Yvette,

I'll call you in about an hour. When is the commissioners meeting? The price will be dependent on the market the day of the meeting and will need to be executed the same day. Just as we did previously. The rate may actually be lower than the price from earlier this week if the meeting is actually tomorrow.

Good Afternoon Ms. Bowdish,

After speaking with Ms. Hilda Salinas and reviewing the pricing options Hidalgo County wishes to lock in the blended term CESA price of \$43.58 from April 2020 to December 2022. Please send me an agreement and all necessary documents to present at the next Commissioners Court. It is imperative that I receive the documents by Thursday 3:00 pm (central time) in order to have time to have legal review them and meet deadlines.

In addition, please provide me a comparison of our current rate PLUS any additional pass-through charges including the ancillary service, nodal basis, aggregator fees, etc. with the \$43.58 fee to keep track of any reductions.

Please make certain to copy me on any correspondence that needs action by Commissioners Court (agreements, etc), the Purchasing Department is charged with that aspect of projects.

As always please feel free to contact me with any questions or concerns.

Respectfully,
Yvette Salinas
