Good morning Ms. Salazar,

As per our conversation Friday, December 7, 2018, I am seeking assistance to extend the current contract with MindCentric (our current email cloud host) as the current contract will expire December 31, 2018. Considering that we have opted to go with a new email host, and after speaking to Mark Vincent, Account Manager Representative for MindCentric, we estimate that approximately a month will be needed to complete all the data migration to the new host. I am also requesting an additional four months to successfully accomplish all the administrative tasks, such as account creations, end-user training, and a testing phase, to eliminate any possible issues for a seamless transition.

I thank you in advance for your attention to this time-sensitive matter.

Respectfully,

Daniel Silguero
