Attention: Mr. Robert Macheska

Dear Mr. Macheska,

This letter, serves as the notice of an approved utility adjustment Local Utility Process (LUP) Determination of Upper Limits. Hidalgo County may now execute the LPA Standard Utility Agreement (SUA) with Texas Gas Service. This adjustment is 100 percent reimbursable for all eligible costs estimated in the amount of \$213,226.00. Reimbursement will be made to Hidalgo County upon completion of Audit and demonstration that the County has paid the utility (Form ROW-U-45). State cost participation will be based on Statute 23CFR 645A. All quantities in the estimate portion of the agreement are preliminary. Final quantities and participation will be based upon actual scope of work performed.

The owner Texas Gas Service acknowledges and fully accepts responsibility and liability for the design, construction, maintenance, and operation of this proposed adjustment. If during or after construction of Texas Gas Service facilities, a modification is necessary due to a revision of their utility plans. Your office/Hidalgo County should be notified prior to the implementation of the change. Any required revisions to the scope of work must be included in an amendment. The amendment must be prepared in advance and presented to the State for consideration prior to any work being performed. Also, the amendment must be executed and incorporated into the existing executed SUA.

All costs should be clearly defined and indicated in a line item format that should match the items shown in the original cost estimate. All major items should be supported by contractor invoices. Your final billing will need to compare the estimated quantities and cost to the actual quantities and cost. Then an explanation of any overruns or underruns in the quantities or cost will need to be provided. The date construction began and ended should also be submitted with your final billing along with the address and telephone number of the location where the records may be audited.
