SERVICE FEE

By submission of a response to this Proposal Invitation, an awarded Vendor under this Proposal Invitation must pay the Cooperative a service fee in the amount of **\$400 per purchase order** generated from any contract awarded to Proposer under this Proposal Invitation for **all vehicles, including cab, chassis and options**. **This fee is NOT to be included in the vehicle and options pricing for the purpose of this proposal**; however, it must be shown as a line item price on the individual quotes to the purchaser.

An awarded Vendor under this Proposal Invitation must pay the Cooperative a service fee in the amount of **2% per Purchase Order for parts and repair/service labor** generated from any contract awarded under this Proposal Invitation, and **the service fee IS to be included in the price of parts and repair/service labor**.

Proposer agrees to pay these service fees and remit the fees to the Cooperative in Austin, Texas, promptly upon receipt of each fee invoice. Proposer agrees to provide the Cooperative with copies of all Purchase Orders generated from Proposer's contract(s) that Proposer receives directly from Cooperative members for the purpose of billing and collecting the service fee and for compiling required purchasing history. Proposer further agrees that the Cooperative shall have the right, upon reasonable written notice, to review its records pertaining to purchases under any awarded contract to verify the accuracy of service fees payable by Proposer.

CONFIDENTIAL INFORMATION

Any information submitted by Proposer that Proposer considers to be confidential must be clearly identified as such on the Confidential/Proprietary Information Form.

ADDITIONAL INFORMATION

An awarded Vendor must be approved by the manufacturer to sell, install, and service the brand of equipment submitted. Proposers responding to this Proposal Invitation should submit an approval letter from each manufacturer. Manufacturer authorization letters must include the regions in which equipment may be sold. An awarded Vendor in Texas must have a Franchise Motor Vehicle Dealer Certificate from the Texas Department of Motor Vehicles. If Vendor proposes to serve states other than Texas, Vendor must have any and all licenses or certificates, including franchise motor vehicle dealer certificates or licenses required by each state the Vendor proposes to serve. Proposers responding to this Proposal Invitation should submit a copy of their dealer certificate(s) and/or license(s).

All vehicle fees to be charged for any purchase from this contract with the exception of **delivery fees** (i.e. pre-delivery inspection, make ready, State of Texas inspection, and manufacturer destination fees) are to be included in the base price(s). Vehicle fees not included in the base price(s) will not be permitted. The Cooperative service fee for vehicles is not a "vehicle fee" and is not to be included in the base price. **Dealer Floor Plan and Lot Insurance** costs will only be allowed for inventory vehicles at the dealer location and/or vehicles scheduled for upfitting by the dealer. These Floor Plan and Lot Insurance fees **shall not** be included in the price of a vehicle for the purpose of this proposal, but **must** be listed separately as a line item price on individual quotes for any potential Cooperative member purchase.

The Proposal Invitation seeks base pricing for vehicles. Optional equipment is not to be listed in a base price since options will be selected by the Cooperative member at time of order. All options are to be priced at standard government pricing. A COMPLETE LIST OF ALL OPTIONAL EQUIPMENT MUST BE SUBMITTED WITH PROPOSAL FOR PROPOSAL TO BE CONSIDERED. The Cooperative considers an option listed and priced in a proposal response to be a "Published Option", part of any awarded contract, and available for purchase by members separately and independently from associated base price items. Any option that has not been listed and priced in the response is considered to be an "Unpublished Option". Unpublished Options may be sold, but only in connection with the sale of an awarded base product item, and only if the total cost of all "Unpublished Options" remains below twenty-five percent (25%) of the total cost of the base product plus any Published Options. No Published or Unpublished Option may be sold which essentially converts a Product such that it competes with a Product Item awarded to another Vendor.

AWARD AND EVALUATION

This contract will be awarded based on the evaluation and award criteria set out in Section C.2 of the General Terms and Conditions to provide best value to Cooperative members. Awarded proposals will not be active on the BuyBoard until price sheets or catalogs are submitted in the proper format to be posted to the BuyBoard.

This Proposal Invitation requires Proposers to provide certain information that the Cooperative does not evaluate and is not included in the award criteria set out in Section C.2. The Cooperative requests the information, however, because it may be relevant to federal, state or local procurement law or other legal requirements that apply to various Cooperative members. The information, which will be made available to Cooperative members with respect to awarded Vendors, includes the following:

- a) Proposer's status as a minority/woman-owned business enterprise, historically underutilized business, or service-disabled veteran;
- b) Whether Proposer or its ultimate parent or majority owner has its principal place of business in Texas or employs at least 500 persons in Texas; and
- c) Whether Proposer is a Texas resident or a non-resident business.

TYPE OF CONTRACT

This is a "sealed proposal" based on unit prices and discount off catalog or price list and may contain a not-to-exceed hourly labor rate. All discount percentages shall remain firm for the duration of the contract. In the event of price decreases, such price decreases shall be allowed for all products. Catalog/pricelist must be submitted with the Proposal.

By signing this Proposal, the Proposer certifies that the proposing entity has obtained, and will continue to maintain during the entire term of this contract, all permits, approvals, or licenses, necessary for lawful performance of its obligations under this contract. Individual Cooperative members may in certain circumstances request background checks on an awarded Vendor's employees who will have direct contact with students, or for other reasons, and may require Vendor to pay the cost of obtaining criminal history information.

BUYBOARD ADVISORY REGARDING CONSTRUCTION-RELATED GOODS AND SERVICES

The Cooperative issued the Construction-Related Goods and Services Advisory, which provides information specifically relevant to the procurement of construction-related goods and services by Texas Cooperative members. The Advisory is included as Form F in the Proposal Forms associated with this Proposal Invitation. Because many BuyBoard contracts include goods or installation services that might be considered construction-related, Proposer should sign and submit Form F regardless of type of goods or services associated with this Proposal Invitation.

Contract Exceptions: The term "program vehicle" refers to a factory owned vehicle that has been used for demonstration and test drive purposes throughout the year the vehicle was released and is considered a used vehicle. Program vehicles do not maintain the Manufacturers Certificate of Origin (MCO) as that only applies new vehicles. Program vehicles also include vehicles purchased from car rental agencies, again considered used vehicles, and are usually one year-old lease returns with a years' worth of mileage (maximum of 25,000 miles).

Additional Info: NOTE: As per the specifications for BuyBoard Proposal 521-16, and except for delivery fees as explained below, all vehicle fees (i.e. pre-deliver inspection, make ready, State of Texas inspection, manufacturer destination fees, etc.) charged for any purchase from this contract are included in the awarded vehicle base price(s). Vehicle fees not included in the base price(s) are not allowed and should not appear on the awarded dealer's quote for a vehicle offered for purchase under the contract. The Cooperative service fee is not a vehicle fee and is not included in the base pricing. Only those vendors whose awarded pricing is stated on the BuyBoard on a per mile basis may charge a vehicle delivery fee. The above information has been communicated to Cooperative members. EDGAR Vendor Certification Form (relating to 2 CFR Part 200 & Appendix II) is included in the Vendor response document, and can be found in the Vendor Proposal File link near the bottom of the page.

Changes to Form 1295

Changes to the [law](#) requiring certain businesses to file a Form 1295 are in effect for contracts entered into or amended on or after January 1, 2018. The changes exempt businesses from filing a Form 1295 for certain types of contracts and replace the need for a completed Form 1295 to be notarized. Instead, the person filing a 1295 needs to complete an “unsworn declaration.”

What type of contracts are exempt from the Form 1295 filing requirement under the amended law?

The amended law adds to the list of types of contract exempt from the Form 1295 filing requirement. A completed Form 1295 is not required for:

- a sponsored research contract of an institution of higher education;
- an interagency contract of a state agency or an institution of higher education;
- a contract related to health and human services if:
 - the value of the contract cannot be determined at the time the contract is executed; and
 - any qualified vendor is eligible for the contract;
- a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity;*
- a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code;* or
- a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code.*

The newly exempt contract types are marked with an asterisk.

Why do I need to include my date of birth and address when I sign Form 1295? Was this always the case?

In 2017, the legislature amended the [law](#) to require Form 1295 to include an “unsworn declaration” which includes, among other things, the date of birth and address of the authorized representative signing the form. The change in the law applies to contracts entered into, renewed, or amended on or after January 1, 2018. The unsworn declaration, including the date of birth and address of the signatory, replaces the notary requirement that applied to contracts entered into before January 1, 2018.

Good afternoon Erika,

This will be assigned to a Contract Specialist for price verification and to place on the agenda for approval. Prior to that, please provide a requisition number to be referenced on the agenda.

Additionally, you are correct, Rush Truck Center is exempt from submitting a HB 1295, as they are a publicly traded company. There is no form that is required of them as the vendor is listed on the NASDAQ index as RUSHA.

For future reference, our internal procedure is for each requesting department to submit a Purchase Request Form (attached) along with any supporting documentation, and have a requisition in place. This information is to be submitted to purchase.request@co.hidalgo.tx.us, to ensure it is reviewed and assigned appropriately.

Should you have any questions or concerns, we're here to help!
