Dear Commissioner Flores:

All work on above referenced project was completed on December 12, 2018. On behalf of L&G Engineers, I hereby certify that the referenced project has been constructed in substantial compliance with the final as-built plans and specifications. Elevation were verified by Surveyor ROWSS and were found to be in substantial compliance as well. I further certify that the results of the tests on acceptance samples indicate that the materials incorporated in the construction work, and the construction operations controlled by sampling and testing, were in conformity with the approved plans and specifications. All test results stamped as “Meets Specifications” or “Meets Specifications except when Noted” have been reviewed and approved.

Sincerely,

Ricardo S. Gallaga Jr, P.E.
L&G Project Manager
