PROCLAMATION DECLARING FEBRUARY 2016 AS
CANNED FOOD MONTH IN HIDALGO COUNTY

WHEREAS, the Food Bank of the Rio Grande Valley, Inc. is celebrating its 30th year of operation, serving 45,000 people every week; and

WHEREAS, the Food Bank asks that people celebrate Canned Food Month by hosting food drives or by making a charitable donation; and

WHEREAS, canned food is a staple for the Food Bank, providing some of the most accessible dietary options for its clients; and

WHEREAS, the Food Bank distributed a record 35 million pounds of food to hungry families in Hidalgo, Willacy and Cameron counties in 2015. The Food Bank of the Rio Grande Valley is the 5th largest in Texas and 36th largest in the nation; and

WHEREAS, the Food Bank is affiliated with Feeding America and the Texas Food Bank Network and shares its mission with up to 250 charities, churches, and non-profit "Partner Agencies;" and

WHEREAS, the Food Bank partners with the County of Hidalgo as the Donations and Volunteer Coordinator in times of disasters and emergencies.

NOW, THEREFORE, BE IT RESOLVED that the Hidalgo County Commissioners Court does hereby proclaim the month of February as Canned Food Month and encourages Hidalgo County departments, other local governments, businesses, churches, schools, and residents to support the Food Bank of the Rio Grande Valley, Inc.

Approved this 16th day of February 2016.

February 16, 2016

Mr. Henry Woltag
Project Manager
EDP Renewables
808 Travis St., Suite 700
Houston, TX 77002

Dear Henry,

On behalf of the Hidalgo County Commissioners Court, I would like to acknowledge our support for the wind power project of your affiliate, Hidalgo Wind Farm LLC, which is to be partially located in Hidalgo County (the "Hidalgo Wind Farm").

Per your request at the February 16, 2016, Commissioners Court meeting for a statement from Hidalgo County regarding the Hidalgo Wind Farm's compliance with zoning, please be aware that Hidalgo County, at the present time, has no zoning regulations with regard to the above mentioned project.

If applicable, items that may be subject to review of planning, health, fire and safety regulations of Hidalgo County are as follows: site plan, drainage/detention plan, floor plans and an on-site septic design for sewage disposal if no sanitary sewer is available. In addition, there may be certain state and/or local regulations to which this type of operation may be subject that Hidalgo County has no jurisdiction over.

We look forward to working with you as the project moves forward.

Sincerely,

_____

County Judge Ramon Garcia

Office of the Governor

Criminal Justice Division

Funding Announcement:

Violence Against Women Justice and Training Program

December 30, 2015

Opportunity Snapshot

Below is a high-level overview of many of the elements of this opportunity. Full information is provided in the funding announcement that follows.

Purpose

The purpose of this funding is to assist in developing and strengthening effective law enforcement, prosecution and court strategies to combat family violence, sexual assault, sexual human trafficking, dating violence and stalking crimes against women and to develop and strengthen victim services in such cases.

Funds Available

It is anticipated that up to $6 million may be funded under this announcement.

Budget

The minimum allowed under this program is $5000 and there is no limit on the amount of funding an agency can request. Applicants are strongly cautioned to only apply for the amount of funding they can responsibly expend in the grant period.

Match

Grantees must provide matching funds equal to 35% of the total project cost. The match requirement can be met through cash or in-kind contributions.

Project Periods

A project funded may not exceed a 12-month period.

Organizational Eligibility

Applications may be submitted by community supervision and corrections departments, councils of governments (COGs), Indian tribal governments, nonprofit corporations, universities and colleges, state agencies, and units of local government.

Note: Nonprofit agencies seeking to provide direct victim services will not be considered for funding under this solicitation and should instead apply under the General Victim Assistance - Direct Services funding announcement.

Contact Information

If additional information is needed, contact the eGrants help desk at eGrants@gov.texas.gov or (512) 463-1919.

About CJD **13**

Violence Against Women Justice and Training Program

The goal of the Criminal Justice Division (CJD) is to provide needed funding to improve public safety and support victims of crime by filling system gaps and promoting innovative solutions to common problems. CJD is accepting applications for projects that promote a coordinated, multidisciplinary approach to improving the criminal justice systems response to violent crimes against women, including domestic violence, sexual assault, dating violence, and stalking.

If you are interested in applying for a grant under this program, follow the four-step process outlined below.

- **Step One - Review the Process:** Get familiar with the funding announcement and the process used for this particular program.
- **Step Two - Consider the Requirements:** Consider the eligibility requirements as well as what will be required of successful applicants.
- **Step Three - Apply in eGrants.** Compile and submit your grant application. To understand how to apply online or to register for the system go to https://eGrants.gov.texas.gov.
- **Step Four – Funding Decisions and Grant Acceptance.** Await the funding decision, which is provided through a grant award or other notice from CJD. If you receive an award, complete the acceptance process to access funds.

Step 1: Review the Process

Timeline

Action	Date
Funding Announcement Release	December 21, 2015
Online System Opening Date	December 30, 2015
Final Date to Submit an Application	February 26, 2016 at 5:00 PM CST
Earliest Start Date	September 1, 2016
Latest Start Date	November 1, 2016

Submission Method

Applicants must submit applications through via eGrants (https://eGrants.gov.texas.gov) by the deadline listed above.

Step 2: Consider the Requirements

Organizational Eligibility

Applications may be submitted by community supervision and corrections departments, councils of governments (COGs), Indian tribal governments, nonprofit corporations with an active charter number from the Texas Secretary of State, universities and colleges, state agencies, and units of local government.

Note: Nonprofit agencies seeking to provide direct victim services will not be considered for funding under this solicitation and should instead apply under the General Victim Assistance - Direct Services Request for Applications.

Funding and Project Period Limits

Funding Limits. The minimum award under this program is $5000 and there is no limit on the amount of funding an applicant can request. Applicants are strongly cautioned to only apply for the amount of funding they can responsibly expend in the grant period.

Multiple Application Submissions. Applicants are strongly encouraged to streamline administrative and reporting processes by consolidating grant requests whenever possible in lieu of submitting multiple applications.

Project Period. A funded project may not exceed a 12-month grant period.

Available Funding. It is anticipated that up to $6 million may be funded under this announcement. The number of awards will depend upon the number of eligible applicants and the availability of funding.

Source of Funding. Federal funding is authorized for these projects under the Violence Against Women Act of 2013, Pub. L. No. 113-4 (VAWA 2013). Congress has not finalized federal appropriations for federal fiscal year 2016. All awards are subject to the availability of appropriated federal funds and any modifications or additional requirements that may be imposed by law.

Match Requirement

Grantees must provide matching funds equal to 35% of any CJD award amount. The match requirement can be met through cash or in-kind contributions.

Eligible Expenses

- Personnel
- Equipment
- Supplies and direct operating cost
- Travel and training cost

Ineligible Costs and Activities

Grant funds may not be used to support the following services, activities, and costs:

1. supplanting or use of grant funds to replace any other existing federal, state or local funds;
2. inherently religious activities such as prayer, worship, religious instruction, or proselytization;
3. lobbying;
4. Fundraising;
5. Membership dues for individuals;
6. Promotional gifts;
7. Construction, renovation, or remodeling;
8. Medical Services;
9. Any other prohibition imposed by federal, state, or local law regulation;
10. Entertainment, including amusement, diversion, social activities, and any associated costs (i.e. tickets to shows and sports events, meals, lodging, rentals, transportation, and gratuities) unless there is a clear programmatic purpose and the costs are approved in advance by CJD;
11. any portion of the salary of, or any other compensation for an elected or appointed government official;
12. non-law enforcement vehicles or equipment for government agencies that are for general agency use;
13. law enforcement equipment that is standard department issue including uniforms, safety vest, shields, weapons, tracked armored vehicles, grenade launchers, bayonets, camouflage uniforms and ammunition;
14. transportation, lodging, per diem or any related costs for participants, when grant funds are used to develop and conduct training;
15. processing DNA evidence;
16. research or statistical projects or activities;
17. overtime;
18. cash payments to victims, gift cards or fuel vouchers;
19. legal assistance and representation in civil matters other than protective orders;
20. legal defense services for perpetrators of violence against women;
21. liability insurance on buildings;

22. major maintenance on buildings, including minor renovations, lawn care, landscaping, painting, plumbing and HVAC repair;
23. reimbursement to crime victims for expenses incurred as a result of a crime, such as insurance deductibles, replacement of stolen property, funeral expenses, lost wages, and medical bills;
24. services for programs that primarily focus on children and/or men;
25. activities exclusively related to violence prevention, such as media campaigns to educate the general public about violence against women, public awareness and community education campaigns are also prohibited;
26. criminal defense work, including for women who assault, kill, or otherwise injure their abusers;
27. services to any person incarcerated for committing a crime of domestic violence, dating violence, sexual assault, or stalking;
28. relocation expenses for victims of domestic violence, sexual assault, or stalking such as moving household goods to a new location in another state or acquiring furniture or housing in a new location;
29. creation of a voucher program where victims are directly given vouchers for such services as housing or counseling;
30. prosecution of child sexual abuse when the victim is now an adult;
31. chemical dependency or alcohol abuse programs for offenders that are not an integral part of court mandated Batterers Intervention Prevention Program;
32. activities that may compromise victim safety such as: pre-trial diversion programs or the placement of offenders in these programs;
33. development or presentation of a domestic violence, sexual assault, dating violence or stalking curriculum for primary or secondary schools. Educating students from an existing curriculum would also be prohibited;
34. employee allowances covering routine expenses (i.e. cell phone allowances or vehicle allowances);
35. purchasing prepaid credit/debit or store cards for either agency or victim use.

Reporting Requirements

Financial and Progress Reports. At the end of each quarter of state fiscal year during the one-year grant period, grantees will be required to submit a financial status report via eGrants and a progress report via https://cjd.tamu.edu/ in the format required by CJD.

Program-Specific Requirements

Eligible Funding Areas. Applicants must meet one of the following statewide funding areas:

- Improve the criminal justice system response to victims of violence against women;
- Improve court services regarding domestic violence, sexual assault, dating violence, and stalking;
- Strengthen victim restoration; or
- Increase collaboration and communication across all levels of government and among all victim services.

Eligible Activities. Activities are restricted to:

- Court Services/Improvements (including specialized courts);
- Crisis Services;
- Investigation;
- Legal Advocacy;
- Multi-Disciplinary Teams and Case Coordination;
- Prosecution;
- Protective Order Assistance;
- Training;
- Victim-offender meetings;
- Technology;
- Domestic Violence High Risk Teams; and
- Forensic Interviews.

Cultural Competency. Applicants must be culturally competent when providing services to victims. Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: a) cultural knowledge, awareness and sensitivity are integrated into action and policy; b) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and c) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Required Certifications. Applicants must certify that they will comply with the following requirements:

- Forensic Medical Examination Payments – Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 96 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. The evidence collection portion of the exam is to be paid by

law enforcement per state law. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

- Polygraph Testing Prohibition – A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.
- Protective Orders – Neither victims applying for a protective order nor their attorney may bear the costs associated with the filing, modification, enforcement, dismissal or withdrawal of an order of protections
- Judicial Notification – Offenders subject to a protection order are not allowed to possess a firearm unless the offender is a peace officer who is actively engaged in employment as a sworn, full-time paid employee of a state agency or political subdivision.
- Criminal Charges - In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.
- Nondisclosure of Confidential or Private Information – Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary will be taken to protect the privacy and safety of the persons affected by the release of information.

Program income. Applicant must agree to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant must also agree to report program income to CJD through a formal grant adjustment, to secure CJD approval prior to use of the program income, to use program income only for allowable costs, and to expend program income immediately after CJD's approval of a grant adjustment and prior to requesting reimbursement of CJD funds. For the purposes of this program, the deduction method applies unless prior approval is given by CJD for a different method. Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Standard CJD Requirements

CJD Regulations. Grantees must comply with the standards applicable to this funding source cited in the Texas Administrative Code (1 TAC Chapter 3), and all statutes, requirements, and guidelines applicable to this funding.

Uniform Crime Reports. Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety for inclusion in the annual Uniform Crime Report (UCR) and must have been current for the three previous years. Indian tribal governments are exempt from this requirement.

Criminal History Reporting. The county (or counties) in which the applicant is located must have a 90% average on both adult and juvenile criminal history dispositions reported to the Texas Department of Public Safety for calendar years 2010 through 2014.

Immigration and Customs Enforcement Requests. If the applicant organization is a sheriff's department or the project is providing direct resources to or is being implemented by a sheriff's department, the following certification applies. "I certify that the applicant sheriff's department (department) participates fully, and will continue throughout the grant period to participate fully, in all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security (DHS) to (1) notify DHS of all information requested by DHS related to illegal aliens in the custody of the department, and (2) detain such aliens in accordance with requests by DHS. I further certify that the department has no policy, procedure, or agreement that limits or restricts the department's full participation in all aspects of the programs and procedures utilized by DHS to (1) notify DHS of all information requested by DHS related to illegal aliens in the custody of the department, and (2) detain such aliens in accordance with requests by DHS. I agree that failure to comply with this certification will result in CJD terminating the grant and the department shall return all funds received to CJD. Additionally, I agree that the department will remain ineligible for future CJD funding until it can provide satisfactory evidence that the jurisdiction has been in compliance with this requirement for a period of at least one year."

Step 3: Apply via eGrants

Basics

To apply to CJD for these grants, you must complete or make sure you have already completed some standard requirements. All of the following are needed to apply within eGrants:

- Applicants must have a DUNS (Data Universal Numbering System) number assigned to its agency (to request a DUNS number, go to http://fedgov.dnb.com/webform/displayHomePage.do).
- Applicants must be registered in the federal System for Award Management (SAM) database located at https://www.sam.gov/ and maintain an active registration throughout the grant period.
- Applicants must have or register for an account in eGrants eGrants@gov.texas.gov.

Program-Specific Questions

The eGrants system will provide additional information about the requirements of applying and contents of the application. Answer these questions in Section 1, Project-Specific Questions under the Narrative tab. Following are some key aspects:

Cultural Competency. Applicants must describe how their organization is culturally competent. (See Program-Specific requirements under Step 2 above.)

Focus Areas. Applicants must indicate the percentage (%) of the project that benefits victim services, law enforcement, prosecution, court, or other areas that indirectly affect victims.

Culturally Specific and Underserved Populations. Applicants must indicate whether or not there is a primary focus on serving a culturally specific population.

Victim Referral Process. Applicants must describe the referral process for their agency.

Relevance to Priorities. Applicants must provide explanation regarding the project's relevance to any or all priorities involving the improvement of the criminal justice system, court services regarding domestic violence, sexual assault, dating violence, and stalking, strengthening victim restoration and Increasing collaboration and communications across all levels of government and among all victims.

Sustainment. Applicants must be able to provide the number of years that are planned to request for continuation funding, a longer term sustainment plan or why a plan is not possible.

Project Narrative

Within eGrants, applicants will complete several narrative fields. Below is each area along with specific instructions on the minimum requirements.

Project Abstract. Provide a brief summary of the proposed project. Do not share new information here that you do not include in the questions below. This abstract is a description of your project and intended for the public and policy makers. Be sure that the summary is easy to understand by a person not familiar with your project. (Limit to 1500 characters.)

Problem Statement. Provide a description of the nature and scope of the problem that this project will address. This must be a statement of the core, underlying problem. A lack of resources is not, in and of itself, a problem.

Supporting Data. Provide supporting data, including baseline statistics and the sources of your data, to provide evidence that the problem exists, its size and scope, and its effects on the target population. Do not use statewide data for a local problem or national data for a statewide problem.

Project Approach & Activities. Provide the core information needed to understand the methodologies, approaches, and activities to be employed by the project. A reader should also be able to understand how the approach ties to solving the stated problem.

Capacity & Capabilities. Describe the applicant organization's background as well as organizational and staff capabilities and qualifications to carry out this specific project using the methods provided above.

Performance Management. Provide an understanding of how the applicant organization will measure success for this project. What are the project's goals and objectives and what are the project's performance measures, both output and outcome? How do these goals, objectives, and measures tie to the problem that the project seeks to solve? What is the current baseline information for these measures as well as the goals for the project period?

- Goals are broad statements that indicate the general intentions of the project to achieve some outcome. They do need to be measurable in and of themselves and may be abstract in nature.
- Objectives are clear, tangible, and specific statements of what the project is trying to achieve. Objectives should be expressed in the following form: To [reduce/increase/enhance/etc.] [something], by [x amount], by [dd/mm/yy date]. A project can have multiple objectives.
- Measures use data to provide verifiable, numeric information that tie to one or more objectives and indicate progress toward its achievement. Measures might include volume, time savings, cost savings, resource savings, success rates, conformance rates, timeliness, perception shifts, or other factors. (The most relevant and impactful project-specific measures must be included under the Measures tab in eGrants.)

Data Management. Provide an understanding of how the applicant organization plans to track and maintain the data needed to determine whether the project is meeting the goals, objectives, and measures stated above.

Target Group. Describe the population that this project plans to help or support. For direct service projects, describe the size and basic demographics for the people served. For other projects, describe the specific geographic and demographic populations to be impacted, affected, or helped by this project. Be specific and use supporting data.

Evidence-Based Practices. Describe the research or evidence that led the applicant organization to select the methods described above. Wherever possible, provide at least one citation or link to a supportive evaluation or research study. If the project approach and activities described above are not based on existing evidence, describe why the applicant organization believes the method to be promising.

Step 4: Funding Decisions and Grant Acceptance

Selection Criteria

Local projects. For local projects, the appropriate Criminal Justice Advisory Committee sponsored by a regional council of governments (COG) will consider each application based on regional priorities and eligibility or other criteria established by CJD and provide a ranked list of applications to CJD. The COG

may contact applicants to negotiate funding amounts or manage other questions or issues. CJD will use the recommendations of the CJAC as transmitted from the COG as a primary decision making factor.

Statewide projects. The CJD executive director will assign a group to review all applications for quality, capability, and reasonableness of budget and to assign scores to applications. These scores will be a significant decision making factor.

Final decisions. CJD will review all applications for quality, capability, and past performance and may consider other factors in determining which programs to fund such as geographic distribution, fairness among different sizes of population areas, need based on crime rate or other similar factors, including economic factors. If the interest in grant funds exceeds available funding, CJD may not fund all applications or may only award part of the amount requested.

Announcements

After CJD makes final funding decisions, each applicant will receive either an unfunded notice or a preliminary decision notification or final grant award. The award will provide all of the conditions and requirements of the grant. Release of final grant awards are always contingent on CJD's receipt of the federal grant award under which the program is funded and CJD cannot release or guarantee funding to any applicant until that award is received and acceptance is processed and a determination is made that adequate funding is available.

About CJD

Our mission at the Criminal Justice Division is to direct much needed resources to those who are committed to making Texas a safer place and those who help victims of crime to recover and feel safe again. In carrying out this mission, we are committed to helping our grantees by actively finding ways for them to accomplish their goals and by making sure that we always have our eye to identifying the approaches that work best. We envision positive and beneficial working relationships with our grantees where we provide as much assistance as is needed and where are always ready with answers, not burdensome restrictions or requirements.

CJD is providing over $250 million in funding to hundreds of organizations during state fiscal year 2016 for juvenile justice, delinquency prevention, victims services, law enforcement, prosecution, courts, specialty courts, prevention of child sex trafficking, and other types of projects to benefit Texans.

COUNTY OF HIDAGO

Resolution in Support of
Domestic Violence Specialty Prosecutor Program Grant

WHEREAS, The County of Hidalgo and the Hidalgo County District Attorney's Office finds it in the best interest of the citizens of Hidalgo County, that the Hidalgo County Domestic Violence Specialty Prosecutor be operated for the September 1, 2016 thru August 31, 2017; and

WHEREAS, The County of Hidalgo Commissioners Court agrees to provide applicable matching funds for the said project as required by the Texas Office of the Governor Criminal Justice Division grant application; and

WHEREAS, The County of Hidalgo Commissioners Court agrees that in the event of loss or misuse of the Office of the Governor funds, the County of Hidalgo Commissioners Court assures that the funds will be returned to the Office of the Governor in full.

WHEREAS, The County of Hidalgo Commissioners Court designates Ramon Garcia, Hidalgo County Judge as the grantee's authorized official. The authorized official is given the power to apply for, accept, reject, alter or terminate the grant on behalf of the applicant agency.

NOW THEREFORE, BE IT RESOLVED that the County of Hidalgo Commissioners Court approves submission of the grant application for the Hidalgo County DA's Office Violence Specialty Prosecutor Program Grant to the Office of the Governor, Criminal Justice Division.

Approved the 16th of February, 2016

Grant Number: 2931302

Narrative Information

Introduction

Information related to this program is in the CJD funding announcement for the Violence Against Women Justice and Training Program.

Section 1: Program-Specific Questions

A. Focus Areas
Indicate the percentage (%) of your project that benefits:
Victim Services – any nonprofit, nongovernmental organization that assists victims.
0
Law Enforcement – any public agency charged with policing functions.
0
Prosecution – any public agency charged with direct responsibility for prosecuting criminal offenders.
100
Court – any civil or criminal court system.
0
Other – any initiative that indirectly affects victims (e.g., developing protocols and procedures).
0

B. Culturally Competent Victim Restoration

Guidance
Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Provide information in this section regarding how your organization is culturally competent when providing services to victims.
The number one priority of the Hidalgo County District Attorney's Office-Domestic Violence Unit is to address the trauma and problems encountered by victims of domestic violence in Hidalgo County.We must address this issue quickly and effectively in order to assist victims with the immediate crisis and with their recovery from the crime. Victim restoration can only be achieved when communities are sensitive to the care and safety of individuals who have been victimized while simultaneously holding offenders accountable for their crimes. Every day in the Hidalgo County violent crime turns innocent people into crime victims. This violence tears at the heart of trust in interpersonal relationships. As the executive branch of law enfrocement we represent the interests of the state at all hearings throughout the trial process. Victim will be affroded their victims rights as per the Texas Administrative Code of Procedure Chapter 56. Victims' will be inform of their rights under the law, and help them understand and exercise these rights. In addition to ensuring victims' rights and assisting in obtaining restitution and compensation, representatives of the HCDA-Domestic Violence Unit will work hand in hand with the HCDA-Victims Unit staff to make sure that victims receive legal counsel and referrals to social services agencies . The Domestic Violence Unit staff will work with the following local organizations: CASA, Mujeres Unidas, Rape Crisis Center, Child Protectve Services, law enforcement first responders to coordinate a community wide response to domestic violence. We take the lead in developing cultural competency by attending trainings, participating in the planning process, meeting with community partners, attending formal and informal events, and recognizing staff contributions in this area. The Hidalgo County Criminal District Attorney's Office provides notification in a language that the victim can interpret, reads and writes. Victims are informed of their victims rights and criminal proceedings via mail and telephone communication. Additionally, court personnel and court interpreters provide translation services for victims in criminal cases. Additonally, the Hidalgo County Family Violence Task Force members provides resources and services to victims of family violence. The Hidalgo County Family Violence Task Force is a group that is composed of local, state, federal law enforcement agencies and local victim service agencies, who provide services to victims of family violence in Hidalgo County. The crime of family violence requires a comprehensive and collaborative response between law enforcement, prosecutors, victim service providers and the community. The Hidalgo County Criminal District Attorney's Office is an active member of the Hidalgo County Family Violence Task Force.

C. Culturally Specific and Underserved Populations

Guidance
Following are relevant definitions needed to answer this question.
- Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- Culturally specific means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u–6(g)).
- Racial and ethnic minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population in order to justify a **YES** response in the section below.)

_ Yes
X No

If you answered **'YES'** above, you must explain in the box below how your organization's program is specifically designed to focus on and meet the needs of culturally specific populations. If this item does not apply enter **'N/A'**.

D. Victim Referral Process

Describe how victims are referred to your agency.

Referrals will be provided by 23 police departments located in Hidalgo County

E. Relevance to Priorities

Provide a brief explanation regarding the proposed project's relevance to any or all of the following priorities. If none of these items apply enter **'N/A'**

Improving the criminal justice system response.

The crime of family violence requires a comprehensive and collaborative response between law enforcement, prosecutors, victim service providers and the community. In order to improve the criminal justice sytem response to Domestic Violence the Hidalgo County Criminal District Attorney's Office created the Domestic Violence Unit in November of 2015. The Domestic Violence Unit assigned a Specialty Prosecutor to improve prosectuion of domestic violence cases. In addtion the unit also has a Victim Advocate assigned to the program to ensure that victims are afforded their victims rights and they are given the opportunity to participate in the criminal justice proceedings. The DV Unit will also work with the HCDA-Victims Unit staff, the local Domestic Violence Shelter and the local police departments to ensure investiagtion ad prosecutions are handled in a professional manner. The specialty prosecutor will continue to aid law enforcement officials in the investigations of domestic violence cases to attain favoarble results.

Improve court services regarding domestic violence, sexual assault, dating violence, and stalking.

Victims of domestic violence will receive information on how to obatin a protective order, a safety plan will be provided and explained to victims in a language they can understand. The victim advocate will assist victim in applying for Crime Victims Compensation and with relocation process (once it is approved by CVC). They will be referred for immigration relief and legal counsel with the HCDA-Victims Unit staff or attorney. Victims will be accomodated with bi-lingual court information and if needed with a translator for all criminal proceedings. Victims will be registered with the VINE system to maintian them informed of criminal justice proceedings and will be referred with post sentance services with TDCJ to continue victim services after case has been disposed. The HCDA Office has implemented a procedure for victims that want to sign Affidavit's Of Non-Prosecution. If a victim requests an ANP the victim is required to meet with a victim advocate and a saftey plan is provided and explained. The victim will be offered assistance to obtain a protective order and any victim services to achieve victim restoration and safety. If the victim decides to file the ANP, they will be required to meet with the prosecutor to receive information about the criminal case. This procdure was implemented in an effort to educate victims on services availabe and to offer them a safety plan.

Strengthen victim restoration.

Victims will be assisted in their restoration process giving priority to victim safety. Victims will be referred to local community based programs to ensure that they receive public assistance and services to help them live a life free of violence. Victims will be referred to the local Food Bank, Workforce Centers, Crime Victims Compensation, Counseling and Therapy Services, Office of the Attorney General to access child support safely, and to public housing to obtain a stable enviroment. Victims will be assisted with Crime Victims Compensation and relocation services, once CVC is approved.

Increase collaboration and communications across all levels of government and among all victims services.

The Specialty Prosecutor will be leading the Domestic Violence Unit and will continue to increase collaboration and communication across all levels of goverment and community based victim services. Duties if the Specialty Prosecutor will continue to include case screening , consutling with the victm advocate, coordination with local law enforcement, and providing law enforcement training. The prosecuter and Victim Advocate will collaborate with community based victim services agencies and will coordinate community responses to violence against women. The Domestic Violence Unit will remain victim centered and will work directly with victims to help them through the prosecution process.

F. Sustainment

How many additional years, beyond this request, do you plan to request continuation funding?

10

1) If three (3) years or fewer, provide a brief explanation of your sustainment plan, if it will be sustained; [if not to be sustained enter **'N/A'**]:

N/A

2) If more than three (3) years, explain the longer term sustainment plan or why other resources cannot be used to continue this project and why a sustainment strategy is not possible:

The Domestic Violence Unit was established under the new administration of Mr. Ricardo Rodriguez Jr., Hidalgo County Criminal District Attorney, in November of 2015. This is a new project and it was made possibe with VAWA funds. Hidalgo County has a high incidence of domestic violence cases and without this funding we will not be able to provide this crucial program to help victim.

Section 2: Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

A. Forensic Medical Examination Payments
Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 96 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. The evidence collection portion of the exam is to be paid by law enforcement per state law. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

B. Polygraph Testing Prohibition
A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

C. Protection Orders
Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

D. Judicial Notification
Offenders involved in a protection order are not allowed to possess a firearm unless the offender is a peace officer who is actively engaged in employment as a sworn, full-time paid employee of a state agency or political subdivision.

E. Criminal Charges
In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

F. Nondisclosure of Confidential or Private Information
Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

G. Uniform Crime Reports
Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety for inclusion in the annual Uniform Crime Report (UCR) and must have been current for the three previous years.

H. Criminal History Reporting
The county (or counties) in which the applicant is located must have a 90% average on both adult and juvenile criminal history dispositions reported to the Texas Department of Public Safety for calendar years 2010 through 2014.

I. Immigration and Customs Enforcement Requests
If the applicant organization is a sheriff's department or the project is providing direct resources to or is being implemented by a sheriff's department, the following certification applies:

I certify that the applicant sheriff's department (department) participates fully, and will continue throughout the grant period to participate fully, in all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security (DHS) to (1) notify DHS of all information requested by DHS related to illegal aliens in the custody of the department, and (2) detain such aliens in accordance with requests by DHS. I further certify that the department has no policy, procedure, or agreement that limits or restricts the department's full participation in all aspects of the programs and procedures utilized by DHS to (1) notify DHS of all information requested by DHS related to illegal aliens in the custody of the department, and (2) detain such aliens in accordance with requests by DHS. I agree that failure to comply with this certification will result in CJD terminating the grant and the department shall return all funds received to CJD. Additionally, I agree that the department will remain ineligible for future CJD funding until it can provide satisfactory evidence that the jurisdiction has been in compliance with this requirement for a period of at least one year.

J. Legal Assistance for Victims (LAV) Certification
The applicant certifies that it meets the following federal statutory requirements in regards to the provision of legal advocacy:

(1) Any person providing legal assistance through a program funded under this VAWA Program
(A) has demonstrated expertise in providing legal assistance to victims of domestic violence, dating violence, sexual assault or stalking in the targeted population; or
(B) is partnered with an entity or person that has demonstrated expertise described in subparagraph (A) and has completed or will complete training in connection with domestic violence, dating violence, sexual assault or stalking and related legal issues, including training on evidence-based risk factors for domestic and dating violence homicide.
(2) Any training program conducted in satisfaction of the requirement of paragraph (1) has been or will be developed with input from and in collaboration with a state, local, territorial, or tribal domestic violence, dating violence, sexual assault, or stalking victim service provider or coalition, as well as appropriate tribal, State, territorial, and local law enforcement officials.
(3) Any person or organization providing legal assistance through a program funded under this Program has informed and will continue to inform state, local, or tribal domestic violence, dating violence or sexual assault programs and coalitions, as well as appropriate State and local law enforcement officials of their work.
(4) The grantee's organizational policies do not require mediation or counseling involving offenders and victims physically together, in cases where sexual assault, domestic violence, dating violence, or child sexual abuse is an issue.

Does the applicant meet the criteria outlined above?
X Yes
_ No

K. Civil Rights Liaison
A civil rights liaison who will serve as the grantee's civil rights point of contact and who will be responsible for ensuring that the grantee meets all applicable civil rights requirements must be designated. The designee will act as the grantee's liaison in civil rights matters with CJD and with the federal Office of Justice Programs.
Enter the Name of the Civil Rights Liaison:
Rosalinda Cantu
Enter the Address for the Civil Rights Liaison:
100 N. Closner Blvd, 5th Floor Edinburg, TX 78539
Enter the Phone Number for the Civil Rights Liaison [(999) 999-9999 x9999]:
(956)292-7600 x8085
Overall Certification
Each applicant agency must certify to the specific requirements detailed above as well as all requirements within the CJD Funding Announcement and CJD Comprehensive Certification and Assurances to be eligible for this program.
X I certify to all of the above requirements.

Project Abstract :

The Hidalgo County Criminal District Attorney's Office has identified the following needs: training for law enforcement, evidence collection, report writing, and more victim services to assist victims in the criminal justice process. The need to expand the Domestic Violence Unit and hire additional Specialty Prosecutors to handle domestic violence cases and assist victims in obtaining protective orders. Research also indicates that domestic violence crimes are perhaps the most difficult cases to prosecute and require specially trained investigators, prosecutors and victim advocates. Special areas of concern for the HCDA-Domestic Violence Unit still include 1) child witnesses 2) recanting domestic violence victims 3) lack of physical evidence 4) community general viewpoints about these type of crimes and 5) victimless prosecutions. Further complicating matters is the ever rising reliance on the Supreme Court case Crawford v. Washington, 124 S.Ct. 1354, (2004), where prosecutors are faced with even greater challenges when dealing with victimless prosecutions cases. This grant will help us reduce the time between arrest and disposition of the case and to maintain a reduced caseload. The reduced caseload of the prosecutor ensures that discovery, trial preparation, and pretrial issues are handled more efficiently than on a larger caseload. When appropriate, the prosecutor opposes defense requests for continuances. The prosecutor announces ready on designated trial dates, barring significant problems that may arise between filing and trial. Readiness status is increased because the prosecutor handles the case from the filing stage and therefore is better prepared. This ensures that reasonable efforts are made to reduce the time between arrest and disposition. The proposed project will achieve its stated goals and objectives by 1) improving the criminal court prosecutions and investigations of domestic violence 2) establishing a more uniform approach to handling the cases.The prosecutor will assess the program through input from police, victims, and other members of the team. The assigned specialty prosecutor will also determine how many of the domestic violence referrals lead to indictments by the Grand Jury for prosecution in Hidalgo County District Courts. The victim advocate will provide additional services including crisis counseling, case management, resources and referrals, education about the criminal justice system, registration with VINE, assistance with Victim Impact Statements, court accompaniment, assistance in applying for Crime Victims Compensation, safety planning, referrals to emergency shelter services, information on court restitution and notification of criminal proceedings. Translation services will be available for non-English speaking victims. Victims will be provided information in Spanish and English. Data: According to the 2014 Texas D.P.S. Uniform Crime Report more than 5,531 cases of family violence and 576 Sexual Assaults were reported to local enforcement agencies in Hidalgo County. The Hidalgo County Sheriff's Office responded to 2,053 calls for family violence incidents, which equates to 37 percent of calls received in 2014. In addition, the FBI Uniform Crime Report of 2014, reported a total of 340 Forcible Rapes, 1,549 incidents of aggravated assaults, and 24 homicides in Hidalgo County. These types of crimes are considered violent crimes. It is imperative that the community continues to support programs which provide services to victims and their children and must do so through the access of funding dollars earmarked for our region. It is also important that support is provided to programs which provide education to the community on issues of family violence, sexual assault, dating violence, and the effects of violence on children. Goals: The goals of prosecution in domestic violence cases are as follows: 1) to protect the victim from additional acts of violence committed by the perpetrator; 2) to reduce the exposure and/or possible injury to children or other family members from domestic violence; 3) to deter the perpetrator from committing continued acts of violence in the community and hold him accountable for his actions; 4) to create a general deterrence to domestic violence in the community; and 5) to serve justice. Geographic Area: All cities, municipalities and unincorporated areas in Hidalgo County, Texas. Target Audience: The services target victims of domestic violence which focus on keeping victims safe and holding perpetrators accountable. Gender: Of both genders and of all races Ages: Infancy and beyond Special Characteristics: Undocumented illegal aliens for both children and adults

Problem Statement :

According to the National Crime Victims Coalition, every year 1.3 million women suffer family violence by their intimate partner. This is translated to 3,869 women a day; more shocking this equals to 3 women suffering a form of family violence every minute of the day! In addition, 3 women die every day due to acts of family violence. Domestic Violence is a community wide epedimic that is affecting Hidalgo County. In 2014 there was a total of 5,531 cases of domestic violence reported and researh has proven that only 30% of domestic violence are reported to law enforcement. Based on this data there is an average of 460 cases reported on a monthly basis or 115 cases reported weekly. This translates to 16 cases of domestic violence reported daily. The identified gaps in the Hidalgo County DA's office are the need for training of law enforcement, evidence collection, report writing, and the lack of capacity to give victims the support they need in a timely manner so as to better facilitate informed choices about participation in the criminal justice process. There is also a need for additional specialty prosecutors to handle domestic violence and sexual assault cases and violation of protective order in particular. Additionally, there is a need for centralized or coordinated methods of handling and tracking cases across systems that will enhance safety and offender accountability. Research also indicates that domestic violence and sexual assault crimes are perhaps the most difficult cases to prosecute and require specially trained investigators, prosecutors and victim advocates. Special areas of concern for the DA's Office include: 1) child witnesses 2) recanting domestic violence victims 3) lack of physical evidence and 4) community general viewpoints about these type of crimes and 5) victimless prosecutions. Further complicating matters is the ever rising reliance on the Supreme Court case Crawford v. Washington, 124 S.Ct. 1354, (2004), where prosecutors are faced with even greater challenges when dealing with victimless prosecutions cases. These issues continue to make it difficult for both Hidalgo County law enforcement agencies and prosecutors to present these cases to juries. In the majority of domestic violence cases, the victim and the defendant share a common relationship which poses a serious barrier to successful prosecution. Victims often recant or refuse to testify about the crime because they are scared or are in a state of denial. Many jurors are less likely to believe or be sympathetic to a victim of domestic violence who recants or returns to the abuser.

Domestic violence cases continue to be extremely difficult to successfully prosecute. Due to the difficulty in prosecution and the unique circumstances that exist in the lives of domestic violence victims, law enforcement investigators and prosecutors need to be specially trained in order to ensure the safety of both the victims and the community. This grant will help us reduce the time between arrest and disposition of the case and to maintain a reduced caseload. The reduced caseload of the prosecutor ensures that discovery, trial preparation, and pretrial issues are handled more efficiently than on a larger caseload. When appropriate, the prosecutor opposes defense requests for continuances. The prosecutor announces ready on designated trial dates, barring significant problems that may arise between filing and trial. Readiness status is increased because the prosecutor handles the case from the filing stage and therefore is better prepared. This ensures that reasonable efforts are made to reduce the time between arrest and disposition. The proposed project will achieve its stated goals and objectives by 1) improving the criminal court prosecutions and investigations of domestic violence 2) establishing a more uniform approach to handling the cases.The prosecutor will assess the program through input from police, victims, and other members of the team. The assigned specialty prosecutor will also determine how many of the domestic violence referrals lead to indictments by the Grand Jury for prosecution in Hidalgo County District Courts. The support advocate will provide additional services including crisis counseling, case management, resources and referrals, education about the criminal justice system, emergency assistance for transportation, food, and housing through the victim's emergency fund, and access to emergency relocation. Translation services will be available for non-English speaking victims. The specialty prosecutor and victim advocate will interact with other community based organizations, the local Domestic Violence Shelter, and the Hidalgo County Family Violence Task Froce to coordinate community responses to violence against women and children, and work directly with victims throughout the criminal jusice process to help ensure victims rights are afforded and victims voice is heard in proceedings.

Supporting Data :

According to the 2014 Texas D.P.S. Uniform Crime Report more than 5,531 cases of family violence and 576 Sexual Assaults were reported to local enforcement agencies in Hidalgo County. The Hidalgo County Sheriff's Office responded to 2,053 calls for family violence incidents, which equates to 37 percent of calls received in 2014. According to the National Crime Victims Coalition, every year 1.3 million women suffer family violence by their intimate partner. This is translated to 3,869 women a day; more shocking this equals to 3 women suffering a form of family violence every minute of the day! In addition, 3 women die every day due to acts of family violence. Research has demostrated that only 30% of domestic violence incidents are reported to law enforcement. If we base the data that was collected in 2014 for Hidalgo County, it is safe to say that there is an average of 18,436 cases of domestic violence a year(if 5,531 is 30% of cases reported). This data is translated to an average of 54 incidents of domestc violence daily in Hidalgo County. This statistics are alarming and we need to create programs where victims feel safe an secure to break the silence of abuse and come forward to prosecute the crimes committed against them. In addition, the FBI Uniform Crime Report of 2014, reported a total of 340 Forcible Rapes, 1,549 incidents of aggravated assaults, and 24 homicides in Hidalgo County. According to the Texas Council of Family Violence, 132 women were killed in 2014 by intimate partner violence in Texas . In 2014, perpetrators used a firearm in 67% of the femicides, which is a 16% increase over the national average in 2008. Hidalgo County had 3 intimate partner homicides in 2014. Maria Cruz Coronado age 43, Daniela Ramos age 27, and Elvita Balli age 56 were murdered by their spouse in Hidalgo County. As a result of this 3 homicides, 7 children were left to deal with the aftermath of the murder, the effects of domestic violence on children and a lifetime of grief.

Project Approach & Activities:

FY2014-2015 Hidalgo County Community Plan SECTION 4 Page 10: VIOLENT CRIME AND FAMILY VIOLENCE I. Identification of Needs Violent Crime This project will address the following priorities: 1) domestic violence assistance 2) dating violence 3) child abuse investigations and support 4) victims counseling and support services, to include secondary victims 5) sexual assault – counseling and support services, to include secondary victims 6) stalking and 7) elder abuse. This project will also address the area of family violence. According to the 2014 Texas D.P.S. Uniform Crime Report there were a total of 5,531 cases of family violence incidents and 576 sexual assaults reported to law enforcement agencies in Hidalgo County. In addition, the FBI Uniform Crime Report of 2014, reported a total of 340 forcible rape, 1,549 incidents of aggravated assaults, and 24 homicides in Hidalgo County. These types of crimes are considered violent crimes. It is imperative that the community continues to support programs which provide services to victims and their children and must do so through the access of funding dollars earmarked for our region.

Capacity & Capabilities:

Performance Management :

The goals of the Hidalgo County Domestic Violence Specialty Prosecutor Program are: 1) to protect the victim from additional acts of violence committed by the perpetrator; 2) to reduce the exposure and/or possible injury to children or other family members from domestic violence; 3) to deter the perpetrator from committing continued acts of violence in the community and hold him accountable for his actions; 4) to create a general deterrence to domestic violence in the community; and 5) to serve justice.

Project Activities Information

Type of Crime Victim

Select the type(s) of crime victim this project targets and provide the percentage of time dedicated to serving each category of crime victim. You may select more than one type; however, the sum of the percentages may not exceed 100%.
Sexual Assault Percentage (%):
10
Domestic Abuse Percentage (%):
80
Stalking Percentage (%):
5
Dating/Acquaintance Violence Percentage (%):
5

Selected Project Activities:

ACTIVITY	PERCENTAGE:	DESCRIPTION
Crisis Services	20.00	Crisis Counseling/Intervention refers to (in-person or telephone) crisis intervention, emotional support, safety planning and guidance provided at the scene of a crime, immediately after a crime or on a crisis hotline.
Investigation	10.00	Once the intial investigation is concluded, a law enforcement agency will file a case to the Hidalgo County Criminal District Attorney's Office and the Speciality Prosecutor will provide support and assistance to the investigators. He/she will make sure the investigations are complete and the proper evidence was collected. He/She will make sure that the victim is notified of the proceedings and that law enforcement provides victim contact information.
Prosecution	40.00	To reduce the backlogs and improve the caseloads of domestic violence to rapidly address and reduce the violation of law. To hold the defendant accountable in a court of law.
Protective Order Assistance	20.00	The Speciality Prosecutor will provide assistance to a victim with criminal and civil legal issues in completing and or filing of temporary restraining orders, injuctions, other protective orders or obtain temporary and or permanent protective orders.
Training	10.00	Provide training to law enforcement officials to improve their ability to respond to domestic violence cases and collect evidence properly.

Paperwork Reduction Act Notice

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB control number. We try to create accurate and easily understood forms that impose the least possible burden on you to complete. The estimated average time to complete this form is 30 minutes. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, please write to the Asset Forfeiture and Money Laundering Section:
1400 New York Avenue, N.W., Washington, DC 20005.

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the above-stated law enforcement agency ("Agency"), and (3) the governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited cash, property, proceeds, and any interest earned thereon, which are equitably shared with participating law enforcement agencies.
By submission of this form, the Agency agrees that it will be bound by the statutes and guidelines that regulate shared assets and the following requirements for participation in the Department of Justice and Department of the Treasury Equitable Sharing Programs. Receipt of the signed Equitable Sharing Agreement and Certification (this "Document") is a prerequisite to receiving any equitably shared cash, property, or proceeds.

1. **Submission.** This Document must be submitted to aca.submit@usdoj.gov within 60 days of the end of the Agency's fiscal year. This Document must be submitted and signed electronically. This will constitute submission to the Department of Justice and the Department of the Treasury.

2. **Signatories.** This agreement must be electronically signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, chairperson, secretary, city attorney, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body's head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, director, secretary, administrator, commissioner, and governor. The governing body head cannot be from the law enforcement agency and must be from a separate entity.

3. **Uses.** Any shared asset shall be used for law enforcement purposes in accordance with the statutes and guidelines that govern the Department of Justice and the Department of the Treasury Equitable Sharing Programs as set forth in the current edition of the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide).*

4. **Transfers.** Before the Agency transfers funds to other state or local law enforcement agencies, it must first verify with the Department of Justice that the receiving agency is a current and compliant Equitable Sharing Program participant. Transfers of tangible property are not permitted.

5. **Internal Controls.** The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury. Funds from state and local forfeitures, joint law enforcement operations funds, and other sources must not be commingled with federal equitable sharing funds.

The Agency agrees that such accounting will be subject to the standard accounting requirements and practices employed by the Agency's jurisdiction as supplemented by requirements set forth in the current edition of the *Guide,* including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of shared resources or supplantation of existing resources with shared assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending shared funds. Failure to comply with any provision of this agreement shall subject the recipient agency to the sanctions stipulated in the current edition of the *Guide*.

6. **Audit Report.** Audits will be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Department of Justice and the Department of the Treasury reserve the right to conduct periodic random audits or reviews.

7. **Freedom of Information Act**. Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury.

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the *Guide* during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above? ○ **Yes** ◉ **No**

If you answered yes to the above question, complete Table H

Agency Head Electronic Signature

Name: Ricardo Rodriguez, Jr. Title: District Attorney

Email: ricardo.rodriguez@da.co.hidalgo.tx.us

To the best of my knowledge and belief, the information provided on this form is true and accurate and has been reviewed and authorized by the Law Enforcement Agency Head whose name appears above. Entry of the Agency Head name above indicates his/her acceptance of and agreement to abide by the policies and procedures set forth in the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies*, including ensuring permissibility of expenditures and following all required procurement policies and procedures. Entry of the Agency Head name above also indicates his/her acceptance of and agreement to abide by requirements set forth in this Equitable Sharing Agreement, and any policies or procedures issued by the Department of Justice or the Department of the Treasury related to the Asset Forfeiture or Equitable Sharing Programs. The Law Enforcement Head also certifies that no items on the Prohibited List, as detailed in "Recommendations Pursuant to Executive Order 13688", were purchased with equitable sharing funds after May 18, 2015.

Governing Body Head Electronic Signature

Name: Ramon Garcia Title: Hidalgo County Judge

Email: ramon.garcia@co.hidalgo.tx.us

To the best of my knowledge and belief, the agency's current fiscal year budget reported on this form is true and accurate and the Governing Body Head whose name appears above certifies that the agency's budget has not been supplanted as a result of receiving equitable sharing funds. Entry of the Governing Body Head name above indicates his/her acceptance of and agreement to abide by the policies and procedures set forth in the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies*, this Equitable Sharing Agreement, and any policies or procedures issued by the Department of Justice or the Department of the Treasury related to the Asset Forfeiture or Equitable Sharing Programs.

☒ I certify that I am authorized to submit this form on behalf of the Agency Head and the Governing Body Head.

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the above-stated law enforcement agency ("Agency"), and (3) the governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited cash, property, proceeds, and any interest earned thereon, which are equitably shared with participating law enforcement agencies.
By submission of this form, the Agency agrees that it will be bound by the statutes and guidelines that regulate shared assets and the following requirements for participation in the Department of Justice and Department of the Treasury Equitable Sharing Programs. Receipt of the signed Equitable Sharing Agreement and Certification (this "Document") is a prerequisite to receiving any equitably shared cash, property, or proceeds.

1. **Submission.** This Document must be submitted to aca.submit@usdoj.gov within 60 days of the end of the Agency's fiscal year. This Document must be submitted and signed electronically. This will constitute submission to the Department of Justice and the Department of the Treasury.

2. **Signatories.** This agreement must be electronically signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, chairperson, secretary, city attorney, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body's head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, director, secretary, administrator, commissioner, and governor. The governing body head cannot be from the law enforcement agency and must be from a separate entity.

3. **Uses.** Any shared asset shall be used for law enforcement purposes in accordance with the statutes and guidelines that govern the Department of Justice and the Department of the Treasury Equitable Sharing Programs as set forth in the current edition of the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide).*

4. **Transfers.** Before the Agency transfers funds to other state or local law enforcement agencies, it must first verify with the Department of Justice that the receiving agency is a current and compliant Equitable Sharing Program participant. Transfers of tangible property are not permitted.

5. **Internal Controls.** The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury. Funds from state and local forfeitures, joint law enforcement operations funds, and other sources must not be commingled with federal equitable sharing funds.

The Agency agrees that such accounting will be subject to the standard accounting requirements and practices employed by the Agency's jurisdiction as supplemented by requirements set forth in the current edition of the *Guide,* including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of shared resources or supplantation of existing resources with shared assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending shared funds. Failure to comply with any provision of this agreement shall subject the recipient agency to the sanctions stipulated in the current edition of the *Guide*.

6. **Audit Report.** Audits will be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Department of Justice and the Department of the Treasury reserve the right to conduct periodic random audits or reviews.

7. **Freedom of Information Act**. Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury.

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the *Guide*during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above?

Paperwork Reduction Act Notice

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB control number. We try to create accurate and easily understood forms that impose the least possible burden on you to complete. The estimated average time to complete this form is 30 minutes. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, please write to the Asset Forfeiture and Money Laundering Section:
1400 New York Avenue, N.W., Washington, DC 20005.

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the above-stated law enforcement agency ("Agency"), and (3) the governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited cash, property, proceeds, and any interest earned thereon, which are equitably shared with participating law enforcement agencies.
By submission of this form, the Agency agrees that it will be bound by the statutes and guidelines that regulate shared assets and the following requirements for participation in the Department of Justice and Department of the Treasury Equitable Sharing Programs. Receipt of the signed Equitable Sharing Agreement and Certification (this "Document") is a prerequisite to receiving any equitably shared cash, property, or proceeds.

1. **Submission.** This Document must be submitted to aca.submit@usdoj.gov within 60 days of the end of the Agency's fiscal year. This Document must be submitted and signed electronically. This will constitute submission to the Department of Justice and the Department of the Treasury.

2. **Signatories.** This agreement must be electronically signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, chairperson, secretary, city attorney, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body's head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, director, secretary, administrator, commissioner, and governor. The governing body head cannot be from the law enforcement agency and must be from a separate entity.

3. **Uses.** Any shared asset shall be used for law enforcement purposes in accordance with the statutes and guidelines that govern the Department of Justice and the Department of the Treasury Equitable Sharing Programs as set forth in the current edition of the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide).*

4. **Transfers.** Before the Agency transfers funds to other state or local law enforcement agencies, it must first verify with the Department of Justice that the receiving agency is a current and compliant Equitable Sharing Program participant. Transfers of tangible property are not permitted.

5. **Internal Controls.** The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury. Funds from state and local forfeitures, joint law enforcement operations funds, and other sources must not be commingled with federal equitable sharing funds.

The Agency agrees that such accounting will be subject to the standard accounting requirements and practices employed by the Agency's jurisdiction as supplemented by requirements set forth in the current edition of the *Guide,* including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of shared resources or supplantation of existing resources with shared assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending shared funds. Failure to comply with any provision of this agreement shall subject the recipient agency to the sanctions stipulated in the current edition of the *Guide*.

6. **Audit Report.** Audits will be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Department of Justice and the Department of the Treasury reserve the right to conduct periodic random audits or reviews.

7. **Freedom of Information Act**. Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury.

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the *Guide* during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above? ○ **Yes** ◉ **No**

If you answered yes to the above question, complete Table H

under Subsection (b)(7), the commission shall begin disciplinary procedures against the chief administrator.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001. Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1172, Sec. 25, eff. September 1, 2009.

Art. 2.133. REPORTS REQUIRED FOR MOTOR VEHICLE STOPS. (a) In this article, "race or ethnicity" has the meaning assigned by Article 2.132(a).

(b) A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance shall report to the law enforcement agency that employs the officer information relating to the stop, including:

(1) a physical description of any person operating the motor vehicle who is detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the initial reason for the stop;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband or other evidence was discovered in the course of the search and a description of the contraband or evidence;

(5) the reason for the search, including whether:

(A) any contraband or other evidence was in plain view;

(B) any probable cause or reasonable suspicion existed to perform the search; or

(C) the search was performed as a result of the towing of the motor vehicle or the arrest of any person in the motor vehicle;

(6) whether the officer made an arrest as a result of the

stop or the search, including a statement of whether the arrest was based on a violation of the Penal Code, a violation of a traffic law or ordinance, or an outstanding warrant and a statement of the offense charged;

(7) the street address or approximate location of the stop; and

(8) whether the officer issued a written warning or a citation as a result of the stop.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001.
Amended by:

Acts 2009, 81st Leg., R.S., Ch. 1172, Sec. 26, eff. September 1, 2009.

Art. 2.134. COMPILATION AND ANALYSIS OF INFORMATION COLLECTED. (a) In this article:

(1) "Motor vehicle stop" has the meaning assigned by Article 2.132(a).

(2) "Race or ethnicity" has the meaning assigned by Article 2.132(a).

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133. Not later than March 1 of each year, each law enforcement agency shall submit a report containing the incident-based data compiled during the previous calendar year to the Commission on Law Enforcement Officer Standards and Education and, if the law enforcement agency is a local law enforcement agency, to the governing body of each county or municipality served by the agency.

(c) A report required under Subsection (b) must be submitted by the chief administrator of the law enforcement agency, regardless of whether the administrator is elected, employed, or appointed, and must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) evaluate and compare the number of motor vehicle stops, within the applicable jurisdiction, of persons who are recognized as racial or ethnic minorities and persons who are not recognized as racial or ethnic minorities; and

Certification to This Report 2.132 (Tier 2)- Full Report

Article 2.132(b) CCP Law Enforcement Policy on Racial Profiling Hidalgo County Constable's Office has adopted a detailed written policy on racial profiling. Our policy:

(1) clearly defines acts constituting racial profiling;
(2) strictly prohibit peace officers employed by the Hidalgo County Constable's Office from engaging in racial profiling;
(3) implements a process by which an individual may file a complaint with the Hidalgo County Constable's Office if, the individual believes that a peace officer employed by the Hidalgo County Constable's Office has engaged in racial profiling with respect to the individual;
(4) provides public education relating to the agency's complaint process;
(5) requires appropriate corrective action to be taken against a peace officer employed by the Hidalgo County Constable's Office who, after an investigation, is shown to have engaged in racial profiling in violation of the Hidalgo County Constable's Office policy adopted under this article;
(6) require collection of information relating to motor vehicle stops in which a citation is issued and to arrests made as a result of those stops, including information relating to:

(A) the race or ethnicity of the individual detained;
(B) whether a search was conducted and, if so, whether the individual detained consented to the search; and
(C) whether the peace officer knew the race or ethnicity of the individual detained before detaining that individual; and

(7) require the chief administrator of the agency, regardless of whether the administrator is elected, employed, or appointed, to submit an annual report of the information collected under subdivision (6) to:

(A) the Commission on Law Enforcement Officer Standards and Education; and
(B) the governing body of each county or municipality served by the agency, if the agency is an agency of a county, municipality, or other political subdivision of the state.

I certify these policies are in effect.

Paperwork Reduction Act Notice

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB control number. We try to create accurate and easily understood forms that impose the least possible burden on you to complete. The estimated average time to complete this form is 30 minutes. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, please write to the Asset Forfeiture and Money Laundering Section: 1400 New York Avenue, N.W., Washington, DC 20005.

Did your agency purchase any controlled equipment? ☐ YES ☒ NO

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the Guide during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq.), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 et seq.), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above?

☐ Yes ☒ No

Agency Head

Name: Gallardo, Lazaro
Title: Constable
Email: larry.gallardo@co.hidalgo.tx.us

Governing Body Head

Name: Garcia, Ramon
Title: County Judge
Email: ramon.garcia@co.hidalgo.tx.us

To the best of my knowledge and belief, the information provided on this form is true and accurate and has been duly reviewed and authorized by the Law Enforcement Agency Head and the Governing Body Head whose names appear above. Their typed names indicate their acceptance of and their agreement to abide by the policies and procedures set forth in the Guide to Equitable Sharing for State and Local Law Enforcement Agencies, this Equitable Sharing Agreement, and any policies or procedures issued by the Department of Justice or the Department of the Treasury related to the Asset Forfeiture or Equitable Sharing Programs.

☒ I certify that I am authorized to submit this form on behalf of the Agency Head and the Governing Body Head.

Form Started By: Raquel Ramos		Started On: 02/08/2016 11:33 AM
Final Approval Date: 02/11/2016		

Art. 2.134. COMPILATION AND ANALYSIS OF INFORMATION COLLECTED. (a) In this article, "pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133. Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled during the previous calendar year to the governing body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and

(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

Added by Acts 2001, 77th Leg., ch. 947, Sec. 1, eff. Sept. 1, 2001.

Paperwork Reduction Act Notice

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB control number. We try to create accurate and easily understood forms that impose the least possible burden on you to complete. The estimated average time to complete this form is 30 minutes. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, please write to the Asset Forfeiture and Money Laundering Section:
1400 New York Avenue, N.W., Washington, DC 20005.

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the above-stated law enforcement agency ("Agency"), and (3) the governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited cash, property, proceeds, and any interest earned thereon, which are equitably shared with participating law enforcement agencies.
By submission of this form, the Agency agrees that it will be bound by the statutes and guidelines that regulate shared assets and the following requirements for participation in the Department of Justice and Department of the Treasury Equitable Sharing Programs. Receipt of the signed Equitable Sharing Agreement and Certification (this "Document") is a prerequisite to receiving any equitably shared cash, property, or proceeds.

1. **Submission.** This Document must be submitted to aca.submit@usdoj.gov within 60 days of the end of the Agency's fiscal year. This Document must be submitted and signed electronically. This will constitute submission to the Department of Justice and the Department of the Treasury.

2. **Signatories.** This agreement must be electronically signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, chairperson, secretary, city attorney, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body's head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, director, secretary, administrator, commissioner, and governor. The governing body head cannot be from the law enforcement agency and must be from a separate entity.

3. **Uses.** Any shared asset shall be used for law enforcement purposes in accordance with the statutes and guidelines that govern the Department of Justice and the Department of the Treasury Equitable Sharing Programs as set forth in the current edition of the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide).*

4. **Transfers.** Before the Agency transfers funds to other state or local law enforcement agencies, it must first verify with the Department of Justice that the receiving agency is a current and compliant Equitable Sharing Program participant. Transfers of tangible property are not permitted.

5. **Internal Controls.** The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury. Funds from state and local forfeitures, joint law enforcement operations funds, and other sources must not be commingled with federal equitable sharing funds.

The Agency agrees that such accounting will be subject to the standard accounting requirements and practices employed by the Agency's jurisdiction as supplemented by requirements set forth in the current edition of the *Guide,* including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of shared resources or supplantation of existing resources with shared assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending shared funds. Failure to comply with any provision of this agreement shall subject the recipient agency to the sanctions stipulated in the current edition of the *Guide.*

6. **Audit Report.** Audits will be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Department of Justice and the Department of the Treasury reserve the right to conduct periodic random audits or reviews.

7. **Freedom of Information Act**. Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury.

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the *Guide* during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above?

If you answered yes to the above question, complete Table H

Email: atanacio.gaitan@co.hidalgo.tx.us

To the best of my knowledge and belief, the information provided on this form is true and accurate and has been reviewed and authorized by the Law Enforcement Agency Head whose name appears above. Entry of the Agency Head name above indicates his/her acceptance of and agreement to abide by the policies and procedures set forth in the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies*, including ensuring permissibility of expenditures and following all required procurement policies and procedures. Entry of the Agency Head name above also indicates his/her acceptance of and agreement to abide by requirements set forth in this Equitable Sharing Agreement, and any policies or procedures issued by the Department of Justice or the Department of the Treasury related to the Asset Forfeiture or Equitable Sharing Programs. The Law Enforcement Head also certifies that no items on the Prohibited List, as detailed in "Recommendations Pursuant to Executive Order 13688", were purchased with equitable sharing funds after May 18, 2015.

Governing Body Head Electronic Signature

Name: Ramon Garcia Title: COUNTY JUDGE

Email: ramon.garcia@co.hidalgo.tx.us

To the best of my knowledge and belief, the agency's current fiscal year budget reported on this form is true and accurate and the Governing Body Head whose name appears above certifies that the agency's budget has not been supplanted as a result of receiving equitable sharing funds. Entry of the Governing Body Head name above indicates his/her acceptance of and agreement to abide by the policies and procedures set forth in the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies*, this Equitable Sharing Agreement, and any policies or procedures issued by the Department of Justice or the Department of the Treasury related to the Asset Forfeiture or Equitable Sharing Programs.

☒ I certify that I am authorized to submit this form on behalf of the Agency Head and the Governing Body Head.

Press Release:

CVS Drop Box Grant for Hidalgo County Precinct 4 Police Department

What: The Uniting Neighbors in Drug Abuse Defense (UNIDAD) Coalition, a program of Behavioral Health Solutions of South Texas, in partnership with the Hidalgo County Constable Precinct 4 have applied and been approved to receive a grant from CVS Pharmacy to obtain a permanent prescription medication drop box for installation at the Hidalgo County Constable Precinct 4.

Hidalgo County Constable Precinct 4 and the UNIDAD Coalition aim to help residents of Hidalgo County to safely dispose of expired, unused, or unwanted medication. The community will now have a permanent safe drug disposal alternative, no questions asked, at their local police department. The goal is to reduce the availability of prescribed medication for recreational use, which has resulted in addiction, intoxication, and overdoses. In Hidalgo County, there have been approximately 848 reports of dangerous exposure to prescription medication made to the Texas Poison Center Network from 2009 to 2014. The majority of cases have been reported to occur in the home of residence.

This environmental strategy (The Drop Box) provides an opportunity to educate the community about the dangers that prescription medications pose if left unattended in homes or improperly discarded. Improper disposal of prescription medication has shown to have an adverse effect on the environment. More importantly this prescription medication drop box will allow for a reduction of access to addictive medications for accidental or intentional misuse by children or others at home.

23.05 PHARMACEUTICAL DRUG DISPOSAL PROGRAM

Effective Date: 02/01/2016

23.05.01 PURPOSE

The Department recognizes the value of cooperating with a pharmaceutical drug disposal program that provides a means for the collection of pharmaceutical drugs no longer needed by the public and the safe disposal of those drugs in a manner that does not harm the environment.

The intent of the program is two fold

To encourage citizens to remove unneeded medications from their homes and thereby reduce access to addictive medications to prevent accidental or intentional misuse by others in the home; and

To provide an environmentally safe alternative to disposing of medications in the landfill or sewer system which may negatively impact the environment.

23.05.02 COLLECTION BOX

The Department utilizes a steel mailbox-style collection box in which citizens may deposit unused pharmaceutical medications.

a) The collection box shall be clearly marked as a pharmaceutical drop box.

b) The collection box shall be locked and securely placed to prohibit removal of the box or retrieval of medications from within the box without a key.

c) Citizens may place unused medications / drugs into the collection box anonymously.

d) Medications can be placed into a plastic bag or the entire prescription bottle may be placed into the drop box.

e) Syringes should not be placed in the drop box.

f) Opened containers of liquid will not be accepted unless completely sealed and placed inside a plastic bag.

23.05.03 DISPOSAL OF PHARMACEUTICAL DRUGS

Department evidence technicians shall be responsible for the storage and destruction of all pharmaceutical drugs placed inside the collection box. Hidalgo County Precinct 4 may assign an additional designee to assist with the collection of the pharmaceutical drugs.

a) Keys to the collection box shall be stored so as to limit access

   1) A key to the collection box shall be secured in a locked box inside the Property Room. The evidence technicians shall only have access to the box and not the keys inside.

   2) The key to the secured lock box will be maintained by the Hidalgo County Precinct 4 or the designee.

   3) In order to collect the contents of the drop box, the Constable or designee will provide the key to the lock box to an evidence technician. The technician will then access the lock box containing the key to the collection box. Both the Constable or designee as well as the evidence technician will be present when the contents of the drop box are collected.

b) Both individuals will be present while the contents are documented and placed into the Evidence Room for disposal.

c) The keys will then be returned to their designated locations.

d) The Evidence Technician or designee shall collect deposited drugs on a frequency deemed necessary based on usage of the collection box.

e) A report will be initiated in the police reporting system each time the box is emptied and a narrative listing the contents shall be completed.

f) All drugs removed from the collection box shall be bagged and documented with a general description, to include pill count or weights, and secured in the Property Room pending destruction.

g) The Constable will designate a method for safe and proper disposal of collected drugs.

h) All pharmaceutical drugs collected by the Department pursuant to this program shall be properly disposed of and may not be used for any other purpose.

As the newly elected Hidalgo County District Attorney, I fully support the efforts of the Hidalgo County Constable Pct. 4 and Uniting Neighbors In Drug Abuse Defense (UNIDAD) Coalition in working toward reducing prescription drug abuse in Hidalgo County. I further recognize the value of the cooperation with the pharmaceutical drug disposal program that provides safe and efficient means for the collection and proper disposal of pharmaceutical drugs no longer needed by the public.

I understand the intent of the CVS Operation Medicine Drop Permanent Collection Box Program is to provide citizens a convenient method to properly remove unneeded medications from their homes, thereby reducing access and any accidental misuse of prescription medications, as well as, providing a safe alternative to disposing of medications preventing improper disposal in the community landfill and/or sewer system.

I further understand that the Hidalgo County Constable Pct. 4 will utilize a steel mailbox style collection box in which the citizens may deposit unused pharmaceutical medication. The box will be secured to the floor in the first foyer area of the Hidalgo County Constable Pct. 4 located at 2814 S Bus. Highway 281, Edinburg, TX. This area is and shall be monitored twenty-four hour a day by the Hidalgo County Constable Pct. 4 personnel. I support the Hidalgo County Constable Pct. 4 taking responsibility for the collection and destruction of all pharmaceutical drugs placed in the collection box. Furthermore, I commend the members of the UNIDAD Coalition for collaborating with the Hidalgo County Constable Pct. 4 and other law enforcement agencies to combat prescription drug abuse.

Sincerely,

Ricardo P. Rodriguez, Jr.

Final Approval Date: 02/12/2016

The Application Process

This application is a request for a police service dog that is brought before our Executive Board for consideration. This application process does not guarantee a police service dog will be placed with your organization. We take great care in our selection process to ensure the grant of a police service dog is being placed with an agency that has the financial capability to care of the police service dog and has the experience necessary to utilize this highly trained asset to the greatest extent possible.

K9s4COPs will follow up with your organization by email or phone for additional information and/or documentation to better evaluate your request.

Please complete the application and attach any letters or additional information you deem necessary to support your request to the email or address listed below.

Email: Info@K9s4COPs.org
Mail: K9s4COPs Inc.,
5858 Westheimer, Suite 700
Houston, TX 77057
Phone: 713-523-2677

All completed applications will be submitted for consideration to the Executive Board. K9s are granted on a quarterly basis. If your agency is chosen as a grant recipient, K9s4COPs will contact you and advise the next step in the process. If your department is not selected as a grant recipient, your application will remain on file for 18 months. After 18 months, we ask that you submit another application with up to date information.

For more details please check out the Grant Criteria page.

PLEASE COMPLETE THE FOLLOWING APPLICATION:

Organization Name: _____

Street Address: _____
City, State and Zip: _____
County: _____

Primary Contact for Questions on this Application: _____

Daytime Phone: _____ E-mail Address: _____

Section 1 Law Enforcement Agency and Community

The following questions help our organization understand the agency and community requesting a POLICE SERVICE DOG (K-9).

1.) Which law enforcement agency is requesting a POLICE SERVICE DOG (K9)?

2.) What is the name of the city or county making the request?

3.) What is the population of the city, and/or county you will be patrolling?

4.) What are the square miles of the city and/or county you will be patrolling?

5.) Is there a POLICE SERVICE DOG (K9) unit in your law enforcement agency?

A. If so, how long has the unit been operational?

6.) Is this request for a POLICE SERVICE DOG to launch a POLICE SERVICE DOG (K9) unit in your agency?

A. If so, does anyone with the agency have any past experience with K9 in law enforcement? Or where do you plan on receiving your initial training?

7.) What is the size of your law enforcement agency?

8.) How many POLICE SERVICE DOG (K9) officers in your unit?

9.) How many POLICE SERVICE DOG (K9) officers have dogs?

10.) What is the time frame dictating the need of the POLICE SERVICE DOG?

11.) Are there any neighboring agencies with POLICE SERVICE DOG (K9) units? If so what is the distance?

12.) If you have a K9 unit, how much training time is allotted per month to train?

13.) Will your department provide a letter of support to K9s4COPS, outlining what they will provide for the K9 and the handler? For example food, housing for dog, vehicle equipment, training, or training time for the handler. Please submit with application.

14.) Has a POLICE SERVICE DOG (K9) ever died in your department for any other reason than in the line of duty or health or age?

15.) Has your department raised funds for your K9 Unit? If so, how much?

Section 2 Type of POLICE SERVICE DOG (K-9) Being Requested

We do not train K9s or accept dogs as donations. We do require award recipients to use our kennel(s) of choice when selecting their K9. Our kennel(s) of choice are able to provide a broad selection of K9s for our clients. Training will be through our kennel(s) of choice or through an approved provider, which has been vetted by members of our Advisory Board and approved by the Executive Board. We go through lengthy measures to ensure that recipients are satisfied with their K9 selections and they receive all necessary documentation including K9 health check-ups, required certifications and K9 passports.

All award recipients are required to make arrangements to obtain their K9 and complete the required training within 90 (ninety) days notification of award, otherwise the recipient will forfeit their award.

Although most agencies request dogs titled Single or Dual purpose dogs, to avoid confusion we have listed the different disciplines of training received through certification of credible vendors. Please keep in mind that this process is about selecting the right dog for the right job. One dog cannot do everything so please consider the basic needs of your community when selecting the training of your dog.

Definitions:
A Single purpose dog is trained in one of the following disciplines:

1. Green Dog (untrained)
2. Imprinted with Scents
3. Patrol – trained in handler protection
4. Human odor, which is the ability to search missing people or suspects
5. Narcotics Detection
6. Explosives and Bomb Detection
7. Cadaver
8. Search and Rescue
9. Arson – Accelerant detection

A Dual purpose dog is trained in more than one discipline and they are the following:

1. Patrol and Narcotics
2. Patrol and Explosives

Please Make Selection of Specific Needs for Your Community

1. What discipline type of SINGLE purpose dog are you requesting? Please choose one:

    a. Patrol – may be trained in handler protection, or in human odor, which is the ability to search for people, missing, or suspects
    b. Narcotics Detection
    c. Explosives and Bomb Detection
    d. Cadaver
    e. Arson – Accelerant detection
    f. Other (please explain)

c. Other (please explain)

3. Is your organization requesting assistance with the purchase of a green dog and your certified in-house trainer will do the training? If so, and there is a trainer with your agency. Please list experience and qualifications.

4. Are you requesting more than one (1) dog? If so, please list the disciplines each dog must have.

5. Does your organization have a preference for a particular breed? Explain the reason for the particular breed.

6. Do you have a Standard Operating Procedure (SOP) or mandatory certification that the dog must have?

   a. If yes, please specify:
   b. If no, K9s4COPs recommends NNDDA (http://www.nndda.org/) certification. Is that acceptable?

7. Do you have a medical and welfare system set up for patrol dogs?

8. Does your organization provide for the financial expenses of patrol dog maintenance? If so, please explain.

9. Do you have equipment necessary for maintenance of the dog (i.e. leashes, collars, harnesses, crate, a built in cage for the car, heat alarm, etc.)?

Section 3 Handlers and Trainers

Because we take great care in placing our POLICE SERVICE DOGS (K9) with qualified organizations, we want to ensure they will be cared for by experience certified handlers. Please tell us about your POLICE SERVICE DOG (K9) handler's certifications and POLICE SERVICE DOG (K9) experience.

1.) How many years of law enforcement service does the handler possess?

2.) How many years of POLICE SERVICE DOG (K9) Unit service?

3.) What training or certifications does the handler hold?

4.) What type of POLICE SERVICE DOG (K9) handler program re-certifications do you attend?

5.) What experience does the handler have working a dog on the street?

6.) What type of dog has the handler worked with (single, dual, cadaver, etc.)?

7.) There is also the need for maintenance or sustainment training. Please explain how your organization will provide for this continued training?

If there is more than one handler, please use the following space to explain.

Please provide any additional details you believe would assist K9s4COPs in understanding your agency's need for patrol dogs.

Paperwork Reduction Act Notice

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB control number. We try to create accurate and easily understood forms that impose the least possible burden on you to complete. The estimated average time to complete this form is 30 minutes. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, please write to the Asset Forfeiture and Money Laundering Section:
1400 New York Avenue, N.W., Washington, DC 20005.

Equitable Sharing Agreement

This Federal Equitable Sharing Agreement, entered into among (1) the Federal Government, (2) the above-stated law enforcement agency ("Agency"), and (3) the governing body, sets forth the requirements for participation in the federal Equitable Sharing Program and the restrictions upon the use of federally forfeited cash, property, proceeds, and any interest earned thereon, which are equitably shared with participating law enforcement agencies. By submission of this form, the Agency agrees that it will be bound by the statutes and guidelines that regulate shared assets and the following requirements for participation in the Department of Justice and Department of the Treasury Equitable Sharing Programs. Receipt of the signed Equitable Sharing Agreement and Certification (this "Document") is a prerequisite to receiving any equitably shared cash, property, or proceeds.

1. **Submission.** This Document must be submitted to aca.submit@usdoj.gov within 60 days of the end of the Agency's fiscal year. This Document must be submitted and signed electronically. This will constitute submission to the Department of Justice and the Department of the Treasury.

2. **Signatories.** This agreement must be electronically signed by the head of the Agency and the head of the governing body. Examples of Agency heads include police chief, sheriff, director, commissioner, superintendent, administrator, chairperson, secretary, city attorney, county attorney, district attorney, prosecuting attorney, state attorney, commonwealth attorney, and attorney general. The governing body's head is the head of the agency that appropriates funding to the Agency. Examples of governing body heads include city manager, mayor, city council chairperson, county executive, county council chairperson, director, secretary, administrator, commissioner, and governor. The governing body head cannot be from the law enforcement agency and must be from a separate entity.

3. **Uses.** Any shared asset shall be used for law enforcement purposes in accordance with the statutes and guidelines that govern the Department of Justice and the Department of the Treasury Equitable Sharing Programs as set forth in the current edition of the *Guide to Equitable Sharing for State and Local Law Enforcement Agencies (Guide).*

4. **Transfers.** Before the Agency transfers funds to other state or local law enforcement agencies, it must first verify with the Department of Justice that the receiving agency is a current and compliant Equitable Sharing Program participant. Transfers of tangible property are not permitted.

5. **Internal Controls.** The Agency agrees to account separately for federal equitable sharing funds received from the Department of Justice and the Department of the Treasury. Funds from state and local forfeitures, joint law enforcement operations funds, and other sources must not be commingled with federal equitable sharing funds.

The Agency agrees that such accounting will be subject to the standard accounting requirements and practices employed by the Agency's jurisdiction as supplemented by requirements set forth in the current edition of the *Guide,* including the requirement to maintain relevant documents and records for five years.

The misuse or misapplication of shared resources or supplantation of existing resources with shared assets is prohibited. The Agency must follow its jurisdiction's procurement policies when expending shared funds. Failure to comply with any provision of this agreement shall subject the recipient agency to the sanctions stipulated in the current edition of the *Guide.*

6. **Audit Report.** Audits will be conducted as provided by the Single Audit Act Amendments of 1996 and OMB Circular A-133. The Department of Justice and the Department of the Treasury reserve the right to conduct periodic random audits or reviews.

7. **Freedom of Information Act.** Information provided in this Document is subject to the FOIA requirements of the Department of Justice and the Department of the Treasury.

Affidavit

Under penalty of perjury, the undersigned officials certify that **they have read and understand their obligations under the Equitable Sharing Agreement** and that the information submitted in conjunction with this Document is an accurate accounting of funds received and spent by the Agency under the *Guide* during the reporting period and that the recipient Agency is compliant with the National Code of Professional Conduct for Asset Forfeiture.

The undersigned certify that the recipient Agency is compliant with the applicable nondiscrimination requirements of the following laws and their implementing regulations: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*), Title IX of the Education Amendments of 1972 (20 U.S.C. § 1681 *et seq.*), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and the Age Discrimination Act of 1975 (42 U.S.C. § 6101 *et seq.*), which prohibit discrimination on the basis of race, color, national origin, disability, or age in any federally assisted program or activity, or on the basis of sex in any federally assisted education program or activity. The Agency agrees that it will comply with all federal statutes and regulations permitting federal investigators access to records and any other sources of information as may be necessary to determine compliance with civil rights and other applicable statutes and regulations.

During the past fiscal year: (1) has any court or administrative agency issued any finding, judgment, or determination that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above; or (2) has the Agency entered into any settlement agreement with respect to any complaint filed with a court or administrative agency alleging that the Agency discriminated against any person or group in violation of any of the federal civil rights statutes listed above? ○ Yes ◉ No

If you answered yes to the above question, complete Table H

Sheriff J.E. Guerra
Hidalgo County Sheriff's Office
711 El Cibolo Road
Edinburg, TX 78541

Dear Sheriff Guerra:

This letter will confirm our understanding of conditions under which Langley Productions, Inc. ("LP") will produce episodes of the production entitled JAIL ("Program") with the cooperation of the Hidalgo County Sheriff's Office ("Sheriff's Office").

1. The Sheriff's Office will be fully consulted in advance of LP filming, after which The Sheriff's Office shall allow LP reasonable access to officers and situations such officer's encounter. All LP film activity will be subject to and under control of The Sheriff's Office officer in charge. LP recognizes that some officers and citizens may refuse to be filmed and that the Sheriff's Office has no obligation to compel them to do so.

2. LP hereby grants the Sheriff's Office the right to review and approve all completed segments prior to "on-lining" with final effects and sound prior to broadcast. LP agrees to provide The Sheriff's Office's Designated Officer with approval copies of each segment no less than fourteen (14) days prior to segment on-lining. In consideration of the time-sensitive nature of LP delivery requirements, the Sheriff's Office agrees to provide any notes regarding substantive segment content no less than ten (10) days prior to segment on-lining.

3. LP agrees that it shall indemnify, defend and hold harmless, The Sheriff's Office and the County of Hidalgo, its officers, agents, employees and administrators from and against any and all claims for damage and liability for injury to or death of persons; and for damage to or destruction of property occurring during and arising out of the acts or omissions of LP, its employees and/or agents with regard to LP's filming; and shall pay the reasonable cost of defending lawsuits resulting there from, including, but not limited to, reasonable attorney's fees, court costs and any judgment awarded to a third party as the result of such suit. In accordance with the foregoing, LP also agrees to indemnify, defend and hold harmless The Sheriff's Office from and against all claims related to intellectual property claims arising out LP's filming activities.

4. LP shall be the sole and exclusive owner of all rights, title, and interest in and to the Program in perpetuity in all media, now known or hereinafter known. LP may assign, transfer, or license these rights, title, and interest to any third party in their sole discretion. LP may use the whole or any part of the Program in subsequent episodes of the Program, if any, in their sole discretion.

5. The Sheriff's Office shall keep all information about the Program confidential, and shall not disclose any information about the Program, including the premise of the Program, events that occur in the Program, the nature of its participation in the Program, and the identity of any persons who appear in the Program, among other things, to any third-party (including other media) except as required by law or with Producers' prior written permission.

6. The Hidalgo County Sheriff's Office and the County of Hidalgo shall be named as insured on LP's Comprehensive General Liability Insurance Policy, which shall be written up to a minimum of $1,000,000.00 in coverage. LP's insurance coverage shall be primary insurance with respect to The Sheriff's Office, its officers, agents, employees and administrators. Any insurance or self-insurance maintained by The Sheriff's Office, its officers, agents, employees or administrators shall be in excess of LP's insurance, and shall not contribute with it.

Re: Memorandum of Understanding

Sheriff Guerra,

Greetings on behalf of the Port Isabel Detention Center (PIDC) located in Los Fresnos, Texas, part of the Lower Rio Grande Valley. PIDC is owned by Immigration and Customs Enforcement (ICE) and houses adult immigration detainees.

The Department of Homeland Security has established operating guidelines that all ICE detention facilities must adhere to and are known throughout our Agency as the Performance Based National Detention Standards. These standards are operating guidelines that all ICE detention facilities must adhere to, for the safety of our detained population and our staff.

One of those standards, Emergency Plans, involves the emergency evacuation of PIDC in the event of a declared emergency. An emergency could range from a disturbance to adverse weather conditions, such as a hurricane.

We are mandated to establish a Memorandum of Understanding (MOU) with local, county, state, and federal law enforcement agencies, county jails, and hospitals. An MOU is a Contingency Plan that will be in place between your Agency and ICE which will be a cooperative agreement amongst us in the event of an emergency evacuation of PIDC is necessary and your assistance may be required.

The goal of this MOU is to be prepared to control any emergency situation that could result during our evacuation through your area of jurisdiction which may result in the possibility of endangering the lives, property and disrupting the normal way of life amongst your community.

In the history of PIDC, our only documented evacuations have been due to threatening adverse weather conditions (hurricanes) and fortunately those have been few. We have managed, through the cooperation of established MOUs and dedicated professionals as you, to

successfully achieve them without any disruption to any community along our designated routes.

Our emergency evacuation plan dictates that in the event an evacuation is ordered, we will proceed to evacuate PIDC via a predetermined route, traveling through many city and county jurisdictions that may or may not involve your area. But in the event we do, you will be notified in advance of our expected arrival through your area and a request may be made to assist us with a safe passage.

Our evacuation convoy usually consists of a large number of ICE Agency buses; led and followed by marked and unmarked ICE vehicles, all driven by armed ICE officers. The convoy, with an estimated twenty to twenty-five Agency buses and approximately ten to twelve other vehicles, transporting approximately seven hundred to one thousand detainees, may travel through your area via a pre-determined route.

In order to avoid any delays while traveling through your area of jurisdiction, I am respectfully requesting that as part of this MOU. you be prepared to provide assistance if requested. Your assistance will probably be just in escorting our convoy through your jurisdiction, ending at the exiting of your jurisdiction, at which time other neighboring law enforcement agencies have agreed to assist us through their perspective areas of jurisdiction.

Please accept and acknowledge this faxed copy of this MOU by signing the acknowledgement page and faxing it back to (956) 547-1833. If requested an original copy will be forwarded to your attention at the above noted address. If you or anyone of your staff has any questions and/or concerns, please contact me at (956) 547-1764 or on my cell phone at (956) 433-6622.

Respectfully,
Ensuring the Security of the Homeland

1. INDEMNIFICATION: TO THE EXTENT PERMITTED BY FEDERAL LAW AND THE CONSTITUTION OF THE UNITED STATES, DHS ICE SHALL INDEMNIFY AND HOLD HARMLESS COUNTY, ITS ELECTED OFFICIALS, EMPLOYEES AND AGENTS FROM ANY AND ALL CLAIMS, DAMAGES, LOSSES, AND EXPENSES INCLUDING ATTORNEY'S FEES FOR THE DEFENSE OF ANY ACTION AGAINST COUNTY ARISING OUT OF, RESULTING FROM, OR CONNECTED WITH THE PROVISION OF THE SERVICE BY COUNTY UNDER THIS AGREEMENT. SAID INDEMNITY SHALL COVER ANY ACT OR FAILURE TO ACT BY THE DHS ICE, ITS AGENTS OR EMPLOYEES.
2. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of County under this Agreement, County may terminate this Agreement upon ninety (90) days written notice to DHS ICE. County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of County pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1996).
3. **Immunities.** Nothing in this Agreement is intended to and County does not hereby waive, release or relinquish any right to assert any of the defenses County enjoys by virtue of the state or federal constitution, laws, rules or regulations, and any sovereign, official or qualified immunity available to County as to any claim or action of any person, entity, or individual against County.
4. **Independent Contractor.** It is expressly agreed that this Agreement and the performance by the parties hereunder does not create any agency relationship or master-servant relationship, that County has no supervision of the performance of the services, if any, provided by DHS ICE, and that DHS ICE is an independent contractor under this Agreement.
5. **Additional Instruments' and Documents.** County and DHS ICE hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.
6. **Mutual Indemnification.** Without waiving its sovereign immunity, and if and to the extent allowed by law, each party shall indemnify and hold harmless each other, its officers, officials, and employees from and against all claims and liabilities of any nature or kind, including costs and expenses for or on account of any claims, damages, losses, or expenses of any character whatsoever resulting in whole or in part from the negligent performance or omission of either party's employees or representatives connected with the activities described herein.

SUBJ: Memorandum of Understanding (MOU) for Mutual Assistance

I have attached a Memorandum of Understanding between the Department of Veterans Affairs and the Hidalgo County Sheriff's Department for your review and concurrence.

Thank you for your support.

Sincerely,

TERRY JAY WALLACE SR.
Chief, Police Service

MEMORANDUM OF UNDERSTANDING FOR MUTUAL ASSISTANCE

The Department of Veterans Affairs requires (VA) Police to maintain current written support agreements with all local law enforcement agencies.

All properties under the control or ownership of the Department of Veterans Affairs, McAllen, Hidalgo County,Texas are under concurrent jurisdiction. This jurisdiction grants local civil police agencies full rights to exercise law enforcement functions on VA medical center grounds. The VA Property is:

- McAllen Outpatient Clinic:
  901East Hackberry, McAllen, Texas 78503

For clarity it is imperative that we enter into a memorandum of understanding outlining agency responsibilities and expectations.

Although our VA Police Officers are highly trained and experienced meeting most disturbances and other related police functions without the need for civil intervention or assistance, we may still encounter certain situations that would require your department's assistance.

These needs would include, but may not be limited to, the following situations where your department's assistance would be requested:

A. Armed hostage taking situations that would require an armed response to assist VA Police in containing the situation until appropriate federal agencies (such as the Federal Bureau of Investigation - FBI) can respond to assume control.

B. Crimes involving armed robberies of funds, drugs or properties where the individuals committing the crimes leave VA police jurisdiction.

C. Vehicle accidents, which may result in non-injuries, injuries, or death involving the VA Police vehicle.

D. Any major incident that would require additional Officers for traffic control to allow emergency vehicles a clear access to the facility.

E. To assist confirming the identification of wanted subjects, arrest and/or detain individuals who have outstanding warrants issued for their arrest by civil law enforcement agencies. VA Police would execute the detention and physical arrest of subjects under federal warrants.

F. To provide additional Officers when needed to assist with the physical arrest of a violent/disorderly person (s) who poses a serious threat to patients, visitors, medical staff or themselves.

G. Provide assistance in the transportation of prisoner's who have been arrested at any of our McAllen facilities on occasions when they are only two VA police officers on duty.

In the case of an emergency, I also request authorization to access central dispatch and patrol units in the field. Our radios (Motorola, APX 7000) are solely dedicated for official VA Police use. If the emergency requires this access, the process of reprogramming our radios would be at no cost to your agency.

Should any VA Police Officer be involved in a shooting, the FBI will be notified immediately. If the FBI declines investigation, or if the FBI response is delayed, this agreement established inter-agency support for the VA Police to receive investigative assistance from the Hidalgo County Sheriff's Department. This assistance may range from establishing, preserving and controlling the crime scene, to performing as the lead investigative agency.

TERRY JAY WALLACE, SR.
CHIEF, VA POLICE

Requesting approval for fuel reimbursement for Sergeant Joshua Kaltenbach in the amount of $23.30 with authority for County Treasurer to issue check after auditing procedures are completed by County Auditor.

BACKGROUND

On January 1, 2016 Sheriff's Office gas pumps were not working. As a result Sergeant Kaltenbach had to stop at TA Travel Center to fuel up for three units but was only able to fuel up for two since the card had a daily usage limit and ended up paying with his personal debit card for the third unit.

Honorable Ramon Garcia
Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78540

Dear Judge Garcia,

The Housing Authority of the County of Hidalgo is getting ready to submit the Capital Fund Program - Annual PHA Plan (07/01/2016-2017) application. The application requires a review and signature from the local county or state official.

Hidalgo County Housing Authority is therefore requesting your review and support of the enclosed application and signature of the enclosed form titled Certification by State or Local Official of PHA Plans Consistency with the Consolidated Plan.

If you have any questions please feel free to contact me at (956) 969-5865.

Sincerely,

Mike R. Lopez
Executive Director

Certification by State or Local Official of PHA Plans Consistency with the Consolidated Plan or State Consolidated Plan

PUBLIC NOTICE

Hidalgo County - Urban County Program
Proposed Regional Consolidated Plan and Strategy
FY 2013/2014 thru 2017/2018

In compliance with the U.S. Department of Housing and Urban Development (HUD) requirements, the Hidalgo county Urban County program hereby announces that the Proposed Regional Consolidated Plan and Strategy for FY 2013/2014 to 2017/2018. Is available for public review and comment. The 30 day public comment period will begin on Thursday March 28, 2013 and end on Thursday May 1, 2013. The Regional Consolidated Plan and Strategy will house a regional needs assessment and description for the entitlement communities of Edinburg, McAllen, Mission and Hidalgo County-Urban County Program.

Accommodations for persons with disabilities will be made upon notification made in advance by calling the above number.

Las informaciones se haran en espanol para aquellas personas que asi lo desean.

County of Hidalgo-Urban County Program
Consolidated Plan Strategy & Program Goals

The four Program Goals of the County of Hidalgo, Urban County Program Consolidated Plan Strategy (CPS) include the direct funding from Community Development Block Grant (CDBG) Solutions Grant (ESG), and HOME Investment Partnership (HOME) Programs. They are as follows:

1. **To Provide Decent Housing**: To provide housing opportunities for low-and-moderate income persons, to retain and upgrade affordable housing stock, to provide homelessness support services, and to ensure that housing opportunities and services are provided without discrimination.

2. **To Provide a Suitable Living Environment**: To promote a decent, safe, and viable urban environment through the provision of quality of life services, elimination of barriers to the isolation of services from those in need, and encouragina participation by the client population in decision-making; to provide adequate infrastructure for community and economic development and for conservation of historically or culturally significant properties and natural resources.

3. **To Expand Economic Opportunities**: To expand opportunities for persons of low-and-moderate income to obtain job skills training, to promote job creation, and to provide an environment conducive to job training and new industry.

4. **To Form and Strengthen Partnerships**: To form new partnerships and to strengthen existing partnerships between the county, federal and state agencies, local government, and non-profit organizations.

Specific Goals

One: To provide the necessary public or private infrastructure to support housing; in particular, housing for low-and-moderate income residents.

Two: To encourage the provision of safe and sanitary affordable housing through the promotion of new housing, rental property and/or the rehabilitation of existing housing stock.

Three: To expand economic opportunities for persons of low-and-moderate income through the creation and/or retention of jobs, in cooperation to the greatest extent possible with state and federal empowerment and enterprise zones.

Four: To provide for planning activities that will promote a more viable, safe and affordable environment in areas where low-and-moderate income persons reside and work.

Five: To provide public facilities and assistance for the improvement of "quality of life" conditions for persons who are presumed to be of low-and-moderate income.

Six: To provide public services in the areas of youth and elderly services, health services, drug abuse counseling, homeless services and enforcement of fair housing law.

The draft of the Consolidated Plan and Strategy may be viewed at the Hidalgo County Urban County Program Office, 3304 West Alberta Road, Edinburg, Texas 78539.

For additional information, please call the Hidalgo County Urban County Program office at (956)-787-8127.

Written Comments may be forwarded to Diana R. Serna, Director at Hidalgo County Urban County Program at 3304 West Alberta Road, Edinburg, Texas 78539.

Streamlined Annual PHA Plan *(High Performer PHAs)*	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires: 02/29/2016

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals and objectives for serving the needs of low- income, very low- income, and extremely low- income families

Applicability. Form HUD-50075-HP is to be completed annually by **High Performing PHAs**. PHAs that meet the definition of a Standard PHA, Troubled PHA, HCV-Only PHA, Small PHA, or Qualified PHA do not need to submit this form.

Definitions.

(1) ***High-Performer PHA*** – A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers, and was designated as a high performer on both of the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments.

(2) ***Small PHA*** - A PHA that is not designated as PHAS or SEMAP troubled, or at risk of being designated as troubled, and that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceeds 550.

(3) ***Housing Choice Voucher (HCV) Only PHA*** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment, and does not own or manage public housing.

(4) ***Standard PHA*** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceeds 550, and that was designated as a standard performer in the most recent PHAS or SEMAP assessments.

(5) ***Troubled PHA*** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.

(6) ***Qualified PHA*** - A PHA with 550 or fewer public housing dwelling units and/or housing choice vouchers combined, and is not PHAS or SEMAP troubled.

A. PHA Information.

A.1

PHA Name: Housing Authority of the County of Hidalgo **PHA Code:** TX497

PHA Type: ☐ Small ☒ High Performer

PHA Plan for Fiscal Year Beginning: (MM/YYYY): 07/2016

PHA Inventory (Based on Annual Contributions Contract (ACC) units at time of FY beginning, above)

Number of Public Housing (PH) Units 55 **Number of Housing Choice Vouchers (HCVs)** 716

Total Combined 771

PHA Plan Submission Type: ☒ Annual Submission ☐ Revised Annual Submission

Availability of Information. In addition to the items listed in this form, PHAs must have the elements listed below readily available to the public. A PHA must identify the specific location(s) where the proposed PHA Plan, PHA Plan Elements, and all information relevant to the public hearing and proposed PHA Plan are available for inspection by the public. Additionally, the PHA must provide information on how the public may reasonably obtain additional information of the PHA policies contained in the standard Annual Plan, but excluded from their streamlined submissions. At a minimum, PHAs must post PHA Plans, including updates, at each Asset Management Project (AMP) and main office or central office of the PHA. PHAs are strongly encouraged to post complete PHA Plans on their official website. PHAs are also encouraged to provide each resident council a copy of their PHA Plans. **Locations of Proposed PHA Plan, PHA Plan Elements and all information relevant to the public hearing and proposed PHA Plan are available for inspection by the public at:**
Main office-Housing Authority of the County of Hidalgo,1800 N. Texas Blvd, Weslaco, Texas 78599
Villa Sandoval-Longoria, 1102 Lilia Dr., Weslaco, Texas 78599.
Villa San Juanita Rutledge, 1200 N. Standard, San Juan, Texas 78589

☐ **PHA Consortia:** (Check box if submitting a Joint PHA Plan and complete table below)

Participating PHAs	PHA Code	Program(s) in the Consortia	Program(s) not in the Consortia	No. of Units in Each Program

Privacy Act Notice. The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Responses to the collection of information are required to obtain a benefit or to retain a benefit. The information requested does not lend itself to confidentiality.

B.	**Annual Plan Elements**					
B.1	**Revision of PHA Plan Elements.** (a) Have the following PHA Plan elements been revised by the PHA since its last **Annual PHA Plan** submission? Y N ☐ ☒ Statement of Housing Needs and Strategy for Addressing Housing Needs. ☐ ☒ De-concentration and Other Policies that Govern Eligibility, Selection, and Admissions. ☐ ☒ Financial Resources. ☐ ☒ Rent Determination. ☐ ☒ Homeownership Programs. ☐ ☒ Safety and Crime Prevention. ☐ ☒ Pet Policy. ☐ ☒ Substantial Deviation. ☐ ☒ Significant Amendment/Modification (b) The PHA must submit its Deconcentration Policy for Field Office Review.-See attached. (c) If the PHA answered yes for any element, describe the revisions for each element below:					
B.2	**New Activities.** (a) Does the PHA intend to undertake any new activities related to the following in the PHA's current Fiscal Year? Y N ☐ ☒ Hope VI or Choice Neighborhoods. ☐ ☒ Mixed Finance Modernization or Development. ☐ ☒ Demolition and/or Disposition. ☐ ☒ Conversion of Public Housing to Tenant Based Assistance. ☐ ☒ Conversion of Public Housing to Project-Based Assistance under RAD. ☐ ☒ Project Based Vouchers. ☐ ☒ Units with Approved Vacancies for Modernization. ☐ ☒ Other Capital Grant Programs (i.e., Capital Fund Community Facilities Grants or Emergency Safety and Security Grants). (b) If any of these activities are planned for the current Fiscal Year, describe the activities. For new demolition activities, describe any public housing development or portion thereof, owned by the PHA for which the PHA has applied or will apply for demolition and/or disposition approval under section 18 of the 1937 Act under the separate demolition/disposition approval process. If using Project-Based Vouchers (PBVs), provide the projected number of project based units and general locations, and describe how project basing would be consistent with the PHA Plan.					

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan

See Attachment.

B.4.	**Most Recent Fiscal Year Audit.** (a) Were there any findings in the most recent FY Audit? Y N ☐ ☒ (b) If yes, please describe:
	Other Document and/or Certification Requirements.
C.1	**Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan** Form 50077-ST-HCV-HP, *Certification of Compliance with PHA Plans and Related Regulations,* must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.2	**Civil Rights Certification.** Form 50077-ST-HCV-HP, *Certification of Compliance with PHA Plans and Related Regulations,* must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.3	**Resident Advisory Board (RAB) Comments.** (a) Did the RAB(s) provide comments to the PHA Plan? Y N ☒ ☐ If yes, comments must be submitted by the PHA as an attachment to the PHA Plan. PHAs must also include a narrative describing their analysis of the RAB recommendations and the decisions made on these recommendations.
C.4	**Certification by State or Local Officials.** Form HUD 50077-SL, *Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan*, must be submitted by the PHA as an electronic attachment to the PHA Plan.
D	**Statement of Capital Improvements.** Required in all years for all PHAs completing this form that administer public housing and receive funding from the Capital Fund Program (CFP).
D.1	**Capital Improvements.** Include a reference here to the most recent HUD-approved 5-Year Action Plan (HUD-50075.2) and the date that it was approved by HUD. Statement of Capital Improvements The Housing Authority of the County of Hidalgo designated all CFP funds for the 2015-2019 5 year Action Plan (Hud-50075.2) to Operations and submitted its most recent 5 –Year Action Plan on May 21, 2015 and the plan was approved by HUD on June 25, 2015..

Instructions for Preparation of Form HUD-50075-HP
Annual Plan for High Performing PHAs

A. PHA Information. All PHAs must complete this section.

A.1 Include the full **PHA Name, PHA Code, PHA Type, PHA Fiscal Year Beginning** (MM/YYYY), **PHA Inventory, Number of Public Housing Units and or Housing Choice Vouchers (HCVs), PHA Plan Submission Type,** and the **Availability of Information,** specific location(s) of all information relevant to the public hearing and proposed PHA Plan. (24 CFR §903.23(4)(e))

PHA Consortia: Check box if submitting a Joint PHA Plan and complete the table. (24 CFR §943.128(a))

B. Annual Plan.

B.1 Revision of PHA Plan Elements. PHAs must:

Identify specifically which plan elements listed below that have been revised by the PHA. To specify which elements have been revised, mark the "yes" box. If an element has not been revised, mark "no."

☐ **Statement of Housing Needs and Strategy for Addressing Housing Needs.** Provide a statement addressing the housing needs of low-income, very low-income and extremely low-income families and a brief description of the PHA's strategy for addressing the housing needs of families who reside in the jurisdiction served by the PHA. The statement must identify the housing needs of (i) families with incomes below 30 percent of area median income (extremely low-income), (ii) elderly families and families with disabilities, and (iii) households of various races and ethnic groups residing in the jurisdiction or on the waiting list based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location. For years in which the PHA's 5-Year PHA Plan is also due, this information must be included only to the extent it pertains to the housing needs of families that are on the PHA's public housing and Section 8 tenant-based assistance waiting lists. 24 CFR §903.7(a)(1) and 24 CFR §903.12(b). Provide a description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. For years in which the PHA's 5-Year PHA Plan is also due, this information must be included only to the extent it pertains to the housing needs of families that are on the PHA's public housing and Section 8 tenant-based assistance waiting lists. 24 CFR §903.7(a)(2)(ii) and 24 CFR §903.12(b).

☐ **Deconcentration and Other Policies that Govern Eligibility, Selection and Admissions.** Describe the PHA's admissions policy for deconcentration of poverty and income mixing of lower-income families in public housing. The Deconcentration Policy must describe the PHA's policy for bringing higher income tenants into lower income developments and lower income tenants into higher income developments. The deconcentration requirements apply to general occupancy and family public housing developments. Refer to 24 CFR §903.2(b)(2) for developments not subject to deconcentration of poverty and income mixing requirements. 24 CFR §903.7(b) Describe the PHA's procedures for maintaining waiting lists for admission to public housing and address any site-based waiting lists. 24 CFR §903.7(b) A statement of the PHA's policies that govern resident or tenant eligibility, selection and admission including admission preferences for both public housing and HCV. (24 CFR §903.7(b) Describe the unit assignment policies for public housing. 24 CFR §903.7(b)

☐ **Financial Resources.** A statement of financial resources, including a listing by general categories, of the PHA's anticipated resources, such as PHA operating, capital and other anticipated Federal resources available to the PHA, as well as tenant rents and other income available to support public housing or tenant-based assistance. The statement also should include the non-Federal sources of funds supporting each Federal program, and state the planned use for the resources. (24 CFR §903.7(c)

☐ **Rent Determination.** A statement of the policies of the PHA governing rents charged for public housing and HCV dwelling units, including applicable public housing flat rents, minimum rents, voucher family rent contributions, and payment standard policies. (24 CFR §903.7(d)

☐ **Homeownership Programs.** A description of any homeownership programs (including project number and unit count) administered by the agency or for which the PHA has applied or will apply for approval. For years in which the PHA's 5-Year PHA Plan is also due, this information must be included only to the extent that the PHA participates in homeownership programs under section 8(y) of the 1937 Act. (24 CFR §903.7(k) and 24 CFR §903.12(b).

☐ **Safety and Crime Prevention (VAWA).** A description of: **1)** Any activities, services, or programs provided or offered by an agency, either directly or in partnership with other service providers, to child or adult victims of domestic violence, dating violence, sexual assault, or stalking; **2)** Any activities, services, or programs provided or offered by a PHA that helps child and adult victims of domestic violence, dating violence, sexual assault, or stalking, to obtain or maintain housing; and **3)** Any activities, services, or programs provided or offered by a public housing agency to prevent domestic violence, dating violence, sexual assault, and stalking, or to enhance victim safety in assisted families. (24 CFR §903.7(m)(5))

☐ **Pet Policy.** Describe the PHA's policies and requirements pertaining to the ownership of pets in public housing. (24 CFR §903.7(n))

☐ **Substantial Deviation.** PHA must provide its criteria for determining a "substantial deviation" to its 5-Year Plan. (24 CFR §903.7(r)(2)(i)

☐ **Significant Amendment/Modification.** PHA must provide its criteria for determining a "Significant Amendment or Modification" to its 5-Year and Annual Plan. Should the PHA fail to define 'significant amendment/modification', HUD will consider the following to be 'significant amendments or modifications': a) changes to rent or admissions policies or organization of the waiting list; b) additions of non-emergency public housing CFP work items (items not included in the current CFP Annual Statement or CFP 5-Year Action Plan); or c) any change with regard to demolition or disposition, designation, homeownership programs or conversion activities. See guidance on HUD's website at: Notice PIH 1999-51. (24 CFR §903.7(r)(2)(ii)

If any boxes are marked "yes", describe the revision(s) to those element(s) in the space provided.

PHAs must submit a Deconcentration Policy for Field Office review. For additional guidance on what a PHA must do to deconcentrate poverty in its development and comply with fair housing requirements, see 24 CFR 903.2. (24 CFR §903.23(b))

B.2 New Activities. If the PHA intends to undertake any new activities related to these elements or discretionary policies in the current Fiscal Year, mark "yes" for those elements, and describe the activities to be undertaken in the space provided. If the PHA does not plan to undertake these activities, mark "no."

☐ **Hope VI.** 1) A description of any housing (including project name, number (if known) and unit count) for which the PHA will apply for HOPE VI; and **2)** A timetable for the submission of applications or proposals. The application and approval process for Hope VI is a separate process. See guidance on HUD's website at: http://www.hud.gov/offices/pih/programs/ph/hope6/index.cfm. (Notice PIH 2010-30)

☐ **Mixed Finance Modernization or Development. 1)** A description of any housing (including name, project number (if known) and unit count) for which the PHA will apply for Mixed Finance Modernization or Development; and **2)** A timetable for the submission of applications or proposals. The application and approval process for Mixed Finance Modernization or Development is a separate process. See guidance on HUD's website at: http://www.hud.gov/offices/pih/programs/ph/hope6/index.cfm. (Notice PIH 2010-30)

☐ **Demolition and/or Disposition.** Describe any public housing projects owned by the PHA and subject to ACCs (including name, project number and unit numbers [or addresses]), and the number of affected units along with their sizes and accessibility features) for which the PHA will apply or is currently pending for demolition or disposition; and (2) A timetable for the demolition or disposition. This statement must be submitted to the extent that approved and/or pending demolition and/or disposition has changed. The application and approval process for demolition and/or disposition is a separate process. See guidance on HUD's website at: http://www.hud.gov/offices/pih/centers/sac/demo_dispo/index.cfm. (24 CFR §903.7(h))

☐ **Conversion of Public Housing.** Describe any public housing building(s) (including project number and unit count) owned by the PHA that the PHA is required to convert or plans to voluntarily convert to tenant-based assistance; **2)** An analysis of the projects or buildings required to be converted; and **3)** A statement of the amount of assistance received to be used for rental assistance or other housing assistance in connection with such conversion. See guidance on HUD's website at: http://www.hud.gov/offices/pih/centers/sac/conversion.cfm. (24 CFR §903.7(j))

☐ **Project-Based Vouchers.** Describe any plans to use HCVs for new project-based vouchers. (24 CFR §983.57(b)(1)) If using project-based vouchers, provide the projected number of project-based units and general locations, and describe how project-basing would be consistent with the PHA Plan.

☐ **Other Capital Grant Programs** (i.e., Capital Fund Community Facilities Grants or Emergency Safety and Security Grants).

B.3 Progress Report. For all Annual Plans following submission of the first Annual Plan, a PHA must include a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year PHA Plan. (24 CFR §903.7(r)(1))

B.4 Most Recent Fiscal Year Audit. If the results of the most recent fiscal year audit for the PHA included any findings, mark "yes" and describe those findings in the space provided. (24 CFR §903.7(p))

C. Other Document and/or Certification Requirements

C.1 Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan. Provide a certification that the following plan elements have been revised, provided to the RAB for comment before implementation, approved by the PHA board, and made available for review and inspection by the public. This requirement is satisfied by completing and submitting form HUD-50077 SM-HP.

C.2 Civil Rights Certification. Form HUD-50077 SM-HP, *PHA Certifications of Compliance with the PHA Plans and Related Regulation*, must be submitted by the PHA as an electronic attachment to the PHA Plan. This includes all certifications relating to Civil Rights and related regulations. A PHA will be considered in compliance with the AFFH Certification if: it can document that it examines its programs and proposed programs to identify any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with the local jurisdiction to implement any of the jurisdiction's initiatives to affirmatively further fair housing; and assures that the annual plan is consistent with any applicable Consolidated Plan for its jurisdiction. (24 CFR §903.7(o))

C.3 Resident Advisory Board (RAB) comments. If the RAB provided comments to the annual plan, mark "yes," submit the comments as an attachment to the Plan and describe the analysis of the comments and the PHA's decision made on these recommendations. (24 CFR §903.13(c), 24 CFR §903.19)

C.4 Certification by State or Local Officials. Form HUD-50077-SL, *Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan*, must be submitted by the PHA as an electronic attachment to the PHA Plan. (24 CFR §903.15)

D. Statement of Capital Improvements. PHAs that receive funding from the Capital Fund Program (CFP) must complete this section. (24 CFR 903.7 (g))

D.1 Capital Improvements. In order to comply with this requirement, the PHA must reference the most recent HUD approved Capital Fund 5 Year Action Plan. PHAs can reference the form by including the following language in Section C. 8.0 of the PHA Plan Template: "See HUD Form 50075.2 approved by HUD on XX/XX/XXXX."

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the 5-Year and Annual PHA Plan. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals and objectives for serving the needs of low- income, very low- income, and extremely low- income families.

Public reporting burden for this information collection is estimated to average 16.64 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

De-concentration Policy for the Housing Authority of the County of Hidalgo Annual PHA Plan for 2016-2017

The offers will be made in the following manner

To the maximum extent feasible, the de-concentration and income-mixing requirements of the QHWRA will be followed. Families with incomes ranging from 0% to 80% of median income will be selected in accordance with the tenant selection section of this policy. Families with the highest incomes will be offered units in developments where average family incomes are lowest. Conversely, families with the lowest incomes will be offered units in developments with the highest average family incomes. The PHA may offer incentives to families to accomplish the de-concentration and income-mixing objectives.

The PHA may employ a system of income ranges in order to maintain a resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and may take into account the average rent the PHA should receive to maintain financial solvency. The PHA's selection policies are designed so that selection of new public housing residents will bring the PHA's actual distribution of rents closer to the projected distribution of rents.

The PHA will select, based on data and time of application and preferences, two(2) families in extremely low income category and two(2) families from the lower income category (31% to 80% of area median income) alternately until the forty percent% (40%) admission requirement of extremely low-income families is achieved (2+2 policy).

After the minimum level is reached, all selections will be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their original placement on the waiting list

Progress of the Housing Authority of the County of Hidalgo with its 5 year Capital Fund program (2015-2019)

Mission:

The Housing Authority of the County of Hidalgo continues to Progress in meeting its mission of providing low-income, very low-income and extremely low income families with housing that is decent, safe, sanitary and affordable. The Housing Authority of the County of Hidalgo continues to be committed to providing opportunities for families to assist themselves. The Housing Authority continues to encourage families to participate in programs such as the Affordable Homes of South Texas program, HUD Family Self-Sufficiency Program, Employment programs, Educational programs, Financial programs (Money Smart) and Counseling Programs that are designed to promote self-sufficiency. The mission of the housing authority continues to be to assist as many qualified families as possible, by providing them the opportunity to improve their lifestyle and become self-sufficient. Additionally progress continues to be made on the following goals:

I, PHA Goal: Expand the supply of assisted housing.

Continue to improve public housing management (REAC Score 99 -2014-2017)- consistent positive score from last Capital Fund Program.

Improved voucher management SEMAP score from 97 to 100 in 2015.

Increase response time and satisfaction to customer questions.

II, Increase concentrated effort to improve specific management functions.

(List: e.g., public housing financing, voucher unit inspections)

By consistently keeping up with renovations and modernization of public housing units through the use of both the Capital Fund Program and regular routine maintenance. Training continues to be a mainstay of management improvements, Voucher unit inspections also continue to be upgraded and documented as well.

III, PHA Goal: Increase assisted housing choices.

The HACH continues to conduct outreach efforts to potential voucher landlords and recruit new landlords. Increase voucher payment standards-as needed based on annual review,provide voucher mobility counseling (the housing authority in each briefing session continues to provide counseling for new participants and with each unit transfer for current participants).

IV, HUD Strategic Goal: The HACH continues to help improve community quality of Life and economic vitality by supporting measures to de-concentrate poverty by continuing to bring higher income public housing households into lower income developments. On- going accomplished through Tenant Selection Process.

Other:

1 Continue with the Family Self-Sufficiency program budgeting classes, credit counseling classes & housekeeping classes to better prepare housing families wanting to achieve the American Dream of one day owning their own home.

2 Continue to motivate and challenge participants of the Family Self-Sufficiency Program to obtain job skills, education, higher incomes and parenting skills.

3 Continue to provide Family Self-Sufficiency Program Escrow accounts for those families which qualify.

4 Continue to Increase meaningful and beneficial resident participation in the care and improvement of their development and neighborhoods. (Fire Prevention Month, gardening programs, arts and crafts, neighborhood watch program.

5 Continue to network with local & government agencies, school districts, local universities, local technical schools and city.
6 Continue to enforce and monitor the Community Service/Self-Sufficiency Policy.

The Housing Authority of the County of Hidalgo continues to encourage all its residents to volunteer at the housing authority.
We continue to have resident volunteers participate in:
a. Tutorial sessions for grade school-high school.
b. Computer classes.
c. Providing adult supervision during children's educational programs.
d. Community activities such as drug awareness, gang awareness, voter drives, health awareness drives (diabetes), children's poster contest (What Home Means to Me)and the Baylor Hunger Initiative.

7. The Housing Authority of the County of Hidalgo continues to provide affordable units available to the PHA within its current resources by continuing to:
a. Employ effective maintenance and management policies to minimize the number of public housing units off-line.
b. Maintain and manage an efficient and effective turnover time for vacated public housing units.
c. Maintain and manage time efficiently and effectively to renovate public housing units.
d. Maintain or increase HCV Section 8 lease up rates by establishing payment standards that will enable families to rent throughout the jurisdiction.
e. Undertake measures to ensure access to affordable housing among families assisted by the PHA, with respect to the public housing policy ratio of bedrooms available/family quantity.
f. Maintain or increasing HCV Section 8 lease up rates by marketing the program to real estate agents who contact owners, particularly those outside of areas of minority and poverty concentration.
g. Participate in the Consolidated Plan Development process to ensure coordination with broader community strategies.
8. Increase the number of affordable housing units by:
a. Applying for additional Section 8 vouchers should they become available?
b. Continuing to apply for grants and develop affordable housing such as Tax Credit Housing and low interest conventional housing through development efforts by the PHA, Non-Profit agency and /or Public Facility Corporation.
c. Continuing to explore other development options such as market rate units with mixed financing targeting 80% families.

9. Continuing to target families at or below 30% medium by:
a. Adopting rent policies to support and encourage work.

10. Target families at or below 50% medium by:
a. Adopt rent policies to support and encourage work.

10. Target available assistance by:
a. Apply for 25-120 project based vouchers to encourage new housing unit developments should they become available.

11. Target available assistance to families with disabilities by:

a. Carry out the modifications needed in public housing based on the section 504

b. Affirmatively market to local non-profit agencies that assist families with disabilities.
c. Explore and propose the use of project based vouchers to seek out new development for families with disabilities-25-120 project based vouchers.

12. Increase awareness of PHA resources among families of races and ethnicity with disproportionate needs:
a. Affirmatively market to races/ethnicity shown to have disproportionate housing needs.
13. Conduct activities to affirmatively further fair housing by:
a. Host a Fair Housing Training to inform and educate residents on resident rights and regulations and responsibilities.
b. Host a Fair Housing Training to educate & inform the housing authority employees on the rules and regulations of Fair Housing.
c. Counsel Section 8 tenants as to location of units outside of areas of poverty /minority concentration and assist them in locating those units.
d. Market the Section 8 program to owners outside of areas of poverty/ minority concentrations.

Certifications of Compliance with PHA Plans and Related Regulations *(Standard, Troubled, HCV-Only, and High Performer PHAs)*	U.S. Department of Housing and Urban Development Office of Public and Indian Housing **OMB No. 2577-0226** **Expires 02/29/2016**

PHA Certifications of Compliance with the PHA Plan and Related Regulations including Required Civil Rights Certifications

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the___ 5-Year and/or_x__ Annual PHA Plan for the PHA fiscal year beginning _07/01/2016, hereinafter referred to as" the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
3. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Resident Advisory Board or Boards in developing the Plan, including any changes or revisions to the policies and programs identified in the Plan before they were implemented, and considered the recommendations of the RAB (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the manner in which the Plan addresses these recommendations.
4. The PHA made the proposed Plan and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the Plan and invited public comment.
5. The PHA certifies that it will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
6. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identifying any impediments to fair housing choice within those programs, addressing those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and by maintaining records reflecting these analyses and actions.
7. For PHA Plans that includes a policy for site based waiting lists:
   - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module in an accurate, complete and timely manner (as specified in PIH Notice 2010-25);
   - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
   - Adoption of a site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
   - The PHA shall take reasonable measures to assure that such a waiting list is consistent with affirmatively furthering fair housing;
   - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).
8. The PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975.
9. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.
10. The PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.
11. The PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.

12. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
13. The PHA will provide the responsible entity or HUD any documentation that the responsible entity or HUD needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58 or Part 50, respectively.
14. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under Section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
15. The PHA will keep records in accordance with 24 CFR 85.20 and facilitate an effective audit to determine compliance with program requirements.
16. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act, the Residential Lead-Based Paint Hazard Reduction Act of 1992, and 24 CFR Part 35.
17. The PHA will comply with the policies, guidelines, and requirements of OMB Circular No. A-87 (Cost Principles for State, Local and Indian Tribal Governments), 2 CFR Part 225, and 24 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments).
18. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the regulations and included in its Plan.
19. All attachments to the Plan have been and will continue to be available at all times and all locations that the PHA Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA.
22. The PHA certifies that it is in compliance with applicable Federal statutory and regulatory requirements, including the Declaration of Trust(s).

PHA Plan- Resident Advisory Board
Narrative

February 2, 2016

RAB –PHA Annual Plan 2016-2017

1. Analysis of the recommendations: Villa Sandoval-Longoria Development
   After reviewing the 5Year PHA CFP Plan (2015-2019) and Annual PHA Plan for fiscal Year 2016-2017 for the Housing Authority of the County of Hidalgo, the Resident Advisory Board for Villa Sandoval-Longoria recommended the outlined plan for the above mentioned Fiscal Year and expressed additional recommendations such as additional security lighting, speed bumps and interior plastic corner wall protectors to protect the interior wall corners of the housing units, additional security door locks for principal doors,

   Analysis of the recommendations: Villa San Juanita Rutledge,
   After reviewing the 5 year PHA CFP Plan (2015-2019) and Annual PHA Plan for fiscal Year 2016-2017 the Housing Authority of the County of Hidalgo Villa San Juanita Rutledge Resident Advisory Board recommended the outlined plan for the above mentioned Fiscal Year and expressed additional recommendations such as repairing development fence, painting of exterior units and adding additional lighting to office front porch.

2. Decisions made based on recommendations:
   The PHA has taken into advisement the Resident Advisory Board recommendations and has informed the Resident Advisory Board that CFP monies will be placed in operations and work orders will be created and completed as they are placed at the development office for both the Villa Sandoval Longoria and Villa San Juanita Rutledge developments.

Re: **Funding Commitment for Villa Verde Estates, TDCHA #16104 – Near NEC of Mile 5 N. Rd. & S. Border Ave., Weslaco ETJ, Hidalgo County, Texas**

Dear Mr. Irvine:

The County of Hidalgo has been made aware that pursuant to *§11.9(d)(2)* of the 2016 Qualified Allocation Plan ("QAP") the rules the govern the housing tax credit program in Texas, an application seeking competitive housing tax credits may qualify to receive one (1) point by providing evidence of a commitment of development funding from the city or county in which a development site is located. To qualify for the point, a letter from an official of the municipality, county, or other instrumentality must be provided. Furthermore, the letter must state that the jurisdiction will provide a loan, grant, reduced fees or other contribution that will benefit the proposed development.

DWR Villa Verde Estates, LP and its development team have applied for funding in connection with the proposed development of Villa Verde Estates, an affordable rental housing development to be located near the NEC of Mile 5 N. Rd. & S. Border Ave., in the ETJ of Weslaco, Hidalgo County, Texas. In accordance with *§11.9(d)(2)* of the QAP, Hidalgo County will provide a grant, reduced fees, or contribution of other value for the benefit of the proposed development in the amount of $10.

Please do not hesitate to contact me at _____ with any questions.

Sincerely,

_____
Authorized Official of Hidalgo County

County of Hidalgo Resolution for Starlight Development

Whereas VDC Alberta Longoria, LP has proposed a development for affordable rental housing at the SWQ of Alberta and Raul Longoria named Starlight in the extra-territorial jurisdiction of the City of Edinburg, County ofHidalgo; and

Whereas, there is a need for affordable housing for the County of Hidalgo for citizens of modest means; and

Whereas, VDC Alberta Longoria, LP intends to submit an application to the Texas Department of Housing and Community Affairs (TDHCA) for 2016 Competitive 9% Low Income Housing Tax Credit Program funds for Starlight; and

Whereas, the Tax Credit Program also requires a de minimis commitment of development funding from the County.

Be it resolved that:

The County of Hidalgo, acting through its governing body, hereby affirms its support for the Starlight development located at the SWQ of Alberta and Raul Longoria (TDHCA Application Number 16263) and that this formal action has been taken to put on record the opinion expressed by the County on the date set forth below; and

The County of Hidalgo, acting through its governing body, hereby approves theprovision of a loan, grant, reduced fee or contribution of other value for the benefit of the Starlight development.

For and on behalf of the governing body of the County of Hidalgo, [NAME, POSITION OF AUTHORIZED PERSON(S)] is/are hereby authorized, empowered, and directed to certify these resolutions to TDHCA.

These Resolutions shall become effective immediately upon passage.

Resolved this date….[city/county to use its format for resolutions].

STATE OF TEXAS §
§
COUNTY OF TEXAS §

Contract #C-16-087-02-16

MUSEUM FUNDING AGREEMENT

This Museum Funding Agreement (the ”Agreement”) is made and entered into on this the _____, 2016 but is made effective the 1st day of January, 2016, by and between the County of Hidalgo, Texas, a political subdivision of the State of Texas hereinafter referred to as the “County” and the Museum of South Texas History, a Texas non-profit corporation hereinafter referred to as the “Museum”.

W I T N E S S E T H:

WHEREAS, County is authorized to operate and maintain parks, playgrounds and historical museums, pursuant to Tex. Loc. Gov. Code 330.001, et seq., and may contract with an entity operating a museum in Hidalgo County; acquire and display collections, books, paintings, sculptures, coins and other objects of historical significance;

WHEREAS, as consideration for the Museum to provide the services of a County historical museum located in Edinburg, Hidalgo County, Texas which is open to the public, County desires to provide financial support to the Museum; and

WHEREAS, County desires to assist Museum by providing funding for use by the Museum in operating its facilities during the calendar year 2016.

NOW THEREFORE, for and in consideration of the mutual covenants, conditions and agreements herein set forth, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, County and Museum agree as follows:

1. **Obligation of Museum.** During the period of this Agreement, Museum agrees to provide a historical Museum for all persons in Hidalgo County. The Museum will be open to the public on a regular basis on days and at times that are reasonably set by the Board of Trustees of the Museum. Museum agrees to display collections, historical books, paintings, sculptures, coins and other objects or collections of historical significance to the public at the Museum and agrees to continue to acquire such items, objects and collections of historical significance. In addition, Museum agrees to use the funds provided by County pursuant to this Agreement to operate a historical museum for the purposes of acquiring, constructing, maintaining, and displaying to the public permanent exhibits of historical significance to the County.

2. **Museum Programs.** Museum also agrees to periodically conduct programs related to significant areas of interest in the history of Hidalgo County, Texas during the period of this Agreement.

3. **Consideration.** As consideration for the above and foregoing services that are provided for and on behalf of County, County agrees to pay Museum the sum of Three Hundred Sixty Thousand and 00/100ths Dollars ($360,000.00), payable in twelve (12) equal monthly installments, beginning January 1, 2016 and ending December 31, 2016.

4. **Term.** The period of this Agreement will be for one (1) year, commencing on January 1, 2016 and ending December 31, 2016.

5. **Liability for Museum Operation.** Museum assumes full responsibility and liability for conducting the programs and for any damage to the historical building site, the adjacent improvements occupied by Museum, or any of the personal property located upon the premises, including, but not limited to, all collections and items of historical significance, which may occur as a result of the public's use of the Museum.

6. **Indemnity.** Museum assumes and agrees to hold County harmless from any liability connected with any injury, death or damage to any person or property which may arise from or occur in connection with the maintenance, operation and use of the historic Museum site and any of the adjacent buildings utilized by Museum to perform the services provided by it, pursuant to sections 1 and 2 above. Museum will indemnify and hold County harmless from any and all damage arising from any injury, death or damage which may arise from an injury, death or damage to any person or item of property which occurs as a result of Museum's operation and use of the Museum's property that is utilized to perform and present the services set forth in sections 1 and 2 above. Museum agrees to purchase liability insurance to fully protect it and County from any such injury or damages in at least the amount prescribed by the Texas Tort Claims Act, Tex. Civ. Prac. and Rem. Code §101.001 et seq., as now existing or hereinafter amended, replaced or recorded.

7. **No Restriction on County.** No provision of this Agreement will restrict or deprive County of any powers or other lawful authority which it may presently posses with regard to the establishment or maintenance of other museums or the collection of any items related to the history of Hidalgo County or the South Texas area.

8. **Conflict with Applicable Law.** Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between and provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision or provisions of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

9. **No Waiver.** No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

10. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by the County and Museum, and not otherwise.

11. **TEXAS LAW TO APPLY.** THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATIONS OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

12. **Notice.** Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: Hidalgo County, Texas
Attention: County Judge
P.O. Box 1356
Edinburg, Texas 78540-1356

If to Museum: Museum of South Texas History
Attention: Executive Director
200 N. McIntyre
Edinburg, Texas 78541

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

13. **Additional Documents.** The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

14. **Successors.** This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

15. **Assignment.** This Agreement shall not be assignable.

16. **Headings.** The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision or paragraph hereof.

17. **Gender and Number.** All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

18. **Authority to Execute.** The execution and performance of this Agreement by District and County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of the Museum and County in accordance with its terms.

19. **Commitment of Current Revenues Only.** In the event that during any term hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

20. **Record Keeping and Audit.** Museum agrees to maintain records and reports as are necessary to establish the use of County funds under this Agreement for the purposes outlined in section 1 of this Agreement, and agrees to make those records and reports available to the County, and other local, state or federal agency or authority that may exercise jurisdiction over County funds. In addition, Museum agrees to comply with the reasonable requirements and standards of the Hidalgo County Auditor with respect to accounting for and reporting funds provided by County. Funds provided to Museum hereunder must be used in an activity that meets one of the objectives listed in Tex. Loc. Govt. Code Chapter 330.

WITNESS THE HANDS OF THE PARTIES and effective as of the day and year first written above.

THE STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF ALAMO, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF ALAMO, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of Alamo, Texas
Attn: City Manager
420 N. Tower Road
Alamo, Texas 78516

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF DONNA, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF DONNA, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF EDINBURG, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF EDINBURG, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of Edinburg, Texas
Attn: City Manager
415 W. University Dr.
Edinburg, Texas 78539

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms.

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

THE STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF ELSA, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF ELSA, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of Elsa, Texas
Attn: City Manager
216 E 4th Street
Elsa, Texas 78543

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF HIDALGO, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF HIDALGO, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF LA JOYA, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF LA JOYA, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF MCALLEN, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF MCALLEN, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be

allocated to County libraries in accordance with a formula established, reviewed and approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or

amendment thereof, contrary to which the parties have no legal right to contract, the latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of McAllen, Texas
Attn: City Manager
1300 Houston Ave
McAllen, Texas 78501

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

THE STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF MERCEDES, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF MERCEDES, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of Mercedes, Texas
Attn: City Manager
400 S Ohio St
Mercedes, Texas 78570

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF MISSION, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF MISSION, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF PENITAS, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF PENITAS, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF PHARR, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF PHARR, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of Pharr, Texas
Attn: City Manager
118 S Cage Blvd
Pharr, Texas 78577

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

THE STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF SAN JUAN, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF SAN JUAN, TEXAS hereinafter referred to as “City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo
Attention: Ramon Garcia, Hidalgo County Judge
302 W. University Dr.
Edinburg, Texas 78539

If to City: City of San Juan, Texas
Attn: City Manager
701 S Nebraska
San Juan , Texas 78589

Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee or, if mailed, at such time as it is deposited in the United States mail.

11. Additional Documents. The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this Agreement.

12. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

13. Assignment. This Agreement shall not be assignable.

14. Headings. The headings and captions contained in this Agreement are solely for convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

15. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and so often as may be appropriate.

16. Authority to Execute. The execution and performance of this Agreement by City and County have been duly authorized by all necessary laws, resolutions corporate action, and this Agreement constitutes the valid and enforceable obligations of City and County in accordance with its terms

17. Governmental Purpose. Each party hereto is entering into this agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

18. Commitment of Current Revenues Only. In the event that, during any term, hereof, the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

THE STATE OF TEXAS §

COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN COUNTY OF HIDALGO, TEXAS AND CITY OF WESLACO, TEXAS

This Agreement is made effective as of this ____ day of February, 2016, by and between HIDALGO COUNTY, TEXAS hereinafter referred to as "County," and the CITY OF WESLACO, TEXAS hereinafter referred to as 'City" pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WHEREAS, the County has established the Hidalgo County Library System (hereinafter "HCLS");

WHEREAS, the County wishes to Contract with the City for library privileges from the City's established library;

WHEREAS, pursuant to Tex. Loc. Gov't Code Section 323.011 the City understands that the City's library will assume the functions of a County library within the County;

WHEREAS, pursuant to standard HCLS operating procedures, HCLS acquires library materials, supplies and services, electronic database services, audiovisual equipment, and computer hardware, software and other resources for library services for the free use of City's library by residents of rural areas of the County;

WHEREAS, the County and City desire to clarify the terms and conditions of the operation of HCLS, and to provide direct funding to City in certain circumstances;

WHEREAS, the County finds that the City is suitably organized to provide efficient and effective free library services to County residents under Chapter 323; and

WHEREAS, the County therefore desires to expend funds to assist City in with the expenses of establishing, operating and maintaining its free library in the County.

NOW THEREFORE, for and in good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the County and the City hereby agree as follows:

1. The County shall budget an estimated amount each year for the following fiscal year and allocate such amount from the County's General Fund as payment for various libraries of County of which City library is one. Such estimated amount will be allocated to County libraries in accordance with a formula established, reviewed and

approved by HCLS. This allocation formula shall be reviewed and approved annually at the beginning of the County fiscal year by HCLS meeting in regular-session. Funds disbursed to the City shall be in consideration for the City agreeing that the City's library will assume the functions of a county library within Hidalgo County. Funds disbursed to the City pursuant to this paragraph and HCLS provisions shall be used by City only for the City library to purchase contractual services and library materials, including but not limited to, books, supplies and services, Internet connectivity, electronic database services and connections, equipment and furnishings, and computer hardware and software.

2. The City agrees to maintain and operate its city library in accordance with the standards of the State of Texas, the State Library System Act and Local Government Code Chapter 323. The City specifically covenants to assure that the librarian of the City's library meets the minimum standards established by Texas State Library and Archives Commission ("State Library"), including any and all certification mandated by the State Library. The City further agrees to cooperate with the County in any programs, promotions or interlocal initiatives in furtherance of the purposes of HCLS.

3. The City agrees to supervise the activities and operation of its library and agrees to assume full responsibility and liability for any and all activities conducted under the terms of this Agreement.

4. The City library personnel shall not be entitled to any of the benefits of an employee of the County, including, but not limited to, County fringe benefits or the County Civil Service program.

5. This Agreement shall continue until December 31, 2016; or until amended, replaced or terminated in accordance with Chapter 323. Either party may terminate this Agreement by providing six (6) months' advance written notice to the other party. The parties agree that any property acquired under this Agreement is subject to division upon termination of this contract in accordance with Texas Local Government Code Section 323.011(c). Upon termination of this Agreement, any property acquired under this Agreement shall remain in the possession of the City in the City library and the City agrees to take any and all necessary measures to ensure that such property is safeguarded from theft and/or damage.

6. The City agrees to give County and its authorized representatives access to, and the right, to examine, excerpt and transcribe all books, accounts, records, reports, files and other papers, documents, things, or property belonging to or in use by the City in relation to its library operations for so long as such are maintained by City.

7. Conflict of Applicable Law: Nothing in this Agreement shall be construed so as to require the commission of any act contrary to law, and whenever there is any conflict between any provision of their Agreement and any present or future law, ordinance, or administrative, executive or judicial regulation, order or decree, or amendment thereof, contrary to which the parties have no legal right to contract, the

latter shall prevail, but in such event the affected provision(s) of this Agreement shall be modified only to the extent necessary to bring them within the legal requirements and only during the time such conflict exists.

8. No Waiver: No waiver by any party hereto of any breach of any provision of the Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

9. Entire Agreement: This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City and County, and not otherwise.

TEXAS LAW TO APPLY. THIS AGREEMENT SHALL BE CONSTRUED UNDER AND IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS, AND ALL OBLIGATION OF THE PARTIES CREATED HEREUNDER ARE PERFORMABLE IN HIDALGO COUNTY, TEXAS. THE PARTIES HEREBY CONSENT TO PERSONAL JURISDICTION IN HIDALGO COUNTY, TEXAS.

10. Notice. Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

If to County: County of Hidalgo

Hidalgo County Library System
Advisory Board Meeting
Date: January 21, 2016
Location: Pharr Memorial Library

Directors (or Representatives) Present:

Laura Solis	Alamo	Marisol Vidales	Mercedes
Albert Chambers	Donna	Mayra Rocha	Mission
Letty Leija	Edinburg	Yenni Espinoza	Peñitas
Hilda Molina	Elsa	Adolfo Garcia	Pharr
Susana Villegas	La Joya	Armandina Sesin	San Juan
Kate Horan	McAllen	Arnoldo Becho	Weslaco

Board Members Present:

Christine Warren	Weslaco

Others Present:

Socorro Gracia	Mercedes	Romeo Rosales	Pharr
Eddie Gil	Edinburg	Jeannette Castillo	Edinburg
Jorge L. Gonzalez	McAllen		

1. **Call to Order** Marisol Vidales called the meeting to order at 12:20 p.m.

2. **Review of Minutes** A correction to the minutes was made. In section 5, Information Exchange, the use of the word 'where' was corrected to 'were'. Armandina moved to approve the minutes of the December 14, 2015, HCLS meeting as corrected. Arnoldo seconded the motion. Motion carried.

3. **Old Business**
   a. **HCLS County Report**
   Marisol reported that this was a busy time for Eddie and that he may have trouble making quick progress on the County Report. The individuals who have not submitted the requested information for the HCLS report were given a deadline of next Thursday the 28th.

   Discussion continued regarding formation of a committee to assist Eddie and regarding the composition of the Budget Committee. After discussion the members of the Annual County Report Committee were agreed upon as: Letty (leader), Kate, Yenni, Mayra, and Eddie. The members of the Budget Committee were agreed upon as: Adolfo (leader), Armandina, Kate, and Arnoldo

   Arnoldo then reported on input provided by the Texas State Library regarding recommendations and statistics which could help HCLS improve their annual report to the County.

4. **New Business**

   a. **TLC Invoice**

   The confusion with the TLC invoice was discussed. It was brought up that the TLC invoice is late in arriving and also it was discussed that there is some confusion whether McAllen and Mercedes have already paid their portion. The possibility of changing to another Integrated Library System (ILS) was touched upon. Kate proposed that we give ourselves a week to figure out the invoice status, our plans regarding the move to a new ILS, and other procedures for cancelation. A special meeting will be held following the ERate webinar on Jan 28th at 2:30 pm at the Main Branch of the McAllen Memorial Library.

   b. **Vote & Disbursement of Interlocal Funds**

   Discussion began regarding the disbursement formula of HCLS Interlocal Agreement funds. Adolfo moved that HCLS funds be distributed equally after library systems expenses. Armandina seconded. Discussion continued regarding the difficulties of figuring out cost associated with transition to another ILS during the middle of the year and progressed to concerns over specification of which library system expenses would be covered. Specifically noted was the exclusion of Donna library system expenses due to that system servicing only that location and not the entire county.

   Adolfo retracted his motion. Marisol moved for equal distribution of county funds after county wide ILS expenses. Armandina seconded. Twelve Board members voted for the motion. Donna abstained from voting. The motion passed by majority.

   c. **Accreditation /Annual Report**

   A reminder to begin our state reports was mentioned. March 1st was agreed upon as the deadline to provide maintenance of effort numbers (including indirect cost) to Marisol for preparation of accreditation estimates.

5. **Information Exchange** There was no information exchange. A motion to adjourn was made by Armandina and seconded by Kate. The meeting was adjourned at 1:37 p.m.

Mr. Salinas,
In order to process your request, please provide our office with a copy of the city's liability insurance certificate naming Hidalgo County as certificate holder (for the day of event).

Thank you,

Hello, Daniel

This is Frankie Joe Salinas, from the Edinburg Fire Department. I would like to see if it is possible to use the Hidalgo County Courthouse Square on May 21, 2016 all day. Reason, is for an event that is going to be host by the fire departments in the valley. This event is going to be a bike and run event going to start in Edinburg and go thru several cities in the valley and end up again at the Courthouse Square. Any question please call me at 956-219-3916 or email at fjsalinas@cityofedinburg.com.

To Commissioners' Court:

April is National Child Abuse Awareness Month. This will be our 19th Annual Candlelight Vigil and for the past 18 years have held this event at the Hidalgo County Courthouse. As part of our commemoration of this event, we want to continue holding The Annual Candlelight Vigil on April 7, 2016 from 5:30 p.m. to 8:00 p.m. in front of the Hidalgo County Courthouse.

In order to make this vigil a success, I respectfully ask for your support and participation. CASA of Hidalgo County, Inc., along with other partner agencies, will be at the event in an effort to bring awareness to child abuse and neglect. We would like to request the use of the Courthouse grounds. We would like to request 14tables, 42 chairs for the tables, 50chairs for the audience, the access to light the lights around the tree, and the use of the bell. We will like to set up chairs and tables outside in the front yard of the Courthouse. We have made contact with the City of Edinburg, Planning and Zoning and Public Works for the closure of Closner Street located right in front of the Courthouse to have the police departments and Edinburg Fire Department park their units.

The Mission of CASA of Hidalgo County, Inc. is to speak for the best interests of the children in the courts by promoting and supporting quality volunteer representation to provide each child a safe, permanent and nurturing home.

I would deeply appreciate your participation in this event. Should you have any question, please call me at (956)381-0346.

Sincerely,

Diana Almaguer
Executive Director
CASA of Hidalgo County, Inc.

Memo

To: Hidalgo County Commissioners' Court

From: Hidalgo County Indigent Defense

CC:

Date: 2/10/16

Re: Travel Reimbursement

As per the travel forms and quotes attached, an issue with the amounts quoted and actually billed for the hotel rooms differs. Because of this discrepancy one night of the hotel stay is more than the allowable rate for out of county travel. We are asking that the court approve the reimbursement of funds to Isidro Sepulveda Jr and David Sinder for same.

Personnel Adjustment Request Form

RECEIVED
FEB 29 2016
HUMAN RESOURCES

DEPARTMENT NAME/NUMBER: District Attorney's Office- Crim. DA (080-002)/ HB65(080-007)/ Pre-Trial (080-015)/Bond Forfeiture (080-016)/ CJD BPU(080-012)/ Civil Litigation(080-013)/ Hidta Other Sharing(270-013)

DATE: 02/16/2016

CURRENT POSITION TITLE: (See attached Exhibit A)

CURRENT SLOT. #: (See attached Exhibit A)

REQUESTED POSITION TITLE: (See attached Exhibit A)

REQUEST FOR:

☐ New Position ☐ Temporary Position ☐ Position Reclassification* ☒ Other Salary Adjustments (68), Delete (1) Create (3) ; Add Supplement Pay (1); Add Auto Allowance (3); Title Correction (1)

*Civil Service Positions are submitted to the Civil Service Commission.

POSITION SALARY REQUEST:

Salary Amount: $ (See Exhibit A) Current Budgeted Salary $ (See Exhibit A) Proposed Budgeted Salary $ (See Exhibit A) Net Change

Position to be funded from one of the following:

☒ Current Department Budget ☐ Annual Budget Cycle ☐ Will Require Additional Funds

☐ Other _____

POSITION Type:

Full Time Employee Object 113 [X] Part Time Employee Object 114 [ ]

Full Time Temporary Object 121 [ ] Part Time Temporary Object 122 [ ]

Enter hourly rate for temp. positions

$ _____

Hourly Rate * 2,080 hrs. per year = Annual Salary

TEMPORARY POSITIONS:

Start Date	End Date	Working Days & Hours	Hours Per Week	Duration (2 weeks, 3 months, etc.)

CIVIL SERVICE:		FLSA:	
Exempt	X	Exempt	X
Non-Exempt		Non-Exempt	
N/A			

JUSTIFICATION/PRIORITY: (Explain why this position or adjustment request is essential)

Justification previously added to original PAR Forms.

NEW POSITION: Brief job description and attach a copy of the new job description.

POSITION RECLASIFICATION: Explain change and /or increase in duties and responsibility. (Attach new job description)

COMMENTS: (Any comments you wish to make regarding this request)

HUMAN RESOURCES: Classification and Salary Recommendation

Human Resources acknowledges receipt of ~~(78)~~ (77) PAR forms corresponding to the Personnel Actions requested by the Criminal DA's office as listed on the Exhibit A (attached) . Commissioner's Court AI-53442-February 16, 2016. dm

STATE OF TEXAS §
§
COUNTY OF HIDALGO §

INTERLOCAL COOPERATION AGREEMENT
BETWEEN CITY OF MCALLEN, TEXAS
AND HIDALGO COUNTY, TEXAS

THIS Agreement is made on this the 16 day of February, 2016, by and between the **CITY OF MCALLEN, TEXAS** and the **COUNTY OF HIDALGO, TEXAS**, by and through its Department of Health and Human Services, hereinafter referred to as the "County" , pursuant to the provisions of the Texas Interlocal Cooperation Act, as follows:

WITNESSETH:

WHEREAS, County is a county in the State of Texas;

WHEREAS, McAllen is a city in the County of Hidalgo, State of Texas

WHEREAS, the County and the City of McAllen, Texas desire to provide the joint event of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference for personnel, including emergency response managers, first-line supervisors and administrators who will function as incident commanders, emergency management coordinators, public utility workers, local stakeholders at all levels of government, private sector, public health, non-profit organizations, and any other entity including the volunteers from the general public who respond and provide services in cases of emergencies involving hurricanes, natural disasters and other potential public calamities primarily in mitigation, preparedness, response and recovery;

WHEREAS, the County and City of McAllen, Texas desire to enter into the Agreement in an effort to provide the joint event of the South Texas Hurricane / All Hazards Conference and the South Texas Ebola and Infectious Disease Conference and make the most efficient use of their resources for necessary training, networking, and professional development as stated herein in the most practicable and efficient manner possible;

WHEREAS, the County will collaborate with the City of McAllen, Texas to provide an adequate facility and services in which to provide the joint effort of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference and host the specialized conference described herein;

WHEREAS, the City of McAllen, Texas and County are authorized to enter into this Agreement pursuant to the Interlocal Cooperation Act, Texas Government Code 791.001 et seq., (the "Act") which authorizes local governments to contract with each other to perform governmental functions and services under the terms of the Act;

NOW THEREFORE, the City of McAllen, Texas and County, in consideration of the mutual covenants expressed hereinafter, agree as follows:

1. City of McAllen, Texas and the County shall provide up to 1300 participants for the joint event of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference at no cost to the participants.

2. City of McAllen, Texas and the County agree to provide a suitable conference facility and exhibit hall in which the joint event of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference will be conducted

3. The joint event of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference will be conducted March 23-24, 2016.

4. City of McAllen, Texas shall provide up to $5,000 (five thousand dollars) to support the joint event of the South Texas Hurricane / All Hazards Conference and South Texas Ebola and Infectious Disease Conference costs.

5. County shall provide a firm fixed fee of Seventy Thousand Dollars ($70,000) to City of McAllen, Texas for the South Texas Hurricane / All Hazards Conference and a firm fixed fee of Fourteen Thousand Dollars and Five Hundred Seventy Seven Dollars ($14,577) for the South Texas Ebola and Infectious Disease Conference costs.

6. The costs described in paragraph 5 above include all costs to the County for the venue and management services.

7. **Insurance:** City of McAllen, Texas is self-insured.

8. **Termination**. Either party may terminate this agreement upon thirty (30) days written notice to the non-terminating party for any reason or no reason at all.

9. **Conflict with Applicable Law**. Nothing in this Agreement shall be construed to require the commission of any act contrary to law, and whenever there is any conflict between any provision of the Agreement and any present or future law, ordinance or administrative, executive or judicial regulation, order or decree, or amendment thereof contrary to which the parties have no legal right to contract, the latter shall prevail, but in such even the affected provision or provision of this Agreement shall by modified only to the extent necessary to bring them within the legal requirement and only during the time such conflicts exists.

10. **No Waiver**: No waiver by any party hereto of any breach of any provision of this Agreement shall be deemed to be a waiver of any preceding or succeeding breach of the same or any other provision hereof.

11. **Entire Agreement**: The Agreement contains the entire contact among the parties hereto, and each party acknowledges that no other party has made (either directly or through any agent or representative) any representation or agreements in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by City of McAllen, Texas and the County, and not otherwise.

12. **Liabilities:** This Agreement is not intended to extend the liability of the Parties beyond that provided by law. Neither City of McAllen nor Hidalgo County waive, nor shall be deemed to have hereby waived, any immunity or defense that would otherwise be available to it against claims arising from third parties.

13. **Notice**: Except as may be otherwise specifically provided in this Agreement, all notices, demands, requests or communications required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by commercial courier with delivery signature required, and addresses to the parties at the addresses set forth below or at such other addresses as nay been theretofore specified by written notice delivered in accordance herewith:

If to City of McAllen, Texas:

City of McAllen
James E. Darling, Mayor
1300 West Houston Avenue,
McAllen, TX 78501
(956) 681-1003

If to the County:

County of Hidalgo
Ramon Garcia, County Judge
100 East Cano
Edinburg, TX 78539
956-318-2600
956-318-2699

Each notice, demand, request, or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given or all purposes at such time as it is personally delivered to the addressee or, if sent by way of commercial courier, at such time as it is delivered to the commercial courier.

14. **Additional Documents**: The parties hereto warrant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of the Agreement.

15. **Assignment**: This Agreement shall not be assignable.

16. **Headings**: The headings and captions contained in this Agreement are solely for convenient reference and shall not be deemed to affect the meaning or interpretation of any provision or paragraph hereof.

17. **Authority to Execute**: The execution and performance of this Agreement by each of the parties have been duly authorized by all necessary laws, resolution, ordinances or government body action, and this Agreement constitutes the valid and enforceable obligations of the parties hereto in accordance with its terms.

18. **Governmental Purpose**: Each party hereto is entering into this Agreement for the purpose of providing governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

19. **Severability**: Should any phrase, clause, sentence or section of this Agreement be judicially declared to be invalid, unenforceable or void, such decision will not have the effect of invalidating or voiding the remainder of the Agreement, and such part of the Agreement will be deemed to have been stricken hereto from and the remainder of the Agreement will have the same force and effect as if such part or parts had never been included herein.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.0706 SPECIAL BUDGET FOR GRANT OR AID MONEY:

> The county auditor shall certify to the commissioner's court the receipt of all public or private grant or aid money that is available for disbursement in a fiscal year but not included in the budget for that fiscal year. On certification, the court shall adopt a special budget for the limited purpose of spending the grant or aid money for its intended purpose.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the receipt of an award from the Texas Department of State Health Services (TDSHS). These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

Subject: Question on PO 53700-6-0000422304 - Hidalgo County

Hello Margaret,

A couple of more questions:

Are the funds used for this PO, Federal or State funds?

If federal funds, can you provide the CFDA # associated with them. (CFDA stands for Catalog of Federal Domestic Assistance)

We needs this information to properly report these funds in our financial statement at year end.

Any information you can provide will be greatly appreciated.

Thanks,

QUOTE ID 1624114503

Additional Notes:

* Charge does not include roaming charges, minutes used over allowance, etc. Please consult with your Sales Representative for more information.
** Equipment pricing and availability is subject to change.
*** All applicable price plan and feature discounts have already been applied

Service Pricing provided is for Government Liability Accounts Only and is subject to the terms, provisions and conditions of the State of Texas Department of Information Resources (DIR) Contract No. DIR-SDD-1779 Coverage, service and offers not available in all areas. Full terms and conditions, along with additional price plans offered by Verizon Wireless can be found on the http://www.dir.state.tx.us/ internet website. Price quotes do not reflect Federal Universal Service, E911 and Regulatory Fees, charges, or pass-through assessments. Please see information on Regulatory Surcharges and Fees below for additional details.

All quotes contained in this proposal are subject to the terms and conditions of the State of Texas DIR contract. Your accounts must be in good standing with Verizon wireless to migrate your existing lines of service to the pricing offered in this proposal if your Agency currently has service with Verizon Wireless.

Price Plan changes and discounts may take up to two bill cycles to appear on your Verizon Wireless billing statement for accounts transitioning to an approved State of Texas contract vehicle. As part of our compliance with FCC requirements, Verizon Wireless allows only GPS-compliant devices to be activated on our network. If your current device is not GPS-compliant you will not be able to activate service on our network with your existing equipment.

This Quotation is valid for ninety (90) days from date listed on quote (except for promotional pricing which may expire sooner). Data furnished in this document shall not be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate the document.

*** All applicable price plan and feature discounts have already been applied

Service Pricing provided is for Government Liability Accounts Only and is subject to the terms, provisions and conditions of the State of Texas Department of Information Resources (DIR) Contract No. DIR-SDD-1779 Coverage, service and offers not available in all areas. Full terms and conditions, along with additional price plans offered by Verizon Wireless can be found on the http://www.dir.state.tx.us/ internet website. Price quotes do not reflect Federal Universal Service, E911 and Regulatory Fees, charges, or pass-through assessments. Please see information on Regulatory Surcharges and Fees below for additional details.

All quotes contained in this proposal are subject to the terms and conditions of the State of Texas DIR contract. Your accounts must be in good standing with Verizon wireless to migrate your existing lines of service to the pricing offered in this proposal if your Agency currently has service with Verizon Wireless.

Price Plan changes and discounts may take up to two bill cycles to appear on your Verizon Wireless billing statement for accounts transitioning to an approved State of Texas contract vehicle. As part of our compliance with FCC requirements, Verizon Wireless allows only GPS-compliant devices to be activated on our network. If your current device is not GPS-compliant you will not be able to activate service on our network with your existing equipment.

This Quotation is valid for ninety (90) days from date listed on quote (except for promotional pricing which may expire sooner). Data furnished in this document shall not be duplicated, used, or disclosed in whole or in part for any purpose other than to evaluate the document.

RE: La Joya Avenue and Pike Avenue Project
Best and Final Offer

Dear Ms. Serna,

This letter serves as acceptance of the La Joya Avenue and Pike Avenue Project. We are providing our best and final offer for this project in the amount of $36,147.00. Attached you will find Exhibit D-1 (Budget) on the offer that reflects the amount stated above.

If you have any questions, please let us know. I may be reached at (956) 451-2670.

Sincerely,

Julio Cerda, P.E.
President

STATE OF TEXAS §
§
COUNTY OF HIDALGO §

Professional Services Agreement

This Agreement, entered into this **16th** day of **February, 2016** by and between **Urban County Program,** (hereinafter called the "Party") and **South Texas Infrastructure Group, LLC**, duly authorized Engineer, herein acting by **Julio Cerda, Principal Engineer** (hereinafter called the "Engineer").

WITNESSETH THAT:

WHEREAS, Hidalgo County has received CDBG funds from the U.S. Dept. of Housing and Urban Development to be used by Urban County Participants. It is understood and agreed that the Party's obligation under this Agreement is contingent upon the actual receipt of adequate federal funds to meet the liabilities under this Agreement; and

WHEREAS, the Party is interested in obtaining Engineering Services; and

WHEREAS, the Engineer, duly licensed and registered to practice engineer in the State of Texas, has the professional abilities to undertake the study, evaluation, analysis and recommendations in a manner which shall provide the necessary public service while preserving and enhancing to the greatest degree possible the natural and proposed environment in the Project (as hereinafter defined) area; and

WHEREAS, the Party desires to engage the Engineer to render certain services in connection therewith;

NOW, THEREFORE, the participants do mutually agree as follows:

SECTION I
EMPLOYMENT OF THE ENGINEER

The Party agrees to employ the Engineer to furnish and provide the engineering services as stated in the following sections and upon receipt of such satisfactory services, the Party agrees to pay the Engineer as stated in the sections to follow.

SECTION II
BASIC SERVICES OF THE ENGINEER

The Engineer shall perform the following Basic Services in connection with the proposed **Peñitas Street Improvements** Account(s) **5014/15-60-0311-5000-6000-UCP-GVG** *(the "Project') as more particularly described in Exhibit A attached hereto.*

2.1 Preliminary Phase

a. Attend preliminary conferences with the Party and, if requested, with the funding agency and other government agencies or interested parties regarding the project.

b. As may be required, comply and receive from the Party and the funding agencies approval on all work.

c. Prepare preliminary engineering plans on the Project in sufficient detail to indicate clearly the problems involved and solutions recommended with the cost estimates.

d. Obtain the Party's written approval of the work of this Preliminary Phase before proceeding with the next phase.

2.2 Design Phase

a. Attend the respective Party's meetings as requested for the purpose of explaining completed design work activities.

b. Advise the Party of any soil investigations or tests which, in the opinion of the Engineer, may be required for the proper execution of the Project.

c. Provide all field information and surveys required for the design of the Project.

d. Plot field data and other survey information for the design of the Project.

e. Prepare detailed plans, specifications and contract documents and drawings (reproducible tracings) for construction authorized by the Party.

f. Furnish, if requested, the engineering data necessary for the Party to obtain permits required by local, state, and federal authorities.

g. Prepare cost estimates of authorized construction, based on prices for work. If such estimated costs exceed the monies available, the Party shall be consulted so that revisions can be made to reduce the cost as required.

h. Prepare all documents required for the advertisement and bidding of the Project in cooperation with the Party's staff.

i. Preparation of property or easement descriptions.

2.3 Construction Phase

The Construction Phase will commence with the execution of the prime construction contract(s). The Party will issue a ten (10) day commence work notice which will signal the commencement of work under any construction contracts and will terminate upon the Party's approval of the Engineer's written approval of final payment to the Contractor(s). During the Construction Phase, the Engineer

will:

a. Assist the Party in opening and tabulating bids for the construction of the Project, and advise the Party in establishing the procedure for entering into construction phase.

b. Prepare the formal Contract Documents for the Contractor.

c. Make periodic visits to the site as required pursuant to the standards of Professional Engineers on projects of this nature, provide project construction supervision, to observe the progress and quality of the executed work and to determine if the work is proceeding in accordance with the contract documents.

d. Consult with and advise the Party and issue all instructions and Change Orders to the Contractor selected by the Party.

e. During the progress of actual construction, Engineer will keep continually the Owner informed with brief and concise information. A monthly progress report will be prepared and delivered to the Party including but limited to monies spent, construction time elapsed, percent of Project completed, a brief narrative of problems encountered and the anticipated completion date.

f. Review shop and working drawings furnished by Contractor(s) for general compliance with design concept and with information given in contract documents.

g. Review and provide a recommendation concerning samples, catalog data, schedules, shop drawings, laboratory, shape and mill tests of material and equipment and other data which the Contractor is required to submit, in compliance with the Contract Documents.

h. Prepare monthly and final estimates for payments to Contractor(s).

i. Engineer shall accompany the Party on the Final Inspection to assure that the total work has been completed in accordance with the Contract Documents.

j. Prior to the Party's dispersal of any retainage of funds, render a written opinion to the Party that the construction has been completed according to the Contract Documents and provide the Party with a certificate of completion and release of liens documents from subcontractors.

k. Provide the Party with bond copies of as-built drawings of the constructed improvements, within sixty (60) days of issuance of certificate of completion.

l. The Engineer will be responsible for interim and final inspection.

m. Furnish to the Party six (6) sets of plans and six (6) sets of specifications and contract documents.

SECTION III
ADDITIONAL SERVICES OF THE ENGINEER

If authorized in writing by the Party, the Engineer will furnish or obtain from others Additional Services of the following types which are not considered normal or customary basic services; these will be paid for by the Party as indicated in Section VI.

3.1 Services of a Resident Project Representative, and other field personnel as required, for on-the-site observations of construction, other than periodic visits covered in Section 2.3 herein.

3.2 Detailed mill, shop and/or laboratory inspection of materials or equipment.

3.3 Major revision of Contract drawings as distinguished from modifications due to change orders, modifications to reduce the cost of the project or modifications requested to meet federal, state, or local regulations.

SECTION IV
REIMBURSABLE EXPENSES

4.1 Travel and subsistence required for the Engineer and authorized by the Party to points other than within Hidalgo County and Project site.

4.2 Additional copies of reports and specifications over six (6) copies and additional prints of drawings over six (6) copies.

4.3 Reimbursable expenses as provided in Section IV herein shall be paid to the Engineer on the basis of 1.1 times the Engineers actual cost.

SECTION V
THE PARTY'S RESPONSIBILITIES

The Party will:

5.1 Provide full information as to requirements for the Project.

5.2 Assist the Engineer by providing all available information pertinent to the Project including reports and any other data relative to design and construction of the Project.

5.3 Furnish the services or data as required such as appropriate professional interpretations of all of the foregoing; property, boundary, easement, right-of-way, zoning, and deed restrictions; all of which the Engineer may rely upon in performing his services under this agreement.

5.4 Guarantee access to and make all provisions for the Engineer to enter upon public and private property as required for the Engineer to perform his services under this Agreement.

5.5 Examine all studies, reports, sketches, estimates, specifications, drawings, proposals, and other documents presented by the Engineer.

5.6 Pay for all costs incident to advertising and obtaining bids or proposals from Contractors.

5.7 Provide such legal and accounting services required to discharge the Party's responsibility under the terms of this Agreement and any Agreement with any governmental agency as may be required for the project, and such auditing services as the Party may require to ascertain how or for what purpose any Contractor has used the monies paid to him under the construction contract.

5.8 Give prompt written notice to the Engineer whenever the Party observes or otherwise becomes aware of any defect in the Project.

SECTION VI
PAYMENTS TO THE ENGINEER

The Party agrees to pay the Engineer for completed services as identified by the Party:

6.1 The Engineer shall be paid a total fixed amount of **$ 36,147.00** for services rendered under this contract. Payment shall be based on request for reimbursements with documentation requested by the Party. The Engineer's fee shall be due and payable as outlined in Sections 6.2, 6.3, and 6.4 as follows.

6.2 At Engineer's completion and Party's approval of the Engineer's services under the Preliminary Phase, Section 2.1 of this Agreement, Party shall pay a maximum of 15% of the sum set forth in Section 6.1 above.

6.3 At Engineer's completion and Party's approval of the Engineer's services under the Design Phase, Section 2.2 of this Agreement, Party shall pay a maximum of 60% of the sum set forth in Section 6.1 above.

6.4 At Engineer's completion and Party's approval of the Engineer's services under the Construction Phase, Section 2.3 of this Agreement, Party shall pay a maximum of 25% of the sum set forth in Section 6.1 above. Such sum to be paid periodically proportionately to the percentage of construction completed by the Contractor as determined by Engineer's reports.

6.5 For Additional Services as provided in Section III herein the Engineer shall be paid a sum of 1.1 times the Engineer's actual cost for such services.

SECTION VII
OWNERSHIP OF DOCUMENTS

Original documents, plans, designs and survey notes developed in connection with services performed hereunder belong to, and remain the property of the Party, in consideration of which it is mutually agreed that the Party will use them solely in connection with the Project and as base material for possible future projects.

SECTION VIII
TERMINATION

The Party may terminate this Agreement without cause at any time by a 30-day notice in writing to the Engineer. Upon receipt of such notice, the Engineer shall, unless the notice directs otherwise immediately discontinue all services in connection with the performance of this Agreement and shall proceed to cancel promptly all existing orders and contracts insofar as such orders or contracts are chargeable to this Agreement. As soon as practical after receipt of notice of termination, the Engineer shall submit a statement showing in detail the actual services that were performed under this Agreement to date of termination, the date such services were performed and the length of time spent by each person or party engaged in performing such services on each day,

The Party shall pay the Engineer a sum of money equal to the reasonable value of the professional engineer services rendered by the Engineer to the Party in connection with the services performed under this Contract, less payments previously made by the Party to Engineer on work performed and expenses incurred by Engineer under the provisions of this Agreement. Copies of all completed or partially completed designs, plans, and specifications prepared under this Agreement shall be delivered to the Party when and if this Agreement is terminated, but subject to the restrictions as to their use, as set forth above.

Notwithstanding the above, the Engineer shall not be relieved of liability to the Party for damages sustained by the Party arising from Engineer's negligent acts, errors or omissions related to Engineer's obligations created under this Agreement.

SECTION IX
COUNTY AND CITY OFFICIALS

Engineer agrees that no County or City official or Party employee shall be personally liable for any of the obligation created under this Agreement, or for any matter which may arise out of the Project, or any activities related thereto and hereby holds the Party, its political bodies and its employees harmless from and indemnifies them from any liability from any matter arising from Engineer's negligent acts, errors or omissions related to Engineer's obligations created under this Agreement.

SECTION X
SUCCESSORS AND ASSIGNS

Party and Engineer each binds themselves, their partners, successors, executors, administrators, and assigns to the other party of Agreement in respect to all covenants of this Agreement. Neither the Party nor Engineer shall assign or transfer any interest in this Agreement without the written consent of the other.

SECTION XI
TIME OF PERFORMANCE

The Engineer contracts and agrees to commence work within **ten (10) days** from the date of written authorization to proceed and will complete the preparation of the preliminary phase and estimates by

sixty (60) days and will proceed upon authorization with final drawings, specifications, and contracts documents and complete same within the earliest practical time from such notice to proceed.

SECTION XII
VENUE

Venue and jurisdiction of any suit, right or cause of action arising under or in connection with this Contract shall lie exclusively in Hidalgo County, Texas.

SECTION XIII
AMENDMENT

This Agreement may be amended only by a written document executed by the parties hereto.

SECTION XIV
COMPLIANCE WITH LOCAL LAWS

The Engineer shall comply with all applicable laws, ordinances, and codes of the State and local governments, and the Engineer shall save the Party harmless with respect to any damages arising from any negligence of the engineer in performing any of the work embraced by this Contract.

SECTION XV
ASSIGNABILITY

The Engineer shall not assign any interest in this Contract, and shall not transfer any interest in the same (whether by assignment or novation) without the prior written consent of the Party thereof; provided however, that claims for money due or to become due to the Engineer from the Party under this Contract may be assigned to a bank, trust company, or other financial institution without such approval. Notice of any such assignment or transfer shall be furnished promptly to the Party.

SECTION XVI
GENERAL

16.1 Audit. The Party and/or any of its duly authorized representatives shall have access to any books, documents, papers, and records of the Engineer which are directly pertinent to the Project for the purpose of making the audit, examination, excerpts, and transcriptions.

16.2 The Engineer agrees to comply with the following Executive orders, Titles and Program Regulations, including any additional requirements that may be set forth by the Party.

a. Title VI of the Civil Rights Act - requires that no one may be denied access to benefits from projects which receive federal assistance.

b. Section 109 of the Housing and Community Development Act of 1974 - Nondiscrimination related to benefits from projects funded specifically under Title I of the Act.

c. Section 3 of the HUD Act of 1968 - requires that maximum effort be made to provide

employment, training, and business opportunities to low income families and/or residents of the project area.

d. The Engineer shall give the United States Department of Housing and Urban Development, the Inspector General, the Comptroller General of the United States, the Auditor of the State of Texas, access to and the right to examine all books, accounts, records, reports, files, and other papers, things, or property belonging to or in use by Engineer pertaining to this Agreement. Such rights to access shall continue as long as the records are retained by Engineer. Engineer agrees to maintain such records in an accessible location for a period of three (3) years.

e. Executive Order 11246 (paragraph a-c for contracts under $10,000; paragraphs a-g for contracts over $10,000) - Equal Employment Opportunity.

Executive Order 11246. Executive Order 11246 and the regulations issued pursuant thereto (24 CFR Part 130) which provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in all phases of employment during the performance of federal or federally assisted contracts. Such consultants or subcontractors shall take affirmative action to ensure fair treatment in employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination rates of pay or other forms of compensation and selection for training and apprenticeship.

Equal Employment Opportunity for Activities and Contracts not Subject to Executive Order 11246, as amended. In carrying out the program, the Consultant shall not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Engineer shall take affirmative action to ensure that applicants for employment are employed and that employees are treated during employment, without regard to their race, color, religion, sex or national origin. Such action shall include, but not limited to the following: Employment, upgrading, demotion, or transfer; recruitment or other forms of compensation; and selection for training, including apprenticeship. The Engineer shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Government setting forth the provisions of this paragraph in all of its contracts for program work and will require all of its consultants for such work to incorporate such requirements in all subcontracts for program.

16.3 Interest of Certain Federal Officials: No member of or Delegate to the Congress of the United States and no Resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit to arise from the same.

16.4 Interest of Members, Officers, or Employees of Public Body, Member of Local Governing Body, or other Public Officials: No member, officer, or employee of the County or City, or its designees or agents, no member of the governing body of the locality in which the program is situated, and no other public official of such locality or localities who exercises any functions or responsibilities with respect to the program during his tenure or for one year thereafter, shall have any interest, direct or indirect, to be performed in connection

with the program assisted under the Agreement. The Engineer shall incorporate or cause to be incorporated in all such documents in the paragraph in this Section.

SECTION XVII
INSURANCE

The Engineer shall obtain and keep in force during the term of its engagement on the Project, insurance as follows:

17.1 A comprehensive automobile liability policy covering liability exposure to bodily injury and property damages. The Engineer shall furnish Party Certificates of Insurance showing the comprehensive automobile liability insurance policies to be in effect, commencing when Engineers commence operations under this Agreement, in the sum of Three Hundred Thousand Dollars ($300,000.00) for bodily injury and One Hundred Thousand Dollars ($100,000.00) for property damages.

17.2 Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

17.3 A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability Insurance Policy providing additional coverage to all underlying liabilities of County consistent with potential exposure of County under the Texas Tort Claims Act;

17.4 Workers Compensation Insurance in amount established by Texas law, unless the engineer is specifically exempted from the Texas Worker's Compensation Act, Texas Labor Code Chapter 401, et. seq.

17.5 All insurance policies must be written by an insurance company or companies acceptable to the Party.

SECTION XVIII
WARRANTY

18.1 Engineer represents and warrants to Owner all services rendered to Owner under this Agreement shall, at a minimum, comply with the Texas Engineering Practices Act (Tex. Civ. St. Ann., Article 3271) and rules of the Texas Board of Professional Engineers.

SECTION XIX
EFFECTIVE DATE

The effective date of this contract shall be **February 16th, 2015**. Such date being the date the County Commissioners' Court approved entering into contract with Engineer. This Agreement is hereby approved this _____ day of _____, 20_____.

Work Authorization Form

WORK AUTHORIZATION NO. ___

THIS WORK AUTHORIZATION is made pursuant to the terms and conditions of Section I.A. of the Agreement made by and between **HIDALGO COUNTY**, action herein by and through the **Commissioner's Court**, hereinafter called the "**Owner**," and, **South Texas Infrastructure Group, LLC,** professional engineers of **Mission,** Texas, hereinafter called "**Engineer**".

PART 1. SCOPE OF WORK

The purpose of this Work Authorization is for the **Engineer** to provide _____

_____

_____

The scope of services to be provided by the **Owner** is identified in ***EXHIBIT "A" – Scope of Services to be Provided by the Owner*** attached hereto.

The scope of services to be provided by the **Engineer** is identified in ***EXHIBIT "B" – Scope of Services to be Provided by the Engineer*** attached hereto.

PART 2. ESTIMATED COST

The estimated cost for services under this Work Authorization is **$** _____. This amount is based upon the costs outlined in the Estimated **Cost Proposal** attached hereto as **EXHIBIT "D".**

PART 3. PAYMENT

Compensation and payment to the Engineer for the services established under this Work Authorization shall be made in accordance with **Article**/Part/Section____ of the Agreement.

PART 4. FUNDING

This Work Authorization No. ____ shall be funded through funding source:

Account No. _____

Requisition Number _____ **(MUST BE INCLUDED AFTER CC APPROVAL)**

SAMPLE

PART 5. PERIOD OF SERVICE

This Work Authorization shall become effective on the date of final acceptance of the parties hereto, and terminate **upon completion of scopes of the work authorization**.

PART 6. RESPONSIBILITIES AND OBLIGATIONS

This Authorization does not waive the parties' responsibilities and obligations provided under the **Agreement**.

PART 7. ACKNOWLEDGEMENT AND CONFIRMATION

Acknowledgement and confirmation by **Hidalgo County Precinct #4,** Commissioner Joseph Palacios as to content and detail of this **Work Authorization No. ___**.

HIDALGO COUNTY

BY: _____

PART 8. ACCEPTANCE AND APPROVAL

This Work Authorization is hereby accepted, approved by Hidalgo County Commissioners' Court on _____ as indicated below and effective as of ____ day of _____, 2015.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor or other person doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 1491, 80th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code by a person who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the person meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the person becomes aware of facts that require the statement to be filed. *See* Section 176.006, Local Government Code.

A person commits an offense if the person knowingly violates Section 176.006, Local Government Code. An offense under this section is a Class C misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of person who has a business relationship with local governmental entity.**

South Texas Infrastructure Group, L.L.C.
Julio Cerda, P.E.

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.**

(The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date the originally filed questionnaire becomes incomplete or inaccurate.)

3 **Name of local government officer with whom filer has employment or business relationship.**

N/A
Name of Officer

This section (item 3 including subparts A, B, C & D) must be completed for each officer with whom the filer has an employment or other business relationship as defined by Section 176.001(1-a), Local Government Code. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer named in this section receiving or likely to receive taxable income, other than investment income, from the filer of the questionnaire?

☐ Yes ☒ No

B. Is the filer of the questionnaire receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer named in this section AND the taxable income is not received from the local governmental entity?

☐ Yes ☒ No

C. Is the filer of this questionnaire employed by a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership of 10 percent or more?

☐ Yes ☒ No

D. Describe each employment or business relationship with the local government officer named in this section.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

South Texas Infrastructure Group, L.L.C.
Julio Cerda, P.E.

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

N/A
Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☒ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☒ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

PUBLIC DEFENDER INTERN

GENERAL DESCRIPTION

Performs (entry-level) clerical work in areas such as bookkeeping, inventory control, and statistics. Work involves compiling and tabulating data, checking documents for accuracy, transporting documents, and maintaining files; Works under close supervision with minimal latitude for the use of initiative and independent judgment.

EXAMPLES OF WORK PERFORMED

Produces and proofs correspondence, reports, and other related forms

Reviews completed forms for signatures and proper entries

Provides information to the public by mail or telephone

Assembles, organizes, and tabulates data; may perform data entry and retrieval

Files and maintains forms, records, and reports

Opens and distributes incoming mail and prepares mail-outs; and runs errands as appropriate

May maintain office schedules and appointments

May perform back-up receptionist or telephone switchboard duties

May assist in conducting physical inventory

Performs related work as assigned

GENERAL QUALIFICATION GUIDELINES

Experience and Education

Six (6) months of experience with clerical operations; Graduation from a standard senior high school or equivalent is generally preferred. Experience and education may be substituted for one another.

Knowledge. Skills, and Abilities

Knowledge of office procedures and of spelling, grammar, punctuation, and arithmetic

Skill in using personal computers and office equipment

Ability to prepare and maintain records, files, and reports

Registration, Certification, or License

May require a valid driver's license

PHYSICAL DEMANDS:

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to stand. The employee is occasionally required to walk; sit; use hands to find, handle, or feel objects, tools or controls; reach with hands and arms; climb or balance; stoop and kneel.

The employee must occasionally lift and/or move over 25 pounds. Specific vision abilities required by this job include close vision, depth perception, and the ability to adjust focus.

WORK ENVIRONMENT:

The work environment characteristics described here are representative of those an employee encounter while performing the essential functions of this job.

The noise level in the work environment is usually moderate.

SAFETY REQUIREMENTS:

Maintain physical conditions appropriate to the performance of assigned duties and responsibilities which may include the following:

- sitting for extended periods of time
- operating assigned equipment
- Maintain mental capacity which permits:
  - making sound decisions and using good judgment
  - demonstrating intellectual capabilities

Effectively handle a work environment and conditions which involve:

- working closely with others
- working in a multi-task environment

Maintain effective audio-visual discrimination and perception needed for:

- making observations
- reading and writing
- operating assigned equipment
- communication with others
- required to follow the Hidalgo County Accident Prevention Plan and department's safety regulations

SALARY: Unpaid

DURATION OF INTERN: Six (6) months to one (1) year

SUPERVISED BY: Chief Public Defender, or as assigned

Location: Hidalgo County Public Defender's Office – 100 N. Closner – 5th Floor – Edinburg, Texas.

RE: Internship Schedule

Dear Representative,

This letter is to inform you that I am available to do internship as per the schedule below.

Monday	Tuesday	Wednesday	Thursday	Friday
9:00 A.M to 12:00 P.M	School	9:00 A.M to 12:00 P.M	School	9:00 A.M to 12:00 P.M

Feel free to contact me if you have any questions.

Sincerely,

Odalys B. Garcia

Odalys B. Garcia

Hidalgo County Internship Policy

INTERNSHIP AGREEMENT AND WAIVER OF LIABILITY

I, Odalys B. Garcia, agree to participate in an internship with The County of Hidalgo, Texas in either a paid or unpaid capacity, as outlined in this agreement. I hereby certify that I am at least 18 years of age at this time, and I am a student at University of Texas Rio Grande Valley.

I hereby agree to comply with all relevant policies, procedures and requirements as outlined in the Hidalgo County Internship Policy, Personnel Policy Manual and/or Civil Service Commission Rules. I understand that I may or may not receive compensation for my services provided during the internship period, and that no other benefits will be provided. I understand that my placement in this internship is at-will and that I may be terminated at any time at the discretion of the County.

I hereby voluntarily release, discharge, waive and relinquish any and all action or causes of action for personal injury, property damage, or wrongful death occurring to me as a result of my internship with Hidalgo County. I hereby release, waive, discharge and relinquish any actions or causes of actions aforementioned, which may hereafter arise for me and my estate, and agree that under no circumstances will I prosecute or present any claim for personal injury, property damage or wrongful death against Hidalgo County or any of its agents and employees for any said cause of action, whether the same shall arise by negligence of any said persons, or otherwise. It is my intent by this instrument to exempt and release, indemnify and hold harmless Hidalgo County and any of its employees, its elected or appointed officials, employees and agents for any personal injury, property damage, or wrongful death cause by negligence.

I ACKNOWLEDGE THAT I HAVE READ THE FOREGOING PARAGRAPHS AND HAVE BEEN FULLY AND COMPLETELY ADVISED OF THE POTENTIAL DANGERS INCIDENTAL TO PARTICIPATING IN AN INTERNSHIP AND AM FULLY AWARE OF THE LEGAL CONSEQUENCES OF SIGNING THIS INSTRUMENT.

STATE OF TEXAS §

COUNTY OF HIDALGO §

LPA STANDARD UTILITY AGREEMENT

SH 364 (La Homa Rd) TEXAS GAS SERVICE, a Division of ONE Gas, Inc. GAS LINE ADJUSTMENT, REMOVAL, AND/OR REPLACEMENT

This agreement is made by and between the County Of Hidalgo, Texas hereinafter referred to as "County" and *Texas Gas Service, a division of ONE Gas, Inc.,* hereinafter referred to as "Utility", acting by and through its duly authorized representative, shall be effective on the date of approval and execution by and on behalf of the County.

WHEREAS, the State of Texas has deemed it necessary to make certain highway improvements as designated by the State and approved by the Federal Highway Administration located on the highway as indicated above;

WHEREAS; the County is a county in the State of Texas;

WHEREAS, the proposed highway improvements will necessitate the adjustment, removal, and/or relocation of certain facilities of the Utility as indicated in the following statement of work: *Relocation of an Underground 8" High Pressure Steel Gas Line* to accommodate the proposed roadway widening being performed by the Texas Department of Transportation and more specifically shown in the Utility's plans, specifications and estimated costs, which are attached hereto in Attachment "A";

WHEREAS, the County, in receipt of evidence it deems sufficient, acknowledges the Utility's interest in certain lands and/or facilities that entitle it to reimbursement for the adjustment, removal, and relocation of certain facilities located upon lands as indicated in Attachment "A";

NOW, THEREFORE, for and in consideration of the premises and mutual promises, covenants and agreements hereinafter set forth, and intending to be legally bound, the County and the Utility agree as follows:

1. The County will pay the Utility all eligible actual costs which are incurred in the adjustment, removal, and/or relocation of the Utility's facilities.

2. The Utility agrees that all conduct under this agreement, including but not limited to the adjustment, removal, and/or relocation of the facility, the development of reimbursement of costs, any environmental requirements, and retention of records will be in accordance with 23 CFR 645, Subparts A & B and all other applicable federal and state laws, rules and regulations. The Utility agrees to supply, upon request by the County, proof of compliance with the aforementioned laws, rules and regulations prior to commencement of construction.

3. The Utility agrees to develop relocation or adjustment costs by accumulating actual direct and related indirect costs in accordance with a work order accounting procedure prescribed by the County, or may, with the County's written approval, accumulate actual direct and related indirect costs in accordance with an established accounting procedure developed by the Utility. The bill for the work hereunder will be submitted to the County not later than ninety (90) days after completion of the work.

4. Upon execution of this agreement by both parties hereto, the County will, by written notice, authorize the Utility to proceed with the necessary adjustment, removal, and/or relocation. The Utility agrees to proceed in a diligent manner and will take all prudent actions to avoid delay or interference with the highway construction.

5. The Utility will endeavor to perform this work at its earliest window of opportunity.

6. The County will, upon satisfactory completion of the relocation or adjustment, receipt of a proper certification by the Utility that the work has been completed in accordance with the approved plans and specifications, receipt and verification of the bill prepared in an approved form and manner, and concurrence by TxDOT, make payment to the Utility.

7. This agreement in its entirety consists of the following:

    a. LPA Standard Utility Agreement;
    b. Plans of Adjustment (color coded), Specifications, and Estimated Costs (Attachment "A")(2 Originals);
    c. Accounting Method (Attachment "B")(2 Originals)
    d. Schedule (Start & End Dates) (Attachment "C")(2 Originals)
    e. Statement Covering Contract Work – TxDOT ROW-U-48 (Attachment "D")(2 Originals);
    f. Proof of Property Interest – TxDOT ROW-U-1A (Attachment "E")(2 Originals and 1 copy of recorded instrument);
    g. Eligibility Ratio(Attachment "F")(2 Originals),
    h. Cost Comparison (if Betterment) (Attachment "G")(2 Originals),
    i. Betterment Statement (Attachment "H")(2 Originals),
    j. Quit Claim Deed – TxDOT ROW-N-30 (Attachment "I")(2 Originals), if applicable,
    k. Joint Use Agreement (Attachment "J")(2 Originals), if applicable.

    All attachments are included herein as if fully set forth. In the event it is determined that a substantial change from the statement of work contained in this agreement is required, reimbursement therefore shall be limited to costs covered by a modification of this agreement or a written change or extra work order approved by the County.

8. The Utility agrees to provide “as-built” plans to the County within sixty (60) days of the completion of the work.

9. This agreement is subject to immediate cancellation by the County at any time up to the date that work under this Agreement has been authorized and that such cancellation will not create any liability on the part of the County.

10. The Utility by execution of this agreement does not waive any of the rights which the Utility may have within the limits of the law.

11. It is expressly understood that the Utility conducts the adjustment, removal, and/or relocation using its own methods, and that the Utility agrees to indemnify and hold the County harmless for any and all damages and attorney’s fees caused by the Utility’s actions and/or conduct.

12. The Utility affirms that it has the authority to enter into this agreement, and that it has obtained the approval, if necessary, from any bankruptcy court exercising jurisdiction over the Utility.

13. Notice: Except as maybe otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

    If to Utility: Texas Gas Service, a division of ONE Gas, Inc.
    Attention: Jim Jarret, Vice President of Operations
    1301 South MoPac, Suite 400
    Austin, Texas 78746

    If to County: Hidalgo County, Texas
    Attention: Ramon Garcia, Hidalgo County Judge
    P. O. Box 758
    Edinburg, Texas 78540-0758

    With copy to: Joe Flores, Commissioner, Precinct No. 3
    724 N. Breyfogle
    Mission, Texas 78574

14. Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee, or, if mailed, at such time as it is deposited in the United States mail.

15. Additional Documents: The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this agreement.

16. Texas Law to Apply. This Agreement shall be construed under and in accordance with the laws of the State of Texas, and all obligation of the parties created hereunder are performable in Hidalgo County, Texas. The parties hereby consent to personal jurisdiction in Hidalgo County, Texas

17. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

18. Assignment: This Agreement shall not be assignable.

19. Headings. The headings and captions contained in this Agreement are solely for the convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

20. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and as often as may be appropriate.

21. Authority to Execute. The execution and performance of this Agreement by the Utility and County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of the Utility and County in accordance with its terms.

22. Governmental Purpose. Each party hereto is entering into the agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

23. Commitment or Current Revenues Only. In the event that during any term hereof; the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

24. The signatories to this agreement warrant that each has the authority to enter into this agreement on behalf of the party represented.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

RE: SH364 (La Homa Road) Utility Relocation Package
Mission, Texas

Mr. Macheska:

Attached is the Capital Job Order (FORM 765-K) for the compensable Texas Gas Service pipeline adjustments required for the SH364 (La Homa Road) project. The estimated total cost for the adjustments is $213,226. This includes installation construction and retirement costs.

Please keep in mind that this Standard Utility Agreement is an actual cost agreement. The estimated total may vary from the final cost of adjustment due to material and contract labor costs. If you have any questions, feel free to contact our office.

Sincerely,

Rene C. Casares, P.E.
Engineering Supervisor

Statement Covering Contract Work
ROW Form-ROW-U-48

Texas Department of Transportation
Form ROW-U-48
(Rev. 06/12)
Page 1 of 1

STATEMENT COVERING UTILITY CONSTRUCTION CONTRACT WORK
(AS APPEARING IN ESTIMATE)

U-Number: 14211

ROW CSJ Number: 2966-01-012 District: Pharr

County: Hidalgo Highway No.: SH 364 (La Homa)

Federal Project No.: N/A

I, Jim Jarrett, a duly authorized and qualified representative of Texas Gas Service, a Division of ONE Gas, Inc., hereinafter referred to as **Owner**, am fully cognizant of the facts and make the following statements in respect to work which will or may be done on a contract basis as appears in the estimate to which this statement is attached.

It is more economical and/or expedient for **Owner** to contract this adjustment, or **Owner** is not adequately staffed or equipped to perform the necessary work on this project with its own forces to the extent as indicate on the estimate.

Procedure to be Used in Contracting Work

☐ A. Solicitation for bids is to be accomplished through open advertising and contract is to be awarded to the lowest qualified bidder who submits a proposal in conformity with the requirements and specifications for the work to be performed.

☒ B. Solicitation for bids is to be accomplished by circulating to a list of pre-qualified contractors or known qualified contractors and such contract is to be awarded to the lowest qualified bidder who submits a proposal in conformity with the requirements and specifications for the work to be performed. Such presently known contractors are listed below:

1. H & S Constructors, Inc.
2. P & S Construction, LLC
3. A&E Oilfield Services
4.
5.

☐ C. The work is to be performed under an existing continuing contract under which certain work is regularly performed for **Owner** and under which the lowest available costs are developed. (If only part of the contract work is to be done under an existing contract, give detailed information by attachment hereto.)

☐ D. The utility proposes to contract outside the foregoing requirements and therefore evidence in support of its proposal is attached to the estimate in order to obtain the concurrence of the State, and the Federal Highway Administration Division Engineer where applicable, prior to taking action thereon (approval of the agreement shall be considered as approval of such proposal).

☐ E. The utility plans and specifications, with the consent of the State, will be included in the construction contract awarded by the State.

186—Resignation of Trustee and Appointment of Substitute Trustee. Texas Standard Form

The State of Texas,

County of HIDALGO

1446

WITNESS, heretofore to-wit, on the 16th day of May A. D. 19 73

JOSEPH L. FITCH, JR. and wife, LAVERNE FITCH , Trustee,

executed a certain Deed of Trust conveying to J. J. MORROW

the real estate therein described, to secure JEFFERSON SAVINGS & LOAN ASSOCIATION OF TEXAS

in the payment of the indebtedness therein described, said Deed of Trust being recorded in Volume 675

page 977-81 , in the Deed of Trust Records of Hidalgo County, Texas; and

WHEREAS, default has occurred in the payment of said indebtedness, and JEFFERSON SAVINGS & LOAN ASSOCIATION OF TEXAS

the legal owner and holder of said indebtedness, has requested the said Trustee to make sale of the property in said Deed of Trust conveyed, in order to satisfy said indebtedness;

Now, therefore, KNOW ALL MEN BY THESE PRESENTS: That I, the said J. J. MORROW

do hereby decline to act as Trustee under the provision of said Deed of Trust, and do hereby resign as such Trustee aforesaid.

WITNESS MY HAND, this 10th day of January , 19 80.

J. J. Morrow Trustee.

STATE OF TEXAS,
County of HIDALGO

BEFORE ME, the undersigned authority, on this day personally appeared J. J. MORROW

known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that he executed the same for the purposes and consideration therein expressed, and in the capacity therein stated.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this the 11th day of January A. D. 19 80.

(L. S.)

Notary Public in and for Hidalgo County, Texas.

The State of Texas,

County of HIDALGO

WHEREAS, heretofore to-wit, on the 16th day of May A. D. 1973

JOSEPH L. FITCH, JR. and wife, LAVERNE FITCH

executed and delivered a certain Deed of Trust conveying to J. J. MORROW

Trustee, the real estate hereinafter described, to secure JEFFERSON SAVINGS & LOAN ASSOCIATION OF TEXAS

in the payment of a debt in said Deed of Trust described, said Deed of Trust being recorded in Vol. 675 , page 977-81

of the Deed of Trust Records of Hidalgo County, Texas; and

WHEREAS, default has occurred in the payment of said indebtedness, and by reason of such default the indebtedness in said Deed of Trust described is now wholly due; and

WHEREAS, J. J. MORROW , the Trustee in said Deed of Trust named, has resigned and/or refused to act as said Trustee, and has so certified to JEFFERSON SAVINGS & LOAN ASSOCIATION OF TEXAS the legal owner and holder of the indebtedness in said Deed of Trust secured;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS: That in consideration of the premises, the legal owner and holder of the above described indebtedness, does hereby name, constitute, and appoint

JESSIE RODRIGUEZ

of Hidalgo County, Texas, as substitute Trustee under said Deed of Trust, under the provisions of said Deed of Trust and as provided therein, and further, does hereby request the said JESSIE RODRIGUEZ , Substitute Trustee, to sell such property to satisfy said indebtedness; said property being described as follows:

A 0.46 acre tract of land out of Lot 34, Ebony Heights Citrus Groves Unit # 2, Being a Subdivision of a part of E.M. Card Survey No.1 and Lots 1,2, and 3, Block 1,Hammond's Subdivision of Porciones 63 & 64, Hidalgo County, Texas.

BEGINNING at an iron pipe set on the West line of Lot 34, Ebony Heights Citrus Groves Unit # 2, Being a Subdivision of a part of E.M.Card Survey # 1 and Lots 1,2, and 3, Block 1, Hammond's Subdivision of Porciones 63 and 64, Hidalgo County, Texas, S.9 degrees 15' W.,395.0 feet from the Northwest corner of said lot 34,for the N.W. corner hereof.

THENCE, with the west line of Lot 34, S.9 degrees 15' W., 140.0feet to an iron pipe set for the Southwest corner hereof.

THENCE, parallel to the North line of Lot 34,S.80 degrees 45'E.,140.0 feet to an iron pipe set for the Southeast corner hereof.

THENCE, parallel to the West line of Lot 34, N.9 degrees 15'E, 161.98 feet to an iron pipe set for the northeast corner hereof. Said point being on the South line of a certain tract conveyed to William H. Sanborn.

THENCE, with the South line of said Sanborn tract as follows: S. 64 degrees 46' W.,38.82 ft. and N. 80 degrees 45' W., 108.0 feet to the PLACE OF BEGINNING. Containing 0.46 acre of land , more or less.

176—DEED OF TRUST (Revised 1-1-76) TEXAS STANDARD FORM

23972

1452

The State of Texas, } Know All Men by These Presents:

County of HIDALGO }

That We, ARMANDO ROMERO and wife, SOCORRO ROMERO

of Hidalgo County, Texas, hereinafter styled parties of the first part, (and considered in the plural sense whether one or more) in consideration of the sum of One Dollar in hand paid to the parties of the first part, by E. Clinton Breedlove, Trustee, party of the second part, of Cameron County, Texas, the receipt whereof is hereby acknowledged, and of the further consideration, uses, purposes and trusts herein set forth and declared, have Granted, Bargained, Sold, Aliened, Conveyed and Confirmed, and by these presents do Grant, Bargain, Sell, Alien, Convey and Confirm, unto the said party of the second part, and also to the Substitute Trustee, as hereinafter provided, all of the following described property, lying and situated in the County of Hidalgo, in the State of Texas, to-wit:

Lot Eight (8), Block Two (2), Balboa Acres, a subdivision of the lands in the Rio Bravo Plantation Company's Subdivision in Hidalgo County, Texas, as per map of Balboa Acres recorded in Volume 14, Page 31, Map Records, Hidalgo County, Texas,

together with all improvements thereon, or hereafter to be placed thereon, and all and singular the rights and appurtenances to the same belonging or in anywise incident or appertaining.

TO HAVE AND TO HOLD unto the said party of the second part, and to his successors and his and their assigns forever, hereby covenanting and agreeing to Forever Warrant and Defend the premises aforesaid, and every part thereof, unto the said Trustee and to the Substitute Trustee, and to the assigns of any Trustee hereunder, against all persons whomsoever lawfully claiming or to claim the same or any part thereof for and upon the following trusts, terms and conditions, to-wit:

That, Whereas, the said parties of the first part are justly indebted to

John M. Rowland, Jr.

party of the third part herein, as evidenced by their one certain promissory note executed by the said parties of the first part and payable to the order of the said party of the third part, and being further described as follows, to-wit:

A Vendor's Lien Promissory Note in the principal sum of $8,000, payable to the order of John M. Rowland, Jr., at the times, in the amounts and at the rate of interest in said Note provided,

Now, should the said parties of the first part make prompt payment of said indebtedness, and shall pay, or cause to be paid, all other indebtedness secured by this conveyance, both principal and interest, as the same shall become due and payable, and strictly comply with all the conditions and requirements herein provided, then this conveyance shall become null and void and of no further force or effect, and shall be released at the cost and expense of said parties of the first part. But should the said parties of the first part make default in the punctual payment of said indebtedness, or any part thereof, principal or interest, as the same shall become due and payable, or should said parties of the first part in any respect fail to keep and perform any one or more of the conditions herein provided to be kept and performed by said parties of the first part, then, in any such case, the whole amount of said indebtedness remaining shall, at the option of the holder of said indebtedness, immediately mature and become payable, and it shall thereupon, or at any time thereafter, the same, or any part thereof, remaining unpaid, be the duty of the said party of the second part herein, and of his successor or substitute as hereinafter provided, on the request of the holder of said indebtedness thereof (which request is hereby presumed) to enforce this Trust; and after advertising the time, place and terms of the sale of all of the above conveyed and described property, or any part thereof (the privilege of selling in whole or in part being hereby granted) for at least twenty-one days successively next before the day of sale, by posting up written or printed notices thereof at the door of the Courthouse of the County, or each County, in which said real estate is situated, to sell the same, in accordance with such advertisement, at public vendue, at the Courthouse door of the County in which the sale is to be made, on the first Tuesday in any month between the hours of ten o'clock A. M. and four o'clock P. M. to the highest bidder for cash, selling all property above conveyed as an entirety or in parcels as the Trustee may elect, and make due conveyance to the purchaser or purchasers, with general warranty, binding the said parties of the first part herein and their heirs and assigns; and, out of the money arising from such sale, the Trustee acting shall pay: First, all the expenses of advertising sale and conveyance, including a commission of five per cent to himself, and then to the holder of said indebtedness, the full amount of principal and interest due and unpaid on said indebtedness, as hereinbefore set forth, and all taxes, assessments, insurance premiums or other advancements made, as provided for herein, with interest thereon, rendering the balance of the purchase money, if any, to the said parties of the first part, their heirs or assigns; and said sale shall forever be a perpetual bar against the said parties of the first part, their heirs and assigns, and all other persons claiming under any of them. It is expressly agreed that the recitals in the conveyance to the purchaser shall be full evidence of the truth of the matters therein stated, and all prerequisites to said sale shall be presumed to have been performed. The holder of said indebtedness shall have equal rights to become the purchaser at such sale, being the highest bidder.

In addition to the posting of the notice provided for above, the holder of said indebtedness shall, at least twenty-one days preceding the date specified in the hereinabove described notice as the date upon which said property will be sold as aforesaid, serve written notice of the proposed sale by certified mail on each debtor obligated to pay such debt according to the records of the holder of said indebtedness which service shall be completed upon deposit of the notice, or a copy thereof, enclosed in a postpaid wrapper, properly addressed to each of such debtors at the most recent address as shown by the records of the holder of such indebtedness, in a post office or official depository under the care and custody of the United States Postal Service or its successors. It is expressly agreed that the affidavit of any person having knowledge of the facts to the effect that such service was completed as aforesaid, shall be prima facie evidence of the fact of such service and it is further expressly agreed and stipulated that the party of the second part, or any employee, agent or representative of the holder of said indebtedness may make such service as aforesaid.

In any event, with or without cause or reason, at the option of the holder of the indebtedness, a successor and substitute Trustee may be named, constituted and appointed by the said holder of said indebtedness, without other formality than an appointment and designation in writing; and this conveyance shall vest in him, as Trustee, the estate and title in all said premises and he shall thereupon hold, possess and execute all the title, rights, powers and duties herein conferred on said Trustee named, and his conveyance to the purchaser shall be equally valid and effective; and such right to appoint a successor or Substitute Trustee shall exist as often and whenever from any of said causes, any Trustee, original or substitute, cannot or will not act.

It is agreed and stipulated that the parties of the first part herein shall and will at their own proper cost and expense, keep the property and premises herein described, and upon which a lien is hereby given and created, in good repair and condition, and to pay and discharge as they are or may become payable, all and every taxes and assessments that are or may become payable thereon under any law, ordinance or regulation, whether made by Federal, State, or Municipal authority, and shall keep said property fully insured in some company or companies approved by the holder of said indebtedness, to whom the loss, if any, shall be payable, and by whom the policies shall be kept. And in case of default made by the parties of the first part in performance of any of the foregoing stipulations, the same may be performed by the holder of said indebtedness, for account and at the expense of the parties of the first part, and any and all expenses incurred and paid in so doing shall be payable by the parties of the first part to the party of the third part with interest at the rate of ten per cent per annum from the date when the same was so incurred or paid, and shall stand secured and payable by and under this deed in like manner with the other indebtedness herein mentioned, and the amount and nature of such expense and time when paid shall be held fully established by the affidavit of the holder of said indebtedness, or the holder's agent, or by the certificate of any Trustee acting hereunder. Provided, however, that the exercise of the right of advancement shall in nowise be considered or constitute a waiver of the right of the holder of said indebtedness to declare same, and all other indebtedness hereunder to be at once due and payable.

It is further agreed and stipulated that the security herein and hereby provided shall not affect, nor be affected by, any other or further security taken or to be taken for the same indebtedness, or any part thereof; and the said parties of the first part hereby declare that the property hereinbefore mentioned and conveyed to said party of the second part forms no part of any property by them owned, used, occupied or claimed as their homestead or as exempt from forced sale under the laws of the State of Texas, and disclaim and renounce all and every claim thereto under any such law or laws.

It is further agreed and stipulated by parties of the first part that in the event of any sale, under the terms of this deed of trust by the Trustee or a successor substitute Trustee, of the above described property, parties of the first part, their heirs (or successors) and assigns or any party holding possession of the above described property shall forthwith deliver possession of the property to the purchaser at such sale and upon failure to so deliver possession, the relationship of landlord and tenant at will shall be created, and upon demand said purchaser shall be entitled to institute and proceed with a Forcible Detainer action in the Justice of the Peace Court in the Justice Precinct in which said property is located.

It is expressly understood and agreed that the recitals in the conveyance to the purchaser at said sale shall be full evidence of the truth of the matters therein stated, and all prerequisites to said sale shall be conclusively presumed to have been performed, and such sale and conveyance shall be conclusive against the Parties of the First Part herein, their heirs and assigns, whether such prerequisites shall have been performed or shall not have been performed.

REIMBURSABLE UTILITY ADJUSTMENT

U-Number: 14211

ROW CSJ: 2966-01-012
County: Hidalgo
District: Pharr
Highway: SH 364 (La Homa)
Federal Project No.: N/A
From: SH 495
Projected Highway Letting Date: 11/01/15
To: FM 1924

WHEREAS, the State of Texas, ("**State**"), acting by and through the Texas Department of Transportation ("**TxDOT**"), proposes to make certain highway improvements on that section of the above-indicated highway; and

WHEREAS, the Texas Gas Service, a Division of ONE Gas, Inc. , ("**Utility**"), proposes to adjust or relocate certain of its facilities, if applicable, and retain title to any property rights it may have on, along or across, and within or over such limits of the highway right of way as indicated by the location map attached hereto.

NOW, THEREFORE, in consideration of the covenants and acknowledgements herein contained, the parties mutually agree as follows:

It is agreed that joint usage for both highway and utility purposes will be made of the area within the highway right of way limits as such area is defined and to the extent indicated on the aforementioned plans or sketches. Nothing in this Acknowledgement shall serve to modify or extinguish any compensable property interest vested in the **Utility** within the above described area. If the facilities shown in the aforementioned plans need to be altered or modified or new facilities constructed to either accommodate the proposed highway improvements or as part of **Utility's** future proposed changes to its own facilities, **Utility** agrees to notify **TxDOT** at least 30 days prior thereto, and to furnish necessary plans showing location and type of construction, unless an emergency situation occurs and immediate action is required. If an emergency situation occurs and immediate action is required, **Utility** agrees to notify **TxDOT** promptly. If such alteration, modification or new construction is in conflict with the current highway or planned future highway improvements, or could endanger the traveling public using said highway, **TxDOT** shall have the right, after receipt of such notice, to prescribe such regulations as necessary for the protection of the highway facility and the traveling public using said highway. Such regulations shall not extend, however, to requiring the placement of intended overhead lines underground or the routing of any lines outside of the area of joint usage above described.

If **Utility's** facilities are located along a controlled access highway, **Utility** agrees that ingress and egress for servicing its facilities will be limited to frontage roads where provided, nearby or adjacent public roads and streets, or trails along or near the highway right of way lines which only connect to an intersecting road. Entry may be made to the outer portion of the highway right of way from any one or all access points. Where supports, manholes or other appurtenances of the **Utility's** facilities are located in medians or interchange areas, access from the through-traffic roadways or ramps will be allowed by permit issued by the **State** to the **Utility** setting forth the conditions for policing and other controls to protect highway users. In an emergency situation, if the means of access or service operations as herein provided will not permit emergency repairs as required for the safety and welfare of the public, the **Utility** shall have a temporary right of access to and from the through-traffic roadways and ramps as necessary to accomplish the required repairs, provided **TxDOT** is notified immediately when such repairs are initiated and adequate provision is made by **Utility** for the convenience and safety of highway traffic. Except as expressly provided herein, the **Utility's** rights of access to the through-traffic roadways and/or ramps shall be subject to the same rules and regulations as apply to the general public.

			11/16/16
TxDOT		Utility	

TLC
RC.

UJUAA

If Utility's facilities are located along a non-controlled access highway, the **Utility's** rights of ingress and egress to the through-traffic roadways and/or ramps are subject to the same rules and regulations as apply to the general public.

Participation in actual costs incurred by the Utility for any future adjustment, removal or relocation of utility facilities required by highway construction shall be in accordance with applicable laws of the State of Texas.

Utility will, by written notice, advise **TxDOT** of the beginning and completion dates of the adjustment, removal, or relocation, and, thereafter, agrees to perform such work diligently, and to conclude said adjustment, removal, or relocation by the stated completion date. The completion date shall be extended for delays caused by events outside **Utility's** control, including an event of Force Majeure, which shall include a strike, war or act of war (whether an actual declaration of war is made or not), insurrection, riot, act of public enemy, accident, fire, flood or other act of God, sabotage, or other events, interference by the **State** or any other party with **Utility's** ability to proceed with the relocation, or any other event in which **Utility** has exercised all due care in the prevention thereof so that the causes or other events are beyond the control and without the fault or negligence of **Utility**.

It is expressly understood that **Utility** conducts the new installation, adjustment, removal, and/or relocation at its own risk, and that **TxDOT** makes no warranties or representations regarding the existence or location of utilities currently within its right of way.

The **Utility** and the **State**, by execution of this Acknowledgement , do not waive or relinquish any right that they may have under the law.

The signatories to this Acknowledgement warrant that each has the authority to enter into this Acknowledgement on behalf of the party represented.

IN WITNESS WHEREOF, the parties hereto have affixed their signatures.

RCSJ No.: 2966-01-012
CCSJ No.: 2966-01-009
County: Hidalgo
Highway: SH 364

L&G Engineering c/o Hidalgo County Precinct No. 3
2100 West Expressway 83
Mission, Texas 78572

Attention: Mr. Robert Macheska

Dear Mr. Macheska,

This letter, serves as the notice of an approved utility adjustment Local Utility Process (LUP) Determination of Upper Limits. Hidalgo County may now execute the LPA Standard Utility Agreement (SUA) with Texas Gas Service. This adjustment is 100 percent reimbursable for all eligible costs estimated in the amount of $213,226.00. Reimbursement will be made to Hidalgo County upon completion of Audit and demonstration that the County has paid the utility (Form ROW-U-45). State cost participation will be based on Statute 23CFR 645A. All quantities in the estimate portion of the agreement are preliminary. Final quantities and participation will be based upon actual scope of work performed.

The owner Texas Gas Service acknowledges and fully accepts responsibility and liability for the design, construction, maintenance, and operation of this proposed adjustment. If during or after construction of Texas Gas Service facilities, a modification is necessary due to a revision of their utility plans. Your office/Hidalgo County should be notified prior to the implementation of the change. Any required revisions to the scope of work must be included in an amendment. The amendment must be prepared in advance and presented to the State for consideration prior to any work being performed. Also, the amendment must be executed and incorporated into the existing executed SUA.

All costs should be clearly defined and indicated in a line item format that should match the items shown in the original cost estimate. All major items should be supported by contractor invoices. Your final billing will need to compare the estimated quantities and cost to the actual quantities and cost. Then an explanation of any overruns or underruns in the quantities or cost will need to be provided. The date construction began and ended should also be submitted with your final billing along with the address and telephone number of the location where the records may be audited.

If you have any questions, please contact Hazel Zepeda of this office at (956) 702-6129.

Sincerely,

Evan Roberts, P.E.

Subject: Utility Adjustment, U14211
LPA: Hidalgo County
Utility: Texas Gas Service
RCSJ: 2966-01-012
CCSJ: 2966-01-009
SH 364

Based upon the District's technical review and recommendation, the captioned LUP utility adjustment in the amount of **$213,226.00 is eligible 100.00%** for state cost participation.

The Hidalgo County may be notified to this affect. Reimbursement will be made to the County upon completion of audit and demonstration that the County has paid the utility (Form ROW-U-45).

A copy of the bid documents should be submitted prior to or at the time of billing.

Items which are to be tracked as Buy America compliant must be identified in the standard utility agreement cost estimate. These items will be certified in the form 1818 at the time of reimbursement.

State cost participation will be based on 23 CFR 645A. All quantities in the estimate portion of this agreement are preliminary, final quantities and participation will be based upon the actual scope of the work performed.

STATE OF TEXAS §

COUNTY OF HIDALGO §

LPA STANDARD UTILITY AGREEMENT

SH 364 (La Homa Rd) TEXAS GAS SERVICE, a Division of ONE Gas, Inc. GAS LINE ADJUSTMENT, REMOVAL, AND/OR REPLACEMENT

This agreement is made by and between the County Of Hidalgo, Texas hereinafter referred to as "County" and *Texas Gas Service, a division of ONE Gas, Inc.,* hereinafter referred to as "Utility", acting by and through its duly authorized representative, shall be effective on the date of approval and execution by and on behalf of the County.

WHEREAS, the State of Texas has deemed it necessary to make certain highway improvements as designated by the State and approved by the Federal Highway Administration located on the highway as indicated above;

WHEREAS; the County is a county in the State of Texas;

WHEREAS, the proposed highway improvements will necessitate the adjustment, removal, and/or relocation of certain facilities of the Utility as indicated in the following statement of work: *Relocation of an Underground 8" High Pressure Steel Gas Line* to accommodate the proposed roadway widening being performed by the Texas Department of Transportation and more specifically shown in the Utility's plans, specifications and estimated costs, which are attached hereto in Attachment "A";

WHEREAS, the County, in receipt of evidence it deems sufficient, acknowledges the Utility's interest in certain lands and/or facilities that entitle it to reimbursement for the adjustment, removal, and relocation of certain facilities located upon lands as indicated in Attachment "A";

NOW, THEREFORE, for and in consideration of the premises and mutual promises, covenants and agreements hereinafter set forth, and intending to be legally bound, the County and the Utility agree as follows:

1. The County will pay the Utility all eligible actual costs which are incurred in the adjustment, removal, and/or relocation of the Utility's facilities.

2. The Utility agrees that all conduct under this agreement, including but not limited to the adjustment, removal, and/or relocation of the facility, the development of reimbursement of costs, any environmental requirements, and retention of records will be in accordance with 23 CFR 645, Subparts A & B and all other applicable federal and state laws, rules and regulations. The Utility agrees to supply, upon request by the County, proof of compliance with the aforementioned laws, rules and regulations prior to commencement of construction.

3. The Utility agrees to develop relocation or adjustment costs by accumulating actual direct and related indirect costs in accordance with a work order accounting procedure prescribed by the County, or may, with the County's written approval, accumulate actual direct and related indirect costs in accordance with an established accounting procedure developed by the Utility. The bill for the work hereunder will be submitted to the County not later than ninety (90) days after completion of the work.

4. Upon execution of this agreement by both parties hereto, the County will, by written notice, authorize the Utility to proceed with the necessary adjustment, removal, and/or relocation. The Utility agrees to proceed in a diligent manner and will take all prudent actions to avoid delay or interference with the highway construction.

5. The Utility will endeavor to perform this work at its earliest window of opportunity.

6. The County will, upon satisfactory completion of the relocation or adjustment, receipt of a proper certification by the Utility that the work has been completed in accordance with the approved plans and specifications, receipt and verification of the bill prepared in an approved form and manner, and concurrence by TxDOT, make payment to the Utility.

7. This agreement in its entirety consists of the following:

    a. LPA Standard Utility Agreement;
    b. Plans of Adjustment (color coded), Specifications, and Estimated Costs (Attachment "A")(2 Originals);
    c. Accounting Method (Attachment "B")(2 Originals)
    d. Schedule (Start & End Dates) (Attachment "C")(2 Originals)
    e. Statement Covering Contract Work – TxDOT ROW-U-48 (Attachment "D")(2 Originals);
    f. Proof of Property Interest – TxDOT ROW-U-1A (Attachment "E")(2 Originals and 1 copy of recorded instrument);
    g. Eligibility Ratio(Attachment "F")(2 Originals),
    h. Cost Comparison (if Betterment) (Attachment "G")(2 Originals),
    i. Betterment Statement (Attachment "H")(2 Originals),
    j. Quit Claim Deed – TxDOT ROW-N-30 (Attachment "I")(2 Originals), if applicable,
    k. Joint Use Agreement (Attachment "J")(2 Originals), if applicable.

    All attachments are included herein as if fully set forth. In the event it is determined that a substantial change from the statement of work contained in this agreement is required, reimbursement therefore shall be limited to costs covered by a modification of this agreement or a written change or extra work order approved by the County.

8. The Utility agrees to provide "as-built" plans to the County within sixty (60) days of the completion of the work.

9. This agreement is subject to immediate cancellation by the County at any time up to the date that work under this Agreement has been authorized and that such cancellation will not create any liability on the part of the County.

10. The Utility by execution of this agreement does not waive any of the rights which the Utility may have within the limits of the law.

11. It is expressly understood that the Utility conducts the adjustment, removal, and/or relocation using its own methods, and that the Utility agrees to indemnify and hold the County harmless for any and all damages and attorney's fees caused by the Utility's actions and/or conduct.

12. The Utility affirms that it has the authority to enter into this agreement, and that it has obtained the approval, if necessary, from any bankruptcy court exercising jurisdiction over the Utility.

13. Notice: Except as maybe otherwise specifically provided in this Agreement, all notices, demands, requests or communication required or permitted hereunder shall be in writing and shall either be (i) personally delivered against a written receipt, or (ii) sent by registered or certified mail, return receipt requested, postage prepaid and addressed to the parties at the addresses set forth below, or at such other addresses as may have been theretofore specified by written notice delivered in accordance herewith:

    If to Utility: Texas Gas Service, a division of ONE Gas, Inc.
    Attention: Jim Jarret, Vice President of Operations
    1301 South MoPac, Suite 400
    Austin, Texas 78746

    If to County: Hidalgo County, Texas
    Attention: Ramon Garcia, Hidalgo County Judge
    P. O. Box 758
    Edinburg, Texas 78540-0758

    With copy to: Joe Flores, Commissioner, Precinct No. 3
    724 N. Breyfogle
    Mission, Texas 78574

14. Each notice, demand, request or communication which shall be delivered or mailed in the manner described above shall be deemed sufficiently given for all purposes at such time as it is personally delivered to the addressee, or, if mailed, at such time as it is deposited in the United States mail.

15. Additional Documents: The parties hereto covenant and agree that they will execute such other and further instruments and documents as are or may become necessary or convenient to effectuate and carry out the terms of this agreement.

16. Texas Law to Apply. This Agreement shall be construed under and in accordance with the laws of the State of Texas, and all obligation of the parties created hereunder are performable in Hidalgo County, Texas. The parties hereby consent to personal jurisdiction in Hidalgo County, Texas

17. Successors. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

18. Assignment: This Agreement shall not be assignable.

19. Headings. The headings and captions contained in this Agreement are solely for the convenience reference and shall not be deemed to affect the meaning or interpretation of any provision of paragraph hereof.

20. Gender and Number. All pronouns used in this Agreement shall include the other gender, whether used in the masculine, feminine or neuter gender, and singular shall include the plural whenever and as often as may be appropriate.

21. Authority to Execute. The execution and performance of this Agreement by the Utility and County have been duly authorized by all necessary laws, resolutions or corporate action, and this Agreement constitutes the valid and enforceable obligations of the Utility and County in accordance with its terms.

22. Governmental Purpose. Each party hereto is entering into the agreement for the purpose of providing for governmental services or functions and will pay for such services out of current revenues available to the paying party as herein provided.

23. Commitment or Current Revenues Only. In the event that during any term hereof; the governing body of any party does not appropriate sufficient funds to meet the obligations of such party under this Agreement, then any party may terminate this Agreement upon ninety (90) days written notice to the other party. Each of the parties hereto agrees, however, to use its best efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of each party hereto pursuant to the provisions of Tex. Loc. Govt. Code Ann. §271.903.

24. The signatories to this agreement warrant that each has the authority to enter into this agreement on behalf of the party represented.

WITNESS THE HANDS OF THE PARTIES effective as of the day and year first written above.

Memorandum

To: **Commissioner A.C. Cuellar**

Cc: **Raul Lozano, Roy Gonzales**

From: **Raul Madero**

Date: **February 10, 2016**

Re: **Proposed Road Name Change**

Currently, Sylvia Rd intersects Mile 17 N then heads northbound 600 feet. At which point it splits into Sylvia Rd going west 800 feet and into County Road 3167 going east approximately 800 feet.

In an effort to provide 9-1-1 physical addresses for residents along this same road (currently with 2 different names) and to prevent any confusion for emergency responders in a 9-1-1 emergency, the LRGVDC 9-1-1 Department proposes that Sylvia Rd (heading West) and County Road 3167 (heading East) be renamed to "Novillos Rd".

Please advise concurrence to proceed. Precinct 1 may have to present at Commissioner's Court.

Good afternoon Ms Monica Badillo,

I am writing to request the following item: Local Government Support for Palmera Heights Apartments, TDHCA #16393 be placed on the agenda for the meeting held on February 16, 2016. I have attached a draft copy of the resolution from TDHCA application.

Your support is vital to the success of any application. For Palmera Hights Apartments, the state requires a simple resolution from the Hidalgo County Commissioners Court stating your support. As our application is due by the end of February, I would like to work with you to have this resolution brought before the Hidalgo County Commissioners Court on February 16, 2016. I've attached a draft of the resolution for your review.

Please see attach draft resolution for proposed development at the Northwest Corner of Mile 6 W. Road and Flea Market Road, named Palmera Hights Apartments, We would appreciate your support and urgent response due to February's deadline on the application. If you have any questions feel free to contact me or Sara Walker at (956) 797-2357.

Please confirm you have received this email, thank you.

RE: Reclamation and Overlay of San Antonio Road from Moore Road to Sam Houston a Distance of 5995 Linear Feet (the "Road")

Dear Mayor:

In accordance with that certain Interlocal Cooperation Agreement by and between Hidalgo County ("County") and the City of San Juan, Texas ("City") dated the 3rd day of February, 2016, City has requested and County has agreed to provide equipment, labor and material, at County's cost of same, for City projects.

The estimated cost for the reclamation and overlay of the Road is $291,966.91. Attached hereto are the estimated hourly rates of the equipment, and labor and the estimated cost of materials. The County estimates the time to complete the project is thirty days after construction is commenced.

City, pursuant to Tex. Trans. Code 251.012, authorizes County to perform the work and services described herein within its corporate city limits.

Should the City desire to proceed with this project, please sign and date and return this copy and a check made payable to the County in the sum of $291,966.91.

The County looks forward to assisting the City in this project.

Sincerely,

RE: Reclamation and Overlay of Cesar Chavez Road from Business 83 to Carroll Street and from the North Side of IH 2 along Cesar Chavez Road to FM 495, a Distance of 5560 Linear Feet (the "Road")

Dear Mayor:

In accordance with that certain Interlocal Cooperation Agreement by and between Hidalgo County ("County") and the City of San Juan, Texas ("City") dated the 12th day of January, 2016, City has requested County has agreed to provide City equipment, labor and material, at County's cost of same for City projects.

The estimated cost for the reclamation and overlay of the Road is $261,581.46. Attached hereto are the estimated hourly rates of the equipment, and labor and the estimated cost of materials. The County estimates the time to complete the project is thirty days after construction is commenced.

City, pursuant to Tex. Trans. Code 251.012, City authorizes County to perform the work and services described herein within its corporate city limits.

Should the City desire to proceed with this project, please sign and date and return this copy and a check made payable to the County in the sum of $261,581.46.

The County looks forward to assisting the City in this project.

Sincerely,

By: _____

COUNTY OF HIDALGO §

APPROVAL OF
INTERLOCAL COOPERATION AGREEMENT
PROJECT

In accordance with Texas Government Code §791.014, Hidalgo County, Texas, acting by and through Precinct 2 executed a certain Interlocal Cooperation Agreement with the City of San Juan, Texas whereby Hidalgo County, Texas agreed to provide the City of San Juan, Texas with labor, equipment and materials at Hidalgo County's cost. The City of San Juan, Texas has requested the County to provide labor, equipment and materials for the reclamation and overlay of Sam Houston Road from Stewart Road to Cesar Chavez, a Distance of 4668 Linear Feet which lies within the corporate limits of the City of San Juan.

By vote on_____ 2016, the Hidalgo County Commissioners Court has approved the project identified above.

HIDALGO COUNTY
PRECINCT 2

COMMISSIONER
EDUARDO "EDDIE" CANTU

Eduardo "Eddie" Cantu
County Commissioner

January 25, 2016

City of San Juan
Attention: San Juanita Sanchez, City Mayor
709 S. Nebraska St.
San Juan, Texas 78589

RE: Overlay of Sgt. Trevino Road from Raul Longoria to West Side of Canal Syphon ("Phase I") a Distance of 1380 linear feet and Reclamation and Overlay from Paisano Drive to Retama ("Phase II") a Distance of 5018 linear feet (the "Road")

Dear Mayor:

In accordance with that certain Interlocal Cooperation Agreement by and between Hidalgo County ("County") and the City of San Juan, Texas ("City") dated the 12th day of January, 2016, City has requested and County has agreed to provide equipment, labor and material, at County's cost of same for the overlay of the Road.

The estimated cost of Phase I and Phase II is $222,426.13. Attached hereto are the estimated hourly rates of the equipment, and labor and the estimated cost of materials. The County estimates the time to complete this project is thirty days after construction is commenced.

City, pursuant to Tex. Trans. Code 251.012, authorizes County to perform the work and services described herein within its corporate city limits.

Should the City desire to proceed with this project, please sign and date and return this letter with a check made payable to the County in the sum of $222,426.13.

The County looks forward to assisting the City in this project.

Sincerely,

By: Eddie

RE: Certification of Revenue

Dear Judge and Commissioners:

Pursuant to Local Government Code § 111.07075 SPECIAL BUDGET FOR REVENUE RECEIVED AFTER START OF FISCAL YEAR.

> The county auditor shall certify to the commissioners court the receipt of revenue from a new source not anticipated before the adoption of the budget and not included in the budget for that fiscal year. On certification, the court may adopt a special budget for the limited purpose of spending the revenue for general purposes or for any of its intended purposes.

I, Ray Eufracio, County Auditor of Hidalgo County, certify to the Hidalgo County Commissioners Court the revenue received from La Joya Independent School District in the amount of $27,009.00 for road repairs to Western Rd in Precinct 3. These funds may now be made available by creating a new special budget or amending a current budget for its intended purposes.

CIC Credit - Trimerge Credit, Employment Screening, & Much More

Businesses have looked to CIC Credit for expertise on Business Screening, Credit Reports, Mortgage Credit Reports, and Employment Screening for decades. With over 100 years of credit related experience, it's no surprise that CIC Credit is a leader in providing quality products to help clients qualify borrowers, mitigate risk, and ensure compliance.

Trimerge Credit

CIC Credit is a reseller of all three national credit repositories-- Experian, Equifax, and TransUnion. Our state of the art, cloud-based delivery system allows you to access instant results anywhere, anytime within the United States. Access anything from mortgage credit reports to individual bureaus for your credit applications with the click of a button. We also offer an award winning credit Application Programmable Interface (API) delivery system to integrate our product delivery into your custom system or any of the 50+ loan origination systems available today.

Employment Screening

Employment Screening is a company's due diligence in protecting the business from these types of revenue loss. Lost revenue comes from all angles:

- ü Turnover
- ü Bad Publicity
- ü Lawsuits
- ü Regulation Fines
- ü Internal Theft

With our screening experts and innovative technology, CIC Credit can customize our online screening platform to fit each company's needs while adhering to industry regulations, State & Federal laws, and any hiring criteria you may provide.

Our Approach

As a CIC Client, we'll provide you a consulted sales approach with industry experts to ensure your screening programs meet Federal & State regulations and company guidelines. CIC Credit's service team provides you with step by step guidance during

Tenant Screening

Credit Information Center (CIC) provides nationwide commercial and residential screening products for landlords, Realtors, property managers, and apartment owners. Our state-of-the-art web ordering system allows you to order and access reports quickly and easily. We provide a comprehensive application screening process:

- ü Credit Reports
- ü Criminal Searches
- ü Civil Searches
- ü Bankruptcy, Liens & Judgments (BJL)
- ü Sex Offender Searches
- ü Eviction Searches

Employment Screening

CIC Credit offers a wide range of products for your pre-employment and background screening needs:

- ü Background Checks
- ü Drug Testing (urine, hair, and/or saliva testing available)
- ü Random and/or Suspicion Screening
- ü Post Accident Screening

Our system is entirely web-based, which allows you, as the client, to request reports from the convenience of your desktop. If you are unable to access the web-based system for any reason, we will happily fax or mail any and all reports at your request. Reports are returned to you in a timely, efficient manner-- usually just a matter of seconds when using the web-based system. You also have access to daily updates on criminal records, motor vehicle records, drug testing, and verification.

Volunteer Screening

CIC Credit offers a quick and easy way to screen your volunteers. We know volunteers are just as important as employees, and therefore offer you the following comprehensive screening options. Click here to screen

Use of the Electronic Custody and Control Form (ECCF) for Federal/United States Department of Transportation Testing

The Electronic Custody and Control Form (ECCF) is approved for use for both federal employee and DOT testing from a regulatory perspective. However, as of November 16, 2015, from a practical, logistical perspective, the ECCF cannot be used for federal/DOT testing. This is because only one certified laboratory has been approved by the National Laboratory Certification Program (NLCP) to implement the ECCF for federal/DOT testing and that laboratory is working through the implementation process.

FMCSA to Lower Controlled Substances Random Testing Rate for Calendar Year 2016

Effective January 1, 2016, the minimum annual percentage rate for random controlled substances testing, for drivers of commercial motor vehicles (CMVs) requiring a commercial driver's license (CDL), will be 25 percent of the total average number of driver positions—a 50% reduction of the current 50 percent of the average number of drivers now in place.

HireRight®

Executive Summary

HireRight helps employers improve hiring decisions, create safer workplaces, achieve compliance, avoid risk, and advance their screening programs through our complete range of on-demand background screening, drug and health screening, and employment eligibility solutions. For 33 years, HireRight has led the screening industry, offering our customers a unique blend of distinctive screening solutions recognized for innovation, deep expertise and award-winning service. Today, HireRight delivers fast, accurate information to hiring, security, and safety professionals at approximately 47,000 organizations in more than 240 countries and territories, including more than one-third of the Fortune 500. HireRight offers solutions to the smallest business and the most extensive global enterprise, including unique solutions for employers operating in regulated environments.

We offer a broad array of products and services and are continually expanding these offerings to meet client needs. All of the information HireRight provides is the most current available and must pass our rigorous quality control standards. HireRight operates under strict compliance with the Fair Credit Reporting Act (FCRA) and is Safe Harbor certified. All of these services can be ordered from our unified online solution via our industry-leading integrations with standard and custom integrated reporting. HireRight looks forward to the prospect of partnering with you to facilitate a safe and productive workplace.

The following is a brief description of a few of the services that HireRight provides, as well as a summary of some of the advantages and benefits that you will realize in a partnership with HireRight.

- **Quality Products and Services.** HireRight offers more than 150 distinct products and services and is continually expanding these offerings to meet our clients' needs. A variety of methods is used in order to collect the most accurate information in the fastest amount of time possible. All of the information HireRight provides is the most current available information and must pass our rigorous quality control standards. HireRight operates under strict compliance with the Fair Credit Reporting Act (FCRA).

- **Industry-Leading Turnaround Time.** HireRight understands the importance of "speed to hire" and prides itself on delivering quality results as quickly as possible. ***HireRight consistently delivers the most rapid turnaround time in our industry, at the highest levels of quality in our industry – our turnaround time in the US for FY2015 averaged 2 business days.*** This is accomplished through the unprecedented level of process automation in all aspects of our business and our Six Sigma emphasis on first-time quality.

- **Global Capabilities.** HireRight uses a single global platform, which means that worldwide searches can be ordered from the same online platform globally. Our innovative system requests and collects the pertinent information required to perform a screen in each country requested, based on each country's specific requirements. Our system provides information in the same format globally, allowing you to view the applicant's history in one user-friendly report. This report will look the same, regardless of where the candidate is from.

- **HireRight Professional** Our standalone software application, HireRight Professional, provides our customers with a comprehensive, easy-to-use solution that offers broad functionality, including order management, decision support, user management, compliance management, and reporting and analytics. With HireRight Professional, organizations can manage and conduct their employment screening program, including background and drug and health screening, through a single, Web-based

platform. HireRight Professional is designed to be flexible and scalable to accommodate the multi-user, multi-office, multi-geography needs of small and medium organizations.

- **Integration Experience.** HireRight has the most experience with systems integration in the industry and we consider our integration capability to be a core competency of our organization. ***We have well over 1,000 customers using our integrated screening solutions***—far more than any other company in our industry. HireRight has been the leader in our industry in recognizing the need for integrated workflow and seamless data transfer in the recruiting process, and as such, was an industry pioneer in creating productized integrations (i.e., pre-built and easily and quickly configurable) with many leading Human Resource Management Systems (HRMS) and Applicant Tracking Systems (ATS).

- **Change Management Expertise.** HireRight is committed to providing you with professional guidance, expertise and dedicated implementation resources to ensure an efficient and trouble-free transition that is tailored to address your specific business needs. HireRight's dedicated staff will guide AIAC through the transition process by first defining the scope and objectives of the implementation and then leveraging best practices and tools to help you maximize your return on investment.

- **Excellence in Customer Satisfaction.** HireRight has a uniquely customer-centric environment. We offer you the most complete customer support system available in the industry. Our service team will work together to ensure your complete satisfaction. You will be offered a variety of avenues for servicing your account, including Account Specialists from our Total Care team, Customer Service Representatives, a Customer Satisfaction program, HireRight's Customer Advisory Council, and access to the industry's only self-governed User Group.

- **Commitment to Compliance.** HireRight understands the necessity of being up-to-date with all FCRA requirements and state and federal regulations pertaining to background screening. HireRight's processes are designed to ensure that we are in compliance with federal, state, and local regulations. We continuously monitor developments, proposed legislation and actual changes to both State and Federal laws, and we continuously monitor our products and services to ensure compliance with those laws. As these laws and requirements change, we proactively adjust our products and services to ensure our compliance and help enable our clients to remain compliant by informing them of changes to their legal obligations.

- **Commitment to Customer Compliance.** HireRight not only ensures our own compliance with the FCRA and other applicable laws, we also provide several services to assist our clients with their understanding of and compliance with those laws. By combining our technology expertise with our compliance expertise, HireRight provides the most comprehensive and automated compliance tools in the industry, including the following: Applicant e-consent functionality, online form templates of FCRA authorization and consent forms, pre-adverse and adverse action letters, ad hoc legal alerts for relevant pending legislation, newsletter coverage and analysis of key legislation, and extensive online forms and documentation resources easily accessible via HireRight Professional.

- **Stringent Security Measures.** HireRight is committed to maintaining stringent data security through our systems and processes to ensure that client data is kept safe and secure. As a Consumer Reporting Agency, data security is a top priority for HireRight at all times, and our concern regarding security is reflected in our policies, technology and processes. HireRight uses the International Standards Organization's 27001 Information Security standard as our guideline for continuing to ensure that our security methodology meets globally recognized industry best practices.

Proven Benefits and Advantages of Partnering with HireRight

HireRight firmly believes that we offer our customers the best background screening program in the industry. We offer a variety of proven benefits and advantages, summarized in the following table.

Benefits	Features of HireRight's Solution
Reduce Administrative Costs	✓ Mobile-enabled solutions allow recruiters and applicants to enter data over the Internet or via mobile phone or tablet. ✓ HireRight Enterprise streamlines the screening process with a dynamic online task management dashboard, a faster ordering process, and an efficient applicant self-service feature, Applicant Center. ✓ Our Electronic Chain of Custody (eCOC) solution for drug screening eliminates the tedious paper-based chain of custody process, and requires little to no intervention from your recruiters, saving time and money. ✓ Pre-adverse and adverse action letters and forms can be pre-populated with applicant information and analysis, and sent to the applicant from our system.
Ease of Use	✓ Our solution is flexible, easy to understand, intuitive, and requires minimal customer training. ✓ Aggregate screening program data is displayed in a dashboard format so the information can be accessed with the fewest possible clicks. ✓ Features such as Applicant Center, automated compliance tools, and auto-error checking, save time and reduce unnecessary effort. ✓ Pre-integrated solutions remove duplicate data entry and faxing, provide results in real time, and reduce the time associated with multiple log-ins to multiple systems. ✓ Users can mouse over portions of the background report and quickly view context-sensitive help (e.g., criminal deposition glossary) and additional detail, eliminating the need for clicks on other pages.
Global Expertise	✓ All searches can be ordered from a single, global, online platform ✓ Our system intuitively understands what is required to process a background check in each country and collects only the information required. ✓ Information from all countries is provided in the same format, allowing you to view an applicant's history in a single, user-friendly report. ✓ Compliance expertise with applicable federal, state, provincial, local and global laws.
Acquire the Best Employees Quickly	✓ HireRight offers the industry's fastest turnaround times. Our turnaround time for US-based services averages less than 2 business days. ✓ HireRight provides real time notes and email notifications to keep you apprised throughout the screening process. ✓ For customers with Applicant Tracking Systems (ATS) integrations, our Change Tracker feature automatically emails you if the applicant edits any of the data that originally pre-populated from the ATS to HireRight, allowing you to quickly determine if these changes are significant in the hiring process. ✓ Using HireRight will reduce your time to hire.

COUNTY OF HIDALGO
2/4/2016

Quote is valid for 30 days and subject to execution of a HireRight Subscriber Agreement.
(Applies to 50 United States; Excludes US Territories and Commonwealths)

CUSTOM LEARNING SERVICES & MATERIALS AVAILABLE

Please contact HireRight to have an enhanced training project scoped and quoted.

ONLINE CONSENT FORM AND REPORT DELIVERY (PLEASE REFER TO A LA CARTE PRICE FOR ANCILLARY SERVICES)

☐ **Online Consent – e-Signature with report delivery** -Consent form is online and applicant's signature is electronically captured by the HireRight system for orders placed through Applicant Password feature and report is delivered if requested.

☐ **Not Interested** - Subscriber elects to manage consent forms outside of the HireRight solution.

☐ **E-mail Report Delivery** - HireRight will e-mail completed report to applicants in CA/OK/MN who check the box on the consent form to request a report copy.

Secure Account Set-up (required)

Physical Onsite Credentialing Charge — $150.00 One-time fee

As a regulated consumer reporting agency compliance requirement, as an industry best practice, and for the additional protection and security of our partner's and partner's clients' (each a subscriber) personal data and the personal data of all HireRight subscribers, HireRight shall perform a physical onsite inspection of each subscriber's business premises and perform other such due diligence to credential subscriber. Please note that the onsite inspection must be scheduled an estimated 3-5 business days in advance of anticipated account activation.

HireRight Notes

HireRight Notes: Note 1: Prices shown are discounted to reflect cash payment in accordance with the agreed upon payment terms. Note 2: Alternative forms of payment such as credit cards are subject to different price schedules. Note 3: HireRight's pricing is established based on specific volume levels. As volume levels change significantly, HireRight reserves the right to readdress pricing accordingly.

HireRight Footnotes: Background Screening

a) Fees levied by Federal, State, County and other governmental agencies for searches undertaken will be passed through to Subscriber in addition to the fees charged by HireRight. Such fees include case copies associated with records found, administrative fees, and/or third-party fees. Additional criminal searches including counties added by Subscriber outside of those found by the social trace, including aliases and maiden names will be billed at a la carte rates.

b) Fees levied by educational institutions and/or employers and those who have retained third party vendors to respond to requests for verifications of education and employment will be passed through to Subscriber in addition to the fees charged by HireRight.

c) Fees levied by certain states for motor vehicle records will be passed through to Subscriber in addition to the fees charged by HireRight. Pennsylvania & New Hampshire charge additional fees for overnight shipping of requests and results. These states do not accept requests via phone email or fax, such that HireRight must submit requests in writing. HireRight will consolidate all shipments to decrease surcharge costs when possible.

** A $0.42 network fee will be passed through to client per MVR.

d) See "HireRight Footnotes: Drug Screening" section below.

e) If any element of the search in any package involves more than one country, the additional country/countries will be charged in accordance with International Schedule of Fees and the components of the package will be charged at an a la carte rate and replace the package price. International search pricing is based on current vendor availability and cost and is subject to change without notice.

f) Fees levied for any other products including but not limited to worker compensation, sex offender, or credit searches will be passed through to Subscriber in addition to the fees charged by HireRight.

g) All records generated by this product are "possible records" and are not confirmed to be the records of the applicable applicant. To ensure that records returned by this database are accurate, current and complete, in accordance with the FCRA, Subscriber must verify each record at the applicable source courthouse. Accordingly, for all possible records generated by this product, HireRight automatically will perform follow-up records searches at the applicable source courthouse(s), and all such follow-up searches will be billed to Subscriber at the applicable a la carte rate.

h) DAC Employment History File Associated Fees: Transportation Employment History (billed per employer) and Driving School Record (billed per employer). Please refer to a la carte price list for line item pricing. As noted in the DEHF Addendum, DAC Employment History File users agree to furnish employment history records on each of their terminated drivers. Client will receive a contribution credit of $2.40 per driver for the contribution of a termination record. Client will receive an additional credit of $0.20 per driver for the contribution of a drug/alcohol history record accompanied with a termination record.

HireRight Footnotes: Drug Screening

Drug test collection fees, breath alcohol testing fees and physical examination fees performed at clinics that have not been pre-established specifically for the subscriber will be added to the base fee and passed through to subscriber. Additional charges will be incurred for the following services:

- Using Out of Network Collection Facilities (not pre-established) — $35.00 Per test
- Using One-to-One Setups (Collection Site Referrals) — $35.00 Per referral

Services listed below are available and will be billed at the rates specified upon request:

• 24/7/365 Day a Year Coordination/Emergency Services (including coordination of international collections) – Test Coordination service pricing covers coordination costs only and does not include drug test collection, breath alcohol testing fees and/or related expenses.	$100.00 Normal business hours $250.00 After business hours, weekends, and holidays
• Split Sample Retest Fee	$250.00
• Face to Face Evaluations (Shy Lung/Shy Bladder/ Opiate Abuse/Dependence evaluations)	$100.00
• Medical Consulting	$395.00 per hour
• MIS Consulting	$225.00 per hour
• Program Consulting/Subscriber Audit Support	$395.00 per hour
• Telephonic Expert Testimony	$395.00 per hour
• Onsite Expert Testimony	$395.00 per hour plus travel, meals, lodging and expenses
• MRO Litigation Hearing Package	$90.00 per package
• Laboratory Litigation Hearing Package	$300.00 per package
• Copy of Lab Report	$10.00
• SAP Referral	$50.00

Expenses and fees for services not listed in this Schedule of Fees will be billed at HireRight's usual and customary rates, unless otherwise agreed in writing between HireRight and Subscriber. Subscriber will reimburse HireRight reasonable administrative, copying and shipping charges for special requests for records, results, product shipment or other information.

In Network Fee: The "In Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at In Network collection facilities (LabCorp or Quest owned Patient Service Centers or other laboratory-owned and managed collection facilities authorized for Subscriber's use, but excluding laboratory preferred third party network collection sites).

Preferred Clinic Network Fee: The "Preferred Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at Preferred Clinic Network facilities pre-established and authorized for Subscriber's program.

Extended Clinic Network Fee: The "Extended Clinic Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at Extended Clinic Network facilities pre-established and authorized for Subscriber's program.

Out of Network Fee: The "Out of Network" fee is an additional charge that will be added for using collection facilities that are Out of Network (i.e., not pre-established and authorized for Subscriber's program).

DHS Cost Plus Fee: The DHS Cost Plus Fee for drug testing services only includes the Cost of specimen testing, MRO fees, and specimen collections performed at In-Network collection facilities (LabCorp or Quest owned Patient Service Centers or laboratory-owned and managed collection facilities authorized for Subscriber's use, but excluding laboratory preferred third party network collection sites). Other drug testing specimen collection, breath alcohol testing, and physical examination fees for services rendered at Preferred or Extended Clinic Network or laboratory preferred third party network collection sites, which have been pre-established and authorized for Subscriber's program by HireRight, will be passed through to Subscriber at the DHS Cost Plus Fee plus the cost for these services provided at these Preferred or Extended Clinic Network facilities pre-established and authorized for Subscriber's program.

RADAR Instant Testing - In the event that POCT testing clinic is not available, we will coordinate testing through our standard In-Network eCOC process, which is lab based, and the In-Network Non-DOT Urine Drug Test will be billed at the POCT rate.

* Price for services performed at LabCorp or Quest PSC. Any collection outside of a LabCorp or Quest PSC will incur an additional fee.

† Non-negative results include: positive, adulterated, negative dilute, positive dilute, substituted and invalid result.

CONFIDENTIALITY: This Schedule of Fees contains information that is confidential and proprietary to HireRight. In consideration of receipt of this document, you agree (i) to make this information available only to those of your employees who need access to such information for the purpose of evaluating its contents, and (ii) not to disclose this information to any third party for any purpose without the prior written consent of an authorized representative of HireRight.

HireRight Service Agreement Guide

Complete these steps

Begin by clicking the link in each step to fill in the required FIELDS. Once all applicable fields are complete, print and sign in required signature lines.

Step 1: The first paragraph of the Service Agreement requires that the company's full legal entity name be provided as well as the state of incorporation.

Step 2: In section 14. Notices, Please provide a physical mailing address that includes contact, City, State and Zip. Please do not use a PO Box address.

Step 3: The AGREED section at the end of the Service Agreement requires information to be completed that includes the company's full legal entity name, an authorized signature, printed name of signatory, the signatory's title and the date the service agreement was signed.

Step 4: Review Attachment B – Schedule of Fees. HireRight recommends the setup of the Online Consent – e Signature with report delivery and email report delivery options for every customer. If not interested, please check Not Interested in the Online Consent Form and Report Delivery Options section.

Step 5: Complete the Subscriber Application

Step 6: Additional addenda may be required specific to products and services. If an additional addendum has been attached with the service agreement, please complete the "Subscriber" authorized signature section, as well as any other areas on the addendum requiring information.

HireRight.

SERVICE AGREEMENT
HIRERIGHT, LLC

This Service Agreement ("Agreement") is between **HIRERIGHT, LLC** a Delaware limited liability company ("HireRight"), and _____ [*insert full legal entity name*], a _____ _____[*insert entity type and state of registration/incorporation*], on behalf of itself and its officers and employees ("Subscriber"), and is effective ("Effective Date"): (i) on the date of last signature below; or (ii) if this Agreement is electronically executed by Subscriber, upon HireRight's activation of Subscriber's account.

1. HIRERIGHT SERVICES. HireRight is a global provider of background screening services. In the United States, HireRight is defined as a "consumer reporting agency" pursuant to the applicable jurisdiction of the Fair Credit Reporting Act, 15 U.S.C. §1681 et seq. ("FCRA") and applicable state law, and any FCRA-regulated screening reports that HireRight furnishes pursuant to this Agreement are defined by the FCRA and applicable state law as "consumer reports" and/or "investigative consumer reports." All reports provided by HireRight pursuant to this Agreement are collectively defined as "Screening Reports", and all references to "Screening Report(s)" herein shall refer to an entire Screening Report(s) as well as any specific information contained within a Screening Report(s). Subject to the terms and conditions of this Agreement, and upon Subscriber's request, HireRight will furnish Screening Reports and the related services described in this Agreement in connection with Subscriber's screening, as applicable, of employees or candidates for employment (including, without limitation, independent contractors, temporary workers/employees, and volunteers), and/or other individuals for legally permissible employment-related purposes (each, an "Applicant").

2. SUBSCRIBER OBLIGATIONS

(a) Compliance with Applicable Laws. Subscriber shall comply with all local, state, federal, and international laws and regulations, including, without limitation, and as applicable the FCRA (collectively, "Laws"), applicable to Subscriber in connection with its procurement and use of Screening Reports and other services provided pursuant to this Agreement. If utilizing HireRight's FCRA-regulated services, Subscriber is considered a "user" of Screening Reports under the FCRA and applicable state law, and accordingly: (i) Subscriber shall comply with its compliance certifications and obligations set forth in Attachment A, and (ii) Subscriber acknowledges it has received, reviewed and will comply with its obligations in the *Notice to Users of Consumer Reports: Obligations Of Users Under The FCRA* currently available at: **Error! Hyperlink reference not valid.**www.hireright.com/pdfs/ftcNoticeToUsers.pdf. Subscriber acknowledges that if it obtains services from HireRight under this Agreement that fall outside the scope of the FCRA and similar United States laws ("Non-US Services"), then Subscriber may have additional or different legal obligations than those described in this section, and Subscriber shall comply with all such Laws and obligations. Subscriber shall promptly notify HireRight if Subscriber believes it has failed to fulfill any obligation in this Agreement, including, without limitation, those obligations related to confidentiality, consumer privacy, data protection, and compliance with Laws.

(b) Account Credentialing, Access and Maintenance. Prior to obtaining services from HireRight, Subscriber must satisfy HireRight's client credentialing requirements, which may include a physical on-site inspection. Subscriber shall cooperate with HireRight's client credentialing process and pay the associated fee, if any, set forth in this Agreement. Subscriber shall designate to HireRight the name of a "Super User(s)" who shall be: (i) Subscriber's main contact(s) for the services obtained under this Agreement, and (ii) responsible for the strict administration and control of Subscriber's account login codes and passwords. The Super User(s) shall identify and authorize all Subscriber account users and their respective access privileges, and promptly notify HireRight of any changes to Subscriber's company name, physical address, account users and if any account login codes or passwords become invalid, inactive or compromised in any manner. In accordance with Section 4, a Super User may be an Outsourced Provider.

(c) Data Privacy and Security. Subscriber shall maintain commercially reasonable and appropriate technical, physical, administrative and other organizational precautions and security measures to protect against unauthorized access to and/or misuse of the HireRight system and Screening Reports. At a minimum, Subscriber shall comply with the Information Access & Security Requirements set forth in Attachment A. HireRight may, in its reasonable discretion and without penalty, suspend and, upon written notice, cancel Subscriber's account if HireRight reasonably suspects or identifies any misuse of or unauthorized access to its system and/or Screening Reports through Subscriber's account.

(d) Audits and Record Retention. HireRight, on behalf of itself and/or its Suppliers (e.g. State Departments of Motor Vehicles, National Credit Bureaus, etc.) may conduct reasonable periodic audits of Subscriber's compliance with this Agreement. Unless otherwise prohibited by applicable Laws, Subscriber shall, for a minimum period of five (5) years, maintain copies of all Applicant screening disclosure/consent forms and, as applicable, all pre-adverse and adverse action notices (as further described in Attachment A). Subscriber shall, upon reasonable advance notice, during its normal business hours, make available to HireRight and/or its Suppliers such documentation reasonably requested to demonstrate Subscriber's compliance with its obligations in this Agreement. If Subscriber becomes aware of an audit initiated by a third-party involving HireRight's Screening Reports or other services provided pursuant to this Agreement, Subscriber shall provide HireRight prompt written notice of the audit. Subscriber shall not provide access

to its HireRight account or Screening Reports to any auditing party unless required to do so by applicable Laws and HireRight expressly consents to such access request.

(e) Prohibition on Resale or Reuse of Reports. Subscriber shall not, directly or indirectly, sell, transfer, disclose the contents of or distribute Screening Reports, in whole or in part, to any third-party (other than to the applicable Applicant or in conjunction with a Required Disclosure, as defined below in Section 10(c)). Subscriber shall use Screening Reports solely as an end-user, for a single, one-time use.

(f) Adjudication Details and Responsibility. This Section 2(f) is only applicable if Subscriber utilizes HireRight's Managed Adjudication Services, as described below and subject to applicable product/service specifications. If Subscriber elects to obtain such services, Subscriber shall provide HireRight with the criteria, guidelines and instructions established by Subscriber for determining whether the information in an Applicant's Screening Report satisfies Subscriber's eligibility criteria ("Adjudication Guidelines"). HireRight will apply Subscriber's Adjudication Guidelines to the Screening Report information reported by HireRight and then provide to Subscriber a status that reflects the outcome of such application ("Managed Adjudication Services"); provided, however, that HireRight will not apply any "does not meet" or equivalent final adverse status, which ultimately must be determined and applied by Subscriber. If HireRight performs Managed Adjudication Services on behalf of Subscriber, HireRight's sole responsibility will be to perform such services accurately in accordance with Subscriber's then-current Adjudication Guidelines provided to HireRight. Subscriber represents and warrants to HireRight that the Adjudication Guidelines comply with all applicable Laws and acknowledges that Subscriber is solely responsible for the creation and content of the Adjudication Guidelines and for ensuring such compliance on an ongoing basis. Subscriber may update its Adjudication Guidelines from time to time by providing advance written notice to HireRight, and such updated Adjudication Guidelines will be effective upon HireRight's written confirmation to Subscriber.

(g) Compliance Responsibility; No Legal Advice. Subscriber acknowledges that HireRight will not render any opinions regarding Screening Report content, and Subscriber shall base its screening processes, criteria, Adjudication Guidelines (if applicable) and decisions on its own policies, procedures and review of applicable Laws. Any consultation, training and/or sample forms (e.g., disclosure and authorization forms, and pre-adverse and adverse action notices) provided by HireRight are provided for informational purposes only, and not for the purpose of providing legal advice and/or Subscriber's reliance. SUBSCRIBER ACKNOWLEDGES THAT IT IS SOLELY RESPONSIBLE FOR, AND FOR CONSULTING ON AN ONGOING BASIS WITH ITS OWN LEGAL COUNSEL FAMILIAR WITH SUBSCRIBER'S LEGAL/REGULATORY OBLIGATIONS RELATED TO, THE COMPLIANT PROCUREMENT AND USE OF SCREENING REPORTS AND OTHER SERVICES OBTAINED PURSUANT TO THIS AGREEMENT INCLUDING, WITHOUT LIMITATION (AND COLLECTIVELY DEFINED AS "SUBSCRIBER COMPLIANCE OBLIGATIONS"): FULFILLING ITS COMPLIANCE OBLIGATIONS IN THIS AGREEMENT; ENSURING THAT ITS DISCLOSURE AND AUTHORIZATION FORMS AND PROCESSES, ADJUDICATION GUIDELINES AND PROCESSES, PROFESSIONAL REFERENCE QUESTIONS AS PREPARED OR REQUESTED BY SUBSCRIBER, PRE-ADVERSE ACTION AND ADVERSE ACTION NOTICE FORMS AND PROCESSES, AND ALL OTHER PAPERWORK AND FORMS UTILIZED BY OR ON BEHALF OF SUBSCRIBER IN ITS HIRING AND APPLICANT SCREENING PRACTICES ARE APPROPRIATE FOR ITS USE AND IN COMPLIANCE WITH ALL APPLICABLE LAWS. SUBSCRIBER SHALL NOT ASSERT ANY CLAIM AGAINST HIRERIGHT FOR, AND WAIVES LIABILITY AGAINST HIRERIGHT FOR, ANY CLAIMS REGARDING OR ARISING OUT OF THE SUBSCRIBER COMPLIANCE OBLIGATIONS.

(h) Applicant Information and Identity Verification. Subscriber acknowledges that, in preparing Screening Reports, HireRight relies on the Applicant identifying information (such as, without limitation, name, date of birth, social security number or applicable national ID, and address) provided to HireRight by the Applicant and/or Subscriber, as applicable. Subscriber acknowledges that: (i) Subscriber is responsible for confirming that the Applicant is who they claim to be; and (ii) Subscriber is advised to review the completed Screening Report in comparison to the Applicant's job application and I-9 information, if applicable, to ensure that the Applicant identifying information provided to and used by HireRight to prepare the Screening Report, as well any additional identifying information obtained by HireRight while preparing the Screening Report, matches the identifying information provided by the Applicant to Subscriber. Subscriber understands that: (i) erroneous or falsified Applicant identifying information may cause the Screening Report to be incomplete and/or inaccurate; and (ii) HireRight is not responsible for determining whether the identifying information submitted about the Applicant is erroneous or falsified.

3. HIRERIGHT OBLIGATIONS.

(a) Compliance with FCRA and Other Applicable Laws. HireRight shall comply with all Laws applicable to HireRight in its preparation and transmission of Screening Reports and other services provided pursuant to this Agreement.

(b) Service Performance; Service Revisions. Upon Subscriber's request, HireRight shall, in accordance with the terms of this Agreement, perform the services identified in the Schedule of Fees attached hereto as Attachment B, as may be amended by the parties from time to time ("Schedule of Fees"). Subscriber acknowledges that: (i) HireRight may fulfill its services under this Agreement through its affiliates, subsidiaries and subcontractors, provided, HireRight shall remain solely responsible for its obligations under this Agreement, and (ii) HireRight relies on the information furnished by Subscriber, Subscriber's Applicants, and third-party information suppliers ("Suppliers") when preparing Screening Reports. Subscriber acknowledges that HireRight may, from time to time, modify, enhance and/or discontinue specific

services. HireRight will use commercially reasonable efforts to provide notice to Client if a service will be discontinued or materially changed.

(c) Training and Account Implementation. The fees set forth in the Schedule of Fees include HireRight's standard account implementation services and HireRight's standard user-training as detailed in Attachment B. Subscriber acknowledges that reasonable additional service support fees may apply if Subscriber cancels scheduled training sessions without providing reasonable advance notice to HireRight or HireRight otherwise provides non-standard training to Subscriber.

(d) Data Privacy and Security. HireRight shall maintain commercially reasonable and appropriate technical, physical, administrative and other organizational precautions and security measures to protect Applicant data against HireRight's accidental or unlawful destruction and unauthorized disclosure or access. HireRight is not responsible for disclosure or compromise of such data due to Subscriber's acts or omissions, or otherwise resulting from use of Subscriber's passwords or accounts, due to no fault of HireRight.

(e) Record Retention. Subject to Section 13(c), during the Term of this Agreement, HireRight shall maintain Screening Report information for a minimum of five (5) years, unless otherwise required or prohibited by applicable Laws.

(f) Management Reports. HireRight shall provide Subscriber with HireRight's standard "Management Reports" functionality to enable Subscriber to generate available reports relating to Subscriber's account activity.

(g) Service Standards; Disclaimer of Warranty. HIRERIGHT'S SERVICES WILL BE PERFORMED IN A PROFESSIONAL MANNER IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT. HIRERIGHT WILL MAINTAIN AND FOLLOW REASONABLE PROCEDURES TO ASSURE THE MAXIMUM POSSIBLE ACCURACY OF THE INFORMATION CONTAINED IN EACH SCREENING REPORT, AND HIRERIGHT WILL RE-VERIFY ANY DISPUTED SCREENING REPORT INFORMATION IN ACCORDANCE WITH APPLICABLE LAWS (COLLECTIVELY, "HIRERIGHT COMPLIANCE OBLIGATIONS"). SUBSCRIBER ACKNOWLEDGES THAT HIRERIGHT IS NEITHER AN INSURER NOR GUARANTOR OF THE ACCURACY, RELIABILITY, VALIDITY, DEPTH OR COMPLETENESS OF THE INFORMATION PROVIDED BECAUSE SUCH INFORMATION IS SUBJECT TO HUMAN ERROR AND IS OBTAINED FROM PUBLIC RECORDS AND OTHER THIRD-PARTY SOURCES THAT ARE NOT UNDER THE CONTROL OF HIRERIGHT AND MAY NOT ALWAYS BE ACCURATE, CONSISTENT, VALID OR COMPLETE. EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, HIRERIGHT DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, ANY IMPLIED WARRANTY ARISING FROM THE COURSE OF DEALING, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND NONINTERRUPTION OF SYSTEM USE.

(h) Matching and Reporting Guidelines. Subscriber acknowledges that in performing its services under this Agreement HireRight follows certain internally developed and defined record matching and reporting guidelines designed for HireRight to meet its accuracy and compliance obligations (collectively, "Reporting Guidelines"). The Reporting Guidelines are subject to change from time to time in HireRight's sole discretion (subject to HireRight's compliance with applicable Laws). HireRight makes a summary of such Reporting Guidelines available to Subscriber from within Subscriber's password-protected HireRight account. The Reporting Guidelines constitute HireRight's Confidential Information and are made available to Subscriber only for its use in understanding HireRight's Reporting Guidelines. Any further distribution of the Reporting Guidelines by Subscriber is strictly prohibited.

(i) Professional Reference Services. If Subscriber engages HireRight to perform professional reference checks, HireRight's sole responsibility in fulfilling such services will be to: (i) accurately convey to the party providing the reference ("Reference Provider") the reference questions provided or selected by Subscriber; and (ii) accurately convey the Reference Provider's responses to Subscriber's reference questions, subject to adjustments HireRight determines in good faith are necessary or advisable to ensure HireRight's compliance with applicable Laws in conveying such responses. Subscriber shall indemnify, defend and hold HireRight harmless from and against any Claims (as defined below in Section 12) to the extent arising out of: (i) the content of reference questions that have been customized at Subscriber's request; or (ii) the content of a Reference Provider's responses accurately reported by HireRight as received from the Reference Provider.

4. OUTSOURCED PROVIDER. This Section 4 is only applicable if Subscriber uses Outsourced Provider services, as outlined below. If Subscriber uses an outsourced human resources provider ("Outsourced Provider") which, for purposes of this Agreement, shall be acting as an authorized agent of Subscriber in connection with Subscriber's permissible procurement and use of HireRight's Screening Reports and other services, Subscriber shall first identify to HireRight in writing the identity of the Outsourced Provider and shall require, by written agreement, its Outsourced Provider to comply with all terms of this Agreement applicable to Subscriber (including, without limitation, compliance with all Laws with respect to the procurement and use of Screening Reports; protection of the confidentiality of HireRight's Confidential Information; and prohibition against re-using, transferring (other than to Subscriber or its Applicant) and/or reselling Screening Reports). As between Subscriber and HireRight, Subscriber agrees that it shall be fully responsible for the actions or inactions of its Outsourced Provider and that any violation by its Outsourced Provider of applicable Laws or the terms of this Agreement shall be considered a violation of this Agreement by Subscriber. Subscriber authorizes HireRight to deal directly with the Outsourced Provider as Subscriber's authorized agent, and as between Subscriber and HireRight, Subscriber shall be responsible for ensuring that all necessary consents of Applicants have been obtained to permit HireRight to disclose the Applicants' Screening Reports to the Outsourced Provider. The Outsourced Provider shall perform its services onsite at Subscriber's place of business. If

the Outsourced Provider wishes to perform its services for Subscriber and/or access or retain Screening Reports at the Outsourced Provider's own business premises, Subscriber shall notify HireRight in advance, and HireRight shall have the right, at Subscriber's cost of $150, to perform for regulatory compliance purposes HireRight's standard company credentialing procedures with respect to Outsourced Provider, which may include a brief physical inspection of the Outsourced Provider's business premises. Subscriber shall obtain HireRight's advance consent (not to be unreasonably withheld) of any replacement of its Outsourced Provider. Subscriber acknowledges that, due to statutory and/or contractual obligations and restrictions, some HireRight services may not be available through an Outsourced Provider relationship and, of those that are available, some may require additional paperwork from Subscriber and/or Outsourced Provider.

5. **EXTENDED WORKFORCE SCREENING.** This Section 5 is only applicable if Subscriber uses HireRight's Extended Workforce Screening services, as outlined below. Upon execution by Subscriber's authorized third-party vendor(s) (each, a "Vendor") of HireRight's Extended Workforce Subscriber Agreement, HireRight shall furnish to Vendors, upon their request, Screening Reports with respect to the Vendor's own applicants or employees (each, a "Vendor Applicant") who are being evaluated to provide services on behalf of the Vendor to Subscriber. Subject to the Vendor's consent, and at Subscriber's request, HireRight will provide Subscriber with system access to the Vendor Applicant Screening Reports solely for purposes of auditing and, if applicable, adjudicating the results thereof to determine the Vendor Applicant's eligibility to perform contracted services for Subscriber. Subscriber shall not use the Vendor Applicant Screening Reports for any other purpose. Subscriber shall comply with all applicable Laws and the terms of this Agreement (including, without limitation, with respect to the access, retention, destruction and use of the Vendor Applicant Screening Reports). Subscriber and Vendor shall consult and facilitate with each other to provide proper Vendor Applicant disclosure and obtain proper Vendor Applicant consent and, as applicable, determine if and when an "adverse action(s)" (within the meaning of the FCRA or other applicable Laws) has occurred or will occur in relation to Vendor Applicant Screening Reports and, in such event, determine which party or parties (i.e., Subscriber and/or Vendor) shall provide the Vendor Applicant with appropriate pre-adverse action and adverse action notifications, as applicable and in accordance with applicable Laws. HireRight will configure the Vendor's screening packages in accordance with Subscriber's instructions provided to HireRight from time to time. Unless otherwise agreed by the parties in writing, HireRight's fees for the Vendor Applicant Screening Reports will correspond to Subscriber's fees set forth in this Agreement, and unless Subscriber has expressly agreed in writing to assume the fees for the Vendor Applicant Screening Reports, HireRight will bill the Vendor directly for such services and Subscriber shall not be responsible for such fees. Subscriber's continued system access privileges (if any) to the Vendor Applicant Screening Reports will cease upon expiration or earlier termination of this Agreement. Subscriber acknowledges that, due to statutory and/or contractual obligations and restrictions, some HireRight services may not be available through an Extended Workforce Screening relationship and, of those that are available, some may require additional paperwork from Subscriber and/or Vendor.

6. **I-9 & E-VERIFY VERIFICATION OBLIGATIONS AND SERVICES.** Subscriber acknowledges that HireRight's services do not alleviate Subscriber of its responsibility for performing in-person verification of its employees' identities, checking photo identification and completing, verifying and retaining the employees' Form I-9 and other documentation, each as and to the extent required by applicable Laws. In addition, if Subscriber obtains HireRight's I-9 and/or E-Verify employment eligibility services pursuant to this Agreement, Subscriber and HireRight agree to comply with the following obligations, as applicable based on the particular service(s) obtained by Subscriber:

(a) Subscriber I-9 Obligations. Subscriber shall identify and comply with all Laws applicable to Subscriber in connection with its use of I-9 services.

(b) HireRight I-9 Obligations. If Subscriber orders the HireRight I-9 Solution, HireRight will provide Subscriber an electronic Form I-9 that meets U.S. Citizenship and Immigration Services ("USCIS") regulations related to electronic Form I-9 management.

(c) Subscriber E-Verify Obligations. Subscriber acknowledges that it is Subscriber's responsibility to complete all E-Verify Checks in accordance with applicable Laws. Subscriber shall: (i) identify and comply with all Laws applicable to Subscriber in connection with its use of E-Verify Checks, (ii) provide HireRight with the information requested in the E-Verify Company Profile document provided by HireRight for purposes of obtaining a unique E-Verify Program ID number for Subscriber, (iii) enter into the E-Verify Memorandum of Understanding ("MOU") with the Department of Homeland Security ("DHS"), and (iv) comply with its obligations under the MOU, including, without limitation, restricting E-Verify Checks to only its employees hired after the effective date of the MOU. Employers acting as federal contractors shall restrict E-Verify Checks to all existing employees or only existing employees assigned to specific federal contracts covered by the Federal Acquisition Regulation ("FAR") rule. Employers that are already enrolled in E-Verify at the time of a federal contract award but are not enrolled in the system as a federal contractor with the FAR E-Verify Clause must notify HireRight and complete an updated E-Verify Company profile document within thirty (30) days after assignment to the federal contract.

(d) HireRight E-Verify Obligations. If Subscriber orders E-Verify Checks, HireRight shall enter into the MOU as Subscriber's E-Verify Employer Agent, and HireRight shall comply with its obligations under the MOU.

7. **MOTOR VEHICLE REPORTS; ALIAS/ADDRESS HISTORY SERVICES; DRUG AND HEALTH SERVICES; PROFESSIONAL SERVICES.**

(a) Motor Vehicle Reports. Subscriber acknowledges that motor vehicle reports ("MVRs") and related information are considered Screening Reports for purposes of this Agreement. If Subscriber requests MVRs or related information from HireRight under this Agreement, then Subscriber further represents and agrees that: (i) it is qualified to do business and validly holds all licenses required to operate Subscriber's business in all states where Subscriber conducts business and/or has employees; (ii) it will comply with all applicable Laws related to the procurement and use of MVRs, including, without limitation, the FCRA and the Driver's Privacy Protection Act, 18 U.S.C. §2721 et seq. ("DPPA"); (iii) it will not use the MVRs to build its own database; and (iv) it will, from time to time upon HireRight's request, execute paperwork required by applicable state Departments of Motor Vehicles and/or other data sources for Subscriber's access to MVRs.

(b) Alias/Address History Services. HireRight has obtained limited license rights to provide to its clients certain "nonpublic personal information" ("Alias/Address History Services") as defined in and regulated by the Gramm-Leach-Bliley Act (15 U.S.C. §6801, et seq.) and related state laws (collectively, "GLBA"). Alias/Address History Services include, but are not limited to, data regarding an Applicant's residential address history and "Alias" names that might have been used by the Applicant. Alias/Address History Services do not include consumer credit information or other types of information subject to the permissible purposes set forth in the FCRA. Even if Subscriber orders Alias/Address History Services, Subscriber acknowledges that it must separately and additionally order HireRight's AKA Search product if Subscriber wants HireRight to perform additional searches based on the Alias name information obtained with the Alias/Address History Services; otherwise, HireRight will search using only the Applicant's name as provided to HireRight by Subscriber or its Applicant, as applicable. If Subscriber obtains Alias/Address History Services from HireRight, Subscriber shall comply with the following requirements and restrictions (which are based on statutory and/or Supplier requirements): (i) Subscriber will not, directly or indirectly, sell, transfer, disclose the contents of or distribute Alias/Address History Services, in whole or in part, to any third-party (other than to the applicable Applicant), and Subscriber shall use the Alias/Address History Services solely as an end-user, for a single, one-time use with respect to an Applicant; (ii) Subscriber's sole purpose for requesting Alias/Address History Services will be to verify the accuracy and completeness of information provided to Subscriber by the Applicant in connection with the transaction pursuant to which the Applicant authorized Subscriber to obtain a report regarding the Applicant; (iii) Subscriber will limit its use of Alias/Address History Services to the foregoing stated purpose; (iv) Subscriber will take appropriate measures so as to protect against the misuse of the Alias/Address History Services; (v) Subscriber will not use any information obtained in connection with the Alias/Address History Services, in whole or in part, for the purpose of serving as a factor in determining the Applicant's eligibility for credit, insurance, employment or any other product, service or transaction not authorized in this paragraph; and (vi) Subscriber will not use the information provided in connection with the Alias/Address History Services for any purpose that would violate the Privacy Rule, 16 CFR Part 313, implemented pursuant to the GLBA, or any other provisions of the GLBA or other applicable law, rule, or regulation. For clarification, this Section 7(b) does not restrict Subscriber's right to use information in Screening Reports (other than Alias/Address History Services data) for determining an Applicant's employment eligibility in accordance with this Agreement.

(c) Drug and Health Services. In the event Subscriber wishes to obtain HireRight's Drug and Health Services pursuant to this Agreement, the Parties must first execute additional paperwork addressing relevant statutory and/or contractual obligations and restrictions.

(d) Professional Services. Unless otherwise expressly stated in Attachment B, HireRight's fees in the Schedule of Fees correspond to HireRight's standard technology, product and service offerings, and exclude any customized technology development, training, reporting, product features and service levels. Should Subscriber request (and HireRight agree to provide) such customization, the parties shall set forth the corresponding terms and fees in a mutually acceptable written statement of work, addendum or amendment.

8. AFFILIATE ORDERING RIGHTS. Upon HireRight receiving authorization from Subscriber in a form reasonably acceptable to HireRight, HireRight will permit an Affiliate of Subscriber to order HireRight's services under the same terms and conditions as this Agreement, provided that: (i) the Affiliate is neither an existing customer nor a competitor of HireRight, (ii) the Affiliate satisfies HireRight's standard account access credentialing requirements, and (iii) the Affiliate and/or Subscriber, as applicable, execute a mutually acceptable "join-on" agreement, "letter of authorization", or equivalent, that binds the Affiliate to the terms of this Agreement, and includes a compliance certification from Affiliate reasonably acceptable to HireRight. For purposes of this provision, "Affiliate" means any entity controlling, controlled by or under common control with Subscriber.

9. PAYMENT TERMS; FEES.

(a) Creditworthiness; Right to Assurance. Subscriber agrees that HireRight may determine Subscriber's creditworthiness through HireRight's review of available data and verification sources, and HireRight may establish Subscriber's payment terms under this Agreement based on such review. Upon HireRight's request, Subscriber shall provide to HireRight Subscriber's relevant financial information that HireRight determines is reasonably necessary for establishing Subscriber's payment terms. If, at any time, Subscriber fails to comply with the payment terms of this Agreement, if Subscriber experiences a material adverse change in its financial condition, if Subscriber presents an undue risk of non-payment in HireRight's reasonable opinion, or if HireRight has a good faith reason to believe Subscriber does not intend to, or is unable to perform its obligations in this Agreement, HireRight may at its option (and in addition to any other remedies available by Law or in this Agreement) exercise one or more of the following rights: (i) require a deposit or other form of payment security from Subscriber; (ii) adjust Subscriber's payment terms;

(iii) refuse to accept additional orders from Subscriber; and/or (iv) require adequate written assurance of Subscriber's intent and ability to perform its obligations.

(b) Payment Terms; Billing Disputes. HireRight shall invoice Subscriber on a monthly basis, and Subscriber shall pay all amounts due within thirty (30) days of receiving the invoice, subject to any payment term modifications made by HireRight pursuant to Sections 9(a) or 9(b) of this Agreement (in which case, HireRight will provide written notice to Subscriber). Subscriber shall promptly review each invoice and notify HireRight of any alleged errors or disputes on or before the due date of such invoice. Subscriber waives the right to dispute any charges or other invoice details not disputed within such timeframe. If all undisputed amounts due are not received by HireRight by the due date, HireRight may, in addition to its rights in Section 9(a) and upon ten (10) days advance written notice: (i) suspend Subscriber's account until such time as all delinquent payments are received, and/or (ii) charge Subscriber interest on the outstanding balance at a rate that is the lesser of: (a) 1½% per month, or (b) the highest rate permitted by applicable Laws. Subscriber shall reimburse HireRight for any attorneys' fees and reasonable costs incurred by HireRight in connection with efforts to collect amounts due from Subscriber under this Agreement.

(c) Fees; Taxes; Fee Revisions. Subscriber shall pay for all services provided pursuant to this Agreement at the rates set forth in the Schedule of Fees. HireRight's fees are exclusive of any sales taxes or value added taxes and other similar indirect taxes ("VAT") applicable to the services. If HireRight's services are or become subject to sales tax or VAT, then Subscriber shall be responsible for such taxes and, where applicable, Subscriber shall self-account for local VAT via a self-charging or reverse charge mechanism. If Subscriber requests and HireRight provides additional services not initially set forth in the Schedule of Fees, such added services will be hereby incorporated into this Agreement at HireRight's then-current rates unless otherwise mutually agreed in writing by the parties. Subscriber shall pay all pass-through fees, applicable taxes and charges made by information sources or Suppliers for release of information and records used in compiling Screening Reports. Such pass-through fees, taxes and charges are subject to change without prior notice. HireRight may reasonably revise the pricing rates in this Agreement upon providing thirty (30) days advance notice to Subscriber and such changes will become effective without requiring formal amendment to this Agreement. In addition, if at any time there are changes in Laws (including, without limitation, any ordinances or other regulatory, administrative or governmental acts or measures) that increase HireRight's cost of providing services under this Agreement or reasonably require additional related services to be provided by HireRight, or in HireRight's determination restrict its ability to reasonably continue to provide the services pursuant to the terms of this Agreement, HireRight may, upon providing written notice to Subscriber, and in addition to its rights under Section 3(b) of this Agreement, add a reasonable surcharge or pricing modification to cover the added costs of providing the affected service(s). Subscriber acknowledges that it will be responsible for charges resulting from its errors in inputting data, duplicate order entries, and order cancellations initiated after processing has commenced.

10. CONFIDENTIAL INFORMATION.

(a) Confidential Information Defined. Pursuant to this Agreement, each party ("Disclosing Party") may disclose or make available to the other party ("Receiving Party"), whether orally or in physical form, non-public confidential or proprietary information concerning the Disclosing Party and its business, products and/or services, including, without limitation, its software; systems and technology; product and service specifications, methodologies and strategies; financial condition/financial results; pricing; Screening Reports; invoices; and trade secrets and other intellectual property (collectively, "Confidential Information"). Confidential Information does not include information that: (i) was rightfully in the possession of the Receiving Party prior to disclosure by the Disclosing Party; (ii) was or is independently developed by the Receiving Party without use of the Confidential Information; (iii) is or becomes generally available to the public other than as a result of disclosure by the Receiving Party in violation of this Agreement; or (iv) becomes available to the Receiving Party on a non-confidential basis from a source other than the Disclosing Party and such source is not, to the best of the Receiving Party's knowledge, under any obligation to keep such information confidential.

(b) Duty of Confidentiality. The Receiving Party agrees: (i) to keep confidential and hold in strict confidence the Confidential Information; (ii) to take all commercially reasonable precautions to protect the confidentiality of the Confidential Information (which precautions shall be no less than those employed by the Receiving Party to preserve the confidentiality of its own confidential materials and information); (iii) that it will not, without the prior written consent of the Disclosing Party, or except in conjunction with a Required Disclosure, disclose any portion of the Confidential Information to any third-party; (iv) not to copy or reproduce the Confidential Information, except as reasonably required for the purposes contemplated in this Agreement (in which case Receiving Party shall ensure that any confidentiality or other proprietary rights notices on the Confidential Information are reproduced on all copies); (v) not to reverse engineer or disassemble any products, software, technology or tangible objects that utilize or contain such Confidential Information; and (vi) to return and/or destroy all Confidential Information of the Disclosing Party upon request.

(c) Required Disclosures. If the Receiving Party is requested in any judicial or administrative proceeding or by any governmental or regulatory authority (whether by depositions, interrogatories, requests for information or documents, subpoenas, civil investigative demands, or similar processes) or otherwise required by applicable Laws to disclose the Confidential Information (collectively, a "Required Disclosure"), the Receiving Party may make such disclosure, provided, to the extent legally permissible, it gives prompt written notice to the Disclosing Party of such Required Disclosure so that Disclosing Party may seek an appropriate protective order. HireRight will not: (i) be restricted from disclosing to Applicants their Screening Reports and file information, (ii) be restricted from disclosing Confidential

Information to the extent necessary to perform its obligations under this Agreement, or (iii) be required to destroy, erase or return any Screening Reports or related Applicant data in HireRight's files.

11. LIMITATION OF LIABILITY. To the fullest extent permitted by applicable Laws, each party's total liability to the other party pursuant to this Agreement ("Limitation of Liability") shall not exceed three (3) times the fees paid by Subscriber and collected by HireRight pursuant to this Agreement within the twelve (12) month period immediately preceding the event(s) giving rise to the claim. HireRight's liability shall be further limited to the extent that any Applicant conduct giving rise to the claim, and the damages sustained thereby, are reasonably of the same class as the Screening Report record(s) at issue (e.g., should HireRight fail to accurately report an Applicant's motor vehicle record containing a moving violation, and if the Applicant is subsequently terminated by Subscriber for poor performance in a non-driving capacity, such performance would not be conduct of the same class as the moving violation). With respect to HireRight's liability relating to any Applicant claim alleging inaccurate or incomplete Screening Report information, Subscriber shall, prior to having taken any action adverse to the Applicant based on the inaccurate or incomplete Screening Report information, have provided HireRight a reasonable opportunity to reinvestigate the disputed information in accordance with HireRight's FCRA-imposed reinvestigation obligations and deadlines, and Subscriber shall indemnify HireRight for failure to do so. IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY LOST REVENUE, LOST PROFITS, INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR PUNITIVE DAMAGES, REGARDLESS OF WHETHER SUCH LIABILITY IS BASED ON BREACH OF CONTRACT, TORT, STRICT LIABILITY, BREACH OF WARRANTY, OR OTHERWISE, AND EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE PARTIES ACKNOWLEDGE THAT THE FEES SET FORTH IN THIS AGREEMENT ARE BASED IN PART ON THE LIMITATIONS OF LIABILITY IN THIS Section 11. HireRight and Subscriber shall each use good faith reasonable efforts to mitigate any potential damages or other adverse consequences arising from or related to this Agreement.

12. INDEMNIFICATION. To the fullest extent permitted by applicable Laws, (i) each party ("Indemnifying Party") shall indemnify, defend and hold harmless the other party and its officers, directors, employees, affiliates, representatives, agents, contractors and Suppliers (collectively, "Indemnified Party") from and against any third-party claims, demands, suits, judgments, costs, expenses, losses and liabilities, including, without limitation, reasonable attorneys' fees (collectively, "Claims"), to the extent arising out of the Indemnifying Party's failure to comply with the FCRA or other applicable Laws; (ii) HireRight shall indemnify, defend and hold harmless Subscriber and its officers, directors, employees, affiliates, representatives, agents, and contractors for any Claims arising out of HireRight's failure to comply with the HireRight Compliance Obligations defined in Section 3(g) of this Agreement; and (iii) Subscriber shall indemnify, defend and hold harmless HireRight and its officers, directors, employees, affiliates, representatives, agents, contractors and Suppliers for any Claims arising out of the Subscriber Compliance Obligations defined in Section 2(g) of this Agreement. Each party's total aggregate liability under this Section 12 shall not exceed the Limitation of Liability applicable to such party as set forth in Section 11.

Procedure. An Indemnified Party seeking indemnification pursuant to this Agreement shall provide the Indemnifying Party with prompt written notice of a Claim and shall cooperate with the Indemnifying Party in good faith and in all reasonable respects in connection with the defense of any such action at the expense of the Indemnifying Party. The Indemnified Party may, at its option, participate in the defense of any such Claim, with its separate counsel and at its own cost, and the Indemnifying Party agrees to cooperate in good faith and in all reasonable respects with such counsel; provided, however, that the Indemnifying Party shall have sole control of the defense and any settlement of such Claim or action, and the Indemnified Party shall not compromise or settle any such Claim without the prior written consent of the Indemnifying Party. The Indemnifying Party shall not without the consent of the Indemnified Party (such consent not to be unreasonably withheld, conditioned or delayed), enter into any settlement that requires a finding or admission of fault of the Indemnified Party, or reasonably can be expected to require a material affirmative obligation of, result in any ongoing material liability to, or otherwise prejudice the Indemnified Party.

13. TERM; TERMINATION; ACCOUNT DEACTIVATION.

(a) Term. The term of this Agreement ("Term") commences on the Effective Date and, unless otherwise terminated pursuant to the terms of this Agreement, will continue in force for an initial period of three (3) years, and thereafter will automatically renew for successive periods of one (1) year each. If services are provided following termination or expiration of this Agreement, all terms and conditions of this Agreement shall apply to such services.

(b) Termination; Suspension. Either party may terminate this Agreement at any time: (i) for convenience, upon delivery of sixty (60) days advance written notice to the other party, or (ii) for cause, in accordance with this Section 13(b). A party may terminate this Agreement upon delivery of written notice to the other party if the non-terminating party: (i) defaults in the performance of its material obligations in this Agreement and fails to substantially cure such default within thirty (30) days after receipt of a written notice of breach, or (ii) becomes the subject of any proceeding commenced under the United States Bankruptcy Code, or executes an assignment for the benefit of creditors or files for relief under any applicable reorganization, moratorium or similar debtor relief Laws. Additionally, HireRight may suspend performance under this Agreement without penalty upon written notice to Subscriber if: (i) Subscriber's breach of this Agreement is reasonably determined by HireRight to be a violation of Law or to present a risk of non-compliance by HireRight with applicable legal or contractual obligations, (ii) required by a Supplier, (iii) Subscriber fails to timely pay amounts due under this Agreement, or (iv) HireRight reasonably suspects or identifies any misuse of or unauthorized access to its system and/or the services or Subscriber's account.

(c) Access to Screening Reports. Following the expiration or termination of this Agreement, HireRight will provide Subscriber with a reasonable time frame to: (i) download for its records copies of its Applicant Screening Reports, and/or (ii) obtain from HireRight, at HireRight's then-current fee, a CD or similar format containing copies of Subscriber's Applicant Screening Reports. Thereafter, HireRight shall have no further duty to maintain copies of Applicant Screening Reports for access by Subscriber.

(d) Account Deactivation. Subscriber acknowledges that if Subscriber is determined at any time not to meet HireRight's standard client credentialing requirements and as a result Subscriber's account is not activated, or is subsequently deactivated, then any prior charges incurred related to Subscriber's account, whether for account set-up registration or for pending or completed orders, shall be promptly paid to HireRight by Subscriber. HireRight may suspend or deactivate Subscriber's account(s) in the event Subscriber does not place any orders under its account(s) for an extended period of time, as determined in accordance with HireRight's standard account policies.

(e) Survival. All provisions of this Agreement that by their nature are reasonably intended to have effect after termination or expiration of this Agreement (including, without limitation, compliance, audit rights, privacy, data protection, confidentiality, dispute resolution, indemnity and limitation of liability) shall survive such termination or expiration. Notwithstanding any termination, expiration or cancellation of this Agreement, Subscriber shall remain responsible for all charges incurred by Subscriber and for all of Subscriber's compliance obligations pursuant to this Agreement.

14. NOTICES. Any notices regarding this Agreement: (i) must be in writing, (ii) must be delivered (a) in person, (b) by certified mail, return receipt requested, postage pre-paid, or (c) by a nationally recognized overnight delivery service; (iii) must be delivered to the applicable party at the address set forth below in this Section 14, or such other address as a party may designate by notice in accordance with this Section 14; and (iv) will be deemed given on the date of delivery.

Notices to HireRight:	**Notices to Subscriber*:**
HireRight, LLC. 3349 Michelson Dr., Suite 150 Irvine, CA 92612 Attn: Legal Department	[Company Name] [Address] [Address] [City, State, Zip] [Attn:]

**If Subscriber's contact information is not completed here, notices to Subscriber will be provided to the address provided by Subscriber to HireRight during the account set-up process.*

15. LEGAL SUPPORT SERVICES. Except in relation to HireRight's express indemnity obligations set forth in this Agreement, if any, if HireRight (including any of its affiliates and subsidiaries) assists Subscriber or is otherwise required to participate in preparation for, defense of, or responding to any legal or regulatory proceedings involving or relating to Subscriber, including, without limitation, subpoenas, depositions, hearings and trials (collectively, "Legal Support Services"), Subscriber shall reimburse HireRight for all costs and expenses HireRight reasonably incurs in connection therewith, including, without limitation, reasonable attorneys' fees and disbursements. HireRight will use reasonable efforts to provide Subscriber advance notice prior to HireRight participating in any Legal Support Services or otherwise incurring costs and expenses that are subject to reimbursement by Subscriber pursuant to this Section 15. Except to the extent required by applicable Law, HireRight is under no obligation to provide Legal Support Services to Subscriber and will evaluate such matters on a case by case basis.

16. MISCELLANEOUS.

(a) Entire Agreement; No Third-Party Beneficiaries. This Agreement (including, without limitation, Subscriber's HireRight application paperwork and all attachments hereto, which are hereby incorporated by reference and included in the definition of "Agreement") sets forth the final and complete agreement between the parties with respect to the subject matter hereof, supersedes any prior or contemporaneous written or verbal discussions, and except as otherwise expressly set forth in this Agreement is not intended to confer any rights, remedies or claims to any third-party.

(b) Amendment. Except as otherwise set forth in this Agreement, this Agreement may be modified only by a writing executed by an authorized representative of both parties. This Agreement may not be modified by any purchase order or similar order forms received from Subscriber, even if HireRight has accepted or acknowledged receipt of such forms.

(c) Waiver. The failure of a party to enforce its rights in this Agreement shall not be construed as a waiver of such rights.

(d) Severability. If any provision of this Agreement, in whole or in part, is determined to be illegal, unenforceable or invalid, such provision shall be deleted from this Agreement and shall not affect the legality, enforceability or validity of the remainder of this Agreement.

(e) Interpretation. This Agreement shall be considered drafted mutually by the parties.

(f) Assignment. Neither party shall assign this Agreement without the prior written consent of the other party; provided, however, that HireRight shall have the right to assign this Agreement in connection with a merger, acquisition,

corporate reorganization, public stock offering, or sale of all or substantially all of its assets. The foregoing limitation on Subscriber's ability to assign this Agreement is due, in part, to HireRight's regulatory obligations and related customer credentialing procedures and requirements. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties' respective successors and permitted assigns, if any.

(g) Remedies Cumulative. Subject to the Limitation of Liability in Section 11, all remedies available to either party related to this Agreement are cumulative and may be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

(h) Force Majeure. The obligations of either party to perform under this Agreement (other than payment obligations) shall be excused during a reasonable period of delay caused by matters beyond such party's reasonable control, including, without limitation: changes in Laws; closure or unavailability of universities, courthouse or other data sources; power or internet service failure; third-party system or service integration failure; war; and earthquake, fire, flood or other natural disaster.

(i) Governing Law; Venue; Dispute Resolution. This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to the principles of conflicts of laws. In the event of any dispute between the parties related to this Agreement, if the parties are unable to resolve the dispute after holding good faith and confidential discussions, then the dispute shall be submitted to, and determined exclusively by, binding arbitration conducted in Orange County, California, pursuant to the rules and procedures of Judicial Arbitration and Mediation Services (JAMS). The parties agree that the arbitration proceedings, communications and any resulting decisions/awards shall be treated as confidential unless otherwise required by applicable Laws. Notwithstanding the foregoing, each party shall be entitled to seek immediate injunctive relief to protect its Confidential Information.

(j) Relationship of the Parties. The parties will perform their obligations in this Agreement as independent contractors. Nothing contained in this Agreement shall be deemed to create any association, partnership, joint venture, or relationship of principal and agent between the parties.

(k) Title. Subscriber acknowledges that all title, ownership and intellectual property rights in the HireRight system, products and services, including, without limitation, all work performed under any statement of work by HireRight in the performance of its services, and all documentation relating thereto, shall remain the property of HireRight and/or its licensors or Suppliers, as applicable. Subscriber further acknowledges that HireRight is an aggregator of third-party data and information and that all content contained in Screening Reports is the property of the applicable content owner and may be protected by applicable contract, copyright and related Laws. Subject to applicable Laws and the terms of this Agreement, Subscriber will retain the perpetual right to maintain its copies of Screening Reports.

(l) Counterparts; Validity of Facsimile and Scanned Signatures. This Agreement may be executed by electronic or hard-copy signature and in any number of counterparts, each of which shall be deemed to be one and the same instrument. The exchange of executed copies of this Agreement by facsimile, scanner/email or other electronic transmission will constitute effective execution and delivery of this Agreement for all purposes. Signatures of the parties transmitted by such methods will be treated in all respects as having the same effect as an original signature.

(m) Signature Authority. Each party represents that this Agreement has been executed on its behalf by a representative authorized to bind such party with respect to the undertakings and obligations contained in this Agreement.

Attachment A
Subscriber Compliance Certification; Information Access & Security Requirements

1. Subscriber Compliance Certification

Subscriber certifies to HireRight as follows with respect to each FCRA-regulated Screening Report Subscriber orders and/or receives:

1. Permissible Purpose. Subscriber shall procure and use Screening Reports only for the legally permissible employment purposes set forth in this Agreement.
2. Applicant Disclosure and Consent. Subscriber shall ensure that prior to its procurement of a Screening Report for *employment purposes*: (i) Subscriber has made a clear and conspicuous disclosure in writing to the Applicant, in a document that consists solely of the disclosure, that a consumer report may be obtained for employment purposes (and for California Applicants, the disclosure shall also include the name, address and telephone number of HireRight, the nature and scope of the investigation requested, a summary of the provisions of Ca. Civil Code §1786.22, and otherwise comply with Ca. Civil Code §1786.16); and (ii) the Applicant has authorized in writing the procurement of the Screening Report by Subscriber (and for CA, OK and MN Applicants, Subscriber shall provide the Applicant, by means of a check box, an option by which the Applicant may indicate on their written consent form that the Applicant wishes to receive a copy of any Screening Report that is prepared).
3. Pre-Adverse Action Disclosures. In using a Screening Report for *employment purposes*, before taking any adverse action based in whole or in part on the Screening Report, Subscriber shall provide to the Applicant to whom the Screening Report relates: (i) a copy of the Screening Report; and (ii) a description in writing of the rights of the Applicant under the FCRA, as prescribed under FCRA §609 ("Summary of Consumer Rights", a copy of which is currently available at: www.hireright.com/PDFs/FTCConsumerRights.pdf), and any other notices required by applicable Laws.
4. Adverse Action Disclosures. After providing the Applicant with the pre-adverse action disclosure described in paragraph 3 above (to the extent applicable), and after Subscriber has given the Applicant a reasonable period of time and opportunity to dispute the accuracy or completeness of the information contained in their Screening Report, Subscriber will, if intending to take adverse action with respect to the Applicant based in whole or in part on information contained in the Screening Report, send the Applicant a follow-up notification that the Subscriber is taking adverse action (e.g., denying employment or promotion) based in whole or in part on the information contained in the Screening Report. Such notification must meet all applicable requirements set forth in FCRA §615 and any other notices required by applicable Laws.
5. Equal Employment Opportunity Law Compliance. The information from the Screening Report will not be used in violation of any applicable federal or state equal employment opportunity law or regulation.
6. Investigative Consumer Reports. For each Investigative Consumer Report, as defined by the FCRA (e.g., professional reference check), that Subscriber procures from HireRight, Subscriber has complied with its obligations under FCRA §606(a) and (b), including, without limitation, the following:
   i) clearly and accurately disclosing to the Applicant that an Investigative Consumer Report including information as to the Applicant's character, general reputation, personal characteristics, and mode of living, whichever are applicable, may be made, and such disclosure:
      (1) is made in writing mailed, or otherwise delivered, to the Applicant not later than three days after the date on which the report was first requested; and
      (2) includes a statement informing the Applicant of his right to request the additional disclosures provided for under FCRA §606(b) as set forth in 6(b) below, and a written Summary of Consumer Rights; and
   ii) upon written request made by the Applicant within a reasonable period of time after the Applicant's receipt of the required disclosure referenced in paragraph 6(a) above, Subscriber will make a complete and accurate disclosure of the nature and scope of the investigation requested. The disclosure will be made in a writing mailed, or otherwise delivered, to the Applicant not later than five days after the date on which the request for such disclosure was received from the Applicant or such report was first requested, whichever is the later.

Attachment A
Subscriber Compliance Certification; Information Access & Security Requirements

2. Information Access & Security Requirements

1. Subscriber shall protect its HireRight account identification number(s) and password(s) ("Account IDs") so that only key Subscriber personnel with an authorized need-to-know this sensitive information are given the ability to order and access Screening Reports. Subscriber shall not post or otherwise publicly display its Account IDs. If a person who knows the Account IDs leaves Subscriber's company or no longer needs to have access due to a change in duties, Subscriber shall immediately change such Account IDs.
2. Subscriber shall place all terminal devices or systems used to obtain Screening Reports in a secure location within Subscriber's facility so that unauthorized persons cannot easily access them. After normal business hours or when left unattended, Subscriber shall turn off and/or lock all such devices or systems used to order and/or access Screening Reports.
3. Subscriber shall secure hard copies and electronic files of Screening Reports within Subscriber's facility so that only authorized personnel can access them.
4. Subscriber shall shred or otherwise permanently destroy all *hard copy* Screening Reports when no longer needed and when applicable Laws or regulation(s) permit destruction, to prevent the unauthorized access to and/or use of applicant/employee data and/or any other personally identifiable information of applicants/employees.
5. Subscriber shall erase and overwrite or scramble *electronic files* containing Screening Reports and Applicant information when no longer needed and when applicable Laws or regulation(s) permit destruction, to prevent the unauthorized access to and/or use of applicant/employee data and/or any other personally identifiable information of applicants/employees.
6. Subscriber shall make all appropriate Subscriber personnel aware that Subscriber and its authorized personnel are allowed to order and use Screening Reports only for the permissible purpose(s) set forth in the Agreement, and that Subscriber personnel shall not order or access their own reports nor order or access the report of a family member or friend unless it is approved for the permissible purposes authorized in, and conducted in accordance with this Agreement.
7. If Subscriber obtains from HireRight Alias/Address History Services or Screening Reports containing consumer credit information, Subscriber shall, in addition to its other obligations in this Agreement, comply with the "Access Security Requirements" available for viewing at www.hireright.com/service-agreement.aspx and hereby incorporated by reference into this Agreement. Subscriber acknowledges that the Access Security Requirements are mandated by HireRight Supplier(s) and may be updated from time to time. By executing this Agreement, Subscriber represents to HireRight that Subscriber has reviewed and will comply with the Access Security Requirements to the extent applicable to the products and services Subscriber obtains from HireRight.

Attachment B

Training Services

HireRight can provide customers with the following Standard learning services

STANDARD LEARNING SERVICES & MATERIALS

Service & Description	**Cost**
New User Live Training Sessions HireRight conducts an online training session hosted by a dedicated HireRight Training Specialist, experienced with HireRight's more complex system settings and services. These Customer-tailored sessions are scheduled directly with the customer as part of their implementation through a HireRight Professional Services Project Manager. Each session may run up to 90 minutes. Attendance is managed through scoping the customer's training needs and requirements. Customized requests beyond this description must be scoped and quoted in accordance with the Fee-Based Schedule Addendum.	1- These sessions focus on the customer's specific use of HireRight for ordering HireRight services. Training includes tailored presentation materials and/or demo of the system. 2- The number of sessions is determined through your contract and scoped with HireRight Learning Services. Up to five no-fee sessions may be included. 3- Recording(s) of live session(s) is/are available, providing an on-going, self-service training option for users. (NOTE: Additional training beyond 5 sessions is fee-based at $250 per hour.)
Live Open Enrollment Training Sessions HireRight conducts regularly-scheduled online training sessions hosted by a HireRight Training Specialist. Open to all HireRight customers, these sessions may run up to 90 minutes. Users self-register to attend the session of their choice. These standard, live sessions are ideal for training new users, attrition training, or as a refresher course for existing users.	No charge for attendance
"On-Demand" Training - HireRight offers a number of on-demand, pre-recorded sessions, available 24/7. For a list of available courses, or to request access, send an e-mail to customertraining@hireright.com.	1- Includes a presentation and/or demo of the system. 2- Recorded sessions are available, providing a self-service training option for those who cannot attend a scheduled session.
HireRight University HireRight University is a self-service learning center for customers, available 24/7 from within the customer's HireRight account. It is accessible externally for integration-only customers.	1- Short, interactive training modules 2- Video demos 3- Recorded sessions
Self-Service Training Resources HireRight's standard training materials include self-service Job Aids, videos, and Quick Reference Guides. These resources are available 24/7 from within the customer's HireRight account.	1- Job Aids 2- Video demos 3- Quick Reference Guides

CUSTOM LEARNING SERVICES & MATERIALS AVAILABLE

Please contact HireRight to have an enhanced training project scoped and quoted.

ONLINE CONSENT FORM AND REPORT DELIVERY (PLEASE REFER TO A LA CARTE PRICE FOR ANCILLARY SERVICES)

☒ **Online Consent – e-Signature with report delivery -**Consent form is online and applicant's signature is electronically captured by the HireRight system for orders placed through Applicant Password feature and report is delivered if requested.

☐ **Not Interested -** Subscriber elects to manage consent forms outside of the HireRight solution.

☒ **E-mail Report Delivery -** HireRight will e-mail completed report to applicants in CA/OK/MN who check the box on the consent form to request a report copy.

SECURE ACCOUNT SET-UP (REQUIRED)

PHYSICAL ONSITE CREDENTIALING CHARGE

$150.00
One-time fee

As a regulated consumer reporting agency compliance requirement, as an industry best practice, and for the additional protection and security of our partner's and partner's clients' (each a subscriber) personal data and the personal data of all HireRight subscribers, HireRight shall perform a physical onsite inspection of each subscriber's business premises and perform other such due diligence to credential subscriber. Please note that the onsite inspection must be scheduled an estimated 3-5 business days in advance of anticipated account activation.

HIRERIGHT NOTES

HireRight Notes: Note 1: Prices shown are discounted to reflect cash payment in accordance with the agreed upon payment terms.
Note 2: Alternative forms of payment such as credit cards are subject to different price schedules. Note 3: HireRight's pricing is established based on specific volume levels. As volume levels change significantly, HireRight reserves the right to readdress pricing accordingly.

HIRERIGHT FOOTNOTES: BACKGROUND SCREENING

a) Fees levied by Federal, State, County and other governmental agencies for searches undertaken will be passed through to Subscriber in addition to the fees charged by HireRight. Such fees include case copies associated with records found, administrative fees, and/or third-party fees. Additional criminal searches including counties added by Subscriber outside of those found by the social trace, including aliases and maiden names will be billed at a la carte rates.

b) Fees levied by educational institutions and/or employers and those who have retained third party vendors to respond to requests for verifications of education and employment will be passed through to Subscriber in addition to the fees charged by HireRight.

c) Fees levied by certain states for motor vehicle records will be passed through to Subscriber in addition to the fees charged by HireRight. Pennsylvania & New Hampshire charge additional fees for overnight shipping of requests and results. These states do not accept requests via phone email or fax, such that HireRight must submit requests in writing. HireRight will consolidate all shipments to decrease surcharge costs when possible.

** A $0.42 network fee will be passed through to client per MVR.

d) See "HireRight Footnotes: Drug Screening" section below.

e) If any element of the search in any package involves more than one country, the additional country/countries will be charged in accordance with International Schedule of Fees and the components of the package will be charged at an a la carte rate and replace the package price. International search pricing is based on current vendor availability and cost and is subject to change without notice.

f) Fees levied for any other products including but not limited to worker compensation, sex offender, or credit searches will be passed through to Subscriber in addition to the fees charged by HireRight.

g) All records generated by this product are "possible records" and are not confirmed to be the records of the applicable applicant. To ensure that records returned by this database are accurate, current and complete, in accordance with the FCRA, Subscriber must verify each record at the applicable source courthouse. Accordingly, for all possible records generated by this product, HireRight automatically will perform follow-up records searches at the applicable source courthouse(s), and all such follow-up searches will be billed to Subscriber at the applicable a la carte rate.

h) DAC Employment History File Associated Fees: Transportation Employment History (billed per employer) and Driving School Record (billed per employer). Please refer to a la carte price list for line item pricing. As noted in the DEHF Addendum, DAC Employment History File users agree to furnish employment history records on each of their terminated drivers. Client will receive a contribution credit of $2.40 per driver for the contribution of a termination record. Client will

receive an additional credit of $0.20 per driver for the contribution of a drug/alcohol history record accompanied with a termination record.

HireRight Footnotes: Drug Screening

Drug test collection fees, breath alcohol testing fees and physical examination fees performed at clinics that have not been pre-established specifically for the subscriber will be added to the base fee and passed through to subscriber. Additional charges will be incurred for the following services:

• Using Out of Network Collection Facilities (not pre-established)	$35.00 Per test
• Using One-to-One Setups (Collection Site Referrals)	$35.00 Per referral

Services listed below are available and will be billed at the rates specified upon request:

• 24/7/365 Day a Year Coordination/Emergency Services (including coordination of international collections) – Test Coordination service pricing covers coordination costs only and does not include drug test collection, breath alcohol testing fees and/or related expenses.	$100.00 Normal business hours $250.00 After business hours, weekends, and holidays
• Split Sample Retest Fee	$250.00
• Face to Face Evaluations (Shy Lung/Shy Bladder/ Opiate Abuse/Dependence evaluations)	$100.00
• Medical Consulting	$395.00 per hour
• MIS Consulting	$225.00 per hour
• Program Consulting/Subscriber Audit Support	$395.00 per hour
• Telephonic Expert Testimony	$395.00 per hour
• Onsite Expert Testimony	$395.00 per hour plus travel, meals, lodging and expenses
• MRO Litigation Hearing Package	$90.00 per package
• Laboratory Litigation Hearing Package	$300.00 per package
• Copy of Lab Report	$10.00
• SAP Referral	$50.00

Expenses and fees for services not listed in this Schedule of Fees will be billed at HireRight's usual and customary rates, unless otherwise agreed in writing between HireRight and Subscriber. Subscriber will reimburse HireRight reasonable administrative, copying and shipping charges for special requests for records, results, product shipment or other information.

In Network Fee: The "In Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at In Network collection facilities (LabCorp or Quest owned Patient Service Centers or other laboratory-owned and managed collection facilities authorized for Subscriber's use, but excluding laboratory preferred third party network collection sites).

Preferred Clinic Network Fee: The "Preferred Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at Preferred Clinic Network facilities pre-established and authorized for Subscriber's program.

Extended Clinic Network Fee: The "Extended Clinic Network" drug testing service fee includes the cost of specimen testing, MRO fees, and collections performed at Extended Clinic Network facilities pre-established and authorized for Subscriber's program.

Out of Network Fee: The "Out of Network" fee is an additional charge that will be added for using collection facilities that are Out of Network (i.e., not pre-established and authorized for Subscriber's program).

DHS Cost Plus Fee: The DHS Cost Plus Fee for drug testing services only includes the Cost of specimen testing, MRO fees, and specimen collections performed at In-Network collection facilities (LabCorp or Quest owned Patient Service Centers or laboratory-owned and managed collection facilities authorized for Subscriber's use, but excluding laboratory preferred third party network collection sites). Other drug testing specimen collection, breath alcohol testing, and physical examination fees for services rendered at Preferred or Extended Clinic Network or laboratory preferred third party network collection sites, which have been pre-established and authorized for Subscriber's program by HireRight, will be passed through to Subscriber at the DHS Cost Plus Fee plus the cost for these services provided at these Preferred or Extended Clinic Network facilities pre-established and authorized for Subscriber's program.

RADAR Instant Testing - In the event that POCT testing clinic is not available, we will coordinate testing through our standard In-Network eCOC process, which is lab based, and the In-Network Non-DOT Urine Drug Test will be billed at the POCT rate.

* Price for services performed at LabCorp or Quest PSC. Any collection outside of a LabCorp or Quest PSC will incur an additional fee.

† Non-negative results include: positive, adulterated, negative dilute, positive dilute, substituted and invalid result.

Counselors:
Please review the attached agreement as to form. Although it appears that the vendor will take our PO as well without expecting an executed agreement, it would be best to have this vendor on board the rest of the fiscal year [in an amount not to exceed $50K]. I want to place on next HCCC agenda
Thanks,
Marty S.

Good Morning, Sandra

Attached you will find 3 vendors I have contacted for the vetting services Mr. Valde Guerra needed as soon as possible. Ms. Marty asked that I forward all the information to you so that you can continue to work on it.

I contract 3 vendors, but only one responded (HireRight), Please contact Eddy Crussell at HireRight eddy.crussell@hireright.com to get all the necessary documents so that you can place it thru CC.

I have included the commodity code as well.

Respectfully,

Elena Gomez, Procurement Process Coordinator

Subject: HireRight Quote For Services

Hi Elena,

It was great to meet you on the phone just now. We would welcome the opportunity to serve you. Attached please find the quote for services I mentioned on the phone. This quote would be to set up one of our Professional accounts. The Professional account would be the perfect account for you. There is a one-time set up/credentialing fee of $150.00 after that you only pay for what you use each month. If you don't use it you don't owe anything. There are no monthly charges or annual charges on this account. We invoices you at the end of each month if you've had activity during the month. I've built three packages on this account for you; two criminal search packages and the one professional license verification search product you called in about. By the way that product only cost $7.00! In addition to the three packages I've created a very robust ala carte catalog that will sit on your account for you to use at any time you wish.

Getting started is super easy. Just let me know you want to start and I will send you out an electronic sign up invitation via email. Once you fill this out you can actually start placing orders today but you won't be able to view the results until your account is fully credentialed. I've attached a sheet that speaks towards the credentialing. Within about a day somebody for our third party inspection company, TrendSource will reach out to you to schedule the on-site inspection at a time that is convenient to you. Usually your account will be fully active about two days after the on-site is complete. And if you have placed your orders when you first signed up your orders should be complete as well.

Please let me know if you have any questions or concerns.

Thanks so much,

Ed

P.S. If you want to get a feel of what this account would look like simply click on the link below my email signature these are a couple of short videos that will give you a good idea of the account.

THE STATE OF TEXAS §
§
COUNTY OF HIDALGO §

LEASE

C-12-276-10-30

THIS LEASE is made and entered into by and between **Jack McClelland,** referred to in this Lease as Lessor, and **THE COUNTY OF HIDALGO**, referred to in this Lease as Lessee.

In consideration of the mutual covenants and agreements set forth in this Lease, and other good and valuable consideration, Lessor demises and leases to Lessee, and Lessee leases from Lessor that certain real property described on Exhibit "A " attached hereto. The premises leased hereunder are referred to in this Lease as "the Premises" or "the Leased Premises." Lessee has agreed with specifications and a copy of such Specifications is attached hereto as Exhibit "B".

ARTICLE 1. TERM

Term of Lease

1.1 Except as otherwise herein provided, the term of this Lease shall commence effective **November 19, 2012,** or upon occupancy, whichever occur first, for a **period of three (3) years**, unless sooner terminated or unless renewed and extended in accordance with Paragraph 1.2, hereof. If the Premises are sold to an unrelated third party (not affiliated by common ownership with Lessor) at a time when more than six (6) months remains on the unexpired portion of the term of this Lease, then the unexpired portion of this Lease may, at Lessee's option, be shortened to six (6)

Termination

1.4 Lessee may declare this Lease, and all rights and interest created by it, to be terminated without cause upon giving the Lessor sixty (60) days written notice. Upon Lessee's electing to terminate, this Lease shall cease and come to an end as if the day of the termination party's election were the day originally fixed in the Lease for its expiration.

Lessor's Warranty of Quiet Enjoyment

1.5. Lessor covenants and agrees that Lessee on paying the rent and other charges herein provided for and observing and keeping the covenants, conditions, and terms of this Lease on Lessee's part to be kept or performed, shall lawfully and quietly hold, occupy, and enjoy the Leased Premises during the term of this Lease without hindrance or molestation by Lessor or any person claiming under Lessor except such portion of the Leased Premises, if any, as shall be taken under the power of eminent domain.

ARTICLE 2. RENT

Base Rent

2.1 Lessee agrees to pay to Lessor, during the term hereof, a monthly rental equal to Four Thousand Five Hundred Dollars ($4,500.00) per month. In the event the Commencement Date is a day other than the first day of the month, the rent for the period from the commencement date to the last day of the month shall be prorated by dividing the monthly rental by thirty (30) days, and multiplying the result by the number of days remaining in the month that includes the Commencement Date.

Lessor:
Jack McClelland, Owner
2614 West Freddy Gonzalez
Edinburg, Texas 78539

Lessee:
County of Hidalgo
Attn: County Judge
1615 S. Closner, Suite J
Edinburg, Texas 78539

Either party may change the address to which notices are to be sent it by giving the other party written notice of the new address in the manner provided in this section.

Parties Bound

14.2 This Lease Agreement shall be binding upon, and inure to the benefit of, the parties to the Lease and their respective heirs, executors, administrators, legal representatives, successors and assigns when permitted by this Lease Agreement.

Texas Law to Apply

14.3 This Lease Agreement shall be construed under, and in accordance with, the laws of the State of Texas, and all obligations of the parties created by this Lease are performable in Hidalgo County, Texas.

Legal Construction

14.4 In case any one or more of the provisions contained in this Lease Agreement shall for any reason be held by a court of competent jurisdiction to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions of the Lease Agreement, and this Lease Agreement shall be construed as if the invalid, illegal, or unenforceable provision had never been included in the Lease Agreement.

Prior Agreements Superseded

14.5 This Lease Agreement constitutes the sole and only agreement of the parties and supersedes any prior understandings or written or oral agreements between

THE UNDERSIGNED Lessor and Lessee execute this Lease Agreement on the day of _____, 2012.

AMENDMENT TO SERVICE CONTRACT
(E-15-201-05-19)

This First **AMENDMENT** to Service Contract for **"Off Premises Record Storage-Pick-up Retrieval-Delivery" (on an as needed basis)** is made this **16th** day of **February, 2016 by and between Hidalgo County Texas ("County") and CTC Distributing, LTD. ("Company").**

WHEREAS, Company and County entered into a Contract dated May 19, 2015, in which Company agreed to provide certain services for the purpose of **"Off Premises Record Storage Pick-up Retrieval-Delivery" (on an as needed basis)** for the **Hidalgo County – County Wide use** (the "Contract");

WHEREAS, the specifications as advertised on the prior bid for the Contract contained #36 which provided for County Wide use from all funding services;

WHEREAS, the County desires to add County's Human Resources Department to the Contract;

NOW THEREFORE, for and in consideration of the terms and provisions set forth herein, for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, County and Company hereby agree to the following amendment to the Contract:

1. The first Whereas clause is deleted in its entirety and the following inserted in lieu thereof;

WHEREAS, Company responded to advertised notices for bids for **"Off Premises Storage, Records Management, Pick Up & Delivery Services for Hidalgo County –** (the "Services"); and

2. Exhibit B-1- Pricing List to be added to the Contract as attached hereto and reflected as set forth below:

EXHIBIT B-1 –PRICING LIST

3. Except as modified herein, all terms and conditions of the Contract, as amended, remain in full force and effect and Company and County ratify and confirm the terms and provisions of the Contract as amended.

EXECUTED IN DUPLICATE ORIGINALS and effective as of the day and year first written above.

Re: Renewal/Extension - **C-14-050-07-22-"Off Premises Record Storage-Pick-up Retrieval-Delivery"**

Dear Mr. Madden,

Hidalgo County Purchasing Department will be requesting Commissioner's Court to consider the County's sole option to exercise the extension/renewal for the **(First 1st Year)** of the additional **Two (2) One (1) Year** periods as provided in the current contract (under the same rates terms and conditions). Please acknowledge receipt of this notice for placement on the next Commissioners' Court agenda/meeting of **May 19, 2015** for discussion, consideration and action, by signing below and returning to the Purchasing Department by no later than **Monday, May 06, 2015** via facsimile to (956) 318-2629 or via email to: yolanda.velasquez@co.hidalgo.tx.us so as to meet the agenda request form deadlines.

Signature: Brian Kelly Madden Date: 4/30/2015

Print: Brian Kelly Madden

Additionally, we are requesting that your company provide an Updated Certificate of Insurance as required through Hidalgo County's Request for (Bid, Quote, Proposal, Statements of Qualifications).

Should you have any questions or require additional information, please do not hesitate to contact me at (956) 318-2626 ext. 4881. Your cooperation in this matter is greatly appreciated and we hope your company continues its business relationship with Hidalgo County.

Sincerely,

Yolanda Velasquez, Buyer III

COUNTY OF HIDALGO §

SERVICE CONTRACT
C-14-050-07-22

THIS CONTRACT is made and entered into this **22nd** day of **July 2014** by and between the **COUNTY OF HIDALGO, TEXAS** ("County"), and **CTC Distributing, Ltd.** a Texas. ("Company").

WHEREAS, Company responded to advertised notices for bids for **"Off-Premises Storage, Records Management, Pick Up & Delivery Services for Hidalgo County- District Clerk's, Purchasing Department & Sheriff's Office"** (the "Services"); and

WHEREAS, Company submitted a bid to provide services in accordance with the specifications as bid, a copy of such specifications and bid being attached hereto as Exhibits "A" and "B" respectively, and incorporated herein for all purposes (the "Specifications");

WHEREAS, in recognition of and in consideration of Company's agreement to perform the Services in accordance with Specifications, the Commissioners Court of County awarded the bid to Company.

NOW, THEREFORE, in mutual consideration of the foregoing and the further consideration of the following, the parties hereto agree as follows:

1. County and Company hereby agree that this Contract is entered into in order to provide the Services to locations at **Hidalgo County**. This Contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise.

2. Company hereby promises and agrees to render and provide, during the term of this Contract, and shall be obligated to render and provide the Services in accordance with the RFB within **Hidalgo County** following a request for Services by **Hidalgo County** or his designated agent. Company agrees in performing the Services that it will use proper professional standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.

3. This Contract shall be for a period beginning **August 02, 2014** and ending on **August 01, 2015** and may be extended at the sole discretion of the County for an additional two (2) one (1) year terms, unless this Contract is terminated pursuant to the provisions herein, whichever occurs first. County also reserves the right to continue this bid for an additional ninety (90) day grace period, under the same rates terms and conditions due.

4. As a condition of this Contract, Company shall hold and maintain throughout the term of this Contract all licenses and permits required, or which may be required by any authority during the term hereof to provide the Services.

5. All trucks or vehicles operated by the Company to perform the Services shall contain all equipment required by any authority to operate on streets and roads and all persons in the employ of Company who operate such trucks or vehicles shall have the required licenses, qualifications, skill and expertise to perform such Services and shall comply with all laws, rules and regulations prescribed by any agency or authority having jurisdiction with regard to the operation of such trucks or vehicles in providing the Services.

6. As consideration for rendering the Service provided for in this Contract, the County agrees to pay Company the amounts specified in Exhibit "B" attached hereto payable against written invoice submitted by Company.

7. Company shall provide insurance in force on all its vehicles and all persons connected with providing services under this Contract naming County as an additional insured (with the coverages and in the amounts described on Exhibit "C" attached hereto and incorporated herein at this point for all purposes), and shall furnish to County certificates of such insurance coverage.

8. Company shall provide a sufficient number of trucks, vehicles, personnel and equipment available to safely and efficiently provide the Services.

9. Company shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including attorney's fees for the defense of any action against County arising out of, resulting from, or connected with the provision of the Services by Company under this Contract. Said indemnity shall cover any act or failure to act by the Company, its agents or employees.

10. This Contract shall not be assignable in whole or in part by either party without prior written consent of the other party.

11. It is expressly agreed that this Contract and the performance by the parties hereunder does not create any agency relationship or master-servant relationship, that County has no supervision of the performance of the Services provided by Company, and that Company is an independent contractor under this Contract.

12. Any notice required or permitted to be given hereunder shall be in writing and shall be delivered personally or sent by certified mail, postage prepaid, as set forth below:

If to County:	**The County of Hidalgo** **Attn: County Judge** **302 West University Drive** **Edinburg, Texas 78539**
If to Company	**CTC Distributing, LTD** **615 Blaze Blvd** **Edinburg, Texas 78539**

13. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

14. Any contract award to a successful bidder will be in effect until (a) this contract expires, (b) delivery and acceptance of products, and/or performance of Services ordered, or (c) terminated by County without cause upon thirty (30) days written notice prior to cancellation.

15. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Hidalgo County.

17. Commitment of Current Revenues Only. In the event that , during any term hereof, the Commissioners Court does not appropriate sufficient funds to met the obligations of County under this Agreement, County may terminate this Agreement upon ninety (90) days written notice to Company. County agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of County pursuant to the provisions of Tex. Loc. Govt. Code Ann '271.903 (Vernon Supp. 1996).

18. This Agreement contains the entire contract between the parties hereto and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by County and not otherwise.

REQUEST FOR BID

PROCUREMENT PACKET

HIDALGO COUNTY (All Funding Sources)
"OFF PREMISES STORAGE, RECORDS MANAGEMENT, PICK-UP, RETRIEVAL & DELIVERY SERVICES"
BID № 2014-050-05-21-YZV

SPECIFICATIONS AND REQUIREMENTS:

1. Revisions to the bid specifications shall not be permitted. Such changes shall constitute a failure to meet the minimum specifications and shall result in a bidder being disqualified from the selection process.

2. Services will be on an **"as needed basis"**. Should the County determine it is in the best interest to keep all documents in-house or to allow the Contract to expire on its own terms, the County shall provide a minimum of sixty (60) days written notice to the vendor that **Hidalgo County** intends to transport its (own Hidalgo County) files from the current awarded vendor's storage to its own (Hidalgo County) facility or another facility **at no additional cost to the County.**

3. The bidder must provide the following services:
   a. Storage of all new/additional records, in a new proper storage box;
   b. Pick-up of files and/or boxes for storage on a daily basis twice a day (morning & afternoon) and on an emergency basis at the discretion of the County described in page 5 (#25) herein and in Exhibit "H";
   c. Deliver files/boxes requested by the Department;
   d. Any storage boxes requiring replacement shall be provided at no charge to the County.
   e. All files/boxes for each County Department/Office must be kept in one location and in close proximity to each other (i.e., all files/boxes of the District Clerk shall be kept in one location within the storage facility).
   f. All files sent to storage or that are retrieved from storage shall be maintained with a reference tracking system before delivery to the appropriate County Department or re-filed. (Described particularly in page 5 (#26).
   g. Over a period of twelve (12) months, the awarded vendor shall provide an inventory of all files stored on its site. An updated inventory progress report shall be provided to the appropriate County Department on a monthly basis as more particularly described in page 5 (#26) of these specifications.

4. For purposes of this RFB:

   "Delivery" is defined as the actual carrying and turning over to the intended recipient of a file or box requested from storage.
   "Pick-Up" is defined as the actual physical carrying and transporting of a file or box form the County Department by the bidder with the intent of filing and storing such file or box at the bidder's facility.

"Retrieval" shall mean the actual transport of a file from storage which is then prepared for delivery to the appropriate County department. Any instance in which a file is requested more than once because the selected bidder failed to deliver or locate such file after the initial request, shall not be considered or counted as a separate retrieval regardless of the reason such delivery was not made.

"Request" A request for a file or box shall consist of a County Department's designated person providing written form (See Exhibit "G") to the selected bidder of the exact file/box being sought for Retrieval and Delivery.

The services listed in #3 above consisting of the delivery, pickup, storage, retrieval and request of files and/or boxes are hereinafter collectively referred to as the "Services".

5. It is the contractor's sole responsibility to review and comply with all applicable statutes or regulations. All record storage management must also be conducted in accordance with applicable State of Texas Library Commission rules and regulations including, but not limited to the schedules that are made a part hereof. You may access these at the following web address: http://www/tsl.state.tx.us/slrm/recordspubs/index.html

   a. Microfilming Standards and Procedures (Local Government Bulletin A)
   b. Electronic Records Standards and Procedures (Local Government Bulletin B)
   c. Inventory and scheduling Records (Local Government Bulletin C)
   d. Local Government Records Act (Local Government Bulletin D)

6. The Storage facility must be located entirely within Hidalgo County.

   a) Contractor will provide complete description of location including a physical address of facility where records will be stored and managed.
   b) Contractor must commit sufficient staff, equipment and vehicles to comply with all specifications and render all requirements defined by Hidalgo County. Contractor must also provide all information requested in the specifications and/or requirements. Failure to do so may disqualify the bidder from the procurement process.

7. The storage facility must be free of dust and dirt buildup.

8. The facility should be a standalone structure, or if shared with other businesses, a firewall of approved construction must separate the two entities.

9. If the storage location is in a structure with other unrelated tenants, the nature of that business will be assessed by Hidalgo County Purchasing Department to determine if such business may expose the County to any significant risks that my affect the overall integrity of records stored. This determination will be made solely by Hidalgo County and if a risk is determined, the bidder may be disqualified from the procurement process.

10. The facility shall maintain a good fire prevention program based on good housekeeping procedures, including but not limited to:

a) Smoking or use of open flame devices in storage areas shall be prohibited.
b) The facility shall have appropriate fire detection and suppression systems with such procedures in place to ensure their effectiveness.
c) Such systems must include adequate smoke and fire early warning systems.
d) Sprinkler systems should be equipped with a warning mechanism to alert staff of activation and have manual shut-off device to prevent unnecessary water damage to the records
e) Halon is a preferred suppression system (same as or equivalent too) meeting specifications of this requirements.

11. The facility must be climate and humidity controlled. The humidity shall not exceed 60% and the temperature shall not exceed 90 degrees Fahrenheit in the paper records storage area. The temperature should be checked in summer months randomly.

12. Boxes shall not be stacked more than four (4) boxes high.

13. The contractor must maintain an adequate pest control program that includes at least two **termite, silverfish and carpenter ants** inspections per year (at least once every six (6) months) by a qualified pest control service. Proof of such inspections must be provided to each individual county department(s) under this bid. Failure to provide proof of inspections within 10 days of such inspections may result in Hidalgo County terminating the contract without notice to the vendor. User department(s) including in this bid shall be notified immediately if any insect infestation is detected inside the storage facility.

14. Air quality must be maintained in a manner that ensures that no contaminant that may cause damage to records (i.e. mold) occurs.

15. The current awarded contractor for this bid is **CTC Distributing** and it does not permit the inspection of their premises by interested bid participants.

16. **Records Inventory List:** For the purposes of this bid submittal, the current contractor has submitted the following inventory, and to the best of the County's knowledge, such inventory as of **February 28, 2014** includes the following:

INVENTORY	DISTRICT CLERK'S	PURCHASING AGENT	SHERIFF'S OFFICE
Letter/Legal Size Boxes	23,500	1,900	1,200
Letter Transfer Size Boxes	0	0	0
Legal Transfer Size Boxes	0	0	0
Non-Standard Size Boxes	0	0	0
Books	0	0	0
Check Boxes	0	0	0

17. Bidders are advised that all County departments hold their most active files, but may at any time request such records to be made part of existing storage inventory. A "Request" for a file or box shall consist of a County Department's designated person providing a written form (see Exhibit "G") to the selected bidder of the exact for the exact file/box being sought for Retrieval and Delivery.

18. If necessary, upon award of bid the transfer of all inventory from the current storage facility will be conducted under the supervision of the user department(s) authorized designee and the Purchasing

Department. **All expenses associated with the transfer of inventory shall be at the County's expense and shall be the responsibility of the County**. However, selected bidder must be prepared to resume immediate, uninterrupted, efficient transition of all specified requirements and services.

19. Minimum detailed specifications are included for storage boxes. Compliance with all specifications and conditions are required. No substitutions allowed. (meets minimum specifications)

Specification(s) for Storage Box:	Letter/Legal 12 W x 15 L x 10 H Separate Cover Triple Walled (Width) Double Walled (Length) Double Bottom

20. Security Guidelines: The contractor shall provide protection against sabotage, theft, and vandalism. All visitors to the storage facility must be required to register upon entrance and monitored during their stay. Exits should be in areas that are closely monitored.

21. On-site Access: The selected bidder will work with the user department(s) on special projects requiring the temporary staging of records at the record storage facility. These projects are usually for the purpose of verifying contents before destruction, renumbering boxes, conducting detail searches, and for shifting files throughout a range of boxes. Hidalgo County will provide a minimum of 24 hours notice for projects that involve staging of ten (10) or more boxes.

    Hidalgo County reserves the right to access the storage premises with reasonable written notice during regular work hours for the purposes of auditing, inspecting, and/or confirming storage methods.

22. **NOTE: ALL RECORDS SHALL BE PICKED UP, DELIVERED, AND TRANSPORTED TO AND FROM THE USER DEPARTMENT(S) OFFICE BY CONTRACTOR'S EMPLOYEES AND USING CONTRACTOR'S VEHICLES.**

    QUESTIONS/CONCERNS- ABOUT FILES SHOULD BE IN EMAIL FORM TO HAVE RECORDS.

23. Response Time. The parties agree to the following response time by Company:

    a. Files and boxes shall be picked up for storage within five (5) days of receipt of work order from the Department.

    b. Retrieval and Delivery of files from storage to the Department shall occur twice a day - by 10:00 a.m. and by 3:00 p.m. on the same day a request is made so long as such request is made no later than 1:00 p.m. For orders placed after 1:00 p.m., files and boxes shall be delivered on the next business day by 10:00 a.m.

    c. In the case there is an emergency request for the delivery of a file or box, such delivery shall be made within 2 business hours from the time of the request.

24. All files or boxes recalled from storage shall be delivered within the time-frame stated above. However, if a file has not been delivered within this time frame, the maximum allowable Response Time for a status report (i.e. in route, delivered, not found, etc.), shall be 24 hours from the time the file/box is Requested. **Continued failure to meet these requirements may be cause for termination of the contract.**

25. **Hours of Services Required**: Hours of Service shall be normal business hours, 8:00 a.m. through 5:00 p.m., Monday through Friday, excluding holidays. However, service must be available at a moment's notice, 24

hours a day, upon written notification by the user department of an emergency situation; See Exhibit "H" Request for Emergency Services)

26. **Monthly Reports**: Hidalgo County requires monthly activity reports reflecting the total number of containers in storage by category (i.e. probate/criminal/civil), number of new containers added, number of containers permanently removed, number of boxes/files requested, number of boxes retrieved, number of boxes delivered and the number of boxes picked up for storage. In addition to this information, the monthly report should include a list of files requested but not found (Monthly reports shall be due at the County Department no later than the 10th day after the end of each month.

The following electronic inventory and tracking system must be provided to identify each individual file before delivery to the appropriate user department or re-filed. All files sent to storage or that are retrieved from storage shall be maintained with a reference tracking system:

- Must maintain an electronic database that is accessible from multiple sites.
- Document jackets must provide some type electronic tracking mechanism, preferably an RFID tag on the jacket or to a lesser extend a bar code.
- An exact electronic inventory of all files must be provided as needed to the County.
- Both the vendor site and the County must have compatible readers and access to the inventory at all times.
- All files must be accounted for and tracked through the electronic system at all times, at all sites.
- Electronic tag on case jacket must be of an accepted industry standard format.
- RFID (tracking system) is a preferred method; vendor/bidder will not be disqualified for providing a bid on any other tracking system. If the tracking system submitted by the vendor in the bid is not the system preferred by Hidalgo County (as indicated and specified in the bid packet), Hidalgo County reserves the right to request a demonstration of the system in order to assess and ensure compliance with Hidalgo County needs and requirements.

27. **Additional Information:** Hidalgo County is requesting that any and all questions, inquiries and clarification regarding this RFB, bids, proposals or statements of qualifications be addressed to, Martha L. Salazar, CPPB, Purchasing Agent, 2802 So. Business 281, Edinburg, Texas 78539. TELEPHONE INQUIRIES WILL NOT BE ACCEPTED.

ALL WRITTEN INQUIRIES WILL BE ACCEPTED VIA FACSIMILE TO: 956-318-2629 OR VIA EMAIL TO: yolanda.velasquez@co.hidalgo.tx.us NO LATER THAN, Wednesday, **MAY 14, 2014** 5:00 P.M. Responses to said inquiries will be sent to all applicants via facsimile or email by no later than, 5:00 P.M., Friday, **MAY 16, 2014**.

28. **TERM OF CONTRACT:** The initial term of contract will commence upon award and execution of a contract for a one (1) year period. The County shall have the right to extend the contract for two (2) additional one (1) year terms under the same rates/fees, terms and conditions reflected in the County's bid award described on the Bid Page (Exhibit "B").

29. **OPTION TO RENEW:** Hidalgo County may renew the contract for two (2) additional one (1) year periods except as otherwise provided herein, all terms and conditions will remain unchanged and in full force and effect. The option to renew, if exercised, shall be executed in the form of a change order to be issued no sooner than ninety (90) days prior to expiration of the contract and no later than thirty (30) days of the final day.

30. **GRACE PERIOD:** Hidalgo County reserves the right to continue this bid under the same terms and conditions for an additional ninety (90) day grace period at the end of the contract term for unforeseen delays in the award of a new bid, or the county's inability to obtain all records from the storage site.

31. **CONTRACT AWARD:** Hidalgo County reserves the right to award a contract to the responsible bidder meeting all specifications and submitting the lowest bid for all items and Services identified in the Specifications and General Provisions.

Upon the termination or expiration of the Contract, the vendor shall make available to the County any and all County files it holds in its possession in a timely manner but in no circumstances any longer than thirty (30) days upon termination or expiration of the Contract in order for the County to transport such files to its own or another facility. All files shall be made available to the County for transport at no additional cost to the County.

All files held in storage on behalf of the County are records belonging the public and must be returned to the County regardless of when and/or where they are located in the future.

32. **PURCHASE ORDER**: Contractor will not perform any services until a purchase order number is assigned by the designated representative of the Purchasing Department. Contractor will reference contract number and purchase orders on all invoices submitted to the Hidalgo County District Clerk. Actual requirements will be stated through issuance of individual purchase orders against the contract, and no obligation to pay for any quantities shall be deemed to exist unless or until such purchase orders are issued.

*33. **TERMINATION:** The contract awarded to the successful bidder will be in effect until (a) the contract expires, (b) performance of all specifications, requirements and services ordered, or (c) terminated by county with sixty (60) day's written notice with or without cause, or (d) upon award of contract to a new bidder, whichever comes first.

34. **CONTRACT ADMINISTRATOR:** For purposes of monitoring performance, establishing requirements, approving and coordinating schedules, users, and equipment, the County Purchasing Department named below shall act as contract administrator on behalf of Hidalgo County:

HIDALGO COUNTY PURCHASING DEPARTMENT
ATTN: CONTRACT ADMINISTRATOR(S)
2812 S. BUSINESS HWY 281 (NEW ADMINISTRATION BLDG.)
EDINBURG, TX 78539
(956) 318-2626

35. **ADDITIONAL PROVISION:** The following clauses or provisions must be included in the contract:

A. **Liquidated Damages Clause:** The vendor acknowledges that the files and documents being stored are important public records, and that the ultimate safety and security of the documents and files rests with the District Clerk. The vendor and Hidalgo County agree that the loss of files or documents by the vendor will result in certain damages and costs to the County which are not accurately ascertainable. Therefore, in the event that a file is lost or destroyed as a result of the negligent or willful act of the vendor or its agents, employees, officers or contractors, and said loss or destruction is not covered by insurance required to be maintained under other provisions of these specifications, the vendor and Hidalgo County agree that the vendor shall pay to the Hidalgo County District Clerk,

as liquidated damages, the sum of $1,000.00 for each file or portion of a file which is lost or destroyed within 10 days upon the discovery of the lost or destroyed file or portion thereof. The vendor and Hidalgo County agree that the amount established by this provision as liquidated damages is reasonable under the circumstances existing at the time of the execution of this contract with vendor pursuant to this procurement.

36. **SCOPE OF CONTRACT:** The contract for the procurement of the Services describes herein shall be as follows:

a) **A firm fixed price, estimated quantity contract** calling for delivery of the products and Services identified in the Bid Specifications, including the **Records Inventory List** (see page 3, Specifications above), at the stated prices, submitted by the bidder.

b) Upon acceptance of a bid by Hidalgo County Commissioners' Court and issuance of a Contract Award by the Hidalgo County Purchasing Agent, contractor shall be obligated to perform the services at the stated prices, within the time specified, and in accordance with all Legal Notices and Specifications contained herein.

c) During the term of the agreement, should the volume of boxes decrease for **the Purchasing Department**, THIS BID SHALL BE **ON A PRO-RATED PER BOX (UNIT COST) AS VOLUME OF BOXES DECREASES.** for the storage of Hidalgo County records at a staffed facility and at which all files will be stored in proper storage. Hidalgo County reserves the right to utilize whichever option is most beneficial to Hidalgo County Purchasing Department.

The quantities stated in the **Records FEBRUARY 28, 2014**. This represents a realistic estimate based on past consumption for purposes of securing a bid price. **The quantities are not firm and are not hereby ordered or called for. No County department is required to use the services of the selected bidder at any time but shall only use such services as may be convenient and necessary for the proper records management operation of the particular office and department.** Actual requirements for services will be stated through issuance of individual purchase orders against the contract, and no obligation to pay for any quantities shall be deemed to exist unless or until such purchase orders are issued.

CHANGES TO GENERAL SCOPE OF CONTRACT: The County Purchasing Agent may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in any one of the following:

a. Method of delivery or pickup of files
b. Place of deliveries.
c. Correction of errors of a general administrative nature of other mistakes, the correction of which does not affect the scope of the contract, or does not result in expense to the Contractor.
d. Description of services to be provided which do not result in additional expenses to the Contractor.
e. Time of performance (i.e. hours of day, days of week, etc.)
f. 37. **FUNDING:** Funds for payment on the proposed contract have been provided through the COUNTY OF HIDALGO budget approved by Commissioners' Court for 2014 year only. State of Texas statutes prohibit the obligations and expenditure of public funds beyond the fiscal year for which a budget has been approved. However, the cost of items or services covered by this contract is considered a recurring requirement and is included as a standard and routine expense of Hidalgo County to be included in each proposed budget within the foreseeable future.

County Commissioners' Court expect this to be an integral part of future budgets to be approved during the period of the proposed contract except for unanticipated needs or events which may prevent such payments against the contract. However, COUNTY OF HIDALGO cannot guarantee the availability of funds, and enters into this contract only to the extent such funds are made available. The Fiscal Year for County extends from January 1st to December 31st of each calendar year.

38. **INVOICING:** All invoices submitted by contractor must reference the contract number and purchase order number(s) on the invoice. Hidalgo County will not pay invoices that are in excess of the amount authorized by the purchase order number or the contract.

39. **DESIGNATED COUNTY HOLIDAYS 2014:** No deliveries will be requested on designated holidays, unless specific prior arrangements have been made. Below is the approved holiday schedule. Future schedules are expected to be similar.

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY): 2/9/2016

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

CC - REGULAR
Meeting Date: 02/16/2016
Submitted For: Marty Salazar, PURCHASING DEPT.
Submitted By: Roy Garcia, PURCHASING DEPT.
Department: PURCHASING DEPT.

Information

CAPTION

A. Requesting approval to declare the items listed in Exhibit "A" (attached herein), office furniture, equipment and vehicles as "Surplus" for the purpose of sale through auction (scheduled for 03-09-2016) in accordance with Texas Local Government Code 263.152 (a)(1); AND, in the event "NO BIDS" received,

B. Pursuant to Texas Local Government Code, 263.151(1) and/or 263.152(a)(3), Commissioners Court proceed to:'...order any of the property to be destroyed or otherwise disposed of as worthless in as much as the sale of said items CC undertook to sell (under Subsection (1) at auction on 03-09-2016 resulted in no bids were received; C. Requesting authority to publish advertisement for the auction of surplus equipment and vehicles scheduled for 03-09-2016, including but not limited to Seized, Abandoned and Unclaimed Property or additional and/or necessary auctions.

BACKGROUND

An inventory was conducted at the auctioneer's premises and found several items broken, weathered, and/or obsolete. The assets have no value to the County due to their condition.

Fiscal Impact

FISCAL YEAR: 2016 ACCT. #:
FUNDS AVAILABLE Y/N?: MATCHING FUNDS Y/N?:
BUDGETARY IMPACT:
Revenues from sale.

SUBCHAPTER D. DISPOSITION OF SALVAGE OR SURPLUS PROPERTY

Sec. 263.151. DEFINITIONS. In this subchapter:

(1) "Salvage property" means personal property, other than items routinely discarded as waste, that because of use, time, accident, or any other cause is so worn, damaged, or obsolete that it has no value for the purpose for which it was originally intended.

(2) "Surplus property" means personal property that:

(A) is not salvage property or items routinely discarded as waste;

(B) is not currently needed by its owner;

(C) is not required for the owner's foreseeable needs; and

(D) possesses some usefulness for the purpose for which it was intended.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 61(b), eff. Aug. 28, 1989.

Sec. 263.152. DISPOSITION. (a) The commissioners court of a county may:

(1) periodically sell the county's surplus or salvage property by competitive bid or auction, except that competitive bidding or an auction is not necessary if the purchaser is another county or a political subdivision within the county that is selling the surplus or salvage property;

(2) offer the property as a trade-in for new property of the same general type if the commissioners court considers that action to be in the best interests of the county;

(3) order any of the property to be destroyed or otherwise disposed of as worthless if the commissioners court undertakes to sell that property under Subdivision (1) and is unable to do so because no bids are made;

(4) dispose of the property by donating it to a civic or charitable organization located in the county if the commissioners court determines that:

(A) undertaking to sell the property under Subdivision (1) would likely result in no bids or a bid price that is less than the county's expenses required for the bid process;

(B) the donation serves a public purpose; and

(C) the organization will provide the county with adequate consideration, such as relieving the county of transportation or disposal expenses related to the property;

(5) transfer gambling equipment in the possession of the county following its forfeiture to the state to the Texas Building and Procurement Commission for sale under Section 2175.904, Government Code; or

(6) order any vehicle retired under a program designed to encourage the use of low-emission vehicles to be crushed and recycled, if practicable, without a competitive bid or auction.

(a-1) The commissioners court shall remit money received from the Texas Building and Procurement Commission from the sale of gambling equipment under Section 2175.904(c), Government Code, less administrative expenses incurred by the county in connection with the transfer and sale of the equipment, to the local law enforcement agency that originally seized the equipment.

(b) If the property is earth-moving, material-handling, road maintenance, or construction equipment, the commissioners court may exercise a repurchase option in a contract in disposing of property under Subsection (a)(1) or (a)(2). The repurchase price of equipment contained in a previously accepted purchase contract is considered a bid under Subsection (a)(1) or (a)(2).

(c) Repealed by Acts 2003, 78th Leg., ch. 43, Sec. 2; Acts 2003, 78th Leg., ch. 345, Sec. 3.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. 1, 1987. Amended by Acts 1989, 71st Leg., ch. 1, Sec. 61(b), eff. Aug. 28, 1989; Acts 1991, 72nd Leg., ch. 416, Sec. 3, eff. Sept. 1, 1991; Acts 1993, 73rd Leg., ch. 237, Sec. 1, eff. Aug. 30, 1993; Acts 1995, 74th Leg., ch. 746, Sec. 5, eff. Aug. 28, 1995; Acts 1999, 76th Leg., ch. 254, Sec. 1, eff. May 28, 1999; Acts 2003, 78th Leg., ch. 43, Sec. 1, 2, eff. May 15, 2003; Acts 2003, 78th Leg., ch. 345, Sec. 1, 3, eff. June 18, 2003. Amended by:

Acts 2007, 80th Leg., R.S., Ch. 1233, Sec. 2, eff. June 15, 2007.

Acts 2009, 81st Leg., R.S., Ch. 931, Sec. 1, eff. September 1, 2009.

Re: C-15-053-03-17
Renewal/Extension – "Lease and/or Service of Portable Toilets"

Dear Mr. Perez:

Hidalgo County Purchasing Department will be requesting Commissioners' Court to consider the County's option to exercise the (1) year extension as provided in the current contract (under the same rates, terms and conditions). Please acknowledge receipt of this notice by signing and returning it by no later than **10:00 a.m., Friday, January 15, 2016**, via email to: heidi.ortiz@co.hidalgo.tx.us so as to meet the agenda request form deadlines. **Upon receipt of the signed extension,** I will proceed in securing placement on the agenda for Commissioners' Court meeting of **Tuesday, February 2, 2016** for discussion, consideration and action.

Signature: _____ Date: 1/26/16

Print: Michael Perez

Additionally, we are requesting you provide updated certificates of insurance and license as required through Hidalgo County's Request for Bid, Quote, Proposal, and/or Statement of Qualifications.

It is our hope that we may continue a successful business relationship with your company. Should you have any questions or require additional information, please do not hesitate to contact me at (956) 318-2626. Your cooperation in this matter is greatly appreciated.

Sincerely,

Martha L. Salazar

b. The last paragraph of subsection **2. Exclusions** is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by fire, lightning, explosion, smoke or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to Damage To Premises Rented To You as described in **Section III - Limits Of Insurance.**

2. Paragraph **6.** under **Section III - Limits Of Insurance** is replaced by the following:

6. Subject to Paragraph **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage **A** for damages because of "property damage" to:

a. Any one premise:

(1) While rented to you; or

(2) While rented to you or temporarily occupied by you with permission of the owner for damage by fire, lightning, explosion, smoke or leakage from automatic protection systems; or

b. Contents that you rent or lease as part of a premises rental or lease agreement.

3. As regards coverage provided by this provision **D. EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage) -** Paragraph **9.a.** of **Definitions** is replaced with the following:

9.a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire, lightning, explosion, smoke, or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with the permission of the owner, or for damage to contents of such premises that are included in your premises rental or lease agreement, is not an "insured contract".

E. MEDICAL PAYMENTS EXTENSION

If **Coverage C Medical Payments** is not otherwise excluded, the Medical Payments provided by this policy are amended as follows:

Under Paragraph **1. Insuring Agreement** of **Section I - Coverage C - Medical Payments,** Subparagraph **(b)** of Paragraph **a.** is replaced by the following:

(b) The expenses are incurred and reported within three years of the date of the accident; and

F. EXTENSION OF SUPPLEMENTARY PAYMENTS - COVERAGES A AND B

1. Under **Supplementary Payments - Coverages A** and **B**, Paragraph **1.b.** is replaced by the following:

b. Up to **$3,000** for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

2. Paragraph **1.d.** is replaced by the following:

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to **$500** a day because of time off from work.

G. ADDITIONAL INSUREDS - BY CONTRACT, AGREEMENT OR PERMIT

1. Paragraph **2.** under **Section II - Who Is An Insured** is amended to include as an insured any person or organization whom you have agreed to add as an additional insured in a written contract, written agreement or permit. Such person or organization is an additional insured but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused in whole or in part by:

a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your on going operations for the additional insured that are the subject of the written contract or written agreement provided that the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" is committed, subsequent to the signing of such written contract or written agreement; or

74 of 148

b. Premises or facilities rented by you or used by you; or

c. The maintenance, operation or use by you of equipment rented or leased to you by such person or organization; or

d. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit subject to the following additional provisions:

(1) This insurance does not apply to "bodily injury", "property damage", or "personal and advertising injury" arising out of the operations performed for the state or political subdivision;

(2) This insurance does not apply to "bodily injury" or "property damage" included within the "completed operations hazard".

(3) Insurance applies to premises you own, rent, or control but only with respect to the following hazards:

(a) The existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners, or decorations and similar exposures; or

(b) The construction, erection, or removal of elevators; or

(c) The ownership, maintenance, or use of any elevators covered by this insurance.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

With respect to Paragraph **1.a.** above, a person's or organization's status as an additional insured under this endorsement ends when:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

With respect to Paragraph **1.b.** above, a person's or organization's status as an additional insured under this endorsement ends when their written contract or written agreement with you for such premises or facilities ends.

With respects to Paragraph **1.c.** above, this insurance does not apply to any "occurrence" which takes place after the equipment rental or lease agreement has expired or you have returned such equipment to the lessor.

The insurance provided by this endorsement applies only if the written contract or written agreement is signed prior to the "bodily injury" or "property damage".

We have no duty to defend an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured as required in Paragraph **b.** of Condition **2. Duties In the Event Of Occurrence, Offense, Claim Or Suit** under **Section IV - Commercial General Liability Conditions.**

© 2013 Liberty Mutual Insurance

55618905 000485 300 of 148 75

2. With respect to the insurance provided by this endorsement, the following are added to Paragraph **2. Exclusions** under **Section I - Coverage A - Bodily Injury And Property Damage Liability:**

This insurance does not apply to:

a. "Bodily injury" or "property damage" arising from the sole negligence of the additional insured.

b. "Bodily injury" or "property damage" that occurs prior to you commencing operations at the location where such "bodily injury" or "property damage" occurs.

c. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

d. "Bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

e. Any person or organization specifically designated as an additional insured for ongoing operations by a separate **ADDITIONAL INSURED -OWNERS, LESSEES OR CONTRACTORS** endorsement issued by us and made a part of this policy.

3. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the contract or agreement; or

b. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declaratio ns.

H. PRIMARY AND NON-CONTRIBUTORY ADDITIONAL INSURED EXTENSION

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

Condition **4. Other Insurance of SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

a. The following is added to Paragraph **a. Primary Insurance:**

If an additional insured's policy has an Other Insurance provision making its policy excess, and you have agreed in a written contract or written agreement to provide the additional insured coverage on a primary and noncontributory basis, this policy shall be primary and we will not seek contribution from the additional insured's policy for damages we cover.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The following is added to Paragraph **b. Excess Insurance:**

When a written contract or written agreement, other than a premises lease, facilities rental contract or agreement, an equipment rental or lease contract or agreement, or permit issued by a state or political subdivision between you and an additional insured does not require this insurance to be primary or primary and non-contributory, this insurance is excess over any other insurance for which the additional insured is designated as a Named Insured.

Regardless of the written agreement between you and an additional insured, this insurance is excess over any other insurance whether primary, excess, contingent or on any other basis for which the additional insured has been added as an additional insured on other policies.

I. ADDITIONAL INSUREDS - EXTENDED PROTECTION OF YOUR "LIMITS OF INSURANCE"

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

1. The following is added to Condition **2. Duties In The Event Of Occurrence, Offense, Claim or Suit:**

   An additional insured under this endorsement will as soon as practicable:

   a. Give written notice of an "occurrence" or an offense that may result in a claim or "suit" under this insurance to us;

   b. Tender the defense and indemnity of any claim or "suit" to all insurers whom also have insurance available to the additional insured; and

   c. Agree to make available any other insurance which the additional insured has for a loss we cover under this Coverage Part.

   d. We have no duty to defend or indemnify an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured.

2. The limits of insurance applicable to the additional insured are those specified in a written contract or written agreement or the limits of insurance as stated in the Declarations of this policy and defined in **Section III - Limits of Insurance** of this policy, whichever are less. These limits are inclusive of and not in addition to the limits of insurance available under this policy.

J. WHO IS AN INSURED - INCIDENTAL MEDICAL ERRORS / MALPRACTICE
WHO IS AN INSURED - FELLOW EMPLOYEE EXTENSION - MANAGEMENT EMPLOYEES

Paragraph **2.a.(1)** of **Section II - Who Is An Insured** is replaced with the following:

(1) "Bodily injury" or "personal and advertising injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1) (a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs **(1) (a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services. However, if you are not in the business of providing professional health care services or providing professional health care personnel to others, or if coverage for providing professional health care services is not otherwise excluded by separate endorsement, this provision (Paragraph **(d)**) does not apply.

Paragraphs **(a)** and **(b)** above do not apply to "bodily injury" or "personal and advertising injury" caused by an "employee" who is acting in a supervisory capacity for you. Supervisory capacity as used herein means the "employee's" job responsibilities assigned by you, includes the direct supervision of other "employees" of yours. However, none of these "employees" are insureds for "bodily injury" or "personal and

© 2013 Liberty Mutual Insurance

P. EXTENDED PROPERTY DAMAGE

Exclusion a. of **COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY** is replaced by the following:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

Q. WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - WHEN REQUIRED IN A CONTRACT OR AGREEMENT WITH YOU

Under **Section IV - Commercial General Liability Conditions,** the following is added to Condition **8. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against a person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard" provided:

1. You and that person or organization have agreed in writing in a contract or agreement that you waive such rights against that person or organization; and
2. The injury or damage occurs subsequent to the execution of the written contract or written agreement.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) If the Limits of Insurance of any other insurance policy have been exhausted; or

(3) To "bodily injury" or "property damage" that occurred before you acquired or formed the organization.

2. EMPLOYEES AS INSUREDS

SECTION II - LIABILITY COVERAGE, paragraph **A.1. -** WHO IS AN INSURED is amended to include the following as an insured:

f. Any "employee" of yours while using a covered "auto" you do not own, hire or borrow but only for acts within the scope of their employment by you. Insurance provided by this endorsement is excess over any other insurance available to any "employee".

g. An "employee" of yours while operating an "auto" hired or borrowed under a written contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business and within the scope of their employment. Insurance provided by this endorsement is excess over any other insurance available to the "employee".

3. ADDITIONAL INSURED BY CONTRACT, AGREEMENT OR PERMIT

SECTION II - LIABILITY COVERAGE, paragraph **A.1. -** WHO IS AN INSURED is amended to include the following as an insured:

h. Any person or organization with respect to the operation, maintenance or use of a covered "auto", provided that you and such person or organization have agreed in a written contract, agreement, or permit issued to you by governmental or public authority, to add such person, or organization, or governmental or public authority to this policy as an "insured".

However, such person or organization is an "insured":

(1) Only with respect to the operation, maintenance or use of a covered "auto";

(2) Only for "bodily injury" or "property damage" caused by an "accident" which takes place after you executed the written contract or agreement, or the permit has been issued to you; and

(3) Only for the duration of that contract, agreement or permit

4. SUPPLEMENTARY PAYMENTS

SECTION II - LIABILITY COVERAGE, Coverage Extensions, **2.a.** Supplementary Payments, paragraphs **(2)** and **(4)** are replaced by the following:

(2) Up to $3,000 for cost of bail bonds (including bonds for related traffic violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the insured at our request, including actual loss of earnings up to $500 a day because of time off from work.

5. AMENDED FELLOW EMPLOYEE EXCLUSION

In those jurisdictions where, by law, fellow employees are not entitled to the protection afforded to the employer by the workers compensation exclusivity rule, or similar protection, the following provision is added:

SECTION II - LIABILITY, exclusion **B.5.** FELLOW EMPLOYEE does not apply if the "bodily injury" results from the use of a covered "auto" you own or hire.

SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

6. HIRED AUTO PHYSICAL DAMAGE

Paragraph **A.4.** Coverage Extensions of SECTION III - PHYSICAL DAMAGE COVERAGE, is amended by adding the following:

If hired "autos" are covered "autos" for Liability Coverage, and if Comprehensive, Specified Causes of Loss or Collision coverage are provided under the Business Auto Coverage Form for any "auto" you own, then the Physical Damage coverages provided are extended to "autos":

a. You hire, rent or borrow; or

112 of 128

15. GLASS REPAIR - WAIVER OF DEDUCTIBLE

Paragraph **D. Deductible** of SECTION III - PHYSICAL DAMAGE COVERAGE is amended by the addition of the following:

No deductible applies to glass damage if the glass is repaired rather than replaced.

16. PARKED AUTO COLLISION COVERAGE (WAIVER OF DEDUCTIBLE)

Paragraph **D. Deductible** of SECTION III - PHYSICAL DAMAGE COVERAGE is amended by the addition of the following:

The deductible does not apply to "loss" caused by collision to such covered "auto" of the private passenger type or light weight truck with a gross vehicle weight of 10,000 lbs. or less as defined by the manufacturer as maximum loaded weight the "auto" is designed to carry while it is:

a. In the charge of an "insured";
b. Legally parked; and
c. Unoccupied.

The "loss" must be reported to the police authorities within 24 hours of known damage.

The total amount of the damage to the covered "auto" must exceed the deductible shown in the Declarations.

This provision does not apply to any "loss" if the covered "auto" is in the charge of any person or organization engaged in the automobile business.

SECTION IV - BUSINESS AUTO CONDITIONS is amended as follows:

17. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

SECTION IV- BUSINESS AUTO CONDITIONS, Paragraph **B.2.** is amended by adding the following:

If you unintentionally fail to disclose any hazards, exposures or material facts existing as of the inception date or renewal date of the Business Auto Coverage Form, the coverage afforded by this policy will not be prejudiced.

However, you must report the undisclosed hazard of exposure as soon as practicable after its discovery, and we have the right to collect additional premium for any such hazard or exposure.

18. AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT, OR LOSS

SECTION IV - BUSINESS AUTO CONDITIONS, paragraph **A.2.a.** is replaced in its entirety by the following:

a. In the event of "accident", claim, "suit" or "loss", you must promptly notify us when it is known to:

1. You, if you are an individual;

2. A partner, if you are a partnership;

3. Member, if you are a limited liability company;

4. An executive officer or the "employee" designated by the Named Insured to give such notice, if you are a corporation.

To the extent possible, notice to us should include:

(1) How, when and where the "accident" or "loss" took place;

(2) The "insureds" name and address; and

(3) The names and addresses of any injured persons and witnesses.

19. WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

SECTION IV - BUSINESS AUTO CONDITIONS, paragraph **A.5.**, Transfer of Rights of Recovery Against Others to Us, is amended by the addition of the following:

If the person or organization has waived those rights before an "accident" or "loss", our rights are waived also.

COUNTY OF HIDALGO §

SERVICE CONTRACT
C-15-053-03-17

THIS CONTRACT is made and entered into this 17th day of March, 2015 by and between the **County of Hidalgo, Texas** ("County"), and Anrige, Inc. DBA: A Clean Portoco ("Company").

WHEREAS, Company responded to request for bids for the "Lease and/or Service of Portable Toilets" (the "Services"); and

WHEREAS, Company submitted a bid to provide services in accordance with the specifications as bid, a copy of Request for Bid (RFB) Procurement Packet being attached hereto as Exhibits "A" (the "RFB") and Exhibit "B" respectively, and incorporated herein for all purposes (the "Bid Page"); and

WHEREAS, in recognition of and in consideration of Company's agreement to perform the Services in accordance with RFB Packet, the Commissioners Court of County awarded the bid to Anrige, Inc. DBA: A Clean Portoco.

NOW, THEREFORE, in mutual consideration of the foregoing and the further consideration of the following, the parties hereto agree as follows:

1. County and Company hereby agrees that this Contract is entered into in order to provide the Services to **Hidalgo County**. This Contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise.

2. Company hereby promises and agrees to render and provide, during the term of this Contract, and shall be obligated to render and provide the Services in accordance with the RFB Packet within **Hidalgo County** following a request for Services by the **County** or its

designated agent. Company agrees in performing the Services that it will use proper professional standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.

3. This Contract shall be for a period of one (1) year, **(on an as needed basis),** commencing on March 17, 2015 and expiring on March 16, 2016 and may be extended at the sole discretion of the County for an additional one (1) year term under the same rates, terms and conditions. Hidalgo County also reserved the right to continue this sealed bid for an additional sixty (60) day grace period at the end of the contract term for unforeseen delay of award for the next term and contingent upon cost remaining unchanged.

4. As a condition of this Contract, Company shall hold and maintain throughout the term of this Contract all licenses and permits required, or which may be required by any authority during the term hereof to provide the Services.

5. All trucks or vehicles operated by the Company to perform the Services shall contain all equipment required by any authority to operate on streets and roads and all persons in the employ of Company who operate such trucks or vehicles shall have the required licenses, qualifications, skill and expertise to perform such Services and shall comply with all laws, rules and regulations prescribed by any agency or authority having jurisdiction with regard to the operation of such trucks or vehicles in providing the Services.

6. As consideration for rendering the Service provided for in this Contract, the County agrees to pay Company the amounts specified in Exhibit "B" attached hereto payable against written invoice submitted by Company.

7. Company shall provide insurance in force on all its vehicles and all persons connected with providing services under this Contract naming County as an additional insured

(with the coverage and in the amounts described on Exhibit "C" attached hereto and incorporated herein at this point for all purposes), and shall furnish to County certificates of such insurance coverage.

8. Company shall provide a sufficient number of trucks, vehicles, personnel and equipment available to safely and efficiently provide the Services.

9. Company shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including attorney's fees for the defense of any action against County arising out of, resulting from, or connected with the provision of the Service by Company under this Contract. Said indemnity shall cover any act or failure to act by the Company, its agents or employees.

10. This Contract shall not be assignable in whole or in part by either party without prior written consent of the other party.

11. It is expressly agreed that this Contract and the performance by the parties hereunder does not create any agency relationship or master-servant relationship that County has no supervision of the performance of the Services provided by Company, and that Company is an independent contractor under this Contract.

12. Any notice required or permitted to be given hereunder shall be in writing and shall be delivered personally or sent by certified mail, postage prepaid, as set forth below:

If to County: **The County of Hidalgo**
Attn: County Judge
100 E. Cano
Edinburg, Texas 78539

If to Company: **Anrige, Inc. DBA: A Clean Portoco**
P O Box 531607
Harlingen, TX 78553

13. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

14. This Agreement may be terminated by County without cause upon thirty (30) days written notice.

15. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Hidalgo County.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of Buyer under this Agreement, Buyer may terminate this Agreement upon ninety (90) days written notice to Seller. Buyer agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of Buyer pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1996).

18. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto, and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not

specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by the parties hereto, and not otherwise.

19. **Immunities.** Nothing in this Agreement is intended to and County does not hereby waive, release or relinquish any right to assert any of the defenses County enjoys by virtue of the state or federal constitution, laws, rules or regulations, and any sovereign, official or qualified immunity available to County as to any claim or action of any person, entity, or individual against County.

WITNESS our hands in duplicate originals this _____ day of_____, 2015.

REQUEST FOR BIDS

HIDALGO COUNTY
"Lease and/or Service of Portable Toilets"

BID OPENING DATE:
March 11, 2015
9:30 A.M.
Martha L. Salazar, CPPB, Purchasing Agent
Hidalgo County Purchasing Department

Project Buyer Contact Information
Heidi Garcia Ortiz, Buyer III
(956) 292-7000 Ext 4877
Heidi.ortiz@co.hidalgo.tx.us

1. Sealed bids will be received for **HIDALGO COUNTY (ALLFUNDING SOURCES PROGRAMS & ENTITIES) – "Lease and/or Service of Portable Toilets"** in accordance with the specifications attached as Exhibit "A" hereto. Bids should address all specifications set forth. Bidders may suggest substitutions of features which they feel would be in the best interest of Hidalgo County ("County"). Strong rationale must be presented for any deviation from the specifications. Hidalgo County reserves the right to reject the deviation and its effect on the overall bid.

2. One (1) original and Three (3) copies of all bids are required with the bidders name and return address clearly typed/printed on upper left hand corner and the proper notation clearly typed/printed on the lower left hand corner of the envelope and/or package: **BID-2015-053-03-11-HGO HIDALGO COUNTY (All Funding Sources, Programs & Entities) – "Lease and/or Service of Portable Toilets"** and in County's Purchasing Department, 2812 S. Business Hwy 281, New Administration Building,, Edinburg, Texas, **on or before 9:30 a.m., WEDNESDAY, MARCH, 11, 2015. NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY RFB RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED. OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE WITH REFERENCE TO "REQUEST FOR BIDS-2015-053-03-11-HGO RFB-HIDALGO COUNTY (All Funding Sources, Programs & Entities) – "LEASE AND/OR SERVICE OF PORTABLE TOILETS"** . Hidalgo County reserves the right to refuse and reject any/all RFB and to waive any/all formalities or technicalities, or to accept the RFB considered the best and most advantageous to Hidalgo County

3. Hidalgo County reserves the right to:
   A. separate and accept, or eliminate any item(s) listed under this bid that it deems necessary to accommodate budgetary and/or operational requirements;
   B. reject any or all bids submitted and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best bid for approval; and
   C. award the bid to one bidder or to multiple bidders if the County determines it is in its best interest to do so."

4. The Bidder shall not substitute items named in the bid without the express written consent of Hidalgo County. Failure of the delivered item to perform as specified or failure to meet the stated delivery schedule shall release Hidalgo County from all obligations to the contracting party with regard to the item(s) in question. In such event, County may elect to award the contract to the next-lowest responsible bidder, or to reject all bids and re-advertise.

5. For work to be performed at a County owned or operated location, each bidder shall, in its sole discretion, visit the job site before preparing the bid and thoroughly familiarize himself/herself with existing conditions. Bidder should take field dimensions and note all circumstances which affect the dollar amount of the bid.

6. Descriptive specifications are referenced in this document to indicate the general kind and quality of equipment desired by Hidalgo County. Due to various styles and models of equipment, bidders are required to include illustrations, specifications, explanation of warranties, and service data with their bid including catalogue numbers and any necessary references.

7. No bid may be withdrawn within thirty (30) days from the scheduled time to open bids.

8. Proposed prices are to remain firm for a minimum of ninety (90) days after bid opening.

9. Any interpretations, amendments, corrections or changes to this bid document must be in a written addendum and signed by the County Judge or his designee. Addenda will be mailed to all who are known to have received a copy of the Request for Bids. Bidders shall acknowledge receipt of all addenda as a part of their bid.

10. County reserves the right to accept or reject any or all bids.

11. Costs are to be net F.O.B., County Prepaid.

12. County is exempt from Federal Excise Tax, State Tax and Local Tax. Do not include tax in cost figure. If it is determined that tax was included in the cost figures it will not be included in the tabulation of any awards. Tax exemption certificates will be furnished upon request.

13. Funds for this procurement have been provided through the County budget for this fiscal year only. County, on an annual basis, has the right to reconsider a contract during the budget process for ensuing years if financial resources of County are insufficient to meet the liabilities of said contract. The award of a bid or contract hereunder will not be construed to create a debt of the County which is payable out of funds beyond the current fiscal year.

14. Upon award and prior to execution of a contract, Sole Proprietorships are required to submit a copy of their social security cards to the Hidalgo County Auditor's Office in order to establish an account with the County. All awarded vendors must submit a completed W-9 and a copy o their Federal ID Number Certificate.

15. DELIVERY INSTRUCTIONS:

- No deliveries accepted after 3:00 P.M., Monday-Friday.
- At least seventy two (72) hours prior notice of delivery must be given to Martha L. Salazar, Purchasing Agent before delivery will be accepted.
- If you need additional information call the office listed below:

Hidalgo County Purchasing Department
Martha L. Salazar, Purchasing Agent
(956) 318-2626

16. BILLING AND PAYMENT INSTRUCTIONS:

- Invoices must include:
  a) Name and address of successful bidder
  b) Name and address of receiving department or official
  c) Purchase Order Number (if any)
  d) Notation - **HIDALGO COUNTY (All Funding Sources, Programs & Entities) – "LEASE AND/OR SERVICE OF PORTABLE TOILETS"** Descriptive information as to the items or services delivered, including product code, item number, quantity, etc.
  e) Contract number must be indicated

- Discount payments will be considered when offered.

- Contact person for Billing and Payment questions:

  Hidalgo County Auditor's Office
  Ray Eufracio, Auditor
  2808 South Business Hwy 281
  Edinburg, Texas 78539

17. Schedule of Events

Bid Opening, 9:30 AM	**MARCH 11, 2015**
Award of Contract	_____, 2015
Commence Work or Deliver Products	_____, 2015

18. Bid or Performance Bond and Debarment Certification; Payment under Contract:

- If the contract proposed is for the construction of public works or is for a contract for goods & services exceeding $100,000, all bidders shall furnish a good and sufficient bid bond in the amount of five percent of the total contract price. A bid bond must be executed with a surety company authorized to do business in Texas. All bidders are also required to furnish a certification or acknowledgment stating that the contractor or vendor is free from suspension or debarment pursuant to federal regulation 45CFR Part 76.

- Together with the signing of a contract or issuance of a purchase order following the acceptance of a bid, and prior to commencement of the actual work, the bidder shall furnish a performance bond to the County for the full amount of the contract, if that contract exceeds $50,000.

- If the contract is for $50,000 or less, no money will be paid to the contractor until completion and acceptance of the work or the fulfillment of the purchase obligation to the County, and, if applicable, the receipt by County of satisfactory evidence that all subcontractors and material men have been paid.

- If a contract is for the construction, alteration or repair of public buildings or public

works, the contractor *shall* provide a payment bond for a contract in excess of Twenty Five Thousand Dollars ($25,000.00), as required by Tex. Govt. Code Ch. 2253.

. For requirements contracts, bond requirements are determined by applying the proposed unit price to the estimated quantities included in the specifications.

19. Ethical Standards:

. It shall be a breach of ethics to offer, give or agree to give any elected official, department head or employee, or former elected official, department head or employee, of the County, or for any elected official, department head or employee or former elected official, department head or employee of the County, to solicit, demand, accept or agree to accept from another person, entity or organization, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefore pending before any department or agency of the County.

. It shall be a breach of ethics for any payment, gratuity or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor for any contract for the County, or any person associated therewith, as an inducement for the award of a subcontract or order.

. No public official shall have an interest in a contract awarded hereunder except in accordance with Tex. Loc. Govt. Code Chapter 171.

20. Disclosure of Conflict of Interest

. Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that any vendor, person, consultant or contractor considering doing business with Hidalgo County ("the County") to disclose in the Conflict of Interest Questionnaire (the "CIQ") attached as Exhibit D, the vendor, person, consultant or contractor's affiliation or business relationship that might cause a conflict of interest with the County. By law, the CIQ must be filed with the Hidalgo County Clerk's Office no later than the seventh business day after the date the person becomes aware of facts that require that statement to be filed. The disclosure requirement applies to a person or business that contracts or seeks to contract with Hidalgo County for the sale or purchase of property, goods or service. Any purchase order or contract resulting from this process shall be considered null and void if the successful bidder fails to comply with Texas Local Government Code Chapter 176. Vendors, consultants, contractors and others who desire to conduct business with Hidalgo County are encouraged to refer to Texas Local Government Code Chapter 176 for the details of this law. An offense under Texas Local Government Code Chapter 176 is a Class C Misdemeanor.

Please Submit completed CIQ forms to the Hidalgo County Clerk's Office located at 100 N. Closner, Edinburg, Texas 78539-Hidalgo County Courthouse

COMPLETION AND SUBMISSION OF FORM CIQ IS THE SOLE RESPONSIBILITY OF THE PROSPECTIVE BIDDER.

21. If, during the life of any contract or bid awarded, the successful bidder's net prices generally available to other customers for items awarded herein are reduced below the contracted price, it is understood and agreed that the benefits of such reduction shall be extended to County.

22. Bids, and all goods and services provided there under, shall comply with all federal, state and local laws concerning this type(s) of goods and/or services

23. Minimum Standards for Responsible Prospective Bidders: A prospective bidder must affirmatively demonstrate bidder's responsibility. A prospective bidder, by submitting a bid, represents to County that it meets the following requirements:

- **Possess and submit a Certificate of Account Status indicating bidder is in "Good Standing" with the Texas Comptroller of Public Accounts if such bidder is incorporated in the State of Texas. If the bidder is not incorporated with the Texas, the bidder must submit the appropriate evidence of filing with the Texas Secretary of State stating that the business is authorized to transact business in Texas.**
- Possess or is able to obtain adequate financial resources as required to perform under the bid;
- Be able to comply with the required or proposed delivery schedule;
- Have a satisfactory record of performance;
- Have a satisfactory record of integrity and ethics;
- Be otherwise qualified and eligible to receive an award.

24. Successful bidder will pay or cause to be paid, without cost or expenses to County, all FICA, FUTA/SUTA and Federal Income Withholding Taxes of all employees, and all wages and benefits as required by Federal or State law. Successful bidder's officers, agents and/or employees will not be entitled to any benefits of an employee or elected official of County, including, but not limited to, benefits associated with County's civil service system.

25. Any contract award to a successful bidder will be in effect until (a) the contract expires, (b) delivery and acceptance of products, and/or performance of services ordered, or (c) terminated by County with thirty day's written notice prior to cancellation.

26. County reserves the right to enforce performance of any contract awarded hereunder in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default by successful bidder; County reserves the right to terminate any contract immediately in the event a successful bidder fails to:

A. Meet schedules;
B. Pay any required fees or taxes; or
C. Otherwise perform in accordance with the specifications.

27. Successful bidder shall defend, indemnify and save harmless County and all its elected officials, officers, agents and employees from all suits, actions, or other claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the successful bidder, or of any agent, employee, subcontractor or supplier of successful bidder in the execution of, or performance under, any contract which may result from bid award or which arises from any event or casualty happening on or within County premises themselves or happening upon or in any halls, elevators, entrances, stairways or approaches of or to such County facilities. Successful bidder shall pay any judgment with costs which may be obtained against County growing out of such injury or damages, and shall, upon request, provide a defense to County by counsel reasonably acceptable to County. Successful bidder's indemnity hereunder shall include, but is not limited to, claims relating to patent, copyright or trademark infringement, and the like, arising out of the goods and services provided by successful bidder.

28. Successful bidder shall warrant that all items/services shall conform to the specifications and/or all warranties provided under the Uniform Commercial Code and be free from all defects in material, workmanship and the like. Items supplied under a contract pursuant to this Request for Bids shall be subject to County's approval. Items found to be defective or not meeting specifications shall be replaced by successful bidder within two business days at no expense to County. Items not picked up within one (1) week after notification shall be deemed a donation to County and may be used or disposed of at County's discretion and without waiver of any other rights of County as to the item's nonconformity.

29. ***Vendors hereby assign to purchaser any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 USCA, Section 1 et. seq., and which arise under the antitrust laws of the State of Texas, Bus. & Com. Code, Section 15.01, et. seq.***

30. This document and any disputes arising hereunder shall be governed and construed according to the laws of the State of Texas, and will be performable exclusively in Hidalgo County, Texas.

31. The successful bidder shall not assign, sell, transfer or convey its rights under any awarded contract, in whole or in part, without the prior written consent of County.

Bid
for
HIDALGO COUNTY
"Lease and/or Service of Portable Toilets"
BID NO.: 2015-053-03-11-HGO

To: Martha L. Salazar, CPPB, Purchasing Agent
Hidalgo County Purchasing Department
2802 S. Bus. Hwy. 281
Edinburg, Texas 78539

In accordance with the Specifications, and subject to all laws and regulations of the United States and state and local laws, the undersigned bidder proposes and commits to furnish all labor, equipment, material, software and services as set forth in the documents hereinbefore mentioned. The undersigned bidder further agrees, upon acceptance of its bid, to execute a contract and/or Purchase Order issued by Hidalgo County for performing and completing the work described in the Specifications within the time stated and for the prices proposed in the documents attached hereto and made a part hereof.

Bidder acknowledges receipt of all of the pages of the documents referenced in the Invitation to Bid Checklist presented in connection with this procurement. Bidder understands that Hidalgo County reserves the right to reject any or all bids and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best bid.

Bidder agrees that this bid shall be good and may not be withdrawn for a period of ninety (90) calendar days after the scheduled closing time for receiving bids, as contained in the Specifications.

Respectfully submitted,

EXHIBIT "A"
Specifications/Requirements
Hidalgo County
"Lease and/or Service of Portable Toilets"
RFB No. 2015-053-03-11-HGO

I. **SCOPE OF WORK:**
Hidalgo County is seeking bids for ***"Lease and/or Service of Portable Toilets"*** in accordance with the specifications/requirements specified herein. The County's goal is to provide clean, non-offensive portable toilet units of sufficient strength and design to ensure complete user safety and privacy.

A. **SPECIFICATIONS/REQUIREMENTS:**
Performance-includes, but is not limited to the following:

1. The Contractor shall provide portable toilet rentals to be delivered and set up as requested by County through County purchase order (PO) issued by using department.

2. The Contractor shall designate a single company representative as the contact person for all equipment requests. The designated representative shall advise the County on equipment availability, shall confirm each rental, and shall schedule setup and removal of all equipment ordered under this contract.

3. The Contractor shall identify a contact person with a day and evening telephone number for emergency communications resulting from severe weather, faulty equipment, and all problems associated with the rental. If a change in the company representative occurs, the Contractor shall immediately notify Hidalgo County.

4. Hidalgo County reserves the right to inspect and approve all portable toilet units before installation and requires replacement, or removal, of portable toilet units which for any reason are not considered acceptable. All units shall be consistent in color, appearance and age. These units are for public use and must represent a positive image.

5. Contractor shall immediately replace any units determined by the County to be of unsafe or unsatisfactory condition.

6. Portable toilets shall be standard, flushable and fully stocked with appropriate supplies.

7. Each portable toilet shall display a record of service clearly identifying personnel performing service and date of service.

8. Contractor shall insure that toilet tissue will be placed in all units at the time of service.

9. All units shall be serviced by pumping, cleaning and adding new chemicals and other supplies.

10. **Each unit shall be equipped with original equipment or the manufacturers' replacement parts. Units with altered or rigged equipment will not be accepted.**

11. Each unit shall be equipped with a working lock system, an occupied/vacant indicator, and a tissue paper holder that is firmly attached to the unit per manufacturers' specification. The seat cover shall be hinged and in working order. All other equipment shall be in working order.

12. The equipment shall meet or exceed all applicable health and safety standards.

13. The equipment shall be subject to crowd traffic and must withstand heavy use.

14. Contractor shall notify County immediately in the case of vandalized unit(s) and vice versa.

15. Contractor shall be responsible for any repair/replacement of unit(s) in the event of damage or loss due

to vandalism.

16. Portable toilet units shall be constructed of modern materials that are extremely tough and resist cracking and breaking in extreme heat. Additionally, they shall be impact resistant and bend without breaking to minimize damage of handling and vandalism.

17. Design of the units shall be of modular design to facilitate on-site replacement of components and minimize maintenance or replacement down time.

18. Minor repairs of units will be made on site when possible. Any unit which cannot be repaired on site must be exchanged within 48 hours.

19. Units which have been overturned shall be righted by the Contractor at no charge to the County.

20. Interior space shall provide maximum user comfort, sufficient to facilitate tall people, older people and parents with children.

21. Odor free design, the receptacle tank shall be designed to control spillage, leakage and entrap odors. The unit's interior shall be vented sufficiently to assure that the unit is non-offensive.

22. Types of units to be quoted include:

    a. Regular Unit – Portable single toilet

    b. Handicap Accessible Unit – Portable, single toilet, to be accessible per the Americans with Disabilities Act (ADA) regulations.

    c. Trailer Mobile Single Toilet Unit

    d. Hand Washing Stations

    ALL UNIT PRICES ARE TO BE QUOTED WITH ALL DELIVERY, SET-UP, SUPPLIES AND WASTE DISPOSAL CHARGES INCLUDED.

23. Contractor shall accept full responsibility for the installation and efficient operation of all equipment used.

24. Contractor shall provide an adequate number of personnel to properly service all units.

25. Contractor shall not permit disorderly conduct or violation of any ordinances of the County or Cities in the County or of any State or Federal Law, or of a sort likely to bring discredit upon County.

26. Contractor's employees shall at all times be polite and courteous in the dealings with patrons of County.

SERVICE ON COUNTY OWNED PORTABLE TOILETS

Contractor shall service by pumping, cleaning and adding new chemicals to six (6) portable toilets, already owned by County, and any additionally acquired portable toilets on an as needed basis.

REQUIREMENTS, TERMS & CONDITIONS

1. Awarded vendor or vendors shall provide services for one year (1) with the County of Hidalgo Contract. Hidalgo County reserves the right to extend the contract for one (1) additional year, under agreement with the same terms and conditions. No bid price increase, otherwise same price for any extension to remain firm.

2. **Hidalgo County** reserves the right to continue this bid for additional sixty (60) days Grace period at the end of the contract term for unforeseen delay in award of new bid for next contract term.

3. The contract shall remain in effect until contract expires, delivery/completion of services ordered or terminated by Hidalgo County with a thirty (30) day written notice prior to any cancellation.

4. **Hidalgo County** reserves the right to award the bid to MULITPLE bidders if the County determines it is in its best interest to do so.

5. **Hidalgo County** reserves the right to reject any or all bids submitted, if it is in the best interest to do so.

6. The awarded vendor will maintain all insurance requirements and its limits throughout the agreement term, as described and listed in Exhibit "C" Insurance requirements.

MINIMUM STANDARDS FOR RESPONSIBLE PROSPECTIVE BIDDERS:

A prospective bidder must affirmatively demonstrate their responsibility and must meet the following requirements:

1) Have adequate financial resources, or the ability to obtain such resources as required;
2) Be able to comply with the required or proposed delivery schedule;
3) Have a satisfactory record of performance;
4) Have a satisfactory record of integrity and ethics;
5) Be otherwise qualified and eligible to receive an award.

County may request representation and other information sufficient to determine bidders' ability to meet these minimum standards listed above.

INSTALLATION and REMOVAL:

1. Portable toilets will be installed at locations designated by County; however, title ownership of each unit shall be retained by the Contractor, who shall be responsible for the unit(s) at all times and in all respects. Hidalgo County will not own the unit(s) in conjunction with this contract. Contractor shall bear all costs to deliver, install, stock, maintain, repair, service and remove all unit(s) placed under this contract, including replacement unit(s).

BID AWARD:

Award of contract shall be made to most responsible, responsive bidder, whose offer is determined to be the best value, taking into consideration the relative importance of price. Hidalgo County reserves the right to be the sole judge as to whether items bid will serve the purpose intended. Hidalgo County reserves the right to accept or reject in part or in whole any bid submitted, and to waive any technicalities or informalities for the best interest of the County. Hidalgo County reserves the right to award based upon individual line items, sections or total bid.

PERFORMANCE OF CONTRACT:

County reserves the right to enforce the performance of this contract in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default or resulting contract award.

OTHER TERMS & CONDITION AND REQUIREMENTS:

1) Hidalgo County reserves the right to seek state contracts from its memberships with their existing or new co-operatives whenever it is in the County's best interest to do so.

2) Any contract awarded to a successful bidder will be in effect until;
   1.) The contract expires
   2.) Delivery acceptance of products and/or performance of services ordered, or
   3.) Terminated by County with thirty (30) day's written notice prior to cancellation.

Market Volatility and Unit Price Adjustments:

Hidalgo County recognizes that during periods of national crisis and unstable economic conditions, unforeseen price increases might affect costs for goods and services contracted on an annual basis. The following procedure may be employed to mediate price volatility:

Requesting Price Adjustment: Upon written request of the Vendor to the County Purchasing Agent, the County may review evidence of prevailing industry-wide market conditions that warrant an adjustment in bid prices contained in the contract.

A Vendor must tie any price change clause to an industry-wide or otherwise national recognized index, or some other form of verifiable document. Such written request must be accompanied by a certified copy of the supplier's advisory or notification to the vendor of the price changes.

- The Vendor must put the Purchasing Agent on the mailing lists for such publications so that the Purchasing Agent can monitor said changes. Such membership shall be at no cost to the County.

- The County Purchasing Agent retains the right to determine whether or not such proposed price changes are in the best interest of the County.

- No price escalation will be authorized in excess of the amount of the increase referred to in the supplier's notice.

- The County may only grant a price increase if the evidence presented is deemed reliable. Should the County allow a price increase, the approved price change shall be honored for all orders received by the vendor or contractor after the effective date of such price change. Approved price changes are not applicable to orders already issued and in process at time of price change.

- **Price Reduction**: Vendor shall notify the County at the time when the Vendor's costs for items and/or supplies reduce due to stabilization in the market at which time prices for items on this contract shall be reduced accordingly. Failure by the Vendor to notify the County of a decrease in costs for items and/or supplies for which the Vendor was granted a price adjustment, may result in immediate termination of this contract and the County shall not be obligated to pay the Vendor the difference between the contract price and the price adjustment.

- **Time Frame for Adjusted Price Increases:** Price increases are only valid for the quarter in which they are requested and approved. Prices shall return to the original contract price at the beginning of the following quarter unless a Vendor notifies the County in writing within ten (10) days of expiration of the quarter in which the price increase is in effect, that it desires to have the price increase continue or that the Vendor is requesting a different price increase for the following quarter. Such request must be supplemented with sufficient justification to demonstrate that the price increase remains necessary. The County Purchasing Department shall have sole discretion whether to grant the price increase extension. The County too, shall have discretion to unilaterally reduce, eliminate or extend a price adjustment to the Vendor at any time upon written notice from the County to the Vendor demonstrating justification for such reduction, elimination or extension of the price adjustment.

- **Allowable Review Periods**: Price adjustment reviews may only be requested by the Vendor on a quarterly basis. However, the County may at its own discretion, conduct temporary price adjustment reviews at any time. The County Purchasing Agent and/or the County Auditor reserve the right to audit and/or examine any pertinent books, documents, papers, records or invoices relating directly to the contract transaction in question after reasonable notice and during normal business hours.

- **Dollar Limit to Price Changes**: The total increase in contract price shall not exceed twenty-five percent (25%) of the original contract price during the contract term.

ADDITIONAL INFORMATION/QUESTIONS TO TERMS AND CONDITIONS:

1) Hidalgo County is requesting that any and all questions, inquires and clarifications regarding quotes, bids, proposals or statements of qualifications be addressed to Martha L. Salazar, CPPB, Purchasing Agent, Attn: Heidi Ortiz, 2812 South Business Hwy. 281, Edinburg, Tx 78539. TELEPHONE INQUIRIES WILL NOT BE ACCEPTED.

2) ALL WRITTEN INQUIRIES WILL BE ACCEPTED VIA FACSIMILE to (956) 292-7612 and/or e-mail to heidi.ortiz@co.hidalgo.tx.us by no later than **March 4, 2015 by 5:00 p.m.** Responses to said inquiries will be sent to all applicants via facsimile or e-mail by no later than **March 6, 2015 by 5:00 p.m.**

3) All costs and expenses associated with the preparation and submission of (bids, proposals and/or quotes) shall be the responsibility of the bidder and no reimbursements for such charges or expenses shall be passed onto Hidalgo County.

Insurance Requirements
Applicable to the Acquisition of Goods and /or Services
(other than Professional Services)

The Bidder awarded the contract shall furnish proof of insurance, which will also include any subcontractor that is subcontracted by the bidder in at least the following limits, to be in place prior to providing any services under this Contract and to continue at all times in force in effect during the term of this Contract:

1. A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability insurance policy providing additional coverage to all underlying liabilities of County.

2. Automobile liability insurance policy with limits of at least Three Hundred Thousand Dollars ($300,000.00) per person and Five Hundred Thousand Dollars ($500,000.00) per occurrence. Coverage should include injury to or death of persons and property damage claims with limits up to Five Hundred Thousand ($500,000.00) arising out of the services provided to County hereunder.

3. Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

4. Workers compensation insurance in amounts established by Texas law, unless the Bidder is specifically exempted from the Texas Workers Compensation Act, Texas Labor Code Chapter 401, et. seq.

Hidalgo County will only accept certificates of insurance on an Acord form (as attached hereto). Certificates of insurance naming County as an **additional insured** shall be submitted to County for approval prior to any services being performed by Contractor. Each policy of insurance required hereunder shall extend for a period equivalent to, or longer than the term of the Contract, and any insurer hereunder shall be required to give at least thirty (30) days written notice to the County prior to the cancellation of any such coverage on the termination date, or otherwise. This Contract shall be automatically suspended upon the cancellation, or other termination, of any required policy of insurance hereunder, and such suspension shall continue until evidence adequate replacement coverage is provided to County. If replacement coverage is not provided within thirty (30) days following suspension of the Contract, this Contract shall automatically terminate.

CONFLICT OF INTEREST QUESTIONNAIRE — FORM CIQ

For vendor or other person doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 1491, 80th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code by a person who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the person meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the person becomes aware of facts that require the statement to be filed. *See* Section 176.006, Local Government Code.

A person commits an offense if the person knowingly violates Section 176.006, Local Government Code. An offense under this section is a Class C misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of person who has a business relationship with local governmental entity.**

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.**

(The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date the originally filed questionnaire becomes incomplete or inaccurate.)

3 **Name of local government officer with whom filer has employment or business relationship.**

_____
Name of Officer

This section (item 3 including subparts A, B, C & D) must be completed for each officer with whom the filer has an employment or other business relationship as defined by Section 176.001(1-a), Local Government Code. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer named in this section receiving or likely to receive taxable income, other than investment income, from the filer of the questionnaire?

☐ Yes ☐ No

B. Is the filer of the questionnaire receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer named in this section AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

C. Is the filer of this questionnaire employed by a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership of 10 percent or more?

☐ Yes ☐ No

D. Describe each employment or business relationship with the local government officer named in this section.

HISTORICALLY UNDERUTILIZED BUSINESS (HUB) DECLARATION

The primary objective of the Hidalgo County HUB Program is to ensure Historically Underutilized Businesses receive a fair and equal opportunity for participation in the County's procurement process. This fact holds true for Services (Professional & Non-Professional), Commodities, and Construction contracts and any subcontracts thereto. The program strongly encourages Prime Contractors to provide subcontracting opportunities to Certified Hub Contractors/Vendors. Our goal for HUB contractor/vendor participation, as well as HUB subcontractor participation is 30%. To be considered as a "Certified HUB Contractor/Vendor" the contractor/vendor must have been certified by, and hold a current and valid certification with any of the three agencies listed below.

Form **W-9**
(Rev. January 2011)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

Name (as shown on your income tax return)

Business name/disregarded entity name, if different from above

Check appropriate box for federal tax classification (required): ☐ Individual/sole proprietor ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

☐ Other (see instructions) ▶

☐ Exempt payee

Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

City, state, and ZIP code

List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the "Name" line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Social security number

			–		–				

Employer identification number

		–							

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 4.

Sign Here Signature of U.S. person ▶ Date ▶

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the Instructions below and the separate Instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA) name" on the "Business name/disregarded entity name" line.

Disregarded entity. Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

Note. Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/ disregarded entity name" line.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the "Business name/ disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over $600 required to be reported and direct sales over $5,000 [1]	Generally, exempt payees 1 through 7 [2]

[1] See Form 1099-MISC, Miscellaneous Income, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at *www.ssa.gov*. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/businesses* and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: *A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.*

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt Payee* on page 3.

Signature requirements. Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account)	The actual owner of the account or, if combined funds, the first individual on the account [1]
3. Custodian account of a minor (Uniform Gift to Minors Act)	The minor [2]
4. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee [1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner [1]
5. Sole proprietorship or disregarded entity owned by an individual	The owner [3]
6. Grantor trust filing under Optional Form 1099 Filing Method 1 (see Regulation section 1.671-4(b)(2)(i)(A))	The grantor*
For this type of account:	**Give name and EIN of:**
7. Disregarded entity not owned by an individual	The owner
8. A valid trust, estate, or pension trust	Legal entity [4]
9. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
10. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
11. Partnership or multi-member LLC	The partnership
12. A broker or registered nominee	The broker or nominee
13. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
14. Grantor trust filing under the Form 1041 Filing Method or the Optional Form 1099 Filing Method 2 (see Regulation section 1.671-4(b)(2)(i)(B))	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name and you may also enter your business or "DBA" name on the "Business name/disregarded entity" name line. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.) Also see *Special rules for partnerships* on page 1.

*Note. Grantor also must provide a Form W-9 to trustee of trust.

Note. If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: *spam@uce.gov* or contact them at *www.ftc.gov/idtheft* or 1-877-IDTHEFT (1-877-438-4338).

Visit IRS.gov to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

Certification
Regarding Debarment, Suspension and Ineligibility

As is required by the Federal Regulations Implementing Executive Order 12549, Debarment and Suspension, 45 CFR Part 76, Government-wide Debarment and Suspension, the applicant certifies, to the best of his or her knowledge and belief, that both it and its principals:

a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency;

b. Have not within a three-year period preceding this bid proposal and/or application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract under a public transaction, violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

c. Are not presently indicted for or otherwise criminally or civilly charged by a government entity with commission of any of the offenses enumerated herein; and

d. Have not within a three-year period preceding this bid proposal and/or application had one or more public transactions terminated for cause or default.

Signature:_____
Print Name:_____
Title:_____
Telephone Number:_____
Date:_____

If the bidder is unable to certify to all of the statements in this Certification, such bidder should attach an explanation to this proposal.

THE STATE OF TEXAS §
§
COUNTY OF HIDALGO §

SERVICE CONTRACT
C-15-053-00-00

THIS CONTRACT is made and entered into this Anyday day of Any Month ,Year by and between the **County of Hidalgo, Texas** ("County"), and _____ ("Company").

WHEREAS, Company responded to request for bids for the "Lease and/or Service of Portable Toilets" (the "Services"); and

WHEREAS, Company submitted a bid to provide services in accordance with the specifications as bid, a copy of Request for Bid (RFB) Procurement Packet being attached hereto as Exhibits "A" (the "RFB") and Exhibit "B" respectively, and incorporated herein for all purposes (the "Bid Page"); and

WHEREAS, in recognition of and in consideration of Company's agreement to perform the Services in accordance with RFB Packet, the Commissioners Court of County awarded the bid to Company.

NOW, THEREFORE, in mutual consideration of the foregoing and the further consideration of the following, the parties hereto agree as follows:

1. County and Company hereby agrees that this Contract is entered into in order to provide the Services to **Hidalgo County**. This Contract does not extend to any third parties any duties or benefits conferred in any manner hereunder or otherwise.

2. Company hereby promises and agrees to render and provide, during the term of this Contract, and shall be obligated to render and provide the Services in accordance with the RFB Packet within **Hidalgo County** following a request for Services by the **County** or its designated agent. Company agrees in performing the Services that it will use proper professional

DRAFT

standards, comply with any and all appropriate laws and regulations in providing the Services, and devote such time as is necessary to safely and efficiently provide the Services.

3. This Contract shall be for a period of one (1) year , **(on an as needed basis),** commencing on Month day , year and expiring on month day, year and may be extended at the sole discretion of the County for an additional one (1) year term under the same rates, terms and conditions. Hidalgo County also reserved the right to continue this sealed bid for an additional sixty (60) day grace period at the end of the contract term for unforeseen delay of award for the next term and contingent upon cost remaining unchanged.

4. As a condition of this Contract, Company shall hold and maintain throughout the term of this Contract all licenses and permits required, or which may be required by any authority during the term hereof to provide the Services.

5. All trucks or vehicles operated by the Company to perform the Services shall contain all equipment required by any authority to operate on streets and roads and all persons in the employ of Company who operate such trucks or vehicles shall have the required licenses, qualifications, skill and expertise to perform such Services and shall comply with all laws, rules and regulations prescribed by any agency or authority having jurisdiction with regard to the operation of such trucks or vehicles in providing the Services.

6. As consideration for rendering the Service provided for in this Contract, the County agrees to pay Company the amounts specified in Exhibit "B" attached hereto payable against written invoice submitted by Company.

7. Company shall provide insurance in force on all its vehicles and all persons connected with providing services under this Contract naming County as an additional insured (with the coverages and in the amounts described on Exhibit "C" attached hereto and

DRAFT

incorporated herein at this point for all purposes), and shall furnish to County certificates of such insurance coverage.

8. Company shall provide a sufficient number of trucks, vehicles, personnel and equipment available to safely and efficiently provide the Services.

9. Company shall indemnify and hold harmless County, its elected officials, employees and agents from any and all claims, damages, losses, and expenses including attorney's fees for the defense of any action against County arising out of, resulting from, or connected with the provision of the Service by Company under this Contract. Said indemnity shall cover any act or failure to act by the Company, its agents or employees.

10. This Contract shall not be assignable in whole or in part by either party without prior written consent of the other party.

11. It is expressly agreed that this Contract and the performance by the parties hereunder does not create any agency relationship or master-servant relationship that County has no supervision of the performance of the Services provided by Company, and that Company is an independent contractor under this Contract.

12. Any notice required or permitted to be given hereunder shall be in writing and shall be delivered personally or sent by certified mail, postage prepaid, as set forth below:

If to County: **The County of Hidalgo**
Attn: County Judge
100 E. Cano
Edinburg, Texas 78539

If to Company: _____

13. In case any one or more of the provisions contained in this Agreement shall for

DRAFT

any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

14. This Agreement may be terminated by County without cause upon thirty (30) days written notice.

15. This Agreement shall be binding upon and inure to the benefit of and be enforceable by the parties hereto and their respective heirs, executors, administrators, legal representatives, successors, and assigns where permitted by this Agreement.

16. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas and shall be performable in Hidalgo County.

17. **Commitment of Current Revenues Only.** In the event that, during any term hereof, the Commissioners Court does not appropriate sufficient funds to meet the obligations of Buyer under this Agreement, Buyer may terminate this Agreement upon ninety (90) days written notice to Seller. Buyer agrees, however, to use reasonable efforts to secure funds necessary for the continued performance of this Agreement. The parties intend this provision to be a continuing right to terminate this Agreement at the expiration of each budget period of Buyer pursuant to the provisions of Tex. Loc. Govt. Code Ann. ' 271.903 (Vernon Supp. 1996).

18. **Entire Agreement.** This Agreement contains the entire contract between the parties hereto, and each party acknowledges that neither has made (either directly or through any agent or representative) any representation or agreement in connection with this Agreement not specifically set forth herein. This Agreement may be modified or amended only by agreement in writing executed by the parties hereto, and not otherwise.

DRAFT

19. **Immunities.** Nothing in this Agreement is intended to and County does not hereby waive, release or relinquish any right to assert any of the defenses County enjoys by virtue of the state or federal constitution, laws, rules or regulations, and any sovereign, official or qualified immunity available to County as to any claim or action of any person, entity, or individual against County.

b. The last paragraph of subsection **2. Exclusions** is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by fire, lightning, explosion, smoke or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to Damage To Premises Rented To You as described in **Section III - Limits Of Insurance.**

2. Paragraph **6.** under **Section III - Limits Of Insurance** is replaced by the following:

6. Subject to Paragraph **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage **A** for damages because of "property damage" to:

a. Any one premise:

(1) While rented to you; or

(2) While rented to you or temporarily occupied by you with permission of the owner for damage by fire, lightning, explosion, smoke or leakage from automatic protection systems; or

b. Contents that you rent or lease as part of a premises rental or lease agreement.

3. As regards coverage provided by this provision **D. EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage)** - Paragraph **9.a.** of **Definitions** is replaced with the following:

9.a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire, lightning, explosion, smoke, or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with the permission of the owner, or for damage to contents of such premises that are included in your premises rental or lease agreement, is not an "insured contract".

E. **MEDICAL PAYMENTS EXTENSION**

If **Coverage C Medical Payments** is not otherwise excluded, the Medical Payments provided by this policy are amended as follows:

Under Paragraph **1. Insuring Agreement** of **Section I - Coverage C - Medical Payments,** Subparagraph **(b)** of Paragraph **a.** is replaced by the following:

(b) The expenses are incurred and reported within three years of the date of the accident; and

F. **EXTENSION OF SUPPLEMENTARY PAYMENTS - COVERAGES A AND B**

1. Under **Supplementary Payments - Coverages A** and **B,** Paragraph **1.b.** is replaced by the following:

b. Up to **$3,000** for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

2. Paragraph **1.d.** is replaced by the following:

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to **$500** a day because of time off from work.

G. **ADDITIONAL INSUREDS - BY CONTRACT, AGREEMENT OR PERMIT**

1. Paragraph **2.** under **Section II - Who Is An Insured** is amended to include as an insured any person or organization whom you have agreed to add as an additional insured in a written contract, written agreement or permit. Such person or organization is an additional insured but only with respect to liability, for "bodily injury", "property damage" or "personal and advertising injury" caused in whole or in part by:

a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your on going operations for the additional insured that are the subject of the written contract or written agreement provided that the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" is committed, subsequent to the signing of such written contract or written agreement; or

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Premises or facilities rented by you or used by you; or

c. The maintenance, operation or use by you of equipment rented or leased to you by such person or organization; or

d. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit subject to the following additional provisions:

(1) This insurance does not apply to "bodily injury", "property damage", or "personal and advertising injury" arising out of the operations performed for the state or political subdivision;

(2) This insurance does not apply to "bodily injury" or "property damage" included within the "completed operations hazard".

(3) Insurance applies to premises you own, rent, or control but only with respect to the following hazards:

(a) The existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners, or decorations and similar exposures; or

(b) The construction, erection, or removal of elevators; or

(c) The ownership, maintenance, or use of any elevators covered by this insurance.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

With respect to Paragraph **1.a.** above, a person's or organization's status as an additional insured under this endorsement ends when:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

With respect to Paragraph **1.b.** above, a person's or organization's status as an additional insured under this endorsement ends when their written contract or written agreement with you for such premises or facilities ends.

With respects to Paragraph **1.c.** above, this insurance does not apply to any "occurrence" which takes place after the equipment rental or lease agreement has expired or you have returned such equipment to the lessor.

The insurance provided by this endorsement applies only if the written contract or written agreement is signed prior to the "bodily injury" or "property damage".

We have no duty to defend an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured as required In Paragraph **b.** of Condition **2. Duties In the Event Of Occurrence, Offense, Claim Or Suit** under **Section IV - Commercial General Liability Conditions.**

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. With respect to the insurance provided by this endorsement, the following are added to Paragraph **2. Exclusions** under **Section I - Coverage A - Bodily Injury And Property Damage Liability:**

This insurance does not apply to:

a. "Bodily injury" or "property damage" arising from the sole negligence of the additional insured.

b. "Bodily injury" or "property damage" that occurs prior to you commencing operations at the location where such "bodily injury" or "property damage" occurs.

c. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

d. "Bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

e. Any person or organization specifically designated as an additional insured for ongoing operations by a separate **ADDITIONAL INSURED -OWNERS, LESSEES OR CONTRACTORS** endorsement issued by us and made a part of this policy.

3. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the contract or agreement; or

b. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declaratio ns.

H. PRIMARY AND NON-CONTRIBUTORY ADDITIONAL INSURED EXTENSION

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

Condition **4. Other Insurance of SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

a. The following is added to Paragraph **a. Primary Insurance:**

If an additional insured's policy has an Other Insurance provision making its policy excess, and you have agreed in a written contract or written agreement to provide the additional insured coverage on a primary and noncontributory basis, this policy shall be primary and we will not seek contribution from the additional insured's policy for damages we cover.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The following is added to Paragraph **b. Excess Insurance:**

When a written contract or written agreement, other than a premises lease, facilities rental contract or agreement, an equipment rental or lease contract or agreement, or permit issued by a state or political subdivision between you and an additional insured does not require this insurance to be primary or primary and non-contributory, this insurance is excess over any other insurance for which the additional insured is designated as a Named Insured.

Regardless of the written agreement between you and an additional insured, this insurance is excess over any other insurance whether primary, excess, contingent or on any other basis for which the additional insured has been added as an additional insured on other policies.

I. ADDITIONAL INSUREDS - EXTENDED PROTECTION OF YOUR "LIMITS OF INSURANCE"

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

1. The following is added to Condition **2. Duties In The Event Of Occurrence, Offense, Claim or Suit:**

   An additional insured under this endorsement will as soon as practicable:

   a. Give written notice of an "occurrence" or an offense that may result in a claim or "suit" under this insurance to us;

   b. Tender the defense and indemnity of any claim or "suit" to all insurers whom also have insurance available to the additional insured; and

   c. Agree to make available any other insurance which the additional insured has for a loss we cover under this Coverage Part.

   d. We have no duty to defend or indemnify an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured.

2. The limits of insurance applicable to the additional insured are those specified in a written contract or written agreement or the limits of insurance as stated in the Declarations of this policy and defined in **Section III - Limits of Insurance** of this policy, whichever are less. These limits are inclusive of and not in addition to the limits of insurance available under this policy.

J. WHO IS AN INSURED - INCIDENTAL MEDICAL ERRORS / MALPRACTICE
WHO IS AN INSURED - FELLOW EMPLOYEE EXTENSION - MANAGEMENT EMPLOYEES

Paragraph **2.a.(1)** of **Section II - Who Is An Insured** is replaced with the following:

(1) "Bodily injury" or "personal and advertising injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1) (a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs **(1) (a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services. However, if you are not in the business of providing professional health care services or providing professional health care personnel to others, or if coverage for providing professional health care services is not otherwise excluded by separate endorsement, this provision (Paragraph **(d)**) does not apply.

Paragraphs **(a)** and **(b)** above do not apply to "bodily injury" or "personal and advertising injury" caused by an "employee" who is acting in a supervisory capacity for you. Supervisory capacity as used herein means the "employee's" job responsibilities assigned by you, includes the direct supervision of other "employees" of yours. However, none of these "employees" are insureds for "bodily injury" or "personal and

P. EXTENDED PROPERTY DAMAGE

Exclusion a. of **COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY** is replaced by the following:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

Q. WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - WHEN REQUIRED IN A CONTRACT OR AGREEMENT WITH YOU

Under **Section IV - Commercial General Liability Conditions,** the following is added to Condition **8. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against a person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard" provided:

1. You and that person or organization have agreed in writing in a contract or agreement that you waive such rights against that person or organization; and
2. The injury or damage occurs subsequent to the execution of the written contract or written agreement.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 Name of vendor who has a business relationship with local governmental entity.

Anrige Inc DBA: A Clean Portoco

2 ☐ Check this box if you are filing an update to a previously filed questionnaire. (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 Name of local government officer about whom the information is being disclosed.

N/A

Name of Officer

4 Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.

N/A

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.

N/A

6 N/A ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

7 Signature of vendor doing business with the governmental entity

LIST OF ATTACHMENTS

EXHIBIT "A" - Services to be Provided by the Owner
EXHIBIT "B" - Services to be Provided by the Laboratory
EXHIBIT "C" - Work Schedule
EXHIBIT "D" - Cost Proposal

EXHIBIT A

-Scope of Services to be provided by the County

The following provides an outline of the services to be provided by the Owner in the development of Projects (as defined and more particularly identified in Exhibit "A" attached to this Agreement).

General:

The Owner will provide to the Laboratory the following:

1) Provide the authorization to proceed with services through coordination with the project consulting and design Laboratory.
2) Payment for work performed by the Laboratory and accepted by the Owner in accordance with Article 3 of this Agreement.
3) Assistance to the Laboratory, as necessary, to obtain the required data and information from other local, regional, State and Federal agencies the Laboratory cannot easily obtain.
4) Provide any available relevant data the Owner may have on file concerning the projects.
5) Provide timely review and decisions in response to the Laboratory's request for information and/or required submittals and deliverables, in order for the Laboratory to maintain the agreed upon work schedule prepared in accordance with Exhibit "A" attached to this Agreement.
6) Attend and participate in progress meetings as required and as coordinated and conducted by Laboratory.
7) Provide the authorization to proceed with services on project by project basis through consulting design and construction Laboratory.

EXHIBIT B

-Scope of Services to be provided by the Laboratory

Exhibit "B"

Services to be Provided by Laboratory

The services to be provided by the LABORATORY in providing Geotechnical Laboratory Services, Construction Materials Testing Services, Construction Observation Services and Environmental Services for Hidalgo County Precinct No. 1 Projects, **"ON A AS NEEDED BASIS"** and projects is as follows:

A. Preliminary Phase:

(1) Attend preliminary conferences with the OWNER and, if requested, with the funding agency and other government agencies or interested parties regarding the Project.
(2) Provide for the necessary geotechnical investigation and testing necessary to develop the design.
(3) Provide environmental studies as may be necessary to complete a project.
(4) Provide assistance to the OWNER in providing material requirements and specifications for design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, and maintenance projects.
(7) Provide assistance to the OWNER in providing pavement condition studies.

B. Design Phase:

(1) Attend the OWNER'S and respective Party's meeting as requested for the purpose of explaining geotechnical investigation report recommendations and preliminary testing results and their impact to proposed design activities.
(2) Perform any additional geotechnical investigations, testing and environmental studies necessary to collect information required in the design of the Project.
(3) Provide assistance to the OWNER in providing material requirements and specification for design, construction and maintenance projects.
(4) Provide assistance to the OWNER in providing pavement design recommendations for the design, construction and maintenance projects.
(5) Provide assistance to the OWNER in providing pavement rehabilitation recommendations for the design, construction and maintenance projects.
(6) Provide assistance to the OWNER in providing pavement condition studies.
(7) Furnish the OWNER all necessary reports for preliminary design, design, construction and maintenance projects.

C. Construction/Maintenance Phase:

(1) Attend the OWNER'S and respective Party's pre-construction and construction meetings as requested for the purpose of explaining geotechnical investigation report recommendation and preliminary testing results and their impact to proposed construction activities and establish coordination and lines of communication for proposed construction materials testing during construction activities.
(2) Consult and advise with the OWNER during construction.

(3) Provide construction materials testing for construction and maintenance projects as required by the project plans and specifications and/or specified by the project design engineer.
(4) Review all material designs as requested by the OWNER and/or project design engineer.
(5) Furnish the OWNER all necessary reports for construction and maintenance projects.
(6) Provide construction inspection services as requested by the OWNER on construction and maintenance projects.

D. Miscellaneous/Other:

(1) Act for OWNER in professional manner, using that degree of care and skill ordinarily exercised by and consistent with the standards of the profession.
(2) Perform all technical services under the general direction of a Licensed Professional Laboratory in the State of Texas and in substantial accordance with the basic requirements of the appropriate Standards of the American Society of Testing and Materials, where applicable, or other standards designated by County.
(3) Employ testing machines which have been calibrated within a period not exceeding twelve (12) months from the time of use by devised of accuracy traceable to the National Institute of Standards and Technology (NIST) of the United States Department of Commerce, and, upon request, submit to the OWNER or its authorized representative documentation of such calibration.
(4) Promptly submit formal construction materials testing reports for all tests, observations, and services performed indicating where applicable, compliance with OWNER specifications or other documents. Such reports shall be completed and factual, citing the tests performed, methods employed, values obtained, parts of the structure and location at which the tests were made.
(5) The plans and specifications prepared under this Agreement shall become the property of the OWNER upon completion of the work and payment in full of all monies due to the Laboratory.
(6) Retain all pertinent records relating to the services performed for a period of five (5) years following submission of all reports, during which period the records will be made available to the Owner within a reasonable time.

NOTE: Change in and/or additional services to Scope will require prior approval from OWNER prior to undertaking.

EXHIBIT C

Work Schedule

REQUEST FOR
SEALED BIDS (RFB)

TO SUPPLY HIDALGO COUNTY with sealed bids for the following Construction Project:

Request for Sealed Bids (RFB)	2015-367-12-02-MSS	-HIDALGO COUNTY PRECINCT NO. 2- "Eldora Road Improvements (from I Road to Raul Longoria Road)."

PROCUREMENT PACKETS. Interested contractors may obtain bid packets at project engineer's office: **Hidalgo County Drainage District Office, Nora D Cavazos, 902 N. Doolittle Road, Edinburg, TX 78539, Ph. (956) 292-7080.**

PRE-BID CONFERENCE is scheduled for **Monday, November 23, 2015 at 3:00 P.M.** at HIDALGO COUNTY PURCHASING DEPARTMENT CONFERENCE ROOM-2802 S. Business Hwy 281, Edinburg, TX 78539

A BIDDER'S BOND from a reliable surety company licensed to operate in the State of Texas or certified Cashier's Check, payable without recourse to the County of Hidalgo, for the amount of not less than **5%** of the total bid shall accompany the bid as guaranty that, if awarded the contract, the bidder will enter into a contract with the County of Hidalgo. A Payment Bond is required in the amount of one hundred percent (100%) of the Contract Amount, if the contract exceeds $25,000. A Performance Bond is required in the amount of one hundred percent (100%) of the Contract Amount, if the contract exceeds $100,000.

UPON SUBMITTING SEALED BID, bidders are required to properly identify (handwritten, typed or printed) sealed envelope and/or packet with Bidders' name and address on the upper left hand corner of the sealed envelope and/or package and **Bid No. and project name** on the lower left hand corner of sealed envelope/and or packet. **OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE.**

The sealed bid must contain one (1) original and three (3) copies of bid and must be clearly identified and addressed for delivery to:

Martha L. Salazar, CPPB, Hidalgo County Purchasing Agent
Hidalgo County Purchasing Department

US Postal Mail/Courier Address: Hidalgo County New Administration Building, 2812 S. Business Hwy 281, Edinburg, TX 78539
Physical Location: Hidalgo County New Administration Building, 2802 S. Business Hwy. 281 (Southeast of Canton Rd & Business Hwy 281) Edinburg, TX

BIDS ACCEPTANCE: Sealed bids will be accepted until **3:00 p.m. on Wednesday, December 02, 2015** at which time they will be opened in the Hidalgo County Purchasing Department Conference Room at **Physical Location: 2802 S. Business Hwy 281, Hidalgo County New Administration Building, Edinburg, Texas 78539.** NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY BID RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED.

Attention is called to the fact that not less than, the most current federally determined prevailing **(Davis-Bacon and Related Acts)** wage rate, as issued and contained in the contract documents, must be paid on this project. In addition the successful bidder must ensure that employees and applicants for employment are not discriminated against because of race, color, religion, sex, age, disability or national origin.

BIDS MAY BE HELD by the County of Hidalgo for a period not to exceed ninety (90) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of bidders, prior to awarding of the contract.

Typed-written RFI's shall be sent to Engineer. Please follow with a call to confirm receipt of RFI. RFI's will not be answered by phone. NO HAND WRITTEN RFI'S will be answered. All inquiries shall be forwarded by November 24, 2015. Inquiries beyond this date will not be responded. Contact project engineer for copies of Addenda.

The County reserves the right to refuse and reject any/all bids and to waive any/all formalities or technicalities, or to accept the bid considered the best and most advantageous to the County. By order of the Commissioners' Court of the County of Hidalgo, Texas.

BY ORDER OF THE COMMISSIONERS COURT OF HIDALGO COUNTY, TEXAS on this the 10th day of November 2015.

MARTHA L. SALAZAR, CPPB
HIDALGO COUNTY PURCHASING AGENT

1. Sealed bids will be received for **"HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** in accordance with the specifications attached as Exhibit "A" hereto. Bids should address all specifications set forth. Bidders may suggest substitutions of features which they feel would be in the best interest of Hidalgo County ("County"). Strong rationale must be presented for any deviation from the specifications. Hidalgo County reserves the right to reject the deviation and its effect on the overall bid.

2. One (1) original and three (3) copies of all bids are required with the bidders name and return address clearly typed/printed on upper left hand corner and the proper notation clearly typed/printed on the lower left hand corner of the envelope and/or package: **"BID-2015-637-12-02-MSS - "HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** and in County's Purchasing Department, physical address: 2802 S. Business Hwy 281, mailing address 2812 S. Business 281 New Administration Building,, Edinburg, Texas, **on or before 3:00 p.m., WEDNESDAY, DECEMBER 02, 2015.**

   NO FACSIMILES OR LATE ARRIVALS WILL BE ACCEPTED. ANY RFB RECEIVED AFTER THAT TIME WILL NOT BE OPENED AND WILL BE RETURNED. OVERNIGHT MAIL MUST ALSO BE PROPERLY LABELED ON THE OUTSIDE OF EXPRESS ENVELOPE OR PACKAGE WITH REFERENCE TO "REQUEST FOR BIDS – 2015-637-12-02-MSS - HIDALGO COUNTY PRECINCT NO. 2 – ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)".

   WRITTEN QUESTIONS WILL BE ACCEPTED. Written RFI's shall be sent to the office of project engineer: Jose Noe Saldivar, P.E., to the attention of, Nora D Cavazos at nora.cavazos@hcdd1.org . Please call 956-292-7080 to confirm receipt RFI. RFI's will not be answered by phone. NO HAND WRITTEN RFI'S will be answered. All inquiries shall be forwarded by November 24, 2015. Inquiries beyond this date will not be responded. Contact project engineer for copies of Addenda. All bidders who paid a deposit will be required to return Addenda as part of the Construction Documents in order to receive full deposit refund.

   Hidalgo County reserves the right to refuse and reject any/all RFB and to waive any/all formalities or technicalities, or to accept the RFB considered the best and most advantageous to Hidalgo County

3. Hidalgo County reserves the right to separate and accept, or eliminate any item(s) listed under this qualification that it deems necessary to accommodate budgetary and/or operational requirements. Hidalgo County also reserves the right to reject any or all qualifications submitted and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best qualification for approval. Receipt of any qualification shall under no circumstances obligate Hidalgo County to accept the lowest dollar amount. The award of this contract shall be made to the responsible bidder whose qualification is determined to be the best evaluated offer resulting from negotiation,

taking into consideration the relative importance of price and other evaluation factors as herein set forth.

4. The Bidder shall not substitute items named in the bid without the express written consent of Hidalgo County. Failure of the delivered item(s) to perform as specified, or failure to meet the stated delivery schedule shall release Hidalgo County from all obligations to the contracting party with regard to the item(s) in question. In such event, County may elect to award the contract to the next-lowest responsible bidder, or to reject all bids and re-advertise.

5. For work to be performed at a County owned or operated location, each bidder shall, in its sole discretion, visit the job site before preparing the bid and thoroughly familiarize himself/herself with existing conditions. Bidder should take field dimensions and note all circumstances which affect the dollar amount of the bid.

6. Descriptive specifications are referenced in this document to indicate the general kind and quality of equipment desired by Hidalgo County. Due to various styles and models of equipment, bidders are required to include illustrations, specifications, explanation of warranties, and service data with their bid including catalogue numbers and any necessary references.

7. No bid may be withdrawn within thirty (30) days from the scheduled time to open bids.

8. Proposed prices are to remain firm for a minimum of ninety (90) days after bid opening.

9. Any interpretations, amendments, corrections or changes to this bid document must be in a written addendum and signed by the County Judge or his designee. Addenda will be mailed to all who are known to have received a copy of the Request for Bids. Bidders shall acknowledge receipt of all addenda as a part of their bid.

10. County reserves the right to accept or reject any or all bids.

11. Costs are to be net F.O.B., County Prepaid.

12. County is exempt from Federal Excise Tax, State Tax and Local Tax. Do Not include tax in cost figure. If it is determined that tax was included in the cost figures it will not be included in the tabulation of any awards. Tax exemption certificates will be furnished upon request.

13. Funds for this procurement have been provided through the County budget for this fiscal year only. County, on an annual basis, has the right to reconsider a contract during the budget process for ensuing years if financial resources of County are insufficient to meet the liabilities of said contract. The award of a bid or contract hereunder will not be construed to create a debt of the County which is payable out of funds beyond the current fiscal year.

14. Upon award and prior to execution of a contract, Sole Proprietorships are required to submit a copy of their social security cards to the Hidalgo County Auditor's Office in order to establish an account with the County. All awarded vendors must submit a completed W-9 and a copy o their Federal ID Number Certificate.
15. DELIVERY INSTRUCTIONS:

- No deliveries accepted after 3:00 P.M., Monday-Friday.
- At least seventy two (72) hours prior notice of delivery must be given to Martha L. Salazar, Purchasing Agent before delivery will be accepted.
- If you need additional information call the office listed below:

Hidalgo County Purchasing Department
Martha L. Salazar, Purchasing Agent
(956) 318-2626

16. BILLING AND PAYMENT INSTRUCTIONS:

- Invoices must include:
  a) Name and address of successful bidder
  b) Name and address of receiving department or official
  c) Purchase Order Number (if any)
  d) Notation - **BID- 2015-367-12-02-MSS-HIDALGO COUNTY PRECINCT NO. 2 -"ELDORA ROAD IMPROVEMENTS (FROM I ROAD TO RAUL LONGORIA ROAD)"** Descriptive information as to the items or services delivered, including product code, item number, quantity, etc.
- Discount payments will be considered when offered.
- Contact person for Billing and Payment questions:

Carlos Jasso, Accountant IV
Hidalgo County Precinct No. 2
300 W. Hall Acres Rd.
Pharr, Texas 78577
(956) 787-1891

17. Schedule

Pre-Bid Conference,	**3:00 PM**	**November 23, 2015**
Bid Opening,	**3:00 PM**	**December 02, 2015**
Award of Contract		**_____, 2015**
Commence Work or Deliver Products		**_____, 2015**

18. Bid or Performance Bond and Debarment Certification; Payment Under Contract:

. If the contract proposed is for the construction of public works or is for a contract for goods & services exceeding $100,000, all bidders shall furnish a good and sufficient bid bond in the amount of five percent of the total contract price. A bid bond must be executed with a surety company authorized to do business in Texas. All bidders are also required to furnish a certification or acknowledgment stating that the contractor or vendor is free from suspension or debarment pursuant to federal regulation 45CFR Part 76.

. Together with the signing of a contract or issuance of a purchase order following the acceptance of a bid, and prior to commencement of the actual work, the bidder shall furnish a performance bond to the County for the full amount of the contract, if that contract exceeds $100,000.

. If the contract is for $50,000 or less, no money will be paid to the contractor until completion and acceptance of the work or the fulfillment of the purchase obligation to the County, and, if applicable, the receipt by County of satisfactory evidence that all subcontractors and material men have been paid.

. If a contract is for the construction, alteration or repair of public buildings or public works, the contractor *shall* provide a payment bond for a contract in excess of Twenty Five Thousand Dollars ($25,000.00), as required by Tex. Govt. Code Ch. 2253.

. For requirements contracts, bond requirements are determined by applying the proposed unit price to the estimated quantities included in the specifications.

19. Ethical Standards:

. It shall be a breach of ethics to offer, give or agree to give any elected official, department head or employee, or former elected official, department head or employee, of the County, or for any elected official, department head or employee or former elected official, department head or employee of the County, to solicit, demand, accept or agree to accept from another person, entity or organization, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, preparation or any part of a program requirement or purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim or controversy, or other particular matter pertaining to any program requirement or a contract or subcontract, or to any solicitation or proposal therefore pending before any department or agency of the County.

. It shall be a breach of ethics for any payment, gratuity or offer of

employment to be made by or on behalf of a subcontractor under a contract to the prime contractor or higher tier subcontractor for any contract for the County, or any person associated therewith, as an inducement for the award of a subcontract or order.

. No public official shall have an interest in a contract awarded hereunder except in accordance with Tex. Loc. Govt. Code Chapter 171.

- NOTICE:
ALL COMMUNICATIONS BY A VENDOR TO THE COUNTY, ITS OFFICIALS, AND DEPARTMENT HEADS REGARDING THIS PROCUREMENT SHALL BE DONE THROUGH THE HIDALGO COUNTY PURCHASING DEPARTMENT.

No vendor, its representative, agent, or employee shall engage in private communication with a member of the Hidalgo County Commissioners Court or county department heads regarding any procurement of goods or services by the County from the date that the Bid, RFP, or RFQ is released. No private communication regarding the purchase shall be permitted until the procurement process is complete and a purchase order is granted or a contract is entered into. Members of the commissioners court are required to make a reasonable effort to inform themselves regarding potential procurements and have a duty to inquire of vendors, their representatives or employees, the nature of any private communication being sought prior to engaging in any communication. "Private Communication" means communication with any vendor outside of a posted meeting of the governing body, a regular meeting of a standing or appointed committee, or a negotiation with a vendor which has been specifically authorized by the governing body.

20. Disclosure of Conflict of Interest

. Effective January 1, 2006, Chapter 176 of the Texas Local Government Code requires that any vendor, person, consultant or contractor considering doing business with Hidalgo County ("the County") to disclose in the Conflict of Interest Questionnaire (the "CIQ") attached as Exhibit D, the vendor, person, consultant or contractor's affiliation or business relationship that might cause a conflict of interest with the County. By law, the CIQ must be filed with the Hidalgo County Clerk's Office no later than the seventh business day after the date the person becomes aware of facts that require that statement to be filed. The disclosure requirement applies to a person or business who contracts or seeks to contract with Hidalgo County for the sale or purchase of property, goods or service. Any purchase order or contract resulting from this process shall be considered null and void if the successful bidder fails to comply with Texas Local Government Code Chapter 176. Vendors, consultants, contractors and others who desire to conduct business with Hidalgo County are encouraged to refer to Texas Local Government Code Chapter 176 for the details of this law. An offense under Texas Local Government Code Chapter 176 is a Class C Misdemeanor.

Please Submit completed CIQ forms to the Hidalgo County Clerk's Office located

at 100 N. Closner, Edinburg, Texas 78539-Hidalgo County Courthouse
COMPLETION AND SUBMISSION OF FORM CIQ IS THE SOLE RESPONSIBILITY OF THE PROSPECTIVE BIDDER.

21. If, during the life of any contract or bid awarded, the successful bidder's net prices generally available to other customers for items awarded herein are reduced below the contracted price, it is understood and agreed that the benefits of such reduction shall be extended to County.

22. Bids, and all goods and services provided thereunder, shall comply with all federal, state and local laws concerning this type(s) of goods and/or services

23. Minimum Standards For Responsible Prospective Bidders: A prospective bidder must affirmatively demonstrate bidder's responsibility. A prospective bidder, by submitting a bid, represents to County that it meets the following requirements:

- **Possess and submit a Certificate of Account Status indicating bidder is in "Good Standing" with the Texas Comptroller of Public Accounts if such bidder is incorporated in the State of Texas. If the bidder is not incorporated with the Texas, the bidder must submit the appropriate evidence of filing with the Texas Secretary of State stating that the business is authorized to transact business in Texas.**
- Possess or is able to obtain adequate financial resources as required to perform under the bid;
- Be able to comply with the required or proposed delivery schedule;
- Have a satisfactory record of performance;
- Have a satisfactory record of integrity and ethics;
- Be otherwise qualified and eligible to receive an award.

24. Successful bidder will pay or cause to be paid, without cost or expenses to County, all FICA, FUTA/SUTA and Federal Income Withholding Taxes of all employees, and all wages and benefits as required by Federal or State law. Successful bidder's officers, agents and/or employees will not be entitled to any benefits of an employee or elected official of County, including, but not limited to, benefits associated with County's civil service system.

25. Any contract award to a successful bidder will be in effect until (a) the contract expires, (b) delivery and acceptance of products, and/or performance of services ordered, or (c) terminated by County with thirty day's written notice prior to cancellation.

26. County reserves the right to enforce performance of any contract awarded hereunder in any manner prescribed by law or deemed to be in the best interest of the County in the event of breach or default by successful bidder; County reserves the right to terminate any contract immediately in the event a successful bidder fails to:

A. Meet schedules;
B. Pay any required fees or taxes; or

C. Otherwise perform in accordance with the specifications.

27. Successful bidder shall defend, indemnify and save harmless County and all its elected officials, officers, agents and employees from all suits, actions, or other claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the successful bidder, or of any agent, employee, subcontractor or supplier of successful bidder in the execution of, or performance under, any contract which may result from bid award or which arises from any event or casualty happening on or within County premises themselves or happening upon or in any halls, elevators, entrances, stairways or approaches of or to such County facilities. Successful bidder shall pay any judgment with costs which may be obtained against County growing out of such injury or damages, and shall, upon request, provide a defense to County by counsel reasonably acceptable to County. Successful bidder's indemnity hereunder shall include, but is not limited to, claims relating to patent, copyright or trademark infringement, and the like, arising out of the goods and services provided by successful bidder.

28. Successful bidder shall warrant that all items/services shall conform with the specifications and/or all warranties provided under the Uniform Commercial Code and be free from all defects in material, workmanship and the like. Items supplied under a contract pursuant to this Request for Bids shall be subject to County's approval. Items found to be defective or not meeting specifications shall be replaced by successful bidder within two business days at no expense to County. Items not picked up within one (1) week after notification shall be deemed a donation to County and may be used or disposed of at County's discretion and without waiver of any other rights of County as to the item's nonconformity.

29. ***Vendors hereby assigns to purchaser any and all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 USCA, Section 1 et. seq., and which arise under the antitrust laws of the State of Texas, Bus. & Com. Code, Section 15.01, et. seq.***

30. This document and any disputes arising hereunder shall be governed and construed according to the laws of the State of Texas, and will be performable exclusively in Hidalgo County, Texas.

31. The successful bidder shall not assign, sell, transfer or convey its rights under any awarded contract, in whole or in part, without the prior written consent of County.

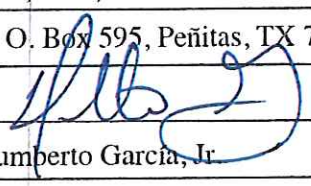
BIDDERS ACKNOWLEDGEMENT
Bid
for
HIDALGO COUNTY PRECINCT NO. 2

"ELDORA ROAD IMPROVEMENTS
(from I Road to Raul Longoria Road)"
BID NO.: 2015-367-12-02-MSS

To: Martha L. Salazar, CPPB, Purchasing Agent
Hidalgo County Purchasing Department
2802 S. Bus. Hwy. 281
Edinburg, Texas 78539

In accordance with the Specifications, and subject to all laws and regulations of the United States and state and local laws, the undersigned bidder proposes and commits to furnish all labor, equipment, material, software and services as set forth in the documents hereinbefore mentioned. The undersigned bidder further agrees, upon acceptance of its bid, to execute a contract and/or Purchase Order issued by Hidalgo County for performing and completing the work described in the Specifications within the time stated and for the prices proposed in the documents attached hereto and made a part hereof.



Bidder acknowledges receipt of all of the pages of the documents referenced in the Invitation to Bid Table of Contents presented in connection with this procurement. Bidder understands that Hidalgo County reserves the right to reject any or all bids and further reserves the right to design the evaluation criteria to be used in selecting the lowest and best bid.

Bidder agrees that this bid shall be good and may not be withdrawn for a period of ninety (90) calendar days after the scheduled closing time for receiving bids, as contained in the Specifications.

Respectfully submitted,

Bidder: 2GS, LLC, dba Earthworks Enterprise, LLC

****

3. **CONTRACTS ON HAND:** The Bidder shall provide below a list of any contracts/projects he/she currently has on hand:

Hidalgo County (Spanish Palms Subdivision)

Hidalgo County (Delta West Subdivision)

Hidalgo County (Heidelberg Subdivision)

Hidalgo County (Tijerina Subdivision)

4. **SUBCONTRACTORS:** List any subcontractors you propose to use on the Hidalgo County's project that will comprise at least 20% of the total project cost. Use additional page if necessary. This information is considered preliminary and may be revised prior if bid is awarded and re-submitted during the pre-construction phase. However, it is expressly understood that the use of any subcontractor other than those listed with bid shall require written approval from Hidalgo County.

   Failure to submit the information as required may result in a disqualification of your bid.

N/A

6. **PERFORMANCE OF WORK BY BIDDER:** Except as otherwise provided, the bidder shall perform no less than eighty percent (80%) of the work with his own organization, only twenty percent (20%) of the work may be subcontracted.

   The organization of the specifications into divisions, sections, articles, etc., and the arrangement and titles of project drawings shall not control the Bidder in dividing the work among subcontractors or in establishing the extent of work to be performed by any trade.

   Awarded bidder shall assign a project superintendent who is directly employed by the Bidder, that superintendent will be required to be on the job on a daily basis. No subcontractors will be allowed to act as project superintendents at any point during the construction of said project.

Bidder shall have a significant business presence with the Rio Grande Valley Area, the business must be headquartered in either Hidalgo, Cameron, or Starr County or a local office must be located in either of the three counties (Hidalgo, Cameron, Starr) with at least thirty percent (30%) of the total company workforce employed at the local office. County reserves the right to request payrolls and any necessary documentation to confirm that the local office meets these requirements.

Bidders shall carefully examine the plans, specifications and other documents, visit the site of the work, and fully inform themselves as to all conditions and matters which can affect the work or cost thereof. Should the bidder find discrepancies in, or omissions from the plans, specifications or other documents, or should he/she be in doubt as their meaning, he/she should at once notify the Engineer and obtain clarification by addendum prior to submitting any bid.

Bidder herby certifies that said company carried liability coverage and workers compensation insurance coverage that meets the requirements set forth in this Request for Bids/Proposals when performing work on this project for Hidalgo County.

Furthermore, bidder certifies that any subcontractor on the project shall provide the said company with a certificate relating that all employees of the subcontractor also are provided with workers' compensation insurance coverage. Bidder will provide copies of all of these certificates to Hidalgo County during the course of the project for all subcontractors working on the project.

All subcontractors must comply with federally determined prevailing Davis-Bacon and Related Acts wage rate.

Hidalgo County encourages the hiring of minority women subcontractors and/or suppliers whenever and wherever feasible.

The undersigned hereby authorizes and requests any person, firm, or corporation to furnish any information requested by the owner in verification of the recitals comprising this Statement of Credentials.

INFORMATION FOR BIDDERS

1. Receipt and Opening of Bids

The Hidalgo County Pct # 2 (herein called the "Owner"), invites bids on the form attached hereto, all blanks of which must be appropriately filled in. Bids will be received by the Owner at the Hidalgo County Purchasing department until **Wednesday, DECEMBER 02, 2015 at 3:00 p.m.** and then at said office publicly open and read aloud. The envelopes containing the bids must be sealed, addressed to Martha L. Salazar, Hidalgo County Purchasing Agent at 2812 S Business 281, Edinburg, Texas 78539 and designated as Bid for Hidalgo County Pct # 2.

The owner may consider informal any bid not prepared and submitted in accordance with provisions hereof and may waive any informalities or reject any and all bids. Any bid may be withdrawn prior to the above scheduled time for the opening of bids or authorized postponement thereof. Any bid received after the time and date specified shall not be considered. No bidder may withdraw a bid within 60 days after the actual date of the opening thereof.

2. Preparation of Bid

Each bid must be submitted on the prescribed forms and Certification by Bidder and/or contractor, concerning Labor Standards and Prevailing Wage Requirements. All blank spaces for bid prices must be filled in, in ink or typewritten, in both words and figures, and the foregoing Certificates must be fully completed and executed when submitted.

Each bid must be submitted in a sealed envelopes bearing on the outside the name of the bidder, his address, and the name of the project for which the bid is submitted. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another enveloped addressed as specified in the bid form.

3. Subcontracts

The bidder is specifically advised that any person, firm, or other party to whom is proposed to ward a subcontract under this contract –

a Must be acceptable to the Owner after verification of the current eligibility status, and,

b Approval of the proposed subcontract award cannot be given by the Owner unless and until the proposed subcontractor has submitted the Certification and/or other evidence showing that it has fully complied with any reporting requirements to which it is or was subject. Although the bidder is not required to attach such Certification by proposed subcontractors to his bid, the bidder is here advised of this requirement so that appropriate action can be taken to prevent subsequent delay in subcontract awards.

4. Telegraphic Modification

Any bidder may modify his bid by telegraphic communication at any time prior to the scheduled closing time for receipt of bids, provided such telegraphic communication is received by the Owner prior to the

closing time, and provided further, the Owner is satisfied that a written confirmation of the telegraphic modification over the signature of the bidder was mailed prior to the closing time. The telegraphic communication should not reveal the bid price but should provide the additional or subtraction or other modification so that the final prices or terms will not be known by the Owner until the sealed bid is opened. If written confirmation is not received within two days from the closing time, no consideration will be given to the telegraphic modification.

5. Method of Bidding

The Owner invites the following bid(s):
Project Name: **Hidalgo County Precinct No. 2 – Eldora Road Improvements (from I Road to Raul Longoria Road).**
Project Number: **2015-367-12-02-MSS**

Qualifications of Bidder

The Owner may make such investigations as he deems necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request, the Owner reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the Owner that such bidder is properly qualified to carry out the obligations of the contract to complete the work contemplated therein. Conditional bids will not be accepted.

6. Bid Security

Each bid must be accompanied by certified check of the bidder, or a bid bond prepared on the form of bid bond attached hereto, duly executed by the bidder as principal and having as surety thereon a surety company approved by the Owner, in the amount of 5% of the bid. Such checks or bid bonds will be returned to all except the three lowest bidders within three days after the opening of bids, and the remaining checks, or bid bonds will be returned promptly after the Owner and the accepted bidder have executed the contract, or if no award has be made within 60 days after the date of the opening of bids, upon demand of the bidder at any time thereafter, so long as he has not been notified of the acceptance of his bid.

7. Liquidated Damages for Failure to enter into Contract

The successful bidder, upon his failure or refusal to execute and deliver the contract and bonds required within 10 days after he has received notice of the acceptance of his bid, shall forfeit to the Owner, as liquidated damages for such failure or refusal, the security deposited with his bid.

8. Time of Completion and Liquidated Damages

Bidder must agree to commence on or before a date to be specified in a Written "Notice to Proceed" of the Owner and to fully complete the project within **60** **consecutive calendar days** thereafter. Bidder must agree also to pay as liquidated damages, the sum of **$ 250.00** for each consecutive calendar day thereafter as hereinafter provided in the General Conditions.

9. Condition of Work

Each bidder must inform himself fully of the conditions relating to the construction of the project and the employment of labor thereon. Failure to do so will not relieve a successful bidder of his obligation to furnish all material and labor necessary to carry out the provisions of his contract. Insofar as possible the contractor, in carrying out his work, must employ such methods or means as will not cause any interruption of or interference with work of any other contractor.

10. Addenda and Interpretations

No interpretation of the meaning of the plans, specifications or other pre-bid documents will be made to any bidder orally.

Every request for such interpretation should be in writing via e-mail to moises.salazar@co.hidalgo.tx.us or via fax to (956) 292-7612 addressed to Martha L. Salazar, Purchasing Agent, 2802 S. Business Hwy. 281, Edinburg, TX 78539 attn: Moises Salazar, Buyer and to be given consideration must be received at least five days prior to the date fixed for the opening of bids. Any all such interpretations and any supplemental instructions will be in the form of written addenda to the specifications which, if issued, will mailed by certified mail with return receipt requested to all prospective bidders (at the respective addresses furnished for such purposes), not later than three days prior to the date fixed for the opening of bids. Failure of any bidder to receive any such addendum or interpretation shall not relieve such bidder from any obligation under his bid as submitted. All addenda so issued shall become part of the contract documents.

11. Security for Faithful Performance

Simultaneously with his delivery of the executed contract; the contractor shall furnish a surety bond or bonds as security for faithful performance of this contract and for the payment of all persons performing labor on the project under this contract and furnishing materials in connection with this contract, as specified in the General Conditions included herein. The surety on such bond or bonds shall be a duly authorized surety company satisfactory to the Owner.

12. Power of Attorney

Attorney-in-fact who sign bonds or contract bonds must file with each bond a certified and effectively dated copy of their power of attorney.

13. Notice of Special Conditions

Attention is particularly called to those parts of the contract documents and specifications which deal with the following;

a Inspection and testing of materials
b Insurance requirements
c Wage rates
d States allowances

14. Laws and Regulations

The bidder's attention is directed to the fact that all applicable State laws, municipal ordinances, and the rules and regulations of all authorities having jurisdiction of the project shall apply to the contract throughout, and they will be deemed to be included in the contract the same as though herein written out in full.

15. Method of Award – Lowest Qualified Bidder

If at the time this contract is to be awarded, the lowest base bid submitted by a responsible bidder does not exceed the amount of funds then estimated by the Owner as available to finance the contract the contract will be awarded on the base bid only. If such bid exceeds such amount, the Owner may reject all bids or may award the contract on the base bid combined with such deductible alternates applied in numerical order in which they are listed in the form of Bid, as produces a net amount which is within the available funds.

16. Obligation of Bidder

At the time of the opening of bids each bidder will be presumed to have inspected the site and to have read and to be thoroughly familiar with the plans and contract documents (including all addenda). The failure or omission of any bidder to examine any form, instrument or document shall in no way relieve any bidder from any obligation in respect of his bid.

Supplement to Form HUD-4238-B®
INFORMATION FOR BIDDERS

17. SAFETY STANDARDS AND ACCIDENTS PREVENTION

With respect to all work performed under this contract, the contractor shall:

1 Comply with the safety standards provision of applicable laws, building and construction codes and the "Manual of Accident Prevention in Construction" published by the Associates General Contractors or America, the requirements of the Occupational Safety and Health Act of 1970 (Public Laws 91-596), and the requirements of Title 29 of the Code of Federal Regulations, Section 1518 as published in the "Federal Register", Volume 36, No 75, Saturday, April 17, 1971.

2 Exercise every precaution at all times for the prevention of accidents and the protection of persons (including employees) and property.

3 Maintain at his office or other well known place at the job site, all articles necessary for giving first aid to the injured, and shall make standing arrangements for the immediate removal to a hospital or a doctor's care of persons (including employee), whom may be injured on the job site. In no case shall employee be permitted to work at a job site before the employer has made a standing arrangement for removal of injured person to a hospital or a doctor's care.

SPECIAL PROVISIONS

1. The County of Hidalgo reserves the right to partially award the contract in order to meet the budget.

2. It shall be the Contractor's responsibility to locate underground utilities, whether shown or not shown on the drawings, sufficiently in advance of operations to preclude damage to same.

3. Water, sewer, or other utility serves shall not be interrupted. Any damages to existing utilities will be Contractor's responsibility.

4. In the event of damage to underground facilities, whether shown or not shown in the drawings, the Contractor shall make the necessary repairs to place the facilities back in service at no increase in the Contractors price and all such repairs shall conform to the requirements of the company or agency servicing the facility

5. The Contractor shall exercise extra care to prevent damage to all other structures in the area including, fence, roads, pipelines, utilities, etc., whether publicly or privately owned.

6. Until acceptance by the Engineer of any part or all of the construction, as provided for in the plans and these specifications, it shall be under the charge and care of the contractor, and he shall take every necessary precaution against injury or damage to any part of the work. The Contractor shall rebuild, repair, restore and make good, at his own expense, all injuries or damage to any portion of the work before its completion and acceptance.

7. In case the Contractor deems extra compensation is due him for proposed work not covered in the contract, the Contractor shall notify the Engineer in writing of his claim for such extra compensation before he begins the work. Failure on the part of the Contractor to give such notification shall constitute a waiver of claim for such extra compensation. The Contractor shall not proceed until a written Change Order is approved by the Owner, Engineer, and Contractor.

8. Prospective bidders should make a careful examination of the projects sites.

9. Contractor shall review his overall method and schedule of construction with the County Prior to construction for proper coordination of inspection.

10. No open trenches or excavation shall be left open overnight.

CONSTRUCTION CONTRACT
C-16-061-01-19

This Agreement, entered into this **19th** day of **January**, 2016 by and between **Hidalgo County** (hereinafter called the "OWNER," and, **2GS, LLC dba Earthworks Enterprise** (a Texas corporation), of County of Hidalgo, and State of Texas, hereinafter called "CONTRACTOR".

WITNESSETH

That for and in consideration of the payments and agreement hereinafter mentioned, to be made and performed by the OWNER, the CONTRACTOR hereby agrees with the OWNER to commence and complete the construction described as follows:

Hidalgo County Precinct No. 2 - "Eldora Road Improvements
(from I Road to Raul Longoria Road)"

Hereinafter called the project, for the sum of **Two Hundred Seventy Nine Thousand One Hundred Ninety Two Dollars and seventy five cents ($ 279,192.75)** and all extra work in connection therewith, under the terms and stated in the General and Special Conditions of the Contract; and at his (its or their) own proper cost and expense to furnish all the materials, supplies, machinery, equipment, tools, superintendence, labor, insurance, and other accessories and services necessary to complete the said project in accordance with the conditions and prices stated in the Proposal, the Technical Specifications, the General Conditions and Special Conditions printed or written explanatory matter thereof, the specifications and contract documents therefore as prepared by **County of Hidalgo, Jose Noe Saldivar, P.E.**, entitled the Engineer, and as enumerated in Paragraph 1.01.A.12 of the General Conditions, all of which are made a part hereof and collectively evidence and constitute the contract.

The CONTRACTOR hereby agrees to commence work under this contract on or after a date to be specified in written "Notice to Proceed" of the OWNER and to fully complete the project within **60 consecutive calendar days thereafter**. The CONTRACTOR further agrees to pay, as liquidated damages, the sum of $ **250.00** for each consecutive calendar day thereafter.

The OWNER agrees to pay the CONTRACTOR in current funds for the performance of the contract, subject to additions and deductions, as provided in the General Conditions of the contract, and to make payments on account thereof as provided in Paragraphs 14.02.C and 14.07.C of the General Conditions.

IN WITNESS WHREOF, the parties to these present have executed this contract in five (5) counterparts, each of which shall be deemed an original, in year and day first above mentioned.

Hidalgo County Precinct No. 2- Eldora Road Improvements

which contract is hereby referred to and made a part hereof as fully and to the same extent as if copied at length herein.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that if the said Principal shall pay all claimants supplying labor and material to him or a subcontractor in the prosecution of the work provided for in said contract, then this obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, HOWEVER, that this bond is executed pursuant to the provisions of Chapter 2253 of the Texas Government Code and all liabilities on this bond shall be determined in accordance with the provisions, conditions and limitation of said Chapter to the same extent as if it were copied at length herein.

SURETY, for value received, stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract, or to the work performed thereunder, or the plans, specifications or drawings accompanying the same, shall in anywise affect its obligation on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the contract, or to the work to be performed thereunder,

IN WITNESS WHEREOF, the said Principal and Surety have signed this instrument this day February 3rd, 2016

EXHIBIT "C"
Insurance Requirements

The Bidder awarded the contract shall furnish proof of insurance, which will also include any subcontractor that is subcontracted by the bidder in at least the following limits, to be in place prior to providing any services under this Contract and to continue at all times in force in effect during the term of this Contract:

1. A Five Hundred Thousand Dollar ($500,000.00) Comprehensive General Liability insurance policy providing additional coverage to all underlying liabilities of County.

2. Automobile liability insurance policy with limits of at least Three Hundred Thousand Dollars ($300,000.00) per person and Five Hundred Thousand Dollars ($500,000.00) per occurrence. Coverage should include injury to or death of persons and property damage claims with limits up to Five Hundred Thousand ($500,000.00) arising out of the services provided to County hereunder.

3. Uninsured/Underinsured motorist coverage in an amount equal to the bodily injury limits set forth immediately above;

4. Workers compensation insurance in amounts established by Texas law, unless the Bidder is specifically exempted from the Texas Workers Compensation Act, Texas Labor Code Chapter 401, et. seq.

Certificates of insurance naming County as an additional insured shall be submitted to County for approval prior to any services being performed by Contractor. Each policy of insurance required hereunder shall extend for a period equivalent to, or longer than the term of the Contract, and any insurer hereunder shall be required to give at least thirty (30) days written notice to the County prior to the cancellation of any such coverage on the termination date, or otherwise. This Contract shall be automatically suspended upon the cancellation, or other termination, of any required policy of insurance hereunder, and such suspension shall continue until evidence adequate replacement coverage is provided to County. If replacement coverage is not provided within thirty (30) days following suspension of the Contract, this Contract shall automatically terminate.

Insurance Requirement Acknowledgment

I, Humberto García, Jr., authorized representative for 2GS, LLC, dba Earthworks Enterprise, LLC,
Company/Vendor

hereby acknowledge receipt of the County's required insurance limits. Said requirements:

will be acquired within 10 working days after notification from Purchasing Department of bid awarded by the Hidalgo County Commissioners' Court;

will acquire additional amounts required to meet the County's requirements within 10 working days after notification from Purchasing Department of bid award by the Hidalgo County Commissioners' Court; currently carry the following:

Automobile Liability: $_____ General Liability: $

have already been met, see attached copy of insurance certificate.

_____ December 1, 2015
Authorized Representative Date

Notice to Bidder:
A certificate of insurance for the required insurance limits shall be provided to the Purchasing Department's Contract Managers in order to qualify for award of bid and to execute a contract between your Company and the County

Failure to provide Certificates of Insurance to the Purchasing Department's Contract Managers will cause the bid award to be rescinded and re-awarded to next lowest bidder. Certificates of Insurance will be monitored and verified on a **quarterly basis** to ensure coverage policy is in place. It is the Company=s obligation to maintain the appropriate insurance coverage throughout the term of the contract.

THIS FORM MUST ACCOMPANY BID PACKET

PROJECT REQUIREMENTS ACKNOWLEDGMENT

This is to certify that I, Humberto García, Jr., possess all of the APPLICABLE:

1. Licenses: _____.
2. Bonds: Bid, Payment and Performance Bonds.
3. Certificates: HUB Certified.
4. Permits: _____.
5. Other: General Liability and Worker's Compensation Insurance.

necessary to carry out the required project. Furthermore, I am providing copies of the required documentation so that, if my company is awarded this bid, I may be eligible to enter into a contract with Hidalgo County and proceed to complete the project in a timely manner.

* Any licenses, bonds, certificates, permits, etc. which are required must be presented as part of the bid packet in order to expedite the bid evaluation process. Failure to provide said documentation will result in the disqualification of your bid.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

TEXAS ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Blanket as required by written contract.	Blanket as required by written contract. It is agreed that such insurance as is afforded by this policy for the benefit of the additional insured shown shall be primary insurance, and any other insurance maintained by the additional insured(s) shall be excess and noncontributory as respects to any claim, loss or liability, allegedly arising out of the operations of the named insured, provided however that this insurance will not apply to any claim loss or liability which is determined to be solely the additional insured's responsibility.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. **Section II – Who Is An Insured** is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However, if you have entered into a construction contract subject to Subchapter C of Chapter 151 of Subtitle C of Title 2 of the Texas Insurance Code with the additional insured shown in the Schedule, the insurance afforded to such person(s) or organization(s) only applies to the extent permitted by Subchapter C of Chapter 151 of Subtitle C of Title 2 of the Texas Insurance Code.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

SCHEDULE

Name Of Person Or Organization:
Blanket as required by written contract.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.

The following is added to Paragraph **8. Transfer Of Rights Of Recovery Against Others To Us** of **Section IV – Conditions:**

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

TEXAS WAIVER OF OUR RIGHT TO RECOVER FROM OTHERS ENDORSEMENT

This endorsement applies only to the insurance provided by the policy because Texas is shown in Item 3.A. of the Information Page.

We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against the person or organization named in the Schedule, but this waiver applies only with respect to bodily injury arising out of the operations described in the Schedule where you are required by a written contract to obtain this waiver from us.

This endorsement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

The premium for this endorsement is shown in the Schedule.

Schedule

1. ( ) Specific Waiver
   Name of person or organization

   (X) Blanket Waiver
   Any person or organization for whom the Named Insured has agreed by written contract to furnish this waiver.

2. Operations: ALL TEXAS OPERATIONS

3. Premium

   The premium charge for this endorsement shall be 2.00 percent of the premium developed on payroll in connection with work performed for the above person(s) or organization(s) arising out of the operations described.

4. Advance Premium INCLUDED, SEE INFORMATION PAGE.

This endorsement changes the policy to which it is attached effective on the inception date of the policy unless a different date is indicated below.

(The following "attaching clause" need be completed only when this endorsement is issued subsequent to preparation of the policy.)

This endorsement, effective on at 12:01 A.M. standard time, forms a part of

AUTHORITY: The provisions of this Part 3 issued under R.S. 16 1, sec. 2, 48 Stat. §48; Reorg. Plan No. 14 of 1950, 64 Stat. 1267, 5 U.S.C. Appendix; 5 U.S.C. 301; 40 U.S.C. 276c.

SOURCE: The provisions of this Part 3 appear at 29 F.R. 97, Jan. 4, 1964, unless otherwise noted.

Section 3.1 Purpose and Scope.

This part prescribes "anti-kickback" regulations under section 2 of the Act of June 13, 1934, as amended (40 U.S.C. 276c), popularly known as the Copeland Act. This part applies to any contract which is subject to Federal wage standards and which is for the construction, prosecution, completion, or repair of public buildings, public works or buildings or works financed in whole or in part by loans or grants from the United States. The part is intended to aid in the enforcement of the minimum wage provisions of the Davis-Bacon Act and the various statutes dealing with Federally assisted construction that contain similar minimum wage provisions, including those provisions which are not subject to Reorganization Plan No. 14 (e.g., the College Housing Act of 1950, the Federal Water Pollution Control Act, and the Housing Act of 1959), and in the enforcement of the overtime provisions of the Contract Work Hours Standards Act whenever they are applicable to construction work. The part details the obligation of contractors and subcontractors relative to the weekly submission of statements regarding the wages paid on work covered thereby; sets forth the circumstances and procedures governing the making of payroll deductions from the wages of those employed on such work; and delineates the methods of payment permissible on such work.

Section 3.2 Definitions.

As used in the regulations in this part:

(a) The terms "building" or "work" generally include construction activity as distinguished from manufacturing, furnishing of materials, or servicing and maintenance work. The terms include, without limitation, buildings, structures, and improvements of all @s, such as bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, powerlines, pumping stations, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals; dredging, shoring, scaffolding, drilling, blasting, excavating, clearing, and landscaping. Unless conducted in connection with and at the site of such a building or work as is described in the foregoing sentence, the manufacture or furnishing of materials, articles, supplies, or equipment (whether or not a Federal or State agency acquires title to such materials,

articles, supplies, or equipment during the course of the manufacture or furnishing, or owns the materials from which they are manufactured or furnished) is not a "building" or "work" within the meaning of the regulations in this part.

(b) The terms construction," 4; prosecution," @'completion," or repair" mean all types of work done on a particular building or work at the site thereof, including, without limitation, altering, remodeling, painting and decorating, the transporting of materials and supplies to or from the building or work by the employees of the construction contractor or construction subcontractor, and the manufacturing or furnishing of materials, articles, supplies, or equipment on the site of the building or work, by persons employed at the site by the contractor or subcontractor.

(c) The terms "public building" or "public work" include building or work for whose construction, prosecution, completion, or repair, as defined above, a Federal agency is a contracting party, regardless of whether title thereof is in a Federal agency.

(d) The term "building or work financed in whole or in part by loans or grants from the Unites States" includes building or work for whose construction, prosecution, completion, or repair, as defined above, payment or part payment is made directive or indirectly from funds provided by loans or grants by a Federal agency. The term includes building or work for which the Federal assistance granted is in the form of loan guarantees or insurance.

(e) Every person paid by a contractor or subcontractor in any manner for his labor in the construction, prosecution, completion, or repair of a public building or public work or building or work financed in whole or in part by loans or grants from the United States is "employed" and receiving 44 wages," regardless of any contractual relationship alleged to exist between him and the real employer.

(f) The term "any affiliated person" includes a spouse, child, parent, or other close relative of the contractor or subcontractor; a partner or officer of the contractor or subcontractor; a corporation closely connected with the contractor or subcontractor as parent, subsidiary or otherwise, and an officer or agent of such corporation.

(g) The term "Federal agency" means the United States, the District of Columbia, and all executive departments, independent establishments, administrative agencies, and instrumentality's of the United States and of the District of Columbia, including corporations. all or substantially all of the stock of which is beneficially owned by the United States, by the District of Columbia, or any of the foregoing departments, establishments, agencies, and instrumentality's.

(29 **FR** 97, **Jan. 4, 1964, as amended at** 33 **FR** 32575, **Nov.** 27, 1973)

Section 3.3 Weekly statement with respect to payment of wages.

(a) As used in this section, the term "employee" shall not apply to persons in classifications higher than that of laborer or mechanic and those who are the immediate supervisors of such employees.

(b) Each contractor or subcontractor engaged in the construction, prosecution, completion, or repair of any public building or public work, or building or work financed in whole or in part by loans or grants from the United States, shall furnish each week a statement with respect to the wages paid each of its employees engaged on work covered by 29 CFR Parts 3 and 5 during the preceding weekly payroll period. This statement shall be executed by the contractor or subcontractor or by an authorized officer of employee of the contractor or subcontractor who supervises the payment of wages, and shall be on form @ 348, "Statement of Compliance," or on an identical form on the back of @ 347, "Payroll (For Contractors Optional Use)" or on any form with identical wording. Sample copies of @ 347 and @ 348 may be obtained from the Government contracting or sponsoring agency, and copies of these forms may be purchased at the Government Printing Office.

(c) The requirements of this section shall not apply to any contract of $2,000 or less.

(d) Upon a written finding by the head of a Federal agency, the Secretary of Labor may provide reasonable limitations, variations, tolerances, and exemptions from the requirements of this section subject to such conditions as the Secretary of Labor may specify.

(29 F.R. 95, Jan. 4, 19(A, as ==tied at 33 F.R. 10186, July 17,1968)

Copeland Act Regulations

Section 3.4 Submission of weekly statements and the preservation and inspection of weekly payroll records.

(a) Each weekly statement required under §3.3 shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work, or if there is no representative of a Federal or State agency at the site of the building or work, the statement shall be mailed by the contractor or

subcontractor, within such time, to a Federal or State agency contracting for or financing the building or work. After such examination and check as may be made, such statement, or a copy thereof, shall be kept available, or shall be transmitted together with a report of any violation, in accordance with applicable procedures prescribed by the United States Department of Labor.

(b) Each contractor or subcontractor shall preserve his weekly payroll records for a period of three years from date of completion of the contract. The payroll records shall set out accurately and completely the name and address of each taborer and mechanic, his correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid. Such payroll records shall be made available at all times for inspection by the contracting officer or his authorized representative, and by authorized representatives of the Department of Labor.

Section 3.5 Payroll deductions permissible without application to or approval of the Secretary of Labor.

Deductions made under the circumstances or in the situations described in the paragraphs of this section may be made without application to and approval of the Secretary of Labor:

(a) Any deduction made in compliance with the requirements of Federal, State, or local law, such as Federal or State withholding income taxes and Federal social security taxes.

(b) Any deduction of sums previously paid to the employee as a bona fide prepayment of wages when such prepayment is made without discount or interest. A "bona fide prepayment of wages" is considered to have been made only when cash or its equivalent has been advanced to the person employed in such manner as to give him complete freedom of disposition of the advanced funds.

(c) Any deduction of amounts required by court process to be paid to another, unless, the deduction is in favor of the contractor, subcontractor or any affiliated person, or when collusion or collaboration exists.

(d) Any deduction constituting a contribution on behalf of the person employed to funds established by the employer or representatives of employees, or both, for the purpose of providing either from principal or income, or both, medical or hospital care, pensions, or annuities on retirement, death benefits, compensation for injuries, illness, accidents, sickness,

(k) Any deduction for the cost of safety equipment of nominal value purchased by the employee as his own prope@ for his personal protection in his work, such as safety shoes, safety

or disability, or for insurance to provide any of the foregoing, or unemployment benefits, vacation pay, savings accounts, or similar payments for the benefit of employees, their families and dependents: Provided, however, That the following standards are met: (1) The deduction is not otherwise prohibited by law; (2) it is either: (i) Voluntarily consented to by the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of or for the continuation of employment, or (ii) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees; (3) no profit or other benefit is otherwise obtained, directly or indirectly, by the contractor or subcontractor or any affiliated person in the form of commission, dividend, or otherwise; and (4) the deductions shall serve the convenience and interest of the employee. (e) Any deduction contributing toward the purchase of United States Defense Stamps and Bonds when voluntarily authorized by the employee.

(f) Any deduction requested by the employee to enable him to repay loans to or to purchase shares in credit unions organized and operated in accordance with Federal and State credit union statutes.

(g) Any deduction voluntarily authorized by the employee for the making of contributions to

governmental or quasi-governmental agencies, such as the American Red Cross.

(h) Any deduction voluntarily authorized by the employee for the making of contributions to Community Chests, United Givers Funds, and similar charitable organizations.

(i) Any deductions to pay regular union initiation fees and membership dues, not including fines or special assessments: Provided, however, That a collective bargaining agreement between the contractor or subcontractor and representatives of its employees provides for such deductions and the deductions are not otherwise prohibited by law.

0) Any deduction not more than for the "reasonable cost" of board, lodging, or other facilities meeting the requirements of section 3(m) of the Fair Labor Standards Act of 1938, as amended, and Part 531 of this title. When such a deduction is made the additional records required under §516.27(a) of this title shall be kept.

glasses, safety gloves, and hard hats, if such equipment is not required by law to be furnish by the employer, if such deduction is not violative of the Fair Labor Standards Act or prohibited by other law, if the cost on which the deduction is based does not exceed the actual cost to the employer where the equipment is purchased from him and does not include any direct or indirect monetary return to the employer where the equipment is purchased from a third person, and if the deduction is either (1) voluntarily consented to be the employee in writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of employment or its continuance; or (2) provided for in a bona fide collective bargaining agreement between the contractor or subcontractor and representatives of its employees.
(36 F.R. 9770, May 28,1971.)

Section 3.6 Payroll deductions permissible with the approval of the Secretary of Labor.

Any contractor or subcontractor may apply to the Secretary of Labor for permission to make any

deduction not permitted under §3.5. The Secretary may grant permission whenever he finds that:

(a) The contractor, subcontractor, or any affiliated person does not make a profit or benefit

directly or indirectly from the deduction either in the form of **a** commission, dividend, or otherwise;

(b) The deduction is not otherwise prohibited by law;

(c) The deduction is either (1) voluntarily consented to by the employee **in** writing and in advance of the period in which the work is to be done and such consent is not a condition either for the obtaining of employment or its continuance, or (2) provided for in **a** bona **fide** collective bargaining agreement between the contractor or subcontractor and representatives of its employees; and

(d) The deduction serves the convenience and interest of the employee.

Section 3.7 Applications for the approval of the Secretary of Labor.

Any application for the making of payroll deductions under §3.6 shall comply with the requirements prescribed in the following paragraphs of this section:

(a) The application shall be in writing and shall be addressed to the Secretary of Labor.

(b) The application need not identify the contract or contracts under which the work in question is to be performed. Permission will be given for deductions on all current and future contracts of the applicant for a period of I year. A renewal of permission to make such payroll deduction will be granted upon the submission of an application which makes reference to the original application, recites the date of the Secretary of Labor's approval of such deductions, states affirmatively that there is continued compliance with the standards set forth in the provisions of §3.6, and specifies any conditions which have changed in regard to the payroll deductions.
(36 F.IL 9770, May 29, 1971.)

(c) The application shall state affirmatively that there is compliance with the standards set forth in the provisions of §3.6. The affirmation shall be accompanied by a full statement of the facts indicating such compliance.

(d) The application shall include a description of the proposed deduction, the purpose to be served there by, and the classes of laborers or mechanics from whose wages the proposed deduction would be made.

(e) The application shall state the name and business of any third person to whom any funds obtained from the proposed deductions are to be transmitted and the affiliation of such person, if any, with the applicant. -

Section 3.8 Action by the Secretary of Labor upon applications.

The Secretary of Labor shall decide whether or not the requested deduction is permissible under provisions of §3.6; and shall notify the applicant in writing of his decision.

Section 3.9 Prohibited payroll deductions.

Deductions not elsewhere provided for by this part and which **are** not found to be permissible under §3.6 are prohibited.

Section 3.10 Methods of payment of wages.

The payment of wages shall be by cash, negotiable instruments pkvable on demand, or the additional forms of compensation for which deductions are permissible under this part. No other methods of payment shall be recognized on work subject to the Copeland Act.

Section 3.11 Regulations part of contact.

All contracts made with respect to the construction, prosecution, completion, or repair of any public building or public work or building or work financed in whole or in part by loans or grants from the United States covered by the regulations in this part shall expressly bind the contractor or subcontractor to comply with such of the regulations in this part as may be applicable. In this regard, see §5.5(a) of this subtitle.

INSTRUCTIONS TO THE GENERAL CONDITIONS OF THE AGREEMENT

1. GENERAL

It is the intent of these instructions, plans and specifications to provide guidance for the construction of this project.

2. REGULATIONS AND DISCREPANCIES

All applicable laws, ordinances, policy, rules, regulations and other directives of all authorities having jurisdiction over the projects shall apply to the contract throughout and will be deemed to be included in the contract the same as those written out in full. Discrepancies between regulations or conflicting parts of the Specifications shall be brought to the attention of an clarified by the Engineer before proceeding with any work. Proceeding with affected work without instructions from the Engineer can result in the Contractor being responsible for taking the necessary steps to insure the work conforms to the governing regulation.

3. ENGINEER

Whenever the work "ENGINEER" is used in this contract with reference to the preparation of plans, specifications, and contract documents, it shall be understood as referring to County of Hidalgo, Raul E. Sesin, P.E.

4. INTERPRETATION OF PHRASES

Whenever the words "Directed", "Required", "Permitted", "Designated", "Considered Necessary", "Prescribed", or words of like importance are used, it shall be understood that the direction, requirements, permission, order, designation or prescription, of the ENGINEER is intended and similarly, the words "Approval", "Acceptable", "Satisfactory", or words of like importance shall mean approved by or acceptable of satisfactory to the ENGINEER. The preceeding to the contrary notwithstanding, Engineer's approval or acceptance of the work shall by advisory to OWNER, and shall not bind the OWNER to accept or approve the same.

Whenever, in the specifications or drawings accompanying this agreement, the terms or description of various qualities relative to finish, workmanship, or other qualities of similar kind which cannot,, from their nature, be specifically and clearly described and specified, but are necessarily described in general terms, then, in all such cases, any question of the fulfillment of said specifications shall be decided by the ENGINEER, and said work shall be done in accordance with his interpretations of the meaning of the words, terms, or clauses defining the character of the work.

GENERAL CONDITIONS

ARTICLE 1 - DEFINITIONS AND TERMINOLOGY

1.01 *Defined Terms*

A. Wherever used in the Contract Documents and printed with initial or all capital letters, the terms listed below will have the meanings indicated which are applicable to both the singular and plural thereof.

1. *Addenda*--Written or graphic instruments issued prior to the opening of Bids which clarify, correct, or change the Bidding Requirements or the Contract Documents.

2. *Agreement*--The written instrument which is evidence of the agreement between OWNER and CONTRACTOR covering the Work.

3. *Application for Payment*--The form acceptable to ENGINEER which is to be used by CONTRACTOR during the course of the Work in requesting progress or final payments and which is to be accompanied by such supporting documentation as is required by the Contract Documents.

4. *Asbestos*--Any material that contains more than one percent asbestos and is friable or is releasing asbestos fibers into the air above current action levels established by the United States Occupational Safety and Health Administration.

5. *Bid*--The offer or proposal of a bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

6. *Bidding Documents*--The Bidding Requirements and the proposed Contract Documents (including all Addenda issued prior to receipt of Bids).

7. *Bidding Requirements*--The Advertisement or Invitation to Bid, Instructions to Bidders, Bid security form, if any, and the Bid form with any supplements.

8. *Bonds*--Performance and payment bonds and other instruments of security.

9. *Change Order*--A document recommended by ENGINEER which is signed by CONTRACTOR and OWNER and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, issued on or after the Effective Date of the Agreement.

10. *Claim*--A demand or assertion by OWNER or CONTRACTOR seeking an adjustment of Contract Price or Contract Times, or both, or other relief with respect to the terms of the Contract. A demand for money or services by a third party is not a Claim.

11. *Contract*--The entire and integrated written agreement between the OWNER and CONTRACTOR concerning the Work. The Contract supersedes prior negotiations, representations, or agreements, whether written or oral.

12. *Contract Documents*--The Contract Documents establish the rights and obligations of the parties and include the Agreement, Addenda (which pertain to the Contract Documents), CONTRACTOR's Bid (including documentation accompanying the Bid and any post Bid documentation submitted prior to the Notice of Award) when attached as an exhibit to the Agreement, the Notice to Proceed, the Bonds, these General Conditions, the Supplementary Conditions, the Specifications and the Drawings as the same are more specifically identified in the Agreement, together with all Written Amendments, Change Orders, Work Change Directives, Field Orders, and ENGINEER's written interpretations and clarifications issued on or after the Effective Date of the Agreement. Approved Shop Drawings and the reports and drawings of subsurface and physical conditions are not Contract Documents. Only printed or hard copies of the items listed in this paragraph are Contract Documents. Files in electronic media format of text, data, graphics, and the like that may be furnished by OWNER to CONTRACTOR are not Contract Documents.

13. *Contract Price*--The moneys payable by OWNER to CONTRACTOR for completion of the Work in accordance with the Contract Documents as stated in the Agreement (subject to the provisions of paragraph 11.03 in the case of Unit Price Work).

14. *Contract Times*--The number of days or the dates stated in the Agreement to: (i) achieve Substantial Completion; and (ii) complete the Work so that it is ready for final payment as evidenced by ENGINEER's written recommendation of final payment.

15. *CONTRACTOR*--The individual or entity with whom OWNER has entered into the Agreement.

16. *Cost of the Work*--See paragraph 11.01.A for definition.

17. *Drawings*--That part of the Contract Documents prepared or approved by ENGINEER which graphically shows the scope, extent, and character of the Work to be performed by CONTRACTOR. Shop Drawings and other CONTRACTOR submittals are not Drawings as so defined.

18. *Effective Date of the Agreement*--The date indicated in the Agreement on which it becomes effective, but if no such date is indicated, it means the date on which the Agreement is signed and delivered by the last of the two parties to sign and deliver.

19. *ENGINEER*--The individual or entity named as such in the Agreement.

20. *ENGINEER's Consultant*--An individual or entity having a contract with ENGINEER to furnish services as ENGINEER's independent professional associate or consultant with respect to the Project and who is identified as such in the Supplementary Conditions.

21. *Field Order*--A written order issued by ENGINEER which requires minor changes in the Work but which does not involve a change in the Contract Price or the Contract Times.

22. *General Requirements*--Sections of Division 1 of the Specifications. The General Requirements pertain to all sections of the Specifications.

23. *Hazardous Environmental Condition*--The presence at the Site of Asbestos, PCBs, Petroleum, Hazardous Waste, or Radioactive Material in such quantities or circumstances that may present a substantial danger to persons or property exposed thereto in connection with the Work.

24. *Hazardous Waste*--The term Hazardous Waste shall have the meaning provided in Section 1004 of the Solid Waste Disposal Act (42 USC Section 6903) as amended from time to time.

25. *Laws and Regulations; Laws or Regulations*--Any and all applicable laws, rules, regulations, ordinances, codes, and orders of any and all governmental bodies, agencies, authorities, and courts having jurisdiction.

26. *Liens*--Charges, security interests, or encumbrances upon Project funds, real property, or personal property.

27. *Milestone*--A principal event specified in the Contract Documents relating to an intermediate completion date or time prior to Substantial Completion of all the Work.

28. *Notice of Award*--The written notice by OWNER to the apparent successful bidder stating that upon timely compliance by the apparent successful bidder with the conditions precedent listed therein, OWNER will sign and deliver the Agreement.

29. *Notice to Proceed*--A written notice given by OWNER to CONTRACTOR fixing the date on which the Contract Times will commence to run and on which CONTRACTOR shall start to perform the Work under the Contract Documents.

30. *OWNER*--The individual, entity, public body, or authority with whom CONTRACTOR has entered into the Agreement and for whom the Work is to be performed.

31. *Partial Utilization*--Use by OWNER of a substantially completed part of the Work for the purpose for which it is intended (or a related purpose) prior to Substantial Completion of all the Work.

32. *PCBs*--Polychlorinated biphenyls.

33. *Petroleum*--Petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute), such as oil, petroleum, fuel oil, oil sludge, oil refuse, gasoline, kerosene, and oil mixed with other non-Hazardous Waste and crude oils.

34. *Project*--The total construction of which the Work to be performed under the Contract Documents may be the whole, or a part as may be indicated elsewhere in the Contract Documents.

35. *Project Manual*--The bound documentary information prepared for bidding and constructing the Work. A listing of the contents of the Project Manual, which may be bound in one or more volumes, is contained in the table(s) of contents.

36. *Radioactive Material*--Source, special nuclear, or byproduct material as defined by the Atomic Energy Act of 1954 (42 USC Section 2011 et seq.) as amended from time to time.

37. *Resident Project Representative*--The authorized representative of ENGINEER who may be assigned to the Site or any part thereof.

38. *Samples*--Physical examples of materials, equipment, or workmanship that are representative of some portion of the Work and which establish the standards by which such portion of the Work will be judged.

39. *Shop Drawings*--All drawings, diagrams, illustrations, schedules, and other data or information which are specifically prepared or assembled by or for CONTRACTOR and submitted by CONTRACTOR to illustrate some portion of the Work.

40. *Site*--Lands or areas indicated in the Contract Documents as being furnished by OWNER upon which the Work is to be performed, including rights-of-way and easements for access thereto, and such other lands furnished by OWNER which are designated for the use of CONTRACTOR.

41. *Specifications*--That part of the Contract Documents consisting of written technical descriptions of materials, equipment, systems, standards, and workmanship as applied to the Work and certain administrative details applicable thereto.

42. *Subcontractor*--An individual or entity having a direct contract with CONTRACTOR or with any other Subcontractor for the performance of a part of the Work at the Site.

43. *Substantial Completion*--The time at which the Work (or a specified part thereof) has progressed to the point where, in the opinion of ENGINEER, the Work (or a specified part thereof) is sufficiently complete, in accordance with the Contract Documents, so that the Work (or a specified part thereof) can be utilized for the purposes for which it is intended. The terms "substantially complete" and "substantially completed" as applied to all or part of the Work refer to Substantial Completion thereof.

44. *Supplementary Conditions*--That part of the Contract Documents which amends or supplements these General Conditions.

45. *Supplier*--A manufacturer, fabricator, supplier, distributor, materialman, or vendor having a direct contract with CONTRACTOR or with any Subcontractor to furnish materials or equipment to be incorporated in the Work by CONTRACTOR or any Subcontractor.

46. *Underground Facilities*--All underground pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic or other control systems.

47. *Unit Price Work*--Work to be paid for on the basis of unit prices.

48. *Work*--The entire completed construction or the various separately identifiable parts thereof required to be provided under the Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction, and furnishing, installing, and incorporating all materials and equipment into such construction, all as required by the Contract Documents.

49. *Work Change Directive*--A written statement to CONTRACTOR issued on or after the Effective Date of the Agreement and signed by OWNER and recommended by ENGINEER ordering an addition, deletion, or revision in the Work, or responding to differing or unforeseen subsurface or physical conditions under which the Work is to be performed or to emergencies. A Work Change Directive will not change the Contract Price or the Contract Times but is evidence that the parties expect that the change ordered or documented by a Work Change Directive will be incorporated in a subsequently issued Change Order following negotiations by the parties as to its effect, if any, on the Contract Price or Contract Times.

50. *Written Amendment*--A written statement modifying the Contract Documents, signed by OWNER and CONTRACTOR on or after the Effective Date of the Agreement and normally dealing with the nonengineering or nontechnical rather than strictly construction-related aspects of the Contract Documents.

1.02 *Terminology*

A. *Intent of Certain Terms or Adjectives*

1. Whenever in the Contract Documents the terms "as allowed," "as approved," or terms of like effect or import are used, or the adjectives "reasonable," "suitable," "acceptable," "proper," "satisfactory," or adjectives of like effect or import are used to describe an action or determination of ENGINEER as to the Work, it is intended that such action or determination will be solely to evaluate, in general, the completed Work for compliance with the requirements of and information in the Contract Documents and conformance with the design concept of the completed Project as a functioning whole as shown or indicated in the Contract Documents (unless there is a specific statement indicating otherwise). The use of any such term or adjective shall not be effective to assign to ENGINEER any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility contrary to the provisions of paragraph 9.10 or any other provision of the Contract Documents.

B. *Day*

1. The word "day" shall constitute a calendar day of 24 hours measured from midnight to the next midnight.

C. *Defective*

1. The word "defective," when modifying the word "Work," refers to Work that is unsatisfactory, faulty, or deficient in that it does not conform to the Contract Documents or does not meet the requirements of any inspection, reference standard, test, or approval referred to in the Contract Documents, or has been damaged prior to ENGINEER's recommendation of final payment (unless responsibility for the protection thereof has been assumed by OWNER at Substantial Completion in accordance with paragraph 14.04 or 14.05).

D. *Furnish, Install, Perform, Provide*

1. The word "furnish," when used in connection with services, materials, or equipment, shall mean to supply and deliver said services, materials, or equipment to the Site (or some other specified location) ready for use or installation and in usable or operable condition.

2. The word "install," when used in connection with services, materials, or equipment, shall mean to put into use or place in final position said services, materials, or equipment complete and ready for intended use.

3. The words "perform" or "provide," when used in connection with services, materials, or equipment, shall mean to furnish and install said services, materials, or equipment complete and ready for intended use.

4. When "furnish," "install," "perform," or "provide" is not used in connection with services, materials, or equipment in a context clearly requiring an obligation of CONTRACTOR, "provide" is implied.

E. Unless stated otherwise in the Contract Documents, words or phrases which have a well-known technical or construction industry or trade meaning are used in the Contract Documents in accordance with such recognized meaning.

ARTICLE 2 - PRELIMINARY MATTERS

2.01 *Delivery of Bonds*

A. When CONTRACTOR delivers the executed Agreements to OWNER, CONTRACTOR shall also deliver to OWNER such Bonds as CONTRACTOR may be required to furnish.

2.02* *Copies of Documents*

A. OWNER shall furnish to CONTRACTOR up to ten copies of the Contract Documents. Additional copies will be furnished upon request at the cost of reproduction.

2.03 *Commencement of Contract Times; Notice to Proceed*

A. The Contract Times will commence to run on the thirtieth day after the Effective Date of the Agreement or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 30 days after the Effective Date of the Agreement. In no event will the Contract Times com-

mence to run later than the sixtieth day after the day of Bid opening or the thirtieth day after the Effective Date of the Agreement, whichever date is earlier.

2.04 *Starting the Work*

A. CONTRACTOR shall start to perform the Work on the date when the Contract Times commence to run. No Work shall be done at the Site prior to the date on which the Contract Times commence to run.

*See Supplementary Conditions

2.05* *Before Starting Construction*

A. *CONTRACTOR's Review of Contract Documents:* Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract Documents and check and verify pertinent figures therein and all applicable field measurements. CONTRACTOR shall promptly report in writing to ENGINEER any conflict, error, ambiguity, or discrepancy which CONTRACTOR may discover and shall obtain a written interpretation or clarification from ENGINEER before proceeding with any Work affected thereby; however, CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any conflict, error, ambiguity, or discrepancy in the Contract Documents unless CONTRACTOR knew or reasonably should have known thereof.

B. *Preliminary Schedules:* Within ten days after the Effective Date of the Agreement (unless otherwise specified in the General Requirements), CONTRACTOR shall submit to ENGINEER for its timely review:

1. a preliminary progress schedule indicating the times (numbers of days or dates) for starting and completing the various stages of the Work, including any Milestones specified in the Contract Documents;

2. a preliminary schedule of Shop Drawing and Sample submittals which will list each required submittal and the times for submitting, reviewing, and processing such submittal; and

3. a preliminary schedule of values for all of the Work which includes quantities and prices of
items which when added together equal the Contract Price and subdivides the Work into component parts in sufficient detail to serve as the basis for progress payments during performance of the Work. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work.

* C. *Evidence of Insurance:* Before any Work at the Site is started, CONTRACTOR and OWNER shall each deliver to the other, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance which either of them or any additional insured may reasonably request) which CONTRACTOR and OWNER respectively are required to purchase and maintain in accordance with Article 5.

2.06 *Preconstruction Conference*

A. Within 20 days after the Contract Times start to run, but before any Work at the Site is started, a conference attended by CONTRACTOR, ENGINEER, and others as appropriate will be held to establish a working understanding among the parties as to the Work and to discuss the schedules referred to in paragraph 2.05.B, procedures for handling Shop Drawings and other submittals, processing Applications for Payment, and maintaining required records.

2.07 *Initial Acceptance of Schedules*

A. Unless otherwise provided in the Contract Documents, at least ten days before submission of the first Application for Payment a conference attended by CONTRACTOR, ENGINEER, and others as appropriate will be held to review for acceptability to ENGINEER as provided below the schedules submitted in accordance with paragraph 2.05.B. CONTRACTOR shall have an additional ten days to make corrections and adjustments and to complete and resubmit the schedules. No progress payment shall be made to CONTRACTOR until acceptable schedules are submitted to ENGINEER.

1. The progress schedule will be acceptable to ENGINEER if it provides an orderly progression of the Work to completion within any specified Milestones and the Contract Times. Such acceptance will not impose on ENGINEER responsibility for the progress schedule, for sequencing, scheduling, or progress of the Work nor interfere with or relieve CONTRACTOR from CONTRACTOR's full responsibility therefor.

2. CONTRACTOR's schedule of Shop Drawing and Sample submittals will be acceptable to ENGINEER if it provides a workable arrangement for reviewing and processing the required submittals.

3. CONTRACTOR's schedule of values will be acceptable to ENGINEER as to form and substance if it provides a reasonable allocation of the Contract Price to component parts of the Work.

*See Supplementary Conditions

ARTICLE 3 - CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE

3.01* *Intent*

A. The Contract Documents are complementary; what is called for by one is as binding as if called for by all.

B. It is the intent of the Contract Documents to describe a functionally complete Project (or part thereof) to be constructed in accordance with the Contract Documents. Any labor, documentation, services, materials, or equipment that may reasonably be inferred from the Contract Documents or from prevailing custom or trade usage as being required to produce the intended result will be provided whether or not specifically called for at no additional cost to OWNER.

C. Clarifications and interpretations of the Contract Documents shall be issued by ENGINEER as provided in Article 9.

3.02 *Reference Standards*

A. *Standards, Specifications, Codes, Laws, and Regulations*

1. Reference to standards, specifications, manuals, or codes of any technical society, organization, or association, or to Laws or Regulations, whether such reference be specific or by implication, shall mean the standard, specification, manual, code, or Laws or Regulations in effect at the time of opening of Bids (or on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated in the Contract Documents.

2. No provision of any such standard, specification, manual or code, or any instruction of a Supplier shall be effective to change the duties or responsibilities of OWNER, CONTRACTOR, or ENGINEER, or any of their subcontractors, consultants, agents, or employees from those set forth in the Contract Documents, nor shall any such provision or instruction be effective to assign to OWNER, ENGINEER, or any of ENGINEER's Consultants, agents, or employees any duty or authority to supervise or direct the performance of the Work or any duty or authority to undertake responsibility inconsistent with the provisions of the Contract Documents.

3.03 *Reporting and Resolving Discrepancies*

A. *Reporting Discrepancies*

1. If, during the performance of the Work, CONTRACTOR discovers any conflict, error, ambiguity, or discrepancy within the Contract Documents or between the Contract Documents and any provision of any Law or Regulation applicable to the perfomance of the Work or of any standard, specification, manual or code, or of any instruction of any Supplier, CONTRACTOR shall report it to ENGINEER in writing at once. CONTRACTOR shall not proceed with the Work affected thereby (except in an emergency as required by paragraph 6.16.A) until an amendment or supplement to the Contract Documents has been issued by one of the methods indicated in paragraph 3.04; provided, however, that CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any such conflict, error, ambiguity, or discrepancy unless CONTRACTOR knew or reasonably should have known thereof.

B. *Resolving Discrepancies*

1. Except as may be otherwise specifically stated in the Contract Documents, the provisions of the Contract Documents shall take precedence in resolving any conflict, error, ambiguity, or discrepancy between the provisions of the Contract Documents and:

a. the provisions of any standard, specification, manual, code, or instruction (whether or not specifically incorporated by reference in the Contract Documents); or

b. the provisions of any Laws or Regulations applicable to the performance of the Work (unless such an interpretation of the provisions of the Contract Documents would result in violation of such Law or Regulation).

3.04 *Amending and Supplementing Contract Documents*

A. The Contract Documents may be amended to provide for additions, deletions, and revisions in the Work or to modify the terms and conditions thereof in one or

*See Supplementary Conditions

B. The requirements of the Contract Documents may be supplemented, and minor variations and deviations in the Work may be authorized, by one or more of the following ways: (i) a Field Order; (ii) ENGINEER's approval of a Shop Drawing or Sample; or (iii) ENGINEER's written interpretation or clarification.

3.05 *Reuse of Documents*

A. CONTRACTOR and any Subcontractor or Supplier or other individual or entity performing or furnishing any of the Work under a direct or indirect contract with OWNER: (i) shall not have or acquire any title to or ownership rights in any of the Drawings, Specifications, or other documents (or copies of any thereof) prepared by or bearing the seal of ENGINEER or ENGINEER's Consultant, including electronic media editions; and (ii) shall not reuse any of such Drawings, Specifications, other documents, or copies thereof on extensions of the Project or any other project without written consent of OWNER and ENGINEER and specific written verification or adaption by ENGINEER. This prohibition will survive final payment, completion, and acceptance of the Work, or termination or completion of the Contract. Nothing herein shall preclude CONTRACTOR from retaining copies of the Contract Documents for record purposes.

ARTICLE 4 - AVAILABILITY OF LANDS; SUBSURFACE AND PHYSICAL CONDITIONS; REFERENCE POINTS

4.01 *Availability of Lands*

A. OWNER shall furnish the Site. OWNER shall notify CONTRACTOR of any encumbrances or restrictions not of general application but specifically related to use of the Site with which CONTRACTOR must comply in performing the Work. OWNER will obtain in a timely manner and pay for easements for permanent structures or permanent changes in existing facilities. If CONTRACTOR and OWNER are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, as a result of any delay in OWNER's furnishing the Site, CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

B. Upon reasonable written request, OWNER shall furnish CONTRACTOR with a current statement of record legal title and legal description of the lands upon which the Work is to be performed and OWNER's interest therein as necessary for giving notice of or filing a mechanic's or construction lien against such lands in accordance with applicable Laws and Regulations.

C. CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.

4.02* *Subsurface and Physical Conditions*

A.* *Reports and Drawings:* The Supplementary Conditions identify:

1. those reports of explorations and tests of subsurface conditions at or contiguous to the Site that ENGINEER has used in preparing the Contract Documents; and

2. those drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site (except Underground Facilities) that ENGINEER has used in preparing the Contract Documents.

B. *Limited Reliance by CONTRACTOR on Technical Data Authorized:* CONTRACTOR may rely upon the general accuracy of the "technical data" contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such "technical data" is identified in the Supplementary Conditions. Except for such reliance on such "technical data," CONTRACTOR may not rely upon or make any Claim against OWNER, ENGINEER, or any of ENGINEER's Consultants with respect to:

1. the completeness of such reports and drawings for CONTRACTOR's purposes, includ-

ing, but not limited to, any aspects of the means, methods, techniques, sequences, and procedures of construction to be employed by CONTRACTOR, and safety precautions and programs incident thereto; or

2. other data, interpretations, opinions, and information contained in such reports or shown or indicated in such drawings; or

3. any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions, or information.

*See Supplementary Conditions

4.03 *Differing Subsurface or Physical Conditions*

A. *Notice:* If CONTRACTOR believes that any subsurface or physical condition at or contiguous to the Site that is uncovered or revealed either:

1. is of such a nature as to establish that any "technical data" on which CONTRACTOR is entitled to rely as provided in paragraph 4.02 is materially inaccurate; or

2. is of such a nature as to require a change in the Contract Documents; or

3. differs materially from that shown or indicated in the Contract Documents; or

4. is of an unusual nature, and differs materially from conditions ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract Documents; then CONTRACTOR shall, promptly after becoming aware thereof and before further disturbing the subsurface or physical conditions or performing any Work in connection therewith (except in an emergency as required by paragraph 6.16.A), notify OWNER and ENGINEER in writing about such condition. CONTRACTOR shall not further disturb such condition or perform any Work in connection therewith (except as aforesaid) until receipt of written order to do so.

B. *ENGINEER's Review:* After receipt of written notice as required by paragraph 4.03.A, ENGINEER will promptly review the pertinent condition, determine the necessity of OWNER's obtaining additional exploration or tests with respect thereto, and advise OWNER in writing (with a copy to CONTRACTOR) of ENGINEER's findings and conclusions.

C. *Possible Price and Times Adjustments*

1. The Contract Price or the Contract Times, or both, will be equitably adjusted to the extent that the existence of such differing subsurface or physical condition causes an increase or decrease in CONTRACTOR's cost of, or time required for, performance of the Work; subject, however, to the following:

a. such condition must meet any one or more of the categories described in paragraph 4.03.A; and

b. with respect to Work that is paid for on a Unit Price Basis, any adjustment in Contract Price will be subject to the provisions of paragraphs 9.08 and 11.03.

2. CONTRACTOR shall not be entitled to any adjustment in the Contract Price or Contract Times if:

a. CONTRACTOR knew of the existence of such conditions at the time CONTRACTOR made a final commitment to OWNER in respect of Contract Price and Contract Times by the submission of a Bid or becoming bound under a negotiated contract; or

b. the existence of such condition could reasonably have been discovered or revealed as a result of any examination, investigation, exploration, test, or study of the Site and contiguous areas required by the Bidding Requirements or Contract Documents to be conducted by or for CONTRACTOR prior to CONTRACTOR's making such final commitment; or

c. CONTRACTOR failed to give the written notice within the time and as required by paragraph 4.03.A.

3. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, a Claim may be

made therefor as provided in paragraph 10.05. However, OWNER, ENGINEER, and ENGINEER's Consultants shall not be liable to CONTRACTOR for any claims, costs, losses, or damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by CONTRACTOR on or in connection with any other project or anticipated project.

4.04 *Underground Facilities*

A. *Shown or Indicated:* The information and data shown or indicated in the Contract Documents with respect to existing Underground Facilities at or contiguous to the Site is based on infomation and data furnished to OWNER or ENGINEER by the owners of such Underground Facilities, including OWNER, or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

1. OWNER and ENGINEER shall not be responsible for the accuracy or completeness of any such information or data; and

2. the cost of all of the following will be included in the Contract Price, and CONTRACTOR shall have full responsibility for:

a. reviewing and checking all such information and data,

b. locating all Underground Facilities shown or indicated in the Contract Documents,

c. coordination of the Work with the owners of such Underground Facilities, including OWNER, during construction, and

d. the safety and protection of all such Underground Facilities and repairing any damage thereto resulting from the Work.

B. *Not Shown or Indicated*

1. If an Underground Facility is uncovered or revealed at or contiguous to the Site which was not shown or indicated, or not shown or indicated with reasonable accuracy in the Contract Documents, CONTRACTOR shall, promptly after becoming aware thereof and before further disturbing conditions affected thereby or performing any Work in connection therewith (except in an emergency as required by paragraph 6.16.A), identify the owner of such Underground Facility and give written notice to that owner and to OWNER and ENGINEER. ENGINEER will promptly review the Underground Facility and determine the extent, if any, to which a change is required in the Contract Documents to reflect and document the consequences of the existence or location of the Underground Facility. During such time, CONTRACTOR shall be responsible for the safety and protection of such Underground Facility.

2. If ENGINEER concludes that a change in the Contract Documents is required, a Work Change Directive or a Change Order will be issued to reflect and document such consequences. An equitable adjustment shall be made in the Contract Price of Contract Times, or both, to the extent that they are attributable to the existence or location of any Underground Facility that was not shown or indicated or not shown or indicated with reasonable accuracy in the Contract Documents and that CONTRACTOR did not know of and could not reasonably have been expected to be aware of or to have anticipated. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment in Contract Price or Contract Times, OWNER or CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

4.05* *Reference Points*

A. OWNER shall provide engineering surveys to establish reference points for construction which in ENGINEER's judgment are necessary to enable CONTRACTOR to proceed with the Work. CONTRACTOR shall be responsible for laying out the Work, shall protect and preserve the established reference points and property monuments, and shall make no changes or relocations without the prior written approval of OWNER. CONTRACTOR shall report to ENGINEER whenever any reference point or property monument is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points or property monuments by professionally qualified personnel.

4.06 *Hazardous Environmental Condition at Site*

A. *Reports and Drawings:* Reference is made to the Supplementary Conditions for the identification of those reports and drawings relating to a Hazardous Environmental Condition identified at the Site, if any, that have been utilized by the ENGINEER in the preparation of the Contract Documents.

B. *Limited Reliance by CONTRACTOR on Technical Data Authorized:* CONTRACTOR may rely upon the general accuracy of the "technical data" contained in such reports and drawings, but such reports and drawings are not Contract Documents. Such "technical data" is identified in the Supplementary Conditions. Except for such reliance on such "technical data," CONTRACTOR may not rely upon or make any Claim against OWNER, ENGINEER or any of ENGINEER's Consultants with respect to:

1. the completeness of such reports and drawings for CONTRACTOR's purposes, including, but not limited to, any aspects of the means, methods, techniques, sequences and procedures of construction to be employed by CONTRACTOR and safety precautions and programs incident thereto; or

*See Supplementary Conditions

2. other data, interpretations, opinions and information contained in such reports or shown or indicated in such drawings; or

3. any CONTRACTOR interpretation of or conclusion drawn from any "technical data" or any such other data, interpretations, opinions or information.

C. CONTRACTOR shall not be responsible for any Hazardous Environmental Condition uncovered or revealed at the Site which was not shown or indicated in Drawings or Specifications or identified in the Contract Documents to be within the scope of the Work. CONTRACTOR shall be responsible for a Hazardous Environmental Condition created with any materials brought to the Site by CONTRACTOR, Subcontractors, Suppliers, or anyone else for whom CONTRACTOR is responsible.

D. If CONTRACTOR encounters a Hazardous Environmental Condition or if CONTRACTOR or anyone for whom CONTRACTOR is responsible creates a Hazardous Environmental Condition, CONTRACTOR shall immediately: (i) secure or otherwise isolate such condition; (ii) stop all Work in connection with such condition and in any area affected thereby (except in an emergency as required by paragraph 6.16); and (iii) notify OWNER and ENGINEER (and promptly thereafter confirm such notice in writing). OWNER shall promptly consult with ENGINEER concerning the necessity for OWNER to retain a qualified expert to evaluate such condition or take corrective action, if any.

E. CONTRACTOR shall not be required to resume Work in connection with such condition or in any affected area until after OWNER has obtained any required permits related thereto and delivered to CONTRACTOR written notice: (i) specifying that such condition and any affected area is or has been rendered safe for the resumption of Work; or (ii) specifying any special conditions under which such Work may be resumed safely. If OWNER and CONTRACTOR cannot agree as to entitlement to or on the amount or extent, if any, of any adjustment in Contract Price or Contract Times, or both, as a result of such Work stoppage or such special conditions under which Work is agreed to be resumed by CONTRACTOR, either party may make a Claim therefor as provided in paragraph 10.05.

F. If after receipt of such written notice CONTRACTOR does not agree to resume such Work based on a reasonable belief it is unsafe, or does not agree to resume such Work under such special conditions, then OWNER may order the portion of the Work that is in the area affected by such condition to be deleted from the Work. If OWNER and CONTRACTOR cannot agree as to entitlement to or on the amount or extent, if any, of an adjustment in Contract Price or Contract Times as a result of deleting such portion of the Work, then either party may make a Claim therefor as provided in paragraph 10.05. OWNER may have such deleted portion of the Work performed by OWNER's own forces or others in accordance with Article 7.

G. To the fullest extent permitted by Laws and Regulations, OWNER shall indemnify and hold harmless CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants and the officers, directors, partners, employees, agents, other consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition, provided that such Hazardous Environmental Condition: (i) was not shown or indicated in the Drawings or

Specifications or identified in the Contract Documents to be included within the scope of the Work, and (ii) was not created by CONTRACTOR or by anyone for whom CONTRACTOR is responsible. Nothing in this paragraph 4.06.E shall obligate OWNER to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

H. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, other consultants, and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to a Hazardous Environmental Condition created by CONTRACTOR or by anyone for whom CONTRACTOR is responsible. Nothing in this paragraph 4.06.F shall obligate CONTRACTOR to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

I. The provisions of paragraphs 4.02, 4.03, and 4.04 are not intended to apply to a Hazardous Environmental Condition uncovered or revealed at the Site.

*See Supplementary Conditions

ARTICLE 5 - BONDS AND INSURANCE

5.01* *Performance, Payment, and Other Bonds*

A. CONTRACTOR shall furnish performance and payment Bonds, each in an amount at least equal to the Contract Price as security for the faithful performance and payment of all CONTRACTOR's obligations under the Contract Documents. These Bonds shall remain in effect at least until one year after the date when final payment becomes due, except as provided otherwise by Laws or Regulations or by the Contract Documents. CONTRACTOR shall also furnish such other Bonds as are required by the Contract Documents.

B.* All Bonds shall be in the form prescribed by the Contract Documents except as provided otherwise by Laws or Regulations, and shall be executed by such sureties as are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Financial Management Service, Surety Bond Branch, U.S. Department of the Treasury. All Bonds signed by an agent must be accompanied by a certified copy of such agent's authority to act.

C. If the surety on any Bond furnished by CONTRACTOR is declared bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of paragraph 5.01.B, CONTRACTOR shall within 20 days thereafter substitute another Bond and surety, both of which shall comply with the requirements of paragraphs 5.01.B and 5.02.

5.02 *Licensed Sureties and Insurers*

A. All Bonds and insurance required by the Contract Documents to be purchased and maintained by OWNER or CONTRACTOR shall be obtained from surety or insurance companies that are duly licensed or authorized in the jurisdiction in which the Project is located to issue Bonds or insurance policies for the limits and coverages so required. Such surety and insurance companies shall also meet such additional requirements and qualifications as may be provided in the Supplementary Conditions.

5.03 *Certificates of Insurance*

A. CONTRACTOR shall deliver to OWNER, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by OWNER or any other additional insured) which CONTRACTOR is required to purchase and maintain. OWNER shall deliver to CONTRACTOR, with copies to each additional insured identified in the Supplementary Conditions, certificates of insurance (and other evidence of insurance requested by CONTRACTOR or any other additional insured) which OWNER is required to purchase and maintain.

5.04* *CONTRACTOR's Liability Insurance*

A. CONTRACTOR shall purchase and maintain such liability and other insurance as is appropriate for the Work being performed and as will provide protection from claims set forth below which may arise out of or result from CONTRACTOR's performance of the Work and CONTRACTOR's other obligations under the Contract Documents, whether it is to be performed by CONTRACTOR, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to

perform any of the Work, or by anyone for whose acts any of them may be liable:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts;

2. claims for damages because of bodily injury, occupational sickness or disease, or death of CONTRACTOR's employees;

3. claims for damages because of bodily injury, sickness or disease, or death of any person other than CONTRACTOR's employees;

4. claims for damages insured by reasonably available personal injury liability coverage which are sustained: (i) by any person as a result of an offense directly or indirectly related to the employment of such person by CONTRACTOR, or (ii) by any other person for any other reason;

5. claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting therefrom; and

6. claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of any motor vehicle.

B. The policies of insurance so required by this paragraph 5.04 to be purchased and maintained shall:

*See Supplementary Conditions

1. with respect to insurance required by paragraphs 5.04.A.3 through 5.04.A.6 inclusive, include as additional insureds (subject to any customary exclusion in respect of professional liability) OWNER, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, all of whom shall be listed as additional insureds, and include coverage for the respective officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of all such additional insureds, and the insurance afforded to these additional insureds shall provide primary coverage for all claims covered thereby;

2. include at least the specific coverages and be written for not less than the limits of liability provided in the Supplementary Conditions or required by Laws or Regulations, whichever is greater;

3. include completed operations insurance;

4. include contractual liability insurance covering CONTRACTOR's indemnity obligations under paragraphs 6.07, 6.11, and 6.20;

5. contain a provision or endorsement that the coverage afforded will not be canceled, materially changed or renewal refused until at least thirty days prior written notice has been given to OWNER and CONTRACTOR and to each other additional insured identified in the Supplementary Conditions to whom a certificate of insurance has been issued (and the certificates of insurance furnished by the CONTRACTOR pursuant to paragraph 5.03 will so provide);

6. remain in effect at least until final payment and at all times thereafter when CONTRACTOR may be correcting, removing, or replacing defective Work in accordance with paragraph 13.07; and

7. with respect to completed operations insurance, and any insurance coverage written on a claims-made basis, remain in effect for at least two years after final payment (and CONTRACTOR shall furnish OWNER and each other additional insured identified in the Supplementary Conditions, to whom a certificate of insurance has been issued, evidence satisfactory to OWNER and any such additional insured of continuation of such insurance at final payment and one year thereafter).

5.05 *OWNER's Liability Insurance*

A.* In addition to the insurance required to be provided by CONTRACTOR under paragraph 5.04, OWNER, at OWNER's option, may purchase and maintain at OWNER's expense OWNER's own liability insurance as will protect OWNER against claims which may arise from operations under the Contract Documents.

5.06* *Property Insurance*

A. Unless otherwise provided in the Supplementary Conditions, OWNER shall purchase and maintain property

insurance upon the Work at the Site in the amount of the full replacement cost thereof (subject to such deductible amounts as may be provided in the Supplementary Conditions or required by Laws and Regulations). This insurance shall:

1. include the interests of OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them, each of whom is deemed to have an insurable interest and shall be listed as an additional insured;

2. be written on a Builder's Risk "all-risk" or open peril or special causes of loss policy form that shall at least include insurance for physical loss or damage to the Work, temporary buildings, false work, and materials and equipment in transit, and shall insure against at least the following perils or causes of loss: fire, lightning, extended coverage, theft, vandalism and malicious mischief, earthquake, collapse, debris removal, demolition occasioned by enforcement of Laws and Regulations, water damage, and such other perils or causes of loss as may be specifically required by the Supplementary Conditions;

3. include expenses incurred in the repair or replacement of any insured property (including but not limited to fees and charges of engineers and architects);

*See Supplementary Conditions

4. cover materials and equipment stored at the Site or at another location that was agreed to in writing by OWNER prior to being incorporated in the Work, provided that such materials and equipment have been included in an Application for Payment recommended by ENGINEER;

5. allow for partial utilization of the Work by OWNER;

6. include testing and startup; and

7. be maintained in effect until final payment is made unless otherwise agreed to in writing by OWNER, CONTRACTOR, and ENGINEER with 30 days written notice to each other additional insured to whom a certificate of insurance has been issued.

B.* OWNER shall purchase and maintain such boiler and machinery insurance or additional property insurance as may be required by the Supplementary Conditions or Laws and Regulations which will include the interests of OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and any other individuals or entities identified in the Supplementary Conditions, each of whom is deemed to have an insurable interest and shall be listed as an insured or additional insured.

C.* All the policies of insurance (and the certificates or other evidence thereof) required to be purchased and maintained in accordance with paragraph 5.06 will contain a provision or endorsement that the coverage afforded will not be canceled or materially changed or renewal refused until at least 30 days prior written notice has been given to OWNER and CONTRACTOR and to each other additional insured to whom a certificate of insurance has been issued and will contain waiver provisions in accordance with paragraph 5.07.

D.* OWNER shall not be responsible for purchasing and maintaining any property insurance specified in this paragraph 5.06 to protect the interests of CONTRACTOR, Subcontractors, or others in the Work to the extent of any deductible amounts that are identified in the Supplementary Conditions. The risk of loss within such identified deductible amount will be borne by CONTRACTOR, Subcontractors, or others suffering any such loss, and if any of them wishes property insurance coverage within the limits of such amounts, each may purchase and maintain it at the purchaser's own expense.

E.* If CONTRACTOR requests in writing that other special insurance be included in the property insurance policies provided under paragraph 5.06, OWNER shall, if possible, include such insurance, and the cost thereof will be charged to CONTRACTOR by appropriate Change Order or Written Amendment. Prior to commencement of the Work at the Site, OWNER shall in writing advise CONTRACTOR whether or not such other insurance has been procured by OWNER.

5.07 *Waiver of Rights*

A.* OWNER and CONTRACTOR intend that all policies purchased in accordance with paragraph 5.06 will protect OWNER, CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and all other

individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) in such policies and will provide primary coverage for all losses and damages caused by the perils or causes of loss covered thereby. All such policies shall contain provisions to the effect that in the event of payment of any loss or damage the insurers will have no rights of recovery against any of the insureds or additional insureds thereunder. OWNER and CONTRACTOR waive all rights against each other and their respective officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them for all losses and damages caused by, arising out of or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work; and, in addition, waive all such rights against Subcontractors, ENGINEER, ENGINEER's Consultants, and all other individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) under such policies for losses and damages so caused.

None of the above waivers shall extend to the rights that any party making such waiver may have to the proceeds of insurance held by OWNER as trustee or otherwise payable under any policy so issued.

B. OWNER waives all rights against CONTRACTOR, Subcontractors, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them for:

*See Supplementary Conditions

1. loss due to business interruption, loss of use, or other consequential loss extending beyond direct physical loss or damage to OWNER's property or the Work caused by, arising out of, or resulting from fire or other peril whether or not insured by OWNER; and

2. loss or damage to the completed Project or part thereof caused by, arising out of, or resulting from fire or other insured peril or cause of loss covered by any property insurance maintained on the completed Project or part thereof by OWNER during partial utilization pursuant to paragraph 14.05, after Substantial Completion pursuant to paragraph 14.04, or after final payment pursuant to paragraph 14.07.

C. Any insurance policy maintained by OWNER covering any loss, damage or consequential loss referred to in paragraph 5.07.B shall contain provisions to the effect that in the event of payment of any such loss, damage, or consequential loss, the insurers will have no rights of recovery against CONTRACTOR, Subcontractors, ENGINEER, or ENGINEER's Consultants and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them.

5.08* *Receipt and Application of Insurance Proceeds*

A.* Any insured loss under the policies of insurance required by paragraph 5.06 will be adjusted with OWNER and made payable to OWNER as fiduciary for the insureds, as their interests may appear, subject to the requirements of any applicable mortgage clause and of paragraph 5.08.B. OWNER shall deposit in a separate account any money so received and shall distribute it in accordance with such agreement as the parties in interest may reach. If no other special agreement is reached, the damaged Work shall be repaired or replaced, the moneys so received applied on account thereof, and the Work and the cost thereof covered by an appropriate Change Order or Written Amendment.

B.* OWNER as fiduciary shall have power to adjust and settle any loss with the insurers unless one of the parties in interest shall object in writing within 15 days after the occurrence of loss to OWNER's exercise of this power. If such objection be made, OWNER as fiduciary shall make settlement with the insurers in accordance with such agreement as the parties in interest may reach. If no such agreement among the parties in interest is reached, OWNER as fiduciary shall adjust and settle the loss with the insurers and, if required in writing by any party in interest, OWNER as fiduciary shall give bond for the proper performance of such duties.

5.09* *Acceptance of Bonds and Insurance; Option to Replace*

A.* If either OWNER or CONTRACTOR has any objection to the coverage afforded by or other provisions of the Bonds or insurance required to be purchased and maintained by the other party in accordance with Article 5 on the basis of non-conformance with the Contract Documents, the objecting party shall so notify the other party in writing within 10 days after receipt of the

certificates (or other evidence requested) required by paragraph 2.05.C. OWNER and CONTRACTOR shall each provide to the other such additional information in respect of insurance provided as the other may reasonably request. If either party does not purchase or maintain all of the Bonds and insurance required of such party by the Contract Documents, such party shall notify the other party in writing of such failure to purchase prior to the start of the Work, or of such failure to maintain prior to any change in the required coverage. Without prejudice to any other right or remedy, the other party may elect to obtain equivalent Bonds or insurance to protect such other party's interests at the expense of the party who was required to provide such coverage, and a Change Order shall be issued to adjust the Contract Price accordingly.

5.10 *Partial Utilization, Acknowledgment of Property Insurer*

A. If OWNER finds it necessary to occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work as provided in paragraph 14.05, no such use or occupancy shall commence before the insurers providing the property insurance pursuant to paragraph 5.06 have acknowledged notice thereof and in writing effected any changes in coverage necessitated thereby. The insurers providing the property insurance shall consent by endorsement on the policy or policies, but the property insurance shall not be canceled or permitted to lapse on account of any such partial use or occupancy.

ARTICLE 6 - CONTRACTOR'S RESPONSIBILITIES

6.01 *Supervision and Superintendence*

A. CONTRACTOR shall supervise, inspect, and direct the Work competently and efficiently, devoting such attention thereto and applying such skills and expertise as may be necessary to perform the Work in accordance with

*See Supplementary Conditions

the Contract Documents. CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences,
and procedures of construction, but CONTRACTOR shall not be responsible for the negligence of OWNER or ENGINEER in the design or specification of a specific means, method, technique, sequence, or procedure of construction which is shown or indicated in and expressly required by the Contract Documents. CONTRACTOR shall be responsible to see that the completed Work complies accurately with the Contract Documents.

B. At all times during the progress of the Work, CONTRACTOR shall assign a competent resident superintendent thereto who shall not be replaced without written notice to OWNER and ENGINEER except under extraordinary circumstances. The superintendent will be CONTRACTOR's representative at the Site and shall have authority to act on behalf of CONTRACTOR. All communications given to or received from the superintendent shall be binding on CONTRACTOR.

6.02 *Labor; Working Hours*

A. CONTRACTOR shall provide competent, suitably qualified personnel to survey, lay out, and construct the

Work as required by the Contract Documents. CONTRACTOR shall at all times maintain good discipline and order at the Site.

B. Except as otherwise required for the safety or protection of persons or the Work or property at the Site or adjacent thereto, and except as otherwise stated in the Contract Documents, all Work at the Site shall be performed during regular working hours, and CONTRACTOR will not permit overtime work or the performance of Work on Saturday, Sunday, or any legal holiday without OWNER's written consent (which will not be unreasonably withheld) given after prior written notice to ENGINEER.

6.03 *Services, Materials, and Equipment*

A. Unless otherwise specified in the General Requirements, CONTRACTOR shall provide and assume full responsibility for all services, materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water, sanitary facilities, temporary facilities, and all other facilities and incidentals necessary for the performance, testing, start-up, and completion of the Work.

B. All materials and equipment incorporated into the Work shall be as specified or, if not specified, shall be of good quality and new, except as otherwise provided in the Contract Documents. All warranties and guarantees specifically called for by the Specifications shall expressly

run to the benefit of OWNER. If required by ENGINEER, CONTRACTOR shall furnish satisfactory evidence (including reports of required tests) as to the source, kind, and quality of materials and equipment. All materials and equipment shall be stored, applied, installed, connected, erected, protected, used, cleaned, and conditioned in accordance with instructions of the applicable Supplier, except as otherwise may be provided in the Contract Documents.

6.04 *Progress Schedule*

A. CONTRACTOR shall adhere to the progress schedule established in accordance with paragraph 2.07 as it may be adjusted from time to time as provided below.

1. CONTRACTOR shall submit to ENGINEER for acceptance (to the extent indicated in paragraph 2.07) proposed adjustments in the progress schedule that will not result in changing the Contract Times (or Milestones). Such adjustments will conform generally to the progress schedule then in effect and additionally will comply with any provisions of the General Requirements applicable thereto.

2. Proposed adjustments in the progress schedule that will change the Contract Times (or Milestones) shall be submitted in accordance with the requirements of Article 12. Such adjustments may only be made by a Change Order or Written Amendment in accordance with Article 12.

6.05 *Substitutes and "Or-Equals"*

A. Whenever an item of material or equipment is specified or described in the Contract Documents by using the name of a proprietary item or the name of a particular Supplier, the specification or description is intended to establish the type, function, appearance, and quality required. Unless the specification or description contains or is followed by words reading that no like, equivalent, or "or-equal" item or no substitution is permitted, other items of material or equipment or material or equipment of other Suppliers may be submitted to ENGINEER for review under the circumstances described below.

1. *"Or-Equal" Items:* If in ENGINEER's sole discretion an item of material or equipment proposed by CONTRACTOR is functionally equal to that named and sufficiently similar so that no change in related Work will be required, it may be considered by ENGINEER as an "or-equal" item, in which case review and approval of the proposed item may, in ENGINEER's sole discretion, be accomplished without compliance with some or all of the requirements for approval of proposed substitute items. For the purposes of this paragraph 6.05.A.1, a proposed item of material or equipment will be considered functionally equal to an item so named if:

a. in the exercise of reasonable judgment ENGINEER determines that: (i) it is at least equal in quality, durability, appearance, strength, and design characteristics; (ii) it will reliably perform at least equally well the function imposed by the design concept of the completed Project as a functioning whole, and;

b. CONTRACTOR certifies that: (i) there is no increase in cost to the OWNER; and (ii) it will conform substantially, even with deviations, to the detailed requirements of the item named in the Contract Documents.

2. Substitute Items

a. If in ENGINEER's sole discretion an item of material or equipment proposed by CONTRACTOR does not qualify as an "or-equal" item under paragraph 6.05.A.1, it will be considered a proposed substitute item.

b. CONTRACTOR shall submit sufficient information as provided below to allow ENGINEER to determine that the item of material or equipment proposed is essentially equivalent to that named and an acceptable substitute therefor. Requests for review of proposed substitute items of material or equipment will not be accepted by ENGINEER from anyone other than CONTRACTOR.

c. The procedure for review by ENGINEER will be as set forth in paragraph 6.05.A.2.d, as supplemented in the General Requirements and as ENGINEER may decide is appropriate under the circumstances.

d. CONTRACTOR shall first make written application to ENGINEER for review of a proposed substitute item of material or equipment that CONTRACTOR seeks to furnish or use. The application shall certify

that the proposed substitute item will perform adequately the functions and achieve the results called for by the general design, be similar in substance to that specified, and be suited to the same use as that specified. The application will state the extent, if any, to which the use of the proposed substitute item will prejudice CONTRACTOR's achievement of Substantial Completion on time, whether or not use of the proposed substitute item in the Work will require a change in any of the Contract Documents (or in the provisions of any other direct contract with OWNER for work on the Project) to adapt the design to the proposed substitute item and whether or not incorporation or use of the proposed substitute item in connection with the Work is subject to payment of any license fee or royalty. All variations of the proposed substitute item from that specified will be identified in the application, and available engineering, sales, maintenance, repair, and replacement services will be indicated. The application will also contain an itemized estimate of all costs or credits that will result directly or indirectly from use of such substitute item, including costs of redesign and claims of other contractors affected by any resulting change, all of which will be considered by ENGINEER in evaluating the proposed substitute item. ENGINEER may require CONTRACTOR to furnish additional data about the proposed substitute item.

B. *Substitute Construction Methods or Procedures:* If a specific means, method, technique, sequence, or procedure of construction is shown or indicated in and expressly required by the Contract Documents, CONTRACTOR may furnish or utilize a substitute means, method, technique, sequence, or procedure of construction approved by ENGINEER. CONTRACTOR shall submit sufficient information to allow ENGINEER, in ENGINEER's sole discretion, to determine that the substitute proposed is equivalent to that expressly called for by the Contract Documents. The procedure for review by ENGINEER will be similar to that provided in subparagraph 6.05.A.2.

C. *Engineer's Evaluation:* ENGINEER will be allowed a reasonable time within which to evaluate each proposal or submittal made pursuant to paragraphs 6.05.A and 6.05.B. ENGINEER will be the sole judge of acceptability. No "or-equal" or substitute will be ordered, installed or utilized until ENGINEER's review is complete, which will be evidenced by either a Change Order for a substitute or an approved Shop Drawing for an "or equal." ENGINEER will advise CONTRACTOR in writing of any negative determination.

D. *Special Guarantee:* OWNER may require CONTRACTOR to furnish at CONTRACTOR's expense a special performance guarantee or other surety with respect to any substitute.

E. *ENGINEER's Cost Reimbursement:* ENGINEER will record time required by ENGINEER and ENGINEER's Consultants in evaluating substitute proposed or submitted by CONTRACTOR pursuant to paragraphs 6.05.A.2 and 6.05.B and in making changes in the Contract Documents (or in the provisions of any other direct contract with OWNER for work on the Project) occasioned thereby. Whether or not ENGINEER approves a substitute item so proposed or submitted by CONTRACTOR, CONTRACTOR shall reimburse OWNER for the charges of ENGINEER and ENGINEER's Consultants for evaluating each such proposed substitute.

F. *CONTRACTOR's Expense:* CONTRACTOR shall provide all data in support of any proposed substitute or "or-equal" at CONTRACTOR's expense.

6.06 *Concerning Subcontractors, Suppliers, and Others*

A. CONTRACTOR shall not employ any Subcontractor, Supplier, or other individual or entity (including those acceptable to OWNER as indicated in paragraph 6.06.B), whether initially or as a replacement, against whom OWNER may have reasonable objection. CONTRACTOR shall not be required to employ any Subcontractor, Supplier, or other individual or entity to furnish or perform any of the Work against whom CONTRACTOR has reasonable objection.

B. If the Supplementary Conditions require the identity of certain Subcontractors, Suppliers, or other individuals or entities to be submitted to OWNER in advance for acceptance by OWNER by a specified date prior to the Effective Date of the Agreement, and if CONTRACTOR has submitted a list thereof in accordance with the Supplementary Conditions, OWNER's acceptance (either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in the Bidding Documents or the Contract Documents) of any such Subcontractor, Supplier, or other individual or entity so identified may be revoked on the basis of reasonable objection after due investigation. CONTRACTOR shall submit an acceptable replacement

for the rejected Subcontractor, Supplier, or other individual or entity, and the Contract Price will be adjusted by the difference in the cost occasioned by such replacement, and an appropriate Change Order will be issued or Written Amendment signed. No acceptance by OWNER of any such Subcontractor, Supplier, or other individual or entity, whether initially or as a replacement, shall constitute a waiver of any right of OWNER or ENGINEER to reject defective Work.

C. CONTRACTOR shall be fully responsible to OWNER and ENGINEER for all acts and omissions of the Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work just as CONTRACTOR is responsible for CONTRACTOR's own acts and omissions. Nothing in the Contract Documents shall create for the benefit of any such Subcontractor, Supplier, or other individual or entity any contractual relationship between OWNER or ENGINEER and any such Subcontractor, Supplier or other individual or entity, nor shall it create any obligation on the part of OWNER or ENGINEER to pay or to see to the payment of any moneys due any such Subcontractor, Supplier, or other individual or entity except as may otherwise be required by Laws and Regulations.

D. CONTRACTOR shall be solely responsible for scheduling and coordinating the Work of Subcontractors, Suppliers, and other individuals or entities performing or furnishing any of the Work under a direct or indirect contract with CONTRACTOR.

E. CONTRACTOR shall require all Subcontractors, Suppliers, and such other individuals or entities performing or furnishing any of the Work to communicate with ENGINEER through CONTRACTOR.

F. The divisions and sections of the Specifications and the identifications of any Drawings shall not control CONTRACTOR in dividing the Work among Subcontractors or Suppliers or delineating the Work to be performed by any specific trade.

G. All Work performed for CONTRACTOR by a Subcontractor or Supplier will be pursuant to an appropriate agreement between CONTRACTOR and the Subcontractor or Supplier which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of OWNER and ENGINEER. Whenever any such agreement is with a Subcontractor or Supplier who is listed as an additional insured on the property insurance provided in paragraph 5.06, the agreement between the CONTRACTOR and the Subcontractor or Supplier will contain provisions whereby the Subcontractor or Supplier waives all rights against OWNER, CONTRACTOR, ENGINEER, ENGINEER's Consultants, and all other individuals or entities identified in the Supplementary Conditions to be listed as insureds or additional insureds (and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them) for all losses and damages caused by, arising out of, relating to, or resulting from any of the perils or causes of loss covered by such policies and any other property insurance applicable to the Work. If the insurers on any such policies require separate waiver forms to be signed by any Subcontractor or Supplier, CONTRACTOR will obtain the same.

6.07 *Patent Fees and Royalties*

A. CONTRACTOR shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the Contract Documents for use in the performance of the Work and if to the actual knowledge of OWNER or ENGINEER its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by OWNER in the Contract Documents. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees or agents, and other consultants of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents.

6.08 *Permits*

A. Unless otherwise provided in the Supplementary Conditions, CONTRACTOR shall obtain and pay for all construction permits and licenses. OWNER shall assist CONTRACTOR, when necessary, in obtaining such permits and licenses. CONTRACTOR shall pay all governmental charges and inspection fees necessary for

the prosecution of the Work which are applicable at the time of opening of Bids, or, if there are no Bids, on the Effective Date of the Agreement. CONTRACTOR shall pay all charges of utility owners for connections to the Work, and OWNER shall pay all charges of such utility owners for capital costs related thereto, such as plant investment fees.

6.09 *Laws and Regulations*

A. CONTRACTOR shall give all notices and comply with all Laws and Regulations applicable to the performance of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither OWNER nor ENGINEER shall be responsible for monitoring CONTRACTOR's compliance with any Laws or Regulations.

B. If CONTRACTOR performs any Work knowing or having reason to know that it is contrary to Laws or Regulations, CONTRACTOR shall bear all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such Work; however, it shall not be CONTRACTOR's primary responsibility to make certain that the Specifications and Drawings are in accordance with Laws and Regulations, but this shall not relieve CONTRACTOR of CONTRACTOR's obligations under paragraph 3.03.

C. Changes in Laws or Regulations not known at the time of opening of Bids (or, on the Effective Date of the Agreement if there were no Bids) having an effect on the cost or time of performance of the Work may be the subject of an adjustment in Contract Price or Contract Times. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any such adjustment, a Claim may be made therefor as provided in paragraph 10.05.

6.10* *Taxes*

A. CONTRACTOR shall pay all sales, consumer, use, and other similar taxes required to be paid by CONTRACTOR in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

6.11* *Use of Site and Other Areas*

A.* *Limitation on Use of Site and Other Areas*

1. CONTRACTOR shall confine construction equipment, the storage of materials and equipment, and the operations of workers to the Site and other areas permitted by Laws and Regulations,

*See Supplementary Conditions

and shall not unreasonably encumber the Site and other areas with construction equipment or other materials or equipment. CONTRACTOR shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof, or of any adjacent land or areas resulting from the performance of the Work.

2. Should any claim be made by any such owner or occupant because of the performance of the Work, CONTRACTOR shall promptly settle with such other party by negotiation or otherwise resolve the claim by arbitration or other dispute resolution proceeding or at law.

3. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultant, and the officers, directors, partners, employees, agents, and other consultants of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to any claim or action, legal or equitable, brought by any such owner or occupant against OWNER, ENGINEER, or any other party indemnified hereunder to the extent caused by or based upon CONTRACTOR's performance of the Work.

B. *Removal of Debris During Performance of the Work:* During the progress of the Work CONTRACTOR shall keep the Site and other areas free from accumulations of waste materials, rubbish, and other debris. Removal and disposal of such waste materials, rubbish, and other debris shall conform to applicable Laws and Regulations.

C. *Cleaning:* Prior to Substantial Completion of the Work CONTRACTOR shall clean the Site and make it ready for utilization by OWNER. At the completion of the Work CONTRACTOR shall remove from the Site all tools, appliances, construction equipment and machinery, and surplus materials and shall restore to original condition all property not designated for alteration by the Contract Documents.

D. *Loading Structures:* CONTRACTOR shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall CONTRACTOR subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

6.12 *Record Documents*

A. CONTRACTOR shall maintain in a safe place at the Site one record copy of all Drawings, Specifications, Addenda, Written Amendments, Change Orders, Work Change Directives, Field Orders, and written interpretations and clarifications in good order and annotated to show changes made during construction. These record documents together with all approved Samples and a counterpart of all approved Shop Drawings will be available to ENGINEER for reference. Upon completion of the Work, these record documents, Samples, and Shop Drawings will be delivered to ENGINEER for OWNER.

6.13 *Safety and Protection*

A. CONTRACTOR shall be solely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the Work. CONTRACTOR shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

1. all persons on the Site or who may be affected by the Work;

2. all the Work and materials and equipment to be incorporated therein, whether in storage on or off the Site; and

3. other property at the Site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities, and Underground Facilities not designated for removal, relocation, or replacement in the course of construction.

B. CONTRACTOR shall comply with all applicable Laws and Regulations relating to the safety of persons or property, or to the protection of persons or property from damage, injury, or loss; and shall erect and maintain all necessary safeguards for such safety and protection. CONTRACTOR shall notify owners of adjacent property and of Underground Facilities and other utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation, and replacement of their property. All damage, injury, or loss to any property referred to in paragraph 6.13.A.2 or 6.13.A.3 caused, directly or indirectly, in whole or in part, by CONTRACTOR, any Subcontractor, Supplier, or any other individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omissions of OWNER or ENGINEER or ENGINEER's Consultant, or anyone employed by any of them, or anyone for whose acts any of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of CONTRACTOR or any Subcontractor, Supplier, or other individual or entity directly or indirectly employed by any of them). CONTRACTOR's duties and responsibilities for safety and for protection of the Work shall continue until such time as all the Work is completed and ENGINEER has issued a notice to OWNER and CONTRACTOR in accordance with paragraph 14.07.B that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion).

6.14 *Safety Representative*

A. CONTRACTOR shall designate a qualified and experienced safety representative at the Site whose duties and responsibilities shall be the prevention of accidents and the maintaining and supervising of safety precautions and programs.

6.15 *Hazard Communication Programs*

A. CONTRACTOR shall be responsible for coordinating any exchange of material safety data sheets or other hazard communication information required to be made available to or exchanged between or among employers at the Site in accordance with Laws or Regulations.

6.16 *Emergencies*

A. In emergencies affecting the safety or protection of persons or the Work or property at the Site or adjacent thereto, CONTRACTOR is obligated to act to prevent threatened damage, injury, or loss. CONTRACTOR shall give ENGINEER prompt written notice if CONTRACTOR believes that any significant changes in the Work or variations from the Contract Documents have been caused thereby or are required as a result thereof. If ENGINEER determines that a change in the Contract Documents is required because of the action taken by CONTRACTOR in response to such an emergency, a Work Change Directive or Change Order will be issued.

6.17* *Shop Drawings and Samples*

A.* CONTRACTOR shall submit Shop Drawings to ENGINEER for review and approval in accordance with the acceptable schedule of Shop Drawings and Sample submittals. All submittals will be identified as ENGINEER may require and in the number of copies specified in the General Requirements. The data shown on the Shop Drawings will be complete with respect to quantities, dimensions, specified perfomance and design criteria, materials, and similar data to show ENGINEER the services, materials, and equipment CONTRACTOR proposes to provide and to enable ENGINEER to review the infonnation for the limited purposes required by paragraph 6.17.E.

B.* CONTRACTOR shall also submit six (6) Samples to ENGINEER for review and approval in accordance with the acceptable schedule of Shop Drawings and Sample submittals. Each Sample will be identified clearly as to material, Supplier, pertinent data such as catalog numbers, and the use for which intended and otherwise as ENGINEER may require to enable ENGINEER to review the submittal for the limited purposes required by paragraph 6.17.E. The numbers of each Sample to be submitted will be as specified in the Specifications.

C. Where a Shop Drawing or Sample is required by the Contract Documents or the schedule of Shop Drawings and Sample submittals acceptable to ENGINEER as required by paragraph 2.07, any related Work performed prior to ENGINEER's review and approval of the pertinent submittal will be at the sole expense and responsibility of CONTRACTOR.

D. *Submittal Procedures*

1. Before submitting each Shop Drawing or Sample, CONTRACTOR shall have determined and verified:

a. all field measurements, quantities, dimensions, specified perfomance criteria, installation requirements, materials, catalog numbers, and similar information with respect thereto;

b. all materials with respect to intended use, fabrication, shipping, handling, storage, assembly, and installation pertaining to the perfomance of the Work;

c. all information relative to means, methods, techniques, sequences, and procedures of construction and safety precautions and programs incident thereto; and

d. CONTRACTOR shall also have reviewed and coordinated each Shop Drawing or

*See Supplementary Conditions

Sample with other Shop Drawings and Samples and with the requirements of the Work and the Contract Documents.

2. Each submittal shall bear a stamp or specific written indication that CONTRACTOR has satisfied CONTRACTOR's obligations under the Contract Documents with respect to CONTRACTOR's review and approval of that submittal.

3. At the time of each submittal, CONTRACTOR shall give ENGINEER specific written notice of such variations, if any, that the Shop Drawing or Sample submitted may have from the requirements of the Contract Documents, such notice to be in a written communication separate from the submittal; and, in addition, shall cause a specific notation to be made on each Shop Drawing and Sample submitted to ENGINEER for review and approval of each such variation.

E. *ENGINEER's Review*

1. ENGINEER will timely review and approve Shop Drawings and Samples in accordance with the schedule of Shop Drawings and Sample submittals acceptable to ENGINEER. ENGINEER's review and approval will be only to determine if the items covered by the submittals

will, after installation or incorporation in the Work, conform to the information given in the Contract Documents and be compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents.

2. ENGINEER's review and approval will not extend to means, methods, techniques, sequences, or procedures of construction (except where a particular means, method, technique, sequence, or procedure of construction is specifically and expressly called for by the Contract Documents) or to safety precautions or programs incident thereto. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions.

3. ENGINEER's review and approval of Shop Drawings or Samples shall not relieve CONTRACTOR from responsibility for any variation from the requirements of the Contract Documents unless CONTRACTOR has in writing called ENGINEER's attention to each such variation at the time of each submittal as required by paragraph 6.17.D.3 and ENGINEER has given written approval of each such variation by specific written notation thereof incorporated in or accompanying the Shop Drawing or Sample approval; nor will any approval by ENGINEER relieve CONTRACTOR from responsibility for complying with the requirements of paragraph 6.17.D.1.

F. *Resubmittal Procedures*

1. CONTRACTOR shall make corrections required by ENGINEER and shall return the required number of corrected copies of Shop Drawings and submit as required new Samples for review and approval. CONTRACTOR shall direct specific attention in writing to revisions other than the corrections called for by ENGINEER on previous submittals.

6.18 *Continuing the Work*

A. CONTRACTOR shall carry on the Work and adhere to the progress schedule during all disputes or disagreements with OWNER. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as permitted by paragraph 15.04 or as OWNER and CONTRACTOR may otherwise agree in writing.

6.19 *CONTRACTOR's General Warranty and Guarantee*

A. CONTRACTOR warrants and guarantees to OWNER, ENGINEER, and ENGINEER's Consultants that all Work will be in accordance with the Contract Documents and will not be defective. CONTRACTOR's warranty and guarantee hereunder excludes defects or damage caused by:

1. abuse, modification, or improper maintenance or operation by persons other than CONTRACTOR, Subcontractors, Suppliers, or any other individual or entity for whom CONTRACTOR is responsible; or

2. normal wear and tear under normal usage.

B. CONTRACTOR's obligation to perform and complete the Work in accordance with the Contract Documents shall be absolute. None of the following will constitute an acceptance of Work that is not in accordance with the Contract Documents or a release of CONTRACTOR's obligation to perform the Work in accordance with the Contract Documents:

1. observations by ENGINEER;

2. recommendation by ENGINEER or payment by OWNER of any progress or final payment;

3. the issuance of a certificate of Substantial Completion by ENGINEER or any payment related thereto by OWNER;

4. use or occupancy of the Work or any part thereof by OWNER;

5. any acceptance by OWNER or any failure to do so;

6. any review and approval of a Shop Drawing or Sample submittal or the issuance of a notice of acceptability by ENGINEER;

7. any inspection, test, or approval by others; or

8. any correction of defective Work by OWNER.

6.20 *Indemnification*

A. To the fullest extent permitted by Laws and Regulations, CONTRACTOR shall indemnify and hold harmless OWNER, ENGINEER, ENGINEER's Consultants, and the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to the performance of the Work, provided that any such claim, cost, loss, or damage:

1. is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the Work itself), including the loss of use resulting therefrom; and

2. is caused in whole or in part by any negligent act or omission of CONTRACTOR, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by any negligence or omission of an individual or entity indemnified hereunder or whether liability is imposed upon such indemnified party by Laws and Regulations regardless of the negligence of any such individual or entity.

B. In any and all claims against OWNER or ENGINEER or any of their respective consultants, agents, officers, directors, partners, or employees by any employee (or the survivor or personal representative of such employee) of CONTRACTOR, any Subcontractor, any Supplier, or any individual or entity directly or indirectly employed by any of them to perform any of the Work, or anyone for whose acts any of them may be liable, the indemnification obligation under paragraph 6.20.A shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for CONTRACTOR or any such Subcontractor, Supplier, or other individual or entity under workers' compensation acts, disability benefit acts, or other employee benefit acts.

C. The indemnification obligations of CONTRACTOR under paragraph 6.20.A shall not extend to the liability of ENGINEER and ENGINEER's Consultants or to the officers, directors, partners, employees, agents, and other consultants and subcontractors of each and any of them arising out of:

1. the preparation or approval of, or the failure to prepare or approve, maps, Drawings, opinions, reports, surveys, Change Orders, designs, or Specifications; or

2. giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage.

ARTICLE 7 - OTHER WORK

7.01 *Related Work at Site*

A. OWNER may perform other work related to the Project at the Site by OWNER's employees, or let other direct contracts therefor, or have other work performed by utility owners. If such other work is not noted in the Contract Documents, then:

1. written notice thereof will be given to CONTRACTOR prior to starting any such other work; and

2. if OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times that should be allowed as a result of such other work, a Claim may be made therefor as provided in paragraph 10.05.

B. CONTRACTOR shall afford each other contractor who is a party to such a direct contract and each utility owner (and OWNER, if OWNER is performing the other work with OWNER's employees) proper and safe access to the Site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such other work and shall properly coordinate the Work with theirs. Unless otherwise provided in the Contract Documents, CONTRACTOR shall do all cutting, fitting, and patching of the Work that may be required to properly connect or otherwise make its several parts come together and properly integrate with such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating, or otherwise altering their work and will only cut or alter their work with the written consent of ENGINEER and the others whose work will be affected. The duties and responsibilities of CONTRACTOR under this paragraph are for the benefit of

such utility owners and other contractors to the extent that there are comparable provisions for the benefit of CONTRACTOR in said direct contracts between OWNER and such utility owners and other contractors.

C. If the proper execution or results of any part of CONTRACTOR's Work depends upon work performed by others under this Article 7, CONTRACTOR shall inspect such other work and promptly report to ENGINEER in writing any delays, defects, or deficiencies in such other work that render it unavailable or unsuitable for the proper execution and results of CONTRACTOR's Work. CONTRACTOR's failure to so report will constitute an acceptance of such other work as fit and proper for integration with CONTRACTOR's Work except for latent defects and deficiencies in such other work.

7.02 *Coordination*

A. If OWNER intends to contract with others for the performance of other work on the Project at the Site, the following will be set forth in Supplementary Conditions:

1. the individual or entity who will have authority and responsibility for coordination of the activities among the various contractors will be identified;

2. the specific matters to be covered by such authority and responsibility will be itemized; and

3. the extent of such authority and responsibilities will be provided.

B. Unless otherwise provided in the Supplementary Conditions, OWNER shall have sole authority and responsibility for such coordination.

ARTICLE 8 - OWNER'S RESPONSIBILITIES

8.01 *Communications to Contractor*

A. Except as otherwise provided in these General Conditions, OWNER shall issue all communications to CONTRACTOR through ENGINEER.

8.02 *Replacement of ENGINEER*

A. In case of termination of the employment of ENGINEER, OWNER shall appoint an engineer to whom CONTRACTOR makes no reasonable objection, whose status under the Contract Documents shall be that of the former ENGINEER.

8.03 *Furnish Data*

A. OWNER shall promptly furnish the data required of OWNER under the Contract Documents.

8.04 *Pay Promptly When Due*

A. OWNER shall make payments to CONTRACTOR promptly when they are due as provided in paragraphs 14.02.C and 14.07.C.

8.05 *Lands and Easements; Reports and Tests*

A. OWNER's duties in respect of providing lands and easements and providing engineering surveys to establish reference points are set forth in paragraphs 4.01 and 4.05. Paragraph 4.02 refers to OWNER's identifying and making available to CONTRACTOR copies of reports of explorations and tests of subsurface conditions and drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site that have been utilized by ENGINEER in preparing the Contract Documents.

*See Supplementary Conditions

8.06* *Insurance*

A.* OWNER's responsibilities, if any, in respect to purchasing and maintaining liability and property insurance are set forth in Article 5.

8.07 *Change Orders*

A. OWNER is obligated to execute Change Orders as indicated in paragraph 10.03.

8.08 *Inspections, Tests, and Approvals*

A. OWNER's responsibility in respect to certain inspections, tests, and approvals is set forth in paragraph 13.03.B.

8.09 *Limitations on OWNER's Responsibilities*

A. The OWNER shall not supervise, direct, or have control or authority over, nor be responsible for, CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. OWNER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

8.10 *Undisclosed Hazardous Environmental Condition*

A. OWNER's responsibility in respect to an undisclosed Hazardous Environmental Condition is set forth in paragraph 4.06.

8.11 *Evidence of Financial Arrangements*

A. If and to the extent OWNER has agreed to furnish CONTRACTOR reasonable evidence that financial arrangements have been made to satisfy OWNER's obligations under the Contract Documents, OWNER's responsibility in respect thereof will be as set forth in the Supplementary Conditions.

ARTICLE 9 - ENGINEER'S STATUS DURING CONSTRUCTION

9.01 *OWNER'S Representative*

A. ENGINEER will be OWNER's representative during the construction period. The duties and responsibilities and the limitations of authority of ENGINEER as OWNER's representative during construction are set forth in the Contract Documents and will not be changed without written consent of OWNER and ENGINEER.

9.02 *Visits to Site*

A. ENGINEER will make visits to the Site at intervals appropriate to the various stages of construction as ENGINEER deems necessary in order to observe as an experienced and qualified design professional the progress that has been made and the quality of the various aspects of CONTRACTOR's executed Work. Based on information obtained during such visits and observations, ENGINEER, for the benefit of OWNER, will determine, in general, if the Work is proceeding in accordance with the Contract Documents. ENGINEER will not be required to make exhaustive or continuous inspections on the Site to check the quality or quantity of the Work. ENGINEER's efforts will be directed toward providing for OWNER a greater degree of confidence that the completed Work will conform generally to the Contract Documents. On the basis of such visits and observations, ENGINEER will keep OWNER informed of the progress of the Work and will endeavor to guard OWNER against defective Work.

B. ENGINEER's visits and observations are subject to all the limitations on ENGINEER's authority and responsibility set forth in paragraph 9.10, and particularly, but without limitation, during or as a result of ENGINEER's visits or observations of CONTRACTOR's Work ENGINEER will not supervise, direct, control, or have authority over or be responsible for CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work.

9.03* *Project Representative*

A. If OWNER and ENGINEER agree, ENGINEER will furnish a Resident Project Representative to assist ENGINEER in providing more extensive observation of the Work. The responsibilities and authority and limitations thereon of any such Resident Project Representative and assistants will be as provided in paragraph 9.10 and in the Supplementary Conditions. If OWNER designates another representative or agent to represent OWNER at the Site who is not ENGINEER's Consultant, agent or employee,

*See Supplementary Conditions

the responsibilities and authority and limitations thereon of such other individual or entity will be as provided in the Supplementary Conditions.

9.04 *Clarifications and Interpretations*

A. ENGINEER will issue with reasonable promptness such written clarifications or interpretations of the requirements of the Contract Documents as ENGINEER may determine necessary, which shall be consistent with the intent of and reasonably inferable from the Contract Docu-

ments. Such written clarifications and interpretations will be binding on OWNER and CONTRACTOR. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, that should be allowed as a result of a written clarification or interpretation, a Claim may be made therefor as provided in paragraph 10.05.

9.05 *Authorized Variations in Work*

A. ENGINEER may authorize minor variations in the Work from the requirements of the Contract Documents which do not involve an adjustment in the Contract Price or the Contract Times and are compatible with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. These may be accomplished by a Field Order and will be binding on OWNER and also on CONTRACTOR, who shall perform the Work involved promptly. If OWNER and CONTRACTOR are unable to agree on entitlement to or on the amount or extent, if any, of any adjustment in the Contract Price or Contract Times, or both, as a result of a Field Order, a Claim may be made therefor as provided in paragraph 10.05.

9.06 *Rejecting Defective Work*

A. ENGINEER will have authority to disapprove or reject Work which ENGINEER believes to be defective, or that ENGINEER believes will not produce a completed Project that conforms to the Contract Documents or that will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. ENGINEER will also have authority to require special inspection or testing of the Work as provided in paragraph 13.04, whether or not the Work is fabricated, installed, or completed.

9.07 *Shop Drawings, Change Orders and Payments*

A. In connection with ENGINEER's authority as to Shop Drawings and Samples, see paragraph 6.17.

B. In connection with ENGINEER's authority as to Change Orders, see Articles 10, 11, and 12.

C. In connection with ENGINEER's authority as to Applications for Payment, see Article 14.

9.08 *Determinations for Unit Price Work*

A. ENGINEER will determine the actual quantities and classifications of Unit Price Work performed by CONTRACTOR. ENGINEER will review with CONTRACTOR the ENGINEER's preliminary determinations on such matters before rendering a written decision thereon (by recommendation of an Application for Payment or otherwise). ENGINEER's written decision thereon will be final and binding (except as modified by ENGINEER to reflect changed factual conditions or more accurate data) upon OWNER and CONTRACTOR, subject to the provisions of paragraph 10.05.

9.09 *Decisions on Requirements of Contract Documents and Acceptability of Work*

A. ENGINEER will be the initial interpreter of the requirements of the Contract Documents and judge of the acceptability of the Work thereunder. Claims, disputes and other matters relating to the acceptability of the Work, the quantities and classifications of Unit Price Work, the interpretation of the requirements of the Contract Documents pertaining to the performance of the Work, and Claims seeking changes in the Contract Price or Contract Times will be referred initially to ENGINEER in writing, in accordance with the provisions of paragraph 10.05, with a request for a formal decision.

B. When functioning as interpreter and judge under this paragraph 9.09, ENGINEER will not show partiality to OWNER or CONTRACTOR and will not be liable in connection with any interpretation or decision rendered in good faith in such capacity. The rendering of a decision by ENGINEER pursuant to this paragraph 9.09 with respect to any such Claim, dispute, or other matter (except any which have been waived by the making or acceptance of final payment as provided in paragraph 14.07) will be a condition precedent to any exercise by OWNER or CONTRACTOR of such rights or remedies as either may otherwise have under the Contract Documents or by Laws or Regulations in respect of any such Claim, dispute, or other matter.

*See Supplementary Conditions

9.10 *Limitations on ENGINEER's Authority and Responsibilities*

A. Neither ENGINEER's authority or responsibility under this Article 9 or under any other provision of the Contract Documents nor any decision made by ENGINEER in good faith either to exercise or not exercise such

authority or responsibility or the undertaking, exercise, or performance of any authority or responsibility by ENGINEER shall create, impose, or give rise to any duty in contract, tort, or otherwise owed by ENGINEER to CONTRACTOR, any Subcontractor, any Supplier, any other individual or entity, or to any surety for or employee or agent of any of them.

B. ENGINEER will not supervise, direct, control, or have authority over or be responsible for CONTRACTOR's means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for any failure of CONTRACTOR to comply with Laws and Regulations applicable to the performance of the Work. ENGINEER will not be responsible for CONTRACTOR's failure to perform the Work in accordance with the Contract Documents.

C. ENGINEER will not be responsible for the acts or omissions of CONTRACTOR or of any Subcontractor, any Supplier, or of any other individual or entity performing any of the Work.

D. ENGINEER's review of the final Application for Payment and accompanying documentation and all maintenance and operating instructions, schedules, guarantees, Bonds, certificates of inspection, tests and approvals, and other documentation required to be delivered by paragraph 14.07.A will only be to determine generally that their content complies with the requirements of, and in the case of certificates of inspections, tests, and approvals that the results certified indicate compliance with, the Contract Documents.

E. The limitations upon authority and responsibility set forth in this paragraph 9.10 shall also apply to ENGINEER's Consultants, Resident Project Representative, and assistants. See Article 18.

ARTICLE 10 - CHANGES IN THE WORK; CLAIMS

10.01 *Authorized Changes in the Work*

A. Without invalidating the Agreement and without notice to any surety, OWNER may, at any time or from time to time, order additions, deletions, or revisions in the Work by a Written Amendment, a Change Order, or a Work Change Directive. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the Work involved which will be performed under the applicable conditions of the Contract Documents (except as otherwise specifically provided).

B. If OWNER and CONTRACTOR are unable to agree on entitlement to, or on the amount or extent, if any, of an adjustment in the Contract Price or Contract Times, or both, that should be allowed as a result of a Work Change Directive, a Claim may be made therefor as provided in paragraph 10.05.

10.02 *Unauthorized Changes in the Work*

A. CONTRACTOR shall not be entitled to an increase in the Contract Price or an extension of the Contract Times with respect to any work performed that is not required by the Contract Documents as amended, modified, or supplemented as provided in paragraph 3.04, except in the case of an emergency as provided in paragraph 6.16 or in the case of uncovering Work as provided in paragraph 13.04.B.

10.03 *Execution of Change Orders*

A. OWNER and CONTRACTOR shall execute appropriate Change Orders recommended by ENGINEER (or Written Amendments) covering:

1. changes in the Work which are: (i) ordered by OWNER pursuant to paragraph 10.01.A, (ii) required because of acceptance of defective Work under paragraph 13.08.A or OWNER's correction of defective Work under paragraph 13.09, or (iii) agreed to by the parties;

2. changes in the Contract Price or Contract Times which are agreed to by the parties, including any undisputed sum or amount of time for Work actually performed in accordance with a Work Change Directive; and

3. changes in the Contract Price or Contract Times which embody the substance of any written decision rendered by ENGINEER pursuant to paragraph 10.05; provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the Contract Documents and applicable Laws and Regulations, but during any such appeal, CONTRACTOR shall carry on the Work and adhere to the progress schedule as provided in paragraph 6.18.A.

10.04 *Notification to Surety*

A. If notice of any change affecting the general scope of the Work or the provisions of the Contract Documents (including, but not limited to, Contract Price or Contract Times) is required by the provisions of any Bond to be given to a surety, the giving of any such notice will be CONTRACTOR's responsibility. The amount of each applicable Bond will be adjusted to reflect the effect of any such change.

10.05 *Claims and Disputes*

A. *Notice:* Written notice stating the general nature of each Claim, dispute, or other matter shall be delivered by the claimant to ENGINEER and the other party to the Contract promptly (but in no event later than 30 days) after the start of the event giving rise thereto. Notice of the amount or extent of the Claim, dispute, or other matter with supporting data shall be delivered to the ENGINEER and the other party to the Contract within 60 days after the start of such event (unless ENGINEER allows additional time for claimant to submit additional or more accurate data in support of such Claim, dispute, or other matter). A Claim for an adjustment in Contract Price shall be prepared in accordance with the provisions of paragraph 12.01.B. A Claim for an adjustment in Contract Time shall be prepared in accordance with the provisions of paragraph 12.02.B. Each Claim shall be accompanied by claimant's written statement that the adjustment claimed is the entire adjustment to which the claimant believes it is entitled as a result of said event. The opposing party shall submit any response to ENGINEER and the claimant within 30 days after receipt of the claimant's last submittal (unless ENGINEER allows additional time).

B. *ENGINEER's Decision:* ENGINEER will render a formal decision in writing within 30 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any. ENGINEER's written decision on such Claim, dispute, or other matter will be final and binding upon OWNER and CONTRACTOR unless:

1. an appeal from ENGINEER's decision is taken within the time limits and in accordance with the dispute resolution procedures set forth in Article 16; or

2. if no such dispute resolution procedures have been set forth in Article 16, a written notice of intention to appeal from ENGINEER's written decision is delivered by OWNER or CONTRACTOR to the other and to ENGINEER within 30 days after the date of such decision, and a formal proceeding is instituted by the appealing party in a forum of competent jurisdiction within 60 days after the date of such decision or within 60 days after Substantial Completion, whichever is later (unless otherwise agreed in writing by OWNER and CONTRACTOR), to exercise such rights or remedies as the appealing party may have with respect to such Claim, dispute, or other matter in accordance with applicable Laws and Regulations.

C. If ENGINEER does not render a formal decision in writing within the time stated in paragraph 10.05.B, a decision denying the Claim in its entirety shall be deemed to have been issued 31 days after receipt of the last submittal of the claimant or the last submittal of the opposing party, if any.

D. No Claim for an adjustment in Contract Price or Contract Times (or Milestones) will be valid if not submitted in accordance with this paragraph 10.05.

ARTICLE 11 - COST OF THE WORK; CASH ALLOWANCES; UNIT PRICE WORK

11.01 *Cost of the Work*

A. *Costs Included:* The term Cost of the Work means the sum of all costs necessarily incurred and paid by CONTRACTOR in the proper performance of the Work. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, the costs to be reimbursed to CONTRACTOR will be only those additional or incremental costs required because of the change in the Work or because of the event giving rise to the Claim. Except as otherwise may be agreed to in writing by OWNER, such costs shall be in amounts no higher than those prevailing in the locality of the Project, shall include only the following items, and shall not include any of the costs itemized in paragraph 11.01.B.

1. Payroll costs for employees in the direct employ of CONTRACTOR in the performance of the Work under schedules of job classifications agreed upon by OWNER and CONTRACTOR. Such employees shall include without limitation superintendents, foremen, and other personnel employed full time at the Site. Payroll costs for employees not employed full time on the Work

shall be apportioned on the basis of their time spent on the Work. Payroll costs shall include, but not be limited to, salaries and wages plus the cost of fringe benefits, which shall include social security contributions, unemployment, excise, and payroll taxes, workers' compensation, health and retirement benefits, bonuses, sick leave, vacation and holiday pay applicable thereto. The expenses of performing Work outside of regular working hours, on Saturday, Sunday, or legal holidays, shall be included in the above to the extent authorized by OWNER.

2. Cost of all materials and equipment furnished and incorporated in the Work, including costs of transportation and storage thereof, and Suppliers' field services required in connection therewith. All cash discounts shall accrue to CONTRACTOR unless OWNER deposits funds with CONTRACTOR with which to make payments, in which case the cash discounts shall accrue to OWNER. All trade discounts, rebates and refunds and returns from sale of surplus materials and equipment shall accrue to OWNER, and CONTRACTOR shall make provisions so that they may be obtained.

3. Payments made by CONTRACTOR to Subcontractors for Work performed by Subcontractors. If required by OWNER, CONTRACTOR shall obtain competitive bids from subcontractors acceptable to OWNER and CONTRACTOR and shall deliver such bids to OWNER, who will then determine, with the advice of ENGINEER, which bids, if any, will be acceptable. If any subcontract provides that the Subcontractor is to be paid on the basis of Cost of the Work plus a fee, the Subcontractor's Cost of the Work and fee shall be determined in the same manner as CONTRACTOR's Cost of the Work and fee as provided in this paragraph 11.01.

4. Costs of special consultants (including but not limited to engineers, architects, testing laboratories, surveyors, attorneys, and accountants) employed for services specifically related to the Work.

5. Supplemental costs including the following:

a. The proportion of necessary transportation, travel, and subsistence expenses of CONTRACTOR's employees incurred in discharge of duties connected with the Work.

b. Cost, including transportation and maintenance, of all materials, supplies, equipment, machinery, appliances, office, and temporary facilities at the Site, and hand tools not owned by the workers, which are consumed in the performance of the Work, and cost, less market value, of such items used but not consumed which remain the property of CONTRACTOR.

c. Rentals of all construction equipment and machinery, and the parts thereof whether rented from CONTRACTOR or others in accordance with rental agreements approved by OWNER with the advice of ENGINEER, and the costs of transportation, loading, unloading, assembly, dismantling, and removal thereof. All such costs shall be in accordance with the terms of said rental agreements. The rental of any such equipment, machinery, or parts shall cease when the use thereof is no longer necessary for the Work.

d. Sales, consumer, use, and other similar taxes related to the Work, and for which CONTRACTOR is liable, imposed by Laws and Regulations.

e. Deposits lost for causes other than negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, and royalty payments and fees for permits and licenses.

f. Losses and damages (and related expenses) caused by damage to the Work, not compensated by insurance or otherwise, sustained by CONTRACTOR in connection with the performance of the Work (except losses and damages within the deductible amounts of property insurance established in accordance with paragraph 5.06.D), provided such losses and damages have resulted from causes other than the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable. Such losses shall include settlements made with the written consent and approval of OWNER. No such losses, damages, and expenses shall be included in the Cost of the Work for the purpose of determining CONTRACTOR's fee.

g. The cost of utilities, fuel, and sanitary facilities at the Site.

h. Minor expenses such as telegrams, long distance telephone calls, telephone service at the Site, expressage, and similar petty cash items in connection with the Work.

i. When the Cost of the Work is used to determine the value of a Change Order or of a Claim, the cost of premiums for additional Bonds and insurance required because of the changes in the Work or caused by the event giving rise to the Claim.

j. When all the Work is performed on the basis of cost-plus, the costs of premiums for all Bonds and insurance CONTRACTOR is required by the Contract Documents to purchase and maintain.

B. *Costs Excluded:* The term Cost of the Work shall not include any of the following items:

1. Payroll costs and other compensation of CONTRACTOR's officers, executives, principals (of partnerships and sole proprietorships), general managers, engineers, architects, estimators, attorneys, auditors, accountants, purchasing and contracting agents, expediters, timekeepers, clerks, and other personnel employed by CONTRACTOR, whether at the Site or in CONTRACTOR's principal or branch office for general administration of the Work and not specifically included in the agreed upon schedule of job classifications referred to in paragraph 11.01.A.1 or specifically covered by paragraph 11.01.A.4, all of which are to be considered administrative costs covered by the CONTRACTOR's fee.

2. Expenses of CONTRACTOR's principal and branch offices other than CONTRACTOR's office at the Site.

3. Any part of CONTRACTOR's capital expenses, including interest on CONTRACTOR's capital employed for the Work and charges against CONTRACTOR for delinquent payments.

4. Costs due to the negligence of CONTRACTOR, any Subcontractor, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable, including but not limited to, the correction of defective Work, disposal of materials or equipment wrongly supplied, and making good any damage to property.

5. Other overhead or general expense costs of any kind and the costs of any item not specifically and expressly included in paragraphs 11.01.A and 11.01.B.

C. *CONTRACTOR's Fee:* When all the Work is performed on the basis of cost-plus, CONTRACTOR's fee shall be determined as set forth in the Agreement. When the value of any Work covered by a Change Order or when a Claim for an adjustment in Contract Price is determined on the basis of Cost of the Work, CONTRACTOR's fee shall be determined as set forth in paragraph 12.01.C.

D. *Documentation:* Whenever the Cost of the Work for any purpose is to be determined pursuant to paragraphs 11.01.A and 11.01.B, CONTRACTOR will establish and maintain records thereof in accordance with generally accepted accounting practices and submit in a form acceptable to ENGINEER an itemized cost breakdown together with supporting data.

11.02 *Cash Allowances*

A. It is understood that CONTRACTOR has included in the Contract Price all allowances so named in the Contract Documents and shall cause the Work so covered to be performed for such sums as may be acceptable to OWNER and ENGINEER. CONTRACTOR agrees that:

1. the allowances include the cost to CONTRACTOR (less any applicable trade discounts) of materials and equipment required by the allowances to be delivered at the Site, and all applicable taxes; and

2. CONTRACTOR's costs for unloading and handling on the Site, labor, installation costs, overhead, profit, and other expenses contemplated for the allowances have been included in the Contract Price and not in the allowances, and no demand for additional payment on account of any of the foregoing will be valid.

B. Prior to final payment, an appropriate Change Order will be issued as recommended by ENGINEER to reflect actual amounts due CONTRACTOR on account of

Work covered by allowances, and the Contract Price shall be correspondingly adjusted.

11.03 *Unit Price Work*

A. Where the Contract Documents provide that all or part of the Work is to be Unit Price Work, initially the Contract Price will be deemed to include for all Unit Price Work an amount equal to the sum of the unit price for each separately identified item of Unit Price Work times the estimated quantity of each item as indicated in the Agreement. The estimated quantities of items of Unit Price Work are not guaranteed and are solely for the purpose of comparison of Bids and determining an initial Contract Price. Determinations of the actual quantities and classifications of Unit Price Work performed by CONTRACTOR will be made by ENGINEER subject to the provisions of paragraph 9.08.

B. Each unit price will be deemed to include an amount considered by CONTRACTOR to be adequate to cover CONTRACTOR's overhead and profit for each separately identified item.

C. OWNER or CONTRACTOR may make a Claim for an adjustment in the Contract Price in accordance with paragraph 10.05 if:

1. the quantity of any item of Unit Price Work performed by CONTRACTOR differs materially and significantly from the estimated quantity of such item indicated in the Agreement; and

2. there is no corresponding adjustment with respect any other item of Work; and

3. if CONTRACTOR believes that CONTRACTOR is entitled to an increase in Contract Price as a result of having incurred additional expense or OWNER believes that OWNER is entitled to a decrease in Contract Price and the parties are unable to agree as to the amount of any such increase or decrease.

ARTICLE 12 - CHANGE OF CONTRACT PRICE; CHANGE OF CONTRACT TIMES

12.01* *Change of Contract Price*

A. The Contract Price may only be changed by a Change Order or by a Written Amendment. Any Claim for an adjustment in the Contract Price shall be based on written notice submitted by the party making the Claim to the ENGINEER and the other party to the Contract in accordance with the provisions of paragraph 10.05.

B.* The value of any Work covered by a Change Order or of any Claim for an adjustment in the Contract Price will be determined as follows:

1. where the Work involved is covered by unit prices contained in the Contract Documents, by application of such unit prices to the quantities of the items involved (subject to the provisions of paragraph 11.03); or

2. where the Work involved is not covered by unit prices contained in the Contract Documents, by a mutually agreed lump sum (which may include an allowance for overhead and profit not necessarily in accordance with paragraph 12.01.C.2); or

3. where the Work involved is not covered by unit prices contained in the Contract Documents and agreement to a lump sum is not reached under paragraph 12.01.B.2, on the basis of the Cost of the Work (determined as provided in paragraph 11.01) plus a CONTRACTOR's fee for overhead and profit (determined as provided in paragraph 12.01.C).

C. *CONTRACTOR's Fee:* The CONTRACTOR's fee for overhead and profit shall be determined as follows:

1. a mutually acceptable fixed fee; or

2. if a fixed fee is not agreed upon, then a fee based on the following percentages of the various portions of the Cost of the Work:

a. for costs incurred under paragraphs 11.01.A.1 and 11.01.A.2, the CONTRACTOR's fee shall be 15 percent;

b. for costs incurred under paragraph 11.01.A.3, the CONTRACTOR's fee shall be five percent;

c. where one or more tiers of subcontracts are on the basis of Cost of the Work plus a fee and no fixed fee is agreed upon, the intent of paragraph 12.01.C.2.a is that the Subcontractor who actually performs the Work, at whatever tier, will be paid a fee of 15 percent of the costs incurred by such Subcontractor under paragraphs 11.01.A.1 and 11.01.A.2 and that any higher tier Subcontractor and CONTRACTOR will each be paid a fee of five percent of the amount paid to the next lower tier Subcontractor;

*See Supplementary Conditions

d. no fee shall be payable on the basis of costs itemized under paragraphs 11.01.A.4, 11.01.A.5, and 11.01.B;

e. the amount of credit to be allowed by CONTRACTOR to OWNER for any change which results in a net decrease in cost will be the amount of the actual net decrease in cost plus a deduction in CONTRACTOR's fee by an amount equal to five percent of such net decrease; and

f. when both additions and credits are involved in any one change, the adjustment in CONTRACTOR's fee shall be computed on the basis of the net change in accordance with paragraphs 12.01.C.2.a through 12.01.C.2.e, inclusive.

12.02 *Change of Contract Times*

A. The Contract Times (or Milestones) may only be changed by a Change Order or by a Written Amendment. Any Claim for an adjustment in the Contract Times (or Milestones) shall be based on written notice submitted by the party making the claim to the ENGINEER and the other party to the Contract in accordance with the provisions of paragraph 10.05.

B. Any adjustment of the Contract Times (or Milestones) covered by a Change Order or of any Claim for an adjustment in the Contract Times (or Milestones) will be determined in accordance with the provisions of this Article 12.

12.03 *Delays Beyond CONTRACTOR's Control*

A. Where CONTRACTOR is prevented from completing any part of the Work within the Contract Times (or Milestones) due to delay beyond the control of CONTRACTOR, the Contract Times (or Milestones) will be extended in an amount equal to the time lost due to such delay if a Claim is made therefor as provided in paragraph 12.02.A. Delays beyond the control of CONTRACTOR shall include, but not be limited to, acts or neglect by OWNER, acts or neglect of utility owners or other contractors performing other work as contemplated by Article 7, fires, floods, epidemics, abnormal weather conditions, or acts of God.

12.04 *Delays Within CONTRACTOR's Control*

A. The Contract Times (or Milestones) will not be extended due to delays within the control of CONTRACTOR. Delays attributable to and within the control of a Subcontractor or Supplier shall be deemed to be delays within the control of CONTRACTOR.

12.05 *Delays Beyond OWNER's and CONTRACTOR's Control*

A. Where CONTRACTOR is prevented from completing any part of the Work within the Contract Times (or Milestones) due to delay beyond the control of both OWNER and CONTRACTOR, an extension of the Contract Times (or Milestones) in an amount equal to the time lost due to such delay shall be CONTRACTOR's sole and exclusive remedy for such delay.

12.06 *Delay Damages*

A. In no event shall OWNER or ENGINEER be liable to CONTRACTOR, any Subcontractor, any Supplier, or any other person or organization, or to any surety for or employee or agent of any of them, for damages arising out of or resulting from:

1. delays caused by or within the control of CONTRACTOR; or

2. delays beyond the control of both OWNER and CONTRACTOR including but not limited to fires, floods, epidemics, abnormal weather conditions, acts of God, or acts or neglect by utility

owners or other contractors performing other work as contemplated by Article 7.

B. Nothing in this paragraph 12.06 bars a change in Contract Price pursuant to this Article 12 to compensate CONTRACTOR due to delay, interference, or disruption directly attributable to actions or inactions of OWNER or anyone for whom OWNER is responsible.

ARTICLE 13 - TESTS AND INSPECTIONS; CORRECTION, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

13.01 *Notice of Defects*

A. Prompt notice of all defective Work of which OWNER or ENGINEER has actual knowledge will be given to CONTRACTOR. All defective Work may be rejected, corrected, or accepted as provided in this Article 13.

13.02* *Access to Work*

A. OWNER, ENGINEER, ENGINEER's Consultants, other representatives and personnel of OWNER, independent testing laboratories, and governmental agencies with jurisdictional interests will have access to the Site and the Work at reasonable times for their observation, inspecting, and testing. CONTRACTOR shall provide them proper and safe conditions for such access and advise them of CONTRACTOR's Site safety procedures and programs so that they may comply therewith as applicable.

13.03* *Tests and Inspections*

A. CONTRACTOR shall give ENGINEER timely notice of readiness of the Work for all required inspections, tests, or approvals and shall cooperate with inspection and testing personnel to facilitate required inspections or tests.

B.* OWNER shall employ and pay for the services of an independent testing laboratory to perform all inspections, tests, or approvals required by the Contract Documents except:

1. for inspections, tests, or approvals covered by paragraphs 13.03.C and 13.03.D below;

2. that costs incurred in connection with tests or inspections conducted pursuant to paragraph 13.04.B shall be paid as provided in said paragraph 13.04.B; and

3. as otherwise specifically provided in the Contract Documents.

C. If Laws or Regulations of any public body having jurisdiction require any Work (or part thereof) specifically to be inspected, tested, or approved by an employee or other representative of such public body, CONTRACTOR shall assume full responsibility for arranging and obtaining such inspections, tests, or approvals, pay all costs in connection therewith, and furnish ENGINEER the required certificates of inspection or approval.

D. CONTRACTOR shall be responsible for arranging and obtaining and shall pay all costs in connection with any inspections, tests, or approvals required for OWNER's and ENGINEER's acceptance of materials or equipment to be incorporated in the Work; or acceptance of materials, mix designs, or equipment submitted for approval prior to CONTRACTOR's purchase thereof for incorporation in the Work. Such inspections, tests, or approvals shall be performed by organizations acceptable to OWNER and ENGINEER.

E. If any Work (or the work of others) that is to be inspected, tested, or approved is covered by CONTRACTOR without written concurrence of ENGINEER, it must, if requested by ENGINEER, be uncovered for observation.

F. Uncovering Work as provided in paragraph 13.03.E shall be at CONTRACTOR's expense unless CONTRACTOR has given ENGINEER timely notice of CONTRACTOR's intention to cover the same and ENGINEER has not acted with reasonable promptness in response to such notice.

13.04 *Uncovering Work*

A. If any Work is covered contrary to the written request of ENGINEER, it must, if requested by ENGINEER, be uncovered for ENGINEER's observation and replaced at CONTRACTOR's expense.

B. If ENGINEER considers it necessary or advisable that covered Work be observed by ENGINEER or inspected or tested by others, CONTRACTOR, at ENGINEER's request, shall uncover, expose, or otherwise make available for observation, inspection, or testing as ENGINEER may require, that portion of the Work in

question, furnishing all necessary labor, material, and equipment. If it is found that such Work is defective, CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such uncovering, exposure, observation, inspection, and testing, and of satisfactory replacement or reconstruction (including but not limited to all costs of repair or replacement of work of others); and OWNER shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount thereof, OWNER may make a Claim therefor as provided in paragraph 10.05. If, however, such Work is not found to be defective, CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Times (or Milestones), or both, directly attributable to such uncovering, exposure, observation, inspection, testing, replacement, and reconstruction. If the parties are unable to agree as to the amount or extent thereof, CONTRACTOR may make a Claim therefor as provided in paragraph 10.05.

*See Supplementary Conditions

13.05 *OWNER May Stop the Work*

A. If the Work is defective, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to perform the Work in such a way that the completed Work will conform to the Contract Documents, OWNER may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of OWNER to stop the Work shall not give rise to any duty on the part of OWNER to exercise this right for the benefit of CONTRACTOR, any Subcontractor, any Supplier, any other individual or entity, or any surety for, or employee or agent of any of them.

13.06 *Correction or Removal of Defective Work*

A. CONTRACTOR shall correct all defective Work, whether or not fabricated, installed, or completed, or, if the Work has been rejected by ENGINEER, remove it from the Project and replace it with Work that is not defective. CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or removal (including but not limited to all costs of repair or replacement of work of others).

13.07 *Correction Period*

A. If within one year after the date of Substantial Completion or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the Contract Documents or by any specific provision of the Contract Documents, any Work is found to be defective, or if the repair of any damages to the land or areas made available for CONTRACTOR's use by OWNER or permitted by Laws and Regulations as contemplated in paragraph 6.11.A is found to be defective, CONTRACTOR shall promptly, without cost to OWNER and in accordance with OWNER's written instructions: (i) repair such defective land or areas, or (ii) correct such defective Work or, if the defective Work has been rejected by OWNER, remove it from the Project and replace it with Work that is not defective, and (iii) satisfactorily correct or repair or remove and replace any damage to other Work, to the work of others or other land or areas resulting therefrom. If CONTRACTOR does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, OWNER may have the defective Work corrected or repaired or may have the rejected Work removed and replaced, and all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) arising out of or relating to such correction or repair or such removal and replacement (including but not limited to all costs of repair or replacement of work of others) will be paid by CONTRACTOR.

B. In special circumstances where a particular item of equipment is placed in continuous service before Substantial Completion of all the Work, the correction period for that item may start to run from an earlier date if so provided in the Specifications or by Written Amendment.

C. Where defective Work (and damage to other Work resulting therefrom) has been corrected or removed and replaced under this paragraph 13.07, the correction period hereunder with respect to such Work will be extended for an additional period of one year after such correction or removal and replacement has been satisfactorily completed.

D. CONTRACTOR's obligations under this paragraph 13.07 are in addition to any other obligation or warranty. The provisions of this paragraph 13.07 shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitation or repose.

13.08 *Acceptance of Defective Work*

A. If, instead of requiring correction or removal and replacement of defective Work, OWNER (and, prior to ENGINEER's recommendation of final payment, ENGINEER) prefers to accept it, OWNER may do so. CONTRACTOR shall pay all Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) attributable to OWNER's evaluation of and determination to accept such defective Work (such costs to be approved by ENGINEER as to reasonableness) and the diminished value of the Work to the extent not otherwise paid by CONTRACTOR pursuant to this sentence. If any such acceptance occurs prior to ENGINEER's recommendation of final payment, a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work, and OWNER shall be entitled to an appropriate decrease in the Contract Price, reflecting the diminished value of Work so accepted. If the parties are unable to agree as to the amount thereof, OWNER may make a Claim therefor as provided in paragraph 10.05. If the acceptance occurs after such recommendation, an appropriate amount will be paid by CONTRACTOR to OWNER.

13.09 *OWNER May Correct Defective Work*

A. If CONTRACTOR fails within a reasonable time after written notice from ENGINEER to correct defective Work or to remove and replace rejected Work as required by ENGINEER in accordance with paragraph 13.06.A, or if CONTRACTOR fails to perform the Work in accordance with the Contract Documents, or if CONTRACTOR fails to comply with any other provision of the Contract Documents, OWNER may, after seven days written notice to CONTRACTOR, correct and remedy any such deficiency.

B. In exercising the rights and remedies under this paragraph, OWNER shall proceed expeditiously. In connection with such corrective and remedial action, OWNER may exclude CONTRACTOR from all or part of the Site, take possession of all or part of the Work and suspend CONTRACTOR's services related thereto, take possession of CONTRACTOR's tools, appliances, construction equipment and machinery at the Site, and incorporate in the Work all materials and equipment stored at the Site or for which OWNER has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow OWNER, OWNER's representatives, agents and employees, OWNER's other contractors, and ENGINEER and ENGINEER's Consultants access to the Site to enable OWNER to exercise the rights and remedies under this paragraph.

C. All Claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred or sustained by OWNER in exercising the rights and remedies under this paragraph 13.09 will be charged against CONTRACTOR, and a Change Order will be issued incorporating the necessary revisions in the Contract Documents with respect to the Work; and OWNER shall be entitled to an appropriate decrease in the Contract Price. If the parties are unable to agree as to the amount of the adjustment, OWNER may make a Claim therefor as provided in paragraph 10.05. Such claims, costs, losses and damages will include but not be limited to all costs of repair, or replacement of work of others destroyed or damaged by correction, removal, or replacement of CONTRACTOR's defective Work.

D. CONTRACTOR shall not be allowed an extension of the Contract Times (or Milestones) because of any delay in the performance of the Work attributable to the exercise by OWNER of OWNER's rights and remedies under this paragraph 13.09.

ARTICLE 14 - PAYMENTS TO CONTRACTOR AND COMPLETION

14.01 *Schedule of Values*

A. The schedule of values established as provided in paragraph 2.07.A will serve as the basis for progress payments and will be incorporated into a form of Application for Payment acceptable to ENGINEER. Progress payments on account of Unit Price Work will be based on the number of units completed.

14.02 *Progress Payments*

A.* *Applications for Payments*

1. At least 20 days before the date established for each progress payment (but not more often than once a month), CONTRACTOR shall submit to ENGINEER for review an Application for Payment filled out and signed by CONTRACTOR covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the Contract Documents. If payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the Site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice, or other documentation warranting that OWNER has received the materials and equipment free and clear of all Liens and evidence that the materials and equipment are covered by appropriate property insurance or other arrangements to protect OWNER's interest therein, all of which must be satisfactory to OWNER.

2. Beginning with the second Application for Payment, each Application shall include an affidavit of CONTRACTOR stating that all previous progress payments received on account of the Work have been applied on account to discharge CONTRACTOR's legitimate obligations associated with prior Applications for Payment.

3. The amount of retainage with respect to pro-gress payments will be as stipulated in the Agreement.

*See Supplementary Conditions

B. *Review of Applications*

1. ENGINEER will, within 10 days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to OWNER or return the Application to CONTRACTOR indicating in writing ENGINEER's reasons for refusing to recommend payment. In the latter case, CONTRACTOR may make the necessary corrections and resubmit the Application.

2. ENGINEER's recommendation of any payment requested in an Application for Payment will constitute a representation by ENGINEER to OWNER, based on ENGINEER's observations on the Site of the executed Work as an experienced and qualified design professional and on ENGINEER's review of the Application for Payment and the accompanying data and schedules, that to the best of ENGINEER's knowledge, information and belief:

a. the Work has progressed to the point indicated;

b. the quality of the Work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Comple tion, to the results of any subsequent tests called for in the Contract Documents, to a final determination of quantities and classifications for Unit Price Work under paragraph 9.08, and to any other qualifications stated in the recommendation); and

c. the conditions precedent to CONTRACTOR's being entitled to such payment appear to have been fulfilled in so far as it is ENGINEER's responsibility to observe the Work.

3. By recommending any such payment ENGINEER will not thereby be deemed to have represented that: (i) inspections made to check the quality or the quantity of the Work as it has been performed have been exhaustive, extended to every aspect of the Work in progress, or involved detailed inspections of the Work beyond the responsibilities specifically assigned to ENGINEER in the Contract Documents; or (ii) that there may not be other matters or issues between the parties

that might entitle CONTRACTOR to be paid additionally by OWNER or entitle OWNER to withhold payment to CONTRACTOR.

4. Neither ENGINEER's review of CONTRACTOR's Work for the purposes of recommending payments nor ENGINEER's recommendation of any payment, including final payment, will impose responsibility on ENGINEER to supervise, direct, or control the Work or for the means, methods, techniques, sequences, or procedures of construction, or the safety precautions and programs incident thereto, or for CONTRACTOR's failure to comply with Laws and Regulations applicable to CONTRACTOR's performance of the Work. Additionally, said review or recommendation will not impose responsibility on ENGINEER to make any examination to ascertain how or for what purposes CONTRACTOR has used the moneys paid on account of the Contract Price, or to determine that title to any of the Work, materials, or equipment has passed to OWNER free and clear of any Liens.

5. ENGINEER may refuse to recommend the whole or any part of any payment if, in ENGINEER's opinion, it would be incorrect to make the representations to OWNER referred to in paragraph 14.02.B.2. ENGINEER may also refuse to recommend any such payment or, because of subsequently discovered evidence or the results of subsequent inspections or tests, revise or revoke any such payment recommendation previously made, to such extent as may be necessary in ENGINEER's opinion to protect OWNER from loss because:

a. the Work is defective, or completed Work has been damaged, requiring correction or replacement;

b. the Contract Price has been reduced by Written Amendment or Change Orders;

c. OWNER has been required to correct defective Work or complete Work in accordance with paragraph 13.09; or

d. ENGINEER has actual knowledge of the occurrence of any of the events enumerated in paragraph 15.02.A.

C. *Payment Becomes Due*

1. Ten days after presentation of the Application for Payment to OWNER with ENGINEER's recommendation, the amount recommended will (subject to the provisions of paragraph 14.02.D) become due, and when due will be paid by OWNER to CONTRACTOR.

D. *Reduction in Payment*

1. OWNER may refuse to make payment of the full amount recommended by ENGINEER because:

a. claims have been made against OWNER on account of CONTRACTOR's performance or furnishing of the Work;

b. Liens have been filed in connection with the Work, except where CONTRACTOR has delivered a specific Bond satisfactory to OWNER to secure the satisfaction and discharge of such Liens;

c. there are other items entitling OWNER to a set-off against the amount recommended; or

d. OWNER has actual knowledge of the occurrence of any of the events enumerated in paragraphs 14.02.B.5.a through 14.02.B.5.c or paragraph 15.02.A.

2. If OWNER refuses to make payment of the full amount recommended by ENGINEER, OWNER must give CONTRACTOR immediate written notice (with a copy to ENGINEER) stating the reasons for such action and promptly pay CONTRACTOR any amount remaining after deduction of the amount so withheld. OWNER shall promptly pay CONTRACTOR the amount so withheld, or any adjustment thereto agreed to by OWNER and CONTRACTOR, when CONTRACTOR corrects to OWNER's satisfaction the reasons for such action.

3. If it is subsequently determined that OWNER's refusal of payment was not justified, the amount wrongfully withheld shall be treated as an amount due as determined by paragraph 14.02.C.1.

14.03 *CONTRACTOR's Warranty of Title*

A. CONTRACTOR warrants and guarantees that title to all Work, materials, and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to OWNER no later than the time of payment free and clear of all Liens.

14.04 *Substantial Completion*

A. When CONTRACTOR considers the entire Work ready for its intended use CONTRACTOR shall notify OWNER and ENGINEER in writing that the entire Work is substantially complete (except for items specifically listed by CONTRACTOR as incomplete) and request that ENGINEER issue a certificate of Substantial Completion. Promptly thereafter, OWNER, CONTRACTOR, and ENGINEER shall make an inspection of the Work to determine the status of completion. If ENGINEER does not consider the Work substantially complete, ENGINEER will notify CONTRACTOR in writing giving the reasons therefor. If ENGINEER considers the Work substantially complete, ENGINEER will prepare and deliver to OWNER a tentative certificate of Substantial Completion which shall fix the date of Substantial Completion. There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. OWNER shall have seven days after receipt of the tentative certificate during which to make written objection to ENGINEER as to any provisions of the certificate or attached list. If, after considering such objections, ENGINEER concludes that the Work is not substantially complete, ENGINEER will within 14 days after submission of the tentative certificate to OWNER notify CONTRACTOR in writing, stating the reasons therefor. If, after consideration of OWNER's objections, ENGINEER considers the Work substantially complete, ENGINEER will within said 14 days execute and deliver to OWNER and CONTRACTOR a definitive certificate of Substantial Completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as ENGINEER believes justified after consideration of any objections from OWNER. At the time of delivery of the tentative certificate of Substantial Completion ENGINEER will deliver to OWNER and CONTRACTOR a written recommendation as to division of responsibilities pending final payment between OWNER and CONTRACTOR with respect to security, operation, safety, and protection of the Work, maintenance, heat, utilities, insurance, and warranties and guarantees. Unless OWNER and CONTRACTOR agree otherwise in writing and so inform ENGINEER in writing prior to ENGINEER's issuing the definitive certificate of Substantial Completion, ENGINEER's aforesaid recommendation will be binding on OWNER and CONTRACTOR until final payment.

B. OWNER shall have the right to exclude CONTRACTOR from the Site after the date of Substantial Completion, but OWNER shall allow CONTRACTOR reasonable access to complete or correct items on the tentative list.

14.05 *Partial Utilization*

A. Use by OWNER at OWNER's option of any substantially completed part of the Work which has specifically been identified in the Contract Documents, or which OWNER, ENGINEER, and CONTRACTOR agree constitutes a separately functioning and usable part of the Work that can be used by OWNER for its intended purpose without significant interference with CONTRACTOR's performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to the following conditions.

1. OWNER at any time may request CONTRACTOR in writing to permit OWNER to use any such part of the Work which OWNER believes to be ready for its intended use and substantially complete. If CONTRACTOR agrees that such part of the Work is substantially complete, CONTRACTOR will certify to OWNER and ENGINEER that such part of the Work is substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. CONTRACTOR at any time may notify OWNER and ENGINEER in writing that CONTRACTOR considers any such part of the Work ready for its intended use and substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. Within a reasonable time after either such request, OWNER, CONTRACTOR, and ENGINEER shall make an inspection of that part of the Work to determine its status of completion. If ENGINEER does not consider that part of the Work to be substantially complete, ENGINEER will notify OWNER and CONTRACTOR in writing giving the reasons therefor. If ENGINEER considers that part of the Work to be substantially complete, the provisions of paragraph 14.04 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

2. No occupancy or separate operation of part of the Work may occur prior to compliance with the requirements of paragraph 5.10 regarding property insurance.

14.06 *Final Inspection*

A. Upon written notice from CONTRACTOR that the entire Work or an agreed portion thereof is complete, ENGINEER will promptly make a final inspection with OWNER and CONTRACTOR and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. CONTRACTOR shall immediately take such measures as are necessary to complete such Work or remedy such deficiencies.

14.07 *Final Payment*

A. *Application for Payment*

1. After CONTRACTOR has, in the opinion of ENGINEER, satisfactorily completed all corrections identified during the final inspection and has delivered, in accordance with the Contract Documents, all maintenance and operating instructions, schedules, guarantees, Bonds, certificates or other evidence of insurance certificates of inspection, marked-up record documents (as provided in paragraph 6.12), and other documents, CONTRACTOR may make application for final payment following the procedure for progress payments.

2. The final Application for Payment shall be accompanied (except as previously delivered) by: (i) all documentation called for in the Contract Documents, including but not limited to the evidence of insurance required by subparagraph 5.04.B.7; (ii) consent of the surety, if any, to final payment; and (iii) complete and legally effective releases or waivers (satisfactory to OWNER) of all Lien rights arising out of or Liens filed in connection with the Work.

3. In lieu of the releases or waivers of Liens specified in paragraph 14.07.A.2 and as approved by OWNER, CONTRACTOR may furnish receipts or releases in full and an affidavit of CONTRACTOR that: (i) the releases and receipts include all labor, services, material, and equipment for which a Lien could be filed; and (ii) all payrolls, material and equipment bills, and other indebtedness connected with the Work for which OWNER or OWNER's property might in any way be responsible have been paid or otherwise satisfied. If any Subcontractor or Supplier fails to furnish such a release or receipt in full, CONTRACTOR may furnish a Bond or other collateral satisfactory to OWNER to indemnify OWNER against any Lien.

B. *Review of Application and Acceptance*

1. If, on the basis of ENGINEER's observation of the Work during construction and final inspection, and ENGINEER's review of the final Application for Payment and accompanying documentation as required by the Contract Documents, ENGINEER is satisfied that the Work has been completed and CONTRACTOR's other obligations under the Contract Documents have been fulfilled, ENGINEER will, within ten days after receipt of the final Application for Payment, indicate in writing ENGINEER's recommendation of payment and present the Application for Payment to OWNER for payment. At the same time ENGINEER will also give written notice to OWNER and CONTRACTOR that the Work is acceptable subject to the provisions of paragraph 14.09. Otherwise, ENGINEER will return the Application for Payment to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and resubmit the Application for Payment.

C. *Payment Becomes Due*

1. Thirty days after the presentation to OWNER of the Application for Payment and accompanying documentation, the amount recommended by ENGINEER will become due and, when due, will be paid by OWNER to CONTRACTOR.

14.08 *Final Completion Delayed*

A. If, through no fault of CONTRACTOR, final completion of the Work is significantly delayed, and if ENGINEER so confirms, OWNER shall, upon receipt of CONTRACTOR's final Application for Payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by OWNER for Work not

fully completed or corrected is less than the retainage stipulated in the Agreement, and if Bonds have been furnished as required in paragraph 5.01, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by CONTRACTOR to ENGINEER with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

14.09 *Waiver of Claims*

A. The making and acceptance of final payment will constitute:

1. a waiver of all Claims by OWNER against CONTRACTOR, except Claims arising from unsettled Liens, from defective Work appearing after final inspection pursuant to paragraph 14.06, from failure to comply with the Contract Documents or the terms of any special guarantees specified therein, or from CONTRACTOR's continuing obligations under the Contract Documents; and

2. a waiver of all Claims by CONTRACTOR against OWNER other than those previously made in writing which are still unsettled.

ARTICLE 15 - SUSPENSION OF WORK AND TERMINATION

15.01 OWNER May Suspend Work

A. At any time and without cause, OWNER may suspend the Work or any portion thereof for a period of not more than 90 consecutive days by notice in writing to CONTRACTOR and ENGINEER which will fix the date on which Work will be resumed. CONTRACTOR shall resume the Work on the date so fixed. CONTRACTOR shall be allowed an adjustment in the Contract Price or an extension of the Contract Times, or both, directly attributable to any such suspension if CONTRACTOR makes a Claim therefor as provided in paragraph 10.05.

15.02 *OWNER May Terminate for Cause*

A. The occurrence of any one or more of the following events will justify termination for cause:

1. CONTRACTOR's persistent failure to perform the Work in accordance with the Contract Documents (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment or failure to adhere to the progress schedule established under paragraph 2.07 as adjusted from time to time pursuant to paragraph 6.04);

2. CONTRACTOR's disregard of Laws or Regulations of any public body having jurisdiction;

3. CONTRACTOR's disregard of the authority of ENGINEER; or

4. CONTRACTOR's violation in any substantial way of any provisions of the Contract Documents.

B. If one or more of the events identified in paragraph 15.02.A occur, OWNER may, after giving CONTRACTOR (and the surety, if any) seven days written notice, terminate the services of CONTRACTOR, exclude CONTRACTOR from the Site, and take possession of the Work and of all CONTRACTOR's tools, appliances, construction equipment, and machinery at the Site, and use the same to the full extent they could be used by CONTRACTOR (without liability to CONTRACTOR for trespass or conversion), incorporate in the Work all materials and equipment stored at the Site or for which OWNER has paid CONTRACTOR but which are stored elsewhere, and finish the Work as OWNER may deem expedient. In such case, CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) sustained by OWNER arising out of or relating to completing the Work, such excess will be paid to CONTRACTOR. If such claims, costs, losses, and damages exceed such unpaid balance, CONTRACTOR shall pay the difference to OWNER. Such claims, costs, losses, and damages incurred by OWNER will be reviewed by ENGINEER as to their reasonableness and, when so approved by ENGINEER, incorporated in a Change Order. When exercising any rights or remedies under this paragraph OWNER shall not be required to obtain the lowest price for the Work performed.

C. Where CONTRACTOR's services have been so terminated by OWNER, the termination will not affect any rights or remedies of OWNER against CONTRACTOR then existing or which may thereafter accrue. Any retention or payment of moneys due CONTRACTOR by OWNER will not release CONTRACTOR from liability.

15.03 *OWNER May Terminate For Convenience*

A. Upon seven days written notice to CONTRACTOR and ENGINEER, OWNER may, without cause and without prejudice to any other right or remedy of OWNER, elect to terminate the Contract. In such case, CONTRACTOR shall be paid (without duplication of any items):

1. for completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;

2. for expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;

3. for all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) incurred in settlement of terminated contracts with Subcontractors, Suppliers, and others; and

4. for reasonable expenses directly attributable to termination.

B. CONTRACTOR shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

15.04 *CONTRACTOR May Stop Work or Terminate*

A. If, through no act or fault of CONTRACTOR, the Work is suspended for more than 90 consecutive days by OWNER or under an order of court or other public authority, or ENGINEER fails to act on any Application for Payment within 30 days after it is submitted, or OWNER fails for 30 days to pay CONTRACTOR any sum finally determined to be due, then CONTRACTOR may, upon seven days written notice to OWNER and ENGINEER, and provided OWNER or ENGINEER do not remedy such suspension or failure within that time, terminate the Contract and recover from OWNER payment on the same terms as provided in paragraph 15.03. In lieu of terminating the Contract and without prejudice to any other right or remedy, if ENGINEER has failed to act on an Application for Payment within 30 days after it is submitted, or OWNER has failed for 30 days to pay CONTRACTOR any sum finally determined to be due, CONTRACTOR may, seven days after written notice to OWNER and ENGINEER, stop the Work until payment is made of all such amounts due CONTRACTOR, including interest thereon. The provisions of this paragraph 15.04 are not intended to preclude CONTRACTOR from making a Claim under paragraph 10.05 for an adjustment in Contract Price or Contract Times or otherwise for expenses or damage directly attributable to CONTRACTOR's stopping the Work as permitted by this paragraph.

ARTICLE 16 - DISPUTE RESOLUTION*

16.01 *Methods and Procedures*

A. Dispute resolution methods and procedures, if any, shall be as set forth in the Supplementary Conditions. If no method and procedure has been set forth, and subject to the provisions of paragraphs 9.09 and 10.05, OWNER and CONTRACTOR may exercise such rights or remedies as either may otherwise have under the Contract Documents or by Laws or Regulations in respect of any dispute.

ARTICLE 17 - MISCELLANEOUS*

17.01 *Giving Notice*

A. Whenever any provision of the Contract Documents requires the giving of written notice, it will be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered or certified mail, postage prepaid, to the last business address known to the giver of the notice.

17.02 *Computation of Times*

A. When any period of time is referred to in the Contract Documents by days, it will be computed to

exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or Sunday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

17.03 *Cumulative Remedies*

A. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws or Regulations, by special warranty or guarantee, or by other provisions of the Contract Documents, and the provisions of this paragraph will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right, and remedy to which they apply.

17.04 *Survival of Obligations*

A. All representations, indemnifications, warranties, and guarantees made in, required by, or given in accordance with the Contract Documents, as well as all continuing obligations indicated in the Contract Documents, will survive final payment, completion, and acceptance of the Work or termination or completion of the Agreement.

17.05 *Controlling Law*

A. This Contract is to be governed by the law of the state in which the Project is located.

SUPPLEMENTAL GENERAL CONDITIONS

These Supplementary Conditions amend or supplement the Standard General Conditions of the Construction Contract (No. 1910-8, 1996 Edition) and other provisions of the Contract Documents as indicated below. All provisions, which are not so amended or supplemental, remain in full force and effect.

The terms used in these Supplementary Conditions will have the meanings indicated in the General Conditions. Additional terms used in these Supplementary Conditions have the meanings indicated below, which are applicable to both the singular and plural thereof.

SC-6.10 Delete paragraph 6.10 in its entirely and insert the following in its place:

The owner qualifies for the state and local tax exemption in the purchase of certain materials and equipment the Contractor shall utilize the form provided herewith in exhibit "D".

SC-11.01 Delete paragraph 11.01 in its entirety.

SC-11.02 Delete paragraph 11.02 in its entirety.

SC-12.01B.25 & B.3. Delete paragraph 12.01B.2 & B.3 in its entirety.

SC-12.01.C.2 Delete paragraph 12.01.C.2 in its entirety.

SC-14.02.C.1 Replace "ten days" with "thirty days" to read as follows:

Thirty days after presentation of the application for payment to OWNER with ENGINEERS recommendation, the amount recommended will (subject to provisions of paragraph 14.02.D) become due, and when due will be paid by the OWNER to CONTRACTOR.

SC Article 16 Add the following language at the end of the paragraph of Article 16:

There are no dispute resolution methods and procedures set forth in the Supplemental Conditions:

GENERAL PREVAILING WAGE LEGAL REQUIREMENTS

The Contractor's attention is called to Texas Government Code Chapter 2258, which must be complied with attached herewith as Exhibit "C"

General Notes

GENERAL NOTES

1. ALL WORK SHALL BE COMPLETED TO THE SATISFACTION OF THE HIDALGO COUNTY PRECINCT No. 2 AND THE CITY OF SAN JUAN.

2. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT RICHARD GARCIA WITH NORTH ALAMO WATER SUPPLY CORP. 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 383-1618 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

3. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT MR. RAMIRO RAMIREZ WITH THE CITY OF SAN JUAN 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 223-2200 TO COORDINATE AND MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

4. THE CONTRACTOR SHALL BE RESPONSIBLE TO CONTACT TxDOT 48 HOURS PRIOR TO COMMENCEMENT OF WORK @ (956) 702-6101 FOR THE SPOTTING OF TRAFFIC SIGNAL LOOP DETECTORS AND TO MEET ANY ADDITIONAL REQUIREMENTS AND/OR SPECIFICATIONS.

5. THE CONTRACTOR SHALL BE RESPONSIBLE TO CALL DIG-TESS 48 HOURS PRIOR TO COMMENCEMENT OF WORK FOR UTILITY SPOTTING @ (1-800-DIG-TESS).

6. THE CONTRACTOR TO NOTIFY ALL UTILITY COMPANIES FOR VERIFICATION OF LOCATION OF EXISTING FACILITIES PRIOR TO BEGINNING ANY EXCAVATION.

7. LOCATIONS OF UNDERGROUND FACILITIES ARE FROM BEST INFORMATION AVAILABLE. NEITHER THE OWNER OR ENGINEER, WARRANT THE ACCURACY OF THE INFORMATION PROVIDED. ANY DEVIATIONS SHALL BE CALLED TO THE ENGINEER'S ATTENTION IMMEDIATELY.

8. THE CONTRACTOR IS RESPONSIBLE FOR COORDINATING WITH THE CORRESPONDING UTILITY CORPORATION IN REGARDS TO THE RELOCATION/ADJUSTION OF ANY CONFLICTING UTILITIES. THE RELOCATION/ADJUSTMENT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

9. THE CONTRACTOR SHALL REMOVE ALL FENCES LOCATED WITHIN THE EASEMENTS AND RIGHT OF WAY, INTERFERING WITH CONSTRUCTION OPERATION AND PROVIDE TEMPORARY FENCING DURING CONSTRUCTION. REMOVED FENCES SHALL BE REPLACED WITH A NEW FENCE OR UNDAMAGED ORIGINAL FENCING. REMOVAL AND REPLACEMENT OF EXISTING AND TEMPORARY FENCES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

10. ANY DAMAGES TO FENCES, WALKS, OR PRIVATE PROPERTY SHALL BE REPAIRED BY THE CONTRACTOR AT HIS EXPENSE.

11. THE CONTRACTOR SHALL AT ALL TIME PROVIDE ACCESS TO EXISTING RESIDENCES.

12. THE CONTRACTOR IS TO MAINTAIN ALL EQUIPMENT AND TRANSPORTATION OF SAID EQUIPMENT WITHIN THE EXISTING RIGHT-OF-WAYS OF THE CITY, COUNTY OR STATE.

13. NO OPEN EXCAVATION SHALL BE LEFT OPEN OVERNIGHT. ALL EXCAVATIONS WHICH CANNOT BE BACKFILLED OVERNIGHT SHALL BE COVERED, AS A MINIMUM, WITH STEEL PLATING WHEN IN PAVED AND UNPAVED AREAS SUBJECT TO VEHICULAR LOADING; ¾ PLYWOOD, WOOD PLANKING WITH O.S.H.A. ORANGE PLASTIC EXPANDED MESH BARRIER AROUND PERIMETER IN UNPAVED AREAS NOT SUBJECT TO VEHICULAR LOADING, OR AS APPROVED BY THE ENGINEER.

14. THE PREPARATION OF THESE PLANS REFLECTS INFORMATION, PROVIDED BY OTHERS, ON THE APPROXIMATE LOCATION AND EXISTENCE OF EXISTING UTILITY AND ADJACENT PHYSICAL FEATURES. HOWEVER, THEY DO NOT IMPLY OR AFFIRM THAT ALL UTILITIES OR PHYSICAL FEATURES ARE SHOWN. GENERALLY, UTILITY SERVICE CONNECTIONS ARE NOT INDICATED ON THESE PLANS. CONTRACTOR IS RESPONSIBLE FOR NOTIFICATIONS OF THE OWNER IMMEDIATELY UPON ENCOUNTERING UNFORESEEN CONFLICTS.

15. THE APPROXIMATE LOCATIONS OF KNOWN EXISTING UTILITIES ARE SHOWN, CONTRACTOR SHALL DETERMINE THE EXACT HORIZONTAL AND VERTICAL LOCATIONS IN THE FIELD PRIOR TO COMMENCING WORK. CONTRACTOR TO BE FULLY RESPONSIBLE FOR DAMAGES WHICH MIGHT OCCUR BY HIS FAILURE TO EXACTLY LOCATE AND PRESERVE EXISTING UTILITIES.

16. PUBLIC AND PRIVATE UTILITY LINES AND CUSTOMER SERVICE LINES MAY EXIST THAT ARE NOT SHOWN ON THE CONSTRUCTION DRAWINGS. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO LOCATE, MAINTAIN AND PROTECT THE INTEGRITY OF THESE LINES. HAND EXCAVATION MAY BE REQUIRED. THE CONTRACTOR SHALL RESTORE RELOCATED OR DIVERTED UTILITY TO ITS ORIGINAL CONDITION AND LOCATION WHEN APPLICABLE UPON COMPLETION OF CONSTRUCTION. SAID RESTORATION SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

17. WHERE NEW WATER LINES AND SEWER LINES ARE INSTALLED WITH A SEPARATION DISTANCE CLOSER THAN NINE FEET (I.E., WATER LINES CROSSING WASTEWATER LINES, WATER LINES PARALLELING WASTEWATER LINES, OR WATER LINES NEXT TO MANHOLES) THE INSTALLATION MUST MEET THE REQUIREMENTS OF 30 TAC 317 (DESIGN OF SEWAGE SYSTEMS) OR 30 TAC 290 (WATER HYGIENE).

18. THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING WATER AND SEWER CONNECTIONS TO ALL HOMES AND BUSINESSES IN WORKING ORDER AT ALL TIMES, EXCEPT FOR BRIEF INTERRUPTIONS IN SERVICE FOR CONNECTIONS TO BE REINSTALLED. IN NO CASE SHALL SERVICES BE ALLOWED TO REMAIN OUT OF SERVICE OVERNIGHT. CONTRACTOR IS RESPONSIBLE FOR ANY DAMAGES TO SAID SERVICES.

19. THE CONTRACTOR SHALL BE RESPONSIBLE TO REPAIR ANY SURFACE IRREGULARITIES, AS DIRECTED BY THE ENGINEER, CAUSED BY THE CONTRACTOR'S WORKING OPERATIONS.

20. THE CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING ADEQUATE DRAINAGE OF EXISTING AND/OR PROPOSED FACILITIES AT ALL TIMES DURING CONSTRUCTION.

21. THE CONTRACTOR SHALL INSURE A 6" MINIMUM COVER FOR DRIVEWAY CULVERTS. THE RELAYING OR REMOVAL OF DRIVEWAY PIPE CULVERTS SHALL BE CONSIDERED SUBSIDIARY TO THE UNIT BID PRICES FOR ROADSIDE DITCH GRADING OF THE PROJECT.

22. THE CONTRACTOR SHALL BE RESPONSIBLE FOR GRADING AREA BETWEEN THE BACK OF CURB/EDGE OF PAVEMENT, ROAD SIDE DITCH AND RIGHT-OF-WAY TO HAVE POSITIVE FLOW TO THE PROPOSED AND/OR EXISTING DRAINAGE SYSTEM. THIS INCLUDES THE ENTIRE LENGTH OF THE ROAD WITHIN THE PROJECT LIMITS. SAID GRADING SHALL SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

23. ROADSIDE DITCHES SHALL BE REGRADED TO PROVIDE POSITIVE FLOW TO THE EXISTING AND PROPOSED DRAINAGE STRUCTURES. REGRADING ALONG THE ROADSIDE DITCH SHALL BE FROM CULVERT TO CULVERT.

24. THE CONTRACTOR SHALL CLEANUP AND RESTORE THE AREA OF OPERATIONS TO A CONDITION AS GOOD AS OR BETTER THAN THAT WHICH EXISTED PRIOR TO INSTALLATION OF ALL ITEMS TO BE CONSTRUCTED.

25. COUNTY WILL PROVIDE CONTROL POINTS (BENCHMARK AND PROPERTY CORNERS) FOR THE WORK TO BE PERFORMED BY THE CONTRACTOR. CONTRACTOR SHALL BE RESPONSIBLE FOR CONSTRUCTION STAKING, INCLUDING BUT NOT LIMITED TO HORIZONTAL & VERTICAL GRADE CUTS FOR CURB & GUTTER, ROADWAY, STORM DRAIN PIPE, ROADSIDE DITCHES, DRIVEWAY CULVERTS AND DITCH WORK. THE HMAC, BASE AND SUBGRADE SHALL BE GRADED AS PER THE PROPOSED CROSS SLOPE.

26. THE CONTRACTOR SHALL PROVIDE/MAINTAIN ADEQUATE POSITIVE DRAINAGE AT ALL TIMES DURING THE INSTALLATION OF THE STRUCTURES, DRAINAGE, UTILITY, IRRIGATION AND ROAD IMPROVEMENTS. DEWATERING OF THE TRENCH MAY BE REQUIRED DURING THE INSTALLATION OF THE DRAINAGE, UTILITY AND IRRIGATION FACILITIES/STRUCTURES. SAID DEWATERING SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

27. THE EXISTING ROAD SECTION SHALL BE SCARIFIED AND MIXED WITH NEW CALICHE. ONCE IT IS MIXED IT IS TO BE STABILIZED, PREPARED AND GRADED TO ACHIEVE THE PROPOSED BASE AS PER THE PROPOSED ROAD CROSS SECTION. THE PRODUCT OF THE CRUSHED ASPHALT PAVEMENT (MAX 2" PIECES IN SIZE), SALVAGE CALICHE AND NEW CALICHE SHALL BE TREATED WITH TWO AND A HALF (2.5%) PERCENT LIME BY DRY WEIGHT OF SALVAGE MATERIAL. TREATED MATERIAL SHALL BE DISTRIBUTED TO ACHIEVE THE PROPOSED BASE. THE BASE SHALL BE COMPACTED TO 98% STANDARD PROCTOR DENSITY AND SHALL BE GRADED TO THE CROSS-SLOPE AS PER THE PROPOSED ROAD CROSS-SECTION DETAILS. ANY PREPARATION, STABILIZATION, COMPACTION AND GRADING FOR THE DIFFERENCE BETWEEN THE PROPOSED AND EXISTING ROAD SECTIONS SHALL BE SUBSIDIARY TO THE UNIT BID PRICES FOR THE SCARIFICATION AND PREPARATION OF EXISTING ROAD SECTION (SEE CORE REPORT FOR THE THICKNESS OF THE EXISTING PAVEMENT SECTION).

28. FLEXIBLE BASE AGGREGATE SHALL MEET THE REQUIREMENTS IN THE TABLE BELOW. NEW CALICHE MATERIAL SHALL BE TREATED WITH 0.5% LIME BY DRY WEIGHT OF MATERIAL IF THE PLASTICITY INDEX OF SAID MATERIAL IS GREATER THAN 12.

TYPE E (CALICHE)

PROPERTY	TEST METHOD	REQUIREMENT
2 ½" SEIVE (CUMULATIVE, % RET)	TEX-110-E	0
1 3/4" SEIVE (CUMULATIVE, % RET)	TEX-110-E	0-10
#4 SEIVE (CUMULATIVE, % RET)	TEX-110-E	45-75
#40 SEIVE (CUMULATIVE, % RET)	TEX-110-E	50-85
LIQUID LIMIT, % MAX	TEX-104-E	40
PLASTICITY INDEX, % MAX	TEX-106-E	12
WET BALL MILL, % MAX	TEX-116-E	50
WET BALL MILL, % MAX INCREASE PASSING #40 SIEVE	TEX-116-E	20

29. THE CONTRACTOR SHALL BE RESPONSIBLE TO FOLLOW ALL T.C.E.Q. STORM WATER POLLUTION PREVENTION PLAN (SWP3) REQUIREMENTS AS PER SWP3 SHEETS AND AS STATED IN TEXAS POLLUTANT DISCHARGE ELIMINATION SYSTEM CONSTRUCTION GENERAL PERMIT (TPDES TXR150000, EFFECTIVE DATE MARCH 5, 2008), INCLUDING N.O.I. SUBMITTAL AND MS4 NOTIFICATION.

30. THE CONTRACTOR IS RESPONSIBLE FOR THE PREPARATION AND SUBMITTAL OF THE TRENCH EXCAVATION PROTECTION PLAN. CONTRACTOR SHALL SUBMIT CONSTRUCTION DETAILS AND DESIGN CALCULATIONS BEARING THE SEAL OF A PROFESSIONAL ENGINEER LICENSED TO PRACTICE IN THE STATE OF TEXAS BEFORE CONSTRUCTING THE SHORING AND/OR UTILIZING A TRENCH PROTECTION SYSTEM (BOX). THE ENGINEER RESERVES THE RIGHT TO REJECT DESIGNS NOT MEETING THE REQUIREMENTS OF SECTION ITEM 402 AND 403.

31. ALL DEBRIS, VEGETATION AND SURPLUS MATERIAL, EXCEPT ROADWAY SECTION, RESULTING FROM DEMOLITION AND/OR CLEARING OF THE RIGHT-OF-WAY AND PROJECT LOCATION, IN PREPARATION OF PROPOSED IMPROVEMENTS, ALONG WITH ANY DEBRIS AND/OR VEGETATION REMOVED FROM THE ROADSIDE DITCH AND CURB AND GUTTER, SHALL BECOME PROPERTY OF THE CONTRACTOR AND SHALL BE PROPERLY DISPOSED OF AT A SITE ACCEPTABLE TO HIDALGO COUNTY PRECINCT NO 2. THE CONTRACTOR SHALL PROVIDE A LETTER STATING SO. THE SAID CLEARING AND DISPOSAL SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED SO. NO EXCESS EXCAVATED MATERIAL SHALL BE DEPOSITED IN LOW AREAS OR ALONG NATURAL DRAINAGE WAYS WITHOUT WRITTEN PERMISSION FROM THE AFFECTED PROPERTY OWNER AND THE HIDALGO COUNTY PRECINCT NO 2. IF THE CONTRACTOR PLACES EXCESS MATERIAL IN THE AREAS WITHOUT WRITTEN PERMISSION, HE WILL BE RESPONSIBLE FOR ALL DAMAGE RESULTING FROM SUCH FILL AND CONTRACTOR SHALL REMOVE THE MATERIAL AT OWN COST.

32. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING WATER VALVES AND MANHOLES TO MATCH PROPOSED FINISH GRADE OF ROADWAY. CONCRETE APRONS SHALL BE INSTALLED TO MATCH TOPS WITH PAVEMENT GRADE. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

33. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE REPLACEMENT/RELOCATION OF ALL REGULATORY SIGNS REMOVED DUE TO CONSTRUCTION OPERATIONS WITH THE SAME SIGN ON FIXED SUPPORT(S) IMMEDIATELY UPON ITS REMOVAL. APPROVAL BY THE ENGINEER IS NECESSARY BEFORE REMOVING ANY REGULATORY ROADWAY SIGN(S). FLAGGERS ARE REQUIRED TO BE AVAILABLE TO DIRECT TRAFFIC DURING SIGN INTERMEDIATE DOWN TIME. RELOCATION OF ANY DIRECTIONAL SIGN ASSEMBLIES REMOVED DURING CONSTRUCTION OPERATIONS, IMMEDIATELY UPON THEIR REMOVAL, IS REQUIRED. ALL SIGNING, BARRICADING AND TRAFFIC CONTROL SHALL CONFORM TO THE LATEST VERSION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES". IN NO CASE WILL A SIGN BE REMOVED WITHOUT A REPLACEMENT SIGN AND SUPPORT(S) BEING READILY AVAILABLE AND A LOCATION ESTABLISHED. REMOVAL AND RELOCATION OF THESE SIGNS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

34. ALL NEW SIGNING SHALL BE IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

35. PAVEMENT SURFACE PREPARATION FOR MARKINGS AND MARKERS WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED ON THE PROPOSAL.

36. PERMANENT PAVEMENT MARKINGS FOR THIS PROJECT SHALL BE 0.100 INCHES (100 MIL) THICK THERMOPLASTIC. ANY PERMANENT PAVEMENT MARKINGS OR NON-REMOVAL WORK ZONE PAVEMENT MARKINGS LACKING REFLECTIVITY IN ACCORDANCE WITH TEST METHOD TEX 828-B, WILL NOT BE PAID FOR AS PER COUNTY POLICY. THE ROADWAY WILL BE RE-STRIPED AT NO ADDITIONAL COMPENSATION.

37. THE BEADS USED ON THIS PROJECT SHALL MEET THE REQUIREMENTS OF TxDOT MATERIALS SPECIFICATION DMS-8290, GLASS TRAFFIC BEADS TEXAS TYPE II & III. USE A 50% TYPE II/ 50% TYPE III MIX UTILIZING A DOUBLE DROP SYSTEM WITH TYPE III BEADS DROPPED FIRST.

38. THE CONTRACTOR SHALL COORDINATE AN ONSITE MEETING BETWEEN ALL PARTIES INVOLVED, PRIOR TO COMMENCING ANY STRIPING OPERATION. SAID MEETING WILL BE REQUIRED TO REVIEW ANY REQUIREMENTS AND TO ENSURE QUALITY WORK.

39. THE CONTRACTOR SHALL SUBMIT TRAFFIC CONTROL PLAN ON ALL STREET AND ROAD CROSSINGS FOR APPROVAL BY HIDALGO COUNTY PRECINCT No. 2 AND PROJECT ENGINEER PRIOR TO COMMENCEMENT OF WORK. ALL CONSTRUCTION OPERATIONS SHALL BE CONDUCTED TO PROVIDE THE LEAST POSSIBLE INTERFERENCE TO TRAFFIC AS PROVIDED FOR IN THE SPECIFICATIONS, TxDOT STANDARDS, TEXAS M.U.T.C.D. AND/OR AS DIRECTED. THE CONTRACTOR SHALL INSTALL THE APPROPRIATE ALL TRAFFIC CONTROL DEVICES IN CONFORMANCE WITH THE CURRENT EDITION OF THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES".

40. THE CONTRACTOR SHALL RELOCATE OR RECONSTRUCT ALL MAIL BOXES TO BE 1' BEHIND BACK OF CURB OR 3' BEHIND EDGE OF PAVEMENT. MAIL BOXES SHALL BE REPLACED TO THE SAME EXISTING CONDITIONS OR BETTER. SAID RELOCATION OF MAIL BOXES SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

41. THE CONTRACTOR SHALL EXERCISE DILIGENCE IN THE APPLICATION OF PRIME COAT/ TACK COAT BY THE USE OF FLAGGING AND ROLLING PROCEDURES TO KEEP FROM SPRAYING OR SPLATTERING THE TRAVELING PUBLIC WITH ASPHALT MATERIAL, BLADING MAY ALSO BE NECESSARY TO CLEAN DIRT AND GRASS FROM PAVEMENT EDGES AND TURNOUT AREAS. THE COST OF THIS BLADING WILL NOT BE PAID FOR DIRECTLY, BUT SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST.

42. AS NOTED ON THE PLAN AND PROFILES, THE ROAD SECTION ALONG THE TRAFFIC SIGNAL INTERSECTIONS MAY HAVE LOOP DETECTORS PRESENT. THESE AREAS ARE TO BE OVERLAID WITH A TACK COAT AND HMAC ONLY; THERE SHALL BE NO SCARIFICATION IN ORDER NOT TO DAMAGE THE LOOP DETECTORS. ANY POT HOLES IN THIS AREA WILL NEED TO BE FILLED AND REPAIRED BEFORE THE OVERLAY. THE POT HOLE REPAIR SHALL BE CONSIDERED SUBSIDIARY TO THE PROJECT COST AND REFLECTED IN THE UNIT BID PRICES FOR VARIOUS ITEMS LISTED IN THE PROPOSAL.

43. THE CONTRACTOR SHALL INSTALL LOOP DETECTORS TO REPLACE THOSE DAMAGED OR DESTROYED DUE TO CONSTRUCTION OPERATIONS. BEFORE OPERATIONS BEGIN, ALL EXISTING LOOP DETECTOR SHALL BE NOTED AND THEIR CONFIGURATION AND ORIENTATION OBTAINED FOR REPLACEMENT WITH THE SAME SIZE LOOP DETECTORS. IF DAMAGED, THE LOOP DETECTORS SHALL BE REINSTALLED AT NO ADDITIONAL COMPENSATION.

44. ANY DEVIATION OF LOCATION FOR PROPOSED LOOP DETECTOR WORK SHALL BE AS APPROVED BY THE ENGINEER. INSTALL LOOP VEHICLE DETECTORS IN ACCORDANCE WITH TXDOT LOOP DETECTOR STANDARDS. ALL LOOP DETECTORS SHALL BE RECTANGULAR, CONTRACTOR SHALL USE 2/C #14 AWG SHIELDED FOR LOOP LEAD-INS AND #14 AWG FOR LOOP WIRE IN PAVEMENT. SPLICES FOR LOOP WIRE WILL BE PERMITTED ONLY AT GROUND BOXES OR POLE BASE WITH APPROVED WEATHERPROOF SPLICE KITS. A MINIMUM LENGTH OF 2 FEET FOR EACH CABLE SHALL BE LEFT IN EACH GROUND BOX.

45. ALL WIRING SHALL BE IN ACCORDANCE WITH THE LATEST EDITION OF THE NATIONAL ELECTRICAL CODE.

46. IF ALTERNATE BID NO. 1 IS AWARDED THE CONTRACTOR SHALL REMOVE AND REPLACE THE METAL BEAM GUARD FENCE AND GUARDRAIL AS NOTED IN THE PLANS.

47. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ADJUSTING ALL EXISTING INLETS TO THE PROPOSED ELEVATIONS. THIS WORK SHALL BE INCIDENTAL AND NOT A SEPARATE PAY ITEM UNLESS STATED OTHERWISE.

Technical Specifications

SECTION 00101

ABBREVIATIONS AND DEFINITIONS

PART 1 - ABBREVIATIONS

1.01 Wherever the following abbreviations or symbols are used, they are to be construed the same as the respective expressions represented:

AASHTO American Association of State Highway and Transportation Officials

AB ..... Aggregate Base
AC ..... Asphalt Concrete
ACB ..... Asphalt Concrete Institute
ACI ..... American Concrete Institute
ACP ..... Asbestos Cement Pipe
ACPA ..... American Concrete Pipe Association
AD ..... Assessment District
AGC ..... Associated General Contractors of America, Inc.
AIEE ..... American Institute of Electrical Engineers
AISC ..... American Institute of Steel Construction
ANSI ..... American National Standards Institute
APWA ..... American Public Work Association
AREA ..... American Railway Engineers Association
ASMI ..... American Society of Mechanical Engineers
ASCE ..... American Society of Civil Engineers
Asph ..... Asphalt
ASTM ..... American Society for Testing and Materials
AWG ..... American Wire Gage (Nonferrous Wire)
AWPA ..... American Wood Preservers Association
AWPI ..... American Wood Preservers Institute
AWS ..... American Welding Society
AWWA ..... American Water Works Association
BC ..... Beginning of Curb or Back of Curb
BCR ..... Beginning of Curve Return or Back of Curb Radius
BM ..... Bench Mark
BWG ..... Birmingham Wire Gage (Iron and Steel Wire)
CB ..... Catch Basin
C.C. or C/C ..... Center to Center
Cem. ..... Cement
CF ..... Curb Face
CI ..... Cast Iron
CIP ..... Cast-Iron Pipe
CIPP ..... Cast-in- Place Pipe
C.L. or CL ..... Center Line
CMP ..... Corrugated Metal Pipe
CMPA ..... Corrugated Metal Pipe Arch
CO ..... Clean Out
Col ..... Column

Conc.....Concrete
Const.....Construct
DF .....Douglas Fir
DG.....Decomposed Granite
DMH.....Drop Manhole
D/W .....Driveway
EC .....End of Curve
EL. or Elev.....Elevation
Ex. or Exist. .....Existing
F & C.....Frame and Cover
FH .....Fire Hydrant
FL.....Flow Line
Fl. El.....Floor Elevation
FS .....Federal Specification of Finished Surface
FHWA .....Federal Highway Administration, Department of Transportation
Galv.....Galvanized
GL .....Ground Line
Gr. .....Grade
H .....Height or High
HC.....House Connection Sewer
Hor .....Horizontal
ID .....Inside Diameter
Inv. .....Invert
IP.....Iron Pipe
ITE .....Institute of Transportation Engineers
Lin. .....Liner
LL .....Liquid Limit
Long .....Longitudinal
Max. .....Maximum
MH .....Manhole
M .....Thousand
m .....meter or middle
Min. .....Minutes or Minimum
Mon. .....Monolithic or Monument
MTD .....Multiple Tile Duct
NEC .....National Electrical Code
NEMA.....National Electrical Manufacturers Association
NFPA .....National Fire Protection Association
NGS .....National Geodetic Survey
OC.....On Center
OD.....Outside Diameter
PC .....Point of Curvature
PCC .....Point of Compound Curve or Portland Cement Concrete
PI.....Point of Intersection or Plasticity Index
PL.....Property Line or Plastic Limit
PP .....Power Pole
ppm .....Parts per Million
PRC .....Point of Reverse Curve
Prop .....Proposed or Property
psf .....Point of Tangency

psi ..... Pavement
PT ..... Polyvinylchloride Pipe
Q ..... Rate of Flow
R ..... Radius
RC ..... Reinforced Concrete
RCP ..... Reinforced Concrete Pipe
Rdwy ..... Roadway
Ret.Wall ..... Retaining Wall
RGRCP ..... Rubber Gasket-Reinforced Concrete Pipe
s. ..... Slope
SAE ..... Society of Automotive Engineer
San. ..... Sanitary
SCCP ..... Steel Cylinder Concrete Pipe
SD ..... Storm Drain
Sdl ..... Saddle
Sect. ..... Section
Spec. ..... Specification
San. S ..... Sanitary Sewer
St. ..... Street
Sta. ..... Station
Std. ..... Standard
T ..... Tangent Distance
TH ..... Test Hole
THM ..... Trap Manhole
UL ..... Underwriters' Laboratories, Inc.
USA ..... United States of America Standards Institute, Inc.
V ..... Velocity
VC ..... Vertical Curve
VCP ..... Vitrified Clay Pipe
VCPI ..... Vertical Curve Point of Intersection
Vert. ..... Vertical
W.I. ..... Wrought Iron

1.02 All abbreviations and symbols used on plans for structural steel construction shall conform to those given in the Steel Construction Manual of the American Institute of Steel Construction.

PART 2 - DEFINITIONS

2.01 Agreement-- The written agreement which constitutes a contract between OWNER and CONTRACTOR covering the Work to be performed; other Contract Documents are attached to the Agreement.

2.02 Application for Payment-- The form furnished by ENGINEER which is to be used by CONTRACTOR in requesting progress payments and which is to include the schedule of values required by paragraph 14.1 and an affidavit of CONTRACTOR that progress payments theretofore received on account of the Work have been applied by CONTRACTOR to discharge in full all of CONTRACTOR'S obligations reflected in prior Applications for Payment.

2.03 Bid-- The offer or proposal of the Bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

2.04 Bidder-- Any person, firm, or corporation submitting a Bid for the Work.

2.05 Bonds-- bid, performance, and payment bonds and other instruments of security, furnished by CONTRACTOR and his surety in accordance with the Contract Documents.

2.06 Change Order-- A written order to CONTRACTOR signed by COUNTY authorizing an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Time issued after execution of the Agreement.

2.07 CITY -- A public body or authority or the contracting agency for whom the work is to be performed.

2.08 Contract Documents-- The Agreement, Addenda (whether issued prior to the opening of Bids of the execution of the Agreement), Instructions to Bidders, CONTRACTOR's Bid, the Bonds, the Certificate of Insurance, the Notice of Award, Notice to Proceed, these COUNTY of McAllen Standard Specifications, Plans and Drawings, and all Modifications.

2.09 Contract Price-- The total monies payable to CONTRACTOR under the Contract Documents.

2.10 Contract Time-- The number of days stated in the Agreement for the completion of the Work, computed of the Work, computed as provided in paragraph 17.2.

2.11 Contracting Agency-- (See COUNTY)

2.12 CONTRACTOR-- The person, firm, or corporation with whom OWNER has executed the Agreement.

2.13 Day-- A calendar day of twenty-four hours measured from midnight to the next midnight.

2.14 Drawings or Plans-- The drawings which show the character and scope of the Work to be performed and which have been prepared or approved by ENGINEER and are referred to in the Contract Documents.

2.15 ENGINEER-- The OWNER'S employee or agent responsible for the engineering design and construction inspection and supervision, acting directly or through duly authorized representatives.

2.16 Field Order-- A written order issued by ENGINEER which clarifies or interprets the Contract Documents in accordance with paragraph 9.3 or order minor changes in the Work in accordance with paragraph 10.2.

2.17 General Conditions -- Conditions which apply to all projects and which can be modified by Special conditions.

2.18 General Provisions-- A term having the same meaning as the term General Conditions.

2.19 Modification-- (a) A written amendment to the Contract Documents signed by both parties, (b) a Change Order, (c) a written clarification or interpretation issued by ENGINEER in accordance with paragraph 9.3, or (d) a written order for a minor change or alteration in the Work issued by ENGINEER pursuant to paragraph 10.2. A Modification may only be issued after execution of the Agreement.

2.20 Notice of Award-- The written notice by OWNER to the apparent successful Bidder stating that, upon compliance with the conditions precedent to be fulfilled by him within the time specified, OWNER will execute and deliver the Agreement to him.

2.21 Notice to Proceed-- A written notice given by COUNTY to CONTRACTOR (with a copy to ENGINEER) fixing the date on which the Contract Time will commence to run and on which CONTRACTOR shall start to perform his obligations under the Contract Documents.

2.22 Project-- The entire construction to be performed as provided in the Contract Documents.

2.23 Reference Specifications, Test Methods, and Applicable Codes-- All standard specifications and test methods of any society, association, or organization herein referred to are hereby made a part of these Contract Documents the same as if written in full. (Any reference to a paragraph or subparagraph within a section shall include all general provisions of the section to which reference is made.) Reference to such standards refer to the latest publiqhed issues as of the date of publication issues as of the date of Invitation to Bid. Reference to local or state codes and laws shall mean the latest adopted and published codes as of the date of the Invitation to Bid.

2.24 Resident Project Representative-- The authorized representative of ENGINEER who is assigned to the Project site or any part thereof.

2.25 Service Connections-- Service Connections shall be construed to mean all or any portion of the pipe, conduit, cable, or duct which connects a utility main or distribution line to a building, home, residence, or property.

2.26 Shop Drawings-- All drawings, diagrams, illustrations, brochures, schedules, and other data which are prepared by CONTRACTOR, a Subcontractor, manufacturer, supplier, or distributor and which illustrate the equipment, material, or some portion of the Work.

2.27 Special Conditions-- Conditions which are written for a specific project and which modify any section or paragraph of the General Conditions.

2.28 Specifications, also Technical Specifications-- Those portions of the Contract Documents consisting of written technical descriptions of materials, equipment, construction systems, standards, and workmanship as applied to the Work. When Section Items 400, 402, 403, 420, 421, 440, 462, 464 make reference to the following Item numbers 132, 360, 404, 420, 424, 426, 427, 431, 437, 438, 441, 446, 448, 50, 522, 524, 526, 575, the CONTRACTOR shall use Texas Department of Transportation (TxDOT) Standard Specifications for Construction of Highways, Streets and Bridges Latest Edition for Specifications of the aforementioned Item Numbers.

2.29 Subcontractor-- An individual, firm or corporation having a direct contract with CONTRACTOR or with any other Subcontractor for the performance of a part of the Work at the site.

2.30 Substantial Completion-- The date as certified by ENGINEER when the construction of the Project or a specified part thereof is sufficiently completed, in accordance with the Contract Documents, so that the Project or specified part can be utilized for the purposes for which it was intended; or if there be no such certification, the date when final payment is due in accordance with paragraph 14.13.

2.31 Supplementary Specifications-- which are written to modify any section or paragraph of the Technical Specifications of this document.

2.32 Utility--Overhead or underground wires, pipe lines, conduits, ducts, or structures, operated and maintained in or across a public right-of-way or easement or private easement.

A. Public Utility--Owned and operated by a municipality or another political subdivision of the State.

B. Private Utility--Owned and operated by a private company or corporation.

2.33 Work-- Any and all obligations, duties, and responsibilities necessary to the successful completion of the Project assigned to or undertaken by CONTRACTOR under the Contract Documents, including all labor, materials, equipment, and other incidentals, and the furnishing thereof.

*** * * END OF SECTION * * ***

SECTION 00102

PRELIMINARY MATTERS

PART 1 - EXECUTION OF AGREEMENT:

1.01 At least four (4) counterparts of the Agreement and such other Contract Documents as practicable will be executed and delivered by CONTRACTOR to COUNTY within fifteen days of the Notice of Award; and COUNTY will execute and deliver one counterpart to CONTRACTOR within ten days of receipt of the executed Agreement from CONTRACTOR. COUNTY will identify those portions of the Contract Documents not so signed and such identification will be bidding on all parties. COUNTY, CONTRACTOR, and Project ENGINEER shall receive and executed counterpart of the Contract Documents and additional conformed copies as required.

PART 2 - DELIVERY OF BONDS

2.01 When he delivers the executed Agreements to COUNTY, CONTRACTOR shall also deliver to OWNER such Bonds as he may be required to furnish in accordance with the contract documents.

PART 3 - CONTRACT DOCUMENTS

3.01 COUNTY shall furnish to CONTRACTOR up to three (3) copies, unless otherwise provided in the Special Conditions, of the Contract Documents as are reasonably necessary for the execution of the work. Additional copies will be furnished upon request at the cost of reproduction.

PART 4 - CONTRACTOR'S ACKNOWLEDGMENT

4.01 CONTRACTOR represents that he has familiarized himself with and assumes full responsibility for having familiarized himself with the nature and extent of the CONTRACT DOCUMENTS, Work, locality, and will all local conditions and federal, state, and local laws, ordinances, rules, and regulations that may in any manner affect performance of the Work and represents that he has correlated his study and observations with the requirement of the Contract Documents.

4.02 CONTRACTOR also represents that he has studied all surveys and investigation reports of subsurface and latent physical conditions referred to in the Specifications and made such additional surveys and investigations as he deems necessary for the performance of the Work at the Contract Price in accordance with the requirements of the Contract Documents and that he has correlated the results of all such data with the requirements of the Contract Documents.

PART 5 - COMMENCEMENT OF CONTRACT TIME; NOTICE TO PROCEED

5.01 The Contract Time will commence to run on the thirteenth day after the day on which the executed Agreement is delivered by COUNTY to CONTRACTOR or, if a Notice to Proceed is given, on the day indicated in the Notice to Proceed; but in no event shall the Contract Time commence to run later that the nineteenth day after the day on which COUNTY delivers the executed Agreement to CONTRACTOR. A Notice to Proceed may be given at any time within thirty days after the day on which COUNTY delivers the executed Agreement to CONTRACTOR.

PART 6 - PRE-COMMENCEMENT ACTIVITIES

6.01 Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract documents and check and verify pertinent figures shows thereon and all applicable field measurements. He shall at once report in writing to ENGINEER any conflict, error or discrepancy which he may discover; however, he shall not be liable to ENGINEER for his failure to discover any conflict, error, or discrepancy in the Drawings of Specifications.

6.02 Within ten days after delivery of the executed Agreement by COUNTY to CONTRACTOR, CONTRACTOR shall submit to ENGINEER for approval an estimated progress schedule indicating the starting and completion dates of the various stages of the Work and a preliminary schedule of Shop Drawing submissions.

6.03 Before starting the work at the site, CONTRACTOR shall furnish ENGINEER certificates of insurance as required in the Contract Documents. Within twenty days after delivery of the executed Agreement by COUNTY to CONTRACTOR, but before starting the Work at the site, a conference will be held to review the above schedules, to establish procedures for handling Shop Drawings and other submissions and for processing Applications for Payment, and to establish a working understanding between the parties as to the Project. Present at the conference will be ENGINEER, Project Engineer, Project Inspector, CONTRACTOR and his Superintendent.

PART 7 - COMMENCEMENT

7.01 CONTRACTOR shall tart to perform his obligations under the Contract Documents on the date when the Contract Time commences to run. No Work shall be done at the site prior to the date on which the Contract time commences to run.

*** * * END OF SECTION * * ***

SECTION 00104

TESTING LABORATORY SERVICES

PART 1 - GENERAL

1.01 The Contractor shall be responsible for providing materials which meet the requirements indicated. For manufactured materials such as reinforcing steel, expansion joint materials, concrete pipe, cement, miscellaneous steel, cast iron materials, etc., the CONTRACTOR will be required to furnish a manufacturer's certificate that the material meets the requirements specified for this project.

1.02 The COUNTY shall monitor all materials incorporated into the project and their placement by testing at the COUNTY's expense. The COUNTY does not guarantee the accuracy or validity of the data nor does the COUNTY assume any responsibility for the CONTRACTOR'S interpretation of the data. Materials or work which do not meet the specifications shall be removed or modified.

1.03 All retesting for work rejected on the basis of the initial test results will be at the expense of the CONTRACTOR and the extent of the retesting shall be determined by the ENGINEER. The ENGINEER may require additional testing for failing tests and may require two passing retests acceptance will be made by the COUNTY.

1.04 The testing laboratory will be designated by the ENGINEER and shall perform all work in a professional manner and conform to the requirement of ASTM E 329.

1.05 Inspection, sampling and testing requirements, where applicable, are set forth in, but not necessarily limited to, the following Sections:

Section XXX Earthwork - Excavating, Backfilling and Compacting:

	Compaction Control and Testing.
Section	Sub-grade and Base Construction.
Section	Street Surface Courses.
Section	Concrete and Structures.
Section	Underground Piped Utilities.
Section	Incidental Construction.
Section	Soil Treatment, Termite Control.
Section	Pile Driving, Load Tests.
Section	Metal Fastening: Welding and Bolting.
Section	Structural Metal Framing.

PART 2 - LABORATORY DUTIES AND LIMITS OF AUTHORITY

2.01 Cooperate with ENGINEER and CONTRACTOR: provide qualified personnel as required promptly on notice.

2.02 Acquaint ENGINEER'S personnel with testing procedures and with all special conditions encountered at the site.

2.03 Perform specified inspections sampling and testing of materials and construction methods:

A. Comply with specified standards, ASTM and other recognized authorities.
B. Ascertain compliance with contract requirements.

2.04 Promptly notify the ENGINEER of irregularities or deficiencies of work which are observed during performance of services.

2.05 Promptly submit 3 copies of reports of observations and tests to the ENGINEER including but not limited to:

2.06 Perform additional services ordered by the ENGINEER.

2.07 Laboratory is not authorized to:
A. Release, revoke, alter or enlarge on contract requirements.
B. Approve or accept any portion of work.
C. Perform any duties of the CONTRACTOR.

PART 3 - CONTRACTOR'S RESPONSIBILITIES

3.01 Furnish product mix design together with the applicable design work sheets and data to meet or exceed contract requirements.

3.02 Cooperate with COUNTY's laboratory personnel, provide access to the work or to the manufacturer's operations.

3.03 Provide to laboratory preliminary representative samples of materials to be tested in specified quantities.

3.04 Furnish copies of mill test reports.

3.05 Furnish verification of compliance with contract requirements for materials and equipment.

3.06 Furnish casual labor and facilities:
A. To provide access to work to be tested.
B. To obtain and handle samples at site.
C. To facilitate inspections and tests.
D. For laboratory's exclusive use for storage and curing of test samples.

3.07 Notify ENGINEER 24 hours in advance of operations to allow for the assignment of personnel.

3.08 Notify laboratory 24 hours in advance of operations to allow for the assignment of personnel.

3.09 Correct work which is defective or which fails to conform to the Contract Documents. Corrective work shall not delay the project or the work of other CONTRACTORS.

3.10 Pay all costs of retesting when test results indicate non-compliance with contract requirements.

3.11 Patch all surfaces and areas disturbed by testing operation.

*** * * END OF SECTION * * ***

SECTION 00105

AVAILABILITY OF LAND, PHYSICAL CONDITIONS AND REFERENCE POINTS

PART 1 - AVAILABILITY OF LANDS

1.01 COUNTY shall furnish, as indicated in the Contract Documents and not later than the date when needed by CONTRACTOR, the lands upon which the Work is done, rights-of-way for access thereto, and such other lands which are designated for the use of CONTRACTOR.

1.02 Easement for permanent structures or permanent changes in existing facilities will be obtained and paid for by COUNTY, unless otherwise specified in the Contract Documents. If CONTRACTOR believes that any delay in COUNTY's furnishing these lands or easements entitles him to an extension of the Contract Time, he may make a claim therefore in the Contract Documents.

1.03 CONTRACTOR shall provide for all additional lands and access thereto may be required for temporary construction facilities or storage of materials and equipment.

PART 2 - PHYSICAL CONDITIONS; SURVEYS AND REPORTS

2.01 The COUNTY will, upon request, furnish to the CONTRACTOR copies of all boundary surveys, subsurface tests, and other pertinent reports and material which are available in ENGINEER'S office.

2.02 CONTRACTOR shall promptly notify ENGINEER in writing of any subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents.

2.03 ENGINEER will promptly investigate those conditions and perform further surveys or subsurface tests deemed necessary. Promptly thereafter OWNER shall obtain the necessary additional surveys and tests and furnish copies to ENGINEER and CONTRACTOR.

2.04 If ENGINEER finds that the results of such surveys or tests indicate that there are subsurface or latent physical conditions which differ materially from those intended in the Contract Documents and which could not reasonably have been anticipated by CONTRACTOR, a Change Order shall be issued incorporating the necessary revisions.

PART 3 - REFERENCE POINTS

3.01 ENGINEER shall provide engineering surveys for construction to establish reference points which, in his judgment, are necessary to enable CONTRACTOR to proceed with the Work.

3.02 CONTRACTOR shall be responsible for surveying and laying out the Work (unless otherwise provided in the Special Conditions) and shall protect and preserve the established reference point and shall make no changes or relocations without the prior written approval of ENGINEER. He shall report to ENGINEER whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations.

3.03 CONTRACTOR shall replace and accurately relocate all reference points so lost, destroyed or moved.

*** * * END OF SECTION * * ***

SECTION 00106

SUSPENSION OF WORK AND TERMINATION

PART 1 - COUNTY SUSPENSION OF WORK

1.01 ENGINEER may, at any time and without cause, suspend the Work or any portion thereof for a period of not more than ninety days by notice in writing to CONTRACTOR which shall fix the date on which work shall be resumed.

1.02 CONTRACTOR shall resume the work on the date so fixed.

1.03 CONTRACTOR will be allowed an extension of the contract time directly attributable to any suspension if he makes a claim therefore as provided in Section 107 and the contract documents.

PART 2 - COUNTY TERMINATION OF WORK

2.01 If CONTRACTOR is adjudged bankrupt or insolvent, or if he makes a general assignment for the benefit of his creditors, or if a trustee or receiver is appointed for CONTRACTOR or for any of his property, or if he files a petition to take advantage of any debtor's act or to reorganize under the bankruptcy or similar laws, or if he repeatedly fails to supply sufficient skilled workmen or suitable materials or equipment, or if he repeatedly fails to make prompt payments to Subcontractors or for labor, materials, or equipment, or if he disregards laws, ordinances, rules, regulations, or orders of any public body having jurisdiction, or if he disregards the authority of ENGINEER, or if he otherwise violates any provision of the contract Documents, then ENGINEER may, without prejudice to any other right or remedy and after giving CONTRACTOR and his Surety seven day's written notice, terminate the services of CONTRACTOR and take possession of the project and of all materials, equipment, tools, construction equipment and machinery thereon owned by CONTRACTOR and finish the work by whatever method he may deem expedient.

2.02 In such case CONTRACTOR shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the contract price exceeds the direct and indirect costs of completing the Project, including compensation for additional professional service, such excess shall be paid to CONTRACTOR. If such costs exceed such unpaid balance, CONTRACTOR shall pay the difference to COUNTY.

2.03 Such costs incurred by COUNTY shall be determined by ENGINEER and in corporate in a Change Order.

2.04 Where CONTRACTOR's services have been so terminated by ENGINEER, said terminations shall not affect any rights of COUNTY against CONTRACTOR then existing or which may thereafter accrue.

2.05 Any retention or payment of monies by COUNTY due CONTRACTOR will not release CONTRACTOR for liability.

2.06 Upon seven days written notice to CONTRACTOR, COUNTY may, without cause and without prejudice to any other right or remedy, elect to abandon the project and terminate the agreement. In such case, CONTRACTOR shall be paid for all work executed and any expense sustained plus a reasonable profit.

PART 3 - CONTRACTOR SUSPENSION OR TERMINATION OF WORK:

3.01 If, through no act or fault of CONTRACTOR, the work is suspended for a period of more than ninety days by COUNTY or under an order of court or other public authority, or ENGINEER fails to act on any application for payment within thirty days after it is submitted, or COUNTY fails to pay CONTRACTOR any sum approved by ENGINEER or awarded by arbitrators within thirty days written notice to ENGINEER, terminate the agreement and recover from COUNTY payment for all work executed and any expense sustained plus a reasonable profit.

3.02 In addition and in lieu of terminating the agreement, if ENGINEER has failed to act on an application for payment or COUNTY has failed to make any payment as a foresaid, CONTRACTOR may, upon seven days' notice to ENGINEER, stop the work until he has paid all amounts then due.

*** * * END OF SECTION * * ***

SECTION 00107

WORK BY OTHERS

PART 1 - GENERAL

1.01 COUNTY may perform additional work related to the Project by itself, or it may let other direct contracts therefore which shall contain General Conditions similar to these. CONTRACTOR shall afford the other contractors who are parties to such direct contracts (or COUNTY, if it is performing the additional work itself), reasonable opportunity for the introduction and storage of materials and equipment and the execution of work and shall properly connect and coordinate his work with theirs.

1.02 If any part of CONTRACTOR'S Work depends for proper execution or results upon the work of any such other contractor (or COUNTY,) CONTRACTOR shall inspect and promptly report to ENGINEER in writing any defects or deficiencies in such work that render it unsuitable for such proper execution and results. His failure so to report shall constitute an acceptance of the work as fit and proper for the relationship of his Work except as to defects and deficiencies which may appear in the other work after the execution of his Work.

1.03 CONTRACTOR shall do all cutting, fitting, and patching of his Work that may be required to make its several parts come together properly and fit it to receive or be received by such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating, or otherwise altering their work with the written consent of ENGINEER and of the other contractors whose work will be affected.

1.04 If the performance of additional work by other contractors of COUNTY is not noted in the Contract Documents prior to the execution of the contract, written notice thereof shall be given to CONTRACTOR prior to starting any such additional work. If CONTRACTOR believes that the performance of such additional work by COUNTY or others involves him an additional expense or entitles him to an extension of the Contract Time, he may make a claim therefore.

1.05 Work by the CONTRACTOR and work by others should be coordinated and expedited by the COUNTY of his representative to prevent time delays and additional cost to the CONTRACTORS. Any extension of time and/or additional costs caused by other contractors or utility service companies may be claimed.

*** * * END OF SECTION * * ***

SECTION 00108

CONTRACTOR'S RESPONSIBILITIES

PART 1 - SUPERVISION AND SUPERINTENDENCE

1.01 CONTRACTOR shall supervise and direct the work efficiently and with is best skill and attention. He shall be solely responsible for the means, methods, techniques, sequences, and procedures of construction; but he shall not be solely responsible for the negligence of others in the design or selection of a specific means, method,technique,sequence, or procedure of construction which is indicated in and required by the contract documents. CONTRACTOR shall be responsible to see that the finished work complies accurately with the contract documents.

1.02 CONTRACTOR shall keep on the work at all times during its progress a competent resident superintendent, who shall not be replaced without written notice to the ENGINEER (Written Notice Only, Not Consent) except under extraordinary circumstances. The superintendent will be CONTRACTOR's representative at the site and shall have authority to act on behalf of CONTRACTOR. All communications given to the superintendent shall be as binding as if given to CONTRACTOR.

PART 2 - LABOR, MATERIALS AND EQUIPMENT

2.01 CONTRACTOR shall provide competent, suitably qualified personnel to survey and lay out the work and perform construction as required by the contract documents. He shall at all times maintain good discipline and order at the site.

2.02 CONTRACTOR shall furnish all material, equipment, labor, transportation,construction equipment and machinery, tools, appliances, fuel, power, light, heat, telephone, water and sanitary facilities, and all other facilities and incidentals necessary for the execution, testing, initial operation, and completion of the Work.

2.03 All materials and equipment shall be new, except as otherwise provided in the contract documents. If required by ENGINEER, CONTRACTOR shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

2.04 All materials and equipment shall be applied, installed, connected, erected, used, cleaned, and conditioned in accordance with the instructions of the applicable manufacturer, fabricator, or processors, except asotherwise provided in the contract documents.

PART 3 - SUBCONTRACTORS

3.01 If the specifications, laws, ordinances, or applicable rules or regulations permit CONTRACTOR to furnish or use a substitute that is equal to any material or equipment specified, and if CONTRACTOR wishes to furnish or use a proposed substitute, he shall make written application to ENGINEER for approval of such a substitute certifying in writing that the proposed substitute will perform adequately the functions called for by the general design, be similar and of equal substance to the specified, and be suited to the same use and capable of performing the same function as that specified; stating whether or not its incorporation in or use

in connection with the project is subject to the payment of any license fee or royalty; and identifying all variations of the proposed substitute from that specified and indicating available maintenance service. No substitute shall be ordered or installed without the written approval of ENGINEER, who will be the judge of equality and may require CONTRACTOR to furnish such other data about the proposed substitute as he considers pertinent. No substitute shall be ordered or installed without such performance guarantee and bonds as ENGINEER may require which shall be furnished at CONTRACTOR's expense.

PART 4 - SUBCONTRACTORS

4.01 CONTRACTOR shall not employ and subcontractor or other person or organization (including those who are to furnish the principal items of materials or equipment), whether initially or as a substitute, against whom COUNTY or ENGINEER may have reasonable objection. A subcontractor or other person or organization identified in writing to COUNTY and ENGINEER by CONTRACTOR prior to the notice of award and not objected to in writing by COUNTY or ENGINEER prior to the Notice of Award will be deemed acceptable to COUNTY and ENGINEER. Acceptance of any subcontractor, other person, or organization by COUNTY or ENGINEER shall not constitute a waiver of any right of COUNTY or ENGINEER to reject defective work or work not in conformance with the contract documents.

4.02 If COUNTY or ENGINEER, after due investigation, have reasonable objection to any subcontractor,other person, or organization proposed by CONTRACTOR after the notice of award, CONTRACTOR shall submit an acceptable substitute and the contract price shall be increased or decreased by the difference in cost occasioned by such substitution and on appropriate change order shall be issued. CONTRACTOR shall not be required to employ any subcontractor, other person, or organization against whom he has reasonable objection. CONTRACTOR shall not, without the consent of COUNTY and ENGINEER, make any substitution for any subcontractor, other person, organization who has been accepted by COUNTY and ENGINEER unless ENGINEER determines that there is good cause for doing so.

4.03 CONTRACTOR shall be fully responsible for all acts and omissions of his subcontractors and of persons and organizations directly or indirectly employed by them and of persons and organizations for whose acts any of them may be liable to the same extent that he is responsible for the contract documents shall create any contractual relationship between COUNTY or ENGINEER and any subcontractor or other person or organization having a direct contract with CONTRACTOR, nor shall it create any obligation on the part of COUNTY or ENGINEER to pay or to see to the payment of any monies due any subcontractor or other person or organization, to the extent practicable, evidence of amounts paid to CONTRACTOR on account of specific work done in accordance with the schedule of values.

4.04 The sections of the specifications and the identifications of any drawings shall not control CONTRACTOR in dividing the work among subcontractors or delineating the work to be performed by any specific trade.

4.05 CONTRACTOR agrees to bind specifically every subcontractor to the applicable terms and conditions of the contract documents for the benefit of COUNTY.

PART 5 - PATENT FEES AND ROYALTIES

5.01 CONTRACTOR shall pay all license fees and royalties and assume all costs incident to

the use in the performance of the work of any invention, design, process, product, or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product, or device is specified in the contract documents for use in the performance of two work and if, to the actual knowledge of COUNTY or ENGINEER, its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by COUNTY in the contract documents.

5.02 CONTRACTOR shall indemnify and hold harmless COUNTY and ENGINEER and anyone directly or indirectly employed by either of them from and against all claims, damages, losses, and expenses, including attorneys' fees, arising out of any infringement of patent rights or copyrights incident to the use in the performance of the work or resulting from the incorporation in the work of any invention, design, process, product, or device not specified in the contract documents and shall defend all such claims in connection with any alleged infringement of such rights.

PART 6 - PERMITS

6.01 CONTRACTOR shall obtain and pay for all construction permits and licenses and shall pay all governmental charges and inspection fees necessary for the prosecution of the work, which are applicable at the time of his bid. COUNTY shall assist CONTRACTOR, when necessary, in obtaining such permits and licenses. CONTRACT, when necessary, in obtaining such permits and licenses. CONTRACTOR shall also pay all public utility charges.

PART 7 - LAWS, REGULATIONS AND ORDINANCE

7.01 Contractor shall give all notices and comply with all laws, ordinances, rules and regulations applicable to the work. If CONTRACTOR observes that the specifications or drawings are at variance-therewith, he shall give ENGINEER prompt written notice thereof, and any necessary changes shall be adjusted by an appropriate modification. If CONTRACTOR performs any work knowing it to be contrary to such law, ordinances, rules, and regulations and without such notice to ENGINEER, he shall bear all costs arising there from; however, it shall not be is primary responsibility to make certain that the specifications and drawings are in accordance with such laws, ordinances, rules and regulations.

PART 8 - TAXES

8.01 CONTRACTOR shall pay all sales, consumer, use, and other similar taxes required to be paid by him in accordance with the laws and ordinances.

PART 9 - USE OF PREMISES

9.01 CONTRACTOR shall confine his equipment, the storage of materials and equipment, and the operations of his workmen to areas permitted by law, ordinances, permits, or the requirements of the contract documents and shall not unreasonably encumber the premises with materials or equipment.

9.02 CONTRACTOR shall not load nor permit any part of any structure to be loaded with weights that will endanger the structure, nor shall he subject any part of the work to stresses or pressures that will endanger it.

PART 10 - RECORD DRAWINGS

10.01 CONTRACTOR shall keep one record copy of all specifications, drawings, addenda, modifications, and shop drawings at the site in good order and annotated to show all changes made during the construction process. These shall be available to ENGINEER and shall be delivered to him for COUNTY upon completion of the project.

PART 11 - SAFETY AND PROTECTION

11.01 CONTRACTOR shall be responsible for initiating maintaining, and supervising all safety precautions and programs in connection with work. He shall take all necessary precautions for the safety of and provide the necessary protection to prevent damage, injury, or loss to:

A. All employees on the work and other persons who may be affected thereby:

B. All the work and materials or equipment to be incorporated there-in whether in storage on or off the site; and

C. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

11.02 The CONTRACTOR shall conduct his operations in a manner which will minimize interference with the normal use of property adjacent to the construction work and shall give owners of such property at least 24 hours notice of the commencement of work in the area abutting their property. CONTRACTOR shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss. He shall erect and maintain, as required by the conditions and progress of the work, all necessary safeguards for its safety and protection. He shall notify owners of adjacent utilities at least 48 hours in advance when prospection of the work may effect them. All damage, injury, or loss to any property referred to above caused, directly or indirectly, in whole or in part, by CONTRACTOR, any subcontractor, or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR, except damage or loss attributable to the fault of drawings or specifications or to the acts or omissions of ENGINEER or anyone employed by either of them or anyone for whose acts either of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault of negligence of CONTRACTOR.

11.03 CONTRACTOR's duties and responsibilities for the safety and protection of the work shall continue until such time as all the work is completed and ENGINEER has issued a notice to CONTRACTOR that work is acceptable.

11.04 CONTRACTOR shall designate a responsible member of his organization at the site whose duty shall be the prevention of accidents. This person shall be CONTRACTOR's superintendent, unless otherwise designated in writing by CONTRACTOR to OWNER.

PART 12 - EMERGENCIES

12.01 In emergencies affecting the safety of persons or the work or property at the site or

adjacent thereto, CONTRACTOR, without special instruction or authorization from ENGINEER, is obligated to act, at his discretion, to prevent threatened damage, injury, or loss. He shall give ENGINEER prompt written notice of any significant changes in the work or deviations from the contract documents caused thereby; and a change order shall thereupon be issued covering the changes and deviations involved.

12.02 If CONTRACTOR believes that additional work done by him in any emergency which arose from causes beyond his control entitles him to an increase in the contract price or an extension of the contract time, he may make a claim there for.

PART 13 - SHOP DRAWINGS AND SAMPLES

13.01 After checking and verifying all field measurements, CONTRACTOR shall submit to ENGINEER for approval, in accordance with the accepted schedule of shop drawing submissions, five copies (or, to ENGINEER's option, one reproducible copy) of all shop drawings which shall have been checked by and stamped with the approval of CONTRACTOR and identified as ENGINEER may require. The date shown on the shop drawing will be complete with respect to dimensions, design criteria, materials of construction, and the like to enable ENGINEER to review the information as required.

13.02 CONTRACTOR shall also submit to ENGINEER for approval, with such promptness as to cause no delay in work, all samples required by the contract documents. All samples will have been checked by and stamped with the approval of CONTRACTOR, identified clearly as to material, manufacturer, and pertinent catalog numbers and the use for which intended.

13.03 At the time of each submission, CONTRACTOR shall in writing call ENGINEER's attention to any deviations that the shop drawings or sample may have from the requirements of the contract documents.

13.04 ENGINEER will review and approve with reasonable promptness shop drawings and samples, but his review and approval shall be only for conformance with the design concept of the project and for compliance with the information given in the contract documents. The approval of a separate item as such will not indicate approval of the assembly in which the item functions. CONTRACTOR shall make any corrections required by ENGINEER and shall return the required number of corrected copies of shop drawings and resubmit new samples until approved. CONTRACTOR shall direct specific attention in writing or on resubmitted shop drawings to revisions other than the corrections called by the ENGINEER on previous submissions. CONTRACTOR's stamp of approval on any shop drawing or sample shall constitute a representation to ENGINEER that CONTRACTOR has either determined and verified all quantities, dimensions, field construction criteria, materials, catalog numbers, and similar data or he assumes full responsibility for doing so and that he has reviewed or coordinated each shop drawing or sample with the requirements of the work and the contract documents.

13.05 Where a shop drawing or sample submission is required by the specifications, no related work shall be commenced until the submission has been approved by ENGINEER. A copy of each approved shop drawing and each approved sample shall be kept in a good order by CONTRACTOR at the site and shall be available to ENGINEER.

13.06 ENGINEER approval of shop drawings or samples shall not relieve CONTRACTOR from

his responsibility for any deviations from the requirements of the contract documents unless CONTRACTOR has in writing called ENGINEER's attention to such deviation at the time of submission and ENGINEER has given written approval to the specific deviation, nor shall any approval by ENGINEER relieve CONTRACTOR from responsibility for errors or omissions in the shop drawings.

PART 14- CLEANING

14.01 CONTRACTOR shall keep the premises free from accumulations of waste materials, rubbish, and debris from and about the premises, as well as all tools, construction equipment and machinery, and surplus materials and shall leave the site clean and ready for occupancy by COUNTY. CONTRACTOR shall restore to their original condition those portions of the site not designated for alterations by the contract documents, unless the completion of the work is directly affected by the item in dispute.

PART 15 - INDEMNIFICATION

15.01 CONTRACTOR shall indemnify and hold harmless COUNTY and ENGINEER and their agents and employees from and against all claims, damages, losses, and expenses including attorneys' fees arising out of or resulting from the performance of the work by the CONTRACTOR, provided that any such claim, damage, loss, or expense (a) is attributable to bodily injury, sickness, disease, or death or to injury to or destruction of tangible property (other than the work itself) including the loss of use resulting there-from and (b) is caused in whole or in part by any negligent act or omission of CONTRACTOR, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder.

15.02 In any and all claims against COUNTY or ENGINEER or any of their agents or employees by copy any employees of CONTRACTOR, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under paragraph 15.01 shall not be limited in any way by any limitation on the amount of type of damages, compensation, or benefits payable by or for CONTRACTOR or any subcontractor under workmen's compensation acts, disability benefit acts, or other employee benefit acts.

15.03 The obligations of CONTRACTOR under paragraph 15.01 shall not extend to the liability of ENGINEER, his agents, or employees arising out of (a) the preparation or approval of maps, drawings, opinions, reports, surveys change orders, designs, or specifications or (b) the giving of or giving or failure to give is the primary cause of injury or damage.

*** * * END OF SECTION * * ***

SECTION 00113

SOILS AND SUBSURFACE INVESTIGATION

PART 1 - GENERAL

1.01 Depending on the project requirements, the ENGINEER may have obtained geotechnical information, which may include subsurface date, logs of soil borings and recommendations from geotechnical consultants.

1.02 Any information obtained is solely for use by the ENGINEER in the design of the project and are not part of the contract. If soil borings have been prepared they will be included in the section or on the plans.

1.03 Any geotechnical information included is for information only. The COUNTY and the ENGINEER do not guarantee the accuracy or validity of the data, nor do they assume any responsibility for the CONTRACTOR'S interpretation or conclusions drawn from the data.

1.04 The CONTRACTOR may, at his option, perform additional subsurface investigations at his own expense.

*****END OF SECTION*****

SECTION 02101

PREPARATION OF RIGHT-OF-WAY

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Removal and disposal of all obstructions from the right-of-way and from designated easements, as noted in the plans.

B. Obstructions shall include:

1. Remains of houses not completely removed by others.
2. Concrete, foundations, floorslabs curb and gutter, driveways, and sidewalk.
3. Building materials such as brick, lumber and plaster.
4. Water wells, septic tanks, manholes, inlets , utility pipes and conduits.
5. Underground service station tanks, equipment or other foundations.
6. Fencing and retaining walls.
7. Paved parking areas.
8. Abandoned railroad tracks, ties, and scrap iron.
9. Ancillary structures such as shacks and outhouses.
10. Trees, stumps, bushes, shrubs, roots, limbs and logs.
11. All rubbish and debris whether above or below ground.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Provide materials required to perform work as specified.

PART 3 - EXECUTION

3.01 GENERAL

A. Clear entire project right-of-way and such other areas, including public or corporate lands, specified in the plans of all structures and obstructions.

B. Trim carefully all trees and shrubs designated for preservation and protect from scarring or other injuries during construction operation.

C. Removal of all foundations and underground obstructions, unless otherwise specified, shall be removed to the following depths:

1. In embankment areas, two (2) feet below natural ground.
2. In excavation areas, two (2) feet below the lower elevation of excavation.
3. In all other areas, one (1) foot below natural grade.

D. Backfill all holes, as directed by the ENGINEER, resulting from all removals.

E. Complete the preparation of right-of-way such that prepared right-of-way is free of holes, ditches and other abrupt changes in elevations and irregularities to contours.

F. Plug the remaining ends of all abandoned storm sewers, culverts, sanitary sewers, conduits and utility pipes with concrete, as specified by the ENGINEER, to form a tight closure.

G. On existing concrete where only a portion is to be removed, care shall be exercised to avoid damage to remaining concrete. Where concrete reinforcement is encountered in removed portions, a minimum of one (1) foot of such reinforcement shall be cleaned of old concrete and left in place to tie into new construction. Concrete to be preserved, but subsequently destroyed by the CONTRACTOR'S operations, shall be replaced by the CONTRACTOR'S operations, shall be replaced by the CONTRACTOR at his expense in accordance with County Specifications, or as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 PREPARATION OF RIGHT-OF-WAY

A. Preparation of right-of-way shall be measured on a lump-sum basis with measurement for payment made only on areas indicated and classified on the plans as preparation of right-of-way.

B. When not listed as a separate contract pay item, preparation of right-of-way shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*****END OF SECTION*****

SECTION 02102

CLEARING AND GRUBBING

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Clearing and grubbing on project site of trees, stumps, brush, roots, vegetation, logs, rubbish and other objectionable matter within limits described in specifications or as shown on plans.

B. Clearing and grubbing shall be in advance of grading operation except that in cuts over 3 feet in depth, grubbing may be done simultaneously with excavation, provided objectionable matter is removed as specified.

C. Disposal of all debris resulting from clearing and grubbing work.

1.02 PROTECTION OF ADJACENT WORK:

A. Protect all areas outside indicated construction areas.

B. Protect existing improvements, adjacent property, utilities and other facilities, and trees and plants not to be removed from injury or damage.

PART 2 - PRODUCTS

2.01 MATERIALS:

A. Provide materials required to perform work as specified.

PART 3 - EXECUTION

3.01 CLEARING:

A. Clear all areas covered by dikes, roads, structures and embankments within project limits unless otherwise shown in plans.

B. Remove all saplings, brush, down-timber and debris unless shown or directed otherwise.

C. Use tree wound paint to treat scars, gashes or limb stubs on trees not removed.

3.02 GRUBBING:

A. Trees, stumps, root systems, rocks and other obstructions shall be removed to the depths shown when they fall within the construction templates for the following items:

1.	Footings	18" below bottom of footing
2.	Sidewalks (or other types of walks)	12" below bottom of walk
3.	Roadways or Streets	18" below bottom of sub-grade
4.	Parking Areas	18" below bottom of sub-grade
5.	Grassed Areas	18" below top soil
6.	Fills	24" below bottom of fill

B. Blasting not permitted.

3.03 REMOVAL OF DEBRIS AND CLEANUP:

A. Burn as permitted by regulating agencies or the ENGINEER as work progresses.

B. Unguarded fires will not be permitted.

C. Permits will be obtained, where required, for necessary burning or disposal sites.

D. Dispose of all waste materials not burned by removal from site.

E. Materials cleared and grubbed shall be the property of the CONTRACTOR and shall be his responsibility for disposal.

PART 4 - MEASUREMENT AND PAYMENT

4.01 CLEARING AND GRUBBING:

A. Clearing and Grubbing shall be measured for payment either in acres or by lump sum only for areas indicated on the plans, or as provided in the proposal and contract.

B. When not listed as a separate contract pay item, Clearing and Grubbing shall be considered as incidental work, and the cost thereof shall be included in such contract pay items as are provided in the proposal contract.

C. Compensation, whether by contract pay items or incidental work will be furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * *END OF SECTION * * ***

SECTION 02210

SUBGRADE PREPARATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of scarifying, blading and rolling the sub-grade to obtain a uniform texture and provide as nearly as practical a uniform density for the 6-inches of the sub-grade.

PART 2 - PRODUCTS

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. All preparing of the right-of-way and/or clearing and grubbing shall be complete before starting the sub-grade preparation.

B. The sub-grade shall be scarified and shaped in conformity with the typical sections and the lines and grades indicated or as established by the ENGINEER by the removal of existing material or addition of approved material.

C. All unsuitable material shall be removed and replaced with approved material.

D. All foundations, walls or other objectionable material shall be removed to a minimum depth of 18-inches under all structures and 12-inches under areas to be vegetated. All holes, ruts and depressions shall be filled with approved material.

E. The surface of the sub-grade shall be finished to the lines and grades as established and be in conformity with the typical sections indicated.

F. Any deviation in excess of 1/2 inch cross section and in a length of 10 feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and compacting by sprinkling and rolling.

G. Sufficient sub-grade shall be prepared in advance to insure satisfactory prosecution of the work.

H. The CONTRACTOR will be required to set blue tops for the sub-grade on centerline, at quarter points and curb lines or edge of pavement at intervals not exceeding 50 feet.

I. All suitable material removed may be utilized in the sub-grade with the approval of the ENGINEER. All other material required for completion of the sub-grade shall also be subject to approval by the ENGINEER.

J. Sub-grade materials on which structures shall be placed shall be compacted by approved mechanical tamping equipment to a dry density of the total material of not less than 95 percent nor more than 100 percent of the maximum dry density s determined in accordance with SDHPT test method tex-114-E.

K. Sub-grade materials on which planting or turf will be established shall be compacted to a minimum of 85 percent of the maximum dry density as determined in accordance with SDHPT test method tex-114-E.

L. Tests for density will be made as soon as possible after compacting operations are completed. If the material fails to meet the density specified, it shall be reworked as necessary to obtain the density required.

M. Just prior to placing any base materials, density and moisture content of the top 6-inches of compacted sub-grade shall be checked and if tests show the density to be more than 2 percent below the specified minimum or the moisture content to be more than 3 percent above or below the optimum, the sub-grade shall be reworked as necessary to obtain the specified compaction and moisture content.

N. When lime stabilization of the sub-grade is specified, the lime is to be added in accordance with Section 02240, Lime Stabilization.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. All acceptable sub-grade preparation will be measured by the square yard.

B. The measured area includes the entire width of the roadway for the entire length as indicated.

4.02 PAYMENT

A. The accepted quantities of sub-grade preparation will be paid for at contract unit bid price per square yard.

B. When not listed as a separate contract pay item, sub-grade preparation shall be considered as incidental work, and the cost thereof shall be included in such contract pay item (s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02221

TRENCH EXCAVATION, BACKFILL AND COMPACTION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Excavation, shoring, de-watering, pipe bedding, trench backfill, compaction, grading and cleanup of all pipeline trenching for the project.

B. All work must be done in accordance with these specifications and the safety requirements of the State and OSHA Standards.

1.02 JOB CONDITIONS:

A. Site Acceptance:

1. Accept site in condition existing during Contract time frame.
2. Ground water/surface water found during construction are conditions of the contract and responsibility of Contractor.

B. Adverse Weather:

1. Place no backfill that is excessively wet or frozen.
2. Place no backfill in excessively wet or frozen trenches.

PART 2 - PRODUCTS

2.01 PIPE BEDDING AND BACKFILL:

A. The type of bedding shall be stated on the Plans or in the Special Conditions of the contract document. Determination of source of materials for bedding and backfill to meet the stated conditions shall be responsibility of CONTRACTOR, but use of such materials shall be subject to approval of ENGINEER.

B. Excavated Material Backfill:
Excavated material may be used in the trench backfill, provided that all hard rock and stones having any dimensions greater than 6 inches and frozen earth debris and roots larger than 2 inches are removed for the initial backfill.

C. Select Backfill:
Select backfill shall be gravel, fine rock cuttings, sand, sandy loam or loam free from excessive clay. Rock cuttings shall have no dimension greater than 2 inches.

D. Sand Backfill:
Sand backfill shall be clean, hard, durable, un-coated grains, free from lumps and organic material. All materials must pass a No. 8 Sieve.

E. Granular Backfill:
Granular backfill shall be free flowing, such as sand or hydraulically graded shall be free from lumps, stones over 2 inches in diameter, clay and organic matter.

F. Controlled Density Fill:
Use high slump mixture of portland cement, fly ash and fine aggregate formulated, licensed and marketed as K-Krete or equal. Provide mixture with minimum 28-day compressive strength of 70 psi with no measurable shrinkage or surface settlement.

2.02 CRADLING ROCK:

A. Use crushed rock or stone with 70-100% passing 1> inch sieve and no more than 50% passing 1 inch sieve.

2.03 SHEETING, SHORING AND BRACING:

A. Use sound timber or structural steel.

B. Use shapes and sizes as required.

PART 3 - EXECUTION

3.01 GENERAL:

A. Dewatering:

1. Execute work "dry". No pipe or conduits shall be laid or concrete poured on excessively wet soil.
2. Prevent surface water from flowing into excavation.
3. Provide equipment for handling water encountered as required. Obtain approval of proposed method of dewatering.
4. No sanitary sewer shall be used for disposal of trench water.

B. Protection of Existing Utilities:

1. Notify all utilities of location and schedule of work.
2. Locations and elevations of utilities shown on plans are to be considered approximate only. Notify utility and ENGINEER of conflicts between existing and proposed facilities.
3. Repair, relay or replace existing utilities damaged, destroyed or disrupted during work. Unless specified otherwise, replacement will be at the CONTRACTOR's expense.

C. Sheeting, Shoring and Bracing:

1. Provide as necessary, to hold walls of excavation, prevent damage to adjacent structures, and to protect workmen and property.
2. Leave sheeting and shoring in place where removal might cause damage to work or otherwise indicated on drawings.
3. When movable trench shield is used below spring line of pipe, it shall be lifted prior to any forward movement to avoid pipe displacement.

D. Changes in Grade:

1. Grades may be adjusted 1.5 feet (plus or minus) from plan grades to suit unforeseen construction conflicts or conditions with approval of ENGINEER.
2. No additional compensation will be made for such changes.

3.02 EXCAVATION AND TRENCHING:

A. General:

1. Method of excavation at CONTRACTOR's option.
2. Excavate by hand under tree roots 3 inches and larger, and under and around structures and utilities.
3. Stockpile and replace topsoil to a minimum of 8 inches for surface restoration in grassed or agricultural areas.

B. Trench Characteristics:

1. Depth: as indicated for pipe installation to lines and grades required with proper allowance for thickness of pipe and type of bedding specified or indicated.
2. Width:
   a. Keep width of trench as narrow as possible and yet provide adequate room for backfilling and jointing.
   b. Maximum width as follows:

Pipe Size Inches	**Max. Trench Width**
4 &6	2' - 0"
8 & 10	2' - 4"
12	2' - 6"
15	2' - 9"
18	3' - 0"
Over 18	Pipe O.D. + 12"

3. Trench walls must be vertical below top of pipe and may be vertical or sloped above pipe to conform to excavating codes.
4. Provide bell holes for each pipe joint where pipe bears on undisturbed earth.
5. Trench bottom shall be free of large stones and other foreign material.

3.03 SOFT, SPONGY OR UNSTABLE MATERIALS:

A. Stop work and notify ENGINEER.

B. Perform remedial work as directed.

C. If material is judged unsuitable and removal is authorized, remove and replace with trench stabilizing material as directed by ENGINEER.

3.04 ROCK EXCAVATION:

A. Excavate any rock to maintain minimum 6-inch clearance around pipe.

B. Dispose of rock material not suitable for backfill as directed by ENGINEER.

C. Use of explosives not permitted without prior written authorization from OWNER and ENGINEER.

D. Provide Special Hazard Insurance covering liability for blasting operations.

3.05 BEDDING:

A. Place after bottom of trench has been excavated to proper depth and grade.

B. Place, compact and shape bedding material to conform to barrel o pipe to insure continuous firm bedding for fill length of pipe.

C. Provide bedding as described in following table unless indicated otherwise on Plans or in Special Conditions.

Pipe Material	Minimum Bedding Class
1. Vitrified Clay Pipe	Class C *
2. Non-reinforced Concrete Pipe	Class C *
3. Reinforced Concrete Pipe	Class D *
4. Ductile Iron Pipe	Class D *
5. Steel Cylinder	Class C *
6. Flexible or Composite Pipe	Class 1 * *

* Refers to standard detail, "Pipe Envelope Requirements ",Dwg. D-01.

** Refers to standard detail, "Flexible Pipe Bedding Requirements", Dwg. D-02.

3.06 TRENCH BACKFILL

A. Use excavated material backfill (2.01B) unless otherwise specified.

B. Use Sand Backfill for all trenches within 5 feet of buildings and beneath walks, parking areas, paved streets or existing exposed utilities.

C. Initial Backfill:

1. Place after pipe has been bedded and checked for alignment, grade and internal obstructions.
2. Carry out in an orderly fashion after authorization to cover pipe has been given.
3. Allow no more than 300 feet of trench to be open at one time.
4. Do not backfill until concrete or mortar has sufficiently cured.
5. Record location of connections and appurtenances before backfilling.
6. Place by hand and hand tamp to not less than 12-inches above top of pipe, in approximately 4-inch layers.
7. Backfill simultaneously on both sides of pipe to prevent displacement.
8. Place cushion of 4 feet above pipe envelope before using heavy compacting equipment.

D. Subsequent Backfill:

1. Place backfill into trench at an angle so that impact on installed pipe is minimized.
2. Compaction of all backfill material shall be performed in a manner that shall not crack, crush, and/or cause the installed pipe to be moved from the established grade and/or alignment.
3. Area under or within 5 feet of pavement; and under or within 2 feet of utilities, buildings, or walks shall be mechanically compacted to the top of the sub-grade in 6-inch lifts to a minimum of 95 percent Standard Proctor Density.
4. Areas not subject to vehicular traffic shall be backfilled in layers not more than 10-inches in depth.
5. Compaction method at discretion of CONTRACTOR with following exceptions:

    a. If in OWNER's opinion compaction method presents potential damage to pipe, it will not be allowed.
    b. Compaction of any backfill material by flooding or jetting will require prior written authorization of ENGINEER.

6. Mound excavated materials no greater than 6 inches in open areas only.

7. Fill upper portion of trench with topsoil as specified hereinbefore.

E. Controlled Density Fill:

1. Use where shown on plans.
2. Provide suitable forms to limit volume of control density fill material.
3. Prevent flow of material into existing drain lines.
4. Protect exposed utility lines during placement.
5. Place material in accordance with suppliers' written recommendations unless directed otherwise by ENGINEER.

3.07 EXCESS MATERIAL:

A. Waste excess excavated material where directed by ENGINEER.

3.08 TESTING:

A. Unless specified elsewhere, testing will be responsibility of OWNER.

B. Standard Proctor Density:

1. ASTM D698.
2. One (1) required for each type of material encountered.

C. In Place Density:

1. ASTM D1556 (Sand Cone)
2. ASTM D2167 (Balloon)
3. ASTM D3017 (Nuclear)

D. One (1) test per each 400 cubic yards of backfill placed.

PART 4 - MEASUREMENT AND PAYMENT

4.01 TRENCH EXCAVATION:

A. Trench excavation shall be considered incidental to pipeline installation.

B. Payment shall be made at the contract unit price per cubic yard only if a bid item is established in the contract.

4.02 BACKFILL:

A. Payment for backfill shall be made at the contract unit price per cubic yard only if a separate bit item is established in the contract.

B. No allowance for waste shall be made.

C. If ENGINEER orders an initial backfill material other than that specified in contract, it shall be paid for as an extra in price per cubic yard as compacted in place, EXCEPT if a higher class embedment is ordered by ENGINEER because the CONTRACTOR has over-excavated the trench width.

D. If the CONTRACTOR over-excavates the trench width and the ENGINEER orders the next higher class of embedment to be used, the embedment for as if the original specified embedment was used.

E. If the ENGINEER orders the excavated material to be removed and disposed of and replaced with another material and a separate bid item is not established as a bid item, the material shall be paid as an extra.

F. If the CONTRACTOR fails to compact the backfill to the density requirements, the ENGINEER may order the material removed and replaced at no cost to the OWNER.

G. The disposal of rejected material shall be at no cost to the OWNER.

*** * * * END OF SECTION * * * ***

SECTION 02225

UNCLASSIFIED STREET EXCAVATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Perform all required excavation within the limits of right-of-way and adjacent thereto (except excavations specifically described and provided for elsewhere in the specifications).

B. Remove, properly use, or dispose of all excavated materials.

C. Shape and finish all earthwork in conformance with lines and grades as shown on the plans or as specified by the ENGINEER.

D. Schedule work to avoid property owner inconvenience as practical during construction.

E. Exercise care in operating applicable equipment beneath or adjacent to trees, sidewalks, poles, and other existing features to prevent damage.

F. Restore obstructions removed to accommodate construction equipment or to facilitate excavation.

1.02 CLASSIFICATION:

A. All street excavation shall be unclassified, regardless of material encountered.

B. Any reference to rock or any other material on the plans, or in these specifications, is not to be constructed as classification of the excavation.

PART 2 - PRODUCTS

2.01 SUBGRADE:

A. Use on-site material moved from cut areas to fill areas as approved by ENGINEER.

B. Use borrow materials from areas designated as needed.

2.02 DRAINAGE PROVISIONS:

A. Interruptions of natural surface drainage, or flow of artificial drains shall be mitigated by the CONTRACTOR by use of temporary drainage facilities, as approved by the ENGINEER, to prevent damage to public or private interest.

B. Restore original drainage as soon as the work shall permit.

C. The CONTRACTOR shall be held liable for all damages which may result from neglect to provide for either natural or artificial drainage which his work may have interrupted.

PART 3 - EXECUTION

3.01 UNCLASSIFIED STREET EXCAVATION:

A. Perform all excavation, embankment and grading required for pavement and/or curb and/or gutter as shown on plans.

B. Move suitable excavated material to areas requiring fill and place in accordance with these specifications. Determination of suitable material will be made by ENGINEER. Haul unsuitable material to waste sites.

C. Slope cut or fill sections uniformly from curb line to sidewalk or other controlling feature, as designated by ENGINEER. Smooth bank to provide a neat finished appearance.

D. Remove and replace unstable soils encountered during grading operations with suitable material. Notify ENGINEER of suspected unsuitable material before commencing removal. Authorized replacement with select material will be paid for by change order.

E. Replace gravel or rock driveway surfaces disturbed by grading with like material at no additional cost to OWNER.

F. Strip, salvage and stockpile topsoil in sufficient quantity to allow a uniform 6-inch lift over all disturbed areas not otherwise surfaced. Topsoil is included in unclassified excavation.

G. Removed existing culvert pipe where shown as part of incidental to unclassified excavation.

3.02 UNSTABLE OR UNSUITABLE SUBGRADE:

A. Excavate unstable subgrade at least 2 feet below grade where directed by ENGINEER.

B. Replace with suitable stable material approved by ENGINEER.

C. Compact to uniform density in 6-inch lifts.

D. Density of compacted subgrade to be equal to or greater than adjacent undisturbed grade.

E. Payment will be as specified for unclassified excavation.

F. Conduct operations in such a manner such that measurements may be taken before any backfill, as required above, is placed.

3.03 EXCESS OR UNSUITABLE EXCAVATION:

A. Dispose of excavation in excess of that needed or unsuitable for construction. As directed by the ENGINEER, excess or unsuitable excavation may be used for widening of embankments, or flattening of slopes, or as otherwise specified.

B. Obtain approval of the ENGINEER as to disposition and method for disposal of excess or unsuitable excavation.

3.04 GENERAL:

A. Provide all labor, equipment and associated materials to excavate areas specified.

PART 4 - MEASUREMENT AND PAYMENT

4.01 UNCLASSIFIED STREET EXCAVATION:

A. Unclassified street excavation, as authorized, shall be measured in its original position and the volume determined by the average end area method. All work performed shall be paid for at the contract bid price per cubic yard for unclassified street excavation.

B. When not listed as a separate contract pay item, unclassified street excavation shall be considered as incidental work, and the cost thereof shall be included in such contract pay item s as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required by the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02230

EXCAVATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK

A. This work shall consist of excavating and properly utilizing or otherwise satisfactorily disposing of all excavated materials, of whatever character, within the limits of work.

B. Excavation shall also consist of constructing, compacting, shaping and finishing of all earthwork in designated areas on the plans, as specified herein, and in conformity with the required lines grades and typical cross sections or as directed by the ENGINEER.

C. When not otherwise included, this item shall include the work described in Section 02101 - Preparation of Right-of Way, Section 02102 - Clearing and Grubbing, Section 02236 - Embankment, Section 02238 - Removal of Concrete, and Section 02210 – Sub-grade Preparation.

Introduction

The Occupational Safety and Health Administration (OSHA) issued its first Excavation and Trenching Standard Standard in 1971 to protect workers from excavation hazards. Since then, OSHA has amended the standard several times to increase worker protection and to reduce the frequency and severity of excavation accidents and injuries. Despite these efforts, excavation-related accidents resulting in injuries and fatalities continue to occur.

To better assist excavation firms and contractors, OSHA has completed updated the existing standard to simplify many of the existing provisions, add and clarify definitions, eliminate duplicate provisions and ambiguous language, and give employers added flexibility in providing protection for employees. The standard is effective as of March 5, 1990.

In addition, the standard provides several new appendices. One appendix provides a consistent method of soil classification. Others provide sloping and benching requirements pictorial examples of shoring and shielding devises, timber tables, hydraulic shoring tables, and selection charts that provide a graphic summary of the requirements contained in the standard.

This booklet highlights the requirements in the updated standard excavation and trenching operations, provides methods for protecting employees against cave-ins, and described safe work practices for employees.

Scope and Application

OSHA's revised rule applies to all open excavations in the earth's surface, which includes

trenches.

According to the OSHA construction safety and health standards, a trench is referred to as a narrow excavation made below the surface of the ground in which the depth is greater than the width-the width not exceeding 15 feet. An excavation is any man-made cut, cavity, trench, or depression in the earth's surface formed by earth removal. This can include excavations for anything from cellars to highways.

General Requirements

Planning for Safety

Many on-the-job accidents are a direct result of inadequate initial planning. Correcting mistakes in shoring and/or sloping after work has begun slows down the operation, adds to the cost, and increases the possibility of an excavation failure. The contractor should build safety into the pre-bid planning in the same way all other pre-bid factors are considered.

It is a good idea for contractors to develop safety checklists before preparing a bid, to make certain there is adequate information about the job site and all needed items are on hand.

These checklists should incorporate elements of the relevant OSHA standards as well as other information necessary for safe operations.

Before preparing a bid, these specific site conditions should be taken into account:

- Traffic,
- Nearness of structures and their conditions,
- Soil,
- Surface and ground water,
- The water table,
- Overhead and underground utilities and
- Weather.

These and other conditions can be determined by job site studies, observations, test borings for soil type or conditions, and consultations with local officials and utility companies.

Before any excavation actually begins, the standard requires the employer to determine the estimated location of utility installations-sewer, telephone, fuel, electric, water lines, or any other underground installations-that may be encountered during digging. Also, before starting the excavation, the contractor must contact the utility companies or owners include and inform them, within established or customary local response times, of the proposed work. The contractor must also ask the utility companies or owners to find the exact location of the underground installations. If they cannot respond within 24 hours (unless the period required by the state or local law is longer), or if they cannot find the exact location of the utility installations, the contractor may proceed with caution. To find the exact location of underground installations, workers must use safe and acceptable means. If underground installations are exposed, OSHA regulations also require that they be removed, protected or properly supported.

When all necessary specific information about the job site is assembled, the contractor is ready

to determine the amount, kind, and cost of safety equipment needed. A careful inventory of the safety items on hand should be made before deciding what additional safety material must be acquired. No matter how may trenching, shoring and backfilling jobs have been done in the past, each job should be approached with the utmost care and preparation.

Before Beginning the Job

It is important, before beginning the job, for the contractor to establish and maintain a safety and health program for the work site that provides adequate systematic policies, procedures, and practices to protect employees from, and allow them to recognize, job-related safety and health hazards.

An effective program includes provisions for the systematic identification, evaluation, and prevention or control of general workplace hazards, specific job hazards, and potential hazards that may arise from foreseeable conditions. The program may be written or verbal but it should reflect the unique characteristics of the job site.

To help contractors develop an effective safety and health program, in 1989 OSHA issued recommended guidelines for the effective management and protection of worker safety and health. The complete original text of the non-mandatory guidelines is found in the Federal Register (54 FR(18):3904-3916, January 26, 1989).

A copy of the guidelines can be obtained from the OSHA Publications Office, U.S. Department of Labor, 20 Constitution Avenue, N.W., Room N-3101, Washington, D.C. 20210, or from the nearest OSHA Regional Office listed in this booklet.

To be sure safety policies are implemented effectively, there must be cooperation among supervisors, employee groups, including union, and individual employees. Each supervisor must understand the degree of responsibility and authority he or she holds in a particular area. For effective labor support, affected unions should be notified of construction plans and asked to cooperate.

It is also important, before beginning work, for employers to provide employees who are exposed to public vehicular traffic with warning vests or other suitable garments marked with or made of reflectorized or high-visibility material and ensure that they wear them. Workers must also be instructed to remove or neutralize surface encumbrances that may create a hazard.

In addition, no employee should operate a piece of equipment, without first being properly trained to handle it and fully alerted to its potential hazards.

In the training and in the site safety and health program, it also is important to incorporate procedures for fast notification and investigation of accidents.

On-the-Job Evaluation

The Standard requires that a competent person inspect, on a daily basis, excavations and the adjacent areas for possible cave-ins, failures of protective systems and equipment, hazardous

atmospheres, or other hazardous conditions. If these conditions are encountered, exposed employees must be removed from the hazardous area until the necessary safety precautions have been taken. Inspections are also required after natural (e.g. heavy rains) or man-made events such as blasting that may increase the potential for hazards.

Larger and more complex operations should have a full-time safety official who makes recommendations to improve the implementation of the safety plan. In a smaller operation, the safety official may be part-time and usually will be a supervisor.

Supervisors are the contractor's representatives on the job. Supervisors should conduct inspections, investigate accidents, and anticipate hazards. They should ensure that employees receive on-the-job safety and health training. They should also review and strengthen overall safety and health precautions to guard against potential hazards, get the necessary worker cooperation in safety manners, and make frequent reports to the contractor.

It is important that managers and supervisors set the example for safety at the job site. It is essential that when visiting the job site, all managers, regardless of status, wear the prescribed protective equipment such as safety shoes, safety glasses, hard hats, and other necessary gear (see CFR 1926.100 and 102).

Employees must also take an active role in job safety. The contractor and supervisor should make certain that workers have been properly trained in the use and fit of the prescribed protective gear and equipment, that they are wearing and using the equipment correctly, and that they are using safe work practices.

Cave-Ins and Protective Support Systems

Support Systems

Excavation workers are exposed to many hazards, but the chief hazard is danger of cave-ins. OSHA requires that in all excavation employees exposed to potential cave-ins must be protected by sloping, or benching the sides of the excavation; supporting the sides of the excavation, or placing a shield between the side of the excavation and the work area.

Designing a protective system can be complex because of the number of factors involved-soil classification, depth of cut, water content of soil, changes due to weather and climate, or other operation in the vicinity. The standard, however, provides several different methods and approaches (four for sloping and four for shoring, including the use of shields)* for designing protective systems that can be used to provide the required level of protection against cave-ins.

One method of ensuring the safety and health of workers in an excavation is to slope the side to an angle not steeper than one and one-half horizontal to one vertical (34 degrees measured from the horizontal). These slopes must be excavated to form configurations that are in accordance with those for Type C soil found in Appendix B of the standard. A slope of this graduation or less is considered safe for any type soil (see Figure 1).

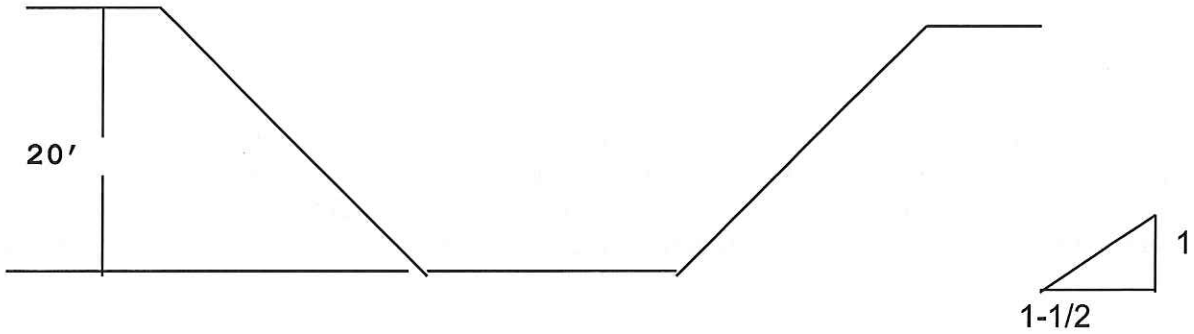

Figure 1. Excavations Made in Type C Soil

All simple slope excavations 20 feet or less in depth shall have a maximum allowable slope of 1 1/2:1.

*See Appendix F to the standard for a complete overview of all options.

A second design method, which can be applied for both sloping and shoring, involves using tabulated data, such as tables and charts, approved by a registered professional engineer. These data must be in writing and must include sufficient explanatory information to enable the user to make a selection, including the criteria for determining the selection and the limits on the use of the data.

At least one copy of the information, including the identity of the registered professional engineer who approved the data, must be kept at the worksite during construction of the protective system. Upon completion of the system, the data must be stored away from the job site, but a copy must be made available, upon request, to the Assistant Secretary of Labor for OSHA.

Contractors also may use a trench box or shield that is either designed or approved by a registered professional engineer or is based on tabulated data prepared or approved by a registered professional engineer. Timber, aluminum, or other suitable materials may also be used. OSHA standards permit the use of a trench shield (also known as a welder's hut) as long as the protection it provides is equal to or greater than the protection that would be provided by the appropriate shoring system (see Figure 2).

The employer is free to choose the most practical design approach for any particular circumstance. Once an approach has been selected, however, the required performance criteria must be met by that system.

The standard does not require the installation and use of a protective system when an excavation (1) is made entirely in stable rock, or (2) is less than 5 feet deep and a competent person has examined the ground and found no indication of a potential cave-in.

Safety Precautions

The standard requires the employer to provide support systems such as shoring, bracing, or

underpinning to ensure the stability of adjacent structures such as buildings, walls, sidewalks or pavements.

Figure 2. Trench Shields

The standard prohibits excavation below the level of the base or footing of any foundation or retaining wall unless (1) a support system such as underpinning is provided, (2) the excavation is in stable rock, or (3) a registered professional engineer determines that the structure is sufficiently removed from the excavation and that excavation will not pose a hazard to employees.

Excavations under sidewalks and pavements are also prohibited unless an appropriately designed support system is provided or another effective method is used.

Installation and Removal of Protective Systems

The standard requires the following procedures for the protection of employees when installing support systems:

- Securely connect members of support system,
- Safely install support systems,
- Never overload members of support systems, and
- Install other structural members to carry loads imposed on the support system when temporary removal of a individual members is necessary.

In addition, the standard permits excavation of 2 feet or less below the bottom of the members of a support or shield system of a trench if (1) the system is designed to resist the loads calculated for the full depth of the trench, and (2) there are no indications, while the trench is open, of a possible cave-in below the bottom of the support system. Also, the installation of support systems must be closely coordinated with the excavation of trenches.

As soon as work is completed, the excavation should be back-filled as the protective system is designated. After the excavation has been cleared, workers should slowly remove the protective system from the bottom up, taking care to release members slowly.

Materials and Equipment

The employer is responsible for the safe condition of materials and equipment used for protective systems. Defective and damaged materials and equipment can result in the failure of a protective system and cause excavation hazards.

To avoid possible failure of a protective system, the employer must ensure that (1) materials and equipment are free from damage or defects, (2) manufactured materials and equipment are used and maintained in a manner consistent with the recommendations of the manufacture and in a way that will prevent employee exposure to hazards, and (3) while in operation, damaged materials and equipment are examined by a competent person to determine if they are suitable

for continued use. If the materials and equipment are not safe for use, they must be removed from service. These materials cannot be returned to service without the evaluation and approval of a registered professional engineer.

Other Hazards

Falls and Equipment

In addition to cave-in hazards and secondary hazards related to cave-ins, there are other hazards from which workers must be protected during excavation-related work. These hazards include exposure to falls, falling loads, and mobile equipment. To protect employees from these hazards, OSHA requires the employer to take the following precautions:

- Keep materials or equipment that might fall or roll into an excavation at least 2 feet from the edge of excavations, or have retaining devices, or both.
- Provide warning systems such as mobile equipment, barricades, hand or mechanical signals, or stop logs, to alter operations of the edge of an excavation. If possible, keep the grade away from the excavation.
- Provide scaling to remove loose rock or soil or install protective barricades and other equivalent protection to protect employees from the hazard of falling, rolling, or sliding material or equipment.
- Prohibit employees from working on faces of sloped or benched excavations at levels above other employees unless employees at lower levels are adequately protected from the hazard of falling, rolling, or sliding material or equipment.
- Prohibit employees under loads that are handled by lifting or digging equipment. To avoid being struck by any spillage or falling materials, require employees to stand away from vehicles being loaded or unloaded. If cabs of vehicles provide adequate protection from falling loads during loading and unloading operations, the operators may remain in them.

Water Accumulation

The standard prohibits employees from working in excavations where water has accumulated or is accumulating unless adequate protection has been taken. If water removal equipment is used to control or prevent water from accumulating, the equipment and operations of the equipment must be monitored by a competent person to ensure proper use.

OSHA standards also require that diversion ditches, dikes, or other suitable means be used to prevent surface water from entering an excavation and to provide adequate drainage of the area adjacent to the excavation. Also, a competent person must inspect excavations subject to runoffs from heavy rains.

Hazardous Atmospheres

Under this provision, a competent person must test excavations greater than 4 feet in depth as well as ones where oxygen deficiency or a hazardous atmosphere exists or could reasonably be expected to exist, before an employee enters the excavation. If hazardous conditions exist, controls such as proper respiratory protection or ventilation must be provided. Also, controls

used to reduce atmospheric contaminants to acceptable levels must be tested regularly.

Where adverse atmospheric conditions may exist or develop in an excavation, the employer also must provide and ensure that emergency rescue equipment, (e.g., breathing apparatus, a safety harness and line, basket stretcher, etc.) is readily available. This equipment must be attended when used.

When an employee enters bell-bottom pier holes and similar deep and confined footing excavations, the employee must wear a harness with a lifeline. The lifeline must be securely attached to the harness and must be separate from any line used to handle materials. Also, while the employee wearing a lifeline is in the excavation, an observer must be present to ensure that the lifeline is working properly and to maintain communication with the employee.

Access and Egress

Under the standard, the employer must provide safe access and egress to all excavations. According to OSHA regulations, when employees are required to be in trench excavations 4-feet deep or more, adequate means of exit, such as ladders, steps, ramps or other safe means of egress, must be provided and be within 25 feet of lateral travel. If structure ramps are used as a means of access or egress, they must be designed by a competent person if used for employee access or egress, or a competent person qualified in structural design if used by vehicles. Also, structural members used for ramps or runways must be uniform in thickness and joined in a manner to prevent tripping or displacement.

Related Issues

Hazard Communication

The Hazard Communication Standard (29 CFR 1910.1200) requires employers to inform employees of the identities, properties, characteristics, and hazards of chemicals they use and the protective measures they can take to prevent adverse effects. The standard covers both physical hazards (e.g., flammability) and health hazards (e.g., lung damage, cancer). Knowledge acquired under the Hazard Communication Standard will help employers provide safer workplaces for their employees, establish proper work practices, and help prevent chemical-related illnesses and injuries.

Access to Medical and Exposure Records

Under the provision of the Access to Medical and Exposure Records standard (29 CFR 1910.20), employees, their designated representatives, and OSHA are permitted direct access to employer-maintained exposure and medical records. This access is designed to yield both direct and indirect improvements in the detention, treatment, and prevention of occupational disease. Also, access to these records will assist employees in the management of their own safety and health.

Recordkeeping

Each employer must preserve and maintain accurate medical and exposure records for each employee. The standard requires that exposure records be kept for 30 years and medical records be kept for at least the duration of employment plus 30 years. Background data for exposure records such as laboratory reports and work sheets need to be kept only for 1 year. Records of employees who have worked for less than 1 year need not be retained after employment, but the employer must provide these records to the employee upon termination of employment. First-aid records of one-time treatment need not be retained for any specified period.

The employer must inform each employee of the existence, location, and availability of these records. When an employer plans to stop doing business and there is no successor employer to receive and maintain these records, the employer must notify employees of the right to access of the records at least 3 months before the employer ceases to do business. At the same time, the employer also must inform the National Institute for Occupational Safety and Health.

State Plan States

States administering their own occupational safety and health program (see listing on page), through plans approved under section 18(b) of the Occupational Safety and Health Act of 1970, must adopt standards and enforce requirements at least as effective as Federal requirements. There are currently 25 State plan States; 23 covering private and public (State and local government) sectors and two covering public sector only.

Summary

Trenching and excavation work presents serious risks to all workers involved. The greatest risk, and one of primary concern, is that of cave-ins. Furthermore, when cave-in accidents occur, they are much more likely to result in worker fatalities than other excavation-related accidents. Strict compliance, however, with all sections of the standard will prevent or greatly reduce the risk of cave-ins as well as other excavation-related accidents.

- These states and territories operate their own OSHA-approved job safety and health programs (Connecticut and New York plans cover public employees only). States with

approved programs must have a standard that is identical to or at least as effective as, the federal standard.

PART 2 - PRODUCTS

2.01 CLASSIFICATION

A. All excavations shall be unclassified as shall include all materials encountered regardless of their nature or the manner in which they are removed.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS

A. Prior to commencing this work, all erosion control and tree protection measures required shall be in place and all utilities located and protected.

B. Construction equipment shall not be operated within the drip line of trees, unless otherwise indicated.

C. Construction materials shall not be stockpiles under the canopies of trees. No excavation or embankment shall be placed within the drip line of trees until tree wells are constructed.

D. All excavation shall be performed as specified herein and shall conform to the established alignment, grades and cross sections.

E. Suitable excavated materials shall be utilized, in so far as practical, in constructing required embankments.

F. The construction of all embankments shall conform to Section 02236 - Embankment. No material shall be stockpiled within the banks of a waterway.

G. Unsuitable excavated materials or excavation in excess of that needed for construction shall be known as "Waste" and shall become the property of the CONTRACTOR and it shall become his sole responsibility to dispose of this material off the limits of the right-of-way in an environmentally sound manner at a permitted disposal site.

H. Adequate dewatering and drainage of excavation shall be maintained throughout the time required to complete the work.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT

A. Measurement of the volume of excavation in cubic yards by the average end areas. Cross sectional areas shall be computed from the existing ground section to the established line of the sub-grade, as shown on typical sections for the limits

of the right-of-way or other work limits, including parkway slopes and sidewalk areas.

B. Measurement of the area in square yards of surface area excavated as shown on the typical sections included in the plans.

C. Measurement of the volume of excavation is in cubic yards, based upon the average end areas taken from pre-construction cross sections and planned grades. The planned quantities for excavation will be used as the measurement for payment for this item.

4.02 PAYMENT

A. This item will be paid for at the contract unit price bid for "Excavation", as provided under the measurement method as included in the bid, which price shall be full compensation for all work herein specified including: dewatering, drainage, sub-grade preparation, unless otherwise indicated and the furnishing of all materials, equipment, tools, labor and incidentals
necessary to complete the work.

B. When not listed as a separate contract pay item, excavation shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02238

REMOVAL OF CONCRETE

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of breaking up, removing and satisfactorily disposing of existing concrete, as classified, at locations indicated or as directed by the Engineer.

B. Existing concrete, when under this section, will be classified as follows:

1. Concrete Curb will include curb, curb and gutter combinations thereof.
2. Concrete Slabs will include, but not be limited to, patio slabs, porch slabs, concrete riprap and concrete pavement.
3. Sidewalks and Driveways will include concrete sidewalks and driveways.
4. Concrete Walls will include all walls regardless of height and wall footings.
5. Concrete Steps will include all steps and combinations of walls and steps.
6. Abandoned Foundations will include abandoned Electric Department foundations.
7. Miscellaneous Concrete shall include but not be limited to manholes, inlets, junction boxes and headwalls.

PART 2 PRODUCTS

2.01 MORTAR:

A. Mortar, for repair of existing concrete structures, shall conform to the requirements thereof in Section 03300 - Cast-In-Place Concrete.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. Prior to commencing this work, all erosion control and tree protection measures required shall be in place and all utilities located and protected. The existing concrete shall be broken up, removed to conform to Section 02101 - "Preparing Right-of-Way" and disposed of by the Contractor and deposited at a permitted at a permitted disposal site.

B. Where only a portion of the existing concrete is to be removed and that remaining will continue to serve in its purpose, care shall be exercised to avoid damage to that portion to remain in place.

C. The existing concrete shall be cut to the neat lines when indicated or as established by the Engineer, by sawing with an appropriate type circular concrete

saw to a minimum depth of 1/2 inch.

D. Any reinforcing steel encountered shall be cut off 1 inch inside of concrete sawed line. Any existing concrete which is damaged or destroyed beyond the neat lines so established shall be replaced at the Contractor's expense.

E. Remaining concrete shall be mortared to protect the reinforcing steel and provide a neat clean appearance.

F. Where reinforcement is encountered in the removed portions of structures to be modified, a minimum of 1 foot of steel length shall be cleaned of all old concrete and left in place to tie into the new construction where applicable.

G. All unsuitable material shall be removed and replaced with approved material.

H. All foundation, walls or other objectionable material shall be removed to a minimum depth of 18 inches below all structures and 12 inches below areas to be vegetated.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. Concrete curb and concrete wall removed as prescribed above will be measured by the linear foot in its original position regardless of the dimensions or size.

B. Concrete slabs and concrete sidewalks and driveways removed as prescribed above will be measured by the square foot in original position, regardless of the thickness and reinforcing.

C. Concrete steps removed will be measured per linear foot of each individual step tread including the bottom step.

D. Concrete foundation removed will be measured per each.

E. Miscellaneous concrete removed will be measured per each.

4.02 PAYMENT:

A. This item will be paid for at the contract unit price bid for "Removed Concrete Curb", "Removed Concrete Slab", "Remove Concrete Sidewalks and Driveways", "Removed Concrete Foundations" and "Remove Miscellaneous Concrete" which price shall be full compensation for all work herein specified, including the disposal of all material not required in the work, the furnishing of all materials, equipment, tools, labor and incidentals necessary to complete the work.

B. When not listed as a separate contract pay item, removal of concrete shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02240

LIME STABILIZATION

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. Treating of subgrade, sub-base, and base courses by the pulverization, addition of lime, mixing and compacting the mixed material to the required density.

B. Application to natural ground, embankment, existing pavement, base or sub-bases under this contract, or as directed by the ENGINEER, which shall be constructed as specified herein and in conformity with the typical section, lines, grades as shown on the plans.

1.02 QUALITY ASSURANCE:

A. Comply with the latest published edition (or addended portions thereof) of the following standards and codes:

1. ASTM c-207 or Type N - Requirements for Hydrated Lime
2. ASTM Designation C5 - Quick Lime for Structural Purposes
3. Texas SDHPT Test Method Tex-600-J - Hydrated Lime
4. ASTM D-1557 - Density of Compacted Materials
5. ASTM D-2049 - Density of Compacted Materials
6. Texas SDHPT Test Method Tex 113-E - Density of Compacted Materials
7. AASHTO T-99, Method C - Density of Compacted Materials
8. AASHTO M-216 - Hydrated Lime

PART 2 - PRODUCTS

2.01 HYDRATED (DRY) LIME:

A. Use, for stabilization of soils, a dry powder consisting primarily of calcium hydroxide (Ca(OH)2).

B. Provide Material in accordance with Texas SDHPT Test Method TEX-600-J and conforming to the following chemical composition:

Hydrate Alkalinity, Percent by Weight Ca(OH)2	90% Min.
Un-hydrate Lime Content, Percent by Weight CaO	5% Max.
"Free Water" Content, Percent by Weight H2O	4% Max.

And with the following residue retainage:

Residue Retained on No 6 Sieve	None
Residue Retained on No. 10 Sieve	1% Max.
Residue Retained on No. 30 Sieve	2.5% Max.

C. Store and handle hydrated lime in closed, weather proof containers, storage bins, or bags until immediately before application to the road.

D. Furnish hydrated lime in trucks, as applicable, with weight of lime measured on certified scales and clearly marked on the truck or stamped on a haul ticket.

E. Furnish hydrated lime in bags, as applicable, bearing the manufacturer's certified weight. Bags varying more than five percent may be rejected.

2.02 HYDRATED LIME SLURRY:

A. Provide a pumpable suspension of solids, principally composed of hydrated lime, in water.

B. Provide material with a "Solids Content" having a hydrated alkalinity Ca (OH) 2 of not less than 90 percent by weight and a residue retainage equal to the retainage specified in Part 2.01 above.

C. Supply Type B, commercial lime slurry, with a "dry solids content" of at least 31% by weight of the slurry (Grade 1).

D. Procure mixing water only from County of Hidalgo water mains. The Contractor shall make arrangements with the Water Department to obtain a meter and subsequent payment for water used.

2.03 QUICKLIME (MASON'S LIME):

A. Provide quicklime, as a dry powder in a tank, to form a lime slurry.

PART 3 - EXECUTION

3.01 GENERAL:

A. Provide a completed course of treated materials containing a uniform lime mixture, free from loose or segregated areas, of uniform density and moisture content, well bound for its full depth, and with a smooth surface and suitable for placement of subsequent courses.

B. Regulate sequence work, use proper amounts of lime, maintain the work and rework the courses as necessary to meet the requirements of this specification.

C. Construct and shape roadbed to conform with typical sections, lines and grades as shown on the plans, or as directed by the ENGINEER.

D. Excavate materials to be treated to the proposed bottom of lime treatment grade, or secondary grade and remove or window to expose.

E. Correct any wet or unstable material below the secondary grade by scarifying, adding lime and compacting until uniform stability is achieved.

F. Use a cutting or pulverizing machine, as applicable, to remove subgrade material accurately to secondary grade and to pulverize the material at the same time. When cutting or pulverizing machine is used, the requirement for exposing and windowing the material is waived.

G. Roll subgrade before use of pulverizing machinery and correct any soft areas that rolling operations shall reveal.

H. Materials for new bases and sub-bases shall be delivered, placed and spread in the required amount per station. The material shall be thoroughly mixed prior in the same working day.

I. Lime shall be spread only on that area where first mixing operation can be completed in the same working day.

3.02 SLURRY PLACING:

A. Mix lime, in amounts as shown on plans or as specified by the Materials Engineering Laboratory, with water in trucks or approved distributors and apply as a thin water suspension or slurry.

B. The distribution of lime at the rates shown on the plans, as directed herein, and/or as directed by the ENGINEER. Shall be attained by successive passes over a measured surface of roadway until the proper moisture and lime content is achieved.

C. Lime slurry distributors shall be equipped with an agitator for maintaining lime and water in a uniform mixture.

3.03 DRY PLACING:

A. Spread lime by an approved screw type spreader box or by bag distribution at the rate shown in the plans.

B. Distribute lime at a uniform rate and in such a manner as to reduce scattering of lime to a minimum. Lime shall not be applied when wind conditions, in the opinion of the ENGINEER, will cause objectionable blowing of lime to traffic or adjacent properties.

C. Motor graders shall not be used to spread lime.

D. Sprinkle material until proper moisture and lime content has been secured.

3.04 MIXING

A. Mixing procedures shall be the same for "Dry Placing" or "Slurry Placing" or lime.

B. Treatment for Materials in Place:

1. Thoroughly mix material and lime using approved road mixers or other approved equipment, until a homogeneous, friable mixture of material is obtained, free from all clods and lumps.
2. Mix as thoroughly as possible at the time of lime application of materials containing plastic clay or other materials not readily mixed with lime, bring to proper moisture content, seal with a pneumatic roller, and leave to cure one to four days, as directed by the ENGINEER.
3. During curing period, material shall be kept moist by method(s) approved by the ENGINEER.
4. Uniformly mix, after required curing time, using approved methods.
5. Clods in soil binder - Lime mixture shall be reduced in size by raking, blading, dicing, harrowing, scarifying or by other approved pulverization methods such that non-slaking aggregates obtained on the No. 4 sieve are removed. The remainder of the material shall meet the following requirements when test dry by laboratory sieves:

Minimum Passing 1 3/4 inch	100%
Minimum Passing No. 4 Sieve	60%

C. Treatment of New Material

1. Thoroughly mix and blend, using approved road mixers or other approved equipment, the base or sub-base material, lime and required water until a homogeneous, friable mixture is obtained.
2. When lime is placed as a slurry and mixed by use of blades, the material shall be bladed as the lime water mixture is applied.

D. During the time between application and mixing, hydrated lime that has been exposed to the open air for a period of six hours or more, or to excessive loss due to washing or blowing, shall not be accepted for payment.

3.05 COMPACTION:

A. Compaction of the mixture shall begin immediately after final mixing and in no case later than three calendar days after final mixing.

B. Aerate or sprinkle material as required to provide optimum moisture.

C. Compaction shall begin at the bottom and shall continue until entire depth of mixture is uniformly compacted to 95% of maximum density as determined by AASHTO T-99, Method C.

D. If any portion fails to meet the density specified, it shall be reworked as required to obtain specified density.

3.06 FINISHING, CURING, AND PREPARATION FOR SURFACING:

A. Shape surface after compaction to the required lines, grades, and cross sections, followed by thorough rolling sufficiently light to prevent hair-line cracking.

B. Complete section shall be moist cured for a minimum of seven days before further coursed are added or any traffic permitted, other than sprinkling equipment.

C. The surface or compacted layer shall be kept moist until covered by other base or paving material, or until an application of CSS-1 or SS-1 emulsified asphalt as a curing seal. Curing seal shall be applied as soon as possible after final rolling at a rate of 0.10 to 0.20 gallons per square yard. The exact rate will be as directed by the ENGINEER.

No equipment or traffic will be permitted on lime treated materials for 72 hours after application of curing seal.

3.07 MAINTENANCE:

A. Maintain the completed lime treated material within the limits of contract, in condition satisfactory to the ENGINEER as to grade, crown and cross section until surface course is constructed.

B. Immediately repair all irregularities and defects that may occur at no cost to the County and as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT AND PAYMENT:

A. Lime treatment shall be measured for payment in square yards for the thickness of material shown on the plans for the surface area of completed and accepted work. Lime treatment shall be paid for at the contract unit price per square yard.

B. Lime will be measured by the ton 2000 pounds dry weight. Lime will be paid for at the contract unit cost per ton of 2000 pounds dry weight.

C. The contract unit price for lime treatment shall be the total compensation for preparing roadbed; for loosening, pulverizing, application of lime, water content of slurry mixture and the mixing water; mixing, shaping, sprinkling, compacting, finishing, curing and maintaining; for manipulations required, for all labor, equipment, fuels, tools and incidentals necessary to complete the work.

D. The contract unit price for lime shall be full compensation for furnishing the material; for all freight involved; for all unloading, storing and hauling; and for all labor, equipment, fuels, tools, and incidentals necessary to complete the work.

*** * * END OF SECTION * * ***

SECTION 02571

STORM SEWER

CONCRETE PIPE

The various sizes of concrete pipe used for construction of this project shall be manufactured under ASTM Specification C76-66T for Reinforced Concrete Pipe. All reinforced concrete pipe shall be Class III unless otherwise noted. Pipe shown as "Heavy Wall" pipe shall be to specification above without reinforcing. Pipe for storm sewers shall be mortar joint unless otherwise noted.

Pipe shall be plainly marked on each section or joint of pipe with the following: pipe class, date of manufacture, trade mark or manufacturer's name and top marked for reinforced pipe with waterproof pain. Pipe shall not be delivered sooner than 72 hours after manufacturing.

The manufacturer shall perform, or have performed at his own expense, pipe tests and furnish copies of such tests to the owner's Engineer upon his request. Acceptance shall be base on ASTM Specifications C76-68, Paragraph 3. (a) (1) unless otherwise advised.

HIGH DENSITY POLYETHYLENE (HDPE) CORRUGATED SMOOTH INTERIOR PIPE

Where shown, specified, or called for on the proposal, HDPE Corrugated Smooth Interior Pipe shall be used. Pipe and fittings shall be manufactured from high density polyethylene resin which shall meet or exceed the requirements of Type III, Category 4 or 5, Grade P33 or P34, Class C per ASTM D1248. The pipe & fittings shall be manufactured in accordance with AASHTO M-294-87 or latest revisions. All pipe shall be plainly marked with manufacturer pipe, class, and trade name. Pipe and fittings shall also meet the following applicable standards: ASTM F405, ASTM F667, AASHTO M252, and shall be suitable for use under H20 and E80 liveloads.

MANHOLES

Manholes shall be pre-cast concrete manufactured in accordance with ASTM Specification C478-68 or HDPE manholes as manufactured by ADS (or equal). No steps or ladders shall be furnished unless specified on plans.

Each section of manhole shall be marked with the following: M.H., date of manufacturer, and manufacturer or trade name.

Base for concrete manholes shall be concrete with reinforcing as shown on the detail sheet. Invert channels shall be smooth, accurately shaped, and in accordance with the details. Invert may be formed directly in the base of manholes. HDPE manholes shall have a factory formed base section.

Manholes on straight runs of larger pipe (where no branching or turns occur) may be constructed on top of pipe by beveling 48" manhole section to fit curvature of pipe and providing a 36" hole in top of pipe 60" or larger in diameter.

INLETS

Inlets shall be concrete Type "A" slotted type or Type "C" (modified) grate inlet type as shown on plans. Inlets may be pre-cast with permission of the Engineer. Flow line of all pipe entering or leaving inlets shall be at bottom of inlet. Manhole ring and cover in top of Type "A" inlets may be lightweight sidewalk type unless otherwise noted.

Inlet pipe shall be trimmed flush with inside of inlets, manholes or pipe. On pipe 54" or larger, inlet pipe shall be tied directly into side of pipe instead of into manhole.

TRENCH EXCAVATION

Unless otherwise ordered by Engineer, all trenches shall be excavated to a width not less than the external diameter of the pipe plus 18 inches.

Excavation shall not be carried below the required elevation. Excess excavation below the required elevation shall be backfilled at the Contractor's expense with earth, sand or gravel, as directed by the Engineer, and thoroughly tamped.

Unstable soil shall be removed and replaced with gravel which shall be thoroughly tamped. The Engineer will determine the depth of removal, and the replacement of unstable soil shall be at the Contractor's Expense.

Banks of trenches shall be vertical and in the event that bell and spigot type of pipe are used, bell holes are to be accurately located under each pipe joint, and excavated to size by hand.

PIPE LAYING

In general, pipe shall be installed at depths as shown on the plans.

Ditching and pipe laying shall be uniformly in straight line and to uniform elevation unless otherwise specified by the Engineer.

Before laying pipe, all dirt, grease and other foreign matter shall be removed fro the pipe.

Before lowering pipe into the trench, pipe shall be examined fro defects and defective pipe shall be rejected.

Pipe shall be subject to rejection on account of failure to conform to any of the specification requirements, or on account of any of the following:

(a) Fractures or cracks passing through the shell, except that a single end crack that does not exceed the depth of the joint shall not be cause for rejection. If a single end crack that does not exceed the depth of the joint exists in more then 5% of the pipe inspected, however, the defective pipe shall be rejected.

(b) Defects that indicate imperfect mixing or molding.

(c) Surface defects indicating honey combed or open texture.

(d) Spalls deeper than one-half of the depth of joint. If spalls not deeper than one-half the depth of joint exist in more than 10% of the pipe, the defective pipe shall be rejected.

(e) Exposure to the circumferential reinforcement when such exposure would indicate that the reinforcement is misplaced.

(f) The complete absence of distinct web-like markings, which is indicative of a possible deficiency of water in the concrete mix from the external surface of pipe made by the packer-head or machine-tamp process.

After each joint is completed, Contractor may proceed with hand tamping of backfill to a point of 6 inches above pipe or sanding as outlined in section "Backfilling". All joints, however must remain exposed until pipe laying and joints have been inspected by the Engineer.

After the pipe is laid, care should be taken to avoid entrance of dirt, water or small animals by use of tight bulk heads in all openings.

JOINTING

If the bell and spigot type of joint is used, the first pipe (downstream) should be bedded to established line and grade with the bell upstream. Interior surface of the bell is to be thoroughly cleaned with a wet brush and the lower portion filled with a stiff mortar of sufficient thickness to make the inner surface of the abutting sections flush and even when pipes are laid.

The spigot end of the second pie must be thoroughly cleaned with a wet brush and uniformly matched into the bell so that the sections are closely fitted. The annular space in the bell is then filled with mortar and the inner surface of the pipe at the joint brushed smooth.

If the tongue and groove type of joint is used, the first pipe (downstream) should be laid to establish alignment with the groove upstream. A shallow excavation should be made underneath the pipe at the joint and this space should be filled with mortar. The end of the second pipe will be laid into the mortar at the joint.

The groove end of the first pipe must be thoroughly cleaned with a wet brush, and while in a horizontal position, a layer of soft mortar applied to the upper half of the tongue.

The tongue end of the second pipe is then inserted into the groove end of the first pipe until the mortar is squeezed out on the interior and exterior surfaces. The interior surface of the pipe at the joint is then brushed smooth.

External Bands – The outer surface of the pipe at the joints must be thoroughly cleaned with a wet brush to assure proper band of the mortar with the concrete surface. This banding

operation must be carried out four or five pipe lengths behind the laying operation in order to prevent movement of the pipe and consequent loosening of the band. Bands should have a thickness of at least 6 inches.

JOINTING MATERIAL

Portland cement mortar consisting of one part Portland cement to two parts sand should be used.

Completed Joints – Completed joints should be protected immediately from air and sun with an initial covering of moist earth, sand, canvas, burlap or suitable chemical spray. If not backfilled at once, the joint mortar should be cured for 48 hours.

Jointing Mastic such as Tal-Cote or similar products may be used instead of mortar.

BACKFILL

Backfill should be placed evenly around and over pipe in maximum layers of 6-inch thickness. Each layer shall be thoroughly and carefully tamped until six inches of cover exists over pipe. Remainder of backfill material may be handled by machine, care being taken not to drop large quantities of backfill material on the pipeline until initial cover of at least 2 feet or more over the top of the pipe has been made. Ponding may be used as a method of settling backfill where practical. Final mound of backfill earth approximately six inches higher than adjacent ground level, shall be left over the immediate area of trench excavation. Backfill shall be 95% Standard Protector.

PIPE CRADLE

Pipe shall be cradled only upon instructions from the Engineer.

HIGHWAY CROSSINGS

Storm sewer lines crossing state or federal highways, shall meet the requirements of the Texas Highway Department as regards to pavement cutting, replacing, backfill, and the provision for suitable barricades, detours, flares, etc. The Highway Department shall be notified of the intended dated of cutting or crossing the Highway, after permission to cross has been obtained.

RAILROAD CROSSING

Either Class IV reinforced concrete pipe or corrugated metal pipe may be used, as shown on the plans. These crossings are to be made in accordance with the requirements of the railroad company.

CITY STREET CROSSINGS

Storm sewer lines located on or crossing city streets shall be provided with adequate barricades, detours, flares, during construction.

Pavement replaced should be equal in quality, quantity, type and thickness to that which was removed.

GRADE CONFLICTS

Where grade conflicts occur with sanitary sewer lines, the sanitary sewer shall have precedence. The existing V.C. sewer pipe shall be replaced with equal size of cast iron pipe and a manhole constructed around the sanitary sewer line, cast iron pipe replacement shall be set of grade and supported to natural ground or the walls of the manhole. Conflicts with water lines that cannot be rerouted will be crossed in a similar manner. Backfilling outside manhole shall be done in such manner that no settlement of sewer or water line will occur at a later date.

***** END OF SECTION *****

SECTION 02580

STORM SEWER APPURTENANCES

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of furnishing and installing appurtenances except manholes, for storm sewers in accordance with details on the plans and as specified herein as directed by the ENGINEER.

B. The various types of structures and appurtenances such as inlets, headwalls, energy dissipators, etc. are designated on the plans by letters or by numbers indicating the particular design of each. Each type shall be constructed in accordance with the details indicated and to the depth required by the profiles and schedules given.

PART 2 - PRODUCTS

2.01 GENERAL:

A. The construction plans will specify the size and material for the pipe between the storm sewer main and the storm water collection structure.

B. The various types of storm inlets and their relation to curb and gutter, or valley gutter are shown on the Standard Detail Drawings. Construction plans will identify the type to be constructed.

C. Grating size, material, and configuration shall conform to the Standard Detail Drawings.

2.02 MATERIALS:

A. Concrete

1. Concrete for cast in place miscellaneous structures shall be Class A concrete when used with precast pipe sewer construction and Class C concrete when used with monolithic pipe sewer construction.
2. Concrete for precast structures shall be 4000 psi and comply with the applicable requirements of ASTM C 478.

B. Mortar:

1. Mortar shall be composed of 1 part Portland Cement and 2 parts clean, sharp mortar sand suitably graded for the purpose by conforming in other respects to the provisions of Section 03300 for fine aggregate.

2. Hydrated lime or lime putty may be added to the mix, but in no case shall it exceed 10 percent by weight of the total dry mix.

C. Reinforcement:

Reinforcing Steel shall conform to Item 440.

D. Brick:

1. Bricks shall be of first quality, sound, hard-burned brick. Shale bricks, if used, shall be homogeneous, thoroughly and uniformly burned.
2. Bricks shall not absorb more than 17 percent of water by weight submerged in water for 24 hours, having been in a completely dry state prior to placing in water.
3. Clay brick shall conform to the requirements of ASTM C 62, Grade SW. concrete brick meeting the requirements of ASTM C 55, Grade A, shall be acceptable.

E. Concrete Block:

Concrete blocks when indicated shall conform to ASTM C 139.

F. Frames, Grates, Rings and Covers:

Frames, grates, rings and covers shall conform to Section 02575 and 02577.

G. Miscellaneous Items:

Cast iron for supports, steps and inlet units shall conform to the shape and dimensions indicated. The casting shall be clean and perfect, free from sand or blow holes or other defects. Cast iron casting shall meet the requirements of ASTM A 48, Class 30. Steel for temporary covers when used with Stage Construction shall be adequate for the loads imposed.

PART 3 - EXECUTION

3.01 INSTALLATION OF DRAINAGE FACILITIES:

A. Excavation and backfilling for the storm inlet shall be accomplished in accordance with Section 02221.

B. Trenching, backfilling, and compaction for the connecting pipe between the storm sewer main and the storm inlet shall conform to the specifications contained in Section 02221. Pipe shall be installed in accordance with Section 02572.

C. All pipe and structures shall be installed per location and elevations, as shown on the construction plans. If during the course of installation, an underground obstruction (i.e., existing utility line) the work shall stop and the ENGINEER shall be immediately notified so that the problem can be resolved.

D. Direct connection to storm sewer main will be permitted if the main is a minimum of 36 inches in diameter (I.D.) and the connecting line is not greater than 12-inches (I.D.). If storm sewer mains are 48 inches (I.D.) or larger, the connecting line diameter may be increased to 18 inches (I.D.). For connecting line sized greater than those specified above, the connecting to the main will be made into a manhole or by inserting into the main a factory constructed way. Connection to the main will comply with the Standard Detail Drawings.

E. Removal of curb and gutter and sidewalk for installation of a storm inlet shall be made at a scored or full depth joint.

F. Existing pavement removal and replacement shall conform to Section 02572, 02575, 02601 and 02612 and shall conform to residential or arterial pavement sections of the same material (asphalt or Portland Cement concrete) as the existing pavement.

G. No width greater than 1/2 inch will be permitted between the inlet grate and the roadside portion of the inlet frame.

H. Private drainage facility installations, which are to be constructed under the authorization of "Drainage Facilities within Public Right-of-Way," shall comply with the Standard Detail Drawings and appropriate sections of this publication.

I. The construction inlets shall be done as soon as is practicable after sewer lines into the inlet are complete. All sewers shall be cut neatly at the inside face of the walls of the inlet and pointed up with mortar.

J. Bases for cast in place inlets may be placed prior to or at the CONTRACTOR'S option after the sewer is constructed.

K. The inverts passing out or through an inlet shall be shaped and grout across the floor of the inlet as indicated. This shaping may be accomplished by adding shaping mortar or concrete after the base is cast or by placing the required additional material with the base.

L. All miscellaneous structures shall be completed in accordance with the details indicated. Backfilling to original ground elevation shall be in accordance with the provisions of the appropriate items and as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. Pavement removal and replacement will be measured by the square yard.

B. Trenching, backfilling and compaction will not be measured or paid, but will be considered incidental to other items.

C. Frame, grates, rings and covers will not measured or paid, but will be considered

incidental to other items.

D. Connecting pipe shall be measured by the linear foot along centerline of pipe from the main side wall of the inlet to the centerline of the main.

E. Storm sewer inlets shall be measured per each for the type and size specified.

F. All miscellaneous structures satisfactorily completed in accordance with the plan and specifications will be measured as complete units per each.

4.02 PAYMENT:

A. The accepted quantities of pavement removal and replacement shall be paid for at the unit bid price per square yard per type of replacement paving material.

B. The accepted quantities of connecting pipe shall be paid at the unit bid price per linear foot per type and size of pipe, and shall include pipe in place and all necessary jointing materials.

C. The accepted quantities of storm inlets will be paid at the unit price per each per type of storm inlet, and shall include: structure, grating, excavation, backfilling and compaction, and curb removal and replacement, as defined in Bid Proposal.

D. The accepted quantities of special complete structures shall be paid at the unit bid price per each.

E. Compensation, whether by contract pay item or incidental work will be for furnishing all material, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * * END OF SECTION * * * ***

SECTION 02601

FLEXIBLE BASE

PART I - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of furnishing and placing a foundation course for surface courses or for other base courses.

B. Flexible base shall be composed of either caliche (argillaceous limestone, calcareous or calcareous clay particles, with or without stone, conglomerate, gravel, sand or other granular materials), crushed stone, gravel, iron ore topsoil, shell, or crushed slag.

C. Flexible base shall be constructed as specified herein in one or more courses in conformance with details, lines and grades shown on the plans, and as established by the ENGINEER.

PART 2 -PRODUCTS

2.01 MATERIALS:

A. Materials for flexible base shall be crushed or un-crushed as necessary to comply with the requirements hereinafter specified.

B. Materials shall consist of durable course aggregate particles mixed with approved binding materials.

2.02 LIME STABILIZATION:

A. Where shown on the plans, or directed by the ENGINEER, material for flexible base shall be lime stabilized in accordance with the provisions of Section 02240.

2.03 TYPES:

A. Type A - Crushed or broken aggregate (excluding gravel aggregate).

B. Type B - Gravel Aggregate

C. Type C - Iron Ore Topsoil

D. Type D - Shell Aggregate with Sand Admixture

E. Type E - Shell Aggregate with Sand and Caliche Admixture

F. Type F - Caliche

G. Type G - Crushed Slag

H. Unless otherwise noted on the plans, the CONTRACTOR may use any one type of these types provided the material used meet the requirements set forth in the specification test limits herein.

2.04 GRADES:

A. Unless otherwise shown on the plans or directed by the ENGINEER, the final course of base material shall consist of Grades 1,2,3, or 4, as specified in Table 02601-1.

B. Base courses or sub-base materials, unless otherwise noted on the plans or directed by the ENGINEER, may consist of Grades 1, 2, 3, or 4, as specified in Table 02601-1.

C. All grades shall, when tested in accordance with standard laboratory test procedures, meet the physical requirements set forth in Table 02601-1.

D. Testing of flexible base materials shall be in accordance with the following test procedures:

TEST	TESTING PROCEDURE
Preparation for soil constants and sieve analysis	TEX-101-E
Liquid Limit	TEX-104-E
Plastic Limit	TEX-105-E
Plasticity Limit	TEX-106-E
Sieve Analysis	TEX-110-E
Wet Ball Mill	TEX-116-E
Triaxial Tests	TEX-117-E (Part I or II)

E. Unless otherwise specified on the plans, samples for testing the material for Soil constants, Gradation and Wet Ball Mill shall be taken prior to the compaction operations.

F. Unless otherwise specified on the plans, samples for triaxial tests shall be taken from the stockpile or from production, as directed by the ENGINEER, where stockpiling is required and from production where stockpiling is not required.

TABLE 02601-1

PHYSICAL REQUIREMENTS FOR FLEXIBLE BASE MATERIALS

TYPE G				
Crushed Blast Furnace Slag				As Shown On Plans

G. The limits establishing reasonable close conformity with the specified gradation and plasticity index are defined by the following:

1. The ENGINEER may accept the material, providing not more than 2 of 10 consecutive gradation tests performed are outside the specified limits on any individual or combination of sieves by no more than 5% and where no two consecutive tests are outside the specified limits.
2. The ENGINEER may accept the material providing not more than 2 of 10 consecutive plasticity index samples tested are outside the specified limit by no more than two points and where no two consecutive tests are outside the specified limit.

2.05 STOCKPILING:

A. When specified on the plans, the material shall be stockpiled prior to delivery on the road. The stockpile shall be not less than the height indicated and shall be made up of layers of material not to exceed the depth shown on the plans.

B. After a sufficient stockpile has been constructed as specified on the plans, the CONTRACTOR may proceed with loading from the stock- pile for delivery to the road.

C. In loading from the stockpile for delivery to the road, the material shall be loaded by making successive vertical cuts through the entire depth of the stockpile.

D. If the CONTRACTOR elects to produce the Type a material from more than one material or more than one source, each material shall be crushed separately and placed in separate stockpiles so that at least 75 percent of the material in the course aggregate stockpiles will be retained on the No. 4 sieve and at least 70 percent of the material in the fine aggregate stockpile will pass the No. 4 sieve.

E. The materials shall be combined in a central mixing plant in the proportions determined by the ENGINEER to produce a uniform mixture which meets all of the requirements of the specification. In the event that combinations of the materials produced fail to meet all of the specification requirements, the CONTRACTOR will be required to secure other materials which will meet specifications requirements.

F. The central mixing plant shall be either the batch or continuous flow type, and shall be equipped with feeding and metering devices which will add the materials into the mixer in the specified quantities.

G. Mixing shall continue until a uniform mixture is obtained.

PART 3 - EXECUTION

3.01 PREPARATION OF SUBGRADE:

A. Type roadbed shall be excavated and shaped in conformity with the typical sections shown on the plans and to the lines and grades as established by the ENGINEER.

B. All unstable or otherwise objectionable material shall be removed from the sub-grade and replaced with approved material.

C. All holes, ruts and depressions shall be filled with approved material and, if required, the sub-grade shall be thoroughly wetted with water and reshaped and rolled to the extent directed in order to place the sub-grade in an acceptable condition to receive the base material.

D. The surface of the sub-grade shall be finished to line and grade as established and in conformity with the typical section shown on plans, and any deviation in

excess of 1/2 inch in cross section and in a length of 16-feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and re-compacting by sprinkling and rolling.

E. Sufficient sub-grade shall be prepared in advance to insure satisfactory prosecution of the work.

F. Material excavated in the preparation of the sub-grade shall be utilized in the construction of adjacent shoulders and slopes or other- wise disposed on as directed, and any additional material required for the completion of the shoulders and slopes shall be secured from sources indicated on plans or as directed by the Engineer.

3.02 PLACEMENT OF FIRST COURSE - TYPE A, TYPE B, TYPE C, TYPE F, AND TYPE G MATERIAL:

A. Immediately before placing the base material, the sub-grade shall be checked as to conformity with grade and section.

B. The material shall be delivered in approved vehicles of a uniform capacity, and it shall be the charge of the CONTRACTOR that the required amount of specified material shall be delivered in each 100- foot station.

C. Material deposited upon the sub-grade shall be spread and shaped the same day.

D. In the event inclement weather or other unforeseen circumstances render impractical the spreading of the material during the first 24-hour period, the materials shall be scarified and spread as directed by the Engineer.

E. The material shall be sprinkled, if directed, and shall then be bladed, dragged and shaped to conform to typical sections as shown on plans.

F. All areas and "nests" of segregated coarse or fine material shall be corrected to removed and replaced with well graded material, as directed by the ENGINEER.

G. If additional binder is considered desirable or necessary after the material is spread and shaped, it shall be furnished and supplies in the amount directed by the ENGINEER. Such binder material shall be carefully and evenly incorporated with the material in place by scarifying, harrowing, brooming or by other approved methods.

H. The course shall be compacted by method of compaction hereinafter specified as the "Ordinary Compaction" method or the "Density Control" method of compaction as indicated on the plans, or as directed by the ENGINEER.

1. When the "Ordinary Compaction" method is to be used, the following provisions shall apply:

a) The course shall be sprinkled as required and rolled ad directed until a uniform compaction is secured. Throughout this entire operation,

the shape of the course shall be maintained by blading and the surface upon completion shall be smooth and in conformity with the typical sections shown on plans and to the established lines and grades.

b) In that area on which pavement is to be placed, any deviation in excess of 1/4 inch in cross section in a length of 16-feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and re-compacting by sprinkling and rolling.

c) All irregularities, depressions or weak spots which develop shall be corrected immediately by scarifying the areas affected, adding suitable material as required, reshaping and re-compacting by sprinkling and rolling.

2. When the "Density Control" method of compaction is to be used, the following provisions shall apply:

a) The course shall be sprinkled as required and compacted to the extent necessary to provide not less than the percent density as hereinafter specified under "Density".

b) In addition to the requirement specified for density, the full depth of the flexible base shown on the plans shall be compacted to the extent necessary to remain firm and stable under construction equipment.

c) After each section of flexible base is completed, tests as necessary will be made by the ENGINEER. If the material fails to meet the density requirements, it shall be reworked as necessary to meet these requirements.

d) Throughout this entire operation, the shape of the course shall be maintained by blading, and the surface upon completion shall be smooth and in conformity with the typical sections shown on the plans and to established lined and grades.

e) In that area on which pavement is to be placed, any deviation in excess of 1/4 inch in cross section in a length of 16 feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and re-compacting by sprinkling and rolling.

f) All irregularities, depressions or weak spots which develop shall be corrected immediately by scarifying the areas affected, adding suitable material as required, reshaping and re-compacting by sprinkling and rolling.

I. Should the base course, due to any reason or cause, lose the required stability, density or finish before the surfacing is complete, it shall be re-compacted and refinished at the sole expense of the CONTRACTOR.

J. Where Type C material is used, the material shall be scarified, thoroughly wetted, mixed, manipulated, and bladed so as to secure a uniformly wetted material, and pulled in over the sub-grade in courses and set under the action of blading and rolling. The work of mixing, blading, rolling, shaping, and subsequent maintenance shall be performed by the continuous use of sufficient number of satisfactory rollers and power maintainers with adequate scarifier attachments.

3.03 PLACEMENT OF FIRST COURSE - TYPE D MATERIAL:

A. Immediately before placing the base material, the sub-grade shall be checked as to conformity with grade and section, and corrections made if necessary.

B. All materials shall be delivered in approved vehicles of a uniform capacity.

C. The required amount of shell shall be uniformly spread across the section and allowed to dry sufficiently to insure proper slaking and mixing of the binder material. Immediately upon completion of the drying period, as determined by the ENGINEER, the specified amount of sand admixture as required to produce a combined material meeting the requirements hereinbefore specified, shall be spread uniformly across the shell.

D. The material shall then be sprinkled as required and thoroughly mixed by blading and harrowing, or other approved methods.

E. Failure to proceed with the placing of sand admixture or mixing and placing operations will be grounds for the suspension of placing of shell.

F. Under no conditions will the CONTRACTOR be allowed to place an excessive amount of shell without proceeding with the mixing and placing operations.

G. The course shall be compacted by the method of compaction hereinafter specified as the "Ordinary Compaction" method or the "Density Control" method of compaction as indicated on the plans, or as directed by the ENGINEER.

1. When the plans indicate that the "Ordinary Compaction" method is to be used, the following provisions shall apply:

a) After mixing, all material shall be windrowed, and then spread over the section in layers.

b) The layer shall not exceed 2 inches in loose depth.

c) If necessary to prevent segregation, the material shall be wetted in the window prior to spreading.

d) After each lift is spread, it shall be sprinkled and rolled to secure maximum compaction as directed by the ENGINEER. Succeeding layers shall then be placed similarly until the course is completed.

e) All areas and "nest of segregated coarse or fine material shall be corrected or removed and replaced with well graded material, as directed by the ENGINEER.

f) The course shall then be sprinkled as required and rolled as directed until a uniform compaction is secured.

g) Throughout this entire operation, the shape of the course shall be maintained by blading; and the surface, upon completion, shall be smooth and in conformity with the typical sections shown on plans, and to the established lines and grades.

h) In that area on which pavement is to be place, any deviation in excess of 1/4 inch in cross section in a length of 16-feet measured longitudinally shall be corrected by loosening, adding or removing material, reshaping and re-compacting by sprinkling and rolling.

i) All irregularities, depressions or weak spots which develop shall be corrected immediately by scarifying the areas affected, adding suitable material as required, reshaping and re-compacting by sprinkling and rolling.

2. When the plans indicate that the "Density Control" method of compaction is to be used, the compaction method shall be the same as prescribed for Type A, Type B, Type C, Type F and Type G material.

H. When indicated on the plans or permitted by the ENGINEER, Type D material may be mixed in a central mixing plant and delivered to the road as a combined mixture. When this method is used, the combined mixture shall meet the requirements for type D material as hereinbefore specified and the placing and compaction requirement shall be the same as prescribed for Type A, Type B, Type C, Type F and Type G material.

3.04 PLACEMENT OF FIRST COURSE - TYPE E MATERIAL:

A. The construction methods for placing the first course of Type E material shall be the same as prescribed for Type D material except that after the shell and sand have been placed, the prescribed amount of caliche shall then be spread across the sand and shell.

B. The composite mixture shall then be sprinkled as required and thoroughly mixed by blading and harrowing or other approved methods.

C. Compaction of the first course of Type E material shall be the same as prescribed above for Type D material.

D. Failure to proceed with placing the sand and caliche admixture or mixing and placing operations will be grounds for the suspension of placing of shell.

E. Under no conditions will the CONTRACTOR be allowed to place an excessive amount of shell without proceeding with the mixing and placing operations.

3.05 PLACEMENT OF SUCCEEDING COURSES - ALL MATERIAL TYPES:

A. Construction methods shall be the same as prescribed for the first course.

B. Prior to placing the surfacing on the completed base, the base shall be "dry cured" to the extent directed by the ENGINEER.

3.06 DENSITY CONTROL:

A. When the "Density Control" method of compaction is indicated on the plans, each course of flexible base shall be compacted to the percent density shown on the plans.

B. The testing will be as outlined in Test Method Tex-114-E.

C. It is the intent of this specification to provide in that part of the base included in the top 8 inches immediately below the finished surface of the roadway not less than 100 percent of the density as determined by the compaction ratio method.

D. Field density determination shall be made in accordance with Test Method Tex-115-E.

3.07 TOLERANCES:

A. When tolerances are permitted by the plans, the limits establishing reasonable close conformity with percent density specified are defined by the following:

1. The ENGINEER may accept the work providing not more than 25 percent of the density tests performed each day are outside the specified density by no more than three pounds per cubic foot and where no two consecutive tests on continuous work are outside the specified limits.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. Flexible base will be measure by the square yard of surface area of completed and accepted work based on the width of flexible base as shown on the plans.

1. The flexible base shall be measured for depth by the units of 2000 square yards, with one measurement taken at a location selected by the ENGINEER.
2. In that unit where flexible base is deficient by more than 1/2 inch in thickness, the deficiency shall be corrected by scarifying, adding material as required, reshaping and re-compacting by sprinkling and rolling.

3. No additional payment over the contract unit price will be made for any flexible base of a thickness exceeding that required by plans.

B. The CONTRACTOR shall schedule his operations in such a manner as to facilitate the measurement of the pay item.

C. The ENGINEER may accept the work provided no more than 2 out of 10 depth tests performed are deficient by not more 1/2 inch and where no two consecutive tests on continuous work are outside the specified depth.

4.02 PAYMENT:

A. The accepted quantities of flexible base of the type, grade, and compaction method specified will be paid at the contract unit bid price per square yard, complete in place.

B. Where "Ordinary Compaction" is used, all sprinkling, rolling, and manipulation required will not be paid for directly, but will be incidental to other bid items.

C. The unit prices bid shall each be full compensation for shaping and fine grading the roadbed; for securing and furnishing all materials, including all royalty and freight involved; for furnishing scales and labor involved in weighing the material when required; for loosening, blasting, excavating, screening, crushing and temporary stockpiling when required; for loading all materials for all hauling and delivering. on the road; for spreading, mixing, blading, dragging, shaping and finishing and for all manipulation, labor, tools and incidentals necessary to complete the work.

SECTION 02610

PRIME COAT

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION:

A. Prime coat shall consist of application of asphaltic materials on completed base course and/or other approved area, which shall be applied in accordance with these specifications, as shown on the plans, and as directed by the ENGINEER.

1.02 QUALITY ASSURANCE:

A. Test and Certification of Bituminous Materials.

1. Bituminous material is to be tested in accordance with the requirements of AASHTO M-82 and sampled in conformance with AASHTO T-40.
2. Supply, at the time of delivery of each shipment of asphalt, two certified copies of test reports, from supplying vendor, to the ENGINEER.
3. Test reports shall indicate name of vendor, type and grade of asphalt delivered, date and point of delivery, quantity delivered, delivery ticket number, purchase order number, and result of specified tests.

   The test report, signed by an authorized representative of the vendor, shall certify that the product delivered conforms to the specifications for type and grade indicated.

   Certified test reports and the testing required in the preparation of such report shall be at no cost to the COUNTY.

4. Final acceptance of bituminous materials shall be dependent on the determination by the ENGINEER that the material meets prescribed standards.

PART 2- PRODUCTS

2.01 MEDIUM CURING CUTBACK ASPHALT:

A. Medium-curing liquid asphalt, designated by the letters MC, shall consist of an un-cracked petroleum base stock, produced by the processing of asphaltic or semi-asphaltic base crude petroleum, blended with a kerosene-type solvent. The base stock for all MC materials shall be straight run asphalt produced within the penetration range of 100 to 300, and the end point of the kerosene type solvent shall not exceed 525 degrees F. Medium curing liquid cutback asphalt shall be free from water and show no separation.

B. Medium curing cutback asphalt shall consist of materials specified above and

conforming to the requirements set forth in Table 2610-1.

C. Unless otherwise noted on the plans or directed by the ENGINEER, cutback asphalt Grade MC-30 shall be used.

2.02 BLOTTER MATERIAL:

A. Supply blotter material consisting of native sand and/or sweepings from base course.

B. Native sand shall be local material obtained from approved sources as approved by the ENGINEER.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. Unless otherwise specified on the plans or, required by the ENGINEER, only asphaltic material shall be used. Where required, a combination of asphaltic and blotter material shall be used.

B. Application of Asphaltic Materials Only.

1. Apply prime coat to prepared surface when ambient air temperature is above 40 degrees F. and is rising and shall not be applied when the ambient air temperature is below 50 degrees F. and falling.
2. Apply prime coat to surfaces that have been cleaned by sweeping or other approved methods and where base is thoroughly dry and satisfactory for receiving prime coat.
3. Apply prime coat to cleaned base, at a rate of 0.2 to 0.5 gallons per square yard of surface area, using an approved type of self-propelled pressure distributor so constructed and operated to distribute the material evenly and smoothly.
4. Provide necessary facilities for the determination of temperature of asphaltic material in all heating equipment and distributors; and for determination of rate at which it is applied; and for securing uniformity at the junction of two distributor loads.
5. Keep in clean and good working condition all storage tanks, piping, reports, booster tanks and distributors used in the storage and handling of asphaltic materials.
6. Operate all associated equipment in a manner such that there is no contamination of asphaltic material with foreign material.
7. Calibrate distributor and furnish ENGINEER with an accurate and satisfactory record of such calibrations.

TABLE 2610-1

* If penetration of residue is more than 200 and its ductility at 77 F is less than 100, the material will be acceptable if the ductility at 60 F is greater than 100.

** Using 85% Standard Naphtha and 15% Xylene.

NOTE: Viscosity tests may be made by either Kinematic or Furol test methods.

8. Recalibrates distributor, in a manner satisfactory to the ENGINEER, after the beginning of work, should the yield on the asphaltic material applied appear to be in error.
9. No traffic, hauling or placing of subsequent courses shall be permitted over freshly applied prime coat until authorized by the ENGINEER.
10. Apply asphaltic material at a temperature within 15 F of temperature of application selected by the ENGINEER based on temperature viscosity relationship noted in Table 2610-1.
11. Maintain surface until work is Blotter Material.

C. Application of Asphaltic and Blotter Material

1. Haul blotter material in vehicles of uniform capacity and placed on shoulders at spacings designated by the ENGINEER.
2. After application of asphaltic material as specified above, cover surface with blotter material as directed by the ENGINEER.
3. After application of blotter material, drag surface with approved drag broom, evenly and smoothly distributing the blotter material.
   Brooming or dragging operation shall continue, as directed by the ENGINEER, until the course has properly cured under traffic.

PART 4 - MEASUREMENT AND PAYMENT

4.01 PRIME COAT:

A. Asphaltic material for prime coat will be measured for payment at point of delivery on the project in gallons at applied temperature. Payment will be paid at the unit bid price for "Prime Coat".

B. When not listed as a separate contract pay item, prime coat shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all material, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

4.02 BLOTTER MATERIALS:

A. Blotter mater will be considered incidental to asphaltic material for prime coat with no direct payment or payment therefor.

*** * * * END OF SECTION * * * ***

SECTION 02612

HOT MIX ASPHALT CONCRETE PAVEMENT

PART 1 - GENERAL

1.01 DESCRIPTION:

A. Hot mix asphalt concrete (HMAC) pavement shall consist of a binder course, a leveling up course, a surface course or a combination of the courses as shown on the plans, or as directed by the ENGINEER.

B. HMAC pavement shall be composed of a compacted mixture of mineral aggregate and asphaltic material, constructed on previously completed and approved sub-grade, sub-base course, base course, or existing pavement.

C. HMAC pavement shall be in accordance with the specifications herein and in conformity with the lines, grades, quantities and typical sections in the contract and/or as directed by the ENGINEER.

1.02 QUALITY CONTROL:

A. HMAC pavement and its constituent part shall conform to the ASTM, AASHTO and/or Texas SDHPT test methods noted below.

PART 2 PRODUCTS

2.01 ASPHALTIC MATERIALS

A. Asphalt cement binders shall be un-cracked petroleum asphalt and shall be carefully refined, by steam, vacuum, or solvent, from asphaltic or semi-asphaltic base crude petroleum at a temperature not to exceed 700 degrees F. Asphalt cements shall be free from thermal decomposition products and shall not be blended with any materials which have been subjected to cracking or produced from a crude petroleum source other than that of the original material. The asphalt cement shall not contain residues from non-asphaltic sources. Asphalt cement shall be homogeneous, free from water, and shall not foam when heated to 347 degrees F.

B. Paving asphalt shall be classified by penetration or viscosity and shall conform to the requirements set forth in one of the following tables as designated by the ENGINEER. The CONTRACTOR may supply asphalt meeting the requirements of one of the following tables provided that he obtains prior approval of the ENGINEER and with the provision that once approval has been obtained, that the CONTRACTOR will remain with that grade throughout the project.

TABLE 02612-1

Specification Designation	AASHTO Test Method	ASTM Test Method	40 to 50	60 to 70	85 to 100	120 to 150	150 to 200	200 to 250

C. A minimum of two percent, by weight, latex additive (solid basis) shall be added to the OA-175 Asphalt or to AC-5 Asphalt when specified in the contract. The latex additive shall be governed by the following specifications:

The latex is to be an anionic emulsion of butadiene-styrene low-temperature copolymer in water, stabilized with fatty-acid soap so as to have good storage stability, and possessing the following properties:

Monomer ration, B/S..... 70/30
Minimum solids content..... 67%

Solids content per gal. @ 67%..... 5.3 lbs.
Coagulum on 80-mesh screen..... 0.01% max.
Type Anti-oxidant.....staining
Mooney viscosity of Polymer(M/L 4@212F) 100 min.

PH of Latex ..... 9.4 - 10.5
Surface tension ..... 28 - 42 dynes/cm2

The finished latex-asphalt blend shall met the following requirements:

Viscosity at 140 F, stokes. ..... 1500 max.
Ductility at 39.2 F. 1 cm. per., cm ..... 100 min.

D. Asphalt content shall be within the limits noted below:

HMAC Type	Percent of Mixture by Weight	Percent of Mixture by Volume
"A"	3.5 - 7.0	8.0 - 16.0
"B"	3.5 - 7.0	8.0 - 16.0
"C"	3.5 - 7.0	8.0 - 16.0
"D"	4.0 - 8.0	9.0 - 19.0
"F"	3.5 - 6.5	8.0 - 16.0

E. At the time of delivery of each shipment of asphalt, the vendor supplying the material shall deliver to the purchaser certified copies of the test report which shall indicate the name of the vendor, type and grade of asphalt delivered, date and point of delivery, quantity delivered, delivery ticket number, and results of the above-specified tests. The test report shall be certified and signed by an authorized representative of the vendor that the product delivered conforms to the specifications for the type and grade indicated.

F. Until the certified test reports and samples of the material have been checked by the ENGINEER to determine their conformity with the prescribed requirements, the material to which such report relates an any work in which it may have been incorporated as an integral component will be only tentatively accepted by the COUNTY. Final acceptance will be dependent upon the determination of the ENGINEER that the material involved fulfills the requirements prescribed therefor. The certified test reports and the testing required in connection with the reports will be at the expense to the COUNTY.

G. Unless otherwise specified in these specifications or in the Supplementary Specifications, the various grades of paving asphalt shall be applied at a temperature range of from 210 F, the exact temperature to be determined by the ENGINEER.

H. Paving asphalt shall be heated in such a manner that steam or hot oils will not be introduced directly into the paving asphalt during heating. The CONTRACTOR shall furnish and keep on the site, at all times, an accurate thermometer suitable for determining the temperature of the paving asphalt.

I. HMAC asphalt shall be the grade having the highest penetration, within specified

limits, to produce a mix having a maximum stability of the compacted mixtures.

J. Only one (1) grade of asphalt shall be required unless otherwise shown on the plans or as required by the ENGINEER.

2.02 AGGREGATES:

A. HMAC aggregate will be tested in accordance with the following test:

AASHTO T-30	Mechanic Testing
AASHTO T-27	Passing No. 200 Sieve
AASHTO T-89	Liquid Limit
AASHTO T-96	Los Angeles Abrasion
AASHTO T-104	Soundness (Magnesium Sulfate)
ASTM C - 131	Resistance to Degradation
ASTM C - 136	Sieve Analysis
ASTM C -2419	Sand Equivalence Value
SDHPT Tex - 416 - E	Method of Calculating Plasticity Index of Solids
SDHPT Tex - 217 - F	(I & II) Determination of Deleterious Materials and Decantation Test
SDHPT Tex - 203 - F	Quality Test for Mineral Aggregates

B. Aggregates shall have an abrasion of not more than 40 for all course except the non-skid surface course, which shall have an abrasion of not more than 35.

C. When property proportioned, HMAC aggregate shall produce a gradation which will conform to the limitations for classification for HMAC type shown below, or as directed by the ENGINEER.

D. Course aggregate to be crushed limestone rock or crushed gravel with hydrated lime or limestone filler. (Crushed gravel shall be per Highway Department Specifications.)

E. Binder aggregate to be composed of 15% crushed limestone screening or as directed by the ENGINEER.

Passing No. 80 sieve, retained on No. 200 sieve	3 to 27
Passing No. 200 sieve	1 to 8

5. Type "F" - Fine Graded Surface Course

	Percent Aggregate by Weight or Volume
Passing 3/8" sieve	100
Passing No. 4 sieve	95 to 100
Passing No. 4 sieve, retained on No.10 sieve	58 to 73
Passing No. 10 sieve, retained on No. 40 sieve	6 to 26
Passing No. 40 sieve, retained on No. 80 sieve	3 to 13
Passing No. 80 sieve, retained on No. 200 sieve	2 to 11
Passing No. 200 sieve	1 to 8

2.03 PRIME COAT:

A. Prime coat, when specified on the plans, or as directed by the ENGINEER, shall be in accordance with Section 02610 - Prime Coat, and as specified herein.

B. Prime coat shall be applied to surfaces of bases at least 12 hours prior to placing the HMAC unless otherwise directed by the ENGINEER.

C. Asphalt prime shall be applied uniformly at the rate of 0.10 to 0.30 gallon per square yard or as directed by the ENGINEER. It shall be applied only when permitted by the ENGINEER and when the air temperature is not less than 40 F.

D. In order to prevent lapping at the junction of two applications, the distributor shall be promptly shut off. A hand spray shall be used to touch up all spots unavoidably missed by the distributor.

E. Immediately prior to application of the asphalt prime, an inspection will be made by the ENGINEER to verify that the base course has been constructed as specified. Also, all loose and foreign material shall be removed by light sweeping. Material so removed shall not be mixed with cover aggregate.

F. The surface to be primed shall be in a smooth an well-compacted condition, true to grade and cross section, and free from ruts and inequalities.

G. The pressure distributor used for applying prime coat material shall be equipped with pneumatic tires and shall be so designed and operated as to distribute the prime material in a uniform spray without atomization, in the amount an between the limits of temperature specified. It shall be equipped with a speed tachometer registering feet per minute and so located as to be visible to the truck driver to enable him to maintain the constant speed required for application at the specified rate.

H. The pressure distributor shall be equipped with a tachometer registering the pump speed, pressure gauge, and a volume gauge. The rates of application shall not vary from the rates specified by the ENGINEER by more than 10%. Suitable means for accuracy indicating at all times the temperature of the prime material shall be provided. The thermometer well shall be so placed as not to be in contact with a heating tube.

I. The distributor shall be so designed that the normal width of application shall not be less than 6 feet, with provisions for the application of lesser width when necessary. If provided with heating attachments, the distributor shall be so equipped and operated that the prime material shall be circulated or agitated through the entire heating process.

J. The asphalt prime coat should preferably be entirely absorbed by the base course and, therefore, require no sand cover. If, however, it has not been completely absorbed prior to the start of placing the asphalt concrete mixture and in the meantime it is necessary to permit traffic thereon, just sufficient sand shall be spread over the surface to blot up the excess liquid asphalt and prevent picking it up under traffic. Also, sand shall be used in areas where traffic may pass over the prime coat. Prior to placing the asphalt concrete, loose or excess sand shall be swept from the base. If a sand cover is specified in the Supplementary Specifications or noted on the plans to cover asphalt prime, it shall be applied within 4 hours after the application of said prime coat, unless otherwise ordered by the ENGINEER.

K. Liquid asphalt shall be prevented from spraying upon adjacent pavements, structures, guard rails, guide posts, culvert markers, trees, and shrubbery that are not to be removed; adjacent property and improvements; and other facilities or that portion of the traveled way being used by traffic.

L. The CONTRACTOR shall protect the prime coat against all damage and markings, both from and other traffic. Barricades shall be places where necessary to protect the prime coat. If, after prime coat has been applied satisfaction of the ENGINEER and has been accepted by him, it is distributed by negligence on the part of the CONTRACTOR, it shall be restored at his expense to its condition at the time of acceptance. No material shall be placed until the prime coat is in a condition satisfactory to the ENGINEER.

2.04 TACK COAT:

A. If the asphalt concrete pavement is being constructed directly upon an existing hard-surfaces pavement, a tack coat shall be evenly and uniformly applied to such existing pavement preceding the placing of the asphalt concrete. The surface shall be free of water, all foreign material, or dust when the tack coat is applied. No greater area shall be treated in any one day than will be covered by the asphalt concrete during the same day. Traffic will not be permitted over tack coating.

B. Tack coat for HMAC shall consist of either rapid curing cut-back asphalt RC-2 diluted by addition of (not to exceed 15 percent by volume) an approved grade of gasoline and/or kerosene; emulsified asphalt, EA-11M diluted with 50 percent water, or a cut-back asphalt made by combining 50 to 70 percent of the asphaltic materials specified for the paving mixture with 30 to 50 percent gasoline and/or kerosene by volume.

C. Tack coat shall conform to the requirements of Section 02620 - Tack Coat, or as specified herein.

D. Application rate shall be 0.10 it 0.15 gallons per square yard as directed by the ENGINEER.

E. A similar tack coat shall be applied to the surface of any course if, in the opinion of the ENGINEER, the surface is such that a satisfactory bond cannot be obtained between it and the succeeding course.

F. When required, the contact surfaces of all cold pavement joints, curbs, gutters, manholes, and the like shall be painted with a tack coat immediately before the adjoining asphalt concrete is placed. Asphalt tack coat shall be applied in controlled amounts as shown on the plans or determined by the ENGINEER. Surfaces where a tack coat is required shall be cleaned to the satisfaction of the ENGINEER before the tack coat is applied.

2.05 MINERAL FILLER:

A. Mineral filler, other than hydrated lime, shall consist of a thoroughly dry stone dust, portland cement or other mineral dust approved by the ENGINEER.

B. The mineral filler shall be free from foreign or other deleterious matter.

C. When tested by the method outlines in SDHPT Test Method Tex-200-F (Part 1 or 3), mineral filler shall meet the following gradations by weight:

Passing No. 30 Sieve	95 to 100%
Passing No. 80 Sieve	75%
Passing No. 200 Sieve	55%

2.06 Anti-Stripping compound, as required in the job mix formula, shall be furnished in the amounts calculated therein.

2.07 JOB MIX FORMULA:

A. A job mix formula based on representative samples, including filler if required, shall be determines by the ENGINEER, or submitted by the CONTRACTOR for approval of the ENGINEER.

B. The resultant job mix formula shall be within the master range for the specified type of HMAC.

C. The job mix formula for each mixture shall established a single percentage of aggregate passing each required sieve size, and a single percentage of bituminous material to be added to the aggregate and shall provide for 3 to 5% air voids in the resultant design mix. During the mix design process the ENGINEER will consider other factors, in addition to air voids and Marshall stability, such as durability, water resistance and asphalt film thickness when developing the mix design.

D. After the job mix formula is established, mixtures for the project shall conform thereto within the following tolerances which may fall outside of the specified master range:

Passing 1-3/4" sieve, retained on 7/8" sieve ..... Plus or minus 5
Passing 7/8" sieve, retained on 3/8" sieve..... Plus or minus 5
Passing 5/8" sieve, retained on 3/8" sieve..... Plus or minus 5
Passing 3/8" sieve, retained on No. 4 sieve ..... Plus or minus 5
Passing No. 4 sieve, retained on No. 10 sieve ..... Plus or minus 5
Total retained on No. 10 sieve..... Plus or minus 5
Passing No. 10 sieve, retained on No. 40 sieve ..... Plus or minus 3
Passing No. 40 sieve, retained on No. 80 sieve ..... Plus or minus 3
Passing No. 80 sieve, retained on No. 200 sieve ..... Plus or minus 3
Passing No. 200 sieve ..... Plus or minus 3

Asphaltic Material ..... Plus or minus 0.05 by weight or 1.2 by volume

Mixing Temperature..... Plus or minus 20 F

E. Asphaltic mixture shall be tested in accordance with SDHPT Test Method Tex-200-4 (Part I or Part III) and shall have the following laboratory values:

	Surface Course	**Base Course**
Density - Minimum	95%	95%
Maximum	99%	99%
Optimum	97%	97%

Stability - (Hveenm)		
Minimum	30%	30%
Maximum	45%	45%
Stability (Marshall - 75 Blow Briquette)	1500 lbs.	1500 - lbs.
Voids	3 - 7%	4 - 7%
Voids Filled With Asphalt	75 - 85%	65 - 80%
Sand Equivalent	40	40

2.08 EQUIPMENT:

A. All equipment for the handling of all material, mixing, and placing of HMAC shall be in accordance with the provisions of Texas SDHPT Item 340.

2.09 STOCKPILING, STORAGE, PROPORTIONING AND MIXING:

A. Stockpiling, storage proportioning and mixing operations shall be in accordance with the Provisions of Texas SDHPT Item 340.

PART 3 - EXECUTION

3.01 WEATHER AND TEMPERATURE LIMITATIONS:

A. Asphaltic mixture, when placed with a spreading and finishing machine, or the tack coat shall not be placed when the air temperature is 50 F and falling, but may be placed when the air temperature is 40 F and rising.

B. Asphaltic mixture, when placed with a motor grader, shall not be placed when the air temperature is 60 F and falling, but may be placed when the air temperature is 50 F and rising.

C. Mat thicknesses of 1> inches or less shall not be placed when the temperature on which the mat is to be laid is below 50 F.

D. No tack coat or asphaltic mixture shall be placed when the humidity, general weather conditions and temperature and moisture condition of the base, in the opinion of the ENGINEER, are unsuitable.

E. If, after being discharged from the mixer and prior to placing, the temperature of the asphaltic mixture is 50 F or more below the temperature established by the ENGINEER, all or any part of the load may be rejected and payment will not be made for the rejected material.

3.02 EQUIPMENT

A. Hauling Equipment:

1. Trucks used for hauling asphaltic mixtures shall have tight, clean, smooth metal beds which have been thinly coated with a minimal amount of paraffin oil, lime slurry, time solution or other approved material to prevent mixture adhesion to the bed.
2. The dispatching of hauling equipment shall be arranged so that all material delivered may be placed and all rolling completed during daylight hours, unless otherwise directed by the ENGINEER.
3. All trucks shall be equipped with a cover of canvas, or other suitable material to protect the mixture from weather or on hauls where the temperature of the mixture will fall below specified level. Use of covers will be as directed by the ENGINEER.

B. Rollers:

1. Pneumatic Tile Roller. This roller shall consist of not less than seven pneumatic tire wheels, running on axles in such manner that the rear group of tires shall cover the entire gap between adjacent tires of the forward group; mounted in a rigid frame; and provided with a loading platform or body suitable for ballast loading. The front axle shall be attached to the frame in such manner that the roller may be turned within a minimum circle. The tire shall afford surface contact pressures up to 90 pounds per square inch or more. The roller shall be so constructed as to operate in both a forward and a reverse direction with suitable provisions for moistening the surface of the tires while suitable provisions for moistening the surface of the tires while operating; and shall be approved by the ENGINEER.
2. Two Axle Tandem Roller. This roller shall be acceptable power-driver, steel-wheel, tandem roller weighing not less than eight tons. It must operate in forward and reverse directions; contain provision for moistening the surface of the wheels while in motion; and shall be approved by the ENGINEER.
3. Three Wheel Roller. This roller shall be an acceptable power-driven, all steel three wheel roller weighing not less than 10 tons. It must operate in forward and reverse directions; contain provisions for moistening the surface of the wheel while in motion; and shall be approved by the ENGINEER.
4. Vibratory Steel Wheel Roller. If approved for use by the OWNER, this roller shall have a minimum weight of six tons. The compactor shall be equipped with amplitude and frequency controls and shall be specifically designed to compact the material on which it is used. It shall be operated in accordance with the manufacturer's recommendations.

C. Straight Edges:

1. The CONTRACTOR shall provide an acceptable 16-foot straight-edges for surface testing. Satisfactory templates shall be provided as required by the ENGINEER.

D. Spreading and Finishing Machine:

1. Bituminous pavers shall be self-contained, power-propelled units, provided with an activated screed or a strike-off assembly, heated if necessary, and capable of spreading and finishing courses of bituminous plant mix material in lane widths applicable to the specified typical section and thickness shown on the plans.
2. The paver shall be equipped with a receiving hopper having sufficient capacity for a uniform spreading operation. The hopper shall be equipped with a distribution system to place the mixture uniformly in from of the screed. Design will be such that no part of the truck weight will be supported by the paver.
3. The screed or strike-off assembly shall effectively produce a finished surface of the required evenness and texture without tearing, shoving or gouging the mixture. When laying mixtures, the paver shall be capable of being operated at forward speeds consistent with satisfactory laying of the mixture. The screed shall be adjustable for both height and crown and shall be equipped with a controlled heating device.
4. The bituminous paver shall be equipped with an automatic leveling device controlled from an external guide. The initial pass for each course shall be made using a paver equipped with a 40-foot minimum external reference, except that this requirements will not apply when asphalt concrete is placed adjacent to portland cement concrete pavement. Subsequent passes may utilize the matching device of one foot minimum length riding on the adjacent lay.

3.03 CONSTRUCTION METHODS:

A. Spreading and Finishing:

1. The asphalt concrete mixture shall be laid on the approved surface, spread and struck off to the grade and elevation established. It shall be spread and compacted in layers as shown on the plans or as directed by the ENGINEER. Bituminous pavers shall be used to distribute the mixture either over the entire width or over such partial width as may be practicable.
2. The ENGINEER will determine a minimum placement temperature, which is measured immediately behind the laydown machine, shall not vary more than 20 F.
3. A conventional paver or suitable equipment approved by the ENGINEER may be used to place asphalt concrete material on shoulders depressed from the traveled lanes in order to established a uniform typical section. Approval of the equipment used will be based upon the results obtained.

4. The asphalt concrete may be dumped from the hauling vehicles directly into the paving machine or it may be dumped upon the surface being paved and subsequently loaded into the paving surface being paved and subsequently loaded into the paving machine; however, no asphaltic concrete shall be dumped from the hauling vehicles at a distance greater than 250 feet in

front of the paving machine. When asphaltic concrete is dumped first upon the surface being paved, the loading equipment shall be self-supporting and shall not exert any vertical load on the paving machine. Substantially all of the asphaltic concrete dumped shall be picked up and loaded into the paving machine.

5. To achieve, as far as practicable, a continuous operation, the speed of the paving machine shall be coordinated with the production of the plant. Sufficient hauling equipment shall be available to insure continuous operation.
6. The control system shall control the elevation of the screed at each end by controlling the elevation of one end directly and the other indirectly either through controlling the transverse slope or alternately when directed, by controlling the elevation of each end independently, including any screed attachment used for widening, etc. Failure of the control system to function properly shall be cause for the suspension of the asphaltic concrete operations.
7. When dumping directly into the paving machine from trucks, care shall be taken to avoid jarring the machine or moving it out of alignment.
8. All courses of asphaltic concrete shall be placed and finished by means of self-propelled paving machines except under certain conditions or at certain locations where the ENGINEER deems the use of self-propelled paving machines impracticable.
9. Self-propelled paving machines shall spread the asphaltic concrete without segregation or tearing within the specified tolerances, true to the line, grade, and crown indicated on the plans. Pavers shall be equipped with hoppers and augers which will place the asphaltic concrete evenly in front of adjustable screeds without segregation. Screeds shall include any strike-off device operated by tamping or vibrating action which is effective without tearing, shoving or gouging the asphaltic concrete and which produces a finished surface of an even and uniform texture for the full width being paved. Screeds shall be adjustable as to height and crown and shall be equipped with a controlled heating device for use when required.
10. On areas where irregularities or unavoidable obstacles make the use of mechanical spreading and finishing equipment impracticable, the mixture shall be spread, raked, fluted and compacted with hand tools. For such areas the mixture shall be dumped, spread and screed to give the required compacted thickness.

B. Compaction:

1. Rolling with the 3-wheel and tandem roller shall start longtitudally at the sides and proceed toward the center of the surface course, overlapping on successive trips by at least half the width of the rear wheels.

2. Alternate trips of the roller shall be slightly different in length.
3. Rolling with a pneumatic tired roller shall be as directed by the ENGINEER.
4. Rolling shall continue with no further compression can be obtained and all roller marks are eliminated
5. The motion of the roller shall be slow enough at all times to avoid displacement of asphaltic materials. If displacement occurs, it shall be

corrected immediately by use of rakes and fresh asphaltic mixtures, where required.

6. The roller shall not be allowed to stand on the surface course when it has not been fully compacted and allowed to cool.
7. To prevent adhesion of the surface course to the roller, the wheels shall be kept thoroughly moistened with water; however, excess water shall not be allowed.
8. All precautions shall be taken to prevent dripping of gasoline, oil, grease, or other foreign substances on the surface or base courses during rolling operations or while rollers are standing.
9. With the approval of the ENGINEER, a vibratory steel wheeled roller may be substituted for the 3-wheel roller and tandem roller.
10. Along forms, curbs, headers, walls and other places not accessible to the rollers, the mixture shall be thoroughly compacted with hot hand tampers, smoothing irons, or with mechanical tampers. On depressed areas, a trench roller may be used or cleated compression strips may be used under the roller to transmit compression to the depressed area.
11. Any mixture that becomes loose, broken, mixed with dirt, segregated, or is in any way defective shall be removed and replaced with fresh hot bituminous mixture, which shall be compacted to conform with the surrounding area. Any area showing excess or deficiency of bituminous material shall be corrected immediately as directed by the ENGINEER.

C. In-Place Density:

1. In-place density shall be required for all mixtures except thin irregular depth leveling courses.
2. Each course, after final compaction, shall have a density of not less than 95 percent of the density developed in the laboratory test method outlines in Texas SDHPT Bulletin C-14.
3. Density shall be determined with a portable nuclear test device in conformity with ASTM D-2950.76.
4. Calibration of the portable nuclear device will be established by the ENGINEER from cut pavement samples tested in accordance with AASHTO T-166 (weight, volume method). The density readings of the cut pavement samples determined in accordance with AASHTO T-166 (weight, volume method), and the density readings of the pavement samples determined by the portable nuclear test device in conformity with ASTM D 2950 will be correlated by the ENGINEER.
5. Other methods of determining in-place density may be used as deemed necessary by the ENGINEER.
6. It is intended that acceptance density testing will be done while the bituminous mixture is hot enough to permit further compaction if necessary. If the density of an acceptance section does not meet the specified requirements, the CONTRACTOR shall continue the compaction effort until the optimum density is obtained, but rolling for any compactive effort will not be allowed when the temperature of the mix is below 175 F unless authorized in writing by the ENGINEER. Rerolling the paved surface after it has initially cooled will not be allowed.

7. If in-place density tests of the mixture produce a value lower than specified and in the opinion of the ENGINEER is not due to a change in the quality of the material, production may proceed with subsequent changes in the mix and/or construction procedures until in-place density equals or exceeds the specified density.
8. In-place density tests will be provided by the ENGINEER unless otherwise specified.

D. Joints:

1. Placing of the asphalt concrete shall be as continuous as possible. Rollers shall not pass over the unprotected end of a freshly laid mixture unless authorized by the ENGINEER.
2. When plant mix bituminous pavement is places over plant mix bituminous treated base or when plant mixed seal coat is places over plant mix bituminous pavement, longitudinal joints shall be staggered at least 6 inches with relation to the longitudinal joints of the underlying course.
3. Transverse joints shall have two foot or 12:1 minimum taper. Longitudinal joints shall have a one foot or 6:1 minimum taper. All transverse tapers shall be cut and squared off prior to commencing new work. Tapered longitudinal joints from previous operations shall be cleaned and tack coated if directed by the ENGINEER. All joints shall be completely bonded. The surface of each course at all joints shall be smooth and shall not show any deviations in excess of 3/16 of an inch when tested with a 10-foot straightedge in any direction.
4. When paving under traffic the CONTRACTOR shall plan his daily surfacing operations on a schedule which will result in not more than one (1) day's operation of exposed longitudinal joints. The longitudinal joints shall not have a height greater than two (2) inches and shall not be left exposed longer than 24 hours.

E. Surface Tolerance:

1. Upon completion, the pavement shall be true to grade and cross section. Except at intersections or any changes of grade, when a 16 foot straight edge is laid on the finished surface parallel to the centerline of the roadway, the surface shall not vary from the edge of the straight edge more than 1/16-inch per foot. Areas that are not within this tolerance shall be brought to grade immediately following the initial rolling. After the completion of final rolling, the smoothness of the course shall be checked, and the irregularities that exceed the specified tolerances or that retain water on the surface shall be corrected by removing the defective work and replacing with new material as directed by the ENGINEER at the expense of the CONTRACTOR.

F. Manholes and Valve Covers:

1. Manhole frames and valve covers shall be adjusted prior to placing the surface course.

G. Compacted Thickness of HMAC surface and Base Courses:

1. Surface Courses. The compacted thickness or depth of the asphaltic concrete surface course shall be as shown on the plans. Where the plans require a depth or thickness of the surface course greater than two inches compacted depth, same shall be placed in multiple courses of equal depth, each of which shall not exceed two inches compacted depth. If, in the opinion of the ENGINEER, an additional tack coat is considered necessary between any of the multiple courses, it shall be applied at the rate as directed.
2. Base Courses. The compacted thickness or depth of each base course shall be as shown on the plans. Where the plans require a depth or thickness of the course greater than 4 inches, same shall be accomplished by constructing multiple lifts of approximately equal depth, each of which shall not exceed these maximum compacted depths. If, in the opinion of the ENGINEER, an additional tack coat is considered necessary between any of the multiple lifts, it shall be applied as herein before specified and at the rate as directed.

H. Pavement Thickness Tests:

1. Pavement Thickness Test. Upon completion of the work and before final acceptance and final payment shall be made, pavement thickness test shall be made by the ENGINEER or his authorized representative unless otherwise specified in the special provisions or in the plans. The number and location of tests shall be at the discretion of the OWNER. The cost for the initial pavement thickness test shall be at the expense of the ENGINEER. In the event a deficiency in the thickness of pavement is revealed during normal testing operations, subsequent tests necessary to isolate the deficiency shall be at the CONTRACTOR's expense. The cost for the additional coring test shall be at the same rate charged by commercial laboratories.

I. Price Adjustment for Roadway Density:

1. The pavement of the unit price will be adjusted for roadway density as outlined in the following table. The adjustment will be applied on a lot by lot basis for each lift. The adjustment will be based on the average of five density tests. The price adjustment will be applied to the entire asphalt concrete mix which includes the HMAC aggregate, the asphalt cement and anti-stripping compound, is used.

Average Density % of Lab Density	**Percent of Contract Price To Be Paid**
Above 95%	100%
94.0 to 94.99	96%
93.0 to 93.99	91%

92.0 to 92.99	85%
Less than 92.0	*

* This lot shall be removed and replaced to meet specification requirements as ordered by the ENGINEER. In lieu thereof, the CONTRACTOR and the ENGINEER may agree in writing that for practical purposes, the lot shall not be removed and will be paid for at 50% of the contract price.

PART 4 - MEASUREMENT AND PAYMENT

4.01 INCIDENTAL WORK:

A. Prime coat, anti-stripping compound, where used and tack coat shall not be measured for direct payment, but shall be considered as subsidiary work pertaining to the placing of asphaltic mixtures of the contract price.

4.02 MEASUREMENT:

A. Hot-mix asphalt concrete material shall be measured by the ton of 2,000 pounds or by the square yard of the type or types used in the completed and accepted work.

B. Weight shall be determined by a certified scale approved by the OWNER and recorded serially numbered weight tickets, identifying the vehicle and presented to the ENGINEER's representative on the job.

4.03 PAYMENT:

A. Work performed and materials furnished, as prescribed by this item, measured as provided herein, shall be paid at the unit bid price per ton or square yard for the type or types of hot mix asphalt concrete pavement shown on the proposal.

B. Unit bid price shall be payment in full for quarrying; furnishing all materials; for all heating; mixing; hauling; cleaning existing base course or pavement; placing asphaltic mixtures; rolling and finishing; and for all labor, tools, equipment and incidentals necessary to complete the work, including the work and materials involved in the application of prime coat and tack coat.

*** * * END OF SECTION * * ***

SECTION 02620

TACK COAT

PART 1 - GENERAL

1.01 DESCRIPTION OF WORK:

A. Apply asphaltic materials on completed base course after curing of prime coat, on existing pavement, on bituminous surfaces, or on portland cement concrete surface.

1.02 QUALITY CONTROL:

A. Asphaltic materials supplied for tack coat shall be tested in accordance with applicable ASTM or AASHTO designation noted below.

PART 2 - PRODUCTS

2.01 MATERIALS

A. Tack coat shall be composed of bituminous material of the type and grade specified in the plans or as specified by the ENGINEER.

B. Unless otherwise specified, tack coat shall be one of the following grades:

1. Penetrating Asphalt 85 - 100 or 120 - 150.
2. EA-CSS-1 or EA-1OS (SS-1) Emulsified Asphalt.
3. AC-5 or AC-10 Asphalt.

2.02 ASPHALT CEMENT (GRADES RC AND PENETRATING ASPHALT):

A. Asphalt cement binders shall be un-cracked petroleum asphalts and shall be carefully refined, by steam, vacuum, or solvent, from asphaltic or semi-asphaltic base crude petroleum at a temperature not to exceed 700 degrees F. Asphalt cements shall be free from thermal decomposition products and shall not be blended with any materials which have been subjected to cracking or produced from a crude petroleum sources other than that of the original material. The asphalt cement shall not contain residues from non-asphaltic sources. Asphalt cement shall be homogenous, free of water, and shall not foam when heated to 350 degrees F.

B. Paving asphalt shall be classified by penetration or viscosity and shall conform to the requirements set forth in one of the following tables as designated by the ENGINEER. The CONTRACTOR may supply asphalt meeting the requirements of one of the following tables provided that he obtains prior approval of the ENGINEER and with the provision that once approval has been obtained, the CONTRACTOR will remain with that grade throughout the project.

TABLE 02620-1

Specification Designation	AASHTO Test Method	ASTM Test Method	85 to 100	120 to 100
Flash Point (Open Cup) Min.	T43	D92	450	450
Penetration of Original Sample at 77 degrees F.	T49	D5	85 to 100	120 to 150
Thin-Film Oven Loss, Hours at 325 degrees F. % Max.	T179	D1754	0.75	0.75
Test of Residue from Thin-Film Oven Test % of Orig. Pen., Min.	T49	D5	50	50
Ductility at 77 degrees F., cm. after Loss at 325 degrees F., Min.	T51	D113	100	100
Solubility in $CC1^4$ Min	T44*	None	99.5	99.5
Reaction to Spot Test.	T102**	None	-0-	-0-

* Procedure No. 1 with $CC1^4$ substituted for CS^2.

* * Using 85% Standard Naphtha Solvent and 15% Xylene.

TABLE 02620-2
REEEEQUIREMENTS FOR SPECIFICATIONS FOR ASPHALT CEMENT
VISCOSITY GRADED AT 14 DEGREES F.

	VISCOSITY GRADE			
	AC-5		AC-10	
	Min.	Max.	Min.	Max
Viscosity, 60C (140F), poises	500	-100	1000	-200
Viscosity, 135C (275F), Cs	200	-	250	-
Penetration, 25C (77F), 100g, 5 sec.	140	-	80	-
Flash Point, COC, C (F)	177 (350)	-	219 (425)	-
Solubility in trichlorethylene,	99.0	-	99.0	-
Tests on residue from Thin film Oven Test:				
Loss on heating, percent	-	1.0	-	0.5
Viscosity, 60C (140F) poises	-	2000	-	2000
Ductility, 25C (77F), 5 cm per minute, cm	100	-	75	-
Spot test (when and as specified)[2] with:				
Standard naphtha solvent			Negative for all grades	
Naphtha-Xylene solvent, % Xylene			Negative for all grades	
Heptane-Xylene solvent, % Xylene			Negative for all grades	

[1] If ductility is less than 100, material will be accepted if ductility at 15.5C (60F) is 100.

[2] The use of the spot test is optional, when it is specified, the ENGINEER shall indicate whether the standard naphtha solvent, or the heptane-xylene solvent will be used in determining compliance with the requirement, and also, in the case of xylene solvents, the percentage of xylene to be used.

2.03 EMULSIFIED ASPHALTS:

A. Emulsified asphalts shall be composed of a paving asphalt base uniformly emulsified with water and an emulsifying or stabilizing agent. They shall be homogeneous throughout. Emulsified asphalt shall be classified as rapid-setting, medium-setting, or slow-setting type in either anionic or cationic emulsions.

B. The emulsified asphalt shall conform to the requirements asphalt shall conform to the requirements set forth in the following tables:

TABLE 02620-3
REQUIREMENTS FOR EMULSIFIED ASPHALT

ANIONIC EMULSION

* Applies only when ENGINEER designates material for winter use.

* The test requirement for settlement may be waived when the emulsified asphalt is used in less than 5 days' time; or the Owner may require that the settlement test be run from the time the sample is received until it is used, if the elapse is less than 5 days.

** The 24-h (1-day) storage stability test may be used instead of the 5-day settlement test.

*** The demulsibility test shall be made within 30 days from date of shipment.

C. Unless otherwise specified, the various grades of emulsified asphalt shall be applied at temperatures within the limits specified below, the exact temperature to be determined by the ENGINEER. Emulsified asphalt shall be reheated, if necessary, but at no time after loading into a tank, car or truck for transportation from the refinery to the purchaser shall the temperature of the emulsion be raised above 185 degrees F. During all reheating operations the emulsified asphalt shall be agitated to prevent localized overheating. Emulsified asphalt shall not be permitted to cool to a temperature of less than 40 degrees F.

TABLE 02620-5
APPLICATION TEMPERATURE
OF EMULSIFIED ASPHALT

Grade	Mixing	Spraying
RS-1	Not used	70-140 deg. F.
A-HVRS, EA-CRS-2 CRS-1	Not used	125 - 185 deg. F.
EA-1OS, EA-CSS-1	50 - 160 deg. F.	70 - 140 deg. F.
EA-CSS-1	50 - 160 deg. F.	70 - 140 deg. F.

D. At the time of delivery of each shipment of asphalt, the vendor supplying the material shall deliver to the purchaser certified copies of the test report which shall indicated the name of the vendor, type and grade of asphalt delivered, date and point of delivery, quantity delivered, delivery ticket number, and results of the above-specified tests. The test report shall be of the above-specified tests. The test report shall be certified and signed by an authorized representative of the vendor that the product delivered conforms to the specifications for the type and grade indicated.

E. Until the certified test reports and samples of the material have been checked by the ENGINEER to determine their conformity with the prescribed requirements, the material to which such report related and any work in which it may have been incorporated as an integral component will be only tentatively accepted by the ENGINEER. Final acceptance will be dependant upon the determination of the ENGINEER that the material involved fulfills the requirements prescribed therefore. The certified test reports and the testing required in connection with the reports will be at the expense to the Contracting Agency.

PART 3 - EXECUTION

3.01 PREPARATION OF SURFACE TO BE TREATED:

A. Surface to be tacked shall be patched, cleaned and free of dirt, surface moisture, vegetation and any other deleterious materials or irregularities to provide a smooth, uniform surface.

B. Unstable corrugated areas shall be removed and replaced with suitable patching materials. Patching shall be completed at no cost to the COUNTY.

C. The edges of existing pavements adjacent to new surface shall be cleaned to permit adhesion of tack coat.

3.02 WEATHER LIMITATIONS:

A. Tack coat shall not be applied on a wet surface; during wet weather; after sunset; or when the ambient temperature is below 40 degrees F.

3.03 APPLICATION

A. Apply tack coat uniformly with a self-propelled, pressure distributor at a rate of 0.02 to 0.15 gallons per square yard as directed by the ENGINEER.

B. Roll tack coat with a self-propelled pneumatic tired roller weighing not less than 4 tons without ballast, to evenly distribute asphaltic material. Each tire shall have a contact pressure of not less than 90 pounds per square inch.

C. Rolling will not be required for emulsified asphalt tack coat.

D. Rolling shall be completed at no cost to the COUNTY

E. Tack coat shall be applied in such a manner as to offer the least inconvenience to traffic and to permit one-way traffic without pickup or tracking.

F. In no case shall the surface be tacked extend beyond what can be covered in the same day by surfacing courses.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. Asphaltic material for tack coat will be measured at point of delivery on project in gallons at the applied temperature.

4.02 PAYMENT:

A. Asphaltic material for tack coat will be measured at point of delivery on project in gallons at the applied temperature.

B. When not listed as a separate contract item, tack coat shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION 02780

FLAT WHEEL ROLLING

PART 1- GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of the compaction of subgrade, embankment, flexible base, surface treatments and asphalt surfaces by the operation of approved power roller as herein specified and as directed by the ENGINEER.

PART 2 - PRODUCTS

2.01 EQUIPMENT:

A. Embankments and Flexible Bases

1. Power rollers shall be of the 3-wheel, self-propelled type, weighing not less than 10 tons and shall provide a compression on the rear wheels of not less than 325 pounds per linear of wheel width. All wheels shall be flat.

2. The rear wheels shall have a diameter of not less than 48 inches and each shall have a wheel width of not less than 20 inches.

B. Surface Treatments and Pavements

1. Power rollers shall be the 3-wheel or tandem, self-propelled type, weighing not less than 3 tons nor more than 6 tons. All wheels shall be flat.

2. Rollers shall be equipped with an adequate scraping or cleaning device on each wheel.

3. Rollers used to compact asphalt mixture shall be equipped with a water system which will keep all tires uniformly wet.

4. In lieu of the rolling equipment specified, the CONTRACTOR may, upon written permission from the ENGINEER, operate other compacting in the same period of time as the specified equipment. If the substituted compaction within the same period of time as would be expected of the specified equipment, as determined by the ENGINEER, its use shall be discontinued.

5. Rollers shall be maintained in good repair and operating condition and shall be approved by the ENGINEER.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. Subgrades, Embankments and Flexible Base

1. The subgrade or embankment layer or the base course shall be sprinkled if directed and rolling with a power roller shall start longitudinally at the sides and proceed towards the center, overlapping on successive trips by at least 1/2 the width of the rear wheel of the power roller.

2. On super-elevated curves, rolling shall begin at the low sides and progress toward the high sides. Alternate trips of the roller shall be slightly different in length.

3. The rollers, unless otherwise directed, shall be operated at a speed between 2 and 3 miles per hour.

B. Surface Treatments and Pavements

1. Rolling shall be done to produce a satisfactory surface as called for in surface treatment and pavement items.

2. The sequence of work shall be as indicated for embankment layer or base course.

3. The operating speed shall be determined by the CONTRACTOR.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT AND PAYMENT:

A. No additional compensation will be made for materials, equipment or labor required by this item, but shall be considered incidental to the other items included in the contract.

*** * * END OF SECTION * * ***

SECTION 02782

PNEUMATIC TIRE ROLLING

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of the compaction of embankment, flexible base, surface treatments or pavements by the operation of approved pneumatic tire rollers.

PART 2 - PRODUCTS

2.01 GENERAL REQUIREMENTS:

A. When used on seal coats, asphaltic surface treatments and bituminous mixture pavements, the roller shall be self propelled and equipped with smooth tread tires with 45 psi tire pressure.

B. The roller shall be so constructed as to be capable of being operated in both a forward and a reverse direction.

C. When used on bituminous mixture pavements, the roller shall have suitable provision for moistening the surface of the tires while operating.

D. When turning is impractical or detrimental to the work and when specifically directed by the ENGINEER, the roller shall be of the self-propelled type.

E. In lieu of the rolling equipment specified, the CONTRACTOR may operate other compacting equipment that will produce equivalent relative compaction in the same period of time as the specified equipment. If the substituted compaction equipment fails to produce the desired compaction within the same period of time, its use shall be discontinued.

F. Rollers shall be maintained in good repair and operating condition and shall be approved by the ENGINEER.

2.02 LIGHT PNEUMATIC TIRE ROLLER:

A. The light pneumatic tire roller shall consist of not less than 9 pneumatic tire wheels, running on axles in such manner that the rear group of tires will cover the entire gap between adjacent tires of the forward group and mounted in a rigid frame and provided with a loading platform or body suitable for ballast loading.

B. The front axle shall be attached to the frame in such manner that the roller may be turned within a minimum circle.

C. The pneumatic tire roller under working conditions shall have an effective rolling width of approximately 60 inches and shall be so designed that by ballast loading the total load be varied uniformly from 9,000 pounds or less to 18,000 pounds or more.

D. The roller shall be equipped with tires that will afford ground contact pressures to 45 pounds per square inch or more. The operating load and tire air pressure shall be within the range of the manufacturer's chart. The roller under working conditions shall provide a uniform compression under all wheels.

E. Individuals tire inflation pressures shall be within +5 psi of each other.

F. The pneumatic tire roller shall be drawn by either a suitable crawler type tractor, a pneumatic tired tractor, a truck of adequate tractive effort or may be of the self-propelled type and the roller, when drawn or propelled by either type of equipment, shall be considered a light pneumatic tire roller unit.

2.03 MEDIUM PNEUMATIC TIRE ROLLER (TYPE A):

A. The medium pneumatic tire roller (Type A) shall consist of not less than 7 pneumatic tired wheels, running on axles in such manner that the rear group of tires will cover the entire gap between adjacent tires of the forward group and mounted in a rigid frame and provided with a loading platform or body suitable for ballast loading.

B. The front axles shall be attached to the frame in such a manner that the roller may be turned within a minimum circle. The pneumatic tire roller, under working conditions, shall have an effective rolling width of approximately 84 inches and shall be so designed that, by ballast loading, the total load may be varied uniformly from 23,500 pounds or less to 50,000 pounds or more.

C. The roller shall be equipped with tires that will afford ground contact pressures to 80 pounds per square inch or more. Individual tire inflation pressures shall be within +5 psi of each other.

D. The operating load and tire air pressure shall be within the range of the manufacturer's chart.

E. The pneumatic tire roller shall be drawn by either a suitable crawler type tractor, a pneumatic tired tractor, a truck of adequate tractive effort or may be of the self-propelled type.

F. The roller, when drawn or propelled by any type of equipment, shall be considered a medium pneumatic tire roller unit.

G. The power unit shall have adequate tractive effort to properly move the operating roller at variable uniform speeds up to approximately 5 miles per hour.

2.04 MEDIUM PNEUMATIC TIRE ROLLER (Type B):

A. The medium pneumatic tire roller (Type B) shall conform to the requirements for Medium Pneumatic Tire Roller (Type A) as specified above, except that the roller shall be equipped with tires that will afford ground contact pressures to 90 psi or more.

PART 3 -EXECUTION

3.01 CONSTRUCTION METHODS:

A. The embankment layer or the base course be sprinkled if directed and rolling with a pneumatic tire roller shall start longitudinally at the sides and proceed towards the center, overlapping on successive trips by at least 1/2 of width of the pneumatic tire roller.

B. On super-elevated curves, rolling shall begin at the low sides and progress towards the high sides.

C. Alternative trips of the roller shall be slightly different in length.

D. The light pneumatic tire roller shall be operated at speeds between 2 and 6 miles per hour for asphalt surfacing work and all other work.

E. The medium pneumatic tire roller shall be operated at speeds which produce a satisfactory product.

F. Sufficient rollers shall be provided to compact the material in a satisfactory manner. When operations are so isolated from one another that 1 roller unit cannot perform the required compaction satisfactorily, additional roller units shall be provided.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT AND PAYMENT:

A. No additional compensation will be made for materials, equipment or labor required by this item, but shall be considered subsidiary to the various items of the contract.

*** * * END OF SECTION * * ***

SECTION 02786

PROOF ROLLING

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION WORK:

A. This work shall consist of furnishing and operating heavy pneumatic tired compaction equipment for testing the compaction of embankment, sub-grade or flexible base.

B. Proof roll is to be used to locate unstable areas.

PART 2 - PRODUCTS

2.01 EQUIPMENT:

A. The proof rolling equipment shall consist of not less than 4 pneumatic tired wheels, running on axles carrying not more than 2 wheels and mounted in a rigid frame and provided with loading platform or body suitable for ballast loading.

B. All wheels shall be arranged so that they will carry approximately equal loads when operating on uneven surfaces.

C. The proof roller under working conditions shall have a rolling width of from 8 feet to 10 feet and shall be so designed that, by ballast loading, the gross load may be varied uniformly from 25 tons to 50 tons.

D. The tires shall be capable of operating under the various loads with variable air pressure up to 150 pounds per square inch. The operating load and tire pressure shall be within the range of the manufacturer's chart as directed by the ENGINEER.

E. The proof roller shall be drawn by a suitable crawler type tractor or rubber tire tractor of adequate tractive effort or may be of self-propelled type. There shall be a sufficient quantity of ballast available to load the equipment to a maximum gross weight of 50 tons.

F. Rubber tired tractive equipment shall be used on base courses.

G. Other type tractive equipment may be used on embankment sub-grade.

H. The heavy pneumatic tire roller unit shall be capable of turning 180 degrees in the crown width.

I. In lieu of the rolling equipment specified, the CONTRACTOR may, upon written permission from the ENGINEER, operate other equipment that will produce equivalent results as the specified equipment. If the substituted equipment fails to produces the desired results as would be expected of the specified equipment as determined by the ENGINEER, its use shall be discontinued.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS:

A. This work shall be done to proof all prepared sub-grades and flexible base courses or as directed by the ENGINEER.

B. On embankment compaction, each layer will be placed to specified thickness at optimum moisture and compacted with conventional equipment to comply with the requirements of the governing embankment item.

C. Prior to placing the overlaying course, the layer shall be proof rolled as directed by the ENGINEER.

D. When the operation of the proof rolling unit shows an area to be unstable or non-uniform, such area shall be brought to satisfactory stability and uniformity by additional compaction, by removal of unsuitable materials or replacement with suitable materials and re-compaction.

E. The surface tested shall then be checked for conformity with line and grade and any irregularities corrected.

F. Roller shall be operated at speeds between 2 and 6 miles per hour or as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT AND PAYMENT:

A. No additional payment will be made for the materials, equipment or labor required by this item, but shall be considered subsidiary to the various items included in the contract.

*** * * END OF SECTION * * ***

SECTION 03300

CAST-IN-PLACE-CONCRETE

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK COVERED:

A. Mixing, placing, finishing and providing all related services necessary to construct all cast-in-place concrete work indicated on plans.

1.02 QUALITY ASSURANCE:

A. Comply with the latest published edition of the American Concrete Institute (ACI) and American Society of Testing and Materials (ASTM) standards and codes:

1. ACI 315 - Manual of Standard Practice for Detailing.
2. ACI 318 - Building Code Requirements for Reinforced Concrete.
3. ACI 347 - Recommended Practice for Concrete Formwork.
4. ASTM A36 - Structural Steel.
5. ASTM C33 - Concrete Aggregates.
6. ASTM C39 - Concrete Strength of Molded Concrete Cylinders.
7. ASTM C94 - Ready-Mixed Concrete.
8. ASTM C143 - Slump of Portland Cement Concrete.
9. ASTM C150 - Portland Cement.
10. ASTM C309 - Liquid Membrance-Forming Compounds for Curing Concrete.
11. ACI 304 - Recommended Practice for Measuring, Mixing, Transporting and Placing Concrete.
12. ACI 301 - Specification for Structural Concrete for Building.

B. Submit compliance submittals as specified in Division 1, including but not limited to the following: bar schedule, bar details, shop drawings including size and location of openings, water stops, joint systems and curing method.

C. Submit proposed concrete mix proportions to ENGINEER prior to placing concrete.

PART 2 - PRODUCTS

2.01 PORTLAND CEMENT:

A. Type I, Type II or Type III conforming to ASTM C150 as modified by Texas Department of Highways and Public Transportation, 1982 Standard Specifications.

B. Type I or Type II cement may be used unless Type II is specified.

C. Except when Type II specified, Type III may be used when the anticipated air temperature for the succeeding 12 hours will not exceed 60□F.

D. Type III may be used in all precast pre-stressed concrete except in piling when Type II cement is required for substructure concrete.

E. All cement used in a monolithic placement shall be of the same type.

F. May be either bagged or bulk. Partially set or caked cement will be rejected.

G. All types of cements shall be "low-alkali" cements.

2.02 WATER:

A. Clear, fresh, free from injurious amounts of oil, alkaline, acid or organic matter or other deleterious substances and shall not contain more than 1000 parts per million of chlorides as CL nor more than 1000 parts per million of sulfates as SO_4.

B. The sand, or mixture of sand, comprising a single fine aggregate, shall consist of clean, hard, durable, un-coated grains and shall be essentially free from clay lumps, salt or alkali, and other foreign material.

C. The maximum permissible percentage, by weight, of deleterious substances shall not exceed the following:

Material removed by decantation	3.0%
Other deleterious substances such as coal, shale, coated grains and soft flaky particles	3.0%

An additional loss of 2% by decantation may be allowed, provided this new additional loss is material of the same quality as specified for fine aggregate or mineral filler.

D. Gradation, percent of weight retained:

Sieve Size	% Retained
3/8 inch	0
No. 4	0 - 5
No. 8	0 - 20
No. 16	0 - 50
No. 30	0 - 75
No. 50	0 - 90
No. 100	0 - 100
No. 200	0 - 100

E. Fineness Modulus: for Grade 1 only - 2.3 minimum, 3.1maximum.

F. Miner Filler:

1. May be added upon written authorization of ENGINEER.
2. Shall be stone dust or clean crushed sand, or other approved inert material.
3. Shall not exceed 5% of the fine aggregate.
4. Shall meet the following requirements:

Passing No. 30 sieve	95 to 100%
Passing No. 100 sieve	70 to 100%

2.04 COARSE AGGREGATE:

A. Crushed stone, gravel, crushed gravel, crushed blast furnace slag or a combination of these.

B. Gravel and crushed gravel shall consist of clean, hard durable particles, free from adherent coating, thin or elongated pieces, soft or disintegrated particles, dirt, organic or deleterious substances, salt or alkali, and other foreign material.

C. Crushed stone shall consist of the clean, dust free product resulting from crushing of stone. There shall be no adherent coatings, clay, loam organic or deleterious substance, salt or alkali, and other foreign material.

D. The maximum permissible percentage, by weight, of deleterious substances shall not exceed the following:

Material removed by decantation	1.0%
Shale, slate or other similar material	1.0%
Clay lumps	0.25%
Soft fragments	3.0%
Other deleterious substances, including friable, thin, elongated or laminated pieces	3.0%

E. Course aggregates shall have a percent wear of not more than 45 when tested in accordance with Test Method Tex-410-A.

F. Gradation, percent of weight retained on:

Grade No. 1 - Maximum Nominal Size 2 1/2 in. (63 MM)

Sieve	Percentage Retained
2 1/2 in.	0%
2 in.	0 - 20%
1 1/2 in.	15 - 50%
3/4 in.	60 - 80%
No. 4	95 - 100%

Grade No. 2 - Maximum Nominal Size 1 1/2 in. (37.5 mm)

Sieve	Percentage Retained
2 in.	0%
1 1/2 in.	0 - 5%
3/4 in.	30 - 65%
3/8 in.	7 - 90%
No. 4	95 - 100%

Grade No. 4 - Maximum Nominal Size 3/8 in. (9.5mm)

Sieve	Percentage Retained
1/2 in.	0 - 5%
3/8	5 - 30%
No. 4	75 - 100%

G. Gradation Requirements - maximum size of aggregate for structural concrete shall not exceed three inches, and shall be reduced in size to meet the following conditions:

1. One-sixth of the least dimension between forms of that part of the structure in which concrete is to be placed;
2. Three-fourths of the clear space between reinforcement.
3. The maximum size aggregate is defined as the clear space between the sides of the smallest square opening through which 95 percent of the weight of the aggregate can be passed.
4. Unless otherwise noted or restricted by above Grade No. 2, gradation shall be used.

2.05 PIT-RUN AGGREGATE:

A. Pit-run aggregate is the natural gravel and sand obtained from pits without the addition of other fine or curse aggregates, and shall consist of hard, durable, un-coated pebbles or stone particles mixed with sand.

B. Pit-run aggregate shall be free from lumps of clay and injurious amounts of dust, shale, soft or flaky particles, salt and alkali.

C. Pit-run aggregate shall not be used for high-strength concrete of 3000 psi and above.

E. Pit-run aggregate may be used only for concrete cushion, cradle and protection for pipe.

2.06 ADMIXTURES:

A. Concrete admixtures shall comply with Section 03320.

2.07 REINFORCING STEEL:

A. Reinforcing steel shall comply with Section 03320.

2.08 CURING MATERIALS:

A. Liquid Membrane: white pigmented chlorinated rubber, ASTM C309.

B. Liquid Membrane: resin base, clear compound, permitting application of paint, Servicised Products Corp. - Code 2802 or equal.

C. Plastic Film: white pigmented, 0.00085" (minimum) thick.

D. Burlap: jute fabric, lean, free of impurities.

E. Surface Hardener: gray crystal, acidic fluosilicate base, slightly hygroscopic chemical surface hardener, SIKA Chemical Corp. or equal.

2.09 JOINT MATERIALS:

A. Joint Sealer: hot poured, non-extruding, elastic, ASTM D1190.

B. Preformed Expansion Joint Filler: non-extruding, bituminous fiber, ASTM D1751.

2.10 WATERSTOP:

A, Polyvinyl chloride or rubber, center bulb.

B. Size to suit joints, minimum 6".

2.11 FORM MATERIALS:

A. Use plywood, metal, metal framed plywood faced or other acceptable panel-type material.

B. Coat forms with non-bonding, non-staining commercial compounds.

2.12 MOISTURE BARRIER:

A. Polyethylene sheet, minimum 8 mil., ASTM E154.

2.13 CONCRETE MIX DESIGN AND CONTROL:

A. Submit not less than 10 days prior to the start of concreting operations, to the ENGINEER.

1. Mix design, using a course aggregate factor acceptable to the Engineer.
2. Sufficient samples of all materials to be incorporated into the mix for testing.
3. Full description of the source of supply of each material component.

B. Course aggregate factor:

1. Not more than 0.82 when voids less than 48%.
2. Not more than 0.85 when voids exceed 48%.

3. Not less than 0.68.

C. No changes or deviations from proportions or sources of supply without approval of ENGINEER.

D. No concrete may be placed on the job site until the mix design has been approved by ENGINEER in writing to the CONTRACTOR.

2.14 CONCRETE QUALITY:

A. Consistency:

1. Mortar shall cling to the course aggregate.
2. The aggregate shall not segregate during transport.
3. The concrete and mortar shall show no free water when removed from the mixer.

B. The consistency should allow the completion of all finishing operations with the addition of water to the surface.

C. The concrete shall be uniform, workable, cohesive, possess satisfactory finishing qualities and be of the stiffest consistency that can be placed and vibrated into a homogeneous mass.

D. Excessive bleeding shall be avoided.

E. Slump requirements shall be as follows:

Structural Concrete	Avg. Slump	Max. Slump
(a) Cased Drilled Shafts and thin-walled Sections (9 inches or less)	4	5
(b) Slabs, Caps, Columns, Piers, Wall Sections Over 9 inches, etc.	3	4
(c) Slip Form Paving Underwater or seal concrete		2 1/2
(d) Rip-Rap, curb, Gutter and other Miscellaneous Concrete	As Specified	By Owner

Note: No concrete shall be permitted with slump in excess of the maximums shown. Any concrete mix failing to meet the above consistency requirements, although meeting the slump requirements shall be considered unsatisfactory; and the mix shall be changed to correct such unsatisfactory conditions.

F. The concrete shall comply with Table 1 below:

TABLE 1 - CLASSES OF CONCRETE

CLASS OF CONCRETE	MIN.-MAX. SX. CEMENT	MIN. BEAM STRENGTH 28-DAY PSI	MIN. BEAM STRENGTH 7-DAY PSI	MAX. WATER CEMENT RATIO ITEM 2.1.1.	COARSE NO.
A.	5.0	3000	500	6.5	2-3-4
B	4.0	2000	330	8.0	2-3-4
C*	6.0	3600	600	6.0	1-2-3-***
D	3.0	1500	250	11.0	2-3-4
E	6.0	3000	500	7.0	2-3
F	6.5	4200	700	5.5	2-3
H***	6.5-8.0	AS SPECIFIED ON PLANS	N/A	5.5	3

* Entrained Air:

** No. 1 course aggregate may be used in foundations only (except cased drilled shafts).

*** Pre-stressed Concrete.

**** ASTM C 293 (Center Point).

2.15 GROUT:

A. Non-Shrink:

1. Use pre-mix non-shrink, Embeco Premixed Grout or Embeco Pre Mixed Mortar by Master Builders Company or equal.
2. Keep water to a minimum for placing by the dry packing method.

B. Grout for Bonding:

1. 1 part cement to 1 1/2 parts sand by weight.
2. Keep water to a minimum.

PART 3 - EXECUTION

3.01 SUBGRADE:

A. Insure sub-grade is true to line and grade and compacted as specified.

B. Fill and re-compact any ruts or depressions.

C. Check cross section with a template.

D. Place moisture barrier or moisten sub-grade prior to placing of concrete. Method to be approved by the ENGINEER.

3.02 FORMS:

A. Provide forms for all concrete work including footings and base slabs.

B. Construct forms so that completed concrete will conform to shapes, lines, grades and dimensions indicated and required.

C. Forms shall be true, plumb and level with reasonable tight joints. Adequately support and brace forms.

D. Place anchors, inserts, bolts, sleeves and other device indicated or required for the various portions of all the work.

E. Oil temporary forms with non-staining form oil before reinforcing steel is placed.

F. Rough form finish as defined by ACI 301 permitted for concealed concrete.

G. Smooth form finish as defined by ACI 301 permitted for concealed concrete.

H. Provide 3/4 inch chamfer on exposed corners and edges, and 1-foot below ground level.

3.03 REMOVAL OF FORMS:

A. Do not remove forms or supports until concrete has acquired sufficient strength to safely support its own weight and the superimposed loads.

B. Mixing shall be done in a mixer of adequate size and type to produce uniform distribution of the material throughout the mass.

C. The mixer shall have a plate affixed showing the manufacturer's recommended operating data and it shall be operated within the speed and capacity limits stated thereon.

D. The absolute volume of the concrete batch shall not exceed the rated capacity of the mixer.

E. The entire contents of the drum shall be discharged before any materials are placed.

F. Improperly mixed concrete will not be placed.

G. The mixing time shall be in accordance with the recommendations of the mixer manufacturer.

H. Transix Mix Concrete:

1. Sufficient transit mix equipment shall be assigned exclusively to the project as required for continuous operation.
2. Satisfactory evidence shall be furnished so that the delivery of concrete shall be continuous at regular and uniform intervals, without stoppage or interruption.
3. Concrete shall not be placed on the job after a period of 1 hours after the cement has been placed in the mixer, with mixer turning; 30 minutes without mixer turning.

I. Continuous Volummetric Mix Concrete:

1. A mobile, continuous, Volummetric mixer of the rotating puddle type may be used for when approved by ENGINEER.
2. Mixers shall be designed to receive all the concrete ingredients, including admixtures, required by the mix design in a continuous uniform rate and mix them to the required consistency before discharging.
3. The mixers shall adequate water supply and metering devices.
4. Calibration of these mixers will be required.

3.04 PLACING CONCRETE:

A. The minimum temperature of all concrete at the time of placement shall not be less than 50□ F.

B. Clean transporting equipment, reinforcing and embedded items before placing concrete.

C. Batch trucks or paving equipment not permitted on prepared sub-grade unless authorized by the ENGINEER based on actual job conditions.

D. Place no concrete until after inspection of forms by ENGINEER.

E. The maximum time interval between the addition of cement to the batch, and the placing of concrete in the forms shall not exceed the following:

AIR OR CONCRETE TEMPERATURE	NON-AGITATED CONCRETE	MAXIMUM TIME
80 deg. F or Above	(26.6 deg. C)	15 minutes
35 deg. F or 79 deg. F	(1.6 to 26.1 deg. C)	30 minutes
	AGITATED CONCRETE	
90 deg. F or Above	(32.2 deg. C)	45 minutes
75 deg F to 89 deg. F	(23.9 to 31.6 deg. C)	60 minutes
35 deg. F to 74 deg. F	(1.6 to 23.3 deg. C)	90 minutes

F. Prevent segregation during placing.

G. Consolidate flat work with one pass of mechanical vibrator moving parallel to centerline. Unusual sections and widths may be hand puddled and finished.

H. Place concrete continuously so that each pour unit will be monolithic in construction and will terminate at expansion, contraction or construction joint. Permit not more than 30 minutes between depositing adjacent batches.

I. Place slab concrete over membrane waterproofing before waterproofing has become damaged or dirty.

J. Concrete placement will not be permitted when impending weather conditions will impair the quality of work.

K. Slope horizontal surfaces of exterior concrete for drainage.

L. Deposit concrete in forms in horizontal layers not deeper than 24 inches. Avoid inclined construction joints. Place each layer while preceding layer is still plastic to avoid cold joints.

M. Consolidate concrete by mechanical vibrating equipment supplemented by hand-spanding, rodding or tamping. Use equipment and procedures for consolidation of concrete in accordance with ACI 309.

N. Do not use vibrators to transport concrete inside of forms. Insert and withdraw vibrators vertically at uniformly spaced locations not farther than visible effectiveness of machine. Place vibrators to penetrate placed layer of concrete and at least 6 inches into preceding layer. Do not insert vibrators into lower layers of concrete that have begun to set. Limit vibration to time necessary to consolidate concrete and complete embedment of reinforcement and other embedded items without casing segregation of mix.

3.05 PLACING CONCRETE IN WATER:

A. Concrete shall be deposited in water only when specified on the plans or with written permission of the ENGINEER.

B. The forms or cofferdams shall be sufficiently tight to prevent any water current passing through the space in which the concrete is deposited.

C. Pump will not be permitted during the concrete placing, nor until it has set for at least 36 hours.

D. The concrete shall be placed with a tremie, closed bottom-dump bucket or other approved method.

E. The concrete shall not be allowed to fall freely through the water nor shall it be

disturbed after it has been placed. Its surface shall be kept approximately level during placement.

F. The tremie shall consist of a water tight tube 14 inches or less in diameter. It shall be constructed so that the bottom can be sealed and opened after it is in place and fully charged with concrete. It shall be supported so that it can be easily moved horizontally to cover all the work area and vertically to control the concrete flow. The lower end of the tremie shall be submerged in the concrete at all times.

G. Bottom-dump buckets used for underwater placing shall have a capacity of not less than one-half cubic yard. It shall be lowered gradually and carefully until it rests upon the concrete already gradually and carefully until it rests upon the concrete already placed and raised very slowly during the upward travel; the intent being to maintain still water at the point of discharge and to avoid agitating the mixture.

H. The placing operations shall be continuous until the work is complete.

I. Unless otherwise specified all concrete placed under water, except seal concrete, shall contain an additional sack of cement per cubic yard.

3.06 JOINTS:

A. CONTRACTOR:

1. Extend entirely across flat slabs at locations shown.
2. Location where not shown; maximum spacing is:
   a. Driveways: 10'
   b. Sidewalks: 4'
   c. Other flat slabs: 20 times slab thickness.
3. Saw depth not less than 1/4 slab thickness.

B. Expansion:

1. Install where shown on the plans.
2. Locations where not shown: all structures and features which project through, into or against slab.
3. Install according to manufacturer's recommendations, set material securely before placing concrete.
4. Install 1 inch width unless shown otherwise.

C. Filling Joints:

1. Fill not later than 14 days after sawing.
2. Fill immediately following cleaning.
3. Fill to 1/8" of surface.
4. Remove excess while material is still pliable.
5. Refill low areas where necessary.
6. Omit filling sidewalk joints.

3.07 FINISHING EXTERIOR FLAT WORK:

A. Strike off and float as required.

B. Check surface with ten foot straight edge, maximum variance allowed - 1/8".

C. Drag concrete surface longitudinally with double thickness burlap drag after completion of straight edging unless noted otherwise.

D. Use edger on edges of slab.

3.08 CURING:

A. CONTRACTOR shall inform the ENGINEER fully of the methods and procedures proposed for curing; shall provide proper equipment and material in adequate amounts; shall have approval of the proposed method, equipment and material prior to placing concrete.

B. All concrete shall be cured for a period of 4 curing days except as noted herein.

EXCEPTIONS TO 4-DAY CURING

Description	**Required Curing**
Upper Surfaces of Bridge Roadway, Median and Sidewalk Slabs and Top Slabs of Direct Traffic Culverts	8 Curing Days

A curing day is defined as a calendar day when the ambient temperature, taken in the shade

*** * * END OF SECTION * * ***

SECTION 03320

CONCRETE ADMIXTURES

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This work shall consist of furnishing materials for use as admixtures in concrete.

PART 2 - PRODUCTS

2.01 AIR ENTRAINING ADMIXTURE

A. An "Air Entraining Admixture" is defined as a material which, when added to a concrete mixture in the correct quantity, will entrain uniformly dispersed microscopic air.

B. This admixture shall conform to ASTM C 260, modified as follows:

1. The cement used in any series of tests shall be either the cement proposed for specific work or a reference" Type I cement from one mill.

2. Unless otherwise indicated, the minimum relative durability factor shall be 80.

C. The air entraining admixture used in the reference concrete shall be high quality neutralized Vinsol Resin.

2.02 WATER - REDUCING, RETARDING ADMIXTURE

A. A "Water-reducing, Retarding Admixture" is defined as a material which, when added to a concrete mixture in the correct quantity, will reduce the quantity of mixing water required to produce concrete of a given consistency and retard the initial set of the concrete.

B. This mixture shall conform to ASTM C 494, Type A or D, modified as follows:

1. The water-reducing retarder shall retard the initial set of the plastic concrete a minimum of 2 hour and a maximum of 4 hours when the materials are at a temperature of 90 F, the dosage rate specified by the manufacturer.

2. The cement used in any series of tests shall be either the cement proposed for specific work or a "reference" Type I cement for one mill.

3. All concrete tested shall contain entrained air.

2.03 WATER-REDUCING ADMIXTURE

A. "Water-reducing Admixture" is defined as a material which when added to a concrete mixture in the correct quantity, will reduce the quantity of mixing water required to produce concrete of a given consistency and required strength.

B. This admixture shall conform to ASTM C 494, Type A.

2.04 ACCELERATING ADMIXTURE

A. In "Accelerating Admixture" is defined as an admixture that accelerates the setting time and the early strength development of concrete.

B. This admixture shall conform to ASTM C 494, Type C, modified as follows:

1. This accelerating admixture will contain no chlorides and shall be used in the liquid for only.

2.05 HIGH RANGE WATER REDUCING ADMIXTURES

A. A "High-range Water Reducing Admixture," referred to as a super plaster size, is defined as a synthetic polymer material which, when added to a low slump concrete mixture increases the slump without segregation, impermeability and durability of the mix.

B. This admixture shall conform to ASTM C 494, Type F or G, modified as follows:

1. It shall reduce the required water by a minimum of 15 percent.

2. It shall increase the 7 day compressive strength of the concrete by a minimum of 25 percent.

C. The admixture when added to the mix shall produce the following:

1. Modify a low slump concrete, without the addition of water, to produce a slump which conforms to the range indicated.

2. It shall prevent a temperature rise of the mix above 100 F during high ambient conditions.

3. It shall not increase the chloride content of mix.

2.06 CERTIFICATION

A. The CONTRACTOR shall submit the name of the admixture proposed and manufacturer's certification that products selected meet the requirements of this item and of ADTM C 260 and C 494 as required.

B. If more than one admixture is proposed in the concrete mix, a statement of compatibility of components shall accompany certification.

C. The ENGINEER may request additional information to be submitted such as infrared spectrophotometry scan, solids content, ph value, etc., for further identification.

D. A change in formulation discovered by any of the tests prescribed herein or other means and not reported and re-tested, may be cause to permanently bar the manufacturer from furnishing admixtures for COUNTY work.

E. The ENGINEER reserves the right to perform any or all of the tests required by ASTM C 260 and C 494 as a check on the tests reported by the manufacturer.

F. In case of any variance, the ENGINEER tests will govern.

2.07 APPROVAL

A. The ENGINEER shall approve all admixtures and dosage. Approval of admixtures shall be based on previous performance of the admixture.

B. The dosage will be determined from the manufacturer's recommendations, trial mixes or current job approved mix designs, if it is shown that no substantial change in any of the proposed ingredients has been made.

C. Should the CONTRACTOR desire to change the admixture or dosage approved during the progress of the work, the CONTRACTOR shall perform trial mixes at his own expense and submit the new mix design for approval.

PART 3 - EXECUTION

3.01 CONSTRUCTION METHODS

A. No concrete shall be delivered to the project until the mix design is approved. All concrete delivered shall conform to the approved job mix formula. Unless otherwise indicated, all concrete shall be air entrained. All admixtures will be added at the Batch Plant. All admixtures shall be in the liquid state. No admixtures shall be dispensed on dry aggregates. Each admixture shall be dispensed separately, but at the same time as the mixing water.

B. An approved job mix formula for normal hot weather concreting may not perform satisfactorily for extended retardation, in which case its use will not be permitted.

C. The rotation of the mixer shall be sufficient to thoroughly mix the admixture into the concrete.

D. Admixtures shall be agitated as required to prevent separation or sedimentation of solids. Air agitation of Neutralized Vinsol Resin will not be permitted.

E. Normally air entraining agents shall be charged into the mixer at the beginning of

the batch and retarding or water reducing admixtures shall be charged into the mixer during the last part (approximately 1/3) of the batch when an air-entraining agent is used.

F. Accelerating admixtures will not be used only on the written approval of ENGINEER. Accelerating admixtures will not be permitted in bridge decks, direct traffic culvert slabs at any time nor when Type II cement is specified.

G. All admixtures shall be of the same brand from only one manufacturer for the entire project, unless otherwise approved by the ENGINEER.

H. Accelerators will be used only to meet special project requirements and will require the approval of the ENGINEER.

I. For individual placements of concrete of 25 cubic yards or more and for all ready-mix concrete, the admixture shall be measured and dispensed by a readily adjustable dispenser. When set to a predetermined volume, the dispenser shall fill to the preset amount and hold it positively without leakage until the operator releases the content into the mixing water by some positive means. Unless otherwise indicated, completely automatic dispensing will not be required, except for use with a full automatic plant.

J. The calibrated container shall be a measuring reservoir of the type where the level of the admixture is visible at all times. A strip gauge with one ounce increments for air entraining admixtures, ten ounce increments for dispersing admixtures, shall be attached securely to the measuring apparatus. This strip shall be a material possessing weather resistant qualities. The accuracy equipment shall visibly show the total amount to be dispensed for ready check by the ENGINEER.

K. When individual placements of less than 25 cubic yards and with the concrete batched on the job site, the ENGINEER may waive the requirements for mechanical dispensing equipment.

L. When high range water reducing admixtures are indicated the following will be observed:

1. Ready-mixed concrete shall be delivered in transit mixers and the capacity of the transit mixture shall be reduced for each bath by 25 percent of the rated capacity to assure proper mixing.

2. If during the placement of concrete, a change in slump resulting in a slump loss in excess of 3 inches is noted, the remaining concrete shall be rejected.

3. The addition of water will not be permitted at the job site.

4. Only one liquid admixture shall be used to achieve the desired results, except where air entrainment is indicated, the air entrainment agent will be permitted.

5. The concrete design shall meet the following requirements:

ITEM	TEST	VALUE
Air entrainment	ASTM C 260	3 to 6 percent
High range water reducing Admixture	ASTM C 494 Type F or G	
Water cement ratio Gal/.Sack Max.		6.25
Minimum cement content in Sacks (94 lb. sack)		6.0
Coarse aggregate factor		6.5
Slump Maximum, inches		10
Flexural strength @ 7 days, psi		650
Maximum concrete temperature F		100

PART 4 - MEASUREMENT AND PAYMENT

4.01 No additional compensation will be made for the materials, equipment test or methods required by this item, but shall be considered subsidiary to various items included in the contract.

*** * * END OF SECTION * * ***

SECTION 03330

REINFORCING STEEL

PART 1 - GENERAL

1.01 This work shall consist of the furnishing and placing of reinforcing steel, deformed and smooth, of the size and quantity indicated and in accordance with these specifications.

PART 2 - PRODUCTS

2.01 BARS:

A. Bar reinforcement shall be deformed and shall conform to ASTM A 615, A 616, Grades 40, 60, or 75 and shall be open-hearth, basic oxygen or electric furnace new billet steel, unless otherwise indicated. Large diameter new billet steel (Nos. 14 and 18), Grade 75, will be permitted for straight bars only.

B. Where bending of bar sizes No. 14 or No. 18 of Grades 40 or 60 is required, bend testing shall be performed on representative specimens as described for smaller bars in the applicable ASTM specification. the required bend shall be 90 degrees at a minimum temperature of 60 F around a pin having a diameter of 10 times the nominal diameter of the bar and shall be free of cracking.

C. Spiral reinforcement shall be either smooth or deformed bars or wire of the minimum diameter indicated. Bars for spiral reinforcement shall comply with ASTM A 675, A 615, or A 617. Wire shall comply with ASTM A 82. The minimum yield strength for spiral reinforcement shall be 40,000 psi.

D. In cases where the provisions of this item are in conflict with the provisions of the ASTM Designation to which reference is made, the provisions of this item shall govern.

E. Report of chemical analysis showing the percentages of carbon, manganese, phosphorus and sulfur will be required for all reinforcing steel when it is to be welded, except for drill shafts. No tack welding will be allowed. All welding shall conform to the requirements of AWS D-1-72.

F. The nominal size and area and the theoretical weight (lbs.) of reinforcing steel bars covered by these specifications are as follows:

BAR SIZE NUMBER	NOMINAL DIAMETER INCHES	NOMINAL AREA SQUARE INCHES	WEIGHT PER LINEAR FOOT
2	0.250	0.05	0.167
3	0.375	0.11	0.376
4	0.500	0.20	0.668
5	0.625	0.31	1.043
6	0.750	0.44	1.502
7	0.875	0.60	2.044
8	1.000	0.79	2.670
9	1.128	1.00	3.400
10	1.270	1.27	4.303
11	1.410	1.56	5.313
14	1.693	2.25	7.65
18	2.257	4.00	13.60

G. Smooth bars, larger than No. 4, may be steel conforming to the above or may be furnished in any steel that meets the physical requirements of ASTM A36.

H. Smooth, around bars shall be designated by size number through No. 4. Smooth bars above No. 4 shall be designated by diameter in inches.

2.03 WELDED WIRE FABRIC:

A. Wire for fabric reinforcement shall be cold-drawn from rods hot-rolled from open-hearth, basic oxygen or electric furnace billet. Wire shall conform to the requirements of the standard Specifications for Cold-Drawn Steel Wire for concrete Reinforcement, ASTM A82 or A496. Wire fabric, when used as reinforcement, shall conform to ASTM A 185 or A 497.

B. When wire is ordered by size numbers, the following relations between size number, diameter in inches and area shall apply unless otherwise indicated.

SIZE W NUMBER	NOMINAL DIAMETER (INCH)	NOMINAL AREA SQUARE INCHES
31	0.628	0.310
30	0.618	0.300
28	0.597	0.280
26	0.75	0.260
24	0.553	0.240
22	0.529	0.220
20	0.505	0.200
18	0.479	0.180
16	0.451	1.160
14	0.391	0.140
12	0.391	0.120
10	0.357	0.100
8	0.319	0.080
7	0.299	0.070
6	0.276	0.060
5.5	0.265	0.055
5	0.252	0.050
4.5	0.239	0.045
4	0.226	0.040
3.5	0.211	0.035
3	0.195	0.030
2.5	0.178	0.025
2	0.160	0.020
1.5	0.138	0.015
1.2	0.124	0.012
1	0.113	0.010
0.5	0.080	0.005

C. When deformed wire is required, the size number shall be preceded by D and for smooth wire the prefix shall be shown.

2.04 CHAIRS AND SUPPORTS:

A. Chairs and Supports shall be steel, precast mortar or concrete blocks cast in molds meeting the approval of the ENGINEER of sufficient strength to position the reinforcement as indicated when supporting the dead load of the reinforcement, the weight of the workers placing concrete and the weight of the concrete bearing on the steel.

B. Chairs shall be plastic coated when indicated.

C. Chair types and uses shall be as follows:

Chair Types and Applicable Uses

Structural or Architectural Elements (columns, beams, walls, slabs)exposed to weather, and subject to sand blasting, water blasting or grinding.	Galvanized steel or steel chairs with plastic coated feet.
Structural or Architectural Elements exposed to weather and subject to sand blasting, water blasting or grinding.	Stainless steel chairs.
Structural or Architectural Elements not exposed to weather or corrosive condition.	Uncoated steel chairs.

Slabs and grade beams cast on grade. Steel chairs with a base with 9 inch^2 minimum area or sufficient area to prevent the chair from sinking into fill or sub-grade. Precast mortar or concrete blocks meeting the requirements of this item may be used.

2.05 BENDING:

A. The reinforcement shall be bent cold, true to the shapes indicated. Bending shall preferable be done in the shop.

B. Irregularities in bending shall be cause for rejection.

C. Unless otherwise indicated, the inside diameter of bar bends, in terms of the nominal bar diameter (d), shall be as follows:

1. Bends of 90 degrees and greater in stirrups, ties and other secondary bars that enclose another bar in the bend.

Bar Number	Grade 40	Grade 60
3, 4, 5	3d	4d
6, 7, 8	4d	5d

2. All bends in main bars and in secondary bars not covered above:

Bar Number	Grade 40	Grade 60	Grade 75	
3 thru 8	6d	6d	--	
9, 10	8d	8d	--	
11	8d	8d	8d	
14, 18	10d	10d	--	

2.06 STORAGE:

A. Steel reinforcement shall be stored above the surface of the ground upon platforms, skids or other supports and shall be protected as far as practicable from mechanical injury and surface deterioration caused by exposure to conditions producing rust.

B. When placed in the work, reinforcement shall be free from dirt, paint, grease, oil or other foreign materials. Reinforcement shall be free from injurious defects such as cracks and laminations.

C. Rust, surface seams, surface irregularities or mill scale will not be cause for rejection, provided the minimum dimensions, cross sectional area and tensile properties of a hand wire brushed specimen meets the physical requirements for the size and grade of steel indicated.

2.07 SPLICES:

A. No splicing of bars, except when indicated or specified herein, will be permitted without written approval of the ENGINEER.

B. No substitution of bars will be allowed without the approval of the ENGINEER. Any splicing of substituted bars shall conform to Table 03330-1.

C. Splices not indicated will be permitted in slabs no more than 15 inches in thickness, columns, walls and parapets, but not included for measurement, subject to the following:

1. Splices will not be permitted in bars 30 feet or less in plan length.
2. For bars exceeding 30 feet in plan length, the distance center to center of splices shall not be less than 30 feet minus 1 splice length, with no more than 1 individual bar length less than 10 feet.

3. Splices not indicated, but permitted hereby, shall conform to Table 03330-1. The specified concrete cover shall be maintained at such splices and the bars placed in contact and securely tied together.

TABLE 03330-1

Minimum Lap Requirements

Bar Number	Grade 40	Grade 60
3	1 foot 0 inches	1 foot 0 inches
4	1 foot 2 inches	1 foot 9 inches
5	1 foot 5 inches	2 feet 2 inches
6	1 foot 9 inches	2 feet 7 inches
7	2 feet 4 inches	3 feet 5 inches
No. 8	3 feet 0 inches	4 feet 6 inches
No. 9	3 feet 10 inches	5 feet 8 inches
No. 10	4 feet 10 inches	7 feet 3 inches
No. 11	5 feet 11 inches	8 feet 11 inches

D. Spiral steel shall be lapped a minimum of 1 turn. Bar No. 14 and No. 18 may not be lapped.

E. Welding of reinforcing bars may be used only where indicated or as permitted herein. All welding operations, processes, equipment, materials, workmanship and inspection shall conform to the requirements indicated. All splices shall be of such dimension and character as to develop the full strength of the bar being spliced.

F. End preparation for butt welding reinforcing bars shall be done in the field, except Bar No. 6 and larger shall be done in the shop. Delivered bars shall be of sufficient length to permit this practice.

G. For box culvert extensions with less than 1 foot of fill, the existing longitudinal bars shall have a lap with the new bars as shown in Table 03330-1.

H. For box extensions with more than 1 foot of fill, a minimum lap of 6 inches will be required.

I. Unless otherwise indicated, dowel bars transferring tensile stress shall have a minimum embedment equal to the minimum lap requirements shown in Table 03330-1.

J. Shear transfer dowels shall have a minimum embedment of 12 inches.

PART 3 - EXECUTION

3.01 PLACING:

A. Reinforcement shall be placed as near as possible in the position indicated. Unless otherwise indicated, dimensions shown for reinforcement are to the centers of the bars.

B. In the plane of the steel parallel to the nearest surface of concrete, bars shall not vary from plan placement by more than 1/12 of the spacing between bars. In the plane of the steel perpendicular to the nearest surface of concrete, bars shall not vary from plan placement by more than 1/4 inch.

C. Cover of concrete to the nearest surface of steel shall be as follows:

ITEM	MINIMUM COVER INCHES
1. Concrete cast against and permanently exposed to earth.	3
2. Concrete exposed to earth or weather:	
Bar No. 6 through 18 bars	2
Bar No. 5, W31 or D31 wire and smaller	1 1/2
3. Concrete not exposed to weather or in contact with ground:	
Slabs, walls, joists:	
Bar No. 14 and 18	1 1/2
Bar No. 11 and smaller	1
Beams, columns:	
Primary reinforcement, ties, stirrups, spirals	1 1/2
Shells, folded plate members:	
Bar No. 6 and larger	1
Bar No. 5, W31 or D31 wire, and smaller	1

D. Vertical stirrups shall always pass around the main tension members and be attached securely thereto. The reinforcing steel shall be spaced its required distance from the form surface by means of approved galvanized metal spacers, metal spacers with plastic coated tips, stainless steel spacers, plastic spacers or approved precast mortar or concrete blocks. For approval of plastic spacers on a project, representative samples of the plastic shall show no visible indications of deterioration after immersion in a 5 percent solution of sodium hydroxide for 120 hours.

E. All reinforcing steel shall be tied at all intersections, except that where spacing is less than 1 foot in each direction, alternate intersections only need be tied. For reinforcing steel cages for other structural members, the steel shall be tied at enough intersections to provide a rigid cage of steel. Mats of wire fabric shall overlap each other 1 full space as a minimum to maintain a uniform strength and shall be tied at the ends and edges.

F. Where prefabricated deformed wire mats are specified or if the CONTRACTOR requests, welded wire fabric may be substituted for a comparable area of steel reinforcing bar plan, subject to the approval of the ENGINEER.

G. A suitable tie wire shall be provided in each block, to be used for anchoring to the steel. Except in unusual cases and when specifically authorized by the ENGINEER, the size of the surface to be placed adjacent to the forms shall not exceed $2^{1/2}$ inches square or the equivalent thereof in cases where circular or rectangular areas are provided. Blocks shall be cast accurately the thickness required and the surface to be placed adjacent to the forms shall be a true plane, free of surface imperfections.

H. Reinforcement shall be supported and tied in such a manner that sufficiently rigid cage of steel is provided. If the cage is not adequately supported to resist settlement or floating upward of the steel overturning of truss bars or movement in any direction during concrete placement, permission to continue concrete placement will be withheld until corrective measures are taken. Sufficient measurements shall be made during concrete placement to insure compliance with the above.

I. No concrete shall be deposited until the ENGINEER has reviewed the placement of the reinforcing steel and all mortar, mud, dirt, etc, shall be cleaned from the reinforcement, forms, workers' boots and tools.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT

A. The measurement of quantities of reinforcement furnished and placed will be based on the calculated weight of the steel actually placed as indicated, with no allowance made for added bar lengths for splices requested by the CONTRACTOR nor for extra steel used when bars larger than those indicated or with a higher grade of steel are substituted with the permission of the ENGINEER.

B. Tie wires and supporting devices will not be included in the calculated weights.

C. The calculated weight of bar reinforcement will be determined using the theoretical bar weight set forth in this item.

D. Measurement required by a change in design will be computed as described above for the actual steel required to complete the work.

4.02 PAYMENT:

A. The accepted quantities of reinforcing steel will be paid for at the contract unit bid price per pound complete in place.

B. When not listed as a separate contract pay item, reinforcing steel shall be considered as incidental work, and the cost thereof shall be included in such contract pay item(s) as are provided in the proposal contract.

C. Compensation, whether by contract pay item or incidental work, will be for furnishing, bending, fabricating, welding and placing reinforcement, for all clips, blocks, metal spacers, ties, chairs, wire or other materials used for fastening reinforcement in place and for all tools, labor, equipment and incidentals necessary to complete the work.

*** * * END OF SECTION * * ***

SECTION 03336

DRIVEWAY REPAIRS

1.1. Description:

This item shall govern for driveways, with or without reinforcing steel, composed of portland cement concrete constructed on approved subgrade, foundation material or finished surface in accordance with the lines and grades established by the engineer and in conformance with details shown on the plans.

1.2. Materials:

Concrete shall be class "a" concrete meeting the requirement of the item "concrete for structures" or concrete as specified in the items of "concrete pavement" in TxDot 1982 specification.

Reinforcing steel, if required shall conform to the requirements of the item "reinforcing steel".

1.3. Construction Methods:

The subgrade foundation, or pavement surface shall be shaped to lines, grades, and cross sections, hand tamped and sprinkled. If dry, the subgrade or foundation material shall be sprinkled lightly immediately before concrete is deposited thereon.

Outside forms shall be of wood or metal, of a section satisfactory to the engineer, straight, free of warp and of a depth equal to the depth required. They shall be securely staked to line and grade, and maintained in a true position during the depositing of concrete.

The reinforcing steel, if required, shall be placed in position as required by the plans. Care shall be exercised to keep all steel in its proper location.

After the concrete has been struck off and after it has become sufficiently set, the exposed surfaces shall be thoroughly worked with a wooden float.

Where driveway abut a curb or retaining wall, approved expansion material shall be placed along their entire length. Similar expansion material shall be placed around all obstruction protruding through driveways.

*** * * END OF SECTION * * ***

SECTION 09100

CONSTRUCTION TRAFFIC CONTROL

PART 1 - GENERAL

1.01 GENERAL DESCRIPTION OF WORK:

A. This item shall consist of the construction, manipulation, maintenance and removal, if required, of detours of the length and to the lines, grades, and typical sections indicated and providing for installing, moving, replacing, maintaining, cleaning and removing upon completion of the work, as required, all detour markers, signs, barricades and other devices used in traffic control and handling at the construction site as indicated or as directed by the ENGINEER.

B. This item shall also consist of providing, installing, moving, replacing, maintaining, cleaning and removing temporary or permanent street closure barricades, signs or other devices required to handle the traffic in conformance with the current edition of the Texas Manual of Uniform Traffic Control Devices for Street and Highways and as indicated or directed by the ENGINEER.

PART 2 - PRODUCTS

2.01 CONSTRUCTION TRAFFIC CONTROL SIGNS:

A. Construction traffic control signs shall conform to the provisions of Section 9000 except as noted in the plans or as directed by the ENGINEER.

B. Construction traffic control signs used herein shall be fabricated using sheeting conforming to the requirements of Table 9000-3.

C. The substrate for construction signs need only be sufficiently durable to last the life of the project and sufficiently rigid to hold the sheeting in a flat plane.

2.02 SIGN SUPPORTS:

A. Supports for construction traffic control signs shall be grade #2 fir or yellow pine, pressure treated with pentachlorophenol.

B. Supports shall have a minimum nominal size of 4-inches x 4-inches and conform to the details shown on the plans.

2.03 PORTABLE SIGN SUPPORT:

A. Materials for portable sign supports shall comply with the details shown on the plans. Portable sign supports other than those shown on the plans shall be submitted to the Project Manager for approval prior to use.

2.04 BARRICADES:

A. Barricades shall be classified as Type I, Type II, or Type III and shall comply with the details shown on the plans and the TMUTCD.

B. Barricade rails shall be fabricated using S4S grade #2 fir or yellow pine and reflectorized sheeting conforming to the requirements shown in Table 9000-3.

2.05 VERTICAL PANELS:

A. Materials for vertical panels shall conform to the details shown on the plans. Vertical panels shall be reflectorized with orange and white reflective sheeting or tape in accordance with the requirements of the TMUTCD and Table 9000-3.

2.06 CONSTRUCTION TRAFFIC MARKINGS:

A. Construction traffic markings shall comply with Section 9990 and the details shown in the plans.

2.07 ABBREVIATED PAVEMENT MARKINGS FOR CONSTRUCTION:

A. The pavement-marking material shall consist of an adhesive-backed reflective tape which can be applied to the pavement. Markings shall be of goof appearance, have straight, unbroken edges and have a color that complies with all federal regulations.

1. COLOR

a) The markings, as well as retroreflected light from the markings, shall be white or yellow as indicated.

2. VISIBILITY

a) The pavement markings (during daylight hours) shall be distinctively visible for a minimum of 300 feet unless sight distance is restricted by geometric roadway features.

b) The pavement markings (when illuminated by automobile low beam headlights at night) shall be distinctly visible for a minimum of 160 feet unless sight distance is restricted by geometric features.

c) The above day and night visibility requirements shall be met when viewed from an automobile traveling on the roadway.

2.08 CHANNELIZATION DEVICES:

A. BARRELS

1. Barrels shall be of metal or nonmetal composition approved by the ENGINEER and of 30 to 55 gallon capacity. Only one size may be used on the project. The barrels shall be reflectorized with orange and white reflective sheeting or tape in accordance with the requirements of TMUTCD and Table 9000-3. The markings on the barrels shall be horizontal, circumferential, orange wide. There shall be a minimum of 55 alternating orange and white stripes on each barrel. Barrels shall also conform to the details shown on the plans.
2. Type "B" barrels shall be equipped with either Type "A" low intensity or Type "C" steady- burn warning lights complying with the provisions to TMUTCD and the ITE standard for flashing and steady-burn lights. The use warning lights shall be as directed by the ENGINEER.

B. TRAFFIC CONES

1. Traffic cones shall conform to the details shown on the plans.

C. TUBULAR TRAFFIC MARKERS

1. POST

a) The post shall be of a thermoplastic or pliable elastomer composition meeting the manufacturer's requirements.
b) Dimensions:

Outside Diameter ..... 2.23 inches to 4 inches
Wall Thickness ..... 0.125 inch minimum
Length ..... 18 to 36 inches
Color ..... Orange

2. BASE

a) The base shall be of a thermoplastic or pliable elastomer composition meeting the manufacturer's requirements.
b) Dimensions:

Height ..... 1/2 to 2 inches
Outside Diameter ..... 7 to 12 inches
Color ..... black or same color as post

3. ASSEMBLY UNITS

a) Assembly units which are inherent with the particular marker shall be as per manufacturer's recommendations.

4. ADHESIVES

a) Adhesive shall be epoxy type (permanent installation or butyl type (temporary installation) as per manufacturer's recommendations.

b) Other methods approved by the ENGINEER prior to initiating the work may be used; however, said approval does not abrogate the CONTRACTOR'S responsibility of effecting the temporary or permanent installation.

5. REFLECTORIZATION

a) If used at night, tubular traffic markers shall have two 3-inch, circumferential reflective bands, no more than 2-inches from the top with no more than 6-inches separating the bands. Reflective material shall be SIA-250 or higher sheeting conforming to the provisions of Section 9000. The color of reflective material shall be as shown in the plans.

2.09 SEQUENTIAL ARROW DISPLAYS

A. Sequential arrow displays shall be sequentially lighted and roof or trailer mounted. The minimum panel size shall be 30-inches high an 54-inches wide. The display shall have 22 hooded sealed beam amber lamps rated at a maximum intensity of 8800 candlepower.

B. Light intensity shall be adjustable by dimmer switch. The operating modes shall be as follows:

1. Pass Left. 3 chevrons of 5 lamps each sequence in right to left pattern 40 to 50 times per minute.
2. Pass Right. 3 chevrons of 5 lamps each sequence in left to right pattern 40 to 50 times per minute.
3. Pass Either Side. The two outermost chevrons on each end of the panel pointing like arrowheads and flashing 40 to 50 times per minute with crossing row of lamps burning continuously.
4. Warning. 4 lamps, one at each corner of the panel, flashing 40 to 50 times per minute.

2.10 MATERIALS FOR CONSTRUCTION DETOURS

A. FLEXIBLE BASE

1. Flexible base shall conform to Section 2601.

B. ASPHALT TREATED BASE

1. Asphalt treated base shall conform to Section 2604.

C. PRIME COAT

1. Prime Coat shall conform to Section 2610.

D. TACK COAT

1. Tack Coat shall conform to Section 2620.

E. SEAL COAT

1. Seal Coat shall conform to Section 2617 or Section 2645.

F. HOT MIX ASPHALTIC CONCRETE PAVEMENT

1. Hot Mix shall be Type D conforming to Section 2612.

G. SEEDING

1. Seeding shall conform to Section 0000.

PART 3 - EXECUTION

3.01 CONSTRUCTION TRAFFIC CONTROL SIGNS AND SIGN SUPPORTS:

A. Construction traffic control signs and sign supports shall be installed at locations noted on the plans in conformance with the TMUTCD or as directed by the ENGINEER.

3.02 PORTABLE SIGN SUPPORTS:

A. Portable sign supports for traffic control devices for detours shall be furnished by the CONTRACTOR, shall be installed at the locations shown on the plans, unless otherwise shown on the plans, and shall remain the property of the CONTRACTOR.

B. Unless otherwise specified, portable sign supports shall be of the dimensions shown on the plans.

3.03 BARRICADES:

A. Barricades shall be installed in conformity with the details noted on the plans or as directed by the ENGINEER.

3.04 VERTICAL PANELS:

A. Vertical panels shall be installed in conformity with the details noted on the plans or as directed by the ENGINEER.

3.05 CONSTRUCTION TRAFFIC MARKINGS:

A. Construction traffic markings shall be installed in conformity with Section 9990 and the details shown on the plans or as directed by the ENGINEER.

3.06 ABBREVIATED PAVEMENT MARKING FOR CONSTRUCTION:

A. Abbreviated markings meeting all specification requirements shall be in place on all roadways on which traffic is allowed and where suitable standard pavement marking is not in place. The transverse location of the line(s) formed by the markings shall be as determined by the ENGINEER.

B. Unless otherwise indicated, the abbreviated markings shall be placed as follows:

Condition	Spacing	Length of Stripe
Straight	40 feet approximately	48 inch
Curve greater than 2 degrees	20 feet maximum	48 inch
Curve less than or equal 2 degrees	40 feet maximum	48 inch

C. Pavement markings shall be a minimum of 3 7/8 inches wide. Length and spacing will be in accordance with these specifications.

D. The spacing of stripes may be modified by the ENGINEER. However, the maximum spacing specified above shall not be exceeded in any case.

E. The CONTRACTOR will be responsible for maintaining the abbreviated pavement markings until standard pavement markings are in place.

F. Abbreviated pavement markings shall be removed after all permanent markings have been place.

3.07 CHANNELIZATION DEVICES:

A. TYPE "A" BARRELS

1. Type "A" barrels shall be used during daylight hours only and shall not be equipped with warning lights of any type.

B. TYPE "B" BARRELS

1. Type "B" barrels shall be equipped with warning lights. Type "B" barrels shall be used during nighttime hours only, unless otherwise shown on the plans or directed by the Project Manager.
2. The term "daylight hours" refers to those hours between dawn and dusk. The term "nighttime hours" refers to those hours between dusk and dawn.

C. TRAFFIC CONES

1. Traffic cones shall be installed in conformity with the plans and the TMUTCD or as directed by the ENGINEER.

D. TUBULAR TRAFFIC MARKERS

1. The metal, concrete, or bituminous surface where the tubular traffic markers are to be placed shall be thoroughly cleaned.
2. Metal and concrete surfaces shall be sandblasted or wire brushed. Bituminous surfaces shall be cleaned in accordance with manufacturer's recommendations.
3. All loose sand, dust and other deleterious debris from cleaned mounting surfaces shall be removed.
4. Tubular traffic markers shall be installed in conformity with details and at locations shown on the plans or as directed by the ENGINEER and in accordance with the manufacturer's recommendation.
5. In the event that removal of an installation (temporary or permanent) is effected and the metal, concrete, or bituminous surface is damaged the CONTRACTOR shall repair and otherwise restore said surface to its original condition at no additional cost to the County.
6. All defective post(s), base(s), assembly unit(s), adhesive(s), or reflective sheeting contributing to the detriment of the intended function of the tubular traffic markers shall be replaced by the CONTRACTOR at no additional cost to the COUNTY.

E. Channelization devices shall be and installed in accordance with the details shown on the plans, except that barrels shall be as noted herein.

3.08 SEQUENTIAL ARROW DISPLAY:

A. Sequential arrow displays shall be used according to the requirements shown on the plans and shown in TMUTCD.

3.09 CONSTRUCTION DETOURS:

A. The detours shall be constructed at the locations and to the lines and grades indicated and it shall be the entire responsibility of the CONTRACTOR to provide for the passage of traffic in comfort and safety without creating a dust problem.

3.10 CONSTRUCTION METHODS:

A. Prior to commencing construction, suitable "Construction Traffic Control" devices shall be installed to protect the workers and the public.

B. The CONTRACTOR shall be responsible for installing all markers, signs and barricades conforming to The Texas Manual on Uniform Traffic Control Devices and/or as indicated. If, in the opinion of the ENGINEER, additional markers, signs or barricades are needed in the interest of safety, the CONTRACTOR will install such as are required or as directed by the ENGINEER.

PART 4 - MEASUREMENT AND PAYMENT

4.01 MEASUREMENT:

A. Measurement of various items described in this specification complete in place will be made as follows:

1. Construction traffic control sign assemblies, consisting of the applicable signage mounted on either sign supports or portable sign supports, shall be measured per each or lump sum.
2. Barricades shall be measured by the type per each.
3. Vertical panels shall be measured per each. Supports required for vertical panels will not be measured for payment but will be considered incidental to the completion of the work.
4. Construction traffic markings shall be measured per linear foot.
5. Abbreviated pavement markings for construction shall be measured per linear foot.
6. Channelization devices shall be measured per each for the category and type shown.
7. Sequential arrow display shall be measured per each.
8. Construction detours shall be measured per each or considered incidental to completion of construction.
9. Construction traffic control plan, consisting of any or all of the items described herein, shall be measured lump sum or incidental to completion of construction.

4.02 PAYMENT:

A. The accepted quantities of construction traffic control devices shall be paid at the contract unit bid price per the unit of measurement noted above.

B. Compensation will be for furnishing all materials, labor, equipment, tools and incidentals required for the work, all in accordance with the plans and these specifications.

*** * * END OF SECTION * * ***

SECTION ITEM 400

EXCAVATION AND BACKFILL FOR STRUCTURES

400.1. Description. This Item shall govern for the excavation, bedding, backfill and/or portland cement stabilized backfill required for the construction of all structures, except drilled shafts. This Item shall also govern for any necessary sloping, pumping or bailing, for drainage, and for all sheeting and bracing of excavation walls up to five (5) feet in depth. Excavation greater than five (5) feet in depth shall be protected as specified in Item 402, "Trench Excavation Protection" or Item 403, "Temporary Special Shoring." Unless otherwise provided, the work included herein shall provide for the removal of old structures or portions thereof (abutments, wingwalls, piers, house foundations, old sewers, sewer appurtenances, etc.), trees and all other obstructions to the proposed construction, the blocking of the ends of abandoned sewers cut and left in place, and the protection of existing utilities. Also governed by this Item are the cutting and restoration of pavement and base courses, the construction and removal of any required cofferdams, the hauling and disposition of surplus materials and the bridging of trenches and other provisions for maintenance of traffic or access.

400.2. Excavation.

(1) General. Excavation shall conform to the lines and grades shown on the plans or as directed by the Engineer.

When trench and/or negative projecting conditions for concrete pipe culverts are required by design, an excavation diagram will be shown on the plans. These limits of excavation shall not be exceeded.

(a) Disposal of Excavation. All materials from excavation operations not required for backfilling and that are considered satisfactory, may be placed in embankment in accordance with Item 132, "Embankment." All excess material or material not satisfactory for use in embankment will become the property of the Contractor. All surplus material shall be removed from the work site promptly following the completion of the portion of the structure involved and disposed of in a manner satisfactory to the Engineer.

Whenever excavation is made for installing structures across private property or beyond the limits of the embankment, the top soil removed in the excavation shall be kept separate and replaced, as nearly as feasible, in its original position, and the entire area involved in the construction operations shall be restored to a condition acceptable to the Engineer.

(b) Excavation in Streets. Where structures are installed in streets, highways or other paved areas, the work shall include the cutting of pavement and base to neat lines and the restoration of pavement structure after structural excavation and backfill are completed. The type and thickness of replacement materials shall be as shown on the plans. Any work done or any damage to base and/or pavement incurred outside the limits shown on the plans or authorized by the Engineer, will not be measured for payment, but shall be restored at the Contractor's expense. Maintenance and control of traffic shall be in accordance with the approved traffic control plan and Manual on Uniform Traffic Control Devices.

(c) Protection of Utilities. The Contractor shall conduct his work with a minimum disturbance of existing utilities and it shall be his responsibility to coordinate all work in or

near the utilities with the utility owners. The Contractor shall inform utility owners sufficiently in advance of his operations to enable them to identify and locate, reroute, provide temporary detours, or to make other adjustments to utility lines in order that work may proceed with a minimum of delay. The Contractor shall cooperate with all utility owners concerned for any utility adjustments necessary.

Particular care shall be exercised to avoid the cutting or damaging of underground utility lines that are to remain in place. Such lines, if damaged shall be restored promptly and shall be handled in accordance with Article 7.11. When active sanitary sewer lines are cut during excavation operations, temporary flumes shall be provided across the excavation, while open, and the lines shall be restored when the backfilling has progressed to the original bedding lines of the cut sewer.

(d) Removing Old Or Abandoned Structures. When old or abandoned structures or foundations are encountered in the excavation, such obstructions shall be removed for the full width of the excavation and to a depth of one (1) foot below the bottom of the excavation. When old inlets or manholes are encountered and no plan provision is made for adjustment or connection to the new structures, such manholes and inlets shall be removed completely to a depth one (1) foot below the bottom of the excavation. In each instance, the bottom of the excavation shall be restored to grade by backfilling and compacting by the methods provided hereinafter for backfill. Where the excavation cuts through abandoned sewers, these sewers shall be removed as required to clear the new structure and plugged in a manner approved by the Engineer.

(e) Dewatering Of Excavation Area. Structures shall not be constructed or laid in the presence of water unless approved by the Engineer. Setting of precast members, placement of concrete, or pipe placing operations shall be performed on a dry firm bed. This shall be accomplished by removal of water from the surface of the bed by bailing, pumping, wellpoint installation, deep wells, french drains, or any other method approved by the Engineer.

For foundations placed in the presence of water, when approved by the Engineer, pumping or bailing from the interior of any foundation enclosure shall be done in a manner which precludes the possibility of movement of water through or alongside any concrete being placed. No pumping or bailing will be permitted during the placing of structural concrete, or for a period of at least 36 hours thereafter, unless from a suitable sump separated from the concrete work. Pumping or bailing during placement of seal concrete shall be only to the extent necessary to maintain a static head of water within the cofferdam. Pumping or bailing to dewater a sealed cofferdam shall not be started until the seal has aged at least 36 hours.

In the event that the excavation cannot be dewatered to the point where the subgrade is free of mud, or it is difficult to keep the reinforcing steel clean in cast-in-place structures, a special material shall be used in the bottom of the excavation. Such special material shall be a minimum depth of three (3) inches and shall consist of a lean concrete mixture (not less than three (3) sacks of cement per cubic yard), or other material approved by the Engineer.

(f) Bridge Foundations and Retaining Walls. To determine the adequacy of a proposed foundation, the Engineer may require the Contractor to make soundings or take cores to determine the character of the subgrade materials. The maximum depth of soundings or cores will not exceed five (5) feet below the proposed footing grade.

Care shall be taken not to disturb the material below the bottom of footing grade. Backfilling in a foundation to compensate for excavation which has extended below grade will not be permitted. Such areas below grade shall be filled with concrete at the time the footing is

placed. The additional concrete involved shall be at the Contractor's expense.

Unless otherwise required herein or on the plans, rock or other hard foundation material shall be free from all loose material, clean, and cut to a firm surface which may be level, stepped, or serrated, as directed by the Engineer. All seams shall be cleaned out and filled with concrete at the time the footing is placed.

When the material encountered at footing grade of a retaining wall, bridge bent or pier is found to be partially of rock or incompressible material and partially of a compressible material, the foundation shall not be placed until the Engineer has inspected the footing and authorized necessary changes to provide a uniform bearing condition.

(g) Culverts. For all single and multiple box culverts, pipe culverts, pipe arch culverts, long span structural plate structures, box sewers, and pipe sewers where the soil encountered at established footing grade is an unstable or incompressible material, the following procedure shall be used unless other methods are called for on the plans:

Unstable material shall be removed to a depth not to exceed two (2) feet below the footing of the structure unless additional depth is authorized by the Engineer. All soil removed shall be replaced with stable material in uniform layers not to exceed eight (8) inches in depth (loose measurement). Each layer shall have sufficient moisture to be compacted by rolling or tamping as required to provide a stable foundation for the structure.

When it is not feasible to construct a stable footing as outlined above, the Contractor shall use special materials, such as flexible base, cement stabilized base, cement stabilized backfill or other material, as directed by the Engineer. This work will be paid for as provided in Article 400.8. Special material used, or additional excavation made, for the Contractor's convenience to expedite the work, will be at the Contractor's expense.

When the material encountered at the footing grade of a structure is found to be rock, partially rock or other incompressible material, the incompressible material shall be removed to a depth of six (6) inches below the footing grade and backfilled with a compressible material approved by the Engineer and compacted in accordance with Article 400.5.

(h) Trench. Unless otherwise shown on the plans, all sewer pipe structures shall be constructed in an open cut with vertical sides to a point one (1) foot above the pipe. When site conditions or the plans do not prohibit the sloping of the cut, the excavation one (1) foot above the pipe may be stepped and/or the sides laid back to a stable slope. Required vertical sides shall be sheeted and braced when necessary to maintain the required vertical excavation throughout the construction period.

For all pipe sewers to be constructed in fill above natural ground, the embankment shall first be constructed to an elevation not less than one (1) foot above the top of the pipe, after which excavation for the pipe shall be made as noted above.

Unstable or incompressible material shall be removed in accordance with Subarticle 400.2.(3). For unstable trench conditions requiring outside forms, seals, sheeting and bracing, or where ground water is encountered, any additional excavation and backfill required shall be done at the Contractor's expense for trenches up to five (5) feet in depth.

400.3. Cofferdams. The term cofferdam designates any temporary or removable structure constructed to hold the surrounding earth, water, or both out of the excavation, whether the structure is formed of soil, timber, steel, concrete, or a combination of these. The "cofferdam" shall

also include the use of pumping wells or well points used for the same purpose. The cost of cofferdams shall be included in the price bid for excavation except where temporary special shoring is shown on the plans to provide excavation protection.

400.4

For sheet pile or other types of cofferdams which require internal bracing, the Contractor shall submit details and design calculations bearing the seal of a Registered Professional Engineer for review. The maximum stresses shall not exceed 125 percent of the working allowable stresses used by the Department for the design of structures. The interior dimensions of cofferdams shall provide sufficient clearance for the construction, inspection (inside and outside), and removal of any required forms and to permit pumping outside the forms. In general, sheet pile cofferdams shall extend well below the bottom of the footings and any concrete seal and shall be well braced and as watertight as practicable.

Concrete for foundation seals, unless otherwise specified shall be Class E concrete in accordance with Item 421, "Portland Cement Concrete." The concrete seal shall be placed in accordance with Item 420, "Concrete Structures." Seal concrete when authorized by the Engineer will be paid for as provided in the various bid items. If no direct method of payment is provided in the contract for seal concrete, the work will be measured and paid for in accordance with Article 4.3. Seal placed for the convenience of the Contractor will be at the Contractor's expense.

When the Engineer judges it to be impractical to dewater a cofferdam and a concrete seal is to be placed around piling driven therein, the excavation shall be deep enough to allow for swell of the material during pile driving operations. After driving the piling, all swelling material shall be removed to the bottom of the seal grade. Where it is possible to dewater the cofferdam without placing a seal, the foundation material shall be removed to exact footing grades after piling are driven. Backfilling a foundation to compensate for excavation which has been extended below grade will not be permitted. Such areas below grade shall be filled with concrete at the time the seals or footings are placed. The additional concrete quantities necessary to compensate for excavation below grade shall be at the Contractor's expense.

Unless otherwise provided, cofferdams shall be removed by the Contractor after the completion of the substructure without disturbing or damaging the structure.

400.4. Shaping and Bedding. For precast pipe and box sections, the excavation shall be undercut a minimum depth sufficient to accommodate the class of bedding indicated on the plans and conforming to the bedding requirements of this Item. Where cement stabilized backfill is indicated on the plans, the excavation shall be undercut a minimum of four (4) inches and backfilled with stabilized material to support the pipe at the required grade.

Three classes of bedding for trench or embankment conditions are shown in Figures 1, 2, and 3. Bedding shall be in accordance with Class C bedding unless otherwise shown on the plans. The Engineer may require the use of a template to secure reasonably accurate shaping of the foundation material.

400.5. Backfill.

(1) General. As soon as practical, all portions of the excavation not occupied by the permanent structure shall be backfilled. Backfill material may be obtained from excavation or from other sources. Backfill material shall be free from stones of such size as to interfere with compaction; free from large lumps which will not break down readily under compaction; and free from frozen lumps, wood, or other extraneous material.

Backfill which will not support any portion of the completed roadbed or embankment shall be placed in layers not more than 10 inches in depth (loose measurement). Backfill which will support any portion of the roadbed or embankment shall be placed in uniform layers not to exceed eight (8) inches in depth (loose measurement). Each layer of backfill shall be compacted to a density comparable with the adjacent undisturbed soil or as shown on the plans.

Each layer of backfill material, if dry, shall be wetted uniformly to the moisture content required to obtain a density comparable with the adjacent undisturbed soil or as shown on the plans and shall be compacted to that density by means of mechanical tamps or rammers. The use of rolling equipment of the type generally used in compacting embankments will be permitted on portions which are accessible to such equipment.

When tamping equipment is furnished which, when proven to the satisfaction of the Engineer, will adequately compact the backfill material to the density required, the eight (8) inch and 10 inch lifts (loose measurement) specified above may be increased to lifts not to exceed 12 inches.

Cohesion less materials, such as sand, may be used for general backfilling purposes. Compaction of cohesion less materials shall be done with vibratory equipment, water ponding or a combination thereof.

(2) Bridge Foundations, Retaining Walls, And Culverts. No backfill shall be placed against any structure until the concrete has reached the minimum flexural strength required in Item 421, "Portland Cement Concrete."

The material used for backfilling shall be free of any appreciable amount of gravel or stone particles more than four (4) inches in greatest dimension and shall be of a gradation that permits thorough compaction. The use of rock or gravel mixed with soil will be permitted, provided the percentage of fines is sufficient to fill all voids and insure a uniform and thoroughly compacted mass of proper density.

When the excavation has been made through a hard material resistant to erosion, the Engineer may require the backfill around piers and in front of abutments and wings to be of stone or lean concrete. Unless otherwise provided, such backfill will be measured and paid for as extra work in accordance with Article 4.3.

Embankment which is too close to a structure to permit compaction by the use of the blading and rolling equipment used on adjoining sections of embankment, shall be placed and compacted in accordance with Subarticle 400.5(1). Mechanical tamps or rammers shall be required when the structure being backfilled could sustain damage from other compacting operations.

Care shall be taken to prevent any wedging action of backfill against the structure, and the slopes bounding the excavation shall be stepped or serrated to prevent such action. Backfill placed around piers shall be deposited uniformly.

(3) Pipe. After the bedding and pipes have been installed as required, the selected backfill materials shall be brought to proper moisture condition, placed along both sides of the pipe equally, in uniform layers not exceeding eight (8) inches in depth (loose measurement), and each lift thoroughly compacted mechanically. Special care shall be taken to secure thorough compaction of the materials placed under the haunches of the pipe and to prevent damage

or displacement of the pipe. Filling and/or backfilling shall be continued in this manner to the elevation of the top of the pipe. Backfill above the top of the pipe shall be placed and compacted in accordance with Sub-article 400.5(1). During construction, protection of the pipe shall be in accordance with the pertinent pipe item. Pipe damaged by the Contractor during construction shall be replaced at the Contractor's expense or repaired to the satisfaction of the Engineer.

The Engineer may reject any material containing more than 20 percent by weight of material retained on a three (3) inch sieve, or material excavated in such a manner as to produce large lumps not easily broken down or which cannot be spread in loose layers. In general, material excavated by means of a trenching machine will meet the requirements above, provided large stones are not present.

Where sewers extend beyond the toe of slope of the embankment and the depth of cover provided by backfill to the original ground level is less than the minimum required by the specifications for the type of pipe involved, additional material shall be placed and compacted, as herein specified for backfill outside the limits of the roadbed, until this minimum cover has been provided.

400.6. Cement Stabilized Backfill. When shown on the plans, the excavation shall be backfilled to the elevations shown with cement stabilized backfill. Unless otherwise shown on the plans, cement stabilized backfill shall contain aggregate, water and a minimum of seven (7) percent portland cement based on the dry weight of the aggregate, in accordance with Test Method Tex-120-E. Aggregate shall be as shown on the plans or as approved by the Engineer.

Cement stabilized backfill below the top of sewers, manholes, inlets, or other structures shall be placed equally along all sides of the structure so as to prevent strain on or displacement of the structure. Cement stabilized backfill shall be placed in a manner that will completely fill all voids in the trench. Should compaction be required to fill all voids, hand operated tampers may be used.

400.7. Measurement. Excavation and backfill will be measured by the cubic yard. Cutting and restoring of pavement will be measured by the square yard.

This is a plans quantity measurement Item and the quantity to be paid for will be that quantity shown in the proposal and on the "Estimate and Quantity" sheet of the contract plans, except as may be modified by Article 9.8. If no adjustment of quantities is required, additional measurements or calculations will not be required.

Unless otherwise shown on the plans, structural excavation for pipe headwalls, inlets, manholes, culvert widening (extensions) 15 feet or less in length, bridge abutments, retaining walls and side road and private entrance pipe culverts will not be measured but shall be considered subsidiary to the various bid items.

For culvert widening (extensive) greater than 15 feet, quantities for structural excavation will be shown on the plans.

Structural excavation will be measured by the cubic yard computed by the method of average end areas using the following limits to establish templates for measurement:

(1) For all excavation requiring measurement, except that required for the barrels of pipe culverts; for structural plate structures no material outside of vertical planes one (1) foot

beyond the edges of the footings and parallel thereto will be included, unless otherwise shown on the plans. When the plans provide the Contractor the option of cast-in-place or precast boxes, measurement will be based on the cast-in-place option.

(2) For pipes 42 inches or less in nominal or equivalent diameter, no material outside of vertical planes one (1) foot beyond the horizontal projection of the outside surfaces of the pipe and parallel thereto will be included. For pipes more than 42 inches in nominal or equivalent diameter, no material outside of vertical planes located two (2) feet beyond the horizontal projection of the outside surfaces of the pipe and parallel thereto will be included. Excavation for pipes shall be measured between the extreme ends of the completed structure, including any end appurtenances, as shown on the plans and from centerline to centerline of inlets, manholes, etc., therein. When excavation for appurtenances is measured for payment, the limits of excavation for the pipes shall not overlap those of the appurtenances.

(3) For structural plate structures no material outside of vertical planes three (3) feet beyond the horizontal projection of the outside surfaces of the structure(s) and parallel thereto will be included. When the quality of the existing soil or embankment is less than that of the proposed backfill material, the excavation shall be extended for measurement to vertical planes located at one-half of the span beyond the horizontal projection of the outside surfaces of the structure(s) and parallel thereto.

(4) If a cofferdam is used, the limitations of Subarticle 400.7.(1) shall apply just as if no cofferdam were used. Excavation quantities for foundations shown on the plans and in the proposal where cofferdams are required shall be considered as final quantities and no further measurement will be made.

(5) Where excavation, in addition to that allowed for the footings, is required for other portions of the structure, such as for the cap, cross strut, or tie beam of a pier or bent or for the superstructure, measurement for such additional excavation will be limited laterally by vertical planes one (1) foot beyond the face of the member and parallel thereto and vertically to a depth of one (1) foot below the bottom of such member.

(6) No measurement will be made of any excavation necessary for placing forms or falsework except as allowed by the above conditions.

(7) At all structure sites except at culverts and trench excavations, the measurement of structural excavation will include only material below or outside the limits of the completed road or channel excavation.

Trench excavation in fill above natural ground, as specified in Subarticle 400.2.(4), will be measured for payment. Quantities will include that area as specified in Subarticle 400.7.(2) plus one (1) foot above the top of the pipe, regardless of the height of fill previously made.

(8) Excavation required for shaping the slopes of header banks which were built by prior contract and upon which riprap is to be placed will be measured as "Structural Excavation, (Riprap)."

(9) For all culverts, except for side road and private entrance culverts, all excavation within the limits of the structure and below or outside the limits of the completed roadway excavation, will be measured as culvert excavation. Where the overall normal width of the culvert is 12 feet or less, measurement will be as "Structural Excavation, Culvert, Small." Where the overall normal width of the culvert exceeds 12 feet, measurement will be as

"Structural Excavation, Culvert, Large."

(10) Where excavation diagrams are shown on the plans, they shall take precedence over these provisions.

(11) Measurement will not include materials removed below footing grades to compensate for anticipated swelling due to pile driving, nor will it include material required to be removed due to swelling beyond the specified limits during pile driving operations.

(12) Measurement will not include additional volume caused by slips, slides, cave-ins, silting, or fill material resulting from the action of the elements or the Contractor's operation.

(13) Where rock, or other incompressible or unstable material is undercut to provide a suitable foundation for pipe or box sections, such material below grade, which is directed by the Engineer to be removed, will be measured for payment.

(14) No allowance will be made for any variance from plan quantity incurred by an alternate bid.

(15) Additional measurement will be made of the volume of excavation involved in the lowering or raising of the elevation of a footing, foundation, or structure unit, when such grade change is authorized by the Engineer.

(16) Cement stabilized backfill will be measured in accordance with the backfill diagram shown on the plans. The quantity of "Cement Stabilized Backfill" shown on the plans shall be considered as final quantities and no further measurement will be required. Changes in alignment or grade as authorized by the Engineer will be measured for payment.

(17) The work to be done in the cutting and restoring of pavement will be measured in accordance with the dimensions shown on the plans. The excavation below the pavement and/or base shall be measured as structural excavation of the pertinent type.

400.8. Payment. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Structural Excavation," "Structural Excavation (Bridge)," "Structural Excavation (Culvert, Small)," "Structural Excavation (Culvert, Large)," "Structural Excavation (Trench)," "Structural Excavation (Riprap)," "Cement Stabilized Backfill" and "Cutting and Restoring Pavement."

Payment for removal and replacement of unstable or incompressible material below the footing grades of culverts as provided for in Subarticle 400.2.(3) will be made as follows:

When the plans specify or when the Engineer directs the use of special materials such as flexible base, cement stabilized base, cement stabilized backfill or other special material, payment for excavation below the footing grades shall be made at the unit price bid for "Structural Excavation" of the pertinent type. Payment for furnishing, hauling, placing and compacting the flexible base, cement stabilized base, cement stabilized backfill or other special materials will be made at the unit price bid for these items in the contract or in accordance with Article 4.3. in cases where the required material is not a bid item.

Where special materials are not required or specified, payment for the removal and replacement of unstable and/or incompressible material will be made at a price equal to 200 percent of the unit price bid per cubic yard for "Structural Excavation" of the pertinent type.

This price shall be full compensation for removing the unstable or incompressible material, furnishing, hauling, placing and compacting suitable replacement material and for all labor, equipment, tools, and incidentals necessary to complete the work.

If no direct method of payment is provided in the contract for culvert excavation and no special materials are required or specified, the removal and replacement of unstable or incompressible material, when such work is authorized by the Engineer, will be measured and paid for at fifteen dollars ($15.00) per cubic yard.

Should the Engineer deem it necessary to lower a bridge foundation to an elevation below the grade shown on the plans, such over excavation below plan will be paid for as "Structural Excavation" at an adjusted unit price as defined herein. Payment will be made at a unit price equal to 115 percent of the contract unit price bid for all over excavation where the revised footing grade does not vary from plan grade by more than five (5) feet.

Payment will be made at a unit price of 125 percent of the contract unit price bid for all over excavation where the revised grade varies from plan grade by more than five (5) feet but not in excess of 10 feet. In cases where the revised footing grade varies from plan grade by more than 10 feet, a supplemental agreement shall be prepared to establish a unit price with which to make payment for the over excavation.

No direct payment will be made for backfilling around structures. Payment for the backfilling and compacting of areas which were removed as structural excavation shall be included in the unit price bid for "Structural Excavation."

Unless otherwise shown on the plans, structural excavation which has been completed to the satisfaction of the Engineer, but not backfilled, a partial payment of 50 percent of the price bid will be made. The remaining amount will be paid upon the satisfactory completion of the backfilling.

This price shall be full compensation for all excavation, bedding, and backfill including placing, sprinkling and compaction of material; all soundings; cleaning and filling seams; constructing all cofferdams; all dewatering; and for furnishing all materials, hauling, labor, equipment, tools, sheeting and/or bracing of excavations up to and including five (5) feet in depth, pumps, drills, explosives, disposition of surplus material, cutting pavement and base to neat lines; and for incidentals necessary to complete the work, except that protection methods for excavations greater than five (5) feet in depth shall be measured and paid for as required under Item 402, "Trench Excavation Protection" or Item 403, "Temporary Special Shoring."

*** * * END OF SECTION * * ***

SECTION ITEM 402

TRENCH EXCAVATION PROTECTION

402.1. Description. This Item shall govern for the excavation protection required for the trenches in excess of five (5) feet deep, including all additional excavation, backfill, pavement reconstruction and repair made necessary by the protection system, in accordance with this Item.

A trench shall be defined as a narrow excavation made below the surface of the ground. In general, the depth is greater than the width, but the width of a trench is not greater than 15 feet. If forms or other structures are installed or constructed in an excavation so as to reduce the dimension measured from the forms or structure to the side of the excavation to 15 feet or less (measured at the bottom of the excavation), the excavation is also considered to be a trench. In addition, "Trench Excavation Protection" will not be limited to these applications, but may be used wherever deemed expedient and proper to the ensuing work.

402.2. Construction Methods. Trench Excavation Protection shall be as required by the provisions of Part 1926, Subpart P-Excavations, Trenching, and Shoring of the Occupational Safety and Health Administration's Standards and Interpretations.

402.3. Measurement. This Item will be measured by the linear foot along the centerline of trench where the depth of trench exceeds five (5) feet.

402.4. Payment. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Trench Excavation Protection". This price shall be full compensation for all excavation and backfill; for furnishing, placing and removing all shoring, sheeting, or bracing; for dewatering or diversion of water; for all jacking and jack removal; and for all other labor, materials, tools, equipment and incidentals necessary to complete the work.

No payment will be made for excavation protection made necessary due to the selection of an optional design or sequence of work that creates the need for the protection system.

*** * * END OF SECTION * * ***

SECTION ITEM 421

PORTLAND CEMENT CONCRETE

421.1. Description. This Item shall govern for portland cement concrete to be used in concrete pavement, concrete structures and other concrete construction.

421.2. Materials. The concrete shall be composed of portland cement, (with or without) fly ash, fine and coarse aggregates and water.

(1) Cement. Portland cement shall conform to Item 524, "Hydraulic Cement".

Unless otherwise shown on the plans or in the specifications, the cement shall be either Type I, IP, II or III portland cement except as follows:

a. Type III cement shall not be used when the anticipated air temperature for the succeeding 12 hours will exceed 60 F.

b. Type III cement may be used, regardless of air temperature, in all precast concrete.

All cement used in a monolithic placement shall be of the same type.

Type I/II cement may be considered as either Type I or Type II cement except as otherwise noted.

Type IP cement may be used in lieu of Type I or Type II cement except when otherwise required by the plans or specifications. When Type IP cement is used, additional fly ash will not be permitted.

(2) Fly Ash. Fly ash shall conform to the requirements of Departmental Materials Specification D-9-8900. Copies of Departmental Materials Specifications are available from the Texas Department of Transportation, Division of Materials and Tests, 125 East 11th Street, Austin, Texas 78701-2483.

When fly ash is used, "cement" shall be defined as "cement plus fly ash". "Cement plus fly ash" shall be composed of Type I, II or III portland cement and 20 to 35 percent fly ash by absolute volume, except that for classes of concrete which are specified to have less than five (5) sacks of portland cement per cubic yard, the fly ash replacement of cement shall not exceed 25 percent by absolute volume of the specified cement content. The Contractor has the option of using "cement plus fly ash" as defined herein for all classes of concrete except that Type B fly ash shall not be used when Type II cement is required, and no fly ash is permitted when a white portland cement is required.

(3) Mixing Water. Water for use in concrete and for curing shall be free from oils, acids, organic matter or other deleterious substances and shall not contain more than 1000 parts

per million of chlorides as Cl nor more than 1000 parts per million of sulfates as SO_4.

Water from municipal supplies approved by the State Health Department will not require testing, but water from other sources will be sampled and tested before use in concrete. Tests shall be made in accordance with AASHTO T26. A sample of approximately one (1) gallon shall be submitted to the Texas Department of Transportation, Division of Materials and Tests, 3800 Jackson Ave., Bldg. No. 5, Austin, Texas 78731-6033.

Water used in white portland cement concrete shall be free from iron and other impurities which may cause staining or discoloration.

(4) Coarse Aggregate. Coarse aggregate shall be washed and shall consist of durable particles of gravel, crushed blast furnace slag, crushed stone, or combinations thereof and shall be free from frozen material or injurious amounts of salt, alkali, vegetable matter, or other objectionable material either free or as an adherent coating. When white portland cement is specified, the coarse aggregates used in the concrete shall be light colored. Quality shall be reasonably uniform throughout. Coarse aggregate shall not contain more than 0.25 percent by weight of clay lumps, nor more than one (1.0) percent by weight of shale, nor more than five (5.0) percent by weight of laminated and/or friable particles when tested in accordance with Test Method Tex-413-A. Coarse aggregate from each source shall have a wear of not more than 40 percent when tested in accordance with Test Method Tex-410-A.

Unless otherwise shown on the plans, coarse aggregate from each source will be subjected to five (5) cycles of both the sodium sulfate and the magnesium sulfate soundness test in accordance with Test Method Tex-411-A. When the loss is greater than 12 percent with sodium sulfate and/or 18 percent with magnesium sulfate, further testing will be required prior to acceptance or rejection of the material. A satisfactory record under similar conditions of service and exposure will be considered in the evaluation of material failing to meet these requirements.

When tested in accordance with Test Method Tex-401-A, the coarse aggregate, including combinations of aggregates when used, shall conform to the gradation requirements shown in Table 1, except as provided in Subarticle 427.8.(3) for exposed aggregate finishes.

TABLE 1

COARSE AGGREGATE GRADATION CHART

Aggregate Grade No.	Nominal Size Inches	Percent Retained on Each Sieve								
		2-1/2 in.	2 in.	1-1/2 in.	1 in.	3/4 in.	1/2 in.	3/8 in.	No. 4	No. 8
1	2	0	0-20	15-50		60-80			95-100	
2 (467)*	1-1/2		0	0-5		30-65		70-90	95-100	
3	1-1/2		0	0-5		10-40	40-75		95-100	
4 (57)*	1			0	0-5		40-75		90-100	95-100
5 (67)*	3/4				0	0-10		45-80	90-100	95-100
6 (7)*	1/2					0	0-10	30-60	85-100	95-100
7	3/8						0	5-30	75-100	
8	3/8						0	0-5	35-80	90-100

*Numbers in parenthesis indicate that these gradations conform to corresponding ASTM gradation in ASTM C33.

The loss by decantation in accordance with Test Method Tex-406-A plus the allowable weight of clay lumps, shall not exceed one (1) percent, or the value shown on the plans, whichever is smaller. In the case of aggregates made primarily from the crushing of stone, if the material finer than the 200 sieve is definitely established to be the dust of fracture, essentially free from clay or shale, as established by Part III of Test Method Tex-406-A, the percent may be increased to 1.5.

(5) Fine Aggregate. Fine aggregate shall be washed and consist of clean, hard, durable and uncoated particles of natural or manufactured sand or a combination thereof, with or without a mineral filler. When white portland cement is specified the fine aggregate used in the concrete shall be light colored. It shall be free from frozen material or injurious amounts of salt, alkali, vegetable matter or other objectionable material and it shall not contain more than 0.5 percent by weight of clay lumps. When the aggregate is subjected to the color test for organic impurities in accordance with Test Method Tex-408-A, the test result shall not show a color darker than standard.

Unless otherwise shown on the plans, the acid insoluble residue of fine aggregate used in concrete subject to direct traffic shall be not less than 60 percent by weight when tested in accordance with Test Method Tex-612-J.

When tested in accordance with Test Method Tex-401-A, the fine aggregate or combinations of aggregates, including mineral filler, shall conform to the gradation requirements shown in Table 2.

Table 2

FINE AGGREGATE GRADATION CHART

	Percent Retained on Each Sieve							
Aggregate Grade No.	3/8 in.	No. 4	No. 8	No. 16	No. 30	No. 50	No. 100	No. 200
1	0	0 to 5	0 to 20	15 to 50	35 to 75	65 to 90	90 to 100	97 to 100

Where manufactured sand is used in lieu of natural sand, the percent retained on the No. 200 sieve shall be 94 to 100.

Where the sand equivalent value is greater than 85, the retainage on the No. 50 sieve may be 65 to 94 percent.

Fine aggregate will be subjected to the Sand Equivalent Test (Test Method Tex-203-F). The sand equivalent shall not be less than 80 unless otherwise shown on the plans.

For all classes of concrete, except class K, the fineness modulus shall be between 2.30 and 3.10 as determined by Test Method Tex-402-A. The fineness modulus for class K shall be 2.6 to 2.8 unless otherwise shown on the plans.

(6) Mineral Filler. Mineral filler shall consist of stone dust, clean crushed sand, or other approved inert material. When tested in accordance with Test Method Tex-401-A, it shall conform to the following gradation:

Retained on No. 30 Sieve 0 percent

Retained on No. 200 Sieve 0-35 percent

(7) Admixtures. Admixtures and their use shall conform to the requirements of Item 437, "Concrete Admixtures". Calcium chloride will not be permitted.

(8) Mortar and Grout. Unless otherwise specified or approved by the Engineer, mortar and grout shall consist of one (1) part portland cement, two (2) parts finely graded sand and sufficient water to provide the desired consistency. Mortar may contain admixtures.

Post tensioning grout shall be in accordance with Item 426, "Prestressing".

Mortar shall have a consistency such that the mortar can be easily handled and spread by trowel.

Grout shall have a consistency such that the grout will flow into and completely fill all voids.

When required to prevent color difference, white cement shall be added to produce the color required. When shown on the plans or in the specifications, or when required by the Engineer, latex adhesive conforming to the requirements of Departmental Material Specification D-9-8110 shall be added to the mortar.

421.3. Storage of Materials.

(1) Cement, Fly Ash and Mineral Filler. All cement, fly ash and mineral filler shall be stored in well ventilated weatherproof buildings or approved bins, which will protect them from dampness or absorption of moisture. Each shipment of packaged cement shall be kept separated to provide easy access for identification and inspection.

The Engineer may permit small quantities of sacked cement to be stored in the open on a raised platform and under waterproof covering for a maximum of 48 hours.

(2) Aggregates. The method of handling and storing concrete aggregates shall prevent contamination with foreign materials. If the aggregates are stored on the ground, the sites for the stockpiles shall be clear of all vegetation and shall be level. The bottom six (6) inch layer of aggregate shall not be disturbed or used without re-cleaning.

When conditions require the use of two (2) or more sizes of aggregates, the aggregates shall be separated to prevent intermixing. Where space is limited, stockpiles shall be separated by physical barriers. Aggregates from different sources shall be stored in different stockpiles unless the aggregates are pre-blended as approved by the Engineer prior to stockpiling.

Methods of handling aggregates during stockpiling and their subsequent use shall be such that segregation will be minimized. The Engineer may require that stockpiles be remixed when segregation is apparent.

Unless otherwise authorized by the Engineer, all aggregate shall be stockpiled at least 24 hours to reduce the free moisture content. In order to control absorption, stockpiles shall be sprinkled when directed by the Engineer.

To assure uniform concrete, aggregate stockpiles shall be maintained at reasonably uniform moisture content.

(3) Admixtures. Admixtures shall be stored in accordance with Item 437, "Concrete Admixtures".

421.4. Measurement of Materials. Except as noted below, the measurement of materials used in batches of concrete shall be by weight.

Water may be measured by volume or by weight.

Cement and fly ash shall be weighed separately from other materials. Weighing of sacked cement will not be required. When sacked cement is used, the quantity of cement per batch shall be based upon using full bags of cement. Batches involving use of fractional bags will not be permitted except for small hand mixed batches of approximately five (5) cubic feet or less and when an approved method of volumetric measurement is used.

Where two (2) or more sizes or types of aggregates are used, each type and/or size shall be measured separately.

When determining aggregate batch weights, proper allowance shall be made for the water content in the aggregate (free water and/or absorption).

Admixtures shall be measured and dispensed in accordance with Item 437, "Concrete Admixtures".

Measuring materials by volumetric methods may be used where permitted by the specifications. When a mixer using volumetric batching of materials is used, an accurate method of measuring by volume shall be provided. Continuous volumetric mixers shall be calibrated to assure correct measurement of materials.

The amount of each ingredient in the batch shall be measured to within plus or minus one (1) percent of the required amount except that water shall be measured to within plus or minus one (1) gallon and admixture tolerances shall be in accordance with Item 437, "Concrete Admixtures".

421.5. Equipment.

(1) Weighing and Measuring Equipment. Weighing and measuring equipment shall conform to Item 520, "Weighing and Measuring Equipment".

(2) Mixing Equipment.

(a) General. All equipment, tools, and machinery used for hauling materials and performing any part of the work shall be maintained in such condition as to insure completion of the work under way without excessive delays for repairs or replacement.

The mixer shall be of an approved type and size that will produce uniform distribution of the material throughout the mass and shall be capable of producing concrete meeting the requirements of these specifications.

The mixing equipment shall be capable of producing the quantities of concrete necessary to comply with requirements shown on the plans or in these specifications.

For all mixers, an adequate water supply and an accurate method of measuring the water shall be provided.

Delivery of concrete to the worksite and the discharge from the hauling equipment,

agitating, or non-agitating, shall be in accordance with the requirements shown on the plans or in the governing specifications.

Specific requirements for batch plants, mixers and other equipment shall be in accordance with Item 522, "Portland Cement Concrete Plants", Item 360, "Concrete Pavement", or other specifications, except that continuous volumetric mixers shall conform to Subarticle 421.5(2)(b) of this Item.

(b) Continuous Volumetric Mixers. For all miscellaneous concrete placements, a mobile, continuous, volumetric mixer may be used.

When approved in writing by the Engineer or when specified for use in other Items, these mixers may be used for other types of concrete construction, including structural concrete, if the number of mixers furnished will supply the amount of concrete required for the particular operation in question.

These mixers shall be designed to receive all the concrete ingredients, including admixtures, required by the mix design in a continuous uniform rate and mix them to the required consistency before discharging.

(c) Portland Cement Concrete Plants. The use of ready-mixed concrete from a commercial source will be permitted for all structural concrete provided that the plant, truck mixers, and mixing equipment conform to the requirements of Item 522, "Portland Cement Concrete Plants". The use of ready-mix plants and ready-mix concrete for concrete pavement shall be in accordance with Item 360, "Concrete Pavement". The class of plant furnished shall conform to the requirements of Item 522, "Portland Cement Concrete Plants".

421.6. Mixing.

(1) General. Mixed concrete which does not conform to specification requirements shall not be placed. Mixing shall be in accordance with Item 522, "Portland Cement Concrete Plants", except that mixing with continuous volumetric mixers will be in accordance with Subarticle 421.6.(2) and except as set out in Subarticle 421.6.(3).

(2) Continuous Volumetric Mixers. Mixing shall be in accordance with mixer manufacturer's recommendations unless otherwise revised by the Engineer.

(3) Mixing of concrete by hand methods or by the use of a small motor driven mixer will be permitted for small placements of approximately two (2) cubic yards or less when authorized by the Engineer. Hand mixed batches shall not exceed a two (2) sack batch in volume. For such placements the mix may be proportioned by approved volumetric methods.

421.7. Placing, Curing and Finishing. The placing of concrete, including construction of forms and falsework, curing and finishing, shall be in accordance with Item 420, "Concrete Structures", Item 360, "Concrete Pavement", and Item 427, "Surface Finishes for Concrete".

421.8. Classification and Mix Design. The Contractor shall furnish the mix design, using a coarse aggregate factor acceptable to the Engineer, for the class(es) of concrete specified, to conform with the requirements contained herein and in accordance with Construction Bulletin C-11. The Contractor shall perform, at his entire expense, the work required to substantiate the design, except that casting and testing of strength specimens will be done by the Department. Complete concrete design data shall be submitted to the Engineer for approval.

The Contractor shall determine and measure the batch quantity of each ingredient, including all water, not only for batch designs but for all concrete produced for the project. The mixes shall conform to these specifications and other requirements shown on the plans.

For continuous volumetric mixers the materials delivered during a revolution of the driving mechanism, or in a selected time interval, will be considered a batch and the proportion of each ingredient will be calculated in the same manner as for a batch type plant.

The Contractor may accept a design from the Department; however, this acceptance will not relieve the Contractor of the responsibility of providing concrete meeting the requirements of these specifications.

Mix designs from previous or concurrent jobs may be used without trial batches if it is shown that no substantial change in any of the proposed ingredients has been made.

No charge will be made for existing designs furnished by the Engineer. The cost to the Department of preparing a new mix design will be charged to the Contractor and deducted from the payment for the work.

Trial batches shall be made and tested using all the proposed ingredients prior to the placing of concrete, and when the aggregate, and/or type, brand or source of cement, or admixture is changed. When the brand and/or source of cement only is changed, the Engineer may waive trial batch only if a prior record of satisfactory performance of the cement with the other ingredients has been established.

Trial batches generally shall be made in a mixer of adequate capacity to evaluate the design. The trial batches shall be made in a mixer representative of the mixers to be used. Batch size shall not be less than 50 percent of its rated mixing capacity.

Concrete for pneumatically placed concrete shall be in accordance with Item 431, "Pneumatically Placed Concrete".

The coarse aggregate factor shall be selected in accordance with Construction Bulletin C-11 based on grade of the coarse aggregate and the fineness modulus of the sand.

The Contractor shall have the option of using chemical admixtures with all classes of concrete in accordance with Item 437, "Concrete Admixtures", except where the use of specific admixtures is required or prohibited in this or other items.

When a retarding admixture is required for hot weather concreting, the amount to be used will be as required in Item 437, "Concrete Admixtures", subject to change by the Engineer when required. When used for extended retardation, the amount to be used will be established by several trial batches with varying retarder content and simulating the placing conditions to be encountered and tested in accordance with Tex-440-A.

When entrained air is required, the concrete shall be designed to entrain five (5) percent air when Grade 1 or 2 coarse aggregate is used, six (6) percent when Grade 3 or 4 coarse aggregate is used, and seven (7) percent for Grades 5, 6 or 7 unless otherwise specified by the Engineer. Concrete as placed shall contain the proper amount of entrained air as required herein with a tolerance of plus or minus 1-1/2 percentage points. Acceptance of concrete with occasional variations between 1-1/2 and three (3) percentage points over the specified amount will be based on strength tests as required by the Engineer. Such concrete which fails to meet strength requirements may be accepted on the basis of structural reviews subject to the provisions of Article 420.25. When the quantity of entrained air is found to be more than three (3) percentage points over or two (2) percentage points under those values given herein, the concrete will be rejected.

Entrained air will be required for bridge slabs, top slabs of direct traffic culverts, concrete pavement, dense and regular concrete overlays, piers, bents, precast piling (nonprestressed), drilled shafts placed in water, bridge railing, concrete traffic barrier and for other items of work as may be specified, on the plans or in other specifications. Unless otherwise specified, entrained air will not be required when Class "H" concrete is used for precast traffic barrier or precast bridge repair.

Table 3
SLUMP REQUIREMENTS

Concrete Designation	Desired Slump Inches	Max Slump Inches
A. Structural Concrete		
(1) All drilled shafts	6	7
(2) Thin-Walled Section (9" or less)	4	5
(3) Slabs, Concrete Overlay, Caps, Column piers, Wall sections over 9", etc.	3	4
(4) Prestressed Concrete Members		
(5) Concrete traffic Barrier (cast-in-place or precast), Concrete Bridge Railing	4	5
	4	5

(6) Dense concrete overlay	3/4	1
(7) Concrete placed underwater	6	7
(8) Concrete with High Range Water Reducer	____	8
B. Concrete Pavement		
C. Riprap, curb, gutter, slip-formed and extruded concrete	1-1/2	3 max 1 min
	As Approved by the Engineer	

Note: No concrete will be permitted with a slump in excess of the maximums shown.

When high range water reducing admixtures are used, the slump shall not exceed eight (8) inches.

421.9. Quality of Concrete. The concrete shall be uniform, workable and of a consistency acceptable to the Engineer. The cement content, maximum allowable water/cement ratio, the desired and maximum slump, the proper amount of entrained air and the strength requirement for all classes of concrete shall conform to the requirements of these specifications. It shall be the responsibility of the Contractor to provide concrete meeting these requirements.

During the progress of the work, the Engineer will cast test cylinders and/or beams, perform slump and entrained air tests and will make temperature checks, as required, to insure compliance with the specifications.

Unless otherwise shown on the plans the Contractor shall furnish and properly maintain all test molds. The test molds shall meet the requirements of Test Methods Tex-418-A and Tex-448-A and, in the opinion of the Engineer, must be satisfactory for use at the time of use. In addition, the Contractor shall be responsible for furnishing personnel to remove the test specimens from the molds and transport them to the proper curing location at the schedule designated by the Engineer and in accordance with the governing specification. For all concrete items the Contractor shall have a wheelbarrow, or other container acceptable to the Engineer, available to use in the sampling of the concrete. The Contractor is responsible for disposing of used, broken test specimens.

All labor and equipment furnished by the Contractor will be considered subsidiary to the various bid items and will not be paid for directly.

A strength test is defined as the average of the breaking strength of two (2) cylinders or two (2) beams as the case may be. Each specimen will be tested in accordance with Test Methods Tex-418-A or Tex-448-A.

Slump tests will be performed in accordance with Test Method Tex-415-A. Entrained air tests will be performed in accordance with Test Method Tex-416-A.

If the required strength or consistency of the class of concrete being produced cannot be secured with the minimum cement specified or without exceeding the maximum water/cement ratio, the Contractor will be required to furnish different aggregates, use a water reducing agent, an air entraining agent or increase the cement content in order to provide concrete meeting these specifications.

All test specimens, beams or cylinders, representing tests for removal of forms and/or falsework shall be cured using the same methods and under the same conditions as the concrete represented.

"Design Strength" beams and cylinders shall be cast and cured in accordance with Test Method Tex-447-A.

The Contractor shall provide, operate and maintain curing facilities as described in Test Method Tex-447-A, for the purpose of curing test specimens.

When the specified concrete strength is by 28 day compressive strength tests, job control testing will be by seven day compressive strength tests. The minimum strength requirement for seven (7) day tests will be 70 percent of the specified minimum 28 day compressive strength. If the required seven (7) day strength is not obtained with the quantity of cement specified in Table 4, changes in the batch design will be made as specified in this article. For an occasional failure of the seven day compressive test, the concrete may be tested at 28 days for final evaluation.

Strength test requirements for Type II cement will govern when Type I/II cement is used.

Table 4

CLASSES OF CONCRETE

Class of Conc.	Cement per C.Y. Min. (sacks)	Min. Comp. Sgth (f'c) 28 Day psi	Min.Flex. Sgth. 7 day psi	Max. Water Cement Ratio Gal/sk	Coarse Aggr. Grade No.	General Usage (information only)

SS	7.0	3600	510	5.5	3-4-5	Slurry Displacement Shafts, Underwater Drilled Shafts
K	Requirements as specified on the plans or in other Items.					

(a) Grade 8 aggregate for use in extruded curbs, unless a larger size is approved by the Engineer.

(b) Minimum running average for concrete pavement (in accordance with construction Bulletin C-II).

(c) When Type II or Type I/II cement is used.

(d) Unless otherwise permitted by the Engineer, Grade I coarse aggregate may be used only in massive foundations with four (4) inch minimum clear spacing between reinforcing steel bars. Grade I aggregate may not be used in drilled shafts.

421.10. Measurement and Payment. The work performed, materials furnished and all labor, tools, equipment and incidentals necessary to complete the work under this Item will not be measured or paid for directly, but will be considered subsidiary to the various bid items of the contract.

*** * * END OF SECTION * * ***

SECTION ITEM 464

REINFORCED CONCRETE PIPE

464.1. Description. This Item shall govern for furnishing and installing all concrete pipe and materials and for constructing precast concrete pipe culverts or precast concrete sewer mains, laterals, stubs and inlet leads. The pipes shall be of the sizes, strengths and dimensions shown on the plans and shall include all connections to new or existing pipes, sewers, manholes, inlets, headwalls and other appurtenances and jointing materials as may be required to complete the work.

464.2. Materials.

(1) General. Except as modified herein, precast reinforced concrete pipe shall conform to the design shown on the plans and to ASTM C76 or C655 for circular pipe; ASTM C506 for arch pipe or ASTM C507 for horizontal elliptical pipe.

All precast concrete pipe shall be machine made or cast by a process which will provide for uniform placement of the concrete in the form and compaction by mechanical devices which will assure a dense concrete. Concrete shall be mixed in a central batch plant or other approved batching facility from which the quality and uniformity of the concrete can be assured. Transit mixed concrete will not be acceptable for use in precast concrete pipe.

Unless otherwise shown on the plans, not more than two (2) holes may be placed in the top section of precast pipe for lifting and placing. The holes may be cast, cut, or drilled in the wall of the pipe. The holes shall not exceed three (3) inches in diameter at the inside surface of the pipe wall. Not more than one (1) longitudinal wire or two (2) circumferential wires may be cut per layer of reinforcing steel when locating lift holes in the pipe wall. After the pipe is in place, lift holes shall be filled with concrete or mortar or precast concrete plugs to the satisfaction of the Engineer.

The Contractor has the option of using portland cement or portland cement plus fly ash. When fly ash is used, then "cement" shall also be defined as "cement plus fly ash". "Cement plus fly ash" shall be composed of portland cement of the type specified and 20 to 35 percent fly ash by absolute volume. Type B fly ash shall not be used when Type II cement is shown on the plans. When portland cement is partially replaced, blended or otherwise modified by a pozzolan, the pozzolan is defined and limited to fly ash conforming to Department Materials Specification D-9-8900, "Fly Ash".

Copies of Departmental Materials Specifications are available from the Texas Department of Transportation, Division of Materials and Tests, 125 East 11th St., Austin, Texas 78701-2483.

(2) Design. Circular pipe shall be of the class or D-load shown on the plans. Regardless of the design shown, the Contractor may furnish pipe to either ASTM C76 or ASTM C655 specifications. Table C outlines the class and D-load equivalents. For concrete pipe arch or elliptical pipe, the minimum design shall conform to Table A or B.

TABLE A * Arch Pipe			
Design Size	Equiv. Dia. In.	Rise In.	Span In.
1	18	13	22
2	21	1/2	26
3	24	15	28 1/2
4	30	1/2	36 1/4

TABLE C
CIRCULAR PIPE
(CLASS, D-LOAD EQUIVALENTS)

Error! Bookmark not defined.C76	**C655**
CLASS I	800D-LOAD
CLASS II	1000D-LOAD
CLASS III	1350D-LOAD
CLASS IV	2000D-LOAD
CLASS V	3000D-LOAD

Reinforced concrete pipe for jacking, boring or tunneling shall meet the requirements of the pertinent ASTM specification with the following additional requirements:

The pipe shall have circular reinforcement and for 30 inch and larger diameters shall have an additional layer of Class III reinforcement, 12 inches long, extending into both the tongue and groove of the joint to within 3/4 inch of the end of the tongue and the groove. The minimum wall thickness shall be wall "B" for the diameter specified, unless special designs are required. The minimum concrete compressive strength for jacking and boring pipe shall be 5000 psi. Variations in the laying length of opposite sides shall not exceed 3/8 inch for pipe diameters 24 inches through 60 inches and 1/2 inch for pipe diameters 66 inches and larger. The maximum joint taper shall be 7 degrees for tongue and groove pipe and 2 degrees for O-ring gasket pipe. Pipe manufactured to these additional requirements shall be marked to identify pipe for jacking and boring.

The plans will provide a summary indicating the locations and length for all pipe. In addition, the diameter, required D-load and/or class for full circle pipe, and/or the design size for pipe arch or elliptical pipe will also be shown.

(3) Physical Test Requirements. The acceptability of the pipe shall be determined by the results of the physical tests outlined herein; by appropriate material tests required in ASTM C76, C506, C507, or C655; by absorption tests on selected samples from the wall of the pipe; and by inspection of the finished pipe to determine its conformance with the required design and its freedom from defects. Three-Edge Bearing tests shall be performed on one (1) pipe for each 100 pipe or fraction thereof of each design or shape, size, class or D-load for the load to produce a 0.01 inch crack and, at the discretion of the Engineer, the pipe may be tested to ultimate load.

As an alternate to the Three-Edge Bearing test, concrete pipe 60 inches in diameter and larger may be accepted on the basis of compressive strength of cores cut from the wall of the pipe. The manufacturer shall furnish facilities and personnel for taking the cores and determining the compressive strength of the samples. Three-Edge Bearing tests and core tests shall be in accordance with ASTM C497.

The manufacturer shall plug and seal coreholes in the pipe wall, after testing, in a manner satisfactory to the Engineer.

(4) Marking. The following information shall be clearly marked on each section of pipe:

(a) The class or D-load of pipe.

(b) The date of manufacture.

(c) The name or trademark of the manufacturer.

(d) One end of each section of pipe with elliptical reinforcement shall be clearly marked during the process of manufacture or immediately thereafter on the inside and the outside of opposite walls to show the location of the "top" or "bottom" of the pipe as it should be installed, unless the external shape of the pipe is such that the correct position of the top and bottom is obvious. Marking shall be indented on the pipe

section or painted thereon with waterproof paint.

(e) Pipe for jacking and boring shall be identified for the intended use.

(5) Inspection. The quality of materials, the process of manufacture, and the finished pipe shall be subject to inspection and approval by the Engineer at the pipe manufacturing plant. In addition, the finished pipe shall be subject to further inspection by the Engineer at the project site prior to and during installation.

(6) Causes for Rejection. Pipe shall be subject to rejection for failure to conform to any of the specification requirements. Individual sections of pipe may be rejected because of any of the following:

(a) Fractures or cracks passing through the shell, except for a single end crack that does not exceed the depth of the joint.

(b) Defects that indicate imperfect proportioning, mixing and molding.

(c) Surface defects indicating honeycombed or open texture.

(d) Damaged ends, where such damage would prevent making a satisfactory joint.

(e) Any continuous crack having a surface width of 0.01 inch or more and extending for a length of 12 inches or more, regardless of position in the wall of the pipe.

(7) Repairs. Pipe may be repaired if necessary, because of occasional imperfections in manufacture or accidental injury during handling and will be acceptable if, in the opinion of the Engineer, the repairs are sound, properly finished and cured, and the repaired pipe conforms to the requirements of the specifications.

(8) Rejections. All rejected pipe will be plainly marked by the Engineer by painting colored spots over the Division of Materials and Tests monogram on the inside wall of the pipe and on the top outside wall of the pipe. The painted spots shall be sufficient to identify the rejected pipe but no larger than four (4) inches in diameter. Rejected pipe shall not be defaced in any other manner. The Contractor shall remove the rejected pipe from the project and replace with pipe meeting the requirements of this Item.

(9) Jointing Materials. Unless otherwise specified on the plans the Contractor shall have the option of making the joints using any of the materials described herein. For all jointing materials except mortar, the Contractor shall furnish the Engineer the Manufacturer's Certificate of Compliance.

(a) Mortar. Mortar for joints shall be in accordance with the section, "Jointing", of this Item.

(b) Cold Applied, Plastic Asphalt Sewer Joint Compound. This material shall

consist of natural and/or processed asphalt base, suitable volatile solvents and inert filler. The consistency is to be such that the ends of the pipe can be coated with a layer of the compound up to one-half inch thick by means of a trowel. The joint compound shall cure to a firm, stiff plastic condition after application. The material shall be of a uniform mixture and any small separation occurring in the container shall be stirred to a uniform mix before use.

This material shall meet the following requirements when tested in accordance with Test Method Tex-526-C:

Asphalt Base, 100% - % Volatites - % by weight	% Ash, 28-45
Volatiles, 212 F Evaporation, 24 h, % by weight	10-26
Mineral Matter, determined as Ash, % by weight	30-55
Consistency, Cone Penetration, 150 q, 5 sec, 77 F	150-275

(c) Rubber Gaskets. These gaskets shall conform to ASTM C361 or C443. The design of the joints and permissible variations in dimensions shall be in accordance with ASTM C443. The Contractor shall furnish the Engineer the Manufacturer's Certificate of Analysis.

(d) Cold Applied Preformed Plastic Gaskets. Preformed plastic gaskets shall be suitable for sealing joints of tongue and groove concrete pipe. The gasket sealing the joint shall be produced from blends of refined hydrocarbon resins and plasticizing compounds reinforced with inert mineral filler and shall contain no solvents, irritating fumes or obnoxious odors. The gasket joint sealer shall not depend on oxidizing, evaporating, or chemical action for its adhesive or cohesive strength, and shall be supplied in extruded rope-form of suitable cross-section. The size of the plastic gasket joint sealer shall be in accordance with the manufacturer's recommendations and be of sufficient size to properly seal the joint. The plastic gasket joint sealer shall be so constructed as to provide evidence of proper installation either by means of "squeeze-out" of the gasket material on the inside or outside around the complete pipe joint circumference or by means of tabs, projections or other such indicators placed at established intervals around the circumference of the pipe joint. Plastic gasket joint sealers shall be Type 1 or Type 2. Type 1 gaskets shall meet the "squeeze-out" requirements and Type 2 gaskets shall meet the requirements for tabs, projections or other indicators. The gasket joint sealer shall be protected by a suitable wrapper designed that when removed, the jointing material maintains integrity.

The chemical composition of the gasket joint sealing compound for Type 1 and 2, as shipped, shall meet the following requirements:

COMPOSITION	TEST METHOD	ANALYSIS
Bitumen, Petroleum Plastic Content, % by weight	ASTM D4	50-70
Ash-Inert Mineral Matter, % by weight	Tex-526-C	30-50
Volatile Matter, 325 F, % by weight	Tex-506-C	2.0 max.

The gasket joint sealing compound when immersed for 30 days at ambient room temperature separately in five (5) percent solution of caustic potash; a five (5) percent solution of hydrochloric acid; a five (5) percent solution of sulfuric acid; and a saturated H_2S solution, shall show no visible deterioration.

The physical properties of the gasket joint sealing compound as shipped shall meet the following requirements:

PROPERTY	TEST METHOD REQUIREMENT	
	Type 1	Type 2
Ductility @ 77 F (cm), min. Tex-503-C	5.0	5.0
Softening Point, F	275	275
Penetration 32 F (300g) 60 sec., min --	65	
Tex-502-C 77 F (150g) 5 sec	50-120	50-120
Tex-502-C 115 F (150g) 5 sec., max. Tex-502-C	------	150

464.3. Construction Methods. The location of private driveway and side road pipe shall be constructed at locations shown on the plans or as directed by the Engineer.

Reinforced concrete pipe culverts and sewers shall be constructed in accordance with the plans and requirements of this Item.

(1) Excavation. All excavation shall be in accordance with the requirements of Item 400, "Excavation and Backfill for Structures", except where tunneling or jacking methods are shown on the plans or permitted by the Engineer.

(2) Shaping and Bedding. Shaping and bedding shall be in accordance with Item 400, "Excavation and Backfill for Structures".

(3) Laying Pipe. Unless otherwise authorized by the Engineer, the laying of pipe on the bedding shall be started at the outlet end with the spigot or tongue end pointing downstream

and shall proceed toward the inlet end with the abutting sections properly matched, true to the established lines and grades. Where bell and spigot pipe are used, cross trenches shall be cut in the foundation to allow the barrel of the pipe to rest firmly upon the bedding. These cross trenches shall be not more than two (2) inches larger than the bell ends of the pipe. Proper equipment shall be provided for hoisting and lowering the sections of pipe into the trench without disturbing the bedding and the sides of the trench. The ends of the pipe shall be carefully cleaned before the pipe is placed. As each length of pipe is laid, the mouth of the pipe shall be protected to prevent the entrance of earth or bedding material. The pipe shall be fitted and matched so that when laid in the bed the pipe shall form a smooth, uniform conduit. When elliptical pipe with circular reinforcing or circular pipe with elliptical reinforcing is used, the pipe shall be laid in the trench in such position that the markings "Top" or "Bottom", shall not be more than five (5) degrees from the vertical plane through the longitudinal axis of the pipe.

Multiple installations of reinforced concrete pipe shall be laid with the center lines of individual barrels parallel. Unless otherwise shown on the plans, the following clear distances between outer surfaces of adjacent pipes shall be used.

Diameter	18"	24"	30"	36"	42"	48"	54"	60" to 84"
Clear Distance Between Pipes	0'-9"	0'-11"	1'-1"	1'-3"	1'-5"	1'-7"	1'-11"	2'-0"

(4) Jointing.

(a) Joints sealed with portland cement mortar shall be made as follows:

Mortar shall consist of one (1) part cement, two (2) parts sand and sufficient water to make a plastic mix. The pipe ends shall be cleaned and wetted before making the joint. The lower half of the bell or groove and the upper half of the tongue or spigot shall be plastered with mortar. After the pipes are tightly jointed, mortar shall be packed into the joint from both inside and outside the pipe. The inside shall be finished smooth and flush with adjacent joints of pipe. Over the joint outside the pipe, a bead shall be formed at least one (1) inch on either side of the joint and of semicircular cross section for tongue and groove joints, but for bell and spigot joints, the mortar shall form a 45° fillet between the outer edge of the bell and the spigot. Mortar joints shall be cured by keeping the joints wet for at least 48 hours or until the backfill has been completed, whichever comes first. No jointing shall be done when the atmospheric temperature is at or below 40 F. Mortared joints shall be protected against freezing by backfilling or other approved methods for at least 24 hours.

No mortar banding on the outside of pipe will be required for driveway culverts.

At the Contractor's option, and with the approval of the Engineer, pipes which are large

enough for a man to enter may be furnished with the groove not less than one-half of an inch and not more than three-fourths of an inch longer than the tongue. Such pipe may be laid and backfilled without mortar joints. Care shall be exercised to avoid displacing the joints during the backfilling operations. After the backfilling has been completed, the space between the end of the tongue and the groove on the interior of the pipe shall be cleaned of all foreign material, thoroughly wetted and filled with mortar around the entire circumference of the pipe and finished flush.

The Contractor shall make available for the use of the Engineer, an appropriate rolling device similar to an automobile mechanic's "Creeper" for conveyance through small size pipe structures.

Mortar joints will be required for irrigation wells, vents and similar vertical structures.

(b) Joints using Cold Applied, Plastic Asphalt Sewer Joint Compound shall be made as follows:

Both ends of the pipes shall be clean and dry. A one-half inch thick layer of the compound shall be troweled or otherwise placed in the groove end of the pipe covering not less than two-thirds of the joint face around the entire circumference. Next, the tongue end of the next pipe shall be shoved home with sufficient pressure to make a tight joint. After the joint is made any excess mastic projecting into the pipe shall be removed. Backfilling of pipe laid with asphalt mastic joints may proceed as soon as the joint has been inspected and approved by the Engineer. Special precautions shall be taken in placing and compacting backfill to avoid damage to the joints.

(c) Joints using Rubber Gaskets shall be made as follows:

Where rubber gasket pipe joints are required by the plans the joint assembly shall be made according to the recommendations of the gasket manufacturer. Water tight joints will be required when using rubber gaskets. Backfilling may begin when approved by the Engineer.

(d) Joints using Cold Applied Preformed Plastic Gaskets shall be made as follows:

Before laying the pipe in the trench, the plastic gasket shall be attached around the tongue or groove near the shoulder or hub of each joint in accordance with the gasket manufacturer's recommendations. The protective wrapper shall be removed and the gasket pressed firmly to the clean, dry surface of the pipe, as recommended by the manufacturer. The joint sealer must be placed in such a manner that no dirt or other deleterious materials will come in contact with the joint sealing material.

After the tongue is correctly aligned with the flare of the groove, the wrapper or wrappers on the gasket shall be removed and the pipe shall be pulled or pushed home with sufficient force to properly seal the joint. Any joint material pushed out into the interior of the pipe that would tend to obstruct the flow shall be removed. (Pipe shall be

pulled home in a straight line with all parts of the pipe on line and grade at all times.) Backfilling of pipe laid with plastic gasket joints may proceed as soon as the joint has been inspected and approved by the Engineer. Special precautions shall be taken in placing and compacting backfill to avoid damage to the joints.

When the atmospheric temperature is below 60 F, plastic joint seal gaskets shall either be stored in an area warmed to above 70 F, or artificially warmed to this temperature in a manner satisfactory to the Engineer. Gaskets shall then be applied to pipe joints immediately prior to placing pipe in trench, followed by connection to previously laid pipe.

(5) Connections and Stub Ends. Connections of concrete pipe to existing pipes, pipe sewers or sewer appurtenances shall be as shown on the plan.

The bottom of existing structures shall be mortared or concreted if necessary to eliminate any drainage pockets created by the connections. Any damage to the existing structure resulting from making the connection shall be repaired by the Contractor, to the satisfaction of the Engineer, at the Contractor's expense.

When concrete pipe is to be joined with existing aluminum pipe, portions of the aluminum pipe that are to be in contact with the concrete pipe, shall be insulated with a coating of bituminous material meeting the requirements of Article 460.7. The coating shall extend to a minimum distance of one (1) foot beyond the area of contact.

Unless otherwise shown in the plans, connections between concrete pipe and corrugated metal pipe shall be made with a suitable concrete collar having minimum thickness of four (4) inches.

Stub ends, for connections to future work not shown on the plans, shall be finished by installing watertight plugs into the free end of the pipe.

(6) Backfilling. After the pipe has been placed, bedded and jointed as specified, filling and/or backfilling shall be done in accordance with the applicable requirements of Item 400, "Excavation and Backfill for Structures". When mortar joints are specified, no fill or backfill shall be placed until the jointing material has been cured for at least six hours. Special precautions shall be taken in placing and compacting the backfill to avoid any movement of the pipe or damage to the joints. For all pipe structures where joints consist of materials other than mortar, immediate backfilling will be permitted.

(7) Reuse of Appurtenances. When existing appurtenances are specified on the plans for reuse, the portion to be reused shall be severed from the culvert and moved to the new position previously prepared by hoisting with a crane, rolling, or other approved methods. Connections shall conform to the requirements for joining sections of pipes, as designated herein or as shown on the plans. Any portion of the headwalls or pipe attached to the appurtenance damaged during the moving operations by the Contractor shall be restored to its original condition at the Contractor's expense. The Contractor may remove and dispose

of the existing appurtenances and construct new appurtenances at his expense in accordance with the pertinent specifications and design shown on the plans or as furnished by the Engineer.

(8) Protection of Pipe. Unless otherwise shown on the plans or permitted in writing by the Engineer, no heavy earth moving equipment will be permitted to haul over the structure until a minimum of four (4) feet of permanent or temporary, compacted fill has been placed thereon. Pipe damaged by the Contractor's equipment shall be removed and replaced by the Contractor at the Contractor's expense.

464.4. Measurement. This Item will be measured by the linear foot. Such measurement will be made between the ends of the pipe barrel along the flow line, exclusive of safety end treatments. Safety end treatments shall be measured in accordance with Item 467, "Safety End Treatment". Where spurs or branches, or connections to existing pipe lines are involved, measurement of the spur or new connecting pipe will be made from the intersection of the flow line with the outside surface of the pipe into which it connects. Where inlets, headwalls, catch basins, manholes, junction chambers, or other structures are included in lines of pipe, that length of pipe tying into the structure wall will be included for measurement but no other portion of the structure length or width will be so included.

For multiple pipes, the measured length will be the sum of the lengths of the barrels measured as prescribed above.

This is a plans quantity measurement Item and the quantity to be paid for will be that quantity shown in the proposal and on the "Estimate and Quantity" sheet of the contract plans, except as may be modified by Article 9.8. If no adjustment of quantities is required, additional measurements or calculations will not be required.

464.5. Payment. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Reinforced Concrete Pipe" and "Reinforced Concrete Pipe (Sewers)" of the size and D-load or class specified; and "Reinforced Concrete Pipe (Arch)", "Reinforced Concrete Pipe (Elliptical)", "Reinforced Concrete Pipe (Arch) (Sewer)", and "Reinforced Concrete Pipe (Elliptical) (Sewer)" of the design specified.

This price shall be full compensation for furnishing, hauling, placing and joining of pipes; for cutting of skews or slopes, for all connections to new or existing structures; for moving and reusing appurtenances where required; for removing and disposing of portions of existing structures as required; and for all labor, tools, equipment and incidentals necessary to complete the work.

Excavation, bedding and backfill will be paid for in accordance with Item 400, "Excavation and Backfill for Structures".

*** * * END OF SECTION * * ***

SECTION ITEM 506
TEMPORARY EROSION, SEDIMENTATION, AND ENVIRONMENTAL CONTROLS

506.1. Description. Install, maintain, and remove erosion, sedimentation, and environmental control devices. Remove accumulated sediment and debris.

506.2. Materials.

A. Rock Filter Dams.

1. Aggregate. Furnish aggregate with hardness, durability, cleanliness, and resistance to crumbling, flaking, and eroding acceptable to the Engineer. Provide the following:

- **Types 1, 2, and 4 Rock Filter Dams.** Use 3 to 6 in. aggregate.
- **Type 3 Rock Filter Dams.** Use 4 to 8 in. aggregate.

2. Wire. Provide minimum 20 gauge galvanized wire for the steel wire mesh and tie wires for Types 2 and 3 rock filter dams. Type 4 dams require:

- a double-twisted, hexagonal weave with a nominal mesh opening of 2-1/2 in. x 3-1/4 in.;
- minimum 0.0866 in. steel wire for netting;
- minimum 0.1063 in. steel wire for selvages and corners; and minimum 0.0866 in. for binding or tie wire.

3. Sandbag Material. Furnish sandbags meeting Section 506.2.I, "Sandbags," except that any gradation of aggregate may be used to fill the sandbags.

B. Temporary Pipe Slope Drains. Provide corrugated metal pipe, polyvinyl chloride (PVC) pipe, flexible tubing, watertight connection bands, grommet materials, prefabricated fittings, and flared entrance sections that conform to the plans. Recycled and other materials meeting these requirements are allowed if approved. Furnish concrete in accordance with Item 432, "Riprap."

C. Baled Hay. Provide hay bales weighing at least 50 lb., composed entirely of vegetable matter, measuring 30 in. or longer, and bound with wire, nylon, or polypropylene string.

D. Temporary Paved Flumes. Furnish asphalt concrete, hydraulic cement concrete, or other comparable non-erodible material that conforms to the plans. Provide rock or rubble with a minimum diameter of 6 in. and a maximum volume of 1/2 cu. ft. for the construction of energy dissipaters.

E. Construction Exits. Provide materials that meet the details shown on the plans and this Section.

1. Rock Construction Exit. Provide crushed aggregate for long and short-term construction exits. Furnish aggregates that are clean, hard, durable, and free from adherent coatings such as salt, alkali, dirt, clay, loam, shale, soft, or flaky materials and organic and injurious matter. Use 4- to 8-in. aggregate for Type 1 and 2- to 4-in. aggregate for Type 3.

2. Timber Construction Exit. Furnish No. 2 quality or better railroad ties and timbers for long-term construction exits, free of large and loose knots and treated to control rot. Fasten timbers with nuts and bolts or lag bolts, of at least 1/2 in. diameter, unless otherwise shown on the plans or allowed. For short-term exits, provide plywood or pressed wafer board at least 1/2 in. thick.

3. Foundation Course. Provide a foundation course consisting of flexible base, bituminous concrete, hydraulic cement concrete, or other materials as shown on the plans or directed.

F. Embankment for Erosion Control. Provide rock, loam, clay, topsoil, or other earth materials that will form a stable embankment to meet the intended use.

G. Pipe. Provide pipe outlet material in accordance with Item 556, "Pipe Underdrains," and details shown on the plans.

H. Construction Perimeter Fence.

1. Posts. Provide essentially straight wood or steel posts that are at least 60 in. long. Furnish soft wood posts with a minimum diameter of 3 in. or use 2 x 4 boards. Furnish hardwood posts with a minimum cross-section of 1-1/2 x 1-1/5 in. Furnish T- or L-shaped steel posts with a minimum weight of 1.3 lb. per foot.

2. Fence. Provide orange construction fencing as approved by the Engineer.

3. Fence Wire. Provide 12-1/2 gauge or larger galvanized smooth or twisted wire. Provide16 gauge or larger tie wire.

4. Flagging. Provide brightly-colored flagging that is fade-resistant and at least 3/4 in. wide to provide maximum visibility both day and night.

5. Staples. Provide staples with a crown at least 1/2 in. wide and legs at least 1/2 in. long.

6. Used Materials. Previously used materials meeting the applicable requirements may be used if accepted by the Engineer.

I. Sandbags. Provide sandbag material of polypropylene, polyethylene, or polyamide woven fabric with a minimum unit weight of 4 oz. per square yard, a Mullen burst-strength exceeding 300 psi, and an ultraviolet stability exceeding 70%.

Use natural coarse sand or manufactured sand meeting the gradation given in Table 1 to fill sandbags. Filled sandbags must be 24 to 30 in. long, 16 to 18 in. wide, and 6 to 8 in. thick.

Table 1 – Sand Gradation	
Sieve Number	**Retained (% by Weight)**
4	3%
100	80%
200	95%

J. Temporary Sediment Control Fence. Provide a net-reinforced fence using woven geo-textile fabric. Logos visible to the traveling public will not be allowed.

1. Fabric. Provide fabric materials in accordance with DMS-6230, "Temporary Sediment Control Fence Fabric."

2. Posts. Provide essentially straight wood or steel posts with a minimum length of 48 in., unless otherwise shown on the plans.

Soft wood posts must be at least 3 in. in diameter or nominal 2 x 4 in. Hardwood posts must have a minimum cross-section of 1-1/2 x 1-1/2 in. T- or L-shaped steel posts must have a minimum weight of 1.3 lb. per foot.

3. Net Reinforcement. Provide net reinforcement of at least 12-1/2 gauge galvanized welded wire mesh, with a maximum opening size of 2 x 4 in., at least 24 in. wide, unless otherwise
shown on the plans.

4. Staples. Provide staples with a crown at least 3/4 in. wide and legs 1/2 in. long.

5. Used Materials. Use recycled material meeting the applicable requirements if accepted by the Engineer.

506.3. Equipment. Provide a backhoe, front end loader, blade, scraper, bulldozer, or other equipment as required when "Earthwork for Erosion Control" is specified on the plans as a bid item.

506.4. Construction.

A. Contractor Responsibilities. Implement the Department's Storm Water Pollution Prevention Plan (SWP3) for the project site in accordance with the specific or general storm water permit requirements. Develop and implement an SWP3 for project-specific material supply plants within and outside of the Department's right of way in accordance with the specific or general storm water permit requirements. Prevent water pollution from storm water associated with construction activity from entering any surface water or private property on or adjacent to the project site.

B. General.

1. Phasing. Implement control measures in the area to be disturbed before beginning construction, or as directed. Limit the disturbance to the area shown on the plans or as directed. If, in the opinion of the Engineer, the Contractor cannot control soil erosion and sedimentation resulting from construction operations, the Engineer will limit the disturbed area to that which the Contractor is able to control. Minimize disturbance to vegetation.

2. Maintenance. Immediately correct ineffective control measures. Implement additional controls as directed. Remove excavated material within the time requirements specified in the applicable storm water permit.

3. Stabilization. Stabilize disturbed areas where construction activities will be temporarily stopped in accordance with the applicable storm water permit. Establish a uniform vegetative
cover. The project will not be accepted until a 70% density of existing adjacent undisturbed areas is obtained, unless otherwise shown on the plans. When shown on the plans, the Engineer may accept the project when adequate controls are in place that will control erosion, sedimentation, and water pollution until sufficient vegetative cover can be established.

4. Finished Work. Upon acceptance of vegetative cover, remove and dispose of all temporary control measures, temporary embankments, bridges, matting, falsework, piling, debris, or other obstructions placed during construction that are not a part of the finished work, or as directed.

5. Restricted Activities. Do not locate disposal areas, stockpiles, or haul roads in any wetland, water body, or streambed. Do not install temporary construction crossings in or across any water body without the prior approval of the appropriate resource agency and the Engineer. Restrict construction operations in any water body to the necessary areas as shown on the plans or applicable permit, or as directed. Use temporary bridges, timber mats, or other structurally sound and non-eroding material for stream crossings. Provide protected storage area for paints, chemicals, solvents, and fertilizers at an approved location. Keep paints, chemicals, solvents, and fertilizers off bare ground and provide shelter for stored chemicals.

C. Installation, Maintenance, and Removal Work. Perform work in accordance with the specific or general storm water permit. Install and maintain the integrity of temporary erosion and sedimentation control devices to accumulate silt and debris until earthwork construction and permanent erosion control features are in place or the disturbed area has been

adequately stabilized as determined by the Engineer. If a device ceases to function as intended, repair or replace the device or portions thereof as necessary. Remove sediment, debris, and litter. When approved, sediments may be disposed of within embankments, or in the right of way in areas where the material will not contribute to further siltation. Dispose of removed material in accordance with federal, state, and local regulations. Remove devices upon approval or when directed. Upon removal, finish-grade and dress the area. Stabilize disturbed areas in accordance with the permit, and as shown on the plans or directed. The Contractor retains ownership of stockpiled material and must remove it from the project when new installations or replacements are no longer required.

1. Rock Filter Dams for Erosion Control. Remove trees, brush, stumps, and other objectionable material that may interfere with the construction of rock filter dams. Place sandbags as a foundation when required or at the Contractor's option. For Types 1, 2, 3, and 5, place the aggregate to the lines, height, and slopes specified, without undue voids. For Types 2 and 3, place the aggregate on the mesh and then fold the mesh at the upstream side over the aggregate and secure it to itself on the downstream side with wire ties, or hog rings, or as directed. Place rock filter dams perpendicular to the flow of the stream or channel unless otherwise directed. Construct filter dams according to the following criteria, unless otherwise shown on the plans:

a. Type 1 (Non-reinforced).

(1) Height. At least 18 in. measured vertically from existing ground to top of filter dam.

(2) Top Width. At least 2 ft.

(3) Slopes. At most 2:1.

b. Type 2 (Reinforced).

(1) Height. At least 18 in. measured vertically from existing ground to top of filter dam.

(2) Top Width. At least 2 ft.

(3) Slopes. At most 2:1.

c. Type 3 (Reinforced).

(1) Height. At least 36 in. measured vertically from existing ground to top of filter dam.

(2) Top Width. At least 2 ft.

(3) Slopes. At most 2:1.

D. Type 4 (Sack Gabions). Unfold sack gabions and smooth out kinks and bends. For vertical filling, connect the sides by lacing in a single loop–double loop pattern on 4- to 5-in. spacing. At one end, pull the end lacing rod until tight, wrap around the end, and twist 4 times. At the filling end, fill with stone, pull the rod tight, cut the wire with approximately 6 in. remaining, and twist wires 4 times. For horizontal filling, place sack flat in a filling trough, fill with stone, and connect sides and secure ends as described above. Lift and place without damaging the gabion. Shape sack gabions to existing contours.

E. Type 5. Provide rock filter dams as shown on the plans.

1. Temporary Pipe Slope Drains. Install pipe with a slope as shown on the plans or as directed. Construct embankment for the drainage system in 8-in. lifts to the required elevations. Hand-tamp the soil around and under the entrance section to the top of the embankment as shown on the plans or as directed. Form the top of the embankment or earth dike over the pipe slope drain at least 1 ft. higher than the top of the inlet pipe

at all points. Secure the pipe with hold-downs or hold-down grommets spaced a maximum of 10 ft. on center. Construct the energy dissipators or sediment traps as shown on the plans or as directed. Construct the sediment trap using concrete or rubble riprap in accordance with Item 432, "Riprap," when designated on the plans.

2. Baled Hay for Erosion and Sedimentation Control. Install hay bales at locations shown on the plans by embedding in the soil at least 4 in. and, where possible, approximately 1/2 the height of the bale, or as directed. Fill gaps between bales with hay.

3. Temporary Paved Flumes. Construct paved flumes as shown on the plans or as directed. Provide excavation and embankment (including compaction of the subgrade) of material to the dimensions shown on the plans, unless otherwise indicated. Install a rock or rubble riprap energy dissipater, constructed from the materials specified above to a minimum depth of 9 in. at the flume outlet to the limits shown on the plans or as directed.

4. Construction Exits. When tracking conditions exist, prevent traffic from crossing or exiting the construction site or moving directly onto a public roadway, alley, sidewalk, parking area, or other right of way areas other than at the location of construction exits. Construct exits for either long or short-term use.

a. Long-Term. Place the exit over a foundation course, if necessary. Grade the foundation course or compacted subgrade to direct runoff from the construction exits to a sediment trap as shown on the plans or as directed. Construct exits with a width of at least 14 ft. for one-way and 20 ft. for two-way traffic for the full width of the exit, or as directed.

(1) Type 1. Construct to a depth of at least 8 in. using crushed aggregate as shown on the plans or as directed.

(2) Type 2. Construct using railroad ties and timbers as shown on the plans or as directed.

b. Short-Term.

(1) Type 3. Construct using crushed aggregate, plywood, or wafer board. This type of exit may be used for daily operations where long-term exits are not practical.

(2) Type 4. Construct as shown on the plans or as directed.

6. Earthwork for Erosion Control. Perform excavation and embankment operations to minimize erosion and to remove collected sediments from other erosion control devices.

a. Excavation and Embankment for Erosion ControlFeatures. Place earth dikes, swales, or combinations of both along the low crown of daily lift placement, or as directed, to prevent runoff spillover. Place swales and dikes at other locations as shown on the plans or as directed to prevent runoff spillover or to divert runoff. Construct cuts with the low end blocked with undisturbed earth to prevent erosion of hillsides. Construct sediment traps at drainage structures in conjunction with other erosion control measures as shown on the plans or as directed. Where required, create a sediment basin providing 3,600 cu. ft. of storage per acre drained, or equivalent control measures for drainage locations that serve an area with 10 or more disturbed acres at one time, not including offsite areas.

b. Excavation of Sediment and Debris. Remove sediment and debris when accumulation affects the performance of the devices, after a rain, and when directed.

7. Construction Perimeter Fence. Construct, align, and locate fencing as shown on the plans or as directed.

a. Installation of Posts. Embed posts 18 in. deep or adequately anchor in rock, with a spacing of 8 to 10 ft.

b. Wire Attachment. Attach the top wire to the posts at least 3 ft. from the ground. Attach the lower wire midway between the ground and the top wire.

c. Flag Attachment. Attach flagging to both wire strands midway between each post. Use flagging at least 18 in. long. Tie flagging to the wire using a square knot.

8. Sandbags for Erosion Control. Construct a berm or dam of sandbags that will intercept sediment-laden storm water runoff from disturbed areas, create a retention pond, detain sediment, and release water in sheet flow. Fill each bag with sand so that at least the top 6 in. of the bag is unfilled to allow for proper tying of the open end. Place the sandbags with their tied ends in the same direction. Offset subsequent rows of sandbags 1/2 the length of the preceding row. Place a single layer of sandbags downstream as a secondary debris trap. Place additional sandbags as necessary or as directed for supplementary support to berms or dams of sandbags or earth.

9. Temporary Sediment-Control Fence. Provide temporary sediment-control fence near the downstream perimeter of a disturbed area to intercept sediment from sheet flow. Incorporate the fence into erosion-control measures used to control sediment in areas of higher flow. Install the fence as shown on the plans, as specified in this Section, or as directed.

a. Installation of Posts. Embed posts at least 18 in. deep, or adequately anchor, if in rock, with a spacing of 6 to 8 ft. and install on a slight angle toward the run-off source.

b. Fabric Anchoring. Dig trenches along the uphill side of the fence to anchor 6 to 8 in. of fabric. Provide a minimum trench cross-section of 6 x 6 in. Place the fabric against the side of the trench and align approximately 2 in of fabric along the bottom in the upstream direction. Backfill the trench, then hand-tamp.

c. Fabric and Net Reinforcement Attachment. Unless otherwise shown under the plans, attach the reinforcement to wooden posts with staples, or to steel posts with T-clips, in at least 4 places equally spaced. Sewn vertical pockets may be used to attached reinforcement to end posts. Fasten the fabric to the top strand of reinforcement by hog rings or cord every 15 in. or less.

d. Fabric and Net Splices. Locate splices at a fence post with a minimum lap of 6 in. attached in at least 6 places equally spaced, unless otherwise shown under the plans. Do not locate splices in concentrated flow areas.

Requirements for installation of used temporary sediment control fence include the following:

- fabric with minimal or no visible signs of biodegradation (weak fibers),
- fabric without excessive patching (more than 1 patch every 15 to 20 ft.),
- posts without bends, and
- backing without holes.

506.5. Measurement.

A. Rock Filter Dams. Installation or removal of rock filter dams will be measured by the foot or by the cubic yard. The measured volume will include sandbags, when used.

1. Linear Measurement. When rock filter dams are measured by the foot, measurement will be along the centerline of the top of the dam.

2. Volume Measurement. When rock filter dams are measured by the cubic yard, measurement will be based on the volume of rock computed by the method of average end areas.

a. Installation. Measurement will be made in final position.

b. Removal. Measurement will be made at the point of removal.

B. Temporary Pipe Slope Drains. Temporary pipe slope drains will be measured by the foot.

C. Baled Hay. Baled hay will be measured by each bale.

D. Temporary Paved Flumes. Temporary paved flumes will be measured by the square yard of surface area. The measured area will include the energy dissipater at the flume outlet.

E. Construction Exits. Construction exits will be measured by the square yard of surface area.

F. Earthwork for Erosion Control.

1. Equipment. Equipment use will be measured by the actual number of hours the equipment is operated.

2. Volume Measurement.

a. In Place.

(1) Excavation. Excavation will be measured by the cubic yard in its original position and the volume computed by the method of average end areas.

(2) Embankment. Embankment will be measured by the cubic yard in its final position by the method of average end areas. The volume of embankment will be determined between:

- the original ground surfaces or the surface upon that the embankment is to be constructed for the feature and
- the lines, grades and slopes of the accepted embankment for the feature.

b. In Vehicles. Excavation and embankment quantities will be combined and paid for under "Earthwork (Erosion and Sediment Control, In Vehicles)." Excavation will be measured by the cubic yard in vehicles at the point of removal. Embankment will be measured by the cubic yard in vehicles measured at the point of delivery. Shrinkage or swelling factors will not be considered in determining the calculated quantities.

G. Construction Perimeter Fence. Construction perimeter fence will be measured by the foot.

H. Sandbags for Erosion Control. Sandbags will be measured as each sandbag or by the foot along the top of sandbag berms or dams.

I. Temporary Sediment-Control Fence. Temporary sediment-control fence will be measured by the foot.

506.6. Payment. The following will not be paid for directly but are subsidiary to pertinent Items:

- erosion-control measures for Contractor project-specific locations (PSLs) inside and outside the right of way (such as construction and haul roads, field offices, equipment and supply areas, plants, and material sources);
- removal of litter;
- repair to devices and features damaged by Contractor operations;
- added measures and maintenance needed due to negligence, carelessness, lack of maintenance, and failure to install permanent controls;
- removal and reinstallation of devices and features needed for the convenience of the Contractor;

• finish grading and dressing upon removal of the device; and
• minor adjustments including but not limited to plumbing posts, reattaching fabric, minor grading to maintain slopes on an erosion embankment feature, or moving small numbers of sandbags.

The Contractor will be reimbursed in accordance with pertinent Items or Article 9.5, "Force Account," for maintenance, repair, or reinstallation of devices and features when the need for additional control measures cannot be attributed to the above, as determined by the Engineer. Stabilization of disturbed areas will be paid for under pertinent Items. Furnishing and installing pipe for outfalls associated with sediment traps and ponds will not be paid for directly but is subsidiary to the excavation and embankment under this Item.

A. Rock Filter Dams. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid as follows:

1. Installation. Installation will be paid for as "Rock Filter Dams (Install)" of the type specified. This price is full compensation for furnishing and operating equipment, finish backfill and grading, lacing, proper disposal, labor, materials, tools, and incidentals.

2. Removal. Removal will be paid for as "Rock Filter Dams (Remove)." This price is full compensation for furnishing and operating equipment, proper disposal, labor, materials, tools, and incidentals. When the Engineer directs that the rock filter dam installation or portions thereof be replaced, payment will be made at the unit price bid for "Rock Filter Dams (Remove)" and for "Rock Filter Dams (Install)" of the type specified. This price is full compensation for furnishing and operating equipment, finish backfill and grading, lacing, proper disposal, labor, materials, tools, and incidentals

B. Temporary Pipe Slope Drains. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Temporary Pipe Slope Drains" of the size specified. This price is full compensation for furnishing materials, removal and disposal, furnishing and operating equipment, labor, tools, and incidentals. Removal of temporary pipe slope drains will not be paid for directly but is subsidiary to the installation Item. When the Engineer directs that the pipe slope drain installation or portions thereof be replaced, payment will be made at the unit price bid for "Temporary Pipe Slope Drains" of the size specified, which is full compensation for the removal and reinstallation of the pipe drain. Earthwork required for the pipe slope drain installation, including construction of the sediment trap, will be measured and paid for under Section 506.5.F, "Earthwork for Erosion and Sediment Control." Riprap concrete or stone, when used as an energy dissipater or as a stabilized sediment trap, will be measured and paid for in accordance with Item 432, "Riprap."

C. Baled Hay. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Baled Hay." This price is full compensation for furnishing and placing bales, excavating trenches, removal and disposal, equipment, labor, tools, and incidentals. When the Engineer directs that the baled hay installation (or portions thereof) be replaced, payment will be made at the unit price bid for "Baled Hay," which is full compensation for removal and reinstallation of the baled hay.

D. Temporary Paved Flumes. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Temporary Paved Flume (Install)" or "Temporary Paved Flume (Remove)." This price is full compensation for furnishing and placing materials, removal and disposal, equipment, labor, tools, and incidentals. When the Engineer directs that the paved flume

installation or portions thereof be replaced, payment will be made at the unit prices bid for "Temporary Paved Flume (Remove)" and "Temporary Paved Flume (Install)." These prices are full compensation for the removal and replacement of the paved flume and for equipment, labor, tools, and incidentals. Earthwork required for the paved flume installation, including construction of a sediment trap, will be measured and paid for under Section 506.5.F, "Earthwork for Erosion and Sediment Control."

E. Construction Exits. Contractor-required construction exits from offright of way locations or on-right of way PSLs will not be paid for directly but are subsidiary to pertinent Items. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" for construction exits needed on right of way access to work areas required by the Department will be paid for at the unit price bid for "Construction Exits (Install)" of the type specified or "Construction Exits (Remove)." This price is full compensation for furnishing and placing materials, excavating, removal and disposal, cleaning vehicles, labor, tools, and incidentals. When the Engineer directs that a construction exit or portion thereof be removed and replaced, payment will be made at the unit prices bid for "Construction Exit (Remove)" and "Construction Exit (Install)" of the type specified. These prices are full compensation for the removal and replacement of the construction exit and for equipment, labor, tools, and incidentals. Construction of sediment traps used in conjunction with the construction exit will be measured and paid for under Section 506.5.F, "Earthwork for Erosion and Sediment Control."

F. Earthwork for Erosion and Sediment Control. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Excavation (Erosion and Sediment Control, In Place)," "Embankment (Erosion and Sediment Control, In Place)," "Earthwork (Erosion and Sediment Control, In Vehicles)," "Dragline Work (Erosion and Sediment Control)," "Backhoe Work (Erosion and Sediment Control)," "Excavator Work (Erosion and Sediment Control)," "Front End Loader Work (Erosion and Sediment Control)," "Blading Work (Erosion and Sediment Control)," "Scraper Work (Erosion and Sediment Control)," or "Bulldozer Work (Erosion and Sediment Control)." This price is full compensation for excavation including removal of accumulated sediment in various erosion control installations as directed, hauling, and disposal of material not used elsewhere on the project; excavation for construction of erosion-control features; embankments including furnishing material from approved sources and construction of erosion-control features; sandbags; plywood; stage construction for curb inlets involved in curb-inlet sediment traps; and equipment, labor; tools, and incidentals. Earthwork needed to remove and obliterate of erosion-control features will not be paid for directly but is subsidiary to pertinent Items unless otherwise shown on the plans. Sprinkling and rolling required by this Item will not be paid for directly, but will be subsidiary to this Item.

G. Construction Perimeter Fence. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Construction Perimeter Fence." This price is full compensation for furnishing and placing the fence; digging, fence posts, wire, and flagging; removal and disposal; and materials, equipment, labor, tools, and incidentals. Removal of construction perimeter fence will be not be paid for directly but is subsidiary to the installation Item. When the Engineer directs that the perimeter fence installation or portions thereof be removed and replaced, payment will be made at the unit price bid for "Construction Perimeter Fence," which is full compensation for the removal and reinstallation of the construction perimeter fence.

H. Sandbags for Erosion Control. Sandbags will be paid for at the unit price bid for "Sandbags for Erosion Control" (of the height specified when measurement is by the foot). This price is full compensation for materials, placing sandbags, removal and disposal, equipment, labor, tools, and incidentals. Removal of sandbags will not be paid for directly but is subsidiary to the installation Item. When the Engineer directs that the sandbag installation or portions thereof be replaced, payment will be made at the unit price bid for "Sandbags for Erosion Control," which is full compensation for the reinstallation of the sandbags.

I. Temporary Sediment-Control Fence. The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Temporary Sediment-Control Fence." This price is full compensation for furnishing and placing the fence; trenching, fence posts, fabric and backfill; removal and disposal; and equipment, labor, tools, and incidentals. Removal of temporary sediment-control fence will not be paid for directly but is subsidiary to the installation Item. When the Engineer directs that the temporary sedimentation control fence installation or portions thereof be replaced, payment will be made at the unit price bid for "Temporary Sediment-Control Fence," which is full compensation for the removal and reinstallation of the temporary sediment-control fence.

INTRODUCTION

The Eldora Road Reconstruction Project is being developed by **Hidalgo County Precinct 2 (HC Pct. 2)** in Hidalgo County, Texas with the intent of providing enhanced mobility within the corridor through an improvement of the pavement structure. As a function of project development for the Eldora Rd. Project, the County has contracted **L&G Engineering (L&G)** to provide a pavement design report. This report has been developed to provide design, analysis, guidance and recommendations for the proposed flexible pavement design on the noted project.

Project Information

The Eldora Rd. project currently serves as a horizontally (east - west) oriented transportation corridor located east of US 281 (IH-69C Corridor) and north of US 83 (IH-2 Corridor) between parallel roadways Earling Rd. and Sioux Rd. The proposed project will be approximately 0.8 miles in length and will begin at I Rd. (N. Veterans Blvd.) and end at Raul Longoria Rd (FM 1426). The general location map is as illustrated in Figure 1.

Figure 1 – Eldora Rd. General Project Location Map

The project is to consist of the reconstruction of a 2-lane roadway with a functional classification and highway type of Rural Collector or Rural Minor Arterial (assumed) and a proposed design speed of 30 miles per hour (assumed based on posted speed limit). The typical geometry of the existing cross section is two – 10 foot travel lanes (one in each direction). The typical geometry of the proposed cross section will be two – 12 foot travel lanes (one in each direction). The existing typical section and existing corridor photo are as illustrated in Figure 2A and 2B.
