Hi Sabrina – as you & Jerry & I discussed, we will not issue an extension on OPSG2017 at this time. When we do extend the date, it will probably be for several months at a time.

For OPSG2016, we can extend the date to 07/31/19, only because you need Comm. Court approval for the revised quotes on LPR's [total \$135K] and the next meeting is July 1. We checked on the status of the Frago & it was with RGV Sector this afternoon. Arturo and Frank were aware of this & I believe it will continue to move through HSIN for FEMA approval.

Even if we extend grant 3172202 [OPSG2016] to July 31, YOU MUST STILL REQUEST REIMBURSEMENT in EARLY AUGUST in order to get paid/reimbursed. Must have a valid PO to enter the FSR in eGrants.

Thanks,

Good morning Debbie, I hope that this email finds you well.

I tried to call you yesterday to discuss the possibility of an extension to the end of July. The movement of monies to complete the purchase of LPR systems has set the procurement process back a little bit. If possible may you please call me when you have a chance to discuss this further?
Thank you so much.

Respectfully,
