Hi Alex!

I've been trying to reach you via phone, but couldn't get through. What is your extension?

Either way, as for the 401, it is the next closest model to what you currently have. We no longer carry the SP5200. The MP401SPF has all the same features plus the capability to fax.

Does that answer your question?

Hi Aissa,

Thank you for the information you sent us. I will send it in and get a requisition started. As you probably know it's a process so I'll let you know if we need anything else from you.

I did have a question on the quote that you sent me it has the ricoh model MP401SPF #407226 which is different than what we have currently in San Juan. Was that incorrect on the excel you sent me?

Thanks,

Alex
