RE: Agenda Concerns

Dear Judge and Commissioners:

In accordance with Local Government Code Section 111.093, a requisition issued or a contract for work, labor, services, or materials and supplies is not binding until the county auditor certifies that the budget contains an ample provision for the obligation and that funds are or will be available to pay the obligation when due. Recommend that agreements/contracts be revised to include the County Auditor's signature as certification of available funds.

Ref: Review of *Criminal Monthly Report* and Supporting Documentation
For the months of July 2016 through December 2016

Dear Mr. Guajardo:

We have conducted a limited scope review of the *Criminal Monthly Fee Report (Monthly Report)* and supporting documentation for the months of July 2016 through December 2016 pursuant to Local Government Code §115.002 (a), §115.002 (b), and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fines, fees, and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the months of July 2016 through December 2016. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fines, fees, and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal date of the *Monthly Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued *per Odyssey's* Receipt Journal Report, 2.) total collections per *Odyssey's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified that jail time ordered to be serve by the defendant as stated on the Judgment Order agrees to the jail time reported on the Sheriff's "D" Monthly Report.

- Verified the sequence of receipts per the *Monthly Report* agreed to Odyssey's Receipt Journal Report. In addition, verified that receipts followed sequential order.
- Reviewed randomly selected receipts to determine if fines, fees, and court cost were allocated and reported in the proper amounts.
- Reviewed *Cashier's Daily Fund Report* and bank deposit slips to verify proper completion and accuracy.
- Reviewed *Revenue Remittance Reports* and County Treasurer receipts to determine if fees collected were deposited with the County Treasurer in a timely manner.
- Reviewed receipts, *Revenue Remittance Reports*, *Monthly Report*, and mail logs to verify proper completion.
- Reviewed randomly selected validated deposit slips to determine if the deposit composition (cash, checks, credit card, etc.) agreed to the applicable payment method listed on the receipts.

Conclusion:
Total collections for the months of July 2016 through December 2016 were $153,807.77; $174,640.14; $166,277.06; $183,828.64; $162,406.25; and $139,535.23, respectively. Based on the results of our review, we have concluded that fines, fees, and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fines, fees, and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed a sample of receipts issued during the months of July 2016 through December 2016 to determine if fines, fees, and court costs were properly allocated and reported.

The results of our review revealed that 135 of the receipts tested (July-19; August-24; September-18; October-32; November-24; and December-18) (see Exhibit A) contained errors in the allocation of fines, fees, and court costs. Some of the errors were the result of the incorrect allocation of the Additional Court Cost (ADD.CC); State Traffic Fine (STF); Records Management and Preservation Fee (RMP $22.50); Records Management and Preservation Fee – County Clerk (RMPr $2.50); and Local Transaction Fee. Some of the errors were the result of programming errors in *Odyssey* while others were the result of human error. Staff was advised of the errors and various Odyssey programming errors were corrected. The adjustments resulting from human error have not been completed. According to staff, due to an oversight, staff did not verify that the fines, fees, and court costs were correct prior to taking in a payment.

There are numerous statutes that require the County Clerk to charge various fines, fees, and court costs for certain services and offenses. Fines, fees, and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Failure to ensure that fines, fees, and court costs are properly allocated and reported may result in the improper collection of County revenues. In addition, the County may be held liable to the State for failure to properly allocate and report fines, fees, and court costs.

Recommendation:
Management should ensure that all pending adjustments are completed. In addition, management should ensure that fines, fees, and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fines, fees, and court costs.
- Staff should ensure that the proper fines, fees, and court costs allocation, offense date, and judgment date are entered when a case is setup in *Odyssey*.
- Staff should review the allocation of fines, fees, and court costs before the official County receipt is issued.
- The bill of costs should be revised through a court order to reflect the correct fines, fees, and court costs.

Observation No. 2:
We noted during our review that the July 2016 through December 2016 *Monthly Reports* were submitted 7, 13, 9, 7, 10, and 7 days after the fifth day following the end of the month, respectively, to the County Auditor's Office. According to staff, attempts are made to submit the *Monthly Report* in a timely manner; however, due

to heavy work load, submittal of the *Monthly Report* gets delayed. In addition, at times, management is not available to review, approve, and sign the *Monthly Report*.

Local Government Code §114.001 (b) states, "A monthly report must be filed within five days after the last day of each month." Timely submittal of the *Monthly Report* helps ensure the proper accounting and accurate projection of the county revenues.

Failure to ensure that the *Monthly Report* is submitted to the County Auditor's Office within five days after the last day of each month may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should ensure that the *Monthly Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 3:
We noted during our review that collections are deposited 2 days after the collections are receipted. According to staff, the armored car company changed their pick-up time schedule to an earlier time, leaving the department with insufficient time to review and prepare the close-out reports and deposit slip.

Pursuant to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office, cash receipts must be deposited intact on a daily basis, unless the amount collected is less than $100.00

Failure to ensure that collections are deposited at the bank on a daily basis may result in the loss or misuse of County funds.

Recommendation:
Management should contact the applicable parties to arrange a more convenient time for the armor car to pick up the daily collections in order to ensure that collections are deposited daily. In the alternative, the time for closing out and balancing the daily collections should be changed in order to have ample time to make daily deposits.

Observation No. 4:
We noted during our review that deposit slips were not properly prepared. The deposit slip did not include the receipt sequence and the listing of check numbers to be deposited. In addition, copies of the checks receipted are not kept and attached to the Close-Out Report. According to staff, the majority of the payments received are made by check and the list of checks will exceed the space available on the deposit slip. Furthermore, the staff has a heavy work load and making copies of the checks will be difficult. Staff is also instructed to enter the check number in *Odyssey* when a payment is receipted.

Pursuant to the Cash Handling Guidelines, "Deposit slips must contain sufficient information to identify the cash receipts for which the deposit is being made. Deposit slips must include the date of deposit, receipt sequence, amount of currency and coins, a listing of checks numbers and amounts, and the total dollar amount of the deposit. If it is not possible to list all the checks collected, copies of the checks must be maintained and attached to the Close-Out Report."

Failure to properly prepare deposit slips may result in the misuse of County funds.

Recommendation:
Management should ensure that deposit slips are properly prepared. Please refer to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for preparing deposit slips.

Observation No. 5:
We noted during our review that manual receipts and corresponding computer-generated receipts were not consistently cross-referenced.

Pursuant to the Cash Handling Guidelines, "When a department with a computerized receipting system uses manual receipts, those manual receipts must be entered into the computerized receipting system as soon as possible, but in no event later than the next business day after the computerized receipting system is operational. Each manual receipt and corresponding computer-generated receipt should be cross-referenced."

Failure to ensure that manual receipts and corresponding computer-generated receipts are consistently cross-referenced may result in the loss or misuse of County funds.

Recommendation:
Management should ensure that manual receipts and corresponding computer-generated receipts are consistently cross-referenced.

Observation No. 6:
We noted during our review that if an order of expunction is received, receipts attached to the case are voided.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. If an order of expunction is received, any docket numbers and receipts issued for the case should remain and not be removed. Any data referencing the defendant's name should be replaced with the word "expunged" and scanned documents should be deleted.

Failure to ensure receipts issued in expunged cases are not voided and that any data referencing the defendant's name is replaced with the word "expunged" may result in the misuse of County funds.

Recommendation:
Management should ensure that, if an order of expunction is received, receipts issued are not voided and any data referencing the defendant's name is replaced with the word "expunged". At a minimum, the procedures noted above should be implemented.

Please provide written management responses to the observations noted above by April 28, 2017.

If you have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Respectfully,

Ray Enriquez, CPA

Ref: Review of *Civil and Probate Court Cost Monthly Report* and Supporting Documentation For the months of July 2016 through December 2016

Dear Mr. Guajardo:

We have conducted a limited scope review of the *Civil and Probate Court Cost Monthly Report (Monthly Report)* and supporting documentation for the months of July 2016 through December 2016 pursuant to Local Government Code §115.002 (a) and §115.002 (b). The objective of the review was to determine if fees and court costs collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the month months of July 2016 through December 2016. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fees and court cost statutes and schedules. The following procedures were also performed:

- Reviewed the submittal date of the *Monthly Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued *per Odyssey's* Receipt Journal Report, 2.) total collections per *Odyssey's* Fee Distribution Report, 3.) total deposits made with the County Treasurer, and 4.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified the sequence of receipts per the *Monthly Report* agreed to Odyssey's Receipt Journal Report. In addition, verified that receipts followed sequential order.

- Reviewed randomly selected receipts to determine if fees and court costs were allocated and reported in the proper amounts.
- Reviewed *Cashier's Daily Fund Report* and bank deposit slips to verify proper completion and accuracy.
- Reviewed *Revenue Remittance Reports* and County Treasurer receipts to determine if fees collected were deposited with the County Treasurer in a timely manner.
- Reviewed receipts, *Revenue Remittance Reports*, *Monthly Report*, and mail logs to verify proper completion.
- Reviewed randomly selected validated deposit slips to determine if the deposit composition (cash, checks, credit card, etc.) agreed to the applicable payment method listed on the receipts.
- Reviewed and verified that the number of civil cases and motions were correctly reported on the *Monthly Report*.

Conclusion:
Total collections for the months of July 2016 through December 2016 were $127,425.63; $167,488.10; $182,176.60, $164,715.21; $158,617.48; and $170,013.56, respectively. Based on the results of our review, we have concluded that fees and court costs were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fees and court costs require improvement as noted in the following observations.

Observation No. 1:
We reviewed randomly selected receipts to determine if fees and court costs were properly allocated and reported. The results of our review revealed that 116 receipts (July-19; August-26; September-19; October-24; November-14; and December-14) (see Exhibit A) contained errors in the allocation of fees and court costs. Some of the errors were the result of programming errors in *Odyssey* while others were the result of human error. Staff was advised of the errors and various *Odyssey* programming errors were corrected. The adjustments resulting from human error have not been completed. According to staff, due to an oversight, staff did not verify that the fees and court costs were correct prior to taking in a payment.

There are numerous statutes that require the County Clerk to charge various fees and court costs for certain services and offenses. Fees and court costs must be allocated pursuant to State statutes and/or Commissioners Court approval.

Failure to ensure that fees and court costs are properly allocated and reported may result in the improper collection of County revenues. In addition, the County may be held liable to the State for failure to properly allocate and report fees and court costs.

Recommendation:
Management should ensure that all pending adjustments are completed. In addition, management should ensure that fees and court costs are properly allocated and reported. At a minimum, the following procedures should be implemented:

- Staff should be provided with training regarding the proper allocation of fees and court costs.
- Staff should review the allocation of fees and court costs before the official County receipt is issued.
- Staff should ensure that the proper fees and court costs allocation are entered when a case is setup.
- The bill of costs should be revised through a court order to reflect the correct fees and court costs.

Observation No. 2:
We noted during our review that the July 2016 through December 2016 *Monthly Reports* were submitted 7, 13, 9, 7, 10, and 7 days after the fifth day following the end of the month, respectively, to the County Auditor's Office. According to staff, attempts are made to submit the *Monthly Report* in a timely manner; however, due to heavy work load, submittal of the *Monthly Report* gets delayed. In addition, at times, management is not available to review, approve, and sign the *Monthly Report*.

Local Government Code §114.001 (b) states, "A monthly report must be filed within five days after the last day of each month." Timely submittal of the *Monthly Report* helps ensure the proper accounting and accurate projection of the county revenues.

Failure to ensure that the *Monthly Report* is submitted to the County Auditor's Office within five days after the last day of each month may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should ensure that the *Monthly Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 3:
We noted during our review that collections are deposited 2 days after the collections are receipted. According to staff, the armored car company changed their pick-up time schedule to an earlier time, leaving the department with insufficient time to review and prepare the close-out reports and deposit slip.

Pursuant to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office, cash receipts must be deposited intact on a daily basis, unless the amount collected is less than $100.00

Failure to ensure that collections are deposited at the bank on a daily basis may result in the loss or misuse of County funds.

Recommendation:
Management should contact the applicable parties to arrange a more convenient time for the armored car to pick up the daily collections in order to ensure that collections are deposited daily. In the alternative, the time for closing out and balancing the daily collections should be changed in order to have ample time to make daily deposits.

Observation No. 4:
We noted during our review that deposit slips were not properly prepared. The deposit slip did not include the receipt sequence and the listing of check numbers to be deposited. In addition, copies of the checks receipted are not kept and attached to the Close-Out Report. According to staff, the majority of the payments received are made by check and the list of checks will exceed the space available on the deposit slip. Furthermore, the staff has a heavy work load and making copies of the checks will be difficult. Staff is also instructed to enter the check number in *Odyssey* when a payment is receipted.

Pursuant to the Cash Handling Guidelines, "Deposit slips must contain sufficient information to identify the cash receipts for which the deposit is being made. Deposit slips must include the date of deposit, receipt sequence, amount of currency and coins, a listing of checks numbers and amounts, and the total dollar amount of the deposit. If it is not possible to list all the checks collected, copies of the checks must be maintained and attached to the Close-Out Report."

Failure to properly prepare deposit slips may result in the misuse of County funds.

Recommendation:
Management should ensure that deposit slips are properly prepared. Please refer to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for preparing deposit slips.

Observation No. 5:
We noted during our review that if an order of expunction is received, receipts attached to the case are voided.

The County Auditor's Office requires that all cash (i.e., cash, checks, credit card payments, etc.) received be promptly recorded and controlled using pre-numbered official County receipts. If an order of expunction is received, any docket numbers and receipts issued for the case should remain and not be removed. Any data referencing the defendant's name should be replaced with the word "expunged" and scanned documents should be deleted.

Failure to ensure receipts issued in expunged cases are not voided and that any data referencing the defendant's name is replaced with the word "expunged" may result in the misuse of County funds.

Recommendation:
Management should ensure that, if an order of expunction is received, receipts issued are not voided and any data referencing the defendant's name is replaced with the word "expunged". At a minimum, the procedures noted above should be implemented.

Please provide written management responses to the observations noted above by April 28, 2017.

If you have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Ref: Review of *Fee Monthly Fees Report* and Supporting Documentation
For the months of July 2016 through December 2016

Dear Mr. Guajardo:

We have conducted a limited scope review of the *Fee Monthly Fee Report (Monthly Report)* and supporting documentation for the months of July 2016 through December 2016 pursuant to Local Government Code §115.002 (a) and §115.002 (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Report* for the months of July 2016 through December 2016. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable fees statutes. The following procedures were also performed:

- Reviewed the submittal dates of the *Monthly Report* and applicable supporting documentation to the County Auditor's Office to determine if the report and applicable supporting documentation were received within 5 days after the last day of the month pursuant to Local Government Code § 114.001 (b).
- Verified the signature on the *Monthly Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Report* by footing and cross-footing the report.
- Verified that procedures for voided receipts were properly followed.
- Verified that collections per the *Monthly Report* agreed to: 1.) total receipts issued, 2.) total deposits made with the County Treasurer, and 3.) total deposits posted to *alio's* Undistributed Receipts general ledger account.
- Verified the sequence of receipts per the *Monthly Report* agreed to receipts issued. In addition, verified that receipts followed sequential order.

- Reviewed *Revenue Remittance Reports* and County Treasurer receipts to determine if fees collected were properly accounted and deposited with the County Treasurer on a daily basis.
- Reviewed receipts, *Revenue Remittance Reports*, *Company Accounts Summary Report*, and a sample of bank deposit slips to verify proper completion.

Conclusion:
Total collections for the months of July 2016 through December 2016 were $435,528.75; $489,708.15; $462,596.24; $437,145.46; $445,530.82; and $425,943.92, respectively. Based on the results of our review, we have concluded that fees were generally properly accounted and reported; however, the system of internal controls for the accounting and reporting of fees requires improvement as noted in the following observations.

Observation No. 1:
We noted during our review that the July 2016 through December 2016 *Monthly Reports* were submitted 7, 13, 20, 7, 10, and 7 days after the fifth day following the end of the month, respectively, to the County Auditor's Office. According to staff, attempts are made to submit the *Monthly Report* in a timely manner; however, due to heavy work load, submittal of the *Monthly Report* gets delayed. In addition, at times, management is not available to review, approve, and sign the *Monthly Report*.

Pursuant to Local Government Code §114.001 (b), "A monthly report must be filed within five days after the last day of each month". Timely submittal of the *Monthly Report* helps ensure the proper accounting and accurate projection of county revenues.

Failure to ensure that the *Monthly Report* is submitted to the County Auditor's Office within five days after the last day of each month may result in the improper accounting and inaccurate projection of County revenues.

Recommendation:
Management should ensure that the *Monthly Report* is filed with the County Auditor's Office within 5 days after the last day of each month.

Observation No. 2:
We noted during our review that deposit slips were not properly prepared. The deposit slip did not include the receipt sequence and the listing of check numbers to be deposited. In addition, copies of the checks receipted are not kept and attached to the Close-Out Report. According to staff, the majority of the payments received are made by check and the list of checks will exceed the space available on the deposit slip. Furthermore, the staff has a heavy work load and making copies of the checks will be difficult. Staff is also instructed to enter the check number in *Kofile* when a payment is receipted.

Pursuant to the Cash Handling Guidelines, "Deposit slips must contain sufficient information to identify the cash receipts for which the deposit is being made. Deposit slips must include the date of deposit, receipt sequence, amount of currency and coins, a listing of checks numbers and amounts, and the total dollar amount of the deposit. If it is not possible to list all the checks collected, copies of the checks must be maintained and attached to the Close-Out Report."

Failure to properly prepare deposit slips may result in the misuse of County funds.

Recommendation:
Management should ensure that deposit slips are properly prepared. Please refer to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office for the minimum procedures to be implemented for preparing deposit slips.

Observation No. 3:
We noted during our review that collections are deposited 2 days after the collections are receipted. According to staff, the armored car company changed their pick-up time schedule to an earlier time, leaving the department with insufficient time to review and prepare the close-out reports and deposit slip.

Pursuant to the "Cash Handling Guidelines and Procedures" prescribed by the County Auditor's Office, cash receipts must be deposited intact on a daily basis, unless the amount collected is less than $100.00

Failure to ensure that collections are deposited at the bank on a daily basis may result in the loss or misuse of County funds.

Recommendation:
Management should contact the applicable parties to arrange a more convenient time for the armored car to pick up the daily collections in order to ensure that collections are deposited daily. In the alternative, the time for closing out and balancing the daily collections should be changed in order to have ample time to make daily deposits.

Observation No. 4:
We were not able to verify the receipt sequence issued through *Kofile*. According to staff, *Kofile* creates an order number for every type of activity made on the system (e.g., receipting, scanning, or searching). The *Kofile* Order Summary Report only provides information regarding the issuance of order numbers (receipt) in which a financial transaction occurred; therefore, a gap on the receipt sequence exists. The *Kofile* "Order Summary Report" does not provide all the orders (receipts) issued. According to staff, the department is working with *Kofile* representatives to customize or create a report that will include all orders issued during the month. The report will indicate the type of order issued (e.g., receipting, scanning, or searching).

The County Auditor's Office requires that all official receipts be pre-numbered and issued in sequential order.

Failure to ensure that receipts are issued in sequential order may result in the loss or misuse of County funds.

Recommendation:
Management should ensure that receipts are issued in sequential order. Management should continue cooperation efforts with *Kofile* representatives to create a report that will include all orders issued during the month.

Observation No. 5:
The balances, as of December 2016, for four company accounts (escrow accounts) reflected incorrect balances in the *Company Accounts Summary Report*. The balances were overstated as follows:

- Edward Abstract and Title Co. account was overstated by $4.00;
- Nain Engineering LLC Maps account was overstated by $75.00;
- Perdue Brandon Fielder Collins account was overstated by $4.00; and,
- Spoor Engineering account was overstated by $85.00.

The discrepancies are mainly attributed to entering incorrect amounts into *Kofile* when the accounts were opened or glitches in the receipting system. According to staff, *Kofile* representatives were informed of the discrepancies and they are still pending to be resolved.

The County Auditor's Office requires that all company accounts reflect the proper balances.

Failure to ensure that the company accounts reflect the proper balances may result in the loss of County funds.

Recommendation:
Management should ensure that balances on company accounts reflect the correct balances. Management should continue cooperating with *Kofile* representatives to correct the errors found in the escrow accounts listed above.

Please provide written management responses to the observations noted above by April 28, 2017.

If you have any questions or would like to schedule a meeting to discuss the above noted observations, please do not hesitate to contact Gricelda Quintero, Internal Auditor I, at 318-2511 ext. 4643, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Duran, CPA, Director of Audit, at ext. 4645 or me at ext. 4604.

Re: Review of the *Hidalgo County Tax Collected Reports*
For the months of July 2016 through December 2016

Dear Mr. Villarreal:

We have conducted a limited scope review of the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities and supporting documentation for the months of July 2016 through December 2016 pursuant to Local Government Code §115.002 (a) and (b) and Local Government Code §115.901. The objective of the review was to determine if taxes, penalties, interest, and fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Hidalgo County Deposit Status Report – All Locations* and the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and reports. The following procedures were performed:

- Reviewed the submittal date of the *Hidalgo County Tax Collected Report* to the County Auditor's Office to determine if the report and supporting documentation were received within fifteen or twenty-five days, as applicable, after the last day of the month pursuant to Tax Code §31.10 (a) and whether the report was made under oath.

- Verified the signature on the *Hidalgo County Tax Collected Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Tax Collected Report* by footing and cross-footing the report.
- Verified that taxes collected per the *Hidalgo County Tax Collected Report* agreed to: 1.) total collections per *ACT's* Deposit Distribution Report (Report No. TC298-D) 2.) total deposits made with the County Treasurer, and 3.) total deposits posted to *allo's* Undistributed Receipts general ledger account.
- Verified that modifications to the tax levy per the *Hidalgo County Tax Collected Report* agreed to: modifications made to the tax levy per *ACT's Tax Collector Monthly Report* (Report No. TC168) for each entity.
- Compared the *Hamer Enterprise* Online Credit Card Payment Report to the *Hidalgo County Deposit Status Report – All Locations* to ensure all online credit card transactions received within the period in review were timely receipted.
- Compared the *Electronic Check BMI 147 Report* to the *Hidalgo County Deposit Status Report – All Locations* to ensure all online e-check transactions received within the period in review were timely receipted.
- Reviewed the *Hidalgo County Tax Collected Report* and County Treasurer receipts to determine whether collections were properly accounted and deposited with the County Treasurer in a timely manner.
- Reviewed deposits that did not agree to the *Hidalgo County Deposit Status Report – All Locations* report to determine if the shortages were replenished and if overages were deposited to the general fund as miscellaneous revenue.
- Reviewed selected validated deposit slips to determine if the deposit composition (cash, checks, credit card payments) agreed to the total of the applicable payment method listed on the *Hidalgo County Deposit Status Report – All Locations* report.

Conclusion:
Total collections for the months of July 2016 through December 2016 as reported on the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities were $2,508,065.16; $9,195,372.91; $1,338,129.20; $2,380,466.58; $33,194,042.44; and $61,484,045.04, respectively. Based on the results of our review, we have concluded that taxes, penalties, interest, and fees collected were generally properly accounted and reported; however, the system of internal controls for the accounting of collections requires improvement as noted in the following observation.

Observation No. 1:
We reviewed deposits that did not agree to the *Hidalgo County Deposit Status Report – All Locations* for the period in review to determine if the shortages were replenished and if overages were deposited to the general fund as miscellaneous revenue. The results of our review revealed the following:

- Total deposits did not agree to the amount collected per the "Deposit Control" report.
  - Deposits were short a total of $220.48.
    - Net shortages totaling $109.11 (July 2016); $4.73 (August 2016); $7.52 (September 2016); $0.97 (October 2016); $46.68 (November 2016); and $51.47 (December 2016) were replenished with funds in in the Cash/Shorts & Overs balance sheet account.
  - Deposits were over a total of $426.77.
    - Net overages totaling $47.80 (July 2016); $116.23 (August 2016); $13.09 (September 2016) $16.44 (October 2016); $105.15 (November 2016); and $128.06 (December 2016) were placed in the Cash/Shorts & Overs balance sheet account.

According to staff, overages are not remitted to the County Treasurer's Office as miscellaneous revenue. Overages are deposited to the Tax General bank account and credited to the Cash/Shorts & Overs balance sheet account. The funds are utilized to replenish collection shortages, if any.

The County Auditor's Office requires cash receipts be deposited intact on a daily basis. In addition, overages should be remitted to the County Treasurer's Office as miscellaneous revenue. If a shortage occurs and criminal conduct is suspected, regardless of the amount, the shortage must be immediately reported to the County Auditor's Office and the Sheriff's Office. Shortages should be replenished or a request for indemnification should be made to the Commissioners Court pursuant to Local Government Code §157.903. Local Government Code §157.903 authorizes Commissioners Court to indemnify an elected or appointed County officer against personal liability for the loss of County funds, if the loss was not the result of the officer's negligence or criminal action. Failure to implement internal

controls may be considered negligence. Supervisors must monitor all overages and shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, re-training of personnel, or disciplinary action.

Formal monitoring procedures were not in place to ensure that overages and shortages were properly accounted and reported.

Failure to ensure that overages and shortages are properly accounted and reported may result in the loss or misuse of funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that overages and shortages are properly accounted and reported. At a minimum, procedures should include the following:

- Transfer overages to the County Treasurer as miscellaneous revenue.
- Replenish shortages or request indemnification from Commissioners Court pursuant to Local Government Code §157.903;
- Immediately report to the County Auditor's Office and the Sheriff's Office, a shortage, regardless of the amount, if criminal conduct is suspected; and
- Monitor all overages and shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, retraining of personnel, or disciplinary action.

In addition, management should deposit with the County Treasurer's Office the current balance in the Cash/Shorts & Overs balance sheet account as miscellaneous revenue.

Please provide a written management response to the observation noted above by April 30, 2017.

If you should have any questions or would like to schedule a meeting to discuss the above noted observation, please do not hesitate to contact Abigail Guajardo, MSA, Internal Auditor II, at 318-2511 ext. 4652, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Dear Mr. Arredondo:

We conducted a limited scope review of the Planning Department's *Monthly Fees Report* and supporting documentation for the month of February 2017 in accordance with Local Government Code §115.002(a) and (b). The objective of the review was to determine if collections were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

Re: Review of the Planning Department's *Monthly Fees Report*
For the month of March 2017

Dear Mr. Arredondo:

We conducted a limited scope review of the Planning Department's *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002(a) and (b). The objective of the review was to determine if collections were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified that receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the Month of February 2017

Dear Mr. Garza:

We have conducted a limited scope review of the *Monthly Fees Report* and supporting documentation for the month of February 2017 pursuant to Local Government Code §115.002 (a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the reports.

- Reviewed receipts issued, *Daily Remittance forms*, and the *Monthly Fees Report* to verify proper completion.

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the Month of March 2017

Dear Mr. Garza:

We conducted a limited scope review of the *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002 (a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the reports.

Hidalgo County Precinct No. 1

Re: Review of the Precinct 1 Sanitation Program *Monthly Fees Report* and Supporting Documentation For the month of February 2017

Dear Commissioner Fuentes:

We conducted a limited scope review of the Precinct 1 Sanitation Program *Monthly Fees Report* and supporting documentation for the month of February 2017 pursuant to Local Government Code §115.002 (a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified that receipts and permits issued followed a sequential order.
- Verified that procedures for voided receipts and voided permits were properly followed.

- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms (Close-Out Report)* to determine if fees collected were properly accounted and deposited with the financial institution on a daily basis.
- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) total receipts issued by the Precinct; 2.) total deposits made with the financial institution; and 3.) total receipts issued by the County Treasurer.
- Reviewed receipts issued, *Close-Out Reports*, and *Monthly Fees Report* to verify proper completion .

Conclusion:
Total collections for the month of February 2017 were $40,675.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported.

However, on January 2016, February 2016, May 2016, July 2016, and October 2016 we noted the Sanitation Precinct 1 Program had six missing permits. The County Auditor's Office requested that $150.00 for the six missing permits be replenished and deposited with the County Treasurer. As of today, the funds have not been deposited. The $150.00 should be immediately deposited with the County Treasurer.

Re: Review of the Precinct 2 Sanitation Program *Monthly Fees Report* and Supporting Documentation For the Month of March 2017

Dear Commissioner Cantu:

We conducted a limited scope review of the Precinct 2 Sanitation Program *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002 (a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified that receipts and permits issued followed a sequential order.
- Verified that procedures for voided receipts and voided permits were properly followed.

Re: Review of Anzalduas Park *Monthly Fees Report* and Supporting Documentation
For the month of February 2017

Dear Commissioner Flores:

- Verified that procedures for voided tickets were properly followed.

- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) Total receipts issued by the Precinct; 2.) Total deposits made with the financial institution; and 3.) Total receipts issued by the County Treasurer.
- Reviewed receipts issued, Close-Out Reports, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2017 were $1,864.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observation.

Observation No. 1:
A $4.00 park entrance fee is collected from vehicles entering the Anzalduas Park on Saturdays and Sundays. Commissioners Court approved to increase the park entrance fee from $2.00 to $4.00 on March 23, 1993. A review of the County's financial records indicated that a park entrance fee has been collected since at least 1992. Commissioners Court may set and approve park entrance fees if approved by a majority of qualified voters through a referendum election; however, evidence that a referendum election was conducted was not provided. According to the Anzalduas Park staff, they were not aware if and when a referendum election was held to approve the collection of the park entrance fee.

In addition, according to staff, the park entrance fee is waived under certain circumstances. For example, the park entrance fee is only collected on weekends and waived on weekdays. The park entrance fee is also waived from vehicles entering the park after the *Daily Close-Out Report* and deposit cut-off time of 4:30 p.m. In addition, the park entrance fee is waived from County employees and law enforcement personnel upon presentment of a County or law enforcement identification card. Although Commissioners Court may waive the collection of the park entrance fee under certain circumstances, evidence of a Commissioners Court waiver policy was not provided. According to the Anzalduas Park staff, a waiver policy will be presented to Commissioners Court.

Local Government Code §316.001(4) states that "the commissioners court of a county may set and collect fees for admission to a county park, if approved by a majority of the qualified voters of the county voting on the issue at a referendum election, which the commissioners court may order and hold for that purpose." Local Government Code §316.004 further states that "the commissioners court may set and collect the fees in different amounts or may waive the fees in consideration of the following factors: (1) the time of the day at which or the day of the week on which a facility or service is used; (2) the size of a group wishing to use a facility or service; (3) the special circumstances of certain classes of persons, including elderly persons and indigent persons; or (4) other factors that the court considers to justify a different fee or the waiver of a fee."

The County Auditor's Office requires that all departments continue to collect and receipt after the established cut-off time. Any collections receipted after the cut-off time can be safeguarded overnight until they are deposited the next business day with the next business day's collections.

Formal procedures have not been developed and implemented to ensure that park entrance fees are properly collected. Failure to properly collect the park entrance fees may result in the loss of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure that park entrance fees are properly collected. Evidence that a referendum election was conducted and evidence authorizing the collection and

waiver of the fee should be obtained. In addition, the park entrance fee should continue to be collected after the cut-off time as required by the *Cash Handling Guidelines and Procedures*.

Please provide a written management response to the observation noted above by April 28, 2017.

If you have any questions, please do not hesitate to call Letty Chavez, Compliance Audit Supervisor, at 318-2511 ext. 4651, or Arcy B. Duran, CPA, Director of Audit, at ext. 4645, Linda Fong, First Assistant Auditor, at ext. 4668, or me at 4604.

Re: Review of Anzalduas Park *Monthly Fees Report* and Supporting Documentation
For the month of March 2017

Dear Commissioner Flores:

We conducted a limited scope review of the Anzalduas Park *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002(a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed tickets issued to determine if proper fee amounts were collected and reported.

BETANCOURT JUDGE, 449TH D.C.

- Verified tickets issued followed a sequential order.
- Verified that procedures for voided tickets were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms (Close-Out Reports)* to determine if fees collected were properly accounted and deposited with the financial institution on or before the fifth business day after the day on which the funds were received pursuant to Local Government Code §113.022.
- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) Total receipts issued by the Precinct; 2.) Total deposits made with the financial institution; and 3.) Total receipts issued by the County Treasurer.
- Reviewed receipts issued, *Close-Out Reports*, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2017 were $1,696.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, the system of internal controls for the collection and safeguarding of cash requires improvement as noted in the following observation.

Observation No. 1:
A $4.00 park entrance fee is collected from vehicles entering the Anzalduas Park on Saturdays and Sundays. Commissioners Court approved to increase the park entrance fee from $2.00 to $4.00 on March 23, 1993. A review of the County's financial records indicated that a park entrance fee has been collected since at least 1992. Commissioners Court may set and approve park entrance fees if approved by a majority of qualified voters through a referendum election; however, evidence that a referendum election was conducted was not provided. According to the Anzalduas Park staff, they were not aware if and when a referendum election was held to approve the collection of the park entrance fee.

In addition, according to staff, the park entrance fee is waived under certain circumstances. For example, the park entrance fee is only collected on weekends and waived on weekdays. The park entrance fee is also waived from vehicles entering the park after the *Daily Close-Out Report* and deposit cut-off time of 4:30 p.m. In addition, the park entrance fee is waived from County employees and law enforcement personnel upon presentment of a County or law enforcement identification card. Although Commissioners Court may waive the collection of the park entrance fee under certain circumstances, evidence of a Commissioners Court waiver policy was not provided. According to the Anzalduas Park staff, a waiver policy will be presented to Commissioners Court.

Local Government Code §316.001(4) states that "the commissioners court of a county may set and collect fees for admission to a county park, if approved by a majority of the qualified voters of the county voting on the issue at a referendum election, which the commissioners court may order and hold for that purpose." Local Government Code §316.004 further states that "the commissioners court may set and collect the fees in different amounts or may waive the fees in consideration of the following factors: (1) the time of the day at which or the day of the week on which a facility or service is used; (2) the size of a group wishing to use a facility or service; (3) the special circumstances of certain classes of persons, including elderly persons and indigent persons; or (4) other factors that the court considers to justify a different fee or the waiver of a fee."

The County Auditor's Office requires that all departments continue to collect and receipt after the established cut-off time. Any collections receipted after the cut-off time can be safeguarded overnight until they are deposited the next business day with the next business day's collections.

Formal procedures have not been developed and implemented to ensure that park entrance fees are properly collected. Failure to properly collect the park entrance fees may result in the loss of County funds.

Recommendation:
Management should develop and implement formal procedures to ensure that park entrance fees are properly collected. Evidence that a referendum election was conducted and evidence authorizing the collection and waiver of the fee should be obtained. In addition, the park entrance fee should continue to be collected after the cut-off time as required by the *Cash Handling Guidelines and Procedures*.

Please provide a written management response to the observation noted above by May 31, 2017.

Hidalgo County Precinct No. 4
1051 N. Doolittle Rd.
Edinburg, Texas 78542

Re: Review of the Precinct 4 Sanitation Program *Monthly Fees Report* and Supporting Documentation For the month of March 2017

Dear Commissioner Palacios:

We conducted a limited scope review of the Precinct 4 Sanitation Program *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002 (a) and (b). The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of the review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and applicable supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified that receipts and permits issued followed a sequential order.
- Verified that procedures for voided receipts and voided permits were properly followed.

- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms (Close-Out Reports)* to determine if fees collected were properly accounted and deposited with the financial institution on a daily basis.
- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) Total receipts issued by the Precinct; 2.) Total deposits made with the financial institution; and 3.) Total receipts issued by the County Treasurer.
- Reviewed receipts issued, *Close-Out Reports*, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2017 were $60,075.00. Based on the results of our review, we have concluded that fees collected were not properly accounted and reported (see observation no. 1).

Observation No. 1
The March 17, 2017 collections were short $25.00. The clerk was not able to explain the reason for the shortage.

The County Auditor's Office requires that cash receipts be deposited intact on a daily basis. A county officer is personally liable for the loss of funds (e.g., shortage, acceptance of counterfeit bill, hot check, credit card charge back, etc.) while in his/her possession in the performance of official duties. Shortages must be replenished.

Failure to ensure that cash receipts are deposited intact on a daily basis may result in the loss of County revenue.

Recommendation:
Management should implement formal monitoring procedures to ensure that collections are deposited intact on a daily basis. In addition, management should monitor all shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, retraining of personnel, or disciplinary action. Furthermore, the $25.00 shortage should be immediately replenished and deposited with the County Treasurer.

Hidalgo County Precinct No. 1

Re: Review of the *Monthly Fees Report* and Supporting Documentation
For the Month of March 2017

Dear Constable Avila:

We conducted a limited scope review of the Constable Precinct No. 1 *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002 (a) and (b) and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.

- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms* (Close-Out Reports) to determine if fees collected were properly accounted and deposited with the financial institution in a timely manner.
- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) Total receipts issued by the Constable; 2.) Total deposits made with the financial institution; 3.) Total receipts issued by the County Treasurer.
- Reviewed receipts issued, *Close-Out Reports*, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2017 were $22,254.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported.

The Honorable Martin Cantu, Constable
Hidalgo County Precinct No. 2
300 W. Hall Acres, Ste. E
Pharr, TX 78577

Ref: Review of *Monthly Fees Report* and Supporting Documentation
For the month of February 2017

Dear Constable Cantu:

We have conducted a limited scope review of the Constable Precinct No. 2 *Monthly Fees Report* and supporting documentation for the month of February 2017 pursuant to Local Government Code § 115.002 (a) and (b) and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.
- Reviewed *Cashier's Daily Close-Out Report/Daily Remittance Forms* (Close-Out Reports) to determine if fees collected were properly accounted and deposited with the County Treasurer in a timely manner.

- Verified that the collections per the *Monthly Fees Report* agreed to: 1.) Total receipts issued by the Precinct; 2.) Total deposits made with the financial institution; 3.) Total receipts issued by the County Treasurer.
- Reviewed receipts issued, Close-Out Reports, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2017 were $3,850.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported.

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the Month of February 2017

Dear Constable Gallardo:

We have conducted a limited scope review of the Constable Precinct No. 3 *Monthly Fees Report* and supporting documentation for the month of February 2017 pursuant to Local Government Code §115.002 (a) and (b) and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the month of February 2017

Dear Constable Gaitan:

We have conducted a limited scope review of the Constable Precinct No. 4 *Monthly Fees Report* and supporting documentation for the month of February 2017 pursuant to Local Government Code §115.002 (a) and (b) and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by the your office on the *Monthly Fees Report* for the month of February 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. - Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.

- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms* (Close-Out Reports) to determine whether fees collected were properly accounted and deposited with the County Treasurer in a timely manner.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed receipts issued, Close-Out Reports, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of February 2017 were $925.00. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, the system of internal controls for the collection and safeguarding of case requires improvements as noted in the following observation.

Observation No. 1:
We noted during our review that Odyssey, the County's justice/receipting information system, does not automatically issue a receipt number. Odyssey allows staff to enter a receipt number. In addition, we noted that the Constable's Office staff prepares a manual receipt and an Odyssey receipt for each transaction. According to the Administrative Assistant, a receipt number is manually entered in Odyssey to coincide with the manual receipt number. The Auditor's Office has notified the Information Technology Department of this issue.

The County Auditor's Office requires that a computerized receipting system be used, if available, to receipt collections. Computerized receipt numbers must be automatically issued in sequential order. Manual receipts should only be utilized if the computerized receipting system is non-operational.

Failure to ensure that Odyssey automatically assigns a receipt number in sequential order may result in the loss of County revenue.

Recommendation:
Management should ensure that the Information Technology Department removes access to manually enter receipt numbers in Odyssey.

Please provide a written management response to the observation noted above by April 28, 2017.

EDINBURG, TEXAS 78539

May 8, 2017

The Honorable Atanacio Gaitan Jr, Constable
Hidalgo County Precinct No. 4
2814 S. Business Highway 281
Edinburg, TX 78539

Re: Review of *Monthly Fees Report* and Supporting Documentation
For the month of March 2017

Dear Constable Gaitan:

We conducted a limited scope review of the Constable Precinct No. 4 *Monthly Fees Report* and supporting documentation for the month of March 2017 pursuant to Local Government Code §115.002 (a) and (b) and Code of Criminal Procedure Article 103.011. The objective of the review was to determine if fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Monthly Fees Report* for the month of March 2017. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes, the *Monthly Fees Report*, and fee schedules. The following procedures were performed:

- Reviewed the submittal date of the *Monthly Fees Report* to the County Auditor's Office to determine if the report and supporting documentation were received within five days after the last day of the month pursuant to Local Government Code §114.001 (b).
- Verified the signature on the *Monthly Fees Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Monthly Fees Report* by footing and cross-footing the report.
- Reviewed receipts issued to determine if proper fee amounts were collected and reported.
- Verified receipts issued followed a sequential order.
- Verified that procedures for voided receipts were properly followed.

- Reviewed *Cashier's Daily Close-Out Reports/Daily Remittance Forms* (Close-Out Reports) to determine whether fees collected were properly accounted and deposited with the County Treasurer in a timely manner.
- Verified that the collections per the *Monthly Fees Report* agreed to total receipts issued and the deposits made with the County Treasurer.
- Reviewed receipts issued, Close-Out Reports, and the *Monthly Fees Report* to verify proper completion.

Conclusion:
Total collections for the month of March 2017 were $9,180.50. Based on the results of our review, we have concluded that fees collected were generally properly accounted and reported; however, the system of internal controls for the collection and safeguarding of cash requires improvements as noted in the following observation.

Observation No. 1:
We noted during our review that a receipt is not prepared for each of the cases for which a fee is received from the Office of the Attorney General. Instead, one receipt is prepared; therefore, the receipt does not detail the cause numbers related to each fee. In addition, we noted that a manual receipt and an Odyssey receipt are prepared for each transaction. According to the Administrative Assistant, a manual receipt is prepared since it's easier to refer to if they need information.

The County Auditor's Office requires that a computerized receipting system be used, if available, to receipt collections. The receipt should include the cause number for which the fee is received. Manual receipts should only be utilized if the computerized receipting system is non-operational.

Failure to ensure that a receipt is prepared for each of the cases for which a fee is received results in improper accounting. In addition, issuing both a manual and computerized receipt results in inefficiencies.

Recommendation:
Management should ensure that a receipt is prepared for each of the cases for which a fee is received from the Office of the Attorney General. The receipt should include the related cause number. In addition, manual receipts should only be utilized if the computerized receipting system is non-operational.

Please provide a written management response to the observation noted above by May 31, 2017.

Re: Review of the HIDTA Financial Statements
For the month ended January 31, 2017

Dear Mr. Rodriguez:

We conducted a limited scope review of the HIDTA H.B. 65 (Chapter 59) financial statements for the month ended January 31, 2017 pursuant to Local Government Code §112.006 (b), §115.001, §115.002 (b), and §115.901. The objective of the review was to obtain limited assurance that the financial statements are free from material misstatements.

Management is responsible for the preparation of the financial statements and for design, implementation, and maintenance of internal control relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that financial statements are free from material mistatments.

Based on our review, the financial statements did not contain any material misstatements. However, we noted that the system of internal controls for the accounting of funds requires improvements as noted below:

1. HIDTA Task Force Bank Account
The District Attorney's Office maintains two bank accounts to deposit funds seized by law enforcement agencies once a final disposition is rendered. The HIDTA Task Force bank account is utilized to deposit funds seized by HIDTA, while the District Attorney's HB65 (Chapter 59) bank account is utilized to deposit funds seized by all other law enforcement agencies.

In order to minimize the DA's bank accounts, we recommend that the HIDTA Task Force bank account be closed unless an agreement exists requiring HIDTA to maintain a separate bank account. Funds seized by HIDTA should be deposited to the District Attorney's HB65 bank account once a final disposition is rendered.

Please provide a management response to item 1 above by May 31, 2017.

If you have any questions, please contact Letty Chavez, Compliance Audit Supervisor, at 318-2511 ext. 4651, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, Linda Fong, First Assistant Auditor, at ext. 4668, or me at ext. 4604.

Re: Review of Sheriff's Inmate Trust Financial Statements
For the Month ended October 31, 2016

Dear Sheriff Guerra:

We conducted a limited scope review of the financial statements and supporting documentation of the Inmate Trust Fund Account for the month of October 2016 pursuant to Local Government Code §115.001. The objective of the review was to obtain limited assurance that the financial statements are free from material misstatements.

Management is responsible for the preparation of the financial statements and for designing, implementing, and maintaining internal control relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that the financial statements are free from material misstatement.

Based on our review, the financial statements did not contain any material misstatements. However, we noted that the system of internal controls for the accounting of inmate trust funds requires improvement as noted below:

Observation No. 1:
The Sheriff's Inmate Trust financial statements and supporting documentation were not filed with the County Auditor's Office within ten days after the last day of the month. The financial statements were filed 62 working days late.

The County Auditor's Office requires that financial statements be submitted within ten days after the last day of the month.

Failure to ensure that balance sheets are submitted to the County Auditor's Office within ten days after the last day of the month may result in the improper reporting of County funds.

Recommendation:
Management should ensure that financial statements along with supporting documentation are submitted to the County Auditor's Office within ten days after the last day of the month.

Observation No. 2:
As of October 31, 2016, the "Held in Trust" account had a cash balance of $53,014.22 and consisted of funds received from inmates and/or the inmates' family members. However, the balance on the "Inmate Accounts with Balances Report," a report generated from *Odyssey* (the County's law enforcement system) that lists the names of the inmates and the amount of funds held in trust for each inmate, was only $48,908.11 resulting in an unidentified variance of $4,106.11. The Sheriff's Office conducted research to identify the owners of the unidentified variance and several checks were issued; however, a variance that fluctuates from month to month continues to exist.

Recommendation:
We recommend that the Sheriff's Office continue to conduct additional research to identify the owners of the unidentified variance and to determine the reason the variance fluctuates.

Observation No. 3:
The "Inmate Account Journal" report generated from *Odyssey* summarizes the total monthly Commissary purchases made by each inmate. The "Commissary Sales" report generated from *Odyssey* summarizes the total monthly Commissary sales. The totals on the reports should agree; however, the totals on the "Inmate Account Journal" and "Commissary Sales" reports for the month of October 2016 were $129,183.91 and $129,134.35, respectively, resulting in a variance of $49.56. According to the Sheriff's Office, $10.86 was due to an adjustment made to an inmate's account after the end of the month. This variance was corrected in the month of December 2016. The Sheriff's Office could not provide a reason for the remaining variance; however, Tyler Technologies was notified and is attempting to resolve the issue.

Recommendation:
We recommend that the Sheriff's Office continue to communicate with Tyler Technologies to ensure that the issue is resolved and the totals on the "Inmate Account Journal" and the "Commissary Sales" reports agree.

Observation No. 4:
The "Inmate Accounts with Balances" report as of October 31, 2016 included the names of 25 inmates with negative balances (see Exhibit A). The 25 inmate account balances were negative since the conversion to *Odyssey*; however, the inmates with negative balances were not appearing on the "Inmate Accounts with Balances" report until August 2016 when Tyler Technologies fixed the report to include negative balances. We reviewed the 25 inmate accounts in *Ableterm* to determine the reason for the negative balance. The inmate's account balances in *Ableterm* were "0". It appears that the inmates were released with an amount in excess of the balance as a result of a calculation glitch in *Ableterm*. The Sheriff's Office was not aware of the calculation glitch until the "Inmate Accounts with Balances" report for the month ended August 31, 2016 was generated from *Odyssey*.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the 25 inmates owe the Sheriff's Office the negative balance amount. If the Sheriff's Office determines that the inmates in fact owe the balance, a letter should be sent to the inmate to request the funds. In addition, the accounts receivable amount should be recorded on the Jail Commissary balance sheet.

Observation No. 5:
The October 31, 2016 "Commissary Accounts with Balances" report included funds due to 25 inmates that had been released from jail (see Exhibit B). As of April 12, 2017, the funds had not been disbursed to the inmates. It appears that the funds were not disbursed due to a "Commissary adjustment" that was done to the inmates account after the inmates were released.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the Sheriff's Office owes the 25 inmates. If the Sheriff's Office determines that the inmates are owed the balance on *Odyssey*, a check should be sent to the inmate.

Please provide a management response to the observations noted above by April 24, 2017.

If you have any questions, please contact Letty Chavez, Compliance Audit Supervisor, at 318-2511, ext 4651, Arcy B. Duran, CPA, Director of Audit, at ext. 4645, Linda Fong, First Assistant Auditor, at ext. 4668 or me at ext. 4604.

Re: Review of Sheriff's Inmate Trust Financial Statements
For the month ended November 30, 2016

Dear Sheriff Guerra:

We conducted a limited scope review of the financial statements and supporting documentation of the Inmate Trust Fund Account for the month of November 2016 pursuant to Local Government Code §115.001. The objective of the review was to obtain limited assurance that the financial statements are free from material misstatements.

Management is responsible for the preparation of the financial statements and for designing, implementing, and maintaining internal control relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that the financial statements are free from material misstatement.

Based on our review, the financial statements did not contain any material misstatements. However, we noted that the system of internal controls for the accounting of inmate trust funds requires improvement as noted below.

Observation No. 1:
The Sheriff's Inmate Trust financial statements and supporting documentation were not filed with the County Auditor's Office within ten days after the last day of the month. The financial statements were filed 74 working days late.

The County Auditor's Office requires that financial statements be submitted within ten days after the last day of the month.

Failure to ensure that balance sheets are submitted to the County Auditor's Office within ten days after the last day of the month may result in the improper reporting of County funds.

Recommendation:
Management should ensure that financial statements along with supporting documentation are submitted to the County Auditor's Office within ten days after the last day of the month.

Observation No. 2:
As of November 30, 2016, the "Held in Trust" account had a cash balance of $58,531.90 and consisted of funds received from inmates and/or the inmates' family members. However, the balance on the "Inmate Accounts with Balances Report," a report generated from *Odyssey* (the County's law enforcement system) that lists the names of the inmates and the amount of funds held in trust for each inmate, was only $54,444.86 resulting in an unidentified variance of $4,087.04. The Sheriff's Office conducted research to identify the owners of the unidentified variance and several checks were issued; however, a variance that fluctuates from month to month continues to exist.

Recommendation:
We recommend that the Sheriff's Office continue to conduct additional research to identify the owners of the unidentified variance and to determine the reason the variance fluctuates.

Observation No. 3:
The "Inmate Account Journal" report generated from *Odyssey* summarizes the total monthly Commissary purchases made by each inmate. The "Commissary Sales" report generated from *Odyssey* summarizes the total monthly Commissary sales. The totals on the reports should agree; however, the totals on the "Inmate Account Journal" and "Commissary Sales" reports for the month of November 2016 were $124,490.77 and $124,485.54, respectively, resulting in a variance of $5.23. The Sheriff's Office could not provide a reason for the remaining variance; however, Tyler Technologies was notified and is attempting to resolve the issue.

Recommendation:
We recommend that the Sheriff's Office continue to communicate with Tyler Technologies to ensure that the issue is resolved and the totals on the "Inmate Account Journal" and the "Commissary Sales" reports agree.

Observation No. 4:
The "Inmate Accounts with Balances" report as of November 30, 2016 included the names of 25 inmates with negative balances (see Exhibit A). The 25 inmate account balances were negative since the conversion to *Odyssey*; however, the inmates with negative balances were not appearing on the "Inmate Accounts with Balances" report until August 2016 when Tyler Technologies fixed the report to include negative balances. We reviewed the 25 inmate accounts in *Ableterm* to determine the reason for the negative balance. The inmate's account balances in *Ableterm* were "0". It appears that the inmates were released with an amount in excess of the balance as a result of a calculation glitch in *Ableterm*. The Sheriff's Office was not aware of the calculation glitch until the "Inmate Accounts with Balances" report for the month ended August 31, 2016 was generated from *Odyssey*.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the 25 inmates owe the Sheriff's Office the negative balance amount. If the Sheriff's Office determines that the inmates in fact owe the balance, a letter should be sent to the inmate to request the funds. In addition, the accounts receivable amount should be recorded on the Jail Commissary balance sheet.

Observation No. 5:
The November 30, 2016 "Commissary Accounts with Balances" report included funds due to 25 inmates that had been released from jail (see Exhibit B). As of April 18, 2017, the funds had not been disbursed to the inmates. It appears that the funds were not disbursed due to a "Commissary adjustment" that was done to the inmates account after the inmates were released.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the Sheriff's Office owes the 25 inmates. If the Sheriff's Office determines that the inmates are owed the balance on *Odyssey*, a check should be sent to the inmate.

Please provide a management response to the observations noted above by May 12, 2017.

Re: Review of Sheriff's Inmate Trust Financial Statements
For the month ended December 31, 2016

Dear Sheriff Guerra:

We conducted a limited scope review of the financial statements and supporting documentation of the Inmate Trust Fund Account for the month of December 2016 pursuant to Local Government Code §115.001. The objective of the review was to obtain limited assurance that the financial statements are free from material misstatements.

Management is responsible for the preparation of the financial statements and for designing, implementing, and maintaining internal control relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that the financial statements are free from material misstatement.

Based on our review, the financial statements did not contain any material misstatements. However, we noted that the system of internal controls for the accounting of inmate trust funds requires improvement as noted below.

Observation No. 1:
The Sheriff's Inmate Trust financial statements and supporting documentation were not filed with the County Auditor's Office within ten days after the last day of the month. The financial statements were filed 51 working days late.

The County Auditor's Office requires that financial statements be submitted within ten days after the last day of the month.

Failure to ensure that balance sheets are submitted to the County Auditor's Office within ten days after the last day of the month may result in the improper reporting of County funds.

Recommendation:
Management should ensure that financial statements along with supporting documentation are submitted to the County Auditor's Office within ten days after the last day of the month.

Observation No. 2:
As of December 31, 2016, the "Held in Trust" account had a cash balance of $51,007.82 and consisted of funds received from inmates and/or the inmates' family members. However, the balance on the "Inmate Accounts with Balances Report," a report generated from *Odyssey* (the County's law enforcement system) that lists the names of the inmates and the amount of funds held in trust for each inmate, was only $46,776.90 resulting in an unidentified variance of $4,230.92. The Sheriff's Office conducted research to identify the owners of the unidentified variance and several checks were issued; however, a variance that fluctuates from month to month continues to exist.

Recommendation:
We recommend that the Sheriff's Office continue to conduct additional research to identify the owners of the unidentified variance and to determine the reason the variance fluctuates.

Observation No. 3:
The "Inmate Account Journal" report generated from *Odyssey* summarizes the total monthly Commissary purchases made by each inmate. The "Commissary Sales" report generated from *Odyssey* summarizes the total monthly Commissary sales. The totals on the reports should agree; however, the totals on the "Inmate Account Journal" and "Commissary Sales" reports for the month of December 2016 were $123,407.52 and $123,403.63, respectively, resulting in a variance of $3.89. The Sheriff's Office could not provide a reason for the remaining variance; however, Tyler Technologies was notified and is attempting to resolve the issue.

Recommendation:
We recommend that the Sheriff's Office continue to communicate with Tyler Technologies to ensure that the issue is resolved and the totals on the "Inmate Account Journal" and the "Commissary Sales" reports agree.

Observation No. 4:
The "Inmate Accounts with Balances" report as of December 31, 2016 included the names of 25 inmates with negative balances (see Exhibit A). The 25 inmate account balances were negative since the conversion to *Odyssey*; however, the inmates with negative balances were not appearing on the "Inmate Accounts with Balances" report until August 2016 when Tyler Technologies fixed the report to include negative balances. We reviewed the 25 inmate accounts in *Ableterm* to determine the reason for the negative balance. The inmate's account balances in *Ableterm* were "0". It appears that the inmates were released with an amount in excess of the balance as a result of a calculation glitch in *Ableterm*. The Sheriff's Office was not aware of the calculation glitch until the "Inmate Accounts with Balances" report for the month ended August 31, 2016 was generated from *Odyssey*.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the 25 inmates owe the Sheriff's Office the negative balance amount. If the Sheriff's Office determines that the inmates in fact owe the balance, a letter should be sent to the inmate to request the funds. In addition, the accounts receivable amount should be recorded on the Jail Commissary balance sheet.

Observation No. 5:
The December 31, 2016 "Commissary Accounts with Balances" report included funds due to 34 inmates that had been released from jail (see Exhibit B). As of April 21, 2017, the funds had not been disbursed to the inmates. It appears that the funds were not disbursed due to a "Commissary adjustment" that was done to the inmates account after the inmates were released.

Recommendation:
We recommend that the Sheriff's Office conduct research to determine if the Sheriff's Office owes the 34 inmates. If the Sheriff's Office determines that the inmates are owed the balance on *Odyssey*, a check should be sent to the inmate.

Please provide a management response to the observations noted above by May 5, 2017.

Re: Review of Sheriff's Fee Financial Statements
For the month of January 2017 and February 2017

Dear Sheriff Guerra:

We conducted a limited scope review of the Fee Trust Account financial statements for the months of January 2017 and February 2017 pursuant to Local Government Code §112.006 (a), §115.001, §115.002 (b), and §115.901. The objective of the review was to obtain limited assurance that the financial statements are free from material misstatement.

Management is responsible for the preparation of the financial statements including the design, implementation, and maintenance of internal controls relevant to the preparation of the financial statements. Our responsibility is to perform procedures to obtain limited assurance that the financial statements are free from material misstatement.

Based on our review, the financial statements did not contain any material misstatements. However, we noted that the system of internal controls relevant to the preparation of the financial statements requires improvement as noted in the following observations:

Observation No. 1:
The "Due from Army" balance as of February 28, 2017 was $2,548.00 and consisted of billings for the months of April 2011 ($468.00); September 2011 ($260.00); November 2011 ($520.00); May 2013 ($156.00); August 2013 ($260.00); May 2016 ($52.00); and June 2016 ($832.00). The Sheriff's Office staff is actively seeking collection from the US Army. However, according to the US Army, they are only able to use a credit card to pay the amount due. The Sheriff's Office is working on resolving this issue.

We recommend that management continue to seek payment from the US Army.

Observation No. 2:
The "Due to Others – Voided Checks" balance as of February 28, 2017 was $90.20. The balance included 7 voided checks with original issue date of December 12, 2013 through July 11, 2016.

Pursuant to Texas Property Code Chapter 76, a check may be presumed abandoned on the latest of the third anniversary of the date (1) the check was payable; (2) the issuer or payor of the check last received documented communication from the payee of the check; or (3) the check was issued if, according to the knowledge and records of the issuer or payor of the check, during that period, a claim to the check has not been asserted or an act of ownership by the payee has not been exercised.

Any applicable funds not claimed should be escheated to the County Treasurer prior to closing the "Fee" bank account.

Observation No. 3:

The Sheriff's Fee financial statements were not submitted to the County Auditor's Office within ten days after the last day of the month. The January and February financial statements were submitted 38 and 32 working days late, respectively.

The County Auditor's Office requires that financial statements be submitted within ten days after the last day of the month.

Re: Review of the *Hidalgo County Tax Collected Reports*
For the months of July 2016 through December 2016

Dear Mr. Villarreal:

We have conducted a limited scope review of the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities and supporting documentation for the months of July 2016 through December 2016 pursuant to Local Government Code §115.002 (a) and (b) and Local Government Code §115.901. The objective of the review was to determine if taxes, penalties, interest, and fees collected were properly accounted and reported.

Scope:
The scope of our review was limited to collections reported by your office on the *Hidalgo County Deposit Status Report – All Locations* and the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

The purpose of this report is to furnish management independent, objective analyses, recommendations, and information concerning the area reviewed. The report should serve as a tool to help management discern and implement specific improvements.

Methodology:
In planning and performing our review, we reviewed applicable statutes and reports. The following procedures were performed:

- Reviewed the submittal date of the *Hidalgo County Tax Collected Report* to the County Auditor's Office to determine if the report and supporting documentation were received within fifteen or twenty-five days, as applicable, after the last day of the month pursuant to Tax Code §31.10 (a) and whether the report was made under oath.

- Verified the signature on the *Hidalgo County Tax Collected Report* to ensure that the report was signed by an authorized signatory as documented on the "Authorized Signatories Form."
- Verified the mathematical accuracy of the *Tax Collected Report* by footing and cross-footing the report.
- Verified that taxes collected per the *Hidalgo County Tax Collected Report* agreed to: 1.) total collections per *ACT's* Deposit Distribution Report (Report No. TC298-D) 2.) total deposits made with the County Treasurer, and 3.) total deposits posted to *atio's* Undistributed Receipts general ledger account.
- Verified that modifications to the tax levy per the *Hidalgo County Tax Collected Report* agreed to: modifications made to the tax levy per *ACT's Tax Collector Monthly Report* (Report No. TC168) for each entity.
- Compared the *Hamer Enterprise* Online Credit Card Payment Report to the *Hidalgo County Deposit Status Report – All Locations* to ensure all online credit card transactions received within the period in review were timely receipted.
- Compared the *Electronic Check BMI 147 Report* to the *Hidalgo County Deposit Status Report – All Locations* to ensure all online e-check transactions received within the period in review were timely receipted.
- Reviewed the *Hidalgo County Tax Collected Report* and County Treasurer receipts to determine whether collections were properly accounted and deposited with the County Treasurer in a timely manner.
- Reviewed deposits that did not agree to the *Hidalgo County Deposit Status Report – All Locations* report to determine if the shortages were replenished and if overages were deposited to the general fund as miscellaneous revenue.
- Reviewed selected validated deposit slips to determine if the deposit composition (cash, checks, credit card payments) agreed to the total of the applicable payment method listed on the *Hidalgo County Deposit Status Report – All Locations* report.

Conclusion:
Total collections for the months of July 2016 through December 2016 as reported on the *Hidalgo County Tax Collected Reports* for the County of Hidalgo (GHD), Road District No. 2 (RD2), Road District No. 5 (RD5), Road District No. 15 (RD15), and State District (TEX) taxing entities were $2,508,065.16; $9,195,372.91; $1,338,129.20; $2,380,466.58; $33,194,042.44; and $61,484,045.04, respectively. Based on the results of our review, we have concluded that taxes, penalties, interest, and fees collected were generally properly accounted and reported; however, the system of internal controls for the accounting of collections requires improvement as noted in the following observation.

Observation No. 1:
We reviewed deposits that did not agree to the *Hidalgo County Deposit Status Report – All Locations* for the period in review to determine if the shortages were replenished and if overages were deposited to the general fund as miscellaneous revenue. The results of our review revealed the following:

- Total deposits did not agree to the amount collected per the "Deposit Control" report.
  - Deposits were short a total of $220.48.
    - Net shortages totaling $109.11 (July 2016); $4.73 (August 2016); $7.52 (September 2016); $0.97 (October 2016); $46.68 (November 2016); and $51.47 (December 2016) were replenished with funds in in the Cash/Shorts & Overs balance sheet account.
  - Deposits were over a total of $426.77.
    - Net overages totaling $47.80 (July 2016); $116.23 (August 2016); $13.09 (September 2016) $16.44 (October 2016); $105.15 (November 2016); and $128.06 (December 2016) were placed in the Cash/Shorts & Overs balance sheet account.

According to staff, overages are not remitted to the County Treasurer's Office as miscellaneous revenue. Overages are deposited to the Tax General bank account and credited to the Cash/Shorts & Overs balance sheet account. The funds are utilized to replenish collection shortages, if any.

The County Auditor's Office requires cash receipts be deposited intact on a daily basis. In addition, overages should be remitted to the County Treasurer's Office as miscellaneous revenue. If a shortage occurs and criminal conduct is suspected, regardless of the amount, the shortage must be immediately reported to the County Auditor's Office and the Sheriff's Office. Shortages should be replenished or a request for indemnification should be made to the Commissioners Court pursuant to Local Government Code §157.903. Local Government Code §157.903 authorizes Commissioners Court to indemnify an elected or appointed County officer against personal liability for the loss of County funds, if the loss was not the result of the officer's negligence or criminal action. Failure to implement internal

controls may be considered negligence. Supervisors must monitor all overages and shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, re-training of personnel, or disciplinary action.

Formal monitoring procedures were not in place to ensure that overages and shortages were properly accounted and reported.

Failure to ensure that overages and shortages are properly accounted and reported may result in the loss or misuse of funds.

Recommendation:
Management should develop and implement formal monitoring procedures to ensure that overages and shortages are properly accounted and reported. At a minimum, procedures should include the following:

- Transfer overages to the County Treasurer as miscellaneous revenue.
- Replenish shortages or request indemnification from Commissioners Court pursuant to Local Government Code §157.903;
- Immediately report to the County Auditor's Office and the Sheriff's Office, a shortage, regardless of the amount, if criminal conduct is suspected; and
- Monitor all overages and shortages to determine if there is a pattern meriting further investigation, modification of collection procedures, retraining of personnel, or disciplinary action.

In addition, management should deposit with the County Treasurer's Office the current balance in the Cash/Shorts & Overs balance sheet account as miscellaneous revenue.

Please provide a written management response to the observation noted above by April 30, 2017.

If you should have any questions or would like to schedule a meeting to discuss the above noted observation, please do not hesitate to contact Abigail Guajardo, MSA, Internal Auditor II, at 318-2511 ext. 4652, Yvonne Torres, Revenue Audit Supervisor, at ext. 4642, Arcy B. Ref: Review of Delinquent Tax Attorney Payment Request - March 2017
Report No. 2017-30

Dear Mr. Villarreal:

We have completed a limited scope review of the March 2017 payment request prepared by your office for delinquent tax attorney (DTA) fees due to Linebarger, Goggan, Blair, and Sampson LLP ("LGBS") and related supporting documentation. The objective of the review was to determine if the payment request was accurate and properly authorized.

The scope of our review was limited to a review of the DTA fees collected by your office on behalf of the following entities: Hidalgo County (GHD), Road District 2 (RD2), Road District 5 (RD5), Road District 7 (RD7), Road District 11 (RD11), Road District 12 (RD12), Road District 14 (RD14), Road District 15 (RD15), State of Texas (TEX); and the payment request prepared by your office for the month ended March 31, 2017. The County Auditor's Office did not review the tax accounts listed on the "Hidalgo County Tax Office Current Collection Report" and "Hidalgo County Tax Office Prior Collection Report" that reflected a refund since LGBS stated that they would not seek reimbursement for DTA fees previously paid to the prior DTA firm. Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. The responsibility for sound internal controls rests with management.

As part of our review, we reviewed the payment request, the delinquent tax attorney contract, and various collection reports prepared by your office. The following procedures were performed:

- Verified that the payment request was signed and included a certification by the Hidalgo County Tax Assessor/Collector that the "payment represents 15% of the delinquent taxes and penalty and interest collections for the month of March 2017."
- Reviewed the "Hidalgo County Tax Office Current Collection Report" and "Hidalgo County Tax Office Prior Collection Report" to determine if the DTA fees were collected at the 15% rate specified in the contract.
- Reviewed the "Hidalgo County Tax Office Current Collection Report" and "Hidalgo County Tax Office Prior Collection Report" to determine if the total amount of DTA fees collected agreed to the amount transferred to the Hidalgo County Treasurer's Office.

The results of our review revealed that the payment request was generally accurate and properly authorized. More specifically, the following was noted:

- The payment request was signed and included a certification by the Hidalgo County Tax Assessor/Collector that the "payment represents 15% of the delinquent taxes and penalty and interest collections for the month of March 2017."
- Although DTA fees for 277 tax accounts were not collected at the 15% rate specified in the contract; we concluded that the differences in rates were attributed to tax deferrals (269 tax accounts) and small amounts collected (8 tax accounts) (see Exhibit A). The small amounts collected on the 6 tax accounts did not result in a variance.

We will proceed to process the March 2017 DTA payment request in the amount of $169,292.16 to LGBS.

Re: Audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency
For the Year Ended December 31, 2016
Audit No. 2017-03

Dear Sheriff Guerra:

We have completed an audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency for the year ended December 31, 2016 pursuant to Code of Criminal Procedure §59.06 (g)(1), Local Government Code §115.001, Local Government Code §115.0035, and our annual audit plan. The objective of the audit was to determine if Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported.

Background:
Code of Criminal Procedure (CCP) Chapter 59 "Forfeiture of Contraband" provides the Sheriff with the authority to confiscate, forfeit, and dispose of contraband. Chapter 59 defines "contraband" as property of any nature (including real, personal, tangible, or intangible property) that is used or intended for use in the commission of certain enumerated felonies, Class A and Class B misdemeanors, or gained, acquired, and/or used to facilitate the commission of certain enumerated felonies and misdemeanors.

Local Government Code (LGC) § 115.0035(b) provides that "at least once each county fiscal year, or more often if the county auditor desires, the auditor shall, without advance notice, fully examine the accounts of all precinct, county and district officials." LGC §115.0035(a) defines "accounts" as all public funds that are subject to the control of any precinct, county or district official, including the accounts of law enforcement agencies and the attorney for the state composed of money and proceeds of property seized.

For the year ended December 31, 2016, the Sheriff's Office seized cash totaling $567,690.07, 5 motor vehicles, and 1 real property. In addition, cash totaling $245,056.63 and 1 motor vehicle were forfeited (awarded) to the Sheriff's Office during the year ended December 31, 2016. Also, 1 vehicle was returned to a respondent.

Pursuant to CCP § 59.03 (c), a peace officer having custody of property must provide to the District Attorney a sworn statement that contains a schedule of the property seized, an acknowledgment that the officer has seized the property, and a list of the officer's reasons for the seizure. In addition, "not later than 72 hours after the seizure, the peace officer shall: (1) place the property under seal; (2) remove the property to a place ordered by the court; or (3) require a law enforcement agency of the state or a political subdivision to take custody of the property and move it to a proper location."

Pursuant to CCP § 59.04 (a) & (b), the District Attorney must commence forfeiture proceedings by filing a notice of the seizure and intended forfeiture (petition) with the District Clerk's Office not later than the 30th day after the date of the seizure.

Pursuant to CCP § 59.05 (b) & (e), forfeiture proceedings are conducted in accordance with rules and principles governing civil cases. If the court finds that the state has proven by a preponderance of the evidence that all or part of the seized property is subject to forfeiture, the judge shall forfeit the property to the state. Pursuant to CCP § 59.06 (f), a final judgment of forfeiture perfects the state's title to the forfeited property.

Pursuant to CCP § 59.05 (f), the District Clerk is entitled to court costs in forfeitures to the state of an amount greater than $2,500 as in other civil proceedings.

Pursuant to CCP § 59.06 (a), all forfeited property is administered by the District Attorney, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the District Attorney and law enforcement agencies (LEAs). If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff. Proceeds of the sale must be distributed in accordance with CCP § 59.06.

Pursuant to CCP § 59.06 (b), if a local agreement exists between the District Attorney and the LEA, the District Attorney may transfer the property to the LEA. Furthermore, CCP § 59.06 (c) states, if a local agreement exists between the District Attorney and LEAs, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items shall be deposited, after the deduction of court costs which the District Clerk is entitled, into one or more of the following funds: (1) a special fund in the county treasury for the benefit of the District Attorney's Office, to be used by the District Attorney solely for the official purposes of his office; or (2) a special fund in the county treasury if distributed to a county LEA, to be used solely for law enforcement purposes, such as salaries and overtime pay for officers, officer training, specialized investigative equipment and supplies, and items used by officers in direct law enforcement duties.

Pursuant to CCP §59.06 (d), awarded proceeds may be spent by a law enforcement agency after a detailed budget has been submitted to commissioners court. The Sheriff's Chapter 59 budget for the year ended December 31, 2016 was $673,883.04 and expenditures totaled $474,724.49 (i.e., salary, court costs, registration fees, and advertisements for citation by publication).

Pursuant to CCP §59.06 (d-3), an expenditure of proceeds received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of the State, including an expenditure made for: (1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment; (2) supplies, including office supplies, mobile phone and data account fees for employees, and internet services; (3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking; (4) conferences and training expenses, including fees and materials; (5) investigative costs, including payments to informants and lab expenses; (6) crime prevention and treatment programs; (7) facility costs, including building purchases, lease payments, remodeling and renovating, maintenance, and utilities; (8) witness-related costs, including travel and security; and (9) audit costs and fees, including audit preparation and professional fees.

On February 26, 1991, Commissioner's Court approved a resolution stating, "District Attorney and the Sheriff of Hidalgo County have expressed a willingness to assist in turning over some funds for use in drug rehabilitation in Hidalgo County, [not to exceed 10%] and be it resolved that any forfeited funds turned over to the Hidalgo County Commissioners' Court shall be deposited in a special fund and with any interest generated by said fund will be distributed to worthy programs on timely application to said Commissioners' Court until further orders of the Court."

Pursuant to Property Code § 12.007 (a), after the plaintiff's statement in an eminent domain proceeding is filed or during the pendency of an action involving title to real property, the establishment of an interest in real property, or the enforcement of an encumbrance against real property, a party to the action who is seeking affirmative relief may file for record with the county clerk of each county where a part of the property is located a notice that the action is pending. Pursuant to Property Code § 12.007 (b), the party filing a lis pendens or the party's agent or attorney shall sign the lis pendens, which must state: (1) the style and number, if any, of the proceeding; (2) the court in which the proceeding is pending; (3) the names of the parties; (4) the kind of proceeding; and (5) a description of the property affected. Pursuant to Property Code § 12.007 (c), the

county clerk shall record the notice in a lis pendens record. The clerk shall index the record in a direct and reverse index under the name of each party to the proceeding. Pursuant to Property Code § 12.007 (d), not later than the third day after the date a person files a notice for record under this section, the person must serve a copy of the notice on each party to the action who has an interest in the real property affected by the notice.

Local Agreement between District Attorney's Office and Sheriff's Office

On June 25, 2015, the Hidalgo County District Attorney and the Sheriff's Office entered into a new local agreement pursuant to CCP §59.06 (b). According to the agreement, the Sheriff's Office agrees to pay all court costs, attorney ad litem fees, depositions, title searches, title policies, confidential informants, storage costs, and all other related costs in the forfeiture of vehicles and all other personal property, as outlined below.

Personal Property (Vehicles, jewelry, phones, etc…) - If personal property, including vehicles retained by the Law Enforcement Agency are to be sold, net proceeds from the sale of said property, after deduction of costs, are to be divided as follows: 75% to the Law Enforcement Agency and 25% to the State's Attorney.

If personal property, including passenger vehicles, pick-ups trucks, sport utility vehicles, vans, tractor trailers, etc., are to be used for law enforcement purposes pursuant to CCP §59.06 (b), the Sheriff shall obtain the title of said vehicles and will be solely responsible for their use and maintenance. The District Attorney will not retain an interest in said vehicles and will be completely absolved of any liability.

All property seized in accordance with the Agreement, with the exception of currency, bank accounts, negotiable instruments, and jewelry, shall be kept in the possession of the Sheriff's Office. The Sheriff's Office shall be responsible for the upkeep and maintenance of said property and the District Attorney will be completely absolved of any liability.

The parties further agreed that the Sheriff's Office shall account for all seized property in their possession until the property is disposed of by court order. Disposition of all property shall comply with Article 59 of the Texas Code of Criminal Procedure.

All other personal property, not suitable for nor desired for use, pursuant to Article 59 of the Texas Code of Criminal Procedure, shall be forfeited to the District Attorney, as an agent for the State of Texas, and shall be sold at public auction. The net proceeds of said sale of said property, after deduction of costs, shall be divided as follows: 60% to the Sheriff's Office and 40% to the District Attorney.

For the purpose of this Agreement, the definition of "Personal Property" includes, but is not limited to, vehicles of all types, weapons, laptops, computers, cell phones, jewelry, gold, and other precious metals and tangible objects of value. The Sheriff's Office and the District Attorney reserve the right to negotiate unique individual agreements on a case by case basis to satisfy special requirements; however, if an agreement cannot be reached, this local agreement shall be binding.

Real Estate - Upon the sale of real estate, all court costs, attorney ad litem fees, depositions, title searches, title policies, confidential informants, storage costs, and all other related costs shall be paid or credit to the Sheriff's Office if such cost have been previously paid by the Sheriff's Office and the District Attorney as agreed upon for currency, banking accounts, and negotiable instruments as listed below.

Currency, Banking Accounts, and Negotiable Instruments – Upon being awarded to the State via court order, are to be disbursed and divided up as follows, after the payment of costs:

Amount	Sheriff's Office	District Attorney's Office
Over $50,000.00	70%	30%
Less than $50,000.00	60%	40%

Jewelry – Will be sold and its proceeds divided as follows: 60% to the Sheriff's Office and 40% to the District Attorney.

Sheriff's Office Procedures

Section 5.21 of the Hidalgo County Sheriff's Office Policy and Procedures establish the procedures and provide direction and reference to officers seizing cash or tangible property. Seizing officers must contact their

supervisor and provide all the pertinent facts and circumstances surrounding a potential seizure and receive authorization to continue the forfeiture investigation.

If possible, seized currency is counted by a Sheriff's agent in the presence of the respondent and a receipt (copy of Evidence/Inventory Control Report) is issued; however, the receipt is not pre-numbered. If the funds cannot be counted in the presence of the respondent, the funds are placed in an evidence bag and transported to the Sheriff's Office where it is then counted by two Sheriff's agents. The count is documented on the "Itemization of Money Seizure" form, which is not pre-numbered. Once the currency is counted, pursuant to CCP §59.08 and Section 5.21.03.08 of the Hidalgo County Sheriff's Office Policy and Procedures, the agent places seized currency in a certificate of deposit at the county depository, Lone Star National Bank, under the name of the District Attorney's Office pending final disposition. If the currency cannot be immediately deposited on the date of seizure, the currency is safeguarded in a vault in the Sheriff's Office evidence room and deposited the next business day. In most cases the currency is placed in a certificate of deposit within 72 hours.

Personal property is safeguarded at the Sheriff's Office until a final judgment is rendered by the court. Vehicles are maintained at the Sheriff's Motor Pool and all other personal property is maintained at the Sheriff's Office evidence room. Only two Evidence Technicians have access to the evidence room. The evidence room is under lock and key and has 24 hour surveillance. The personal property is logged in by an agent and submitted to an Evidence Technician. If an item needs to be removed from the evidence room, the item is requested from one of the two Evidence Technicians and the agent is required to log the item out.

When cash and/or property is seized, the agent is required to generate a synopsis report describing the circumstances of the seizure. The synopsis report must include any or all of the following documents: an asset forfeiture cover sheet, offense report, affidavits, search warrants, vehicle impoundment sheet (if applicable), vehicle registration information with lien enhancement (if applicable), arrest probable cause affidavit (if arrest was made), bank deposit slip (if applicable), seizure affidavit, criminal histories on all parties claiming interest in the items seized, motor pool mechanic review sheet (if applicable), vehicle estimate value utilizing NADA or Kelley Blue Book (if applicable), and picture of the seized property. If the seized property is a vehicle, photographs of all four sides of the vehicle depicting the license plates, VIN, odometer mileage, interior, any damage and special equipment must also be placed in the file. The file is submitted to the Sheriff's Office Financial Services Bureau Administrative Assistant, who is responsible for ensuring the file contains all required documents. Original files are maintained by the Financial Services Bureau Administrative Assistant and copies of the file are forwarded to the District Attorney's Office and the Sheriff's Office Accountant II. Once the case has been disposed, the District Attorney's Office provides a copy of the judgment to the Financial Services Bureau Administrative Assistant. The Financial Services Bureau Administrative Assistant then forwards a copy of the judgment to the Sheriff's Office Accountant II, who is responsible for the preparation of the Chapter 59 Asset Forfeiture Report and the Quartermaster, who is responsible for overseeing the inventory and maintenance of Sheriff's Office equipment.

If a vehicle is forfeited to the Sheriff's Office, the vehicle is inspected by the Motor Pool Mechanic to determine whether the vehicle is in good working condition for law enforcement purposes. The Mechanic documents the inspection on the "Hidalgo County Sheriff's Office Newly Acquired Vehicle Checklist" (checklist). The checklist is provided to the Lieutenant and the Commander who determine whether to place the vehicle in use for law enforcement purposes or to auction the vehicle.

The Sheriff's Office submits an application for certificate of title, along with a copy of the final judgment, to the Motor Vehicle Department for all forfeited vehicles. Upon receipt of the certificate of title, the Sheriff's Office maintains a copy of the title and submits the original title to the Purchasing Department's Fixed Asset Division and requests an asset tag. Insurance coverage is also requested for all vehicles placed in use for law enforcement purposes from the Hidalgo County Safety Division by preparing and submitting an "Insurance Change-Vehicles" form. Once the vehicle is insured, the Safety Division submits proof of insurance to the Purchasing Department.

If the vehicle is not placed in use, a transfer form is prepared and the vehicle is declared surplus. Until the auction is conducted, the vehicle is safeguarded at the Sheriff's Office Motor Pool.

The Purchasing Department is responsible for conducting the sale of assets. The Purchasing Department receives the proceeds from the sale of assets from Rod Robertson Auto Auctions and prepares a "Purchasing Department/Fixed Asset Division Auction Report" that details the manner in which the auction proceeds will be distributed. The proceeds are then deposited with the Hidalgo County Treasurer.

Scope and Methodology:

The scope of our audit was limited to a review of all seized currency and property for which an agent's affidavit was made available to the County Auditor's Office for review and all forfeited currency and property for which a final judgment was rendered and recorded on *Odyssey*, the County's justice information system, during the period of January 1, 2016 through December 31, 2016.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

In planning and performing our review, we reviewed applicable statutes, policies and procedures, and the applicable interlocal agreements. The following procedures were performed:

1. Compared Chapter 59 revenue and expenditure reports generated from *alio*, the County's financial accounting system, and "Purchasing Department/Fixed Asset Division Auction Report" to the Sheriff's Chapter 59 Asset Forfeiture Report to determine if all Chapter 59 revenues and expenditures were reported.
2. Generated "Cases filed" and "Cases disposed" index reports for the period of January 1, 2016 to December 31, 2016 from *Odyssey* to determine if all property seized, forfeited, or returned to respondents was reported on the Sheriff's Chapter 59 Asset Forfeiture Report.
3. Reviewed expenditures from the Sheriff's Chapter 59 Forfeiture Fund to determine if expenditures were incurred for law enforcement purposes pursuant to CCP§59.06 (c).
4. Reviewed the "District Attorney Investigation Funds Accounting Control Sheet" and supporting documentation to determine if court costs were only paid to the District Clerk for forfeitures to the state of an amount greater than $2,500.
5. Verified Hidalgo County District Clerk records to determine if a lis pendens was filed not later than the third day after the date the Sheriff's Office filed a notice of record for the real estate property seized by the Sheriff's Office pursuant to Property Code §12.007 (c)(d).
6. Verified with the Hidalgo County Risk Management Department to determine if the 49 vehicles put to use by the Sheriff's Office were properly insured.
7. Selected 3 vehicles that were seized and/or forfeited during the reporting period and not sold for physical identification.
8. Reviewed revenue reports generated from *alio* and "Purchasing Department/Fixed Asset Division Auction Report" to determine if auction proceeds were disbursed to the Sheriff's Office forfeiture fund and apportioned within 30 days of said sale pursuant to the local agreement.
9. Reviewed the "District Attorney Investigation Funds Accounting Control Sheet" and supporting documentation to determine if the 10% of net forfeited currency over $3,000 was paid to Hidalgo County for the prevention of drug abuse and for the treatment of persons with drug-related problems pursuant to the resolution dated February 26, 1991.
10. Reviewed the "Financial Seizure Account History" form, the affidavit prepared by the seizing officer, certificate of deposit receipt, and schedule of filed cases generated from *Odyssey* to determine if a certificate of deposit was opened within 72 hours of seizure for the amount seized and if a petition was filed within 30 days after the date of seizure.
11. Reviewed the procedures in place to determine if seizures were promptly recorded and controlled by using pre-numbered official receipt forms.

Conclusion:

Based on the results of our audit, we have determined that generally Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported. The following was noted:

1. All Chapter 59 revenues and expenditures recorded in *alio* and the "Purchasing Department/Fixed Asset Division Auction Report" were reported on the Sheriff's Chapter 59 Asset Forfeiture Report.
2. A review of the "Cases filed" and "Cases disposed" index reports generated from *Odyssey* for the period of review revealed that the Sheriff's Office seized 5 motor vehicles, 1 real property, and cash totaling $567,690.07. In addition, 1 motor vehicle and cash totaling $245,056.63 were forfeited (awarded) to the Sheriff's Office. Furthermore, 1 motor vehicle was returned to respondent pursuant to the judgment. The seizures and forfeitures were properly reported on the Sheriff's Chapter 59 Asset Forfeiture Report.
3. All expenditures from the Sheriff's Office Chapter 59 Forfeiture Fund were incurred for law enforcement purposes as required by CCP §59.06 (c).
4. Court costs were only paid to the District Clerk for cases where forfeitures were greater than $2,500.00 as required by CCP §59.05 (f).
5. All real estate property seized by the Sheriff's Office had a lis pendens recorded through the Hidalgo County District Clerk.
6. Of the 49 vehicles:
   - 48 vehicles were properly insured.
   - 1vehicle was not insured. According to staff, the vehicle was awarded to Sheriff's Office on January 11, 2017 and is in the process of insuring and tagging vehicle.
7. All 3 vehicles were physically identified.
8. Auction proceeds totaling $36,753.25 were generated from the sale of 22 vehicles forfeited to the Sheriff's Office (all 22 vehicles auctioned were forfeited in prior years). Auctions were held in March, June, and September, as follows:
   - March auction proceeds were apportioned to the Sheriff's Office forfeiture fund within 30 days of said sale;
   - June and September auctions proceeds were not apportioned to the Sheriff's Office forfeiture fund within 30 days of said sale. The funds were apportioned 3 to 105 days late.
   - March and September proceeds were distributed 100% to the Sheriff's forfeiture fund instead of 75% to the Sheriff's Office forfeiture fund and 25% to the District Attorney's forfeiture fund.
   - June proceeds were distributed 75% to the Sheriff's Office forfeiture fund and 25% to the District Attorney's Forfeiture pursuant to the local agreement.
9. There were 9 judgments that involved cash forfeitures greater than $3,000.00. For 9 judgments, 10% of net forfeited currency over $3,000 was paid to Hidalgo County for the use of a drug rehabilitation program. According to staff, although the new local agreement does not state that 10% of the net currency over $3,000.00 shall be paid to Hidalgo County, on February 26, 1991, Commissioner's Court approved a resolution that would allow a request up to ten (10%) of drug forfeited funds seized and awarded to Hidalgo County Sheriff's Office and the Criminal District Attorney's Office of Hidalgo County for drug rehabilitation.
10. There were 12 cash seizures made by the Sheriff's Office during the period of review. Of the 12 cash seizures:
    - 9 certificates of deposit were opened within 72 hours of seizure as required by CCP §59.03 (c).
    - 3 certificates of deposit were not opened within 72 hours of seizure. The certificates of deposit were opened 2 to 13 days late.

    In addition, 18 petitions (cash and other property) were filed with the District Clerk's Office. Of the 18 petitions (cash and other property), 16 were filed with the District Clerk's Office on or before the 30th day after the date of the seizure as required by CCP §59.04 (a). 2 of 18 petitions (cash and other property) were filed on the 31st day after the date of seizure.
11. Seizures were not recorded and controlled by using pre-numbered official receipt forms. Instead, the "Financial Seizure Account History" form, a form that is not pre-numbered, was utilized to account for seizures. In addition, the "Financial Seizure Account History" form did not require the signature of the respondent and the agent and witness responsible for counting and verifying the property and/or amount of cash seized.

Recommendations:
In our opinion, the issues identified during our review could be addressed by implementing formal monitoring procedures to ensure that at a minimum, procedures require Sheriff's Office to:

1. Coordinate with Purchasing Department to ensure that the proceeds from the sale of assets are apportioned in accordance with the local agreement.
2. The local agreement should be amended to include the exact percentage that should be paid to Hidalgo County for the prevention of drug abuse and for the treatment of persons with drug-related problems.
3. Ensure that certificates of deposits are opened within 72 hours of seizure as required by CCP §59.03 (c) and petitions are filed with the District Clerk's Office within 30 days after the date of seizure as required by CCP §59.04 (a).
4. Ensure seizures are recorded and controlled by using pre-numbered "Financial Seizure Account History" forms. The forms should require the signature of the agent counting and witness verifying the seizure. In addition, the respondent's signature, if possible, should be obtained and documented on the receipt form.

Please provide management responses to findings 8 through 11 noted in the conclusion section and the recommendations noted above by March 31, 2017. Your prompt response will be greatly appreciated.

Project No. 2017-23

Dear Mr. Garza:

We have completed a limited scope review of the tax abatement agreement (agreement) between Hidalgo County and Wonderful Citrus Packing, LLC. The objective of our review was to determine the applicable tax abatement percentage for the 2017 tax roll.

Scope and Methodology
The scope of our review was limited to a review of the tax abatement agreement between Hidalgo County and Wonderful Citrus Packing, LLC; Hidalgo County Tax Abatement Guidelines; and correspondence received from Wonderful Citrus Packing, LLC regarding compliance with terms of the tax abatement agreement.

Conclusion:
Based on the results of our review, we have determined that Wonderful Citrus Packing, LLC does not qualify for a tax abatement for the 2017 tax year. According to correspondence received from Wonderful Citrus Packing, LLC, improvements made during 2016 were completed prior to the execution date of the agreement of December 13, 2016. Capital improvements are expected to be made during May 2017 through October 2017.

Pursuant to Section 1.04 of the agreement, tax abatement percentage will be determined based on the Capital Cost of the improvements made on or after the date of execution of the agreement of December 13, 2016.

Re: Audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency
For the Year Ended December 31, 2016
Audit No. 2017-06

Dear Constable Cantu:

We have completed an audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency for the year ended December 31, 2016 pursuant to Code of Criminal Procedure §59.06 (g)(1), Local Government Code §115.001, Local Government Code §115.0035, and our annual audit plan. The objective of the audit was to determine if Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported.

Background:
Code of Criminal Procedure (CCP) Chapter 59 "Forfeiture of Contraband" provides the Constable with the authority to confiscate, forfeit, and dispose of contraband. Chapter 59 defines "contraband" as property of any nature (including real, personal, tangible, or intangible property) that is used or intended for use in the commission of certain enumerated felonies, Class A and Class B misdemeanors, or gained, acquired, and/or used to facilitate the commission of certain enumerated felonies and misdemeanors.

Local Government Code (LGC) §115.0035(b) provides that "at least once each county fiscal year, or more often if the county auditor desires, the auditor shall, without advance notice, fully examine the accounts of all precinct, county and district officials." LGC §115.0035(a) defines "accounts" as all public funds that are subject to the control of any precinct, county or district official, including the accounts of law enforcement agencies and the attorney for the state composed of money and proceeds of property seized.

For the year ended December 31, 2016, Constable Precinct 2 did not have any cash seizures or cash forfeitures; however, 2 motor vehicles were seized and 1 motor vehicle was forfeited to Constable Precinct 2.

Pursuant to CCP §59.03 (c), a peace officer having custody of property must provide to the District Attorney a sworn statement that contains a schedule of the property seized, an acknowledgment that the officer has seized the property, and a list of the officer's reasons for the seizure. In addition, "not later than 72 hours after the seizure, the peace officer shall: (1) place the property under seal; (2) remove the property to a place ordered by the court; or (3) require a law enforcement agency of the state or a political subdivision to take custody of the property and move it to a proper location."

Pursuant to CCP §59.04 (a) & (b), the District Attorney must commence forfeiture proceedings by filing a notice of the seizure and intended forfeiture (petition) with the District Clerk's Office not later than the 30th day after the date of the seizure.

Pursuant to CCP §59.05 (b) & (e), forfeiture proceedings are conducted in accordance with rules and principles governing civil cases. If the court finds that the state has proven by a preponderance of the evidence that all or part of the seized property is subject to forfeiture, the judge shall forfeit the property to the state. Pursuant to CCP § 59.06 (f), a final judgment of forfeiture perfects the state's title to the forfeited property.

Pursuant to CCP §59.05 (f), the District Clerk is entitled to court costs in forfeitures to the state of an amount greater than $2,500 as in other civil proceedings.

Pursuant to CCP §59.06 (a), all forfeited property is administered by the District Attorney, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the District Attorney and law enforcement agencies (LEAs). If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff. Proceeds of the sale must be distributed in accordance with CCP §59.06.

Pursuant to CCP §59.06 (b), if a local agreement exists between the District Attorney and the LEA, the District Attorney may transfer the property to the LEA. Furthermore, CCP §59.06 (c) states, if a local agreement exists between the District Attorney and the LEA, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items shall be deposited, after the deduction of court costs which the District Clerk is entitled, into one or more of the following funds: (1) a special fund in the county treasury for the benefit of the District Attorney's Office, to be used by the District Attorney solely for the official purposes of his office; or (2) a special fund in the county treasury if distributed to a county LEA, to be used solely for law enforcement purposes, such as salaries and overtime pay for officers, officer training, specialized investigative equipment and supplies, and items used by officers in direct law enforcement duties.

CCP§59.06 (d) states that awarded proceeds may be spent by a law enforcement agency after a detailed budget has been submitted to commissioners court. A budget was not submitted to Commissioners Court for approval and expenditures were not incurred by Constable Precinct 2 for the year ended December 31, 2016.

Pursuant to CCP §59.06 (d-3), an expenditure of proceeds received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of the State, including an expenditure made for: (1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment; (2) supplies, including office supplies, mobile phone and data account fees for employees, and internet services; (3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking; (4) conferences and training expenses, including fees and materials; (5) investigative costs, including payments to informants and lab expenses; (6) crime prevention and treatment programs; (7) facility costs, including building purchases, lease payments, remodeling and renovating, maintenance, and utilities; (8) witness-related costs, including travel and security; and (9) audit costs and fees, including audit preparation and professional fees.

Local Agreement Between District Attorney's Office and Constable Precinct 2

On June 30, 2015, the Hidalgo County District Attorney and the Constable Precinct 2 entered into a new local agreement pursuant to CCP §59.06 (b). According to the agreement, Constable Precinct 2 is responsible for paying all court costs, attorney ad litem fees, depositions, title searches, title policies, confidential informants, storage costs, and all other related costs in the forfeiture of vehicles and all other personal property.

Personal Property (Vehicles, laptops, computers, cell phones, weapons, etc...) - If personal property, including vehicles retained by the Constable are to be sold, net proceeds from the sale of said property, after deduction of costs, are to be divided as follows: 75% to Constable Precinct 2 and 25% to the District Attorney.

If personal property, including vehicles that are retained by the Constable for law enforcement purposes are at any time decommissioned and then sold, net proceeds from the sale of said property, after deduction of costs are to be divided as follows: 75% to Constable Precinct 2 and 25% to the District Attorney.

All property seized, except for currency, bank accounts, negotiable instruments, and jewelry, shall be kept in the possession of the Constable. The Constable shall account for all seized property in his possession until the property is disposed of by court order.

All other personal property, not suitable or desired for use, shall be forfeited to the District Attorney and sold at public auction. The net proceeds of said sale of said property, after deductions of sale expenses, shall be divided as follows: 60% to the Constable Precinct 2 and 40% to the District Attorney.

Real Estate- Upon the sale of real estate, all costs are to be paid from the final sum received, with the remaining amount to be paid according to the percentages listed under "currency" below.

Proceeds from the sale of real, personal, tangible, or intangible property subject to the agreement shall be apportioned within thirty (30) days of said sale.

Currency- disbursed and divided as follows, after the payment of court costs:

Amount	Constable Precinct 2	District Attorney's Office
Over $50,000	70%	30%
Less than $50,000	60%	40%

Jewelry will be sold and its proceeds divided as follows: 60% to Constable Precinct 2 and 40% to the District Attorney.

Constable Precinct 2 Procedures
The Constable Precinct 2 Office has formal procedures for the accounting and reporting of seizures and forfeitures. Deputies requesting to initiate seizure and forfeiture of vehicles, properties, and/or currency forward all required documents to the designated Supervisor, Chief Deputy, or Constable for review and approval. Once approved, the deputy submits the file to the District Attorney's Office Civil Forfeiture Division.

Due to the expenses related to forfeiture proceedings, the following values of the described property types are used as a guideline when considering seizure: vehicles $5,000, currency $5,000, and real property $20,000. Items such as jewelry, house hold items, electronics, etc, shall be in an aggregate amount value not less than $3,000 per case.

Motor vehicles seized will be handled as evidence. The vehicles are towed to the Rod Robertson vehicle storage facility. All currency seized is deposited into the designated account set forth by the Hidalgo County District Attorney's Office on the same day of seizure, if possible. In the event this is not possible, the currency is properly sealed and secured in a safe and deposited on the next business day.

The following documents are used by the Constable Precinct 2 Office to document seizures: 1.) a report describing the circumstances of the seizure, 2.) asset forfeiture cover sheet, 3.) offense report, 4.) affidavits and search warrants, 5.) vehicle impound sheet, if applicable, 6.) DMV vehicle registration, 7.) arrest probable cause affidavit, 8.) receipt of property seizure, 9.) bank deposit slip, if applicable, 10.) seizure affidavit, 11.) criminal history of all parties claiming interest in item, 12.) mechanic vehicle review sheet, 13.) NADAR or Kelly Blue Book value, and 14.) photographs of items. The receipt of property seizures is not a pre-numbered form.

Agreement for Auctioneer Services
On April 28, 2015, the Hidalgo County Commissioners Court entered into a contract with Rod Robertson Enterprise, Inc. for the provision of auctioneer and storage services. The contract was effective May 3, 2015 to May 2, 2016. The County may elect to extend the term of the contract for an additional two one year terms.

On April 19, 2016, the Hidalgo County Commissioners Court approved a one year extension with Rod Robertson Enterprise, Inc. The extension is effective May 3, 2016 to May 2, 2017. The contract stipulates that with respect to any property seized by any law enforcement agency of Hidalgo County, or any cooperative agency of which Hidalgo County is party, the auctioneer agrees to store such property for Hidalgo County for the period prior to any sale being conducted.

Scope and Methodology:
The scope of our audit was limited to a review of all seized currency and personal property for which an agent's affidavit was made available to the County Auditor's Office for review and all forfeited currency and personal property for which a final judgment was rendered and recorded in *Odyssey*, the County's justice information system, for the period of January 1, 2016 through December 31, 2016.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

In planning and performing our review, we reviewed applicable statutes, policies and procedures, and the applicable interlocal agreements. The following procedures were performed:

1. Compared Chapter 59 revenue and expenditure reports generated from *alio*, the County's financial accounting system, and the "Purchasing Department/Fixed Asset Division Auction Report" to Constable Precinct 2's Chapter 59 Asset Forfeiture Report to determine if all revenues and expenditures were reported;
2. Generated "Cases filed" and "Cases disposed" index reports for the period of January 1, 2016 to December 31, 2016 from *Odyssey* to determine if all seized, forfeited, and property returned to respondents was reported on Constable Precinct 2's Chapter 59 Asset Forfeiture Report;
3. Reviewed expenditures from the Constable Precinct 2 Chapter 59 Fund to determine if expenditures were incurred for law enforcement purposes pursuant to CCP §59.06 (c);
4. Selected 2 vehicles seized and/or forfeited as of the year ended December 31, 2016 for physical identification.
5. Verified on *Odyssey* if court costs were paid to the District Clerk for the personal property cases that generated auction proceeds greater than $ 2,500.00.
6. Reviewed revenue reports generated from *alio* and the "Purchasing Department/Fixed Asset Division Auction Report" to determine if auction proceeds were disbursed to Constable Precinct 2 and apportioned within 30 days of said sale pursuant to the local agreement in place.
7. Requested to review written policies and procedures for the proper accounting and reporting of seizures and forfeitures. In addition, inquired whether seizures were promptly recorded and controlled by using pre-numbered official receipt forms.

Conclusion:

Based on the results of our audit, we have determined that generally Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported; however, improvements could be made to the system of internal controls for the accounting and reporting of Chapter 59 seizures, forfeitures, receipts, and expenditures. More specifically, the following was noted:

1. All Chapter 59 revenues recorded in *alio* and the "Purchasing Department/Fixed Asset Division Auction Report," were reported on the Chapter 59 Asset Forfeiture Report. According to *alio*, Constable Precinct 2 did not incur expenditures during the period of review.
2. A review of the "Cases filed" and "Cases disposed" index reports generated from *Odyssey* for the period of review revealed that there were 2 vehicles seized and 1 vehicle forfeited to Constable Precinct 2. All items were properly reported on the Chapter 59 Asset Forfeiture Report.
3. There were no expenditures during the year ended December 31, 2016.
4. The 2 vehicles were physically located.
5. There were no cases that generated auction proceeds greater than $2,500.00. Court costs were not paid to the District Clerk.
6. Auction proceeds totaling $2,000.00 were generated from the sale of 2 vehicles forfeited in prior periods to Constable Precinct 2. Auctions were held in June and September as follows:
   - June auction proceeds were not apportioned to the Constable Precinct 2 forfeiture fund within 30 days of said sale. In addition, the auction proceeds were not disbursed pursuant to the local agreement. The proceeds were disbursed 100% to Constable Precinct 2 instead of 75% to Constable Precinct 2 and 25% to the District Attorney pursuant to the interlocal agreement. The distribution percentages were corrected by the County Auditor's Office.
   - September auction proceeds were apportioned to the Constable Precinct 2 forfeiture fund within 30 days of said sale. However, the auction proceeds were not disbursed pursuant to the local agreement. The proceeds were disbursed 100% to Constable Precinct 2 instead of 75% to Constable Precinct 2 and 25% to the District Attorney pursuant to the interlocal agreement. The disbursement was corrected by the County Auditor's Office.
7. Formal policies and procedures have been developed and implemented by the Constable Precinct 2 Office regarding Chapter 59 seizures and forfeitures; however, pre-numbered official receipt forms were not utilized to record and control seizures.

Recommendation:

In our opinion, the issues identified during our review could be addressed by developing formal monitoring procedures to ensure that the proceeds from the sale of assets are apportioned within 30 days of said sale, the proceeds are disbursed in accordance with the interlocal agreement, and seizures are recorded and controlled by using a pre-numbered form.

Re: Audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency
For the Year Ended December 31, 2016
Audit No. 2017-07

Dear Constable Gallardo:

We have completed an audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency for the year ended December 31, 2016 pursuant to Code of Criminal Procedure §59.06 (g)(1), Local Government Code §115.001, Local Government Code §115.0035, and our annual audit plan. The objective of the audit was to determine if Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported.

Background:
Code of Criminal Procedure (CCP) Chapter 59 "Forfeiture of Contraband" provides the Constable with the authority to confiscate, forfeit, and dispose of contraband. Chapter 59 defines "contraband" as property of any nature (including real, personal, tangible, or intangible property) that is used or intended for use in the commission of certain enumerated felonies, Class A and Class B misdemeanors, or gained, acquired, and/or used to facilitate the commission of certain enumerated felonies and misdemeanors.

Local Government Code (LGC) §115.0035(b) provides that "at least once each county fiscal year, or more often if the county auditor desires, the auditor shall, without advance notice, fully examine the accounts of all precinct, county and district officials." LGC §115.0035(a) defines "accounts" as all public funds that are subject to the control of any precinct, county or district official, including the accounts of law enforcement agencies and the attorney for the state composed of money and proceeds of property seized.

For the year ended December 31, 2016, Constable Precinct 3 did not have any seizures or forfeitures. Furthermore, no property was returned to respondents.

Pursuant to CCP §59.03 (c), a peace officer having custody of property must provide to the District Attorney a sworn statement that contains a schedule of the property seized, an acknowledgment that the officer has seized the property, and a list of the officer's reasons for the seizure. In addition, "not later than 72 hours after the seizure, the peace officer shall: (1) place the property under seal; (2) remove the property to a place ordered by the court; or (3) require a law enforcement agency of the state or a political subdivision to take custody of the property and move it to a proper location."

Pursuant to CCP §59.04 (a) & (b), the District Attorney must commence forfeiture proceedings by filing a notice of the seizure and intended forfeiture (petition) with the District Clerk's Office not later than the 30th day after the date of the seizure.

Pursuant to CCP §59.05 (b) & (e), forfeiture proceedings are conducted in accordance with rules and principles governing civil cases. If the court finds that the state has proven by a preponderance of the evidence that all or part of the seized property is subject to forfeiture, the judge shall forfeit the property to the state. Pursuant to CCP §59.06 (f), a final judgment of forfeiture perfects the state's title to the forfeited property.

Pursuant to CCP §59.05 (f), the District Clerk is entitled to court costs in forfeitures to the state of an amount greater than $2,500 as in other civil proceedings.

Pursuant to CCP §59.06 (a), all forfeited property is administered by the District Attorney, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the District Attorney and law enforcement agencies (LEAs). If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff. Proceeds of the sale must be distributed in accordance with CCP §59.06.

Pursuant to CCP §59.06 (b), if a local agreement exists between the District Attorney and the LEA, the District Attorney may transfer the property to the LEA. Furthermore, CCP §59.06 (c) states, if a local agreement exists between the District Attorney and the LEA, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items shall be deposited, after the deduction of court costs which the District Clerk is entitled, into one or more of the following funds: (1) a special fund in the county treasury for the benefit of the District Attorney's Office, to be used by the District Attorney solely for the official purposes of his office; or (2) a special fund in the county treasury if distributed to a county LEA, to be used solely for law enforcement purposes, such as salaries and overtime pay for officers, officer training, specialized investigative equipment and supplies, and items used by officers in direct law enforcement duties.

CCP §59.06 (d) states that awarded proceeds may be spent by a law enforcement agency after a detailed budget has been submitted to commissioners court. The Constable Precinct 3 budget for the year ended December 31, 2016 was $84,131.10 and expenditures totaled $3,626.00.

Pursuant to CCP §59.06 (d-3), an expenditure of proceeds received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of the State, including an expenditure made for: (1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment; (2) supplies, including office supplies, mobile phone and data account fees for employees, and internet services; (3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking; (4) conferences and training expenses, including fees and materials; (5) investigative costs, including payments to informants and lab expenses; (6) crime prevention and treatment programs; (7) facility costs, including building purchases, lease payments, remodeling and renovating, maintenance, and utilities; (8) witness-related costs, including travel and security; and (9) audit costs and fees, including audit preparation and professional fees.

Local Agreement Between District Attorney's Office and Constable Precinct 3

On June 2, 2015, the Hidalgo County District Attorney and the Constable Precinct 3 entered into a new local agreement pursuant to CCP §59.06 (b). According to the agreement, Constable Precinct 3 is responsible for paying all court costs, attorney ad-litem fees, depositions, title searches, title policies, confidential informants, storage costs, and all other related costs in the forfeiture of real estate, currency, banking accounts and negotiable instruments.

Personal Property (Vehicles, laptops, computers, cell phones, weapons, etc...)- If personal property, including vehicles retained by the Constable are to be sold, net proceeds from the sale of said property, after deduction of costs, are to be divided as follows: 75% to Constable Precinct 3 and 25% to the District Attorney.

If personal property, including vehicles that are retained by the Constable for law enforcement purposes are at any time decommissioned and then sold, net proceeds from the sale of said property, after deduction of costs, are to be divided as follows: 75% to Constable Precinct 3 and 25% to the District Attorney.

All property seized, except for currency, bank accounts, negotiable instruments, and jewelry, shall be kept in the possession of the Constable. The Constable shall account for all seized property in his possession until the property is disposed of by court order.

All other personal property, not suitable or desired for use, shall be forfeited to the District Attorney and sold at public auction. The net proceeds of said sale of said property, after deductions of sale expenses, shall be divided as follows: 60% to the Constable Precinct 3 and 40% to the District Attorney.

Real Estate- Upon the sale of real estate, all costs are to be paid from the final sum received, with the remaining amount to be paid according to the percentages listed under "currency" below.

Proceeds from the sale of real, personal, tangible, or intangible property subject to the agreement shall be apportioned within thirty (30) days of said sale.

Currency- disbursed and divided as follows, after the payment of court costs:

Amount	Constable Precinct 3	District Attorney's Office
Over $50,000.00	70%	30%
Less than $50,000.00	60%	40%

Jewelry will be sold and its proceeds divided as follows: 60% to Constable Precinct 3 and 40% to the District Attorney.

Constable Precinct 3 Procedures
The Constable Precinct 3 Office has not implemented formal procedures for the seizure and forfeiture of currency and property.

Agreement for Auctioneer Services
On April 28, 2015, the Hidalgo County Commissioners Court entered into a contract with Rod Robertson Enterprise, Inc. for the provision of auctioneer and storage services. The contract was effective May 3, 2015 May 2, 2016. The County may elect to extend the term of the contract for an additional two one year terms.

On April 19, 2016, Hidalgo County Commissioners Court approved a one year extension with Rod Robertson Enterprise, Inc. The extension is effective May 3, 2016 to May 2, 2017. The contract stipulates that with respect to any property seized by any law enforcement agency of Hidalgo County, or any cooperative agency of which Hidalgo County is party, the auctioneer agrees to store such property for Hidalgo County for the period prior to any sale being conducted.

Scope and Methodology:
The scope of our audit was limited to a review of all seized currency and personal property for which an agent's affidavit was made available to the County Auditor's Office for review and all forfeited currency and personal property for which a final judgment was rendered and recorded in *Odyssey*, the County's justice information system, for the period of January 1, 2016 through December 31, 2016.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

In planning and performing our review, we reviewed applicable statutes, policies and procedures, and applicable local agreements. The following procedures were performed:

1. Compared Chapter 59 revenue and expenditure reports generated from *alio*, the County's financial accounting system, and the "Purchasing Department/Fixed Asset Division Auction Report" to Constable Precinct 3's Chapter 59 Asset Forfeiture Report to determine if all revenues and expenditures were reported;
2. Generated "Cases filed" and "Cases disposed" index reports for the period of January 1, 2016 to December 31, 2016 from *Odyssey* to determine if all seized, forfeited, and property returned to respondents was reported on Constable Precinct 3's Chapter 59 Asset Forfeiture Report;
3. Reviewed expenditures from the Constable Precinct 3 Chapter 59 Fund to determine if expenses were for law enforcement purposes pursuant to CCP §59.06 (c);
4. Selected 2 vehicles, seized and forfeited from prior years and not sold, as of the year ended December 31, 2016 for physical identification.

5. Reviewed revenue reports generated from *alio* and the "Purchasing Department/Fixed Asset Division Auction Report" to determine if auction proceeds, if any, were disbursed to Constable Precinct 3 and apportioned within 30 days of said sale pursuant to the local agreement in place.
6. Verified on *Odyssey* if court costs were paid to the District Clerk for forfeitures to the state of an amount greater than $ 2,500.00.
7. Requested to review written policies and procedures for the proper accounting and reporting of seizures and forfeitures. In addition, inquired whether seizures were promptly recorded and controlled by using pre-numbered official receipt forms.

Conclusion:

Based on the results of our audit, we have determined that generally Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported; however, improvements could be made to the system of internal controls for the accounting and reporting of Chapter 59 seizures, forfeitures, receipts, and expenditures. More specifically, the following was noted:

1. All Chapter 59 revenues and expenditures recorded in *alio* and the "Purchasing Department/Fixed Asset Division Auction Report," were properly reported on the Chapter 59 Asset Forfeiture Report.
2. A review of the "Cases filed" and "Cases disposed" index reports generated from *Odyssey* for the period of review revealed that there were no seizures or forfeitures during the period in review.
3. All expenditures from Constable Precinct 3 Chapter 59 Forfeiture Fund were incurred for law enforcement purposes pursuant to CCP §59.06 (c).
4. Two vehicles seized and/or forfeited in prior years but not sold during the period were physically identified.
5. There were no auction proceeds generated during the period.
6. There were no cases that generated auction proceeds greater than $2,500; therefore, no court costs were due to the District Clerk.
7. Formal policies and procedures have not been developed and implemented by the Constable Precinct 3 regarding Chapter 59 seizures, forfeitures, receipts, and expenditures. In addition, pre-numbered official receipt forms were not utilized to record and control seizures.

Recommendation:

Management should develop and implement formal policies and procedures for the proper accounting and reporting of Chapter 59 seizures, forfeitures, receipts, and expenditures. In addition, management should ensure that seizures are recorded and controlled by using pre-numbered forms. The forms should require the signature of the agent counting and witness verifying the seizure. In addition, the respondent's signature, if possible, should be obtained and documented on the receipt form.

Please provide a management response to finding 7 noted in the conclusion section of the report and the recommendation noted above by March 31, 2017. Your prompt response will be greatly appreciated.

If you have any questions or would like to schedule a meeting to discuss the above noted recommendations, please call Letty Chavez, Compliance Audit Supervisor, at 318-2511 ext.4651, Arcy B. Re: Audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency
For the Year Ended December 31, 2016
Audit No. 2017-08

Dear Constable Gaitan:

We have completed an audit of the Chapter 59 Asset Forfeiture Audit Report by Law Enforcement Agency for the Year Ended December 31, 2016 pursuant to Code of Criminal Procedure §59.06 (g)(1), Local Government Code §115.001, Local Government Code §115.0035, and our annual audit plan. The objective of the audit was to determine if Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported.

Background:
Code of Criminal Procedure (CCP) Chapter 59 "Forfeiture of Contraband" provides the Constable with the authority to confiscate, forfeit, and dispose of contraband. Chapter 59 defines "contraband" as property of any nature (including real, personal, tangible, or intangible property) that is used or intended for use in the commission of certain enumerated felonies, Class A and Class B misdemeanors, or gained, acquired, and/or used to facilitate the commission of certain enumerated felonies and misdemeanors.

Local Government Code (LGC) §115.0035(b) provides that "at least once each county fiscal year, or more often if the county auditor desires, the auditor shall, without advance notice, fully examine the accounts of all precinct, county and district officials." LGC §115.0035(a) defines "accounts" as all public funds that are subject to the control of any precinct, county or district official, including the accounts of law enforcement agencies and the attorney for the state composed of money and proceeds of property seized.

For the year ended December 31, 2016, Constable Precinct 4 did not have any cash seizures; however, 93 motor vehicles were seized and 84 motor vehicles were forfeited to the Constable. In addition, 13 vehicles were returned to respondents during the period of review.

Pursuant to CCP §59.03 (c), a peace officer having custody of property must provide to the District Attorney a sworn statement that contains a schedule of the property seized, an acknowledgment that the officer has seized the property, and a list of the officer's reasons for the seizure. In addition, "not later than 72 hours after the seizure, the peace officer shall: (1) place the property under seal; (2) remove the property to a place ordered by the court; or (3) require a law enforcement agency of the state or a political subdivision to take custody of the property and move it to a proper location."

Pursuant to CCP §59.04 (a) & (b), the District Attorney must commence forfeiture proceedings by filing a notice of the seizure and intended forfeiture (petition) with the District Clerk's Office not later than the 30th day after the date of the seizure.

Pursuant to CCP §59.05 (b) & (e), forfeiture proceedings are conducted in accordance with rules and principles governing civil cases. If the court finds that the state has proven by a preponderance of the evidence that all or part

of the seized property is subject to forfeiture, the judge shall forfeit the property to the state. Pursuant to CCP §59.06 (f), a final judgment of forfeiture perfects the state's title to the forfeited property.

Pursuant to CCP §59.05 (f), the District Clerk is entitled to court costs in forfeitures to the state of an amount greater than $2,500 as in other civil proceedings.

Pursuant to CCP §59.06 (a), all forfeited property is administered by the District Attorney, acting as the agent of the state, in accordance with accepted accounting practices and with the provisions of any local agreement entered into between the District Attorney and law enforcement agencies (LEAs). If a local agreement has not been executed, the property shall be sold on the 75th day after the date of the final judgment of forfeiture at public auction under the direction of the county sheriff. Proceeds of the sale must be distributed in accordance with CCP §59.06.

Pursuant to CCP §59.06 (b), if a local agreement exists between the District Attorney and the LEA, the District Attorney may transfer the property to the LEA. Furthermore, CCP § 59.06 (c) states, if a local agreement exists between the District Attorney and the LEA, all money, securities, negotiable instruments, stocks or bonds, or things of value, or proceeds from the sale of those items shall be deposited, after the deduction of court costs which the District Clerk is entitled, into one or more of the following funds: (1) a special fund in the county treasury for the benefit of the District Attorney's Office, to be used by the District Attorney solely for the official purposes of his office; or (2) a special fund in the county treasury if distributed to a county LEA, to be used solely for law enforcement purposes, such as salaries and overtime pay for officers, officer training, specialized investigative equipment and supplies, and items used by officers in direct law enforcement duties.

CCP §59.06 (d) states that awarded proceeds may be spent by a law enforcement agency after a detailed budget has been submitted to commissioners court. The Constable Precinct 4 Chapter 59 budget for the year ended December 31, 2016 was $11,770.79 and expenditures totaled $264.80.

Pursuant to CCP §59.06 (d-3), an expenditure of proceeds received under this chapter is considered to be for a law enforcement purpose if the expenditure is made for an activity of a law enforcement agency that relates to the criminal and civil enforcement of the laws of the State, including an expenditure made for: (1) equipment, including vehicles, computers, firearms, protective body armor, furniture, software, uniforms, and maintenance equipment; (2) supplies, including office supplies, mobile phone and data account fees for employees, and internet services; (3) investigative and training-related travel expenses, including payment for hotel rooms, airfare, meals, rental of and fuel for a motor vehicle, and parking; (4) conferences and training expenses, including fees and materials; (5) investigative costs, including payments to informants and lab expenses; (6) crime prevention and treatment programs; (7) facility costs, including building purchases, lease payments, remodeling and renovating, maintenance, and utilities; (8) witness-related costs, including travel and security; and (9) audit costs and fees, including audit preparation and professional fees.

Local Agreement Between District Attorney's Office and Constable Precinct 4

On May 20, 2015, the Hidalgo County District Attorney and the Constable Precinct 4 entered into a new local agreement pursuant to CCP §59.06 (b). According to the agreement, Constable Precinct 4 is responsible for paying all court costs, attorney ad litem fees, depositions, title searches, title policies, confidential informants, storage costs, and all other related costs in the forfeiture of vehicles and all other personal property, as outlined below.

Personal Property (Vehicles, laptops, computers, cell phones, weapons, etc...)- If personal property, including vehicles retained by Constable Precinct 4 are to be sold, net proceeds from the sale of said property, after deduction of costs, is to be divided 75% to Constable Precinct 4 and 25% to the District Attorney.

If personal property, including vehicles that are retained by Constable Precinct 4 for law enforcement purposes are at any time decommissioned and then sold, net proceeds from the sale of said property, after deduction of costs above described, is to be divided as follows: 75% to Constable Precinct 4 and 25% to the District Attorney.

All property seized, except for currency, bank accounts, negotiable instruments, and jewelry, shall be kept in the possession of the Constable. The Constable shall account for all seized property in his possession until the property is disposed of by court order.

All other personal property, not suitable or desired for use, shall be forfeited to the District Attorney and sold at public auction. The net proceeds of said sale of said property, after deductions of sale expenses, shall be divided as follows: 60% to Constable Precinct 4 and 40% to the District Attorney.

Real Estate- Upon the sale of real estate, all costs are to be paid from the final sum received, with the remaining amount to be paid according to the percentages listed under "currency" below.

Proceeds from the sale of real, personal, tangible, or intangible property subject to the agreement shall be apportioned within thirty (30) days of said sale.

Currency- disbursed and divided as follows, after the payment of court costs:

Amount	Constable Precinct 4	District Attorney's Office
Over $50,000	70%	30%
Less than $50,000	60%	40%

Jewelry will be sold and its proceeds divided as follows: 60% to Constable Precinct 4 and 40% to the District Attorney.

Constable Precinct 4 Procedures

The Constable Precinct 4 Office has formal procedures for the seizure and forfeiture of personal property; however, formal policies and procedures to provide direction and reference to officers seizing cash have not been established.

Deputy Constables are required to call Robertson's Towing to tow and store vehicles and/or property pending forfeiture proceedings. Before releasing vehicle(s) and or property to Robertson's Towing, Deputy Constables conduct a full inspection and inventory of the seized vehicle(s) and/or property. Deputy Constables are required to include photographs with seizure documents.

The following documents must be turned in to the District Attorney's Office before the 30 day after the date of the offense: Asset Forfeiture Intake Sheet; Officer Sworn Affidavit; Vehicle Registration Form; Preliminary Offense Report; Detailed Report; Complete Wrecker Inventory Form; and Intake Sheet Receipt.

A log of all seized property is kept by the Constable Precinct 4 Office. The Log will indicate the status of the property, location and condition.

The Purchasing Department is responsible for conducting the sale of assets. The Purchasing Department receives the proceeds from the sale of assets from Rod Robertson Enterprises, Inc and prepares a "Purchasing Department/Fixed Asset Division Auction Report" that details the manner in which the auction proceeds will be distributed. The proceeds are then deposited with the Hidalgo County Treasurer.

Agreement for Auctioneer Services

On April 28, 2015, the Hidalgo County Commissioners Court entered into a contract with Rod Robertson Enterprise, Inc. for the provision of auctioneer and storage services. The contract was effective May 3, 2015 to May 2, 2016 and included the option to extend the term of the contract for an additional two one year terms.

On April 19, 2016, Hidalgo County Commissioners Court approved a one year extension with Rod Robertson Enterprise, Inc. The extension is effective from May 3, 2016 to May 2, 2017. The contract stipulates that with respect to any property seized by any law enforcement agency of Hidalgo County, or any cooperative agency of which Hidalgo County is party, the auctioneer agrees to store such property for Hidalgo County for the period prior to any sale being conducted.

Scope and Methodology:

The scope of our audit was limited to a review of all seized currency and personal property for which an agent's affidavit was made available to the County Auditor's Office for review and all forfeited currency and personal property for which a final judgment was rendered and recorded in *Odyssey*, the County's justice information system, for the period of January 1, 2016 through December 31, 2016.

Our review was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvements could be made. The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

In planning and performing our review, we reviewed applicable statutes, policies and procedures, and the applicable local agreement. The following procedures were performed:

1. Compared Chapter 59 revenue and expenditure reports generated from *alio,* the County's financial accounting system, and the "Purchasing Department/Fixed Asset Division Auction Report," to Constable Precinct 4's Chapter 59 Asset Forfeiture Report to determine if all Chapter 59 revenues and expenditures were reported;
2. Generated "Cases filed" and "Cases disposed" index reports for the period of January 1, 2016 to December 31, 2016 from *Odyssey* to determine if all seized, forfeited, and property returned to respondents was reported on Constable Precinct 4's Chapter 59 Asset Forfeiture Report;
3. Reviewed expenditures from the Constable Precinct 4 Chapter 59 Forfeiture Fund to determine if expenditures were incurred for law enforcement purposes pursuant to CCP §59.06 (c);
4. Selected 77 vehicles (including those vehicles seized and forfeited from prior years) as of the year ended December 31, 2016 for physical identification.
5. Reviewed revenue reports generated from *alio* and the "Purchasing Department/Fixed Asset Division Auction Report" to determine if auction proceeds were disbursed to Constable Precinct 4 and the District Attorney's Office and apportioned to the Constable Precinct 4 Chapter 59 Forfeiture Fund within 30 days of said sale pursuant to the local agreement in place.
6. Verified on *Odyssey* if court costs were paid to the District Clerk for forfeitures to the state of an amount greater than $2,500.00.
7. Requested to review written policies and procedures for the proper accounting and reporting of seizures and forfeitures. In addition, inquired whether seizures were promptly recorded and controlled by using pre-numbered official receipt forms.

Conclusion:

Based on the results of our audit, we have determined that generally Chapter 59 seizures, forfeitures, receipts, and expenditures were properly accounted and reported; however, improvements could be made to the system of internal controls for the accounting and reporting of Chapter 59 seizures, forfeitures, receipts, and expenditures. More specifically, the following was noted:

1. All Chapter 59 revenues and expenditures recorded in *alio* and the "Purchasing Department/Fixed Asset Division Auction Reports," were reported on the Chapter 59 Asset Forfeiture Report.
2. A review of the "Cases filed" and "Cases disposed" index reports generated from *Odyssey* for the period of review revealed that there were 93 vehicles seized, 84 vehicles forfeited, and 13 vehicle returned to respondents. All items were properly reported on the Chapter 59 Asset Forfeiture Report.
3. All expenditures from the Constable Precinct 4 Chapter 59 Forfeiture Fund were incurred for law enforcement purposes pursuant to CCP §59.06 (c).
4. All 77 vehicles selected were physically identified.
5. Auction proceeds totaling $98,529.00 were generated from the sale of 85 vehicles forfeited to Constable Precinct 4 (69 forfeited during the period of review and 16 forfeited in prior years). Auctions were held in March, June, September, and December as follows:
   - March, September, and December auction proceeds were apportioned to the Constable Precinct 4 Chapter 59 Forfeiture Fund within 30 days of said sale; however, the proceeds were not distributed pursuant to the local agreement. The proceeds were distributed 100% to Constable Precinct 4 instead of 75% to Constable Precinct 4 and 25% to the District Attorney. The distribution percentages were corrected by the Auditor's Office.
   - June auction proceeds were not apportioned to the Constable Precinct 4 Chapter 59 Forfeiture Fund within 30 days of said sale. The auction proceeds were apportioned pursuant to the local agreement.
6. There were 68 cases related to 86 vehicles sold during the period in review. 18 vehicles for 10 cases sold for more than $2,500. The court costs were not paid to the District Clerk. According to staff, the court costs will be paid in 2017.
7. Formal policies and procedures have been developed and implemented by the Constable Precinct 4 Office regarding Chapter 59 seizures and forfeitures of personal property; however, formal policies and procedures to provide direction and reference to officers seizing cash have not been established. According to the Constable Precinct 4 Office, cash has not been seized by their office. In addition, pre-numbered official receipt forms were not utilized to record and control seizures.

Recommendations:
In our opinion, the issues identified during our review could be addressed by:

1. Coordinating with the Purchasing Department to ensure that the proceeds from the sale of assets are apportioned to the Constable Precinct 4 Chapter 59 Forfeiture Fund within 30 days of sale and disbursed in accordance with the local agreement.
2. Ensuring that court costs are paid to the District Clerk for forfeitures to the state of an amount greater than $2,500.00.
3. Developing and implementing formal monitoring procedures to provide direction and reference to officers seizing cash. In addition, ensure that seizures are recorded and controlled by using pre-numbered forms. The forms should require the signature of the agent counting and witness verifying the seizure. In addition, the respondent's signature, if possible, should be obtained and documented on the receipt form.

Please provide management responses to finding 5 through 7 noted in the conclusion section and the recommendations noted above by April 24, 2017. Your prompt response will be greatly appreciated.

If you have any questions or would like to schedule a meeting to discuss the above noted recommendations, please call Vivian Garza, Internal Auditor I, at 318-2511 ext. 4654, Letty Chavez, Compliance Audit Supervisor, at ext.4651, Arcy B. Ref: Audit of Selected Contracts
Audit No. 2016-38

Dear Ms. Salazar:

We conducted a limited scope audit of selected contracts pursuant to Local Government Code §115.001. The objective of the audit was to determine compliance with conflict of interest requirements under the following:

1. Local Government Code § 171.004 regarding the filing of an affidavit disclosing the nature and extent of a substantial interest by a public official in a business entity;
2. Local Government Code § 176.003 regarding the filing by a public official of Form CIS "Local Government Officer Conflicts Disclosure Statement"; and
3. Local Government Code § 176.006 regarding the filing by a vendor of Form CIQ "Conflict of Interest Questionnaire."

This review was prompted by concerns of possible non-compliance with the above stated statutes in the awarding of contracts.

Background:

On May 3, 1988, the Purchasing Department was created by the Hidalgo County Commissioners Court pursuant to the provisions of Texas Local Government Code § 262.0115. As a result, the Commissioners Court appointed a Purchasing Agent to coordinate the purchases made by the County. The Purchasing Agent serves at the pleasure of the Commissioners Court and is authorized by statute to make all purchases not subject to competitive bidding requirements, supervise the competitive bidding process, and receive and deliver materials purchased in accordance with contracts awarded by bids.

Affidavit

Pursuant to Local Government Code § 171.002 (a), a person has a substantial interest in a business entity if:

(1) the person owns 10 percent or more of the voting stock or shares of the business entity or owns either 10 percent or more or $15,000 or more of the fair market value of the business entity; or

(2) funds received by the person from the business entity exceed 10 percent of the person's gross income for the previous year.

(b) A person has a substantial interest in real property if the interest is an equitable or legal ownership with a fair market value of $2,500 or more.

(c) A local public official is considered to have a substantial interest under this section if a person related to the official in the first degree by consanguinity or affinity, as determined under Chapter 573, Government Code, has a substantial interest under this section.

Pursuant to Local Government Code § 171.004 (a), if a local public official has a substantial interest in a business entity, the official shall file, before a vote or decision on any matter involving the business entity, an affidavit stating the nature and extent of the interest and shall abstain from further participation in the matter.

Hidalgo County has developed an affidavit that is used for compliance with Local Government Code § 176.004 (a). An affidavit is provided by the Commissioners Court Administrator to a member of the governing body when a conflict of interest arises. The affidavit states the elected official's name and their position with the County. The affidavit requires the elected official to state the agenda item they have a substantial interest with and how their substantial interest arises. The affidavit must be signed by the elected official and notary public. After the affidavit is signed, the affidavit is filed with the County Clerk's Office.

Conflict Disclosure Statement (CIS)
Pursuant to Local Government Code § 176.001 (4), local government officer means:

(A) a member of the governing body of a local governmental entity;
(B) a director, superintendent, administrator, president, or other person designated as the executive officer of a local governmental entity; or
(C) an agent of a local governmental entity who exercises discretion in the planning, recommending, selecting, or contracting of a vendor.

Pursuant to Local Government Code § 176.003 (a), a local government officer shall file a conflict of interest disclosure statement with respect to a vendor if:

(1) the vendor enters into a contract with the local governmental entity or the local governmental entity is considering entering into a contract with the vendor; and
(2) the vendor:
  (A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that:
    (i) a contract between the local governmental entity and vendor has been executed; or
    (ii) the local governmental entity is considering entering into a contract with the vendor;
  (B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:
    (i) a contract between the local governmental entity and vendor has been executed; or
    (ii) the local governmental entity is considering entering into a contract with the vendor; or
  (C) has a family relationship with the local government officer.

Pursuant to Local Government Code § 176.003 (b), a local government officer shall file the conflicts disclosure statement with the records administrator of the local governmental entity not later than 5 p.m. on the seventh business day after the date on which the officer becomes aware of the facts that require the filing of the statement under Subsection (a). A local government officer commits an offense if the officer knowingly violates Local Government Code § 176.003. An offense under this section is a misdemeanor.

The Texas Ethics Commission has developed Form CIS "Local Government Officer Conflicts Disclosure Statement" for compliance with Local Government Code § 176.003 (b).

Conflict of Interest Questionnaire (CIQ)
Pursuant to Local Government Code § 176.006 (a), a vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:
  (1) The date that the vendor:
    (A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) The date the vendor becomes aware:
(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);
(B) that the vendor has given one or more gifts described by Subsection (a); or
(C) of a family relationship with a local government officer.

The Texas Ethics Commission has developed Form CIQ "Conflict of Interest Questionnaire" for compliance with Local Government Code Section 176.006. The form requires the vendor to list the name of the person who has a business relationship with the local governmental entity and the name of local government officer with whom filer has employment or business relationship. As part of the procurement bid package, the Hidalgo County Purchasing Department provides all vendors a "Conflict of Interest Questionnaire."

SCOPE AND METHODOLOGY

The scope of the audit was limited to a review of selected contracts awarded by Hidalgo County Commissioners Court during the period of January 1, 2011 through March 31, 2016. Our audit was not designed nor intended to be a detailed study of every relevant control system, procedure, or transaction. Accordingly, the opportunities for improvement presented in this report may not be all-inclusive of areas where improvement could be made.

The responsibility for establishing and maintaining a sound internal control system rests with management. The objectives of an internal control system are to provide management with reasonable, but not absolute, assurance that

assets are safeguarded against loss from unauthorized use or theft, and that transactions are executed in accordance with management's authorization and recorded properly.

In planning and performing our audit, we reviewed applicable state statutes, Commissioners Court minutes, and copies of selected contracts to determine if:

- Pursuant to Local Government Code § 171.004, an affidavit was filed by the public official disclosing the nature and extent of substantial interests with the business entity, if applicable;
- Pursuant to Local Government Code § 176.003, Form CIS "Local Government Officer Conflicts Disclosure Statement" was filed by the government officer; and
- Pursuant to Local Government Code § 176.006, Form CIQ "Conflict of Interest Questionnaire" was filed by the vendor.

Conclusion:
Based on the results of the audit, we determined that monitoring procedures were not in place to ensure compliance with Local Government Code § 171.004, § 176.003, and § 176.006. In addition, we noted non-compliance with Local Government Code § 176.003 since Form CIS "Local Government Officer Conflicts Disclosure Statement" was not filed by several the local government officers on various contracts that required Form CIS to be filed.

Failure to comply with the conflict of interest requirements under Local Government Code § 176.003 (local government officer) and § 176.006 (vendor) is considered a misdemeanor offense pursuant to Local Government Code § 176.013. In addition, failure to ensure that contracts comply with state statutes regarding conflicts of interest increases the risk of loss or misuse of County funds.

More specifically, the following was noted:

- We reviewed the 16 contracts for compliance with Local Government Code § 171.004. The following was noted:
  - 2 contracts with OG Construction required an affidavit to be filed by the public official disclosing the nature and extent of substantial interests with the business entity. An affidavit stating the nature and extent of the interest was filed for the 2 contracts with OG Construction by the local public official as prescribed by Local Government Code § 171.004 (a). In addition, the local public official abstained from further participation in the matter related to the 2 contracts.
  - For the 4 contracts with Le Fevre Engineering & Management Consultants, we could not determine if an affidavit was required to be filed as prescribed in Local Government Code § 171.004. We were not able to determine if the amount of the loan received by the public official constituted a substantial interest pursuant to Local Government Code § 171.002. An affidavit was not filed for the 4 contracts with Le Fevre Engineering & Management Consultants. In addition, the local public official did not abstain from further participation in the matter related to the 4 contracts.
  - For the remaining 10 contracts, the persons with the potential conflict did not exercise responsibilities beyond those that are advisory in nature and therefore an affidavit was not required.
- We reviewed the 16 contracts for compliance with Local Government Code § 176.003. The following was noted:
  - The following 10 contracts required Form CIS "Local Government Officer Conflicts Disclosure Statement" to be filed:
    - 1 contract with Linebarger Goggan Blair & Sampson, LLP with respect to the Purchasing Agent;
    - 2 contracts with Appraisal Haus with respect to the Purchasing Agent;
    - 1 contract with L&G Consulting Engineers dated September 29, 2015 with respect to Precinct 2 Chief Administrator;
    - 2 contracts with OG Construction with respect to the County Judge; and
    - 4 contracts with Le Fevre Engineering & Management Consultants with respect to former Commissioner Precinct 1.

A Form CIS was not filed for any of the 10 contracts. According to the Purchasing Department's staff, the Purchasing Department was not aware that the local government officer was required to submit Form CIS.

- For the following 6 contracts, we were not able to determine if a conflict of interest existed with a local government official:
  - 2 contracts with Alamo Insurance Group.
  - 4 contracts with L&G Consulting Engineers dated March 3, 2015; March 17, 2015; April 14, 2015; and September 1, 2015. These contracts were not graded or evaluated by the Precinct 2 Chief Administrator.

  Form CIS was not filed for any of the 6 contracts by the local government officer.

- We reviewed the 16 contracts for compliance with Local Government Code § 176.006. The following was noted:
  - 10 contracts required Form CIQ "Conflict of Interest Questionnaire" to be filed by the vendor, as follows:
    - 1 contract with Linebarger Goggan Blair & Sampson, LLP;
    - 2 contracts with Appraisal Haus;
    - 1 contract with L&G Consulting Engineers dated September 29, 2015;
    - 2 contracts with OG Construction;
    - 4 contracts with Le Fevre Engineering & Management;

    Of the 10 contracts, the required CIQ Forms were filed by the vendors. More specifically the following was noted:
    - 1 Form CIQ was filed by Linebarger Goggan Blair & Sampson, LLP with their proposal. The form disclosed the name of the local government officer who has a family relationship with the vendor.
    - 2 Form CIQs were filed by Appraisal Haus with their proposals. Form CIQ submitted for contract dated March 11, 2014 did not disclose the name of the local government officer whom the person has a family relationship. A properly completed Form CIQ was subsequently re-filed. Form CIQ submitted for contract dated July 21, 2015 disclosed the name of the local government officer whom the person has a family relationship.
    - 1 Form CIQ was filed by L&G Consulting Engineers with the submission of the RFQ for the pool of engineers. A new Form CIQ was not filed at the time the September 29, 2015 contract was negotiated.
    - 2 Forms CIQs were filed by OG Construction with their proposals. The forms disclosed the name of the local government officer who has a family relationship with the vendor.
    - 2 Forms CIQs were filed by Le Fevre Engineering & Management with the submission of the 2013 and 2014 RFQ pool of engineers. Two CIQ Forms were not filed as the CIQ Forms filed in response to the 2013 and 2014 RFQ satisfied the requirements for the 4 contracts. The forms did not disclose the name of the person who has a business relationship with the local government entity.

- For the following 6 contracts, we were not able to determine if a conflict of interest existed with a local government official:
  - 2 contracts with Alamo Insurance Group.
  - 4 contracts with L&G Consulting Engineers dated March 3, 2015; March 17, 2015; April 14, 2015; and September 1, 2015. These contracts were not graded or evaluated by the Precinct 2 Chief Administrator.

  Forms CIQ were filed by the vendors; however, the forms did not disclose the name of the person who has a business relationship with the local government entity or the name of the local government officer whom the person has a family relationship.

Recommendations:

We recommend that the Hidalgo County Purchasing Agent establish and implement formal monitoring procedures to ensure compliance with Local Government Code § 171.004, § 176.003, and § 176.006. At a minimum, the procedures should include the following requirements:

- An affidavit and Form CIS is filed by the local public official/local government officer, when applicable, at the time the contract is awarded. A copy of the forms should be maintained on file.
- Form CIQ is properly completed and submitted by the vendor, even if there is no conflict of interest at the time the contract is awarded. A copy of the form should be maintained on file.
- Provide notification to vendors that Form CIQ needs to be updated when a conflict arises that was not previously disclosed.

The issues identified during our audit will be referred to the Hidalgo County Criminal District Attorney's Office for further review.

The Honorable Ramon Garcia
Hidalgo County Commissioners
Edinburg, Texas 78539

Re: See attached list

Gentlemen:

The Hidalgo County Appraisal District has made a correction to the tax roll as allowed by Property Tax Code Section 26.15. This correction decreased the tax liability of the property owner(s). Since taxes had been previously paid, our office determined that the tax roll correction resulted in a tax refund over $2,500.00 dollars due to the taxpayer(s). The County Auditor has also agreed with our determination. As a result, I respectfully request that the Commissioner's Court approve the enclosed application(s) for a tax refund as recommended by the County Auditor.

When completed, please return the attached to our office. Thank you for your assistance in this matter.

Respectfully,

Pablo (Paul) Villarreal Jr.

Re: See attached list

Gentlemen:

The Hidalgo County Appraisal District has made a correction to the tax roll as allowed by Property Tax Code Section 26.15. This correction decreased the tax liability of the property owner(s). Since taxes had been previously paid, our office determined that the tax roll correction resulted in a tax refund over $2,500.00 dollars due to the taxpayer(s). The County Auditor has also agreed with our determination. As a result, I respectfully request that the Commissioner's Court approve the enclosed application(s) for a tax refund as recommended by the County Auditor.

When completed, please return the attached to our office. Thank you for your assistance in this matter.
