V. REQUISITION PROCESS

5.01 Overview. Requisitioning is the process of formally requesting that a purchase be made. Counties are required by statute (Tex. Loc. Govt. Code §113.901) to use a requisitioning system. The purpose of the Requisition is to inform the Purchasing Department of what to buy, when it is required, and where to deliver it.

5.02 Procedures and Forms

5.02.01 All purchases of goods and services, shall be commenced by the requesting department completing an electronic requisition and submitting it to the Purchasing Department.

5.02.02 The electronic requisition should be completed well in advance of the date that the goods or services are required by the requesting department in order to allow the Purchasing Department and the vendor sufficient time to ensure that the goods are delivered or services performed by the date required by the requesting department.

5.02.03 The electronic requisition must be completed in its entirety. Incomplete requisitions will be returned to the requesting department and will delay the order and delivery of the requested goods and services.

VI. COMPETITIVE BIDDING

6.01. Bidding Required. Before any person, department, official or agent of the County may purchase one or more items under contract that requires an expenditure exceeding Fifteen Thousand dollars (\$15,000.00), the competitive bidding requirements prescribed by Chapter 262, Texas Local Government Code, must be utilized with the assistance of the Purchasing Agent. In applying the competitive proposals, all separate, sequential or component purchases (purchases made separately, purchases made over a period of time, or purchases of component parts of an item or items that in the normal purchasing practice would be purchased in purchase) are treated as if they are part of a single purchase and of a single contract. This requirement includes leases, installments payments and lease purchases in the event the total amount of payment will exceed Fifteen Thousand Dollars (\$15,000.00) over the life of the contract.

6.02. Exceptions. The only exceptions to the competitive bidding process outlined in this Article VI are set forth in section 262.024, Texas Local Government Code, and Article VIII herein. These exceptions shall be determined solely as provided in Article VIII.

- 6.03.06 Alternative competitive proposals may be obtained on purchases of insurance and high-technology items (as defined by statute), and for items for which it is impractical to prepare detailed specifications. The procedure for this is prescribed in Sections 262.0295 and 262.030 of the Texas Local Government Code and may be utilized by the Purchasing Agent when approved by the Commissioners Court.

6.05. Changes in Plan Specifications When there are changes in plan specifications or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the Commissioners Court may make those changes; provided, however, the total contract price may not be increased unless the cost of the change can be paid from available funds. If a change order involves an increase or decrease in cost of Fifty Thousand Dollars (\$50,000.00) or less, the Commissioners Court may grant general authority to an employee to approve the change order; provided, however, that the original contract price may not be increased by more than twenty-five percent (25%) unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted or rendered after the contract was made. The original contract price may not be decreased by eighteen percent (18%) or more without the consent of the contractor.

XI. PROCUREMENTS SUBJECT TO FEDERAL FUNDING

11.01 Additional Standards. In addition to the procedures described above, which are incorporated herein by reference, the County shall abide by the following purchasing procedures applicable to procurements that are subject to federal funding as referenced in 2 C.F.R. 200: *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), which is hereby incorporated by reference.

11.02 Background. The United States Office of Management and Budget (OMB) issued the Uniform Guidance, which reforms rules applicable to entities receiving federal grant funding by streamlining and superseding eight OMB circulars (A-21, A-87, A-122, A-110, A-102, A-133, A-50 and A-89). The new procurement standards are found in Subpart D: Post Federal Award Requirements: 2 CFR §200.317 through §200.326 and became effective December 26, 2014. The OMB issued addenda to the Uniform Guidance, including its final addendum on May 17, 2017, indicating that non-Federal entities may postpone implementation of the new procurement standards and continue to comply with the procurement standards in previous OMB guidance (as reflected in § 200.104) for a total of three fiscal years after the Uniform Guidance goes into effect, and that the non-Federal entities internal procurement policies should document the same. The effective date of implementation will start for fiscal years beginning on or after December 26, 2017. As such, the County chose to delay implementation of the new procurement standards and followed the OMB's prior guidance during the allotted grace periods. The new procurement standards will apply to new and incrementally funded awards, and implementation will commence on January 1, 2018.

11.03 Compliance Requirements – Procurement. The following is an overview of the procurement standards and procedures applicable when procuring property and services under a Federal award in accordance with 2 CFR §200.317 through §200.326, which are hereby incorporated by reference.

11.03.01 The County, as a non-Federal entity other than State, will follow §§ 200.318 General procurement standards through 200.326 Contract provisions. [*See* §200.317].

11.03.02 Procurement Procedures: The County will use its own documented procurement procedures, which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal statutes and the procurement requirements identified in 2 CFR part 200. [*See* §200.318(a)].

11.03.03 Conflicts of Interest/Standards of Conduct: The County will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts. In addition to the following, the County incorporates standards referenced above and Standards of Conduct in applicable County Personnel Manuals. [*See* §200.318(c)].

a. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. [*See* §200.318(c)(1)].

b. Officers, employees, and agents of the County may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, non-Federal entities may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. [*See* §200.318(c)(1)].

c. If the County has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the County will also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the County is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

d. The County will disclose any potential conflicts of interest in writing to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy. [*See* 2 CFR §200.112]. Additionally, the County will disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Further, if

applicable, the County will make post-award reports as provided by Appendix XII to Part 200. Failure to make a required disclosure may result in any number of significant remedies, including suspension or debarment. [See 2 CFR §§200.113 & 200.338].

e. Violations of this policy may result in disciplinary action consistent with County disciplinary policy, including but not limited to dismissal. Further, violations may be referred to the appropriate law enforcement agency for investigation and possible prosecution.

11.03.04 Oversight: Once the Contract is awarded, oversight must be maintained to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. [See §200.318(b)].

11.03.05 All proposed procurement actions shall be reviewed to avoid the purchase of unnecessary or duplicative items. Where applicable, consideration will be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. [See §200.318(d)]

11.03.06 The County may enter into state and local intergovernmental agreements or interentity agreements where appropriate for procurement or use of common or shared goods and services. [See §200.318(e)]

11.03.07 Federal excess and surplus property may be used in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs. [See §200.318(f)]

11.03.08 Construction project contracts of sufficient size may use value engineering clauses, as defined in §200.318(g) to offer reasonable opportunities for cost reductions.

11.03.09 Contracts should be awarded only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources, as well as whether the contractor is suspended or debarred from receiving federal funds. [See §200.318(h)].

11.03.10 The County will maintain records sufficient to detail the history of procurement in accordance with §200.318(i).

11.03.11 The County, in accordance with provisions set forth in §200.318(j), may use a time and materials type contract only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk.

11.03.12 The County alone shall be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements pursuant to provisions set forth in §200.318(k).

11.04 Competition. All procurement transactions will be conducted in a manner providing full and open competition consistent with the standards of §200.319.

11.04.01 In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals will be excluded from competing for such procurements. Some of the situations considered to be restrictive of competition include but are not limited to:

- (1) Placing unreasonable requirements on firms in order for them to qualify to do business;
- (2) Requiring unnecessary experience and excessive bonding;
- (3) Noncompetitive pricing practices between firms or between affiliated companies;
- (4) Noncompetitive contracts to consultants that are on retainer contracts;
- (5) Organizational conflicts of interest;
- (6) Specifying only a "brand name" product instead of allowing "an equal" product to be offered and describing the performance or other relevant requirements of the procurement; and
- (7) Any arbitrary action in the procurement process. §200.319(a)

11.04.02 Geographical Limitation: Unless specifically excepted as provided in §200.319(b), the County will conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state or local geographical preferences in the evaluation of bids or proposals.

11.04.03 Procedure Requirements: In accordance with the provisions indicated in §200.319(c), the County's written procedures for procurement transactions shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured and include all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

11.04.04 All prequalified lists of persons, firms, or products which are used in acquiring goods and services shall be kept current and include enough qualified sources to ensure maximum open and free competition, and potential bidders will not be precluded from qualifying during the solicitation period. [See §200.319(d)].

11.05 Methods of Procurement with Federal Funds. The County will use one of the following five procurement methods as discussed in 2 CFR §200.320 when making purchases with federal funds. Should State or local procurement requirements applicable to a purchase being made with federal funds be more restrictive than Federal requirements, the more restrictive requirements or methods will be followed. The type of procurement process to use will depend on the cost and type of services or item(s) being purchased:

- Micro-purchase
- Small purchase procedures
- Sealed bids
- Competitive proposals

11.06 Contracting with Small and Minority Businesses, Women’s Business Enterprises, and Labor Surplus Area Firms. The County takes all necessary affirmative steps as described in §200.321 to assure minority businesses, women’s business enterprises, and labor surplus area firms are used when possible.

11.07 Procurement of Recovered Materials. If applicable, (this provision applies to a non-Federal entity that is a state agency or an agency of a political subdivision and its contractors) the County and its contractors will comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. [See §200.322].

11.08 Contract Cost and Price. The County will abide by the provisions of §200.323 including, but not limited to performing a cost or price analysis and negotiating profit as discussed therein.

11.09 Federal Awarding Agency or Pass-Through Entity Review. In accordance with §200.324, the County will make available upon request from the Federal awarding agency or pass-through entity: (a) technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition, (b) procurement documents, such as requests for proposal or invitations for bids, or independent cost estimates, for pre-procurement review, under the circumstances listed therein. Additionally, §200.326(c) provides an exemption to the pre-procurement review if it is determined that the procurement systems comply with the standards of this part. To this end, the County may request that its procurement system be reviewed by the Federal awarding agency or pass-through entity to determine whether the system meets federal standards in order for the system to be certified; or the County may also self-certify its procurement system in accordance with the provisions in §200.324(c), which does not preclude Federal awarding agency or pass-through entity right to survey the system.

11.10 Contract Provisions. Pursuant to §200.326 the County will include in all federally-funded contracts, the applicable provisions described in Appendix II to 2 CFR Part 200 – Contract Provisions for non-Federal Entity Contracts under Federal Awards.
