Narrative Information

Introduction

The purpose of this funding is to support CSEP projects.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the The PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

Community Collaboration

Applicants from communities with an existing human trafficking task force or coalition must **upload documentation of active membership in the task force or coalition**. Applicants should also **upload letters of support from any partners** critical to achieving the proposed objectives. All documents must be uploaded onto the Upload.Files Tab prior to the submission and certification of the eGrants application.

Data Collection

All projects are required to collect data related to the local response to commercial sexual exploitation, and applications are expected to affirm the ability to collect such information; at a minimum, this includes the following individual-level data for prostitution and sex trafficking offenses: System Person Number; Date of Birth; Gender; Race/Ethnicity; Date of Arrest; Charge 1; Charge 2 (if applicable); Date of Final Case Disposition; Case Disposition; and Sentence. Grantees may be required to provide data to PSO or a designated third-party evaluator.

Project Evaluation

Each application should clearly identify the goals of the project, including methods for evaluating progress toward those goals. Additionally, recipients of funding under this announcement may be required to participate in a third-party evaluation funded by PSO and in improvement reviews performed by PSO program staff. Grantees must make good-faith efforts to follow recommendations by the evaluator and PSO staff – including recommended project modifications – as a condition of ongoing funding.

Trauma Informed Response

Each application should include proposed strategies to ensure that individuals experiencing commercial sexual exploitation receive a trauma informed response.

Diversion Programs (CSEP)

Applicants seeking to implement diversion programs must provide a detailed overview of the proposed diversion structure, including: program goals; target population; method of entry/point of contact; type of intervention/service; completion criteria; impact on a participant's criminal record; and any other critical details. **Applicants should also provide baseline data on prostitution-selling offenses for at least one prior year**, including (at a minimum): the number of prostitution-selling arrests by age and gender; and a breakdown of case dispositions for prostitution-selling cases.

Targeted Investigation and Prosecution

Applicants should describe how the proposed strategies will improve local investigations and/or prosecutions of sex buyers, traffickers, and/or other actors benefitting from the commercial sexual exploitation of people. **Applicants should also provide baseline data on prostitution and sex trafficking related arrests for at least one prior year**, including (at a minimum): the number of arrests by age, gender, and offense; and a breakdown of case dispositions by offense. Offense data should include (at a minimum); prostitution-buying; prostitution-selling; promotion of prostitution; aggravated promotion of prostitution; compelling prostitution; child sex trafficking; and adult sex trafficking.

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2021, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions and other dispositions within five business days to the Criminal Justice Information System at the Department of Public Safety. Click [here](#) for additional information from DPS on this new reporting requirement.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted. Note: UCR is transitioning from summary reporting to NIBRS only in 2021. Applicants are encouraged to transition to NIBRS as soon as possible in order to maintain their grant eligibility.

Compliance with State and Federal Laws, Programs and Procedures

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Project Abstract :

The Hidalgo County Criminal District Attorney's Office (HCCDA) has identified through the Regional Criminal Justice Strategic Plan under the Drug Related Crime & Violent Crime category the lack of law enforcement officers & equipment to sustain and enhance operations against domestic violence. There is a need for direct and referral services for victims of crime; and also for training of law enforcement officers in evidence collection, report writing, and services to assist victims. The Domestic Violence Unit grant will continue to fund the prosecution of cases under the HCCDA Domestic Violence Unit and assist victims in obtaining protective orders to help them seek safety. The proposed project will achieve the following goals and objectives 1) improve the criminal court prosecutions and investigations of domestic violence; 2) establish a more community coordinated response in Hidalgo County for the crime of domestic violence; 3) address the safety of domestic violence victims with protective orders and bond conditions; 4) assist the local police departments with training on emergency protective orders; 5) increase the prevention education on Domestic Violence at all levels of our local government and in the community by informing victims of domestic violence of the services available. The Domestic Violence Investigator will continue to assist the Specialty Domestic Violence Prosecutor (who is paid through another funding source) with implementing the Domestic Violence Unit (DVU) through input from local police departments, victim advocates, and victims of domestic violence; and will participate in the Hidalgo County Family Violence Taskforce. Said prosecutor will also determine the number of the domestic violence referrals that lead to indictments by the Grand Jury for prosecution in Hidalgo County District Courts and assist in the prosecution of Misdemeanor Family Violence cases. The Domestic Violence Unit staff will serve all 22 cities, 35 census-designated places and several unincorporated places located within the 1,600 square miles of Hidalgo County, Texas. The services will target victims of domestic violence while focusing on keeping victims safe and holding perpetrators accountable. We will serve all genders, all ages, all races, and all income levels because anyone can become a victim of domestic violence.

Problem Statement :

The Hidalgo County Criminal District Attorney's Office (HCCDA) has developed a victim centered approach when providing services to victims of domestic violence and in the prosecution of the offenders of those cases. Domestic violence cases are one of the most difficult cases to prosecute and require specially trained investigators, prosecutors and victim advocates. Special areas of concern for HCCDA include: 1) reducing the number of affidavits of non-prosecution (ANP) filed by victims 2) increase participation of victim in the criminal justice process 3) lack of physical evidence during investigation of crime 4) changing the mindset in the community about domestic violence victims and decreasing victim blaming while holding perpetrators accountable. One of the primary areas of concern is to address the safety of children that are exposed to domestic violence at home. Our office understands that in cases of domestic violence ensuring the safety of the victim and their children is paramount. It is very common for victims of domestic violence to decide to recant their testimony and not follow through on pursuing charges against their intimate partner for fear and other reasons. HCCDA has implemented a Safety Planning program to ensure that every domestic violence victim that comes to our office to submit an Affidavit of Non Prosecution meets with a Victim Advocate in person. The advocate informs victims of the resources available to them and goes through a Safety Plan as well. Advocates also offer assistance to victims in applying for a protective order. If the victim states that they still want to submit the Affidavit of Non Prosecution the Victim Advocates advises them that the case will still be reviewed by the Domestic Violence Unit and that the outcome of the case is not the victim's responsibility. We educate victims on the criminal justice process and explain to victims that our office is prosecuting the violation of the law. The defendant will be held accountable and the primary concern of our office is to ensure victim's safety. The Domestic Violence Investigator will work with all local law enforcement offices of Hidalgo County to provide guidance, training, and assistance in order to ensure that during the investigation of the

domestic violence incident officers are collecting as much physical evidence of the crime as possible and are documenting visible injuries. The Investigator will be a certified Sexual Assault /Family Violence Investigator (SAFVIC) and will train other officers on victim safety and how to respond to children that are exposed to domestic violence at the crime scene. Law enforcement officers encounter children when they respond to a domestic violence incident and have reported children visibly distressed, frightened, sad and crying. For police officers, domestic violence cases present some of the greatest challenges in their work. Incidents are often repetitive, emotionally charged and volatile. This can be the most dangerous calls that officers respond to due to the increased lethality of both the victim and the officer. The Investigator will coordinate specialized trainings for officers on best practices to responding to domestic violence calls. In addition, the Investigator will work with the HCCDA Victims Unit to provide specialized training to law enforcement agencies on safety planning and community based resources for victims of domestic violence. The Domestic Violence Unit staff will provide prevention education to the general public to inform victims of the services available to them. In addition, during Domestic Violence Awareness month they will continue to host "Purple Day" campaign against domestic violence and educate the public of the dynamics of family violence with the intention to change the public's view of domestic violence victims and reduce victim blaming. It is time for the community to come together and place the accountability on the perpetrator of the abuse and the violation of the law. The DVU will join forces with the Hidalgo County Domestic Violence Task Force to increase prevention education in Hidalgo County.

Supporting Data :

The Texas Family Violence Code defines Family Violence as an act by a member of a family or household against another member that is intended to result in physical harm, bodily injury, assault or a threat that reasonably places the member of fear of imminent physical harm. The Hidalgo County Criminal District Attorney's Office provided victim assistance to 4,701 victims of domestic violence from January – December of 2019. This number constitutes to 56.7 % of victims that were served in 2019. According to the Texas Department of Public Safety Uniform Crime Report of 2019 there were a total of 196,902 of family violence incidents in the State of Texas. The 2019 Honoring Texas Victims reported 150 women and 31 males killed by an intimate partner in Texas. Hidalgo County lost 3 lives to family violence incidents in 2019.

Project Approach & Activities:

The goals of the Hidalgo County Domestic Violence Unit Program are: 1) to protect the victim from additional acts of violence committed by the perpetrator; 2) to reduce the exposure and/or possible injury to children or other family members from domestic violence; 3) to deter the perpetrator from committing continued acts of violence in the community and hold him accountable for his actions; 4) to create a general deterrence to domestic violence in the community 5) to serve justice. This project will address the following priorities in the Lower Rio Grande Valley Development Council (LRGVDC) Regional Strategic Plan: domestic violence, dating violence, and stalking. It will also address safety and referrals for victim services to victims of domestic violence. The Domestic Violence Prosecutor (paid through another funding source) will review, investigate, and prosecute cases of family violence, stalking, and dating violence. The Domestic Violence Investigator will work with local law enforcement agencies to provide guidance, training and develop victim centered responses to domestic violence incidents. Translation services will be available for non-English speaking victims. The Domestic Violence Unit staff will interact with community based organizations, the local Domestic Violence Shelter, and the Hidalgo County Family Violence Task Force to coordinate community responses to domestic violence. The staff will also work directly with victims throughout the criminal justice process to help ensure victims' rights are afforded and the victim's voice is heard in proceedings.

Capacity & Capabilities:

The Hidalgo County Criminal District Attorney Office represents the State of Texas government in the prosecution of criminal offenses in the County of Hidalgo. The grant is administered by the D.A.'s Office and all required reports and justification for the grant are provided on a yearly basis. In addition, the D.A.'s office runs the Domestic Violence Unit and oversees that the grant monies are expended adequately. The D.A.'s office also works closely with the County Auditor's Office to ensure the proper use of grant funds and to budget accordingly. The Domestic Violence Investigator is a certified Peace Officer with the Sexual Assault/Family Violence Investigator Certificate (SAFVIC) from the Texas Commission on Law Enforcement.

Performance Management :

The overall goal of this project is to reduce trauma and problems encountered by victims of domestic violence during the court hearings. This will be achieved by providing immediate crisis intervention, judicial procedures,

court accompaniment, victims' rights and compensation programs, and follow-up services by using a victim-centered, multi-disciplinary team approach. The program success will be measured by providing every victim that we serve with a Service Evaluation. The service evaluation will be in Spanish and English and will measure how effective our services were rendered to the victim.

Target Group :

Hidalgo County population of 842,304 as of the last Census. Hidalgo County has a 91.3% of Hispanic Population and the Female Population is 51.2%. The target group are victims of crime ages 12 and up, to include but not limited to all races and ethnicities, all gender and or sexual orientations, undocumented victims, all socio-economic and educational backgrounds who reside in the County of Hidalgo.

Evidence-Based Practices:

The Hidalgo County District Attorney's Office used the guide issued by the Texas Department of Criminal Justice Division "CRIME VICTIM ASSISTANCE STANDARDS" developed and distributed by the Texas Crime Victim Clearinghouse in accordance with Article 56.05(c) of the Texas Code of Criminal Procedure to aid Law Enforcement Officers and Attorneys Representing the State of Texas in performing duties imposed by Chapter 56. Rights of Crime Victims. https://www.tdcj.state.tx.us/documents/Victim_Assistance_Standards.pdf
