**WHEREAS**, the CITY OF ALAMO, TEXAS (the "*City*") approved the creation of REINVESTMENT ZONE NUMBER ONE, CITY OF ALAMO (the "*Zone*") in accordance with the provisions of Chapter 311, Texas Tax Code, as amended; and

**WHEREAS**, the City, the Zone, and HIDALGO COUNTY, TEXAS (the "*County*"), a political subdivision of the State of Texas, entered into that certain Interlocal Agreement (the "*Agreement*") dated March 16, 2010, but uncertainty has arisen as to whether complete copies of the exhibits referenced therein were attached when the Agreement was executed;

**WHEREAS**, the Agreement anticipated the existence of a transportation zone overlapping a portion of the Zone territory, and provided certain provisions relating thereto referencing Transportation Zone Number One, County of Hidalgo ("*Prior TRZ*");

**WHEREAS**, the Prior TRZ is no longer in effect and the County subsequently formed a second transportation zone, known as Transportation Zone Number Two, County of Hidalgo ("*TRZ2*"), which may lead to uncertainty with respect to the application of the transportation zone provisions in the Agreement;

**WHEREAS**, the County anticipates entering into an agreement with TRZ2, pursuant to which the County may not be required to make payments to TRZ2 on property that is located in both the Zone and the TRZ2, which agreement has not been finalized as of the time of approval of this first amendment (the "*Amendment*") to the Agreement;

**WHEREAS**, the County had not been provided with the information required under the Agreement in order for the County to be able to make payments pursuant to the Agreement;

**WHEREAS**, the parties now desire to amend the Agreement, including accounting for TRZ2 in lieu of the Prior TRZ and changes to the payment schedule, as set forth in this Amendment;

b. COUNTY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax years 2009 through 2012 thirty (30) days after the full execution and delivery of the first amendment to this Agreement dated September 17, 2013, by all Parties. Captured Appraised Value) for real property within the Transportation Zone.

4. This Amendment may be executed in counterparts, each of which shall be regarded as an original and all of which shall constitute one and the same instrument.

5. The parties acknowledge that the copy of the Agreement attached hereto as Exhibit 1 and made a part hereof is a complete copy of the Agreement, including the exhibits thereto. Except to the extent specifically modified by the provisions of this Amendment, the Agreement, (as attached as Exhibit 1 hereto) is hereby ratified and confirmed.

### III. BACKGROUND

A. A Resolution passed and approved by City Commission of CITY on Tuesday June 3 2008, expressed the CITY's intent to create a tax increment financing reinvestment zone to support revitalization activities for the ZONE, commonly known as the Alamo City Project, pursuant to Chapter 311, Texas Tax Code. On December 16, 2008, the City Commission of CITY passed and approved Ordinance # 29-12-08 which created the ZONE. The ZONE will provide funding for public improvements within the ZONE. The ZONE is projected to terminate on December 31, 2033, unless earlier termination occurs under this Agreement (the "term of the ZONE").

B. The ZONE BOARD adopted the Project Plan on February 13, 2009. The CITY approved the Project Plan and Project Financing Plan on April 05, 2009. The CITY and the COUNTY agree to participate in the ZONE and to deposit their respective Tax Increment Payments to the Tax Increment Fund, in accordance with the terms, and in consideration for the agreements, set forth herein. The Tax Increment Fund was authorized by Ordinance No. 29-12-08, attached hereto as Exhibit "B." The COUNTY hereby acknowledges receipt of notice of the initial creation of the ZONE. The CITY

represents and warrants that it complied with all legal requirements and notice requirements in the creation of the ZONE.

C. The Parties hereto agree that, other than bonds or notes issued pursuant to §311.015 of the Texas Tax Code, no tax-supported public debt instrument will be issued by the City of Alamo or the ZONE BOARD to finance any costs or improvements on the Project.

#### **IV. RIGHTS AND OBLIGATIONS OF THE COUNTY**

##### **A. Tax Increment Participation by the COUNTY**

1. Subject to the limitations set out in this Agreement, the COUNTY agrees to participate in the ZONE by contributing to the Tax Increment Fund an amount equal to 100% of the revenue generated from its M&O tax rate as assessed and collected on the tax increment for the respective tax year, except for revenue collected from areas included in the Transportation Reinvestment Zone Number One, Hidalgo County. For revenue collected from areas included in the Transportation Reinvestment Zone Number One, Hidalgo County, the COUNTY will contribute to the Tax Increment Fund an amount equal to 50% of the revenue generated from its M&O tax rate. For the purpose of this Agreement the M&O tax rate shall be calculated as set forth in section IV(B)(9) of this Agreement. In no event shall the COUNTY contribution to the Tax Increment Fund be greater than ten million, seven hundred sixty seven dollars (\$10,000,767), over the life of the ZONE beginning with the 2009 tax year.

2. The Parties hereto agree that the COUNTY's contribution to the Tax Increment Fund shall be used to fund Project Costs including construction of public infrastructure improvements to support the development and revitalization efforts in the ZONE. The COUNTY's contributions to the Tax Increment Fund shall end when it has contributed the maximum total contribution provided for herein of ten million, seven hundred sixty seven dollars (\$10,000,767), or when it has made contributions of all Tax Increment Payments, as specified in the Project Plan, attributable to all periods through the end of the COUNTY's fiscal year 2033 (ending on December, 2033), whichever occurs first.

##### **B. Tax Increment Payment**

1. COUNTY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund, as provided in Section IV.A of this Agreement, shall accrue as the COUNTY collects its Tax Increment. The Parties hereto agree that all ad valorem property taxes collected each year by the COUNTY that are attributable to real property in the ZONE shall first constitute taxes on the Tax Increment Base and after the total amount of taxes on the Tax Increment Base have been collected, then the remaining ad valorem taxes collected shall constitute the Tax Increment. COUNTY agrees to deposit its first Tax Increment Payment to the Tax Increment Fund for tax year 2009 by the later of May 1st, 2010 or 30 days after the full execution and delivery of this Agreement by all Parties. The amount of the first Tax Increment Payment shall be based on the Tax Increments that were received up to January 31, 2010, but only for tax year 2009 beginning January 1, 2009. For subsequent payments, the COUNTY agrees to contribute its yearly Tax Increment Payment to the Tax Increment Fund annually not later than the 90<sup>th</sup> day after the delinquency date for the COUNTY's property taxes (or the first business day thereafter) following the end of each tax year. The amount of each Tax Increment Payment shall be based on the Tax Increments that are received up to January 31<sup>st</sup> following the end of the tax year, but which have not been previously deposited in the Tax Increment Fund, during the annual periods preceding each deposit date. Under no circumstances shall the COUNTY be required to participate in the ZONE with taxes attributable to periods after 2033.

2. One month prior to a payment required under Section IV.B. of this Agreement, the CITY shall provide to the COUNTY an updated fact sheet that includes detail as to what portion of the Project

has been completed to date, a schedule of what portion of the Project is to be completed in the following year and a current roster of the ZONE's board members, including the term of each board member, the entity that appointed the board member and the date for the next annual meeting. In addition to and as part of the CITY's fact sheet, the CITY shall supply the COUNTY with all information as required under section 311.016 of the Texas Tax Code on or before the 90<sup>th</sup> day following the end of the fiscal year of the CITY.

3. Pursuant to Chapter 311 of the Texas Tax Code, in the event there is a conflict between the Parties in regards to the amount of the Tax Increment owed by the COUNTY, the Hidalgo County Auditor will make the final determination as to the amount of any Tax Increment owed by the COUNTY under this Agreement. The annual Captured Appraised Value for the real property contained within the ZONE shall be determined by the Hidalgo County Appraisal District on the assessed appraised values and the Hidalgo County Tax Offices' verification of collections in regards to the real property contained with the ZONE.

4. Any delinquent deposit by the COUNTY of a Tax Increment Payment under this Agreement shall be administered as provided in Section 311.013(c) of the Texas Tax Code, which states as follows:

"A taxing unit shall make a payment required by the Subsection (b) [Tax Increment Payment], not later than the 90<sup>th</sup> day after the delinquency date for the unit's property taxes. A delinquent payment incurs a penalty of five percent of the amount delinquent and accrues interest at an annual rate of ten percent."

The Parties expressly agree that the COUNTY shall not owe any penalty or interest on Tax Increments attributable to taxes that have been levied, but not received by the COUNTY. Further, the COUNTY shall not be liable for the payment of any penalties or interest if the fact sheet required under section IV.B.2 and the report required under section §311.016 of the Texas Tax Code is not timely submitted to the COUNTY or in any situation in which the CITY is not obligated to pay penalties and interest.

5. The CITY agrees to comply with the Project Plan. The CITY and the ZONE agree to provide prior written notice to all Participating Taxing Entities of a proposed material change (by which is meant any change that would constitute at least a twenty percent (20%) increase or decrease in either the Project Cost or the scope and scale of the Project) to the Project Plan; provided that any change that is not approved by the COUNTY shall not change the amount of Tax Increment Payments due from the COUNTY. The CITY shall have the right to amend and modify the Project Plan without providing prior written notice to the Participating Taxing Entities so long as such amendment or modification does not constitute a material change.

6. If the CITY materially breaches this Agreement, then a Participating Taxing Entity may provide written notice to the CITY and the ZONE (with a copy to any other Participating Taxing Entity still contributing Tax Increment Payments) stating its intent to terminate its participation in the Zone and detailing its objection(s) or concern(s). If the objections and/or concerns, as set out in the notice, are not resolved within 90 business days from the date of such notice, then COUNTY may discontinue its Tax Increment Payments and terminate its participation in the ZONE.

7. Except for contributing its respective Tax Increment Payments to the Tax Increment Fund as set out in this Agreement, the COUNTY shall not have any obligation or responsibility for any costs or expenses associated with the development of the ZONE or the implementation of the Project Plan, including, without limitation, any obligation to pay or repay any bond or other debt issued by another

Participating Taxing Entity, the ZONE or the ZONE BOARD relating to the ZONE or any costs associated with the operation of ZONE, the Project or any other projects relating thereto.

8. Notwithstanding anything herein to the contrary, the COUNTY's total Tax Increment Payment to the Tax Increment Fund over the term of the ZONE shall not exceed ten million, seven hundred sixty seven dollars (\$10,000,767.00), plus any applicable penalty and/or interest allowed in section 311.013 of the Tax Code, subject to the limitations on Section IV (b) (4).

9. a. *General Provisions.* Subject to changes in the COUNTY M&O Tax Rate that will be addressed as set forth in section IV.B.9.b.and IV.B.9.c. below, the COUNTY agrees to participate at

- (i) one hundred percent (100%) of its COUNTY M&O Tax Rate (currently \$0.5127 per \$100 valuation on the Captured Appraised Value) for real property outside the Transportation Zone, and
- (ii) fifty percent (50%) of the COUNTY M&O Tax Rate (50% currently equaling \$0.25635 per \$100 valuation on the Captured Appraised Value) for real property within the Transportation Zone.

b. *Lower COUNTY M&O Tax Rate.* If the COUNTY M&O Tax Rate is less than \$0.5127 per \$100 valuation on the Captured Appraised Value during any year during the term of the Zone, then the maximum tax increment paid by the COUNTY into the Tax Increment Fund for such year shall not exceed the applicable percentage designated in section IV.B.9.a. above (100% for any real property outside the Transportation Zone and 50% for any real property within the Transportation Zone as the case may be) of the total amount of taxes collected by the COUNTY at the actual COUNTY M&O Tax Rate with respect to such year the COUNTY M&O Tax Rate is less than \$0.5127 per \$100 valuation.

c. *Greater COUNTY M&O Tax Rate.* If the COUNTY M&O Tax Rate is greater than \$0.5127 per \$100 valuation on the Captured Appraised Value during any year during the term of the Zone, the COUNTY shall retain all taxes collected in excess of \$0.5127 with respect to any real property outside the Transportation Zone and \$0.25635 with respect to any real property within the Transportation Zone per \$100 valuation on the Captured Appraised Value and to the extent any such excess has been contributed into the Tax Increment Fund, such excess shall be promptly refunded to the COUNTY.

10. County taxes that are delinquent for more than five years will be considered uncollectible and shall not be included in the tax increment payment.

### C. Management of the ZONE

1. The ZONE shall in all respects be managed by the ZONE BOARD, including the Director appointed by the COUNTY. The ZONE BOARD shall have all powers allowed under Chapter 311 of the Texas Tax Code to manage the ZONE and carry out the Project and Finance Plan. The Participating Taxing Entities, during the term of this Agreement, may inspect the Project site and review Project plans and drawings at times and intervals that will not interfere with ongoing operations.

The ZONE BOARD shall be composed of five (5) members, as allowed under Section 311.009(b) of the Texas Tax Code. The COUNTY shall have the right to appoint one member of the ZONE BOARD.

**D. Expansion of the ZONE**

Notwithstanding anything to the contrary contained herein, the obligation of the COUNTY to participate in the ZONE is limited to the description of the ZONE in Exhibit "B" attached hereto and is subject to the terms of this Agreement. The COUNTY's participation shall not extend to the Tax Increment on any additional real property added to the ZONE by the CITY unless the COUNTY approves such participation in writing.

**V. RIGHTS AND OBLIGATIONS OF CITY AND ZONE**

**B. Tax Increment Payment**

1. The CITY's obligation to contribute its Tax Increment Payment to the Tax Increment Fund as provided above in Section V of this Agreement shall accrue as the CITY collects its Tax Increment. For subsequent Tax Increment Payments, the CITY agrees to contribute its Tax Increment Payment to the Tax Increment Fund semi-annually on or before March 10th and August 10th (or the first business day thereafter) of each tax year. ## **SECTION I - EXECUTIVE SUMMARY**

### **Overview of Plan**

The City of Alamo Tax Increment Reinvestment Zone ("TIRZ") Number One represents an important opportunity for the City of Alamo in partnership with Hidalgo County to promote and encourage construction of mixed use industrial, commercial, office warehouse, retail, food service, lodging facilities, market rate and affordable single family and multi-family housing, in areas of the City that have significant and varied impediments to development.

Large and small tracts of land in and around the city have remained vacant or are in need of redevelopment due to inadequate city street infrastructure, unpaved and substandard streets, drainage issues, availability of sewer and water capacity and service, functional obsolescence and obsolete platting requirements. The costs associated with the remediation of development and redevelopment issues are of a magnitude that without additional sources of funds the growth of the city will be significantly impaired.

The creation of the TIRZ will provide the following benefits:

1. Funding for necessary public improvements associated with needed development and redevelopment in the city.
2. Replace low value existing land uses with high value commercial, industrial, single and multi-family land uses.
3. Offer employment opportunities and reduce commuting time for Alamo and Hidalgo County residents.
4. Help to balance population growth in Hidalgo County.
5. Provide a more efficient use of existing city and county services and infrastructure.
6. Help to address structural imbalances in the Alamo economy and housing market.

The proposed TIRZ is comprised of vacant land throughout the City of Alamo. Also included within the TIRZ boundaries are the public rights of way and the associated ally ways of Lee Dr., Jon Dr., Alta Vista St., Middle St., Loma Linda St., Alamo Rd., Trinity St, Nueces St., Rio Grande St., Brazos St., Colorado St., El Gato Rd., Exana Ln., Canary Island Ln, Mediterranean Ln., Pauli Ave., South 7<sup>th</sup> St., South 8<sup>th</sup> St., Norma Ave., Calle Naranja, Onside Circle, Moore Road, Plena-Vista Dr., Plena-Vista Circle, Analisa Ave., 12<sup>th</sup>, 13<sup>th</sup> and 14<sup>th</sup> Streets, West Irvine St., West Harrison St., South 12<sup>th</sup> and 13<sup>th</sup> Sts., Vida Santa, Vida Grande, Vida De Oro, and Vida Entera Sts., Oakwood Dr., 15<sup>th</sup> St., Lance Dr., Fannin Ave., Ellis Ave., Desoto Ave., Crockett Ave., Bowie Ave., Olivia Dr., Las Fuentes Dr., El Paseo Dr., Las Flores Dr., La Costa Dr., Royalty, Royalty House, Monterrey Dr., Stone Oak, Post Oak, Spanish Oak, Pecan, Red Bud, Red Oak, Mossy Oak, Cripple Creek Circle, Serg Loop, Cameo Circle, Meadow Creek, Candy Dr, Caramel Dr., Dulce Dr., Canela Dr., Cameo Circle, Palm Harbor, Fleetwood, Pins Creek, Silver Creek, Palmview East Crockett, North and South Alamo, North and South 6<sup>th</sup>, 7<sup>th</sup>, 8<sup>th</sup>, 9<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 12<sup>th</sup>, And 13<sup>th</sup> Sts., West Main, East Main, Austin Lane, Austin Ave., Acacia Ave., Burantha Ave., Old US 83, Alma Ave, Alma St., Delia Ave., Delia St., Laura Dr., Hector Dr., Jackie St., Anahi St., Royal Palm St., Brian St., Stnsbo Ave., Citrus Ave., US 83 Expressway, Hackberry Ave., Ivy Ave.,

### **Development Goals and Objectives**

**The development goals and objectives, which are expected to meet the specific needs of the City of Alamo TIRZ District, are:**

- Provide commercial and industrial opportunities for developers and companies seeking commercial building sites through the extension and expansion of the water and sewer systems.**
- Provide for funds for the development of a new sewage treatment and collection system.**
- Provide for new commercial, and residential opportunities through the completion of new connector streets.**
- Begin to address the need for expanded housing opportunities for Alamo residents and Alamo workers who have to commute to work.**
- Provide employment opportunities to service increasing population growth within the City of Alamo and surrounding Hidalgo County.**
- Solve long-range storm drainage issues that affect the City and it's residents.**
- Enhance the quality of life within the City and Hidalgo County through Economic Development Incentives.**
- Provide for funds for the reconstruction of City Streets that impede redevelopment or new development.**
- Provide funds for the expansion and extension of the sewer and water systems to promote and protect the future tax base of the City.**

**The City of Alamo TIRZ District Project Plan and Reinvestment Zone Financing Plan provides a long term program to increase business opportunities and population within the District, using tax increment financing to fund required public improvements. This long-term program is expected to attract additional commercial and residential development to include affordable and market rate housing.**

The public improvements enumerated in the Project Plan, with an estimated cost of \$55,000,000 provide for the expansion of sewer and water distribution facilities, construction of a sewer treatment plant, new street construction, the extension of existing streets, addressing housing issues that are impeding economic development, remediation of the drainage issues that occur with all

**Planned Public Improvements**

Consideration has also been given to visits to the City from third party developers looking at commercial sites and enquiring about the availability of sewer, water and the location of other utilities.

The projected values of future commercial development is based upon an analysis of the 2006 and 2007 and 2008 building permits issued by the City of Alamo. Single and multi-family development is projected at levels that begin to meet the needs of the existing population base and the additional need projected from future economic development within the Zone

The total private investment is expected to be in excess of \$ 90,624,500.

## **Section II – Project Plan**

### **Background**

On June 3, 2008 the City Council of the City of Alamo approved a "Resolution of Intent" to consider the creation of the City of Alamo TIRZ # 1 through Resolution # 06-07-08. On December 16, 2008 the City Council approved Ordinance 29-12-08 authorizing the creation of the TIRZ and Ordinance 30-12-08 appointing a Board of Directors for the Zone.

Meetings and statutory presentations were held with individuals and taxing entities in Hidalgo County on the following dates:

- Hidalgo County Commissioner Sylvia Handy October 16, 2008
- Hidalgo County Economic Development Director October 21, 2008
- Hidalgo County Commissioners Court on October 22, 2008.
- PSJA Independent School District on September 22, 2008

### **Program Concepts**

The City of Alamo TIRZ District represents an important opportunity for the City of Alamo in partnership with Hidalgo County to develop a viable long-range revitalization plan for areas of the City, which have lacked a wide range of commercial, and single and multi-family housing opportunities. New commercial/retail/food service/office warehouse/industrial and lodging construction are the key components of the revitalization plan. Increased employment opportunities for Alamo and surrounding county and community residents will be enhanced through the development and redevelopment activity within the Zone.

### **Development Goals and Objectives**

The planned public improvements within the City of Alamo TIRZ District will insure the future of the City as a viable option as companies look to expand or relocate. The addition of lodging facilities will complement the destination tourism, hunting and fishing industries.

### **Description of District**

The City of Alamo TIRZ District is located throughout the City. It uses a series of major through-fares and city street right-of-ways to connect the various properties within the Zone. The market value of property within the Zone is \$50,088,881, however, the total assessed value of the property in the Zone, the Base Value of the Zone, is \$39,564,445 per the HIDALGO County Appraisal District. The City of Alamo TIRZ zone includes approximately 511+/- acres of public and privately held land surrounding the City as shown on the Exhibit "A"

### **Existing Uses and Conditions**

The City of Alamo has determined that the improvements in the Zone will significantly enhance the value of all of the taxable real property in the Zone and will be of general benefit to the municipality, and that the Zone area meets the requirements of Section 311.005 of the Act, being that the Zone area:

2. is predominantly open, and because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City and

The City of Alamo, pursuant to the Act, further finds and declares that:

1. the proposed zone is a contiguous geographical area located wholly within the City limits of Alamo;
2. less than ten percent (10%) of the property in the proposed Zone is used for residential purposes, as the term "residential" is defined in Section 311.006(d) of the Act;
3. the total appraised value of the taxable real property in the proposed Zone or in existing reinvestment zones, if any, does not exceed fifteen per cent (15%) of the total appraised value of taxable real property in the City and in industrial districts, if any, created by the City;
4. the proposed Zone does not contain more than fifteen percent (15%) of the total appraised value of real property taxable by Hidalgo County and the PSJA Independent School District,
5. development or redevelopment within the boundaries of the proposed Zone will not occur solely through private investment in the reasonably foreseeable future.

### **City of Alamo TIRZ Zoning**

The City of Alamo is divided into 7 zoning districts.

**SH-R1 District Senior Housing Resident District**

**R-1 District Single-Family Dwelling District**

**R-2 District Multi-Family, Apartment, and Townhouse Dwelling District**

**R-MH District Mobile Home Parks and Subdivisions**

**C-1 District Light Commercial District**

**C District Commercial District**

**M District Industrial District**

There are no proposed changes of zoning ordinances, the master plan of the City, building codes or subdivision rules and regulations

## **Proposed Public Improvements**

### **DRAINAGE**

Over the past 10 years Alamo like almost every other City in the Valley has experienced unanticipated economic growth. Many of the drainage improvements that were installed in prior decades have proved inadequate to carry increased runoff from this development. Additionally as land has been converted from farm use to other uses and often time to just vacant land, the land has lost some of its ability to retain water. The City needs to upgrade many of its existing drainage channels and to install additional channels in areas of the City that have been annexed over the past 10 years.

### **RIGHT OF WAY ACQUISITION**

The City of Alamo has large tracts of undeveloped agricultural use property within the City. Streets that were built for farm use when they were constructed need to be widened for future commercial development. To upgrade existing substandard streets the City will need to purchase additional right-of-way from contiguous landowners. In the center of the City and in areas north of US Hwy 83 there is a lack of street connectivity. As development has occurred the streets have been installed to take care of only that development. The consequence of this type of development is a lack of adequate fire flow in the water lines and the forcing of traffic onto streets that were adequately sized as collector streets but not as arterials. The City will encourage street connectivity as part of its platting process but in those areas where plats have previously been approved additional right-of-way will need to be purchased.

### **WATER RIGHTS ACQUISITION**

The City routinely exceeds its existing water allocation. Additional water rights must be purchased to insure the future viability of the City both for its current residents and businesses and for future commercial and residential development.

### **WASTEWATER TREATMENT PLANT EXPANSION**

The City currently uses a lagoon system for the treatment of its sewer effluent. As the population and business base of the City has increased it has become increasingly difficult to operate this type treatment facility. At both the state and federal level there is increasing possibility of regulations that will make the practical operation of these types of facilities increasingly difficult. Additionally the City needs to prepare for the next drought and recycled water will be one of the ways that cities will look to meet there landscape irrigation needs reserving treated water for human consumption.

### **WASTEWATER COLLECTION SYSTEM IMPROVEMENTS**

Many of the wastewater treatment trunk lines in the City were not adequately sized for future development and some of that development has already occurred. The City needs to either install parallel line along side some of its existing lines or it needs to upgrade the size of some of its lines.

## **STREET RECONSTRUCTION**

The rights-of-way of all of the existing streets in the City of Alamo are included within the boundaries of the Zone. TIRZ funds will be used as needed to completely reconstruct streets that are functionally obsolete and can no longer be repaired. The reconstruction will assist with drainage as curbs, gutters, drainage structures and sidewalks will be built as part of the reconstruction.

## **ECONOMIC DEVELOPMENT INCENTIVES**

The City of Alamo and Hidalgo County will not have the ability to abate taxes as an economic development tool in the Zone. Chapter 311 of the tax code allows for economic development to be an allowable expense. The City will use these funds to expand the tax base around the development and to provide for increased employment for Alamo and surrounding Hidalgo County residents

## **MATCHING FUNDS FOR GRANTS**

The funds that will be raised through the tax increment reinvestment zone are inadequate to meet the long-term capital needs of the City. Both the City and the Economic Development Foundation will seek to maximize state, federal and private funds through matching grants.

## **MUNICIPAL FACILITIES ACQUISITION AND CONSTRUCTION**

As the City grows additional public safety facilities will be needed, primarily additional fire facilities. The City will seek the lowest cost opportunity either purchasing an existing facility and remodeling it or purchasing land and construction a new facility.

## **UTILITY RELOCATION**

When new streets are constructed it is often necessary to move water and sewer trunk lines and when existing streets are reconstructed the installation of new sewer and water lines at new locations is also a necessity. With the construction of the new wastewater treatment plant new trunk lines will need to be constructed to facilitate moving wastewater from the existing lagoon system to the new plant.

## **PARKS INCLUDING SOCCER FIELDS**

The City has an identified need for recreational areas for families and its young people. Youth programs for after school and during the summer months are essential for the development of our young people and organized sports activities have been found to be extremely helpful in the development of mature young people. The City will take the lead in the development of additional park and recreational areas but will look to surrounding communities and the School District to assist in operating and developing programs to maximize the use of these new facilities.

The planned improvements are designed to begin to meet the long-term needs to secure growth and investment in Alamo and western HIDALGO County.

## **Conclusions**

**Based upon a set of conservative assumptions and analysis of the Project Plan and Reinvestment Zone Financing Plan, the City of Alamo has concluded that the Project Plan and Reinvestment Zone Financing Plan is feasible.**

### **SECTION III - Project Feasibility**

**The feasibility of any development has two aspects that must be considered:**

- 1. Financial feasibility**
- 2. Market or economic feasibility.**

**The purpose of the TIRZ is to address the financial aspect of the development. TIRZ incremental funds provide for a portion of the development costs incurred for public improvements, thus insuring the financial feasibility of the Project. This project is financially feasible and can be developed with the funding of public improvements from TIRZ funds, however the City acknowledges that the incremental funds to be generated from the project do not cover all of the cost of the proposed public improvements and that other funding sources will be necessary.**

**Market or economic feasibility addresses issues relating to product absorption, type of product, and demand. The existing economic base is expected to increase due to new commercial opportunities that will be generated through the business expansion that is a result of the over \$5,000,000 in commercial and residential building permits issued by the City of Alamo in 2007 and 2008. Additionally developers and builders have approached the City with preliminary plans for which they will be pulling permits in 2009 and 2010. The funding of the sewer and water extensions will insure that permits will be able to be issued to these builders and developers. The new arterials planned for the northern sector and the area behind City Hall will open traditionally landlocked areas of the City for development and the procurement of adequate water rights will insure future employers that water will be available to meet their needs.**

**There is demonstrated demand for the type and size of the planned private improvements in the Zone. The public improvements schedule for the Zone will insure that these private improvements are built.**

## **SECTION IV – REINVESTMENT ZONE FINANCING PLAN**

### **Tax Increment Financing**

The Tax Increment Financing Act (Chapter 311 of the Tax Code), provides for municipalities to create “reinvestment zones” within which various public works and improvements can be undertaken, using tax increment revenues, bonds or notes, to pay for those improvements. At the time an area is designated a reinvestment zone for tax increment financing (“TIF”), the existing total of appraised value of real property in the zone is identified and designated as the “tax increment base.” Taxing units levying taxes in the zone during its life are limited to revenues from this base.

Public improvements are made in the area to attract private development that would not otherwise occur. As the costs of new development are added to the tax rolls, property values will rise. This rise in new value is called the “captured appraised value.” The taxes that are collected by the participating taxing jurisdictions on the increment between the base value and the new higher value, the tax increment, are then deposited into a TIF Trust Fund, which is used to pay for the public improvements. Once the public improvements are completed and paid for, the TIF is dissolved and any remaining amounts of taxes collected are kept by the taxing jurisdiction. In effect, the taxing jurisdictions are “investing” future earnings to receive the benefit of higher tax revenues from new development. Taxing jurisdictions are not restricted from raising their tax rate during the life of the zone.

### **Financing Plan**

The Reinvestment Zone Financing Plan developed by the City provides that potentially \$21,034,536 of public improvements will be paid for with TIF funds. The Reinvestment Zone Financing Plan also projects incremental funds for financing and revenues for the City of Alamo TIRZ. It is not anticipated that tax increment funds in an amount to fully reimburse the City for all approved project costs will be generated over the projected life of the Zone

**Financing Method:** Incremental funds will be spent as they accrue and TIF Revenue Bonds may be issued for larger projects and paid for with annual TIRZ proceeds. It is not anticipated that the bonded indebtedness of the Zone will exceed \$10,000,000

**Financing Policy:** The goal of the City of Alamo TIRZ District is to borrow only those funds needed as the necessity arises in order to reduce interest expense.

**Long Term Financing:** The developers of the commercial/industrial/Retail sites, and the single and multi-family homes will arrange for long term financing for their individual projects.

### **Non Project Costs**

None

### **Relocation Plan**

**None, There are no residential components of the plan that would require demolition and reconstruction.**

### **Development Schedule And Assumptions**

**The Development Schedule is based upon the immediate needs of the City and the public works are listed by priority. The City intends to remain flexible in order to leverage other funds with TIRZ funds to maximize the efficiency of the City's funds.**

<b>Begin Construction</b>	<b>2010</b>
<b>Construction Complete</b>	<b>2032</b>

### **Financial Assumptions**

**No tax rate changes have been factored into the financial pro forma's for the District. A 3% per year inflation rate in the value of the private improvements has been factored into the pro-forma. All projections assume that taxable appraised value and tax rates will remain unchanged, with the exception of the 3% per year inflation factor, over the entire 25-year life of the District. It has also been assumed that the taxing entities will continue to collect tax revenues at the same rate and that homestead and other exemption rates will remain unchanged. The finance plan assumes a collection rate of 97.5% because 70% of the new development will be in the form of commercial construction, the long-term lenders who do the permanent financing for these types of projects generally require**

**proof that the taxes are current. Residential projects that receive incentive financing will have, as a term of the assistance, to have property taxes included in the mortgage payments. The City acknowledges that in any given year the collection rate will initially be lower with the balance of the taxes due being paid in arrears.**

**Projected Value of New Tax Increment**

The estimates of new tax increment are based upon the development schedule.
