, use, care, maintenance, direction, and control of the Edinburg Fire Substation #5

The County shall have use of one (1) office for use of public safety and have the opportunity to reserve the classroom area for events suitable from time to time based on availability.

The ESD shall have use of one (1) office to use for ESD and have the opportunity to reserve the use of the classroom area for event suitable from time to time based on availability and shall have the use of two (2) dormitory positions and one (1) bay area (garage) for one (1) ambulance by the contracted 9-1-1 ambulance company from the ESD.

The rules and regulation, use and care, maintenance and protections, shall be established in writing by the City of Edinburg Fire Department and agreed upon by the County and ESD.

6. **Conflict of Applicable Law**: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

7. **No Waiver:** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

8. **Entire Agreement:** This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by District and City, and not otherwise.

9. **TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.**

10. **Notice**. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to City:
City of Edinburg

If to ESD:
Hidalgo County Emergency Service District No. 3
P.O. Box 3489 – 220C S. 12th Street
Edinburg, Texas 78539

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

14. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

15. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. **Assignment.** This Agreement shall not be assignable

17. **Headings.** The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

18. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and as often as may be appropriate.

19. **Authority to Execute.** The execution and performance of this Agreement by District and City have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of District and City in accordance with its terms.

20. **Governmental Purpose.** Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

21. **Commitment of Current Revenues Only**. In the event that, during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. HIDALGO COUNTY UNINCORPORATED SUBDIVISIONS STREET LIGHTS PROGRAM RULES & GUIDELINES

The Commissioners' Court of Hidalgo County (Commissioners' Court) has ordered these Unincorporated Subdivision Street Lights Program Rules & Guidelines (Rules and Guidelines). The Commissioners' Court is initiating this program for the establishment of street lights in these subdivisions for the benefit of landowners, and to improve the safety, security, and wellbeing of county residents living in subdivisions located in unincorporated areas of Hidalgo County characterized by poor infrastructure and higher incidences of crime.

AUTHORITY

Under section 280.003 of the Texas Transportation Code, the commissioners' court of a county that has any of its territory located within 150 miles of an international border may establish street lights along a county road in a subdivision located in an unincorporated area, and Hidalgo County is such a county.

SCOPE

The Commissioners' Court has authority to, by order, to provide for the establishment of streetlights, and may provide for:

- the installation, operation, and maintenance of street lights by the county or another public or private entity with which the county may contract;
- the imposition of a fee on landowners in the subdivision who benefit from the street lights;
- the collection of a fee imposed under this subsection by the county tax assessor-collector;
- any other matter the Commissioners' Court finds necessary to the installation, operation, or maintenance of the street lights.

APPLICATION

A representative of each subdivision must submit the following documentation to the corresponding precinct commissioner's office for the area in which the subdivision is located:

- An application form indicating detailed information about the subdivision.
- A complete census listing signed by at least 75% of all landowners of the subdivision with the following data for each property:
    - Property Owner's Name
    - Property Owner's Mailing Address
    - City, Street and Zip Code
    - Property Description
    - Tax Property ID Number
    - Telephone/Cell Number (if any)
- If it is necessary, the subdivision should also present, along with the census, the appropriate Easement Agreements for placement of all new poles.
- Applications may be picked up at any of the four (4) County Precinct Administrative Offices or downloaded from the county's website at http://www.co.hidalgo.tx.us/.

APPLICATION PERIOD/PENDING APPLICATIONS

Applications will be available beginning January 1st and will be accepted from January 1st through July 1st.

A pending application will remain active for a period of one (1) year from the date on which the application is filed. After one (1) year from this date, a still-pending application must be resubmitted for review. All applications will be evaluated according to the pre-approval factors listed below.

PRE-APPROVAL FACTORS

HIDALGO COUNTY UNINCORPORATED SUBDIVISIONS STREET LIGHTS PROGRAM RULES & GUIDELINES

Each subdivision will be evaluated for participation in the Street Lights Program by the precinct commissioner for the area in which the applying subdivision is located, taking into consideration the following specific factors listed in the completed application:

- street lighting infrastructure;
- drainage system infrastructure;
- roadway conditions;
- residents' delinquent tax history;
- annual budgetary appropriations; and
- law enforcement statistics.

A precinct commissioner in receipt of an application shall provide an update as to the status of the application on or before sixty (60) days following the date of submission.

APPLICATION APPROVAL

Once a precinct commissioner pre-approves an application, the precinct commissioner shall submit the application for the establishment of street lights in the particular subdivision to the Commissioners' Court.

Commissioners' Court approval of an application for the establishment of street lights shall be by Order. Following such an order, the appropriate precinct commissioner shall forward a complete list of all properties and property owners within the given subdivision, along with the corresponding Street Lights Electricity Fee (see below), to the Hidalgo County Tax Assessor-Collector's office.

IMPOSITION OF THE STREET LIGHT ELECTRICITY FEE

Section 280.003 of the Texas Transportation Code authorizes the County to impose a fee (Street Light Electricity Fee) on landowners in a subdivision who benefit from the establishment of the street lights.

The Street Light Electricity Fee imposed shall consist of the estimated total cost of electricity consumed by all the street lights within a given subdivision (as provided by the appropriate electricity provider) divided equally among all property landowners included within the confines of the subdivision, and any additional costs of installation, operation, or maintenance, if applicable, so long as at least 75% of all landowners owners of the subdivision approve any additional cost. Street light service under these Rules and Guidelines shall commence following the January 1st date after the order establishing streetlights in a subdivision is entered.

The Street Light Electricity Fee imposed for each landowner shall be approved by a Commissioner Court Order as determined by the commissioner, and/or staff, of the precinct in which the subdivision is located upon approval of the application, and shall be adjusted annually thereafter.

The Street Light Electricity Fee imposed for each landowner shall include a Hidalgo County Tax Assessor-Collector cost of seven dollars and fifty cents ($7.50) for manual preparation of property tax statements, and a notification letter for each landowner in the subdivision who benefits from the establishment street lights.

The Street Light Electricity Fee imposed annually may be increased when necessary to offset a percentage (not to exceed 25%) of landowners who fail to pay the assessed fee for the previous year.

COLLECTION OF THE STREET LIGHT ELECTRICITY FEE

The County Tax Assessor-Collector shall include the Street Light Electricity Fee in the annual Tax Bill statement for a landowner whose real property is benefited by the streetlights for which the Street Light Electricity Fee is imposed. The tax bill statement must separately state the amount of the Street Light Electricity Fee imposed, and shall be collected in the same manner that the Tax Assessor-Collector collects ad valorem taxes for the County, as authorized under Texas Transportation Code section 280.003.

In the event that payment of the Street Light Electricity Fee becomes delinquent, and/or is in arrears, the Commissioners' Court may obtain a lien against real property benefited by the street lights for which a fee has been imposed to secure payment of said fee. To obtain the lien, the Commissioners' Court must file a notice with the County Clerk that includes:

a) a statement that the fee has been imposed on the landowner and the amount of the fee;
b) a legal description of the property on which the lien is to be attached sufficient to identify the property; and,
c) the name of the landowner, if known.

The lien authorized by this section exists in favor of the County. The lien shall attach to the real property on the date the notice of lien is filed with the County Clerk, and shall be inferior to a mortgage lien recorded with the County Clerk before the date the lien authorized by this program attaches to the property. The County may not foreclose a lien authorized by this section if the lien is the only lien attached to the property.

TERMINATION OF STREET LIGHT SERVICE FOR NON-PAYMENT

Street light service established under the Street Lights Program Rules & Guidelines may be terminated if more than 25% of landowners in a subdivision fail or refuse to pay the imposed Street Light Electricity Fee in any given year.

Before service may be terminated, the County Tax Assessor-Collector's office shall send individual delinquent notices to all landowners within the subdivision advising the potential for termination of service and offering a 60-day period in which the landowners must make individual or collective payment of any uncollected balances. Any collective payments shall not relieve individual property owners of their responsibility to pay the Street Light Electricity Fee; nor shall collective payments prevent the placement of a lien on any property for non-payment of the Street Light Electricity Fee as authorized by Texas Transportation Code section 280.003.

If insufficient funds are collected by the County Tax Assessor-Collector for a subdivision notified of the potential termination within the designated period (60-days), the street light services may[shall] be terminated, and any funds collected shall be applied to any Street Light Fee arrearages.

Reactivation of street lights in a community where service has been terminated for non-payment will require submission of a new application for streetlight service and pre-payment of any arrearages and/or the annual Street Light Electricity Fee.

REAUTHORIZATION OF THE UNINCORPORATED SUBDIVISIONS STREET LIGHTS PROGRAM

After a period of two years has elapsed after adoption and implementation of these Unincorporated Subdivision Street Lights Program Rules & Guidelines, a **public hearing** shall be held in each commissioner's precinct to elicit feedback regarding the experience of rural community residents with respect to the operation and administration of the Street Lights Program Rules & Guidelines. Suggestions, recommended changes, or improvements to the

program may be considered by the Commissioners' Court for the purpose of considering amendments to the Street Lights Program implemented the next fiscal year, or sooner, as determined to be appropriate.

INTERNSHIP POLICY

A. PURPOSE

The purpose of this policy is to establish guidelines to offer experiential learning experiences for students in County offices and departments. This policy applies to student volunteers, interns, and externs.

B. POLICY

Hidalgo County offers volunteer opportunities, internships and externships in an effort to provide students from a wide variety of educational disciplines the opportunity to apply traditional academic classroom learning to actual work experience. The County strongly believes that internships are an important tool in recruiting, developing and retaining innovative people in local government and an important part of assisting the County in meeting the needs of today while preparing the workforce of the future.

Internship opportunities are unpaid. All placements must be approved by Commissioners' Court and approval must include the following items:

1. Job description & responsibilities

2. Placement location & supervisor name

3. Duration of internship

4. Agreement with educational institution (if applicable)

5. Any other relevant information as required by Commissioners' Court

Each participating elected official/department head will be responsible for administering the internship within their office/department and ensuring the policies and guidelines set forth herein are followed.

All interns must comply with the Hidalgo County Personnel Policy Manual and must complete the pre-employment training and enrollment requirements prior to commencing.

C. REQUIREMENTS

All interns must be citizens of the United States, or if not, must be legally authorized to work or study in the United States. Proof of citizenship or authorization will be documented during the training and orientation process. Interns must be 18 years of age or older, and must be enrolled in an institution of higher education. Interns must complete an internship application and agreement, and must meet the pre-employment training and enrollment requirements. Interns must sign a Waiver of Liability Release, agreeing to assume any risk of injury that may occur while rendering services to the County. The internship application, resume, and signed internship agreement will be kept on file by the Human Resources Department.

D. UNPAID INTERNSHIPS

1. Unpaid interns may be accepted on a volunteer basis. Unpaid interns may be appointed or may be selected through the Human Resources Department announcement and selection process. All unpaid internship placements must be approved by Commissioners' Court.

2. Unpaid interns are considered "Volunteers," receive no compensation or benefits, are not covered under worker's compensation, and must sign a Waiver of Liability Release agreement prior to commencing the internship.

3. Hidalgo County may enter into an agreement with an educational institution to provide college credit or required work experience for the internship, as applicable. The units of

credit earned for participating are authorized and conferred by the school of attendance. All agreements with educational institutions must be approved by Commissioners' Court.

4. Interns who are interested in seeking to gain work experience in a specific field or area may choose to independently volunteer as an unpaid intern. In such instances, students may or may not receive credit from the educational institution they attend.

E. TRAINING & ORIENTATION

Prior to beginning an intern assignment all interns will be required to meet the pre-employment training and enrollment requirements.

All interns , will be provided a copy of the Hidalgo County Personnel Policy Manual, must complete the pre-employment training and enrollment requirements prior to commencing, and will sign all relevant forms and acknowledgments , including but not limited to, personnel policy acknowledgement, harassment, nondiscrimination, and waiver of liability release form (as applicable).

The participating elected official/department head will be responsible for orienting interns to the organization.

Orientation should include:

- A list of expectations, job duties and goals;
- Departmental-specific policies and procedures;
- A list of the resources available to the intern (i.e., a workstation that has been set up for the intern, supplies and items needed by the intern); and
- Any other relevant information for the intern to be successful in the performance of their job duties

F. STANDARDS OF CONDUCT

All interns must abide by the standards of conduct as outlined in the Hidalgo County Personnel Policy Manual, and are responsible for complying with the required standards of conduct.

All interns are required to conduct themselves in a professional manner at all times and adhere to the Hidalgo County Personnel Policy Manual when dealing with sensitive matters and confidential information. Interns must maintain professional attire, hygiene and grooming in a professional business-like manner that is appropriate to the field of placement and which reflects positively on the County.

If any policy or standard of conduct is violated by the intern during the internship period, the intern will be terminated at the discretion of the County.

G. EVALUATION

All interns maybe provided with ongoing feedback on how well they are meeting the goals and expectations of their position. If applicable, the participating elected official/department head will be responsible for providing with the necessary feedback.

H. TERMINATION/COMPLETION

All interns are considered at-will placements, and the placement can be terminated at any time at the discretion of the County.

Upon completion of the internship period, interns are not automatically entitled to a paid position within the County.

I. REFERENCE

"Internship Agreement and Waiver of Liability"

INTERNSHIP AGREEMENT AND WAIVER OF LIABILITY

I, _____, agree to participate in an internship with The County of Hidalgo, Texas , as outlined in this agreement. I hereby certify that I am at least 18 years of age at this time, and I am a student at _____.

I hereby agree to comply with all relevant policies, procedures and requirements as outlined in the Hidalgo County Internship Policy and the Personnel Policy Manual I understand that I will not receive compensation for my services provided during the internship period, and that no other benefits will be provided. I understand that my placement and this internship is at-will and that I may be terminated at any time at the discretion of the County.

I hereby voluntarily release, discharge, waive and relinquish any and all action or causes of action for personal injury, property damage, or wrongful death occurring to me as a result of my internship with Hidalgo County. I hereby release, waive, discharge and relinquish any actions or causes of actions aforementioned, which may hereafter arise for me and my estate, and agree that under no circumstances will I prosecute or present any claim for personal injury, property damage or wrongful death against Hidalgo County or any of its agents and employees for any said cause of action, whether the same shall arise by negligence of any said persons, or otherwise. It is my intent by this instrument to exempt and release, indemnify and hold harmless Hidalgo County and any of its employees, its elected or appointed officials, employees and agents for any personal injury, property damage, or wrongful death cause by negligence.

I ACKNOWLEDGE THAT I HAVE READ THE FOREGOING PARAGRAPHS AND HAVE BEEN FULLY AND COMPLETELY ADVISED OF THE POTENTIAL DANGERS INCIDENTAL TO PARTICIPATING IN AN INTERNSHIP AND AM FULLY AWARE OF THE LEGAL CONSEQUENCES OF SIGNING THIS INSTRUMENT.

Dear Ms. Salinas and Ms. Salazar,
Further to the email below and our conversation today, we can confirm that the County is insured for the Full Total Insured Value per the terms and conditions of our proposal and the most recent Statement of Values now on file with our company.

Also, Surplus Lines Carriers are approved and allowed by the Texas Department of Insurance. There is no restriction preventing a Texas County from purchasing insurance from a surplus lines carrier. In fact, practically all large Texas coastal counties and other tax-supported entities maintain insurance coverage with surplus lines underwriters. Texas Counties and other government agencies have placed billions of premium dollars with S/L carriers for many years without incident. For example, the Texas *State Office of Risk Management* has used S/L carriers (Lexington, in particular) to cover numerous state agencies. I am happy to put you in contact with the SORM Executive Director in Austin or the Insurance Director for The City of Houston if necessary.

Additionally, the County has purchased coverage from Surplus Lines carriers in the past. I believe the County's current Liability Insurance carrier (Munich-Princeton) is also a surplus lines underwriter.

Finally, as with any insurance carrier, the Loss Prevention engineers will bring hazardous conditions to your attention and expect a response to their recommendations. Due to the increased loss exposure created by "Vacant" buildings, underwriters require a list of any "Vacant" buildings. Please provide this list in the coming weeks, and please notify use during the policy period when a building becomes vacant.

I hope this information is helpful. Please contact me if you would like to discuss further.
-Joe

Hello Mr Blasi,

Is McGriff, Seibels, & Williams of Texas, Inc. the underwriter/carrier for the coverage options you submitted in response to RFP #2015-101-10-07-YSS.

If not, please advise provide me with the underwriter(s).

Your prompt response is appreciated.

Hi Yvette,
In addition to the email I sent earlier addressing the issues below, here is a just a sampling of the Texas Governments who also use S/L carriers for their Property & Windstorm Insurance:

COUNTIES: Nueces, Harris, Jefferson, Matagorda, Cameron, Galveston, Jefferson
CITIES: Houston, Corpus, Beaumont, Port Arthur, League, Pasadena
STATE: University of Texas, University of Houston, Texas A&M, Texas Department of Transportation

Cc: Roy Quintanilha; sergio Cruz; Yolanda Chapa; Erika Reyna; Valde Guerra; Darlene H. Betancourt; Martha Salazar; Yvette Salinas
Subject: Issues Discussed 11.06.15

Good Afternoon Mr. Blasi,

This will serve to summarize our telephone conference held at approximately 11:25 am this morning. Participants were: Joe R. Blasi, Martha L. Salazar, and Yvette Salinas.

I am providing the issues discussed.

Proposed Non-Admitted/Surplus Lines

The carrier Lexington is a surplus, non-admitted carrier. Does the insurance Code of Texas (Chapter 981.004) allow non admitted carriers ONLY if there is not an admitted company that can offer coverage? Information provided states Joanne Davis at TDI said admitted markets should be used first in this case, she can be reached at: 512-676-6395.

Additional Omitted Carrier Information

Your proposed terms and conditions sheet reflects 10 million of coverage for Lexington. Where is the balance of 281 million in coverage coming from? Will it be a variety of non-admitted markets taking layers up to the full limits?

Elimination of Sub-Properties

Will MS&W be performing a property inspection? If so, and if any properties are categorized as sub-par, will you be asking Hidalgo County to remove such property from coverage?

As discussed Hidalgo County's long range plan is to dispose of vacant properties and has commenced the process of disposition through a broker.

Please provide Hidalgo County with a detailed response (via e-mail) to each of the items herein so as to satisfy any questions and/or concerns our Hidalgo county Commissioners' Court members may have.

Reply as soon as possible but no later than 5:00 pm, Monday, November 9, 2015.

Respectfully,
Yvette Salinas

Hidalgo County RFP Pricing Comparison per Kilowatt Hour

Current Contract 0.13 13 cents as Bundled Price

Proposed Contract 0.03544 Energy ONLY
0.03321 Transmission Distribution
PUC Regulated

Total 0.06865

The County utilizes almost 18 million kilowatt hours per Year.

Current Contract	18,000,000 x .13 cents	=	$ 2,340,000
Proposed Contract	18,000,000 x .06865	=	1,197,000
	Savings		**$ 1,143,000**

Presentation regarding RFP for Electric Supply – Hidalgo County

Presented by:
Robert Pena
Texas Energy Consultants

Hidalgo Co Electric Supply RFP

- The Electric Supply RFP was prepared and 16 packets were distributed on October 19, 2015.
- There were 7 companies that responded with proposed submittal.
- All companies met the pricing & energy requirements per the RFP.
- There were 4 companies that did not meet the qualifications of the Purchasing Cooperative.
- Pricing was very close & competitive amongst the top 5 proposals.

Hidalgo Co Electric Supply RFP

- Proposals were sought for contract periods of 12, 24, 36, & 48 months to allow the County flex term options.
- Pricing options sought were “unbundled prices” which separated energy price, transmission/distribution (TDSP), ancillary and discretionary fees.
- Energy Price ONLY (excludes TDSP costs) ranged from lowest proposer at 0.03366 cents p/kwh to highest proposer at 0.04089 cents p/kwh.
- TDSP pricing as set by Public Utilities Comm doesn’t vary much from the 0.03 to 0.035 cent range.
- ALL contracts submitted were thoroughly reviewed to determine or account for pricing variances, ancillary fees, discretionary fees, & late payment penalties.

GLO Contract No. 08-5120-000-3301

This Agreement is confidential and is exempt from disclosure under the Open Records Act

FIRST AMENDMENT TO ELECTRIC SALES AGREEMENT

THIS FIRST AMENDMENT TO ELECTRIC SALES AGREEMENT (this "**First Amendment**") is entered into as of the **24th day of August, 2010** (the "**Amendment Date**") between **Texas General Land Office** ("**GLO**") and **County of Hidalgo** ("**Customer**") (collectively, the "**Parties**").

GLO and Customer entered into an Electric Sales Agreement dated May 22, 2008 (as same may have been previously modified or amended, the "**Agreement**"). This First Amendment sets forth the Parties' mutual agreement to amend the Agreement as set forth below. Undefined capitalized terms have the meanings assigned to them in the Agreement.

1. **Term**. As of the Amendment Date, the TERM provision set forth on Page 1 of the Agreement is amended by deleting the second sentence and replacing it with the following:

> "The term will commence on the Switch Date, or, if a switch is not required, on the first Meter Read Date on or after **June 1, 2008**, and will expire, unless earlier terminated, on the first Meter Read Date after **November 30, 2015** for each Customer Location ("**Initial Term**")."

2. **Definitions**. As of the Amendment Date, the following will occur with regard to the **Definitions** section contained in the **General Terms and Conditions** of the Agreement: (i) the definition of "**Seller**" is deleted and replaced in its entirety with the following: "**Seller**" shall mean the Texas General Land Office, acting through its representative, Reliant Energy Retail Services, LLC, a Delaware limited liability company ("**Reliant**") and is sometimes referred to herein as "we" "us" and "our", (ii) the reference to "Solutions" in the definition of "**Default Service**" is deleted and replaced with "Reliant", (iii) the following definitions are deleted: "**Password**", "**Transition Charge**", "**Transition Term**", and "**Site**" and (iv) the following definitions are added:

> "**Law**" means any law, statute, regulation, rule, ERCOT protocol, exchange rule, decision, writ, order, decree, or judgment, or any interpretation thereof by any court, agency, or instrumentality having jurisdiction, including ERCOT.
>
> "**Meter Read Date**" means the actual meter read date that corresponds to the TDSP's regularly scheduled meter read date, as ascertained from the meter reading schedule published on the TDSP's website.
>
> "**Site**" means the Texas General Land Office website on the Internet, http://www.glo.state.tx.us/energy/spp/index.html.

3. **Assignment**. As of the Amendment Date, the **Assignment to Solutions** provision is deleted and replaced in its entirety with the following:

> "**Assignment to Reliant:** Notwithstanding anything to the contrary in this Agreement, if, subsequent to the date of this Agreement, Seller (1) is prohibited by law from selling electricity to Customer, or (2) is in Default under this Agreement, Seller, Customer and Reliant agree that Reliant will sell electricity directly to Customer at the same Contract Price and upon the terms and conditions contained herein, for the remainder of the Term of this Agreement. In this event, Customer shall have incurred no actual damages."

4. As of the Amendment Date, the following provision is added after the **Assignment to Reliant** provision in the **General Terms and Conditions**:

"**Change in Law:** If a Party or its activities related to this Agreement are affected by any Law enacted after the Effective Date ("**Change in Law**") that makes performance of this Agreement unenforceable or illegal, then either Party, without any payment obligation or other liability (other than payment for Energy received and performance of other transactions or other obligations incurred before termination), may terminate this Agreement without consent of, and upon Notice to, the other Party, upon the earlier of 60 days prior Notice or other prior Notice effective on the date the Change in Law becomes effective; provided that Seller will exercise this termination right only if it is unable, after commercially reasonable efforts, to effect an assignment of this Agreement to Reliant pursuant to the immediately preceding paragraph before the Change in Law becomes effective. If a Change in Law occurs relating to the wholesale or retail electricity market in ERCOT resulting in new or modified fees, costs of performance, or other charges being incurred by Seller and other ERCOT market participants, including taxes, fees, charges, impositions, assessments, or restrictions or allowance requirement(s) related to carbon emissions from electric generation in ERCOT ("**Emissions Charges**"), then to the extent incurred by Seller, all of the incremental amounts, including Emissions Charges, may be reasonably allocated and billed to Customer as an authorized charge or adjustment to the Contract Price."

5. **Customer Locations.** As of the Amendment Date, **Appendix A** of the Agreement is deleted and replaced with the attached **Appendix A.**

6. **Appendix B/Contract Charge.** As of the first Meter Read Date on or after **September 1, 2010, Appendix B** is deleted and replaced with the attached **Appendix B.**

All Appendices attached hereto are incorporated herein for all purposes.

Except as specifically amended and provided herein, the terms and conditions of the Agreement shall remain in full force and effect as written and the law governing the Agreement shall govern this First Amendment.

IN WITNESS WHEREOF, the Parties, by their respective duly authorized representatives, execute, ratify and confirm this First Amendment as of the Amendment Date.

THE PERSON SIGNING THIS AGREEMENT ON YOUR BEHALF OF THE CUSTOMER CERTIFIES THAT HE OR SHE IS AUTHORIZED TO LEGALLY OBLIGATE THE CUSTOMER.

APPENDIX B
Contract Charge

Model 20 – Fixed Price – Bundled

SELLER INVOICE

Seller shall invoice each of Customer Locations on a monthly basis. Invoices shall consist of the following components:

1. Contract Charge; plus
2. Discretionary Service Fees (if any); plus
3. Competition Charges (whether positive or negative); and
4. Other charges expressly authorized in this Agreement.

The **"Contract Charge"** is the amount in $US, determined by calculating the product of the Actual Consumption at the Customer Location and the Contract Price.

The **"Contract Price"** equals **$0.11678** per kWh consumed at the Customer Location(s) and includes energy charges, Transmission and Distribution Charges, Ancillary Charges, ISO fees, Nodal Transition Charges, and congestion management fees; provided, during the Delivery Term GLO may reflect, collect or rebate any changes (increases or decreases) or any new or hereafter imposed Transmission and Distribution Charges that have been authorized and implemented after the Effective Date, by making adjustments to the Contract Price per kWh or adding separate line item charges to Invoice with such adjustments or line item charges to take effect prospectively as of the next meter read date following the date of adjustment. The Contract Price does not include (a) Discretionary Service Fees, Competition Charges, and other authorized charges and (b) any additional costs or charges imposed on or associated with the delivery of the Actual Consumption to the extent that such additional costs or charges would not have been incurred but for Customer's breach of this Agreement.

The Parties agree that the numeric Contract Price stated above is based upon the following factors: (i) the Contract Price in effect prior to the change of such Contract Price, being **$0.126337** per kWh as set forth in the Agreement, applied to the remaining Benchmark Quantities during the Initial Term in effect prior to the extension (the **"Prior Initial Term"**), together with applicable charges or credits, and (ii) a price per kWh applied to Benchmark Quantities in effect during the period commencing as of the expiration of the Prior Initial Term through the Term of this First Amendment.

Customer will promptly notify Seller of any event or circumstance that is likely to cause a significant change to the load at any Customer Location(s) (a **"Notice of Load Change"**), including Customer's plans for new construction, facility replacement or equipment modification, planned closures, applications for new construction permits, or new environmental limits.

In the event of a Material Change or the receipt by Seller of a Notice of Load Change, Seller and Customer may enter into good faith negotiations to amend the Benchmark Quantity and Contract Price. If the Parties are unable to agree within 60 days after the occurrence or determination of an event of Material Change or the receipt by Seller of a Notice of Load Change, the matter shall be submitted for Dispute Resolution in accordance with the terms and procedures set forth in this Agreement.

ADDITIONAL CAPITALIZED TERMS

"Actual Consumption" means the Energy measured or reported by the TDSP or estimated by Seller for the Customer Location for a month for scalar meters and for each hour for IDR meters.

"Ancillary Charges" means, for each Customer Location, all charges assessed by ERCOT for services necessary to maintain reliable operation of the transmission system in order to support the transmission of Energy from the source of generation to the points of demand.

"Competition Charges" means, for each Customer Location, any or all of the following charges: competition transition charges; transition charges as defined in the PURA; excess mitigation credits; and/or substantially similar charges associated with, or resulting from, the opening of the electric market in the State of Texas to REPs, including the recovery of stranded costs as defined by the PURA and increases in transmission and distribution rates charged by the TDSP that result from, or are otherwise attributable to, the redirection of depreciation expenses.

"Discretionary Service Fees" means all non-routine deposits, connection fees, metering charges, installation costs for equipment to maintain a Power Factor of not less than 95% lagging at each Customer Location meter, assessments by the TDSP in respect of any Power Factor at any Customer Location meter, or any similar amounts that are assessed by and payable to the TDSP related to the purchase and installation of meters and associated equipment and the Customer's use of such equipment to establish or maintain electric service at a Customer Location or to maintain TDSP system requirements, or other charges for equipment or services requested by Customer or required by the TDSP.

"Material Change" means (a) for any two consecutive months Customer's metered consumption for each month is less than 75% of the Benchmark Quantity or is greater than 125% of the Benchmark Quantity, or (b) additionally, but not in lieu of (a), Customer's metered consumption for the first 12 months of the Term is less than 85% of the sum of the first 12 Benchmark Quantities or greater than 115% of the sum of the first 12 Benchmark Quantities.

"Nodal Transition Charge" means a charge implemented with the Texas Nodal Market based on the difference(s) between the Day Ahead Settlement Point Price(s) determined by ERCOT for the Hub(s) and the Day Ahead Settlement Point Price(s) determined by ERCOT for the Load Zones associated with the Customer Location(s) for Actual Consumption not priced at Settlement Point Price(s) at the Load Zone(s); provided that if the Day Ahead Settlement Point Price(s) are not published by ERCOT or are otherwise unavailable, then for the period(s) for which Day Ahead Settlement Point Price(s) are not available, this charge will be based on difference(s) between the Real Time Settlement Point Price(s) determined by ERCOT for the Hub(s) and the Real Time Settlement Point Price(s) determined by ERCOT for the Load Zones associated with the Customer Location(s) for Actual Consumption not priced at Settlement Point Price(s) at the Load Zone(s). As used herein, the terms **"Hub"**, **"Day-Ahead"**, **"Real Time"**, **"Settlement Point Price"** and **"Load Zone"** have the meanings set forth in the Texas Nodal Protocols approved by PUCT, as of October 1, 2006, as amended.

"Power Factor" means the ratio of kW to kilovolt amperes expressed as a percentage, calculated by dividing kW by kilovolt amperes.

"Transmission and Distribution Charges" means, for each Customer Location, all transmission and distribution charges and other cost recovery charges and fees outlined in the TDSP's tariff and billed to Reliant for TDSP's services to deliver Energy to the applicable Customer Location; provided, such charges and fees will not include any Competition Charges.

CUSTOMER'S ACKNOWLEDGMENT

Customer acknowledges that Seller's representatives are in the business of buying and selling power within the ERCOT market for each of their own accounts and that this participation may affect the calculation of Real-Time Settlement Point Prices. Notwithstanding the foregoing, Customer agrees to pay the amounts provided for in this Agreement that may be based upon Real-Time Settlement Point Prices, as promulgated by ERCOT. Subject to the right of Customer to dispute a Seller Invoice as set forth in the Agreement, Customer will not withhold payment for any reason, including, investigatory activities undertaken by ERCOT or PUCT, based on Seller's representatives' participation in the market and its effect on Real-Time Settlement Point Prices. Nothing in this Agreement restricts Seller or any of Seller's representatives from participating in ERCOT market activities that may affect Real-Time Settlement Point Prices.

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

b. Approval of appropriation of funds from new source of General Fund revenue to the Co. Wide Adm - Contingency account in the amount of $1,123,260.66.

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

24. Purchasing Department - Marty Salazar: (Exhibit CC)

Notes:

A. FOR ANY CONTRACT(S) AWARDED AND APPROVED UNDER THIS AGENDA, EXECUTED COPIES OF THE CONTRACT(S) WILL BE AVAILABLE ON THE COUNTY INTRA-NET WEBSITE AND WILL BE FOWARDED VIA E-MAIL, FAX OR HAND DELIVERED TO HIDALGO COUNTY AUDITOR'S OFFICE.

B. ANY AND ALL REQUESTS FOR PAYMENT(S) APPROVED WILL BE SUBJECT TO COUNTY AUDITORS PROCESSING PROCEDURES INCLUDING AUTHORITY FOR COUNTY TREASURER TO ISSUE PAYMENT(S)/CHECK(S).

A. Hidalgo County

1. Current inter-local(s) and/or contract(s) for the "Housing of Inmates"

2. Presentation for discussion, consideration and action

Including, but not limited to, the following items in connection with New Adult Detention Center:

a) Detention Facility Law Enforcement Center Design- Build Contract with including action regarding Landmark Application for payment, final punch list and release of retainage

b) Construction of additional pod(s)

c) Selection and engagement of an architect for the construction of additional pods

3. Presentation for discussion, consideration and action (if necessary) including, but not limited to the following:

a) Renovations of administration building

b) Other ongoing county owned building construction, renovation repair projects

c) Emergency situations occurring since last agenda meeting

NO ACTION taken on items 24.A.1, 2 and 3.a, b, & c.

4. AI-22474 Requesting approval to declare as "surplus numerous items and vehicles (County-owned and/or Seized) for the purpose of disposition through auction as set forth through Texas Local Government Code 26.152.(a)(1) and as further detailed on the Exhibit attached hereto.

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

5. AI-22606 Acceptance and approval to modify and extend current Agreement for the provision of electric power between Hidalgo County and Reliant Energy reflecting:

a. Modification to a Blend and Extend indicative pricing with Reliant from 12.634 cents per kwh to 11.678 cents per kwh; and,

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

b. Extend current agreement from 5-31-13 to new expiration date of 2015.

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval to extend the contract to the new date of November 30, 2015.

6. **AI-22605 Correction and clarification to AI-#19873/Item 21.A.6. approved by CC on 2-16-10 to reflect the following in connection with an upgrade to the existing "Library Solution" System with The Library Corporation (as procured in 2007 by the Brownsville Public Library for participating members including the Hidalgo County Library System);**

a. Requesting exemption from competitive bidding requirements, Texas Local Government Code, 262.024 (a)(7)- 'an item that can be obtained from only one source';

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

b. Approval of a "Sole Source Declaration" with The Library Corporation including the purchase of an upgrade to the existing "Library Solution" System in an amount not to exceed $97,511.00 for initial year and second (2nd) year costs in the amount of $27,317.00;

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

c. Approval for option to purchase one component of the automation system approved above (60-001T) in the amount of $27,000.00 through the original AI-#19873 as approved on 2-16-10 (i.e. GSA)

On motion of Commissioner Cuellar, seconded by Commissioner Palacios, the Court made a UNANIMOUS vote of approval.

7. **AI-22606 Acceptance and approval to modify and extend current Agreement for the provision of electric power between Hidalgo County and Reliant Energy reflecting:**

a. Modification to a Blend and Extend indicative pricing with Reliant from 12.634 cents per kwh to 11.678 cents per kwh; and,

b. Extend current agreement from 5-31-13 to new expiration date of 2015.

NO ACTION taken on this items 24.A.7.a & b.

8. **AI-22601 Ratification of Right of Entry Agreement between Hidalgo County and Federal Emergency Management Agency in connection with Hurricane ALEX Public Assistance Services.**

On motion of Commissioner Palacios, seconded by Commissioner Cuellar, the Court made a UNANIMOUS vote of approval.

9. **AI-22540 a. Authority to advertise and approval of procurement packet (i.e. Exhibit Request for Proposals, Legal Notice, "Exhibit A" Requirements, Exhibit "B" Selection Criteria) as attached**

release of retainage

Information

CAPTION

Acceptance and approval to modify and extend current Agreement for the provision of electric power between Hidalgo County and Reliant Energy reflecting:
a. Modification to a Blend and Extend indicative pricing with Reliant from 12.634 cents per kwh to 11.678 cents per kwh; and,
b. Extend current agreement from 5-31-13 to new expiration date of 2015.

BACKGROUND

Fiscal Impact

FISCAL YEAR: **ACCT. #:**
FUNDS AVAILABLE Y/N?: **MATCHING FUNDS Y/N?:**

BUDGETARY IMPACT:

Currently this expenditure is budgeted under fiscal year 2010, however there appears a net decrease may be realized inasmuch as cost per kwh is being reduced by nearly $.01 per kwh.
No budgetary impact, would result in decrease in energy costs countywide.

The Electric Sales Agreement, the General Terms And Conditions and all attachments thereof constitute the entire "Agreement" between the parties with respect to the subject matter covered therein and supersedes all prior communications, representations or agreements, verbal or written. No party has made any representations or promised to do any act not contained in this Agreement. Except as expressly provided for herein, this Agreement cannot be modified or amended except in writing signed by both parties.

When used with initial capitalization, whether in the singular or the plural, such capitalized terms used in the Agreement will have the meanings set forth in the Electric Sales Agreement, General Terms and Conditions or attachments thereto.

CUSTOMER LOCATIONS: Customer Locations served pursuant to this Agreement are set out on Appendix A, attached hereto.

POWER SALES: Customer agrees to purchase and Seller agrees to sell all of Customer's electricity requirements for the Customer Locations during the Term stated below.

TERM: This Agreement will not be effective until the date it is signed by the Texas Land Commissioner or his designee (the "**Effective Date**"). The term will commence on the Switch Date, or, if a switch is not required, on the first meter read on or after **June 01, 2008**, and will expire, unless earlier terminated, on the first meter read date after **May 31, 2013** for each Customer Location ("**Initial Term**"). The Parties agree and acknowledge that the Term may commence prior to the Effective Date and in that event will have the same effect as if it commenced after the Effective Date. This Agreement may be terminated at any time prior to expiration of the Term in the circumstances specified in, and subject to the terms and conditions in the Default and State Funding provisions of the General Terms and Conditions. If any Customer Location(s) have not been switched to a new REP at the end of the Initial Term, then Seller may continue to sell Energy to Customer for the Customer Locations, in accordance with this Agreement, and this Agreement will continue in effect for successive one month terms (collectively, the "**Transition Term**") until all Customer Location(s) are switched to a new REP. The Initial Term and the Transition Term are collectively the "**Term**." The Contract Charge for each month of the Transition Term (the "**Transition Charge**"), together with any new product terms, will be posted on the Site. It is the Customer's responsibility to access the Site for each Transition Charge and no other notice will be provided. At any time after the end of the Initial Term, if allowed by Law, Seller may terminate the Agreement by transferring any remaining Customer Location(s) to the POLR or the appropriate REP.

CONTRACT CHARGE: For all power deliveries under this contract during the Term, Customer agrees to pay Seller the Contract Charge described in **Appendix B**.

This Agreement is confidential and is exempt from disclosure under the Open Records Act

THE PERSON SIGNING THIS AGREEMENT ON BEHALF OF THE CUSTOMER CERTIFIES THAT HE OR SHE IS AUTHORIZED TO LEGALLY OBLIGATE THE CUSTOMER.

GENERAL TERMS AND CONDITIONS FOR

TEXAS GENERAL LAND OFFICE ELECTRIC SALES AGREEMENT

Definitions:

"**Benchmark Quantity**" means Customer's expected monthly kWh electricity consumption for the Term. Customer's expected consumption may be set out on **Appendix A**. If Customer's expected consumption is not set out on **Appendix A**, Benchmark Quantity will be determined by reference to the 12 months of electricity consumption at all Customer Locations before the Effective Date, or for new facilities, information from Customer and electricity consumption of comparable facilities, each as may be adjusted in accordance with this Agreement.

"**Costs**" means, with respect to a Party, brokerage fees, commissions and other similar transaction costs and expenses reasonably incurred by such Party either in terminating any arrangement pursuant to which it has hedged its obligations or entering into new arrangements which replace this Agreement and attorneys' fees, if any, incurred in connection with enforcing its rights under this Agreement.

"**Default Service**" means the bundled electric service provided by POLR to Customer if Customer fails to obtain energy from a REP, including Solutions.

"**Electric Sales Agreement**" means the Electric Sales Agreement component of this Agreement.

"**ERCOT**" means the Electric Reliability Council of Texas.

"**Force Majeure**" means any event or circumstance which, in the exercise of due diligence, is beyond the reasonable control of the Party claiming excuse, and which partially or entirely prevents that Party's performance of its obligations, and includes acts of God; strikes, lockouts or other industrial disturbances or labor disputes; acts of public enemy, terrorism, wars, blockades, insurrections, civil disturbances and riots, and epidemics; landslides, lightning, earthquakes, fires, storms, hurricanes and threats of hurricanes, floods and washouts; arrests, orders, requests, directives, restraints and requirements of the government and governmental agencies, either federal or state, civil and military (but excluding, with respect to obligations of Seller, any such directive, restraint or requirement imposed by Seller); failure of necessary transmission or distribution facilities that prevents the delivery of electricity hereunder; failure of the TDSP to deliver electricity, demonstrable outages of computer control equipment and/or databases and telecommunication equipment necessary for transmission or receipt of electronic control signals but only to the extent such outage prevents the delivery of electricity; reductions or interruptions in service as a result of emergency conditions which are necessary to protect generating or transmission facilities or the reliability of transmission facilities, and other causes of a similar nature not reasonably within the control of the Party claiming suspension.

"**kilowatt hour**" (kWh) means one thousand watts of electric energy or electricity used in one hour.

"**Losses**" means, with respect to a Party, an amount equal to the present value of the economic loss (exclusive of Costs), if any, to such Party resulting from the termination of this Agreement determined as provided in clauses (b) and (c) of "Remedies Upon an Event of Default" in the General Terms and Conditions.

"**Party**" means either Seller or Customer.

"**Parties**" means Seller and Customer.

"**Password**" means collectively the login name and password provided to Customer at the email address set forth the Agreement that is to be used by Customer for each login to the Site.

This Agreement is confidential and is exempt from disclosure under the Open Records Act

"POLR" or **"Provider of Last Resort"** means any Retail Electric Provider designated under PURA that are required to offer electricity to any requesting customer in its territory

"PUC" means the Public Utility Commission of Texas.

"PUC Tariff" means the tariff for the TDSP filed pursuant to PUC Subst. Rules Sect. 25.431 and approved by the PUC on May 18, 2001 or a successor tariff thereto.

"PURA" means the Texas Public Utility Regulatory Act, as amended.

"REP" or **"Retail Electric Provider"** means a seller of electricity that is permitted to lawfully sell and schedule delivery, or cause to be scheduled for delivery, of electricity to electric customers located in the State of Texas under PURA after the Choice Date.

"Seller" shall mean the Texas General Land Office, acting through its representative, Reliant Energy Retail Services, LLC, a Delaware limited liability company, d/b/a Reliant Energy Solutions ("Solutions") and is sometimes referred to herein as "we" "us" and "our."

"Site" means the Texas General Land Office website on the World Wide Web portion of the Internet.

"Switch Date" means the date that all actions have been taken by the TDSP, and/or ERCOT for Seller to sell and schedule delivery, or cause delivery to be scheduled, of Energy to Customer with respect to each Customer Location and for Customer to purchase and receive, or cause to be received, such Energy from Seller for such Customer Locations, including, fully switching Customer to Seller by ERCOT.

"Transition Charge" means the Contract Charge applicable during the Transition Term.

"Transition Term" means the collective successive one-month terms of the Agreement beginning the day after the expiration of the Initial Term and ending on the date all Customer Location(s) are switched to a new REP.

"Transmission and Distribution Service Provider" or "TDSP" means the entities and any successors thereto transmitting or distributing Energy on behalf of Seller or Customer to a Customer Location, including, transmission and distribution utilities, municipally owned utilities, and electric cooperatives whose distribution systems are currently interconnected with Customer Locations.

Scope: Subject to the provisions of this Agreement and any applicable PUC Tariffs, we agree to sell and you agree to purchase your electricity requirements for the Customer Locations during the term of this Agreement. You hereby authorize Seller to (i) obtain your electricity usage data, payment and credit history from TDSP, (ii) make nominations to enable us to deliver your electricity, (iii) execute required documents on your behalf necessary to commence service under this Agreement and (iv) perform such other tasks as are necessary to provide your electricity pursuant to this Agreement.

Payment: Seller agrees to directly bill Customer on a monthly basis for its electric service in accordance with the Agreement, utilizing the TDSP's billing cycle. As soon as practicable after the end of each billing cycle, Seller agrees to render to Customer a statement setting forth the total number of kWh (rounded to the nearest whole kWh) delivered to Customer during the most recently completed billing cycle.

All payments are governed by Chapter 2251 of the Texas Government Code.

If Customer, in good faith, disputes any amount on any statement, Customer will pay to Seller the greater of (a) the undisputed amount, and (b) the amount of the prior month's statement, which latter amount may not exceed the total amount of the current disputed invoice. Seller promptly will provide supporting documentation and such other information as Customer may reasonably request for purposes of verifying the disputed amount. Any disputed and withheld amounts, if determined to have been billed properly, will be paid by Customer to Seller promptly together with interest from the original due date at the rate of one percent per month. Any amounts improperly billed and

This Agreement is confidential and is exempt from disclosure under the Open Records Act

collected from Customer will be credited to Customer against its next bill, together with interest at the rate of one percent per month.

Metering: Metering of electricity consumed by Customer must be performed by the TDSP pursuant to the TDSP's Tariff.

Contract Performance; Representations: Except for the payment of money due hereunder, the Parties' performance of their respective obligations in this Agreement will be excused for Force Majeure events that prevent such Party's performance. The Party experiencing difficulty due to a Force Majeure event must promptly notify the other Party, attempt to cure the Force Majeure event with all due diligence and exercise reasonable efforts to mitigate or limit the adverse effects of such Force Majeure event.

You represent that all information supplied to us is correct and that you are (i) validly existing, (ii) financially able to continue in business, (iii) unaware of any situation which would alter your financial abilities and have not filed, planned to file or have had filed any bankruptcy proceeding and (iv) authorized to enter into this Agreement.

Any portion of this Agreement that may be deemed to be unenforceable or illegal will not affect the enforceability or legality of the remaining terms and conditions.

Seller represents that the electricity being sold to you will have been delivered to the TDSP in accordance with applicable law. **The foregoing is in lieu of all warranties, expressed or implied, in fact or by law with respect to the electricity delivered hereunder, including but not limited to any warranty as to the merchantability of the electricity or the fitness of the electricity for any particular use or purpose.**

THIS DOCUMENT REPRESENTS THE ENTIRE AGREEMENT BETWEEN THE PARTIES. THIS AGREEMENT MUST BE CONSTRUED AND INTERPRETED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS EXCLUDING ANY CONFLICT OF LAW RULES THAT WOULD REQUIRE REFERENCE TO THE LAWS OF ANOTHER JURISDICTION. VENUE OF ANY SUIT BROUGHT FOR BREACH OF THIS AGREEMENT IS FIXED IN ANY COURT OF COMPETENT JURISDICTION IN TRAVIS COUNTY, TEXAS; PROVIDED, HOWEVER, THE FOREGOING MAY NOT BE CONSTRUED AS A WAIVER OF SOVEREIGN IMMUNITY BY SELLER.

Liabilities: Seller acknowledges the importance to Customer of a consistent supply of electricity to its Customer Locations, and Seller will employ all resources reasonably available to it on a commercial basis to provide a consistent supply of electricity, subject to the other terms and conditions of this Agreement. Notwithstanding, Customer acknowledges that Seller exercises no independent control over TDSP's Facilities necessary for delivery of electricity, and Customer recognizes that Seller will have no liability or responsibility for service interruptions, fluctuations, termination or deterioration in the generation of electricity or its transmission or deterioration of service caused by any factor beyond Seller's control, including but not limited to failure of the TDSP's transmission and/or distribution system that delivers electricity to Customer.

LIABILITIES NOT EXCUSED BY REASON OF FORCE MAJEURE OR OTHERWISE WILL BE LIMITED TO DIRECT ACTUAL DAMAGES. NEITHER PARTY WILL BE LIABLE TO THE OTHER FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY NOR INDIRECT DAMAGES. THERE ARE NO THIRD PARTY BENEFICIARIES TO THIS AGREEMENT.

Credit: This Agreement is subject to credit approval by us throughout the Term. You agree to cooperate with us in establishing your creditworthiness, including the disclosure of your billing and payment history with your TDSP.

Default: A "Default" has occurred if: (i) either Seller or Customer fails to perform any material term or condition of this Agreement, provided that such failure is not caused by a Force Majeure event or cured within 30 days of written notice by the other Party or within another period as may be mutually agreed upon by Seller and Customer, or (ii) Customer voluntarily or involuntarily becomes bankrupt or is forced into bankruptcy.

Remedies Upon an Event of Default: (a) In the event of default under this Agreement by Seller or Customer, the other Party may (i) terminate this Agreement ("Termination"), (ii) suspend performance and, to the extent allowed

APPENDIX B
Contract Charge

Total Power 3.0 – Model 20 Bundled – Fixed Price

SELLER INVOICE

Seller shall invoice each of Customer Locations on a monthly basis. Invoices shall consist of the following components:

1. Contract Charge; plus
2. Discretionary Service Fees (if any); plus
3. Competition Charges (whether positive or negative); and
4. Other charges expressly authorized in this Agreement.

The "**Contract Charge**" is the amount in $US, determined by calculating the product of the Actual Consumption at the Customer Location and the Contract Price.

The "**Contract Price**" equals **$0.12548** per kWh consumed at the Customer Location(s) and includes energy charges, Nodal Transition Charges, Transmission and Distribution Charges, Ancillary Charges, ISO fees, and congestion management fees; provided, during the Delivery Term GLO may make adjustments (increases or decreases) to the Contract Price per kWh to reflect any changes in Transmission and Distribution Charges that have been authorized and implemented after the Effective Date, with such adjustments to be made no more than one time per calendar year with respect to each TDSP serving Customer Locations and to take effect prospectively as of the next meter read date following the date of adjustment. The Contract Price does not include (a) Discretionary Service Fees, Competition Charges, and other authorized charges and (b) any additional costs or charges imposed on or associated with the delivery of the Actual Consumption to the extent that such additional costs or charges would not have been incurred but for Customer's breach of this Agreement.

Customer will promptly notify Seller of any event or circumstance that is likely to cause a significant change to the load at any Customer Location(s) (a "**Notice of Load Change**"), including Customer's plans for new construction, facility replacement or equipment modification, planned closures, applications for new construction permits, or new environmental limits.

In the event of a Material Change or the receipt by Seller of a Notice of Load Change, Seller and Customer may enter into good faith negotiations to amend the Benchmark Quantity and Contract Price. If the Parties are unable to agree within 60 days after the occurrence or determination of an event of Material Change or the receipt by Seller of a Notice of Load Change, the matter shall be submitted for Dispute Resolution in accordance with the terms and procedures set forth in this Agreement.

ADDITIONAL CAPITALIZED TERMS

"**Actual Consumption**" means the Energy measured or reported by the TDSP or estimated by Seller for the Customer Location for a month for scalar meters and for each hour for IDR meters.

"**Ancillary Charges**" means, for each Customer Location, all charges assessed by ERCOT for services necessary to maintain reliable operation of the transmission system in order to support the transmission of Energy from the source of generation to the points of demand.

"**Competition Charges**" means, for each Customer Location, any or all of the following charges: competition transition charges; transition charges as defined in the PURA; excess mitigation credits; and/or substantially similar charges associated with, or resulting from, the opening of the electric market in the State of Texas to REPs, including the recovery of stranded costs as defined by the PURA and increases in transmission and distribution rates charged by the TDSP that result from, or are otherwise attributable to, the redirection of depreciation expenses.

"**Discretionary Service Fees**" means all non-routine deposits, connection fees, metering charges, installation costs for equipment to maintain a Power Factor of not less than 95% lagging at each Customer Location meter, assessments by the TDSP in respect of any Power Factor at any Customer Location meter, or any similar amounts that are assessed by and payable to the TDSP related to the purchase and installation of meters and associated equipment and the Customer's use of such equipment to establish or maintain electric service at a Customer Location or to maintain TDSP system requirements, or other charges for equipment or services requested by Customer or required by the TDSP.

"**Material Change**" means any events, plans or circumstances that cause a significant change for two consecutive months or more to Customer's actual consumption as compared to Benchmark Quantities.

"**Nodal Transition Charge**" means a charge implemented with the Texas Nodal Market based on the difference(s) between the Day-Ahead Settlement Point Price(s) determined by ERCOT for the Hub(s) and the Day-Ahead Settlement Point Price(s) determined by ERCOT for the Load Zones associated with the Customer Location(s) for Actual Consumption not priced at Settlement Point Price(s) at the Load Zone(s). As used herein, the terms "**Hub**", "**Day-Ahead**", "**Settlement Point Price**" and "**Load Zone**" have the meanings set forth in the Texas Nodal Protocols approved by PUCT, as of October 1, 2006, as amended.

"**Power Factor**" means the ratio of kW to kilovolt amperes expressed as a percentage, calculated by dividing kW by kilovolt amperes.

"**Transmission and Distribution Charges**" means, for each Customer Location, all transmission and distribution charges and other cost recovery charges and fees outlined in the TDSP's tariff and billed to Solutions for TDSP's services to deliver Energy to the applicable Customer Location; provided, such charges and fees will not include any Competition Charges.

CUSTOMER'S ACKNOWLEDGMENT

Customer acknowledges that Seller's representatives are in the business of buying and selling power within the ERCOT market for each of their own accounts and that this participation may affect the calculation of Real-Time Settlement Point Prices. Notwithstanding the foregoing, Customer agrees to pay the amounts provided for in this Agreement that may be based upon Real-Time Settlement Point Prices, as promulgated by ERCOT. Subject to the right of Customer to dispute a Seller Invoice as set forth in the Agreement, Customer will not withhold payment for any reason, including, investigatory activities undertaken by ERCOT or PUCT, based on Seller's representatives' participation in the market and its effect on Real-Time Settlement Point Prices. Nothing in this Agreement restricts Seller or any of Seller's representatives from participating in ERCOT market activities that may affect Real-Time Settlement Point Prices.

2. **Approval to accept a check from Voter Consumer Research, Inc. A premier public opinion survey research and data collection company in the amount of $250.00 dated 04/10/08.**

On motion of Commissioner Palacios, seconded by Commissioner Flores, the Court made a UNANIMOUS vote of approval.

3. **Electric Energy Provider Option I:**
A. Presentation by Ruben de los Santos with Reliant Energy (Hidalgo County's current contracted energy provider through the County's participation in the State of Texas
General Land Office's Power Program) for discussion, consideration and action to enter into a multiple months agreement before the expiration of the current contract on 5-31-08.

Presentation made by Ruben de los Santos.

B. Approval of participation with and through the State of Texas General Land Office's
Power Program's awarded vendor (Reliant Energy) for the contract of an electric energy provider with designation and authorization for County Judge, Commissioner or
Executive Officer to approve and accept pricing and a term of up to sixty (60) months if market conditions present an opportunity to do so with the CC setting the parameter
against the County's current pricing;

On motion of Commissioner Flores, seconded by Commissioner Palacios, the Court made a UNANIMOUS vote of approval for 60 months without Headstart.

C. Approval of an Electric Sales Agreement through the State of Texas General Land Office Power Programs's awarded vendor, Reliant Energy for a term of _____months at a rate of $_____, plus additional charges of $_____

NO ACTION taken on this item.

Option II:
A. Presentation by Donald Lee, Executive Director of (Conference of Urban Counties) and Public Power Pool of an indicative pricing proposal from CUC's aggregation project-P3 for the provision of electric power for Hidalgo County:

Presentation made by Donald Lee.

B. Approval to proceed to enter into an Interlocal Agreement between Hidalgo County and CUC's aggregation project Public Power Pool for the provision of electric power including, but not limited to the provisions detailed in the attached documentation on membership requirements.

NO ACTION taken on this item.

RE: Electric Sales Agreement (the "Agreement") and if applicable the Energy Transaction Confirmation (the "Energy Transaction") between **Reliant Energy Retail Services, LLC or Reliant Energy Northeast, LLC** ("Reliant"), d/b/a Reliant Energy Solutions and **County of Hidalgo** ("Customer") (Agreement # **1-8JEWD**)

Dear Valued Customer:

We at Reliant value your business and want to ensure that you have all of the necessary information to make an informed decision about your future electricity supply. This letter is being sent to advise you that the initial term of the Agreement/Energy Transaction is set to expire on the first meter read date following **11/30/15** (the "Term Date") and, absent termination in accordance with the Agreement by either party, the Agreement/Energy Transaction will renew automatically for one-month terms under its provisions, subject to the terms set forth herein. If the Agreement/Energy Transaction renews, Reliant will continue to provide uninterrupted electric service based upon the general provisions of the Agreement, subject to the Transition Charge described below.

The Transition Charge will remain in effect until you enter into a new term agreement with Reliant or terminate the Agreement/Energy Transaction and successfully switch your electric service to another provider. By accepting electric service from Reliant after the Term Date, you agree to continue to be bound by all of the provisions contained in the Agreement, subject to the Transition Charge.

Reliant will post a new monthly Contract Charge and new product terms for the renewal periods (collectively, the "Transition Charge") on the Site described below. The Transition Charge will govern all electricity supplied to the Customer Location(s) covered by the Agreement/Energy Transaction after the Term Date. Reliant will provide an interface on Reliant's Energy Commander® web site at http://www.energycommander.com (the "Site") on which you may access the Transition Charge and other information.

Upon contacting Reliant at the Site or by calling (888) 315-1558, Reliant will provide to you a login name and password (collectively, the "Password") to be used for each log-in to the Site if such has not been previously provided to you. By accessing the Site, you accept the Energy Commander® Terms and Conditions that appear on the Site. The Password will be considered confidential information under the Agreement.

I thank you for your business and remain available to assist you in any way possible.

Sincerely,

Frances Perryman

Form HCPD-04

1. **Sealed Statement of Qualifications** will be received for "***Hidalgo County- Professional Auditing Services"*** in accordance with the requirements attached hereto as Exhibit "A." RFQ's should address all requirements set forth. Respondent's may suggest substitutions of features which they feel would be in the best interest of Hidalgo County ("County"). Strong rationale must be presented for any deviation from the requirements. Hidalgo County reserves the right to reject the deviation and its effect on the overall RFQ.

2. One (1) original and seven (7) copies of all RFQ's are required, with the respondent's name and address clearly typed/printed on upper left hand corner and the proper notation clearly typed/printed on the lower left hand corner of the envelope and/or package, ***REQUEST FOR QUALIFICATION -RFQ NO. 2051-328-12-02-YZV-"HIDALGO COUNTY-PROFESSIONAL AUDITING SERVICES"*** and in County's Purchasing Department, 2812 S. Hwy. 281, Hidalgo County New Administration Building, Edinburg, Texas, **on or before 9:30 a.m., Wednesday December 02, 2015.**

   NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY RFQ RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED. OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE WITH THE FOLLOWING REFERENCE: **RFQ NO.2015-328-12-02-YZV *"Hidalgo County-Professional Auditing Services".***

   Hidalgo County reserves the right to refuse and reject any/all RFQs and to waive any/all formalities or technicalities, or to accept the RFQ considered the best and most advantageous to Hidalgo County.

   WRITTEN QUESTIONS WILL BE ACCEPTED NO LATER THAN Tuesday, ***December 20, 2011 at 5:00 p.m.*** Responses will be sent to all applicants via facsimile by **Thursday, *December 22, 2011 at 5:00 p.m.*** **TELEPHONE INQUIRIES WILL NOT BE ACCEPTED.**

3. Hidalgo County reserves the right to separate and accept, or eliminate any item(s) listed under this qualification that it deems necessary to accommodate budgetary and/or operational requirements. Hidalgo County also reserves the right to reject any or all qualifications submitted and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best statement of qualifications for approval. Receipt of any qualification shall under no circumstances obligate County to accept the lowest dollar statement of qualification. The award of this contract shall be made to the responsible offeror whose qualification is determined to be the best evaluated offer resulting from negotiation, taking into consideration the relative importance of price and other evaluation factors as herein set forth.

4. Failure of the delivered item to perform as specified or failure to meet the stated delivery schedule shall release Hidalgo County from all obligations to the contracting party with regard to the item(s) in question. In such event, County may elect to award the contract to the next-lowest responsible respondent, or to reject all RFQs and re-advertise.

5. For work to be performed at a County-owned or operated location, each vendor shall, in its sole discretion, visit the job site before preparing the RFQ and thoroughly familiarize himself/herself with existing conditions. Respondent should take field dimensions and note all circumstances which affect the RFQ.

6. No RFQ may be withdrawn within ninety (90) days from the scheduled time to accept RFQs.

7. Any interpretations, amendments, corrections or changes to this RFQ document must be in a written addendum and signed by the County Judge or his designee. Addenda will be mailed to all who are known to have received a copy of the Request for Qualification. Respondents shall acknowledge receipt of all addenda as a part of their RFQ.

8. County reserves the right to accept or reject any or all RFQs.

9. Costs are to be net F.O.B. destination, County Prepaid.

10. County is exempt from Federal Excise Tax, State Tax and Local Tax. Tax exemption certificates will be furnished upon request.

11. Funds for this procurement have been provided through the County budget for this fiscal year only. County, on an annual basis, has the right to reconsider a contract during the budget process for ensuing years if financial resources of County are insufficient to meet the liabilities of said contract. The award of a qualification or contract hereunder will not be construed to create a debt of the County which is payable out of funds beyond the current fiscal year.

12. Upon award and prior to execution of a contract, Sole Proprietorships are required to submit a copy of their social security card to the Hidalgo County Auditor's Office in order to establish an account with the County. All awarded vendors must submit a completed W-9 and a copy of their Federal ID Number Certificate.

13. **DELIVERY INSTRUCTIONS** (for applicable goods and/or services):

- No deliveries accepted after 3:00 P.M., Monday-Friday.
- At least seventy two (72) hours prior notice of delivery must be given to Martha L. Salazar, CPPB, Purchasing Agent, before delivery will be accepted.
- If you need additional information call the office listed below:

Hidalgo County Purchasing Department

Award of Contract	_____, 2015
Commence Work or Deliver Products	_____, 2015

16. ~~Bid OR PERFORMANCE BOND AND~~ **DEBARMENT CERTIFICATION**~~; PAYMENT UNDER CONTRACT:~~

- ~~If the contract proposed is for the construction of public works or is for a contract for goods and services exceeding $100,000, all bidders shall furnish a good and sufficient bid bond in the amount of five percent of the total contract price. A bid bond must be executed with a surety company authorized to do business in Texas.~~ **All participants are also required to furnish a certification or acknowledgment stating that the contractor or vendor is free from suspension or debarment pursuant to federal regulation 45CFR76.**

- ~~Together with the signing of a contract or issuance of a purchase order following the acceptance of a proposal, and prior to commencement of the actual work, the respondent shall furnish a performance bond to the County for the full amount of the contract, if that contract exceeds $50,000.~~

- ~~If the contract is for $50,000 or less, no money will be paid to the contractor until completion and acceptance of the work or the fulfillment of the purchase obligation to~~

~~the County, and, if applicable, the receipt by County of satisfactory evidence that all subcontractors and materialmen have been paid.~~

- ~~If a contract is for the construction, alteration or repair of public buildings or public works, the contractor *shall* provide a payment bond for a contract in excess of Twenty Five Thousand Dollars ($25,000.00), as required by Tex. Govt. Code Ch. 2253.~~

- ~~For requirements contracts, bond requirements are determined by applying the proposed unit price to the estimated quantities included in the specifications.~~

17. **ETHICAL STANDARDS:**

- It shall be a breach of ethics to offer, give or agree to give any elected official, department head or employee, or former elected official, department head or employee, of the County, or for any elected official, department head or employee or former elected official, department head or employee of the County, to solicit, demand, accept or agree to accept from another person, entity or organization, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program requirement or a contract or subcontract, or to any solicitation or qualification therefore pending before any department or agency of the County.

- It shall be a breach of ethics for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor for any contract for the County, or any person associated therewith, as an inducement for the award of a subcontract or order.

- No public official shall have an interest in a contract awarded hereunder except in accordance with Tex. Loc. Govt. Code Chapter 171.

18. **DISCLOSURE OF CONFLICT OF INTEREST**

Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that any vendor, person, consultant or contractor considering doing business with Hidalgo County ("the County") to disclose in the Conflict of Interest Questionnaire (the "CIQ") attached as Exhibit D, the vendor, person, consultant or contractor's affiliation or business relationship that might cause a conflict of interest with the County. By law, the CIQ must be filed with the Hidalgo County Clerk's Office no later than the seventh business day after the date the person becomes aware of facts that require that statement to be filed. The disclosure requirement applies to a person or business who contracts or seeks to contract with Hidalgo County for the sale or purchase of property, goods or service. Any purchase order or contract resulting from this process shall be considered null and void if the successful bidder fails to comply with Texas Local Government Code Chapter 176. Vendors, consultants, contractors and others who desire to conduct

business with Hidalgo County are encouraged to refer to Texas Local Government Code Chapter 176 for the details of this law. An offense under Texas Local Government Code Chapter 176 is a Class C Misdemeanor.

Please Submit completed forms to the Hidalgo County Clerk's Office located at 100 N. Closner, Edinburg, Texas 78539-Hidalgo County Courthouse

COMPLETION AND SUBMISSION OF FORM CIQ IS THE SOLE RESPONSIBILITY OF THE PROSPECTIVE BIDDER.

19. If, during the life of any contract or awarded, the successful respondent's net prices generally available to other customers for items awarded herein are reduced below the contracted price, it is understood and agreed that the benefits of such reduction shall be extended to County.

20. Statement of Qualifications, and all goods and services provided thereunder, shall comply with all federal, state and local laws concerning this type(s) of goods and/or services.

21. Minimum Standards For Responsible Prospective Respondents: A prospective respondent must affirmatively demonstrate respondents responsibility. A prospective respondent, by submitting a statement of qualificaiton, represents to County that it meets the following requirements:

- Possess or is able to obtain adequate financial resources as required to perform under the proposal;
- Be able to comply with the required or proposed delivery schedule;
- Have a satisfactory record of performance;
- Have a satisfactory record of integrity and ethics;
- Be otherwise qualified and eligible to receive an award.

22. Successful respondent will pay or cause to be paid, without cost or expenses to County, all FICA, FUTA/SUTA and Federal Income Withholding Taxes of all employees, and all wages and benefits as required by Federal or State law. Successful respondent's officers, agents and/or employees will not be entitled to any benefits of an employee or elected official of County, including, but not limited to, benefits associated with County's civil service system.

23. Any contract award to a successful respondent will be in effect until (a) the contract expires, (b) delivery and acceptance of products, and/or performance of services ordered, or (c) terminated by County with thirty (30) day's written notice prior to cancellation.

24. County reserves the right to enforce performance of any contract awarded hereunder in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default by successful respondent; County reserves the right to

terminate any contract immediately in the event a successful respondent fails to:

A. Meet schedules;
B. Pay any required fees or taxes; or
C. Otherwise perform in accordance with the requirements.

25. Successful respondent shall defend, indemnify and save harmless County and all its elected officials, officers, agents and employees from all suits, actions, or other claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the successful respondent, or of any agent, employee, subcontractor or supplier in the execution of, or performance under, any contract which may result from proposal award. Successful respondent indemnifies and will indemnify and save harmless County from liability, claim or demand on their part, agents, servants, customers, and/or employees whether such liability, claim or demand arise from event or casualty happening or within the occupied premises themselves or happening upon or in any of the halls, elevators, entrances, stairways or approaches of or to the facilities within which the occupied premises are located. Successful respondent shall pay any judgment with costs which may be obtained against County growing out of such injury or damages, and shall, upon request, provide a defense to County by counsel reasonably acceptable to County. Successful respondent's indemnity hereunder shall include, but is not limited to, claims relating to patent, copyright or trademark infringement, and the like, arising out of the goods or services provided by successful respondent.

26. Successful respondent shall warrant that all items/services shall conform with the specifications and/or all warranties provided under the Uniform Commercial Code and be free from all defects in material, workmanship and the like. Items supplied under a contract pursuant to this Request for Qualification shall be subject to County's approval. Items found to be defective or not meeting specifications shall be replaced by successful respondent within two business days at no expense to County. Items not picked up within one (1) week after notification shall be deemed a donation to County and may be used or disposed of at County's discretion and without waiver of any other rights of County as to the item's nonconformity.

27. This document and any disputes arising hereunder shall be governed and construed according to the laws of the State of Texas, and will be performable exclusively in Hidalgo County, Texas.

28. The successful respondent shall not assign, sell, transfer or convey its rights under any awarded contract, in whole or in part, without the prior written consent of County.

29. Respondents shall provide with the RFQ's response, a list of at least three (3) references where like services have been supplied by their firm. Include the name of the business or government, address, telephone number and name of representative or contact person.

30. Respondents must provide **all** documentation requested with this Proposal in their response. Failure to provide this information may result in rejection of the proposal as non-conforming.

Request for Qualifications
for
Hidalgo County
Professional Auditing Services

To: Martha L. Salazar, CPPB, Purchasing Agent
Hidalgo County Purchasing Department
2812 S. Hwy. 281
Hidalgo County New Administration Building
Edinburg, Texas 78539

In accordance with the Requirements, and subject to all laws and regulations of the United States and state and local laws, the undersigned respondent proposes and commits to furnish all labor, equipment, material, software and services as set forth in the documents hereinbefore mentioned. The undersigned bidder further agrees, upon acceptance of its qualification, to execute a contract and/or Purchase Order issued by Hidalgo County for performing and completing the work described in the Requirements within the time stated and for the prices proposed in the documents attached hereto and made a part hereof.

Respondent acknowledges receipt of all of the pages of the documents referenced in the Request For Qualifications Checklist presented in connection with this procurement. Respondent understands that Hidalgo County reserves the right to reject any or all RFQs and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best qualification.

Respondent agrees that this qualification shall be good and may not be withdrawn for a period of ninety (90) calendar days after the scheduled closing time for accepting RFQs, as contained in the Requirements.

Respectfully submitted,

I. INTRODUCTION

A. General Information

The County of Hidalgo, Texas (the County) is requesting Statements of Qualifications from qualified firms of certified public accountants to audit its financial statements for fiscal years 2015 and 2016, with the option of auditing its financial statements for fiscal years 2017 and 2018. These audits are to be performed in accordance with generally accepted auditing standards, the standards set forth for financial audits in the U.S. Government Accountability Office's (GAO) *Government Auditing Standards* (1994), the provisions of the federal Single Audit Act of 1984 (as amended in 1996), and U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

Any inquiries concerning the Request for Qualifications should be submitted in writing via facsimile to (956) 318-2629 or Email to yolanda.velasquez@co.hidalgo.tx.us by no later than 5:00 pm., Monday, November 23, 2015. Responses to inquiries submitted will be provided to all participants by Wednesday, November 25, 2015 by 5:00 p.m..

To be considered, one (1) original and seven (7) copies of statements of qualifications must be received and time stamped in the Hidalgo County Purchasing Department by 9:30 a.m. on Wednesday, November 25, 2015.

All Statements of Qualifications must be submitted in a sealed envelope with the participants name and address on the upper left hand corner and the RFQ number, opening date and time on the lower right hand corner clearly marked on the outside of the envelope. If an overnight delivery service is used, the above notations must be clearly marked on the outside of the delivery service envelope.

Sealed Statements of Qualifications may be hand-delivered or mailed to:

Physical Address:	**Mailing Address:**
Ms. Martha L. Salazar, CPPB, Hidalgo County Purchasing Agent 2802 S. Business Hwy 281 Edinburg, Texas 78539	Ms. Martha L. Salazar, CPPB, Hidalgo County Purchasing Agent 2812 S. Business Hwy 281 Edinburg, Texas 78539

Facsimile and electronic mail transmittals will not be accepted.

Any Statements of Qualifications received after the submission deadline will not be opened and will be returned. The County is not responsible for lateness of mail, courier service, etc.

The County reserves the right to reject any or all Statements of Qualifications submitted. Submission of a Statement of Qualifications indicates acceptance by the firm of the conditions contained in this Request for Qualifications unless clearly and specifically noted in the Statement of Qualifications submitted and confirmed in the contract between the County and the firm selected.

B. Term of Engagement

A two-year contract is contemplated with the option of two (2) additional one-year renewals subject to the satisfactory negotiation of terms (including a price acceptable

to both the County and the selected firm), the concurrence of the Commissioners Court, and the annual availability of an appropriation.

C. Subcontracting

Subcontracting will not be allowed without the express prior written consent of the Commissioners Court.

II. NATURE OF SERVICES REQUIRED

A. General

The County of Hidalgo, Texas (the County) is soliciting the services of qualified firms of certified public accountants to audit its financial statements for fiscal years 2015 and 2016, with the option to audit the County's financial statements for fiscal years 2017 and 2018. These audits are to be performed in accordance with the provisions contained in this Request for Qualifications.

B. Scope of Work to be Performed

The County desires the auditor to express an opinion on the fair presentation of its governmental activities, its business-type activities, its component unit, each of its major funds, and its aggregate remaining fund information in conformity with generally accepted accounting principles.

The County also desires the auditor to express an opinion on the fair presentation of its combining and individual fund financial statements and schedules in conformity with generally accepted accounting principles. The auditor is not required to audit the supporting schedules contained in the comprehensive annual financial report. However, the auditor is to provide an "in-relation-to" opinion on the supporting schedules based on the auditing procedures applied during the audit of the basic financial statements and the combining and individual fund financial statements and schedules. The auditor is not required to audit the introductory section of the report or the statistical section of the report.

The auditor shall also be responsible for performing certain limited procedures involving required supplementary information required by the Governmental Accounting Standards Board as mandated by generally accepted auditing standards.

The auditor is not required to audit the schedule of expenditures of federal and state awards. However, the auditor is to provide an "in-relation-to" report on that schedule based on the auditing procedures applied during the audit of the financial statements.

C. Auditing Standards to be Followed

To meet the requirements of this Request for Qualifications, the audit shall be performed in accordance with generally accepted auditing standards as set forth by the American Institute of Certified Public Accountants, the standards for financial audits set forth in the U.S. Government Accountability Office's *Government Auditing Standards* (1994), the provisions of the Single Audit Act of 1984 (as amended in 1996), the provisions of U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the Texas Government Code Section 2256.005(m)

D. Reports to be Issued

Following the completion of the audit of the fiscal year's financial statements, the auditor shall issue:

1. A report on the fair presentation of the financial statements in conformity with generally accepted accounting principles, including an opinion on the fair presentation of the supplementary schedule of expenditures of federal awards in relation to the audited financial statements.
2. A report on compliance and internal control over financial reporting based on an audit of the financial statements.
3. A report on compliance and internal control over compliance applicable to each major federal program.
4. A report on compliance and internal control over compliance applicable to each major state program.

In the required reports on compliance and internal controls, the auditor shall communicate any significant deficiency or material weakness found during the audit. A *significant deficiency* shall be defined as a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected. A *material weakness* shall be defined as a significant deficiency or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected. Significant deficiencies that are also material weaknesses shall be identified as such in the report.

Control deficiencies discovered by the auditors that are neither significant deficiencies nor material weaknesses shall be reported in a separate letter to management, which shall be referred to in the reports on compliance and internal controls. A *control deficiency* shall be deemed to have occurred whenever the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

The reports on compliance and internal controls shall include all instances of noncompliance.

Irregularities and illegal acts. Auditors shall be required to make an immediate, written report of all irregularities and illegal acts or indications of illegal acts of which they become aware to the following parties:

- Commissioners Court Executive Officer
- County Auditor

Auditors shall assure themselves that the County is informed of each of the following:

1. The auditor's responsibility under generally accepted auditing standards
2. Significant accounting policies
3. Management judgments and accounting estimates
4. Significant audit adjustments

5. Other information in documents containing audited financial statements
6. Disagreements with management
7. Management consultation with other accountants
8. Major issues discussed with management prior to retention
9. Difficulties encountered in performing the audit

E. Special Considerations

1. The financial statements of the Hidalgo County Drainage District No. 1 (the District) are included as a component unit of the financial statements of the County of Hidalgo, Texas.
2. The County will send its comprehensive annual financial report to the Government Finance Officers Association of the United States and Canada for review in their Certificate of Achievement for Excellence in Financial Reporting program. It is anticipated that the auditor will not be required to provide special assistance to the County to meet the requirements of that program.
3. The County currently anticipates it will prepare one or more official statements in connection with the sale of debt securities which will contain the general purpose financial statements and the auditor's report thereon. The auditor shall be required, if requested by the fiscal advisor and/or the underwriter, to issue a "consent and citation of expertise" as the auditor and any necessary "comfort letters."
4. The County has determined that the United States Department of Health and Human Services will function as the cognizant agency in accordance with the provisions of the Single Audit Act of 1984 (as amended in 1996) and U.S. Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.
5. The Schedule of Expenditures of Federal and State Awards and related auditor's report, as well as the reports on compliance and internal controls are to be issued as part of the comprehensive annual financial report.

F. Working Paper Retention and Access to Working Papers

All working papers and reports must be retained, at the auditor's expense, for a minimum of three (3) years, unless the firm is notified in writing by the County of the need to extend the retention period. The auditor will be required to make working papers available, upon request, to the following parties or their designees:

- County of Hidalgo, Texas
- U.S. Department of Health & Human Services
- U.S. Government Accountability Office (GAO)
- Parties designated by the federal or state governments or by the County as part of an audit quality review process
- Auditors of entities of which the County is a sub-recipient of grant funds

In addition, the firm shall respond to the reasonable inquiries of successor auditors and allow successor auditors to review working papers relating to matters of continuing accounting significance.

III. DESCRIPTION OF THE GOVERNMENT

A. Name and Telephone Number of Contact Persons/Organizational Chart/Location of Offices

The auditor's principal contact with the County will be Mr. Raymundo Eufracio, County Auditor, or a designated representative, who will coordinate the assistance to be provided by the County to the auditor.

The auditor's principal contact with the Hidalgo County Head Start Program will be Ms. Teresa Flores, Director, or a designated representative, who will coordinate the assistance to be provided by the Head Start Program to the auditor.

The auditor's principal contact with the Hidalgo County Urban County Program will be Ms. Diana Serna, Director, or a designated representative, who will coordinate the assistance to be provided by the Urban County Program to the auditor.

The auditor's principal contact with the Hidalgo County Community Service Agency will be Mr. Jaime Longoria, Director, or a designated representative, who will coordinate the assistance to be provided by the Community Service Agency to the auditor.

An organizational chart (Appendix A) and a list of principal officials (Appendix B) are attached.

B. Background Information

The County of Hidalgo, Texas serves an area of 1,570 square miles with an estimated population of 831,073 in 2014. The County's fiscal year begins on January 1 and ends on December 31.

The County provides the following services to its citizens:

- Administration of justice
- Public safety
- Health and welfare services
- Construction and maintenance of roads and other infrastructure
- Sanitation services
- Recreational and cultural activities

The County has a total payroll of $109,815,085 covering 2997 employees.

The County is organized into 67 departments and agencies. The accounting and financial reporting functions of the County are decentralized. The County's Head Start Program, Urban County Program, and Community Service Agency each maintain their own separate financial accounting systems.

More detailed information on the government and its finances can be found in the County's Comprehensive Annual Financial Report (CAFR), Single Audit, and Annual Operating Budget. These documents can be found on the County's website located at http://www.co.hidalgo.tx.us/. The County's CAFR and Single Audit may also be obtained by contacting the County Auditor's Office at 2808 S. Business Hwy 281, Edinburg, Texas 78539. The County's Annual Operating Budget may also be

obtained by contacting the Department of Budget and Management at 2818 S. Business Hwy 281, Edinburg, Texas 78539.

C. Fund Structure

The County uses the following fund types and account groups in its financial reporting:

Fund Type	Number of Individual Funds	Number With Legally Adopted Annual Budgets
General fund	1	1
Special revenue funds	51	32
Debt service funds	14	14
Capital projects funds	18	0
Enterprise funds	2	0
Internal service funds	2	0
Private-purpose trust funds	8	0
Pension (and other employee benefits) trust funds	1	0
Agency funds	12	0

D. Budgetary Basis of Accounting

The County prepares its budgets on a basis consistent with generally accepted accounting principles.

E. Federal and State Financial Assistance

During fiscal year 2014; the County expended $101,088,332 in federal and state awards. Please refer to the County' fiscal year 2014 Single Audit at http://www.co.hidalgo.tx.us/index.aspx?NID=448 for a complete list of all federal and state awards.

F. Pension Plans

The County participates in the following pension plans:

Plan	Type	Actuary
Texas County and District Retirement System	Multiple-employer defined benefit contribution	Lewis & Ellis, Inc.
Hidalgo County Affiliated Departments Retirement Plan	Tax-deferred money purchase pension plan	The Pension Company Consulting Actuaries

G. Component Units

The reporting entity is defined, for financial reporting purposes, in conformity with the Governmental Accounting Standards Board's Statement No. 14, *The Financial Reporting Entity*. Using these criteria, the management of the County identified the following component unit for inclusion in the County's financial statements:

Hidalgo County Drainage District No. 1

The auditors of the District are contractually obligated to provide information needed for the audit of the County.

H. Magnitude of Finance Operations

The County's finance department is headed by Mr. Raymundo Eufracio, County Auditor, and consists of 46 employees. The principal functions performed and the numbers of employees assigned to each are as follows:

Function	Number of Employees
Accounts Payable	15
Internal Audit	11
Financial Accounting	7
Grants Accounting	7

The Hidalgo County Head Start Program's finance department is headed by Ms. Teresa Flores, Director, and consists of 5 of employees.

The Hidalgo County Urban County Program's finance department is headed by Ms. Diana Serna, Director, and consists of 6 of employees.

The Hidalgo County Community Service Agency's finance department is headed by Mr. Jaime Longoria, Director, and consists of 6 of employees.

I. Computer Systems

Primary Government	Financial Accounting System	Vendor
Hidalgo County	alio	Weidenhammer Systems, Corp.
Hidalgo County Head Start Program	MIP Fund Accounting	Abila
Hidalgo County Urban County Program	Financial Edge	Blackbaud
Hidalgo County Community Service Agency	IBM AS-400 Accounting Software	Internally developed.

J. Internal Audit Function

The County maintains an internal audit function that reports to the County Auditor and is staffed by 11 employees. All 10 members of the internal audit staff have a BBA degree and 2 members have a master's degree.

K. Availability of Prior Audit Reports and Working Papers

Interested participants who wish to review prior years' audit reports and management letters should contact the County Auditor's Office at 2808 S. Business Hwy 281, Edinburg Texas 78539 (956) 318-2511. The County Auditor's Office will use its best efforts to make prior audit reports and management letters available to participants to aid their response to this request for qualifications.

IV. TIME REQUIREMENTS

A. Schedule for the 2015 Fiscal Year Audit (A similar time schedule will be developed for audits of future fiscal years).

Each of the following should be completed by the auditor no later than the dates indicated.

1. Detailed Audit Plan

   The auditor shall provide the County on a later date to be determined both a detailed audit plan and a list of all schedules to be prepared by the County.

2. Fieldwork

   The auditor shall complete all fieldwork by April 30.

3. Draft reports

   The auditor shall have drafts of the audit reports and recommendations to management available for review by the County Auditor by May 20.

B. Entrance Conferences, Progress Reporting and Exit Conferences (A similar time schedule will be developed for audits of future fiscal years).
At a minimum, the following conferences should be held:

Entrance conference with County Auditor and department heads of key offices or programs	The purpose of this meeting will be to discuss prior audit problems and to establish overall liaison for the audit and to make arrangements for work space and other needs of the auditor.
Progress conference(s) with County Auditor and department heads of key offices or programs	The purpose of this meeting(s) will be to discuss the status of the audit and preliminary findings related to key internal controls or other matters tested.
Exit conference with County Auditor and department heads of key offices or programs	The purpose of this meeting will be to summarize the results of the field work and to review significant findings

C. Date Final Report is Due

The County Auditor's Office shall prepare draft financial statements, notes, all required supplementary schedules, and statistical data by May 31. The auditor shall provide all recommendations, revisions and suggestions for improvement to the County Auditor by June 10.

The County Auditor's Office will complete their review of the draft report as expeditiously as possible. It is not expected that this process should exceed one week. During that period, the auditor should be available for any meetings that may be necessary to discuss the audit reports. Once all issues for discussion are resolved, the final signed reports shall be delivered to the Commissions Court by June 28.

V. ASSISTANCE TO BE PROVIDED TO THE AUDITOR AND REPORT PREPARATION

A. Finance Department and Clerical Assistance

The finance department staff and responsible management personnel will be available during the audit to assist the firm by providing information, documentation and explanations. The preparation of confirmations will be the responsibility of the County.

B. Statements and Schedules to be prepared by the Staff of the County.

The staff of County will prepare all statements and schedules for the auditor by May 31.

C. Work Area, Telephones, Photocopying and FAX Machines

The County will provide the auditor with reasonable work space, desks and chairs. The auditor will also be provided with access to telephone lines, photocopying facilities and FAX machines.

D. Report Preparation

Report preparation, editing and printing shall be coordinated by the County Auditor's Office. The auditor will be responsible for providing the paper stock necessary for printing 100 reports.

VI. QUALIFICATION REQUIREMENTS

A. General Requirements

1. Inquiries

Inquiries concerning the Statement of Qualifications and the subject of the Request for Qualifications must be made in writing to:

Martha L. Salazar, CPPB, Hidalgo County Purchasing Agent
2802 S. Business Hwy 281
Edinburg, Texas 78539
FAX: (956) 318-2629

CONTACT WITH PERSONNEL OF THE COUNTY OTHER THAN MARTHA L. SALAZAR, HIDALGO COUNTY PURCHASING AGENT, REGARDING THIS REQUEST FOR QUALIFICATIONS MAY BE GROUNDS FOR ELIMINATION FROM THE SELECTION PROCESS.

2. Submission of Statement of Qualifications

The following material is required to be received by no later than **9:30 a.m., DECEMBER 02, 2015** for a Statement of Qualifications to be considered:

a. An original and seven (7) copies to include the following:

i. Title Page
Title page showing the Request for Qualifications subject; the firm's name; the name, address and telephone number of the contact person; and the date of the Statement of Qualifications.

ii. Table of Contents

iii. Transmittal Letter
A signed letter of transmittal briefly states the participants understanding of the work to be done, the commitment to perform the work within the time period, a statement why the firm believes itself to be best qualified to perform the engagement and no Statement of Qualification may be withdrawn within ninety (90) days from the scheduled time accept the RFQs.

The Statement of Qualifications must be signed by a person entitled to represent the firm, empowered to submit the Statement of Qualifications, and authorized to sign a contract with the County. In order to be considered all submittals must be

signed. Please sign the original in **BLUE INK.**

iv. Detailed Statement of Qualifications
The detailed Statement of Qualifications should follow the order set forth in Section VI B of this request for qualifications.

v. Copy of current external quality control review.

vi. Executed copies of ... (e.g., Proposer's Affidavit, CIQ, Vendors applications, W-9 form, Debarment, etc.)

vii. Certificate(s) of Insurance (e.g., Project and Insurance Requirements Acknowledgement etc.)

b. Participants should send the completed Statement of Qualifications in a sealed envelope to the following address:

Martha L. Salazar, CPPB,
Hidalgo County Purchasing Agent
2802 S. Business Hwy 281
Edinburg, Texas 78539

The sealed envelope should include on its face the following information: the RFQ number, the name of the firm, and opening date.

B. Qualifications Format

1. General Requirements

The purpose of the Request for Qualifications is to demonstrate the qualifications, competence and capacity of the firms seeking to undertake an independent audit of the County of Hidalgo, Texas in conformity with the requirements of this Request for Qualifications. As such, the substance of Statement of Qualifications will carry more weight than their form or manner of presentation.

The Statement of Qualifications should demonstrate the qualifications of the firm and of the particular staff to be assigned to this engagement. It should also specify an audit approach that will meet the request for qualifications requirements.

The Statement of Qualifications should address all the points outlined in the Request for Qualifications. The Statement of Qualifications should be prepared simply and economically, providing a straightforward, concise description of the participant's capabilities to satisfy the requirements of the Request for Qualifications. While additional data may be presented, the following subjects, items no. 2 through 10, must be included. They represent the criteria against which the Statement of Qualifications will be evaluated.

2. Independence

The firm should provide an affirmative statement that it is independent of the County as defined by generally accepted auditing standards/the U.S. Government Accountability Office's *Government Auditing Standards* (1994).

The firm also should provide an affirmative statement that it is independent of the component unit of the County as defined by those same standards.

The firm should also list and describe the firm's professional relationships involving the County or any of its agencies or component unit for the past five (5) years, together with a statement explaining why such relationships do not constitute a conflict of interest relative to performing the proposed audit.

In addition, the firm shall give the County written notice of any professional relationships entered into during the period of this agreement.

3. License to Practice in Texas

An affirmative statement should be included that the firm and all assigned key professional staff are properly registered/licensed to practice in Texas.

4. Firm Qualifications and Experience

The participant should state the size of the firm, the size of the firm's governmental audit staff, the location of the office from which the work on this engagement is to be performed and the number and nature of the professional staff to be employed in this engagement on a full-time basis and the number and nature of the staff to be so employed on a part-time basis.

The firm is also required to submit a copy of the report on its most recent external quality control review, with a statement whether that quality control review included a review of specific government engagements.

The firm shall also provide information on the results of any federal or state desk reviews or field reviews of its audits during the past three (3) years. In addition, the firm shall provide information on the circumstances and status of any disciplinary action taken or pending against the firm during the past three (3) years with state regulatory bodies or professional organizations.

5. Partner, Supervisory and Staff Qualifications and Experience

Identify the principal supervisory and management staff, including engagement partners, managers, other supervisors and specialists, who would be assigned to the engagement. Indicate whether each such person is registered or licensed to practice as a certified public accountant in Texas. Provide information on the government auditing experience of each person, including information on relevant continuing professional education for the past three (3) years and membership in professional organizations relevant to the performance of this audit.

Provide as much information as possible regarding the number, qualifications, experience and training, including relevant continuing professional education, of the specific staff to be assigned to this engagement. Indicate how the quality of staff over the term of the agreement will be assured.

Engagement partners, managers, other supervisory staff and specialists may be changed if those personnel leave the firm, are promoted or are assigned to another office. These personnel may also be changed for other reasons with the express prior written permission of the County. However, in either case, the County retains the right to approve or reject replacements.

Consultants and firm specialists mentioned in response to this Request for Qualifications can only be changed with the express prior written permission of the County, which retains the right to approve or reject replacements.

Other audit personnel may be changed at the discretion of the participant provided that replacements have substantially the same or better qualifications or experience.

6. Prior Engagements with the County

List separately all engagements within the last five years, ranked on the basis of total staff hours, for the County by type of engagement (i.e., audit, management advisory services, other). Indicate the scope of work, date, engagement partners, total hours, the location of the firm's office from which the engagement was performed, and the name and telephone number of the principal client contact.

7. Similar Engagements With Other Government Entities

For the firm's office that will be assigned responsibility for the audit, list the most significant engagements (maximum - 5) performed in the last five years that are similar to the engagement described in this Request for Qualifications. These engagements should be ranked on the basis of total staff hours. Indicate the scope of work, date, engagement partners, total hours, and the name and telephone number of the principal client contact.

8. Specific Audit Approach

The statement of qualifications should set forth a work plan, including an explanation of the audit methodology to be followed, to perform the services required in Section II of this request for Request for Qualifications. In developing the work plan, reference should be made to such sources of information as County's budget and related materials, organizational charts, manuals and programs, and financial and other management information systems.

Participant will be required to provide the following information on their audit approach:

a. Proposed segmentation of the engagement
b. Level of staff and number of hours to be assigned to each proposed segment of the engagement
c. Sample size and the extent to which statistical sampling is to be used in the engagement
d. Extent of use of EDP software in the engagement
e. Type and extent of analytical procedures to be used in the engagement
f. Approach to be taken to gain and document an understanding of the County's internal control structure
g. Approach to be taken in determining laws and regulations that will be subject to audit test work
h. Approach to be taken in drawing audit samples for purposes of tests of compliance

9. Identification of Anticipated Potential Audit Problems

The Statement of Qualifications should identify and describe any anticipated potential audit problems, the firm's approach to resolving these problems and any special assistance that will be requested from the County.

10. **FIRMS ARE <u>NOT</u> TO PROVIDE A FEE SCHEDULE WITH THIS SUBMITTAL:**

The fee will be negotiated in accordance with the Professional Services Procurement Act, Tex. Govt. Code Ann. 2254), et seq., the Uniform Grant and the Contract Management Act of 1981. Once selected for negotiations, participant is to provide a fee schedule (see appendix C) for the following scope of services/work, including the estimated number of hours. A breakdown of the estimated hours and billing rates shall be submitted for all auditors, partners, support staff and owners involved in the audit.

The County reserves the right to negotiate with any and all audit firms that submit Statement of Qualifications as per the Texas Professional Service Procurement Act and the Uniform Grant and Contract Management Act of 1981. The County of Hidalgo is an Affirmative Action/Equal Opportunity Employer.

All costs and expenses associated with the preparation and submission of (bids, proposals SOQ's and/ or Quotes) shall be the responsibility of the bidder and no reimbursement for such charges or expenses shall be passed onto Hidalgo County.

VII. EVALUATION PROCEDURES

The evaluation consists of a 100-point scoring system based on the Evaluation Criteria - Exhibit B However, after the 100-point evaluation, Hidalgo County's Commissioners Court may elect to narrow the participating firms and request a presentation.

A. The Hidalgo County Commissioners' Court will review, score and evaluate the SOQ's received in response to this Hidalgo County request for qualifications.

B. After the SOQ's have been reviewed, scored and evaluated, a grid will be tabulated and the average scores will be presented to Hidalgo County Commissioner's Court for the purposes of ranking.

C. Required compliance elements and evaluation criteria:

Statement of Qualifications (SOQ's) will be considered/evaluated using two steps.

- **STEP 1: Required Compliance Elements**:
Firms **must** meet and submit all the mandatory elements detailed herein (a thru d) for consideration in order to qualify to proceed to Step 2.

1. Prerequisite/Mandatory Elements

a. The audit firm is independent and licensed to practice in Texas;
b. The firm has no conflict of interest with regard to any other work performed by the firm for the County;
c. The firm adheres and complies to the instructions in preparing the response (SOQ) to this request for qualifications by submitting a complete Statement of Qualifications; and
d. The firm submits a copy of its last external quality control review report and the firm has a record of quality audit work.

- **STEP 2: Evaluation Criteria:**
Statement of Qualifications evaluated and scored for technical qualifications. The following represent the principal selection criteria which will be considered during the evaluation process.

2. Technical Quality: **(Maximum Points - 100)**

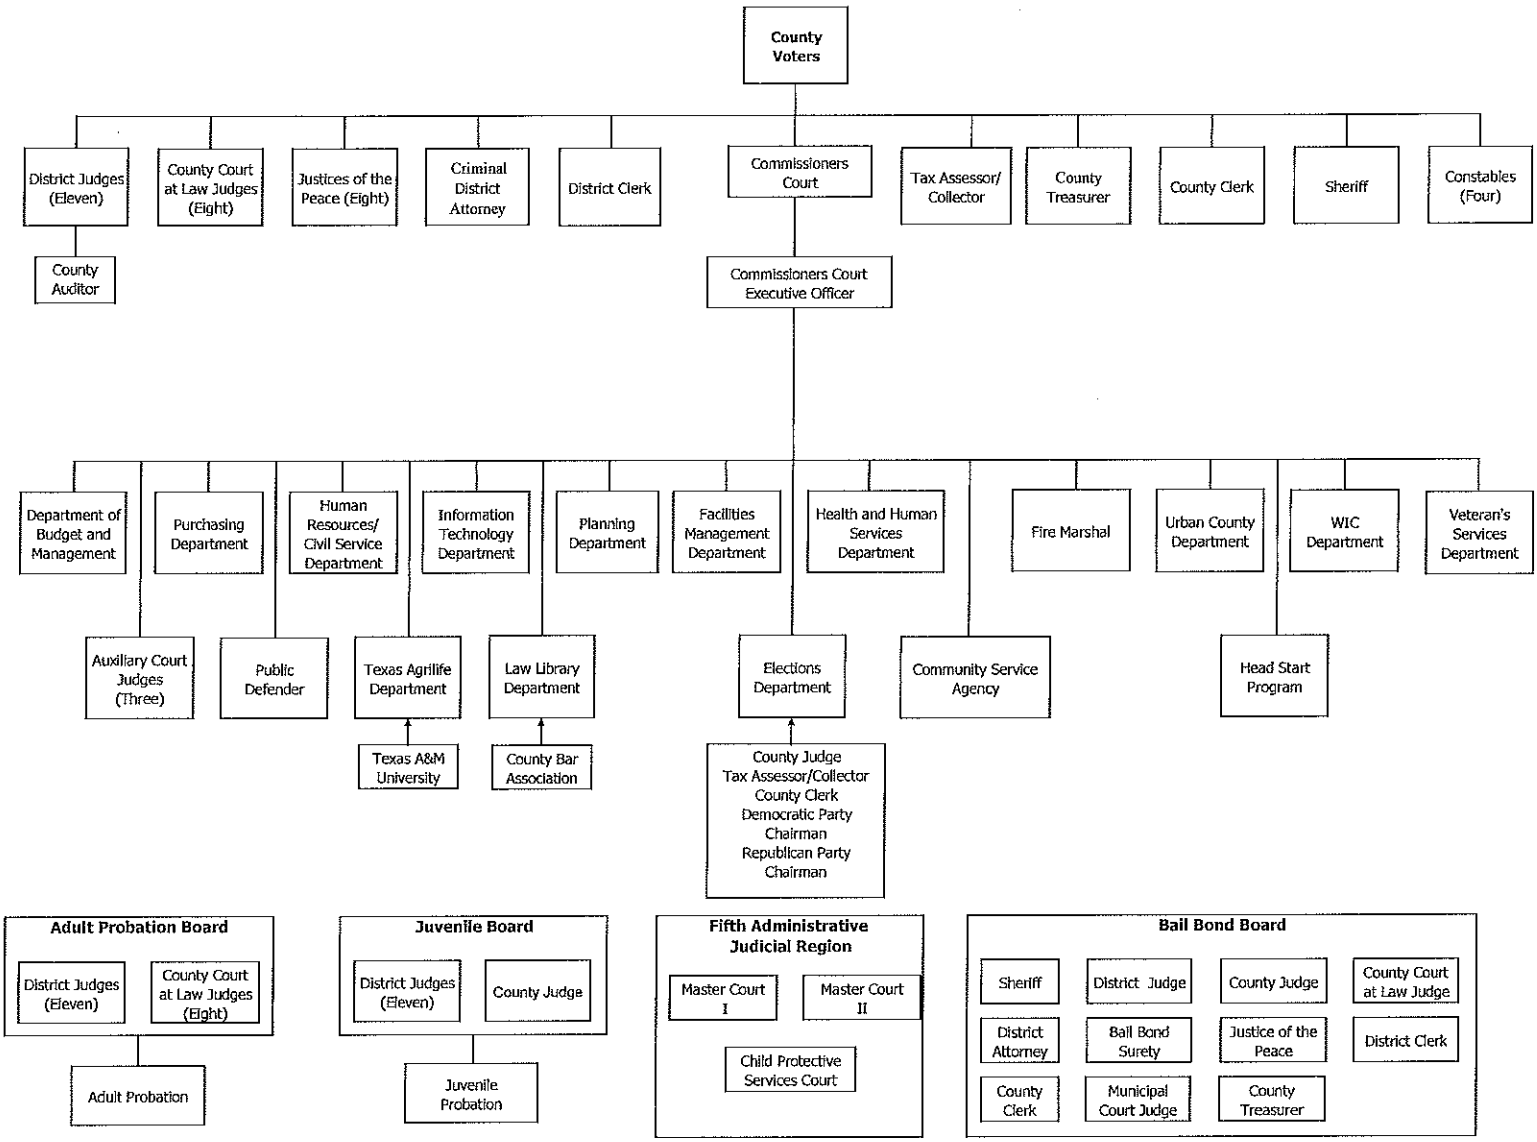
a. Expertise and Experience (Maximum Points - 70)

1) The firm's past experience and performance on comparable government engagements (Maximum Points - 40)
2) The quality of the firm's professional personnel to be assigned to the engagement and the quality of the firm's management support personnel to be available for technical consultation (Maximum Points - 30)

b. Audit Approach **(Maximum Points - 30)**
1) Adequacy of proposed staffing plan for various segments of the engagement (Maximum Points - 10)
2) Adequacy of sampling techniques (Maximum Points - 10)
3) Adequacy of analytical procedures (Maximum Points - 10)

D. Negotiation process- evaluation criteria

The number one ranked firm will be contacted to submit a letter of engagement/contract for negotiation based on the Evaluation Criteria Exhibit B. If negotiations prove unsuccessful, the next highest ranked firm/company will be contacted.



E. Right to Reject the Request for Qualifications

Submission of a Statement of Qualifications indicates acceptance by the firm of the conditions contained in this Request for Qualifications unless clearly and specifically noted in the Statement of Qualifications submitted and confirmed in the contract between the County and the firm selected. Hidalgo County also reserves the right to reject any or all SOQ's submitted and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best proposal for approval.

Note: The rate quoted should not be presented as a general percentage of the standard hourly rate or as a gross deduction from the total all-inclusive maximum price.

EXHIBIT "C"
Insurance Requirements

The Bidder awarded the contract shall furnish proof of insurance, which will also include any subcontractor that is subcontracted by the bidder in at least the following limits, to be in place prior to providing any services under this Contract and to continue at all times in force in effect during the term of this Contract:

1. A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability insurance policy providing additional coverage to all underlying liabilities of County.

2. Automobile liability insurance policy with limits of at least Three Hundred Thousand Dollars ($300,000.00) per person and Five Hundred Thousand Dollars ($500,000.00) per occurrence. Coverage should include injury to or death of persons and property damage claims with limits up to Five Hundred Thousand ($500,000.00) arising out of the services provided to County hereunder.

3. Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

4. Workers compensation insurance in amounts established by Texas law, unless the Bidder is specifically exempted from the Texas Workers Compensation Act, Texas Labor Code Chapter 401, et. seq.

Hidalgo County will only accept certificates of insurance on an Acord form (as attached hereto). Certificates of insurance shall name Hidalgo County as additional insured and must be submitted to County for approval prior to any services being performed by Contractor. Each policy of insurance required hereunder shall extend for a period equivalent to, or longer than the term of the Contract, and any insurer hereunder shall be required to give at least thirty (30) days written notice to the County prior to the cancellation of any such coverage on the termination date, or otherwise. This Contract shall be automatically suspended upon the cancellation, or other termination, of any required policy of insurance hereunder, and such suspension shall continue until evidence adequate replacement coverage is provided to County. If replacement coverage is not provided within thirty (30) days following suspension of the Contract, this Contract shall automatically terminate.

Insurance Requirement Acknowledgment

I, _____, authorized representative for_____
Company/Vendor

hereby acknowledge receipt of the County's required insurance limits. Said requirements:

☐ will be acquired within 10 working days after notification from Purchasing Department of bid awarded by the Hidalgo County Commissioners= Court;

☐ will acquire additional amounts required to meet the County's requirements within 10 working days after notification from Purchasing Department of bid award by the Hidalgo County Commissioners= Court; currently carry the following:

Automobile Liability: $_____ General Liability: $_____

☐ have already been met, see attached copy of insurance certificate.

_____ _____
Authorized Representative Date

Notice to Bidder:
A certificate of insurance for the required insurance limits shall be provided to the Purchasing
Department's Contract Managers in order to qualify for award of bid and to execute a contract
between your Company and the County

Failure to provide Certificates of Insurance to the Purchasing Department's Contract Managers will cause the bid award to be rescinded and re-awarded to next lowest bidder. Certificates of Insurance will be monitored and verified on a **quarterly basis** to ensure coverage policy is in place. It is the Company=s obligation to maintain the appropriate insurance coverage throughout the term of the contract.

THIS FORM MUST ACCOMPANY BID PACKET

PROJECT REQUIREMENTS ACKNOWLEDGMENT

This is to certify that I, _____, possess all of the APPLICABLE:

1. Licenses: _____

CONFLICT OF INTEREST QUESTIONNAIRE — FORM CIQ

For vendor or other person doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 1491, 80th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code by a person who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the person meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the person becomes aware of facts that require the statement to be filed. *See* Section 176.006, Local Government Code.

A person commits an offense if the person knowingly violates Section 176.006, Local Government Code. An offense under this section is a Class C misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of person who has a business relationship with local governmental entity.**

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.**

(The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date the originally filed questionnaire becomes incomplete or inaccurate.)

3 **Name of local government officer with whom filer has employment or business relationship.**

_____
Name of Officer

This section (item 3 including subparts A, B, C & D) must be completed for each officer with whom the filer has an employment or other business relationship as defined by Section 176.001(1-a), Local Government Code. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer named in this section receiving or likely to receive taxable income, other than investment income, from the filer of the questionnaire?

☐ Yes ☐ No

B. Is the filer of the questionnaire receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer named in this section AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

C. Is the filer of this questionnaire employed by a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership of 10 percent or more?

☐ Yes ☐ No

D. Describe each employment or business relationship with the local government officer named in this section.

HISTORICALLY UNDERUTILIZED BUSINESS (HUB) DECLARATION

The primary objective of the Hidalgo County HUB Program is to ensure Historically Underutilized Businesses receive a fair and equal opportunity for participation in the County's procurement process. This fact holds true for Services (Professional & Non-Professional), Commodities, and Construction contracts and any subcontracts thereto. The program strongly encourages Prime Contractors to provide subcontracting opportunities to Certified Hub Contractors/Vendors. Our goal for HUB contractor/vendor participation, as well as HUB subcontractor participation is 30%. To be considered as a "Certified HUB Contractor/Vendor" the contractor/vendor must have been certified by, and hold a current and valid certification with any of the three agencies listed below.

Have you been Certified as a HUB or an MBE/WBE source?: ☐Yes ☐ No

If yes, by whom?: ☐ Texas Building & Procurement Commission ☐ Other_____

Indicate Certification No(s).:_____ or Are Certificate(s) Attached?: ☐ Yes ☐ No

Form **W-9**
(Rev. January 2011)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification (required): ☐ Individual/sole proprietor ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

			–		–				

Employer identification number

		–							

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here | **Signature of U.S. person** ▶ | **Date** ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

Note. Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/ disregarded entity name" line.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the "Business name/ disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000 [1]	Generally, exempt payees 1 through 7 [2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt Payee* on page 3.

Signature requirements. Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account [1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor [2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee [1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner [1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner [3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulation section 1.671-4(b)(2)(i)(A))	The grantor*
For this type of account:	**Give name and EIN of:**
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity [4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulation section 1.671-4(b)(2)(i)(B))	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or "DBA" name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships* on page 1.

***Note.** Grantor also must provide a Form W-9 to trustee of trust.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov.* You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

HIDALGO COUNTY

Professional Construction Material Testing Laboratory Services

Agreement # C-15-319-09-15

WORK AUTHORIZATION NO. 1

THIS WORK AUTHORIZATION is made pursuant to the terms and conditions of Section I.A. of the Agreement made by and between **HIDALGO COUNTY**, action herein by and through the **Commissioner's Court**, hereinafter called the "**Owner**," and, **Millennium Engineers Group, Inc.**, professional Laboratory's of Pharr, Texas, hereinafter called "**Laboratory**".

PART 1. SCOPE OF WORK

The purpose of this Work Authorization is for the **Laboratory** to provide

Construction Materials Engineering and Testing Services for the Norene Drive Improvements project.

The scope of services to be provided by the **Owner** is identified in ***EXHIBIT "A" – Scope of Services to be Provided by the Owner*** attached hereto.

The scope of services to be provided by the **Engineer** is identified in ***EXHIBIT "B" – Scope of Services to be Provided by the Laboratory*** attached hereto.

PART 2. ESTIMATED COST

The estimated cost for services under this Work Authorization is $7,742.00
This amount is based upon the costs outlined in the Estimated **Cost Proposal** attached hereto as **EXHIBIT "D".**

PART 3. PAYMENT

Compensation and payment to the Engineer for the services established under this Work Authorization shall be made in accordance with **Article**/Part/Section 4 of the Agreement.

PART 4. FUNDING

This Work Authorization No. 1 shall be funded through funding source:
Account No. 5-1345-431-00-121-198-0-721
Requisition Number 286459 **(MUST BE INCLUDED AFTER CC APPROVAL)**

PART 5. PERIOD OF SERVICE

This Work Authorization shall become effective on the date of final acceptance of the parties hereto, and terminate **upon completion of scopes of the work authorization.**

PART 6. RESPONSIBILITIES AND OBLIGATIONS

This Authorization does not waive the parties' responsibilities and obligations provided under the **Agreement**.

PART 7. ACKNOWLEDGEMENT AND CONFIRMATION

Acknowledgement and confirmation by **Hidalgo County Precinct No. 1,** Commissioner, A.C. Cuellar, Jr., as to content and detail of this **Work Authorization No. 1**

HIDALGO COUNTY
COMMISSIONER PRECINCT NO. 1:

BY: A C Cuellar Jr

PART 8. ACCEPTANCE AND APPROVAL

This Work Authorization is hereby accepted, approved by Hidalgo County Commissioners' Court on _____ as indicated below and effective as of ____ day of _____, 2015.

THE LABORATORY:
MILLENNIUM ENGINEERS GROUP, INC.

Raul Palma

By: Raul Palma, President

THE OWNER:
HIDALGO COUNTY

By: Ramon Garcia, County Judge

ATTEST:

By: Arturo Guajardo, Jr., County Clerk

LIST OF ATTACHMENTS

EXHIBIT "A" - Services to be Provided by the Owner
EXHIBIT "B" - Services to be Provided by the Laboratory
EXHIBIT "C" - Work Schedule
EXHIBIT "D" - Cost Proposal

EXHIBIT A

-Scope of Services to be provided by the County

The following provides an outline of the services to be provided by the Owner in the development of Projects (as defined and more particularly identified in Exhibit "A" attached to this Agreement).

General:

The Owner will provide to the Laboratory the following:

1) Provide the authorization to proceed with services through coordination with the project consulting and design Laboratory.
2) Payment for work performed by the Laboratory and accepted by the Owner in accordance with Article 3 of this Agreement.
3) Assistance to the Laboratory, as necessary, to obtain the required data and information from other local, regional, State and Federal agencies the Laboratory cannot easily obtain.
4) Provide any available relevant data the Owner may have on file concerning the projects.
5) Provide timely review and decisions in response to the Laboratory's request for information and/or required submittals and deliverables, in order for the Laboratory to maintain the agreed upon work schedule prepared in accordance with Exhibit "A" attached to this Agreement.
6) Attend and participate in progress meetings as required and as coordinated and conducted by Laboratory.
7) Provide the authorization to proceed with services on project by project basis through consulting design and construction Laboratory.

EXHIBIT B

-Scope of Services to be provided by the Laboratory

Exhibit "B"

Services to be Provided by Laboratory

The services to be provided by the LABORATORY in providing Geotechnical Laboratory Services, Construction Materials Testing Services, Construction Observation Services and Environmental Services for Hidalgo County Precinct No. 1 Projects, **"ON A AS NEEDED BASIS"** and projects is as follows:

A. Preliminary Phase:

(1) Attend preliminary conferences with the OWNER and, if requested, with the funding agency and other government agencies or interested parties regarding the Project.
(2) Provide for the necessary geotechnical investigation and testing necessary to develop the design.
(3) Provide environmental studies as may be necessary to complete a project.
(4) Provide assistance to the OWNER in providing material requirements and specifications for design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, and maintenance projects.
(7) Provide assistance to the OWNER in providing pavement condition studies.

B. Design Phase:

(1) Attend the OWNER'S and respective Party's meeting as requested for the purpose of explaining geotechnical investigation report recommendations and preliminary testing results and their impact to proposed design activities.
(2) Perform any additional geotechnical investigations, testing and environmental studies necessary to collect information required in the design of the Project.
(3) Provide assistance to the OWNER in providing material requirements and specification for design, construction and maintenance projects.
(4) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement condition studies.
(7) Furnish the OWNER all necessary reports for preliminary design, design, construction and maintenance projects.

C. Construction/Maintenance Phase:

(1) Attend the OWNER'S and respective Party's pre-construction and construction meetings as requested for the purpose of explaining geotechnical investigation report recommendation and preliminary testing results and their impact to proposed construction activities and establish coordination and lines of communication for proposed construction materials testing during construction activities.
(2) Consult and advise with the OWNER during construction.

(3) Provide construction materials testing for construction and maintenance projects as required by the project plans and specifications and/or specified by the project design engineer.
(4) Review all material designs as requested by the OWNER and/or project design engineer.
(5) Furnish the OWNER all necessary reports for construction and maintenance projects.
(6) Provide construction inspection services as requested by the OWNER on construction and maintenance projects.

D. Miscellaneous/Other:

(1) Act for OWNER in professional manner, using that degree of care and skill ordinarily exercised by and consistent with the standards of the profession.
(2) Perform all technical services under the general direction of a Licensed Professional Laboratory in the State of Texas and in substantial accordance with the basic requirements of the appropriate Standards of the American Society of Testing and Materials, where applicable, or other standards designated by County.
(3) Employ testing machines which have been calibrated within a period not exceeding twelve (12) months from the time of use by devised of accuracy traceable to the National Institute of Standards and Technology (NIST) of the United States Department of Commerce, and, upon request, submit to the OWNER or its authorized representative documentation of such calibration.
(4) Promptly submit formal construction materials testing reports for all tests, observations, and services performed indicating where applicable, compliance with OWNER specifications or other documents. Such reports shall be completed and factual, citing the tests performed, methods employed, values obtained, parts of the structure and location at which the tests were made.
(5) The plans and specifications prepared under this Agreement shall become the property of the OWNER upon completion of the work and payment in full of all monies due to the Laboratory.
(6) Retain all pertinent records relating to the services performed for a period of five (5) years following submission of all reports, during which period the records will be made available to the Owner within a reasonable time.

NOTE: Change in and/or additional services to Scope will require prior approval from OWNER prior to undertaking.

EXHIBIT C

Work Schedule

Millennium Engineers Group, Inc. will go out to site on an as-needed basis to perform testing services. Services will be provided as requested by project personnel. A 24-hour notice will be required from project personnel.

HIDALGO COUNTY

Professional Construction Material Testing Laboratory Services

Agreement # C-15-319-09-15

WORK AUTHORIZATION NO. 2

THIS WORK AUTHORIZATION is made pursuant to the terms and conditions of Section I.A. of the Agreement made by and between **HIDALGO COUNTY**, action herein by and through the **Commissioner's Court**, hereinafter called the "**Owner**," and, **Millennium Engineers Group, Inc.**, professional Laboratory's of Pharr, Texas, hereinafter called "**Laboratory**".

PART 1. SCOPE OF WORK

The purpose of this Work Authorization is for the **Laboratory** to provide

Construction Materials Engineering and Testing Services for the Spanish Palms Subdivision project.

The scope of services to be provided by the **Owner** is identified in ***EXHIBIT "A" – Scope of Services to be Provided by the Owner*** attached hereto.

The scope of services to be provided by the **Engineer** is identified in ***EXHIBIT "B" – Scope of Services to be Provided by the Laboratory*** attached hereto.

PART 2. ESTIMATED COST

The estimated cost for services under this Work Authorization is $**7,770.25**
This amount is based upon the costs outlined in the Estimated **Cost Proposal** attached hereto as **EXHIBIT "D".**

PART 3. PAYMENT

Compensation and payment to the Engineer for the services established under this Work Authorization shall be made in accordance with **Article**/Part/Section 4 of the Agreement.

PART 4. FUNDING

This Work Authorization No. **2** shall be funded through funding source:
Account No. 5-1345-431-00-121-194-0-721
Requisition Number 286496 **(MUST BE INCLUDED AFTER CC APPROVAL)**

PART 5. PERIOD OF SERVICE

This Work Authorization shall become effective on the date of final acceptance of the parties hereto, and terminate **upon completion of scopes of the work authorization.**

PART 6. RESPONSIBILITIES AND OBLIGATIONS

This Authorization does not waive the parties' responsibilities and obligations provided under the **Agreement**.

PART 7. ACKNOWLEDGEMENT AND CONFIRMATION

Acknowledgement and confirmation by **Hidalgo County Precinct No. 1,** Commissioner, A.C. Cuellar, Jr., as to content and detail of this **Work Authorization No. 2**

HIDALGO COUNTY
COMMISSIONER PRECINCT NO. 1:

BY: _____

PART 8. ACCEPTANCE AND APPROVAL

This Work Authorization is hereby accepted, approved by Hidalgo County Commissioners' Court on _____ as indicated below and effective as of ____ day of _____, 2015.

THE LABORATORY:
MILLENNIUM ENGINEERS GROUP, INC.

_____
By: Raul Palma, President

THE OWNER:
HIDALGO COUNTY

_____
By: Ramon Garcia, County Judge

ATTEST:

_____
By: Arturo Guajardo, Jr., County Clerk

LIST OF ATTACHMENTS

EXHIBIT "A" - Services to be Provided by the Owner
EXHIBIT "B" - Services to be Provided by the Laboratory
EXHIBIT "C" - Work Schedule
EXHIBIT "D" - Cost Proposal

EXHIBIT A

-Scope of Services to be provided by the County

The following provides an outline of the services to be provided by the Owner in the development of Projects (as defined and more particularly identified in Exhibit "A" attached to this Agreement).

General:

The Owner will provide to the Laboratory the following:

1) Provide the authorization to proceed with services through coordination with the project consulting and design Laboratory.
2) Payment for work performed by the Laboratory and accepted by the Owner in accordance with Article 3 of this Agreement.
3) Assistance to the Laboratory, as necessary, to obtain the required data and information from other local, regional, State and Federal agencies the Laboratory cannot easily obtain.
4) Provide any available relevant data the Owner may have on file concerning the projects.
5) Provide timely review and decisions in response to the Laboratory's request for information and/or required submittals and deliverables, in order for the Laboratory to maintain the agreed upon work schedule prepared in accordance with Exhibit "A" attached to this Agreement.
6) Attend and participate in progress meetings as required and as coordinated and conducted by Laboratory.
7) Provide the authorization to proceed with services on project by project basis through consulting design and construction Laboratory.

EXHIBIT B

-Scope of Services to be provided by the Laboratory

Exhibit "B"

Services to be Provided by Laboratory

The services to be provided by the LABORATORY in providing Geotechnical Laboratory Services, Construction Materials Testing Services, Construction Observation Services and Environmental Services for Hidalgo County Precinct No. 1 Projects, "ON A AS NEEDED BASIS" and projects is as follows:

A. Preliminary Phase:

(1) Attend preliminary conferences with the OWNER and, if requested, with the funding agency and other government agencies or interested parties regarding the Project.
(2) Provide for the necessary geotechnical investigation and testing necessary to develop the design.
(3) Provide environmental studies as may be necessary to complete a project.
(4) Provide assistance to the OWNER in providing material requirements and specifications for design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, and maintenance projects.
(7) Provide assistance to the OWNER in providing pavement condition studies.

B. Design Phase:

(1) Attend the OWNER'S and respective Party's meeting as requested for the purpose of explaining geotechnical investigation report recommendations and preliminary testing results and their impact to proposed design activities.
(2) Perform any additional geotechnical investigations, testing and environmental studies necessary to collect information required in the design of the Project.
(3) Provide assistance to the OWNER in providing material requirements and specification for design, construction and maintenance projects.
(4) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement condition studies.
(7) Furnish the OWNER all necessary reports for preliminary design, design, construction and maintenance projects.

C. Construction/Maintenance Phase:

(1) Attend the OWNER'S and respective Party's pre-construction and construction meetings as requested for the purpose of explaining geotechnical investigation report recommendation and preliminary testing results and their impact to proposed construction activities and establish coordination and lines of communication for proposed construction materials testing during construction activities.
(2) Consult and advise with the OWNER during construction.

EXHIBIT C

Work Schedule

Millennium Engineers Group, Inc. will go out to site on an as-needed basis to perform testing services. Services will be provided as requested by project personnel. A 24-hour notice will be required from project personnel.

EXHIBIT D

"Proposal"

Millennium Engineers Group
MEG ENGINEERS
Consultants - Geotechnical - Testing

Work Schedule
Proposed Construction Materials Engineering & Testing Services
Spanish Palms Subdivision Project

☒SOILS SECTION

Task: Flexible Base Sample at Roadway (Per Trip, 2 trips estimated)

Line Item	Qty.	Unit Rate	Estimated Cost
Soil Engineering Technician (hourly)	2.5	47.00	117.50
Standard Proctor (each)	1	200.00	200.00
Atterberg Limits (each)	1	70.00	70.00
Sieve Analysis (each)	1	55.00	55.00
Wet Ball Mill (each)	-	210.00	-
Vehicle trip charge (each)	1	40.00	40.00
Test Report (each)	1	30.00	30.00
Project Engineer (hourly)	0.5	125.00	62.50
Project Management (hourly)	0.25	75.00	18.75
Clerical (hourly)	1	50.00	50.00
Sub-Total (per trip)	1	-	643.75
Sub-Total (per task)	**2**	**643.75**	**1,287.50**

Task: Flexible Base density testing at Roadway (Per Trip, 5 trips estimated)

Line Item	Qty.	Unit Rate	Estimated Cost
Soil Engineering Technician (hourly)	2.5	47.00	117.50
Nuclear density test (each)	3	28.00	84.00
Vehicle trip charge (each)	1	40.00	40.00
Test Report (each)	1	30.00	30.00
Project Engineer (hourly)	0.50	125.00	62.50
Project Management (hourly)	0.25	75.00	18.75
Clerical (hourly)	1	50.00	50.00
Sub-Total (per trip)	1	-	402.75
Sub-Total (per task)	**5**	**402.75**	**2,013.75**

SOILS Section Total **3,301.25**

☒HMAC PAVEMENT SECTION

Task: HMAC Pavement Field Rolling Pattern Testing (Per Trip, 3 trips estimated)

Line Item	Qty.	Unit Rate	Estimated Cost
Asphalt Engineering Technician (hourly)	4	52.00	208.00
Nuclear Density Test (each)	3	28.00	84.00
Vehicle trip charge (each)	1	40.00	40.00
Test Report (each)	1	30.00	30.00
Project Engineer (hourly)	0.5	125.00	62.50
Project Management (hourly)	0.25	75.00	18.75
Clerical (hourly)	1	50.00	50.00
Sub-Total (per trip)	1	-	493.25
Sub-Total (per task)	**3**	**493.25**	**1,479.75**

Task: HMAC Pavement Laboratory Testing (Per Sample, 3 samples estimated)

Line Item	Qty.	Unit Rate	Estimated Cost
Extraction & Gradation, percent asphalt (each)	1	250.00	250.00
Theoretical maximum specific gravity of mixtures (each)	1	60.00	60.00
Lab Density (each)	1	65.00	65.00
Sub-Total (per trip)	1	-	375.00
Sub-Total (per task)	**3**	**375.00**	**1,125.00**

Task: HMAC Pavement Field Coring (Per Trip, 1 trip estimated)

Line Item	Qty.	Unit Rate	Estimated Cost
Asphalt Engineering Technician (hourly)	14	52.00	728.00
Coring Rig (each)	1	95.00	95.00
Asphalt Cores (each)	8	60.00	480.00
Asphalt Core Density (each)	8	40.00	320.00
Vehicle trips (each)	2	40.00	80.00
Test Report (each)	1	30.00	30.00
Project Engineer (hourly)	0.50	125.00	62.50
Project Management (hourly)	0.25	75.00	18.75
Clerical (hourly)	1	50.00	50.00
Sub-Total (per trip)	1	-	1,864.25
Sub-Total (per task)	**1**	**1,864.25**	**1,864.25**

HMAC Pavement Section Total **4,469.00**

Total Estimated Cost **$7,770.25**

GENERAL NOTES:

1. ALL WORK SHALL BE COMPLETED TO THE SATISFACTION OF THE HIDALGO COUNTY PRECINCT No. 2 AND THE CITY OF SAN JUAN.
2. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT RICHARD GARCIA WITH NORTH ALAMO WATER SUPPLY CORP. 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 383-1618 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.
3. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT MR. RAMIRO RAMIREZ WITH THE CITY OF SAN JUAN 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 223-2200 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.
4. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT TxDOT 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 702-6101 FOR THE SPOTTING OF TRAFFIC SIGNAL LOOP DETECTORS AND TO MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.
5. THE CONTRACTOR SHALL BE RESPONSIBLE TO CALL DIG-TESS 48 HOURS PRIOR TO COMMENCEMENT OF WORK FOR UTILITY SPOTTING @ (1-800-DIG-TESS).
6. THE CONTRACTOR TO NOTIFY ALL UTILITY COMPANIES FOR VERIFICATION OF LOCATION OF EXISTING FACILITIES PRIOR TO BEGINNING ANY EXCAVATION.
7. LOCATIONS OF UNDERGROUND FACILITIES ARE FROM BEST INFORMATION AVAILABLE. NEITHER THE OWNER OR ENGINEER, WARRANT THE ACCURACY OF THE INFORMATION PROVIDED. ANY DEVIATIONS SHALL BE CALLED TO THE ENGINEER'S ATTENTION IMMEDIATELY.
8. THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING WITH THE CORRESPONDING UTILITY CORPORATION IN REGARDS TO THE RELOCATION/ADJUSTION OF ANY CONFLICTING UTILITIES. THE RELOCATION/ADJUSTMENT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.
9. THE CONTRACTOR SHALL REMOVE ALL FENCES LOCATED WITHIN THE EASEMENTS AND RIGHT OF WAY, INTERFERING WITH CONSTRUCTION OPERATION AND PROVIDE TEMPORARY FENCING DURING CONSTRUCTION. REMOVED FENCES SHALL BE REPLACED WITH A NEW FENCE OR UNDAMAGED ORIGINAL FENCING. REMOVAL AND REPLACEMENT OF EXISTING AND TEMPORARY FENCES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.
10. ANY DAMAGES TO FENCES, WALKS, OR PRIVATE PROPERTY SHALL BE REPAIRED BY THE CONTRACTOR AT HIS EXPENSE.
11. THE CONTRACTOR SHALL AT ALL TIME PROVIDE ACCESS TO EXISTING RESIDENCES.
12. THE CONTRACTOR IS TO MAINTAIN ALL EQUIPMENT AND TRANSPORTATION OF SAID EQUIPMENT WITHIN THE EXISTING RIGHT-OF-WAYS OF THE CITY, COUNTY OR STATE.
13. NO OPEN EXCAVATION SHALL BE LEFT OPEN OVERNIGHT. ALL EXCAVATIONS WHICH CANNOT BE BACKFILLED OVERNIGHT SHALL BE COVERED, AS A MINIMUM, WITH STEEL PLATING WHEN IN PAVED AND UNPAVED AREAS SUBJECT TO VEHICULAR LOADING; ¾ PLYWOOD, WOOD PLANKING WITH O.S.H.A. ORANGE PLASTIC EXPANDED MESH BARRIER AROUND PERIMETER IN UNPAVED AREAS NOT SUBJECT TO VEHICULAR LOADING, OR AS APPROVED BY THE ENGINEER.
14. THE PREPARATION OF THESE PLANS REFLECTS INFORMATION, PROVIDED BY OTHERS, ON THE APPROXIMATE LOCATION AND EXISTENCE OF EXISTING UTILITY AND ADJACENT PHYSICAL FEATURES. HOWEVER, THEY DO NOT IMPLY OR AFFIRM THAT ALL UTILITIES OR PHYSICAL FEATURES ARE SHOWN. GENERALLY, UTILITY SERVICE CONNECTIONS ARE NOT INDICATED ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR NOTIFICATIONS OF THE OWNER IMMEDIATELY UPON ENCOUNTERING UNFORESEEN CONFLICTS.
15. THE APPROXIMATE LOCATIONS OF KNOWN EXISTING UTILITIES ARE SHOWN, CONTRACTOR SHALL DETERMINE THE EXACT HORIZONTAL AND VERTICAL LOCATIONS IN THE FIELD PRIOR TO COMMENCING WORK. CONTRACTOR TO BE FULLY RESPONSIBLE FOR DAMAGES WHICH MIGHT OCCUR BY HIS FAILURE TO EXACTLY LOCATE AND PRESERVE EXISTING UTILITIES.
16. PUBLIC AND PRIVATE UTILITY LINES AND CUSTOMER SERVICE LINES MAY EXIST THAT ARE NOT SHOWN ON THE CONSTRUCTION DRAWINGS. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO LOCATE, MAINTAIN AND PROTECT THE INTEGRITY OF THESE LINES. HAND EXCAVATION MAY BE REQUIRED. THE CONTRACTOR SHALL RESTORE RELOCATED OR DIVERTED UTILITY TO ITS ORIGINAL CONDITION AND LOCATION WHEN APPLICABLE UPON COMPLETION OF CONSTRUCTION. SAID RESTORATION SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.
17. WHERE NEW WATER LINES AND SEWER LINES ARE INSTALLED WITH A SEPARATION DISTANCE CLOSER THAN NINE FEET (I.E., WATER LINES CROSSING WASTEWATER LINES, WATER LINES PARALLELING WASTEWATER LINES, OR WATER LINES NEXT TO MANHOLES) THE INSTALLATION MUST MEET THE REQUIREMENTS OF 30 TAC 317 (DESIGN OF SEWAGE SYSTEMS) OR 30 TAC 290 (WATER HYGIENE).
18. THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING WATER AND SEWER CONNECTIONS TO ALL HOMES AND BUSINESSES IN WORKING ORDER AT ALL TIMES, EXCEPT FOR BRIEF INTERRUPTIONS IN SERVICE FOR CONNECTIONS TO BE REINSTALLED. IN NO CASE SHALL SERVICES BE ALLOWED TO REMAIN OUT OF SERVICE OVERNIGHT. CONTRACTOR IS RESPONSIBLE FOR ANY DAMAGES TO SAID SERVICES.
19. THE CONTRACTOR SHALL BE RESPONSIBLE TO REPAIR ANY SURFACE IRREGULARITIES, AS DIRECTED BY THE ENGINEER, CAUSED BY THE CONTRACTOR'S WORKING OPERATIONS.
20. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING ADEQUATE DRAINAGE OF EXISTING AND/OR PROPOSED FACILITIES AT ALL TIMES DURING CONSTRUCTION.
21. THE CONTRACTOR SHALL INSURE A 6" MINIMUM COVER FOR DRIVEWAY CULVERTS. THE RELAYING OR REMOVAL OF DRIVEWAY PIPE CULVERTS SHALL BE CONSIDERED SUBSIDIARY TO THE UNIT BID PRICES FOR ROADSIDE DITCH GRADING OF THE PROJECT.
22. THE CONTRACTOR SHALL BE RESPONSIBLE FOR GRADING AREA BETWEEN THE BACK OF CURB/EDGE OF PAVEMENT, ROAD SIDE DITCH AND RIGHT-OF-WAY TO HAVE POSITIVE FLOW TO THE PROPOSED AND/OR EXISTING DRAINAGE SYSTEM. THIS INCLUDES THE ENTIRE LENGTH OF THE ROAD WITHIN THE PROJECT LIMITS. SAID GRADING SHALL SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.
23. ROADSIDE DITCHES SHALL BE REGRADED TO PROVIDE POSITIVE FLOW TO THE EXISTING AND PROPOSED DRAINAGE STRUCTURES. REGRADING ALONG THE ROADSIDE DITCH SHALL BE FROM CULVERT TO CULVERT.
24. THE CONTRACTOR SHALL CLEANUP AND RESTORE THE AREA OF OPERATIONS TO A CONDITION AS GOOD AS OR BETTER THAN THAT WHICH EXISTED PRIOR TO INSTALLATION OF ALL ITEMS TO BE CONSTRUCTED.
25. COUNTY WILL PROVIDE CONTROL POINTS (BENCHMARK AND PROPERTY CORNERS) FOR THE WORK TO BE PERFORMED BY THE CONTRACTOR. CONTRACTOR SHALL BE RESPONSIBLE FOR CONSTRUCTION STAKING, INCLUDING BUT NOT LIMITED TO HORIZONTAL & VERTICAL GRADE CUTS FOR CURB & GUTTER, ROADWAY, STORM DRAIN PIPE, ROADSIDE DITCHES, DRIVEWAY CULVERTS AND DITCH WORK. THE HMAC, BASE AND SUBGRADE SHALL BE GRADED AS PER THE PROPOSED CROSS SLOPE.
26. THE CONTRACTOR SHALL PROVIDE/MAINTAIN ADEQUATE POSITIVE DRAINAGE AT ALL TIMES DURING THE INSTALLATION OF THE STRUCTURES, DRAINAGE, UTILITY, IRRIGATION AND ROAD IMPROVEMENTS. DEWATERING OF THE TRENCH MAY BE REQUIRED DURING THE INSTALLATION OF THE DRAINAGE, UTILITY AND IRRIGATION FACILITIES/STRUCTURES. SAID DEWATERING SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.
27. THE EXISTING ROAD SECTION SHALL BE SCARIFIED AND MIXED WITH NEW CALICHE. ONCE IT IS MIXED IT IS TO BE STABILIZED, PREPARED AND GRADED TO ACHIEVE THE PROPOSED BASE AS PER THE PROPOSED ROAD CROSS SECTION. THE PRODUCT OF THE CRUSHED ASPHALT PAVEMENT (MAX 2" PIECES IN SIZE), SALVAGE CALICHE AND NEW CALICHE SHALL BE TREATED WITH TWO AND A HALF (2.5%) PERCENT LIME BY DRY WEIGHT OF SALVAGE MATERIAL. TREATED MATERIAL SHALL BE DISTRIBUTED TO ACHIEVE THE PROPOSED BASE. THE BASE SHALL BE COMPACTED TO 98% STANDARD PROCTOR DENSITY AND SHALL BE GRADED TO THE CROSS-SLOPE AS PER THE PROPOSED ROAD CROSS-SECTION DETAILS. ANY PREPARATION, STABILIZATION, COMPACTION AND GRADING FOR THE DIFFERENCE BETWEEN THE PROPOSED AND EXISTING ROAD SECTIONS SHALL BE SUBSIDIARY TO THE UNIT BID PRICES FOR THE SCARIFICATION AND PREPARATION OF EXISTING ROAD SECTION (SEE CORE REPORT FOR THE THICKNESS OF THE EXISTING PAVEMENT SECTION).
28. FLEXIBLE BASE AGGREGATE SHALL MEET THE REQUIREMENTS IN THE TABLE BELOW. NEW CALICHE MATERIAL SHALL BE TREATED WITH 0.5% LIME BY DRY WEIGHT OF MATERIAL IF THE PLASTICITY INDEX OF SAID MATERIAL IS GREATER THAN 12.

TYPE E (CALICHE)		
PROPERTY	TEST METHOD	REQUIREMENT

TOPO BY: EDGAR I.
SHEET: G01-04

Drawing: I:\PCT 2\Eldora Road from 1 RD East to Canal\ELDORAGENERAL NOTES.dwg)
Layout Tab: GENERAL NOTES Date: 10/19/2015 Time: 05:24:27 PM

GENERAL NOTES (CONT):

29. THE CONTRACTOR SHALL BE RESPONSIBLE TO FOLLOW ALL T.C.E.Q. STORM WATER POLLUTION PREVENTION PLAN (SWP3) REQUIREMENTS AS PER SWP3 SHEETS AND AS STATED IN TEXAS POLLUTANT DISCHARGE ELIMINATION SYSTEM CONSTRUCTION GENERAL PERMIT (TPDES TXR150000, EFFECTIVE DATE MARCH 5, 2008), INCLUDING N.O.I. SUBMITTAL AND MS4 NOTIFICATION.

30. THE CONTRACTOR IS RESPONSIBLE FOR THE PREPARATION AND SUBMITTAL OF THE TRENCH EXCAVATION PROTECTION PLAN. CONTRACTOR SHALL SUBMIT CONSTRUCTION DETAILS AND DESIGN CALCULATIONS BEARING THE SEAL OF A PROFESSIONAL ENGINEER LICENSED TO PRACTICE IN THE STATE OF TEXAS BEFORE CONSTRUCTING THE SHORING AND/OR UTILIZING A TRENCH PROTECTION SYSTEM (BOX). THE ENGINEER RESERVES THE RIGHT TO REJECT DESIGNS NOT MEETING THE REQUIREMENTS OF SECTION ITEM 402 AND 403.

31. ALL DEBRIS, VEGETATION AND SURPLUS MATERIAL, EXCEPT ROADWAY SECTION, RESULTING FROM DEMOLITION AND/OR CLEARING OF THE RIGHT-OF-WAY AND PROJECT LOCATION, IN PREPARATION OF PROPOSED IMPROVEMENTS, ALONG WITH ANY DEBRIS AND/OR VEGETATION REMOVED FROM THE ROADSIDE DITCH AND CURB AND GUTTER, SHALL BECOME PROPERTY OF THE CONTRACTOR AND SHALL BE PROPERLY DISPOSED OF AT A SITE ACCEPTABLE TO HIDALGO COUNTY PRECINCT NO 2. THE CONTRACTOR SHALL PROVIDE A LETTER STATING SO. THE SAID CLEARING AND DISPOSAL SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED SO. NO EXCESS EXCAVATED MATERIAL SHALL BE DEPOSITED IN LOW AREAS OR ALONG NATURAL DRAINAGE WAYS WITHOUT WRITTEN PERMISSION FROM THE AFFECTED PROPERTY OWNER AND THE HIDALGO COUNTY PRECINCT NO 2. IF THE CONTRACTOR PLACES EXCESS MATERIAL IN THE AREAS WITHOUT WRITTEN PERMISSION, HE WILL BE RESPONSIBLE FOR ALL DAMAGE RESULTING FROM SUCH FILL AND CONTRACTOR SHALL REMOVE THE MATERIAL AT OWN COST.

32. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING WATER VALVES AND MANHOLES TO MATCH PROPOSED FINISH GRADE OF ROADWAY. CONCRETE APRONS SHALL BE INSTALLED TO MATCH TOPS WITH PAVEMENT GRADE. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

33. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE REPLACEMENT/RELOCATION OF ALL REGULATORY SIGNS REMOVED DUE TO CONSTRUCTION OPERATIONS WITH THE SAME SIGN ON FIXED SUPPORT(S) IMMEDIATELY UPON ITS REMOVAL. APPROVAL BY THE ENGINEER IS NECESSARY BEFORE REMOVING ANY REGULATORY ROADWAY SIGN(S). FLAGGERS ARE REQUIRED TO BE AVAILABLE TO DIRECT TRAFFIC DURING SIGN INTERMEDIATE DOWN TIME. RELOCATION OF ANY DIRECTIONAL SIGN ASSEMBLIES REMOVED DURING CONSTRUCTION OPERATIONS, IMMEDIATELY UPON THEIR REMOVAL, IS REQUIRED. ALL SIGNING, BARRICADING AND TRAFFIC CONTROL SHALL CONFORM TO THE LATEST VERSION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES". IN NO CASE WILL A SIGN BE REMOVED WITHOUT A REPLACEMENT SIGN AND SUPPORT(S) BEING READILY AVAILABLE AND A LOCATION ESTABLISHED. REMOVAL AND RELOCATION OF THESE SIGNS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

34. ALL NEW SIGNING SHALL BE IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

35. PAVEMENT SURFACE PREPARATION FOR MARKINGS AND MARKERS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

36. PERMANENT PAVEMENT MARKINGS FOR THIS PROJECT SHALL BE 0.100 INCHES (100 MIL) THICK THERMOPLASTIC. ANY PERMANENT PAVEMENT MARKINGS OR NON-REMOVAL WORK ZONE PAVEMENT MARKINGS LACKING REFLECTIVITY IN ACCORDANCE WITH TEST METHOD TEX 828-B, WILL NOT BE PAID FOR AS PER COUNTY POLICY. THE ROADWAY WILL BE RE-STRIPED AT NO ADDITIONAL COMPENSATION.

37. THE BEADS USED ON THIS PROJECT SHALL MEET THE REQUIREMENTS OF TxDOT MATERIALS SPECIFICATION DMS-8290, GLASS TRAFFIC BEADS TEXAS TYPE II & III. USE A 50% TYPE II/ 50% TYPE III MIX UTILIZING A DOUBLE DROP SYSTEM WITH TYPE III BEADS DROPPED FIRST.

38. THE CONTRACTOR SHALL COORDINATE AN ONSITE MEETING BETWEEN ALL PARTIES INVOLVED, PRIOR TO COMMENCING ANY STRIPING OPERATION. SAID MEETING WILL BE REQUIRED TO REVIEW ANY REQUIREMENTS AND TO ENSURE QUALITY WORK.

39. THE CONTRACTOR SHALL SUBMIT TRAFFIC CONTROL PLAN ON ALL STREET AND ROAD CROSSINGS FOR APPROVAL BY HIDALGO COUNTY PRECINCT No. 2 AND PROJECT ENGINEER PRIOR TO COMMENCEMENT OF WORK. ALL CONSTRUCTION OPERATIONS SHALL BE CONDUCTED TO PROVIDE THE LEAST POSSIBLE INTERFERENCE TO TRAFFIC AS PROVIDED FOR IN THE SPECIFICATIONS, TxDOT STANDARDS, TEXAS M.U.T.C.D. AND/OR AS DIRECTED. THE CONTRACTOR SHALL INSTALL THE APPROPRIATE ALL TRAFFIC CONTROL DEVICES IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

40. THE CONTRACTOR SHALL RELOCATE OR RECONSTRUCT ALL MAIL BOXES TO BE 1' BEHIND BACK OF CURB OR 3' BEHIND EDGE OF PAVEMENT. MAIL BOXES SHALL BE REPLACED TO THE SAME EXISTING CONDITIONS OR BETTER. SAID RELOCATION OF MAIL BOXES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

41. THE CONTRACTOR SHALL EXERCISE DILIGENCE IN THE APPLICATION OF PRIME COAT/ TACK COAT BY THE USE OF FLAGGING AND ROLLING PROCEDURES TO KEEP FROM SPRAYING OR SPLATTERING THE TRAVELING PUBLIC WITH ASPHALT MATERIAL, BLADING MAY ALSO BE NECESSARY TO CLEAN DIRT AND GRASS FROM PAVEMENT EDGES AND TURNOUT AREAS. THE COST OF THIS BLADING WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST.

42. AS NOTED ON THE PLAN AND PROFILES, THE ROAD SECTION ALONG THE TRAFFIC SIGNAL INTERSECTIONS MAY HAVE LOOP DETECTORS PRESENT. THESE AREAS ARE TO BE OVERLAID WITH A TACK COAT AND HMAC ONLY; THERE SHALL BE NO SCARIFICATION IN ORDER NOT TO DAMAGE THE LOOP DETECTORS. ANY POT HOLES IN THIS AREA WILL NEED TO BE FILLED AND REPAIRED BEFORE THE OVERLAY. THE POT HOLE REPAIR SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

43. THE CONTRACTOR SHALL INSTALL LOOP DETECTORS TO REPLACE THOSE DAMAGED OR DESTROYED DUE TO CONSTRUCTION OPERATIONS. BEFORE OPERATIONS BEGIN, ALL EXISTING LOOP DETECTOR SHALL BE NOTED AND THEIR CONFIGURATION AND ORIENTATION OBTAINED FOR REPLACEMENT WITH THE SAME SIZE LOOP DETECTORS. IF DAMAGED, THE LOOP DETECTORS SHALL BE REINSTALLED AT NO ADDITIONAL COMPENSATION.

44. ANY DEVIATION OF LOCATION FOR PROPOSED LOOP DETECTOR WORK SHALL BE AS APPROVED BY THE ENGINEER. INSTALL LOOP VEHICLE DETECTORS IN ACCORDANCE WITH TXDOT LOOP DETECTOR STANDARDS. ALL LOOP DETECTORS SHALL BE RECTANGULAR, CONTRACTOR SHALL USE 2/C #14 AWG SHIELDED FOR LOOP LEAD-INS AND #14 AWG FOR LOOP WIRE IN PAVEMENT. SPLICES FOR LOOP WIRE WILL BE PERMITTED ONLY AT GROUND BOXES OR POLE BASE WITH APPROVED WEATHERPROOF SPLICE KITS. A MINIMUM LENGTH OF 2 FEET FOR EACH CABLE SHALL BE LEFT IN EACH GROUND BOX.

45. ALL WIRING SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE.

46. IF ALTERNATE BID NO. 1 IS AWARDED THE CONTRACTOR SHALL REMOVE AND REPLACE THE METAL BEAM GUARD FENCE AND GUARDRAIL AS NOTED IN THE PLANS.

47. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING INLETS TO THE PROPOSED ELEVATIONS. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

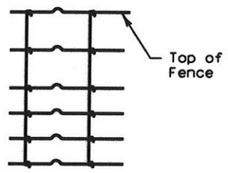
SECTION A-A

GENERAL NOTES

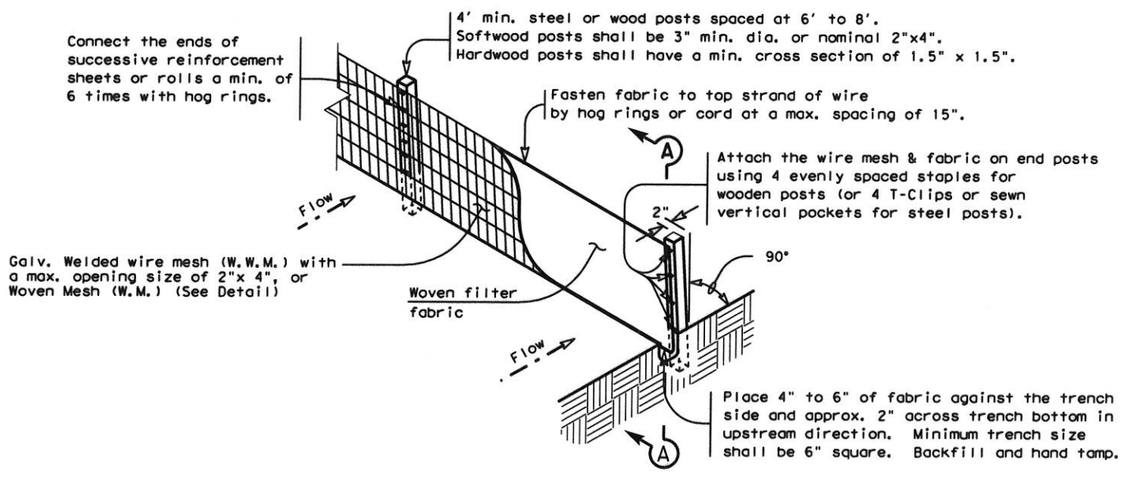
1. The guidelines shown hereon are suggestions only and may be modified by the Engineer.



PLAN SHEET LEGEND

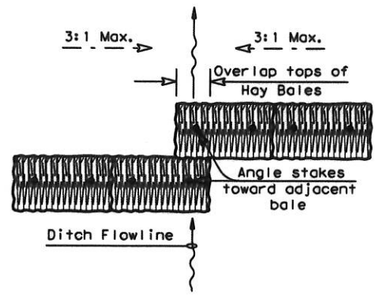
Sediment Control Fence —— SCF ——

SEDIMENT CONTROL FENCE USAGE GUIDELINES



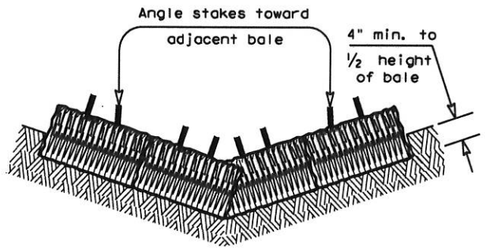
A sediment control fence may be constructed near the downstream perimeter of a disturbed area along a contour to intercept sediment from overland runoff. A 2 year storm frequency may be used to calculate the flow rate to be filtered.

Sediment control fence should be sized to filter a max. flow through rate of 100 GPM/FT^2. Sediment control fence is not recommended to control erosion from a drainage area larger than 2 acres.



Galv. Hinge joint knot woven mesh (12.5 Ga. Min.) requires a minimum of five horizontal wires spaced at a max. 12 inches apart and all vertical wires spaced at a max. 12 inches apart.

Hinge Joint Knot Woven Mesh (Option)



TEMPORARY SEDIMENT CONTROL FENCE

SCF

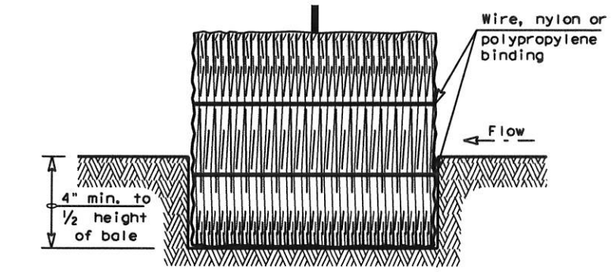
PLAN VIEW

PROFILE VIEW

PLANS SHEET LEGEND

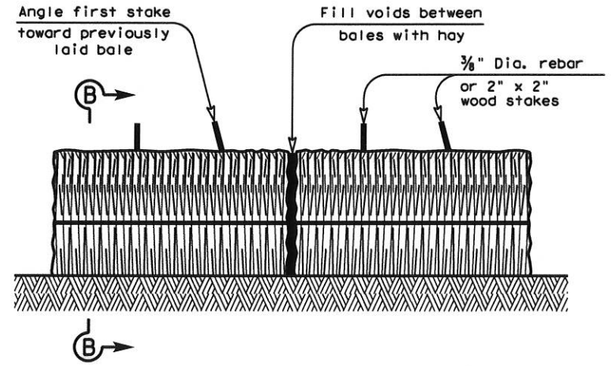
Baled Hay —— BH ——

BALED HAY USAGE GUIDELINES



A Baled Hay installation may be constructed near the downstream perimeter of a disturbed area along a contour to intercept sediment from overland runoff. A two year storm frequency may be used to calculate the flow rate to be filtered. The installation should be sized to filter a maximum flow thru rate of 5 GPM/FT^2 of cross sectional area. Baled hay may be used at the following locations:

1. Where the runoff approaching the baled hay flows over disturbed soil for less than 100'. If the slope of the disturbed soil exceeds 10%, the length of slope upstream the baled hay should be less than 50'.
2. Where the installation will be required for less than 3 months.
3. Where the contributing drainage area is less than ½ acre.



For Baled Hay installations in small ditches, the additional following considerations apply:

1. The ditch sideslopes should be graded as flat as possible to maximize the drainage flowrate thru the hay.
2. The ditch should be graded large enough to contain the overtopping drainage when sediment has filled to the top of the baled hay.

Bales should be replaced usually every 2 months or more often during wet weather when loss of structural integrity is accelerated.

SECTION B-B

BALED HAY FOR EROSION CONTROL

BH

GENERAL NOTES

1. Hay bales shall be a minimum of 30" in length and weigh a minimum of 50 Lbs.
2. Hay bales shall be bound by either wire or nylon or polypropylene string. The bales shall be composed entirely of vegetative matter.
3. Hay bales shall be embedded in the soil a minimum of 4" and where possible ½ the height of the bale.
4. Hay bales shall be placed in a row with ends tightly abutting the adjacent bales. The bales shall be placed with bindings parallel to the ground.
5. Hay bales shall be securely anchored in place with ⅜" Dia. rebar or 2" x 2" wood stakes, driven through the bales. The first stake shall be angled towards the previously laid bale to force the bales together.
6. The guidelines shown hereon are suggestions only and may be modified by the Engineer.

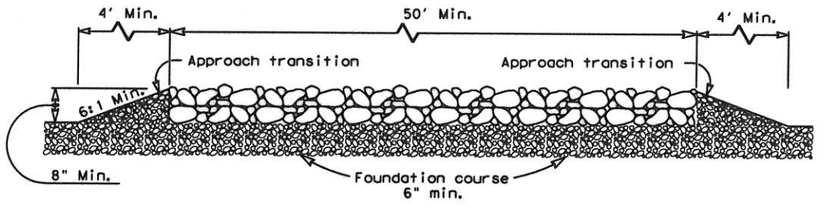
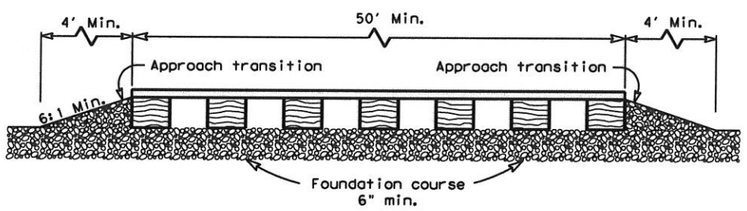
PLAN



PLAN

PLAN

SECTION A-A



PROFILE

CONSTRUCTION EXIT (TYPE 1)

GENERAL NOTES

1. The length of the type 1 construction exit shall be as indicated on the plans, but not less than 50'.
2. The coarse aggregate should be open graded with a size of 4" to 8".
3. The approach transitions should be no steeper than 6:1 and constructed as directed by the Engineer.
4. The construction exit foundation course shall be flexible base, bituminous concrete, portland cement concrete or other material as approved by the Engineer.
5. The construction exit shall be graded to allow drainage to a sediment trapping device.
6. The guidelines shown hereon are suggestions only and may be modified by the Engineer.

PROFILE

CONSTRUCTION EXIT (TYPE 2)

GENERAL NOTES

1. The length of the type 2 construction exit shall be as indicated on the plans, but not less than 50'.
2. The treated timber planks shall be attached to the railroad ties with ½"x 6" min. lag bolts. Other fasteners may be used as approved by the Engineer.
3. The treated timber planks shall be #2 grade min., and should be free from large and loose knots.
4. The approach transitions shall be no steeper than 6:1 and constructed as directed by the Engineer.
5. The construction exit foundation course shall be flexible base, bituminous concrete, portland cement concrete or other material as approved by the Engineer.
6. The construction exit should be graded to allow drainage to a sediment trapping device.
7. The guidelines shown hereon are suggestions only and may be modified by the Engineer.

SECTION A-A

CONSTRUCTION EXIT (TYPE 3)

GENERAL NOTES

1. The length of the type 3 construction exit shall be as shown on the plans, or as directed by the Engineer.
2. The type 3 construction exit may be constructed from open graded crushed stone with a size of two to four inches spread a min. of 4" thick to the limits shown on the plans.
3. The treated timber planks shall be #2 grade min., and should be free from large and loose knots.
4. The guidelines shown hereon are suggestions only and may be modified by the Engineer.

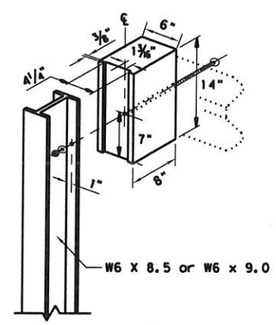
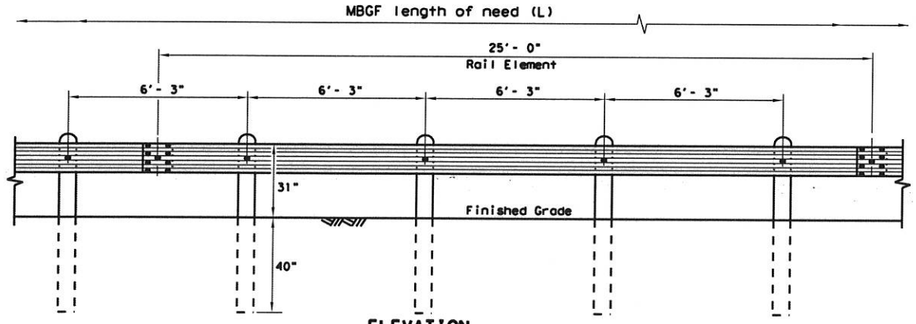
The use of this standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.

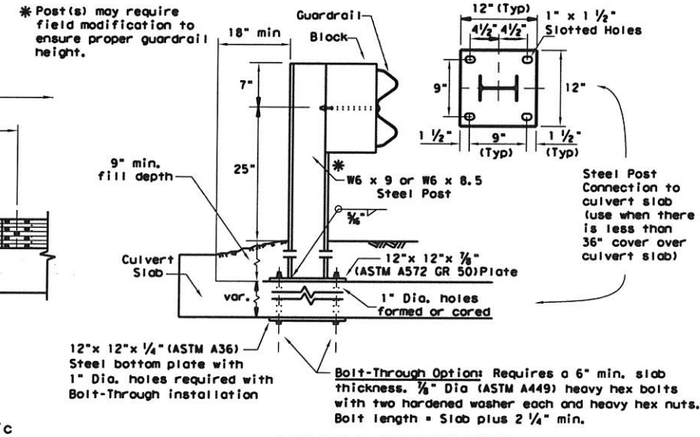


TYPICAL POST



WOOD BLOCK TO ROUND WOOD POST

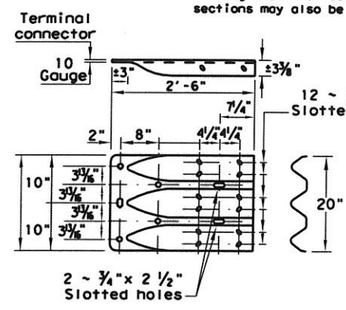
WOOD BLOCK TO RECTANGULAR WOOD POST



WOOD BLOCK TO STEEL POST

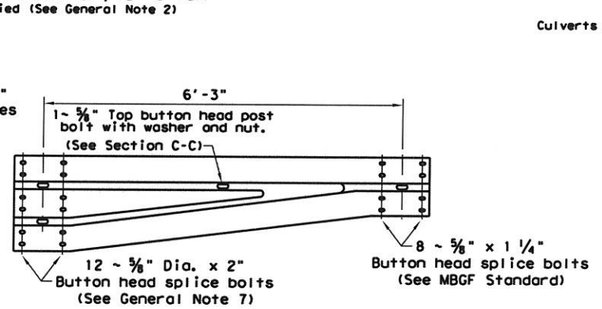
ELEVATION MID-SPAN RAIL SPLICE

Showing a 25'- 0" section of W-Beam rail, 12'- 6" rail sections may also be supplied (See General Note 2)



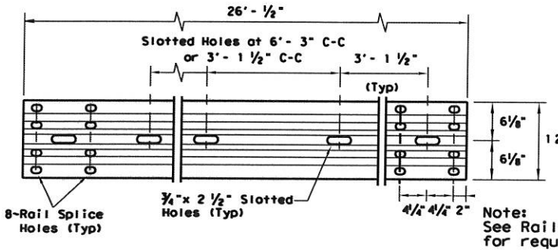
LOW FILL CULVERT POST

Culverts of 25 ft. or less, see GF(31)LS standard for "Long Span" option.

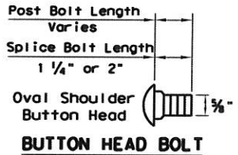


Epoxy Note:
Epoxy Anchor Option: This option may only be used if the culvert slab is 8" min. thick. Threaded anchor rods must be ⅞" Dia. ASTM A449 or A193 Grade B7 with heavy hex nut, and one hardened washer each. Embed anchor rods 6" with Hilti HIT RE 500 epoxy adhesive. Other Type III Class C epoxy adhesives meeting the requirements of DMS-6100, "Epoxies and Adhesives", may be used if it can be demonstrated that they meet or exceed the strength of Hilti HIT RE 500 with the same embedment depth and threaded rod dia. Follow the manufacturer's requirements for installing epoxied threaded rods. Extend rods ¼" min. beyond nut.

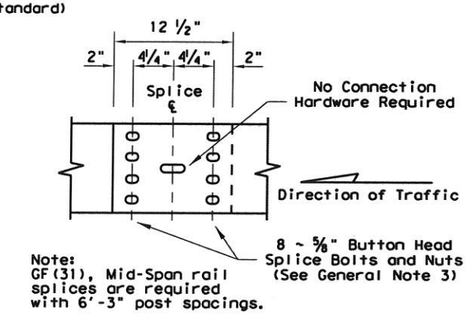
GENERAL NOTES



1. The type of post (round wood post, rectangular wood post, or steel post) will be as shown in the plans. The exact position of MBGF shall be shown in the plans or as directed by the Engineer. Steel posts to be galvanized in accordance with Item 445, "Galvanizing."
2. Rail element shall meet the requirements of Item 540, "Metal Beam Guard Fence" except as modified in the plans. The Contractor may furnish rail elements of 25'- 0", or 12'- 6" (nom.) lengths. Rail elements may have slotted holes at 3'-1½" C-C or 6'-3" C-C. A special length of rail may be manufactured to accommodate the downstream anchor terminal (DAT) and the transition sections of guardrail.
3. Button head "post" bolts (ASTM A307) shall be of sufficient length to extend through the full thickness of the nut (ASTM A563) and Type A (1 ¾" O.D.)washer and not more than 1" beyond it. Button head "splice" bolts (ASTM A307) are ⅝" x 1 ¼" (or 2" long at triple rail splices) with a ⅝" double recessed nut (ASTM A563). Thrie beam "connection" ⅞" dia. (ASTM A325) hex bolts shall be of sufficient length to extend through the full thickness of the rail, washers, and nuts.
4. Fittings (bolts, nuts, and washers) shall be galvanized in accordance with Item 445, "Galvanizing." Fittings shall be subsidiary to the bid item.
5. Crown shall be widened to accommodate the Metal Beam Guard Fence.
6. The lateral approach to the guard fence, shall have a maximum slope of 1V:10H.
7. If shown elsewhere in the plans or as directed by the Engineer, the guard fence may be flared at a rate of 25:1 or flatter.
8. Unless otherwise shown in the plans, guard fence placed in the vicinity of curbs shall be positioned so that the face of curb is located directly below or behind the face of the rail. Rail placed over curbs shall be installed so that the post bolt is located approximately 25 inches above the gutter pan or edge of shoulder.
9. If solid rock is encountered within 0 to 18" of the finished grade, drill a 22" dia. hole, or drill two 12" dia. front to back overlapping holes, 24" into the rock. If solid rock is encountered below 18", drill a 12" dia. hole, 12" into the rock or to the standard embedment depth, whichever maybe less. Any excess post length, after meeting these depths, may be field cut to ensure proper guardrail mounting height. Backfill with a cohesionless material.
10. Posts shall not be set in concrete, of any depth.
11. Special fabrication will be required at installations having a curvature of less than 150 ft. radius.
12. Unless otherwise shown in the plans, a composite material post and/or block that meets the requirements of DMS-7210, "Composite Material Posts and Blocks for Metal Beam Guard Fence" may be substituted for posts and/or blocks of similar dimensions. The Construction Division, TxDOT maintains a Material Producer List (MPL) for producers of materials conforming to DMS-7210. Only producers on the MPL may furnish composite material posts and/or blocks.
13. For posts located partially or wholly between precast box culvert units, the use of a cast-in-place concrete closure between boxes is required. See Detail "A" on Bridge Standard SCP-MD.

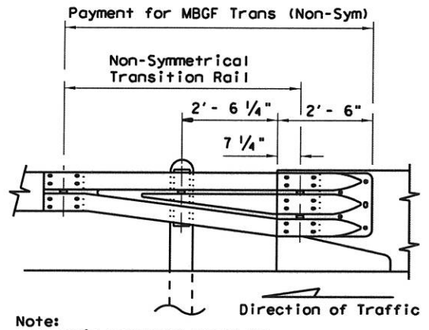


THRIE-BEAM TERMINAL CONNECTION
(SEE GENERAL NOTES 6 & 7 FOR REQUIRED HARDWARE)



NON-SYMMETRICAL TRANSITION TO W-BEAM (10 Gauge)

ELEVATION 25'- 0" (NOM.) W-BEAM SECTION
12'- 6" RAIL SECTIONS MAY ALSO BE SUPPLIED (SEE GENERAL NOTE 2)



BUTTON HEAD BOLT
Post and Splice Bolts (See General Note 3)

Note: GF(31), Mid-Span rail splices are required with 6'-3" post spacings.

MID-SPAN RAIL SPLICE DETAIL

Note: All rail elements shall be lapped in the direction of adjacent traffic.

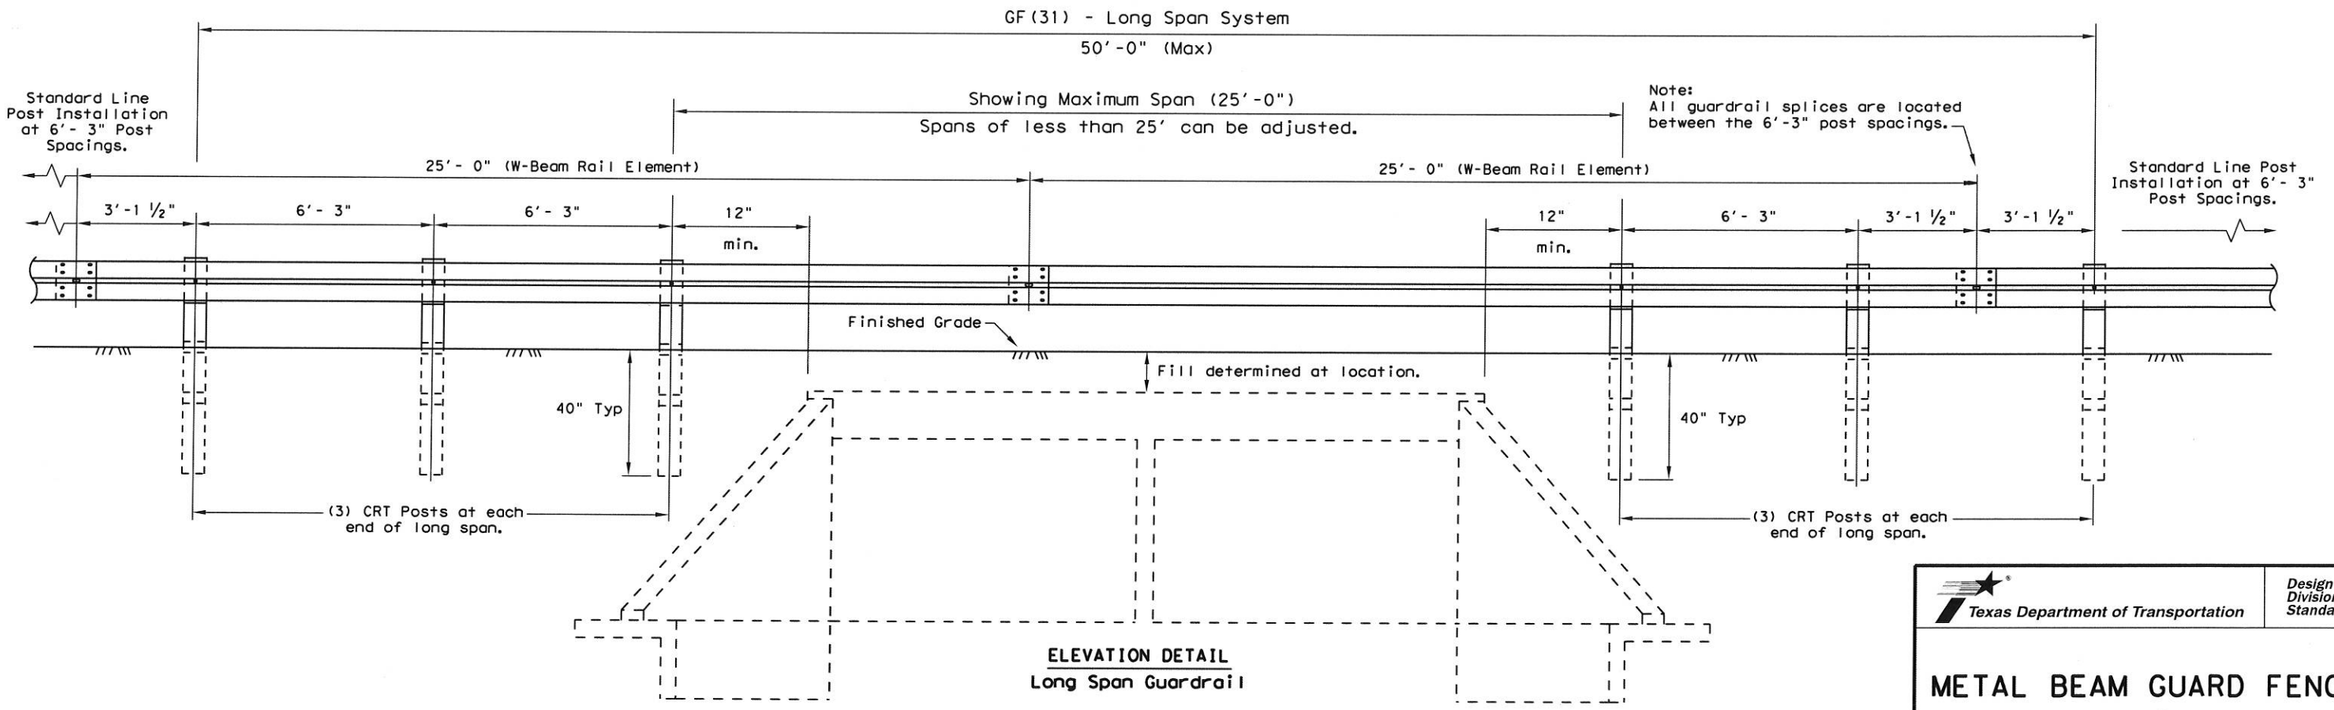
Standard Line Post Installation

Rectangular CRT Post (6"x 8" x 6' Long)

(6) CRT required.
See Elevation Detail for locations.



Lateral Offset Between the Guardrail and the Culvert Headwall

GENERAL NOTES

1. The type of line post (round wood post, rectangular wood post, or steel post) will be as shown in the plans. The exact position of the transitions shall be as shown in the plans or as directed by the Engineer. Steel posts to be galvanized in accordance with Item 445, "Galvanizing."
2. Rail element shall meet all requirements of Item 540, "Metal Beam Guard Fence" except as modified on the plans. The Contractor may furnish rail elements of 12 ½ or 25 foot nominal lengths.
3. Rail post holes are offset 3'- 1 ½" from standard guardrail to accommodate the midspan splicing.
4. Button head post bolts (ASTM A307) shall be of sufficient length to extend through the full thickness of the nut (ASTM A563) and no more than ¾" beyond it. Button head splice bolts (ASTM A307) are ⅝" x 1 ¼" with a ⅝" double recessed nut (ASTM A563). Galvanized fittings (bolts, nuts, and washers) shall be in accordance with Item, "Metal For Structures". Fittings shall be subsidiary to the bid item requiring construction of transition.
5. Where solid rock is encountered or where shown on the plans, the diameter of the holes shall be approximantley 12 inches, the backfilling shall be with a cohesionless material, and embedment depth shall be 1' - 6" or more as directed by the Engineer.
6. Posts shall not be set in concrete, of any depth.
7. Refer to GF(31) Standard Sheet for additional details.

NOTE: Field drilled holes shall be repaired in accordance with Item 445, "Galvanizing". Flame cutting of holes in guardrail shall not be permitted.

BARRICADE AND CONSTRUCTION (BC) STANDARD SHEETS GENERAL NOTES:

1. The Barricade and Construction Standard Sheets (BC sheets) are intended to show typical examples for placement of temporary traffic control devices, construction pavement markings, and typical work zone signs. The information contained in these sheets meet or exceed the requirements shown in the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).

2. The development and design of the Traffic Control Plan (TCP)is the responsibility of the Engineer.

3. The Contractor may propose changes to the TCP that are signed and sealed by a licensed professional engineer for approval. The Engineer may develop, sign and seal Contractor proposed changes.

4. The Contractor is responsible for installing and maintaining the traffic control devices as shown in the plans. The Contractor may not move or change the approximate location of any device without the approval of the Engineer.

5. Geometric design of lane shifts and detours should, when possible, meet the applicable design criteria contained in manuals such as the American Association of State Highway and Transportation Officials (AASHTO), "A Policy on Geometric Design of Highways and Streets," the TxDOT "Roadway Design Manual" or engineering judgment.

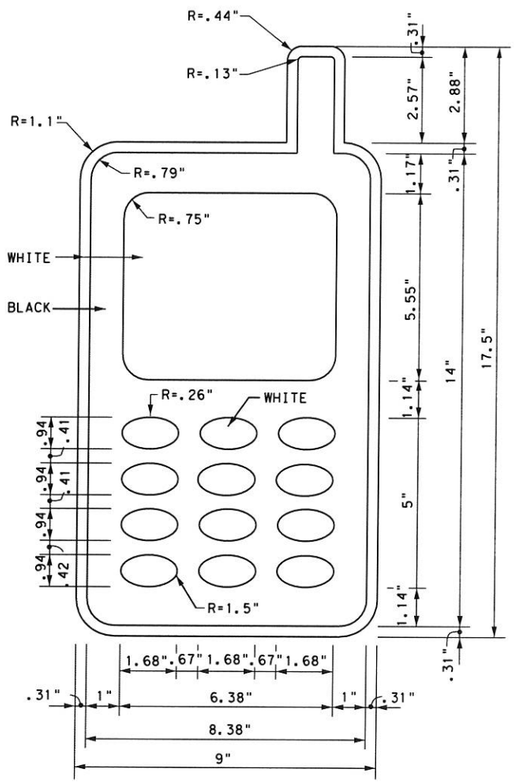
6. When projects abut, the Engineer(s) may omit the END ROAD WORK, TRAFFIC FINES DOUBLE, and other advance warning signs if the signing would be redundant and the work areas appear continuous to the motorists. If the adjacent project is completed first, the Contractor shall erect the necessary warning signs as shown on these sheets, the TCP sheets or as directed by the Engineer. The BEGIN ROAD WORK NEXT X MILES sign shall be revised to show appropriate work zone distance.

7. The Engineer may require duplicate warning signs on the median side of divided highways where median width will permit and traffic volumes justify the signing.

8. All signs shall be constructed in accordance with the details found in the "Standard Highway Sign Designs for Texas," latest edition. Sign details not shown in this manual shall be shown in the plans or the Engineer shall provide a detail to the Contractor before the sign is manufactured.

9. The temporary traffic control devices shown in the illustrations of the BC sheets are examples. As necessary, the Engineer will determine the most appropriate traffic control devices to be used.

10. As shown on BC(2), the OBEY WARNING SIGNS STATE LAW sign, STAY ALERT TALK OR TEXT LATER (see Sign Detail G20-10T) and the WORK ZONE TRAFFIC FINES DOUBLE sign with plaque shall be erected in advance of the CSJ limits. However, the TRAFFIC FINES DOUBLE sign will not be required on projects consisting solely of mobile operation work, such as striping or milling edgeline rumble strips. The BEGIN ROAD WORK NEXT X MILES, CONTRACTOR and END ROAD WORK signs shall be erected at or near the CSJ limits.



11. Except for devices required by Note 10, traffic control devices should be in place only while work is actually in progress or a definite need exists.

12. The Engineer has the final decision on the location of all traffic control devices.

13. Inactive equipment and work vehicles, including workers' private vehicles must be parked away from travel lanes. They should be as close to the right-of-way line as possible, or located behind a barrier or guardrail, or as approved by the Engineer.

WORKER SAFETY APPAREL NOTES:

1. Workers on foot who are exposed to traffic or to construction equipment within the right-of-way shall wear high-visibility safety apparel meeting the requirements of ISEA "American National Standard for High-Visibility Apparel," or equivalent revisions, and labeled as ANSI 107-2004 standard performance for Class 2 or 3 risk exposure. Class 3 garments should be considered for high traffic volume work areas or night time work.

TYPICAL LOCATION OF CROSSROAD SIGNS

(*) May be mounted on back of "ROAD WORK AHEAD"(CW20-1D) sign with approval of Engineer. (See note 2 below)

1. The typical minimum signing on a crossroad approach should be a "ROAD WORK AHEAD" (CW20-1D)sign and a (G20-2) "END ROAD WORK" sign, unless noted otherwise in plans.
2. The Engineer may use the reduced size 36" x 36" ROAD WORK AHEAD (CW20-1D) sign mounted back to back with the reduced size 36" x 18" "END ROAD WORK"(G20-2) sign on low volume crossroads (see Note 4 under "Typical Construction Warning Sign Size and Spacing"). See the "Standard Highway Sign Designs for Texas" manual for sign details. The Engineer may omit the advance warning signs on low volume crossroads. The Engineer will determine whether a road is low volume. This information shall be shown in the plans.
3. Based on existing field conditions, the Engineer/Inspector may require additional signs such as FLAGGER AHEAD, LOOSE GRAVEL, or other appropriate signs. When additional signs are required, these signs will be considered part of the minimum requirements. The Engineer/Inspector will determine the proper location and spacing of any sign not shown on the BC sheets, Traffic Control Plan sheets or the Work Zone Standard Sheets.
4. The "ROAD WORK NEXT X MILES"(G20-1aT)sign shall be required at high volume crossroads to advise motorists of the length of construction in either direction from the intersection. The Engineer will determine whether a roadway is considered high volume.
5. Additional traffic control devices may be shown elsewhere in the plans for higher volume crossroads.
6. When work occurs in the intersection area, appropriate traffic control devices, as shown elsewhere in the plans or as determined by the Engineer/Inspector, shall be in place.

T-INTERSECTION

CSJ LIMITS AT T-INTERSECTION

1. The Engineer will determine the types and location of any additional traffic control devices, such as a flagger and accompanying signs, or other signs, that should be used when work is being performed at or near an intersection.
2. If construction closes the road at a T-intersection the Contractor shall place the "CONTRACTOR NAME"(G20-6T) sign behind the Type 3 Barricades for the road closure (see BC(10) also). The "ROAD WORK NEXT X MILES" left arrow(G20-1bTL) and "ROAD WORK NEXT X MILES" right arrow (G20-1bTR)" signs shall be replaced by the detour signing called for in the plans.

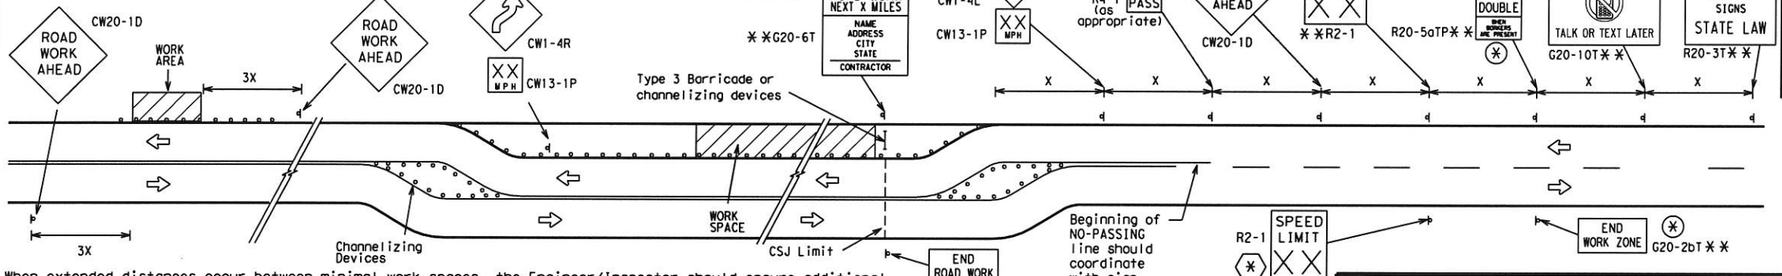
TYPICAL CONSTRUCTION WARNING SIGN SIZE AND SPACING[1,5,6]

SIZE

Sign Number or Series	Conventional Road	Expressway/ Freeway
CW20[4], CW21, CW22, CW23, CW25	48" x 48"	48" x 48"
CW1, CW2, CW7, CW8, CW9, CW11, CW14	36" x 36"	48" x 48"
CW3, CW4, CW5, CW6, CW8-3, CW10, CW12	48" x 48"	48" x 48"

SPACING

Posted Speed	Sign Spacing "X" (Δ)
MPH	Feet (Apprx.)
30	120
35	160
40	240
45	320
50	400
55	500[2]
60	600[2]
65	700[2]
70	800[2]
75	900[2]
80	1000[2]
*	*[3]

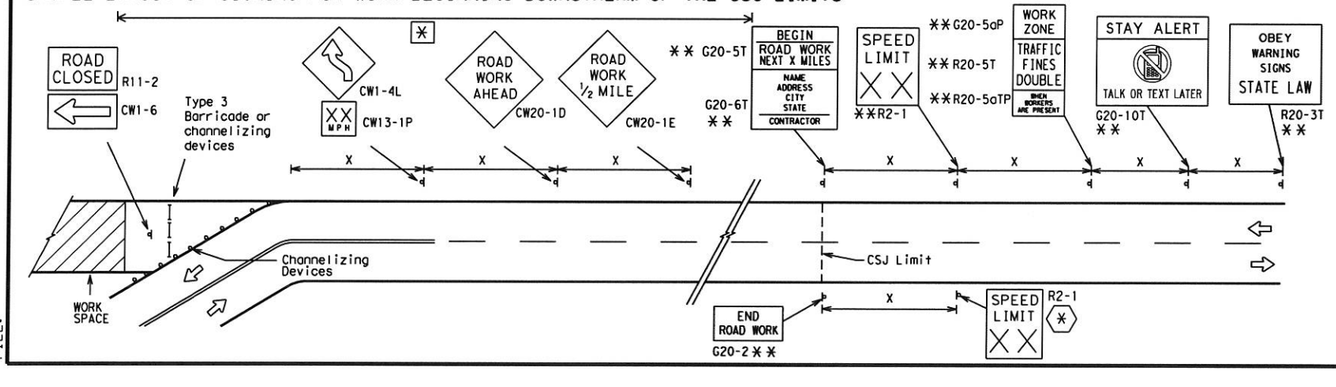


(*) For typical sign spacings on divided highways, expressways and freeways, see Part 6 of the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD) typical application diagrams or TCP Standard Sheets.

(Δ) Minimum distance from work area to first Advance Warning sign nearest the work area and/or distance between each additional sign.

GENERAL NOTES

1. Special or larger size signs may be used as necessary.
2. Distance between signs should be increased as required to have 1500 feet advance warning.
3. Distance between signs should be increased as required to have 1/2 mile or more advance warning.
4. 36" x 36" "ROAD WORK AHEAD" (CW20-1D)signs may be used on low volume crossroads at the discretion of the Engineer. See Note 2 under "Typical Location of Crossroad Signs".
5. Only diamond shaped warning sign sizes are indicated.
6. See sign size listing in "TMUTCD", Sign Appendix or the "Standard Highway Sign Designs for Texas" manual for complete list of available sign design sizes.



WORK AREAS IN MULTIPLE LOCATIONS WITHIN CSJ LIMITS

When extended distances occur between minimal work spaces, the Engineer/Inspector should ensure additional "ROAD WORK AHEAD"(CW20-1D)signs are placed in advance of these work areas to remind drivers they are still within the project limits. See the applicable TCP sheets for exact location and spacing of signs and channelizing devices.

SAMPLE LAYOUT OF SIGNING FOR WORK BEGINNING AT THE CSJ LIMITS

SAMPLE LAYOUT OF SIGNING FOR WORK BEGINNING DOWNSTREAM OF THE CSJ LIMITS

NOTES

The Contractor shall determine the appropriate distance to be placed on the G20-1 series signs and "BEGIN ROAD WORK NEXT X MILES"(G20-5T)sign for each specific project. This distance shall replace the "X" and shall be rounded to the nearest whole mile with the approval of the Engineer. No decimals shall be used.

(*) The "BEGIN WORK ZONE"(G20-9TP) and "END WORK ZONE" (G20-2bT) shall be used as shown on the sample layout when advance signs are required outside the CSJ Limits. They inform the motorist of entering or leaving a part of the work zone lying outside the CSJ Limits where traffic fines may double if workers are present.

* * Required CSJ Limit signing. See Note 10 on BC(1). TRAFFIC FINES DOUBLE signs will not be required on projects consisting solely of mobile operations work.

(*) Area for placement of "ROAD WORK AHEAD" (CW20-1D)sign and other signs or devices as called for on the Traffic Control Plan.

(*) Contractor will install a regulatory speed limit sign at the end of the work zone.

FILE:

TYPICAL APPLICATION OF WORK ZONE SPEED LIMIT SIGNS

Work zone speed limits shall be regulatory, established in accordance with the "Procedures for Establishing Speed Zones," and approved by the Texas Transportation Commission, or by City Ordinance when within Incorporated City Limits.

Reduced speeds should only be posted in the vicinity of work activity and not throughout the entire project.

Regulatory work zone speed signs (R2-1) shall be removed or covered during periods when they are not needed.

GUIDANCE FOR USE:

LONG/INTERMEDIATE TERM WORK ZONE SPEED LIMITS

This type of work zone speed limit should be included on the design of the traffic control plans when restricted geometrics with a lower design speed are present in the work zone and modification of the geometrics to a higher design speed is not feasible.

Long/Intermediate Term Work Zone Speed Limit signs, when approved as described above, should be posted and visible to the motorist when work activity is present. Work activity may also be defined as a change in the roadway that requires a reduced speed for motorists to safely negotiate the work area, including:

a) rough road or damaged pavement surface
b) substantial alteration of roadway geometrics (diversions)
c) construction detours
d) grade
e) width
f) other conditions readily apparent to the driver

As long as any of these conditions exist, the work zone speed limit signs should remain in place.

SHORT TERM WORK ZONE SPEED LIMITS

This type of work zone speed limit may be included on the design of the traffic control plans when workers or equipment are not behind concrete barrier, when work activity is within 10 feet of the traveled way or actually in the travelled way.

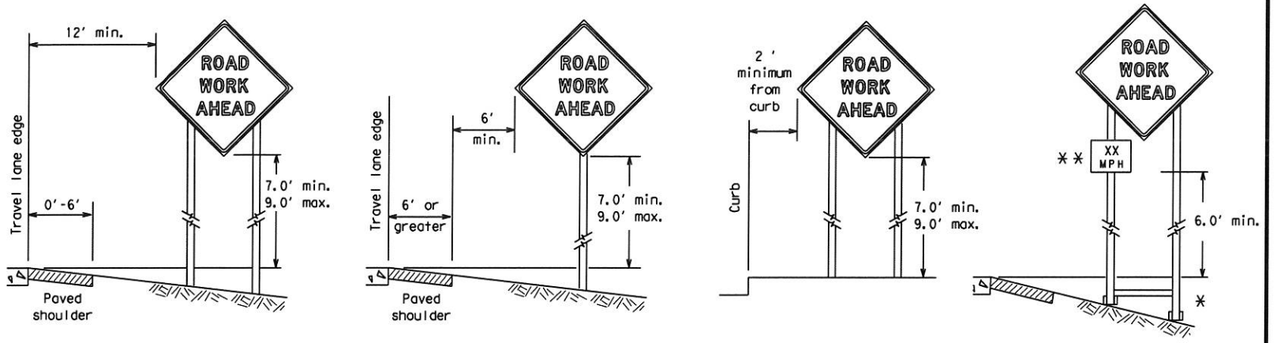
Short Term Work Zone Speed Limit signs should be posted and visible to the motorists only when work activity is present. When work activity is not present, signs shall be removed or covered.
(See Removing or Covering on BC(4)).

GENERAL NOTES

1. Regulatory work zone speed limits should be used only for sections of construction projects where speed control is of major importance.
2. Regulatory work zone speed limit signs shall be placed on supports at a 7 foot minimum mounting height.
3. Speed zone signs are illustrated for one direction of travel and are normally posted for each direction of travel.
4. Frequency of work zone speed limit signs should be:
   40 mph and greater 0.2 to 2 miles
   35 mph and less 0.2 to 1 mile
5. Regulatory speed limit signs shall have black legend and border on a white reflective background (See "Reflective Sheeting" on BC(4)).
6. Fabrication, erection and maintenance of the"ADVANCE SPEED LIMIT"(CW3-5)sign, "WORK ZONE"(G20-5aP) plaque and the "SPEED LIMIT"(R2-1)signs shall not be paid for directly, but shall be considered subsidiary to Item 502.
7. Turning signs from view, laying signs over or down will not be allowed, unless as otherwise noted under "REMOVING OR COVERING" on BC(4).
8. Techniques that may help reduce traffic speeds include but are not limited to:
   A. Law enforcement.
   B. Flagger stationed next to sign.
   C. Portable changeable message sign (PCMS).
   D. Low-power (drone) radar transmitter.
   E. Speed monitor trailers or signs.
9. Speeds shown on details above are for illustration only. Work Zone Speed Limits should only be posted as approved for each project.
10. For more specific guidance concerning the type of work, work zone conditions and factors impacting allowable regulatory construction speed zone reduction see TxDOT form #1204 in the TxDOT e-form system.

Texas Department of Transportation

Traffic Operations Division Standard

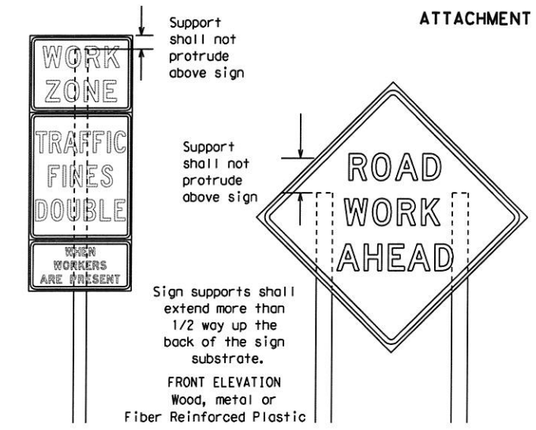


BARRICADE AND CONSTRUCTION WORK ZONE SPEED LIMIT

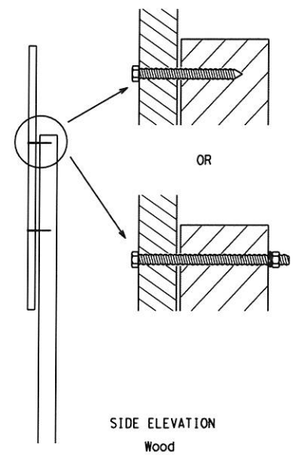
BC(3)-14

FILE: bc-14.dgn	DN: TxDOT	CK: TxDOT	DW: TxDOT	CK: TxDOT
©TxDOT November 2002	CONT	SECT	JOB	HIGHWAY
REVISIONS 9-07 8-14 7-13	DIST	COUNTY		SHEET NO.

DISCLAIMER:
The use of this standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.



TYPICAL MINIMUM CLEARANCES FOR LONG TERM AND INTERMEDIATE TERM SIGNS

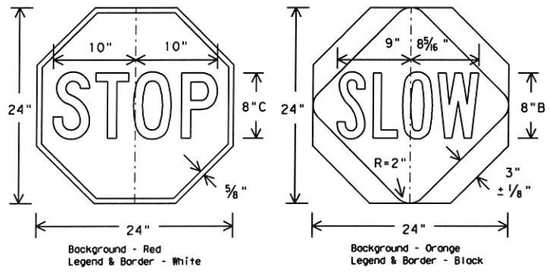


* When placing skid supports on unlevel ground, the leg post lengths must be adjusted so the sign appears straight and plumb. Objects shall NOT be placed under skids as a means of leveling.

** When plaques are placed on dual-leg supports, they should be attached to the upright nearest the travel lane. Supplemental plaques (advisory or distance) should not cover the surface of the parent sign.

ATTACHMENT FOR SIGN SUPPORTS

Splicing embedded perforated square metal tubing in order to extend post height will only be allowed when the splice is made using four bolts, two above and two below the spice point. Splice must be located entirely behind the sign substrate, not near the base of the support. Splice insert lengths should be at least 5 times nominal post size, centered on the splice and of at least the same gauge material.



Attachment to wooden supports will be by bolts and nuts or screws. Use TxDOT's or manufacturer's recommended procedures for attaching sign substrates to other types of sign supports

Nails shall NOT be allowed. Each sign shall be attached directly to the sign support. Multiple signs shall not be joined or spliced by any means. Wood supports shall not be extended or repaired by splicing or other means.

STOP/SLOW PADDLES

1. STOP/SLOW paddles are the primary method to control traffic by flaggers. The STOP/SLOW paddle size should be 24" x 24" as detailed below.
2. When used at night, the STOP/SLOW paddle shall be retroreflectorized.
3. STOP/SLOW paddles may be attached to a staff with a minimum length of 6' to the bottom of the sign.
4. Any lights incorporated into the STOP or SLOW paddle faces shall only be as specifically described in Section 6E.03 Hand Signaling Devices in the TMUTCD.

CONTRACTOR REQUIREMENTS FOR MAINTAINING PERMANENT SIGNS WITHIN THE PROJECT LIMITS

1. Permanent signs are used to give notice of traffic laws or regulations, call attention to conditions that are potentially hazardous to traffic operations, show route designations, destinations, directions, distances, services, points of interest, and other geographical, recreational, or cultural information. Drivers proceeding through a work zone need the same, if not better route guidance as normally installed on a roadway without construction.
2. When permanent regulatory or warning signs conflict with work zone conditions, remove or cover the permanent signs until the permanent sign message matches the roadway condition.
3. When existing permanent signs are moved and relocated due to construction purposes, they shall be visible to motorists at all times.
4. If existing signs are to be relocated on their original supports, they shall be installed on crashworthy bases as shown on the SMD Standard sheets. The signs shall meet the required mounting heights shown on the BC Sheets or the SMD Standards. This work should be paid for under the appropriate pay item for relocating existing signs.
5. If permanent signs are to be removed and relocated using temporary supports, the Contractor shall use crashworthy supports as shown on the BC sheets or the CWZTCD. The signs shall meet the required mounting heights shown on the BC Sheets or the SMD Standards during construction. This work should be paid for under the appropriate pay item for relocating existing signs.
6. Any sign or traffic control device that is struck or damaged by the Contractor or his/her construction equipment shall be replaced as soon as possible by the Contractor to ensure proper guidance for the motorists. This will be subsidiary to Item 502.

GENERAL NOTES FOR WORK ZONE SIGNS

1. Contractor shall install and maintain signs in a straight and plumb condition and/or as directed by the Engineer.
2. Wooden sign posts shall be painted white.
3. Barricades shall NOT be used as sign supports.
4. All signs shall be installed in accordance with the plans or as directed by the Engineer. Signs shall be used to regulate, warn, and guide the traveling public safely through the work zone.
5. The Contractor may furnish either the sign design shown in the plans or in the "Standard Highway Sign Designs for Texas" (SHSD). The Engineer/Inspector may require the Contractor to furnish other work zone signs that are shown in the TMUTCD but may have been omitted from the plans. Any variation in the plans shall be documented by written agreement between the Engineer and the Contractor's Responsible Person. All changes must be documented in writing before being implemented. This can include documenting the changes in the Inspector's TxDOT diary and having both the Inspector and Contractor initial and date the agreed upon changes.
6. The Contractor shall furnish sign supports listed in the "Compliant Work Zone Traffic Control Device List" (CWZTCD). The Contractor shall install the sign support in accordance with the manufacturer's recommendations. If there is a question regarding installation procedures, the Contractor shall furnish the Engineer a copy of the manufacturer's installation recommendations so the Engineer can verify the correct procedures are being followed.
7. The Contractor is responsible for installing signs on approved supports and replacing signs with damaged or cracked substrates and/or damaged or marred reflective sheeting as directed by the Engineer/Inspector.
8. Identification markings may be shown only on the back of the sign substrate. The maximum height of letters and/or company logos used for identification shall be 1 inch.
9. The Contractor shall replace damaged wood posts. New or damaged wood sign posts shall not be spliced.

DURATION OF WORK (as defined by the "Texas Manual on Uniform Traffic Control Devices" Part 6)

1. The types of sign supports, sign mounting height, the size of signs, and the type of sign substrates can vary based on the type of work being performed. The Engineer is responsible for selecting the appropriate size sign for the type of work being performed. The Contractor is responsible for ensuring the sign support, sign mounting height and substrate meets manufacturer's recommendations in regard to crashworthiness and duration of work requirements.
   a. Long-term stationary - work that occupies a location more than 3 days.
   b. Intermediate-term stationary - work that occupies a location more than one daylight period up to 3 days, or nighttime work lasting more than one hour.
   c. Short-term stationary - daytime work that occupies a location for more than 1 hour in a single daylight period.
   d. Short, duration - work that occupies a location up to 1 hour.
   e. Mobile - work that moves continuously or intermittently (stopping for up to approximately 15 minutes.)

SIGN MOUNTING HEIGHT

1. The bottom of Long-term/Intermediate-term signs shall be at least 7 feet, but not more than 9 feet, above the paved surface, except as shown for supplemental plaques mounted below other signs.
2. The bottom of Short-term/Short Duration signs shall be a minimum of 1 foot above the pavement surface but no more than 2 feet above the ground.
3. Long-term/Intermediate-term Signs may be used in lieu of Short-term/Short Duration signing.
4. Short-term/Short Duration signs shall be used only during daylight and shall be removed at the end of the workday or raised to appropriate Long-term/Intermediate sign height.
5. Regulatory signs shall be mounted at least 7 feet, but not more than 9 feet, above the paved surface regardless of work duration.

SIZE OF SIGNS

1. The Contractor shall furnish the sign sizes shown on BC (2) unless otherwise shown in the plans or as directed by the Engineer.

SIGN SUBSTRATES

1. The Contractor shall ensure the sign substrate is installed in accordance with the manufacturer's recommendations for the type of sign support that is being used. The CWZTCD lists each substrate that can be used on the different types and models of sign supports.
2. "Mesh" type materials are NOT an approved sign substrate, regardless of the tightness of the weave.
3. All wooden individual sign panels fabricated from 2 or more pieces shall have one or more plywood cleat, 1/2" thick by 6" wide, fastened to the back of the sign and extending fully across the sign. The cleat shall be attached to the back of the sign using wood screws that do not penetrate the face of the sign panel. The screws shall be placed on both sides of the splice and spaced at 6" centers. The Engineer may approve other methods of splicing the sign face.

REFLECTIVE SHEETING

1. All signs shall be retroreflective and constructed of sheeting meeting the color and retro-reflectivity requirements of DMS-8300 for rigid signs or DMS-8310 for roll-up signs. The web address for DMS specifications is shown on BC(1).
2. White sheeting, meeting the requirements of DMS-8300 Type A, shall be used for signs with a white background.
3. Orange sheeting, meeting the requirements of DMS-8300 Type B_{FL} or Type C_{FL}, shall be used for rigid signs with orange backgrounds.

SIGN LETTERS

1. All sign letters and numbers shall be clear, and open rounded type uppercase alphabet letters as approved by the Federal Highway Administration (FHWA) and as published in the "Standard Highway Sign Design for Texas" manual. Signs, letters and numbers shall be of first class workmanship in accordance with Department Standards and Specifications.

REMOVING OR COVERING

1. When sign messages may be confusing or do not apply, the signs shall be removed or completely covered.
2. Long-term stationary or intermediate stationary signs installed on square metal tubing may be turned away from traffic 90 degrees when the sign message is not applicable. This technique may not be used for signs installed in the median of divided highways or near any intersections where the sign may be seen from approaching traffic.
3. Signs installed on wooden skids shall not be turned at 90 degree angles to the roadway. These signs should be removed or completely covered when not required.
4. When signs are covered, the material used shall be opaque, such as heavy mil black plastic, or other materials which will cover the entire sign face and maintain their opaque properties under automobile headlights at night, without damaging the sign sheeting.
5. Burlap shall NOT be used to cover signs.
6. Duct tape or other adhesive material shall NOT be affixed to a sign face.
7. Signs and anchor stubs shall be removed and holes backfilled upon completion of work.

SIGN SUPPORT WEIGHTS

1. Where sign supports require the use of weights to keep from turning over, the use of sandbags with dry, cohesionless sand should be used.
2. The sandbags will be tied shut to keep the sand from spilling and to maintain a constant weight.
3. Rock, concrete, iron, steel or other solid objects shall not be permitted for use as sign support weights.
4. Sandbags should weigh a minimum of 35 lbs and a maximum of 50 lbs.
5. Sandbags shall be made of a durable material that tears upon vehicular impact. Rubber (such as tire inner tubes) shall NOT be used.
6. Rubber ballasts designed for channelizing devices should not be used for ballast on portable sign supports. Sign supports designed and manufactured with rubber bases may be used when shown on the CWZTCD list.
7. Sandbags shall only be placed along or laid over the base supports of the traffic control device and shall not be suspended above ground level or hung with rope, wire, chains or other fasteners. Sandbags shall be placed along the length of the skids to weigh down the sign support.
8. Sandbags shall NOT be placed under the skid and shall not be used to level sign supports placed on slopes.

FLAGS ON SIGNS

1. Flags may be used to draw attention to warning signs. When used the flag shall be 16 inches square or larger and shall be orange or fluorescent red-orange in color. Flags shall not be allowed to cover any portion of the sign face.

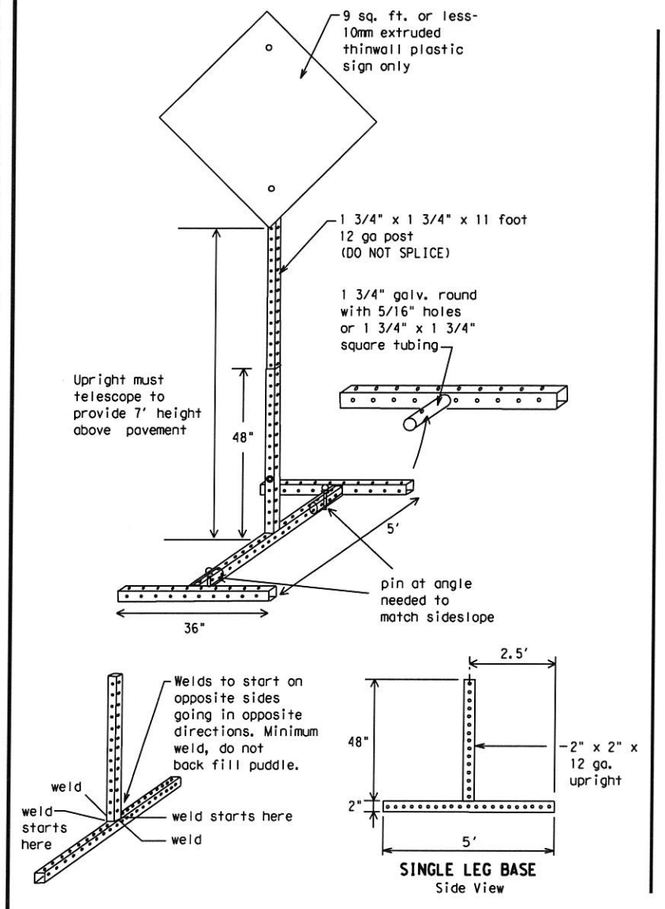
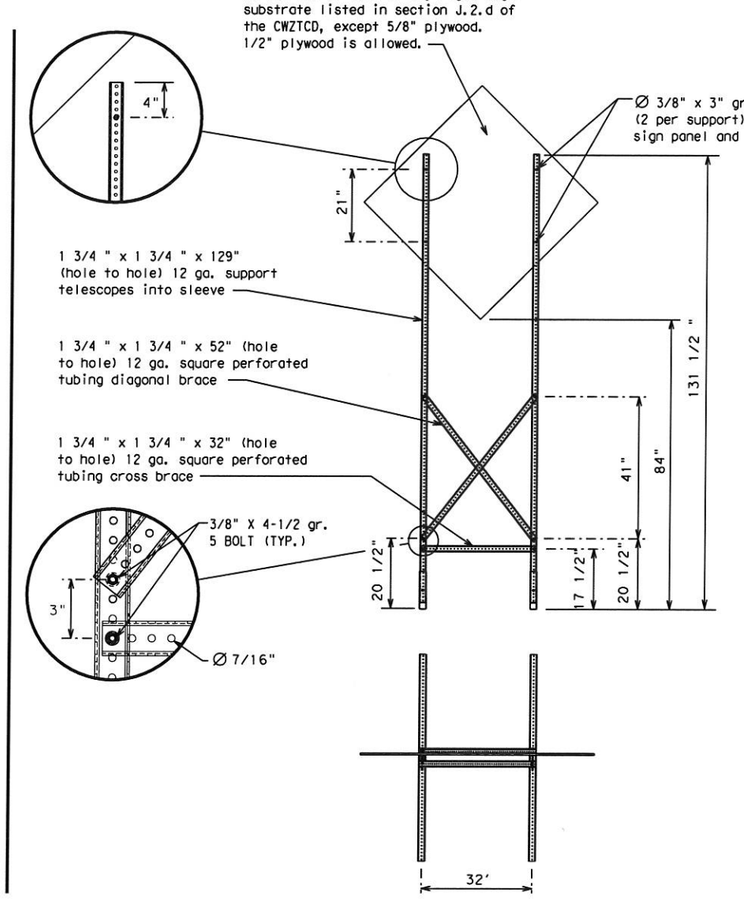
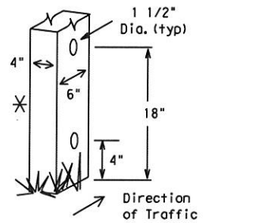
SKID MOUNTED WOOD SIGN SUPPORTS



LONG/INTERMEDIATE TERM STATIONARY - PORTABLE SKID MOUNTED SIGN SUPPORTS □

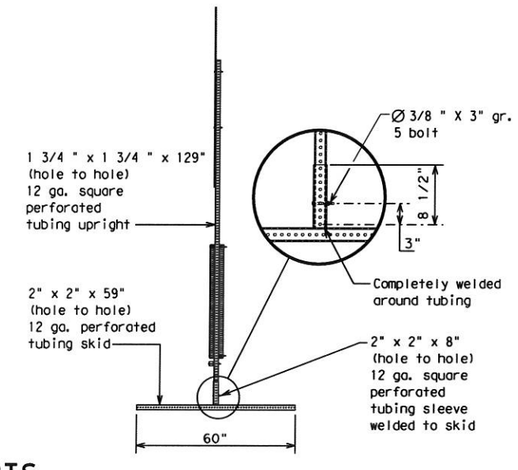




PERFORATED SQUARE METAL TUBING

GROUND MOUNTED SIGN SUPPORTS

Refer to the CWZTCD and the manufacturer's installation procedure for each type sign support.
The maximum sign square footage shall adhere to the manufacturer's recommendation.
Two post installations can be used for larger signs.



Nominal Post Size	Number of Posts	Maximum Sq. feet of Sign Face	Minimum Soil Embedment	Drilled Hole(s) Required
4 x 4	1	12	36"	NO
4 x 4	2	21	36"	NO
4 x 6	1	21	36"	YES
4 x 6	2	36	36"	YES

WOOD POST SYSTEM FOR GROUND MOUNTED SIGN SUPPORTS

WEDGE ANCHORS

Both steel and plastic Wedge Anchor Systems as shown on the SMD Standard Sheets may be used as temporary sign supports for signs up to 10 square feet of sign face. They may be set in concrete or in sturdy soils if approved by the Engineer. (See web address for "Traffic Engineering Standard Sheets" on BC(1)).

OTHER DESIGNS

MORE DETAILS OF APPROVED LONG/INTERMEDIATE AND SHORT TERM SUPPORTS CAN BE FOUND ON THE CWZTCD LIST. SEE BC(1) FOR WEBSITE LOCATION.

GENERAL NOTES

1. Nails may be used in the assembly of wooden sign supports, but 3/8" bolts with nuts or 3/8" x 3 1/2" lag screws must be used on every joint for final connection.
2. No more than 2 sign posts shall be placed within a 7 ft. circle, except for specific materials noted on the CWZTCD List.
3. When project is completed, all sign supports and foundations shall be removed from the project site. This will be considered subsidiary to Item 502.

□ See BC(4) for definition of "Work Duration."

✳ Wood sign posts MUST be one piece. Splicing will NOT be allowed. Posts shall be painted white.

△ See the CWZTCD for the type of sign substrate that can be used for each approved sign support.

WHEN NOT IN USE, REMOVE THE PCMS FROM THE RIGHT-OF-WAY OR PLACE THE PCMS BEHIND BARRIER OR GUARDRAIL WITH SIGN PANEL TURNED PARALLEL TO TRAFFIC

PORTABLE CHANGEABLE MESSAGE SIGNS

1. The Engineer/Inspector shall approve all messages used on portable changeable message signs (PCMS).
2. Messages on PCMS should contain no more than 8 words (about four to eight characters per word), not including simple words such as "TO," "FOR," "AT," etc.
3. Messages should consist of a single phase, or two phases that alternate. Three-phase messages are not allowed. Each phase of the message should convey a single thought, and must be understood by itself.
4. Use the word "EXIT" to refer to an exit ramp on a freeway; i.e., "EXIT CLOSED." Do not use the term "RAMP."
5. Always use the route or interstate designation (IH, US, SH, FM) along with the number when referring to a roadway.
6. When in use the bottom of a stationary PCMS message panel should be a minimum 7 feet above the roadway, where possible.
7. The message term "WEEKEND" should be used only if the work is to start on Saturday morning and end by Sunday evening at midnight. Actual days and hours of work should be displayed on the PCMS if work is to begin on Friday evening and/or continue into Monday morning.
8. The Engineer/Inspector may select one of two options which are available for displaying a two-phase message on a PCMS. Each phase may be displayed for either four seconds each or for three seconds each.
9. Do not "flash" messages or words included in a message. The message should be steady burn or continuous while displayed.
10. Do not present redundant information on a two-phase message; i.e., keeping two lines of the message the same and changing the third line.
11. Do not use the word "Danger" in message.
12. Do not display the message "LANES SHIFT LEFT" or "LANES SHIFT RIGHT" on a PCMS. Drivers do not understand the message.
13. Do not display messages that scroll horizontally or vertically across the face of the sign.
14. The following table lists abbreviated words and two-word phrases that are acceptable for use on a PCMS. Both words in a phrase must be displayed together. Words or phrases not on this list should not be abbreviated, unless shown in the TMUTCD.
15. PCMS character height should be at least 18 inches for trailer mounted units. They should be visible from at least 1/2 (.5) mile and the text should be legible from at least 600 feet at night and 800 feet in daylight. Truck mounted units must have a character height of 10 inches and must be legible from at least 400 feet.
16. Each line of text should be centered on the message board rather than left or right justified.
17. If disabled, the PCMS should default to an illegible display that will not alarm motorists and will only be used to alert workers that the PCMS has malfunctioned. A pattern such as a series of horizontal solid bars is appropriate.

- BEGINS MAY XX
- MAY X-X XX PM - XX AM
- NEXT FRI-SUN
- XX AM TO XX PM
- NEXT TUE AUG XX
- TONIGHT XX PM- XX AM

** See Application Guidelines Note 6.

APPLICATION GUIDELINES

1. Only 1 or 2 phases are to be used on a PCMS.
2. The 1st phase (or both) should be selected from the "Road/Lane/Ramp Closure List" and the "Other Condition List".
3. A 2nd phase can be selected from the "Action to Take/Effect on Travel, Location, General Warning, or Advance Notice Phase Lists".
4. A Location Phase is necessary only if a distance or location is not included in the first phase selected.
5. If two PCMS are used in sequence, they must be separated by a minimum of 1000 ft. Each PCMS shall be limited to two phases, and should be understandable by themselves.
6. For advance notice, when the current date is within seven days of the actual work date, calendar days should be replaced with days of the week. Advance notification should typically be for no more than one week prior to the work.

WORDING ALTERNATIVES

1. The words RIGHT, LEFT and ALL can be interchanged as appropriate.
2. Roadway designations IH, US, SH, FM and LP can be interchanged as appropriate.
3. EAST, WEST, NORTH and SOUTH (or abbreviations E, W, N and S) can be interchanged as appropriate.
4. Highway names and numbers replaced as appropriate.
5. ROAD, HIGHWAY and FREEWAY can be interchanged as needed.
6. AHEAD may be used instead of distances if necessary.
7. FT and MI, MILE and MILES interchanged as appropriate.
8. AT, BEFORE and PAST interchanged as needed.
9. Distances or AHEAD can be eliminated from the message if a location phase is used.

PCMS SIGNS WITHIN THE R.O.W. SHALL BE BEHIND GUARDRAIL OR CONCRETE BARRIER OR SHALL HAVE A MINIMUM OF FOUR (4) PLASTIC DRUMS PLACED PERPENDICULAR TO TRAFFIC ON THE UPSTREAM SIDE OF THE PCMS, WHEN EXPOSED TO ONE DIRECTION OF TRAFFIC. WHEN EXPOSED TO TWO WAY TRAFFIC, THE FOUR DRUMS SHOULD BE PLACED WITH ONE DRUM AT EACH OF THE FOUR CORNERS OF THE UNIT.

FULL MATRIX PCMS SIGNS

1. When Full Matrix PCMS signs are used, the character height and legibility/visibility requirements shall be maintained as listed in Note 15 under "PORTABLE CHANGEABLE MESSAGE SIGNS" above.
2. When symbol signs, such as the "Flagger Symbol"(CW20-7) are represented graphically on the Full Matrix PCMS sign and, with the approval of the Engineer, it shall maintain the legibility/visibility requirement listed above.
3. When symbol signs are represented graphically on the Full Matrix PCMS, they shall only supplement the use of the static sign represented, and shall not substitute for, or replace that sign.
4. A full matrix PCMS may be used to simulate a flashing arrow board provided it meets the visibility, flash rate and dimming requirements on BC(7), for the same size arrow.

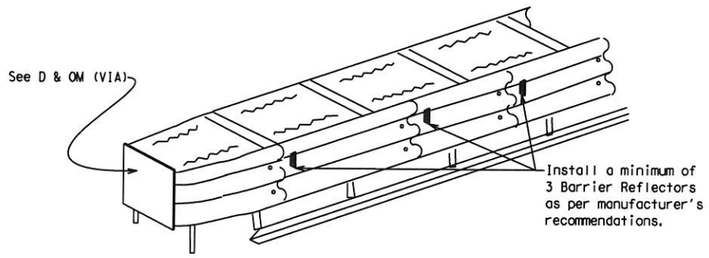
DISCLAIMER:
The use of this standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.

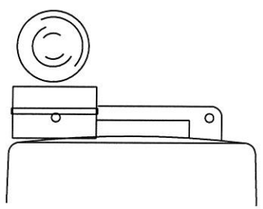
1. Barrier Reflectors shall be pre-qualified, and conform to the color and reflectivity requirements of DMS-8600. A list of prequalified Barrier Reflectors can be found at the Material Producer List web address shown on BC(1).
2. Color of Barrier Reflectors shall be as specified in the TMUTCD. The cost of the reflectors shall be considered subsidiary to Item 512.



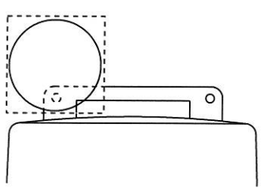
CONCRETE TRAFFIC BARRIER (CTB)

3. Where traffic is on one side of the CTB, two (2) Barrier Reflectors shall be mounted in approximately the midsection of each section of CTB. An alternate mounting location is uniformly spaced at one end of each CTB. This will allow for attachment of a barrier grapple without damaging the reflector. The Barrier Reflector mounted on the side of the CTB shall be located directly below the reflector mounted on top of the barrier, as shown in the detail above.
4. Where CTB separates two-way traffic, three barrier reflectors shall be mounted on each section of CTB. The reflector unit on top shall have two yellow reflective faces (Bi-Directional)while the reflectors on each side of the barrier shall have one yellow reflective face, as shown in the detail above.
5. When CTB separates traffic traveling in the same direction, no barrier reflectors will be required on top of the CTB.
6. Barrier Reflector units shall be yellow or white in color to match the edgeline being supplemented.
7. Maximum spacing of Barrier Reflectors is forty (40) feet.
8. Pavement markers or temporary flexible-reflective roadway marker tabs shall NOT be used as CTB delineation.
9. Attachment of Barrier Reflectors to CTB shall be per manufacturer's recommendations.
10. Missing or damaged Barrier Reflectors shall be replaced as directed by the Engineer.
11. Single slope barriers shall be delineated as shown on the above detail.

LOW PROFILE CONCRETE BARRIER (LPCB)



DELINEATION OF END TREATMENTS



END TREATMENTS FOR CTB'S USED IN WORK ZONES

End treatments used on CTB's in work zones shall meet crashworthy standards as defined in the National Cooperative Highway Research Report 350. Refer to the CWZTCD List for approved end treatments and manufacturers.

BARRIER REFLECTORS FOR CONCRETE TRAFFIC BARRIER AND ATTENUATORS

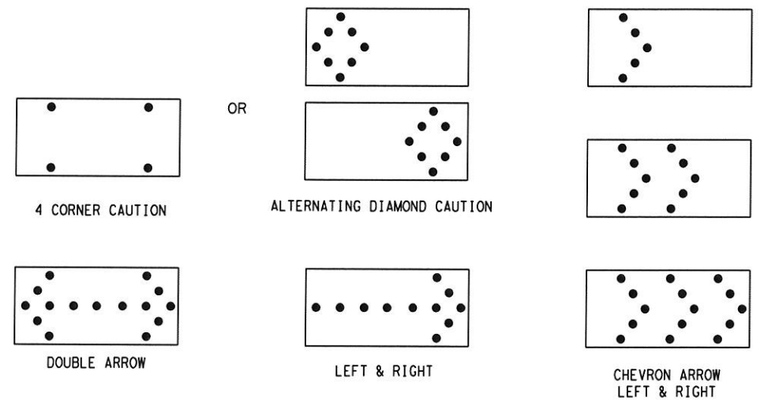
Type C Warning Light or approved substitute mounted on a drum adjacent to the travel way.

Warning reflector may be round or square. Must have a yellow reflective surface area of at least 30 square inches

WARNING LIGHTS

1. Warning lights shall meet the requirements of the TMUTCD.
2. Warning lights shall NOT be installed on barricades.
3. Type A-Low Intensity Flashing Warning Lights are commonly used with drums. They are intended to warn of or mark a potentially hazardous area. Their use shall be as indicated on this sheet and/or other sheets of the plans by the designation "FL". The Type A Warning Lights shall not be used with signs manufactured with Type B_{FL} or C_{FL} Sheeting meeting the requirements of Departmental Material Specification DMS-8300.
4. Type-C and Type D 360 degree Steady Burn Lights are intended to be used in a series for delineation to supplement other traffic control devices. Their use shall be as indicated on this sheet and/or other sheets of the plans by the designation "SB".
5. The Engineer/Inspector or the plans shall specify the location and type of warning lights to be installed on the traffic control devices.
6. When required by the Engineer, the Contractor shall furnish a copy of the warning lights certification. The warning light manufacturer will certify the warning lights meet the requirements of the latest ITE Purchase Specifications for Flashing and Steady-Burn Warning Lights.
7. When used to delineate curves, Type-C and Type D Steady Burn Lights should only be placed on the outside of the curve, not the inside.
8. The location of warning lights and warning reflectors on drums shall be as shown elsewhere in the plans.

WARNING LIGHTS MOUNTED ON PLASTIC DRUMS



1. Type A flashing warning lights are intended to warn drivers that they are approaching or are in a potentially hazardous area.
2. Type A random flashing warning lights are not intended for delineation and shall not be used in a series.
3. A series of sequential flashing warning lights placed on channelizing devices to form a merging taper may be used for delineation. If used, the successive flashing of the sequential warning lights should occur from the beginning of the taper to the end of the merging taper in order to identify the desired vehicle path. The rate of flashing for each light shall be 65 flashes per minute, plus or minus 10 flashes.
4. Type C and D steady-burn warning lights are intended to be used in a series to delineate the edge of the travel lane on detours, on lane changes, on lane closures, and on other similar conditions.
5. Type A, Type C and Type D warning lights shall be installed at locations as detailed on other sheets in the plans.
6. Warning lights shall not be installed on a drum that has a sign, chevron or vertical panel.
7. The maximum spacing for warning lights on drums should be identical to the channelizing device spacing.

WARNING REFLECTORS MOUNTED ON PLASTIC DRUMS AS A SUBSTITUTE FOR TYPE C (STEADY BURN) WARNING LIGHTS

1. A warning reflector or approved substitute may be mounted on a plastic drum as a substitute for a Type C, steady burn warning light at the discretion of the Contractor unless otherwise noted in the plans.
2. The warning reflector shall be yellow in color and shall be manufactured using a sign substrate approved for use with plastic drums listed on the CWZTCD.
3. The warning reflector shall have a minimum retroreflective surface area (one-side) of 30 square inches.
4. Round reflectors shall be fully reflectorized, including the area where attached to the drum.
5. Square substrates must have a minimum of 30 square inches of reflectorized sheeting. They do not have to be reflectorized where it attaches to the drum.
6. The side of the warning reflector facing approaching traffic shall have sheeting meeting the color and retroreflectivity requirements for DMS 8300-Type B or Type C.
7. When used near two-way traffic, both sides of the warning reflector shall be reflectorized.
8. The warning reflector should be mounted on the side of the handle nearest approaching traffic.
9. The maximum spacing for warning reflectors should be identical to the channelizing device spacing requirements.

Arrow Boards may be located behind channelizing devices in place for a shoulder taper or merging taper, otherwise they shall be delineated with four (4) channelizing devices placed perpendicular to traffic on the upstream side of traffic.

1. The Flashing Arrow Board should be used for all lane closures on multi-lane roadways, or slow moving maintenance or construction activities on the travel lanes.
2. Flashing Arrow Boards should not be used on two-lane, two-way roadways, detours, diversions or work on shoulders unless the "CAUTION" display (see detail below) is used.
3. The Engineer/Inspector shall choose all appropriate signs, barricades and/or other traffic control devices that should be used in conjunction with the Flashing Arrow Board.
4. The Flashing Arrow Board should be able to display the following symbols:

5. The "CAUTION" display consists of four corner lamps flashing simultaneously, or the Alternating Diamond Caution mode as shown.
6. The straight line caution display is NOT ALLOWED.
7. The Flashing Arrow Board shall be capable of minimum 50 percent dimming from rated lamp voltage. The flashing rate of the lamps shall not be less than 25 nor more than 40 flashes per minute.
8. Minimum lamp "on time" shall be approximately 50 percent for the flashing arrow and equal intervals of 25 percent for each sequential phase of the flashing chevron.
9. The sequential arrow display is NOT ALLOWED.
10. The flashing arrow display is the TxDOT standard; however, the sequential Chevron display may be used during daylight operations.
11. The Flashing Arrow Board shall be mounted on a vehicle, trailer or other suitable support.
12. A Flashing Arrow Board SHALL NOT BE USED to laterally shift traffic.
13. A full matrix PCMS may be used to simulate a Flashing Arrow Board provided it meets visibility, flash rate and dimming requirements on this sheet for the same size arrow.
14. Minimum mounting height of trailer mounted Arrow Boards should be 7 feet from roadway to bottom of panel.

REQUIREMENTS			
TYPE	MINIMUM SIZE	MINIMUM NUMBER OF PANEL LAMPS	MINIMUM VISIBILITY DISTANCE
B	30 x 60	13	3/4 mile
C	48 x 96	15	1 mile

ATTENTION

Flashing Arrow Boards shall be equipped with automatic dimming devices.

WHEN NOT IN USE, REMOVE THE ARROW BOARD FROM THE RIGHT-OF-WAY OR PLACE THE ARROW BOARD BEHIND CONCRETE TRAFFIC BARRIER OR GUARDRAIL.

FLASHING ARROW BOARDS

TRUCK-MOUNTED ATTENUATORS

1. Truck-mounted attenuators (TMA) used on TxDOT facilities must meet the requirements outlined in the National Cooperative Highway Research Report No. 350 (NCHRP 350) or the Manual for Assessing Safety Hardware (MASH).
2. Refer to the CWZTCD for the requirements of Level 2 or Level 3 TMAs.
3. Refer to the CWZTCD for a list of approved TMAs.
4. TMAs are required on freeways unless otherwise noted in the plans.
5. A TMA should be used anytime that it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the work performance.
6. The only reason a TMA should not be required is when a work area is spread down the roadway and the work crew is an extended distance from the TMA.

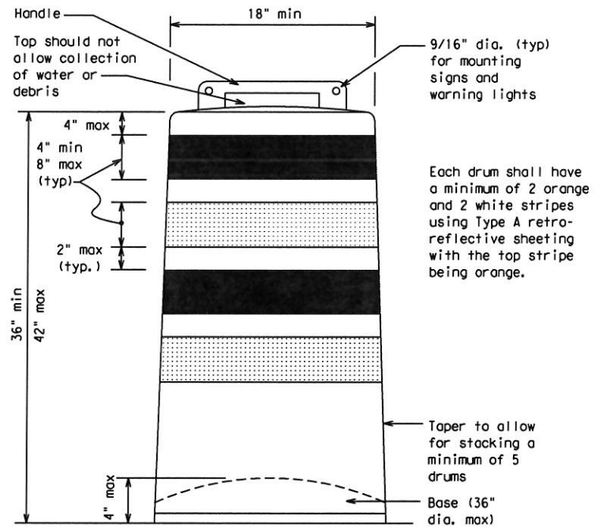
GENERAL NOTES

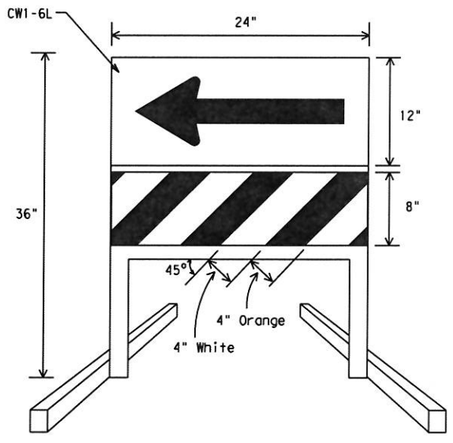
1. For long term stationary work zones on freeways, drums shall be used as the primary channelizing device.
2. For intermediate term stationary work zones on freeways, drums should be used as the primary channelizing device but may be replaced in tangent sections by vertical panels, or 42" two-piece cones. In tangent sections one-piece cones may be used with the approval of the Engineer but only if personnel are present on the project at all times to maintain the cones in proper position and location.
3. For short term stationary work zones on freeways, drums are the preferred channelizing device but may be replaced in tapers, transitions and tangent sections by vertical panels, two-piece cones or one-piece cones as approved by the Engineer.
4. Drums and all related items shall comply with the requirements of the current version of the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD) and the "Compliant Work Zone Traffic Control Devices List" (CWZTCD).
5. Drums, bases, and related materials shall exhibit good workmanship and shall be free from objectionable marks or defects that would adversely affect their appearance or serviceability.
6. The Contractor shall have a maximum of 24 hours to replace any plastic drums identified for replacement by the Engineer/Inspector. The replacement device must be an approved device.

GENERAL DESIGN REQUIREMENTS

Pre-qualified plastic drums shall meet the following requirements:



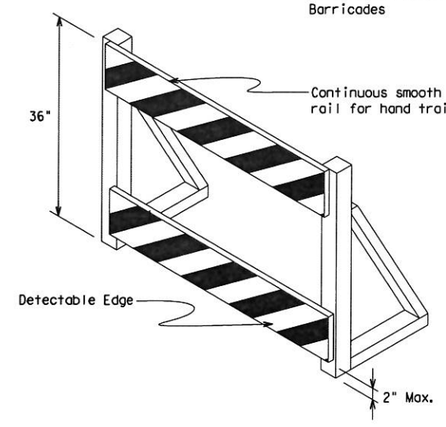
1. Plastic drums shall be a two-piece design; the "body" of the drum shall be the top portion and the "base" shall be the bottom.
2. The body and base shall lock together in such a manner that the body separates from the base when impacted by a vehicle traveling at a speed of 20 MPH or greater but prevents accidental separation due to normal handling and/or air turbulence created by passing vehicles.
3. Plastic drums shall be constructed of lightweight flexible, and deformable materials. The Contractor shall NOT use metal drums or single piece plastic drums as channelization devices or sign supports.
4. Drums shall present a profile that is a minimum of 18 inches in width at the 36 inch height when viewed from any direction. The height of drum unit (body installed on base) shall be a minimum of 36 inches and a maximum of 42 inches.
5. The top of the drum shall have a built-in handle for easy pickup and shall be designed to drain water and not collect debris. The handle shall have a minimum of two widely spaced 9/16 inch diameter holes to allow attachment of a warning light, warning reflector unit or approved compliant sign.
6. The exterior of the drum body shall have a minimum of four alternating orange and white retroreflective circumferential stripes not less than 4 inches nor greater than 8 inches in width. Any non-reflectorized space between any two adjacent stripes shall not exceed 2 inches in width.
7. Bases shall have a maximum width of 36 inches, a maximum height of 4 inches, and a minimum of two footholds of sufficient size to allow base to be held down while separating the drum body from the base.
8. Plastic drums shall be constructed of ultra-violet stabilized, orange, high-density polyethylene (HDPE) or other approved material.
9. Drum body shall have a maximum unballasted weight of 11 lbs.
10. Drum and base shall be marked with manufacturer's name and model number.



RETROREFLECTIVE SHEETING

1. The stripes used on drums shall be constructed of sheeting meeting the color and retroreflectivity requirements of Departmental Materials Specification DMS-8300, "Sign Face Materials." Type A reflective sheeting shall be supplied unless otherwise specified in the plans.
2. The sheeting shall be suitable for use on and shall adhere to the drum surface such that, upon vehicular impact, the sheeting shall remain adhered in-place and exhibit no delaminating, cracking, or loss of retroreflectivity other than that loss due to abrasion of the sheeting surface.

BALLAST



1. Unballasted bases shall be large enough to hold up to 50 lbs. of sand. This base, when filled with the ballast material, should weigh between 35 lbs (minimum) and 50 lbs (maximum). The ballast may be sand in one to three sandbags separate from the base, sand in a sand-filled plastic base, or other ballasting devices as approved by the Engineer. Stacking of sandbags will be allowed, however height of sandbags above pavement surface may not exceed 12 inches.
2. Bases with built-in ballast shall weigh between 40 lbs. and 50 lbs. Built-in ballast can be constructed of an integral crumb rubber base or a solid rubber base.
3. Recycled truck tire sidewalls may be used for ballast on drums approved for this type of ballast on the CWZTCD list.
4. The ballast shall not be heavy objects, water, or any material that would become hazardous to motorists, pedestrians, or workers when the drum is struck by a vehicle.
5. When used in regions susceptible to freezing, drums shall have drainage holes in the bottoms so that water will not collect and freeze becoming a hazard when struck by a vehicle.
6. Ballast shall not be placed on top of drums.
7. Adhesives may be used to secure base of drums to pavement.

DIRECTION INDICATOR BARRICADE

1. The Direction Indicator Barricade may be used in tapers, transitions, and other areas where specific directional guidance to drivers is necessary.
2. If used, the Direction Indicator Barricade should be used in series to direct the driver through the transition and into the intended travel lane.
3. The Direction Indicator Barricade shall consist of One-Direction Large Arrow (CW1-6) sign in the size shown with a black arrow on a background of Type B_{FL} or Type C_{FL} Orange retroreflective sheeting above a rail with Type A retroreflective sheeting in alternating 4" white and orange stripes sloping downward at an angle of 45 degrees in the direction road users are to pass. Sheeting types shall be as per DMS 8300.
4. Double arrows on the Direction Indicator Barricade will not be allowed.
5. Approved manufacturers are shown on the CWZTCD List. Ballast shall be as approved by the manufacturers instructions.

DETECTABLE PEDESTRIAN BARRICADES

1. When existing pedestrian facilities are disrupted, closed, or relocated in a TTC zone, the temporary facilities shall be detectable and include accessibility features consistent with the features present in the existing pedestrian facility.
2. Where pedestrians with visual disabilities normally use the closed sidewalk, a device that is detectable by a person with a visual disability traveling with the aid of a long cane shall be placed across the full width of the closed sidewalk.
3. Detectable pedestrian barricades similar to the one pictured above, longitudinal channelizing devices, some concrete barriers, and wood or chain link fencing with a continuous detectable edging can satisfactorily delineate a pedestrian path.
4. Tape, rope, or plastic chain strung between devices are not detectable, do not comply with the design standards in the "Americans with Disabilities Act Accessibility Guidelines for Buildings and Facilities (ADAAG)" and should not be used as a control for pedestrian movements.
5. Warning lights shall not be attached to detectable pedestrian barricades.
6. Detectable pedestrian barricades may use 8" nominal barricade rails as shown on BC(10) provided that the top rail provides a smooth continuous rail suitable for hand trailing with no splinters, burrs, or sharp edges.

18" x 24" Sign
(Maximum Sign Dimension)
Chevron CW1-8, Opposing Traffic Lane Divider, Driveway sign D70a, Keep Right R4 series or other signs as approved by Engineer

12" x 24"
Vertical Panel
mount with diagonals sloping down towards travel way

Plywood, Aluminum or Metal sign substrates shall NOT be used on plastic drums

SIGNS, CHEVRONS, AND VERTICAL PANELS MOUNTED ON PLASTIC DRUMS

1. Signs used on plastic drums shall be manufactured using substrates listed on the CWZTCD.
2. Chevrons and other work zone signs with an orange background shall be manufactured with Type B_{FL} or Type C_{FL} Orange sheeting meeting the color and retroreflectivity requirements of DMS-8300, "Sign Face Material," unless otherwise specified in the plans.
3. Vertical Panels shall be manufactured with orange and white sheeting meeting the requirements of DMS-8300 Type A Diagonal stripes on Vertical Panels shall slope down toward the intended traveled lane.
4. Other sign messages (text or symbolic) may be used as approved by the Engineer. Sign dimensions shall not exceed 18 inches in width or 24 inches in height, except for the R9 series signs discussed in note 8 below.
5. Signs shall be installed using a 1/2 inch bolt (nominal) and nut, two washers, and one locking washer for each connection.
6. Mounting bolts and nuts shall be fully engaged and adequately torqued. Bolts should not extend more than 1/2 inch beyond nuts.
7. Chevrons may be placed on drums on the outside of curves, on merging tapers or on shifting tapers. When used in these locations they may be placed on every drum or spaced not more than on every third drum. A minimum of three (3) should be used at each location called for in the plans.
8. R9-9, R9-10, R9-11 and R9-11a Sidewalk Closed signs which are 24 inches wide may be mounted on plastic drums, with approval of the Engineer.

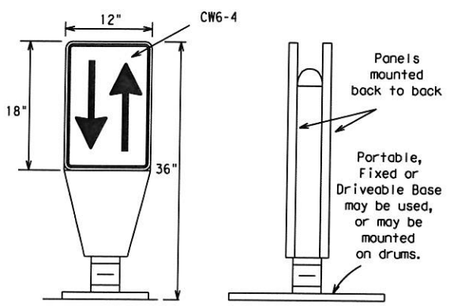
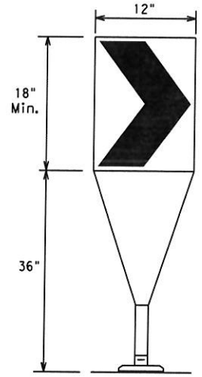
FIXED
(Rigid or self-righting)

DRIVEABLE



(Rigid or self-righting)

PORTABLE

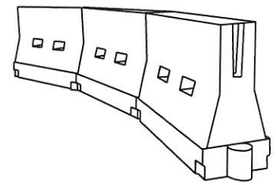


1. Vertical Panels (VP's) are normally used to channelize traffic or divide opposing lanes of traffic.
2. VP's may be used in daytime or nighttime situations. They may be used at the edge of shoulder drop-offs and other areas such as lane transitions where positive daytime and nighttime delineation is required. The Engineer/Inspector shall refer to the Roadway Design Manual Appendix B "Treatment of Pavement Drop-offs in Work Zones" for additional guidelines on the use of VP's for drop-offs.
3. VP's should be mounted back to back if used at the edge of cuts adjacent to two-way two lane roadways. Stripes are to be reflective orange and reflective white and should always slope downward toward the travel lane.
4. VP's used on expressways and freeways or other high speed roadways, may have more than 270 square inches of retroreflective area facing traffic.
5. Self-righting supports are available with portable base. See "Compliant Work Zone Traffic Control Devices List" (CWZTCD).
6. Sheeting for the VP's shall be retroreflective Type A conforming to Departmental Material Specification DMS-8300, unless noted otherwise.
7. Where the height of reflective material on the vertical panel is 36 inches or greater, a panel stripe of 6 inches shall be used.

VERTICAL PANELS (VPs)

1. Opposing Traffic Lane Dividers (OTLD) are delineation devices designed to convert a normal one-way roadway section to two-way operation. OTLD's are used on temporary centerlines. The upward and downward arrows on the sign's face indicate the direction of traffic on either side of the divider. The base is secured to the pavement with an adhesive or rubber weight to minimize movement caused by a vehicle impact or wind gust.
2. The OTLD may be used in combination with 42" cones or VPs.
3. Spacing between the OTLD shall not exceed 500 feet. 42" cones or VPs placed between the OTLD's should not exceed 100 foot spacing.
4. The OTLD shall be orange with a black non-reflective legend. Sheeting for the OTLD shall be retroreflective Type B_{FL} or Type C_{FL} conforming to Departmental Material Specification DMS-8300, unless noted otherwise. The legend shall meet the requirements of DMS-8300.

OPPOSING TRAFFIC LANE DIVIDERS (OTLD)



Fixed Base w/ Approved Adhesive (Driveable Base, or Flexible Support can be used)

1. The chevron shall be a vertical rectangle with a minimum size of 12 by 18 inches.
2. Chevrons are intended to give notice of a sharp change of alignment with the direction of travel and provide additional emphasis and guidance for vehicle operators with regard to changes in horizontal alignment of the roadway.
3. Chevrons, when used, shall be erected on the outside of a sharp curve or turn, or on the far side of an intersection. They shall be in line with and at right angles to approaching traffic. Spacing should be such that the motorist always has three in view, until the change in alignment eliminates its need.
4. To be effective, the chevron should be visible for at least 500 feet.
5. Chevrons shall be orange with a black nonreflective legend. Sheeting for the chevron shall be retroreflective Type B_{FL} or Type C_{FL} conforming to Departmental Material Specification DMS-8300, unless noted otherwise. The legend shall meet the requirements of DMS-8300.
6. For Long Term Stationary use on tapers or transitions on freeways and divided highways self-righting chevrons may be used to supplement plastic drums but not to replace plastic drums.

CHEVRONS

GENERAL NOTES

1. Work Zone channelizing devices illustrated on this sheet may be installed in close proximity to traffic and are suitable for use on high or low speed roadways. The Engineer/Inspector shall ensure that spacing and placement is uniform and in accordance with the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).
2. Channelizing devices shown on this sheet may have a driveable, fixed or portable base. The requirement for self-righting channelizing devices must be specified in the General Notes or other plan sheets.
3. Channelizing devices on self-righting supports should be used in work zone areas where channelizing devices are frequently impacted by errant vehicles or vehicle related wind gusts making alignment of the channelizing devices difficult to maintain. Locations of these devices shall be detailed elsewhere in the plans. These devices shall conform to the TMUTCD and the "Compliant Work Zone Traffic Control Devices List" (CWZTCD).
4. The Contractor shall maintain devices in a clean condition and replace damaged, nonreflective, faded, or broken devices and bases as required by the Engineer/Inspector. The Contractor shall be required to maintain proper device spacing and alignment.
5. Portable bases shall be fabricated from virgin and/or recycled rubber. The portable bases shall weigh a minimum of 30 lbs.
6. Pavement surfaces shall be prepared in a manner that ensures proper bonding between the adhesives, the fixed mount bases and the pavement surface. Adhesives shall be prepared and applied according to the manufacturer's recommendations.
7. The installation and removal of channelizing devices shall not cause detrimental effects to the final pavement surfaces, including pavement surface discoloration or surface integrity. Driveable bases shall not be permitted on final pavement surfaces. The Engineer/Inspector shall approve all application and removal procedures of fixed bases.

LONGITUDINAL CHANNELIZING DEVICES (LCD)

1. LCDs are crashworthy, lightweight, deformable devices that are highly visible, have good target value and can be connected together. They are not designed to contain or redirect a vehicle on impact.
2. LCDs may be used instead of a line of cones or drums.
3. LCDs shall be placed in accordance to application and installation requirements specific to the device, and used only when shown on the CWZTCD list.
4. LCDs should not be used to provide positive protection for obstacles, pedestrians or workers.
5. LCDs shall be supplemented with retroreflective delineation as required for temporary barriers on BC(7) when placed roughly parallel to the travel lanes.
6. LCDs used as barricades placed perpendicular to traffic should have at least one row of reflective sheeting meeting the requirements for barricade rails as shown on BC(10) placed near the top of the LCD along the full length of the device.

WATER BALLASTED SYSTEMS USED AS BARRIERS

1. Water ballasted systems used as barriers shall not be used solely to channelize road users, but also to protect the work space per the appropriate NCHRP 350 crashworthiness requirements based on roadway speed and barrier application.
2. Water ballasted systems used to channelize vehicular traffic shall be supplemented with retroreflective delineation or channelizing devices to improve daytime/nighttime visibility. They may also be supplemented with pavement markings.
3. Water ballasted systems used as barriers shall be placed in accordance to application and installation requirements specific to the device, and used only when shown on the CWZTCD list.
4. Water ballasted systems used as barriers should not be used for a merging taper except in low speed (less than 45 MPH) urban areas. When used on a taper in a low speed urban area, the taper shall be delineated and the taper length should be designed to optimize road user operations considering the available geometric conditions.
5. When water ballasted systems used as barriers have blunt ends exposed to traffic, they should be attenuated as per manufacturer recommendations or flared to a point outside the clear zone.

If used to channelize pedestrians, longitudinal channelizing devices or water ballasted systems must have a continuous detectable bottom for users of long canes and the top of the unit shall not be less than 32 inches in height.

HOLLOW OR WATER BALLASTED SYSTEMS USED AS LONGITUDINAL CHANNELIZING DEVICES OR BARRIERS

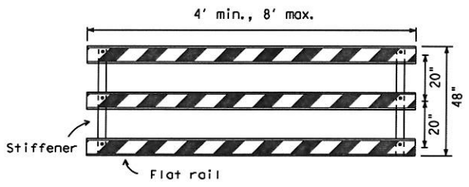
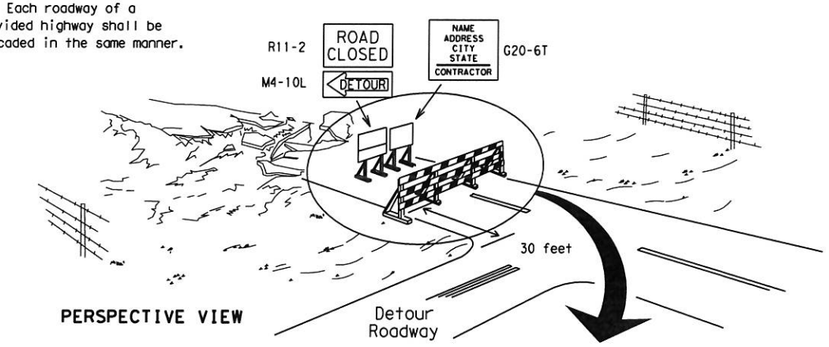
DISCLAIMER:
The use of this standard is governed by the "Texas Engineering Practice Act". No warranty of any kind is made by TxDOT for any purpose whatsoever. TxDOT assumes no responsibility for the conversion of this standard to other formats or for incorrect results or damages resulting from its use.



TYPE 3 BARRICADES

1. Refer to the Compliant Work Zone Traffic Control Devices List (CWZTCD) for details of the Type 3 Barricades and a list of all materials used in the construction of Type 3 Barricades.
2. Type 3 Barricades shall be used at each end of construction projects closed to all traffic.
3. Barricades extending across a roadway should have stripes that slope downward in the direction toward which traffic must turn in detouring. When both right and left turns are provided, the chevron striping may slope downward in both directions from the center of the barricade. Where no turns are provided at a closed road striping should slope downward in both directions toward the center of roadway.
4. Striping of rails, for the right side of the roadway, should slope downward to the left. For the left side of the roadway, striping should slope downward to the right.
5. Identification markings may be shown only on the back of the barricade rails. The maximum height of letters and/or company logos used for identification shall be 1".
6. Barricades shall not be placed parallel to traffic unless an adequate clear zone is provided.
7. Warning lights shall NOT be installed on barricades.
8. Where barricades require the use of weights to keep from turning over, the use of sandbags with dry, cohesionless sand is recommended. The sandbags will be tied shut to keep the sand from spilling and to maintain a constant weight. Sand bags shall not be stacked in a manner that covers any portion of a barricade rails reflective sheeting. Rock, concrete, iron, steel or other solid objects will NOT be permitted. Sandbags should weigh a minimum of 35 lbs and a maximum of 50 lbs. Sandbags shall be made of a durable material that tears upon vehicular impact. Rubber (such as tire inner tubes) shall not be used for sandbags. Sandbags shall only be placed along or upon the base supports of the device and shall not be suspended above ground level or hung with rope, wire, chains or other fasteners.
9. Sheeting for barricades shall be retroreflective Type A conforming to Departmental Material Specification DMS-8300 unless otherwise noted.

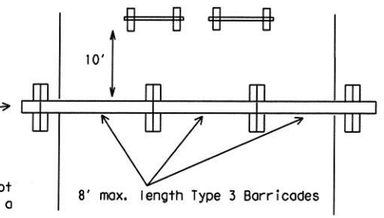
Barricades shall NOT be used as a sign support.



TYPICAL STRIPING DETAIL FOR BARRICADE RAIL

Stiffener may be inside or outside of support, but no more than 2 stiffeners shall be allowed on one barricade.

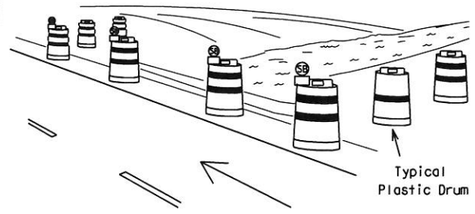
TYPICAL PANEL DETAIL FOR SKID OR POST TYPE BARRICADES



Each roadway of a divided highway shall be barricaded in the same manner.

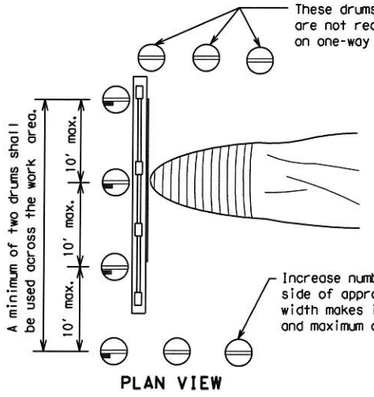
PERSPECTIVE VIEW

The three rails on Type 3 barricades shall be reflectorized orange and reflective white stripes on one side facing one-way traffic and both sides for two-way traffic.



Barricade striping should slant downward in the direction of detour.

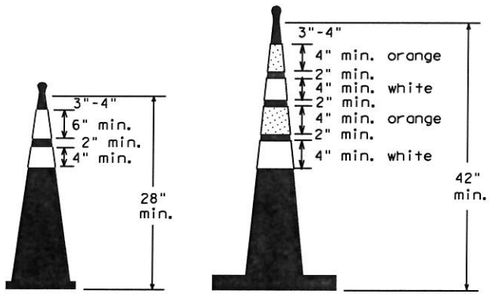
PLAN VIEW



1. Signs should be mounted on independent supports at a 7 foot mounting height in center of roadway. The signs should be a minimum of 10 feet behind Type 3 Barricades.
2. Advance signing shall be as specified elsewhere in the plans.

TYPE 3 BARRICADE (POST AND SKID) TYPICAL APPLICATION

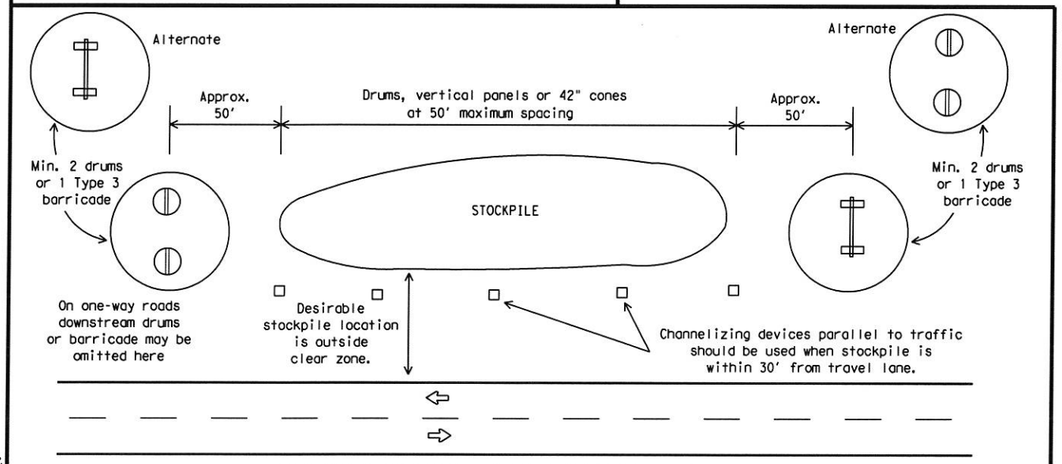
PERSPECTIVE VIEW



1. Where positive redirectional capability is provided, drums may be omitted.
2. Plastic construction fencing may be used with drums for safety as required in the plans.
3. Vertical Panels on flexible support may be substituted for drums when the shoulder width is less than 4 feet.
4. When the shoulder width is greater than 12 feet, steady-burn lights may be omitted if drums are used.
5. Drums must extend the length of the culvert widening.

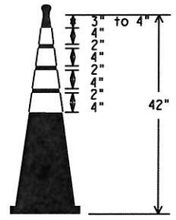
PLAN VIEW

LEGEND	
	Plastic drum
	Plastic drum with steady burn light or yellow warning reflector
SB	Steady burn warning light or yellow warning reflector



CULVERT WIDENING OR OTHER ISOLATED WORK WITHIN THE PROJECT LIMITS

28" Cones shall have a minimum weight of 9 1/2 lbs.



42" 2-piece cones shall have a minimum weight of 30 lbs. including base.

1. Traffic cones and tubular markers shall be predominantly orange, and meet the height and weight requirements shown above.
2. One-piece cones have the body and base of the cone molded in one consolidated unit. Two-piece cones have a cone shaped body and a separate rubber base, or ballast, that is added to keep the device upright and in place.
3. Two-piece cones may have a handle or loop extending up to 8" above the minimum height shown, in order to aid in retrieving the device.
4. Cones or tubular markers used at night shall have white or white and orange reflective bands as shown above. The reflective bands shall have a smooth, sealed outer surface and meet the requirements of Departmental Material Specification DMS-8300 Type A.
5. 28" cones and tubular markers are generally suitable for short duration and short-term stationary work as defined on BC(4). These should not be used for intermediate-term or long-term stationary work unless personnel is on-site to maintain them in their proper upright position.
6. 42" two-piece cones, vertical panels or drums are suitable for all work zone durations.
7. Cones or tubular markers used on each project should be of the same size and shape.

TRAFFIC CONTROL FOR MATERIAL STOCKPILES

THIS DEVICE SHALL NOT BE USED ON PROJECTS LET AFTER MARCH 2014.

EDGELINE CHANNELIZER

1. This device is intended only for use in place of a vertical panel to channelize traffic by indicating the edge of the travel lane. It is not intended to be used in transitions or tapers.
2. This device shall not be used to separate lanes of traffic (opposing or otherwise) or warn of objects.
3. This device is based on a 42 inch, two-piece cone with an alternate striping pattern: four 4 inch retroreflective bands, with an approximate 2 inch gap between bands. The color of the band should correspond to the color of the edgeline (yellow for left edgeline, white for right edgeline) for which the device is substituted or for which it supplements. The reflectorized bands shall be retroreflective Type A conforming to Departmental Material Specification DMS-8300, unless otherwise noted.
4. The base must weigh a minimum of 30 lbs.

WORK ZONE PAVEMENT MARKINGS

GENERAL

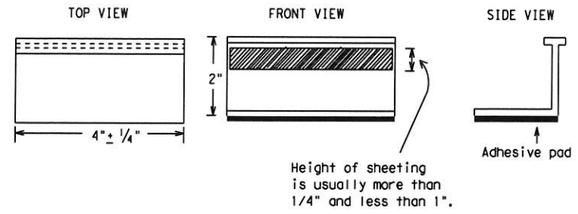
1. The Contractor shall be responsible for maintaining work zone and existing pavement markings, in accordance with the standard specifications and special provisions, on all roadways open to traffic within the CSJ limits unless otherwise stated in the plans.
2. Color, patterns and dimensions shall be in conformance with the "Texas Manual on Uniform Traffic Control Devices" (TMUTCD).
3. Additional supplemental pavement marking details may be found in the plans or specifications.
4. Pavement markings shall be installed in accordance with the TMUTCD and as shown on the plans.
5. When short term markings are required on the plans, short term markings shall conform with the TMUTCD, the plans and details as shown on the Standard Plan Sheet WZ(STPM).
6. When standard pavement markings are not in place and the roadway is opened to traffic, DO NOT PASS signs shall be erected to mark the beginning of the sections where passing is prohibited and PASS WITH CARE signs at the beginning of sections where passing is permitted.
7. All work zone pavement markings shall be installed in accordance with Item 662, "Work Zone Pavement Markings."

RAISED PAVEMENT MARKERS

1. Raised pavement markers are to be placed according to the patterns on BC(12).
2. All raised pavement markers used for work zone markings shall meet the requirements of Item 672, "RAISED PAVEMENT MARKERS" and Departmental Material Specification DMS-4200 or DMS-4300.

PREFABRICATED PAVEMENT MARKINGS

1. Removable prefabricated pavement markings shall meet the requirements of DMS-8241.
2. Non-removable prefabricated pavement markings (foil back) shall meet the requirements of DMS-8240.



MAINTAINING WORK ZONE PAVEMENT MARKINGS

1. The Contractor will be responsible for maintaining work zone pavement markings within the work limits.
2. Work zone pavement markings shall be inspected in accordance with the frequency and reporting requirements of work zone traffic control device inspections as required by Form 599.
3. The markings should provide a visible reference for a minimum distance of 300 feet during normal daylight hours and 160 feet when illuminated by automobile low-beam headlights at night, unless sight distance is restricted by roadway geometrics.
4. Markings failing to meet this criteria within the first 30 days after placement shall be replaced at the expense of the Contractor as per Specification Item 662.

REMOVAL OF PAVEMENT MARKINGS

1. Pavement markings that are no longer applicable, could create confusion or direct a motorist toward or into the closed portion of the roadway shall be removed or obliterated before the roadway is opened to traffic.
2. The above shall not apply to detours in place for less than three days, where flaggers and/or sufficient channelizing devices are used in lieu of markings to outline the detour route.
3. Pavement markings shall be removed to the fullest extent possible, so as not to leave a discernable marking. This shall be by any method approved by TxDOT Specification Item 677 for "Eliminating Existing Pavement Markings and Markers".
4. The removal of pavement markings may require resurfacing or seal coating portions of the roadway as described in Item 677.
5. Subject to the approval of the Engineer, any method that proves to be successful on a particular type pavement may be used.
6. Blast cleaning may be used but will not be required unless specifically shown in the plans.
7. Over-painting of the markings SHALL NOT BE permitted.
8. Removal of raised pavement markers shall be as directed by the Engineer.
9. Removal of existing pavement markings and markers will be paid for directly in accordance with Item 677, "ELIMINATING EXISTING PAVEMENT MARKINGS AND MARKERS," unless otherwise stated in the plans.
10. Black-out marking tape may be used to cover conflicting existing markings for periods less than two weeks when approved by the Engineer.

Temporary Flexible-Reflective Roadway Marker Tabs

STAPLES OR NAILS SHALL NOT BE USED TO SECURE TEMPORARY FLEXIBLE-REFLECTIVE ROADWAY MARKER TABS TO THE PAVEMENT SURFACE

1. Temporary flexible-reflective roadway marker tabs used as guidemarks shall meet the requirements of DMS-8242.
2. Tabs detailed on this sheet are to be inspected and accepted by the Engineer or designated representative. Sampling and testing is not normally required, however at the option of the Engineer, either "A" or "B" below may be imposed to assure quality before placement on the roadway.
   A. Select five (5) or more tabs at random from each lot or shipment and submit to the Construction Division, Materials and Pavement Section to determine specification compliance.
   B. Select five (5) tabs and perform the following test. Affix five (5) tabs at 24 inch intervals on an asphaltic pavement in a straight line. Using a medium size passenger vehicle or pickup, run over the markers with the front and rear tires at a speed of 35 to 40 miles per hour, four (4) times in each direction. No more than one (1) out of the five (5) reflective surfaces shall be lost or displaced as a result of this test.
3. Small design variances may be noted between tab manufacturers.
4. See Standard Sheet WZ(STPM) for tab placement on new pavements. See Standard Sheet TCP(7-1) for tab placement on seal coat work.

RAISED PAVEMENT MARKERS USED AS GUIDEMARKS

1. Raised pavement markers used as guidemarks shall be from the approved product list, and meet the requirements of DMS-4200.
2. All temporary construction raised pavement markers provided on a project shall be of the same manufacturer.
3. Adhesive for guidemarks shall be bituminous material hot applied or butyl rubber pad for all surfaces, or thermoplastic for concrete surfaces.

Guidemarks shall be designated as:
YELLOW - (two amber reflective surfaces with yellow body).
WHITE - (one silver reflective surface with white body).

DEPARTMENTAL MATERIAL SPECIFICATIONS	
PAVEMENT MARKERS (REFLECTORIZED)	DMS-4200
TRAFFIC BUTTONS	DMS-4300

REMOVABLE MARKINGS WITH RAISED PAVEMENT MARKERS

If raised pavement markers are used to supplement REMOVABLE markings, the markers shall be applied to the top of the tape at the approximate mid length of tape used for broken lines or at 20 foot spacing for solid lines. This allows an easier removal of raised pavement markers and tape.

Centerline only - not to be used on edge lines

Raised pavement markers used as standard pavement markings shall be from the approved products list and meet the requirements of Item 672 "RAISED PAVEMENT MARKERS."

GENERAL NOTES

1. Flags attached to signs where shown are REQUIRED.
2. All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
3. Inactive work vehicles or other equipment should be parked near the right-of-way line and not parked on the paved shoulder.
4. A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
5. Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.
6. See TCP(5-1)for shoulder work on divided highways, expressways and freeways.
7. CW21-5 "SHOULDER WORK" signs may be used in place of CW20-1D "ROAD WORK AHEAD" signs for shoulder work on conventional roadways.

For construction or maintenance contract work, specific project requirements for shadow vehicles can be found in the project GENERAL NOTES for Item 502, Barricades, Signs and Traffic Handling.

GENERAL NOTES

1. Flags attached to signs where shown are REQUIRED.
2. All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
3. The CW3-4 "BE PREPARED TO STOP" sign may be installed after the CW20-4D "ONE LANE ROAD AHEAD" sign, but proper sign spacing shall be maintained.
4. Sign spacing may be increased or an additional CW20-1D "ROAD WORK AHEAD" sign may be used if advance warning ahead of the flagger or R1-2 "YIELD" sign is less than 1500 feet.
5. A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
6. Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.

TCP (1-2a)

7. R1-2 "YIELD" sign traffic control may be used on projects with approaches that have adequate sight distance. For projects in urban areas, work spaces should be no longer than one half city block. In rural areas on roadways with less than 2000 ADT, work spaces should be no longer than 400 feet.
8. R1-2 "YIELD" sign with R1-2aP "TO ONCOMING TRAFFIC" plaque shall be placed on a support at a 7 foot minimum mounting height.

TCP (1-2b)

9. Flaggers should use two-way radios or other methods of communication to control traffic.
10. Length of work space should be based on the ability of flaggers to communicate.
11. If the work space is located near a horizontal or vertical curve, the buffer distances should be increased in order to maintain adequate stopping sight distance to the flagger and a queue of stopped vehicles (see table above).
12. Channelizing devices on the center-line may be omitted when a pilot car is leading traffic and approved by the Engineer.
13. Flaggers should use 24" STOP/SLOW paddles to control traffic. Flags should be limited to emergency situations.

For construction or maintenance contract work, specific project requirements for shadow vehicles can be found in the project GENERAL NOTES for Item 502, Barricades, Signs and Traffic Handling.

GENERAL NOTES

1. Flags attached to signs where shown are REQUIRED.
2. All traffic control devices illustrated are REQUIRED, except those denoted with the triangle symbol may be omitted when stated elsewhere in the plans, or for routine maintenance work, when approved by the Engineer.
3. Flagger control should NOT be used unless roadway conditions or heavy traffic volume require additional emphasis to safely control traffic. Additional flaggers may be positioned in advance of traffic queues to alert traffic to reduce speed.
4. DO NOT PASS, PASS WITH CARE and construction regulatory speed zone signs may be installed downstream of the ROAD WORK AHEAD signs.
5. When the work zone is made up of several work spaces, channelizing devices should be placed laterally across the closed lane to re-emphasize closure. Laterally placed channelizing devices should be repeated every 500 to 1000 feet in urban areas and every 1/4 to 1/2 mile in rural areas.
6. A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
7. Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.
8. Where traffic is directed over a yellow centerline, channelizing devices which separate two-way traffic should be spaced on tapers at 20', or 15' if posted speed are 35 mph or slower, and for tangent sections, at 1/2S where S is the speed in mph. This tighter device spacing is intended for the area of conflicting markings not the entire work zone.

For construction or maintenance contract work, specific project requirements for shadow vehicles can be found in the project GENERAL NOTES for Item 502, Barricades, Signs and Traffic Handling.

TYPICAL USAGE				
MOBILE	SHORT DURATION	SHORT TERM STATIONARY	INTERMEDIATE TERM STATIONARY	LONG TERM STATIONARY
	✓	✓		

GENERAL NOTES

1. Flags attached to signs where shown are REQUIRED.
2. AFADs shall only be used in situations where there is one lane of approaching traffic in the direction to be controlled.
3. Adequate stopping sight distance must be provided to each AFAD location for approaching traffic. (See table above).
4. Each AFAD shall be operated by a qualified/certified flagger. Flaggers operating AFADs shall not leave them unattended while they are in use.
5. One flagger may operate two AFADs only when the flagger has an unobstructed view of both AFADs and of the approaching traffic in both directions.
6. When pilot cars are used, a flagger controlling traffic shall be located on each approach. AFADs shall not be operated by the pilot car operator.
7. All AFADs shall be equipped with gate arms with an orange or fluorescent red-orange flag attached to the end of the gate arm. The flag shall be a minimum of 16" square.
8. A Shadow Vehicle with a TMA should be used anytime it can be positioned 30 to 100 feet in advance of the area of crew exposure without adversely affecting the performance or quality of the work. If workers are no longer present but road or work conditions require the traffic control to remain in place, Type 3 Barricades or other channelizing devices may be substituted for the Shadow Vehicle and TMA.
9. Additional Shadow Vehicles with TMAs may be positioned off the paved surface, next to those shown in order to protect wider work spaces.
10. Flaggers should use two-way radios or other methods of communication to control traffic.
11. Length of work space should be based on the ability of flaggers to communicate.
12. If the work space is located near a horizontal or vertical curve, the buffer distances should be increased in order to maintain stopping sight distance to the AFAD.
13. Channelizing devices on the center line may be omitted when a pilot car is leading traffic and approved by the Engineer.
14. The R1-7aT "WAIT ON STOP" sign and the R1-8aT "GO ON SLOW" sign shall be installed at the AFAD location on separate supports or they may be fabricated as one 48" x 30" sign. They shall not obscure the face of the STOP/SLOW AFAD.
15. The R10-6 "STOP HERE ON RED" arrow sign shall be offset so as not to obscure the lenses of the AFAD.

For construction or maintenance contract work, specific project requirements for shadow vehicles can be found in the project GENERAL NOTES for Item 502, Barricades, Signs and Traffic Handling.

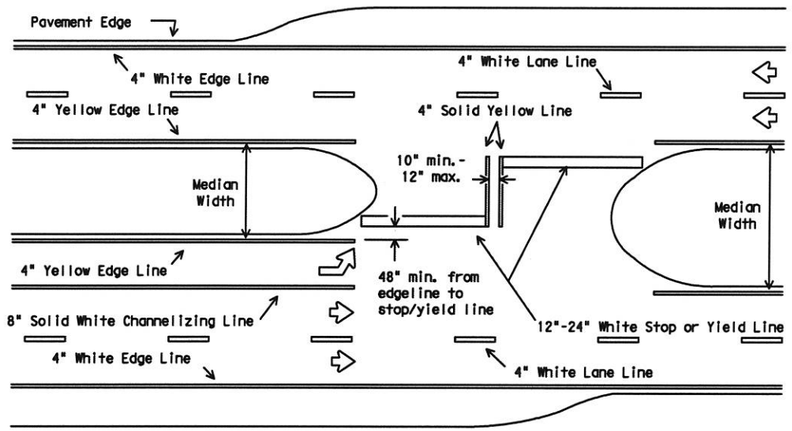
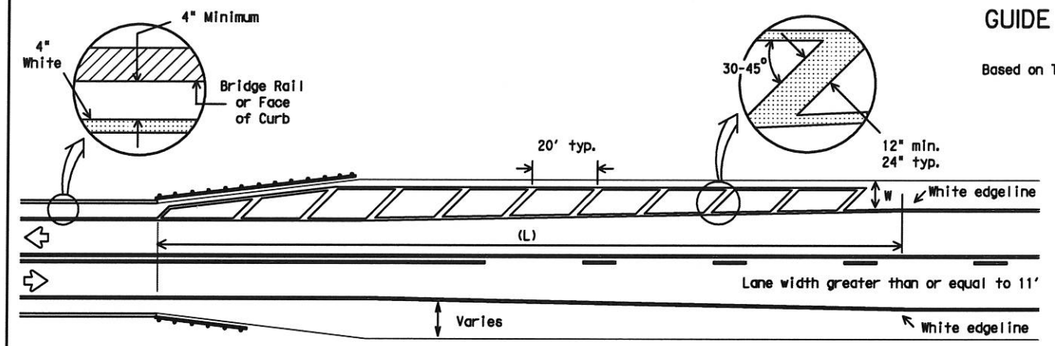
TWO LANE TWO-WAY ROADWAY WITH OR WITHOUT SHOULDERS

CENTERLINE AND LANE LINES FOUR LANE TWO-WAY ROADWAY WITH OR WITHOUT SHOULDERS



EDGE LINE AND LANE LINES ONE-WAY ROADWAY WITH OR WITHOUT SHOULDERS



GUIDE FOR PLACEMENT OF STOP LINES, EDGE LINE & CENTERLINE

Based on Traveled Way and Pavement Widths for Undivided Highways

All medians shall be field measured to determine the location of necessary striping. Stop/Yield bars and centerlines shall be placed when the median width is greater than 30 ft. The median width is defined as the area between two roadways of a divided highway measured from edge of traveled way to edge of traveled way. The median excludes turn lanes. The median width might be different between intersections, interchanges and of opposite approaches of the same intersection. The narrow median width will be the controlling width to determine if markings are required.

FOUR LANE DIVIDED ROADWAY INTERSECTIONS

NOTES:

1. No-passing zone on bridge approach is optional but if used, it shall be a minimum 500 feet long.
2. For crosshatching length (L) see Table 1.
3. The width of the offset (W) and the required crosshatching width is the full shoulder width in advance of the bridge.
4. The crosshatching is not required if delineators or barrier reflectors are used along the structure.
5. For guard fence details, refer elsewhere in the plans.

ROADWAYS WITH REDUCED SHOULDER WIDTHS ACROSS BRIDGE OR CULVERT

TABLE 1 - TYPICAL LENGTH (L)

Posted Speed *	Formula
≤ 40	$L = \frac{WS^2}{60}$
≥ 45	L=WS

* 85th Percentile Speed may be used on roads where traffic speeds normally exceed the posted speed limit. Crosshatching length should be rounded up to nearest 5 foot increment.

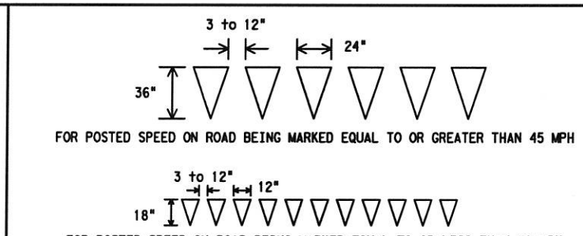
L=Length of Crosshatching (FT.) W=Width of Offset (FT.)
S=Posted Speed (MPH)

EXAMPLES:

An 8 foot shoulder in advance of a bridge reduces to 4 feet on a 70 MPH roadway. The length of the crosshatching should be:

$L = 8 \times 70 = 560$ ft.

A 4 foot shoulder in advance of a bridge reduces to 2 feet on a 40 MPH roadway. The length of the crosshatching should be:



$L = 4(40)^2 / 60 = 106.67$ ft. rounded to 110 ft.

GENERAL NOTES

1. Edgeline striping shall be as shown in the plans or as directed by the Engineer. The edgeline should typically be placed a minimum of 6 inches from the edge of pavement. This distance may vary due to pavement raveling or other conditions. Edgelines are not required in curb and gutter sections of roadways.
2. The traveled way includes only that portion of the roadway used for vehicular travel and not the parking lanes, sidewalks, berms and shoulders. The traveled ways shall be measured from the inside of edgeline to inside of edgeline of a two lane roadway.

TYPICAL TRANSITION FOR TWLTL AND DIVIDED HIGHWAY

GENERAL NOTES

1. Refer elsewhere in plans for additional RPM placement and details.
2. Lane use word and arrow markings shall be used where through lanes approaching an intersection become mandatory turn lanes. Lane use word and arrow markings should be used in auxiliary lanes of substantial length. Lane use arrow markings or word and arrow markings may be used in other lanes and turn bays for emphasis. Details for words and arrows as shown in the Standard Highway Sign Designs for Texas.
3. When lane used word and arrow markings are used, two sets of arrows should be used if the length of the bay is greater than 180 feet. When a single lane use arrow or word and arrow marking is used for a short turn lane, it should be located at or near the upstream end of the full-width turn lane.
4. Other crosswalk paterns as shown in the "Texas Manual on Uniform Traffic Control Devices" may be used.
5. Raised pavement marker Type I-C with undivided highways, flush medians and two way left turn lanes. Raised pavement marker Type II-C-R with divided highways and raised medians.
6. A two-way left-turn (TWLT) lane-use arrow pavement marking should be used at or just downstream from the beginning of a two-way left-turn lane within a corridor. Repeating the marking after each intersection or dedicated turn bay is not required unless stated elsewhere in the plans.

GENERAL NOTES;

1. Minimum 8 foot white markings should be used, unless otherwise noted. If message consists of more than one word, it should be placed with first word nearest the driver.
2. These details are standard size for normal installation; sizes may be reduced approximately one-third for low speed urban conditions; larger sizes may be needed for freeways, above average speed conditions or other critical locations.
3. The longitudinal space between markings should be at least four times the height of the markings, on low speed roads, but should not exceed ten times the height under any condition.
4. Markings considered appropriate for use when warranted include the following:
   A. Regulatory
      STOP
      RIGHT (LEFT) TURN ONLY
      25 MPH
      SYMBOL ARROWS
   B. Warning
      STOP AHEAD
      SIGNAL AHEAD
      SCHOOL
      SCHOOL X-ING
      PED X-ING
      R X R (see RCPM standard)
   C. Guide
      US XXX
      ROUTE XXX
      STATE XXX
      Other words or symbols may be necessary under certain conditions
5. Uncontrolled use of pavement markings can result in driver confusion. Word and symbol markings should be no more than three lines.
6. The word "STOP" shall not be used on the pavement unless accompanied by a Stop line and Stop sign. The word "STOP" shall not be placed on the pavement in advance to a stop line, unless every vehicle is required to stop at all times.
7. Pavement markings should generally be no more than one lane in width, with School messages being the exception. For details of School and School crossing pavement markings, refer to Part VII of the "Texas Manual on Uniform Traffic Control Devices".
8. Spacing between letters should be approximately 4 inches. The width of letters may vary depending on the width of the travel lanes.
9. Lane-Use arrow markings may be used to convey either guidance or mandatory messages. Arrows used to convey a mandatory movement must be accompanied by standard signs and the pavement marking word "ONLY".
10. Pavement markings are to be located as specified elsewhere in the plans.

SPACING BETWEEN LINES OF PAVEMENT MARKINGS	
MPH	SPACING
≤45	MINIMUM 4 TIMES THE LETTER HEIGHT
>45	MINIMUM - 4 TIMES THE LETTER HEIGHT MAXIMUM - 10 TIMES THE LETTER HEIGHT

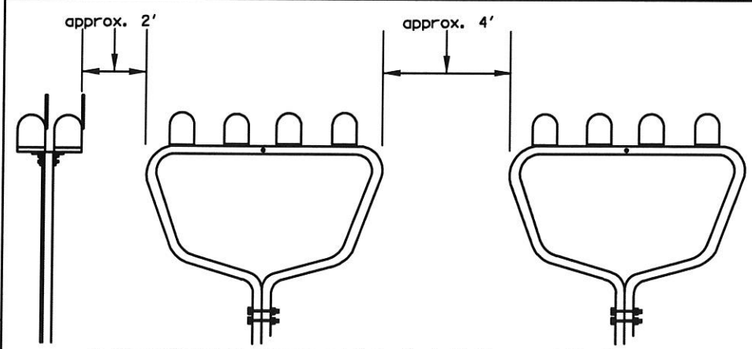
SINGLE AND DOUBLE MAILBOX MOUNT

FOR SUPPORT/FOUNDATION DETAILS SEE SHEET 3 OF 4

* Type 2 object marker in accordance with Traffic Engineering standard Delineators & Object Markers - Installation D&OM (1) or tube type post wrapped with 12 " Conformable Reflective Sheeting in accordance with DMS 8300 for tubular post needed to produce a smooth wrap around tube, DHT 161812 or 3 each of 3" x 4" Conformable Reflective Sheeting tabs (DHT 165382) or 1 each of 3" x 12" Reflective Sheeting.

Note: Mailbox installations in sidewalk areas shall be in accordance with the Design Division standard PED-05 for pedestrian facilities.

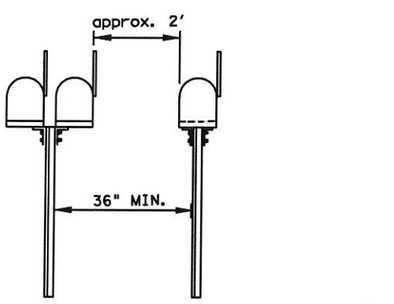
PLACEMENT OF EMERGENCY LOCATION NUMBER



Location Number shall be placed on: 1. A yellow, type A plate with class 1 flat surface reflective sheeting in accordance with DMS 8600. The color of numbers shall be black. or 2: A green or blue plate with white numbers attached to post beside the object marker. Other contrasting color configuration, as approved , may be used. (Use Same type plate as used for the type 2 Object Marker. Recommended sign size is 6" by 15")

Mailboxes shall be made of light weight sheet metal or light weight plastic. Heavy steel, cast iron or decorative mailboxes shall not be used on the state highway system.

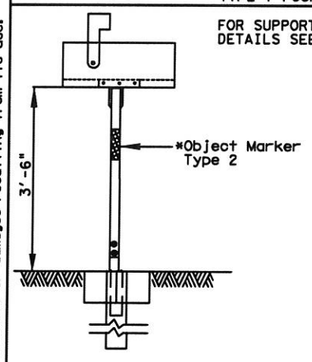
TYPICAL MAILBOX SIZE				LIGHT WEIGHT MATERIAL	
				SHEET METAL	**PLASTIC
SIZE	LENGTH	WIDTH	HEIGHT	MAXIMUM WEIGHT	
	INCHES			POUNDS	
SMALL	19 ½	6	7	5	5
MEDIUM	22 ½	8	11 ½	7	7
LARGE	23 ½*	11 ½*	13 ½*	10	10



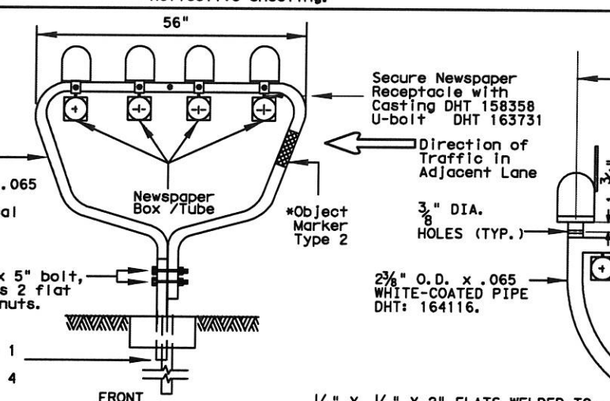
* Maximum allowed dimensions for mailbox
** Excluding Molded Plastic on 4 X 4 Post

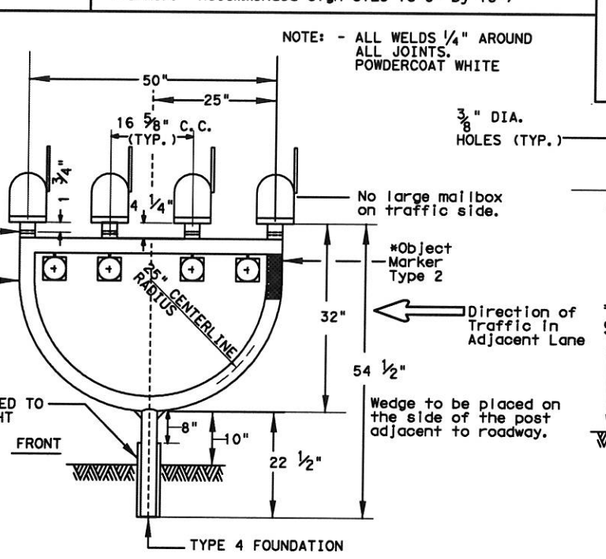
MAILBOX SIZES

4' Clear Distance between multiple installations and 2' clearance between double or single installations and the multiple installation. DHT #'s 164116 or 149339.

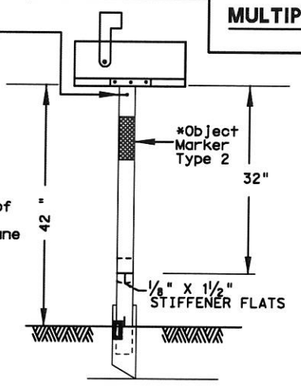


MULTIPLE MAILBOX PLACEMENT



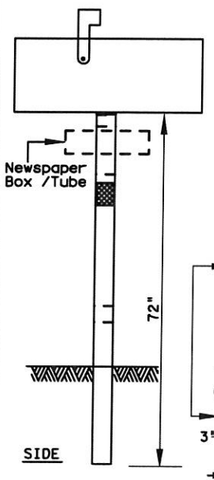


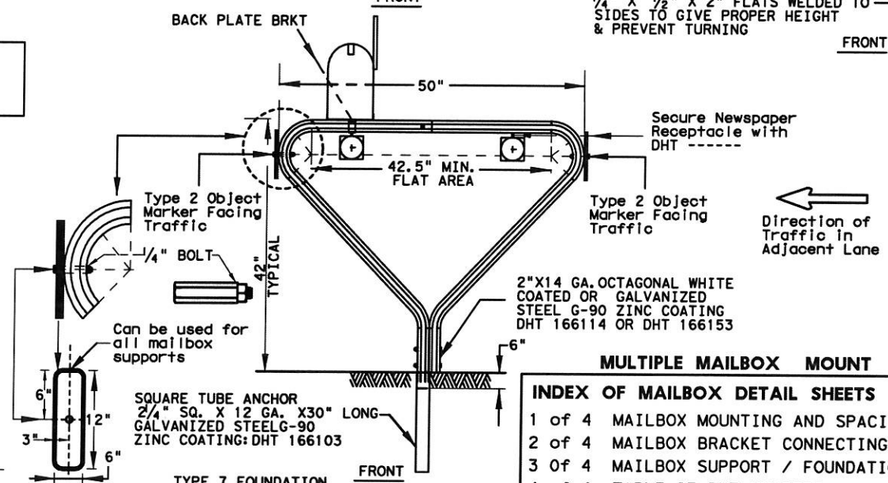
Clear Distance between single or double mounted posts. (Normally when 3 or more mailboxes are in one location, a multiple support is used).



SINGLE & DOUBLE MAILBOX PLACEMENT

FOR SUPPORT/FOUNDATION DETAILS SEE SHEET 3 OF 4





DOUBLE AND MULTIPLE MAILBOX MOUNT

FOR SUPPORT/FOUNDATION DETAILS SEE SHEET 3 OF 4

3 Of 4 MAILBOX SUPPORT / FOUNDATION
4 of 4 TABLE OF DHT NUMBERS

NEWSPAPER RECEPTACLE

A light weight receptacle for newspaper delivery can be attached to mailbox posts as shown on this page if the receptacle:

- Does not touch the mailbox.
- Does not present a hazard to traffic or delivery of the mail.
- Does not extend beyond the front of the mailbox.
- Does not display advertising, except the publication title.
- Newspaper receptacles on separate supports are prohibited.

FOR SUPPORT/FOUNDATION DETAILS SEE SHEET 3 OF 4

Note on DHT Number

See Table of Applicable DHT Numbers on sheet 4 of 4 for DHT description.

REVISIONS
04/03/06: Added New Multiply Mount, DHT: 164116.
04/03/06: Added general note numbers 6 & 7. Sheet & title block renumbered.
08/02/06: Added Maximum weight for typical mailbox sizes.
10/9/2009 Added new mailbox post
10/19/2009 Added sheet 4 of 4
01/07/2011 Added note disallowing newspaper receptacle separate support
01/07/2009: Added pedestrian facilities side note.
07/07/2011: Revised note to allow more color options for emergency location number. Included type 2 object marker attachment details for the wrap around and tube type.

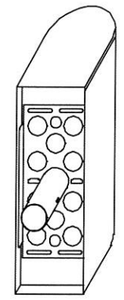
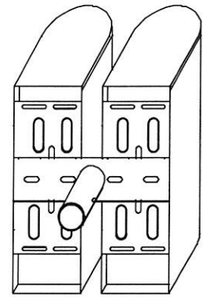
For bolt sizes see details below for "SMALL MAILBOX" and "MEDIUM AND LARGE MAILBOXES"

SINGLE MAILBOX CONNECTION

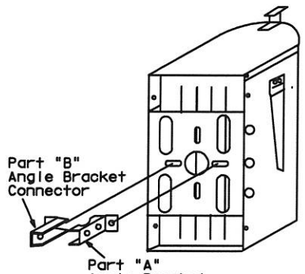


DOUBLE MAILBOX CONNECTION

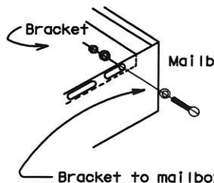
(Not permitted for Large Mailboxes)



MULTIPLE MAILBOX CONNECTION



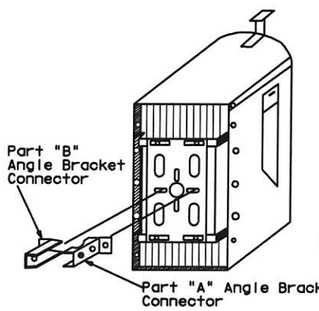
WELDED SINGLE MAILBOX BRACKET CONNECTION



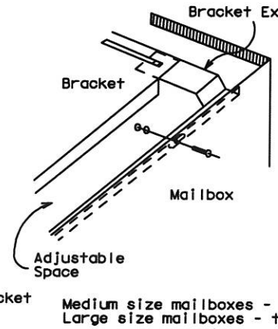
To be used with 2⅜" OD RR or thinwall Steel posts.

WELDED DOUBLE MAILBOX BRACKET CONNECTION WITH ADAPTER PLATE

To be used with thinwall Steel posts. Not to be used with RR posts.



Bracket to mailbox attachment: 6 - 1/4" Dia. x 3/4" bolt w/ 2 flat washers and nut per each bolt.



Angle to bracket attachment: 2 - 3/8" Dia. x 3/4" bolt with 2 flat washers, lock washer and nut per each bolt.

Angle to 2 - 3/8" Dia. x 2½" bolt with 2 flat washers, lock washer and nut per each bolt.

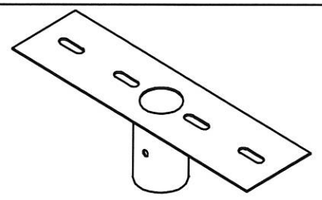
SMALL MAILBOX

Use both Parts "A" and "B" Angle Bracket Connectors for Winged Channel Posts

Bracket to mailbox attachment: 6 - 1/4" Dia. x 3/4" bolt w/2 flat washers and nut per each bolt.

Bracket to bracket extension attachment: 2 - 1/4" Dia. x 3/4" carriage bolt w/ flat washer, lock washer and nut per bolt (4 bolts required if 2 bracket extensions are used).

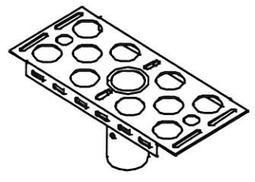
Angle to bracket attachment: 2 - 3/8" Dia. x 3/4" bolt w/2 flat washers, lock washer and nut per each bolt.



Angle to mailbox support attachment: 2 - 3/8" Dia. x 2 1/2" bolt w/2 flat washers, lock washer, and nut per each bolt.

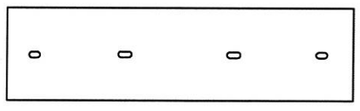
Medium size mailboxes - one extension bracket
Large size mailboxes - two extension brackets

MEDIUM AND LARGE MAILBOXES



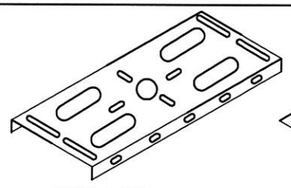
GENERAL NOTES

1. Connecting hardware detailed on this sheet is for the hardware that the Department stocks at the Regional Warehouses. This hardware is available to the contractor only when so stated elsewhere in the plans or specification.
2. Hardware for mounting mailboxes to the support/foundation furnished by industry should be used when shown on the Maintenance Divisions "Approved Products List." Only mailbox hardware that have been crash tested in accordance with NCHRP Report 350, will be on the approved list.
3. Hardware furnished by industry shall be erected in accordance with the manufacturer's recommendation.
4. Bracket and bracket extension shall be constructed of 14 gauge galvanized steel sheet metal.
5. The angles, brackets and adapter plates shall be constructed of 12 gauge galvanized steel sheet metal.
6. Items with evidence of damage to the galvanized coating or wet storage stains (white rust) will not be accepted.



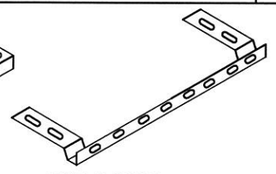
DHT 162323

For use with galvanized thinwall steel posts DHT # 143426 or powder-coated thinwall steel post DHT # 162911.



DHT 161443

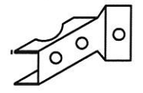
For use with RCR post DHT # 161442 or galvanized thinwall steel post DHT # 143426 or powder-coated thinwall steel post. DHT # 162911.



DHT #3789

Used for mounting two Mailboxes on the same post.

DHT 148939

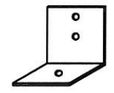


Mailbox Bracket

DHT 148938

Used for extending 6" wide bracket to attach larger mailboxes.

Bracket Extension

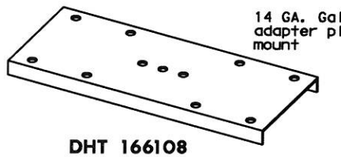


DHT 159489

Part "A" Angle Bracket Connector

DHT 159490

Part "B" Angle Bracket Connector



DHT 2917

Angle Bracket For Temporary Mailbox

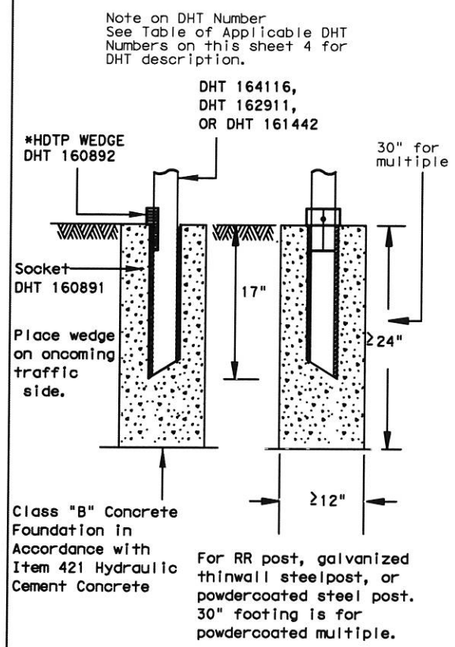
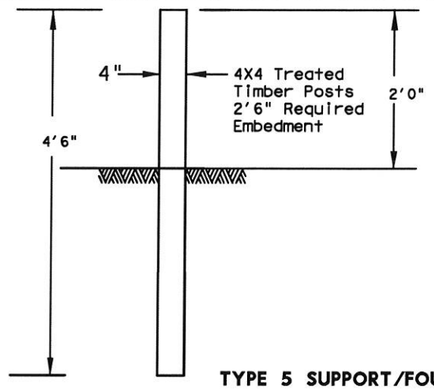
TYPE 1 SUPPORT/FOUNDATION

THIN WALL STEEL TUBE w/ V-LOC ANCHORAGE



TYPE 2 SUPPORT/FOUNDATION

THIN WALL STEEL TUBE w/ WEDGE ANCHOR SYSTEM

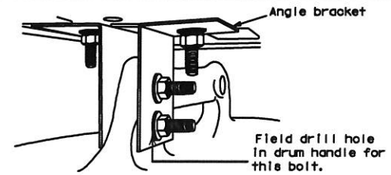


TYPE 3 SUPPORT/FOUNDATION

WINGED CHANNEL POST

TYPE 4 SUPPORT/FOUNDATION

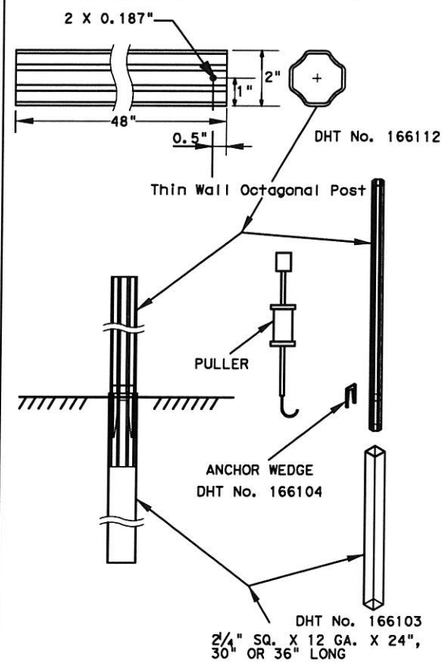
FOR WHITECOATED STEEL POST, MULTIPLE POST, AND RECYCLED RUBBER.



TYPE 5 SUPPORT/FOUNDATION

FOR ONE PIECE MOLDED PLASTIC MAILBOX

ONE PIECE MOLDED PLASTIC MAILBOXES



Molded Plastic Mailboxes shall be installed on 4"x4" treated timber posts only. The use of steel pipe or structural tubing in place of timber post is prohibited.

Placed on approved plastic drum as shown in the Compliant Work Zone Traffic Control Devices (CWZTCD).
Existing attachment hardware shall be used unless damaged. Damaged hardware shall be replaced.

TYPE 6 TEMPORARY MAILBOX SUPPORT

CONNECTION DETAIL

TYPE 7 MAILBOX SUPPORT/FOUNDATION

CONNECTION DETAIL

GENERAL NOTES

1. Erect post plumb or vertical.
2. When galvanized part is required galvanize in accordance with Item 445.
3. type 1, 2, 3, 4 or 7 supports or foundation can be used for single or double mailbox installations. The RCR post should be used only for a single installation with a small mailbox. The Type 5 support/foundation is used for the single molded plastic mailbox. The Type 4 support/foundation is used for the 2.375" O.D. RR post, thin wall steel post, and white multiple mailbox post.
4. The Type 1 or type 7 support/foundation can be used for a multiple mailbox mount.
5. The Type 4 support should be used with thin wall steel pipe for the medium, large and double mailbox installations.
6. Use a concrete footing as shown or when directed. Concrete footing will be required when soils do not hold the support/foundations in a stable condition.

BACKGROUND	FLOURESCENT YELLOW GREEN	TYPE B_{FL} OR C_{FL} SHEETING
LEGEND, BORDERS AND SYMBOLS	BLACK	ACRYLIC NON-REFLECTIVE FILM
SYMBOLS	RED	TYPE B OR C SHEETING

GENERAL NOTES

1. Signs to be furnished shall be as detailed elsewhere in the plans and/or as shown on sign tabulation sheet. Standard sign designs and arrow dimensions can be found in the "Standard Highway Sign Designs for Texas" (SHSD).
2. Sign legend shall use the Federal Highway Administration (FHWA) Standard Highway Alphabets (B, C, D, E, Emod or F).
3. Lateral spacing between letters and numerals shall conform with the SHSD, and any approved changes thereto. Lateral spacing of legend shall provide a balanced appearance when spacing is not shown.
4. Black legend and borders shall be applied by screening process or cut-out acrylic non-reflective black film to background sheeting, or combination thereof.
5. White legend and borders shall be applied by screening process with transparent colored ink, transparent colored overlay film to white background sheeting or cut-out white sheeting to colored background sheeting, or combination thereof.
6. Colored legend shall be applied by screening process with transparent colored ink, transparent colored overlay film or colored sheeting to background sheeting, or combination thereof.
7. Sign substrate shall be any material that meets the Departmental Material Specification requirements of DMS-7110 or approved alternative.
8. Mounting details for roadside mounted signs are shown in the "SMD series" Standard Plan Sheets.

ALUMINUM SIGN BLANKS THICKNESS	
Square Feet	Minimum Thickness
Less than 7.5	0.080
7.5 to 15	0.100
Greater than 15	0.125

TRIANGULAR SLIPBASE INSTALLATION GENERAL REQUIREMENTS

SM RD SGN ASSM TY XXXXX(X)SA(X-XXXX)

NOTE

There are various devices approved for the Triangular Slipbase System. Please reference the Material Producer List for approved slip base systems. http://www.txdot.gov/business/producer_list.htm The devices shall be installed per manufacturers' recommendations. Installation procedures shall be provided to the Engineer by Contractor.

GENERAL NOTES:

1. Slip base shall be permanently marked to indicate manufacturer. Method, design, and location of marking are subject to approval of the TxDOT Traffic Standards Engineer.
2. Material used as post with this system shall conform to the following specifications:
   10 BWG Tubing (2.875" outside diameter)
   - 0.134" nominal wall thickness
   - Seamless or electric-resistance welded steel tubing or pipe
   - Steel shall be HSLAS Gr 55 per ASTM A1011 or ASTM A1008
   - Other steels may be used if they meet the following:
     - 55,000 PSI minimum yield strength
     - 70,000 PSI minimum tensile strength
     - 20% minimum elongation in 2"
   - Wall thickness (uncoated) shall be within the range of 0.122" to 0.138"
   - Outside diameter (uncoated) shall be within the range of 2.867" to 2.883"
   - Galvanization per ASTM A123 or ASTM A653 G210. For precoated steel tubing (ASTM A653), recoat tube outside diameter weld seam by metallizing with zinc wire per ASTM B833.

   Schedule 80 Pipe (2.875" outside diameter)
   - 0.276" nominal wall thickness
   - Steel tubing per ASTM A500 Gr C
   - Other seamless or electric-resistance welded steel tubing or pipe with equivalent outside diameter and wall thickness may be used if they meet the following:
     - 46,000 PSI minimum yield strength
     - 62,000 PSI minimum tensile strength
     - 21% minimum elongation in 2"
   - Wall thickness (uncoated) shall be within the range of 0.248" to 0.304"
   - Outside diameter (uncoated) shall be within the range of 2.855" to 2.895"
   - Galvanization per ASTM A123
3. See the Traffic Operations Division website for detailed drawings of sign clamps and Texas Universal Triangular Slipbase System components. The website address is: http://www.txdot.gov/publications/traffic.htm
4. Sign supports shall not be spliced except where shown. Sign support posts shall not be spliced.

ASSEMBLY PROCEDURE

Foundation
1. Prepare 12-inch diameter by 42-inch deep hole. If solid rock is encountered, the depth of the foundation may be reduced such that it is embedded a minimum of 18 inches into the solid rock.
2. The Engineer may permit batches of concrete less than 2 cubic yards to be mixed with a portable, motor-driven concrete mixer. For small placements less than 0.5 cubic yards, hand mixing in a suitable container may be allowed by Engineer. Concrete shall be Class A.
3. Push the pipe end of the slip base stub into the center of the concrete. Rotate the stub back and forth while pushing it down into the concrete to assure good contact between the concrete and stub. Continue to work the stub into the concrete until it is between 2 to 4 inches above the ground.
4. Plumb the stub. Allow a minimum of 4 days to set, unless otherwise directed by the Engineer.
5. The triangular slipbase system is multidirectional and is designed to release when struck from any direction.

Support
1. Cut support so that the bottom of the sign will be 7 to 7.5 feet above the edge of the travelway (i.e., edge of the closest lane) when slip plate is below the edge of pavement or 7 to 7.5 feet above slip plate when the slip plate is above the edge of the travelway. The cut shall be plumb and straight.
2. Attach sign to support using connections shown. When multiple signs are installed on the same support, ensure the minimum clearance between each sign is maintained. See SMD(SLIP-2) for clearances based on sign types.

CONCRETE ANCHOR

SM RD SGN ASSM TY XXXXX(X)SB(X-XXXX)

Concrete anchor consists of 5/8" diameter stud bolt with UNC series bolt threads on the upper end. Heavy hex nut per ASTM A563, and hardened washer per ASTM F436. The stud bolt shall have a minimum yield and ultimate tensile strength of 50 and 75 KSI, respectively. Nuts, bolts and washers shall be galvanized per Item 445, "Galvanizing." Adhesive type anchors shall have stud bolts installed with Type III epoxy per DMS-6100, "Epoxies and Adhesives." Adhesive anchors may be loaded after adequate epoxy cure time per the manufacturer's recommendations. Top of bolt shall extend at least flush with top of the nut when installed. The anchor, when installed in 4000 psi normal-weight concrete with a 5 1/2" minimum embedment, shall have a minimum allowable tension and shear of 3900 and 3100 psi, respectively.

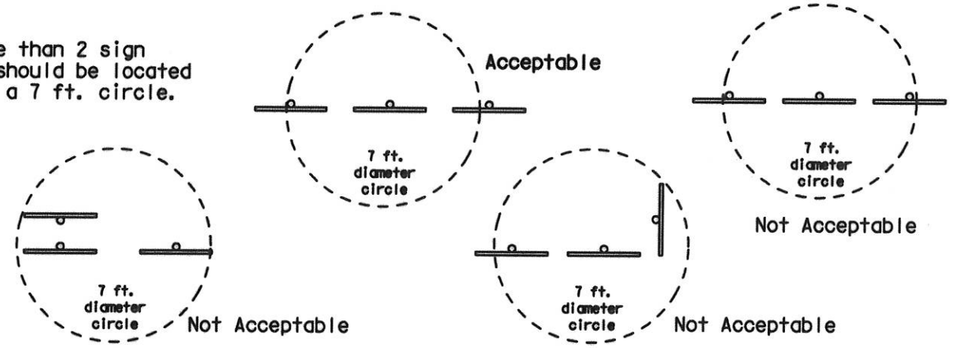
Anchor Type

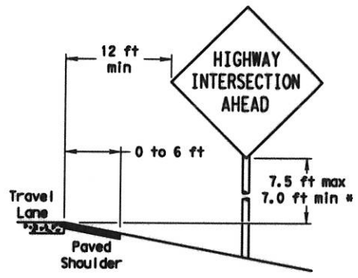
UA = Universal Anchor - Concreted (see SMD(FRP) and (TWT))
UB = Universal Anchor - Bolted down (see SMD(FRP) and (TWT))
WS = Wedge Anchor Steel - (see SMD(TWT))
WP = Wedge Anchor Plastic (see SMD(TWT))
SA = Slipbase - Concreted (see SMD(SLIP-1) to (SLIP-3))
SB = Slipbase - Bolted Down (see SMD(SLIP-1) to (SLIP-3))

Sign Mounting Designation



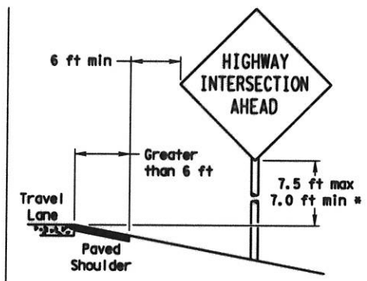
P = Prefab. "Plain" (see SMD(SLIP-1) to (SLIP-3), (TWT), (FRP))
T = Prefab. "T" (see SMD(SLIP-1) to (SLIP-3), (TWT))
U = Prefab. "U" (see SMD(SLIP-1) to (SLIP-3))
IF REQUIRED
1EXT or 2EXT = Number of Extensions (see SMD(SLIP-1) to (SLIP-3), (TWT))
BM = Extruded Wind Beam (see SMD(SLIP-1) to (SLIP-3))
WC = 1.12 #/ft Wing Channel (see SMD(SLIP-1) to (SLIP-3))
EXAL = Extruded Aluminum Sign Panels (see SMD(SLIP-3))

REQUIRED CLEARANCE FOR BREAKAWAY SUPPORT



To avoid vehicle undercarriage snagging, any substantial remains of a breakaway support, when it is broken away, should not project more than 4 inches above a 60-inch chord (i.e., typical space between wheel paths).

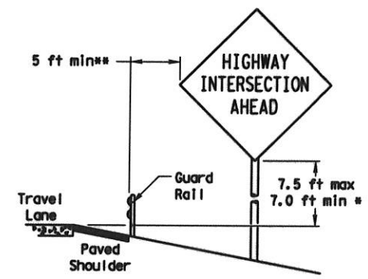
No more than 2 sign posts should be located within a 7 ft. circle.



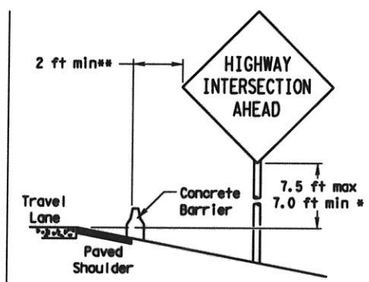
SIGN LOCATION

PAVED SHOULDERS

LESS THAN 6 FT. WIDE



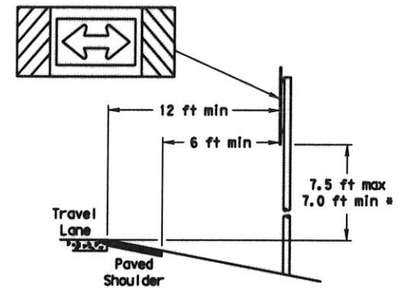
When the shoulder is 6 ft. or less in width, the sign must be placed at least 12 ft. from the edge of the travel lane.



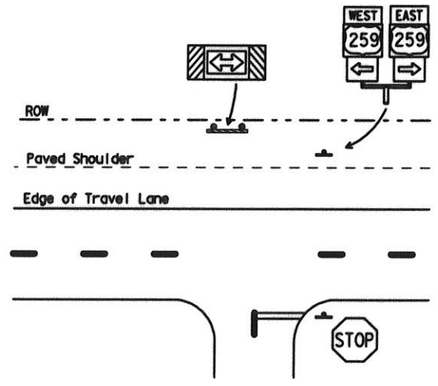
GREATER THAN 6 FT. WIDE

When the shoulder is greater than 6 ft in width, the sign must be placed at least 6 ft. from the edge of the shoulder.

BEHIND BARRIER



BEHIND GUARDRAIL



BEHIND CONCRETE BARRIER

**Sign clearance based on distance required for proper guard rail or concrete barrier performance.

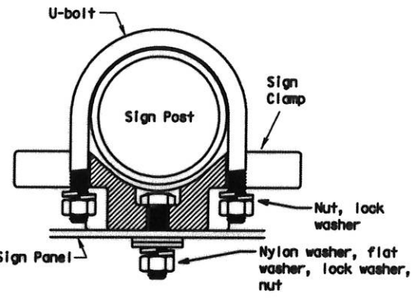
T-INTERSECTION

When this sign is needed at the end of a two-lane, two way roadway, the right edge of the sign should be in line with the centerline of the roadway. Place as close to ROW as practical.

* Signs shall be mounted using the following condition that results in the greatest sign elevation:

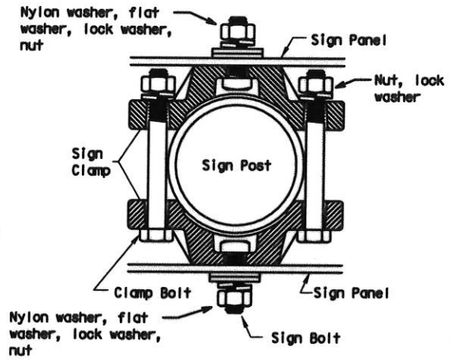
(1) a minimum of 7 to a maximum of 7.5 feet above the edge of the travel lane or

(2) a minimum of 7 to a maximum of 7.5 feet above the grade at the base of the support when sign is installed on the backslope.



The maximum values may be increased when directed by the Engineer.

See the Traffic Operations Division website for detailed drawings of sign clamps, Triangular Slipbase System components and Wedge Anchor System components.

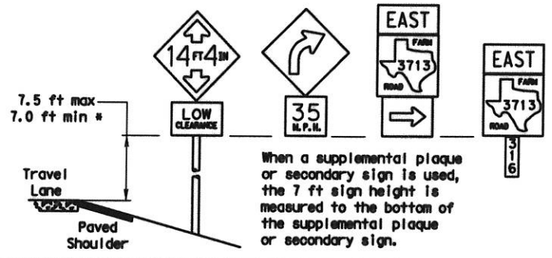


The website address is:
http://www.txdot.gov/publications/traffic.htm

TYPICAL SIGN ATTACHMENT DETAIL

Single Signs

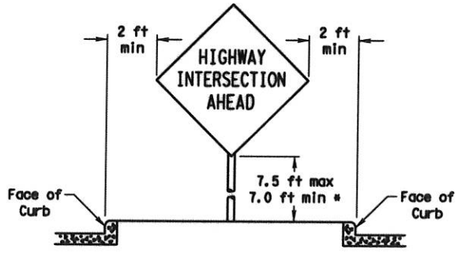
Back-to-Back Signs



Bolts used to mount sign panels to the clamp are 5/16-18 UNC galvanized square head with nut, nylon washer, flat washer and lock washer. The bolt length is 1 inch for aluminum.

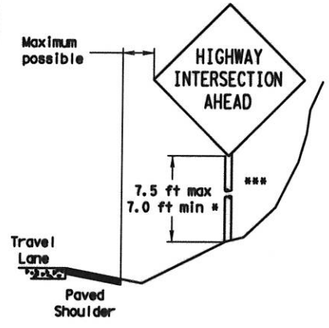
When two sign clamps are used to mount signs back-to-back, use a 5/16-18 UNC galvanized hex head per ASTM A307 with nut and helical-spring lock washer. The approximate bolt lengths for various post sizes and sign clamp types are given in the table at right. The bolt length may need to be adjusted depending upon field conditions.

Sign clamps may be either the specific size clamp or the universal clamp.



Pipe Diameter	Approximate Bolt Length	
	Specific Clamp	Universal Clamp
2" nominal	3"	3 or 3 1/2"
2 1/2" nominal	3 or 3 1/2"	3 1/2 or 4"
3" nominal	3 1/2 or 4"	4 1/2"

SIGNS WITH PLAQUES



When a supplemental plaque or secondary sign is used, the 7 ft sign height is measured to the bottom of the supplemental plaque or secondary sign.

CURB & GUTTER OR RAISED ISLAND

RESTRICTED RIGHT-OF-WAY

(When 6 ft min. is not possible.)

Right-of-way restrictions may be created by rocks, water, vegetation, forest, buildings, a narrow island, or other factors.

In situations where a lateral restriction prevents the minimum horizontal clearance from the edge of the travel lane, signs should be placed as far from the travel lane as practical.

*** Post may be shorter if protected by guardrail or if Engineer determines the post could not be hit due to extreme slope.

REQUEST FOR
SEALED BIDS (RFB)

TO SUPPLY HIDALGO COUNTY with sealed bids for the following Construction Project:

Request for Sealed Bids (RFB)	**2015-367-12-02-MSS**	**-HIDALGO COUNTY PRECINCT NO. 2- "Eldora Road Improvements (from I Road to Raul Longoria Road)."**

PROCUREMENT PACKETS. Interested contractors may obtain bid packets at project engineer's office: **Hidalgo County Drainage District Office, Nora D Cavazos, 902 N. Doolittle Road, Edinburg, TX 78539, Ph. (956) 292-7080.**

PRE-BID CONFERENCE is scheduled for **Monday, November 23, 2015 at 3:00 P.M.** at HIDALGO COUNTY PURCHASING DEPARTMENT CONFERENCE ROOM-2802 S. Business Hwy 281, Edinburg, TX 78539

A BIDDER'S BOND from a reliable surety company licensed to operate in the State of Texas or certified Cashier's Check, payable without recourse to the County of Hidalgo, for the amount of not less than **5%** of the total bid shall accompany the bid as guaranty that, if awarded the contract, the bidder will enter into a contract with the County of Hidalgo. A Payment Bond is required in the amount of one hundred percent (100%) of the Contract Amount, if the contract exceeds $25,000. A Performance Bond is required in the amount of one hundred percent (100%) of the Contract Amount, if the contract exceeds $100,000.

UPON SUBMITTING SEALED BID, bidders are required to properly identify (handwritten, typed or printed) sealed envelope and/or packet with Bidders' name and address on the upper left hand corner of the sealed envelope and/or package and **Bid No. and project name** on the lower left hand corner of sealed envelope/and or packet. **OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE.**

The sealed bid must contain one (1) original and three (3) copies of bid and must be clearly identified and addressed for delivery to:

Martha L. Salazar, CPPB, Hidalgo County Purchasing Agent
Hidalgo County Purchasing Department

US Postal Mail/Courier Address: Hidalgo County New Administration Building, 2812 S. Business Hwy 281, Edinburg, TX 78539
Physical Location: Hidalgo County New Administration Building, 2802 S. Business Hwy. 281 (Southeast of Canton Rd & Business Hwy 281) Edinburg, TX

BIDS ACCEPTANCE: Sealed bids will be accepted until **3:00 p.m. on Wednesday, December 02, 2015** at which time they will be opened in the Hidalgo County Purchasing Department Conference Room at **Physical Location: 2802 S. Business Hwy 281, Hidalgo County New Administration Building, Edinburg, Texas 78539.** NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY BID RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED.

Attention is called to the fact that not less than, the most current federally determined prevailing **(Davis-Bacon and Related Acts)** wage rate, as issued and contained in the contract documents, must be paid on this project. In addition the successful bidder must ensure that employees and applicants for employment are not discriminated against because of race, color, religion, sex, age, disability or national origin.

BIDS MAY BE HELD by the County of Hidalgo for a period not to exceed ninety (90) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of bidders, prior to awarding of the contract.

Typed-written RFI's shall be sent to Engineer. Please follow with a call to confirm receipt of RFI. RFI's will not be answered by phone. NO HAND WRITTEN RFI'S will be answered. All inquiries shall be forwarded by November 24, 2015. Inquiries beyond this date will not be responded. Contact project engineer for copies of Addenda.

The County reserves the right to refuse and reject any/all bids and to waive any/all formalities or technicalities, or to accept the bid considered the best and most advantageous to the County. By order of the Commissioners' Court of the County of Hidalgo, Texas.

BY ORDER OF THE COMMISSIONERS COURT OF HIDALGO COUNTY, TEXAS on this the 10th day of November 2015.

MARTHA L. SALAZAR, CPPB

Project Buyer Contact Information:

Moises Salazar, Buyer III
(956) 292-7000 Ext. 4863
moises.salazar@co.hidalgo.tx.us

1. Sealed bids will be received for **"HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** in accordance with the specifications attached as Exhibit "A" hereto. Bids should address all specifications set forth. Bidders may suggest substitutions of features which they feel would be in the best interest of Hidalgo County ("County"). Strong rationale must be presented for any deviation from the specifications. Hidalgo County reserves the right to reject the deviation and its effect on the overall bid.

2. One (1) original and three (3) copies of all bids are required with the bidders name and return address clearly typed/printed on upper left hand corner and the proper notation clearly typed/printed on the lower left hand corner of the envelope and/or package: **"BID-2015-637-12-02-MSS - "HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** and in County's Purchasing Department, physical address: 2802 S. Business Hwy 281, mailing address 2812 S. Business 281 New Administration Building,, Edinburg, Texas, **on or before 3:00 p.m., WEDNESDAY, DECEMBER 02, 2015.**

   NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY RFB RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED. OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE WITH REFERENCE TO "REQUEST FOR BIDS – 2015-637-12-02-MSS - HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)".

   WRITTEN QUESTIONS WILL BE ACCEPTED. Written RFI's shall be sent to the office of project engineer: Jose Noe Saldivar, P.E., to the attention of, Nora D Cavazos at nora.cavazos@hcdd1.org . Please call 956-292-7080 to confirm receipt RFI. RFI's will not be answered by phone. NO HAND WRITTEN RFI'S will be answered. All inquiries shall be forwarded by November 24, 2015. Inquiries beyond this date will not be responded. Contact project engineer for copies of Addenda. All bidders who paid a deposit will be required to return Addenda as part of the Construction Documents in order to receive full deposit refund.

   Hidalgo County reserves the right to refuse and reject any/all RFB and to waive any/all formalities or technicalities, or to accept the RFB considered the best and most advantageous to Hidalgo County

3. Hidalgo County reserves the right to separate and accept, or eliminate any item(s) listed under this qualification that it deems necessary to accommodate budgetary and/or operational requirements. Hidalgo County also reserves the right to reject any or all qualifications submitted and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best qualification for approval. Receipt of any qualification shall under no circumstances obligate Hidalgo County to accept the lowest dollar amount. The award of this contract shall be made to the responsible bidder whose qualification is determined to be the best evaluated offer resulting from negotiation,

taking into consideration the relative importance of price and other evaluation factors as herein set forth.

4. The Bidder shall not substitute items named in the bid without the express written consent of Hidalgo County. Failure of the delivered item(s) to perform as specified, or failure to meet the stated delivery schedule shall release Hidalgo County from all obligations to the contracting party with regard to the item(s) in question. In such event, County may elect to award the contract to the next-lowest responsible bidder, or to reject all bids and re-advertise.

5. For work to be performed at a County owned or operated location, each bidder shall, in its sole discretion, visit the job site before preparing the bid and thoroughly familiarize himself/herself with existing conditions. Bidder should take field dimensions and note all circumstances which affect the dollar amount of the bid.

6. Descriptive specifications are referenced in this document to indicate the general kind and quality of equipment desired by Hidalgo County. Due to various styles and models of equipment, bidders are required to include illustrations, specifications, explanation of warranties, and service data with their bid including catalogue numbers and any necessary references.

7. No bid may be withdrawn within thirty (30) days from the scheduled time to open bids.

8. Proposed prices are to remain firm for a minimum of ninety (90) days after bid opening.

9. Any interpretations, amendments, corrections or changes to this bid document must be in a written addendum and signed by the County Judge or his designee. Addenda will be mailed to all who are known to have received a copy of the Request for Bids. Bidders shall acknowledge receipt of all addenda as a part of their bid.

10. County reserves the right to accept or reject any or all bids.

11. Costs are to be net F.O.B., County Prepaid.

12. County is exempt from Federal Excise Tax, State Tax and Local Tax. Do Not include tax in cost figure. If it is determined that tax was included in the cost figures it will not be included in the tabulation of any awards. Tax exemption certificates will be furnished upon request.

13. Funds for this procurement have been provided through the County budget for this fiscal year only. County, on an annual basis, has the right to reconsider a contract during the budget process for ensuing years if financial resources of County are insufficient to meet the liabilities of said contract. The award of a bid or contract hereunder will not be construed to create a debt of the County which is payable out of funds beyond the current fiscal year.

14. Upon award and prior to execution of a contract, Sole Proprietorships are required to submit a copy of their social security cards to the Hidalgo County Auditor's Office in order to establish an account with the County. All awarded vendors must submit a completed W-9 and a copy o their Federal ID Number Certificate.
15. DELIVERY INSTRUCTIONS:

- No deliveries accepted after 3:00 P.M., Monday-Friday.
- At least seventy two (72) hours prior notice of delivery must be given to Martha L. Salazar, Purchasing Agent before delivery will be accepted.
- If you need additional information call the office listed below:

Hidalgo County Purchasing Department
Martha L. Salazar, Purchasing Agent
(956) 318-2626

16. BILLING AND PAYMENT INSTRUCTIONS:

- Invoices must include:
  a) Name and address of successful bidder
  b) Name and address of receiving department or official
  c) Purchase Order Number (if any)
  d) Notation - **BID- 2015-367-12-02-MSS-HIDALGO COUNTY PRECINCT NO. 2 -"ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** Descriptive information as to the items or services delivered, including product code, item number, quantity, etc.
- Discount payments will be considered when offered.
- Contact person for Billing and Payment questions:

Carlos Jasso, Accountant IV
Hidalgo County Precinct No. 2
300 W. Hall Acres Rd.
Pharr, Texas 78577
(956) 787-1891

17. Schedule

Pre-Bid Conference,	**3:00 PM**	**November 23, 2015**
Bid Opening,	**3:00 PM**	**December 02, 2015**
Award of Contract		**_____, 2015**
Commence Work or Deliver Products		**_____, 2015**

18. Bid or Performance Bond and Debarment Certification; Payment Under Contract:

. If the contract proposed is for the construction of public works or is for a contract for goods & services exceeding $100,000, all bidders shall furnish a good and sufficient bid bond in the amount of five percent of the total contract price. A bid bond must be executed with a surety company authorized to do business in Texas. All bidders are also required to furnish a certification or acknowledgment stating that the contractor or vendor is free from suspension or debarment pursuant to federal regulation 45CFR Part 76.

. Together with the signing of a contract or issuance of a purchase order following the acceptance of a bid, and prior to commencement of the actual work, the bidder shall furnish a performance bond to the County for the full amount of the contract, if that contract exceeds $100,000.

. If the contract is for $50,000 or less, no money will be paid to the contractor until completion and acceptance of the work or the fulfillment of the purchase obligation to the County, and, if applicable, the receipt by County of satisfactory evidence that all subcontractors and material men have been paid.

. If a contract is for the construction, alteration or repair of public buildings or public works, the contractor *shall* provide a payment bond for a contract in excess of Twenty Five Thousand Dollars ($25,000.00), as required by Tex. Govt. Code Ch. 2253.

. For requirements contracts, bond requirements are determined by applying the proposed unit price to the estimated quantities included in the specifications.

19. Ethical Standards:

. It shall be a breach of ethics to offer, give or agree to give any elected official, department head or employee, or former elected official, department head or employee, of the County, or for any elected official, department head or employee or former elected official, department head or employee of the County, to solicit, demand, accept or agree to accept from another person, entity or organization, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefore pending before any department or agency of the County.

. It shall be a breach of ethics for any payment, gratuity or offer of

employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor for any contract for the County, or any person associated therewith, as an inducement for the award of a subcontract or order.

. No public official shall have an interest in a contract awarded hereunder except in accordance with Tex. Loc. Govt. Code Chapter 171.

- NOTICE:
ALL COMMUNICATIONS BY A VENDOR TO THE COUNTY, ITS OFFICIALS, AND DEPARTMENT HEADS REGARDING THIS PROCUREMENT SHALL BE DONE THROUGH THE HIDALGO COUNTY PURCHASING DEPARTMENT.

No vendor, its representative, agent, or employee shall engage in private communication with a member of the Hidalgo County Commissioners Court or county department heads regarding any procurement of goods or services by the County from the date that the Bid, RFP, or RFQ is released. No private communication regarding the purchase shall be permitted until the procurement process is complete and a purchase order is granted or a contract is entered into. Members of the commissioners court are required to make a reasonable effort to inform themselves regarding potential procurements and have a duty to inquire of vendors, their representatives or employees, the nature of any private communication being sought prior to engaging in any communication. "Private Communication" means communication with any vendor outside of a posted meeting of the governing body, a regular meeting of a standing or appointed committee, or a negotiation with a vendor which has been specifically authorized by the governing body.

20. Disclosure of Conflict of Interest

. Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that any vendor, person, consultant or contractor considering doing business with Hidalgo County ("the County") to disclose in the Conflict of Interest Questionnaire (the "CIQ") attached as Exhibit D, the vendor, person, consultant or contractor's affiliation or business relationship that might cause a conflict of interest with the County. By law, the CIQ must be filed with the Hidalgo County Clerk's Office no later than the seventh business day after the date the person becomes aware of facts that require that statement to be filed. The disclosure requirement applies to a person or business who contracts or seeks to contract with Hidalgo County for the sale or purchase of property, goods or service. Any purchase order or contract resulting from this process shall be considered null and void if the successful bidder fails to comply with Texas Local Government Code Chapter 176. Vendors, consultants, contractors and others who desire to conduct business with Hidalgo County are encouraged to refer to Texas Local Government Code Chapter 176 for the details of this law. An offense under Texas Local Government Code Chapter 176 is a Class C Misdemeanor.

Please Submit completed CIQ forms to the Hidalgo County Clerk's Office located

at 100 N. Closner, Edinburg, Texas 78539-Hidalgo County Courthouse
COMPLETION AND SUBMISSION OF FORM CIQ IS THE SOLE RESPONSIBILITY OF THE PROSPECTIVE BIDDER.

21. If, during the life of any contract or bid awarded, the successful bidder's net prices generally available to other customers for items awarded herein are reduced below the contracted price, it is understood and agreed that the benefits of such reduction shall be extended to County.

22. Bids, and all goods and services provided thereunder, shall comply with all federal, state and local laws concerning this type(s) of goods and/or services

23. Minimum Standards For Responsible Prospective Bidders: A prospective bidder must affirmatively demonstrate bidder's responsibility. A prospective bidder, by submitting a bid, represents to County that it meets the following requirements:

- **Possess and submit a Certificate of Account Status indicating bidder is in "Good Standing" with the Texas Comptroller of Public Accounts if such bidder is incorporated in the State of Texas. If the bidder is not incorporated with the Texas, the bidder must submit the appropriate evidence of filing with the Texas Secretary of State stating that the business is authorized to transact business in Texas.**
- Possess or is able to obtain adequate financial resources as required to perform under the bid;
- Be able to comply with the required or proposed delivery schedule;
- Have a satisfactory record of performance;
- Have a satisfactory record of integrity and ethics;
- Be otherwise qualified and eligible to receive an award.

24. Successful bidder will pay or cause to be paid, without cost or expenses to County, all FICA, FUTA/SUTA and Federal Income Withholding Taxes of all employees, and all wages and benefits as required by Federal or State law. Successful bidder's officers, agents and/or employees will not be entitled to any benefits of an employee or elected official of County, including, but not limited to, benefits associated with County's civil service system.

25. Any contract award to a successful bidder will be in effect until (a) the contract expires, (b) delivery and acceptance of products, and/or performance of services ordered, or (c) terminated by County with thirty day's written notice prior to cancellation.

26. County reserves the right to enforce performance of any contract awarded hereunder in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default by successful bidder; County reserves the right to terminate any contract immediately in the event a successful bidder fails to:

A. Meet schedules;
B. Pay any required fees or taxes; or

C. Otherwise perform in accordance with the specifications.

27. Successful bidder shall defend, indemnify and save harmless County and all its elected officials, officers, agents and employees from all suits, actions, or other claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the successful bidder, or of any agent, employee, subcontractor or supplier of successful bidder in the execution of, or performance under, any contract which may result from bid award or which arises from any event or casualty happening on or within County premises themselves or happening upon or in any halls, elevators, entrances, stairways or approaches of or to such County facilities. Successful bidder shall pay any judgment with costs which may be obtained against County growing out of such injury or damages, and shall, upon request, provide a defense to County by counsel reasonably acceptable to County. Successful bidder's indemnity hereunder shall include, but is not limited to, claims relating to patent, copyright or trademark infringement, and the like, arising out of the goods and services provided by successful bidder.

28. Successful bidder shall warrant that all items/services shall conform with the specifications and/or all warranties provided under the Uniform Commercial Code and be free from all defects in material, workmanship and the like. Items supplied under a contract pursuant to this Request for Bids shall be subject to County's approval. Items found to be defective or not meeting specifications shall be replaced by successful bidder within two business days at no expense to County. Items not picked up within one (1) week after notification shall be deemed a donation to County and may be used or disposed of at County's discretion and without waiver of any other rights of County as to the item's nonconformity.

29. ***Vendors hereby assigns to purchaser any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 USCA, Section 1 et. seq., and which arise under the antitrust laws of the State of Texas, Bus. & Com. Code, Section 15.01, et. seq.***

30. This document and any disputes arising hereunder shall be governed and construed according to the laws of the State of Texas, and will be performable exclusively in Hidalgo County, Texas.

31. The successful bidder shall not assign, sell, transfer or convey its rights under any awarded contract, in whole or in part, without the prior written consent of County.

BIDDERS ACKNOWLEDGEMENT
Bid
for
HIDALGO COUNTY PRECINCT NO. 2

"ELDORA ROAD IMPROVEMENTS
(from I Road to Raul Longoria Road)"
BID NO.: 2015-367-12-02-MSS

To: Martha L. Salazar, CPPB, Purchasing Agent
Hidalgo County Purchasing Department
2802 S. Bus. Hwy. 281
Edinburg, Texas 78539

In accordance with the Specifications, and subject to all laws and regulations of the United States and state and local laws, the undersigned bidder proposes and commits to furnish all labor, equipment, material, software and services as set forth in the documents hereinbefore mentioned. The undersigned bidder further agrees, upon acceptance of its bid, to execute a contract and/or Purchase Order issued by Hidalgo County for performing and completing the work described in the Specifications within the time stated and for the prices proposed in the documents attached hereto and made a part hereof.

Bidder acknowledges receipt of all of the pages of the documents referenced in the Invitation to Bid Table of Contents presented in connection with this procurement. Bidder understands that Hidalgo County reserves the right to reject any or all bids and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best bid.

Bidder agrees that this bid shall be good and may not be withdrawn for a period of ninety (90) calendar days after the scheduled closing time for receiving bids, as contained in the Specifications.

Respectfully submitted,

3. **CONTRACTS ON HAND:** The Bidder shall provide below a list of any contracts/projects he/she currently has on hand:

_____

4. **SUBCONTRACTORS:** List any subcontractors you propose to use on the Hidalgo County's project that will comprise at least 20% of the total project cost. Use additional page if necessary. This information is considered preliminary and may be revised prior if bid is awarded and re-submitted during the pre-construction phase. However, it is expressly understood that the use of any subcontractor other than those listed with bid shall require written approval from Hidalgo County.

   Failure to submit the information as required may result in a disqualification of your bid.

6. **PERFORMANCE OF WORK BY BIDDER:** Except as otherwise provided, the bidder shall perform no less than eighty percent (80%) of the work with his own organization, only twenty percent (20%) of the work may be subcontracted.

   The organization of the specifications into divisions, sections, articles, etc., and the arrangement and titles of project drawings shall not control the Bidder in dividing the work among subcontractors or in establishing the extent of work to be performed by any trade.

   Awarded bidder shall assign a project superintendent who is directly employed by the Bidder, that superintendent will be required to be on the job on a daily basis. No subcontractors will be allowed to act as project superintendents at any point during the construction of said project.

Bidder shall have a significant business presence with the Rio Grande Valley Area, the business must be headquartered in either Hidalgo, Cameron, or Starr County or a local office must be located in either of the three counties (Hidalgo, Cameron, Starr) with at least thirty percent (30%) of the total company workforce employed at the local office. County reserves the right to request payrolls and any necessary documentation to confirm that the local office meets these requirements.

Bidders shall carefully examine the plans, specifications and other documents, visit the site of the work, and fully inform themselves as to all conditions and matters which can affect the work or cost thereof. Should the bidder find discrepancies in, or omissions from the plans, specifications or other documents, or should he/she be in doubt as their meaning, he/she should at once notify the Engineer and obtain clarification by addendum prior to submitting any bid.

Bidder herby certifies that said company carried liability coverage and workers compensation insurance coverage that meets the requirements set forth in this Request for Bids/Proposals when performing work on this project for Hidalgo County.

Furthermore, bidder certifies that any subcontractor on the project shall provide the said company with a certificate relating that all employees of the subcontractor also are provided with workers' compensation insurance coverage. Bidder will provide copies of all of these certificates to Hidalgo County during the course of the project for all subcontractors working on the project.

All subcontractors must comply with federally determined prevailing Davis-Bacon and Related Acts wage rate.

Hidalgo County encourages the hiring of minority women subcontractors and/or suppliers whenever and wherever feasible.

The undersigned hereby authorizes and requests any person, firm, or corporation to furnish any information requested by the owner in verification of the recitals comprising this Statement of Credentials.

Notary Public in and for _____County, Texas

My commission expires _____

INFORMATION FOR BIDDERS

1. Receipt and Opening of Bids

The Hidalgo County Pct # 2 (herein called the "Owner"), invites bids on the form attached hereto, all blanks of which must be appropriately filled in. Bids will be received by the Owner at the Hidalgo County Purchasing department until **Wednesday, DECEMBER 02, 2015 at 3:00 p.m.** and then at said office publicly open and read aloud. The envelopes containing the bids must be sealed, addressed to Martha L. Salazar, Hidalgo County Purchasing Agent at 2812 S Business 281, Edinburg, Texas 78539 and designated as Bid for Hidalgo County Pct # 2.

The owner may consider informal any bid not prepared and submitted in accordance with provisions hereof and may waive any informalities or reject any and all bids. Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified shall not be considered. No bidder may withdraw a bid within 60 days after the actual date of the opening thereof.

2. Preparation of Bid

Each bid must be submitted on the prescribed forms and Certification by Bidder and/or contractor, concerning Labor Standards and Prevailing Wage Requirements. All blank spaces for bid prices must be filled in, in ink or typewritten, in both words and figures, and the foregoing Certificates must be fully completed and executed when submitted.

Each bid must be submitted in a sealed envelopes bearing on the outside the name of the bidder, his address, and the name of the project for which the bid is submitted. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another enveloped addressed as specified in the bid form.

3. Subcontracts

The bidder is specifically advised that any person, firm, or other party to whom is proposed to ward a subcontract under this contract –

a Must be acceptable to the Owner after verification of the current eligibility status, and,
b Approval of the proposed subcontract award cannot be given by the Owner unless and until the proposed subcontractor has submitted the Certification and/or other evidence showing that it has fully complied with any reporting requirements to which it is or was subject. Although the bidder is not required to attach such Certification by proposed subcontractors to his bid, the bidder is here advised of this requirement so that appropriate action can be taken to prevent subsequent delay in subcontract awards.

4. Telegraphic Modification

Any bidder may modify his bid by telegraphic communication at any time prior to the scheduled closing time for receipt of bids, provided such telegraphic communication is received by the Owner prior to the

closing time, and provided further, the Owner is satisfied that a written confirmation of the telegraphic modification over the signature of the bidder was mailed prior to the closing time. The telegraphic communication should not reveal the bid price but should provide the additional or subtraction or other modification so that the final prices or terms will not be known by the Owner until the sealed bid is opened. If written confirmation is not received within two days from the closing time, no consideration will be given to the telegraphic modification.

5. Method of Bidding

The Owner invites the following bid(s):
Project Name: **Hidalgo County Precinct No. 2 – Eldora Road Improvements (from I Road to Raul Longoria Road).**
Project Number: **2015-367-12-02-MSS**

Qualifications of Bidder

The Owner may make such investigations as he deems necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request, the Owner reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the Owner that such bidder is properly qualified to carry out the obligations of the contract to complete the work contemplated therein. Conditional bids will not be accepted.

6. Bid Security

Each bid must be accompanied by certified check of the bidder, or a bid bond prepared on the form of bid bond attached hereto, duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner, in the amount of 5% of the bid. Such checks or bid bonds will be returned to all except the three lowest bidders within three days after the opening of bids, and the remaining checks, or bid bonds will be returned promptly after the Owner and the accepted bidder have executed the contract, or if no award has be made within 60 days after the date of the opening of bids, upon demand of the bidder at any time thereafter, so long as he has not been notified of the acceptance of his bid.

7. Liquidated Damages for Failure to enter into Contract

The successful bidder, upon his failure or refusal to execute and deliver the contract and bonds required within 10 days after he has received notice of the acceptance of his bid, shall forfeit to the Owner, as liquidated damages for such failure or refusal, the security deposited with his bid.

8. Time of Completion and Liquidated Damages

Bidder must agree to commence on or before a date to be specified in a Written "Notice to Proceed" of the Owner and to fully complete the project within **60** **consecutive calendar days** thereafter. Bidder must agree also to pay as liquidated damages, the sum of **$ 250.00** for each consecutive calendar day thereafter as hereinafter provided in the General Conditions.

9. Condition of Work

Each bidder must inform himself fully of the conditions relating to the construction of the project and the employment of labor thereon. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of his contract. Insofar as possible the contractor, in carrying out his work, must employ such methods or means as will not cause any interruption of or interference with work of any other contractor.

10. Addenda and Interpretations

No interpretation of the meaning of the plans, specifications or other pre-bid documents will be made to any bidder orally.

Every request for such interpretation should be in writing via e-mail to moises.salazar@co.hidalgo.tx.us or via fax to (956) 292-7612 addressed to Martha L. Salazar, Purchasing Agent, 2802 S. Business Hwy. 281, Edinburg, TX 78539 attn: Moises Salazar, Buyer and to be given consideration must be received at least five days prior to the date fixed for the opening of bids. Any all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will mailed by certified mail with return receipt requested to all prospective bidders (at the respective addresses furnished for such purposes), not later than three days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the contract documents.

11. Security for Faithful Performance

Simultaneously with his delivery of the executed contract; the contractor shall furnish a surety bond or bonds as security for faithful performance of this contract and for the payment of all persons performing labor on the project under this contract and furnishing materials in connection with this contract, as specified in the General Conditions included herein. The surety on such bond or bonds shall be a duly authorized surety company satisfactory to the Owner.

12. Power of Attorney

Attorney-in-fact who sign bonds or contract bonds must file with each bond a certified and effectively dated copy of their power of attorney.

13. Notice of Special Conditions

Attention is particularly called to those parts of the contract documents and specifications which deal with the following;

a Inspection and testing of materials
b Insurance requirements
c Wage rates
d States allowances

14. Laws and Regulations

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction of the project shall apply to the contract throughout, and they will be deemed to be included in the contract the same as though herein written out in full.

15. Method of Award – Lowest Qualified Bidder

If at the time this contract is to be awarded, the lowest base bid submitted by a responsible bidder does not exceed the amount of funds then estimated by the Owner as available to finance the contract the contract will be awarded on the base bid only. If such bid exceeds such amount, the Owner may reject all bids or may award the contract on the base bid combined with such deductible alternates applied in numerical order in which they are listed in the form of Bid, as produces a net amount which is within the available funds.

16. Obligation of Bidder

At the time of the opening of bids each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the plans and contract documents (including all addenda). The failure or omission of any bidder to examine any form, instrument or document shall in no way relieve any bidder from any obligation in respect of his bid.

Supplement to Form HUD-4238-B®
INFORMATION FOR BIDDERS

17. SAFETY STANDARDS AND ACCIDENTS PREVENTION

With respect to all work performed under this contract, the contractor shall:

1 Comply with the safety standards provision of applicable laws, building and construction codes and the "Manual of Accident Prevention in Construction" published by the Associates General Contractors or America, the requirements of the Occupational Safety and Health Act of 1970 (Public Laws 91-596), and the requirements of Title 29 of the Code of Federal Regulations, Section 1518 as published in the "Federal Register", Volume 36, No 75, Saturday, April 17, 1971.

2 Exercise every precaution at all times for the prevention of accidents and the protection of persons (including employees) and property.

3 Maintain at his office or other well known place at the job site, all articles necessary for giving first aid to the injured, and shall make standing arrangements for the immediate removal to a hospital or a doctor's care of persons (including employee), whom may be injured on the job site. In no case shall employee be permitted to work at a job site before the employer has made a standing arrangement for removal of injured person to a hospital or a doctor's care.

SPECIAL PROVISIONS

1. The County of Hidalgo reserves the right to partially award the contract in order to meet the budget.

2. It shall be the Contractor's responsibility to locate underground utilities, whether shown or not shown on the drawings, sufficiently in advance of operations to preclude damage to same.

3. Water, sewer, or other utility serves shall not be interrupted. Any damages to existing utilities will be Contractor's responsibility.

4. In the event of damage to underground facilities, whether shown or not shown in the drawings, the Contractor shall make the necessary repairs to place the facilities back in service at no increase in the Contractors price and all such repairs shall conform to the requirements of the company or agency servicing the facility

5. The Contractor shall exercise extra care to prevent damage to all other structures in the area including, fence, roads, pipelines, utilities, etc., whether publicly or privately owned.

6. Until acceptance by the Engineer of any part or all of the construction, as provided for in the plans and these specifications, it shall be under the charge and care of the contractor, and he shall take every necessary precaution against injury or damage to any part of the work. The Contractor shall rebuild, repair, restore and make good, at his own expense, all injuries or damage to any portion of the work before its completion and acceptance.

7. In case the Contractor deems extra compensation is due him for proposed work not covered in the contract, the Contractor shall notify the Engineer in writing of his claim for such extra compensation before he begins the work. Failure on the part of the Contractor to give such notification shall constitute a waiver of claim for such extra compensation. The Contractor shall not proceed until a written Change Order is approved by the Owner, Engineer, and Contractor.

8. Prospective bidders should make a careful examination of the projects sites.

9. Contractor shall review his overall method and schedule of construction with the County Prior to construction for proper coordination of inspection.

10. No open trenches or excavation shall be left open overnight.

COUNTY OF HIDALGO §

CONSTRUCTION CONTRACT
C-15-367-XX-XX-XX

This Agreement, entered into this_____day of_____, 2015 by and between **Hidalgo County** (hereinafter called the "OWNER," and, _____ (a Texas corporation), of County of Hidalgo, and State of Texas, hereinafter called "CONTRACTOR".

WITNESSETH

That for and in consideration of the payments and agreement hereinafter mentioned, to be made and performed by the OWNER, the CONTRACTOR hereby agrees with the OWNER to commence and complete the construction described as follows:

Hidalgo County Precinct No. 2 - "Eldora Road Improvements
(from I Road to Raul Longoria Road)"

Hereinafter called the project, for the sum of _____ **($ _____)** and all extra work in connection therewith, under the terms and stated in the General and Special Conditions of the Contract; and at his (its or their) own proper cost and expense to furnish all the materials, supplies, machinery, equipment, tools, superintendence, labor, insurance, and other accessories and services necessary to complete the said project in accordance with the conditions and prices stated in the Proposal, the Technical Specifications, the General Conditions and Special Conditions printed or written explanatory matter thereof, the specifications and contract documents therefore as prepared by County of Hidalgo, Jose Noe Saldivar, P.E., entitled the Engineer, and as enumerated in Paragraph 1.01.A.12 of the General Conditions, all of which are made a part hereof and collectively evidence and constitute the contract.

The CONTRACTOR hereby agrees to commence work under this contract on or after a date to be specified in written "Notice to Proceed" of the OWNER and to fully complete the project within **60 consecutive calendar days thereafter**. The CONTRACTOR further agrees to pay, as liquidated damages, the sum of $ **250.00** for each consecutive calendar day thereafter.

The OWNER agrees to pay the CONTRACTOR in current funds for the performance of the contract, subject to additions and deductions, as provided in the General Conditions of the contract, and to make payments on account thereof as provided in Paragraphs 14.02.C and 14.07.C of the General Conditions.

IN WITNESS WHREOF, the parties to these present have executed this contract in five (5) counterparts, each of which shall be deemed an original, in year and day first above mentioned.

EXHIBIT "C"
Insurance Requirements

The Bidder awarded the contract shall furnish proof of insurance, which will also include any subcontractor that is subcontracted by the bidder in at least the following limits, to be in place prior to providing any services under this Contract and to continue at all times in force in effect during the term of this Contract:

1. A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability insurance policy providing additional coverage to all underlying liabilities of County.

2. Automobile liability insurance policy with limits of at least Three Hundred Thousand Dollars ($300,000.00) per person and Five Hundred Thousand Dollars ($500,000.00) per occurrence. Coverage should include injury to or death of persons and property damage claims with limits up to Five Hundred Thousand ($500,000.00) arising out of the services provided to County hereunder.

3. Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

4. Workers compensation insurance in amounts established by Texas law, unless the Bidder is specifically exempted from the Texas Workers Compensation Act, Texas Labor Code Chapter 401, et. seq.

Certificates of insurance naming County as an additional insured shall be submitted to County for approval prior to any services being performed by Contractor. Each policy of insurance required hereunder shall extend for a period equivalent to, or longer than the term of the Contract, and any insurer hereunder shall be required to give at least thirty (30) days written notice to the County prior to the cancellation of any such coverage on the termination date, or otherwise. This Contract shall be automatically suspended upon the cancellation, or other termination, of any required policy of insurance hereunder, and such suspension shall continue until evidence adequate replacement coverage is provided to County. If replacement coverage is not provided within thirty (30) days following suspension of the Contract, this Contract shall automatically terminate.

Insurance Requirement Acknowledgment

I, _____, authorized representative for _____,
Company/Vendor

hereby acknowledge receipt of the County's required insurance limits. Said requirements:

will be acquired within 10 working days after notification from Purchasing Department of bid awarded by the Hidalgo County Commissioners' Court;

will acquire additional amounts required to meet the County's requirements within 10 working days after notification from Purchasing Department of bid award by the Hidalgo County Commissioners' Court; currently carry the following:

Automobile Liability: $_____ General Liability: $

have already been met, see attached copy of insurance certificate.

_____ _____.
Authorized Representative Date

Notice to Bidder:
A certificate of insurance for the required insurance limits shall be provided to the Purchasing Department's Contract Managers in order to qualify for award of bid and to execute a contract between your Company and the County

Failure to provide Certificates of Insurance to the Purchasing Department's Contract Managers will cause the bid award to be rescinded and re-awarded to next lowest bidder. Certificates of Insurance will be monitored and verified on a **quarterly basis** to ensure coverage policy is in place. It is the Company=s obligation to maintain the appropriate insurance coverage throughout the term of the contract.

THIS FORM MUST ACCOMPANY BID PACKET

PROJECT REQUIREMENTS ACKNOWLEDGMENT

This is to certify that I, _____, possess all of the APPLICABLE:

1. Licenses: _____.
2. Bonds: _____.
3. Certificates: _____.
4. Permits: _____.
5. Other: _____.

necessary to carry out the required project. Furthermore, I am providing copies of the required documentation so that, if my company is awarded this bid, I may be eligible to enter into a contract with Hidalgo County and proceed to complete the project in a timely manner.

* Any licenses, bonds, certificates, permits, etc. which are required must be presented as part of the bid packet in order to expedite the bid evaluation process. Failure to provide said documentation will result in the disqualification of your bid.

GENERAL CONDITIONS OF THE AGREEMENT

1. GENERAL

It is the intent of these instructions, plans and specifications to provide guidance for the construction of this project.

2. REGULATIONS AND DISCREPANCIES

All applicable laws, ordinances, policy, rules, regulations and other directives of all authorities having jurisdiction over the projects shall apply to the contract throughout and will be deemed to be included in the contract the same as those written out in full. Discrepancies between regulations or conflicting parts of the Specifications shall be brought to the attention of an clarified by the Engineer before proceeding with any work. Proceeding with affected work without instructions from the Engineer can result in the Contractor being responsible for taking the necessary steps to insure the work conforms to the governing regulation.

3. ENGINEER

Whenever the work "ENGINEER" is used in this contract with reference to the preparation of plans, specifications, and contract documents, it shall be understood as referring to County of Hidalgo, Raul E. Sesin, P.E.

4. INTERPRETATION OF PHRASES

Whenever the words "Directed", "Required", "Permitted", "Designated", "Considered Necessary", "Prescribed", or words of like importance are used, it shall be understood that the direction, requirements, permission, order, designation or prescription, of the ENGINEER is intended and similarly, the words "Approval", "Acceptable", "Satisfactory", or words of like importance shall mean approved by or acceptable of satisfactory to the ENGINEER. The preceeding to the contrary notwithstanding, Engineer's approval or acceptance of the work shall by advisory to OWNER, and shall not bind the OWNER to accept or approve the same.

Whenever, in the specifications or drawings accompanying this agreement, the terms or description of various qualities relative to finish, workmanship, or other qualities of similar kind which cannot,, from their nature, be specifically and clearly described and specified, but are necessarily described in general terms, then, in all such cases, any question of the fulfillment of said specifications shall be decided by the ENGINEER, and said work shall be done in accordance with his interpretations of the meaning of the words, terms, or clauses defining the character of the work.

AUTHORITY: The provisions of this Part 3 issued under R.S. 16 1, sec. 2, 48 Stat. §48; Reorg. Plan No. 14 of 1950, 64 Stat. 1267, 5 U.S.C. Appendix; 5 U.S.C. 301; 40 U.S.C. 276c.

SOURCE: The provisions of this Part 3 appear at 29 F.R. 97, Jan. 4, 1964, unless otherwise noted.

Section 3.1 Purpose and Scope.

This part prescribes "anti-kickback" regulations under section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c), popularly known as the Copeland Act. This part applies to any contract which is subject to Federal wage standards and which is for the construction, prosecution, completion, or repair of public buildings, public works or buildings or works financed in whole or in part by loans or grants from the United States. The part is intended to aid in the enforcement of the minimum wage provisions of the Davis-Bacon Act and the various statutes dealing with Federally assisted construction that contain similar minimum wage provisions, including those provisions which are not subject to Reorganization Plan No. 14 (e.g., the College Housing Act of 1950, the Federal Water Pollution Control Act, and the Housing Act of 1959), and in the enforcement of the overtime provisions of the Contract Work Hours Standards Act whenever they are applicable to construction work. The part details the obligation of contractors and subcontractors relative to the weekly submission of statements regarding the wages paid on work covered thereby; sets forth the circumstances and procedures governing the making of payroll deductions from the wages of those employed on such work; and delineates the methods of payment permissible on such work.

Section 3.2 Definitions.

As used in the regulations in this part:

(a) The terms "building" or "work" generally include construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all @s, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, powerlines, pumping stations, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals; dredging, shoring, scaffolding, drilling, blasting, excavating, clearing, and landscaping. Unless conducted in connection with and at the site of such a building or work as is described in the foregoing sentence, the manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials,

articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not a "building" or "work" within the meaning of the regulations in this part.

(b) The terms construction," 4; prosecution," @'completion," or repair" mean all types of work done on a particular building or work at the site thereof, including, without limitation, altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work, by persons employed at the site by the contractor or subcontractor.

(c) The terms "public building" or "public work" include building or work for whose construction, prosecution, completion, or repair, as defined above, a Federal agency is a contracting party, regardless of whether title thereof is in a Federal agency.

(d) The term "building or work financed in whole or in part by loans or grants from the Unites States" includes building or work for whose construction, prosecution, completion, or repair, as defined above, payment or part payment is made directive or indirectly from funds provided by loans or grants by a Federal agency. The term includes building or work for which the Federal assistance granted is in the form of loan guarantees or insurance.

(e) Every person paid by a contractor or subcontractor in any manner for his labor in the construction, prosecution, completion, or repair of a public building or public work or building or work financed in whole or in part by loans or grants from the United States is "employed" and receiving 44 wages," regardless of any contractual relationship alleged to exist between him and the real employer.

(f) The term "any affiliated person" includes a spouse, child, parent, or other close relative of the contractor or subcontractor; a partner or officer of the contractor or subcontractor; a corporation closely connected with the contractor or subcontractor as parent, subsidiary or otherwise, and an officer or agent of such corporation.

(g) The term "Federal agency" means the United States, the District of Columbia, and all executive departments, independent establishments, administrative agencies, and instrumentality's of the United States and of the District of Columbia, including corporations. all or substantially all of the stock of which is beneficially owned by the United States, by the District of Columbia, or any of the foregoing departments, establishments, agencies, and instrumentality's.

(29 **FR** 97, **Jan. 4, 1964, as amended at** 33 **FR** 32575, **Nov.** 27, 1973)

Section 3.3 Weekly statement with respect to payment of wages.

(a) As used in this section, the term "employee" shall not apply to persons in classifications higher than that of laborer or mechanic and those who are the immediate supervisors of such employees.

(b) Each contractor or subcontractor engaged in the construction, prosecution, completion, or repair of any public building or public work, or building or work financed in whole or in part by loans or grants from the United States, shall furnish each week a statement with respect to the wages paid each of its employees engaged on work covered by 29 CFR Parts 3 and 5 during the preceding weekly payroll period. This statement shall be executed by the contractor or subcontractor or by an authorized officer of employee of the contractor or subcontractor who supervises the payment of wages, and shall be on form @ 348, "Statement of Compliance," or on an identical form on the back of @ 347, "Payroll (For Contractors Optional Use)" or on any form with identical wording. Sample copies of @ 347 and @ 348 may be obtained from the Government contracting or sponsoring agency, and copies of these forms may be purchased at the Government Printing Office.

(c) The requirements of this section shall not apply to any contract of $2,000 or less.

(d) Upon a written finding by the head of a Federal agency, the Secretary of Labor may provide reasonable limitations, variations, tolerances, and exemptions from the requirements of this section subject to such conditions as the Secretary of Labor may specify.

(29 F.R. 95, Jan. 4, 19(A, as ==tied at 33 F.R. 10186, July 17,1968)

Copeland Act Regulations

Section 3.4 Submission of weekly statements and the preservation and inspection of weekly payroll records.

(a) Each weekly statement required under §3.3 shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work, or if there is no representative of a Federal or State agency at the site of the building or work, the statement shall be mailed by the contractor or

subcontractor, within such time, to a Federal or State agency contracting for or financing the building or work. After such examination and check as may be made, such statement, or a copy thereof, shall be kept available, or shall be transmitted together with a report of any violation, in accordance with applicable procedures prescribed by the United States Department of Labor.

(b) Each contractor or subcontractor shall preserve his weekly payroll records for a period of three years from date of completion of the contract. The payroll records shall set out accurately and completely the name and address of each taborer and mechanic, his correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid. Such payroll records shall be made available at all times for inspection by the contracting officer or his authorized representative, and by authorized representatives of the Department of Labor.

Section 3.5 Payroll deductions permissible without application to or approval of the Secretary of Labor.

Deductions made under the circumstances or in the situations described in the paragraphs of this section may be made without application to and approval of the Secretary of Labor:

(a) Any deduction made in compliance with the requirements of Federal, State, or local law, such as Federal or State withholding income taxes and Federal social security taxes.

(b) Any deduction of sums previously paid to the employee as a bona fide prepayment of wages when such prepayment is made without discount or interest. A "bona fide prepayment of wages" is considered to have been made only when cash or its equivalent has been advanced to the person employed in such manner as to give him complete freedom of disposition of the advanced funds.

(c) Any deduction of amounts required by court process to be paid to another, unless, the deduction is in favor of the contractor, subcontractor or any affiliated person, or when collusion or collaboration exists.

(d) Any deduction constituting a contribution on behalf of the person employed to funds established by the employer or representatives of employees, or both, for the purpose of providing either from principal or income, or both, medical or hospital care, pensions, or annuities on retirement, death benefits, compensation for injuries, illness, accidents, sickness,

(k) Any deduction for the cost of safety equipment of nominal value purchased by the employee as his own prope@ for his personal protection in his work, such as safety shoes, safety

or disability, or for insurance to provide any of the foregoing, or unemployment benefits, vacation pay, savings accounts, or similar payments for the benefit of employees, their families and dependents: Provided, however, That the following standards are met: (1) The deduction is not otherwise prohibited by law; (2) it is either: (i) Voluntarily consented to by the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of or for the continuation of employment, or (ii) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees; (3) no profit or other benefit is otherwise obtained, directly or indirectly, by the contractor or subcontractor or any affiliated person in the form of commission, dividend, or otherwise; and (4) the deductions shall serve the convenience and interest of the employee. (e) Any deduction contributing toward the purchase of United States Defense Stamps and Bonds when voluntarily authorized by the employee.

(f) Any deduction requested by the employee to enable him to repay loans to or to purchase shares in credit unions organized and operated in accordance with Federal and State credit union statutes.

(g) Any deduction voluntarily authorized by the employee for the making of contributions to

governmental or quasi-governmental agencies, such as the American Red Cross.

(h) Any deduction voluntarily authorized by the employee for the making of contributions to Community Chests, United Givers Funds, and similar charitable organizations.

(i) Any deductions to pay regular union initiation fees and membership dues, not including fines or special assessments: Provided, however, That a collective bargaining agreement between the contractor or subcontractor and representatives of its employees provides for such deductions and the deductions are not otherwise prohibited by law.

0) Any deduction not more than for the "reasonable cost" of board, lodging, or other facilities meeting the requirements of section 3(m) of the Fair Labor Standards Act of 1938, as amended, and Part 531 of this title. When such a deduction is made the additional records required under §516.27(a) of this title shall be kept.

glasses, safety gloves, and hard hats, if such equipment is not required by law to be furnish by the employer, if such deduction is not violative of the Fair Labor Standards Act or prohibited by other law, if the cost on which the deduction is based does not exceed the actual cost to the employer where the equipment is purchased from him and does not include any direct or indirect monetary return to the employer where the equipment is purchased from a third person, and if the deduction is either (1) voluntarily consented to be the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of employment or its continuance; or (2) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees.
(36 F.R. 9770, May 28,1971.)

Section 3.6 Payroll deductions permissible with the approval of the Secretary of Labor.

Any contractor or subcontractor may apply to the Secretary of Labor for permission to make any

deduction not permitted under §3.5. The Secretary may grant permission whenever he finds that:

(a) The contractor, subcontractor, or any affiliated person does not make a profit or benefit

directly or indirectly from the deduction either in the form of **a** commission, dividend, or otherwise;

(b) The deduction is not otherwise prohibited by law;

(c) The deduction is either (1) voluntarily consented to by the employee **in** writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of employment or its continuance, or (2) provided for in **a** bona **fide** collective bargaining agreement between the contractor or subcontractor and representatives of its employees; and

(d) The deduction serves the convenience and interest of the employee.

Section 3.7 Applications for the approval of the Secretary of Labor.

Any application for the making of payroll deductions under §3.6 shall comply with the requirements prescribed in the following paragraphs of this section:

(a) The application shall be in writing and shall be addressed to the Secretary of Labor.

(b) The application need not identify the contract or contracts under which the work in question is to be performed. Permission will be given for deductions on all current and future contracts of the applicant for a period of I year. A renewal of permission to make such payroll deduction will be granted upon the submission of an application which makes reference to the original application, recites the date of the Secretary of Labor's approval of such deductions, states affirmatively that there is continued compliance with the standards set forth in the provisions of §3.6, and specifies any conditions which have changed in regard to the payroll deductions.
(36 F.IL 9770, May 29, 1971.)

(c) The application shall state affirmatively that there is compliance with the standards set forth in the provisions of §3.6. The affirmation shall be accompanied by a full statement of the facts indicating such compliance.

(d) The application shall include a description of the proposed deduction, the purpose to be served there by, and the classes of laborers or mechanics from whose wages the proposed deduction would be made.

(e) The application shall state the name and business of any third person to whom any funds obtained from the proposed deductions are to be transmitted and the affiliation of such person, if any, with the applicant. -

Section 3.8 Action by the Secretary of Labor upon applications.

The Secretary of Labor shall decide whether or not the requested deduction is permissible under provisions of §3.6; and shall notify the applicant in writing of his decision.

Section 3.9 Prohibited payroll deductions.

Deductions not elsewhere provided for by this part and which **are** not found to be permissible under §3.6 are prohibited.

Section 3.10 Methods of payment of wages.

The payment of wages shall be by cash, negotiable instruments pkvable on demand, or the additional forms of compensation for which deductions are permissible under this part. No other methods of payment shall be recognized on work subject to the Copeland Act.

Section 3.11 Regulations part of contact.

All contracts made with respect to the construction, prosecution, completion, or repair of any public building or public work or building or work financed in whole or in part by loans or grants from the United States covered by the regulations in this part shall expressly bind the contractor or subcontractor to comply with such of the regulations in this part as may be applicable. In this regard, see §5.5(a) of this subtitle.

GENERAL CONDITIONS

ARTICLE 1 - DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

A. Wherever used in the Contract Documents and printed with initial or all capital letters, the terms listed below will have the meanings indicated which are applicable to both the singular and plural thereof.

1. *Addenda*--Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the Contract Documents.

2. *Agreement*--The written instrument which is evidence of the agreement between OWNER and CONTRACTOR covering the Work.

3. *Application for Payment*--The form acceptable to ENGINEER which is to be used by CONTRACTOR during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Asbestos*--Any material that contains more than one percent asbestos and is friable or is releasing asbestos fibers into the air above current action levels established by the United States Occupational Safety and Health Administration.

5. *Bid*--The offer or proposal of a bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

6. *Bidding Documents*--The Bidding Requirements and the proposed Contract Documents (including all Addenda issued prior to receipt of Bids).

7. *Bidding Requirements*--The Advertisement or Invitation to Bid, Instructions to Bidders, Bid security form, if any, and the Bid form with any supplements.

8. *Bonds*--Performance and payment bonds and other instruments of security.

9. *Change Order*--A document recommended by ENGINEER which is signed by CONTRACTOR and OWNER and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, issued on or after the Effective Date of the Agreement.

10. *Claim*--A demand or assertion by OWNER or CONTRACTOR seeking an adjustment of Contract Price or Contract Times, or both, or other relief with respect to the terms of the Contract. A demand for money or services by a third party is not a Claim.

11. *Contract*--The entire and integrated written agreement between the OWNER and CONTRACTOR concerning the Work. The Contract supersedes prior negotiations, representations, or agreements, whether written or oral.

12. *Contract Documents*--The Contract Documents establish the rights and obligations of the parties and include the Agreement, Addenda (which pertain to the Contract Documents), CONTRACTOR's Bid (including documentation accompanying the Bid and any post Bid documentation submitted prior to the Notice of Award) when attached as an exhibit to the Agreement, the Notice to Proceed, the Bonds, these General Conditions, the Supplementary Conditions, the Specifications and the Drawings as the same are more specifically identified in the Agreement, together with all Written Amendments, Change Orders, Work Change Directives, Field Orders, and ENGINEER's written interpretations and clarifications issued on or after the Effective Date of the Agreement. Approved Shop Drawings and the reports and drawings of subsurface and physical conditions are not Contract Documents. Only printed or hard copies of the items listed in this paragraph are Contract Documents. Files in electronic media format of text, data, graphics, and the like that may be furnished by OWNER to CONTRACTOR are not Contract Documents.

13. *Contract Price*--The moneys payable by OWNER to CONTRACTOR for completion of the Work in accordance with the Contract Documents as stated in the Agreement (subject to the provisions of paragraph 11.03 in the case of Unit Price Work).

14. *Contract Times*--The number of days or the dates stated in the Agreement to: (i) achieve Substantial Completion; and (ii) complete the Work so that it is ready for final payment as evidenced by ENGINEER's written recommendation of final payment.

15. *CONTRACTOR*--The individual or entity with whom OWNER has entered into the Agreement.

16. *Cost of the Work*--See paragraph 11.01.A for definition.

17. *Drawings*--That part of the Contract Documents prepared or approved by ENGINEER which graphically shows the scope, extent, and character of the Work to be performed by CONTRACTOR. Shop Drawings and other CONTRACTOR submittals are not Drawings as so defined.

18. *Effective Date of the Agreement*--The date indicated in the Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Agreement is signed and delivered by the last of the two parties to sign and deliver.

19. *ENGINEER*--The individual or entity named as such in the Agreement.

20. *ENGINEER's Consultant*--An individual or entity having a contract with ENGINEER to furnish services as ENGINEER's independent professional associate or consultant with respect to the Project and who is identified as such in the Supplementary Conditions.

21. *Field Order*--A written order issued by ENGINEER which requires minor changes in the Work but which does not involve a change in the Contract Price or the Contract Times.

22. *General Requirements*--Sections of Division 1 of the Specifications. The General Requirements pertain to all sections of the Specifications.

23. *Hazardous Environmental Condition*--The presence at the Site of Asbestos, PCBs, Petroleum, Hazardous Waste, or Radioactive Material in such quantities or circumstances that may present a substantial danger to persons or property exposed thereto in connection with the Work.

24. *Hazardous Waste*--The term Hazardous Waste shall have the meaning provided in Section 1004 of the Solid Waste Disposal Act (42 USC Section 6903) as amended from time to time.

25. *Laws and Regulations; Laws or Regulations*--Any and all applicable laws, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

26. *Liens*--Charges, security interests, or encumbrances upon Project funds, real property, or personal property.

27. *Milestone*--A principal event specified in the Contract Documents relating to an intermediate completion date or time prior to Substantial Completion of all the Work.

28. *Notice of Award*--The written notice by OWNER to the apparent successful bidder stating that upon timely compliance by the apparent successful bidder with the conditions precedent listed therein, OWNER will sign and deliver the Agreement.

29. *Notice to Proceed*--A written notice given by OWNER to CONTRACTOR fixing the date on which the Contract Times will commence to run and on which CONTRACTOR shall start to perform the Work under the Contract Documents.

30. *OWNER*--The individual, entity, public body, or authority with whom CONTRACTOR has entered into the Agreement and for whom the Work is to be performed.

31. *Partial Utilization*--Use by OWNER of a substantially completed part of the Work for the purpose for which it is intended (or a related purpose) prior to Substantial Completion of all the Work.

32. *PCBs*--Polychlorinated biphenyls.

33. *Petroleum*--Petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute), such as oil, petroleum, fuel oil, oil sludge, oil refuse, gasoline, kerosene, and oil mixed with other non-Hazardous Waste and crude oils.

34. *Project*--The total construction of which the Work to be performed under the Contract Documents may be the whole, or a part as may be indicated elsewhere in the Contract Documents.

35. *Project Manual*--The bound documentary information prepared for bidding and constructing the Work. A listing of the contents of the Project Manual, which may be bound in one or more volumes, is contained in the table(s) of contents.

36. *Radioactive Material*--Source, special nuclear, or byproduct material as defined by the Atomic Energy Act of 1954 (42 USC Section 2011 et seq.) as amended from time to time.

37. *Resident Project Representative*--The authorized representative of ENGINEER who may be assigned to the Site or any part thereof.

38. *Samples*--Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and which establish the standards by which such portion of the Work will be judged.

39. *Shop Drawings*--All drawings, diagrams, illustrations, schedules, and other data or information which are specifically prepared or assembled by or for CONTRACTOR and submitted by CONTRACTOR to illustrate some portion of the Work.

40. *Site*--Lands or areas indicated in the Contract Documents as being furnished by OWNER upon which the Work is to be performed, including rights-of-way and easements for access thereto, and such other lands furnished by OWNER which are designated for the use of CONTRACTOR.

41. *Specifications*--That part of the Contract Documents consisting of written technical descriptions of materials, equipment, systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

42. *Subcontractor*--An individual or entity having a direct contract with CONTRACTOR or with any other Subcontractor for the performance of a part of the Work at the Site.

43. *Substantial Completion*--The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of ENGINEER, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

44. *Supplementary Conditions*--That part of the Contract Documents which amends or supplements these General Conditions.

45. *Supplier*--A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with CONTRACTOR or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by CONTRACTOR or any Subcontractor.

46. *Underground Facilities*--All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

47. *Unit Price Work*--Work to be paid for on the basis of unit prices.

48. *Work*--The entire completed construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction, and furnishing, installing, and incorporating all materials and equipment into such construction, all as required by the Contract Documents.

49. *Work Change Directive*--A written statement to CONTRACTOR issued on or after the Effective Date of the Agreement and signed by OWNER and recommended by ENGINEER ordering an addition, deletion, or revision in the Work, or responding to differing or unforeseen subsurface or physical conditions under which the Work is to be performed or to emergencies. A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the change ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order following negotiations by the parties as to its effect, if any, on the Contract Price or Contract Times.

50. *Written Amendment*--A written statement modifying the Contract Documents, signed by OWNER and CONTRACTOR on or after the Effective Date of the Agreement and normally dealing with the nonengineering or nontechnical rather than strictly construction-related aspects of the Contract Documents.

1.02 *Terminology*

A. *Intent of Certain Terms or Adjectives*

1. Whenever in the Contract Documents the terms "as allowed," "as approved," or terms of like effect or import are used, or the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of ENGINEER as to the Work, it is intended that such action or determination will be solely to evaluate, in general, the completed Work for compliance with the requirements of and information in the Contract Documents and conformance with the design concept of the completed Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective shall not be effective to assign to ENGINEER any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility contrary to the provisions of paragraph 9.10 or any other provision of the Contract Documents.

B. *Day*

1. The word "day" shall constitute a calendar day of 24 hours measured from midnight to the next midnight.

C. *Defective*

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it does not conform to the Contract Documents or does not meet the requirements of any inspection, reference standard, test, or approval referred to in the Contract Documents, or has been damaged prior to ENGINEER's recommendation of final payment (unless responsibility for the protection thereof has been assumed by OWNER at Substantial Completion in accordance with paragraph 14.04 or 14.05).

D. *Furnish, Install, Perform, Provide*

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

3. The words "perform" or "provide," when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. When "furnish," "install," "perform," or "provide" is not used in connection with services, materials, or equipment in a context clearly requiring an obligation of CONTRACTOR, "provide" is implied.

E. Unless stated otherwise in the Contract Documents, words or phrases which have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 - PRELIMINARY MATTERS

2.01 *Delivery of Bonds*

A. When CONTRACTOR delivers the executed Agreements to OWNER, CONTRACTOR shall also deliver to OWNER such Bonds as CONTRACTOR may be required to furnish.

2.02* *Copies of Documents*

A. OWNER shall furnish to CONTRACTOR up to ten copies of the Contract Documents. Additional copies will be furnished upon request at the cost of reproduction.

2.03 *Commencement of Contract Times; Notice to Proceed*

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Agreement or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Agreement. In no event will the Contract Times com-

mence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Agreement, whichever date is earlier.

2.04 *Starting the Work*

A. CONTRACTOR shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to the date on which the Contract Times commence to run.

*See Supplementary Conditions

2.05* *Before Starting Construction*

A. *CONTRACTOR's Review of Contract Documents:* Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract Documents and check and verify pertinent figures therein and all applicable field measurements. CONTRACTOR shall promptly report in writing to ENGINEER any conflict, error, ambiguity, or discrepancy which CONTRACTOR may discover and shall obtain a written interpretation or clarification from ENGINEER before proceeding with any Work affected thereby; however, CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless CONTRACTOR knew or reasonably should have known thereof.

B. *Preliminary Schedules:* Within ten days after the Effective Date of the Agreement (unless otherwise specified in the General Requirements), CONTRACTOR shall submit to ENGINEER for its timely review:

1. a preliminary progress schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract Documents;

2. a preliminary schedule of Shop Drawing and Sample submittals which will list each required submittal and the times for submitting, reviewing, and processing such submittal; and

3. a preliminary schedule of values for all of the Work which includes quantities and prices of
items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

* C. *Evidence of Insurance:* Before any Work at the Site is started, CONTRACTOR and OWNER shall each deliver to the other, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance which either of them or any additional insured may reasonably request) which CONTRACTOR and OWNER respectively are required to purchase and maintain in accordance with Article 5.

2.06 *Preconstruction Conference*

A. Within 20 days after the Contract Times start to run, but before any Work at the Site is started, a conference attended by CONTRACTOR, ENGINEER, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in paragraph 2.05.B, procedures for handling Shop Drawings and other submittals, processing Applications for Payment, and maintaining required records.

2.07 *Initial Acceptance of Schedules*

A. Unless otherwise provided in the Contract Documents, at least ten days before submission of the first Application for Payment a conference attended by CONTRACTOR, ENGINEER, and others as appropriate will be held to review for acceptability to ENGINEER as provided below the schedules submitted in accordance with paragraph 2.05.B. CONTRACTOR shall have an additional ten days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to CONTRACTOR until acceptable schedules are submitted to ENGINEER.

1. The progress schedule will be acceptable to ENGINEER if it provides an orderly progression of the Work to completion within any specified Milestones and the Contract Times. Such acceptance will not impose on ENGINEER responsibility for the progress schedule, for sequencing, scheduling, or progress of the Work nor interfere with or relieve CONTRACTOR from CONTRACTOR's full responsibility therefor.

2. CONTRACTOR's schedule of Shop Drawing and Sample submittals will be acceptable to ENGINEER if it provides a workable arrangement for reviewing and processing the required submittals.

3. CONTRACTOR's schedule of values will be acceptable to ENGINEER as to form and substance if it provides a reasonable allocation of the Contract Price to component parts of the Work.

*See Supplementary Conditions

ARTICLE 3 - CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE

3.01* *Intent*

A. The Contract Documents are complementary; what is called for by one is as binding as if called for by all.

B. It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents. Any labor, documentation, services, materials, or equipment that may reasonably be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the intended result will be provided whether or not specifically called for at no additional cost to OWNER.

C. Clarifications and interpretations of the Contract Documents shall be issued by ENGINEER as provided in Article 9.

3.02 *Reference Standards*

A. *Standards, Specifications, Codes, Laws, and Regulations*

1. Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard, specification, manual or code, or any instruction of a Supplier shall be effective to change the duties or responsibilities of OWNER, CONTRACTOR, or ENGINEER, or any of their subcontractors, consultants, agents, or employees from those set forth in the Contract Documents, nor shall any such provision or instruction be effective to assign to OWNER, ENGINEER, or any of ENGINEER's Consultants, agents, or employees any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the Contract Documents.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies*

1. If, during the performance of the Work, CONTRACTOR discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents or between the Contract Documents and any provision of any Law or Regulation applicable to the performance of the Work or of any standard, specification, manual or code, or of any instruction of any Supplier, CONTRACTOR shall report it to ENGINEER in writing at once. CONTRACTOR shall not proceed with the Work affected thereby (except in an emergency as required by paragraph 6.16.A) until an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in paragraph 3.04; provided, however, that CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any such conflict, error, ambiguity, or discrepancy unless CONTRACTOR knew or reasonably should have known thereof.

B. *Resolving Discrepancies*

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the Contract Documents shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between the provisions of the Contract Documents and:

a. the provisions of any standard, specification, manual, code, or instruction (whether or not specifically incorporated by reference in the Contract Documents); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Amending and Supplementing Contract Documents*

A. The Contract Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof in one or

*See Supplementary Conditions

B. The requirements of the Contract Documents may be supplemented, and minor variations and deviations in the Work may be authorized, by one or more of the following ways: (i) a Field Order; (ii) ENGINEER's approval of a Shop Drawing or Sample; or (iii) ENGINEER's written interpretation or clarification.

3.05 *Reuse of Documents*

A. CONTRACTOR and any Subcontractor or Supplier or other individual or entity performing or furnishing any of the Work under a direct or indirect contract with OWNER: (i) shall not have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of ENGINEER or ENGINEER's Consultant, including electronic media editions; and (ii) shall not reuse any of such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of OWNER and ENGINEER and specific written verification or adaption by ENGINEER. This prohibition will survive final payment, completion, and acceptance of the Work, or termination or completion of the Contract. Nothing herein shall preclude CONTRACTOR from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 - AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; REFERENCE POINTS

4.01 *Availability of Lands*

A. OWNER shall furnish the Site. OWNER shall notify CONTRACTOR of any encumbrances or restrictions not of general application but specifically related to use of the Site with which CONTRACTOR must comply in performing the Work. OWNER will obtain in a timely manner and pay for easements for permanent structures or permanent changes in existing facilities. If CONTRACTOR and OWNER are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, as a result of any delay in OWNER's furnishing the Site, CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

B. Upon reasonable written request, OWNER shall furnish CONTRACTOR with a current statement of record legal title and legal description of the lands upon which the Work is to be performed and OWNER's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

4.02* *Subsurface and Physical Conditions*

A.* *Reports and Drawings:* The Supplementary Conditions identify:

1. those reports of explorations and tests of subsurface conditions at or contiguous to the Site that ENGINEER has used in preparing the Contract Documents; and

2. those drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site (except Underground Facilities) that ENGINEER has used in preparing the Contract Documents.

B. *Limited Reliance by CONTRACTOR on Technical Data Authorized:* CONTRACTOR may rely upon the general accuracy of the "technical data" contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such "technical data" is identified in the Supplementary Conditions. Except for such reliance on such "technical data," CONTRACTOR may not rely upon or make any Claim against OWNER, ENGINEER, or any of ENGINEER's Consultants with respect to:

1. the completeness of such reports and drawings for CONTRACTOR's purposes, includ-

ing, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by CONTRACTOR, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions, or information.

*See Supplementary Conditions

4.03 *Differing Subsurface or Physical Conditions*

A. *Notice:* If CONTRACTOR believes that any subsurface or physical condition at or contiguous to the Site that is uncovered or revealed either:

1. is of such a nature as to establish that any "technical data" on which CONTRACTOR is entitled to rely as provided in paragraph 4.02 is materially inaccurate; or

2. is of such a nature as to require a change in the Contract Documents; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents; then CONTRACTOR shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by paragraph 6.16.A), notify OWNER and ENGINEER in writing about such condition. CONTRACTOR shall not further disturb such condition or perform any Work in connection therewith (except as aforesaid) until receipt of written order to do so.

B. *ENGINEER's Review:* After receipt of written notice as required by paragraph 4.03.A, ENGINEER will promptly review the pertinent condition, determine the necessity of OWNER's obtaining additional exploration or tests with respect thereto, and advise OWNER in writing (with a copy to CONTRACTOR) of ENGINEER's findings and conclusions.

C. *Possible Price and Times Adjustments*

1. The Contract Price or the Contract Times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in CONTRACTOR's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must meet any one or more of the categories described in paragraph 4.03.A; and

b. with respect to Work that is paid for on a Unit Price Basis, any adjustment in Contract Price will be subject to the provisions of paragraphs 9.08 and 11.03.

2. CONTRACTOR shall not be entitled to any adjustment in the Contract Price or Contract Times if:

a. CONTRACTOR knew of the existence of such conditions at the time CONTRACTOR made a final commitment to OWNER in respect of Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract; or

b. the existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas required by the Bidding Requirements or Contract Documents to be conducted by or for CONTRACTOR prior to CONTRACTOR's making such final commitment; or

c. CONTRACTOR failed to give the written notice within the time and as required by paragraph 4.03.A.

3. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, a Claim may be

made therefor as provided in paragraph 10.05. However, OWNER, ENGINEER, and ENGINEER's Consultants shall not be liable to CONTRACTOR for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by CONTRACTOR on or in connection with any other project or anticipated project.

4.04 *Underground Facilities*

A. *Shown or Indicated:* The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or contiguous to the Site is based on information and data furnished to OWNER or ENGINEER by the owners of such Underground Facilities, including OWNER, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. OWNER and ENGINEER shall not be responsible for the accuracy or completeness of any such information or data; and

2. the cost of all of the following will be included in the Contract Price, and CONTRACTOR shall have full responsibility for:

a. reviewing and checking all such information and data,

b. locating all Underground Facilities shown or indicated in the Contract Documents,

c. coordination of the Work with the owners of such Underground Facilities, including OWNER, during construction, and

d. the safety and protection of all such Underground Facilities and repairing any damage thereto resulting from the Work.

B. *Not Shown or Indicated*

1. If an Underground Facility is uncovered or revealed at or contiguous to the Site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Contract Documents, CONTRACTOR shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by paragraph 6.16.A), identify the owner of such Underground Facility and give written notice to that owner and to OWNER and ENGINEER. ENGINEER will promptly review the Underground Facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence or location of the Underground Facility. During such time, CONTRACTOR shall be responsible for the safety and protection of such Underground Facility.

2. If ENGINEER concludes that a change in the Contract Documents is required, a Work Change Directive or a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the Contract Price of Contract Times, or both, to the extent that they are attributable to the existence or location of any Underground Facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that CONTRACTOR did not know of and could not reasonably have been expected to be aware of or to have anticipated. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in Contract Price or Contract Times, OWNER or CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

4.05* *Reference Points*

A. OWNER shall provide engineering surveys to establish reference points for construction which in ENGINEER's judgment are necessary to enable CONTRACTOR to proceed with the Work. CONTRACTOR shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of OWNER. CONTRACTOR shall report to ENGINEER whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.06 *Hazardous Environmental Condition at Site*

A. *Reports and Drawings:* Reference is made to the Supplementary Conditions for the identification of those reports and drawings relating to a Hazardous Environmental Condition identified at the Site, if any, that have been utilized by the ENGINEER in the preparation of the Contract Documents.

B. *Limited Reliance by CONTRACTOR on Technical Data Authorized:* CONTRACTOR may rely upon the general accuracy of the "technical data" contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such "technical data" is identified in the Supplementary Conditions. Except for such reliance on such "technical data," CONTRACTOR may not rely upon or make any Claim against OWNER, ENGINEER or any of ENGINEER's Consultants with respect to:

1. the completeness of such reports and drawings for CONTRACTOR's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by CONTRACTOR and safety precautions and programs incident thereto; or

*See Supplementary Conditions

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions or information.

C. CONTRACTOR shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work. CONTRACTOR shall be responsible for a Hazardous Environmental Condition created with any materials brought to the Site by CONTRACTOR, Subcontractors, Suppliers, or anyone else for whom CONTRACTOR is responsible.

D. If CONTRACTOR encounters a Hazardous Environmental Condition or if CONTRACTOR or anyone for whom CONTRACTOR is responsible creates a Hazardous Environmental Condition, CONTRACTOR shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by paragraph 6.16); and (iii) notify OWNER and ENGINEER (and promptly thereafter confirm such notice in writing). OWNER shall promptly consult with ENGINEER concerning the necessity for OWNER to retain a qualified expert to evaluate such condition or take corrective action, if any.

E. CONTRACTOR shall not be required to resume Work in connection with such condition or in any affected area until after OWNER has obtained any required permits related thereto and delivered to CONTRACTOR written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely. If OWNER and CONTRACTOR cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by CONTRACTOR, either party may make a Claim therefor as provided in paragraph 10.05.

F. If after receipt of such written notice CONTRACTOR does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then OWNER may order the portion of the Work that is in the area affected by such condition to be deleted from the Work. If OWNER and CONTRACTOR cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in Contract Price or Contract Times as a result of deleting such portion of the Work, then either party may make a Claim therefor as provided in paragraph 10.05. OWNER may have such deleted portion of the Work performed by OWNER's own forces or others in accordance with Article 7.

G. To the fullest extent permitted by Laws and Regulations, OWNER shall indemnify and hold harmless CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants and the officers, directors, partners, employees, agents, other consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition: (i) was not shown or indicated in the Drawings or

Specifications or identified in the Contract Documents to be included within the scope of the Work, and (ii) was not created by CONTRACTOR or by anyone for whom CONTRACTOR is responsible. Nothing in this paragraph 4.06.E shall obligate OWNER to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

H. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, other consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition created by CONTRACTOR or by anyone for whom CONTRACTOR is responsible. Nothing in this paragraph 4.06.F shall obligate CONTRACTOR to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

I. The provisions of paragraphs 4.02, 4.03, and 4.04 are not intended to apply to a Hazardous Environmental Condition uncovered or revealed at the Site.

*See Supplementary Conditions

ARTICLE 5 - BONDS AND INSURANCE

5.01* *Performance, Payment, and Other Bonds*

A. CONTRACTOR shall furnish performance and payment Bonds, each in an amount at least equal to the Contract Price as security for the faithful performance and payment of all CONTRACTOR's obligations under the Contract Documents. These Bonds shall remain in effect at least until one year after the date when final payment becomes due, except as provided otherwise by Laws or Regulations or by the Contract Documents. CONTRACTOR shall also furnish such other Bonds as are required by the Contract Documents.

B.* All Bonds shall be in the form prescribed by the Contract Documents except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. All Bonds signed by an agent must be accompanied by a certified copy of such agent's authority to act.

C. If the surety on any Bond furnished by CONTRACTOR is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of paragraph 5.01.B, CONTRACTOR shall within 20 days thereafter substitute another Bond and surety, both of which shall comply with the requirements of paragraphs 5.01.B and 5.02.

5.02 *Licensed Sureties and Insurers*

A. All Bonds and insurance required by the Contract Documents to be purchased and maintained by OWNER or CONTRACTOR shall be obtained from surety or insurance companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue Bonds or insurance policies for the limits and coverages so required. Such surety and insurance companies shall also meet such additional requirements and qualifications as may be provided in the Supplementary Conditions.

5.03 *Certificates of Insurance*

A. CONTRACTOR shall deliver to OWNER, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by OWNER or any other additional insured) which CONTRACTOR is required to purchase and maintain. OWNER shall deliver to CONTRACTOR, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by CONTRACTOR or any other additional insured) which OWNER is required to purchase and maintain.

5.04* *CONTRACTOR's Liability Insurance*

A. CONTRACTOR shall purchase and maintain such liability and other insurance as is appropriate for the Work being performed and as will provide protection from claims set forth below which nay arise out of or result from CONTRACTOR's performance of the Work and CONTRACTOR's other obligations under the Contract Documents, whether it is to be performed by CONTRACTOR, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to

perform any of the Work, or by anyone for whose acts any of them may be liable:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts;

2. claims for damages because of bodily injury, occupational sickness or disease, or death of CONTRACTOR's employees;

3. claims for damages because of bodily injury, sickness or disease, or death of any person other than CONTRACTOR's employees;

4. claims for damages insured by reasonably available personal injury liability coverage which are sustained: (i) by any person as a result of an offense directly or indirectly related to the employment of such person by CONTRACTOR, or (ii) by any other person for any other reason;

5. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom; and

6. claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.

B. The policies of insurance so required by this paragraph 5.04 to be purchased and maintained shall:

*See Supplementary Conditions

1. with respect to insurance required by paragraphs 5.04.A.3 through 5.04.A.6 inclusive, include as additional insureds (subject to any customary exclusion in respect of professional liability) OWNER, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, all of whom shall be listed as additional insureds, and include coverage for the respective officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of all such additional insureds, and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby;

2. include at least the specific coverages and be written for not less than the limits of liability provided in the Supplementary Conditions or required by Laws or Regulations, whichever is greater;

3. include completed operations insurance;

4. include contractual liability insurance covering CONTRACTOR's indemnity obligations under paragraphs 6.07, 6.11, and 6.20;

5. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed or renewal refused until at least thirty days prior written notice has been given to OWNER and CONTRACTOR and to each other additional insured identified in the Supplementary Conditions to whom a certificate of insurance has been issued (and the certificates of insurance furnished by the CONTRACTOR pursuant to paragraph 5.03 will so provide);

6. remain in effect at least until final payment and at all times thereafter when CONTRACTOR may be correcting, removing, or replacing defective Work in accordance with paragraph 13.07; and

7. with respect to completed operations insurance, and any insurance coverage written on a claims-made basis, remain in effect for at least two years after final payment (and CONTRACTOR shall furnish OWNER and each other additional insured identified in the Supplementary Conditions, to whom a certificate of insurance has been issued, evidence satisfactory to OWNER and any such additional insured of continuation of such insurance at final payment and one year thereafter).

5.05 *OWNER's Liability Insurance*

A.* In addition to the insurance required to be provided by CONTRACTOR under paragraph 5.04, OWNER, at OWNER's option, may purchase and maintain at OWNER's expense OWNER's own liability insurance as will protect OWNER against claims which may arise from operations under the Contract Documents.

5.06* *Property Insurance*

A. Unless otherwise provided in the Supplementary Conditions, OWNER shall purchase and maintain property

insurance upon the Work at the Site in the amount of the full replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the interests of OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them, each of whom is deemed to have an insurable interest and shall be listed as an additional insured;

2. be written on a Builder's Risk "all-risk" or open peril or special causes of loss policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, false work, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire, lightning, extended coverage, theft, vandalism and malicious mischief, earthquake, collapse, debris removal, demolition occasioned by enforcement of Laws and Regulations, water damage, and such other perils or causes of loss as may be specifically required by the Supplementary Conditions;

3. include expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects);

*See Supplementary Conditions

4. cover materials and equipment stored at the Site or at another location that was agreed to in writing by OWNER prior to being incorporated in the Work, provided that such materials and equipment have been included in an Application for Payment recommended by ENGINEER;

5. allow for partial utilization of the Work by OWNER;

6. include testing and startup; and

7. be maintained in effect until final payment is made unless otherwise agreed to in writing by OWNER, CONTRACTOR, and ENGINEER with 30 days written notice to each other additional insured to whom a certificate of insurance has been issued.

B.* OWNER shall purchase and maintain such boiler and machinery insurance or additional property insurance as may be required by the Supplementary Conditions or Laws and Regulations which will include the interests of OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, each of whom is deemed to have an insurable interest and shall be listed as an insured or additional insured.

C.* All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with paragraph 5.06 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 30 days prior written notice has been given to OWNER and CONTRACTOR and to each other additional insured to whom a certificate of insurance has been issued and will contain waiver provisions in accordance with paragraph 5.07.

D.* OWNER shall not be responsible for purchasing and maintaining any property insurance specified in this paragraph 5.06 to protect the interests of CONTRACTOR, Subcontractors, or others in the Work to the extent of any deductible amounts that are identified in the Supplementary Conditions. The risk of loss within such identified deductible amount will be borne by CONTRACTOR, Subcontractors, or others suffering any such loss, and if any of them wishes property insurance coverage within the limits of such amounts, each may purchase and maintain it at the purchaser's own expense.

E.* If CONTRACTOR requests in writing that other special insurance be included in the property insurance policies provided under paragraph 5.06, OWNER shall, if possible, include such insurance, and the cost thereof will be charged to CONTRACTOR by appropriate Change Order or Written Amendment. Prior to commencement of the Work at the Site, OWNER shall in writing advise CONTRACTOR whether or not such other insurance has been procured by OWNER.

5.07 *Waiver of Rights*

A.* OWNER and CONTRACTOR intend that all policies purchased in accordance with paragraph 5.06 will protect OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and all other

individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) in such policies and will provide primary coverage for all losses and damages caused by the perils or causes of loss covered thereby. All such policies shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any of the insureds or additional insureds thereunder. OWNER and CONTRACTOR waive all rights against each other and their respective officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them for all losses and damages caused by, arising out of or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Subcontractors, ENGINEER, ENGINEER's Consultants, and all other individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) under such policies for losses and damages so caused.

None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by OWNER as trustee or otherwise payable under any policy so issued.

B. OWNER waives all rights against CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them for:

*See Supplementary Conditions

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to OWNER's property or the Work caused by, arising out of, or resulting from fire or other peril whether or not insured by OWNER; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by OWNER during partial utilization pursuant to paragraph 14.05, after Substantial Completion pursuant to paragraph 14.04, or after final payment pursuant to paragraph 14.07.

C. Any insurance policy maintained by OWNER covering any loss, damage or consequential loss referred to in paragraph 5.07.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against CONTRACTOR, Subcontractors, ENGINEER, or ENGINEER's Consultants and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them.

5.08* *Receipt and Application of Insurance Proceeds*

A.* Any insured loss under the policies of insurance required by paragraph 5.06 will be adjusted with OWNER and made payable to OWNER as fiduciary for the insureds, as their interests may appear, subject to the requirements of any applicable mortgage clause and of paragraph 5.08.B. OWNER shall deposit in a separate account any money so received and shall distribute it in accordance with such agreement as the parties in interest may reach. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the moneys so received applied on account thereof, and the Work and the cost thereof covered by an appropriate Change Order or Written Amendment.

B.* OWNER as fiduciary shall have power to adjust and settle any loss with the insurers unless one of the parties in interest shall object in writing within 15 days after the occurrence of loss to OWNER's exercise of this power. If such objection be made, OWNER as fiduciary shall make settlement with the insurers in accordance with such agreement as the parties in interest may reach. If no such agreement among the parties in interest is reached, OWNER as fiduciary shall adjust and settle the loss with the insurers and, if required in writing by any party in interest, OWNER as fiduciary shall give bond for the proper performance of such duties.

5.09* *Acceptance of Bonds and Insurance; Option to Replace*

A.* If either OWNER or CONTRACTOR has any objection to the coverage afforded by or other provisions of the Bonds or insurance required to be purchased and maintained by the other party in accordance with Article 5 on the basis of non-conformance with the Contract Documents, the objecting party shall so notify the other party in writing within 10 days after receipt of the

certificates (or other evidence requested) required by paragraph 2.05.C. OWNER and CONTRACTOR shall each provide to the other such additional information in respect of insurance provided as the other may reasonably request. If either party does not purchase or maintain all of the Bonds and insurance required of such party by the Contract Documents, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage. Without prejudice to any other right or remedy, the other party may elect to obtain equivalent Bonds or insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and a Change Order shall be issued to adjust the Contract Price accordingly.

5.10 *Partial Utilization, Acknowledgment of Property Insurer*

A. If OWNER finds it necessary to occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in paragraph 14.05, no such use or occupancy shall commence before the insurers providing the property insurance pursuant to paragraph 5.06 have acknowledged notice thereof and in writing effected any changes in coverage necessitated thereby. The insurers providing the property insurance shall consent by endorsement on the policy or policies, but the property insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy.

ARTICLE 6 - CONTRACTOR'S RESPONSIBILITIES

6.01 *Supervision and Superintendence*

A. CONTRACTOR shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with

*See Supplementary Conditions

the Contract Documents. CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences,
and procedures of construction, but CONTRACTOR shall not be responsible for the negligence of OWNER or ENGINEER in the design or specification of a specific means, method, technique, sequence, or procedure of construction which is shown or indicated in and expressly required by the Contract Documents. CONTRACTOR shall be responsible to see that the completed Work complies accurately with the Contract Documents.

B. At all times during the progress of the Work, CONTRACTOR shall assign a competent resident superintendent thereto who shall not be replaced without written notice to OWNER and ENGINEER except under extraordinary circumstances. The superintendent will be CONTRACTOR's representative at the Site and shall have authority to act on behalf of CONTRACTOR. All communications given to or received from the superintendent shall be binding on CONTRACTOR.

6.02 *Labor; Working Hours*

A. CONTRACTOR shall provide competent, suitably qualified personnel to survey, lay out, and construct the

Work as required by the Contract Documents. CONTRACTOR shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours, and CONTRACTOR will not permit overtime work or the performance of Work on Saturday, Sunday, or any legal holiday without OWNER's written consent (which will not be unreasonably withheld) given after prior written notice to ENGINEER.

6.03 *Services, Materials, and Equipment*

A. Unless otherwise specified in the General Requirements, CONTRACTOR shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start-up, and completion of the Work.

B. All materials and equipment incorporated into the Work shall be as specified or, if not specified, shall be of good quality and new, except as otherwise provided in the Contract Documents. All warranties and guarantees specifically called for by the Specifications shall expressly

run to the benefit of OWNER. If required by ENGINEER, CONTRACTOR shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

6.04 *Progress Schedule*

A. CONTRACTOR shall adhere to the progress schedule established in accordance with paragraph 2.07 as it may be adjusted from time to time as provided below.

1. CONTRACTOR shall submit to ENGINEER for acceptance (to the extent indicated in paragraph 2.07) proposed adjustments in the progress schedule that will not result in changing the Contract Times (or Milestones). Such adjustments will conform generally to the progress schedule then in effect and additionally will comply with any provisions of the General Requirements applicable thereto.

2. Proposed adjustments in the progress schedule that will change the Contract Times (or Milestones) shall be submitted in accordance with the requirements of Article 12. Such adjustments may only be made by a Change Order or Written Amendment in accordance with Article 12.

6.05 *Substitutes and "Or-Equals"*

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the specification or description is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or-equal" item or no substitution is permitted, other items of material or equipment or material or equipment of other Suppliers may be submitted to ENGINEER for review under the circumstances described below.

1. *"Or-Equal" Items:* If in ENGINEER's sole discretion an item of material or equipment proposed by CONTRACTOR is functionally equal to that named and sufficiently similar so that no change in related Work will be required, it may be considered by ENGINEER as an "or-equal" item, in which case review and approval of the proposed item may, in ENGINEER's sole discretion, be accomplished without compliance with some or all of the requirements for approval of proposed substitute items. For the purposes of this paragraph 6.05.A.1, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment ENGINEER determines that: (i) it is at least equal in quality, durability, appearance, strength, and design characteristics; (ii) it will reliably perform at least equally well the function imposed by the design concept of the completed Project as a functioning whole, and;

b. CONTRACTOR certifies that: (i) there is no increase in cost to the OWNER; and (ii) it will conform substantially, even with deviations, to the detailed requirements of the item named in the Contract Documents.

2. Substitute Items

a. If in ENGINEER's sole discretion an item of material or equipment proposed by CONTRACTOR does not qualify as an "or-equal" item under paragraph 6.05.A.1, it will be considered a proposed substitute item.

b. CONTRACTOR shall submit sufficient information as provided below to allow ENGINEER to determine that the item of material or equipment proposed is essentially equivalent to that named and an acceptable substitute therefor. Requests for review of proposed substitute items of material or equipment will not be accepted by ENGINEER from anyone other than CONTRACTOR.

c. The procedure for review by ENGINEER will be as set forth in paragraph 6.05.A.2.d, as supplemented in the General Requirements and as ENGINEER may decide is appropriate under the circumstances.

d. CONTRACTOR shall first make written application to ENGINEER for review of a proposed substitute item of material or equipment that CONTRACTOR seeks to furnish or use. The application shall certify

that the proposed substitute item will perform adequately the functions and achieve the results called for by the general design, be similar in substance to that specified, and be suited to the same use as that specified. The application will state the extent, if any, to which the use of the proposed substitute item will prejudice CONTRACTOR's achievement of Substantial Completion on time, whether or not use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with OWNER for work on the Project) to adapt the design to the proposed substitute item and whether or not incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute item from that specified will be identified in the application, and available engineering, sales, maintenance, repair, and replacement services will be indicated. The application will also contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including costs of redesign and claims of other contractors affected by any resulting change, all of which will be considered by ENGINEER in evaluating the proposed substitute item. ENGINEER may require CONTRACTOR to furnish additional data about the proposed substitute item.

B. *Substitute Construction Methods or Procedures:* If a specific means, method, technique, sequence, or procedure of construction is shown or indicated in and expressly required by the Contract Documents, CONTRACTOR may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by ENGINEER. CONTRACTOR shall submit sufficient information to allow ENGINEER, in ENGINEER's sole discretion, to determine that the substitute proposed is equivalent to that expressly called for by the Contract Documents. The procedure for review by ENGINEER will be similar to that provided in subparagraph 6.05.A.2.

C. *Engineer's Evaluation:* ENGINEER will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to paragraphs 6.05.A and 6.05.B. ENGINEER will be the sole judge of acceptability. No "or-equal" or substitute will be ordered, installed or utilized until ENGINEER's review is complete, which will be evidenced by either a Change Order for a substitute or an approved Shop Drawing for an "or equal." ENGINEER will advise CONTRACTOR in writing of any negative determination.

D. *Special Guarantee:* OWNER may require CONTRACTOR to furnish at CONTRACTOR's expense a special performance guarantee or other surety with respect to any substitute.

E. *ENGINEER's Cost Reimbursement:* ENGINEER will record time required by ENGINEER and ENGINEER's Consultants in evaluating substitute proposed or submitted by CONTRACTOR pursuant to paragraphs 6.05.A.2 and 6.05.B and in making changes in the Contract Documents (or in the provisions of any other direct contract with OWNER for work on the Project) occasioned thereby. Whether or not ENGINEER approves a substitute item so proposed or submitted by CONTRACTOR, CONTRACTOR shall reimburse OWNER for the charges of ENGINEER and ENGINEER's Consultants for evaluating each such proposed substitute.

F. *CONTRACTOR's Expense:* CONTRACTOR shall provide all data in support of any proposed substitute or "or-equal" at CONTRACTOR's expense.

6.06 *Concerning Subcontractors, Suppliers, and Others*

A. CONTRACTOR shall not employ any Subcontractor, Supplier, or other individual or entity (including those acceptable to OWNER as indicated in paragraph 6.06.B), whether initially or as a replacement, against whom OWNER may have reasonable objection. CONTRACTOR shall not be required to employ any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against whom CONTRACTOR has reasonable objection.

B. If the Supplementary Conditions require the identity of certain Subcontractors, Suppliers, or other individuals or entities to be submitted to OWNER in advance for acceptance by OWNER by a specified date prior to the Effective Date of the Agreement, and if CONTRACTOR has submitted a list thereof in accordance with the Supplementary Conditions, OWNER's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the Bidding Documents or the Contract Documents) of any such Subcontractor, Supplier, or other individual or entity so identified may be revoked on the basis of reasonable objection after due investigation. CONTRACTOR shall submit an acceptable replacement

for the rejected Subcontractor, Supplier, or other individual or entity, and the Contract Price will be adjusted by the difference in the cost occasioned by such replacement, and an appropriate Change Order will be issued or Written Amendment signed. No acceptance by OWNER of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of any right of OWNER or ENGINEER to reject defective Work.

C. CONTRACTOR shall be fully responsible to OWNER and ENGINEER for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as CONTRACTOR is responsible for CONTRACTOR's own acts and omissions. Nothing in the Contract Documents shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between OWNER or ENGINEER and any such Subcontractor, Supplier or other individual or entity, nor shall it create any obligation on the part of OWNER or ENGINEER to pay or to see to the payment of any moneys due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

D. CONTRACTOR shall be solely responsible for scheduling and coordinating the Work of Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work under a direct or indirect contract with CONTRACTOR.

E. CONTRACTOR shall require all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work to communicate with ENGINEER through CONTRACTOR.

F. The divisions and sections of the Specifications and the identifications of any Drawings shall not control CONTRACTOR in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

G. All Work performed for CONTRACTOR by a Subcontractor or Supplier will be pursuant to an appropriate agreement between CONTRACTOR and the Subcontractor or Supplier which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of OWNER and ENGINEER. Whenever any such agreement is with a Subcontractor or Supplier who is listed as an additional insured on the property insurance provided in paragraph 5.06, the agreement between the CONTRACTOR and the Subcontractor or Supplier will contain provisions whereby the Subcontractor or Supplier waives all rights against OWNER, CONTRACTOR, ENGINEER, ENGINEER's Consultants, and all other individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work. If the insurers on any such policies require separate waiver forms to be signed by any Subcontractor or Supplier, CONTRACTOR will obtain the same.

6.07 *Patent Fees and Royalties*

A. CONTRACTOR shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if to the actual knowledge of OWNER or ENGINEER its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by OWNER in the Contract Documents. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees or agents, and other consultants of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

6.08 *Permits*

A. Unless otherwise provided in the Supplementary Conditions, CONTRACTOR shall obtain and pay for all construction permits and licenses. OWNER shall assist CONTRACTOR, when necessary, in obtaining such permits and licenses. CONTRACTOR shall pay all governmental charges and inspection fees necessary for

the prosecution of the Work which are applicable at the time of opening of Bids, or, if there are no Bids, on the Effective Date of the Agreement. CONTRACTOR shall pay all charges of utility owners for connections to the Work, and OWNER shall pay all charges of such utility owners for capital costs related thereto, such as plant investment fees.

6.09 *Laws and Regulations*

A. CONTRACTOR shall give all notices and comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither OWNER nor ENGINEER shall be responsible for monitoring CONTRACTOR's compliance with any Laws or Regulations.

B. If CONTRACTOR performs any Work knowing or having reason to know that it is contrary to Laws or Regulations, CONTRACTOR shall bear all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work; however, it shall not be CONTRACTOR's primary responsibility to make certain that the Specifications and Drawings are in accordance with Laws and Regulations, but this shall not relieve CONTRACTOR of CONTRACTOR's obligations under paragraph 3.03.

C. Changes in Laws or Regulations not known at the time of opening of Bids (or, on the Effective Date of the Agreement if there were no Bids) having an effect on the cost or time of performance of the Work may be the subject of an adjustment in Contract Price or Contract Times. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a Claim may be made therefor as provided in paragraph 10.05.

6.10* *Taxes*

A. CONTRACTOR shall pay all sales, consumer, use, and other similar taxes required to be paid by CONTRACTOR in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

6.11* *Use of Site and Other Areas*

A.* *Limitation on Use of Site and Other Areas*

1. CONTRACTOR shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations,

*See Supplementary Conditions

and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. CONTRACTOR shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

2. Should any claim be made by any such owner or occupant because of the performance of the Work, CONTRACTOR shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

3. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultant, and the officers, directors, partners, employees, agents, and other consultants of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against OWNER, ENGINEER, or any other party indemnified hereunder to the extent caused by or based upon CONTRACTOR's performance of the Work.

B. *Removal of Debris During Performance of the Work:* During the progress of the Work CONTRACTOR shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning:* Prior to Substantial Completion of the Work CONTRACTOR shall clean the Site and make it ready for utilization by OWNER. At the completion of the Work CONTRACTOR shall remove from the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading Structures:* CONTRACTOR shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall CONTRACTOR subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

6.12 *Record Documents*

A. CONTRACTOR shall maintain in a safe place at the Site one record copy of all Drawings, Specifications, Addenda, Written Amendments, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications in good order and annotated to show changes made during construction. These record documents together with all approved Samples and a counterpart of all approved Shop Drawings will be available to ENGINEER for reference. Upon completion of the Work, these record documents, Samples, and Shop Drawings will be delivered to ENGINEER for OWNER.

6.13 *Safety and Protection*

A. CONTRACTOR shall be solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. CONTRACTOR shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

1. all persons on the Site or who may be affected by the Work;

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. CONTRACTOR shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. CONTRACTOR shall notify owners of adjacent property and of Underground Facilities and other utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property. All damage, injury, or loss to any property referred to in paragraph 6.13.A.2 or 6.13.A.3 caused, directly or indirectly, in whole or in part, by CONTRACTOR, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of OWNER or ENGINEER or ENGINEER's Consultant, or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of CONTRACTOR or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them). CONTRACTOR's duties and responsibilities for safety and for protection of the Work shall continue until such time as all the Work is completed and ENGINEER has issued a notice to OWNER and CONTRACTOR in accordance with paragraph 14.07.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

6.14 *Safety Representative*

A. CONTRACTOR shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

6.15 *Hazard Communication Programs*

A. CONTRACTOR shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or exchanged between or among employers at the Site in accordance with Laws or Regulations.

6.16 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, CONTRACTOR is obligated to act to prevent threatened damage, injury, or loss. CONTRACTOR shall give ENGINEER prompt written notice if CONTRACTOR believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If ENGINEER determines that a change in the Contract Documents is required because of the action taken by CONTRACTOR in response to such an emergency, a Work Change Directive or Change Order will be issued.

6.17* *Shop Drawings and Samples*

A.* CONTRACTOR shall submit Shop Drawings to ENGINEER for review and approval in accordance with the acceptable schedule of Shop Drawings and Sample submittals. All submittals will be identified as ENGINEER may require and in the number of copies specified in the General Requirements. The data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified perfomance and design criteria, materials, and similar data to show ENGINEER the services, materials, and equipment CONTRACTOR proposes to provide and to enable ENGINEER to review the information for the limited purposes required by paragraph 6.17.E.

B.* CONTRACTOR shall also submit six (6) Samples to ENGINEER for review and approval in accordance with the acceptable schedule of Shop Drawings and Sample submittals. Each Sample will be identified clearly as to material, Supplier, pertinent data such as catalog numbers, and the use for which intended and otherwise as ENGINEER may require to enable ENGINEER to review the submittal for the limited purposes required by paragraph 6.17.E. The numbers of each Sample to be submitted will be as specified in the Specifications.

C. Where a Shop Drawing or Sample is required by the Contract Documents or the schedule of Shop Drawings and Sample submittals acceptable to ENGINEER as required by paragraph 2.07, any related Work performed prior to ENGINEER's review and approval of the pertinent submittal will be at the sole expense and responsibility of CONTRACTOR.

D. *Submittal Procedures*

1. Before submitting each Shop Drawing or Sample, CONTRACTOR shall have determined and verified:

a. all field measurements, quantities, dimensions, specified perfomance criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

b. all materials with respect to intended use, fabrication, shipping, handling, storage, assembly, and installation pertaining to the performance of the Work;

c. all information relative to means, methods, techniques, sequences, and procedures of construction and safety precautions and programs incident thereto; and

d. CONTRACTOR shall also have reviewed and coordinated each Shop Drawing or

*See Supplementary Conditions

Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents.

2. Each submittal shall bear a stamp or specific written indication that CONTRACTOR has satisfied CONTRACTOR's obligations under the Contract Documents with respect to CONTRACTOR's review and approval of that submittal.

3. At the time of each submittal, CONTRACTOR shall give ENGINEER specific written notice of such variations, if any, that the Shop Drawing or Sample submitted may have from the requirements of the Contract Documents, such notice to be in a written communication separate from the submittal; and, in addition, shall cause a specific notation to be made on each Shop Drawing and Sample submitted to ENGINEER for review and approval of each such variation.

E. *ENGINEER's Review*

1. ENGINEER will timely review and approve Shop Drawings and Samples in accordance with the schedule of Shop Drawings and Sample submittals acceptable to ENGINEER. ENGINEER's review and approval will be only to determine if the items covered by the submittals

will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. ENGINEER's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction (except where a particular means, method, technique, sequence, or procedure of construction is specifically and expressly called for by the Contract Documents) or to safety precautions or programs incident thereto. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

3. ENGINEER's review and approval of Shop Drawings or Samples shall not relieve CONTRACTOR from responsibility for any variation from the requirements of the Contract Documents unless CONTRACTOR has in writing called ENGINEER's attention to each such variation at the time of each submittal as required by paragraph 6.17.D.3 and ENGINEER has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample approval; nor will any approval by ENGINEER relieve CONTRACTOR from responsibility for complying with the requirements of paragraph 6.17.D.1.

F. *Resubmittal Procedures*

1. CONTRACTOR shall make corrections required by ENGINEER and shall return the required number of corrected copies of Shop Drawings and submit as required new Samples for review and approval. CONTRACTOR shall direct specific attention in writing to revisions other than the corrections called for by ENGINEER on previous submittals.

6.18 *Continuing the Work*

A. CONTRACTOR shall carry on the Work and adhere to the progress schedule during all disputes or disagreements with OWNER. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as permitted by paragraph 15.04 or as OWNER and CONTRACTOR may otherwise agree in writing.

6.19 *CONTRACTOR's General Warranty and Guarantee*

A. CONTRACTOR warrants and guarantees to OWNER, ENGINEER, and ENGINEER's Consultants that all Work will be in accordance with the Contract Documents and will not be defective. CONTRACTOR's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than CONTRACTOR, Subcontractors, Suppliers, or any other individual or entity for whom CONTRACTOR is responsible; or

2. normal wear and tear under normal usage.

B. CONTRACTOR's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of CONTRACTOR's obligation to perform the Work in accordance with the Contract Documents:

1. observations by ENGINEER;

2. recommendation by ENGINEER or payment by OWNER of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by ENGINEER or any payment related thereto by OWNER;

4. use or occupancy of the Work or any part thereof by OWNER;

5. any acceptance by OWNER or any failure to do so;

6. any review and approval of a Shop Drawing or Sample submittal or the issuance of a notice of acceptability by ENGINEER;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by OWNER.

6.20 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage:

1. is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and

2. is caused in whole or in part by any negligent act or omission of CONTRACTOR, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by any negligence or omission of an individual or entity indemnified hereunder or whether liability is imposed upon such indemnified party by Laws and Regulations regardless of the negligence of any such individual or entity.

B. In any and all claims against OWNER or ENGINEER or any of their respective consultants, agents, officers, directors, partners, or employees by any employee (or the survivor or personal representative of such employee) of CONTRACTOR, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under paragraph 6.20.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for CONTRACTOR or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of CONTRACTOR under paragraph 6.20.A shall not extend to the liability of ENGINEER and ENGINEER's Consultants or to the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them arising out of:

1. the preparation or approval of, or the failure to prepare or approve, maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

ARTICLE 7 - OTHER WORK

7.01 *Related Work at Site*

A. OWNER may perform other work related to the Project at the Site by OWNER's employees, or let other direct contracts therefor, or have other work performed by utility owners. If such other work is not noted in the Contract Documents, then:

1. written notice thereof will be given to CONTRACTOR prior to starting any such other work; and

2. if OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times that should be allowed as a result of such other work, a Claim may be made therefor as provided in paragraph 10.05.

B. CONTRACTOR shall afford each other contractor who is a party to such a direct contract and each utility owner (and OWNER, if OWNER is performing the other work with OWNER's employees) proper and safe access to the Site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work and shall properly coordinate the Work with theirs. Unless otherwise provided in the Contract Documents, CONTRACTOR shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of ENGINEER and the others whose work will be affected. The duties and responsibilities of CONTRACTOR under this paragraph are for the benefit of

such utility owners and other contractors to the extent that there are comparable provisions for the benefit of CONTRACTOR in said direct contracts between OWNER and such utility owners and other contractors.

C. If the proper execution or results of any part of CONTRACTOR's Work depends upon work performed by others under this Article 7, CONTRACTOR shall inspect such other work and promptly report to ENGINEER in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of CONTRACTOR's Work. CONTRACTOR's failure to so report will constitute an acceptance of such other work as fit and proper for integration with CONTRACTOR's Work except for latent defects and deficiencies in such other work.

7.02 *Coordination*

A. If OWNER intends to contract with others for the performance of other work on the Project at the Site, the following will be set forth in Supplementary Conditions:

1. the individual or entity who will have authority and responsibility for coordination of the activities among the various contractors will be identified;

2. the specific matters to be covered by such authority and responsibility will be itemized; and

3. the extent of such authority and responsibilities will be provided.

B. Unless otherwise provided in the Supplementary Conditions, OWNER shall have sole authority and responsibility for such coordination.

ARTICLE 8 - OWNER'S RESPONSIBILITIES

8.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, OWNER shall issue all communications to CONTRACTOR through ENGINEER.

8.02 *Replacement of ENGINEER*

A. In case of termination of the employment of ENGINEER, OWNER shall appoint an engineer to whom CONTRACTOR makes no reasonable objection, whose status under the Contract Documents shall be that of the former ENGINEER.

8.03 *Furnish Data*

A. OWNER shall promptly furnish the data required of OWNER under the Contract Documents.

8.04 *Pay Promptly When Due*

A. OWNER shall make payments to CONTRACTOR promptly when they are due as provided in paragraphs 14.02.C and 14.07.C.

8.05 *Lands and Easements; Reports and Tests*

A. OWNER's duties in respect of providing lands and easements and providing engineering surveys to establish reference points are set forth in paragraphs 4.01 and 4.05. Paragraph 4.02 refers to OWNER's identifying and making available to CONTRACTOR copies of reports of explorations and tests of subsurface conditions and drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site that have been utilized by ENGINEER in preparing the Contract Documents.

*See Supplementary Conditions

8.06* *Insurance*

A.* OWNER's responsibilities, if any, in respect to purchasing and maintaining liability and property insurance are set forth in Article 5.

8.07 *Change Orders*

A. OWNER is obligated to execute Change Orders as indicated in paragraph 10.03.

8.08 *Inspections, Tests, and Approvals*

A. OWNER's responsibility in respect to certain inspections, tests, and approvals is set forth in paragraph 13.03.B.

8.09 *Limitations on OWNER's Responsibilities*

A. The OWNER shall not supervise, direct, or have control or authority over, nor be responsible for, CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. OWNER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

8.10 *Undisclosed Hazardous Environmental Condition*

A. OWNER's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in paragraph 4.06.

8.11 *Evidence of Financial Arrangements*

A. If and to the extent OWNER has agreed to furnish CONTRACTOR reasonable evidence that financial arrangements have been made to satisfy OWNER's obligations under the Contract Documents, OWNER's responsibility in respect thereof will be as set forth in the Supplementary Conditions.

ARTICLE 9 - ENGINEER'S STATUS DURING CONSTRUCTION

9.01 *OWNER'S Representative*

A. ENGINEER will be OWNER's representative during the construction period. The duties and responsibilities and the limitations of authority of ENGINEER as OWNER's representative during construction are set forth in the Contract Documents and will not be changed without written consent of OWNER and ENGINEER.

9.02 *Visits to Site*

A. ENGINEER will make visits to the Site at intervals appropriate to the various stages of construction as ENGINEER deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of CONTRACTOR's executed Work. Based on information obtained during such visits and observations, ENGINEER, for the benefit of OWNER, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. ENGINEER will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. ENGINEER's efforts will be directed toward providing for OWNER a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, ENGINEER will keep OWNER informed of the progress of the Work and will endeavor to guard OWNER against defective Work.

B. ENGINEER's visits and observations are subject to all the limitations on ENGINEER's authority and responsibility set forth in paragraph 9.10, and particularly, but without limitation, during or as a result of ENGINEER's visits or observations of CONTRACTOR's Work ENGINEER will not supervise, direct, control, or have authority over or be responsible for CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work.

9.03* *Project Representative*

A. If OWNER and ENGINEER agree, ENGINEER will furnish a Resident Project Representative to assist ENGINEER in providing more extensive observation of the Work. The responsibilities and authority and limitations thereon of any such Resident Project Representative and assistants will be as provided in paragraph 9.10 and in the Supplementary Conditions. If OWNER designates another representative or agent to represent OWNER at the Site who is not ENGINEER's Consultant, agent or employee,

*See Supplementary Conditions

the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

9.04 *Clarifications and Interpretations*

A. ENGINEER will issue with reasonable promptness such written clarifications or interpretations of the requirements of the Contract Documents as ENGINEER may determine necessary, which shall be consistent with the intent of and reasonably inferable from the Contract Docu-

ments. Such written clarifications and interpretations will be binding on OWNER and CONTRACTOR. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, that should be allowed as a result of a written clarification or interpretation, a Claim may be made therefor as provided in paragraph 10.05.

9.05 *Authorized Variations in Work*

A. ENGINEER may authorize minor variations in the Work from the requirements of the Contract Documents which do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. These may be accomplished by a Field Order and will be binding on OWNER and also on CONTRACTOR, who shall perform the Work involved promptly. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, as a result of a Field Order, a Claim may be made therefor as provided in paragraph 10.05.

9.06 *Rejecting Defective Work*

A. ENGINEER will have authority to disapprove or reject Work which ENGINEER believes to be defective, or that ENGINEER believes will not produce a completed Project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. ENGINEER will also have authority to require special inspection or testing of the Work as provided in paragraph 13.04, whether or not the Work is fabricated, installed, or completed.

9.07 *Shop Drawings, Change Orders and Payments*

A. In connection with ENGINEER's authority as to Shop Drawings and Samples, see paragraph 6.17.

B. In connection with ENGINEER's authority as to Change Orders, see Articles 10, 11, and 12.

C. In connection with ENGINEER's authority as to Applications for Payment, see Article 14.

9.08 *Determinations for Unit Price Work*

A. ENGINEER will determine the actual quantities and classifications of Unit Price Work performed by CONTRACTOR. ENGINEER will review with CONTRACTOR the ENGINEER's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). ENGINEER's written decision thereon will be final and binding (except as modified by ENGINEER to reflect changed factual conditions or more accurate data) upon OWNER and CONTRACTOR, subject to the provisions of paragraph 10.05.

9.09 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. ENGINEER will be the initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the Work thereunder. Claims, disputes and other matters relating to the acceptability of the Work, the quantities and classifications of Unit Price Work, the interpretation of the requirements of the Contract Documents pertaining to the performance of the Work, and Claims seeking changes in the Contract Price or Contract Times will be referred initially to ENGINEER in writing, in accordance with the provisions of paragraph 10.05, with a request for a formal decision.

B. When functioning as interpreter and judge under this paragraph 9.09, ENGINEER will not show partiality to OWNER or CONTRACTOR and will not be liable in connection with any interpretation or decision rendered in good faith in such capacity. The rendering of a decision by ENGINEER pursuant to this paragraph 9.09 with respect to any such Claim, dispute, or other matter (except any which have been waived by the making or acceptance of final payment as provided in paragraph 14.07) will be a condition precedent to any exercise by OWNER or CONTRACTOR of such rights or remedies as either may otherwise have under the Contract Documents or by Laws or Regulations in respect of any such Claim, dispute, or other matter.

*See Supplementary Conditions

9.10 *Limitations on ENGINEER's Authority and Responsibilities*

A. Neither ENGINEER's authority or responsibility under this Article 9 or under any other provision of the Contract Documents nor any decision made by ENGINEER in good faith either to exercise or not exercise such

authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by ENGINEER shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by ENGINEER to CONTRACTOR, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

B. ENGINEER will not supervise, direct, control, or have authority over or be responsible for CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. ENGINEER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

C. ENGINEER will not be responsible for the acts or omissions of CONTRACTOR or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. ENGINEER's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by paragraph 14.07.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with, the Contract Documents.

E. The limitations upon authority and responsibility set forth in this paragraph 9.10 shall also apply to ENGINEER's Consultants, Resident Project Representative, and assistants. See Article 18.

ARTICLE 10 - CHANGES IN THE WORK; CLAIMS

10.01 *Authorized Changes in the Work*

A. Without invalidating the Agreement and without notice to any surety, OWNER may, at any time or from time to time, order additions, deletions, or revisions in the Work by a Written Amendment, a Change Order, or a Work Change Directive. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the Work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

B. If OWNER and CONTRACTOR are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the Contract Price or Contract Times, or both, that should be allowed as a result of a Work Change Directive, a Claim may be made therefor as provided in paragraph 10.05.

10.02 *Unauthorized Changes in the Work*

A. CONTRACTOR shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented as provided in paragraph 3.04, except in the case of an emergency as provided in paragraph 6.16 or in the case of uncovering Work as provided in paragraph 13.04.B.

10.03 *Execution of Change Orders*

A. OWNER and CONTRACTOR shall execute appropriate Change Orders recommended by ENGINEER (or Written Amendments) covering:

1. changes in the Work which are: (i) ordered by OWNER pursuant to paragraph 10.01.A, (ii) required because of acceptance of defective Work under paragraph 13.08.A or OWNER's correction of defective Work under paragraph 13.09, or (iii) agreed to by the parties;

2. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive; and

3. changes in the Contract Price or Contract Times which embody the substance of any written decision rendered by ENGINEER pursuant to paragraph 10.05; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Contract Documents and applicable Laws and Regulations, but during any such appeal, CONTRACTOR shall carry on the Work and adhere to the progress schedule as provided in paragraph 6.18.A.

10.04 *Notification to Surety*

A. If notice of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times) is required by the provisions of any Bond to be given to a surety, the giving of any such notice will be CONTRACTOR's responsibility. The amount of each applicable Bond will be adjusted to reflect the effect of any such change.

10.05 *Claims and Disputes*

A. *Notice:* Written notice stating the general nature of each Claim, dispute, or other matter shall be delivered by the claimant to ENGINEER and the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto. Notice of the amount or extent of the Claim, dispute, or other matter with supporting data shall be delivered to the ENGINEER and the other party to the Contract within 60 days after the start of such event (unless ENGINEER allows additional time for claimant to submit additional or more accurate data in support of such Claim, dispute, or other matter). A Claim for an adjustment in Contract Price shall be prepared in accordance with the provisions of paragraph 12.01.B. A Claim for an adjustment in Contract Time shall be prepared in accordance with the provisions of paragraph 12.02.B. Each Claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to ENGINEER and the claimant within 30 days after receipt of the claimant's last submittal (unless ENGINEER allows additional time).

B. *ENGINEER's Decision:* ENGINEER will render a formal decision in writing within 30 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any. ENGINEER's written decision on such Claim, dispute, or other matter will be final and binding upon OWNER and CONTRACTOR unless:

1. an appeal from ENGINEER's decision is taken within the time limits and in accordance with the dispute resolution procedures set forth in Article 16; or

2. if no such dispute resolution procedures have been set forth in Article 16, a written notice of intention to appeal from ENGINEER's written decision is delivered by OWNER or CONTRACTOR to the other and to ENGINEER within 30 days after the date of such decision, and a formal proceeding is instituted by the appealing party in a forum of competent jurisdiction within 60 days after the date of such decision or within 60 days after Substantial Completion, whichever is later (unless otherwise agreed in writing by OWNER and CONTRACTOR), to exercise such rights or remedies as the appealing party may have with respect to such Claim, dispute, or other matter in accordance with applicable Laws and Regulations.

C. If ENGINEER does not render a formal decision in writing within the time stated in paragraph 10.05.B, a decision denying the Claim in its entirety shall be deemed to have been issued 31 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any.

D. No Claim for an adjustment in Contract Price or Contract Times (or Milestones) will be valid if not submitted in accordance with this paragraph 10.05.

ARTICLE 11 - COST OF THE WORK; CASH ALLOWANCES; UNIT PRICE WORK

11.01 *Cost of the Work*

A. *Costs Included:* The term Cost of the Work means the sum of all costs necessarily incurred and paid by CONTRACTOR in the proper performance of the Work. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, the costs to be reimbursed to CONTRACTOR will be only those additional or incremental costs required because of the change in the Work or because of the event giving rise to the Claim. Except as otherwise may be agreed to in writing by OWNER, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall include only the following items, and shall not include any of the costs itemized in paragraph 11.01.B.

1. Payroll costs for employees in the direct employ of CONTRACTOR in the perfomance of the Work under schedules of job classifications agreed upon by OWNER and CONTRACTOR. Such employees shall include without limitation superintendents, foremen, and other personnel employed full time at the Site. Payroll costs for employees not employed full time on the Work

shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by OWNER.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to CONTRACTOR unless OWNER deposits funds with CONTRACTOR with which to make payments, in which case the cash discounts shall accrue to OWNER. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to OWNER, and CONTRACTOR shall make provisions so that they may be obtained.

3. Payments made by CONTRACTOR to Subcontractors for Work performed by Subcontractors. If required by OWNER, CONTRACTOR shall obtain competitive bids from subcontractors acceptable to OWNER and CONTRACTOR and shall deliver such bids to OWNER, who will then determine, with the advice of ENGINEER, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as CONTRACTOR's Cost of the Work and fee as provided in this paragraph 11.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

a. The proportion of necessary transportation, travel, and subsistence expenses of CONTRACTOR's employees incurred in discharge of duties connected with the Work.

b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of CONTRACTOR.

c. Rentals of all construction equipment and machinery, and the parts thereof whether rented from CONTRACTOR or others in accordance with rental agreements approved by OWNER with the advice of ENGINEER, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

d. Sales, consumer, use, and other similar taxes related to the Work, and for which CONTRACTOR is liable, imposed by Laws and Regulations.

e. Deposits lost for causes other than negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by CONTRACTOR in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with paragraph 5.06.D), provided such losses and damages have resulted from causes other than the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of OWNER. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining CONTRACTOR's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as telegrams, long distance telephone calls, telephone service at the Site, expressage, and similar petty cash items in connection with the Work.

i. When the Cost of the Work is used to determine the value of a Change Order or of a Claim, the cost of premiums for additional Bonds and insurance required because of the changes in the Work or caused by the event giving rise to the Claim.

j. When all the Work is performed on the basis of cost-plus, the costs of premiums for all Bonds and insurance CONTRACTOR is required by the Contract Documents to purchase and maintain.

B. *Costs Excluded:* The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of CONTRACTOR's officers, executives, principals (of partnerships and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by CONTRACTOR, whether at the Site or in CONTRACTOR's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in paragraph 11.01.A.1 or specifically covered by paragraph 11.01.A.4, all of which are to be considered administrative costs covered by the CONTRACTOR's fee.

2. Expenses of CONTRACTOR's principal and branch offices other than CONTRACTOR's office at the Site.

3. Any part of CONTRACTOR's capital expenses, including interest on CONTRACTOR's capital employed for the Work and charges against CONTRACTOR for delinquent payments.

4. Costs due to the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in paragraphs 11.01.A and 11.01.B.

C. *CONTRACTOR's Fee:* When all the Work is performed on the basis of cost-plus, CONTRACTOR's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, CONTRACTOR's fee shall be determined as set forth in paragraph 12.01.C.

D. *Documentation:* Whenever the Cost of the Work for any purpose is to be determined pursuant to paragraphs 11.01.A and 11.01.B, CONTRACTOR will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to ENGINEER an itemized cost breakdown together with supporting data.

11.02 *Cash Allowances*

A. It is understood that CONTRACTOR has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums as may be acceptable to OWNER and ENGINEER. CONTRACTOR agrees that:

1. the allowances include the cost to CONTRACTOR (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. CONTRACTOR's costs for unloading and handling on the Site, labor, installation costs, overhead, profit, and other expenses contemplated for the allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

B. Prior to final payment, an appropriate Change Order will be issued as recommended by ENGINEER to reflect actual amounts due CONTRACTOR on account of

Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

11.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Determinations of the actual quantities and classifications of Unit Price Work performed by CONTRACTOR will be made by ENGINEER subject to the provisions of paragraph 9.08.

B. Each unit price will be deemed to include an amount considered by CONTRACTOR to be adequate to cover CONTRACTOR's overhead and profit for each separately identified item.

C. OWNER or CONTRACTOR may make a Claim for an adjustment in the Contract Price in accordance with paragraph 10.05 if:

1. the quantity of any item of Unit Price Work performed by CONTRACTOR differs materially and significantly from the estimated quantity of such item indicated in the Agreement; and

2. there is no corresponding adjustment with respect any other item of Work; and

3. if CONTRACTOR believes that CONTRACTOR is entitled to an increase in Contract Price as a result of having incurred additional expense or OWNER believes that OWNER is entitled to a decrease in Contract Price and the parties are unable to agree as to the amount of any such increase or decrease.

ARTICLE 12 - CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

12.01* *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order or by a Written Amendment. Any Claim for an adjustment in the Contract Price shall be based on written notice submitted by the party making the Claim to the ENGINEER and the other party to the Contract in accordance with the provisions of paragraph 10.05.

B.* The value of any Work covered by a Change Order or of any Claim for an adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions of paragraph 11.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with paragraph 12.01.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and agreement to a lump sum is not reached under paragraph 12.01.B.2, on the basis of the Cost of the Work (determined as provided in paragraph 11.01) plus a CONTRACTOR's fee for overhead and profit (determined as provided in paragraph 12.01.C).

C. *CONTRACTOR's Fee:* The CONTRACTOR's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under paragraphs 11.01.A.1 and 11.01.A.2, the CONTRACTOR's fee shall be 15 percent;

b. for costs incurred under paragraph 11.01.A.3, the CONTRACTOR's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of paragraph 12.01.C.2.a is that the Subcontractor who actually performs the Work, at whatever tier, will be paid a fee of 15 percent of the costs incurred by such Subcontractor under paragraphs 11.01.A.1 and 11.01.A.2 and that any higher tier Subcontractor and CONTRACTOR will each be paid a fee of five percent of the amount paid to the next lower tier Subcontractor;

*See Supplementary Conditions

d. no fee shall be payable on the basis of costs itemized under paragraphs 11.01.A.4, 11.01.A.5, and 11.01.B;

e. the amount of credit to be allowed by CONTRACTOR to OWNER for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in CONTRACTOR's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in CONTRACTOR's fee shall be computed on the basis of the net change in accordance with paragraphs 12.01.C.2.a through 12.01.C.2.e, inclusive.

12.02 *Change of Contract Times*

A. The Contract Times (or Milestones) may only be changed by a Change Order or by a Written Amendment. Any Claim for an adjustment in the Contract Times (or Milestones) shall be based on written notice submitted by the party making the claim to the ENGINEER and the other party to the Contract in accordance with the provisions of paragraph 10.05.

B. Any adjustment of the Contract Times (or Milestones) covered by a Change Order or of any Claim for an adjustment in the Contract Times (or Milestones) will be determined in accordance with the provisions of this Article 12.

12.03 *Delays Beyond CONTRACTOR's Control*

A. Where CONTRACTOR is prevented from completing any part of the Work within the Contract Times (or Milestones) due to delay beyond the control of CONTRACTOR, the Contract Times (or Milestones) will be extended in an amount equal to the time lost due to such delay if a Claim is made therefor as provided in paragraph 12.02.A. Delays beyond the control of CONTRACTOR shall include, but not be limited to, acts or neglect by OWNER, acts or neglect of utility owners or other contractors performing other work as contemplated by Article 7, fires, floods, epidemics, abnormal weather conditions, or acts of God.

12.04 *Delays Within CONTRACTOR's Control*

A. The Contract Times (or Milestones) will not be extended due to delays within the control of CONTRACTOR. Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of CONTRACTOR.

12.05 *Delays Beyond OWNER's and CONTRACTOR's Control*

A. Where CONTRACTOR is prevented from completing any part of the Work within the Contract Times (or Milestones) due to delay beyond the control of both OWNER and CONTRACTOR, an extension of the Contract Times (or Milestones) in an amount equal to the time lost due to such delay shall be CONTRACTOR's sole and exclusive remedy for such delay.

12.06 *Delay Damages*

A. In no event shall OWNER or ENGINEER be liable to CONTRACTOR, any Subcontractor, any Supplier, or any other person or organization, or to any surety for or employee or agent of any of them, for damages arising out of or resulting from:

1. delays caused by or within the control of CONTRACTOR; or

2. delays beyond the control of both OWNER and CONTRACTOR including but not limited to fires, floods, epidemics, abnormal weather conditions, acts of God, or acts or neglect by utility

owners or other contractors performing other work as contemplated by Article 7.

B. Nothing in this paragraph 12.06 bars a change in Contract Price pursuant to this Article 12 to compensate CONTRACTOR due to delay, interference, or disruption directly attributable to actions or inactions of OWNER or anyone for whom OWNER is responsible.

ARTICLE 13 - TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

13.01 *Notice of Defects*

A. Prompt notice of all defective Work of which OWNER or ENGINEER has actual knowledge will be given to CONTRACTOR. All defective Work may be rejected, corrected, or accepted as provided in this Article 13.

13.02* *Access to Work*

A. OWNER, ENGINEER, ENGINEER's Consultants, other representatives and personnel of OWNER, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the Site and the Work at reasonable times for their observation, inspecting, and testing. CONTRACTOR shall provide them proper and safe conditions for such access and advise them of CONTRACTOR's Site safety procedures and programs so that they may comply therewith as applicable.

13.03* *Tests and Inspections*

A. CONTRACTOR shall give ENGINEER timely notice of readiness of the Work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.

B.* OWNER shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Contract Documents except:

1. for inspections, tests, or approvals covered by paragraphs 13.03.C and 13.03.D below;

2. that costs incurred in connection with tests or inspections conducted pursuant to paragraph 13.04.B shall be paid as provided in said paragraph 13.04.B; and

3. as otherwise specifically provided in the Contract Documents.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, CONTRACTOR shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish ENGINEER the required certificates of inspection or approval.

D. CONTRACTOR shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for OWNER's and ENGINEER's acceptance of materials or equipment to be incorporated in the Work; or acceptance of materials, mix designs, or equipment submitted for approval prior to CONTRACTOR's purchase thereof for incorporation in the Work. Such inspections, tests, or approvals shall be performed by organizations acceptable to OWNER and ENGINEER.

E. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by CONTRACTOR without written concurrence of ENGINEER, it must, if requested by ENGINEER, be uncovered for observation.

F. Uncovering Work as provided in paragraph 13.03.E shall be at CONTRACTOR's expense unless CONTRACTOR has given ENGINEER timely notice of CONTRACTOR's intention to cover the same and ENGINEER has not acted with reasonable promptness in response to such notice.

13.04 *Uncovering Work*

A. If any Work is covered contrary to the written request of ENGINEER, it must, if requested by ENGINEER, be uncovered for ENGINEER's observation and replaced at CONTRACTOR's expense.

B. If ENGINEER considers it necessary or advisable that covered Work be observed by ENGINEER or inspected or tested by others, CONTRACTOR, at ENGINEER's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as ENGINEER may require, that portion of the Work in

question, furnishing all necessary labor, material, and equipment. If it is found that such Work is defective, CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and OWNER shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount thereof, OWNER may make a Claim therefor as provided in paragraph 10.05. If, however, such Work is not found to be defective, CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Times (or Milestones), or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

*See Supplementary Conditions

13.05 *OWNER May Stop the Work*

A. If the Work is defective, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, OWNER may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of OWNER to stop the Work shall not give rise to any duty on the part of OWNER to exercise this right for the benefit of CONTRACTOR, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

13.06 *Correction or Removal of Defective Work*

A. CONTRACTOR shall correct all defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by ENGINEER, remove it from the Project and replace it with Work that is not defective. CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).

13.07 *Correction Period*

A. If within one year after the date of Substantial Completion or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, or if the repair of any damages to the land or areas made available for CONTRACTOR's use by OWNER or permitted by Laws and Regulations as contemplated in paragraph 6.11.A is found to be defective, CONTRACTOR shall promptly, without cost to OWNER and in accordance with OWNER's written instructions: (i) repair such defective land or areas, or (ii) correct such defective Work or, if the defective Work has been rejected by OWNER, remove it from the Project and replace it with Work that is not defective, and (iii) satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others or other land or areas resulting therefrom. If CONTRACTOR does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, OWNER may have the defective Work corrected or repaired or may have the rejected Work removed and replaced, and all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by CONTRACTOR.

B. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by Written Amendment.

C. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph 13.07, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

D. CONTRACTOR's obligations under this paragraph 13.07 are in addition to any other obligation or warranty. The provisions of this paragraph 13.07 shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.

13.08 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, OWNER (and, prior to ENGINEER's recommendation of final payment, ENGINEER) prefers to accept it, OWNER may do so. CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) attributable to OWNER's evaluation of and determination to accept such defective Work (such costs to be approved by ENGINEER as to reasonableness) and the diminished value of the Work to the extent not otherwise paid by CONTRACTOR pursuant to this sentence. If any such acceptance occurs prior to ENGINEER's recommendation of final payment, a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and OWNER shall be entitled to an appropriate decrease in the Contract Price, reflecting the diminished value of Work so accepted. If the parties are unable to agree as to the amount thereof, OWNER may make a Claim therefor as provided in paragraph 10.05. If the acceptance occurs after such recommendation, an appropriate amount will be paid by CONTRACTOR to OWNER.

13.09 *OWNER May Correct Defective Work*

A. If CONTRACTOR fails within a reasonable time after written notice from ENGINEER to correct defective Work or to remove and replace rejected Work as required by ENGINEER in accordance with paragraph 13.06.A, or if CONTRACTOR fails to perform the Work in accordance with the Contract Documents, or if CONTRACTOR fails to comply with any other provision of the Contract Documents, OWNER may, after seven days written notice to CONTRACTOR, correct and remedy any such deficiency.

B. In exercising the rights and remedies under this paragraph, OWNER shall proceed expeditiously. In connection with such corrective and remedial action, OWNER may exclude CONTRACTOR from all or part of the Site, take possession of all or part of the Work and suspend CONTRACTOR's services related thereto, take possession of CONTRACTOR's tools, appliances, construction equipment and machinery at the Site, and incorporate in the Work all materials and equipment stored at the Site or for which OWNER has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow OWNER, OWNER's representatives, agents and employees, OWNER's other contractors, and ENGINEER and ENGINEER's Consultants access to the Site to enable OWNER to exercise the rights and remedies under this paragraph.

C. All Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by OWNER in exercising the rights and remedies under this paragraph 13.09 will be charged against CONTRACTOR, and a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and OWNER shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount of the adjustment, OWNER may make a Claim therefor as provided in paragraph 10.05. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of CONTRACTOR's defective Work.

D. CONTRACTOR shall not be allowed an extension of the Contract Times (or Milestones) because of any delay in the performance of the Work attributable to the exercise by OWNER of OWNER's rights and remedies under this paragraph 13.09.

ARTICLE 14 - PAYMENTS TO CONTRACTOR AND COMPLETION

14.01 *Schedule of Values*

A. The schedule of values established as provided in paragraph 2.07.A will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to ENGINEER. Progress payments on account of Unit Price Work will be based on the number of units completed.

14.02 *Progress Payments*

A.* *Applications for Payments*

1. At least 20 days before the date established for each progress payment (but not more often than once a month), CONTRACTOR shall submit to ENGINEER for review an Application for Payment filled out and signed by CONTRACTOR covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that OWNER has received the materials and equipment free and clear of all Liens and evidence that the materials and equipment are covered by appropriate property insurance or other arrangements to protect OWNER's interest therein, all of which must be satisfactory to OWNER.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of CONTRACTOR stating that all previous progress payments received on account of the Work have been applied on account to discharge CONTRACTOR's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to pro-gress payments will be as stipulated in the Agreement.

*See Supplementary Conditions

B. *Review of Applications*

1. ENGINEER will, within 10 days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to OWNER or return the Application to CONTRACTOR indicating in writing ENGINEER's reasons for refusing to recommend payment. In the latter case, CONTRACTOR may make the necessary corrections and resubmit the Application.

2. ENGINEER's recommendation of any payment requested in an Application for Payment will constitute a representation by ENGINEER to OWNER, based on ENGINEER's observations on the Site of the executed Work as an experienced and qualified design professional and on ENGINEER's review of the Application for Payment and the accompanying data and schedules, that to the best of ENGINEER's knowledge, information and belief:

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Comple tion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for Unit Price Work under paragraph 9.08, and to any other qualifications stated in the recommendation); and

c. the conditions precedent to CONTRACTOR's being entitled to such payment appear to have been fulfilled in so far as it is ENGINEER's responsibility to observe the Work.

3. By recommending any such payment ENGINEER will not thereby be deemed to have represented that: (i) inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to ENGINEER in the Contract Documents; or (ii) that there may not be other matters or issues between the parties

that might entitle CONTRACTOR to be paid additionally by OWNER or entitle OWNER to withhold payment to CONTRACTOR.

4. Neither ENGINEER's review of CONTRACTOR's Work for the purposes of recommending payments nor ENGINEER's recommendation of any payment, including final payment, will impose responsibility on ENGINEER to supervise, direct, or control the Work or for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for CONTRACTOR's failure to comply with Laws and Regulations applicable to CONTRACTOR's performance of the Work. Additionally, said review or recommendation will not impose responsibility on ENGINEER to make any examination to ascertain how or for what purposes CONTRACTOR has used the moneys paid on account of the Contract Price, or to determine that title to any of the Work, materials, or equipment has passed to OWNER free and clear of any Liens.

5. ENGINEER may refuse to recommend the whole or any part of any payment if, in ENGINEER's opinion, it would be incorrect to make the representations to OWNER referred to in paragraph 14.02.B.2. ENGINEER may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in ENGINEER's opinion to protect OWNER from loss because:

a. the Work is defective, or completed Work has been damaged, requiring correction or replacement;

b. the Contract Price has been reduced by Written Amendment or Change Orders;

c. OWNER has been required to correct defective Work or complete Work in accordance with paragraph 13.09; or

d. ENGINEER has actual knowledge of the occurrence of any of the events enumerated in paragraph 15.02.A.

C. *Payment Becomes Due*

1. Ten days after presentation of the Application for Payment to OWNER with ENGINEER's recommendation, the amount recommended will (subject to the provisions of paragraph 14.02.D) become due, and when due will be paid by OWNER to CONTRACTOR.

D. *Reduction in Payment*

1. OWNER may refuse to make payment of the full amount recommended by ENGINEER because:

a. claims have been made against OWNER on account of CONTRACTOR's performance or furnishing of the Work;

b. Liens have been filed in connection with the Work, except where CONTRACTOR has delivered a specific Bond satisfactory to OWNER to secure the satisfaction and discharge of such Liens;

c. there are other items entitling OWNER to a set-off against the amount recommended; or

d. OWNER has actual knowledge of the occurrence of any of the events enumerated in paragraphs 14.02.B.5.a through 14.02.B.5.c or paragraph 15.02.A.

2. If OWNER refuses to make payment of the full amount recommended by ENGINEER, OWNER must give CONTRACTOR immediate written notice (with a copy to ENGINEER) stating the reasons for such action and promptly pay CONTRACTOR any amount remaining after deduction of the amount so withheld. OWNER shall promptly pay CONTRACTOR the amount so withheld, or any adjustment thereto agreed to by OWNER and CONTRACTOR, when CONTRACTOR corrects to OWNER's satisfaction the reasons for such action.

3. If it is subsequently determined that OWNER's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by paragraph 14.02.C.1.

14.03 *CONTRACTOR's Warranty of Title*

A. CONTRACTOR warrants and guarantees that title to all Work, materials, and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to OWNER no later than the time of payment free and clear of all Liens.

14.04 *Substantial Completion*

A. When CONTRACTOR considers the entire Work ready for its intended use CONTRACTOR shall notify OWNER and ENGINEER in writing that the entire Work is substantially complete (except for items specifically listed by CONTRACTOR as incomplete) and request that ENGINEER issue a certificate of Substantial Completion. Promptly thereafter, OWNER, CONTRACTOR, and ENGINEER shall make an inspection of the Work to determine the status of completion. If ENGINEER does not consider the Work substantially complete, ENGINEER will notify CONTRACTOR in writing giving the reasons therefor. If ENGINEER considers the Work substantially complete, ENGINEER will prepare and deliver to OWNER a tentative certificate of Substantial Completion which shall fix the date of Substantial Completion. There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. OWNER shall have seven days after receipt of the tentative certificate during which to make written objection to ENGINEER as to any provisions of the certificate or attached list. If, after considering such objections, ENGINEER concludes that the Work is not substantially complete, ENGINEER will within 14 days after submission of the tentative certificate to OWNER notify CONTRACTOR in writing, stating the reasons therefor. If, after consideration of OWNER's objections, ENGINEER considers the Work substantially complete, ENGINEER will within said 14 days execute and deliver to OWNER and CONTRACTOR a definitive certificate of Substantial Completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as ENGINEER believes justified after consideration of any objections from OWNER. At the time of delivery of the tentative certificate of Substantial Completion ENGINEER will deliver to OWNER and CONTRACTOR a written recommendation as to division of responsibilities pending final payment between OWNER and CONTRACTOR with respect to security, operation, safety, and protection of the Work, maintenance, heat, utilities, insurance, and warranties and guarantees. Unless OWNER and CONTRACTOR agree otherwise in writing and so inform ENGINEER in writing prior to ENGINEER's issuing the definitive certificate of Substantial Completion, ENGINEER's aforesaid recommendation will be binding on OWNER and CONTRACTOR until final payment.

B. OWNER shall have the right to exclude CONTRACTOR from the Site after the date of Substantial Completion, but OWNER shall allow CONTRACTOR reasonable access to complete or correct items on the tentative list.

14.05 *Partial Utilization*

A. Use by OWNER at OWNER's option of any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which OWNER, ENGINEER, and CONTRACTOR agree constitutes a separately functioning and usable part of the Work that can be used by OWNER for its intended purpose without significant interference with CONTRACTOR's performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to the following conditions.

1. OWNER at any time may request CONTRACTOR in writing to permit OWNER to use any such part of the Work which OWNER believes to be ready for its intended use and substantially complete. If CONTRACTOR agrees that such part of the Work is substantially complete, CONTRACTOR will certify to OWNER and ENGINEER that such part of the Work is substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. CONTRACTOR at any time may notify OWNER and ENGINEER in writing that CONTRACTOR considers any such part of the Work ready for its intended use and substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. Within a reasonable time after either such request, OWNER, CONTRACTOR, and ENGINEER shall make an inspection of that part of the Work to determine its status of completion. If ENGINEER does not consider that part of the Work to be substantially complete, ENGINEER will notify OWNER and CONTRACTOR in writing giving the reasons therefor. If ENGINEER considers that part of the Work to be substantially complete, the provisions of paragraph 14.04 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

2. No occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of paragraph 5.10 regarding property insurance.

14.06 *Final Inspection*

A. Upon written notice from CONTRACTOR that the entire Work or an agreed portion thereof is complete, ENGINEER will promptly make a final inspection with OWNER and CONTRACTOR and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. CONTRACTOR shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

14.07 *Final Payment*

A. *Application for Payment*

1. After CONTRACTOR has, in the opinion of ENGINEER, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, Bonds, certificates or other evidence of insurance certificates of inspection, marked-up record documents (as provided in paragraph 6.12), and other documents, CONTRACTOR may make application for final payment following the procedure for progress payments.

2. The final Application for Payment shall be accompanied (except as previously delivered) by: (i) all documentation called for in the Contract Documents, including but not limited to the evidence of insurance required by subparagraph 5.04.B.7; (ii) consent of the surety, if any, to final payment; and (iii) complete and legally effective releases or waivers (satisfactory to OWNER) of all Lien rights arising out of or Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in paragraph 14.07.A.2 and as approved by OWNER, CONTRACTOR may furnish receipts or releases in full and an affidavit of CONTRACTOR that: (i) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (ii) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which OWNER or OWNER's property might in any way be responsible have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, CONTRACTOR may furnish a Bond or other collateral satisfactory to OWNER to indemnify OWNER against any Lien.

B. *Review of Application and Acceptance*

1. If, on the basis of ENGINEER's observation of the Work during construction and final inspection, and ENGINEER's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, ENGINEER is satisfied that the Work has been completed and CONTRACTOR's other obligations under the Contract Documents have been fulfilled, ENGINEER will, within ten days after receipt of the final Application for Payment, indicate in writing ENGINEER's recommendation of payment and present the Application for Payment to OWNER for payment. At the same time ENGINEER will also give written notice to OWNER and CONTRACTOR that the Work is acceptable subject to the provisions of paragraph 14.09. Otherwise, ENGINEER will return the Application for Payment to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and resubmit the Application for Payment.

C. *Payment Becomes Due*

1. Thirty days after the presentation to OWNER of the Application for Payment and accompanying documentation, the amount recommended by ENGINEER will become due and, when due, will be paid by OWNER to CONTRACTOR.

14.08 *Final Completion Delayed*

A. If, through no fault of CONTRACTOR, final completion of the Work is significantly delayed, and if ENGINEER so confirms, OWNER shall, upon receipt of CONTRACTOR's final Application for Payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by OWNER for Work not

fully completed or corrected is less than the retainage stipulated in the Agreement, and if Bonds have been furnished as required in paragraph 5.01, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by CONTRACTOR to ENGINEER with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

14.09 *Waiver of Claims*

A. The making and acceptance of final payment will constitute:

1. a waiver of all Claims by OWNER against CONTRACTOR, except Claims arising from unsettled Liens, from defective Work appearing after final inspection pursuant to paragraph 14.06, from failure to comply with the Contract Documents or the terms of any special guarantees specified therein, or from CONTRACTOR's continuing obligations under the Contract Documents; and

2. a waiver of all Claims by CONTRACTOR against OWNER other than those previously made in writing which are still unsettled.

ARTICLE 15 - SUSPENSION OF WORK AND TERMINATION

15.01 OWNER May Suspend Work

A. At any time and without cause, OWNER may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by notice in writing to CONTRACTOR and ENGINEER which will fix the date on which Work will be resumed. CONTRACTOR shall resume the Work on the date so fixed. CONTRACTOR shall be allowed an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension if CONTRACTOR makes a Claim therefor as provided in paragraph 10.05.

15.02 *OWNER May Terminate for Cause*

A. The occurrence of any one or more of the following events will justify termination for cause:

1. CONTRACTOR's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the progress schedule established under paragraph 2.07 as adjusted from time to time pursuant to paragraph 6.04);

2. CONTRACTOR's disregard of Laws or Regulations of any public body having jurisdiction;

3. CONTRACTOR's disregard of the authority of ENGINEER; or

4. CONTRACTOR's violation in any substantial way of any provisions of the Contract Documents.

B. If one or more of the events identified in paragraph 15.02.A occur, OWNER may, after giving CONTRACTOR (and the surety, if any) seven days written notice, terminate the services of CONTRACTOR, exclude CONTRACTOR from the Site, and take possession of the Work and of all CONTRACTOR's tools, appliances, construction equipment, and machinery at the Site, and use the same to the full extent they could be used by CONTRACTOR (without liability to CONTRACTOR for trespass or conversion), incorporate in the Work all materials and equipment stored at the Site or for which OWNER has paid CONTRACTOR but which are stored elsewhere, and finish the Work as OWNER may deem expedient. In such case, CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by OWNER arising out of or relating to completing the Work, such excess will be paid to CONTRACTOR. If such claims, costs, losses, and damages exceed such unpaid balance, CONTRACTOR shall pay the difference to OWNER. Such claims, costs, losses, and damages incurred by OWNER will be reviewed by ENGINEER as to their reasonableness and, when so approved by ENGINEER, incorporated in a Change Order. When exercising any rights or remedies under this paragraph OWNER shall not be required to obtain the lowest price for the Work performed.

C. Where CONTRACTOR's services have been so terminated by OWNER, the termination will not affect any rights or remedies of OWNER against CONTRACTOR then existing or which may thereafter accrue. Any retention or payment of moneys due CONTRACTOR by OWNER will not release CONTRACTOR from liability.

15.03 *OWNER May Terminate For Convenience*

A. Upon seven days written notice to CONTRACTOR and ENGINEER, OWNER may, without cause and without prejudice to any other right or remedy of OWNER, elect to terminate the Contract. In such case, CONTRACTOR shall be paid (without duplication of any items):

1. for completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. for expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;

3. for all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred in settlement of terminated contracts with Subcontractors, Suppliers, and others; and

4. for reasonable expenses directly attributable to termination.

B. CONTRACTOR shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

15.04 *CONTRACTOR May Stop Work or Terminate*

A. If, through no act or fault of CONTRACTOR, the Work is suspended for more than 90 consecutive days by OWNER or under an order of court or other public authority, or ENGINEER fails to act on any Application for Payment within 30 days after it is submitted, or OWNER fails for 30 days to pay CONTRACTOR any sum finally determined to be due, then CONTRACTOR may, upon seven days written notice to OWNER and ENGINEER, and provided OWNER or ENGINEER do not remedy such suspension or failure within that time, terminate the Contract and recover from OWNER payment on the same terms as provided in paragraph 15.03. In lieu of terminating the Contract and without prejudice to any other right or remedy, if ENGINEER has failed to act on an Application for Payment within 30 days after it is submitted, or OWNER has failed for 30 days to pay CONTRACTOR any sum finally determined to be due, CONTRACTOR may, seven days after written notice to OWNER and ENGINEER, stop the Work until payment is made of all such amounts due CONTRACTOR, including interest thereon. The provisions of this paragraph 15.04 are not intended to preclude CONTRACTOR from making a Claim under paragraph 10.05 for an adjustment in Contract Price or Contract Times or otherwise for expenses or damage directly attributable to CONTRACTOR's stopping the Work as permitted by this paragraph.

ARTICLE 16 - DISPUTE RESOLUTION*

16.01 *Methods and Procedures*

A. Dispute resolution methods and procedures, if any, shall be as set forth in the Supplementary Conditions. If no method and procedure has been set forth, and subject to the provisions of paragraphs 9.09 and 10.05, OWNER and CONTRACTOR may exercise such rights or remedies as either may otherwise have under the Contract Documents or by Laws or Regulations in respect of any dispute.

ARTICLE 17 - MISCELLANEOUS*

17.01 *Giving Notice*

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the giver of the notice.

17.02 *Computation of Times*

A. When any period of time is referred to in the Contract Documents by days, it will be computed to

exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

17.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract Documents, and the provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

17.04 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion, and acceptance of the Work or termination or completion of the Agreement.

17.05 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

SUPPLEMENTAL GENERAL CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract (No. 1910-8, 1996 Edition) and other provisions of the Contract Documents as indicated below. All provisions, which are not so amended or supplemental, remain in full force and effect.

The terms used in these Supplementary Conditions will have the meanings indicated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings indicated below, which are applicable to both the singular and plural thereof.

SC-6.10 Delete paragraph 6.10 in its entirely and insert the following in its place:

The owner qualifies for the state and local tax exemption in the purchase of certain materials and equipment the Contractor shall utilize the form provided herewith in exhibit "D".

SC-11.01 Delete paragraph 11.01 in its entirety.

SC-11.02 Delete paragraph 11.02 in its entirety.

SC-12.01B.25 & B.3. Delete paragraph 12.01B.2 & B.3 in its entirety.

SC-12.01.C.2 Delete paragraph 12.01.C.2 in its entirety.

SC-14.02.C.1 Replace "ten days" with "thirty days" to read as follows:

Thirty days after presentation of the application for payment to OWNER with ENGINEERS recommendation, the amount recommended will (subject to provisions of paragraph 14.02.D) become due, and when due will be paid by the OWNER to CONTRACTOR.

SC Article 16 Add the following language at the end of the paragraph of Article 16:

There are no dispute resolution methods and procedures set forth in the Supplemental Conditions:

GENERAL PREVAILING WAGE LEGAL REQUIREMENTS

The Contractor's attention is called to Texas Government Code Chapter 2258, which must be complied with attached herewith as Exhibit "C"

General Notes

GENERAL NOTES

1. ALL WORK SHALL BE COMPLETED TO THE SATISFACTION OF THE HIDALGO COUNTY PRECINCT No. 2 AND THE CITY OF SAN JUAN.

2. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT RICHARD GARCIA WITH NORTH ALAMO WATER SUPPLY CORP. 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 383-1618 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

3. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT MR. RAMIRO RAMIREZ WITH THE CITY OF SAN JUAN 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 223-2200 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

4. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT TxDOT 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 702-6101 FOR THE SPOTTING OF TRAFFIC SIGNAL LOOP DETECTORS AND TO MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

5. THE CONTRACTOR SHALL BE RESPONSIBLE TO CALL DIG-TESS 48 HOURS PRIOR TO COMMENCEMENT OF WORK FOR UTILITY SPOTTING @ (1-800-DIG-TESS).

6. THE CONTRACTOR TO NOTIFY ALL UTILITY COMPANIES FOR VERIFICATION OF LOCATION OF EXISTING FACILITIES PRIOR TO BEGINNING ANY EXCAVATION.

7. LOCATIONS OF UNDERGROUND FACILITIES ARE FROM BEST INFORMATION AVAILABLE. NEITHER THE OWNER OR ENGINEER, WARRANT THE ACCURACY OF THE INFORMATION PROVIDED. ANY DEVIATIONS SHALL BE CALLED TO THE ENGINEER'S ATTENTION IMMEDIATELY.

8. THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING WITH THE CORRESPONDING UTILITY CORPORATION IN REGARDS TO THE RELOCATION/ADJUSTION OF ANY CONFLICTING UTILITIES. THE RELOCATION/ADJUSTMENT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

9. THE CONTRACTOR SHALL REMOVE ALL FENCES LOCATED WITHIN THE EASEMENTS AND RIGHT OF WAY, INTERFERING WITH CONSTRUCTION OPERATION AND PROVIDE TEMPORARY FENCING DURING CONSTRUCTION. REMOVED FENCES SHALL BE REPLACED WITH A NEW FENCE OR UNDAMAGED ORIGINAL FENCING. REMOVAL AND REPLACEMENT OF EXISTING AND TEMPORARY FENCES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

10. ANY DAMAGES TO FENCES, WALKS, OR PRIVATE PROPERTY SHALL BE REPAIRED BY THE CONTRACTOR AT HIS EXPENSE.

11. THE CONTRACTOR SHALL AT ALL TIME PROVIDE ACCESS TO EXISTING RESIDENCES.

12. THE CONTRACTOR IS TO MAINTAIN ALL EQUIPMENT AND TRANSPORTATION OF SAID EQUIPMENT WITHIN THE EXISTING RIGHT-OF-WAYS OF THE CITY, COUNTY OR STATE.

13. NO OPEN EXCAVATION SHALL BE LEFT OPEN OVERNIGHT. ALL EXCAVATIONS WHICH CANNOT BE BACKFILLED OVERNIGHT SHALL BE COVERED, AS A MINIMUM, WITH STEEL PLATING WHEN IN PAVED AND UNPAVED AREAS SUBJECT TO VEHICULAR LOADING; ¾ PLYWOOD, WOOD PLANKING WITH O.S.H.A. ORANGE PLASTIC EXPANDED MESH BARRIER AROUND PERIMETER IN UNPAVED AREAS NOT SUBJECT TO VEHICULAR LOADING, OR AS APPROVED BY THE ENGINEER.

14. THE PREPARATION OF THESE PLANS REFLECTS INFORMATION, PROVIDED BY OTHERS, ON THE APPROXIMATE LOCATION AND EXISTENCE OF EXISTING UTILITY AND ADJACENT PHYSICAL FEATURES. HOWEVER, THEY DO NOT IMPLY OR AFFIRM THAT ALL UTILITIES OR PHYSICAL FEATURES ARE SHOWN. GENERALLY, UTILITY SERVICE CONNECTIONS ARE NOT INDICATED ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR NOTIFICATIONS OF THE OWNER IMMEDIATELY UPON ENCOUNTERING UNFORESEEN CONFLICTS.

15. THE APPROXIMATE LOCATIONS OF KNOWN EXISTING UTILITIES ARE SHOWN, CONTRACTOR SHALL DETERMINE THE EXACT HORIZONTAL AND VERTICAL LOCATIONS IN THE FIELD PRIOR TO COMMENCING WORK. CONTRACTOR TO BE FULLY RESPONSIBLE FOR DAMAGES WHICH MIGHT OCCUR BY HIS FAILURE TO EXACTLY LOCATE AND PRESERVE EXISTING UTILITIES.

16. PUBLIC AND PRIVATE UTILITY LINES AND CUSTOMER SERVICE LINES MAY EXIST THAT ARE NOT SHOWN ON THE CONSTRUCTION DRAWINGS. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO LOCATE, MAINTAIN AND PROTECT THE INTEGRITY OF THESE LINES. HAND EXCAVATION MAY BE REQUIRED. THE CONTRACTOR SHALL RESTORE RELOCATED OR DIVERTED UTILITY TO ITS ORIGINAL CONDITION AND LOCATION WHEN APPLICABLE UPON COMPLETION OF CONSTRUCTION. SAID RESTORATION SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

17. WHERE NEW WATER LINES AND SEWER LINES ARE INSTALLED WITH A SEPARATION DISTANCE CLOSER THAN NINE FEET (I.E., WATER LINES CROSSING WASTEWATER LINES, WATER LINES PARALLELING WASTEWATER LINES, OR WATER LINES NEXT TO MANHOLES) THE INSTALLATION MUST MEET THE REQUIREMENTS OF 30 TAC 317 (DESIGN OF SEWAGE SYSTEMS) OR 30 TAC 290 (WATER HYGIENE).

18. THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING WATER AND SEWER CONNECTIONS TO ALL HOMES AND BUSINESSES IN WORKING ORDER AT ALL TIMES, EXCEPT FOR BRIEF INTERRUPTIONS IN SERVICE FOR CONNECTIONS TO BE REINSTALLED. IN NO CASE SHALL SERVICES BE ALLOWED TO REMAIN OUT OF SERVICE OVERNIGHT. CONTRACTOR IS RESPONSIBLE FOR ANY DAMAGES TO SAID SERVICES.

19. THE CONTRACTOR SHALL BE RESPONSIBLE TO REPAIR ANY SURFACE IRREGULARITIES, AS DIRECTED BY THE ENGINEER, CAUSED BY THE CONTRACTOR'S WORKING OPERATIONS.

20. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING ADEQUATE DRAINAGE OF EXISTING AND/OR PROPOSED FACILITIES AT ALL TIMES DURING CONSTRUCTION.

21. THE CONTRACTOR SHALL INSURE A 6" MINIMUM COVER FOR DRIVEWAY CULVERTS. THE RELAYING OR REMOVAL OF DRIVEWAY PIPE CULVERTS SHALL BE CONSIDERED SUBSIDIARY TO THE UNIT BID PRICES FOR ROADSIDE DITCH GRADING OF THE PROJECT.

22. THE CONTRACTOR SHALL BE RESPONSIBLE FOR GRADING AREA BETWEEN THE BACK OF CURB/EDGE OF PAVEMENT, ROAD SIDE DITCH AND RIGHT-OF-WAY TO HAVE POSITIVE FLOW TO THE PROPOSED AND/OR EXISTING DRAINAGE SYSTEM. THIS INCLUDES THE ENTIRE LENGTH OF THE ROAD WITHIN THE PROJECT LIMITS. SAID GRADING SHALL SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

23. ROADSIDE DITCHES SHALL BE REGRADED TO PROVIDE POSITIVE FLOW TO THE EXISTING AND PROPOSED DRAINAGE STRUCTURES. REGRADING ALONG THE ROADSIDE DITCH SHALL BE FROM CULVERT TO CULVERT.

24. THE CONTRACTOR SHALL CLEANUP AND RESTORE THE AREA OF OPERATIONS TO A CONDITION AS GOOD AS OR BETTER THAN THAT WHICH EXISTED PRIOR TO INSTALLATION OF ALL ITEMS TO BE CONSTRUCTED.

25. COUNTY WILL PROVIDE CONTROL POINTS (BENCHMARK AND PROPERTY CORNERS) FOR THE WORK TO BE PERFORMED BY THE CONTRACTOR. CONTRACTOR SHALL BE RESPONSIBLE FOR CONSTRUCTION STAKING, INCLUDING BUT NOT LIMITED TO HORIZONTAL & VERTICAL GRADE CUTS FOR CURB & GUTTER, ROADWAY, STORM DRAIN PIPE, ROADSIDE DITCHES, DRIVEWAY CULVERTS AND DITCH WORK. THE HMAC, BASE AND SUBGRADE SHALL BE GRADED AS PER THE PROPOSED CROSS SLOPE.

26. THE CONTRACTOR SHALL PROVIDE/MAINTAIN ADEQUATE POSITIVE DRAINAGE AT ALL TIMES DURING THE INSTALLATION OF THE STRUCTURES, DRAINAGE, UTILITY, IRRIGATION AND ROAD IMPROVEMENTS. DEWATERING OF THE TRENCH MAY BE REQUIRED DURING THE INSTALLATION OF THE DRAINAGE, UTILITY AND IRRIGATION FACILITIES/STRUCTURES. SAID DEWATERING SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

27. THE EXISTING ROAD SECTION SHALL BE SCARIFIED AND MIXED WITH NEW CALICHE. ONCE IT IS MIXED IT IS TO BE STABILIZED, PREPARED AND GRADED TO ACHIEVE THE PROPOSED BASE AS PER THE PROPOSED ROAD CROSS SECTION. THE PRODUCT OF THE CRUSHED ASPHALT PAVEMENT (MAX 2" PIECES IN SIZE), SALVAGE CALICHE AND NEW CALICHE SHALL BE TREATED WITH TWO AND A HALF (2.5%) PERCENT LIME BY DRY WEIGHT OF SALVAGE MATERIAL. TREATED MATERIAL SHALL BE DISTRIBUTED TO ACHIEVE THE PROPOSED BASE. THE BASE SHALL BE COMPACTED TO 98% STANDARD PROCTOR DENSITY AND SHALL BE GRADED TO THE CROSS-SLOPE AS PER THE PROPOSED ROAD CROSS-SECTION DETAILS. ANY PREPARATION, STABILIZATION, COMPACTION AND GRADING FOR THE DIFFERENCE BETWEEN THE PROPOSED AND EXISTING ROAD SECTIONS SHALL BE SUBSIDIARY TO THE UNIT BID PRICES FOR THE SCARIFICATION AND PREPARATION OF EXISTING ROAD SECTION (SEE CORE REPORT FOR THE THICKNESS OF THE EXISTING PAVEMENT SECTION).

28. FLEXIBLE BASE AGGREGATE SHALL MEET THE REQUIREMENTS IN THE TABLE BELOW. NEW CALICHE MATERIAL SHALL BE TREATED WITH 0.5% LIME BY DRY WEIGHT OF MATERIAL IF THE PLASTICITY INDEX OF SAID MATERIAL IS GREATER THAN 12.

TYPE E (CALICHE)

PROPERTY	TEST METHOD	REQUIREMENT
2 ½" SEIVE (CUMULATIVE, % RET)	TEX-110-E	0
1 3/4" SEIVE (CUMULATIVE, % RET)	TEX-110-E	0-10
#4 SEIVE (CUMULATIVE, % RET)	TEX-110-E	45-75
#40 SEIVE (CUMULATIVE, % RET)	TEX-110-E	50-85
LIQUID LIMIT, % MAX	TEX-104-E	40
PLASTICITY INDEX, % MAX	TEX-106-E	12
WET BALL MILL, % MAX	TEX-116-E	50
WET BALL MILL, % MAX INCREASE PASSING #40 SIEVE	TEX-116-E	20

29. THE CONTRACTOR SHALL BE RESPONSIBLE TO FOLLOW ALL T.C.E.Q. STORM WATER POLLUTION PREVENTION PLAN (SWP3) REQUIREMENTS AS PER SWP3 SHEETS AND AS STATED IN TEXAS POLLUTANT DISCHARGE ELIMINATION SYSTEM CONSTRUCTION GENERAL PERMIT (TPDES TXR150000, EFFECTIVE DATE MARCH 5, 2008), INCLUDING N.O.I. SUBMITTAL AND MS4 NOTIFICATION.

30. THE CONTRACTOR IS RESPONSIBLE FOR THE PREPARATION AND SUBMITTAL OF THE TRENCH EXCAVATION PROTECTION PLAN. CONTRACTOR SHALL SUBMIT CONSTRUCTION DETAILS AND DESIGN CALCULATIONS BEARING THE SEAL OF A PROFESSIONAL ENGINEER LICENSED TO PRACTICE IN THE STATE OF TEXAS BEFORE CONSTRUCTING THE SHORING AND/OR UTILIZING A TRENCH PROTECTION SYSTEM (BOX). THE ENGINEER RESERVES THE RIGHT TO REJECT DESIGNS NOT MEETING THE REQUIREMENTS OF SECTION ITEM 402 AND 403.

31. ALL DEBRIS, VEGETATION AND SURPLUS MATERIAL, EXCEPT ROADWAY SECTION, RESULTING FROM DEMOLITION AND/OR CLEARING OF THE RIGHT-OF-WAY AND PROJECT LOCATION, IN PREPARATION OF PROPOSED IMPROVEMENTS, ALONG WITH ANY DEBRIS AND/OR VEGETATION REMOVED FROM THE ROADSIDE DITCH AND CURB AND GUTTER, SHALL BECOME PROPERTY OF THE CONTRACTOR AND SHALL BE PROPERLY DISPOSED OF AT A SITE ACCEPTABLE TO HIDALGO COUNTY PRECINCT NO 2. THE CONTRACTOR SHALL PROVIDE A LETTER STATING SO. THE SAID CLEARING AND DISPOSAL SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED SO. NO EXCESS EXCAVATED MATERIAL SHALL BE DEPOSITED IN LOW AREAS OR ALONG NATURAL DRAINAGE WAYS WITHOUT WRITTEN PERMISSION FROM THE AFFECTED PROPERTY OWNER AND THE HIDALGO COUNTY PRECINCT NO 2. IF THE CONTRACTOR PLACES EXCESS MATERIAL IN THE AREAS WITHOUT WRITTEN PERMISSION, HE WILL BE RESPONSIBLE FOR ALL DAMAGE RESULTING FROM SUCH FILL AND CONTRACTOR SHALL REMOVE THE MATERIAL AT OWN COST.

32. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING WATER VALVES AND MANHOLES TO MATCH PROPOSED FINISH GRADE OF ROADWAY. CONCRETE APRONS SHALL BE INSTALLED TO MATCH TOPS WITH PAVEMENT GRADE. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

33. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE REPLACEMENT/RELOCATION OF ALL REGULATORY SIGNS REMOVED DUE TO CONSTRUCTION OPERATIONS WITH THE SAME SIGN ON FIXED SUPPORT(S) IMMEDIATELY UPON ITS REMOVAL. APPROVAL BY THE ENGINEER IS NECESSARY BEFORE REMOVING ANY REGULATORY ROADWAY SIGN(S). FLAGGERS ARE REQUIRED TO BE AVAILABLE TO DIRECT TRAFFIC DURING SIGN INTERMEDIATE DOWN TIME. RELOCATION OF ANY DIRECTIONAL SIGN ASSEMBLIES REMOVED DURING CONSTRUCTION OPERATIONS, IMMEDIATELY UPON THEIR REMOVAL, IS REQUIRED. ALL SIGNING, BARRICADING AND TRAFFIC CONTROL SHALL CONFORM TO THE LATEST VERSION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES". IN NO CASE WILL A SIGN BE REMOVED WITHOUT A REPLACEMENT SIGN AND SUPPORT(S) BEING READILY AVAILABLE AND A LOCATION ESTABLISHED. REMOVAL AND RELOCATION OF THESE SIGNS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

34. ALL NEW SIGNING SHALL BE IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

35. PAVEMENT SURFACE PREPARATION FOR MARKINGS AND MARKERS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

36. PERMANENT PAVEMENT MARKINGS FOR THIS PROJECT SHALL BE 0.100 INCHES (100 MIL) THICK THERMOPLASTIC. ANY PERMANENT PAVEMENT MARKINGS OR NON-REMOVAL WORK ZONE PAVEMENT MARKINGS LACKING REFLECTIVITY IN ACCORDANCE WITH TEST METHOD TEX 828-B, WILL NOT BE PAID FOR AS PER COUNTY POLICY. THE ROADWAY WILL BE RE-STRIPED AT NO ADDITIONAL COMPENSATION.

37. THE BEADS USED ON THIS PROJECT SHALL MEET THE REQUIREMENTS OF TxDOT MATERIALS SPECIFICATION DMS-8290, GLASS TRAFFIC BEADS TEXAS TYPE II & III. USE A 50% TYPE II/ 50% TYPE III MIX UTILIZING A DOUBLE DROP SYSTEM WITH TYPE III BEADS DROPPED FIRST.

38. THE CONTRACTOR SHALL COORDINATE AN ONSITE MEETING BETWEEN ALL PARTIES INVOLVED, PRIOR TO COMMENCING ANY STRIPING OPERATION. SAID MEETING WILL BE REQUIRED TO REVIEW ANY REQUIREMENTS AND TO ENSURE QUALITY WORK.

39. THE CONTRACTOR SHALL SUBMIT TRAFFIC CONTROL PLAN ON ALL STREET AND ROAD CROSSINGS FOR APPROVAL BY HIDALGO COUNTY PRECINCT No. 2 AND PROJECT ENGINEER PRIOR TO COMMENCEMENT OF WORK. ALL CONSTRUCTION OPERATIONS SHALL BE CONDUCTED TO PROVIDE THE LEAST POSSIBLE INTERFERENCE TO TRAFFIC AS PROVIDED FOR IN THE SPECIFICATIONS, TxDOT STANDARDS, TEXAS M.U.T.C.D. AND/OR AS DIRECTED. THE CONTRACTOR SHALL INSTALL THE APPROPRIATE ALL TRAFFIC CONTROL DEVICES IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

40. THE CONTRACTOR SHALL RELOCATE OR RECONSTRUCT ALL MAIL BOXES TO BE 1' BEHIND BACK OF CURB OR 3' BEHIND EDGE OF PAVEMENT. MAIL BOXES SHALL BE REPLACED TO THE SAME EXISTING CONDITIONS OR BETTER. SAID RELOCATION OF MAIL BOXES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

41. THE CONTRACTOR SHALL EXERCISE DILIGENCE IN THE APPLICATION OF PRIME COAT/ TACK COAT BY THE USE OF FLAGGING AND ROLLING PROCEDURES TO KEEP FROM SPRAYING OR SPLATTERING THE TRAVELING PUBLIC WITH ASPHALT MATERIAL, BLADING MAY ALSO BE NECESSARY TO CLEAN DIRT AND GRASS FROM PAVEMENT EDGES AND TURNOUT AREAS. THE COST OF THIS BLADING WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST.

42. AS NOTED ON THE PLAN AND PROFILES, THE ROAD SECTION ALONG THE TRAFFIC SIGNAL INTERSECTIONS MAY HAVE LOOP DETECTORS PRESENT. THESE AREAS ARE TO BE OVERLAID WITH A TACK COAT AND HMAC ONLY; THERE SHALL BE NO SCARIFICATION IN ORDER NOT TO DAMAGE THE LOOP DETECTORS. ANY POT HOLES IN THIS AREA WILL NEED TO BE FILLED AND REPAIRED BEFORE THE OVERLAY. THE POT HOLE REPAIR SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

43. THE CONTRACTOR SHALL INSTALL LOOP DETECTORS TO REPLACE THOSE DAMAGED OR DESTROYED DUE TO CONSTRUCTION OPERATIONS. BEFORE OPERATIONS BEGIN, ALL EXISTING LOOP DETECTOR SHALL BE NOTED AND THEIR CONFIGURATION AND ORIENTATION OBTAINED FOR REPLACEMENT WITH THE SAME SIZE LOOP DETECTORS. IF DAMAGED, THE LOOP DETECTORS SHALL BE REINSTALLED AT NO ADDITIONAL COMPENSATION.

44. ANY DEVIATION OF LOCATION FOR PROPOSED LOOP DETECTOR WORK SHALL BE AS APPROVED BY THE ENGINEER. INSTALL LOOP VEHICLE DETECTORS IN ACCORDANCE WITH TXDOT LOOP DETECTOR STANDARDS. ALL LOOP DETECTORS SHALL BE RECTANGULAR, CONTRACTOR SHALL USE 2/C #14 AWG SHIELDED FOR LOOP LEAD-INS AND #14 AWG FOR LOOP WIRE IN PAVEMENT. SPLICES FOR LOOP WIRE WILL BE PERMITTED ONLY AT GROUND BOXES OR POLE BASE WITH APPROVED WEATHERPROOF SPLICE KITS. A MINIMUM LENGTH OF 2 FEET FOR EACH CABLE SHALL BE LEFT IN EACH GROUND BOX.

45. ALL WIRING SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE.

46. IF ALTERNATE BID NO. 1 IS AWARDED THE CONTRACTOR SHALL REMOVE AND REPLACE THE METAL BEAM GUARD FENCE AND GUARDRAIL AS NOTED IN THE PLANS.

47. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING INLETS TO THE PROPOSED ELEVATIONS. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

Technical Specifications

ABBREVIATIONS AND DEFINITIONS

PART 1 - ABBREVIATIONS

1.01 Wherever the following abbreviations or symbols are used, they are to be construed the same as the respective expressions represented:

AASHTO American Association of State Highway and Transportation Officials

AB ..... Aggregate Base
AC ..... Asphalt Concrete
ACB ..... Asphalt Concrete Institute
ACI ..... American Concrete Institute
ACP ..... Asbestos Cement Pipe
ACPA ..... American Concrete Pipe Association
AD ..... Assessment District
AGC ..... Associated General Contractors of America, Inc.
AIEE ..... American Institute of Electrical Engineers
AISC ..... American Institute of Steel Construction
ANSI ..... American National Standards Institute
APWA ..... American Public Work Association
AREA ..... American Railway Engineers Association
ASMI ..... American Society of Mechanical Engineers
ASCE ..... American Society of Civil Engineers
Asph ..... Asphalt
ASTM ..... American Society for Testing and Materials
AWG ..... American Wire Gage (Nonferrous Wire)
AWPA ..... American Wood Preservers Association
AWPI ..... American Wood Preservers Institute
AWS ..... American Welding Society
AWWA ..... American Water Works Association
BC ..... Beginning of Curb or Back of Curb
BCR ..... Beginning of Curve Return or Back of Curb Radius
BM ..... Bench Mark
BWG ..... Birmingham Wire Gage (Iron and Steel Wire)
CB ..... Catch Basin
C.C. or C/C ..... Center to Center
Cem. ..... Cement
CF ..... Curb Face
CI ..... Cast Iron
CIP ..... Cast-Iron Pipe
CIPP ..... Cast-in- Place Pipe
C.L. or CL ..... Center Line
CMP ..... Corrugated Metal Pipe
CMPA ..... Corrugated Metal Pipe Arch
CO ..... Clean Out
Col ..... Column

Conc.....Concrete
Const.....Construct
DF .....Douglas Fir
DG.....Decomposed Granite
DMH.....Drop Manhole
D/W .....Driveway
EC .....End of Curve
EL. or Elev.....Elevation
Ex. or Exist. .....Existing
F & C.....Frame and Cover
FH .....Fire Hydrant
FL.....Flow Line
Fl. El.....Floor Elevation
FS .....Federal Specification of Finished Surface
FHWA .....Federal Highway Administration, Department of Transportation
Galv.....Galvanized
GL .....Ground Line
Gr. .....Grade
H .....Height or High
HC.....House Connection Sewer
Hor .....Horizontal
ID .....Inside Diameter
Inv. .....Invert
IP.....Iron Pipe
ITE .....Institute of Transportation Engineers
Lin. .....Liner
LL .....Liquid Limit
Long .....Longitudinal
Max. .....Maximum
MH .....Manhole
M .....Thousand
m .....meter or middle
Min. .....Minutes or Minimum
Mon. .....Monolithic or Monument
MTD .....Multiple Tile Duct
NEC .....National Electrical Code
NEMA.....National Electrical Manufacturers Association
NFPA .....National Fire Protection Association
NGS .....National Geodetic Survey
OC.....On Center
OD.....Outside Diameter
PC .....Point of Curvature
PCC .....Point of Compound Curve or Portland Cement Concrete
PI.....Point of Intersection or Plasticity Index
PL.....Property Line or Plastic Limit
PP .....Power Pole
ppm .....Parts per Million
PRC .....Point of Reverse Curve
Prop .....Proposed or Property
psf .....Point of Tangency

psi ..... Pavement
PT ..... Polyvinylchloride Pipe
Q ..... Rate of Flow
R ..... Radius
RC ..... Reinforced Concrete
RCP ..... Reinforced Concrete Pipe
Rdwy ..... Roadway
Ret.Wall ..... Retaining Wall

s. ..... Slope
SAE ..... Society of Automotive Engineer
San. ..... Sanitary
SCCP ..... Steel Cylinder Concrete Pipe
SD ..... Storm Drain
Sdl ..... Saddle
Sect. ..... Section
Spec. ..... Specification
San. S ..... Sanitary Sewer
St. ..... Street
Sta. ..... Station
Std. ..... Standard
T ..... Tangent Distance
TH ..... Test Hole
THM ..... Trap Manhole
UL ..... Underwriters' Laboratories, Inc.
USA ..... United States of America Standards Institute, Inc.
V ..... Velocity
VC ..... Vertical Curve
VCP ..... Vitrified Clay Pipe
VCPI ..... Vertical Curve Point of Intersection
Vert. ..... Vertical
W.I. ..... Wrought Iron

1.02 All abbreviations and symbols used on plans for structural steel construction shall conform to those given in the Steel Construction Manual of the American Institute of Steel Construction.

PART 2 - DEFINITIONS

2.01 Agreement-- The written agreement which constitutes a contract between OWNER and CONTRACTOR covering the Work to be performed; other Contract Documents are attached to the Agreement.

2.02 Application for Payment-- The form furnished by ENGINEER which is to be used by CONTRACTOR in requesting progress payments and which is to include the schedule of values required by paragraph 14.1 and an affidavit of CONTRACTOR that progress payments theretofore received on account of the Work have been applied by CONTRACTOR to discharge in full all of CONTRACTOR'S obligations reflected in prior Applications for Payment.

2.03 Bid-- The offer or proposal of the Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

2.04 Bidder-- Any person, firm, or corporation submitting a Bid for the Work.

2.05 Bonds-- bid, performance, and payment bonds and other instruments of security, furnished by CONTRACTOR and his surety in accordance with the Contract Documents.

2.06 Change Order-- A written order to CONTRACTOR signed by COUNTY authorizing an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Time issued after execution of the Agreement.

2.07 CITY -- A public body or authority or the contracting agency for whom the work is to be performed.

2.08 Contract Documents-- The Agreement, Addenda (whether issued prior to the opening of Bids of the execution of the Agreement), Instructions to Bidders, CONTRACTOR's Bid, the Bonds, the Certificate of Insurance, the Notice of Award, Notice to Proceed, these COUNTY of McAllen Standard Specifications, Plans and Drawings, and all Modifications.

2.09 Contract Price-- The total monies payable to CONTRACTOR under the Contract Documents.

2.10 Contract Time-- The number of days stated in the Agreement for the completion of the Work, computed of the Work, computed as provided in paragraph 17.2.

2.11 Contracting Agency-- (See COUNTY)

2.12 CONTRACTOR-- The person, firm, or corporation with whom OWNER has executed the Agreement.

2.13 Day-- A calendar day of twenty-four hours measured from midnight to the next midnight.

2.14 Drawings or Plans-- The drawings which show the character and scope of the Work to be performed and which have been prepared or approved by ENGINEER and are referred to in the Contract Documents.

2.15 ENGINEER-- The OWNER'S employee or agent responsible for the engineering design and construction inspection and supervision, acting directly or through duly authorized representatives.

2.16 Field Order-- A written order issued by ENGINEER which clarifies or interprets the Contract Documents in accordance with paragraph 9.3 or order minor changes in the Work in accordance with paragraph 10.2.

2.17 General Conditions -- Conditions which apply to all projects and which can be modified by Special conditions.

2.18 General Provisions-- A term having the same meaning as the term General Conditions.

2.19 Modification-- (a) A written amendment to the Contract Documents signed by both parties, (b) a Change Order, (c) a written clarification or interpretation issued by ENGINEER in accordance with paragraph 9.3, or (d) a written order for a minor change or alteration in the Work issued by ENGINEER pursuant to paragraph 10.2. A Modification may only be issued after execution of the Agreement.

2.20 Notice of Award-- The written notice by OWNER to the apparent successful Bidder stating that, upon compliance with the conditions precedent to be fulfilled by him within the time specified, OWNER will execute and deliver the Agreement to him.

2.21 Notice to Proceed-- A written notice given by COUNTY to CONTRACTOR (with a copy to ENGINEER) fixing the date on which the Contract Time will commence to run and on which CONTRACTOR shall start to perform his obligations under the Contract Documents.

2.22 Project-- The entire construction to be performed as provided in the Contract Documents.

2.23 Reference Specifications, Test Methods, and Applicable Codes-- All standard specifications and test methods of any society, association, or organization herein referred to are hereby made a part of these Contract Documents the same as if written in full. (Any reference to a paragraph or subparagraph within a section shall include all general provisions of the section to which reference is made.) Reference to such standards refer to the latest publiqhed issues as of the date of publication issues as of the date of Invitation to Bid. Reference to local or state codes and laws shall mean the latest adopted and published codes as of the date of the Invitation to Bid.

2.24 Resident Project Representative-- The authorized representative of ENGINEER who is assigned to the Project site or any part thereof.

2.25 Service Connections-- Service Connections shall be construed to mean all or any portion of the pipe, conduit, cable, or duct which connects a utility main or distribution line to a building, home, residence, or property.

2.26 Shop Drawings-- All drawings, diagrams, illustrations, brochures, schedules, and other data which are prepared by CONTRACTOR, a Subcontractor, manufacturer, supplier, or distributor and which illustrate the equipment, material, or some portion of the Work.

2.27 Special Conditions-- Conditions which are written for a specific project and which modify any section or paragraph of the General Conditions.

2.28 Specifications, also Technical Specifications-- Those portions of the Contract Documents consisting of written technical descriptions of materials, equipment, construction systems, standards, and workmanship as applied to the Work. When Section Items 400, 402, 403, 420, 421, 440, 462, 464 make reference to the following Item numbers 132, 360, 404, 420, 424, 426, 427, 431, 437, 438, 441, 446, 448, 50, 522, 524, 526, 575, the CONTRACTOR shall use Texas Department of Transportation (TxDOT) Standard Specifications for Construction of Highways, Streets and Bridges Latest Edition for Specifications of the aforementioned Item Numbers.

2.29 Subcontractor-- An individual, firm or corporation having a direct contract with CONTRACTOR or with any other Subcontractor for the performance of a part of the Work at the site.

2.30 Substantial Completion-- The date as certified by ENGINEER when the construction of the Project or a specified part thereof is sufficiently completed, in accordance with the Contract Documents, so that the Project or specified part can be utilized for the purposes for which it was intended; or if there be no such certification, the date when final payment is due in accordance with paragraph 14.13.

2.31 Supplementary Specifications-- which are written to modify any section or paragraph of the Technical Specifications of this document.

2.32 Utility--Overhead or underground wires, pipe lines, conduits, ducts, or structures, operated and maintained in or across a public right-of-way or easement or private easement.

A. Public Utility--Owned and operated by a municipality or another political subdivision of the State.

B. Private Utility--Owned and operated by a private company or corporation.

2.33 Work-- Any and all obligations, duties, and responsibilities necessary to the successful completion of the Project assigned to or undertaken by CONTRACTOR under the Contract Documents, including all labor, materials, equipment, and other incidentals, and the furnishing thereof.

*** * * END OF SECTION * * ***

SECTION 00102

PRELIMINARY MATTERS

PART 1 - EXECUTION OF AGREEMENT:

1.01 At least four (4) counterparts of the Agreement and such other Contract Documents as practicable will be executed and delivered by CONTRACTOR to COUNTY within fifteen days of the Notice of Award; and COUNTY will execute and deliver one counterpart to CONTRACTOR within ten days of receipt of the executed Agreement from CONTRACTOR. COUNTY will identify those portions of the Contract Documents not so signed and such identification will be bidding on all parties. COUNTY, CONTRACTOR, and Project ENGINEER shall receive and executed counterpart of the Contract Documents and additional conformed copies as required.

PART 2 - DELIVERY OF BONDS

2.01 When he delivers the executed Agreements to COUNTY, CONTRACTOR shall also deliver to OWNER such Bonds as he may be required to furnish in accordance with the contract documents.

PART 3 - CONTRACT DOCUMENTS

3.01 COUNTY shall furnish to CONTRACTOR up to three (3) copies, unless otherwise provided in the Special Conditions, of the Contract Documents as are reasonably necessary for the execution of the work. Additional copies will be furnished upon request at the cost of reproduction.

PART 4 - CONTRACTOR'S ACKNOWLEDGMENT

4.01 CONTRACTOR represents that he has familiarized himself with and assumes full responsibility for having familiarized himself with the nature and extent of the CONTRACT DOCUMENTS, Work, locality, and will all local conditions and federal, state, and local laws, ordinances, rules, and regulations that may in any manner affect performance of the Work and represents that he has correlated his study and observations with the requirement of the Contract Documents.

4.02 CONTRACTOR also represents that he has studied all surveys and investigation reports of subsurface and latent physical conditions referred to in the Specifications and made such additional surveys and investigations as he deems necessary for the performance of the Work at the Contract Price in accordance with the requirements of the Contract Documents and that he has correlated the results of all such data with the requirements of the Contract Documents.

PART 5 - COMMENCEMENT OF CONTRACT TIME; NOTICE TO PROCEED

5.01 The Contract Time will commence to run on the thirteenth day after the day on which the executed Agreement is delivered by COUNTY to CONTRACTOR or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed; but in no event shall the Contract Time commence to run later that the nineteenth day after the day on which COUNTY delivers the executed Agreement to CONTRACTOR. A Notice to Proceed may be given at any time within thirty days after the day on which COUNTY delivers the executed Agreement to CONTRACTOR.

PART 6 - PRE-COMMENCEMENT ACTIVITIES

6.01 Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract documents and check and verify pertinent figures shows thereon and all applicable field measurements. He shall at once report in writing to ENGINEER any conflict, error or discrepancy which he may discover; however, he shall not be liable to ENGINEER for his failure to discover any conflict, error, or discrepancy in the Drawings of Specifications.

6.02 Within ten days after delivery of the executed Agreement by COUNTY to CONTRACTOR, CONTRACTOR shall submit to ENGINEER for approval an estimated progress schedule indicating the starting and completion dates of the various stages of the Work and a preliminary schedule of Shop Drawing submissions.

6.03 Before starting the work at the site, CONTRACTOR shall furnish ENGINEER certificates of insurance as required in the Contract Documents. Within twenty days after delivery of the executed Agreement by COUNTY to CONTRACTOR, but before starting the Work at the site, a conference will be held to review the above schedules, to establish procedures for handling Shop Drawings and other submissions and for processing Applications for Payment, and to establish a working understanding between the parties as to the Project. Present at the conference will be ENGINEER, Project Engineer, Project Inspector, CONTRACTOR and his Superintendent.

PART 7 - COMMENCEMENT

7.01 CONTRACTOR shall tart to perform his obligations under the Contract Documents on the date when the Contract Time commences to run. No Work shall be done at the site prior to the date on which the Contract time commences to run.

*** * * END OF SECTION * * ***

SECTION 00104

TESTING LABORATORY SERVICES

PART 1 - GENERAL

1.01 The Contractor shall be responsible for providing materials which meet the requirements indicated. For manufactured materials such as reinforcing steel, expansion joint materials, concrete pipe, cement, miscellaneous steel, cast iron materials, etc., the CONTRACTOR will be required to furnish a manufacturer's certificate that the material meets the requirements specified for this project.

1.02 The COUNTY shall monitor all materials incorporated into the project and their placement by testing at the COUNTY's expense. The COUNTY does not guarantee the accuracy or validity of the data nor does the COUNTY assume any responsibility for the CONTRACTOR'S interpretation of the data. Materials or work which do not meet the specifications shall be removed or modified.

1.03 All retesting for work rejected on the basis of the initial test results will be at the expense of the CONTRACTOR and the extent of the retesting shall be determined by the ENGINEER. The ENGINEER may require additional testing for failing tests and may require two passing retests acceptance will be made by the COUNTY.

1.04 The testing laboratory will be designated by the ENGINEER and shall perform all work in a professional manner and conform to the requirement of ASTM E 329.

1.05 Inspection, sampling and testing requirements, where applicable, are set forth in, but not necessarily limited to, the following Sections:

Section XXX Earthwork - Excavating, Backfilling and Compacting:

	Compaction Control and Testing.
Section	Sub-grade and Base Construction.
Section	Street Surface Courses.
Section	Concrete and Structures.
Section	Underground Piped Utilities.
Section	Incidental Construction.
Section	Soil Treatment, Termite Control.
Section	Pile Driving, Load Tests.
Section	Metal Fastening: Welding and Bolting.
Section	Structural Metal Framing.

PART 2 - LABORATORY DUTIES AND LIMITS OF AUTHORITY

2.01 Cooperate with ENGINEER and CONTRACTOR: provide qualified personnel as required promptly on notice.

2.02 Acquaint ENGINEER'S personnel with testing procedures and with all special conditions encountered at the site.

2.03 Perform specified inspections sampling and testing of materials and construction methods:

A. Comply with specified standards, ASTM and other recognized authorities.
B. Ascertain compliance with contract requirements.

2.04 Promptly notify the ENGINEER of irregularities or deficiencies of work which are observed during performance of services.

2.05 Promptly submit 3 copies of reports of observations and tests to the ENGINEER including but not limited to:

2.06 Perform additional services ordered by the ENGINEER.

2.07 Laboratory is not authorized to:
A. Release, revoke, alter or enlarge on contract requirements.
B. Approve or accept any portion of work.
C. Perform any duties of the CONTRACTOR.

PART 3 - CONTRACTOR'S RESPONSIBILITIES

3.01 Furnish product mix design together with the applicable design work sheets and data to meet or exceed contract requirements.

3.02 Cooperate with COUNTY's laboratory personnel, provide access to the work or to the manufacturer's operations.

3.03 Provide to laboratory preliminary representative samples of materials to be tested in specified quantities.

3.04 Furnish copies of mill test reports.

3.05 Furnish verification of compliance with contract requirements for materials and equipment.

3.06 Furnish casual labor and facilities:
A. To provide access to work to be tested.
B. To obtain and handle samples at site.
C. To facilitate inspections and tests.
D. For laboratory's exclusive use for storage and curing of test samples.

3.07 Notify ENGINEER 24 hours in advance of operations to allow for the assignment of personnel.

3.08 Notify laboratory 24 hours in advance of operations to allow for the assignment of personnel.

3.09 Correct work which is defective or which fails to conform to the Contract Documents. Corrective work shall not delay the project or the work of other CONTRACTORS.

3.10 Pay all costs of retesting when test results indicate non-compliance with contract requirements.

3.11 Patch all surfaces and areas disturbed by testing operation.

*** * * END OF SECTION * * ***

SECTION 00105

AVAILABILITY OF LAND, PHYSICAL CONDITIONS AND REFERENCE POINTS

PART 1 - AVAILABILITY OF LANDS

1.01 COUNTY shall furnish, as indicated in the Contract Documents and not later than the date when needed by CONTRACTOR, the lands upon which the Work is done, rights-of-way for access thereto, and such other lands which are designated for the use of CONTRACTOR.

1.02 Easement for permanent structures or permanent changes in existing facilities will be obtained and paid for by COUNTY, unless otherwise specified in the Contract Documents. If CONTRACTOR believes that any delay in COUNTY's furnishing these lands or easements entitles him to an extension of the Contract Time, he may make a claim therefore in the Contract Documents.

1.03 CONTRACTOR shall provide for all additional lands and access thereto may be required for temporary construction facilities or storage of materials and equipment.

PART 2 - PHYSICAL CONDITIONS; SURVEYS AND REPORTS

2.01 The COUNTY will, upon request, furnish to the CONTRACTOR copies of all boundary surveys, subsurface tests, and other pertinent reports and material which are available in ENGINEER'S office.

2.02 CONTRACTOR shall promptly notify ENGINEER in writing of any subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents.

2.03 ENGINEER will promptly investigate those conditions and perform further surveys or subsurface tests deemed necessary. Promptly thereafter OWNER shall obtain the necessary additional surveys and tests and furnish copies to ENGINEER and CONTRACTOR.

2.04 If ENGINEER finds that the results of such surveys or tests indicate that there are subsurface or latent physical conditions which differ materially from those intended in the Contract Documents and which could not reasonably have been anticipated by CONTRACTOR, a Change Order shall be issued incorporating the necessary revisions.

PART 3 - REFERENCE POINTS

3.01 ENGINEER shall provide engineering surveys for construction to establish reference points which, in his judgment, are necessary to enable CONTRACTOR to proceed with the Work.

3.02 CONTRACTOR shall be responsible for surveying and laying out the Work (unless otherwise provided in the Special Conditions) and shall protect and preserve the established reference point and shall make no changes or relocations without the prior written approval of ENGINEER. He shall report to ENGINEER whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations.

3.03 CONTRACTOR shall replace and accurately relocate all reference points so lost, destroyed or moved.

*** * * END OF SECTION * * ***

SECTION 00106

SUSPENSION OF WORK AND TERMINATION

PART 1 - COUNTY SUSPENSION OF WORK

1.01 ENGINEER may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than ninety days by notice in writing to CONTRACTOR which shall fix the date on which work shall be resumed.

1.02 CONTRACTOR shall resume the work on the date so fixed.

1.03 CONTRACTOR will be allowed an extension of the contract time directly attributable to any suspension if he makes a claim therefore as provided in Section 107 and the contract documents.

PART 2 - COUNTY TERMINATION OF WORK

2.01 If CONTRACTOR is adjudged bankrupt or insolvent, or if he makes a general assignment for the benefit of his creditors, or if a trustee or receiver is appointed for CONTRACTOR or for any of his property, or if he files a petition to take advantage of any debtor's act or to reorganize under the bankruptcy or similar laws, or if he repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment, or if he repeatedly fails to make prompt payments to Subcontractors or for labor, materials, or equipment, or if he disregards laws, ordinances, rules, regulations, or orders of any public body having jurisdiction, or if he disregards the authority of ENGINEER, or if he otherwise violates any provision of the contract Documents, then ENGINEER may, without prejudice to any other right or remedy and after giving CONTRACTOR and his Surety seven day's written notice, terminate the services of CONTRACTOR and take possession of the project and of all materials, equipment, tools, construction equipment and machinery thereon owned by CONTRACTOR and finish the work by whatever method he may deem expedient.

2.02 In such case CONTRACTOR shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the contract price exceeds the direct and indirect costs of completing the Project, including compensation for additional professional service, such excess shall be paid to CONTRACTOR. If such costs exceed such unpaid balance, CONTRACTOR shall pay the difference to COUNTY.

2.03 Such costs incurred by COUNTY shall be determined by ENGINEER and in corporate in a Change Order.

2.04 Where CONTRACTOR's services have been so terminated by ENGINEER, said terminations shall not affect any rights of COUNTY against CONTRACTOR then existing or which may thereafter accrue.

2.05 Any retention or payment of monies by COUNTY due CONTRACTOR will not release CONTRACTOR for liability.

2.06 Upon seven days written notice to CONTRACTOR, COUNTY may, without cause and without prejudice to any other right or remedy, elect to abandon the project and terminate the agreement. In such case, CONTRACTOR shall be paid for all work executed and any expense sustained plus a reasonable profit.

PART 3 - CONTRACTOR SUSPENSION OR TERMINATION OF WORK:

3.01 If, through no act or fault of CONTRACTOR, the work is suspended for a period of more than ninety days by COUNTY or under an order of court or other public authority, or ENGINEER fails to act on any application for payment within thirty days after it is submitted, or COUNTY fails to pay CONTRACTOR any sum approved by ENGINEER or awarded by arbitrators within thirty days written notice to ENGINEER, terminate the agreement and recover from COUNTY payment for all work executed and any expense sustained plus a reasonable profit.

3.02 In addition and in lieu of terminating the agreement, if ENGINEER has failed to act on an application for payment or COUNTY has failed to make any payment as a foresaid, CONTRACTOR may, upon seven days' notice to ENGINEER, stop the work until he has paid all amounts then due.

*** * * END OF SECTION * * ***

SECTION 00107

WORK BY OTHERS

PART 1 - GENERAL

1.01 COUNTY may perform additional work related to the Project by itself, or it may let other direct contracts therefore which shall contain General Conditions similar to these. CONTRACTOR shall afford the other contractors who are parties to such direct contracts (or COUNTY, if it is performing the additional work itself), reasonable opportunity for the introduction and storage of materials and equipment and the execution of work and shall properly connect and coordinate his work with theirs.

1.02 If any part of CONTRACTOR'S Work depends for proper execution or results upon the work of any such other contractor (or COUNTY,) CONTRACTOR shall inspect and promptly report to ENGINEER in writing any defects or deficiencies in such work that render it unsuitable for such proper execution and results. His failure so to report shall constitute an acceptance of the work as fit and proper for the relationship of his Work except as to defects and deficiencies which may appear in the other work after the execution of his Work.

1.03 CONTRACTOR shall do all cutting, fitting, and patching of his Work that may be required to make its several parts come together properly and fit it to receive or be received by such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating, or otherwise altering their work with the written consent of ENGINEER and of the other contractors whose work will be affected.

1.04 If the performance of additional work by other contractors of COUNTY is not noted in the Contract Documents prior to the execution of the contract, written notice thereof shall be given to CONTRACTOR prior to starting any such additional work. If CONTRACTOR believes that the performance of such additional work by COUNTY or others involves him an additional expense or entitles him to an extension of the Contract Time, he may make a claim therefore.

1.05 Work by the CONTRACTOR and work by others should be coordinated and expedited by the COUNTY of his representative to prevent time delays and additional cost to the CONTRACTORS. Any extension of time and/or additional costs caused by other contractors or utility service companies may be claimed.

*** * * END OF SECTION * * ***

SECTION 00108

CONTRACTOR'S RESPONSIBILITIES

PART 1 - SUPERVISION AND SUPERINTENDENCE

1.01 CONTRACTOR shall supervise and direct the work efficiently and with is best skill and attention. He shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction; but he shall not be solely responsible for the negligence of others in the design or selection of a specific means, method,technique,sequence, or procedure of construction which is indicated in and required by the contract documents. CONTRACTOR shall be responsible to see that the finished work complies accurately with the contract documents.

1.02 CONTRACTOR shall keep on the work at all times during its progress a competent resident superintendent, who shall not be replaced without written notice to the ENGINEER (Written Notice Only, Not Consent) except under extraordinary circumstances. The superintendent will be CONTRACTOR's representative at the site and shall have authority to act on behalf of CONTRACTOR. All communications given to the superintendent shall be as binding as if given to CONTRACTOR.

PART 2 - LABOR, MATERIALS AND EQUIPMENT

2.01 CONTRACTOR shall provide competent, suitably qualified personnel to survey and lay out the work and perform construction as required by the contract documents. He shall at all times maintain good discipline and order at the site.

2.02 CONTRACTOR shall furnish all material, equipment, labor, transportation,construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water and sanitary facilities, and all other facilities and incidentals necessary for the execution, testing, initial operation, and completion of the Work.

2.03 All materials and equipment shall be new, except as otherwise provided in the contract documents. If required by ENGINEER, CONTRACTOR shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

2.04 All materials and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned in accordance with the instructions of the applicable manufacturer, fabricator, or processors, except asotherwise provided in the contract documents.

PART 3 - SUBCONTRACTORS

3.01 If the specifications, laws, ordinances, or applicable rules or regulations permit CONTRACTOR to furnish or use a substitute that is equal to any material or equipment specified, and if CONTRACTOR wishes to furnish or use a proposed substitute, he shall make written application to ENGINEER for approval of such a substitute certifying in writing that the proposed substitute will perform adequately the functions called for by the general design, be similar and of equal substance to the specified, and be suited to the same use and capable of performing the same function as that specified; stating whether or not its incorporation in or use

in connection with the project is subject to the payment of any license fee or royalty; and identifying all variations of the proposed substitute from that specified and indicating available maintenance service. No substitute shall be ordered or installed without the written approval of ENGINEER, who will be the judge of equality and may require CONTRACTOR to furnish such other data about the proposed substitute as he considers pertinent. No substitute shall be ordered or installed without such performance guarantee and bonds as ENGINEER may require which shall be furnished at CONTRACTOR's expense.

PART 4 - SUBCONTRACTORS

4.01 CONTRACTOR shall not employ and subcontractor or other person or organization (including those who are to furnish the principal items of materials or equipment), whether initially or as a substitute, against whom COUNTY or ENGINEER may have reasonable objection. A subcontractor or other person or organization identified in writing to COUNTY and ENGINEER by CONTRACTOR prior to the notice of award and not objected to in writing by COUNTY or ENGINEER prior to the Notice of Award will be deemed acceptable to COUNTY and ENGINEER. Acceptance of any subcontractor, other person, or organization by COUNTY or ENGINEER shall not constitute a waiver of any right of COUNTY or ENGINEER to reject defective work or work not in conformance with the contract documents.

4.02 If COUNTY or ENGINEER, after due investigation, have reasonable objection to any subcontractor,other person, or organization proposed by CONTRACTOR after the notice of award, CONTRACTOR shall submit an acceptable substitute and the contract price shall be increased or decreased by the difference in cost occasioned by such substitution and on appropriate change order shall be issued. CONTRACTOR shall not be required to employ any subcontractor, other person, or organization against whom he has reasonable objection. CONTRACTOR shall not, without the consent of COUNTY and ENGINEER, make any substitution for any subcontractor, other person, organization who has been accepted by COUNTY and ENGINEER unless ENGINEER determines that there is good cause for doing so.

4.03 CONTRACTOR shall be fully responsible for all acts and omissions of his subcontractors and of persons and organizations directly or indirectly employed by them and of persons and organizations for whose acts any of them may be liable to the same extent that he is responsible for the contract documents shall create any contractual relationship between COUNTY or ENGINEER and any subcontractor or other person or organization having a direct contract with CONTRACTOR, nor shall it create any obligation on the part of COUNTY or ENGINEER to pay or to see to the payment of any monies due any subcontractor or other person or organization, to the extent practicable, evidence of amounts paid to CONTRACTOR on account of specific work done in accordance with the schedule of values.

4.04 The sections of the specifications and the identifications of any drawings shall not control CONTRACTOR in dividing the work among subcontractors or delineating the work to be performed by any specific trade.

4.05 CONTRACTOR agrees to bind specifically every subcontractor to the applicable terms and conditions of the contract documents for the benefit of COUNTY.

PART 5 - PATENT FEES AND ROYALTIES

5.01 CONTRACTOR shall pay all license fees and royalties and assume all costs incident to

the use in the performance of the work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the contract documents for use in the performance of two work and if, to the actual knowledge of COUNTY or ENGINEER, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by COUNTY in the contract documents.

5.02 CONTRACTOR shall indemnify and hold harmless COUNTY and ENGINEER and anyone directly or indirectly employed by either of them from and against all claims, damages, losses, and expenses, including attorneys' fees, arising out of any infringement of patent rights or copyrights incident to the use in the performance of the work or resulting from the incorporation in the work of any invention, design, process, product, or device not specified in the contract documents and shall defend all such claims in connection with any alleged infringement of such rights.

PART 6 - PERMITS

6.01 CONTRACTOR shall obtain and pay for all construction permits and licenses and shall pay all governmental charges and inspection fees necessary for the prosecution of the work, which are applicable at the time of his bid. COUNTY shall assist CONTRACTOR, when necessary, in obtaining such permits and licenses. CONTRACT, when necessary, in obtaining such permits and licenses. CONTRACTOR shall also pay all public utility charges.

PART 7 - LAWS, REGULATIONS AND ORDINANCE

7.01 Contractor shall give all notices and comply with all laws, ordinances, rules and regulations applicable to the work. If CONTRACTOR observes that the specifications or drawings are at variance-therewith, he shall give ENGINEER prompt written notice thereof, and any necessary changes shall be adjusted by an appropriate modification. If CONTRACTOR performs any work knowing it to be contrary to such law, ordinances, rules, and regulations and without such notice to ENGINEER, he shall bear all costs arising there from; however, it shall not be is primary responsibility to make certain that the specifications and drawings are in accordance with such laws, ordinances, rules and regulations.

PART 8 - TAXES

8.01 CONTRACTOR shall pay all sales, consumer, use, and other similar taxes required to be paid by him in accordance with the laws and ordinances.

PART 9 - USE OF PREMISES

9.01 CONTRACTOR shall confine his equipment, the storage of materials and equipment, and the operations of his workmen to areas permitted by law, ordinances, permits, or the requirements of the contract documents and shall not unreasonably encumber the premises with materials or equipment.

9.02 CONTRACTOR shall not load nor permit any part of any structure to be loaded with weights that will endanger the structure, nor shall he subject any part of the work to stresses or pressures that will endanger it.

PART 10 - RECORD DRAWINGS

10.01 CONTRACTOR shall keep one record copy of all specifications, drawings, addenda, modifications, and shop drawings at the site in good order and annotated to show all changes made during the construction process. These shall be available to ENGINEER and shall be delivered to him for COUNTY upon completion of the project.

PART 11 - SAFETY AND PROTECTION

11.01 CONTRACTOR shall be responsible for initiating maintaining, and supervising all safety precautions and programs in connection with work. He shall take all necessary precautions for the safety of and provide the necessary protection to prevent damage, injury, or loss to:

A. All employees on the work and other persons who may be affected thereby:

B. All the work and materials or equipment to be incorporated there-in whether in storage on or off the site; and

C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

11.02 The CONTRACTOR shall conduct his operations in a manner which will minimize interference with the normal use of property adjacent to the construction work and shall give owners of such property at least 24 hours notice of the commencement of work in the area abutting their property. CONTRACTOR shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss. He shall erect and maintain, as required by the conditions and progress of the work, all necessary safeguards for its safety and protection. He shall notify owners of adjacent utilities at least 48 hours in advance when prospection of the work may effect them. All damage, injury, or loss to any property referred to above caused, directly or indirectly, in whole or in part, by CONTRACTOR, any subcontractor, or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR, except damage or loss attributable to the fault of drawings or specifications or to the acts or omissions of ENGINEER or anyone employed by either of them or anyone for whose acts either of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault of negligence of CONTRACTOR.

11.03 CONTRACTOR's duties and responsibilities for the safety and protection of the work shall continue until such time as all the work is completed and ENGINEER has issued a notice to CONTRACTOR that work is acceptable.

11.04 CONTRACTOR shall designate a responsible member of his organization at the site whose duty shall be the prevention of accidents. This person shall be CONTRACTOR's superintendent, unless otherwise designated in writing by CONTRACTOR to OWNER.

PART 12 - EMERGENCIES

12.01 In emergencies affecting the safety of persons or the work or property at the site or

adjacent thereto, CONTRACTOR, without special instruction or authorization from ENGINEER, is obligated to act, at his discretion, to prevent threatened damage, injury, or loss. He shall give ENGINEER prompt written notice of any significant changes in the work or deviations from the contract documents caused thereby; and a change order shall thereupon be issued covering the changes and deviations involved.

12.02 If CONTRACTOR believes that additional work done by him in any emergency which arose from causes beyond his control entitles him to an increase in the contract price or an extension of the contract time, he may make a claim there for.

PART 13 - SHOP DRAWINGS AND SAMPLES

13.01 After checking and verifying all field measurements, CONTRACTOR shall submit to ENGINEER for approval, in accordance with the accepted schedule of shop drawing submissions, five copies (or, to ENGINEER's option, one reproducible copy) of all shop drawings which shall have been checked by and stamped with the approval of CONTRACTOR and identified as ENGINEER may require. The date shown on the shop drawing will be complete with respect to dimensions, design criteria, materials of construction, and the like to enable ENGINEER to review the information as required.

13.02 CONTRACTOR shall also submit to ENGINEER for approval, with such promptness as to cause no delay in work, all samples required by the contract documents. All samples will have been checked by and stamped with the approval of CONTRACTOR, identified clearly as to material, manufacturer, and pertinent catalog numbers and the use for which intended.

13.03 At the time of each submission, CONTRACTOR shall in writing call ENGINEER's attention to any deviations that the shop drawings or sample may have from the requirements of the contract documents.

13.04 ENGINEER will review and approve with reasonable promptness shop drawings and samples, but his review and approval shall be only for conformance with the design concept of the project and for compliance with the information given in the contract documents. The approval of a separate item as such will not indicate approval of the assembly in which the item functions. CONTRACTOR shall make any corrections required by ENGINEER and shall return the required number of corrected copies of shop drawings and resubmit new samples until approved. CONTRACTOR shall direct specific attention in writing or on resubmitted shop drawings to revisions other than the corrections called by the ENGINEER on previous submissions. CONTRACTOR's stamp of approval on any shop drawing or sample shall constitute a representation to ENGINEER that CONTRACTOR has either determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers, and similar data or he assumes full responsibility for doing so and that he has reviewed or coordinated each shop drawing or sample with the requirements of the work and the contract documents.

13.05 Where a shop drawing or sample submission is required by the specifications, no related work shall be commenced until the submission has been approved by ENGINEER. A copy of each approved shop drawing and each approved sample shall be kept in a good order by CONTRACTOR at the site and shall be available to ENGINEER.

13.06 ENGINEER approval of shop drawings or samples shall not relieve CONTRACTOR from

his responsibility for any deviations from the requirements of the contract documents unless CONTRACTOR has in writing called ENGINEER's attention to such deviation at the time of submission and ENGINEER has given written approval to the specific deviation, nor shall any approval by ENGINEER relieve CONTRACTOR from responsibility for errors or omissions in the shop drawings.

PART 14- CLEANING

14.01 CONTRACTOR shall keep the premises free from accumulations of waste materials, rubbish, and debris from and about the premises, as well as all tools, construction equipment and machinery, and surplus materials and shall leave the site clean and ready for occupancy by COUNTY. CONTRACTOR shall restore to their original condition those portions of the site not designated for alterations by the contract documents, unless the completion of the work is directly affected by the item in dispute.

PART 15 - INDEMNIFICATION

15.01 CONTRACTOR shall indemnify and hold harmless COUNTY and ENGINEER and their agents and employees from and against all claims, damages, losses, and expenses including attorneys' fees arising out of or resulting from the performance of the work by the CONTRACTOR, provided that any such claim, damage, loss, or expense (a) is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the work itself) including the loss of use resulting there-from and (b) is caused in whole or in part by any negligent act or omission of CONTRACTOR, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder.

15.02 In any and all claims against COUNTY or ENGINEER or any of their agents or employees by copy any employees of CONTRACTOR, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under paragraph 15.01 shall not be limited in any way by any limitation on the amount of type of damages, compensation, or benefits payable by or for CONTRACTOR or any subcontractor under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

15.03 The obligations of CONTRACTOR under paragraph 15.01 shall not extend to the liability of ENGINEER, his agents, or employees arising out of (a) the preparation or approval of maps, drawings, opinions, reports, surveys change orders, designs, or specifications or (b) the giving of or giving or failure to give is the primary cause of injury or damage.

*** * * END OF SECTION * * ***

SECTION 00113

SOILS AND SUBSURFACE INVESTIGATION

PART 1 - GENERAL

1.01 Depending on the project requirements, the ENGINEER may have obtained geotechnical information, which may include subsurface date, logs of soil borings and recommendations from geotechnical consultants.

1.02 Any information obtained is solely for use by the ENGINEER in the design of the project and are not part of the contract. If soil borings have been prepared they will be included in the section or on the plans.

1.03 Any geotechnical information included is for information only. The COUNTY and the ENGINEER do not guarantee the accuracy or validity of the data, nor do they assume any responsibility for the CONTRACTOR'S interpretation or conclusions drawn from the data.

1.04 The CONTRACTOR may, at his option, perform additional subsurface investigations at his own expense.

*****END OF SECTION*****

SECTION 02101

PREPARATION OF RIGHT-OF-WAY

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Removal and disposal of all obstructions from the right-of-way and from designated easements, as noted in the plans.

B. Obstructions shall include:

1. Remains of houses not completely removed by others.
2. Concrete, foundations, floorslabs curb and gutter, driveways, and sidewalk.
3. Building materials such as brick, lumber and plaster.
4. Water wells, septic tanks, manholes, inlets , utility pipes and conduits.
5. Underground service station tanks, equipment or other foundations.
6. Fencing and retaining walls.
7. Paved parking areas.
8. Abandoned railroad tracks, ties, and scrap iron.
9. Ancillary structures such as shacks and outhouses.
10. Trees, stumps, bushes, shrubs, roots, limbs and logs.
11. All rubbish and debris whether above or below ground.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Provide materials required to perform work as specified.

PART 3 - EXECUTION

3.01 GENERAL

A. Clear entire project right-of-way and such other areas, including public or corporate lands, specified in the plans of all structures and obstructions.

B. Trim carefully all trees and shrubs designated for preservation and protect from scarring or other injuries during construction operation.

C. Removal of all foundations and underground obstructions, unless otherwise specified, shall be removed to the following depths:

1. In embankment areas, two (2) feet below natural ground.
2. In excavation areas, two (2) feet below the lower elevation of excavation.
3. In all other areas, one (1) foot below natural grade.

D. Backfill all holes, as directed by the ENGINEER, resulting from all removals.

E. Complete the preparation of right-of-way such that prepared right-of-way is free of holes, ditches and other abrupt changes in elevations and irregularities to contours.

F. Plug the remaining ends of all abandoned storm sewers, culverts, sanitary sewers, conduits and utility pipes with concrete, as specified by the ENGINEER, to form a tight closure.

G. On existing concrete where only a portion is to be removed, care shall be exercised to avoid damage to remaining concrete. Where concrete reinforcement is encountered in removed portions, a minimum of one (1) foot of such reinforcement shall be cleaned of old concrete and left in place to tie into new construction. Concrete to be preserved, but subsequently destroyed by the CONTRACTOR'S operations, shall be replaced by the CONTRACTOR'S operations, shall be replaced by the CONTRACTOR at his expense in accordance with County Specifications, or as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 PREPARATION OF RIGHT-OF-WAY

A. Preparation of right-of-way shall be measured on a lump-sum basis with measurement for payment made only on areas indicated and classified on the plans as preparation of right-of-way.

B. When not listed as a separate contract pay item, preparation of right-of-way shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*****END OF SECTION*****

SECTION 02102

CLEARING AND GRUBBING

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Clearing and grubbing on project site of trees, stumps, brush, roots, vegetation, logs, rubbish and other objectionable matter within limits described in specifications or as shown on plans.

B. Clearing and grubbing shall be in advance of grading operation except that in cuts over 3 feet in depth, grubbing may be done simultaneously with excavation, provided objectionable matter is removed as specified.

C. Disposal of all debris resulting from clearing and grubbing work.

1.02 PROTECTION OF ADJACENT WORK:

A. Protect all areas outside indicated construction areas.

B. Protect existing improvements, adjacent property, utilities and other facilities, and trees and plants not to be removed from injury or damage.

PART 2 - PRODUCTS

2.01 MATERIALS:

A. Provide materials required to perform work as specified.

PART 3 - EXECUTION

3.01 CLEARING:

A. Clear all areas covered by dikes, roads, structures and embankments within project limits unless otherwise shown in plans.

B. Remove all saplings, brush, down-timber and debris unless shown or directed otherwise.

C. Use tree wound paint to treat scars, gashes or limb stubs on trees not removed.

3.02 GRUBBING:

A. Trees, stumps, root systems, rocks and other obstructions shall be removed to the depths shown when they fall within the construction templates for the following items:

1.	Footings	18" below bottom of footing
2.	Sidewalks (or other types of walks)	12" below bottom of walk
3.	Roadways or Streets	18" below bottom of sub-grade
4.	Parking Areas	18" below bottom of sub-grade
5.	Grassed Areas	18" below top soil
6.	Fills	24" below bottom of fill

B. Blasting not permitted.

3.03 REMOVAL OF DEBRIS AND CLEANUP:

A. Burn as permitted by regulating agencies or the ENGINEER as work progresses.

B. Unguarded fires will not be permitted.

C. Permits will be obtained, where required, for necessary burning or disposal sites.

D. Dispose of all waste materials not burned by removal from site.

E. Materials cleared and grubbed shall be the property of the CONTRACTOR and shall be his responsibility for disposal.

PART 4 - MEASUREMENT AND PAYMENT

4.01 CLEARING AND GRUBBING:

A. Clearing and Grubbing shall be measured for payment either in acres or by lump sum only for areas indicated on the plans, or as provided in the proposal and contract.

B. When not listed as a separate contract pay item, Clearing and Grubbing shall be considered as incidental work, and the cost thereof shall be included in such contract pay items as are provided in the proposal contract.

C. Compensation, whether by contract pay items or incidental work will be furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * *END OF SECTION * * ***

SECTION 02210

SUBGRADE PREPARATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of scarifying, blading and rolling the sub-grade to obtain a uniform texture and provide as nearly as practical a uniform density for the 6-inches of the sub-grade.

PART 2 - PRODUCTS

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. All preparing of the right-of-way and/or clearing and grubbing shall be complete before starting the sub-grade preparation.

B. The sub-grade shall be scarified and shaped in conformity with the typical sections and the lines and grades indicated or as established by the ENGINEER by the removal of existing material or addition of approved material.

C. All unsuitable material shall be removed and replaced with approved material.

D. All foundations, walls or other objectionable material shall be removed to a minimum depth of 18-inches under all structures and 12-inches under areas to be vegetated. All holes, ruts and depressions shall be filled with approved material.

E. The surface of the sub-grade shall be finished to the lines and grades as established and be in conformity with the typical sections indicated.

F. Any deviation in excess of 1/2 inch cross section and in a length of 10 feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and compacting by sprinkling and rolling.

G. Sufficient sub-grade shall be prepared in advance to insure satisfactory prosecution of the work.

H. The CONTRACTOR will be required to set blue tops for the sub-grade on centerline, at quarter points and curb lines or edge of pavement at intervals not exceeding 50 feet.

I. All suitable material removed may be utilized in the sub-grade with the approval of the ENGINEER. All other material required for completion of the sub-grade shall also be subject to approval by the ENGINEER.

J. Sub-grade materials on which structures shall be placed shall be compacted by approved mechanical tamping equipment to a dry density of the total material of not less than 95 percent nor more than 100 percent of the maximum dry density s determined in accordance with SDHPT test method tex-114-E.

K. Sub-grade materials on which planting or turf will be established shall be compacted to a minimum of 85 percent of the maximum dry density as determined in accordance with SDHPT test method tex-114-E.

L. Tests for density will be made as soon as possible after compacting operations are completed. If the material fails to meet the density specified, it shall be reworked as necessary to obtain the density required.

M. Just prior to placing any base materials, density and moisture content of the top 6-inches of compacted sub-grade shall be checked and if tests show the density to be more than 2 percent below the specified minimum or the moisture content to be more than 3 percent above or below the optimum, the sub-grade shall be reworked as necessary to obtain the specified compaction and moisture content.

N. When lime stabilization of the sub-grade is specified, the lime is to be added in accordance with Section 02240, Lime Stabilization.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. All acceptable sub-grade preparation will be measured by the square yard.

B. The measured area includes the entire width of the roadway for the entire length as indicated.

4.02 PAYMENT

A. The accepted quantities of sub-grade preparation will be paid for at contract unit bid price per square yard.

B. When not listed as a separate contract pay item, sub-grade preparation shall be considered as incidental work, and the cost thereof shall be included in such contract pay item (s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02221

TRENCH EXCAVATION, BACKFILL AND COMPACTION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Excavation, shoring, de-watering, pipe bedding, trench backfill, compaction, grading and cleanup of all pipeline trenching for the project.

B. All work must be done in accordance with these specifications and the safety requirements of the State and OSHA Standards.

1.02 JOB CONDITIONS:

A. Site Acceptance:

1. Accept site in condition existing during Contract time frame.
2. Ground water/surface water found during construction are conditions of the contract and responsibility of Contractor.

B. Adverse Weather:

1. Place no backfill that is excessively wet or frozen.
2. Place no backfill in excessively wet or frozen trenches.

PART 2 - PRODUCTS

2.01 PIPE BEDDING AND BACKFILL:

A. The type of bedding shall be stated on the Plans or in the Special Conditions of the contract document. Determination of source of materials for bedding and backfill to meet the stated conditions shall be responsibility of CONTRACTOR, but use of such materials shall be subject to approval of ENGINEER.

B. Excavated Material Backfill:
Excavated material may be used in the trench backfill, provided that all hard rock and stones having any dimensions greater than 6 inches and frozen earth debris and roots larger than 2 inches are removed for the initial backfill.

C. Select Backfill:
Select backfill shall be gravel, fine rock cuttings, sand, sandy loam or loam free from excessive clay. Rock cuttings shall have no dimension greater than 2 inches.

D. Sand Backfill:
Sand backfill shall be clean, hard, durable, un-coated grains, free from lumps and organic material. All materials must pass a No. 8 Sieve.

E. Granular Backfill:
Granular backfill shall be free flowing, such as sand or hydraulically graded shall be free from lumps, stones over 2 inches in diameter, clay and organic matter.

F. Controlled Density Fill:
Use high slump mixture of portland cement, fly ash and fine aggregate formulated, licensed and marketed as K-Krete or equal. Provide mixture with minimum 28-day compressive strength of 70 psi with no measurable shrinkage or surface settlement.

2.02 CRADLING ROCK:

A. Use crushed rock or stone with 70-100% passing 1> inch sieve and no more than 50% passing 1 inch sieve.

2.03 SHEETING, SHORING AND BRACING:

A. Use sound timber or structural steel.

B. Use shapes and sizes as required.

PART 3 - EXECUTION

3.01 GENERAL:

A. Dewatering:

1. Execute work "dry". No pipe or conduits shall be laid or concrete poured on excessively wet soil.
2. Prevent surface water from flowing into excavation.
3. Provide equipment for handling water encountered as required. Obtain approval of proposed method of dewatering.
4. No sanitary sewer shall be used for disposal of trench water.

B. Protection of Existing Utilities:

1. Notify all utilities of location and schedule of work.
2. Locations and elevations of utilities shown on plans are to be considered approximate only. Notify utility and ENGINEER of conflicts between existing and proposed facilities.
3. Repair, relay or replace existing utilities damaged, destroyed or disrupted during work. Unless specified otherwise, replacement will be at the CONTRACTOR's expense.

C. Sheeting, Shoring and Bracing:

1. Provide as necessary, to hold walls of excavation, prevent damage to adjacent structures, and to protect workmen and property.
2. Leave sheeting and shoring in place where removal might cause damage to work or otherwise indicated on drawings.
3. When movable trench shield is used below spring line of pipe, it shall be lifted prior to any forward movement to avoid pipe displacement.

D. Changes in Grade:

1. Grades may be adjusted 1.5 feet (plus or minus) from plan grades to suit unforeseen construction conflicts or conditions with approval of ENGINEER.
2. No additional compensation will be made for such changes.

3.02 EXCAVATION AND TRENCHING:

A. General:

1. Method of excavation at CONTRACTOR's option.
2. Excavate by hand under tree roots 3 inches and larger, and under and around structures and utilities.
3. Stockpile and replace topsoil to a minimum of 8 inches for surface restoration in grassed or agricultural areas.

B. Trench Characteristics:

1. Depth: as indicated for pipe installation to lines and grades required with proper allowance for thickness of pipe and type of bedding specified or indicated.
2. Width:
   a. Keep width of trench as narrow as possible and yet provide adequate room for backfilling and jointing.
   b. Maximum width as follows:

Pipe Size Inches	**Max. Trench Width**
4 &6	2' - 0"
8 & 10	2' - 4"
12	2' - 6"
15	2' - 9"
18	3' - 0"
Over 18	Pipe O.D. + 12"

3. Trench walls must be vertical below top of pipe and may be vertical or sloped above pipe to conform to excavating codes.
4. Provide bell holes for each pipe joint where pipe bears on undisturbed earth.
5. Trench bottom shall be free of large stones and other foreign material.

3.03 SOFT, SPONGY OR UNSTABLE MATERIALS:

A. Stop work and notify ENGINEER.

B. Perform remedial work as directed.

C. If material is judged unsuitable and removal is authorized, remove and replace with trench stabilizing material as directed by ENGINEER.

3.04 ROCK EXCAVATION:

A. Excavate any rock to maintain minimum 6-inch clearance around pipe.

B. Dispose of rock material not suitable for backfill as directed by ENGINEER.

C. Use of explosives not permitted without prior written authorization from OWNER and ENGINEER.

D. Provide Special Hazard Insurance covering liability for blasting operations.

3.05 BEDDING:

A. Place after bottom of trench has been excavated to proper depth and grade.

B. Place, compact and shape bedding material to conform to barrel o pipe to insure continuous firm bedding for fill length of pipe.

C. Provide bedding as described in following table unless indicated otherwise on Plans or in Special Conditions.

Pipe Material	Minimum Bedding Class
1. Vitrified Clay Pipe	Class C *
2. Non-reinforced Concrete Pipe	Class C *
3. Reinforced Concrete Pipe	Class D *
4. Ductile Iron Pipe	Class D *
5. Steel Cylinder	Class C *
6. Flexible or Composite Pipe	Class 1 * *

* Refers to standard detail, "Pipe Envelope Requirements ",Dwg. D-01.

** Refers to standard detail, "Flexible Pipe Bedding Requirements", Dwg. D-02.

3.06 TRENCH BACKFILL

A. Use excavated material backfill (2.01B) unless otherwise specified.

B. Use Sand Backfill for all trenches within 5 feet of buildings and beneath walks, parking areas, paved streets or existing exposed utilities.

C. Initial Backfill:

1. Place after pipe has been bedded and checked for alignment, grade and internal obstructions.
2. Carry out in an orderly fashion after authorization to cover pipe has been given.
3. Allow no more than 300 feet of trench to be open at one time.
4. Do not backfill until concrete or mortar has sufficiently cured.
5. Record location of connections and appurtenances before backfilling.
6. Place by hand and hand tamp to not less than 12-inches above top of pipe, in approximately 4-inch layers.
7. Backfill simultaneously on both sides of pipe to prevent displacement.
8. Place cushion of 4 feet above pipe envelope before using heavy compacting equipment.

D. Subsequent Backfill:

1. Place backfill into trench at an angle so that impact on installed pipe is minimized.
2. Compaction of all backfill material shall be performed in a manner that shall not crack, crush, and/or cause the installed pipe to be moved from the established grade and/or alignment.
3. Area under or within 5 feet of pavement; and under or within 2 feet of utilities, buildings, or walks shall be mechanically compacted to the top of the sub-grade in 6-inch lifts to a minimum of 95 percent Standard Proctor Density.
4. Areas not subject to vehicular traffic shall be backfilled in layers not more than 10-inches in depth.
5. Compaction method at discretion of CONTRACTOR with following exceptions:

    a. If in OWNER's opinion compaction method presents potential damage to pipe, it will not be allowed.
    b. Compaction of any backfill material by flooding or jetting will require prior written authorization of ENGINEER.

6. Mound excavated materials no greater than 6 inches in open areas only.

7. Fill upper portion of trench with topsoil as specified hereinbefore.

E. Controlled Density Fill:

1. Use where shown on plans.
2. Provide suitable forms to limit volume of control density fill material.
3. Prevent flow of material into existing drain lines.
4. Protect exposed utility lines during placement.
5. Place material in accordance with suppliers' written recommendations unless directed otherwise by ENGINEER.

3.07 EXCESS MATERIAL:

A. Waste excess excavated material where directed by ENGINEER.

3.08 TESTING:

A. Unless specified elsewhere, testing will be responsibility of OWNER.

B. Standard Proctor Density:

1. ASTM D698.
2. One (1) required for each type of material encountered.

C. In Place Density:

1. ASTM D1556 (Sand Cone)
2. ASTM D2167 (Balloon)
3. ASTM D3017 (Nuclear)

D. One (1) test per each 400 cubic yards of backfill placed.

PART 4 - MEASUREMENT AND PAYMENT

4.01 TRENCH EXCAVATION:

A. Trench excavation shall be considered incidental to pipeline installation.

B. Payment shall be made at the contract unit price per cubic yard only if a bid item is established in the contract.

4.02 BACKFILL:

A. Payment for backfill shall be made at the contract unit price per cubic yard only if a separate bit item is established in the contract.

B. No allowance for waste shall be made.

C. If ENGINEER orders an initial backfill material other than that specified in contract, it shall be paid for as an extra in price per cubic yard as compacted in place, EXCEPT if a higher class embedment is ordered by ENGINEER because the CONTRACTOR has over-excavated the trench width.

D. If the CONTRACTOR over-excavates the trench width and the ENGINEER orders the next higher class of embedment to be used, the embedment for as if the original specified embedment was used.

E. If the ENGINEER orders the excavated material to be removed and disposed of and replaced with another material and a separate bid item is not established as a bid item, the material shall be paid as an extra.

F. If the CONTRACTOR fails to compact the backfill to the density requirements, the ENGINEER may order the material removed and replaced at no cost to the OWNER.

G. The disposal of rejected material shall be at no cost to the OWNER.

*** * * * END OF SECTION * * * ***

SECTION 02225

UNCLASSIFIED STREET EXCAVATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Perform all required excavation within the limits of right-of-way and adjacent thereto (except excavations specifically described and provided for elsewhere in the specifications).

B. Remove, properly use, or dispose of all excavated materials.

C. Shape and finish all earthwork in conformance with lines and grades as shown on the plans or as specified by the ENGINEER.

D. Schedule work to avoid property owner inconvenience as practical during construction.

E. Exercise care in operating applicable equipment beneath or adjacent to trees, sidewalks, poles, and other existing features to prevent damage.

F. Restore obstructions removed to accommodate construction equipment or to facilitate excavation.

1.02 CLASSIFICATION:

A. All street excavation shall be unclassified, regardless of material encountered.

B. Any reference to rock or any other material on the plans, or in these specifications, is not to be constructed as classification of the excavation.

PART 2 - PRODUCTS

2.01 SUBGRADE:

A. Use on-site material moved from cut areas to fill areas as approved by ENGINEER.

B. Use borrow materials from areas designated as needed.

2.02 DRAINAGE PROVISIONS:

A. Interruptions of natural surface drainage, or flow of artificial drains shall be mitigated by the CONTRACTOR by use of temporary drainage facilities, as approved by the ENGINEER, to prevent damage to public or private interest.

B. Restore original drainage as soon as the work shall permit.

C. The CONTRACTOR shall be held liable for all damages which may result from neglect to provide for either natural or artificial drainage which his work may have interrupted.

PART 3 - EXECUTION

3.01 UNCLASSIFIED STREET EXCAVATION:

A. Perform all excavation, embankment and grading required for pavement and/or curb and/or gutter as shown on plans.

B. Move suitable excavated material to areas requiring fill and place in accordance with these specifications. Determination of suitable material will be made by ENGINEER. Haul unsuitable material to waste sites.

C. Slope cut or fill sections uniformly from curb line to sidewalk or other controlling feature, as designated by ENGINEER. Smooth bank to provide a neat finished appearance.

D. Remove and replace unstable soils encountered during grading operations with suitable material. Notify ENGINEER of suspected unsuitable material before commencing removal. Authorized replacement with select material will be paid for by change order.

E. Replace gravel or rock driveway surfaces disturbed by grading with like material at no additional cost to OWNER.

F. Strip, salvage and stockpile topsoil in sufficient quantity to allow a uniform 6-inch lift over all disturbed areas not otherwise surfaced. Topsoil is included in unclassified excavation.

G. Removed existing culvert pipe where shown as part of incidental to unclassified excavation.

3.02 UNSTABLE OR UNSUITABLE SUBGRADE:

A. Excavate unstable subgrade at least 2 feet below grade where directed by ENGINEER.

B. Replace with suitable stable material approved by ENGINEER.

C. Compact to uniform density in 6-inch lifts.

D. Density of compacted subgrade to be equal to or greater than adjacent undisturbed grade.

E. Payment will be as specified for unclassified excavation.

F. Conduct operations in such a manner such that measurements may be taken before any backfill, as required above, is placed.

3.03 EXCESS OR UNSUITABLE EXCAVATION:

A. Dispose of excavation in excess of that needed or unsuitable for construction. As directed by the ENGINEER, excess or unsuitable excavation may be used for widening of embankments, or flattening of slopes, or as otherwise specified.

B. Obtain approval of the ENGINEER as to disposition and method for disposal of excess or unsuitable excavation.

3.04 GENERAL:

A. Provide all labor, equipment and associated materials to excavate areas specified.

PART 4 - MEASUREMENT AND PAYMENT

4.01 UNCLASSIFIED STREET EXCAVATION:

A. Unclassified street excavation, as authorized, shall be measured in its original position and the volume determined by the average end area method. All work performed shall be paid for at the contract bid price per cubic yard for unclassified street excavation.

B. When not listed as a separate contract pay item, unclassified street excavation shall be considered as incidental work, and the cost thereof shall be included in such contract pay item s as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required by the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02230

EXCAVATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK

A. This work shall consist of excavating and properly utilizing or otherwise satisfactorily disposing of all excavated materials, of whatever character, within the limits of work.

B. Excavation shall also consist of constructing, compacting, shaping and finishing of all earthwork in designated areas on the plans, as specified herein, and in conformity with the required lines grades and typical cross sections or as directed by the ENGINEER.

C. When not otherwise included, this item shall include the work described in Section 02101 - Preparation of Right-of Way, Section 02102 - Clearing and Grubbing, Section 02236 - Embankment, Section 02238 - Removal of Concrete, and Section 02210 – Sub-grade Preparation.

Introduction

The Occupational Safety and Health Administration (OSHA) issued its first Excavation and Trenching Standard Standard in 1971 to protect workers from excavation hazards. Since then, OSHA has amended the standard several times to increase worker protection and to reduce the frequency and severity of excavation accidents and injuries. Despite these efforts, excavation-related accidents resulting in injuries and fatalities continue to occur.

To better assist excavation firms and contractors, OSHA has completed updated the existing standard to simplify many of the existing provisions, add and clarify definitions, eliminate duplicate provisions and ambiguous language, and give employers added flexibility in providing protection for employees. The standard is effective as of March 5, 1990.

In addition, the standard provides several new appendices. One appendix provides a consistent method of soil classification. Others provide sloping and benching requirements pictorial examples of shoring and shielding devises, timber tables, hydraulic shoring tables, and selection charts that provide a graphic summary of the requirements contained in the standard.

This booklet highlights the requirements in the updated standard excavation and trenching operations, provides methods for protecting employees against cave-ins, and described safe work practices for employees.

Scope and Application

OSHA's revised rule applies to all open excavations in the earth's surface, which includes

trenches.

According to the OSHA construction safety and health standards, a trench is referred to as a narrow excavation made below the surface of the ground in which the depth is greater than the width-the width not exceeding 15 feet. An excavation is any man-made cut, cavity, trench, or depression in the earth's surface formed by earth removal. This can include excavations for anything from cellars to highways.

General Requirements

Planning for Safety

Many on-the-job accidents are a direct result of inadequate initial planning. Correcting mistakes in shoring and/or sloping after work has begun slows down the operation, adds to the cost, and increases the possibility of an excavation failure. The contractor should build safety into the pre-bid planning in the same way all other pre-bid factors are considered.

It is a good idea for contractors to develop safety checklists before preparing a bid, to make certain there is adequate information about the job site and all needed items are on hand.

These checklists should incorporate elements of the relevant OSHA standards as well as other information necessary for safe operations.

Before preparing a bid, these specific site conditions should be taken into account:

- Traffic,
- Nearness of structures and their conditions,
- Soil,
- Surface and ground water,
- The water table,
- Overhead and underground utilities and
- Weather.

These and other conditions can be determined by job site studies, observations, test borings for soil type or conditions, and consultations with local officials and utility companies.

Before any excavation actually begins, the standard requires the employer to determine the estimated location of utility installations-sewer, telephone, fuel, electric, water lines, or any other underground installations-that may be encountered during digging. Also, before starting the excavation, the contractor must contact the utility companies or owners include and inform them, within established or customary local response times, of the proposed work. The contractor must also ask the utility companies or owners to find the exact location of the underground installations. If they cannot respond within 24 hours (unless the period required by the state or local law is longer), or if they cannot find the exact location of the utility installations, the contractor may proceed with caution. To find the exact location of underground installations, workers must use safe and acceptable means. If underground installations are exposed, OSHA regulations also require that they be removed, protected or properly supported.

When all necessary specific information about the job site is assembled, the contractor is ready

to determine the amount, kind, and cost of safety equipment needed. A careful inventory of the safety items on hand should be made before deciding what additional safety material must be acquired. No matter how may trenching, shoring and backfilling jobs have been done in the past, each job should be approached with the utmost care and preparation.

Before Beginning the Job

It is important, before beginning the job, for the contractor to establish and maintain a safety and health program for the work site that provides adequate systematic policies, procedures, and practices to protect employees from, and allow them to recognize, job-related safety and health hazards.

An effective program includes provisions for the systematic identification, evaluation, and prevention or control of general workplace hazards, specific job hazards, and potential hazards that may arise from foreseeable conditions. The program may be written or verbal but it should reflect the unique characteristics of the job site.

To help contractors develop an effective safety and health program, in 1989 OSHA issued recommended guidelines for the effective management and protection of worker safety and health. The complete original text of the non-mandatory guidelines is found in the Federal Register (54 FR(18):3904-3916, January 26, 1989).

A copy of the guidelines can be obtained from the OSHA Publications Office, U.S. Department of Labor, 20 Constitution Avenue, N.W., Room N-3101, Washington, D.C. 20210, or from the nearest OSHA Regional Office listed in this booklet.

To be sure safety policies are implemented effectively, there must be cooperation among supervisors, employee groups, including union, and individual employees. Each supervisor must understand the degree of responsibility and authority he or she holds in a particular area. For effective labor support, affected unions should be notified of construction plans and asked to cooperate.

It is also important, before beginning work, for employers to provide employees who are exposed to public vehicular traffic with warning vests or other suitable garments marked with or made of reflectorized or high-visibility material and ensure that they wear them. Workers must also be instructed to remove or neutralize surface encumbrances that may create a hazard.

In addition, no employee should operate a piece of equipment, without first being properly trained to handle it and fully alerted to its potential hazards.

In the training and in the site safety and health program, it also is important to incorporate procedures for fast notification and investigation of accidents.

On-the-Job Evaluation

The Standard requires that a competent person inspect, on a daily basis, excavations and the adjacent areas for possible cave-ins, failures of protective systems and equipment, hazardous

atmospheres, or other hazardous conditions. If these conditions are encountered, exposed employees must be removed from the hazardous area until the necessary safety precautions have been taken. Inspections are also required after natural (e.g. heavy rains) or man-made events such as blasting that may increase the potential for hazards.

Larger and more complex operations should have a full-time safety official who makes recommendations to improve the implementation of the safety plan. In a smaller operation, the safety official may be part-time and usually will be a supervisor.

Supervisors are the contractor's representatives on the job. Supervisors should conduct inspections, investigate accidents, and anticipate hazards. They should ensure that employees receive on-the-job safety and health training. They should also review and strengthen overall safety and health precautions to guard against potential hazards, get the necessary worker cooperation in safety manners, and make frequent reports to the contractor.

It is important that managers and supervisors set the example for safety at the job site. It is essential that when visiting the job site, all managers, regardless of status, wear the prescribed protective equipment such as safety shoes, safety glasses, hard hats, and other necessary gear (see CFR 1926.100 and 102).

Employees must also take an active role in job safety. The contractor and supervisor should make certain that workers have been properly trained in the use and fit of the prescribed protective gear and equipment, that they are wearing and using the equipment correctly, and that they are using safe work practices.

Cave-Ins and Protective Support Systems

Support Systems

Excavation workers are exposed to many hazards, but the chief hazard is danger of cave-ins. OSHA requires that in all excavation employees exposed to potential cave-ins must be protected by sloping, or benching the sides of the excavation; supporting the sides of the excavation, or placing a shield between the side of the excavation and the work area.

Designing a protective system can be complex because of the number of factors involved-soil classification, depth of cut, water content of soil, changes due to weather and climate, or other operation in the vicinity. The standard, however, provides several different methods and approaches (four for sloping and four for shoring, including the use of shields)* for designing protective systems that can be used to provide the required level of protection against cave-ins.

One method of ensuring the safety and health of workers in an excavation is to slope the side to an angle not steeper than one and one-half horizontal to one vertical (34 degrees measured from the horizontal). These slopes must be excavated to form configurations that are in accordance with those for Type C soil found in Appendix B of the standard. A slope of this graduation or less is considered safe for any type soil (see Figure 1).

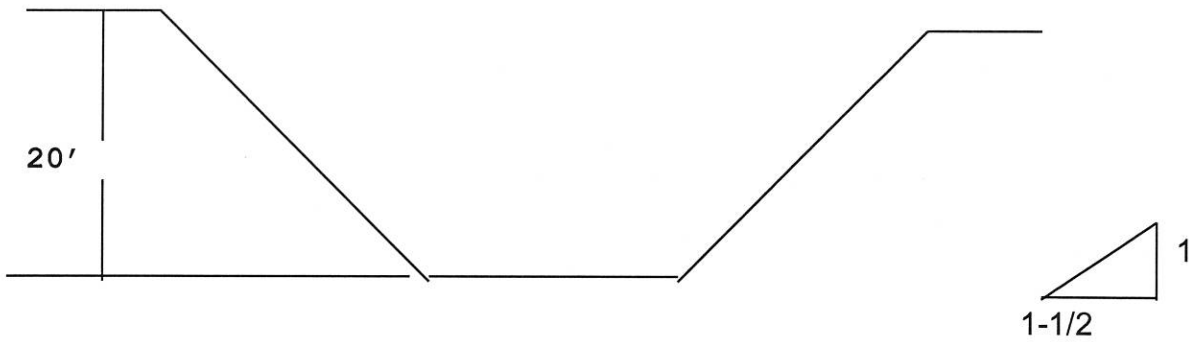

Figure 1. Excavations Made in Type C Soil

All simple slope excavations 20 feet or less in depth shall have a maximum allowable slope of 1 1/2:1.

*See Appendix F to the standard for a complete overview of all options.

A second design method, which can be applied for both sloping and shoring, involves using tabulated data, such as tables and charts, approved by a registered professional engineer. These data must be in writing and must include sufficient explanatory information to enable the user to make a selection, including the criteria for determining the selection and the limits on the use of the data.

At least one copy of the information, including the identity of the registered professional engineer who approved the data, must be kept at the worksite during construction of the protective system. Upon completion of the system, the data must be stored away from the job site, but a copy must be made available, upon request, to the Assistant Secretary of Labor for OSHA.

Contractors also may use a trench box or shield that is either designed or approved by a registered professional engineer or is based on tabulated data prepared or approved by a registered professional engineer. Timber, aluminum, or other suitable materials may also be used. OSHA standards permit the use of a trench shield (also known as a welder's hut) as long as the protection it provides is equal to or greater than the protection that would be provided by the appropriate shoring system (see Figure 2).

The employer is free to choose the most practical design approach for any particular circumstance. Once an approach has been selected, however, the required performance criteria must be met by that system.

The standard does not require the installation and use of a protective system when an excavation (1) is made entirely in stable rock, or (2) is less than 5 feet deep and a competent person has examined the ground and found no indication of a potential cave-in.

Safety Precautions

The standard requires the employer to provide support systems such as shoring, bracing, or

underpinning to ensure the stability of adjacent structures such as buildings, walls, sidewalks or pavements.

Figure 2. Trench Shields

The standard prohibits excavation below the level of the base or footing of any foundation or retaining wall unless (1) a support system such as underpinning is provided, (2) the excavation is in stable rock, or (3) a registered professional engineer determines that the structure is sufficiently removed from the excavation and that excavation will not pose a hazard to employees.

Excavations under sidewalks and pavements are also prohibited unless an appropriately designed support system is provided or another effective method is used.

Installation and Removal of Protective Systems

The standard requires the following procedures for the protection of employees when installing support systems:

- Securely connect members of support system,
- Safely install support systems,
- Never overload members of support systems, and
- Install other structural members to carry loads imposed on the support system when temporary removal of a individual members is necessary.

In addition, the standard permits excavation of 2 feet or less below the bottom of the members of a support or shield system of a trench if (1) the system is designed to resist the loads calculated for the full depth of the trench, and (2) there are no indications, while the trench is open, of a possible cave-in below the bottom of the support system. Also, the installation of support systems must be closely coordinated with the excavation of trenches.

As soon as work is completed, the excavation should be back-filled as the protective system is designated. After the excavation has been cleared, workers should slowly remove the protective system from the bottom up, taking care to release members slowly.

Materials and Equipment

The employer is responsible for the safe condition of materials and equipment used for protective systems. Defective and damaged materials and equipment can result in the failure of a protective system and cause excavation hazards.

To avoid possible failure of a protective system, the employer must ensure that (1) materials and equipment are free from damage or defects, (2) manufactured materials and equipment are used and maintained in a manner consistent with the recommendations of the manufacture and in a way that will prevent employee exposure to hazards, and (3) while in operation, damaged materials and equipment are examined by a competent person to determine if they are suitable

for continued use. If the materials and equipment are not safe for use, they must be removed from service. These materials cannot be returned to service without the evaluation and approval of a registered professional engineer.

Other Hazards

Falls and Equipment

In addition to cave-in hazards and secondary hazards related to cave-ins, there are other hazards from which workers must be protected during excavation-related work. These hazards include exposure to falls, falling loads, and mobile equipment. To protect employees from these hazards, OSHA requires the employer to take the following precautions:

- Keep materials or equipment that might fall or roll into an excavation at least 2 feet from the edge of excavations, or have retaining devices, or both.
- Provide warning systems such as mobile equipment, barricades, hand or mechanical signals, or stop logs, to alter operations of the edge of an excavation. If possible, keep the grade away from the excavation.
- Provide scaling to remove loose rock or soil or install protective barricades and other equivalent protection to protect employees from the hazard of falling, rolling, or sliding material or equipment.
- Prohibit employees from working on faces of sloped or benched excavations at levels above other employees unless employees at lower levels are adequately protected from the hazard of falling, rolling, or sliding material or equipment.
- Prohibit employees under loads that are handled by lifting or digging equipment. To avoid being struck by any spillage or falling materials, require employees to stand away from vehicles being loaded or unloaded. If cabs of vehicles provide adequate protection from falling loads during loading and unloading operations, the operators may remain in them.

Water Accumulation

The standard prohibits employees from working in excavations where water has accumulated or is accumulating unless adequate protection has been taken. If water removal equipment is used to control or prevent water from accumulating, the equipment and operations of the equipment must be monitored by a competent person to ensure proper use.

OSHA standards also require that diversion ditches, dikes, or other suitable means be used to prevent surface water from entering an excavation and to provide adequate drainage of the area adjacent to the excavation. Also, a competent person must inspect excavations subject to runoffs from heavy rains.

Hazardous Atmospheres

Under this provision, a competent person must test excavations greater than 4 feet in depth as well as ones where oxygen deficiency or a hazardous atmosphere exists or could reasonably be expected to exist, before an employee enters the excavation. If hazardous conditions exist, controls such as proper respiratory protection or ventilation must be provided. Also, controls

used to reduce atmospheric contaminants to acceptable levels must be tested regularly.

Where adverse atmospheric conditions may exist or develop in an excavation, the employer also must provide and ensure that emergency rescue equipment, (e.g., breathing apparatus, a safety harness and line, basket stretcher, etc.) is readily available. This equipment must be attended when used.

When an employee enters bell-bottom pier holes and similar deep and confined footing excavations, the employee must wear a harness with a lifeline. The lifeline must be securely attached to the harness and must be separate from any line used to handle materials. Also, while the employee wearing a lifeline is in the excavation, an observer must be present to ensure that the lifeline is working properly and to maintain communication with the employee.

Access and Egress

Under the standard, the employer must provide safe access and egress to all excavations. According to OSHA regulations, when employees are required to be in trench excavations 4-feet deep or more, adequate means of exit, such as ladders, steps, ramps or other safe means of egress, must be provided and be within 25 feet of lateral travel. If structure ramps are used as a means of access or egress, they must be designed by a competent person if used for employee access or egress, or a competent person qualified in structural design if used by vehicles. Also, structural members used for ramps or runways must be uniform in thickness and joined in a manner to prevent tripping or displacement.

Related Issues

Hazard Communication

The Hazard Communication Standard (29 CFR 1910.1200) requires employers to inform employees of the identities, properties, characteristics, and hazards of chemicals they use and the protective measures they can take to prevent adverse effects. The standard covers both physical hazards (e.g., flammability) and health hazards (e.g., lung damage, cancer). Knowledge acquired under the Hazard Communication Standard will help employers provide safer workplaces for their employees, establish proper work practices, and help prevent chemical-related illnesses and injuries.

Access to Medical and Exposure Records

Under the provision of the Access to Medical and Exposure Records standard (29 CFR 1910.20), employees, their designated representatives, and OSHA are permitted direct access to employer-maintained exposure and medical records. This access is designed to yield both direct and indirect improvements in the detention, treatment, and prevention of occupational disease. Also, access to these records will assist employees in the management of their own safety and health.

Recordkeeping

Each employer must preserve and maintain accurate medical and exposure records for each employee. The standard requires that exposure records be kept for 30 years and medical records be kept for at least the duration of employment plus 30 years. Background data for exposure records such as laboratory reports and work sheets need to be kept only for 1 year. Records of employees who have worked for less than 1 year need not be retained after employment, but the employer must provide these records to the employee upon termination of employment. First-aid records of one-time treatment need not be retained for any specified period.

The employer must inform each employee of the existence, location, and availability of these records. When an employer plans to stop doing business and there is no successor employer to receive and maintain these records, the employer must notify employees of the right to access of the records at least 3 months before the employer ceases to do business. At the same time, the employer also must inform the National Institute for Occupational Safety and Health.

State Plan States

States administering their own occupational safety and health program (see listing on page), through plans approved under section 18(b) of the Occupational Safety and Health Act of 1970, must adopt standards and enforce requirements at least as effective as Federal requirements. There are currently 25 State plan States; 23 covering private and public (State and local government) sectors and two covering public sector only.

Summary

Trenching and excavation work presents serious risks to all workers involved. The greatest risk, and one of primary concern, is that of cave-ins. Furthermore, when cave-in accidents occur, they are much more likely to result in worker fatalities than other excavation-related accidents. Strict compliance, however, with all sections of the standard will prevent or greatly reduce the risk of cave-ins as well as other excavation-related accidents.
