

# MEMORANDUM

## "SOLE SOURCE DECLARATION"

TO: Hidalgo County Commissioners' Court

FROM: Martha L. Salazar  
Hidalgo County Purchasing Agent *mls*

DATE: January 26, 2018

RE: "Sole Source Declaration"-QR Fit Trail, LLC

---

One of Hidalgo County's Department of Health & Human Services "the department" mission goals is to promote a healthy and active lifestyle to expand the fight against the obesity epidemic. The department desires and intends to make available and implement an application based resource to the residents of the county. Hidalgo County has numerous facilities and sites including but not limited to, community resource centers, parks, pavilions, hike and bike trails.

QR Fit Trail, LLC is the sole developer and seller of a system that can transmit fitness videos by scanning the QR code that is found on their custom signs. Users are able to scan the QR code using any free QR code reader available to them through their smart phone application store. Additionally this system will be able to gather data and report it quarterly. This data will serve as resource to analyze and determine the effectiveness it is having within the community.

As this product is proprietary to QR Fit Trail, LLC (as the developer and seller), therefore it is the only sole source for purchase, implementation and maintenance.

This sole source declaration as described and detailed herein will remain in effect while Hidalgo County runs QR Fit Trail System unless otherwise revoked by Commissioners Court.
