

Empowering you. Empowering your community.

### MVEC Cares Program

This \$5,000 contribution is being made as part of the MVEC Cares Program, where MVEC employees were able to raise funds to help members in need through Hidalgo County Community Services Agency.

Thanks to a matching grant of \$5,000 through CoBank's Sharing Success Program, MVEC employees were able to increase their contributions in order to assist more MVEC members.

We would like for your organization to distribute the funds using the following eligibility criteria:

- **Must be a Magic Valley Electric Cooperative member** (The person on the bill has to be the one applying for services.)
- **Up to \$75 dollars per household** (Only electric usage)
- **Members can only be awarded assistance once** (April-December 2020)
- **Applicants may fall under the 200% of federal poverty income guidelines**

If you have any questions about this contribution, please contact:
