Re: **SOLE SOURCE AFFIDAVIT**

Letter To Whom It May Concern: I can Confirm that WCCTV are the only provider of a Verizon certified Hybrid NVR/DVR solution that operates with following functionality

- Complete Unit VZW certified
- Integrated one-box modem, DVR, telemetry & alarm functionality
- Hot and cold Operation Certified
- IP 65 rated

WCCTV systems are the only fully integrated DVR & embedded modem solution that has been certified as such along with full environmental certification for hot/cold weather operation.

I have attached the data sheet and also environmental certificate

Sincerely

Adam Haworth
