All,

As I discussed with Nick at yesterday's meeting, attached is the draft traffic signal warrant report for Carmen Avila. Please note that based on TxDOT criteria this intersection did **not** warrant a full traffic signal. The report suggests a four way stop control. As we discussed previously, a warrant is required if we would like to apply for TxDOT safety money for any traffic signal construction. Please advise as to how you would like to proceed.

I have cc'd Carlos Peralez on this email as he will finalize this project on behalf of L&G. Thank you and please don't hesitate to call if you have any questions...

Good Morning Mrs. Reyes,

Sorry, I forgot to put the body in previous email

Has the Traffic Study been finalized yet? I was going to put it on agenda but the cover page from ETSI Reads DRAFT across the first page.

Good Morning Mr. Peralez.

11/13/2019

COUNTY OF HIDALGO, TEXAS Mail - Fwd: Carmen Avila Traffic Warrant Report

Has the Traffic Signal Warrant Analysis for Carmen Avila Road At Mile 22.5 North Road been finalized? The copy I have on the initial page has DRAFT running across it. I will need to put this study as backup on our agenda item. If it has been finalized, I respectfully request the cover page without the word DRAFT running across it. Please contact me with any questions or concerns. Thanks.
