Re: Invoice and Project Status for Closed landfill Groundwater Monitoring and
GWSAP Modification

Dear Mr Ozuna:

Please find enclosed the invoice for the second semi-annual sampling event, annual report, and progress on the GWSAP modification.

We completed the second semi-annual sampling event in December and have included the data in the annual report. The report has been submitted to TCEQ.

The GWSAP modification is complete except for finalizing the portions related to the signing of the modification by the county's authorized individual. Once signed, we can submit the modification. We will likely have comments/revisions to address with TCEQ before the GWSAP is approved. Background sampling can then begin under the new plan.

Please contact me if you need any additional information at this time.

Best regards,
Modern Technology – Modern Environment

Mitch Hudgins, P.E.
