part of this agreement as Attachment A. A map showing the Project location appears in Attachment B, which is attached to and made a part of this agreement.

NOW THEREFORE, the State and the Local Government do agree as follows:

AGREEMENT

1. **Agreement Period**
   This agreement becomes effective when signed by the last party whose signing makes the agreement fully executed. This agreement shall remain in effect until the Project is completed or unless terminated as provided below.

2. **Termination**
   This agreement shall remain in effect until the Project is completed and accepted by all parties, unless:
   - **A.** The agreement is terminated in writing with the mutual consent of the parties;
   - **B.** The agreement is terminated by one party because of a breach, in which case any cost incurred because of the breach shall be paid by the breaching party; or
   - **C.** The Project is inactive for thirty-six (36) months or longer and no expenditures have been charged against federal funds, in which case the State may in its discretion terminate this agreement.

3. **Local Project Sources and Uses of Funds**
   - **A.** The total estimated cost of the Project is shown in Attachment C, Project Budget Estimate and Payment Schedule, which is attached to and made a part of this agreement. The expected cash contributions from the Federal or State government, the Local Government, or other parties is shown in Attachment C. The Local Government shall contribute to the State the amount shown in Attachment C for its percentage of the total cost of the right of way to be acquired by the State and shall transmit to the State with the return of this agreement, duly executed by the Local Government, a warrant or check for the amount and according to the payment schedule shown in Attachment C.
   - **B.** In the event that the State determines that additional funding by the Local Government is required at any time during the Project, the State will notify the Local Government in writing. The Local Government shall make payment to the State within thirty (30) days from receipt of the State's written notification.
   - **C.** If the Local Government will perform any work under this contract for which reimbursement will be provided by or through the State, the Local Government must complete training before federal spending authority is obligated. Training is complete when at least one individual who is working actively and directly on the Project successfully completes and receives a certificate for the course entitled *Local Government Project Procedures Qualification for the Texas Department of*

Transportation. The Local Government shall provide the certificate of qualification to the State. The individual who receives the training certificate may be an employee of the Local Government or an employee of a firm that has been contracted by the Local Government to perform oversight of the Project. The State in its discretion may deny reimbursement if the Local Government has not designated a qualified individual to oversee the Project.

D. The total cost of the right of way acquired by the State shall mean the total value of compensation paid, either through negotiations or eminent domain proceedings, to the owners for their property interests, plus costs related to the relocation, removal, or adjustment of eligible utilities.
E. Whenever funds are paid by the Local Government to the State under this agreement, the Local Government shall remit a warrant or check made payable to the "Texas Department of Transportation Trust Fund." The warrant or check shall be deposited by the State in an escrow account to be managed by the State. Funds in the escrow account may only be applied to this highway project.
F. Upon completion of the Project, the State will perform an audit of the Project costs. Any funds due by the Local Government or the State will be promptly paid by the owing party. If, after final Project accounting, excess funds remain in the escrow account, those funds may be applied by the State to the Local Government's contractual obligations to the State under another agreement with approval by appropriate personnel of the Local Government. If the Local Government contributes real property under this agreement, this refund provision is subject to the limitation described below in Article 4 (Real Property in Lieu of Monetary Payment).
G. The State will not pay interest on any funds provided by the Local Government.
H. In the event any existing, future, or proposed Local Government ordinance, commissioner's court order, rule, policy, or other directive, including, but not limited to, outdoor advertising or storm water drainage facility requirements, is more restrictive than State or federal regulations, or any other locally proposed change, including, but not limited to, plats or re-plats, results in any increased costs to the State, then the Local Government will pay one hundred percent (100%) of all those increased costs, even if the applicable county qualifies as an Economically Disadvantaged County (EDC). The amount of the increased costs associated with the existing, future, or proposed Local Government ordinance, commissioner's court order, rule, policy, or other directive will be determined by the State at its sole discretion.
I. If the Local Government is an EDC and if the State has approved adjustments to the standard financing arrangement, this agreement reflects those adjustments.
J. If the Project has been approved for a "fixed price" or an "incremental payment" non-standard funding or payment arrangement under 43 TAC §15.52, the budget in Attachment C will clearly state the amount of the fixed price or the incremental payment schedule.

4. **Real Property in Lieu of Monetary Payment**
   - **A.** Contributions of real property may be credited to the Local Government's funding obligation for the cost of right of way to be acquired for this project. Credit for all real property, other than property which is already dedicated or in use as a public road, contributed by the Local Government to the State shall be based on the property's fair market value established as of the effective date of this agreement. The fair market value shall not include increases or decreases in value caused by the project and should include the value of the land and improvements being conveyed, excluding any damages to the remainder. The amount of any credit for real property contributed for this project is clearly shown in Attachment C.
   - **B.** The Local Government will provide to the State all documentation to support the determined fair market value of the donated property. This documentation shall include an appraisal of the property by a licensed appraiser approved by the State. The cost of appraisal will be the responsibility of the State. The State will review the submitted documentation and make a final determination of value; provided however, the State may perform any additional investigation deemed necessary, including supplemental appraisal work by State employees or employment of fee appraisers.
   - **C.** Credit shall be given only for property transferred at no cost to the State after the effective date of this agreement and the issuance of spending authority, and only for property which is necessary to complete this project, has title acceptable to the State, and is not contaminated with hazardous materials. Credit shall be in lieu of monetary contributions required to be paid to the State for the Local Government's funding share of the right of way to be acquired for this project. The total credit cannot exceed the Local Government's matching share of the right of way obligation under this agreement, and credits cannot be reimbursed in cash to the Local Government, applied to project phases other than right of way, nor used for other projects.
   - **D.** In the event the Local Government's monetary contributions to the State for acquisition of right of way, when added to its real property credits, exceed the Local Government's matching share of the right of way obligation, there will be no refund to the Local Government of any portion of its contributed money.

5. **Amendments**
   Amendments to this agreement due to changes in the character of the work, terms of the agreement, or responsibilities of the parties relating to the Project may be enacted through a mutually agreed upon, written supplemental agreement.

6. **Notices**
   All notices to either party by the other required under this agreement shall be delivered personally or sent by certified or U.S. mail, postage prepaid, to the following addresses:

MINUTE ORDER

Transportation Code, §222.053, defines an "economically disadvantaged county" as a county that has, in comparison to other counties in the state: (1) below average per capita taxable property value; (2) below average per capita income, and (3) above average unemployment.

Transportation Code, §222.053 directs the Texas Transportation Commission (commission), when evaluating a proposal for a highway project in a political subdivision that consists of all or a portion of an economically disadvantaged county, to adjust the minimum local matching funds requirement after evaluating the political subdivision's effort and ability to meet the requirement. The commission is also required to certify a county as an economically disadvantaged county on an annual basis as soon as possible after the comptroller reports on the economic indicators listed above

43 TAC §15.55 establishes the criteria that the commission will consider in determining the adjustment to the local matching funds requirement and a local government's effort and ability to meet the requirement.

The Comptroller of Public Accounts has provided the data needed to determine the counties eligible for the Economically Disadvantaged Counties Program for 2010. The counties' efforts and ability to provide a local match has been considered using the criteria set forth in 43 TAC §15.55 Exhibit A lists the eligible counties and their respective recommended local match adjustments.

IT IS THEREFORE ORDERED that the 2010 list of counties eligible for the Economically Disadvantaged Counties Program, as shown in Exhibit A, is certified and the local match adjustment for each county is established.
