Subject : Update on KMBH Ch 38.2 and KURV psa

To : 'Julia Sullivan'
<julia.sullivan@co.hidalgo.tx.us>

Julia,
Good morning

This is an update on KMBH 38.2 continuing to be off air. We started experiencing this problem the week of the January 23rd 2018.

As I mentioned to you on the phone it is a technical issue that we have been working on resolving but will take much longer to repair than anticipated.

In the interim R Communications will do the following to remedy the situation.

We will Bonus the program aired on Thursday January 25th and offer that the programming from February 1st until the issue is resolved be billed at a 50% discount. The current pricing per 30 minutes is \$500.00. The discounted pricing will be \$250.00 per 30 minutes until 38.2 is back on the air.

Please notify me as soon as possible that you are in agreement with what is being offered so that we can continue to run the meetings on Time Warner Cable Channel 10.

I am also attaching a copy of the PSA which has to be revised to direct the audience to Time Warner Channel 10 until 38.2 come back on air.

We apologize for the inconvenience and will keep you up to date on the progress of the sale of KMBH & the technical issue on 38.2

Regards,

Maria Alvarez
