

MEMORANDUM

DATE: January 11, 2017

TO: Armando Pompa, Director of Field Operations

FROM: Francisco Marin, Special Projects Manager *FMA*

SUBJECT: Request for Approval-Used 2000 Ford F-350 Bucket Truck

Please be advised, that on January 6, I once again e-mailed a request for quotations to purchase a used 2000 Ford F-350 Bucket Truck. I sent the specifications to six used bucket truck dealerships within the state that included Art's Trucks and Equipment which is located in McAllen, Utility 1 Source in Fort Worth, Altec NUECO in Waxahachie, Century Trucks and Vans from Grand Prairie, D.L. Campbell Used Cars and Trucks, Inc. in Dallas, and Roy's Truck and Equipment is located in Rowlett. The original quote from local vendor Lumatec Lighting Service was updated on January 5th.

Attached are sales representative responses from Altec NUECO, Roy's Truck and Equipment, Art's Trucks and Equipment, and Utility 1 Source, who all indicated that they currently didn't have a bucket truck that met our specifications: Century Trucks and Vans and D.L. Campbell Used Cars and Trucks did not respond our RFQ.

This memorandum serves as a request for your consideration to proceed with the purchase of a used bucket truck from Lumatec Lighting Service in the amount of \$18,500. Attached are copies of the quotes and e-mail exchanges that support this request. I have also included the invoice that verifies that Victor Rios, who is the owner of the bucket truck, had recently overhauled this unit. Should you have any questions, please feel free to contact me at your convenience.

c: Jorge Hinojosa, Assistant Director of Field Operations
Yolanda Cisneros, Administrative Assistant

Frank,

At this time we do not have anything in stock that fit you specifications below.

Thank you for your interest in Altec, and please let me know if I can do anything for you guys in the future.

We do not have the exact same specs as the attached document. We have newer chassis with less miles and the lowest we go in the F-series for Ford is the F-450. Example of a 2011 30 foot boom attached (\$42,900 is the asking price).

Hey Francisco,

Slade let me know that you are in the market for a van unit. This is the only van unit in stock at this time. It is currently on hold for another customer at the moment, but that does not mean that it is sold. Let me know what you think.

Thank you, and I will talk to you soon.
