AMENDED AND RESTATED
INTERLOCAL AGREEMENT

In consideration of the covenants set forth herein, and subject to the terms and conditions herein, the Parties (as defined below) hereby agree to the terms and conditions of this Agreement (as defined below).

I. PARTIES & INDEX

A. Parties

1. THIS AMENDED AND RESTATED INTERLOCAL AGREEMENT is made by and between (i) the **CITY OF MCALLEN, TEXAS** (hereafter referred to as the "CITY"), a Texas Home Rule Municipality, acting through its City Manager as authorized by the City Commission on December 14, 2015; (ii) **HIDALGO COUNTY,** a political subdivision of the State of Texas, acting through its County Judge pursuant to authority granted by the Hidalgo County Commissioners Court on December 15, 2015 (hereafter referred to as the "COUNTY"); (iii) the **TAX INCREMENT REINVESTMENT ZONE NUMBER ONE (1), CITY OF MCALLEN, TEXAS**, a reinvestment zone created by the CITY pursuant to Chapter 311 of the Texas Tax Code (hereafter referred to as the "ZONE"), acting by and through its duly authorized Board of Directors (hereinafter referred to as the "ZONE BOARD"), established to administer manage and/or operate the ZONE pursuant to Sections 311.009(b) and 311.010, Texas Tax Code, as well as to implement and fund the Project and the Supplement Project (as such terms are defined below); (iv) **TRES LAGOS PUBLIC IMPROVEMENT DISTRICT, CITY OF McALLEN, TEXAS**, a public improvement district created by the CITY pursuant to Chapter 372, Texas Local Government Code (hereafter referred to as the "PID"); and (v) **RHODES ENTERPRISES, INC.**, the developer, its successors and assigns (hereafter referred to as "DEVELOPER**")**. Collectively, the CITY, COUNTY, ZONE, PID and DEVELOPER may be referred to as the "Parties." This Agreement is made pursuant to Chapter 791 of the Texas Government Code and Chapter 311 of the Texas Tax Code for the participation of the CITY and the COUNTY in the Project (as defined below).

2. The initial addresses of the Parties are listed below. Each party may designate a different address by giving the others at least ten (10) days prior written notice.

If to the CITY, to:

City of McAllen
1300 Houston Avenue.
McAllen, Texas 78501

B. Index

This Agreement consists of the following sections:

Section	Description	Pages
I.	Parties & Index	1-3
II.	Definitions	3-7
III.	Background	7-8
IV.	Rights and Obligations of the COUNTY	8-14
V.	Rights and Obligations of CITY and ZONE	14-19
VI.	Rights and Obligations of DEVELOPER	20-22
VII.	Term and Termination	22-23
VIII.	Miscellaneous	23-25

Exhibit "A"	Original Project and Finance Plan	27
Exhibit "B"	City of McAllen Ordinance No. 2014-75 passed and approved by the City Commission on December 22, 2014.	28
Exhibit "C"	Development Agreement, as amended	29
Exhibit "D"	Amended and Supplemental Project and Finance Plan approved by the ZONE Board on December 14, 2015 and by the Commission of the CITY on December 14, 2015.	30
Exhibit "E"	Map and description of +/- 100 acre tract within the Project which is to be conveyed from DEVELOPER to CITY for the Supplemental Project.	31
Exhibit "F"	Map and description of two tracts located east of the Project which are to be conveyed by CITY to DEVELOPER.	32

C. Parts Incorporated

All of the above-described exhibits are hereby incorporated into this Agreement by this reference for all purposes.

II. DEFINITIONS

As used in this Agreement, the following terms shall have the meanings set out below:

1. "4B CORPORATION" has the meaning set forth in Section V.D.1 below.

2. "4B CORPORATION Payments' has the meaning set forth in Section IV.A.3a below.

3. "Additional Available Tax Increment" shall mean (1) as the CITY, 30% of the CITY's Aggregate Available Tax Increment for the years 2015 through 2025 and 20% of the CITY's Aggregate Available Tax Increment for the years 2026 through the remaining Term of the ZONE, and (2) as the COUNTY, 33% of the COUNTY's Aggregate Available Tax Increment for the years 2015 through 2025 and 23% of the COUNTY's Aggregate Available Tax Increment for the years 2026 through the remaining Term of the ZONE.

4. "Additional Payments" has the meaning set forth in Section V.F.1. below.

5. "Administrative Costs" means reasonable costs directly incurred by a Participating Taxing Entity (as hereinafter defined) related to its agreement to participate in the development of the ZONE, as described in this Agreement. These costs include, but are not limited to, costs and expenses for legal review and financial analysis related to the ZONE incurred prior to entering into this Agreement, as well as any such costs and expenses incurred after this Agreement becomes effective. The aggregate reimbursable Administrative Costs for all the combined Participating Taxing Entities, which incur Administrative Costs over the life of the ZONE, shall not exceed an aggregate reimbursement of Four Hundred Thousand Dollars ($400,000), representing Three Hundred Thousand Dollars ($300,000.00) to the CITY and One Hundred Thousand Dollars ($100,000.00) to the COUNTY.

6. "Aggregate Available Tax Increment" shall mean (1) as to CITY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 100% of the CITY's M&O Tax Rate as levied, collected, and allocated to the general fund (i.e., excluding only the portion of the CITY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate"); and (2) as to COUNTY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 100% of the COUNTY's M&O Tax Rate as levied, collected and allocated to the general fund (i.e., excluding only the portion of the COUNTY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate.") To avoid doubt, for both the CITY and the COUNTY, the Available Tax Increment and the Additional Available Tax Increment together amount to the Aggregate Available Tax Increment.

7. "Agreement" means this Amended and Restated Interlocal Agreement.

8. **"**Available Tax Increment" shall mean (1) as to CITY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 70% for the years 2015 through 2025, and 80% for the years 2026 through the remaining Term of the ZONE, of the CITY's M&O Tax Rate as levied, collected, and allocated to the general fund (i.e., excluding only the portion of the CITY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate"); and (2) as to COUNTY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 67% for the years 2015 through 2025, and 77% for the years 2026 through the remaining Term of the ZONE**,** of the COUNTY's M&O Tax Rate as levied, collected and allocated to the general fund (i.e., excluding only the portion of the COUNTY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate.")

9. "Base Year" means the year in which a Tax Increment Reinvestment Zone is created by ordinance or order. The Base Year is 2014.

10. "Captured Appraised Value" means the captured appraised value of the ZONE, as defined by Section 311.012(b), Texas Tax Code (and as said Code may be amended from time to time); e.g., the total appraised value in a given year of all real property taxable by a participating taxing entity and located in the ZONE for that year less the total appraised value of that property in 2014, the Base Year of the ZONE.

11. "CITY" has the meaning set forth in Section I.A.1 above.

12. "CITY's Additional Pledge" has the meaning set forth in Section V.A.2. below.

13. "CITY's Approved Pre-TIRZ Administrative Costs" shall mean the CITY's out-of-pocket Administrative Costs incurred prior to December 22, 2014, in the amount of $70,000.00.

14. "CITY M&O Tax Rate" means that portion of the ad valorem tax rate used by the CITY for Maintenance and Operation. The CITY M&O Tax Rate may change from time to time. The CITY M&O Tax Rate as of December 31, 2014 is $0.4313 per $100 dollars of valuation on the Captured Appraised Value and may be changed by the CITY during the Term of the ZONE.

15. "COUNTY" has the meaning set forth in Section I.A.1 above.

16. "COUNTY's Additional Pledge" has the meaning set forth in Section IV.A.3. below.

17. "COUNTY Applicable M&O Tax Rate" for any given year means the lesser of (i) the Base Year M&O Tax Rate and (ii) the County M&O Tax Rate for the given year. The Base Year M&O Tax Rate was $0.5308 per $100 dollars of valuation.

18. "COUNTY M&O Tax Rate" means that portion of the ad valorem tax rate used by the COUNTY for maintenance and operation. The COUNTY M&O Tax Rate is subject to change by the COUNTY in accordance with applicable law.

19. "DEVELOPER" has the meaning set forth in Section I.A.1 above.

20. "Development Agreement" means the agreement among the DEVELOPER, the ZONE and the CITY attached hereto as Exhibit C.

21. "Educational Facilities Lease" has the meaning set forth in Section V.D.1. below.

22. "Educational Facilities Project Interlocal Funding Agreement" has the meaning set forth in Section V.C.1. below.

23. "First Amendment" means that certain First Amendment to Interlocal Agreement among the Parties executed September 15, 2015, which amended the Original Agreement.

24. "Letter of Intent" means that certain letter of intent between The Texas A&M University System, Texas A&M University, the COUNTY and the CITY dated September 15, 2015, relating to the Texas A&M University campus to be developed as part of the Supplemental Project.

25. "LGC" has the meaning set forth in Section V.D1. below.

26. "LOC" has the meaning set forth in Section VI.A.3.(e). below.

27. "Original Agreement" means that certain Interlocal Agreement executed between the CITY, the COUNTY, the ZONE, and the DEVELOPER, on the 17th day of March, 2015,

28. "Original Project and Finance Plan" shall mean the final project and finance plan for the ZONE approved by the Board of Directors of the ZONES and the City Commission of the CITY for the original Project and attached hereto as Exhibit "A".

29. "Participating Taxing Entity" means the CITY and COUNTY.

30. "Parties" has the meaning set forth in Section I.A.1 above.

31. "PID" has the meaning set forth in Section I.A.1. above.

32. "PID Assessment" has the meaning set forth in Section VI.A.3.(a) below.

33. "Pledged PID Revenues" has the meaning set forth in Section VI.A.3.(a) below.

34. "Pre-TIRZ Administrative Costs" shall have the meaning given in the Original Project and Finance Plan.

35. "Project" means the Tres Lagos Development Project, as that project is more specifically identified in the Original Project and Finance Plan.

36. "Project Costs" mean the costs of the Public Infrastructure Improvements, eligible for reimbursement under Chapter 311 of the Texas Tax Code, as described in the Original Project and Finance Plan. The Project Costs in the aggregate for the life of ZONE are estimated to be Two Hundred Thirty-Two Million Three Hundred Ninety-Six Thousand Three Hundred Fifteen and No/100 Dollars ($232,396,315.00), plus an estimated Twenty Six Million One Hundred Forty-Four Thousand Five Hundred Eighty-Five and No/100 Dollars ($26,144,585.00) in applicable qualifying interest costs for a total of Two Hundred Fifty-Eight Million Five Hundred Forty Thousand Nine Hundred One and No/100 Dollars ($258,540,901.00) as more completely set forth in Exhibit "A".

37. "Proposed Supplemental Educational Facilities Project Financing Structure" has the meaning set forth in Section V.D.1. below.

38. "Public Infrastructure Improvements" mean those certain public improvements to be constructed as part of the Project and described in the Original Project and Finance Plan as being public improvements the cost of which will be reimbursed out of either: (i) the Available Tax Increment or (ii) Tax Increment Bonds which will be repaid out of the Available Tax Increment.

39. "Separate Additional Funds" has the meaning set forth in Section V.F.1 below.

40. "Soft Project Costs" mean those costs identified as "Soft Project Costs" in the Original Project and Finance Plan, Exhibit 5, Sources and Uses Table, that are related to the Supplemental Project.

41. "Supplemental Debt Service Shortfall" has the meaning set forth in Section IV.A.3. below.

42. "Supplemental Educational Facilities Contract Revenue Bonds" mean the contract revenue bonds, as further described in Section V.D.1. hereof, issued by the CITY or the LGC on behalf of the CITY, in the face amount of +/- $10,000,000.00 to finance the construction of the Supplemental Educational Facilities Project.

43. "Supplemental Educational Facilities Project" means the construction of a building and related site work to serve as the initial buildings for the new Texas A&M University campus to be located on a +/- 100 acre tract within the Project, with a CITY contribution of approximately $10,000,000.00, toward the more than approximately $50,000,000.00 of buildings to be constructed in phase one of the campus.

44. "Supplemental Educational Facilities Project Costs" means the costs of Supplemental Project improvements that are eligible for reimbursement under Chapter 311 of the Texas Tax Code, as described in the Supplemental Project and Finance Plan, and which shall not exceed $10,000,000.00.

45. "Supplemental Master Infrastructure Taxable Certificates of Obligation" means the certificates of obligation, as further described in Section V.D.2. hereof, issued by the CITY to raise the amount of +/- $24,500,000.00 to finance the Supplemental Master Infrastructure Project.

46. "Supplemental Master Infrastructure Project" means the construction of the infrastructure for the tract whereupon the Supplemental Educational Facilities Project will be located and included in the Original Project and Finance Plan to be completed in Phase I of the Project.

47. "Supplemental Project" means the Supplemental Educational Facilities Project and the Supplemental Master Infrastructure Project.

48. "Supplemental Project and Finance Plan" means the Supplemental Project and Finance Plan approved by the ZONE BOARD on December 14, 2015, and by the Commission of the CITY on December 14, 2015, a copy of which is attached hereto as Exhibit "D".

49. "Supplemental Project Obligations" means the Supplemental Educational Facilities Contract Revenue Bonds and the Supplemental Master Infrastructure Taxable Certificates of Obligation.

50. "Tax Increment" for a Participating Taxing Entity means the total amount of ad valorem taxes levied and collected each year by that Participating Taxing Entity each year on the Captured Appraised Value of taxable real property in the ZONE. Further, with respect to the COUNTY, this term shall be further limited to the total amount of ad valorem taxes levied and collected only on behalf of the COUNTY each year.

51. "Tax Increment Base" means the total appraised value of all real property taxable by a Participating Taxing Entity and located in the ZONE as of January 1, 2014 the year in which the ZONE was designated.

52. "Tax Increment Fund" means the tax increment fund created by the CITY for the deposit of Available Tax Increments for the ZONE, entitled "Reinvestment Zone Number One City of McAllen, Texas Tax Increment Fund," which fund must be segregated and kept apart from any other funds of the CITY and may only be used to pay for expenses and costs approved by the Board of Directors for the ZONE.

53. "Tax Increment Payment" means the Available Tax Increment that a Participating Taxing Entity is required to deposit annually into the Tax Increment Fund in accordance with this Agreement and the Project Plan.

54. "Term of the ZONE" has the meaning set forth in Section III. A., below.

55.

56. "Transportation Zone" means Transportation Reinvestment Zone Number Two, Hidalgo County.

57. "ZONE" has the meaning set forth in Section I.A.1. above.

58. "ZONE BOARD" has the meaning set forth in Section I.A.1 above.

III. BACKGROUND

A. A Resolution No. 2014-51 approved by the CITY Commission of CITY on October 27, 2014, expressed the CITY's intent to create a tax increment financing reinvestment zone and to participate in the ZONE at a level of 80% of the CITY M&O Tax Rate to support revitalization and development activities for the ZONE, commonly known as the Tres Lagos TIRZ, pursuant to Chapter 311, Texas Tax Code. On November 18, 2014, the COUNTY, by resolution, expressed its intent to participate in the ZONE at a level of 77% of the COUNTY M&O Tax Rate. On December 22, 2014, the City Commission of the CITY passed and approved Ordinance No. 2014-75, which created the ZONE over the property contained in the ZONE, a legal description of which is contained in Exhibit "A" to the Development Agreement, and by which the CITY agreed to be bound to an interlocal agreement by and among the CITY, the COUNTY, the ZONE, and the DEVELOPER, pursuant to Section 311.013 of the Texas Tax Code. The ZONE is projected to terminate on December 31, 2044, unless earlier termination occurs under this Agreement (the "Term of the ZONE").

B. The CITY approved the preliminary project and finance plan on December 22, 2014. The CITY and the COUNTY agree to participate in the ZONE and to deposit their respective Tax Increment Payments to the Tax Increment Fund, in accordance with the terms, and in consideration for the agreements, set forth herein. The Tax Increment Fund was authorized by Ordinance No. 2014-75, attached hereto as Exhibit "B." The COUNTY hereby acknowledges receipt of notice of the initial creation of the ZONE. The CITY represents and warrants that it has found that it has complied with, and has complied with all legal requirements and notice requirements in the creation of the ZONE.

C. On March 17, 2015, the CITY, the COUNTY, the ZONE, and the DEVELOPER approved and executed the Original Agreement, which was amended on September 15, 2015 by the approval and execution by the Parties of the First Amendment. The Parties have agreed to enter into this Agreement, which will further amend, and fully restate, the Original Agreement as previously amended by the First Amendment, in order to implement and fund the Original Project and Finance Plan and the Supplemental Project and Finance Plan for the ZONE. As further described and subject to the terms of this Agreement, the CITY will contribute 70% and the COUNTY will contribute 67% of their respective Aggregate Available Tax Increment during the years 2015 through 2025, and thereafter through the remaining Term of the ZONE the CITY will contribute 80% and the COUNTY will contribute 77% of their respective Aggregate Available Tax Increment.

D. The ZONE BOARD and the CITY have approved the Supplemental Project and Finance Plan to add the Supplemental Project, and fund the construction of the Supplemental Educational Facilities Project, through: (a) the CITY pledging an additional 30% of its Aggregate Available Tax Increment in the years 2015 through 2025 and thereafter through the remaining Term of the ZONE by pledging an additional 20% of its Aggregate Available Tax Increment; and (b) the COUNTY contributing an additional 33% of its Aggregate Available Tax Increment in the years 2015 through 2025 and thereafter through the remaining Term of the ZONE by contributing an additional 23% of its Aggregate Available Tax Increment, all subject to the terms described in Sections IV and V of this Agreement.

E. This Agreement is being executed by the Parties to facilitate the funding and construction of the Project pursuant to the Original Project and Finance Plan and the Supplemental Project pursuant to the Supplemental Project and Finance Plan and the expedited construction of the Phase l improvements pursuant to the Original Finance and Project Plan to facilitate the Supplemental Project.

IV. RIGHTS AND OBLIGATIONS OF THE COUNTY

A. Tax Increment Participation by the COUNTY

1. Subject to the limitations set out in this Agreement, the COUNTY agrees to participate in the ZONE by contributing to the Tax Increment Fund an amount equal to (a) 67% of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year in the years 2015 through 2025, and (b) 77% of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year beginning in the year 2026 through the remaining Term of the ZONE. For the purpose of this Agreement the COUNTY M&O Tax Rate shall be calculated as set forth in Section IV.B of this Agreement. In no event shall the COUNTY contribution to the Tax Increment Fund pursuant to this Section IV.A.1 be greater than One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00) over the life of the ZONE (which for purposes of this provision will be deemed to end no later than December 31, 2044) beginning with the 2015 tax year.

2. The Parties hereto agree that the COUNTY's contribution to the Tax Increment Fund pursuant to Section IV.A.1 above shall be used to fund Project Costs including construction of Public Infrastructure Improvements to support the development and revitalization efforts in the ZONE. The COUNTY's contributions to the Tax Increment Fund pursuant to Section IV.A.1 above shall end when it has contributed the maximum total contribution provided for herein of One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00), or when it has made contributions of all Tax Increment Payments, as specified in the Project Plan, attributable to all periods through the end of the COUNTY's fiscal year 2044 (ending on December 31, 2044), whichever occurs first. The COUNTY's continued contribution to the Tax Increment Fund pursuant to Section IV.A.1 above is conditioned upon the DEVELOPER's continuing the Project and being in full compliance with the Development Agreement and on the continued existence of the ZONE. In the event the DEVELOPER has been found to be in Default, as said term is defined in Section 7.1 of the Development Agreement (hereinafter "Default"), the COUNTY may withhold its contributions without incurring penalty or interest until such time as the non-compliance has been remedied.

3. In addition to the agreement by the COUNTY pursuant to Section IV.A.1. above to participate in the ZONE at a rate of 67% in the years 2015 through 2025 and 77% in the years 2026 through the remaining Term of the ZONE, the COUNTY agrees to participate in the ZONE by contributing to the Tax Increment Fund an additional amount equal to 33% in the years 2015 through 2025 and 23% in the years 2026 through the remaining Term of the ZONE of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value with the ZONE, with said additional contribution being subject to the limitations contained herein (the "COUNTY's Additional Pledge"). The COUNTY's Additional Pledge will only be contributed by the COUNTY to the Tax Increment Fund, subject to Section IVA.4, if for any year the CITY's Additional Pledge for such tax year is not sufficient to pay the debt service on the Supplemental Educational Facilities Contract Revenue Bonds during such year (the "Supplemental Debt Service Shortfall") and/or there are any amounts outstanding necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed. In no event shall the COUNTY's Additional Pledge to the Tax Increment Fund and to reimburse the 4B CORPORATION for any 4B CORPORATION Payments exceed an aggregate total of Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00).

a. In the event the Supplemental Debt Service Shortfall for any tax year exceeds the amount of the COUNTY's Additional Pledge for such year, the COUNTY shall contribute the full amount of the COUNTY's Additional Pledge for that respective tax year to the Tax Increment Fund and the 4B CORPORATION shall be obligated (as contemplated and described in Section V.D.1. below) to contribute its available sales tax revenues to the Tax Increment Fund in an amount sufficient to cover the remaining Supplemental Debt Service Shortfall for that respective tax year. Funds contributed by the 4B CORPORATION to cover the remaining Supplemental Debt Service Shortfall for any tax year (after accounting for the full amount of the COUNTY's Additional Pledge for such year) as contemplated and described in Section V.D.1. below are herein referred to as the "4B CORPORATION Payments."

b. In the event the Supplemental Debt Service Shortfall for any tax year is less than the amount of the COUNTY's Additional Pledge for such tax year, the COUNTY shall contribute to the Tax Increment Fund, all or a portion of the COUNTY's Additional Pledge equal to: (i) the Supplemental Debt Service Shortfall for such tax year and/or (ii) an amount necessary for, and which shall be utilized by, the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed.

c. To the extent that the COUNTY's Additional Pledge for any tax year is more than (i) any Supplemental Debt Service Shortfall for such tax year, and (ii) any amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed, such excess amount shall not be part of the COUNTY's Additional Pledge or contributed to the Tax Increment Fund, and shall instead be retained by the COUNTY and may be used by the COUNTY for any lawful purpose.

d. The COUNTY's contribution of the COUNTY's Additional Pledge to the Tax Increment Fund is conditioned upon the CITY issuing the Supplemental Educational Facilities Contract Revenue Bonds to fund the Supplemental Project as set forth in the Supplemental Project and Finance Plan attached hereto as Exhibit "D". In the event the CITY does not issue the Supplemental Educational Facilities Contract Revenue Bonds to fund the Supplemental Project as prescribed in the Supplemental Project and Finance Plan, the COUNTY shall have no obligation to contribute the COUNTY's Additional Pledge to the Tax Increment Fund under this Agreement. The Parties hereto agree that all funds contributed by the COUNTY to the Tax Increment Fund pursuant to the COUNTY's Additional Pledge shall only be used to fund debt service payments on the Supplemental Educational Facilities Contract Revenue Bonds to pay the Supplemental Debt Service Shortfall and to pay amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments not previously reimbursed. The COUNTY's obligation to contribute the COUNTY's Additional Pledge to the Tax Increment Fund shall end when the aggregate contribution made under the COUNTY's Additional Pledge reaches Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00).

4. The Administrative Costs that the COUNTY has the right to deduct pursuant to Section IV.B.1 of this Agreement shall be deducted from the Tax Increment Payment due pursuant to Section IV.A.1. above and not from the COUNTY's Additional Pledge. In accordance with Section IV.B.9.b. hereof, the Parties agree that, notwithstanding anything to the contrary contained herein, in the event any of the property within the Zone is also within the Transportation Zone, during any period with respect to which the COUNTY is obligated to pay part of the tax increment on such real property in the ZONE to the Transportation Zone, in lieu of the aggregate amounts otherwise specified herein, the COUNTY's aggregate contribution to the ZONE with respect to property that is within the overlap between the Transportation Zone and the ZONE shall not exceed fifty percent (50%) of the Applicable M&O Tax Rate.

5. The CITY, the COUNTY, and the ZONE agree and acknowledge that the COUNTY is agreeing to the COUNTY's Additional Pledge in reliance on the commitments made by the CITY, the DEVELOPER and the ZONE BOARD to: (a) in the case of the CITY, (i) timely contribute its Tax Increment Payments to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement and the CITY's Additional Pledge to the Tax Increment Fund as they become due in accordance with and subject to the terms of Section V.A.2. hereof; (ii) issue and pay the Supplemental Project Obligations in accordance with this Agreement, and (iii) fulfill its obligations with respect to this Agreement and the Supplemental Project Obligations; (b) in the case of the DEVELOPER, fulfill its obligations with respect to this Agreement and the Supplemental Project Obligations, and (c) on the commitment of the ZONE to comply with the Original Project and Finance Plan and the Supplemental Project and Finance Plan. Any failure to fulfill such commitments will be considered a breach of this Agreement and such breach shall be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

B. Tax Increment Payment

1. The COUNTY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund, as provided in Section IV.A. of this Agreement, shall accrue as the COUNTY collects its Aggregate Available Tax Increment. The Parties hereto agree that all ad valorem property taxes collected each year by the COUNTY that are attributable to real property in the ZONE shall first constitute taxes on the Tax Increment Base and after the total amount of taxes on the value of the Tax Increment Base have been collected, then the remaining ad valorem taxes collected shall constitute the taxes collected on the value of the Tax Increment. The Parties agree that COUNTY shall have the right to deduct 1/30 of the COUNTY's pro-rata portion of Administrative Costs per year (1/30 of $100,000.00, or $3,333.33 per year) prior to contribution of its Tax Increment Payment described in Section IV.A.1 above into the Tax Increment Fund. The COUNTY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax year 2015 by the later of: (i) collection reports having been provided to the Hidalgo County Auditor's Office; (ii) May 1, 2016; or (iii) 30 days after the full execution and delivery of this Agreement by all Parties. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received up to January 31, 2016, but only for tax year 2015, beginning January 1, 2015. For subsequent payments, the COUNTY agrees to contribute its yearly Tax Increment Payment to the Tax Increment Fund annually not later than the 90th day after the delinquency date for the COUNTY's property taxes (or the first business day thereafter) following the end of each tax year. The amount of each Tax Increment Payment shall be based on the Tax Increments that are received up to January 31st following the end of the tax year, but which have not been previously deposited in the Tax Increment Fund, during the annual periods preceding each deposit date. Under no circumstances shall the COUNTY be required to participate in the ZONE with taxes attributable to periods after 2044.

The chart below is for illustrative purposes only and is an example of how the payment calculation is calculated by the COUNTY. Assuming for the purpose of this example, the tax value of the zone is $100,000.00, the base value is $10,000.00, the Administrative Costs are $10.00 per year and the overall COUNTY tax rate is $.0059.

Tax Increment Reinvestment Zone (TIRZ Payment Calculation)	**EXAMPLE**
TIRZ Real Property Certified Taxable Value as of January 31 (Provided by Hidalgo County Appraisal District (HCAD))	$100,000.00
(multiplied by) Hidalgo County Current (GHD) Tax Rate (.59/100)	$0.0059
GHD Actual Tax Level for all real property tax accounts located within the TIRZ	**$590.00**
TIRZ Real Property Certified Taxable Value as of January 31 (Provided by Hidalgo County Appraisal District (HCAD))	$100,000.00
(less) Tax Increment Base	$10,000.00
	$90,000.00
Captured Appraised Value	$90,000.00
(multiplied by) Contribution Rate (County Applicable M&O Tax Rate) (.51/100)	0.0051
Tax Levy Due to TIRZ	**$459.00**
Tax Increment (for February 1 through January 31) as per Collections Reports provided by Hidalgo County Tax Office	$300.00
(divided) GHD Actual Tax Levy for all Real Property tax accounts located within the TIRZ	$590.00
Percent Collected of Actual Levy	**50.85%**
Tax Levy Due to TIRZ	$459.00
(multiplied by) Percent Collected of Actual Levy	50.85%
Purposed Payment Amount	$233.40
(less) Administration Costs (as per Agreement)	$10.00
TAX INCREMENT PAYMENT AMOUNT DUE TO TAX INCREMENT FUND	**$223.40**

2. One month prior to a payment required under Section IV.B. of this Agreement, the CITY shall provide to the COUNTY the TIRZ annual audit report, an updated fact sheet that includes detail as to

what portion of the Project has been completed to date, a schedule of what portion of the Project is to be completed in the following year and a current roster of the ZONE's board members, including the term of each board member, the entity that appointed the board member, the date for the next annual meeting and a formal request for payment. In preparing this report, COUNTY acknowledges that CITY will be relying on information provided by the DEVELOPER. In addition to and as part of the CITY's fact sheet, the CITY shall supply the COUNTY with all information as required under Section 311.016 of the Texas Tax Code on or before the 90th day following the end of the fiscal year of the CITY. Such reports and documentation also shall include sufficient information on the Supplemental Debt Service Shortfall, the CITY's Additional Pledge, the 4B CORPORATION Payment, and the debt service obligation to allow the COUNTY and the Hidalgo County Auditor to confirm the calculation of the amount due, if any, on the COUNTY's Additional Pledge.

3. Pursuant to Chapter 311 of the Texas Tax Code, in the event there is a conflict between the Parties in regards to the amount of the Tax Increment owed by the COUNTY, the Hidalgo County Auditor will make the final determination as to the amount of any Tax Increment owed by the COUNTY under this Agreement. The annual Captured Appraised Value for the real property contained within the ZONE shall be determined by the Hidalgo County Appraisal District on the assessed appraised values and the Hidalgo County Tax Offices' verification of collections in regards to the real property contained with the ZONE.

4. Any delinquent deposit by the COUNTY of a Tax Increment Payment under this Agreement shall be administered as provided in Section 311.013(c) of the Texas Tax Code, which states as follows:

> "A taxing unit shall make a payment required by the Subsection (b) [Tax Increment Payment], not later than the 90th day after the delinquency date for the unit's property taxes. A delinquent payment incurs a penalty of five percent of the amount delinquent and accrues interest at an annual rate of ten percent."

The Parties expressly agree that the COUNTY shall not owe any penalty or interest on Tax Increments attributable to taxes that have been levied, but not received by the COUNTY. Further, the COUNTY shall not be liable for the payment of any penalties or interest if the report required to be filed by the CITY under Section 311.016 of the Texas Tax Code is not filed timely; or if the fact sheet, the TIRZ's annual audit report, and/or payment request are not provided to the County timely, or under any other situation in which the CITY does not pay interest or penalties.

5. The CITY and the ZONE agree to provide prior written notice to the COUNTY of a proposed change that would constitute at least a twenty-five percent (25%) increase or decrease in either the Project Costs or the scope and scale of the Project (hereinafter a "Material Change"); provided that any Material Change that is not approved by the COUNTY shall not change the amount of Tax Increment Payments due from the COUNTY. The ZONE BOARD shall have the right to amend and modify the Original Project and Finance Plan or the Supplemental Project and Finance Plan without providing prior written notice to the COUNTY so long as such amendment or modification does not constitute a Material Change.

6. If the CITY, the DEVELOPER or the Board of Directors for the ZONE materially breaches this Agreement, then the COUNTY may provide written notice to the CITY, the DEVELOPER and the ZONE (with a copy to any other Participating Taxing Entity still contributing Tax Increment Payments) demanding that all breaches must be resolved within ninety (90) days.

7. Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, the COUNTY shall not have any obligation or responsibility for any costs or

expenses associated with the development of the ZONE or the implementation of the Original Project and Finance Plan or the Supplemental Project and Finance Plan, including, without limitation, any obligation to pay or repay any bond or other debt issued by another Participating Taxing Entity, the ZONE or the ZONE BOARD relating to the ZONE or any costs associated with the operation of ZONE, the Project or any other projects relating thereto. This provision shall not affect the obligation of the COUNTY under any separate document or agreement related to the Project or its infrastructure (i.e. agreements relating to design and construction of drainage channels or improvements) to which the COUNTY is a signatory.

8. Notwithstanding anything herein to the contrary, the COUNTY's total Tax Increment Payment to the Tax Increment Fund over the Term of the ZONE shall not exceed:

a. One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00), pursuant to Section IV.A.1, and

b. Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00). pursuant the COUNTY's Additional Pledge;

plus any applicable penalty and/or interest allowed in Section 311.013 of the Tax Code, subject to the limitations on Section IV.B.4. hereof.

9. a. *General Provisions*. Subject to changes in the COUNTY M&O Tax Rate that will be addressed as set forth in Section IV.B.9.b. and IV.B.9.c. below, the COUNTY agrees to participate at seventy-seven percent (77%) of the COUNTY M&O Tax Rate (for tax year 2015, 77% equaling $.408716 per $100 valuation on the Captured Appraised Value) for real property within the Zone, without regard to whether the real property is also within the Transportation Zone.

b. *Transportation Zone Overlap*. Notwithstanding anything to the contrary contained herein, in the event any of the property within the Zone is also within the Transportation Zone, during any period with respect to which the COUNTY is obligated to pay part of the tax increment on such real property in the ZONE to the Transportation Zone, in lieu of the 77% of Applicable M&O Tax Rate specified above, the COUNTY contribution to the ZONE with respect to real property that is within the overlap between the Transportation Zone and the ZONE shall not exceed fifty percent (50%) of the Applicable M&O Tax Rate.

c. *Lower COUNTY M&O Tax Rate*. If the COUNTY M&O Tax Rate is less than $0.5308 per $100 valuation on the Captured Appraised Value during a year in the Term of the ZONE, then the maximum tax increment paid by the COUNTY into the Tax Increment Fund for such year shall not exceed seventy-seven percent (77%), or, with respect to property within an overlap with the Transportation Zone, fifty percent (50%) of the total amount of taxes collected by the COUNTY at the actual COUNTY M&O with respect to such year the COUNTY M&O Tax Rate is less than $0.5308 per $100 valuation.

d. *Greater COUNTY M&O Tax Rate*. If the COUNTY M&O Tax Rate is greater than $0.5308 per $100 valuation on the Captured Appraised Value during the Term of the ZONE, the COUNTY shall retain all taxes collected in excess of $0.5308 with respect to any real property within the ZONE per $100 valuation on the Captured Appraised Value, and to the extent any such excess has been contributed into the Tax Increment Fund, such excess shall be promptly refunded to the COUNTY.

10. COUNTY taxes that are delinquent for more than five years will be considered un-collectible and shall not be included in the Tax Increment Payment.

11. All rollback taxes received from assessments on real property within the ZONE shall be considered Tax Increment and shall be deposited into the Tax Increment Fund, however any penalties and interest received shall not be considered Tax Increment.

C. School District Provisions

The COUNTY understands that the Project is located in the Edinburg Consolidated Independent School District. The City and the Zone represent to the COUNTY that the Edinburg Consolidated Independent School District is not participating in the ZONE by contribution of Tax Increment but may request cooperation in the future with the ZONE BOARD relating to the planning, construction or financing of schools within the ZONE, subject to appropriate approvals.

D. Management of the ZONE

1. The ZONE shall in all respects be managed by the ZONE BOARD, including the Director appointed by the CITY. The ZONE BOARD shall have all powers allowed under Chapter 311 of the Texas Tax Code to manage the ZONE and carry out the Project and Financing Plan as limited by the CITY's ordinance creating the ZONE. The Participating Taxing Entities, during the Term of this Agreement, may inspect the Project site and review Project plans and drawings at times and intervals in a manner that will not interfere with ongoing operations.

2. The ZONE BOARD shall be composed of nine (9) members, as allowed under Section 311.009(b) of the Texas Tax Code. The COUNTY shall have the right to designate one member of the ZONE BOARD as its designee. If it is necessary for the CITY to make or confirm the appointment, the CITY shall appoint or confirm the COUNTY's designee.

E. Expansion of the ZONE

Notwithstanding anything to the contrary contained herein, the obligation of the COUNTY to participate in the ZONE is limited to the legal description of the ZONE contained in Exhibit "B" attached hereto and is subject to the terms of this Agreement. The COUNTY's participation shall not extend to the Tax Increment on any additional real property added to the ZONE by the CITY unless the COUNTY approves such participation in writing.

V. RIGHTS AND OBLIGATIONS OF CITY AND ZONE

A. Tax Increment Participation by the CITY

1. Subject to the terms of this Agreement and the Development Agreement, the CITY agrees to participate in the ZONE by contributing to the Tax Increment Fund (i) seventy percent (70%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each respective tax year during the years 2015 through 2025, and (ii) eighty percent (80%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each respective tax year beginning in 2026 through the remaining Term of the Zone. The CITY agrees to require the DEVELOPER and ZONE to implement the Original Project and Finance Plan. The CITY's contributions to the Tax Increment Fund pursuant to this Section V.A.1 shall end when the CITY has contributed the maximum total contribution provided for herein of One Hundred Twenty Million Nine Hundred Ninety Thousand One Hundred Forty-Nine and No/100 Dollars ($120,990,149.00), or when it has contributed all Tax Increments attributable to periods before the ZONE termination date in 2044, whichever occurs first. The CITY's continued contribution to the Tax Increment Fund is conditioned upon the DEVELOPER not being in Default, and on the continued existence of the ZONE. In

the event DEVELOPER is found to be in Default under the terms of the Development Agreement, the CITY may withhold its contribution without incurring penalty or interest until such time as the Default has been remedied. As a condition of the COUNTY's participation in this Agreement, the Finance and Project Plan must be followed and implemented pursuant to the Development Agreement.

The CITY and ZONE shall have an obligation to assure that the DEVELOPER follows and implements the Original Project and Finance Plan as provided in the Development Agreement. In the event the CITY and/or ZONE fails to appropriately require the Developer to comply with the Development Agreement or otherwise fails to appropriately implement the Original Project and Finance Plan, such failure will be considered a breach of this Agreement and subject to the cure provisions contained in Section IV.B.6. of this Agreement.

2. In addition to the agreement by CITY pursuant to Section V.A.1. above to participate in the Zone at a rate of 70% in the years 2015 through 2025 and 80% in the years 2026 through the remainder of the Term of the ZONE under the terms of this Agreement and the Development Agreement, the CITY agrees to participate in the Supplemental Project and Finance Plan for the ZONE by contributing to the Tax Increment Fund an additional amount equal to (i) thirty percent (30%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each year in the 2015 through 2025 tax years, and (ii) twenty percent (20%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each year beginning in 2026 through the remaining Term of the ZONE (the "CITY's Additional Pledge"). The CITY agrees to, and agrees to require the ZONE BOARD to, implement the Supplemental Project and Finance Plan. The CITY's contributions to the Tax Increment Fund of the CITY's Additional Pledge shall end upon the earlier of: (a) the CITY making all required principal and interest payments on the Supplemental Educational Facilities Contract Revenue Bonds using the CITY's Additional Pledge and the COUNTY's Additional Pledge (if required due to a Supplemental Debt Service Shortfall) until such bonds are paid in full; or (b) the ZONE termination date in 2044, whichever occurs first. As a condition of the COUNTY's participation through the COUNTY's Additional Pledge under this Amendment, the Supplemental Finance and Project Plan must be followed and implemented by the City and the ZONE BOARD.

The CITY shall have an obligation to assure that the ZONE BOARD follows and implements the Supplemental Project and Finance Plan. In the event the CITY and/or ZONE fails to appropriately implement the Supplemental Project and Finance Plan, such failure will be considered a breach of this Agreement and such breach shall be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

B. Tax Increment Payment

1. The CITY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund as provided above in Section V.A.1. and V.A.2. of this Agreement shall accrue as the CITY collects its Tax Increment. The CITY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax year 2015 by May 1, 2016. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received through January 31, 2016, but only for the tax year 2015 beginning January 1, 2015. For subsequent Tax Increment Payments, the CITY agrees to contribute its Tax Increment Payment to the Tax Increment Fund annually on or before May 1, 2016 (or the first business day thereafter) of each tax year. Any delinquent deposit of a Tax Increment Payment by the CITY under this Agreement shall be administered as provided in Section 311.013(c) of the Texas Tax Code (or its successor provision).

2. The COUNTY, the CITY and the ZONE expressly agree that the COUNTY and the CITY shall not owe any interest on Tax Increments that have been levied, but not received by the COUNTY or the CITY by the delinquency dates specified herein.

C. Financing of Project Costs

Each Participating Taxing Entity shall participate in the payment of Project Costs only to the extent described herein. The CITY and the ZONE shall be entitled to enter into any other agreements for the CITY or the ZONE to pay Project Costs and other reasonable expenses from the Available Tax Increments paid into the Tax Increment Fund without the consent of any other Participating Taxing Entity, but they will provide notice of such agreement(s) to each Participating Taxing Entity.

D. Financing of Supplemental Project

1. Supplemental Educational Facilities Contract Revenue Bonds. The CITY shall create a "local government corporation" (the "LGC") pursuant to Subchapter D of Chapter 431 of the Transportation Code to issue one or more series of contract revenue bonds, a tax-exempt series and, if necessary, a taxable series (collectively, the "Supplemental Educational Facilities Contract Revenue Bonds") to finance the construction of the Supplemental Educational Facilities Project pursuant to Section 1509.003 of the Texas Government Code, as amended.

Pursuant to this proposed financing structure (the "Proposed Supplemental Educational Facilities Project Financing Structure"), the CITY, the LGC, the ZONE and the Development Corporation of McAllen, Inc. (the "4B CORPORATION"), a nonprofit economic development corporation originally created pursuant Section 4B of Article 5190.6, Texas Revised Civil Statutes (now codified primarily in Chapters 501 and 505 of the Local Government Code and known as the Development Corporation Act), would enter into an inter-local agreement (the "Educational Facilities Project Interlocal Funding Agreement") whereby the 4B CORPORATION and the ZONE, from the respective sources set forth herein, would obligate themselves to pay the LGC an amount sufficient to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds.

The 4B CORPORATION's payment obligation pursuant to the Educational Facilities Project Interlocal Funding Agreement would be subordinate only to the obligation of the 4B CORPORATION to make debt service payments on its outstanding Sales Tax Revenue Bonds, Series 1998. The ZONE's payment obligation pursuant to the Educational Facilities Project Interlocal Funding Agreement would be limited to the availability of Additional Payments, as defined in Section V.F.1. hereof. Pursuant to the Educational Facilities Project Interlocal Funding Agreement, the 4B CORPORATION's source of pledge (its sales tax) would only be utilized to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds in the event that the Additional Payments would be insufficient to pay such debt service on the Supplemental Educational Facilities Contract Revenue Bonds. The Parties to this Agreement acknowledge that the 4B CORPORATION's pledge of its sales tax and the LGC's issuance of a series of the Supplemental Educational Facilities Contract Revenue Bonds as tax-exempt bonds shall significantly reduce the interest rate paid on the Supplemental Educational Facilities Contract Revenue Bonds.

Pursuant to the Educational Facilities Project Interlocal Funding Agreement, the CITY and the LGC would be required to construct the Supplemental Educational Facilities Project. The CITY and the LGC would also be required to enter into a lease (the "Educational Facilities Lease") with Texas A&M University for such Supplemental Educational Facilities Project. The Educational Facilities Lease would be for a term lasting as long as the Supplemental Educational Facilities Contract Revenue Bonds are outstanding and the lease would require only a nominal lease payment. At such time the Supplemental Educational Facilities Contract Revenue Bonds would be paid in full, the City, pursuant to Section

272.001(j) of the Texas Local Government Code, would donate the Supplemental Educational Facilities Project to Texas A&M University.

The City and the LGC would enter into the Educational Facilities Lease pursuant to Section 1509.001 of the Texas Government Code, as amended, to develop and diversify the economy of this state and eliminate unemployment or underemployment in this state under the authority granted by Section 52-a, Article III, Texas Constitution. The Educational Facilities Lease would necessarily terminate by its own terms should the Supplemental Educational Facilities Project cease to be operated as an institution of higher education during the time that the Supplemental Educational Facilities Contract Revenue Bonds are outstanding.

The Proposed Supplemental Educational Facilities Project Financing Structure described above and the issuance of the Supplemental Educational Facilities Contract Revenue Bonds by the LGC are contingent on their approval by the Public Finance Division of the Texas Attorney General.

2. Supplemental Master Infrastructure Taxable Certificates of Obligation. The CITY shall issue Certificates of Obligation (the "Supplemental Master Infrastructure Taxable Certificates of Obligation") pursuant to Subchapter C of Chapter 271, Texas Local Government Code (the Certificate of Obligation Act of 1971) to finance the Supplemental Master Infrastructure Project. The Certificates of Obligation shall be secured by a continuing ad valorem tax levied on all taxable property within the CITY, within the limits prescribed by law, and a pledge of the Pledged PID Revenues, as further defined below in Section VI.A.3.

Notwithstanding the CITY's pledge of city-wide ad valorem taxes to the payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation, city-wide ad valorem taxes shall only be utilized to pay debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation in the event that the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement are insufficient, and then only in the event the Pledged PID Revenues are insufficient to pay the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation. As further described in Section VI.A.3., the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement are intended as the primary source of payment of the principal and interest on the Supplemental Master Infrastructure Taxable Certificates of Obligation, and the Pledged PID Revenues are intended as the initial source of payment until the said Available Tax Increment is sufficient to pay the debt service. Further, the Pledged PID Revenues are intended as the secondary source of payment to the extent Available Tax Increment is insufficient to pay all of the said debt service on an annual basis.

The Parties to this Amendment acknowledge that the City's pledge of city-wide ad valorem taxes to the payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation shall significantly reduce the interest rate paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation.

3. Each Participating Taxing Entity and Party shall participate in the payment of the Supplemental Educational Facilities Project Costs only to the extent described herein. The CITY, PID, and/or the ZONE shall be entitled to enter into any other agreements for the CITY, the PID or the ZONE to pay the costs of the Supplemental Project and other reasonable expenses from the Available Tax Increments paid into the Tax Increment Fund without the consent of any other Participating Taxing Entity, but they will provide notice of such agreement(s) to each Participating Taxing Entity.

E. Disbursement of Funds (Other than the Separate Additional Funds) in the Tax Increment Fund

1. Each Participating Taxing Entity agrees the CITY shall administer the Tax Increment Fund on behalf of the ZONE, pursuant to Ordinance No. 2014-75 passed and approved by City Commission of the CITY on December 22, 2014, and pursuant to this Agreement. Except for amounts to be paid to the CITY and COUNTY for Administrative Costs, no funds shall be disbursed from the Tax Increment Fund without the prior written approval of the ZONE BOARD, and notice of the amount of funds used and disbursement of funds by the ZONE shall be given at least annually to the COUNTY. The Parties agree that the CITY shall be responsible for the annual administration of the ZONE.

2. The parties agree and understand that under no circumstances shall Administrative Costs, in the aggregate, exceed the amount set out and described in Section II.5 above. Accordingly the agreed allocation of the total amount budgeted for Administrative Costs ($400,000.00) shall be apportioned in the amount of $300,000.00 for repayment of the CITY's administrative costs and $100,000.00 for the repayment of the COUNTY's administrative costs during the Term of the ZONE, with the CITY and the COUNTY each receiving 1/30 of their pro-rata amount per year, as funds are available in the Tax Increment Fund. The CITY shall receive priority reimbursement of the Pre-TIRZ Administration Costs incurred by it. The Parties further agree and understand that the COUNTY and CITY are entitled to deduct their yearly pro-rata portion of Administrative Costs prior to depositing their respective Tax Increment Payment required pursuant to Section IV.A.1. (with respect to the COUNTY) and Section V.A.1 (with respect to the CITY) into the Tax Increment Fund, as long as said deductions are clearly delineated as a deduction from the Tax Increment Payment. If there is not enough Available Tax Increment to pay the COUNTY's and CITY's respective pro-rata yearly Administrative Costs, the COUNTY and CITY are entitled to deduct the pro-rata Administrative Costs which are owing to each entity respectively, prior to depositing the Tax Increment Payment in the Tax Increment Fund during the next year in which sufficient funds exist in the Available Tax Increment to pay said pro-rata Administrative Costs.

3. The CITY and ZONE will use funds in the Tax Increment Fund contributed by the COUNTY and the CITY pursuant to Section IV.A.1. and Section V.A.1, respectively, hereof to reimburse expenditures in the order and priority of payment set forth in the Original Project and Finance Plan and the Development Agreement. The foregoing notwithstanding, no such funds will be paid from the Tax Increment Fund to a Participating Taxing Entity for its financial or legal services incurred in any dispute arising under this Agreement with another Participating Taxing Entity or Participating Taxing Entities or a dispute with Developer.

4. In addition, the above notwithstanding, in the event that bonds or tax anticipation notes are issued pursuant to Section 311.015 of the Texas Tax Code, the proceeds shall be used to pay outstanding reimbursements according to the priority of payment, and thereafter the payment of debt service shall be a priority above any other annual obligations, and the amount of the Tax Increment Fund derived from amounts contributed by the COUNTY and the CITY pursuant to Section IV.A.1. and Section V.A.1, respectively, hereof shall not be directed for any other purpose until such bonds or tax anticipation notes or other obligations have been satisfied in full.

F. Disbursement of Separate Additional Funds in the Tax Increment Fund

1. Each Participating Taxing Entity agrees the ZONE BOARD shall administer the Tax Increment Fund on behalf of the ZONE, pursuant to Ordinance No. 2014-75 passed and approved by City Commission of the CITY on December 22, 2014 and pursuant to this Agreement. No funds that are deposited in or credited to the Tax Increment Fund as a result of the CITY's Additional Pledge, or the

COUNTY's Additional Pledge (except for that portion of the COUNTY's Additional Pledge, if any, which is to be used by the ZONE to pay amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments not previously reimbursed, all as further described in Section V.D.1. hereof) (collectively the "Additional Payments") shall be disbursed from the Tax Increment Fund for any purpose other than paying the costs of issuance for and making debt service payments on the Supplemental Educational Facilities Contract Revenue Bonds that shall be issued by the CITY or the LGC on behalf of the CITY. The Additional Payments shall be accounted for separately from other funds held within the Tax Increment Fund (the "Separate Additional Funds"), and no payments may be made from the Separate Additional Funds held within the Tax Increment Fund without the prior written approval of the ZONE BOARD. Notice of the amount of Separate Additional Funds used, disbursed, and remaining in the Tax Increment Fund shall be given at least annually to the COUNTY.

2. In the Educational Facilities Project Interlocal Funding Agreement, the CITY and the ZONE shall limit the use of the Separate Additional Funds in the Tax Increment Fund as set forth in the Supplemental Project and Finance Plan, and only for the cost of issuance and repayment of principal and interest on the Supplemental Educational Facilities Contract Revenue Bonds.

3. The Parties agree and covenant that the Additional Payments shall only be used to fund the costs of issuance of and pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds pursuant to the Supplemental Project and Finance Plan; and, that the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement shall be used as they are received on an annual basis under the following priority: first, to fund the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation that is due each year that said Supplemental Master Infrastructure Taxable Certificates of Obligation are outstanding; and, second, other uses according to the Priority of Payment set forth in Section 3.7.2 of the Development Agreement. The Parties further agree and covenant that the proceeds from the sale of the Supplemental Educational Facilities Contract Revenue Bonds and Supplemental Master Infrastructure Taxable Certificates of Obligation required to be issued by the CITY, or the LGC, as the case may be, pursuant to this Agreement shall be deposited in the Tax Increment Fund, accounted for separately, and only be used for the respective purposes and under the respective priority of uses as follows:

a. Proceeds from the Supplemental Educational Facilities Contract Revenue Bonds: All proceeds from the Supplemental Educational Facilities Contract Revenue Bonds shall only be used to fund the following costs and expenses in the following priority: first, payment of the CITY's obligations under the agreement with Texas A&M University, anticipated to be entered into pursuant to the Letter of Intent, related to the funding of buildings and related site work according to the Supplemental Project and Finance Plan to provide an initial Texas A&M University campus within the Project; and, second, other uses according to the Priority of Payment set forth in Section 3.7.2 of the Development Agreement.

b. Proceeds from the Supplemental Master Infrastructure Taxable Certificates of Obligation: All proceeds from any Supplemental Master Infrastructure Taxable Certificates of Obligation shall only be used to fund the following costs and expenses in the following priority: first, payment or reimbursement for Project Costs and Soft Project Costs for Phase I of the Project and Supplemental Project infrastructure as approved by the ZONE BOARD; second, payment of the CITY's Approved Pre-TIRZ Administrative Costs; third, payment of the CITY and the COUNTY's accrued incremental Administrative Costs; and fourth, other uses according to the priority of payment set forth in Section 3.7.2 of the Development Agreement.

VI. RIGHTS AND OBLIGATIONS OF DEVELOPER

A. Agreement by Developer

1. In return for the covenants and agreements made by the CITY, the COUNTY, and the ZONE, the DEVELOPER agrees to faithfully perform its obligations under this Agreement and the Development Agreement, including without limitation the obligation to follow and implement the Original Project and Finance Plan and the Supplemental Project and Finance Plan as those obligations are imposed by the Development Agreement and this Agreement. If the DEVELOPER fails to meet the obligations contained in this Agreement or the Development Agreement, it shall constitute a breach of this Agreement and be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

2. The Parties agree that if the sum of the CITY's Additional Pledge during the years 2015 through 2025 of the ZONE exceeds the amount required to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds during such years, any such excess shall be paid to the DEVELOPER.

3 The CITY finds that the Supplemental Project promotes the interests of the CITY, and that the Supplemental Project will confer a special benefit on the part of the CITY located within the PID. The Parties expressly agree to the following in relation to the issuance and payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation by the CITY:

a. The DEVELOPER hereby agrees and consents to the CITY and PID levying an annual PID assessment pursuant to Texas Local Government Code Section 372.017 (the "PID Assessment") on all property within the PID for the purpose and in the amount necessary to fund the annual debt service payments due on the Supplemental Master Infrastructure Taxable Certificates of Obligation (the "Pledged PID Revenues").

b. The PID hereby agrees to take all actions as required by law to cause the levy of the PID Assessment by the CITY for the purpose of funding the initial and supplemental debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation by the PID pursuant to this Agreement.

c. The PID agrees to deposit the Pledged PID Revenues into the PID fund as the PID Assessments are collected. The Parties agree that after the Pledged PID Revenues are deposited in the PID fund they will be accounted for separately and shall only be used to pay the annual debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation to the extent the amount of Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund pursuant to the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is insufficient to pay the said debt service for such year. To the extent that the Pledged PID Revenues are required to pay debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation, the PID hereby agrees to take all actions necessary to transfer the necessary Pledged PID Revenues in the PID Fund to the City's interest

and sinking fund that will be created for the benefit of the Supplemental Master Infrastructure Taxable Certificates of Obligation.

d. The Parties expressly agree that the PID will only be required to contribute the annual Pledged PID Revenues in the event the amount of Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund pursuant to the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is, or is projected to be, insufficient to pay the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation for such year.

The Parties agree that the PID Assessment levied to fund the Pledged PID Revenues will no longer be levied or assessed once the combined amount of the Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund each year under the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is equal to 120% or more of the debt service required to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation annually.

e. The DEVELOPER agrees to provide the CITY with an irrevocable letter of credit (the "LOC") which will be automatically renewed each year in the amount of the annual debt service payment due to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation for the year in which the LOC is provided. The first LOC required must be provided to the CITY no less than 30 days prior to the Supplemental Master Infrastructure Taxable Certificates of Obligation being issued. The LOC for each subsequent year must be provided to the CITY no later than January 15th of the year in which it is required to be provided. The LOC for each year will be released upon the PID making the debt service payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation due in each respective year. The DEVELOPER will no longer be required to provide a LOC to the CITY once the combined amount of the Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) equals 120% of the annual debt service required to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation.

B. Rights of Developer

1. The CITY, the COUNTY, and the ZONE agree and acknowledge that DEVELOPER is making the commitments identified herein in reliance on the commitments made by the CITY and the COUNTY to: (a) timely contribute their respective Tax Increment Payments to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement; (b) timely contribute

their respective Additional Pledge to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement; and (c) on the commitment of the ZONE to comply with the Original Project and Finance Plan and Supplemental Project and Finance Plan and properly and timely (within 30 days of approval if funds are available) process payments and reimbursements for proper work completed by the DEVELOPER and/or its successors, assigns, contractors or subcontractors.

2. The DEVELOPER shall have the right to serve as Project manager for the construction and installation of all public improvements and public infrastructure identified in the Original Project and Finance Plan and the Supplemental Project and Finance Plan, save and except for those obligations to be managed by the CITY or Texas A&M University under the Letter of Intent between said parties.

3. The DEVELOPER shall have the right to adjust or prioritize the schedule of construction of improvements within each Phase of the Project, provided that such adjustment or prioritization does not cause a Material Change in the Original Project and Finance Plan or in the Supplemental Project and Finance Plan.

4. The DEVELOPER shall have the right to use anticipated reimbursements to the DEVELOPER and other rights of the DEVELOPER under this Agreement and the Development Agreement to obtain financing for funding required to construct improvements within the Project, including the assignment or use of such reimbursements or rights as collateral, or the factoring of such rights and obligations to third parties, subject to the limitations contained in the Development Agreement.

5. The CITY and DEVELOPER agree that the DEVELOPER will convey to the CITY fee simple title to the +/- 100 acre site identified on Exhibit "E" for use as the site for the campus of Texas A&M University; and, in return, the CITY shall convey to the DEVELOPER fee title to the two (2) tracts identified on Exhibit "F". The CITY and DEVELOPER agree that the value of the +/- 100 acre tract to be conveyed by the DEVELOPER to the CITY together with the DEVELOPER's consent to the modification of the Development Agreement and this Agreement to facilitate the financing of the Supplemental Master Infrastructure Taxable Certificates of Obligation exceeds the value of the two (2) tracts which are to be conveyed from the CITY to the DEVELOPER. All conveyances required to be made under this subsection shall be closed within thirty (30) days from the execution of this Agreement with the DEVELOPER and CITY each paying one-half of the closing costs as well as their respective costs of phase I environmental reports.

VII. TERM AND TERMINATION

A. Term of the ZONE and Termination

This Agreement shall become effective as of the last date of execution by the Parties hereto, and shall remain in effect until December 31, 2044, unless earlier terminated as provided herein. Subject to the terms of this Agreement, the COUNTY agrees to participate under this Agreement, beginning with the 2015 tax year and ending in accordance with the terms provided herein. Notwithstanding anything to the contrary contained in this Agreement, the Parties agree and understand that the CITY's and COUNTY's Tax Increment Payments will not be made after December 31, 2045 for the 2044 tax year.

B. Early Termination

Neither the CITY, the COUNTY, nor the ZONE BOARD shall take any action to terminate the ZONE earlier than the Term of the ZONE as specified in Section III.A. above, except as set forth in the Development Agreement.

C. Disposition of Tax Increments

Upon expiration or termination of the ZONE and after all bonds and/or notes have been paid and all reimbursements have been made, any money remaining in the Tax Increment Fund, including from the Separate Additional Funds, shall be paid to the Participating Taxing Entities on a pro rata basis in accordance with Section 311.014(d) of the Texas Tax Code, or any successor provision thereto. Accounting to determine the pro rata distribution of remaining funds, including any Separate Additional Funds, to the respective taxing entities shall be conducted according to generally accepted accounting principles, and shall be subject to review and audit by the COUNTY upon reasonable request. In the event a discrepancy occurs between the reviews conducted by the CITY and COUNTY, said dispute will be resolved by the respective audit offices of the CITY and COUNTY. In the event the dispute cannot be resolved it shall be submitted to mediation under the rules of the American Mediation Association with a mediator agreed upon by the County Judge of the COUNTY and the City Manager of the CITY.

VIII. MISCELLANEOUS

A. Understanding

Any and all costs, including with respect to the Supplemental Project Obligations, incurred by the CITY, COUNTY or DEVELOPER are not, and shall never become, general obligations or debt of the COUNTY or any Participating Taxing Entity. With respect to the CITY, COUNTY and DEVELOPER's costs, only eligible Project Costs and other allowable expenses under applicable law, if any, incurred by the CITY, COUNTY or DEVELOPER shall be payable from the Tax Increment Fund in the manner and priority provided in the Original Project and Finance Plan, the Supplemental Project and Finance Plan and the Development Agreement and only to the extent that funds become available in the Tax Increment Fund. The Parties agree and understand that under no circumstance shall the eligible costs exceed the maximum specified in the Original Project and Finance Plan, the Supplemental Project and Finance Plan and the Development Agreement. The CITY and the COUNTY are not obligated above and beyond what is actually collected as its Available Tax Increment during the Term of the ZONE, which shall deposited into the Tax Increment Fund. The Separate Additional Funds in the Tax Increment Fund shall only be used as set forth in the Supplemental Project and Finance Plan and only for the payment of the costs of issuance of and repayment of principal and interest on the Supplemental Educational Facilities Contract Revenue Bonds.

B. Severability

In the event any term, covenant or condition herein contained shall be held to be invalid by any court of competent jurisdiction, such invalidity shall not affect any other term, covenant or condition herein contained.

C. Entire Agreement

This Agreement merges the prior negotiations and understandings of the Parties hereto, including the Original Agreement and the First Amendment, which are further amended and restated hereby, and embodies the entire agreement of the Parties. There are no other agreements, assurances, conditions, covenants (express or implied), or other terms with respect to the covenants, whether written or verbal, antecedent or contemporaneous, with the execution hereof.

Upon the occurrence of any event that allows the CITY to terminate hereunder, the COUNTY shall have the right to withhold tax increment payments under this Agreement until such time as such

event is cured, and the COUNTY shall not incur any penalties or interest with respect to any such withheld payments notwithstanding any provision herein to the contrary. With respect to the COUNTY's obligations, to the extent there is any discrepancy between this Agreement and any exhibit hereto, the terms of this Agreement shall control.

D. Written Amendment

This Agreement may be changed or amended only by a written instrument duly executed on behalf of each Party hereto. All Parties to this Agreement understand and recognize that only the City Commission of CITY and only the Commissioners Court of the COUNTY have authority to approve a change or amendment to this Agreement on behalf of the CITY or the COUNTY, respectively.

E. Notices

All notices required or permitted hereunder shall be in writing and delivered by personal delivery, facsimile or United States Postal Service (certified mail, return receipt requested) and addressed to the respective other Party at the address prescribed in Section I of this Agreement, or at such other address as the receiving Party may have theretofore prescribed by notice to the sending Party. Such notices shall be deemed delivered the earlier of: (i) when actually received by personal delivery or facsimile if received during normal business hours and on the next business day if received after normal business hours; or (ii), if sent by the United States Postal Service, on the date indicated by the United States Postal Service on the return receipt as the date on which it was received by the respective other Party.

F. Non-Waiver

Failure of any Party hereto to insist on the strict performance of any of the agreements herein or to exercise any rights or remedies accruing hereunder upon default or failure of performance shall not be considered a waiver of the right to insist on, or to enforce by any appropriate remedy, strict compliance with any other obligation hereunder or to exercise any right or remedy occurring as a result of any future default or failure of performance.

G. Assignment

All Parties to this Agreement understand and recognize that only the City Commission of the CITY and only the Commissioners Court of the COUNTY have authority to approve a delegation or assignment of the COUNTY's or the CITY's rights in this Agreement on behalf of the CITY or the COUNTY, respectively. All Parties further agree that the DEVELOPER shall have the right to assign the right to receive reimbursements to a third party for the purpose of obtaining financing, or to a related third party without obtaining consent of any other Party, provided that such reimbursements have been approved by the ZONE BOARD and such assignments are made in compliance with the Development Agreement.

H. Successors

This Agreement shall bind and benefit the Parties and their legal successors or assigns. This Agreement does not create any personal liability on the part of any trustee, officer, owner, partner, principal, employee, elected official or agent of a Party to this Agreement.

I. Amendments to Original Project and Finance Plan and Supplemental Project and Finance Plan

The COUNTY acknowledges that it was provided with a copy of the initial preliminary finance plan for review and comment before the Original Project and Finance Plan was finalized and approved by the City Commission of the CITY. The COUNTY further acknowledges that it was provided with a copy of the initial preliminary supplemental project and finance plan for review and comment before the Supplemental Project and Finance Plan was finalized and approved by the City Commission of the CITY. The Parties agree that a Material Change to the Original Project and Finance Plan or the Supplemental Project and Finance Plan shall not apply to the COUNTY unless the COUNTY approves the change as provided herein. Further, if such amendment to the Project and Finance Plan (i) has the effect of directly or indirectly increasing the percentage of Tax Increment to be contributed by the COUNTY; or (ii) increases or reduces the geographical area of the ZONE set forth in the Original Project and Finance Plan or the Supplemental Project and Finance Plan, the COUNTY must approve said amendment in order for the amendment to be binding on the COUNTY.

J. Access to Financial Information

The ZONE agrees to conduct or to cause to be conducted, at a minimum, an annual financial review, a copy of which will be provided to the COUNTY. Furthermore, each Party to this Agreement shall have reasonable access to financial or other information and audit reports regarding the operation of the ZONE, contribution of Tax Increment Payments, including the Additional Payments, to the Tax Increment Fund, and expenditures from the Tax Increment Fund for Project Costs and Supplemental Educational Facilities Project Costs, including all expenditures from the Separate Additional Funds. In addition, the CITY agrees, during the term of this Agreement, to prepare and deliver an annual report to the COUNTY in accordance with Section 311.016 and 311.0101(c), Texas Tax Code. The COUNTY shall have the right to withhold or delay payments to the Tax Increment Fund until such time as it has received the financial report (and other documentation and information pursuant to Section IV.B.2. above) from the CITY for the applicable tax year, and shall not incur any penalties or interest with respect to any such withheld or delayed payments notwithstanding any provision herein to the contrary.

K. Development Agreement

The CITY, DEVELOPER, and ZONE BOARD have entered into the Development Agreement. The CITY hereby agrees with COUNTY to use reasonable efforts to enforce and follow the provisions of the Development Agreement against DEVELOPER, including, without limitation, the DEVELOPER's compliance with all applicable building codes and ordinances, as modified or amended and all applicable federal, state, and local laws, rules, regulations, statutes, ordinances, orders and codes, as amended, pertained to the construction of the Project. The CITY and the ZONE agree to provide the COUNTY with a copy of any notice of Default that is delivered or sent to any party under the Development Agreement within five (5) business days after receipt of the notice by the CITY or the ZONE. The COUNTY shall have the right to consent to any waivers of Default. The COUNTY shall also have the rights to consent to any changes or modifications in DEVELOPER's or other Parties' obligations prior to such modifications or changes being effective, if modifications or changes constitute a Material Change.

L. ZONE Designation

The CITY represents that its designation of the ZONE meets the criteria of Section 311.005(a), Texas Tax Code.

IN WITNESS HEREOF, the CITY OF MCALLEN; HIDALGO COUNTY; DEVELOPER; TAX INCREMENT REINVESTMENT ZONE NUMBER ONE (1), CITY OF MCALLEN, TEXAS; and TRES LAGOS PUBLIC IMPROVEMENT DISTRICT have made and executed this Agreement in quintuple originals on this 15th day of December, 2015.

Supplemental A&M Project Financing Plan

A&M Site Building & Expanded Phase I Infrastructure

Supplemental Financing Plan for Project

- Original Phase I of Tres Lagos Project required $16.5mm in public infrastructure
- Phase I costs increase from $16.5mm to $24.5mm, and $10.0mm additional for vertical construction required to accommodate the A&M Project, the $24.5mm in infrastructure costs are already in Original Project and Finance Plan, but supplemental plan amendments are required to fund Vertical Costs

- Goals:
  - Facilitate Infrastructure and New Vertical costs at Lowest reasonable overall expense
  - Minimum City General Fund Exposure
  - Ultimate reliance on the Tax Increment Financing (TIF)
- **Financing Plan Proposal:**
  - Series A Contract Revenue Bonds: ~$12.8mm City Contract Revenue Bonds to Fund the A&M Project Vertical Construction

    - During first 10 years, 10% of Existing Tax Increment Revenue from Original Tres Lagos Project and Finance Plan will divert to cover Series A Debt Service (“Diverted Increment”)

    - City will fund remaining Series A debt service using City’s 20% residual Tax Increment not pledged to Original TIRZ Project Cost (“City Pledge”)

    - If City Pledge and Diverted Increment are not sufficient to cover Series A Debt Service County will contribute 10% of Existing Tax Revenue from Original Tres Lagos Project and Finance Plan for first 10 years.

    - County will pledge it’s 23% residual Tax Increment during years 2015 thru 2026 to cover any shortfall of debt service up to a maximum of $6.8mm (“County Pledge”)

  - Series B: ~$24.77mm City Secured Certificates of Obligation to Fund Required Infrastructure

    - Original City 80% and County 77% TIF Increment (less Diverted Increment) pledged to Fund Debt Service
    - Developer pays & guarantees Balance of Series B Debt Service with automatically renewable irrevocable Bank LOC (1 year Debt Service) and Public Improvement District Special Assessment on undeveloped Project Land

CITY OF McALLEN, TEXAS

Jefferies

Financing Plan Mechanics

- City issues 2 Series of City guaranteed obligations (Contract Revenue Bonds & Certificates of Obligation) with AA rating
  - Assumed to be one notch below current GO Rating

- Series A: Contract Revenue Bonds~$12.8mm 20 Year, Fixed Rate, Amortizing, Level Debt
  - Vertical Infrastructure
  - Interest Capitalized Years 1 to 3, Amortization Deferred
  - Non-taxable

- Series B: Certificates of Obligation~$24.77mm 30 Year, Fixed Rate, Amortizing, Increasing Debt Service
  - Horizontal Infrastructure
  - Taxable
  - Financing structured as interest only for 5 years and then gradual amortization of principal in years 6 to 30.
  - For first 10 Years, Diverted Increments will flow back to City for Series A Debt Service
  - Annual revenues from 77% and 80% original TIF (less Diverted Increment) pledged to fund debt service.
  - If Original TIF funds (77% and 80%less Diverted Increment) are not fully able to pay annual debt service:
    - Years 3 to 30 –Developer guarantees & pays annual balance of debt service
    - Developer provides City with Irrevocable Bank issued automatically renewing LOC equal to one year debt service for Series B Certificates of Obligation
    - PID Assessment for guaranteeing payment of Debt Service until original TIF increment generates at least 120% of annual Series B debt service, then PID assessment extinguished

PID Credit Enhancement Mechanics

- PID Special Assessment put in place in 2015, with first Special Assessments for Debt Guarantee (SADG) levied for interest payments in 2016 thru 2020 and principal & interest debt service starting in approximately 2021
- PID levy is basically credit enhancement to the growing TIF revenue stream
- PID levy expected to decrease each year starting in 2019 as TIF revenues increase
- If development occurs as expected, PID levy for principal would never be required, and no PID assessments should be required after year 2020
- Pro rata PID Assessment for debt service on Certificates of Obligation may be paid at sale of assessed undeveloped property in lump sum to satisfy assessment lien, or paid as scheduled in annual or semi-annual payments to cover Debt Service

City Benefits

- Lowest possible cost of capital for the Project
- Minimizes tax increment required for this project component so that TIF funds can more efficiently be applied to other projects
- Bootstraps project development both efficiently and quickly
- City receives redirected 10% of Original TIF Increment (up to $2.5mm) during years 1 thru 10 of Zone to offset Series A Contract Revenue Bonds debt service obligation
- City receives redirected 10% of Original County TIF Increment (up to $6.8 mm) during years 1 thru 10 of Zone to Offset Series A Contract Revenue Bonds debt service obligation
- City has PID lien on Developer's Undeveloped Land to back Series B debt
- City obtains Developer's 100 AC site with all improvements and utilities to site for A&M Project via land swap to Developer of less valuable City land (page 7)

City Benefits

- Lowest possible cost of capital for the Project
- Minimizes tax increment required for this project component so that TIF funds can more efficiently be applied to other projects
- Bootstraps project development both efficiently and quickly
- City receives redirected 10% of Original TIF Increment (up to $2.5mm) during years 1 thru 10 of Zone to offset Series A Contract Revenue Bonds of O Debt Service obligation
- City receives redirected 10% of Original County TIF Increment (up to $6.8 mm) during years 1 thru 10 of Zone to Offset Series A Contract Revenue Bonds Debt service obligation
- City has PID lien on Developer's Undeveloped Land to back Series B debt
- City obtains Developer's 100 AC site with all improvements and utilities to site for A&M Project via land swap to Developer of less valuable City land (Slide 7)

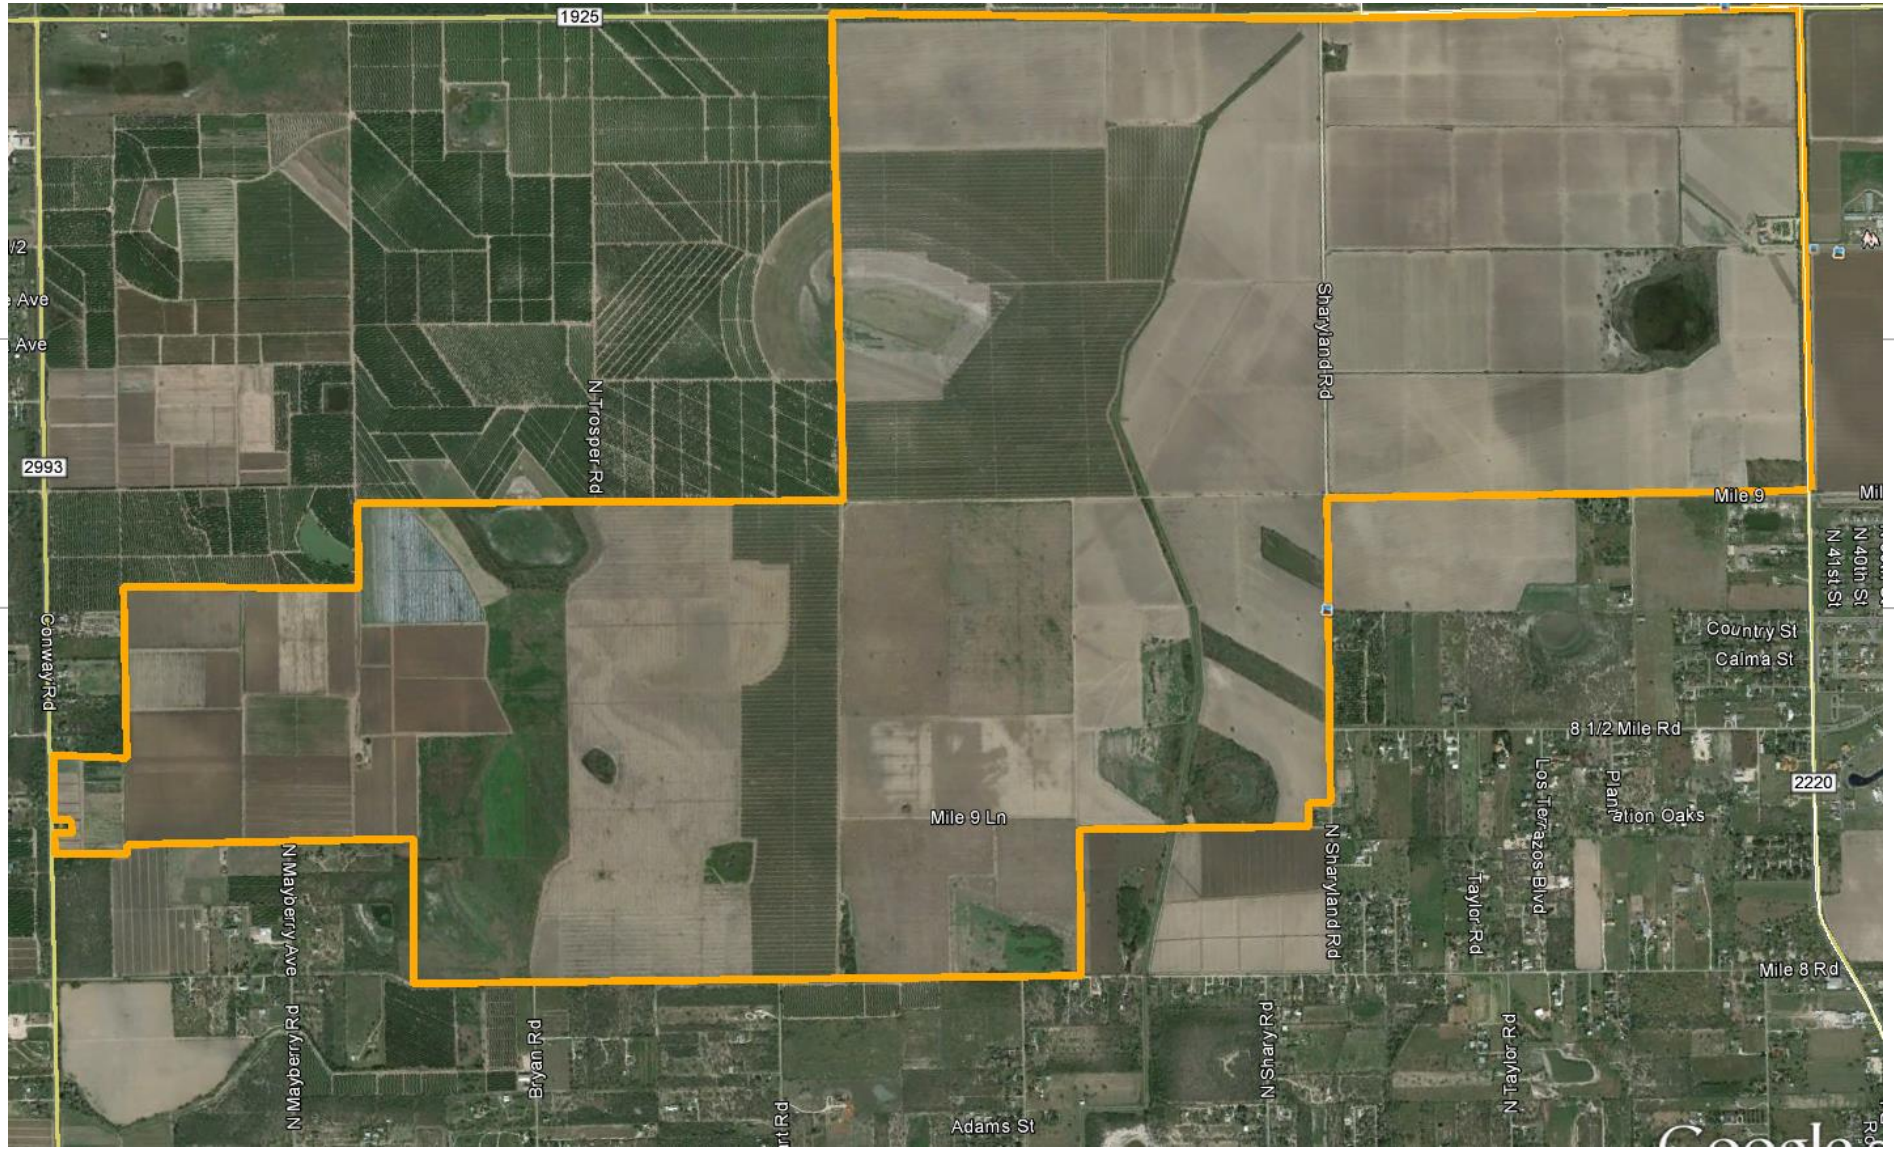
Financing Schedule

Financing Timeline	
Week 1	▪ Kickoff Meeting, ▪ Hire All Consultants ▪ Refine Business Points As Necessary
Week 2	▪ First Draft Indenture Distributed
Week 3	▪ First Draft Preliminary Offering Statement (POS) Distributed ▪ Comments due on Indenture
Week 4	▪ Second Draft Indenture Distributed ▪ Comments due on POS
Week 5	▪ Second Draft POS Distributed ▪ Documents Sent to Rating Agencies and Insurers ▪ [Prefile with Attorney General As Necessary]
Week 6	▪ Rating Agency Conference Calls and Presentations ▪ Receive Rating
Week 7	▪ Post POS Electronically ▪ C of O Marketing Begins
Week 8 & 9	▪ C of O Pricing
Week 11	▪ C of O Closing

Project Plan and Finance Plan – General Information

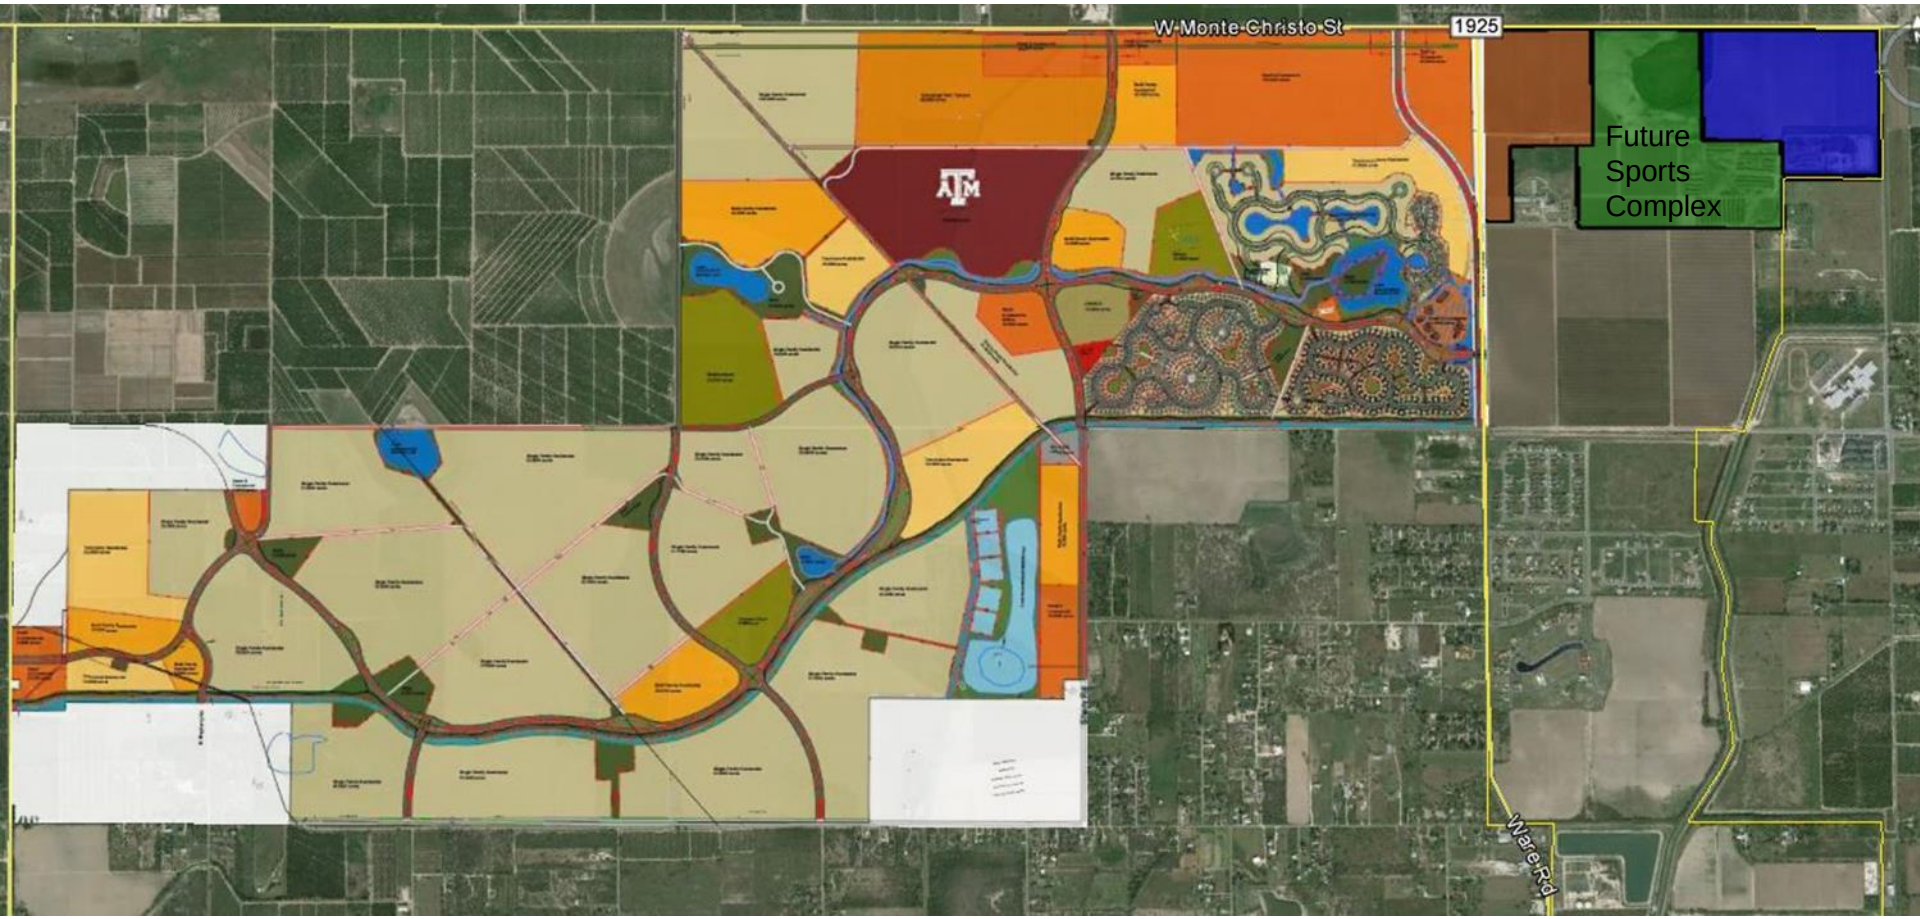
DESCRIPTION AND MAP SHOWING EXISTING USES AND CONDITIONS OF REAL PROPERTY IN THE ZONE

All real property in the Zone is currently undeveloped farm land, with no residential structures, and is under agricultural exemption.



DESCRIPTION AND MAP SHOWING PROPOSED USES OF PROPERTY IN THE ZONE

The proposed uses in the Zone are as depicted in the Original Finance and Project Plan, as modified in the Below Land Plan
The proposed use of the 100 Acre A&M Site will be an institutional and/or office use meeting the requirements of the C-4 Zoning District
All other Land Use and Zoning will be adjusted as indicated below
No other changes in City or County Master Plan, building codes, other municipal ordinances, and subdivision rules and regulations are required
(A full size copy of the below plan is available for inspection and copying at the Board's Office)



OTHER PROJECT PLAN DETAILS:

ESTIMATED PROJECT COSTS: The Original Project and Finance Plan for the Zone is not reduced or diminished by this Amendment. This Amendment only structures financing for funding (Series B) of the first $24.5mm of the overall $258.9mm in infrastructure costs, and adds an additional $10mm in vertical and onsite project cost for building on the 100 acre Site, and structures Contract Revenue Bond financing (Series A) for funding such $10.0mm.

ESTIMATED NON-PROJECT COSTS:
$0.00

METHOD OF RELOCATING PERSONS TO BE DISPLACED:
No displacement will occur as a result of the Project

OTHER FINANCE PLAN DETAILS:

ESTIMATED PROJECT COSTS OF THE ZONE: The project costs for infrastructure and administrative expenses for the original Tres Lagos Project is provided in the Original Project and Finance Plan for the Zone and will not substantially change as a result of this Amendment and Supplemental Project and Finance Plan for the A&M Project. The only changes to the Original Project and Finance Plan will be the issuance of Series B Certificates of Obligation to fund Project Costs, the issuance of Series A Contract Revenue Bonds and the priority of use of the TIF funds which will be:

(1st) Payment of Series A and Series B debt service
(2nd) Payment of City Approved Pre-TIRZ Administrative costs
(3rd) Payment of City and County Approved Administrative costs
(4th) Payment of City project costs (fiber, water reuse, and fire station)
(5th) Payment of those public works and public improvements in those locations and quantities as set forth in the Original Project and Finance Plan, as amended and supplemented hereby.

OTHER FINANCE PLAN DETAILS (con't.):

ECONOMICALLY FEASIBILITY AND ECONOMIC FEASIBILITY STUDY DETAILS:
The economic feasibility of this Project Plan and Finance Plan, as amended and supplemented hereby, was analyzed by the independent economic consultant for the Developer, City Staff, and County Staff. In addition all financial projections contained in this Project and Finance Plan were reviewed, stress tested, and adjusted by the City's Financial Advisor, and by Jeffries, for the contemplated bond transactions. After consultation with the above parties, and after consideration of this Plan and its attachments, by their respective action approving this Amended and Supplemental Project Plan and Finance Plan, the Board of the Zone and the Commission for the City of McAllen find that this Project Plan and Finance Plan is Economically Feasible and will provide benefit to the City of McAllen and Hidalgo County.

ESTIMATED AMOUNT OF BONDED INDEBTEDNESS TO BE INCURRED:
(1) Series A for funding Project Cost of vertical construction and associated site work -$10,000,000.00 (plus cost of issuance)
(1) Series B for funding Project Cost of Master Infrastructure for expanded Phase I -$24,5000,000.00 (plus cost of issuance)

ESTIMATED TIME WHEN RELATED COSTS OR MONETARY OBLIGATIONS ARE TO BE INCURRED:
Year 2016 -See slides on pages 8 thru 27 hereof for details of issuance of obligations

DESCRIPTION OF THE METHODS OF FINANCING ALL ESTIMATED PROJECT COSTS AND THE EXPECTED SOURCES OF REVENUE TO FINANCE OR PAY PROJECT COSTS, INCLUDING THE PERCENTAGE OF TAX INCREMENT TO BE DERIVED FROM THE PROPERTY TAXES OF EACH TAXING UNIT ANTICIPATED TO CONTRIBUTE TAX INCREMENT TO THE ZONE THAT LEVIES TAXES ON REAL PROPERTY IN THE ZONE:
Method of financing project costs and percent of Tax Increment to be derived from taxes of each taxing unit are set forth in the forgoing slides and spreadsheets on pages 9 thru 30 hereof. In summary they are:

	Original Project Tres Lagos	Supplemental Project A&M Project
City of McAllen Tax Increment	80%	20%
Hidalgo County Tax Increment	77%	23% (only if shortfall in Series A debt service)

CURRENT TOTAL APPRAISED VALUE OF TAXABLE REAL PROPERTY IN THE ZONE:
Appraised assessed value: $1,064,613.00

ESTIMATED CAPTURED APPRAISED VALUE OF THE ZONE DURING EACH YEAR OF ITS EXISTENCE:
See tables on page 17 hereof

DURATION OF THE ZONE:
30 years

BOND ISSUANCE TEAM:
Financial Adviser: First Southwest -Anne Burger Entrekin
Co-Underwriters: Jeffries – Matt Challis & Raymond James -Tom Oppenheim

Exhibit "D"	Amended and Supplemental Project and Finance Plan approved by the ZONE BOARD on November 18, 2015 and by the Commission of the CITY on December 14, 2015.	30
Exhibit "E"	Map and description of +/- 100 acre tract within the Project which is to be conveyed from DEVELOPER to CITY for the Supplemental Project.	31
Exhibit "F"	Map and description of two tracts located east of of the Project which are to be conveyed by CITY to DEVELOPER.	32

C. Parts Incorporated

All of the above-described exhibits are hereby incorporated into this Agreement by this reference for all purposes.

II. DEFINITIONS

As used in this Agreement, the following terms shall have the meanings set out below:

1. "4B CORPORATION" has the meaning set forth in Section V.D.1 below.

2. "4B CORPORATION Payments' has the meaning set forth in Section IV.A.3a below.

3. "Additional Available Tax Increment" shall mean (1) as the CITY, 30% of the CITY's Aggregate Available Tax Increment for the years 2015 through 2025 and 20% of the CITY's Aggregate Available Tax Increment for the years 2026 through the remaining Term of the ZONE, and (2) as the COUNTY, 33% of the COUNTY's Aggregate Available Tax Increment for the years 2015 through 2025 and 23% of the COUNTY's Aggregate Available Tax Increment for the years 2026 through the remaining Term of the ZONE.

4. "Additional Payments" has the meaning set forth in Section V.F.1. below.

5. "Administrative Costs" means reasonable costs directly incurred by a Participating Taxing Entity (as hereinafter defined) related to its agreement to participate in the development of the ZONE, as described in this Agreement. These costs include, but are not limited to, costs and expenses for legal review and financial analysis related to the ZONE incurred prior to entering into this Agreement, as well as any such costs and expenses incurred after this Agreement becomes effective. The aggregate reimbursable Administrative Costs for all the combined Participating Taxing Entities, which incur Administrative Costs over the life of the ZONE, shall not exceed an aggregate reimbursement of Four

Hundred Thousand Dollars ($400,000), representing Three Hundred Thousand Dollars ($300,000.00) to the CITY and One Hundred Thousand Dollars ($100,000.00) to the COUNTY.

6. "Aggregate Available Tax Increment" shall mean (1) as to CITY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 100% of the CITY's M&O Tax Rate as levied, collected, and allocated to the general fund (i.e., excluding only the portion of the CITY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate"); and (2) as to COUNTY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 100% of the COUNTY's M&O Tax Rate as levied, collected and allocated to the general fund (i.e., excluding only the portion of the COUNTY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate.") To avoid doubt, for both the CITY and the COUNTY, the Available Tax Increment and the Additional Available Tax Increment together amount to the Aggregate Available Tax Increment.

7. "Agreement" means this Amended and Restated Interlocal Agreement.

8. **"**Available Tax Increment" shall mean (1) as to CITY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 70% for the years 2015 through 2025, and 80% for the years 2026 through the remaining Term of the ZONE, of the CITY's M&O Tax Rate as levied, collected, and allocated to the general fund (i.e., excluding only the portion of the CITY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate"); and (2) as to COUNTY, an amount calculated as a millage rate per $100 of Captured Appraised Value of real property in the ZONE that equals 67% for the years 2015 through 2025, and 77% for the years 2026 through the remaining Term of the ZONE, of the COUNTY's M&O Tax Rate as levied, collected and allocated to the general fund (i.e., excluding only the portion of the COUNTY's property tax rate that is apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate.")

9. "Base Year" means the year in which a Tax Increment Reinvestment Zone is created by ordinance or order. The Base Year is 2014.

10. "Captured Appraised Value" means the captured appraised value of the ZONE, as defined by Section 311.012(b), Texas Tax Code (and as said Code may be amended from time to time); e.g., the total appraised value in a given year of all real property taxable by a participating taxing entity and located in the ZONE for that year less the total appraised value of that property in 2014, the Base Year of the ZONE.

11. "CITY" has the meaning set forth in Section I.A.1 above.

12. "CITY's Additional Pledge" has the meaning set forth in Section V.A.2. below.

13. "CITY's Approved Pre-TIRZ Administrative Costs" shall mean the CITY's out-of-pocket Administrative Costs incurred prior to December 22, 2014, in the amount of $70,000.00.

14. "CITY M&O Tax Rate" means that portion of the ad valorem tax rate used by the CITY for Maintenance and Operation. The CITY M&O Tax Rate may change from time to time. The CITY M&O Tax Rate as of December 31, 2014 is $0.4313 per $100 dollars of valuation on the Captured Appraised Value and may be changed by the CITY during the Term of the ZONE.

15. "COUNTY" has the meaning set forth in Section I.A.1 above.

16. "COUNTY's Additional Pledge" has the meaning set forth in Section IV.A.3. below.

17. "COUNTY Applicable M&O Tax Rate" for any given year means the lesser of (i) the Base Year M&O Tax Rate and (ii) the County M&O Tax Rate for the given year. The Base Year M&O Tax Rate was $0.5308 per $100 dollars of valuation.

18. "COUNTY M&O Tax Rate" means that portion of the ad valorem tax rate used by the COUNTY for maintenance and operation. The COUNTY M&O Tax Rate is subject to change by the COUNTY in accordance with applicable law.

19. "DEVELOPER" has the meaning set forth in Section I.A.1 above.

20. "Development Agreement" means the agreement among the DEVELOPER, the ZONE and the CITY attached hereto as Exhibit C.

21. "Educational Facilities Lease" has the meaning set forth in Section V.D.1. below.

22. "Educational Facilities Project Interlocal Funding Agreement" has the meaning set forth in Section V.C.1. below.

23. "First Amendment" means that certain First Amendment to Interlocal Agreement among the Parties executed September 15, 2015, which amended the Original Agreement.

24. "Letter of Intent" means that certain letter of intent between The Texas A&M University System, Texas A&M University, the COUNTY and the CITY dated September 15, 2015, relating to the Texas A&M University campus to be developed as part of the Supplemental Project.

25. "LGC" has the meaning set forth in Section V.D1. below.

26. "LOC" has the meaning set forth in Section VI.A.3.(e). below.

27. "Original Agreement" means that certain Interlocal Agreement executed between the CITY, the COUNTY, the ZONE, and the DEVELOPER, on the 17th day of March, 2015,

28. "Original Project and Finance Plan" shall mean the final project and finance plan for the ZONE approved by the Board of Directors of the ZONES and the City Commission of the CITY for the original Project and attached hereto as Exhibit "A".

29. "Participating Taxing Entity" means the CITY and COUNTY.

30. "Parties" has the meaning set forth in Section I.A.1 above.

31. "PID" has the meaning set forth in Section I.A.1. above.

32. "PID Assessment" has the meaning set forth in Section VI.A.3.(a) below.

33. "Pledged PID Revenues" has the meaning set forth in Section VI.A.3.(a) below.

34. "Pre-TIRZ Administrative Costs" shall have the meaning given in the Original Project and Finance Plan.

35. "Project" means the Tres Lagos Development Project, as that project is more specifically identified in the Original Project and Finance Plan.

36. "Project Costs" mean the costs of the Public Infrastructure Improvements, eligible for reimbursement under Chapter 311 of the Texas Tax Code, as described in the Original Project and Finance Plan. The Project Costs in the aggregate for the life of ZONE are estimated to be Two Hundred Thirty-Two Million Three Hundred Ninety-Six Thousand Three Hundred Fifteen and No/100 Dollars ($232,396,315.00), plus an estimated Twenty Six Million One Hundred Forty-Four Thousand Five Hundred Eighty-Five and No/100 Dollars ($26,144,585.00) in applicable qualifying interest costs for a total of Two Hundred Fifty-Eight Million Five Hundred Forty Thousand Nine Hundred One and No/100 Dollars ($258,540,901.00) as more completely set forth in Exhibit "A".

37. "Proposed Supplemental Educational Facilities Project Financing Structure" has the meaning set forth in Section V.D.1. below.

38. "Public Infrastructure Improvements" mean those certain public improvements to be constructed as part of the Project and described in the Original Project and Finance Plan as being public improvements the cost of which will be reimbursed out of either: (i) the Available Tax Increment or (ii) Tax Increment Bonds which will be repaid out of the Available Tax Increment.

39. "Separate Additional Funds" has the meaning set forth in Section V.F.1 below.

40. "Soft Project Costs" mean those costs identified as "Soft Project Costs" in the Original Project and Finance Plan, Exhibit 5, Sources and Uses Table, that are related to the Supplemental Project.

41. "Supplemental Debt Service Shortfall" has the meaning set forth in Section IV.A.3. below.

42. "Supplemental Educational Facilities Contract Revenue Bonds" mean the contract revenue bonds, as further described in Section V.D.1. hereof, issued by the CITY or the LGC on behalf of the CITY, in the face amount of +/- $10,000,000.00 to finance the construction of the Supplemental Educational Facilities Project.

43. "Supplemental Educational Facilities Project" means the construction of a building and related site work to serve as the initial buildings for the new Texas A&M University campus to be located on a +/- 100 acre tract within the Project, with a CITY contribution of approximately $10,000,000.00, toward the more than approximately $50,000,000.00 of buildings to be constructed in phase one of the campus.

44. "Supplemental Educational Facilities Project Costs" means the costs of Supplemental Project improvements that are eligible for reimbursement under Chapter 311 of the Texas Tax Code, as described in the Supplemental Project and Finance Plan, and which shall not exceed $10,000,000.00.

45. "Supplemental Master Infrastructure Taxable Certificates of Obligation" means the certificates of obligation, as further described in Section V.D.2. hereof, issued by the CITY to raise the amount of +/- $24,500,000.00 to finance the Supplemental Master Infrastructure Project.

46. "Supplemental Master Infrastructure Project" means the construction of the infrastructure for the tract whereupon the Supplemental Educational Facilities Project will be located and included in the Original Project and Finance Plan to be completed in Phase I of the Project.

47. "Supplemental Project" means the Supplemental Educational Facilities Project and the Supplemental Master Infrastructure Project.

48. "Supplemental Project and Finance Plan" means the Supplemental Project and Finance Plan approved by the ZONE BOARD on November 18, 2015, and by the Commission of the CITY on December 14, 2015, a copy of which is attached hereto as Exhibit "D".

49. "Supplemental Project Obligations" means the Supplemental Educational Facilities Contract Revenue Bonds and the Supplemental Master Infrastructure Taxable Certificates of Obligation.

50. "Tax Increment" for a Participating Taxing Entity means the total amount of ad valorem taxes levied and collected each year by that Participating Taxing Entity each year on the Captured Appraised Value of taxable real property in the ZONE. Further, with respect to the COUNTY, this term shall be further limited to the total amount of ad valorem taxes levied and collected only on behalf of the COUNTY each year.

51. "Tax Increment Base" means the total appraised value of all real property taxable by a Participating Taxing Entity and located in the ZONE as of January 1, 2014 the year in which the ZONE was designated.

52. "Tax Increment Fund" means the tax increment fund created by the CITY for the deposit of Available Tax Increments for the ZONE, entitled "Reinvestment Zone Number One City of McAllen, Texas Tax Increment Fund," which fund must be segregated and kept apart from any other funds of the CITY and may only be used to pay for expenses and costs approved by the Board of Directors for the ZONE.

53. "Tax Increment Payment" means the Available Tax Increment that a Participating Taxing Entity is required to deposit annually into the Tax Increment Fund in accordance with this Agreement and the Project Plan.

54. "Term of the ZONE" has the meaning set forth in Section III. A., below.

55. "Transportation Zone" means Transportation Reinvestment Zone Number Two, Hidalgo County.

56. "ZONE" has the meaning set forth in Section I.A.1. above.

57. "ZONE BOARD" has the meaning set forth in Section I.A.1 above.

III. BACKGROUND

A. A Resolution No. 2014-51 approved by the CITY Commission of CITY on October 27, 2014, expressed the CITY's intent to create a tax increment financing reinvestment zone and to participate in the ZONE at a level of 80% of the CITY M&O Tax Rate to support revitalization and development activities for the ZONE, commonly known as the Tres Lagos TIRZ, pursuant to Chapter 311, Texas Tax Code. On November 18, 2014, the COUNTY, by resolution, expressed its intent to participate in the ZONE at a level of 77% of the COUNTY M&O Tax Rate. On December 22, 2014, the City Commission of the CITY passed and approved Ordinance No. 2014-75, which created the ZONE over the property contained in the ZONE, a legal description of which is contained in Exhibit "A" to the Development Agreement, and by which the CITY agreed to be bound to an interlocal agreement by and among the CITY, the COUNTY, the ZONE, and the DEVELOPER, pursuant to Section 311.013 of the Texas Tax Code. The ZONE is projected to terminate on December 31, 2044, unless earlier termination occurs under this Agreement (the "Term of the ZONE").

B. The CITY approved the preliminary project and finance plan on December 22, 2014. The CITY and the COUNTY agree to participate in the ZONE and to deposit their respective Tax Increment Payments to the Tax Increment Fund, in accordance with the terms, and in consideration for the agreements, set forth herein. The Tax Increment Fund was authorized by Ordinance No. 2014-75, attached hereto as Exhibit "B." The COUNTY hereby acknowledges receipt of notice of the initial creation of the ZONE. The CITY represents and warrants that it has found that it has complied with, and has complied with all legal requirements and notice requirements in the creation of the ZONE.

C. On March 17, 2015, the CITY, the COUNTY, the ZONE, and the DEVELOPER approved and executed the Original Agreement, which was amended on September 15, 2015 by the approval and execution by the Parties of the First Amendment. The Parties have agreed to enter into this Agreement, which will further amend, and fully restate, the Original Agreement as previously amended by the First Amendment, in order to implement and fund the Original Project and Finance Plan and the Supplemental Project and Finance Plan for the ZONE. As further described and subject to the terms of this Agreement, the CITY will contribute 70% and the COUNTY will contribute 67% of their respective Aggregate Available Tax Increment during the years 2015 through 2025, and thereafter through the remaining Term of the ZONE the CITY will contribute 80% and the COUNTY will contribute 77% of their respective Aggregate Available Tax Increment.

D. The ZONE BOARD and the CITY have approved the Supplemental Project and Finance Plan to add the Supplemental Project, and fund the construction of the Supplemental Educational Facilities Project, through: (a) the CITY pledging an additional 30% of its Aggregate Available Tax Increment in the years 2015 through 2025 and thereafter through the remaining Term of the ZONE by pledging an additional 20% of its Aggregate Available Tax Increment; and (b) the COUNTY contributing an additional 33% of its Aggregate Available Tax Increment in the years 2015 through 2025 and thereafter through the remaining Term of the ZONE by contributing an additional 23% of its Aggregate Available Tax Increment, all subject to the terms described in Sections IV and V of this Agreement.

E. This Agreement is being executed by the Parties to facilitate the funding and construction of the Project pursuant to the Original Project and Finance Plan and the Supplemental Project pursuant to the Supplemental Project and Finance Plan and the expedited construction of the Phase l improvements pursuant to the Original Finance and Project Plan to facilitate the Supplemental Project.

IV. RIGHTS AND OBLIGATIONS OF THE COUNTY

A. Tax Increment Participation by the COUNTY

1. Subject to the limitations set out in this Agreement, the COUNTY agrees to participate in the ZONE by contributing to the Tax Increment Fund an amount equal to (a) 67% of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year in the years 2015 through 2025, and (b) 77% of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year beginning in the year 2026 through the remaining Term of the ZONE. For the purpose of this Agreement the COUNTY M&O Tax Rate shall be calculated as set forth in Section IV.B of this Agreement. In no event shall the COUNTY contribution to the Tax Increment Fund pursuant to this Section IV.A.1 be greater than One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00) over the life of the ZONE (which for purposes of this provision will be deemed to end no later than December 31, 2044) beginning with the 2015 tax year.

2. The Parties hereto agree that the COUNTY's contribution to the Tax Increment Fund pursuant to Section IV.A.1 above shall be used to fund Project Costs including construction of Public Infrastructure Improvements to support the development and revitalization efforts in the ZONE. The COUNTY's contributions to the Tax Increment Fund pursuant to Section IV.A.1 above shall end when it has contributed the maximum total contribution provided for herein of One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00), or when it has made contributions of all Tax Increment Payments, as specified in the Project Plan, attributable to all periods through the end of the COUNTY's fiscal year 2044 (ending on December 31, 2044), whichever occurs first. The COUNTY's continued contribution to the Tax Increment Fund pursuant to Section IV.A.1 above is conditioned upon the DEVELOPER's continuing the Project and being in full compliance with the Development Agreement and on the continued existence of the ZONE. In the event the DEVELOPER has been found to be in Default, as said term is defined in Section 7.1 of the Development Agreement (hereinafter "Default"), the COUNTY may withhold its contributions without incurring penalty or interest until such time as the non-compliance has been remedied.

3. In addition to the agreement by the COUNTY pursuant to Section IV.A.1. above to participate in the ZONE at a rate of 67% in the years 2015 through 2025 and 77% in the years 2026 through the remaining Term of the ZONE, the COUNTY agrees to participate in the ZONE by contributing to the Tax Increment Fund an additional amount equal to 33% in the years 2015 through 2025 and 23% in the years 2026 through the remaining Term of the ZONE of the revenue generated from the COUNTY M&O Tax Rate as assessed and collected on the Captured Appraised Value with the ZONE, with said additional contribution being subject to the limitations contained herein (the "COUNTY's Additional Pledge"). The COUNTY's Additional Pledge will only be contributed by the COUNTY to the Tax Increment Fund, subject to Section IVA.4, if for any year the CITY's Additional Pledge for such tax year is not sufficient to pay the debt service on the Supplemental Educational Facilities Contract Revenue Bonds during such year (the "Supplemental Debt Service Shortfall") and/or there are any amounts outstanding necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed. In no event shall the COUNTY's Additional Pledge to the Tax Increment Fund and to reimburse the 4B CORPORATION for any 4B CORPORATION Payments exceed an aggregate total of Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00).

a. In the event the Supplemental Debt Service Shortfall for any tax year exceeds the amount of the COUNTY's Additional Pledge for such year, the COUNTY shall contribute the full amount of the COUNTY's Additional Pledge for that respective tax year to the Tax Increment Fund and the 4B CORPORATION shall be obligated (as contemplated and described in Section V.D.1. below) to contribute its available sales tax revenues to the Tax Increment Fund in an amount sufficient to cover the remaining Supplemental Debt Service Shortfall for that respective tax year. Funds contributed by the 4B CORPORATION to cover the remaining Supplemental Debt Service Shortfall for any tax year (after accounting for the full amount of the COUNTY's Additional Pledge for such year) as contemplated and described in Section V.D.1. below are herein referred to as the "4B CORPORATION Payments."

b. In the event the Supplemental Debt Service Shortfall for any tax year is less than the amount of the COUNTY's Additional Pledge for such tax year, the COUNTY shall contribute to the Tax Increment Fund, all or a portion of the COUNTY's Additional Pledge equal to: (i) the Supplemental Debt Service Shortfall for such tax year and/or (ii) an amount necessary for, and which shall be utilized by, the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed.

c. To the extent that the COUNTY's Additional Pledge for any tax year is more than (i) any Supplemental Debt Service Shortfall for such tax year, and (ii) any amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments that have been made by the 4B CORPORATION and not previously reimbursed, such excess amount shall not be part of the COUNTY's Additional Pledge or contributed to the Tax Increment Fund, and shall instead be retained by the COUNTY and may be used by the COUNTY for any lawful purpose.

d. The COUNTY's contribution of the COUNTY's Additional Pledge to the Tax Increment Fund is conditioned upon the CITY issuing the Supplemental Educational Facilities Contract Revenue Bonds to fund the Supplemental Project as set forth in the Supplemental Project and Finance Plan attached hereto as Exhibit "D". In the event the CITY does not issue the Supplemental Educational Facilities Contract Revenue Bonds to fund the Supplemental Project as prescribed in the Supplemental Project and Finance Plan, the COUNTY shall have no obligation to contribute the COUNTY's Additional Pledge to the Tax Increment Fund under this Agreement. The Parties hereto agree that all funds contributed by the COUNTY to the Tax Increment Fund pursuant to the COUNTY's Additional Pledge shall only be used to fund debt service payments on the Supplemental Educational Facilities Contract Revenue Bonds to pay the Supplemental Debt Service Shortfall and to pay amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments not previously reimbursed. The COUNTY's obligation to contribute the COUNTY's Additional Pledge to the Tax Increment Fund shall end when the aggregate contribution made under the COUNTY's Additional Pledge reaches Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00).

4. The Administrative Costs that the COUNTY has the right to deduct pursuant to Section IV.B.1 of this Agreement shall be deducted from the Tax Increment Payment due pursuant to Section IV.A.1. above and not from the COUNTY's Additional Pledge. In accordance with Section IV.B.9.b. hereof, the Parties agree that, notwithstanding anything to the contrary contained herein, in the event any of the property within the Zone is also within the Transportation Zone, during any period with respect to which the COUNTY is obligated to pay part of the tax increment on such real property in the ZONE to the Transportation Zone, in lieu of the aggregate amounts otherwise specified herein, the COUNTY's aggregate contribution to the ZONE with respect to property that is within the overlap between the Transportation Zone and the ZONE shall not exceed fifty percent (50%) of the Applicable M&O Tax Rate.

5. The CITY, the COUNTY, and the ZONE agree and acknowledge that the COUNTY is agreeing to the COUNTY's Additional Pledge in reliance on the commitments made by the CITY, the DEVELOPER and the ZONE BOARD to: (a) in the case of the CITY, (i) timely contribute its Tax Increment Payments to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement and the CITY's Additional Pledge to the Tax Increment Fund as they become due in accordance with and subject to the terms of Section V.A.2. hereof; (ii) issue and pay the Supplemental Project Obligations in accordance with this Agreement, and (iii) fulfill its obligations with respect to this Agreement and the Supplemental Project Obligations; (b) in the case of the DEVELOPER, fulfill its obligations with respect to this Agreement and the Supplemental Project Obligations, and (c) on the commitment of the ZONE to comply with the Original Project and Finance Plan and the Supplemental Project and Finance Plan. Any failure to fulfill such commitments will be considered a breach of this Agreement and such breach shall be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

B. Tax Increment Payment

1. The COUNTY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund, as provided in Section IV.A. of this Agreement, shall accrue as the COUNTY collects its Aggregate Available Tax Increment. The Parties hereto agree that all ad valorem property taxes collected each year by the COUNTY that are attributable to real property in the ZONE shall first constitute taxes on the Tax Increment Base and after the total amount of taxes on the value of the Tax Increment Base have been collected, then the remaining ad valorem taxes collected shall constitute the taxes collected on the value of the Tax Increment. The Parties agree that COUNTY shall have the right to deduct 1/30 of the COUNTY's pro-rata portion of Administrative Costs per year (1/30 of $100,000.00, or $3,333.33 per year) prior to contribution of its Tax Increment Payment described in Section IV.A.1 above into the Tax Increment Fund. The COUNTY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax year 2015 by the later of: (i) collection reports having been provided to the Hidalgo County Auditor's Office; (ii) May 1, 2016; or (iii) 30 days after the full execution and delivery of this Agreement by all Parties. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received up to January 31, 2016, but only for tax year 2015, beginning January 1, 2015. For subsequent payments, the COUNTY agrees to contribute its yearly Tax Increment Payment to the Tax Increment Fund annually not later than the 90th day after the delinquency date for the COUNTY's property taxes (or the first business day thereafter) following the end of each tax year. The amount of each Tax Increment Payment shall be based on the Tax Increments that are received up to January 31st following the end of the tax year, but which have not been previously deposited in the Tax Increment Fund, during the annual periods preceding each deposit date. Under no circumstances shall the COUNTY be required to participate in the ZONE with taxes attributable to periods after 2044.

The chart below is for illustrative purposes only and is an example of how the payment calculation is calculated by the COUNTY. Assuming for the purpose of this example, the tax value of the zone is $100,000.00, the base value is $10,000.00, the Administrative Costs are $10.00 per year and the overall COUNTY tax rate is $.0059.

Tax Increment Reinvestment Zone (TIRZ Payment Calculation)	**EXAMPLE**
TIRZ Real Property Certified Taxable Value as of January 31 (Provided by Hidalgo County Appraisal District (HCAD))	$100,000.00
(multiplied by) Hidalgo County Current (GHD) Tax Rate (.59/100)	$0.0059
GHD Actual Tax Level for all real property tax accounts located within the TIRZ	**$590.00**
TIRZ Real Property Certified Taxable Value as of January 31 (Provided by Hidalgo County Appraisal District (HCAD))	$100,000.00
(less) Tax Increment Base	$10,000.00
	$90,000.00
Captured Appraised Value	$90,000.00
(multiplied by) Contribution Rate (County Applicable M&O Tax Rate) (.51/100)	0.0051
Tax Levy Due to TIRZ	**$459.00**
Tax Increment (for February 1 through January 31) as per Collections Reports provided by Hidalgo County Tax Office	$300.00
(divided) GHD Actual Tax Levy for all Real Property tax accounts located within the TIRZ	$590.00
Percent Collected of Actual Levy	**50.85%**
Tax Levy Due to TIRZ	$459.00
(multiplied by) Percent Collected of Actual Levy	50.85%
Purposed Payment Amount	$233.40
(less) Administration Costs (as per Agreement)	$10.00
TAX INCREMENT PAYMENT AMOUNT DUE TO TAX INCREMENT FUND	**$223.40**

2. One month prior to a payment required under Section IV.B. of this Agreement, the CITY shall provide to the COUNTY the TIRZ annual audit report, an updated fact sheet that includes detail as to

what portion of the Project has been completed to date, a schedule of what portion of the Project is to be completed in the following year and a current roster of the ZONE's board members, including the term of each board member, the entity that appointed the board member, the date for the next annual meeting and a formal request for payment. In preparing this report, COUNTY acknowledges that CITY will be relying on information provided by the DEVELOPER. In addition to and as part of the CITY's fact sheet, the CITY shall supply the COUNTY with all information as required under Section 311.016 of the Texas Tax Code on or before the 90th day following the end of the fiscal year of the CITY. Such reports and documentation also shall include sufficient information on the Supplemental Debt Service Shortfall, the CITY's Additional Pledge, the 4B CORPORATION Payment, and the debt service obligation to allow the COUNTY and the Hidalgo County Auditor to confirm the calculation of the amount due, if any, on the COUNTY's Additional Pledge.

3. Pursuant to Chapter 311 of the Texas Tax Code, in the event there is a conflict between the Parties in regards to the amount of the Tax Increment owed by the COUNTY, the Hidalgo County Auditor will make the final determination as to the amount of any Tax Increment owed by the COUNTY under this Agreement. The annual Captured Appraised Value for the real property contained within the ZONE shall be determined by the Hidalgo County Appraisal District on the assessed appraised values and the Hidalgo County Tax Offices' verification of collections in regards to the real property contained with the ZONE.

4. Any delinquent deposit by the COUNTY of a Tax Increment Payment under this Agreement shall be administered as provided in Section 311.013(c) of the Texas Tax Code, which states as follows:

> "A taxing unit shall make a payment required by the Subsection (b) [Tax Increment Payment], not later than the 90th day after the delinquency date for the unit's property taxes. A delinquent payment incurs a penalty of five percent of the amount delinquent and accrues interest at an annual rate of ten percent."

The Parties expressly agree that the COUNTY shall not owe any penalty or interest on Tax Increments attributable to taxes that have been levied, but not received by the COUNTY. Further, the COUNTY shall not be liable for the payment of any penalties or interest if the report required to be filed by the CITY under Section 311.016 of the Texas Tax Code is not filed timely; or if the fact sheet, the TIRZ's annual audit report, and/or payment request are not provided to the County timely, or under any other situation in which the CITY does not pay interest or penalties.

5. The CITY and the ZONE agree to provide prior written notice to the COUNTY of a proposed change that would constitute at least a twenty-five percent (25%) increase or decrease in either the Project Costs or the scope and scale of the Project (hereinafter a "Material Change"); provided that any Material Change that is not approved by the COUNTY shall not change the amount of Tax Increment Payments due from the COUNTY. The ZONE BOARD shall have the right to amend and modify the Original Project and Finance Plan or the Supplemental Project and Finance Plan without providing prior written notice to the COUNTY so long as such amendment or modification does not constitute a Material Change.

6. If the CITY, the DEVELOPER or the Board of Directors for the ZONE materially breaches this Agreement, then the COUNTY may provide written notice to the CITY, the DEVELOPER and the ZONE (with a copy to any other Participating Taxing Entity still contributing Tax Increment Payments) demanding that all breaches must be resolved within ninety (90) days.

7. Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, the COUNTY shall not have any obligation or responsibility for any costs or

expenses associated with the development of the ZONE or the implementation of the Original Project and Finance Plan or the Supplemental Project and Finance Plan, including, without limitation, any obligation to pay or repay any bond or other debt issued by another Participating Taxing Entity, the ZONE or the ZONE BOARD relating to the ZONE or any costs associated with the operation of ZONE, the Project or any other projects relating thereto. This provision shall not affect the obligation of the COUNTY under any separate document or agreement related to the Project or its infrastructure (i.e. agreements relating to design and construction of drainage channels or improvements) to which the COUNTY is a signatory.

8. Notwithstanding anything herein to the contrary, the COUNTY's total Tax Increment Payment to the Tax Increment Fund over the Term of the ZONE shall not exceed:

a. One Hundred Forty-Three Million Three Hundred Eighteen Thousand Four Hundred Eighty-Four and No/100 Dollars ($143,318,484.00), pursuant to Section IV.A.1, and

b. Six Million Eight Hundred Thousand and No/100 Dollars ($6,800,000.00). pursuant the COUNTY's Additional Pledge;

plus any applicable penalty and/or interest allowed in Section 311.013 of the Tax Code, subject to the limitations on Section IV.B.4. hereof.

9. a. *General Provisions*. Subject to changes in the COUNTY M&O Tax Rate that will be addressed as set forth in Section IV.B.9.b. and IV.B.9.c. below and to the other provisions of this Agreement, the COUNTY agrees to participate at the applicable percentages of the COUNTY M&O Tax Rate set forth in Section IV.B.1 (67% or 77% depending on the year) and, if applicable, Section IV.B.3 (an additional 33% or 23% depending on the year and the other terms in Section IV.B.3. above, but never exceeding an aggregate of 100% of the COUNTY M&O Tax Rate) for real property within the Zone, without regard to whether the real property is also within the Transportation Zone. (For example, for tax year 2015, sixty-seven percent (67%) equaling $.355636 per $100 valuation on the Captured Appraised Value, assuming no additional pledge.)

b. *Transportation Zone Overlap*. Notwithstanding anything to the contrary contained herein, in the event any of the property within the Zone is also within the Transportation Zone, during any period with respect to which the COUNTY is obligated to pay part of the tax increment on such real property in the ZONE to the Transportation Zone, in lieu of the percentages of Applicable M&O Tax Rate specified above, the COUNTY contribution to the ZONE with respect to real property that is within the overlap between the Transportation Zone and the ZONE shall not exceed an aggregate of fifty percent (50%) of the Applicable M&O Tax Rate.

c. *Lower COUNTY M&O Tax Rate*. If the COUNTY M&O Tax Rate is less than $0.5308 per $100 valuation on the Captured Appraised Value during a year in the Term of the ZONE, then the maximum tax increment paid by the COUNTY into the Tax Increment Fund for such year shall not exceed sixty-seven percent (67%) or seventy-seven percent (77%), plus, if applicable, the Additional Pledge of up to thirty-three percent (33%) or twenty-three percent (23%), or, with respect to property within an overlap with the Transportation Zone, fifty percent (50%) of the total amount of taxes collected by the COUNTY at the actual COUNTY M&O with respect to such year the COUNTY M&O Tax Rate is less than $0.5308 per $100 valuation.

d. *Greater COUNTY M&O Tax Rate*. If the COUNTY M&O Tax Rate is greater than $0.5308 per $100 valuation on the Captured Appraised Value during the Term of the ZONE, the COUNTY shall retain all taxes collected in excess of $0.5308 with respect to any real property within the ZONE per $100 valuation on the Captured Appraised Value, and to the extent any such excess has been contributed into the Tax Increment Fund, such excess shall be promptly refunded to the COUNTY.

10. COUNTY taxes that are delinquent for more than five years will be considered un-collectible and shall not be included in the Tax Increment Payment.

11. All rollback taxes received from assessments on real property within the ZONE shall be considered Tax Increment and shall be deposited into the Tax Increment Fund, however any penalties and interest received shall not be considered Tax Increment.

C. School District Provisions

The COUNTY understands that the Project is located in the Edinburg Consolidated Independent School District. The City and the Zone represent to the COUNTY that the Edinburg Consolidated Independent School District is not participating in the ZONE by contribution of Tax Increment but may request cooperation in the future with the ZONE BOARD relating to the planning, construction or financing of schools within the ZONE, subject to appropriate approvals.

D. Management of the ZONE

1. The ZONE shall in all respects be managed by the ZONE BOARD, including the Director appointed by the CITY. The ZONE BOARD shall have all powers allowed under Chapter 311 of the Texas Tax Code to manage the ZONE and carry out the Project and Financing Plan as limited by the CITY's ordinance creating the ZONE. The Participating Taxing Entities, during the Term of this Agreement, may inspect the Project site and review Project plans and drawings at times and intervals in a manner that will not interfere with ongoing operations.

2. The ZONE BOARD shall be composed of nine (9) members, as allowed under Section 311.009(b) of the Texas Tax Code. The COUNTY shall have the right to designate one member of the ZONE BOARD as its designee. If it is necessary for the CITY to make or confirm the appointment, the CITY shall appoint or confirm the COUNTY's designee.

E. Expansion of the ZONE

Notwithstanding anything to the contrary contained herein, the obligation of the COUNTY to participate in the ZONE is limited to the legal description of the ZONE contained in Exhibit "B" attached hereto and is subject to the terms of this Agreement. The COUNTY's participation shall not extend to the Tax Increment on any additional real property added to the ZONE by the CITY unless the COUNTY approves such participation in writing.

V. RIGHTS AND OBLIGATIONS OF CITY AND ZONE

A. Tax Increment Participation by the CITY

1. Subject to the terms of this Agreement and the Development Agreement, the CITY agrees to participate in the ZONE by contributing to the Tax Increment Fund (i) seventy percent (70%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each respective tax year during the years 2015 through 2025, and (ii) eighty percent (80%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each respective tax year beginning in 2026 through the remaining Term of the Zone. The CITY agrees to require the DEVELOPER and ZONE to implement the Original Project and Finance Plan. The CITY's contributions to the Tax Increment Fund pursuant to this Section V.A.1 shall end when the CITY has contributed the maximum total contribution provided for herein of One Hundred Twenty Million Nine Hundred Ninety Thousand One Hundred Forty-Nine and No/100 Dollars ($120,990,149.00), or

when it has contributed all Tax Increments attributable to periods before the ZONE termination date in 2044, whichever occurs first. The CITY's continued contribution to the Tax Increment Fund is conditioned upon the DEVELOPER not being in Default, and on the continued existence of the ZONE. In the event DEVELOPER is found to be in Default under the terms of the Development Agreement, the CITY may withhold its contribution without incurring penalty or interest until such time as the Default has been remedied. As a condition of the COUNTY's participation in this Agreement, the Finance and Project Plan must be followed and implemented pursuant to the Development Agreement.

The CITY and ZONE shall have an obligation to assure that the DEVELOPER follows and implements the Original Project and Finance Plan as provided in the Development Agreement. In the event the CITY and/or ZONE fails to appropriately require the Developer to comply with the Development Agreement or otherwise fails to appropriately implement the Original Project and Finance Plan, such failure will be considered a breach of this Agreement and subject to the cure provisions contained in Section IV.B.6. of this Agreement.

2. In addition to the agreement by CITY pursuant to Section V.A.1. above to participate in the Zone at a rate of 70% in the years 2015 through 2025 and 80% in the years 2026 through the remainder of the Term of the ZONE under the terms of this Agreement and the Development Agreement, the CITY agrees to participate in the Supplemental Project and Finance Plan for the ZONE by contributing to the Tax Increment Fund an additional amount equal to (i) thirty percent (30%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each year in the 2015 through 2025 tax years, and (ii) twenty percent (20%) of the revenue generated from the CITY M&O Tax Rate as levied and collected on the Captured Appraised Value each year beginning in 2026 through the remaining Term of the ZONE (the "CITY's Additional Pledge"). The CITY agrees to, and agrees to require the ZONE BOARD to, implement the Supplemental Project and Finance Plan. The CITY's contributions to the Tax Increment Fund of the CITY's Additional Pledge shall end upon the earlier of: (a) the CITY making all required principal and interest payments on the Supplemental Educational Facilities Contract Revenue Bonds using the CITY's Additional Pledge and the COUNTY's Additional Pledge (if required due to a Supplemental Debt Service Shortfall) until such bonds are paid in full; or (b) the ZONE termination date in 2044, whichever occurs first. As a condition of the COUNTY's participation through the COUNTY's Additional Pledge under this Amendment, the Supplemental Finance and Project Plan must be followed and implemented by the City and the ZONE BOARD.

The CITY shall have an obligation to assure that the ZONE BOARD follows and implements the Supplemental Project and Finance Plan. In the event the CITY and/or ZONE fails to appropriately implement the Supplemental Project and Finance Plan, such failure will be considered a breach of this Agreement and such breach shall be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

B. Tax Increment Payment

1. The CITY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund as provided above in Section V.A.1. and V.A.2. of this Agreement shall accrue as the CITY collects its Tax Increment. The CITY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax year 2015 by May 1, 2016. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received through January 31, 2016, but only for the tax year 2015 beginning January 1, 2015. For subsequent Tax Increment Payments, the CITY agrees to contribute its Tax Increment Payment to the Tax Increment Fund annually on or before May 1, 2016 (or the first business day thereafter) of each tax year. Any delinquent deposit of a Tax Increment Payment by the CITY under this Agreement shall be administered as provided in Section 311.013(c) of the Texas Tax Code (or its successor provision).

2. The COUNTY, the CITY and the ZONE expressly agree that the COUNTY and the CITY shall not owe any interest on Tax Increments that have been levied, but not received by the COUNTY or the CITY by the delinquency dates specified herein.

C. Financing of Project Costs

Each Participating Taxing Entity shall participate in the payment of Project Costs only to the extent described herein. The CITY and the ZONE shall be entitled to enter into any other agreements for the CITY or the ZONE to pay Project Costs and other reasonable expenses from the Available Tax Increments paid into the Tax Increment Fund without the consent of any other Participating Taxing Entity, but they will provide notice of such agreement(s) to each Participating Taxing Entity.

D. Financing of Supplemental Project

1. Supplemental Educational Facilities Contract Revenue Bonds. The CITY shall create a "local government corporation" (the "LGC") pursuant to Subchapter D of Chapter 431 of the Transportation Code to issue one or more series of contract revenue bonds, a tax-exempt series and, if necessary, a taxable series (collectively, the "Supplemental Educational Facilities Contract Revenue Bonds") to finance the construction of the Supplemental Educational Facilities Project pursuant to Section 1509.003 of the Texas Government Code, as amended.

Pursuant to this proposed financing structure (the "Proposed Supplemental Educational Facilities Project Financing Structure"), the CITY, the LGC, the ZONE and the Development Corporation of McAllen, Inc. (the "4B CORPORATION"), a nonprofit economic development corporation originally created pursuant Section 4B of Article 5190.6, Texas Revised Civil Statutes (now codified primarily in Chapters 501 and 505 of the Local Government Code and known as the Development Corporation Act), would enter into an inter-local agreement (the "Educational Facilities Project Interlocal Funding Agreement") whereby the 4B CORPORATION and the ZONE, from the respective sources set forth herein, would obligate themselves to pay the LGC an amount sufficient to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds.

The 4B CORPORATION's payment obligation pursuant to the Educational Facilities Project Interlocal Funding Agreement would be subordinate only to the obligation of the 4B CORPORATION to make debt service payments on its outstanding Sales Tax Revenue Bonds, Series 1998. The ZONE's payment obligation pursuant to the Educational Facilities Project Interlocal Funding Agreement would be limited to the availability of Additional Payments, as defined in Section V.F.1. hereof. Pursuant to the Educational Facilities Project Interlocal Funding Agreement, the 4B CORPORATION's source of pledge (its sales tax) would only be utilized to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds in the event that the Additional Payments would be insufficient to pay such debt service on the Supplemental Educational Facilities Contract Revenue Bonds. The Parties to this Agreement acknowledge that the 4B CORPORATION's pledge of its sales tax and the LGC's issuance of a series of the Supplemental Educational Facilities Contract Revenue Bonds as tax-exempt bonds shall significantly reduce the interest rate paid on the Supplemental Educational Facilities Contract Revenue Bonds.

Pursuant to the Educational Facilities Project Interlocal Funding Agreement, the CITY and the LGC would be required to construct the Supplemental Educational Facilities Project. The CITY and the LGC would also be required to enter into a lease (the "Educational Facilities Lease") with Texas A&M University for such Supplemental Educational Facilities Project. The Educational Facilities Lease would be for a term lasting as long as the Supplemental Educational Facilities Contract Revenue Bonds are outstanding and the lease would require only a nominal lease payment. At such time the Supplemental

Educational Facilities Contract Revenue Bonds would be paid in full, the City, pursuant to Section 272.001(j) of the Texas Local Government Code, would donate the Supplemental Educational Facilities Project to Texas A&M University.

The City and the LGC would enter into the Educational Facilities Lease pursuant to Section 1509.001 of the Texas Government Code, as amended, to develop and diversify the economy of this state and eliminate unemployment or underemployment in this state under the authority granted by Section 52-a, Article III, Texas Constitution. The Educational Facilities Lease would necessarily terminate by its own terms should the Supplemental Educational Facilities Project cease to be operated as an institution of higher education during the time that the Supplemental Educational Facilities Contract Revenue Bonds are outstanding.

The Proposed Supplemental Educational Facilities Project Financing Structure described above and the issuance of the Supplemental Educational Facilities Contract Revenue Bonds by the LGC are contingent on their approval by the Public Finance Division of the Texas Attorney General.

2. Supplemental Master Infrastructure Taxable Certificates of Obligation. The CITY shall issue Certificates of Obligation (the "Supplemental Master Infrastructure Taxable Certificates of Obligation") pursuant to Subchapter C of Chapter 271, Texas Local Government Code (the Certificate of Obligation Act of 1971) to finance the Supplemental Master Infrastructure Project. The Certificates of Obligation shall be secured by a continuing ad valorem tax levied on all taxable property within the CITY, within the limits prescribed by law, and a pledge of the Pledged PID Revenues, as further defined below in Section VI.A.3.

Notwithstanding the CITY's pledge of city-wide ad valorem taxes to the payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation, city-wide ad valorem taxes shall only be utilized to pay debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation in the event that the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement are insufficient, and then only in the event the Pledged PID Revenues are insufficient to pay the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation. As further described in Section VI.A.3., the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement are intended as the primary source of payment of the principal and interest on the Supplemental Master Infrastructure Taxable Certificates of Obligation, and the Pledged PID Revenues are intended as the initial source of payment until the said Available Tax Increment is sufficient to pay the debt service. Further, the Pledged PID Revenues are intended as the secondary source of payment to the extent Available Tax Increment is insufficient to pay all of the said debt service on an annual basis.

The Parties to this Amendment acknowledge that the City's pledge of city-wide ad valorem taxes to the payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation shall significantly reduce the interest rate paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation.

3. Each Participating Taxing Entity and Party shall participate in the payment of the Supplemental Educational Facilities Project Costs only to the extent described herein. The CITY, PID, and/or the ZONE shall be entitled to enter into any other agreements for the CITY, the PID or the ZONE to pay the costs of the Supplemental Project and other reasonable expenses from the Available Tax Increments paid into the Tax Increment Fund without the consent of any other Participating Taxing Entity, but they will provide notice of such agreement(s) to each Participating Taxing Entity.

E. Disbursement of Funds (Other than the Separate Additional Funds) in the Tax Increment Fund

1. Each Participating Taxing Entity agrees the CITY shall administer the Tax Increment Fund on behalf of the ZONE, pursuant to Ordinance No. 2014-75 passed and approved by City Commission of the CITY on December 22, 2014, and pursuant to this Agreement. Except for amounts to be paid to the CITY and COUNTY for Administrative Costs, no funds shall be disbursed from the Tax Increment Fund without the prior written approval of the ZONE BOARD, and notice of the amount of funds used and disbursement of funds by the ZONE shall be given at least annually to the COUNTY. The Parties agree that the CITY shall be responsible for the annual administration of the ZONE.

2. The parties agree and understand that under no circumstances shall Administrative Costs, in the aggregate, exceed the amount set out and described in Section II.5 above. Accordingly the agreed allocation of the total amount budgeted for Administrative Costs ($400,000.00) shall be apportioned in the amount of $300,000.00 for repayment of the CITY's administrative costs and $100,000.00 for the repayment of the COUNTY's administrative costs during the Term of the ZONE, with the CITY and the COUNTY each receiving 1/30 of their pro-rata amount per year, as funds are available in the Tax Increment Fund. The CITY shall receive priority reimbursement of the Pre-TIRZ Administration Costs incurred by it. The Parties further agree and understand that the COUNTY and CITY are entitled to deduct their yearly pro-rata portion of Administrative Costs prior to depositing their respective Tax Increment Payment required pursuant to Section IV.A.1. (with respect to the COUNTY) and Section V.A.1 (with respect to the CITY) into the Tax Increment Fund, as long as said deductions are clearly delineated as a deduction from the Tax Increment Payment. If there is not enough Available Tax Increment to pay the COUNTY's and CITY's respective pro-rata yearly Administrative Costs, the COUNTY and CITY are entitled to deduct the pro-rata Administrative Costs which are owing to each entity respectively, prior to depositing the Tax Increment Payment in the Tax Increment Fund during the next year in which sufficient funds exist in the Available Tax Increment to pay said pro-rata Administrative Costs.

3. The CITY and ZONE will use funds in the Tax Increment Fund contributed by the COUNTY and the CITY pursuant to Section IV.A.1. and Section V.A.1, respectively, hereof to reimburse expenditures in the order and priority of payment set forth in the Original Project and Finance Plan and the Development Agreement. The foregoing notwithstanding, no such funds will be paid from the Tax Increment Fund to a Participating Taxing Entity for its financial or legal services incurred in any dispute arising under this Agreement with another Participating Taxing Entity or Participating Taxing Entities or a dispute with Developer.

4. In addition, the above notwithstanding, in the event that bonds or tax anticipation notes are issued pursuant to Section 311.015 of the Texas Tax Code, the proceeds shall be used to pay outstanding reimbursements according to the priority of payment, and thereafter the payment of debt service shall be a priority above any other annual obligations, and the amount of the Tax Increment Fund derived from amounts contributed by the COUNTY and the CITY pursuant to Section IV.A.1. and Section V.A.1, respectively, hereof shall not be directed for any other purpose until such bonds or tax anticipation notes or other obligations have been satisfied in full.

F. Disbursement of Separate Additional Funds in the Tax Increment Fund

1. Each Participating Taxing Entity agrees the ZONE BOARD shall administer the Tax Increment Fund on behalf of the ZONE, pursuant to Ordinance No. 2014-75 passed and approved by City Commission of the CITY on December 22, 2014 and pursuant to this Agreement. No funds that are deposited in or credited to the Tax Increment Fund as a result of the CITY's Additional Pledge, or the

COUNTY's Additional Pledge (except for that portion of the COUNTY's Additional Pledge, if any, which is to be used by the ZONE to pay amounts necessary for the ZONE to reimburse the 4B CORPORATION for any 4B CORPORATION Payments not previously reimbursed, all as further described in Section V.D.1. hereof) (collectively the "Additional Payments") shall be disbursed from the Tax Increment Fund for any purpose other than paying the costs of issuance for and making debt service payments on the Supplemental Educational Facilities Contract Revenue Bonds that shall be issued by the CITY or the LGC on behalf of the CITY. The Additional Payments shall be accounted for separately from other funds held within the Tax Increment Fund (the "Separate Additional Funds"), and no payments may be made from the Separate Additional Funds held within the Tax Increment Fund without the prior written approval of the ZONE BOARD. Notice of the amount of Separate Additional Funds used, disbursed, and remaining in the Tax Increment Fund shall be given at least annually to the COUNTY.

2. In the Educational Facilities Project Interlocal Funding Agreement, the CITY and the ZONE shall limit the use of the Separate Additional Funds in the Tax Increment Fund as set forth in the Supplemental Project and Finance Plan, and only for the cost of issuance and repayment of principal and interest on the Supplemental Educational Facilities Contract Revenue Bonds.

3. The Parties agree and covenant that the Additional Payments shall only be used to fund the costs of issuance of and pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds pursuant to the Supplemental Project and Finance Plan; and, that the Available Tax Increment contributed by the CITY and COUNTY under the Original Project and Finance Plan and this Agreement shall be used as they are received on an annual basis under the following priority: first, to fund the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation that is due each year that said Supplemental Master Infrastructure Taxable Certificates of Obligation are outstanding; and, second, other uses according to the Priority of Payment set forth in Section 3.7.2 of the Development Agreement. The Parties further agree and covenant that the proceeds from the sale of the Supplemental Educational Facilities Contract Revenue Bonds and Supplemental Master Infrastructure Taxable Certificates of Obligation required to be issued by the CITY, or the LGC, as the case may be, pursuant to this Agreement shall be deposited in the Tax Increment Fund, accounted for separately, and only be used for the respective purposes and under the respective priority of uses as follows:

a. Proceeds from the Supplemental Educational Facilities Contract Revenue Bonds: All proceeds from the Supplemental Educational Facilities Contract Revenue Bonds shall only be used to fund the following costs and expenses in the following priority: first, payment of the CITY's obligations under the agreement with Texas A&M University, anticipated to be entered into pursuant to the Letter of Intent, related to the funding of buildings and related site work according to the Supplemental Project and Finance Plan to provide an initial Texas A&M University campus within the Project; and, second, other uses according to the Priority of Payment set forth in Section 3.7.2 of the Development Agreement.

b. Proceeds from the Supplemental Master Infrastructure Taxable Certificates of Obligation: All proceeds from any Supplemental Master Infrastructure Taxable Certificates of Obligation shall only be used to fund the following costs and expenses in the following priority: first, payment or reimbursement for Project Costs and Soft Project Costs for Phase I of the Project and Supplemental Project infrastructure as approved by the ZONE BOARD; second, payment of the CITY's Approved Pre-TIRZ Administrative Costs; third, payment of the CITY and the COUNTY's accrued incremental Administrative Costs; and fourth, other uses according to the priority of payment set forth in Section 3.7.2 of the Development Agreement.

VI. RIGHTS AND OBLIGATIONS OF DEVELOPER

A. Agreement by Developer

1. In return for the covenants and agreements made by the CITY, the COUNTY, and the ZONE, the DEVELOPER agrees to faithfully perform its obligations under this Agreement and the Development Agreement, including without limitation the obligation to follow and implement the Original Project and Finance Plan and the Supplemental Project and Finance Plan as those obligations are imposed by the Development Agreement and this Agreement. If the DEVELOPER fails to meet the obligations contained in this Agreement or the Development Agreement, it shall constitute a breach of this Agreement and be subject to the cure provisions contained in Section IV.B.6. of this Agreement.

2. The Parties agree that if the sum of the CITY's Additional Pledge during the years 2015 through 2025 of the ZONE exceeds the amount required to pay debt service on the Supplemental Educational Facilities Contract Revenue Bonds during such years, any such excess shall no longer be considered Separate Additional Funds, and shall be part of the Tax Increment Fund available for disbursement in accordance with Section V.E above.

3 The CITY finds that the Supplemental Project promotes the interests of the CITY, and that the Supplemental Project will confer a special benefit on the part of the CITY located within the PID. The Parties expressly agree to the following in relation to the issuance and payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation by the CITY:

a. The DEVELOPER hereby agrees and consents to the CITY and PID levying an annual PID assessment pursuant to Texas Local Government Code Section 372.017 (the "PID Assessment") on all property within the PID for the purpose and in the amount necessary to fund the annual debt service payments due on the Supplemental Master Infrastructure Taxable Certificates of Obligation (the "Pledged PID Revenues").

b. The PID hereby agrees to take all actions as required by law to cause the levy of the PID Assessment by the CITY for the purpose of funding the initial and supplemental debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation by the PID pursuant to this Agreement.

c. The PID agrees to deposit the Pledged PID Revenues into the PID fund as the PID Assessments are collected. The Parties agree that after the Pledged PID Revenues are deposited in the PID fund they will be accounted for separately and shall only be used to pay the annual debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation to the extent the amount of Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund pursuant to the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is insufficient to pay the said debt service for such year. To the extent that the Pledged PID Revenues are required to pay debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation, the PID hereby agrees to take all actions necessary to transfer the necessary Pledged PID Revenues in the PID Fund to the City's interest

and sinking fund that will be created for the benefit of the Supplemental Master Infrastructure Taxable Certificates of Obligation.

d. The Parties expressly agree that the PID will only be required to contribute the annual Pledged PID Revenues in the event the amount of Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund pursuant to the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is, or is projected to be, insufficient to pay the debt service on the Supplemental Master Infrastructure Taxable Certificates of Obligation for such year.

The Parties agree that the PID Assessment levied to fund the Pledged PID Revenues will no longer be levied or assessed once the combined amount of the Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund each year under the Original Project and Finance Plan and the Agreement (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) is equal to 120% or more of the debt service required to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation annually.

e. The DEVELOPER agrees to provide the CITY with an irrevocable letter of credit (the "LOC") which will be automatically renewed each year in the amount of the annual debt service payment due to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation for the year in which the LOC is provided. The first LOC required must be provided to the CITY no less than 30 days prior to the Supplemental Master Infrastructure Taxable Certificates of Obligation being issued. The LOC for each subsequent year must be provided to the CITY no later than January 15th of the year in which it is required to be provided. The LOC for each year will be released upon the PID making the debt service payment of the Supplemental Master Infrastructure Taxable Certificates of Obligation due in each respective year. The DEVELOPER will no longer be required to provide a LOC to the CITY once the combined amount of the Available Tax Increment deposited by the CITY and COUNTY into the Tax Increment Fund (calculated on the basis of CITY's and the COUNTY's Available Tax Increment being 20% and 23%, respectively, during the years 2015 through 2025 instead of 30% and 33%, respectively, during such time) equals 120% of the annual debt service required to be paid on the Supplemental Master Infrastructure Taxable Certificates of Obligation.

B. Rights of Developer

1. The CITY, the COUNTY, and the ZONE agree and acknowledge that DEVELOPER is making the commitments identified herein in reliance on the commitments made by the CITY and the COUNTY to: (a) timely contribute their respective Tax Increment Payments to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement; (b) timely contribute

their respective Additional Pledge to the Tax Increment Fund as they become due in accordance with and subject to the terms of this Agreement; and (c) on the commitment of the ZONE to comply with the Original Project and Finance Plan and Supplemental Project and Finance Plan and properly and timely (within 30 days of approval if funds are available) process payments and reimbursements for proper work completed by the DEVELOPER and/or its successors, assigns, contractors or subcontractors.

2. The DEVELOPER shall have the right to serve as Project manager for the construction and installation of all public improvements and public infrastructure identified in the Original Project and Finance Plan and the Supplemental Project and Finance Plan, save and except for those obligations to be managed by the CITY or Texas A&M University under the Letter of Intent between said parties.

3. The DEVELOPER shall have the right to adjust or prioritize the schedule of construction of improvements within each Phase of the Project, provided that such adjustment or prioritization does not cause a Material Change in the Original Project and Finance Plan or in the Supplemental Project and Finance Plan.

4. The DEVELOPER shall have the right to use anticipated reimbursements to the DEVELOPER and other rights of the DEVELOPER under this Agreement and the Development Agreement to obtain financing for funding required to construct improvements within the Project, including the assignment or use of such reimbursements or rights as collateral, or the factoring of such rights and obligations to third parties, subject to the limitations contained in the Development Agreement.

5. The CITY and DEVELOPER agree that the DEVELOPER will convey to the CITY fee simple title to the +/- 100 acre site identified on Exhibit "E" for use as the site for the campus of Texas A&M University; and, in return, the CITY shall convey to the DEVELOPER fee title to the two (2) tracts identified on Exhibit "F". The CITY and DEVELOPER agree that the value of the +/- 100 acre tract to be conveyed by the DEVELOPER to the CITY together with the DEVELOPER's consent to the modification of the Development Agreement and this Agreement to facilitate the financing of the Supplemental Master Infrastructure Taxable Certificates of Obligation exceeds the value of the two (2) tracts which are to be conveyed from the CITY to the DEVELOPER. All conveyances required to be made under this subsection shall be closed within thirty (30) days from the execution of this Agreement with the DEVELOPER and CITY each paying one-half of the closing costs as well as their respective costs of phase I environmental reports.

VII. TERM AND TERMINATION

A. Term of the ZONE and Termination

This Agreement shall become effective as of the last date of execution by the Parties hereto, and shall remain in effect until December 31, 2044, unless earlier terminated as provided herein. Subject to the terms of this Agreement, the COUNTY agrees to participate under this Agreement, beginning with the 2015 tax year and ending in accordance with the terms provided herein. Notwithstanding anything to the contrary contained in this Agreement, the Parties agree and understand that the CITY's and COUNTY's Tax Increment Payments will not be made after December 31, 2045 for the 2044 tax year.

B. Early Termination

Neither the CITY, the COUNTY, nor the ZONE BOARD shall take any action to terminate the ZONE earlier than the Term of the ZONE as specified in Section III.A. above, except as set forth in the Development Agreement.

C. Disposition of Tax Increments

Upon expiration or termination of the ZONE and after all bonds and/or notes have been paid and all reimbursements have been made, any money remaining in the Tax Increment Fund, including from the Separate Additional Funds, shall be paid to the Participating Taxing Entities on a pro rata basis in accordance with Section 311.014(d) of the Texas Tax Code, or any successor provision thereto. Accounting to determine the pro rata distribution of remaining funds, including any Separate Additional Funds, to the respective taxing entities shall be conducted according to generally accepted accounting principles, and shall be subject to review and audit by the COUNTY upon reasonable request. In the event a discrepancy occurs between the reviews conducted by the CITY and COUNTY, said dispute will be resolved by the respective audit offices of the CITY and COUNTY. In the event the dispute cannot be resolved it shall be submitted to mediation under the rules of the American Mediation Association with a mediator agreed upon by the County Judge of the COUNTY and the City Manager of the CITY.

VIII. MISCELLANEOUS

A. Understanding

Any and all costs, including with respect to the Supplemental Project Obligations, incurred by the CITY, COUNTY or DEVELOPER are not, and shall never become, general obligations or debt of the COUNTY or any Participating Taxing Entity. With respect to the CITY, COUNTY and DEVELOPER's costs, only eligible Project Costs and other allowable expenses under applicable law, if any, incurred by the CITY, COUNTY or DEVELOPER shall be payable from the Tax Increment Fund in the manner and priority provided in the Original Project and Finance Plan, the Supplemental Project and Finance Plan and the Development Agreement and only to the extent that funds become available in the Tax Increment Fund. The Parties agree and understand that under no circumstance shall the eligible costs exceed the maximum specified in the Original Project and Finance Plan, the Supplemental Project and Finance Plan and the Development Agreement. The CITY and the COUNTY are not obligated above and beyond what is actually collected as its Available Tax Increment during the Term of the ZONE, which shall deposited into the Tax Increment Fund. The Separate Additional Funds in the Tax Increment Fund shall only be used as set forth in the Supplemental Project and Finance Plan and only for the payment of the costs of issuance of and repayment of principal and interest on the Supplemental Educational Facilities Contract Revenue Bonds.

B. Severability

In the event any term, covenant or condition herein contained shall be held to be invalid by any court of competent jurisdiction, such invalidity shall not affect any other term, covenant or condition herein contained.

C. Entire Agreement

This Agreement merges the prior negotiations and understandings of the Parties hereto, including the Original Agreement and the First Amendment, which are further amended and restated hereby, and embodies the entire agreement of the Parties. There are no other agreements, assurances, conditions, covenants (express or implied), or other terms with respect to the covenants, whether written or verbal, antecedent or contemporaneous, with the execution hereof.

Upon the occurrence of any event that allows the CITY to terminate hereunder, the COUNTY shall have the right to withhold tax increment payments under this Agreement until such time as such event is cured, and the COUNTY shall not incur any penalties or interest with respect to any such

withheld payments notwithstanding any provision herein to the contrary. With respect to the COUNTY's obligations, to the extent there is any discrepancy between this Agreement and any exhibit hereto, the terms of this Agreement shall control.

D. Written Amendment

This Agreement may be changed or amended only by a written instrument duly executed on behalf of each Party hereto. All Parties to this Agreement understand and recognize that only the City Commission of CITY and only the Commissioners Court of the COUNTY have authority to approve a change or amendment to this Agreement on behalf of the CITY or the COUNTY, respectively.

E. Notices

All notices required or permitted hereunder shall be in writing and delivered by personal delivery, facsimile or United States Postal Service (certified mail, return receipt requested) and addressed to the respective other Party at the address prescribed in Section I of this Agreement, or at such other address as the receiving Party may have theretofore prescribed by notice to the sending Party. Such notices shall be deemed delivered the earlier of: (i) when actually received by personal delivery or facsimile if received during normal business hours and on the next business day if received after normal business hours; or (ii), if sent by the United States Postal Service, on the date indicated by the United States Postal Service on the return receipt as the date on which it was received by the respective other Party.

F. Non-Waiver

Failure of any Party hereto to insist on the strict performance of any of the agreements herein or to exercise any rights or remedies accruing hereunder upon default or failure of performance shall not be considered a waiver of the right to insist on, or to enforce by any appropriate remedy, strict compliance with any other obligation hereunder or to exercise any right or remedy occurring as a result of any future default or failure of performance.

G. Assignment

All Parties to this Agreement understand and recognize that only the City Commission of the CITY and only the Commissioners Court of the COUNTY have authority to approve a delegation or assignment of the COUNTY's or the CITY's rights in this Agreement on behalf of the CITY or the COUNTY, respectively. All Parties further agree that the DEVELOPER shall have the right to assign the right to receive reimbursements to a third party for the purpose of obtaining financing, or to a related third party without obtaining consent of any other Party, provided that such reimbursements have been approved by the ZONE BOARD and such assignments are made in compliance with the Development Agreement.

H. Successors

This Agreement shall bind and benefit the Parties and their legal successors or assigns. This Agreement does not create any personal liability on the part of any trustee, officer, owner, partner, principal, employee, elected official or agent of a Party to this Agreement.

I. Amendments to Original Project and Finance Plan and Supplemental Project and Finance Plan

The COUNTY acknowledges that it was provided with a copy of the initial preliminary finance plan for review and comment before the Original Project and Finance Plan was finalized and approved by

the City Commission of the CITY. The COUNTY further acknowledges that it was provided with a copy of the initial preliminary supplemental project and finance plan for review and comment before the Supplemental Project and Finance Plan was finalized and approved by the City Commission of the CITY. The Parties agree that a Material Change to the Original Project and Finance Plan or the Supplemental Project and Finance Plan shall not apply to the COUNTY unless the COUNTY approves the change as provided herein. Further, if such amendment to the Project and Finance Plan (i) has the effect of directly or indirectly increasing the percentage of Tax Increment to be contributed by the COUNTY; or (ii) increases or reduces the geographical area of the ZONE set forth in the Original Project and Finance Plan or the Supplemental Project and Finance Plan, the COUNTY must approve said amendment in order for the amendment to be binding on the COUNTY.

J. Access to Financial Information

The ZONE agrees to conduct or to cause to be conducted, at a minimum, an annual financial review, a copy of which will be provided to the COUNTY. Furthermore, each Party to this Agreement shall have reasonable access to financial or other information and audit reports regarding the operation of the ZONE, contribution of Tax Increment Payments, including the Additional Payments, to the Tax Increment Fund, and expenditures from the Tax Increment Fund for Project Costs and Supplemental Educational Facilities Project Costs, including all expenditures from the Separate Additional Funds. In addition, the CITY agrees, during the term of this Agreement, to prepare and deliver an annual report to the COUNTY in accordance with Section 311.016 and 311.0101(c), Texas Tax Code. The COUNTY shall have the right to withhold or delay payments to the Tax Increment Fund until such time as it has received the financial report (and other documentation and information pursuant to Section IV.B.2. above) from the CITY for the applicable tax year, and shall not incur any penalties or interest with respect to any such withheld or delayed payments notwithstanding any provision herein to the contrary.

K. Development Agreement

The CITY, DEVELOPER, and ZONE BOARD have entered into the Development Agreement. The CITY hereby agrees with COUNTY to use reasonable efforts to enforce and follow the provisions of the Development Agreement against DEVELOPER, including, without limitation, the DEVELOPER's compliance with all applicable building codes and ordinances, as modified or amended and all applicable federal, state, and local laws, rules, regulations, statutes, ordinances, orders and codes, as amended, pertained to the construction of the Project. The CITY and the ZONE agree to provide the COUNTY with a copy of any notice of Default that is delivered or sent to any party under the Development Agreement within five (5) business days after receipt of the notice by the CITY or the ZONE. The COUNTY shall have the right to consent to any waivers of Default. The COUNTY shall also have the rights to consent to any changes or modifications in DEVELOPER's or other Parties' obligations prior to such modifications or changes being effective, if modifications or changes constitute a Material Change.

L. ZONE Designation

The CITY represents that its designation of the ZONE meets the criteria of Section 311.005(a), Texas Tax Code.

IN WITNESS HEREOF, the CITY OF MCALLEN; HIDALGO COUNTY; DEVELOPER; TAX INCREMENT REINVESTMENT ZONE NUMBER ONE (1), CITY OF MCALLEN, TEXAS; and TRES LAGOS PUBLIC IMPROVEMENT DISTRICT have made and executed this Agreement in quintuple originals on this 15th day of December, 2015.

EXECUTIVE SUMMARY

Overview of Plan

Tax Increment Reinvestment Zone Number One, City of McAllen, Texas, (the "Zone" or the "TIRZ") represents an important opportunity for the future of the City of McAllen (the "City"). It will promote and encourage construction of approximately 2,571 acres of mixed use development including single-family, multi-family, retail, office and commercial development (the "Project"), and the creation of more than eight thousand new jobs.

Creation of the TIRZ and implementation of the Project will:

(1) Increase the population and tax base of the area;

(2) Remove low valued vacant land from the tax rolls and replace it with higher value development;

(3) Include creation of a public improvement district pursuant to Chapter 372 of the Texas Local Government Code ("PID") as a mechanism to ensure that the development, rather than the existing City taxpayers, pay for the upkeep and maintenance of some of the public roads and infrastructure in the development; and

(4) Start a new model for development in the area that is more sensitive to the environment (i.e., recycled water, green spaces, curving design, etc.) and is more sustainable (higher employment base, superior technology, enhanced security, etc.).

This tract of land has remained vacant and undeveloped because either (1) the costs associated with developing the land in the preferred manner prohibited the efficient use of the property, or (2) the property was unavailable for development when development should have occurred and current development costs for the desired development are uneconomical. Creation of the TIRZ will allow for construction of infrastructure and other improvements including single-family subdivisions, multi-family projects, commercial projects, retail developments and thousands of new jobs and related economic development that will cause public benefits that would otherwise be very difficult, if not impossible, to obtain due to costs that include off-site utility extensions, on-site and off-site utility plant expansions, on-site street and utility extensions, drainage improvements, community Wi-Fi, surveillance cameras, Fiber-to-the-Home infrastructure and significant park and recreational installations.

The Zone is located at the southwest corner of Ware Road and Monte Christo Road (the "Property"). Please see **Exhibit 1** for a location map of the Property. This Project and Finance Plan will be implemented through the execution of a Development Agreement between the City of McAllen, the Board of Directors of the Zone, and Rhodes Enterprises Inc., its successors and assigns, (acting as the "Developer"), which sets forth the rights and obligations of the parties to assure successful completion of the proposed Project. Unless otherwise defined herein, all defined terms in this Project and Finance Plan shall have the meanings set forth in the Development Agreement.

Anticipated Benefits of Development

The projected benefits of the Zone are as follows:

- The original plan for the Property was to develop a rural subdivision with lots ranging from 1 acre to 10 acres, with the entire development remaining in the County. However, the proposed mixed use development has greater density, supports retail, multifamily, office and institutional uses, creates additional employment and will generate a superior tax base.

- The entire 2,571 acres are currently located in the city limits of the City and within Hidalgo County, Texas. The Property was annexed through a Developer petition conditioned on (1) the City approving participation in the TIRZ in an amount equal to 80% of the revenue generated from the CITY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year during the term of the ZONE, and the remaining 20% being retained by the City, and (2) Hidalgo County approving participation in the ZONE by contributing to the Tax Increment Fund an amount equal to 77% of the revenue generated from the COUNTY M&O Tax Rate (as defined in the Interlocal Agreement) as assessed and collected on the Captured Appraised Value for each respective tax year during the term of the ZONE, and the remaining 23% being retained by the County, during the term of the Zone.

- Over 125 acres of parkland that will be developed and dedicated to the City for public use.

- The Developer will dedicate drainage right-of-way that will improve drainage issues for the community upstream and downstream of the Zone with an estimated value of $6,000,000.00.

- Recycled water will be used to water the green spaces providing enhanced water conservation.

- The Tres Lagos development will be the first in the region to provide Fiber-to-the-Home (FTTH) for high-speed internet access (up to 1 Gbps).

- Enhance and increase the population within the area, and the economy of the overall general area.

- Provide for pedestrian safety and access through walking trails and street light construction.

- Provide for public use sites and assist in funding emergency access networks.

- Enhance the quality of life within the development and surrounding areas through parks landscaping and increased recreational opportunities.

- Create a sustainable housing initiative for the benefit of landowners inside and outside of the Zone through encouraging green build and ENERGY STAR construction of homes and buildings.

- Generate significant revenue in the form of ad valorem tax, utility fees, property tax, et al, and help extend utility (water, sewer, recycled water, cable, and data) service to adjoining tracts and other areas for future development.

- Add over +/- $2,600,000,000.00 to the tax base of the City and County over the life of the Zone.*[1]

- Require only the taxes from within the Zone, and not existing taxpayers in the City or the County, to pay all the costs of the installation of all utilities required for the Project.

- Create a new and replicable standard for better and more sustainable development within the City that encourages new development to pay for itself in a greater amount and does not place the burden unfairly on the City's current budget or on the current and existing taxpayers.

The TIRZ Concept

A TIRZ or Tax Increment Reinvestment Zone is a financing tool authorized by the State of Texas Legislature in Chapter 311 of the Texas Tax Code. The purpose of the statute is to allow cities and counties to provide an incentive to develop areas that lack the infrastructure or have other impairments to desirable growth and development.

When a zone is created, the "base value" of the area is frozen for tax purposes. The existing taxing entities continue to receive tax revenues as before. However the increased tax revenue ("the increment") generated by new development within the zone will be used to reimburse costs related to public improvements within the zone as well as other related allowable expenses. The zone will have a life equal to a predetermined number of years. Upon reaching that date, or upon all costs having been reimbursed, whichever comes first, the zone will terminate. Upon termination, the increased tax revenue belongs to the respective taxing entities. The investment in public infrastructure and public amenities will cause the tax revenue received by the City and County to be much greater both during the TIRZ and afterwards than would have been received without the TIRZ. Comparison charts below illustrate the level of tax revenue and public benefit received through the TIRZ Project and Finance Plan compared to ordinary non-TIRZ development.

[Charts on Following Page]

*[1] $2,569,780,976 in vertical improvements plus $232,396,315 in infrastructure over the term of the Project.

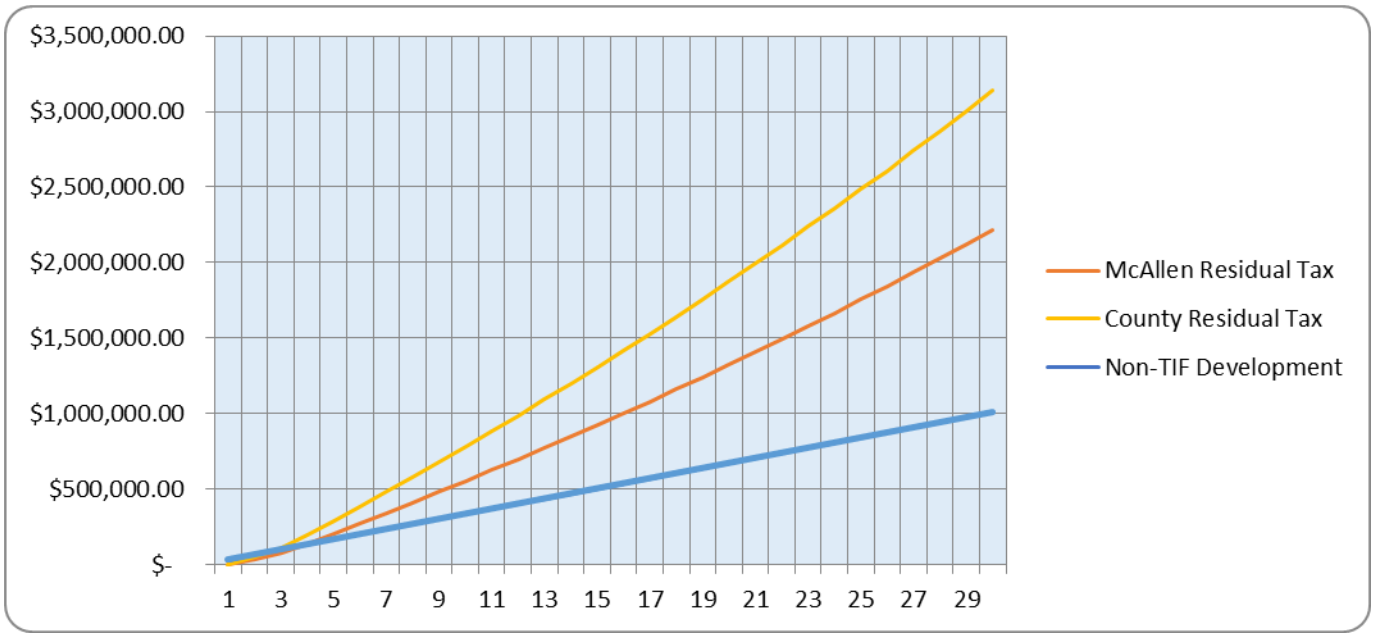
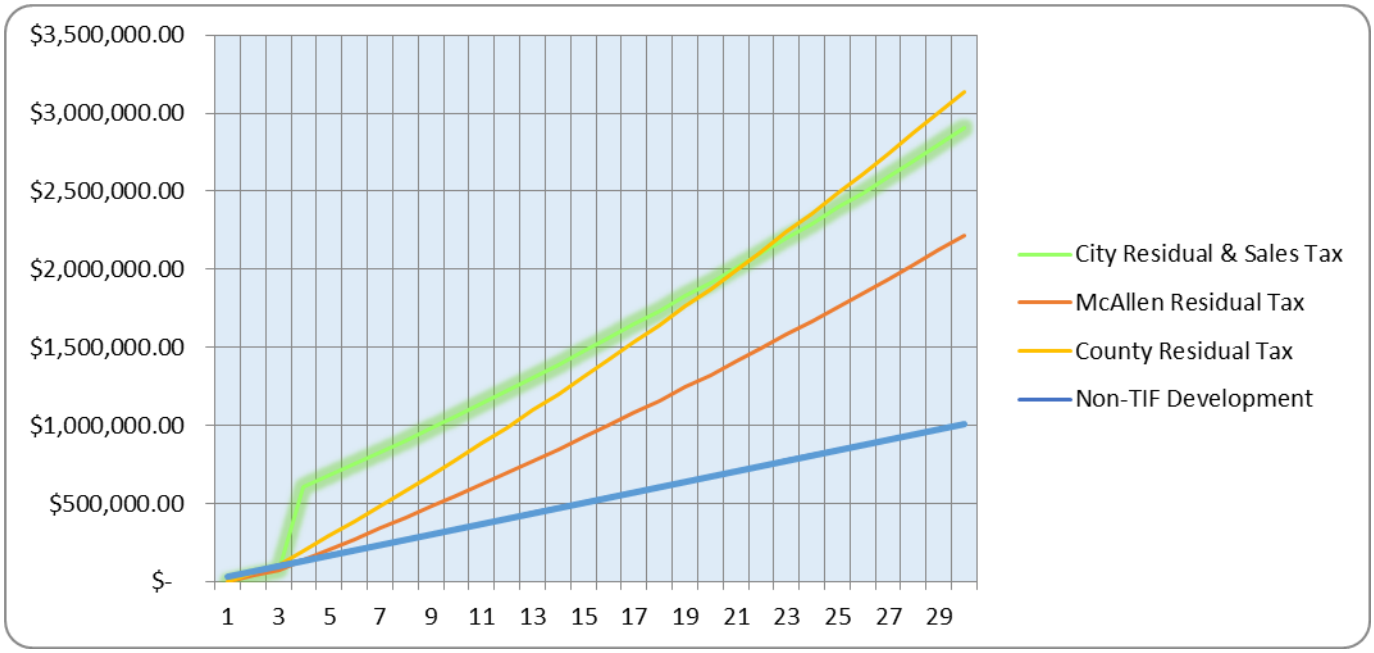
INCOME COMPARISON BETWEEN EXISTING DEVELOPMENT METHOD AND "NEW TIRZ METHOD"



INCOME COMPARISON BETWEEN EXISTING DEVELOPMENT METHOD AND "NEW TIRZ METHOD" continued



PROJECT PLAN

The Reinvestment Zone Number One, City of McAllen, Texas Project and Finance Plan provide a long-term method to increase economic vitality, tax base, and population within the Zone.

The economics of attracting market rate housing, new businesses, retail establishments, commercial uses and new employment opportunities will be greatly enhanced utilizing the TIRZ to finance public infrastructure improvements and economic development initiatives.

The following specific objectives set the framework for the planned public improvements within the Zone:

- Complete infrastructure to support +/-2,571 acres of mixed use development with an estimated developed tax base value of over $2,500,000,000.00.

- Fund reimbursement of construction of primary public streets and public utility work to create access for future planned high technology and secure mixed use developments.

- Provide attractive, safe pedestrian environments through landscaping, lighting and construction of public walkways in the single-family areas and open space areas of the development.

- Construct wastewater collection, recycled water mains and storage and reuse facilities to enhance and encourage environmentally sensitive and water conscious regional development.

- Make utilities (sewer, water, recycled water, cable, and fiber optic) available to adjoining properties in the City and County for future growth.

- Relieve the City and County of some of the maintenance costs of the community by establishing a PID, which will also establish a model community that incorporates availability of gigabit speed internet access to every home and business in the community; community high-speed Wi-Fi access; community security, data, video and surveillance services; interconnected linear hike and bike and park systems, and unique subdivision designs to create a secure and sustainable living and working environment.

- Create, and prove the feasibility of a new model of 'smart growth' development for the City and County which is socially and financially sustainable, environmentally sensitive, and which conserves water and has a lower carbon footprint.

Planned Private Development and Investment

The total private development investment stimulated by creation of the Zone is forecasted to be $2,569,780,976.14 in the form of vertical construction of homes, apartments, office buildings, retail buildings and commercial uses.

Public Infrastructure Improvements

The Public Infrastructure Improvements (hereinafter may be referred to as "Public Improvements") which will be completed pursuant to the Project and Finance Plan are detailed in **Exhibits 4 through 9** of this Project and Finance Plan, and the amount of public investment for reimbursement of the Public Improvements totals $258,540,901.00. If the interest cap is reached no additional interest payments may be made.

Public Infrastructure Improvements and Related Eligible Expenses

The Public Infrastructure Improvements to be constructed and financed pursuant to the Project and Finance Plan and related capital costs include, but are not limited to, reimbursements associated with the following internal and external project costs for infrastructure to be constructed and dedicated to a Public Entity: Mile 9 Russell Rd. improvements, Shary & Bryan Road improvements, Glasscock/Stewart/Mayberry Road improvements, public parks, together with all site work, internal streets and drainage, onsite and offsite water and sewer and recycled water infrastructure, sidewalks, fiber optic dedicated to the City, PID, or other Public Entity, communication, Wi-Fi and surveillance infrastructure dedicated to the PID, as well as all other related infrastructure, soft project costs, and costs of creation as shown **Exhibit 5 and Exhibit 9**. The capital cost is estimated to be $232,396,315.00 of the full eligible build-out amount plus interest on such amount until reimbursed.

[Remainder of Page Intentionally Left Blank-Project Plan and Finance Plan Continue on Next Page]

Existing and Proposed Uses

The existing uses in the area in which the Zone is located consist of open undeveloped or underdeveloped land and farming operations.

The proposed uses in the Zone are those uses set forth in **Exhibit 2** which have been master-planned and organized in phases to provide the maximum value enhancement and benefits to the Zone, the City and the surrounding community.

Description of Zone

The Zone will be located in the northwest sector of the City of McAllen ETJ. The exact location and legal description of the Zone are identified in the survey and field notes attached as **Exhibit 1**.

Project Feasibility

The feasibility of the Project has been analyzed by an independent economist and the Developer. The results of this analysis establish that the Project is both economically feasible and is within market absorption capabilities. According to national employment creation statistics by type and square footage of development, it is estimated that the Project could create in excess of 8,000 new jobs, and over $200,000,000.00 in annual payroll within the McAllen area, which will provide tremendous benefits to the municipality in the form of increased economic stimulus, ad valorem, and sales tax revenues.

Based on the above economic factors, creation of the Zone and approval of the Project and Finance Plan is in the best interest of the City and is in furtherance of its municipal and governmental purposes.

FINANCE PLAN

Tax Increment Financing

The Tax Increment Financing Act (Chapter 311 of the Tax Code), provides for counties and cities to create "reinvestment zones" within which various public works and improvements can be undertaken, using tax increment revenues, bonds or notes, to pay for those improvements. The Act also allows the Zone to participate in the funding of improvements outside the Zone if the improvements benefit the Zone. At the time an area is designated a reinvestment zone for tax increment financing, the existing total of appraised value of real property in the zone is identified and designated as the Tax Increment Base. The Zone will not receive any sales tax revenue collected by the City of County.

Public improvements are made in the area to attract private development that would not otherwise occur. As the costs of new development are added to the tax rolls, property values will rise, and there will be an increase in sales tax revenue as well. This rise in new ad valorem value is called the "captured appraised value." The taxes that are collected by the participating taxing jurisdictions on the increment between the frozen value and the new higher value, or the Tax Increment, are then deposited into a TIF Fund, which is used to reimburse or pay for the approved improvements. Once the public improvements are completed and reimbursed, the TIF and Zone are dissolved and any remaining amounts of taxes collected are kept by the taxing jurisdiction. In addition the TIF will be dissolved if the Developer is in Default and does not cure the Default, or if the reimbursements for Public Infrastructure Improvements are paid earlier than

anticipated. In effect, the taxing jurisdictions are "investing" future earnings to receive the benefit of higher tax revenues from new development. Taxing jurisdictions are not restricted from reassessing property value or changing their tax rate as allowed by State law during the life of the Zone.

Financing Plan Overview

The Tax Increment Base is $1,064,613.00 (hereinafter also referred to "Base Value"). The City has agreed to participate in the ZONE by contributing to the Tax Increment Fund an amount equal to 80% of the revenue generated from the CITY M&O Tax Rate as assessed and collected on the Captured Appraised Value for each respective tax year during the term of the ZONE. In no event shall the CITY contribution to the Tax Increment Fund be greater than $120,990,149.00 over the life of the ZONE beginning with the 2014 tax year. The County has indicated that it will participate in the ZONE by contributing to the Tax Increment Fund an amount equal to 77% of the revenue generated from the COUNTY M&O Tax Rate (as defined in the Interlocal Agreement) as assessed and collected on the Captured Appraised Value for each respective tax year during the term of the ZONE. In no event shall the COUNTY contribution to the Tax Increment Fund be greater than $143,318,484.00 over the life of the ZONE beginning with the 2014 tax year.

The Zone provides funding for approximately +/-$258,940,901.00 of planned Public Infrastructure Improvements which are eligible for reimbursement, including interest, and Administrative Costs paid to the City and County for administering the Zone. In addition, this Project and Finance Plan authorizes reimbursement of the Pre-TIRZ Administrative Costs to the City in an amount not to exceed $70,000.00, with said amount to be paid from the contingency or surplus funds as shown on the Sources & Uses Table set forth on **Exhibit 5**. The Finance Plan indicates that the Zone will yield adequate revenues to provide for incremental financing of the Project as indicated in **Exhibits 4 through 9**. The total projected revenue of the Zone is $264,308,634.00.

Financing Method: Initial financing is being accomplished through equity invested by the Developer through private investments and conventional land development bank loans, the issuance of Tax Increment Bonds (hereinafter also referred to as "Bonds") when available, as well as other funding sources. No taxing jurisdiction is guaranteeing the repayment of these loans; they remain the obligation of the Developer. In the event Bonds are issued they will not become obligations of the City or County. When Bonds are issued by the City, only the pledged Available Tax Increment can be looked to for repayment of those obligations. Other Public Infrastructure Improvements included in the Project and Finance Plan will be funded through similar financing sources and reimbursed to the Developer, as Available Tax Increment is available. Bonds are projected to be issued for the Project with the assistance of the City upon the completion of 900 homes which are built and assessed in the Project. If Bonds are issued, the Available Tax Increment from the Zone will serve as the **only** repayment source for the Bonds.

Priority of Payment: The City and the Board shall disburse funds from the Tax Increment Fund (or Bond revenues) to pay expenditures in the following order or priority of payment:

1. FIRST, to reimburse the City for reasonable Pre-TIRZ Administrative Costs approved by the Zone;

2. SECOND, payment of Administrative Costs to the City and County pursuant to the Interlocal Agreement;

3. THIRD, to reimburse the City for the City Project Costs, plus interest, as provided in the Project and Finance Plan, for the City Public Improvements;

4. FOURTH, to pay the debt service on any Tax Increment Bonds issued by the Zone/City which are due and payable in whole or in part from the Available Tax Increment provided they are used to pay costs as set forth in the Project and Finance Plan;

5. FIFTH, to reimburse Developer or City for Project Costs, plus Interest, as provided for in the Project and Finance Plan incurred by the City or Developer, for Public Infrastructure Improvements constructed by either on a first in, first out basis; and

6. SIXTH, to reimburse or pay the cost of any project or improvement that was not included in the original Project and Finance Plan, but was later added as a subsequent project with approval of the ZONE and the CITY.

The foregoing, notwithstanding, no funds will be paid from the Tax Increment Fund to the City or County for its financial and legal services in any dispute arising under the Development Agreement with another participating taxing entity.

Capital Costs: The total capital costs to be incurred for Public Infrastructure Improvements total $232,396,315.00. The Developer's portion of this amount is estimated to be $230,696,315.00, the City's portion of this amount, the City Public Improvements, to be incurred for off-site improvements (extension of fiber optic strands and conduits to the Zone, extension of sewer mains to the Zone, the extension of recycled water trunk mains to the Zone, and the construction of a new fire station to serve the Zone and other areas) are estimated to be $4,050,000.00. The City and County have negotiated a maximum reimbursement to the Developer. It is projected that neither the City nor the Developer will receive any payments until fiscal year 2016. The earliest projected payoff of the capital cost would occur in fiscal year 2044 and includes an estimated reimbursement of the Developer contribution of $230,696,315.00 out of the Project Costs totaling $258,540,901.00.

TIRZ Collections: The TIRZ collections for this project shall not extend beyond December 31, 2045 and may be terminated earlier once each taxing entity has deposited its respective maximum dollar contribution amount described in the table below. Some taxing entities may reach their maximum dollar contribution prior to others and/or prior to the end of the TIRZ; the term of the TIRZ will continue through December 31, 2045 or will terminate once all taxing entities have deposited their maximum dollar contribution, and all obligations of the Zone have been satisfied pursuant to Section 311.017 of the Texas Tax Code.

TABLE-Maximum TIRZ Contribution		
Participating Taxing Entities	**Maximum Dollar Contribution**	**Maximum Length of Contribution**
City of McAllen, Texas	$120,990,149.00	December 31, 2045
Hidalgo County	$143,318,484.00	December 31, 2045
Maximum Contribution Amount	$264,308,634.00	

Developer's Risk**:** All financing, development costs, construction costs, improvements, damages, or other costs incurred by the Developer with respect to this project are at the sole risk of the Developer. Neither the City nor County shall incur any risk of loss whatsoever associated with the development, construction, completion, or failure of the Project, if such loss is due to Developer. In the event that the Project fails, is abandoned by the Developer, or for any reason is not completed, the City shall have the right to terminate the TIRZ and any funds remaining in the TIRZ account after payment of approved reimbursements shall be distributed to the City and County on a pro-rata basis in accordance with each entity's participation level.

Limited Obligation of the City and County: Except for the financial obligation of the City to construct the City Public Improvements the City and County obligations shall be limited to the City imposing and collecting taxes and the County imposing taxes, and both the City and the County depositing such tax receipts into the Tax Increment Fund during the term of the TIRZ for so long as the Project is viable, the Developer is not in Default, and eligible project costs and capital costs (and interest thereon) incurred by the Developer have not been fully paid. The TIRZ collections for this Project shall not extend beyond 30 years or past the collection of taxes assessed for the year 2044 (and collected in 2045), and may be terminated prior to December 31, 2044 upon payment of the total amount of reimbursement for Project Costs to the Developer as provided in the Development Agreement, or for Default by the Developer as set forth in the Development Agreement, or as allowed by Section 311.017 of the Texas Tax Code.

Any costs incurred by the Developer are not, and shall not in any event become, general obligations or debt of the City or County. The Project Costs incurred by the Developer shall be paid solely by the TIRZ revenues contributed to the Zone and shall never constitute a debt, indebtedness, or a pledge of the faith and credit or taxing power of the State, the City, County, or any political corporation, subdivision, or agency of the State of Texas, other than the TIRZ, which is funded solely by the pledged Tax Increment of the City and County.

Financing Policy: This Project and Finance Plan limits the amount of City and County Available Tax Increment (80% of the CITY M&O Tax Rate and 77% of the County M&O Tax Rate) paid to finance repayment of the City and Developer expenditures for reimbursable public improvements.

Short Term Financing: The short term financing for the Project will be paid through initial capital investment and conventional development loans provided by the Developer for Public Infrastructure Improvements installed by the Developer. The City will fund the initial cost of the City Public Improvements ($4,050,000.00) through advancing City budgeted funds. The Project costs advanced by the Developer and City for construction of their respective public improvements will be reimbursed according to the approved priority of payment as TIF Funds become available in the balance of the Tax Increment Fund.

Long Term Financing/Bonds: To minimize the cost of interest incurred by the Project, the Zone will recommend the issuance of, and the City will issue (contingent upon City Commission approval), Tax Increment Bonds when 900 homes have been completed within the Zone and are being assessed ad valorem taxes. It is projected that the Tax Increment Bonds will be issued in the fourth year of the Project and Finance Plan (2018). The amount of the issuance will be the maximum amount as is reasonably and prudently determined by the City and its financial advisers that can be debt-serviced and underwritten at reasonably acceptable interest rates at the time of issuance based upon the amount of the pledged tax

increment that is being generated within the Zone according to the City's debt issuance policies and State of Texas public finance requirements.

Financial Assumptions

The Finance Plan is based upon conservative assumptions. Accordingly, the Finance Plan assumes that there will be no tax rate changes during the project term, and assumes an increase in assessed values of existing tax base of only 1.015% per year rather than the actual average appreciation rate which is historically in excess of 3% per year.

The Finance Plan also assumes that the taxing entities will continue to collect tax revenues at the same rate and that homestead and other exemption rates will remain unchanged. Build-out rates of tax base within the Finance Plan are based on conservative rates of absorption established from historical market data collected from the Rio Grande Valley demographics.

Financial Feasibility

Based on the private development plans, public improvement program, budgets and general financing strategy, financial assumptions, and the feasibility study prepared by H.E. Skip Preble, MAI, CCIM, of Boerne, Texas, and as required by Section 311.011(c)(3) of the Texas Tax Code, the City of McAllen City Commission finds that the Finance and Project Plan is economically feasible.

Financial and Governance Policies

Pursuant to Chapter 311 of the Texas Tax Code, the Zone will be governed by a nine-member Board of Directors appointed by the City Commission, the Board of Directors of the ZONE (hereinafter also referred to as the "TIRZ Board"). The TIRZ Board members shall include: a City designee, a County designee, and five other initial members all of whom must be the owners of real property within the Zone, or an agent or employee of an owner of real property in the Zone; the other two board members shall be the State Senator and State Representative representing the districts in which the Zone is located. The chairperson of the TIRZ Board will be designated by the City Commission.

The TIRZ Board will operate pursuant to Robert's Rules of Order and will adopt rules governing the management of the TIRZ. These rules are designed to ensure conformity with all Texas Tax Code rules and regulations, including but not limited to the requirement that all Public Infrastructure Improvements are publically bid and that all meetings are held in compliance with the Texas Open Meetings Act. The TIRZ Board may make non-Material Changes within the Project and Finance Plan, provided that said changes do not violate the competitive bidding requirements for public infrastructure improvements as required by Texas law. Additional guidelines and requirements for carrying out the Project and additional rights and obligations of the City, County, and Developer are contained in the City ordinances creating the Zone, approving the Finance Plan and Project Plan, as well as in the Development Agreement and the Interlocal Agreement related to the Project.

Compliance: The Developer shall comply with all applicable federal, state and local laws, rules and regulations, including all those relating to the construction of public improvements.

Reporting: The Developer shall submit a project status report and financial report on a semi-annual basis to the City.

Inspection: The Developer shall allow the City, County and/or the Board of Directors for the ZONE reasonable access to the Project site or sites for inspections during and upon completion of construction upon reasonable notice.

The TIRZ Board may from time-to-time recommend amendments to these financial policies to the City which, if adopted by the City, may affect the operation of the Zone.

Conclusions

Based upon a set of conservative assumptions and an analysis of the Zone Project and Finance Plan, the TIRZ Board and the Commission of the City of McAllen has concluded that the TIRZ Project and Finance Plan is economically feasible in compliance with Chapter 311 of the Texas Tax Code.

The success of the Project within the Zone will encourage other large planned mixed-use developments with higher values. The new residential population base: will support an expanding retail base, will supplement the existing job market by adding over 8,000 new jobs, and will attract additional private development into the Zone and surrounding area. In addition, the Zone will serve to stabilize and enhance future property values in the City of McAllen and Hidalgo County, and will serve the municipal and governmental purpose of protecting the public safety and welfare.

APPENDIX & EXHIBITS
TIRZ REQUIREMENTS

Section 311 of the Texas Tax Code (Tax Increment Financing Act) specifies that TIRZ Project and Finance Plans meet certain requirements. These requirements are listed below, along with a reference indicating where these elements can be located in the Project and Finance Plan. All of the exhibits identified below in this Appendix are incorporated into the Project and Finance Plan of the Zone as if fully set forth herein, and are made a part hereof for all purposes:

Project Plan

1. Survey and Field Notes of Property	Exhibit 1
2. Map of proposed improvements and uses- Tres Lagos Master Plan	Exhibit 2A
Map of existing uses and conditions	Exhibit 2B
3. Proposed changes of zoning ordinances, waivers and exceptions to subdivision rules and regulations	Exhibit 3
4. Estimated non-project costs	None claimed
5. Relocation plan for current residents	Not Applicable (no current residents)

Finance Plan

1. Summary	Exhibit 4
2. Detailed estimate of Project Costs including Administrative Costs	Exhibit 5 & Exhibit 7
3. Proposed Public Improvements (location, kind, number)	Exhibit 5 & Exhibit 9
4. Finding that Plan is economically feasible/economic feasibility study	Pages 8 & 12
4. Project timeline	Exhibit 4 & Exhibit 8
5. Estimated amount of bonded indebtedness	Exhibit 6 & Page 12
6. Time when costs/obligations will be incurred	Exhibit 5 & Pages 11 & 12
7. Methods of financing, sources of revenue	Exhibit 6 & Pages 9, 11 & 12
8. Current total appraised value	Exhibit 4
9. Estimated captured appraised value	Exhibit 6 & Exhibit 7
10. Duration of Zone	Exhibit 4

Exhibit 1
Field Notes of Property & Survey

Tract 1: A tract of land containing 2561.402 acres situated in the County of Hidalgo, Texas, being 2571.402 acres comprised of 1.) 18.865 acres being a part or portion of LOT 54-7, OUT OF THE AMENDED MAP OF LOTS 53-6, 54-6, 55-6, 56-6, 57-6, 58-6, 59-6, 53-7, 54-7, 55-7, 56-7, 57-7, 58-7, 59-7, 53-8 & 53-9, WEST ADDITION TO SHARYLAND SUBDIVISION, according to the plat thereof recorded in Volume 6, Page 42, Hidalgo County Map Records, 2.) ALL OF SECTION 223, TEXAS-MEXICAN RAILWAY CO. SURVEY according to the plat thereof recorded in Volume 8, Page 54, Hidalgo County Map Records; 3.) ALL OF SECTION 224,TEXAS-MEXICAN RAILWAY CO. SURVEY according to the plat thereof recorded in Volume 411, Page 149-150, Hidalgo County Deed Records; 4.) a part or portion of SECTION 227, TEXASMEXICAN RAILWAY CO. SURVEY; 5.) a part or portion of SECTION 230, TEXAS-MEXICAN RAILWAY CO. SURVEY; 6.) a part or portion of SECTION 232, TEXAS-MEXICAN RAILWAY CO. SURVEY according to the patent issued by the State of Texas, to W. S. Daugherty recorded in Volume 4, Page 142-143, Hidalgo County Deed Records, SAVE AND EXCEPT 10.00 acres conveyed to Hidalgo County Irrigation District No. 7 by virtue of a Warranty Deed recorded in Volume 622, Page 638, Hidalgo County Deed Records, said 2571.402 acres also being more particularly described as follows:

BEGINNING at the Northeast corner of Section 232 Texas –Mexican Railway Co. Survey located on the city limits of the City of McAllen for the Northeast corner of this tract;

1. THENCE, in a Southwesterly direction along the East Lot line of Lot 232 and the city limits of the City of McAllen to the Southeast corner of said lot for the Northernmost Southeast corner of this tract;

2. THENCE, N 80° 23' 30" W along the South line of said Section 232, the North line of Lots 35-68, Section 229, Tex-Mex as per plat thereof recorded in Volume 12, Page 55, Hidalgo County Map Records, and within Mile 9 Road right-of-way, a distance of 5175.14 feet to an iron pipe found for the Southwest corner of said Section 232, and the Northeast corner of Section 230 for an inside corner of this tract;

3. THENCE, S 09° 05' 05" W along the East line of said Section 230, and the West line of Section 229, as per said plat thereof recorded in Volume 12, Page 55, Hidalgo County Map Records, at a distance of 2519.05 feet pass an iron pipe found in line, and now continuing along the West line of Section 229, Tex-Mex, as per plat thereof recorded in Volume 12, Page 22, Hidalgo County Map Records, and continuing a total distance of 3295.30 to an outside corner of this tract;

4. THENCE, N 80° 48' 32" W a distance of 251.52 feet (250.00 feet) to an iron rod set for an inside corner of this tract;

5. THENCE, S 08° 44' 55" W, at a distance of 20.00 pass an iron pipe found in line, and continuing a total distance of 250.00 feet to an iron pipe found for an outside corner of this tract;

6. THENCE, N 80° 55' 38" W a distance of 2503.36 feet (2503.2 feet) to an iron pipe found for an inside corner of this tract;

7. THENCE, S 09° 02' 13" W at a distance of 1611.44 feet pass the North right-of-way line of Mile 8 Road, and continuing a total distance of 1631.44 feet to the Southernmost Southeast corner of this tract;

8. THENCE, N 80° 48' 07" W along the South line of said Section 230, and within said Mile 8 Road right-of-way, a distance of 627.20 feet to an iron rod found for the centerline of Glasscock Road, and for an angle point of this tract;

9. THENCE, N 80° 47' 57" W along the South line of said Section 230, said Section 223, and within said Mile 8 Road right-of-way, a distance of 2644.96 feet to a concrete monument found for the centerline of Stewart Road, and for an angle point of this tract;

10. THENCE, N 81° 10' 51" W along the South line of said Section 223, and within said Mile 8 Road right-of-way, at a distance of 2658.21 feet pass an iron rod found in line and for the center line of Bryan Road, and continuing a total distance of 4164.66 feet to the Southwest corner of said Section 223, and for the Southernmost Southwest corner of this tract;

11. THENCE, N 08° 59' 01" E along the West line of said Section 223, a distance of 1554.21 feet to an iron rod set for an inside corner of this tract;

12. THENCE, N 81° 02' 31" W along the South line of said Section 223, and said Section 224, at a distance of 1161.82 feet pass an iron rod found in line, at a distance of 2462.04 feet pass an iron rod found in line, and continuing a total distance of 2915.12 feet to an iron pipe found for the Southwest corner of said Section 224 and to a point on the East line of said Lot 54-7, for an inside corner of this tract;

13. THENCE, S 08° 59' 01" W along the East line of said Lot 54-7, a distance of 110.00 feet to the Southeast corner of said Lot 54-7, for an outside corner of this tract;

14. THENCE, N 81° 17' 16" W along the South line of said Lot 54-7, at a distance of 761.50 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 791.50 feet to the Southwest corner of said Lot 54-7, for the Northernmost Southwest corner of this tract;

15. THENCE, N 08° 42'44" E along the West line of said Lot 54-7 and within the right-of-way of F.M. Road 2993 (Cantu Road), a distance of 280.00 feet to an outside corner of this tract;

16. THENCE, S 81° 17' 16" E at a distance of 30.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing along the South line of The Frass Subdivision (Vol.25, Pg.134-A H.C.M.R.), for a total distance of 205.00 feet to a No.4 rebar set at the Southeast corner of said The Frass Subdivision, for an inside corner of this tract;

17. THENCE, N 08° 42' 46" E along the East line of said The Frass Subdivision, a distance of 125.00 feet to a No.4 rebar set at the Northeast corner of said The Frass Subdivision, for an inside corner of this tract;

18. THENCE, N 81° 17'16" W along the North line of said The Frass Subdivision, at a distance of 175.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 205.00 feet to an outside corner of this tract;

19. THENCE, N 08° 42'44" E along the West line of said Lot 54-7 and within the right-of-way of F.M. Road 2993 (Cantu Road), a distance of 692.13 feet to the Southernmost Northwest corner of this tract;

20. THENCE, S 81° 17' 16" E along the South line of a certain 3.82-acre tract, at a distance of 30.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 746.69 feet to a No.4 rebar set for an outside corner of this tract;

21. THENCE, S 08° 59' 01" W along the West line of a tract conveyed to Hidalgo Co. Water Control & Imp. Dist. No.7 (now United Irrigation District) by virtue of a Deed recorded in Vol.519, Pg.65, Hidalgo County Deed Records, a distance of 477.14 feet to a No.4 rebar set for an inside corner of this tract;

22. THENCE, S 81° 17' 16" E along the South line of said tract conveyed to Hidalgo Co. Water Control & Imp. Dist. No.7, a distance of 50.00 feet to a No.4 rebar set for an inside corner of this tract;

23. THENCE, N 08° 59' 01" E along the West line of said Section 224, a distance of 2284.35 feet to an iron pipe found for the Northwest corner of said Section 224, and for an outside corner of this tract;

24. THENCE, S 81° 02' 31" E along the North line of said Section 224, a distance of 2554.12 feet to an iron rod set for the Northeast corner of said Section 224, and for an inside corner of this tract;

25. THENCE, N 08° 59' 01" E along the West line of said Section 223, a distance of 854.95 feet to an iron pipe found for the Northwest corner of said Section 223, and for an outside corner of this tract;

26. THENCE, S 80° 46' 58" E along the North line of said Section 223, a distance of 3177.65 feet to an iron pipe found for an angle point of this tract;

27. THENCE, S 80° 45' 29" E along the North line of said Section 223, a distance of 2102.46 feet to an iron pipe found for the Northeast corner of said Section 223, and for an inside corner of this tract;

28. THENCE, N 09° 03' 26" E along the West line of said Section 227, at a distance of 3795.04 feet pass an iron pipe found in line, and continuing a distance of 5216.19 feet to an iron pipe found for the South right-of-way line of Monte Cristo Road (F.M. 1925) and a distance of 5,256.19 feet to the Northwest corner of Section 227 and the Northernmost Northwest corner of this tract;

29. THENCE, in a Southeasterly direction along the North lot line of Section 227 and 232 to the Northeast corner of Section 232 to the POINT OF BEGINNING, and containing 2571.402 acres, SAVE AND EXCEPT the above mentioned 10.00 acres conveyed to Hidalgo County Irrigation District No. 7, leaving 2,561.402 acres of land, more or less, as shown in Exhibit A.

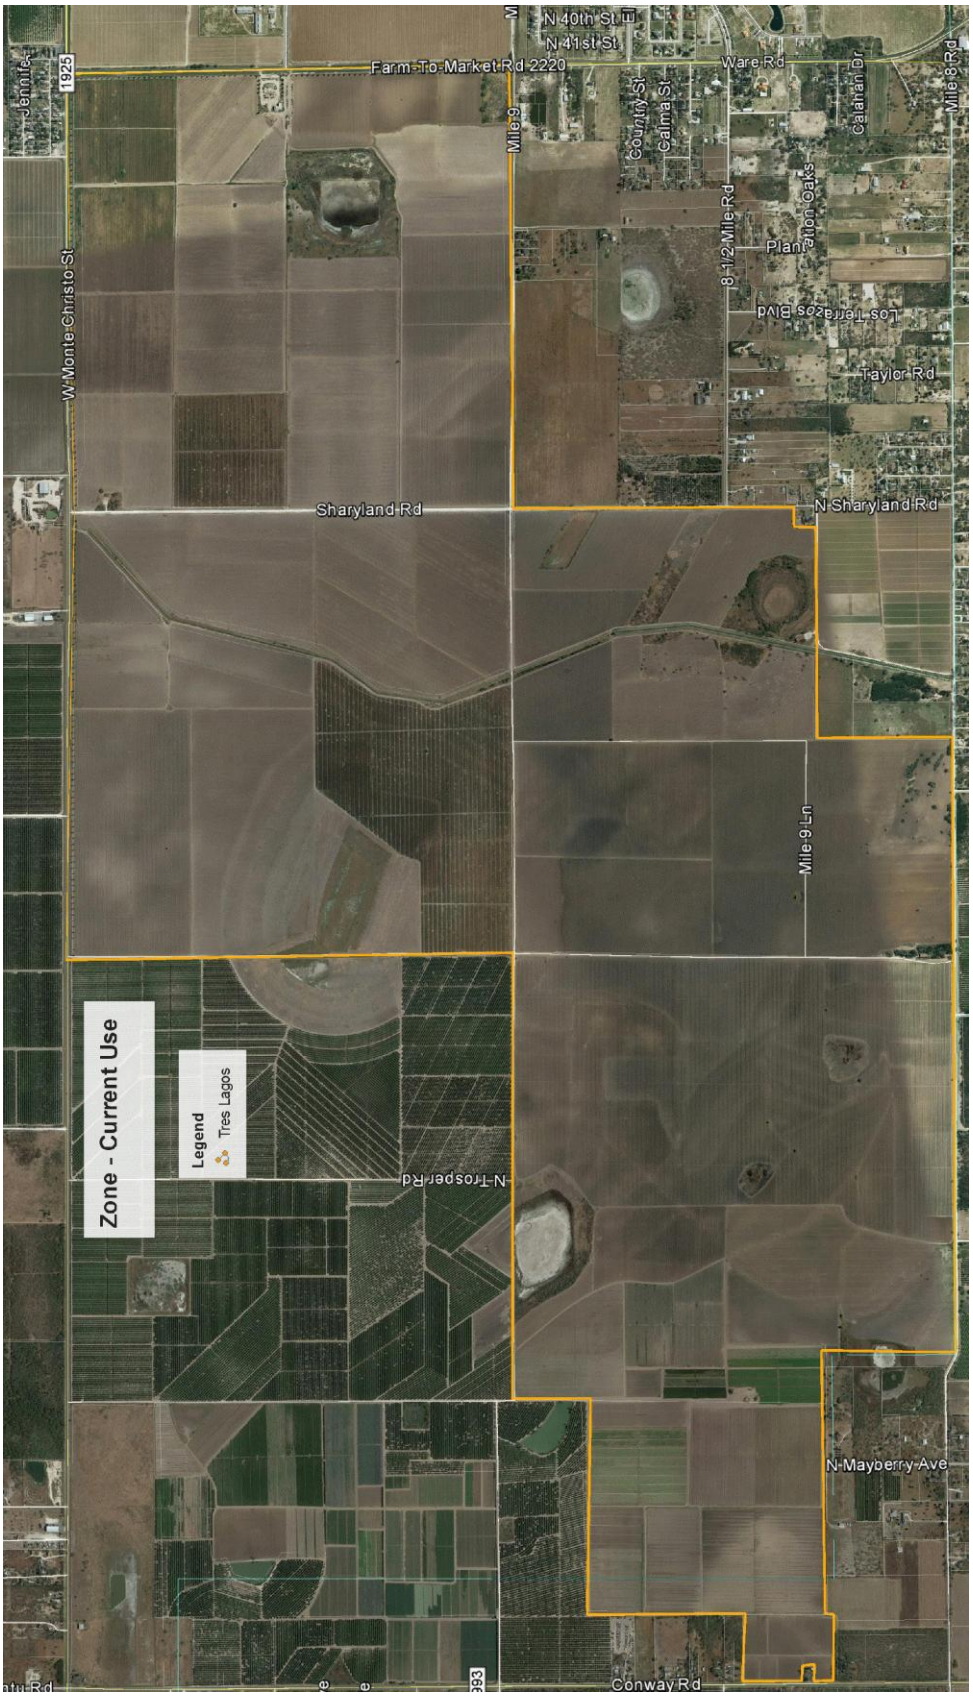

Exhibit 3
A. Waivers and Exceptions to the City of McAllen Platting Regulations

The following specific waivers and exceptions will be required for the Project.

1. The requirement that two access points must be provided into any subdivision with over 20 lots shall not apply to this Project. Emergency access walks/drives shall be recognized as secondary access points for emergency service vehicles.

2. The requirement that the maximum street length ending in a cul-de-sac shall be 600 feet will not apply to this Project provided the unit of development enjoying the variance is designed and platted using the 'coving method' and there are emergency access walks/drives serving the unit of development.

3. The requirements pertaining to sidewalks contained in the City's Development Code will not apply to this Project provided a sidewalk having a width of at least adequate for pedestrian and bike traffic is provided in a plan that is sealed by the registered engineer designing the unit of development.

4. The requirements pertaining to side yard set-backs from property line will be five (5) feet rather than six (6) feet as required by the City Development Code.

5. The requirements pertaining to front yard set-backs for R-1 zoning will be 20 feet rather than the 25 feet as required by the City Development Code.

6. There will be no park fee collected because the parkland dedication will exceed the **CITY**'s requirements as of 10/30/2014.

B. Current and Future Land Use/Zoning

Tract	Acreage	Current Land Use	Zoning District
1	28.7499 acres	Open Space-Agricultural	C-4- Commercial Industrial
2	15.0000 acres	Open Space-Agricultural	R-3A- Apartment Residential
3	11.5000 acres	Open Space-Agricultural	C-4- Commercial Industrial

	Drainage	**76**	**Acres**	**$ -**
	Parks	**121**	**Acres**	**$ -**
Totals		**2,542**	**Acres**	**$ 2,569,780,976.14**

Estimated Taxable Value Created	**$**	**2,569,780,976**
McAllen TIF Assessed Rate	**$**	**0.4313**
County TIF Assessed Rate	**$**	**0.5308**
Tax Collection Rate		**100.00%**
Est. Infrastructure Costs	**$**	**258,940,901**
Est. Total Net TIF Revenues	**$**	**264,308,634**
Excess (Shortage) TIF Revenues	**$**	**5,367,733**
Est. TIF Life		**30 Years**

The projections and estimates contained in this Finance and Project Plan are subject to and may be impacted by market & economic conditions both domestic & international. Actual completion & construction of the Project may take more or less time than described herein. However it is understood that the Developer will use its best efforts to complete the project as quickly as economically feasible. A growth rate of 1.015% per year has been used to establish value of future tax basis.

B. Overall Summary with Escalators Table

Proposed Tres Lagos Tax Increment Finance Zone
Finance Plan - Overall Summary with Escalators (30 year)
Tax Value added by year with escalator

	Development Year	2015	2016	2017	2018	2019	2020
Development Type/ by acre	Total Current Value	1	2	3	4	5	6
Single Family 2.5 du/acre	233,025,000	-	8,035,345	8,155,875	8,278,213	8,402,386	8,528,422

The projections and estimates contained in this Schedule are subject to and may be impacted by market & economic conditions both domestic & international. Actual completion & construction of the project may take more or less time than described herein. However it is understood that the Developer will use its best efforts to complete t he project as quickly as economically feasible. In the event the Developer spends more for infrastructure in a year than required, the amount spent in excess of the required amount shall be credited forward to the ne xt year and applied as if the funds were spent in that year for the purpose of determining

Supplemental A&M Project Financing Plan

A&M Site Building & Expanded Phase I Infrastructure

Supplemental Financing Plan for Project

- Original Phase I of Tres Lagos Project required $16.5mm in public infrastructure
- Phase I costs increase from $16.5mm to $24.5mm, and $10.0mm additional for vertical construction required to accommodate the A&M Project, the $24.5mm in infrastructure costs are already in Original Project and Finance Plan, but supplemental plan amendments are required to fund Vertical Costs

- Goals:
  - Facilitate Infrastructure and New Vertical costs at Lowest reasonable overall expense
  - Minimum City General Fund Exposure
  - Ultimate reliance on the Tax Increment Financing (TIF)
- **Financing Plan Proposal:**
  - Series A Contract Revenue Bonds: ~$12.8mm City Contract Revenue Bonds to Fund the A&M Project Vertical Construction

    - During first 10 years, 10% of Existing Tax Increment Revenue from Original Tres Lagos Project and Finance Plan will divert to cover Series A Debt Service (“Diverted Increment”)

    - City will fund remaining Series A debt service using City’s 20% residual Tax Increment not pledged to Original TIRZ Project Cost (“City Pledge”)

    - If City Pledge and Diverted Increment are not sufficient to cover Series A Debt Service County will contribute 10% of Existing Tax Revenue from Original Tres Lagos Project and Finance Plan for first 10 years.

    - County will pledge it’s 23% residual Tax Increment during years 2015 thru 2026 to cover any shortfall of debt service up to a maximum of $6.8mm (“County Pledge”)

  - Series B: ~$24.77mm City Secured Certificates of Obligation to Fund Required Infrastructure

    - Original City 80% and County 77% TIF Increment (less Diverted Increment) pledged to Fund Debt Service
    - Developer pays & guarantees Balance of Series B Debt Service with automatically renewable irrevocable Bank LOC (1 year Debt Service) and Public Improvement District Special Assessment on undeveloped Project Land

CITY OF McALLEN, TEXAS

Jefferies

Financing Plan Mechanics

- City issues 2 Series of City guaranteed obligations (Contract Revenue Bonds & Certificates of Obligation) with AA rating
  - Assumed to be one notch below current GO Rating

- Series A: Contract Revenue Bonds~$12.8mm 20 Year, Fixed Rate, Amortizing, Level Debt
  - Vertical Infrastructure
  - Interest Capitalized Years 1 to 3, Amortization Deferred
  - Non-taxable

- Series B: Certificates of Obligation~$24.77mm 30 Year, Fixed Rate, Amortizing, Increasing Debt Service
  - Horizontal Infrastructure
  - Taxable
  - Financing structured as interest only for 5 years and then gradual amortization of principal in years 6 to 30.
  - For first 10 Years, Diverted Increments will flow back to City for Series A Debt Service
  - Annual revenues from 77% and 80% original TIF (less Diverted Increment) pledged to fund debt service.
  - If Original TIF funds (77% and 80%less Diverted Increment) are not fully able to pay annual debt service:
    - Years 3 to 30 –Developer guarantees & pays annual balance of debt service
    - Developer provides City with Irrevocable Bank issued automatically renewing LOC equal to one year debt service for Series B Certificates of Obligation
    - PID Assessment for guaranteeing payment of Debt Service until original TIF increment generates at least 120% of annual Series B debt service, then PID assessment extinguished

PID Credit Enhancement Mechanics

- PID Special Assessment put in place in 2015, with first Special Assessments for Debt Guarantee (SADG) levied for interest payments in 2016 thru 2020 and principal & interest debt service starting in approximately 2021
- PID levy is basically credit enhancement to the growing TIF revenue stream
- PID levy expected to decrease each year starting in 2019 as TIF revenues increase
- If development occurs as expected, PID levy for principal would never be required, and no PID assessments should be required after year 2020
- Pro rata PID Assessment for debt service on Certificates of Obligation may be paid at sale of assessed undeveloped property in lump sum to satisfy assessment lien, or paid as scheduled in annual or semi-annual payments to cover Debt Service

City Benefits

- Lowest possible cost of capital for the Project
- Minimizes tax increment required for this project component so that TIF funds can more efficiently be applied to other projects
- Bootstraps project development both efficiently and quickly
- City receives redirected 10% of Original TIF Increment (up to $2.5mm) during years 1 thru 10 of Zone to offset Series A Contract Revenue Bonds debt service obligation
- City receives redirected 10% of Original County TIF Increment (up to $6.8 mm) during years 1 thru 10 of Zone to Offset Series A Contract Revenue Bonds debt service obligation
- City has PID lien on Developer's Undeveloped Land to back Series B debt
- City obtains Developer's 100 AC site with all improvements and utilities to site for A&M Project via land swap to Developer of less valuable City land (page 7)

City Benefits

- Lowest possible cost of capital for the Project
- Minimizes tax increment required for this project component so that TIF funds can more efficiently be applied to other projects
- Bootstraps project development both efficiently and quickly
- City receives redirected 10% of Original TIF Increment (up to $2.5mm) during years 1 thru 10 of Zone to offset Series A Contract Revenue Bonds of O Debt Service obligation
- City receives redirected 10% of Original County TIF Increment (up to $6.8 mm) during years 1 thru 10 of Zone to Offset Series A Contract Revenue Bonds Debt service obligation
- City has PID lien on Developer's Undeveloped Land to back Series B debt
- City obtains Developer's 100 AC site with all improvements and utilities to site for A&M Project via land swap to Developer of less valuable City land (Slide 7)

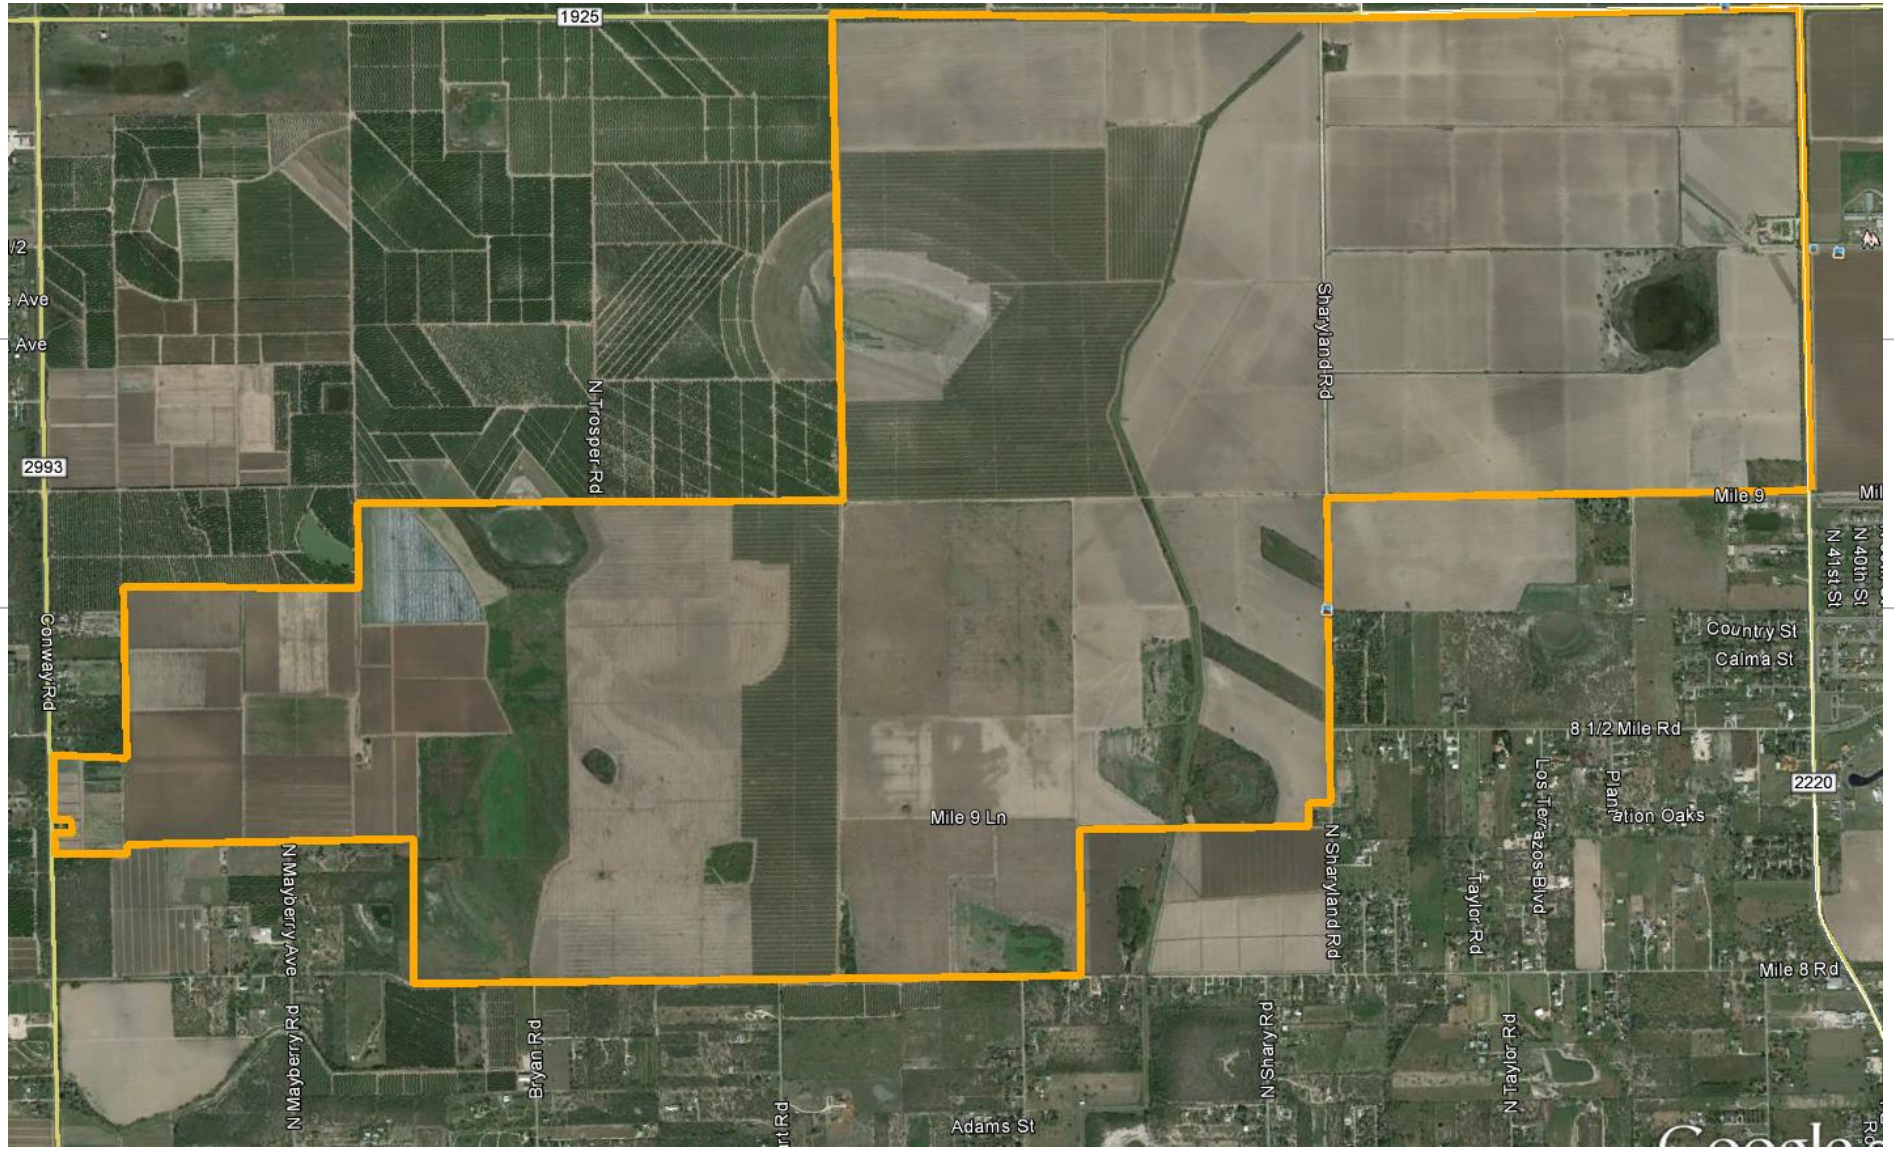
Financing Schedule

Financing Timeline	
Week 1	▪ Kickoff Meeting, ▪ Hire All Consultants ▪ Refine Business Points As Necessary
Week 2	▪ First Draft Indenture Distributed
Week 3	▪ First Draft Preliminary Offering Statement (POS) Distributed ▪ Comments due on Indenture
Week 4	▪ Second Draft Indenture Distributed ▪ Comments due on POS
Week 5	▪ Second Draft POS Distributed ▪ Documents Sent to Rating Agencies and Insurers ▪ [Prefile with Attorney General As Necessary]
Week 6	▪ Rating Agency Conference Calls and Presentations ▪ Receive Rating
Week 7	▪ Post POS Electronically ▪ C of O Marketing Begins
Week 8 & 9	▪ C of O Pricing
Week 11	▪ C of O Closing

Project Plan and Finance Plan – General Information

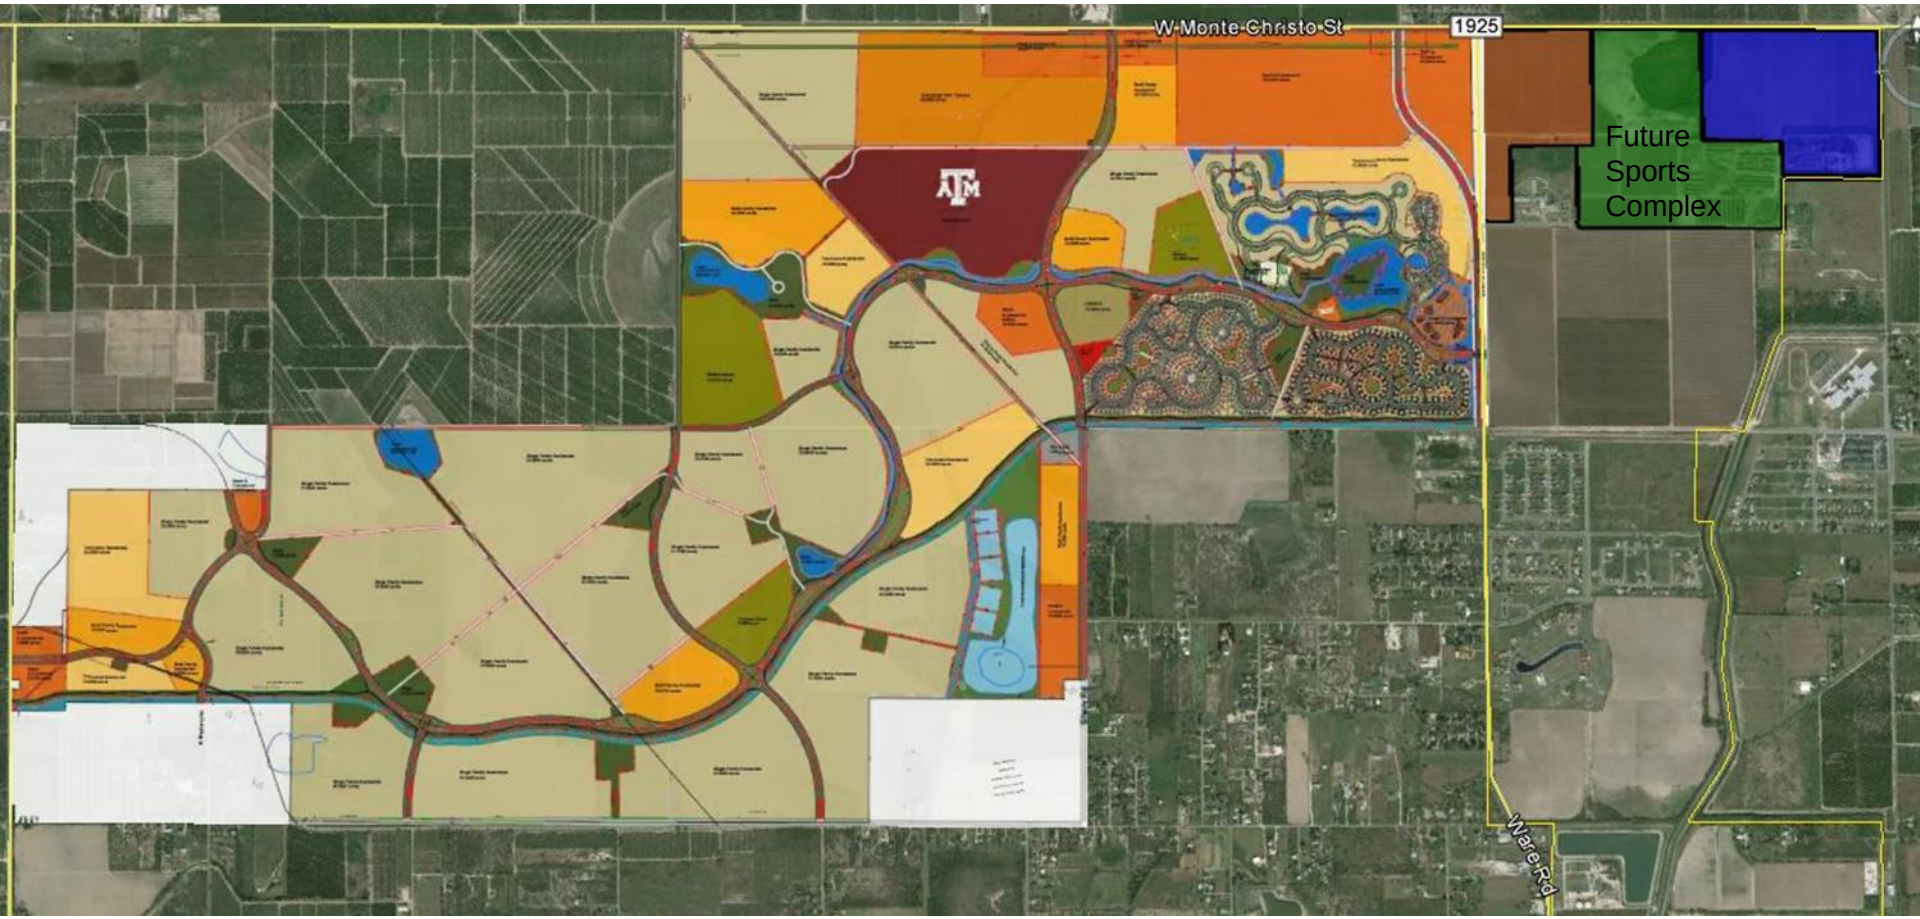
DESCRIPTION AND MAP SHOWING EXISTING USES AND CONDITIONS OF REAL PROPERTY IN THE ZONE

All real property in the Zone is currently undeveloped farm land, with no residential structures, and is under agricultural exemption.



DESCRIPTION AND MAP SHOWING PROPOSED USES OF PROPERTY IN THE ZONE

The proposed uses in the Zone are as depicted in the Original Finance and Project Plan, as modified in the Below Land Plan
The proposed use of the 100 Acre A&M Site will be an institutional and/or office use meeting the requirements of the C-4 Zoning District
All other Land Use and Zoning will be adjusted as indicated below
No other changes in City or County Master Plan, building codes, other municipal ordinances, and subdivision rules and regulations are required
(A full size copy of the below plan is available for inspection and copying at the Board's Office)



OTHER PROJECT PLAN DETAILS:

ESTIMATED PROJECT COSTS: The Original Project and Finance Plan for the Zone is not reduced or diminished by this Amendment. This Amendment only structures financing for funding (Series B) of the first $24.5mm of the overall $258.9mm in infrastructure costs, and adds an additional $10mm in vertical and onsite project cost for building on the 100 acre Site, and structures Contract Revenue Bond financing (Series A) for funding such $10.0mm.

ESTIMATED NON-PROJECT COSTS:
$0.00

METHOD OF RELOCATING PERSONS TO BE DISPLACED:
No displacement will occur as a result of the Project

OTHER FINANCE PLAN DETAILS:

ESTIMATED PROJECT COSTS OF THE ZONE: The project costs for infrastructure and administrative expenses for the original Tres Lagos Project is provided in the Original Project and Finance Plan for the Zone and will not substantially change as a result of this Amendment and Supplemental Project and Finance Plan for the A&M Project. The only changes to the Original Project and Finance Plan will be the issuance of Series B Certificates of Obligation to fund Project Costs, the issuance of Series A Contract Revenue Bonds and the priority of use of the TIF funds which will be:

(1st) Payment of Series A and Series B debt service
(2nd) Payment of City Approved Pre-TIRZ Administrative costs
(3rd) Payment of City and County Approved Administrative costs
(4th) Payment of City project costs (fiber, water reuse, and fire station)
(5th) Payment of those public works and public improvements in those locations and quantities as set forth in the Original Project and Finance Plan, as amended and supplemented hereby.

OTHER FINANCE PLAN DETAILS (con't.):

ECONOMICALLY FEASIBILITY AND ECONOMIC FEASIBILITY STUDY DETAILS:
The economic feasibility of this Project Plan and Finance Plan, as amended and supplemented hereby, was analyzed by the independent economic consultant for the Developer, City Staff, and County Staff. In addition all financial projections contained in this Project and Finance Plan were reviewed, stress tested, and adjusted by the City's Financial Advisor, and by Jeffries, for the contemplated bond transactions. After consultation with the above parties, and after consideration of this Plan and its attachments, by their respective action approving this Amended and Supplemental Project Plan and Finance Plan, the Board of the Zone and the Commission for the City of McAllen find that this Project Plan and Finance Plan is Economically Feasible and will provide benefit to the City of McAllen and Hidalgo County.

ESTIMATED AMOUNT OF BONDED INDEBTEDNESS TO BE INCURRED:
(1) Series A for funding Project Cost of vertical construction and associated site work -$10,000,000.00 (plus cost of issuance)
(1) Series B for funding Project Cost of Master Infrastructure for expanded Phase I -$24,5000,000.00 (plus cost of issuance)

ESTIMATED TIME WHEN RELATED COSTS OR MONETARY OBLIGATIONS ARE TO BE INCURRED:
Year 2016 -See slides on pages 8 thru 27 hereof for details of issuance of obligations

DESCRIPTION OF THE METHODS OF FINANCING ALL ESTIMATED PROJECT COSTS AND THE EXPECTED SOURCES OF REVENUE TO FINANCE OR PAY PROJECT COSTS, INCLUDING THE PERCENTAGE OF TAX INCREMENT TO BE DERIVED FROM THE PROPERTY TAXES OF EACH TAXING UNIT ANTICIPATED TO CONTRIBUTE TAX INCREMENT TO THE ZONE THAT LEVIES TAXES ON REAL PROPERTY IN THE ZONE:
Method of financing project costs and percent of Tax Increment to be derived from taxes of each taxing unit are set forth in the forgoing slides and spreadsheets on pages 9 thru 30 hereof. In summary they are:

	Original Project Tres Lagos	Supplemental Project A&M Project
City of McAllen Tax Increment	80%	20%
Hidalgo County Tax Increment	77%	23% (only if shortfall in Series A debt service)

CURRENT TOTAL APPRAISED VALUE OF TAXABLE REAL PROPERTY IN THE ZONE:
Appraised assessed value: $1,064,613.00

ESTIMATED CAPTURED APPRAISED VALUE OF THE ZONE DURING EACH YEAR OF ITS EXISTENCE:
See tables on page 17 hereof

DURATION OF THE ZONE:
30 years

BOND ISSUANCE TEAM:
Financial Adviser: First Southwest -Anne Burger Entrekin
Co-Underwriters: Jeffries – Matt Challis & Raymond James -Tom Oppenheim

METES AND BOUNDS DESCRIPTION
54.535 ACRES OUT OF SECTION 231, TEXAS-MEXICAN RAILWAY COMPANY SURVEY, HIDALGO COUNTY, TEXAS

A tract of land containing 54.535 acres situated in Hidalgo County, Texas, said 54.535 acres being a part or portion out of SECTION 231, TEXAS-MEXICAN RAILWAY COMPANY SURVEY, according to the patent issued by the State of Texas to W.S. Daugherty Recorded in Volume 4, Page 142-143, Hidalgo County Deed Records, said 54.535 acres also being more particularly described as follows:

BEGINNING at the Northwest corner of said Section 231, said corner being in the intersection of Ware Road (FM 2220) and Monte Cristo Road (FM 1925), for the Northwest corner of this tract;

1. THENCE, S 80° 33' 00" E a distance of 1273.16 feet to the Northeast corner of this tract;
2. THENCE, S 08° 57' 00" W a distance of 1557.13 feet to the Northernmost Southeast corner of this tract;
3. THENCE, N 80° 14' 00" W along the North line of ECISD #50 as recorded in Volume 41, Page 32, Hidalgo County Map Records, a distance of 871.20 feet to an inside corner of this tract;
4. THENCE, S 08° 57' 00" W along the West line of said ECISD #50, a distance of 1000.00 feet to the Southernmost Southeast corner of this tract;
5. THENCE, N 80° 14' 00" W along the existing North right-of-way line of Rogers Road (80' right-of-way) a distance of 289.48 feet to an outside point of this tract;
6. THENCE, N 35°38' 30" W along a corner clip of said Rogers Road, a distance of 71.23 feet to an inside corner of this tract;
7. THENCE, N 80°14' 00" W along a corner clip of said Rogers Road, a distance of 62.55 feet to the Southwest corner of this tract;
8. THENCE, N 08° 57' 00" E along the West line of said Section 231 and within the existing right-of-way of Ware Road (FM 2220) a distance of 2500.09 feet to the POINT OF BEGINNING, and containing 54.535 acres of land, more or less, of which 0.950 of one acre lies within Monte Cristo Road (FM 1925) and 2.417 acres lie within Ware Road (FM 2220), leaving a net of 51.168 acres more or less.

I, FRED L. KURTH, A REGISTERED PROFESSIONAL LAND SURVEYOR DO HEREBY AFFIRM THAT THIS METES AND BOUNDS DESCRIPTION REPRESENTS THE RESULTS OF A SURVEY MADE ON THE GROUND ON 09-10-2015 UNDER MY DIRECTION AND SUPERVISION.

ORDINANCE NO. 2014-75

DESIGNATING THE TRES LAGOS DEVELOPMENT PROJECT BEING A +/- 2571 ACRE AREA LOCATED IN THE NORTHERN MOST AREA OF THE CITY AS A TAX INCREMENT REINVESTMENT ZONE; DESCRIBING THE BOUNDARIES OF THE ZONE; CREATING A BOARD OF DIRECTORS FOR THE ZONE; PROVIDING FOR AN EFFECTIVE DATE AND A TERMINATION DATE FOR THE ZONE; NAMING THE ZONE "REINVESTMENT ZONE NUMBER ONE, CITY OF MCALLEN, TEXAS"; ESTABLISHING A TAX INCREMENT FUND; AND CONTAINING OTHER PROVISIONS RELATED THERETO.

WHEREAS, the Board of Commissioners (the "Commission") of the City of McAllen, Texas (the "City") desires to support revitalization, economic development and job creation activities for the community through the construction of the TRES LAGOS Development Project (the "Project"), to be funded in whole or in part through the creation of a Tax Increment Reinvestment Zone (a "Reinvestment Zone"), as hereinafter more specifically defined and named, and with boundaries as hereinafter provided, pursuant to the provisions of the Tax Increment Financing Act (the "Act"), *Texas Tax Code*, *Chapter 311*; and

WHEREAS, the City received a petition for Reinvestment Zone designation by owners representing over 50% of the appraised value of the land in the proposed Reinvestment Zone; and the City agrees to create the Zone (as defined below) as petitioned; and

WHEREAS, the proposed public improvements for the Zone are those set forth in the preliminary project plan for the Zone; and

WHEREAS, pursuant to the Act, the City may designate a contiguous geographic area within the jurisdiction of the City to be a Reinvestment Zone if the area satisfies certain sections of the Act; and

WHEREAS, on October 27, 2014, the Commission adopted Resolution No. 2014-51, expressing its intent to create the proposed Zone in order to encourage the growth and development of new housing opportunities within the City limits; and

WHEREAS, on November 18, 2014, the Commissioners Court of Hidalgo County (the "County") passed and approved a Resolution of Intent to Participate to Participate in Proposed Reinvestment Zone Number One, City of McAllen, Texas, by pledging 77% of its maintenance and operation portion of the County's assessed and collected taxes during the term of the Zone; and

WHEREAS, pursuant to §311.003(b) of the Act, the City has distributed a copy of the preliminary finance plan for the Zone to the governing body of each taxing unit that levies taxes on real property in the proposed Zone; and

WHEREAS, it is hereby officially found and determined that the meeting at which this Ordinance was passed was open to the public, and public notice of the time, place and purpose of said meeting was given, all as required by Chapter 551, Texas Government Code; **NOW THEREFORE:**

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MCALLEN:

SECTION 1. FINDINGS. The City hereby finds and declares that: (a) improvements in the Zone will significantly enhance the value of all the taxable real property in the Zone and will be of general benefit to the City; and (b) the Zone area meets the requirements of Section 311.005(a)(4) of the Act, being that the Zone area:

> (1) is an area described in a petition requesting that the area be designated as a reinvestment zone, if the petition is submitted to the governing body of the municipality by the owners of property constituting at least 50 percent of the appraised value of the property in the area according to the most recent certified appraisal roll for the county in which the area is located.

The City, pursuant to the Act, further finds and declares that:

> (1) the proposed Zone is a contiguous geographical area located wholly within the jurisdictional limits of the City of McAllen;
> (2) the total appraised value of the taxable real property in the proposed Zone or in existing reinvestment zones, if any, does not exceed fifteen (15%) of the total appraised value of taxable real property in the City;
> (3) the proposed Zone does not contain more than fifteen (15%) of the appraised value of real property taxable by Hidalgo County; and
> (4) development or redevelopment within the boundaries of the proposed Zone will not occur solely through private investment in the reasonably foreseeable future without creation of the Zone.

SECTION 2. DESIGNATING THE AREA AS A REIVESTMENT ZONE. The area located in the northwestern most part of the City's jurisdictional limits and being commonly referred to as the "Tres Lagos Development Project", with the boundaries as more specifically described in Exhibits A and B attached hereto, and officially assigned the name as designated in Section 6 below (which reinvestment Zone so described, named and designated is hereinafter referred to as the "Zone"), is hereby designated as a Tax Increment Reinvestment Zone pursuant to the Act, specifically Chapter 311.005(a)(4) thereof.

SECTION 3. DESCRIPTION OF THE BOUNDARIES OF THE REINVESTMENT ZONE. Attached hereto as Exhibits "A" & "B" which are incorporated herein as if a part hereof, is a field notes description and a map depicting the

boundaries of the Zone, which consists of approximately 2571+/- acres of real property within the jurisdictional limits of the City.

SECTION 4. CREATION AND COMPOSITION OF A BOARD OF DIRECTORS FOR THE ZONE AND AUTHORITY OF BOARD. There is hereby created a Board of Directors (the "Board") for the Zone, with all the rights, powers and duties as provided by the Act. Pursuant to §311.009(b) and §311.009(e)(2) the Board shall consist of nine (9) members and have the following composition:

a) Six (6) members appointed by the City of McAllen, Texas by Ordinance of the City Commission and meeting the requirements of §311.009(e)(2) of the Texas Tax Code, which said members for the purpose of establishing the initial Board shall be:
    1. Mike Rhodes (hereby designated as Presiding Officer)
    2. Megan Clay
    3. Jaime Gonzalez
    4. Lori Rhodes
    5. Nick Rhodes
    6. James Darling; and
b) One member appointed by Hidalgo County, Texas provided if the County waives the appointment of a board member the position shall be filled by an appointment made by the Commission; and
c) The member of the State Senate, or their designee, pursuant to §311.009(b); and
d) The member of the State House of Representatives, or their designee, pursuant to §311.009(b).

The term of each initial director shall be determined by lot and then recorded in the minutes of the organizational meeting of the Board. Four (4) of the initial directors shall serve an initial term of three (3) years, and three (3) shall serve an initial term of two (2) years. The term of each subsequent director shall be two (2) years. Vacancies shall be filled for the reminader of the unexpired term, by appointment made by the governing body that appointed the director who served in the vacated position.

The Commission shall annually appoint a member of the Board to serve as chairman of the Board for a one year term beginning January 1st and ending December 31st. The Board may elect a vice-chairman to serve in the absence of the chairman, and other officers as it deems appropriate.

The Board may hold its meetings at any place within the City as the Board may from time to time determine; provided that, in the absence of any such determination by the Board, the meetings shall be held at the City Commission Chambers of the City. The Board shall conduct its meetings in accordance with the requirements of the Act and the Texas Open Meetings Act, *Chapt. 551, Tex. Gov't. Code*, as amended. Regular meetings of the Board shall be held at such times and places as shall be designated, from time to time, by resolution of the Board. Notice of regular meetings need not be given to each of the Directors but public notice of each meeting shall be given in the manner prescribed by law. Special meetings of the Board shall be held whenever called by the chairman, the

vice-chairman in the absence of the chairman, or upon advice of or request by the Mayor. A majority of the directors fixed by this Ordinance shall constitute a quorum for Board meetings. The act of a majority of the directors present at a meeting at which a quorum is in attendance shall constitute the act of the Board, unless the act of a greater number is required by law.

The Board shall make recommendations to the Commission concerning the administration of the Zone. The Board shall prepare and adopt a project plan and financing plan for the Zone and must submit such plans to the Commission for its final approval. The Board shall possess all powers necessary to prepare, monitor, and administer such project plan and financing plan for the Zone as set forth in the project plan, financing plan and Development Agreement (as defined below) (hereafter collectively the "Governing Documents"). The Board shall have the power to enter into agreements for the acquisition of professional services relating to accounting and auditing functions required for administration the Zone. The Board shall have the power to review reimbursement requests submitted by the Developer and the City and shall approve payment of said reimbursements provided all of the prerequisites for approving the reimbursement as set forth in the Governing Documents have been complied with. All actions of the Board in administering the Zone must be carried out pursuant to the policies and procedures established by the Board, and must be in compliance with the Governing Documents and the Act. The Board shall submit an annual report on the status of the Zone to the Commission no later than 30 days prior to the end of the City's fiscal year. The Board may not undertake any of the projects set forth in the project plan or financing plan for the Zone in place of the Developer or the City without subsequent written authorization of the Commission to do so. Any powers not herein specifically delegated to the Board are specifically reserved to the Commission and the Board shall not have any rights of the City with respect to the Zone unless specifically delegated herein or by the Commission pursuant to a subsequent ordinance. Without limiting the foregoing, the Board shall NOT have any of the City's powers under *Chapter 211 of the Texas Local Government Code* nor shall the Board have any other powers which City is entitled to delegate to the Board under Sections 311.010 (b) (provided the Board may enter into the Development Agreement and contracts for professional accounting and auditing services), (c), (d), (f), or (h) of the Act.

SECTION 5. EFFECTIVE DATE AND TERMINATION DATE OF THE ZONE. The Zone shall take effect immediately upon passage of this ordinance (the "Effective Date"). The term of the Zone shall be for a period of 30 years, beginning on the later of the Effective Date or the date of approval of the Development Agreement (so called herein) between the City, the Zone and Rhodes Enterprises, Inc. ("Developer") (the "Term"), unless otherwise terminated earlier as a result of (i) payment in full of all project costs, tax increment bonds or notes, if any, including interest on said bonds or notes, (ii) the Zone being deannexed from the City pursuant to the terms of the Ordinance annexing the property within the Zone or the terms of the Chapter 212 Agreement entered into between the City, M.L. Rhodes Ltd., and Rhodes Enterprises, Inc., it being acknowledged that the Zone shall automatically terminate upon the property within the Zone being deannexed from the City, (iii) any termination of the Development

Agreement as a result of the default of the Developer thereunder according to the terms of the Development Agreement, it being acknowledged that any such termination of the Development Agreement will result in the termination of the Zone, or (iv) as otherwise permitted by law.

SECTION 6. ASSIGNING A NAME TO THE ZONE. The Zone created hereby is assigned the name of "REINVESTMENT ZONE NUMBER ONE, CITY OF MCALLEN, TEXAS."

SECTION 7. TAX INCREMENT BASE. The Tax Increment Base for the Zone is the total appraised value of all real property within the zone and taxable by the City and located in Zone, determined as of January 1, 2014, the year in which the Zone was designated as a Tax Increment Reinvestment Zone (the "Tax Increment Base").

SECTION 8. LIMITATION OF TAX INCREMENT AND ESTABLISHMENT OF A TAX INCREMENT FUND. There is hereby created and established in the depository bank of the City, a fund to be called the "REINVESTMENT ZONE NUMBER ONE, CITY OF MCALLEN, TEXAS TAX INCREMENT FUND" (herein called the "Tax Increment Fund").

The Tax Increment Fund may be divided into additional accounts and sub-accounts authorized by resolution or Ordinance of the Commission.

The Tax Increment Fund shall consist of, and there shall be deposited therein, (i) the percentage of the tax increment, as defined by Section 311.012(a) of the *Texas Tax Code*, that each taxing unit which levies real property taxes in the Zone, other than the City, has elected to dedicate to the Tax Increment Fund under an agreement with the City authorized by Section 311.013(f) of the Act, plus (ii) an amount calculated as a millage rate per hundred dollars of Captured Appraised Value (as defined below) of real property in the Zone that equals eighty percent (80%) of the "City's M&O Tax Rate" as same is actually levied, collected and allocated to the City's general fund. As used herein, "City's M&O Tax Rate" means that portion of the City's ad valorem tax rate used by the City for maintenance, support, current expenses and operations, and general municipal purposes and excluding the portion of the City's property tax rate that is collected and apportioned for payment of outstanding general obligation bonded indebtedness commonly referred to as the "interest and sinking fund rate". As used above, the phrase "Captured Appraised Value" means the captured appraised value of the property in the Zone as defined by Section 311.012(b), Texas Tax Code (i.e., the total appraised value of all real property taxable by the City and located in the Zone in any given year less the total appraised value of that property in 2014, the base year of the Zone. The amount of the tax increment to be contributed by the City to the Zone shall be deemed limited as set forth above for purposes of Section 311.013(l) of the Act.

Any interest received on monies held within the Tax Increment Fund as a result of depository interest or investment of said funds shall be added to the balance of the Tax

Increment Fund and such interest shall be credited towards the maximum amount to be contributed by the City and the County to the Tax Increment Fund.

The Tax Increment Fund shall be maintained in an account at a depository bank of the City and shall be secured in the manner prescribed by law for Texas cities. In addition, all revenues from (i) the sale of any obligations hereafter issued by the City and secured in whole or in part from the tax increments; (ii) revenues from the sale of any property acquired as part of a tax increment financing plan adopted by the Board; and (iii) other revenues dedicated to and used in the Zone shall be deposited into the Tax Increment Fund. Prior to the termination of the Zone, money shall be disbursed from the Tax Increment Fund only to pay project costs, as defined by the Texas Tax Code and pursuant to the terms of the Development Agreement, for the Zone, or to satisfy the claims of holders of tax increments bonds or notes issued for the Zone.

Any expenditure to be made from the Tax Increment Fund or any contract related thereto, must be approved by the Commission prior to such expenditure being made or contract being executed. Approval of the project plan and financing plan shall constitute approval by the Commission for the payments for the various Zone projects identified therein in accordance with such plans, provided such payment is approved by the Board according to the policies and procedures set forth in the project plan, financing plan and Development Agreement.

SECTION 9. INCORPORATION OF RECITALS. The Commission hereby finds that the statements set forth in the recitals of this Ordinance are true and correct, and the Commission hereby incorporates such recitals as a part of this Ordinance.

SECTION 10. SEVERABILITY. If any provision of this Ordinance or the application thereof to any circumstances shall be held to be invalid, the remainder of this Ordinance and the application thereof to other circumstances shall nevertheless be valid, as if such invalid provision had never appeared herein, and this governing body hereby declares that this Ordinance would have been enacted without such invalid provision.

SECTION 11. EFFECTIVE DATE. The Zone shall take effect immediately upon passage of this ordinance, pursuant to §311.004(a)(3) of the Act.

PASSED AND APPROVED AT MCALLEN, TEXAS, THIS 22nd DAY OF DECEMBER 2014.

Daugherty recorded in Volume 4, Page 142-143, Hidalgo County Deed Records, SAVE AND EXCEPT 10.00 acres conveyed to Hidalgo County Irrigation District No. 7 by virtue of a Warranty Deed recorded in Volume 622, Page 638, Hidalgo County Deed Records, said 2571.402 acres also being more particularly described as follows:

BEGINNING at the Northeast corner of Section 232 Texas –Mexican Railway Co. Survey located on the city limits of the City of McAllen for the Northeast corner of this tract;

1. THENCE, in a Southwesterly direction along the East Lot line of Lot 232 and the city limits of the City of McAllen to the Southeast corner of said lot for the Northernmost Southeast corner of this tract;

2. THENCE, N 80° 23' 30" W along the South line of said Section 232, the North line of Lots 35-68, Section 229, Tex-Mex as per plat thereof recorded in Volume 12, Page 55, Hidalgo County Map Records, and within Mile 9 Road right-of-way, a distance of 5175.14 feet to an iron pipe found for the Southwest corner of said Section 232, and the Northeast corner of Section 230 for an inside corner of this tract;

3. THENCE, S 09° 05' 05" W along the East line of said Section 230, and the West line of Section 229, as per said plat thereof recorded in Volume 12, Page 55, Hidalgo County Map Records, at a distance of 2519.05 feet pass an iron pipe found in line, and now continuing along the West line of Section 229, Tex-Mex, as per plat thereof recorded in Volume 12, Page 22, Hidalgo County Map Records, and continuing a total distance of 3295.30 to an outside corner of this tract;

4. THENCE, N 80° 48' 32" W a distance of 251.52 feet (250.00 feet) to an iron rod set for an inside corner of this tract;

5. THENCE, S 08· 44' 55" W, at a distance of 20.00 pass an iron pipe found in line, and continuing a total distance of 250.00 feet to an iron pipe found for an outside corner of this tract;

6. THENCE, N 80· 55' 38" W a distance of 2503.36 feet (2503.2 feet) to an iron pipe found for an inside corner of this tract;

7. THENCE, S 09· 02' 13" W at a distance of 1611.44 feet pass the North right-of-way line of Mile 8 Road, and continuing a total distance of 1631.44 feet to the Southernmost Southeast corner of this tract;

8. THENCE, N 80· 48' 07" W along the South line of said Section 230, and within said Mile 8 Road right-of-way, a distance of 627.20 feet to an iron rod found for the centerline of Glasscock Road, and for an angle point of this tract;

9. THENCE, N 80· 47' 57" W along the South line of said Section 230, said Section 223, and within said Mile 8 Road right-of-way, a distance of 2644.96 feet to a concrete monument found for the centerline of Stewart Road, and for an angle point of this tract;

10. THENCE, N 81· 10' 51" W along the South line of said Section 223, and within said Mile 8 Road right-of-way, at a distance of 2658.21 feet pass an iron rod found in line and for the center line of Bryan Road, and continuing a total distance of 4164.66 feet to the Southwest corner of said Section 223, and for the Southernmost Southwest corner of this tract;

11. THENCE, N 08· 59' 01" E along the West line of said Section 223, a distance of 1554.21 feet to an iron rod set for an inside corner of this tract;

12. THENCE, N 81· 02' 31" W along the South line of said Section 223, and said Section 224, at a distance of 1161.82 feet pass an iron rod found in line, at a distance of 2462.04 feet pass an iron rod found in line, and continuing a total distance of 2915.12 feet to an iron pipe found for the Southwest corner of said Section 224 and to a point on the East line of said Lot 54-7, for an inside corner of this tract;

13. THENCE, S 08· 59' 01" W along the East line of said Lot 54-7, a distance of 110.00 feet to the Southeast corner of said Lot 54-7, for an outside corner of this tract;

14. THENCE, N 81· 17' 16" W along the South line of said Lot 54-7, at a distance of 761.50 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 791.50 feet to the Southwest corner of said Lot 54-7, for the Northernmost Southwest corner of this tract;

15. THENCE, N 08· 42'44" E along the West line of said Lot 54-7 and within the right-of-way of F.M. Road 2993 (Cantu Road), a distance of 280.00 feet to an outside corner of this tract;

16. THENCE, S 81· 17' 16" E at a distance of 30.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing along the South line of The Frass Subdivision (Vol.25, Pg.134-A H.C.M.R.), for a total distance of 205.00 feet to a No.4 rebar set at the Southeast corner of said The Frass Subdivision, for an inside corner of this tract;

17. THENCE, N 08· 42' 46" E along the East line of said The Frass Subdivision, a distance of 125.00 feet to a No.4 rebar set at the Northeast corner of said The Frass Subdivision, for an inside corner of this tract;

18. THENCE, N 81· 17'16" W along the North line of said The Frass Subdivision, at a distance of 175.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 205.00 feet to an outside corner of this tract;

19. THENCE, N 08· 42'44" E along the West line of said Lot 54-7 and within the right-of-way of F.M. Road 2993 (Cantu Road), a distance of 692.13 feet to the Southernmost Northwest corner of this tract;

20. THENCE, S 81· 17' 16" E along the South line of a certain 3.82-acre tract, at a distance of 30.00 feet pass a No.4 rebar set for the East right-of-way line of F.M. Road 2993 (Cantu Road), continuing a total distance of 746.69 feet to a No.4 rebar set for an outside corner of this tract;

21. THENCE, S 08· 59' 01" W along the West line of a tract conveyed to Hidalgo Co. Water Control & Imp. Dist. No.7 (now United Irrigation District) by virtue of a Deed recorded in Vol.519, Pg.65, Hidalgo County Deed Records, a distance of 477.14 feet to a No.4 rebar set for an inside corner of this tract;

22. THENCE, S 81· 17' 16" E along the South line of said tract conveyed to Hidalgo Co. Water Control & Imp. Dist. No.7, a distance of 50.00 feet to a No.4 rebar set for an inside corner of this tract;

23. THENCE, N 08· 59' 01" E along the West line of said Section 224, a distance of 2284.35 feet to an iron pipe found for the Northwest corner of said Section 224, and for an outside corner of this tract;

24. THENCE, S 81· 02' 31" E along the North line of said Section 224, a distance of 2554.12 feet to an iron rod set for the Northeast corner of said Section 224, and for an inside corner of this tract;

25. THENCE, N 08· 59' 01" E along the West line of said Section 223, a distance of 854.95 feet to an iron pipe found for the Northwest corner of said Section 223, and for an outside corner of this tract;

26. THENCE, S 80· 46' 58" E along the North line of said Section 223, a distance of 3177.65 feet to an iron pipe found for an angle point of this tract;

27. THENCE, S 80· 45' 29" E along the North line of said Section 223, a distance of 2102.46 feet to an iron pipe found for the Northeast corner of said Section 223, and for an inside corner of this tract;

28. THENCE, N 09· 03' 26" E along the West line of said Section 227, at a distance of 3795.04 feet pass an iron pipe found in line, and continuing a distance of 5216.19 feet to an iron pipe found for the South right-of-way line of Monte Cristo Road (F.M. 1925) and a distance of 5,256.19 feet to the Northwest corner of Section 227 and the Northernmost Northwest corner of this tract;

29. THENCE, in a Southeasterly direction along the North lot line of Section 227 and 232 to the Northeast corner of Section 232 to the POINT OF BEGINNING, and containing 2571.402 acres, SAVE AND EXCEPT the above mentioned 10.00 acres conveyed to Hidalgo County Irrigation District No. 7, leaving 2,561.402 acres of land, more or less, as shown in Exhibit A.

ORDER APPROVING
AMENDED AND RESTATED INTERLOCAL AGREEMENT
(AS TO MCALLEN TIRZ NUMBER ONE)

WHEREAS, pursuant to Ordinance No. 2014-75 adopted by the City Commission of the **CITY OF MCALLEN, TEXAS** (the "***City***") on December 22, 2014, the City created **REINVESTMENT ZONE NUMBER ONE, CITY OF MCALLEN, TEXAS** (the "***Zone***") in accordance with the provisions of Chapter 311, Texas Tax Code, as amended and

WHEREAS, **HIDALGO COUNTY, TEXAS** (the "***County***") agreed to participate in the Zone, based on the benefits and special circumstances for economic development that will be generated through the creation of, and participation by the County in, the project known as the Tres Lago Development Project, as referenced in the Commissioners Court Order of March 17, 2015;

WHEREAS, the City, the County, Rhodes Enterprises, Inc. (the "***Developer***") and the Zone entered into that certain *Interlocal Agreement*, dated as of March 17, 2015 (the "***Interlocal Agreement***"), which provides, among other things, that the City participate in the Zone at a level of 80% of the City's M&O tax rate and the County participate in the Zone at a level of 77% of the Applicable M&O Tax Rate and a maximum contribution by the County of $143,318,484 (the "***Original Cap***"); and

WHEREAS, the City and the board of the Zone approved a supplemental plan for the Zone, which includes, in accordance with a Letter of Intent dated and entered into September 15, 2015, among The Texas A&M University System and Texas A&M University (collectively, "Texas A&M"), the City and the County, the development, on approximately 100 acres of land within the original Tres Lagos Development Project, of a new Texas A&M campus (the "***Supplemental Project***"); and

WHEREAS, the County previously determined that the Tres Lagos Development Project for the Zone, even without the Supplemental Project, satisfied the requirements of Section VI.3.a.ii of the Amended and Restated Tax Increment Reinvestment Zone Participation Policy for Hidalgo County (as such policy was amended on March 10, 2015, the "***TIRZ Policy***"), which authorizes County participation at an amount not to exceed 100% of the Applicable M&O Tax Rate, as such term is defined in the TIRZ Policy; and

WHEREAS, on September 15, 2015, the City Council of the City and the Commissioners Court of the County met together to consider the Supplemental Project, and the benefits of it, including to economic development, at which time the City, the County, the Developer and the Zone deemed it necessary and appropriate to amend the Interlocal Agreement for the purposes of adding the Supplemental Project, and implementing the supplemental plan, including increasing the City's and the County's participation, providing for the related bonds and/or other financing, and adding the **TRES LAGOS PUBLIC IMPROVEMENT DISTRICT** (the "***PID***") as a party, all as set

forth in that certain *First Amendment to Interlocal Agreement* (the "***First Amendment***") among such parties dated September 15, 2015; and

WHEREAS, pursuant to the Interlocal Agreement as amended by the First Amendment, the County's original pledge of 77% of the tax increment remained subject to Original Cap and the County's additional pledge for the Supplemental Project was subject to a maximum of $6.8 million (the "***Additional Pledge Cap***", and together with the Original Cap, the "***Aggregate Cap***"), and;

WHEREAS, the City and the board of the Zone subsequently amended the Supplemental Project and Finance Plan, which was approved by the board of the Zone, on November 18, 2015, and the City, on December 14, 2015 (as so amended, the "***Supplemental Plan***"); and

WHEREAS, in order to implement the Supplemental Plan for the Supplemental Project, the City requested changes to the Interlocal Agreement as amended by the First Amendment, including changing the allocation of the County's tax increment contributions such that, during years 2015 – 2025, up to 33%, instead of 23%, of the County's tax increment will be allocated to the Additional Pledge Cap and during such years 67% of the County's tax increment, instead of 77%, will be allocated to the Original County Cap, while the Aggregate Cap remains unchanged; and

WHEREAS, the County found that the Supplemental Project will bring substantial additional benefits to economic development in the County; and

WHEREAS, the City, the County, the Developer, the PID and the Zone now deem it necessary and appropriate to amend the Interlocal Agreement for the purpose of adding the amended Supplemental Plan, implementing certain changes related to providing for the related bonds and/or other financing, and restating the Interlocal Agreement as amended, all as set forth in that certain *Amended and Restated Interlocal Agreement* (the "***Amended and Restated Interlocal Agreement***") among such parties dated December 15, 2015; and

WHEREAS, a substantially final draft of the Amended and Restated Interlocal Agreement has been presented to and reviewed by the Commissioners Court of the County, and the Commissioners Court of the County has determined that it is necessary and appropriate to assist with financing the Supplemental Project in accordance with the amended Supplemental Plan by approving the Amended and Restated Interlocal Agreement to accomplish the purposes set forth therein; and

WHEREAS, it is hereby officially found and determined that the meeting at which this Order was passed was open to the public, and public notice of the time, place and purpose of said meeting was given, all as required by Chapter 551, Texas Government Code;

NOW THEREFORE:

BE IT ORDERED BY THE COMMISSIONERS COURT OF HIDALGO COUNTY, TEXAS:

SECTION 1. APPROVAL OF AMENDED AND RESTATED INTERLOCAL AGREEMENT. The Amended and Restated Interlocal Agreement is hereby approved in substantially the form attached hereto as Exhibit "I", with such changes thereto as are approved by the County Judge of the County, with advice of the County's attorneys, and the County Judge is authorized to execute, and the County Clerk is authorized to attest, the Amended and Restated Interlocal Agreement on behalf of the County and deliver same, and when executed and delivered, the Amended and Restated Interlocal Agreement shall become a valid and binding obligation of the County in accordance with its terms.

SECTION 2. ENFORCEABILITY OF ORDER. If any section, paragraph, clause, or provision of this Order shall be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause, or provision shall not affect any of the remaining provisions of this Order. In case any obligation of the County authorized or established by this Order or the Amended and Restated Interlocal Agreement is held to be in violation of law as applied to any person or any circumstance, such obligation shall be deemed to be the obligation of the County to the fullest extent permitted by law.

SECTION 3. INCORPORATION OF RECITALS. The Commissioners Court hereby finds that the statements set forth in the recitals of this Order are true and correct, and the Commissioners Curt hereby incorporates such recitals as a part of this Order.

SECTION 4. EFFECTIVE DATE. This Order shall become effective immediately upon on the passage hereof.

PASSED, APPROVED and ADOPTED this 15th day of December 2015.

ORDER ADOPTING AMENDMENT TO GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

WHEREAS, the Commissioners Court of Hidalgo County, Texas, adopted Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, effective December 22, 2014, (the "Guidelines") to allow Hidalgo County, on a case-by-case basis, to give consideration to providing tax abatement as a stimulation for economic development in Hidalgo County pursuant to chapter 312 of the Texas Tax Code (the "Property Redevelopment and Tax Abatement Act").

WHEREAS, the Commissioners Court of Hidalgo County desires to amend the Guidelines in order to better provide for the stimulation of economic development in Hidalgo County.

WHEREAS, pursuant to the Property Redevelopment and Tax Abatement Act, amending the Guidelines requires a vote of three-fourths of the governing body of Hidalgo County.

NOW, THEREFORE IT IS HEREBY ORDERED that the Commissioners Court of Hidalgo County, Texas, hereby adopts the Amendment to Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, attached as Exhibit A.

PASSED, APPROVED, ADOPTED AND ORDERED this the 15th day of December, 2015, by the Commissioners Court of Hidalgo County, Texas.

AMENDMENT EFFECTIVE DECEMBER 15, 2015 TO

DECEMBER 22, 2014
GUIDELINES AND CRITERIA FOR
GRANTING TAX ABATEMENTS
IN HIDALGO COUNTY, TEXAS

I. .Expansion of Projects onto Additional Property. In order to allow for the expansion of Projects for which tax abatement agreements are already in effect, the following changes are made to the Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, effective December 22, 2014 (the "Guidelines and Criteria"):

1. The following new definitions are added to Section II of the Guidelines and Criteria as new definitions "L" and "GG", and all subsequent definitions are renumbered according:

   L. "Existing Project" means any Project for which there is an Agreement in existence between the County and an Owner and/or a Lessee with respect to which the Tax Abatement Period has not expired.

   GG. "Supplemental Project" means any Project that is an expansion of an Existing Project onto additional Property. Supplemental Projects must qualify as a Project without taking into account the related Existing Project, but may have different terms as set forth in Section III.G.(1) below.

2. Section III.G.(1)(a) is amended to read in its entirety as follows:

   (a) General. Except with respect to Extraordinary Impact Projects in which subsection III.G.(1)(b) below applies and Supplemental Projects, the percent of value to be abated will be determined by the greater percentage for which the Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Project or the number of Jobs created:

Percent of Increase in Property Value to be Abated	**Capital Cost of the Project**	**Number of Jobs Created**
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

3. Section III.G.(1) is amended by adding the following new provision c immediately before Section III.G.(2):

(c) Supplemental Projects. With respect to Supplemental Projects, the percent of value to be abated will be determined by the County and shall not exceed the greater percentage for which the Supplemental Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Supplemental Project or the number of Jobs created:

Maximum Percent of Increase in Property Value to be Abated	**Capital Cost of the Project***	**Number of Jobs Created***
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

*In the event of any irreconcilable dispute between the parties as to the allocation of Jobs and Capital Cost between an Existing Project and the related Supplemental Project, the County will make the final determination as to such allocation.

II. Except as expressly amended hereby, the Guidelines and Criteria are hereby ratified and confirmed. The full text of the Guidelines and Criteria, with these amendments incorporated, is attached below.

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

Effective December 22, 2014
As Amended December 15, 2015

I. General Purpose and Objectives

The County is committed to the promotion of high quality development in all parts of the County and to an ongoing improvement in the quality of life for its citizens. Certain types of investment result in the creation of new jobs, new income and provide for positive economic growth which is beneficial to the County as a whole. The County will, on a case-by-case basis, give consideration to providing tax abatement as a stimulation for economic development in the County. It is the policy of the County that said consideration will be provided in accordance with the guidelines and criteria outlined in this document. The County is not obligated to grant tax abatement to any applicant and nothing herein will imply or suggest that the County is under any obligation to provide tax abatement to any applicant or with respect to any project. All applicants will be considered on a case-by-case basis, and the decision to approve or deny tax abatement to any particular applicant will be at the discretion of the Commissioners Court of the County. As provided in section 312.002(d) of the Texas Tax Code, adoption of these guidelines and criteria does not (1) limit the discretion of the Commissioners Court to decide whether to enter into a specific tax abatement agreement, (2) limit the discretion of the Commissioners Court to delegate to its employees the authority to determine whether the Commissioners Court should consider a particular application for tax abatement or (3) create any property, contract or other legal right in any person to have the County consider or grant a specific application or request for tax abatement. Tax abatement agreements are made with the owners or lessees of real property to exempt from taxation a portion of the value of the real property or of tangible personal property, or both. The duration of an agreement may be for a period of time determined appropriate by the Commissioners Court of the County, based on the productive life of the improvements and consistent with the provisions of these Guidelines and Criteria, but, in accordance with state law, in no case will the term of the tax abatement extend for more than ten (10) years. Special terms and conditions may be set in the agreement governing each specific tax abatement.

II. Definitions

A.“Abatement” means the full or partial exemption from ad valorem taxes of eligible properties in a reinvestment zone designated as such for economic development purposes.

B.“Agreement” means a contractual agreement for the purpose of Abatement during a Tax Abatement Period between (i) an Owner and/or a Lessee of eligible property and (ii) a taxing authority.

C.“Applicant” means the Owner and/or Lessee who submits an Application to the County in accordance with these Guidelines and Criteria.

D.“Application” means the written application and all related materials submitted to the County by the Applicant to request an Abatement hereunder.

E. “Base Year Value” means the taxable value of the Applicant’s real and Personal Property of a type eligible for Abatement (which excludes inventory and supplies) located in a designated reinvestment zone on January 1 of the year of the execution of the Agreement.

F. “Capital Cost” means the amount expended by the Owner or Lessee, as the case may be, on or after the date of the applicable Agreement on eligible Improvements to Real Property or acquisition of eligible Personal Property needed to commence a Project or operations. Capital Cost expressly excludes amounts expended by the County or other governmental entities and any amounts expended with respect to ineligible property.

G.“Commissioners Court” means the elected governing body of the County.

H. “County” means the County of Hidalgo, a political subdivision of the State of Texas.

I. “Economic Life” means the number of years a property qualifies for depreciation under the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System, which may be extended in the discretion of the County, upon evidence presented by the Applicant as to the expected Productive Life of the property.

J. “Eligible Education Facility” means new, expanded or modernized buildings and structures, including fixed machinery and equipment, which, when constructed or completed, will be leased to a public school district, community college district, or state-supported institution of higher education, for the entire term of the proposed Abatement, and which will contribute to the economic development of the County.

K.“Eligible Facility” means a new, expanded or modernized building, structure or related buildings and structures, including fixed machinery and equipment, which is reasonably likely as a result of granting Abatement to contribute to the retention or expansion of Primary Employment or to attract major investment in the reinvestment zone that would be a benefit to the property and that would contribute to the economic development of the County, but does not include a Facility, other than a utility, which is intended primarily to provide goods or services to residents or existing businesses located in the County such as, but not limited to, a restaurant or a retail sales establishment.

L.“Existing Project” means any Project for which there is an Agreement in existence between the County and an Owner and/or a Lessee with respect to which the Tax Abatement Period has not expired

M.“Expansion” means the addition of buildings, structures, fixed machinery, and/or equipment for the purpose of increasing production capacity or revenues.

N.“Extraordinary Impact” means a Project where the Capital Cost is at least equal to $25,000,000.00 or which creates at least 500 Jobs.

O.“Facility” means property Improvements, including eligible Personal Property, completed or in the process of construction which together comprise an integral whole.

P.“Guidelines and Criteria” mean these guidelines and criteria for granting Abatement in the County.

Q.“Improvement” means a building, structure, fixture, or fence erected on or affixed to land, or a transportable structure designed to be occupied for residential or business purposes, whether or not it is affixed to land, if the owner of the structure owns or leases the land on which it is located, unless the structure is unoccupied and held for sale or normally is located at a particular place only temporarily.

R. “Initial Period” has the meaning set forth in Section III(G)(1)b below.

S.“Job” means a permanent, full-time employment position, hired directly or contracted through another entity, that has provided or will result in employment of at least 1,820 hours in the position in a year. Any position providing less than the specified number of hours a year, regardless of the employer’s designation of such position, does not qualify as a “Job” for purposes of these Guidelines and Criteria.

T. “Lessee” means the tenant who is occupying and operating or will occupy and operate an Eligible Facility under a legally binding lease agreement with a Lessor. A lessee of Real Property on which the Eligible Facility exists or is constructed may also own the Facility.

U.“Lessor” means the owner of an Eligible Facility or of the Real Property on which an Eligible Facility is located that has a binding lease with a Lessee who will occupy and operate the Facility.

V.“Modernization” means the replacement and upgrading of existing Facilities which increase the productive input or output, updates the technology, or substantially lowers the unit costs of operation, and extends the economic life of the Facility. Modernization may result from the construction, alteration, or installation of buildings, structures, fixed machinery, or equipment. It will not be for the purpose of renovation, reconditioning, refurbishing, repairing, or completion of deferred maintenance, except in reinvestment zones established based on conditions of economic impairment.

W.“New Facility” means a Facility on Real Property previously undeveloped, which is placed into service by means other than Expansion or Modernization.

X. “Newly Created Value” means the difference between the Taxable Property Value in the base year and the Taxable Property Value at the time the value is being newly calculated.

Y. “Owner” means the owner of Real Property on which an Eligible Facility is or will be located, who may also be the Lessor. Where the context requires, “Owner” means the owner of the Eligible Facility, who is the lessee of Real Property on which the Eligible Facility is or will be located; provided that a specific definition or other provision to the contrary in an Agreement controls over this sentence.

Z. “Personal Property” means property that is not Real Property, and consists of intangible and tangible personal property. Intangible Personal Property means a claim, interest (other than an interest in tangible property), right, or other thing that has value but cannot be seen, felt, weighed, measured, or otherwise perceived by the senses, although its existence may be evidenced by a document. It includes a stock, bond, note or account receivable, certificate of deposit, share account, share certificate account, share deposit account, insurance policy, annuity, pension, cause of action, contract, and goodwill. Tangible Personal Property means Personal Property that can be seen, weighed, measured, felt, or otherwise perceived by the senses, but does not include a document or other perceptible object that constitutes evidence of a valuable interest, claim, or right and has negligible or no intrinsic value.

AA. “Primary Employment” means retention or creation of new Jobs for residents of the County as a result of new, expanded or modernized building Projects.

BB.“Prior Application” has the meaning set forth in Section IV(A)(12)(a)(i) below.

CC. “Productive Life” means the number of years a property Improvements is expected to be in service in a Facility.

DD. “Project” means the proposed planned undertaking consisting of New Facilities and/or Modernization of Existing Facilities for which Abatement is requested.

EE.“Real Property” means land, Improvements, a mine or quarry, minerals in place, standing timber; or an estate, other than a mortgage or deed of trust creating a lien on property or an interest securing payment or performance of an obligation, in a property enumerated above.

FF.“Reinvestment Zone” is (i) an area designated as such for the purpose of Abatement as authorized by the Property Redevelopment and Tax Abatement Act, Sections 312.401 or 312.201 of the Texas Tax Code or (ii) an area designated as an enterprise zone under

Chapter 2303 of the Texas Government Code as authorized by the Property Redevelopment and Tax Abatement Act, Section 312.4011 of the Texas Tax Code.

GG. "Supplemental Project" means any Project that is an expansion of an Existing Project onto additional Property. Supplemental Projects must qualify as a Project without taking into account the related Existing Project, but may have different terms as set forth in Section III.G.(1) below.

HH. "Tax Abatement Period" means the period not exceeding ten years commencing on the January 1st occurring after execution of the Agreement or such later January 1st in accordance with these Guidelines and Criteria as is specified in the Agreement.

II. "Taxable Property Value" means the value of the Property being valued as determined by deducting from the assessed value of such Property, as recorded by the Hidalgo County Appraisal District, the amount of any applicable exemption as defined by the Texas Property Tax Code.

III. Abatement Authorized

A. Eligible Facilities. Abatement may be granted for New Facilities and for Expansion or Modernization of Existing Facilities. The Economic Life of a Facility and/or eligible property must exceed the duration of the Abatement.

B. Eligible Property. Abatement may be applied to both Real and Personal Property used at an Eligible Facility for business purposes, excluding all ineligible property.

C. Ineligible Property. The following types of property will be fully taxable and ineligible for Abatement: (i) land, (ii) inventory, supplies, tools, furnishings and other forms of moveable Personal Property, (iii) housing, (iv) deferred maintenance, and (v) property to be rented or leased except as provided in subsection E. of this Section III. No reference to property (real or personal) herein shall be deemed to incorporate any ineligible property into any calculation of investment or Abatement.

D. New Value. Abatement may only be granted for the Newly Created Value of eligible property Improvements made subsequent to and specified in an agreement between the County and the Owner and/or Lessee, subject to such limitations as the County may impose.

E. Leased Facilities. If a leased Facility is granted Abatement, the agreement will be executed by the Lessee and, if required by the County, by the Lessor. If the County requires both Lessee and Lessor to be parties to the agreement, the agreement will not be in effect unless both Lessee and Lessor execute the agreement.

F. Eligibility Criteria. In order to be considered for Abatement, eligible Facilities must be located in a reinvestment zone and result in a minimum added value of $1,500,001 in real and business Personal Property or the creation of at least 26 full-time Jobs.

G. Criteria and Value of Abatement. Abatement may be granted for eligible Facilities on all or a portion of the Newly Created Value of eligible property according to the following:

(1) An Owner and/or Lessee, as the case may be, of Real Property where an Eligible Facility is located prior to the inception of the Project subject to an agreement or on which an Eligible Facility will be constructed as part of the Project, must agree to expend a designated sum of money as the Capital Cost of the Project and/or provide a certain number of Jobs in order to qualify for an Abatement and must expend at least the sum agreed to as the Capital Cost of the Project and provide at least the agreed number of Jobs in accordance with the agreement in order to receive such Abatement.

(a) General. Except with respect to Extraordinary Impact Projects in which subsection III.G.(1)(b) below applies and Supplemental Projects, the percent of value to be abated will be determined by the greater percentage for which the Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Project or the number of Jobs created:

Percent of Increase in Property Value to be Abated	**Capital Cost of the Project**	**Number of Jobs Created**
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

(b) Extraordinary Impact Projects. The Owner and/or Lessee may, in lieu of the schedule set forth in subsection (a) above, opt for the following provisions if the Capital Cost is at least equal to $25,000,000.00 or the Project creates at least 500 Jobs:

Percent of Increase in Property Value to be Abated	**During Year of Tax Abatement Period**
100%	Initial Period
90%	First Year after Initial Period
80%	Second Year after Initial Period
70%	Third Year after Initial Period
60%	Fourth Year after Initial Period
50%	Fifth Year after Initial Period
40%	Sixth and subsequent Years after Initial Period

The "Initial Period" is the first one to four years of the Tax Abatement Period, determined as follows: the Initial Period commences on the January 1 following execution of the Agreement (or such later January 1 as may be agreed to in the Agreement, provided such January 1 is not more than 3 years after execution of the Agreement) and ends on the earlier of the fourth December 31 occurring after such January 1 and the December 31 occurring after substantial completion of construction of Improvements. Regardless of the length of the Initial Period, the Tax Abatement Period shall not exceed ten years. The Owner or Lessee (or both if both are parties to the Agreement) must make such election in the Agreement. In the event the parties have opted for this provision but it is later determined that the actual Capital Cost or Jobs do not qualify for this provision, the provisions of subsection (a) above will apply in lieu of the provisions of this subsection (b) and any taxes abated prior to the determination that this provision was inapplicable in excess of the amount that would have been abated pursuant to subsection (a) above shall be immediate recaptured and paid by Owner and/or Lessee.

(c) Supplemental Projects. With respect to Supplemental Projects, the percent of value to be abated will be determined by the County and shall not exceed the greater percentage for which the Supplemental Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Supplemental Project or the number of Jobs created:

Maximum Percent of Increase in Property Value to be Abated	Capital Cost of the Project*	Number of Jobs Created*
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

*In the event of any irreconcilable dispute between the parties as to the allocation of Jobs and Capital Cost between an Existing Project and the related Supplemental Project, the County will make the final determination as to such allocation.

(2) Only the Newly Created Value will be eligible for Abatement. The applicable percentage set forth in subsection (G)(1) of this Section III (based on whether the Capital Cost of the Project or Job creation results in a higher percentage and whether, if applicable, the Extraordinary Impact provision was opted for in the Agreement) is applicable only to the Newly Created Value of Real Property at the Eligible Facility and of Personal Property owned by the Owner or the Lessee at the Eligible Facility as determined by the Hidalgo County Appraisal District and these Guidelines and Criteria.

(3) The length of the Tax Abatement Period shall not exceed ten (10) years. The Tax Abatement Period shall start on a January 1 not later than the later of (i) the third January 1 occurring after the successful completion of the development, redevelopment or Improvements of the Project as specified in the Agreement or (ii) the fourth January 1 occurring after execution of the Agreement. The Abatement of the Real and Personal Property during the Tax Abatement Period shall only be received to the extent its Taxable Property Value for that year exceeds its Taxable Property Value for the year in which the Agreement is executed, such that only Newly Created Value will be abated.

(4) As an additional incentive to create and sustain Jobs, any Abatement based upon Job creation will be subject to increases or decreases in subsequent tax years based on the level of Jobs added or lost. For example, a Project that initially creates thirty (30) Jobs is eligible for a 25% Abatement. In the second year of the Tax Abatement Period, if twenty-one (21) additional Jobs are added, the Abatement will then increase to 50% (although such increased Abatement shall not apply retroactively), and so on as Jobs are created during the Tax Abatement Period. Conversely, if Jobs are reduced, the percent of Abatement will also be reduced.

(5) With respect to any Abatement based upon Capital Cost, the percent of value to be abated may qualify for increases in subsequent tax years based upon additional capital Improvements. For example, a Project that initially has a Capital Cost of $2,500,000.00, is eligible for 25% Abatement. In the second year of the Tax Abatement Period, if additional qualifying capital Improvements are made in the total amount of $3,000,000, the Abatement may then increase to 50% upon Commissioners' Court approval (although such increased Abatement shall not apply retroactively).

(6) Improvements, Expansions or Modernizations must not be expected to solely or primarily have the effect of transferring employment from one part of the County to another part of the County.

(7) The Project must be expected to prevent the loss of payroll or retain, increase or create payroll on a permanent basis in the County

H. Standards of Tax Abatement. The following factors, among others, will be considered in determining whether to grant Abatement and, if so, the percentage of value to be abated and duration of Abatement.

(1) value of land and existing Improvements, if any;

(2) type and value of proposed Improvements;

(3) Productive Life of proposed Improvements;

(4) number of existing Jobs to be retained by proposed Improvements;

(5) number and type of new Jobs to be created by proposed Improvements;

(6) whether the new Jobs to be created will be filled by persons residing within the County;

(7) amount property tax base valuation will be increased during term of Abatement, which will include a definitive commitment that (i) such increase in valuation will not in any case be less than $1,500,001, or (ii) no less than 26 Jobs will be created;

(8) the costs to be incurred by the County to provide facilities or services directly resulting from the new Improvements;

(9) the amount of ad valorem taxes to be paid to the County during the Tax Abatement Period considering (a) the existing values, (b) the percentage of new value abated, (c) the Tax Abatement Period, and (d) the value after expiration of the Tax Abatement Period;

(10) the types and values of public improvements, if any, to be made by the Applicant seeking Abatement;

(11) whether the proposed Improvements compete with existing businesses to the detriment of the local economy;

(12) the impact on the business opportunities of existing businesses;

(13) the attraction of new businesses to the area;

(14) whether the Project is environmentally compatible with no adverse impact on quality of life, including whether the Project or portions thereof will meet U.S. Green Building Council Leadership in Energy and Environmental Design Program (LEED) Standards/Certification; and

(15) whether the Real Property is in an improvement project financed by tax increment bonds.

Each Eligible Facility will be reviewed on its merits utilizing the factors provided above. After such review, Abatement may be entirely denied or may be granted to the extent deemed appropriate after full evaluation.

I. In addition to other Abatements authorized hereunder, Abatement may be granted for an Eligible Education Facility as provided in this subsection I. The provisions of subsections III. G.(1), G.(2) (excluding the first sentence), G.(4), G.(5), and H.(7), of these Guidelines and Criteria will not apply to Abatements for Eligible Education Facilities. The term of the Abatement for an Eligible Education Facility will be established by the Commissioners Court at the time the Abatement is granted, but in no event will exceed the maximum term permitted under the Texas Tax Code.

IV. Procedural Guidelines

A. Preliminary Application Steps: Any person, organization, corporation or other entity meeting the Abatement guidelines may request Abatement by contacting the County Judge's Office Economic Development Division and filing a written Application with the County in conformance with the following procedural guidelines. Consideration will be given to written requests from Applicants for the confidentiality of proprietary information, consistent with state law, including without limitation Section 312.003 of the Texas Tax Code and Section 552 of the Texas Government Code.

(1) An Application form approved by the County and in the form attached to these Guidelines and Criteria must be completed and submitted to the appropriate office or any other office or official designated by the

County, with all of the information and documents specified therein and herein, prior to commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or new Facility by the Applicant. Commencement of construction is considered to have taken place when any one of the following has occurred:

(a) If more than ninety days has passed since an Abatement Agreement with the municipality has been executed (if applicable);

(b) If a building permit has been issued for construction not associated with mitigating an environmental hazard;

(c) If the Project's site has been cleared and prepared for development;

(d) If construction (including renovations or tenant finish-out) has begun;

(e) If site specific infrastructure has begun to be installed; or

(f) If equipment, inventory, or employees have been relocated to the new site.

A complete Application, with all of the information and documentation specified therein and herein, must be submitted to the appropriate office or any other office or official designated by the County no later than October 1, in order to have an Agreement considered and executed in the same year that the Application is submitted to the County.

(2) The Application will require such financial and other information as may be deemed appropriate for evaluating the financial capacity of the Applicant. This may include an economic feasibility study including a detailed list of estimated Improvements costs, a description of the methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred, and historical financial statements and statements of revenues, expenses, net income and cash flow for the first five years of the Project, which have been audited, reviewed or compiled by a certified public accountant.

(3) Applicant will prepare a descriptive list of the eligible Improvements for which Abatement is requested. This will include the class life of the Improvements based on the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System and, if applicable,

any documentation supporting a longer Economic Life of such Improvements.

(4) Applicant will prepare a plat or map showing the precise location of the property, location of proposed Improvements, all roadways within five hundred feet (500') of the site, and all existing land uses and zoning within five hundred feet (500') of the site. The correct legal description of the Real Property must be provided.

(5) Applicant will address all criteria outlined in Section III.H. of these Guidelines and Criteria in letter format. In the case of a Modernization or Eligible Facility, Applicant will also include a statement of the Facility's current property value, stated separately for Real and Personal Property.

(6) Applicant will prepare a time schedule for undertaking and completing the planned Improvements.

(7) Applicant will provide a tax certificate verifying that no taxes are past due on Applicant's (and, if Applicant is not the Owner of the Real Property or Facility, the Owner's) property located within the proposed reinvestment zone; provided, however, that with respect to Extraordinary Impact Projects where Applicant is not the Owner of the Real Property on which the Facility is or will be located, Commissioners Court may opt to limit the Real Property for which such certificates are required if deemed appropriate under the circumstances.

(8) Applicant will provide a copy of the underlying lease if Applicant is a Lessee of the Facility.

(9) Applicant will provide a copy of the contract between the Applicant and any employment agency acting as the employer of the employees of eligible Jobs pursuant to such contract.

(10) Applicant will provide copies of the immediately preceding quarterly reports filled with the Texas Workforce Commission, documenting the current number of permanent full time employees.

(11) Applicant will provide a current copy of any Enterprise Zone Map identifying the property location.

(12) Applicant shall pay to the County a non-refundable application fee of $1,000 at the time of submission of the Application unless

(a) the Applicant meets all of the following criteria:

(i) during the twelve months immediately preceding the submission of the Application, the Applicant submitted an

Application for an Abatement to the County (the "Prior Application");

(ii) during such twelve month period, the Applicant paid the $1,000 fee to the County with respect to the Prior Application;

(iii) neither the Applicant nor any other party has received or will receive any Abatement with respect to such Prior Application; and

(iv) the Commissioners Court deems such new Application to be substantially similar to the Prior Application; or

(b) the total Abatement that the Applicant is requesting is less than and capped at (i) $1,000 per year and/or (ii) $10,000 in the aggregate over the life of the Abatement.

Applicant understands and, by submitting an Application agrees, that such fee is to partially offset the County's expenses in reviewing the Applicant's Application and shall not be refunded in the event the Application is withdrawn by Applicant or denied by the County. Applicant will submit along with the Application a copy of the receipt issued from the Hidalgo County Treasurer evidencing payment of the application fee.

B. Application Review Steps: Upon receipt of a completed Application, the County will distribute copies of the Application to the appropriate County departments for internal review and comments. The County may request additional information as needed to determine Applicant's eligibility for Abatement according to Sections III A., B. and F and to review the factors set forth in Section III.H.

C. Timing Provisions.

(1) Notwithstanding any provision to the contrary in Sections IV or V of these Guidelines and Criteria, to the extent allowable under applicable law, the Commissioners Court in its discretion may:

(i) allow additional time for compliance with the requirements in Sections IV and V of these Guidelines and Criteria with respect to any Applications received after October 1 of the calendar year and may consider, approve and enter into an Agreement during the calendar year in which the Application was received after October 1 if the Commissioners Court in its discretion determines the County had adequate time to review and consider the Application and the Agreement, and

(ii) consider and approve an Abatement and enter into an Agreement prior to receipt of all required information, provided that if such Abatement is granted the Agreement requires the Owner and/or Lessee, as the case may be, to comply with any such provisions within thirty days of the date of the Agreement and allows the County to terminate the Agreement in the event any conditions in the Agreement are not timely met.

(2) Provided commencement of construction as defined in Section IV.A.(1) above has not occurred prior to submission of the complete Application as set forth herein, the commencement of construction by (x) the taking of actions specified in Section IV.A.(1)(a-c) above by the Owner and/or Lessee or (y) the taking of any of the actions specified in Section IV.A.(1)(a-e) above by the Owner and/or Lessee after approval by the Commissioners Court of an Agreement but prior to execution of the Agreement shall not be a bar to the County subsequently executing the Agreement based on these Guidelines and Criteria and the terms approved by the Commissioners Court with the Owner and/or Lessee, as applicable; provided that (i) with respect to any such activity undertaken prior to Commissioners Court granting of an Abatement that the Abatement may not be granted at the discretion of the Commissioners Court and (ii) that the Applicant, Owner and/or Lessee, as the case may be, commence activity related to the Project at their own risk, and with respect to (y) above, in the event, prior to execution of the Agreement, any discrepancy or dispute over the terms of the Agreement arise that the Commissioners Court retains its discretion to not enter into such Agreement. For purposes of this subsection (2), a complete Application is an Application that, in the opinion of the County, meets all of the requirements of the Guidelines and Criteria excluding only any additional materials requested by the County but not expressly specified in the Guidelines and Criteria.

V. Consideration of Application and Adoption of Agreement

A. When the County considers an Abatement request, it will consider the feasibility and impact of the proposed Abatement by making an estimate of the economic effect of the Abatement of taxes and the benefit to the property to be covered by the Abatement and to the taxing authorities involved.

B. In accordance with Section 312.401(b) of the Texas Tax Code, the Commissioners Court may not designate an area as a reinvestment zone until it holds a public hearing on the designation and finds that the designation would contribute to the retention or expansion of Primary Employment or would attract major investment in the reinvestment zone that would be a benefit to the property to be included in the reinvestment zone and would contribute to the economic development of the County. At the hearing, interested

persons are entitled to speak and present evidence for or against the designation. Not later than the seventh day before the date of the hearing, the Commissioners Court will give notice of the hearing in accordance with Sections 312.401(b) and 312.201(d) of the Texas Tax Code. Pursuant to Section 312.4011, designation of an area as an enterprise zone under Chapter 2303, Texas Government Code, constitutes designation of the area as a reinvestment zone without further action by the County.

C. (1) The Commissioners Court may consider adoption of an Order approving the execution of an Agreement between the County and the Applicant governing the provision of the Abatement within the reinvestment zone only after the Applicant has forwarded all necessary information and documentation to the County. The County will notify the Applicant of approval or disapproval in writing as soon as such action has occurred. The County will not approve an Agreement if it finds that the request for the Abatement was filed after the commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or New Facility by the Applicant except as provided in subsection V.C.(2) below. Any Improvements performed by a taxing entity in anticipation of a Project will not be subject to this subsection C(1).

(2) The decision to provide any Abatement will be considered on a case by case basis, in accordance with these Guidelines and Criteria, and at the discretion of the Commissioners Court who, with respect to Applicants concerning Projects of Extraordinary Impact may waive Subsection IV(A)(1)(b) if reasonable proof is shown of why the waiver is needed and of the benefit to the County of granting the Abatement.

D. Not later than the seventh day before the date on which the County enters into an Agreement, the County will deliver, as provided by Section 312.2041 of the Tax Code, to the presiding officer of the governing body of each other taxing unit in which the property to be subject to the Agreement is located a written notice that the County intends to enter into the Agreement. The notice will include a copy of the proposed Agreement.

E. The governing bodies of the appropriate taxing authorities may consider ratification of and participation in the Agreement between the County and the Applicant.

F. After approval, the County will formally pass an Order and execute an Agreement with the Owner and/or Lessee of the Facility as required. Such Agreement prior to execution will be reviewed by legal counsel for the County and the Owner and/or Lessee, as applicable. Such Agreement shall be subject to the rights of holders of outstanding bonds of the County and shall be entered into by the County on the condition that the Owner and/or the Lessee, as applicable, makes specific Improvements or repairs to the property. Except as otherwise specified in these Guidelines and Criteria, the Abatement in each Agreement shall take effect on January 1 of the next tax year after the date the Improvements or repairs are substantially completed. Each Agreement must include the terms required under Section 312.205 or the Texas Tax Code and will address various issues, including, but not limited to, the following:

(1) General description of the Project;

(2) The percent of value to be abated each year;

(3) Estimated value of the Abatement including the Base Year Value;

(4) Duration of the Abatement, including the commencement date and the termination date;

(5) Legal description of the Real Property;

(6) Kind, number, location and timetable of planned Improvements;

(7) Specific terms and conditions to be met by Applicant;

(8) The proposed use of the Facility and nature of construction;

(9) A plat or map showing the precise location of the Real Property, including the location within the enterprise zone and Improvements and proposed Improvements on the Real Property;

(10) Contractual obligations in the event of default, violation of terms conditions, delinquent taxes, recapture, administration and assignment; and

(11) Size of investment and average number of new Jobs created.

VI. Denial of Abatement

A. All eligible Applications for Abatement will be considered on a case-by-case basis and except for the instances set forth in Section VI.B. herein, the decision to approve or deny Abatement will be made at the discretion of the Commissioners Court in accordance with these Guidelines and Criteria.

B. The Commissioners Court shall not authorize either a reinvestment zone or an Agreement if it is determined that:

(1) there would be an adverse impact on the provision of government service or tax base;

(2) the Applicant has insufficient financial capacity to complete the Project;

(3) planned or potential use of the property would constitute a hazard to public safety, health or morals;

(4) violation of other codes or laws exist;

(5) the property is in an improvement project financed by tax increment bonds; or

(6) there exists any other reason that is deemed appropriate by the Commissioners Court.

C. Nothing herein will imply or suggest that the County is under any obligations or duty to provide Abatement to any eligible Applicant, or that any Applicant has an entitlement to Abatement except as may be determined on a case-by-case basis by the Commissioners Court.

VII. Taxability

From the execution of the Agreement to the end of the Tax Abatement Period, taxes will be payable as follows:

(a) The value of ineligible property will be fully taxable;

(b) The Base Year Value of existing eligible property as determined each year will be fully taxable;

(c) The additional value of eligible property will be taxable in the manner and for the period provided for in the Agreement; and

(d) The additional value of eligible property will be fully taxable at the end of the Tax Abatement Period.

VIII. Recapture

A. The County will be entitled to terminate the Agreement and shall recapture all or part of the taxes abated, upon the occurrence of one or more of the following events:

(1) If the Owner or Lessee fails to commence operation of the Facility and the provision of the applicable product or service within the time provided in the Agreement.

(2) If, at any time after commencement of operation of the Facility, the Owner or Lessee voluntarily ceases to produce a product or service at the Facility or to otherwise operate the Facility for a continuous period of one (1) year or, with respect to Extraordinary Impact Projects in which the Agreement so provides, eighteen (18) months;

(2) If the Owner or Lessee allows its ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest;

(3) If the Owner or Lessee relocates the Job creating activity outside the reinvestment zone;

(4) Upon the Owner's or Lessee's breach of the Agreement;

(5) As the County and the Owner and/or Lessee may otherwise agree in the Agreement; or

(6) In the case of an Abatement for an eligible educational Facility, the educational institution named in the Agreement terminates the lease on the property or otherwise ceases to use and occupy the property for educational purposes, and the property Owner fails to secure a new tenant that qualifies the Facility for continued Abatement under these Guidelines and Criteria within one hundred twenty (120) days of the expiration or other cessation of the use of the property for educational purposes.

B. Should the County determine that a party is in default according to the terms and conditions of the Agreement, the County will notify the party in writing at the address stated in the Agreement, and if such default is not cured within the applicable Cure Period (as defined below), then the Agreement may be terminated by the County pursuant to an Order adopted by the Commissioners Court as set forth in C below. The Cure Period is thirty (30) days from the date of the notice, or if so provided in the Agreement with respect to any Extraordinary Impact Project sixty (60) days and, if further provided in the Agreement, ninety (90) days with respect to a default caused by a force majeure event as such event is defined in the Agreement.

C. The County by an Order adopted by the Commissioners Court will have the right to terminate the Agreement and shall recapture all or a part of the abated taxes based on the following schedule and formula:

RECAPTURE SCHEDULE

YEAR OF TAX ABATEMENT PERIOD IN WHICH RECAPTURE EVENT OCCURS	*COUNTY WILL RECAPTURE FOLLOWING PERCENTAGE OF TOTAL TAXES PREVIOUSLY ABATED:*
1-5	100%
6	85%
7	75%
8	65%
9	55%
10	45%

FORMULA: The Recapture Formula Will Be:

Total Taxes Abated	**X**	Applicable Percentage from above schedule	=	Amount to be Recaptured

D. A Lessee or Owner who is a party to an Agreement that has been terminated or pursuant to which abated taxes have been ordered to be recaptured may appeal the Commissioners Court decision recapturing or terminating the Agreement. In order to make an appeal, the party to the Agreement must submit, within thirty (30) days of the Order by Commissioners Court recapturing or terminating the Agreement, a written notice to the County and to any other party to the Agreement specifying the grounds on which the party will be appealing the decision and requesting that the matter of the appeal be placed on the Commissioners Court agenda for the next Commissioners Court meeting occurring not less than three days following receipt by the County of the written request. The party appealing the decision may appear at the Commissioners Court meeting to discuss the appeal.

IX. Administration

A. Access to Facility. Each Agreement will stipulate that employees and/or designated representatives of the County will have access to the Facility during the term of the Agreement to inspect the Facility to determine if the terms and conditions of the Agreement are being met. The County may execute a contract with any other jurisdiction(s) to conduct such inspections of the Facility. All inspections will be conducted in a manner as to not unreasonably interfere with the construction and/or operation of the Facility; provided, however that the County may conduct "spot" inspections requiring no advance notification (unless appropriate personnel are usually not onsite at the Facility to allow safe access to the Facility and due to safety concerns escorts are needed for County personnel, in which event the Agreement shall provide for notice and for the Owner and/or Lessee to provide escorts on a timely basis). All inspections will be made with one or more representatives of the Owner, Lessor or Lessee, and in accordance with such party's safety standards.

B. Reports, Audits and Inspections: Owners and Lessees of Facilities for which Abatement is granted will annually certify to taxing authorities that they are in compliance with the terms of the Agreement. In addition, such Owners and Lessees will provide reports and records reasonably necessary to support each year of the Agreement. Such reports and records will include information supporting Job creation and retention requirements, information on property purchases, and status reports on the Project's progress. Reports supporting Job creation and retention shall include Texas Workforce Commission Reports (all Social Security numbers must be redacted prior to submitting such reports to the County) submitted to the State Comptroller on a quarterly basis and a breakdown of all Jobs with total annual hours per Job. Upon completion of a Project, Owners and/or Lessees, as applicable, will provide taxing authorities with a final report

(i) describing all property for which Abatement is granted, (ii) providing documentation of the final Capital Cost and (iii) certifying the number of Jobs created. This final report will be accompanied by the opinion of an independent certified public accountant as to its accuracy and completeness. Taxing authorities will periodically evaluate each Facility receiving Abatement to ensure compliance with the Agreement and report possible violations of the Agreement. Taxing authorities will have the right to audit the books and records related to the eligible property and supporting the eligible property reports.

C. Transfer or Assignment. An Agreement for Abatement may be transferred or assigned by the original Applicant to a new Owner/Lessor or Lessee of the same Facility only upon the approval of the Commissioners Court, which will not grant such approval without (i) sufficient proof of the financial capacity of the transferee or assignee and (ii) all conditions and obligations in the Agreement being guaranteed by the execution of a new Agreement with the County. No assignment or transfer will be approved if any party to the existing Agreement or any proposed new party is (i) liable to any jurisdiction in the County for outstanding taxes or other obligations or (ii) delinquent in the payment of ad valorem taxes to any taxing unit located in the County. Approval of a transfer or assignment will not be unreasonably withheld. In addition, the Agreement for Abatement for an Extraordinary Impact Project may allow for collateral assignment in connection with the financing of the Project without obtaining such approval; provided the assignee is not delinquent on any taxes to the County and the Owner, Lessor or Lessee, as applicable, provides written notice to the County within thirty (30) days.

X. Tax Abatement by Other Taxing Units

A. Other Taxing Entities. Section 312.206(a) of the Tax Code allows the County, when a municipality has entered into an Agreement with an Owner and/or a Lessee, to enter into an Agreement with the same Owner and/or Lessee under different terms and conditions than those contained in the municipality's Agreement with the Owner and/or Lessee. When an Application for Abatement is originated with a taxing entity other than the County, the taxing entity desiring the County to provide Abatement to the same Applicant will cause the Applicant to file an Application requesting Abatement with the County and such Application will include the information requested by the County for Abatements originating with the County and shall also include a copy of the Agreement between the Applicant and the municipality or other taxing entity and such other documentation as may be requested by the County. Such Abatements will be considered in accordance with the provisions of these Guidelines and Criteria.

B. No obligation. The acceptance of an Application for Abatement will not be deemed as an obligation whatsoever of the County to grant any Abatement of taxes. Nothing in these Guidelines and Criteria or in any prior Abatement action by the County will obligate the County to provide Abatement to party.

C. Taxing Unit With Tax Rate Set by Commissioners Court. Pursuant to Section 312.004 of the Tax Code, in the event the Commissioners Court enters into an Agreement for the County, it may also enter into an Agreement applicable to the same property on behalf of

a taxing unit other than the County if by statute the ad valorem tax rate of the other taxing unit is approved by the Commissioners Court or the Commissioners Court is expressly required by statute to levy the ad valorem taxes of the other taxing unit. The Agreement entered into on behalf of the other taxing unit is not required to contain the same terms as the Agreement entered into on behalf of the County.

XI. Sunset Provision

These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two years unless amended by three-quarters vote of the Commissioners Court, at which time all reinvestment zones and Agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved. Based on that review, the Commissioners Court may modify or renew these Guidelines and Criteria or enact new Guidelines and Criteria. The County reserves the right to allow these Guidelines and Criteria to lapse and to not thereafter adopt new Guidelines and Criteria.

XII. Severability

If any provision, section, subsection, sentence, clause, or phrase of these Guidelines and Criteria, or the amendments duly adopted hereto, or the application of the same to any person, entity, or set of circumstances, is for any reason held to be unconstitutional, void, voidable, invalid, or contrary to any existing or prospectively enacted law or statute, the validity and enforceability of the remaining part of these Guidelines and Criteria and amendments thereto will not be affected thereby.

EXHIBIT

FORM OF TAX ABATEMENT APPLICATION

HIDALGO COUNTY
APPLICATION FOR ECONOMIC INCENTIVE

I. APPLICANT INFORMATION

Applicant Name: _____ Date of Application: _____

Company/Project Name: _____

Mailing Address: _____ Office Phone: _____

_____ Mobile Phone: _____

E-Mail Address:_____ Fax Number: _____

Type of Entity: [ ] Corporation [ ] Partnership [ ] Proprietorship

[ ] Limited Liability Company [ ] Other (Specify)_____

State of Organization: _____

Applicant's Representative for contact regarding abatement request:

Name and Title: _____

Mailing Address: _____ Office Phone: _____

_____ Mobile Phone: _____

E-Mail Address: _____ Fax Number: _____

Property Owner Information (if applicant is not the owner of the property):

Property Owner: _____

Mailing Address: _____ Office Phone: _____

_____ Mobile Phone: _____

E-Mail Address:_____ Fax Number: _____

Type of Entity: [ ] Corporation [ ] Partnership [ ] Proprietorship

[ ] Limited Liability Company [ ] Other (Specify)_____

State of Organization: _____

Is there a lessee agreement between the owner and the applicant? [ ]Yes [ ]No

If yes, what is the agreement termination date? _____

II. TYPE OF INCENTIVE

___ Tax Abatement ___ 381 Agreement

III. PROPERTY AND PROJECT DESCRIPTION

Property Account Number(s): _____

Address and legal description of property to be considered for Tax Abatement

_____

_____

Project Description: _____

_____

_____

III. PROPERTY AND PROJECT DESCRIPTION (CON'T)

Description of activities, products, or services produced and/or provided at project location:

Specify whether any portion of the property is within an established reinvestment zone or enterprise zone.

State the location of the reinvestment or enterprise zone.

Current Assessed Value:

Real Property $ Personal Property $

Estimated start date of construction/site improvements:

Projected date of occupancy/commencement of operations at project site:

Location of applicant's existing facilities:

Requested level of Tax Abatement: % of eligible property for years.

Explain why tax abatement is necessary for the success of this project. Include business pro-formas or other information to substantiate your request.

Is any tax currently being abated with respect to any portion of the property? [ ] Yes [ ] No

If yes, state the date the tax abatement was received.

Has tax abatement been granted by any other taxing entity? [ ]Yes [ ]No

If yes, what taxing entity is granting the tax abatement?

Will a tax abatement be requested for the project from any other taxing entities? [ ] Yes [ ] No

If yes, list the entities:

IV. PROJECTED VALUE OF PROPOSED IMPROVEMENTS

Estimated Value of Proposed Real Property Improvements $

Estimated Value of Proposed Personal Property Improvements $

Detail any direct benefits to Hidalgo County as a result of this project(I.e.,inventory tax,etc.)

V. PROJECTED NUMBER OF FULL-TIME JOBS CREATED

Current Company/Project Location Employment

Current Number of Employees: Full-Time Part-Time

Number of employees transferring from other company locations:

New Employment of Hidalgo County Residents

Are the employees direct hire or are they contracted by a third party employment agency?

[ ] Direct Hire [ ] Third Party Employment Agency [ ] Both

Projected number of new full-time jobs created as a result of the proposed improvements.

Provide types of jobs created and average salary levels.

VI. ADDITIONAL INFORMATION (to be attached)

Attach additional criteria for abatement as required by the Hidalgo County Guidelines and Criteria Section IV.

_____ 1 Letter addressing section III (H) of the Hidalgo County Guidelines and Criteria.

_____ 2 Descriptive list of the improvements for which abatement is requested.List will include the class life of the improvements based on the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System.

_____ 3 Description of methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred.

_____ 4 A five year history of financial statements and statements of revenue, expenses, net income and cash flow for the last five years of the project which has been audited, reviewed, or compiled by a Certified Public Accountant.

_____ 5 Plat/Map of Project Location with details as required by Section IV. (4).

_____ 6 Project time schedule for undertaking and completing the planned improvements.

_____ 7 Tax certificate verifying that no taxes are past due on property.

_____ 8 Correct legal description of the real property.

_____ 9 A copy of the underlying lease if applicant is a lessee of the facility.

_____ 10 Include a current copy of the Reinvestment Zone Map and identify the property location within the map.

_____ 11 Schedule showing the start date of annual payroll of new permanent positions, if applicable.

_____ 12 Provide copies of the immediately preceding quarterly reports filed with the Texas Workforce Commission, documenting the current number of permanent full-time employees.

_____ 13 Include a good standing certificate from the State of Texas, or the state where your company is organized.

_____ 14 Include any existing tax abatement agreements with respect to any property in Hidalgo County,

_____ 15 Include a check made payable to "Hidalgo County Treasurer" in the amount of $1,000.

Applicant understands and, by submitting an application agrees, that such fee is to partially offset the County's expenses in reviewing the Applicant's application and shall not be refunded in the event the application is withdrawn by Applicant or denied by the County.

In order to expedite the application process, all information listed above must be attached herein.

I certify the information contained in this application (including all attachments) to be true and correct to the best of my knowledge. I further certify that I have read the "Guidelines and Criteria for granting tax abatements in Hidalgo County, Texas" and agree to comply with the guidelines and criteria stated therein. I further understand Hidalgo County may request additional information as deemed necessary to determine eligibility.

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

Effective December 22, 2014
As Amended December 15, 2015

I. General Purpose and Objectives

The County is committed to the promotion of high quality development in all parts of the County and to an ongoing improvement in the quality of life for its citizens. Certain types of investment result in the creation of new jobs, new income and provide for positive economic growth which is beneficial to the County as a whole. The County will, on a case-by-case basis, give consideration to providing tax abatement as a stimulation for economic development in the County. It is the policy of the County that said consideration will be provided in accordance with the guidelines and criteria outlined in this document. The County is not obligated to grant tax abatement to any applicant and nothing herein will imply or suggest that the County is under any obligation to provide tax abatement to any applicant or with respect to any project. All applicants will be considered on a case-by-case basis, and the decision to approve or deny tax abatement to any particular applicant will be at the discretion of the Commissioners Court of the County. As provided in section 312.002(d) of the Texas Tax Code, adoption of these guidelines and criteria does not (1) limit the discretion of the Commissioners Court to decide whether to enter into a specific tax abatement agreement, (2) limit the discretion of the Commissioners Court to delegate to its employees the authority to determine whether the Commissioners Court should consider a particular application for tax abatement or (3) create any property, contract or other legal right in any person to have the County consider or grant a specific application or request for tax abatement. Tax abatement agreements are made with the owners or lessees of real property to exempt from taxation a portion of the value of the real property or of tangible personal property, or both. The duration of an agreement may be for a period of time determined appropriate by the Commissioners Court of the County, based on the productive life of the improvements and consistent with the provisions of these Guidelines and Criteria, but, in accordance with state law, in no case will the term of the tax abatement extend for more than ten (10) years. Special terms and conditions may be set in the agreement governing each specific tax abatement.

II. Definitions

A.“Abatement” means the full or partial exemption from ad valorem taxes of eligible properties in a reinvestment zone designated as such for economic development purposes.

B.“Agreement” means a contractual agreement for the purpose of Abatement during a Tax Abatement Period between (i) an Owner and/or a Lessee of eligible property and (ii) a taxing authority.

C.“Applicant” means the Owner and/or Lessee who submits an Application to the County in accordance with these Guidelines and Criteria.

D.“Application” means the written application and all related materials submitted to the County by the Applicant to request an Abatement hereunder.

E. “Base Year Value” means the taxable value of the Applicant’s real and Personal Property of a type eligible for Abatement (which excludes inventory and supplies) located in a designated reinvestment zone on January 1 of the year of the execution of the Agreement.

F. “Capital Cost” means the amount expended by the Owner or Lessee, as the case may be, on or after the date of the applicable Agreement on eligible Improvements to Real Property or acquisition of eligible Personal Property needed to commence a Project or operations. Capital Cost expressly excludes amounts expended by the County or other governmental entities and any amounts expended with respect to ineligible property.

G.“Commissioners Court” means the elected governing body of the County.

H. “County” means the County of Hidalgo, a political subdivision of the State of Texas.

I. “Economic Life” means the number of years a property qualifies for depreciation under the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System, which may be extended in the discretion of the County, upon evidence presented by the Applicant as to the expected Productive Life of the property.

J. “Eligible Education Facility” means new, expanded or modernized buildings and structures, including fixed machinery and equipment, which, when constructed or completed, will be leased to a public school district, community college district, or state-supported institution of higher education, for the entire term of the proposed Abatement, and which will contribute to the economic development of the County.

K.“Eligible Facility” means a new, expanded or modernized building, structure or related buildings and structures, including fixed machinery and equipment, which is reasonably likely as a result of granting Abatement to contribute to the retention or expansion of Primary Employment or to attract major investment in the reinvestment zone that would be a benefit to the property and that would contribute to the economic development of the County, but does not include a Facility, other than a utility, which is intended primarily to provide goods or services to residents or existing businesses located in the County such as, but not limited to, a restaurant or a retail sales establishment.

L.“Existing Project” means any Project for which there is an Agreement in existence between the County and an Owner and/or a Lessee with respect to which the Tax Abatement Period has not expired

M.“Expansion” means the addition of buildings, structures, fixed machinery, and/or equipment for the purpose of increasing production capacity or revenues.

N.“Extraordinary Impact” means a Project where the Capital Cost is at least equal to $25,000,000.00 or which creates at least 500 Jobs.

O.“Facility” means property Improvements, including eligible Personal Property, completed or in the process of construction which together comprise an integral whole.

P.“Guidelines and Criteria” mean these guidelines and criteria for granting Abatement in the County.

Q.“Improvement” means a building, structure, fixture, or fence erected on or affixed to land, or a transportable structure designed to be occupied for residential or business purposes, whether or not it is affixed to land, if the owner of the structure owns or leases the land on which it is located, unless the structure is unoccupied and held for sale or normally is located at a particular place only temporarily.

R. “Initial Period” has the meaning set forth in Section III(G)(1)b below.

S.“Job” means a permanent, full-time employment position, hired directly or contracted through another entity, that has provided or will result in employment of at least 1,820 hours in the position in a year. Any position providing less than the specified number of hours a year, regardless of the employer’s designation of such position, does not qualify as a “Job” for purposes of these Guidelines and Criteria.

T. “Lessee” means the tenant who is occupying and operating or will occupy and operate an Eligible Facility under a legally binding lease agreement with a Lessor. A lessee of Real Property on which the Eligible Facility exists or is constructed may also own the Facility.

U.“Lessor” means the owner of an Eligible Facility or of the Real Property on which an Eligible Facility is located that has a binding lease with a Lessee who will occupy and operate the Facility.

V.“Modernization” means the replacement and upgrading of existing Facilities which increase the productive input or output, updates the technology, or substantially lowers the unit costs of operation, and extends the economic life of the Facility. Modernization may result from the construction, alteration, or installation of buildings, structures, fixed machinery, or equipment. It will not be for the purpose of renovation, reconditioning, refurbishing, repairing, or completion of deferred maintenance, except in reinvestment zones established based on conditions of economic impairment.

W.“New Facility” means a Facility on Real Property previously undeveloped, which is placed into service by means other than Expansion or Modernization.

X. “Newly Created Value” means the difference between the Taxable Property Value in the base year and the Taxable Property Value at the time the value is being newly calculated.

Y. “Owner” means the owner of Real Property on which an Eligible Facility is or will be located, who may also be the Lessor. Where the context requires, “Owner” means the owner of the Eligible Facility, who is the lessee of Real Property on which the Eligible Facility is or will be located; provided that a specific definition or other provision to the contrary in an Agreement controls over this sentence.

Z. “Personal Property” means property that is not Real Property, and consists of intangible and tangible personal property. Intangible Personal Property means a claim, interest (other than an interest in tangible property), right, or other thing that has value but cannot be seen, felt, weighed, measured, or otherwise perceived by the senses, although its existence may be evidenced by a document. It includes a stock, bond, note or account receivable, certificate of deposit, share account, share certificate account, share deposit account, insurance policy, annuity, pension, cause of action, contract, and goodwill. Tangible Personal Property means Personal Property that can be seen, weighed, measured, felt, or otherwise perceived by the senses, but does not include a document or other perceptible object that constitutes evidence of a valuable interest, claim, or right and has negligible or no intrinsic value.

AA. “Primary Employment” means retention or creation of new Jobs for residents of the County as a result of new, expanded or modernized building Projects.

BB.“Prior Application” has the meaning set forth in Section IV(A)(12)(a)(i) below.

CC. “Productive Life” means the number of years a property Improvements is expected to be in service in a Facility.

DD. “Project” means the proposed planned undertaking consisting of New Facilities and/or Modernization of Existing Facilities for which Abatement is requested.

EE.“Real Property” means land, Improvements, a mine or quarry, minerals in place, standing timber; or an estate, other than a mortgage or deed of trust creating a lien on property or an interest securing payment or performance of an obligation, in a property enumerated above.

FF.“Reinvestment Zone” is (i) an area designated as such for the purpose of Abatement as authorized by the Property Redevelopment and Tax Abatement Act, Sections 312.401 or 312.201 of the Texas Tax Code or (ii) an area designated as an enterprise zone under

Chapter 2303 of the Texas Government Code as authorized by the Property Redevelopment and Tax Abatement Act, Section 312.4011 of the Texas Tax Code.

GG. "Supplemental Project" means any Project that is an expansion of an Existing Project onto additional Property. Supplemental Projects must qualify as a Project without taking into account the related Existing Project, but may have different terms as set forth in Section III.G.(1) below.

HH. "Tax Abatement Period" means the period not exceeding ten years commencing on the January 1st occurring after execution of the Agreement or such later January 1st in accordance with these Guidelines and Criteria as is specified in the Agreement.

II. "Taxable Property Value" means the value of the Property being valued as determined by deducting from the assessed value of such Property, as recorded by the Hidalgo County Appraisal District, the amount of any applicable exemption as defined by the Texas Property Tax Code.

III. Abatement Authorized

A. Eligible Facilities. Abatement may be granted for New Facilities and for Expansion or Modernization of Existing Facilities. The Economic Life of a Facility and/or eligible property must exceed the duration of the Abatement.

B. Eligible Property. Abatement may be applied to both Real and Personal Property used at an Eligible Facility for business purposes, excluding all ineligible property.

C. Ineligible Property. The following types of property will be fully taxable and ineligible for Abatement: (i) land, (ii) inventory, supplies, tools, furnishings and other forms of moveable Personal Property, (iii) housing, (iv) deferred maintenance, and (v) property to be rented or leased except as provided in subsection E. of this Section III. No reference to property (real or personal) herein shall be deemed to incorporate any ineligible property into any calculation of investment or Abatement.

D. New Value. Abatement may only be granted for the Newly Created Value of eligible property Improvements made subsequent to and specified in an agreement between the County and the Owner and/or Lessee, subject to such limitations as the County may impose.

E. Leased Facilities. If a leased Facility is granted Abatement, the agreement will be executed by the Lessee and, if required by the County, by the Lessor. If the County requires both Lessee and Lessor to be parties to the agreement, the agreement will not be in effect unless both Lessee and Lessor execute the agreement.

F. Eligibility Criteria. In order to be considered for Abatement, eligible Facilities must be located in a reinvestment zone and result in a minimum added value of $1,500,001 in real and business Personal Property or the creation of at least 26 full-time Jobs.

G. Criteria and Value of Abatement. Abatement may be granted for eligible Facilities on all or a portion of the Newly Created Value of eligible property according to the following:

(1) An Owner and/or Lessee, as the case may be, of Real Property where an Eligible Facility is located prior to the inception of the Project subject to an agreement or on which an Eligible Facility will be constructed as part of the Project, must agree to expend a designated sum of money as the Capital Cost of the Project and/or provide a certain number of Jobs in order to qualify for an Abatement and must expend at least the sum agreed to as the Capital Cost of the Project and provide at least the agreed number of Jobs in accordance with the agreement in order to receive such Abatement.

(a) General. Except with respect to Extraordinary Impact Projects in which subsection III.G.(1)(b) below applies and Supplemental Projects, the percent of value to be abated will be determined by the greater percentage for which the Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Project or the number of Jobs created:

Percent of Increase in Property Value to be Abated	**Capital Cost of the Project**	**Number of Jobs Created**
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

(b) Extraordinary Impact Projects. The Owner and/or Lessee may, in lieu of the schedule set forth in subsection (a) above, opt for the following provisions if the Capital Cost is at least equal to $25,000,000.00 or the Project creates at least 500 Jobs:

Percent of Increase in Property Value to be Abated	**During Year of Tax Abatement Period**
100%	Initial Period
90%	First Year after Initial Period
80%	Second Year after Initial Period
70%	Third Year after Initial Period
60%	Fourth Year after Initial Period
50%	Fifth Year after Initial Period
40%	Sixth and subsequent Years after Initial Period

The "Initial Period" is the first one to four years of the Tax Abatement Period, determined as follows: the Initial Period commences on the January 1 following execution of the Agreement (or such later January 1 as may be agreed to in the Agreement, provided such January 1 is not more than 3 years after execution of the Agreement) and ends on the earlier of the fourth December 31 occurring after such January 1 and the December 31 occurring after substantial completion of construction of Improvements. Regardless of the length of the Initial Period, the Tax Abatement Period shall not exceed ten years. The Owner or Lessee (or both if both are parties to the Agreement) must make such election in the Agreement. In the event the parties have opted for this provision but it is later determined that the actual Capital Cost or Jobs do not qualify for this provision, the provisions of subsection (a) above will apply in lieu of the provisions of this subsection (b) and any taxes abated prior to the determination that this provision was inapplicable in excess of the amount that would have been abated pursuant to subsection (a) above shall be immediate recaptured and paid by Owner and/or Lessee.

(c) Supplemental Projects. With respect to Supplemental Projects, the percent of value to be abated will be determined by the County and shall not exceed the greater percentage for which the Supplemental Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Supplemental Project or the number of Jobs created:

Maximum Percent of Increase in Property Value to be Abated	Capital Cost of the Project*	Number of Jobs Created*
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

*In the event of any irreconcilable dispute between the parties as to the allocation of Jobs and Capital Cost between an Existing Project and the related Supplemental Project, the County will make the final determination as to such allocation.

(2) Only the Newly Created Value will be eligible for Abatement. The applicable percentage set forth in subsection (G)(1) of this Section III (based on whether the Capital Cost of the Project or Job creation results in a higher percentage and whether, if applicable, the Extraordinary Impact provision was opted for in the Agreement) is applicable only to the Newly Created Value of Real Property at the Eligible Facility and of Personal Property owned by the Owner or the Lessee at the Eligible Facility as determined by the Hidalgo County Appraisal District and these Guidelines and Criteria.

(3) The length of the Tax Abatement Period shall not exceed ten (10) years. The Tax Abatement Period shall start on a January 1 not later than the later of (i) the third January 1 occurring after the successful completion of the development, redevelopment or Improvements of the Project as specified in the Agreement or (ii) the fourth January 1 occurring after execution of the Agreement. The Abatement of the Real and Personal Property during the Tax Abatement Period shall only be received to the extent its Taxable Property Value for that year exceeds its Taxable Property Value for the year in which the Agreement is executed, such that only Newly Created Value will be abated.

(4) As an additional incentive to create and sustain Jobs, any Abatement based upon Job creation will be subject to increases or decreases in subsequent tax years based on the level of Jobs added or lost. For example, a Project that initially creates thirty (30) Jobs is eligible for a 25% Abatement. In the second year of the Tax Abatement Period, if twenty-one (21) additional Jobs are added, the Abatement will then increase to 50% (although such increased Abatement shall not apply retroactively), and so on as Jobs are created during the Tax Abatement Period. Conversely, if Jobs are reduced, the percent of Abatement will also be reduced.

(5) With respect to any Abatement based upon Capital Cost, the percent of value to be abated may qualify for increases in subsequent tax years based upon additional capital Improvements. For example, a Project that initially has a Capital Cost of $2,500,000.00, is eligible for 25% Abatement. In the second year of the Tax Abatement Period, if additional qualifying capital Improvements are made in the total amount of $3,000,000, the Abatement may then increase to 50% upon Commissioners' Court approval (although such increased Abatement shall not apply retroactively).

(6) Improvements, Expansions or Modernizations must not be expected to solely or primarily have the effect of transferring employment from one part of the County to another part of the County.

(7) The Project must be expected to prevent the loss of payroll or retain, increase or create payroll on a permanent basis in the County

H. Standards of Tax Abatement. The following factors, among others, will be considered in determining whether to grant Abatement and, if so, the percentage of value to be abated and duration of Abatement.

(1) value of land and existing Improvements, if any;

(2) type and value of proposed Improvements;

(3) Productive Life of proposed Improvements;

(4) number of existing Jobs to be retained by proposed Improvements;

(5) number and type of new Jobs to be created by proposed Improvements;

(6) whether the new Jobs to be created will be filled by persons residing within the County;

(7) amount property tax base valuation will be increased during term of Abatement, which will include a definitive commitment that (i) such increase in valuation will not in any case be less than $1,500,001, or (ii) no less than 26 Jobs will be created;

(8) the costs to be incurred by the County to provide facilities or services directly resulting from the new Improvements;

(9) the amount of ad valorem taxes to be paid to the County during the Tax Abatement Period considering (a) the existing values, (b) the percentage of new value abated, (c) the Tax Abatement Period, and (d) the value after expiration of the Tax Abatement Period;

(10) the types and values of public improvements, if any, to be made by the Applicant seeking Abatement;

(11) whether the proposed Improvements compete with existing businesses to the detriment of the local economy;

(12) the impact on the business opportunities of existing businesses;

(13) the attraction of new businesses to the area;

(14) whether the Project is environmentally compatible with no adverse impact on quality of life, including whether the Project or portions thereof will meet U.S. Green Building Council Leadership in Energy and Environmental Design Program (LEED) Standards/Certification; and

(15) whether the Real Property is in an improvement project financed by tax increment bonds.

Each Eligible Facility will be reviewed on its merits utilizing the factors provided above. After such review, Abatement may be entirely denied or may be granted to the extent deemed appropriate after full evaluation.

I. In addition to other Abatements authorized hereunder, Abatement may be granted for an Eligible Education Facility as provided in this subsection I. The provisions of subsections III. G.(1), G.(2) (excluding the first sentence), G.(4), G.(5), and H.(7), of these Guidelines and Criteria will not apply to Abatements for Eligible Education Facilities. The term of the Abatement for an Eligible Education Facility will be established by the Commissioners Court at the time the Abatement is granted, but in no event will exceed the maximum term permitted under the Texas Tax Code.

IV. Procedural Guidelines

A. Preliminary Application Steps: Any person, organization, corporation or other entity meeting the Abatement guidelines may request Abatement by contacting the County Judge's Office Economic Development Division and filing a written Application with the County in conformance with the following procedural guidelines. Consideration will be given to written requests from Applicants for the confidentiality of proprietary information, consistent with state law, including without limitation Section 312.003 of the Texas Tax Code and Section 552 of the Texas Government Code.

(1) An Application form approved by the County and in the form attached to these Guidelines and Criteria must be completed and submitted to the appropriate office or any other office or official designated by the

County, with all of the information and documents specified therein and herein, prior to commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or new Facility by the Applicant. Commencement of construction is considered to have taken place when any one of the following has occurred:

(a) If more than ninety days has passed since an Abatement Agreement with the municipality has been executed (if applicable);

(b) If a building permit has been issued for construction not associated with mitigating an environmental hazard;

(c) If the Project's site has been cleared and prepared for development;

(d) If construction (including renovations or tenant finish-out) has begun;

(e) If site specific infrastructure has begun to be installed; or

(f) If equipment, inventory, or employees have been relocated to the new site.

A complete Application, with all of the information and documentation specified therein and herein, must be submitted to the appropriate office or any other office or official designated by the County no later than October 1, in order to have an Agreement considered and executed in the same year that the Application is submitted to the County.

(2) The Application will require such financial and other information as may be deemed appropriate for evaluating the financial capacity of the Applicant. This may include an economic feasibility study including a detailed list of estimated Improvements costs, a description of the methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred, and historical financial statements and statements of revenues, expenses, net income and cash flow for the first five years of the Project, which have been audited, reviewed or compiled by a certified public accountant.

(3) Applicant will prepare a descriptive list of the eligible Improvements for which Abatement is requested. This will include the class life of the Improvements based on the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System and, if applicable,

any documentation supporting a longer Economic Life of such Improvements.

(4) Applicant will prepare a plat or map showing the precise location of the property, location of proposed Improvements, all roadways within five hundred feet (500') of the site, and all existing land uses and zoning within five hundred feet (500') of the site. The correct legal description of the Real Property must be provided.

(5) Applicant will address all criteria outlined in Section III.H. of these Guidelines and Criteria in letter format. In the case of a Modernization or Eligible Facility, Applicant will also include a statement of the Facility's current property value, stated separately for Real and Personal Property.

(6) Applicant will prepare a time schedule for undertaking and completing the planned Improvements.

(7) Applicant will provide a tax certificate verifying that no taxes are past due on Applicant's (and, if Applicant is not the Owner of the Real Property or Facility, the Owner's) property located within the proposed reinvestment zone; provided, however, that with respect to Extraordinary Impact Projects where Applicant is not the Owner of the Real Property on which the Facility is or will be located, Commissioners Court may opt to limit the Real Property for which such certificates are required if deemed appropriate under the circumstances.

(8) Applicant will provide a copy of the underlying lease if Applicant is a Lessee of the Facility.

(9) Applicant will provide a copy of the contract between the Applicant and any employment agency acting as the employer of the employees of eligible Jobs pursuant to such contract.

(10) Applicant will provide copies of the immediately preceding quarterly reports filled with the Texas Workforce Commission, documenting the current number of permanent full time employees.

(11) Applicant will provide a current copy of any Enterprise Zone Map identifying the property location.

(12) Applicant shall pay to the County a non-refundable application fee of $1,000 at the time of submission of the Application unless

(a) the Applicant meets all of the following criteria:

(i) during the twelve months immediately preceding the submission of the Application, the Applicant submitted an

Application for an Abatement to the County (the "Prior Application");

(ii) during such twelve month period, the Applicant paid the $1,000 fee to the County with respect to the Prior Application;

(iii) neither the Applicant nor any other party has received or will receive any Abatement with respect to such Prior Application; and

(iv) the Commissioners Court deems such new Application to be substantially similar to the Prior Application; or

(b) the total Abatement that the Applicant is requesting is less than and capped at (i) $1,000 per year and/or (ii) $10,000 in the aggregate over the life of the Abatement.

Applicant understands and, by submitting an Application agrees, that such fee is to partially offset the County's expenses in reviewing the Applicant's Application and shall not be refunded in the event the Application is withdrawn by Applicant or denied by the County. Applicant will submit along with the Application a copy of the receipt issued from the Hidalgo County Treasurer evidencing payment of the application fee.

B. Application Review Steps: Upon receipt of a completed Application, the County will distribute copies of the Application to the appropriate County departments for internal review and comments. The County may request additional information as needed to determine Applicant's eligibility for Abatement according to Sections III A., B. and F and to review the factors set forth in Section III.H.

C. Timing Provisions.

(1) Notwithstanding any provision to the contrary in Sections IV or V of these Guidelines and Criteria, to the extent allowable under applicable law, the Commissioners Court in its discretion may:

(i) allow additional time for compliance with the requirements in Sections IV and V of these Guidelines and Criteria with respect to any Applications received after October 1 of the calendar year and may consider, approve and enter into an Agreement during the calendar year in which the Application was received after October 1 if the Commissioners Court in its discretion determines the County had adequate time to review and consider the Application and the Agreement, and

(ii) consider and approve an Abatement and enter into an Agreement prior to receipt of all required information, provided that if such Abatement is granted the Agreement requires the Owner and/or Lessee, as the case may be, to comply with any such provisions within thirty days of the date of the Agreement and allows the County to terminate the Agreement in the event any conditions in the Agreement are not timely met.

(2) Provided commencement of construction as defined in Section IV.A.(1) above has not occurred prior to submission of the complete Application as set forth herein, the commencement of construction by (x) the taking of actions specified in Section IV.A.(1)(a-c) above by the Owner and/or Lessee or (y) the taking of any of the actions specified in Section IV.A.(1)(a-e) above by the Owner and/or Lessee after approval by the Commissioners Court of an Agreement but prior to execution of the Agreement shall not be a bar to the County subsequently executing the Agreement based on these Guidelines and Criteria and the terms approved by the Commissioners Court with the Owner and/or Lessee, as applicable; provided that (i) with respect to any such activity undertaken prior to Commissioners Court granting of an Abatement that the Abatement may not be granted at the discretion of the Commissioners Court and (ii) that the Applicant, Owner and/or Lessee, as the case may be, commence activity related to the Project at their own risk, and with respect to (y) above, in the event, prior to execution of the Agreement, any discrepancy or dispute over the terms of the Agreement arise that the Commissioners Court retains its discretion to not enter into such Agreement. For purposes of this subsection (2), a complete Application is an Application that, in the opinion of the County, meets all of the requirements of the Guidelines and Criteria excluding only any additional materials requested by the County but not expressly specified in the Guidelines and Criteria.

V. Consideration of Application and Adoption of Agreement

A. When the County considers an Abatement request, it will consider the feasibility and impact of the proposed Abatement by making an estimate of the economic effect of the Abatement of taxes and the benefit to the property to be covered by the Abatement and to the taxing authorities involved.

B. In accordance with Section 312.401(b) of the Texas Tax Code, the Commissioners Court may not designate an area as a reinvestment zone until it holds a public hearing on the designation and finds that the designation would contribute to the retention or expansion of Primary Employment or would attract major investment in the reinvestment zone that would be a benefit to the property to be included in the reinvestment zone and would contribute to the economic development of the County. At the hearing, interested

persons are entitled to speak and present evidence for or against the designation. Not later than the seventh day before the date of the hearing, the Commissioners Court will give notice of the hearing in accordance with Sections 312.401(b) and 312.201(d) of the Texas Tax Code. Pursuant to Section 312.4011, designation of an area as an enterprise zone under Chapter 2303, Texas Government Code, constitutes designation of the area as a reinvestment zone without further action by the County.

C. (1) The Commissioners Court may consider adoption of an Order approving the execution of an Agreement between the County and the Applicant governing the provision of the Abatement within the reinvestment zone only after the Applicant has forwarded all necessary information and documentation to the County. The County will notify the Applicant of approval or disapproval in writing as soon as such action has occurred. The County will not approve an Agreement if it finds that the request for the Abatement was filed after the commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or New Facility by the Applicant except as provided in subsection V.C.(2) below. Any Improvements performed by a taxing entity in anticipation of a Project will not be subject to this subsection C(1).

(2) The decision to provide any Abatement will be considered on a case by case basis, in accordance with these Guidelines and Criteria, and at the discretion of the Commissioners Court who, with respect to Applicants concerning Projects of Extraordinary Impact may waive Subsection IV(A)(1)(b) if reasonable proof is shown of why the waiver is needed and of the benefit to the County of granting the Abatement.

D. Not later than the seventh day before the date on which the County enters into an Agreement, the County will deliver, as provided by Section 312.2041 of the Tax Code, to the presiding officer of the governing body of each other taxing unit in which the property to be subject to the Agreement is located a written notice that the County intends to enter into the Agreement. The notice will include a copy of the proposed Agreement.

E. The governing bodies of the appropriate taxing authorities may consider ratification of and participation in the Agreement between the County and the Applicant.

F. After approval, the County will formally pass an Order and execute an Agreement with the Owner and/or Lessee of the Facility as required. Such Agreement prior to execution will be reviewed by legal counsel for the County and the Owner and/or Lessee, as applicable. Such Agreement shall be subject to the rights of holders of outstanding bonds of the County and shall be entered into by the County on the condition that the Owner and/or the Lessee, as applicable, makes specific Improvements or repairs to the property. Except as otherwise specified in these Guidelines and Criteria, the Abatement in each Agreement shall take effect on January 1 of the next tax year after the date the Improvements or repairs are substantially completed. Each Agreement must include the terms required under Section 312.205 or the Texas Tax Code and will address various issues, including, but not limited to, the following:

(1) General description of the Project;

(2) The percent of value to be abated each year;

(3) Estimated value of the Abatement including the Base Year Value;

(4) Duration of the Abatement, including the commencement date and the termination date;

(5) Legal description of the Real Property;

(6) Kind, number, location and timetable of planned Improvements;

(7) Specific terms and conditions to be met by Applicant;

(8) The proposed use of the Facility and nature of construction;

(9) A plat or map showing the precise location of the Real Property, including the location within the enterprise zone and Improvements and proposed Improvements on the Real Property;

(10) Contractual obligations in the event of default, violation of terms conditions, delinquent taxes, recapture, administration and assignment; and

(11) Size of investment and average number of new Jobs created.

VI. Denial of Abatement

A. All eligible Applications for Abatement will be considered on a case-by-case basis and except for the instances set forth in Section VI.B. herein, the decision to approve or deny Abatement will be made at the discretion of the Commissioners Court in accordance with these Guidelines and Criteria.

B. The Commissioners Court shall not authorize either a reinvestment zone or an Agreement if it is determined that:

(1) there would be an adverse impact on the provision of government service or tax base;

(2) the Applicant has insufficient financial capacity to complete the Project;

(3) planned or potential use of the property would constitute a hazard to public safety, health or morals;

(4) violation of other codes or laws exist;

(5) the property is in an improvement project financed by tax increment bonds; or

(6) there exists any other reason that is deemed appropriate by the Commissioners Court.

C. Nothing herein will imply or suggest that the County is under any obligations or duty to provide Abatement to any eligible Applicant, or that any Applicant has an entitlement to Abatement except as may be determined on a case-by-case basis by the Commissioners Court.

VII. Taxability

From the execution of the Agreement to the end of the Tax Abatement Period, taxes will be payable as follows:

(a) The value of ineligible property will be fully taxable;

(b) The Base Year Value of existing eligible property as determined each year will be fully taxable;

(c) The additional value of eligible property will be taxable in the manner and for the period provided for in the Agreement; and

(d) The additional value of eligible property will be fully taxable at the end of the Tax Abatement Period.

VIII. Recapture

A. The County will be entitled to terminate the Agreement and shall recapture all or part of the taxes abated, upon the occurrence of one or more of the following events:

(1) If the Owner or Lessee fails to commence operation of the Facility and the provision of the applicable product or service within the time provided in the Agreement.

(2) If, at any time after commencement of operation of the Facility, the Owner or Lessee voluntarily ceases to produce a product or service at the Facility or to otherwise operate the Facility for a continuous period of one (1) year or, with respect to Extraordinary Impact Projects in which the Agreement so provides, eighteen (18) months;

(2) If the Owner or Lessee allows its ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest;

(3) If the Owner or Lessee relocates the Job creating activity outside the reinvestment zone;

(4) Upon the Owner's or Lessee's breach of the Agreement;

(5) As the County and the Owner and/or Lessee may otherwise agree in the Agreement; or

(6) In the case of an Abatement for an eligible educational Facility, the educational institution named in the Agreement terminates the lease on the property or otherwise ceases to use and occupy the property for educational purposes, and the property Owner fails to secure a new tenant that qualifies the Facility for continued Abatement under these Guidelines and Criteria within one hundred twenty (120) days of the expiration or other cessation of the use of the property for educational purposes.

B. Should the County determine that a party is in default according to the terms and conditions of the Agreement, the County will notify the party in writing at the address stated in the Agreement, and if such default is not cured within the applicable Cure Period (as defined below), then the Agreement may be terminated by the County pursuant to an Order adopted by the Commissioners Court as set forth in C below. The Cure Period is thirty (30) days from the date of the notice, or if so provided in the Agreement with respect to any Extraordinary Impact Project sixty (60) days and, if further provided in the Agreement, ninety (90) days with respect to a default caused by a force majeure event as such event is defined in the Agreement.

C. The County by an Order adopted by the Commissioners Court will have the right to terminate the Agreement and shall recapture all or a part of the abated taxes based on the following schedule and formula:

RECAPTURE SCHEDULE

YEAR OF TAX ABATEMENT PERIOD IN WHICH RECAPTURE EVENT OCCURS	*COUNTY WILL RECAPTURE FOLLOWING PERCENTAGE OF TOTAL TAXES PREVIOUSLY ABATED:*
1-5	100%
6	85%
7	75%
8	65%
9	55%
10	45%

FORMULA: The Recapture Formula Will Be:

Total Taxes Abated	**X**	Applicable Percentage from above schedule	=	Amount to be Recaptured

D. A Lessee or Owner who is a party to an Agreement that has been terminated or pursuant to which abated taxes have been ordered to be recaptured may appeal the Commissioners Court decision recapturing or terminating the Agreement. In order to make an appeal, the party to the Agreement must submit, within thirty (30) days of the Order by Commissioners Court recapturing or terminating the Agreement, a written notice to the County and to any other party to the Agreement specifying the grounds on which the party will be appealing the decision and requesting that the matter of the appeal be placed on the Commissioners Court agenda for the next Commissioners Court meeting occurring not less than three days following receipt by the County of the written request. The party appealing the decision may appear at the Commissioners Court meeting to discuss the appeal.

IX. Administration

A. Access to Facility. Each Agreement will stipulate that employees and/or designated representatives of the County will have access to the Facility during the term of the Agreement to inspect the Facility to determine if the terms and conditions of the Agreement are being met. The County may execute a contract with any other jurisdiction(s) to conduct such inspections of the Facility. All inspections will be conducted in a manner as to not unreasonably interfere with the construction and/or operation of the Facility; provided, however that the County may conduct "spot" inspections requiring no advance notification (unless appropriate personnel are usually not onsite at the Facility to allow safe access to the Facility and due to safety concerns escorts are needed for County personnel, in which event the Agreement shall provide for notice and for the Owner and/or Lessee to provide escorts on a timely basis). All inspections will be made with one or more representatives of the Owner, Lessor or Lessee, and in accordance with such party's safety standards.

B. Reports, Audits and Inspections: Owners and Lessees of Facilities for which Abatement is granted will annually certify to taxing authorities that they are in compliance with the terms of the Agreement. In addition, such Owners and Lessees will provide reports and records reasonably necessary to support each year of the Agreement. Such reports and records will include information supporting Job creation and retention requirements, information on property purchases, and status reports on the Project's progress. Reports supporting Job creation and retention shall include Texas Workforce Commission Reports (all Social Security numbers must be redacted prior to submitting such reports to the County) submitted to the State Comptroller on a quarterly basis and a breakdown of all Jobs with total annual hours per Job. Upon completion of a Project, Owners and/or Lessees, as applicable, will provide taxing authorities with a final report

(i) describing all property for which Abatement is granted, (ii) providing documentation of the final Capital Cost and (iii) certifying the number of Jobs created. This final report will be accompanied by the opinion of an independent certified public accountant as to its accuracy and completeness. Taxing authorities will periodically evaluate each Facility receiving Abatement to ensure compliance with the Agreement and report possible violations of the Agreement. Taxing authorities will have the right to audit the books and records related to the eligible property and supporting the eligible property reports.

C. Transfer or Assignment. An Agreement for Abatement may be transferred or assigned by the original Applicant to a new Owner/Lessor or Lessee of the same Facility only upon the approval of the Commissioners Court, which will not grant such approval without (i) sufficient proof of the financial capacity of the transferee or assignee and (ii) all conditions and obligations in the Agreement being guaranteed by the execution of a new Agreement with the County. No assignment or transfer will be approved if any party to the existing Agreement or any proposed new party is (i) liable to any jurisdiction in the County for outstanding taxes or other obligations or (ii) delinquent in the payment of ad valorem taxes to any taxing unit located in the County. Approval of a transfer or assignment will not be unreasonably withheld. In addition, the Agreement for Abatement for an Extraordinary Impact Project may allow for collateral assignment in connection with the financing of the Project without obtaining such approval; provided the assignee is not delinquent on any taxes to the County and the Owner, Lessor or Lessee, as applicable, provides written notice to the County within thirty (30) days.

X. Tax Abatement by Other Taxing Units

A. Other Taxing Entities. Section 312.206(a) of the Tax Code allows the County, when a municipality has entered into an Agreement with an Owner and/or a Lessee, to enter into an Agreement with the same Owner and/or Lessee under different terms and conditions than those contained in the municipality's Agreement with the Owner and/or Lessee. When an Application for Abatement is originated with a taxing entity other than the County, the taxing entity desiring the County to provide Abatement to the same Applicant will cause the Applicant to file an Application requesting Abatement with the County and such Application will include the information requested by the County for Abatements originating with the County and shall also include a copy of the Agreement between the Applicant and the municipality or other taxing entity and such other documentation as may be requested by the County. Such Abatements will be considered in accordance with the provisions of these Guidelines and Criteria.

B. No obligation. The acceptance of an Application for Abatement will not be deemed as an obligation whatsoever of the County to grant any Abatement of taxes. Nothing in these Guidelines and Criteria or in any prior Abatement action by the County will obligate the County to provide Abatement to party.

C. Taxing Unit With Tax Rate Set by Commissioners Court. Pursuant to Section 312.004 of the Tax Code, in the event the Commissioners Court enters into an Agreement for the County, it may also enter into an Agreement applicable to the same property on behalf of

a taxing unit other than the County if by statute the ad valorem tax rate of the other taxing unit is approved by the Commissioners Court or the Commissioners Court is expressly required by statute to levy the ad valorem taxes of the other taxing unit. The Agreement entered into on behalf of the other taxing unit is not required to contain the same terms as the Agreement entered into on behalf of the County.

XI. Sunset Provision

These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two years unless amended by three-quarters vote of the Commissioners Court, at which time all reinvestment zones and Agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved. Based on that review, the Commissioners Court may modify or renew these Guidelines and Criteria or enact new Guidelines and Criteria. The County reserves the right to allow these Guidelines and Criteria to lapse and to not thereafter adopt new Guidelines and Criteria.

XII. Severability

If any provision, section, subsection, sentence, clause, or phrase of these Guidelines and Criteria, or the amendments duly adopted hereto, or the application of the same to any person, entity, or set of circumstances, is for any reason held to be unconstitutional, void, voidable, invalid, or contrary to any existing or prospectively enacted law or statute, the validity and enforceability of the remaining part of these Guidelines and Criteria and amendments thereto will not be affected thereby.

EXHIBIT

FORM OF TAX ABATEMENT APPLICATION

ORDER APPROVING
TAX ABATEMENT AGREEMENT
BETWEEN HIDALGO COUNTY AND
SOUTH TEXAS ELECTRIC COOPERATIVE, INC.

WHEREAS, the Commissioners Court of Hidalgo County, Texas, adopted Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, effective December 22, 2014 (as amended on the date hereof, the "***Guidelines and Criteria***"), to allow Hidalgo County, on a case-by-case basis, to give consideration to providing tax abatement as a stimulation for economic development in Hidalgo County pursuant to Chapter 312 of the Texas Tax Code.

WHEREAS, Hidalgo Wind Farm LLC (the "***Company***") has applied for tax abatement and the Commissioners Court of Hidalgo County finds that the project will qualify as an Extraordinary Impact Project (as defined in the Guidelines and Criteria) due to the Capital Cost; and

WHEREAS, the Commissioners Court of Hidalgo County finds that the proposed tax abatement meets the Guidelines and Criteria, and has determined to grant tax abatement on the terms and conditions set forth in the proposed *Tax Abatement between Hidalgo County, Texas and South Texas Electric Cooperative, Inc.* (the "***Tax Abatement Agreement***"), including without limitation that the economic life of the proposed facility exceeds the duration of the proposed tax abatement, and that the Tax Abatement Agreement will be effective December 22, 2015.

NOW THEREFORE:

BE IT ORDERED BY THE COMMISSIONERS COURT OF HIDALGO COUNTY, TEXAS:

SECTION 1. **APPROVAL OF TAX ABATEMENT AGREEMENT.** The Tax Abatement Agreement is hereby approved in substantially the form attached hereto as Exhibit "I", with such changes thereto as are approved by the County Judge of the County, with advice of the County's attorneys, and the County Judge is authorized to execute on or after the effective date thereof, and the County Clerk is authorized to attest, the Tax Abatement Agreement on behalf of the County and deliver same, and when executed and delivered, the Tax Abatement Agreement shall become a valid and binding obligation of the County in accordance with its terms.

SECTION 2. **EFFECTIVE DATE**. This Order shall become effective immediately upon on the passage hereof.

PASSED, APPROVED, ADOPTED AND ORDERED this the 15th day of December, 2015, by the Commissioners Court of Hidalgo County, Texas.

EXHIBIT A

TAX ABATEMENT AGREEMENT BETWEEN HIDALGO COUNTY, TEXAS
AND
SOUTH TEXAS ELECTRIC COOPERATIVE, INC.

TAX ABATEMENT AGREEMENT BETWEEN HIDALGO COUNTY, TEXAS

AND

SOUTH TEXAS ELECTRIC COOPERATIVE, INC.

This Tax Abatement Agreement ("**Agreement**") is entered into effective as of December 22, 2015, by and between Hidalgo County, a political subdivision of the State of Texas ("**County**") duly acting herein by and through its duly authorized representatives, pursuant to an order dated December 15, 2015, by the Hidalgo County Commissioners Court ("**Commissioners Court**"), and South Texas Electric Cooperative, Inc., a Texas non-profit corporation ("**Owner**").

WITNESSETH:

WHEREAS, on the 22nd day of December, 2014, County adopted Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, which were amended by the Commissioners Court on December 15, 2015, and, as so amended, are attached hereto as **Exhibit "A"** and incorporated herein for all purposes (the "**Guidelines and Criteria**");

WHEREAS, the Land (as defined below) is within an area designated as an Enterprise Zone pursuant to the Texas Enterprise Zone Act, Subchapter C, V.A.T.C., Texas Government Code §2303 et seq., as amended, which area is therefore designated as a reinvestment zone ("**Zone**"), as authorized by the Property Redevelopment and Tax Abatement Act, Subchapter C, V.A.T.C., Texas Tax Code §312 et seq., as amended ("**Act**"); and

WHEREAS, the Guidelines and Criteria govern tax abatement agreements to be entered into by the County under the Act; and

WHEREAS, in order to maintain and enhance the commercial and industrial economic and employment base of the County, it is in the best interest of the County to enter into this Agreement in accordance with said Act; and

WHEREAS, the Owner intends to construct and operate a 220 megawatt electric generation plant consisting of natural gas- fired spark ignition reciprocating internal combustion engines (the "**Project**"), on the property designated on the map included in **Exhibit "C"**; and

WHEREAS, based on the information presented by the Owner, Commissioners Court finds that the contemplated use of the Land, the contemplated improvements Owner will construct on the Land, which will require expenditures by Owner in the minimum amount as set forth in this Agreement and projected expenditures by Owner in the County in excess of two hundred million dollars, and the other terms hereof are consistent with encouraging development of the Zone in accordance with the purposes for its creation and are in compliance with the Act; and

WHEREAS, Owner has submitted evidence to the County that the economic life of the Facility (as defined below) and eligible property exceeds the duration of the proposed tax abatement, and based on such evidence and the representations contained herein Commissioners

Court has determined, in accordance with the Guidelines and Criteria that the economic life of the Facility and eligible property exceeds the duration of the tax abatement granted herein; and

WHEREAS, Commissioners Court has determined that it would be in the best interest of County to enter into an agreement with Owner, pursuant to the Act, to abate a portion of the value of the Property (as defined herein) and the proposed improvements Owner constructs on the Land, as well as a portion of the value of all personal property located on the Land and used in connection with operations on the Land that is eligible for abatement under the Guidelines and Criteria, excluding the Land itself (such improvements and personal property eligible for abatement hereunder are hereafter referred to as the "**Facility**," as described more specifically in **Exhibit "D"**).

NOW, THEREFORE, the County for good and valuable consideration, the adequacy and receipt of which is hereby acknowledged (which consideration includes the attraction of major investment in the Zone and the expansion of primary employment that contributes to the economic development of County and the enhancement of the tax base in the County, and Owner for good and valuable consideration, the adequacy and receipt of which is hereby acknowledged (which consideration includes the tax abatement set forth herein, as authorized by the Act), do hereby contract, covenant and agree as follows:

ARTICLE I

GENERAL PROVISIONS

1.01 As used in this Agreement, the following terms shall have the meanings set out below:

(a) "Abatement Period" has the meaning set forth in section 3.03 below.

(b) "Act" has the meaning set forth in the second recital above.

(c) Agreement" has the meaning set forth in the introductory paragraph.

(d) "Commissioners Court" has the meaning set forth in the introductory paragraph.

(e) "County" has the meaning set forth in the introductory paragraph.

(f) "Cure Period" has the meaning set forth in section 5.03 below.

(g) "Estimated value of the abatement" has the meaning set forth in section 3.04 below.

(h) "Guidelines and Criteria" has the meaning set forth in the first recital above.

(i) "Land" has the meaning set forth in section 1.02 below.

(j) "Project" has the meaning set forth in the fifth recital above.

(k) "Facility" has the meaning set forth in the eighth recital above.

(l) "Owner" has the meaning set forth in the introductory paragraph.

(m)"Tax Abatement Percentage" has the meaning set forth in section 3.04 below.

(n) "Zone" has the meaning set forth in the second recital above.

Terms defined in the Guidelines and Criteria and used herein shall have the meaning given such terms in the Guidelines and Criteria unless otherwise defined herein.

1.02 Owner represents and warrants that (i) Owner is the fee owner of the land on which the Facility will be located ("**Land**"), which is legally described in **Exhibit "B"**, which is attached hereto and is made a part hereof for all purposes, and will be the owner of all Improvements, including the Facility, to be built on the Land as part of the Project. .

1.03 Notwithstanding anything to the contrary contained herein, the abatement granted in this Agreement only applies to the abatement of newly created value (as defined in the Guidelines and Criteria) resulting from improvements after the date hereof that Owner makes to the Land and eligible personal property Owner purchases and installs or builds upon the Land in constructing the Facility in accordance with the terms hereof, and excludes the value of the Land. Any increase in value from a reclassification or change in use of the Property or resulting from a roll-back will not be considered for abatement but will be included as part of the base value, and any other artificial increase in tax revenue or value (which is not intended to include changes in economic obsolescence, if any) will also be excluded from abatement. The Project, the Facility and the Land are located within the Zone and are within County's taxing jurisdiction.

1.04 Owner understands that, in accordance with the Guidelines and Criteria, tax abatements are granted by County based on the Capital Cost of the improvements made or on Jobs created, and as this Project is not expected to qualify based on Jobs created, that the tax abatement hereunder shall be granted based on the Capital Cost of improvements made on or after the date of execution of this Agreement by the Owner as part of the Project as a whole as may be reasonably determined by the Hidalgo County Appraisal District and the County.

1.05 Owner represents and warrants that the Land is not included in an improvement project financed either in whole or in part with tax increment bonds or notes.

1.06 This Agreement is entered into subject to the rights of holders of outstanding County bonds.

1.07 Owner represents and warrants that no interest in the Land or the Facility is presently owned or leased by a member of Commissioners Court, and Owner agrees that it shall not sell or lease an interest in the Land or the Facility to any County officer or employee, or any member of the governing body of any taxing unit joining in or adopting this Agreement, until the earlier of the expiration of the Abatement Period (as defined in Section 3.02) or the termination of this Agreement.

1.08 Owner represents and warrants as follows:

(a) with respect to the Land and the Project, Owner has not executed or received, as of the date of this Agreement, a tax abatement or other economic development incentive or agreement with or from any government body other than the County;

(b) Owner filed the application for tax abatement with County prior to commencement of construction as defined in Section IV.A.(1)(a)-(f) of the Guidelines and Criteria ;

(c) Owner is duly qualified to conduct business in Texas, including, without limitation, building the improvements and operating the Facility;

(d) this Agreement constitutes the valid and enforceable obligation of Owner in accordance with its terms; and

(e) Owner has all necessary right, title, license and authority to enter into this Agreement and the execution and performance of this Agreement by Owner have been duly authorized by all necessary laws, resolutions and corporate or other entity action.

1.09 Owner has provided tax certificates verifying that no taxes are past due with respect to all real property owned by Owner within the Zone and agrees not to allow any taxes on real property it owns within the Zone to become past due, subject only to timely appeals during the pendency of such appeal, during the term hereof.

ARTICLE II

IMPROVEMENTS; JOBS

2.01 (a) Owner agrees to construct or cause to be constructed an Eligible Facility (as defined in the Guidelines and Criteria) on the Land, and to acquire, construct, or cause to be constructed real property improvements, machinery, and equipment necessary to operate the Facility as set forth herein.

(b) Owner agrees to make real and personal property improvements on the Land that are eligible for abatement in accordance with the Guidelines and Criteria (which real and personal property is described in the definition of the Facility in Exhibit D hereto), and that the cost of such improvements, including architectural and related fees, shall be approximately Two Hundred Six Million Dollars ($206,000,000). For the avoidance of doubt, Owner agrees that, at a minimum, Capital Costs (as that term is defined in the Guidelines and Criteria) of the Facility will exceed Twenty Five Million Dollars ($25,000,000) and therefore qualifies as an Extraordinary Impact project (as such term is defined in the Guidelines and Criteria). The approximate location of the Facility on the Land is reflected on a preliminary site plan attached hereto as **Exhibit "C**" and made a part hereof for all purposes. Owner reserves the right to revise the attached preliminary site plan as Owner deems necessary and appropriate, and all such revisions shall be submitted to the County.

(c) Owner represents and warrants that the Facility is expected to create thirty (30) new Jobs (as defined in Section II.R. of the Guidelines and Criteria). Owner currently offers, and agrees to maintain during the Abatement Period, a competitive compensation and benefits package with respect to all jobs at the Facility.

2.02 Owner shall submit, which may be through use of an agent, reports to the County in accordance with Section IX.B. of the Guidelines and Criteria.

2.03 Owner covenants and agrees that the Facility shall be a 220 megawatt electric generation plant consisting of natural gas- fired spark ignition reciprocating internal combustion engines. Attached hereto as **Exhibit "D"** is a schedule of improvements, equipment, machinery, and eligible personal property that Owner will construct or purchase and install to develop the Facility, subject to non-substantive changes as Owner may determine in its sole discretion are necessary during the course of construction of the Facility on the Land. Owner agrees to continuously operate the Facility on the Land during the Abatement Period.

2.04 Owner covenants and agrees to continue construction of the Facility in the Zone during 2016. Owner projects to complete construction no later than November 30, 2016. Owner shall notify the County of any updates to the construction schedule.

2.05 Owner represents that the economic life of the Facility and eligible property will exceed ten years. Based on such representation and evidence submitted by Owner to the County, the County determines in accordance with the Guidelines and Criteria that the economic life of the Facility and eligible property exceeds ten years.

ARTICLE III

PROPERTY SUBJECT TO TAX ABATEMENT

RATE OF TAX ABATEMENT

TERM OF TAX ABATEMENT AND RELATED PROVISIONS

3.01 Subject to the terms of this Agreement, the County shall abate the Owner's County ad valorem taxes in each year of the Abatement Period in an amount equal to the Tax Abatement Percentage (as defined below) multiplied by the Facility's newly created value determined in accordance with the Guidelines and Criteria, but only to the extent that such newly created value is reflected on County's tax rolls in each such year.

3.02 The applicable Tax Abatement Percentage under this Agreement shall be in accordance with the Guidelines and Criteria and shall be fixed by the parties through an addendum to this Agreement after evidence of the Capital Cost of the improvements constructed or installed by Owner for the Facility is certified by Owner and approved by the County. Based on the projected amount to be invested in the Project, the Owner and County anticipate that the applicable Tax Abatement Percentage pursuant to the Guidelines and Criteria in each year of the Abatement Period will be the maximum Tax Abatement Percentage (eighty percent (80%)) of the newly created value. In the event the initial Capital Cost qualifies the Facility for less than the maximum Tax Abatement Percentage, additional investments constituting Capital Costs that are made in accordance with this Agreement may be added to the initial Capital Cost, and such revised Capital Cost shall be used to determine the applicable Tax Abatement Percentage for the remainder of the Abatement Period commencing with the first ad valorem tax year commencing after such revised Capital Cost is certified by Owner and approved by the County. Any such increase in the Tax Abatement Percentage shall be fixed by the parties through an additional addendum to this Agreement after evidence of the additional Capital Cost of the additional improvements constructed or installed by Owner for the Facility is certified by Owner and approved by the County.

3.03 The abatement of ad valorem taxes shall be for a period (the "**Abatement Period**") that shall

(a) commence on January 1of the first ad valorem tax year after each of the following events have occurred:

(i) Certificate of Occupancy has been issued,

(ii) Owner has provided documentation confirming the Capital Cost of the Project and the number of Jobs created;

(iii) the Capital Cost or Jobs created meets or exceeds the minimum amount required by the Guidelines and Criteria for granting tax abatements; and

(iv) the newly created value may be ascertained from the tax rolls of the Hidalgo County Appraisal District, and

(b) end on the earlier of:

(i) five (5) years following such commencement,

(ii) December 31, 2025,

(iii) the occurrence of any event that would terminate this Agreement by operation of law,

(iv) Owner's breach of any provision of this Agreement, which breach is not cured within the Cure Period, (as defined below), or

(v) Owner's failure to comply with any provision of the Guidelines and Criteria as discussed in Article V of this Agreement.

3.04 The percent of increase in newly created value (as reflected in the tax rolls of the Hidalgo County Appraisal District) to be abated (the "**Tax Abatement Percentage**") is the greater of the abatement percentage determined by the Capital Cost involved in the Project, or the abatement percentage determined by the number of full-time jobs created, as set forth in the following table:

Percent of Increase in Newly Created Value To be Abated	Capital Cost of the Project	Number of Jobs Created
0%	Less than $1,500,001	0-25
25%	$1,500,001 up to and including $5,000,000	26-50
50%	Over $5,000,000 up to and including $10,000,000	51-100
80%	Over $10,000,000	101 or more

The estimated value of the abatement (as such term is defined below), based on the Company's good faith estimate of how the Hidalgo County Appraisal District may value the eligible improvements, is approximately Three Million Eight Hundred and Ninety Thousand Dollars ($3,890,000). "**Estimated value of the abatement**" means the additional property taxes that would be due to the County from the Company but for the tax abatement granted in this Agreement. The parties acknowledge that the Estimated value of the abatement is not binding and is an estimate based on various assumptions of the parties.

3.05 This Agreement does not change any right of Owner to protest or contest, in accordance with applicable law, any and all appraisals of, or assessments of taxes on, the Facility, and the tax abatement provided for herein for such Facility shall be applied to the amount of taxes finally determined as a result of such protest or contest, to be due for such property.

ARTICLE IV

FILING OF PLANS, CERTIFICATION OF COSTS, COUNTY ACCESS TO PREMISES AND USE OF PREMISES AND IMPROVEMENTS

4.01 Owner filed construction plans for the Facility with County by April 13, 2015. The construction plans as filed shall be deemed to be incorporated herein by reference and made a part hereof for all purposes, and the Facility shall be completed in substantial conformity to said plans. Owner may elect to amend or modify the construction plans, provided the amendments or modifications comply with all applicable codes, rules and ordinances, and are not otherwise contrary to this Agreement.

4.02 Upon completion of the Facility, Owner shall file (i) "as built" construction plans with County, which plans shall detail improvements (which shall be certified by the architect if Owner uses an architect) on the Land, including purchases of personal property and related expenditures made to construct the Facility and (ii) the general contractor's certification as to the completion of construction of the Facility (including the detail specified above). At the time of filing the as built construction plans, Owner shall also provide County with reports as required by Section IX.B. of the Guidelines and Criteria. On or before January 31, of each year of the

Abatement Period (and the year immediately following the end thereof), Owner shall provide County with reports supporting job creation as of December 31 of each year of the Abatement Period, as required by Section IX.B. of the Guidelines and Criteria. By June 1st of each year of the Abatement Period, Owner shall also provide County a detailed list of Owner's eligible personal property at the Facility, including the estimated value of the property (broken down by types of items with sufficient detail as required by the County to determine eligibility for tax abatement).

4.04 Owner agrees to supply audited reports to the County and the Hidalgo County Appraisal District to establish the construction cost of improvements constructed pursuant to this Agreement and the jobs created.

4.05 Owner agrees to provide County employees and/or designated representatives of the County access to the Facility during the term of this Agreement, including the Abatement Period, to inspect the Facility and the Land to determine if Owner is in compliance with the terms and conditions of the Agreement. Upon completion of construction, County has the right to annually evaluate the Facility to ensure compliance with the Agreement. Owner shall provide County with an escort for all such inspections, in accordance with the safety and security standards of Owner.

ARTICLE V

BREACH

5.01 In the event Owner fails to commence constructing the Facility in the Zone on or before December 31, 2015, this Agreement shall terminate and the County shall be entitled to recapture and collect payment of all ad valorem taxes abated, if any, under this Agreement by any and all means allowed by law, and as provided herein.

5.02 In the event the Facility is completed and begins operation, and Owner:

1. voluntarily ceases to operate the Facility for a continuous period of eighteen (18) months;

2. allows ad valorem taxes owed to County to become delinquent;

3. relocates the Facility or the job creating activity outside the Zone;

4. breaches or fails to comply with any material term, condition, or representation contained in this Agreement; or

5. uses or allows the use of the Facility for any purpose not related to the generation, storage and/or transmission of energy for a period greater than 30 days in any calendar year of the Abatement Period,

County may elect to terminate this Agreement and recapture abated taxes in accordance with Section 5.05 of this Agreement and the Guidelines and Criteria, unless such breach is cured within the Cure Period, as defined in Section 5.03. Owner shall pay recaptured taxes to County within sixty (60) days from the date the Agreement terminates.

5.03 Should County determine that Owner has breached this Agreement or the Guidelines and Criteria, County shall notify Owner in writing via certified or registered mail to the following address:

South Texas Electric Cooperative, Inc.
Attn: General Manager
P. O. Box 119,
Nursery, TX 77976.

or to such other address, or to the attention of such person, as Owner may, from time to time, designate in writing. If such breach is not cured within sixty (60) days from the date of such notice (the "**Cure Period**"), then this Agreement may be terminated by order of the Commissioners Court.

5.04 If Owner and the County disagree as to whether a breach has occurred or been timely cured, venue for an action to determine Owner's and County's rights will lie in Hidalgo County, Texas. The period for Owner to cure any breach of this Agreement shall be tolled from the filing of any official action to resolve questions arising from an attempt at cure to the final resolution of any such action.

5.05 If County terminates this Agreement, County shall have the right to recapture a percentage of the total taxes previously abated in accordance with the recapture schedule in Section VIII of the Guidelines and Criteria.

ARTICLE VI

SALE, ASSIGNMENT OR LEASE OF PROPERTY

6.01 It is contemplated by the parties hereto that the Owner's purpose for making the improvements set forth in Article II is for the construction and operation of a 220 megawatt electric generation plant consisting of natural gas-fired spark ignition reciprocating internal combustion engines.

6.02 In accordance with Section IX.C. of the Guidelines and Criteria, Owner shall not have the right, without the written consent of County, to assign all or part of its interest in the Land, the Project, or this Agreement and maintain the tax abatement hereunder. Without limiting the generality of the foregoing, Owner acknowledges that consent will not be granted with respect to any assignment or transfer to any party that is delinquent in the payment of any taxes to County or any jurisdiction within the county.

ARTICLE VII

COMMISSIONERS COURT AUTHORIZATION

7.01 This Agreement was authorized by order of the Commissioners Court dated the 15th day of December, 2015, authorizing the County Judge to execute this Agreement on behalf of the County.

ARTICLE VIII

SEVERABILITY

8.01 In the event any section, subsection, paragraph, subparagraph, sentence, phrase or word herein is held invalid, illegal, or unenforceable, the balance of this Agreement shall stand, shall be enforceable and shall be read as if the parties intended at all times to delete said invalid section, subsection, paragraph, subparagraph, sentence, phrase, and word. In such event there shall be substituted for such deleted provision as similar in terms and in effect to such deleted provision as may be valid, legal, and enforceable.

ARTICLE IX

APPLICABLE LAW

9.01 This Agreement shall be construed under the laws of the State of Texas and is performable in Hidalgo County, Texas. Venue for any action related to this Agreement shall be in Hidalgo County, Texas.

ARTICLE X

COUNTERPART EXECUTION

10.01 This Agreement may be executed in multiple counterparts, each of which shall constitute an original, but all of which in the aggregate shall constitute one agreement.

ORDER ADOPTING GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

WHEREAS, the Commissioners Court of Hidalgo County, Texas, adopted Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, effective June 26, 2012, to allow Hidalgo County, on a case-by-case basis, to give consideration to providing tax abatement as a stimulation for economic development in Hidalgo County pursuant to chapter 312 of the Texas Tax Code, which guidelines and criteria have now expired.

WHEREAS, the Commissioners Court of Hidalgo County having considered Hidalgo County's tax abatement program, determined at the December 16, 2014, Commissioners Court meeting to adopt new guidelines and criteria for granting tax abatements in order to better provide for the stimulation of economic development in Hidalgo County and now desires to formalize the order regarding such adoption.

NOW, THEREFORE IT IS HEREBY ORDERED that the Commissioners Court of Hidalgo County, Texas, hereby adopts the Guidelines and Criteria for Granting Tax Abatements in Hidalgo County, Texas, attached as Exhibit A.

PASSED, APPROVED, ADOPTED AND ORDERED this the 22nd day of December, 2014, by the Commissioners Court of Hidalgo County, Texas.

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

Effective December 22, 2014

GUIDELINES AND CRITERIA FOR GRANTING TAX ABATEMENTS IN HIDALGO COUNTY, TEXAS

Effective December 22, 2014

I. General Purpose and Objectives

The County is committed to the promotion of high quality development in all parts of the County and to an ongoing improvement in the quality of life for its citizens. Certain types of investment result in the creation of new jobs, new income and provide for positive economic growth which is beneficial to the County as a whole. The County will, on a case-by-case basis, give consideration to providing tax abatement as a stimulation for economic development in the County. It is the policy of the County that said consideration will be provided in accordance with the guidelines and criteria outlined in this document. The County is not obligated to grant tax abatement to any applicant and nothing herein will imply or suggest that the County is under any obligation to provide tax abatement to any applicant or with respect to any project. All applicants will be considered on a case-by-case basis, and the decision to approve or deny tax abatement to any particular applicant will be at the discretion of the Commissioners Court of the County. As provided in section 312.002(d) of the Texas Tax Code, adoption of these guidelines and criteria does not (1) limit the discretion of the Commissioners Court to decide whether to enter into a specific tax abatement agreement, (2) limit the discretion of the Commissioners Court to delegate to its employees the authority to determine whether the Commissioners Court should consider a particular application for tax abatement or (3) create any property, contract or other legal right in any person to have the County consider or grant a specific application or request for tax abatement. Tax abatement agreements are made with the owners or lessees of real property to exempt from taxation a portion of the value of the real property or of tangible personal property, or both. The duration of an agreement may be for a period of time determined appropriate by the Commissioners Court of the County, based on the productive life of the improvements and consistent with the provisions of these Guidelines and Criteria, but, in accordance with state law, in no case will the term of the tax abatement extend for more than ten (10) years. Special terms and conditions may be set in the agreement governing each specific tax abatement.

II. Definitions

A."Abatement" means the full or partial exemption from ad valorem taxes of eligible properties in a reinvestment zone designated as such for economic development purposes.

B."Agreement" means a contractual agreement for the purpose of Abatement during a Tax Abatement Period between (i) an Owner and/or a Lessee of eligible property and (ii) a taxing authority.

C."Applicant" means the Owner and/or Lessee who submits an Application to the County in accordance with these Guidelines and Criteria.

D."Application" means the written application and all related materials submitted to the County by the Applicant to request an Abatement hereunder.

E. "Base Year Value" means the taxable value of the Applicant's real and Personal Property of a type eligible for Abatement (which excludes inventory and supplies) located in a designated reinvestment zone on January 1 of the year of the execution of the Agreement.

F. "Capital Cost" means the amount expended by the Owner or Lessee, as the case may be, on or after the date of the applicable Agreement on eligible Improvements to Real Property or acquisition of eligible Personal Property needed to commence a Project or operations. Capital Cost expressly excludes amounts expended by the County or other governmental entities and any amounts expended with respect to ineligible property.

G."Commissioners Court" means the elected governing body of the County.

H. "County" means the County of Hidalgo, a political subdivision of the State of Texas.

I. "Economic Life" means the number of years a property qualifies for depreciation under the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System, which may be extended in the discretion of the County, upon evidence presented by the Applicant as to the expected Productive Life of the property.

J. "Eligible Education Facility" means new, expanded or modernized buildings and structures, including fixed machinery and equipment, which, when constructed or completed, will be leased to a public school district, community college district, or state-supported institution of higher education, for the entire term of the proposed Abatement, and which will contribute to the economic development of the County.

K."Eligible Facility" means a new, expanded or modernized building, structure or related buildings and structures, including fixed machinery and equipment, which is reasonably likely as a result of granting Abatement to contribute to the retention or expansion of Primary Employment or to attract major investment in the reinvestment zone that would be a benefit to the property and that would contribute to the economic development of the County, but does not include a Facility, other than a utility, which is intended primarily to provide goods or services to residents or existing businesses located in the County such as, but not limited to, a restaurant or a retail sales establishment.

L."Expansion" means the addition of buildings, structures, fixed machinery, and/or equipment for the purpose of increasing production capacity or revenues.

M."Extraordinary Impact" means a Project where the Capital Cost is at least equal to $25,000,000.00 or which creates at least 500 Jobs.

N."Facility" means property Improvements, including eligible Personal Property, completed or in the process of construction which together comprise an integral whole.

O."Guidelines and Criteria" mean these guidelines and criteria for granting Abatement in the County.

P."Improvement" means a building, structure, fixture, or fence erected on or affixed to land, or a transportable structure designed to be occupied for residential or business purposes, whether or not it is affixed to land, if the owner of the structure owns or leases the land on which it is located, unless the structure is unoccupied and held for sale or normally is located at a particular place only temporarily.

Q. "Initial Period" has the meaning set forth in Section III(G)(1)b below.

R."Job" means a permanent, full-time employment position, hired directly or contracted through another entity, that has provided or will result in employment of at least 1,820 hours in the position in a year. Any position providing less than the specified number of hours a year, regardless of the employer's designation of such position, does not qualify as a "Job" for purposes of these Guidelines and Criteria.

S. "Lessee" means the tenant who is occupying and operating or will occupy and operate an Eligible Facility under a legally binding lease agreement with a Lessor. A lessee of Real Property on which the Eligible Facility exists or is constructed may also own the Facility.

T."Lessor" means the owner of an Eligible Facility or of the Real Property on which an Eligible Facility is located that has a binding lease with a Lessee who will occupy and operate the Facility.

U."Modernization" means the replacement and upgrading of existing Facilities which increase the productive input or output, updates the technology, or substantially lowers the unit costs of operation, and extends the economic life of the Facility. Modernization may result from the construction, alteration, or installation of buildings, structures, fixed machinery, or equipment. It will not be for the purpose of renovation, reconditioning, refurbishing, repairing, or completion of deferred maintenance, except in reinvestment zones established based on conditions of economic impairment.

V."New Facility" means a Facility on Real Property previously undeveloped, which is placed into service by means other than Expansion or Modernization.

W. "Newly Created Value" means the difference between the Taxable Property Value in the base year and the Taxable Property Value at the time the value is being newly calculated.

X. "Owner" means the owner of Real Property on which an Eligible Facility is or will be located, who may also be the Lessor. Where the context requires, "Owner" means the owner of the Eligible Facility, who is the lessee of Real Property on which the Eligible Facility is or will be located; provided that a specific definition or other provision to the contrary in an Agreement controls over this sentence.

Y. "Personal Property" means property that is not Real Property, and consists of intangible and tangible personal property. Intangible Personal Property means a claim, interest (other than an interest in tangible property), right, or other thing that has value but cannot be seen, felt, weighed, measured, or otherwise perceived by the senses, although its existence may be evidenced by a document. It includes a stock, bond, note or account receivable, certificate of deposit, share account, share certificate account, share deposit account, insurance policy, annuity, pension, cause of action, contract, and goodwill. Tangible Personal Property means Personal Property that can be seen, weighed, measured, felt, or otherwise perceived by the senses, but does not include a document or other perceptible object that constitutes evidence of a valuable interest, claim, or right and has negligible or no intrinsic value.

Z. "Primary Employment" means retention or creation of new Jobs for residents of the County as a result of new, expanded or modernized building Projects.

AA."Prior Application" has the meaning set forth in Section IV(A)(12)(a)(i) below.

BB. "Productive Life" means the number of years a property Improvements is expected to be in service in a Facility.

CC. "Project" means the proposed planned undertaking consisting of New Facilities and/or Modernization of Existing Facilities for which Abatement is requested.

DD."Real Property" means land, Improvements, a mine or quarry, minerals in place, standing timber; or an estate, other than a mortgage or deed of trust creating a lien on property or an interest securing payment or performance of an obligation, in a property enumerated above.

EE."Reinvestment Zone" is (i) an area designated as such for the purpose of Abatement as authorized by the Property Redevelopment and Tax Abatement Act, Sections 312.401 or 312.201 of the Texas Tax Code or (ii) an area designated as an enterprise zone under Chapter 2303 of the Texas Government Code as authorized by the Property Redevelopment and Tax Abatement Act, Section 312.4011 of the Texas Tax Code.

FF."Tax Abatement Period" means the period not exceeding ten years commencing on the January 1st occurring after execution of the Agreement or such later January 1st in accordance with these Guidelines and Criteria as is specified in the Agreement.

GG. "Taxable Property Value" means the value of the Property being valued as determined by deducting from the assessed value of such Property, as recorded by the Hidalgo County Appraisal District, the amount of any applicable exemption as defined by the Texas Property Tax Code.

III. Abatement Authorized

A. Eligible Facilities. Abatement may be granted for New Facilities and for Expansion or Modernization of Existing Facilities. The Economic Life of a Facility and/or eligible property must exceed the duration of the Abatement.

B. Eligible Property. Abatement may be applied to both Real and Personal Property used at an Eligible Facility for business purposes, excluding all ineligible property.

C. Ineligible Property. The following types of property will be fully taxable and ineligible for Abatement: (i) land, (ii) inventory, supplies, tools, furnishings and other forms of moveable Personal Property, (iii) housing, (iv) deferred maintenance, and (v) property to be rented or leased except as provided in subsection E. of this Section III. No reference to property (real or personal) herein shall be deemed to incorporate any ineligible property into any calculation of investment or Abatement.

D. New Value. Abatement may only be granted for the Newly Created Value of eligible property Improvements made subsequent to and specified in an agreement between the County and the Owner and/or Lessee, subject to such limitations as the County may impose.

E. Leased Facilities. If a leased Facility is granted Abatement, the agreement will be executed by the Lessee and, if required by the County, by the Lessor. If the County requires both Lessee and Lessor to be parties to the agreement, the agreement will not be in effect unless both Lessee and Lessor execute the agreement.

F. Eligibility Criteria. In order to be considered for Abatement, eligible Facilities must be located in a reinvestment zone and result in a minimum added value of $1,500,001 in real and business Personal Property or the creation of at least 26 full-time Jobs.

G. Criteria and Value of Abatement. Abatement may be granted for eligible Facilities on all or a portion of the Newly Created Value of eligible property according to the following:

(1) An Owner and/or Lessee, as the case may be, of Real Property where an Eligible Facility is located prior to the inception of the Project subject to an agreement or on which an Eligible Facility will be constructed as part of the Project, must agree to expend a designated sum of money as the Capital Cost of the Project and/or provide a certain number of Jobs in order to qualify for an Abatement and must expend at least the sum agreed to as the Capital Cost of the Project and provide at least the agreed number of Jobs in accordance with the agreement in order to receive such Abatement.

(a) General. Except with respect to Extraordinary Impact Projects in which subsection III.G.(1)(b) below applies, the percent of value to be abated will be determined by the greater percentage for which the Project qualifies as set forth below based on the Capital Cost expended by the Owner and/or Lessee, as the case may be, in the Project or the number of Jobs created:

Percent of Increase in Property Value to be Abated	**Capital Cost of the Project**	**Number of Jobs Created**
0%	Less than $1,500,001	0 – 25
25%	$1,500,001 up to and including $5,000,000	26 – 50
50%	Over $5,000,000 up to and including $10,000,000	51 – 100
80%	Over $10,000,000	101 or more

(b) Extraordinary Impact Projects. The Owner and/or Lessee may, in lieu of the schedule set forth in subsection (a) above, opt for the following provisions if the Capital Cost is at least equal to $25,000,000.00 or the Project creates at least 500 Jobs:

Percent of Increase in Property Value to be Abated	**During Year of Tax Abatement Period**
100%	Initial Period
90%	First Year after Initial Period
80%	Second Year after Initial Period
70%	Third Year after Initial Period
60%	Fourth Year after Initial Period
50%	Fifth Year after Initial Period
40%	Sixth and subsequent Years after Initial Period

The "Initial Period" is the first one to four years of the Tax Abatement Period, determined as follows: the Initial Period commences on the January 1 following execution of the Agreement (or such later January 1 as may be agreed to in the Agreement, provided such January 1 is not more than 3 years after execution of the Agreement) and ends on the earlier of the fourth December 31 occurring after such January 1 and the December 31 occurring after substantial completion of construction of Improvements. Regardless of the length of the Initial Period, the Tax Abatement Period shall not exceed ten years. The Owner or Lessee (or both if both are parties to the Agreement) must make such election in the Agreement. In the event the parties have opted for this provision but it is later determined that the actual Capital Cost or Jobs do not qualify for this provision, the provisions of subsection (a) above will apply in lieu of the provisions of this subsection (b) and any taxes abated prior to the determination that this provision was inapplicable in excess of the amount that would have been abated pursuant to subsection (a) above shall be immediate recaptured and paid by Owner and/or Lessee.

(2) Only the Newly Created Value will be eligible for Abatement. The applicable percentage set forth in subsection (G)(1) of this Section III (based on whether the Capital Cost of the Project or Job creation results in a higher percentage and whether, if applicable, the Extraordinary Impact provision was opted for in the Agreement) is applicable only to the Newly Created Value of Real Property at the Eligible Facility and of Personal Property owned by the Owner or the Lessee at the Eligible Facility as determined by the Hidalgo County Appraisal District and these Guidelines and Criteria.

(3) The length of the Tax Abatement Period shall not exceed ten (10) years. The Tax Abatement Period shall start on a January 1 not later than the later of (i) the third January 1 occurring after the successful completion of the development, redevelopment or Improvements of the Project as specified in the Agreement or (ii) the fourth January 1 occurring after execution of the Agreement. The Abatement of the Real and Personal Property during the Tax Abatement Period shall only be received to the extent its Taxable Property Value for that year exceeds its Taxable Property Value for the year in which the Agreement is executed, such that only Newly Created Value will be abated.

(4) As an additional incentive to create and sustain Jobs, any Abatement based upon Job creation will be subject to increases or decreases in subsequent tax years based on the level of Jobs added or lost. For example, a Project that initially creates thirty (30) Jobs is eligible for a 25% Abatement. In

the second year of the Tax Abatement Period, if twenty-one (21) additional Jobs are added, the Abatement will then increase to 50% (although such increased Abatement shall not apply retroactively), and so on as Jobs are created during the Tax Abatement Period. Conversely, if Jobs are reduced, the percent of Abatement will also be reduced.

(5) With respect to any Abatement based upon Capital Cost, the percent of value to be abated may qualify for increases in subsequent tax years based upon additional capital Improvements. For example, a Project that initially has a Capital Cost of $2,500,000.00, is eligible for 25% Abatement. In the second year of the Tax Abatement Period, if additional qualifying capital Improvements are made in the total amount of $3,000,000, the Abatement may then increase to 50% upon Commissioners' Court approval (although such increased Abatement shall not apply retroactively).

(6) Improvements, Expansions or Modernizations must not be expected to solely or primarily have the effect of transferring employment from one part of the County to another part of the County.

(7) The Project must be expected to prevent the loss of payroll or retain, increase or create payroll on a permanent basis in the County

H. Standards of Tax Abatement. The following factors, among others, will be considered in determining whether to grant Abatement and, if so, the percentage of value to be abated and duration of Abatement.

(1) value of land and existing Improvements, if any;

(2) type and value of proposed Improvements;

(3) Productive Life of proposed Improvements;

(4) number of existing Jobs to be retained by proposed Improvements;

(5) number and type of new Jobs to be created by proposed Improvements;

(6) whether the new Jobs to be created will be filled by persons residing within the County;

(7) amount property tax base valuation will be increased during term of Abatement, which will include a definitive commitment that (i) such increase in valuation will not in any case be less than $1,500,001, or (ii) no less than 26 Jobs will be created;

(8) the costs to be incurred by the County to provide facilities or services directly resulting from the new Improvements;

(9) the amount of ad valorem taxes to be paid to the County during the Tax Abatement Period considering (a) the existing values, (b) the percentage of new value abated, (c) the Tax Abatement Period, and (d) the value after expiration of the Tax Abatement Period;

(10) the types and values of public improvements, if any, to be made by the Applicant seeking Abatement;

(11) whether the proposed Improvements compete with existing businesses to the detriment of the local economy;

(12) the impact on the business opportunities of existing businesses;

(13) the attraction of new businesses to the area;

(14) whether the Project is environmentally compatible with no adverse impact on quality of life, including whether the Project or portions thereof will meet U.S. Green Building Council Leadership in Energy and Environmental Design Program (LEED) Standards/Certification; and

(15) whether the Real Property is in an improvement project financed by tax increment bonds.

Each Eligible Facility will be reviewed on its merits utilizing the factors provided above. After such review, Abatement may be entirely denied or may be granted to the extent deemed appropriate after full evaluation.

I. In addition to other Abatements authorized hereunder, Abatement may be granted for an Eligible Education Facility as provided in this subsection I. The provisions of subsections III. G.(1), G.(2) (excluding the first sentence), G.(4), G.(5), and H.(7), of these Guidelines and Criteria will not apply to Abatements for Eligible Education Facilities. The term of the Abatement for an Eligible Education Facility will be established by the Commissioners Court at the time the Abatement is granted, but in no event will exceed the maximum term permitted under the Texas Tax Code.

IV. Procedural Guidelines

A. Preliminary Application Steps: Any person, organization, corporation or other entity meeting the Abatement guidelines may request Abatement by contacting the County Judge's Office Economic Development Division and filing a written Application with the County in conformance with the following procedural guidelines. Consideration will be

given to written requests from Applicants for the confidentiality of proprietary information, consistent with state law, including without limitation Section 312.003 of the Texas Tax Code and Section 552 of the Texas Government Code.

(1) An Application form approved by the County and in the form attached to these Guidelines and Criteria must be completed and submitted to the appropriate office or any other office or official designated by the County, with all of the information and documents specified therein and herein, prior to commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or new Facility by the Applicant. Commencement of construction is considered to have taken place when any one of the following has occurred:

(a) If more than ninety days has passed since an Abatement Agreement with the municipality has been executed (if applicable);

(b) If a building permit has been issued for construction not associated with mitigating an environmental hazard;

(c) If the Project's site has been cleared and prepared for development;

(d) If construction (including renovations or tenant finish-out) has begun;

(e) If site specific infrastructure has begun to be installed; or

(f) If equipment, inventory, or employees have been relocated to the new site.

A complete Application, with all of the information and documentation specified therein and herein, must be submitted to the appropriate office or any other office or official designated by the County no later than October 1, in order to have an Agreement considered and executed in the same year that the Application is submitted to the County.

(2) The Application will require such financial and other information as may be deemed appropriate for evaluating the financial capacity of the Applicant. This may include an economic feasibility study including a detailed list of estimated Improvements costs, a description of the methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred, and historical financial statements and statements of revenues, expenses, net income and cash

flow for the first five years of the Project, which have been audited, reviewed or compiled by a certified public accountant.

(3) Applicant will prepare a descriptive list of the eligible Improvements for which Abatement is requested. This will include the class life of the Improvements based on the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System and, if applicable, any documentation supporting a longer Economic Life of such Improvements.

(4) Applicant will prepare a plat or map showing the precise location of the property, location of proposed Improvements, all roadways within five hundred feet (500') of the site, and all existing land uses and zoning within five hundred feet (500') of the site. The correct legal description of the Real Property must be provided.

(5) Applicant will address all criteria outlined in Section III.H. of these Guidelines and Criteria in letter format. In the case of a Modernization or Eligible Facility, Applicant will also include a statement of the Facility's current property value, stated separately for Real and Personal Property.

(6) Applicant will prepare a time schedule for undertaking and completing the planned Improvements.

(7) Applicant will provide a tax certificate verifying that no taxes are past due on Applicant's (and, if Applicant is not the Owner of the Real Property or Facility, the Owner's) property located within the proposed reinvestment zone; provided, however, that with respect to Extraordinary Impact Projects where Applicant is not the Owner of the Real Property on which the Facility is or will be located, Commissioners Court may opt to limit the Real Property for which such certificates are required if deemed appropriate under the circumstances.

(8) Applicant will provide a copy of the underlying lease if Applicant is a Lessee of the Facility.

(9) Applicant will provide a copy of the contract between the Applicant and any employment agency acting as the employer of the employees of eligible Jobs pursuant to such contract.

(10) Applicant will provide copies of the immediately preceding quarterly reports filled with the Texas Workforce Commission, documenting the current number of permanent full time employees.

(11) Applicant will provide a current copy of any Enterprise Zone Map identifying the property location.

(12) Applicant shall pay to the County a non-refundable application fee of $1,000 at the time of submission of the Application unless

(a) the Applicant meets all of the following criteria:

(i) during the twelve months immediately preceding the submission of the Application, the Applicant submitted an Application for an Abatement to the County (the "Prior Application");

(ii) during such twelve month period, the Applicant paid the $1,000 fee to the County with respect to the Prior Application;

(iii) neither the Applicant nor any other party has received or will receive any Abatement with respect to such Prior Application; and

(iv) the Commissioners Court deems such new Application to be substantially similar to the Prior Application; or

(b) the total Abatement that the Applicant is requesting is less than and capped at (i) $1,000 per year and/or (ii) $10,000 in the aggregate over the life of the Abatement.

Applicant understands and, by submitting an Application agrees, that such fee is to partially offset the County's expenses in reviewing the Applicant's Application and shall not be refunded in the event the Application is withdrawn by Applicant or denied by the County. Applicant will submit along with the Application a copy of the receipt issued from the Hidalgo County Treasurer evidencing payment of the application fee.

B. Application Review Steps: Upon receipt of a completed Application, the County will distribute copies of the Application to the appropriate County departments for internal review and comments. The County may request additional information as needed to determine Applicant's eligibility for Abatement according to Sections III A., B. and F and to review the factors set forth in Section III.H.

C. Timing Provisions.

(1) Notwithstanding any provision to the contrary in Sections IV or V of these Guidelines and Criteria, to the extent allowable under applicable law, the Commissioners Court in its discretion may:

(i) allow additional time for compliance with the requirements in Sections IV and V of these Guidelines and Criteria with respect to any Applications received after October 1 of the calendar year and may consider, approve and enter into an Agreement during the calendar year in which the

Application was received after October 1 if the Commissioners Court in its discretion determines the County had adequate time to review and consider the Application and the Agreement, and

(ii) consider and approve an Abatement and enter into an Agreement prior to receipt of all required information, provided that if such Abatement is granted the Agreement requires the Owner and/or Lessee, as the case may be, to comply with any such provisions within thirty days of the date of the Agreement and allows the County to terminate the Agreement in the event any conditions in the Agreement are not timely met.

(2) Provided commencement of construction as defined in Section IV.A.(1) above has not occurred prior to submission of the complete Application as set forth herein, the commencement of construction by (x) the taking of actions specified in Section IV.A.(1)(a-c) above by the Owner and/or Lessee or (y) the taking of any of the actions specified in Section IV.A.(1)(a-e) above by the Owner and/or Lessee after approval by the Commissioners Court of an Agreement but prior to execution of the Agreement shall not be a bar to the County subsequently executing the Agreement based on these Guidelines and Criteria and the terms approved by the Commissioners Court with the Owner and/or Lessee, as applicable; provided that (i) with respect to any such activity undertaken prior to Commissioners Court granting of an Abatement that the Abatement may not be granted at the discretion of the Commissioners Court and (ii) that the Applicant, Owner and/or Lessee, as the case may be, commence activity related to the Project at their own risk, and with respect to (y) above, in the event, prior to execution of the Agreement, any discrepancy or dispute over the terms of the Agreement arise that the Commissioners Court retains its discretion to not enter into such Agreement. For purposes of this subsection (2), a complete Application is an Application that, in the opinion of the County, meets all of the requirements of the Guidelines and Criteria excluding only any additional materials requested by the County but not expressly specified in the Guidelines and Criteria.

V. Consideration of Application and Adoption of Agreement

A. When the County considers an Abatement request, it will consider the feasibility and impact of the proposed Abatement by making an estimate of the economic effect of the Abatement of taxes and the benefit to the property to be covered by the Abatement and to the taxing authorities involved.

B. In accordance with Section 312.401(b) of the Texas Tax Code, the Commissioners Court may not designate an area as a reinvestment zone until it holds a public hearing on the designation and finds that the designation would contribute to the retention or expansion of Primary Employment or would attract major investment in the reinvestment zone that would be a benefit to the property to be included in the reinvestment zone and would contribute to the economic development of the County. At the hearing, interested persons are entitled to speak and present evidence for or against the designation. Not later than the seventh day before the date of the hearing, the Commissioners Court will give notice of the hearing in accordance with Sections 312.401(b) and 312.201(d) of the Texas Tax Code. Pursuant to Section 312.4011, designation of an area as an enterprise zone under Chapter 2303, Texas Government Code, constitutes designation of the area as a reinvestment zone without further action by the County.

C. (1) The Commissioners Court may consider adoption of an Order approving the execution of an Agreement between the County and the Applicant governing the provision of the Abatement within the reinvestment zone only after the Applicant has forwarded all necessary information and documentation to the County. The County will notify the Applicant of approval or disapproval in writing as soon as such action has occurred. The County will not approve an Agreement if it finds that the request for the Abatement was filed after the commencement of construction, alterations, or installation of Improvements related to a proposed Modernization, Expansion or New Facility by the Applicant except as provided in subsection V.C.(2) below. Any Improvements performed by a taxing entity in anticipation of a Project will not be subject to this subsection C(1).

(2) The decision to provide any Abatement will be considered on a case by case basis, in accordance with these Guidelines and Criteria, and at the discretion of the Commissioners Court who, with respect to Applicants concerning Projects of Extraordinary Impact may waive Subsection IV(A)(1)(b) if reasonable proof is shown of why the waiver is needed and of the benefit to the County of granting the Abatement.

D. Not later than the seventh day before the date on which the County enters into an Agreement, the County will deliver, as provided by Section 312.2041 of the Tax Code, to the presiding officer of the governing body of each other taxing unit in which the property to be subject to the Agreement is located a written notice that the County intends to enter into the Agreement. The notice will include a copy of the proposed Agreement.

E. The governing bodies of the appropriate taxing authorities may consider ratification of and participation in the Agreement between the County and the Applicant.

F. After approval, the County will formally pass an Order and execute an Agreement with the Owner and/or Lessee of the Facility as required. Such Agreement prior to execution will be reviewed by legal counsel for the County and the Owner and/or Lessee, as applicable. Such Agreement shall be subject to the rights of holders of outstanding bonds of the County and shall be entered into by the County on the condition that the Owner and/or the Lessee, as applicable, makes specific Improvements or repairs to the property.

Except as otherwise specified in these Guidelines and Criteria, the Abatement in each Agreement shall take effect on January 1 of the next tax year after the date the Improvements or repairs are substantially completed. Each Agreement must include the terms required under Section 312.205 or the Texas Tax Code and will address various issues, including, but not limited to, the following:

(1) General description of the Project;

(2) The percent of value to be abated each year;

(3) Estimated value of the Abatement including the Base Year Value;

(4) Duration of the Abatement, including the commencement date and the termination date;

(5) Legal description of the Real Property;

(6) Kind, number, location and timetable of planned Improvements;

(7) Specific terms and conditions to be met by Applicant;

(8) The proposed use of the Facility and nature of construction;

(9) A plat or map showing the precise location of the Real Property, including the location within the enterprise zone and Improvements and proposed Improvements on the Real Property;

(10)Contractual obligations in the event of default, violation of terms conditions, delinquent taxes, recapture, administration and assignment; and

(11) Size of investment and average number of new Jobs created.

VI. Denial of Abatement

A. All eligible Applications for Abatement will be considered on a case-by-case basis and except for the instances set forth in Section VI.B. herein, the decision to approve or deny Abatement will be made at the discretion of the Commissioners Court in accordance with these Guidelines and Criteria.

B. The Commissioners Court shall not authorize either a reinvestment zone or an Agreement if it is determined that:

(1) there would be an adverse impact on the provision of government service or tax base;

(2) the Applicant has insufficient financial capacity to complete the Project;

(3) planned or potential use of the property would constitute a hazard to public safety, health or morals;

(4) violation of other codes or laws exist;

(5) the property is in an improvement project financed by tax increment bonds; or

(6) there exists any other reason that is deemed appropriate by the Commissioners Court.

C. Nothing herein will imply or suggest that the County is under any obligations or duty to provide Abatement to any eligible Applicant, or that any Applicant has an entitlement to Abatement except as may be determined on a case-by-case basis by the Commissioners Court.

VII. Taxability

From the execution of the Agreement to the end of the Tax Abatement Period, taxes will be payable as follows:

(a) The value of ineligible property will be fully taxable;

(b) The Base Year Value of existing eligible property as determined each year will be fully taxable;

(c) The additional value of eligible property will be taxable in the manner and for the period provided for in the Agreement; and

(d) The additional value of eligible property will be fully taxable at the end of the Tax Abatement Period.

VIII. Recapture

A. The County will be entitled to terminate the Agreement and shall recapture all or part of the taxes abated, upon the occurrence of one or more of the following events:

(1) If the Owner or Lessee fails to commence operation of the Facility and the provision of the applicable product or service within the time provided in the Agreement.

(2) If, at any time after commencement of operation of the Facility, the Owner or Lessee voluntarily ceases to produce a product or service at the Facility or to otherwise operate the Facility for a continuous period of one (1) year or, with respect to Extraordinary Impact Projects in which the Agreement so provides, eighteen (18) months;

(2) If the Owner or Lessee allows its ad valorem taxes owed to the County to become delinquent and fails to timely and properly follow the legal procedures for their protest and/or contest;

(3) If the Owner or Lessee relocates the Job creating activity outside the reinvestment zone;

(4) Upon the Owner's or Lessee's breach of the Agreement;

(5) As the County and the Owner and/or Lessee may otherwise agree in the Agreement; or

(6) In the case of an Abatement for an eligible educational Facility, the educational institution named in the Agreement terminates the lease on the property or otherwise ceases to use and occupy the property for educational purposes, and the property Owner fails to secure a new tenant that qualifies the Facility for continued Abatement under these Guidelines and Criteria within one hundred twenty (120) days of the expiration or other cessation of the use of the property for educational purposes.

B. Should the County determine that a party is in default according to the terms and conditions of the Agreement, the County will notify the party in writing at the address stated in the Agreement, and if such default is not cured within the applicable Cure Period (as defined below), then the Agreement may be terminated by the County pursuant to an Order adopted by the Commissioners Court as set forth in C below. The Cure Period is thirty (30) days from the date of the notice, or if so provided in the Agreement with respect to any Extraordinary Impact Project sixty (60) days and, if further provided in the Agreement, ninety (90) days with respect to a default caused by a force majeure event as such event is defined in the Agreement.

C. The County by an Order adopted by the Commissioners Court will have the right to terminate the Agreement and shall recapture all or a part of the abated taxes based on the following schedule and formula:

RECAPTURE SCHEDULE

YEAR OF TAX ABATEMENT PERIOD IN WHICH RECAPTURE EVENT OCCURS	*COUNTY WILL RECAPTURE FOLLOWING PERCENTAGE OF TOTAL TAXES PREVIOUSLY ABATED:*
1-5	100%
6	85%
7	75%
8	65%
9	55%
10	45%

FORMULA: The Recapture Formula Will Be:

Total Taxes Abated	**X**	Applicable Percentage from above schedule	=	Amount to be Recaptured

D. A Lessee or Owner who is a party to an Agreement that has been terminated or pursuant to which abated taxes have been ordered to be recaptured may appeal the Commissioners Court decision recapturing or terminating the Agreement. In order to make an appeal, the party to the Agreement must submit, within thirty (30) days of the Order by Commissioners Court recapturing or terminating the Agreement, a written notice to the County and to any other party to the Agreement specifying the grounds on which the party will be appealing the decision and requesting that the matter of the appeal be placed on the Commissioners Court agenda for the next Commissioners Court meeting occurring not less than three days following receipt by the County of the written request. The party appealing the decision may appear at the Commissioners Court meeting to discuss the appeal.

IX. Administration

A. Access to Facility. Each Agreement will stipulate that employees and/or designated representatives of the County will have access to the Facility during the term of the Agreement to inspect the Facility to determine if the terms and conditions of the Agreement are being met. The County may execute a contract with any other jurisdiction(s) to conduct such inspections of the Facility. All inspections will be conducted in a manner as to not unreasonably interfere with the construction and/or operation of the Facility; provided, however that the County may conduct "spot" inspections requiring no advance notification (unless appropriate personnel are usually not onsite at the Facility to allow safe access to the Facility and due to safety concerns escorts are needed for County personnel, in which event the Agreement shall provide for notice and for the Owner and/or Lessee to provide escorts on a timely basis). All inspections will be made with one or more representatives of the Owner, Lessor or Lessee, and in accordance with such party's safety standards.

B. Reports, Audits and Inspections: Owners and Lessees of Facilities for which Abatement is granted will annually certify to taxing authorities that they are in compliance with the terms of the Agreement. In addition, such Owners and Lessees will provide reports and records reasonably necessary to support each year of the Agreement. Such reports and records will include information supporting Job creation and retention requirements, information on property purchases, and status reports on the Project's progress. Reports supporting Job creation and retention shall include Texas Workforce Commission Reports (all Social Security numbers must be redacted prior to submitting such reports to the County) submitted to the State Comptroller on a quarterly basis and a breakdown of all Jobs with total annual hours per Job. Upon completion of a Project, Owners and/or Lessees, as applicable, will provide taxing authorities with a final report (i) describing all property for which Abatement is granted, (ii) providing documentation of the final Capital Cost and (iii) certifying the number of Jobs created. This final report will be accompanied by the opinion of an independent certified public accountant as to its accuracy and completeness. Taxing authorities will periodically evaluate each Facility receiving Abatement to ensure compliance with the Agreement and report possible violations of the Agreement. Taxing authorities will have the right to audit the books and records related to the eligible property and supporting the eligible property reports.

C. Transfer or Assignment. An Agreement for Abatement may be transferred or assigned by the original Applicant to a new Owner/Lessor or Lessee of the same Facility only upon the approval of the Commissioners Court, which will not grant such approval without (i) sufficient proof of the financial capacity of the transferee or assignee and (ii) all conditions and obligations in the Agreement being guaranteed by the execution of a new Agreement with the County. No assignment or transfer will be approved if any party to the existing Agreement or any proposed new party is (i) liable to any jurisdiction in the County for outstanding taxes or other obligations or (ii) delinquent in the payment of ad valorem taxes to any taxing unit located in the County. Approval of a transfer or assignment will not be unreasonably withheld. In addition, the Agreement for Abatement for an Extraordinary Impact Project may allow for collateral assignment in connection with the financing of the Project without obtaining such approval; provided the assignee

is not delinquent on any taxes to the County and the Owner, Lessor or Lessee, as applicable, provides written notice to the County within thirty (30) days.

X. Tax Abatement by Other Taxing Units

A. Other Taxing Entities. Section 312.206(a) of the Tax Code allows the County, when a municipality has entered into an Agreement with an Owner and/or a Lessee, to enter into an Agreement with the same Owner and/or Lessee under different terms and conditions than those contained in the municipality's Agreement with the Owner and/or Lessee. When an Application for Abatement is originated with a taxing entity other than the County, the taxing entity desiring the County to provide Abatement to the same Applicant will cause the Applicant to file an Application requesting Abatement with the County and such Application will include the information requested by the County for Abatements originating with the County and shall also include a copy of the Agreement between the Applicant and the municipality or other taxing entity and such other documentation as may be requested by the County. Such Abatements will be considered in accordance with the provisions of these Guidelines and Criteria.

B. No obligation. The acceptance of an Application for Abatement will not be deemed as an obligation whatsoever of the County to grant any Abatement of taxes. Nothing in these Guidelines and Criteria or in any prior Abatement action by the County will obligate the County to provide Abatement to party.

C. Taxing Unit With Tax Rate Set by Commissioners Court. Pursuant to Section 312.004 of the Tax Code, in the event the Commissioners Court enters into an Agreement for the County, it may also enter into an Agreement applicable to the same property on behalf of a taxing unit other than the County if by statute the ad valorem tax rate of the other taxing unit is approved by the Commissioners Court or the Commissioners Court is expressly required by statute to levy the ad valorem taxes of the other taxing unit. The Agreement entered into on behalf of the other taxing unit is not required to contain the same terms as the Agreement entered into on behalf of the County.

XI. Sunset Provision

These Guidelines and Criteria are effective upon the date of their adoption and will remain in force for two years unless amended by three-quarters vote of the Commissioners Court, at which time all reinvestment zones and Agreements created pursuant to these provisions will be reviewed to determine whether the goals have been achieved. Based on that review, the Commissioners Court may modify or renew these Guidelines and Criteria or enact new Guidelines and Criteria. The County reserves the right to allow these Guidelines and Criteria to lapse and to not thereafter adopt new Guidelines and Criteria.

XII. Severability

If any provision, section, subsection, sentence, clause, or phrase of these Guidelines and Criteria, or the amendments duly adopted hereto, or the application of the same to any person, entity, or set of circumstances, is for any reason held to be unconstitutional, void, voidable, invalid, or contrary to any existing or prospectively enacted law or statute, the validity and enforceability of the remaining part of these Guidelines and Criteria and amendments thereto will not be affected thereby.

E-Mail Address: _____ Fax Number: _____

Type of Entity: [ ] Corporation [ ] Partnership [ ] Proprietorship

[ ] Limited Liability Company [ ] Other (Specify)_____

State of Organization: _____

Is there a lessee agreement between the owner and the applicant? [ ]Yes [ ]No

If yes, what is the agreement termination date? _____

II. TYPE OF INCENTIVE

___ Tax Abatement ___ 381 Agreement

III. PROPERTY AND PROJECT DESCRIPTION

Property Account Number(s): _____

Address and legal description of property to be considered for Tax Abatement

_____

_____

Project Description: _____

_____

_____

III. PROPERTY AND PROJECT DESCRIPTION (CON'T)

Description of activities, products, or services produced and/or provided at project location:

Specify whether any portion of the property is within an established reinvestment zone or enterprise zone.

State the location of the reinvestment or enterprise zone.

Current Assessed Value:

Real Property $ Personal Property $

Estimated start date of construction/site improvements:

Projected date of occupancy/commencement of operations at project site:

Location of applicant's existing facilities:

Requested level of Tax Abatement: % of eligible property for years.

Explain why tax abatement is necessary for the success of this project. Include business pro-formas or other information to substantiate your request.

Is any tax currently being abated with respect to any portion of the property? [ ] Yes [ ] No

If yes, state the date the tax abatement was received.

Has tax abatement been granted by any other taxing entity? [ ]Yes [ ]No

If yes, what taxing entity is granting the tax abatement?

Will a tax abatement be requested for the project from any other taxing entities? [ ] Yes [ ] No

If yes, list the entities:

IV. PROJECTED VALUE OF PROPOSED IMPROVEMENTS

Estimated Value of Proposed Real Property Improvements $

Estimated Value of Proposed Personal Property Improvements $

Detail any direct benefits to Hidalgo County as a result of this project(I.e.,inventory tax,etc.)

V. PROJECTED NUMBER OF FULL-TIME JOBS CREATED

Current Company/Project Location Employment

Current Number of Employees: Full-Time Part-Time

Number of employees transferring from other company locations:

New Employment of Hidalgo County Residents

Are the employees direct hire or are they contracted by a third party employment agency?

[ ] Direct Hire [ ] Third Party Employment Agency [ ] Both

Projected number of new full-time jobs created as a result of the proposed improvements.

Provide types of jobs created and average salary levels.

VI. ADDITIONAL INFORMATION (to be attached)

Attach additional criteria for abatement as required by the Hidalgo County Guidelines and Criteria Section IV.

_____ 1 Letter addressing section III (H) of the Hidalgo County Guidelines and Criteria.

_____ 2 Descriptive list of the improvements for which abatement is requested.List will include the class life of the improvements based on the Internal Revenue Service Code (Section 168) Modified Accelerated Cost Recovery System.

_____ 3 Description of methods of financing all estimated costs and the time when related costs or monetary obligations are to be incurred.

_____ 4 A five year history of financial statements and statements of revenue, expenses, net income and cash flow for the last five years of the project which has been audited, reviewed, or compiled by a Certified Public Accountant.

_____ 5 Plat/Map of Project Location with details as required by Section IV. (4).

_____ 6 Project time schedule for undertaking and completing the planned improvements.

_____ 7 Tax certificate verifying that no taxes are past due on property.

_____ 8 Correct legal description of the real property.

_____ 9 A copy of the underlying lease if applicant is a lessee of the facility.

_____ 10 Include a current copy of the Reinvestment Zone Map and identify the property location within the map.

_____ 11 Schedule showing the start date of annual payroll of new permanent positions, if applicable.

_____ 12 Provide copies of the immediately preceding quarterly reports filed with the Texas Workforce Commission, documenting the current number of permanent full-time employees.

_____ 13 Include a good standing certificate from the State of Texas, or the state where your company is organized.

_____ 14 Include any existing tax abatement agreements with respect to any property in Hidalgo County.

_____ 15 Include a check made payable to "Hidalgo County Treasurer" in the amount of $1,000.

Applicant understands and, by submitting an application agrees, that such fee is to partially offset the County's expenses in reviewing the Applicant's application and shall not be refunded in the event the application is withdrawn by Applicant or denied by the County.

In order to expedite the application process, all information listed above must be attached herein.

I certify the information contained in this application (including all attachments) to be true and correct to the best of my knowledge. I further certify that I have read the "Guidelines and Criteria for granting tax abatements in Hidalgo County, Texas" and agree to comply with the guidelines and criteria stated therein. I further understand Hidalgo County may request additional information as deemed necessary to determine eligibility.

SECTION ONE
OVERVIEW

Purpose

In accordance with 43 TAC §25.901, et seq., the Texas Department of Transportation (TxDOT) is requesting project proposals to support the Targets and strategies of its traffic safety program to reduce the number of motor vehicle related crashes, injuries, and fatalities in Texas. These Targets and strategies form the basis for the Federal Fiscal Year 2017 (FY 2017) Texas Highway Safety Plan (HSP), which is submitted to the National Highway Traffic Safety Administration (NHTSA) for approval and funding. Each year, TxDOT Traffic Safety (TRF-TS) requests proposals for Texas HSP projects. The request goes out to state and local governments, educational institutions, and non-profit organizations. The FY 2017 project period is **October 1, 2016 – September 30, 2017**.

This RFP is neither for media vendors nor for any paid media-related projects or activities.

Funding

Authority and Responsibility for funding of the traffic safety grant program derives from the National Highway Safety Act of 1966 (23 USC §401, et seq.), and the Texas Traffic Safety Act of 1967 (Transportation Code, Chapter 723). TRF-TS provides oversight of statewide projects and local projects at the agency's 25 districts. TRF-TS administers the program from its Austin headquarters in the Traffic Operations Division (TRF).

Grant Types and Eligibility

STEP Grants

Selective Traffic Enforcement Program (STEP) grants pay for overtime activities by law enforcement to reduce the incidence of speeding, driving while intoxicated, failure to use occupant restraint systems, intersection traffic control violations, and enforcement of state and local ordinances on cellular and texting devices. Only state and local law enforcement agencies and inter-governmental coordination entities for law enforcement efforts (i.e., COGs) are eligible for STEP grants.

General Traffic Safety Grants

General Traffic Safety grants are non-enforcement projects which address any of the 14 highway safety program areas; reference Tables 2.1 – 2.15 in Section Two. Organizations eligible for General traffic safety grants include state and local governments, educational institutions, and non-profit organizations.

Funding Constraints

- Funds are authorized on a Federal fiscal year basis only. Awarded grants are contingent upon the availability of Federal funds.
- Proposals selected for inclusion in the HSP become cost reimbursable grant-in-aid agreements.
- Contracts with vendors for particular services will be made through the state purchasing process, not through this request for proposal process.
- Federal and state grant funds cannot be used for lobbying.
- Supplanting is prohibited. Supplanting is defined as the "Use of Federal funds to support personnel or an activity that is already supported (paid for) by local or state funds".

Matching Funds

- All proposals must include a minimum of 20% local cost share (match).
- The amount of match provided is one of several scoring criteria items used during the proposal review and scoring process.

Data Universal Numbering System (DUNS)

The Data Universal Numbering System (DUNS) is a unique nine-digit number recognized as the universal standard for identifying and tracking businesses worldwide. The Federal Spending Transparency Directive and the previous Federal Funding Accountability and Transparency Act (FFATA) require that grantees and subgrantees have a DUNS number. Please check with your accounting staff to determine DUNS compliance. To obtain a DUNS number, visit the Dun & Bradstreet website at: http://fedgov.dnb.com/webform.

Pre-Award Audit

Eligible, non-governmental organizations are subject to a pre-award audit prior to any grant execution.

Grant Schedule

Agencies may only apply for a one-year grant.

FY 2017 Grant Schedule		
Grant Year Type	**Start Date**	**End Date**
A one-year grant extends over a single Federal fiscal year.	October 1, 2016	September 30, 2017

Section Two
PROGRAM NEEDS

Program Areas

There are fourteen Traffic Safety program areas for potential consideration for funding. The program areas are divided into three categories: Core, Supplemental, and Support.

Program Area	Category	Description
Alcohol and other Drug Countermeasures Motorcycle Safety Occupant Protection Police Traffic Services Speed Control Pedestrian and Bicycle Safety	Core	The Core Program Areas are the priority focus of the program because they have the greatest potential to reduce the number of motor vehicle crashes, injuries, and fatalities
Emergency Medical Services Railroad / Highway Crossing Roadway Safety Safe Communities School Bus Safety	Supplemental	The Supplemental Program Areas provide additional opportunities to reduce the number of motor vehicle crashes, injuries, and fatalities
Planning and Administration Traffic Records Driver Education and Behavior	Support	The Support Program Areas provide multiplier effects by increasing the value and effect of efforts expended in both the Core and Supplemental areas

Performance Measures

Proposers are encouraged to review the Strategies contained in Tables 2.1 – 2.15 in this section before preparing a proposal. When developing a proposal, proposers must select at least one of the Strategies and address how the strategy will be implemented. Performance Measures which include a NHTSA number are the "National Traffic Safety Performance Measures for States and Federal Agencies" as defined by NHTSA. (Definition: C=Core Outcome Measure, B=Behavioral Measure, A=Activity Measure)

The following tables (Tables 2.1 – 2.15) outline the FY 2017 Targets, strategies, and performance measures for each Traffic Safety program area:

Table 2.1: Overall State Target		
Targets	**Strategies**	**Performance Measures**
To reduce the number of motor vehicle crashes, injuries and fatalities		1. Mileage Death Rate [NHTSA C-3] 2. Mileage Death Rate (FARS – Urban) 3. Mileage Death Rate (FARS – Rural) 4. Number of traffic fatalities (FARS) [NHTSA C-1] 5. Number of serious injuries in traffic crashes (CRIS) [NHTSA C-2] 6. Number of drivers age 20 or younger involved in fatal crashes (FARS) [NHTSA C-9]

Table 2.2: Planning and Administration – 01 (Support)		
Targets	**Strategies**	**Performance Measures**
To provide effective and efficient management of the Texas Traffic Safety Program	Provide training and assistance for local and statewide traffic safety problem identification. Provide procedures and training on highway safety planning and project development. Ensure availability of program and project management training. Review and update program procedures as needed. Conduct periodic project monitoring and evaluation of traffic safety activities. Perform accurate accounting and efficient reimbursement processing. Maintain coordination of traffic safety efforts and provide technical assistance. Provide technical assistance and support for the Strategic Highway Safety Plan.	7. Publication of Traffic Safety Program deliverables including HSP, response to Management Review, and Annual Report 8. Number of training sessions provided

Table 2.3: Alcohol and Other Drug Countermeasures – 02 (Core)

Targets	Strategies	Performance Measures
To reduce the number of alcohol impaired and driving under the influence of alcohol and other drug-related crashes, fatalities and injuries	Increase and sustain high visibility enforcement of DWI laws. Improve BAC testing and reporting to the State's crash records system. Improve anti-DWI public information and education campaigns including appropriate bilingual campaigns. Increase the number of law enforcement task forces and coordinated enforcement campaigns. Increase training for anti-DWI advocates. Increase intervention efforts. Improve and increase training for law enforcement officers. Improve DWI processing procedures. Improve adjudication and processing of DWI cases through improved training for judges, administrative license revocation judges, prosecutors, and probation officers. Increase the use of warrants for mandatory blood draws. Educate the public and stakeholders on the use of interlock devices and other alcohol monitoring technologies for DWI offenders.	9. Number of DUI-related (alcohol or other drugs) KA crashes (CRIS) 10. Number of fatalities in crashes involving a driver or motorcycle operator with a BAC of .08 or above (FARS) [NHTSA C-5] 11. Number of impaired-driving arrests made during grant funded enforcement activities (eGrants) [NHTSA A-2]

Table 2.3a: Alcohol and Other Drug Countermeasures, Cont. – 02 (Core)		
Targets	**Strategies**	**Performance Measures**
To reduce the number of DUI-related crashes where the driver is under age 21	Improve education programs on alcohol and driving for youth. Increase enforcement of driving under the influence of alcohol by minor laws. Increase public education and information, concentrating on youth age 5-13 and 14-20, including parent education on drinking.	12. Number of 16-20 year old DUI drivers (alcohol or other drugs) in KA crashes per 100,000 16-20 year-olds (CRIS)

Table 2.4: Emergency Medical Services – 03 (Supplemental)		
Targets	**Strategies**	**Performance Measures**
To improve EMS care and support provided to motor vehicle trauma victims in rural and frontier areas of Texas	To increase the availability of EMS Training in rural and frontier areas. Increase EMS involvement in local community safety efforts.	13. Number of students trained in EMS classes

Table 2.5 - Motorcycle Safety – 04 (Core)		
Targets	**Strategies**	**Performance Measures**
To reduce the number of motorcyclist fatalities	Improve public information and education on motorcycle safety, including the value of wearing a helmet. Improve public information and education on the value of not operating a motorcycle while under the influence of alcohol and/or other drugs. Increase public information and education on motorists' responsibility pertaining to motorcycle safety. Increase rider education and training. Improve education and awareness of Motorcycle safety among law enforcement and EMS personnel, educators and State and local traffic engineers.	14. Number of motorcyclist fatalities (FARS) [NHTSA C-7] 15. Number of un-helmeted motorcyclist fatalities (FARS) [NHTSA C-8] 16. Number of motorcyclist fatalities involving a motorcycle operator with a BAC of .08 or above (CRIS)

Table 2.6: Occupant Protection – 05 (Core)		
Targets	**Strategies**	**Performance Measures**
To increase occupant restraint use in all passenger vehicles and trucks	Sustain high visibility enforcement of occupant protection laws. Increase public information and education campaigns. Increase intervention efforts by healthcare professionals, teachers, and all safety advocates. Concentrate efforts on historically low use populations. Increase occupant protection education, training, and awareness of safety belt issues for law enforcement, judges and prosecutors. Increase training opportunities and retention of child passenger safety (CPS) technicians and instructors. Increase EMS/fire department involvement in CPS fitting stations. Maintain CPS seat distribution programs for low income families.	17. Number of seat belt citations issued during grant-funded enforcement activities (eGrants) [NHTSA A-1] 18. Driver and outboard front seat passenger restraint use [NHTSA B-1] 19. Safety belt use rate by children age 5-16 20. Child passenger restraint use rate for children ages 0-4 21. Number of unrestrained passenger vehicle occupant fatalities, all seat positions (FARS) [NHTSA C-4]

Table 2.7: Pedestrian and Bicyclist Safety – 06 (Core)		
Targets	**Strategies**	**Performance Measures**
To reduce the number of motor vehicle-related pedestrian and bicyclist fatalities	Increase public information and education on motorists' responsibilities pertaining to pedestrian and bicyclist safety. Increase public information and education efforts on pedestrian and bicyclist safety. Improve "walkability" and "bikeability" of roads and streets. Improve data collection on pedestrian injuries and fatalities. Improve identification of problem areas for pedestrians.	22. Number of pedestrian fatalities (FARS) [NHTSA C-10] 23. Number of bicyclist fatalities (FARS) [NHTSA C-11]

Table 2.8: Police Traffic Services – 07 (Core)		
Targets	**Strategies**	**Performance Measures**
To increase effective enforcement and adjudication of traffic safety-related laws to reduce fatal and serious injury crashes To reduce commercial motor vehicle crashes, injuries and fatalities involving vehicles with a Gross Vehicle Weight Rating (GVWR) of 10,000 pounds or greater	Increase public education and information campaigns regarding enforcement activities. Increase and sustain enforcement of traffic safety-related laws. Provide technical and managerial support to local law enforcement agencies and highway safety professionals. Increase and sustain high visibility enforcement of Intersection Traffic Control (ITC) laws. Increase public information and education on intersection related traffic issues. Increase and sustain high visibility enforcement of state and local ordinances on cellular and texting devices. Increase public information and education on distracted driving related traffic issues. Increase public information and education on sharing the road with commercial motor vehicles (CMV).	24. Number of intersection and intersection-related KA crashes (CRIS) 25. Number of CMV (large truck) involved fatalities. All crashes involve at least one vehicle with a vehicle body type of "Semi-Trailer" or "Truck-Tractor" (CRIS) 26. Number of CMV (large truck) involved fatal crashes. All crashes involve at least one vehicle with a vehicle body type of "Semi-Trailer" or "Truck-Tractor" (CRIS)

Table 2.9: Speed Control – 08 (Core)

Targets	Strategies	Performance Measures
To reduce the number of speed-related fatal and serious injury crashes	Increase and sustain high visibility enforcement of speed-related laws. Provide community training on speed-related issues. Increase public information and education concerning speed related issues.	27. Number of speeding-related citations issued during grant-funded enforcement activities (eGrants) [NHTSA A-3] 28. Number of speeding-related fatalities (FARS) [NHTSA C-6]

Table 2.10: Traffic Records – 09 (Support)		
Targets	**Strategies**	**Performance Measures**
To improve the timeliness, accuracy, completeness, uniformity, integration, and / or accessibility of crash related data bases	Develop, Implement, Maintain, and Provide one or more of the performance attributes of timeliness, accuracy, completeness, uniformity, integration, and/or accessibility as defined by the "Model Performance Measures for State Traffic Records Systems". Meet at least one of the following National Guidelines for Crash Records: • MMUCC • MIRE • NEMSIS • NIEM • MIDRIS • HPMS	29. Number of Days from Crash Occurrence to Data Entered into System 30. Percentage (%) of Reports with no errors on Critical Data Elements 31. Percent (%) of Data File compliant with applicable National Guideline 32. Percent (%) of Records linked to or with another System 33. Improvement of Accessibility to Data Base Systems

Table 2.11: Driver Education and Behavior – 10 (Support)		
Targets	**Strategies**	**Performance Measures**
To increase public knowledge, perception and understanding of driver education and traffic safety for all road users To reduce the number of crashes and injuries related to distracted driving	Develop and implement public information and education efforts on traffic safety issues. Provide assistance to update the drivers' education curriculum and administrative standards. Conduct and assist local, state and national traffic safety campaigns. Implement and evaluate countermeasures to reduce the incidence of distracted driving. Conduct public information and education campaigns related to distracted driving. Improve the recording of distracted driving as a contributing factor on crash reports.	34. Number of media impressions reached with traffic safety messages 35. Driver attitudes and awareness concerning impaired driving, seat belt use, and speeding issues 36. Number of distracted driving related KA Crashes (CRIS)

Table 2.12: Railroad / Highway Crossing – 11 (Supplemental)		
Targets	**Strategies**	**Performance Measures**
To reduce KAB crashes at railroad/highway crossings	Increase education of law enforcement concerning laws governing railroad/highway crossings. Increase public education and information on railroad/highway crossing safety.	37. Number of KA crashes at railroad or highway crossings (CRIS)

Table 2.13: Roadway Safety – 12 (Supplemental)		
Targets	**Strategies**	**Performance Measures**
To reduce the number of traffic crashes, injuries, and fatalities in work zones To increase knowledge of roadway safety and current technologies among people involved in engineering, construction, and maintenance areas at both the state and local level	Increase public education and information on roadway safety. Provide traffic safety problem identification to local jurisdictions. Improve highway design and engineering through training. Provide training on roadway safety issues.	38. Number of serious injuries in work zones (CRIS) 39. Number of fatalities in work zones (CRIS) 40. Number of persons trained in roadway safety classes

Table 2.14: Safe Communities -13 (Supplemental)		
Targets	**Strategies**	**Performance Measure**
To establish integrated community traffic safety programs to prevent traffic-related fatalities and injuries	Support the establishment and growth of Safe Communities Coalitions. Support statewide the Texas Safe Community efforts by providing education, training, and coordination on how to initiate and conduct community based traffic safety programs and how communities can become designated as a Texas Safe Community Coalition.	41. Number of Safe Communities Coalitions

Table 2.15: School Bus – 14 (Supplemental)		
Targets	**Strategies**	**Performance Measure**
To reduce School bus-related crashes, injuries and fatalities	Provide safe school bus operation training for school bus drivers. Provide public information and education campaigns to promote safe motor vehicle operations around school buses.	42. Number of school bus passenger fatalities per year on a five year average (FARS)

Federal Funding

The amount of Federal funds to be awarded during this RFP is estimated and therefore is subject to change. The following table outlines the program area, estimated funding levels, and Federal fund source:

Program Area	Total Federal Funding	Section 402	Section 405 Occupant Protection	Section 405 Traffic Records	Section 405 Impaired Driving	Section 405 Motorcyclist Safety
01 – Planning & Administration (PA)	$514,900.00	$514,900.00				
02 – Alcohol & Other Drug Countermeasures (AL)	$16,039,960.25	$4,526,308.99			$11,513,651.26	
03 – Emergency Medical Services (EM)	$469,220.54	$469,220.54				
04 – Motorcycle Safety (MC)	$942,268.31	$590,623.86				$351,644.45
05 – Occupant Protection (OP)	$5,276,048.61	$894,446.64	$4,381,601.97			
06 – Pedestrian & Bicyclist Safety (PS)	$1,181,448.28	$1,181,448.28				
07 – Police Traffic Services (PT)	$10,963,101.36	$10,963,101.36				
08 – Speed Control (SC)	$575,236.07	$575,236.07				
09 – Traffic Records (TR)	$7,104,496.08			$7,104,496.08		
10 – Driver Education & Behavior (DE)	$3,336,400.00	$3,336,400.00				
11- Railroad / Highway Crossing (RH)	$72,200.00	$72,200.00				
12 – Roadway Safety (RS)	$486,400.00	$486,400.00				
13 – Safe Communities (SA)	$176,700.00	$176,700.00				
14 – School Bus (SB)	$151,050.00	$151,050.00				
	$47,289,429.50	**$23,938,035.74**	**$4,381,601.97**	**$7,104,496.08**	**$11,513,651.26**	**$351,644.45**

Federal Fund Sources

- Section 402 – State and Community Highway Safety Programs — Click here for the NHTSA Resources Guide Webpage
- Section 405 – Section 405 National Priority Safety Program (MAP-21) — Click here for the NHTSA Resources Guide Webpage

High Priority Needs

Proposals are being accepted that address the strategies in Tables 2.1 – 2.15, as well as proposals that address specific program needs stated below. The amounts quoted in this section are estimated potential Federal awards, which are contingent upon the availability of funds.

Alcohol and Other Drug Countermeasures

(1) Proposals are being accepted that address the problems of Driving While Intoxicated (DWI) and Driving under the Influence (DUI) of Alcohol by Minor. An estimated $16 million in Federal funds are being dedicated to reduce the number of alcohol and other drug-related fatalities.

Special consideration will be given for programs and DUI/DWI enforcement that reduce the number of alcohol - related crashes and fatalities occurring within the top 25 Counties in Texas. These counties were selected based on the five year average of alcohol – related fatalities. These counties are:

Bell	Bexar	Brazoria	Cameron	Collin
Dallas	Denton	Ector	El Paso	Fort Bend
Galveston	Grayson	Harris	Hidalgo	Jefferson
Lubbock	McLennan	Midland	Montgomery	Nueces
Potter	Smith	Tarrant	Travis	Williamson

(2) Proposals are being accepted to conduct Standardized Field Sobriety Testing (SFST) Basic or initial training courses for Texas Peace Officers statewide. The maximum potential Federal award for this project is $150,000.00. Proposals can use the average hourly pay rate of law enforcement officers attending the course as a source of match. One (1) statewide project will be funded.

(a) Only TCOLE-certified contract providers that meet the General Traffic Safety Grant Eligibility requirements can apply to conduct SFST courses.

(b) Proposals for the basic/initial SFST course and the SFST refresher courses listed under #3 below may be combined into one proposal not to exceed $650,000.00.

(3) Proposals are being accepted to conduct Standardized Field Sobriety Testing (SFST) Refresher Training courses for Texas Peace Officers. The maximum potential Federal award for this project is $500,000.00. Proposals can use the average hourly pay rate of law enforcement officers attending the course as a source of match.

(a) Only TCOLE-certified contract providers that meet the General Traffic Safety Grant Eligibility requirements can apply to conduct SFST Refresher courses.

(b) Proposals for the basic/initial SFST course and the SFST refresher courses listed under #2 above may be combined into one proposal not to exceed $650,000.00.

(4) Proposals are being accepted for the first phase of a project that will ultimately develop, create, operate, and maintain a driving under the influence/driving while intoxicated (DUI/DWI) tracking system database. This system should follow the Model Impaired Driving Records Information Systems (MIDRIS) framework, and link Texas' criminal justice agencies databases to create a network containing, at a minimum, the following items:
   (a) Offender arrest data
   (b) Offender criminal history
   (c) Offender driving history
   (d) Current offender warrants and arrests
   (e) Offender identifiers including identification data, photographs, and fingerprint records
   (f) Court adjudication information including initial and final charge

(5) The TRF-TS highly encourages agencies who apply for a comprehensive or yearlong enforcement STEP grant to include DWI/DUI elements as a part of your proposal.

Commercial Motor Vehicle Enforcement (STEP)

(1) Proposals are being accepted for increased commercial motor vehicle enforcement along the Mexican border and at Texas port areas. The Panama Canal expansion will increase the need for additional CMV enforcement in the international port and border areas.

(2) Proposals are being accepted for increased commercial motor vehicle enforcement within the energy sectors located in Texas.

Distracted Driving

(1) Proposals are being accepted for raising the awareness of the dangers of distracted driving. The effort must be performed using non-paid-media methods for the delivery of the messages.

Motorcyclist Safety

(1) Proposals are being accepted for raising the awareness of rider education, rider awareness, and motorist awareness. The effort must be performed using non-paid-media methods for the delivery of the messages.

Occupant Protection

(1) The TRF-TS highly encourages agencies who apply for a comprehensive or yearlong enforcement STEP grant to include nighttime seat belt enforcement as a part of your proposal.

(2) Proposals are being accepted for the execution of one (1) statewide conference (1-2 days in length) for child passenger safety technicians and instructors to raise awareness of CPS issues and conduct needed in-service training for CPS techs and instructors. This project will not provide funding for hotel rooms and registration fees for attendees. Those wanting to attend the conference need to budget travel costs and registration fees in their own proposal.

Pedestrian/Bicycle Safety

(1) Proposals are being accepted for improving riding skills and knowledge of traffic laws among adult bicyclists.

(2) Proposals are being accepted to provide education efforts that address and reduce the growing number of pedestrian fatalities and injuries.

Traffic Records

(1) Proposals are being accepted to conduct one (1) Traffic Records Program Area Assessment as detailed in "The Traffic Records Program Assessment Advisory", DOT HS 811 644 (http://www-nrd.nhtsa.dot.gov/Pubs/811644.pdf)

Traffic Safety Conference

(1) Proposals are being accepted for the execution of one (1) statewide conference to raise awareness of traffic safety issues and programs. This project will not provide funding for hotel rooms and registration fees for attendees. Those wanting to attend the conference need to budget travel costs and registration fees in their own proposal. The conference will last 1 ½ days. Most attendees will need to budget for two nights of lodging.

Surveys, Studies or Analysis

(1) Proposals are being accepted for conducting a group of four (4) surveys to assess statewide occupant restraint use to estimate statewide belt use in 22 counties, front seat occupant restraint use in 18 cities, child occupant restraint use (0-4 years) in 14 cities, and school-aged (5-16 years) in 18 cities.

(2) Proposals are being accepted for conducting one (1) survey in 18 cities to assess front seat driver and passenger occupant restraint use during the night.

(3) Proposals are being accepted for conducting one (1) survey to assess statewide mobile communication use.

(4) Proposals are being accepted for conducting one (1) survey to assess statewide driver attitude and awareness of traffic safety programs.

(5) Proposals are being accepted for conducting one (1) survey to assess safety belt use in ten cities during the Click It or Ticket (CIOT) campaign; pre, mid, post campaign.

SECTION THREE
PROPOSAL SUBMISSION

Schedule

The proposal process schedule includes major milestones and target due dates culminating in an executed grant agreement. The proposal submission due date is set; all others are subject to change. Any updates will be posted at: https://www.txdot.gov/apps/eGrants/eGrantsHelp/rfp.html.

The following table outlines the proposal schedule:

Activity / Milestone	Target Due Date
Submission	
Request for Proposals (RFP) Posted	11/06/2015
Proposal Submission Training – STEP | General Grants	11/12/2015
Deadline for Proposal Questions	12/01/2015
Proposal Q&A Posted	12/09/2015
Deadline for Proposal Submission	01/07/2016
Scoring and Negotiations	
Proposals Scored	02/17/2016
Proposal Negotiations Completed	04/15/2016
Funding Approval	
Funding List and Minute Order Developed	05/01/2016
Funding Approved By Transportation Commission	05/26/2016
HSP Development	
HSP Drafted and Reviewed	06/01/2016
HSP Submitted to NHTSA	07/01/2016
HSP Approved and Published	09/01/2016
Award Grants	
Grants Awarded, Executed and Activated in eGrants	10/01/2016

Development

Program Area Targets

Proposals must comply with the Targets and strategies outlined in Tables 2.1 – 2.15 in Section Two: Program Needs.

The NHTSA publication, "Countermeasures That Work, A Highway Safety Countermeasure Guide for State Highway Safety Offices" provides a guide to selecting effective, science-based traffic countermeasures for major highway safety problem areas. The publication is located at http://www.ghsa.org/html/publications/index.html.

eGrants

- All proposals must be completed in eGrants at: https://www.txdot.gov/apps/egrants.
- To set up an eGrants account, select the "New User" link on the eGrants Login page.
- For help and resources, select the eGrants Help link on the eGrants Login page.

Training

- Training will be provided via webinar. Login and call-in information are located at: https://www.txdot.gov/apps/eGrants/eGrantsHelp/rfp.html.
- There will be two (2) training sessions; STEP and General Grants. Proposers are encouraged to attend the webinar training for their respective proposal type:
  - Thursday, November 12, 2015 – STEP Traffic Safety Grant, 8 a.m. – 12 p.m. CST.
  - Thursday, November 12, 2015 – General Traffic Safety Grant, 1 p.m. – 5 p.m. CST.

Questions

- All proposal-related questions must be submitted via email to TRF_RFP@txdot.gov by 5 p.m. (CST) on Tuesday, December 1, 2015. All email subject lines must be preceded by **"RFP Question:"** followed by a specific topic.
- A question-and-answer document will be posted by Wednesday, December 9, 2015, at: https://www.txdot.gov/apps/egrants/eGrantsResources/rfp.html.
- Telephone inquiries regarding the development of proposals are not accepted.

Submission

- Proposals **must** be submitted via eGrants by changing the status in eGrants to "Proposal Submitted." This status must be changed no later than 5:00 p.m. (CST) Thursday, January 7, 2016. Proposals will not be accepted after 5:00 p.m. (CST) Thursday, January 7, 2016. Submitted proposals cannot be returned to the proposer for modifications or changes.
- Proposers must ensure they are using and submitting the correct forms in eGrants specific to the grant type.
- Proposals must be submitted by the responsible entity or have the written support from an authorized representative of that agency.
- Separate documents with information pertaining to the proposer qualifications, commitment, availability of external resources, task force associations, or previous traffic safety or related experience may also be included with the proposal as attachments. These additional attachments will not be scored. Please do not mail hard copies to TxDOT. Any hard copies received will be discarded.
- Proposals for potential statewide projects in public schools must include a detailed description explaining the public schools' inclusion in the planning process and the school's participation in the proposal. The description needs to be submitted as an attachment to the proposal.
- Failure to follow the above requirements will disqualify your proposal from the scoring process.

SECTION FOUR
STEP GRANTS

Eligibility

- Organizations eligible for STEP funds include the Texas Department of Public Safety (TxDPS), sheriff's offices, constable's offices, local police departments, and inter-governmental coordination entities for law enforcement efforts; i.e. COGs.
- All jurisdictions are eligible for STEP Yearlong grants regardless of population.
- Communities with STEP Yearlong grants will still be considered for participation in special projects like Click It or Ticket (CIOT) and/or Impaired Driving Mobilization (IDM) campaigns throughout the year. These projects will be solicited at a later time.
- Do not submit a proposal for CIOT and IDM projects through this RFP.

Funding

Funding for STEP grants helps pay for overtime activities by local law enforcement to reduce the incidence of speeding, driving while intoxicated and driving under the influence of alcohol by minor, failure to use occupant restraint systems, intersection traffic control violations and enforcement of state and local ordinances on cellular and texting devices. Enforcement grants come from one or more of the TRF-TS program areas.

The follow table outlines the program area and its respective STEP type:

Program Area	STEP Type
Alcohol and Other Drug Countermeasures (AL)	Driving While Intoxicated (DWI)/Driving Under the Influence (DUI) of Alcohol by Minor
Occupant Protection (OP)	Failure to Use Occupant Restraint
Police Traffic Services	Intersection Traffic Control (ITC) Distracted Driving (DD) Commercial Motor Vehicle (CMV) to include Speed, OP, and Hazardous Moving Violations (HMV)
Speed Control	Speed

Comprehensive STEP grants consist of two or more of the enforcement elements including speed, occupant protection, DWI / DUI of Alcohol by Minor, Intersection Traffic Control (ITC) and Distracted Driving (DD) and will be funded under the Police Traffic Services program area.

The TRF-TS highly encourages agencies who apply for a comprehensive or yearlong enforcement STEP grant to include DWI/DUI elements and/or nighttime seat belt enforcement as a part of your proposal.

STEP Yearlong

A maximum funding amount has been established for STEP Yearlong proposals submitted by communities, based on the population of the community and available crash data. Proposers may apply for a STEP Yearlong or STEP Wave **and** a STEP Yearlong CMV grant, but no more than the established amounts will be awarded to a community for all enforcement activities during the fiscal year. Communities may request less than the maximum. The following table outlines the established maximum federal budget per year based on 2014 U.S Census estimated population:

Population of Jurisdiction	Amount	Population of Jurisdiction	Amount
1 – 4,999	$20,000	125,001 – 300,000	$250,000
5,000 – 25,000	$40,000	300,001 – 700,000	$450,000
25,001 – 50,000	$70,000	700,001 and greater	$1,000,000
50,001 – 125,000	$110,000		

STEP Wave

The maximum reimbursable amount allowable for a STEP Wave grant is **$40,000.00** per agency.

All STEP Proposals

- Law enforcement agencies that propose a STEP Yearlong grant or a STEP Wave grant may also apply for a STEP Yearlong CMV project. For funding limitations, see table on this page.
- Proposals for a STEP Yearlong grant are limited to one STEP element or combinations of the following STEP elements:
  - Driving While Intoxicated (DWI)/Driving Under the Influence (DUI) of Alcohol by Minor
  - Occupant Protection (OP)
  - Speed
  - Intersection Traffic Control (ITC)
  - Distracted Driving (DD)
- Proposers should submit one combined STEP Yearlong proposal that covers the desired traffic safety elements. Proposals that address two or more elements will be classified as a STEP Comprehensive.
- STEP Wave proposals are limited to a **minimum** of three (3) holiday periods per year or a **maximum** of six (6) holiday periods per year (see page 34). Consisting of one or more of the following:
  - Driving While Intoxicated (DWI)/Driving Under the Influence (DUI) of Alcohol by Minor
  - Occupant Protection
  - Speed Violations
  - Distracted Driving
- Law enforcement agencies may apply for ***only one*** of the following grants:
  - STEP Yearlong
  - STEP Wave

Public Information & Education (PI&E)

Law enforcement agencies are required to provide PI&E activities, including the distribution of PI&E materials, throughout the grant period. Salaries being claimed for PI&E activities must be included in the budget. Proposal help for budgeting PI&E Salaries and Fringe Benefits is located at: https://www.txdot.gov/apps/egrants/eGrantsHelp/Proposal/STEPSalariesFringeBenefits.html

The minimum **required** number of PI&E activities for a STEP Yearlong is as follows:

- Presentations – 4
- Media Exposures – 4
- Community Events – 2

Operational Plan

All STEP Yearlong proposals **must** include an Operational Plan**.** The Operational Plan is designed to aid law enforcement agencies with defining roadways and locations where enforcement efforts will be concentrated when working on a STEP Yearlong project. Operational Plan instructions are located at: https://www.dot.state.tx.us/apps/egrants/eGrantsHelp/Proposal/Operational%20Plan.html

Policies and Procedures

All STEP agencies ***must*** either have established written STEP operating policies and procedures, or develop policies and procedures **prior to** a STEP grant being executed. Each STEP agency will certify that it has, or will develop such procedures during the proposal process in eGrants. The following table outlines the required minimum local policies and procedures:

Requirement	Description
Roles and Responsibilities	a description of which position serves as STEP project director and a list of their main responsibilities
STEP Shifts	a description of how the agency selects individuals to work a STEP Shift
Authorization to Work	a description of how prior approval is obtained for an individual authorized to work a STEP shift
Work Restrictions	a list of any restrictions imposed on working STEP, such as limitations on the number of hours an officer can work per shift, etc.
Supervision	a description of how the agency supervises officers working STEP shifts
Overtime Status	a description on how the agency determines an individual's overtime status before working STEP
Documentation	a description of how an individual's time worked on a STEP shift is documented
Required STEP Documentation	a description of the paperwork that is required after the STEP shift ends (i.e., time sheets, overtime cards, STEP daily activity reports, citations, etc.)
Approval	a description of the process the supervisor uses to approve and document the hours worked
Performance Targets	a description of the process used to oversee the agency's performance toward meeting the grant's performance measures/target numbers

STEP Yearlong

Requirements outlined in this section apply to all STEP Yearlong including STEP Yearlong CMV proposals.

Selection of Elements

The following table outlines the STEP Yearlong proposals that are limited to one or a combination of the following elements:

STEP Yearlong Elements	
Element	**Target**
Driving While Intoxicated (DWI)/ Driving Under the Influence (DUI) of Alcohol by Minor (AL)	**To reduce the number of alcohol impaired and driving under the influence of alcohol and other drug-related crashes, injuries, and fatalities and to reduce the number of DUI of Alcohol-related crashes where the driver is under the age of 21**
Occupant Protection (OP)	**Increase occupant restraint use in all passenger vehicles and trucks (safety belt and child safety seat usage) and increase nighttime enforcement of seat belt laws.**
Speed (SC)	**To reduce the number of speed-related crashes, injuries, and fatalities**
Intersection Traffic Control (ITC)	**To reduce intersection-related motor vehicle crashes, injuries, and fatalities. This STEP targets intersections with a high frequency of crashes within metropolitan areas**
Distracted Driving (DD)	**To reduce the number of distracted driving related crashes, injuries and fatalities. This STEP element provides for enforcement of state and local ordinances on distracted driving arising from the use of cellular and texting devices in vehicles**
Commercial Motor Vehicle (CMV)	**To reduce commercial motor vehicle crashes, injuries, and fatalities involving vehicles with a vehicle body type of "Semi-Trailer" or "Truck- Tractor". STEP CMV projects include Speed, Occupant Protection (OP), and Hazardous Moving Violations (HMV)**

NOTES

- Proposals that address two or more elements are classified as STEP Comprehensive.
- Speed enforcement must be conducted at sites that have less than 50% compliance as determined by speed surveys, or at sites with compliance rates of 50% or more that have been pre-approved by TxDOT. Additional documentation, such as crash data, will be required to show that these sites warrant increased enforcement.
- Proposals with an OP element will be required to conduct seat belt enforcement during the annual Click it or Ticket mobilization and submit a performance report detailing enforcement activities.

- Proposals with a DWI element will be required to conduct DWI enforcement during the annual Labor Day Impaired Driving Mobilization and submit a performance report detailing enforcement activities.
- Proposals with Speed and Occupant Protection elements will require survey data. This data must not be older than **September 1, 2015.** Procedures are located at: https://www.txdot.gov/apps/eGrants/eGrantsHelp/index.html. Select "**STEP OP and Speed Survey Tools**" link under the "**STEP Toolbox"** heading.

Baseline Information

Baseline information serves as a foundation for proposers to measure pre-grant traffic enforcement activity. Baseline information **must** be provided by the proposers to identify local traffic enforcement related activity. The information must **exclude** any activity generated with STEP grant dollars. Once the baseline is established, these figures will be used to compare subsequent year's local and grant traffic enforcement activity.

The baseline numbers are critical in establishing the causes and numbers of fatalities, injuries, crashes and property damage, in a community. The surveys and citations must be from the site location (city, county, roadway section, statewide), that the STEP will target. TRF-TS will use CRIS data to score and rank STEP proposals.

NOTE: A baseline number must be provided for each measure in a STEP proposal.

NOTE: Citation data older than calendar year 2014 will not be accepted. Only data for citations other than STEP must be used to establish the baseline.

Documentation

Example of verifiable, current, and applicable data sources include, but are not limited to:

- Agency citation data files
- Municipal or JP court files
- State or local surveys or assessments (i.e., TTI Safety Belt Survey)

STEP Yearlong CMV

STEP Yearlong CMV proposals **must** include enforcement of **all** of the following components:

- Speed
- OP
- HMV

NOTE: STEP Yearlong proposers may also apply for a STEP Yearlong CMV proposal. However, a STEP Yearlong CMV proposal must be submitted separately. To apply for a STEP Yearlong CMV grant, please contact **trf_egrantshelp@txdot.gov**. Maximum funding amounts are split between the STEP Yearlong and STEP Yearlong CMV proposals and the combined funding amounts cannot exceed the limits allowed for the community.

STEP Wave

STEP Wave grants may consist of one (1) element or a combination of two (2) or more of the following elements:

- DWI/DUI of Alcohol by Minor - Jurisdiction Wide (DWI enforcement effort **must** be focused at locations where there is an over-representation of alcohol-related crashes and/or DWI/DUI of Alcohol by Minor arrests).
- Speed - Jurisdiction Wide (Speed enforcement **must** be focused on areas where there is at least a 50% noncompliance with the posted speed limits and/or a higher number of speed-related crashes).
- Safety Belt - Jurisdiction Wide.
- Distracted Driving – Jurisdiction Wide.
- Proposers may choose the element(s) that will comprise their STEP enforcement effort. Speed and occupant protection elements **will** require survey data. This data must not be older than **September 1, 2015**, and must follow TRF-TS survey data protocol. Procedures are located at: https://www.txdot.gov/apps/eGrants/eGrantsHelp/index.html. Select **"STEP OP and Speed Survey Tools"** link under the "**STEP Toolbox"** heading.

Enforcement Periods

Law enforcement agencies must work three (3) required Wave periods and may choose up to three (3) optional Wave periods.

REQUIRED

- Christmas/New Year's Day
- Memorial Day
- Labor Day

OPTIONAL

- Halloween
- Thanksgiving
- Valentine's Day
- Spring Break
- Independence Day
- Special Event Period

NOTE: When selecting optional periods, they would become a requirement of the executed grant agreement.

Special Event Period

- Defined as a time period where the community sees an increase in traffic volume and increased enforcement would prove beneficial; i.e. county fairs, local rodeos, conventions, beach/lake traffic, etc.
- Consists of a minimum of four (4) and no more than seven (7) consecutive days of enforcement.
- Cannot be scheduled during any of the other required or optional STEP Wave periods.

PI&E Objective

Law enforcement agencies are required to provide PI&E activities, including the distribution of PI&E materials, throughout the grant period. The minimum number of PI&E activities for STEP Wave grants are as follows:

- Presentations – one (1) per STEP Wave period
- Media Exposures – two (2) per STEP Wave period
- Community Events – one (1) per grant period

Further information is located at:

https://www.txdot.gov/apps/egrants/eGrantsHelp/Proposal/STEPPI&EObjectivePerformanceMeasure.ht ml

Activities

Required activities for STEP Wave grants are listed below.

- **Pre-Surveys**

  Pre-observational surveys establish safety belt usage rates and/or speed limit compliance prior to conducting any enforcement activity. Surveys are only applicable to STEP Wave grants consisting of "Occupant Protection" and/or "Speed" components. A pre and post survey is required after each STEP Wave.

- **Pre-Media Campaign**

  Local media events are conducted at least three (3) days prior to enforcement effort to maximize the visibility of enforcement to the public. The media events are intended to inform the public when, where, how, and why the safety belt, impaired driving, distracted driving, and/or speed limit laws that are being enforced.

- **Enforcement Effort**

  The Target of increased enforcement efforts via a STEP grant is to place primary emphasis on increasing the number of citations or arrests for non-use of occupant restraints, impaired driving, distracted driving, and/or speeding, during peak holiday traffic.

- **Post-Surveys**

  Post-observational surveys are conducted for each STEP Wave period to determine safety belt usage and/or speed limit compliance. Measure the impact of media/enforcement effort. Surveys are only applicable to STEP Wave grants consisting of "Occupant Protection" and/or "Speed" components. **NOTE: The post survey can be used for the pre-survey results for a subsequent STEP Wave.**

- **Post-Media Campaign**

  Local media events inform the public on the rationale for safety belt usage, impaired driving, distracted driving and/or speed laws and communicates the results of the STEP Wave.

STEP Wave Calendar

The FY 2017 STEP Wave Calendar is located at:
https://www.txdot.gov/apps/eGrants/eGrantsHelp/WaveCalendar/STEPWaveCalendar_2017.pdf

Project Plan

The Project Plan consists of the problem solution, objective, performance measures and performance targets.

Problem Solution

Elements are selected by a proposer to be included in a STEP proposal.

Objective, Performance Measures

The objective briefly indicates the specific purpose of the proposal. Performance measures and targets provide guidance to determine efficiency and effectiveness of the project; serving as a measure of progress. Each performance measure **must** be designed as an evaluative mechanism for measuring the project's level of success. Performance targets determine progress of performance measures and

the impact on identified problems. Performance targets are expressed as a quantity or amounts and are monitored and reported throughout the grant period. **NOTE: Use the baseline number to establish the target for the performance measures.**

STEP Indicator

As scoring criteria, a point range is based on the data submitted compared to the statewide performance average, or STEP indicator, for each enforcement element selected. The STEP indicator is a target and not a quota, and is an established average for enforcement performance measures across the State. At no time does TxDOT require an individual officer to issue a specific number of citations during an enforcement period. Texas Transportation Code Section 720.002 prohibits using traffic offense quotas, and nothing in this request for proposal or any award issued under this proposal requires a traffic offense quota. The following table outlines a breakdown of the statewide average or STEP Indicator:

Statewide Average (STEP Indicators)

Indicator	Points per Citation	Citations Per Enforcement Hour Worked	Example
Occupant Protection (OP)	1.5 points	1.67 – 2.0	100 hours x 1.67 citations per hour = 167 citations
Speeding (SC)	1 point	2.5 – 3.0	100 hours x 2.5 citations per hour = 250 citations
Intersection Traffic Control (ITC)	2 points	1.25 – 1.5	100 hours x 1.25 citations per hour = 125 citations
Distracted Driving (DD)	2 points	1.25 – 1.5	100 hours x 1.25 citations per hour = 125 citations
Commercial Motor Vehicle (CMV) including Speed, OP, and HMV	2 points	1.25 – 1.5	100 hours X 1.25 citations per hour = 125 citations
Driving While Intoxicated (DWI)	18 points Per Arrest	1 DWI arrest per each six (6) hour enforcement period worked	100 hours divided by 6 Arrests= 16.67 DWI arrests
Driving Under the Influence(DUI) of Alcohol by Minor	6 points Per Arrest	1 DUI of Alcohol by Minor arrest/citation per each two (2) hour enforcement period worked	100 hours divided by 2 hours = 50 DUI of Alcohol by Minor arrests

NOTE: Warnings, either verbal or written, are not considered citations and therefore cannot be applied toward any performance measures, target numbers or STEP Indicator identified in the proposal. However, once a grant has been executed, TxDOT will accept documented (written) warnings that are associated with the grant's STEP elements in the agency's Performance Reports. Only written warnings for STEP element violations are eligible for inclusion in the Performance Report.

Although warnings cannot count towards establishing a grant's performance measures and target numbers, they will receive one-half the point value as STEP element citations and can be counted towards the agency's STEP Element Indicator in the Performance Reports.

NOTE: A minimum average of 2.5 points per hour will be required for STEP Yearlong and STEP Wave proposals.

NOTE: The STEP Element Indicator is increased by increasing the number of arrests and/or citations or decreasing the number of planned enforcement hours.

Calculator Tool

To calculate a STEP Element Indicator, the tool is located at:
https://www.dot.state.tx.us/apps/eGrants/eGrantsHelp/ToolBox/StepElementIndicator.html

SECTION FIVE
GENERAL GRANTS

Eligibility

Organizations eligible for General Traffic Safety grants include state and local governments, educational institutions, and non-profit organizations.

Funding

Public Schools

Proposals for potential statewide projects in public schools must include their plan for securing permission from Superintendents to conduct the project in their schools.

Child Passenger Safety Seats

Safety seats will no longer be purchased by the Texas Department of State Health Services (DSHS) for other child passenger safety grants. New process for acquiring child safety seats is as follows:

- Proposers requiring safety seats must include them in their proposals as a budgeted item, including quantity and budget amount to support the purchase (estimate seats at $50 each).
- Proposals must include storage, shipping and distribution method(s).

Problem Identification

Problem identification includes the problem statement and documentation of data.

- Additional or continuation narration uploaded as an attachment in eGrants will not be reviewed or scored by the proposal review teams.
- Charts, graphs, or tables uploaded in eGrants will be reviewed and/or scored by the proposal review teams.

Problem Statement

The problem identification description is one of the most important parts of a proposal. It **must** be as follows:

- **Clear, concise, and accurate description of the problem that the project aims to address**

- **Supported by relevant traffic safety data**
  - Causes of fatalities, injuries, crashes and property damage, site location (city, county, roadway section, statewide), and target population data.
  - The traffic safety data is current and specific to Texas/local communities.
  - Other pertinent data, such as safety belt use, may be included or substituted for crash data. Supporting data must include 2013 data or newer. Data that is older than 2013 can be included for trends.
  - Data must be sourced correctly for traffic safety purposes. Data must show an over-representation, or data represented in excessive or disproportionately large numbers. State projects should compare with national data and local projects compare to state data.

- **Specific to the problem(s)**

  A strong problem identification description accurately defines the nature and magnitude of the specific problem(s) to be addressed by the proposed project.

Documentation

Some examples of verifiable, current, and applicable data sources include:

- Local law enforcement agencies
- Hospital and emergency room reports
- Texas Department of Public Safety (TxDPS)
- Crash Records Information System (CRIS) http://www.txdot.gov/inside-txdot/forms- publications/drivers-vehicles/publications/annual-summary.html
- State or local surveys or assessments; i.e., TTI Safety Belt Survey

Project Plan

The Project Plan consists of the problem solution, objective, performance measures, and performance targets.

Problem Solution

The proposed problem solution **must** briefly and clearly describe the scope of work and activities that will be performed to address the stated traffic safety problem(s). The solution **must** include methods, countermeasures, and strategies that could potentially minimize or eliminate the stated problem or increase traffic law compliance. The proposed solution must also detail the "who-what-when-where-how" in order to aid in the grant evaluation.

Problem Solution Relevance

The problem solution is relevant to the traffic safety problem identified. The solution proposes a comprehensive approach to address the problem and is properly scoped. The solution must include relevant strategies, tasks, and specific activities.

Evaluation

The proposal must clearly indicate how the project will demonstrate methods for measuring and evaluating project success. The proposal must have a definitive means of communicating objective(s) and expected outcome(s) in evaluating success. Proposers need to indicate in detail how their organization will evaluate the proposed projects to prove success.

Objectives and Performance Measures

Objectives, Action Plans and Activities

Objectives indicate the specific purpose of the project. Every Action Plan **must** contain high-level activities, with a **maximum** of ten (10) activities per objective. Objectives must meet the following criteria:

- Consistent with traffic safety problem solution (project purpose).
- Objective statements must form coherent, clearly stated sentences.
- Only one action plan page shall be completed per objective

- Do not submit administrative objectives that cover activities such as hiring staff, submitting, or completing performance reports or requests for reimbursements.

TRF-TS uses a guideline called the **S.M.A.R.T.** principle to assess performance Targets and performance measures. Objectives must use the S.M.A.R.T. criteria. Therefore, all objectives must be:

- **Specific**
- **Measurable**
- **Action-oriented**
- **Realistic**
- **Time-framed**

Performance Measures

All objective target numbers must be realistic and properly time-framed in order to measure project progress, including the following:

- Completion dates
- Tangible quantities
- Number of tasks
- Number of deliverables

Activities

Activities must meet the following criteria:

- Clearly provide sufficient explanation to support each project objective.
- Realistic, properly time-framed and sequenced.
- Support the overall scope of the proposed project.
- Begin with an active verb and provide sufficient explanation to support all objectives.

SECTION SIX
STEP AND GENERAL GRANT BUDGETS

Budgets

A proposal budget must support the project plan (problem solution, objectives and related activities). The proposed budget must be reasonable, necessary, and must include only cost-eligible line items.

Modifications

Once a proposal is submitted, the requested Federal award **cannot** be increased. A budgetary adjustment may be necessary if the budget is inaccurate, unreasonable, or unallowable. Minor modifications may be made during the grant negotiations process.

Support Documentation

Support documentation with specific details must be included with the proposal. Examples include:

- Travel plans
- Equipment type
- Large dollar items
- Fringe benefits
- Contractual services intended to be funded with grant monies
- Indirect cost; must provide a current final indirect cost rate approved by Federal cognizant agency or TxDOT. Provisional Indirect Cost Rates must include current grant year and a final rate must be submitted for approval within the provisional period.

Rules for the use of Federal highway safety grant funds are located at:
http://www.nhtsa.gov/About+NHTSA/Highway+Safety+Grant+Programs/Resources+Guide

Indirect Costs:

If any proposing agency does not have an unexpired, negotiated indirect cost rate by a cognizant Federal agency or TxDOT, the proposing agency may include an indirect cost rate of up to ten percent (10%) of the total amount of Federal funds awarded for all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and sub awards and subcontracts up to the first $25,000 of each sub award or subcontract.

TxDOT will not disperse Federal funds to pay an indirect cost rate to a proposing agency without an unexpired, negotiated rate recognized by the Federal cognizant agency or TxDOT, nor allow an expired rate to be used as part of the agency's match amount.

Unallowable Costs

In addition to the unallowable costs outlined in the applicable OMB cost principles, there are some costs that must be authorized in advance or are prohibited under federal, state or local laws or regulations. These costs include, but are not limited to:

- **Advertising -** Only for very special circumstances can federal funds be used to purchase television and radio time for highway safety public service messages. Such expenditures must be approved in advance. **Projects to purchase television and radio time (or any other media) are not being accepted through this RFP.**

- **Supplanting -** Federal funds cannot supplant (replace) funds from any other sources. Definition: The use of Federal funds to support personnel or an activity already supported by local or state funds. **Supplanting is prohibited**.

- **Program Income** - Program-generated income must be used as project match; provided that prior written approval is received from TRF-TS.
- **Office Furnishing -** Grant funds cannot be used to purchase office furnishings.
- **Out-of-State Travel -** Out-of-state travel requires prior written approval from TRF-TS.
- **Contractual Services:**
  - A subcontract in excess of $25,000 may not be executed by the subgrantee without prior written concurrence by TxDOT.
  - Subcontracts in excess of $25,000 shall contain all required provisions of the Grant Agreement Terms and Conditions.

- **Equipment over $5,000** - Equipment with a unit acquisition cost of $5,000 or greater is prohibited without prior written approval from TxDOT and NHTSA

- **Gratuities -** Tips and/or gratuities are unallowable

- **Lobbying -** Federal and state grant funds cannot be used for lobbying activities

- **Promotional Items for Subgrantee Staff -** T-shirts, uniforms, polo shirts, caps, etc. cannot be purchased exclusively for subgrantee staff

- **Alcoholic Beverages and Food -** Funds cannot be used to purchase alcoholic beverages or food. **The only exception to purchasing alcohol is when performing underage drinking sting operations and with prior written approval from TRF-TS.**

Reimbursement

Payment or reimbursement before costs have been incurred is prohibited. Reimbursement are only made for costs incurred during the grant or contract period. All TRF-TS administered contracts and grant agreements include a maximum amount eligible for reimbursement. Fund advances are not allowed.

Attachments

Support documentation is any additional information the proposer wishes to include as a supplement to the proposal. Examples include but are not limited to:

- Statement of qualifications
- Training
- Experience of proposing entity
- Subcontractor

- Agency commitment
- Letters of Support

Support documentation is optional and will not be scored during the proposal review and scoring process. However, if used it must be uploaded as an attachment via eGrants**.** Do not mail support documentation to TRF-TS separately, it will not be accepted, and will be discarded.

SECTION SEVEN
SELECTION PROCESS

Proposal Scoring

Proposal scoring is based on the problem identification and solution. TRF-TS scoring teams review and evaluate each proposal for relevancy to a state or local problem. The basis for scoring consists of, but not limited to, the following:

- Strength of problem identification supported with verifiable, current, relevant, and appropriate documentation.
- STEP proposal problem identification will be scored based on the population-based rate of relevant crashes or casualties (number/per 10,000 population) in combination with the absolute number of relevant crashes or casualties in Texas counties and cities in 2014. CRIS is the crash data source and the 2014 estimated U.S. Census is the population source.
- Data categories will include:
  - DUI-related KA crashes (alcohol and other drugs)
  - Intersection-related KA crashes
  - Speed-related KA crashes
  - Distracted Driving-related KA crashes
  - Large truck-related crash fatalities
- Quality of the proposed solution plan
- Realistic objectives and activities
- Cost eligibility
- Percent of matching funding proposed
- Reasonable and necessary budget

Proposal Selection

- Proposal selection is based on, but not limited to, the following criteria:
  - Program needs in order to maintain a balanced comprehensive program
  - Availability of dedicated Federal funding such as alcohol, occupant protection, motorcycle, etc.
  - Proposals that duplicate the efforts of existing projects will not be considered
  - Crash data – needs are based on properly-sourced crash data
  - Project grading – based on prior performance
- Selected proposals will be recommended to the TxDOT Commission for inclusion in the HSP.

Highway Safety Plan

The HSP is developed by TRF-TS based on the proposals recommended for funding. Funding is approved by the Texas Transportation Commission. Upon Commission approval, the HSP is submitted to NHTSA for review, comment, and final approval. The HSP is implemented on October 1 of every year, if Federal appropriations allow. Proposals approved for funding will become grant agreements in eGrants.

SECTION EIGHT
TERMS AND CONDITIONS

Purpose - The main purpose of this RFP is to ensure uniform information in the solicitation of proposals and procurement of services. This RFP is not construed as a purchase agreement or contract or as a commitment of any kind, nor does it commit TxDOT to pay for costs incurred prior to the execution of a formal contract or grant unless such costs are specifically authorized in writing by TxDOT.

Rights - TxDOT reserves the right to accept or reject any or all proposals received, to cancel or reissue this RFP in part or its entirety or to decline to issue a contract or grant based on this RFP.

Corrections - TxDOT reserves the right to correct any errors and/or make changes to this solicitation as it deems necessary. Corrections and/or changes are post at: http://www.txdot.gov/apps/egrants/eGrantsResources/rfp.html.

Terms - TxDOT reserves the right to negotiate the final terms of any and all contracts or grant agreements with proposers selected and any such terms negotiated as a result of this RFP may be renegotiated and/or amended in order to successfully meet the needs of TxDOT.

Withdraw or Reduce - TxDOT reserves the right to withdraw or reduce the amount of an award or to cancel any contract or grant agreement resulting from this procurement if adequate funding is not received from NHTSA or other funding sources, or due to legislative changes.

Influence - Proposers shall not offer or provide any gratuities, favors, or anything of monetary value to any officer, member, employee, or agent of TxDOT, for the purpose of having an influencing effect toward their own proposal or any other proposal submitted hereunder.

Conflict of Interest - No employee, officer, or agent of TxDOT shall participate in the selection, award or administration of a contract or grant agreement supported by Federal and/or state funds if a conflict of interest or potential conflict would be involved.

Contractual Obligation - The contents of a successful proposal may become a contractual obligation if selected for an award of a contract or grant agreement.

Right to Request - TxDOT reserves the right to clarify, explain or verify any aspect of a response to the RFP and to require the submission of any price, technical or other revision to the proposal that results from negotiations conducted.

Right to Disqualify - TxDOT reserves the right to deem non-responsive or disqualify any proposal that in TxDOT's sole determination does not comply with or conform to term conditions and requirements contained in this RFP.

Adherence - All contracts or grant agreements awarded under this RFP must adhere to the Texas Traffic Safety Program Grant Agreement General Terms and Conditions for all Traffic Safety grant agreements. These terms and conditions are included as part of the proposal.

DRAFT

Tx DOT Grants

1. **No Refusal Program**
    a) Prosecutor $55.00 per hour (8 hours 7 pm – 3 am) = $5,280
    b) Phlebotomist (3) $40.00 per hour (8 hours 7 pm – 3 am)= $3,840 x 3 = $11,520

Re: Memorandum of Understanding for Shooting Range Use/Training

Dear Special Agent Michael Garcia:

Please review the enclosed Memorandum of Understanding for the utilization of our Hidalgo County Sheriff's Office Shooting Range. This agreement has been reviewed by our legal office and will become effective once signed by all parties involved. Once reviewed and signed, please return accordingly.

Please feel free to contact Division Chief Gabriel Castaneda at (956) 393-6003 with any questions or concerns.

Respectfully,

J.E. "Eddie" Guerra
Hidalgo County Sheriff

711 El Cibolo Road • P.O. Box 1228 • Edinburg, Texas 78540
Office: (956) 383-8114

STATE OF TEXAS §

COUNTY OF HIDALGO §

MEMORANDUM OF UNDERSTANDING BETWEEN THE COUNTY OF HIDALGO, TEXAS BY AND THROUGH THE HIDALGO COUNTY SHERIFF'S OFFICE AND OFFICE OF INSPECTOR GENERAL FOR SHOOTING RANGE USE/TRAINING

This Agreement is entered into, by and between the COUNTY OF HIDALGO, TEXAS (COUNTY) By and Through The HIDALGO COUNTY SHERIFF'S OFFICE (SHERIFF'S OFFICE) and the OFFICE OF INSPECTOR GENERAL, hereinafter referred to as LAW ENFORCEMENT AGENCY, for the purposes of providing training, as more particularly described as follows:

WHEREAS, COUNTY and LAW ENFORCEMENT AGENCY have agreed to contract with each other for the performance of governmental functions and for the joint use of facilities or services for police protection and for the promotion and protection of the health and welfare of the inhabitants of this State and the mutual benefit of the parties;

WHEREAS, the COUNTY, for the purposes of performing functions of law enforcement through its SHERIFF'S OFFICE, has a shooting range/training facility (RANGE);

WHEREAS, the LAW ENFORCEMENT AGENCY has a need for use of the RANGE which will be utilized in the service of crime prevention and for law enforcement purposes, such as training.

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY are located in close proximity and have a common law enforcement and crime prevention initiative and close working relations; and

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY have heretofore entered into this Agreement providing for the facility sharing and use of the RANGE to the LAW ENFORCEMENT AGENCY for law enforcement purposes; and

NOW, THEREFORE, to enhance cooperation amongst federal, state and local law enforcement agencies and express their mutual commitment to the service of crime prevention and for law enforcement purposes, the SHERIFF'S OFFICE and the LAW ENFORCEMENT AGENCY hereby agree as follows:

1. FACILITY SHARING: the SHERIFF'S OFFICE will share and allow use of its RANGE to the LAW ENFORCEMENT AGENCY for use in training related to law enforcement purposes under the following terms and conditions outlined below.

2. IN CONSIDERATION OF THE FACILITY SHARING: LAW ENFORCEMENT AGENCY further agrees to the following:

    a. The LAW ENFORCEMENT AGENCY agrees to scheduling use of the RANGE at a mutually agreeable time and date.

    b. The LAW ENFORCEMENT AGENCY agrees to abide by the Firearms Range Safety Rules attached hereto and incorporated by reference as Exhibit "A".

    c. The LAW ENFORCEMENT AGENCY ACCEPTS the RANGE facility in "as-is" condition and acknowledges that the COUNTY and SHERIFF'S OFFICE make no warranty in any manner as to the fitness of the facility for any specific purpose.

    d. The RANGE is the property of the COUNTY and SHERIFF'S OFFICE and use of said RANGE is subject to the policies, rules and procedures established by the SHERIFF'S OFFICE.

    e. The LAW ENFORCEMENT AGENCY agrees that the RANGE shall be solely used in the service of crime prevention and for law enforcement purposes, such as training.

    f. The LAW ENFORCEMENT AGENCY shall be solely responsible for any injuries or damages to persons or property when the RANGE is used by their employees, and shall maintain liability insurance coverage for any such loss. Proof of same shall be provided to COUNTY/SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

    g. The LAW ENFORCEMENT AGENCY shall provide executed Waiver Agreements for Law Enforcement (attached as Exhibit "B") to the HIDALGO COUNTY SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

3. INDEMNITY: TO THE EXTENT PERMITTED BY THE TEXAS CONSTITUTION AND LAWS OF THE STATE OF TEXAS, LAW ENFORCEMENT AGENCY, ITS PREDECESSORS, SUCCESSORS, AND ASSIGNS HEREBY RELEASE, RELINQUISH, AND DISCHARGE THE

COUNTY OF HIDALGO, TEXAS, SHERIFF'S OFFICE, THEIR PREDECESSORS, ASSIGNS, LEGAL REPRESENTATIVES, AND FORMER, PRESENT AND FUTURE AGENTS, EMPLOYEES, DIRECTORS AND OFFICERS FROM ANY LIABILITY ARISING OUT OF THE USE OF THE RANGE (identified herein) FOR ANY INJURY, INCLUDING DEATH OR DAMAGE TO PERSONS OR TO PROPERTY WHERE SUCH DAMAGE IS SUSTAINED IN CONNECTION WITH OR ARISING OUT OF THE USE OF THE RANGE PROVIDED FOR UNDER THIS AGREEMENT.

4. LAW GOVERNING VENUE: This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, and, the obligations and undertakings of each of the parties to this Agreement shall be performable in Hidalgo County, Texas.

THE HIDALGO COUNTY SHERIFF'S OFFICE WILL RECEIVE NO COMPENSATION FROM THE LAW ENFORCEMENT AGENCY FOR ANY FACILITY SHARING PURSUANT TO THIS AGREEMENT. THIS AGREEMENT BECOMES EFFECTIVE ON THE DATE IT IS SIGNED BY BOTH PARTIES. THIS AGREEMENT CAN BE TERMINATED BY EITHER PARTY UPON THIRTY (30) DAYS WRITTEN NOTICE OF INTENT TO TERMINATE.

EXECUTED IN DUPLICATE COPIES, EACH OF WHICH SHALL HAVE THE FULL FORCE AND EFFECT OF AN ORIGINAL, TO BE EFFECTIVE AS STATED HEREIN, BUT MINISTERIALLY SIGNED ON THE DATES INDICATED BELOW.

HIDALGO COUNTY SHERIFF'S OFFICE
FIREARMS RANGE SAFETY RULES

1. Treat all firearms as though they were loaded.
2. Always keep your finger off the trigger and outside the trigger guard until on target and ready to shoot.
3. Be certain of the target and what is beyond.
4. No one is allowed on the range that is taking any substance that could impair the ability to correctly respond to audible or visual commands. This includes, but is not limited to, alcohol or any prescribed or over the counter medications.
5. All firearms training must be properly and adequately supervised.
6. Strict discipline and bearing will be maintained.
7. Upon picking up a firearm, remove magazine, open the action mechanism, and visually and physically checking to see that it is unloaded.
8. Keep the firearm pointed down range at all times.
9. No tobacco products on the firing line.
10. Never permit the muzzle of a firearm to touch the ground.
11. Pay strict attention to the Rangemasters.
12. No one should be on the firing line except those firing.
13. Electronic devices (cell phones, pagers, ipods, etc.) that can distract shooters will not be permitted on the firing line, unless authorized by the Rangemaster as part of the training.
14. All outside agency firearm instructors must check in with HCSO Academy Staff prior to commencing training.
15. All incidents and injuries at the HCSO firing range must be reported immediately to Academy Staff.
16. These rules apply to all personnel regardless of rank or agency.

Waiver Agreement

For Use of Hidalgo County Sheriff's Office Shooting Range by Law Enforcement

I, _____ DO HEREBY CERTIFY THAT I AM OVER THE AGE OF EIGHTEEN (18) AND MAY CONSENT TO THIS AGREEMENT AND WAIVE, HOLD HARMLESS, AND INDEMNIFY THE COUNTY OF HIDALGO, TEXAS AND ITS EMPLOYEES AND ELECTED OFFICIALS FOR THE FOLLOWING:

- THE USE OF THE HIDALGO COUNTY SHERIFF'S OFFICE SHOOTING RANGE AS OPERATED BY THE HIDALGO COUTNY SHERIFF'S OFFICE.

I AM FULLY AWARE OF ANY AND ALL RISKS ASSOCIATED WITH THE ABOVE MENTIONED UNDERTAKING AND FULLY AND UNEQUIVICALLY ASSUME THESE RISKS WHICH MAY INCLUDE, BUT ARE NOT LIMITED TO THE FOLLOWING:

- INJURY AND/OR DEATH TO PERSON,
- INJURY AND/OR DAMAGE TO REAL AND/OR PERSONAL PROPERTY.

FURTHMORE, I FULLY UNDERSTAND AND AGREE THAT I WILL USE THE SHOOTING RANGE IN "AS IS" CONDITION AND THAT THE COUNTY OF HIDALGO EXPRESSLY WANES ANY AND ALL WARRANTIES INCLUDING BUT NOT LIMITED TO WARRANTY OF MERCHANTIBILITY AND WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

INDEMNIFICATION:

I HEREBY VOLUNTARILY RELEASE, DISCHARGE, WAIVE AND RELINQUISH ANY AND ALL ACTION OR CAUSES OF ACTION FOR PERSONAL INJURY, PROPERTY DAMAGE, OR WRONGFUL DEATH OCCURRING TO ME AS A RESULT OF MY USE OF THE HIDALGO COUNTY SHERIFF'S OFFICE SHOOTING RANGE. I HEREBY RELEASE, WAIVE, DISCHARGE AND RELINQUISH ANY ACTIONS OR CAUSES OF ACTIONS AFOREMENTIONED, WHICH MAY HEREAFTER ARISE FOR ME AND MY ESTATE, AND AGREE THAT UNDER NO CIRCUMSTANCES WILL I PROSECUTE OR PRESENT ANY CLAIM FOR PERSONAL INJURY, PROPERTY DAMAGE OR WRONGFUL DEATH AGAINST HIDALGO COUNTY OR ANY OF ITS AGENTS AND EMPLOYEES FOR ANY SAID CAUSE OF ACTION, WHETHER THE SAME SHALL ARISE BY NEGLIGENCE OF ANY SAID PERSONS, OR OTHERWISE. IT IS MY INTENT BY SIGNING THIS WAIVER AGREEMENT TO EXEMPT AND RELEASE, INDEMNIFY AND HOLD HARMLESS HIDALGO COUNTY AND ANY OF ITS EMPLOYEES, ITS ELECTED OR APPOINTED OFFICIALS, EMPLOYEES AND AGENTS FOR ANY PERSONAL INJURY, PROPERTY DAMAGE, OR WRONGFUL DEATH.

MY SIGNATURE ON THIS FORM CERTIFIES THAT I HAVE READ AND UNDERSTAND AND AGREE TO THIS WAIVER AGREEMENT AND TO VERIFY MY STATUS AS A LAW ENFORCEMENT OFFICER.

Hidalgo County Sheriff's Office
Shooting Range Use and Training Agreement Addendum

1. The U.S. Department of Health and Human Services, Office of Inspector General (HHS OIG), is a Federal agency.
2. In the event of litigation, Federal law would determine applicable law and the payment of attorneys' fees.
3. Liability for damages or injuries caused by employees or agents of HHS OIG is determined in accordance with the Federal Tort Claims Act.
4. The Federal government is self-insured and does not carry liability insurance. HHS OIG will be liable for damages in accordance with the Federal Tort Claims Act.
5. The Federal government is generally not permitted to agree to indemnify against potential future claims, since this would commit future appropriations in violation of the Federal Antideficiency Act (31 U.S.C. § 1341). HHS OIG will be liable for damages in accordance with the Federal Tort Claims Act.

2013 TERMS AND CONDITIONS

Instructions:

The Sub-recipient shall:

1. *Fill in the information and sign the Grant Sub-Recipient Award;*
2. *Certify they have read and understand these Terms and Conditions;*
3. *Certify to the statements provided in Exhibits A, B, C and D located at the back of this document by filling in contact information and signing all exhibits, and*
4. *Return all documents via email to* **SAA_SRA@dps.texas.gov** *on or before the date provided in the transmittal letter and/or in this grant.*

Grant Sub-recipient Agreement

This Grant Sub-recipient Agreement (consisting of this 2013 Grant Sub-recipient Award and these Terms and Conditions) is made and entered into by and between the Department of Public Safety / Texas Homeland Security State Administrative Agency, an agency of the State of Texas, hereinafter referred to as "DPS/THSSAA," and the funds recipient, hereinafter referred to as the "Sub-recipient" or "Sub-grantee." Furthermore, DPS/THSSAA and the Sub-recipient are collectively hereinafter referred to as the "Parties." This Grant Sub-recipient Agreement (SRA), or otherwise referred to herein as "this Grant" or "this Agreement", is only an offer until Sub-recipient returns the signed copy of this Grant on or before the date provided in the transmittal letter and/or in this Grant Sub-recipient Award.

The FY 2013 Homeland Security Grant Program (HSGP) funding plays an important role in the implementation of the National Preparedness System (NPS) by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (NPG) of a secure and resilient Nation. HSGP funding shall be used for statutorily eligible costs related to the planning, organization, equipment, training, and exercise needs that prevent, protect against, mitigate, respond to, and recover from acts of terrorism and other catastrophic events. This program provides an integrated mechanism that builds and sustains core capabilities to support the Nation's Preparedness against terrorist attacks, major disasters, and other emergencies.

The FY 2013 Nonprofit Security Grant Program (NSGP) funding plays an important role in the implementation of the National Preparedness System (NPS) by supporting the development and sustainment of core capabilities. Core capabilities are essential for the execution of each of the five mission areas outlined in the NGP. NSGP provides funding support statutorily eligible costs to include target hardening and other physical security enhancements and activities to nonprofit organizations that are at high risk of terrorist attack and located within one of the specific Urban Areas Security Initiative (UASI)-eligible Urban Areas. While this funding is provided specifically to high-risk nonprofit organizations, the program seeks to integrate nonprofit preparedness activities with broader State and local preparedness efforts. It is also designed to promote coordination and collaboration in emergency preparedness activities among public and private community representatives, as well as State and local government agencies.

Sub-recipient may not assign or transfer any interest in this Grant without the express, prior written consent of DPS/THSSAA. If Sub-recipient issues subawards as part of this Grant project, Sub-recipient shall include and require its subawardees to comply with the terms and conditions of this Grant.

The term "Sub-recipient agreement funds" as used in this Grant means funds provided by DPS/THSSAA under the United States Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA) grant programs (also referred to herein as DHS/FEMA). The term "Sub-recipient's funds" or match funds as used in this Grant means funds provided by the Sub-recipient.

Overview and Performance Standards

All allocations and use of funds under this Grant shall be in accordance with the FY 2013 Funding Opportunity Announcement (FOA) for the Federal Grant Title specified on this Grant, and such FY 2013 FOA is incorporated by reference herein. Sub-recipient shall read, understand and accept the FY 2013 Funding Opportunity Announcement as binding.

Standard of Performance. Sub-recipient shall perform all activities and projects entered into the DPS/THSSAA web-based grants management system which are approved by DPS/THSSAA. Any change to a project shall receive prior written approval by the appropriate local, regional and state-level grant administrator(s). Sub-recipient shall perform all activities in accordance with all terms, provisions and requirements set forth in this Grant, including but not limited to the following Exhibits:

1. Assurances – Non-Construction Programs, hereinafter referred to as "**Exhibit A**"
2. Assurances – Construction Programs, hereinafter referred to as "**Exhibit B**"
3. Certifications, hereinafter referred to as "**Exhibit C**"
4. State of Texas Assurances, hereinafter referred to as "**Exhibit D**"

Failure to Perform. In the event Sub-recipient fails to implement the project(s) entered and approved in the DPS/THSSAA web-based grants management system, or comply with any provision of this Grant, Sub-recipient shall be liable to DPS/THSSAA for an amount not to exceed the award amount of this Grant and may be barred from applying for or receiving additional DHS/FEMA grant program funds or any other grant program funds administered by DPS until repayment to DPS/THSSAA is made and any other compliance or audit finding is satisfactorily resolved, in addition to any other remedy specified in this Grant. Failure to timely implement projects may reduce future funding in additional DHS/FEMA and/or other grant programs administered by DPS.

Environmental Review

Sub-recipient shall assess its federally funded projects for potential impact to environmental resources and historic properties. Sub-recipient shall submit any required screening form(s) as soon as possible and shall comply with deadlines established by DPS/THSSAA. Timelines for the Environmental Planning and Historic Preservation (EHP) review process will vary based upon the complexity of the project and the potential for environmental or historical impact. Sub-recipient shall include sufficient review time within its project management plan to comply with EHP requirements. Initiation of any activity prior to completion of FEMA's EHP review will result in a non-compliance finding and DPS/THSSAA will not authorize or release grant funds for non-compliant projects.

Sub-recipient, as soon as possible upon receiving its grant award, shall provide information to DPS/THSSAA to assist with the legally-required EHP review and to ensure compliance with applicable EHP laws and Executive Orders (EO) currently using the FEMA EHP Screening Form OMB Number 1660-0115/FEMA Form 024-0-01 and submitting it, with all supporting documentation, to DPS/THSSAA for review. These EHP requirements include but are not limited to the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act, EO 11988 – Floodplain Management, EO 11990 – Protection of Wetlands, and EO 12898 – Environmental Justice. Sub-recipient shall comply with all Federal, State, and local EHP requirements and shall obtain applicable permits and clearances. See FEMA Information Bulletin 329.

Sub-recipient shall not undertake any activity from the project that would result in ground disturbance, facility modification, or purchase and use of sonar equipment without the prior approval of FEMA. These include but are not limited to communications towers, physical security enhancements involving ground disturbance, new construction, and modifications to buildings. Sub-recipient shall comply with all mitigation or treatment measures required for the project as the result of FEMA's EHP review. Any changes to an approved project description will require re-evaluation for compliance with EHP requirements before the project can proceed. If ground disturbing activities occur during project implementation, Sub-recipient shall ensure monitoring of ground disturbance and if any potential archeological resources are discovered, Sub-recipient shall immediately cease construction in that area and notify FEMA and the appropriate State Historical Preservation Office.

Funding Obligations

A. DPS/THSSAA shall not be liable to Sub-recipient for any costs incurred by Sub-recipient that are not allowable costs.

B. Notwithstanding any other provision of this Grant, the total of all payments and other obligations incurred by DPS/THSSAA under this Grant shall not exceed the Total Award Amount listed on the Grant Sub-recipient Award.

C. Sub-recipient shall contribute the match funds listed on the Grant Sub-recipient Award.

D. Sub-recipient shall refund to DPS/THSSAA any sum of these grant funds that has been determined by DPS/THSSAA to be an overpayment to Sub-recipient or that DPS/THSSAA determines has not been spent by Sub-recipient in accordance with this Grant. No refund payment(s) shall be made from local, state or federal grant funds unless repayment with grant funds is specifically permitted by statute or regulation. Sub-recipient shall make such refund to DPS/THSSAA within thirty (30) days after DPS/THSSAA requests such refund.

E. Notwithstanding any other provisions, the Parties hereto understand and agree that DPS/THSSAA's obligations under this Grant are contingent upon the receipt of adequate funds to meet DPS/THSSAA's liabilities hereunder, except as required by the Homeland Security Grant Program (HSGP). DPS/THSSAA shall not be liable to Sub-recipient for costs which exceed the amount specified in this Grant.

Performance Period

The performance period for this Grant is listed on the Grant Sub-Recipient Award. All goods and services shall be received within the performance period AND all reimbursement requests shall be submitted to DPS/THSSAA within the performance period. Sub-recipient shall have expended all grant funds and submitted reimbursement requests, and any invoices, in the DPS/THSSAA grant management system by the end of the performance period. DPS/THSSAA shall not be obligated to reimburse expenses incurred or submitted after the performance period.

Uniform Administrative Requirements, Cost Principals and Audit Requirements

Except as specifically modified by law or this Grant, Sub-recipient shall administer this Grant through compliance with the most recent version of all applicable laws and regulations, including but not limited to DHS program legislation, Federal awarding agency regulations, and the terms and conditions of this Grant. A non-exclusive list is provided below.

A. Administrative Requirements

1. 44 C.F.R. Part 13, Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments (the A-102 Common Rule);

2. 2 C.F.R. Part 215, Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations (OMB Circular A-110).

3. 44 C.F.R. Part 10, Environmental Considerations

B. Cost Principles

1. 2 C.F.R. Part 225, Cost Principles for State, Local and Indian Tribal Governments (OMB Circular A-87)

2. 2 C.F.R. Part 220, Cost Principles for Educational Institutions (OMB Circular A-21)

3. 2 C.F.R. Part 230, Cost Principles for Non-Profit Organizations (OMB Circular A-122)

4. 48 C.F.R. Subpart 31.2, Federal Acquisition Regulations (FAR), Contracts with Commercial Organizations

C. Audit Requirements

OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations.

D. Grant Guidance (Funding Opportunity Announcement)

Sub-recipient agrees that all allocations and use of funds under this Grant shall be in accordance with the applicable FY 2013 Funding Opportunity Announcement and supplemental resources for the HSGP currently available at https://s3-us-gov-west-1.amazonaws.com/dam-production/uploads/20130726-1916-25045-6176/fy_2013_hsgp_foa.pdf and the Nonprofit Security Grant Program (NSGP), https://s3-us-gov-west-1.amazonaws.com/dam-production/uploads/20130726-1916-25045-0844/fy_13_nsgp_foa_final.pdf.

DHS Specific Acknowledgements and Assurances

Sub-recipient shall comply with the DHS Standard Administrative Terms and Conditions that are outlined in Part 6.1.1 – Financial Assistance Award Standard Terms and Conditions (January 10, 2011), which is incorporated by reference herein. DHS requires those standard terms and conditions which are approved by the Division of Financial Assistance Policy and Oversight to be applied to all financial assistance awards.; http://www.dhs.gov/xlibrary/assets/cfo-financial-management-policy-manual.pdf.

Sub-recipient acknowledges and agrees, and shall require any sub-recipients, subawardees, contractors, successors, transferees, and assignees to acknowledge and agree to comply with applicable provisions governing DHS access to records, accounts, documents, information, facilities, and staff.

1. Sub-recipient shall cooperate with any compliance review or complaint investigation conducted by DHS.

2. Sub-recipient shall give DHS access to and the right to examine and copy records, accounts, and other documents and sources of information related to this grant and permit access to facilities, personnel, and other individuals and information as may be necessary, as required by DHS regulations and other applicable laws or program guidance.

3. Sub-recipient shall submit timely, complete, and accurate reports to the appropriate DHS officials and maintain appropriate backup documentation to support the reports.

4. Sub-recipient shall comply with all other special reporting, data collection, and evaluation requirements, as prescribed by law or detailed in program guidance.

5. If, during the past three (3) years, Sub-recipient has been accused of discrimination on the grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status, Sub-recipient shall provide a list of all such proceedings, pending or completed, including outcome and copies of settlement agreements to the DHS awarding office and the DHS Office of Civil Rights and Civil Liberties.

6. In the event any court or administrative agency makes a finding of discrimination on grounds of race, color, national origin (including limited English proficiency), sex, age, disability, religion, or familial status against Sub-recipient, or Sub-recipient settles a case or matter alleging such discrimination, Sub-recipient shall forward a copy of the complaint and findings to the DHS Component and/or awarding office.

The United States has the right to seek judicial enforcement of these obligations.

Operation Stonegarden (OPSG) Specific Conditions

If Sub-recipient is receiving Operation Stonegarden (OPSG) funds, Sub-recipient is prohibited from obligating or expending OPSG funds provided through this Grant until each unique, specific, or modified county level, tribal or equivalent Operations Order or Fragmentary Order has been reviewed and approved by official notification by FEMA and Customs and Border Protection/Border Patrol (CBP/BP). Each Operations Order will be transferred via the secure portal (CBP/BP) BPETS system from each respective AOR Sector HQ to CBP/BP HQ in Washington, D.C., for review and pre-approval for Operational continuity, then forwarded to FEMA GPD/PGD OPSG Program Office for final review/approval. Official notification of approval will be sent by FEMA via email to DPS/THSSAA and CBP/BP HQ in Washington, D.C.

1. Sub-recipient shall develop and submit required operational documents through the border area's Integrated Planning Team.

2. Sub-recipient shall maintain an approved Concept of Operations, consisting of a campaign plan and proposed budget which will articulate the intent of how OPSG funds will be used throughout Sub-recipient's grant performance period.

3. If Sub-recipient intends to spend more than 50 percent of its award on overtime over the course of the performance period, a request for an overtime waiver shall be submitted through the Integrated Planning Team.

4. Sub-recipient shall develop and submit Operations Orders for Tactical operational periods to achieve the strategic objectives of the campaign plan.

5. Sub-recipient shall only initiate tactical operations after the specific Operations Order(s) are approved through the Border Patrol Headquarters and by FEMA, and the DPS/THSSAA has issued a Grant Sub-recipient Award or GAN to the jurisdiction.

State Requirements for Grants

Sub-recipient shall also comply with all other federal, state, and local laws and regulations applicable to this Grant including but not limited to the laws and the regulations promulgated in Texas Government Code, Chapter 783, Uniform Grant and Contract Management, State Administrative Agency Information Bulletins, available at http://www.txdps.state.tx.us/director_staff/saa/information_bulletins.htm, Texas Uniform Grants Management Standards (UGMS) at http://www.governor.state.tx.us/files/state-grants/UGMS062004.doc and the State Administrative Agency Sub-recipient Manual, available at http://www.txdps.state.tx.us/director_staff/saa/documents/subrecipientManual.pdf. Sub-recipient shall, in addition to the assurances and certifications, comply and require each of its subcontractors employed in the completion of the project to comply with all applicable statutes, regulations, executive orders, OMB circulars, terms and conditions of this Grant, and the approved application.

Sub-recipient shall comply with the State of Texas General Appropriations Act, Art. IX, Part 4, as follows:

1. Grant funds may not be expended for a grant to a law enforcement agency regulated by Texas Occupations Code, Chapter 1701, unless the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education or the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

2. Grant funds may not be granted to or expended by any entity which performs political polling. This prohibition does not apply to a poll conducted by an academic institution as part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

3. Grant funds may not be expended to a unit of local government unless the following limitations and reporting requirements are satisfied:

a. Texas General Appropriations Act, Art. IX, Parts 2 and 3, except there is no requirement for increased salaries for local government employees;

b. Texas Government Code Sections 556.004, 556.005, and 556.006, including not using any money or vehicle to support the candidacy of any person for office; not influencing positively or negatively the payment, loan, or gift to a person or political organization for a political purpose; and not using grant funds to influence the passage or defeat of legislation including not assisting with the funding of a lobbyist, or using grant funds to pay dues to an organization with a registered lobbyist;

c. Texas Government Code Sections 2113.012 and 2113.101 including not using grant funds to compensate any employee who uses alcoholic beverages on active duty plus Sub-recipient may not use grant funds to purchase an alcoholic beverage and may not pay or reimburse any travel expense for an alcoholic beverage;

d. Texas General Appropriations Act, Art. IX, Section 6.13 requiring Sub-recipients to make every effort to attain key performance target levels associated with this grant award, including performance milestones, milestone time frames, and related performance reporting requirements; and

e. General Appropriations Act, Art. IX, Sections 7.01 and 7.02, and Texas Government Code §2102.0091, including grant funds may only be expended if Sub-recipient timely completes and files its reports.

Restrictions and General Conditions

A. Use of Funds. DHS grant funds may only used for the purposes set forth in this Grant, and shall be consistent with the statutory authority for this Grant. Grant funds may not be used for matching funds for other Federal grants/cooperative agreements, lobbying, or intervention in Federal regulatory or adjudicatory proceedings. In addition, Federal funds may not be used to sue the Federal government or any other government entity.

B. Lobbying Prohibited. No funds shall be expended by Sub-Recipient to pay any person to influence, or attempt to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any Federal action concerning the award or renewal of any Federal contract, grant, loan, cooperative agreement. These lobbying prohibitions may be found at 31 U.S.C. §1352. Further, Sub-Recipient understands and agrees that it shall not use any federal funds, either directly or indirectly, in support of the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government, without the express prior written approval of FEMA.

C. Transferring Funds. Sub-recipient is prohibited from transferring funds between grant programs (such as SHSP, UASI, and OPSG) without a properly executed GAN.

D. Federal Employee Prohibition. Federal employees are prohibited from serving in any capacity (paid or unpaid) on any proposal submitted under this Grant. Federal employees may not receive funds under this Grant.

E. Cost Categories. There may be limitations on the use of HSGP funds for the categories of costs listed below. For additional details on restrictions on the use of funds, refer to the FY 2013 HSGP FOA, Appendix C, Funding Guidelines.

1. Management and Administration
2. Planning
3. Organization
4. Equipment
5. Training
6. Exercises
7. Maintenance and Sustainment
8. Critical Emergency Supplies
9. Construction and Renovation

F. Governing Board Approval. In cases where local funding is established by a COG or an Urban Area Security Initiative (UASI) governing board, the release of funds by DPS/THSSAA is contingent upon funding allocation approval by the governing board.

G. Notices. All notices or communications required or permitted to be given by either party hereunder shall be deemed sufficiently given if mailed by registered mail or certified mail, return receipt requested, or sent by overnight courier, such as Federal Express or Lone Star, to the other party at its respective address. For notice to DPS/THSSAA see address set forth below. For Sub-recipient, see the address listed on the Grant Sub-Recipient Award page or Point of Contact address listed for the Sub-recipient in the DPS/THSSAA Grants Management System (SPARS).

DPS/THSSAA Contact Information
Deputy Assistant Director Texas Homeland Security State Admin. Agency Texas Department of Public Safety P.O. Box 4087 Austin, TX 78773-0220

H. Points of Contacts. Within 30 days of any change, Sub-recipient shall notify DPS/THSSAA of any change or correction to the chief elected official, program, and/or financial points of contact in the DPS/THSSAA grant management system.

I. DUNS Number. Sub-recipient confirms its Data Universal Numbering Systems (DUNS) Number is the number listed on this Grant. The DUNS Number is the nine digit number established and assigned by Dun and Bradstreet, Inc., at 866/705-5711 or http://fedgov.dnb.com/webform.

J. Central Contractor Registration and Universal Identifier Requirements. Sub-recipient maintains that it has registered on www.ccr.gov, www.sam.gov/, or other federally

established site for contractor registration, and entered DPS/THSSAA-required information. Sub-recipient shall keep current, and then review and update the CCR information at least annually. Sub-recipient shall keep information current in the CCR/SAM database until the later of when it submits this Grant's final financial report or receives final grant award payment. Sub-recipient agrees that it shall not make any subaward agreement or contract related to this Grant without first obtaining the vendor/subawardee's mandatory DUNS number. See section .210 of OMB Circular A-133, Audits of States, Local Governments, and Non-profit Organizations.

K. Indirect Cost Allocation Plan. Sub-recipient shall submit its most recently approved Indirect Cost Allocation Plan signed by Cognizant Agency to DPS/THSSAA within 30 calendar days of the approval. "Cognizant agency" means the Federal agency responsible for reviewing, negotiating, and approving cost allocation plans or indirect cost proposals developed under 2 C.F.R. Part 225 on behalf of all Federal agencies. OMB publishes a listing of cognizant agencies at http://harvester.census.gov/sac/dissem/asp/reports.asp. Unless the basis of the cost plan changes, Sub-recipient only needs to forward the annual Indirect Cost Rate approval letter to DPS/THSSAA within 30 calendar days after approval by the Cognizant Agency. The approved Indirect Cost Plans and approval letters shall be emailed to **SAA_SRA@dps.texas.gov** . The Sub-recipient name shall be included in the file name and subject line of the email transmittal.

L. Reporting Total Compensation of Sub-recipient Executives. 2 C.F.R. §170.320; see FEMA Information Bulletin 350.

1. Applicability and what to report: Sub-recipient shall report whether Sub-recipient received $25 million or more in Federal procurement contracts or financial assistance subject to the Transparency Act per 2 C.F.R. §170.320. Sub-recipient shall report whether 80% or more of Sub-recipient's annual gross revenues were from Federal procurement contracts or Federal financial assistance. If Sub-recipient answers "yes" to both questions, Sub-recipient shall report, along with Sub-recipient's DUNS number, the names and total compensation (see 17 C.F.R. §229.402(c)(2)) for each of Sub-recipient's five most highly compensated executives for the preceding completed fiscal year.

2. Where and when to report: Sub-recipient shall report executive total compensation at www.ccr.gov, www.sam.gov/, or other federally established replacement site. By signing this Grant, Sub-recipient certifies that, if required, Sub-recipient's jurisdiction has already registered, entered the required information, and shall keep information in the CCR/SAM database current, and update the information at least annually for each year until the later of when the jurisdiction submits its final financial report or receives final payment. Sub-recipient agrees that it shall not make any subaward agreement or contract without first obtaining the subawardee's mandatory DUNS number.

M. Direct Deposit. If Sub-recipient has not received HSGP reimbursements from DPS/THSSAA within the past eleven (11) months (prior to date of award), it shall forward a new/updated direct deposit form to DPS/THSSAA. Completed direct deposit forms from Sub-recipient shall be emailed to SAA_RR@dps.texas.gov. The email subject line and attachment name shall include the jurisdiction name and identify the document attached (i.e. "*Sample County DD form*"). The direct deposit form is currently available at http://www.window.state.tx.us/taxinfo/taxforms/74-176.pdf. Sub-recipient may simultaneously sign up for the Advance Payment Notification **(APN)**email feature which provides State of Texas payees with a one-business-day advance notice that a direct deposit payment has been sent to its financial institution. After receiving an APN, a payee may securely access its payment details online.

N. Procurements. Sub-recipient shall comply with all applicable federal, state, and local laws and requirements, including but not limited to proper competitive solicitation processes where required, for any procurement which utilizes federal funds awarded under this Grant in accordance with 44 C.F.R. §13.36.

O. Contract Provisions. All contracts executed using funds granted under this Grant shall contain the contract provisions listed under 44 C.F.R. §13.37(b), Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

P. No Contracts with Debarred or Suspended Parties. Prior to contracting with any vendor or subawardee using funds granted under this Grant, Sub-recipient shall determine whether the vendor/subawardee is debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any federal department and agency and shall confirm the vendor/subawardee does not have any active "Exclusions" by reviewing the vendor/subawardee entity information at https://www.sam.gov/portal/public/SAM/.

Q. Management and Administration. If this Grant includes a specific award of funds to Sub-recipient for management and administration (M&A), Sub-recipient shall comply with all applicable requirements and limitations with respect to M&A. For additional information on M&A, refer to Information Bulletin 365 located at http://www.fema.gov/grants/grant-programs-directorate-information-bulletins..

R. Personnel Cap. Up to fifty percent (50%) of all HSGP awards received by Sub-recipient may be used for personnel and personnel-related activities as directed by the Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act (Public Law 110-412). In general, use of HSGP funding to pay for staff and/or contractor regular time or overtime/backfill, among other items, are considered personnel-related costs. Sub-recipient may request a waiver to the 50% personnel cap by submitting a waiver request through its respective regional council or urban area working group to DPS/THSSAA at SAA@dps.texas.gov. Requests for waivers shall be submitted on official Sub-recipient letterhead and be signed by an authorized official of Sub-recipient. Waivers shall contain the information required on page 9 of the FEMA Information Bulletin 379.

S. Property Management and Inventory. At least every two (2) years, Sub-recipient shall take a physical inventory and shall reconcile the results with property records. Sub-recipient shall maintain Property/inventory records which, at minimum, shall include a description of the property, a serial number or other identification number, the source of property, who holds title, the acquisition date, the cost of the property, the percentage of Federal participation in the cost of the property, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property. (See sample inventory record format at http://www.txdps.state.tx.us/director_staff/saa/audit_and_compliance.htm) Sub-recipient shall develop and implement a control system to prevent loss, damage or theft of property and Sub-recipient shall investigate and document any loss, damage or theft of property funded under this Grant.

T. Publications. All publications produced as a result of funding under this Grant, which are submitted for publication in any magazine, journal, or trade paper, shall include the following: "This material is based upon work supported by the U.S. Department of Homeland Security. The views and conclusions contained in this document are those of the authors and should not be interpreted as necessarily representing the official policies, either expressed or implied, of the U.S. Department of Homeland Security."

U. Acknowledgement of Federal Funding from DHS. Sub-recipient shall comply with requirements to acknowledge Federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal funds.

V. Use of DHS, DPS, and DPS/THSSAA Seals and Non-Endorsement. Sub-recipient shall obtain DHS, DPS, or DPS/THSSAA's prior written approval before using any of these agencies' seal(s), logos, crests or reproductions of flags or likenesses of agency officials. Funding of this Grant does not equate to endorsement of use of funding agencies' seals, etc., including use of the United States Coast Guard seal, logo, crests, or reproductions of flags or likenesses of Coast Guard officials.

W. Copyright. Sub-recipient shall comply with requirements regarding publications or other exercise of copyright for any work first produced under Federal financial assistance awards hereto related unless the work includes any information that is otherwise controlled by the Government (e.g., classified information or other information subject to national security or export control laws or regulations). For any scientific, technical, or other copyright work based on or containing data first produced under this Grant, including those works published in academic, technical or professional journals, symposia proceedings, or similar works, Sub-recipient grants the Government a royalty-free, nonexclusive and irrevocable license to reproduce, display, distribute copies, perform, disseminate, or prepare derivative works, and to authorize others to do so, for Government purposes in all such copyrighted works. Sub-recipient shall affix the applicable copyright notices of 17 U.S.C. §401 or 402 and an acknowledgment of Government sponsorship (including award number) to any work first produced under this Grant.

Further, Sub-recipient acknowledges that FEMA National Preparedness Directorate reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use, for government purposes: (1) the copyright in any work developed under an award or sub-award; and (2) any rights of copyright to which a recipient or Sub-recipient purchases ownership with Federal support. Sub-recipient agrees to consult with DPS/THSSAA regarding the allocation of any patent rights that arise from or are purchased with this funding.

X. Quarterly Performance Reports. Sub-recipient shall submit performance reports and progress reviews per DPS/THSSAA and/or FEMA's direction. Reports are entered into the grants management system. Performance reports are due by the twentieth (20th) day after the end of each calendar quarter: January 20, April 20, July 20 and October 20; or as otherwise specified or required by DPS/THSSAA. DPS/THSSAA may require other reports or different timelines to meet federal reporting dates or to respond to information requests. Failure to timely complete a performance report will result in Sub-recipient being unable to request additional reimbursements/advances and may affect future funding.

Y. Site Visits. DHS and/or DPS/THSSAA, through its authorized representatives, have the right, at all reasonable times to make site visits to review project accomplishments and management control systems and to provide such technical assistance as may be required. If any site visit is made by DHS on the premises of Sub-recipient or a contractor under this Grant, Sub-recipient shall provide and shall require its contractors to provide all reasonable facilities and assistance for the safety and convenience of the government representatives in the performance of their duties. All site visits and evaluations shall be performed in such a manner that will not unduly delay the work.

Z. Limited English Proficiency (Civil Rights Act of 1964, Title VI). Sub-recipient shall comply with the requirements of EO 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination on the basis of limited English proficiency (LEP). To ensure compliance with Title VI, Sub-recipient shall take reasonable steps to ensure that LEP persons have meaningful access to Sub-recipient's programs. Meaningful access may entail providing language assistance services, including oral and written translation, where necessary. Sub-recipient is encouraged to consider the need for language services for LEP persons served or encountered both in developing budgets and in conducting programs and activities. For assistance and information regarding LEP obligations, go to http://www.lep.gov.

AA. Protection of Human Subjects. Sub-recipient shall comply with the requirements of the Federal regulations at 45 C.F.R. Part 46, which requires that Sub-recipients comply with applicable provisions/law for the protection of human subjects for purposes of research. Sub-recipient shall comply with the requirements in DHS Management Directive 026-04,

Protection of Human Subjects, prior to implementing any work with human subjects. For purposes of 45 C.F.R. Part 46, research means a systematic investigation, including research, development, testing, and evaluation, designed to develop or contribute to general knowledge. Activities that meet this definition constitute research for purposes of this policy, whether or not they are conducted or supported under a program that is considered research for other purposes. The regulations specify additional protections for research involving human fetuses, pregnant women, and neonates (Subpart B); prisoners (Subpart C); and children (Subpart D). The use of autopsy materials is governed by applicable State and local law and is not directly regulated by 45 C.F.R. Part 46.

BB. National Flood Insurance Act of 1968. Sub-recipient shall comply with the requirements of Section 1306(c) of the National Flood Insurance Act, as amended, which provides for benefit payments under the Standard Flood Insurance Policy for demolition or relocation of a structure insured under the Act that is located along the shore of a lake or other body of water and that is certified by an appropriate State or local land use authority to be subject to imminent collapse or subsidence as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels. These regulations are codified at 44 C.F.R. Part 63.

CC. USA Patriot Act of 2001. Sub-recipient shall comply with the requirements of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT Act), which amends 18 U.S.C. §§175-175c. Among other things, it prescribes criminal penalties for possession of any biological agent, toxin, or delivery systems of a type or in a quantity that is not reasonably justified by a prophylactic, protective, bona fide research, or other peaceful purpose. The Act also establishes restrictions on access to specified materials. "Restricted persons," as defined by the Act, may not possess, ship, transport, or receive any biological agent or toxin that is listed as a select agent.

DD. Fly America Act of 1974. Sub-recipient shall comply with the requirements of the Preference for U.S. Flag Air Carriers: Travel supported by U.S. government funds requirement, which states preference for the use of U.S. flag air carriers (air carriers holding certificates under 49 U.S.C. §41102) for international air transportation of people and property to the extent that such service is available, in accordance with the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. §40118) and Comptroller General's guidelines.

EE. Activities Conducted Abroad. Sub-recipient shall comply with the requirements that project activities carried on outside the United States are coordinated as necessary with appropriate government authorities and that appropriate licenses, permits, or approvals are obtained.

FF. Trafficking Victims Protection Act of 2000. All recipients of financial assistance shall comply with the requirements of the government-wide award term which implements Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. § 7104), located at 2 C.F.R. Part 175. This is implemented in accordance with OMB Interim Final Guidance, Federal Register, Volume 72, No. 218, November 13, 2007. In accordance with the statutory requirement, in each agency award under which funding is provided to a private entity, Section 106(g) of the TVPA, as amended, requires the agency to include a condition that authorizes the agency to terminate the award, without penalty, if the recipient or a sub-recipient: (a) engages in severe forms of trafficking in persons during the period of time that the award is in effect; (b) procures a commercial sex act during the period of time that the award is in effect; or (c) uses forced labor in the performance of the award or subawards under the award.

DPS/THSSAA is authorized to terminate this award, without penalty, if the above condition is violated. Sub-recipient shall include this condition in any subawards or contracts it makes as a result of this Grant. Full text of the award term is provided at 2 C.F.R. §175.15.

GG. Americans with Disabilities Act of 1990. Sub-recipient shall comply with the requirements of Titles I, II, and III of the Americans with Disabilities Act, which prohibits recipients from discriminating on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities. 42 U.S.C. §§ 12101-12213.

HH. Public Dissemination of Sensitive Information. Sub-recipient shall notify DPS/THSSAA of any workshops, conferences, seminars or other public venues at least one hundred (100) calendar days before presenting any potentially sensitive information regarding this project. No sensitive information may be presented by Sub-recipients' personnel without DPS/THSSAA and the DHS Grants Officer's review and prior written approval.

II. Security Concerns/Violations. Sub-recipient shall inform the THSSAA's Deputy Assistant Director in writing within two (2) calendar days of Sub-recipient being made aware of any security concerns with individuals having access to government facilities or sensitive information. In the event that sensitive information is divulged in violation of Sub-recipient's security procedures, Sub-recipient shall immediately notify the DPS/THSSAA Deputy Assistant Director and take appropriate law enforcement and legal action.

JJ. Classified Security Condition

1. No funding under this award shall be used to support a contract, sub-award, or other agreement for goods or services that will include access to classified national security information if the award recipient has not been approved for that access to such information.

2. "Classified national security information" as defined in Executive Order (EO) 12958, as amended, means information that has been determined pursuant to EO 12958 or any predecessor order to require protection against unauthorized disclosure and is marked to indicate its classified status when in documentary form.

3. Where an award recipient has been approved for and has access to classified national security information, no funding under this award shall be used to support a contract, sub-award, or other agreement for goods or services that will include access to classified national security information by the contractor, sub-awardee, or other entity without prior written approval from the DHS Office of Security, Industrial Security Branch Program (ISBP), or an appropriate official within the Federal department or agency with whom the classified effort will be performed.

4. Such contracts, sub-awards, or other agreements shall be processed and administered in accordance with the DHS "Standard Operation Procedures, Classified Contracting by States and Local Entities," dated July 7, 2008: EO's 12829, 12959, 12968, as amended; the National Industrial Security Program Operating Manual (NISPOM); and /or other applicable implementing directives or instruction. All security requirement documents are currently located at:
http://www.dhs/.ov/xopnbiz/grants/index.shtm.

5. Immediately upon determination by the award recipient that funding under this award will be used to support such a contract, sub-award, or other agreement, and prior to execution of any action to facilitate the acquisition of such a contract sub-award, or other agreement, the award recipient shall contact ISPB, or the appropriate Federal department or agency, for approval and processing instructions. DHS Office of Security ISPB contact information: Telephone: 202-447-5346, Email: DD254AdministrativeSecujjidhs.gov, Mail: Department of Homeland Security, Office of the Chief Security Officer, ATTN: ASD/Industrial Security Program Branch, Washington, DC. 20528.

KK. Best Practices for Collection and Use of Personally Identifiable Information (PII).Sub-recipients who collect Personally Identifiable Information (PII) shall have a publically-available privacy policy that describes what PII it collects, how it uses the PII, whether it shares PII with third parties, and how individuals may have their PII corrected where appropriate. Sub-recipients may also find as a useful resource the DHS Privacy Impact Assessments:
http://www.dhs.gov/xlibrary/assets/privacy/privacy_pia_guidance_june2010.pdf and http://www.dhs.gov/xlibrary/assets/privacy/privacy_pia_template.pdf .

LL. Hotel and Motel Fire Safety Act of 1990. In accordance with Section 6 of the Hotel and Motel Fire Safety Act of 1990, 15 U.S.C. §2225(a), Sub-recipient shall ensure that all conference, meeting, convention, or training space funded in whole or in part with Federal funds complies with the fire prevention and control guidelines of the Federal Fire Prevention and Control Act of 1974, 15 U.S.C. §2225.

MM. False Claims Act and Program Fraud Civil Remedies. Sub-recipient shall comply with the requirements of 31 U.S.C. §3729 which set forth that no recipient of federal payments shall submit a false claim for payment. See also 38 U.S.C. §3801-3812 which details the administrative remedies for false claims and statements made.

NN. Duplication of Benefits. State, Local and Tribal Sub-recipients shall comply with 2 CFR Part §225, Appendix A, paragraph (C)(3)(c), which provides that any cost allocable to a particular Federal award or cost objective under the principles provided for in this authority may not be charged to other Federal awards to overcome fund deficiencies.

Other Requirements

A. During the performance period of this Grant, Sub-recipient, counties, cities, towns, and Indian tribes shall maintain an Emergency Management Plan at the Intermediate Level of planning preparedness or higher, as prescribed by the Texas Division of Emergency Management (TDEM). This may be accomplished by a jurisdiction maintaining its own emergency management plan or participating in an inter-jurisdictional emergency management program that meets the required standards. If TDEM identifies deficiencies in Sub-recipient's plan, Sub-recipient shall correct deficiencies within 60 days of receiving notice of such deficiencies from TDEM.

B. Projects identified and approved in the DPS/THSSAA web-based grant management system must identify and relate to the goals and objectives indicated by the applicable approved project investments for the period of performance of this Grant. Sub-recipient shall submit project plans, milestones, outputs/outcomes, narratives and budget to DPS/THSSAA and FEMA (if required) for approval prior to expending or requesting advances of any funds for this Grant. Sub-recipient shall enter appropriate project milestones into the DPS/THSSAA web-based grants management system within 60 days after award or by the deadline established by DPS/THSSAA, whichever is sooner. Sub-recipient shall report on project status and accomplishments (milestones and outputs/outcomes) in the format(s) and timeframes as required by DPS/THSSAA.

C. During the performance period of this Grant, Sub-recipient shall:

1. Participate in a legally-adopted county and/or regional mutual aid agreement.

2. Implement the National Incident Management System (NIMS) in a manner consistent with the NIMS Implementation Objectives outlined by FEMA at http://www.fema.gov/implementation-and-compliance-guidance-stakeholders#item4.

3. Be a registered user of the Texas Regional Response Network (TRRN) (or other response asset inventory management system specified by DPS/THSSAA) and shall identify, resource type, and credential all major deployable resources such as vehicles and trailers, equipment costing $5,000 or more, and specialized teams/response units equipped and/or trained using grant funds (i.e., hazardous material, decontamination, search and rescue, etc.). This registration is to ensure jurisdictions or organizations are prepared to make grant funded resources available to other jurisdictions through mutual aid.
http://www.fema.gov/emergency/nims/ResourceMngmnt.shtm#item3.

D. Regional Planning Commissions/Council of Governments (COGs) shall follow guidelines listed in the DPS/THSSAA FY2013 COG Statement of Work.

Monitoring

Sub-recipient will be monitored periodically by federal, state or local entities, both programmatically and financially, to ensure that project goals, objectives, performance requirements, timelines, milestone completion, budget, and other program-related criteria are met.

DPS/THSSAA, or its authorized representative, reserves the right to perform periodic desk/office-based and/or on-site monitoring of Sub-recipient's compliance with this Grant and of the adequacy and timeliness of Sub-recipient's performance pursuant to this Grant. After each monitoring visit, DPS/THSSAA shall provide Sub-recipient with a written report of the monitor's findings. If the monitoring report notes deficiencies in Sub-recipient's performance under this Grant, the monitoring report shall include requirements for the timely correction of such deficiencies by Sub-recipient. Failure by Sub-recipient to take action specified in the monitoring report may be cause for suspension or termination of this Grant pursuant to the Suspension and/or Termination Section herein.

Audit

Audit of Federal and State Funds. Sub-recipient shall arrange for the performance of an annual financial and compliance audit of funds received and performances rendered under this Grant as required by the Single Audit Act (OMB Circular A – 133; 44 C.F.R. 13.26). Sub-recipient shall comply, as applicable, with Texas Government Code, Chapter 783, the Uniform Grant Management Standards (UGMS), the State Uniform Administrative Requirements for Grants and Cooperative Agreements.

Right to Audit. Sub-recipient shall give the United States Department of Homeland Security (DHS), the Comptroller General of the United States, the Texas State Auditor, DPS/THSSAA, or any of their duly authorized representatives, access to and the right to conduct a financial or compliance audit of grant funds received and performances rendered under this Grant. Sub-recipient shall permit DPS/THSSAA or its authorized representative to audit Sub-recipient's records. Sub-recipient shall provide any documents, materials or information necessary to facilitate such audit.

Sub-recipient's Liability for Disallowed Costs. Sub-recipient understands and agrees that it shall be liable to DPS/THSSAA for any costs disallowed pursuant to any financial or compliance audit(s) of these funds. Sub-recipient further understands and agrees that reimbursement to DPS/THSSAA of such disallowed costs shall be paid by Sub-recipient from funds that were not provided or otherwise made available to Sub-recipient pursuant to this Grant or any other federal contract.

Sub-recipient's Facilitation of Audit. Sub-recipient shall take such action to facilitate the performance of such audit(s) conducted pursuant to this Section as DPS/THSSAA may require of Sub-recipient. Sub-recipient shall ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through Sub-recipient and the requirement to cooperate is included in any subcontract it awards.

State Auditor's Clause. Sub-recipient understands that acceptance of funds under this Grant acts as acceptance of the authority of the State Auditor's Office to conduct an audit or investigation in connection with those funds. Sub-recipient further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. Sub-recipient shall ensure that this clause concerning the State Auditor's Office's authority to audit funds and the requirement to cooperate fully with the State Auditor's Office is included in any subgrants or subcontracts it awards. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, working papers, and records of Sub-recipient relating to this Grant.

Retention and Accessibility of Records

Retention of Records. Sub-recipient shall maintain fiscal records and supporting documentation for all expenditures of this Grant's funds pursuant to the applicable OMB Circular, 44 CFR Section 13.42, UGMS §__.42, and this Grant. Sub-recipient shall retain these records and any supporting documentation for a minimum of three (3) years from the later of the completion of this project's public objective, submission of the final expenditure report, any litigation, dispute, or audit. Records shall be retained for three (3) years after any real estate or equipment final disposition. The DHS or DPS/THSSAA may direct Sub-recipient to retain documents or to transfer certain records to DHS custody when DHS determines that the records possess long term retention value.

Access to Records. Sub-recipient shall give the United States Department of Homeland Security, the Comptroller General of the United States, the Texas State Auditor, DPS/THSSAA, or any of its duly authorized representatives, access to and the right to examine all books, accounts, records, reports, files, other papers, things or property belonging to or in use by Sub-recipient pertaining to this Grant including records concerning the past use of DHS/FEMA funds. Such rights to access shall continue as long as the records are retained by Sub-recipient. Sub-recipient shall maintain such records in an accessible location and provide citizens reasonable access to such records consistent with the Texas Public Information Act, Texas Government Code, Chapter 552.

Inclusion in Subcontracts. Sub-recipient shall include the substance of the Retention of Records and Access to Records section herein in all subcontracts.

After Action Reporting. Sub-recipient shall complete, deliver to the appropriate source, and retain copies of all after-action reports and certificates of completion for all training and exercises paid for by this grant.

Legal Authority

Signatory Authority. Sub-recipient assures and guarantees that Sub-recipient possesses the legal authority to enter into this Grant, receive grant funds and to perform the project Sub-recipient has obligated itself to perform pursuant to this Grant.

Authorized Representative. The person or persons signing and executing this Grant on Sub-recipient's behalf do warrant and guarantee that he/she has been duly authorized by Sub-recipient to execute this Grant on Sub-recipient's behalf and to validly and legally bind Sub-recipient to all terms and conditions and performance obligations.

Conflicts in Requirements. If conflict exists between federal, state, or local requirements, Sub-recipient shall comply with the strictest requirement.

Notice of Litigation and Claims

Sub-recipient shall give DPS/THSSAA immediate notice in writing of any action or claim, including any proceeding before an administrative agency, filed against Sub-recipient arising out of performance of this Grant. Except as otherwise directed by DPS/THSSAA, Sub-recipient shall furnish immediately to DPS/THSSAA copies of all documentation or pleadings received by Sub-recipient with respect to such action or claim.

No Liability for Employees and Officers

DPS/THSSAA shall have no liability whatsoever for the actions or omissions of an individual employed or contracted by Sub-recipient, regardless of where the individual's actions or omissions occurred.

Non-Waiver of Defaults

Any failure of DPS/THSSAA, at any time, to enforce or require the strict keeping and performance of any provision of this Grant shall not constitute a waiver of such provision, and shall not affect or impair same or the right of DPS/THSSAA at any time to avail itself of same. A waiver does not become effective unless DPS/THSSAA expressly agrees to such waiver in writing. Any payment by DPS/THSSAA shall not constitute a waiver or otherwise impair or prejudice any right, power, privilege, or remedy available to DPS/THSSAA to enforce its rights, as such rights, powers, privileges, and remedies are specifically preserved.

Changes and Amendments

Modification. FEMA or DPS/THSSAA may modify this Grant after an award has been made. Once notification has been made in writing, any subsequent request for funds indicates Sub-recipient's acceptance of the changes to the award. Any alteration, addition, or deletion to this Grant by Sub-recipient is not valid.

Written Amendment. Alterations, additions or deletions to this Grant, such as changes to period of performance and award amounts, shall be made through an executed Grant Adjustment Notice (GAN).

Authority to Amend. During the period of performance for this Grant, DPS/THSSAA and/or FEMA may issue policy directives that serve to establish, interpret or clarify this Grant's performance requirements. Such policy directives shall be promulgated by DPS/THSSAA or FEMA in the form of Information Bulletins and Sub-recipient Manuals and shall have the effect of modifying this Grant and shall be binding upon Sub-recipient as if written in this Grant.

Effect of Changes in Federal and State Laws. Any alterations, additions, or deletions to this Grant that are required by changes in federal and state laws or regulations are automatically incorporated into this Grant without written amendment to this Grant and shall become effective upon the date designated by such law or regulation. In the event FEMA or DPS/THSSAA determines that changes are necessary to this Grant after an award has been made, including changes to the period of performance or terms and conditions, Sub-recipient shall be notified of the changes in writing. Once notification has been made, any subsequent request for funds will indicate Sub-recipient's acceptance of the changes to this Grant.

Headings

Headings and captions of this Grant are only for convenience and reference. These headings and captions shall not affect or modify the terms and conditions or be used to interpret or assist in the construction of this Grant.

Venue

Venue shall lie in Travis County, Texas, and this Grant is governed by the laws of the State of Texas.

Suspension

In the event Sub-recipient fails to comply with any term of this Grant, DPS/THSSAA may, upon written notification to Sub-recipient, suspend this Grant, in whole or in part, withhold payments to Sub-recipient and prohibit Sub-recipient from incurring additional obligations of this Grant's funds.

Termination

DPS/THSSAA shall have the right to terminate this Grant, in whole or in part, at any time before the end of the Performance Period, if DPS/THSSAA determines that Sub-recipient has failed to comply with any term of this Grant. DPS/THSSAA shall provide written notice of the termination and include:

1. The reason(s) for such termination;

2. The effective date of such termination; and

3. In the case of partial termination, the portion of this Grant to be terminated.

Appeal may be made to the Deputy Director of Homeland Security, Texas Department of Public Safety.

Enforcement

If Sub-recipient materially fails to comply with any term of this Grant, whether stated in a federal or state statute or regulation, an assurance, in a state plan or application, a notice of award, or elsewhere, DPS/THSSAA or DHS may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by Sub-recipient or more severe enforcement action by DPS/THSSAA or DHS;

2. Disallow, that is, deny both use of funds and matching credit for, all or part of the cost of the activity or action not in compliance;

3. Wholly or partially suspend or terminate this Grant for Sub-recipient's program;

4. Withhold further awards for the program; or

5. Take other remedies that may be legally available.

In taking an enforcement action, DPS/THSSAA will provide Sub-recipient an opportunity for a hearing, appeal, or other administrative proceeding to which Sub-recipient is entitled under any statute or regulation applicable to the action involved.

The costs of Sub-recipient resulting from obligations incurred by Sub-recipient during a suspension or after termination of this Grant are not allowable unless DPS/THSSAA or DHS expressly authorizes them in the notice of suspension or termination or subsequently. Other Sub-recipient costs during suspension or after termination which are necessary and not reasonably avoidable are allowable if:

1. The costs result from obligations which were properly incurred by Sub-recipient before the effective date of suspension or termination, are not in anticipation of it, and in the case of a termination, are non-cancellable; and

2. The costs would be allowable if this Grant were not suspended or expired normally at the end of the funding period in which the termination takes effects.

The enforcement remedies identified in this section, including suspension and termination, do not preclude Sub-recipient from being subject to "Debarment and Suspension" under E.O. 12549. 44 C.F.R. §13.35.

Conflict of Interest

No employee, officer or agent of Sub-recipient shall participate in the selection, or in the award or administration of a contract supported by Federal funds if a conflict of interest, real or apparent, is involved or otherwise creates the appearance of impropriety.

Closing of the Grant

A. DPS/THSSAA will close a sub-award after receiving Sub-recipient's final quarterly performance report indicating that all approved work has been completed and all funds have been disbursed, completing a review to confirm the accuracy of the reported information, and reconciling actual costs to award modifications and payments. If the close out review and reconciliation indicates that Sub-recipient is owed additional funds, DPS/THSSAA will send the final payment automatically to Sub-recipient. If Sub-recipient did not use all the funds received, DPS/THSSAA will issue a Grant Adjustment Notice (GAN) to recover the unused funds. Sub-recipient will return the funds to the DPS/THSSAA within 30 days of receiving the GAN.

B. At the completion of Sub-recipient's performance period, DPS/THSSAA will de-obligate all uncommitted / unexpended funds.

C. The closeout of this Grant does not affect:

1. DHS or DPS/THSSAA's right to disallow costs and recover funds on the basis of a later audit or other review;

2. Sub-recipient's obligation to return any funds due as a result of later refunds, corrections, or other transactions;

3. Records retention requirements, property management requirements, and audit requirements, as set forth herein; and

4. Any other provisions of this Grant that impose continuing obligations on Sub-recipient or that govern the rights and limitations of the parties to this Grant after the expiration or termination of this Grant.

Please fill in the appropriate information and certify by signing below that you have read, understood, and agree to the terms of this Grant.

EXHIBIT A

ASSURANCES - NON-CONSTRUCTION PROGRAMS See Standard Form 424B

As the duly authorized representative of Sub-recipient, I certify that Sub-recipient:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this agreement.

2. Will give the Department of Homeland Security, the Department of Public Safety, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686 and 44 C.F.R. Part 19), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290dd-3 and 290ee- 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which agreement for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction sub-agreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190 as amended by 42 U.S.C. 4311 et seq. and Executive Order (EO) 11514) which establishes national policy goals and procedures to protect and enhance the environment, including protection against natural disasters. To comply with NEPA for DHS grant-supported activities, DHS-FEMA requires the environmental aspects to be reviewed and evaluated before final action on the application (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) comply with the Clean Air Act of 1977, (42 U.S.C. §§7401 et seq. and Executive Order 11738) providing for the protection of and enhancement of the quality of the nation's air resources to promote public health and welfare and for restoring and maintaining the chemical, physical, and biological integrity of the nation's waters; (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93- 205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

14. Will comply with P.L. 93-348, 45 C.F.R. 46, and DHS Management Directive 026-044 (Directive) regarding the protection of human subjects involved in research, development, and related activities supported by this award. "Research" "means a systematic investigation, including research, development, testing, and evaluation designed to develop or contribute to general knowledge. See Directive for additional provisions for including humans in the womb, pregnant women, and neonates (Subpart B); prisoners (Subpart C); and children (Subpart D). See also state and local law for research using autopsy materials.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) which requires the minimum standards of care and treatment for vertebrate animals bred for commercial sale, used in research, transported commercially, or exhibited to the public according to the Guide for Care and Use of Laboratory Animals and Public Health Service Policy and Government Principals Regarding the Care and Use of Animals.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, grant guidance, and policies governing this program.

Please fill in the appropriate information and sign to certify this Exhibit A.

EXHIBIT B

ASSURANCES - CONSTRUCTION PROGRAMS See Standard Form 424D

As the duly authorized representative of Sub-recipient, I certify that Sub-recipient:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this agreement.

2. Will give the Department of Homeland Security, the Department of Public Safety, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure nondiscrimination during the useful life of the project.

4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.

5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.

6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based pain in construction or rehabilitation of residence structures.

10. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681 1683, and 1685-1686 and 44 C.F.R. Part 19), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29) U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290dd-3 and 290ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statue(s) under which agreement for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statue(s) which may apply to the agreement.

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327- 333) regarding labor standards for federally-assisted construction sub-agreements.

14. Will comply with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91- 190) as amended by 42 U.S.C. 4311 et seq. and Executive Order (EO) 11514 which establishes national policy goals and procedures to protect and enhance the environment, including protection against natural disasters; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) comply with the Clean Air Act of 1977, (42 U.S.C. §§7401 et seq. and Executive Order 11738) providing for the protection of and enhancement of the quality of the nation's air resources to promote public health and welfare and for restoring and maintaining the chemical, physical, and biological integrity of the nation's waters;(g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq).

18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, grant guidance and policies governing this program.

Please fill in the appropriate information and sign to certify this Exhibit B, if applicable.

Certifications

The undersigned, as the authorized official, certifies the following to the best of his/her knowledge and belief.

A. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee or a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee or a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL Disclosure of Lobbying Activities, in accordance with its instructions.

C. The undersigned shall require that the language of this certification prohibiting lobbying be included in the award documents for all sub-awards at all tiers (including subcontract, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

D. As required by Executive Order 12549, Debarment and Suspension, and implemented at 28 C.F.R. Part 67, for prospective participants in primary covered transactions, as defined at 28 C.F.R. Part 67, Section 67.510. (Federal Certification). The Sub-recipient certifies that it and its principals and vendors:

1. Are not debarred, suspended, proposed for debarment, declared ineligible, sentenced to a denial of Federal benefits by a State or Federal court, or voluntarily excluded from covered transactions by any Federal department or agency; Sub-recipients can access debarment information by going to www.epls.gov or www.sam.gov and the State Debarred Vendor List www.window.state.tx.us/procurement/prog/vendor_performance/debarred.
2. Have not within a three-year period preceding this agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
3. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (D)(2) of this certification; and
4. Have not within a three-year period preceding this agreement had one or more public transactions (Federal, State, or local) terminated for cause or default; or
5. Where the sub-recipient is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this agreement. (Federal Certification)

E. The Sub-recipient certifies federal funds will be used to supplement existing funds, and will not replace (supplant) funds that have been appropriated for the same purpose. Sub-recipient may be required to supply documentation certifying that a reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds.

F. Sub-recipient must comply with 2 C.F.R. Part 180, Subpart C as a condition of receiving grant funds, and sub-recipient must require such compliance in any sub-grants or contract at the next tier.

G. Drug-free Workplace Act, as amended, 41 U.S.C. §701 et seq. – Requires the recipient to publish a statement about its drug-free workplace program and give a copy of the statement to each employee (including consultants and temporary personnel) who will be involved in award-supported activities at any site where these activities will be carried out. Also, place(s) where work is being performed under the award (i.e., street address, city, state, and zip code) must be maintained on file. The recipient must notify the Grants Officer of any employee convicted of a violation of a criminal drug statute that occurs in the workplace. For additional information, see 44 C.F.R. Part 17. Sub-recipient shall comply with the requirements of the Drug-Free Workplace Act of 1988, which requires that all organizations receiving grants from any Federal agency agree to maintain a drug-free workplace.

H. Sub-recipient agrees that it is not delinquent on any Federal debt. Examples of relevant debt include delinquent payroll and other taxes, audit disallowances, and benefit overpayments. See OMB Circular A-129 and form SF-424, item number 17 for additional information and guidance.

I. Sub-recipient will comply with all applicable requirements of all other federal laws, executive orders, regulations, program and administrative requirements, policies and any other requirements governing this program.

J. Sub-recipient understands that failure to comply with any of the above assurances may result in suspension, termination or reduction of grant funds.

Please fill in the appropriate information and sign to certify this Exhibit C.

EXHIBIT D

State of Texas Assurances

As the duly authorized representative of Sub-recipient, I certify that Sub-recipient:

1. Shall comply with Texas Government Code, Chapter 573, by ensuring that no officer, employee, or member of the Sub-recipient's governing body or of the Sub-recipient's contractor shall vote or confirm the employment of any person related within the second degree of affinity or the third degree of consanguinity to any member of the governing body or to any other officer or employee authorized to employ or supervise such person. This prohibition shall not prohibit the employment of a person who shall have been continuously employed for a period of two years, or such other period stipulated by local law, prior to the election or appointment of the officer, employee, or governing body member related to such person in the prohibited degree.

2. Shall insure that all information collected, assembled, or maintained by the Sub-recipient relative to a project will be available to the public during normal business hours in compliance with Texas Government Code, Chapter 552, unless otherwise expressly prohibited by law.

3. Shall comply with Texas Government Code, Chapter 551, which requires all regular, special, or called meetings of governmental bodies to be open to the public, except as otherwise provided by law or specifically permitted in the Texas Constitution.

4. Shall comply with Section 231.006, Texas Family Code, which prohibits payments to a person who is in arrears on child support payments.

5. Shall not contract with or issue a license, certificate, or permit to the owner, operator, or administrator of a facility if the Sub-recipient is a health, human services, public safety, or law enforcement agency and the license, permit, or certificate has been revoked by another health and human services agency or public safety or law enforcement agency.

6. Shall comply with all rules adopted by the Texas Commission on Law Enforcement Officer Standards and Education pursuant to Chapter 1701, Texas Occupations Code, or shall provide the grantor agency with a certification from the Texas Commission on Law Enforcement Officer Standards and Education that the agency is in the process of achieving compliance with such rules if the Sub-recipient is a law enforcement agency regulated by Texas Occupations Code, Chapter 1701.

7. Shall follow all assurances. When incorporated into a grant award or contract, standard assurances contained in the application package become terms or conditions for receipt of grant funds. Administering state agencies and sub-recipients shall maintain an appropriate contract administration system to insure that all terms, conditions, and specifications are met. (See UGMS Section _.36 for additional guidance on contract provisions).

8. Shall comply with the Texas Family Code, Section 261.101, which requires reporting of all suspected cases of child abuse to local law enforcement authorities and to the Texas Department of Child Protective and Regulatory Services. Sub-recipient shall also ensure that all program personnel are properly trained and aware of this requirement.

9. Shall comply with all federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352), which prohibits discrimination on the basis of race, color, or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps and the Americans with Disabilities Act of 1990 including Titles I, II, and III of the Americans with Disability Act which prohibits recipients from discriminating on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities, 44 U.S.C. §§ 12101-12213; (d) the Age Discrimination Act of 1974, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to the nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290dd-3 and 290ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental, or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to this Grant.

10. Shall comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally assisted construction subagreements.

11. Shall comply with requirements of the provisions of the Uniform Relocation Assistance and Real Property Acquisitions Act of 1970 (P.L. 91-646), which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

12. Shall comply with the provisions of the Hatch Political Activity Act (5 U.S.C. §§7321-29), which limit the political activity of employees whose principal employment activities are funded in whole or in part with Federal funds.

13. Shall comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act and the Intergovernmental Personnel Act of 1970, as applicable.

14. Shall insure that the facilities under its ownership, lease, or supervision which shall be utilized in the accomplishment of the project are not listed on the Environmental Protection Agency's (EPA) list of Violating Facilities and that it will notify the Federal grantor agency of the receipt of any communication from the Director of the EPA Office of Federal Activities indicating that a facility to be used in the project is under consideration for listing by the EPA (EO 11738).

15. Shall comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234. Section 102(a) requires the purchase of flood insurance in communities where such insurance is available as a condition for the receipt of any Federal financial assistance for construction or acquisition proposed for use in any area that has been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards.

16. Shall comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved state management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of federal actions to State (Clear Air) Implementation Plans under Section 176(c) of the Clear Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

17. Shall comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.>

18. Shall assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

19. Shall comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) which requires the minimum standards of care and treatment for vertebrate animals bred for commercial sale, used in research, transported commercially, or exhibited to the public according to the Guide for Care and Use of Laboratory Animals and Public Health Service Policy and Government Principals Regarding the Care and Use of Animals.

20. Shall comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residential structures.

21. Shall comply with the Pro-Children Act of 1994 (Public Law 103-277), which prohibits smoking within any portion of any indoor facility used for the provision of services for children.

22. Shall comply with all federal tax laws and are solely responsible for filing all required state and federal tax forms.

23. Shall comply with all applicable requirements of all other federal and state laws, executive orders, regulations, and policies governing this program.

24. Certifies that is and its principals are eligible to participate and have not been subjected to suspension, debarment, or similar ineligibility determined by any federal, state, or local governmental entity and it is not listed on a state or federal government's terrorism watch list as described in Executive Order 13224. Entities ineligible for federal procurement have Exclusions listed at
https://www.sam.gov/portal/public/SAM/

25. Shall adopt and implement applicable provisions of the model HIV/AIDS work place guidelines of the Texas Department of Health as required by the Texas Health and Safety Code, Ann., Sec. 85.001, et seq.

Re: Memorandum of Understanding for Shooting Range Use/Training

Dear OP Supervisor Ben Elizondo:

Please review the enclosed Memorandum of Understanding for the utilization of our Hidalgo County Sheriff's Office Shooting Range. This agreement has been reviewed by our legal office and will become effective once signed by all parties involved. Once reviewed and signed, please return accordingly.

Please feel free to contact Division Chief Gabriel Castaneda at (956) 393-6003 with any questions or concerns.

Respectfully,

J.E. "Eddie" Guerra
Hidalgo County Sheriff

STATE OF TEXAS §

COUNTY OF HIDALGO §

MEMORANDUM OF UNDERSTANDING BETWEEN THE COUNTY OF HIDALGO, TEXAS BY AND THROUGH THE HIDALGO COUNTY SHERIFF'S OFFICE AND U.S. BORDER PATROL FOR SHOOTING RANGE USE/TRAINING

This Agreement is entered into, by and between the COUNTY OF HIDALGO, TEXAS (COUNTY) By and Through The HIDALGO COUNTY SHERIFF'S OFFICE (SHERIFF'S OFFICE) and the U.S. BORDER PATROL, hereinafter referred to as LAW ENFORCEMENT AGENCY, for the purposes of providing training, as more particularly described as follows:

WHEREAS, COUNTY and LAW ENFORCEMENT AGENCY have agreed to contract with each other for the performance of governmental functions and for the joint use of facilities or services for police protection and for the promotion and protection of the health and welfare of the inhabitants of this State and the mutual benefit of the parties;

WHEREAS, the COUNTY, for the purposes of performing functions of law enforcement through its SHERIFF'S OFFICE, has a shooting range/training facility (RANGE);

WHEREAS, the LAW ENFORCEMENT AGENCY has a need for use of the RANGE which will be utilized in the service of crime prevention and for law enforcement purposes, such as training.

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY are located in close proximity and have a common law enforcement and crime prevention initiative and close working relations; and

WHEREAS, the SHERIFF'S OFFICE and LAW ENFORCEMENT AGENCY have heretofore entered into this Agreement providing for the facility sharing and use of the RANGE to the LAW ENFORCEMENT AGENCY for law enforcement purposes; and

NOW, THEREFORE, to enhance cooperation amongst federal, state and local law enforcement agencies and express their mutual commitment to the service of crime prevention and for law enforcement purposes, the SHERIFF'S OFFICE and the LAW ENFORCEMENT AGENCY hereby agree as follows:

1. FACILITY SHARING: the SHERIFF'S OFFICE will share and allow use of its RANGE to the LAW ENFORCEMENT AGENCY for use in training related to law enforcement purposes under the following terms and conditions outlined below.

2. IN CONSIDERATION OF THE FACILITY SHARING: LAW ENFORCEMENT AGENCY further agrees to the following:

   a. The LAW ENFORCEMENT AGENCY agrees to scheduling use of the RANGE at a mutually agreeable time and date.

   b. The LAW ENFORCEMENT AGENCY agrees to abide by the Firearms Range Safety Rules attached hereto and incorporated by reference as Exhibit "A".

   c. The LAW ENFORCEMENT AGENCY ACCEPTS the RANGE facility in "as-is" condition and acknowledges that the COUNTY and SHERIFF'S OFFICE make no warranty in any manner as to the fitness of the facility for any specific purpose.

   d. The RANGE is the property of the COUNTY and SHERIFF'S OFFICE and use of said RANGE is subject to the policies, rules and procedures established by the SHERIFF'S OFFICE.

   e. The LAW ENFORCEMENT AGENCY agrees that the RANGE shall be solely used in the service of crime prevention and for law enforcement purposes, such as training.

   f. The LAW ENFORCEMENT AGENCY shall be solely responsible for any injuries or damages to persons or property when the RANGE is used by their employees, and shall maintain liability insurance coverage for any such loss. Proof of same shall be provided to COUNTY/SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

   g. The LAW ENFORCEMENT AGENCY shall provide executed Waiver Agreements for Law Enforcement (attached as Exhibit "B") to the HIDALGO COUNTY SHERIFF'S OFFICE prior to any scheduled use of the RANGE.

3. INDEMNITY: TO THE EXTENT PERMITTED BY THE TEXAS CONSTITUTION AND LAWS OF THE STATE OF TEXAS, LAW ENFORCEMENT AGENCY, ITS PREDECESSORS, SUCCESSORS, AND ASSIGNS HEREBY RELEASE, RELINQUISH, AND DISCHARGE THE

COUNTY OF HIDALGO, TEXAS, SHERIFF'S OFFICE, THEIR PREDECESSORS, ASSIGNS, LEGAL REPRESENTATIVES, AND FORMER, PRESENT AND FUTURE AGENTS, EMPLOYEES, DIRECTORS AND OFFICERS FROM ANY LIABILITY ARISING OUT OF THE USE OF THE RANGE (identified herein) FOR ANY INJURY, INCLUDING DEATH OR DAMAGE TO PERSONS OR TO PROPERTY WHERE SUCH DAMAGE IS SUSTAINED IN CONNECTION WITH OR ARISING OUT OF THE USE OF THE RANGE PROVIDED FOR UNDER THIS AGREEMENT.

4. LAW GOVERNING VENUE: This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, and, the obligations and undertakings of each of the parties to this Agreement shall be performable in Hidalgo County, Texas.

THE HIDALGO COUNTY SHERIFF'S OFFICE WILL RECEIVE NO COMPENSATION FROM THE LAW ENFORCEMENT AGENCY FOR ANY FACILITY SHARING PURSUANT TO THIS AGREEMENT. THIS AGREEMENT BECOMES EFFECTIVE ON THE DATE IT IS SIGNED BY BOTH PARTIES. THIS AGREEMENT CAN BE TERMINATED BY EITHER PARTY UPON THIRTY (30) DAYS WRITTEN NOTICE OF INTENT TO TERMINATE.

EXECUTED IN DUPLICATE COPIES, EACH OF WHICH SHALL HAVE THE FULL FORCE AND EFFECT OF AN ORIGINAL, TO BE EFFECTIVE AS STATED HEREIN, BUT MINISTERIALLY SIGNED ON THE DATES INDICATED BELOW.

EXHIBIT "A"

HIDALGO COUNTY SHERIFF'S OFFICE
FIREARMS RANGE SAFETY RULES

1. Treat all firearms as though they were loaded.
2. Always keep your finger off the trigger and outside the trigger guard until on target and ready to shoot.
3. Be certain of the target and what is beyond.
4. No one is allowed on the range that is taking any substance that could impair the ability to correctly respond to audible or visual commands. This includes, but is not limited to, alcohol or any prescribed or over the counter medications.
5. All firearms training must be properly and adequately supervised.
6. Strict discipline and bearing will be maintained.
7. Upon picking up a firearm, remove magazine, open the action mechanism, and visually and physically checking to see that it is unloaded.
8. Keep the firearm pointed down range at all times.
9. No tobacco products on the firing line.
10. Never permit the muzzle of a firearm to touch the ground.
11. Pay strict attention to the Rangemasters.
12. No one should be on the firing line except those firing.
13. Electronic devices (cell phones, pagers, ipods, etc.) that can distract shooters will not be permitted on the firing line, unless authorized by the Rangemaster as part of the training.
14. All outside agency firearm instructors must check in with HCSO Academy Staff prior to commencing training.
15. All incidents and injuries at the HCSO firing range must be reported immediately to Academy Staff.
16. These rules apply to all personnel regardless of rank or agency.

Emergency: 9-1-1
Air Ambulance: 1-800-247-3822

EXHIBIT "B"

Waiver Agreement

For Use of Hidalgo County Sheriff's Office Shooting Range by Law Enforcement

I, _____ DO HEREBY CERTIFY THAT I AM OVER THE AGE OF EIGHTEEN (18) AND MAY CONSENT TO THIS AGREEMENT AND WAIVE, HOLD HARMLESS, AND INDEMNIFY THE COUNTY OF HIDALGO, TEXAS AND ITS EMPLOYEES AND ELECTED OFFICIALS FOR THE FOLLOWING:

- THE USE OF THE HIDALGO COUNTY SHERIFF'S OFFICE SHOOTING RANGE AS OPERATED BY THE HIDALGO COUTNY SHERIFF'S OFFICE.

I AM FULLY AWARE OF ANY AND ALL RISKS ASSOCIATED WITH THE ABOVE MENTIONED UNDERTAKING AND FULLY AND UNEQUIVICALLY ASSUME THESE RISKS WHICH MAY INCLUDE, BUT ARE NOT LIMITED TO THE FOLLOWING:

- INJURY AND/OR DEATH TO PERSON,
- INJURY AND/OR DAMAGE TO REAL AND/OR PERSONAL PROPERTY.

FURTHMORE, I FULLY UNDERSTAND AND AGREE THAT I WILL USE THE SHOOTING RANGE IN "AS IS" CONDITION AND THAT THE COUNTY OF HIDALGO EXPRESSLY WANES ANY AND ALL WARRANTIES INCLUDING BUT NOT LIMITED TO WARRANTY OF MERCHANTIBILITY AND WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE.

INDEMNIFICATION:

I HEREBY VOLUNTARILY RELEASE, DISCHARGE, WAIVE AND RELINQUISH ANY AND ALL ACTION OR CAUSES OF ACTION FOR PERSONAL INJURY, PROPERTY DAMAGE, OR WRONGFUL DEATH OCCURRING TO ME AS A RESULT OF MY USE OF THE HIDALGO COUNTY SHERIFF'S OFFICE SHOOTING RANGE. I HEREBY RELEASE, WAIVE, DISCHARGE AND RELINQUISH ANY ACTIONS OR CAUSES OF ACTIONS AFOREMENTIONED, WHICH MAY HEREAFTER ARISE FOR ME AND MY ESTATE, AND AGREE THAT UNDER NO CIRCUMSTANCES WILL I PROSECUTE OR PRESENT ANY CLAIM FOR PERSONAL INJURY, PROPERTY DAMAGE OR WRONGFUL DEATH AGAINST HIDALGO COUNTY OR ANY OF ITS AGENTS AND EMPLOYEES FOR ANY SAID CAUSE OF ACTION, WHETHER THE SAME SHALL ARISE BY NEGLIGENCE OF ANY SAID PERSONS, OR OTHERWISE. IT IS MY INTENT BY SIGNING THIS WAIVER AGREEMENT TO EXEMPT AND RELEASE, INDEMNIFY AND HOLD HARMLESS HIDALGO COUNTY AND ANY OF ITS EMPLOYEES, ITS ELECTED OR APPOINTED OFFICIALS, EMPLOYEES AND AGENTS FOR ANY PERSONAL INJURY, PROPERTY DAMAGE, OR WRONGFUL DEATH.

MY SIGNATURE ON THIS FORM CERTIFIES THAT I HAVE READ AND UNDERSTAND AND AGREE TO THIS WAIVER AGREEMENT AND TO VERIFY MY STATUS AS A LAW ENFORCEMENT OFFICER.

FORM USM-607 INSTRUCTIONS

The Joint Law Enforcement Operations Task Force Obligation Document is designed to provide district and regional fugitive task forces with one standard obligating form to record new obligations in UFMS. To adjust funding in an existing obligation, please refer to Form USM-607A, Joint Law Enforcement Operations Task Force Modification Document. Funding in support of the JLEO mission is pursuant to the existing Memorandum of Understanding (MOU) between the USMS and the JLEO participant. Reimbursements are subject to the availability of funds and contingent upon the submission of proper documentation. Please note that overtime reimbursements require the submission of agency invoices and supporting documentation on a quarterly basis.

In the event that the USMS will use a payment method OTHER than reimbursement directly to the state or local agency, additional guidance will be provided by USMS Headquarters. The district or RFTF office is responsible for communicating payment procedures to their partnering agencies. All payments are made via Electronic Funds Transfer (EFT) through the U.S. Department of Treasury.

SECTION 1: Obligation Number

A. Enter UFMS Document Control Number.

SECTION 2: Participating Agencies

A. BOX 1: Enter name of state or local JLEO participating agency.
B. BOX 2: Use drop down menu to select appropriate USMS District/RFTF.

SECTION 3: Period of Performance

A. Insert valid period of performance for the obligation. Obligations created using the one-page JLEO Task Force Obligation Form may not cross fiscal years. If there is a need to cross fiscal years, please utilize a Purchase Order for the obligation.
B. Period of performance must begin no earlier than the date of funds availability (provided by IOD and the Asset Forfeiture Division) and end no later than September 30 of the following calendar year.

SECTION 4: Appropriation Data

A. Enter information across appropriate field for all items being obligated. All fields for a line item must be completed in order to proceed to the next step.
B. Project Codes: District task force obligations are funded under the **JLEOTFS4** project code for a JLEO obligation. RFTF project codes have been assigned by region and will be entered by Headquarters IOD staff.

SECTION 5: Description of Obligation

A. Enter description of obligation (optional). Include any pertinent information such as number of TFO vehicles, for example.

SECTION 6: Contact Information

A. Enter District/RFTF contact information (Box 1) and State/Local contact information (Box 2).

SECTION 7: Authorization

A. Certification of Funds: Signature will be applied by USMS District official or IOD representative (RFTF) after the Asset Forfeiture Division has confirmed that funds have been moved into the budget.
B. Obligation Approval: Signature will be applied by District or RFTF representative upon receipt of obligation document. To ensure sufficient internal controls and proper segregation of duties, the district/RFTF representative approving obligation forms cannot also approve invoices or reimbursements related to the same obligation. (See U.S. Office of Management and Budget (OMB) Circular A-123 and USMS Office of Finance guidance for further information regarding internal controls.)
C. Acknowledgement: Signature will be applied by state or local agency representative. The obligation is not valid until all parties have signed. When completed, the form will be returned to the District/RFTF office. Districts are responsible for entering obligations into UFMS. RFTF obligations will be forwarded to Headquarters IOD to be entered into UFMS.

The Honorable A.C Cuellar Jr., Commissioner, Precinct No. 1
The Honorable Eduardo "Eddie" Cantu, Commissioner, Precinct No. 2
The Honorable Jose M. Flores, Commissioner, Precinct No. 3
The Honorable Joseph Palacios, Commissioner, Precinct No. 4

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners' court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the U.S. Department of Justice – U.S. Marshals Service (DOJ-USMS). These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

AMOUNT:	PURPOSE:
$22,000.00	Joint Law Enforcement Operations Task Force – Overtime for (2) TFOs

FORM USM-607 INSTRUCTIONS

The Joint Law Enforcement Operations Task Force Obligation Document is designed to provide district and regional fugitive task forces with one standard obligating form to record new obligations in UFMS. To adjust funding in an existing obligation, please refer to Form USM-607A, Joint Law Enforcement Operations Task Force Modification Document. Funding in support of the JLEO mission is pursuant to the existing Memorandum of Understanding (MOU) between the USMS and the JLEO participant. Reimbursements are subject to the availability of funds and contingent upon the submission of proper documentation. Please note that overtime reimbursements require the submission of agency invoices and supporting documentation on a quarterly basis.

In the event that the USMS will use a payment method OTHER than reimbursement directly to the state or local agency, additional guidance will be provided by USMS Headquarters. The district or RFTF office is responsible for communicating payment procedures to their partnering agencies. All payments are made via Electronic Funds Transfer (EFT) through the U.S. Department of Treasury.

SECTION 1: Obligation Number

A. Enter UFMS Document Control Number.

SECTION 2: Participating Agencies

A. BOX 1: Enter name of state or local JLEO participating agency.
B. BOX 2: Use drop down menu to select appropriate USMS District/RFTF.

SECTION 3: Period of Performance

A. Insert valid period of performance for the obligation. Obligations created using the one-page JLEO Task Force Obligation Form may not cross fiscal years. If there is a need to cross fiscal years, please utilize a Purchase Order for the obligation.
B. Period of performance must begin no earlier than the date of funds availability (provided by IOD and the Asset Forfeiture Division) and end no later than September 30 of the following calendar year.

SECTION 4: Appropriation Data

A. Enter information across appropriate field for all items being obligated. All fields for a line item must be completed in order to proceed to the next step.
B. Project Codes: District task force obligations are funded under the JLEOTFS4 project code for a JLEO obligation. RFTF project codes have been assigned by region and will be entered by Headquarters IOD staff.

SECTION 5: Description of Obligation

A. Enter description of obligation (optional). Include any pertinent information such as number of TFO vehicles, for example.

SECTION 6: Contact Information

A. Enter District/RFTF contact information (Box 1) and State/Local contact information (Box 2).

SECTION 7: Authorization

A. Certification of Funds: Signature will be applied by USMS District official or IOD representative (RFTF) after the Asset Forfeiture Division has confirmed that funds have been moved into the budget.
B. Obligation Approval: Signature will be applied by District or RFTF representative upon receipt of obligation document. To ensure sufficient internal controls and proper segregation of duties, the district/RFTF representative approving obligation forms cannot also approve invoices or reimbursements related to the same obligation. (See U.S. Office of Management and Budget (OMB) Circular A-123 and USMS Office of Finance guidance for further information regarding internal controls.)
C. Acknowledgement: Signature will be applied by state or local agency representative. The obligation is not valid until all parties have signed. When completed, the form will be returned to the District/RFTF office. Districts are responsible for entering obligations into UFMS. RFTF obligations will be forwarded to Headquarters IOD to be entered into UFMS.

Re: Selection/Election of Board of Directors 2016-2017

Dear Board President:

The Hidalgo County Appraisal District is governed by a Board of Directors that are appointed by vote of the taxing units that participate in the district. In accordance with Section 6.03 of the Property Tax Code, the Appraisal District will be conducting the 2016-2017 election for the Board of Directors of the Hidalgo County Appraisal District. Attached you will find important information and dates for you to keep in mind for the 2016-2017 selection/election process.

The Board of Directors consists of six (6) members, five (5) voting members who are appointed by vote and one (1) nonvoting member, which is the County Tax Assessor/Collector. Therefore, for this election each voting taxing unit may nominate one (1) but no more than five (5) candidates for the election. The candidate(s) name(s) must be submitted to the Chief Appraiser by resolution adopted by the governing body before **October 15th**.

The Chief Appraiser shall prepare and deliver to the presiding officer of the governing body of each voting taxing unit a ballot listing all the candidates whose names were timely submitted and the taxing unit's voting entitlement before **October 30th**. The governing body of each voting taxing unit shall determine its vote by resolution and submit such resolution before **December 15th** to the Chief Appraiser.

COOKLA JUDGE
FEB 03 2012
RECEIVED

Before December 31st, the Chief Appraiser shall declare the five candidates that received the most votes elected and submit the results to the candidates and the governing bodies of the taxing entities.

If I may be of further assistance in providing you additional information regarding the selection/election process, please do not hesitate to contact me at (956) 381-8466.

Sincerely,

Rolando Garza

Re: Election Ballot 2014-2015 Appraisal District Board of Directors

Dear Judge Garcia:

As prescribed by Section 6.03 of the Texas Property Tax Code enclosed you will find the "Official Ballot" with the candidate's names and the number of votes that you are authorized to cast in the election for Board of Directors for the Hidalgo County Appraisal District. In addition, for your review, I have provided a condensed biography of each candidate and a list of the total vote distribution to all entities.

There are five Board of Directors, who are elected by the taxing units that participate in the District which governs Hidalgo County Appraisal District. In addition to the five elected Board of Directors, the County Tax Assessor-Collector, Mr. Pablo "Paul" Villarreal Jr. serves on the Board as a non-voting Director.

The governing body of a taxing unit may cast all its votes for one candidate or distribute them among any number of candidates. Each voting unit shall determine its vote by written resolution and submit it to the Chief Appraiser before **DECEMBER 15, 2015**. A voting unit can only cast its votes for candidates named on the ballot. There is no provision for write-in candidates. The Chief Appraiser will not count votes cast for someone not listed on the official ballot.

The Chief Appraiser will count all the votes timely submitted and declare the five candidates who received the largest cumulative vote totals elected, and submit the results before **DECEMBER 31, 2015** to the governing body of each taxing unit in the district and to the candidates.

If you should have any questions, or I can provide additional information, please do not hesitate to contact me at (956) 381-8466.

Sincerely,

Rolando Garza

McAllen

A. Jimmy Garza was born in McAllen Texas in 1975, and is a life-long resident of the Rio Grande Valley. After McAllen Memorial High School, he graduated with a BBA in Finance from Baylor University. He also participated in study abroad programs in London and Semester at Sea. He has spent his entire life working in the family-owned and operated produce business which has been in existence for over 35 years. His hands on role as Director of Operations at Bebo Distributing has provided Jimmy with valuable procurement, transportation and international business experience. Mr. Garza also had the distinction of serving as a city commissioner in the All-American City of Pharr from 2010-2015. He has valuable economic development experience as well having served as a board member at the Pharr Economic Development Corporation. Jimmy is a well-respected leader in the community who has served on numerous boards including the Pharr-Reynosa International Bridge board, PSJA Education Foundation, Texas Regional Bank Advisory Board, and Texas International Produce Association. In 2012, Texas Agriculture Commissioner Todd Staples appointed Jimmy to the Texas Agriculture Finance Authority. And in 2014, he co-founded Bebo's Angels, a non-profit organization dedicated to raising Autism Awareness in the community. In 2014, he served as Senior Advisor for the successful campaign of Dan Patrick for Lieutenant Governor of Texas. Currently, he is a Finance Director for George P. Bush Texas Land Commissioner.

He currently resides in Pharr, Texas with his wife of 16 years Adrienne, and their two boys AJ and Aron.

Rodolfo "Rudy" Ramirez
Edinburg

Mr. Rodolfo "Rudy" Ramirez is the Executive Director for the Edinburg Housing Authority (EHA), the public housing agency for the city of Edinburg, mandated and funded by the United States Department of Housing and Urban Development. As the EHA Executive Director since 2011, he is responsible for the administration of more than 1200 low income housing (398 public housing units and 840 Housing Choice Voucher units, as of October 01, 2015) in Edinburg. Ramirez has been involved in the community all his life, serving as a Commissioner with EHA from 1991 to 2011 and as a School Board trustee for ECISD from 1999 to 2005.

His experience details a dynamic leader with a proven track record in organizational change, program integrity, operational effectiveness and amalgamating federal, state and local resources. As an Executive Director he acts as liaison between the governing bodies, the client population and general public besides supervising daily operations. He also works closely with and provides professional advice to governing bodies and staff to effectively implement a variety of housing programs and ensure their compliance with mandated standards.

He comes from a strong real estate and education background. He served in a number of roles prior to his work as an Executive Director. He owned and ran a successful real estate business in the past. He is also a licensed Real Estate Broker and has taught continuing education real estate classes at South Texas College. Besides being a realtor, he also taught for the Edinburg school district at Sam Houston Elementary and San Carlos elementary between 1987 and 1993.

Mr. Ramirez is also currently serving as the Vice President for Housing Alliance of Valley Employees South Texas Region (H.A.V.E S.T.R.) since 2014. H.A.V.E S.T.R. is a professional membership organization consisting of agencies and individuals who administer housing and community development in the South Texas Region. Mr. Ramirez has consecutively received twice the Executive Director of the Year award by National Association of Housing and Redevelopment Officials.

Ramirez is currently pursuing his Master of Public Administration from the University of Texas - Rio Grande Valley and is expected to graduate in 2016. He holds a Bachelor of Science degree in Education from the University Texas- Pan American since 1987.

Mr. Ramirez was born and raised in Edinburg, TX, is married to Pamela Ramirez, and they have four children - Rudy Jr., Pete, Ida Marie, and Ivy May Ramirez. Mr. Ramirez is a firm believer of the motto: "Change starts with us."

Re: Order Dated October 13, 2015, Accepting "Ted Garza Road" Into Hidalgo County Road System and Finding of Prescriptive Right Based on Public Use

Dear Judge Garcia:

My firm represents Teodoro "Ted" Garza, Beatriz Lopez Garza (on behalf of Robert Garza's estate), Emma G. Elizondo, Alexandra L. Scott, Carmen Mead and Pablo A. Garza in connection with the action taken by the Hidalgo County Commissioners Court on October 13, 2015, by which it purportedly brought the "Ted Garza Road" (referred to in this letter - for purposes of clarity only - as the "Road") into the Hidalgo County Road system and ordered that it be included in the Hidalgo County Road map as a public road (the "Order"). My clients are the owners of the property on which the purported "road" lies; they were not given notice of the proposed action of the County Commissioners Court until well after the matter was placed on the agenda and acted upon.

The purpose of this letter is to give you and the Commissioners Court notice that my clients, as the owners of the property, reject the action taken and intend to assert a claim for inverse condemnation if the Order is not promptly rescinded. I will describe the principal bases of the objections to the Order.

First, the Order is based on a finding of "prescriptive right based on public use." My clients inform me that any use by the "public" has been by their permission and in conjunction with their own use of the easement for ingress and egress into their various properties to the north of Chapa Road. Texas law on the subject holds that a prescriptive right may not be maintained unless the public use is adverse and exclusive - use by the landowner(s) as well as the public bars a finding of prescriptive right. Any public use of the roadway has been neither adverse (except as described below), nor exclusive, as my clients and their relatives (property owners to the north) have used the easement.

It has not been until fairly recently that the property owners to the east (including some who signed the petitions for acceptance of the Road into the County Road System) began to use the easement. The historical access for the owners to the east, from their properties to Chapa Road (and before that, to the San Manuel Road), was down the centers of shares/lots 56, 57 and 58, and then to the eastern boundary of share/lot 59 southward to the public road. The statements in the sworn attachments to the petition that the Road is the only access to their properties is simply inaccurate, and certainly misleading.

Second, to the extent the County (Precinct 4 maintenance crews) has maintained any part of the Road in the past, it has been over the express objection of one or more of my clients. Historically, the work done on the portion of the Road that has been improved with caliche has been performed by the oil and gas companies that have well sites along the properties bounded by the Road and to the north. The oil and gas companies' improvement and maintenance of the easement has been specifically authorized by one or more of my clients - and that authorization is memorialized by a written agreement recorded in the Hidalgo County Official Records. According to some of my clients, the County maintenance crews would occasionally bring maintainer equipment to the easement, but would destroy the crown of the roadway and impair the drainage. I am told that when my clients noticed the County crews on the easement, the crews were asked to stop work and leave.

In connection with County maintenance of the easement, I would point out that a county may not expend public funds to maintain a private road (with an exception that is not applicable here). So, we assume that any prior use of public funds to "maintain" the easement was unauthorized, and that the purpose of the Order was to justify future expenditure of public funds.

Third, the reliance on the 1947 Judgment in Cause No. B-15811, for the finding that the Road was declared a public road, is misplaced. First, the "public" was not a party to that suit, and that Judgment does not grant the public any rights - except to the extent the affected property owners permitted ingress and egress on the easement to their invitees. That is my clients' interpretation of the Judgment, and as they are the only parties affected by its scope, I trust their interpretation will prevail. Second, even if the public were to have some rights under that Judgment, it is limited to only part of their property, and certainly not the entire 7,520 feet recited in the Order. Third, the Judgment related to specific properties, identified by reference to a map recorded at a certain location in the Probate Minutes of Hidalgo County. Examination of that page reference reveals no map and nothing by which the affected tracts can be identified with the specificity required by the Statute of Frauds. And fourth, the public roadway to which the easement connected was the old San Manuel Road, which has since been abandoned. There is a gap (through property belonging to some of my clients) between the presumed ("presumed" because there is no map to verify it) location of the easement and Chapa Road, to which the Order apparently refers. The Judgment offers little support for the Commissioners Court's action.

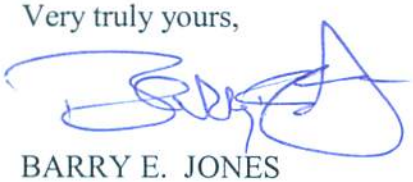
Fourth, as we understand Texas law, the Order does not - itself - create rights in the petitioners. Only the district court could adjudicate the rights of my clients with respect to their property. At best, the Order creates a basis for future maintenance of the Road, an outcome which my clients intend to avoid. Hidalgo County, and specifically Precinct 4, is hereby put on notice that it is not to take any steps to provide maintenance for the Road.

It appears that the Commissioners Court adopted the Order improvidently and without full knowledge of the underlying facts, at the request of property owners who did not have the right to use of the easement (except through the permission of my clients). I trust that if the Commissioners had information set out in this letter before it acted on the petition, it would not have granted it.

Should the County persist in its efforts to declare the Road as a public road and to incorporate it into the County's official road map, my clients intend to oppose such efforts, including opposition by way of litigation to assert their rights with respect to their property. We trust that will not become necessary and that the County Commissioners Court will act to rescind the October 13th Order. Should you require more information or if I can be of assistance with your evaluation of this matter, please do not hesitate to contact me.

With best regards, I am

Very truly yours,



BARRY E. JONES

HIDALGO COUNTY PRECINCT #4

MAINTENANCE III

GENERAL DESCRIPTION

Performs supervisory duties as directed. Maintains safe conditions on all County roads and bridges within precincts. Performs various tasks of construction and maintenance throughout the precincts.

EXAMPLES OF WORK PERFORMED

Road & Bridge

Performs supervisory duties as directed

Patches holes on County roads and/or bridges

Is able to operate tractor with shredder effectively in order to maintain all paved and unpaved roads in precinct

Performs a variety of preventative maintenance and repair work on equipment

Performs maintenance and construction duties including installing culverts

May operate chainsaw to clear brush from right of way

May drive County vehicle to haul materials to and from the work site

Tamps, packs and levels dirt, gravel or asphalt

Uses hand tools to dig ditches or holes

Loads material, trash, brush, etc., onto truck; May sometime unload the same

May replace tires on County vehicles

Checks daily construction schedule to keep appraised of materials needed on the job

Regular attendance is a must

Ability to work well with others

Perform other duties as assigned

Sanitation and Landfill

Familiarization with all duties of the attendants, maintenance I and truck drivers for the Sanitation Department

Check daily operations at the citizen collection stations and reports to the Sanitation Director

Schedules all work orders for truck operators and serves as dispatcher for the operation

Mobilizes heavy equipment as needed to maintain a hazard free environment at all citizen collection stations and recovery centers

Works closely with the Solid Waste Enforcement Officers for schedule clean-up campaigns

GENERAL QUALIFICATION GUIDELINES

Experience and Education

Graduation from a high school or equivalent (GED)

Three (3) years of supervisory experience; and/or

Any equivalent combination of experience and training, which provides the required knowledge, skills and abilities to perform duties

Certificates, Licenses and Registration

Must have a current valid Texas motor vehicle operator's license

Must be able to be insured by the County's insurance carrier

Knowledge, Skills, and Abilities

Should be able to operate other general equipment such as backhoe, loader, etc

Should be able to train employees on the various types of equipment

May be required to address personnel issues

Must have basic knowledge of hand tools associated with manual labor and the minor repair of the equipment

Employees working in the installation of signs may use a jackhammer, pole hole digger, hole auger, air compressor, etc., but all employees will be trained on the job to handle such tools

Ability to read and interpret documents such as safety rules, maintenance instructions and procedure manuals

Bilingual (Spanish and English) with the ability to converse fluently in both languages preferred

Ability to calculate figures and amounts such as simple addition, subtraction, multiplication, and division

Ability to understand and follow written and oral instructions and directives

Must be able to perform all duties of Maintenance I and II

Employee may be assigned other duties in addition to those listed

Duties may change according to the changing needs of the County

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to stand. The employee is occasionally required to walk; sit; use hands to find, handle, or feel objects, tools or controls; reach with hands and arms; climb or balance; stoop and kneel.

The employee must occasionally lift and/or move over twenty five (25) pounds. Specific vision abilities required by this job include close vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

SAFETY REQUIREMENTS:

Maintain physical conditions appropriate to the performance of assigned duties and responsibilities which may include the following:

- sitting for extended periods of time
- standing for extended periods of time
- operating assigned equipment

Maintain mental capacity which permits:

- making sound decisions and using good judgment
- demonstrating intellectual capabilities

Effectively handle a work environment and conditions which involve:

- working closely with others
- working in a multi-task environment

Maintain effective audio-visual discrimination and perception needed for:

- making observations
- reading and writing
- operating assigned equipment
- communication with others
- required to follow the Hidalgo County Accident Prevention Plan and department's safety regulations

HIDALGO COUNTY PRECINCT #4

ACCOUNTS PAYABLE SPECIALIST II

GENERAL DESCRIPTION

Performs accounts payable work. Work involves processing of County invoices and payment in a timely manner. Communicate with County departments regarding purchase orders, invoices and payments. Answer inquiries from departments regarding account balances and encumbrances. Will scan, stamp, and file all documentation regarding payments.

EXAMPLES OF WORK PERFORMED

Alerts departments of discrepancies with purchase orders and invoicing

Verifies account balances for deficiencies

Advises department regarding procedures for processing of payments

Submits journal entries for corrections or adjustments to accounts

Examines claims for validity and completeness prior to invoice entry

Maintains manual and automated batch log to ensure appropriate release of checks

Processes void and manual checks

Maintains and enter information for claims to generate appropriate checks for Commissioner's Court

Interacts with County departments regarding vendor data or policies

Performs all other related duties as assigned

GENERAL QUALIFICATION GUIDELINES

Experience and Education

Graduation from a high school or equivalent (GED)

Business Technical training

Two (2) years experience in accounts payable capacity.

Knowledge, Skills, and Abilities

General accounting knowledge

Good verbal and written communication

10 key calculator

Knowledge of MS Word and Excel

Understand record keeping techniques

Registration, Certification, or Licensure

May require a valid driver's license

Employee may be assigned other duties in addition to those listed; duties may change according to the changing needs of the County

Regular attendance punctuality is a must

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to stand. The employee is occasionally required to walk; sit; use hands to find, handle, or feel objects, tools or controls; reach with hands and arms; climb or balance; stoop and kneel.

The employee must occasionally lift and/or move over 25 pounds. Specific vision abilities required by this job include close vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

SAFETY REQUIREMENTS:

Maintain physical conditions appropriate to the performance of assigned duties and responsibilities which may include the following:

- sitting for extended periods of time
- operating assigned equipment

Maintain mental capacity which permits:

- making sound decisions and using good judgment
- demonstrating intellectual capabilities

Effectively handle a work environment and conditions which involve:

- working closely with others
- working in a multi-task environment

Maintain effective audio-visual discrimination and perception needed for:

- making observations
- reading and writing
- operating assigned equipment
- communication with others
- required to follow the Hidalgo County Accident Prevention Plan and department's safety regulations

Exempt	OT ☑	Exempt	☐
Non-Exempt	~~☑~~ OT	Non-Exempt	☑
N/A	☐		

JUSTIFICATION/PRIORITY: (Explain why this position or adjustment request is essential)

Our office is requesting the 6 temporary positions that we now have be extended. Our office is busy at work preparing for the March 2016 Primary Election that has deadlines as early as December of 2015 that affect our office. Early voting for the Primary Election begins in February which means we begin preparing in December. Deadlines for the May city/school elections are approaching during the Primary Election as well as those for the Primary Runoff. Our office is in the middle of preparing for a future election during one that is taking place due to overlapping deadlines.

NEW POSITION: Brief job description and attach a copy of the new job description.

POSITION RECLASIFICATION: Explain change and /or increase in duties and responsibility. (Attach new job description)

ADDITIONAL DUTIES: Explain reason for additional duties and attach list of additional duties.

COMMENTS: (Any comments you wish to make regarding this request)

During odd number years our office employs a lesser amount of temporary employees so that we are able to request 10 positions in even numbered years. 2016 is a presidential election year as well and we anticipate that we will need all ten positions to effectively and efficiently run all elections that are taking place in 2016.

JUSTIFICATION/PRIORITY: (Explain why this position or adjustment request is essential)

Temporary positions are needed to assist in running an effective Primary Election with early voting beginning in February and a Primary Runoff with Early Voting that begins in April. In between those elections our office is also preparing for a possible 13 cities and schools holding elections in the beginning of May. Wrap up of one election is going on during preparation for the next. For this reason I am confident our office will need and utilize all 10 temporary positions.

NEW POSITION: Brief job description and attach a copy of the new job description.

POSITION RECLASIFICATION: Explain change and /or increase in duties and responsibility. (Attach new job description)

ADDITIONAL DUTIES: Explain reason for additional duties and attach list of additional duties.

CIVIL SERVICE:		FLSA:	
Exempt	OT ☑	Exempt	☐
Non-Exempt	~~☑~~ OT	Non-Exempt	☑
N/A	☐		

JUSTIFICATION/PRIORITY: (Explain why this position or adjustment request is essential)

Our office is requesting the 6 temporary positions that we now have be extended. Our office is busy at work preparing for the March 2016 Primary Election that has deadlines as early as December of 2015 that affect our office. Early voting for the Primary Election begins in February which means we begin preparing in December. Deadlines for the May city/school elections are approaching during the Primary Election as well as those for the Primary Runoff. Our office is in the middle of preparing for a future election during one that is taking place due to overlapping deadlines.

NEW POSITION: Brief job description and attach a copy of the new job description.

POSITION RECLASIFICATION: Explain change and /or increase in duties and responsibility. (Attach new job description)

ADDITIONAL DUTIES: Explain reason for additional duties and attach list of additional duties.

COMMENTS: (Any comments you wish to make regarding this request)

During odd number years our office employs a lesser amount of temporary employees so that we are able to request 10 positions in even numbered years. 2016 is a presidential election year as well and we anticipate that we will need all ten positions to effectively and efficiently run all elections that are taking place in 2016.

JUSTIFICATION/PRIORITY: (Explain why this position or adjustment request is essential)

Temporary positions are needed to assist in running an effective Primary Election with early voting beginning in February and a Primary Runoff with Early Voting that begins in April. In between those elections our office is also preparing for a possible 13 cities and schools holding elections in the beginning of May. Wrap up of one election is going on during preparation for the next. For this reason I am confident our office will need and utilize all 10 temporary positions.

NEW POSITION: Brief job description and attach a copy of the new job description.

POSITION RECLASIFICATION: Explain change and /or increase in duties and responsibility. (Attach new job description)

ADDITIONAL DUTIES: Explain reason for additional duties and attach list of additional duties.

HEALTH AND SAFETY CODE

TITLE 6. FOOD, DRUGS, ALCOHOL, AND HAZARDOUS SUBSTANCES

SUBTITLE B. ALCOHOL AND SUBSTANCE ABUSE PROGRAMS

CHAPTER 465. LOCAL DRUG AND ALCOHOL EDUCATION PROGRAMS

Sec. 465.001. COMMISSION. A municipality or county may create and support with public funds a commission to:

(1) educate the public on drug and alcohol abuse;

(2) promote drug and alcohol education at all levels of the schools;

(3) study the effectiveness of efforts, including the commission's efforts, in reducing drug and alcohol abuse; and

(4) create and administer a program to counsel or treat drug and alcohol abusers or to provide both counseling and treatment.

Amended by Acts 1991, 72nd Leg., ch. 14, Sec. 191.

Sec. 465.002. INDIVIDUAL OR JOINT ACTION. The municipality or county may create the commission by its own action or jointly by agreement with another municipality or county or a private foundation, nonprofit organization, church, or other entity. If the commission is created by agreement, all matters regarding the creation and operation of the commission are governed as provided by the agreement.

Amended by Acts 1991, 72nd Leg., ch. 14, Sec. 191.

Sec. 465.003. REPORT. The commission shall report annually to each entity that participates in the creation of the commission regarding the commission's activities.

Amended by Acts 1991, 72nd Leg., ch. 14, Sec. 191.

Subject: FY16 TB/FED Allocation (Hidalgo)
Date: 7/21/2015 5:40:24 PM

Good Afternoon Mr. Olivarez,

The Texas Department of State Health Services, Tuberculosis (TB) Services Branch, is initiating the contract application process for fiscal year (FY) 2016 for TB. The award is for the period January 1, 2016 through December 31, 2016. At this time we are requesting a one year detailed budget. At a later date DSHS will send a request for the full Inter-local Application for TB. The deadline for the budget submission is Tuesday, July 28, 2015. We apologize for the short turn around but this is due to the deadline imposed by CDC to DSHS.

The FY2016 budget allocation is 437,771. Contractor shall provide a match of no less than 20% of the DSHS share of the total budget which is $87,554.

Please submit via email to Kathy Sharp at the email address noted below.

If you have any questions or need additional information, please contact Kathy Sharp, Contract Manager, Disease Control and Prevention Services, Contract Management Unit at (512) 776-2640 or by e-mail at kathy.sharp@dshs.state.tx.us

Form Started By: Mike Escaname Started On: 11/20/2015 09:08 AM

Final Approval Date: 12/11/2015

Conference/Seminar Delivery
MEMORANDUM OF UNDERSTANDING
(MOU)

This Memorandum of Understanding (MOU) is entered into by and between the Texas A&M Engineering Extension Service (TEEX) and FY16 & FY17 Hidalgo County Health & Human Services Training Support for the following effort:

Course #:	Conference/Seminar Name:	Course Dates:	
XTN048	FY16 & FY17 Hidalgo County Health & Human Services Training Support	FY16 9/1/15-8/31/16	FY17 9/1/16-8/31/17

I. STATEMENT OF WORK: Both parties agree to work cooperatively to facilitate the above Conference/Seminar Delivery.

II. RESPONSIBILITIES:

A. **Conference/Seminar Planning**

1. TEEX will work cooperatively with officials of the Conference/Seminar Delivery to approve and schedule a minimum of 60 days prior to the Conference/Seminar deliveries.
2. A request and MOU must be completed each time the Agency would like to instruct a Conference/Seminar Delivery.
3. Upon request approval, a TEEX course approval number will be issued to the hosting agency.
4. TEEX will not support any Conference/Seminar Delivery that choose not to request and plan within the specified time or does not abide by the agreements within this MOU.
5. TEEX Liaison will maintain the right to refuse or suspend current and/or future Conference/Seminar Deliveries.

B. **Conference/Seminar Delivery Advertising**

1. Agencies may advertise.

C. **Conference/Seminar Delivery Operations**

1. TEEX may choose to assign a TEEX staff member to serve as additional liaison for the Conference/Seminar Deliveries. TEEX will evaluate each Conference/Seminar Delivery course on a case by case basis.
2. Agency granted approval to conduct a Conference/Seminar Delivery may charge a fee for the Conference/Seminar. Agencies must work to ensure that all parties understand that TEEX has no affiliation with any/all fees charged. Fee structure must be discussed with the TEEX Liaison.
3. TEEX will print and issue certificates to all students and instructors who successfully attend the conference/seminar. Certificates may be printed onsite or mailed to the Agency host official that requested the Conference/Seminar Delivery. The Agency Official will be responsible to insure students receive their certificates.
4. TEEX at its discretion may alter, suspend or terminate any operation that is determined to be detrimental or in direct violation of any TEEX or TAMUS guideline, procedure, process or for any act not considered within generally accepted practices and principles of the Fire/Rescue Service.
5. TEEX will require all local safety regulations to be adhered to.
6. TEEX may inspect the location of all Conference/Seminar Deliveries and document any deficiency's that must be repaired or replaced prior to the course start date.
7. TEEX will monitor course deliveries as appropriate.
8. All participants are required to fill out TEEX registration forms or provide TEEX a list of participants with the required participant information. Agency Officials will be responsible to insure forms are filled out correctly and legible.
9. TEEX requires students sign in each morning and afternoon session on the TEEX sign in sheet or provide TEEX with a list of students that attended each session.

III. TERMS OF AGREEMENT: This MOU shall begin as of the date of the last signature, and terminate 10 days from the Conference/Seminar Delivery end date, unless terminated by either party. Both parties reserve the right to terminate this MOU for reasonable cause or if it is determined the objective of the project cannot be accomplished. A party wishing to terminate this MOU must notify the other party in writing fifteen (15) days in advance. No monetary payment is due under this Agreement.

If this Agreement is not signed by all parties and returned to both parties within 60 days of date of the first signature below, then this Agreement will be null and void and of no further effect.

IV. GOVERNING LAW: The terms and conditions of this MOU and performance hereunder shall be construed in accordance with the laws of the State of Texas.

THE UNDERSIGNED PARTIES BIND THEMSELVES TO THE FAITHFUL PERFORMANCE OF THIS Memorandum Of Understanding.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.07075 SPECIAL BUDGET FOR REVENUE RECEIVED AFTER START OF FISCAL YEAR:

> The county auditor shall certify to the commissioners' court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court program income in the amount of $12,066.00 to be generated by the Hidalgo County Adult Probation Department for the DWI Court Grant FY2016. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

Final Approval Date: 12/11/2015

County of Hidalgo Community Service
Comprehensive Energy Assistance Program
PY16 Service Delivery Plan

1) County of Hidalgo CSA will use the requirements of the Texas Public Utility Commission Substantive Rule 25.483(j) for declaring a weather-related crisis. "Extreme weather conditions", as referred to in 10 TAC 5.423 shall mean a day when:
   i. The previous day's highest temperature did not exceed 32 degrees Fahrenheit, and the temperature is predicted to remain at or below that level for the next 24 hours anywhere in the county, according to the nearest National Weather Service (NWS) reports; or
   ii. the NWS issues a heat advisory for a county, or when such advisory has been issued on any one of the preceding two calendar days in a county.

   County of Hidalgo CSA will maintain on-site documentation of NWS reports supporting the declaration of a weather-related crisis in the service area.

2) Provide the latest Census data for the priority groups throughout your service area. Priority groups must include the elderly, disabled individuals, and households with children under the age of six.

   According to the US Census American FactFinder website, the estimated population for Hidalgo County was 782,134 persons. The site also estimates the number of persons in each of the following "vulnerable" categories:

Segment of Population	# of Persons
Elderly (65 years plus)	74,414
Disabled	107,531
Children under 6	92,866

3) Using the Census data provided in response to question 2, provide a brief description of your agency's prioritization process for eligible CEAP applicants. Eligibility for PY16 contracts will be increased to 150% of Federal Poverty Income Guidelines. Priority is granted to households based on indicators such as poverty level, energy burden and use, and the presence of vulnerable household members. Energy burden is to be awarded the highest point value in the prioritization process. Include a copy of your agency's Priority Rating Sheet.

   Eligibility Workers/ Client Specialists will document and prioritize applications during the intake process. Energy burden will be awarded the highest point value, with vulnerable household

members (elderly, disabled, children 5 or under) awarded the next highest point value. (see scoring sheet)

4) Provide an analysis for determining how your agency plans to equitable deliver service based upon poverty population per county or within your county. Include information on location of main office, service centers, outreach centers, and/or how you will provide services to those who do not have an office or center.

HCCSA currently utilizes one main office and three satellite offices for the provision of services across Hidalgo County. In addition, two other satellites are in the planning stages. The agency will utilize a variable schedule approach to ensure that services are available to all residents of the county. Plans are also being developed for "temporary" locations (2 week or so) in pre-determined, isolated locations of the county.

Residents who are not able to apply in person are afforded the opportunity to access the application on-line at the agency website and upload the application and pertinent documents to an agency mailbox. Residents who cannot access the internet and cannot reach a satellite location may be served in the comfort of their own home.

Finally, transportation vouchers are provided to those residents who can access public transportation but cannot afford bus fare. This is accomplished via an agreement with Valley Metro Transportation Service and United Way of South Texas. Bus route #15 includes a stop in front of the main HCCSA office in Edinburg.

The following chart details our office locations:

Hidalgo County service centers:

Location	Days and hours of Operation
Edinburg (2524 N. Closner)	5 days per week
Mission (2401 N. Moorefield)	3 days per week
McAllen (2100 Fir Avenue)	2 days per week
San Juan (509 E. Earling Rd.)	2 days per week
Alamo (1429 S. Tower)	Seasonal
Elsa (708 E. Edinburg Ave)	Seasonal
Weslaco	To be determined

Mail in applications will be accepted, as well as home visits to those who are unable to leave their homes.

5) Provide a brief description of your agency's determination process for the number of assistance payments per household. Include a copy of the form used for payments determination.

Income qualified households that include at least one member that is Elderly, a Person with Disability or a child age 5 or younger (vulnerable populace) may receive benefits to cover up to 100% of the eight highest remaining bills, not to exceed their maximum benefit allowance. Households that do not contain a vulnerable member may receive benefits to cover up to 100% of the 6 highest remaining bills, not to exceed their maximum benefit allowance.
First payment may include 100% of utility bill including arrears.

6) As required by Assurance 16 of the LIHEAP statue, describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance. Please include all needs assessment, counseling, and client education activities.

Client service specialist will conduct a needs assessment and provide budget and energy conservation materials after intake. Client service specialist will provide energy vendor assistance and refer clients to appropriate programs, as needed. Applications will be provided in both English and Spanish.

7) Provide the number of CEAP case managers (full time and part time) and provide the estimated number of cases each Case Manager will be assigned per day.

County of Hidalgo CSA has 9 client service workers, each of whom will be assigned 6-8 cases/day.

TIPS ON HOW TO SAVE MONEY ON UTILITIES

Applicant's Name_____

NO COST TIPS

SAVINGS PER YEAR

- Turn water heater down to 120°F (49°C) $27
- Clean refrigerator coils
- Set refrigerator to 36°-38°F (2 - 3°C).....$11
- Set freeze to a 0°- 5°F (-18° - 15°C).....
- Keep refrigerator / freezer full (water).....
- Unplug major appliances when not in use.....$64
- Turn off water while shaving or brushing teeth
  Use cold water to wash and wash full loads $46
- Use the right size pot/ pan on the stove burner
- Do not preheat your oven except for baking
- Cover pots/ pans when cooking

SUMMER TIPS

- Raise thermostat up 5 degrees at night (78°F/day, 83°F/night) $149*
- Raise thermostat up 5 degrees when leaving for 4 hours or more.....
- Turn off furnace pilot light .....
- Close curtains on the sunny sides of the home
- Open windows on the cool sides of the home
- Wear loose light colored clothing
- Use fans to circulate air in the home

WINTER TIPS

- Turn thermostat down 10 degrees at night (68°F/day, 58°F/night)* .....
- Turn thermostat down 10 degrees when leaving for 4 hours or more*.....
- Keep curtains open on the south side of the house during the day
- Keep curtains closed on north windows
- Remove screens from south windows
- Dress in layers of clothing

LOW COST TIPS

- Install low flow shower heads and aerators on faucets $39
- Insulate water heater.....
- Replace the central unit filter monthly during summer and winter.....$25
- Replace light bulbs with compact fluorescent bulbs.....$20
- Insulate electrical outlets and switches
- Caulk in the inside of windows and doors
- Insulate/caulk all pipe penetrations in the wall and ceilings
- Purchase a water saving toilet or use dams
- Make a draft dodger for use on doors and windows

TOTAL YEARLY SAVINGS.....$381

Consejos de eficiencia energética

En TXU Energy, una de nuestras prioridades es educar a los consumidores sobre maneras de reducir el consumo de energía y los costos de electricidad. Si usted está buscando maneras de ser más eficiente en energía, ¡tenemos consejos para cada electrodoméstico, cada estación del año y cada parte de su hogar!

Consejos de calefacción y aire acondicionado

Sorprendentemente, casi la mitad de su consumo de energía se va en calefacción y aire acondicionado para su hogar. Afortunadamente, hay muchas maneras de reducir su consumo, incluyendo: uso de material aislante, sellado contra fugas de aire, termostatos programables y más.

Mantenga afinado su sistema HVAC - Para asegurar una eficiencia energética de su calefacción y aire acondicionado en su hogar, cambie sus filtros por lo menos una vez cada tres meses, y más a menudo durante el invierno y el verano.

Use ventiladores de techo - Los ventiladores de techo son una gran manera de enfriar su hogar durante el verano y usan considerablemente menos energía que su unidad de aire acondicionado. También ayudan a mantener caliente su hogar en el invierno al hacer circular hacia abajo el calor que se eleva en la habitación.

Use calentadores y ventiladores portátiles - Su sistema HVAC está diseñado para calentar y enfriar todo su hogar. Sin embargo, algunos días usted pasa la mayoría del tiempo en una o dos habitaciones. Considere reducir la temperatura en su termostato y usar un calentador portátil durante el invierno; y aumentar la temperatura en su termostato y usar un ventilador portátil durante el verano.

Consejos para el calentador de agua

El agua caliente para las bañeras y las duchas es un lujo que muchos de nosotros disfrutamos. Sin embargo, el calentador de agua es el tercer gasto más grande en su hogar y representa alrededor del 12% de su factura de electricidad. Afortunadamente, hay varias maneras de reducir sus facturas sin sacrificar su comodidad.

Use menos agua - Una manera sencilla de ahorrar dinero es usando menos agua. Considere cambiar las cabezas de sus duchas. Algunas cabezas de duchas antiguas tienen flujos de 5.5 galones por minuto. Los modelos más nuevos gastan menos de la mitad de ese flujo, y lo dejan a usted igual de limpio.

Use menos calor - Además de usar menos agua, otro consejo para ahorrar energía es usar menos calor. Aunque los nuevos calentadores de agua a veces vienen de fábrica con temperaturas fijadas a 140°, si reduce la temperatura de su calentador de agua a 120° todavía puede ser confortable.

Consejos de iluminación

Las lámparas interiores, al igual que las exteriores y las luces navideñas alrededor de su hogar pueden hacer que su vida sea más brillante y hermosa. También pueden ser muy costosas. La iluminación artificial consume casi el 10% de sus facturas anuales de electricidad. Sin embargo, usted no tiene que sacrificar su visibilidad y comodidad para ahorrar energía. Las opciones de iluminación y las estrategias de iluminación natural pueden ayudarle a ahorrar energía y dinero cuando se hacen bien.

Use la luz solar en su hogar - La iluminación natural es por mucho la manera más eficiente en energía y en costo de iluminación porque es gratis. Las ventanas que dan al norte y al sur le dan la mejor luz todo el año.

Use focos CFL y LED - Los focos CFL (luz compacta fluorescente, por sus siglas en inglés) requieren un 25-30% menos de energía que los focos incandescentes, y proporcionan la misma cantidad de iluminación. Los focos LED (diodos de emisión de luz, por sus siglas en inglés) ahorran energía al emitir luz solamente en una dirección, resultando en un foco más eficiente.

Reduzca la iluminación de fondo - Cuando sea posible, use lámparas de mesa, de piso o guías de luces en lugar de luces de techo para que usted pueda controlar y concentrar su iluminación. Esto le ahorrará energía y dinero al no iluminar áreas que no necesitan ser iluminadas.

Electrodomésticos – Refrigerador y congelador

Fije la temperatura correcta - Para ahorrar dinero en su factura de electricidad, mantenga la temperatura de su refrigerador entre 37-40° en la sección de alimentos frescos, y 5° en la sección del congelador.

Limpie las bobinas cada mes - Su refrigerador enfría al transferir el calor del interior de la unidad al exterior por medio de las bobinas del condensador, pero si usted permite que el polvo se acumule sobre las bobinas, su unidad tiene que trabajar más. Use una aspiradora o una escoba para limpiar suavemente las bobinas cada mes.

Cierre la puerta - Trate de decidir lo que quiere de su refrigerador o congelador antes de abrir la puerta. Cada vez que la abre, la temperatura interior puede aumentar de 10° a 20°.
Cuando la puerta está abierta, se pierde el aire frío y la compresora tiene que trabajar más para enfriar de nuevo.

Electrodomésticos – Lavadora y secadora

Lave su ropa en agua tibia - Considere lavar toda su ropa en agua tibia o fría. El noventa por ciento de la energía usada en una lavadora de carga superior es en calentar el agua. Al cambiar la temperatura de lavado, usted puede reducir a la mitad su consumo de energía por cada carga.

Utilice su secadora inteligentemente - Utilice el sensor de humedad de su secadora para evitar secar de más su ropa. La ropa ligera requiere menos calor para secarse que la ropa más pesada, así que seque su ropa de acuerdo al peso. Revise su rejilla de ventilación regularmente y limpie su filtro de pelusa después de cada carga.

CC - REGULAR

Meeting Date: 12/15/2015

Submitted For: Diana Serna, URBAN COUNTY

Submitted By: Sandra Regalado, URBAN COUNTY

Department: URBAN COUNTY

Information

CAPTION

The Urban County Program (UCP) is requesting approval of Amendment No. 3 to a Professional Engineering Service Contract with Dos Logistics, Inc. The Amendment will increase the contract amount of $1,008,861.00 by $36,636.60 for a total amount of $1,045,497.60 for surveying services as related to construction staking including row recovery, vertical control, and setting hubs.

BACKGROUND

Urban County Program is requesting approval of Amendment No. 3 to a professional service contract approved on May 22, 2012. The original contract amount of $874,911.00 including Engineering, Topographic Surveying, Geotechnical Surveying and Construction Management & Material Testing services for Pct. 1 Delta Area Connector/ East Lateral Project (GLO Contract No. 12-406-000-6453/DRS210068).

DOS LAND SURVEYING, LLC

Surveying Proposal

Client: Urban County

Project: Delta Area Connector-East Lateral Construction Staking for all Phases.

Date: 12/7/2015

Scope of Work

East Lateral Construction staking for all Phases (Round 2.1 Phase II, Round 2.1 Phase I and Round 2.2). See second sheet for fee schedule.

This proposal is for professional services required for the aforementioned project as noted in the scope of work. The work to be performed is needed to complete the project currently under construction. Upon acceptance of the described professional services and fees, performance of the Scope of Work will commence to provide field personnel with required services.

Item	Description	Fees
1	Scope of work as outlined above	$ 36,636.60
2		
3		
4		
5		
	TOTAL	$ 36,636.60

Client acknowledges that it has selected Dos Land Surveying, LLC (DLS) to perform professional services in connection with the above Scope of Work and has solicited this Fee Proposal (PROPOSAL). The fee proposal presented herein is in response to such request. If accepted as indicated by the CLIENT's signature below, this proposal shall become an agreement and be effective as of the date indicated below between

Urban County **(CLIENT)**

and DLS (SURVEYOR). CLIENT retains SURVEYOR to perform the professional services in connection with the matter described above in Scope of Work.

STATE OF TEXAS §

COUNTY OF HIDALGO §

AMENDMENT NO. 3 TO PROFESSIONAL SERVICES AGREEMENT BETWEEN HIDALGO COUNTY ACTING BY AND THROUGH THE HIDALGO COUNTY URBAN COUNTY PROGRAM AND DOS LOGISTICS, INC.

This Amendment No. 3 to the Agreement is made this ____ day of _____, 2015 by and between Hidalgo County, Texas (the "County") and DOS Logistics, Inc., (the "Engineer").

WHEREAS, Hidalgo County received funds from the Texas General Land Office (GLO) to be used for the completion of the Precinct No. 1 – Delta Area Connector /East Lateral project;

WHEREAS, Engineer and County entered into a Professional Services Agreement (the "Agreement") dated May 22, 2012 for engineering services for the Delta Area Connector;

WHEREAS, Amendment No. 1 added additional services for Engineer and increased the fee to the Engineer under the Agreement to $992,411.00;

WHEREAS, Amendment No. 2 added additional services and increased fee to Engineer by Sixteen Thousand Four Hundred Fifty and no/100ths Dollars ($16,450.00);

WHEREAS, the Agreement now requires an amendment in order to add additional services as required for parcels associated with the project; and

WHEREAS, the parties desire to amend the Agreement as herein after provided.

NOW THEREFORE, for and in consideration of the terms and provisions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, County and Engineer hereby agree to the following amendment to the Agreement:

1. Exhibit A of the Agreement is amended by the addition of Exhibit A-3, a copy of which is attached hereto.

2. The first sentence of Section 6.1 of the Agreement is deleted in its entirety and the following is substituted in lieu thereof:

> The Engineer shall be paid a total fixed amount of $1,045,497.60 for services rendered under this contract.

3. Except as modified herein, all terms and conditions of the Agreement, as amended, remain in full force and effect and Engineer and County ratify and confirm the terms and provisions of the Agreement as amended.

EXECUTED IN DUPLICATE ORIGINALS and effective as of the day and year first written above.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations
Where Requied by written contract for each Addititional Insured endorsement.	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

© Insurance Services Office, Inc., 2012

C. With respect to the insurance afforded to these additional insureds, the following is added to **Section III – Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

© Insurance Services Office, Inc., 2012

POLICY NUMBER:MP0042012001268

COMMERCIAL GENERAL LIABILITY
CG 24 04 05 09

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Person Or Organization:

Where Requied by written contract for each Addititional Insured.

Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

Good Morning,

We are in need of Amendment # 3 to our Professional Service Agreement with DOS Logistics for all (3) three phases of the Delta Area Connector/East Lateral. I have attached the scope of services with the amount of the amendment. I have also attached the Original Professional Service Agreement and Amendment No. 2 so that you may reference back to if needed.

Should you have any questions or need additional information, please feel free to contact me at your earliest convenience.

Respectfully,

SECOND AMENDMENT TO PROFESSIONAL SERVICES AGREEMENT

This Second Amendment to the Professional Service Agreement by and between **Hidalgo County**, **Texas** acting by and through the **Hidalgo County Urban County Program** ("Party") and **SAM Engineering & Surveying, Inc.** ("Engineer") is entered into between the parties effective this ____ day of _____, 2015.

WHEREAS, Party and Engineer entered into a Professional Services Agreement dated May 22, 2012 in which Engineer agreed to provide certain engineering services for the GLO Flood and Drainage Improvements Project known as the "Delta Area Connector/ East Lateral" Colonia Infrastructure Improvements I Account(s) 6540-62-0309-5100-6200 (the "Agreement");

WHEREAS, Party and Engineer executed that certain First Amendment to Agreement on April 28, 2015 to add additional services to the Agreement and to increase the fee to the Engineer.

WHEREAS, the Agreement now requires amendment in order to add additional services of revising main storm sewer and surveys as more particularly described in Exhibit A-3 attached hereto and to revise the fee to the Engineer for the additional work; and

WHEREAS, the parties desire to amend the Agreement as herein provided;

NOW THEREFORE, for and in consideration of the terms and provisions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Party and Engineer agree to the following amendments to the Agreement:

1. The Agreement is amended by the additional services of the Engineer more particularly described in Exhibit A-3 attached hereto.

2. The first sentence of Section 6.1 of the Agreement is deleted in its entirety and the following is substituted in lieu thereof:

> The Engineer shall be paid a total fixed amount of $215,997.00 for services rendered under this contract.

3. Except as modified herein, all terms and conditions of the Agreement, as amended, remain in full force and effect and Party and Engineer ratify and confirm the terms and provisions of the Agreement, as amended.

EXECUTED effective as of the day and year first written above.

STATE OF TEXAS §
COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN HIDALGO COUNTY AND
HIDALGO COUNTY DRAINAGE DISTRICT NO. 1

THIS AGREEMENT is made on this the 04th day of February 2015, by and between **HIDALGO COUNTY DRAINAGE DISTRICT NO 1,** hereinafter referred to as "Drainage District", and **HIDALGO COUNTY,TEXAS,** acting by and through its Urban County Program hereinafter referred to as "County", pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the Hidalgo County Urban County Program (the "Program") received funding from the Texas General Land Office in 2009 to improve and expand certain drainage structures known as the Penitas Lateral which are more particularly described in Exhibit A attached hereto (the "Penitas Lateral");

WHEREAS, the Penitas Lateral is included in Drainage District's Master Plan;

WHEREAS, the Penitas Lateral is an integral part of the drainage system of both County and District;

WHEREAS, the improvements to the Penitas Lateral will benefit the residents of county;

WHEREAS, being the Penitas Lateral is in Drainage District's Master Plan Drainage District shall contribute the sum up to One Million Five Hundred Thousand Dollars for construction of the improvements to the Penitas Lateral;

WHEREAS, the Drainage District and the County are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Government Code Section 791.001 et. seq., (the "Act") which authorizes local governments to contract with each other to perform governmental functions and services under the terms of the Act.

NOW THEREFORE, the Drainage District and the County, in consideration of the mutual covenants expressed hereinafter, agree as follows:

1. Drainage District within ten (10) days following the date of the last party to execute this Agreement shall up to One Million Five Hundred Thousand Dollars to Program to be utilized by Program solely for construction of the improvements to the Penitas Lateral as described in the Program's Management Plan, a copy of which is attached hereto as Exhibit B.

2. The term of this Agreement shall be twelve (12) months commencing on the date both County and Drainage District approve and execute this Agreement. The

term of this agreement may be extended by mutual agreement of the parties hereto.

3. Within one hundred twenty days following completion of the construction of the improvements to the Penitas lateral, County shall convey its interest in the Penitas Lateral to Drainage District for the sole consideration of the contribution by the Drainage District herein. Following such conveyance Drainage District shall maintain the Penitas Lateral so conveyed.

4. Each party agrees to conform to its own applicable purchasing laws, regulations, policies, and procedures with respect to any Services providing under this Agreement.

5. **Conflict of Applicable Law.** Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of this Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the later shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

6. **No Waiver.** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

7. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by Drainage District and County, and not otherwise.

8. **TEXAS LAW TO APPLY.** THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATIONS OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

9. **Notice.** Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to Drainage District No. 1	Drainage District No. 1 Attention: Chair Board of Directors 902 N. Doolittle Road Edinburg, Texas 78539
If to Hidalgo County:	Hidalgo County, Texas Attention: Ramon Garcia, County Judge 302 W. University Drive Edinburg, Texas 78539

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

10. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

11. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

12. **Assignment.** This Agreement shall not be assignable.

13. **Headings.** The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

14. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

15. **Authority to Execute.** The execution and performance of this Agreement by Drainage District and County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of Drainage District and County in accordance with its terms.

16. **Governmental Purpose.** Each party hereto is entering into this Agreement for the purpose of providing governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the governing body of any party does not appropriate sufficient funds to

meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon sixty (60) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

ATTACHMENT 1
Additional Information Regarding
PROJECT 1 – Penitas Drain

Additional Information Regarding Project Description:
Outfall for the Penitas Drain area has been primarily served by existing irrigation drainage ditches and depression areas. There are no natural or major man-made outfall systems within the watershed. This created an inadequate drainage condition during Hurricane Dolly. The existing irrigation drainage ditches failed to function due to the fact that they are shallow, narrow, as well as they catch a lot of debris from the storm. The watershed area drains north to south. At US 83, concentrated runoffs are currently conveyed by two 36-inch pipe culverts and/or the roadway to a ditch downstream, then a large depressed area, and finally to the Mission Inlet Floodway. The size of the ditches, the restriction at US 83, and the depressed area, limits flow capacity and creates back-up of storm water and flooding. The proposed project includes the widening of an existing irrigation drainage ditch (to be known as the Penitas Drain), as well as the installation of an 8-foot x 6-foot box culvert at US 83, as well as a 72-inch reinforced concrete pipe at Tom Gill Road. Additionally at the extreme upstream end (starting at Rodriguez Road) of this project area, it is proposed to construct a storm sewer system within the colonias of Puerta Blanca, Daniel Ozuna, Reina, and Ramona. A connectivity drain will outfall the stormwater from the colonias to a detention facility (constructed at a caliche pit); from the detention facility another connectivity drain will carry the stormwater to the proposed Penitas Drain.

Failure to Function Due to Hurricane Dolly:
In this area, insufficient and inadequate drainage infrastructure were key contributors to the failure to function resulting in flooding and damage; the existing ditches did not have the flood control capacity to handle the significant rain events produced by Hurricane Dolly. The rate of storm water flow over-taxed the ditches. More importantly, there is no major ditch to collect the storm water and convey it to the closest outfall channel (the Mission Inlet Floodway).

Impact to the Community Due to Failure:
The colonias do not have storm sewer to collect the storm water, and they do not have connectivity to drain. There is no major lateral to collect storm water in this project's target area, so during Hurricane Dolly, there was an inability to channel the storm water and flow of water away from homes, subdivisions, and businesses. This resulted in devastation to property, displacement of residents, and damage to roads and infrastructure.

Proposed Improvements:
Improvements and repairs will include the following:

- Storm Sewer within the colonias of Puerta Blanca, Daniel Ozuna, Reina, and Ramona;
- Connectivity to a detention area;
- Connectivity from the detention area to a major outfall (Penitas Drain);
- Ditch Excavation / Widening of an Existing Irrigation Ditch to be known as the Penitas Drain – a minimum of 8-foot channel depth, 10 to 14 feet usual; channel slope of .001 ft/ft; trapezoidal section with maintenance bench each side; bottom width 6 to 10 feet; side slopes 3:1; 20-foot maintenance bench.

- Box Culvert – 8-foot x 6-foot box culvert across / under Expressway 83 and the Irrigation District No. 6 canal.

How the Proposed Improvements Address the Failure to Function:
Although the first phase, this proposed improvement will put a drainage system into a better operating condition as the primary lateral outfall of the target area. With the construction of this major lateral there will be an ability to channel the storm water and flow of water away from homes, subdivisions, and businesses, minimizing and/or eliminating devastation to property, displacement of residents, and damage to roads and infrastructure.

Areas Affected by the Proposed Project / Basis and Reasoning Used for Identifying the Target Area:
This project provides for the construction of a major lateral outfall and addresses community-level drainage infrastructure needs of the protected classes (colonias); it meets the goals of the LRGVDC, Advisory Committees, and public regarding regional approach to storm-related drainage. The project covers a service area comprised of City of Penitas. A map is attached that shows the projects drainage area, overlaid with the Census Blocks and beneficiaries.

Service Area:
A map is attached that shows the projects drainage area, overlaid with the benefited Census Blocks and beneficiaries.

STATE OF TEXAS §
§
COUNTY OF HIDALGO §

APPROVAL OF
INTERLOCAL COOPERATION AGREEMENT
PROJECT

In accordance with Texas Government Code §791.014, Hidalgo County, Texas, acting by and through the Hidalgo County Urban County Program received funding from the Texas General Land Office in 2009 to improve and expand certain drainage structures known as the Penitas Lateral which are more particularly described in Exhibit A attached hereto (the "Penitas Lateral"); however due to an increase in construction costs Hidalgo County Drainage District No. 1 agrees to assist the Hidalgo County Urban County Program in the improvements to the Penitas Lateral as Hidalgo County will convey the Penitas Lateral to the Hidalgo County Drainage District No. 1 upon completion of such improvements.

By vote on Feb. 04, 2015, the Hidalgo County Drainage District No. 1 Board of Directors and Hidalgo County Commissioners Court has approved the Project identified above.

Dear Mr. Gallardo:

Hilcorp Energy I, L.P. hereby responds to your offer letter dated April 22, 2015 and received on May 4, 2015 with a counteroffer of $102,494.08, exclusive of recording fees, transfer taxes and similar expenses incidental to conveying the subject property to the County of Hidalgo. This offer is made contingent on the acceptance of the subject Right-of-Way Easements on an as-is basis via a quitclaim deed.

For further clarification, the subject Right-of-Way Easements are recorded in the Official Records of Hidalgo County at the following volume and page numbers:

- Volume 2014, Page 119
- Volume 2035, Page 293
- Volume 2131, Page 184

If this offer is acceptable to you, please submit your acceptance to me via e-mail at the below referenced address. Please contact me, should you have any further questions or concerns.

Yours truly,

HILCORP ENERGY I, L.P.

Suite 1400
Houston, Texas 77002

Dear Sir/Madam,

In acquiring property for the Drainage system of the County of Hidalgo (the "County") in conjunction with the Hidalgo County Urban County Program and the Texas General Land Office follows a definite procedure for appraising the land needed and for handling personal negotiations with each owner. As has been or will be explained by the County's negotiator, Victor Gallardo, a portion of your property, as described in the enclosed property description, is to be acquired for the construction or improvement of the above-referenced Drainage project.

We believe at this stage of the purchase process it is mutually beneficial to confirm that, based on an appraisal, the Hidalgo County Commissioners' Court has authorized me to make an offer to you in the amount of $98,552.00, which includes $98,552.00 for the property to be purchased and $0.00 for damages/improvements to your remaining property. This amount is the total amount of just compensation for all interests in the portion of your property to be acquired, as determined in accordance with State law, less oil, gas and sulphur, subject to clear title being conveyed to the County. In accordance with State law, it is the policy of the County to negotiate with the fee owner(s) of the real property with the understanding that you will, in turn, negotiate with any lessee or other party who may own any interest in the land or improvements, with the exception of public utility easements, which will be handled separately by the County.

This offer to purchase includes the contributory values of the improvement(s) listed below, which are considered to be part of the real property. Since the improvement(s) must be removed, it is the policy of the County to permit owners who convey voluntarily to the County to thereafter retain the improvement(s), if they wish to do so. The retention values shown below are the estimated amounts the improvement(s) would bring if sold on public bids. If you wish to retain title to any of the following improvement(s) and remove it (them) from the right of way, the amount of the above offer must be reduced by the appropriate

Office: (956) 585-4509 • Fax: (956) 205-7009
724 N. Breyfogle • Mission, Texas 78574

retention amount(s). This option to retain the improvement(s) does NOT apply should it become necessary for the County to acquire the real property by eminent domain.

	Land			Amount to be Subtracted if Retained
7,840 SF @	$2.50 SF Easement	Total Amount $	19,600.00	$
28,009 SF @	$1.25 SF Easement	Total Amount $	35,011.00	$
35,153 SF @	$1.25 SF Easement	Total Amount $	43,941.00	$
				$
				$
Grand Total			$ 98,552.00	$

If you wish to accept the offer based upon this appraisal, please contact **Victor Gallardo** as soon as possible, at **(956) 585-4509 ext. 3018**, so that the process of issuing your payment may be started. **If you are not willing to accept this offer, you may submit a written request for administrative settlement/counteroffer, setting forth a counteroffer amount and the basis for such amount, provided such settlement request is received in writing within 30 days from the date of this letter.** *Please note that your opportunity to submit an administrative settlement shall be forfeited if such a settlement request is not received by the Department within the 30 day time deadline.*

In the event the condition of the property changes for any reason, the County shall have the right to withdraw or modify this offer.

After the date of payment of the purchase price, or the date of deposit in court of funds to satisfy the award of compensation as determined through eminent domain proceedings to acquire real property, you will be reimbursed for any fair and reasonable incidental expenses necessarily incurred in transferring title to the property for use by the County of Hidalgo. Expenses eligible for reimbursement may include (1) recording fees, transfer taxes and similar expenses incidental to conveying the real property to the County and (2) penalty costs for prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property. Voluntary unnecessary expenses or expenses incurred in clearing questionable title will not be eligible for reimbursement. Eligible incidental expenses will be reimbursed upon submission of a claim supported by receipted bills or other evidence of actual expenses incurred. You may file a written request for review if you believe that the County failed to properly determine the eligibility for, or the amount of, incidental expenses to be reimbursed. There is no standard form on which to request a review of a claim; however, the claim must be filed with this office within six months after you are notified of the County's determination on any claim for reimbursement.

You may be entitled to additional payments and services under the County's Relocation Assistance Program. It is emphasized, however, that any benefits to which you may be entitled under this program will be handled entirely separate from and in addition to this transaction. You will receive a brochure entitled *"Relocation Assistance"* which will inform you of eligibility requirements, payments and services which are available.

You have the right to discuss with others any offer or agreement regarding the County's acquisition of the subject property, or you may (but are not required to) keep the offer or agreement confidential from others, subject to the provisions of Chapter 552, Government Code (the Public Records Act) as it may apply to the Department.

Attached is a copy of the Texas Department of Transportation brochure entitled *"Right of Way Purchase"* which we trust will give you a better understanding of the procedures followed by the County in purchasing property. We respectfully request the opportunity to meet with you or to otherwise discuss and answer any questions you may have regarding the details of the type of facility to be built, or concerning the

County's offer or proposed purchase transaction. Also, please do not hesitate to contact Victor Gallardo at the telephone number provided above regarding any question you may have.

Please see the enclosed copy of the Texas Landowner Bill of Rights.

Finally, we enclose copies of all appraisal reports relating to your property being acquired which were prepared in the ten (10) years preceding the date of this offer and produced or acquired by the Department, including the appraisal on which this offer is based.

Sincerely,

Victor Gallardo, Right of Way Agent

Re: Penitas Drain Project
Drainage Improvement Project
Parcel # 1A, 1B, 2A
GLO # 12-406-000-6453/DRS 210068

Dear Sir/Madam,

The County of Hidalgo (the "County") thru the Hidalgo County Urban County Program and the Texas General Land Office will be making drainage ditch to improve the area from U.S Expressway 83 North on Lots 237, 234, 227, 224, 217, 214, 207 and 206 of the Homeville Association Subdivision A. Plans have progressed to the point that we wish to advise you that a portion of your property located within the project area is needed by the County as right of way for the proposed drainage improvements.

The property to be acquired from you is shown on the attached Right of Way plat. We have attached, for your information, a booklet entitled *"Purchase of Right of Way by Counties and Cities."* This booklet briefly explains the procedure to be followed in purchasing your property, as well as your rights as a landowner. Also, in accordance with Section 21.0112, Subchapter B. Chapter 21 of the Property Code, a copy of the Texas Landowner's Bill of Rights is enclosed.

Before the County may begin the acquisition, an appraisal of your property will be made by an independent appraiser. An appraiser will be contacting you in the near future to afford you the opportunity to accompany him/her during an inspection of your property. You are encouraged to advise the appraiser of any concerns you feel could have an effect on the assessment of your property. After the appraisal is completed and approved, the County will make a written offer to you. You will be provided with a copy of the appraisal report at the time the offer is made.

Please call me at 956-585-4509 ext. 3018, as soon as possible in reference to the above mentioned project so we can gather information and answer any questions you may have about this project.

Thank you in advance for your prompt attention to this very important matter.

Sincerely,

Victor Gallardo Right of Way Agent

VI. Comments and Conclusions on Values in the Appraisal Report

Appraiser: Leonel Garza III
Effective Date of Report: November 24, 2014
Report Dated: February 13, 2015
Review Appraiser: Harvey L. Heerssen, TX. State Certified General Appraiser
Effective Date of Review: February 13, 2015

Parcel 1A, 1B and 2A are partial easement takings of 1.63 acres of land out of a whole property totaling 15.12 acres out of lots 227, 234 & 237, Homeville Association Subdivision "A," as per map recorded in Volume 0, Page 24 H.C.M. R. and said tracts of land also being a part or portion of the tracts deeded to Robert B. Thompson. and Mil Encinos Development, Ltd recorded in Document Nos. 1566900, 1110080 and 1295638, H.C.D. R., Hidalgo County, Texas. Total land size of the remainders is 9.277 acres. The owner of the gas line easements crossing parcels 1A, 1B and 2A is Hilcorp Energy.

The whole property is located on the north side of US 83 Expressway. approximately 0.10 and 0.19 miles west of 23rd Street within the City of Penitas, Texas. The subject whole property is currently vacant land with the highest and best use is for commercial development purposes that is consistent with the current trends along US 83 and this immediate area.

The appraiser Leonel Garza III selects three (3) recent sales similar to the subject in location and highest and best use to value the combined whole properties. The parts taken of each parcel are encumbered by gas line easements owned by Hilcorp Energy. The fee taking unencumbered portion of parcel 1A. is appraised at $5.00 per s.f. and the unencumbered fee portions of parcels 1B and 2A are appraised at $2.50 per s.f. The fee owner does not enjoy the full bundle of rights within the easement area and the appraiser estimates the rights taken to be 50% of the fee value. Thus, the Hilcorp Energy easement portion of parcel 1A is appraised at $2.50 per s.f. (50%) and the Hilcorp portion of parcels 1B and 2A are appraised at $1.25 per s.f (50%). The combined total of the Hilcorp Energy easement interests is $98,552.00.

The appraiser has also considered access damages in accordance with Section 21.042(d) of the Texas Property Code, as amended by SB18 of the Texas 82nd Regular Legislative Session. The result of the findings is that there is no denial of direct access nor material impairment of direct access on or off the remaining property that affects the market value of the remaining property. Therefore, there are no access damages to the remainder property.

The report prepared by the appraiser Leonel Garza III is a summary report and is presented on TxDOT form ROW-A-5 and appears to comply with USPAP and the Texas Department of Transportation's Appraisal and Review Manual. The appraisers' opinion and conclusions appear to be well supported by information contained within this appraisal report. It is recommended that the total value of $98,552.00 be approved for negotiations and acquisition.

VII. Justification and Explanation for Credit if Retained.

Retentions are not applicable as subject acquisition is vacant land.

TABULATION OF VALUES (continued)

Parcel: **1A, 1B & 2A Gas Line Easement Only** Highway: **Penitas Drain** ROW CSJ: **N/A**

VIII. Conditions

Values for signs, if any, are applicable only if sign owner has compensable interest.
Fencing is applicable only to actual cost or lump sum fencing on 90-10 Right of Way projects and State cost participation in fences to be in accordance with State's Right of Way Manual.
The values indicated hereon have been approved on the basis that all improvements within the taking will be acquired in the name of the State through negotiation.

IX. Reviewing Appraisers' Statements

Reviewing Appraiser's Statement

It is my opinion that the appraiser's report for this parcel appears adequately supported and in compliance with all appropriate appraisal standards, laws, and regulations, and I recommend this appraisal for use by the appropriate Agency Official and his/her assigns. I have no direct or indirect present or contemplated future personal interest in such property or in any benefit from the acquisition of the parcel. To the best of my knowledge, the value does not include any items that are not compensable under State law.

REVIEWER'S CLIENT: Hidalgo County Urban County Program

INTENDED USERS OF APPRAISAL REVIEW: Hidalgo County Urban County Program and Hidalgo County Precinct No. 3.

INTENDED USE OF APPRAISAL REVIEW OPINIONS AND CONCLUSIONS: Quality Control and Confirmation

PURPOSE OF THE REVIEW ASSIGNMENT: (1) To evaluate compliance with USPAP, (2) To develop and communicate a conclusion of the quality of the fee appraiser's work, (3) To determine if the results of the work under review were credible for the intended user's intended use (4) To recommend a value for approval and negotiations.

JURISDICTIONAL EXCEPTION: An assignment condition established by applicable law or regulation which precludes an appraiser from complying with a part of USPAP. This appraisal review has been completed in accordance with Hidalgo County standards, rules, regulations and policies. Therefore, if any part or portion of this appraisal review that precludes compliance to USPAP due to any specific standard, rule, regulation, or policy of the client or intended users, then the JURISDICTIONAL EXCEPTION RULE is invoked.

SCOPE OF THE APPRAISAL REVIEW - The Scope of Work for this appraisal review is to develop an opinion as to the completeness, accuracy, relevance, and reasonableness of the work under review, and that the appraisal report is appropriate and is in compliance with USPAP. The work under review is the appraisal report prepared by Mr. Leonel Garza III that has an effective date of 11-24-14 and a report date of 2-13-15. The scope of work also includes the following:

- Technical compliance with the local agency standards.
- Physically inspect the parcel from the road right of way.
- Check and review appraisal report for USPAP Compliance.
- Check and review appraisal report to determine quality of appraiser' work.
- Check report for mathematical calculations, approaches to value and accuracy of all statements.
- To insure continuity of value and appraisal methodology from parcel to parcel.
- Prepare appraisal review submission for Client that includes recommending a value for negotiations.
- Submit appraisal review report to client electronically.

COMPARABLE SALES/ CORRELATION: The appraiser Leonel Garza III selects three (3) recent sales similar to the subject in location and highest and best use to value the combined whole properties. The parts taken of each parcel are encumbered by gas line easements owned by Hilcorp Energy. The fee taking unencumbered portion of parcel 1A. is appraised at $5.00 per s.f. and the unencumbered fee portions of parcels 1B and 2A are appraised at $2.50 per s.f. The fee owner does not enjoy the full bundle of rights within the easement area and the appraiser estimates the rights taken to be 50% of the fee value. Thus, the Hilcorp Energy easement portion of parcel 1A is appraised at $2.50 per s.f. (50%) and the Hilcorp portion of parcels 1B and 2A are appraised at $1.25 per s.f (50%). The combined total of the Hilcorp Energy easement interests is $98,552.00.

The appraiser has considered access damages in accordance with Section 21.042(d) of the Texas Property Code, as amended by SB18 of the Texas 82nd Regular Legislative Session. The result of the findings is that there is no denial of direct access nor material impairment of direct access on or off the remaining property that affects the market value of the remaining property. Therefore, there are no access damages to the remainder property.

PROJECT SUMMARY:	**PRIMARY APPRAISER**
Part Acquired	$ 98,552.00
Improvement Value	$ 0.00
Total Value	$ 98,552.00
Damages & Cost to Cure	$ 0.00
Total Compensation	$ 98,552.00

COMMENTS: The appraiser has correctly supported the values estimated in the report and used proper appraisal technique according to current standards. The format is appropriate to a partial taking analysis and sets out the various items required.

APPRAISAL REVIEW COMMENTS

SUMMARY OF DATA:

ROW CSJ No. N/a
Parcel No. 1A, 1B & 2A Gas Line Easement Only - Penitas Drain
Primary Appraiser: Leonel Garza III
Effective Date of Appraisal: 11-24-14
Date of Appraisal Report: 2-13-15
Review Appraiser: Harvey L. Heerssen
Effective date of Appraisal Review: 2-13-15
Date of the Appraisal Review Report: 2-14-15

LOCATION: The whole property is located on the north side of US 83 Expressway. approximately 0.10 miles and 0.19 west of 23rd Street within the City of Penitas, Texas

DESCRIPTION: Acquisition of partial taking of 1.630 acres. For the improvement of Penitas Drain Ditch Project, Hidalgo County, Texas.

PROPERTY OWNER: Hilcorp Energy

OWNER AFFORDED OPPORTUNITY TO ACCOMPANY APPRAISER: Yes

INTEREST ACQUIRED: Easement

APPRAISAL FORM: ROW-A-5

SUBJECT: The whole property is located on the north side of US 83 Expressway. approximately 0.10 and 0.19 miles west of 23rd Street within the City of Penitas, Texas. The subject whole property is currently vacant land with the highest and best use is for commercial development purposes that is consistent with the current trends along US 83 and this immediate area.

The appraiser Leonel Garza III selects three (3) recent sales similar to the subject in location and highest and best use to value the combined whole properties. The parts taken of each parcel are encumbered by gas line easements owned by Hilcorp Energy. The fee taking unencumbered portion of parcel 1A. is appraised at $5.00 per s.f. and the unencumbered fee portions of parcels 1B and 2A are appraised at $2.50 per s.f. The fee owner does not enjoy the full bundle of rights within the easement area and the appraiser estimates the rights taken to be 50% of the fee value. Thus, the Hilcorp Energy easement portion of parcel 1A is appraised at $2.50 per s.f. (50%) and the Hilcorp portion of parcels 1B and 2A are appraised at $1.25 per s.f (50%). The combined total of the Hilcorp Energy easement interests is $98,552.00.

The appraiser has also considered access damages in accordance with Section 21.042(d) of the Texas Property Code, as amended by SB18 of the Texas 82nd Regular Legislative Session. The result of the findings is that there is no denial of direct access nor material impairment of direct access on or off the remaining property that affects the market value of the remaining property. Therefore, there are no access damages to the remainder property.

The taking area does not constitute an economic unit of more or lesser value on a severed basis and is valued as a pro-rata part of the whole property. The appraisal has been prepared on a form that is appropriate for the valuation of the property. The appraiser afforded the owner an opportunity to accompany him during the property inspection.

CONCLUSION: The appraisal report has been prepared based on recognized appraisal principles and standards, and thus conforms to the Uniform Standards of Professional Appraisal Practice (USPAP). The appraiser has presented good comparable sales that support the appraised value for this property and the overall quality of the appraiser's work is satisfactory. Based on the appraisal report and supporting comparable sales, I approve the final value conclusion and recommend that the appraisal be released for negotiations and acquisition.

ASSUMPTIONS AND LIMITING CONDITIONS

Client: Hidalgo County Urban County Program
RCSJ: N/A
Parcel No. 1A, 1B & 2A Gas Line Easement Only

This appraisal review is made subject to the following:

The legal description as provided by the client is assumed to be correct.

The information furnished by others is believed to be reliable, but no warranty is given for its accuracy. The right of way map and all other relevant data furnished by the client are assumed to be correct.

It is assumed that the property reviewed is unencumbered by adverse easements.

The property is reviewed as though free and clear from all liens and encumbrances in fee simple interest to the surface rights only.

No personal property including appliances not fixed to the realty, furnishing, vehicles, trade fixtures, or intangible items are included in the appraisal review.

Any allocation of the total value estimated in this review report between the land and improvements applies only to this parcel under review. The separate values allocated to the land and improvements must not be used in conjunction with any other appraisal report of another parcel and are invalid if so used.

The existence of potentially hazardous material and or toxic waste that may or may not be present on the property was not observed by the review appraiser. However, the review appraiser is not an expert on such matters and is not qualified to detect such substances, and no responsibility is assumed for any hazardous conditions, nor for any expertise required to discover them. The value conclusion of the appraisal review is based on the assumption that no significant environmental problems exist that would adversely affect the value or marketability of the subject property.

The professional competency of the review appraiser should not be presumed to include the knowledge or experience of a professional surveyor, architect, engineer, title lawyer or other specialist.

The appraiser was furnished comparable sale data and other data from sources considered reliable and the review appraiser assumes that all data furnished the appraiser is reliable and accurate but the reviewer does not assume responsibility for the accuracy of all items furnished by other parties.

The review appraiser has developed an opinion of value in this review, and the value is a reasonable opinion of market value. The client is reminded that the value is placed on real estate by market forces and not necessarily by the review appraiser.

The client is reminded that market value changes as the market changes with time. The value contained in this review report is as of the retrospective effective date of the appraisal review report. Any passage of time may render the value inaccurate and unsuitable.

ASSUMPTIONS AND LIMITING CONDITIONS
(CONTINUED)

PENITAS DRAIN PROJECT
PARCEL NO. 1A, 1B & 2A GAS LINE EASEMENT ONLY – ROW CSJ: N/A

The submission of the appraisal review does not include the requirement of publication, court testimony or court appearance. Special arrangements will have to be made for this purpose, including fees and time frames.

I do not authorize the out-of-context quoting from or partial reprinting of the appraisal review report. Further, neither all nor any part of the contents of this appraisal review shall be disseminated to the public through advertising media, public relations media, news media, sales media or any public means or communications without the prior written consent and approval of the undersigned.

The liability of the review appraisal is limited to the client and intended users only and does not extend to any third parties or to users not specifically designated or authorized. The total liability of the review appraiser is limited to the amount of the fee received by the review appraiser for the report.

CERTIFICATION

RCSJ-N/A- PARCEL 1A, 1B & 2A GAS LINE EASEMENT ONLY
PENITAS DRAIN PROJECT

I certify that to the best of my knowledge and belief:

The statements of fact contained in this review report are true and correct.

The reported analyses, opinions, and conclusions in this review report are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions and conclusions.

I have no present or prospective interest in the property that is the subject of the work under review or to the parties involved with this assignment.

I have no bias with respect to the property that is the subject of the work under review or to the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of predetermined assignment results or assignment results that favors the cause of the client, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal review.

My analysis, opinions and conclusions were developed and this review report was prepared in conformity with the *Uniform Standards of Professional Appraisal Practice.*

I have made a recent personal field inspection of the subject project and parcel no. 3 from the road right of way on November 19, 2013.

No one provided significant appraisal, appraisal review, or appraisal consulting assistance to the person signing this certification.

REAL ESTATE APPRAISAL REPORT - TEXAS DEPARTMENT OF TRANSPORTATION

Address of Property: East Expressway 83 (N/S), 0.10 miles west of 23rd Street, Peñitas, Texas. District: 21

Property Owner: Hilcorp Energy Parcel: 1A, 1B, 2A (Existing Gas Easement Only)

Address of Property Owner: 1201 Louisiana Street, Suite 1400, Houston, Texas 77002 ROW CSJ: N/A

Occupant's Name: Vacant Federal Project No: N/A

Whole: ☐ Partial: ☒ Acquisition Highway: Peñitas Drain / I-2 County: Hidalgo

Purpose of the Appraisal

The purpose of this appraisal is to estimate the market value of the fee simple title to the real property to be acquired, encumbered by any easements not to be extinguished, less oil, gas and sulphur. If this acquisition is of less than the whole property, then any special benefits and /or damages to the remainder property must be included in accordance with the laws of Texas.

Market Value

Market value is defined as follows: "Market Value is the price which the property would bring when it is offered for sale by one who desires, but is not obliged to sell, and is bought by one who is under no necessity of buying it, taking into consideration all of the uses to which it is reasonably adaptable and for which it either is or in all reasonable probability will become available within the reasonable future."

Certificate of Appraiser

I hereby certify:

That it is my opinion the total compensation for the acquisition of the herein described property is $98,552 as of November 24, 2014, based upon my independent appraisal and the exercise of my professional judgment;

That on November 24, 2014 (date)(s), I personally inspected in the field the property herein appraised; that I afforded Robert B. Thompson and Mil Encinos Development LTD, the fee property owner or the representative of the property owner, the opportunity to accompany me at the time of the inspection;

That the comparables relied upon in making said appraisal were as represented by the photographs contained in the appraisal report and were inspected on January 7, 2015 (date)(s);

That I have not revealed and will not reveal the findings and results of such appraisal to anyone other than the proper officials of the Hidalgo County Precinct No. 3, Texas Department of Transportation, and or their representatives, or officials of the Federal Highway Administration until authorized by State officials to do so, or until I am required to do so by due process of law, or until I am released from this obligation by having publicly testified to such findings;

That my compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event.

The appraiser has considered access damages in accordance with Section 21.042(d) of the Texas Property Code, as amended by SB18 of the Texas 82nd Regular Legislative Session and finds as follows:

1. Is there a denial of direct access of the parcel? No (yes or no)
2. If so, is the denial of direct access material? N/A (yes, no, or not applicable)
3. The lack of any access denial or the material impairment of direct access on or off the remaining property affects the market value of the remaining property in the sum of $0.00.

I certify to the best of my knowledge and belief:

That the statements of fact contained in this report are true and correct;

That the reported analyses, opinions and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions, and conclusions;

That I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest or bias with respect to the parties involved;

That my analyses, opinions and conclusions were developed, and this report has been prepared in conformity with the appropriate State laws, regulations, and policies and procedures applicable to the appraisal of right of way for such purposes, and that to the best of my knowledge no portion of the value assigned to such property consists of items which are noncompensable under the established law of said State, and any decrease or increase in the fair market value of subject real property prior to the date of valuation caused by the public improvement for which such property is to be acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to the physical deterioration within the reasonable control of the owner, has been disregarded in estimating the compensation for the property.

Purpose of the Appraisal Report

This appraisal is prepared for the purpose of estimating the current market value of the fee simple estate of the subject property in order to determine the value of the proposed right-of-way to be acquired in the name of the State of Texas. This appraisal does not include any enhancement in value resulting from items of intangible personal property such as marketing and management skill, an assembled work force, working capital, trade names, franchises, patents, trademarks, contracts, leases (mineral and or ground lease), or operating agreements and project influence (if any exist). The area to be acquired may contain personal property items that are not compensable or may be handled through negotiations or relocation benefits, if applicable. These items deemed compensable shall be included within the body of the report and itemized for clarity by the appraiser. Any structural and or site improvements not located within the part to be acquired and outside of the area permitted to be inspected by the property owner, shall be given a stated value based on the assessment established by the corresponding appraisal district and or by off-site estimation by appraiser. In addition, the subject is encumbered with an existing gas line easement in the name of Hilcorp gas company. This report shall be utilized to determine the easement value for the easement holder only. The underlying fee simple value will be determined in a separate report prepared for the fee owners of record. Separate negotiations shall be performed with the fee owner of record as per client.

Client & Intended User

The client for this report is identified as the Hidalgo Urban County Program under the direction Antonio "Tony" Barco, Assistant Director. The part to be acquired is part of a grant program for a drainage project known as the "Penitas Drainage Project. The part to be acquired is for the expansion of drainage in the immediate area and will aid in the facilitation of drainage for the entire region north of the US Expressway 83 / Interstate 2. The intended use of the report is to assist Victor Gallardo, Right of Way Agent, in future negotiations to acquire a portion of said property in the name of the Hidalgo County. This report is not intended for any other use, unless specified by the client. The client has specified that the report shall be an appraisal report, which is to conform to the ROW A-5 Form Rev. 08/2011. The intended user of the report is defined as the Hidalgo county Precinct No. 3 & the Hidalgo Urban County Program and may include other governmental entities that may be participating in the project.

Scope of the Assignment

By contract and written authorization to proceed, the Hidalgo Urban County Program, requested that Leonel Garza Jr. & Associates LLC prepare an appraisal report of the part to be acquired as described by survey and metes and bounds created by CVQ Land Surveyors, LLC out of McAllen, Texas. The scope of the assignment is to appraise the area as fee simple in its present "as is condition" subject to governmental regulation, and in terms of a cash transaction. In addition, the scope requires the appraiser to make the extraordinary assumption that the subject property is free from contamination, of which could affect the overall market value of the subject property as a whole and the part to be acquired. The property owner (fee owner) shall be sent a letter of intent to inspect the subject property and offer any additional inspections on-site and in the presence of the owner(s) and/or owner(s) representative (as requested in writing). In the event access is not granted to enter the subject area, the appraiser is to proceed off-site along existing road right-of-way as indicated by survey. The scope of the assignment requires that comparable market sales within the area be identified and analyzed for comparability and reliability in determining the estimated market value of the subject property. The sales have been collected, confirmed and analyzed with respect to comparability to the subject property. These comparable sales were gathered through various sources, which included the Multiple Listing Service, local Realtors & Brokers, Real Estate Appraisers, and conversations with various owners along the project. Listings surrounding the project and the surrounding market area were also reviewed in order to determine the current market asking prices for properties along the project. The appraisal report shall indicate the current market value of the subject property as of the date of on-site and or off-site inspection without project influence, as required by the scope of the assignment. It is known that an existing abandon gas line and easement is located within the part to be acquired. The underlying fee land value within the gas easement shall be included in the valuation of the subject property. A separate report shall be created for easement holders interest in the existing easement.

Property Rights Appraised

The property rights being appraised in this report consist of the easement of the existing gas line located within the part to be acquired. Easement is defined by the Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 246, by the Appraisal Institute as being: "Nonpossessory (incorporeal) interest in landed property conveying use, but not ownership of a portion of that property." Pursuant to the scope of the assignment, this is the manner which the subject property shall be appraised for purposes of this report. If there are any questions or concerns about this definition of fee simple estate, please feel free to contact Leonel Garza III at (956) 687-7295 or leonel3@garza-associates.com for further explanation.

Access To Subject

Pursuant to the scope of the assignment, the subject property shall be inspected in order to verify any and all improvements affected by the part to be acquired. In the event the remainder after the acquisition is affected by the proposed acquisition, the remainder shall be inspected in order to determine damages (diminution) to market value if any exist. The property owner of record shall be sent a letter of intent to inspect and offered the opportunity for an on-site inspection in the presence of the appraiser, Leonel Garza III. A copy of the certified letter is located within the addenda of this report. The property owner shall always reserve the right to contact the office of Leonel Garza Jr. & Associates LLC (956) 687-7295 or leonel3@garza-associates.com, after the date of inspection for an additional on-site inspection in his/her presence with appraiser, Leonel Garza III.

IDENTIFICATION OF SUBJECT TO BE ACQUIRED

Parcel No._____ 1A

Fee Owner of Record_____ Robert B. Thompson
13500 North Rancho Vistoso Boulevard, Oro Valley AZ 85755

Easement Owner of Record Hilcorp Energy

Current Use _____ Vacant

Subject Address or Location __ East Expressway 83 (N/S), 0.10 Miles west of 23rd Street, Peñitas, Texas

Legal Description of Part
To Be Acquired_____ A tract of land containing 1.987 acres, situated in Hidalgo County, Texas and also being a part or portion of Lot 237, Homeville Association Subdivision "A", map reference: Volume 0, Page 24, H.C.M.R. and said 1.987 acres of land also being a part or portion of that tract deeded to Robert B. Thompson, recorded in Document No. 1566900, H.C.D.R. and Document No. 1110082, H.C.D.R., and also being a part or portion of a tract of land deeded to the R & S Lamont Family Trust, recorded in Document No. 2256143, H.C.D.R., and said 1.987 acres parcel being more particularly described by metes and bounds description. *(This land area includes the entire acquisition area including the existing gas line easement. As per date of this report a separate legal description of the existing easement has not been provided to this appraiser.)*

Gas Easement Area_____ 0.180 Acres

The subject property is a vacant tract of land located along northside of East Expressway 83, approximately 0.10 miles west of 23rd Street within the City of Penitas, Texas. No physical address exists for the site as the tract is not subdivided further nor developed as per date of appraisal. All municipal utilities are available and or are in the immediate vicinity to the site including potable water and sanitary sewer service. Extension of these services is available to the developer. The part to be acquired is 86,569 square feet located along the eastern boundary of the subject property. No site improvements were noted. The land area to be acquired shall be utilized for the development of the Peñitas Drain Project which is an extension of the existing US Expressway 83 system known as Interstate Highway 2. In addition, the subject property is occupied with two separate easements. The first easement is a 30.0' wide gas easement in favor of Rio Grande Valley Gas Company that traverses in an east/west direction along the southern boundary of the subject property. The second easement is a 60.0' wide easement in favor of Atlantic Richfield Company now owned by Hilcorp Energy, that traverses in a north/south direction along the northern center of the proposed acquisition area along the eastern boundary of the subject property as a whole. This secondary easement is the subject of this report. The other interest involved including the other gas easement and fee simple interest shall be incorporated in separate offers and or negotiations with those interest holders. As per scope of the assignment only the gas easement (0.180 acres) owned by Hilcorp Energy shall be included in the body of this report for compensation. Other interest holders shall be compensated accordingly in separate appraisal reports as per scope.

The scope of this assignment is to determine the market value of the part to be acquired, based on the survey provided by CVQ Land Surveyors dated November 11, 2013. The survey indicates that the area to be acquired is 1.987 acres or approximately 86,569 square feet with an overall dimension of approximately 180.00 lineal feet on the southern boundary x 481.52' lineal feet on the western boundary. The property in question is currently owned in "fee simple" and shall be valued at 100% of the market value, as determined by the Sales Comparison Approach to market value "as if vacant" subject to any encumbrances and or existing easements. This is performed in order to determine the unit market value of the part to be acquired in fee simple and to determine the market value in easement. The segment within subject that is currently encumbered with an easement owned by Hilcorp Energy shall be valued with the dividing interest of the land value between both parties (Easement Holder & Fee Owner). For purposes of this report each party, Hilcorp Energy and the fee land holder shall be compensated at 50% of market value for their respective interest in the encumbered fee portion of the acquisition.

IDENTIFICATION OF SUBJECT TO BE ACQUIRED

Parcel No._____ 1B

Owner of Record _____ Robert B. Thompson
13500 North Rancho Vistoso Boulevard, Oro Valley AZ 85755

Easement Owner of Record Hilcorp Energy

Current Use _____ Vacant

Subject Address or Location __ Peñitas Street (E/S), 0.10 miles north of East Expressway 83, and 0.08 miles east of Peñitas Street, Peñitas, Texas

Legal Description of Part
To Be Acquired_____ A tract of land containing 1.928 acres, situated in Hidalgo County, Texas and also being a part or portion of Lot 234, Homeville Association Subdivision "A", map reference: Volume 0, Page 24, H.C.M.R. and said 1.928 acres of land also being a part or portion of that tract deeded to Robert B. Thompson, recorded in Document No. 1566900, H.C.D.R. and Document No. 1110082, H.C.D.R., and also being a part or portion of a tract of land deeded to the R & S Lamont Family Trust, recorded in Document No. 2256143, H.C.D.R., and said 1.928 acres parcel being more particularly described by metes and bounds description. *(This land area includes the entire acquisition area including the existing gas line easement. As per date of this report a separate legal description of the existing easement has not been provided to this appraiser.)*

Gas Easement Area_____ 0.643 Acres

The subject property is a vacant tract of land located along Peñitas Street (E/S), approximately 0.10 miles north of East Expressway 83, and 0.08 miles east of Peñitas Street within the City of Penitas, Texas. The primary access to the subject property is from East Expressway 83. No physical address exists for the site as the tracts are not subdivided nor developed as per date of appraisal. All municipal utilities are available and or are in the immediate vicinity to the site including potable water and sanitary sewer service. Extension of these services is available to the developer. The part to be acquired is 86,569 square feet located along the eastern boundary of the subject property which no improvements were noted. The land area to be acquired shall be utilized for the development of the Peñitas Drain Project which is an extension of the existing US Expressway 83 system known as Interstate Highway 2. In addition, the subject property is occupied with a 60.0' wide easement in favor of Atlantic Richfield Company now owned by Hilcorp Energy, that traverses in a north/south direction along the northern center of the proposed acquisition area along the eastern boundary of the subject property as a whole. As per scope of the assignment only the gas easement (0.643 acres) owned by Hilcorp Energy shall be included in the body of this report for compensation. Other interest holders shall be compensated accordingly in separate appraisal reports as per scope.

The scope of this assignment is to determine the market value of the part to be acquired, based on the survey provided by CVQ Land Surveyors dated November 11, 2013. The survey indicates that the area to be acquired is 1.928 acres or approximately 84,001 square feet with an overall dimension of approximately 180.00 lineal feet on the southern boundary x 466.67' lineal feet on the western boundary. The property in question is currently owned in "fee simple" and shall be valued at 100% of the market value, as determined by the Sales Comparison Approach. This is performed in order to determine the unit market value of the part to be acquired in fee simple and to determine the market value in easement. The segment within subject that is currently encumbered with an easement owned by Hilcorp Energy shall be valued with the dividing interest of the land value between both parties (Easement Holder & Fee Owner). For purposes of this report each party, Hilcorp Energy and the fee land holder shall be compensated at 50% of market value for their respective interest in the encumbered fee portion of the acquisition.

Current Use Vacant – Row Crop Farming

Subject Address or Location Penitas Street (E/S), 0.19 miles north of East Expressway 83, and 0.08 miles east of Penitas Street, Penitas, Texas

Legal Description of Part To Be Acquired A tract of land containing 1.928 acres, situated in Hidalgo County, Texas and also being a part or portion of Lot 227, Homeville Association Subdivision "A", map reference: Volume 0, Page 24, H.C.M.R. and said 1.928 acres of land also being a part or portion of that tract deeded to Mil Encinos development, LTD, recorded in Document No. 1295638, H.C.D.R., and said 1.928 acres parcel being more particularly described by metes and bounds description. *(This land area includes the entire acquisition area including the existing gas line easement. As per date of this report a separate legal description of the existing easement has not been provided to this appraiser.)*

Gas Easement Area 0.807 Acres

The subject property is a vacant tract of land located Penitas Street (E/S), 0.19 miles north of East Expressway 83, and approximately 0.08 miles east of Penitas Street, within the City of Penitas, Texas. The primary access to the subject property is from Diamond Avenue. No physical address exists for the site as the tract is not subdivided nor developed as per date of appraisal. All municipal utilities are available and or are in the immediate vicinity to the site including potable water and sanitary sewer service. The part to be acquired is 84,001 square feet located along the eastern boundary of the subject property which no improvements were noted. The land area to be acquired shall be utilized for the development of the Peñitas Drain Project which is an extension of the existing US Expressway 83 system known as Interstate Highway 2. In addition, the subject property is occupied with two 60.0' wide easements segments, both in favor of Atlantic Richfield Company now owned by Hilcorp Energy. The first located along the northern boundary traversing in an east/west direction and the second, located along the center of the proposed acquisition area along the eastern boundary of the subject as a whole traversing in a north/south direction. As per scope of the assignment only the gas easement (0.807 acres) owned by Hilcorp Energy shall be included in the body of this report for compensation. Other interest holders shall be compensated accordingly in separate appraisal reports as per scope.

The scope of this assignment is to determine the market value of the part to be acquired, based on the survey provided by CVQ Land Surveyors dated November 11, 2013. The survey indicates that the area to be acquired is 1.928 acres or approximately 84,001 square feet with an overall dimension of approximately 180.00 lineal feet on the southern boundary x 466.67' lineal feet on the western boundary. The property in question is currently owned in "fee simple" and shall be valued at 100% of the market value, as determined by the Sales Comparison Approach to market value "as if vacant" subject to any encumbrances and or existing easements. This is performed in order to determine the unit market value of the part to be acquired in fee simple and to determine the market value in easement. The segment within subject that is currently encumbered with an easement owned by Hilcorp Energy shall be valued with the dividing interest of the land value between both parties (Easement Holder & Fee Owner). As per scope of the assignment only the gas easement owned by Hilcorp Energy shall be included in the body of this report for compensation.

Part To Be Acquired

The proposed acquisition shall be valued as a pro-rata part of the whole property which, before the acquisition is 5.843 acres, which Hilcorp Energy contains a 60' wide gas line easement totaling 2.453 acres. In order to determine the unit market value of the subject property as a whole, the use of the Sales Comparison Approach "as if vacant", shall be utilized to determine the overall market unit rate for fee simple subject property. Once this is completed, the appraiser shall utilize this rate for the determination of the pro-rata part to be acquired in easement. This determination of market value shall be based on the fee simple estate of the subject property with an overall highest and best use of the subject property as a whole. The interest of the gas line easement shall be the only portion of interest valued in the body of this report pursuant to the scope of the assignment.

Remainder Before & After Acquisition

The remainder, before and after the acquisition, is defined as the partial acquisition subtracted from the whole property which is described as the subject property. It is determined at the time of appraisal whether or not damages to the remainder are caused by the proposed part to be acquired. The highest and best use of the subject property before and after the proposed partial acquisition is analyzed to determine whether or not the use of the subject property will be altered as a result of the proposed part to be acquired. Based on the off-site inspection of the subject to be acquired, the remainder after shall not be affected by the part to be acquired. Therefore, no diminution (damage) to the remainder before and after the acquisition shall be assessed for the total compensation of the part to be acquired. As for the easement there shall not be a remainder as per client as the property shall be owned in fee simple upon acquisition of the underlying fee and the subject easement.

Building & Site Improvement Analysis

During the off-site inspection of the subject property, no building improvements were located within the part to be acquired.

Personal Property

Pursuant to the scope of the assignment, no personal property located within the proposed right-of-way and the remainder before and after the acquisition shall be included for compensation; unless it was determined by the appraiser that these item shall be affected or damaged by the proposed acquisition.

Environmental Statement

This appraiser has made an off-site inspection of the subject property. No obvious adverse environmental concerns or potentially hazardous materials were observed. This appraiser is not qualified to make a detailed environmental study and highly recommends that an inspection be made by a qualified environmental engineer if any environmental concerns exist. Leonel Garza Jr. & Associates LLC has performed this appraisal report under the hypothetical condition and extraordinary assumption that the subject property has not experienced any adverse environmental concerns that may influence its marketability and/or value. It is known that an existing abandon gas line is located within the part to be acquired. Is known that the subject may contain a gas pipeline located within the subject easement area. Verification of an existing line is outside the scope this assignment. It is unknown if this line is active or not.

Utilities Services Available

The subject property is located in a region, which contains potable water, water wells, electricity, and phone service, which is typical of the market area. Sewer service is limited and is available for those tracts located within the City limits of Penitas, Texas and surrounding City of La Joya. This was verified with the Agua Special Utility District. The District has indicated that the Agua SUD installed 1 mile of 8" PVC pipe along Liberty Road, replacing a 1 ½ inch water line that was looped to a subdivision. The water line increased water volume and pressure north of 3 Mile Line along Tom Gill Road. In addition, a 500,000 gallon composite type water tower on Texas Road was constructed to improve the overall pressure and volume in the Mile 7 and Mile 5 areas north of the subject property. Agua SUD purchased booster station pump upgrades for Mile 3, Tom Gill, FM 886 and Benavides booster stations. They are dual pump systems with variable frequency drives. The Mile 3 and FM 886 booster stations will also have stand-by diesel generators. These improvements have continued since the moratorium on new subdivision from a few years ago of which water pressure was insufficient for the service area at the time. Sewer line facilities throughout the City are being upgraded as well. The following is the service coverage area from the Agua Special Utility website (www.aguasud.com)

Property Tax & Sales History

The history of the subject property was examined via the Hidalgo County Appraisal District records as of January 1, 2015. Based on the records found at www.hidalgoad.org, the subject property is currently under the owner ship of (Parcel 1A & 1B) Robert B. Thompson & R&S Lamont Family Trust with a mailing address of 13500 North Rancho Vistoso Boulevard, Oro Valley, AZ 85755. The subject property has been under this ownership since November 9, 2011 at which time the property was transferred from Sarah Lamont for an undisclosed amount. (Parcel 2A) Mil Encinos Development, LTD with a mailing address of P.O. Box 653, Penitas, TX 78576. The subject property has been under this ownership since February 9, 2004 at which time the property was transferred from D&S Bell Enterprises for an undisclosed amount. This information was verified with title information and/or the Hidalgo County Appraisal District, in conjunction with the County Deed Records. The Appraisal District is currently reviewing and re-assessing property values for Year 2015 as of the date of this report. As such, the following assessed value may be subject to change as of date of this appraisal. This information can be further verified at the District office located at 4405 S. Professional Drive of the in Edinburg, Texas.

Exposure & Marketing

Exposure time is defined as the "length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal." Based on research performed within the market area, there is a twelve (12) to eighteen (18) month exposure time and marketing time period for the subject property. This was estimated based on current and past listings located within the market area which were reviewed during the sales search for comparables similar to the subject property.

Highest & Best Use

The subject property highest and best use "as if vacant" is for commercial use development for the fee simple estate. This type of use is consistent with the recent trends located along US Expressway 83. The highest and best use of the whole is based on several factors as defined defined by The Dictionary of Real Estate Appraisal, Fourth Edition, copyright 2002, page 135, by the Appraisal Institute.

"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and there results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity."

The scope of the assignment is to evaluate the subject property as a whole, the part to be acquired and the remainder before and after the acquisition. This valuation must exclude project influence as required by Standards Rule 1-4(f) under the Jurisdictional Exception provision as defined by the Uniform Standards of Professional Appraisal Practice (USPAP). The highest and best use is analyzed for each criteria as each parcel shall be evaluated before and after the proposed acquisition. In order to determine the highest and best use, research was performed within corresponding market area surrounding the subject property. Since the subject property lies within the jurisdiction of the City of Penitas, municipal zoning ordinance restrictions are applicable. In discussion with the City, it was indicated that the proposed zoning in the Mil Encinos Development is the only section of which zoning has been indicated. As for the subject, based on the location and adjoining tracts to the west, commercial retail is indicated to be a reasonable assumption for this tract under the fee simple estate.

The final two areas of analysis for the highest and best use is for the financially feasibility and maximally productive state of the subject property. Since the subject is currently being utilized for row crop farming the tract is not in its most productive and maximally productive state. Based on the physical dimension and overall size of the fee simple estate, a commercial retail type or mixed use development (Office/Multifamily) use would bring the subject to a financially feasible and maximally productive state at the use would generate a higher income that the subject in its current condition. With the advent of the La Joya Loop project underway by the Texas Department of Transportation, additional traffic will continue to grow in the immediate area. This project is slated to be completed in two to three years. Based on the on-going development of the Mil Encinos Development and the La Joya Loop Project the overall highest and best use of the subject property is for commercial retail development once these projects have come to fruition in a few years. The interim use as agricultural should remain until that time. For purposes of this report the subject shall be evaluated with a commercial retail highest and best use.

Form ROW-A-5 (Rev. 08/11)

PROPERTY VALUATION SUMMARY

Whole: ☒ Part to be Acquired: ☐ Remainder After: ☐

HIGHEST AND BEST USE ANALYSIS:
After an analysis of the subject property as a whole, it was determined that the subject properties' highest and best use is for commercial or mixed use development use.

VALUATION APPROACHES
Cost Approach ..... $ 1,119,926
Sales Comparison Approach ..... Not Applicable
Income Approach ..... Not Applicable

RECONCILATION OF APPROACHES TO VALUE
A Cost Approach to value utilizing the Sales Comparison Approach "as vacant" was the most accurate method to determine the pro-rata part of the whole for the acquisition area. The Cost Approach utilizes the Sales Comparison Approach for the subject property "as vacant" (before and after) and then applies the depreciated site and/or building improvements cost to determine the value of the subject property. The Sales Comparison Approach "as if improved" nor the Income Approach was not utilized as the subject is vacant tract of land.

Explanation of Adjustments with Reconciliation: Parcel 1A

The local market and extended market were searched for comparable sales that contained similar frontage and overall market conditions along US Expressway 83 and other similar developments along similar highways in Hidalgo County. Each of these sales was selected based on the surrounding developments similar to that of the on-going Mil Encinos Development and Master Plan. The three comparable sales were reviewed for location, available utilities, financing, site utility, topography and other factors that the real estate market recognizes for arms-length transactions. An unadjusted unit range of market value of $4.00 per square foot to $5.14 per square foot was indicated by the comparable sales prior to adjustment. After applicable adjustments were made to each of the selected sales, the unit range of value for the subject property was determined to be $4.00 per square foot to $5.68 square feet. Based on the existing developments and surrounding land use within the immediate market area, the existing gas line easement and the location of the existing cap well on the property, a unit value near the mid-range was selected for the determination of overall market value, $5.00 per square foot for the fee simple estate. The valuation of the subject as a whole in fee simple is determined with an encumbered fee land area or easement of 7,840 square feet (0.180 acres). The subject as a whole has a gas line easement of which each interest holder shall be valued at 50% ownership for each entity including the fee owner. Therefore, 0.180 acres (7,840 square feet) shall be valued at $2.50 per square foot for the Hilcorp Energy easement.

Explanation of Adjustments with Reconciliation: Parcel 1B & 2A

The local market and extended market were searched for comparable sales that contained similar frontage and overall market conditions along US Expressway 83 and other similar developments along similar highways in Hidalgo County. Each of these sales was selected based on the surrounding developments similar to that of the on-going Mil Encinos Development and Master Plan. The three comparable sales were reviewed for location, available utilities, financing, site utility, topography and other factors that the real estate market recognizes for arms-length transactions. An unadjusted unit range of market value of $4.00 per square foot to $5.14 per square foot was indicated by the comparable sales prior to adjustment. After applicable adjustments were made to each of the selected sales, the unit range of value for the subject property was determined to be $2.00 per square foot to $2.84 square foot. Based on the existing developments and surrounding land use within the immediate market area, a unit value near the mid-range was selected for the determination of overall market value, $2.50 per square foot for the fee simple estate. The valuation of the subject as a whole in fee simple is determined to be with an encumbered fee land area or easement of 63,162 square feet (1.450 acres). The subject as a whole has a gas line easement of which each interest holder shall be valued at 50% ownership for each entity including the fee owner. Therefore, 1.450 acres (63,162 square feet) shall be valued at $1.25 per square foot for the Hilcorp Energy easement.

Certification of Appraisal

I, Leonel Garza III, certify that, to the best of my knowledge and belief:

The statements of fact contained in this report are true and correct.

The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.

The employment and compensation of this appraiser in completing this appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.

I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.

I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.

My engagement in this assignment was not contingent upon developing or reporting predetermined results.

My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.

My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the *Uniform Standards of Professional Appraisal Practice.*

I have made a personal on-site and or off-site visit of the property that is the subject of this report based on the permissibility granted at the time of inspection.

Thomas M. Davis, State Certified General Real Estate Appraiser and Mike Navarro, Appraiser Trainee with Leonel Garza Jr. & Associates LLC provided significant professional assistance in the preparation of this report not limited to a physical inspection, taking of photographs of the subject property and value analysis.

No one other than those mentioned within this certification provided significant real property appraisal assistance to the person(s) signing this certification.

The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute;

I certify that the use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives. I also acknowledge that Leonel Garza III is an Associate Member of the Appraisal Institute and is not an MAI Designated Appraiser, however is currently seeking designation.

The employment and compensation of this appraiser in completing this appraisal assignment was not based on a requested minimum valuation, a specific valuation. This report was not prepared under the standards required by financial institutions for purposes of applying for a loan

This appraisal has been completed with the extraordinary assumption, that any and all access denial issues are clearly stated within the scope of this assignment and have been included within the surveys and field notes provided by client. The Texas Department of Transportation can control access in the future by way of permit at the time of redevelopment or re-subdivision of the subject property and or by way of the Access Management Policy enacted by the State of Texas. This assignment was engaged in accordance with Section 21.042(d) of the Texas Property Code, as amended by SB 18 of the Texas 82nd Regular Legislative Session as follows:

"(d) In estimating injury or benefit under Subsection ©, the special commissioners shall consider an injury or benefit that is peculiar to the property owner and that relates to the property owner's ownership, use, or enjoyment of the particular parcel of real property including a material impairment of direct access on or off the remaining property that affects the market value of the remaining property, but they may not consider an injury or benefit that the property owners experiences in common with the general community, *including circuity of travel and diversion of traffic.* In this subsection,

"direct access" to the remainder after the State's means ingress and egress on or off a public road, street, or highway at a location where the remaining property adjoins that road, street or highway.

I have performed no other appraisal services, as an appraiser or in any other capacity in regarding the property that is the subject of this report within a three-year period immediately preceding acceptance of this assignment.

Leonel Garza III
General Certified Real Estate Appraiser
License No. TX 1328375 – General
Expiration: December 31, 2016

ASSUMPTIONS AND LIMITING CONDITIONS

This report has been prepared with the following general assumptions:

No responsibility is assumed for the legal description or for matters including legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.

The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.

Responsible ownership and competent property management are assumed.

The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

All engineering is assumed to be correct. The plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.

It is assumed that there are no hidden or un-apparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.

It is assumed that the property is a full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.

It is assumed that all required licenses, certificates of occupancy, consents, or other legislative or administrative authority from any local state, or national government or private entity or organization have been or can be obtained or renewed for any use on which the value estimate contained in this report is based.

It is assumed that the use of the land and improvements is confined within the boundaries or property line of the property described and that there is no encroachment or trespass unless noted in the report.

Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, was not observed by this appraiser. The appraiser does not have any knowledge of the existence of such material on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

Any allocation of the total value of the total valuation in this report between land and improvements applies only under the stated program of utilization. The separate allocations for land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

The appraiser, by reason of this appraisal, is not required to give further consultation, testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.

Neither all or any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser. Possession of this report, or a copy thereof, does not carry with it the right of publication.

Indicated Marketing Time: Begins with the date of value estimate and the exposure time indicated.

Exposure to the Open Market: Listing the property on the market for sale with a Realtor, member of Multiple Listing Service, or a licensed Real Estate Broker, that will properly expose the property to the Market. This appraiser does not consider a sign placed by a bank on the property as proper marketing. If the property is presently listed for sale on the market, this appraiser must be notified prior to the completion of the appraisal.

Exposure Time: The length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.

Leonel Garza III

State Certified General Real Estate Appraiser

Company Profile

Leonel Garza Jr. & Associates, LLC provides a variety of real estate consulting services with primary focus on real estate appraisals and appraisal litigation support. The company specializes in General Commercial Real Estate, Estate Valuations, and Right-of- Way Easement Acquisition and Defense. In addition to the appraisal services, the company provides Real Property Tax Consulting Services. The purpose of this division is to support property tax owners in the verification of property tax assessment as promulgated by the Texas Property Tax Code.

Property Tax Division

The property tax division of the firm conducts reviews of property tax assessments by various county appraisal districts in order to consult clients on their current tax liabilities. Reviews include attending informal and formal hearings on behalf of clients at local appraisal districts. With over 2,500 accounts throughout South Texas of which includes the County of Cameron, Brooks, Hidalgo, Starr, Willacy, Webb and Nueces County. Clients include dealerships, movie theaters, concrete batch plants, convenience stores, retail box centers, retail strip centers, warehouses, subdivisions, and many other commercial type properties.

Right-of-Way Division

The Right-of-Way Division of the firm conducts Real Estate Appraisals for various local and government agencies throughout South Texas. Leonel Garza III has undergone extensive training in this field of work. He specializes in acquisitions concerning diminution of market value and/or property bi-sections. ROW experience extends to various types of acquisitions including, but not limited to, expansion of existing roadways, development of new roadways, utility easements, drainage or irrigation easements, transmission line easements, damage assessment, cost to cure, relocation assistant research, budget analysis, condemnation hearing and trial support.

Douglas E. Oldmixon
Commissioner

Professional Organizations

Associate Member of the Appraisal Institute

Taking courses toward the designation of MAI through the Appraisal Institute.

National Association of Master Appraisers (MAA)

Designated as a Master Senior Appraiser by the National Association of Master Appraisers. This designation is obtained through educational requirements and experience.

Associate Member of the International Right-of-way Association (IRWA) (Member # 7899430)

Public Service

City of McAllen Planning and Zoning Board (Active Member / Chairman)

This board is charged with submitting reports, plans, and recommendations to the City Commission for the orderly growth, development, and welfare of the City. They review and make recommendations on zoning change requests, conditional use permits for longer than one year, and variances to Subdivision Ordinance requirements for development.

Hidalgo County Subdivision Advisory Board (Active Member / Chairman)

This county board on subdivision reviews primary goal is to ensure that proper standards, set by Texas Water Development Board and the Texas Subdivision Model Rules and/or opinions from the Texas State Attorney General's Office, are conducted in the development of proposed subdivision within the County of Hidalgo and/or Extraterritorial Jurisdiction of municipalities throughout the County of Hidalgo. The board's secondary function is to review applications for variances against the Flood Plain Administrators decisions of the base flood elevations throughout the County of Hidalgo. (Appointed in 1998 – Present)

Hidalgo County Building Line of Adjustments (Active Member / Chairman)

This county board reviews applications of variances to general set-back regulations set forth by the County of Hidalgo. This review includes the review of existing and/or proposed encroachments into set-backs, easements, road right-of-way set-back, subdivision plat requirements and/or requirements set forth by adjoining municipalities of which the subject is within the extraterritorial jurisdiction.

City of McAllen Traffic Commission Board (Former Member & Vice Chairman)

Makes recommendations to the City Commission in order to reduce and eliminate traffic congestion and flow throughout the City.

City of McAllen Zoning Board of Adjustments and Appeals (Former Member & Chairman)

This city board has the duty to hear and decide appeals where it is alleged there is error in any requirement, or determination made administratively in the enforcement of the Zoning Ordinance. The Board hears appeals that grant variances to setback requirements and special exceptions to reconstruction of nonconforming buildings.

City of McAllen Ambulance Advisory Committee (Vice Chairman)

Evaluates and reports to the City Commission on the operation of the emergency ambulance service rendered by company or companies rendering such service.

City of McAllen Building Board of Adjustments and Appeals (Former Member)

The BBOA reviews the decision of City Staff for the demolition of properties deemed unsafe through the City for a variety of reasons. The board review all facts and concerns and make the decision to secure or proceed with demolition based upon the safety of the neighboring property owners and occupants. The greatest concern for the commission is the safety of the surrounding neighborhood occupants.

McAllen Palm City Lions Club (Active Member)

Direct the fund raising for the annual Thanksgiving Drive on behalf of Lion Leonel Garza Jr. who founded the drive more than 20 years ago raising funds to provided dinners to as many as 60 families (approximately 240 – 300 individuals) throughout the City of McAllen.

Project: "Peñitas Drainage Project"
Parcel 1A and 1B

Robert B. Thompson
13500 N Rancho Vistoso Blvd
Oro Valley, AZ 85755

To Whom It May Concern:
Leonel Garza Jr. & Associates LLC has been contracted by the Hidalgo Urban County Program to appraise various properties along and area to be known as the "Peñitas Drainage Project" along US Expressway 83 / Interstate 2 within the City of Peñitas, Texas. This project is for the purpose of address current and future drainage issues in the area. Attached is a survey of the property to be acquired as provided by Urban County. This office is requesting verbal or written permission to inspect the subject property at the earliest date possible. We would like to extend to you the opportunity to meet with our office in order to further explain the project and the purpose of the appraisal report. In the event written nor verbal permission is granted to enter the subject property. The inspection is to proceed off-site along existing road right of way or from adjoining tracts of which permission was granted. The extent of the inspection is to photograph and measure any improvements only. If you or your representative wish to meet with us to discuss the purpose of the appraisal and join me for an on-site inspection of your land, I can be reached at (956) 687-7295 or leonel3@garza-associates.com. The Hidalgo County Precinct No. 3 shall be negotiating the purchase of this portion of your property believed to be in the name of Robert B. Thompson. Any information on recent sales in the area is appreciated in order to determine the current market value of the subject property.

If this letter does not pertain to you and or you have sold said property, please notify our office as soon as possible so that the proper ownership identification can be performed. If you have any further questions please call the office of Leonel Garza Jr. & Associates LLC at (956) 687-7295.

With this letter I request permission to perform an on-site inspection and photograph your property. If you have any objections to our inspection of your property please call the office of Leonel Garza Jr. and Associates LLC at (956) 687-7295 as soon as possible. Thank you.

Sincerely,

Leonel Garza III

CC - REGULAR

Meeting Date: 12/15/2015

Submitted For: Diana Serna, URBAN COUNTY **Submitted By:** Sandra Regalado, URBAN COUNTY

Department: URBAN COUNTY

Information

CAPTION

The Urban County Program on behalf of the City of Granjeno is requesting approval of a best and final negotiated contract for professional engineering services with Hinojosa Engineering Inc., in the amount of $60,000.00 utilizing CDBG FY (2012, 2013, 2014) Park Improvement funds.

BACKGROUND

On September 29, 2015, Commissioner's Court ranked and approved contract negotiations with Hinojosa Engineering Inc., for Professional Engineering Services. See attached contract, Exhibits and certificate of Liability Insurance.

Contract Amount:

Available Funds: $60,000.00

$ 27,961.00 2012 GRANJENO PARKS, REC. FACILITY IMPROVEMENTS
$ 20,642.37 2013 GRANJENO PARKS, REC. FACILITY IMPROVEMENTS
$ 272,721.30 2014 GRANJENO PARKS, REC. FACILITY IMPROVEMENTS
TOTAL: $ 321,324.67
ADDITIONAL FUNDS WILL BE AVAILABLE FOR PARK CONSTRUCTION AS OF JULY 1, 2016.

STATE OF TEXAS §
§
COUNTY OF HIDALGO §

Professional Services Agreement

This Agreement, entered into this **15th** day of **December, 2015** by and between **Urban County Program,** (hereinafter called the "Party") and **Hinojosa Engineering, Inc.**, duly authorized Engineer, herein acting by **Ricardo Hinojosa, Principal Engineer** (hereinafter called the "Engineer").

WITNESSETH THAT:

WHEREAS, Hidalgo County has received CDBG funds from the U.S. Dept. of Housing and Urban Development to be used by Urban County Participants. It is understood and agreed that the Party's obligation under this Agreement is contingent upon the actual receipt of adequate federal funds to meet the liabilities under this Agreement; and

WHEREAS, the Party is interested in obtaining Engineering Services; and

WHEREAS, the Engineer, duly licensed and registered to practice engineer in the State of Texas, has the professional abilities to undertake the study, evaluation, analysis and recommendations in a manner which shall provide the necessary public service while preserving and enhancing to the greatest degree possible the natural and proposed environment in the Project (as hereinafter defined) area; and

WHEREAS, the Party desires to engage the Engineer to render certain services in connection therewith;

NOW, THEREFORE, the participants do mutually agree as follows:

SECTION I
EMPLOYMENT OF THE ENGINEER

The Party agrees to employ the Engineer to furnish and provide the engineering services as stated in the following sections and upon receipt of such satisfactory services, the Party agrees to pay the Engineer as stated in the sections to follow.

SECTION II
BASIC SERVICES OF THE ENGINEER

The Engineer shall perform the following Basic Services in connection with the proposed **Granjeno Parks Recreational Facility Improvements** Account(s) **5012, 5013, 5014 & 5015-15-55-0306-5000-5500** *(the "Project') as more particularly described in Exhibit A attached hereto.*

2.1 Preliminary Phase

a. Attend preliminary conferences with the Party and, if requested, with the funding agency and other government agencies or interested parties regarding the project.

b. As may be required, comply and receive from the Party and the funding agencies approval on all work.

c. Prepare preliminary engineering plans on the Project in sufficient detail to indicate clearly the problems involved and solutions recommended with the cost estimates.

d. Obtain the Party's written approval of the work of this Preliminary Phase before proceeding with the next phase.

2.2 Design Phase

a. Attend the respective Party's meetings as requested for the purpose of explaining completed design work activities.

b. Advise the Party of any soil investigations or tests which, in the opinion of the Engineer, may be required for the proper execution of the Project.

c. Provide all field information and surveys required for the design of the Project.

d. Plot field data and other survey information for the design of the Project.

e. Prepare detailed plans, specifications and contract documents and drawings (reproducible tracings) for construction authorized by the Party.

f. Furnish, if requested, the engineering data necessary for the Party to obtain permits required by local, state, and federal authorities.

g. Prepare cost estimates of authorized construction, based on prices for work. If such estimated costs exceed the monies available, the Party shall be consulted so that revisions can be made to reduce the cost as required.

h. Prepare all documents required for the advertisement and bidding of the Project in cooperation with the Party's staff.

i. Preparation of property or easement descriptions.

2.3 Construction Phase

The Construction Phase will commence with the execution of the prime construction contract(s). The Party will issue a ten (10) day commence work notice which will signal the commencement of work under any construction contracts and will terminate upon the Party's approval of the Engineer's written approval of final payment to the Contractor(s). During the Construction Phase, the Engineer

will:

a. Assist the Party in opening and tabulating bids for the construction of the Project, and advise the Party in establishing the procedure for entering into construction phase.

b. Prepare the formal Contract Documents for the Contractor.

c. Make periodic visits to the site as required pursuant to the standards of Professional Engineers on projects of this nature, provide project construction supervision, to observe the progress and quality of the executed work and to determine if the work is proceeding in accordance with the contract documents.

d. Consult with and advise the Party and issue all instructions and Change Orders to the Contractor selected by the Party.

e. During the progress of actual construction, Engineer will keep continually the Owner informed with brief and concise information. A monthly progress report will be prepared and delivered to the Party including but limited to monies spent, construction time elapsed, percent of Project completed, a brief narrative of problems encountered and the anticipated completion date.

f. Review shop and working drawings furnished by Contractor(s) for general compliance with design concept and with information given in contract documents.

g. Review and provide a recommendation concerning samples, catalog data, schedules, shop drawings, laboratory, shape and mill tests of material and equipment and other data which the Contractor is required to submit, in compliance with the Contract Documents.

h. Prepare monthly and final estimates for payments to Contractor(s).

i. Engineer shall accompany the Party on the Final Inspection to assure that the total work has been completed in accordance with the Contract Documents.

j. Prior to the Party's dispersal of any retainage of funds, render a written opinion to the Party that the construction has been completed according to the Contract Documents and provide the Party with a certificate of completion and release of liens documents from subcontractors.

k. Provide the Party with bond copies of as-built drawings of the constructed improvements, within sixty (60) days of issuance of certificate of completion.

l. The Engineer will be responsible for interim and final inspection.

m. Furnish to the Party six (6) sets of plans and six (6) sets of specifications and contract documents.

SECTION III
ADDITIONAL SERVICES OF THE ENGINEER

If authorized in writing by the Party, the Engineer will furnish or obtain from others Additional Services of the following types which are not considered normal or customary basic services; these will be paid for by the Party as indicated in Section VI.

3.1 Services of a Resident Project Representative, and other field personnel as required, for on-the-site observations of construction, other than periodic visits covered in Section 2.3 herein.

3.2 Detailed mill, shop and/or laboratory inspection of materials or equipment.

3.3 Major revision of Contract drawings as distinguished from modifications due to change orders, modifications to reduce the cost of the project or modifications requested to meet federal, state, or local regulations.

SECTION IV
REIMBURSABLE EXPENSES

4.1 Travel and subsistence required for the Engineer and authorized by the Party to points other than within Hidalgo County and Project site.

4.2 Additional copies of reports and specifications over six (6) copies and additional prints of drawings over six (6) copies.

4.3 Reimbursable expenses as provided in Section IV herein shall be paid to the Engineer on the basis of 1.1 times the Engineers actual cost.

SECTION V
THE PARTY'S RESPONSIBILITIES

The Party will:

5.1 Provide full information as to requirements for the Project.

5.2 Assist the Engineer by providing all available information pertinent to the Project including reports and any other data relative to design and construction of the Project.

5.3 Furnish the services or data as required such as appropriate professional interpretations of all of the foregoing; property, boundary, easement, right-of-way, zoning, and deed restrictions; all of which the Engineer may rely upon in performing his services under this agreement.

5.4 Guarantee access to and make all provisions for the Engineer to enter upon public and private property as required for the Engineer to perform his services under this Agreement.

5.5 Examine all studies, reports, sketches, estimates, specifications, drawings, proposals, and other documents presented by the Engineer.

5.6 Pay for all costs incident to advertising and obtaining bids or proposals from Contractors.

5.7 Provide such legal and accounting services required to discharge the Party's responsibility under the terms of this Agreement and any Agreement with any governmental agency as may be required for the project, and such auditing services as the Party may require to ascertain how or for what purpose any Contractor has used the monies paid to him under the construction contract.

5.8 Give prompt written notice to the Engineer whenever the Party observes or otherwise becomes aware of any defect in the Project.

SECTION VI
PAYMENTS TO THE ENGINEER

The Party agrees to pay the Engineer for completed services as identified by the Party:

6.1 The Engineer shall be paid a total fixed amount of **$ 60,000.00** for services rendered under this contract. Payment shall be based on request for reimbursements with documentation requested by the Party. The Engineer's fee shall be due and payable as outlined in Sections 6.2, 6.3, and 6.4 as follows.

6.2 At Engineer's completion and Party's approval of the Engineer's services under the Preliminary Phase, Section 2.1 of this Agreement, Party shall pay a maximum of 15% of the sum set forth in Section 6.1 above.

6.3 At Engineer's completion and Party's approval of the Engineer's services under the Design Phase, Section 2.2 of this Agreement, Party shall pay a maximum of 60% of the sum set forth in Section 6.1 above.

6.4 At Engineer's completion and Party's approval of the Engineer's services under the Construction Phase, Section 2.3 of this Agreement, Party shall pay a maximum of 25% of the sum set forth in Section 6.1 above. Such sum to be paid periodically proportionately to the percentage of construction completed by the Contractor as determined by Engineer's reports.

6.5 For Additional Services as provided in Section III herein the Engineer shall be paid a sum of 1.1 times the Engineer's actual cost for such services.

SECTION VII
OWNERSHIP OF DOCUMENTS

Original documents, plans, designs and survey notes developed in connection with services performed hereunder belong to, and remain the property of the Party, in consideration of which it is mutually agreed that the Party will use them solely in connection with the Project and as base material for possible future projects.

SECTION VIII
TERMINATION

The Party may terminate this Agreement without cause at any time by a 30-day notice in writing to the Engineer. Upon receipt of such notice, the Engineer shall, unless the notice directs otherwise immediately discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement. As soon as practical after receipt of notice of termination, the Engineer shall submit a statement showing in detail the actual services that were performed under this Agreement to date of termination, the date such services were performed and the length of time spent by each person or party engaged in performing such services on each day,

The Party shall pay the Engineer a sum of money equal to the reasonable value of the professional engineer services rendered by the Engineer to the Party in connection with the services performed under this Contract, less payments previously made by the Party to Engineer on work performed and expenses incurred by Engineer under the provisions of this Agreement. Copies of all completed or partially completed designs, plans, and specifications prepared under this Agreement shall be delivered to the Party when and if this Agreement is terminated, but subject to the restrictions as to their use, as set forth above.

Notwithstanding the above, the Engineer shall not be relieved of liability to the Party for damages sustained by the Party arising from Engineer's negligent acts, errors or omissions related to Engineer's obligations created under this Agreement.

SECTION IX
COUNTY AND CITY OFFICIALS

Engineer agrees that no County or City official or Party employee shall be personally liable for any of the obligation created under this Agreement, or for any matter which may arise out of the Project, or any activities related thereto and hereby holds the Party, its political bodies and its employees harmless from and indemnifies them from any liability from any matter arising from Engineer's negligent acts, errors or omissions related to Engineer's obligations created under this Agreement.

SECTION X
SUCCESSORS AND ASSIGNS

Party and Engineer each binds themselves, their partners, successors, executors, administrators, and assigns to the other party of Agreement in respect to all covenants of this Agreement. Neither the Party nor Engineer shall assign or transfer any interest in this Agreement without the written consent of the other.

SECTION XI
TIME OF PERFORMANCE

The Engineer contracts and agrees to commence work within **ten (10) days** from the date of written authorization to proceed and will complete the preparation of the preliminary phase and estimates by

sixty (60) days and will proceed upon authorization with final drawings, specifications, and contracts documents and complete same within the earliest practical time from such notice to proceed.

SECTION XII
VENUE

Venue and jurisdiction of any suit, right or cause of action arising under or in connection with this Contract shall lie exclusively in Hidalgo County, Texas.

SECTION XIII
AMENDMENT

This Agreement may be amended only by a written document executed by the parties hereto.

SECTION XIV
COMPLIANCE WITH LOCAL LAWS

The Engineer shall comply with all applicable laws, ordinances, and codes of the State and local governments, and the Engineer shall save the Party harmless with respect to any damages arising from any negligence of the engineer in performing any of the work embraced by this Contract.

SECTION XV
ASSIGNABILITY

The Engineer shall not assign any interest in this Contract, and shall not transfer any interest in the same (whether by assignment or novation) without the prior written consent of the Party thereof; provided however, that claims for money due or to become due to the Engineer from the Party under this Contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Party.

SECTION XVI
GENERAL

16.1 Audit. The Party and/or any of its duly authorized representatives shall have access to any books, documents, papers, and records of the Engineer which are directly pertinent to the Project for the purpose of making the audit, examination, excerpts, and transcriptions.

16.2 The Engineer agrees to comply with the following Executive orders, Titles and Program Regulations, including any additional requirements that may be set forth by the Party.

a. Title VI of the Civil Rights Act - requires that no one may be denied access to benefits from projects which receive federal assistance.

b. Section 109 of the Housing and Community Development Act of 1974 - Nondiscrimination related to benefits from projects funded specifically under Title I of the Act.

c. Section 3 of the HUD Act of 1968 - requires that maximum effort be made to provide

employment, training, and business opportunities to low income families and/or residents of the project area.

d. The Engineer shall give the United States Department of Housing and Urban Development, the Inspector General, the Comptroller General of the United States, the Auditor of the State of Texas, access to and the right to examine all books, accounts, records, reports, files, and other papers, things, or property belonging to or in use by Engineer pertaining to this Agreement. Such rights to access shall continue as long as the records are retained by Engineer. Engineer agrees to maintain such records in an accessible location for a period of three (3) years.

e. Executive Order 11246 (paragraph a-c for contracts under $10,000; paragraphs a-g for contracts over $10,000) - Equal Employment Opportunity.

Executive Order 11246. Executive Order 11246 and the regulations issued pursuant thereto (24 CFR Part 130) which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of federal or federally assisted contracts. Such consultants or subcontractors shall take affirmative action to ensure fair treatment in employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation and selection for training and apprenticeship.

Equal Employment Opportunity for Activities and Contracts not Subject to Executive Order 11246, as amended. In carrying out the program, the Consultant shall not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Engineer shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not limited to the following: Employment, upgrading, demotion, or transfer; recruitment or other forms of compensation; and selection for training, including apprenticeship. The Engineer shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Government setting forth the provisions of this paragraph in all of its contracts for program work and will require all of its consultants for such work to incorporate such requirements in all subcontracts for program.

16.3 Interest of Certain Federal Officials: No member of or Delegate to the Congress of the United States and no Resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit to arise from the same.

16.4 Interest of Members, Officers, or Employees of Public Body, Member of Local Governing Body, or other Public Officials: No member, officer, or employee of the County or City, or its designees or agents, no member of the governing body of the locality in which the program is situated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the program during his tenure or for one year thereafter, shall have any interest, direct or indirect, to be performed in connection

with the program assisted under the Agreement. The Engineer shall incorporate or cause to be incorporated in all such documents in the paragraph in this Section.

SECTION XVII
INSURANCE

The Engineer shall obtain and keep in force during the term of its engagement on the Project, insurance as follows:

17.1 A comprehensive automobile liability policy covering liability exposure to bodily injury and property damages. The Engineer shall furnish Party Certificates of Insurance showing the comprehensive automobile liability insurance policies to be in effect, commencing when Engineers commence operations under this Agreement, in the sum of Three Hundred Thousand Dollars ($300,000.00) for bodily injury and One Hundred Thousand Dollars ($100,000.00) for property damages.

17.2 Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

17.3 A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability Insurance Policy providing additional coverage to all underlying liabilities of County consistent with potential exposure of County under the Texas Tort Claims Act;

17.4 Workers Compensation Insurance in amount established by Texas law, unless the engineer is specifically exempted from the Texas Worker's Compensation Act, Texas Labor Code Chapter 401, et. seq.

17.5 All insurance policies must be written by an insurance company or companies acceptable to the Party.

SECTION XVIII
WARRANTY

18.1 Engineer represents and warrants to Owner all services rendered to Owner under this Agreement shall, at a minimum, comply with the Texas Engineering Practices Act (Tex. Civ. St. Ann., Article 3271) and rules of the Texas Board of Professional Engineers.

SECTION XIX
EFFECTIVE DATE

The effective date of this contract shall be **December 15th, 2015**. Such date being the date the County Commissioners' Court approved entering into contract with Engineer. This Agreement is hereby approved this _____ day of _____, 20_____.

PARKS, RECREATIONAL FACILITIES

Project will consist of the overall development and construction of a park. Development will also include the purchase and installation of approximately 7 conventional lights throughout the park premises, landscaping, the installation of a sprinkler system, installation of track around the park perimeter, vented hexagon canopy with electrical outlets, kiosk square single post, basketball court, sand volleyball court, fitness area, construction of a parking lot to include asphaltic lines and handicapped accessibility, purchase and installation of park equipment (to include but not limited to a playscape, swing set, plastic timber, surfacing material, picnic tables, benches, litter receptacles, and other park equipment). Project will also include advertisements, professional service fees, material testing fees, surveying services, and related appurtenances as they pertain to project completion. And include the following to the existing project description: purchase and installation of a water sprinkler system, with powered solar pump throughout the city park area. Purchase and installation of solar lights throughout the park and parking lot area. Construction of bathroom facilities to include but not limited to advertisements, professional services and material testing as it pertains to project completion.

SCOPE OF SERVICES TO BE PROVIDED BY THE ENGINEER

PROJECT

(Description of Services)

City of Granjeno Park Recreational Facility Improvements

Preliminary Phase:

1. Attend preliminary conferences with the Owner regarding the project.

2. Provide for the surveying services necessary to determine and stakeout the existing right –of-way, property lines, to obtain the existing topography and cross-sections of the project and to provide the necessary mapping and plotting of the existing field conditions.

3. Based on the geotechnical Investigation and surveying services, prepare a preliminary engineering study and report on the Project, in sufficient detail to clearly indicate the problems involved and the alternate solutions available to the Owner; to include preliminary layouts, sketches and cost estimates for the Project, and to set forth clearly the Engineer's recommendations.

4. Provide the Owner copies of the preliminary report, including preliminary layouts, sketches, profiles and cost estimates.

B. **Design Phase:**

1. Perform any additional surveying services necessary to collect information required in the design of the Project.
2. Prepare detailed contract drawings and specifications for construction authorized by the Owner. These designs shall in all respects combine the application of sound engineering principles with a high degree of economy.
3. Prepare detailed cost estimates and proposals of authorized construction, which shall include summaries of bid items and quantities based, insofar as practicable, on the unit price system of bidding. The Engineer shall not be required to guarantee the accuracy of those estimates.

4. Furnish the Owner all necessary copies of approved plans, specifications, notices to bidders, and proposals. All sets of plans in excess of 5 are to be paid for separately.

5. Assist the owner in the advertisement of the Project for bids.

6. Assist the Owner in the opening and tabulation of bids for construction on the project, and recommend to the Owner as to the proper action on all proposals received.

7. Assist in the preparation of formal contract documents for the award of contracts.

8. Prepare and assist owner in preparing any reports, plans, documentation, studies or other material of any nature whatsoever, which Owner may need or be required to submit to any federal, state or local authority in order to comply with any federal, state or local statute, order, regulation, ordinance or guideline..

C. **Construction Phase:**

1. The Engineer shall consult and advice Owner and act as Owner's representative as provided in the General Conditions of the Construction Contract. The extent and limitations of the duties, responsibilities and the authority of Engineer as assigned in the General Conditions of the Construction Contract shall not be modified, except as Engineer may otherwise agree in writing.

2. The Engineer shall provide administration construction (as distinguished from the inspection of a resident engineer continuously at the site of the project), including visits of the Engineer or a competent representative of the Engineer to the site of construction whenever needed. In the administration of the Project, the Engineer will use his best efforts to protect the Owner against defects and deficiencies in the Work of contractors, but he does not guarantee the performance of their contracts; however, he will promptly notify Owner of any such defect and take all steps possible to require Contractor to correct the deficiency.

3. Consult and advise with the Owner during construction.

4. Furnish the services of a resident Engineer and inspectors if Owner requests Engineer to do so, for continuous on-the-site inspection of construction, at Owner's expense.

5. Submit a written monthly report to the Owner which outlines the progress in a form and manner satisfactory to Owner.
6. Check shop or working drawing furnished by contractors.

7. Review all laboratory, shop and mill tests of materials and equipment for compliance with specifications.

8. Review monthly and final estimates for payments to contractors, and furnish to the Owner any necessary certifications as to payments to contractors and suppliers. Ten percent retainage is to be withheld from all payments on construction contracts until final acceptance by Owner.

10. Prepare, explain and submit proposed contract change orders when applicable.

11. Supervise initial operation of the Project, following the completion of construction and supervised the necessary performance tests required by specifications.

12. Perform, in company with the Owner's representatives, a final inspection of the Project.

13. Revise contract drawings to show the work as actually constructed and furnish the Owner with (3) sets of prints.

LIBRARY INTERIORS OF TEXAS, LLC – TERMS AND CONDITIONS OF SALE

Please read these terms and conditions carefully. All orders for goods and any related services ("Products") by any buyer ("you") from Library Interiors of Texas, LLC ("LI-TX") are governed by these terms and conditions.

1. **Exclusive Terms.** LI-TX AGREES TO SELL ITS PRODUCTS ONLY ON THESE TERMS AND CONDITIONS. LI-TX EXPRESSLY OBJECTS TO ANY ADDITIONAL OR DIFFERENT TERMS IN YOUR PURCHASE ORDER OR SIMILAR DOCUMENT. No action by LI-TX shall be construed as an acceptance of any additional or different terms. You shall be deemed to have accepted these terms and conditions by any written indication of acceptance, by submitting an order in response to a quotation, by any action affirming your order without objection to these terms and conditions, by accepting any whole or partial shipment of Products, or by making any whole or partial payment to LI-TX.

2. **Price.** Unless LI-TX agrees otherwise in writing, you agree to pay LI-TX's price in effect at the time an order is accepted by LI-TX for all products and services ordered. Prices do not include freight, insurance, installation, export fees, storage, duties, or sales, use, or excise taxes, any special processing, handling, packaging, or other special treatment, or any other charges, fees, or taxes, all of which are your responsibility; provided, however, that the price shall include ocean freight, duties, and other costs incurred, if any, to bring the Products to the United States. LI-TX reserves the right, by giving you notice at any time before delivery, to increase the price of the Products to reflect any increase in the manufacturing or production cost to LI-TX, any change to delivery dates, quantities or specifications for the Products requested by you, or any delay caused by your instructions or your failure to give LI-TX adequate information or instructions.

3. **Cancellation of Orders.** You may not cancel an order, in whole or in part, without the written consent of LI-TX. No cancellation will be accepted by LI-TX except on terms that will fully indemnify and reimburse LI-TX against loss, including recovery of all costs incurred by LI-TX, and including indirect and overhead charges and profit.

4. **Delivery.** You acknowledge that shipment dates and delivery dates are estimates only. LI-TX agrees to use reasonable efforts to meet the estimated shipping date subject to your prompt provision of all necessary specifications and information; however, LI-TX will not be held responsible for any failure to meet an estimated date. If you request a delay in shipment, LI-TX shall have the right to (i) bill you for the Products at the initial requested delivery date, and (ii) bill you for any storage charges incurred. In the case of delivery of Products by installments, you agree that you will not treat the delivery of faulty Products in any one installment or the late delivery or non-delivery of any one installment as a repudiation of the whole contract. Unless special shipping instructions are received and accepted by LI-TX before the shipment date, LI-TX shall, in its sole judgment, determine the means and routing of shipment, or store the Products at your expense until you provide shipping instructions.

5. **Risk and Title to Products.** Unless otherwise expressly agreed by LI-TX, all shipments are F.O.B. point of shipment. "Point of shipment" shall be, as applicable: LI-TX's dock; for drop shipments, manufacturer's or distributor's dock for international Products, the United States point of entry. LI-TX will select the origin of all shipments, and all delivery destinations will be subject to LI-TX's approval. Title to and risk of loss for Products will pass at the F.O.B. point.

6. **Exclusion of Warranties.** You acknowledge that LI-TX is not the manufacturer of the Products, and therefore (a) LI-TX MAKES NO EXPRESS OR IMPLIED WARRANTIES OF ANY KIND WITH RESPECT TO THE PRODUCTS, and (b) LI-TX EXPRESSLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. All Products are warranted only to the extent of the manufacturer's warranties, which LI-TX will provide to you at your request.

7. **Limitation of Remedies and Damages.** LI-TX's liability and your remedies under this Agreement will be limited solely to replacement or credit, at LI-TX's option, with respect to Products for which LI-TX has received, within thirty (30) days after your receipt of the Products, evidence satisfactory to LI-TX of defective or incorrect Products. LI-TX' S LIABILITY WILL IN NO EVENT BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE PRODUCTS. LI-TX WILL NOT BE LIABLE, UNDER ANY CIRCUMSTANCE, FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL, OR PUNITIVE DAMAGES, INCLUDING, BUT NOT LIMITED TO, LABOR COSTS OR LOST PROFITS RESULTING FROM THE USE OF OR INABILITY TO USE THE PRODUCTS OR FROM THE PRODUCTS BEING INCORPORATED IN OR BECOMING A COMPONENT OF ANY OTHER ARTICLE. NEITHER PARTY WILL HAVE ANY NEGLIGENCE OR OTHER TORT LIABILITY TO THE OTHER, OR TO ANY THIRD PARTY, ARISING FROM ANY BREACH OF THIS AGREEMENT.

8. **Variations.** Any minor shortages or defects that do not materially affect the use for which the Products are intended will not affect the terms of payment. Products, specifications, and colors may differ slightly from those illustrated in LI-TX's literature and samples. Any typographical or clerical omission in any sales literature, price list, quotation, acceptance of offer, invoice or other document or other information issued by LI-TX shall be subject to correction without any liability on the part of LI-TX.

9. **Claims.** LI-TX's responsibility for shipment shall cease upon delivery to the carrier. Any claims for damages or loss occurring in shipment shall be made by you directly to the carrier. All other claims for damages, defects, loss, shortages, or incorrect Products must be made within fourteen (14) days after receipt of the Products, unless otherwise agreed by the parties in writing. YOUR FAILURE TO MAKE ANY CLAIM WITHIN THE SPECIFIED TIME PERIOD WILL RESULT IN THE UNCONDITIONAL WAIVER OF THAT CLAIM. LI-TX reserves the right to accept or reject any claim in whole or in part. LI-TX shall not be responsible for any defects caused by your willful or negligent acts, incorrect storage or installation of the Products, or normal wear and tear. Any claim based on a manufacturer's warranty shall be made within the period prescribed by the warranty.

10. **Credit Report and Payment.** You hereby give LI-TX permission to make all reasonable inquiries into your credit history. Following such reviews, LI-TX will notify you of the payment terms for your orders, which will be one of the following:

(a) *Net 30 Days.* All amounts for the Products ordered are due within 30 days of date of LI-TX's invoice for the Products.

(b) *25% Down, Net 30 Days.* You must pay 25% of the order amount upon notice from LI-TX of the terms of payment, and the remaining balance is due within 30 days of date of LI-TX's invoice for the Products.

(c) *50% Down, Net 30 Days.* You must pay 50% of the order amount upon notice from LI-TX of the terms of payment, and the remaining balance is due within 30 days of date of LI-TX's invoice for the Products.

(d) *100% Down or Payment Bond.* The full price of all orders must be paid upon notice from LI-TX of the terms of payment. Alternatively, you may provide a payment bond or other security acceptable to LI-TX.

If you are required to make a down payment under the preceding payment terms, LI-TX may not process your order for Products under this contract until such down payment is received by LI-TX. If payment is not made in full by the due date, LI-TX may charge interest at a rate of up to 1 ½% per month [18% per year compounded monthly] on the amount outstanding until its is paid in full. You agree that you will not withhold payment of any amount due because of any other claims or set-off you may have against LI-TX.

11. **Collection and Other Fees.** You agree to pay LI-TX all costs, including reasonable attorneys fees, incurred by LI-TX in collecting amounts you owe to LI-TX or in otherwise enforcing, asserting, or defending these terms and conditions.

12. **Indemnity.** If the Products are to be manufactured or any process is to be applied to the Products in accordance with a specification submitted by you, you hereby indemnify LI-TX against all loss, damages, costs and expenses awarded against or incurred by LI-TX in connection with or paid or agreed to be paid by LI-TX in settlement of any claim whatsoever including, but not limited to, infringement of any patent, copyright, design, trademark or other intellectual property rights of any other person that results from LI-TX's use of your specification.

13. **No Installation.** These terms and conditions do not govern the installation of any Products purchased from LI-TX. Please refer to your installation agreement for the terms relating to installation.

14. **Force Majeure.** LI-TX shall not be responsible for any failure or delay in the performance of any of its obligations due to causes beyond its control, including, without limitation, fire, storm, flood, freeze, accident, customs or other acts of government, labor disputes, failure or delays of energy, wars, acts of terrorism, riots, public disorders and acts of God.

15. **Disputes.** Any disputes relating to these terms and conditions shall be decided in accordance with the laws of the State of Texas without reference to conflicts of laws principles. Exclusive jurisdiction and venue of any lawsuit relating to this contract shall lie in the state and federal courts of Travis County, Texas.

16. **Miscellaneous.** The invalidity or unenforceability of any of these Terms and Conditions shall not affect the validity or enforceability of any other Terms and Conditions. Any delay or failure by LI-TX in enforcing its rights shall not be construed as a waiver of those rights. This Agreement shall inure to the benefit of and be binding upon each of the parties hereto and their respective heirs, executors, administrators, legal personnel, representatives, successors and assigns, but shall not be assignable by you without the written consent of LI-TX. This Agreement constitutes the entire agreement between the parties on the subject matter hereof and supersedes all prior agreements, representations, warranties, statements, promises, arrangements, and understandings, whether written or oral, expressed or implied with respect thereto. Any changes or amendments to these Terms and Conditions must be agreed in writing by both parties.

Subject : RE: Quote Verification
To : Monica Leal <monica.leal@co.hidalgo.tx.us>

Yes, ma'am. It goes right along with the contract. 35% discount for Arcadia and Palmieri and a 40% discount for the Worden objects.
All pricing seems to be in order.
Thanks for using Choice Partners!!

Quotation

Olga Rosas <orosas@cityofmercedes.com> Fri, Oct 9, 2015 at 9:53 AM

To: Monica Leal <monica.leal@co.hidalgo.tx.us>

Good Morning Monica;

Attached below is a quote for the purchase of lounge chairs for the Mercedes Library. We will be utilizing Public Services General (Mercedes Library) FY 28 UC funds in the amount of $13,000.00. Please review and confirm pricing through Choice Partners and upon approval I shall submit all pertinent documentation including a check for the overages to be covered by the City's general fund in the amount of $458.29. Thank you.

ABOUT THIS PARTNER:

Uniting domestic favorites with the best of European vendors, we offer one of the most comprehensive portfolios of library furniture and shelving available today.
Library Interiors of Texas offers a cooperative approach to all aspects of furnishing a library from needs assessment through design, procurement of exclusive products, project management, to installation and after sales care. Architects, designers and library professionals can be assured that they will be offered the finest furnishing choices, delivered on time, within budget, and with continuing service.

Trevor Taylor, the driving force behind the development of the company, was born in London, England. Trevor's career began in 1977 and through building strong working relationships with architects, designers, and librarians internationally, became a highly respected specialist in the library community. He has worked on projects across the globe from England, to Eldoret, Kenya to libraries damaged in Kuwait City after the Gulf War. He now brings his vision and international expertise to American architects, designers and librarians, throughout the country. A desire to provide a more personal and exclusive service to a select group of clients prompted a decision to establish Library Interiors of Texas, based in Austin.

Dave Gaskins studied architecture and mechanical engineering at Old Dominion University, and began

his career in the library furniture business in 1996 as VP of Sales and Marketing for Texwood Furniture. Texwood, a venerable Texas-based library furniture maker had been producing "fine furniture for education since 1959." Under Dave's direction the company grew significantly, and became more sophisticated in their production methods, including the deployment of the first "green" finishing system in the nation. Dave actively managed new product development, and oversaw the interior design of educational facilities of all types. He has been intimately involved in the supply of thousands of K-12 installations throughout the continental United States, hundreds of which are located right here in Texas. Dave is our corporate specialist for the K-12 learning environment. He knows what Texans want, and how to supply quality furnishings and services on time, and within budget.

Information

CAPTION

1. Requesting exemption from competitive bidding requirements under the Texas Local Government Code 262.024 (a)(4) for professional engineering services.

2. Presentation of the scoring grid for the purpose of ranking by Commissioner's Court of at least three (3) professional engineering firms from the county's approved "pool" as graded and evaluated by the City of Weslaco, Urban County Program and Hidalgo County Purchasing Department, in connection with and funded through Hidalgo County Urban County Program Year 28 (2015) City of Weslaco– Water/Sewer Improvements funds.

Professional Service Firm	Grade	Ranked
Cruz-Hogan Consultants, Inc.	92%	
Melden & Hunt, Inc.	91.33%	
Javier Hinojosa Engineering	85.67%	

3. Authority to negotiate a professional engineering service contract with the highest ranked firm _____
for a Urban County Program Year 28 (2015) City of Weslaco– Water/Sewer Improvements project.

BACKGROUND

Engineering will be conducted in the areas identified in Year 28 (2015) work plan.

Funds Available: $278,695.00 YR 28 (2015) Water/Sewer Improvements

EXHIBIT "B"

Selection Criteria	Points	Score
1. Professional Qualifications of Project Team (20 pts maximum)		
➢ Registered and licenses to practice in the State of Texas (i.e. certifications/registrations and other pertinent information that demonstrates their qualifications to perform the contract)	10	7
➢ Provides information on proposed professional Team qualifications to perform various types of contracts	5	4
➢ Team members identified in the organizational chart.	5	5
Comments/Rationale For Points:		TOTAL 16
2. Experience of Project Team/Ability to Commit Resources (25 pts maximum)		
➢ Designate engineering staff members in an appendix form	5	5
➢ Identifying the project composition, project leadership, reporting responsibilities	10	10
➢ Experience of engineering staff to completely and efficiently perform the work.	10	10
➢		
Comments/Rationale For Points:		TOTAL 25
3. Methodology/Experience/Availability of Project Manager (20 pts maximum)		
➢ Firm's approach to the methodology and management to the scope of services for the project(s).	5	5
➢ Must be a Professional Engineer registered in the State of Texas and must be included in Appendix	5	5
➢ Project Manager must have five (5) types of projects plus be 85-100 % involvement with technical development of project	10	10
Comments/Rationale For Points:		TOTAL 20
4. Understanding of Project/Similar Projects (25 pts maximum)		
➢ Demonstrate and understanding of the scope of services	5	5
➢ Address appropriate Federal/ State/ Local regulations and policies. Knowledge and experience of working with multiple entities, counties, cities, etc.	5	5
➢ Identify information to be gathered or obtained/proposed approach to complete the scope	5	5
➢ RFQ responsiveness. Response is clear, well organized, easy to evaluate, and appropriate to this RFQ.	5	4
➢ Reference Information including contact persons and telephone numbers.	5	5
Comments/Rationale For Points:		TOTAL 24
5. Familiarity with Applicable Rules and Regulations (10 pts maximum)		
➢ Indicate passed experience of the proposed Firm knowledge of governmental regulations, appropriate codes, guidelines, professional standards and policies	5	5
➢ Must contain a narrative that outlines applicable regulations, guideline, standards, and policies	5	5
Comments/Rationale For Points:		TOTAL 10

EVALUATION CRITERIA
PROFESSIONAL ENGINEERING SERVICES POOL
RFQ No. 2015-006-02-04-YZV

EXHIBIT "B"

Selection Criteria	Points	Score
1. Professional Qualifications of Project Team (20 pts maximum)		
➢ Registered and licenses to practice in the State of Texas (i.e. certifications/registrations and other pertinent information that demonstrates their qualifications to perform the contract)	10	8
➢ Provides information on proposed professional Team qualifications to perform various types of contracts	5	4
➢ Team members identified in the organizational chart.	5	3
Comments/Rationale For Points:		TOTAL 15
2. Experience of Project Team/Ability to Commit Resources (25 pts maximum)		
➢ Designate engineering staff members in an appendix form	5	4
➢ Identifying the project composition, project leadership, reporting responsibilities	10	9
➢ Experience of engineering staff to completely and efficiently perform the work.	10	9
➢		
Comments/Rationale For Points:		TOTAL 22
3. Methodology/Experience/Availability of Project Manager (20 pts maximum)		
➢ Firm's approach to the methodology and management to the scope of services for the project(s).	5	4
➢ Must be a Professional Engineer registered in the State of Texas and must be included in Appendix	5	4
➢ Project Manager must have five (5) types of projects plus be 85-100 % involvement with technical development of project	10	9
Comments/Rationale For Points:		TOTAL 17
4. Understanding of Project/Similar Projects (25 pts maximum)		
➢ Demonstrate and understanding of the scope of services	5	4
➢ Address appropriate Federal/ State/ Local regulations and policies. Knowledge and experience of working with multiple entities, counties, cities, etc.	5	4
➢ Identify information to be gathered or obtained/proposed approach to complete the scope	5	4
➢ RFQ responsiveness. Response is clear, well organized, easy to evaluate, and appropriate to this RFQ.	5	4
➢ Reference information including contact persons and telephone numbers.	5	4
Comments/Rationale For Points:		TOTAL 20
5. Familiarity with Applicable Rules and Regulations (10 pts maximum)		
➢ Indicate passed experience of the proposed Firm knowledge of governmental regulations, appropriate codes, guidelines, professional standards and policies	5	4
➢ Must contain a narrative that outlines applicable regulations, guideline, standards, and policies	5	4
Comments/Rationale For Points:		TOTAL 8

COMMUNITY DEVELOPMENT BLOCK GRANT
ROUND 2.2 NON-HOUSING GRANT AGREEMENT
AMENDMENT NO. 1

STATE OF TEXAS	§
	§
COUNTY OF TRAVIS	§

The **TEXAS GENERAL LAND OFFICE**, ("GLO") and the **COUNTY OF HIDALGO,** ("Grantee"), Parties to that certain Community Development Block Grant disaster recovery grant agreement effective September 6, 2012 and denominated GLO Contract No. 12-589-000-6887 ("Contract"), now desire to amend the Contract.

WHEREAS, the Parties desire to extend the term of the Contract to allow for successful completion of the Project; and

WHEREAS, the Parties desire to revise the Performance Statement and Implementation Schedule; and

WHEREAS, the Parties desire to revise the Budget to transfer funds between projects; and

WHEREAS, these revisions to the Contract will result in no additional encumbrance of grant funds;

NOW, THEREFORE, the Parties hereby agree to amend and modify the Contract as follows:

1. **SECTION 3.01** of the Contract, **DURATION OF CONTRACT AND EXTENSION OF TERM**, is hereby amended and modified to reflect a termination date of December 31, 2018.
2. **ATTACHMENT A** of the Contract, **Performance Statement and Implementation Schedule**, is hereby deleted in its entirety and replaced with the **Revised Performance Statement and Implementation Schedule**, attached hereto and incorporated herein for all purposes in its entirety as **ATTACHMENT A-1**.
3. **ATTACHMENT B** of the Contract, **Project Budget**, is hereby deleted and replaced by the **Revised Project Budget**, attached hereto and incorporated herein for all purposes as **Attachment B-1**.
4. This Amendment No. 1 shall be effective as of the date executed by the last Party.
5. Except as amended and modified by this Amendment No. 1, all terms and conditions of the Contract, as amended, shall remain in full force and effect.

DocuSign Envelope ID: 20722EE3-86EA-467A-B8B9-77B8B9503A7B

6. Further material revisions to the Contract shall be by written agreement of the Parties.

Revised Performance Statement and Implementation Schedule

COUNTY OF HIDALGO

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in the Budget.

As a result of Hurricane Dolly on July 23, 2008 and Hurricane Ike on September 13, 2008, various County drainage ditches/channels were overwhelmed due to high winds, flooding, and large quantities of debris, which caused the drainage channels to fail to function as the primary storm water conveyance for the area. The failure of the drainage system to function threatened the public health, safety, and welfare of all served by these facilities due to overflown drainage banks causing standing water on the roads, which impeded emergency vehicle access, and flooding. The County is in need of drainage infrastructure improvements to ensure proper storm water conveyance and reduce flooding.

Flood and Drainage Facilities - 5

Pct. 1 Delta Area Connector/East Lateral

Grantee shall reconstruct an existing drainage system by providing an adequately sized lateral drainage channel to direct storm water to a primary drainage channel, the Hidalgo County Drainage District (HCCD) No. 1 drainage system. Work includes channel excavation (reshaping and widening), concrete riprap installation, associated utility adjustments, and site work associated with construction. Proposed improvements will ensure proper conveyance of storm water and will significantly reduce flooding. Construction shall take place at the following location in Hidalgo County, Texas (between Edcouch and La Villa):

Flood and Drainage Facilities:	Location:	HUD Performance Measure:	Approximate Units:
Existing channel between Mile 2 West and FM 491	From: 1320 ft. South of Mile 13 North Road To: 300 ft. North of Mile 14 1/2 North Road	Linear Feet	20,000

These activities shall benefit fifty thousand two hundred forty-three (50,243) persons, of which thirty-three thousand seven hundred eighty-six (33,786), or sixty-seven percent (67%), are of low to moderate income.

Pct. 4 Alberta Drain

Grantee shall construct a new east-west lateral drainage system to outfall into the HCDD drainage system. Grantee shall purchase and install new culverts ranging in size from eighteen inches to seventy-two inches (18 in. – 72 in.), along with associated drainage inlets, junction boxes, manholes, a gated structure, headwalls, and repair payments as needed. Grantee shall also perform ditch excavation, install concrete riprap, regrade and excavate roadside ditches, make utility and irrigation adjustments, and perform site work associated with construction. Proposed improvements will ensure proper conveyance of storm water and significantly reduce flooding. Construction shall take place at the following location in Edinburg, Texas:

Flood and Drainage Facilities:	Location:	HUD Performance Measure:	Approximate Units:
Drainage channel and storm sewer improvements	From: An existing channel approx. 0.89 miles east of Tower Road, between Alberta Road and Owassa Road To: West to a point approx. 0.25 miles west of Tower Road	Linear Feet	6,040

These activities shall benefit one thousand eight hundred sixty-one (1,861) persons, of which one thousand six hundred sixty-nine (1,669), or eighty-nine percent (89%), are of low to moderate income.

Acquisition - 24

Grantee shall acquire easements as needed to accommodate the Pct. 4 Alberta Drain drainage improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 et seq.) and HUD implementing regulations (24 CFR Part 42).

Engineering - 30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for Engineering in the Budget.

Project Delivery - 33

Grantee shall ensure the amount of the funds expended for all eligible project-related "project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Project Delivery in the Budget.

Planning/Project Delivery (Environmental) - 35

Grantee shall ensure the amount of the funds expended for all eligible project-related "project delivery" environmental activities does not exceed the amount specified for Environmental in the Budget.

MEMORANDUM

TEXAS GENERAL LAND OFFICE • GEORGE P. BUSH • COMMISSIONER

DATE:	November 17, 2015
TO:	Javier Perez, Director of Program Oversight, Disaster Recovery Program
FROM:	Tyler Payne, 512-475-5049, Disaster Recovery
DR CONTRACT:	DRS220068
GLO CONTRACT:	GLO#12-589-000-6887
COMMUNITY NAME:	County of Hidalgo
PURPOSE:	Round 2.2 Amendment No. 1

RUSH Reason:
Several Round 2.1 projects are in construction, and the Grantee cannot be put in the position of not accessing grant funds in year 2016 because the Round 2.1 grant is expired.

EXECUTIVE SUMMARY:
Grant funds in the amount of $1,543,934.11 are being transferred from Hidalgo County Round 2.2 Grant to the Round 2.1 Grant. Hidalgo County's Round 2.2 grant is also being extended to December 31, 2018, due to projects' schedules reaching into year 2017. Consequently Round 2.2 grant funds are being moved to self-performing grant administration activity to oversee and close-out the remaining active projects. Construction grant funds of East Lateral Phase 3 are being reduced due to the introduction of local funds contribution and transfer of Round 2.2 grant funds to Round 2.1. Lastly, a new acquisition activity is created for the East Lateral Phase 3 project.

DESCRIPTION / JUSTIFICATON
This Amendment requires the following:

- **Performance Statement:** No change.
- **Implementation Schedule:** The Implementation Schedule has been changed.
- **Contract Term Dates:** The Contract Term dates shall be revised to reflect a Contract End Date of December 31, 2018. The Grantee's current contract began on September 6, 2012 and ends on December 31, 2015.
- **Budget:** The budget is revised as follows:

AGENDA
CC REGULAR
HIDALGO COUNTY
COMMISSIONERS COURT MEETING
December 6, 2011
9:30 A.M.

NOTICE is hereby given in accordance with Chapter 551, Texas Government Code, that a SPECIAL MEETING of the Commissioners' Court will be held at Edinburg Council Chambers, 415 W. University Drive, Edinburg, Hidalgo County, Texas. Discussion and possible action relating to the following business will be transacted:

(Audio Tape #1, Tracking # 160)

1. **Roll Call**

   All members of the Court were counted present.

2. **Pledge of Allegiance**

   Commissioner Judge Garcia led the Court and Audience in reciting the Pledge of Allegiance.

3. **Prayer**

   Commissioner Quintanilla led the Court and Audience in Prayer.

4. **Approval of Consent Agenda**

   The Court moved to approve the Consent Agenda a this point.

5. **Open Forum** (Audio Tape #1, Tracking # 277)

   -Beto Garcia came before the Court to voice his concerns on the removal of Constable Pct. 5 and expressed his concerns for his family's safety. Ms. Karina Cardoza translated.

   -Karina Cardoza asked that the County Employees to participate in the Christmas Toy Drive.

   -Commissioner Quintanilla advised the Court and Audience that they will be having a Christmas Party/Toy Drive to be held in Pct. 1 and will be open to the public.

6. **Executive Officer - Valde Guerra:** (Exhibit L)

   (Audio Tape #1, Tracking # 630)

A. **1. Requesting exemption from competitive bidding requirements under the Texas Local Government Code, Section 262.024(A) (4) "a Professional Service" for the "provision of legal services/representation in connection with litigation."**

   On motion of Commissioner Joseph Palacios, seconded by Commissioner Flores, the Court made a UNANIMOUS vote of approval of the exemption as it pertains to the Claim of Joana Bernice Morales, et al.

H. AI-29914 1. Conduct a Public Hearing to solicit input and advise the public of the proposed projects identified as eligible under the 2008 Round 2.2 Supplemental Disaster Recovery Supplemental Allocations application.

Ms. Serna provided the Court and Audience information on the Disaster Recovery Supplemental Allocations and explained who might qualify for these funds.

-Judge Garcia then Opened the Public Hearing.

-Virginia Townsend asked if this project would be part of the Drainage Master Plan.

-There being no one else to come forward, Judge Garcia then Closed the Public Hearing.

2. Consideration and action to allocate Round 2.2 Texas General Land Office Funds, in the amount of $4,500,000, to Hidalgo County for the following proposed projects: (1) Phase II of the Precinct No. 1 infrastructure improvements for the project known as "Delta Area Connector/East Lateral" and, (2) Precinct No. 4 for the proposed infrastructure improvements for the project known as the "Alberta Drain".

On motion of Commissioner Joseph Palacios, seconded by Commissioner Quintanilla, the Court made a UNANIMOUS vote of approval.

3. Consideration and approval to submit the 2008 Round 2.2 Supplemental Disaster Recovery Supplemental Allocations application to the General Land Office.

On motion of Commissioner Joseph Palacios, seconded by Commissioner Flores, the Court made a UNANIMOUS vote of approval.

4. Consideration and approval to authorize the County Judge to sign any and all documents associated with:

a. the submittal of the 2008 Round 2.2 Supplemental Disaster Recovery Supplemental Allocations application,

b. Any and all documents associated upon the approval and execution of Contract for Round 2.2 projects and/or amendments,

c. Any and all documents associated with the Environmental Assessment/Review Record for the projects selected under the Round 2.2 application.

On motion of Commissioner Quintanilla, seconded by Commissioner Joseph Palacios, the Court made a UNANIMOUS vote to approve items 12. H.4.a, b & c.

I. AI-29856 Urban County Program on behalf of the City of Mercedes is requesting authority to purchase Fire Fighting Equipment through Hidalgo County's membership and participation with Buy Board, approved vendor Dooley Tackaberry (contract #363-10) in the amount of $10,907.52 (quote attached hereto) to include shipping fees. UCP Year 24 (2011) Mercedes Fire Station/Equipment funds will be utilized along with City of Mercedes General Funds.

On motion of Commissioner Quintanilla, seconded by Commissioner Flores, the Court made a UNANIMOUS vote of approval.

J. AI-29854 Urban County Program on behalf of the City of Mercedes is requesting authority to purchase Parks, Recreational Equipment through Hidalgo County's membership and participation with Buy Board, approved vendor Park Place Recreation Design, Inc. (contract #346-10) in the

GLO CONTRACT NO. 12-589-000-6887
COMMUNITY DEVELOPMENT BLOCK GRANT
DISASTER RECOVERY PROGRAM
ROUND 2.2 NON-HOUSING GRANT AGREEMENT

This Community Development Block Grant Disaster Recovery ("CDBG-DR") grant agreement (the "Contract") is entered into by and between the **GENERAL LAND OFFICE** ("the GLO"), a Texas state agency, and the **COUNTY OF HIDALGO** ("Grantee"), hereinafter referred to collectively as "the Parties," to provide financial assistance with funds appropriated by the Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329) enacted on September 30, 2008, to facilitate disaster recovery, restoration, economic revitalization, and to affirmatively further fair housing, in accordance with Executive Order 12892, in areas affected by Hurricanes Dolly and Ike, which are Presidentially-declared major disaster areas under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*).

ARTICLE 1 - GENERAL PROVISIONS

1.01 SCOPE OF PROJECT AND GRANT AWARD

(a) Scope of Project

The purpose of this Contract is to set forth the terms and conditions of a Grant from the GLO to Grantee under the CDBG Disaster Recovery program ("CDBG-DR" or "the Program"). In strict conformance with the terms and conditions of this Contract, Grantee shall conduct disaster recovery projects and economic revitalization activities as authorized by the GLO for and in the County of Hidalgo, as detailed in the Performance Statement, attached hereto and incorporated herein for all purposes as **Attachment A** (the "Project"). The Project shall be conducted in strict accordance with the terms of this Contract, including all Contract Documents in **SECTION 1.02**, below, and any Amendments, Revisions or Technical Guidance Letters issued by the GLO.

(b) Grant Award

Grantee submitted a Grant Application for grant under the Program, and the GLO is entering into this Contract based on Grantee's Application.

Subject to the terms and conditions of this Contract and Grantee's Application, the GLO agrees to make a grant to Grantee in an amount not to exceed **FOUR MILLION FIVE HUNDRED THOUSAND DOLLARS ($4,500,000.00)**, payable as reimbursement of

allowable expenses incurred by Grantee, to be used in strict conformance with the terms of this Contract and the Project Budget in **Attachment B**.

The GLO is not liable to Grantee for any costs incurred by Grantee before the effective date of this Contract or after the expiration or termination of this Contract. However, the GLO in its sole discretion, may reimburse Grantee for allowable program costs incurred prior to the effective date of this Contract.

1.02 CONTRACT DOCUMENTS

The GLO and Grantee hereby agree that this document and the following documents, attached hereto and incorporated herein in their entirety for all purposes (the "Attachments"), shall govern this Contract:

ATTACHMENT A:	Performance Statement and Implementation Schedule
ATTACHMENT B:	Project Budget
ATTACHMENT C:	Nonexclusive list of Applicable Laws, Rules, and Regulations
ATTACHMENT D:	General Affirmations
ATTACHMENT E:	Federal Assurances – Non-Construction Programs SF-424B (Rev. 7-97) and Certifications Regarding Lobbying Lower Tier Covered Transactions (Form CD-512, Rev. 12-04)
ATTACHMENT F:	Special Conditions

1.03 GUIDANCE DOCUMENTS

Grantee shall be deemed to have read and understood and agrees to abide by all guidance documents applicable to the CDBG-DR program including but not limited to:

the CDBG-DR Project Implementation Manual found at: http://www.glo.texas.gov/GLO/disaster-recovery/nonhousing/forms-publications.html;

the State of Texas Action Plan for Disaster Recovery found at: http://www.glo.texas.gov/GLO/disaster-recovery/action-plans.html;

and the Conciliation Agreement between the Texas Low Income Housing Information Service and Texas Appleseed, and the State of Texas, by and through the Texas Department of Rural Affairs and the Texas Department of Housing and Community Affairs, as approved by HUD in its letter dated May 26, 2010, to the Office of the Attorney General of Texas.

1.04 DEFINITIONS

"Act" means Title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. Sec. 5301 *et seq.*); and Public Law 110-329.

"Activity" means a defined class of works or services authorized to be accomplished using CDBG-DR grant funds. Activities are specified in Grantee Budgets as 'Category,' and the terms are interchangeable under this Contract.

"Administrative and Audit Regulations" means the regulations included in Title 24, CFR, Part 85. Chapter 321 of the Government Code; Subchapter F of Chapter 2155 of the Government Code; and the requirements of Article VII herein. With regard to any federal funding, agencies with the necessary legal authority include: the relevant federal agency, the Comptroller General, the General Accounting Office, the Office of Inspector General, and any of their authorized representatives. In addition, with regard to any state funding, state agencies with the necessary legal authority include: the GLO, the GLO's contracted examiners, the State Auditor's Office, and the Texas Attorney General's Office.

"Amendment" means a written agreement, signed by the parties hereto, which documents alterations to the Contract other than those permitted by Work Orders, Technical Guidance Letters, or Revisions, as herein defined.

"Application" or "Grant Application" means the information provided by Grantee, which is the basis for the award of funding under this Contract.

"Budget" means the budget for the Project funded by the Contract, a copy of which is included in **Attachment B.**

"C.F.R." means the United States Code of Federal Regulations.

"CDBG-DR" means the U.S. Department of Housing and Urban Development's Community Development Block Grant Disaster Recovery program.

"Certificate of Construction Completion" means a document to be executed by the construction contractor, Engineer, and Grantee, for each construction project which, when fully executed, indicates acceptance of the completed Project.

"Construction Documents" means the engineering specifications, construction plans, and/or architectural plans for the construction of improvements approved by the GLO under the Contract, if any.

"Contract" means this entire document, along with any Attachments, both physical and incorporated by reference; and any Amendments, Revisions, or Technical Guidance Letters that may be issued by the GLO, to be incorporated by reference herein for all purposes as they are issued, if any.

"Contract Documents" means the documents listed in **SECTION 1.02.**

"Contract Period" means the period of time between the effective date of a contract and its expiration or termination date.

"Deliverable(s)" means the work product(s) required to be submitted to the GLO as set forth in the Project Implementation Manual, including all reports and other project documentation.

"Equipment" means tangible personal property have a useful life of more than one (1) year and an acquisition cost of Five Thousand Dollars ($5,000.00) or more per unit.

"Event of Default" means the occurrence of any of the events set forth in **SECTION 3.03** herein.

"Federal Assurances" means Standard Form 424B (Rev. 7-97), as prescribed by OMB Circular A-102 (non-construction programs) in **Attachment E**.

"Federal Certifications" means U.S. Department of Commerce Form CD-512 (Rev 12-04), "Certifications Regarding Lobbying - Lower Tier Covered Transactions," and Standard Form LLL (Rev. 7-97), Disclosure of Lobbying Activities, also in **Attachment E.**

"Fiscal Year" means the period beginning September 1 and ending August 31 each year, which is the annual accounting period for the State of Texas.

"GAAP" means "Generally Accepted Accounting Principles," as applicable.

"GASB" means accounting principals as defined by the Governmental Accounting Standards Board, as applicable.

"General Affirmations" means the affirmations in **Attachment D**, to which Grantee certifies by the signing of this Contract.

"GLO" means the Texas General Land Office, its officers, employees, and designees.

"HUB" means Historically Underutilized Business as defined by Chapter 2161 of the Texas Government Code.

"HUD" means the United States Department of Housing and Urban Development.

"Implementation Schedule" means the schedule by which various project milestones must be met by Grantee, and is attached hereto as part of **Attachment A.**

"Performance Statement" means the statement of work contained in **Attachment A.**

"PMC" means the GLO's Project Management Company, HNTB Corporation.

"Program" means the Community Development Block Grant-Disaster Recovery program administered by HUD, in cooperation with the GLO.

"Project" means the work to be performed under this Contract, as described in **SECTION 1.01(a)** above, **SCOPE OF PROJECT**, and as detailed in **Attachment A.**

"Project Completion Report" means a report containing an "as built" accounting of all projects completed under a CDBG-DR grant, and containing all information required to completely close out a grant file.

"Project Implementation Manual" means a set of guidelines for the CDBG-DR grant program.

"Public Information Act" means Chapter 552 of the Texas Government Code.

"Revision" means written approval by the GLO to allow changes to Deliverable due dates, movement of funds among Budget categories, and other Contract adjustments that may be approved outside the GLO's formal Amendment process.

"Technical Guidance Letter" or "TGL" means an instruction, clarification, or interpretation of the requirements of the CDBG-DR, issued by the GLO to specified recipients, applicable to specific subject matter, to which the addressed Program participants shall be subject.

"U.S.C." means the United States Code.

1.05 INTERPRETIVE PROVISIONS

(a) The meanings of defined terms are equally applicable to the singular and plural forms of the defined terms;

(b) The words "hereof," "herein," "hereunder," and similar words refer to this Contract as a whole and not to any particular provision, section, attachment, work order, or schedule of this Contract, unless otherwise specified;

(c) The term "including" is not limiting, and means "including without limitation" and, unless otherwise expressly provided in this Contract,

(d) references to contracts (including this Contract) and other contractual instruments shall be deemed to include all subsequent amendments and other modifications thereto, but only to the extent that such amendments and other modifications are not prohibited by the terms of this Contract, and

(e) references to any statute or regulation are to be construed as including all statutory and regulatory provisions consolidating, amending, replacing, supplementing, or interpreting the statute or regulation;

(f) The captions and headings of this Contract are for convenience of reference only and shall not affect the interpretation of this Contract;

(g) All attachments within this Contract, including those incorporated by reference, and any amendments, are considered part of the terms of this Contract;

(h) This Contract may use several different limitations, regulations, or policies to regulate the same or similar matters. All such limitations, regulations, and policies are cumulative and each shall be performed in accordance with its terms;

(i) Unless otherwise expressly provided, reference to any action of the GLO or by the GLO by way of consent, approval, or waiver shall be deemed modified by the phrase "in the sole discretion of the GLO."

Notwithstanding the preceding sentence, any approval, consent, or waiver required by, or requested of, the GLO shall not be unreasonably withheld or delayed;

(j) All due dates and/or deadlines referenced in this Contract that occur on a weekend or holiday shall be considered as if occurring on the next business day;

(k) All time periods in this Contract shall commence on the day after the date on which the applicable event occurred, report is submitted, or request is received; and

(l) Time is of the essence in this Contract.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 2 – REIMBURSEMENT, ADVANCE PAYMENT, BUDGET VARIANCE, AND INCOME

2.01 REIMBURSEMENT REQUESTS

Each invoice shall be supported by actual receipts, cancelled checks, and/or such other documentation that, in the judgment of the GLO, allows for full substantiation of the costs incurred. Requests for payment must be submitted in Word or WordPerfect format via email.

2.02 REQUESTS FOR REIMBURSEMENT UNDER THIS CONTRACT MUST BE RECEIVED BY THE GLO NOT LATER THAN SIXTY (60) DAYS FROM THE DATE GRANTEE INCURS THE EXPENSE. NOTWITHSTANDING THE PRECEDING, REQUESTS FOR REIMBURSEMENT FOR EXPENSES INCURRED BY ANY SUBCONTRACTOR MUST BE RECEIVED BY THE GLO NOT LATER THAN THIRTY (30) DAYS FROM THE DATE THE GRANTEE RECEIVES THAT INVOICE FROM A SUBCONTRACTOR. FAILURE BY GRANTEE TO COMPLY IN A TIMELY MANNER WITH THESE TWO REQUIREMENTS MAY, AT THE GLO'S SOLE DISCRETION, RESULT IN DENIAL OF THE REQUEST FOR REIMBURSEMENT.

2.03 ADVANCE PAYMENTS

If necessary and if allowed by law, Grantee's requests for an advance of funds shall be limited to the minimum amount needed for effective accomplishment of the Project under this Contract, and shall be timed as closely as possible to actual cash requirements. Grantee shall establish procedures to minimize the time elapsing between the transfer of funds from the GLO to Grantee, and shall ensure that such funds are disbursed as soon as administratively possible.

2.04 BUDGET VARIANCE

Amendments to decrease or increase the Budget, or to add or delete a Grantee Activity may be made only by written agreement of the parties, under the formal amendment process. In the sole discretion of the GLO, and in conformance with federal law, other adjustments as may be required during project performance may be approved by the GLO by way of a Revision or Technical Guidance Letter. Such approvals must be in writing, and may be delivered by regular mail, electronic mail, or facsimile transmission.

GRANTEE SHALL SUBMIT AN ACTUAL BUDGET AND A CERTIFICATE OF EXPENDITURES TO THE GLO NO LATER THAN SIXTY (60) DAYS AFTER THE CONTRACT TERMINATION DATE OR AT THE CONCLUSION OF ALL CONTRACT ACTIVITIES, WHICHEVER OCCURS FIRST. THE CERTIFICATE OF EXPENDITURES SHALL BE IN A FORMAT PRESCRIBED BY THE GLO AND SHALL BE ACCOMPANIED BY A FINAL PROJECT COMPLETION REPORT OF ALL ACTIVITIES PERFORMED UNDER THIS CONTRACT.

2.05 INCOME

Grantee shall maintain records of the receipt and accrual of all Program income in the same manner as required for all other funds under this Contract, and Grantee shall provide reports of Program income to the GLO with each form submitted by Grantee in accordance with **ARTICLE 4** of this Contract. All Program income must be returned to the GLO on at least a quarterly basis and must be reported to the GLO, as requested.

2.06 GRANT OFFER SUBJECT TO CANCELLATION

IF GRANTEE DOES NOT RETURN THE ORIGINAL SIGNED CONTRACT TO THE GLO WITHIN THIRTY (30) DAYS OF TRANSMITTAL OF THE CONTRACT TO GRANTEE, GRANT FUNDING FOR THE PROJECT MAY BE SUBJECT TO CANCELLATION.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 3 -- DURATION, EXTENSION, TERMINATION, DEFAULT, AND REMEDIES

3.01 DURATION OF CONTRACT AND EXTENSION OF TERM

This Contract shall become effective on the date signed by the last party, and shall terminate on December 31, 2015 ("Contract Period"). **Notwithstanding the preceding sentence, Grantee must adhere to all Project milestones in Attachment A; as may be revised, failure to meet any milestone may result in termination under SECTION 3.02, below**.

Upon receipt of a written request and acceptable justification from Grantee, the GLO may amend this Contract to extend the Contract Period. **ANY REQUEST FOR EXTENSION MUST BE RECEIVED BY THE GLO AT LEAST SIXTY (60) DAYS BEFORE THE ORIGINAL TERMINATION DATE OF THIS CONTRACT AND, IF APPROVED, SUCH EXTENSION SHALL BE BY WRITTEN AMENDMENT.**

3.02 EARLY TERMINATION

The GLO may terminate this Contract by giving written notice specifying a termination date at least thirty (30) days subsequent to the date of the notice. Upon receipt of such notice, Grantee shall cease work, undertake to terminate any relevant subcontracts, and incur no further expense related to this Contract. Such early termination shall be subject to the equitable settlement of the respective interests of the parties, accrued up to the date of termination.

3.03 EVENTS OF DEFAULT

Each of the following events shall constitute an Event of Default under this Contract: (i) Grantee's failure to comply with any term, covenant, or provision contained in this Contract; (ii) Grantee makes a general assignment for the benefit of creditors or takes any similar action for the protection or benefit of creditors; or (iii) if at any time, Grantee makes any representation or warranty that is incorrect in any material respect to the Performance Statement, any request for payment submitted to the GLO, or any report submitted to the GLO related to the Contract.

3.04 REMEDIES; NO WAIVER

Upon the occurrence of any such Event of Default, the GLO shall be entitled to avail itself of any equitable or legal remedy. A right or remedy conferred by this Contract upon either party is not intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given under this Contract, or hereafter legally existing, upon the occurrence of an Event of Default. The failure of the GLO either to insist at any time upon the strict observance or performance of any of the provisions of this Contract, or the GLO's failure to exercise any right or remedy as provided in this Contract, shall not impair any such right or remedy or be construed as a waiver or relinquishment thereof with respect to subsequent Events of Default.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 4 - GRANT ADMINISTRATION

4.01 SUBMISSIONS - GENERALLY

Except for legal notices that must be sent by specific instructions pursuant to **SECTION 8.11** of the Contract, **NOTICES,** and all other reports and documentation as required by the Project Implementation Manual; any report, form, or request required to be submitted to the GLO under this Contract shall be sent in the format prescribed by the GLO.

4.02 FORMS

Grantee must execute the applicable forms included in **Attachment E,** and certifies by the execution of this Contract to all affirmations in **Attachment D**, confirming compliance with required state and federal laws applicable to the Contract.

(a) General Affirmations are found in **Attachment D**, and Grantee certifies by the execution of this Contract to all statements therein.

(b) The Federal Assurances for Non-Construction Programs (Standard Form 424B), as applicable to the Project, is found at Page 1 of **Attachment E**, and must be executed by Grantee.

(c) Certifications Regarding Lobbying Lower Tier covered Transactions (Form CD-512) is found at Page 3 of **Attachment E**, and must be executed by Grantee.

(d) If any funds granted under this Contract have been used for lobbying purposes, Grantee must complete and execute Standard Form LLL, Disclosure of Lobbying Activities, found at Page 4 of **Attachment E**.

ARTICLE 5 - FEDERAL AND STATE FUNDING, RECAPTURE, REDISTRIBUTION, RETAINAGE, AND OVERPAYMENT OF FUNDS

5.01 FEDERAL FUNDING

(a) Funding for this Contract is appropriated under the Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329) enacted on September 30, 2008, to facilitate disaster recovery, restoration, economic revitalization, and to affirmatively further fair housing in accordance with Executive Order 12892, in areas affected by Hurricanes Dolly and Ike, which are Presidentially-declared major disaster areas under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.). The fulfillment of this Contract is based on those funds being made available to the GLO as the lead administrative state agency. **ALL EXPENDITURES UNDER THIS CONTRACT MUST BE MADE IN ACCORDANCE WITH THIS CONTRACT, THE RULES AND REGULATIONS PROMULGATED UNDER THE CDBG-DR PROGRAM, AND ANY OTHER APPLICABLE LAWS. FURTHER, GRANTEE ACKNOWLEDGES THAT ALL FUNDS ARE SUBJECT TO RECAPTURE AND REPAYMENT FOR NON-COMPLIANCE.**

(b) **All participants in the CDBG-DR grant program must have a data universal numbering system (DUNS) number, as well as a Commercial And Government Entity (CAGE) Code.**

(c) **The DUNS number and CAGE Code must be reported to the GLO for use in various grant reporting documents, and may be obtained by visiting the Central Contractor Registration web site at:**

https://www.bpn.gov/ccr/

Assistance with this web site may be obtained by calling **866-606-8220.**

5.02 STATE FUNDING

This Contract shall not be construed as creating any debt on behalf of the State of Texas and/or the GLO in violation of Texas Constitution, Article III, Section 49. In compliance with Texas Constitution, Article VIII, Section 6, it is understood that all obligations of the GLO hereunder are subject to the availability of state funds. If such funds are not appropriated or become unavailable, this Contract may be terminated. In that event, the parties shall be discharged from further obligations, subject to the equitable settlement of their respective interests, accrued up to the date of termination.

5.03 RECAPTURE OF FUNDS

Grantee shall conduct the Project as set forth in the Contract, in a satisfactory manner as determined by the GLO. The discretionary right of the GLO to terminate for convenience under this Article notwithstanding, it is expressly understood and agreed by Grantee that the GLO shall have the right to terminate the Contract and recapture, and be reimbursed for, any payments made by the GLO that Grantee has not used in strict accordance with

the terms and conditions of this Contract. **This paragraph specifically includes the mandatory recapture of any funds used for the completion of any individual project that does not provide benefits to the beneficiaries as specified in the Performance Statement in Attachment A.**

5.04 REDISTRIBUTION OF FUNDS

Within sixty (60) days after receipt of non-housing project bids, Grantee must obligate excess funds remaining, if any. Failure to do so will result in redistribution of the funds to other Grantees or eligible entities for qualified projects.

5.05 RETAINAGE

To ensure full performance, the GLO may retain an amount equal to five percent (5%) of Grantee's grant funds until completion and acceptance by the GLO of the Project. The GLO shall make a final disbursement only upon receipt of documentation sufficient to determine that Grantee has completed the Project in accordance with the Contract Documents, requirements of the Contract; and all applicable law, rules, and regulations.

5.06 OVERPAYMENT

Grantee understands and agrees that it shall be liable to the GLO for any costs disallowed pursuant to financial and compliance audit(s) of funds received under this Contract. Grantee further understands and agrees that reimbursement of such disallowed costs shall be paid by Grantee from funds which were not provided or otherwise made available to Grantee under this Contract.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 6 - INTELLECTUAL PROPERTY

6.01 OWNERSHIP AND USE

(a) The parties to this Contract expressly agree that all right, title, and interest in, and to, all reports, drafts of reports, or other material, data, drawings, computer programs and codes associated with this Contract, and/or any copyright or other intellectual property rights, and any material or information developed and/or required to be delivered under this Contract shall be jointly owned by the parties with each party having the right to use, reproduce, or publish any or all of such information and other materials without the necessity of obtaining permission from the other party and without expense or charge.

(b) The GLO and HUD are granted a royalty free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for U.S. Government purposes, all reports, drafts of reports, or other material, data, drawings, computer programs, and codes associated with this Contract, and/or any copyright or other intellectual property rights, and any material or information developed and/or required to be delivered under this Contract.

6.02 NONENDORSEMENT BY STATE AND THE UNITED STATES

Grantee shall not publicize or otherwise circulate promotional material (such as advertisements, sales brochures, press releases, speeches, still and motion pictures, articles, manuscripts, or other publications) that states or implies State of Texas or U.S. Government, or government employee, endorsement of a product, service, or position that the Grantee represents. No release of information relating to this Grant may state or imply that the State of Texas or the U.S. Government approves of Grantee's work products, or considers Grantee's work product to be superior to other products or services.

6.03 APPROVAL OF PUBLICATION AND SPECIFIC DISCLAIMER REQUIRED

Prior to publication, Grantee must submit to the GLO, for HUD approval, any public information releases concerning this Grant Award that refer to HUD or any bureau or employee. The specific text, layout photographs, and so forth, of the proposed release must be submitted with the request for approval. The specific acknowledgements and funding statements that must be included in certain publications funded by the Grantee are set forth in the Contract Documents.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 7 - RECORDS, AUDIT, PROPRIETARY INFORMATION, AND PUBLIC DISCLOSURE

7.01 BOOKS AND RECORDS

Grantee shall keep and maintain under GAAP or GASB, as applicable, full, true, and complete records necessary to fully disclose to the GLO, the Texas State Auditor's Office, the United States Government, and/or their authorized representatives, sufficient information to determine compliance with the terms and conditions of this Contract and all state and federal rules, regulations, and statutes including, but not limited to, the Non-Exclusive List of Applicable Laws, Rules, and Regulations provided in **Attachment C**.

7.02 INSPECTION AND AUDIT

Grantee agrees that all relevant records related to this Contract or any work product produced, including those of its subcontractors, shall be subject at any reasonable time to inspection, examination, review, audit, and copying at any location where such records may be found, with or without notice by the Texas State Auditor's Office, the GLO, its contracted examiners, or the Texas Attorney General's Office. In addition, HUD, the Comptroller General, the General Accounting Office, the Office of Inspector General, or any authorized representative of the U.S Government shall also have this right of inspection.

The GLO reserves the right to perform periodic on-site monitoring of Grantee's compliance with the terms and conditions of this Contract, assurance of non-duplication of beneficiaries and of the adequacy and timeliness of Grantee's performances under this Contract. After each monitoring visit, the GLO shall provide Grantee with a written report of the findings. If the monitoring report notes deficiencies in Grantee's performances under the terms of this Contract, the monitoring report shall include requirements for the timely correction of such deficiencies by Grantee. Failure by Grantee to take action specified in the monitoring report may be cause for suspension or termination of this Contract.

Grantee understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit or investigation in connection with those funds. Grantee further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. **GRANTEE SHALL ENSURE THAT ALL SUBCONTRACTS AWARDED REFLECT THE REQUIREMENTS OF THIS SECTION 7.02, AND THE REQUIREMENT TO COOPERATE.**

Grantee will be deemed to have read and have knowledge of all applicable federal, state, and local laws, regulations, and rules, including, but not limited to those identified in **Attachment C**, governing audit requirements pertaining to the Project.

7.03 GRANTEE SELF-AUDIT AND TARGETED AUDITS

(a) Grantee Self-Audit

Grantee, on approval of the GLO and/or HUD may conduct an annual financial and compliance audit of funds received and performances rendered under this

Contract. Grantee may utilize funds budgeted under this Contract to pay for that portion of the cost of such audit services properly allocable to the activities funded by the GLO under this Contract, provided however that the GLO shall not make payment for the cost of such audit services until the GLO has received from Grantee a satisfactory audit report and invoice, as determined by the GLO. The invoice submitted for reimbursement should clearly show the percentage of cost relative to the total cost of the audit services. Therefore, Grantee shall submit an invoice showing the total cost of the audit and the corresponding prorated charge per funding source. If applicable, an explanation shall be submitted with the reimbursement request, explaining why the percentage of audit fees exceeds the prorated amount allowable.

(b) Targeted Audits

In addition, the GLO shall have the right at any time to perform, or to instruct the performance of, an annual program and/or fiscal audit, or to conduct a special or targeted audit of any aspect of the operation of Grantee, using an auditor of the GLO's choice. Grantee shall maintain such financial records and other records as may be prescribed by the GLO or by applicable federal and state laws, rules, and regulations. These records shall be made available during the term of this Contract and the subsequent period for examination, transcription, and audit.

7.04 PERIOD OF RETENTION

All records relevant to this Contract shall be retained for a period subsequent to the final closeout of the overall State of Texas CDBG-DR grant program, in accordance with federal regulations. **The GLO will notify all Program participants of the date upon which local records may be destroyed.**

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 8 - MISCELLANEOUS PROVISIONS

8.01 LEGAL OBLIGATIONS

Grantee shall procure and maintain for the duration of this Contract any state, county, city, or federal license, authorization, insurance, waiver, permit, qualification, or certification required by statute, ordinance, law, or regulation to be held by Grantee to provide the goods or services required by this Contract. Grantee will be responsible for payment of all taxes, assessments, fees, premiums, permits, and licenses required by law. Grantee agrees to be responsible for payment of any such government obligations not paid by its subcontractors during performance of this Contract. Grantee shall not commence work on the Project until it has obtained the requisite licenses and/or permits, if applicable. **COPIES OF SUCH LICENSES AND PERMITS SHALL BE INCLUDED AS A PART OF THE MONTHLY REPORT FOR THE PERIOD DURING WHICH THEY ARE OBTAINED.**

8.02 INDEMNITY

AS GOVERNMENTAL ENTITIES AND REQUIRED UNDER THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS, EACH PARTY UNDERSTANDS THAT THEY ARE LIABLE FOR ANY PERSONAL INJURIES, PROPERTY DAMAGE, OR DEATH RESULTING FROM THE ACTS OR OMISSIONS OF SUCH PARTY. IN THE EVENT THAT THE GLO IS NAMED AS A PARTY DEFENDANT IN ANY LITIGATION ARISING OUT OF ALLEGATIONS OF PERSONAL INJURY, DEATH, OR PROPERTY DAMAGE RESULTING FROM THE ACTS OR OMISSIONS OF GRANTEE, AND FOR WHICH THE GLO IS LIABLE, IF AT ALL, ONLY THROUGH THE VICARIOUS LIABILITY OF GRANTEE, THEN, IN SUCH EVENT, GRANTEE AGREES THAT IT WILL PAY, ON BEHALF OF THE GLO, ALL COSTS AND EXPENSES OF LITIGATION (INCLUDING ANY COURT COSTS, REASONABLE ATTORNEYS' FEES, FEES OF ATTORNEYS APPROVED BY THE OFFICE OF THE TEXAS ATTORNEY GENERAL) AS WELL AS ALL AMOUNTS PAID IN SETTLEMENT OF ANY CLAIM, ACTION, OR SUIT, INCLUDING JUDGMENT OR VERDICT, ARISING OUT OF OR IN CONNECTION WITH THIS CONTRACT. IN THE EVENT THAT GRANTEE IS NAMED AS A PARTY DEFENDANT IN ANY LITIGATION SEEKING ANY DAMAGES FOR ANY PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH RESULTING OUT OF THE GLO'S ACTIONS OR OMISSIONS, AND GRANTEE'S SOLE LIABILITY, IF ANY, IS ONLY VICARIOUSLY THROUGH THE GLO, THEN, IN SUCH EVENT, THE GLO AGREES TO PAY ANY AND ALL CLAIMS, DEMANDS, OR LOSSES, INCLUDING EXPENSES OF LITIGATION (INCLUDING REASONABLE ATTORNEYS' FEES AND COURT COSTS) INCURRED BY GRANTEE, INCLUDING ANY VERDICTS OR JUDGMENTS OR AMOUNTS PAID IN SETTLEMENT OF ANY CLAIM ARISING OUT OF, OR IN CONNECTION WITH THIS CONTRACT. ANY ATTORNEYS RETAINED BY GRANTEE TO REPRESENT ANY INTEREST OF THE GLO MUST BE APPROVED BY THE GLO AND BY THE OFFICE OF THE TEXAS ATTORNEY GENERAL. ANY ATTORNEYS RETAINED BY THE GLO TO REPRESENT THE INTEREST OF GRANTEE MUST BE APPROVED BY GRANTEE.

8.03 INSURANCE AND BOND REQUIREMENTS

(a) Unless Grantee is authorized pursuant to Chapter 2259 of the Texas Government Code, entitled "Self-Insurance by Governmental Units," to self-insure, Grantee shall carry insurance for the duration of this Contract in types and amounts necessary and appropriate for the Project.

(b) Grantee shall require all contractors, subcontractors, vendors, service providers, or any other person or entity performing work described in **Attachment A** to carry insurance for the duration of the Project in the types and amounts customarily carried by a person or entity providing such goods or services. Any person or entity required to obtain insurance under this Section must also be required to complete and file the declaration pages from the insurance policies with Grantee whenever a previously identified policy period expires during the term of Grantee's contract with the person or entity, as proof of continuing coverage. Grantee's contract with any such person or entity shall clearly state that acceptance of the insurance policy declaration pages by the Grantee shall not relieve or decrease the liability of the person or entity. **Persons or entities shall be required to update all expired policies prior to Grantee's acceptance of an invoice for monthly payment from such parties**.

(c) Grantee shall require performance and payment bonds to the extent they are required under Chapter 2257 of the Texas Government Code.

(d) Grantee shall require, on all construction projects, that any person or entity required to provide Federal Construction Assurances shall timely complete SF-424D, entitled "Assurances – Construction Programs," and Grantee shall maintain such documentation.

8.04 ASSIGNMENT AND SUBCONTRACTS

Grantee shall not convey any grant obligations or duties under this Contract without the prior written consent of the GLO. Notwithstanding this provision, it is mutually understood and agreed that Grantee may subcontract with others for some or all of the services to be performed. In any approved subcontracts, Grantee shall legally bind such subcontractor to perform and make such subcontractor subject to all the duties, requirements, and obligations of Grantee as specified in this Contract. Nothing in this Contract shall be construed to relieve Grantee of the responsibility for ensuring that the goods delivered and/or the services rendered by Grantee and/or any of its subcontractors comply with all the terms and provisions of this Contract.

8.05 PROCUREMENT

Grantee must follow all federal, state, and local procurement procedures and laws applicable to this Project, and must confirm that no vendor is debarred from receiving state or federal funds at each of the following web addresses:

The Texas Comptroller's Vendor Performance Program at:

http://www.window.state.tx.us/procurement/prog/vendor_performance;

and the Federal General Services Administration's Excluded Parties List System at:

https://www.epls.gov/.

8.06 PURCHASES AND EQUIPMENT

Grantee shall not seek reimbursement for any Equipment or computer software not included as a reimbursable item in **Attachment B**. Any purchase of equipment or

computer software shall be made in accordance with all applicable laws, regulations, and rules including, but not limited to those listed in **Attachment C**. Title and possession of any Equipment or computer software will remain the property of Grantee unless and until transferred to the GLO, upon written request of the GLO. Grantee shall furnish, with its final request for reimbursement, a list of all Equipment and computer software purchased with grant funds under the Contract, including the name of the manufacturer, the model number, and the serial number. The disposition of any Equipment or computer software shall be in accordance with all applicable laws, regulations, and rules, including but not limited to those listed in **Attachment C**.

8.07 COMMUNICATION WITH THIRD PARTIES

The GLO and the authorities named in **ARTICLE 7**, above, shall have the right to initiate communications with any subcontractor, and may request access to any books, documents, papers, and records of a subcontractor which are directly pertinent to this grant. Such communications may be required to conduct audits and examinations and gather additional information as provided in **ARTICLE 7** herein.

8.08 RELATIONSHIP OF THE PARTIES

Grantee is associated with the GLO only for the purposes and to the extent specified in this Contract and, with respect to Grantee's performance pursuant to this Contract, Grantee shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Contract. Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create for the GLO any liability whatsoever with respect to the indebtedness, liabilities, and obligations of Grantee or any other party.

8.09 COMPLIANCE WITH OTHER LAWS

In the performance of this Contract, Grantee shall comply with all applicable federal, state, and local laws, ordinances, and regulations, including, but not limited to, those listed in **Attachments C, D, E, and F**. Grantee shall make itself familiar with and at all times shall observe and comply with all federal, state, and local laws, ordinances, and regulations that in any manner affect performance under this Contract. **Grantee will be deemed to have knowledge of these laws and regulations and be deemed to understand them.**

In addition, the GLO and Grantee mutually certify to that each party is in compliance with Notice of Allocations and Common Application and Reporting Waivers Granted to and Alternative Requirements for Community Development Block Grant (CDBG) Disaster Recovery Grantees Under 2008 Supplemental CDBG Appropriations 74 Fed. Reg. 7244-7255 (2009).

8.10 CITIZEN PARTICIPATION

(a) Grantee must have written procedures to respond to written complaints within fifteen (15) business days of receipt of such complaint. Citizens must be made aware of the location and the days and hours the location is open for business so they may obtain a copy of these written procedures.

(b) When requested, Grantee shall provide technical assistance to a representative of a group of persons of low- and moderate-income in developing proposals for the use of CDBG-DR funds. The level and type of assistance shall be determined by the Grantee based upon the specific needs of the community's residents.

(c) Grantee shall maintain a citizen participation file which includes a copy of the Plan Requirements described in the "2008 Supplemental Disaster Recovery Fund: Hurricanes Dolly and Ike Non-Housing Activities Application Guide;" Grantee's complaint procedures; any technical assistance provided by Grantee; and public notices, minutes, and attendance lists for public hearings, if any.

8.11 NOTICES

Any notices required under this Contract shall be deemed delivered when deposited either in the United States mail, postage paid, certified, return receipt requested; or with a common carrier, overnight, signature required, to the appropriate address below:

GLO
Texas General Land Office
1700 N. Congress Avenue, Mail Code 158
Austin, TX 78701
Attention: Legal Services Division

With a copy to:

Texas General Land Office
1700 N. Congress Avenue, 7th Floor
Austin, TX 78701
Attention: CDBG Disaster Recovery Division

Grantee
County of Hidalgo
1615 South Closner Boulevard, Suite J
Edinburg, TX 78539
Attention: Ramon Garcia, County Judge

Notice given in any other manner shall be deemed effective only if and when received by the party to be notified. Either party may change its address for notice by written notice to the other party as herein provided.

8.12 GOVERNING LAW AND VENUE

This Contract and the rights and obligations of the parties hereto shall be governed by, and construed according to, the laws of the State of Texas, exclusive of conflicts of law provisions. Venue of any suit brought under this Contract shall be in a court of competent jurisdiction in Travis County, Texas. Grantee irrevocably waives any objection, including any objection to personal jurisdiction or the laying of venue or based on the grounds of *forum non conveniens*, which it may now or hereafter have to the bringing of any action or proceeding in such jurisdiction with respect to this Contract or any document related hereto. **NOTHING IN THIS SECTION SHALL BE CONSTRUED AS A WAIVER OF SOVEREIGN IMMUNITY BY THE GLO.**

8.13 SEVERABILITY

If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist, and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.

8.14 DISPUTE RESOLUTION

If a Contract dispute arises that cannot be resolved to the satisfaction of the Parties, either Party may notify the other Party in writing of the dispute. If the Parties are unable to satisfactorily resolve the dispute within fourteen (14) days of the written notification, the Parties must use the dispute resolution process provided for in Chapter 2260 of the Texas Government Code to attempt to resolve the dispute. This provision shall not apply to any matter with respect to which either Party may make a decision within its respective sole discretion.

8.15 PUBLIC INFORMATION

Pursuant to the Public Information Act, records received from Grantee may be open to public inspection and copying. The GLO will have the duty to disclose such records, unless a particular record is made confidential by law or exempted from the Public Information Act. Grantee may clearly label any individual records as a "trade secret," provided that Grantee, to the extent permitted by law, agrees to indemnify and defend the GLO for honoring such designation. The failure to so label any record shall constitute a complete waiver of any and all claims for damages caused by release of the records. If a request for a labeled record is received by the GLO, the GLO will notify Grantee of the request in accordance with the Public Information Act.

Grantee shall release, to any requestor, the following information:

The amount of CDBG-DR funds expected to be made available;

The range of activities that may be undertaken with CDBG-DR funds;

The estimated amount of CDBG-DR funds proposed to be used for activities that will meet the national objective of benefit to low- and moderate-income persons; and

The proposed CDBG-DR activities likely to result in displacement and the Grantee's anti-displacement and relocation plan.

8.16 SIGNAGE

Public buildings, facilities, and centers constructed with the CDBG-DR funds shall have permanent signage placed in a prominent, visible public area with wording provided below. The formatting of the required signage will be at Grantee's discretion to best fit the architectural design of the facility, but shall be legible from no less than three (3) feet.

Other construction projects, e.g., water transmission lines, sewer collection lines, drainage, roadways, housing rehabilitation, utilizing CDBG-DR funds, shall have

temporary signage erected in a prominent location at the Project site or along a major thoroughfare within the locality, as directed by Grantee, with the wording provided below:

> "This project is funded by the Texas General Land Office to provide for disaster recovery and restoration of infrastructure for communities impacted by the 2008 hurricanes. Funds for the project were allocated by the United States Department of Housing and Urban Development through the Community Development Block Grant Disaster Recovery Program."

8.17 AMENDMENTS TO THE CONTRACT

Amendments to decrease or increase the Budget, or to add or delete a Grantee Activity, or to increase the term of the Contract may be made only by written agreement of the parties, under the formal amendment process. In the sole discretion of the GLO, and in conformance with federal law, other adjustments as may be required during project performance may be approved by the GLO by way of a Revision or Technical Guidance Letter. Such approvals must be in writing, and may be delivered by regular mail, electronic mail, or facsimile transmission.

Pursuant to **SECTION 2.04** hereof, a final **Project Completion Report** of all activities performed under this Contract shall be submitted and shall include all changes made by Amendments, Revisions or Technical Guidance Letters approved over the life of the Project.

8.18 ENTIRE CONTRACT AND MODIFICATIONS

This Contract, its integrated Attachment(s), and any Amendment, Technical Guidance Letter, or Revision issued in conjunction with this Contract, if any, constitute the entire agreement of the parties and are intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Any additional or conflicting terms in such Attachment(s), Amendment, Technical Guidance Letter, or Revision shall be harmonized with this Contract to the extent possible. Unless such integrated Attachment, Amendment, Technical Guidance Letter, or Revision specifically displays a mutual intent to amend a particular part of this Contract, general conflicts in language shall be construed consistently with the terms of this Contract.

8.19 PROPER AUTHORITY

Each Party hereto represents and warrants that the person executing this Contract on its behalf has full power and authority to legally bind its respective entity. Grantee acknowledges that this Contract is effective for the period of time specified in the Contract. Any work performed by Grantee after the Contract terminates is performed at the sole risk of Grantee.

8.20 COUNTERPARTS

This Contract may be executed in any number of counterparts, each of which shall be an original, and all such counterparts shall together constitute but one and the same Contract.

8.21 SURVIVAL

The provisions of **ARTICLES 5, 6, AND 7; AND SECTIONS 1.01, 1.03, 2.04, 2.05, 3.02, 3.04, 8.02, 8.03, 8.07, 8.08, 8.09, 8.10, 8.11, 8.13, 8.14, 8.15, 8.16, AND 8.17** of this Contract, and any other continuing obligations of Grantee shall survive the termination or expiration of this Contract.

ATTACHMENTS FOLLOW

COUNTY OF HIDALGO

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in the Budget.

As a result of Hurricane Dolly on July 23, 2008 and Hurricane Ike on September 13, 2008, various County drainage ditches/channels were overwhelmed due to high winds, flooding, and large quantities of debris, which caused the drainage channels to fail to function as the primary storm water conveyance for the area. The failure of the drainage system to function threatened the public health, safety, and welfare of all served by these facilities due to overflown drainage banks causing standing water on the roads, which impeded emergency vehicle access, and flooding. The County is in need of drainage infrastructure improvements to ensure proper storm water conveyance and reduce flooding.

Flood and Drainage Facilities - 5

Pct. 1 Delta Area Connector/East Lateral

Grantee shall reconstruct an existing drainage system by providing an adequately sized lateral drainage channel to direct storm water to a primary drainage channel, the Hidalgo County Drainage District (HCCD) No. 1 drainage system. Work includes channel excavation (reshaping and widening), concrete riprap installation, associated utility adjustments, and site work associated with construction. Proposed improvements will ensure proper conveyance of storm water and significantly reduce flooding. Construction shall take place at the following location in Hidalgo County, Texas (between Edcouch and La Villa):

Flood and Drainage Facilities:	Location:	HUD Performance Measure:	Approximate Units:
Existing channel between Mile 2 West and FM 491	From: South ROW of SH 107 To: South to a point just north of Mile 12 1/2	Linear Feet	20,000

These activities shall benefit fifty thousand two hundred forty-three (50,243) persons, of which thirty-three thousand seven hundred eighty-six (33,786), or sixty-seven percent (67%), are of low to moderate income.

Pct. 4 Alberta Drain

Grantee shall construct a new east-west lateral drainage system to outfall into the HCDD drainage system. Grantee shall purchase and install new culverts ranging in size from eighteen inches to sixty inches (18 in. - 60 in.), along with associated drainage inlets, junction boxes, manholes, and repair pavement as needed. Grantee shall also perform ditch excavation, install concrete riprap, regrade and excavate roadside ditches, make utility and irrigation adjustments, and perform site work associated with construction. Proposed improvements will ensure proper conveyance of storm water and significantly reduce flooding. Construction shall take place at the following location in Edinburg, Texas:

Flood and Drainage Facilities:	Location:	HUD Performance Measure:	Approximate Units:
Drainage channel and storm sewer improvements	From: An existing channel approx. 0.89 miles east of Tower Road, between Alberta Road and Owassa Road To: West to a point approx. 0.25 miles west of Tower Road	Linear Feet	6,040

These activities shall benefit one thousand eight hundred sixty-one (1,861) persons, of which one thousand six hundred sixty-nine (1,669), or eighty-nine percent (89%), are of low to moderate income.

Acquisition - 24

Grantee shall acquire easements as needed to accommodate the Pct. 4 Alberta Drain drainage improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 et seq.) and HUD implementing regulations (24 CFR Part 42).

Engineering - 30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for Engineering in the Budget.

Project Delivery - 33

Grantee shall ensure the amount of the funds expended for all eligible project-related "project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Project Delivery in the Budget.

Planning/Project Delivery (Environmental) - 35

Grantee shall ensure the amount of the funds expended for all eligible project-related "project delivery" environmental activities does not exceed the amount specified for Environmental in the Budget.

NONEXCLUSIVE LIST OF APPLICABLE LAWS, RULES, AND REGULATIONS

If applicable to the Project, Grantee must be in compliance with the following laws, rules, and regulations; and any other state, federal, or local laws, rules, and regulations as may become applicable throughout the term of the Contract, and Grantee acknowledges that this list may not include all such applicable laws, rules, and regulations.

Grantee and is deemed to have read and understands the requirements of each of the following, if applicable to the Project under this Contract:

GENERALLY

The Act and Regulations specified in SECTION **1.03** of this Contract;

Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329);

Cash Management Improvement Act regulations (31 C.F.R. Part 205);

Community Development Block Grants (24 C.F.R. Part 570);

Disaster Recovery Implementation Manual;

Plan for Disaster Recovery;

Guidance Documents: 2008 Supplemental Disaster Recovery Fund: Hurricanes Dolly and Ike; and Non-Housing Activities Application Guide, issued by the Texas Department of Housing and Community Affairs

CIVIL RIGHTS

Title VI of the Civil Rights Act of 1964, (42 U.S.C. § 2000d *et seq.*); 24 C.F.R. Part 1, "Nondiscrimination in Federally Assisted Programs of the Department of Housing and Urban Development - Effectuation of Title VI of the Civil Rights Act of 1964;"

Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972 (42 U.S.C. § 2000e *et seq.*);

Title VIII of the Civil Rights Act of 1968, "The Fair Housing Act of 1968" (42 U.S.C. 3601 *et seq.*), as amended;

Executive Order 11063, as amended by Executive Order 12259, and 24 C. F.R. Part 107, "Nondiscrimination and Equal Opportunity in Housing under Executive Order 11063." The failure or refusal of Grantee to comply with the requirements of Executive Order 11063 or 24 C.F.R. Part 107 shall be a proper basis for the imposition of sanctions specified in 24 C.F.R. 107.60;

The Age Discrimination Act of 1975 (42 U.S.C. 6101 *et seq.*);

Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794.) and "Nondiscrimination Based on Handicap in Federally-Assisted Programs and Activities of the Department of Housing and Urban Development", 24 C.F.R. Part 8. By signing this Contract, Grantee understands and agrees that the activities funded shall be performed in accordance with 24 C.F.R. Part 8; and the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.), including the use of a telecommunications device for deaf persons (TDDs) or equally effective communication system.

LABOR STANDARDS

The Davis-Bacon Act, as amended (40 U.S.C. 276a - 276a-5): 29 C.F.R. Part 5;

The Copeland "Anti-Kickback" Act (18 U.S.C. 874): 41 C.F.R. Part 3;

Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. § 327A and 330);

Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (Also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act) (29 C.F.R. Part 5);

Federal Executive Order 11246, as amended;

EMPLOYMENT OPPORTUNITIES

Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C.1701u): 24 C.F.R. §§ 135.3(a)(2) and (a)(3);

The Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. § 4212);

Title IX of the Education Amendments of 1972 (20 U.S.C. §§ 1681-1688);

GRANT AND AUDIT STANDARDS

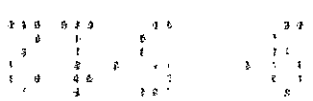
Single Audit Act Amendments of 1996, 31 U.S.C. § 7501;

Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-profit Organizations (24 C.F.R. Part 84);

Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments (24 C.F.R. Part 85);

OMB Circular A-87 (Cost Principles for State, Local, and Indian Tribal Governments);

OMB Circular A-133 – Revised as of June 27, 2007 (Audits of States, Local Governments, and Non-Profit Organizations);



Uniform Grant and Contract Management Act (Texas Government Code Chapter 783) and the Uniform Grant Management Standards issued by Governor's Office of Budget and Planning;

Title 1 Texas Administrative Code § 5.167(c);

LEAD-BASED PAINT

Section 302 of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4831(b));

HISTORIC PROPERTIES

The National Historic Preservation Act of 1966 as amended (16 U.S.C. 470 *et seq.*), particularly sections 106 and 110 (16 U.S.C. 470 and 470h-2), except as provided in §58.17 for Section 17 projects;

Executive Order 11593, Protection and Enhancement of the Cultural Environment, May 13, 1971 (36 FR 8921), 3 C.F.R. 1971-1975 Comp., p. 559, particularly section 2(c);

Federal historic preservation regulations as follows: 36 C.F.R. part 800 with respect to HUD programs;

The Reservoir Salvage Act of 1960 as amended by the Archeological and Historic Preservation Act of 1974 (16 U.S.C. 469 *et seq.)*, particularly section 3 (16 U.S.C. 469a-1);

ENVIRONMENTAL LAW AND AUTHORITIES

Environmental Review Procedures for Recipients assuming HUD Environmental Responsibilities (24 C.F.R. Part 58, as amended);

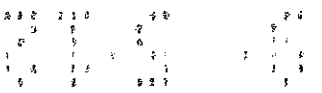
National Environmental Policy Act of 1969, as amended (42 U.S.C. §§ 4321-4347);

Council for Environmental Quality Regulations for Implementing NEPA (40 C.F.R. Parts 1500-1508).

FLOODPLAIN MANAGEMENT AND WETLAND PROTECTION

Executive Order 11988, Floodplain Management, May 24, 1977 (42 FR 26951), 3 CFR, 1977 Comp., p. 117, as interpreted in HUD regulations at 24 C.F.R. part 55, particularly Section 2(a) of the Order (For an explanation of the relationship between the decision-making process in 24 C.F.R. part 55 and this part, see § 55.10.);

Executive Order 11990, Protection of Wetlands, May 24,1977 (42 FR 26961), 3 C.F.R., 1977 Comp., p. 121 particularly Sections 2 and 5;



COASTAL ZONE MANAGEMENT

The Coastal Zone Management Act of 1972 (16 U.S.C. 1451 *et seq.*), as amended, particularly sections 307(c) and (d) (16 U.S.C. 1456(c) and (d));

SOLE SOURCE AQUIFERS

The Safe Drinking Water Act of 1974 (42 U.S.C. 201, 300(f) *et seq.*, and 21 U.S.C. 349) as amended; particularly section 1424(e)(42 U.S.C. 300h-3(e);

Sole Source Aquifers (Environmental Protection Agency-40 C.F.R. part 149.);

ENDANGERED SPECIES

The Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*) as amended, particularly section 7 (16 U.S.C. 1536);

WILD AND SCENIC RIVERS

The Wild and Scenic Rivers Act of 1968 (16 U.S.C. 1271 *et seq.*) as amended, particularly sections 7(b) and (c) (16 U.S.C. 1278(b) and (c);

AIR QUALITY

The Clean Air Act (42 U.S.C. 7401 *et seq.*) as amended, particularly sections 176(c) and (d) (42 U.S.C. 7506(c) and (d);

Determining Conformity of Federal Actions to State or Federal Implementation Plans (Environmental Protection Agency-40 C.F.R. parts 6, 51, and 93);

FARMLAND PROTECTION

Farmland Protection Policy Act of 1981 (7 U.S.C. 4201 *et seq.*) particularly sections 1540(b) and 1541 (7 U.S.C. 4201(b) and 4202);

Farmland Protection Policy (Department of Agriculture-7 C.F.R. part 658);

HUD ENVIRONMENTAL STANDARDS

Applicable criteria and standards specified in HUD environmental regulations (24 C.F.R. part 51)(other than the runway clear zone and clear zone notification requirement in 24 C.F.R. 51.303(a)(3); and

HUD Notice 79-33, Policy Guidance to Address the Problems Posed by Toxic Chemicals and Radioactive Materials, September 10, 1979).

ENVIRONMENTAL JUSTICE

Executive Order 12898 of February 11, 1994 --- Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, (59 FR 7629), 3 CFR, 1994 Comp. p. 859.

OTHER REQUIREMENTS

Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities (24 C.F.R. Part 58);

ACQUISITION / RELOCATION

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*), 24 C.F.R. Part 42, and 24 C.F.R. Section 570.606.

FAITH-BASED ACTIVITIES

Executive Order 13279 of December 12, 2002 - Equal Protection of the Laws for Faith-Based and Community Organizations, (67 FR 77141).

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

GENERAL AFFIRMATIONS

Grantee agrees without exception to the following affirmations:

1. The Grantee has not given, offered to give, nor intends to give at anytime hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract.

2. Pursuant to Title 10, Section 2155.004 of the Texas Government Code, the Grantee has not received compensation from the GLO for preparing any part of this Contract.

3. Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate. Any Grantee subject to this section must include names and Social Security numbers of each person with at least twenty-five percent (25%) ownership in the business entity named in this Contract. This information must be provided prior to execution of any offer.

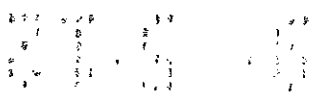
4. Grantee certifies that the individual or business entity named in this Contract: i) has not been subjected to suspension, debarment, or similar ineligibility to receive the specified contract as determined by any federal, state, or local governmental entity; ii) is in compliance with the State of Texas statutes and rules relating to procurement; and iii) is not listed on the federal government's terrorism watch list as described in executive order 13224. Entities ineligible for federal procurement are listed at http://www.epls.gov. Grantee acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.

5. Grantee agrees that any payments due under this Contract will be applied towards any debt, including, but not limited to, delinquent taxes and child support that is owed to the State of Texas.

6. Grantee certifies that they are in compliance with Texas Government Code, Title 6, Subtitle B, Section 669.003, relating to contracting with the executive head of a state agency. If this section applies, Grantee will complete the following information in order for the bid to be evaluated:

Name of Former Executive: _____
Name of State Agency: _____
Date of Separation from State Agency: _____
Position with Grantee: _____
Date of Employment with Grantee: _____

7. Grantee agrees to comply with Texas Government Code, Title 10, Subtitle D, Section 2155.4441, relating to the purchase of products produced in the State of Texas under service contracts.



8. Grantee understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit or investigation in connection with those funds. Grantee further agrees to cooperate fully with the State Auditor's Office, or its successor, in conducting the audit or investigation, including providing all records requested. Grantee will ensure that this clause is included in any subcontract it awards.

9. Grantee certifies that if it employs any former employee of the GLO, such employee will perform no work in connection with this Contract during the twelve (12) month period immediately following the employee's last date of employment at the GLO.

10. The Grantee shall not discriminate against any employee or applicant for employment because of race, disability, color, religion, sex, age, or national origin. The Grantee shall take affirmative action to ensure that applicants are employed and that employees are treated without regard to their race, color, sex, religion, age, disability, or national origin. Such action shall include, but is not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Grantee agrees to post notices, which set forth the provisions of this non-discrimination article, in conspicuous places available to employees or applicants for employment. The Grantee shall include the above provisions in all subcontracts pertaining to the work.

11. Grantee understands that the GLO does not tolerate any type of fraud. The agency's policy is to promote consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Any violations of law, agency policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. Grantees are expected to report any possible fraudulent or dishonest acts, waste, or abuse affecting any transaction with the GLO to the GLO's Internal Audit Director at 512.463.5338 or tracey.hall@glo.state.tx.us

12. Grantee must take steps to avoid or mitigate occurrences of fraud, abuse, and mismanagement, especially with respect to the financial management of the Contract and pronouncements made under this Contract, whether so directed by the GLO or at Grantee's initiative. Upon discovery of any alleged or suspected fraud, abuse of power, kickbacks, the embezzlement or loss of funds under this Contract, or the theft of any assets provided for under this Contract, the Grantee immediately shall notify the GLO and appropriate law enforcement authorities and cooperate in any investigation and enforcement action that follows.

NOTE: Information, documentation, and other material in connection with this Contract may be subject to public disclosure pursuant to the "Public Information Act," Chapter 552 of the Texas Government Code.

OMB Approval No. 0348-0040

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

THIS FORM MUST BE EXECUTED

FORM CD-512
(REV 12-04)

U.S. DEPARTMENT OF COMMERCE

CERTIFICATION REGARDING LOBBYING
LOWER TIER COVERED TRANSACTIONS

Applicants should review the instructions for certification included in the regulations before completing this form. Signature on this form provides for compliance with certification requirements under 15 CFR Part 28, "New Restrictions on Lobbying."

LOBBYING

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 15 CFR Part 28, for persons entering into a grant, cooperative agreement or contract over $100,000 or a loan or loan guarantee over $150,000 as defined at 15 CFR Part 28, Sections 28.105 and 28.110, the applicant certifies that to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure occurring on or before October 23, 1996, and of not less than $11,000 and not more than $110,000 for each such failure occurring after October 23, 1996.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

In any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure occurring on or before October 23, 1996, and of not less than $11,000 and not more than $110,000 for each such failure occurring after October 23, 1996.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above applicable certification.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

SPECIAL CONDITIONS

IF APPLICABLE TO THE PROJECT, GRANTEE MUST BE IN COMPLIANCE WITH THE FOLLOWING SPECIAL CONDITIONS AND ANY OTHER STATE, FEDERAL, OR LOCAL LAWS, RULES, AND REGULATIONS AS MAY BE APPLICABLE, THROUGHOUT THE TERM OF THE CONTRACT, PRIOR TO THE RELEASE OF ANY GRANT FUNDS FOR THE PROJECTS ANTICIPATED.

GRANTEE AND IS DEEMED TO HAVE READ AND TO UNDERSTAND THE REQUIREMENTS OF EACH OF THE FOLLOWING, IF APPLICABLE TO THE PROJECT UNDER THIS CONTRACT:

A. REIMBURSEMENT, GENERALLY

As provided for in Public Law 110-329, the Contract funds may not be used for activities that are eligible to be reimbursed by, or for which funds are made available by, (a) the Federal Emergency Management Agency (FEMA); (b) the Army Corps of Engineers (Corps); (c) any other federal funding source; or (d) covered by insurance, and Grantee shall ensure compliance with all such requirements.

B. NATIONAL FLOOD INSURANCE PROGRAM COMPLIANCE

(1) Grantee must provide documentation which indicates that it has received approval from the Texas Water Development Board (TWDB), the National Flood Insurance Program (NFIP) State Coordinating Agency, that appropriate ordinances or orders necessary for Grantee to be eligible to participate in the NFIP have been adopted.

(2) Where activities specified in Attachment A, Performance Statement, involve structures that are located in Special Flood Hazard Areas (SFHA), flood insurance may be required, and Grantee shall obtain such insurance, and shall maintain documentation evidencing compliance with such requirements.

(3) Grantee acknowledges and agrees that if any property that is the subject of a Project under this Contract located within a floodplain, that the following terms and conditions shall apply:

a. Under the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001–4128), Federal financial assistance for acquisition and construction purposes (including rehabilitation) may not be used in an area identified by the Federal Emergency Management Act (FEMA) as having special flood hazards, unless:

i. The community in which the area is situated is participating in the National Flood Insurance Program ("NFIP") (44 CFR parts 59 through 79), or less than one (1) year has passed since the FEMA notification regarding such hazards; and

ii. The community is participating in the NFIP, or that flood insurance protection is to be obtained as a condition of the approval of financial assistance to the property owner.

b. Where the community is participating in the NFIP and the recipient provides financial assistance for acquisition or construction purposes (including rehabilitation) for property located in an area identified by FEMA as having special flood hazards, Grantee is responsible for ensuring that flood insurance under the NFIP is obtained and maintained.

c. Under Section 582 of the National Flood Insurance Reform Act of 1994, 42 U.S.C. 515a, HUD disaster assistance that is made available in a special flood hazard area may not be used to make a payment (including any loan assistance payment) to a person for repair, or replacement or restoration for flood damage to any personal, residential, or commercial property if:

i. The person had previously received Federal flood disaster assistance conditioned on obtaining and maintaining flood insurance; and

ii. The person failed to obtain and maintain flood insurance.

d. Grantee understands and agrees that it has a responsibility to inform homeowners receiving disaster assistance that triggers the flood insurance purchase requirement of their statutory responsibility to notify any transferee of the requirement to obtain and maintain flood insurance, and that the transferring owner may be liable if he or she fails to do so.

C. PROJECT MAPPING/DESIGN INFORMATION

For construction projects, Grantee shall require and maintain copies in written and/or digital format, of final Project record drawing(s) and engineering schematics, as constructed.

D. WATER SYSTEM IMPROVEMENTS

(1) Prior to the GLO's release of funds for the construction of any water system improvements, Grantee shall provide certification to the GLO that plans, specifications, and related documents for the specified water system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the applicable Texas Commission on Environmental Quality (TCEQ) review requirements described in Title 30 of the Texas Administrative Code.

(2) Prior to construction, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or the equivalent permit or authority for the area to be served has been issued by the TCEQ.

(3) Prior to Grantee submission of the Project Completion Report for any water system improvements described in Attachment A, Grantee shall provide a letter from the TCEQ that the constructed well is approved for interim use and may be temporarily placed into service pursuant to 30 Texas Administrative Code, Chapter 290 – Rules and Regulations for Public Water Systems.

E. SEWER SYSTEM IMPROVEMENTS

Prior to the construction of any sewer system improvements described, Grantee shall provide certification that plans, specifications, and related documents for the specified sewer system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the TCEQ review requirements described in 30 Texas Administrative Code, Chapter 217, Subchapter D.

Further, prior to the construction of any sewer lines or additional service connections described in Attachment A, Grantee shall provide notification of the start of construction on any sewer treatment plant of other system-related improvements included in this Contract.

F. WASTEWATER TREATMENT CONSTRUCTION

Prior to incurring costs for any wastewater treatment construction in Attachment A, Grantee shall provide documentation of an approved permit or amendment(s) to an existing permit for such activities from the TCEQ's Water Quality Division.
In addition, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or equivalent permit or authority for the area to be served has been issued by the TCEQ.

G. SEPTIC SYSTEM IMPROVEMENTS

(1) Grantee shall provide documentation that final plans, specifications, and installation of its septic system improvements have been reviewed and approved by the City or County Health Department through authority granted by the TCEQ.

(2) Grantee shall mitigate all existing septic systems in accordance with 30 Texas Administrative Code Chapter 285, Subchapter D, §285.36(b), which states, "All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall have the wastewater removed by a waste transporter, holding a current registration with the executive director. All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall be filled to ground level with fill material (less than three inches in diameter), which is free of organic and construction debris."

(3) Prior to the selection of program recipients for proposed On-Site Sewer Facilities (OSSF), Grantee shall provide a copy of its proposed program guidelines for GLO review . All proposed OSSF programs must meet or exceed guidelines set forth in 30 Texas Administrative Code Chapter 285 Subchapter D.

H. BUILDING CONSTRUCTION

Grantee shall provide documentation that the construction of a new building and facilities are in compliance with the Texas Accessibility Standards (TAS) of the Architectural Barriers Act, Chapter 469, Texas Government Code, and the Texas Department of Licensing and Regulation (TDLR) Architectural Barriers Administrative Rules, 16 Texas Administrative Code, Part 4, Chapter 68. If the estimated construction costs exceed Fifty Thousand Dollars ($50,000.00), Construction Documents must be submitted to the Texas Department of Licensing and Regulation (TDLR) for an accessibility plan review.

I. BRIDGE CONSTRUCTION/REHABILITATION

Grantee shall use the minimum design requirements of the Texas Department of Transportation (TxDOT) for bridge construction/rehabilitation. Final plans and specifications must be submitted to TxDOT for review and approval prior to the start of construction, and documentation of such approval must be provided to the GLO.

J. DISASTER SHELTERS

Grantee shall ensure that the primary purpose of the facility, as described in **Attachment A**, is to serve as a disaster shelter, and shall ensure the facility is operated at all times in a manner that ensures that the

priority use is to serve as a disaster shelter regardless of any other scheduled uses or commitments that existed at the time of the disaster or emergency situation. In addition Grantee shall prepare or be incorporated into an approved emergency management plan, as prescribed by the Governor's Division of Emergency Management, identifying the shelter as a facility that provides short-term lodging for evacuees during and immediately after an emergency situation. Grantee shall submit a copy of Grantee's Emergency Management Plan Annex for Shelter and Mass Care to the GLO.

K. DEBRIS REMOVAL

Grantee shall ensure that any debris to be removed consists primarily of vegetation, construction and demolition materials from damaged or destroyed structures, and personal property. Only debris identified as the responsibility of the local jurisdiction will be eligible for the reimbursement of cost of removal.

Prior to beginning debris collection operations, Grantee shall address all pertinent environmental concerns, adhere to all applicable regulations, and obtain all required permits. Further, Grantee shall adhere to the methods described herein for the collection and storage of debris prior to proper disposal.

While construction and demolition debris may be collected and disposed of at an appropriately rated landfill, woody and/or vegetative debris must be stored prior to disposal by use of temporary debris storage and reduction sites (TDSR). Grantee will prepare and operate the TDSR sites, or local jurisdictions choosing to conduct their own debris operations may review Chapter 7 of the FEMA Debris Management Guide regarding the use of TDSR sites. This document may be obtained at http://www.fema.gov/pdf/government/grant/pa/demagde.pdf.

In order to maintain the life expectancy of landfills, Grantees disposing of woody and/or vegetative debris must choose burning, chipping, or grinding as the method of disposal. Any project disposing of woody and/or vegetative debris must be approved in writing by the GLO.

L. USE OF BONDS

Grantee must notify the GLO of its issuance and sale of bonds for completion of the project funded under this Contract.

M. HOUSING REHABILITATION ASSISTANCE PROGRAM GUIDELINES

Prior to the selection of program recipients, Grantee shall provide a copy of its proposed housing rehabilitation assistance program guidelines for GLO review and approval. The guidelines must include provisions for compliance with the Federal Fire Prevention and Control Act of 1974 (which requires that any housing unit rehabilitated with grant funds be protected by a hard-wired or battery-operated smoke detector) and provisions for compliance with 24 CFR 35 (HUD lead-based paint regulation).

HOUSING REHABILITATION OR RECONSTRUCTION ASSISTANCE:

(1) The housing rehabilitation or reconstruction assistance provided by Grantee shall be in the form of a five-year deferred payment loan (DPL), at zero interest. Provided all terms and conditions under which the assistance was provided continue to be fulfilled, the DPL will be forgiven at a rate of 20 percent per year, effective on the anniversary date of completion of the Project, evidenced by the date of the Certificate of Final Completion or Final Completion Form.

(2) The full amount of the assistance provided shall be secured by a fully executed promissory note and Deed of Trust (DOT) filed against the property and recorded in the land records of each applicable county. The DPL may be in a first position (no existing indebtedness) or in a second position, subject or inferior only to an existing first mortgage.

(3) If the homeowner occupies the home for the full five-year term, the note expires and no repayment is required, nor will any conditions be imposed relative to the disposition of the property. If any of the terms and conditions under which the assistance was provided are breached or if the property is sold, leased, transferred or vacated by the homeowner for any consecutive thirty (30) day period during the five-year lien term, the repayment provisions of the promissory note and DOT shall be enforced.

(4) If, during the five-year lien term, the homeowner vacates the unit for any consecutive thirty (30) day period, the locality may forgive, as evidenced by city council or commissioner court action, the remaining loan balance. Prior to forgiveness of all or any portion of the assistance provided, the request for forgiveness must be approved by the local governing body and be based on documented and justifiable conditions or circumstances that would result in an unnecessary hardship to the homeowner and the determination that the national objective of benefiting low to moderate-income persons was met.

(5) The national objective will be considered met only when the city council or county commissioners court determines that a low to moderate-income person has occupied the rehabilitated or reconstructed home for a time sufficient to meet the national objective. Grantee is liable for repayment of an amount equal to the difference in the appraised value of the home prior to reconstruction and the sales price when the home is sold during the term of the five-year forgivable loan, if the national objective was not achieved.

(6) If the property is sold or transferred to a person other than an eligible LMI person, the remaining pro-rated balance of the DPL must be repaid by the Grantee from the sales proceeds. Notwithstanding the preceding, Grantee shall be held liable for any balance remaining over and above the sales proceeds. In all instances, upon completion of the five-year occupancy or repayment of the assistance (in full or in part), the Grantee shall prepare and record a release of lien document in the land records of the applicable county.

(7) In instances where another occupant proposes to occupy a previously assisted unit, the locality must document that the new applicant is income eligible and has been informed of the terms and conditions under which the assistance is being provided. The new homeowner(s) must acknowledge, in writing, that they have been informed of these terms and conditions and that they are subject to all of the provisions for the full remaining term of the DPL.

N. COASTAL MANAGEMENT

Grantee acknowledges and agrees that any Project that may impact a Coastal Natural Resource Area must be consistent with the goals and policies of the Texas Coastal Management Program as described in 31 Texas Administrative Code, Part 16, Chapter 501.

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

SPECIAL CONDITIONS

IF APPLICABLE TO THE PROJECT, GRANTEE MUST BE IN COMPLIANCE WITH THE FOLLOWING SPECIAL CONDITIONS AND ANY OTHER STATE, FEDERAL, OR LOCAL LAWS, RULES, AND REGULATIONS AS MAY BE APPLICABLE, THROUGHOUT THE TERM OF THE CONTRACT, PRIOR TO THE RELEASE OF ANY GRANT FUNDS FOR THE PROJECTS ANTICIPATED.

GRANTEE AND IS DEEMED TO HAVE READ AND TO UNDERSTAND THE REQUIREMENTS OF EACH OF THE FOLLOWING, IF APPLICABLE TO THE PROJECT UNDER THIS CONTRACT:

A. REIMBURSEMENT, GENERALLY

As provided for in Public Law 110-329, the Contract funds may not be used for activities that are eligible to be reimbursed by, or for which funds are made available by, (a) the Federal Emergency Management Agency (FEMA); (b) the Army Corps of Engineers (Corps); (c) any other federal funding source; or (d) covered by insurance, and Grantee shall ensure compliance with all such requirements.

B. NATIONAL FLOOD INSURANCE PROGRAM COMPLIANCE

(1) Grantee must provide documentation which indicates that it has received approval from the Texas Water Development Board (TWDB), the National Flood Insurance Program (NFIP) State Coordinating Agency, that appropriate ordinances or orders necessary for Grantee to be eligible to participate in the NFIP have been adopted.

(2) Where activities specified in Attachment A, Performance Statement, involve structures that are located in Special Flood Hazard Areas (SFHA), flood insurance may be required, and Grantee shall obtain such insurance, and shall maintain documentation evidencing compliance with such requirements.

(3) Grantee acknowledges and agrees that if any property that is the subject of a Project under this Contract located within a floodplain, that the following terms and conditions shall apply:

a. Under the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001–4128), Federal financial assistance for acquisition and construction purposes (including rehabilitation) may not be used in an area identified by the Federal Emergency Management Act (FEMA) as having special flood hazards, unless:

i. The community in which the area is situated is participating in the National Flood Insurance Program ("NFIP") (44 CFR parts 59 through 79), or less than one (1) year has passed since the FEMA notification regarding such hazards; and

ii. The community is participating in the NFIP, or that flood insurance protection is to be obtained as a condition of the approval of financial assistance to the property owner.

b. Where the community is participating in the NFIP and the recipient provides financial assistance for acquisition or construction purposes (including rehabilitation) for property located in an area identified by FEMA as having special flood hazards, Grantee is responsible for ensuring that flood insurance under the NFIP is obtained and maintained.

c. Under Section 582 of the National Flood Insurance Reform Act of 1994, 42 U.S.C. 515a, HUD disaster assistance that is made available in a special flood hazard area may not be used to make a payment (including any loan assistance payment) to a person for repair, or replacement or restoration for flood damage to any personal, residential, or commercial property if:

i. The person had previously received Federal flood disaster assistance conditioned on obtaining and maintaining flood insurance; and

ii. The person failed to obtain and maintain flood insurance.

d. Grantee understands and agrees that it has a responsibility to inform homeowners receiving disaster assistance that triggers the flood insurance purchase requirement of their statutory responsibility to notify any transferee of the requirement to obtain and maintain flood insurance, and that the transferring owner may be liable if he or she fails to do so.

C. Project Mapping/Design Information

For construction projects, Grantee shall require and maintain copies in written and/or digital format, of final Project record drawing(s) and engineering schematics, as constructed.

D. Water System Improvements

(1) Prior to the GLO's release of funds for the construction of any water system improvements, Grantee shall provide certification to the GLO that plans, specifications, and related documents for the specified water system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the applicable Texas Commission on Environmental Quality (TCEQ) review requirements described in Title 30 of the Texas Administrative Code.

(2) Prior to construction, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or the equivalent permit or authority for the area to be served has been issued by the TCEQ.

(3) Prior to Grantee submission of the Project Completion Report for any water system improvements described in Attachment A, Grantee shall provide a letter from the TCEQ that the constructed well is approved for interim use and may be temporarily placed into service pursuant to 30 Texas Administrative Code, Chapter 290 – Rules and Regulations for Public Water Systems.

E. Sewer System Improvements

Prior to the construction of any sewer system improvements described, Grantee shall provide certification that plans, specifications, and related documents for the specified sewer system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the TCEQ review requirements described in 30 Texas Administrative Code, Chapter 217, Subchapter D.

Further, prior to the construction of any sewer lines or additional service connections described in Attachment A, Grantee shall provide notification of the start of construction on any sewer treatment plant of other system-related improvements included in this Contract.

F. WASTEWATER TREATMENT CONSTRUCTION

Prior to incurring costs for any wastewater treatment construction in Attachment A, Grantee shall provide documentation of an approved permit or amendment(s) to an existing permit for such activities from the TCEQ's Water Quality Division.
In addition, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or equivalent permit or authority for the area to be served has been issued by the TCEQ.

G. SEPTIC SYSTEM IMPROVEMENTS

(1) Grantee shall provide documentation that final plans, specifications, and installation of its septic system improvements have been reviewed and approved by the City or County Health Department through authority granted by the TCEQ.

(2) Grantee shall mitigate all existing septic systems in accordance with 30 Texas Administrative Code Chapter 285, Subchapter D, §285.36(b), which states, "All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall have the wastewater removed by a waste transporter, holding a current registration with the executive director. All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall be filled to ground level with fill material (less than three inches in diameter), which is free of organic and construction debris."

(3) Prior to the selection of program recipients for proposed On-Site Sewer Facilities (OSSF), Grantee shall provide a copy of its proposed program guidelines for GLO review . All proposed OSSF programs must meet or exceed guidelines set forth in 30 Texas Administrative Code Chapter 285 Subchapter D.

H. BUILDING CONSTRUCTION

Grantee shall provide documentation that the construction of a new building and facilities are in compliance with the Texas Accessibility Standards (TAS) of the Architectural Barriers Act, Chapter 469, Texas Government Code, and the Texas Department of Licensing and Regulation (TDLR) Architectural Barriers Administrative Rules, 16 Texas Administrative Code, Part 4, Chapter 68. If the estimated construction costs exceed Fifty Thousand Dollars ($50,000.00), Construction Documents must be submitted to the Texas Department of Licensing and Regulation (TDLR) for an accessibility plan review.

I. BRIDGE CONSTRUCTION/REHABILITATION

Grantee shall use the minimum design requirements of the Texas Department of Transportation (TxDOT) for bridge construction/rehabilitation. Final plans and specifications must be submitted to TxDOT for review and approval prior to the start of construction, and documentation of such approval must be provided to the GLO.

J. DISASTER SHELTERS

Grantee shall ensure that the primary purpose of the facility, as described in **Attachment A**, is to serve as a disaster shelter, and shall ensure the facility is operated at all times in a manner that ensures that the

priority use is to serve as a disaster shelter regardless of any other scheduled uses or commitments that existed at the time of the disaster or emergency situation. In addition Grantee shall prepare or be incorporated into an approved emergency management plan, as prescribed by the Governor's Division of Emergency Management, identifying the shelter as a facility that provides short-term lodging for evacuees during and immediately after an emergency situation. Grantee shall submit a copy of Grantee's Emergency Management Plan Annex for Shelter and Mass Care to the GLO.

K. DEBRIS REMOVAL

Grantee shall ensure that any debris to be removed consists primarily of vegetation, construction and demolition materials from damaged or destroyed structures, and personal property. Only debris identified as the responsibility of the local jurisdiction will be eligible for the reimbursement of cost of removal.

Prior to beginning debris collection operations, Grantee shall address all pertinent environmental concerns, adhere to all applicable regulations, and obtain all required permits. Further, Grantee shall adhere to the methods described herein for the collection and storage of debris prior to proper disposal.

While construction and demolition debris may be collected and disposed of at an appropriately rated landfill, woody and/or vegetative debris must be stored prior to disposal by use of temporary debris storage and reduction sites (TDSR). Grantee will prepare and operate the TDSR sites, or local jurisdictions choosing to conduct their own debris operations may review Chapter 7 of the FEMA Debris Management Guide regarding the use of TDSR sites. This document may be obtained at http://www.fema.gov/pdf/government/grant/pa/demagde.pdf.

In order to maintain the life expectancy of landfills, Grantees disposing of woody and/or vegetative debris must choose burning, chipping, or grinding as the method of disposal. Any project disposing of woody and/or vegetative debris must be approved in writing by the GLO.

L. USE OF BONDS

Grantee must notify the GLO of its issuance and sale of bonds for completion of the project funded under this Contract.

M. HOUSING REHABILITATION ASSISTANCE PROGRAM GUIDELINES

Prior to the selection of program recipients, Grantee shall provide a copy of its proposed housing rehabilitation assistance program guidelines for GLO review and approval. The guidelines must include provisions for compliance with the Federal Fire Prevention and Control Act of 1974 (which requires that any housing unit rehabilitated with grant funds be protected by a hard-wired or battery-operated smoke detector) and provisions for compliance with 24 CFR 35 (HUD lead-based paint regulation).

HOUSING REHABILITATION OR RECONSTRUCTION ASSISTANCE:

(1) The housing rehabilitation or reconstruction assistance provided by Grantee shall be in the form of a five-year deferred payment loan (DPL), at zero interest. Provided all terms and conditions under which the assistance was provided continue to be fulfilled, the DPL will be forgiven at a rate of 20 percent per year, effective on the anniversary date of completion of the Project, evidenced by the date of the Certificate of Final Completion or Final Completion Form.

(2) The full amount of the assistance provided shall be secured by a fully executed promissory note and Deed of Trust (DOT) filed against the property and recorded in the land records of each applicable county. The DPL may be in a first position (no existing indebtedness) or in a second position, subject or inferior only to an existing first mortgage.

(3) If the homeowner occupies the home for the full five-year term, the note expires and no repayment is required, nor will any conditions be imposed relative to the disposition of the property. If any of the terms and conditions under which the assistance was provided are breached or if the property is sold, leased, transferred or vacated by the homeowner for any consecutive thirty (30) day period during the five-year lien term, the repayment provisions of the promissory note and DOT shall be enforced.

(4) If, during the five-year lien term, the homeowner vacates the unit for any consecutive thirty (30) day period, the locality may forgive, as evidenced by city council or commissioner court action, the remaining loan balance. Prior to forgiveness of all or any portion of the assistance provided, the request for forgiveness must be approved by the local governing body and be based on documented and justifiable conditions or circumstances that would result in an unnecessary hardship to the homeowner and the determination that the national objective of benefiting low to moderate-income persons was met.

(5) The national objective will be considered met only when the city council or county commissioners court determines that a low to moderate-income person has occupied the rehabilitated or reconstructed home for a time sufficient to meet the national objective. Grantee is liable for repayment of an amount equal to the difference in the appraised value of the home prior to reconstruction and the sales price when the home is sold during the term of the five-year forgivable loan, if the national objective was not achieved.

(6) If the property is sold or transferred to a person other than an eligible LMI person, the remaining pro-rated balance of the DPL must be repaid by the Grantee from the sales proceeds. Notwithstanding the preceding, Grantee shall be held liable for any balance remaining over and above the sales proceeds. In all instances, upon completion of the five-year occupancy or repayment of the assistance (in full or in part), the Grantee shall prepare and record a release of lien document in the land records of the applicable county.

(7) In instances where another occupant proposes to occupy a previously assisted unit, the locality must document that the new applicant is income eligible and has been informed of the terms and conditions under which the assistance is being provided. The new homeowner(s) must acknowledge, in writing, that they have been informed of these terms and conditions and that they are subject to all of the provisions for the full remaining term of the DPL.

N. COASTAL MANAGEMENT

Grantee acknowledges and agrees that any Project that may impact a Coastal Natural Resource Area must be consistent with the goals and policies of the Texas Coastal Management Program as described in 31 Texas Administrative Code, Part 16, Chapter 501.

RE: Section 3 Certified Preference
"City of Peñitas-Street Improvements"
Bid No. 5013-60-0311-5000-6000-UCP-GVG

Dear Mr. Nava,

A bid opening was held on October 28, 2015, where five bids were received for the "City of Peñitas-Street Improvements" Project.

After the review of the Bid Tabulations, South Texas Infrastructure Group, L.L.C. has confirmed that RDH Site and Concrete, L.L.C. is the current lowest bidder in the amount of $246,546.73. Urban County has reviewed all bids submitted and Jimenez Engineering Solutions, dba International Consulting Engineers (I.C.E.) is currently Section 3 Certified as per 24 CFR 135. Therefore, Jimenez Engineering Solutions, dba International Consulting Engineers (I.C.E.) now has preference in matching the lowest bidder's amount ($246,546.73) for this project.

Please check one of the following:

☑ Jimenez Engineering Solutions, dba International Consulting Engineers (I.C.E.) **AGREES** to match the lowest bid amount $246,546.73, including Unit Bid Item prices.

☐ Jimenez Engineering Solutions, dba International Consulting Engineers (I.C.E.) **DOES NOT** agree to match the lowest bidder amount $246,546.73.

Please feel free to call South Texas Infrastructure Group, L.L.C. at (956) 424-3335 if you have any questions, or would like to discuss this matter.

Respectfully Submitted,

Julio Cerda, P.E.

RE: SECTION 3 CERTIFICATION

Dear Mr. Gonzalez:

The documentation submitted to my office to certify Jimenez Engineering Solutions dba International Consulting Engineers as a "Section 3 Business Concern" has been reviewed by the Urban County Program staff.

As of this date, May 5, 2015, Jimenez Engineering Solutions dba International Consulting Engineers has been certified as a "Section 3 Business Concern" by meeting the requirements listed below:

- ☑ At least 30% of your business workforce are currently Section 3 Residents or within three years of the date of first employment with the business concern were Section 3 Residents.

To further economic opportunities, you are encouraged to continue your efforts in subcontracting with Section 3 Businesses and the hiring of Section 3 Residents.

This Certification will remain valid for a period of three (3) years commencing on the date above referenced.

Sincerely,

Diana R. Serna
Director

Section 3 Resident- a public housing resident or an individual who resides in the metropolitan area or nonmetropolitan county in which the Section 3 covered assistance is expended and who is considered to be a low to very low income person.

CONSTRUCTION CONTRACT

This Agreement entered into this **December 15, 2015** by and between Hidalgo County acting by and through Hidalgo County Urban County Program, hereinafter called the "OWNER", acting herein through its County Judge and **Jimenez Engineering Solutions DBA I.C.E. (a corporation)** (a partnership) (an individual) of **Edinburg,** State of Texas, hereinafter called "CONTRACTOR".

WITNESSETH

That for and in consideration of the payments and agreements hereinafter mentioned, to be made and performed by the OWNER, the CONTRACTOR hereby agrees with the OWNER to commence and complete the construction described as follows:

PROJECT NAME:	**City of Peñitas-Street Improvements**
PROJECT No.:	**5012/13-60-0311-5000-6000-UCP-GVG**
PROJECT DESCRIPTION:	**Street Improvements on Peñitas Street and Pike Avenue**

heinafter called the project, for the sum of **($282,436.73) – two hundred eighty two thousand four hundred thirty six dollars and seventy three cents** and all extra work in connection therewith, under the terms as stated in the General and Special Conditions of the Contract; and at his (its or their) own proper cost and expense to furnish all the materials, supplies, machinery, equipment, tools, superintendence, labor, insurance, and other accessories and services necessary to complete the said project in accordance with the conditions and prices stated in the Proposal, the General Conditions, Supplemental General Conditions and Special Conditions of the contract, the plans, which include all maps, plats, blue prints, and other drawings and printed or written explanatory matter thereof, the specifications and contract documents therefore as prepared by **South Texas Infrastructure Group, L.L.C.** and as enumerated in Paragraph 1 of the Supplemental General Conditions, all of which are made a part hereof and collectively evidence and constitute the contract.

The CONTRACTOR hereby agrees to commence work under this contract on or after a date to be specified in a written "Notice to Proceed" of the OWNER and to fully complete the project within **(120) One hundred twenty** consecutive calendar days thereafter. The CONTRACTOR further agrees to pay, as liquidated damages, the sum of **($250.00) Two hundred fifty dollars and zero cents** for each consecutive calendar day thereafter as hereinafter provided in Paragraph 19 of the General Conditions.

The OWNER agrees to pay the CONTRACTOR in current funds for the performance of the contract, subject to additions and deductions, as provided in the General Conditions of the contract, and to make payments on account thereof as provided in Paragraph 25, "Payments to Contractor", of the General Conditions.

IN WITNESS WHEREOF, the parties to these presents have executed this contract in four (4) counterparts, each of which shall be deemed an original, in year and day first above mentioned.

Revised Performance Statement and Implementation Schedule

COUNTY OF HIDALGO

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in the budget.

As a result of Hurricane Dolly on July 23, 2008, the County sustained flooding that resulted in drainage infrastructure failure. The existing drainage system infrastructure failed to function because the current systems were unable to convey the volume of water generated during Hurricane Dolly. The failure of the drainage systems to function threatened the public health, safety, and welfare of all served by these facilities due to flooding. The County is in need of adequately-sized drainage infrastructure to reduce flooding.

Flood and Drainage Facilities-5

Penitas Drain

Grantee shall purchase and install approximately eight hundred twenty-five feet (825 ft.) of storm pipe (box and RCP) along with an associated outfall for the proposed system within the Colonias of Puerta Blanca, Daniel Ozuna, Reina, and Ramona. Work will include the installation of drainage inlets, manholes, driveway and pavement repairs, ditch excavation, concrete riprap, headwalls, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from Rodriguez Road to U.S. Expressway 83. Proposed improvements will significantly increase the capacity of the storm sewer system and reduce flooding.

These activities shall benefit six thousand two hundred eighty-three (6,283) persons, of which four thousand four (4,004), or sixty-three percent (63%), are of low to moderate income.

South Fork Drain

Grantee shall purchase and install drain check valves for existing outfall structures in the South Floodwater Channel and provide a new storm lateral to drain the South Fork Colonia and surrounding area. Work will include existing ditch clearing/grubbing, channel and trench excavation, riprap, installation of storm and irrigation pipe (box and RCP), headwalls, concrete weir, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from west Cage Boulevard to the USIBWC Floodway. Proposed improvements will increase the capacity of the drainage system and reduce flooding.

These activities shall benefit fourteen thousand six hundred twenty-five (14,625) persons, of which eleven thousand three hundred seventy-five (11,375), or seventy-seven percent (77%), are of low to moderate income.

Delta Area Connector and Lateral

Phase 1: Acre Tract, Chapa North, and Chapa South

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Acre Tract	On existing unnamed roadway from its south most intersection (having GPS coordinates N:16607980.6004, E:1162222.3860) to the intersection at north end of unnamed roadway and E. Barrera Street; on E. Barrera Street from unnamed roadway eastward to N. Barrera Street; On N. Barrera Street from E. Barrera Street northward to Mile 12 N; On Mile 12 N from N. Barrera Street (223 LF) eastward to existing ditch.
Chapa North & Chapa South	On County Road 7507 from Mile 12 ½ North to the end, on mile 12 ½ North from County Road 7507 to County Road 7506, and on County Road 7506 from Mile 12 ½ North.

Phase 2: Bernal Heights #1 & #2, Bar 3

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Bernal Heights #1	North of Monte Cristo (1925) and West of Mile 4 W on Bernal Circle
Bernal Heights #2	North of Monte Cristo (1925) and West of Mile 4 W

Bar 3	On Mile 4 West from Monte Cristo Road to Houston Street, on Houston Street from 4 Mile West to Main Street, on Texas Street from 4 Mile West to Main Street, on Dallas Street from 4 Mile West to Main Street, on Main Street from Houston Street to Dallas Street, and within proposed easement, located east of Bar #3, from Houston Street south to existing ditch (108 LF) beyond Monte Cristo Road. Existing ditch cleaning begins 725 ft west of proposed easement outfall at existing ditch, continues east, parallel to Monte Cristo Rd for 1,250 lf, continues south for 2,115 lf, then continues east, parallel to Mile 17 ½ Rd N for 1040 lf.

Phase 3: Olivarez #9, Olivarez #7, and Olivarez #18

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Olivarez #9	Arboledas Road from Mile 14 North Road North
Olivarez #7	Mile 14 North Road from Mile 4 West Road
Olivarez #18	Mile 14 North Road from Mile 4 West Road

Phase 4: Olivarez #4, Olivarez #10, Sunrise Subdivision

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Olivarez #4	Hernandez Road from Mile 3 West Road west and CR 14766 Road from Hernandez Road South

Olivarez #10	North and South Unnamed Street and east to "E" Street
Sunrise Subdivision	Joe Olivarez Drive from Mile 3 North Road to "E" Street, on Ramiro Guerra Drive from Mile 3 North Road to "D" Street, on Raul Gonzalez Drive from Mile 3 North Road to "D" Street, on "E" Street from Joe Olivarez Drive North, on "D" Street from Drain Ditch on South Side, on "C" Street from Raul Gonzalez Drive North, on "B" Street from Raul Gonzalez North, and on "A" Street from Raul Gonzalez Drive North

Phase 5: Puesta del Sol and Mesquite Acres

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Puesta del Sol	Sylvia Handy Street from Mile 12 North Road South, on George Bush Street from Sylvia Handy Street east, on Bill Clinton Street from Abraham Lincoln Street south, on Abraham Lincoln Street, Sylvia Handy Street to Mile 3 ½ West Road, on John F Kennedy Street from Sylvia Handy Street to Bill Clinton Street, on Jimmy Carter Street from Sylvia Handy Street to Bill Clinton Street, on George Washington Street from Sylvia Handy Street to Bill Clinton Street
Mesquite Acres	Ebano Street from Mile 3 West Road East

Phase 6: Delta Area Connector/East Lateral Ph.1

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place in:

Flood and Drainage Facilities:	Location:
Hidalgo County, Texas	From 300 feet North of Mile 14 ½ North Road to 300 feet South of FM 107, between Mile 1 West Road and Mile 2 West Road

Phase 7: Delta Area Connector/East Lateral Ph.2

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place in:

Flood and Drainage Facilities:	Location:
Hidalgo County, Texas	300 feet South of FM 107 to North Flood Water Channel between Mile 1 West Road and Mile 2 West Road

Phase 8: Tijerina Estates

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, Grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place at:

Flood and Drainage Facilities:	Location:
Tijerina Estates	San Rafael Drive from F.M. 1015 east for a distance of approximately one thousand three hundred twenty feet (1,320 ft.) and Angel Drive from San Rafael Drive to Mile 13 ½ North Road.

These activities shall benefit sixty-four thousand six hundred ninety (64,690) persons, of which forty-four thousand three hundred twenty-one (44,321), or sixty-eight percent (68%), are of low to moderate income.

Acquisition-24

Grantee shall acquire easements as needed to accommodate proposed drainage system improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*) and HUD implementing regulations (24 CFR Part 42).

Engineering-30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for engineering in the budget.

Planning / Project Delivery-33

Grantee shall ensure the amount of the funds expended for all eligible project-related "planning / project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Planning / Project Delivery in the Budget.

MEMORANDUM

TEXAS GENERAL LAND OFFICE • GEORGE P. BUSH • COMMISSIONER

DATE:	November 17, 2015
TO:	Javier Perez, Director of Program Oversight, Disaster Recovery Program
FROM:	Tyler Payne, 512-475-5049, Disaster Recovery
DR CONTRACT:	DRS210068
GLO CONTRACT:	GLO#12-406-000-6453
COMMUNITY NAME:	County of Hidalgo
PURPOSE:	Round 2.1 Amendment No. 1

RUSH Reason:
Several Round 2.1 projects are in construction, and the Grantee cannot be in the position of not accessing grant funds in year 2016 because the Round 2.1 grant is expired

EXECUTIVE SUMMARY:
Grant funds in the amount of $1,543,934.11 are being transferred from Hidalgo County Round 2.2 Grant to the Round 2.1 Grant. Hidalgo County's Round 2.1 grant is also being extended to December 31,2018, due to projects' schedules reaching into year 2017. Consequently Round 2.1 grant funds are being moved to self-performing grant administration activity to oversee and close-out the remaining active projects. Construction budgets of projects known as East Lateral Phase 1, Penitas Drain and South Fork Drain are being supplemented with grant funds and increased local funds contributions to address overages, and additional and grantee-retained environmental funds are being allocated to the Penitas Drain project for a Phase 2 ESA.

DESCRIPTION / JUSTIFICATON
This Amendment requires the following:

- **Performance Statement:** Performance Statement has been changed.
- **Implementation Schedule:** The Implementation Schedule has been changed.
- **Contract Term Dates:** The Contract Term dates shall be revised to reflect a Contract End Date of December 31, 2018. The Grantee's current contract began on April 12, 2012 and ends on December 31, 2015.

DocuSign Envelope ID: C7C2B3E6-F0E9-4F70-8009-A4F875041FC4

- **Budget:** The budget is revised as follows:

Table 1a - Contract Funds

Activity:	Prior Budget	Added/(Decreased) Budget Change	Current Budget
24-Acquisition - Acquisition: Delta Area Connector	$1,270,000	($146,000)	$1,124,000

AGENDA
CC REGULAR
HIDALGO COUNTY
COMMISSIONERS COURT MEETING
October 18, 2011
9:30 A.M.

NOTICE is hereby given in accordance with Chapter 551, Texas Government Code, that a SPECIAL MEETING of the Commissioners' Court will be held at Edinburg Council Chambers, 415 W. University Drive, Edinburg, Hidalgo County, Texas. Discussion and possible action relating to the following business will be transacted:

1. **Roll Call**

   All members of the Court were counted present.

2. **Pledge of Allegiance**

   Judge Garcia led the Court and Audience in reciting the Pledge of Allegiance.

3. **Prayer**

   Commissioner Quintanilla led the Court and Audience in Prayer.

4. **Approval of Consent Agenda**

   The Court moved to approve the Consent Agenda.

5. **Open Forum**

   -The Court took a Moment of Silence for Hilda Bazan.

   -Congressman Ruben Hinojosa discussed an upcoming Career Fair.

   -Virginia Townsend and Fern McClaugherty commented on the delinquent taxes.

6. **Executive Officer - Valde Guerra:** (Exhibit J)

A. 1. Requesting exemption from competitive bidding requirements under the Texas Local Government Code, Section 262.024(A) (4) "a Professional Service" for the "provision of legal services/representation in connection with litigation."

2. Requesting engagement with the firm of _____ for the "Provision of Legal Services/Representation in connection with Litigation"

NO ACTION taken on items 6.A.1 & 2.

B. AI-29114 Recognition of County Treasurer Norma Garcia

The Court recognized Norma Garcia.

NO ACTION taken on this item.

2. Authorization for County Judge to sign the attached Participating Group Provider Agreement.

On motion of Commissioner Quintanilla, seconded by Commissioner Flores, the Court made a UNANIMOUS vote of approval.

Commissioner Hector Palacios joined the meeting.

10. Emergency Management - Oscar Montoya: (Exhibit N)

A. AI-29142 Discussion, consideration and approval of Interlocal Agreement between the Rio Grande Valley Communications Group and the County of Hidalgo for Radio Service

On motion of Commissioner Quintanilla, seconded by Commissioner Joseph Palacios, the Court made a UNANIMOUS vote of approval.

11. Adult Probation - Arnold K. Patrick: (Exhibit O)

A. AI-28877 1. Authorization and approval to accept an extension for the Hidalgo County Veterans Court Grant (no. DJ-09-A10-24315-01). New termination date is 08/31/12. (Prior termination date was 08/31/11.)

2. Authorization and approval of Resolution to be designated the authorized official for the grant.

On motion of Commissioner Flores, seconded by Hector Palacios, the Court made a UNANIMOUS vote to approve items 11.A.2 & 2.

12. HIDTA - Task Force - Dora Munoz: (Exhibit P)

Commissioner Joseph Palacios was not present for discussion on all items listed on #12.

(Audio Tape #3, Tracking # 672)

A. AI-29095 HIDTA- US Treasury (1252):

1. Approval to create one (1) Criminal Investigator III, slot no. G001, grade 16.

2. Approval of intradepartmental transfer.

3. Approval of revised salary schedule

On motion of Commissioner Flores, seconded by Quintanilla, the Court made a UNANIMOUS vote to approve items 12.A.1, 2 & 3.

B. AI-29099 Requesting approval of claim/invoices with authority for the County Treasurer to issue payment/check after review, audit, and processing procedures are completed by the County Auditor's Office.

Invoice Date	Vendor	Invoice #	Amount
10/07/2010	Superior Alarms	332835	$263.00

NO ACTION taken on this item.

13. Urban County - Diana Serna: (Exhibit Q)

(Audio Tape 3, Tracking # 858)

A. AI-29090 Consideration and Approval to modify and resubmit Hidalgo County's Texas Community Development Block Grant Program 2008 Supplemental Disaster Recovery Fund:

Hurricanes Ike and Dolly Round 2.1 Application to the General Land Office (GLO) and authorize the County Judge to sign any and all documents.

Presentation by Tony Barco and Godfrey Garza.

Mr. Barco explained that the list would include the East Lateral (Delta Area Connector), Pct. #1; Peñitas Drain, Pct. #3; and South Fork, Pct #2. Mr. Barco continued by commenting that if any monies are leftover, they go to the J-09, if it's in compliance with the Fair Housing Standards. Commissioner Hector Palacios stated that if Pct. 4 does not get funded,

On motion of Commissioner Hector Palacios, seconded by Joseph Palacios, the Court made a UNANIMOUS vote of approval to authorize to submit the list as presented, including Pct. 4.

14. Elections Administration - Yvonne Ramon: (Exhibit R)

(Audio Tape # 3, Tracking # 1685)

A. AI-29111 Discussion and approval of amended Election Day Sites (dates & times) for the Constitutional Amendment Election, November 8, 2011

On motion of Commissioner Joseph Palacios, seconded by Quintanilla, the Court made a UNANIMOUS vote of approval.

Commissioner Joseph Palacios stepped away.

15. Right of Way - Joe Pena: (Exhibit S)

(Audio Tape # 3, Tracking # 1810)

A. AI-29072 Request approval for County Judge to execute closing documents for Parcel 58, FM 681 Project.

On motion of Commissioner Quintanilla, seconded by Flores, the Court made a UNANIMOUS vote of approval.

16. Budget & Management - Sergio Cruz: (Exhibit T)

A. AI-29081 1. Public Hearing regarding the taxation of tangible personal property in transit which would otherwise be exempt pursuant to Texas Tax Code, Section 11.253.

Judge Garcia Opened the Public Hearing.

Mr. Armando Barrera came before the Court to make a presentation.

Judge Garcia Closed the Public Hearing.

2. Approval of Order of Hidalgo County to tax tangible personal property in transit which would otherwise be exempt pursuant to Texas Tax Code, Section 11.253.

On motion of Commissioner Flores, seconded by Joseph Palacios, the Court made a UNANIMOUS vote of approval.

GRANT AGREEMENT
GLO CONTRACT NO. 12-406-000-6453
COMMUNITY DEVELOPMENT BLOCK GRANT – ROUND 2.1 FUNDING
DISASTER RECOVERY PROGRAM

This Community Development Block Grant Disaster Recovery ("CDBG-DR") grant agreement (the "Contract") is entered into by and between the **GENERAL LAND OFFICE** ("the GLO"), a Texas state agency, and the **COUNTY OF HIDALGO** ("Grantee"), hereinafter referred to collectively as "the Parties," to provide financial assistance with funds appropriated by the Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329) enacted on September 30, 2008, to facilitate disaster recovery, restoration, economic revitalization, and to affirmatively further fair housing, in accordance with Executive Order 12892, in areas affected by Hurricanes Dolly and Ike, which are Presidentially-declared major disaster areas under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*).

ARTICLE 1 - GENERAL PROVISIONS

1.01 SCOPE OF PROJECT AND GRANT AWARD

(a) Scope of Project

The purpose of this Contract is to set forth the terms and conditions of a Grant from the GLO to Grantee under the CDBG Disaster Recovery program ("CDBG-DR"). In strict conformance with the terms and conditions of this Contract, Grantee shall construct, or cause to be constructed, improvements to flood and drainage facilities and components, including any acquisitions, engineering and planning required, in the County of Hidalgo, Texas (the "Project"). The Project shall be conducted in strict accordance with the terms of this Contract, including all Contract Documents in **SECTION 1.02**, below.

(b) Grant Award

Grantee submitted a Grant Application for grant under the Program, and the GLO is entering into this Contract based on Grantee's Application.

Subject to the terms and conditions of this Contract and Grantee's Application, the GLO agrees to make a grant to Grantee in an amount not to exceed **TWENTY MILLION NINE HUNDRED FORTY-TWO THOUSAND THREE HUNDRED SIX DOLLARS ($20,942,306.00)**, payable as reimbursement of allowable expenses incurred by Grantee, to be used in strict conformance with the terms of this Contract, and the Project Budget in **Attachment B**.

The GLO is not liable to Grantee for any costs incurred by Grantee before the effective date of this Contract or after the expiration or termination of this Contract.

However, the GLO in its sole discretion, may reimburse Grantee for allowable program costs incurred prior to the effective date of this Contract.

1.02 CONTRACT DOCUMENTS

The GLO and Grantee hereby agree that this document and the following Attachments, attached hereto and incorporated herein in their entirety for all purposes, shall govern this Contract:

ATTACHMENT A: Performance Statement and Implementation Schedule

ATTACHMENT B: Project Budget

ATTACHMENT C: Nonexclusive list of Applicable Laws, Rules, and Regulations

ATTACHMENT D: General Affirmations

ATTACHMENT E: Federal Assurances – Non-Construction Programs SF-424B (Rev. 7-97)

ATTACHMENT F: Certifications Regarding Lobbying Lower Tier Covered Transactions (Form CD-512, Rev. 12-04)

ATTACHMENT G: Special Conditions

1.03 GUIDANCE DOCUMENTS

Grantee shall be deemed to have read and understood and agrees to abide by all guidance documents applicable to the CDBG-DR program including but not limited to:

the CDBG-DR Project Implementation Manual found at:
http://www.glo.texas.gov/GLO/disaster-recovery/nonhousing/forms-publications.html;

the State of Texas Action Plan for Disaster Recovery found at;
http://www.glo.texas.gov/GLO/disaster-recovery/action-plans.html;

and the Conciliation Agreement between: the Texas Low Income Housing Information Service and Texas Appleseed, and the State of Texas, by and through the Texas Department of Rural Affairs and the Texas Department of Housing and Community Affairs, as approved by HUD in its letter dated May 25, 2010, to the Office of the Attorney General of Texas.

1.04 DEFINITIONS

"Act" means Title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. Sec. 5301 *et seq.*); and Public Law 110-329.

"Administrative and Audit Regulations" means the regulations included in Title 24, CFR, Part 85.

"Application" or "Grant Application" means the information provided by Grantee, which is the basis for the award of funding under this Contract.

"Budget" means the budget for the Project funded by the Contract, a copy of which is included in **Attachment B.**

"CDBG-DR" means the U.S. Department of Housing and Urban Development's Community Development Block Grant Disaster Recovery program.

"Construction Documents" means the engineering specifications, construction plans, and/or architectural plans for the construction of improvements approved by the GLO under the Contract, if any.

"Contract Documents" means the documents listed in **SECTION 1.02.**

"C.F.R." means the United States Code of Federal Regulations.

"Deliverable(s)" means the work product(s) required to be submitted to the GLO as set forth in the Project Implementation Manual, including all reports and other project documentation.

"Equipment" means tangible personal property have a useful life of more than one (1) year and an acquisition cost of Five Thousand Dollars ($5,000.00) or more per unit.

"Event of Default" means the occurrence of any of the events set forth in **SECTION 3.03** herein.

"Federal Assurances" means Standard Form 424B (Rev. 7-97), as prescribed by OMB Circular A-102 (non-construction programs) in **Attachment E**.

"Federal Certifications" means U.S. Department of Commerce Form CD-512 (Rev 12-04), "Certifications Regarding Lobbying - Lower Tier Covered Transactions," and Standard Form LLL (Rev. 7-97), Disclosure of Lobbying Activities, in **Attachment F**.

"GAAP" means "generally accepted accounting principles" as applicable.

"GASB" means accounting principals as defined by the Governmental Accounting Standards Board, as applicable.

"General Affirmations" means the affirmations in **Attachment D**, to which Grantee certifies by the signing of this Contract.

"Grant Administration Form" means one of several forms required to be submitted during the term of this Contract, which forms may be revised from time to time. The most current version of these forms should be downloaded, as needed, at http://www.glo.texas.gov/GLO/disaster-recovery.

"HUB" means Historically Underutilized Business as defined by Chapter 2161 of the Texas Government Code.

"HUD" means the United States Department of Housing and Urban Development.

"Implementation Schedule" means the schedule by which various project milestones must be met by Grantee, and is attached hereto as part of **Attachment A.**

"Letter of Acceptance" means a document to be executed by Grantee, Engineer, and Grantee's construction contractor, for each construction project, indicating: (i) acceptance, (ii) substantial completion as built, and (iii) commencement of the warranty period, as discussed in **SECTION 4.01** hereof.

"Performance Statement" means the statement of work contained in **Attachment A.**

"PMC" means the GLO's Project Management Company, HNTB Corporation.

"Program" means the Community Development Block Grant Disaster Recovery program.

"Project" means the work to be performed under this Contract, as described in **SECTION 1.01(a)** above, **SCOPE OF PROJECT**, and as detailed in **Attachment A.**

"Project Completion Report" means a report containing an "as built" accounting of all projects completed under a CDBG-DR grant, and containing all information required to completely close out a grant file.

"Project Implementation Manual" means a set of guidelines by which a CDBG-DR grant program must be operated.

"Public Information Act" means Chapter 552 of the Texas Government Code.

"Quarterly Reports" means a document detailing the status of the Project under the Contract, to be submitted to the GLO as a condition of reimbursement, as discussed in **SECTION 4.01(a).**

"Regulations" means 24 C.F.R. Part 570.

"U.S.C." means the United States Code.

1.05 INTERPRETIVE PROVISIONS

(a) The meanings of defined terms are equally applicable to the singular and plural forms of the defined terms;

(b) The words "hereof," "herein," "hereunder," and similar words refer to this Contract as a whole and not to any particular provision, section, attachment, work order, or schedule of this Contract, unless otherwise specified;

(c) The term "including" is not limiting, and means "including without limitation" and, unless otherwise expressly provided in this Contract,

(d) references to contracts (including this Contract) and other contractual instruments shall be deemed to include all subsequent amendments and other modifications thereto, but only to the extent that such amendments and other modifications are not prohibited by the terms of this Contract, and

(e) references to any statute or regulation are to be construed as including all statutory and regulatory provisions consolidating, amending, replacing, supplementing, or interpreting the statute or regulation;

(d) The captions and headings of this Contract are for convenience of reference only and shall not affect the interpretation of this Contract;

(e) All attachments within this Contract, including those incorporated by reference, and any amendments, are considered part of the terms of this Contract;

(f) This Contract may use several different limitations, regulations, or policies to regulate the same or similar matters. All such limitations, regulations, and policies are cumulative and each shall be performed in accordance with its terms;

(g) Unless otherwise expressly provided, reference to any action of the GLO or by the GLO by way of consent, approval, or waiver shall be deemed modified by the phrase "in the sole discretion of the GLO."

Notwithstanding the preceding sentence, any approval, consent, or waiver required by, or requested of, the GLO shall not be unreasonably withheld or delayed;

(h) All due dates and/or deadlines referenced in this Contract that occur on a weekend or holiday shall be considered as if occurring on the next business day;

(i) All time periods in this Contract shall commence on the day after the date on which the applicable event occurred, report is submitted, or request is received; and

(j) Time is of the essence in this Contract.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 2 – REIMBURSEMENT, ADVANCE PAYMENT, BUDGET VARIANCE, AND INCOME

2.01 REIMBURSEMENT REQUESTS

Grantee may request reimbursement from the GLO no more often than monthly. Each invoice shall be supported by actual receipts, cancelled checks, and/or such other documentation that, in the judgment of the GLO, allows for full substantiation of the costs incurred. Requests for payment must be submitted in Word or WordPerfect format via email to the GLO monthly, on or before the 10th day of each calendar month.

2.02 REQUESTS FOR REIMBURSEMENT UNDER THIS CONTRACT MUST BE RECEIVED BY THE GLO NOT LATER THAN SIXTY (60) DAYS FROM THE DATE GRANTEE INCURS THE EXPENSE. NOTWITHSTANDING THE PRECEDING, REQUESTS FOR REIMBURSEMENT FOR EXPENSES INCURRED BY ANY SUBCONTRACTOR MUST BE RECEIVED BY THE GLO NOT LATER THAN THIRTY (30) DAYS FROM THE DATE THE GRANTEE RECEIVES THAT INVOICE FROM A SUBCONTRACTOR. FAILURE BY GRANTEE TO COMPLY IN A TIMELY MANNER WITH THESE TWO REQUIREMENTS MAY, AT THE GLO'S SOLE DISCRETION, RESULT IN DENIAL OF THE REQUEST FOR REIMBURSEMENT.

2.03 ADVANCE PAYMENTS

If necessary and if allowed by law, Grantee's requests for an advance of funds shall be limited to the minimum amount needed for effective accomplishment of the Project under this Contract, and shall be timed as closely as possible to actual cash requirements. Grantee shall establish procedures to minimize the time elapsing between the transfer of funds from the GLO to Grantee, and shall ensure that such funds are disbursed as soon as administratively possible.

2.04 BUDGET VARIANCE

Grantee may request permission to reallocate funding among budget categories by submitting a written request and detailed justification to the GLO. The GLO may allow flexibility among Budget categories to the extent that the total revisions do not exceed ten percent (10%) of the total budget. Such reallocations may not increase the amount of the grant or total Budget, and shall be effective only after written approval by the GLO. Any request for a variance that (a) exceeds ten percent (10%) of the total budget; (b) changes the total budget amount; (c) changes the Project scope; or (d) changes the Project outcome may be allowed only by formal, written Contract amendment. In addition, aggregate requests for variances which, over time, exceed twenty-five percent (25%) of the total budgeted amount, may be allowed only by formal, written Contract amendment.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

A FINAL, ACTUAL BUDGET SHALL BE SUBMITTED BY GRANTEE NO LATER THAN SIXTY (60) DAYS FOLLOWING THE EXPIRATION OR TERMINATION OF THIS CONTRACT.

IN ADDITION, GRANTEE SHALL SUBMIT A CERTIFICATE OF EXPENDITURES TO THE GLO NO LATER THAN SIXTY (60) DAYS AFTER THE CONTRACT TERMINATION DATE OR AT THE CONCLUSION OF ALL CONTRACT ACTIVITIES AS DETERMINED BY THE GLO. THE CERTIFICATE OF EXPENDITURES SHALL BE IN A FORMAT PRESCRIBED BY THE GLO AND SHALL BE ACCOMPANIED BY A FINAL PROJECT COMPLETION REPORT OF ALL ACTIVITIES PERFORMED UNDER THIS CONTRACT.

2.05 INCOME

Grantee shall maintain records of the receipt and accrual of all Program income in the same manner as required for all other funds under this Contract, and Grantee shall provide reports of Program income to the GLO with each form submitted by Grantee in accordance with ARTICLE 4 of this Contract. All Program income must be returned to the GLO on at least a quarterly basis and must be reported to the GLO, as requested.

2.06 GRANT OFFER SUBJECT TO CANCELLATION

IF GRANTEE DOES NOT RETURN THE ORIGINAL SIGNED CONTRACT TO THE GLO WITHIN THIRTY (30) DAYS OF TRANSMITTAL OF THE CONTRACT TO GRANTEE, GRANT FUNDING FOR THE PROJECT MAY BE SUBJECT TO CANCELLATION.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 3 -- CONTRACT PERIOD, TERMINATION, AND DEFAULT

3.01 DURATION OF CONTRACT AND EXTENSION OF TERM

This Contract shall become effective on the date signed by the last party, and shall terminate on December 31, 2015 ("Contract Period"). **Notwithstanding the preceding sentence, Grantee must adhere to all Project milestones in Attachment A; failure to meet any milestone may result in termination under SECTION 3.02, below.**

Upon receipt of a written request and acceptable justification from Grantee, the GLO may amend this Contract to extend the Contract Period. **ANY REQUEST FOR EXTENSION MUST BE RECEIVED BY THE GLO AT LEAST NINETY (90) DAYS BEFORE THE ORIGINAL TERMINATION DATE OF THIS CONTRACT AND, IF APPROVED, SUCH EXTENSION SHALL BE BY WRITTEN AMENDMENT.**

3.02 EARLY TERMINATION

The GLO may terminate this Contract by giving written notice specifying a termination date at least thirty (30) days subsequent to the date of the notice. Upon receipt of such notice, Grantee shall cease work, undertake to terminate any relevant subcontracts, and incur no further expense related to this Contract. Such early termination shall be subject to the equitable settlement of the respective interests of the parties, accrued up to the date of termination.

3.03 EVENTS OF DEFAULT

Each of the following events shall constitute an Event of Default under this Contract: (i) Grantee's failure to comply with any term, covenant, or provision contained in this Contract; (ii) Grantee makes a general assignment for the benefit of creditors or takes any similar action for the protection or benefit of creditors; or (iii) if at any time, Grantee makes any representation or warranty that is incorrect in any material respect to the Performance Statement, any request for payment submitted to the GLO, or any report submitted to the GLO related to the Contract.

3.04 REMEDIES; NO WAIVER

Upon the occurrence of any such Event of Default, the GLO shall be entitled to avail itself of any equitable or legal remedy. A right or remedy conferred by this Contract upon either party is not intended to be exclusive of any other right or remedy, and each and every right and remedy shall be cumulative and in addition to any other right or remedy given under this Contract, or hereafter legally existing, upon the occurrence of an Event of Default. The failure of the GLO either to insist at any time upon the strict observance or performance of any of the provisions of this Contract, or the GLO's failure to exercise any right or remedy as provided in this Contract, shall not impair any such right or remedy or be construed as a waiver or relinquishment thereof with respect to subsequent Events of Default.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 4 - GRANT ADMINISTRATION

4.01 SUBMISSIONS - GENERALLY

Except for legal notices that must be sent by specific instructions pursuant to **SECTION 8.11** of the Contract, **NOTICES;** and all other reports and documentation as required by the Project Implementation Manual; any report, form, or request required to be submitted to the GLO under this Contract shall be sent in the format prescribed by the GLO.

In addition, Grantee acknowledges the responsibility to submit to the GLO, Engineer, and Grant Administrator, if any, all signed Letters of Acceptance (LOA), within two (2) weeks of execution by Grantee. Failure to timely submit the LOA pursuant to this paragraph may result in the withholding of the final payment under this Contract.

(a) Quarterly Reports

Accurate, timely Quarterly Reports are required as a condition of reimbursement. Each Quarterly Report shall include progress made since the prior reporting period, projected quantities if any variances are anticipated, problems encountered and detailed plans to correct them, goals to be accomplished in the subsequent reporting period, and any other information that may be required by the GLO. In the sole discretion of the GLO, reports may be requested more often than quarterly, and the Grantee shall provide such additional information to the GLO in a timely manner.

The GLO may review Quarterly Report(s) and may request revisions to be made. Grantee shall coordinate with the GLO to make such revisions in a timely manner. Reimbursement may be withheld, in the sole discretion of the GLO, if a Quarterly Report is delinquent or deficient.

(b) Project Completion Report

The Project Completion Report ("PCR"), as defined above, must be submitted to the GLO by the close of business no later than sixty (60) days from Grantee's execution of the final Certificate of Construction Completion ("COCC"). The PCR must be submitted in accordance with the specifications in the Project Implementation Manual, and must include a full description of all projects, both as originally assigned and as ultimately completed, including any revisions approved by the GLO outside the formal, written amendment process, as provided under **SECTION 8.17** hereof.

(c) Forms

Grantee must execute the forms included as **Attachments E and F,** and certifies by the execution of this Contract to all affirmations in **Attachment D,** confirming compliance with required state and federal laws applicable to the Contract.

(i) General Affirmations are found in **Attachment D,** and Grantee certifies by the execution of this Contract to all statements therein.

(ii) The Federal Assurances for Non-Construction Programs (Standard Form 424B), as applicable to the Project, is found in **Attachment E**, and must be executed by Grantee.

(iii) Certifications Regarding Lobbying Lower Tier covered Transactions (Form CD-512) is found at Page 1 of **Attachment F**, and must be executed by Grantee.

(iv) If any funds granted under this Contract have been used for lobbying purposes, Grantee must complete and execute Standard Form LLL, Disclosure of Lobbying Activities, found at Page 2 of **Attachment F**.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 5 - STATE AND FEDERAL FUNDING AND RECAPTURE OF FUNDS

5.01 FEDERAL FUNDING

Funding for this Contract is appropriated under the Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329) enacted on September 30, 2008, to facilitate disaster recovery, restoration, economic revitalization, and to affirmatively further fair housing in accordance with Executive Order 12892, in areas affected by Hurricanes Dolly and Ike, which are Presidentially-declared major disaster areas under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.). The fulfillment of this Contract is based on those funds being made available to the GLO as the lead administrative state agency. **ALL EXPENDITURES UNDER THIS CONTRACT MUST BE MADE IN ACCORDANCE WITH THIS CONTRACT, THE RULES AND REGULATIONS PROMULGATED UNDER THE CDBG-DR PROGRAM, AND ANY OTHER APPLICABLE LAWS. FURTHER, GRANTEE ACKNOWLEDGES THAT ALL FUNDS ARE SUBJECT TO RECAPTURE AND REPAYMENT FOR NON-COMPLIANCE.**

5.02 STATE FUNDING

This Contract shall not be construed as creating any debt on behalf of the State of Texas and/or the GLO in violation of Texas Constitution, Article III, Section 49. In compliance with Texas Constitution, Article VIII, Section 6, it is understood that all obligations of the GLO hereunder are subject to the availability of state funds. If such funds are not appropriated or become unavailable, this Contract may be terminated. In that event, the parties shall be discharged from further obligations, subject to the equitable settlement of their respective interests, accrued up to the date of termination.

5.03 RECAPTURE OF FUNDS

Grantee shall conduct, in a satisfactory manner as determined by the GLO, the Project, as set forth in the Contract. The discretionary right of the GLO to terminate for convenience under this Article; notwithstanding, it is expressly understood and agreed by Grantee that the GLO shall have the right to terminate the Contract and recapture, and be reimbursed for, any payments made by the GLO that Grantee has not used in strict accordance with the terms and conditions of this Contract.

5.04 RETAINAGE

To ensure full performance, the GLO may retain an amount equal to five percent (5%) of Grantee's grant amount until completion and acceptance by the GLO of the Project. The GLO shall make a final disbursement only upon receipt of documentation sufficient to determine that Grantee has completed the Project in accordance with the Contract Documents, and that all requirements of the Contract; all relevant provisions of the Grant; and all applicable law, rules, and regulations have been fulfilled by Grantee.

5.05 OVERPAYMENT

Grantee understands and agrees that it shall be liable to the GLO for any costs disallowed pursuant to financial and compliance audit(s) of funds received under this Contract. Grantee further understands and agrees that reimbursement of such disallowed costs shall be paid by Grantee from funds which were not provided or otherwise made available to Grantee under this Contract.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 6 - INTELLECTUAL PROPERTY

6.01 OWNERSHIP AND USE

(a) The parties to this Contract expressly agree that all right, title, and interest in, and to, all reports, drafts of reports, or other material, data, drawings, computer programs and codes associated with this Contract, and/or any copyright or other intellectual property rights, and any material or information developed and/or required to be delivered under this Contract shall be jointly owned by the parties with each party having the right to use, reproduce, or publish any or all of such information and other materials without the necessity of obtaining permission from the other party and without expense or charge.

(b) The GLO and HUD are granted a royalty free, non-exclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for U.S. Government purposes, all reports, drafts of reports, or other material, data, drawings, computer programs, and codes associated with this Contract, and/or any copyright or other intellectual property rights, and any material or information developed and/or required to be delivered under this Contract.

6.02 NONENDORSEMENT BY STATE AND THE UNITED STATES

Grantee shall not publicize or otherwise circulate promotional material (such as advertisements, sales brochures, press releases, speeches, still and motion pictures, articles, manuscripts, or other publications) that states or implies State of Texas or U.S. Government, or government employee, endorsement of a product, service, or position that the Grantee represents. No release of information relating to this Grant may state or imply that the State of Texas or the U.S. Government approves of Grantee's work products, or considers Grantee's work product to be superior to other products or services.

6.03 APPROVAL OF PUBLICATION AND SPECIFIC DISCLAIMER REQUIRED

Prior to publication, Grantee must submit to the GLO, for HUD approval, any public information releases concerning this Grant Award that refer to HUD or any bureau or employee. The specific text, layout photographs, and so forth, of the proposed release must be submitted with the request for approval. The specific acknowledgements and funding statements that must be included in certain publications funded by the Grantee are set forth in the Contract Documents.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 7 - RECORDS, AUDIT, PROPRIETARY INFORMATION, AND PUBLIC DISCLOSURE

7.01 BOOKS AND RECORDS

Grantee shall keep and maintain under GAAP or GASB, as applicable, full, true, and complete records necessary to fully disclose to the GLO, the Texas State Auditor's Office, the United States Government, and/or their authorized representatives, sufficient information to determine compliance with the terms and conditions of this Contract and all state and federal rules, regulations, and statutes including, but not limited to, the applicable laws and regulations provided in **Attachment C**.

7.02 INSPECTION AND AUDIT

Grantee agrees that all relevant records related to this Contract or any work product produced, including those of its subcontractors, shall be subject at any reasonable time to inspection, examination, review, audit, and copying at any location where such records may be found, with or without notice by the Texas State Auditor's Office, the GLO, its contracted examiners, or the Texas Attorney General's Office. In addition, HUD, the Comptroller General, the General Accounting Office, the Office of Inspector General, or any authorized representative of the U.S Government shall also have this right of inspection.

The GLO reserves the right to perform periodic on-site monitoring of Grantee's compliance with the terms and conditions of this Contract, assurance of non-duplication of beneficiaries and of the adequacy and timeliness of Grantee's performances under this Contract. After each monitoring visit, the GLO shall provide Grantee with a written report of the findings. If the monitoring report notes deficiencies in Grantee's performances under the terms of this Contract, the monitoring report shall include requirements for the timely correction of such deficiencies by Grantee. Failure by Grantee to take action specified in the monitoring report may be cause for suspension or termination of this Contract.

Grantee understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit or investigation in connection with those funds. Grantee further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records requested. **GRANTEE SHALL ENSURE THAT ALL SUBCONTRACTS AWARDED REFLECT THE REQUIREMENTS OF THIS SECTION 7.02, AND THE REQUIREMENT TO COOPERATE.**

Grantee will be deemed to have read and have knowledge of all applicable federal, state, and local laws, regulations, and rules, including, but not limited to those identified in **Attachment C**, governing audit requirements pertaining to the Project.

7.03 GRANTEE SELF-AUDIT AND TARGETED AUDITS

(a) Grantee Self-Audit

Grantee, on approval of the GLO and/or HUD may conduct an annual financial and compliance audit of funds received and performances rendered under this Contract. Grantee may utilize funds budgeted under this Contract to pay for that

portion of the cost of such audit services properly allocable to the activities funded by the GLO under this Contract, provided however that the GLO shall not make payment for the cost of such audit services until the GLO has received from Grantee a satisfactory audit report and invoice, as determined by the GLO. The invoice submitted for reimbursement should clearly show the percentage of cost relative to the total cost of the audit services. Therefore, Grantee shall submit an invoice showing the total cost of the audit and the corresponding prorated charge per funding source. If applicable, an explanation shall be submitted with the reimbursement request, explaining why the percentage of audit fees exceeds the prorated amount allowable.

(b) Targeted Audits

In addition, the GLO shall have the right at any time to perform, or to instruct the performance of, an annual program and/or fiscal audit, or to conduct a special or targeted audit of any aspect of the operation of Grantee, using an auditor of the GLO's choice. Grantee shall maintain such financial records and other records as may be prescribed by the GLO or by applicable federal and state laws, rules, and regulations. Grantee shall retain these records for a period of five (5) years after final payment or until they are audited by the GLO, whichever event occurs first. These records shall be made available during the term of this Contract and the subsequent five (5) year period for examination, transcription, and audit.

7.04 PERIOD OF RETENTION

Grantee shall retain all records relevant to this Contract for a minimum of five (5) years. The period of retention begins at the date of final payment by the GLO of reimbursable expenses, or from the date of termination of the Contract, whichever is later. The period of retention shall be extended for a period reasonably necessary to complete an audit and/or any administrative proceeding or litigation that may ensue.

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

ARTICLE 8 - MISCELLANEOUS PROVISIONS

8.01 LEGAL OBLIGATIONS

Grantee shall procure and maintain for the duration of this Contract any state, county, city, or federal license, authorization, insurance, waiver, permit, qualification, or certification required by statute, ordinance, law, or regulation to be held by Grantee to provide the goods or services required by this Contract. Grantee will be responsible for payment of all taxes, assessments, fees, premiums, permits, and licenses required by law. Grantee agrees to be responsible for payment of any such government obligations not paid by its subcontractors during performance of this Contract. Grantee shall not commence work on the Project until it has obtained the requisite licenses and/or permits, if applicable. **COPIES OF SUCH LICENSES AND PERMITS SHALL BE INCLUDED AS A PART OF THE MONTHLY REPORT FOR THE PERIOD DURING WHICH THEY ARE OBTAINED.**

8.02 INDEMNITY

AS GOVERNMENTAL ENTITIES AND REQUIRED UNDER THE CONSTITUTION AND LAWS OF THE STATE OF TEXAS, EACH PARTY UNDERSTANDS THAT THEY ARE LIABLE FOR ANY PERSONAL INJURIES, PROPERTY DAMAGE, OR DEATH RESULTING FROM THE ACTS OR OMISSIONS OF SUCH PARTY. IN THE EVENT THAT THE GLO IS NAMED AS A PARTY DEFENDANT IN ANY LITIGATION ARISING OUT OF ALLEGATIONS OF PERSONAL INJURY, DEATH, OR PROPERTY DAMAGE RESULTING FROM THE ACTS OR OMISSIONS OF GRANTEE, AND FOR WHICH THE GLO IS LIABLE, IF AT ALL, ONLY THROUGH THE VICARIOUS LIABILITY OF GRANTEE, THEN, IN SUCH EVENT, GRANTEE AGREES THAT IT WILL PAY, ON BEHALF OF THE GLO, ALL COSTS AND EXPENSES OF LITIGATION (INCLUDING ANY COURT COSTS, REASONABLE ATTORNEYS' FEES, FEES OF ATTORNEYS APPROVED BY THE OFFICE OF THE TEXAS ATTORNEY GENERAL) AS WELL AS ALL AMOUNTS PAID IN SETTLEMENT OF ANY CLAIM, ACTION, OR SUIT, INCLUDING JUDGMENT OR VERDICT, ARISING OUT OF OR IN CONNECTION WITH THIS CONTRACT. IN THE EVENT THAT GRANTEE IS NAMED AS A PARTY DEFENDANT IN ANY LITIGATION SEEKING ANY DAMAGES FOR ANY PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH RESULTING OUT OF THE GLO'S ACTIONS OR OMISSIONS, AND GRANTEE'S SOLE LIABILITY, IF ANY, IS ONLY VICARIOUSLY THROUGH THE GLO, THEN, IN SUCH EVENT, THE GLO AGREES TO PAY ANY AND ALL CLAIMS, DEMANDS, OR LOSSES, INCLUDING EXPENSES OF LITIGATION (INCLUDING REASONABLE ATTORNEYS' FEES AND COURT COSTS) INCURRED BY GRANTEE, INCLUDING ANY VERDICTS OR JUDGMENTS OR AMOUNTS PAID IN SETTLEMENT OF ANY CLAIM ARISING OUT OF, OR IN CONNECTION WITH THIS CONTRACT. ANY ATTORNEYS RETAINED BY GRANTEE TO REPRESENT ANY INTEREST OF THE GLO MUST BE APPROVED BY THE GLO AND BY THE OFFICE OF THE TEXAS ATTORNEY GENERAL. ANY ATTORNEYS RETAINED BY THE GLO TO REPRESENT THE INTEREST OF GRANTEE MUST BE APPROVED BY GRANTEE.

8.03 INSURANCE AND BOND REQUIREMENTS

(a) Unless Grantee is authorized pursuant to Chapter 2259 of the Texas Government Code, entitled "Self-Insurance by Governmental Units," to self-insure, Grantee shall carry insurance for the duration of this Contract in types and amounts necessary and appropriate for the Project.

(b) Grantee shall require all contractors, subcontractors, vendors, service providers, or any other person or entity performing work described in **Attachment A** to carry insurance for the duration of Project in the types and amounts customarily carried by a person or entity providing such goods or services, for the duration of the Contract. Any person or entity required to obtain insurance under this Section must also be required to complete and file the declaration pages from the insurance policies with Grantee whenever a previously identified policy period expires during the term of Grantee's contract with the person or entity, as proof of continuing coverage. Grantee's contract with any such person or entity shall clearly state that acceptance of the insurance policy declaration pages by the Grantee shall not relieve or decrease the liability of the person or entity. Persons or entities shall be required to update all expired policies prior to Grantee's acceptance of an invoice for monthly payment from such parties.

(c) Grantee shall require performance and payment bonds to the extent they are required under Chapter 2257 of the Texas Government Code.

(d) Grantee shall require, on all construction projects, that any person or entity required to provide Federal Construction Assurances shall timely complete SF-424D, entitled "Assurances – Construction Programs," and Grantee shall maintain such documentation.

8.04 ASSIGNMENT AND SUBCONTRACTS

Grantee shall not convey any grant obligations or duties under this Contract without the prior written consent of the GLO. Notwithstanding this provision, it is mutually understood and agreed that Grantee may subcontract with others for some or all of the services to be performed. In any approved subcontracts, Grantee shall legally bind such subcontractor to perform and make such subcontractor subject to all the duties, requirements, and obligations of Grantee as specified in this Contract. Nothing in this Contract shall be construed to relieve Grantee of the responsibility for ensuring that the goods delivered and/or the services rendered by Grantee and/or any of its subcontractors comply with all the terms and provisions of this Contract.

8.05 PROCUREMENT

Grantee must follow all federal, state, and local procurement procedures and laws applicable to this Project, and must confirm that no vendor is debarred from receiving state or federal funds at each of the following web addresses:

Texas Comptroller's Vendor Performance Program:

http://www.window.state.tx.us/procurement/prog/vendor_performance;

and the Federal General Services Administration's Excluded Parties List System

at https://www.epls.gov/.

8.06 PURCHASES AND EQUIPMENT

Grantee shall not seek reimbursement for any Equipment or computer software not included as a reimbursable item in **Attachment B.** Any purchase of equipment or

computer software shall be made in accordance with all applicable laws, regulations, and rules including, but not limited to those listed in **Attachment C**. Title and possession of any Equipment or computer software will remain the property of Grantee unless and until transferred to the GLO, upon written request of the GLO. Grantee shall furnish, with its final request for reimbursement, a list of all Equipment and computer software purchased with grant funds under the Contract, including the name of the manufacturer, the model number, and the serial number. The disposition of any Equipment or computer software shall be in accordance with all applicable laws, regulations, and rules, including but not limited to those listed in **Attachment C**.

8.07 COMMUNICATION WITH THIRD PARTIES

The GLO and the authorities named in **ARTICLE 7**, above, shall have the right to initiate communications with any subcontractor, and may request access to any books, documents, papers, and records of a subcontractor which are directly pertinent to this grant. Such communications may be required to conduct audits and examinations and gather additional information as provided in **ARTICLE 7** herein.

8.08 RELATIONSHIP OF THE PARTIES

Grantee is associated with the GLO only for the purposes and to the extent specified in this Contract and, with respect to Grantee's performance pursuant to this Contract, Grantee shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Contract. Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create for the GLO any liability whatsoever with respect to the indebtedness, liabilities, and obligations of Grantee or any other party.

8.09 COMPLIANCE WITH OTHER LAWS

In the performance of this Contract, Grantee shall comply with all applicable federal, state, and local laws, ordinances, and regulations, including, but not limited to, those listed in **Attachments C, D, E, and F**. Grantee shall make itself familiar with and at all times shall observe and comply with all federal, state, and local laws, ordinances, and regulations that in any manner affect performance under this Contract. **Grantee will be deemed to have knowledge of these laws and regulations and be deemed to understand them.**

In addition, the GLO and Grantee mutually certify to that each party is in compliance with Notice of Allocations and Common Application and Reporting Waivers Granted to and Alternative Requirements for Community Development Block Grant (CDBG) Disaster Recovery Grantees Under 2008 Supplemental CDBG Appropriations 74 Fed. Reg. 7,244-7,255 (2009).

8.10 CITIZEN PARTICIPATION

(a) Grantee must have written procedures to respond to written complaints within fifteen (15) business days of receipt of such complaint. Citizens must be made aware of the location and the days and hours the location is open for business so they may obtain a copy of these written procedures.

(b) When requested, Grantee shall provide technical assistance to a representative of a group of persons of low- and moderate-income in developing proposals for the use of CDBG-DR funds. The level and type of assistance shall be determined by the Grantee based upon the specific needs of the community's residents.

(c) Grantee shall maintain a citizen participation file which includes a copy of the Plan Requirements described in the "2008 Supplemental Disaster Recovery Fund: Hurricanes Dolly and Ike Non-Housing Activities Application Guide;" Grantee's complaint procedures; any technical assistance provided by Grantee; and public notices, minutes, and attendance lists for public hearings, if any.

8.11 NOTICES

Any notices required under this Contract shall be deemed delivered when deposited either in the United States mail, postage paid, certified, return receipt requested; or with a common carrier, overnight, signature required, to the appropriate address below:

GLO
Texas General Land Office
1700 N. Congress Avenue, Mail Code 158
Austin, TX 78701
Attention: Legal Services Division

With a copy to:

Texas General Land Office
1700 N. Congress Avenue, 7th Floor
Austin, TX 78701
Attention: CDBG Disaster Recovery Division

Grantee
County of Hidalgo
1615 South Closner, Suite J
Edinburg, TX 78539
Attention: Judge Ramon Garcia

Notice given in any other manner shall be deemed effective only if and when received by the party to be notified. Either party may change its address for notice by written notice to the other party as herein provided.

8.12 GOVERNING LAW AND VENUE

This Contract and the rights and obligations of the parties hereto shall be governed by, and construed according to, the laws of the State of Texas, exclusive of conflicts of law provisions. Venue of any suit brought under this Contract shall be in a court of competent jurisdiction in Travis County, Texas. Grantee irrevocably waives any objection, including any objection to personal jurisdiction or the laying of venue or based on the grounds of *forum non conveniens*, which it may now or hereafter have to the bringing of any action or proceeding in such jurisdiction with respect to this Contract or any document related hereto. **NOTHING IN THIS SECTION SHALL BE CONSTRUED AS A WAIVER OF SOVEREIGN IMMUNITY BY THE GLO.**

8.13 SEVERABILITY

If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist, and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.

8.14 DISPUTE RESOLUTION

If a Contract dispute arises that cannot be resolved to the satisfaction of the Parties, either Party may notify the other Party in writing of the dispute. If the Parties are unable to satisfactorily resolve the dispute within fourteen (14) days of the written notification, the Parties must use the dispute resolution process provided for in Chapter 2260 of the Texas Government Code to attempt to resolve the dispute. This provision shall not apply to any matter with respect to which either Party may make a decision within its respective sole discretion.

8.15 PUBLIC INFORMATION

Pursuant to the Public Information Act, records received from Grantee may be open to public inspection and copying. The GLO will have the duty to disclose such records, unless a particular record is made confidential by law or exempted from the Public Information Act. Grantee may clearly label any individual records as a "trade secret," provided that Grantee, to the extent permitted by law, agrees to indemnify and defend the GLO for honoring such designation. The failure to so label any record shall constitute a complete waiver of any and all claims for damages caused by release of the records. If a request for a labeled record is received by the GLO, the GLO will notify Grantee of the request in accordance with the Public Information Act.

Grantee shall release, to any requestor, the following information:

The amount of CDBG-DR funds expected to be made available;

The range of activities that may be undertaken with CDBG-DR funds;

The estimated amount of CDBG-DR funds proposed to be used for activities that will meet the national objective of benefit to low- and moderate-income persons; and

The proposed CDBG-DR activities likely to result in displacement and the Grantee's anti-displacement and relocation plan.

8.16 SIGNAGE

Public buildings, facilities, and centers constructed with the CDBG-DR funds shall have permanent signage placed in a prominent, visible public area with wording provided below. The formatting of the required signage will be at Grantee's discretion to best fit the architectural design of the facility, but shall be legible from no less than three (3) feet.

Other construction projects, e.g., water transmission lines, sewer collection lines, drainage, roadways, housing rehabilitation, utilizing CDBG-DR funds, shall have temporary signage erected in a prominent location at the Project site or along a major thoroughfare within the locality, as directed by Grantee, with the wording provided below:

> "This project is funded by the Texas General Land Office to provide for disaster recovery and restoration of infrastructure for communities impacted by the 2008 hurricanes. Funds for the project were allocated by the United States Department of Housing and Urban Development through the Community Development Block Grant Disaster Recovery Program."

8.17 AMENDMENTS TO THE CONTRACT

Material changes to the Performance Statement and Implementation Schedule may be made only by written agreement of the parties, under the formal Contract amendment process. Material changes include, but are not limited to; monetary changes other than budget variances permitted under **SECTION 2.04**; the addition or deletion of projects or tasks; or any revision that would otherwise result in a change to the overall Performance Statement.

Notwithstanding the preceding, in the sole discretion of the GLO, extensions to Deliverable due dates within the overall Contract Period, and immaterial revisions to quantities and specifications used within the Project Performance Statement, which may be required during construction, may be approved by the GLO without formal amendment. **Such approvals must be in writing, and may be delivered by email, facsimile, or regular mail.**

Pursuant to **SECTIONS 2.04 AND 4.01(b)** hereof, a final **Project Completion Report** of all activities performed under this Contract shall be submitted and shall include all such informal revisions approved over the life of the Project.

8.18 ENTIRE CONTRACT AND MODIFICATIONS

This Contract and its integrated Attachments constitute the entire agreement of the parties and are intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Any additional or conflicting terms in such Attachment(s) shall be harmonized with this Contract to the extent possible. Unless such integrated Attachment specifically displays a mutual intent to amend a particular part of this Contract, general conflicts in language shall be construed consistently with the terms of this Contract.

8.19 PROPER AUTHORITY

Each Party hereto represents and warrants that the person executing this Contract on its behalf has full power and authority to legally bind its respective entity. Grantee acknowledges that this Contract is effective for the period of time specified in the Contract. Any work performed by Grantee after the Contract terminates is performed at the sole risk of Grantee.

8.20 COUNTERPARTS

This Contract may be executed in any number of counterparts, each of which shall be an original, and all such counterparts shall together constitute but one and the same Contract.

8.21 SURVIVAL

The provisions of **ARTICLES 5, 6, AND 7; AND SECTIONS 1.01, 1.03, 2.04, 2.05, 3.02, 3.04, 8.02, 8.03, 8.07, 8.08, 8.09, 8.10, 8.11, 8.13, 8.14, 8.15, 8.16, AND 8.17** of this Contract, and any other continuing obligations of Grantee shall survive the termination or expiration of this Contract.

Performance Statement

County of Hidalgo

Grantee shall carry out the following activities in the target area identified in its 2008 Texas CDBG Disaster Recovery Supplemental Grant application to aid areas most impacted and distressed by Hurricanes Ike or Dolly. The persons to benefit from the activities described in this Performance Statement must be receiving service or a benefit from the use of the new or improved facilities and activities for the contract obligations to be fulfilled. Grantee shall ensure that the amount of funds expended for each activity described does not exceed the amount specified for such activity in the budget.

As a result of Hurricane Dolly on July 23, 2008, the county sustained flooding that resulted in drainage infrastructure failure. The existing drainage system infrastructure failed to function because the current systems were unable to convey the volume of water generated during Hurricane Dolly. The failure of the drainage systems to function threatened the public health, safety, and welfare of all served by these facilities due to flooding. The County is in need of adequately-sized drainage infrastructure to reduce flooding.

Flood and Drainage Facilities-5

Penitas Drain

Grantee shall purchase and install approximately eight hundred twenty-five feet (825 ft.) of storm pipe (box and RCP) along with an associated outfall for the proposed system within the Colonias of Puerta Blanca, Daniel Ozuna, Reina, and Ramona. Work will include the installation of drainage inlets, manholes, driveway and pavement repairs, ditch excavation, concrete riprap, headwalls, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from Rodriguez Road to U.S. Expressway 83. Proposed improvements will significantly increase the capacity of the storm sewer system and reduce flooding.

These activities shall benefit six thousand two hundred eighty-three (6,283) persons, of which four thousand four (4,004), or sixty-three percent (63%), are of low to moderate income.

South Fork Drain

Grantee shall purchase and install drain check valves for existing outfall structures in the South Floodwater Channel and provide a new storm lateral to drain the South Fork Colonia and surrounding area. Work will include existing ditch clearing/grubbing, channel and trench excavation, riprap, installation of storm and irrigation pipe (box and RCP), headwalls, concrete weir, associated appurtenances, and perform site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from west Cage Boulevard to the USIBWC Floodway. Proposed improvements will increase the capacity of the drainage system and reduce flooding.

These activities shall benefit fourteen thousand six hundred twenty-five (14,625) persons, of which eleven thousand three hundred seventy-five (11,375), or seventy-seven percent (77%), are of low to moderate income.

Delta Area Connector and Lateral

Grantee shall construct new storm sewer collection systems, swales, culverts, and outfalls at Colonias Bernal Heights, Bar, Chapa North, Chapa South, Olivarez#10, Olivarez#4, Puesta del Sol, Sunrise Subdivision, Olivarez #7, Olivearez #9, Olivarez #18, Tijerina Estates, and Mesquite Acres. Work will include installation of box culverts, a gated box structure, concrete headwalls and weirs, irrigation pipes, and associated appurtenances. In addition, grantee shall clear and grub existing drainage system, excavate channel, install concrete riprap for erosion protection, and perform pavement repair and other site work associated with the construction. Construction shall take place in Hidalgo County, Texas, from Mile 12 ½ Road to the Hidalgo County Drainage District No. 1 Ditch. Proposed improvements will increase the capacity of the drainage system and reduce flooding.

These activities shall benefit sixty-four thousand six hundred ninety (64,690) persons, of which forty-four thousand three hundred twenty-one (44,321), or sixty-eight percent (68%), are of low to moderate income.

Acquisition-24

Grantee shall acquire easements as needed to accommodate proposed drainage system improvements. Grantee shall carry out all acquisition of needed real property, easements, and/or rights-of-way in compliance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*) and HUD implementing regulations (24 CFR Part 42).

Engineering-30

Grantee shall ensure the amount of the funds expended for all eligible project-related engineering services, including preliminary and final design plans and specifications, all interim and final inspections, and all special services, does not exceed the amount specified for engineering in the Budget.

Planning / Project Delivery-33

Grantee shall ensure the amount of the funds expended for all eligible project-related "planning / project delivery" administration activities, including the required annual program compliance and fiscal audit, does not exceed the amount specified for Planning / Project Delivery in the Budget.

Project Implementation Schedule

Grantee: Hidalgo County

Acquisition completion is after Bid Opening.

NONEXCLUSIVE LIST OF APPLICABLE LAWS, RULES, AND REGULATIONS

If applicable to the Project, Grantee must be in compliance with the following laws, rules, and regulations; and any other state, federal, or local laws, rules, and regulations as may become applicable throughout the term of the Contract, and Grantee acknowledges that this list may not include all such applicable laws, rules, and regulations.

Grantee and is deemed to have read and understands the requirements of each of the following, if applicable to the Project under this Contract:

GENERALLY

The Act and Regulations specified in **SECTION 1.03** of this Contract;

Consolidated Security, Disaster Assistance, and Continuing Appropriation Act (Public Law 110-329);

Cash Management Improvement Act regulations (31 C.F.R. Part 205);

Community Development Block Grants (24 C.F.R. Part 570);

Disaster Recovery Implementation Manual;

Plan for Disaster Recovery;

Guidance Documents: 2008 Supplemental Disaster Recovery Fund: Hurricanes Dolly and Ike; and Non-Housing Activities Application Guide, issued by the Texas Department of Housing and Community Affairs

CIVIL RIGHTS

Title VI of the Civil Rights Act of 1964, (42 U.S.C. § 2000d *et seq.*); 24 C.F.R. Part l, "Nondiscrimination in Federally Assisted Programs of the Department of Housing and Urban Development - Effectuation of Title VI of the Civil Rights Act of 1964;"

Title VII of the Civil Rights Act of 1964, as amended by the Equal Employment Opportunity Act of 1972 (42 U.S.C. § 2000e *et seq.*);

Title VIII of the Civil Rights Act of 1968, "The Fair Housing Act of 1968" (42 U.S.C. 3601 *et seq.*), as amended;

Executive Order 11063, as amended by Executive Order 12259, and 24 C. F.R. Part 107, "Nondiscrimination and Equal Opportunity in Housing under Executive Order 11063." The failure or refusal of Grantee to comply with the requirements of Executive Order 11063 or 24 C.F.R. Part 107 shall be a proper basis for the imposition of sanctions specified in 24 C.F.R. 107.60;

The Age Discrimination Act of 1975 (42 U.S.C. 6101 *et seq.*);

Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794.) and "Nondiscrimination Based on Handicap in Federally-Assisted Programs and Activities of the Department of Housing and Urban Development", 24 C.F.R. Part 8. By signing this Contract, Grantee understands and agrees that the activities funded shall be performed in accordance with 24 C.F.R. Part 8; and the Architectural Barriers Act of 1968 (42 U.S.C. 4151 et seq.), including the use of a telecommunications device for deaf persons (TDDs) or equally effective communication system.

LABOR STANDARDS

The Davis-Bacon Act, as amended (40 U.S.C. 276a - 276a-5): 29 C.F.R. Part 5;

The Copeland "Anti-Kickback" Act (18 U.S.C. 874): 41 C.F.R. Part 3;

Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. § 327A and 330);

Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction (Also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act) (29 C.F.R. Part 5);

Federal Executive Order 11246, as amended;

EMPLOYMENT OPPORTUNITIES

Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C.1701u): 24 C.F.R. §§ 135.3(a)(2) and (a)(3);

The Vietnam Era Veterans' Readjustment Assistance Act of 1974 (38 U.S.C. § 4212);

Title IX of the Education Amendments of 1972 (20 U.S.C. §§ 1681-1688);

GRANT AND AUDIT STANDARDS

Single Audit Act Amendments of 1996, 31 U.S.C. § 7501;

Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-profit Organizations (24 C.F.R. Part 84);

Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments (24 C.F.R. Part 85);

OMB Circular A-87 (Cost Principles for State, Local, and Indian Tribal Governments);

OMB Circular A-133 – Revised as of June 27, 2007 (Audits of States, Local Governments, and Non-Profit Organizations);

Uniform Grant and Contract Management Act (Texas Government Code Chapter 783) and the Uniform Grant Management Standards issued by Governor's Office of Budget and Planning;

Title 1 Texas Administrative Code § 5.167(c);

LEAD-BASED PAINT

Section 302 of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4831(b)) and the procedures established by TDRA thereunder;

HISTORIC PROPERTIES

The National Historic Preservation Act of 1966 as amended (16 U.S.C. 470 *et seq.*), particularly sections 106 and 110 (16 U.S.C. 470 and 470h-2), except as provided in §58.17 for Section 17 projects;

Executive Order 11593, Protection and Enhancement of the Cultural Environment, May 13, 1971 (36 FR 8921), 3 C.F.R. 1971-1975 Comp., p. 559, particularly section 2(c);

Federal historic preservation regulations as follows: 36 C.F.R. part 800 with respect to HUD programs;

The Reservoir Salvage Act of 1960 as amended by the Archeological and Historic Preservation Act of 1974 (16 U.S.C. 469 *et seq.)*, particularly section 3 (16 U.S.C. 469a-1);

ENVIRONMENTAL LAW AND AUTHORITIES

Environmental Review Procedures for Recipients assuming HUD Environmental Responsibilities (24 C.F.R. Part 58, as amended);

National Environmental Policy Act of 1969, as amended (42 U.S.C. §§ 4321-4347);

Council for Environmental Quality Regulations for Implementing NEPA (40 C.F.R. Parts 1500-1508).

FLOODPLAIN MANAGEMENT AND WETLAND PROTECTION

Executive Order 11988, Floodplain Management, May 24, 1977 (42 FR 26951), 3 CFR, 1977 Comp., p. 117, as interpreted in HUD regulations at 24 C.F.R. part 55, particularly Section 2(a) of the Order (For an explanation of the relationship between the decision-making process in 24 C.F.R. part 55 and this part, see § 55.10.);

Executive Order 11990, Protection of Wetlands, May 24,1977 (42 FR 26961), 3 C.F.R., 1977 Comp., p. 121 particularly Sections 2 and 5;

COASTAL ZONE MANAGEMENT

The Coastal Zone Management Act of 1972 (16 U.S.C. 1451 *et seq.*), as amended, particularly sections 307(c) and (d) (16 U.S.C. 1456(c) and (d));

SOLE SOURCE AQUIFERS

The Safe Drinking Water Act of 1974 (42 U.S.C. 201, 300(f) *et seq.*, and 21 U.S.C. 349) as amended; particularly section 1424(e)(42 U.S.C. 300h-3(e);

Sole Source Aquifers (Environmental Protection Agency-40 C.F.R. part 149.);

ENDANGERED SPECIES

The Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*) as amended, particularly section 7 (16 U.S.C. 1536);

WILD AND SCENIC RIVERS

The Wild and Scenic Rivers Act of 1968 (16 U.S.C. 1271 *et seq.*) as amended, particularly sections 7(b) and (c) (16 U.S.C. 1278(b) and (c);

AIR QUALITY

The Clean Air Act (42 U.S.C. 7401 *et seq.*) as amended, particularly sections 176(c) and (d) (42 U.S.C. 7506(c) and (d);

Determining Conformity of Federal Actions to State or Federal Implementation Plans (Environmental Protection Agency-40 C.F.R. parts 6, 51, and 93);

FARMLAND PROTECTION

Farmland Protection Policy Act of 1981 (7 U.S.C. 4201 *et seq.*) particularly sections 1540(b) and 1541 (7 U.S.C. 4201(b) and 4202);

Farmland Protection Policy (Department of Agriculture-7 C.F.R. part 658);

HUD ENVIRONMENTAL STANDARDS

Applicable criteria and standards specified in HUD environmental regulations (24 C.F.R. part 51)(other than the runway clear zone and clear zone notification requirement in 24 C.F.R. 51.303(a)(3); and

HUD Notice 79-33, Policy Guidance to Address the Problems Posed by Toxic Chemicals and Radioactive Materials, September 10, 1979).

ENVIRONMENTAL JUSTICE

Executive Order 12898 of February 11, 1994 --- Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, (59 FR 7629), 3 CFR, 1994 Comp. p. 859.

OTHER REQUIREMENTS

Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities (24 C.F.R. Part 58);

ACQUISITION / RELOCATION

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*), 24 C.F.R. Part 42, and 24 C.F.R. Section 570.606.

FAITH-BASED ACTIVITIES

Executive Order 13279 of December 12, 2002 - Equal Protection of the Laws for Faith-Based and Community Organizations, (67 FR 77141).

REMAINDER OF PAGE INTENTIONALLY LEFT BLANK

GENERAL AFFIRMATIONS

Grantee agrees without exception to the following affirmations:

1. The Grantee has not given, offered to give, nor intends to give at anytime hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract.

2. Pursuant to Title 10, Section 2155.004 of the Texas Government Code, the Grantee has not received compensation from the GLO for preparing any part of this Contract.

3. Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate. Any Grantee subject to this section must include names and Social Security numbers of each person with at least twenty-five percent (25%) ownership in the business entity named in this Contract. This information must be provided prior to execution of any offer.

4. Grantee certifies that the individual or business entity named in this Contract: i) has not been subjected to suspension, debarment, or similar ineligibility to receive the specified contract as determined by any federal, state, or local governmental entity; ii) is in compliance with the State of Texas statutes and rules relating to procurement; and iii) is not listed on the federal government's terrorism watch list as described in executive order 13224. Entities ineligible for federal procurement are listed at http://www.epls.gov. Grantee acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.

5. Grantee agrees that any payments due under this Contract will be applied towards any debt, including, but not limited to, delinquent taxes and child support that is owed to the State of Texas.

6. Grantee certifies that they are in compliance with Texas Government Code, Title 6, Subtitle B, Section 669.003, relating to contracting with the executive head of a state agency. If this section applies, Grantee will complete the following information in order for the bid to be evaluated:

   Name of Former Executive: _____
   Name of State Agency: _____
   Date of Separation from State Agency: _____
   Position with Grantee: _____
   Date of Employment with Grantee: _____

7. Grantee agrees to comply with Texas Government Code, Title 10, Subtitle D, Section 2155.4441, relating to the purchase of products produced in the State of Texas under service contracts.

8. Grantee understands that acceptance of funds under this Contract acts as acceptance of the authority of the State Auditor's Office, or any successor agency, to conduct an audit or investigation in connection with those funds. Grantee further agrees to cooperate fully with the State Auditor's Office, or its successor, in conducting the audit or investigation, including providing all records requested. Grantee will ensure that this clause is included in any subcontract it awards.

9. Grantee certifies that if it employs any former employee of the GLO, such employee will perform no work in connection with this Contract during the twelve (12) month period immediately following the employee's last date of employment at the GLO.

10. The Grantee shall not discriminate against any employee or applicant for employment because of race, disability, color, religion, sex, age, or national origin. The Grantee shall take affirmative action to ensure that applicants are employed and that employees are treated without regard to their race, color, sex, religion, age, disability, or national origin. Such action shall include, but is not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Grantee agrees to post notices, which set forth the provisions of this non-discrimination article, in conspicuous places available to employees or applicants for employment. The Grantee shall include the above provisions in all subcontracts pertaining to the work.

11. Grantee understands that the GLO does not tolerate any type of fraud. The agency's policy is to promote consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Any violations of law, agency policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. Grantees are expected to report any possible fraudulent or dishonest acts, waste, or abuse affecting any transaction with the GLO to the GLO's Internal Audit Director at 512.463.5338 or tracey.hall@glo.state.tx.us

12. Grantee must take steps to avoid or mitigate occurrences of fraud, abuse, and mismanagement, especially with respect to the financial management of the Contract and pronouncements made under this Contract, whether so directed by the GLO or at Grantee's initiative. Upon discovery of any alleged or suspected fraud, abuse of power, kickbacks, the embezzlement or loss of funds under this Contract, or the theft of any assets provided for under this Contract, the Grantee immediately shall notify the GLO and appropriate law enforcement authorities and cooperate in any investigation and enforcement action that follows.

NOTE: **Information, documentation, and other material in connection with this Contract may be subject to public disclosure pursuant to the "Public Information Act," Chapter 552 of the Texas Government Code.**

OMB Approval No. 0348-0040

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

U.S. DEPARTMENT OF COMMERCE

FORM CD-512
(REV 12-04)

CERTIFICATION REGARDING LOBBYING
LOWER TIER COVERED TRANSACTIONS

Applicants should review the instructions for certification included in the regulations before completing this form. Signature on this form provides for compliance with certification requirements under 15 CFR Part 28, "New Restrictions on Lobbying."

LOBBYING

As required by Section 1352, Title 31 of the U.S. Code, and implemented at 15 CFR Part 28, for persons entering into a grant, cooperative agreement or contract over $100,000 or a loan or loan guarantee over $150,000 as defined at 15 CFR Part 28, Sections 28.105 and 28.110, the applicant certifies that to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure occurring on or before October 23, 1996, and of not less than $11,000 and not more than $110,000 for each such failure occurring after October 23, 1996.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

In any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure occurring on or before October 23, 1996, and of not less than $11,000 and not more than $110,000 for each such failure occurring after October 23, 1996.

As the duly authorized representative of the applicant, I hereby certify that the applicant will comply with the above applicable certification.

THIS FORM SHOULD BE EXECUTED ONLY WHEN REPORTING LOBBYING ACTIVITIES UNDERTAKEN WITH GRANT FUNDS

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.

2. Identify the status of the covered Federal action.

3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.

4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.

5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.

6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.

7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.

8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."

9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.

10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.

    (b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).

11. The certifying official shall sign and date the form, print his/her name, title, and telephone number.

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a valid OMB Control Number. The valid OMB control number for this information collection is OMB No. 0348-0046. Public reporting burden for this collection of information is estimated to average 10 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0046), Washington, DC 20503.

SPECIAL CONDITIONS

IF APPLICABLE TO THE PROJECT, GRANTEE MUST BE IN COMPLIANCE WITH THE FOLLOWING SPECIAL CONDITIONS AND ANY OTHER STATE, FEDERAL, OR LOCAL LAWS, RULES, AND REGULATIONS AS MAY BE APPLICABLE, THROUGHOUT THE TERM OF THE CONTRACT, PRIOR TO THE RELEASE OF ANY GRANT FUNDS FOR THE PROJECTS ANTICIPATED.

GRANTEE AND IS DEEMED TO HAVE READ AND TO UNDERSTAND THE REQUIREMENTS OF EACH OF THE FOLLOWING, IF APPLICABLE TO THE PROJECT UNDER THIS CONTRACT:

A. REIMBURSEMENT, GENERALLY

As provided for in Public Law 110-329, the Contract funds may not be used for activities that are eligible to be reimbursed by, or for which funds are made available by, (a) the Federal Emergency Management Agency (FEMA); (b) the Army Corps of Engineers (Corps); (c) any other federal funding source; or (d) covered by insurance, and Grantee shall ensure compliance with all such requirements.

B. NATIONAL FLOOD INSURANCE PROGRAM COMPLIANCE

(1) Grantee must provide documentation which indicates that it has received approval from the Texas Water Development Board (TWDB), the National Flood Insurance Program (NFIP) State Coordinating Agency, that appropriate ordinances or orders necessary for Grantee to be eligible to participate in the NFIP have been adopted.

(2) Where activities specified in Attachment A, Performance Statement, involve structures that are located in Special Flood Hazard Areas (SFHA), flood insurance may be required, and Grantee shall obtain such insurance, and shall maintain documentation evidencing compliance with such requirements.

(3) Grantee acknowledges and agrees that if any property that is the subject of a Project under this Contract located within a floodplain, that the following terms and conditions shall apply:

a. Under the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001–4128), Federal financial assistance for acquisition and construction purposes (including rehabilitation) may not be used in an area identified by the Federal Emergency Management Act (FEMA) as having special flood hazards, unless:

i. The community in which the area is situated is participating in the National Flood Insurance Program ("NFIP") (44 CFR parts 59 through 79), or less than one (1) year has passed since the FEMA notification regarding such hazards; and

ii. The community is participating in the NFIP, or that flood insurance protection is to be obtained as a condition of the approval of financial assistance to the property owner.

b. Where the community is participating in the NFIP and the recipient provides financial assistance for acquisition or construction purposes (including rehabilitation) for property located in an area identified by FEMA as having special flood hazards, Grantee is responsible for ensuring that flood insurance under the NFIP is obtained and maintained.

c. Under Section 582 of the National Flood Insurance Reform Act of 1994, 42 U.S.C. 515a, HUD disaster assistance that is made available in a special flood hazard area may not be used to make a payment (including any loan assistance payment) to a person for repair, or replacement or restoration for flood damage to any personal, residential, or commercial property if:

i. The person had previously received Federal flood disaster assistance conditioned on obtaining and maintaining flood insurance; and

ii. The person failed to obtain and maintain flood insurance.

d. Grantee understands and agrees that it has a responsibility to inform homeowners receiving disaster assistance that triggers the flood insurance purchase requirement of their statutory responsibility to notify any transferee of the requirement to obtain and maintain flood insurance, and that the transferring owner may be liable if he or she fails to do so.

C. PROJECT MAPPING/DESIGN INFORMATION

For construction projects, Grantee shall require and maintain copies in written and/or digital format, of final Project record drawing(s) and engineering schematics, as constructed.

D. WATER SYSTEM IMPROVEMENTS

(1) Prior to the GLO's release of funds for the construction of any water system improvements, Grantee shall provide certification to the GLO that plans, specifications, and related documents for the specified water system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the applicable Texas Commission on Environmental Quality (TCEQ) review requirements described in Title 30 of the Texas Administrative Code.

(2) Prior to construction, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or the equivalent permit or authority for the area to be served has been issued by the TCEQ.

(3) Prior to Grantee submission of the Project Completion Report for any water system improvements described in Attachment A, Grantee shall provide a letter from the TCEQ that the constructed well is approved for interim use and may be temporarily placed into service pursuant to 30 Texas Administrative Code, Chapter 290 – Rules and Regulations for Public Water Systems.

E. SEWER SYSTEM IMPROVEMENTS

Prior to the construction of any sewer system improvements described , Grantee shall provide certification that plans, specifications, and related documents for the specified sewer system improvements have been prepared by the engineer selected for such activities, or the engineer's duly authorized representative, and that the review of such plans, specifications, and related documents meet the TCEQ review requirements described in 30 Texas Administrative Code, Chapter 217, Subchapter D.

Further, prior to the construction of any sewer lines or additional service connections described in Attachment A, Grantee shall provide notification of the start of construction on any sewer treatment plant of other system-related improvements included in this Contract.

F. WASTEWATER TREATMENT CONSTRUCTION

Prior to incurring costs for any wastewater treatment construction in Attachment A, Grantee shall provide documentation of an approved permit or amendment(s) to an existing permit for such activities from the TCEQ's Water Quality Division.
In addition, Grantee shall provide documentation to the GLO that an approved new or amended Certificate of Convenience and Necessity (CCN), or equivalent permit or authority for the area to be served has been issued by the TCEQ.

G. SEPTIC SYSTEM IMPROVEMENTS

(1) Grantee shall provide documentation that final plans, specifications, and installation of its septic system improvements have been reviewed and approved by the City or County Health Department through authority granted by the TCEQ.

(2) Grantee shall mitigate all existing septic systems in accordance with 30 Texas Administrative Code Chapter 285, Subchapter D, §285.36(b), which states, "All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall have the wastewater removed by a waste transporter, holding a current registration with the executive director. All tanks, boreholes, cesspools, seepage pits, holding tanks, and pump tanks shall be filled to ground level with fill material (less than three inches in diameter), which is free of organic and construction debris."

(3) Prior to the selection of program recipients for proposed On-Site Sewer Facilities (OSSF), Grantee shall provide a copy of its proposed program guidelines for GLO review . All proposed OSSF programs must meet or exceed guidelines set forth in 30 Texas Administrative Code Chapter 285 Subchapter D.

H. BUILDING CONSTRUCTION

Grantee shall provide documentation that the construction of a new building and facilities are in compliance with the Texas Accessibility Standards (TAS) of the Architectural Barriers Act, Chapter 469, Texas Government Code, and the Texas Department of Licensing and Regulation (TDLR) Architectural Barriers Administrative Rules, 16 Texas Administrative Code, Part 4, Chapter 68. If the estimated construction costs exceed Fifty Thousand Dollars ($50,000.00), Construction Documents must be submitted to the Texas Department of Licensing and Regulation (TDLR) for an accessibility plan review.

I. BRIDGE CONSTRUCTION/REHABILITATION

Grantee shall use the minimum design requirements of the Texas Department of Transportation (TxDOT) for bridge construction/rehabilitation. Final plans and specifications must be submitted to TxDOT for review and approval prior to the start of construction, and documentation of such approval must be provided to the GLO.

J. DISASTER SHELTERS

Grantee shall ensure that the primary purpose of the facility, as described in **Attachment A,** is to serve as a disaster shelter, and shall ensure the facility is operated at all times in a manner that ensures that the

priority use is to serve as a disaster shelter regardless of any other scheduled uses or commitments that existed at the time of the disaster or emergency situation. In addition Grantee shall prepare or be incorporated into an approved emergency management plan, as prescribed by the Governor's Division of Emergency Management, identifying the shelter as a facility that provides short-term lodging for evacuees during and immediately after an emergency situation. Grantee shall submit a copy of Grantee's Emergency Management Plan Annex for Shelter and Mass Care to the GLO.

K. DEBRIS REMOVAL

Grantee shall ensure that any debris to be removed consists primarily of vegetation, construction and demolition materials from damaged or destroyed structures, and personal property. Only debris identified as the responsibility of the local jurisdiction will be eligible for the reimbursement of cost of removal.

Prior to beginning debris collection operations, Grantee shall address all pertinent environmental concerns, adhere to all applicable regulations, and obtain all required permits. Further, Grantee shall adhere to the methods described herein for the collection and storage of debris prior to proper disposal.

While construction and demolition debris may be collected and disposed of at an appropriately rated landfill, woody and/or vegetative debris must be stored prior to disposal by use of temporary debris storage and reduction sites (TDSR). Grantee will prepare and operate the TDSR sites, or local jurisdictions choosing to conduct their own debris operations may review Chapter 7 of the FEMA Debris Management Guide regarding the use of TDSR sites. This document may be obtained at http://www.fema.gov/pdf/government/grant/pa/demagde.pdf.

In order to maintain the life expectancy of landfills, Grantees disposing of woody and/or vegetative debris must choose burning, chipping, or grinding as the method of disposal. Any project disposing of woody and/or vegetative debris must be approved in writing by the GLO.

L. USE OF BONDS

Grantee must notify the GLO of its issuance and sale of bonds for completion of the project funded under this Contract.

M. HOUSING REHABILITATION ASSISTANCE PROGRAM GUIDELINES

Prior to the selection of program recipients, Grantee shall provide a copy of its proposed housing rehabilitation assistance program guidelines for GLO review and approval. The guidelines must include provisions for compliance with the Federal Fire Prevention and Control Act of 1974 (which requires that any housing unit rehabilitated with grant funds be protected by a hard-wired or battery-operated smoke detector) and provisions for compliance with 24 CFR 35 (HUD lead-based paint regulation).

HOUSING REHABILITATION OR RECONSTRUCTION ASSISTANCE:

(1) The housing rehabilitation or reconstruction assistance provided by Grantee shall be in the form of a five-year deferred payment loan (DPL), at zero interest. Provided all terms and conditions under which the assistance was provided continue to be fulfilled, the DPL will be forgiven at a rate of 20 percent per year, effective on the anniversary date of completion of the Project, evidenced by the date of the Certificate of Final Completion or Final Completion Form.

(2) The full amount of the assistance provided shall be secured by a fully executed promissory note and Deed of Trust (DOT) filed against the property and recorded in the land records of each applicable county. The DPL may be in a first position (no existing indebtedness) or in a second position, subject or inferior only to an existing first mortgage.

(3) If the homeowner occupies the home for the full five-year term, the note expires and no repayment is required, nor will any conditions be imposed relative to the disposition of the property. If any of the terms and conditions under which the assistance was provided are breached or if the property is sold, leased, transferred or vacated by the homeowner for any consecutive thirty (30) day period during the five-year lien term, the repayment provisions of the promissory note and DOT shall be enforced.

(4) If, during the five-year lien term, the homeowner vacates the unit for any consecutive thirty (30) day period, the locality may forgive, as evidenced by city council or commissioner court action, the remaining loan balance. Prior to forgiveness of all or any portion of the assistance provided, the request for forgiveness must be approved by the local governing body and be based on documented and justifiable conditions or circumstances that would result in an unnecessary hardship to the homeowner and the determination that the national objective of benefiting low to moderate-income persons was met.

(5) The national objective will be considered met only when the city council or county commissioners court determines that a low to moderate-income person has occupied the rehabilitated or reconstructed home for a time sufficient to meet the national objective. Grantee is liable for repayment of an amount equal to the difference in the appraised value of the home prior to reconstruction and the sales price when the home is sold during the term of the five-year forgivable loan, if the national objective was not achieved.

(6) If the property is sold or transferred to a person other than an eligible LMI person, the remaining pro-rated balance of the DPL must be repaid by the Grantee from the sales proceeds. Notwithstanding the preceding, Grantee shall be held liable for any balance remaining over and above the sales proceeds. In all instances, upon completion of the five-year occupancy or repayment of the assistance (in full or in part), the Grantee shall prepare and record a release of lien document in the land records of the applicable county.

(7) In instances where another occupant proposes to occupy a previously assisted unit, the locality must document that the new applicant is income eligible and has been informed of the terms and conditions under which the assistance is being provided. The new homeowner(s) must acknowledge, in writing, that they have been informed of these terms and conditions and that they are subject to all of the provisions for the full remaining term of the DPL.

N. COASTAL MANAGEMENT

Grantee acknowledges and agrees that any Project that may impact a Coastal Natural Resource Area must be consistent with the goals and policies of the Texas Coastal Management Program as described in 31 Texas Administrative Code, Part 16, Chapter 501.

MEMORANDUM

TEXAS GENERAL LAND OFFICE • GEORGE P. BUSH • COMMISSIONER

DATE:	November 17, 2015
TO:	Javier Perez, Director of Program Oversight, Disaster Recovery Program
FROM:	Tyler Payne, 512-475-5049, Disaster Recovery
DR CONTRACT:	DRS210068
GLO CONTRACT:	GLO#12-406-000-6453
COMMUNITY NAME:	County of Hidalgo
PURPOSE:	Round 2.1 Amendment No. 1

RUSH Reason:
Several Round 2.1 projects are in construction, and the Grantee cannot be in the position of not accessing grant funds in year 2016 because the Round 2.1 grant is expired

EXECUTIVE SUMMARY:
Grant funds in the amount of $1,543,934.11 are being transferred from Hidalgo County Round 2.2 Grant to the Round 2.1 Grant. Hidalgo County's Round 2.1 grant is also being extended to December 31,2018, due to projects' schedules reaching into year 2017. Consequently Round 2.1 grant funds are being moved to self-performing grant administration activity to oversee and close-out the remaining active projects. Construction budgets of projects known as East Lateral Phase 1, Penitas Drain and South Fork Drain are being supplemented with grant funds and increased local funds contributions to address overages, and additional and grantee-retained environmental funds are being allocated to the Penitas Drain project for a Phase 2 ESA.

DESCRIPTION / JUSTIFICATON
This Amendment requires the following:

- **Performance Statement:** Performance Statement has been changed.
- **Implementation Schedule:** The Implementation Schedule has been changed.
- **Contract Term Dates:** The Contract Term dates shall be revised to reflect a Contract End Date of December 31, 2018. The Grantee's current contract began on April 12, 2012 and ends on December 31, 2015.

AI-52454 **Urban County** **14. J.**

CC - REGULAR

Meeting Date: 12/15/2015

Submitted For: Diana Serna, URBAN COUNTY

Submitted By: Sandra Regalado, URBAN COUNTY

Department: URBAN COUNTY

Information

CAPTION

Urban County Program on behalf of the City of Progreso is requesting authority to purchase playground equipment for the Progreso City Park. Purchase will be made from APC Play, an authorized dealer under American Parks Company (contract # 423-13), an approved vendor through Hidalgo County's membership and participation with the State of Texas Buy Board. The total amount of purchase including shipping and installation is $29,995.50 (quote attached) funded thru UCP FY 28 (2015) Progreso – Park, Recreational Facilities funds.

BACKGROUND

The playground equipment purchased will be utilized at the Progreso City Park. See attached quote.

Vendor: American Parks Company
Purchase Amount: $29,999.50

Funds Available: $30,000.00 FY 28 (2015) Park, Recreational Facilities

Items to Note & Special Instructions

Product normally ships within 3-4 weeks from when your order is processed. Price EXCLUDES: sitework, underground line location, permits, lift gates & impact fees. Site must be clear, level and accessible at time of installation. If rock, concrete or any obstacle is found during installation, additional charges may apply. Customer is responsible for any taxes that may apply. Specific vendor registration and/or insurance requirements may result in additional fees. If order is cancelled a 25% restocking fee may be assessed.

I APPROVE THIS PROJECT. LETS GET STARTED!

Approval and acceptance of this proposal may be executed by signing below and faxing or emailing back to the contact information listed above. Unless prior arrangements are approved, payment for equipment is due in full upon receipt of invoice. Installation charges are due after installation has been completed. By signing below, you agree to the terms and conditions found here: https://apcplay.com/terms-conditions/.

Details

The **Walnut Ridge** commercial play structure from **APCPLAY** has it all! For kids with tons of energy to burn, upper body fitness is the focus of this playground. With a Chain Climbing Wall, 90° Tri-Rung Horizontal Ladder overhead climber, Deep Rung Arch Climber, 10' Track Ride, Fireman's Pole, and vertical ladder will have your children improving their health every time they step out to play.

But fitness isn't the only benefit to be had while enjoying the **Walnut Ridge** playground. Four slides provide plenty of fun for an all-around play experience. There are two Wave Slides at different heights for a unique ride to the bottom depending on your children's comfort level. Kids also love to race side-by-side on the Triple Rail Slide.

The commercial playground equipment features:

- A child capacity of up to 26 kids aged 5 to 12 years old.
- A Triple Rail Slide for racing side-by-side.
- 2 Wave Slides.
- A Deep Rung Arch Climber.
- A Chain Climbing Wall.
- 90° Tri-Rung Horizontal Ladder.
- 10' Track Ride for zipping to and fro.
- A fun Fireman's Pole for a quick trip to the bottom.
- 3.5"O.D. steel posts are constructed from 12 gauge galvanized steel and are backed by an industry-leading lifetime limited warranty.
- Steel components are powder coated with a high gloss finish for longevity.
- UV stabilized rotationally molded plastic components are backed by a 15 year limited warranty.
- 15 year limited warranty on plastisol coated punched steel decks.
- ADA Accessible by transfer station and hand hold for children with special needs.
- Select from a number of custom color options for steel and plastic components to create your own unique look.

DESCRIPTION SUGGESTED ITEMS

Details
CALL FOR PRICING: 1-888-401-6446

This product is manufactured from engineered, non-toxic, crushed wood fiber (comprised of softwoods or hardwoods), consisting of randomly sized wood fibers, the majority of which do not exceed 1.5"-3" in length, containing 10%-20% fine pieces to aid in compaction. (It is generally understood that the manufacturing process allows a few oversized pieces.)

Once the newly installed product has settled, it forms a "knitted" or compacted layer that will support a wheelchair, crutches, walkers, etc. It does not utilize any wood containing paint, chemicals or additives. The product has minimal bark and is free of twigs, leaf debris and other organic materials.

Wood fiber can be installed by volunteer labor, as well as by an installer. It gives your playground an attractive, natural look.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioners' court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the Texas Secretary of State. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

AMOUNT	PURPOSE
$ 697,920.25	HAVA Program Income

James D. Bethke
Executive Director
Texas Indigent Defense Commission
209 W. 14th St, Room 202
Austin, TX 78701

Dear Mr. Bethke:

We send this letter to express our interest in Hidalgo County's participation in the Regional Public Defender Office for Capital Cases (RPDO). We understand the legislature allocated $500,000.00 over the FY16/17 biennium to partially fund a capital public defender program in Hidalgo and Cameron Counties. We further understand that Cameron County has elected not to participate in the program. After consideration of the RPDO proposal to open a satellite office to provide representation to indigent defendants charged with capital murder, Hidalgo County is contemplating a partnership with Lubbock County to open an office in our jurisdiction and establish the terms of the services to be provided by the RPDO.

We understand implementation of the RPDO program in Hidalgo County will affect our district courts. District Judges in Hidalgo County have met with the Chief Defender of the RPDO, Mr. Jack Stoffregen, and have agreed to participate in the program. The district judges will appoint the RPDO to represent indigent defendants in capital murder cases according to the procedures and caseload limits established for the office in an inter-local agreement.

Funding at this time, however, is an area of concern. It is our understanding that approximately $400,000.00 of local funding would be needed annually to allow Hidalgo County to establish this new office. Unfortunately, our current financial situation makes it challenging to identify that funding within our 2016 Budget. Thus, we would greatly appreciate it if you could guide us with information about any funding or grant opportunities that could assist us with this cost.

We thank you for your consideration and look forward to new partnerships with the Texas Indigent Defense Commission and Lubbock County that will result in effective representation for capital murder charged defendants in Hidalgo County.

Sincerely,

Ramon Garcia
Hidalgo County Judge

Roberto "Bobby" Flores
Presiding Judge, 139th District Court
Local Administrative District Judge, Hidalgo County

Texas Commission on Environmental Quality

Water Quality Division – Wastewater Permitting Section

Domestic Wastewater Permit Application

Purpose

The purpose of this application is to allow public and private owners of domestic wastewater treatment plants and surface water treatment plants to apply for a permit to discharge and dispose of domestic wastewater.

Objectives

These instructions will answer the following questions.

- Who shall complete and submit an application?
- When must the completed application be submitted?
- How do I complete the application?
- How do I get more information and assistance in completing the application?

Definitions

Numeric

2-Hour Peak Flow – The maximum flow sustained for a two-hour period during the period of daily discharge.

303(d)-List - A list of water bodies identified as impaired or threatened in accordance with the *Federal Clean Water Act Section 303(d).*

A-B

Act of God - If a person can establish that an event that would otherwise be a violation of a permit, an order, the rules adopted by the Commission, or the Texas Water Code was caused solely by an act of God, war, strike, riot, or other catastrophe, the event is not a violation of that permit, order, rule, or statute.

Annual Average Flow - The arithmetic average of all daily flow determinations taken within the preceding 12 consecutive calendar months.

Biochemical Oxygen Demand (5-day) - The amount of dissolved oxygen consumed in five days by biological processes breaking down organic matter.

C

Categorical Industrial User (CIU) - An industrial user that is subject to Categorical Pretreatment Standards according to *40 CFR §403.6* and *40 CFR Chapter I, Subchapter N, §405 - 471*, which are technology-based standards developed by EPA setting industry-specific effluent limits. (A list of industrial categories subject to Categorical Pretreatment Standards is included in Worksheet 1.0.)

Classified Waters - Water bodies classified as segments with specific uses and criteria in *Appendix A or D of 30 TAC §307.10* or the Texas Surface Water Quality Standards.

Class I Sludge Management Facility - Any publicly owned treatment works (POTW) identified under *40 CFR §403.10(a)* as being required to have an approved pretreatment program and any other treatment works treating domestic sewage classified as a Class I sludge management facility by the regional administrator in conjunction with the executive director because of the potential for its sludge use or disposal practices to adversely affect public health and the environment.

Commercial User - Industrial Users who are not considered to be a significant single source of toxics because of their small size, generally low flow and insignificant pollutant levels or loadings, including but not limited to, radiator shops, car washes, small laundries, gasoline stations, dry cleaners and restaurants.

Commission - The Texas Commission on Environmental Quality

Composite Sample - A sample made up of a minimum of three effluent portions or as specified in *30 TAC §319.9* collected in a continuous 24-hour period or during the period of daily discharge if less than 24 hours, and combined in volumes proportional to flow, and collected no closer than two hours apart. For purposes of the TPDES Pretreatment Program, a composite sample is defined in *40 CFR §403, Appendix E.*

Continuous Discharge - A "discharge" which occurs without interruption throughout the operating hours of the facility, except for infrequent shutdowns for maintenance, process changes, or other similar activities.

Crop - Proposed permanent plant cover on the application site

D

Daily Average Concentration - The arithmetic average of all effluent samples, composite or grab as required by a permit, within a period of one calendar month, consisting of at least four separate representative measurements.

Daily Average Flow - The arithmetic average of all determinations of the daily discharge within a period of one calendar month. The daily average flow determination shall consist of determinations made on at least four separate days. If instantaneous measurements are used to determine the daily discharge, the determination shall be the average of all instantaneous measurements taken during a 24-hour period or during the period of daily discharge if less than 24 hours. Daily average flow determination for intermittent discharges shall consist of a minimum of three flow determinations on days of discharge.

Design Flow - The wet weather maximum 30-day average flow of wastewater.

Disinfection - A chemical or physical process that kills pathogenic organisms in water.

Discharge Monitoring Report - The EPA uniform national form, including any subsequent additions, revisions, or modifications for the reporting of self-monitoring results by permittees. Permittees with TPDES permits are required to submit this form. Monitoring results must be reported on an approved TPDES self-report form, DMR Form EPA No. 3320-1, signed and certified.

Disposal - The disposal, deposit, injection, dumping, spilling, leaking, or placing of any solid, liquid, or hazardous waste into or on any land or water so that such waste or any constituent thereof may enter the environment or be emitted into the air or discharged into any waters, including groundwater.

Domestic sewage - Waste and wastewater from humans or household operations that is discharged to a wastewater collection system or otherwise enters a treatment works.

E

Effluent - Wastewater, treated or untreated, that flows out of a treatment plant sewer.

Effluent Limitations - Restrictions established by the TCEQ or EPA on quantities, rates, and concentrations in wastewater discharges.

Executive Director - The Executive Director of the Texas Commission on Environmental Quality or his/her designee.

Existing Facility - Any facility used for the storage, processing, or disposal of domestic wastewater and which has obtained approval of construction plans and specifications as of March 1, 1990.

F-G

Facility - All contiguous land and fixtures, structures, or appurtenances used for storing, processing, or disposing of waste. (See also the definition relating to sewage sludge.)

Fixture of the Land - An item that has become so annexed to the realty that it is regarded as part of the land (i.e., ponds, lagoons).

Glide - Portion of the water column that resembles flow that would be found in a shallow canal. Water surface gradient over a glide is nearly zero, so velocity is slow, but flow is shore to shore without eddy development.

Grab Sample - An individual sample collected in less than 15 minutes.

I

Industrial User - Any industrial or commercial facility that discharges wastewater to the treatment works that is not domestic wastewater. Domestic wastewater includes wastewater from connections to houses, hotels, non-industrial office buildings, institutions, or sanitary waste from industrial facilities. A non-regulated IU does not meet the definition of SIU or CIU.

Industrial wastewater - Wastewater generated in a commercial or industrial process.

Interference - A discharge that, alone or in conjunction with a discharge or discharges from other sources, both: (1) Inhibits or disrupts the treatment system, its treatment processes or operations, or its sludge processes, use or disposal; and (2) Therefore is a cause of a violation of any requirement of the facility's NPDES permit (including an increase in the magnitude or duration of a violation) or of the prevention of sewage sludge use or disposal in compliance with the following statutory provisions and regulations or permits issued thereunder (or more stringent State or local regulations): *Section 405 of the Clean Water Act, the Solid Waste Disposal Act (SWDA) (including title II, more commonly referred to as the Resource Conservation and Recovery Act (RCRA), and including State regulations contained in any State sludge management*

plan prepared pursuant to subtitle D of the SWDA), the Clean Air Act, the Toxic Substances Control Act, and the Marine Protection, Research and Sanctuaries Act.

Intermittent Stream - A stream which has a period of zero flow for at least one week during most years. Where flow records are available, a stream with a two-year, seven-day flow of less than 0.1 cubic feet per second is considered intermittent.

M

Major Amendment of Permit - Any change that is not listed in *40 CFR §122.63* is considered a major amendment. A major amendment changes a substantive term, provision, requirement, or a limiting parameter of a permit.

Minimum Analytical Level - The lowest concentration at which a particular substance can be quantitatively measured with a defined precision level, using approved analytical methods. The minimum analytical level is not the published method detection limit for an EPA-approved analytical method, which is based on laboratory analysis of the substance in reagent (distilled) water. The minimum analytical level is based on analyses of the analyte in the matrix of concern (i.e., wastewater effluents). The commission will establish general minimum analytical levels that will be applicable when information on matrix-specific minimum analytical levels is unavailable.

Minor Amendment of Permit - An amendment to improve or maintain the permitted quality or method of disposal of waste or injection of fluid if there is neither a significant increase of the quantity of waste or fluid to be discharged or injected nor a material change in the pattern or place of discharge or injection. A minor amendment includes any other change to a permit issued under *30 TAC §305, Subchapter D* that will not cause, or relax a standard or criterion which may result in a potential deterioration of quality of water in the state. A Minor amendment may also include, but is not limited to: except for TPDES permits, changing an interim compliance date in a schedule of compliance; provided the new date is not more than 120 days after the date specified in the existing permit and does not interfere with attainment of the final compliance date; and except for TPDES permits, requiring more frequent monitoring or reporting by the permittee.

Minor Modification of Permit - Under *40 CFR §122.63* and *30 TAC §305.62(c)(3)*, minor modification may only:

- correct typographical errors
- require more frequent monitoring or reporting by the permittee
- change an interim compliance date in a schedule of compliance (not to exceed 120 days of date specified in existing permit and will not interfere with final compliance date)
- change the construction schedule for a discharger which is a new source
- delete a point source outfall when the discharge from that outfall is terminated
- incorporate conditions of a POTW pretreatment program as enforceable conditions of the POTW's permits
- allow for a change in ownership or operational control of a facility where the Director determines that no other change in the permit is necessary

Monthly Effluent Report - Facilities with Texas Land Application Permits or Sludge Permits are required to complete this form or equivalent.

N

New Discharger - Any building, structure, facility or installation from which there is or may be a discharge of pollutants that did not commence the discharge of pollutants at a particular site prior to August 13, 1979, which is not a new source, and which has never received a finally effective NPDES permit for discharges at that site.

New Facility - Any domestic wastewater treatment facility which is not an existing facility.

Non-Process Wastewater – Wastewater, including sanitary and other non-regulated wastestreams, as referenced in *40 CFR §403.6(e)(1)*.

Nonsubstantial Modification - A modification initiated by a POTW with a TCEQ-approved pretreatment program that is not considered to be a significant modification as defined in 40 CFR §403.18(b).

Non-Stormwater Wastestreams - Wastewater that is listed in TXR050000, the TPDES Industrial Stormwater Multi-Sector General Permit, Part II, Section A, Item 6, as follows:

- discharges from emergency firefighting activities and uncontaminated fire hydrant flushings (excluding discharges of hyperchlorinated water, unless the water is first dechlorinated and discharges are not expected to adversely affect aquatic life);
- potable water sources (excluding discharges of hyperchlorinated water, unless the water is first dechlorinated and discharges are not expected to adversely affect aquatic life);
- lawn watering and similar irrigation drainage, provided that all pesticides, herbicides, and fertilizer have been applied in accordance with the approved

labeling;

- water from the routine external washing of buildings, conducted without the use of detergents or other chemicals;
- water from the routine washing of pavement conducted without the use of detergents or other chemicals and where spills or leaks of toxic or hazardous materials have not occurred (unless all spilled material has been removed);
- uncontaminated air conditioner condensate, compressor condensate, and steam condensate, and condensate from the outside storage of refrigerated gases or liquids;
- water from foundation or footing drains where flows are not contaminated with pollutants (e.g., process materials, solvents, and other pollutants);
- uncontaminated water used for dust suppression;
- springs and other uncontaminated groundwater;
- incidental windblown mist from cooling towers that collects on rooftops or adjacent portions of the facility, but excluding intentional discharges from the cooling tower (e.g., "piped" cooling tower blowdown or drains); and other discharges described in Part V of TXR050000 that are subject to effluent guidelines and effluent limitations.

Nuisance Odor Prevention - The reduction, treatment, and dispersal of potential odor conditions that interfere with another's use and enjoyment of property that are caused by or generated from a wastewater treatment plant unit, which conditions cannot be prevented by normal operation and maintenance procedures of the wastewater treatment unit.

O

Operator - The person responsible for the overall operation of a facility or beneficial use site.

Other Industrial User - IU that does not meet the definition of an SIU or CIU, but may discharge industrial wastewater which results in a pollutant loading that may have reasonable potential to adversely affect the operation and maintenance of a POTW.

Outfall - The point or location where waterborne waste discharges from a sewer system, treatment facility, or disposal system into or adjacent to water in the state.

Owner - The person who owns a facility or part of a facility.

P

Pass Through - A discharge which exits the ***publicly owned treatment works (POTW)*** into waters of the United States in quantities or concentrations that, alone or in conjunction with a discharge or discharges from other sources, is a cause of a violation of any requirement of the POTW's NPDES permit (including an increase in the magnitude or duration of a violation).

Peak Flow - The highest two hour average flow rate expected to be delivered to the treatment units under any operational conditions, including periods of high rainfall (generally the two-year, 24 hour storm is assumed) and prolonged periods of wet weather.

Permit - A written document issued by the Commission which, by its conditions, may authorize the permittee to construct, install, modify, or operate, in accordance with stated limitations a specified facility for waste discharge, for solid waste storage, processing or disposal, or for underground injection.

Perennial Stream - Normally flowing stream.

Persistent Pools - Enduring pools containing sufficient habitat to maintain significant aquatic life uses.

Person - An individual, corporation, organization, government, governmental subdivision or agency, business trust, estate, partnership, or any other legal entity or association.

Pool - An area of the water column that has slow velocity and is deeper that a riffle, run, or glide. The water surface gradient of pools is very close to zero and their channel profile is usually concave. Pools often have eddies with varying directions of flow.

Process Wastewater - Any water which, during manufacturing or processing, comes into direct contact with or results from the production or use of any raw material, intermediate product, finished product, byproduct or waste product.

Publicly Owned Treatment Works (POTW) - Any devices and systems used in the storage, treatment, recycling, and reclamation of municipal sewage or industrial wastes of a liquid nature which is owned by the State or a municipality (and including certain political subdivisions created by the State of Texas that provide regional municipal and industrial wastewater treatment). This definition includes sewers, pipes, and other conveyances only if they convey wastewater to a POTW treatment plant. For a complete legal definition of POTW, see *40 CFR §403.3(q).*

R

Renewal of Permit - An extension of the effective date of a permit that authorizes the continued discharge or disposal of wastewater without substantive changes in term, provision, requirement, or limiting parameters of a permit.

Renewal of Permit With Changes (or Minor Amendment with Renewal)- An extension of the effective date of a permit that authorizes the continued discharge or disposal of wastewater without substantive changes in term, provision, requirement, or limiting parameters of a permit but with a change that would be considered a minor amendment if the applicant was not seeking to extend the expiration date of the permit.

Riffle - Portion of water column that is usually constricted where water velocity is fast due to a change in surface gradient. Stream depth is generally shallow and the channel profile is usually straight to convex. Surface flow through riffles usually ripples due to constriction, shallowness, and presence of irregular bottom substrates.

Riparian Zone - Area that includes the stream bank and flood plain.

Run - Portion of the water column that has rapid non-turbulent shore to shore flow. A run is too deep to be a riffle and flow is too fast to be a pool. The channel profile under a run is usually a uniform flat plane.

S

Significant Industrial User (SIU) - An industrial user defined in *40 CFR §403.3(v)* as follows:

Subject to Categorical Pretreatment Standards according to *40 CFR §403.6* and *40 CFR Chapter I, Subchapter N*; and

Any other industrial user that:

- Discharges an average of 25,000 gallons per day or more of process wastewater to the treatment works (excluding sanitary, noncontact cooling, and boiler blowdown wastewater);
- Contributes a process waste stream that makes up 5 percent or more of the average dry weather hydraulic or organic capacity of the treatment works; or
- Is designated as such by the Control Authority as defined in *40 CFR §403.3(f)* on the basis that the industrial user has a reasonable potential for adversely affecting the treatment works operation or for violating any pretreatment standard or requirement (according to *40 CFR §403.8(f)(6)*).

Significant Industrial User - Non-Categorical - An industrial user defined in *40 CFR §403.3(v)* but not subject to Categorical Pretreatment Standards according to *40 CFR §403.6* and *40 CFR Chapter I, Subchapter N.*

Site - The land or water area where any facility or activity is physically located or conducted, including adjacent land used in connection with the facility or activity.

Stream Bend - Curved part of a stream. A well-defined bend has a deep outside area and shallow inside area accentuated by point bar development. Due to sharp bending, stream flow is forced to the outside and eddies develop on the inside of the bend. A moderately developed bend forces some flow to the outside and has only a slight change

in depth across the channel. A poorly defined bend has no noticeable change in water depth across the channel, and stream flow is generally not forced to one side.

Stream Depth - The vertical height of the water column from the existing water surface level to the channel bottom.

Stream Width - The horizontal distance along the transect line from shore to shore along the existing water surface.

Substantial Change in the Function or Use - An increase in the pollutant load or modification in the existing purpose of the unit.

Substantial Modification - A modification as defined in *40 CFR §403.18(b)* initiated by a POTW with a TCEQ-approved pretreatment program or a POTW developing a new pretreatment program.

Substrate - The mineral or organic material that forms the bottom of the stream.

Classification of substrate materials by particle size

Substrate Material	Particle Size, inches	Particle size, cm
Bedrock	Solid	Solid
Large Boulders	>17.7 in	>45 cm
Boulders	9.8 – 17.1 in	25 – 45 cm
Rubble	2.4 – 9.8 in	6 – 25 cm
Gravel	0.2 – 2.4 in	6 – 60 cm
Sand	0.002 – 0.2 in	0.06 – 6 mm
Mud/Silt	<0.002 in	<0.06 mm

Subsurface Area Drip Dispersal System - a waste dispersal system that 1) uniformly injects processed wastewater effluent into the ground at a depth of not more than 48 inches; and 2) spreads the waste over the entire disposal area so that the soil hydrologic absorption rate and crop/plant root absorption rate are not exceeded. The following systems are not subsurface area drip dispersal systems: 1) wastewater disposal systems authorized under *Chapter 285 of this title [30 TAC] (On-Site Sewage Facilities)* and *Texas Health and Safety Code 366*; 2) disposal systems for oil and gas waste, tar sands, sulfur, brine from desalination plants and hazardous waste as defined by The *Texas Health and Safety Code, Section 361.003; and/or 3)* drainfields, leaching chambers, or other gravity trench systems.

T

Technically Based Local Limits - Specific discharge limits developed and enforced by POTWs upon industrial or commercial users to prevent interference and pass through and address the general and specific prohibitions, needs and concerns of a POTW. This will include consideration of its receiving waters, sludge contamination

and/or worker health and safety problems.

Texas Land Application Permit - An authorization issued by the Commission for the discharge of waste adjacent to water in the state in compliance with the *Texas Water Code.*

Texas Pollutant Discharge Elimination System - The state program for issuing, amending, terminating, monitoring, and enforcing permits, and imposing and enforcing pretreatment requirements, under *CWA, Sections 307, 402, 318, and 405, the Texas Water Code, and Texas Administrative Code regulations.*

Total Dissolved Solids – A measure of the dissolved solids in wastewater or effluent.

Total Maximum Daily Load - The maximum amount of a pollutant that a lake, river, stream, or estuary can receive without seriously harming its beneficial uses. A detailed water quality assessment that provides the scientific foundation for a watershed action plan. A watershed action plan outlines the steps necessary to reduce pollutant loads in a certain body of water to restore and maintain uses or aquatic life.

Total Suspended Solids - A measure of the suspended solids in wastewater or effluent.

TPDES Wastewater Permit - An authorization issued by the Commission for the discharge of waste into water in the state in compliance with the *Clean Water Act and the Texas Water Code.*

Transect Line - A straight line, perpendicular to stream flow, between two points on opposite stream banks.

Tree Canopy - The uppermost spreading branchy layer of streamside trees that shades the water surface.

U-W

Unclassified Water - Smaller water bodies which are not designated as segments with specific uses and criteria in *Appendix A or D of 30 TAC §307.10* or the Texas Surface Quality Standards.

Wastewater Treatment Facility (facility) - Wastewater facilities used in the conveyance, storage, treatment, recycling, reclamation and/or disposal of domestic sewage, industrial wastes, agriculture wastes, recreational wastes, or other wastes including sludge handling or disposal facilities under the jurisdiction of the Commission.

Wastewater Treatment Plant Unit - Any apparatus necessary for the purpose of providing treatment of wastewater (i.e., aeration basins, splitter boxes, bar screens, sludge drying beds, clarifiers, overland flow sites, treatment ponds or basins that contain wastewater, etc.). For purposes of compliance with the requirements of *30 TAC §309.13(e)* (relating to Unsuitable Characteristics), this definition does not include off-

site bar screens, off-site lift stations, flow metering equipment, or post-aeration structures needed to meet permitted effluent minimum dissolved oxygen limitations.

Wetlands - Those areas that are inundated or saturated by surface water or groundwater at a frequency and duration to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas.

General Definitions Relating to Sewage Sludge Defined in 30 TAC §312.8

A

Active Sludge Unit - A sludge unit that has not closed and/or is still receiving sewage sludge.

Aerobic Digestion - The biochemical decomposition of organic matter in sewage sludge into carbon dioxide, water and other by-products by microorganisms in the presence of free oxygen.

Agricultural Management Unit - A portion of land application area contained within an identifiable boundary, such as a river, fence, or road, where the area has a known crop or land use history.

Agronomic Rate - The whole sludge application rate (dry weight basis) designed: (A) to provide the amount of nitrogen needed by the crop or vegetation grown on the land; and (B) to minimize the amount of nitrogen in the sewage sludge that passes below the root zone of the crop or vegetation grown on the land to the groundwater.

B-C

Beneficial Use - Placement of sewage sludge onto land in a manner which complies with the requirements of *30 TAC 312 Subchapter B*, and does not exceed the agronomic need or rate for a cover crop or any metal or toxic constituent limitations which the cover crop may have. Placement of sewage sludge on the land at a rate below the optimal agronomic rate will be considered a beneficial use.

Bulk Sewage Sludge - Sewage sludge that is not sold or given away in a bag or other container for application to the land.

Class A Sewage Sludge - Sewage sludge meeting one of the pathogen reduction requirements on *30 TAC §312.82(a)*.

Class B Sewage Sludge - Sewage sludge meeting one of the pathogen reduction requirements on *30 TAC §312.82(b)*.

D-M

Domestic Septage - Either liquid or solid material removed from a septic tank, cesspool, portable toilet, Type III marine sanitation device, or similar treatment works that receives only domestic sewage. Domestic septage does not include liquid or solid material removed from a septic tank, cesspool, or similar treatment works that receives either commercial wastewater or industrial wastewater and does not include grease removed from a grease trap.

Dry Weight Basis - Calculated on the basis of having been dried at 105 degrees Celsius until reaching a constant mass (i.e., essentially 100% solids content).

Facility - Includes all contiguous land, structures, other appurtenances, and improvements on the land used for the surface disposal, land application for beneficial use, or incineration of sewage sludge.

Groundwater - Water below the land surface in the saturated zone.

Land Application - The spraying or spreading of sewage sludge onto the land surface; the injection of sewage sludge below the land surface; or the incorporation of sewage sludge into the soil so that the sewage sludge can either condition the soil or fertilize crops or vegetation grown in the soil.

Monofill - A landfill trench in which sewage sludge is the only type of solid waste placed.

O-P

Off-site - Property which cannot be characterized as "on-site".

On-site - The same or contiguous property owned, controlled or supervised by the same person. If the property is divided by public or private right-of-way, the access shall be by crossing the right-of-way or the right-of-way shall be under the control of the person.

Place Sewage Sludge or Sewage Sludge Placed - Disposal of sewage sludge on a surface disposal site.

Process or Processing - These terms shall have the same meaning as "treat" or "treatment".

S

Saltwater - A coastal water which has a measurable elevation change due to normal tides. In the absence of tidal information, saltwater is generally considered to be a coastal water which typically has a salinity of two parts per thousand or greater in a significant portion of the water column.

Sewage Sludge - Solid, semi-solid, or liquid residue generated during the treatment of domestic sewage in treatment works. Sewage sludge includes, but is not limited to, domestic septage, scum, or solids removed in primary, secondary, or advanced wastewater treatment processes; and material derived from sewage sludge. Sewage sludge does not include ash generated during the firing of sewage sludge in a sludge incinerator or grit and screenings generated during preliminary treatment of domestic sewage in a treatment works.

Sludge Unit - Land on which only sewage sludge is placed for disposal. A sludge unit shall be used for sewage sludge. This does not include land on which sewage sludge is

either stored or treated.

Sludge Unit Boundary - The outermost perimeter of a surface disposal site.

T-W

Transporter - Any person who collects, conveys, or transport sewage sludge, water treatment plant sludge, grit trap waste, grease trap waste, chemical toilet waste and/or septage by roadway, ship, rail, or other means.

Treat or Treatment of Sewage Sludge - The preparation of sewage sludge for final use or disposal including thickening, stabilization, and dewatering. This does not include storage.

Vector Attraction - The characteristic of sewage sludge that attracts rodents, flies, mosquitos, or other organisms capable of transporting infectious agents.

Water Treatment Sludge - Sludge generated during the treatment of either surface water or groundwater for potable use, which is not an industrial solid waste as defined in *30 TAC §335.1.*

Permit Application Forms

The new, major amendment, minor amendment, and renewal applications with instructions are available in Adobe Acrobat PDF format on the TCEQ web site:

http://www.tceq.texas.gov/search_forms.html

Domestic Wastewater Administrative Report:	TCEQ-10053
Domestic Wastewater Technical Report:	TCEQ-10054
Domestic Wastewater Instructions:	TCEQ-10053-ins

TCEQ Central Registry Core Data Form

The Core Data Form has been incorporated into this form. **Do not send a core data form to TCEQ.**

If you don't already have one, you will be assigned a Customer Number (CN) and Regulated Entity Number (RN). You can find the information on the Central Registry web site at: http://www15.tceq.texas.gov/crpub/

You can search by the RN, CN, permittee name, or permit number under the search field *Additional ID*.

The customer (permittee) is responsible for providing current information to the TCEQ, and for updating all CN and RN data for all authorizations as changes occur.

Who Should Apply for a Wastewater Permit?

The **owner(s)** of a facility which generates domestic wastewater seeking authorization from the TCEQ to: (1) discharge wastewater into water in the state (TPDES) or(2) dispose of wastewater adjacent to waters in the state by irrigation, evaporation, or subsurface disposal (TLAP) must be the applicant for a permit. For TPDES permits, whoever has overall financial responsibility for the operation of the facility must apply as a co-permittee with the facility owner. The facility operator is not required to apply as co-permittee if they do not have overall financial responsibility of the facility operations.

This application is not applicable for entities seeking an industrial wastewater permit. An industrial wastewater permit application (TCEQ-10411 and TCEQ-10055) must be submitted in order to obtain an industrial wastewater permit. Entities seeking discharge from a reverse osmosis water treatment plant must apply for an industrial wastewater permit.

When is the Application Submitted?

For new and amendment applications, the completed application should be submitted at least 330 days before the date the proposed construction (if applicable) or modified permit terms are to occur. For renewal applications, the completed application must be

submitted at least 180 days before the expiration date of the current permit. If an application is not submitted before the existing permit expires, the permit will be terminated. The application will be processed as a new facility, with all applicable forms and fees required.

How is the Application Submitted?

One original and three copies* of the entire application must be submitted. Please do not staple or bind the original application. Do not use plastic sleeves for the maps in the original application. Please indicate which applications are copies. Use the following addresses to deliver the application.

***One original and four copies for subsurface area drip dispersal system (SADDS) applications.**

The regular mailing address is:

Texas Commission on Environmental Quality
Water Quality Division
Applications Review and Processing Team (MC148)
P.O. Box 13087
Austin, Texas 78711-3087

The hand delivery address is:

Texas Commission on Environmental Quality
Applications Review and Processing Team
Building F, Room 2101
12100 Park 35 Circle
Austin, Texas 78753

The express mail address is:

Executive Director
Applications Review and Processing Team (MC148)
Texas Commission on Environmental Quality
12100 Park 35 Circle
Austin, Texas 78753

What Fees are Required?

1. Application fee

This fee is required to be paid at the time the application is submitted. Failure to submit payment at the time the application is filed will cause delays in processing the permit application.

Postage fees of $50.00 for new and amendments and $15.00 for renewals have been included with the application fees to cover the expense of the notice required by 30 TAC §305.53. For new and major amendments the $50.00 postage fee covers the expense of notifying up to 100 landowners. An additional $50.00 postage fee will be required for each additional increment of up to 100 landowners.

To verify receipt of payment or any other questions you may have regarding payment of fees to the TCEQ, please call the Revenues Section, Cashiers Office at (512) 239-0357. The applicant is responsible for the cost of publishing the public notices in the newspaper concerning the application for a permit. The applicant will be provided the information necessary to publish, including instructions, by Water Quality Applications Team for the first notice, and by the TCEQ Office of Chief Clerk for the second notice.

ePAY electronic payment

Go to: https://www3.tceq.texas.gov/epay/index.cfm

When making the payment you must select Water Quality, and then select the fee category Municipal. You must include a copy of the payment voucher with your application, which will not be considered complete without the payment voucher.

Mailed payments

Payment must be mailed in a separate envelope to one of the addresses below. Include the Water Quality Permit Payment Submittal Form which is located just after the signature page of the administrative report 1.0.

By regular U.S. mail:

Texas Commission on Environmental Quality
Financial Administration Division
Cashier's Office, MC-214
P.O. Box 13088
Austin, TX 78711-3088

By overnight/express mail:

Texas Commission on Environmental Quality
Financial Administration Division
Cashier's Office, MC-214
12100 Park 35 Circle
Austin, TX 78753

2. Annual Water Quality Fee

This fee is assessed to permittees with an authorization in effect on September 1 of each year. The permittee will receive an invoice for payment of the annual fee in November. The payment will be due 30 days from the invoice date. A 5% penalty will be assessed if the payment is not received by TCEQ by the due date. **Annual fee assessments cannot be waived as long as the permit is in effect on September 1.**

Important Note to all Applicants and Permittees:
If your permit is in effect September 1, you will be assessed an annual Water Quality fee. It is the responsibility of the permittee to submit a cancellation or transfer form in a timely manner. Pursuant to 30 TAC §305.66, failure to pay fees is good cause for permit denial or revocation. If an applicant has outstanding fees, a permit application will not be considered for approval by the Commission or Executive Director. For account balance information, contact the Financial Administration Division, Revenue Section, at

(512) 239-0354.

ePAY electronic payment

Go to: https://www3.tceq.texas.gov/epay/index.cfm

Enter your account number provided at the top portion of your billing statement. Payment methods include MasterCard, Visa, and electronic check payment (ACH). A transaction over $1000 can only be made by ACH.

Mailed Payments

Return your payment with the billing coupon provided with the billing statement.

By regular U.S. mail:

Texas Commission on Environmental Quality
Financial Administration Division
Cashier's Office, MC-214
P.O. Box 13088
Austin, TX 78711-3088

By overnight/express mail:

Texas Commission on Environmental Quality
Financial Administration Division
Cashier's Office, MC-214
12100 Park 35 Circle
Austin, TX 78753

How Do I Obtain More Information?

Information on wastewater permitting and the domestic wastewater permit applications are available on the TCEQ web page at:

http://www.tceq.texas.gov/permitting/wastewater/municipal/WQ_Domestic_Wastewater_Permits.html. Specific questions can also be directed to the following:

The Texas Administrative Code can be viewed on the TCEQ website at: http://www.tceq.texas.gov/rules/current.html. Printed copies of TCEQ rules are available through TCEQ Publications. The initial copy is free and the customer is allowed to reproduce as many additional copies as needed. Should the TCEQ be requested to reproduce additional copies, a fee will be charged as per General Services Commission Guidelines.

The mailing address is:

TCEQ Publications, MC 195
P.O. Box 13087
Austin, Texas 78711-3087.

The telephone number is (512) 239-0028. The fax number is (512) 239-4488.

How Do I Submit the Application?

Submit the application when it is completed. **Only those sections and worksheets that are relevant should be submitted, depending on the type(s) of authorizations being sought by the applicant.** Rarely will all sections and worksheets of the application be submitted. The Administrative Report 1.0 and Technical Report 1.0 must be submitted by all applicants, while others, such as Worksheet 3.0 (Land Disposal of Effluent) are used only when the applicant is requesting authorization to irrigate with treated effluent or another method of land disposal of effluent. **If there is a question as to which section must be submitted, please call the Wastewater Permitting Section.** When submitting the application, arrange the sections of the application as listed in the Submission Checklist. Indicate on the Submission Checklist which sections of the application are included.

If the answer to a question requires a lengthy response, submit a separate attachment to answer the question. The separate attachments must be clearly cross-referenced back to the original question. In the space provided the applicant's should write "See Attachment 1." Failure to clearly cross-reference attachments may result in delays in processing the application.

THE INSTRUCTIONS MUST BE FOLLOWED WHILE COMPLETING THE APPLICATION. THE INFORMATION BEING SUBMITTED WILL NOT BE CLEAR UNLESS THE INSTRUCTIONS ARE FOLLOWED. Each item in the application is cross referenced to a page number in the instructions. All items must be addressed. If an item is not addressed, a Notice of Deficiency letter will be sent to the applicant's representative unless an explanation is provided as to why the item is not applicable. Failure to follow the instructions while completing the application may result in significant delays in processing the application.

Applicants are required to keep records of all data used to complete the permit application and any supplemental information submitted as part of the application process for a period of at least three years from the date the application is signed.

THE APPLICATION FORM MAY NOT BE ALTERED IN ANY WAY. APPLICATIONS THAT ARE ALTERED WILL NOT BE PROCESSED AND WILL BE RETURNED. QUESTIONS CANNOT BE DELETED OR REARRANGED.

Please note: Older versions of the application forms will not be accepted after 6 months from the date of the updated or revised forms.

INSTRUCTIONS FOR DOMESTIC ADMINISTRATIVE REPORT 1.0

This report is required for all permit applications – renewal, amendment, and new.

1. Application Fee

Domestic Wastewater Permit Application fees are dependent on the size of the facility (Proposed or Permitted Daily Average Flow of Final Phase). For application purposes, a major amendment at the time of renewal pays the major amendment rate. A minor amendment at the time of renewal pays the renewal rate.

Flow	New/Major Amendment	Renewal
<0.05 MGD	$350.00	$315.00
≥0.05 but < 0.10 MGD	$550.00	$515.00
≥0.10 but < 0.25 MGD	$850.00	$815.00
≥0.25 but < 0.50 MGD	$1,250.00	$1,215.00
≥0.50 but < 1.0 MGD	$1,650.00	$1,615.00
≥ 1.0 MGD	$2,050.00	$2,015.00

Minor Amendment without renewal (any flow) $115.00

Select the application fee based on the flow and the type of application.

Payment of the fees may be made by check or money order payable to TCEQ, or through EPAY (electronic payment through the web). The permit requires two different fees: Application fees and Annual Water Quality fees.

Provide the requested information about your payment.

2. Type of Application

Indicate the type of application being submitted. If you are submitting an amendment or modification to an existing permit, please describe the changes being requested (e.g., increasing flow from 0.1 to 0.2 MGD, decreasing the monitoring frequency, increasing the irrigation site acreage, adding an outfall, etc.).

For existing permits, provide the TCEQ permit number which begins with WQ00 and the EPA ID number which begins with TX.

3. Facility Owner (Applicant) Information

Important Note: More than one entity may be required to apply for the permit as co-applicant.

The entity type indicates the name that must be provided as an applicant for a permit. It also identifies when a co-applicant is required on an application for a permit.

Partnership Not Filed with Texas Secretary of State

A customer that is established as a partnership as defined by the Texas Secretary of State's Office (TX SOS). If the customer is a 'general partnership' or 'joint venture' filed in the county (not filed with TX SOS) where the facility is located, the customer must provide a copy of the assumed name certificate that lists the names of each partner of the partnership.

Trust or Estate

A trust and an estate are not legal entities, but rather are fiduciary relationships governing the trustee/executor with respect to the trust/estate property. A trustee and an executor are considered the legal representatives of the trust/estate. Therefore, the trust and trustee or estate and executor must be identified as co-applicants. If there is more than one trustee or executor, each trustee or executor must be identified as a co-applicant.

Legal name

Provide the current legal name of the applicant, as authorized to do business in Texas. The name must be provided exactly as filed with the Texas Secretary of State (SOS), on other legal documents forming the entity, or on documents that are filed in the county where the entity is doing business. You may contact the SOS at 512-463-5555, for more information related to filing in Texas. If filed in the county where you are doing business, provide a copy of the legal documents showing the legal name.

Customer Number (CN)

TCEQ's Central Registry assigns each customer a number that begins with CN, followed by nine digits. This is not a permit number, registration number, or license number. If the applicant is an existing TCEQ customer, the Customer Number is available at the following website: http://www15.tceq.texas.gov/crpub/. If the applicant is not an existing TCEQ customer, leave the space for CN blank.

Contact Name

Provide an individual's name that is affiliated with the applicant.

Mailing address

Provide a complete mailing address for receiving mail from the TCEQ. The address must be verifiable with the US Postal Service at http://www.usps.com for regular mail delivery (not overnight express mail). If you find that the address is not verifiable using the USPS web search, please indicate the address is used by the USPS for regular mail delivery.

Phone number

This number should correspond to this applicant's mailing address given earlier. Enter the area code, phone number, and extension (if applicable.

Fax number and e-mail address (if available)

This number and e-mail address should correspond to applicant's mailing address provided earlier.

Indicate the type of customer

Check only one box that identifies the type of entity. Use the descriptions below to identify the appropriate entity type.

Note that the selected entity type also indicates the name that must be provided as an applicant for a permit. It also identifies when a co-applicant is required on an application for a permit.

Individual

An individual is a customer who has not established a business, but conducts an activity that needs to be regulated by the TCEQ.

Partnership

A customer that is established as a partnership as defined by the Texas Secretary of State's Office (TX SOS).

If the customer is a 'general partnership' or 'joint venture' filed in the county (not filed with TX SOS) where the facility is located, the customer must provide a copy of the assumed name certificate, that lists the names of each partner of the partnership.

Corporation
A customer that meets all of these conditions:

- is a legally incorporated entity under the laws of any state or country;
- is recognized as a corporation by the Texas Secretary of State; and
- has proper authority to operate in Texas.

The corporation's 'legal name' as filed with the Texas Secretary of State must be provided as applicant. An 'assumed' name of a corporation is not recognized as the 'legal name' of the entity.

Government - federal, state, county, or city government (as appropriate)
The customer is either an agency of one of these levels of government or the governmental body itself. The government agency's 'legal name' must be provided as the applicant. A department name or other description of the organization should not be included as a part the 'legal name' as applicant.

Trust or Estate
A trust and an estate are not legal entities, but rather are fiduciary relationships governing the trustee/executor with respect to the trust/estate property. A trustee and an executor are considered the legal representatives of the trust/estate. Therefore, the trust and trustee or estate and executor must be identified as co-applicants. If there is more than one trustee or executor, each trustee or executor must be identified as a co-applicant.

Other
The customer does not fit any of the above descriptions. Enter a short description of the type of customer in the blank provided.

Independent Entity
Check No if this customer is a subsidiary, part of a larger company, or is a governmental entity.

Otherwise, check Yes.

Number of Employees
Select the number of employees for this customer's entire company, at all locations. This is not necessarily the number of employees at the site named in the application.

Customer Business Tax and Filing Numbers

State Franchise Tax ID Number
Corporations and limited liability companies that operate in Texas are issued a franchise tax identification number. If this customer is a corporation or limited liability company, enter this number here. You can obtain this number by contacting the State Comptroller of Texas at(800) 252-1386.

TX SOS Charter (filing) Number

Corporations and Limited Partnerships required to register with the Texas Secretary of State are issued a charter or filing number. You may obtain further information by calling SOS at 512-463-5555.

4. Co-Applicant Information

For TPDES permits, whoever has overall responsibility for the operation of the facility must apply for the permit as a co-applicant with the facility owner. The facility operator is not required to apply as co-applicant if they do not have overall responsibility of the facility operations. If a co-applicant is required, please provide the requested information about the co-applicant. See Section 3 for instructions on how to complete each requested item.

If the facility is considered a fixture of the land (e.g., ponds, units half-way in the ground), there are two options. The owner of the land can apply for the permit as a co-applicant or a copy of an executed deed recorded easement must be provided. The deed recorded easement must give the facility owner sufficient rights to the land for the operation of the treatment facility.

5. Application Contact Information

Provide the name and contact information for the person that TCEQ can contact for additional information regarding this application.

Two contacts may be provided in the application, one administrative and one technical, if the contact cannot answer both administrative and technical questions. If additional contacts are provided, please provide a separate attachment to the application.

7. Permit Contact Information

Provide the names and contact information for two individuals that can be contacted by TCEQ as needed during the term of the permit. The individuals should be of the level of Vice President or higher of a corporation, an Elected Official of a City or County, or a General Partner of a Partnership.

7. Reporting and Billing Information

A. Discharge Monitoring Reports (DMRs) Contact

Provide the name and contact information for the person responsible for receiving and submitting DMRs. The preprinted DMRs will be provided by the TCEQ Enforcement Division unless you chose to submit electronically.

Submit data On Line.....

Submit on line through **eDMR** system. **Go to Sign up now at: https://www3.tceq.texas.gov/steers/** . Establish an electronic reporting account when you get your permit number.

B. Billing Contact

An annual fee is assessed to each permittee on September 1 of each year. Provide the complete mailing address where the annual fee invoice should be mailed. Verify the address with the USPS (see section 2 for instructions on verifying the address with USPS). It must be an address for delivery of regular mail, not overnight express mail. Also, provide a phone number and email address, if available, for the permittee's representative responsible for payment of the invoice.

8. Notice Information

The applicant will be required to publish 2 public notices in a newspaper of largest general circulation in the county where the facility is or will be located. Detailed information may be obtained by referring to TCEQ's web site and 30 TAC Chapters 39, 50, 55, and 281 regarding notice, public comments, and response to comment procedures.

The first notice, the "Notice of Receipt of Application and Intent to Obtain a Water Quality Permit" (NORI) must be published within 30 days of the application being declared Administratively Complete.

The second notice, "Notice of Application and Preliminary Decision" (NAPD) must be published within 30 days of a draft permit being filed with the Office of Chief Clerk (OCC). All information necessary to publish the second notice, as well as proof of publication, will be mailed by the OCC. The address to mail the required information back to the TCEQ will be included in the information from the OCC.

A. Individual publishing the notices

Provide the person's name, company name, mailing address, telephone number, fax number, and email address that will publish the notices required during the processing of the application. Only one person can be provided. This person (not the newspaper)

will be contacted by the TCEQ to publish the required notices in a newspaper of the largest general circulation in the county where the facility is or will be located. This person must be available during the application processing.

B. Method of receiving NORI Package

Provide the method of receiving the NORI public notice information package. When the application is declared Administratively Complete, the NORI public notice information package will be sent to the individual identified in item 8A via the method selected. The NORI public notice information package includes the TCEQ declaration of completeness, a notice ready for publication, instructions for publishing the notice, and a publication affidavit.

C. Contact in the notice

Provide the person's name, company name, and telephone number of the one individual that will be identified in the notice. This individual may be contacted by the public to answer general and specific questions about all aspects of the permit application.

d. Public viewing location

Provide the name and physical address for the public place where the application information will be available for viewing and copying. Please verify with the proper authority they will make the application available for public viewing and copying. The public place must be located within the county in which the facility is or will be located. If the facility or outfall is located in more than one county, a public viewing place for each county must be provided. The address must be a physical address. **Post office box addresses are not acceptable.**

E. Bilingual notice requirements

Bilingual notice may be required for new permit applications, major amendment applications and renewal applications. Bilingual notice is not required for minor amendment or minor modification applications. If an elementary school or middle school nearest to the facility offers a bilingual program, notice may be required to be published in an alternative language. The Texas Education Code, upon which the TCEQ alternative language notice requirements are based, triggers a bilingual education program to apply to an entire school district should the requisite alternative language speaking student population exist. However, there may not be any bilingual-speaking students at a particular school within a district which is required to offer the bilingual education program. For this reason, the requirement to publish notice in an alternative language is triggered if the nearest elementary or middle school, as a part of a larger school district, is required to make a bilingual education program available to qualifying students and the school either has students enrolled at such a program on-site, or has students who attend such a program at another location.

The applicant is required to call the bilingual/ESL coordinator for the nearest elementary and middle schools and obtain information to determine if an alternative language notice is required. If it is determined that a bilingual notice is required, the applicant is responsible for ensuring that the publication in the alternate language is

complete and accurate in that language.

9. Regulated Entity (Site) Information

A. Name of the project or site

Provide the name of the site as known by the public in the area where the site is located. The name you provide on this application will be used in the TCEQ Central Registry as the Regulated Entity.

B. Regulated Entity Reference Number (RN)

This is a number issued by TCEQ's Central Registry to sites (a location where a regulated activity occurs) regulated by TCEQ. This is not a permit number, registration number, or license number. Search TCEQ's Central Registry to see if the site may already have an RN assigned at: http://www15.tceq.texas.gov/crpub/

- If this regulated entity has not been assigned an RN, leave this space blank.
- If this customer has been assigned this number, enter the site's RN.

If the site of your business is part of a larger business site, a RN may already be assigned for the larger site. Use the RN assigned for the larger site. The site information for this application may vary from the larger site information. An example is a chemical plant where a unit is owned or operated by a separate corporation that is accessible by the same physical address of your unit or facility. Other examples include industrial parks identified by one common address but different corporations have control of defined areas within the site. In both cases, an RN would be assigned for the physical address location and the permitted sites would be identified separately under the same RN.

C. Site address/location

For existing permitted facilities, indicate whether the existing permit includes an accurate location description. If the application is for a new facility or the description is inaccurate, complete either Item 1 or Item 2. **NOTE:** a new location requires a new (separate) permit - permits are site specific.

Item 1. Enter the complete address of where the site is located. This address must be validated through USPS. If the physical address is not recognized as a USPS delivery address, you may need to validate the address with your local police (911 service) or through an online map site used to locate a site. Please confirm this to be a complete *and valid* address. Do not use a rural route or post office box for a site location.

Item 2. If a site does not have an address that includes a street (or house) number and street name, provide a complete written location access description. Do not provide directions to the facility. The description must include the direction and distance in feet or miles from road intersections. Two examples of acceptable location descriptions are: (1) The facility is located 2,600 feet southwest of the intersection of State Highway 20 and Farm-to-Market Road 1200; (2) The facility is located approximately 1.2 miles east of the intersection of Farm-to-Market Road 345 and County Road 10.

Provide the name of the nearest city from the location of the facility. The city will be provided public notice of the application.

Provide the zip code where the facility is or will be located.

D. County where site is located

Identify the county or counties where the facility is or will be located.

Note: if the facility is or will be located in Bexar, Comal, Hays, Kinney, Medina, Travis, Uvalde, or Williamson County, *30 TAC §215*, Edwards Aquifer Rules, may be applicable and the applicant may be required to provide additional information.

E. Latitude and longitude

Enter the latitude and longitude of the site in degrees, minutes, and seconds to the nearest second or decimal degrees to at least four decimal places. For help obtaining the latitude and longitude, go to: http://www.tceq.texas.gov/gis/sqmaview.html.

F. Description of activity regulated

In your own words, briefly describe the primary business that you are doing that requires this authorization. Do not repeat the SIC Code description.

G. Owner of treatment facility

Provide the name of the owner of the facility. **The plant owner must be the applicant for the permit (same as Section 2).**

Indicate the type of facility. A publicly owned treatment facility is **owned** by the state, unit of local government, or Indian Tribe, usually designed to treat domestic wastewaters. If the facility is **publicly owned, the applicant must complete Worksheet 6.0 of the technical report**. A privately owned treatment works is **owned** by a corporation, partnership, or other entity, and is not owned by a government entity. A facility designated as both is unusual, and is a combination of both public and private ownership.

H. Landowner where the treatment facility is located

Provide the name of the owner of the land where the facility is located. If the owner of the land is not the same as the applicant, a long term lease agreement for the life of the facility must be provided. A lease agreement can only be submitted if the facility is not a fixture of the land (e.g., above-ground package plant).

If the facility is considered a fixture of the land (e.g., ponds, units half-way in the ground), there are two options. The owner of the land can apply for the permit as a co-applicant or a copy of an executed deed recorded easement must be provided. A long term lease agreement is not sufficient if the facility is considered a fixture of the land.

Both the long term lease agreement and the deed recorded easement must give the facility owner sufficient rights to the land for the operation of the facility.

I. Landowner of the effluent disposal site

Provide the name of the owner of the effluent disposal site, if applicable. **This item is only applicable if you are requesting authorization for the disposal of effluent (e.g., irrigation, subsurface drip irrigation, evaporation). It is not for the point of discharge to the receiving waters.** If the owner of the land is not the same as the applicant, a long term lease agreement must be provided. The lease agreement must give the facility owner use of the land for effluent disposal. If the term of the lease agreement is less than five years, the permit may be drafted for a term equivalent to the term of the lease.

If ponds (i.e., holding ponds, evaporation ponds) are located on land not owned by the applicant, there are two options. The owner of the land can apply for the permit as a co-applicant or a copy of an executed deed recorded easement must be provided. The deed recorded easement must give the facility owner sufficient rights to the land for the operation of the facility and must be recorded in the county where the facility is located.

If the land is to be acquired by the facility owner, a copy of an executed option to purchase agreement must be submitted. The option to purchase must give a legal description of the land to be purchased and identify when the option to purchase agreement expires. An option to purchase may only be submitted with a new permit application.

J. Landowner of the sewage sludge disposal site:

Provide the name of the owner of the sewage sludge disposal site. This item is only required if you are requesting authorization for the disposal of sewage sludge on property owned or under the direct control of the applicant. If the owner of the land where the sewage sludge disposal site is located is not the same as the applicant, a long term lease agreement for at least the term of the permit must be provided. **If sludge is hauled by a registered transporter to a separate site that is permitted or registered by the TCEQ, such as a municipal solid waste landfill or a registered land application site, ownership information does not need to be provided.**

10. Miscellaneous Information

A. Previous employment with the TCEQ

List each person formerly employed by the TCEQ who represented your company and was paid for service regarding the application. Any violation of the Health and Safety Code, Texas Water Code, or Government Code relating to conflict of interest may result in denial of the application and filing charges with the appropriate office.

B. Indian land

Indicate whether the facility is located on, or the discharge route passes through, Indian Land.

C. Permanent School Fund Land

Indicate if any permanent school fund land will be affected by the application. If yes, provide the location, forseeable impacts, and effects this application has on the land(s).

D. Location of the sewage sludge site

If the existing permit contains an onsite sludge disposal authorization, indicate whether the location of the sewage sludge disposal site in the existing permit is correct.

If no, or if a new onsite sludge disposal authorization is being requested, provide an accurate location description of the sewage sludge disposal site. The location is not needed if sewage sludge is disposed of at a site permitted or registered by another entity. The location description must include the distance in feet or miles from road intersections.

E. Delinquent fees and penalties

The TCEQ will not issue, amend, or renew permits, registrations, certifications, or licenses to an entity or person who is delinquent on a penalty or fee owed to the TCEQ. The TCEQ will not declare any application administratively complete that is submitted by a person or entity who is delinquent on a fee or penalty until the fee or penalty is paid, or if on an approved installment plan, that payments under the plan are current. The TCEQ will withhold final action on an application until the fee or penalty is paid and the account is current, if after the application is considered administratively complete, the owner or entity who submitted the application is delinquent on a fee or penalty.

Please identify whether you owe any fees or penalties to the TCEQ. If fees or penalties are owed, please identify the type of fee or penalty owed, the amount past due, and the TCEQ identifying number. For penalties, please provide the TCEQ docket number. For further information on the Delinquent Fee & Penalty Protocol, see the TCEQ web site at: http://www.tceq.texas.gov/agency/fees/delin .

11. TPDES Discharge Information

This section is required for applicants requesting authorization to discharge into water in the state.

A. Point of discharge and discharge route

Confirm whether the point of discharge and discharge route in the existing permit are correct. If not or if this application is for a new or amendment application, please provide a description of the effluent discharge route. The discharge route must follow the flow of effluent from the point of discharge to the nearest major watercourse (from the point of discharge to a classified segment as defined in 30 TAC Chapter 307). Two examples of a discharge route are: (1) through a six-inch pipe to a county drainage ditch; thence to Doe Creek; thence to the Brazos River, or; (2) from the plant site to an unnamed tributary of Joe Creek; thence to Joe Creek; thence to Quail Creek; thence to

the Jane River Below Charles Lake. Classified segments can be found in 30 TAC §307.10 Appendix *A* and segment location descriptions can be found in 30 TAC S §307.10 Appendix C. **The issuance of a permit does not grant a permittee the right to use the specific discharge route or to use private or public property for conveyance of wastewater along the discharge route described above. The permittee must acquire all property rights as may be necessary to use the discharge route.**

Please note: The relocation of the discharge point or discharge route may be subject to a Major Amendment to the permit.

B. City nearest the outfall(s)

Provide the name of the city or cities nearest to where the outfall(s) are located.

C. County where the outfall(s) are located

Provide the county or counties in which the outfall(s) are located.

D. Latitude and longitude of the outfalls

Enter the latitude and longitude of each outfall in degrees, minutes, and seconds to the nearest second or decimal degrees to at least four decimal places. For help obtaining the latitude and longitude, go to: http://www.tceq.texas.gov/gis/sqmaview.html.

E. Discharge to public ditch or right-of-way

Indicate whether the treated effluent is discharged to a city, county, state highway right-of-way, or flood control district drainage ditch. Authorization from this entity must be obtained prior to commencing discharge. A permit does not grant this authorization. It must be authorized by the owner of the structure.

If yes, indicate whether the entity granted authorization or if authorization is still pending. If authorization is still pending, provide a copy of the proof of contact. If approved, provide the approval letter.

F. Daily discharge of 5 million gallons per day or more

For all applications permitted for, or requesting an increase of 5 MGD or more, provide the name of each county or counties within 100 statute miles downstream of the point(s) of discharge.

12. TLAP Disposal Information

This section is required for applicants requesting authorization to discharge adjacent to water in the state (ie. irrigation, subsurface drip irrigation, evaporation).

A. Disposal site location

Indicate if the existing permit includes an accurate description of the effluent disposal site. If no, or if this is a new site, provide a location description of the effluent disposal site. Do not provide directions to the disposal site. The description must include the

distance in feet or miles from road intersections. Two examples of acceptable location descriptions are: 1) The effluent disposal site is located 2,600 feet southwest of the intersection of State Highway 20 and Farm-to-Market Road 1200; 2) The effluent disposal site is located 1.2 miles east of the intersection of Farm-to-Market Road 345 and County Road 10.

NOTE: A change in the location or an increase in acreage requires a major amendment.

B. City nearest the disposal site

Provide the name of the city nearest to where the disposal site is located.

C. County where the disposal site is located

Provide the county or counties in which the disposal site is located.

D. Latitude and longitude of the disposal site

Enter the latitude and longitude for the disposal site in degrees, minutes, and seconds to the nearest second or decimal degrees to at least four decimal places.. For help obtaining the latitude and longitude, go to: http://www.tceq.texas.gov/gis/sqmaview.html.

E. Effluent routing description

Provide a description of how the treated effluent gets from the treatment facility to the effluent disposal site. An example of the flow of effluent to the disposal site is: from the treatment plant through a six-inch pipe to a one acre holding pond; thence via a four-inch pipe to the irrigation site. A major amendment to the permit is required in order to use an effluent disposal site different than the one described in an existing permit.

F. Nearest watercourse

Provide the name of the nearest watercourse to the effluent disposal site to which rainfall runoff might flow if not contained within the disposal site. The name of the nearest watercourse for a TLAP is included as part of the permit.

13. Attachments

A. Supplemental Permit Information Form

Applicants for a TPDES authorization must complete and submit the Supplemental Permit Information Form which is included at the end of the administrative report form.

B. Domestic Administrative Report 1.1

Applicants for a new authorization or for an amendment of an existing authorization must complete and submit Domestic Administrative Report 1.1 which is located after the payment submittal page in the administrative report form.

C. Lease Agreements or deed recorded easements

These documents must be submitted with the application if the treatment facility or effluent disposal site is not owned by the applicant or co-applicant.

D. USGS Topographic Map

For **Renewal, Major and Minor Amendment** applications, provide an 8 1/2 x 11, reproduced portion of the most current and original USGS Topographic map(s) that meets the 1:24,000 scale.

For **New** applications, provide an **original**, full size, 7.5 Minute USGS Topographic Quadrangle Map(s). The original USGS quadrangle map(s) must be in color, have a scale, and have the latitude and longitude on **all** four sides of the map. You can obtain an original, full size, 7.5 Minute USGS Topographic Quadrangle map by calling the USGS at 1-888-275-8747.

For **all** USGS Map submittals, the maps must contain the **applicable information below, clearly outlined and labeled on the map:**

- one mile in all directions from the facility. If more than one map is required to show one mile in all directions from the facility, provide each individual map. Do not splice together,
- effluent or permitted sludge disposal sites,
- the applicant's property boundary,
- the boundaries of the treatment facility,
- the point(s) of discharge (i.e an X or a dot),
- the highlighted discharge route for a distance of three stream miles or until the effluent reaches a classified segment (only use a yellow or light colored highlighter, so that we may see the stream characteristics - do not mark over the discharge route with dark ink),
- the boundaries of the effluent disposal site such as the irrigation tract or subsurface drainfield,
- all ponds including storage, evaporation, and holding ponds,
- the sewage sludge disposal site if currently authorized in the existing permit or if the applicant is seeking authorization through a new or amended permit application,
- all new and future commercial developments, housing developments, industrial sites, parks, schools, and recreational areas,
- all springs, public water supply wells, monitor wells, surface water supply

intakes, water treatment plants, potable water storage facilities, and sewage treatment facilities located within one mile of the treatment facility,

- all parks, playgrounds, and schoolyards around the point of discharge and one mile downstream of the discharge route must be highlighted and the name provided on the map

Signature Page

Each applicant and co-applicant applying for the permit is required to sign the certification statement. The certification must bear an original signature of a person meeting the signatory requirements specified under 30 TAC §305.44.

If you have any questions or need additional information concerning the signatory requirements discussed above, please contact the TCEQ's Environmental Law Division at 512-239-0600.

30 TAC §305.44. Signatories to Applications.

(a) All applications shall be signed as follows.

(1) For a corporation, the application shall be signed by a responsible corporate officer. For purposes of this paragraph, a responsible corporate officer means a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation; or the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding $25 million (in second-quarter 1980 dollars), if authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures. Corporate procedures governing authority to sign permit or post-closure order applications may provide for assignment or delegation to applicable corporate positions rather than to specific individuals.

(2) For a partnership or sole proprietorship, the application shall be signed by a general partner or the proprietor, respectively.

(3) For a municipality, state, federal, or other public agency, the application shall be signed by either a principal executive officer or a ranking elected official. For purposes of this paragraph, a principal executive officer of a federal agency includes the chief executive officer of the agency, or a senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., regional administrator of the EPA).

Attachment 1 Individual Information

If the applicant or co-applicant is an individual, provide information on the individual as required by the Texas Water Code. Provide the address as shown above in Section 2. The address provided must be the individual's home address.

Water Quality Permit Payment Submittal Form

The application fee is required to be paid at the time the application is submitted. Failure to submit payment at the time the application is filed will cause delays in processing your application. Payment of the fee may be made by check or money order, payable to TCEQ, or through EPAY (electronic payment through the web).

Mailed Payments:

Complete and submit this Water Quality Permit Payment Submittal Form. The application fee is submitted to a different address than the application form. Read the Water Quality Permit Payment Submittal Form for further instructions.

ePAY Electronic Payment: http://www.tceq.texas.gov/epay

When making the payment you must select Water Quality, and then select the fee category "Municipal". You must include a copy of the payment voucher with your application. Your application will not be considered complete without the payment voucher.

INSTRUCTIONS FOR DOMESTIC ADMINISTRATIVE REPORT 1.1

This report is required for new permits and major amendments only.

1. Affected Landowner Information

The following information is required for the affected landowner list and other interested parties. Please use the format described below. Affected landowner information is critical to the processing of the application and any errors may cause significant delays in processing the application.

The landowners list is used by the TCEQ to notify affected landowners of the application by mail. These individuals, as well as others, may provide comments on the application or request a contested case hearing on the application.

A. Landowner map components

1. All applicants shall submit a map that clearly shows the following:

- the applicant's property boundaries;
- the location of the treatment facility within the applicant's property;
- the property boundaries of landowners surrounding the applicant's property;
- the required buffer zone if the buffer zone requirement is not satisfied by ownership; and
- requirement on Page 32-33 of the instructions or in *30 TAC §309.13(e)*

2. For applications to discharge treated effluent to waters in the state, the map must clearly show the following:

- the discharge point;
- the highlighted discharge route for one mile downstream from discharge point;
- the property boundaries of all landowners surrounding the discharge point and on both sides of the discharge route for one full stream mile downstream of the discharge point; and
- If the discharge point is to a lake, bay estuary, or affected by tides, the property boundaries of landowners along the shoreline for a one-half mile radius from discharge point

3. For applications to use land disposal of effluent, the map must clearly show the following:

- the property boundaries of the effluent disposal sites;
- all effluent holding/storage/evaporation lagoons; and
- the property boundaries of all landowners surrounding the disposal site.

4. For applications to beneficially use sewage sludge on a land application site; the map must clearly show the property boundaries of:

- the beneficial use land application site within the applicant's property boundaries; and
- the landowners **surrounding** the applicant's property boundaries where the beneficial use land applications site is located.

5. For applications for sewage sludge disposal in a monofill, the map must clearly show the property boundaries of

- the sludge disposal site within the applicant's boundaries; and
- the landowners within one-half mile in all directions from the applicant's property boundaries where the sewage sludge disposal site is located.

If there are questions as to which landowners must be identified, call the Wastewater Permitting Section staff. The landowners map should be a city or county plat, another map sketch, or a drawing with a scale adequate enough to show the cross-referenced affected landowners. The landowners map must include a scale so that the TCEQ can verify that all landowners within the required distances have been identified.

Examples of landowner maps have been provided for review and assistance (see Example 7 – Adjacent and Downstream Landowners at the end of this instruction booklet).

For example 7(a) each type of affected landowner must be identified on the above maps. For example, in an application to increase flow, landowner from items 1 and 2 above must be shown. For increases in flow at a plant and disposal of wastewater via irrigation, landowners from items 1 and 3 above must be shown. If the application is for a new permit in which irrigation and beneficial land application of sewage sludge is being proposed, landowners from items 1, 3 and 4 must be shown.

Example 7(b) shows all the landowners adjacent to the applicant's property, surrounding the point of discharge, and all landowners along the discharge route for a distance of one mile downstream. In this map, landowners 1-10 must be identified as affected landowners with the landowner's name and mailing address submitted with the application in the format described in item 1.B. below.

B. Cross-referenced landowner list

All landowners identified on the map must be clearly cross-referenced to a list of the landowner names and complete mailing addresses. The cross reference must be in

consecutive numeric order (1, 2, 3). The complete list of affected landowners must be provided on a **separate sheet of 8.5x11" paper. DO NOT USE THE PROPERTY TAX TRACT NUMBER SYSTEM.**

C. Landowner list media

In an effort to expedite processing of the application, the TCEQ requires applicants to provide the mailing list in one of the following formats: electronic or printed mailing labels. Either submit the mailing list electronically on a read/write compact disk (CD-RW) using Microsoft Word, as allowed by *30 TAC §39.5(b)*, or if more convenient, four sets of printed labels of the list may be provided. Each name and corresponding address must appear only once on the mailing labels or CD-RW even if the entity owns more than one tract of land identified on the landowners map. Please eliminate duplicate names and addresses.

CD-RW: If providing the mailing labels on CD-RW, please ensure the names and mailing addresses are in Avery 5160 label format (3 columns across, 10 columns down, for a total of 30 labels per page). The application cannot be declared administratively complete until one of the two is received. Please label the CD-RW with the applicant's name and permit number. Within the file stored on the CD-RW, identify the permit number and applicant's name on the top of the document. A list submitted electronically should be the only item on that CD-RW. Do not submit a list on a CD-RW that includes maps or other materials submitted with your application.

Names and addresses must be typed in the format indicated below according to US Postal Service regulations for machine readability. Each letter in the name and address must be capitalized, contain no punctuation, and the appropriate two-character abbreviation must be used for the state. Each entity listed must be blocked and spaced consecutively as shown below.

EXAMPLES:

SHARMAN DUNN	MR AND MRS EDWARD PEABODY	BRIAR LP
RR 1 BOX 34	1405 MONTAGUE LN	PO BOX 249
SEA TX 76724	SEA TX 76710-1234	SEA TX 76710-0249

Printed Labels: If you provide the list on printed labels, please use sheets of labels containing 30 labels per page. Please provide four complete sets of labels of the adjacent landowners list.

D. Landowner data source

Provide the source of the landowners' names and mailing addresses including the date the source material was compiled.

2. Buffer Zone Map

The buffer zone map is used to show how the applicant will comply with the

requirements of 30 TAC §309.13(e). This part of the regulations pertains to abating and controlling nuisance odor conditions from wastewater treatment facilities. The buffer zone, either 150 or 500 feet from the treatment units (depending on the type of treatment unit, see below) can be met by ownership, legal restrictions preventing residential structures within the buffer zone, an approved nuisance odor prevention plan, or a variance to the buffer zone. Ownership means that the applicant owns all the land surrounding the treatment units that fall within the buffer zone. The other three alternatives pertain to the portion of the buffer zone that is not owned by the applicant.

Legal restrictions are legal documents such as a deed recorded easement that prohibit residential structures within the part of the buffer zone that is not owned by the applicant. An approved nuisance odor prevention plan contains specific information and actions by the applicant to abate and control nuisance odor conditions. A variance to the buffer zone is an option that is considered on a case-by-case basis. A variance should only be requested when all other options to satisfy the buffer zone requirements have been explored and deemed infeasible. The applicant shall provide proof during the application process that the other options are not feasible. The following is a portion of 30 TAC § 309.13, which identifies the buffer zone requirements:

e. One of the following alternatives must be met as a compliance requirement to abate and control nuisance of odor prior to construction of a new wastewater treatment plant unit, or substantial change in the function or use of an existing wastewater treatment unit

    1. Lagoons with zones of anaerobic activity (e.g., facultative lagoons, un-aerated equalization basins, etc.) may not be located closer than 500 feet to the nearest property line. All other wastewater treatment plant units may not be located closer than 150 feet to the nearest property line. Land used to treat primary effluent is considered a plant unit. Buffer zones for land used to dispose of treated effluent by irrigation shall be evaluated on a case -by-case basis. The permittee must hold legal title or have other sufficient property interest to a contiguous tract of land necessary to meet the distance requirements specified in this paragraph during the time effluent is disposed by irrigation;

    2. The applicant must submit a nuisance odor prevention request for approval by the Executive Director. A request for nuisance odor prevention must be in the form of an engineering report, prepared and sealed by a licensed professional engineer in support of the request. At a minimum, the engineering report shall address existing climatological conditions such as the average direction and velocity of the prevailing winds (i.e., wind rose), surrounding land use which exists or which is anticipated in the future, wastewater characteristics in affected units pertaining to the area of the buffer zone, potential odor generating units, and proposed solutions to prevent nuisance conditions at the edge of the buffer zone and beyond.

        Proposed solutions shall be supported by actual test data or appropriate calculations. The request shall be submitted, prior to construction, either

with a permit application and subject to review during the permitting process or submitted for executive director approval after the permitting process is completed: or,

3. The permittee must submit sufficient evidence of legal restrictions prohibiting residential structures within the part of the buffer zone not owned by the applicant. Sufficient evidence of legal restriction may, among others, take the form of a suitable restrictive easement, right-of-way, covenant, deed restriction, deed recorded, or a private agreement provided as a certified copy of the original document. The request shall be submitted, prior to construction, either with a permit application and subject to review during the permitting process or submitted for Executive Director approval after the permitting process is completed.

f. For a facility for which a permit application, other than a renewal application, is made after October 8, 1990, if the facility will not meet the buffer zone requirements by one of the alternatives described in subsection (e) of this section, the applicant shall include in the application for the discharge permit a request for variance. A variance will be considered on a case-by-case basis and, if granted by the Commission, shall be included as a condition in the permit. This variance may be granted by the Commission, consistent with the policies set out in Texas Water Code, §26.003.

A. Buffer zone map components

The buffer zone map submitted as part of the application will become part of the permit if the applicant does not own the required buffer zone; therefore, please provide the buffer zone map on 8.5 by 11-inch paper. **It is very important that the map be accurate and clearly labeled.** The buffer zone map must clearly show the following information: (Please label each item on the map)

- the applicant's property boundaries
- each treatment unit and the distance in feet from each treatment unit to the applicant's property boundaries
- the required buffer zone (500 feet for lagoons with zones of anaerobic activity, 150 feet for all other treatment units)
- If the buffer zone is not owned by the applicant, the map must show the distance in feet the buffer zone extends into all surrounding property

An example of a buffer zone map has been provided as Example 8 at the end of this document. In the example, the applicant does not own all of the required buffer zone. At least one of the three options discussed above must be chosen in order to satisfy the buffer zone requirements. A draft permit cannot be prepared until the buffer zone requirements are satisfied.

B. Buffer zone compliance method

Indicate which requirement is being used to satisfy the buffer zone requirements. For existing permits, changing the method in which the buffer zone will be satisfied requires a minor amendment to a permit.

C. Unsuitable site characteristics

To answer the unsuitable site characteristics question, review the following information. If the site meets the requirements below, check yes. If one of the following is not met, check no. If no, additional information may be requested.

The treatment facility must also meet the requirement of 30 TAC 309.13(a) through (d). The unsuitable site characteristics, as defined in the rules are as follows:

A wastewater treatment plant unit may not be located in the 100-year flood plain unless the plant unit is protected from inundation and damage that may occur during that flood event.

A wastewater treatment plant unit may not be located in wetlands (This prohibition is not applicable to constructed wetlands.)

A wastewater treatment plant unit may not be located closer than 500 feet from a public water well as provided by 30 TAC Section 290.41 of this title (relating to Ground Water Sources and Development) nor 250 feet from a private water well. The following separation distances apply to any facility used for the storage, processing or disposal of domestic wastewater. Exceptions to these requirements will be considered at the request of a permit applicant on a case-by-case basis, and alternative provisions will be established in a permit if the alternative condition provides adequate protection to potable water sources and supplies.

A wastewater treatment plant unit, land where surface irrigation using wastewater effluent occurs, or soil absorption systems (including low pressure dosing systems, drip irrigation systems, and evapotranspiration beds) must be located a minimum horizontal distance of 150 feet from a private water well.

A wastewater treatment plant unit, or land where surface irrigation using wastewater effluent occurs, must be located a minimum horizontal distance of 500 feet from an elevated or ground potable-water storage tank as provided by 30 TAC Section 290.43 of this title (relating to Location of Clear Wells, Standpipes, and Ground Storage and Elevated Tanks.)

A wastewater treatment plant unit, or land where surface irrigation using wastewater effluent occurs, must be located a minimum horizontal distance of 500 feet from a public water well site as provided by 30 TAC Section 290.41 of this title, spring, or other similar sources of public drinking water.

A wet well or pump station at a wastewater treatment facility must be located a minimum horizontal distance of 300 feet from a public water well site, spring, or other similar sources of public drinking water as provided by 30 TAC Section 290.41 of this title.

A wastewater treatment plant unit, or land where surface irrigation using wastewater effluent occurs must be located a minimum horizontal distance of 500 feet from a surface water treatment plant as provided by 30 TAC Section 290.41 of this title.

A wastewater treatment facility surface impoundment may not be located in areas overlying the recharge zones of major or minor aquifers, as defined by the Texas Water Development Board, unless the aquifer is separated from the base of the containment structure by a minimum of three feet of material with a hydraulic conductivity toward the aquifer not greater than 10-7 cm/sec or a thicker interval of more permeable material which provides equivalent or greater retardation of pollutant migration. A synthetic membrane liner may be substituted with a minimum of 30 mils thickness and underground leak detection system with appropriate sampling points.

3. Original Photographs

Photographs of each of the following must be submitted with the application:

- At least one photograph of the new and expanded treatment unit(s) location.
- At least two photographs of the existing or proposed discharge point and as much area downstream (photo 1) and upstream (photo 2) as can be captured. If the discharge is to an open water body (e.g., lake, bay), the discharge point should be in the right or left edge of each photograph showing the open water and with as much area on each respective side of the discharge as can be captured.
- At least one photograph of the existing/proposed effluent disposal site.

Submit a plot plan or map that indicates the location of each photograph and the direction (e.g., northwest) the camera was facing when the photograph was taken.

SUPPLEMENTAL PERMIT INFORMATION FORM (SPIF)

This form applies to TPDES permit applications only.

The SPIF must be completed as a separate document. The TCEQ will mail a copy of the SPIF to each agency as required by the TCEQ Memorandum of Agreement with the EPA. If any of the items are not completely addressed or further information is needed, you will be contacted to provide the information. Each item must be completely addressed.

When filling out the SPIF:

- **Do not refer to a response of any item in the permit application form**
- Each attachment must be provided with this form, separately from the administrative report of the application

The application will not be declared administratively complete without this form being completed in its entirety including all attachments.

End of Instructions for TCEQ Form 10053

INSTRUCTIONS FOR DOMESTIC TECHNICAL REPORT 1.0

The following items are required for all permit applications - renewals, amendments and new permit applications. Please read the instructions carefully.

Please provide detailed technical information as needed. If more than one outfall is included in the application, provide applicable information for each outfall. If an item does not apply to your facility, write N/A to indicate that you have considered it. Attach separate reports or additional sheets as needed. Cross-reference all attachments to the question in the Technical Report. You are not required to submit worksheets that do not apply to your application.

1. Permitted or Proposed Flows

Provide the design flow rate of the treatment facility for the facility that is operational or that will be constructed within the next five years. If only one phase, just fill out Table 1.0(1). If construction of facilities for specific phases will not be started within this five-year time period, then the phase may not be included in the proposed permit. This scenario is addressed in the Unbuilt Phases section (item 5) of Domestic Technical Report 1.0.

If the applicant is requesting an increase in the permitted flow, a major amendment to the permit is required.

Specify which phase the facility is currently operating in, as defined by the existing permit. Provide the date that the current operating phase went into effect. Provide the startup date of the current treatment facility phase. For example, if the facility was first built in 2000 for 0.10 MGD capacity, but the facility was expanded in July 2006 to accommodate a flow of 0.5 MGD, the answer to this question is July 2006.

2. NAICS and SIC Code

Provide the Standard Industrial Classification Code (SIC) and the North American Industrial Classification System Code (NAICS) that best applies to the type of entities served by the facility. The following table includes typical SIC and NAICS codes for domestic wastewater permits. If none of the following NAICS and SIC Codes apply, provide the appropriate NAICS and SIC Code. Additional NAICS Codes may be obtained from the North American Industrial Classification System manual, published in 1997. Additional SIC Codes are available from a variety of sources. For treatment facilities that provide wastewater service to a wide range of domestic, commercial, and/or industrial entities, SIC Code 4952 and NAICS Code 22132 may be most appropriate.

SIC CODES

4941 Potable Treatment Plants
4952 Sewage Treatment Plants
5812 Eating Places
6515 Operators of Residential Mobile Home Sites
7011 Hotels and Motels
7032 Sporting and Recreational Camps
7033 RV Parks and Campsites
7996 Amusement Parks
8051 Skilled Nursing Care Facilities
8211 Elementary and Secondary Schools
8744 Private Correctional Establishments
9223 Governmental Correctional Institutions

NAICS CODES

22131 Water Supply and Irrigation Systems
22132 Sewage Treatment Facilities
72211 Full Service Restaurants
722211 Limited Service Restaurants
722212 Cafeterias
722213 Snack and Non-Alcoholic Beverage Bars
53119 Lessors of Other Real Estate Property
72111 Hotels and Motels
72112 Casion Hotels
721191 Bed and Breakfast Inns
721199 All Other Traveler Accomodations
721214 Recreation & Vacation Camps Except Campgrounds
721211 RV and Campgrounds
71311 Amusement and Theme Parks
623311 Cont. Care Retirement Communities
61111 Elementary and Secondary Schools
56121 Facilities Support Services
92214 Correctional Institutions

3. Treatment Process

a. Treatment process description

Provide a detailed description of the treatment process. Describe the type of treatment system (e.g., activated sludge, lagoon system, trickling filter) and mode of operation (e.g., extended aeration mode, complete mix mode, conventional mode, lagoon system). Provide a detailed description that traces the flow of wastewater through the entire treatment process and starts with the headworks and finishes with the discharge point. Include in a detailed description the sludge processing and drying units. **Provide a separate description for each phase of the permit (e.g., interim, final).** A list of common processes or process modifications is provided as Example 1 in this document.

b. Treatment units

Provide the type and dimensions (length x width x height) of each treatment unit. A list of common treatment units is provided as Example 2.

c. Process flow diagrams

Attach flow diagrams for an existing facility and/or each proposed phase of construction. The flow diagram must demonstrate the flow of wastewater through the facility from the headworks to the discharge point (or disposal site) as well as the sludge processing sequence. Clearly show and label any on-site lift stations, bypass piping, and constructed emergency overflows within the treatment system. An example flow diagram has been provided as Example 3 in this document.

4. Site Drawing

Provide a site drawing on an 8.5x11-inch paper that shows the boundaries of the treatment facility and the area served by the treatment facility. Not necessarily on the same page, provide the name and description of the area served by the treatment facility.

For facilities that dispose of effluent via land application (irrigation, subsurface disposal, evaporation, etc.), show the location of all effluent storage, holding and evaporation lagoons, and the disposal area. Indicate the general slope of the land.

For facilities that include authorization to dispose of sludge by beneficial land application or surface disposal, show the location of the sludge application or disposal site. If this information can be shown on the USGS map submitted in response to Item 8(b) of the Administrative Report 1.0, the USGS map is acceptable so long as it is copied to an 8.5x11-inch paper.

5. Unbuilt Phases

Indicate if existing permit contains phases that have not been constructed within five years of permit issuance. For example, the existing permit authorizes flows of 0.10 MGD and 0.20 MGD; the facility is currently operating in the 0.10 MGD phase and the 0.2 MGD phase was authorized seven years ago. In this situation, the answer to the question is yes. If yes, the remainder of the questions must be answered and the information provided.

The commission is charged with the responsibility of determining the need for a permit. If the permit contains a phase that has not been constructed or is not in operation, provide a detailed discussion of the continued need for the unbuilt phase. For unbuilt phases, provide an anticipated construction and operation schedule for each phase. If construction is dependent upon housing/commercial development, provide information from the developer for the scheduled start dates for development phases. Attach this schedule to the application. Failure to provide sufficient justification for the continued need for the permit and/or each identified phase may result in a recommendation for denial of the application or removal of unbuilt phases from the permit. The deletion of

an unbuilt phase does not prevent a permittee from applying for a major amendment to increase flow in the future. However, in implementing regionalization, the permittee will be required to provide additional information to justify the increase in flow.

6. Closure Plans

Permits require an approved closure plan when a treatment unit or facility is permanently closed. Contact the Municipal Permits Team at 512-239-4671 for more information.

7. Permit Specific Requirements

a. Summary transmittal

Indicate whether a summary transmittal letter and/or engineering plans and specifications have been submitted to the TCEQ for review. Prior to the construction of the treatment units, a summary transmittal letter or the plans and specifications must be approved by Water Quality Division engineers. If the plans and specifications have been approved, provide the date approval was granted.

For applicants with existing permits: check the Other Requirements or Special Provisions of the existing permit. If there is a requirement that asks for a Summary Transmittal Letter, please state if this has been resolved and any applicable dates. Include a copy of any correspondence from TCEQ.

b. Buffer zones

Indicate if the buffer zone requirements have been met. For a full explanation of buffer zone requirements please reference Page 40-41 of the instructions.

For applicants with existing permits: check the Other Requirements or Special Provisions of the existing permit. If buffer zone requirements have been met, indicate which method(s) were used. If there is a buffer zone requirement such as the submission of easements or a nuisance odor plan, please state what actions have been taken, including dates.

c. Other actions required by the current permit

For applicants with existing permits: check the Other Requirements or Special Provisions of the existing permit. If there were any required actions not including buffer zone or summary transmittal letter please summarize what actions were taken to comply with the requirement or provision. For example, if notice of completion was required and the new phase came on line, the applicant would indicate whether or not the notice was sent in. Also for example, if sludge depth was required to be tested at treatment ponds and sludge removed if necessary, indicate whether or not was this completed. Include dates of any correspondence sent into TCEQ as regarded the requirements or provisions.

d. Grit and grease treatment

1. Processing of grit and grease waste

If the wastewater treatment plant has a separate grit or grease waste processing facility that treats and discharges decant liquid waste to the plant that serves as a processing location for grit and grease wastes or accepts loads of grit and/or grease from transporters that are introduced directly to the headworks or wastewater treatment unit, answer yes and proceed to question 2 below.

Notes for grit and grease and septage: Anyone who plans to operate a municipal liquid waste transfer facility must obtain an authorization from the TCEQ. A municipal liquid waste transfer facility is a municipal solid waste (MSW) Type V processing facility that is used only in the transfer of grease trap waste, grit trap waste, septage, or other similar liquid waste. Except for temporary storage, facilities that will receive 32,000 gallons per day or less must obtain a registration under Title 30 Texas Administrative Code (30 TAC), Chapter 330, Section (§)330.9(o) . Facilities that will receive more than 32,000 gallons per day must apply for a permit under §330.7.

A temporary storage facility that stores 8,000 gallons or less for a period of four days or less in containers must notify in accordance with 30 TAC §***330.11(e)(5)***. Such a facility is not required to follow the requirements of Chapter 330, ***Subchapter E***

An MSW processing facility that processes only grease trap waste, grit trap waste from commercial car washes, or septage or a combination of these wastes may do so under a registration according to Title 30 Texas Administrative Code (30 TAC), Chapter 330, Section (§) ***330.9(g)***, if the facility can attain a 10 percent recovery of material for beneficial use from the incoming waste, if the processing facility is located within the permit boundaries of a commission-permitted Type I landfill, or the processing facility is located at a manned public wastewater treatment facility permitted to discharge at least one million gallons per day. Facilities meeting any of these exemptions must obtain a registration by following the procedures in §§***330.57–330.73*** and meeting the operational criteria and design criteria established in Chapter 330, ***Subchapter E*** .

All other fixed liquid waste processing facilities must apply for a permit under 30 TAC §330.57

2. Grit and grease processing

Provide an overall description of how grit and/or grease waste is handled at the treatment plant; how and where it is introduced; the frequency and volume of each (grit and grease waste); where and how it is processed or separated; and where this occurs. Provide a flow diagram showing the path and treatment units involved from the introduction of the grit and grease through the final fate of the grit and the final fate of the decant and grease.

3. Grit disposal

Describe how the grit introduced at the plant is disposed of. The grit must be separated from the sludge the plant is producing. See 30 TAC Chapter 217.124-126 for the

requirements for grit removal system design requirements. See 30 TAC Chapter 217.123 and 30 TAC Chapter 330 for more information about grit disposal. See 30 TAC Chapter 217.245 for more information about excluding grit and grease from sludge treatment units.

4. Grease and decanted liquid disposal

Describe how the decant and grease are treated and disposed of after grit separation. See 30 TAC Chapter 330 for more information about the requirements for grease disposal.

e. Stormwater management

1. Applicability

Discharges of stormwater from a facility with a design flow of 1.0 MGD or greater or from a facility required to have an approved pretreatment program (under 40 CFR Part 403) are required to be permitted under the general TPDES permit TXR050000 (sometimes referred to as the Multi-Sector General Permit, or MSGP) or under the permittee's individual TPDES permit. This applies to stormwater discharges from the facility site including any discharges from dedicated lands for sewage sludge disposal located within the onsite property boundaries. For facilities that do not meet either of the above criteria, stop here.

2. MSGP coverage

Authorization for stormwater runoff for a facility with a design flow of 1.0 MGD or greater or from a facility that is required to have an approved pretreatment program (under 40 CFR Part 403) may be obtained by either applying for coverage under the MSGP or under the individual TPDES permit. Indicate if the stormwater runoff is permitted via the MSGP, TXR050000. If yes, provide the MSGP authorization number and stop here.

3. Conditional exclusion

If the facility is not permitted under the MSGP and you intend to apply for coverage under the MSGP, indicate yes and stop here. If you intend to apply for coverage, note that a Notice of Intent (NOI) for coverage, or a No Exposure Certification (NEC) for a conditional no exposure exclusion, would need to be submitted under the MSGP before this wastewater application is submitted to TCEQ. For more information please refer to http://www.tceq.texas.gov/permitting/stormwater/TXR05_steps.html. As indicated in Part V, Section T of the MSGP (TXR050000), facilities with a design flow of 1.0 MGD or greater or from facilities required to have an approved pretreatment program (under 40 CFR Part 403) are considered "Treatment Works," and are identified by industrial activity code TW. These activities are regulated under Sector T of the MSGP for stormwater discharges.

If you intend to apply for a conditional exclusion from the MSGP based on having no exposure of industrial activity to stormwater please note that there may be no exposure of industrial materials or activities to precipitation or runoff. To qualify for a no

exposure exclusion from permit requirements, the operator of the facility must provide certification that industrial activities and materials are isolated from stormwater by storm resistant shelters, and must be able to sign and certify on a no exposure certification (NEC) form that no regulated area of the facility would be exposed.

4. Existing coverage in individual permit

If stormwater discharge from the wastewater treatment site is currently permitted through the individual TPDES or TLAP permit that this application is for (not through the MSGP), please describe the current stormwater management practices and any management practices that are authorized in the existing wastewater permit (e.g., routing stormwater runoff to the headworks, separate effluent and stormwater outfalls, the stormwater management practices implemented through an approved stormwater pollution prevention plan (SWP3), etc.).

5. Zero stormwater discharge

If there is no discharge of stormwater from the wastewater treatment plant site and any dedicated lands for sewage sludge disposal located within the onsite property boundaries, please describe how zero discharge is accomplished here. For example, this includes disposing of stormwater via evaporation ponds or irrigation, but it does not include areas where there may still be a potential to discharge stormwater during severe storms. Reference any structures used to accomplish no discharge of stormwater such as stormwater/evaporation ponds and include a site map indicating the location of these structures.

6. Request for coverage in individual permit

If the applicant does not intend to obtain coverage for the discharge of stormwater from the plant site under the MSGP, then coverage will be provided through additional authorizations and requirements in the individual wastewater permit the applicant holds. This coverage will be needed for any outfall that discharges stormwater or comingled stormwater or for any applicant that intends to route stormwater back to the treatment plant headworks. Coverage through the individual permit will require the development and implementation of a stormwater prevention plan (SWPPP) and will be subject to additional monitoring and reporting requirements. The applicant should contact the TCEQ Stormwater & Pretreatment Team at (512) 239-4671 or by email at SWGP@tceq.texas.gov as early in the application process as possible in order to facilitate the submission of additional information. It is recommended for direct discharges of stormwater that an applicant obtain stormwater coverage under the MSGP rather than through the individual TPDES permit.

f. Other wastes received including sludge from other WWTP

1. Acceptance of sludge from other WWTP

Wastewater plants accepting sludge from other plants via the collection system or transported to the plant are required to notify the TCEQ Municipal Permits Team about this activity. Information should include when sludge waste acceptance started or is

anticipated to start, an estimate of how many gallons per month of sludge waste are being accepted or will be accepted, specify the location introduced into the collection system or at the plant, and an estimate of the BOD_5 concentration of the sludge waste. This information will be used to determine if influent BOD_5 monitoring will be added to the permit. Additional necessary information is the design BOD_5 concentration of the influent from the collection system. Finally, state if any information has changed since the last permitting action. Plants that accept sludge waste are responsible for meeting all of their permit effluent and sludge testing requirements.

2. Acceptance of septic waste

Wastewater plants accepting septic waste via the collection system or transported to the plant are required to let the TCEQ Municipal Permits Team know about this activity. Information should include when septic waste acceptance started or is anticipated to start, an estimate of how many gallons per day and month of septic waste are being accepted or will be accepted, specify the location introduced into the collection system or at the plant, and an estimate of the BOD_5 concentration of the septic waste. This information will be used to determine if influent BOD_5 monitoring will be added to the permit. Additional information needed is the design BOD_5 concentration of the influent from the collection system. Also state if any of the information has changed since the last permit action. Plants that accept septic waste are responsible for meeting all of their permit effluent and sludge testing requirements. **See instructions above for D1 for additional details and information about accepting septic waste.**

3. Acceptance of other wastes (not including septic, grease, grit, or RCRA, CERCLA or as discharged by IUs listed in Worksheet 6)

If the facility is accepting any wastes at the plant site (either for processing in treatment units or for any other type of waste handling) either via the collection system or transported to the plant, list all such wastes. Other wastes may include, but not be limited to, surface water treatment plant filter backwash and chemical toilets. Describe the nature and characteristics of the waste and specify the industries or other sources generating the waste. Specifically note if there are any toxic characteristics of the waste. Additionally state where transported waste is introduced into the plant and into the collection system; when waste acceptance or discharge into the collection system started or is anticipated to start, an estimate of the frequency and how many gallons per day and month of waste are being accepted or discharged or will be accepted or discharged, and state if any of the information has changed since the last permit action. Plants that accept other wastes are responsible for meeting all of their permit conditions such as notification, effluent and sludge testing requirements.

8. Pollutant Analysis of Treated Effluent

Provide an analysis of the effluent discharge for all the listed constituents considering the details noted below. Analyses are required **for all existing facilities** (including both discharge and land disposal of effluent).

- Facilities that dispose of effluent via land application are not required to submit analyses for dissolved oxygen (DO), total suspended solids (TSS), or alkalinity.
- Facilities that dispose of effluent via irrigation are required to submit analyses of electrical conductivity.
- Facilities that discharge directly into the Houston Ship Channel, Segment Nos. 1006 and 1007, and facilities that discharge into salt water are required to provide an analysis for Enterococci.
- Facilities that discharge into fresh water are required to provide an analysis for *E. coli* bacteria.
- Facilities that land-apply effluent must test for *E. coli* bacteria if the application is located in a fresh water watershed and Enterococci bacteria if the application is located in a salt water watershed.
- Facilities that discharge into 303(d) listed segments for bacteria or into segments with a TMDL for bacteria are subject to bacteria limits based on the water quality standards and applicable TMDLs and Implementation Plans for the segment.
- Water Treatment Facilities must complete Domestic Technical Report 1.0, Table 1.0(b).
- **Facilities with a design/permitted flow of 1.0 MGD or greater** are required to provide an analysis for oil and grease and alkalinity.

Include the maximum sample analysis if more than one sample is taken. Provide the number of samples analyzed, the type of sample, whether grab or composite, and the date and time the sample(s) were collected.

Analytical data provided in the application must be sampled within one year of the date the application is submitted to the TCEQ. All sampling and laboratory testing methods must be performed according to *30 TAC Chapter 319, General Regulations Incorporated into Permits*, and *30 TAC Chapter 25, Environmental Testing Laboratory Accreditation and Certification*. All testing must conform to EPA approved methodologies for sample collection, preservation, analysis, and detection levels. In addition, this data must comply with the QA/QC requirements of *40 CFR Part 136* and other appropriate QA/QC requirements for standard and suggested methods for analytes not addressed by *40 CFR Part 136*. Collect DO in the early morning, before 9:00 a.m. Sample chlorine residual at the same time as *E. coli* bacteria or Enterococci bacteria. If the sample for the other parameters is not obtained at the same time as the DO sample, provide the additional time of sampling. For pH, provide minimum and

maximum values. Provide copies of the laboratory results sheet(s). Laboratory QA/QC documentation and chain of custody forms are not required to be submitted with the application but may be requested on a case-by-case basis and are required to be kept a period of at least three years from the date the application is submitted.

9. Facility Operator

Provide the name, operator certification number, and class for the facility operator. If the operation of the facility is provided by an operations company, provide the name of the company and company's certificate number.

10. Sewage Sludge Management and Disposal

a. Sludge disposal method

Check all of the options that are currently used or will be used by the applicant to dispose of sewage sludge from this facility. **If sewage sludge is transported to another wastewater treatment facility or permitted sludge processing facility for further treatment**, provide a written statement or a copy of contractual agreements confirming that the identified wastewater treatment facility will accept the sludge. A statement from the sludge hauler agreeing to transport sludge to the facility is not sufficient to confirm that facility agrees to accept the sludge. If a statement or contract is not provided, authorization for disposal of sewage sludge will not be included in a permit.

b. Sludge disposal site

Provide detailed information for **each** disposal site. The information must include the name of the site, the site's permit or registration number, and the county in which each disposal site is located.

c. Sludge transportation method

Provide the method used to transport the sludge to the disposal site. The hauler's sludge transporter registration number must also be provided, if applicable. Check whether the sludge is hauled in liquid, semi-liquid, semi-solid, or solid form. If the sewage sludge is land applied, check whether it is used for land reclamation or soil conditioning.

11. Permit Authorization for Sewage Sludge Disposal

a. Beneficial use authorization

If the existing permit includes authorization for land application of sewage sludge for beneficial use and the applicant is requesting to continue this authorization, complete and submit the following application form: **Application for Permit for Beneficial Land Use of Sewage Sludge (TCEQ Form No. 10451)** with this permit application.

Adding a new authorization to the wastewater permit for beneficial land application of sewage sludge on property located adjacent to the wastewater treatment facility requires

a major amendment to the permit. The application requires a list of adjacent landowners, additional fees, and other technical information concerning the land application of sewage sludge for beneficial use. For questions on completing this form, please contact the TCEQ Municipal Permits Team at 512/239-4671.

b. Sludge processing authorization

If the existing permit includes authorization for the following sludge processing, storage or disposal options: 1) sludge composting, 2) marketing and distribution of sludge, 3) sludge surface disposal, 4) sludge monofill, or 5) temporary storage of sludge in sludge lagoons; and the applicant is requesting to continue this authorization, complete and submit the applicable portions of the following application form: **Domestic Wastewater Permit Application: Sewage Sludge Technical Report (TCEQ Form No. 10056).**

Adding a new authorization for these sludge disposal options to a permit requires a major amendment. Authorization for composting of sewage sludge requires a major amendment to the permit if the composting operation has the potential to cause a degradation of water quality or the addition of treatment units that will encroach upon the buffer zone. Prior to submitting an application, contact the Municipal Permits Team for a determination of whether a major amendment is required.

12. Sewage Sludge Solids Management Plan

If the facility discharges into the Lake Houston Watershed, provide a solids management plan. The Lake Houston Watershed is defined in *30 TAC §311.31* as the entire drainage area of Lake Houston, with the exception of that portion of the drainage basin of the West Fork of the San Jacinto River that lies upstream of the Lake Conroe Dam. The Lake Houston Watershed includes all permit applications for facilities that discharge to Segment Numbers 1002, 1003, 1004, 1008, 1009, 1010, 1011, and 1015. A sample solids management plan is provided as *Example 5* of these instructions.

If the facility accepts sludge from other domestic wastewater treatment facilities, provide a solids management plan that includes information concerning the treatment and disposal of the commingled sludge from the applicant's wastewater treatment facility and sludge from the other facility or plants. Indicate the permittee name, permit number, and the amount of sludge accepted from other plants and the treatment and disposal process for the commingled sludge.

The solids management plan should include the following:

- The dimensions (length x width x height) and capacities (gallons or cubic feet) of all sewage sludge handling and treatment units and processes.
- Calculations showing the amount of solids generated at design flow and at 75, 50, and 25% of design flow.
- Operating range for mixed liquor suspended solids in the treatment process based on the projected actual and design flow expected at the facility.
- A description of the procedure and method of solids removal from both the

wastewater and sludge treatment processes.

- Quantity of solids to be removed from the process and schedule for removal of solids designed to maintain an appropriate solids inventory.
- Identification and ownership of the ultimate disposal site and a system of documenting the amount of solids disposed of recorded by dry weight.
- If the treatment system uses facultative lagoons, provide calculations describing the design life of the sludge holding volume in the lagoons. Provide the location and depth of any monitoring wells located in the area of, and adjacent to, the facultative lagoons. Describe how the sludge will ultimately be disposed of upon reaching the design life of the facultative and other lagoons, if used.

13. Sewage Sludge Lagoons

a. Location information

1. The following are descriptions of the required maps and information on the maps. Indicate with check marks on the application form that the maps and associated information have been provided.

General Highway (County) Map (one original) showing the location of the sludge lagoons with a scale sufficient to show the distance from the disposal area to the property line in accordance with *30 TAC §312.63* and all areas within 1,000 feet of the site. Mark in red ink the applicant's property boundaries and the sludge lagoons location. (Copies may be submitted on 8.5x11-inch sheets). For County Highway Maps, you may call the Texas Department of Transportation Map Sales in Austin.

USDA Natural Resources Conservation Service (NRCS) Soil Map (one legible copy) with soil legend and necessary interpretative information. Contact the nearest NRCS office for map information. If county is not mapped, have a soil scientist identify the soils.

Federal Emergency Management Agency (FEMA) Map (one legible copy) showing the 100-year flood plain. These maps can be obtained by requesting a Flood Insurance Study (no charge) from the FEMA Flood Map Distribution Center at (800) 358-9616. The Flood Insurance Study will contain a booklet and the FEMA maps.

2. Check the appropriate spaces if the sludge lagoon(s) contains certain features, and a description of protective measures to be used to protect the sludge lagoon(s) from a 100-year frequency flood if a portion of the sludge lagoon(s) lies within the flood plain.

b. Temporary Storage Information

Digested sludge may be stored in a sludge lagoon(s) for a period not to exceed two years unless otherwise authorized by the executive director.

Digested sludge may be stored the in a sludge lagoon for a period not to exceed five years if the person who prepares the sludge demonstrates that the land where the

sewage sludge remains is not an active sludge unit or surface disposal site pursuant to *30 TAC §312.61(c).*

The demonstration must include the following information that must retained by the person who prepares the sewage sludge for the period that the sewage sludge remains on the land:

- an explanation of why sewage sludge needs to remain on the land for longer than two years prior to final use or disposal; and
- the date by which the sewage sludge will be used or disposed. This date must clearly indicate a storage period less than five years.

The final disposal of the sludge at the facility site is a violation of this permit. Sludge placed in sludge lagoon(s) is for temporary storage only. Sludge must ultimately be disposed of in accordance with the closure plan.

An analysis of the following pollutants in milligrams per kilogram (mg/kg) must be submitted with the application:

Arsenic	Lead	Selenium	Nitrate Nitrogen
Cadmium	Mercury	Zinc	Total Nitrogen
Chromium	Molybdenum	Total PCBs	Phosphorus
Copper	Nickel	Potassium	Ammonia Nitrogen
			pH, Standard Units

The latest sludge analysis (e.g., TCLP toxicity, priority pollutants) must be submitted with the application. Analytical procedures for sludge testing must be in accordance with *Standard Methods for the Examination of Water and Wastewater and American Society of Agronomy.* Additional descriptive information may be required.

c. Liner information

Describe the liner material and thickness for any proposed or existing sludge lagoons. What is the hydraulic conductivity of the liner. Lagoon liners must comply with the liner permeability requirements in 30 TAC §217.203.

d. Site development plan

Describe the methods used to deposit sludge in the sludge lagoon(s). This description should include site layout plan, site entrance roads from public access roads, rate of sludge deposition, average lift size, maximum lift, average trench or cell size, maximum cell or trench size, protection from floods, and other information necessary to depict how the surface disposal unit will be developed.

Indicate with check marks that the following information has been provided.

- A plan view and cross-section of the sludge lagoon(s)
- A copy of a closure plan that has been developed for the sludge lagoon(s)

- Size of the sludge lagoon(s) in surface acres and capacity in cubic feet and gallons.
- The method of controlling infiltration of ground water and run-on of surface water.
- Description of procedures used to prevent the occurrence of nuisance conditions

e. Groundwater monitoring

Additional descriptive information may be required. Monitoring wells may be required in the permit.

14. Authorizations/Compliance/Enforcement

a. Additional authorizations

Indicate if the applicant has additional authorizations that pertain to pollution control activities conducted at this facility (site), such as a *30 TAC Chapter 210* reuse authorization, a separate sludge processing or sludge land application permit, etc. If yes, provide the TCEQ authorization number and description of each authorization.

b. Permittee enforcement status

Indicate if the applicant is currently required to meet an implementation schedule for the construction, operation, or upgrading of the wastewater treatment facility. If yes, provide a background discussion of the implementation schedule and a progress report on satisfying the schedule. This requirement includes federal, state, or local authority permit conditions, administrative or enforcement orders, enforcement compliance agreements, stipulations, court orders, or grant and loan conditions.

15. RCRA/CERCLA Wastes

a. RCRA hazardous wastes

Answer yes if the facility receives, will receive, or has received in the past three years Resource Conservation Recovery Act (RCRA) hazardous wastes by truck, rail, or dedicated pipeline.

b. Remediation activity wastewater

Answer yes if the facility received, will receive, or has received in the past three years Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) wastewater, RCRA remediation/corrective action wastewater, and/or other remedial activity wastewater.

c. Details about wastes received

If yes to either items a. or b., a detailed attachment to the application must be provided. The attachment should include the origin of the waste(s), a description of the waste(s) including the hazardous waste number, quantity, concentration, any waste treatment(s) prior to the waste(s) being accepted at the treatment facility, frequency of acceptance at the treatment facility, and the method(s) of transportation to the treatment facility (e.g., pipeline, railcar, truck).

16. Laboratory Accreditation

Effective July 1, 2011, the TCEQ will begin assessing laboratories using the standards adopted in 2009 by the NELAP Institute (i.e., the 2009 TNI standards). This will include all requirements related to proficiency testing. All laboratory tests performed must meet the requirements of *30 TAC Chapter 25, Environmental Testing Laboratory Accreditation and Certification.* The applicant should review *30 TAC Chapter 25* for specific requirements.

If using a third party laboratory, it is the permittee's responsibility to verify the laboratory's accreditation status to the best of their ability. Signatures for this page shall follow the requirements of 30 TAC §305.44.

INSTRUCTIONS FOR DOMESTIC TECHNICAL REPORT 1.1

NEW AND AMENDMENT

The following items are required only for new permit applications and major amendment applications. The following items are not required for renewal applications and minor amendments.*

***Some of the following information may be needed for minor amendments on a case by case basis. If the minor amendment is to replace the existing treatment facilities with new facilities without an increase in flow please provide design calculations (see item 4 below).**

1. Permitted and/or Proposed Flows

a. Complete the following charts

Provide the design flow rate that is currently permitted (initial/existing for amendments) and/or design flow rates being requested for units that will be constructed **within the next five years**. For example, if a new permit is being sought and two phases are requested (0.1 and 0.2 MGD) fill in 0.1 in the initial/existing phase box and 0.2 in the final phase box. If the applicant is seeking to increase flow from 0.1 (currently permitted flow) to 0.2 MGD, fill out 0.1 in the initial/existing phase box and 0.2 in the final phase box. If construction of specific phases will not be started within this five-year time period, the phase may not be included in the proposed permit.

The applicant shall determine if the receiving water is listed on the State of Texas Clean Water Act §303(d) list. The current 303(d) list and other related information is available at http://www.tceq.texas.gov/waterquality/assessment. This list identifies waters in the state that do not meet, or are not expected to meet, applicable water quality standards. If the receiving water is listed on the 303(d) list, the TCEQ will carefully evaluate if the proposed new permit or proposed additional discharge (e.g., flow increase) will cause or contribute to a violation of water quality standards. Requirements found in *40 CFR §122.4(i)* prohibit issuance of a permit to a new source or a new discharger if the discharge will cause or contribute to a violation of water quality standards.

b. Justification of permit need

Provide ***justification*** for the proposed flows. The commission is charged with the responsibility of determining the need for a permit. Provide an anticipated construction start date and operation schedule for each phase being proposed. If construction is dependent upon housing/commercial development, provide information from the developer. Provide information such as the size of the development (number of lots), the date construction on the development is scheduled to begin, and the anticipated growth rate of the development (number of houses per month or year). Failure to provide sufficient justification for the continued need for the permit and/or each proposed phase may result in a recommendation for denial of the application or proposed phases. If additional space is needed, submit the justification information as an attachment.

Attach population estimates and/or projections used to derive the flow estimates and anticipated growth rates for developments. Provide the source and basis upon which population

figures were derived (census and/or other methodology). Also, provide population projections at the end of the design life of the treatment facility (usually 50+ years) and the source and basis upon which population figures were derived.

c. Regionalization of facilities

The TCEQ is required to implement the state policy to encourage and promote the development and use of regional and area-wide waste collection, treatment, and disposal systems to serve the disposal needs of the citizens of the state and to prevent pollution and maintain and enhance the quality of the water in the state.

1. Municipally incorporated areas

If the applicant is ***not*** a city, indicate if any portion of the proposed service area is located in an incorporated city. If yes, provide the name of the city and provide correspondence from the city concerning service for the proposed wastewater treatment facility (consent to provide service or denial to provide service from the city). If consent to provide service is available from the city, provide justification and a cost analysis of expenditures that shows the cost of connecting to the city versus the cost of the proposed facility or expansion.

2. Utility CCN areas

Indicate if any portion of the proposed service area is inside another utility's sewer Certificate of Convenience and Necessity (CCN) area. To obtain information concerning regional providers with sewer CCNs, contact the TCEQ Utilities and Districts Section at 512/239-4691 or by fax at 512/239-6972. If yes, provide justification and a cost analysis of expenditures that shows the cost of connecting to the CCN facilities versus the cost of the proposed facility or expansion.

3. Nearby wastewater treatment facilities or collection systems

If there are any permitted domestic wastewater treatment facilities or sanitary sewer collection systems located within a three-mile radius of the proposed wastewater treatment facility, provide a list of all of these facilities, including the permittee's name and wastewater permit number. Identify these facilities on an area map. To obtain a map with the location of domestic wastewater permits, contact the TCEQ Information Services staff at 512/239-DATA. Provide copies of your certified letters to these facilities and their response letters concerning providing wastewater service for the proposed service area. If any of these facilities agree to provide service, provide justification and a cost analysis of expenditures that shows the cost of connecting to these facilities versus the cost of the proposed facility or expansion.

2. Proposed Organic Loading

a. New permits

Answer the question yes or no whether the application is for a new permit. If yes, skip to item **c**. If no, answer item **b**.

b. Current organic loading

This item is only required for amendment applications. Provide the total average flow, the average organic strength of the influent, and the average loading in pounds per day at the treatment facility **for design purposes**.

The total average flow is the design flow of the facility.

The average influent strength is from actual influent measurements taken over the past 12 months and is representative of the influent to the treatment facility. If the influent strength will be impacted by the amendment, Table 1.1(4) in item **2c.** must be completed showing the source, flow, and strength of the new source(s). For example, if the permit is being revised to accept large flows from a meat processing facility, the increased flow will likely increase the BOD_5 strength received by the facility and impact the ability of the facility to consistently meet the permitted effluent limitations.

If the influent BOD_5 concentration is less than 200 mg/L and the proposed design calculations use an influent strength of less than 200 mg/L BOD_5, provide data for a minimum of 12 months that consistently show the actual BOD_5 concentration. The data should be based on 24-hour flow weighted composite samples taken a minimum of once per week for the duration of the study. Data must include the BOD_5 concentration, flow, and day and time samples were taken. The samples must be taken on different days of the week to be considered representative samples. A permit may require monitoring of the influent at regular intervals to verify that the influent strength has not increased. A permit may also contain an influent loading limitation if the design calculations use an influent strength of less than 200 mg/L BOD_5.

c. Proposed organic loading

This item is only required for (1) new applications or (2) if increased organic strength is expected, as noted above. Provide the sources of influent contributions, the total average flows, and organic strengths for each proposed phase **for design purposes**. Provide the total average flow, the average organic strength of the influent to the treatment plant, and the average loading in pounds per day at the treatment facility. The average BOD_5 concentration should be calculated on a flow-weighted average basis.

3. Proposed Effluent Quality and Proposed Disinfection

For each phase, provide the proposed effluent quality, based on a 30-day average, for the listed constituents. Indicate the type of disinfection for each phase. Indicate the type of dechlorination process for each phase, if applicable. As of this revision, dechlorination is generally required for facilities operating at a permitted flow of 1.0 MGD or greater. An 85% reduction in BOD5 and TSS, based on influent versus effluent quality, must be achieved to comply with the Clean Water Act.

4. Design Calculations

Provide detailed design calculations that show the ability of the treatment system to meet the proposed effluent quality for each phase, according to the requirements of *30 TAC Chapter 217, Design Criteria for Domestic Wastewater Systems.*

Describe the design features (auxiliary power, alarm systems, standby and duplicate units, holding tanks, stormwater clarifiers, etc.) and functional arrangements (flexibility of piping and of valves to control flow through the plant, reliability of power source, etc.) to prevent bypasses or overflows of untreated wastewater that might result from:

(A) excessive inflow or infiltration,

(B) power failure,

(C) equipment malfunction,

(D) facility unit maintenance and repair, or

(E) any other cause.

Each one of the above situations, (A) to (E), must be addressed. If the facility does not include a design feature or functional arrangement to address each one, include an explanation with the design calculations. An example of design criteria and features has been provided as Example 4.

5. Facility Site

a. 100-year floodplain

Provide the information concerning flood protection and wetlands. Treatment units must be protected from inundation from a 100-year frequency flood event. The data source should be verifiable (for example, the FEMA map panel number). If locating in a wetlands, contact the U.S. Army Corps of Engineers to obtain all necessary authorization, including a Federal Clean Water Act Chapter 404 Dredge and Fill permit.

b. Wind rose

Submit a wind rose that indicates the direction of the prevailing winds. Wind roses can be obtained by contacting the National Climatic Data Center at (828) 271-4800 or by visiting http://www.wcc.nrcs.usda.gov/climate/windrose.html.

6. Permit Authorization for Sewage Sludge Disposal

a. Beneficial use authorization

If the applicant is requesting authorization to land apply sewage sludge for beneficial use on property located adjacent to the wastewater treatment facility, the applicant shall complete and submit the following application form: *Application for Permit for Beneficial Land Use of Sewage Sludge (TCEQ Form No. 10451)* with this permit application. The application requires a list of adjacent landowners, additional fees, and other technical information concerning the land application of sewage sludge for beneficial use. For questions on completing this form, please contact the TCEQ Municipal Permits Team of the Wastewater Permitting Section at 512/239-4671.

b. Sludge processing authorization

If the applicant is requesting authorization for any of the following options in this permit: sludge composting, marketing and distribution of sludge, sludge surface disposal, or sludge monofill or for temporary storage of sludge in sludge lagoons, the applicant shall complete and submit the applicable portions of the following application form: *Domestic Wastewater Permit Application: Sewage Sludge Technical Report (TCEQ Form No. 10056).*

7. Sewage Sludge Solids Management Plan

If this application is for a new permit or for a major amendment to a permit, submit a sewage sludge solids management plan. The solids management plan should include the following:

a. The dimensions (length x width x height) and capacities (gallons or cubic feet) of all sewage sludge handling and treatment units and processes.

b. Calculations showing the amount of solids generated at design flow and at 75%, 50%, and 25% of design flow.

c. Operating range for mixed liquor suspended solids in the treatment process based on the design flow and the projected actual flow expected at the facility.

d. A description of the procedure and method of solids removal from both the wastewater and sludge treatment processes.

e. Quantity of solids to be removed from the process and schedule for removal of solids designed to maintain an appropriate solids inventory.

f. Identification and ownership of the ultimate disposal site and a system of documenting the amount of solids disposed of, recorded in dry weight.

g. If the treatment system uses facultative lagoons, provide calculations describing the design life of the sludge holding volume in the lagoons. Provide the location and depth of any monitoring wells located in the area of, and adjacent to, the facultative lagoons. Describe how the sludge will ultimately be disposed of when the design life of the facultative or other lagoons is reached. An example of a sewage sludge solids management plan has been provided as Example 5.

WORKSHEETS FOR THE DOMESTIC TECHNICAL REPORT

The following worksheets may be required to be completed and submitted with the permit application. The method of disposal, authorization being sought, and the permitted flow from the facility determine which worksheets must be submitted as part of the application.

Domestic Worksheet 2.0: Receiving Waters

If the application includes the discharge of treated effluent directly to surface waters in the state (e.g., to Doe Creek, or to an unnamed tributary), complete and submit this worksheet.

Domestic Worksheet 2.1: Stream Physical Characteristics

If the application is for a new permit or an amendment to add an outfall for a facility with a final phase of less than 1.0 MGD, or is a renewal or amendment for a permit with an existing or proposed phase of 1.0 MGD or greater, complete and submit this worksheet.

Domestic Worksheet 3.0: Land Disposal of Effluent

If the application includes the disposal of treated effluent via land disposal (irrigation, subsurface disposal, evaporation, etc.), complete and submit this worksheet.

Domestic Worksheet 3.1: Land Disposal of Effluent – New and Amendment

If the application is for a new permit or a major amendment, this worksheet must be submitted. For example, increasing an application rate or increasing the size of the irrigation site requires an amendment.

Domestic Worksheet 3.2: Subsurface Irrigation Systems (Not Drip)

If the land disposal method is a subsurface land application non-drip system (conventional drainfield, pressure dosing, mound system, etc), complete and submit this worksheet. **NOTE: All applicants authorized or proposing subsurface disposal MUST complete and submit Worksheet 7.0.**

Domestic Worksheet 3.3: Subsurface Area Drip Dispersal Systems

If the land disposal method is a subsurface area drip dispersal system as defined by 30 TAC Chapter 222, complete and submit this worksheet. Please submit one original and four copies of the application. NOTE: All applicants authorized or proposing subsurface disposal must complete and submit Worksheet 7.0.

Domestic Worksheet 4.0: Pollutant Analyses Requirements

If the application addresses any of the following, complete and submit this attachment:

- an existing facility with a design/permitted flow of 1.0 MGD or greater;
- a facility with multiple permit phases that includes a phase at a design flow of 1.0 MGD or

greater; or

- the applicant is a POTW that has or is required to have an approved pretreatment program, unless the facility is less than 1.0 MGD ***and*** the applicant has submitted certification to the Stormwater & Pretreatment Team that the facility does not have any significant industrial users. This certification requirement may be satisfied when submitting an accurate Worksheet 6.0 with the permit application.

Domestic Worksheet 5.0: Toxicity Testing Requirements

If the application addresses any of the following, complete and submit this attachment:

- facilities with a currently-operating design flow greater than or equal to 1.0 MGD;
- applicants with an approved pretreatment program (or those that are required to have one under 40 CFR Part 403); unless the facility is a minor (less than 1.0 MGD) ***and*** the applicant has submitted certification to the Stormwater & Pretreatment Team that the facility does not have SIUs: (this certification requirement may be satisfied when submitting an accurate Worksheet 6.0 with the permit application); **or**
- other facilities required by TCEQ to perform Whole Effluent Toxicity (WET) testing.

Outfalls where routine toxicity testing is being conducted as a requirement of the current permit do not need to retest or submit full test results. However the summary of submitted test information should be submitted.

Domestic Worksheet 6.0: Industrial Waste Contribution

If the applicant is a Publicly Owned Treatment Works (POTW) complete and submit this worksheet. Privately-owned facilities **do not** need to submit this worksheet with the technical report.

Domestic Worksheet 7.0: Class V Injection Well Inventory & Authorization

If the applicant is proposing new, amended or renewal of disposal of treated effluent via subsurface disposal, complete and submit this worksheet **to the address specified in the worksheet.**

INSTRUCTIONS FOR DOMESTIC WORKSHEET 2.0 - RECEIVING WATERS

All applicants submitting a renewal, amendment, or new application for TPDES permits, shall complete worksheet 2.0. Applications for a permit to dispose of all wastewater by land disposal are not required to complete this attachment.

All applicants shall submit USGS quadrangle maps showing the location of the facility and the discharge point(s) and the land treatment/land application site(s)/area(s), as appropriate. USGS quadrangle maps must be submitted that depict the discharge route for at least 3.0 miles from the discharge point or until a classified segment is reached as defined in *30 TAC Chapter 307, Appendix C, Texas Surface Water Quality Standards*, whichever is first. The map(s) submitted as part of the Administrative Report 1.0 can be used for this worksheet. The applicant should retain a copy of the information for reference in subsequent applications.

If the facility has or is proposing multiple discharge points (outfalls) and the outfalls do not enter the same receiving water, attach additional sheets for each outfall. The outfalls that flow into each receiving water should be listed.

1. Domestic Drinking Water Supply

Answer yes if a surface water intake for domestic drinking water supply is located within five miles downstream of the existing/proposed outfall(s). If yes, identify and label any surface water intake for domestic drinking water supply located within five miles downstream from the point/proposed discharge point. Accurately label the intake point for the drinking water supply on the USGS 7.5-minute topographic map.

2. Discharge into Tidally Affected Waters

Items **a.**, **b.**, and **c.** are yes/no questions. The information is specific to each discharge point. If discharging to tidally affected waters, indicate the width of the receiving water at the outfall. If oyster reefs and/or sea grasses are located in the vicinity of the discharge, provide the distance and direction from the outfall.

3. Classified Segments

Indicate if the discharge is directly into or within 300 feet of a classified segment as defined in *Appendix C* or a partially classified waterbody as defined in *Appendix D of the Texas Surface Water Quality Standards (30 TAC §307.10)*. The Water Quality Standards Team of the Water Quality Assessment Section can be contacted to determine if the receiving water is a classified segment.

If Yes, stop here. You do not need to complete Items 4 and 5. It is not necessary to complete Worksheet 2.1 - Stream Physical Characteristics Worksheet.

If No, and the discharge goes into a watercourse such as a creek, ditch, or series of tributaries prior to flowing into a classified segment, then complete Items 4 and 5.

4. Description of Receiving Waters

a. These items refer to the **immediate** receiving water (at the point the treated effluent is discharged). Check the item that best describes the first receiving water into which the discharge will flow after it leaves the outfall.

b. If a stream, man-made channel or ditch was checked in item **4.a**, answer item **4.b**. Existing dischargers check only one of the characteristics that best describes and characterizes the area **upstream** of the discharge point. For a new permit application, check only one of the characteristics that best describes and characterizes the area **downstream** of the proposed discharge. Check the method used to determine the characteristic for describing the area upstream or downstream.

c. List the names of all perennial streams that join the receiving water (discharge route) within three miles downstream of the existing or proposed discharge point.

d. Answer yes if the receiving water characteristics change within three miles downstream of the discharge point. If yes, provide a discussion of how the characteristics change.

e. Provide general observations of the water body during normal dry weather conditions.

5. General Characteristics of Water Body

a. **Check** one or more activities that influence the area upstream of the existing or proposed discharge point. These items refer to the **immediate** receiving water (e.g., a drainage ditch, a stream, a lake, a bay, etc.).

b. **Check** one or more uses of the waterbody, either observed or evidences of uses. If the waterbody has a use that is not listed, check "other" and describe the use in the space provided.

c. **Check** one of the descriptions provided to best describe the aesthetics of the receiving water and surrounding area.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 2.1 - STREAM PHYSICAL CHARACTERISTICS WORKSHEET

Domestic worksheet 2.1 is required for the following permit applications:

1. New permit;

2. Amendment or renewal applications for an existing or proposed phase to discharge 1.0 MGD or greater;

3. Request to add a new outfall.

Worksheet 2.1 is not applicable for renewal or amendment permit applications that authorize the discharge of less than 1.0 MGD unless the amendment requests to add a new outfall. If the discharge is to an intermittent stream, Worksheet 2.1 is not required.

Worksheet 2.1 applies only to perennial streams and intermittent streams with persistent (perennial) pools as identified in Worksheet 2.0, Item 4.b. If the discharge is directly to a classified segment as defined in Appendix C or to a partially classified water body as defined in *Appendix D of the Texas Surface Water Quality Standards (30 TAC §307.10)*, it is not necessary to complete Worksheet 2.1. If the information required in this section has been provided in a previous application, please resubmit the information.

Questions on conducting a stream assessment or completing this worksheet should be directed to the Water Quality Standards Team of the Water Quality Assessment Section.

1. Data Collection

Conduct the physical assessment downstream of the proposed or existing outfall.

Summarize the measurements in Item 2. The worksheet is divided into two portions. The upper portion of Item 1 is for general information, and general observations made over the entire reach. The lower boxed portions are for measurements and observations made at specific transect locations.

Transect measurements are usually made beginning at the discharge point (outfall) and continuing downstream. Once these are completed, general observations are made over the reach while returning to the discharge point.

Observe or measure stream widths with a minimum of four and a maximum of ten equally spaced locations over a 0.5 mile reach. The number of transects depends upon width variability. At each point where width measurements are made, also measure the water depth at 4-10 points across the transect. Include transects within each habitat type (pool, riffle, run, glide) that exist. If pools are present, include measurements across the deepest area. Show the location of the transects on the USGS map and the proposed discharge point.

Characterize each transect site as riffle, run, glide or pool. For a definition of each, see the Definitions section of the instructions.

2. Summarize Measurements

After finishing the transect measurements, complete the general observation portion of the

worksheet. Count the number of stream bends and determine their definition (well, moderate, poor - see Definitions section). Count the number of riffles and estimate the magnitude of flow fluctuations. Look for evidence of debris in bank trees or its position on stream banks (upper, middle, lower). Another indication of flow fluctuations is how well stream flow covers the channel. If water has receded from banks exposing bottom substrates, fluctuations may be severe. The best source of evidence is historical USGS stream flow records, if available. Indicate observed channel obstructions (fences, log jams, culverts, low water bridges, etc.) and channel modifications (channelized, cleared, leveed, concrete lined, rip-rapping, etc.).

At an appropriate location within the stream reach, measure stream flow. ***It is very important to identify the flow measurement method.***

INSTRUCTIONS FOR DOMESTIC WORKSHEET 3.0 - LAND APPLICATION OF EFFLUENT

Worksheet 3.0 is required if you are currently authorized or requesting new or amended authorization to use land application as a method of disposal for treated effluent. Example 9 is a water balance and storage calculation.

Complete Worksheets 3.1, 3.2, or 3.3 for new and major amendment permit applications requesting land disposal. For renewals and minor amendments these may be asked for on a case by case basis.

1. Type of Disposal System

Check the type of existing/proposed system used for land disposal of treated effluent. If the method used is not listed, check "Other" and describe in detail the existing or proposed disposal system. All applications proposing subsurface disposal **must** complete and submit Worksheet 7.0. Submit this worksheet separately to the address shown on the upper left corner of Worksheet 7.0.

2. Land Application Site

Fill in each box with the appropriate information. Provide the amount of effluent for irrigation/land disposal in gallons per day. Provide the number of acres for each crop to be irrigated. Describe the land use (golf course, landscape, pastureland, agricultural land, etc.) and the type of crops (Bermuda grass, alfalfa, cotton, native vegetation). If the crops irrigated are rotated, provide the number of acres for each crop and the growing seasons. Also indicate if the irrigation/land disposal site is/will have public access.

3. Storage and Evaporation Lagoons

Provide information on the storage and/or evaporation lagoons. Indicate the number and size of the storage/holding lagoons used to store treated effluent prior to irrigation/land application or the evaporation lagoons. Provide the surface area in acres and the storage capacity in acre-feet of each effluent storage/holding lagoon. (A minimum of 2.0 feet of freeboard is required for each lagoon). Describe the type of storage/holding lagoon liner (e.g., compacted clay, synthetic liner).

Provide documentation completed by a Texas licensed professional engineer that the liner meets the requirements of *30 TAC Chapters 217 and 309*.

4. Flood and Runon Protection

Answer yes if the existing/proposed disposal site is located within the 100-year frequency flood plain. List the source(s) used to determine the 100-year frequency flood plain. Describe how rainfall runon will be controlled so that extraneous water does not enter the land application site, and describe the tailwater control facilities and operations.

5. Annual Cropping Plan

Submit an annual cropping plan that includes but is not limited to the following items:

a. A soils map depicting the location of the crops proposed or currently being grown. These

locations should be identified by field and crop on the soils map.

b. All types of crops and acreage irrigated for each crop, including warm and cool season crops.

c. Growing seasons for each crop including months the field is left fallow (no crops).

d. Nutrient requirements for each crop.

e. Provide the minimum and maximum harvest height for the crop (e.g. mowing height of grasses).

f. Supplemental watering requirements for each crop.

g. Salt tolerances of each crop.

h. Describe the harvesting method and the proposed number of harvests for each crop.

i. Additional fertilizer requirements for each crop, proposed additional fertilizer applications for each crop, and methods of fertilizer application for each crop, based on annual soil sampling and analysis.

j. If the proposed crop is existing native vegetation that will not be harvested, include a justification that the non-removal of crops will not lead to a buildup in nutrients.

k. If the proposed system is drip irrigation with a proposal to use the existing forested vegetation as a crop, then provide a vegetation survey by a certified arborist describing at a minimum: (1) the number of mature ashe juniper (Juniperus ashei) and oaks (Quercus viginiana) trees per acre, (2) the number of other trees per acre, (3) percent of overstory canopy cover, (4) the extent of open spaces, and (5) areas with forbs and grasses expressed as percent of the land of each application site. A mature tree is one with a minimum height of 14 feet.

6 Well and Map Information

Indicate the exact boundaries of the land application operation on the original USGS topographic map (7.5-minute scale) of the area. Indicate on the original USGS topographic map (7.5-minute scale) all land that is to be a part of the disposal operation in addition to the following: on-site buildings; waste disposal or treatment facilities; effluent storage and tail water control facilities; buffer zones. Indicate on the original USGS topographic map all water wells located within a one-mile radius of disposal site or property boundaries. Provide a scale drawing to show details of the above items. Indicate on the original USGS topographic map all springs, seeps, sinkholes, faults, and surface waters in the state located on the site and within 500 feet of the property boundaries.

Fill in the information for all of the water wells onsite and located within a half-mile radius of the disposal site or property boundaries. Each well should be given a unique ID that can be cross referenced from the map to the table. Fill in the well use (private, public, livestock, etc); state whether the well is producing (yes or no); whether the well is open, cased, capped, or plugged; and the proposed best management practice for that well (meeting appropriate buffers, plugging, etc). Provide aspects of well construction such as casing, yield, static elevation, water quality, and age for each well. Submit copies of State Water Well Reports (drillers' logs, completion data), and data on depths to ground water for water supply wells, including a description of how the depths to ground water were obtained. Well reports may be obtained by contacting the Central Records Offices of TCEQ at (512)239-2900. Well reports are also online at the Texas Water Development Board website: http://wiid.twdb.state.tx.us.

Indicate whether groundwater monitoring wells or lysimeters are planned around the land application site. If yes, then a map identifying the proposed location of the monitoring wells or lysimeters should be submitted, along with the proposed depth of the wells or lysimeters, proposed sampling schedule, and proposed monitoring parameters.

7. Soil Map and Soil Analyses

a. Soil map

Accurately locate the area to be used for land application on a U.S. Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) Soil Survey Map. Updated soil information may be obtained from NRCS at http://websoilsurvey.sc.egov.usda.gov/. Include engineering properties (No. 200 sieve, liquid limit, plasticity), soil permeability for each texture class, and seasonal high water table. Soil evaluations will be provided with all the information required in *30 TAC §222.73*. See Instructions for Domestic Worksheet 3.3, Subsection 2, Required Plans. ***A soil map is only needed for renewals on a case by case basis.**

b. Soil analyses

Provide analyses of the soil in the land application site(s) for pH [2:1 (v/v) water/soil mixture]; electrical conductivity [2:1 (v/v) water/soil mixture]; sodium adsorption ratio (SAR) from a water saturated paste and its constituent parameters (water-soluble Na, Ca and Mg reported in mg/L); total Kjeldahl nitrogen (TKN); total nitrogen (organic-nitrogen + nitrate-nitrogen + ammonium-nitrogen); nitrate-nitrogen (from a 1 N KCl soil extract); potassium, phosphorous; calcium; magnesium; sulfur; and sodium. The nutrient parameters should be analyzed on a plant-available basis. Phosphorus shall be analyzed according to the Mehlich III procedure with inductively coupled plasma and potassium, calcium, magnesium, sodium, and sulfur may also be analyzed in the Mehlich III soil extract. Plant-available phosphorus, potassium, calcium, magnesium, sodium and sulfur shall be reported on a dry weight basis in mg/kg; electrical conductivity, in mmho/cm [same as deciSiemens/meter (dS/m)]; and pH, in standard units. When reporting the results, include all information concerning fertilizer recommendations. Provide a copy of this plan to the analytical laboratory prior to sample analysis.

Composite or benchmark sampling techniques should be used when sampling the soils of the wastewater application area. Individual soil types, as defined by the USDA Soil Conservation Service Soil Survey, should be sampled individually at zones 0-6, 6-18, and 18-30 inches. Each composite sample must represent no more than 80 acres with no less than 15 subsamples representing each composite sample. Each benchmark sample must represent no more than 80 acres with at least 7 subsamples for each benchmark composite sample. Subsamples must be composited by individual site, zone, and soil type for analysis and reporting.

Provide the information requested on the soil table, including the soil series name; total depth of the soil series; permeability of the soil series by depth; and available water capacity of the soil series by depth.

Note for renewal applications, the current annual soil analyses required by the permit is acceptable as long as the test date is less than one year prior to the submission of the application.

8. Effluent Monitoring Data

This item is required for all renewal and amendment applications. Provide the monitoring data for the previous 2 years (for a minimum of 24 months) for the parameters regulated in the current permit. Provide the 30-day average data if the permit includes a 30-day average limit. If the permit includes only a single grab limit, provide the maximum single grab value for the month. This information is not required for a new permit application unless the facility's permit expired and operation continued.

Provide the daily average flow (30-day average) in gallons per day for each month and the total number of acres irrigated. Explain any persistent excursions and discuss any corrective actions for the parameter(s) shown in item 5 and for pH, chlorine residual or other parameters regulated in the current permit.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 3.1 - SURFACE LAND DISPOSAL OF EFFLUENT

NEW AND MAJOR AMENDMENT*

Worksheet 3.1 is required if 1) you are currently authorized to use land application for disposal of effluent AND 2) this permit application is requesting changes from your existing permit conditions OR 3) you are seeking a new authorization for the land application for disposal of effluent by either a new permit application or an amendment application of an existing facility not currently authorized for land disposal of effluent.

***This worksheet may be requested for renewal and minor amendment applications on a case by case basis.**

1. Land Application Requirements

Complete the applicable section and provide water balance and storage calculations, as needed. An example of a water balance and storage calculation is provided as Example 9.

a. Irrigation

For the area under irrigation, provide the following: acres irrigated; design application frequency in hour per day and days per week; the average and maximum slope of the irrigation site; the design application rate in acre-feet/area/year; the design total nitrogen loading rate. Describe the application method and equipment, (e.g., row irrigation, spray irrigation using a center pivot sprinkler system). Estimate the irrigation efficiency.

Irrigation must be limited to prevent excessive nitrogen application. The annual liquid loading must not exceed that which would introduce more nitrogen than is annually required by the crop plus 20% volatilization. Values for crop nitrogen requirements must be justified in the design report. The application rate must be calculated by the formula $L = N/2.7C$, where L is the annual liquid loading in acre-feet, C is the effluent nitrogen concentration in mg/L, and N is the annual crop requirement of nitrogen plus 20% volatilization in pounds per acre per year. The nitrogen loading rate will not be the limiting factor for most land disposal permits.

Provide a separate engineering report of water balance and storage volume calculations according to *30 TAC §309.20, Subchapter C, Land Disposal of Sewage Effluent*. Provide a nitrogen balance for the crop system.

b. Evaporation ponds

For evaporation lagoons, provide a separate engineering report of evaporation calculations for average long term conditions and worse case conditions (i.e., high rainfall and low evaporation from the past 25 years of climatological data). The evaporation calculation consists of items 12 - 20 of the water balance and storage calculation. For column 13, provide the amount of effluent sent to the evaporation lagoon (normally the permitted flow converted to inches per month per acre of surface area of the evaporation lagoon(s)).

c. Evapotranspiration beds

Provide the requested information on the evapotranspiration beds. Describe any lining to protect groundwater. Provide a separate engineering report of water balance and storage volume calculations.

d. Overland flow

For overland flow, describe the method of application and design requirements according to *30 TAC § 217*

2. Edwards Aquifer Recharge Area

Indicate yes or no whether the waste disposal activities are subject to *30 TAC Chapter 213, Edwards Aquifer Rules*. If yes, provide a report that describes the surface geologic units present in the proposed land application site and identifies the location and extent of any significant recharge areas in the land application site. If a geologic assessment prepared in accordance with 30 TAC 213 is available, please include a copy of the report.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 3.2 - SUBSURFACE LAND DISPOSAL OF EFFLUENT

NEW AND MAJOR AMENDMENT*

Worksheet 3.2 is required if 1) you are currently authorized to use land application for disposal of effluent AND 2) this permit application is requesting changes from your existing permit conditions OR 3) you are seeking a new authorization for the land application for disposal of effluent by either a new permit application or an amendment application of an existing facility not currently authorized for land disposal of effluent.

*** This worksheet may be requested for renewal and minor amendment applications on a case by case basis.**

Note: This worksheet applies to any subsurface disposal system that does not meet the definition of a subsurface area drip dispersal system as defined in *30 TAC 222, Subsurface Area Drip Dispersal System*.

1. Subsurface Application

For subsurface soil absorption, check the type of system being used or proposed. New conventional drainfields, beds, or trenches must have a design flow of less than 5,000 gallons per day (GPD). Provide all the requested information that is specific to the type of system used or proposed. Include a separate engineering report as noted in *30 TAC §309.20, Subchapter C, Land Disposal of Sewage Effluent* excluding items b(3)(A), water balance and b(3)(B), storage calculations. On a case by case basis, you may be asked to provide the water balance and storage calculation.

Note: For all proposed and existing subsurface disposal systems, the Class V Injection Well Inventory/Authorization Form (Worksheet 7.0) must be submitted in accordance with *30 TAC Chapter 331*. See Instructions for Worksheet 7.0 for further guidance.

2. Edwards Aquifer Recharge Area

Indicate whether the subsurface system is located on the Edwards aquifer recharge zone as designated in *30 TAC Chapter 213, Edwards Aquifer Rules*. The official Edwards Aquifer boundaries can be viewed at http://www.tceq.texas.gov/field/eapp/viewer.html. Indicate whether the subsurface system is located on the Edwards aquifer transition zone as designated in *30 TAC Chapter 213, Edwards Aquifer Rules*. If the subsurface system is located on the Edwards aquifer recharge zone or the Edwards aquifer transition zone, then the system may be prohibited by *30 TAC §213.8*. Call the Wastewater Permitting Section at (512) 239-4671 to determine if the proposed activity is affected by this rule.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 3.3 - SUBSURFACE AREA DRIP DISPERSAL SYSTEMS

NEW AND MAJOR AMENDMENT*

Worksheet 3.3 is required if 1) you are currently authorized to use land application for disposal of effluent AND 2) this permit application is requesting changes from your existing permit conditions OR 3) you are seeking a new authorization for the land application for disposal of effluent by either a new permit application or an amendment application of an existing facility not currently authorized for land disposal of effluent.

*** This worksheet may be requested for renewal and minor amendment applications on a case by case basis.**

Note: This worksheet applies to any subsurface disposal system that meets the definition of a subsurface area drip dispersal system as defined in *30 TAC Chapter 222*, Subsurface Area Drip Dispersal System.

1. Subsurface Area Drip Dispersal System

Describe the subsurface area drip dispersal system that is being proposed or used at this facility to include at a minimum, remote control capability of the automated drip dispersal system, description of the filters prior to entering the dispersal system, distance between drip lines, distance between emitters in a drip line, rating of each emitter (G/hr), flushing capability of the dispersal system, placement of drip lines [surface or below ground level (depth)],

For the information regarding irrigation operations, provide the following: acres irrigated, soil infiltration rate, the average and maximum slope of the irrigation site, storage volume, major soil series, and depth to groundwater..

For the information regarding dosing information, provide the following: number of dosings or cycles per day, duration of each dosing, time elapsed between the end of one dosing and the beginning of the next dosing, and number of dispersal zones.

Note: For all proposed and existing subsurface disposal systems, the Class V Injection Well Inventory/Authorization Form (Worksheet 7.0) must be submitted in accordance with *30 TAC Chapter 331*. See Instructions for Worksheet 7.0 for further guidance.

2. Required Plans

For new facilities or facilities proposing to expand a subsurface area drip dispersal system, indicate that a Recharge Feature Plan is provided with all information required in *30 TAC §222.79*.

For new facilities or facilities proposing to expand a subsurface area drip dispersal system, indicate that a soil evaluation is provided with all information required in *30 TAC §222.73*. The soil evaluation must contain at a minimum, at least one profile hole per soil type and its description; total depth of the profile hole; primary rooting depth (depth where most plant roots are concentrated); secondary rooting depth (base of primary rooting depth to the depth where

plant roots are no longer discernible); description of each soil horizon to include description of its texture, structure, color, presence of mottling and percent coarse fragments; restrictive horizons; potential water bearing zones; and active water bearing zones. Soil evaluations are to be performed by a licensed Texas professional geoscientist or engineer qualified in the subject.

For new facilities or facilities proposing to expand a subsurface area drip dispersal system, indicate that a Site Preparation Plan is provided with all information required in *30 TAC § 222.75*. This plan must list the soil limitations of the affected area and how each limitation will not restrict the intended use of the affected area. This plan must include the following, if applicable: a site plan to minimize rainfall run-on and maximize rainfall runoff from the dispersal zones, design criteria to compensate for any restrictive horizon within the soil column, soil importation with descriptions of the chemical and physical characteristics of the proposed import material, and any planned removal of existing vegetation and large stones from the terrain surface to 12 inches below the proposed placement of the drip lines.

For new facilities or facilities proposing to expand a subsurface area drip dispersal system, indicate that soil sampling and testing results have been submitted with all information required in 30 TAC §222.157.

3. Floodway Designation

Indicate whether the subsurface area drip dispersal system is within a designated floodway. New or expanding subsurface area drip dispersal systems are not permitted in a designated floodway. Provide the source of data used to determine the floodway.

4. Surface Waters in the State

Indicate that a map is provided that shows the buffers required for surface waters in the state, water wells, and springs/seeps as required in *30 TAC §222.81*. The acreage of the buffers should be calculated and removed from the acreage calculated for the total land application acreage.

If a facility is existing, a variance may be requested from the surface waters in the state buffer distances provided that the variance is in accordance with *30 TAC §222.81*. Indicate whether a variance will be requested for the surface waters in the state and provide all information required in *30 TAC §222.81*.

5. Edwards Aquifer Recharge Area

Indicate whether the subsurface area drip dispersal system and/or wastewater treatment facility is located on the Edwards Aquifer recharge zone as designated in 30 TAC Chapter 213, Edwards Aquifer Rules. The official Edwards Aquifer boundaries can be viewed at

http://www.tceq.texas.gov/field/eapp/viewer.html.

Indicate whether the subsurface area drip dispersal system and/or wastewater treatment facility is located on the Edwards aquifer transition zone as designated in 30 TAC Chapter 213, Edwards Aquifer Rules. If the subsurface area drip dispersal system and/or wastewater treatment facility is located on the Edwards aquifer recharge zone or the Edwards aquifer transition zone, then the system may be prohibited by *30 TAC §213.8*. Call the Wastewater Permitting Section at (512) 239-4671 to determine if the proposed activity is affected by this rule.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 4.0 - POLLUTANT ANALYSES REQUIREMENTS

Existing facilities that **discharge directly into surface waters of the state** and that meet the following requirements, must provide pollutant analyses of the effluent discharge in this attachment:

1. Facilities with a design/permitted flow of 1.0 MGD or greater;
2. For facilities with multiple phases, facilities with an authorized or proposed phase at a design flow of 1.0 MGD or greater; or
3. Facilities where the applicant is a POTW that has or is required to have an approval pretreatment program; unless the facility is a minor (less than 1.0 MGD) AND the applicant has submitted certification to the Stormwater & Pretreatment Team that the facility does not have SIUs. This certification requirement may be satisfied when submitting an accurate Worksheet 6.0 with the permit application..
4. Facilities with less than a 1.0 MGD permitted phase that are designated major facilities.

Facilities that dispose of effluent via land application, without authorization to discharge into waters in the state, are not required to complete and submit this worksheet.

Table 4.0(1) and **Table 4.0(2)** should be completed with the pollutant analyses results by the applicant's authorized laboratory representative. All laboratory sheets for all tests shall be submitted with the application and signed by the applicant's authorized laboratory representative.

Analytical data provided in the application must be sampled within one year prior to the date the application is submitted to the TCEQ.

All sampling and laboratory testing methods should be performed according to *30 TAC Chapter 319, General Regulations Incorporated into Permits*. All testing must conform to EPA approved methodologies for sample collection, preservation, analysis, and detection levels. In addition, this data must comply with the QA/QC requirements of *40 CFR Part 136* and other appropriate QA/QC requirements for standard and suggested methods for analytes not addressed by *40 CFR Part 136*. Effective July 1, 2008, all laboratory tests performed must meet the requirements of *30 TAC Chapter 25, Environmental Testing Laboratory Accreditation and Certification*. The applicant should review *30 TAC Chapter 25* for specific requirements and general exemptions.

Test methods must be sensitive enough to detect the pollutants at the Minimum Analytical Level (MAL). These values are subject to change and you may wish to contact the Municipal Permits Team at (512) 239-4671 before requesting these tests. Failure to use tests capable of meeting the MAL may compromise the analyses and retesting may be required. See the following for MALs, suggested method of analyses and other information for pollutants listed in Worksheet 4.0.

Minimum Analytical Levels and Suggested Methods for Application Screening

POLLUTANT	CASRN*	MAL (µg/L)	Suggested Method
Acenaphthene	83-32-9	10	625

POLLUTANT	CASRN*	MAL (µg/L)	Suggested Method
Acenaphthylene	208-96-8	10	625
Acrolein	107-02-8	50	624
Acrylonitrile	107-13-1	50	624, 1624B

— MAL not yet developed.
* Chemical Abstracts Service Registry Number
** Hydrolyzes in water. No analysis required at this time.
*** Trivalent Chromium (Cr) determined by subtracting Hexavalent Cr from Total Cr.
† EPA procedure not approved. The TCEQ will not require applicants to analyze at this time.
†† Until Method 1668B or equivalent method to measure PCB congeners is approved in *40 CFR Part 136*, compliance with PCB criteria is determined using Arochlor data or any alternate method listed in a TCEQ-approved Quality Assurance Plan.

Report an average and a maximum value and indicate the number of samples analyzed if more than one analytical result is available. Grab samples must be used for pH, temperature, cyanide, total phenols, residual chlorine, oil and grease, fecal coliform, volatile organic compounds (VOC), *E. coli*, and Enterococci. For all other pollutants, 24-hour composite samples must be used. Include the date and time the sample(s) was collected. Indicate units if different from micrograms per liter (µg/1). Note that it is quite common for laboratories to report metal results in milligrams per liter. Provide a definition for any abbreviation or acronyms used in completing the analytical tables.

TABLE 4.0(1)

Provide the results of an analysis of the treated effluent for these pollutants included in the Texas Surface Water Quality Standards at *30 TAC §307.6*.

Tributyltin: Not all facilities are required to test for Tributyltin; testing will be required for domestic facilities that receive wastewater from the types of industrial/commercial operations listed as follows:

1. Manufacturers and formulators of tributyltin or related compounds, including, but not limited to SIC code 2879.
2. Painting of ships, boats and marine structures, including, but not limited to SIC code 1721.
3. Ship and boat building and repairing, including, but not limited to SIC codes 3731, 3732 and 3441.
4. Ship and boat cleaning, salvage, wrecking and scaling, including, but not limited to SIC codes 4499 and 7699.
5. Operation and maintenance of marine cargo handling facilities and marinas, including, but not limited to SIC codes 4491 and 4493.
6. Facilities engaged in wood preserving, including, but not limited to, SIC code 2491.
7. Any other industrial/commercial facility for which tributyltin is known to be present, or for which there is any reason to believe that tributyltin may be present in the effluent.

TABLE 4.0(2)F

Partial completion of Table 4.0(2)F (only those pollutants that are required by the conditions specified) is required for each outfall.

Under certain conditions, the applicant may be responsible for providing analyses of the effluent from its wastewater outfalls for Dioxin/Furan compounds. Please review the specified conditions and proceed as instructed. The applicant is required to report that 2,3,7,8 Tetrachlorodibenzo-P-Dioxin (TCDD) may be discharged if the applicant 1) knows or has reason to believe that TCDD or any congeners of TCDD will or may be present in the effluent

a. Review the following list of compounds and answer either "yes" or "no" whether any of these compounds are believed to be present in the WWTP's influent from an industrial contributor to the plant.

- 2,4,5-trichlorophenoxy acetic acid (2,4,5-T) CAS #93-76-5

- 2-(2,4,5-trichlorophenoxy) propanoic acid (Silvex, 2,4,5-TP) CAS #93-72-1
- 2-(2,4,5-trichlorophenoxy) ethyl 2,2-dichloropropionate (Erbon) CAS #136-25-4
- 0,0-dimethyl 0-(2,4,5-trichlorophenyl) phosphorothioate (Ronnel) CAS #299-84-3
- 2,4,5-trichlorophenol (TCP) CAS #95-95-4
- Hexachlorophene (HCP) CAS #70-30-4

If **yes**, indicate with a check mark in the space provided which compound(s) apply and provide a brief description of the conditions of its presence at the facility.

Answer either "yes" or "no" as to whether you know or have any reason to believe that 2,3,7,8 Tetrachlorodibenzo-P-Dioxin (TCDD) or any congeners of TCDD may be present in your effluent.

If **yes,** provide a brief description of the conditions for its presence in the space provided.

If you responded **yes** to either item a **or** b, complete one analysis of a composite sample of each process wastewater outfall for Dioxin/Furan compounds. An additional sample of sludge from the wastewater treatment system must also be analyzed. The samples shall be analyzed and reported for congeners of chlorinated dibenzo-p-dioxins and dibenzofurans and also reported as toxicity equivalents (TEQ) based on the relative toxic equivalence factors provided in Interim Procedures for Estimating Risks Associated with Exposures to Mixtures of Chlorinated Dibenzo-p-Dioxins and Dibenzofurans (CDDs and CDFs) and 1989 Update, EPA/625/3-89/016, March 1989. Provide the data from the results in **Worksheet 4.0 Table 2(F)**.

Table 2(F) is provided to report the concentrations and the equivalents of the congeners in units of parts per quadrillion (ppq) for wastewater and parts per trillion (ppt) for sludges. The analyses should be made using EPA method 1613 or an equivalent method if approved by the TCEQ. An example of a completed Table 12 for wastewater is shown below:

Example of Dioxin/Furan Analysis

Compound	Equivalent Factors	Concentration (ppq)	Equivalent (ppq)
2,3,7,8-TCDD	1	13	13
1,2,3,7,8-PeCDD	0.5	22	11

Compound	Equivalent Factors	Concentration (ppq)	Equivalent (ppq)
2,3,7,8-HxCDDs	0.1	17	1.7
1,2,3,4,6,7,8 HpCDD	0.01	110	1.1
2,3,7,8-TCDF	0.1	20	2.0
1,2,3,7,8-PeCDF	0.05	100	5.0
2,3,4,7,8-PeCDF	0.5	120	60
2,3,7,8-HxCDFs	0.1	100	10
2,3,4,7,8 HpCDFs	0.01	150	1.5
OCDD	0.0003	100	0.03
OCDF	0.0003	120	0.036
PCB 77	0.0001	100	0.01
PCB 81	0.0003	150	0.045
PCB 126	0.1	20	2.0
PCB 169	0.03	150	4.5
Total			111.921

Test methods used must be sensitive enough to quantify the constituents at the minimum analytical level (MAL) specified.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 5.0 – WHOLE EFFLUENT TOXICITY (WET) TESTING REQUIREMENTS

If the application includes the following, complete and submit this attachment:

1. Currently-operating design flow greater than or equal to 1.0 MGD;
2. EPA-approved pretreatment program (or those that are required to have one under *40 CFR Part 403*); unless the facility is a minor (less than 1.0 MGD) **AND** the applicant has submitted certification to the Stormwater & Pretreatment Team that the facility does not have SIUs (this certification requirement may be satisfied when submitting an accurate Worksheet 6.0 with the permit application); **or**
3. Other facilities required by the TCEQ to perform Whole Effluent Toxicity testing.

Outfalls where routine toxicity testing is being conducted as a requirement of the current permit do not need to retest or submit full test results.

If the information requested in this section has been previously submitted to the TCEQ, the information need not be resubmitted via Parts 1 and 2 of Worksheet 5.0. Instead, the applicant shall follow the instructions in Part 4 of Worksheet 5.0 and provide a table summarizing the previously performed testing.

At a minimum, these results must include quarterly testing for a 12-month period within the past year or annual testing over the previous 4.5 years prior to submission of the application. A minimum of two species, as specified by the permit (where applicable), must be used. Therefore, the applicant shall submit a minimum of the results of eight tests. These results will be used to determine reasonable potential for the facility's effluent to affect toxicity of the receiving waters at the discharge location.

If the application is for a new discharge or for a permit that does not currently specify WET testing and still meets one of the three criteria listed above, the applicant may contact the Water Quality Standards Team of the Water Quality Division to obtain the appropriate information (e.g., freshwater versus saltwater, acute versus chronic) to perform the application WET testing. If the applicant prefers not to obtain the site-specific information, quarterly testing using chronic test species and a dilution series of 6%, 13%, 25%, 50%, and 100% may be performed instead.

All testing must be in accordance with *40 CFR Part 136* methods (including QA/QC requirements), TPDES permit requirements (where applicable), and other appropriate QA/QC requirements in Standard Methods for analytes not addressed by *40 CFR Part 136*.

In addition, the applicant shall submit the results of any other WET tests from the past 4.5 years. If any of those tests demonstrated toxicity, provide any information on the cause or any results of a Toxicity Reduction Evaluation (TRE), if one was conducted.

Test summaries (full reports) that provide all of the information requested in Parts 3 of Worksheet 5.0 may be submitted in place of parts 3 of Worksheet 5.0.

If no WET testing is required, do not complete Worksheet 5.0.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 6.0 – INDUSTRIAL WASTE CONTRIBUTION

All publicly owned treatment works (POTWs) shall provide the industrial waste contribution information in Worksheet 6.0. Privately-owned facilities are **not** required to complete and submit this worksheet.

1. All POTWs

a. Industrial users (IUs)

Provide the number of each of the listed types of industrial users that discharge to your POTW (CIUs, SIUs - non-categorical, and Other IUs). The definition of each type of industrial user can be found in the Definitions section of the instructions. Provide the total flow (include process, non-process, and sanitary from each type of industrial user.. If there are no IUs, enter "None" or "0" in the 2nd column. Do not leave any blanks in the 2nd column or the worksheet will be returned.

b. Treatment plant interference

Answer yes if the POTW has experienced treatment facility interference in the past three years. The definition of interference can be found in the Definitions section of the instructions. If the POTW has experienced interference, provide all dates, duration, description of the interference, probable cause(s), and possible source(s) in the space provided. Submit a separate attachment, if necessary.

c. Pass through

Answer yes if the POTW has experienced treatment facility pass through in the past three years. The definition of pass through can be found in the Definitions section of the instructions. If the POTW has experienced pass through, provide all dates, description of pollutants passing through the treatment facility, probable cause(s), and possible source(s) in the space provided. Submit a separate attachment if necessary.

d. Pretreatment program

Answer yes if the POTW has an approved pretreatment program or is developing an approved pretreatment program. If yes, answer all applicable questions in item 2, but skip item 3 questions. **If no to either question in this section**, skip item 2 and answer all questions in item 3 for each significant industrial user and categorical industrial user.

2. POTWs with Approved Programs or Those Required to Develop a Program

a. Substantial modifications

Answer yes if there have been any substantial modifications to the approved pretreatment program that have not been approved by the executive director. If yes, identify on a separate attachment all substantial modifications that have not been submitted to the TCEQ.

b. Non-substantial modifications

Answer yes if there have been any non-substantial modifications to the approved pretreatment program that have not been approved by the executive director. If yes, identify on a separate attachment all non-substantial modifications that have not been submitted to the TCEQ.

c. Parameters above MAL

List parameters measured above the MAL in your facility's effluent during the past three years' annual monitoring events. If retests were done following the annual testing for any parameters identified in your effluent above the MAL, identify all retest parameters, concentrations, MALs, and dates. Attach additional sheets as necessary.

d. Industrial user interruptions

Answer yes if an SIU has caused or contributed to any problems. Provide information concerning problems the treatment works have experienced that are attributable to discharges from SIUs. Problems may include Acts of God, interferences or pass through at the facility, corrosion in the collection system, or similar events.

3. Significant Industrial User information

POTWs that do not have an approved pretreatment program are required to provide the information in Item No. 3. (POTWs that have an approved pretreatment program do not need to complete item 3 unless this is a new wastewater treatment facility or SIUs are discharging to an existing facility where none discharged previously.)

a. General information

Provide the name, address and other information for each SIU discharging to your POTW, as required by *40 CFR Part 403* (Submit additional pages as necessary).

b. Process information

Describe the process(es) at the SIU that affect or contribute to the SIU's discharge. For example, in describing a metal finishing operation, include such information as how the product is cleaned prior to finishing, what types of plating baths are in operation (e.g., nickel, chromium), how paint is applied, and how the product is polished. Attach

additional sheets if necessary.

c. Product and services information

List principal product(s) that the SIU generates, the raw materials, and the rate at which those raw materials are used to manufacture the product(s).

d. Flow rate information

Process wastewater means any water that, during manufacturing or processing, comes in direct contact with or results from the production or use of any raw material, intermediate product, finished product, byproduct, or waste product. Indicate the average daily volume, in gallons per day, of process wastewater and non-process wastewater that the SIU discharges into the collection system. Specify whether discharges are continuous or batch (non-continuous).

e. Pretreatment standards

Indicate whether the SIU is subject to Technically Based Local Limits (TBLLs) and/or categorical pretreatment standards. TBLLs are enforceable local requirements developed by treatment works to address federal standards as well as state and local regulations and requirements. Categorical pretreatment standards are national technology-based standards developed by EPA, setting industry-specific effluent limits. These standards are implemented by *40 CFR Parts 405-471*.

f. Industrial user interruptions

Provide information concerning problems the treatment works has experienced that are attributable to discharges from the SIUs. Problems may include Acts of God, interferences or pass through at the facility, corrosion in the collection system, or other similar events.

INSTRUCTIONS FOR DOMESTIC WORKSHEET 7.0 - CLASS V INJECTION WELL INVENTORY/AUTHORIZATION FORM

Worksheet 7.0 must be completed by amendment, new and renewal applications that inject treated effluent via subsurface systems. Existing facilities with a registration number need only supply that number and the date of authorization in Section 1 of Worksheet 7.0 in lieu of completing the full worksheet.

Facilities associated with large capacity septic systems (LCSS) (design of 5,000 gpd or greater), septic systems that accept industrial waste, and subsurface area drip dispersal systems (SADD) are required to obtain a wastewater discharge permit **and** submit the Class V inventory form. Subsurface systems include, but are not limited to drainfields, beds, trenches, pressure dosing, mound system, subsurface, or drip/trickle irrigation. For questions regarding whether the method of disposal is subsurface, contact the TCEQ Underground Injection Control (UIC) Team of the Industrial and Hazardous Waste Section at 512/239-2334. With the exception of LCSS, SADD, and septic systems that accept industrial waste, all other facilities using subsurface injection must obtain approval prior to construction, operation, or conversion.

For assistance in completing Worksheet 7.0, please contact the TCEQ Underground Injection Control Team at (512) 239-2334. Please complete and return Worksheet 7.0 separately to the following address:

TCEQ
Industrial and Hazardous Wastes Permits Section (MC 130)
PO Box 13087
Austin, Texas 78711-3087

Instructions for TCEQ Class V injection well inventory/authorization form

Submit an original and one copy of the inventory /authorization form to the TCEQ Industrial and Hazardous Wastes Permits Section, MC-130, PO Box 13087, Austin, Texas 78711-3087.

As stated in *30 Texas Administrative Code §331.21, ""All geoscientific information submitted to the agency under this chapter shall be prepared by, or under the supervision of, a licensed professional geoscientist or a licensed professional engineer and shall be signed, sealed, and dated by the licensed professional geoscientist or licensed professional engineer in accordance with the Texas Geoscience Practice Act and the Texas Engineering Practice Act.""* Any application submitted shall be signed, sealed and dated on the cover letter. In addition to the inventory/authorization form, the TCEQ requires that a Core Data Form (Form 10400) be submitted on all incoming applications. For more information regarding the Core Data Form, call (512) 239-5175 or go to the TCEQ website at:

http://www.tceq.texas.gov/permitting/central_registry/guidance.html

If you are applying for two or more Class V injection wells that are of similar construction at the same facility you may use one form. If you are applying for Class V injection wells of different construction or at different facilities then use one form per construction type and/or facility.

Complete Section I for all notifications and Sections II through V as appropriate.

The purpose of this form is to serve as the means for the Class V injection well owner or operator to provide notice to the UIC Program of intent to construct, operate, and/or convert a well in accordance with the inventory and approval requirements of *30 Texas Administrative Code §331.10*. No Class V injection well may be constructed, operated, and/or converted without prior approval from the executive director.

EXAMPLE 1 – Wastewater Treatment Processes or Process Modifications

Conventional plug flow activated sludge - Settled wastewater and recycled activated sludge enter the head end of the aeration tank and are mixed by diffused air or mechanical aeration. Air application is generally uniform throughout tank length. During the aeration period, adsorption, flocculation, and oxidation of organic matter occur. Activated-sludge solids are separated in a secondary settling tank.

Complete-mix activated sludge - Process is an application of the flow regime of a continuous-flow stirred-tank reactor. Settled wastewater and recycled activated sludge are introduced typically at several points in the aeration tank. The organic load on the aeration tank and the oxygen demand are uniform throughout the tank length.

Denitrification - Denitrification is the process of converting nitrate nitrogen into nitrogen gas, usually accomplished in the effluent from an activated sludge nitrification process.

Tapered aeration activated sludge - Tapered aeration is a modification of the conventional plug-flow process. Varying aeration rates are applied over the tank length depending on the oxygen demand. Greater amounts of air are supplied to the head of the aeration tank, and the amounts diminish as the mixed liquor approaches the effluent end. Tapered aeration is usually achieved by using different spacing of the air diffusers over the tank length.

Step-feed activated sludge - Step feed is a modification of the conventional plug-flow process in which the settled wastewater is introduced at several points in the aeration tank to equalize the F/M ratio, thus lowering peak oxygen demand. Generally three or more parallel channels are used. Flexibility of operation is one of the important features of this process.

Modified aeration activated sludge - Modified aeration is similar to the conventional plug-flow process except that shorter aeration times and higher F/M ratios are used. BOD removal efficiency is lower than other activated sludge processes.

Contact stabilization activated sludge - Contact stabilization uses two separate tanks or compartments for the treatment of wastewater and stabilization of activated sludge. Stabilized activated sludge is mixed with influent wastewater in a contact tank. Return sludge is aerated separately in a reaeration tank to stabilize the organic matter.

Extended aeration activated sludge- Extended aeration process is similar to the conventional plug flow process except that it operates in the endogenous respiration phase of the growth curve, which requires a low organic loading and long aeration time. This process is used extensively for prefabricated package facilities for small communities and in oxidation ditch (continuous loop reactor) facilities.

High-rate aeration activated sludge- High-rate aeration is a process modification in which high MLSS concentrations are combined with high volumetric loadings. This combination allows high F/M ratios and long mean cell-residence times with relatively short hydraulic detention times. Adequate mixing is very important.

Kraus process - Kraus process is a variation of the step aeration process used to treat wastewater with low nitrogen levels. Digester supernatant is added as a nutrient source to a portion of the return sludge in a separate aeration tank designed to nitrify. The resulting mixed liquor is then added to the main plug-flow aeration system.

High-purity oxygen - High-purity oxygen is used instead of air in the activated-sludge process. Oxygen is diffused into covered aeration tanks and is recirculated. A portion of the gas is wasted to reduce the concentration of carbon dioxide. pH adjustment may also be required. The amount of oxygen added is about four times greater than the amount that can be added by conventional aeration systems.

Membrane Bioreactor Systems - Membrane bioreactors combine suspended growth activated sludge treatment with membrane filtration systems, typically in a common basin. High levels of treatment can be achieved without the need for final clarification and effluent filtration.

Nitrification - Nitrification is the biological oxidation of ammonia into nitrites and then nitrates by microorganisms in the activated sludge treatment process.

Nutrient Removal - Nutrient removal generally refers to the removal of nitrogen and/or phos-phorus from wastewater. Biological processes, membrane filtration, sand filtration, or a combi-nation of these processes may be used for nutrient removal.

Oxidation ditch - The oxidation ditch consists of a ring or oval shaped continuous loop activated sludge reactor and is equipped with mechanical aeration devices. Screened wastewater enters the ditch, is aerated, and circulates at a velocity of 0.8 to 1.2 ft/s (0.24 to 0.37 m/s). Oxidation ditches typically operate in the extended aeration mode with long detention and solids retention times.

Sequencing batch reactor - A fill and draw activated sludge treatment system that is identical to conventional activated sludge systems, except that the processes are carried out sequentially in the same tank. An SBR system has the following five steps that are carried out in sequence: fill, react, settle, draw, and idle. Mixed liquor remains in the reactor during all cycles, thereby eliminating the need for separate secondary sedimentation tanks and return activated sludge pumps.

EXAMPLE 2 – Treatment Units

LIQUID TREATMENT PROCESSES

Primary Treatment

01 Pumping raw wastewater
02 Preliminary treatment – bar screen
03 Preliminary treatment – grit re-moval
04 Preliminary treatment - commi-nutors
05 Preliminary treatment - others
B1 Imhoff tank
06 Scum removal
07 Flow equalization basins
08 Preaeration
09 Primary sedimentation
D2 Septic tank
A5 Facultative lagoon

Secondary Treatment

10Trickling filter – rock media
11 Trickling filter – plastic media
12 Trickling filter – redwood slats
13 Trickling filter – other media
14 Activate sludge – conventional
15 Activate sludge – complete mix
16 Activate sludge – contact stabilization
17 Activated sludge – extended aeration
18 Pure oxygen activate sludge
19 Bio-Disc (rotating biological filter)
20 Oxidation ditch
21 Clarification using tube settlers
22 Secondary clarification
B6 Constructed wetlands
E5 Natural treatment
E6 Overland flow

Advanced Treatment - Biological

23 Biological nitrification – separate stage
24 Biological nitrification - combined
25 Biological denitrification
26 Post aeration (reaeration)

Advanced Treatment – Physical/Chemical

27 Microstrainers – primary
28 Microstrainers – secondary
D1 Dunbar Beds
29 Sand filters
30 Mix media filters (sand and coal)
31 Other filtrations
B2 Bubble diffuser (compressor)
32 Activated carbon – granular
B3 Mechanical surface aerator
33 Activated carbon-powered
34 Two stage lime treatment of raw wastewater
35 Two stage tertiary lime treatment
36 Single stage lime treatment of raw wastewater
37 Single state tertiary lime treatment
38 Recarbonation
39 Neutralization
40 Alum addition to primary
41 Alum addition to secondary
42 Alum addition to separate state tertiary
43 Ferri-chloride addition to primary
44 Ferri-chloride addition to secondary
45 Ferri-chloride addition to separate stage tertiary
46 Other chemical additions
47 Ion exchange
48 Breakpoint chlorination
49 Ammonia stripping
50 Dechlorination

Disinfection

51 Chlorination for disinfection
52 Ozonation for disinfection
53 Other disinfection
D3 Ultra violet light

Land Treatment

54 Land treatment of primary effluent
55 Land treatment of secondary effluent
56 Land treatment of intermediate effluent (less than secondary)

Other Treatment

57 Stabilization lagoons
58 Aerated lagoons
59 Outfall pumping
60 Outfall diffuser
61 Effluent to other plants
62 Effluent outfall
63 Other treatment
64 Evapo-transpiration beds
64 Recalcination

Disposal Method

A7 Irrigation – public access
A8 Irrigation – agricultural
B4 Evapo-transpiration beds
B6 Constructed wetlands
C1 Irrigation – pastureland
D4 Pressure dosing system
D5 Percolation system
D8 Other reuse method
E1 Evaporation/plays
E2 Discharge only
E3 Discharge and (use other #)
E4 Injection well(s)

SLUDGE TREATMENT PROCESSES

65 Aerobic digestion – air
66 Aerobic digestion – oxygen
67 Composting
68 Anaerobic digestion
69 Sludge lagoons
70 Heat treatment – dryer
71 Chlorine oxidation of sludge
72 Lime stabilization
73 Wet air oxidation
74 Dewatering – sludge drying beds, sand
F2 Dewatering – sludge drying bed vacuum assted
75 Dewatering – mechanical-vacuum filter
76 Dewatering – mechanical – centrifuge
77 Dewatering – mechanical – filter press
78 Dewatering – others
79 Gravity thickening
80 Air flotation thickening
D6 Sludge holding tank

Incineration

81 Incineration – multiple hearth
82 Incineration – fluidized beds
83 Incineration – rotary kiln
84 Incineration –others
85 Pyrolysis
86 Co-incineration with solid waste
87 Co-pyrolysis with solid waste
88 Co-incineration - others

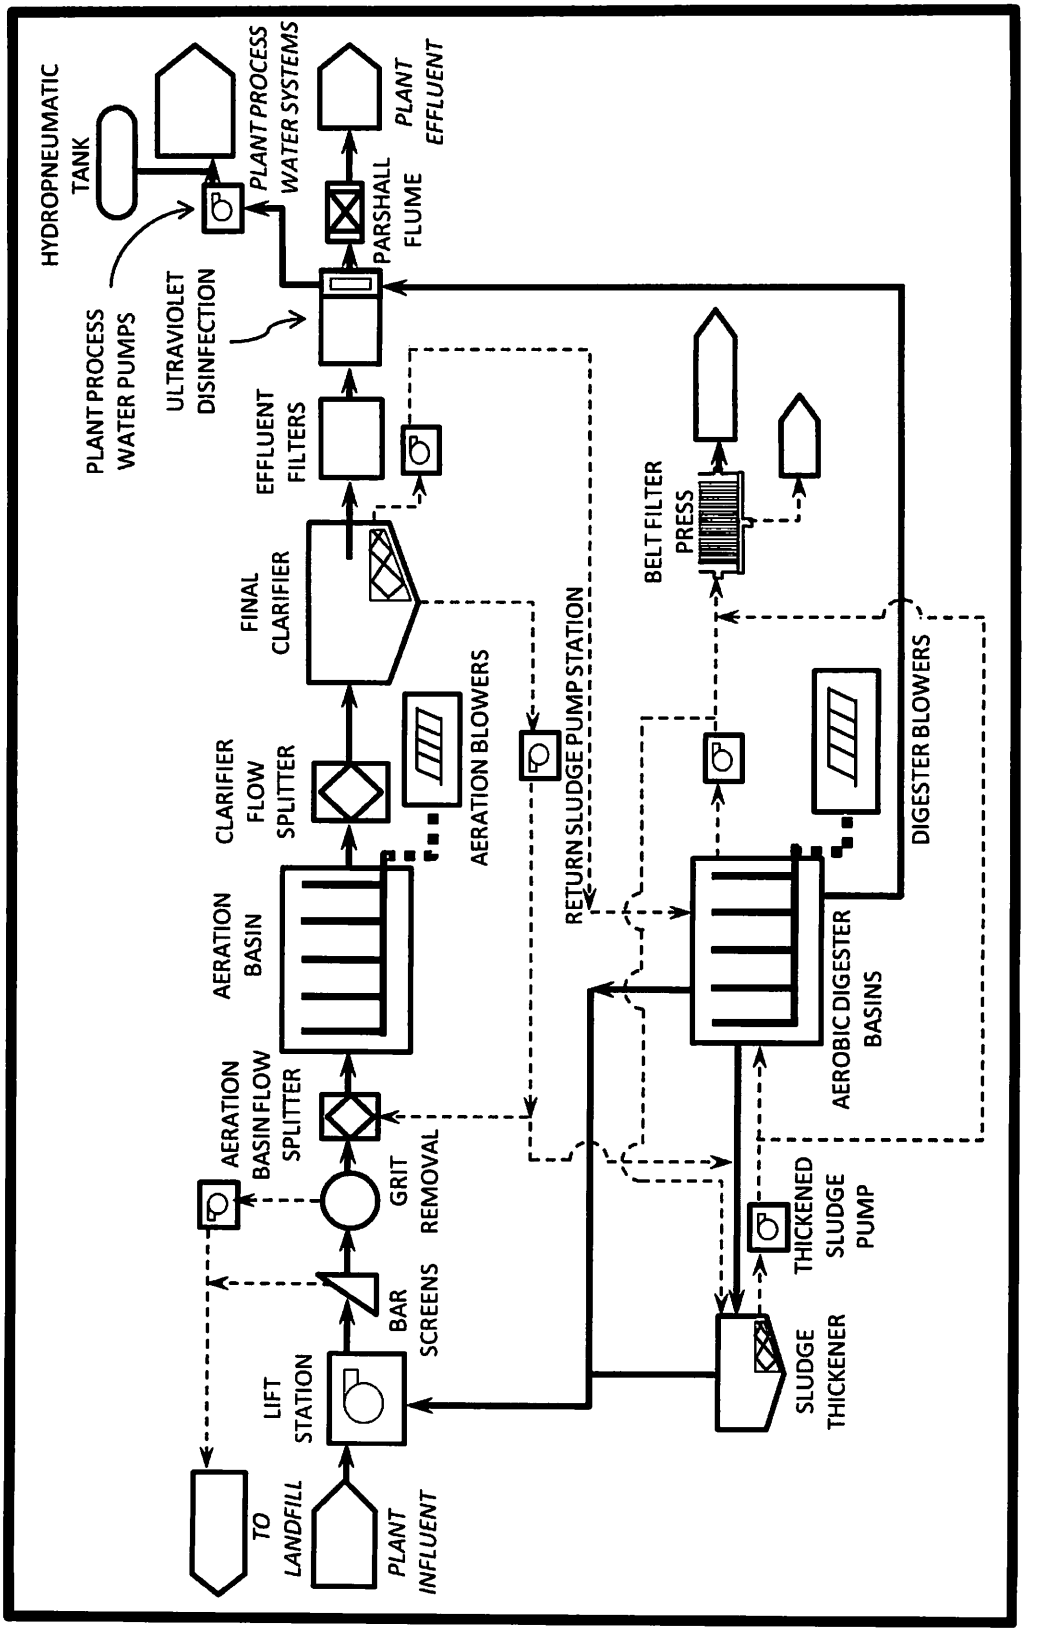
SLUDGE DISPOSAL

89 Co-disposal landfill
D7 Sludge – only monofill
90 Land application (permitted)
91 Commercial land application (register)
92 Trenching
B5 Transport to another WWTP
F3 Transport to Regional compost facility
94 Other sludge handling
95 Digest gas utilization facilities
E7 Commercial land application (permit)
F4 Dedicated land disposal
F5 Marketing and distribution composted
F6 Marketing and distribution non-composted

MISCELLANEOUS

96 Control/lab/maintenance buildings
97 Fully automated using digital control computer (computer)
98 Fully automated using analog control
99 Semi-automated plant
A1 Manually operated and controlled plant
A2 Package plant
A3 Semi-package plant
A4 Custom built plant
A7 Irrigation – public access
A8 Irrigation – agriculture
A9 Effluent storage lagoons (irrigation)
C1 Irrigation – pastureland
D8 Other reuse method
D9 Emergency holding lagoons
E1 Evaporation or playa
E8 Monitoring wells
E9 Biomonitoring
F7 Stormwater (SSO)
F8 Unconventional

EXAMPLE 3 – Flow Diagram



EXAMPLE 4 – Design Calculations

Influent Quality Characteristics - The raw sewage characteristics used for design purposes are as follows:

Parameter	Concentration
BOD_5	250 mg/L
TSS	240 mg

Influent Flow Characteristics - The hydraulic design of the facility must ensure that the facility will operate under the most extreme conditions anticipated. The facility process and hydraulic design for this facility are as follows:

Table EX4(1) – Design Calculations

Flow	Gallons Per Day	Gallons Per Minute
Average Daily Flow (Q_{ave})	225,000	156
Peak 2-Hour Flow (Q_{pk})	900,000	625

Loading	Pounds Per Day
BOD_5	469.4
TSS	450.7

Process Design - The treatment facility will be designed to produce an effluent quality in compliance with the proposed permitted parameters of:

$CBOD_5$ = 10 mg/L; TSS = 15 mg/L; NH_3-N = 3 mg/L; DO = 4.0 mg/L;

Cl_2 Residual = 1 to 4 mg/L after 20 minutes detention time at peak flow.

In order to achieve the required removal efficiencies, the activated sludge process operated in the conventional mode with nitrification has been chosen. The 7-day low reactor temperature is 15°. The anticipated operating ranges for MLSS and RAS are 3,000 mg/L and 6,000 mg/L, respectively. Other assumptions include a single stage aerobic digester with supernatant decant and digester solids concentration of 2%.

Treatment Units

Table EX4(2) - Aeration Basin

Aeration Basin	TCEQ Requires	Actual Provided
Organic loading rate (lbs/day/1000 ft^3)	25 (Max)	20
Total aeration volume (ft^3)	18,776	23,470

TableEX4(3) - Clarifier

Clarifier	TCEQ Requires	Actual Provided
Surface loading rate (Q_{pk}) (gallons/day/ ft^2)	1,200 (Max)	1,000
Detention time (Q_{pk}) (hr)	1.8 (Min)	2.2
Surface area (ft^2)	750	908
Volume (ft^3)	9,024*	11,029
Side-water depth (ft)	10 (Min)	12
Maximum weir loading (Q_{pk}) (gallons/day/ft)	20,000 (Max)	15,000
Diameter (ft)	31	34
Weir length (ft)	45	60

Table EX4(4) - Aerobic Digester

Aerobic Digester	TCEQ Requires	Actual Provided
MCRT at 15°C (days)	60 (Min)	60
WAS solids production (ppd)	Not specified	280
Digested sludge solids production (ppd)	Not specified	200
Required solids in digester (lbs)	Not specified	12,000
Digester Volume (ft^3)	Not specified	9,618

Table EX4(5) - Chlorine Contact Chamber

Chlorine Contact Chamber	TCEQ Requires	Actual Provided
Detention time (Qpk) (minutes)	20	25
Volume (Qpk) (ft^3)	1,672	2,089

Air Requirements

Table EX4(6) - Aeration Basin

Aeration Basin	TCEQ Requires	Actual Provided
Aeration requirements (SCF/day/lb BOD_5)	3,200	3,200
Oxygen required (lb O_2/lb BOD_5)	2.2	2.2
Oxygen required (lb/day)	1,032	1,032
Air provided (SCFM)	923	923

Table EX4(7) - Sludge Digester

Sludge Digester	TCEQ Requires	Actual Provided
Aeration requirements (SCFM/1,000CF)	20	26
Air Flow Rate (SCFM)	193	250

*** Minimum volume needed to meet 1.8 hour detention time in clarifier.**

Facility design features

A. Emergency Power Requirements

In accordance with *30 TAC §217.36* and due to the number and duration of power outages that have occurred in the past, the treatment facility must incorporate an on-site automatically starting generator capable of continuously operating all critical wastewater treatment system units. The fuel tank must be sized for a run time greater than the longest power outage in the power records. This generator will provide sufficient power for the following units:

1. 3 - Influent Lift Station Pumps
2. 1 - Mechanical Bar Screen
3. 2 - Activated Sludge Mechanical Surface Aerators (one in each basin)
4. 2 - Final Clarifier Sludge Scrapers
5. 1 - Return Activated Sludge Pump
6. Chlorination system
7. Dechlorination system
8. Effluent Metering Station
9. Lighting Panels and Control Equipment

An automatic transfer switch will be included to transfer electrical loads to the generator during an outage. In accordance with *30 TAC §217.37*, the disinfection system will automatically restart during a power outage and upon transfer back to the main power source.

B. Alarm Features

The facility will be equipped with a Supervisory Control and Data Acquisition (SCADA) system to monitor the operation of all critical treatment units. The control room will include a computer with graphic display of the treatment units that will indicate status and alarm conditions. The computer system will include an autodialer to alert facility personnel of the following conditions:

1. Power Outage
2. Influent Lift Station Wet Well High Level
3. Bar Screen Channel High Level
4. Final Clarifier Torque Overload
5. Equipment Failure
6. Chlorine Leak Detection
7. Sulfur Dioxide Leak Detection

The autodialer will store prerecorded messages concerning each alarm condition and the procedure to be followed and will call up to 8 different phone numbers until the alarm condition is acknowledged. The influent lift station and final clarifiers will also be equipped with local alarm lights for high level and high torque respectively.

C. Design Features for Reliability And Operating Flexibility

1. Influent lift station: The influent lift station will include three submersible pumps sized to meet peak flow pumping capacity with the largest unit out of service. Level switches will automatically start and stop the pumps based on influent flows and rising and falling wet well levels. High wet well level will result in an alarm condition.
2. Bar screen: The mechanical bar screen structure will include a bypass channel with a manual screen for use when needed. Slide gates will be used to isolate each channel as required.
3. Grit chamber: The grit chamber will include a bypass channel and slide gates to allow the chamber to be taken out of service for maintenance and repair.
4. Aeration basins: Two aeration basins will be included, each capable of continuous operation. Piping and valves will be included to allow each unit to be individually isolated for draining, cleaning or repairs.

D. Overflow prevention

The following design features will be used to prevent the overflow of wastewater from treatment units.

1. Based on 5 years of historical flow data, the facility design includes a peaking factor of 3.5 to insure adequate hydraulic capacity.
2. The influent lift station will be designed with the capacity to pump peak flow with the largest single pump out of service.
3. The facility hydraulic design, including piping, channels, weirs, troughs and other features, will be sized to allow the 2-hour peak flow to pass through the facility without exceeding minimum freeboard requirements with any single treatment unit out of service.

EXAMPLE 5 – Sludge Management Plan

Influent Design Flow = 0.225 mgd

Influent BOD Concentration = 250 mg/L

Aerobic Digester Volume: 71,950 gallons

Aeration Basin MLSS: 2,000 to 3,000 mg/L

Table EX5(1) – Sludge Production

Solids Generated	100% flow	75% flow	50% flow	25% flow
Pounds Influent BOD5	469	352	235	117
Pounds of digested dry sludge produced*	164	123	82	41
Pounds of wet sludge produced	8,210	6,157	4,105	2,052
Gallons of wet sludge produced	984	738	492	246

***Assuming 0.35 pounds of digested dry sludge produced per pound of influent BOD5 at average temperatures and 2.0% solids concentration in the digester.**

Sludge will be wasted from the RAS flow stream to the aerobic digester. Sludge solids will be stabilized in the digester; supernatant will be decanted from the digester and returned to the facility headworks for treatment.

Table EX5(2) – Sludge Removal Schedule

Removal Schedule (days)	100% flow	75% flow	50% flow	25% flow
Days between Sludge Removal	7	10	14	30

Liquid digested sludge will be removed from the digester for disposal on a regular basis as required. The calculated mean cell residence time (MCRT) for the digester storage volume of 71,950 gal will be approximately 73 days at 100% capacity and annual average digested sludge production of 164 ppd. The digested sludge will be transported by registered hauler, ABC Haulers, Registration # 1234 to XYZ Landfill, Permit No. 9876 in Hays County.

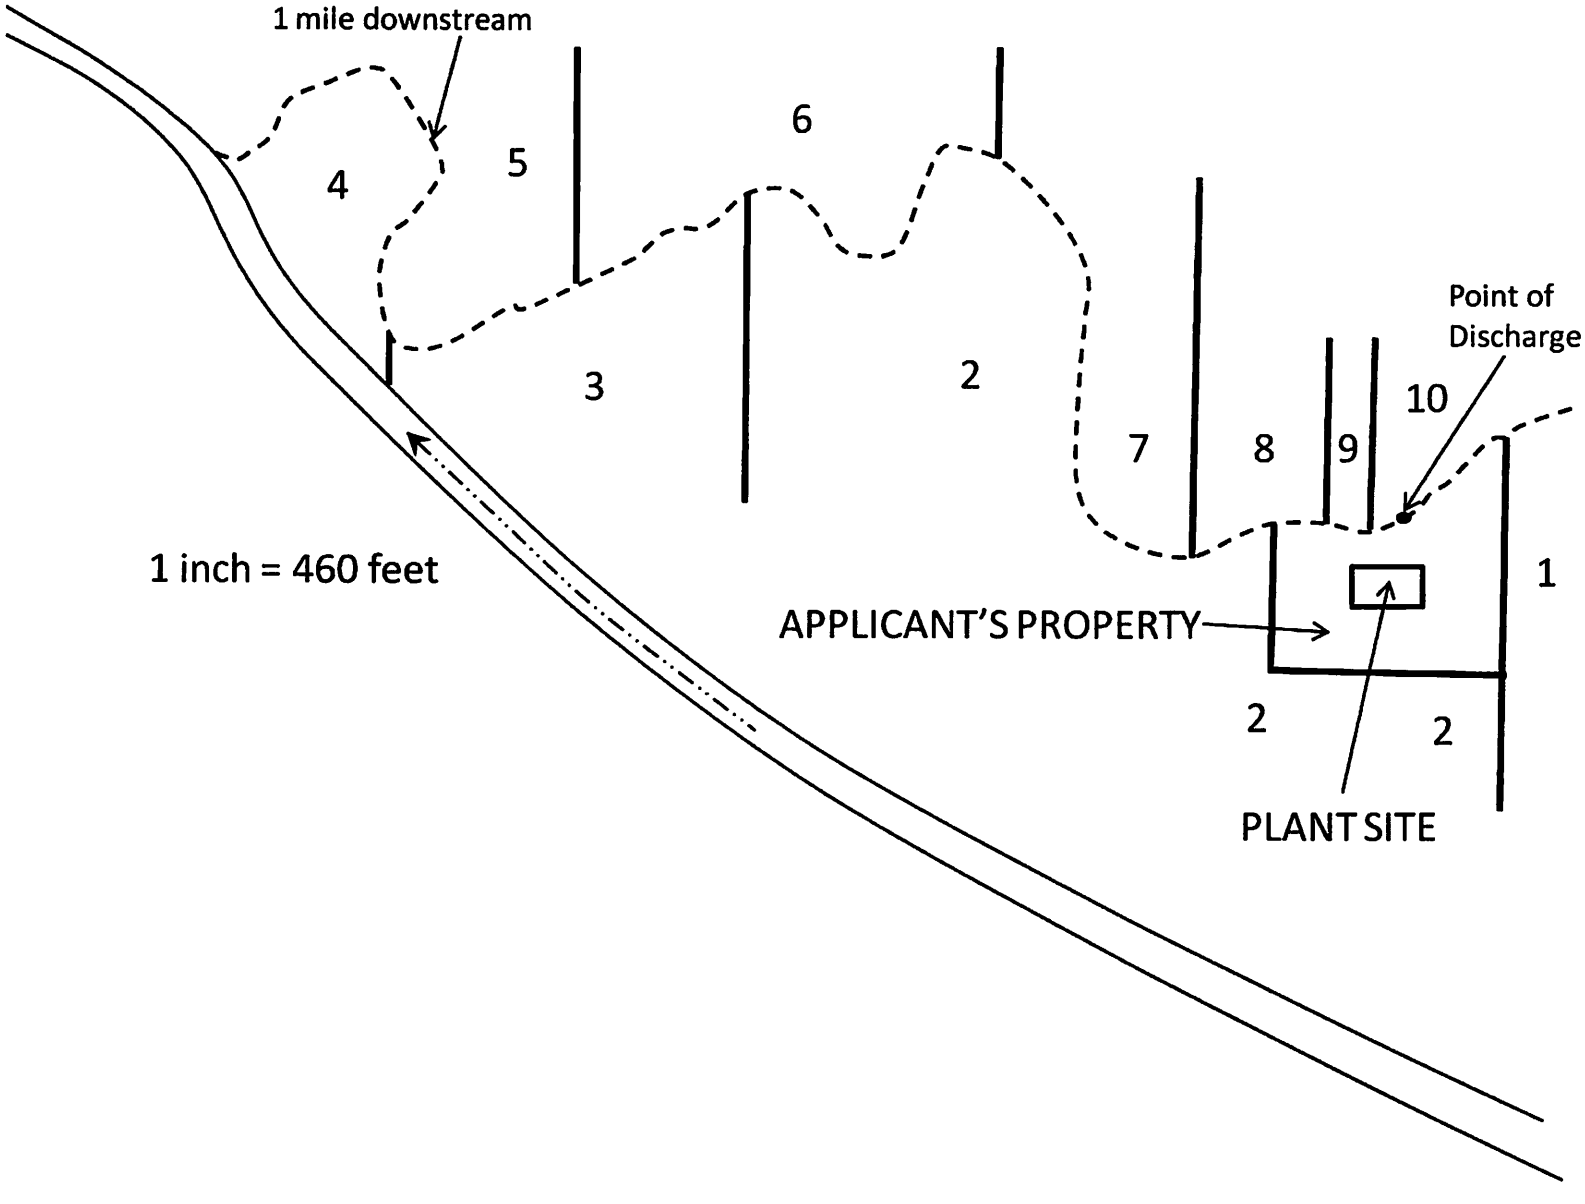
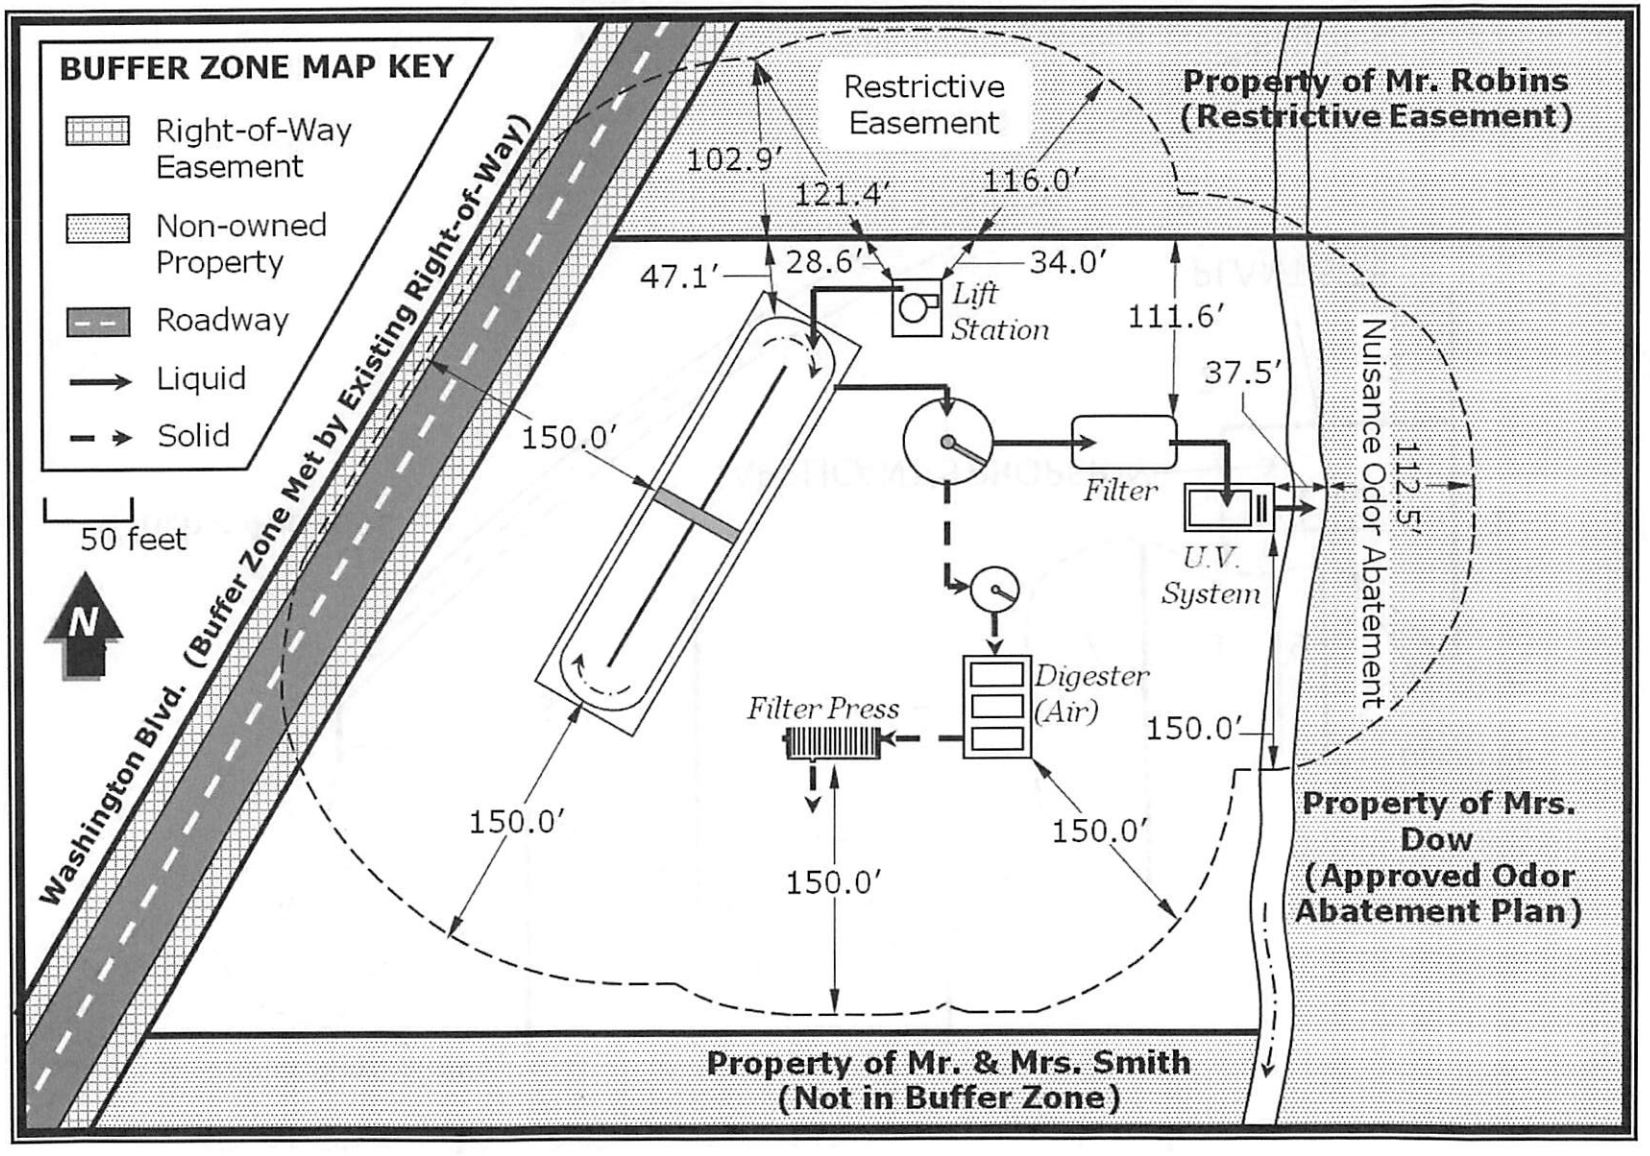
EXAMPLE 7(b) – Adjacent and Downstream Landowners



EXAMPLE 8 – Buffer Zone Map



EXAMPLE 9 – Water Balance and Storage Calculation

Explanation of Tables 1 and 2

Table EX9(1)

Columns

1 Month (example calculations for each column are given for the month of January)

2 Average rainfall for previous 25 years: Data for Corsicana was obtained from the *Texas Water Oriented Data Bank* for the years 1968 through 1992. January: Average rainfall = 2.39 in

3 Average runoff: Method used to determine average runoff is found in *Soil Conservation Service Technical Note No. 210-18-TX5.* A curve number (N) of 78 is appropriate for Crockett soils (Hydrologic Group D) with continuous grass. The antecedent moisture condition for Navarro County is Type II.

$Q = (I - 0.2S)^2/(I + 0.8S)$, and $S = 1000/N - 10$ where Q = runoff in inches

I = average rainfall in inches (from Column 2); and S = potential maximum retention after runoff begins. January: $S = 1000/78 - 10 = 2.82$ in. $Q = [2.39 - 0.2(2.82)]^2/[2.39 + 0.8(2.82)] = 0.72$ in

4 Average Infiltrated Rainfall (R_i): Obtained by subtracting the average runoff from the average rainfall

January: R_i (avg) = (2.39 in) - (0.72 in) = 1.67 in

5 Evapotranspiration (ET); Data obtained from the *Texas Board of Water Engineers, Bulletin 6019: Consumptive Use of Water by Major Crops in Texas, Table 5.* For Coastal Bermuda Grass, applied 90% of the listed values for alfalfa as noted on the table. January: (905)(1.0 in) = 0.90 in.

6 Required leaching to avoid salinity buildup in soil (L): Equation is from *30 TAC 309.20, Table 1.*

$L = [C_e/(C_l - C_e)](E - R_i)$, where C_e = electrical conductivity of effluent (provided by applicant); and

C_l = maximum allowable conductivity of soil solution obtained from *30 TAC 309.20, Table 3.*

If $(E - R_i)$ is less than zero (<0), then L = 0

January: $L = [(5.4 \text{ mg/L})/(12.0 \text{ mg/L} - 5.4 \text{ mg/L})](0.9 \text{ in} - 1.67 \text{ in})$ $(E - R_i) < 0$, therefore L = 0.

7 Total Water Needs: Obtained by adding Evapotranspiration ("E," Column 5) and Required Leaching ("L," Column 6). January: 0.90 in + 0.0 in = 0.90 in

8 Effluent needed in root zone: Obtained by subtracting the average infiltrated rainfall (R_i, Column 4) from Total Water Needs (Column 7). If value is less than zero, then a value of zero is assumed.

January: 0.90 in - 1.67 in = -0.77 and -0.77 < 0, therefore the amount of effluent needed in the root zone = 0.0 in

9 Net evaporation from reservoir surface: Average evaporation data was obtained from the *Texas Water Oriented Data Bank* for the years 1966 through 1990. Values were multiplied by the ration of the surface area of the lagoons (5.5 acres) to the irrigation surface area (58 acres). For this example, the ratio is 5.5/58 = 0.09. January: Evap. = (0.05 feet)(12 in/ft)(0.09) = 0.06 in

10 Effluent to be applied to land: Obtained by dividing the effluent need in root zone (Column 8) by the irrigation efficiency, K (assumed to be 0.85, or 85%). June: 8.8/0.85 = 10.3 in

11 Consumption from reservoir: Obtained by adding the net evaporation from the reservoir surface (Column 9) and the effluent to be applied to the land (Column 10). This is the maximum hydraulic application rate that can be applied over the irrigated area.

June: 0.39 in + 10.3 in = 10.69 inches/acre

Total annual application is 59.96 in per irrigated acre (59.96 in/ac/yr).

Table EX9(2)

Columns

12 Month

13 Effluent received for application or storage: A daily average flow to the irrigation field of 38,000 gallons was requested by the applicant and converted to inches per acre. The average application rate must be less than or equal to the consumption from reservoir (Column 11). Therefore, the maximum monthly average application rate is (59.7 in/yr)/(12 mo/yr) = 4.97 in/mo

Annual: = (38,000 gal/day)(365 days/yr)(12 in/ft)(1 ac/43,560 ft^2)(1 ft^3/7.48 gal)/(58 ac)

= 8.76 in/yr

January: = (8.76 in/yr)(1 yr/12 mo)

= 0.73 in/mo, which is less than 4.97 in/mo calculated in Column 13.

14 Worst rainfall year in the past 25 years distributed proportional to monthly averages: Rainfall data for Corsicana was obtained from the *Texas Water Oriented Data Bank* for the years 1968 through 1992 and distributed proportional to the monthly averages. The worst annual rainfall was 51.9 in which occurred in 1968.

January: (51.9 in)(6.4%) = 3.32 in

15 Worst runoff year in the past 25 years (Q): Used the rainfall figures in Column 14 and calculating worst runoff similar to average runoff as in Column 3.

January: Q = [3.32 in - 0.2(2.82)]2/[3.32 + 0.8(2.82)] = 1.36 in

16 Infiltrated rainfall (R_i): Obtained by subtracting the worst runoff year (Column 15) from the worst rainfall year (Column 14).

January: R_i (worst) = 3.32 in - 1.36 in = 1.96 in

17 Available water: Obtained by adding the amount of effluent received for application or storage (Column 13) and the infiltrated rainfall (Column 16).

January: 0.73 in + 1.96 in = 2.69 in

18 Lowest annual net evaporation in the past 25 years from the reservoir surface: Minimum annual net evaporation data was obtained from the Texas Water Oriented Data Bank for the years 1966 through 1990 and distributed proportional to monthly averages. Values were then multiplied by the ratio of the surface are of the lagoons (5.5 acres) to the irrigation surface area (58 acres). For this example, the ratio is 5.5/58 = 0.09

19 Storage: Obtained by calculating according to *30 TAC 309.20, Table 2.*

Storage = [(Column 13 - Column 18B) - [(Column 7 - Column 16)/k]

If [(Column 7 - Column 16)/k] < 0, it is entered as zero, and Storage = (Column 13 - Column 18)

January: Storage = (0.73 - 0.04)-[(0.9 - 1.96)/0.85] = 0.69 in

20 Accumulated Storage: To allow for the worst condition, the summation of storage was obtained by adding the values obtained in Column 19, beginning with the first consecutive month of positive values. In this case, the summation was started in November. The maximum accumulated storage requirement occurred in February.

Annual: (0.62 in) + (0.67 in) + (0.69 in) + (0.71 in) = 2.69 in-ac/ac

≥ 1.0 MGD	☐ $2,050.00	☐ $2,015.00

Minor Amendment (any flow) ☐ $115.00

A copy of the application fee check must be submitted with the application.

FOR COMMISSION USE ONLY

Segment Number_____ County_____

Expiration Date_____ Region_____

Proposed/Current Permit Number_____

DOMESTIC ADMINISTRATIVE REPORT 1.0

The following is required for all applications: Renewal, New, and Amendment

Type of application:

- ☐ New TPDES
- ☐ New TLAP
- ☐ Major amendment with renewal
- ☐ Minor amendment with renewal
- ☐ Major amendment without renewal
- ☐ Minor amendment without renewal
- ☐ Renewal (no changes)
- ☐ Minor modification of permit

If applying for an amendment or renewal with changes, describe the request in detail.

1. Applicant Information

(Instructions, Page 24)

a. Facility owner

(Owner of the facility must apply for the permit.)

Provide the Legal Name of the entity (applicant) applying for this permit (The legal name must be spelled exactly as filed with the Texas Secretary of State, County, or in the legal document forming the entity.):

_____

If the applicant is currently a customer with TCEQ, provide the Customer Number (CN):
CN:_____

What is the applicant's contact information and mailing address as recognized by the **US Postal Service**?

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____Country Code:_____Postal Code:_____

Indicate the type of Customer:

☐ Individual	☐ Sole Proprietorship-D.B.A.
☐ Limited Partnership	☐ Corporation
☐ Trust	☐ Estate
☐ Federal Government	☐ State Government
☐ County Government	☐ City Government
☐ Other Government	☐ Other:_____

Independent entity

☐ Yes ☐ No *(If governmental entity, subsidiary, or part of a larger corporation)*

Number of Employees:

☐ 0-20; ☐ 21-100; ☐ 101-250; ☐ 251-500; or ☐ 501 or higher

Customer Business Tax and Filing Numbers

(Not applicable to individuals, governments, general partnerships or sole proprietors. ***REQUIRED*** *for corporations and limited partnerships***)**

State Franchise Tax ID Number:_____

TX SOS Charter (filing) Number:_____

Federal Tax ID:_____

DUNS Number (if known):_____

b. Co-permittee information

Complete only if the operator must be a co-permittee).

Provide the Legal Name of the entity (operator) applying for this permit (The legal name must be spelled exactly as filed with the Texas Secretary of State, County, or in the legal document forming the entity.):

Operator:_____

If the operator is currently a customer with TCEQ, provide the Customer Number (CN)?
CN:_____

Provide the co-permittee's contact information and mailing address as recognized by the **US Postal Service**:

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

Indicate the type of Customer:

- ☐ Individual
- ☐ Sole Proprietorship-D.B.A.
- ☐ Limited Partnership
- ☐ Corporation
- ☐ Trust
- ☐ Estate
- ☐ Federal Government
- ☐ State Government
- ☐ County Government
- ☐ City Government
- ☐ Other Government
- ☐ Other:_____

Independent entity

☐ Yes ☐ No *(If governmental entity, subsidiary, or part of a larger corporation)*

Number of Employees:

☐ 0-20; ☐ 21-100; ☐ 101-250; ☐ 251-500; or ☐ 501 or higher

Customer Business Tax and Filing Numbers

(Not applicable to individuals, governments, general partnerships or sole proprietors. ***REQUIRED*** *for corporations and limited partnerships***)**

State Franchise Tax ID Number:_____

TX SOS Charter (filing) Number:_____

Federal Tax ID:_____

DUNS Number (if known):_____

Provide a brief description of the need for a co-permittee:

c. Individual information

Complete only if the facility owner or co-permittee is an individual.

Provide the full Legal Name of the Individual (Owner/Co-permittee) applying for this permit: _____

If the owner/co-permittee is currently a customer with TCEQ, provide the Customer Number (CN)**:**_____

Provide the applicant's contact information and mailing address as recognized by the **US Postal Service**?

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____State:_____ZIP Code:_____

Mailing Information if outside USA

Territory:_____Country Code:_____Postal Code:_____

2. Billing Contact

(Instructions, Page 28)

The permittee is responsible for paying the annual fee. The annual fee will be assessed to permits **in effect on September 1 of each year.** *TCEQ will send a bill to the address provided in this section. The permittee is responsible for terminating the permit when it is no longer needed using TCEQ form number 20029.*

Is the billing address the same as the permittee or co-permittee?

☐ Permittee ☐ Co-permittee ☐ **No**, fill out this section

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

3. Application Contact Information

(Instructions, Page 28)

If TCEQ needs additional information regarding this application, who should be contacted?

a. First application contact

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

Check one or both: ☐ Administrative contact ☐ Technical Contact

b. Alternate application contact

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

Check one or both: ☐ Administrative contact ☐ Technical Contact

4. DMR/MER Contact Information

(Instructions, Page 28)

Contact Responsible for Discharge Monitoring Reports (EPA 3320-1) or Monthly Effluent Reports. Provide the name of the person and their complete mailing address delegated to receive and submit Discharge Monitoring Report Forms.

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

Did you know you can submit DMR data on line?
Go to Sign up now at:
http://www.tceq.texas.gov/field/netdmr/netdmr.html
Establish an electronic reporting account when you get your permit number.

5. Permit Contact Information

(Instructions, Page 28)

Provide two names of individuals that can be contacted throughout the permit term.

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

Prefix (Mr, Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

6. Notice Information

(Instructions, Page 29)

a. Individual associated with the applicant responsible for publishing the notices

Prefix (Mr. Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Phone No.:_____ Extension:_____

Fax No.:_____ E-mail Address:_____

Organization Name:_____

Mailing Address:_____

Internal Routing (Mail Code, Etc.):_____

City:_____ State:_____ ZIP Code:_____

Mailing Information if outside USA

Territory:_____ Country Code:_____ Postal Code:_____

b. Method for receiving Notice of Receipt and Intent to Obtain a Water Quality Permit Package

Indicate by a check mark the preferred method for receiving the first notice and instructions:

- ☐ E-mail Address:_____
- ☐ Fax No.:_____
- ☐ Overnight/Priority mail: (self addressed, prepaid envelope required)
- ☐ Regular Mail:

  Mailing Address:_____

  Internal Routing (Mail Code, Etc.):_____

  City: _____ State:_____ ZIP Code:_____

c. Contact in the notice

Prefix (Mr. Ms, Miss):_____

First/Last Name:_____

Suffix (Jr, Sr, III):_____ Title:_____ Credential:_____

Organization Name:_____

Phone No.:_____ Extension:_____

d. Public place information

If the facility and/or outfall is located in more than one county, a public viewing place for each county must be provided.

Public Building name:_____

Location within the building:_____

Physical address of building:_____

City:_____ County:_____

Contact Name:_____

Phone No.:_____ Extension:_____

e. Bilingual notice requirements

For new permit applications, major amendment and renewal applications. Not applicable for minor amendment or minor modification applications.

Please call the bilingual/ESL coordinator at the nearest elementary and middle schools and obtain the following information to determine if an alternative language notice is required:

1. Is a bilingual education program required by the Texas Education Code at the nearest elementary or middle school to the facility or proposed facility?

☐ Yes ☐ No

(**If No**, alternative language notice publication is not required; skip to item 7. Regulated Entity and Permitted Site Information.)

2. Are the students who attend either the elementary school or the middle school enrolled in a bilingual education program at that school?

☐ Yes ☐ No

3. Do the students at these schools attend a bilingual education program at another location?

☐ Yes ☐ No

4. Would the school be required to provide a bilingual education program but the school has waived out of this requirement under *19 TAC §89.1205(g)*?

☐ Yes ☐ No
