Contract Exceptions: The term "program vehicle" refers to a factory owned vehicle that has been used for and test drive purposes throughout the year the vehicle was released and is a program vehicle. Program vehicles do not maintain the Manufacturers Certificate of Origin and are considered new vehicles. Program vehicles also include vehicles purchased from private parties and are again considered used vehicles, and are usually one year-old lease returns with limited mileage (maximum of 25,000 miles).

Additional Info: NOTE: As per the specifications for BuyBoard Proposal 521-16, and except for those fees explained below, all vehicle fees (i.e. pre-deliver inspection, make ready, State manufacturer destination fees, etc.) charged for any purchase from this contract shall be included in the awarded vehicle base price(s). Vehicle fees not included in the base price(s) should not appear on the awarded dealer's quote for a vehicle offered for purchase under this contract. The Cooperative service fee is not a vehicle fee and is not included in the awarded pricing. For those vendors whose awarded pricing is stated on the BuyBoard on a per mile vehicle delivery fee. The above information has been communicated to Cooperative EDGAR Vendor Certification Form (relating to 2 CFR Part 200 & Appendix II) Vendor response document, and can be found in the Vendor Proposal File link on this page.

8. Substitutions

Except as provided in this section E.8, the Cooperative will not accept substitutions to any product(s) after a Notice of Award has been issued. If an awarded product is discontinued by the manufacturer and the same manufacturer offers an equivalent replacement product, Vendor may substitute the replacement product for the awarded product, provided that Vendor submits supporting documentation to the Cooperative and receives the Cooperative's written authorization for the requested substitution in advance.

9. Product and Service Guarantees and Warranties

Vendor must not limit or exclude any implied warranties and shall extend such warranties on the awarded product as are normally provided to other customers of Vendor. Additionally, a minimum of a ninety (90)-day product guaranty or the manufacturer's standard commercial warranty, whichever is greater, will apply to all awarded products. At a minimum, all product warranties must provide for replacement of defective merchandise, parts, and labor, and include pick-up of the defective merchandise from the location specified by the Cooperative member and delivery of the replacement(s) to the same location. The warranty period is effective from the date the Cooperative member accepts the product.

10. Multiple Distribution Centers and Single Point of Contact

If Vendor delivers products out of more than one warehouse or distribution center, all warehouses or distribution centers involved in the distribution plan **must** carry or have timely access to all awarded items and **must** be able to respond to orders in a timely manner. Unless otherwise specified in this Proposal Invitation, product substitutions are not allowed, and the involvement of multiple distribution centers does not alter the restriction against product substitution. The Cooperative and Cooperative members will have **one Vendor contact person** for overall contract management relative to the Contract or purchase order, even if Vendor uses multiple distribution centers, and the Cooperative and its members **will not** be required to deal with multiple Vendor contacts for overall contract management.

11. The BuyBoard

The awarded Contract will be posted on the BuyBoard website as an online electronic catalog(s). A Cooperative member that wishes to procure goods or services under the Contract will initiate a purchase order through the BuyBoard, which will be transmitted to Vendor. All purchase orders generated by or under the contract must be processed through the BuyBoard. **Except as expressly authorized in writing by the BuyBoard Administrator, Vendor is not authorized to process a purchase order received directly from a Cooperative member.**

Vendor must maintain the computer and telephone hardware necessary to provide for the electronic receipt of purchase orders, and pay such costs and fees as may be imposed by a supplier or service provider for the software, equipment and service required to use the BuyBoard.

12. Service Fee

Vendor must pay the Cooperative the service fee specified in this Proposal Invitation and, unless this Proposal Invitation provides otherwise, the service fee is included in the awarded pricing. Vendor must remit the service fee to the Cooperative in Austin, Texas, promptly upon receipt of each service fee invoice. Vendor agrees to provide the Cooperative with copies of all purchase orders generated by or under the Contract that are received directly from Cooperative members, or such other documentation regarding those purchase orders as the BuyBoard Administrator may require, for the purpose of allowing the Cooperative to bill and collect the service fee, and for compiling required purchasing history. Additionally, the Cooperative has the right, upon reasonable written notice, to review Vendor's records pertaining to purchases under the Contract with Cooperative members to verify the accuracy of service fees payable from Vendor.

SERVICE FEE

By submission of a response to this Proposal Invitation, an awarded Vendor under this Proposal Invitation must pay the Cooperative a service fee in the amount of **\$400 per purchase order** generated from any contract awarded to Proposer under this Proposal Invitation for **all vehicles, including cab, chassis and options. This fee is NOT to be included in the vehicle and options pricing for the purpose of this proposal;** however, it must be shown as a line item price on the individual quotes to the purchaser.

An awarded Vendor under this Proposal Invitation must pay the Cooperative a service fee in the amount of **2% per Purchase Order for parts and repair/service labor** generated from any contract awarded under this Proposal Invitation, and **the service fee IS to be included in the price of parts and repair/service labor.**

Proposer agrees to pay these service fees and remit the fees to the Cooperative in Austin, Texas, promptly upon receipt of each fee invoice. Proposer agrees to provide the Cooperative with copies of all Purchase Orders generated from Proposer's contract(s) that Proposer receives directly from Cooperative members for the purpose of billing and collecting the service fee and for compiling required purchasing history. Proposer further agrees that the Cooperative shall have the right, upon reasonable written notice, to review its records pertaining to purchases under any awarded contract to verify the accuracy of service fees payable by Proposer.

CONFIDENTIAL INFORMATION

Any information submitted by Proposer that Proposer considers to be confidential must be clearly identified as such on the Confidential/Proprietary Information Form.

ADDITIONAL INFORMATION

An awarded Vendor must be approved by the manufacturer to sell, install, and service the brand of equipment submitted. Proposers responding to this Proposal Invitation should submit an approval letter from each manufacturer. Manufacturer authorization letters must include the regions in which equipment may be sold. An awarded Vendor in Texas must have a Franchise Motor Vehicle Dealer Certificate from the Texas Department of Motor Vehicles. If Vendor proposes to serve states other than Texas, Vendor must have any and all licenses or certificates, including franchise motor vehicle dealer certificates or licenses required by each state the Vendor proposes to serve. Proposers responding to this Proposal Invitation should submit a copy of their dealer certificate(s) and/or license(s).

All vehicle fees to be charged for any purchase from this contract with the exception of **delivery fees** (i.e. pre-delivery inspection, make ready, State of Texas inspection, and manufacturer destination fees) are to be included in the base price(s). Vehicle fees not included in the base price(s) will not be permitted. The Cooperative service fee for vehicles is not a "vehicle fee" and is not to be included in the base price. **Dealer Floor Plan and Lot Insurance** costs will only be allowed for inventory vehicles at the dealer location and/or vehicles scheduled for upfitting by the dealer. These Floor Plan and Lot Insurance fees **shall not** be included in the price of a vehicle for the purpose of this proposal, but **must** be listed separately as a line item price on individual quotes for any potential Cooperative member purchase.

12007 Research Boulevard · Austin, Texas 78759-2439
PH: 800-695-2919 · FAX: 800-211-5454 · www.vendor.buyboard.com

The Proposal Invitation seeks base pricing for vehicles. Optional equipment is not to be listed in a base price since options will be selected by the Cooperative member at time of order. All options are to be priced at standard government pricing. A COMPLETE LIST OF ALL OPTIONAL EQUIPMENT MUST BE SUBMITTED WITH PROPOSAL FOR PROPOSAL TO BE CONSIDERED. The Cooperative considers an option listed and priced in a proposal response to be a "Published Option", part of any awarded contract, and available for purchase by members separately and independently from associated base price items. Any option that has not been listed and priced in the response is considered to be an "Unpublished Option". Unpublished Options may be sold, but only in connection with the sale of an awarded base product item, and only if the total cost of all "Unpublished Options" remains below twenty-five percent (25%) of the total cost of the base product plus any Published Options. No Published or Unpublished Option may be sold which essentially converts a Product such that it competes with a Product Item awarded to another Vendor.

AWARD AND EVALUATION

This contract will be awarded based on the evaluation and award criteria set out in Section C.2 of the General Terms and Conditions to provide best value to Cooperative members. Awarded proposals will not be active on the BuyBoard until price sheets or catalogs are submitted in the proper format to be posted to the BuyBoard.

This Proposal Invitation requires Proposers to provide certain information that the Cooperative does not evaluate and is not included in the award criteria set out in Section C.2. The Cooperative requests the information, however, because it may be relevant to federal, state or local procurement law or other legal requirements that apply to various Cooperative members. The information, which will be made available to Cooperative members with respect to awarded Vendors, includes the following:

- a) Proposer's status as a minority/woman-owned business enterprise, historically underutilized business, or service-disabled veteran;
- b) Whether Proposer or its ultimate parent or majority owner has its principal place of business in Texas or employs at least 500 persons in Texas; and
- c) Whether Proposer is a Texas resident or a non-resident business.

TYPE OF CONTRACT

This is a "sealed proposal" based on unit prices and discount off catalog or price list and may contain a not-to-exceed hourly labor rate. All discount percentages shall remain firm for the duration of the contract. In the event of price decreases, such price decreases shall be allowed for all products. Catalog/pricelist must be submitted with the Proposal.

By signing this Proposal, the Proposer certifies that the proposing entity has obtained, and will continue to maintain during the entire term of this contract, all permits, approvals, or licenses, necessary for lawful performance of its obligations under this contract. Individual Cooperative members may in certain circumstances request background checks on an awarded Vendor's employees who will have direct contact with students, or for other reasons, and may require Vendor to pay the cost of obtaining criminal history information.

BUYBOARD ADVISORY REGARDING CONSTRUCTION-RELATED GOODS AND SERVICES

The Cooperative issued the Construction-Related Goods and Services Advisory, which provides information specifically relevant to the procurement of construction-related goods and services by Texas Cooperative members. The Advisory is included as Form F in the Proposal Forms associated with this Proposal Invitation. Because many BuyBoard contracts include goods or installation services that might be considered construction-related, Proposer should sign and submit Form F regardless of type of goods or services associated with this Proposal Invitation.
