Hi Nellie,

I truly want to thank you and the UCP staff for your time on Friday to allow Bonnie to introduce/reintroduce Abila MIP Fund Accounting software. I hope the illustrations provided helped your group see a small fraction of the valuable functional efficiency that Abila MIP can provide UCP. I give you such credit for the due-diligence you are completing for your financial software search and really believe that it will prove to be time well spent. I understand the amount of information that was revealed and that you will need time to digest what you saw and discuss other items that you may want to see illustrated.

As we discussed, I have provided both Abila MIP perpetual and SaaS(Software-as-a-Service/Subscription Cloud-monthly fee) quotes. Because of the many moving parts, I look forward to reviewing these documents with you at your convenience.

Please find the following price quotes for your review.

- 1)Abila MIP perpetual license including the option for NPT hosting/cloud quote
- 2)Abila MIP Software-as-a-Service/Subscription (SaaS/Cloud - monthly fee) quote

Kind regards,

Tammy Massey
