Check Entity Registration Status

**Page Description**

You can quickly check an entity's registration status in SAM by entering a DUNS Number or CAGE Code. The SAM Status Tracker will show you the current status of that entity's most recent record, as well as tell you what steps are left to complete based on why they are registering.

The SAM Status Tracker only returns the registration status for publicly-searchable registration records. If you are a Federal government user, please log into SAM and use the Search Records link in the main navigation menu to view registrations or data that are not publicly available.

**Use the SAM Status Tracker Now**
