## **Narrative Information**

### **Introduction**

The Texas Legislature appropriated funds to support programs that provide prosecution resources for District and County Attorneys along the Texas-Mexico border and for counties that are significantly affected by border crime.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the The PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

### **Certifications**

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

### **Criminal History Reporting**

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2021, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions and other dispositions within five business days to the Criminal Justice Information System at the Department of Public Safety. Click [here](#) for additional information from DPS on this new reporting requirement.

### **Uniform Crime Reporting (UCR)**

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted. Note: UCR is transitioning from summary reporting to NIBRS only in 2021. Applicants are encouraged to transition to NIBRS as soon as possible in order to maintain their grant eligibility.

### **Program Income**

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

## **Compliance with State and Federal Laws, Programs and Procedures**

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States; or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2022 or the end of the grant period, whichever is later.

## **Overall Certification**

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

**I certify to all of the application content and requirements.**

## **Project Summary :**

Briefly summarize the project, including proposed activities and intended impact.

-This project will permit the Hidalgo County Criminal District Attorney's Office to further improve the quality of prosecution of criminal activities that have a nexus to the jurisdiction's border with Mexico. -Our Team, which consists of three Prosecutors, an Investigator and an Administrative Assistant, will continue to work together with local law enforcement agencies, especially the Texas Department of Public Safety, to target emerging trends and nuances of border-based transnational criminal enterprises. This will facilitate the transfer of information and intelligence from the street to the courtroom, thus providing a more efficient and effective administration of justice and use of the limited resources. -Also our in-house Region 3 Counsel and prosecutors will continue to provide cross-training and support to law enforcement agencies, prosecutors and other District Attorney's Offices, both locally and throughout Texas. In addition, they have been, and will continue, to be available to the area's law enforcement officers 24 hours a day. Having these prosecutorial assets at their disposal will immensely increase the ability of police officers to investigate criminal enterprises operating in the border region of the Rio Grande Valley.

## **Problem Statement :**

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

Hidalgo County continues to be impacted by criminal activity as a result of its location along the US/Mexico border. Many of the crimes that have a nexus to Hidalgo County can be tied to Transnational Criminal Organizations that have formed alliances with local street gangs. The best way to address this threat is to have prosecutors work in day to day cooperation with law enforcement organizations, thereby joining together their investigation and prosecution resources in a seamless joint venture. Prosecutors continue to handle criminal cases involving drug and human smuggling, labor and sex trafficking, money laundering operations, car theft rings, illegal weapons transactions, and large scale gambling (8-liner) operations. Area law enforcement continue to collaborate with each other and their federal counterparts, and with the increased law enforcement presence, there is a need to provide enhanced prosecution services to both state and local law enforcement entities. The ability for prosecutors to coordinate with their federal prosecutorial brethren facilitates an efficient state criminal justice system. --Also due to a large part of the geographic area of Region 3 consisting of wide-open country that is sparsely settled, rural areas are especially vulnerable for criminal organizations to set up and conduct their smuggling operations. Many of the local law enforcement agencies do not have the resources to provide training for their personnel. A poorly trained law enforcement officer's mistakes may be the

difference between a successful administration of justice and an acquittal. The Hidalgo County Criminal District Attorney's Office recognizes the need for more quality training for law enforcement. --There exists in Hidalgo County a continued need for specialized prosecution assets to effectively and efficiently handle the myriad of crimes attributed to criminal enterprises operating on both sides of the Texas/Mexico Border, including utilization of judicially-approved specialized investigative techniques like wire intercepts.

### **Existing Capability Levels :**

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

Prior to the creation of the Border Prosecution Unit Grant Program by the Texas Legislature and the Office of the Governor, the Hidalgo County Criminal District Attorney's Office did not have the capability to implement, create and/or maintain the current BPU footprint. The Border Prosecution Unit (BPU) grant has allowed the Hidalgo County Criminal District Attorney's Office to continue to employ three full-time prosecutors, one investigator and one administrative assistant working solely on border crimes. One of the prosecutors is the BPU Regional Counsel Attorney for Region 3 of the BPU and housed at the Texas Department of Public Safety Regional Headquarters in Weslaco. This attorney travels extensively within Region 3, and the BPU, and provides thousands of hours of free continuing education to local police officers. One BPU Attorney is assigned to the Rio Grande Valley Texas Anti-Gang Group (RGV-TAG) housed at the Texas Transnational Intelligence Center (TTIC) in McAllen. This attorney is embedded with federal, state and local law enforcement officers and agents, thus allowing for daily and direct assistance in criminal case investigations involving local, regional, state, national and international organized criminal enterprises. Additionally, this attorney has worked closely over the past four years in utilizing as investigative tools, four state wire intercepts. The third prosecutor, along with the Investigator and Administrative Assistant, are located at the Hidalgo County Criminal District Attorney's Office in Edinburg, Texas. Also, the Hidalgo County BPU attorneys provided assistance to hundreds of local, state and federal law enforcement officers both within Hidalgo County and throughout the border region, and Texas. Furthermore, they have fielded hundreds of questions from local, regional and state law enforcement officials on a variety of legal topics, from search and seizure to confession to statutory interpretation. Also our prosecutors have provided thousands of hours of continuing education to police officers, probation officers, attorneys, judges and others, all at no charge.

### **Capability Gaps:**

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR).

This project will allow the Hidalgo County Criminal District Attorney's Office to continue to provide a level of prosecutorial service to the citizens of Hidalgo County and the Rio Grande Valley that was unattainable prior to the BPU Grants being implemented by the Office of the Governor and the Texas Legislature some 10 years ago. The direct, face-to-face communication with all levels of area law enforcement (from the part-time deputy constable to the Texas Ranger Lieutenant to the Border Patrol Sector Chief) allows for unprecedented collaboration. This grant will enhance the prosecutorial abilities of the County and continue to recognize that many criminal acts are of an international nature.

### **Impact Statement :**

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps. This project will continue to enhance the capabilities of the Hidalgo County Criminal District Attorney's Office to effectively handle the prosecution of criminal caseloads attributable to border crime in the Rio Grande Valley, through collaboration and coordination with other law enforcement agencies, particularly the Texas Department of Public Safety. Additionally, it will continue to work closely with area law enforcement to increase and improve the investigation of complex organized crime and criminal enterprises which are facilitating illegal activity in the Rio Grande Valley and Region 3 of the Border Prosecution Unit.

### **Homeland Security Priority Actions:**

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. *1.2.3 Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.*)

1.3.5 Expand the program to establish full-time border prosecutor positions focused on cases involving violent crime and criminal organizations, and enhance state-federal prosecution partnerships in the border region.

### **Target Group :**

Identify the target group and population expected to benefit from this project.

The Border Prosecution Unit serves the community plan and region by enhancing border security through

increased intelligence gathering and collaboration between law enforcement and state prosecutors. The constituents of Hidalgo County & Region 3 of the BPU, as well as other counties, both in and outside the Border Region, benefit from the prosecution of criminals involved in border crimes.

**Long-Term Approach:**

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable.

Sustainment is fully dependent upon grant funding; the major challenge the County of Hidalgo faces is the lack of sufficient local resources. It is well known that this area is among the poorest, if not the poorest, not only in Texas, but in the United States. According to the United States Census Bureau website, the percentage of persons living in poverty in Hidalgo County is 29.5% as compared to the national average of 12.3%. The median household income in Hidalgo County is \$37,097, below the national average of \$61,372. If grant funds were not awarded, the burden will be placed on the constituents of the county or the BPU as it operates today would simply cease to exist.
