Ms. Garcia,

The Juvenile department has reached out for assistance in removing the below (2) units off the premises and off for surplus, as they are in the process of prepping the area for a Community Service project with the residents for a gardening project. These vehicles are not drive able. They mentioned that a request was sent in the past for the removal of the units but have not been successful in getting them removed. Can you please assist in look into the matter?

Respectfully,
