

Presentation regarding RFP for Electric Supply – Hidalgo County

Presented by:

Robert Pena

Texas Energy Consultants

Hidalgo Co Electric Supply RFP

- The Electric Supply RFP was prepared and 16 packets were distributed on October 19, 2015.
- There were 7 companies that responded with proposed submittal.
- All companies met the pricing & energy requirements per the RFP.
- There were 4 companies that did not meet the qualifications of the Purchasing Cooperative.
- Pricing was very close & competitive amongst the top 5 proposals.

Hidalgo Co Electric Supply RFP

- Proposals were sought for contract periods of 12, 24, 36, & 48 months to allow the County flex term options.
- Pricing options sought were “unbundled prices” which separated energy price, transmission/distribution (TDSP), ancillary and discretionary fees.
- Energy Price ONLY (excludes TDSP costs) ranged from lowest proposer at 0.03366 cents p/kwh to highest proposer at 0.04089 cents p/kwh.
- TDSP pricing as set by Public Utilities Comm doesn't vary much from the 0.03 to 0.035 cent range.
- ALL contracts submitted were thoroughly reviewed to determine or account for pricing variances, ancillary fees, discretionary fees, & late payment penalties.
