Hidalgo County Community Service Agency

Dear Jaime Longoria,

Superior HealthPlan is committed to active local involvement. Since first opening our doors more than 20 years ago we have supported our community partners throughout Texas. That approach is especially important in times like these – when communities and people throughout Texas are struggling.

Enclosed are 150, \$35.00 Walmart gift cards totaling \$5,250.00. We know your agency does amazing work in the community so we are making this donation to help you continue that work. Please use the cards as you see fit, you can use them to purchase items requested such as diapers, food, clothes, hygiene and cleaning products, etc. or you can donate them directly to clients so they may purchase the items they need most.

We do ask that you send us an email to mag.meeting@superiorhealthplan.com to confirm the cards were received by your organization and that you agree to complete and email in the attached evaluation form once you have used the cards. At Superior HealthPlan, we value seeing how our sponsorship dollars are helping to transform the health of the community, one person at a time and your assistance in completing this form would be a great help.

During these difficult times we thank you for everything you are doing. Please let us know if you have any questions or concerns. Superior HealthPlan is here for you, our members, and the community. Stay safe.

Cari Cates

Community Relations, Director of Operations
