Ms. Jones,

You are correct. The project at hand may be closed out.

Respectfully,

Good afternoon Mr. Guerra,

Mr. Raul Garcia from Halff Assoc. called me in reference to the old jail lot project. He wants to know if he can close out the project because he needs to finalize his books. He stated that they will not be billing for any remaining balance since they did not perform the pending services. They sent an invoice today in the amount of \$23.78 for old mileage they missed in a previous invoice.

I just want to confirm that we are not moving forward on this project and Halff can close out the project in their books.

Please advise.
