Elena,

Yes, we did have an additional cost that will need to be added.

Thank You,

Noah Lopez

Noah and Elena

I need to write up the supplemental so that we can pay for the TDLR services that were rendered on this project and still remain to be done. The fee for the TDLR registration and the initial plan review is attached. We will still be pending the inspection cost.

On another county project we submitted these as reimbursables to the project.

On this project, we only have a \$500 reimbursable. This will only cover part of the cost associated with this. We would need an additional \$675 which will cover the TDLR filing and the final inspection.

Please let me know if we can proceed as such so that I can prepare the supplemental this week.

Thanks.

Noah,

I have sent the plans to a RAS so that we can get a proposal from him. If he gets back with me today, we can get him going so that he can get us the TDLR registration number this week. We can then work on the supplemental for that cost.

Ricardo,

I believe the change will need to go through Commissioners Court and don't think its going to make it on the one tomorrow. Not sure if Elena can elaborate on this. If it is held up we will need to wait till the next one in two weeks. Unless Halff is able to assist us in the mean time till we add it to the scope of work so we are not delayed. Also for future reference if there is something you need on our side can you specify it on the the emails such as "responsibility of Hidalgo County" so that we can work on it ASAP.

Sincerely,

Noah Lopez

Good morning

As per our discussion we will be on stand by for the TDLR registration number to complete the Building Permit application for **Hidalgo County Annex NOC Renovation**

Please let me know if you have any questions or concerns

Thank you
