RE: Year Model Discrepancy

Mrs. Lucio,

This letter is to clarify the year model discrepancy error on the Freightliner SD114 Roll-Off, Vin# 1FVHG2DV6GHGY9244 delivered to Hidalgo County PCT 4 on November 28<sup>th</sup>, 2016. A total of three (3) different HGAC Quotes were submitted to Hidalgo County PCT 4 for a Freightliner SD114 roll-off. The first two (2) were the same truck but with different roll-off hoist manufacturers for the county to choose from. Both these quotes were a truck to be built and ordered to match the current roll-off truck specifications as close as possible that the County is currently using. Since they were to be an ordered truck, it would be manufactured as a 2017 year model. In discussion with the County, they needed a truck as soon as possible so a similar truck was quoted and the third HGAC Worksheet was generated. When completing the third HGAC Worksheet, the options and pricing were changed but the year model was inadvertently overlooked and was not changed from a 2017 year model to a 2016.

We deeply apologize for this error and any confusion it may have caused. If you should have further questions or concerns, please do not hesitate to contact me at your convenience.
