

EXHIBIT "F"

THE STATE OF TEXAS §
 §
COUNTY OF HIDALGO §

SUPPLEMENTAL AGREEMENT No. 1 to **WORK AUTHORIZATION No. 1** **C-18-130-04-03**

TO MAIN AGREEMENT FOR PROFESSIONAL ENGINEERING SERVICES for
"Road and Bridge, C.I.P. and Other Projects in General" located with Hidalgo
County Precinct No. 4. "

THIS SUPPLEMENTAL AGREEMENT is made pursuant to the terms and conditions of Article **8** of the Agreement made by and between **HIDALGO COUNTY**, acting herein by and through the **Commissioner's Court**, hereinafter called the "Owner", and **HALFF ASSOCIATE INC.**, Professional Engineers of, **McAllen**, Texas, hereinafter called the "Engineer".

WITNESSETH

WHEREAS, the **Owner** and the **Engineer** executed the Agreement on the **21st day of February, 2017** and **Work Authorization No. 1** on the **8th day of May, 2018**, concerning Engineering for: **Design Drainage/Park Improvements for Memorial Park.** (Hereinafter referred to as the "Project"); and,

WHEREAS, Article **2.1** of the Agreement, Scopes of Work and Part **I.** of **Work Authorization No. 1**, Scopes of Work establishes the Scopes of Work for **Work Authorization No. 1**; and,

WHEREAS, it has become necessary to amend the contract to provide

Modification to Scope only, no change in Fee or Schedule.

NOW THEREFORE, premises considered, the **Owner** and the **Engineer** agree that said **Work Authorization No. 1** of the Agreement is amended as follows:

I. Part of Work Authorization No. 1; Scopes of Work is revised to provide

Modification to Scope only, no change in Fee or Schedule.

II. Part 2. of Work Authorization No. 1; Estimated Cost is to be paid as a lump sum based on Contract Rates established in Exhibit "D" of the Agreement. Refer to main agreement, Article 9, Additional Services.

NOW THEREFORE, Work Authorization No. 1 is increased by **\$0** to a revised total of **\$ 732,321.00.**

IN WITNESS WHEREOF, the Engineer and the Owner have caused this Supplemental Agreement to the Agreement for Professional Services to be executed as of the ____ day of **August, 2018.**

**THE ENGINEER:
HALFF ASSOCIATES, INC.**

BY: 

Menton J. Murray, III, PE, LEED AP/ Vice President

**THE OWNER:
HIDALGO COUNTY**

BY: _____
Ramon Garcia, County Judge

LIST OF ATTACHMENTS

ATTACHMENT B

-Scope of Services to be provided by the Engineer

Through project award via Work Authorization, Engineer shall provide Professional Services required to design and specify Building Repair and Renovation Projects. Type of services that may be included as dictated by the individual project requirements consist of: **1) Surveying, 2) Civil Engineering, 3) Mechanical/ Plumbing Engineering, 4) Electrical Engineering, 5) Structural Engineering.** Upon Identification by the Owner of specific projects that require the professional services of the Engineer, a detailed scope of work and identification of professional service disciplines required shall be established.

Halff Associates, Inc. is please to submit this Work Authorization proposal under our existing Professional Service Agreement (C18-130-04-03) with Hidalgo County to provide:

DESIGN SERVICES

- Project Management
- Site Investigation and Base Map Preparation
 - Topographic Survey of Proposed Memorial Park Expansion
 - Develop Boundary Survey
 - Develop Base File
- Hydrologic and Hydraulic Analysis
 - Data Collection for Hydrology/Hydraulic Tasks
 - Hydrology and Hydraulic Modeling
- Civil Infrastructure Design
 - Offsite Drainage Design
 - Civil Infrastructure Design for Park
- Landscape Architecture and Irrigation
 - Park Infrastructure Design
 - Landscape and Irrigation Design
- Storm Water Lift Station
 - Lift Station Design

BID PHASE SERVICES

- Pre Bid Conference
- Obtain Bids and Review
- Answer Questions Regarding Bid Document
- Provide Recommendations for Award
- Bid Phase Administrative Support
- Attendance at Commissioners Court Meeting (1)

CONSTRUCTION PHASE SERVICES

- Pre-construction meeting (1 Visit)
- Response to RFI's
- Review Submittals
- Review Payment Applications
- CA Phase Administrative Support
- Field Observations

- Punch List and final observation
- Project Close-out

Proposal to Design Drainage / Park Improvements for Memorial Park

Halff Associates' team of landscape architects, architects, and engineers will provide professional services needed to develop plans and specifications for improvements to the proposed park. The park will be delivered in a ready for construction as well as ready for bidding state by Hidalgo County Precinct 4.

The Scope of Services is as follows:

PHASE I – DESIGN SERVICES

Project Management

Halff Associates, Inc. (Halff) will be the liaison and coordinate with Hidalgo County Precinct 4 and various agencies to develop construction documents for the proposed improvements. Halff will coordinate meetings and correspondence between the different disciplines of work, as well as the various agencies, to ensure uniformity and inclusion of Hidalgo County Precinct 4 requirements.

Site Investigation and Base Map Preparation

This task includes field site investigation and field surveying to obtain ties to surface improvements located onsite and offsite within limited areas of the watershed. We will establish horizontal and vertical control for the project to be utilized by the design team, contractor, and obtaining supplemental site topography required for the design. This does **not** include survey of any subsurface facilities other than wastewater and storm sewer. Existing underground structures or utilities not accessible will be obtained from record drawings and utility locating services.

Halff will perform a Boundary Survey in accordance with the “Manual of Practice for Land Surveying in Texas”. County to provide title commitment and warranty deed if necessary.

A base file will be developed from information gathered in the field to document the existing conditions and current state of the project site. We will utilize this base file to prepare our model and construction documents for the various disciplines needed for the park improvements.

Hydrologic and Hydraulic Analysis

Data Collection for Hydrology/Hydraulic Tasks:

Data collection and model inventory tasks will generally include gathering, organizing, and reviewing of all data provided, both hard copy and digital format. Data shall be provided by the County, as well as from other sources such as Hidalgo County Drainage District No. 1, Texas Department of Transportation, Franchise Utility Companies, FEMA, the U.S. Army Corps of Engineers (USACE), and other consultants, if necessary. Data review tasks will generally include comprehensive analysis of all models, studies, reports, record drawings, and GIS information to determine the accuracy and validity of each. Halff will also review the current drainage criteria and work with the County to recommend any potential changes or clarifications that may be needed.

Hydrology and Hydraulic Modeling

Halff will study the contributing watershed and utilize existing H&H models developed for the County as the basis for building a combined 1D hydrologic and hydraulic model using InfoWorks ICM. Halff will modify basins as needed for proposed facilities, develop improvements that will help facilitate the storage and conveyance of storm water runoff. Halff will perform other updates that may include modification of development levels, updated terrain information, etc.

Proposed hydrologic and hydraulic facilities will be designed per the current County development guidelines and criteria. The results of the H&H modeling will be used to develop the construction documents. Modifications to the drainage design arising from the detailed design process will be documented in the overall model to reflect the completed design conditions and delivered to the County with the construction documents submittal.

Civil Infrastructure Design

Offsite Drainage Design

Halff will analyze the data obtained from the Hydrologic and Hydraulic Analysis and will design a detention/retention pond accordingly. This pond will be designed so that during non-storm events the pond can be used for other park amenities, including sports fields. Design of the storm sewer lift station to outfall the pond facility is included in this scope and detailed in a section below.

Design of offsite storm sewer facilities connecting potential subdivisions to the proposed detention pond is also included in this scope/fee.

Civil Infrastructure Design for Park

Grading plans will be developed to provide positive drainage and meet trail and ADA criteria for longitudinal and cross slopes. Grades will be established for swales, drainage features and outfalls. Earthwork volumes will be developed to determine cut and fill volumes and to verify detention volumes are meeting hydrology and hydraulic requirements.

The drainage plan includes determination of site drainage basins, calculation of runoff volumes, layout and sizing of on-site drainage collection system and details required for construction. Storm sewer plan showing elevations and hydraulic flows and capacities will be prepared.

Coordinate geometry and layout dimensions will be shown to allow for construction of the drainage facilities. Detention/Retention calculations and design as required by the County are included in this scope/fee. Coordination with County, Hidalgo County Drainage District No. 1, and franchise utilities are included in this scope/fee.

Geometric dimensional control for the park improvements and trail paving details will be provided. Dimensional control will provide coordinate geometry, road widths and radii. **The trail surface paving section to be utilized will follow the recommendations of the project geotechnical consultant.** The details will include sections, valley gutters, and subgrade preparation.

Half will prepare a Storm Water Pollution Prevention Plan (SWP3) that will comply with TCEQ requirements. The plan will address suggested interim erosion control measures the contractor may utilize during construction. **The maintenance of this plan, including the site inspections is not included in this fee, however these services may be made available on an hourly basis, if requested.**

Half will provide a fencing plan with details and gates to secure the park during non-operational hours.

Half will provide an opinion of probable construction cost with the final plans.

Landscape Architecture and Irrigation

Park Infrastructure Design

1. Receive survey data and build a site plan in CAD format
2. Meet with Hidalgo County Precinct 4 staff to discuss the project and gather information and understand the preferences for the development of the park and drainage features.
3. Prepare once conceptual site plan incorporating clients input.
4. Site the approved plan features on the site base plan
5. Collaborate and coordinate the siting of proposed site features with all design disciplines
6. Prepare construction documents for Landscape Architecture Improvements:
 - a. Athletic fields
 - i. Soccer field
 1. Grading plan
 2. Detail area and location of premanufactured bleachers
 3. Horizontal and vertical control of flatwork connection from looping trail, parking, and/or other athletic fields
 - b. Prepare construction details for scope-related work
 - c. Prepare technical specifications for scope-related work

Landscape and Irrigation Design

1. Prepare construction documents for:
 - a. Irrigation plan
 - b. Turf plan (natural grass)

Storm Water Lift Station

Lift Station Design

Develop hydraulic calculation to size a pumping station and force main needed to route water from the detention/retention pond to the Hidalgo County Drainage District No. 1 outfall ditch located on the north side of the project. The design will include all civil, electrical, mechanical and structural elements needed to design an operational and functional storm water pump station. The design will include a transfer switch and generator system that will operate during storm events in the event of a power outage. Coordination with the Drainage District will be ongoing during the design process and to conform to their mode of operation.

PHASE II – BID PHASE SERVICES

This scope includes preparation of quantities and bid proposal form, coordination with contractors to invite them to bid, preparation of clarifications/addendums, collecting and evaluating bids, and preparation of bid tabulation with recommendation.

PHASE III – CONSTRUCTION PHASE SERVICES

This scope includes review of the contractors submittals, review and response to contractor's requests for information (RFI's), review of contractors payment applications, conducting full time construction observation during construction (assumed 6 months construction time), preparation of one (1) punch list, and conducting one (1) final walk through. Additional punch lists or final walk throughs after the first punch list and first final walk through are **not** included in this scope of work but can be provided as additional services if requested.

Hidalgo County Precinct 4 will be self-performing much of the construction for this work authorization, therefore, Construction Phase Services will begin as soon as construction documents are provided to Hidalgo County Precinct 4 and pre-construction meetings have taken place. Multiple construction documents for multiple phases of construction are included in this scope.

CERTIFICATE OF INTERESTED PARTIES

FORM 1295

2 of 2

Complete Nos. 1 - 4 and 6 if there are interested parties.
 Complete Nos. 1, 2, 3, 5, and 6 if there are no interested parties.

OFFICE USE ONLY CERTIFICATION OF FILING

1 Name of business entity filing form, and the city, state and country of the business entity's place of business.
