IMPORTANT MESSAGES

1. The HFIAA surcharge is required by FEMA for every policy as part of section 1308 of the Homeowners Flood Insurance Affordability Act (HFIAA). The surcharge applied to your policy is \$25 for a verified primary residence or \$250 for a non-primary residence. If your primary residence status has changed, please contact your agent listed below.
2. Provided your payment is received within 30 days of the expiration of your policy, it will be renewed without a lapse in coverage. Any payment received after the 30 day grace period and prior to 90 days will still renew your policy, however, there will be a 30 day waiting period for coverage to become effective. The 30 day waiting period begins the day the premium is received. If more than 90 days have passed since expiration, a new application must be submitted.
3. You are encouraged to insure your property for at least 80% of the structure's replacement cost to ensure adequate coverage in the event of a loss. Contact your insurance agent for details.
4. If the mortgagee listed on the bill is not the current mortgagee, please forward the bill to the new financial institution (if they are responsible for premium payment) and have a change endorsement sent to correct the policy.
5. If this policy is a Preferred Risk Policy (PRP), please note that there have been recent changes to the eligibility requirements for the PRP. If the flood zone listed on your policy is not the zone on the current flood insurance rate map, you may no longer be eligible for the PRP. Please contact your insurance representative to verify if you are still eligible for this policy or to obtain a quote for a Standard policy.
6. Using Certified Mail when sending premium payments has the advantage of limiting lapses in coverage as the certified mail date is used as the premium receipt date to ensure the earliest receipt date possible and also provides a method to track your payment from the post office to the remittance center by going to www.usps.com/shipping/trackandconfirm.htm.
7. **Effective June 1, 2014 the following deductible option changes have been made.** Policies rated with full-risk rates (post-firm, pre-firm elevation-rated, and all x-zone rated policies) or in AR, AR Dual, or A99 zones will have a minimum deductible of \$1,000 for building coverage and \$1,000 for contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$1,250 for building and contents coverage. Policies rated with pre-firm subsidized rates will have a minimum deductible of \$1,500 for building or contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$2,000 for building or contents coverage. Contents-only policies will use the same minimum deductibles that apply to building coverage that does not exceed \$100,000. For additional information concerning these changes or a premium quote, please contact your insurance representative.
8. Carefully review the renewal offer being provided for accuracy. This renewal offer will expire 30 days from the effective date shown on this form at 12:01 a.m. Price and terms associated with this renewal offer are subject to underwriting review and may not be available after expiration of this renewal offer. Please refer to the policy for complete terms, conditions, and exclusions. Please refer to www.ambest.com for rating, financial size category and additional information on the company shown on this renewal offer.
9. Our records show you are the building or unit owner at the address listed on the front of this notice. If you are not the owner and are a tenant, please contact your agent to update your policy.

5. If this policy is a Preferred Risk Policy (PRP), please note that there have been recent changes to the eligibility requirements for the PRP. If the flood zone listed on your policy is not the zone on the current flood insurance rate map, you may no longer be eligible for the PRP. Please contact your insurance representative to verify if you are still eligible for this policy or to obtain a quote for a Standard policy.
6. Using Certified Mail when sending premium payments has the advantage of limiting lapses in coverage as the certified mail date is used as the premium receipt date to ensure the earliest receipt date possible and also provides a method to track your payment from the post office to the remittance center by going to www.usps.com/shipping/trackandconfirm.htm.
7. **Effective June 1, 2014 the following deductible option changes have been made.** Policies rated with full-risk rates (post-firm, pre-firm elevation-rated, and all x-zone rated policies) or in AR, AR Dual, or A99 zones will have a minimum deductible of \$1,000 for building coverage and \$1,000 for contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$1,250 for building and contents coverage. Policies rated with pre-firm subsidized rates will have a minimum deductible of \$1,500 for building or contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$2,000 for building or contents coverage. Contents-only policies will use the same minimum deductibles that apply to building coverage that does not exceed \$100,000. For additional information concerning these changes or a premium quote, please contact your insurance representative.

IMPORTANT MESSAGES

1. The HFIAA surcharge is required by FEMA for every policy as part of section 1308 of the Homeowners Flood Insurance Affordability Act (HFIAA). The surcharge applied to your policy is \$25 for a verified primary residence or \$250 for a non-primary residence. If your primary residence status has changed, please contact your agent listed below.
2. Provided your payment is received within 30 days of the expiration of your policy, it will be renewed without a lapse in coverage. The 30 day waiting period begins the day the premium is received. If more than 90 days have passed since expiration, a new application must be submitted.
3. You are encouraged to insure your property for at least 80% of the structure's replacement cost to ensure adequate coverage in the event of a loss. Contact your insurance agent for details.
4. If the mortgagee listed on the bill is not the current mortgagee, please forward the bill to the new financial institution (if they are responsible for premium payment) and have a change endorsement sent to correct the policy.

IMPORTANT MESSAGES

1. The HFIAA surcharge is required by FEMA for every policy as part of section 1308 of the Homeowners Flood Insurance Affordability Act (HFIAA). The surcharge applied to your policy is \$25 for a verified primary residence or \$250 for a non-primary residence. If your primary residence status has changed, please contact your agent listed below.
2. Provided your payment is received within 30 days of the expiration of your policy, it will be renewed without a lapse in coverage. Any payment received after the 30 day grace period and prior to 90 days will still renew your policy, however, there will be a 30 day waiting period for coverage to become effective. The 30 day waiting period begins the day the premium is received. If more than 90 days have passed since expiration, a new application must be submitted.
3. You are encouraged to insure your property for at least 80% of the structure's replacement cost to ensure adequate coverage in the event of a loss. Contact your insurance agent for details.
4. If the mortgagee listed on the bill is not the current mortgagee, please forward the bill to the new financial institution (if they are responsible for premium payment) and have a change endorsement sent to correct the policy.
5. If this policy is a Preferred Risk Policy (PRP), please note that there have been recent changes to the eligibility requirements for the PRP. If the flood zone listed on your policy is not the zone on the current flood insurance rate map, you may no longer be eligible for the PRP. Please contact your insurance representative to verify if you are still eligible for this policy or to obtain a quote for a Standard policy.
6. Using Certified Mail when sending premium payments has the advantage of limiting lapses in coverage as the certified mail date is used as the premium receipt date to ensure the earliest receipt date possible and also provides a method to track your payment from the post office to the remittance center by going to www.usps.com/shipping/trackandconfirm.htm.
7. **Effective June 1, 2014 the following deductible option changes have been made.** Policies rated with full-risk rates (post-firm, pre-firm elevation-rated, and all x-zone rated policies) or in AR, AR Dual, or A99 zones will have a minimum deductible of \$1,000 for building coverage and \$1,000 for contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$1,250 for building and contents coverage. Policies rated with pre-firm subsidized rates will have a minimum deductible of \$1,500 for building or contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$2,000 for building or contents coverage. Contents-only policies will use the same minimum deductibles that apply to building coverage that does not exceed \$100,000. For additional information concerning these changes or a premium quote, please contact your insurance representative.
8. Carefully review the renewal offer being provided for accuracy. This renewal offer will expire 30 days from the effective date shown on this form at 12:01 a.m. Price and terms associated with this renewal offer are subject to underwriting review and may not be available after expiration of this renewal offer. Please refer to the policy for complete terms, conditions, and exclusions. Please refer to www.ambest.com for rating, financial size category and additional information on the company shown on this renewal offer.
9. Our records show you are the building or unit owner at the address listed on the front of this notice. If you are not the owner and are a tenant, please contact your agent to update your policy.

IMPORTANT MESSAGES

1. The HFIAA surcharge is required by FEMA for every policy as part of section 1308 of the Homeowners Flood Insurance Affordability Act (HFIAA). The surcharge applied to your policy is \$25 for a verified primary residence or \$250 for a non-primary residence. If your primary residence status has changed, please contact your agent listed below.
2. Provided your payment is received within 30 days of the expiration of your policy, it will be renewed without a lapse in coverage. Any payment received after the 30 day grace period and prior to 90 days will still renew your policy, however, there will be a 30 day waiting period for coverage to become effective. The 30 day waiting period begins the day the premium is received. If more than 90 days have passed since expiration, a new application must be submitted.
3. You are encouraged to insure your property for at least 80% of the structure's replacement cost to ensure adequate coverage in the event of a loss. Contact your insurance agent for details.
4. If the mortgagee listed on the bill is not the current mortgagee, please forward the bill to the new financial institution (if they are responsible for premium payment) and have a change endorsement sent to correct the policy.
5. If this policy is a Preferred Risk Policy (PRP), please note that there have been recent changes to the eligibility requirements for the PRP. If the flood zone listed on your policy is not the zone on the current flood insurance rate map, you may no longer be eligible for the PRP. Please contact your insurance representative to verify if you are still eligible for this policy or to obtain a quote for a Standard policy.
6. Using Certified Mail when sending premium payments has the advantage of limiting lapses in coverage as the certified mail date is used as the premium receipt date to ensure the earliest receipt date possible and also provides a method to track your payment from the post office to the remittance center by going to www.usps.com/shipping/trackandconfirm.htm.
7. **Effective June 1, 2014 the following deductible option changes have been made.** Policies rated with full-risk rates (post-firm, pre-firm elevation-rated, and all x-zone rated policies) or in AR, AR Dual, or A99 zones will have a minimum deductible of \$1,000 for building coverage and \$1,000 for contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$1,250 for building and contents coverage. Policies rated with pre-firm subsidized rates will have a minimum deductible of \$1,500 for building or contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$2,000 for building or contents coverage. Contents-only policies will use the same minimum deductibles that apply to building coverage that does not exceed \$100,000. For additional information concerning these changes or a premium quote, please contact your insurance representative.
8. Carefully review the renewal offer being provided for accuracy. The 30 day waiting period begins the day the premium is received. If more than 90 days have passed since expiration, a new application must be submitted.
3. You are encouraged to insure your property for at least 80% of the structure's replacement cost to ensure adequate coverage in the event of a loss. Contact your insurance agent for details.
4. If the mortgagee listed on the bill is not the current mortgagee, please forward the bill to the new financial institution (if they are responsible for premium payment) and have a change endorsement sent to correct the policy.
5. If this policy is a Preferred Risk Policy (PRP), please note that there have been recent changes to the eligibility requirements for the PRP. If the flood zone listed on your policy is not the zone on the current flood insurance rate map, you may no longer be eligible for the PRP. Please contact your insurance representative to verify if you are still eligible for this policy or to obtain a quote for a Standard policy.
6. Using Certified Mail when sending premium payments has the advantage of limiting lapses in coverage as the certified mail date is used as the premium receipt date to ensure the earliest receipt date possible and also provides a method to track your payment from the post office to the remittance center by going to www.usps.com/shipping/trackandconfirm.htm.
7. **Effective June 1, 2014 the following deductible option changes have been made.** Policies rated with full-risk rates (post-firm, pre-firm elevation-rated, and all x-zone rated policies) or in AR, AR Dual, or A99 zones will have a minimum deductible of \$1,000 for building coverage and \$1,000 for contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$1,250 for building and contents coverage. Policies rated with pre-firm subsidized rates will have a minimum deductible of \$1,500 for building or contents coverage if the building coverage does not exceed \$100,000. If building coverage exceeds \$100,000, the minimum deductible will be \$2,000 for building or contents coverage. Contents-only policies will use the same minimum deductibles that apply to building coverage that does not exceed \$100,000. For additional information concerning these changes or a premium quote, please contact your insurance representative.
