Good morning, Jorge:

I received final confirmation this morning from our ROW Section. TxDOT has completed the courtesy review of the work authorization and it is acceptable. The attached email from Norma to Darlene Betancourt serves as further confirmation.

Please contact me if you have questions.

Respectfully,
Mike

Mike,

Good morning, as discussed previously, you've verbally approved the work authorization for Right of Way acquisition as it pertains to the Mile 6 project. Attached is Exhibit B with the revision so that you may replace in its entirety. We look forward to Tx-DOT correspondence and thank you for all the assistance.

Best regards,

Jorge Pena

Mike,

As requested, attached are the documents needed. Please contact me if you have additional question.

Thank you,

Jorge Peña

Darlene,

My staff and I are currently in route to Laredo for a training and will not be back to the office until tomorrow.

But, as we discuss we are providing a review to verify that the acquisition consultant is following the proper requirements and regulations. We have completed our review, and it is acceptable. The executed AFA is to reimburse the County for the land acquisition and associated fees, not the acquisition services by L&G.

Let me know if you have any other questions.

Good Morning Norma,

To recap our telephone conversation, late afternoon yesterday regarding the status of the L & G Consulting Engineering Work Authorization for above-referenced project, whereby you advised TXDOT review has been completed and approved in order to allow the County to proceed with our routine protocols regarding these matters.

As you explained, the portion to be reimbursed by TXDOT to Hidalgo County will be the acquisition of the right of way, and not the Professional Services as related to this particular phase of the project.

Upon submitting final written approval, may you provide a copy to our office for your files.

Thank you once again for your continued cooperation with Hidalgo County and have a great week.
