Subject: Re: Purchase of a firearm by a retiring Peace Officer

Ms. Aggie,

As requested, attached please find in Excel format a copy of the depreciation form that shows the current book value of the Sig Sauer P220 hand gun, asset # 38783.

Also indicated as a foot note in the form, is the average Fair Market Value (FMV) calculated by using sample information from a weapons online auction web-site.

Summary:

As of today 05.03.2017,
The book value is \$50.88,
and the average FMV is \$538.48

Respectfully,

Juan M. Alvarado
Assistant Fixed Asset Manager
Hidalgo County Purchasing Department
Fixed Asset Division
