Jorge,

We concur with the negotiated scope and fee for the Mile 6 W project and it is acceptable for further processing by Hidalgo County. Keep in mind that any costs above the funding per the AFA will be 100% the responsibility of the county.

Please provide me an executed copy of the contract/WA between Hidalgo County and SAMES Engineering. If you have any questions, feel free to contact me at your earliest convenience.

Dora,

Thank you for taking my call earlier. As discussed, we're kindly requesting correspondence that details Tx DOT's revision of the CEI proposal and Tx DOT's concurrence to move forward with settled negotiations. Your assistance is highly appreciated.

Jorge,

No official concurrence letter is needed. The county is ultimately responsible for following the approved procurement procedures and federal requirements.

Good morning Jorge/Omar,

Based on the documentation you have provided it seems that you have tried to negotiate rates and hours. If you feel comfortable with the proposal feel free to proceed. Just keep in mind that any overruns above the funding amount per the AFA will be 100% on the county.
