Good afternoon Ms. Saenz,

In addition to your comment of adding the signing and striping, the as-built or record drawings are required in order to submit reimbursement request to FEMA. I did not see that as part of the scope which needs to be added. I believe the consultant on the other FEMA projects included it in their scope of services. **The fees are in line for the scope of work.**

**If we can be of further assistance, please advise.**

Good afternoon, Mr. Sesin-

Please review and advise on best and final offer (BAFO) by **LeFevre** for **FEMA projects** at **Pct 1** under **WA 1-4** (attached hereto). They have agreed to **8.5% per site**.

Also, be advised that LeFevre has submitted confirmation that "signing and striping" will be part of their scope of work, email also (attached hereto). However, I have recommended that they include it in their scopes for the purposes of consistency under both the agreement and work authorizations.

Respectfully,

**Leticia H. Saenz, CPPB/Contracts Manager**Hidalgo County Purchasing Department
