III. BACKGROUND

A. The City Council of the City on October 15, 2013, expressed the City's intent to create a tax increment financing reinvestment zone by approving a resolution to support revitalization activities for the Zone, by entering an "Agreement For Services" with TIF Service of South Texas. On November 19, 2013, the City Council of the City passed and approved Ordinance 2013-3687, which created the Zone and Ordinance 2013-3693 appointing a board of Directors for the Zone. The Zone will provide funding for public improvements within the Zone. The Zone is projected to terminate on December 31, 2045, unless earlier termination occurs under this Agreement (the "term of the Zone"), but the County's participation in the Zone, including all obligations of the County to make Tax Increment Payments will be construed as if the term of the Zone ended on December 31, 2045.

B. The City approved the Project Plan on March 3, 2015. The City and the County agree to participate in the Zone and to deposit their respective Tax Increment Payments to the Tax Increment Fund, in accordance with the terms, and in consideration for the agreements, set forth herein. The Tax Increment Fund was authorized by Ordinance No. 2013-3687 attached hereto as Exhibit "B." The County hereby acknowledges receipt of notice of the initial creation of the Zone. The City represents and warrants that it complied with all legal requirements and notice requirements in the creation of the Zone.

C. The Parties hereto agree that, other than bonds or notes issued pursuant to §311.015 of the Texas Tax Code or other contract revenue bonds supported, in part, with tax increment revenues generated within the Zone, no tax-supported public debt instrument will be issued by the City or the Zone Board to finance any costs or improvements on the Project.

D. Based on information submitted to the County by the City and the Zone, the County has determined that pursuant to Section VI.3.a.i. of the Amended and Restated Tax Increment Reinvestment Participation Policy for Hidalgo County special circumstances exist with respect to the Project and the County in its discretion is opting to participate at 80% of the Applicable M&O Tax Rate, subject to the terms and conditions contained herein.

E. The City previously created TIRZ#1. While the Project is not within TIRZ#1, in accordance with Section 311.010(b) of the Texas Tax Code, TIRZ#1 is authorized to use tax increment revenues generated within TIRZ#1 to pay the costs of providing "areas of public assembly," such as the Project, in or out of TIRZ#1. Pursuant to authority granted in Section 311.011(e) of the Texas Tax Code, on March 3, 2015, the City Council of the City approved Ordinance No. 2015-3816 for the purpose of amending the final project and reinvestment zone financing plan related to TIRZ#1 to incorporate being able to use tax increment payments generated within TIRZ#1 to support the financing related to the Project in the Zone.

F. In addition to the Tax Increment Payments being provided by the City and the County from the Zone and TIRZ #1, there are other sources of public funds which will be provided by the City and the Edinburg Economic Development Corporation (the "EEDC") to secure financing for the Project. Those funds are detailed in a "Project Funding Agreement Relating to Edinburg Entertainment Center, expected to be dated as of March 1, 2015, by and among the City, the TIRZ #1, the Zone, the EEDC and the Corporation, and are generally described as being (i) 50% of the revenues derived by the City from the City's 1% general sales and use tax that are collected within TIRZ #1 and the Zone, (ii) a subordinate lien on all sales and use taxes received by the EEDC from the ½ of 1% economic development sales and use tax imposed by the City for the benefit of the EEDC (except for any of such sales tax revenues collected within Reinvestment Zone Number Three, City of Edinburg, Texas), and (iii) certain "Base Rental" to be received annually by the Corporation as the "Landlord" under that certain "Lease and Development Agreement" relating to the development and construction of the Project between the Issuer and Vipers Arena, LLC, a Texas limited liability company, as the "Tenant" thereunder.

IV. RIGHTS AND OBLIGATIONS OF THE COUNTY

A. Tax Increment Participation by the County

1. Subject to the limitations set out in this Agreement, the County agrees to participate in the Zone by contributing to the Tax Increment Fund an amount equal to 80% of the revenue generated from the Available M&O Tax Rate as assessed and collected on the Tax Increment for the respective tax year. The County's obligation to contribute to the Tax Increment Fund shall begin with the 2015 tax year (no tax increment shall be payable by the County for any prior tax year) and shall terminate upon the earlier to occur of (i) December 31, 2045, and (ii) the date on which all bonds issued by the City or a related entity of the City to finance the Project (including any refunding bonds related thereto) have been fully paid and are no longer outstanding.

d. Under no circumstances shall the County be required to participate in the Zone with taxes attributable to periods after 2045.

e. The City shall request collection reports from the Hidalgo County Tax Assessor Collector and provide a copy of these reports along with a payment request detailing the payment calculation as illustrated in the chart in subsection g. below to the County one month prior to a payment required to be made under this Agreement.

In addition to and as part of the City's fact sheet, the City shall supply the County with all information as required under Section 311.016 of the Texas Tax Code on or before the 90th day following the end of the fiscal year of the City.

3. The annual Captured Appraised Value for the real property contained within the Zone shall be determined by the Hidalgo County Appraisal District on the assessed appraised values and the Hidalgo County Tax Offices' verification of collections in regards to the real property contained with the Zone. If the certified taxable value changes after the initial tax increment payment has been made, the change in value will not be included in the tax payment in the upcoming years.

4. Any delinquent deposit by the County of a Tax Increment Payment under this Agreement shall be administered as provided in Sections 311.013(c) and 311.013(c-1) of the Texas Tax Code, which states as follows:

"(c) Notwithstanding any termination of the reinvestment zone under Section 311.017(a) and unless otherwise specified by an agreement between the taxing unit and the municipality or county that created the zone, a taxing unit shall make a payment required by Subsection (b) [Tax Increment Payment] not later than the 90th day after the later of:

(2) the date the municipality or county that created the zone submits to the taxing unit an invoice specifying the tax increment produced by the taxing unit and the amount the taxing unit is required to pay into the tax increment fund for the zone.

(c-1) A delinquent payment incurs a penalty of five percent of the amount delinquent and accrues interest at an annual rate of 10 percent."

The Parties expressly agree that the County shall not owe any penalty or interest on Tax Increments attributable to taxes that have been levied, but not received by the County. Further, the County shall not be liable for the payment of any penalties or interest if the fact sheet and payment request required under Section IV.B.2 and the report required under Section 31 1.016 of the Texas Tax Code are not timely submitted to the County or in any situation in which the City is not obligated to pay penalties and interest.

5. The City and the Zone agree to comply with the Project Plan. The City and the Zone agree to provide prior written notice to all Participating Taxing Entities of a proposed material change (by which is meant any change that would constitute at least a twenty percent (20%) increase or decrease in either the Project Cost or the scope and scale of the Project) to the Project Plan; provided that any change that is not approved by the County shall not change the amount of Tax Increment Payments due from the County. The City shall have the right to amend and modify the Project Plan without providing prior written notice to the Participating Taxing Entities so long as such amendment or modification does not constitute a material change.

6. If the City materially breaches this Agreement, then a Participating Taxing Entity may provide written notice to the City and the Zone (with a copy to any other Participating Taxing Entity still contributing Tax Increment Payments) stating its intent to terminate its participation in the Zone and detailing its objection(s) or concern(s). If the objections and/or concerns, as set out in the notice, are not

resolved within 90 business days from the date of such notice, then County may discontinue its Tax Increment Payments and terminate its participation in the Zone.

7. Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, the County shall not have any obligation or responsibility for any costs or expenses associated with the development of the Zone or the implementation of the Project Plan, including, without limitation, any obligation to pay or repay any bond or other debt issued by another Participating Taxing Entity, the Zone or the Zone Board relating to the Zone or any costs associated with the operation of Zone, the Project or any other projects relating thereto.

8. a. *General Provisions.* Subject to the provisions of this Agreement,, the County agrees to participate at eighty percent (80%) of the Applicable M&O Tax Rate per \$100 valuation on the Captured Appraised Value) of real property in the Zone. The City represents and warrants that none of the real property in the Zone is in the Transportation Zone.

b. *Transportation Zone Overlap.* Notwithstanding anything to the contrary contained herein, in the event any of the property within the Zone is also within the Transportation Zone, during any period with respect to which the County is obligated to pay part of the tax increment on such real property in the Zone to the Transportation Zone, in lieu of the 80% of Applicable M&O Tax Rate specified above, the County contribution to the Zone with respect to real property that is within the overlap between the Transportation Zone and the Zone shall not exceed fifty percent (50%) of the Applicable M&O Tax Rate.

c. *Greater County M&O Tax Rate.* If the County M&O Tax Rate for any given year is greater than the Applicable M&O Tax Rate per \$100 valuation on the Captured Appraised Value during any year during the term of the Zone, the County shall retain all taxes collected in excess of the Applicable M&O Tax Rate per \$100 valuation on the Captured Appraised Value and to the extent any such excess has been contributed into the Tax Increment Fund, such excess shall be promptly refunded to the County.

9. County taxes that are delinquent for more than five years will be considered uncollectible and shall not be included in the tax increment payment.

10. Upon the occurrence of any event that allows the City to terminate hereunder, the County shall have the right to withhold tax increment payments under this Agreement until such time as such event is cured, and the County shall not incur any penalties or interest with respect to any such withheld payments notwithstanding any provision herein to the contrary.

C. Management of the Zone

1. The Zone shall in all respects be managed by the Zone Board, including the Director appointed by the County. The Zone Board shall have all powers allowed under Chapter 311 of the Texas Tax Code to manage the Zone and carry out the Project and Finance Plan. The Participating Taxing Entities, during the term of this Agreement, may inspect the Project site and review Project plans and drawings at times and intervals that will not interfere with ongoing operations.

2. The Zone Board shall be composed of five (5) members, as allowed under Section 311.009(b) of the Texas Tax Code. The County shall have the right to appoint one (1) member of the Zone Board.

D. Expansion of the Zone

Notwithstanding anything to the contrary contained herein, the obligation of the County to participate in the Zone is limited to the description of the Zone in Exhibit "B" attached hereto and is subject to the terms of this Agreement. The County's participation shall not extend to the Tax Increment on any additional real property added to the Zone by the City unless the County approves such participation in writing.

B. Early Termination

Neither the City nor the Zone Board shall take any action to terminate the Zone earlier than the duration of the Zone as specified herein.

SECTION I – EXECUTIVE SUMMARY

Overview of Plan

The City of Edinburg, Texas Tax Increment Reinvestment Zone (“TIRZ”) Number Four represents an important opportunity for the City of Edinburg, Texas to promote and encourage construction of mixed use retail, entertainment, food service and hospitality facilities in areas of the City that have significant and varied impediments to development.

Large and small tracts of land in and around the city have remained vacant or underdeveloped and are in need of development or redevelopment due to inadequate city street infrastructure, substandard streets, lack of adequate parking, and drainage issues. The costs associated with the remediation of development and redevelopment issues are of a magnitude that without additional sources of funds the growth of the city will be significantly impaired.

The creation of the TIRZ will provide the following benefits:

1. Funding for necessary public improvements associated with needed development in the city.
2. Replace lower value existing land uses with high value entertainment, retail, food service and hospitality facilities
3. Offer employment opportunities for Edinburg, Texas and Hidalgo County residents.
4. Help to balance economic growth in Hidalgo County.
5. Provide a more efficient use of existing city and county services and infrastructure.

The proposed TIRZ is comprised of vacant land along Hwy 281 in the City of Edinburg, Texas.

Development Goals and Objectives

The development goals and objectives, which are expected to meet the specific needs of the City of Edinburg, Texas TIRZ District, are:

- Provide retail, entertainment, hospitality and food service opportunities for developers and companies seeking commercial building sites.
- Provide for new commercial and residential opportunities through the upgrading of Alberta Road and Tres Hermanos Road.
- Provide employment opportunities to service increasing population growth within the City of Edinburg, Texas and surrounding Hidalgo County.

The City of Edinburg, Texas TIRZ District Project Plan and Reinvestment Zone Financing Plan provides a long term program to increase business opportunities and population within the District, using tax increment financing to fund required public improvements. This long-term program is expected to attract additional commercial and residential development to include affordable and market rate housing.

Planned Private Development

The City of Edinburg, Texas TIRZ Development Program includes;

2014	15,528,281	Wal Mart
2015	\$10,000,000	HEB
2015	\$55,000,000	Arena
2015	\$1,200,000	Wal Mart Pad Sites TBB
2016	\$3,540,000	Arena Pad Sites TBB
2017	\$3,540,000	Arena Pad Sites TBB

The total private investment is expected to be in excess of \$ 88,808,281.

The projected values of future commercial development is based upon an analysis of the impact of the construction of Wal-Mart, the Arena and a future HEB.

Consideration has also been given to visits to the City from third party developers looking at commercial sites and enquiring about the availability of sewer, water and the location of other utilities.

Planned Public Improvements

The public improvements enumerated in the Project Plan, with an estimated cost of \$55,319,476.00 provide for the sewer system enhancements, funds for street reconstruction and utility relocation, and new municipal facilities. The public improvements planned for the City of the Edinburg, Texas district are designed to help meet the long-term needs to secure and insure growth and investment in the City and Hidalgo County.

Planned Public Construction

The City of Edinburg, Texas TIRZ Development Program includes;

Land Cost	\$ 7,360,620.78
Arena Construction	\$43,305,280.01
On-Site Paving and Utilities	\$ 2,482,227.72
Off-Site City Road Improvements	\$ 2,076,347.50
Total Cost of Construction	\$ 55,224,476.01

The TIRZ Financing Plan provides for tax increment allowable expenses in the approximate amount of \$ 43,487,279. The Reinvestment Zone Financing Plan provides for incremental financing and predicts revenues for the City of Edinburg, Texas TIRZ District.

Section II – Project Plan

Background

On October 15, 2013 the City of Edinburg, Texas Economic Development Corporation signaled its intent to consider the creation of the City of Edinburg by entering an “Agreement For Services” with TIF Service of South Texas. On November 19, 2013, the City Council approved Ordinance 2013-3687 authorizing the creation of the TIRZ and Ordinance # 2013-3693 appointing a Board of Directors for the Zone.

Meetings and presentations were held with individuals and taxing entities in HIDALGO County on the following dates:

- HIDALGO County Commissioners Court Executive Session August 20, 2013.
- HIDALGO County Commissioners Court Executive Session October 15 & 29, 2013
- Edinburg Independent School District Executive Session October 15, 2013
- HIDALGO County Commissioners Court November 5, 2013

Program Concepts

The City of Edinburg, Texas TIRZ District # 4 represents an important opportunity for the City of Edinburg, Texas to develop a viable long-range public facility and infrastructure plan for the City. New public facilities, retail, food service and lodging construction are the key components of the development plan. Increased employment opportunities for Edinburg, Texas and surrounding county and community residents will be enhanced through the development and redevelopment activity within and adjacent to the Zone.

Development Goals and Objectives

The planned public improvements within the City of Edinburg, Texas TIRZ District # 4 will provide for additional public event venues and will insure the future of the City as a viable option as companies look to expand or relocate. The addition of lodging facilities will complement the valley's destination sport, tourism, hunting and fishing industries.

Description of District

The City of Edinburg, Texas TIRZ District # 4 is located on the Highway 281 corridor of the City. The market value of property within the Zone is \$2,340,271 the Base Value of the Zone, per the Hidalgo County Appraisal District. The City of Edinburg, Texas TIRZ # 4 zone includes approximately 96.73+/- acres of public and privately held land as shown on the Exhibit "A"

Existing Uses and Conditions

All of the property contained in the Zone is vacant land.

The City of Edinburg, Texas has determined that the improvements in the Zone will significantly enhance the value of all of the taxable real property in the Zone and will be of general benefit to the municipality, and that the Zone area meets the requirements of Section 311.005 of the Act, being that the Zone area:

"is predominantly open, and because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City" and

The City of Edinburg, Texas, pursuant to the Act, further finds and declares that:

1. the proposed zone is located wholly within the City limits of Edinburg, Texas;
2. less than thirty percent (30%) of the property in the proposed Zone is used for residential purposes, as the term "residential" is defined in Section 311.006(d) of the Act;
3. the total appraised value of the taxable real property in the proposed Zone or in existing reinvestment zones, if any, does not exceed fifty per cent (50%) of the total appraised value of taxable real property in the City and in industrial districts, if any, created by the City;

4. the proposed Zone does not contain more than fifty percent (50%) of the total appraised value of real property taxable by Hidalgo County.
5. development or redevelopment within the boundaries of the proposed Zone will not occur solely through private investment in the reasonably foreseeable future.

City of Edinburg, Texas TIRZ Zoning

Properties within the Zone are currently zoned Agriculture and General Commercial. The arena property will be rezoned from agricultural to the appropriate retail and hospitality zoning and the arena site will be zoned appropriately as a public facility.

Proposed Public Improvements

OFF-SITE CITY ROAD IMPROVEMENTS

Alberta Road

Alberta Road located along the Southern border of the proposed Area site will serve as a significant access point to the arena site. The road will be upgraded to a full sixty (60) foot collector street from Hwy 281 to I (Veterans) Road. I Road serves as a collector running from north of US Hwy 83 to the intersection of Alberta Road. Improvements include upgrading the water line to a 10 inch along the entire corridor and new sanitary and storm sewer lines as well relocating and upgrading the electrical service and street lights.

Tres Hermanos Road

Tres Hermanos Road located along the eastern border of the arena site will be rebuilt and upgraded to a fifty (50) foot collector street. The reconstruction will require the replacement of the water, sanitary sewer, storm sewer and the relocation of the electrical service and street lights in the road.

MUNICIPAL FACILITIES

On-site work and Utility Work

The area site located at Expressway 281 and Alberta Road has been divided into four unique sites; 1. the Arena site; Site #2, which includes seven retail users in four buildings; Site #3, which has 3 retail or pad users in three buildings; and Site # 4, which has 2 buildings of 7,198 square feet sharing a common courtyard. All of the sites will need to have water, sewer, storm sewer and electrical service to them. Some sites may require gas service. A significant storm water detention facility will be needed along the northern border of the property alongside the H.C.I.D. drainage canal.

The Arena

A 179,000 square foot multi-use facility is proposed. The arena would be the home of the Rio Grande Valley basketball team as well as being available for other public venues including concerts, stage performances large meetings and other public uses.

Non-Project Costs:

The Tax Increment Reinvestment Zone does not contemplate or foresee any non-project costs other than Alberta and Tres Hermanos Roads.

SECTION III - Project Feasibility

The feasibility of any development has two aspects that must be considered:

1. Financial feasibility
2. Market feasibility.

The purpose of the TIRZ is to address the financial aspect of the development. TIRZ incremental funds provide for a portion of the development costs incurred for public improvements, thus insuring the financial feasibility of the Project. This project is financially feasible and can be developed with funding of public improvements from TIRZ funds, however the City acknowledges that the incremental funds to be generated from the project do not cover all of the cost of the proposed public improvements and that other funding sources will be necessary.

Market feasibility addresses issues relating to product absorption, type of product, and demand. Through a long term lease with the Rio Grande Vipers, a professional basketball team, the City has secured a user and manager for the Arena facility who will handle the day to day operation of the facility and assume the financial obligation of maintain the facility

There is demonstrated demand for the type and size of the planned private improvements in the Zone. The public improvements schedule for the Zone will insure that these private improvements are built.

SECTION IV – REINVESTMENT ZONE FINANCING PLAN

Tax Increment Financing

The Tax Increment Financing Act (Chapter 311 of the Tax Code), provides for municipalities to create “reinvestment zones” within which various public works and improvements can be undertaken, using tax increment revenues, bonds or notes, to pay for those improvements. At the time an area is designated a reinvestment zone for tax increment financing (“TIF”), the existing total of appraised value of real property in the zone is identified and designated as the “tax increment base.” Taxing units levying taxes in the zone during its life are limited to revenues from this base.

Public improvements are made in the area to attract private development that would not otherwise occur. As the costs of new development are added to the tax rolls, property values will rise. This rise in new value is called the “captured appraised value.” The taxes that are collected by the participating taxing jurisdictions on the increment between the base value and the new higher value, the tax increment, are then deposited into a TIF Trust Fund, which is used to pay for the public improvements. Once the public improvements are completed and paid for, the TIF is dissolved and any remaining amounts of taxes collected are kept by the taxing jurisdiction. In effect, the taxing jurisdictions are “investing” future earnings to receive the benefit of higher tax revenues from new development. Taxing jurisdictions are not restricted from raising their tax rate during the life of the zone.

Financing Plan

The Reinvestment Zone Financing Plan developed by the City provides that potentially \$39,165,468 of public improvements will be paid for with TIF funds. The Reinvestment Zone Financing Plan also projects incremental funds for financing and revenues for the City of Edinburg, Texas TIRZ. It is not anticipated that tax increment funds in an amount to fully reimburse the City for all approved project costs will be generated over the projected life of the Zone

Financing Method: Incremental funds will be spent as they accrue and TIF Revenue Bonds may be issued for larger projects and paid for with annual TIRZ proceeds

Financing Policy: The goal of the City of Edinburg, Texas TIRZ District is to borrow only those funds needed as the necessity arises in order to reduce interest expense.

Long Term Financing: The developers of the commercial/industrial/Retail sites, and the single and multi-family homes will arrange for long term financing for their individual projects.

Development Schedule And Assumptions

The Development Schedule is based upon the immediate needs of the City and the public works are listed by priority. The City intends to remain flexible in order to leverage other funds with TIRZ funds to maximize the efficiency of the City's funds.

The City anticipates construction beginning in 2015 with completion in 2018

Land Cost	\$ 7,360,620.78
Arena Construction	\$43,305,280.01
On-Site Paving and Utilities	\$ 2,482,227.72
Off-Site City Road Improvements	\$ 2,076,347.50
Total Cost of Construction	\$ 55,224,476.01
County Administrative Fees	\$ 20,000.00
Formation Expenses	\$ 75,000.00
Total Costs	\$ 55,319,476.01

Financial Assumptions

No tax rate changes have been factored into the financial pro forma's for the District. All projections assume that taxable appraised value and tax rates will remain unchanged. It has also been assumed that the taxing entities will continue to collect tax revenues at the same rate. The finance plan assumes a collection rate of 100% because the new development will be in the form of commercial construction, the long-term lenders who do the permanent financing for these types of projects generally require proof that the taxes are current.

SECTION I – EXECUTIVE SUMMARY

Overview of Plan

The City of Edinburg, Texas Tax Increment Reinvestment Zone (“TIRZ”) Number Four represents an important opportunity for the City of Edinburg, Texas to promote and encourage construction of mixed use retail, entertainment, food service and hospitality facilities in areas of the City that have significant and varied impediments to development.

Large and small tracts of land in and around the city have remained vacant or underdeveloped and are in need of development or redevelopment due to inadequate city street infrastructure, substandard streets, lack of adequate parking, and drainage issues. The costs associated with the remediation of development and redevelopment issues are of a magnitude that without additional sources of funds the growth of the city will be significantly impaired.

The creation of the TIRZ will provide the following benefits:

1. Funding for necessary public improvements associated with needed development in the city.
2. Replace lower value existing land uses with high value entertainment, retail, food service and hospitality facilities
3. Offer employment opportunities for Edinburg, Texas and Hidalgo County residents.
4. Help to balance economic growth in Hidalgo County.
5. Provide a more efficient use of existing city and county services and infrastructure.

The proposed TIRZ is comprised of vacant land along Hwy 281 in the City of Edinburg, Texas.

Development Goals and Objectives

The development goals and objectives, which are expected to meet the specific needs of the City of Edinburg, Texas TIRZ District, are:

- Provide retail, entertainment, hospitality and food service opportunities for developers and companies seeking commercial building sites.
- Provide for new commercial and residential opportunities through the upgrading of Alberta Road and Tres Hermanos Road.
- Provide employment opportunities to service increasing population growth within the City of Edinburg, Texas and surrounding Hidalgo County.

The City of Edinburg, Texas TIRZ District Project Plan and Reinvestment Zone Financing Plan provides a long term program to increase business opportunities and population within the District, using tax increment financing to fund required public improvements. This long-term program is expected to attract additional commercial and residential development to include affordable and market rate housing.

Planned Private Development

The City of Edinburg, Texas TIRZ Development Program includes;

2014	15,528,281	Wal Mart
2015	\$10,000,000	HEB
2015	\$55,000,000	Arena

2016	\$3,540,000	Arena Pad Sites TBB
2017	\$3,540,000	Arena Pad Sites TBB

The total private investment is expected to be in excess of \$ 88,808,281.

The projected values of future commercial development is based upon an analysis of the impact of the construction of Wal-Mart, the Arena and a future HEB.

Consideration has also been given to visits to the City from third party developers looking at commercial sites and enquiring about the availability of sewer, water and the location of other utilities.

Planned Public Improvements

The public improvements enumerated in the Project Plan, with an estimated cost of \$55,319,476.00 provide for the sewer system enhancements, funds for street reconstruction and utility relocation, and new municipal facilities. The public improvements planned for the City of the Edinburg, Texas district are designed to help meet the long-term needs to secure and insure growth and investment in the City and Hidalgo County.

Section II – Project Plan

Background

On October 15, 2013 the City of Edinburg, Texas Economic Development Corporation signaled its intent to consider the creation of the City of Edinburg by entering an “Agreement For Services” with TIF Service of South Texas. On November 19, 2013, the City Council approved Ordinance 2013-3687 authorizing the creation of the TIRZ and Ordinance # 2013-3693 appointing a Board of Directors for the Zone.

Meetings and presentations were held with individuals and taxing entities in HIDALGO County on the following dates:

- HIDALGO County Commissioners Court Executive Session August 20, 2013.
- HIDALGO County Commissioners Court Executive Session October 15 & 29, 2013
- Edinburg Independent School District Executive Session October 15, 2013
- HIDALGO County Commissioners Court November 5, 2013

Program Concepts

The City of Edinburg, Texas TIRZ District # 4 represents an important opportunity for the City of Edinburg, Texas to develop a viable long-range public facility and infrastructure plan for the City. New public facilities, retail, food service and lodging construction are the key components of the development plan. Increased employment opportunities for Edinburg, Texas and surrounding county and community residents will be enhanced through the development and redevelopment activity within and adjacent to the Zone.

Development Goals and Objectives

The planned public improvements within the City of Edinburg, Texas TIRZ District # 4 will provide for additional public event venues and will insure the future of the City as a viable option as companies look to expand or relocate. The addition of lodging facilities will complement the valley's destination sport, tourism, hunting and fishing industries.

Description of District

The City of Edinburg, Texas TIRZ District # 4 is located on the Highway 281 corridor of the City. The market value of property within the Zone is \$2,340,271 the Base Value of the Zone, per the Hidalgo County Appraisal District. The City of Edinburg, Texas TIRZ # 4 zone includes approximately 96.73+/- acres of public and privately held land as shown on the Exhibit "A"

Existing Uses and Conditions

All of the property contained in the Zone is vacant land.

The City of Edinburg, Texas has determined that the improvements in the Zone will significantly enhance the value of all of the taxable real property in the Zone and will be of general benefit to the municipality, and that the Zone area meets the requirements of Section 311.005 of the Act, being that the Zone area:

"is predominantly open, and because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City" and

The City of Edinburg, Texas, pursuant to the Act, further finds and declares that:

1. the proposed zone is located wholly within the City limits of Edinburg, Texas;
2. less than thirty percent (30%) of the property in the proposed Zone is used for residential purposes, as the term "residential" is defined in Section 311.006(d) of the Act;
3. the total appraised value of the taxable real property in the proposed Zone or in existing reinvestment zones, if any, does not exceed fifty per cent (50%) of the total appraised value of taxable real property in the City and in industrial districts, if any, created by the City;

4. the proposed Zone does not contain more than fifty percent (50%) of the total appraised value of real property taxable by Hidalgo County.
5. development or redevelopment within the boundaries of the proposed Zone will not occur solely through private investment in the reasonably foreseeable future.

City of Edinburg, Texas TIRZ Zoning

Properties within the Zone are currently zoned Agriculture and General Commercial. The arena property will be rezoned from agricultural to the appropriate retail and hospitality zoning and the arena site will be zoned appropriately as a public facility.

Proposed Public Improvements

OFF-SITE CITY ROAD IMPROVEMENTS

Alberta Road

Alberta Road located along the Southern border of the proposed Area site will serve as a significant access point to the arena site. The road will be upgraded to a full sixty (60) foot collector street from Hwy 281 to I (Veterans) Road. I Road serves as a collector running from north of US Hwy 83 to the intersection of Alberta Road. Improvements include upgrading the water line to a 10 inch along the entire corridor and new sanitary and storm sewer lines as well relocating and upgrading the electrical service and street lights.

Tres Hermanos Road

Tres Hermanos Road located along the eastern border of the arena site will be rebuilt and upgraded to a fifty (50) foot collector street. The reconstruction will require the replacement of the water, sanitary sewer, storm sewer and the relocation of the electrical service and street lights in the road.

MUNICIPAL FACILITIES

On-site work and Utility Work

The area site located at Expressway 281 and Alberta Road has been divided into four unique sites; 1. the Arena site; Site #2, which includes seven retail users in four buildings; Site #3, which has 3 retail or pad users in three buildings; and Site # 4, which has 2 buildings of 7,198 square feet sharing a common courtyard. All of the sites will need to have water, sewer, storm sewer and electrical service to them. Some sites may require gas service. A significant storm water detention facility will be needed along the northern border of the property alongside the H.C.I.D. drainage canal.

The Arena

A 179,000 square foot multi-use facility is proposed. The arena would be the home of the Rio Grande Valley basketball team as well as being available for other public venues including concerts, stage performances large meetings and other public uses.

Non-Project Costs:

The Tax Increment Reinvestment Zone does not contemplate or foresee any non-project costs other than Alberta and Tres Hermanos Roads.

SECTION III - Project Feasibility

The feasibility of any development has two aspects that must be considered:

1. Financial feasibility
2. Market feasibility.

The purpose of the TIRZ is to address the financial aspect of the development. TIRZ incremental funds provide for a portion of the development costs incurred for public improvements, thus insuring the financial feasibility of the Project. This project is financially feasible and can be developed with funding of public improvements from TIRZ funds, however the City acknowledges that the incremental funds to be generated from the project do not cover all of the cost of the proposed public improvements and that other funding sources will be necessary.

Market feasibility addresses issues relating to product absorption, type of product, and demand. Through a long term lease with the Rio Grande Vipers, a professional basketball team, the City has secured a user and manager for the Arena facility who will handle the day to day operation of the facility and assume the financial obligation of maintain the facility

There is demonstrated demand for the type and size of the planned private improvements in the Zone. The public improvements schedule for the Zone will insure that these private improvements are built.

SECTION IV – REINVESTMENT ZONE FINANCING PLAN

Tax Increment Financing

The Tax Increment Financing Act (Chapter 311 of the Tax Code), provides for municipalities to create “reinvestment zones” within which various public works and improvements can be undertaken, using tax increment revenues, bonds or notes, to pay for those improvements. At the time an area is designated a reinvestment zone for tax increment financing (“TIF”), the existing total of appraised value of real property in the zone is identified and designated as the “tax increment base.” Taxing units levying taxes in the zone during its life are limited to revenues from this base.

Public improvements are made in the area to attract private development that would not otherwise occur. As the costs of new development are added to the tax rolls, property values will rise. This rise in new value is called the “captured appraised value.” The taxes that are collected by the participating taxing jurisdictions on the increment between the base value and the new higher value, the tax increment, are then deposited into a TIF Trust Fund, which is used to pay for the public improvements. Once the public improvements are completed and paid for, the TIF is dissolved and any remaining amounts of taxes collected are kept by the taxing jurisdiction. In effect, the taxing jurisdictions are “investing” future earnings to receive the benefit of higher tax revenues from new development. Taxing jurisdictions are not restricted from raising their tax rate during the life of the zone.

Financing Plan

The Reinvestment Zone Financing Plan developed by the City provides that potentially \$39,165,468 of public improvements will be paid for with TIF funds. The Reinvestment Zone Financing Plan also projects incremental funds for financing and revenues for the City of Edinburg, Texas TIRZ. It is not anticipated that tax increment funds in an amount to fully reimburse the City for all approved project costs will be generated over the projected life of the Zone

Financing Method: Incremental funds will be spent as they accrue and TIF Revenue Bonds may be issued for larger projects and paid for with annual TIRZ proceeds

Financing Policy: The goal of the City of Edinburg, Texas TIRZ District is to borrow only those funds needed as the necessity arises in order to reduce interest expense.

Long Term Financing: The developers of the commercial/industrial/Retail sites, and the single and multi-family homes will arrange for long term financing for their individual projects.

Development Schedule And Assumptions

The Development Schedule is based upon the immediate needs of the City and the public works are listed by priority. The City intends to remain flexible in order to leverage other funds with TIRZ funds to maximize the efficiency of the City's funds.

The City anticipates construction beginning in 2015 with completion in 2018

Land Cost	\$ 7,360,620.78
Arena Construction	\$43,305,280.01
On-Site Paving and Utilities	\$ 2,482,227.72
Off-Site City Road Improvements	\$ 2,076,347.50
Total Cost of Construction	\$ 55,224,476.01
County Administrative Fees	\$ 20,000.00
Formation Expenses	\$ 75,000.00
Total Costs	\$ 55,319,476.01

Financial Assumptions

No tax rate changes have been factored into the financial pro forma's for the District. All projections assume that taxable appraised value and tax rates will remain unchanged. It has also been assumed that the taxing entities will continue to collect tax revenues at the same rate. The finance plan assumes a collection rate of 100% because the new development will be in the form of commercial construction, the long-term lenders who do the permanent financing for these types of projects generally require proof that the taxes are current.
