

Hidalgo County Sheriff's Academy

To Whom it may concern:

October 18, 2019

This letter serves as confirmation that Action Target is the sole source manufacturer of the shooting range equipment at your facility and does not sell parts to 3rd party vendors or contractors. We do not sell through dealers or distributors, making all our products available only from Action Target.

The parts required for your target systems are strictly proprietary parts with Action Target as the sole manufacturer. These parts are patented and proprietary. Only authorized Factory Technicians are trained and qualified to work on Action Target products.

All warranties are void if non-authorized personnel do repairs and the owner then accepts all risk. This includes the TCT bullet trap, plates, DCU, target systems, and all other Action Target systems.

We look forward to assisting with the service maintenance at your facility.

Please let me know if there is anything else we can do to assist you.

Sincerely,

10/29/19

Rick Ivie
