Dear Senior Corps project directors and authorized representatives:

Please read this message from Senior Corps closely, particularly the guidance on the Criminal History Check exemption period and augmentation funds. I would strongly encourage your participation in this recheck of covered positions (staff and volunteers): although it might be time-consuming and logistically challenging, you could rest assured knowing that your program would not be subject to future disallowed costs for those staff and volunteers checked.

As soon as possible, but no later than November 30, email TX@cns.gov indicating the number of staff and volunteers you intend to check or recheck between now and March 31, 2019. We are providing grant augmentations to support the costs of administering the checks. Also, note that there is webinar information for November 19, 2018 to provide information about this opportunity.

Please note also: all current approved Alternative Search Procedures (ASPs) will expire on 12/31/19. In other words, as of January 1, 2020, the expectation is that everyone will use the CNCS vendors to complete their criminal history checks from that point forward.

Please direct any questions that you may have to your Program Officer.

Thank you,

Katy
