Ms. Yvette,

In the interest of best insuring that we have a pre-positioned contract for Debris Management Services on June 1st 2019, I recommend that we proceed to renew the existing contract.
Thank you

Respectfully,

Rey Salazar

Subject: Debris Monitoring & Recovery Services

Gentlemen,

Our current agreement with Tetra Tech for Debris Monitoring & Recovery Services (acquired through HGAC) expires on 05.31.19. We have the option to renew for another year, do you want it renewed while we prepare to go out for our own?

Please advise.
