Stan,

There is a problem with #13 on the reverse side of the contract. It requires the county to defend, indemnify and hold harmless the vendor from claims. If we can add the following language..."to the extent permitted under the constitution and laws of the State of Texas" ...that will take care of it.

Thanks.

Counsel,

Please review fire alarm monitoring contract for the court house annex aka (old admin) building, I'm also including an evaluation agreement for some network equipment. We would like to create an agenda item for the next commissioners court.

Thanks,
