Dear Henry,

On behalf of the Hidalgo County Commissioners Court, I would like to acknowledge our support for the wind power project of your affiliate, Hidalgo Wind Farm LLC, which is to be partially located in Hidalgo County (the "Hidalgo Wind Farm").

Per your request at the February 16, 2016, Commissioners Court meeting for a statement from Hidalgo County regarding the Hidalgo Wind Farm's compliance with zoning, please be aware that Hidalgo County, at the present time, has no zoning regulations with regard to the above mentioned project.

If applicable, items that may be subject to review of planning, health, fire and safety regulations of Hidalgo County are as follows: site plan, drainage/detention plan, floor plans and an on-site septic design for sewage disposal if no sanitary sewer is available. In addition, there may be certain state and/or local regulations to which this type of operation may be subject that Hidalgo County has no jurisdiction over.

We look forward to working with you as the project moves forward.

Sincerely,

---

County Judge Ramon Garcia
