

WASTEWATER SERVICE AGREEMENT

AGREEMENT REGARDING WASTEWATER SERVICE FOR THE PROPOSED SUBDIVISION:

NAME: Hidalgo County Courthouse Subdivision

LOCATION: 100 North Closner Blvd, Edinburg, Texas 78539

LEGAL DESCRIPTION: Being a resubdivision of 9.986 acres out of Block 231,232,253,254 and
Closner Blvd, Edinburg Original Townsite (Vol 1 Page 23, H.C.M.R) City of Edinburg.

I. PARTIES

This Agreement is by and between the City of Edinburg and the Subdivider, to wit: The City of Edinburg is the governing board and owner of a retail public utility which provides wastewater treatment and is known as City of Edinburg Wastewater Treatment Plant.

The Subdivider is **Hidalgo County**, who is the owner, or the authorized agent of the owner, of a tract of land in Hidalgo County, Texas, within the City of Edinburg's city limits, that has been proposed to be divided into a subdivision known as **Hidalgo County Courthouse Subdivision**.

II. TERMS

This Agreement is entered into in partial satisfaction of requirements under the Texas Water Development Board's Economically Distressed Areas Program Model Subdivision Rules, pursuant to Ordinance No. 2216, passed and approved by the City Council of the City of Edinburg on August 15, 2000. The Subdivider has prepared a plat of the Subdivision for submission to Hidalgo County for its approval. The Subdivider plans to construct for the Subdivision a wastewater treatment system to be connected to the City of Edinburg's wastewater treatment system. Such wastewater will consist of domestic sewage, i.e., waterborne human waste and waste from domestic activities such as bathing, washing and food preparation. The City has reviewed the plans for the said Subdivision and has estimated the wastewater flow projected from the Subdivision under fully built-out conditions to be approximately **864** gallons daily.

The City covenants that it has or will have the capacity to treat the projected wastewater flow, and it will treat that wastewater flow for at least thirty (30) years, and that it will provide that water flow. The City reserves the right to provide the needed wastewater treatment service at the time and on the terms and conditions which the City believes is most advantageous to the City. These covenants will be in effect until thirty (30) years after the plat of the Subdivision has been recorded and the Subdivision's wastewater collection system has been connected to the City's wastewater treatment plant.

The Subdivider covenants that the wastewater collection system will be constructed as shown in the Plans and as provided for through the plat approval process so that the residents of the lots of the Subdivision may receive wastewater treatment service from the City. Upon completion of the wastewater collection system and upon its approval and acceptance by the City, the Subdivider will convey to the City all right and title to the wastewater collection system.

The Subdivider has paid the City of Edinburg the sum of **\$65.00**, which sum represents the total costs for tap fees, capital recovery charges and other fees associated with connecting the individual lots in the Subdivision to the City's wastewater collection and treatment system.

The above provision notwithstanding, this Agreement shall no longer be in effect if the plat of the Subdivision is not approved by the City of Edinburg, whose approval is required.

By affixing his or her signature to this Agreement, the person signing for the City of Edinburg warrants that he or she is authorized to sign this Agreement on behalf of the City of Edinburg. By affixing his or her signature to this Agreement, the person signing for the Subdivider warrants that he or she is authorized to sign this Agreement on behalf of the Subdivider.

This Agreement is effective on _____, 2019.
