

To Whom It May Concern,

RE: Distribution of MAXAIR Systems

Bio-Medical Devices International, Inc. (BMDI) is the sole distribution source for all MAXAIR Systems Powered Air Purifying Respirators (PAPRs) and MAXAIR Systems accessories.

All MAXAIR Systems are NIOSH approved PAPRs and are manufactured and NIOSH registered and labeled by Bio-Medical Devices' manufacturing arm, Syntech International, Inc.

BMDI does utilize the services of Independent Manufacturers Representatives as its primary field sales and installation team in the United States for all healthcare and medical facilities.

BMDI also does work through a limited number of select distributors for a few specific strategic markets, for example Nuclear, Bio-research, select international geographies, etc.

Please contact us if you have questions and comments.

Sincerely,

A handwritten signature in black ink that reads "Allan Schultz". The signature is written in a cursive style.

Allan Schultz
