Dear Dr. Schoen,

Hidalgo County Precinct 2 would like to offer this letter of support for The University of Texas Rio Grande Valley's School of Rehabilitation Services and Counseling's new grant-funded project to identify community supports available to and challenges encountered by Rio Grande Valley individuals with developmental disabilities. We are pleased to take part in this project, Researching Assets and Challenges in the Rio Grande Valley (REACH-RGV), funded in part by a grant from the Texas Council for Developmental Disabilities (TCDD), which is geared toward working with the community stakeholders, organizations, families, and individuals with developmental disabilities to understand the supports and barriers these individuals and service providers encounter in the Rio Grande Valley.

Hidalgo County Precinct 2 will be happy to promote this project by sharing information with individuals with developmental disabilities and those supporting them. Hidalgo County Precinct 2 participation in the project may include distributing marketing materials, posting events on our social media accounts and inviting participants to participate in project events including research studies and hosting townhall meetings at our Precinct 2 Community Resource Centers.

Sincerely,

Eduardo "Eddie" Cantu  
Hidalgo County Commissioner
